ALLEGED ATTEMPT HAS BEEN MADE TO GET WITNESS OUT OF COUNTRY

(Continued from Page One) ... I got in the car and talked a while and pretty soon Frank Olsen came out and he wanted us to drive over and get Ed and I says "To Columbus" and he says "Yes" and I said I can't get back in time to go back tonight and he says I guess you can stay all night. He gave Frank Lunney \$5. for driving expenses. When we got started I told Frank there was no use of his driving over there because in the first place if we wanted to see Ed, I knew what Frank wanted and I did not think it was the right thing to do. So Frank asked me if we couldn't stop at Central City and call him up.

Q—Frank Lunney? A—Yes. So when we got to Central City I told him I didn't believe I would call Ed at all and so then he wondered what we would tell the old man when we got back, and I said tell him anything, it don't make any difference about him. He wanted me to call Ed up and tell him what Frank wanted and he thought we had better do it so I did. He said for the fellows to wait and he would be over on the first train.

Q—Ed Anderson told you? A—Yes. So we waited for him and came back to Grand Island and let Ed off at the mule barns and went down and told Frank Olsen that Ed was there and he gave me a bunch of bills and said there was \$40.00 in it. Q—Olsen gave them to you? A—Yes. Q—What did he say they were for? A—It was understood between us that he was trying to get Ed. to leave. He told me.

Q—Trying to get Ed Anderson to leave, is that what you mean? A—Yes. I told him that Ed wanted to go, that his partner over there at Ravenna was sick of his job and wanted to go too and the two wanted to go together, and he, Olsen, gave me \$40.00 and I stuck it in my pocket and went down town and found Ed and I gave him the money. Q—Can you tell us just what Olsen said in these conversations? A—He didn't say—I don't just know. He asked me if I thought Ed really meant to leave and I said I believe he will. He told me he wanted to go. He got sick and couldn't work. I argued with Ed and told him it was the worst thing he could do. There was nothing I could do. There was nothing I could do, and he, Olsen, says all right we'll take a chance.

Q—That's what Olsen said? A—Yes. Q—Did he give you any instructions as to the ticket or tickets? A—Just asked me to see that he got on the train. Q—Did you go to Ravenna? A—Yes, that night. Q—Did he know you were going? A—Yes. Q—You saw Norman there? A—Yes, we had supper together, all four of us.

Q—Was this talked over in the presence of all four of you? A—I never said a word about it. Q—Had you prior conversations about Ed leaving when he was up here at any time. When Olsen was here? A—No. The only time that Frank had been up here was when he was here the last time not long ago, since way long in the fall, a long time he wasn't up here at all. Q—Did you know where Ed was working before you saw Olsen that morning? A—Just when he was over here two or three weeks ago. He came over on Saturday night and told me then.

Q—Ed told you? A—Yes. When he went the first time I didn't know where he was until Percy Norman told me. Q—When you went to Grand Island you never had any idea what it was about? A—Never had an idea. He, Olsen, told me Frank Lunney was there and I supposed it was something about this quarter, when I went down. Of course, I was there and he had his plans all made, and there was nothing I could do unless I kicked up a quarrel with him.

Q—Did Lunney know about Olsen giving you this money? A—I don't think so. Frank Lunney didn't see Olsen hand me the money or see me give it to Ed. I told him I brought some money over for Ed and he never asked me how much. Of course there may have been talking about it before I got down there. Q—As a matter of fact how much money was there do you know? A—No. I don't never unrolled it. He had it folded up in a square roll and I took it and put it in my watch pocket and then I handed it to Ed.

Q—Olsen didn't say anything to you when he was up here on this change of venue about Ed leaving? A—No.

Q—There was no plans about it then? A—I never talked to him at all. He was in the pool hall a time or two and was talking. I was over at Jack Brown's several times when he was there and he wanted me to hunt up a typewriter for that lawyer to use and I got one from Spot Johnson. EDWIN MITCHELL, Notary Public.

Subscribed in my presence and sworn to before me this 2nd day of May, 1925. BERT M. HARDENBROOK, Notary Public. (SEAL) It will be remembered that "Tex" Mitchell was formerly employed by Olson to run the gas plant for him. Mitchell also made one of the affidavits which Attorney Cochran filed in his effort to get a change of venue, Mitchell seeking to assist his former employee all he could.

Anderson had also told the officers that Olson had sought the assistance of Percy Norman in getting the witness, Ed Anderson, out of the country and that Norman would be willing to assist the officers if they wanted him to do so. Norman was employed at Ravenna and he was sent for.

State of Nebraska ) Valley County ) Percy Norman being first duly sworn on his oath deposes and says: That he is well and personally acquainted with Frank I. Olsen; that about 5 weeks ago he (the affiant) was in Grand Island and while there saw Frank I. Olsen; Olsen approached affiant and wanted to know if affiant could not assist in getting Edward Anderson to leave the country and not be present at the time of his trial in Valley county. I did not encourage him to any great extent but got away from him; about a week later Tex Mitchell told me that Olsen had phoned him that if he would get Anderson to leave the country that he was sure behind him, or words to that effect.

On Thursday evening, April 28, 1925, Frank Lunney, Edwin (Tex) Mitchell and Eddie Anderson came to Ravenna where I was working and while I cannot detail the conversation but it was arranged between Lunney and Mitchell that Anderson and I would leave for the West. Eddie Anderson received some money from Mitchell with the understanding that we were to leave. Lunney and Mitchell bid us good bye and told us not to disappoint them but to go.

Affiant knew all the time that Ed Anderson did not intend to leave but fully intended to be present at the trial of Olsen May 4, 1925. PERCY NORMAN, Notary Public. Subscribed in my presence and sworn to before me this 2nd day of May, 1925. BERT M. HARDENBROOK, Notary Public. (SEAL)

When the Olson case came up Monday morning the county attorney asked leave to add the names of the new witnesses in the case and this gave the defense an opportunity to ask for delay in going to trial. Mr. Vogeltanz, when he found out the turn the case had taken, at once announced his withdrawal from the case and said he would have nothing more to do with it. It is said that Judge Cochran stated to friends and court officers that he would do likewise if he found the conditions as indicated by the affidavits published above. Later he was fully informed as to the contents of the affidavits, which no one has any reason to doubt but the Quiz is not advised of his decision in the matter, as he stated that he didn't care to make a statement. It is not unlikely, however, that he will withdraw from the case and that another delay will be necessary next Tuesday when the case comes up for trial. This would be almost necessary if a new attorney was to appear in the case.

The jury which was on hand Monday morning, was excused until today Thursday, when the next case was set down for trial and the Olson case was set down for trial next Tuesday. Judge Clements told the ones interested that he expected them to be ready to go to trial at that time.

## SUPERINTENDENT CUSHING AND SCHOOL BOARD MADE DEFENDANTS IN LEGAL ACTION.

(Continued from Page One)  
such places as Grand Island, Hastings and Sargent; that the said Freeman Haught had the permission of the said relator to go on said skip day.

4. That on Tuesday, April 14, 1925, the Superintendent of said Schools, Herbert L. Cushing, told the class not to go further away from Ord than twenty-five miles on said Skip Day, and he agreed that Loup City was within that distance.

5. That on Wednesday, April 15, 1925, the said Senior Class went to Loup City, Nebraska, to spend Skip Day, and they were accompanied by three teachers of the said Ord high school. That while at Loup City the said Freeman Haught, and nine other members of the said Class decided to go, and did go, to Grand Island, Neb., that the relator had no objection to his said son going to Grand Island on said date. That the said Freeman Haught and one Lloyd Hollingshead were expelled from school the next day, for the balance of the school year, because they went on said trip further than Loup City, Neb., on Friday, April 17, 1925, the said School Board by resolution ratified the action of the said Superintendent in expelling the said Freeman Haught and the said Lloyd Hollingshead. That said students asked for permission to present their side of the matter to the School Board and they were refused said right.

6. That the said Freeman Haught has endeavored to go to some nearby school; that he could get into some of them but none of the said schools have a course of study that is the same as the one he is taking, and he would be prevented from graduation even if he attended said schools, because of the said difference in courses. That the said relator is financially unable to send the said Freeman Haught to a school a great distance away. That the said Freeman Haught works after school and on Saturday in Ord to help pay his way to school.

7. That the said Freeman Haught was not guilty of any gross misdemeanor or persistence in disobedience referred to in section 6326 of the Compiled Statutes of Nebraska for 1922. That this relator and the said Freeman Haught have applied for permission to return to school. That the latter has offered to apologize and is willing to submit to such reasonable punishment as the School Board and Superintendent may deem proper, except expulsion from school. That permission to return to school has been refused and the said Freeman Haught is prevented from returning to his studies at school. That said Freeman Haught will abide by the rules and regulations of the school board and Superintendent if allowed to return to school. That the said expulsion from school was unauthorized and contrary to law and the punishment was excessive and arbitrary. That said Freeman Haught is entitled to attend school in said District and he is not allowed to do so. That he has not been permitted to attend school since Thursday morning, April 16, 1925. That the plaintiff has no adequate remedy at law. That the school year will soon be over and the damages will be hard to estimate in dollars and cents. That the expulsion of the said Freeman Haught would prevent his graduation unless he is permitted to return to school. That the said relator has been damaged by not having his son in school in the sum of \$100.00 and if he is not permitted to return to school this year it will be necessary that he be sent to high school another year to graduate and the relator will be deprived of his services to the damage to relator in the sum of \$400.00.

Wherefore, your petitioner prave this court to award against all the defendants a writ of mandamus commanding them to permit the said Freeman Haught to attend school in the Ord High School in order that he may graduate with his class, and for such other and further process, order, relief or judgment as may be proper, and for the plaintiff's costs herein expended, and the damages to the relator in the sum of \$500.00.

THE STATE OF NEBRASKA ON THE RELATION OF DAVID C. HAUGHT, PLAINTIFF.

By Davis & Davis, Attorneys for Plaintiff.

State of Nebraska, Valley County, ss David C. Haught Being first duly sworn, on his oath deposes and says that he is the relator above referred to, that he has read and examined the foregoing petition for mandamus, and that the allegations therein contained are within his knowledge and are true.

DAVID C. HAUGHT  
Subscribed in my presence and sworn to before me this 30th day of April, 1925.

Notary Public

This matter was taken up before Judge Clements last Thursday when the case was filed and next Friday May 8th, was set as the time for a hearing. At the time this is written the Quiz is not advised as to whether the school board and Mr. Cushing will employ counsel and resist the matter, but we assume that they will do so.

Don't fail to read the news items from North Loup, Elyria and also the Arcadia section. Many items of news handed in by the Quiz Ord reporter, are omitted because they are also in the other departments and we must avoid as much duplication as possible.

Mr. Pizer, the Sargent clothier, drove over to Ord last Friday with copy for a large sale bill which he wanted 4000 of printed in a hurry and the Quiz job department turned

them out and delivered them Saturday evening and Mr. Pizer was good enough to say it was a fine job of work and the equal of anything he had ever seen for speed. Mr. Pizer has been in the clothing and gent's furnishing business at Sargent for many years and in order to relieve himself of some of the burden, he is putting Mr. Vose, who has been with him in the store for the past 12 years in full charge of the business and this sale, now being held, is in reality a re-organization sale, Mr. Vose becoming a partner in the business. The Quiz job shop has done a good many large bill jobs for merchants at Sargent but this happens to be the first job we have had from the Pizer store. Superintendent H. L. Cushing happened to be in the office while proof was being read on the Pizer job and was so pleased with the copy that he asked to have it when we were done with it, for his advertising class. Mr. Cushing, who is considered an advertising expert himself, said it was a mighty fine piece of copy.

## Better Cooking with Less Work

Science has developed remarkable new oil stoves which not only free women of the burden of cooking with coal or wood but actually give them better cooking results than they have known before.

These finer stoves—Perfection Oil Ranges—cook with the speed of gas. Their instant heat, their clean steady flame and general dependability are giving women a new confidence in their cooking.

Perfection Oil Ranges combine the best ideas in modern stove construction—durable enamel top—straight legs—substantial design—roomy shelves—beauty and convenience.

Dealers everywhere have Perfection stoves and ranges and are glad to demonstrate their gas-like cooking service. See your dealer today.

### LAW ENFORCEMENT

There are still people who say the prohibition law can never be enforced. There are still newspapers, some of the large dailies of the country, who are laying as much in the way of the enforcement officers as possible. There are enforcement officers who seem to be doing as little as possible toward enforcement of the prohibition laws. On the other hand there are people who believe the prohibition laws should either be enforced or repealed and there are plenty of newspapers who are doing their part to create a sentiment which will insist upon enforcement. There are also courts, who, feeling that the laws should be enforced, are beginning to take the means at their command to bring about that result. When an unruly child does some forbidden act and his mother only points her finger at him and says "Naughty, Naughty," it doesn't have much effect but a good sound punishment may keep him from repeating the wrong act. When a confirmed liquor violator is given a mild fine he feels it about as much as the child who is only called naughty, but when he is given a stiff jail sentence he hesitates to repeat the offense. Courts are realizing this fact and are beginning to hand out some stiff jolts in the way of jail sentences and the general public is for them.

There is another thing that courts could, in our judgment, do, and that would go a long way toward stopping the liquor violations and we can illustrate it best with an example. Two young men were recently fined in the Valley county court on a liquor charge. One was given a heavier fine than the other because he was not a first offender. Neither of them would tell where the alleged wine was secured. This is one instance. Always the officers try to find out where the liquor was obtained. Under the law the person who supplies it is as much at fault as the person who drinks it and gets intoxicated, in many instances more so. Suppose for instance, in the case last week, the Court had said, "Boys, tell me where you got the liquor and the fines will be \$25 and \$50. Unless you do this much to help the officers clean up this business the punishment will be 30 and 60 days in jail." We believe the information would have been secured.

### TOO MANY FRILLS

The Quiz is rapidly coming to believe that we have too many frills in our public schools. We are getting further away from the original purposes for which schools were intended all of the time. The writer used to believe the talk about athletics and skip days and a dozen other fool fads and fancies were necessary in order to keep the kids in school. We are now beginning that even as good a thing as athletics can be carried to extremes.

We heard a man recently say that young So and So would never have remained in school until he graduated had it not been for foot ball and for that reason football was a fine thing. A little inquiry developed the fact that the boy in question just managed to get through and he has done nothing since that is worth while. He is a very common day-laborer, out of work much of the time because he treats his jobs so indifferently that he does not command steady work or the confidence of his employers. Now the question with us is, would it not have been just as well for him to drop out before he cost the tax payers so much money? We have one definite boy in mind but the same thing applies to scores of other boys and girls just as well.

We believe that the boy or girl who really desires to get an education will go ahead and do so without so much coaxing and coddling and if such a course were adopted the school building situation, in Ord for instance, would be solved for some time to come and there would be a respite from taxes from the saving in teachers and other expenses incident to the said frills.

We believe of course that the kids should get as good an education as possible. They should be forced to go through the 8th grade. After that they are old enough to know whether they want to get an education or not and if they have got to be bribed to go to school and given credits for playing in order to edge through the last two or three years they had better start making a living and helping their parents by easing up on taxes.

We are coming to believe that when the good old-fashioned studies that have to be used in business are taught that is going about far enough and if fads, fancy dancing, fudge making etc. are desired, the parents should provide the means, rather than the public. We can see no more reason for teaching cooking in the schools than for teaching printing, nursing or doctoring. There is no more reason for teaching football than for teaching golf or baseball.

And now it is being said that skip day has come to be one of the school

activities. If that is the case it is time the school board took the necessary action to do away with that activity, and let it be done before the beginning of another school year so that students who start in next fall may do so under no misapprehension. Skip day is a foolish institution. It started some years ago with a little picnic on Anderson's Island. They went a little further each year and unless there was a limit placed Omaha would be considered the place to go, and then Chicago. According to state papers some classes went 150 miles on their skip day jaunt and it meant from five to ten dollars each and many pupils could not afford it. Members of the Ord senior class this year remained at home because they could not really afford the several dollars that the trip would cost and others who did go would have shown better judgment had they stayed at home and saved the money. Of course they kids and are not so much to blame as their parents, and parents always hate to disappoint their children. In this instance it looks as though a foolish custom has gotten the school district into a lot of trouble and expense.

### MY OWN COLUMN

(By H. D. Leggett)  
Elmer Gard of Dayton, Washington writes that he has found the champion gloom dispenser. They had a wonderful crop in their country last year and Elmer heard a couple of farmers talking it over. One was pleased and told what a fine money making crop it was and the other admitted it but added, "Yes, but it was awful hard on the land," and his face was long enough when he said it so he could eat outs of a churn.

I was shocked the other day when I read an item in a Spalding paper saying that a man had ordered a fine carriage harness made. Then I noticed the column was headed "20 years ago."

While at a dance recently Editor Harris of Wolbach asked a charming young lady for the next dance. She declined, saying that she was too danced out. "Why no you are not too danced out," Miner answered, "You are just right."

I can't figure out where the fellows get that "H. O." stuff. My initials are "H. D." and the Rotary boys call me "Hank." Ole Buck started the "Hank" stuff, assuming, I presume, that my first name is Henry, which it is not. Now the newspaper boys also refer to me as "Hank."

While Ed Johnson was in Chicago recently he espied a pay station phone box and mistaking it for a self vending gum machine, dropped his nickel in. A voice said "Number, please," and Ed replied "Number Hell, you better give me my gum or I will report you."

A friend asked a Burwell college girl recently what she was going to do with her degree when she got it and she replied, "Give it to the old man, he paid for it."

An Arcadia man who is very economical gave his kids a nickel each to go to bed without their supper and then while they were asleep, stole their nickels and made them go without breakfast for losing them.

Art Brown says he is expecting Ole Buck will drop into Friend about meal time but kids himself that Ole don't eat anything but bran. I used to fall for that bran stuff that Ole is always handing out, and went down to the

chased in the United States where you buy gasoline at a figure anywhere near that charged the American motorist? Where can you get railroad transportation at a figure to equal that of America? Where can you get public utility service, such as electricity, telephone and radio at anywhere near the American figure? Where can you travel for hundreds and thousands of miles on paved highways as you can in this country? Where else in the world is there as great a percentage of people that own their own farms and their own homes as in America? Where are there as many newspapers, magazines and books printed? Where are there as many schools and colleges, churches and amusement places per capita of population? Where else in the world can you point out the rich man and the poor man from which all the conveniences mentioned on a basis of equality, except in the United States.

Have the American people the intelligence to look around and realize that right now they are in the midst of prosperous conditions. Have they learned from past experience that the wolf cry of the agitator has in 99 cases out of a hundred been for selfish political purpose which cared little for the damage done to the country? The paragraph quoted contains the ingredients from which all effective can be brewed providing a credulous public will permit itself to be duped with this brand of bootleg reasoning.—Schuyler Sun.

Judges in the Fifth Nebraska District are showing a commendable disposition to deal leniently and effectively with confessed criminal Judge Hastings made quick work of the fellow who assaulted a Seward school teacher, giving him twenty-five years in the state prison. There has been many delays in court procedure, and too many lenient sentences. The judges in this district—Landis and Hastings—are embarked upon a good work of quicker and surer court action. There will be fewer criminals and less crime in this district after it gets to be thoroughly understood that justice here is a certain thing that acts promptly and effectively.—York Republican

### BOOTLEG REASONING

Announcement of the sale of Dodge Brothers automobile plants to a New York syndicate for 175 million followed by purchase by British and Standard Oil interests of control in Doheny's oil companies for approximately 40 million, indicates that another era of big business mergers to create trusts and monopolies is pending. A new golden age is being inaugurated for the unscrupulous business adventurer, who is already cashing in on the stock and grain markets, and starting a clean-up in industries.

The preceding paragraph was taken from an editorial in a daily paper that circulates in one of the most prosperous states in the union. The inference to be drawn from this editorial is that big business in general is crooked and that its main purpose is to rob the public. Right now this country is in just about the most prosperous condition it has ever been in normal times. Wages are good, hours of labor are short, there is practically no unemployment and the purchasing value of farm crops is at a fair average figure.

What is Big Business? It is nothing more or less than an industry large enough to supply the demands of 110 million people in our country and such foreign trade as it can secure. The ownership of modern big business is rapidly being transferred to millions of Americans through the sale of its securities in small amounts to employees, customers and investors. No other country in the world today has the advantages which big business has given to the United States.

Where can you get an automobile at the price for which it can be purchased in the United States? Where near that charged the American motorist? Where can you get railroad transportation at a figure to equal that of America? Where can you get public utility service, such as electricity, telephone and radio at anywhere near the American figure? Where are there as many newspapers, magazines and books printed? Where are there as many schools and colleges, churches and amusement places per capita of population? Where else in the world can you point out the rich man and the poor man from which all the conveniences mentioned on a basis of equality, except in the United States.

Have the American people the intelligence to look around and realize that right now they are in the midst of prosperous conditions. Have they learned from past experience that the wolf cry of the agitator has in 99 cases out of a hundred been for selfish political purpose which cared little for the damage done to the country? The paragraph quoted contains the ingredients from which all effective can be brewed providing a credulous public will permit itself to be duped with this brand of bootleg reasoning.—Schuyler Sun.

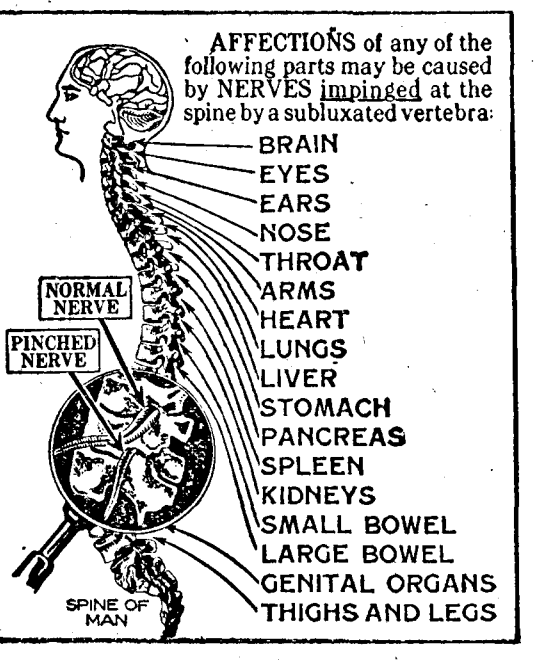

## A Straight Spine-Strong Body

A straight spine indicates a strong body and healthy, but a crooked, twisted spine often means a weak body, ragged nerves, low vitality, and oftentimes terrible and long suffering.

Modern science has proved that in a crooked spine every displacement, or subluxation of the vertebrae denotes a pressure upon the nerve emitting from the spinal column at that point, and that every pressure upon the nerves means a cutting off of the vital force, or mental impulses, which give life to the body and it's parts.

Whenever through nerve pressure the supply of vital force going from the brain to any organ of the body is cut or diminished, that organ or part becomes affected. If no longer has the power of resistance, and the effects of disease will likely be manifest in the course of time.

Treating disease and the effect will do no permanent good. To remove the CAUSE of disease by adjusting the subluxated vertebrae (small bones of the spine) until your spine is straight is the only way to attain a strong body and good health. See your chiropractor. Have him straighten your spine and give Nature, a chance to straighten your health.

but BALANCED GASOLINE for POWER

Write or ask for RED CROWN Road Map

THE most expensive motor, like the cheapest, only has the power which gasoline develops. The better the gasoline, the greater the power, mileage per gallon and motoring satisfaction.

Red Crown—the balanced gasoline—is built to definite specifications. It has low boiling point fractions to assure quick starts, and the valuable, power-developing fractions that burn just a bit more slowly and maintain pressure to the end of the piston stroke.

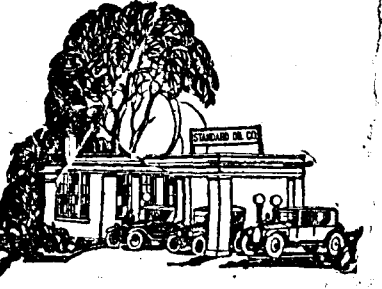

While Red Crown won't work miracles, it starts your motor promptly. It burns up so completely that little carbon accumulates and little unburned gasoline passes the piston rings to spoil the motor oil.

For economy that comes from running on a lean mixture, try Red Crown—the balanced gasoline. It is uniform and dependable wherever you buy it.

Nebraskans who owned the first automobiles, used Red Crown. Today thousands of Nebraska motorists always pull into the nearest Red Crown Service Station. They receive prompt, obliging service and full measure of dependably uniform, high quality gasoline. Get this good habit. If you need oil, buy the right grade of Polarine for your car and you give the motor protective lubrication.

DISTRICT 40 (By Mildred Vodehnal) Mary Vodehnal was absent from school Monday. Eva VanSlyke was absent Friday afternoon.

Mr. and Mrs. John Vodehnal and Edward and Mary visited at Joe Sko-hill's Sunday and in the afternoon attended the funeral of Mrs. Tordik.

HASKELL CREEK (By Eva Miska) The people of this locality were not very well pleased with the frost and cold weather of last week as it delayed field work quite a little.

Sunday visits were: George and Johnnie Knecht at Chris Nielsen's in the afternoon; Jim Nelsons took dinner here; Benben young folks visited at Albert Dahlin's; John Haskells and L. J. Aables attended church in Rosevale; Anna Nelson and Mr. and Mrs. Brechbill, Ruthie and Pat, Mrs. Edward Miska and Mr. and Mrs. John Koll visited at Jos. Miska's; Nels Kappel at Will Nelson's; L. J. Aables at Hulbert's; Mr. and Mrs. Koufel at Michalak's; Bill Philbrick and Ben Dahlin at Knecht's; Edna Knecht at Leemaster's; Knecht's and Jim Nelson's took supper at Will Nelson's; Chris Nielsen's were Sunday evening visitors there also; Leo, Wilmer and Ray Nelson visited at Kappel's and Benbens at Miller's.

Stella Benben is taking a course in sewing from Mrs. Socha in Ord. Mr. and Mrs. Knecht attended a dance at Long's Saturday evening. Several of the young folks of Haskell Creek attended the concert given in the Methodist church at Ord Wednesday evening.

Rev. Hansen of Ord came up and gave us a very interesting sermon. Rev. Hansen will be with us again next Sunday to deliver the baccalaureate sermon to the graduating class.

Mr. and Mrs. Wesley Miska and children visited at the McClatchey home Sunday. Mrs. McClatchey had the misfortune to fall and break her hip one day last week. We all hope she may recover soon.

The patrons and public are invited to attend these exercises.

**SENIORS PRESENT CLASS PLAY**  
 Arcadia was royally entertained on Monday and Tuesday evenings this week when the class of '25 put on their class play, "The Missing Hundred." It was indeed a success and honor, and congratulations are due all who participated as well as the director, Prof. Clarence Thompson.

The Red Devils gave several pleasing arched numbers preceding the performance and between the first and second acts Henry Celik and George Hastings favored the audience with a saxophone duet. Harold McClary also entertained, between these acts by showing Arcadia his ability as a contortionist.

The specialty between the second and third acts was put on by the girls of the class not having part in the play who broadcasted several clever numbers from station R. R. D.

The play was good and every part well taken. The entire cast deserves to be highly commended for the splendid entertainment given the patrons.

The cast was:  
 Yimmie "from Minn."... Henry Celik  
 Pal, the detective.... Roscoe Betts  
 Frank, the clerk.... Dale Betts  
 Mickey, farm hand.... Maynard Carver  
 Mr. Kent, the father.... Curtis Rowe  
 Belle, foster daughter.... Ethel Sperry  
 Sylvia, the niece.... Grace Evans  
 Peg, the cook.... Margaret Mason  
 Kettle, the helper.... Irene Downing  
 Mrs. Kent, the mother.... Bessie True

The Seniors are well pleased with the patronage given them and the courteous attention shown by all and extend their hearty thanks for the same.

**The IOWA Cream Separator Saves \$6 Per Cow Per YEAR**

You may think that your Cream Separator is getting all the Butter Fat, but it is true that the greater number of machines over the county do not skim close, especially so when the milk is a little cold. This can not be helped because most Separators are not built to skim cold milk. It is the CURVED DISC Bowl that skims cold milk clean and skims warm milk cleaner. Perhaps you are losing the price of a new separator every year. Let us prove to you that the CURVED DISC Bowl will pay for itself over any machine you may now be using. We want you to use an IOWA Separator and stop contributing to that \$3,000 annual loss the county over every year. We are always glad and anxious to place the Iowa separator in competitive skimming contests against any and all other machines.

IT IS THE LIGHTEST RUNNING AND LONGEST WEARING MACHINE YET MADE

## The Ord Oracle

Published by the Rotary Club of Ord, Nebraska

Volume 1 Monday, May 4, 1925 Number 2

**Attendance**  
We are again unable to report our attendance 100 per cent. Roy Collison and Jake Stoltz called up the president Sunday and reported their inability to be present. Charlie Weekes and Alex Hager, who were absent last week were present. P. G. Howes was a minute or so late. He must like that dime song. We are sorry Alex didn't attend at North Platte. It would have helped our attendance records and he might have gotten us some good suggestions.

**Our Last Meeting**  
Joe Barta brought Chas. Goodhand of Ord as his guest. Dad Wolters was accompanied by Dr. C. J. Miller of Ord. These members introduced their guests and they responded in an appropriate manner. Dr. Miller urged

the club to not merely be a social organization but to try to serve the community. Our president stated that that was the ardent desire of the Ord Rotary Club. He also referred to a recent statement of the president of Rotary International, Everett W. Hill of Oklahoma City, wherein he says: "The purpose and object of a Rotary club is the development of the individual and through that development enable him to find a place in his community life, and TO SERVE." It was Jim Milford's time to speak. He gave some interesting information relative to the making of shoes and illustrated it with different parts used in the manufacture of shoes. Gould Flagg presented him with the attendance prize, a tool useful to the owner of any automobile. The only reason Gould didn't give Jim a Ford was because the latter already has a car.

It seems that we are to be a more

### VALLEYSIDE NEWS

(By Della Nass)  
Too late for last week  
A 10 pound baby girl was born to Mr. and Mrs. Will Fuss Thursday, April 23.  
Adolph Fuss purchased a new Buick touring car from Henry Bredthauer of Scotia Monday April 27.  
E. R. Foth bought a car the same day from Lynn Rogers of Ord that was of the same model.  
The Rural school meet was held April 24 at the fair grounds, Haskell Creek, Fussville and Valley Side were the schools that entered. In the morning there were scholastics and in the afternoon there were athletics. Valleyside came out victorious with but four points ahead of Haskell Creek. This made the meet very exciting and interesting. We hope more schools will enter next year.  
Mr. Babcock is driving a new-old puddle-jumper now. He formerly had a Chevrolet.  
Angeline Koelling, daughter of Mr. and Mrs. Will Koelling has been very sick since last Sunday. We all hope she will improve soon.  
The Lutheran Bible class are planning on having a social April 30 at Dave Bredthauer's.  
Miss Mary Sutton, county superintendent called at Valleyside Tuesday afternoon.

### FROM OUR EXCHANGES

(Edited by Mrs. R. J. Clark)  
Frank Gross and Fred Culver, of Albion, were in Spalding Sunday for a short time. They were on their way to buy some cattle. Frank was a big up the Cedar where Frank expected Albion and just shipped out to Chicago this year on his farm near cago the past week. He is feeling as optimistic as ever so he must have made pretty good on them.—Spalding Enterprise.

Hank Leggett of Ord didn't show up at the Grand Island meeting because he says he's afraid of the dignity of President Alden and the cuss-

or less permanent community organ. We got out the first issue on the typewriter. It is mighty slow work to get out the number of copies we need on such a machine when we use the hunt and peck system. Our two newspaper members have kindly consented to get this up and print it for us alternately. We trust that we will all express and show our appreciation. We will welcome suggestions for the Oracle. It may be well for different members to take a try now and then in getting its material ready. Rotary International strongly urges that each club publish a weekly bulletin of some kind.

**Jottings**  
Gould Flagg and P. G. Howes plan to bring guests today. We don't know who they will be but we welcome them in advance. Every member should see that he shakes hands with every guest when he arrives. He should always have a pleasant word at the time of parting. Charlie Weekes makes the talk and Dad Wolters furnishes the attendance prize. Irl Tolen and Roy Collison talk the following two meetings and the prizes are given by Joe Barta and P. G. Howes.  
Did you notice the new window sign and the apple blossoms last week, gifts of Jim Milford?  
George Gard threatens to present us with a new song this week or the next. He says he has more time now that his speech is out of the way. We are glad to get them.

Our club guarantees to sing the words of any song to the tune of any of the three or four songs that we know.  
We trust that our flag and badges will be here for today's luncheon.  
It will likely be only a few days until we receive our charter. We have had considerable correspondence with Judge Rofely and Tom McLaughlin about the matter.  
Our Rotary Ann's deserve some kind of attention by the club in the near future. Possibly this can be arranged to occur at the same time we receive our charter. Judge Rofely tells us that his Rotary Ann will be here then. You will all enjoy making the acquaintance of Mrs. Rofely.

There were 1990 clubs in Rotary International on April 15. There are doubtless 2000 today.  
Ask yourself what the Ord club and Rotary International would amount to if every member contributed the same amount of time and effort to Rotary that you do. Would it be better or worse?

edness of vice-president Brown. We believe that he really feared that the North Loup man would be Rood to him.—Friend Sentinel.

The menu at the citizen's military camp this summer is lying before us and we are swallowing hard and often. For breakfast there is cantaloupe or berries, Corn flakes or oat meal, bacon and scrambled eggs, coffee, sugar and milk. For dinner, fresh vegetable soup, chicken, fresh string beans, creamed new potatoes, young onions, sliced cucumbers, bread, jelly roll, lemonade. For supper, beef steak and onions, baked potatoes, hot rolls, jam, iced tea and milk. We would like to post that menu in an assembly hall of the veterans of the sixties and hear the explosion. Surely Sherman's notion of what war is has tapered off considerably in sixty years.—York Republican.

Aurora has come back to the old plan of holding chautauquas this year. For some years there has been a growing conviction upon the part of the chautauqua guarantors in the Hamilton county capital that a chautauqua concern ought to be able to operate without requiring a local bunch of business men to underwrite its financial success. In arranging for the 1924 chautauqua—it contracted

with a bureau which did not require a financial guarantee or much of any thing else. The moral support of the community. Fairly good support was obtained but the bureau, so it claimed, did not fulfill its part of the agreement in every particular and so the chautauqua was not very satisfactory. Rather than risk it again, the Legion post decided to contract with a guarantee bureau again, and this arrangement was made for 1925 chautauqua. This does not alter the fact that there are still a good many citizens of Aurora who cannot figure out why chautauqua companies must be guaranteed financial success when other lines of business exact no such guarantee. And they have much company in Nebraska.—Schuyler Sun.

Country editors are supposed to be well seasoned to disappointments; and no previous experience of any kind has fortified the editor of the Scotia Register for the following experience: One morning a woman entered the office with a silver dollar in her hand. "I want to pay our subscription," she announced.  
The editor most gladly accepted for the dollar and returned her. "Yes," she said, "We thought we would take your paper for another year. We can't get along without it."  
"Thank you," responded the editor glowingly.  
"It just fits the bird cage," she remarked. "I'm glad you're here."  
Ask Dale what he said.—Loyalist.

A rattlesnake with twenty rattles was killed in Alliance last week. The reptile was first noticed when attacked by a fox terrier and in the struggle the dog's head struck the snake just above the heart. The dog died within five minutes. The snake indicated an age of twenty-two years, and it was four feet long and two inches thick.—Custer County Chief.

Mrs. Windsor Lloyd and little daughter are here from Nampa, Idaho, visiting her sister, Mrs. W. P. Nieman this week.—Stromsburg Headlight.

Mrs. Windsor Lloyd of Nampa, Idaho, is the guest of her parents, Mr. and Mrs. Joshua Cox, and sister Mrs. Edna Williams of Ord, and her sister Mrs. Nieman in Polk. On Sunday Mr. and Mrs. Williams entertained at dinner at Hotel McClood for Mrs. Lloyd.—York Republican.

Last week Mrs. Anton Stepanek moved here from Taylor and is occupying this home that was the home of her father Peter Goehring, who died a few months ago. Recently Mrs. Stepanek purchased a new Ford coupe and she had it in a garage at her home in the southeast part of the town (South Chicago.) Last Thursday morning when she went out to the garage the car was gone. It had been there the night before. It was locked and the garage was locked, but someone either had a bunch of duplicate keys or was an expert lock-picker for they got in and took the car out and then relocked the garage door. There are no clues as yet. Mrs. Stepanek had the car fully insured and will not have to suffer an entire

loss of the car if it does not turn up.—Sargent Leader.  
Mrs. Stepanek was Katie Goehring and attended school in Ord. After their marriage they lived here for some time.

Miss Wilma Cook, one of the teachers in the Ord high school, spent the week end here with Miss Doris Gustafson. They were sorority sisters at Wesleyan.—Sargent Leader.

In company with Mr. and Mrs. E. J. Babcock, Myra and Margaret, we drove recently up the valley, thru Maiden Valley, over into Mira Valley and on home. One has but to take such a drive at this season of the year to really appreciate the beauties of the valleys which gave Valley county its name. Everywhere orchards were in bloom, fields were getting green, stock was feeding in pastures and the whole country had a most prosperous and inviting appearance. The roads were fine and altogether the ride was a delightful one and one to be remembered.—Loyalist.

Dr. Hemphill was the victim of a near serious accident Monday while in Greeley. He was sitting in his car talking to a friend when the friend cried, "Look out!" The doctor looked out just in time to see a big drag

team hitched to a heavy wagon, running away. Before he could get out of the car the team hit it squarely on the left side. Luckily the car was not overturned, so the doctor was not hurt. (Continued on next page.)

Another 'Bull' Durham advertisement by Will Rogers, Zieff, Hollis and screen star, and leading American humorist. More coming. Watch for them.

NEW YORK is building some more of those subways under the ground. No use building any more, people can't find their way out of the ones they got now. There's people down underground in New York that haven't been up for years. New York people are just like a lot of Gophers; every time they see a hole in the ground they grab a nickel and duck for it. If they keep on living underground, in two more generations their children will have fur like a rat.

What's this Subway got to do with 'Bull' Durham?

Nothing.

What do people outside New York care about how New Yorkers live?

Nothing.

But there is an old saying that one half the world don't know how the other half live, so I am telling you how they live, not as an Ad but as a fact. Five million Ground Hogs in New York rush through life missing one Train and being shoved into the next. The real trouble is that they can't smoke 'Bull' Durham down there.

*Will Rogers*

P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

**THE ROTARY CODE OF ETHICS**  
For Business Men of All Lines  
Adopted by the Sixth Annual Rotary Convention at San Francisco July, 1915.

My business standards shall have in them a note of sympathy for our common humanity. My business dealings, ambitions and relations shall always cause me to take into consideration my highest duties as a member of society. In every position in business life, in every responsibility and discharge that duty so when I have ended each of them, I shall have lifted the level of human ideals and achievements a little higher than I found it. As a Rotarian it is my duty:

- 1st: To consider my vocation worthy, and as affording me distinct opportunity to serve society.
- 2nd: To improve myself, increase my efficiency and enlarge my service, and by so doing attest my faith in the fundamental principle of Rotary, that he profits most who serves best.
- 3rd: To realize that I am a business man and ambitious to succeed; but that I am first an ethical man, and wish no success that is not founded on the highest justice and morality.
- 4th: To hold that the exchange of my goods, my service and my ideas for profit is legitimate and ethical, provided that all parties in the exchange are benefited thereby.
- 5th: To use my best endeavors to elevate the standards of the vocation in which I am engaged, and so to conduct my affairs that others in my vocation may find it wise, profitable and conducive to happiness to emulate my example.
- 6th: To conduct my business in such a manner that I may give a perfect service equal to or even better than my competitor, and when in doubt to give added service beyond the strict measure of debt or obligation.
- 7th: To understand that one of the greatest assets of a professional or a business man is his friends and that any advantage gained by reason of friendship is eminently ethical and proper.
- 8th: To hold that true friends demand nothing of one another and that any abuse of the confidence of a friend for profit is foreign to the spirit of Rotary, and in violation of its Code of Ethics.
- 9th: To consider no personal success legitimate or ethical which is secured by taking unfair advantage of certain opportunities in the social order that are absolutely denied others, nor will I take advantage of opportunities to achieve material success that others will not take because of the questionable morality involved.
- 10th: To be not more obligated to a Brother Rotarian than I am to every other man in human society; because the genius of Rotary is not in its competition, but in its co-operation; for provincialism can never have a place in an institution like Rotary, and Rotarians assert that human rights are not confined to Rotary Clubs but are as deep and broad as the race itself; and for these high purposes does Rotary exist to educate all men and all institutions.
- 11th: Fully believing in the universality of the Golden Rule, all that I do, whatever ye would that men should do to you, do ye even so unto them; we contend that Society best holds together when equal opportunity is accorded all men in the natural resources of this planet.

Vol Earnest says he has not fared sumptuously every day, but he has thus fared on several occasions. A few Sundays ago he was at the home of his granddaughter, Mrs. King, and he says a number of friends and neighbors were there for the day. At the noon hour Mrs. King served a dinner that will remain in his memory for many a day—there was baked chicken, boiled chicken, n'everything. Last Sunday he was out to the home of his daughter, Mrs. Leonard, in Mira Valley and there, again, he was fed and filled. **Protective Lubrication**

CLEAN oil contains no grit. When you consider that many automobile motors make from 1,600 to over 2,000 revolutions per minute, 96,000 to 120,000 revolutions per hour, it is easy to understand that even a small quantity of hard particles of dust or dirt in oil quickly wears even the hardest surfaces.

"Drain out all the old, dirty, thin worn-out oil as often as the manufacturer recommends. He put those directions in for the protection of his reputation—so that the car would give long years of satisfactory and economical service."

**Attendance**  
We are again unable to report our attendance 100 per cent. Roy Collison and Jake Stoltz called up the president Sunday and reported their inability to be present. Charlie Weekes and Alex Hager, who were absent last week were present. P. G. Howes was a minute or so late. He must like that time so. We are sorry Alex didn't attend at North Platte. It would have helped our attendance records and he might have gotten us some good suggestions.

### Our Last Meeting

Joe Barta brought Chas. Goodhand of Ord as his guest. Dad Wolters accompanied Dr. C. J. Miller of Ord. These members introduced their guests and they responded in an appropriate manner. Dr. Miller urged

the club to not merely be a social organization but to try to serve the community. Our president stated that that was the ardent desire of the Ord Rotary Club. He also referred to a recent statement of the president of Rotary International, Everett W. Hill of Oklahoma City, wherein he says: "The purpose and object of a Rotary club is the development of the individual and through that development enable him to find a place in his community life, and TO SERVE."  
It was Jim Milford's time to speak. He gave some interesting information relative to the making of shoes and illustrated it with different parts used in the manufacture of shoes. Gould Flagg presented him with the attendance prize, a TO SERVE.  
Ask yourself what the Ord club and Rotary International would amount to if every member contributed the same amount of time and effort to Rotary that you do. Would it be better or worse?

### VALLEYSIDE NEWS

(By Della Nass)  
Too late for last week  
A 10 pound baby girl was born to Mr. and Mrs. Will Fuss Thursday, April 23.  
Adolph Fuss purchased a new Buick touring car from Henry Bredthauer of Scotia Monday April 27.  
E. R. Foth bought a car the same day from Lynn Rogers of Ord that was of the same model.  
The Rural school meet was held April 24 at the fair grounds, Haskell Creek, Fussy and Valley Side were the schools that entered. In the morning there were scholastics and in the afternoon there were athletics. Valleyside came out victorious with but four points ahead of Haskell Creek. This made the meet very exciting and interesting. We hope more schools will enter next year.  
Mr. Babcock is driving a new-old puddle-jumper now. He formerly had a Chevrolet.  
Angeline Koelling, daughter of Mr. and Mrs. Will Koelling has been very sick since last Sunday. We all hope she will improve soon.  
The Lutheran Bible class are planning on having a social April 30 at Dave Bredthauer's.  
Miss Mary Sutton, county superintendent called at Valleyside Tuesday afternoon.

Frank Gross and Fred Culver, of Albion, were in Spalding Sunday for a short time. They were on their way to buy some cattle. Frank was a big up the Cedar where Frank expected Albion and just shipped out to Childefer this year on his farm near cago the past week. or less permanent community organ. We got out the first issue on the typewriter. It is mighty slow work to get out the number of copies we need on such a machine when we use the hunt and peck system. Our two newspaper members have kindly consented to set this up and print it for us alternately. We trust that we will all express and show our appreciation. We will welcome suggestions for the Oracle. It may be well for different members to take a try now and then in getting its material ready. Rotary International strongly urges that each club publish a weekly bulletin of some kind.

### Jottings

Gould Flagg and P. G. Howes plan to bring guests today. We don't know who they will be but we welcome them in advance. Every member should see that he shakes hands with every guest when he arrives. He should always have a pleasant word at the time of parting. Charlie Weekes makes the talk and Dad Wolters furnishes the attendance prize. Ed Tolson and Roy Collison talk the following two meetings and the prizes are given by Joe Barta and P. G. Howes.  
Did you notice the new window sign and the apple blossoms last week, gifts of Jim Milford?  
George Gard threatens to present us with a new song this week or the next. He says he has more time now that his speech is out of the way. We are glad to get them.  
Our club guarantees to sing the words of any song to the tune of any of the three or four songs that we know.

We trust that our flag and badges will be here for today's luncheon. It will likely be only a few days until we receive our charter. We have had considerable correspondence with Judge Rofely and Tom McLaughlin about the matter.  
Our Rotary Ann's deserve some kind of attention by the club in the near future. Possibly this can be arranged to occur at the same time we receive our charter. Judge Rofely tells us that his Rotary Ann will be here then. You will all enjoy making the acquaintance of Mrs. Rofely.  
There were 1900 clubs in Rotary International on April 15. There are doubtless 2000 today.

Ask yourself what the Ord club and Rotary International would amount to if every member contributed the same amount of time and effort to Rotary that you do. Would it be better or worse?

edness of vice-president Brown. We believe that he really feared that the North Loup man would be Rood to him.—Friend Sentinel.

The menu at the citizen's military camp this summer is lying before us and we are swallowing hard and often. For breakfast there is cantaloupe or berries, Corn flakes or oat meal, bacon and scrambled eggs, coffee, sugar and milk. For dinner, fresh vegetable soup, chicken, fresh string beans, creamed new potatoes, young onions, sliced cucumbers, bread, jelly roll, lemonade. For supper, beef steak and onions, baked potatoes, hot rolls, jam, iced tea and milk. We would like to post that menu in an assembly hall of the veterans of the sixties and hear the explosion. Surely Sherman's notion of what war is has tapered off considerably in sixty years.—York Republican.

Aurora has come back to the old plan of holding chautauques this year. For some years there has been a growing conviction upon the part of the chautauqua guarantors in the Hamilton county capital that a chautauqua concern ought to be able to operate without requiring a local bunch of business men to underwrite its financial success. In arranging for the 1924 chautauqua—it contracted

with a bureau which did not require a financial guarantee or much of anything except the moral support of the community. Fairly good support was obtained but the bureau so it claimed, did not fulfill its part of the agreement in every particular and so the chautauqua was not very satisfactory. Rather than risk it again, the Legion post decided to contract with a guarantee bureau again, and this arrangement was made for 1925 chautauqua. This does not alter the fact that there are still a good many citizens of Aurora who cannot figure out why chautauqua companies must be guaranteed financial success when other lines of business exact no such guarantee. And they have much company in Nebraska.—Schuyler Sun.

Country editors are supposed to be well seasoned to disappointments; but no previous experience, could have fortified the editor of the Scotia Register for the following experience: One fine morning a woman entered the office with a silver dollar in her hand. "I want to pay my subscription," she announced.  
Dale most gladly accepted for the dollar and thanked her. "Yes," she said, "We thought we would take you paper for another year. We can't get along without it."  
"Thank you," responded the editor glowingly.  
"It just fits the bird cage," she remarked as she turned to the door.  
Ask Dale what he said.—Loyalist.

A rattlesnake with twenty rattles was killed in Alliance last week. The reptile was first noticed when attacked by a fox terrier and in the struggle that resulted struck the dog just last heart. The snake died within five minutes. The snake had an age of twenty-two years, and it was four feet long and two inches thick.—Custer County Chief.

Mrs. Windsor Lloyd and little daughter are here from Nampa, Idaho, visiting her sister Mrs. W. F. Nieman this week.—Stromsburg Headlight.

Mrs. Windsor Lloyd of Nampa, Idaho, is the guest of her parents, Mr. and Mrs. Joshua Cox, and sister Mrs. Earl Williams of York, and her sister Mrs. Nieman in Folk. On Sunday Mr. and Mrs. Williams entertained at dinner at Hotel McCloud for Mrs. Lloyd.—York Republican.

Mr. and Mrs. Auble, also Mr. and Mrs. Kellogg, autoed over from Ord last Sunday and spent the day at Lake Ericson.—Ericson Journal.

Last week Mrs. Anton Stepanek moved here from Taylor and is occupying the home that was the home of her father Peter Goehring, who died a few months ago. Recently Mrs. Stepanek purchased a new Ford coupe and she had it in a garage at her home in the southeast part of the town (South Chicago.) Last Thursday morning when she went out to the garage the car was gone. It had been there the night before. It was locked and the garage locked, but someone either had a bunch of duplicate keys or was an expert lock-picker for they got in and took the car out and then relocked the garage door. There are no clues as yet. Mrs. Stepanek had the car fully insured and will not have to suffer an entire

## BUTTER NUT BREAD

If you have not been using Butter-nut Bread, try it. You will say it is the sweetest and best bread you ever ate. We get a shipment on the 10 o'clock train every morning and we always have it fresh, four kinds, Whole Wheat, Raisin and bran, besides the old reliable white bread, 3 10c loaves for 25c, 2 15c loaves for 25c. You can't get as much genuinely good nutrition anywhere else for two bits.

R.R. RAIL SECTION FENCE POSTS T-STEEL

Made by American Steel & Wire Company

A new principle in steel fence post construction—built like a railroad rail—will not bend, twist, buckle or work loose.

The large Anchor plate locks firmly into the ground while being driven—securing immediate anchorage.

Notches on the post are frequent enough to permit any or all line wires to fasten on both sides of post.

There are many other big features that you will like in Arrow Steel Posts. We will be glad to show them when you call.

Dr. Hemphill was the victim of a near serious accident Monday while in Greeley. He was sitting in his car talking to a friend when the friend cried, "Look out!" # SKULE NUZE

A department of school news edited by the students of the Journalism Department of the Ord High School

UNDER THE DIRECTION OF HALE C. COLE

### Senior Class Party

(By Dorothy Boquet)  
About 35 seniors, and all of the faculty, but Miss Morris and Miss Partridge met at the school house at 5:30 Tuesday evening and drove out towards North Loup about 6 miles to a canyon where they had a picnic. The refreshments were wafers, buns, marshmallows, pickles, coffee and apples. They enjoyed themselves by roaming about the hills picking flowers, exploring the canyon and lastly played games until about 9 o'clock when they returned home. All report a very good time.

### Junior High

(By Dorothy Boquet)  
The 7B had a Theatre Party for Miss Campbell, all members going to the show.  
The Junior High is going to have an exhibit and program Friday and are practicing up for the event. Some are going to give the playlet, "Rip Van Winkle," which they presented before.

During 8B Geography class, Darlene Johnson and Miss Campbell celebrated their birthdays by having a little birthday party, among themselves, ice cream and cakes were the refreshments.  
The campfire girls made good with their ticket selling show, Mary Pickford in "Dorothy Vernon of Haddon Hall."

### Band

(By Dorothy Boquet)  
The band left this morning for Lincoln where they will compete in the State Band Conference. The band will play at different towns between here and Grand Island and from Grand Island will play at York, Seward, and finally Lincoln. They will arrive in Lincoln about Thursday night and at 3:45 Friday, Chauncey Hager will compete for band solo honors. There are 8 other towns besides Ord competing. The band will play at 9:30 Saturday morning, and then stay in Lincoln till about 5 o'clock when they will leave for Ord. It is hoped the boys will be successful and bring home honors with them.

### Girl Reserves

(By Dorothy Boquet)  
Girl Reserves cabinet meetings were held Tuesday morning at noon to decide whether they are going to camp and when, and to elect the chairman for the other committees. Those elected for the offices were: Muriel Weekes, Music; Jeanette Blessing, program; Edith Byington, poster and Rose Kokes, social. These girls will also get to go to camp with the cabinet. The girls are planning on going to camp next week at Mortensen's country home. Miss Varney was elected sponsor for the coming year.  
An initiation of the new officers and farewell to the seniors is to be held Wednesday night, May 6, all mothers are invited. This meeting will be explained next week.

### North School Notes

(By Evelyn Bradt)  
Miss Nixon's fourth grade is studying the birds of this community and is going to take a field trip this week. Marjorie Woolery, Alberta Flynn, Lavon Barnard and Orley Worm have been visitors in this room the last week. They made May baskets for Art last week.  
Miss George's third grade had a May basket surprise on the second grade. They made crepe paper May baskets and gave each one of the second graders one filled with candy. They also fixed a May basket for each of the teachers. They are now studying Japan.  
Mrs. Charles Davis was a visitor Thursday.  
Miss Abbott's fourth grade are making a cemetery out of their sand table. They are burying their bad health labels. In language they are studying "Good Manners."  
Miss Hallen's second grade are making butterfies of clothespins and crepe paper. Eleanor Keep and Earl Woolery celebrated their birthdays last week. The second grade put on two little folk dances May Day on the court house lawn.  
The teachers of the North School held their monthly Study Club Wednesday evening. The text was "The Improvement of Teaching." (Freeland) Miss Hess and Miss Nixon gave reports.  
Mrs. Dyken's spelling classes averages are: 6A-99; 5A-98; 6B-92; 5B 94.  
Mrs. Stark's language classes are studying Indians and using these for Compositions work. All classes yesterday wrote a letter to Miss Siler and delivered these to the hospital to her. Last week as a demonstration of language work they all wrote to Robert and Marion Cushing, who moved recently to Scottsbluff, Nebr. First Grade and Kindergarten

### (By Evelyn Bradt)

There are two new folks in the first grade. Herbert Coffman and Ruth Davicus. Eino Zikmund has moved away.  
The kindergarten is studying birds and making birds and bird houses. They are also making pictures for Mothers Day.  
Last Friday Miss Misko was away and Avice James and Avice Johnson substituted for her.

James Campbell Wins Honors  
James Campbell and Mr. Colwell went to Hastings to attend the invitation track meet held there Saturday. James won first in the 220 low hurdles. He ran it in 27 seconds flat, setting a new record for the Hastings track. The record was 27 1/5 seconds. He missed the state record in low hurdling by one fifth of a second. He took part in two other events but did not win.

The cast of "Jerry the Outcast" consisting of Miss Kubicek, Miss Anderson, Miss Alice Nixon, Mr. Seveck, Mr. Colwell, Mr. Cole, and Clyde Seaman met at Mr. Gecks home Monday night and went to the New Cafe for a banquet. The ushers, Agnes Christensen, Bess Krahulik, Edna Koll, Della Benson, Musa Misko and Floyd McLain were also invited. A three course banquet was served and a very good time was reported by all.

(Continued from Page One)

that no objection would be offered to the skipping of this day, but that the class must, if leaving Ord, be accompanied by teachers, and would not be permitted to go more than 25 miles from Ord, and that Loup City would be considered within that limit. That the class, attended by teachers, went to Loup City on this day, and that plaintiffs son, together with several others, disregarding the instructions of the superintendent, went from Loup City to Grand Island. That for this disobedience of instructions plaintiffs son was expelled from the school for the balance of the school year and that by reason of this, the son would be prevented from graduating with his class. There are other allegations in the petition but as they are conclusions of laws of inferences they need not be considered. To this petition a demurrer has been filed, which in effect says, admitting that all facts well pleaded in the petition it still does not show that plaintiff is entitled to the relief asked. The plaintiff in support of his petition contends, first, that the rule made by the Superintendent was unreasonable; second, that the punishment inflicted on plaintiffs son by refusing to let him finish the school year is unreasonable and not commensurate with the offense. Third, that the only authority that the superintendent or board of education has to expel a pupil is that furnished by section 6326 of the Statutes of 1922, which provides that "the District Board may authorize or order the suspension from school, whenever in their judgment the interests of the school demand it, of any pupil guilty of gross misdemeanors or persistent disobedience." Fourth, that it cannot be said that the offense of the plaintiffs son constituted a gross misdemeanor or persistent disobedience and that, therefore, the Superintendent and the Board of Education exceeded their authority and that the pupil should be reinstated by the court.

The court would say first that where a pupil has been unjustly and unlawfully deprived of school privileges it is his right to apply to the court for an action in mandamus for a redress of his grievances. The court, however, will not interfere unless it is made clearly to appear that the action of the school authorities is without warrant or authority of law and is unreasonable and capricious.

In relation to the contention that the rule was not reasonable it is the opinion of the court that not only was the rule reasonable, but it was called for, and the Superintendent is to be commended for seeking to confine, within reasonable limits, the activities of the students on a day, which while a regular study day, had been appropriated by them and tacitly recognized by the school authorities as a day of recreation.

The contention by the plaintiff that the Board in this case must be governed by Section 6326 is unsound for the reason that this section applies only to country schools and not to city schools. This distinction, however, is not important in this case, as the court is satisfied that the action of the pupil in disobeying the instructions of the Superintendent and in breaking away from the teachers who were sponsoring the class, and driving some fifty miles further than the limits prescribed, constitute both a gross misdemeanor and persistent disobedience. It must be remembered that we are dealing with school laws and not the general statutes and

something that would not be in violation of any general law might be entirely subservive to school discipline. It must be remembered also that the class consisted of young boys and girls, that the day was a school day when they were supposed to be in charge of their teachers, that their skipping lessons on that day was condoned on the distinct condition that they should not go farther than 25 miles and must be accompanied by teachers. Under these circumstances the offense of the pupils was clearly a gross misdemeanor against the rules and regulations of the school. The disobedience of instructions was persisted in until the object was accomplished and no repentance was shown until after punishment was inflicted. This surely constitutes persistent disobedience within the meaning of the law. The court sympathizes with all parties to the unfortunate affair but it is clearly his duty to sustain the decree.

The school district and Supt. Cushing were represented by Attorney Munn & Norman and Davis & Davis represented Mr. Haught.

what was the trouble and to get the required amount of water. He has been on the job several weeks and last week told the city authorities that he was unable to get the amount of water wanted. A test was made and it was found that the well that had been made was throwing over 275 gallons of water and the supply in the well could not be lowered with steady pumping. It is fine water, pure and free from sand, and the supply, with what we already have, will be ample for the city for many years. In the settlement the supply was figured on a basis of 250 gallons per minute and \$6000 was paid. This pays for the motor and a 275 gal. capacity pump, with everything all installed, and it looks as though the city had made a mighty good deal.

ORD WINS FOURTH PLACE IN STATE BAND CONTEST

This might sound like a joke, as there were only four bands entered in the contest, if it were not for some circumstances that makes the Ord band showing, when points are considered, mighty good. The McCook band has 64 members and as there were to be but 30 members in the competing bands, 34 of the poorer players in the McCook band could be weeded out. Both the Lincoln and Fremont bands had more than 50 regular members and of course they kept the best players, while Ord had to pick up a player or two outside to make up the 30 required. Then the other three bands had been practicing for two or three years while the Ord band was recently organized, some of them having their instruments less than six months. Ord is smaller than the other towns and was supposed to be in class B until a week before the contest. They there being no other entries, Ord was placed with the other bands in class A and as the music was different they had less than a week to practice it, so they were at a disadvantage. People who heard them play in Lincoln could hardly believe they had been playing together so short a time. They have made a wonderful record and neither the members or their leader, Prof. Gecks, need feel ashamed at the place secured in the contest.

VALLEY COUNTY FEEDER TOPS CHICAGO HEAVY STEER MARKET

C. J. Mortensen of Ord, well-known banker and land-owner was owner of a shipment which topped the heavy steer market at Chicago May 7th, when they brought \$11.00 per hundred weight. There were 19 head in the transaction averaging 1355 each. The cattle were western bred Herefords which had been fed by Wm. T. Enger on a corn and alfalfa ration for seven months and were a smooth and beefy lot. The sale was reported as having been made on a market which had 15,000 cattle, including numerous consignments of long-fed stock, but few sold over the \$10. mark, which shows the top-notch quality of the Mortensen cattle.

WICKMAN-ENGER CASE SETTLED

The case of Fred Wickman against Oscar Enger and Son which was pending for trial last week, was settled out of court. The case grew out of the sale of the Wickman Drug stock to Enger & Son, the Engers deciding, later, that it was a bigger deal than they wanted and refusing to close the deal. Wickman sued for \$4,000. The Engers paid Mr. Wickman \$300 in the settlement.

SOME OF THE THINGS THE QUIZ IS DOING

The Quiz is using space this week on page 16 of the Arcadia section, to tell of the activities of the business aside from making a newspaper. Some people have the idea that all we do is to make a newspaper and print, now and then, a batch of note heads or sale bills. There are many other things besides that. We list this week and we propose to tell our readers about them from time to time, as space permits. We hope you will read our ad on page 16 this week.

NU-WAY CLEANERS USING LARGE SPACE THIS WEEK

We sometimes wonder if Quiz readers realize the value to the community of a place like the Nu-Way cleaners or the extent of the business done. You would probably be surprised to find that in addition to their cleaning they do four or five people busy as bees, six days a week. The Nu-Way boys do all kinds of work in their line of cleaning, repairing and pressing, and this work is turned out at much less than the same class of work in the city. In addition to their cleaning they do a regular tailoring business and carry a complete line of gents furnishings, much clothing, shoes, etc. Read their ad this week and go and see them.

SILK STOCKING PEDDLERS

Silk stockings are a favorite article of merchandise with house to house peddlers and the ladies of Ord are being asked to buy from these fellows who are here today and gone tomorrow, who never pay a cent toward the support of Ord schools, churches or other local organizations that we must have to have a town, and who charge as much, at least, as local merchants do for the same quality, and often times charge more for a poorer article. Surely there is no reason for not buying from the home people unless the same or better goods can be bought for less money elsewhere. The home merchants tell us that this cannot be done and if you will turn to page 8 this week and read what, nearly a dozen of them say on this one subject you will be convinced that you should at least give the home merchant a fair shake.

SHERIFF CHASES SPEED-ER ALL OVER TOWN

Valley County Sheriff Morn-ing Hours After Supposed Law Violator. Had Vision of Boot-legger.

Along about 2 A. M. last Friday Sheriff Rounds, who had been called to the court house because a jury was ready to report, saw a lone man in a big car, charging madly up the street. It was raining, the roads were slippery and the car was covering considerable more territory than it would, had the steers been dry. George always has his weather eye out for law violators and could see no reason for a sober man to drive such a wabbling course at that hour of the night and he promptly gave chase, thinking that the driver might be drunk, crazy or a bootlegger. Up one street they went then down another, first to the west part of town, then back to the east part and finally the bold bad man shook the sheriff and escaped and after scouring the town, George confided to a friend that the fellow had probably struck out for his home in Greeley county. George then went up to the court room where the judge, county attorney, clerk of the court, and some loafers had gathered to find out what the jury did in the case just finished. George was all out of breath from his long chase but he managed to tell about the wild man he had been chasing and who had finally eluded him, and George wondered in seven language where the heck he went. Then Judge Clements laughed and laughed some more and kept on laughing until George was almost mad and was going to fine him for contempt of the sheriff of the county. Then the following story came out. The judge, sheriff, court clerk, county attorney and reporter were all called. Judge Clements got into his car and was the first one down. After waiting a few moments and the others didn't come he said that he would go and get them. He jumped into his car and charged up to Hard-enbrook's home but all was dark and concluding the county attorney had gone down by another street he sought to catch up with him and he came back down. He didn't find Hardenbrook so went to another part of town to try and get other needed court officers and finally, after failing to find any of them, came back and all were waiting for the sheriff when he came in after his chase. He had been chasing Judge Clements and the judge had eluded him without knowing that he was very close to being arrested several times for speeding or some other terrible crime. George says he will sure get him next time.

CONTRACT IS CLOSED FOR BUYING NEW CITY WELL

It was a good many months ago that the city of Ord contracted with the Sickels Water and Production Co. to make a well that would throw from 400 to 600 gallons of water. Several months work on the part of the company failed to produce that good a well last year and in the fall the project was abandoned till the spring. Some time ago the company sent their expert here to see, if possible,

What Can CHIROPRACTIC Do for Me? AFFECTIONS of any of the following parts may be caused by NERVES impinged at the spine by a subluxated vertebra: BRAIN, EYES, EARS, NOSE, THROAT, ARMS, HEART, LUNGS, LIVER, STOMACH, PANCREAS, SPLEEN, KIDNEYS, SMALL BOWEL, LARGE BOWEL, GENITAL ORGANS, THIGHS AND LEGS. The answer is simple. If the CAUSE of your trouble is nerve pressure, and the chances are that it is, Chiropractic Vertebral Adjustments, given by a competent chiropractor with the bare hands alone, will relieve this pressure. The effect of this pressure is to impede the normal flow of Vital Force to all the organs of the body. This then gives rise to another force called disease. When the cause is removed the EFFECT disappears, for, without Cause there can be no Effect. If Chiropractic had not really afforded relief to hundreds of thousands of sick and suffering men and women during the last twenty-five years, the Searchlight would long ago have revealed that fact and Chiropractic would have died by the way-side. On the contrary, Chiropractic is now STRONGER than it ever was. Publicity has strengthened it instead of weakening it, and above everything else, this wonderful Drugless Health Science is for YOU and YOUR family. Investigate at once. Do not delay. Every day that you delay means that much longer for you to regain your health. Consultation and Spinal Analysis Free. DR. CHARLES MIZAR CHIROPRACTOR

(By Mildred Vodehnal)

Paul and Lydia Dana were absent from school and Mildred and Mary Vodehnal, Elfreda, Jensen, Alma Zikmund, Dorothy Seerley, Maxine Hafkell, Milo Bresley and Paul and Lydia Dana were absent from school Friday on account of the rain.

Arthur VanSlyke called on his 7th Sunday night, who I will mention later.

Sixty-five friends met at John Vodehnal's to celebrate their son Edward's birthday. The evening was spent in playing cards and dancing. Everybody went home wishing Edward many more happy birthdays and reported a good time. Mr. John Vokoun furnished the music.

Mr. and Mrs. Jim Adamek and Mr. and Mrs. Anton Adamek and children visited at Vincent Vodehnal's Sunday evening.

Mr. and Mrs. N. C. Christensen and Alvin and Agnes, Mr. and Mrs. C. E. Norris and Dr. and Mrs. Henry Norris and daughter, visited at Pete Jensen's Sunday.

Alice Seerley spent the week end with her folks Mr. and Mrs. Wren Seerley.

Charles Burdick called at Wren Seerley's Sunday night.

Mr. and Mrs. Vincent Vodehnal made an auto trip to Barwell Sunday.

Mr. and Mrs. Henry Van Slyke and daughters visited at Floyd VanSlykes Sunday afternoon.

Arthur VanSlyke, Chas. Lemaster, Louis Severson, John Lickly and son Deaton called on Roy Severson Sunday morning.

Mr. and Mrs. Chas. Dana and children visited at Frank Adamek's Sunday afternoon.

The M. Y. O. B. club met at Henry VanSlyke's Saturday night.

Mildred Vodehnal and Elfreda Jensen received their diplomas Monday. They successfully passed the 8th grade examinations.

Gay McMillen and little daughter Betty, from Long Beach, were in Ord the first of the week for a short time.

HOY DEW PIG MEAL

28 1/2% PROTEIN Method of Raising Hogs and Pigs Successfully REMEMBER THIS—THE MOST CRITICAL TIME IN A PIG'S LIFE IS LINGING TIME. If you take little pig mother's milk and put them on one feed all of a sudden without substitute for mother's milk you'll have trouble. You must have a Pig Meal high in available, digestible protein and as much mother's milk as possible. HONEY DEW PIG MEAL is the highest quality of all. HONEY DEW DOES IT, and oats exclusively are not a proper feed for little pigs at weaning time, as the little pigs at this time are not old enough to handle unbalanced feeds like corn and oats. The pig starts at weaning time either in success or failure. If wean themselves on HONEY DEW PIG MEAL without setbacks or trouble.

These five litter brothers weaned themselves on Honey Dew Pig Meal. Pig below was taken out of the same litter as the difference.

This pig weaned on corn and oats. Result—a runt in spite of his being the best pig of the bunch at the start.

Shoot Scale Test Producing Pork at 4c per pound

Scale tests on 50 pigs owned by Elmore Nauman, Mount City, Mo., weighed an average of 41 pounds per head at start. The 50 head of pigs fed a period 41 days on HONEY DEW PIG MEAL and nothing else except water. At the end of 41 days' feed, the pigs weighed an average of 90 pounds, making a net gain of 39 pounds of pork per head in 41 days. Each pig only consumed 41 pounds of HONEY DEW PIG MEAL and water, producing pork for less than 4 cents a pound.

How to Handle Brood Sows With Pigs

Feed the sow HONEY DEW PIG MEAL as a slop while she is nursing her pigs. By so doing you will increase the milk flow and the sow will not fall off in fat. In short, feed the pigs by feeding the sow while the pigs are nursing. We recommend for a 250 to 300 pound sow, one pound of HONEY DEW PIG MEAL and 3 ears of corn—and nothing else except water. Little pigs will wean themselves while running with the sows. After pigs reach 4 weeks of age, place HONEY DEW PIG MEAL in dry form in self-feeders with plenty of fresh water near the feeder. Fix a place where they can run in and out as they please to the feeder containing the HONEY DEW PIG MEAL. They will wean themselves in 8 weeks. No set-backs or bowel trouble.

Fattening Hogs Fed Honey Dew Pig Meal

As a balancer, will save half your home grown feed, with larger gains. Write for 12-page book of scale tests. Dealers and salesmen wanted.

The Aubles drove from Ord to Hastings several days ago and are enjoying their visit with their daughter. Gay McMillen and little daughter Betty, from Long Beach, were in Ord the first of the week for a short time.

They were guests of their relatives the H. B. Johnson family. Guy and his daughter had been visiting the former sister, Mrs. Wm. Hoffman at Burwell. Mrs. M. McMullen came to Nebraska also but she was at Fremont with her people. Guy and family will all come to Ord and Burwell later. While in Ord last week Mrs. Odo Hill of North Loup told us about her son Russell, who is traveling with the Harrison Redpath company in the south. There are twenty-eight people in the company and they are putting on Robin Hood. They travel in one large bus. Just now they are in South Carolina. This will be of interest to Ord people who remember the Hills, who formerly lived here. While at Ord last week Mrs. Hill and daughter Kate were guests of the Collipriest family.

SUMTEE (By Mrs. Ed C. Miller) Too late for last week Those attending the Odd Fellow banquet at North Loup Monday were Mr. and Mrs. Rude Inbody, Miss Vestal Inbody, Mr. and Mrs. Ed Miller, Mr. and Mrs. Theron Beehrle, Mr. and Mrs. L. G. Payzant and Leonard Thompson and a very enjoyable time is reported. Mr. and Mrs. Theo Miller departed Monday for Excelsior Springs where Mr. Miller expects to take treatment in hopes his health will be benefited. Mr. and Mrs. Thid Miller and son of Arcadia spent Saturday night and Sunday at the Earl Drake home. Fruit trees that last week were loaded with bloom and were giving promise of a great abundance of fruit have been badly frosted. Will Lambdin spent the week end with his mother, Mrs. Chris Haught. Mr. and Mrs. Bartholomew and son and Mr. and Mrs. Chas. Beerhle and two children spent Sunday afternoon at the Theron Beehrle home. The Springdale Kensington met April 24th at the R. A. Parker home. After reviewing previous lessons and attending to business pertaining to the club work Mrs. Emil Zikmund demonstrated the new lesson in nursing. This time we took up bandaging in all its different forms. This proved to be very interesting and also proved to many the fact that they could be of great assistance to an injured person and could greatly relieve pain, whether a broken bone or a bad burn. We also took up artificial respiration and how to revive a drowned person and also how to carry an unconscious or badly injured person. All of this may be of wonderful help to some of us. We all feel as though the nursing course and indeed all the different courses the state offers us will raise our homes and our lives to a better and higher standard. An enjoyable feature was the exchange of gifts each having taken an article she did not particularly care for and exchanging it for another. Mrs. Parker served a delicious lunch of fruit salad, cake and coffee. There were 12 members and 3 visitors present. Next meeting will be at the Cash Rathbun home.

Chance Given Criminals An interesting point in Arab life with regard to women is that a man on his way to execution is safe from punishment if he can lay hold on the skirts of a woman. Frequently criminals are blindfolded to prevent them from exercising this privilege.

Contributed Young ladies, would you guess it, are like arrows, don't you know. They cannot pierce a single heart until they get a beau. And like the arrows which without a bow can nothing do, young ladies till they get a beau are in a quiver, too.—Boston Transcript.

MILK ROUTE From JERSEY HOME FARM is now going We have made arrangements with a reliable man, Fred Clark to take over the distribution of our Dairy Products. Barring accidents we are in business to stay. Mrs. Coats and the boys and the old man will bottle the milk on the farm and Mr. Clark will deliver it to your door at the popular price of 10c a quart. Phone No. 384 and be on the route. The quality of our Dairy Products are well known in Ord. ERNEST S. COATS & SONS.

MY OWN COLUMN

(By H. D. Leggett) Fred Wickman went into the New Cafe the other day and ordered a couple of ham sandwiches. Rex Milligan took the order, went to the middle door and sticking his head out, bawled "Two ham sandwiches." Then he went out, and being gone quite a while Fred walked out into the kitchen and found Rex busy making the sandwiches that he had ordered, just as though there was a whole row of cooks there.

As a rule I have a pretty good time and things come my way about right most of the time but last week everything went wrong. First the Miss wrote up from Lincoln and told her mother she wanted her to come down for a few days visit and the Missus took kindly to the idea and announced that she thought she was going to a little vacation. I soon got used to the idea and was planning a fishing trip with George Work for Saturday and Sunday, when things began to happen. First Taylor announced that work was pretty well caught up and said he thought it a good time to go on his annual two weeks vacation. This didn't ball things up so bad and I told him that would be all right and to go along. Then Della had to attend a lodge doings in Omaha this week, and wanted to leave Saturday morning. This meant one operator gone, but still I thought we could help out. Then Mrs. Stacy said her eyes were bad and she would have to go to Omaha Friday to consult Dr. Gifford, we believe the gentleman's name was, and then it rained. By that time, though, I didn't care if it snowed and hailed, for so much of the help had disappeared that I knew I had to stay at home and work.

F. O. Edgecombe of the Geneva Signal says there are no reliable bootleggers in Omaha. Well, I suppose he knows. The story that Superintendent Cushing was being spirited away on account of the school case, when he

was seen to board the motor for Grand Island and Lincoln last Friday afternoon, proved to be unfounded.

I can see how a young and inexperienced boy might be wheedled into burning a barn on the promise of a large sum of money but I can't conceive of grown men falling for the promises of a double-crosser and putting their heads in a noose. I should think they would want to get the pay in advance.

Frank Edgecombe says he has been in Geneva for 31 years and that he attended church last Sunday for the first time in all those years and then he went only because the pastor of the Congregational church gave him a special personal invitation. At least that is the inference I draw from a short article in his Geneva Signal last week. I go to church oftener than Frank does.

There are lots of towns where there is a field for one good newspaper and where the paper that is there can be bought and where the buyer can make a good living by getting out a good paper, yet a lot of fellows will jump in and start a paper where there is no field for another paper, making it impossible for either to make a success. And the same is true of many other lines of business.

An Ord man says he was raised a Christian and has been a faithful church member all his life, but he thinks that the 18th commandment should be abolished.

Mark Tolen, handsome young post office employee and popular with everyone, and especially the ladies, invited an Ord young lady to accompany him to the dance Friday night. Then, along about 4 p. m. that day, with visions of being up late and having to be at the P. O. at 6 A. M. Saturday, laid down to take a nap. There was where he made a mistake, for he didn't tell anyone to call him in time for the party and it was just 11 p. m. when he woke up and it took him some time to get his wits together enough to know why he was sleeping with his clothes on. Then it came to him and he got buster than he ever

does with a rush of holiday postcards. He found his lady friend still waiting, or at least waiting, for the report is that she had considerable to say, but a big box of candy squared the matter, only Mark should have brought me a big box too.

## The Truth About Peddles

Every Ord woman and so of nearby communities as well, been called on to buy Hosiery only to find that they have been purchasing inferior grades of merchandise which they have paid excessive prices for.  
If a hosiery peddler should call on you listen to his story of "gains" in hosiery, and notice his prodigality. Then before you part with your money call on any of the merchants here represented and compare quality and price. We ask you to do for your own protection. We sheave it to your own judgment which Hosiery to buy. The home hosiery peddler's first trick to impress you is to run a nail file up and down the stocking and to stretch it (the edge of a door to show its strength and immunity to tears. Do be fooled by these so-called tests; they can be done with any stocking of quality.  
In buying merchandise from our local merchant you are assured of double protection. First, the ability and standing of your local merchant and second, the satisfaction of buying nationally advertised goods.  
Another thing to remember that you may purchase only one pair of hose or more if you like from home merchant, whereas the hosiery peddler insists that you buy at least a pair. And keep in mind that what applies to Hosiery also applies to all merchandise.

### CHRISTIAN CHURCH.

G. O. Bell, Pastor. The regular services next Lord's day with the exception of the evening preaching services which will not be conducted. You are invited and welcome to attend these services. The Union meeting at the Methodist church for the Baccalaureate sermon will take the place of the evening service is always a great help in living. Attendance in the mid-week prayer service is always a great help in living the Christian life. We hope to see a large crowd out at 7:30. Choir practice at 8:30. Mr. Janssen was out of town last week but he will be in charge of the practice again this week.  
There was a good attendance and a very fine discussion in Endeavor Sunday night. May we have Endeavorers prepare again for another good meeting Sunday night at 6:45?  
Bible school attendance was 208. The primary classes had 11 more than their enrollment, while the Seniors lacked only two of meeting theirs and the Adults were only six short of their number.  
The rainy evening for the Womens Missionary Society did not decrease the attendance very much. Mrs. Hansen reported 22 in the meeting. Mrs. Ed. Mitchell led a very fine meeting about two mission stations in China. This is one department of the church where interest never fails to keep the membership working to do their share in giving the glad tidings to the lands without Christ.  
The Ladies Aid had a Kensington in the church basement Wednesday afternoon. Mrs. Ed. Hansen is chairman of the refreshment committee. Pressed chicken, rolls coffee, angel food cake, and whipped cream were served.  
Several men of the church gave the program for Mothers Day. J. W. splendid selections during the service.

### METHODIST CHURCH NOTES

The Sunday School attendance for last Sunday was 328. Mrs. Hagers class was the only one having 100 per cent attendance. After the lesson period Mrs. Hardenbrook sang Mother of Mine, in her usual pleasing manner. Superintendent Rogers called attention to the State Sunday School Convention to be held at Beatrice May 19, 20 and 21. Four nationally known Sunday school workers are to take part in this gathering. Anyone in the school who can do so is urged to attend this convention.  
At the morning service Rev. Maynard preached a fine Mothers Day sermon, using Luke 2:51 as his text and paying a worthy tribute to the mothers of the world who have played so large a part in the affairs of nations by raising sons and daughters and inspiring them to do worthy things in the world. At this service Miss George sang a beautiful song of mother love with a chorus by the whole choir.  
For the evening service Mr. Maynard was out of town and County Attorney Hardenbrook gave a fine address on good citizenship and the need of law enforcement. This address was well worthy of hearing as Mr. Hardenbrook brought out many thoughts worthy of serious consideration. The orchestra played three splendid selections during the service.

Both services were well attended, especially the one in the morning when the auditorium was filled. The church was beautifully decorated in honor of the day with pink and white crepe lattice work on the pulpit and altar rail and other available spaces. Beautiful bouquets of red and white cut flowers were used in abundance and a number of blooming potted plants and ferns were used, which made a pretty setting for the service. Miss Nina Smith, Mrs. J. J. Gecks, and Mrs. Archie Washburn were the committee who did this work.  
An enjoyable service of the day was at 6:30 when the Epworth League entertained their mothers at a Mothers Day program and luncheon. For the program two hymns were sung and the Lord's Prayer repeated in concert. Miss Ella Stowell sang "Mother, My Dear," very sweetly. A drill describing the mothers of several lands was given by five little folks in which Viola Flynn took the part of an American child, Leota Auble, a Dutch child, Eloise Maynard, a Japanese child, Eldon Benda, an Italian child, and Deane Travis a French lad. These children took their parts very well. Miss Carlota Davis favored the company with a well rendered piano solo, after which the committee in charge served delicious lunch, which was much enjoyed.  
After the lunch the election of officers was held with the following results: Chester Hackett was chosen president and Miss Edith Byington, who will have charge of the devotional part of the work will be first vice-president. For the missionary or second vice-president Miss Beulah Puleen was chosen for the summer months and Miss Iva Hess for the school year. For the third vice president, who has charge of social service, Miss Evelyn Mason was chosen for the summer and Miss Alice Nixon

for the school year and for fourth vice president who has the social work, Miss Alice Maynard was chosen for the summer and Prof. Colwell for the school year. Miss Hazel Hackett was chosen secretary and Claude Roe treasurer. Miss Edna Moore will have charge of the music and Miss Ebba Olsson the publicity work. These new officers will be installed at the evening service on May 24th. Miss Gertrude Nixon gave an interesting report of the Epworth League convention she recently attended.  
For the Bible study at the prayer meeting this evening the 5th and 6th chapters of Revelations will be used. Brother Maynard is conducting very interesting lessons and he extends a cordial invitation to every one to attend them.  
We extend a cordial invitation to all to attend the services next Sunday; the Sunday school at ten o'clock and the regular preaching service at 11. In the evening Rev. H. W. Hansen of the Presbyterian church will preach the baccalaureate sermon to the senior class in this church at 8 o'clock.

Jerd Fords of Arcadia visited at J. H. Eyerly's Sunday.  
Mr. Burt, the piano tuner of Aurora is working in this neighborhood.  
The Township board met Tuesday in regular session with all members present. The usual business was

transacted and several bills were allowed. The bills amounted to more than usual but much of it was for road improvement. Two bridges had to be built in Malden Valley as the others were too dangerous to use.  
Mrs. Rollie Doty and children arrived Tuesday morning from their home in McFall, Missouri. They expect to spend the summer here as guests of Mrs. Doty's parents, Mr. and Mrs. John Hazelbaker.  
Lois Green spent Friday and Saturday in Burwell returning Saturday evening via auto. Effie Harrison and Vivian Van Allen of that place motored down and visited at the Ray Bryan home returning Sunday afternoon.  
Mrs. Ira Ballard was a passenger to Ord Tuesday morning of the past week to get relief for a very painful shoulder. She is making very good on her chicken farm, gathering several dozen eggs each week and shipping out at least 150 dozen a week.  
Mrs. Ray Gipe and boys of Olean came down Thursday and spent Friday with her parents Mr. and Mrs. Art Watts, returning on the passenger Friday evening.  
Ruby Babcock and Arvada Van Horn celebrated their birthdays by inviting a few friends to the home of the former to spend Sunday afternoon. Merle Davis drove some friends out from town. Those present were: Doris Davis, Minnie Hamer, Augusta Green, Esther Bee, Margaret Petty and those before mentioned. The hostess served a delicious supper of potatoes, chicken, buns and butter, light and dark cake and ice cream. The usual good time was enjoyed.  
A shower was held for Eva Hill on her birthday May 13. Her address is Mrs. Eva Hill, 712 South 13th St. Lincoln, Nebraska. Although it may be late to send now she would be glad to hear from you. We miss her smiling face and kind words.  
At the "Better Baby Week" clinic held in Omaha last week, little Lighton McGinley son of Dr. and Mrs. L. E. McGinley of Omaha received high honors and a score of 99% which is the highest given by the clinic. Needless to say his grandparents, Mr. and Mrs. W. H. Schultz are real proud of him.  
The Ord High School band passed through the village early Thursday morning on their way to Lincoln where they were to enter the statewide contest of high school musical organizations. They played several enjoyable selections here.  
The American Legion Auxiliary met Monday night May 8 with Margaret Schudel presiding. Plans for future work was discussed. It was decided to make an effort to increase the membership. A contest was organized and captains for the two sides appointed.  
Bills were allowed and a lunch of fruit salad, light and dark cake and coffee was served by the entertainment committee. If any one is interested let your names be known to the ladies auxiliary. Plans are also being made by both the Legion and Auxiliary for Memorial Day.  
Mrs. Nathan Thomas went to Alma Thursday to spend Mother's Day.

Your Creamery Market

Omaha creameries have made the production of milk in this territory a far more profitable business, resulting in an increase of many millions of dollars annually in the income of the farms. The cash they pay on delivery for the cream, furthermore, affords the farmer a source of ready money the year round.

They are a big asset to the Omaha region. Let us send you free booklet, "Nebraska's Creamery Business."—Write CHAMBER OF COMMERCE—Omaha

**Polarine "F" for Fords**

Look for the Polarine sign

**F**ew cars will stand more or work harder than Fords. But they always have had certain peculiar habits. Their brake bands and transmission bands get glazed and alternately slip and grab.

To develop an oil that properly lubricates the motor, timing gears and transmission, has been no simple or easy accomplishment.

But Polarine "F" for Fords does all these things. Introduced to Ford owners of Nebraska in 1924, it has stood the test. Thousands of motorists use it regularly and report that it does all that we promised.

If you have not tried Polarine "F" you have a pleasing experience ahead. Next time you have your crankcase drained get it filled with Polarine "F" for Fords. It will cost you no more than Polarine Medium, but it will give you a smoother-running, quieter, better lubricated car.

Drive up to any Red Crown Service Station where you see the Red Crown sign, and be sure of proper lubrication and balanced gasoline.

**No Increase in the Price of Firestone FULL-SIZE GUM-DIPPED BALLOONS**

The extra quality built in by the extra process of Gum-Dipping, the economy of these wonderful tires and the added mileage obtained from them during the past two years, has created such a large demand that over 75% of Firestone's mammoth production is now Balloon Gum-Dipped Cords.

This has greatly increased the total sales volume and the huge Firestone factories are now working on a 24-hour schedule to supply the demand.

This large volume, produced under the most economical tire manufacturing methods, permits Firestone to sell these extra-process Full-Size Balloons at no extra cost to car owners. And this in the face of greatly advanced cost for crude rubber brought about by the operation of the British Rubber Restriction Act.

Gum-Dipping means longer mileage—greater economy—at no extra cost to you!

Enjoy the safety, economy and comfort of Balloon Gum-Dipped Cords this summer. Let us equip your car now at low cost—with liberal allowance for your old tires.

### NORTH LOUP FRIENDS CHURCH NEWS

(Continued from Page Nine)  
The Gospel team and the male quartet from Central City will be here and give us a special treat by way of songs and preaching Saturday evening and Sunday morning. We want everybody that possibly can to come out and hear them.  
We will not have any church services Sunday night. We want every one that can to attend the services at the Methodist church.  
Choir practice has been announced for Wednesday night and our prayer meeting Friday night. We have taken up the study of the Sunday school lesson for our prayer meeting and it sure is a big help. We would be glad for anyone who would like this help on the lesson to meet with us. Mrs. Barnes will be the leader next time.  
Ruth Ingerson led the Endeavor Sunday night. Where and How to spend Sunday was discussed. This is a good subject for all of us to think about. Are we spending the Lord's day as we should. The lesson next Sunday night, "How to make the most of Summer" could be discussed in with some other lesson in the near future. This is a good lesson and we should not miss it entirely.  
Our pastor preached Sunday morning from Proverbs 31: 10-28. The subject was in keeping with Mother's Day and the mothers in the Bible were talked about and especially the mother of Moses. The power of mothers love and kiss, and of mothers voice. Paul said to Timothy you owe a great debt to your mother.  
Mr. Hawks told the story of the boy in college and the old father and mother went to visit their son and he called them Mr. and Mrs. and treated them as old neighbors before his college chums. How they went home broken hearted because of the cool treatment they received. Then he told of the young man who went through college by the help that his mother could give him from money earned by working and on the night of his graduation he was presented with a medal for good scholarship. He called his mother to the platform and pinned the medal on her saying if he deserved any honors it should be given to his mother. I am sure Mr. Hawks' sermon was enjoyed by all.  
Mrs. White gave us the treasurers report Sunday morning. It is a real help to have this report given often.  
We were glad the choir went ahead Sunday morning even though Mr. and Mrs. Robinson were not there.  
The flowers Mrs. Weed and Mrs. Wheatcraft brought Sunday morning were greatly appreciated.  
With some one from our S. S. might attend the state convention held at Beatrice next week.  
Sunday night we had a drill on naming the women of the bible.  
Our pastor preached on the great things women had done. The life of Deborah was taken as his text. He talked of Elizabeth Frye in reforming the prisons of England, and Flor-

ence Nightingale as starting the Red Cross. Frances Willard and her work in the W. C. T. U. We are glad for that lives of these women. But there is still work to be done to make this a better place for our boys and girls. We do not need to look outside of North Loup to find where reform is needed. May God send the day when there will not be so many temptations in the way of our young people. These last few thoughts were not a part of Mr. Hawks sermon, but a burden on the heart of the writer for our young men. May we all work and pray for the upbuilding of this old world. Beginning first in our little village.  
We are glad Mrs. Eyerly is better and hope she will soon be able to come to church.  
Say folks don't forget the Central City young men will be at our church Saturday night and Sunday morning. Come Sunday morning at 10 o'clock so you will be in time for Sunday school. We have a good Sunday school and want you to meet with us.

Preparations are being made to build a bridge on the road south of the George Combs place. Mr. Sheldon has charge of the work.  
A very interesting write-up of Arbor Day was given in the loyalist this week by Mrs. W. G. Root.  
T. N. Bennett, one of the early settlers near St. Paul and one of the best known men in the Loup valley in the early days, died at his home in St. Paul a week ago Sunday. Mr. Bennett homesteaded in the North Loup river north St. Paul in 1872. He made his home on the farm for a number of years and then moved to St. Paul and engaged in the grocery business. Later he became a traveling salesman and after giving up his work on the road became water commissioner in St. Paul. He would have been 78 his next birthday. He was very active in social, church, civic and other affairs in his home city, was a man of strong convictions and one who made and held friends.

Mrs. Paul Robinson left Thursday non for Grand Island where she was the guest of her parents Mr. and Mrs. Tulley, who recently returned from spending the winter in Florida. D. Phillips, wife and daughter left Monday morning by train for Lincoln where he will attend the state medical association May 11 to 16. His office will be closed while he is absent.  
Beulah Willoughby was in Scotia between days.  
Mrs. E. H. Stevenson who has been the guest of her daughter, Mrs. Doc Foster returned to her home in Lincoln Tuesday morning.  
Inez Hutchins and Professor Hansco returned from Scotts Bluff Sunday, where Inez entered the decorations of various colored carnations, white calla lilies, pink roses and geraniums.  
There was special music, the choir singing a beautiful anthem "I am wearing a flower for you Mother, Dear" and "My Mother" as a duet by Esther Babcock and Mrs. Polan.  
There was also special music in Sabbath school, a duet by Kathrine and Marjorie Green, "The Mother is Best."  
Little Mother of Mine was sung by Floyd Hutchins.

Seventh Day Baptist Church  
The pastor gave a very good Mother's Day program from the text 1 Kings 2:19, Sabbath morning.  
There were beautiful decorations of various colored carnations, white calla lilies, pink roses and geraniums.  
There was special music, the choir singing a beautiful anthem "I am wearing a flower for you Mother, Dear" and "My Mother" as a duet by Esther Babcock and Mrs. Polan.  
There was also special music in Sabbath school, a duet by Kathrine and Marjorie Green, "The Mother is Best."  
Little Mother of Mine was sung by Floyd Hutchins.

Junior lesson was on 'Honoring our parents', the leader being Margaret Root.  
The C. E. held a leaderless meeting. Next week the meeting will be held at Mrs. Navey Swans. Fern Barber is to be leader under the charge of the Missionary committee. Leona Thorpata. Special music is also being arranged.  
The young people of the church under the leadership of the C. E. social committee will entertain in

honor of the S. D. B. members of the graduating class at 8:30 of a breakfast in the church basement.  
An unorganized parent-teacher association met Sunday evening because of the interest created in the Temperance lesson the week before. There was a good attendance and many things along that line were discussed.

### OLSON CASE ENDS IN CONVICTION IMMEDIATE SENTENCE IS GIVEN

For Second Time Alleged Fire Bug Feels Heavy Hand of Law. Alleged Attempt to Get Main Witness Out of Country Proves Boomerang.

It was nearly seven o'clock Saturday evening and shortly after they had been taken to supper, that the 12 men who composed the Olson jury, sent out word that they had arrived at a decision. The Court, attorneys and interested parties were at once notified and it was a few moments before seven when the jurymen filed into the room. It was not yet eight o'clock when the defendant, Frank I. Olson had received his sentence of not less than 2 years and not more than 5 years in the state penitentiary and to pay the costs of the case.

It was evident that the verdict of guilty was not unexpected by Mr. Olson and his attorney, Judge Corcoran for the latter even waved the polling of the jury, merely stating, when asked by Judge Clements, that he didn't care for that formality and that he would present a motion for a new trial as soon as judgment of the Court was pronounced, thus indicating that himself and client desired a n immediate sentence. As soon as the jury had given its decision it was excused by Judge Clements, who thanked the jurymen for their service and complimented them upon the splendid service they had rendered, their close attention to the business in hand and their service to the state in doing well the work given them to do. It was one of the best juries ever empaneled in Valley county to hear a lawsuit being made up entirely of well to do farmers of the highest quality of citizenship.

Mell Bower of Davis Creek was foreman of the jury and the personnel was as follows: Roy Colman Ivan Canedy H. G. Bryan Jos. Hoon Dick King Wm. Brechbill C. E. White Mell Bowers Frank Nelson Ray Cruzan Albert Plock A. J. Meyers As soon as the jurors had departed for their homes, which they were glad to do immediately after 36 hours of work in the jury room, Judge Clements pronounced sentence and in doing so used the following language: BY THE COURT: Mr. Olson, you may stand up. (Defendant Frank I. Olson stands up.) BY THE COURT: Have you anything to say why the judgment of the Court should be set aside? (Continued on Page Two)

#### NEXT MONDAY CHARTER DAY FOR LOCAL ROTARY CLUB

Next Monday, May 25, is Charter Day for the local Rotary Club. On the evening of that day high officials of the Rotary International will be in Ord to take part in a program, the culminating thing of which will be the delivering of the charter to the local organization. It is expected that a good many Rotarians from Grand Island, Broken Bow, Callaway Central City and perhaps other further away will be here on that occasion, according to President Clarence M. Davis of the local organization. Many, with their families, have been invited to attend and the program there will be a banquet. The local membership of the Rotary Club consists, at present, of Clarence M. Davis Roy Collison R. J. Stoltz H. D. Leggett Irl D. Tolson Wm. B. Barts P. G. Howes Bill Wolters C. W. Weekes C. A. Hager James Milford Wm. Heuck Gould Flagg

The club has luncheon room in the basement of Tolson building and all gather each Monday at 12:30 and spend an hour together, singing, eating, visiting and enjoying a short program. Almost always the attendance is 100%. Dishes have been bought, an electric stove and a piano will soon be installed and additions will be made to the membership as soon as the charter is received, which is as soon as it could be done under the rules of the organization.

#### MEXICAN GOLD MINE RECALLED

A good many years ago a number of Ord citizens bought stock in a Mexican gold mine and then a revolution came along and run the Americans out of the country. Recently the Mexican country has shown a disposition to right the wrongs done individuals at that time and Date Auble and John and Anton Beran drove to Broken Bow this morning to attend a meeting to talk the matter over and map out a course of action.

#### HAIL INSURANCE

We are covering damage to growing crops by policies of the St. Paul Fire and Marine Insurance Co., the originator of hail insurance, some forty years ago. Cost compares favorably with the State plan of last year. Call, or if you phone, we will call on you. The Capron Agency, Ord 8-4.

#### FIRST LOCAL STRAWBERRIES

Prospects are for a splendid crop of strawberries in Valley county. Mr. W. H. Harrison is the first man to report a mess from his own patch. There may be others. He went to the trouble to cover the berry patch when it got down to the freezing point and saved the first crop in that way.

#### SPECIAL HAT SALE

Beginning at 9 a. m. Saturday, May 23, I will close out all my hats at \$2 and \$3. Bon Ton Shop. 8-14

#### ORD SOCIETY NEWS

The Ever Busy club met last Friday with Mrs. Don Tolbert. The next meeting will be with Mrs. A. J. Ferris.

The O. O. S. club members are meeting this afternoon with Mrs. Archie Bradt.

Mrs. W. E. Wolters and Miss Maude Jackman gave a 7 o'clock dinner and a miscellaneous shower at the Wolters home Wednesday evening in honor of Miss Helen Campbell.

The Rebekah Circle met last Friday afternoon at the home of Mrs. W. M. Carlton and it being the birthday of Mrs. Lela Palst, she was given a handkerchief shower. There was a birthday cake and a luncheon suitable for the occasion.

The Jolly Sisters took well filled lunch baskets and went to the home of Mrs. Tom McClatchey last Tuesday afternoon and all had a delightful time and Mrs. McClatchey says the visit did her a world of good. The next meeting will be at the home of Mrs. Dick Nelson.

The Les Belle Femmes were treated to an auto ride by their hostesses, Misses Thelma Partridge and Lillian Hansen last Monday, after which they went to the New Cafe for a 7 o'clock dinner.

The Royal Neighbors Kensington was well attended at the home of Mrs. Barney Brickner last Friday evening in spite of the rain and the hostess, assisted by Mrs. Frank Norman, served a delightful luncheon.

There was a surprise party Tuesday evening at the August Peterson home in honor of the 5th wedding anniversary of Mr. and Mrs. Forrest Johnson, who had been invited for a 7 o'clock dinner while the other guests arrived at 6:30. Plates were laid for 21 guests. The affair proved a complete surprise to the Johnsons who were presented with a beautiful gift.

The Happy Home club had a delightful time last Thursday afternoon at the Mrs. M. Kase home.

The D. D. O. club had a very enjoyable time last Friday afternoon at the Mrs. R. C. Bailey home.

The So and Sew club is meeting today with Mrs. Edna Parks.

The mothers party given by the P. B. O. members last Saturday afternoon at the home of Mrs. L. D. Milliken was a most enjoyable affair. A smiling contest was an enjoyable feature of the program in which each lady was to wear a continual smile but not laugh or talk. The three ladies who won were Mrs. Fred Keuhl Sr., Mrs. George Parkins and Miss Ella McCord. Mrs. Keuhl was awarded the prize. There were other entertaining amusements and a short program. Little Dorothy Auble sang in a sweet manner a selection suitable for Mother's Day. Mrs. Chas. Goodhand read an instructive and beautiful selection on mother's love and duty and a delicious luncheon was served. Each member was allowed to bring a guest and the visitors were Madams L. D. Pierce, Frank Serben, Fred Keuhl, Clarence Blessing, W. H. Hansen, James Ollis, C. A. Hager, George Russell, Florence Chapman, George Parkins, Nellie Coombs, Geo. Work, Fred Coe, Peter Hallen, C. C. Shepard, William McMullen and Miss Ella McCord.

The Les Belle Femmes club treated themselves to a six o'clock dinner at the New Cafe Thursday evening after which they enjoyed a theatre party. The time is drawing near when several of the members who are Ord teachers will leave and this was a last get-together affair and was much enjoyed by all.

#### HARDENBROOK HEADS DRIVE

At the request of the members of the local post of the American Legion, Bert M. Hardenbrook has consented to head, a committee to raise the local allotment of the five million dollar endowment campaign of the American Legion. The income from this fund is to be used only in the care and education of orphans of ex-soldiers.

Prominent men everywhere have endorsed this movement. Governor Adam McMullen is state chairman. Other members of the State Committee include Walter W. Head, A. J. Weaver, Samuel R. McKelvie, A. N. Mathers, Dan V. Stephens and a large number of others prominent in the state. The week of May 25th to 30th has been set aside as Endowment week. Seldom do people have the opportunity to give to a more worthy cause. It is a public duty to help in caring for the orphans of those who made the great sacrifice for their country.

#### BUTTERNUT BREAD

Bradts recommend their 23 ounce 15c loaf for sandwiches. This is a heavier loaf than some other large loaves by several ounces. They also recommend their 16 ounce hard roll loaf at 10c for loaves. They also have a large trade on their 10c raisin rye and whole wheat loaves. 8-11

#### ORD HIGH SCHOOL BACCALAUREATE SERVICES

The Baccalaureate services for the class of 1925 of the Ord high school were held at the Methodist Episcopal church Sunday evening, May 17. The service opened with the processional played by the high school orchestra under the supervision of Miss Thelma Partridge Music Supervisor in the Ord schools. The members of the Senior class, impressively arrayed in their gray caps and gowns, filed in singing How Firm the Foundation. They were followed by the juniors and the high school faculty. While they remained standing Rev. R. L. Brill of the United Brethren church offered the invocation. The orchestra then played the selection, The Princess of India. The orchestra has developed into one of the splendid musical organizations of Ord and the compliments upon their work were numerous.

The Scripture lesson was read by Rev. E. H. Maynard of the M. E. church. The lesson was taken from Ecclesiastes 9; 10-12, Hebrews 12; 1-2, First Corinthians 9; 24-27. The text was taken from First Corinthians the ninth chapter and the twenty-fourth verse: "Know ye not that they which run in a race run all, but one receiveth the prize? So run that ye may obtain."

Following the reading of the scripture prayer was offered by Rev. Bell of the Christian church. The Baccalaureate sermon was then delivered by Rev. H. W. Hansen of the Presbyterian church. In his sermon, Rev. Hansen urged the members of the class to be careful in their estimation of the values of different things which life has to offer. That they bear in mind the old saying that "All that glitters is not gold. They were asked to take Christ as their leader and the Bible as their guide and thus equipped they could press forward with confidence, knowing that success will be theirs.

The Girls Glee club of the high school then sang a number which was followed by the benediction of Rev. R. L. Brill. As a recessional the entire class sang Holy, Holy, Holy. The church had been beautifully and appropriately decorated by the Junior class.

#### LEGION WILL HAVE CHARGE OF DECORATION DAY EXERCISES

As has been the case for the past few years, the Legion will have charge of the Decoration day exercises. An interesting program is being arranged and it is hoped that many citizens will forget business as far as possible that day and assist, at least by their attendance in making the exercises of the day interesting and enjoyable.

Mrs. Ernest Hill returned last week from Lincoln. She received honors last week while attending the convention of Pythian sisters. She was selected to fill the position of Junior Grand Chief the coming year.

#### HIGH SCHOOL ALUMNI BANQUET

The annual alumni banquet of the Ord high school will be held at the Pythian hall on Tuesday evening, June 9. The officers of the Association met Monday morning at the office of the President, Dr. F. L. Blessing and made tentative plans for this year's banquet. The officers are Dr. F. L. Blessing, president, Irl D. Tolson, Vice-President, Bess Stacy, Secretary and Horace W. Travis, Treasurer.

The date for this year's banquet has been fixed somewhat later than last year to enable those who are attending schools out of the city to get home for the affair. Some of the summer schools start on June 8th, but it is thought that those who wish to attend can do so and register a day late. It seemed that this was the only date available that would accommodate all.

Reservations should be made as soon as possible with the treasurer, Horace W. Travis. Those who wish to be assured of places must have their reservations in not later than Saturday June 6th. Return post cards, are to be mailed out to all members who are asked to indicate the number they wish to reserve and return them at once. Thelma Partridge and Superintendent Cushing have been appointed to arrange the program and select the various committees. Husbands and wives not members of the Association may accompany husbands and wives who are members. There were over two hundred at the banquet last year and it is expected that there will be at least that number this year.

Many out of town alumni have already made plans to attend. Reservations must be made if the committee is to know the number for which the preparations must be made.

#### MAIL CARRIER MCBETH HAVING HARD LUCK

Lyle McBeth, new mail carrier on route 1, had a streak of bad luck last week. He recently bought a new Ford to make his route with and on one of his trips he burned out all the bearings. The next day he borrowed a car to make his trip while having his own repaired and in some manner ran off the grade and rolled over two or three times, mashing up the borrowed car in great shape. He was not hurt, personally.

#### NOTICE

Next Sunday morning the annual Memorial service for our soldier and sailor dead will be held in the Methodist church. This is a union service. Rev. Bell of the Christian church will preach the sermon and Rev. Maynard will pay tribute to those members of the G. A. R. who have died since last Decoration day. Rev. Brill and Rev. Hansen will also have parts in the service. A special invitation is extended to the Spanish War Veterans, the American Legion and the Legion Auxiliary to meet with the G. A. R. people in the service.

## Memorial Day Proclamation

Memorial Day by law and by custom has been dedicated by the American people to the precious memory of our fallen brave. It is fitting at this season of vernal bloom, when nature awakens to new life, that our thoughts should turn to those who gave for our protection their lives. That we pay tribute of respect and reverence to the martyrs of our country.

Throughout the length and breadth of our country, on Memorial Day the Nations pulse throbs in unison with ours, and the millions of free citizens of the world's greatest republic

pause in the midst of their varied interests and labors to make this tribute of love and devotion to their honored dead.

THEREFORE, I, J. C. Rogers, City Mayor of the City of Ord, respectfully ask that the people of this vicinity lay aside their usual occupation on May 30, 1925; that all business places close between the hours of 10:00 o'clock A. M. and 1 o'clock P. M. on said day and that all join in the proper observance of the day.

Given under my hand this 20th day of May, A. D. 1925.

J. C. ROGERS, City Mayor

#### THE SENIOR CLASS PLAY

The senior class of the Ord high school presented their three act play, "The Path Across the Hill" to a splendid audience at the Ord Opera house Thursday evening. They had planned to repeat the play Friday evening but on account of the heavy rain that fell in the late afternoon decided to postpone it until Tuesday evening.

The play itself was a trifle heavy for amateurs but a well selected cast gave it a very acceptable interpretation. The plot centered around the efforts of Samuel Crawford, grandpa, to shield the grand daughter, from the disgrace that came to the family as the result of her fathers embezzlement of a large sum of money. The role of grandpa was taken by Kenneth Jensen and the equally difficult role of grandma was taken by Edna Koll. Their work was of a high order and deserves special commendation.

Claude Roe had the part of the relentless one who was devoting his life to running down the one responsible for the ruin of his fathers bank. Viola Barta, the grand daughter, played well the part of the unassuming and modest country lass who was thoroughly appreciative of the home that had been provided for her and her orphan brother Walter. The latter part was taken by Wesley Pierce. He was the typical happy-go-lucky youngster in his teens and he carried his part to perfection.

Paul Bartlett, as Dr. J. J. Reed, infatuated with the grand daughter, is carried away with the cunning wiles of Flo Gray, represented by Hilda Meese. Hilda and Dan entered thoroughly into the spirit of the play and their splendid work contributed very materially to its decided success.

Charlotte Baird as the unsophisticated little girl who was hoping that some city girl would not romp away with the affections of Walter very cleverly handled her part and should be classed as one of the real stars of the cast. Chester Hackett and Musa Misko as Mr. and Mrs. Salamander Alexander or John Henry Jones, colored puss and servants in the Crawford home gave the play just the proper amount of humor.

Between acts the high school band played and a special act was given by Leota Auble and Viola Flynn, two little girls, in Miss Gertrude Nixons fourth grade. The play was a financial success and the class officers, Hale C. Cole, Clara Morris and Helen Kubicek are to be congratulated in presenting to an Ord audience such a well-trained cast.

Little Maxine Leschinsky delighted the audience between the second and third acts with a beautiful little interpretive dance, called "The Poppy Dance."

#### OBITUARY

Cynthia Hinshaw was born in Henry County, Indiana, February 2, 1844 and died at the home of Mrs. Moss in Burwell, Nebraska, May 14, 1925, aged 81 years, 3 months and 12 days. Her girlhood days were spent in Indiana where in 1862 she was married to Uriah Moorman who preceded her in death four years ago. To this union were born 10 children, all but one surviving her. The sons are: C. F. and H. T. of Saskatchewan, Canada; Otis E. of Burwell and Morris, who died in infancy. The daughters are: Mrs. Mary Jane Hows of Cozad, Nebr., Mrs. Anna Hanlon of Roseville, California, Mrs. Ethel Vincore of Grand Island, Mrs. Lenora Moss, Mrs. Etengie Fishbeck and Miss Lella of Burwell. She is also survived by one brother and one sister out of a family of seven children and also thirty-four grand children and forty great grand children.

In 1864 she and her family moved to Bangor, Iowa, and later near Marshalltown. In 1887 they moved to Holt county, Nebraska settling near Swan Lake. There they endured the hardships of pioneer life. In 1895 they moved to a farm northeast of Ord and later to Ord where her home was until she was moved to Burwell to be near her daughters.

Being reared in the Friends church she remained a member of that body until coming to Ord where she united with the Methodist Episcopal church. Such is the brief history of a long and beautiful life. A life spent in the interest of her family and of others. Words are inadequate to do justice to such a life and it is well that we can leave such a one with the words of Solomon:

"Let her works praise her within the gates"

Funeral services were held at Burwell Saturday and the remains were then brought to Ord for interment in the family lot.

#### A FORMER ORD GIRL HURT IN AUTO CRASH

Grand Island, Neb. May 14—Miss Fay Bundy was severely injured in an automobile accident while returning from St. Paul Wednesday. The rear axle of the car broke, causing the car to go into a ditch and overturn—Grand Island Independent.

Later friends heard from Mrs. Walter Bundy, mother of the injured girl who said that while Fay lost a lot of blood she was recovering as rapidly as could be expected.

Monday morning Mrs. A. J. Smith left for Los Angeles where she will spend the summer with her son Roland and family. At Grand Island Mrs. Smith was joined by Mrs. D. C. Ruhl of Lincoln and the ladies were traveling together. Mrs. Ruhl will visit Miss Mona Trindle and her mother and other friends at Los Angeles.

#### SENIOR CLASS EXERCISES

Friday morning at the high school auditorium, the senior class made their last appearance as a class before the high school and delivered the closing Friday morning program of the year. The program constituted the Senior class day exercises. Many parents and patrons of the school were present.

The seniors arrayed in their caps and gowns presented a splendid appearance as they marched to the platform while Miss Lillian Hansen played the processional. Kathryn Gass gave the first number of the program, a piano solo which was very well received. This was followed by the class prophecy, given by Agnes Christensen. Agnes was seated beside a big black kettle which was noted for some time to be giving forth smoke. As she stirred the contents of the kettle certain fragments of paper came to the surface and from these she read of the future accomplishments of the various members of the class.

Alyce James gave the history of the class of 1925 in which she told of their many class parties and other activities which have taken place during the four years since they entered high school. The class will be read by Leota Hoyt and consisted very largely of technical legal phrases which are for the most part meaningless to the average individual. In this case the legal phrases were so entwined with the sublime and the ridiculous that the reading of the will proved most entertaining. Such things as the red hair of certain seniors, the chewing gum ability of others and the whispering ability of still others, were distributed as equitably as possible between the various members of the lower classes.

Following this the president of the Senior class, Miss Edna Koll, presented to the high school the memorial purchased by the class of 1925. This memorial is a large Seth Thomas clock of a most beautiful design. This had been hung in the high school auditorium and at a suitable time was unveiled. It is something that will be most useful and always a pleasant reminder of the class of '25. Superintendent Cushing responded on behalf of the high school, accepting the gift of the Seniors and assuring them that it would be thoroughly appreciated.

James Campbell was then called to the front and Superintendent Cushing told the school of his achievement at the recent state track meet. He was presented with medals for first place in both the broad jump and the 220 low hurdles and a medal for second place in the 220 yard high hurdles. In the 220 yard high hurdle race Campbell now holds the record for the best performance at both the meet and the Hastings College invitation meet. His time at the state meet was 26.9 seconds. He crowded Trumble of Cambridge in the 120 yard high hurdle race so that Trumble set a new mark in winning first in 15.4. The program for the morning closed with the Seniors sang the school song "Red and White."

#### CONGRESSMAN SIMMONS GUEST OF LOCAL LEGION

About 50 Ord Legion and Ord business men, among them the county commissioners who happened to be in session, had lunch today at the Legion hall with Congressman Bob Simmons as their guest and after the eats Bob spoke for a few moments, explaining the Legion drive which starts next week to raise \$2 million dollars with which to help the dependants of ex-service men. Bob is spending the day in Ord meeting as many as possible of the voters of the community. He is to deliver the Memorial day address at Arcadia next Saturday.

#### EDUCATED TURTLES

Fred Wickman has an assortment of educated turtles in his show window and they are attracting a lot of attention. They are not very big but they are rapidly learning their names and when Fred says Bert, one hatchet-faced, pottelied little fellow jumps up onto a miniature log. Another real cute little one answers to the name of Percy, and a pudgy faced one jumps up when Fred says Doc Gables. Another squint eyed turtle is called Wilford. Fred has them all lettered on the back and he offers to give anyone \$5.00 worth of fishing tackle who catches them lined up in a row on the rocks so that the letters on their backs spell the words Wickmans Pharmacy. So far this has not happened but it is likely to at any time and a lot of the local fisherman are watching closely. Fred has been showing a mighty fine assortment of fishing tackle.

#### WELLER'S SATURDAY SALE

McMindes & Weller are putting on an unusual sale Saturday, including with their usual offering the balance of the McGuire hardware stock from Elyria. Turn to page 12 and see the large list of this offering. You don't often have a chance to buy new machinery in such variety at your own price. There will also be in the offering a bunch cattle, hogs, furniture and many smaller articles.

#### MRS. MCCLATCHEY IMPROVING

Miss Clara McClatchey returned Sunday to Lincoln. She had been for several weeks, staying with her mother. Miss Vere McClatchey, with the assistance of her father will now care for the invalid. Mrs. McClatchey's limb was last Friday put into a cast. She is resting as easy as could be expected.

## OLSON CASE ENDS IN CONVICTION

(Continued from Page One)

court should not be passed upon you? BY MR. OLSEN: No, sir.

BY THE COURT: The court has no desire to add to your troubles by any extended remarks. There are one or two things, however, that I feel it my duty to say in passing sentence upon you. You are charged in this court with procuring a certain young man to burn a building in this town.

It is a person under the law unlawfully burns a building he becomes guilty of the crime of arson. Arson is a very serious crime but in this case the seriousness of the crime is greatly enhanced by the fact that it was not done by you in person but that a young boy had not arrived at an age of maturity, was corrupted to do that work. You were tried about a year ago by a jury of this county, and found "guilty." After the verdict of the jury was brought in you were sentenced by my colleague, Judge Payne, and given the lightest sentence that could be given to you under the law, considering the gravity of the offense, a very lenient sentence. You, as you had a constitutional right to do, appealed the case to the Supreme Court, and in doing so you gambled that lenient sentence against the chance of a reversal of the case and an acquittal, or another trial. You have lost on that gamble; you reversed the case but did not secure an acquittal or a second trial. In your natural anxiety and great anxiety to escape the consequences of your wrong doing, you attempted to corrupt the material witness in this case and attempted to get him outside the jurisdiction of this court. The court in passing sentence now in court take all of these matters into consideration.

A verdict has been returned finding you guilty in manner and form as charged in the information. It is the judgment of this court that you be taken to the penitentiary at Lancaster, Nebraska, and there be confined at hard labor, Sundays and holidays excepted, for a period of not less than two years nor more than five years and that you pay the costs of this prosecution. The Sheriff will now take the defendant in charge.

It is said that as soon as the case was given to the jury the attorneys for Olson started to get their motion and appeal bond ready. The bond is for ten thousand dollars and is signed by the same bondsmen as were used on the former trial, Mat Jarvis and Mr. Denman of Grand Island and William Frungle of Ord. Mr. Jarvis formerly lived at North Loup but is engaged in the second hand business at the island. Mr. Denman is a farmer. Mr. Frungle of Ord is a retired farmer. The Grand Island bondsmen were in court and as soon as sentence was pronounced the bond was signed and approved by the court, a motion for a new trial which was filed as soon as sentence was pronounced without argument, having been immediately overruled.

One thing that seemed just a bit funny was the fact that Mr. Jarvis, though one of the character witnesses for Olson, required that the Olsons give him a bond to protect him for signing the appeal bond of Olson. Mrs. Olson was in court to sign the bond which they gave to Jarvis.

The Quiz man was in the court room Saturday forenoon while the court, attorneys, bailiff and others were sitting about waiting for some word from the jury room and heard Judge Corcoran, chief counsel for Olson, tell Judge Clements that his only hope for a reversal was on the question of change of venue. Judge Corcoran said he was satisfied that there was an error in the trial of the case. Then he shook hands with Sheriff Rounds and complimented him upon securing so fine a jury and we wondered how he could hope for a reversal of the case on the change of venue question when he thought so highly of the jury. We also wondered how he could go ahead in his motion for a new trial and allege more than a score of errors in the trial of the case after we had heard him assure the trial judge that he was sure no errors had been made.

Street comment, both during and after the trial, was that nothing but a conviction could follow. Almost everyone who attended the sessions or heard the witnesses, felt sure that the state had made a much stronger case than was made on the former trial. Ed Anderson was the principal witness, as in the former trial, for the state. In the former trial his was practically the only testimony of a direct nature. Of course this time the state case the alleged attempt of Olson to get Anderson out of the country. This attempt was proved by Tex Mitchell, Frank Lunney and Percy Norman. A dirty and wholly unwarranted attack on the witness Norman by defense attorney Lanigan probably injured the case of the defense rather than helping it. It is said that Lanigan was misled, probably by his client, into making the attack which he explained to the court that he would substantiate but which he was unable to do. Both Mitchell and Lunney were of course unwilling state witnesses. Mitchell

had been in the employ of Olson and was his witness in the former trial and in his effort for a change of venue. Their part in the alleged attempt of Olson to get Anderson out of the country before the trial could not help clinch the belief of the jury and every listener to the case of the guilt of the defendant. Olson attempted to prove an alibi which fell flat when the state proved by telephone employees that a call that Olson claimed he with a party of associates was waiting for on the day in question, was never made. Olson made a general denial of everything against him, claiming he was framed for the whole deal. His wife took the stand in his behalf and he brought several character witnesses as in the former case, from Grand Island.

Throughout the case was ably handled by the state attorney, County Attorney Bert M. Haralson and defense attorneys, Judge Corcoran of York and Attorney Langgan of Greeley, both able lawyers, did all for their client that attorneys could do. Great care was exercised by the Court that no error creep into the trial of the case. Bert Lashmett was the bailiff and was in charge of the jury while it was deliberating.

The Olson case was an expensive case to try and it is estimated the costs will be in the neighborhood of a couple of thousand dollars. In taxing the costs to the defendant it makes it impossible for him to get out, in case his appeal now is overruled by the supreme court, on parole at the end of 2 years, unless he pays the costs. Attorneys say that if the first question the parole board will ask when an appeal is made for parole is whether the costs are paid and unless they are paid Mr. Olson, once he gets to the penitentiary, will have to stay his full 5 years. He would probably be able to get out on parole at the end of two years less good behavior if the costs are paid.

### THE WAGES OF WAR

Eight years have passed since the United States entered the war. On April 6, 1917 it was that America accepted the German challenge.

One year and seven months later the war was over. At least, that is what the nation, joy-mad at release from the bleakness and blackness of conflict, thought in those delirious hours when the armistice was celebrated.

It was over—but in part only. It was over in every truth, for the thousands for whom taps had sounded. It was over, too, for other thousands who upon the firing of the last gun sought only to forget, who were eager to rush back to lives wanted course of bargain and sale, trade and gain. At least, they wanted it to be over, and they hoped it was.

But the bill in human life and in suffering was not yet paid. The toll was not yet taken. There were those others, pain-racked, men stretched feverishly on hospital cots, for whom it was not over. Death has been making its inroads among them ever since. This very day fifteen veterans have passed away and tomorrow there will be fifteen, and tomorrow fifteen and so on for a long succession of tomorrows.

There are others too, who have not forgotten. There are the helpless children of veterans, orphaned and dependent. Five thousand of them are in need now. By 1923 insurance actuaries, considering new births, deaths of veterans, and other factors, estimate that 38,000 of these children will need attention. There are others still, for whom the war is not over; others, still, who do not, can not, will not, forget. They are the 650,000 members of the American Legion, who labor ceaselessly to care for those unfortunates of the war, to see that the best provision humanly possible is made for them. They are busy even now at plans to insure that through the coming years, so long as there is disabled veteran or an orphan of the war, they who "gave the most" shall not be allowed to pass from memory.

The last session of the Tennessee legislature passed a law making it unlawful to teach evolution. If that don't create an interest and cause students to investigate we don't know what would.

Charley Brown has improved the looks of his filling station this week with a liberal application of paint and with neat signs over the driveway on each side and the west side, the words being "Motor Inn." Mike Socha did the work and he is an artist at the job.

Miss Alice Maynard, daughter of Rev. and Mrs. Maynard, who is attending Wesleyan, appeared on a recent program given by the undergraduates in the school of expression. Miss Hazel Mason, another Ord young lady who is attending the same university has been elected secretary of the Gamma Mu Epsilon sorority for the coming year.

Ord in Valley county is a county seat with census population of 2,145. Aurora had 2,962 at the same time. Hamilton county has 3000 more people than has Valley county. There is no comparison in the fertility or resources of the two localities. Valley is bounded on the west by Custer county and on the north by Garfield county in a very different section of the state. Yet last week one of the Ord papers ran sixteen and the other twelve pages loaded with advertising and pay matter. One of them had 85 home advertisers using display space. In general the newspapers in the western part of the state are better supported than the eastern in proportion to the size of the towns and the towns that take this course are not having the trouble to hold trade territory experienced in towns like Crete which has always been illiberal toward its press and which with unusual early advantages would just about degenerate to a village if Doane were to remove to Beatrice.—Hamilton County Register.

THE ORD ORACLE

Published by the Rotary Club of Ord, Nebraska

Volume 1 Number 4  
Monday, May 18, 1925

**Attendance**

Last Monday we had the largest attendance since the club was started. All the members were present and we had two guests. Our club was listed in a recent club publication as having two 100% meetings during March. We had two also in April and one in May.

**Our Last Meeting**

Hank Leggett brought at his guest, Judge E. P. Clements of Ord, who made a splendid talk on civic matters. Roy Maynard, of the Methodist Church in Ord was the guest of Alex Hager. He spoke on ideals and service. Charlie Weekes gave an illustrated talk on the work of the Ord Clinic and its relation to the welfare of Ord and vicinity. The Ord Clinic is composed of a number of medical men who live in Ord and vicinity, including two of our members, Charlie Weekes and George Gard. Dad Walters was so pleased with the talk that he gave him some canned electricity as an attendance prize.

**Editorial**

The Rotary Club of Ord and the citizens generally are proud of the performance of the young people of the High School Band and the others who recently competed at Lincoln. Our school band acquitted itself proudly in competition with cities many times the size of Ord.

Another class of young men and women will leave the Ord schools in a few days to start life's work or continue their studies. The Rotary Club of Ord wishes them the best of luck and trusts that they may fill a needed place in the upbuilding of Ord or the community where they locate.

**Notings**

The Weekly Letter from the Secretary's office at Chicago asks a question in almost every issue. The one this week is in brief whether any member of our club conducted himself at the District Convention so as to disgrace himself, our club or the good name of Rotary. We are sorry to say we just had one there and are glad to say there is no one to squeal on him.

We had a telegram from Judge Reilly, District Governor, and he says that our charter will either be presented this week or next. We will doubtless have the exact date soon. Later a message says it will be a week from today.

The convention in 1926 will be in Denver. Rio de Janeiro, Salt Lake City and Nice are mentioned for 1927. There is still time to plan to go to Cleveland this year. It starts June 15th.

George Gard tried to pass the blame for his latest hit onto other shoulders. We liked the song but are sorry we blush so easily.

Jim Milford and Bill Heuck will bring guests today. We hesitate to let Bill do this for fear he would forget that we are not co-educational. Irl Tolen talks today and Joe Barta gives the prize. The next two speakers are Roy Collison and Alex Hager while P. G. Howes and Spot Johnson give the prizes.

Regular meeting of the board of Directors Thursday at an hour to be set today.

If Leggett had sat nearer Spot Johnson and Jim Milford, he wouldn't have suggested a rehearsal in singing. Our medallions finally arrived and we are quite proud of them. We expect our flag today.

Jim Milford again supplied us with flowers last Monday.

Island or other nearby Rotary town sometime in the near future and see how they conduct themselves?

Could Flagg have been in the hospital the past week.

Any of our members who will be traveling in Mexico in the near future will be glad to know that there is a new club, number 2017, at Pueblo, Mexico.

If the Rotarians think advisable, we will have a song fest tonight at the home of Joe Barta.

The recent district conference resolved, among other things,  
1. That friendship as exemplified in Rotary has a compelling force that can and will drive from our communities envy, selfishness and hate.  
2. That the ideal of Rotary build business and professional life on a broad and stable foundation.  
3. That the study of Rotary, its ideals and philosophy makes men better, nobler and wiser.

That the belief in the future of Rotary gives men a better and truer grasp on their own problems as well as a truer insight into those of the community and the world.

**GOODENOW NEWS**

(By Maude Goodenow)  
Crowded out last week  
Welta Brechbill and wife went over on Haskell Creek Sunday to the Morley Whitford home and brought Mrs. Belle Goode home with them. She is what is called a shut-in, very seldom leaving her home, and it was really an effort for her to take so long a ride, but the pleasure will repay all it cost. She, with the Brechbill family lived in this vicinity a few years and will greatly enjoy meeting her old friends and neighbors.

Several hundred people attended the lecture at the Garfield county fair grounds Sunday afternoon and listened to Mr. Zack Harris talk in the interest of the U. S. by order of the K. K. K. He carries the name of Zack Harris but he is not the one that most of us are acquainted with, whose home is near Kent, in Loup county and who for several years was one of the O. B. & Q. engine crew.

The precinct assessor Frank Wheeler of Elyria has been making his rounds in this vicinity. He expects to finish up his work about the middle of the week.

The following item was taken from the Winner Advocate, Winner, S. D.: "F. A. Johnson, Gene Troxell of Burwell and Harvey Brown of Taylor, drove into Writen, S. D. Monday evening and surprised the Kennedy and Abby families. Messrs. Johnson and Troxell are brothers-in-law of Mrs. Kennedy. They motored down to the George Dodson farm home Tuesday morning and Mrs. Kennedy returned home with them. The visitors say that the roads in South Dakota are much better than the roads in Nebraska."

Note—Mrs. Kennedy is the daughter of M. B. Goodenow of this vicinity.

Burwell comes in for her share of automobile accidents this week. Sunday afternoon Nels Thompson was driving on the north side of the Loup river and was short of gas. He left his car and started to walk to town when he was run down by a car. The driver did not stop and Mr. Thompson was picked up by another passing car. He was unconscious until some time Monday. He has a few broken ribs and head bruises which will cause him trouble for several days at least.

Some time Sunday the small boy of Archie Chambers attempted to cross the road or back street rather than the car coming and in trying to evade that one he collided with another coming from the opposite direction, striking his face on the fender with force enough to dislocate some of his teeth and cut a gash on his lip. He was taken to a doctors office, where an examination revealed no broken bones. As the cars were moving slowly, no serious results were expected and no blame attached to any one.

When the accident happened to Nels Thompson as above stated, reports in the case were meager, but later it has been learned from a more reliable source, and is about as follows: Ed. Thompson, Burwell city marshal, had occasion to be driving on the high way on the north side of the river, when he passed a car in the ditch. He stopped to investigate as it is his business to do so. He smelled liquor strongly, and searched the car but found nothing. While he was there another car came along with three young men as occupants, which we understand was from North Loup. They also stopped, and after the search the men all got back into

their cars and started for Burwell with the North Loup car in the lead, and not being sure of their road directions were driving slow, the marshal closely following, and as the cars turned a corner two men were seen walking arm in arm, and staggering from side to side, and were very evidently intoxicated. The North Loup car struck Thompson, knocking him down, and his companion made haste to get away. The North Loup car stopped within five feet of the injured man and the marshal also stopped and together they put the injured man in the marshal's car and took him to Burwell. It was thought that he would die before they could get him to town, as he was unconscious and remained so until sometime Monday morning. At last account he was not expected to recover. The North Loup young men remained in Burwell for the night, awaiting results, but as they were in no way to blame there will probably be no damage suit filed against them. It is believed to be rather fortunate for these young men that the city marshal was with them in the face of the law as well as for the satisfaction of the people, for he is one of Burwell's most substantial men and his evidence will carry weight in the courts here. (Editor: Was any effort made to get the other man, who got away?)

As a compliment to Mrs. A. J. Smith of Ord, Miss Ella Wheeler Bond, Mrs. Laura Abernethy, Mrs. C. A. Davis, Mrs. M. Coombs, Mrs. M. B. Goodenow and daughter Maude Goodenow, were entertained at lunch by Mrs. Peter Mortensen in her lovely Ord home Friday of the past week. Owing to the rain Mrs. Dr. E. J. Smith and her mother Mrs. Fisher, Mrs. W. L. McMullen and sister Miss Ella Wheeler Bond of Burwell were unable to attend. The guest of honor will be leaving Ord in a few days for California where she will spend the summer with her son Rollin, and her numerous Ord friends who are now living on the coast.

The Richmond Womans Club met with Mrs. S. J. Garrison Friday afternoon. One new member, Mrs. Glen Herbst was added to the list. Tuesday afternoon of the present week another meeting was held and first aid work was given, at the home of Mrs. J. H. Schere.

Throughout the day Friday showers were quite frequent and did a great amount of good to the growing crops. Harry Sharp and family were over from near Sargent Sunday, visiting the C. A. Sharp people as well as attending the lecture given at the fair grounds by the K. K. K.

The editorial in the Quiz in the past weeks issue in regard to our schools was real common sense talk. Lets have more of it until people realize that instead of adding to, it is time to subtract a whole lot from the public schools, if they are to be improved. The school system is about as impractical as our state laws which are an outrage on the rights of the people.

**LOCAL NEWS**

Dr. F. L. Blessing, Dentist, telephone 65.

Judge Clements was holding court at Bartlett the first of the present week.

Mrs. Catlin has received word that her father, Mr. Fairchild, who went to Ashby, Minnesota to visit his sons has suffered a stroke of paralysis.

Miss Lena Clements left Saturday on her trip to Los Angeles where she expects to spend several months with her brother Allan and wife and friends. She was stopping for a visit with Miss Lora Smith at Sidney, Nebraska and at Boulder, Colorado with her brother Wayne and family.

**5 YEARS SUFFERING OVERCOME BY KARNAK**

Lincoln Woman Gives Amazing Facts. Remarkable Power Of New Medicine More Evident Every Day.

Day by day the amazing health-building powers of Karnak, the sensational new medicine on sale here, is more evident.

As an instance of what Karnak will do, the experience of Mrs. Mabel Christiansen, of 1101 S. 33rd St., Lincoln, Neb., is given just as she tells it:

"While I was in the drug store today eleven people bought Karnak, and I don't wonder that it is so popular with everyone since it has been so wonderful in ridding me of all my troubles," declared Mrs. Christiansen.

"For the past five years I suffered from stomach troubles in its worst form," continues Mrs. Chris-

tiansen. "I couldn't eat a morsel without suffering agony for hours afterwards. Gas pressed around my heart so terribly I often thought I had heart trouble, and I would have awful headaches and weak, dizzy spells. My sleep was so nervous and restless I just dreaded to see night come, and it just seemed like I could find nothing that would help me a particle.

"But this wonderful Karnak has just ended my troubles completely. I have gained in weight and never felt better than I do now. I found the Karnak Pills splendid for constipation, also. I am just like a different person in every respect, and I am so happy to be well and strong again that I want to tell everyone about Karnak."

Over 500,000 bottles of Karnak sold in four states in ten months.

Karnak is sold in Ord exclusively by Ed. F. Beranek; and by the leading druggist in every town.

**An Unknown Historical Fact**

DID you know that George Washington, The adopted Father of our Country, just before he got on the Ferry to cross the Delaware for the Photographing of that now famous Picture, Did you know that he smoked two sacks of 'Bull' Durham while he was waiting for the Ferry? (things were just as late in his War, as they were in our last one). Now I have never heard of this 'Bull' Durham episode before, neither have I ever heard it denied. So if it's never either been affirmed or denied, there is no reason to disbelieve that it's not true. 'Bull' Durham originated in Virginia, and Washington lived in Virginia, and he was a great man to patronize home industries. And as Washington was the best man of his day, and Durham the best tobacco of his day, there is no plausible reason to doubt that these two most excellent Institutions didn't readily recognize the good in each other and get together.

SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

"Dad" Horton has purchased an eating house at Ord and moved there one day last week to take possession. "Dad" apparently made a success of this kind of an establishment for many years in Burwell and there is no reason why he should not be just as successful in Ord.—Burwell Tribune.

We were wondering at the business activity of Ord merchants last week, and have been given an explanation by a resident of that place. There are a number of new business houses that have lately been started there, by lively enterprising firms, and the older houses have been lived up thereby, the result being that their town is now having trouble to hold its trade territory, and by means of advertising in its home papers is even enlarging it. Well supported papers do a lot for a town, and successful places are coming to realize that freaky, faddy advertising cannot compare for results with steady straight talks to their customers direct, through thoughtfully written display and local reading matter.

**The Polarine Chart**  
a rule and guide to Protective Lubrication

CAREFUL study and tests are behind all lubrication recommendations on the Polarine Chart. Nothing was left to guesswork. The speed of the motor, its lubrication system, normal operating heat, clearance in bearings and cylinders and many other factors were carefully studied by automotive experts. Use the Polarine Chart as your guide for the lubrication of your automobile and you are giving it the fullest protection that scientific lubrication can afford.

"Plain Facts About Modern Motor Fuel and Motor Oil" Page 16

BECAUSE motor oil is a small item in the cost of operating an automobile, it is often bought carelessly. But it has a lot to do with the performance of your motor and the size of your repair bills.

Unless it is the grade best suited to your motor it cannot protect it against wear or get the most power or biggest mileage from gasoline. If it is allowed to get heavily diluted with gasoline and dirt, it can't do its work properly.

After 500 miles of operation the oil in your crankcase has lost its best characteristics as a lubricant and is contaminated with carbon and road dust. It is an abrasive mixture that quickly wears out your motor.

How to secure protective lubrication is clearly outlined in our booklet, "Plain Facts About Motor Fuel and Motor Oil." A copy will gladly be sent to you on request.

Polarine is made in six grades—Light, Medium, Heavy, Special Heavy, Extra Heavy and a special grade for Ford cars and trucks only—Polarine "F."

Use the grade of Polarine indicated on the Polarine Chart as best suited to your motor. Change the oil regularly every 500 miles. Keep it up to the level recommended by the manufacturer.

Buy Polarine at the Red Crown Service Station where you buy Red Crown—the balanced gasoline.

**A MISTAKE BEING MADE**  
Rumors that another newspaper was to be launched at Broken Bow were confirmed this week when an announcement was made in the state papers that such was the case, and that a plan from Anselmo and Broken Bow and who bought the Anselmo paper some months ago, is president of the new company and is to be editor of the paper. We know all the gentlemen personally. All are good business men and fine fellows. Mr. Currie and Mr. Humphrey are both mighty well known all over Valley county and for that matter, Nebraska. Another thing, there is no set of men whom we would rather see succeed in a business venture than them.

However, we can't help but think also of the other angles of the case. Broken Bow and Anselmo county are newspapers of wide circulation, it having upwards of four thousand subscribers, largely in Custer county. It is one of the largest lists, if not the largest, of any county weekly newspaper in the United States. It is long established, has been under the management and ownership of one man ever since it was established. The owner, Hon. Emerson R. Purcell, is a man who commands the esteem and respect of all, and whose personal popularity has made him, though politically a democrat, the choice of all parties last year for the position of state senator in this big district. The claim is made that the republicans want a political organ, and if that is what they want they should have it and if that was all there was to it, it would be fine and dandy. But that isn't all there is to it. In order that a few politicians who want a personal organ may have it, Broken Bow merchants have got to buy advertising space in a paper of very small circulation that in a very large measure duplicates the Custer County Chief circulation. In other words, Broken Bow merchants wanting to reach the people of Custer county must buy space in the Chief. Then, if they patronize the other paper they simply donate their cash to what may or may not be a good cause. At any rate at best, they can hope for but little return for their money. It is a sure thing that they cannot hope to become the dominant newspaper of the county and under the circumstances there is no need or excuse for another newspaper at Broken Bow. If Emerson Purcell had been a rabid politician and partisan democrat the case would have been different. He has not but has treated all parties fairly, according to democrats and republicans alike, space in his paper and if they want to reach the people of the county they would get far more publicity through the Chief columns than in all probability they will ever get through a second paper in that field.

And the merchants of Broken Bow, well, they will simply be courting an increased expense by encouraging a second paper under the circumstances, for they will probably feel that they have to support both and the weeks that they leave their ad out of the Chief to put it in the rival paper, they will be paying almost as much per inch for probably less than a fourth of the circulation, for the advertising rates will never be in proportion to the circulation of the two papers.

### SCHOOL DISCIPLINE

Two weeks ago we carried a short news story, telling of the expelling of two G. H. S. students and the disciplining of eight others and after copying that story F. O. Edgecombe of the Geneva Signal comments as follows:

"We are publishing the above as an example of what happens in the towns to smart aleck kids who think that school rules made by the superintendent and faculty are made for the purpose of having them broken. In nearly every school class there are a few leaders who hatch most of the mischief and lead the sheep members of the class into trouble if they are able to do so. Weak fathers and tearful mothers who know nothing about home discipline are unable to understand school discipline and the sound reasons for it. Boys who behave properly at home usually behave pretty well in school. When we were in school we knew very well what would happen at home if we made trouble in school. No namby-pamby foolishness was to be expected. Possibly there was complaining of eventualities reasonably in respect for parental feelings and parental judgment. Whatever it was, it worked.

The inexcusable conduct of two Geneva high school classes in recent weeks has caused the board of education to adopt a rule that is full of teeth. Of course a few leaders will blame for the trouble. No doubt they refer to it as innocent fun. It is nothing of the sort. The superintendent and his assistants run the school or they don't. The present management of the school is wise and considerate. Every parent should make it a special point to lay down the law at home that there is to be no violation of school rules under any pretext.

Another thing, parents should teach their children not to be sheep. Kids that are led around by the nose by some reckless boy or girl are just common sheep. Boys and girls need strong characters to get by this world successfully. A boy or girl of strong character will not take bad orders from bullies or self-appointed leaders. Young people who cannot think for themselves and are not taught to do so at home are sure to get into more than one kind of trouble."

The experience of the Geneva Signal editor was similar to that of the Ord man. We very well remember the rule that was laid down at home: "Get a licking at school and you will get another one when you get home." In other words we kids didn't get much sympathy at home if we got into trouble at school. Our parents assumed, as parents should, that without exception, that we would not be punished unless we deserved it. If we are to have schools we must have them governed and someone must do the governing, either the school board and teachers must make the rules, and they must be obeyed, or there will be no school. We judge this is the view the Geneva editor takes of the matter.

### BAND A GOOD INVESTMENT

A good band is a good investment. Ord is on the way to have two or three good bands. The Hamilton County Register is a widely read newspaper in Hamilton county and last week it printed the following item:

"The Ord high school band to the number of thirty-two accompanied by their instructor, Prof. Gecks, started last Thursday for Lincoln playing at every town between Ord and Grand Island and at the larger places between Grand Island and Lincoln. They gave Aurora a most enjoyable concert, and their activity gave their town a lot of advertising."

On that trip to Lincoln our fine band stopped and played as they did at Aurora, at a dozen or more towns and the newspaper or newspapers in every town made favorable mention of the fact. Those newspapers reached thousands upon thousands of people, not only in Nebraska, but in every state in the union and in foreign countries, for like the Quiz, these newspapers all have subscribers in many states and one or more of them reach every state in the union.

So thousands of people when they read their home town paper, saw the item and thought or possibly spoke of Ord. Some said, "Why, that is the popcorn center of the world." Many who have lived here sometime in the past and have moved away, saw the items in the various papers and were reminded of their former home and no doubt we shall have letters from such who saw the mention of Ord band.

And it is a good investment for the business men of Ord to do just what they are doing to foster the band; to assist in teaching dozens of young people to play some kind of an instrument and if we persist in this work by another year Prof. Gecks can take a band that will win first money. We were only 25 points behind the top band this time and only 10 points behind number three and the top band got something like 300 points so you see we were right up with the bunch in spite of many handicaps.

**A BEAUTIFUL NEWSPAPER**  
The Wayne Herald, edited and published by Mr. E. W. Huse at Wayne, Nebr., is a beautiful newspaper. There are a good many good newspapers in Nebraska but we don't know of one that surpasses the Herald for beauty in all departments and there are very few that equal it. We read first its editorial department, which is well written, well balanced, thoughtfully planned. Then we go through the ads and the Herald has lots of nice big ones and one gets the impression that they, like the editorial page, have been rounded into shape by a master hand. The news stories and short locals are also carefully written and there is a liberal newspaper education in a year of the Wayne Herald if one will study it carefully each week. It should be on the exchange list of every country town newspaper editor, in the state who seeks to progress and excel in his profession.

### MY OWN COLUMN

(By H. D. Leggett)

Fred Howard says that a Clay Center beauty told him that as a get-together affair a coop has all other meeting places backed off the boards.

An Ord girl had her hair bobbed "to make it easier to take care of and it is easier for her but costs her dad about a dollar a week more."

A lot of boys and girls who wouldn't think of going into the parlor at home and pulling the curtains down and turning the lights out, with their dad sitting in the next room, think it is all right to seek out a dark side road at 1 a. m. and sit in a coop.

They're tellin' a good one on Ernie Orcutt. He went down to the New Cafe for lunch the other day and when Rex came over to his table, Orcutt said, just bring me a dinner. Then Rex asked him if he didn't want some nice tomatoes, no, a salad, no, some pie, no, ice cream—and then Orcutt got mad and said, "I told you I just wanted a plain dinner. Don't you think I know what I want?" "I don't see as you need to get mad about it," said Rex, "I ordered a hair cut this morning and you tried to sell me seven dollars worth of other junk that I didn't want."

Bill Tunnicliff says it is all bosh about the increasing number of cars causing the American people to lose the use of their legs. Bill says he can get across the street now in a quarter of the time it used to take him when there were fewer cars.

Bill Maupin says he looks especially good in a white hat. That's because people look at the hat and don't see his face. He says that Ole Buck looks the best when wearing a mask.

If Dempsey ever gets into the ring again, his opponent is going to take special delight in poking that patent nose of his.

If Bill Maupin don't quit talking about his Corona I am going down to Omaha and trade him a Remington Portable for it! Someone should have done it long ago.

Charley Watson made a statement a while ago, that he was going to take his Corona and go on a trip and there was quite a scandal started before someone thought to inquire who Charley's Corona was.

Mrs. Ole Buck went on a two weeks vacation recently and when she left Ole sprained his wrist waving goodbye but when she returned he didn't even take his old pipe out of his mouth to greet her.

I have always contended that women did a lot more housework than necessary and while the Missus is away I am proving it. For instance I don't see any use of using as many dishwipers as the Missus does and have always told her so. I thought I could get along with one for a week and would have made it if Harry Williams hadn't butted in between Grand Island and Lincoln. I called him down for it and he said he failed to see the one I was using, where I had set it up against the wall to dry.

Harry lost his cap the other day and I found him on the floor pawing through the papers. For papers I had laid on the floor, looking for it. He said he would be glad when the Missus got home to pick things up so he could find something when he wanted it. I think it is handy to have the papers laid on the floor in a circle around my chair so I can get any one I want but he got them stirred up so I can't find anything. It took me half an hour to find the one where Frank Olson told about the effort to run Ed Anderson out of the country being a frame up.

I have been so busy that I have not been cooking potatoes as often as the boys like them so Harry suggested that he would get some ready to cook and I told him to go ahead and cook enough so there would be some left to warm over the next day. When I got home he had about half a bushel of them cooking in a big kettle and we have had to get up and have a feed at midnight for a week to use them up.

Our cat left a while ago so I have had to do a lot more dish washing than would have been necessary. A good cat is very useful when one is in a hurry to get the dirty dishes cleaned up.

I was ashamed of the paper last week—ashamed because we had seventy percent of advertising and

only thirty per cent of reading and I was sorry because so many good correspondence stories had to be left out. It was out of the question, however, to print 20 pages with so much of the office force on their vacations and we will have to be excused. Summer time is vacation time with the Quiz force and all must have their play spell. In the winter when we are working the hardest the farmer has more time to read and have a good time. That's why it don't so much matter if there is not quite so much news in the summer when the farmer is busy in the field all day and too tired when night comes, to do much reading. We even expect to hold the paper down to 12 pages much of the time during the next few weeks and during that time such room as is available in the Arcadia section will be filled with correspondence and general news matter, thus enabling us to get by with less Ord pages.

George Rounds was hunting jurors the other day for the Olson case and driving into a mans yard, told him what he wanted. "Nothin' doin' George, said the man, "I can't do you any good; I don't know a damned thing about that case." He got on the jury.

Another man didn't. George drove in and told him that he wanted him to go to Ord to serve on the Olson jury. "I will be glad to do it," said the man. "I believe that you are guilty and I would like to help hang him." On second thought said George "I guess I won't need you," and the man stayed at home and planted corn.

There was a wedding at Scotia recently and Editor Dale Krebs was invited. After the ceremony, when everyone was having a good time, someone noticed Dale standing by himself and wearing a face long enough to get soup out of a churn and asked him if he had kissed the bride yet and Dale replied, "Not tonight."

Charley Weddell said the other day that all that was needed apparently, to make a good juror was a man who couldn't read or write and didn't know anything. If Charley had got on the jury I wouldn't dare print this.

Clarence Davis don't know which is proper, to eat soup or drink it so he just gurgles it.

A "Tell-The-Truth" week has been suggested, but I don't think it would be right to start something that

would bar Ole Buck, Art Brown and Bill Maupin from writing for a whole week.

When Abby Rockefeller got married the other day the word "obey" was left out of the ceremony, but then, what's the difference, the women don't pretend to obey us any more, anyway.

A sign on a tree in front of a farm home adjoining Ericson reads, "Fresh eggs, milk and cream, from tuberculin tested Holstein cows." Coats never made any such claims as that for his Jersey cows.

The papers are saying that Uncle Sam has found it impossible to get the silver dollars into circulation, which just proves my claim that those government clerks down at Washington are getting more money than they are worth. If Uncle Sam will ship a carload of those silver dollars to me at Ord I will undertake to get them into circulation, and will guarantee that it will be the biggest day ever seen here.

"Skull fractured in fight over chicken," says a headline in the Leigh Daily World, but that's nothing, for lots of heads have been broken up in fights over chickens; homes have been broken up in fights over chickens; preachers, even have fallen from grace over a chicken and many men have been shot and killed because of too much attention to some other fellows chicken or old hen, so Editor Kuhle or Bill Olexa or whoever wrote that story was not much. I will admit, however, that Mr. Kuhle showed a lot of enterprise to get out a daily in his town last week. The occasion was the coming of the Omaha trade boosters.

While in Lincoln last week Mrs. Leggett was entertained at the Otis Paist home. Mr. Paist has been the credit man at the big Miller & Paine store for a good many years. Mrs. Paist was a Fletcher. Miss Pearl Fletcher, and the family came to Ord from Brewster and Mr. Fletcher carried mail on one of the Ord routes for some time. They live near their daughter and Mr. Fletcher is in fine health but Mrs. Fletcher is not in the best of health. Mrs. Leggett says the Paists have a fine young lady daughter, now attending the University and specializing in music and that she is a fine singer. The Fetters and the Paists would find many friends to welcome them if they could find time to visit Ord. Otis is a brother of County Treasurer Lafe Paist.

Miss Lillian Dworak returned from Burwell last Saturday after a few days visit with her sister Mrs. Jack Johnson.

All do better with  
BALANCED gasoline

WHATEVER kind of automobile you drive, take gasoline seriously. On its quality depend the responsiveness of your motor, car-mileage per gallon, freedom from carbon and from harmful dilution of motor oil with unburned gasoline.

Red Crown—the balanced gasoline—is built to meet exactly the requirements of modern motors. It has the right proportion of low boiling point fractions for instant ignition and quick starting. It also has the heavier fractions that burn more slowly and keep up pressure to the end of the piston stroke.

Red Crown is uniform and dependable wherever you buy it and can be relied on to get the most power out of your engine and take you the longest distance per gallon. You can't buy a cleaner-burning, more economical and satisfactory gasoline for year-around use.

Next time you need gasoline, do as motor-wise Nebraskans have done for many years. Pull into the nearest Red Crown Service Station. You will receive prompt attention and obliging service, together with full measure of uniform, high efficiency gasoline and motor oil that provides protective lubrication.

JOHN HENRY FITZ ROBERTS

WELL KNOWN COMMISSION MAN DIES OF HEART TROUBLE

The Omaha Bee of Tuesday brought news of the death of John Fitz Roberts of the well known firm of Roberts Bros. & Rose.

"John Fitz Henry Roberts, president of the South Omaha Livestock exchange, died at his home Sunday night at 11:45.

Mr. Roberts had been ailing during the past winter and a heart attack Sunday night proved fatal.

The man whose destiny it was to be one of the leading figures in the second livestock market of the world, came from Illinois 60 years ago.

John Fitz Henry Roberts, known to his legion of friends as John Fitz Roberts, or plain John Fitz, at the age of 14 displayed keen judgment in buying and selling livestock with his father.

on his fathers farm was under his care.

39 Years at Stockyards Forseeing the tremendous possibilities of Omaha as a livestock center and being amply qualified to further its progress, Mr. Roberts came to Omaha in 1881.

During his 33 years of service to one of Nebraska's leading industries he saw it progress from infancy to the present position it now holds.

Besides being president of the livestock exchange Mr. Roberts has served as vice-president and past president. He and his parents owned and oversaw the operation of extensive farms and ranches near Omaha.

Although he was kept busy with the duties of his large commission firm, overseeing his interest in his farms and ranches and serving as president of the livestock exchange, he still found time to devote to the Nebraska Audubon society, of which he was president.

Mrs. J. B. Williams and son, Charles visited Sunday at the West Williams home.

Mrs. Edwards of Grand Island came up Friday to visit her son, Ed Abney. Doris Abney also of Grand Island is visiting at the Abney home.

Miss Effie Harrison and Vivian Van Allen came down from Burwell Friday afternoon and visited friends until Saturday evening.

Opal and Noda Shirley and Helen Filbrick were down from Ord Sunday.

S. D. B. Church Sabbath Rally Day was observed Saturday afternoon and Sunday in May has been observed for many years throughout the denomination for this observance.

The pastor preached a sermon fitted for this yearly anniversary. In the afternoon a special rally meeting was held in the direction of Fern Maxson, who had arranged printed cards which were passed out after church services.

A good attendance greeted the leader at 3:30. Special Sabbath songs and pieces written by well know persons of the denomination were rendered. A very interesting talk on the Creation Cycle and the Crown-ning event of Creation Week was given by Mrs. Polan. There was a good attendance.

The Intermediate society adjourned for this meeting. Also the regular meeting of the Bible Study Class. contentment in their new home. Mrs. E. W. Bradley entertained her Sunday school class in a form of a farewell party for Irene and Vastie Magnusen, who moved to Ord Wednesday evening after school.

C. C. Lawhead of Burwell was a guest of his son Arden over Sunday. Mr. Lawhead has sold his barber shop at Burwell and is moving to Bethany where his children will have an opportunity to attend Colner College.

Last Thursday morning eleven cars from Ord pulled into town and stopped on Howard Avenue and within a very few minutes a band of 34 pieces was in action. It was the high school band, composed of thirty boys and four girls and they were on their way to Lincoln afternoon meeting of school bands and the big track meet held down there last week.

Miss Belle Bryan came down from her Ord home Saturday morning, to make a visit with her friend Mrs. Ed Coons and family. Miss Bryan, a relative of the famous W. J. Bryan, is engaged in teaching in the Ord schools.

In this city at the present time are a lot of young lads, boys in grade school and boys in high school, who like to smoke.

We are wondering if the parents of these boys are supplying them with the makins. They should. We have a lad in the high school class who has joined the ranks of the smokers, not because he likes to smoke, for no kid likes to smoke when he first begins, but he is smoking because the rest of the kids in the community smoke.

**A GET RICH QUICK SCHEME**

While Ole Buck was at Fairfield the other day he and Attorney Charley Eperson took steps to form the United Approved Rabbit Corporation of America for the purpose of marketing a profit out of the Nebraska law permitting county boards to pay a bounty on each pair of rabbit ears delivered to the county clerk. Eperson has a plan for breeding rabbits that will grow a new set of ears each spring, as deer grow antlers or some thing like that. The ears will be cut in the fall and the bounty collected

annually through this new breeding process. The breeding process is a secret known only to Epperson. Buck is to be the advertising agent and the plan is for him to get free space, just like this we are giving.

Because of his connection with the newspaper business Ole knows about the machine used at Leesburg, Mo., to grow saw grass for use in the paper mills and he has an invention for greatly simplifying the cutting of the ears of the rabbits each fall. Rabbits reproduce very rapidly. By using the new kind of rabbit it will not be necessary to kill the rabbits, since the law provides for the payment of the bounty upon the delivery of the ears to the county clerk. Keeping all of the old rabbits and adding the young ones will soon give the new company a solid mass of rabbits large enough to cover a forty acre field.

The new mowing machine will be run along over the rabbits. It will slice off their ears and a patent carrier will transfer them to a suitable receptacle connected with a balling machine. The ears will be delivered in bales. The price of each pair of rabbit ears is small and therefore it is necessary for these inventive geniuses to deliver in quantity in order to insure profit. Both of the originators of the rabbit corporation are very lazy and this mowing machine idea made a great hit with both of them as it will save a tremendous lot of labor.—Geneva Signal.

Since hearing of the above Ward Malmgren of Hastings and a Brover of Friend have had their heads together and an improvement has been figured out for the mowing machine which is operated by airplane. The improvement is a suction arrangement something on the principle of a vacuum cleaner which sucks the rabbit ears up into the machine and automatically bales them. It is estimated by Jack Walsh of Auburn, who is furnishing the capital for the enterprise, that a 40-acre field of rabbits can be cut in a day.

**FAMOUS OAK DESTROYED**

Dannebrog, Neb., May 7—"The Big Oak," most famous landmark of this section of Nebraska from the days of the earliest settler, was torn up by the roots and hurled to destruction by a recent gale. So famous had the "Big Oak" become, in its commanding position over "Hambals Woods," that the local chapter of Odd Fellows, when it came to the place of selecting a name, unanimously affirmed the title Big Oak Lodge, No. 357.—Kearney Hub.

**TYPEWRITERS STILL YOUNG**

So great is the role of the typewriting machine in modern life one is apt to forget how short is the time since such devices became more than ingenious but impractical toys. Yet the first woman who worked on a typewriter for wages and as a recognized occupation, the mother, as it were, of the innumerable army of women who now make her innovation a profession, has just died in New Jersey at the age, cautiously stated of "about 73."

She was Mrs. Mary A. Saunders, at which she became a typewriter used a machine that nowadays would seem only an interesting relic of a primitive past. It was ridiculously slow, but before she retired Mrs. Saunders was typing one hundred

words a minute on better machines. Present members on the staffs of some of the older newspapers can remember when there was not a single typewriter in use in any of its departments, editorial, reportorial or business, and such things as computing and book keeping machines did not exist even in dreams. Everything was written with pen or pencil. At present in large offices the rattle of the machine is constant on every floor, and while the day has not yet come when hand written copy is really barred, yet it seems not far off. Even then however, pens and pencils will have there necessary uses and probably both will last as long as mankind does.—York Republican.

**THE BROADER VIEWPOINT**

(By Fred Howard)

If one admires a woman's lags she is offended and if he does not she is slighted.

Billy Hertel says that a chicken is just as smart as a hen but lacks experience.

Bill Jones says that I am the meanest man in town and to d... has not been disputed.

Absolute honesty is at times savage cruelty and unqualified honesty is heartless persecution.

How embarrassing it would have been had the man who just escaped with his skin been caught.

If you live every day on the square you need not worry about what the lodges, churches or people may be saying of you.

It is a good thing to be sure of yourself but just as important that you have the ability to make others certain about you.

I allowed Eddie Rosenbaum to bore me for months about his marvelous baby, and now the base ingre... will not give any attention to my hospital experiences.

According to Simon Fisher-Sutton News his town has a "Reformed Ladies Aid." We find ourselves wondering what was the nature of the ladies sins and hoping that their reformation may be lasting.

Ving Dawson wants all auto numbers placed on the front bumpers of the cars he insures so that the imprint on pedestrians who are struck may be offered as evidence as to whose car hit them.

The fellow who used to fear to drive an expensive car because of the remarks his neighbors would make about his extravagance, now drives the best car he can get trusted for and is sore if the neighbors do not make remarks about it.

Many a parent who grieves because of not learning that his son or daughter was on the way to disgrace or humiliation until too late would kill anyone who dared to come to him with stories reflecting on his own flesh and blood, while there was yet time to save them.

To an old time duck hunter there is much the same thrill in driving long a country road flushing up perfectly parked reopos that are used to be in flushing a bunch of quail or hearing the rush of startled wings as a flock of teal took to the air a few yards ahead of him.

A flapper will wear an undershirt or a slip, torn, dirty, and fashioned to fit by numerous pins, and be as happy as a fool with a Ford, but to a hole the size of a dime appear in her hose and dad is stuck for \$2.50 and up. They are a good deal like lots of church goers in that they do not worry at all over what is perfectly apparent to the Lord, so long as they can keep it from the neighbors.

"Gimme a pair of ladies fences" said Hardy Wileman to one of this city's charming peddlers of pretty prerequisites. By adroit questioning the saleslady found out what he really wanted and said, "You want a pair of ladies garters, Harvey, not a fence. A fence is something that you put around a lot." Hardy wiped a tear from his eye and said, "Gimme the fence, you dont know my girl."

**Honey Dew PIG MEAL**  
28% PROTEIN  
EQUAL TO MOTHER'S MILK  
New Way of Raising Hogs and Pigs Successfully

REMEMBER THIS—THE MOST CRITICAL TIME IN A PIG'S LIFE IS WEANING TIME. If you take little pigs from mother's milk and put them on coarse feed all of a sudden without a substitute for mother's milk, you invite trouble.  
You must have a Pig Meal high in available, digestible protein and as near mother's milk as possible. Honey Dew Pig Meal is the highest quality of all. HONEY DEW DOES IT.  
Corn and oats exclusively are not a proper feed for little pigs at weaning time, as the little pigs at this time are not old enough to handle coarse, unbalanced feeds like corn and oats.  
How the pig starts at weaning time means its success or failure. Pigs wean themselves on HONEY DEW PIG MEAL without setbacks or bowel trouble.

These five litter brothers weaned themselves on Honey Dew Pig Meal. Pig below was taken out of the same litter. See the difference.

This pig weaned on corn and oats. Result—a runt in spite of his being the best pig of the bunch at the start.

**Shoot Scale Test Producing Pork at 4c**  
Scale tests on 90 pigs owned by Elmore Nauman, Mount City, Mo., weighed an average of 41 pounds per head at start. The 90 head of pigs fed a period 41 days on HONEY DEW PIG MEAL and nothing else except water. At the end of 41 days' feed, the pigs weighed an average of 90 pounds, making a net gain of 39 pounds of pork per head in 41 days. Each pig only consumed 41 pounds of HONEY DEW PIG MEAL and water producing pork for less than 4 cents a pound.

**How to Handle Brood Sows With Pigs**  
Feed the sow HONEY DEW PIG MEAL as a slop while she is nursing her pigs. By so doing you will increase the milk flow and the sow will not fall off in fat. In short feed the pigs by feeding the sow while the pigs are nursing. We recommend for a 250 to 300 pound sow, one pound of HONEY DEW PIG MEAL and 3 ears of corn—and nothing else except water. Little pigs will wean themselves while running with the sows. After pigs reach 4 weeks of age, place HONEY DEW PIG MEAL in dry form in self-feeders with plenty of fresh water near the feeder. Fix a place where they can run in and out as they please to the feeder containing the HONEY DEW PIG MEAL. They will wean themselves in 3 weeks. No set-backs or bowel trouble.

**Fattening Hogs Fed Honey Dew Pig Meal**  
as a balancer, will save half your home grown feed, with larger gains.

**JOINT ITEMS**  
(By R. A. Grant)  
Albert and Bill McMIndes bought 8 head of cattle from Wm Patrick near Ericson, and 30 head from John Tawey and drove them to Ord last Thursday and Friday to be sold at the Saturday sale.  
F. O. Holden and family went to Ericson Saturday to do their trading. Mrs. Grant took passage with them.  
Isabel McMIndes and Gwen Garnick went to Ericson Saturday to do some shopping. Others in Ericson from here were Jason Abernethy and Clint Davis and family.  
A nice gentle rain of about an inch visited this part of the state Friday night which seems to be much appreciated as it was apparently a great benefit to the soil and growing crops and pasture. It was the fore runner of quite a cold wave, a light frost being reported Sunday night.  
The Davises drove through to York Thursday, taking Mrs. Kelly, Mrs. Davis sister, they returning home Friday.  
Bill McMIndes reports that a calf strayed from their ranch 15 miles northeast of Ord, nine miles south of Ericson about the tenth of May. Description: Male, whiteface, with short horns, 6 to 8 months old. If taken up please report to Bill McMIndes or Albert McMIndes at Ord.  
A dancing party and supper was given at the schoolhouse Saturday night in honor of Gwen Garnick, the teacher at Joint, who has taught here two years and will close her labors here when the present term is finished.  
Mrs. Ed. Jensen who took sick some time ago and was in the Ord hospital four days had sufficiently recovered the latter part of last week to be at home again but still weak from her illness.  
The net results of the freezing weather of the first part of the month seems to be: Apples, cherries, mulberries, strawberries, practically all killed, with a few wild plums and chokecherries now in blossom, surviving, also some gooseberries. The alfalfa was partly frozen back, probably one half to two thirds still green. Corn listing is progressing slowly and corn is sprouting slowly.  
Adolph Astmus reports their pig crop coming fine, mostly all weaned and on alfalfa. They raised about 180 March and April pigs.  
Sunday being Mrs. Holdens birthday they celebrated by having for company for the evening and at supper Jim Bodyfields and Mark and Lulea (Holden) Bodyfield.

Saturday being somewhat busy and desirous of getting in once on the boom prices which Ericson has been paying for cream we, the Misus and I decided to have her take the cream over and see what luck would befall. Imagine her surprise and chagrin when she learned that the cream war was ended and she was offered 33c, a drop from 53 cents of the day before. When she returned the cream was still in the can and the can was still in the car and she said she did not like Ericson one bit and she was going to try some more distant market in the future.

**BARKER NEWS NOTES**  
(By Dorothy M. Weed)  
Barker news this week seems to be very scarce but this column will probably be pieced up somehow.  
Most of the school children around here are glad this week is the last time for three months that they will have to look for their "old school books".  
The eighth grade pupils received the grades from the county examinations the fore part of the week and were very well pleased with the grades and the averages were a good deal higher than they were required to be. The pupils who are Misses Maxine McCune and Merna Negley's will be Barkers two ninth graders.  
We are very glad to hear Delwin Coleman who was an eighth grader here, and moved to North Loup the fore part of the year, also passed very good.  
The sixth grade plan with the teachers help to banquet the eighth and tenth grade with many of the young folks of the district on Monday evening.  
Mr. and Mrs. Chas. Brenneck attended the picnic dinner at the Fusyville school house Friday.  
A mistake was made last week in this column when it was stated that Herman Becker bought his Ford at

at F. S. Weeds Sunday afternoon. Nearly all of the people in this district received invitations from the graduating class of the North Loup high school to attend the Commencement Exercises to be held at the S. D. B. church tonight.  
Through a misunderstanding it was reported in the papers last week that the Neighboring club meeting was to be an all day meeting at Martha Petersens on the Wednesday proceeding the close of school. This meeting is to be an afternoon session at Mrs. Petersons on the Wednesday proceeding the close of school.  
Bob Gebauer spent Sunday afternoon at Chas. Brennecks.  
Mr. and Mrs. L. G. Pazant were delightfully surprised last Saturday when their adopted son Leonard Meddler and wife came home via auto. Mr. and Mrs. Meddler had started for Nebraska Monday and when just out of Pittsburg he collided with another auto. Their car was overturned and they were pinned under their car. No one was hurt, however, and after righting their car and having the necessary repairs made they continued their homeward journey. Mr. Meddler is visiting at the Pazant home and Mrs. Meddler and baby with her people near Burwell.  
C. C. Haught and daughter Mrs. Mott Rathbun left for Superior, Neb. Monday morning in response to a telegram received Sunday stating that Mr. Haughts brother Quinby Haught

**NOTICE OF EMERGENCY RESOLUTION**  
Paul Szwanek offered the following resolution and moved its adoption which was duly seconded, that in view of the fact that on April 17th, 1925, a heavy rain storm of about 7 inches of water, falling in a half hour's time and damaging county bridges in said County and whereas no funds are available to meet this emergency,  
Be it resolved that the Board of Supervisors of Valley county, Nebraska on account of losing these bridges, declare an emergency for the safety of the public, the following bridges are damaged:  
Bridge known as Vascek bridge, on Elm Creek; bridge known as Klan- scky bridge, on Elm Creek; bridge known as Haldeman bridge on Haskell Creek; bridge known as Branch bridge on Elm Creek; bridge known as McLain bridge, on Spring Creek; bridge known as McGee bridge on a branch of Davis creek; bridge known as north Klanecky bridge on Elm Creek.

As this is an emergency I recommend that the County Clerk be authorized to publish a notice of said emergency and that a hearing be held on the 21 day of May, 1925 at 10 o'clock A. M. of said day in Ord, Nebr. as to whether such an emergency does not exist and such bridges should not be rebuilt and repaired.  
Respectfully submitted,  
Paul Szwanek

had passed away after a prolonged illness. The Haughts have the sympathy of their friends in their bereavement.  
Mr. and Mrs. Theo Miller are expected home this week from Excelsior Springs where they have been taking treatments in hopes that their health would be benefited.  
The Springdale Kensington Club met at the Cash Rathbun home last Thursday with 14 members present. There were seven visitors. As this was just social day the club members all pleced blocks for a quilt. Mrs. Rathbun then served a delightful luncheon. The club will meet at the Mell Rathbun home the next time.  
The Earl Drakes called at the Ed. C. Miller home Sunday afternoon. Guy Strong is assisting his father Dave Strong to plant corn this week.  
What might have been a very serious accident was narrowly averted last Saturday night when the car driven by Joe Trumpke and Archie Lyons met Clara Trumpke's car as they were through the windshield but by some miracle escaped injury. Mr. Trumpkes car was quite badly damaged.  
Mr. and Mrs. Cash Rathbun entertained the following families at dinner Sunday. FIFTY GRADUATES GET DIPLOMAS

The auditorium of the M. E. church was packed last Thursday evening to witness the closing exercises of the school year. At this time fifty graduates of the Ord high school were granted diplomas.

Promptly at eight o'clock Thursday evening Miss Thelma Partridge played the Processional and the members of the class filed into the church and took their places on the rostrum.

Mr. McCrory spoke on the subject "What is an Education?" He told of the different means by which certain commodities are measured and how in recent years there have been repeated efforts to work out some sort of a plan whereby the work of the school might be evaluated.

Men usually get political appointments after asking for them and after their friends have made a hard fight to get them, but Sheriff Round was surprised last week when he got an imposing looking letter and upon opening it found a still more imposing looking document inside, bearing the seal of the great state of Nebraska.

ROTARY LUNCHEON HUGE SUCCESS

Those who were privileged to attend the rotary luncheon Monday evening will remember it with pleasure for many moons. The day was the day of the visitors, two score or more of them drove in from the surrounding towns where there are Rotary clubs.

During the dinner there was much singing and visiting. When the chairs had been pushed back and the orchestra had rendered the opening number "America" was sung by the crowd.

The speaker of the evening, Jas. L. McCrory, Assistant Superintendent of Schools of Omaha, Professor McCrory is one of Nebraska's prominent educators and his work has won recognition among the leaders in the profession.

He dwelt at length on the matter of the home training and the family life the spending of the leisure time and the training for citizenship. In the latter he included the place of religious training which he counted most essential to the development of a well balanced life. His address was of a serious type though frequently punctuated with clever and interesting stories. He impressed his audience as one who is really human, the members of the class being especially enthusiastic in their praise of the many wholesome suggestions which he made in the course of his address. He told one story on former city Superintendent E. M. Hosman. It seems that Mr. Hosman made the commencement address at Seward a few nights ago in introducing Mr. Hosman superintendent Moritz said, "This, my friends, is E. M. Hosman, Secretary of the Nebraska State Teachers Association. Seven years ago during the World War he served in the army. He went through Hell for you for more than a year, you ought to be able to go through Hell for him for 40 minutes." Mr. McCrory was entertained while in Ord at the home of Mr. and Mrs. W. Misko. Following Mr. McCrory's address the scholarship which is presented annually by the Christian colleges of Nebraska was awarded to Miss Hazel Hackett who is the valedictorian of the class of 1922. Superintendent Cushing then presented the 'O's' to those who had won them in the various high school activities. He announced that the school was endeavoring to show its appreciation to those who excel in scholarship and debating and declamatory work just as it has done in the past to those who excel on the athletic field. He explained that the ten per cent of

each class having the highest average are awarded the scholarship O, and that four members of the Senior class are selected each year, two boys and two girls, who are by a unanimous vote of the faculty awarded special honors because of their all around usefulness and participation in school activities. These four must all be members of the H-Y or Girl Reserves.  
Dr. McGinniss, President of the Board of Education throughout the greater part of the school year, presented the diplomas. The list of students winning the various honors are given below:

THE WALTON LEAGUE  
IS PROVING POPULAR

Postmaster Clements walked into Wickmans the other day and asked how he should go to work to get into the Isaak Walton league. He was not long in finding out and joining. Already the local members are busy making arrangements to get our streams stocked with good fish. Congressman Simmons said when he was here the other day that he would send the necessary blanks at once and that there would be no trouble in getting several varieties of government fish including bass, wall eyed pike, crappie, bluegills and it is found that the Cedar river as well as the streams in Valley county. Local fishermen are especially interested in the Cedar river and the lake at Ericson. The Cedar is the best bass stream in the state of Nebraska, yet the writer arrived at the Lindhartsen pasture on a recent morning and found plenty of evidence that the river and bayou had been seined that morning or the evening before and the bass will not stay in a place that is being seined continually. There is a league at Ericson and the boys there ought to be interested to the extent of cooperating with the League at Ord and Burwell to stop this irregular fishing. The League at Ord will consider it a favor if anyone knowing of seining or illegal fishing or of anyone owning a seel will notify the secretary, Dr. Norris, or any other officer or member. If this is done the proper state officers will at once be notified and an investigation will be made and if possible those violating the law will be punished.

As a rule people seel for suckers. They don't expect to get bass and as a rule don't get very many. The damage is done by seining the bayou and scaring the fish away. One drag of a seel through the Lindhartsen bayou, for instance, will destroy thousands of the spawn of bass and sunfish and until the practice is stopped the Cedar river will not become well stocked with game fish. Neither will we get government fish unless it is stopped.

WHETHER for style, strength or convenience you prefer disc wheels, wire wheels or artillery type, you certainly want the kind of gasoline that turns them fastest and most economically.

Red Crown—the balanced gasoline—is the result of many years of refining experience and innumerable tests. A definite proportion of low boiling point fractions assures instant ignition and quick starting.

So accurate is Red Crown—the balanced gasoline—in its proportions that altering it in any way provides a fuel that is less satisfactory in some respect.

Standard for Nebraska's first automobiles, it has grown in favor until more Nebraska motorists use Red Crown than any other gasoline. They know it is always uniform and high grade and that they can get it wherever they go.

### COCK FIGHTING

State papers last week told of the raiding of the Slater farm in Buffalo county, where a large crowd of men had gathered to watch a chicken fight. The Ravenna News chronicles the matter as follows:

"One hundred and fifty men gathered at the Slater farm near Shelton last Sunday, to witness a cock fight. Frank Slater, John Iams and John Smith, the chief promoters of the affair, were arrested by Sheriff Parr and deputies, and they were arraigned in Kearney the next day, charged with unlawfully conducting a cock fight. None of the spectators were arrested and probably will not be. It has been reported that these exhibitions have been held from time to time for some years.

Four roosters had already been killed in the fighting and 34 more were groomed for battle when the fighting was stopped."

"The Quiz will grant that cock fighting is not very elevating. The writer would feel like he was being punished if he had to watch a cock fight but there are men in Ord who think it is great sport, and some of them pass for the best men in town. That, however, was not what we started out to say. We were wondering why the officers would stop a cock fight in Buffalo county and allow a man fight to proceed in other counties of the state. Men in Omaha can go and do go and pay ten dollars, twenty-five dollars and more to see two men stand up and pound each other to pieces but down in Buffalo county they won't let two roosters fight it out for two bits per see, or perhaps there was no charge at the barnyard gate.

### LAW VIOLATING PARENTS

In commenting editorially on the recent Ord school case the Aurora Republican of last week said:

"Contempt for authority has been one of the outstanding sins of the younger generation in recent years. The most recent episode to come before the public in this section of the country, and one which has been widely commented on, is the case at Ord, in which two high school students were expelled and prevented from graduating for disobeying rules laid down by the superintendent of schools by going to Grand Island on the occasion of the annual 'sneak day.' The case was taken to court, where an action by the father of one of the boys to force the school board to allow the boy to graduate was denied by the judge. The decision of the court, while hard on the boy, is the right medicine. It will effectively prevent a recurrence of the trouble. The boy who disobeyed the rules knew that in so doing he was subject to the discipline of the superintendent and the board of education and while it may be doubted that he realized the effect his action would have in breaking down the authority of his superiors and in creating a precedent for other pupils to follow in the future, it is well that the fact was brot so forcibly to his attention. The rule of the court sustaining the action of the superintendent may seem harsh and may even work a slight injustice on the lad involved, but the salutary effect it will have in bringing about respect for the constituted order of things, justifies the course and makes it the only wise one to follow. One thing should be pointed out in connection with the case, however. The youth of today—and that includes the boy at Ord—is not receiving the benefit of example and precept. On every side the boys and girls of today see their elders openly violating the law, making light of justice and sneering at the restrictions of government and society. The Ord boys father, inspired as he was by a desire to see his son graduate and doing just what most fathers would do, was probably wrong in seeking to prevent the execution of the penalty decreed by the school authorities, thereby lending parental sanction to the infringement of school rules. It is a bitter dose for any boy to swallow, this thing of being excluded from graduating with his class, but the action of the court was well founded."

### LOST THE PAYROLL

The recent radio address on the evolution of newspaper making by M. A. Brown, editor of the Kearney Hub, brought the "melting light of other days around me." Kearney has been the experiment station of Nebraska journalism. Twenty-three newspapers, first and last, have been born in this city, but only two survive. Again the law of the survival of the fittest. In 1888 Kearney had three dailies. Will M. Maupin lived here then and was in the game. He is an oldtime printer and newspaper man. He can stick type, write for brain food and sing the sweetest of poetry. He held a case on one of these dailies and with other types went out on a strike. The pressmen foremen, devils and office cats did not go out on a sympathetic strike. In order to finance the war the boys started the Morning Review. It was a throw away paper, and believe me, it covered the field. It boasted of a dozen reporters. Bill (that's Maupin) was editor in chief and made the infant as breezy as a Nebraska blizzard. One Saturday night the treasurer of the "co-op" concern, sat in a poker game and lost the payroll. It marked the last issue of the paper. Its assets consisted of a roller towel which the boys broke up into kindling wood, and departed forever. Mr. Maupin runs a funny bone column in the Omaha Bee. I wonder what has become of the other "pirates."—K. A. G. in Kearney Hub.

### MY OWN COLUMN

(By H. D. Leggett)

A small Ord boy in praying for a baby sister the other night, was heard to say, "And God, if it will save any time, leave the appendix out and the hair off for the doctors and barbers will get 'em anyhow."

I am anxious to stay home this summer and work, but the Missus wants to go fishing and unless I can think of some pretty good excuse pretty soon I will have to give in and go.

Ed Panowicz, merchant prince at Comstock, puts in some of his time fishing in the Loup and has been remarkably successful in landing fine cats. He was fishing the other evening and hooked a good one and at the time he got Mr. Cat (or Mrs. Cat) to the surface the fish got the effect his action would have in breaking down the authority of his superiors and in creating a precedent for other pupils to follow in the future.

line a vicious jerk and Ed started to haul in and saw that he had a large one but just as he thought the fish was his it got loose and flopped back into the water and without hesitating a second Ed, plunged in head first after it and in a second or two came up spluttering with the fish firmly grasped by the gills with both hands. They just cant monkey with Ed Panowicz.

Dan Webster is getting all fussed up because St. Paul is going to have free city delivery of mail and he is going to have a chance to pay a hundred dollars a year extra postage on the Phonograph.

I have the most wonderful example of trick photography that I have ever seen. In a picture of Oscar Nay and a friend that he says is a 16 pound Great Northern Pike. The fish is in reality a fingerling and I don't see how a photographer has the nerve to try to fool folks that way. The picture makes the fish look like nearly four feet long and Oscar says he caught it last Saturday.

### THE BROADER VIEWPOINT

(By Fred Howard)

Oh, stay, the maiden said, and rest Thy weary head upon my breast. A tear stood in his bright blue eye, But still he answered with a sigh, Excelsior!

And in those days, all girls well drest Wore lots of padding on their chest, And every lady wore a gown, Which rustled from the tonils down. Still it was far from nice to say, When bid by maiden there to stay, And on her breast his blond locks lay Excelsior!

If 'twere today our hero fair, Was bid to lay his blond locks there He'd ditch his Camel with a grin, And shout, "Hot Mamma, you bear skin."

Flappers are rather to be petted than blamed. Popular fable: "Say, that old buss runs better than most of the new ones."

Hugging the driver is probably responsible for as many wrecks as glaring lights.

Most anyone can make a living but mightily few of us can make as good a living as his neighbors.

Sample of high school English heard during lunch at a restaurant. "I found out that he was a flat tire, so I jacked him up and gave him the air."

A telephone girl confesses that some of her choicest cuss words have been secured while listening in on an exasperated elder of the church. It is estimated that it requires the thinking of 5 per cent of the people of the United States to provide profitable employment for the other ninety five per cent. Commenting rather caustically upon the references I have made relative to womens hovel, Miss Lobelia, the southside marvel of perfect dress and the only woman in the world who claims to like Sartor Resartus, tells

us that she would wear her hose longer if nature had not handicapped her by building her tonneau so close to the ground.

### FIRST ORD BURLINGTON AGENT

Thomas Connor of Grand Island and Burlington agent there since 1890 is one of eight Burlington men who have served the Burlington railway company a total of 320 years continuously. The pictures of the 8 men were shown in the Sunday state Journal. Mr. Connor was the first Burlington agent at Ord and has many friends here among the old timers. Speaking of his long service the Journal said:

"Mr. Connor ranks high in a very long and entirely favorable list of agents on the Burlington lines west and his worth may be described in the respectful admiration in which he is held by competing railroads. His record:

December 1883 to October 1884, night operator at Exeter.

October, 1884, agent at Waverly, Nebraska.

February, 1886, went to work in bank in Dorchester.

June 15, 1887, re-entered employ of C. B. & Q. as extra agent, until the opening of the Ord station.

June 1887, Mr. Connor was first agent at Ord, staying about one year, until October 1888 when he was transferred to Exeter as agent.

July 25, 1890, transferred as agent at York.

November 22, 1890, transferred to Grand Island as agent. Still is agent at Grand Island."

Saturday morning Mrs. Maggie Wentworth returned home from a visit with a brother at Lava Hot Springs, Idaho.

Mrs. Jerry Drake got a bad fall last week, striking her face and bruising it quite badly. Mrs. Eliza Demund is staying with her for a few days.

Miss McNeff who has been staying with her relatives the J. J. Stark family went to her home at Fullerton the latter part of last week.

Miss Freda Siler who has been confined to her bed at the Ord hospital for several weeks is said to be improving and is now able to sit up a few hours each day.

Thomas Williams who has for several years been attending the Ord schools went to Grand Island the latter part of last week. He came to Ord while his parents were living at Grace, but since they have moved to the Island he will finish his high school work at that place. While going to school here he has made his home with his sister Mrs. Ign. Klina.

John Moudry returned the latter part of last week from a trip to Omaha.

Mark Tolen has again had trouble with an infected eye. He had to lay off work last Friday.

Miss Geneva Harper of St. Paul was in Ord for a few days looking after a school. She has been engaged to teach at Davis Creek next year.

Frank Stara has just about completed a good sized addition to his residence property. Ed Banister has charge of the carpenter work and Mrs. Stara is having it done just to suit her.

Bob Hamilton who formerly lived in Greeley county was in Ord for several days last week. His home is now in Minnesota. He was in Ord on business. He is a friend of the Ed Milligan family.

Thursday evening Miss Huldā Apple returned from Omaha where she had been attending a convention of dentists' assistants.

Mr. and Mrs. Eli Gerber and Mrs. Guy Gerber drove down from Burwell last Saturday morning to meet Mrs. L. B. Fenner, who was returning to Burwell after several days stay at Kansas City.

Frank and Heinle Pesha, both of whom are managers of Piggly Wiggly stores in Omaha, motored up Saturday night, or at least they left Omaha about 11 o'clock Saturday night, arriving in Ord at about eleven Sunday morning. They called briefly on Ord friends, went out and had dinner with their people and came back to town for a short visit and left again early Sunday evening in order to be back at their places of business Monday morning in time to open their stores.

THE same oil that penetrates the closest fitting bearings and maintains a wear-preventing cushion between moving parts must also supply a film of oil between cylinder walls and piston rings which will maintain compression and prevent leakage of gasoline vapors and explosive gases. This film on the cylinder walls is constantly being burned off and constantly renewed. Somotoroil must have the quality of burning up without producing hard, gritty particles.

## What Is Retracing?

Suppose you suffering from chronic liver, kidney, stomach or lung trouble. From first appearance to the day you consult a Chiropractor your disease has developed by a series of steps. Changes have taken place from time to time. For months or years the diseased organ has been torn down and its functioning has become worse and worse. Now, the Chiropractor starts adjusting the vertebrae as his first step. It is reasonable to suppose that the "power within" will immediately bring the organ to 100 per cent efficiency? Or is it reasonable logical and in accord with facts to expect the rebuilding to proceed as gradually as the degeneration proceeded, and that you will find the diseased member again passing through the same successive stages, only this time in REVERSE ORDER?

And since swelling, soreness and inflammation ALWAYS attend Nature's healing processes on the surface of the body, is it not logical to expect the same inflammation and soreness when she repairs an internal organ? So, if you begin taking adjustments and feel better the first week or two, and then apparently get worse, do not get discouraged; for what to you is evidence of becoming worse, is a sure sign of recovery to one who has studied Nature's processes and who knows how the "power within" retraces or "traces over again" regeneration all the stages through which it passes in degeneration.

Retracing is an entirely natural process, and is the path back to HEALTH over which all must travel who get well. See your Chiropractor. CALL AND SEE THE NEUROCALOMETER.

OFFICE HOURS: 1:30 to 5:00 and 7:00 to 9:00 p. m.

NO machine is more dependent on proper lubrication than a gasoline motor. No lubrication problem has been more carefully studied or is better understood. But careless lubrication cost American motorists half a billion dollars, from 1914 to 1923, for repair parts and labor (the figure given in a paper presented before the Automotive Service Association at their recent New York conference).

This repair bill would have been a lot smaller if the lubrication rules outlined in "Plain Facts About Modern Motor Fuel and Motor Oil" had been observed. On request, we will gladly send you a copy.

Plenty of oil does not guarantee protection, full power or big mileage per gallon of gasoline. Only clean oil of the right grade can do this—and no oil is clean after 500 miles of operation.

Polarine is made in six grades—Light, Medium, Heavy, Special Heavy, Extra Heavy and a special grade for Ford cars and trucks only, Polarine "F"—a grade to suit every make of motor.

So consult the Polarine Chart and get just the right grade for your motor. Empty your crankcase every five hundred miles and refill with fresh Polarine. It will save you money. Buy it at the Red Crown Service Station where you buy Red Crown—the balanced gasoline.

### CHRISTIAN CHURCH

**G. O. Bell, Pastor**  
The church board wish to announce that next Sunday will be a financial clean-up day. They expect to have all back pledges paid at this time. This special effort ought to challenge the interest of every member. A church is dependant upon the free will offering of the membership. A good attendance is desired.

Mid-week prayer meeting Thursday night at 7:30 with Willis Swain as leader. Choir practice at 8:30.

Bible school will start promptly at ten o'clock Sunday. There will be special music and Mrs. Barta's class of high school girls will be the choir. Our regular teachers always come well prepared to teach their classes and it is a joy and an inspiration to them to see all of their pupils present to hear the instruction. We are expecting to see a large number in the school next Lords Day. The school's attendance thermometer must have tried to keep pace with the drop in the weather, for the secretary's report shows 134 were present. The adult division had the best attendance. There were 24 who had read the daily chapters. About three times that many readers reported when the request was made at the close of the revival. Wonder why more don't keep up the habit? Are we getting too busy to read Gods Word?

The attendance and program for the union memorial service was splendid. Rev. Bell gave the address and used as a text, Hebrew, 11:39, 40, "And these all, having obtained a good report through faith received not the promise; God having provided some better thing for us, that they without us should not be made perfect." Very fine comments were heard in appreciation of the address. Rev. Maynard conducted the close of the service in a splendid manner, and his remarks in honor of the departed soldiers of last year, were well chosen. The special music added much to the service.

At the Christian church in the evening about thirty were in attendance for Endeavor. A good discussion of the lesson was held. The special 7 o'clock number was a solo by Marvin Crow. This was enjoyed. The sermon was a very helpful talk from the sixth, seventh and eighth chapters of Romans. The Central theme was that, "Holy living is essential to salvation in Jesus Christ." Such living changes our relation to sin, to death and to the service we render to God.

To all the services of the church you are cordially invited.

Members and friends of the Woman's Missionary Society will please remember that Thursday, June 4, is the date of the next meeting and the hostess will be Mrs. Ed. Mitchell. Plan to attend as this is the annual business meeting in addition to the lesson on Thibet.

Friday Chas. Bals went to Chicago with three cars of his fine cattle.

The B. M. Hardenbrook family motored to Fremont Saturday to spend a day with his parents.

The Quiz has in stock, mourning stationery, envelopes, letter sheets and cards, and will sell you one or a hundred, plain or printed.

Joe's Kriz is expected to come up from Grand Island today for a short stay at home. She had been spending several weeks at nursing and thinks it better to take a rest. She will return to the Island later.

Rasmussen's Orchestra, playing the second year contract at Prairie Creek Hall near Shelton, Nebr., also two years for world's fair at Anselmo; will play their 55th date since April 1st, at BOHEMIAN HALL, TUESDAY, JUNE 2, 9-11.

### BARKER NEWS

(By Dorothy Weed)  
Monday evening the sixth grade with the help of the teachers Misses McCune and McFadden gave a party in honor of the 8th and tenth grades. There were about thirty present as many outsiders were invited. Games were played inside and outside in which every one had their share of fun. At a rather late hour a very delicious lunch of sandwiches, ice cream and cake was served and it was very good. Immediately afterward every one departed for their homes saying they had a very nice time.

Miss Virginia McFadden spent the last week end with her sister Hazel.

The Commencement exercises for the eighth and the tenth grades of Barker school was held at the school house Wednesday. On account of the rain and the threatening rain clouds not as many people as could have been welcomed were present. The room was very beautifully decorated in the class colors of green and white. Rev. Clifton of the North Loup M. E. church gave the invocation. A solo, "Sorta Miss You" was sung by Maxine McCune. Then came the address, by Rev. Clifton, the presentation of diplomas by the director of the Board of Education, Merrill Van Horn, and the benediction by Rev. Clifton. The address of Rev. Clifton was very good and very much appreciated. Mr. Clifton spoke for the class of 24 at Barker and we hope he will be with us when the next class passes out which will probably be in the spring of '27.

Those who pass from the tenth grade are Anson Frazer and Franklin Bingham. They both plan to attend school in North Loup the coming year.

Misses Maxine McCune and Merna Negley, the eighth graders, will continue at Barker if there is a high school next year.

Mrs. J. B. Lance spent Wednesday afternoon at T. S. Weeds while Mr. Lance was in the pasture looking after his cattle.

Mr. and Mrs. Charles Brennick were in Ord Monday on business.

Mr. and Mrs. R. E. Green spent Wednesday at Rollie Babcocks.

Friday being the last day of school at Barker, a very large picnic dinner, in fact one of the very largest Barker has ever had, was held. A tremendous crowd was present, numbering about one hundred and each one had all the dinner he could possibly eat. After dinner a program consisting of songs, recitations and dialogues was enjoyed by the parents, but it meant a great deal of work to the teachers who prepared them.

A ball game between the married and single men next took place and of course the single men came out far in the lead. After this most of the people started for home. We were very glad to have with us Mr. and Mrs. Dado and children, Mr. Braddock Mrs. Christensen and Mrs. McFadden, relatives and friends of Miss McFadden from Loup City.

This day ended a very successful school year at Barker under the supervision of Miss McCune and Miss McFadden, who proved to be very satisfactory. We regret the fact that Miss McFadden will be so far away from us next year. She has been hired in a two room school eight miles southeast of Loup City.

It is not yet certain that there will be a high school at Barker next year as there will be only two ninth grade pupils and no tenth grade pupils. Miss McCune will teach in the grade room.

Several of the families in Barker started fishing Saturday morning at Swan Lake. Among those going were Anson Frazer, Arch Negley's and Rasmus Peltola.

Boyd Weed, Bennie Wright, Herman Becker, Roland Weed and Robert Brennick stayed with Emmet Frazer Saturday night. They called it a stag party. Beecher Van Horns were at H. H. Thorngates Saturday.

Delwin Coleman spent the latter part of last week at Arch Negley's.

Mr. and Mrs. Chas. Brennick plan to leave Tuesday morning for an extended trip, first going to Iowa. They have their truck very modernly equipped with bed, cooking utensils, etc.

They are planning to fish some on their trip and they will be gone a large part of the summer.

Boyd Mulligans and Pearl Weeds were at Chas. Brennick's Sunday evening. They enjoyed a supper of ice cream and cake.

Rube McCune's left Friday evening for Gresham, expecting to visit relatives and friends.

Very beautiful souvenirs were given to the children by their teacher Miss McCune. They were very pretty and the children are very proud of them.

Rolland Weed, Herman Becker and Harlon Brennick were at Loup City Sunday taking in the park opening.

CHESTNUT HILL NEWS

(Written by Otto B. Schott) The other day a lady left our midst to whom we are much indebted. I refer to the dame who started the bobbed hair craze here. I do not know whether they did it or not, but the barbers from the surrounding towns should have purchased her a diamond ring, or a swell coupe, or some other little memento of their esteem. If they failed in this respect it is not yet late to erect a marble shaft in her memory.

Our baseball team organized this week with Amos Keeter as manager and Cal Amity as Captain. Of course I mean Cal the younger, as Cal the Elder could hardly manage a team on the field when he is drunk most of the time and in fall most of the rest of it. He spends the small remainder of his time in looking up new places to buy the cup that cheers. He would manage to run the team into debt and probably into jail before he was through with it. The personnel of the team is still a matter of conjecture, as they have not yet met for practice. It will interest the fans to know that Charley Horss, who played many years ago, is released from the big leagues, and he will be on hand to play whatever position the captain may desire. Charley may have slowed up some but he is still fast for most of the boys our team will get up against. He went up to the majors twenty-eight years ago, when he was a mere boy of twenty-five, and has made a remarkable record in that time. His most remarkable feat was performed three years ago, when he went to bat only three times in one game. Got a home run, a triple, two singles and struck out twice. A season ticket to the Chestnut Hill ball park will be given to the fan who can figure out how he did it. Another time he hit a ball on the nose and circled the bases before it came down. As he was walking to the bench the ball landed in the left fielders glove and the umpire called Charley out. Tough luck!

Amos Keeter is planning to drain some of his swamp land that he doesn't need for propagation of frogs, and called upon Frank Furter, Jr., to survey it for him. Frank you know is a graduate of a correspondence school of engineering or surveying, whichever is the most. He sent away to some company and got a compass with sights on it to use in the work. Holloway and wife and D. A. Moser and wife were the guests and a delightful day was spent.

Dear Sir: Your complaint received. We cannot see how it happens that you failed to understand how to operate the instrument. Please look at the compass again. You should find all the necessary DIRECTIONS right on the face of it.

Mrs. Brom Bodie sent off this week for some seeds that she expects to plant as her husband was formerly an editor and would rather fish than plant garden. She recently moved here from the city, and knows very little about farm life. She included in her order some pickle seed and sauer kraut bulbs and also sent three dollars for ten seeds from a new seedless squash some body has invented. The quick boys also sent her some chow chow plants and some slips of the dandelion to use for greens. She dug up a place in the front yard to plant them, and destroyed perhaps a thousand dandelions while doing so.

Hiram Quick can't smell good, and the old cat has a habit of sneaking into the house and staying all night. Therto hangs a tale. Whenever his wife reminds him of it in the night he jumps up, catches the cat by the most convenient place and tosses her out of the window. The other night the lady heard the familiar sniffling noise that characterizes a cat with the asthma, and gave Hiram a kick in the slats. The faithful spouse jumped out as usual, chased into the kitchen caught the cat by the tail, opened what he took to be the outside kitchen door and hurled the malefactor into space. Then stopped to take a drink at the kitchen sink. As he approached the bed his wife sniffling suspiciously. "Hiram," said she, "if you must drink for goodness sake cut out that morning the good wife opened the door of the clothes closet in the kitchen where she keeps all her good clothes, and out walked a skunk.

When Cal Amity takes it into his head to punish any of the kids, he does a good job of it. The other day he caught four of the boys, ranging in age from five to six years, two pairs of twins, you understand, up to some meanness and proceeded to administer corporal punishment. When his wife arrived on the scene he had all of them across his knees and he sure was hitting all four.

A few years ago Hen Sperchen's brother known as "Dutch," took exception to a statement made by the school maam that it is 24,899 miles around the world. Having nothing else to do, he decided to find out for himself. So he set out on foot, counting his steps as he went. That was five years ago. He headed east from here, at just half past two o'clock Saturday afternoon he came walking into the old neigh borhood from the west. He was tired, but

triumphant. "I knew he was right," he shouted. "I stepped it all the way and it's 23 and a half feet short. All his joy turned into mourning when he learned that the school maam had left for parts unknown. "Rats," he growled. "She was to marry me when I got back. That makes me half 'sore."

A chicken is cute when its plumage is short, and cute when it is fully grown out, but it looks like the deuce while the process is going on. This applies to bobbed hair chickens as well as the others.

CELEBRATED 69TH BIRTHDAY

Probably if the Quiz had announced her age 40 years ago Mrs. J. B. Howard would have been offended but she would not care now, though she will be justified in being mad because we failed to make mention last week of the fine birthday celebration which her children arranged to celebrate the occasion of her 69th birthday. She was invited to go riding with her son Ed. and when she returned home she found that a house full of guests had taken possession and the table was all set for dinner. The Evers and Ernest Holloway families, Miss Ruth Holloway, Edward Holloway and wife and D. A. Moser and wife were the guests and a delightful day was spent.

FINE INSTRUMENT INSTALLED IN RAMSEY BILLIARD HALL

A most unusual musical instrument was installed last week in Williams' Billiard Hall. We intended making mention of it last week but the item was crowded out and already scores of people have seen it and heard it play. A real violin is played electrically and accompanied by a player piano and the music is not surpassed by a good orchestra. Mr. Ramsey has an investment of a couple of thousand dollars in this big machine and it is worth any persons play. There are three or four of these machines in the city and the nearest instruments in Nebraska, the nearest being at Grand Island. It is said that it cost more than a million dollars to develop this machine. Mr. Ramsey is

pleased to have people come in and look the machine over and many ladies have already been in to see it. He may designate an evening for the ladies who wish to go so and who do not care to drop in when other ladies are not likely to be present. This would be a nice and also a novel thing to do and no doubt a good many ladies would like to attend. The Ramsey Billiard hall is so conducted, however, that ladies need not hesitate to drop in at any time.

NAY CATCHES BIG FISH

The picture of Oscar Nay and his 16-pound Great Northern Pike have attracted a good deal of attention in the Ord window the past week and the local fishermen who are limited to the half-pound bullheads in Swan Lake stand with their eyes open and their mouths open wider as they gaze upon it, and someone heard Archie Kecal say the other day that "There ain't no such fish." Mr. Nay spent several years looking for just the right place to settle and he apparently didn't make any mistake.

Harold Parks has the contract for painting the Johnson & Peterson Seed House, and is being assisted by Henry Stara. These painters have just lately painted the M. McBeth and Frank Zaleski houses and also the fine residence property of Dr. Weekes.

John Jones makes a killing. He cleans up big.

Every once in a long while, some risky stock swindle just happens to 'strike off'. A few people make a lot of money and then a whole flock of promoters come along and say, 'See, we told you so. It's no trick at all to make big money. Why be satisfied with ordinary investments?'

Once in a dog's age some 'lucky guy' puts ten dollars on a 'hundred to one shot', his horse wins and he wins a thousand 'bucks'. But you wouldn't stand up and say that race track gambling was a safe investment.

Don't be misled by the occasional winner. Don't let anyone 'pull the wool over your eyes' and lead you to the slaughter.

An investment in our association won't earn you a million, but it is safe—proved safe, not by a few rare examples, but by the steady untangling record of years.

WASHINGTON IS BEAUTIFUL SAYS MRS. GLADYS SIMMONS

Whatever drawbacks Washington offers to a temporary resident who wants to go home, she tries hard to make up for them by her beauty. Since about inauguration time she has been too lovely to describe. Her abundant rainfall and warm climate naturally make growth of vegetation rapid and attractive. Combine with these everywhere, the planning and arrangement by men skilled in making the most continuous beauty from the least space, and it is easy to see why it should be so attractive. It seems that even the tiniest yards or approaches are so cleverly planned that they are always beautiful. It has been a succession of predominating flowers which, by the way, are planted in masses such as to be a hundred times more effective. First a brilliant yellow bush called forsythia; the magnolia trees, first the white, and then the pink. These are large bare trees which suddenly bore great single flowers which resemble more than anything else, giant tube roses; the bulbs from crocuses to tulips, many of the latter just now fading; bright

wreath; snowballs; flags; and now just starting the roses which will be beyond description, and everywhere. Add to these dominating flowers the outstanding show places of blooms—the "Speedway", so-called, which for a mile or more has been a succession of blooming bulbs from crocuses to tulips; the great beds of pansies in the Department of Agriculture grounds, visited, they estimate, by 8000 people a day—I didn't know there were so many pansies in the world; the dogwood, not like the shrubs which we call by that name at home, but large trees entirely covered with lovely blossoms, in every woody place and just now fading after five weeks or more of blooming, and, of course, the Japanese cherry blossoms. I believe there are twelve varieties of these—gifts of the Japanese government during the Taft administration. The earliest ones are very faintly pink, and not fragrant. They encircle the "Fidal Basin" and together with the reflection in the water and the background of the Washington Monument and Lincoln Memorial are even increased in loveliness. The later ones are double and shade from delicate pink to deep rose making each tree a great bower of pink. These encircle the "Speedway." I expect to watch with interest, as well as enjoyment, the continued succession of blooms with the view of taking home to Nebraska some ideas for beautifying our yard.

Not only does springtime bring out the flowers and the thousands of trees, everywhere, but, also, many womens conventions. Many patriotic organizations hold annual conventions here, at this time, including, perhaps concluding with the Mt. Vernon Ladies Association which is now meeting—an organization perhaps not very well known to many of us but certainly appreciated for keeping Mt. Vernon in the perfect condition in which it is.

Two of these conventions have been of special interest to me—the D. A. R. and the International Council of Women, both of which, it seems to me, are of such importance that they should interest all women, and men too. In the first, several things particularly impressed me—one, the ability of a perfectly and beautifully gowned woman, trained to the nth degree in social usage, to handle a crowd of 6000 women in such a way that never was there a particle of disorder and the very full program was adhered to and completed as scheduled. Throughout a week which must have tired her to exhaustion, she never once showed a trace of weariness or impatience, but presided always distinctly, cleverly and with a showing of broad understanding and a keen MORE SIMONS. Hats off to Mrs. Anthony Wayne Cook! The record of accomplishment in Americanization; work at Ellis Island; preservation of historical spots; conservation of natural resources and especially in preplanting; interesting the young in patriotism; and many other branches of the work, showed that the organization is a real asset to the country: I was proud of Nebraska's report. It has nothing to be ashamed of in spite of its comparative youth in the work. Of the many splendid talks given by distinguished guests, there seemed to me to be three tasks presented to the Daughters which could well be taken to heart by us all: (1) by President Coolidge—to raise in every community the civic standard; (2) by Speaker of the House, Longworth,—to make or, more properly speaking, to develop more reverence for the institutions of government; (3) by an authority on the Constitution, Judge Atwood of Chicago,—to encourage both individually and collectively the study of the Constitution.

I had intended to tell something about the meeting of the International Council of Women, but it is such a very great subject and was so little known, to me at least, that I believe it worth more of a description than I can give it here, so, more later. GLADYCE W. SIMMONS

METHODIST NOTES

For the first time since February the Sunday school attendance dropped to 237 last Sunday. The fact that a number of the teachers and school pupils have gone to their homes is probably responsible in part for the small attendance. We hope it will soon be up around the 300 mark again. The morning service last Sunday was a union memorial service. Rev. Bell brought the message of the morning and Rev. Maynard called the roll of the members of the Grand Army and ladies of the G. A. R. who have died during the year. The other pastors had a part in the service and the choir gave very beautiful music for the occasion. The church was filled for the service. For the evening service Mr. Baker

played a beautiful organ prelude and a ladies chorus led the singing. The orchestra played a number while the offering was being taken. Miss Edna Moore and Glen Auble sang "Just As I Am," in their usual pleasing way, and it was much appreciated. Rev. Maynard preached a very helpful sermon, using Prov. 23:2 and Hosea 9, beginning at the 10th verse, as the scripture lesson. The children of the Sunday school are working on their Childrens Day program to be given on June 7th. Misses Ruth Holloway and Edith Byington and Mrs. Guy Strong are the committee who have the work in hand. Miss Ruth Holloways class enjoyed a party last Friday evening at the home of Beatrice and Louise Eardhart in honor of Dawn Byerly and Mabel Nichols who were leaving Friday for their homes. They enjoyed a very pleasant evening together. Virgil and Leila Fredericks were guests of the class. The girls of Mrs. Long's class plan to hike to North Loup one day this week. Rev. Maynard tells us the prayer meetings are very helpful and much good is being gained from their Bible study. They are studying Revelations now. Everyone invited to be there tonight.

NORTH LOUP

Mrs. B. H. Johnson returned Wednesday from visiting her daughter Mrs. Selvers of Marquette. Thursday Mr and Mrs. Frank Robbins returned from spending the winter in Florida. By some mistake the names of three of the seniors were omitted last week in the class roll. They were Reva Currie, Nelson Currie and Lucille Green. Mrs. R. L. Lawen of Scotia visited at the A. T. Jones home between trains Friday. Mr. S. L. Dunham returned home Thursday from Grand Island where he had taken a part of his car for repairs. Friday Mr Bailey motored up from Elmwood and Miss Hetty Bailey, who has been a teacher in our high school, returned home with him to spend the summer. Vesta Thorngate returned home Saturday from a successful year at teaching in Wauneta. Truman Barnhart and family of Scotia spent Sunday at Walkers. Wilma Smith, who has been visiting in North Loup returned home Sunday. Mrs. Sowers of Ord who has been taking care of the new boy at Will Hish's returned home Sunday. Miss Ruth Tuning, who has been the teacher of the Eighth grade room returned to her home in Central City Saturday. I. M. Clark, rural inspector of schools, of Omaha, came Thursday evening to speak to the graduating class, and returned Friday.

The Eighth grade commencement held Wednesday evening at the high school auditorium was not so well attended as might have been hoped, on account of the threatening rain, but was immensely enjoyed. The program was as follows: Processional—March by graduating students. Invocation—Rev. H. F. Polan. Songs by the Eighth Grade—"Floating With the Tide," "Gypsy Trails" Story "The Pink Rose"—Bernice Hawke. Saxophone Solo—Mills Hill. Address—Pres O. W. Carrell. Vocal Solo—Augusta Green. Piano Solo—Lois Kildow.

The village board met May 14 with all members present. The minutes of the last meeting were read and approved. The following officers were chosen: Paul Robinson, chairman, M. D. Earnest, Treasurer, C. E. Rumsell, Clerk, E. J. Babcock, attorney, and Otto Bartz, water and light commissioner. The usual bills were allowed and the business transacted. Mr. and Mrs. M. D. Earnest and Mr. and Mrs. C. E. Rumsell went to Lincoln Friday of the past week, via auto. The Misses Marsha Rood, and Elsie Van Horn motored home from their school work Monday. The former of Stratton and the latter of Wilsonville. Alta Van Horn returned from her school work at Oholowa Monday evening. Mrs. Philippsen and daughter returned from Lincoln Monday. Roy Lewis went to St. Paul Tuesday to get his car which he left there Friday.

Presentation of Diplomas—County diplomas, by L. O. Greene, school diplomas, Mr. Grimes. Pres O. W. Carrell of the Central City college gave a very interesting talk on success, taken from the eighth grade motto, "The Door of Success is Labeled Push". He gave several definitions for success but the one most satisfactory to him and to his listeners was, "A man is successful when he leaves the world richer and better than he found it." He said that it was only the beginning, and not the end of their school life, and he hoped that all would go on through high school and even to college. Before the presentation of diplomas, Miss Tuning thanked the patrons and parents for their co-operation with her during her school year. She also praised the class highly for their good work and highly recommended them as worthy of diplomas. Also in the course of events Mills Hill as president of the class, gave their teacher a nice present to show their appreciation for her help and sympathy in helping them to bridge the dreaded grade of eighth grade examinations. Class Roll: Lucille Padlock, Doris Clement, Pearl McCall, Hubert Clement, Ruth Ingerson, Bennie Walker, Mills Hill, Hayden Jones, Marjorie Green, Bernice Hawks, Delwin Coleman, Helen Lee, Mary Drawbridge, Augusta Green, Delmer Van Horn, Gertrude Green, Lois Kildow, Alma Cox, Dorris Davis, Arvada VanHorn, Ivan Fuller, George Stovall.

Class Officers: President—Mills Hill. Secretary—Augusta Green. Treasurer—Lois Kildow. Class Colors—Old Rose and Gray. Class Flower—Rose. Class Motto—"The Door of Success is Labeled 'Push'". Edna Anderson returned home from attending business college in St. Paul Saturday. Long Currie, who has been visiting T. C. Grimes went to her home in Rancho, Wyoming Monday. Born Thursday to Mr. and Mrs. J. B. Hish, a boy, Jack LeRoy. Mable Lee is visiting in Council Bluffs with her sister Mrs. Lily Urch. Mr. and Mrs. Urch are rejoicing over the arrival of a little boy born last week. Carol Flynn came down from Ord Monday and is visiting at the Tappin home. Mrs. George Walker went to Valparaiso Wednesday to attend the funeral of Mrs. Bert Fox, formerly of this place and returned Saturday. Mrs. Fred Bartz and two youngest children went to Scotia Friday to attend Commencement exercises. Mrs. Bartz' sister Miss Irene Baker, being a graduate.

The village board met May 14 with all members present. The minutes of the last meeting were read and approved. The following officers were chosen: Paul Robinson, chairman, M. D. Earnest, Treasurer, C. E. Rumsell, Clerk, E. J. Babcock, attorney, and Otto Bartz, water and light commissioner. The usual bills were allowed and the business transacted. Mr. and Mrs. M. D. Earnest and Mr. and Mrs. C. E. Rumsell went to Lincoln Friday of the past week, via auto. The Misses Marsha Rood, and Elsie Van Horn motored home from their school work Monday. The former of Stratton and the latter of Wilsonville. Alta Van Horn returned from her school work at Oholowa Monday evening. Mrs. Philippsen and daughter returned from Lincoln Monday. Roy Lewis went to St. Paul Tuesday to get his car which he left there Friday.

Commemencement Exercises: The commencement exercises of the High School held at the Seventh Day Baptist church Thursday night was well attended and well worth the effort of coming to hear. The program was as follows: Processional—Mrs. L. O. Greene. Invocation—Rev. Nathan Thomas. Song—M. E. Quartette. Address—I. N. Clark, Rural Inspector. Song—Mrs. Esther Babcock. Presentation of Diplomas—L. O. Greene. Mrs. W. G. Rood. Quartette Seniors of '24. Benediction—Rev. H. L. Polan. I. N. Clark gave a very interesting talk to the Seniors about fitting into the affairs of life. The Seniors received very pretty diplomas. Many thanks are due the faculty, T. C. Grimes, Supt. L. O. Greene, Prin., Mrs. Pearl Morrison, N. T. Edward Hansen Ath. Man. Tr., Miss Hetty Bailey, D. M. Currie, Babcock, Music. Also to the teachers of the grades, Miss Ruth Tuning, Miss Merna Johnson, Mrs. Mae Kohler, Miss Bessie Thomas and Miss Lyda Rich for their kind co-operation, especially in Normal Training work. Also special mention should be made of the Board of Education for their help. Mrs. W. G. Rood, chairman, W. H. Schultz, secretary, M. D. Earnest treasurer, Mrs. Maude Shepard, C. D. Currie and A. M. Stillman. The cooperation of the parents, teachers and pupils makes everyone feel that it has been a very successful school year.

The frost on Monday and Tuesday injured some of the gardens very badly. Friends will be grieved to hear of the serious illness of Aunt Betsy Henshaw as everyone knows her by that name. Sunday evening as she started to the door, presumably to empty a pan of water, she fell and lay there all night unable to reach the phone and although she called for help no one heard. Mrs. Ross Davis going over Monday morning found her. She was chilled through being unable to get on the bed and the east door being open. Help was sent for at once and the doctor said that it was her heart which caused the trouble. She is still in danger although resting easier.

next week? It will be as good. Plans are under way for Childrens Day. The members of the committee have been put in charge of the various parts of the program. It will be held the second Sabbath in June. Don't forget the Religious Bible Day school to begin the next Monday after Childrens Day.

Junior was led by Kathrine Green. It will be led next week by Marjail Polan. Doris Davis led Intermediate Sabbath Day. Several talks on different subjects were given by the members of the society.

The president, Lois Green resigned and her place was filled by the vice-president, Wilma Cox, until the election of new officers. An unorganized parent teacher association of the Sabbath School will be held next Sunday night at the church. Anyone interested is invited to attend.

Memorial Services: Memorial services were held Sunday morning at the S. D. B. church. As an opening number the congregation sang "America" and "Nearer my God to Thee". Rev. Hawk read the scripture and led in prayer. The M. E. male quartet sang "O Beautiful Flowers of May". Rev. K. I. Clifton gave the address and used as a text "With the shedding of blood there is no remission of sins." It was a fine service and we wish more might have been there to enjoy it.

Those interested in baseball met Monday evening at the hall to form a Community Baseball organization. M. D. Earnest was chosen president. Four men were voted on to choose the four teams. They were Roy Hudson, John Davis, Clyde Athey and

Steve Finch. They will play once a week, probably Tuesday and Thursday afternoons. (Continued on Page 12)

"MONEY COUNDN'T BUY GOOD KARNAK DID ME"

"This Medicine Is Certainly A World-Beater," Declares Omaha Man. Many people here are daily purchasing Karnak and telling of its remarkable health-building powers. Among the many strong endorsements of the sensational new medicine that will be of interest to the readers of this paper is that of Thos. J. Stewart, 117 S. 14th St., Omaha, Neb., which is told in the following words: "Money couldn't buy the good Karnak has done me," is the enthusiastic statement of Mr. Stewart in reporting his remarkable recovery to good health by its use.

"For three years I suffered from nervous indigestion, constipation, nervousness and a weak condition. I couldn't half rest nights, and mornings I would get up with a coated tongue and feeling all out of sorts in every way. "When Karnak came to Omaha I started taking it, and from the way it has fixed me up it must have been made especially for my case. It just knocked the indigestion sky high, and toned up my whole system from head to foot. I don't have a trouble of any kind, and just feel full of 'go' all the time. Karnak is certainly a world beater."

Now Yours for Only \$195 F.O.B. DAYTON, O.
Everywhere this New Delco-Light has won an Instant Welcome

A month ago we announced a new Delco-Light electric plant—Delco-Light at a new low price—Delco-Light so inexpensive in cost that it could bring the blessings of electricity to every farm home in America. Thousands of farmers have found, in this new Delco-Light, the thing they've always wanted—a genuine Delco-Light plant that they could have, completely installed on their farms, at a cost that was really low. Thousands of farm women have found the Delco-Light that would lighten their burdens and bring new happiness to their families—all at a very economical cost. We Want You to Know About It Here is a brief description of the new Delco-Light, and some general information about our remarkable new plan of complete installation and easy time payments. Read every word of this information. And then write or telephone immediately for the details of our complete offer.

A 600-Watt Non-Storage Battery Plant The new plant is a genuine Delco-Light in every respect—full 600-watt capacity, strong, sturdy built economical in operation. It is equipped with a standard Delco starter and an economical starting battery. And its price is only \$195 f. o. b. Dayton—the lowest price and the greatest value ever offered in a Delco-Light electric plant. Complete Installation at a Remarkably Small Cost In addition to this, special arrangements have been made whereby the Delco-Light Dealer in your community will install your plant and wire your house for five lights to be located wherever you specify. You will receive with the plant five beautiful spun-brass lighting fixtures complete with bulbs. And all of this—plant, installation, wiring, fixtures, everything ready to turn on the lights—will cost you only \$53, in addition to the price of the plant itself. A Small Down Payment—Balance on Easy Terms Finally, we have arranged that this new low cost for Delco-Light, completely installed, can be paid on terms so easy that anyone can take advantage of them. The total cost is only \$248, including freight (a little more west of the Mississippi). But you make only a small down payment. The balance is payable on easy terms, arranged to suit your convenience. Ask for Details Never before has such an offer been made. Never before has Delco-Light cost so little and been so easy to buy. It means that any farm home—your home—can have Delco-Light today. At the bottom of this advertisement appear the name and address of the Delco-Light Dealer for your community. Call on him, write, or telephone for full information—specifications of the plant, illustrations of the fixtures that come with it, details of our complete installation and wiring plan and the figures that show how easily you can now get Delco-Light. #### TREPTOW-HAUGHT

Miss Ruth Treptow, daughter of Mr. and Mrs. Will Treptow, of north of Ord, and Mr. Freeman Haught, son of Dave Haught of this city, were united in marriage by the pastor of the Methodist church of Broken Bow, Monday morning. Miss Vera Haught, sister of the groom, and Mr. and Mrs. Frank Haught, of Arnold, relatives of the groom, were the only witnesses of the ceremony. Immediately after the wedding the young couple accompanied their relatives to Arnold, and visited in that city until today when they returned to Ord.

The bride and groom are among the best-known and most popular of the younger set of Ord, and they have a host of friends both here and in Burwell, where the bride attended school until her graduation last year. The groom is employed in the Wickman Pharmacy. The Quiz adds best wishes to those of their many friends and relatives.

#### FROST IN LATE MAY

There was a hard frost Sunday night, May 24, many gardens suffering severely. Some potato fields were black as a result of the freeze.

#### BAND MAY TAKE TRIP

It has been suggested that cars be secured and the band be taken to Arcadia next Tuesday evening for a short concert and to extend an invitation to the people over in that part of the county to come to Ord the following evening for his ride and to hear the free band concert, which will be the opening one of the season. Prof. Gecks and the band members are willing to make the trip if someone will get busy and lead the movement to secure the necessary number of cars. This would probably be a good opportunity for the Community Service club to function. Most anyone who has a car will be willing to make the trip and take two or three members of the band.

#### Close Umbrella to Dry It

The idea that a wet umbrella should be left open to dry is all wrong, we are advised by the manufacturers. This stretches the ribs and makes the umbrella bulky. Always stand a wet umbrella downward to enable the moisture to drip away from the ribs.

#### Profitable Fruit Tree

#### Is Broad and Spreading

Trees should be broad and spreading to be able to carry a large crop of fruit which can be economically cared for and harvested. They must also be strong enough to stand up under the load of fruit. Their branches cannot be again and again "benched off" at laterals in vain efforts to produce spread. The natural and economical way to secure this spread is through the weight of the fruit. Build the branch in such a way that the pull of the crop will all be in one general direction. The spreading will be gradual as the trees come into bearing, and the branches will strengthen with each successive crop as they come down. The breakage will be very small. Keep the branches loosely built, with the bulk of the bearing surface on the outer side, and broad-spreading trees will result.

#### Coöperation History

The history of agricultural co-operation in the United States runs back to the Civil war. Records of the United States Department of Agriculture show that the first co-operative cheese factory was established in 1863, and the first organization of fruit and vegetable growers in 1878. Two organizations of grain growers were formed in 1887, followed in 1890 by an organization of live stock raisers. The co-operative movement has developed slowly while other pioneers were putting their theories into practice.

#### Sweet Clover Pasture

The carrying capacity of sweet clover pasture is exceptionally heavy. This varies, of course, with the season and with the soil, but as a general average, sweet clover may be expected to accommodate one head per acre throughout the growing season. Under quite favorable conditions four or five head of live stock may be pastured on one acre.

#### Amount of Grain to Feed

Strippers and dry cows only require a small amount of grain but when they freshen and are carefully started the grain should be gradually increased to a full ration if they responded and pay for it. A good rule is to feed a pound of the grain for every three pounds of 5 per cent milk produced in a day, and a pound for every four pounds of 2 to 2 1/4 per cent milk.

#### Maple for Dumb-bells

When you swing the Indian clubs and life the dumb-bells, says Nature Magazine, your exercise is with sugar maple, which is heavy and looks well. The trapeze demands elm, ash, and hickory.

#### A Key to the Situation

By ANNA R. BURR

(©, 1925, Western Newspaper Union.)

MISS BENT felt herself remarkably lucky that her window overlooked the Jewetts' back garden. When one sits in the same room sewing, day after day, winter and summer, it means much to have something pleasant to gaze upon—something, too, which is shut from the rest of the world by a high wall. The Jewett garden seemed Miss Bent's particular property, the maple trees, the grass plat with the bed of scarlet cannas, the border which saw the seasons through from daffodils to dahlias and the little summer-house. All this was like a stage set for small, pleasant happenings; the coming to and fro of ice man and grocery boy; children at their games; the kitten capering after a bit of paper—a drama (domestic) for an audience of one. Miss Bent's spectacles would stare at it, her tired old face brighten, she felt a stitching harder than ever. It belonged to her; and when a child got its feet wet or the kitten moved for its forgotten saucer of milk, Miss Bent almost rang the door bell. Once or twice the play had a society scene in it, such as Molly Jewett's garden party, and then the audience was rapt. A striped tent, rugs on the grass, and waiters who ran about with ice cream and strawberries! Molly herself, aged eighteen, wasn't happier than the uninvited guest. Susan Bent came (at noon, with the ice cream freezer) and stayed until dusk hid the last glimpse of departing young people! She was in an ecstasy; although she would have to sit up all night over her neglected work in order to finish it on time.

Her sense of possessing the garden she looked at, had led to an odd incident—odd, because of Susan's nature. She was honest as the day, honest in fact than many April days; but when she picked up a key on the sidewalk, which had plainly fallen out of the garden door, she kept it. She kept that key, though it unquestionably belonged to the Jewetts; and she hung it up on a nail by her lookingglass. Somehow that key confirmed her queer sense of ownership in the garden. In her twilight hour of rest she would sit and twist it between her fingers, to look dreamily out on the maples and the red cannas and sage, and always she dreamed of another party—she longed for it.

This hope grew very high when Molly Jewett began going with the Taylor boy. He was a nice looking boy, Roddy Taylor, if rather thin; he had a turn-up nose and he whistled as he came along about five o'clock. Later on the pair took to going in and out by the garden door. Sometimes they stayed at the gate a long time, and then Miss Bent would rise hurriedly and leave the window. What she saw there once or twice made her feel uncomfortable like an eavesdropper; she realized humbly that it had nothing to do with her.

One afternoon that spring she saw them coming but there was something different somehow. Molly was walking stiffly, very far away from the Taylor boy, and his young face looked proud and angry. When they reached the garden door it was plain that this time Susan Bent need feel no delicacy about staying at the window. So she stayed and stared; she could hear nothing, but she saw very well. She saw Molly's angry toss of the head and that she pushed open the door and ran within, slamming it behind her, and leaving Roddy Taylor on the wrong side. Once alone, the girl turned uncertainly toward the house and then paused and ran instead into the summer house in the corner. The watcher from the window could see the bright head bent on her arms.

"My land!" cried Susan Bent. The party; the reception with the tent and the guests and the refreshments, which had seemed so certain—was it put in peril? There stood Roddy Taylor, dumb and dazed, outside the shut door in the garden wall. His miserable face looked up and down the street. If he walked away—well, there would be no reception that spring. Susan Bent wasn't sentimental; she didn't care about the silly young creatures, not she! But she did want her bright hour! With an inspiration, up she threw the window and called aloud:

"Roddy Taylor!" "Roddy Taylor!" Instinctively, the boy looked up and a heavy key clattered on the pavement at his feet. "The summer house!" Miss Bent cried wildly, and under her breath she added: "You sump!"

Then she jammed down the window and turned into the room, covering her eyes. I think probably she prayed.

She heard a rush of quick steps and then silence fell. 'Twas a long time before she went to the window again; it had grown quite dusky. But a bright light from the Jewetts' hall door showed two persons on the path; that is, Miss Bent's recent experiences made her judge them to be two persons. Otherwise she would have thought they were one.

A great sigh of relief came from her as she turned to light the gas. "After all," she said aloud, "the very nicest weather for a wedding reception is in June!"

#### Prove It

"You aren't superstitious?"  
"No; why?"  
"Then lend me thirteen dollars."

#### Tenor's Singing Save.

#### Two From Awful L.

The late Joseph Maas, the famous tenor, during a visit to the U. S. some years ago, was very fond of hunting the buffalo on the prairie.

When engaged in this sport on occasion with his friend, Boucault, the celebrated Irish actor, they were suddenly attacked by a number of Indians in the dusk of the evening, while far from their encampment. Sound hand and foot, the captives were dragged to the Indians' halting place, where a fire was made. While awaiting their fate, fearing that that night would be their last, Boucault said to his friend: "Joe, sing for me."

Maas, who had never sung in such terrible circumstances, tearfully complied with his friend's request, and began to sing some old favorites, recalls the Family Herald. The Indians pricked up their ears and leaned forward to listen as the great tenor's voice thrilled through the night air.

When he stopped they pricked him with their spears, saying, "More, more," and he was compelled to continue. Song after song he sang, until at length he noticed that one by one the Indians were dropping off to sleep round the fire. When the last man had dropped off to sleep Maas crawled to a knife lying on the ground and managed to cut Boucault's thong, and his friend then quickly released him.

#### Chinaman Sails Junk

#### in His Own Fashion

The oldest seagoing vessels of the world are the junks of the Yellow sea of China. These junks are "highly decorated vessels, with tall poops" and rounded sides, reminiscent of the days of Drake and Columbus.

"Junks of this type are in existence still which were built in the time of Kien Lung, say some 150 years ago," says the London Yachting Monthly. "A junk will not heave to, and John Chinaman is fully aware of this. He doesn't even try; his plan is far simpler. He lets his halyards go with a run, and the sail is off his vessel in a moment. The high poop acts as a riding mizzen and brings him head to wind; the low bow prevents him from falling off the wind.

"If the blow is likely to last any time, he lays out a sea anchor. His next procedure is to burn a joss stick and probably a few pieces of paper to his household god. After that, as there is nothing more to do except eat or sleep—he does so."

#### Emergency Rooms

"Where's my whisk broom, Mary?" asked the professor. "You ate it for breakfast, sir," replied the maid. "The other cereal was all gone."—American Legion Weekly.

Dr. Lena C. Corkill, of Norton, Kansas, formerly of this city, has been spending the past week visiting with relatives. She left this morning for her home.—Kearney Hub.

Dr. Corkill lived in Ord a number of years ago and practiced osteopathy here.

Miss Gladys Worm closed a very successful term of school Friday. She and her pupils spent the day picnicking on the creek a half mile north of the school house. She treated the scholars to ice cream.—Wolbach Messenger.

Mrs. Mildred Crossland and daughter from Michigan came Friday for an extended visit with her parents Mr. and Mrs. J. L. Clafin.—University Place News.

Miss Bess Alexander arrived from York Monday evening for a visit with her parents Rev. and Mrs. W. B. Alexander. She will leave Monday for brief visits in Chicago and New York. From the latter place she will sail on June 10 for a tour of Europe. She will visit in England, France, Belgium and Italy. Miss Alexander is a teacher in the York schools.—Greeley Citizen.

Miss Alexander was a former Ord teacher.

Ole Buck left Saturday for West Baden, Ind., where he addressed the Indiana Daily Press Association. From there he went to Petersburg, Ill., to visit his mother a few days, before joining Mrs. Buck Saturday to go on a three weeks tour of the southeast with the National Editorial Association.—Harvard Courier.

Mrs. McMullen and sister Miss McCord, Mrs. E. J. Smith and mother, and Mrs. Alvin Spelts are all guests of Mrs. Peter Mortensen of Ord today. The luncheon is given in honor of Miss McCord who is soon to leave for her home at Los Angeles, California.—Burwell Tribune.

Miss Lelia Moorman returned from her school work at Bertrand last Sunday evening and expects to spend the summer with her sister Mrs. E. Hallock.—Burwell Tribune.

Wm. Olson, linotype operator on the Ord Journal, took a day off and came down to Osceola to visit his parents, Mr. and Mrs. Charles Olson, last Friday. He was accompanied by a gentleman friend.—Osceola news in Stromsburg Headlight.

Marjorie Miltz, of Omaha, who has been in school here, went to her home this morning to spend a week or ten days before summer school. She will stop for a short visit at Hastings on her way through.—Kearney Hub.

Miss Miltz is a niece of Walter Desch and is a noted musician. Her home is in Omaha.

Mr. and Mrs. Howard Wimberly and daughter Velma of Amherst, returned on Tuesday evening from a visit in Seward County, and went to their home on the evening train.—Kearney Hub.

**Valley Ball Club is Organized.** Within the past week a ball club has been formed in the North Loup valley that gives promise of furnishing a good brand of ball to the many fans of the various towns represented. Some of the players will be from Ord, some from Scotia and some from North Loup. The home games will be played mostly on the fair grounds diamond at Ord, which is now being fitted up for that purpose.

Among the players to represent Scotia will be our champion batter, Duryea and Megrue, "Rabbit" Selk, and Glen Johnson, the heavy hitting center fielder. Oliver of North Loup will probably play on the team. At Ord there will be Roudreau, Fafetta, Hoxek and "Pidge" Johnson. With a line up like this and some good teams to buck up against, we should be given the opportunity to see some good games.

The first game to be played at this end will be a week from Sunday when the newly organized team will play Albion at the Fair Grounds at Ord. We understand that games have already been scheduled with Grand Island, Aurora, Hastings, and with teams in other good sized towns. Some games will no doubt be played on week days as from present appearances the club will have a heavy schedule.—Scotia Register.

Anton Fafetta of Chicago arrived in this city Tuesday morning to visit with a sister, Mrs. J. J. Szama. A brother, Frank, formerly of this county but of late years living at Ord will also be visited.—Howard County Herald.

Mr. and Mrs. Jay LeMasters visited with the parents of the former here during the past week. Their home is at Venus, Nebraska.—Howard County Herald.

I. T. Kingston, who came here a few weeks ago to operate the Fairmont cream station recently conducted by J. W. Owens, will soon move his home hold belongings from Ord to this city. He has rented Mrs. S. E. Brush's house.—Sargent Leader.

Of interest to Phonograph readers is the fact that George Cryer, who with his parents came here from Ord, Nebraska, many years ago, was at last Tuesday's primaries re-elected as mayor of Los Angeles for the third time.—St. Paul Phonograph, extract from letter by Peter Ebbeson.

Tuesday of this week Roy Brush took his mother, Mrs. S. E. Brush to Arnold where she will make her home with her son Oscar who recently went there to run a restaurant. Roy took a load of her furniture over at the same time and the rest Wednesday.—Sargent Leader.

Roy Brush is the husband of Myra Chubbuck.

The graduating class of the Cotesfield high school, accompanied by their sponsor, Prof. A. K. Coombs, motored to Grand Island Wednesday afternoon to have a class picture taken. After that was done they enjoyed a wienie roast at Schlimmer's lake and returned home in the evening. They had a jolly good time and will have one more "red letter" day marked down in their school calendar.—St. Paul Phonograph.

Mr. and Mrs. H. McGraw and family autoed to Ord Sunday where they spent the day with relatives.—Howard County Herald.

Mrs. Earl Castle and two children of Ord came down Friday to attend the graduation exercises as her niece Hazel Hewson was one of the graduates. She visited at the home of her sister, Mrs. Martha Hewson until Saturday.

Ye scribe received a nice long letter from Mrs. A. J. Bandura from their home at Kranzburg, S. D., in which she states she likes their home fine and the people, mostly all of German descent, were very nice.

They have a nice bungalow house, practically new, and there is a nice Catholic church, parish house and a Sisters school. They are only ten miles from Watertown, a city of 15,000 population, and drive there frequently to shop. The spring has been very backward there, as here. Anyone wishing to communicate with her may do so by writing to the above address.—Cotesfield Items in Howard County Herald.

Mrs. Anna Sauter and daughter Marie and Mrs. L. E. Gusner, autoed to Ord Saturday where the former visited the dentist and they did some shopping.—Howard County Herald.

A long cold summer is in prospect for the United States, says a scientist who should know. He is Lieutenant Commander George E. Brandt of the navy, who keeps track of ocean temperatures and is an authority on solar radiation. The summer of 1926, he says, will duplicate the historic "cold summer" of 1812. But so far this year Chicago's forecast says temperatures have been well above normal. However Chicago doesn't manufacture all the weather for the United States.—Capper's Weekly.

(Lieut. Commander Brandt married a niece of my friend who is visiting me now, so this interests me. A brother of my friend, Verne Lyman, who was also a schoolmate of mine, went to Shanghai, China a few years after his marriage to the sister of Bishop Stevens of the M. E. church, and his only daughter is the wife of Lieutenant Commander Brandt. Mr. Lyman has lived in China thirty years but visits here every three years.)

Mrs. Bruce Jolls died at her home in Grand Island recently. They lived here many years ago.

Prof. Wm. Noll of York, visited with home folks the latter part of the week.

The Coonrod family had a re-union last week at Grand Island, all of the family being present. Mrs. Coonrod is visiting her daughter Mrs. Pearl Miller at present.

Mrs. Olive Johnson of Arcadia visited friends and relatives here a few days last week.

**TEACHER'S EXAMINATIONS**

Teachers' examinations will be given at the Ord High School, June 6, 1925. MARY SUTTON, County Superintendent.

**ORANGE BROS CIRCUS COMING**

The publicity manager of the Orange Brothers circus was in Ord last Monday billing the town for their circus which will arrive June 10th and put on an afternoon and evening performance. Attractive posters have been put up, advertising their shows. There will be a big street parade, with two bands, steam calliope, and all of the things that go with a good circus. See their display ad in the Quiz this week.

**CAMPHOR FOR SORE EYES**

**BARKER NEWS NOTES**  
 By Dorothy M. Weed  
 Mrs. Chas. White left Monday morning for Wisconsin where she will visit at the home of her son. She will also make the acquaintance with her new grandson while on her trip. She expects to be away about three weeks.

Miss Vesta Thorngate returned from her school at Wauneta, Neb., a week ago Saturday morning. She was very well pleased with the school and will fill the same position the coming term.

Arch Negley's returned from their fishing trip up to Swan Lake Monday evening but the rest of the crowd, Lee Mulligan, Annual Frazers and Eastmus Petersen did not return until Tuesday evening. They say fishing was not very good although they did get enough for one good meal while up there. Homer Samples of North

Loup, who also went, returned Monday evening.  
 Mr. and Mrs. Sinner who were visiting at the home of their daughter, Mrs. Guy Mulligan the latter part of last week, returned to their home in Loup City Monday.

Unless we get some rain within a few days the crops will probably be quite badly damaged as the crust of the ground is so hard the corn is unable to break through.

The Neighborly Club met Wednesday afternoon with Mrs. Martha Peterson. Quite a number of the ladies were present but there were some that were not. The demonstration in the exercise department of the nursing course was very nicely performed by Mrs. Lella Mulligan and Mrs. Martha Peterson. The ladies who took this course seem to think it quite a difficult task as they were all of them quite lame the next day. They plan to meet with Mrs. Pearl Mulligan on the 17th of June. They will also hold a social at the school house on Thursday evening the 4th. After the demonstration and business meeting a very delicious lunch of light and dark cake was served.

Richard Babcock spent the fore part of the week with his grand parents, Mr. and Mrs. L. E. Green. He returned home Wednesday.

An agent from Wayne, Neb., was around Thursday getting subscriptions for the Farmers Gazette magazine.

A telephone meeting was held at the school house Wednesday evening for the purpose of talking over plans for the new line which is to be built soon.

Mr. and Mrs. Hugh Adams and small son were Sunday visitors at John Miller's.

Herman Desel, Merrill Van Horn, and T. S. Weed left Saturday night for Swan lake where they will fish until Monday.

Mrs. Belle and daughter Mrs. Howard who has been visiting at Chas. Collins were over night visitors at Arthur Collins Friday.

Mr. and Mrs. H. H. Thorngate spent Monday with their daughter Mrs. Beecher Van Horn.

George Burrows was at Frank Mulligans Sunday.

Word has been received from Chas. Brennick's, who started Monday afternoon for a short visit in Iowa, that they are getting along fine. They spent one night at the home of Geo. Humphrey who once lived in Barker district but who now lives at Valley, Nebr. They also stopped at Polk, hoping to see the Chas. Hirsch family, but learned that they had moved to Giltner only the day before.

Another "Bull" Durham advertisement by Will Rogers, legendary humorist and screen star, and leading American humorist. More coming. Watch for them.

**What Good Does It Do You to Know Something?**  
 Advertisements in all Papers and Magazines are all trying to appeal to the intelligent. Now this one is for the great majority. Reliable authority, in fact it was the Draft Boards during the War, figured out that the intelligence of the average Adult of this Country was that of a 13 year old Child. (Now that is giving us the best of it because a 13 year old Child is about the smartest thing we have in this Country), but the 13 year old Child they referred to was one who had been raised on the milk of human Kindness (which is mostly Water) and weaned on a Hard Boiled Egg. You know the smarter the Man the more dissatisfied he is, so cheer up, let us be happy in our ignorance. What do we care how little we know if we get what we want? "Bull" Durham needs no Literacy Test, it is with minority in quality, and with the majority in usage.

### TRAINING CAMPS

For many weeks the Quiz has been flooded with frank correspondence from the war department regarding the military training camps. We could easily fill several columns of the paper each week but to date no offer has been made by the government to pay for any of this space in case it is used. The object of course is to get these young men in shape to make them into cannon fodder in case of war, quicker than would be possible if they had no training. Of course the governments pays the officers who train them, big salaries. The people who own the land where the training camps are located are paid big prices for the use of it. The railroads are not asked to haul the young men free but are paid their regular rates for the service. The food that the men eat all has to be paid for, the shows for their entertainment are bought and paid for, but the newspaper is expected to devote its space free to advertising to get the young men to go and a lot of them are fools enough to do it, too, and that's why none of them get paid for the service. Then when the boys go to the camps in or adjoining a big city, there is a big question whether they are really benefitted by the experience; whether they would not be better off if left at home to do their usual work. A young man who has attended the training camps says the bootleggers are constantly in evidence with little effort made to stop them from plying their nefarious business. Of course they are forbidden the actual camp grounds and arrested if caught there but this young man says they come to the very gates loaded down with booze and that everyone can see them and that they could be arrested most any time of the day or night, but that the officers don't seem to pay any attention to them. It seems like the government should make it so hot for a bootlegger within many miles of one of these camps that there would be no damage to our boys who go there.

### SCRAPPING THE SHIPS

Uncle Sam is talking about selling four hundred ships to Henry Ford at junk and if they are sold they will sell at 2 or 3 cents on the dollar of their cost. Granting that these ships are no longer needed, why should the government sell them at a price that is practically a gift. Unless whoever buys them can do so at a price below the price of the metal and other materials in them in its ordinary market condition, they will not sell. The government is a heavy buyer all the time and why does not the government junk this material and use it instead of giving it away and then, perhaps, buy it back again at a huge profit?

Heretofore it has been the custom to allow university students to go home when their work was finished and the upper classmen were about all that were left in Lincoln for the last week of school and the Roundup and other school activities. This year the students were held there for all the school activities. It was said that it was for the purpose of instilling into them a stronger school spirit. Their final examinations could have been given last week and they could have gone home but instead of doing that they were allowed to loaf last week, running all over without restraint and this week they are getting their final examinations. There are at least 7500 of the lower class students and a conservative estimate of their expense for the extra week would be \$10, a total of seventy-five thousand dollars that could have been saved to the people of the state who have to pay the bills and the students would have been far better off. One bunch of students went over to Omaha for a dinner at the Blackstone, giving as an excuse that they didn't have anything to do all week. Probably seventy-five thousand dollars is in reality about half what the week extra in Lincoln actually cost the parents of the students and it was a wholly unnecessary expense.

To the class in journalism of the Wayne State Normal, Will Maupin, in the Omaha Bee, gives generous praise, inspired by a recent supplement to the school paper devoted to

Make Your Home Brighter with DELCO-LIGHT PRODUCTS  
Electric Plants, Washing Machines, Water Systems.  
Backed by GENERAL MOTORS  
Ask for Details

Loup Valley Electric Co.  
Ord, Nebraska

productions from the special group. While Editor Maupin says he does not altogether agree with Dr. J. T. House, director of journalism in the school, on how to run a newspaper, he does agree that his class is made up of "mighty fine young men and young women." In the same connection, Maupin professes divine love for the beautiful and majestic Missouri river—probably because it belongs to us—like loving ones dog even though it has the face of a crocodile. The Missouri is here to stay, and it could not be moved except on its own initiative which happens occasionally to the sorrow of neighboring farms of rich, undulating acres. Maupin's love may be inspired by the river's bigness and energy. You cant love it as you would the limpid waters of a placid stream which reflects beautifully varicolored depths. When you are in the Missouri, you run your fingers through some luckless settlers farm which is on its way to the Gulf of Mexico. If his sentimentality permit we would suggest that Editor Maupin write a poem on "The Milling Maw of the Mad Missouri."—Editor Huse in Wayne Herald.

### MY OWN COLUMN

(By H. D. Leggett)  
There is no question but that Bob Simmons was strong over his district from the time he started his first campaign and he has been gaining strength ever since. He is continually getting more popular because he is out over the district during his congressional vacations, talking with the people, finding out what they want done and explaining to them conditions as he has found them. He was in Valley county recently where he received enthusiastically everywhere. He impresses people with his sincerity, and when he feels that their requests are unreasonable or unable of being met, he says so frankly and tells why and when he endorses a proposition we can have reasonable assurance that what he says has weight. We are for Bob stronger than horsradish.  
Ole Buck wrote his column of "Observations" for last weeks paper, en route to Ohio or Indiana or some other sea port and every other word was a grouch. He found fault with everything from the weather to the food, and then in the last item he gave the whole thing away by saying he was to meet "The Boss" who is his wife, the next day. The old cuss thought he was going on the trip alone and had planned to have a real time and at the last minute she sent word that she would meet him at a certain point and accompany him on the rest of the journey. Probably she got suspicious.

Heck Bradt had a half dozen loaves of bran bread left the other day, and fearing that they would be a total loss, he put them in a show-case and labeled them, "Anti-Fat Bread, #2, a loaf" and it wasn't an hour until Bill Bartlett, Roy Bailey and Bill Hawkins had bought them all.

Bill Moses went into a barber shop to get his hair cut the other day and complained about a draft which he said would give him a cent if he took his hat off, and the barber said, "Just leave your hat on, it won't make any difference about cutting your hair."

Curt Parsons is complaining bitterly because the Valley county officers are rounding up all the bootleggers in Garfield county and he says pretty soon he wont be able to get a drink at all.

Some years ago Fred Howard traded the Mayo people at Rochester, Minn., some space in his newspaper

for professional services, and now, although perfectly well, he goes up every year or so, and has an operation or two.

Ole Bailey sure gave the Bulck people some good advertising last week in his story of the California trip, and already we have had calls for the paper from the Bulck state agency and the factory. There was no hot air about what Ots said. He wrote just as he thought about the matter.

Ole Buck avoids Joe Alden's place at meal time, probably on the theory that a guy as skinny as Joe is, doesn't get much to eat. He might get fooled.

Art Brown used to live at Loup City and is also vice president of the state press association, so he has been invited to speak at the meeting there the 19th and I understand he is preparing two speeches, one to be given as an encore.

Charley Watson is loaded with tin work. He recently secured bench room at the Milliken Hardware and he is being kept busy with all kinds of metal work with prospects of much more later. He attributes it to his advertising in the local papers. Well, I guess that's it, coupled with the fact that people generally know that Charley knows the tin business and is a fast workman.

Ernest Coats came in last week, after running ads for several weeks, and said he was sure getting results and wanted to put in an ad for another week. He said he was sure pleased at the way the Jersey Home Dairy business was picking up.

County Commissioner James says he knows a girl who gets a lot of kick out of washing dishes. That's nothing. I know a girl with whom it is all kick.

When Bert Cushing was a small lad his teacher asked one day, "Bert, what is the shape of the earth?" "Round," replied our city superintendent. "How do you know?" asked the teacher and Bert replied, "Oh, well, it is square then, have it your own way, you always do."

There are quite a few birds around Ord who dont like Mayor John Rogers, but the people who have to pay the bulk of the taxes think he is a pretty good fellow. Under his management of the city affairs, efficiency has been continually improved, indebtedness has been continually reduced and taxes have shown a steady decline. Who wants a change?

### FOOLISH AMBITION

It is reported that a newspaper is to be started at Broken Bow in opposition to the Custer County Chief. The Chief bought out and absorbed a struggling competitor a few years ago, and it covers its field from a news standpoint, impartially and eloquently. Also its circulation covers the field thoroughly, being larger than that of any other weekly news paper in the state.

The proposed new venture is suggestive of the infinite folly that some times possesses people. Probably a small group, ambitious to be heard in behalf of some political or other notion, thinks that the populace will be thrilled and rush to its support. Probably \$40,000 in cash would be required to equip a plant that could compete with the Chief if the Chief had no circulation. But no competitor could make any appreciable comparison with the Chief in circulation in Custer county, by hard work in fifty years. In the meantime there would be no business excuse for advertising in the new paper, and people with business judgment don't advertise in a newspaper that has little or no

circulation. How will the new venture get on? It won't get on. Those who have put a few hundred dollars into the new paper in the hope of molding public opinion, or in the hope of trimming the Chiefs sails, will after the glamour of the first two or three issues wonder why no headway has been made. Those in charge of the newspaper fledgling, struggling to compete with the Chief, in appearance, will borrow from the Chief, receiving aid with one hand and seeking to tear it down with the other.

In time the investors will find that it takes more than wind and enthusiasm and a bright idea, alias politics, alias religion, alias personal ambition, to float a newspaper, and then they will feel around for a haven of rest, free from multiplying obligations and fading glory. Then the Chief as unhurt as though brushed by the caudal appendage of a katydid, will be asked to buy it and pay real money for it. Will the Chief do it? We hope not.

This is the usual course and it is a reasonable forecast of what will happen at Broken Bow.—Wayne Herald of May 14, 1925.

### HANKE-GRAUL

Mr. Otto Graul and Miss Esther Hanke, attended by Will Graul, brother of the bride-groom, and Miss Helen Hanke, sister of the bride, were married Wednesday afternoon, the 27th, at the Evangelical parsonage, Rev. Nathan Thomas, pastor, saying the words which made them husband and wife. Following the ceremony, the bridal couple went to Grand Island by auto for a few days visit with friends. After their return they will be at home with the bridegrooms parents southwest of Ord. The bride is daughter of Mr. and Mrs. Carl Hanke, who live near the Mira Valley Evangelical church.—North Loup Loyalist.

The Quiz is glad to join with the many friends of these fine young people in wishing them a long life of happiness and prosperity together.

### DISTRICT NEWSPAPER MEETING

The editors of the Loup Valley are to hold their next district meeting at Loup City, June 19, at Jenners Park and the promise is made that everything will be done to make this the best meeting ever held and without doubt all who attend will be well repaid for the trip. There will be a business meeting and program, the officers of the state association will be present and the boys at Loup City

are making elaborate plans, in co-operation with the park management, for entertainment.

Business called Frank Norman to Elba Thursday afternoon.

Will Stanton was up from Central City the latter part of last week.

Will Witt was over from Ericson the latter part of last week attending to business matters.

Miss Margaret Marks returned home last Thursday evening from York where she has been attending college.

Thursday evening Mr. and Mrs. John Kokes returned from Grand Island leaving their daughter Clara resting nicely after a severe operation.

Mrs. Chas. Partridge and daughter Thelma went to Grand Island Saturday afternoon and spent Sunday with friends, returning to Ord last Monday.

Miss Mary Sutton, our county superintendent went to Grand Island last Friday afternoon and spent a couple of days with her sister Mrs. L. L. Miner and family.

## Cylinders in line or V type Motors

perform better with  
BALANCED GASOLINE

FOUR, six, eight or twelve cylinders, arranged in line, opposed or V type, can only develop their full rated power and show their range of power flexibility when gasoline vaporizes properly and burns up quickly and completely.

Red Crown—the balanced gasoline—is built up to do all of these things. It vaporizes evenly and has ample low boiling point fractions to insure quick-starting motor. It also has the slightly higher boiling point fractions which are necessary to develop continuous pressure to the end of the stroke—maximum power and speed.

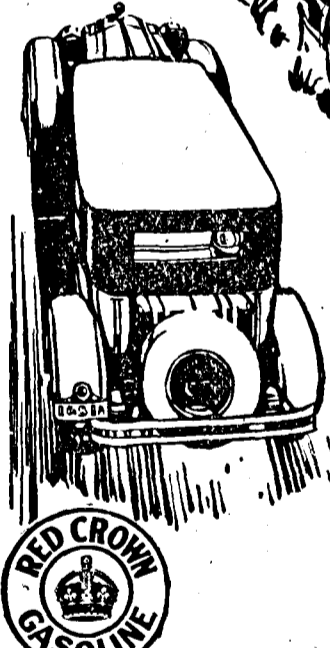

This desirable combination enables your motor to operate at high efficiency on a lean, clean-burning, economical mixture. Once adjust your carburetor for Red Crown—the balanced gasoline—and your motor picks up quickly, has strong acceleration and shows big mileage per gallon. Red Crown is uniformly high quality motor fuel wherever you buy it—and you can get it even in the smallest towns of Nebraska.

Get the good habit of turning in at the nearest Red Crown Service Station when you need gasoline, motor oil, air for your tires or water for your radiator. You will receive prompt obliging service and full measure of uniform, high quality motor fuel and the proper grade of Polarine to give your engine protective lubrication.

CHRISTIAN CHURCH

G. O. Bell, Pastor  
The attendance in Bible school was better than the previous Sunday. There were 167 who came for worship and Bible teaching. For two Sundays we have fallen short of our quarters aim, 200 for each Sunday. We want to reach our aim each Sunday of June. We can if each member will be a loyal booster for the school. There were 23 who read a chapter of the Bible every day the past week.

The special effort for a financial cleanup proved to be very good for the number who attended the morning service. In the evening the pastor gave a fine sermon from John 13-34. A New Commandment that I give unto you that ye love one another. This subject was suggested to the pastor by reading an article by Rev. Chas. Richardson in which he stated that in looking over a volume of 200 modern sermons in a great New York library he found only one sermon on this text and that by a minister who had been dead twenty years. Evidently the new commandment text is not a popular one. Mrs. A. S. Koupal delighted the audience with another splendid solo, entitled "One Sweetly Solenn Thought".

The prayer meeting will be held to-night at 7:00 instead of 7:30. This will permit those who wish to attend both prayer service and missionary meeting to do so. Reports from last week show that a good meeting was had.

Choir practice is at 8:00 o'clock. The Ladies Aid had a short business meeting and a working time at the church basement Wednesday afternoon. The Aid will hold a Kensington

next Wednesday afternoon, June 10, at the church. You are invited to attend. Mrs. Ben Janssen is chairman of the refreshment committee.  
Robert Lowell is the name of the new son that arrived at the home of Rev. and Mrs. Bell last Saturday. Rev. Bells mother attended church last Sunday. She came for a visit and to care for the home while Mrs. Bell is in the hospital.

She has written it for us and we are anxious to see it in the paper so that others might read it.  
"Chairman of the Board of Education, and our dear principal, we thank you all and what more can we say. We realize what a wonderful year is one of our graduates in 1925, or she is one of the girls of 1925."  
"We knew that she was going to do something big, maybe not quite as big a thing as this, but still she did very promising work even while with her class at school," and we feel with in us that all of this would be only the inevitable result of the foundation already laid.

It was simply our own lack of conception of its importance. We seemed unable to profit by the discoveries of any other life. We had to learn by our own experience and now it will come again.  
But every one of those wasted opportunities has played its part in teaching us a lesson.  
It has been well indeed for us to learn.

And with these highly prized credentials in hand, going forth from the best school in all the land, to face larger endeavors than we have so far dreamed of, we are ready to grasp every opportunity that presents itself at the very moment of its appeal and will then prove to be value even in our mistakes and failure here in preparing the way for our future service and advancement.

And if the classes to come after us could only profit by our experience and learn the value of grasping the chances of every fast fleeting hour and wrestling from its grasp the lesson and growth it brings, to be yielded up to a masterminds demand.  
We should feel that every mistake of ours has had a double mission to perform. One to us and one to them as the lives of graduation should remind them of deep regrets for chances lost. But we could not learn from others, so how could we expect that they will be able to take even our own experience as a guide for themselves.  
We thank you most of all, dear friends for your faith in us and in our future. We wish to prove to you that it has not been misplaced. We hope to make you all prouder of us and we want you to say at some moment of future achievement, "Oh! Yes indeed! We know that man. He was one of our graduates in 1925, or she is one of the girls of 1925."  
"We knew that she was going to do something big, maybe not quite as big a thing as this, but still she did very promising work even while with her class at school," and we feel with in us that all of this would be only the inevitable result of the foundation already laid.

Coleman Cooker  
Makes and Burns  
Its Own Gas

REGARDLESS of where you live, you can now have a stove that gives you all the conveniences of a city gas range at a fuel cost, on the average, of only 2 cents a meal. You can do away with coal and wood—and all the work and dirt such fuels cause. This wonderful new stove is the Coleman Cooker. It is a complete stove and gas plant, all in one. Made in a variety of styles, from the small Bungalow Cooker shown below, to big, beautiful models with cabinet backs and built-in ovens.

Full Cooking Heat in One Minute

The Coleman Cooker gives you the very best and quickest means of cooking. The Coleman Hot-Blast Starter—speedy as a blow-torch—gives full cooking heat in one minute—a clean, intensely hot blue flame that will boil a half-gallon of water or bake biscuits in four minutes. It will broil, fry, roast or toast. Regulates instantly to any heat desired. No soot, no smoke—your kitchen and cooking utensils are always clean. Easy to operate. Tank can't spill fuel, can't be filled while stove is lighted; positive valve control, no crawling flame. No wicks—no glass chimneys or fuel jars.

See It In Action!

You will be surprised and pleased when you see the wonderful Coleman Cookers. Come in for a demonstration.

**LOCAL NEWS**

Russell and Veri Madison were up from Olean by motor way Tuesday.

Tuesday Dr. Gables went to Omaha for a few days on business.

M. R. Jones was up from North Loup last Tuesday.

Miss Ruth Vinndge of Taylor is a guest this week of Miss Sada Col-lison.

Mr. and Mrs. John Olson returned last week to Fremont after a couple of weeks visit with Ord friends.

Dr. Barta and family and Walter Leschinsky and family were enjoying a day at Ericson last Sunday.

Miss Hazel Rogers returned Tuesday from Alliance where she has been teaching the past year.

Ralph Hunter trucked in 80 head of hogs yesterday afternoon for Lee Foot, it taking till 11 o'clock last night to complete the job.

Miss Bertha Poth returned home Tuesday evening after a visit with relatives at Lincoln.

Miss Nellie Sample, a nurse at the Ord Hospital, went to Wolbach last Saturday to spend a few days with home people.

Last Thursday Ed. Jensen moved his family back onto his farm at Joint. Ed says they like country life best and are going to dispose of their town property.

Last Sunday Frank Stara and Joe Knezacek returned from a trip to Lincoln and Bralnard. At the latter place Joe visited his people. They made the trip by auto.

Mrs. C. Strathman, aunt of the Heuck young people came up from Grand Island Monday evening for a visit. She made the trip by auto, riding with Miss Lenore Milligan.

Lee and Wilbur Nay drove in from Kirksville, Mo. Tuesday evening and plan on spending their summer vacation in this vicinity. They will return to their school work again in the fall.

Harvey Friend rented the Ed. Jensen property and moved the first of the week, thus allowing the George Round family to move into the S. S. Brown property which they recently purchased.

Mrs. U. Tolbert and son and daughter from Kearney were in Ord the latter part of last week visiting their relatives, Mr. and Mrs. James Vanshike.

Roy Drake and wife drove to Grand Island Monday to meet the latter's daughter, Mrs. Stanley Bell from Long Beach. Another daughter, Mrs. Marie Kohb from Aberdeen, S. D. met the Drakes at Grand Island and accompanied them to Ord.

Donald Marquard returned home last Saturday after a few days visit with his sister and her husband, Mr. and Mrs. Lynn Blakesley at Long Beach, Neb. They both accompanied Don to Ord. They are having a few weeks vacation and will visit her and at Kearney.

Chas. Emig recognized familiar faces last evening at the depot. He left the passenger train long enough to shake hands with old friends. Charley still lives at New York City and was on the way to Taylor to visit his father, Geo. Emig. He was up this way two years ago. He will visit at Ord before returning east.

Lenore Milligan returned last Monday from a visit with her sister, Myrtle Milligan at Grand Island. The latter has finished another year's school work at the island but will not return to Ord for her vacation. She will spend a few weeks with a friend at the island and then go to Colorado and other states on a trip.

R. O. Hunter was called out to the E. Cook farm Wednesday afternoon to haul some hogs to market. Farmers who don't own a truck find it mighty convenient to call Mr. Hunter, who is able to land several loads of fat hogs in the stock yard while they would be able to get one load in with a team.

Mr. and Mrs. L. L. Lakin drove down from Burwell and spent the day with their son Ross and family and when they returned they were accompanied by Ross' two small children. The little people planned on staying a week but their mother decided the home was too lonesome without them so she went up Tuesday.

Mrs. J. A. Brownell was in Ord Monday on the way to her home at Burwell. She had been spending a week with the D. W. Hart family at the island. Previous to this she had been at Yoder, Wyo., caring for her daughters children while her daughter was in Denver with a small son who may lose an eye. The accident was caused by a gasoline explosion.

Lloyd McGrew writes his mother about Tom Mix and his horse Tony's visit at Omaha last Saturday. He says they are true to their pictures except the horse is no black as often pictured but of a brown color. He looked like he had been to the Beauty parlor, his mane was cured and he was a fine looking horse. Lloyd said the streets of Omaha were packed with people, longing to see the horse as much as his master.

Mrs. C. A. Carlson told us last Saturday while down from Burwell that she and the girls were running a rooming house at Burwell. Mr. Carlson was farming about six miles north west of Burwell, their son Floyd had a good position at Chapel, and Chester was at Armour, S. D. Mrs. Carlson was at Ord to visit her mother Mrs. Lafa Miner. The Carlson family lived at Ord for many years.

Leon Rogers was a business visitor at Grand Island Tuesday.

D. A. Gard finished his visit with Dr. Gard and family and went to Havelock this morning for a short visit with his daughter after which he will return to his home at Milford.

Mr. and Mrs. Harry Jarvis from Taylor were visiting at the McMindes home, driving down Saturday morning. Mrs. Jarvis was formerly Miss Bess Vinndge. Mr. Jarvis is also a relative of Jim Tolen and was calling at the Tolen home during his few days at Ord.

A great many people remember Bill Best, B and M passenger engineer. He has been on this line for a number of years. He laid off last week and went to Palmer where he was married to Josephine Copland of that city and they are on their wedding trip to Lincoln and to Colorado points.

THE NAMELESS RIVER  
(Continued from page 4)

at noon she knew that Brand was coming at night, that these two had ways ridden on Diamond, and that they would ride again some day, while Dirk, the colt, would run beside them. She knew that Brand was always gone in daylight, and that the care by the rock below was home.

But that was all she did know, or could find out, except that the child's name was Sonny and that he was seven.

Perhaps it was due to the fact that she had inadvertently called him that, that she owed the success of the hour.

Be that as it may, the yearning pity which she felt made Nance use the last and greatest of feminine wiles to win him to her.

"I'm going away now," she said smiling into the grave brown eyes in the little face, "but if you'll kiss me—and won't tell Brand a thing about me, I'll come again tomorrow—and I'll bring you some more goodies. How about it?"

The promise, the kiss—these completed the downfall of the lonely wall, and Nance's heart ached anew at the pathetic grip of the weakened arms about her neck.

From the far bend she looked back—and this time it was to see the two strange denizens of Blue Stone canyon watching her in the habitual repression and silence of their unnatural lives, but without so hungrily that the mist swam in her eyes again.

"What'd you find, Nance?" Bud queried when she rode in at home.

"I found a mystery I'm going to unravel," she answered grimly, "or my name's not Nance Allison—and I made love to a half-starved little kid—and got all cheved up by a dog—and I heard of a man who's going to get a piece of my mind some day—now, mark me!"

"Land sake!" said Mrs. Allison in the doorway, "what are they—camping?"

"No—and it looks mighty mysterious"

THE ORD QUIZ SOCIETY

Tuesday evening the Ladies Auxiliary of the American Legion and the Legion boys held a banquet at the Legion hall. Both organizations held their regular business meetings and then repaired to the dining room where tables were set and beautifully decorated in Red, White and Blue and with a profusion of flowers. After the elaborate banquet had been eaten a 'stunt' program which had been arranged by Mrs. Forrest Johnson and Miss Martha Work was put on which furnished much amusement for the balance of the evening.

The Happy Hour Club met with Mrs. F. J. Dworak last Thursday afternoon.

Dr. and Mrs. F. A. Barta entertained the Radio Bridge Club this week with Mr. and Mrs. Ed Vogelitz as extra guests.

The Junior Matrons will hold their next meeting at the home of Mrs. C. J. Mortensen.

Last Thursday afternoon Mrs. Noble Johnson entertained the Merry-mix club at the home of her sister Mrs. John Mason. A dozen ladies were present.

The Sew and So Club are meeting with Mrs. C. J. Miller this afternoon.

Mrs. Chas. Burdick is entertaining the O. O. S. club this afternoon.

The D. D. meet tomorrow with Mrs. L. D. Pierce.

Friday afternoon Mrs. Ed. Holub and Mrs. O. G. Petty will entertain at bridge at the Petty home.

The Missionary Society of the Methodist church are giving a party this afternoon at the country home of Mrs. R. C. Greenfield.

The S. D. G. club will meet today with Mr. and Mrs. Chris Hansen.

The Ord Rebekah circle was well represented yesterday at a district convention held at North Loup.

From the Far Bend She Looked Back, and This Time It Was to See the Two Strange Denizens of Blue Canyon Watching Her.

"McKane," he said, "Is there any thing you want to say to me?"

McKane looked at him sullenly.

"Don't know there is," he answered frankly, "you're able to answer it if I have, I find. I didn't wake up for two hours after you left that day."

"I'm sorry," said Price Selwood, earnestly.

Shadows in the Sheriff's Glass.

The sheriff went back to the store at Cordova and looked the proprietor in the eye.

"McKane," he said, "Is there any thing you want to say to me?"

McKane looked at him sullenly.

"Don't know there is," he answered frankly, "you're able to answer it if I have, I find. I didn't wake up for two hours after you left that day."

**SOME OF THE QUIZ DEPARTMENTS**

The Quiz force does more than print a newspaper. There are a good many departments in the Quiz business and we propose, in this advertisement, to call attention to some of them. We would like to have you read every line of the ad. We believe you will find that we handle some lines that you didn't know about, or had forgotten. Our phone number is 17 and we are always glad to answer questions, quote prices or send samples.

**Advertising or Publicity**

The Quiz sells advertising space in its columns to give publicity to all who want it. Selling advertising is, of course, the main business of this newspaper. True, in order to sell advertising space, we must have a circulation that warrants the people who want to get wide publicity, buying the space. This the Quiz has. It is read in more Valley county homes every week than both of the other papers published in the county combined, and it is probably a safe bet to say it has double the number of subscribers of both of them. We solicit the copy of all who seek real Valley county coverage. We have the list and it goes to people who buy the paper and pay for it because they want it. It has been many years since the Quiz had a contest. It's list is not a contest list. It is a list of people who have come voluntarily to the office to subscribe.

**Document Covers**

We have stocked a splendid line of covers for legal papers, covers such as all attorneys put on their legal papers before filing them. We have four beautiful colors in two different kinds of stock, making eight selections to choose from. It is boxed, 100 sheets in an attractive box, and we will sell it to you either plain or printed. Drop in and see it. There is no occasion for attorneys, bankers or insurance men to send out of town for this class of stuff. The Quiz can supply your needs right from stock on a moments notice.

**Ribbons, Carbon Paper, etc.**

We can supply you with a ribbon for any machine. We carry the well known brand, Remington Paragon for all makes of machines. If you are not in Ord and need one before you are coming, phone us and we will get it to you by return mail. We recently had phone orders for typewriter ribbons the same day from both Burwell and North Loup and both orders were filled by return mail.

We carry carbon paper for both typewriter and pencil and will supply you by the box or by the sheet.

**Ruled Headings**

This includes a large variety such as letter heads, memorandum heads, note heads, statements of several sizes, bill heads in several sizes, ruled legal cap put up in tabs, which are very convenient for use in office, bank or home. We will sell you one pad or more.

All of these ruled headings are carried in a good grade of paper suitable for pen or typewriter and we will print them up just as you want them on short notice. Come in and see samples of jobs recently printed.

**Store Sale Bills**

This is a department that the Quiz is often called upon to get very busy in. We print store sale bills for the surrounding towns and do it in record time and turn out a job that gives satisfaction. We are especially fitted to handle this class of work because of the large amount of type we have and the fact that we have two linotype machines and can undertake job work that we would be obliged to turn down if we depended upon one machine to handle the paper and the job work also. The Quiz has three good operators and when a rush comes we often have to run a night-shift to handle it. We did this for a period of ten days in April when we were getting out four telephone directories and a 120 page ordinance book in addition to the paper and the usual run of job work. We want to make your store sale bills.

**Miscellaneous Printing**

There are almost an endless number of jobs and it is impossible to mention all of them. However if it is printing, the Quiz can do it. We are all the time printing such things as check books, programs of many kinds, receipt books, postal cards, circular letters, sale bills and posters of all kinds, cardboard signs of many kinds, catalogues, in fact, as we said, the list is endless, but if there is anything in the printing line that you are interested in, come in or write or phone. We want to serve you.

**Daily Papers**

We are glad to send in your new or renewal subscriptions for all daily newspapers. We are agents for all of them, and can send your subscriptions, get any club offered, save you the bother of writing, and the expense of stationery and stamps, and make a small commission for ourselves. Why not let us send in your subscription? Phone 17 if you want a daily paper, or if your daily paper subscription is about out and let us send in the renewal. You can pay us the next time you are in Ord. If you are in the Arcadia territory you will get the same service from the office at Arcadia.

**Wedding Announcements**

We have a very nice line of wedding announcements and carry a good assortment of announcement cards and envelopes, suitable to use in invitations for parties. We have those cards with envelopes to match in several sizes.

**Monogrammed Stationery**

Monogrammed stationery is coming to be very popular, and we are printing a great deal of it for the ladies. We can supply it in several shapes and colors, sheets and envelopes, 100 or more, some of it in neat boxes and at prices that will surprise you for cheapness. We are sure this will please you and it will be but little more expensive, nicely printed with your monogram, than the unprinted kind. Some of this stationery makes a splendid graduation or birthday gift.

**Boxed Stationery**

Do not confuse this with the boxed correspondence stationery carried by many stores. We don't have that kind. This boxed stationery is put up 250 sheets of paper and 250 envelopes in a nice box; hinged cover, over the compartment where the sheets of paper are kept and a nice drawer for the envelopes, so your stationery is not wasted, is always clean and is handy to use. We will sell it to you plain or printed and we have it in three sizes, the regular 8 1/2 x 11, with the ordinary sized envelopes, the size known as the secretary size, and the social size. This comes in either plain bond or ripple finish. A box of this makes a fine present for Dad, mother or the boys or girls. You should come in and see it.

**Typewriters**

We have the agency for the Remington Portable and have sold a number of the machines. We believe they are all giving satisfaction. We have sold machines in recent weeks to:

- John L. Ward.....Burwell
- Janie Moul.....Springdale
- Ella Stowell.....Springdale
- Hazel Hackel.....Vinton
- G. C. Thompson.....Arcadia
- Dr. P. G. Howes.....Ord
- A. L. Long.....Ord

We believe the time is close when these good typewriters will be as common in Valley county homes as pianos are at present. Anyone who can write with pen or pencil can write better with a typewriter with a little practice. Children especially learn to use a typewriter very rapidly and your children will learn more in school by having a typewriter to use in the home. If you are interested in a typewriter come in and see one of those on display. Nothing makes a finer graduation gift than a Remington Portable.

Keth Lewis is taking his yearly vacation from his duties at the Penney store and Saturday left for Salt Lake City where he will visit his people.

C. A. Rombagh, living twenty miles north of Taylor was in Ord last Monday, on business affairs. He was also going to Grand Island for the same purpose.

Mr. and Mrs. C. F. Hughes were at Grand Island for Decoration Day. Elroy, a son of Mr. and Mrs. F. Hughes accompanied them home and is spending this week with Mrs. Florence Chapman.

Last Saturday Everett McLain left for Hastings where he will join the Mid-State Construction company. He plans on working with them during the summer months.

Lou Schwamer and son Charley and the former father H. J. Schwamer, drove in from Scottsbluffs last Saturday and will visit here for a few days with relatives and friends. When they return they will be accompanied by Mrs. Schwamer and daughter Martha, who have been at Ord for a couple of weeks with the Auble families.

Jack Beaver, representing the Buick people in a large territory as special salesman, was shaking hands with Ord friends the latter part of last week. A good many years ago Mr. Beaver spent a good deal of time in and around Ord, being at that time interested in the telephone business, and a good many of the old timers still remember him.

Among the out-going passengers last Monday were Mrs. James R. Miller and little son Mason. They were going to their home at Fort Collins after a stay of nearly year with Mrs. Miller's father, John Mason. She has taught school this year in district 41. The school house is not far from her father's home and the latter has had the care of Master Mason. About July 1st Mr. Mason and son Archie plan to go to Fort Collins to spend several weeks with Mrs. Miller.

E. L. Vogelitz, Attorney NOTICE OF REFEREE'S SALE

Notice is hereby given, that under and in pursuance of and by virtue of an order made and entered in the District Court of Valley County, Nebraska, on the 15th day of May, 1925, in an action pending therein, wherein Mary Long Oltmer is plaintiff and Robert Long, a minor, et al., are defendants, the undersigned, Claude A. Davis sole referee duly appointed in said cause, was ordered to sell all the Southwest Quarter of Section two, Township two, Range fourteen, west of the 6th P. M. in Valley County, Nebraska, to the highest bidder or bidders for cash.

Now therefore, notice is hereby given that by virtue of said order, judgment and decree, the undersigned, Claude A. Davis Sole Referee in said action, having taken the oath required by law and having given bond as provided by the order of said court, will on Monday the 15th day of June, 1925, at two o'clock in the afternoon of said day, sell at public auction the above described real estate, at the west front door of the Court House in the City of Ord, Valley County, Nebraska, as a whole or in such parcels as may be deemed for the best interest of the parties to the highest bidder or bidders for cash.

The sale to remain open one hour. Dated this 14th day of May, 1925. CLAUDE A. DAVIS, Referee First Pub. May 14-5t.

We have it on pretty good authority that we are soon to have a new general merchandise establishment in Burwell. The People's Store at Ord is said to have leased the Hub building and are contemplating opening there at an early date. The store room has been undergoing considerable repairs in the way of paint and other brightening up material during the past few days.—Burwell Tribune.

The Standard Bridge Company of Omaha is in awful bad with the Greeley Citizen and probably with the county commissioners of that county. The Citizen claims that the bridge company has been tittling the price on many bridges and in spite of the fact that the records show that the county now owes the company thirty-five thousand dollars, wonders whether, in reality, the company does not owe the county. The paper seems to think that the company may have been boosting the price or over charging for a long time without getting caught at it. The trouble seemed to start last year or the year before when a civil engineer who knew some thing of bridge construction was elected to the county board.

We regret to learn that Pastor Reeves, for a number of years in charge of the Burwell Christian church has decided to give up his charge here. He will go to Overton, Nebraska, is the report that comes to us. Pastor Reeves, has been here a number of years and has made friends that will regret to see him and his daughter leaving. That he will meet with success in his work wherever he may decide to locate, is the wish of the Tribune.—Burwell Tribune.

Ed M. Tunnicliff was down from Burwell last Sunday and spent the day with his wife and family. Will had been having his teeth extracted and had been home for several days.

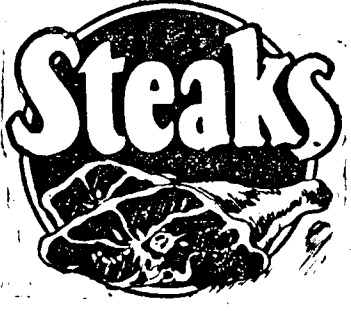

There was a family gathering last Sunday at the Walt Finch home on lower Davis Creek. Besides several families of nearby relatives there were the Chas. Bowers family, who live near Arcadia and Mr. and Mrs. Geo. Newbaker and Mr. and Mrs. J. E. Tolen from Ord.

Davis Scanlon returned last Saturday to Columbus, Ohio. He had driven to Ord a couple of weeks before with Alvin Brown, who has been living in Ohio but will stay at Ord for a while with his father Jack Brown.

Last Monday morning A. J. Kindsvater returned to Denver. His wife will stay for a few weeks longer with her parents, Mr. and Mrs. Horace Crow. Mr. Kindsvater returns to his work and to look after the building of their home which is under construction. They have their furniture packed until the house is completed.

If you have been taking the Quiz and after reading it, sending it to some distant relative or friend, you can no longer afford to do so, as it now costs you 4 cents to mail it under the new postal laws. Better come in and have us send it for you. That will save delay and occasionally missing sending one and disappointment to the loved one so anxiously looking for the paper.

Among the incoming motor passengers last Sunday morning was Wm. Wigent of Chicago, who had been at Denver on business and came this way to spend a few days with his parents, Mr. and Mrs. D. Wigent. Other relatives who wanted to spend a few hours with Will and who met at the Wigent home that day were Mr. and Mrs. K. W. Harkness and children, Frank Wigent and family, Ed. Johansen and family, Mr. and Mrs. A. Scottfield and Mr. and Mrs. J. Mach. These people are all relatives of the Wigent family and it was a regular homecoming day with a big dinner and a merry time. Will had not visited in Ord for several years, in fact this was the first time he had seen our court house. He tells us we should be proud of that building.

Miss Helen Glover started Monday for Omaha and Lincoln and planned to leave at once on her eastern trip. She had only been gone a couple of hours when her mother received word that another daughter, Miss Ruth Glover, who is attending the state university, was very ill, and would have to submit to an operation. Mrs. Glover left on the afternoon train for Lincoln.

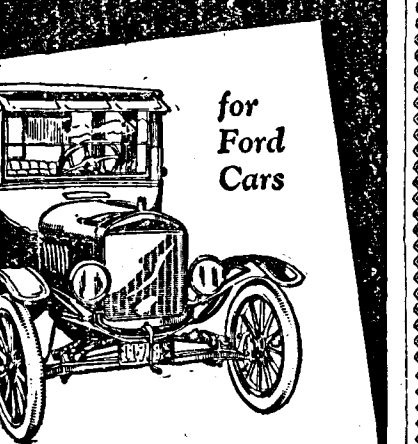

Last Saturday Miss Grace King returned from Minden where she has been teaching the past school year. Miss Clara King has been teaching at Holdrege and came home the same evening. Miss Clara plans on staying at home this summer while her mother Mrs. W. S. King will take a vacation and go east on a visit. Grace will go to the University of Chicago and take up special work during a part of the summer. She will stay at home for a couple of weeks before going to Chicago.

Last Thursday afternoon M. P. Calhoun left for Denver where his daughter Mrs. Harland Otis resides. Sometime this week Mr. Calhoun and Mrs. Otis were to leave for the home of Mrs. Grace Morrow, at Dawson, N. M., and from there they go to California where they will visit relatives at different points. Mr. Calhoun will also go to Vancouver, Wash., and spend some time with another daughter, Mrs. Nellie Romine. He was looking forward with much pleasure to the trip. He said it would perhaps be a year before he returned to Ord.

Frank Sigel was taken to the hospital at Hastings for treatment last Friday. He is the son of Albert Sigel and is about 25 years of age. He was taken mentally ill about four years ago, a few months after he was very ill with the flu and it was thought that his condition was the result of the sickness. He was taken to the hospital and eight months treatment seemed to restore his health, but it was only a few months after his return that he began to show signs of his old trouble and has grown continually worse till this week he was so bad that it was necessary to again take him away. Treatments may restore his health. Sheriff Round Marshall Covert and County Attorney Hardenbrook accompanied him Friday afternoon.

P. S. MILK AND CREAM DELIVERED EVERY DAY

**Attendance**  
Last week our attendance was 100 per cent. The week before it also proved to be perfect since George Gard attended at Omaha. All members were present at every meeting except one this month and only one absent then. Our attendance records were the subject of special comment in the district governors and International secretaries letters. Keep it up!

**Our Last Meeting**  
We finally have received our birth certificate. The charter was delivered last Monday evening by Mrs. O. A. Rofely, for and on behalf of her husband, "Judge" Rofely of Sioux Falls, our District Governor. Our president, Clarence M. Davis, accepted the charter and presented to Mrs. Rofely, on behalf of the Ord club, a bouquet of roses. The music of the Gecks orchestra Miss Josephine Misko, and Professor J. J. Gecks, was very fine and was enjoyed by all. Frank Vokoun, of Ord, was a hit with his dago makeup and his accordion selections. Seldom do people in Ord hear as fine inspirational talks as those delivered that evening. All were spiced with a grain of humor. The other speakers were "Judge" Rofely, (in person), Bill Suhr and Judge Paine of Grand Island, Senator Purcell and Judge Ford of Broken Bow, Rev. Mulvaney of Aurora, C. D. Schoverall of Kearney, and our Congressman, "Bob" Simmons of Scottsbluffs, Nebr. Tom McLaughlin was toastmaster. The New Cafe served a real banquet.

**Editorial**  
Our guests expressed their appreciation of the fine way they were welcomed to Ord. The merchants had their flags displayed and had welcome signs in their windows. The young band played for the visitors. They seldom have heard the pleased comments of the visitors. We sincerely thank them all and also express our appreciation of the other people who helped make Rotary Charter Day a day we will all remember. The guests all go away with a kind spot in their hearts for Ord.

**Jottings**  
Roy Collison, Bill Heuck and Spot Johnson had charge of the decorations. Jim Milford painted that big WELCOME banner with the emblem on it in colors.  
George Gard, Charlie Weekes, Roy Collison, Dad Wolters and Bill Heuck motored to Calloway Tuesday evening helped make their charter day a success. Calloway is the smallest town in the world with a Rotary club. Its not long since Broken Bow had that distinction.  
"Congratulations to men of Ord who are tonight enlisting under the sublime banner of service in the world movement for the highest and mightiest of all human conceptions, Brotherhood of Man. Rotary will make Ord a better place in which to live. Rotary spirit will solve all the problems of the world. Again congratulations", wires Arthur A. Clements, President of the Paola, Colo. Rotary Club. Who knows our needs better and who could have expressed it clearer?  
W. T. Souders of the Kearney club wires, "Kearney Rotary extends to the Ord Rotary Club its best wishes. We feel that you are starting under the guidance of our most wonderful district governor, Judge, and that your success as a useful organization is assured."  
We read these telegrams and thought they were too good to leave out of this issue. Neligh sent us a real letter along the same line, but its too long to publish.

Jake Stoltz and Irl Tolen bring guests today. They are very welcome. Roy Collison gives the speech and P. G. Howes presents the prize.

Alex Hager takes next Monday and Spot Johnson gives the prize.  
The new club in this district this year are Sturgis, S. D., with a soldier of Fort Meade as its president; Ord Seward, Calloway, Sidney, Hawarden, Iowa, and Sibley, Iowa.

Some may have thought we were stretching the point when we told you what a fine fellow "our Judge" really is. I know you know it now. His wife is also a true friend.

We have a fairly recent list of Rotary Clubs and the hours they meet. See us before you leave for your vacation. Hank Leggett is going to try to get to at least one meeting every week.

Hank Leggett deserves our thanks for those Welcome signs and Irl for the extra size Oracle with all those pictures in it.

Between being accused of gurgling soup and kidded about the length of time that has elapsed since our picture was taken, which appeared in the last Oracle, we find life growing burdensome. We will rest and retire for a time at Cleveland, attending the Rotary Convention. A soup inhaler should always be respectful in the company of one who has learned to gurgle it.

**WILL SELL FARMS AT AUCTION**  
Two Well-Known and Prosperous Farmers Near Burwell Have Adopted Public Sale Method of Disposing of Their Land Holdings.

**SALES WILL BE HELD JUNE 16-17**  
J. C. Price & Co., Prominent Real Estate Auctioneering Firm of Lincoln Will Conduct Sales.

A two days public auction of farm lands will be conducted near Burwell June 16 and 17 John W. Penas, one of the most successful farmers and stockmen of central Nebraska, and whose attractive farm home is widely known throughout this section, will offer his 260 acre farm three miles south-east of Burwell at public appraisal on the afternoon of June 16. Mr. Penas has a choice level bottom farm on which there is a wonderful set of improvements. Mr. Penas is retiring from active farm work and after his farm is sold he and his family will reside in Burwell.

The other farm to be sold at public auction and which will be offered on the afternoon of June 17, consists of 320 acres about four miles south of Burwell. This is one of the fine grain and stock farms of the central part of the state. It is owned by Joseph Nekuda, who has made a success of farming and stock raising, having specialized in Shorthorn cattle and Poland China hogs. Mr. Nekuda's only reason for selling this good farm is because he has another location.  
The firm of J. C. Price & Co., with headquarters in Lincoln will handle the selling of these farms. This firm conducts what is probably the most extensive land auction business in the United States in addition to their large business in selling pure bred live stock.  
Col. J. C. Price is widely known throughout this part of Nebraska as well as throughout the entire country as a successful auctioneer. G. D. McClaskey, who for many years was engaged in newspaper work in Nebraska and Kansas, is advertising and sales manager for J. C. Price & Co. Mr. McClaskey will manage the sales of Mr. Penas' and Mr. Nekuda's farms.

**CHESTNUT HILL NEWS**

(by Otto B. Schott)  
Sam Arltan used to work in a creamery, and still has on hand the necessary apparatus for testing cream and he tests it for his own satisfaction and the convenience of the neighbors. Knowing this habit of his, Lynn C. Doyle saved up a sample of cream colored alabastine which he was putting on a bed room for Hiram Quick put it in a bottle and sent it down to have it tested. That accounts for the fact that Sam has cut off his mustache. Not thinking that a trick was being played on him, he weighed up a sample and poured out the requisite amount of acid. This he proceeded to pour into the test tube. As soon as the acid hit the dope, things began to happen. The tube frothed at the mouth like a dog with the rabies, ran all over Sam's hand, scorching as it went, and just as Sam decided to drop it there was a terrific explosion. When Sam came to himself he was lying in bed and two doctors were busy swathing him in bandages. Most of his hair and mustache had disappeared and he very nearly lost the sight of one eye. He says that he will get even with Doyle as soon as he gets to feeling right again.

Anna Mossity and the Hiram Offen family live on adjoining farms and the houses are only about a hundred yards apart. It is inevitable that Mrs. Offen's chickens will get into the Mossity garden; Anna threatened to kill them if they got into it again, and the other day she made good and threw some dead hens over the line fence. Mrs. Offen said she would retaliate by killing any stock that got into her yard and throwing it over the fence. When she looked out of the window the next morning the first thing she saw was the Mossity herd bull right in the middle of her garden. The rest is left to the imagination of the reader.

Last spring the Quick boys fixed up a hotbed and got it ready for use, but gave up the idea at the last moment raising them. In some manner one of the panes of glass became broken and the hens found the hole, which made an ideal place for a nest. That was three weeks ago. A lot of hens laid eggs in the hot bed, but not one remained to set. Monday Mrs. Quick heard chickens cheeping and hunted them up. There were over a hundred little chicks already out and about to town.

Mrs. Kissler is now home from her visit to her sister and the boarding house is doing a rushing business. A young lady arrived the other day from the East and took a room. Willie and his mother were both present and between fixing up the rooms and getting the evening meal Mrs. Kissler was a busy woman. Mrs. Kissler called upon Willie to help. She was sweeping the parlor when the new boarder said, "If you will excuse me, I'll go and make myself presentable for dinner." Mrs. Kissler thought she smelled something burning, and called, "Willie, I wish you would go in and take a look at the chicken dressing." The good lady can't understand yet why the new boarder went away without even waiting for dinner.

Strange tales of even stranger devices for making hooch have been retailed about the country until it would seem that the supply would be exhausted, but not so. "Ex Africa semper aliquid novis," as the Bible says, which translated means, "A color, ran all over Sam's hand, scorching as it went, and just as Sam decided to drop it there was a terrific explosion. When Sam came to himself he was lying in bed and two doctors were busy swathing him in bandages. Most of his hair and mustache had disappeared and he very nearly lost the sight of one eye. He says that he will get even with Doyle as soon as he gets to feeling right again.

Two hundred eggs still to be heard from. As the good lady has had hard luck with her chickens this year she is sure glad to have the chicks from the improvised incubator. On a par with this yarn is the one about Amos Keester who found that an old duck had made her nest in the manger in the barn, and threw the eggs out on the manure pile to get rid of them. In spite of him half a dozen ducks hatched out and they are the best ones on the farm.

While on the subject of Amos Keester, it might be well to say that he is not having the success with his frogs this year that he usually has. The early laid eggs didn't hatch very well, and the ones he set later didn't do any better because the hen frogs left the nest when it rained. He has a lot of eggs set under one of his hens

now and if the Plymouth Rock attends to her business there may still be a mess of frog legs for the boarding house. The old frogs did not stand the unusually cold winter as well as usual, and came through so thin that you could count their ribs a hundred yards away. Then they failed to fatten because the fly crop is fully two weeks later than usual this spring. He set some fly traps and got arrested for trapping without a license, but got no flies.

## Butter Nut Bread

Are you using our Butternut Bread? If not you will like our 23 ounce 15c loaf; it is a larger loaf than some others for the money. Our Hard Roll 10c loaf is also very popular. We also have the raisin, whole wheat and rye loaves in the 10c size. We get this bread in fresh every day and can heartily recommend it.

CHILDREN HEALTH CONFERENCE

The Children's Health conference will be held at Ord, June 15th, North Loup, June 17th, and Arcadia June 19th.
The Children's health conference is a conference of physicians, nurses and mothers to determine the development and present conditions of children brought by their mothers for examination. It includes a careful physical examination of each child, in which the child is weighed, measured and compared, point by point with a normal child, in order that the mother may see where she is succeeding, where she is failing and how she may secure better results.
It is also a practical demonstration to a community of the value of keeping the well child well by periodic physical examinations.
The examination is non competitive and no score card is used. A children's health conference is not a contest or a clinic. It is intended neither for the child of exceptional development nor for the sick child, but rather for the great mass of children who though apparently well, are yet rarely found free of defect. The discovery of such defects at an early stage when they can be easily remedied by the proper hygiene or medical care is the chief aim of the conference. If defects are found which need medical treatment the mother is advised to consult her own physician or a specialist.
The mother is given a special record sheet of the results of the examination.
Mothers are urged to make appointments to keep them, as this will avoid having too many children together at a time.
Write in for your appointments or call 250, Margaret C. Jungles, Red Cross Public Health Nurse.

A FLY SALT INVENTED BY GREELEY COUNTY MEN
The following article from the Greeley Citizen of last week, is no doubt the most important story in the Quiz this week if it is a true story and we have no reason to doubt it:
"The following inter view concerning the new 'Fly' salt product was obtained by the Citizen yesterday. The people of Greeley county will be delighted to know that the famous product for which three of our Greeley county men are responsible, is being manufactured and a carload is now in Greeley ready for sale and distribution to men who will feed it according to directions.
Fly salt is fed to the live stock to keep the flies off. Tests thus far have been more or less confined to cattle, but there is no question in the minds of the patentees but that it will work on all live stock.
It requires not less than fifteen pounds to the critter and must be

kept before them at all times during the fly season and in order to get the results those making the tests say that it should be fed at least two weeks before the flies get bad.
It comes through the critter's hide and produces an odor that the flies don't like.
It is also of the utmost importance that the live stock should be able at all times to have plenty of water. No other salt need be fed.
Live stock men all over the country are inquiring about it and where they can get it.
The tests were made by C. O. Nelson and he says that the cattle eat it readily and when they get it and it has time to work, they brouse around the hills eating grass, free from flies, while other cattle, in adjoining pastures were milling around, unable to feed, and bunched up, fighting to rid themselves of the pest.
The splendid herds of Roger Mulchay, recently shipped to Chicago, and of Martin Flynn, west of Greeley, and other herds, had the product all last summer during the fly season and Nelson says they came off of the grass in the best condition of any cattle in the country.
The product is a conditioner as well as a fly preventative and is protected by the patent laws of Canada and the United States. C. O. Nelson, J. F. McDermott and T. W. Lantgen, are the Greeley county men who are responsible for the product. If it does what is claimed for it a great discovery has been made and live stock men and live stock will owe these men a debt of gratitude.
The Barton Salt Company, of Hutchinson, Kansas is manufacturing the product and their salesman, J. F. Kirkpatrick, is here to sell and distribute it."
WILL SELL FARMS AT AUCTION (Continued from Page Nine)
Something new to many people in connection with real estate auctions is the attractive illustrated catalogue that has been issued to advertise these sales. The catalogue shows a number of views on the two farms and contains a word picture of each place that should arouse much interest in these properties as well as in the entire North Loup valley country.
WHY NEBRASKA SHOULD PRODUCE BUTTER (By A. L. Haecker)
The butter producing center of this country has moved westward faster than the population center. The demand for market milk and cream has steadily reduced the number of creameries and cheese factories in the densely populated east, until now the middle western states are supplying most of the country's butter.
Natural conditions have favored us in this industry, and it is just as logical for Nebraska to produce butter as it is for us to produce corn and alfalfa.
Inquiries are constantly made as to why Nebraska produces so little cheese, and it is surprising to learn that there are fewer cheese factories in Nebraska today than in 1875. The first cheese factory built in Nebraska was at Table Rock by Mr. C. W. Giddings in 1873, and the second was built at Woodlawn by Mr. C. D. Smith in 1874. By 1875 there were half a dozen or more in operation and they served well to supply a market for milk before the coming of the creameries. For the past 50 years cheese factories have gone up and down by the score, and we can almost say that our

cheese experience to date has largely been a failure. On the other hand our butter production has gone steadily forward. Starting in the early 80's with some gathered cream, factories we have steadily progressed. It was Nebraska that first developed the hand separator system of dairying used today all over the world. It was Nebraska that developed the centralized system of creamery practice, which at once brought a market for cream to farmers in the remotest sections of the country. Nebraska is now fifth in butter production among the states of the union, and the great bulk of the butter is produced in the middle-western states.
To explain why cheese has failed and butter succeeded, it is enough to say that the production of cheese requires a large regular supply of sweet milk delivered at the factory daily. It also requires a cool, moist atmosphere for the best curing of cheese. Our farmers cannot and will not supply the regular milk demand because it takes them away from their fields and requires too much time in hauling. The climate we cannot change. Another factor: this country is naturally a stock and swine growing country and we need the fresh skimmed milk on the farm to feed the calves and pigs. It has a high value for this purpose and the cheese patron is deprived of its use.
Nebraska should continue to make

butter and to improve its quality and highest quality and at the lowest price, providing we apply a few simple and well-known principles.
Let it be understood by all that the dairy industry of Nebraska is one of our greatest and most important departments and we should promote its development. The business men should realize that its success largely determines their success. With our natural advantages butter production should develop rapidly.

How and when to buy oil
BUY an oil with definite lubricating qualities - not just a quart of any oil.
Be careful to get the grade best suited to your car.
Keep oil up to the proper level or your lubricating system can't operate correctly.
Drain out all old oil after every 500 miles of operation - dirty, diluted oil can't protect your motor or enable it to develop full rated power.
Use the Polarine Chart as your guide and you will be sure of protective lubrication and small bills for maintenance and repairs.

TWO Days LAND AUCTION TWO Days
BURWELL, NEBR.
TUESDAY and WEDNESDAY, JUNE 16-17
Sale Starting at 1:30 P. M. Each Day On the Premises
The John W. Penas 260-Acre Farm will be sold at auction TUESDAY, JUNE 16
This is a choice 260-acre farm about three miles southwest of Burwell, on federal highway from Burwell to Taylor. All of it is level bottom land. It is a splendid farm to operate. It is as good corn and alfalfa land as can be found in Nebraska. It has produced 30 bushels of corn to the acre. The improvements are very high class. They include an impressive strictly modern residence. The farm is free from debt. Mr. Penas is retiring. Some man should buy the entire farm, but it can be sold in three tracts. Attractive terms of settlement will be made. Write the selling agents for attractive illustrated catalog of the sale.
The Jos. G. Nekuda 320-Acre Farm will be sold at auction WEDNESDAY, JUNE 17
This is a fine 320-acre farm four miles south and little west of Burwell. This is a good, well-improved farm. The soil is productive. It is the finest loess clay with neither sand, rock nor gravel. It is not a level farm, but it is wonderful corn and alfalfa land and a real stock farm. The location is desirable. It is a good farm to own and operate. The present owner has made good money during the time he has operated it. He is not forced to sell, but has another location. Unusually good terms of settlement will be accorded the buyer - and it is sure to sell worth the money. Write the selling agents for attractive illustrated catalog of the sale.
Progressive Business Farmers and Stockmen Should Attend These Sales and Compete for These Highly Desirable Farms

AUTOMOBILE motors will run with almost any kind of oil. But unless you take lubrication seriously and keep clean oil of the most suitable grade in your crankcase, you pay a heavy penalty.
Your motor wears out quickly and your repair bills are large. You don't get the power you should get and your mileage per gallon of gasoline is low. Why this is so is clearly outlined in our booklet: "Plain Facts About Modern Motor Fuel and Motor Oil." A copy will be mailed to you on request.
Polarine is made in six grades - Light, Medium, Heavy, Special Heavy, Extra Heavy - and a special grade for Ford cars and trucks only - Polarine "F."
The correct grade of Polarine to assure protective lubrication and economical operation for every make of car is given on the Polarine Chart. Consult it. You will find one at the Red Crown Service Station where you buy Red Crown - the balanced gasoline.

Mrs. E. C. James went to David City last Tuesday to spend a few days with her mother.

Eugene Sherrill was up from Grand Island last Friday. About a year ago he was U. P. agent at Ord for several weeks.

Dr. Gard had a card this week from Dr. Billings of Comstock who was at Altoona, Penn., when he wrote and was on the way to Atlantic City New Jersey.

Elmer Cornell was up from Grand Island, returning Monday. On Sunday he accompanied his brother Murray and family for a visit with relatives and friends in Greeley county.

G. H. Russell came back to Ord last Monday after a few days stay at Lincoln. Mr. Russell is looking after business matters and he and his wife are visiting their daughter Mrs. Anthony Koupal and family.

Miss Gladys Worm finished a successful term of school near Greeley and Friday evening came up to Ord for a visit with her brothers and sisters and with Miss Hulda Appelt and other friends.

While in the garden one day last week Mrs. Charles Kemp had a fall and came near breaking her arm, but it proved to be just a sprain. She is laying off from her work for a few days however.

Miss Louise Johnson came home last Sunday from her years school work at Norfolk. She will return again next year. She is the kindergarten teacher in the Grant high school at Norfolk.

Kit Carson and a friend, Jerry Hiava, a druggist, both from Omaha, drove to Ord last week for a short stay. When they returned they were accompanied by Kit's father John Carson who will visit his son and his son-in-law J. M. Hussey and family for several days.

Last week Mrs. Chas. Watson left for Lushton where she was to attend the wedding of her brother L. B. Thomas. From there Mrs. Watson was going to Fairmont and spend a few days with her mother Mrs. A. Thomas and other relatives. The latter and her son have often visited at the Watson home here.

The Misses Ingeborg, Anna and Ebba Olsson and Miss Ruth Holloway returned last week from Kearney. They were accompanied by Miss Clara Olsson who graduated this spring from the Kearney Normal. These young ladies stopped at Gibbon for an overnight visit with the Misses Alice and Gertrude Nixon.

Leonard Kemp belongs to the officers reserve and was taking fifteen days training at Fort Crook. From Omaha he went to Auburn to visit his sister Mrs. Ray Hoagland. While there he was offered a position with the Swift company and has gone to work. Later on he will be transferred to Beatrice with much better pay and also more work.

The Charles Hather family left Monday by auto for Boulder, Colo. where they expect to spend the summer at least. In the hope that it will benefit Mrs. Hather's health. She has been in poor health for a year. Charley says he plans on getting a cottage in the mountains and then finding work for himself as close as possible while Mrs. Hather regains her health. All their many friends in Valley county hope her recovery may be rapid.

Last Sunday Bert Hardenbrook and wife invited the Quiz man and his boss to go for "a little ride," but when we got home at 10 p. m. the indicator on his good Maxwell showed 225 miles had been traveled. We left Ord at 12:30, going first to Loup City. All along the road the fields showed the need of rain. From Loup City we went on south to the Boelus dam which none of us had ever seen and we all confessed to a little disappointment, in that the lay out there was not as great as we had pictured it in our minds. There were many people fishing, quite a lot of whom were camping and seemed to be spending several days at the river. We talked with several who said that they had been getting some good catfish but the few we saw caught were not very large and had to be thrown back. We spent, perhaps 30 minutes at the dam, then took the trail south again and wound up in Hastings about 5 o'clock. Bert drove at once to the bughouse and invited us to get out and go through the institution but for some reason, as we looked from one to the other, we all declined and don't know yet whether our boss had intended to leave us all there, once he got us inside. At any rate we didn't give him the chance. We got back to Grand Island at 6:30 and after enjoying a fine dinner, came home. The roads were good, and the trip a very enjoyable one, and the least bit by the high wind but one which will long be remembered with pleasure just the same.

Miss Genevieve DeLashmuit of Burwell was in Ord last Friday.

FOR RENT—A house. See Joe Rowbal. 10-11.

Miss Josie Kriz came up from Grand Island last Thursday evening and will spend a few days at home.

Jim Barnes returned last Tuesday to Greeley after a visit with his children at Ord.

The latter part of last week Johnson and Peterson shipped four cars loads of hogs to Detroit, Michigan, and one to Omaha.

Mr. and Mrs. Ike Arnold have finished their visit in Illinois. They have sold their old car, purchased a new one and are on their way back to Nebraska.

Mrs. Elizabeth Harding went to St. Paul last Sunday where she will care for an invalid lady for some time. Mrs. Harding had been caring for Mrs. J. D. Tedro, who has been ill for several weeks.

Last Friday Joe Absalom and wife and son Joe left for Plattsmouth for a few days visit with Joe's mother, Mrs. Frances Janda, who had but lately returned home after some time spent at an Omaha hospital.

Edwin Bartunek returned last Sunday to his work at Chicago after a two weeks stay with his Ord relatives. Edwin is employed in the telephone cable development work and is much pleased with his position.

## JOINT NEWS

(By R. A. Grant)

Mrs. Holden who has been at Columbus visiting her mother and other relatives for over a week, is expected home the latter part of this week. She also expects to visit a niece at Waterloo, Nebr., while she is away. Leon McMIndes and family attended the Memorial exercises at Ord Saturday.

The Ed. Jensen folks are established again at the farm. Mrs. Jensen and the young folks, the latter of whom attended school in Ord the past school year, have come out since school closed. They moved their household goods out last week.

If some of this weeks offering seems somewhat stale, being two weeks old, we offer as an apology being away on our annual vacation, at least we hope it will be from now on, the last one being a year ago last November, and so we had no chance to send in items. We started, better half and I, accompanied by Lewis and Glenna (Grant) Bower, on the crisp winter-like morning of May 24th (there was white frost and ice that night) on our objective being a visit at daughter Graces 12 miles southwest of Litchfield, the place being in the north edge of Buffalo county near the south line of Sherman county. Our route after leaving Davis Creek was through Loup City, (on opening day of Jenners Park) over the beautiful stony ridge road between there and Litchfield, crossing the middle Loup there and on over twelve miles of rather hilly roads. We found Gail and husband Howard Fread in good health and spirits, also our two grandchildren, a girl and a boy, looking fine. We were also very glad to find awaiting us, wives sister, Mrs. Dora Pillard and daughter Mrs. Nesmith, both of Lincoln and another sister Mrs. U. Hoy and husband of south of Lincoln who had come out by way of Grand Island and brought Juanita. We had a pleasant stay until the next day, incidentally going out on the place with the boys in a flivver hunting jack rabbits which were very numerous, so much so in fact that a bounty of ten cents per pair of ears is paid in that county, also on crows and coyotes, and it is not improbable that in the near future there will be an open season on pheasants as they are getting numerous and very destructive to crops. Starting at about ten o'clock the next day, the return trip was uneventful except for a few minor stops for repairs on the flivver, reaching home in time to relieve neighbor Bill McMIndes of the chores which he kindly volunteered to take care of during our absence.

The last day of school was celebrated at Joint by Gwen Garnick, teacher and pupils giving a picnic to the people of the community. After a splendid picnic dinner the crowd was treated to ice cream furnished by Miss Garnick and cake furnished by the ladies. Then followed a program by the pupils given in the yard, including a pretty may pole dance. The days festivities closed with a battle royal between Arthur Mensing's aggregation of married men and a picked line of young Invincibles with Ed. Zablondil on the mound and Raymond Abernethy behind the bat. Ill fortune followed the Mensing tribe from the first, notwithstanding the effective work done by their battery, Bill McMIndes hurler, and John Miller catcher. Also R. Garnick, right fielder, was stationed on a high knoll so that no balls could get over him and Albert McMIndes in center did not let the balls pass him because none came his way, so after five innings the game was called as Jim Bodyfield said. It was a useless waste of his valuable time and also of paper and pencil to write down the runs that the young fellows made.

Miss Garnick will attend summer school at Lincoln state university, going June 9 and staying with a relative while there.

Miss Gladys Flock will attend summer school at the Kearney State Teachers college. The Misses Clara and Helen Kokes plan to go to Greeley, Colo. to summer school.

Mrs. Parsons of North Loup called upon the members of the school board Thursday making application for the position of teacher at Joint.

Last Sunday attendance at Sunday school was 32. A picnic is planned for Wednesday, June 10, somewhere along the banks of the Cedar. Every body and his brothers and sisters are invited.

# Dogs Pay By Wagging Tails

Befriend a pup—render a service to just a poor homeless dog of the streets and alleys—you will be rewarded in the currency of its kind—the wag of a tail.

Even the mangy cur is true to the law of just compensation. SOME PEOPLE COULD LEARN A VALUABLE LESSON FROM THE "SQUARE DEAL" ANTICS OF THE LOWLY CANINE.

Some people, facing a crisis in their state of health or the health of their family, usurp the doctor's time, skill and experience, without a thought of prompt recompense.

Some people let the doctor bills go unpaid indefinitely. And doctor bills are incurred in "time of need." Out of sight is out of mind, with them.

They pay other bills because they have to. The doctor bill remains unpaid because, MAYBE, they won't need the doctor's services again for a long time.

PAY YOUR DOCTOR. Pay him promptly or arrange to pay him.

Your doctor is reading this article also. He has had the friendship of little dogs that pay promptly by wagging tails, and he knows of delinquent patients who are not so considerate.

Are you one of them.

### FORD COMPANY MAKES NEW RECORD

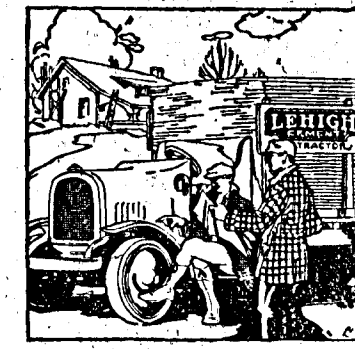

The Ford Motor Company set a new record for production Tuesday, May 19, when its assembly plants turned out 7,853 Ford Cars and trucks in the eight hour working day. This record is for the United States plants alone and does not include foreign plants and associated companies of the Ford Motor Company of Canada Ltd.

An interesting thing in connection with this remarkable production is that the company is exceeding its most careful estimates for May. Current Ford billboards, which were prepared sixty days ago, carry the message "7,000 More Since Yesterday". But in actual output the company exceeded this by 850.

Production of the company has been steadily increased the last few weeks due to the growing spring business and new output records have been frequent, but none approaching within 100 of the remarkable figure of Tuesday.

On April 28 the domestic beat a record of 7,482 established a year ago by assembling 7,594 cars and trucks. This record stood until May 12 when production went to 7,732.

TUESDAY and WEDNESDAY, JUNE 16-17

Sale Starting at 1:30 P. M. Each Day On the Premises

### The John W. Penas 260-Acre Farm

will be sold at auction  
TUESDAY, JUNE 16

This is a choice 260-acre farm about three miles southwest of Burwell, on federal highway from Burwell to Taylor. All of it is level bottom land. It is a splendid farm to operate. It is as good corn and alfalfa land as can be found in Nebraska. It has produced 80 bushels of corn to the acre. The improvements are very high class. They include an impressive strictly modern residence. The farm is free from debt. Mr. Penas is retiring. Some man should buy the entire farm, but it can be sold in three tracts. Attractive terms of settlement will be made. Write the selling agents for attractive illustrated catalog of the sale.

### The Jos. G. Nekuda 320-Acre Farm

will be sold at auction  
WEDNESDAY, JUNE 17

This is a fine 320-acre farm four miles south and little west of Burwell. This is a good, well-improved farm. The soil is productive. It is the finest loess clay with neither sand, rock nor gravel. It is not a level farm, but it is wonderful corn and alfalfa land and a real stock farm. The location is desirable. It is a good farm to own and operate. The present owner has made good money during the time he has operated it. He is not forced to sell, but has another location. Unusually good terms of settlement will be accorded the buyer—and it is sure to sell worth the money. Write the selling agents for attractive illustrated catalog of the sale.

**ATTORNEY HARDENBROOK GIVES GOOD LECTURE**  
Those who heard Attorney Bert M. Hardenbrook Sunday evening, speak in the highest praise of his lecture "Present Day Crimes", given at the Methodist church. Although the weather was disagreeable and threatening the church was full. However, we feel that such an address warrants the attendance of the whole community as the subject was one that was vital to its interests.

**MRS. COCHRAN WRITES**  
Mrs. Ray Cochran promised she would drop the Champion an occasional letter while making her tour and we received the first one this week. We hope it will be followed by others as interesting as the one which follows:  
Fort Worth, Texas, June 5.  
Dear Mrs. Langrall,  
I thought tonight I would make my promise good to write you a letter for the Champion. We were on our way to Galveston and the Gulf but the weather is so hot we changed our minds and turned west. We decided

that we would take winter for Galveston if we ever go there. We expect to leave from here for the Grand Canyon.

We left Kansas June 3 after a visit there with relatives for a week and so far we have had a good trip and tonight are 1122 miles from home. As yet we have had no trouble and are all well but we have a hard time getting a cool drink of water. We get a piece of ice, cool a pall of water then fill our thermos bottles. We have seen nice crops. The wheat and oats are cut, the corn is tasseled out and shooting. The early fruit and gardens are gone. Peaches are ripe. I paid 10 cents for 2 dozens for our supper. We have seen thousands of acres of cotton and hundreds of darkies hoeing it.

We have been fortunate in finding nice camp grounds. The camp we are in tonight is like a large park with beautiful trees. There is a large kitchen with water for cooking and for shower bath, a stove to cook on, and tubs for washing clothes. The cost is 50 cents for every 24 hours one stays. We have seen some beautiful flowers which I would like to have at home. Your friend,  
Mrs. Cochran

Mrs. Abner Wilber, her father Mr. Kesterson, and her brother John Kesterson of Alton arrived Tuesday afternoon via auto route for a short visit at the Jesse Warford home. CLEAN oil contains no grit. When you consider that many automobile motors make from 1,600 to over 2,000 revolutions per minute, 96,000 to 120,000 revolutions per hour, it is easy to understand that even a small quantity of hard particles of dust or dirt in oil quickly wears even the hardest surfaces.

"Drain out all the old, dirty, thin, worn-out oil as often as the manufacturer recommends. He put those directions in for the protection of his reputation—so that the car would give long years of satisfactory and economical service."

"Plain Facts About Modern Motor Fuel and Motor Oil"  
Page 17

MANY motorists pour in another quart of oil whenever the oil level gets a little low and consider that they are giving their motor protective lubrication. They are mistaken. After oil has been in the crankcase during a run of 500 miles or more, it is diluted thin with gasoline and contains a good deal of road dust and carbon. It is a pretty good grinding mixture.

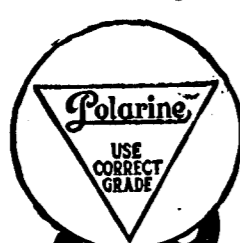

Running with this kind of oil is the surest way to cut down the power your motor can develop and the mileage it can give per gallon of gasoline. It is the direct road to the junk pile for your car. Read why this is so in our booklet, "Plain Facts About Modern Motor Fuel and Motor Oil." We will gladly mail you a copy.

But clean oil is not enough. It must be of the grade best suited to your motor—something you can't determine by guesswork. Make the Polarine Chart your guide. Every recommendation is based on tests and the knowledge and experience of automotive experts. There is a right grade of Polarine for every make and model of gasoline motor.

The six grades of Polarine are—Light, Medium, Heavy, Special Heavy, Extra Heavy, and a special grade for Ford cars and trucks only, Polarine "F." Use the right grade, drain out your crankcase every 500 miles and your motor will stay powerful and cost less for repairs. Buy it at the Red Crown Service Station where you buy Red Crown—the balanced gasoline.

**CHAUTAUQUA**  
The Arcadia Chautauqua dates this year are July 6-7-8, 9, 10. Although a little earlier than we like yet we can begin now to arrange our work and make plans to attend.  
The program this year is very

good and includes the Marion Male Quartette. Miss Lillian Nelson, entertainer and reader; Dietric and company, magicians and musicians; Harry J. Loose, the Pinkerton detective; Mrs. Wherahiko Rawel, a native South Sea Islander; Give and Take, a farce comedy; Markwood Holmes and assisting artists; Hon. Granville Jones, orator; John Mangels, the hoop rolling clown, and Rorarks Manhattan orchestra.

It will pay everyone to buy a season ticket, which costs only \$1.50, and attend every session. The Chautauqua affords clean, wholesome amusements and this tends to lift the standards of the community to a higher plane.

**FOURTH OF JULY CELEBRATION**  
A community Fourth of July celebration is being agitated here, since Arcadia has a park in which the gathering can be held. Although there are to be several big celebrations in nearby towns, many feel that they would rather spend the day closer home. The gathering will be in Jenkins Park just east of town. Various contests for which cash prizes will be offered are being arranged, also a program. The park is already

equipped with apparatus to amuse the children and on the Fourth of July there will be compression stands on the grounds. This will afford Arcadia people a fine opportunity to take their dinner and celebrate all day.

Miss Thelma Crawford, Nebraska field secretary of Christian Endeavor occupied the pulpit Sunday morning. Her message was interesting to both old and young people. She was the chief speaker for a union Epworth meeting in the evening at the United Brethren church.

The evening sermon by the pastor was a worthy challenge for our soul's concentration in religion. The text was taken from Paul's words in Phil. 2:13. This well-prepared message ought not to fail to inspire the hearers for greater zeal in the kingdom.

There were 17 Bible readers of the daily chapter present Sunday morning among the 33 in the school attendance. No doubt there were several more who were faithful but the rain kept them at home. Vacations, too, are beginning to assist in keeping the records below the 200 mark. May all those who are at home remember that your school needs you in attendance and fellowship for growth in the Christian life. We were glad for the beautiful bouquets of roses brought for the services.

Mr. Wiegardt requests that all those who have put in their birthday money, which was due the first half of the year, to bring it next Sunday. A new birthday box will be put in use with an appropriate service. You are cordially welcome to attend all the services next Lord's day.

HASKELL CREEK

Next Sunday is Children's Day. Sunday school will start as usual at 10 o'clock by Rev. Hansen of the Ord Presbyterian church. Then a Children's Day program. Those who can come to Sunday school please bring something for dinner. Every child is welcome. Come and help us make that day a success.

The Sunday visits were: Will Nelsons at Knechts for dinner, Mr. and Mrs. Knecht, Mr. and Mrs. W. Nelson and Mrs. C. C. Holmes visited at the home of Mrs. J. Miskas. In the evening Carl Holmes, the Danczak and Benben young folks visited at Knechts. The dance at Benbens Saturday evening was very well attended and everyone present seemed to be enjoying themselves.

The Misses Ingeborg, Clara, Anna and Ebba Olsson and Ruth Holloway visited at Miskas Thursday.

Kenneth and Archie Craig came up from Clark, Saturday. They stayed over Sunday at Wilmer Craigs.

Mr. Sorensen to his wife: 'Have you seen my belt around the house?' And Mrs. Sorensen sweetly replied: 'No, dear, did you put it around the house?'

ECHOES FROM WOODMEN HALL

A fine rain fell here Sunday morning. It was enough to quench the thirsty earth but we are in hopes we will get more since it got started.

Cut worms have played havoc in the corn fields the last two weeks and many farmers are compelled to replant a large per cent of their corn. We used to think cold wet weather was ideal for work of cut worms but this year is an exception as the weather has been hot and dry, but

cut worms have cleaned out some fields almost entirely.

On account of the rain Sunday morning only part of the class of little folks were present for first communion, the whole class and also all children are expected to approach the holy table next Sunday morning.

Frank Krikac and family attended the circus in Comstock last Friday. Several of the neighbors learning that Wednesday was the silver wedding anniversary of Mr. and Mrs. Matt Houska got their heads together and planned a surprise for them Sunday evening. Several of the ladies decorated the bride in a wreath of natural roses and veil and pinning a bouquet of roses on the lapel of the groom.

Mrs. Vondracek as bridesmaid and Mr. Vondracek as best man they escorted them to the National Hall where a large circle of friends awaited them. After congratulations the evening was spent in visiting and dancing. The ladies brought a generous lunch which was served about 11 o'clock and all present enjoyed the occasion.

per hour—500 Miles without Tire Trouble

This gruelling test proves the outstanding superiority of Firestone Full-Size Gum-Dipped Balloons. With practically no change in cars and drivers from last year, and over the same rough, uneven brick track, laid sixteen years ago—Firestone Balloons racing under a blazing sun—beat last year's world record on thick-walled, high-pressure tires by a wide margin. Of the 21 cars which started, only 10 finished "in the money"—every one on Firestone Balloons—Gum-Dipped by the extra Firestone process that adds extra strength and flexibility, and eliminates internal friction and heat.

Table with columns: Pos., Driver, AVERAGE Miles Per Hour. Lists top 10 money winners.

Call at our principal branches—inspect one of these Full-Size Balloons that travelled the 500-mile race without a change. These wonderful Gum-Dipped Balloons that stood this terrific grind, will give you safety and comfort—and thousands of additional miles—in daily conflict with sharp stones and gravel, worn-out macadam and broken concrete. ### Took It Literally

The two were discussing the care less way in which trunks and suitcases are handled by some railway companies. "I had a very cute idea for preventing that once," said one of them, smiling reminiscently. "I labeled each of my bags, 'With care—China.'" "And did that have any effect?" asked the other. "Well, I don't know; you see, they shipped the whole darned lot off to Hongkong."

### Compositions of Oil

Olive oil is practically 100 per cent fat and has energy value of about 4,000 calories per pound. The Association of Official Agricultural Chemists includes among edible vegetables oils and fats of sufficient importance to warrant standardizing the oils of cottonseed, peanut, sesame seed, poppy seed, coconut, rape seed, sunflower and maize. Of these peanut oil bears the closest resemblance to olive oil in its chemical and physical properties.

**Polarine "F" for Fords**

**F**EW cars will stand more or work harder than Fords. But they always have had certain peculiar habits. Their brake bands and transmission bands get glazed and alternately slip and grab.

To develop an oil that properly lubricates the motor, timing gears and transmission, has been no simple or easy accomplishment.

But Polarine "F" for Fords does all these things. Introduced to Ford owners of Nebraska in 1924, it has stood the test. Thousands of motorists use it regularly and report that it does all that we promised.

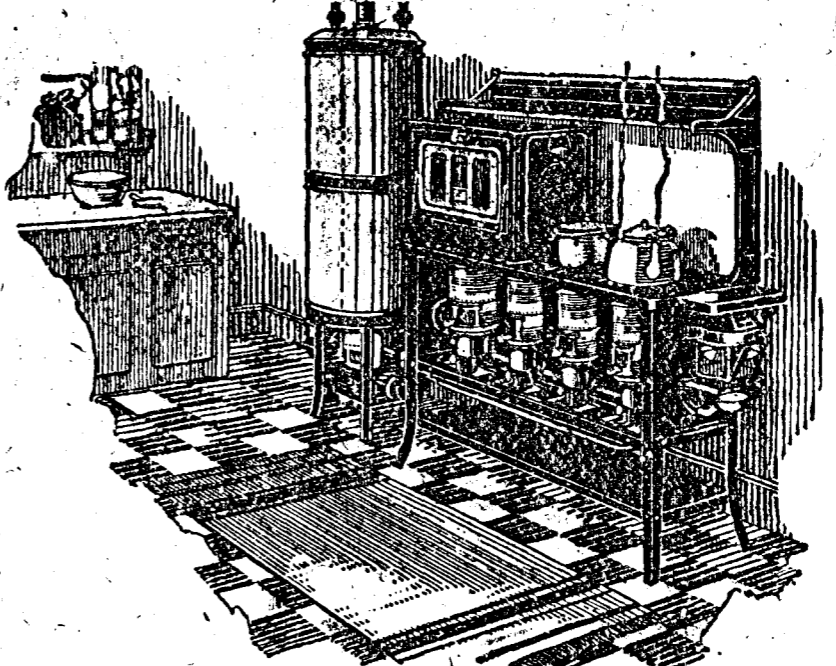

If you have not tried Polarine "F" you have a pleasing experience ahead. Next time you have your crankcase drained get it filled with Polarine "F" for Fords. It will cost you no more than Polarine Medium, but it will give you a smoother-running, quieter, better lubricated car.

Drive up to any Red Crown Service Station where you see the Red Crown sign, and be sure of proper lubrication and balanced gasoline.

### The BULL'S EYE

### A Miracle, A Truthful Ad

Did you ever read a truthful Ad. I mean one when you read it you would say, "That fellow really means what he says"? No you never did. You read where some Guy endorses an Overcoat, and to prove it he has one on, (or one they loaned him for the picture). Now even if he did like it, what has that got to do with you. Peoples tastes are not alike. What difference does it make to anybody what some prominent Statesman, or Actor or Actress, or Movie Star wears. You are no kindergarden, you know what you wore last year and if it pleased you try it again. Now I dont smoke "Bull" Durham, I am not going to smoke "Bull" Durham, but if you did and you liked it, why dont let some Guys Picture and indorsement tout you off on something else. Now the only way I could ever be caught in a falsehood with this ad would be to smoke it myself.

*Will Rogers*  
P. S. There will be another piece here two weeks from now. Look for it.

### SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

### MIDVALE MUSINGS

The Midvale Farmers Club met last Friday evening at the home of Mr. and Mrs. Asa Leonard. The usual date is the second Thursday of the month but as the weather was not favorable it was postponed. The usual large crowd was in evidence, estimated at 200. At these club gatherings supper is served cafeteria style and everybody visits and has a general good time.

The E. H. and L. H. Leonard families drove to Gibbon last Saturday to spend the week end with the Rev. C. D. Bennett family. They found that part of the state hot and dry. And also report the Platte River as being dry so that fisherman can pick the fish up by hand. No need for any regular fisherman paraphernalia.

This community was surprised at the splendid rain Sunday morning as here was no evidence of rain Saturday night and at daylight Sunday one of those million dollar rains fell.

Some of the farmers of this vicinity are kept busy planting corn. The army worm is blamed for this extra work and they seem to have it in for some fellows especially Henry Geweke. He says he cultivates a half day and then plants for a spell to keep himself and the worms busy.

The Midvale Sunshine Workers have been doing some splendid work under their leader Mrs. Hubert Hayes. This club work gives the girls a good change to learn to sew and they are required to make arguments for themselves, and are proud of their accomplishments.

A group of ladies have been canvassing this vicinity selling a household book. They appeared to be very intelligent and considerate people and were having good success as their wares were proof for themselves.

Henry Geweke is delivering hogs to Ord to the tune of an average of \$300 per load and he has only a dozen or 18 loads to haul.

### MIDVALE HOME MAKERS CLUB

The last club meeting was held at the home of Mrs. Emory Zentz. Mrs. Zentz is one of our newer members and this was the first time that the club members and friends were entertained at her home. She proved herself a very delightful and efficient hostess.

The lesson was on Personal Hygiene and was greatly enjoyed by all present especially the sitting up exercises.

The next meeting will be at the home of Mrs. Chas. Johns June 30. Remember the date. The lesson will be on Community Hygiene.

### RODEO TO MAKE BOW AS SPORTING EVENT IN CHICAGO IN AUGUST

Rodeo's formal entry into the field of sports will take place in Chicago August 15 to 23 when the first National Roundup and World's Championship Rodeo will be held in Grant Park under the auspices of the Association of Commerce, according to announcements reaching here. Dozens of Valley county men and women sport enthusiasts and lovers of the West are expected to be in Chicago for what is termed the greatest sporting event held on the American continent.

The Chicago contests are open to the world, and \$30,000 in cash awards, the largest sum ever offered in an event of this kind, will be distributed by "Tex" Austin, world-famous ranchman-sportsman, who will direct the rodeo. Although rodeo is the classic sport of the West, it is only in recent years that the rest of the country has come to appreciate the high type of courage, training and sportsmanship required for successful participation in contests of this nature.

The Chicago Roundup is expected to place the rodeo on par with baseball, football or the Derby as a leading American sport. Here championship rivalries will be fought out on the hurricane decks of "bad" bronchos and the necks of long horned steers under the hardest set of rules in existence. Broncho riding, steer wrestling, calf roping and all other traditional events of the epic of the West make up the contests which will be judged by three of the best known judges obtainable. Scores of champion riders of the plains have already signified their intention of competing in the Chicago Roundup.

### CHRISTIAN CHURCH

G. O. Bell, pastor  
All departments of the church will be represented by delegates at the state convention of the Disciples of Christ held in Bethany June 16-21.

Rev. Bell, Mrs. Fuson, Mrs. A. Wiegard, Ora Lashmett and Marvin Crow are the delegates and they started Tuesday morning to drive to Bethany. They were planning to go to Omaha to attend the last two days of the State Christian Endeavor convention before returning home.

The Ladies Aid had a Kensington Wednesday afternoon instead of last week. The church basement was nicely decorated for the guests and Mrs. Ben Janssens's committee served ice cream, cake and tea.

The Bible school attendance was 130. A special offering was taken for foreign missions. Mrs. Gard played

a march while the Primary department marched into the auditorium, each child placing an offering envelope in the collection plate as a childrens day offering.

There was baptismal services at the river in the afternoon.

Regular services next Lord's day with the exception of preaching. Rev. Bell will be at the convention that day. May we use the opportunity we have and attend the preaching services in one of the other churches.

Don't forget Bible school at ten o'clock and help make it a great service.

This was the first time in twenty years Mrs. Mitchell had visited her relatives. She and her grand daughter left on the afternoon train for their homes in Kansas.

### Keeps Fords quiet and well behaved

Polarine "F" for Fords

Look for the Polarine sign

FEW cars will stand more or work harder than Fords. But they always have had certain peculiar habits. Their brake bands and transmission bands get glazed and alternately slip and grab.

To develop an oil that properly lubricates the motor, timing gears and transmission, has been no simple or easy accomplishment.

But Polarine "F" for Fords does all these things. Introduced to Ford owners of Nebraska in 1924, it has stood the test. Thousands of motorists use it regularly and report that it does all that we promised.

If you have not tried Polarine "F" you have a pleasing experience ahead. Next time you have your crankcase drained get it filled with Polarine "F" for Fords. It will cost you no more than Polarine Medium, but it will give you a smoother-running, quieter, better lubricated car.

Drive up to any Red Crown Service Station where you see the Red Crown sign, and be sure of proper lubrication and balanced gasoline.

The army worms and ant lice have certainly worked havoc with a great many corn fields.

JOINT NEWS It was a lively crowd of pleasure seekers that met on the west side of the Cedar one mile west of Ericson on Wednesday June 10, for the purpose of enjoying a picnic luncheon, ball game and all around outing and good time. It was up to the men members of the Rosevale S. S. to entertain the ladies as the result of an attendance contest last winter in which the men lost out. So the men were to spread the eats and serve the ladies first, which they did and got by in great style, although a few were a little bashful as the ladies had nothing to do but look on and make remarks. After a spirited ball game between the married men and boys, ice cream in abundance was served to all present and the crowd then dispersed, feeling that they had spent a very pleasant day. At the annual school meeting J. L. Abernethy was re-elected director. It was voted to hire two teachers and continue the high school room again this year it having been dispensed with last year because of too few high school students. Quite a number of pupils from the adjoining districts are expected to attend at joint. These with those being in the district will probably make a fairly presentable attendance in the high school room. The Bill McMinder, F. O. Holden, J. L. Abernethy and C. D. Davis families attended the dance at Ericson on Thursday night. This section was treated to a grizzling rain for half the night of June 11. Sunday morning we had also a good shower. These light rains are a great benefit as it has been dry for some time here. The Ed. Jensen folks started Tuesday for a motor trip to Omaha to visit for a few days. Florence and the boys are keeping things running at the place in the absence of their father. At the time of the electrical storm Sunday morning lightning struck the Ericson toll line, burnt the wire in two, ran down to the road and burnt quite a strip of hay that had been put on the road. A twilight base ball league is being organized. The practice this week is at A. J. Swansons pasture at Rosevale.

THE PLEASANT HILLS By B. E. Hullinsky A little shower had fell Thursday night which was needed very much. The Ceck took a load of hogs to Burwell Monday. Helen Sibal called on Barbara Hullinsky Thursday evening. Mrs. Joe Hullinsky called on Mrs. John Janicek Friday. Frank Hunkler and sons, Emil and Charley took some cattle to pasture over to F. J. Hullinsky's Wednesday. Mrs. F. W. Walters and son called at John Loghrys Saturday. John Kruml and sons, Joe and Johnnie called at Frank J. Hullinsky's Saturday for a load of oats. Vincent Hlavica called at John Janicek's Wednesday for some cattle which he bought from him. James Seck and Joe Novak took two loads of hogs to Burwell Saturday. Chas. Masin and James Seck were Sunday callers at Frank Seck's. Mr. and Mrs. Joe Hullinsky and children spent Sunday evening at James Sibal's. Another shower reached us Sunday.

5 YEARS SUFFERING OVERCOME BY KARNAK Lincoln Woman Gives Amazing Facts. Remarkable Power Of New Medicine More Evident Every Day. Day by day the amazing health-building powers of Karnak, the sensational new medicine on sale here, is more evident. As an instance of what Karnak will do, the experience of Mrs. Mabel Christiansen, of 1101 S. 33rd St., Lincoln, Neb., is given, just as she tells it: "While I was in the drug store today eleven people bought Karnak, and I don't wonder that it is so popular with everyone since it has been so wonderful in ridding me of all my troubles," declared Mrs. Christiansen. "For the past five years I suffered from stomach troubles in its worst form," continues Mrs. Christiansen. "I couldn't eat a morsel without suffering agony for hours afterwards. Gas pressed around my heart so terribly I often thought I had heart trouble, and I would have awful headaches and weak, dizzy spells. My sleep was so nervous and restless I just dreaded to see night come, and it just seemed like I could find nothing that would help me a particle. "But this wonderful Karnak has just ended my troubles completely. I have gained in weight and never felt better than I do now. I found the Karnak Pills splendid for constipation, also. I am just like a different person in every respect, and I am so happy to be well and strong again that I want to tell everyone about Karnak." Over 500,000 bottles of Karnak sold in four states in ten months." Karnak is sold in Ord exclusively by Ed. F. Beranek; and by the leading druggist in every town.

ECHOES FROM WOODMAN HALL Quite a heavy rain fell here Sunday morning and it certainly will be a great help to the crops especially for the corn which has been replanted. Mr. and Mrs. F. J. Krikac and Mrs. J. J. Waldmann left for Omaha Monday morning, where they are receiving medical treatment. A letter received from them stated that Mrs. Waldmann underwent an operation on her eyes and that they will have to remain for a couple of weeks. Quite a few from here attended a surprise party at Jos. Bruha's. Quite a nice rain fell here the middle of last week. Every one is busy cultivating corn for the first time, and a few are still replanting. In spite of the heavy rain that fell here Sunday morning a large crowd turned out to celebrate Corpus Christi at the German Catholic church. Mr. Emil Vodehnal spent a few moments in our community last Thursday. He called at Jos. Waldmann's to look at some male calves.

GOODENOW NEWS (By Maude Goodenow) Mrs. Charles Millsap came up from Grand Island, arriving Wednesday evening. She is visiting her parents Mr. and Mrs. E. G. Brechbill. In his flight thru the valley the store left an 8 pound baby boy in the care of Mr. and Mrs. Elmer Brechbill. The new babe was born Friday. The parents are at the E. G. Brechbill home where the Brechbills, Sr., may enjoy their first grandchild. James Ettle came out from Burwell with Earl Upton and expected to spend the day with the Goodenow folks, but on arriving he learned that Mr. and Mrs. Goodenow were in Iowa, so he remained here a short time, meeting Upton on his return from Ord. Mr. Ettle will make another attempt, at making a visit, first being sure, however, that the family is at home. Claude Kennedy and wife, Charlie Rosek and wife and son Bobbie, were calling on Maude Goodenow Sunday evening. W. S. Brechbill and family went to Haskell Creek Sunday afternoon and Grandma Good returned to the home of her daughter Mrs. Morley Brechbill. A genuine tramp of the typical genus, stopped here Sunday and begged a bite to eat. It has been some time since these parts were infested with one. Callers at the E. G. Brechbill home to see the new grandson were Mrs. Helencamp and Mrs. Harvey, sisters of Mrs. Elmer Brechbill, and Dr. Smith and wife. Mrs. Margaret Barr is quite sick at her home in Burwell. Mrs. J. A. Brownell is caring for her. Her doctor is making every endeavor to ward off a stroke of paralysis. Miss Ruth White, daughter of at-cards were sent out by Mr. and Mrs. E. M. White of Burwell, announcing the marriage of their daughter Ruth Maxine to Mr. Kyle McCleary. The event took place at Broken Bow on Friday, June 12. Miss White taught in the school at Comstock the past year. Mrs. Probasco died quite suddenly while visiting at the home of her brother Will Nelson about twelve miles north of Burwell. She has for the past few years made her home with her son at Lincoln. Old settlers will remember that her father owned and operated the old water flouring mill at Rocky Ford, now Burwell. The funeral of Mrs. Probasco was held from the Congregational church at Burwell on Friday afternoon. Interment was made in the Burwell cemetery beside her husband and small son, also her father and her mother. Mrs. G. E. Jenks and daughter Elizabeth spent Monday afternoon with Maude Goodenow. G. E. Jenks went to Central City Sunday morning expecting to return home Monday evening. He went to see about the erecting of new barn, in place of the one that was destroyed by the wind storm a few weeks ago. Superintendent Way of the Burwell high school was calling at the G. E. Jenks home Sunday afternoon. Max Jenks is one of his pupils and it was

A Wonderful Machine Your body is a wonderful and delicately constructed machine, created by Infinite Wisdom. Each part of the machine must harmonize and work in unity with every other part. It must be kept adjusted in mechanical order, so that the power that animates it can be fully and freely expressed. Life, the force that animates the machine and makes of it a pulsating being with the power to love, to serve, and to enjoy, requires channels through which to express itself. These organized channels are the nervous system, so completely that it ramifies every minute part of the body. The brain is the central station of this system, where all life is generated, while the spinal cord, which is prolongation of the brain and the millions of fibres emitting therefrom, carry this force to all parts of the body. Thus your nerves are the wires, as it were, that carry the force, the force giving you the power of locomotion, the ability to walk, breathe, sing, laugh, cry, smell, taste, hear and feel; that keeps every organ and tissue alive and performing its duty throughout the natural span of your existence, providing that the machine, your body, is kept in perfect adjustment. If there is any nerve pressure caused by certain vertebrae (small bones of the spine) being out of place, the result is so-called disease, and the competent Chiropractor relieves that pressure by adjusting the subluxated vertebrae to their normal position. This force, which has been interrupted by the pressure, is then enabled to flow to the various organs, and Health is the result. Consult a competent Chiropractor for your Health needs. DR. CHAS. **JOINT NEWS**

Mrs. Johnson and two little boys of Omaha arrived at the Adolph Astimus place Saturday for several days visit. They motored through and at Palmer encountered a rain and hail storm, some of the hail being large enough to break out two glass windows in the coach.

Mrs. Williams of Council Bluffs, and Carl Dahlsten of Ericson, sister and brother of Mrs. Anna Astimus, were Sunday visitors at the Astimus home.

Juanita Grant returned to her work at Grand Island Business college on Sunday.

Bill McMinder had the bad luck to break the crankshaft in his car while on the way to Pat Towey's Friday. Clyde Severns pulled the car to Ericson and Witt & Jensen did the repair work on it Saturday.

Several of the Jointites attended the dance Saturday night at Haskell Creek.

An attendance of 53 persons was reported at S. S. Sunday. It was decided to procure a supply of song books different from the ones we are now using.

The ball game last week between the youngsters (invincibles) will call them until permanent names are selected for the teams, and the married men (Henpex) resulted in the score of about 15 to 4, also quite a smear of fun. A game is slated for 8:00 p. m. this Tuesday also.

The Jointites staged a picnic in the Ericson vicinity Sunday. After attending Sunday school they assembled at the lake where the picnic luncheon was enjoyed. From there the crowd went to the north bridge where swimming and a general good time was indulged in.

J. L. Abernethy drove to Grand Island Thursday taking his brother-in-law, Roy Anderson, of Red Oak, Ia., in order to catch a through train. J. L. said they drove through mud something less than hub deep which would be a sight for sore eyes for some of us.

**ECHOES FROM WOODMEN HALL**

A light drizzling rain fell most of the day Sunday, which freshened up things amazingly and cooled the hot weather of the last few days.

Our band boys combined with Comstock last Friday night. A good crowd was reported.

A number of our young folks went to Ericson to fish last Sunday, so everybody in the neighborhood will undoubtedly be eating fish this week. Some are still at work here at replanting corn and from the looks of things they are doing a good cleaning up job.

Quite a number of the spring colts are dying from some unknown disease. They only live a day or two after foaling and seem unable to stand up.

Some of our folks attended the surprise party on James Golka and reported a fine time.

A baseball game took place at John Ciochons last Sunday. The game was between Woods Park and Arcadia the score being 10 to 5 in favor of Woods Park.

Several from our community attended the barn dance at Rudolph Kerchals last Sunday night.

Miss Lydia Pesha is working at Waldmann's while Mrs. Waldmann is in Omaha under the doctors care.

# "MONEY COUNDN'T BUY GOOD KARNAK DID ME"

**"This Medicine Is Certainly A World-Beater," Declares Omaha Man.**

Many people here are daily purchasing Karnak and telling of its remarkable health building powers. Among the many strong endorsements of the sensational new medicine that will be of interest to the readers of this paper is that of Thos. J. Stewart, 117 S. 14th St., Omaha, Neb., which is told in the following words:

"Money couldn't buy the good Karnak has done me," is the enthusiastic statement of Mr. Stewart in reporting his remarkable recovery to good health by its use.

"For three years I suffered from nervous indigestion, constipation, nervousness and a weak condition. I couldn't half rest nights, and mornings I would get up with a coated tongue and feeling all out of sorts in every way.

"When Karnak came to Omaha I started taking it, and from the way it has fixed me up it must have been made especially for my case. It just knocked the indigestion sky high, and toned up my whole system from head to foot. I don't have a trouble of any kind, and just feel full of 'go' all the time. Karnak is certainly a world beater."

Karnak is sold in Ord exclusively by Ed. F. Beranek; and by the leading druggist in every town.

All do better with **BALANCED** gasoline

WHATEVER kind of automobile you drive, take gasoline seriously. On its quality depend the responsiveness of your motor, car-mileage per gallon, freedom from carbon and from harmful dilution of motor oil with unburned gasoline.

Red Crown—the balanced gasoline—is built to meet exactly the requirements of modern motors. It has the right proportion of low boiling point fractions for instant ignition and quick starting. It also has the heavier fractions that burn more slowly and keep up pressure to the end of the piston stroke.

Red Crown is uniform and dependable wherever you buy it and can be relied on to get the most power out of your engine and take you the longest distance per gallon. You can't buy a cleaner-burning, more economical and satisfactory gasoline for year-around use.

Next time you need gasoline, do as motor-wise Nebraskans have done for many years. Pull into the nearest Red Crown Service Station. You will receive prompt attention and obliging service, together with full measure of uniform, high efficiency gasoline and motor oil that provides protective lubrication.

THE WEATHER IS FINE  
AND CAMP LIFE ENJOYABLE

(Continued from Page One)

ther was with us there was a stranger on the dock. He was very cordial, asked about the fishing and we never suspected he was a warden, still as I am rather bashful I let Ray do the talking and he did a plenty, telling the man that fish were biting fine, and that we were catching oodles of all kinds. Finally the man asked us if we knew who he was, and being assured that we were entirely ignorant-of his identity, he informed us that he was the game warden. I had kept still and so was not much scared as we didn't happen to have any fish at the time, but he told Ray he would have to take him along. This began to look serious, when Ray blustered up and asked, "Do you know who I am?" and the man said he didn't and asked him who he was and Ray replied that he was the biggest liar in Minnesota. The warden asked me about it and I assured him that after knowing Ray for several years I believed his claim to being the biggest liar in the state was a good one, and that no doubt everyone in camp would agree to it, and Mr. Warden went away. Ray says, however, that he is going to do less talking hereafter.

The Clements invited us over for dinner Wednesday and had chicken I don't know where they got the chicken but suspect it is one that Abbott ran over with his big Lincoln car on the way up. This may not be the case, and surely they could not get the strawberries in that way for the shortcake they had.

Wednesday evening about supper time Mr. and Mrs. Barney Brickner drove in. They took three days for the trip, camping along the road. They said they stayed Tuesday night in the tourist camp at New Ulm, Minn. It rained hard most of the night and they made their bed in the cook shack in the park. They found their cottage had not been molested during the two years and everything was in good shape. Barney is busy making some improvements and in getting his boat in shape.

Tuesday evening a couple of families drove in from Des Moines and Ray located them in a cottage owned by Mr. Lundberg just north of our tract. They expect to stay a couple of weeks.

When we were here last year we did quite a lot of remodeling, among other things, putting windows in where we only had shutters before. We didn't get the screens made and Harry and I spent a couple of days making screens and it took me nearly a day to paint them. We have them all in now and while there are few flies here and so far, not many mosquitos, we are safe from them when they do get thick. We have also been digging out roots, raking up rubbish and getting everything in shape.

When we first came we tried to buy our fishing licenses but they told us they had not yet arrived. They came Monday and Flora drove into town and got them this morning, and we now know just what and how many of each kind we can take. The law has been changed a lot. The non resident license now costs \$3. and the number of fish that a person is permitted to catch in a day has been changed. It is still plenty liberal, how ever, so that any one can catch lots more fish than can be used. The limit on bass is 8. One provision, however, changes our plans. We like to send some fish home and the law is changed so we can only send 8 lbs. at a time of undressed fish, if we read the directions on our license right. We used to be able to send 25 pounds and could dress them to the extent of taking out gills and entrails. We have asked for more information on this matter.

Everyone is getting ready for the opening of the season the 21st and we expect to put in most of the day unless the limit is reached sooner. We are almost as bad as Judge Clements for fishing tackle. We shipped some freight a week or more before we left home and our tackle was in the shipment and it has not arrived yet. We are hoping it gets here this week as we have little in the way of tackle except cane poles. We want to cast for bass when the season opens.

Well, I guess I will quit for this time. I may be able to tell some real thrilling fish stories when I again write.

Mrs. Carl Grunkemeyer and son Arlo were down from Burwell last Tuesday.

Tuesday Master Bennie Bartuch, who makes him home with Mrs. Carpenter at Burwell came to Ord and spent the day. This was his first ride on a railway train.

## This Large Family of Department Stores

keeps a staff of 40 Buyers constantly in the biggest markets of production buying and paying cash for the goods which the \$90,000,000 business of our hundreds of Stores must have.

While this need of vast quantities of goods commands rock-bottom prices in every instance, our Buyers frequently arrange transactions that enable such peerless offerings as our union-made "Pay-Day" Overalls for men and boys at \$1.39, and our far-famed Gingham House Frocks at 79 cents.

When you have made comparisons you have been impressed that quality for quality and dollar for dollar, the Values at Penney's are indisputably superior—and that this is *not occasionally* but every day in the year.

We safeguard the interests of our Customers at all times for (1) we buy right in the beginning, (2) cutting out middlemen's profits, (3) frequently taking the entire output of mills, (4) demanding reliable standard of materials and workmanship, (5) bringing Producer and Consumer in closer touch with each other and giving the benefit of this contact to both.

From the above outline of our buying and selling plan, it is quickly understood that there *are* the very best of reasons why so-called "sales" are not only unnecessary but objectionable to this country-wide retail business and that the public benefits in a large way through this plan and operation not at "sale time" but all the time.

J. H. Pinney and a grandson, Delmer Hutchins of St. Paul were return passengers last Tuesday after visiting the Pinney family in the country.

A. Sutton and wife were last week enjoying a visit with their granddaughter, the little daughter of Mr. and Mrs. Carl Johnson of Kimball. Saturday night she went to Loup City with her cousins the Misses Eunice and Muriel Chase.

After a pleasant visit in the country with numerous friends and in Ord with Frances Lindsey the Misses Christina and Kjersei Peterson returned last Tuesday to Minto. They are daughters of Mr. and Mrs. Andrew Peterson, who formerly lived here.

Howard Barnes and family drove to Greeley last Sunday. They tell us that all along the line crops were in fine condition and they had never seen them look better.

The Royal Neighbors met last Friday at the home of Mrs. Florence Chapman. Mrs. Ed Holloway was assistant hostess. The next meeting will be with Mrs. Chas. Watson.

Vincent Kokes returned this week from Roberts, Ida., where he went to attend the funeral of Mrs. Aaron Adams. He came to Ogalala by rail, returning from there by auto with E. L. Vogelanz who was there on business.

Members of the Will McLain family met a housekeeper, Miss Large, from Lincoln, at the station Tuesday evening.

Miss Helga Mickelson of Omaha left Ord yesterday for California where she will take special work in the University of Southern California. She has been visiting her sister Mrs. Elliot Clemeut and family.

Stock shipments have been very light this week, due to low prices. Johnson and Peterson shipped seven carloads, but have their yards full now waiting for a raise in price.

O. B. Mutter drove to Sargent Saturday. He was accompanied by his wife and sister-in-law Mrs. Ward Moore. A son of the latter met her at Sargent and took her to Taylor.

Saturday evening Miss Ruth Milford came home. She has only a week's vacation from her duties in a high school at Omaha. She was accompanied by her small cousin Billy Huggins of Omaha.

Saturday morning Mrs. F. C. Dryer came up from Grand Island to attend the funeral of her brother Dr.

Haldeman. Another passenger was Fred Haldeman, a nephew of the late Dr. Haldeman. They both returned to Grand Island Sunday afternoon.

Miss Louise Magnuson of Kearney came to Ord last Saturday evening, leaving Sunday afternoon. She is a friend of Claude Dewhirst, the U. P. operator.

Attorney Hardenbrook and wife returned last Saturday from Fremont where they had been called to see a brother of Mr. Hardenbrook, who had submitted to an operation.

## NORTH LOUP

Ervin and Arthur Bartz, sons of Mr. and Mrs. Fred Bartz gave a party for their Sunday school classes at their home Monday afternoon. The occasion was Ervin's 8th birthday and of course he had a large birthday cake with 8 candles and all the trimmings on it. The afternoon was spent in playing games on the lawn. For lunch Mrs. Bartz served ice cream and wafers. They departed leaving Ervin with some very nice presents and taking with them as favors tiny flags.

Joe Knezacek, the county clerk, Jesse James, Frank Vodehnal and John Sharp of Ord drove down Tuesday to look at the highway which was damaged some by the hard rains.

Fred Reils of Grand Island drove up Tuesday to inspect the highway. Mr. and Mrs. Jess Gilmore were here the fore part of the week spending a day at the Shirm Fuller home.

The Old Times had a dance last Friday evening in the Willoughby Hall. It was rather warm but they seemed to enjoy themselves. Otto Hill and Howard Sheldon furnished the music.

The Honeycutt family of Cotesfield are visiting the John Barnhart home for a few days.

Portia Kellogg who has been teaching in the Friends College at Central City came up Friday and stayed until Monday at the Shepherd home. She expects to leave Central City on Thursday for California to attend school.

Relatives and friends had a dinner at the Ed Houtby home Tuesday to celebrate Ed's 74th birthday. Regardless of the weather a number of his friends and relatives were present.

The Cubs were unfortunate last week when they played the Bruins for several of their players were absent but by hunting around they got a team together and showed the Bruins a lively chase. By hard work the Bruins won by a score of 6 to 5. On account of the heavy rain the Cubs and Panthers were unable to play. They will play Wednesday if the diamond is in shape.

Janitor Lewis has the school yard

in fine condition now if you not believe it just look for yourself.

Clifford Hawks, Ed Knap and Bill Ingerson went to Olean Wednesday morning to help tear down the elevator. It is going to be moved to North Loup.

S. D. B. Church Notes

Last Sabbath the ordinance of baptism was administered to the nine candidates who offered themselves the week before at the children's day service. There were seven boys and two girls.

The congregation was also favored by a song by Ralph Bayre and a solo "The Penitent" by Mr. Richard Sheard of Milton College, who is spending a few weeks in this vicinity. He is prepared to give recitals and will give a recital at the Presbyterian church on Mira Valley Thursday evening of this week.

Those who are able to do so should take advantage of this opportunity to hear a singer of universal talent. One of his specialties are Scotch selections which are very nicely rendered. All who have ever heard him will be anxious to hear him again.

A beautiful anthem in which was a bass by Albert Babcock was also much enjoyed Sabbath morning.

At the Sabbath School Hour plans were made for presenting pupils of the vacation religious day school with certificates of attendance work done during the past three years of summer work and the present year. It has been thought by the Supt. of the school and others to present some such awards of merit would be a fine thing at the close of the year's course.

Friends Church Notes

We will not have choir practice during the hot weather unless a special call from your choir leader. We will have prayer meeting Thursday night. Everyone is invited to attend. If we were only as faithful as the people who pray for Peter that we studied about last Sunday we would not need to be urged to attend these services.

Our attendance was not very large last Sunday owing to the rain but we had a good Sunday school and a fine sermon by our pastor. We enjoyed the songs by our choir.

Ice cream, cake and candy will be sold south of the Telephone office Saturday night. We are planning that it will be home made ice cream. Come and try some of it.

The Stars class will have a bake sale in the near future. Watch for the announcements.

Mack Green left Monday for Carroll, Washington to visit with his stepson. He did not know when he left here whether he would stay all summer or not.
