PEE-WEE GOLF COURSE OPENS THIS EVENING

Auble Bros., Dr. Blessing Lay Out Miniature Links North Of State Bank Building.

Pee-wee golf, the game that has taken the country by storm, will make its debut in Ord tonight when the miniature course laid out by Glen and Jay Auble and Dr. F. L. Blessing will be opened to the public. The course is located on the vacant lot north of the State bank building.

This new game is said to call for fully as much skill as regular golf, though holes are only a few yards apart. Fairways are of sand and many hazards add zest to the game. The course here contains eighteen holes and has a par of 47.

Pee-wee golf is played with only a putter and the owners will furnish a club and ball to every player. There is nothing to prevent golfers from bringing their own put club, however.

Prizes are being offered to players making the low scores this evening. Probably a large number will try the new game tonight.

Welgardt No Better.

Martin Welgardt, Ord world war veteran who has been a patient in Fitzsimmons hospital, Denver, for four months, does not improve. He is able to be around part of the time but is no better. Mrs. Welgardt has about decided to close her husband's barber shop and store the fixtures. If she does this she will go to Denver and take an apartment for the summer, so she may be near her husband.

Legion Will Help Salvation Army

The Ord post of the American Legion will assist the Salvation Army in their yearly home service campaign for funds, the Quiz was informed Tuesday by Envoy Chas. Dykstra, who came to Ord from the state Salvation Army headquarters at Omaha. C. J. Mortensen, Alfred Welgardt and E. R. Fafeta were appointed on a committee to look after this work.

Notice To Non-Resident High School Students.

Applications for Free High School Tuition are due. If anyone has failed to receive a blank upon which to make the required application, please notify the county superintendent immediately and a card will be sent you.

Teachers' Examinations.

The last state teacher's examination for this summer will be held in Ord on July 19, 1930, at the high school building.

Renew Work On Big Goodhood Building

A persistent but unsubstantiated rumor that the Charles Goodhood building on the south side of the square has been leased for a department store, presumably by the Brown-Ekberg Co., of Holdrege, was given credence this week when Mr. Goodhood put a crew of carpenters to work tearing out the balcony in the building. It is also said that a more modern front will be installed in the big store building.

—Mrs. Ign. Klima is looking for a visit from her sister, Mrs. H. D. Barnes and family of Chicago. They are traveling by auto and left their home today.

—The American Legion and auxiliary were pleased Tuesday evening to have with them Mrs. Lorenz Hahn of Creston, department president. She gave a talk at the Tuesday evening meeting. While in Ord she was a guest of Mrs. C. J. Mortensen.

—Lew Jobst left Saturday for Cambridge, Ill., to attend the funeral of his stepfather, Fred Herb. The latter passed away Thursday night. He was over 80 years old.

—Miss Rosanne Perlinski, who has been employed in Kearney for some time has been enjoying a two weeks vacation. She was visiting in Elyria, and Arcadia. Her people, Mr. and Mrs. John Perlinski and sister, Miss Eleanor, took Miss Rosanne on an auto trip to Big Springs and Alliance Sunday when they took her back to Kearney.

—Mrs. Will Wright and children of Blair are expected today to spend the 4th with relatives in Ord.

—Harold Kepp of Scotia and V. Baldwin of Greeley were consulting Dr. Lee Nay Tuesday.

—Marion Vincent and some of the bridge gang with whom he is working are near Burk, S. D. for a few days looking after some repair bridge work.

Valley County Census Report Reveals 72 Unemployed Persons

There are 72 unemployed people in Valley county who desire employment. The figures, based on the recent federal census, were announced this week by H. A. Webbert of Kearney, census supervisor for the fifth Nebraska district.

A large proportion of the unemployed reside in the city of Ord, it is believed. The unemployment figures include only those persons usually working at a gainful occupation reported as being without a job, able to work and looking for employment. Persons not at work at the time of the census count because of illness or being temporarily laid off were not included.

It is thought that fewer than 72 probably are unemployed at present, as the census was taken in April before spring work had fully opened up.

TWO RED OAK MEN ARE INJURED IN AN AUTO WRECK

Burning Ford Plow Into Roy Anderson's Car, Wrecking It; Men Escape Serious Injury.

Narrowly escaping serious injuries in an automobile accident Monday evening, Roy W. Anderson, of the Red Oak Bridge and Iron Works, and Martin A. Coday, his chauffeur, received minor injuries when the Anderson car was smashed into by a burning Ford car and turned over into a ditch about five miles east of Glenwood on primary road No. 34.

Mr. Anderson and Mr. Coday were driving to Omaha on business. When near Glenwood, a Ford car occupied by two young men, caught fire and burst into flames. Mr. Anderson, who was driving, saw the burning car coming toward him and turned off the pavement to get out of the way.

Car Was In Flames

The driver of the Ford car either became confused or could not see through the flames and smoke. It struck the Anderson car by the rear fender as it was pulled over to the side of the road. Both cars had slowed down and were not going fast. The impact of the burning car tossed the Anderson car over into a ditch, where it landed upside down.

Mr. Anderson's left hand was badly cut. He received other minor bruises. Mr. Coday's right arm was lacerated and he received other bruises. The Anderson car was wrecked. The burning car was stopped and the fire put out. The two young men, whose names were not available, live near Tabor and were returning home in the Ford when it burst into flames.

Mr. Anderson's left hand was badly cut. He received other minor bruises. Mr. Coday's right arm was lacerated and he received other bruises. The Anderson car was wrecked. The burning car was stopped and the fire put out. The two young men, whose names were not available, live near Tabor and were returning home in the Ford when it burst into flames.

Mr. Anderson and Mr. Coday were taken into Glenwood where they received first aid. Dr. Wearne, of Omaha, was called and he took Mr. Anderson to Omaha where he is treating his wounded hand to prevent infection. Mr. Coday was returned to Red Oak where Dr. W. S. Reiley dressed his injured arm. The wrecked Anderson car was returned to Red Oak by the Looker Bros. wrecker.—Red Oak Express.

Youth In Jail On Bad Check Charge

Robert A. Stevens, one of a crew of young men who have been demonstrating and selling aluminum ware in Valley county, was arrested last Saturday on a no-fund check charge and was confined jail pending a hearing. It is alleged that he wrote a check for \$7.50 on a Ravenna bank and gave it to the Marvel Motor Company, Arcadia. He had no funds in the bank, it developed, so his arrest followed. Wednesday he pleaded guilty and paid a \$5 fine also making the check good.

Church Services Change Time

During the months of July and August church services at the Elyria Catholic church will be held at 8 and 10 o'clock each Sunday instead of 9 and 11.

Wells Known Couple Wed.

Miss Gladys Flock, daughter of Mr. and Mrs. H. Flock of Rosevale, and Fred M. Miska, who lives on the Miska farm were married last Wednesday in Grand Island. The bride has been a teacher in Valley county schools for several years but taught in Rock county the past year. The Quiz extends congratulations.

S. W. Roe, prominent Valley county farmer, has signified his intention of seeking the republican nomination for state representative of this, the 77th district. He filed last week in the office of Ign. Klima, county clerk, and will oppose Marion J. Cushing, present representative, for his party's endorsement at the primaries August 12.

Mr. Roe is president of the Farmers Grain & Supply company, is vice president and superintendent of agriculture of the Loup Valley Agricultural society and has been active in the affairs of his own township, Enterprise, for many years. He has been a school officer for twenty-five years and in his youth was a school teacher. He is well known to voters both in Valley and Garfield counties.

Only once before has Mr. Roe been a candidate for office. Four years ago he sought the republican nomination for state representative but was defeated by E. M. White of Burwell in a close race.

So far only Mr. Roe and the present incumbent, M. J. Cushing, are in the field for this office.

Card of Thanks.

We wish to thank all of our kind friends who assisted at the funeral of our beloved husband and father, also those who sent the beautiful floral tributes.

Mrs. Joe B. Beranek
Edward Beranek
Mrs. Emily Furtak

Happy Helpers Meet.

The Valleyside Happy Helpers held their first meeting last Wednesday with Miss Ella Lange as hostess. Miss Lange was chosen secretary and treasurer. New members joining included Maxine Bossen, Ella Lange, Lois and Frances Bremer. The next meeting will be held at the O. W. Roberts home and other girls desiring to join should attend this meeting.

Johnson Loses Appeal

"Red" Johnson, well known here, must pay a \$5,000 fine assessed by a Hamilton county court and serve a year in prison for violating the prohibition laws, the supreme court decided this week. Johnson appealed from his conviction in Hamilton county.

Friday Mrs. Wm. Frederick

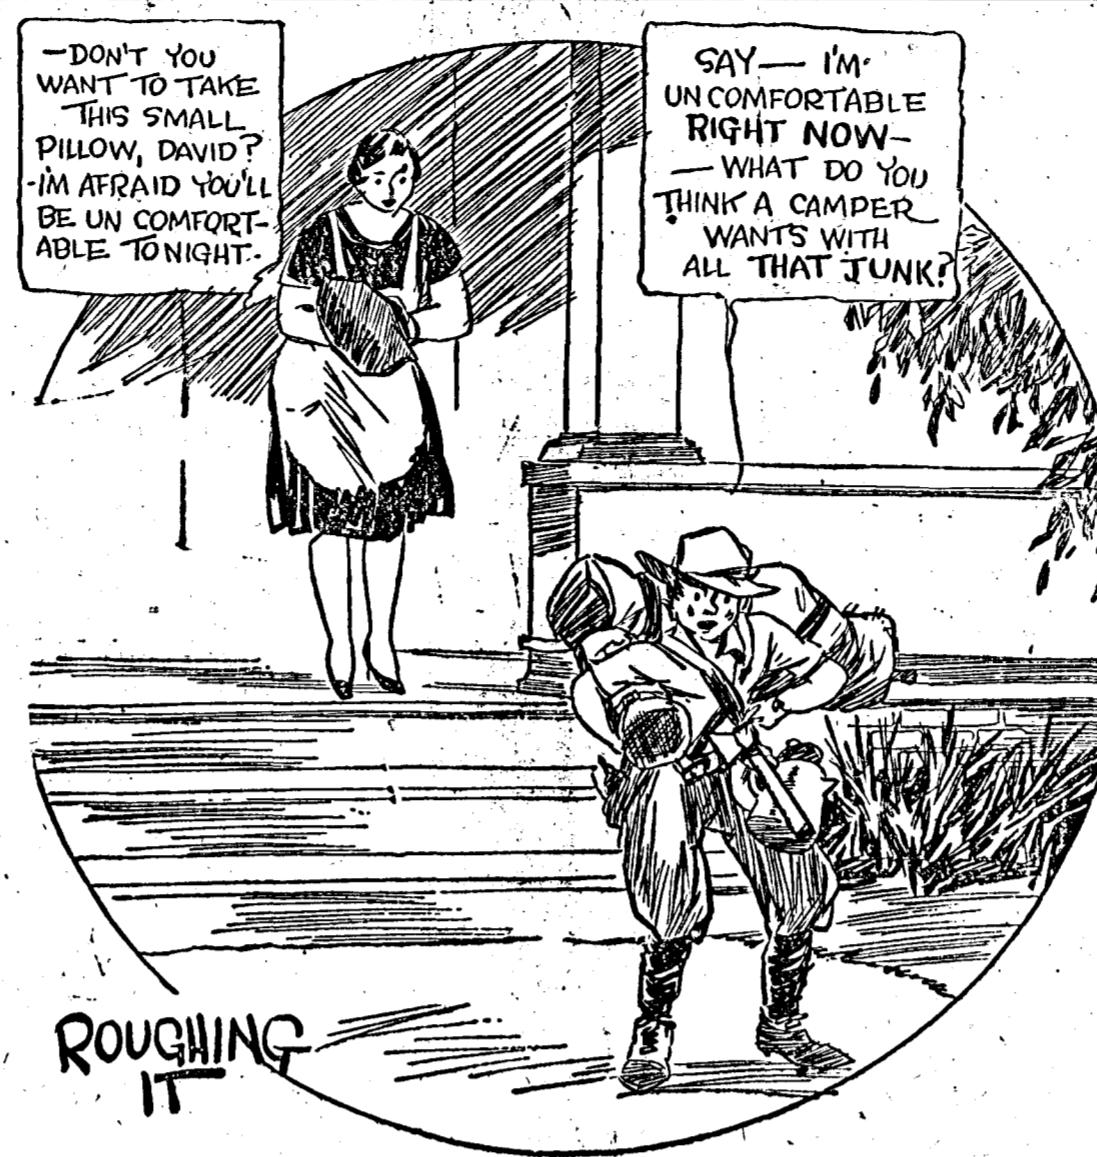

returned to Grand Island where she had been with her daughter Miss Lella Frederick, who had been very ill in the St. Francis hospital.

Mrs. Margaret Nelson has returned to Polk after several days stay with her mother, Mrs. Kate Marks.

New Electric Head Here

George Allen new light and water concessionaire arrived yesterday from Friend and has already assumed the duties of his new position. The Allen family will occupy the Zeleski home on Main street.

—Mr. and Mrs. H. B. Maxwell of Alliance are spending the week with the Keith Lewis family and the Misses Eunice and Roberta Chase

Stine Truck Upsets With Double Deck Load Of Fat Hogs

North Loup, June 30.—(Special) —Will Stine's Chevrolet truck is badly damaged, but he is counting himself lucky that he escaped without injury when his truck upset early this morning as he was starting for Omaha with a double deck load of hogs for Riley Brannon. As he was going down a hill near the Elmer Kirk place, and not at all a steep hill, he in some unaccountable manner lost control of the truck and it went into the ditch and upset. Valley Drawbridge was with Mr. Stine, and he too escaped without injury. Even the hogs piled up in the overturned truck were unhurt. It was taken by the wrecker to the Chevrolet garage for repairs. The radiator and cap are badly damaged and there is a broken front axle.

NORTH LOUP IS HOST TO TEEN AGE CONFERENCE

Forty Delegates From Away At S. D. B. Convention; Will Meet In Boulder.

North Loup, June 30.—(Special)

—The Teen Age Conference of the Seventh Day Baptist denomination was in session here Sunday at the Seventh Day Baptist church. About forty delegates were in attendance including boys and girls of the teen age with a few adults. About twenty of these were from Nortonville, Kans., accompanied by Rev. S. Duane Ogden of that place. Rev. Ralph H. Coon brought several young people from Denver and Boulder, Colo., and there were also eight or nine others with Rev. Ralph M. Soper, from Gandy and Colora, Neb.

The delegates arrived Thursday afternoon. There was a picnic at Lake Erickson Friday in their honor. The regular church service on Friday night and the Saturday church services were planned especially for the benefit of the young people. The morning message was brought in an impressive way by Rev. A. J. C. Bond of Plainfield, N. J., who has been holding a week of special services at the church. His subject was "Seeing the Father Through Sabbath Keeping." He also preached on Sunday evening at the closing session of the conference.

The morning session on Sunday was in charge of Rev. Bond, with John B. Zukoski filed on the republican ticket and Joseph Clemency on the democrat. Morris Sonnen, present supervisor, also is a candidate for re-election on the republican ticket. This district includes Eureka, Noble and Elyria townships.

The time for filing closes at 6 p.m. today.

Doyle Collins Kicked In Mouth By Horse

North Loup, July 1.—(Special)—Doyle Collins, sixteen year old son of Charlie Collins, living south of North Loup was very painfully injured when kicked in the mouth by a horse Monday morning. He doesn't know exactly how it happened, but was in the field cultivating at the time. The stunned horse knocked him to the ground by the blow, he managed to bring the horses to the barn. Dr. Hemphill was immediately called and he was taken to the Weekes hospital. He suffered the loss of four teeth, a splintered jaw bone, and a deep gash, in the lip. He is at home again, doing as well as could be expected with such an injury.

No More Burned Fingers.

The Little Stitchers, 4H club, will no longer have burned fingers. The girls made pot holders the last two meetings at the home of their leader, Mrs. Steve Beranek. Margaret Flynn was hostess June 19 and Alma Mason June 26. Eight of the nine members were present each time. Eileen Beranek, the absent member, has the whooping cough.

Royal Kensington Meets

Thursday afternoon Mrs. Ivan Botts entertained the Royal Kensington club at her home. Mrs. Ed Milligan, Miss Myrtle Milligan and Mrs. Sam Guggenmos were visitors. This club is having a membership drive with Mrs. Ed Pocock and Miss Dolsie Waterman as captains. The losing side will entertain the winners later. The R. K. C. will next meet with Mrs. A. C. Waterman July 31.

Farm Board Members To Meet In Hastings

Alexander Leggs, chairman of the federal farm board, and A. M. Hyde, secretary of agriculture, will be in Hastings July 7 for a conference with farm leaders relative to the world agricultural situation. The meeting will begin about 10:30 a.m. and will close at 3:30 p.m. No doubt several Valley county men will attend.

—Mr. and Mrs. Elmer Gilbert of Siloam Springs, Ark., were in Ord Saturday visiting Mr. and Mrs. Ned Powers. From here they left for Wamebo, S. D.

—Dr. and Mrs. C. J. Miller and Mary Louise were dinner guests Tuesday evening in the home of Mr. and Mrs. Clarence Davis.

—Mr. and Mrs. Frank Turek and family of Hemingford were spending the week end with Mrs. Turek's sister, Mrs. Frank Urban. They also visited with Mr. and Mrs. Frank Sevener, Jr.

—Mrs. Ign. Fokraka, of North Loup, entertained the Catholic Labor club last Wednesday in the home of her mother, Mrs. Joe Beranek.

—Miss Bernice Zukoski of Elyria is spending this week in Ord with her aunt, Mrs. Mike Socha.

—Mike Socha is in Sargent painting for the Texaco company.

MUSTANGS TO MEET SCOTIA HERE JULY 4

Clash Will Feature Double Bill At Bussell Park; North Loup And Camels Also Tangle.

The feature event of July 4 so far as Ord and vicinity is concerned will be a double-header baseball bill to be played at Bussell park starting at 2 p. m. Two Valley County Farm Bureau teams North Loup and Ord meet in the abbreviated curtain raiser, and two Loup Valley league teams, the Ord Mustangs and the Scotia Demons, tangle in the feature event starting at 3:30.

A big afternoon of baseball is assured fans by this double bill. North Loup and the Ord Camels are tied for leadership in the Farm Bureau Loop so unusual interest attaches to this game. The North Loup team is a heavy hitting aggregation and Manager Andersen's Camels will be extended if they win.

The Ord-Scotia game is a regular league encounter and will count in the official standings. Scotia secured a state league pitcher for this game and is determined to shake off Old Man Jinx, who has dogged them all season. Harry Selk, a couple of the Sauter boys, Glen Johnson, Hook Duryea and other players well known to Ord fans appear in the Demon line-up. Manager Arnold probably will send Burke to the mound tomorrow. It will be the first time he has hurled for Ord though he has been playing good ball at shortstop. Burke is touted as a speed ball hurler and fans will want to see him in action.

Hank Arnalts probably will take up the shortstopping job in the July 4 clash. He is a competent performer at any infield position and should fit in well with Pidge Johnson, Andy Jensen and Clyde Athey. Manager Arnold is expecting Joe Krejci up from Plattsburgh for this clash.

Mira Valley Celebrating. An all-day celebration is being held at Mira Valley and many Ord people will celebrate there. Two ball games are on the program at Clement's Grove, Davis Creek and the Mira Valley Reserves meeting in the morning and Olean and Mira Valley playing in the afternoon. S. W. Roe is on the program for a speech.

CUSTER COUNTY FAIR AND RODEO

Custer county will have a fair and rodeo on August 20-21-22 at Broken Bow. Plans are underway to develop one of the largest and best rodeos in the Central West.

President J. F. Coleman and Secretary M. L. Gould have spent considerable time studying the management and conditions affecting the successful rodeos in the West. As a result of this study they have come to the conclusion that in Custer county situated on the edge of the sand hills, already having one of the best equipped fair grounds in the state of Nebraska, unsurpassed in displays of Agriculture products, livestock, boy's and girl's club work and women's project work, the right kind of a rodeo combined with their fair could not help but be a success.

Plans are going forward to secure the very best livestock and the very best manager which the rodeo world knows. No doubt with the gathering together of the experience of the successful artists in the different lines, Custer county will stage one of the biggest and best rodeos this fall that has ever been attempted in the middle west.

Steve Finch Gets Away As Iron Man At Scotia Sunday

Pitches Arcadia to Victories In Double Header; Cadytown Has Big Lead in League.

Old Steve Finch got away with the iron man stunt Sunday as Arcadia won a double-header from Scotia and thereby took a firmer grip on the Loup Valley league lead. Arcadia won the first game, 2 to 1, and took the second, 7 to 4. Bergin, a state leaguer from Grand Island, started the first game for Scotia but in the second inning while attempting to bunt he got his hand in the way of Finch's fast ball and injured it so badly that he could not continue. Duryea finished for Scotia, striking out thirteen.

Sheldon opposed Finch in the nightcap but Steve had easy sailing all the way as his mates stepped out and gave him a four-run lead in the first frame.

Finch struck out eight in the first game and three in the second while Sheldon struck out twelve. Megru got a pair of safe hits in the first game and Dunker, new Arcadia outfielder, starred with the in the nightcap.

EIGHTH INNING RALLY WINS FOR ORD MUSTANGS

Locals Trail All the Way Sunday But Jensen Drives in 2 Runs With Three-Bagger.

Trailing all the way at Broken Bow Sunday, the Ord Mustangs put on an eighth inning batting rally that netted them three runs and a victory over the Indians by the score of 4 to 3. The Mustangs now hold the edge in their series with Broken Bow, having won two games and lost one with that team.

Andy Jensen, Mustang second sacker, was the hero of Sunday's encounter. Coming to bat in the eighth with two out and with Armatis and Heuck on the base paths, Jensen hit a stinging three-bagger to left field. The Boelus youth scored a moment later on Hill's two-bagger.

Until that fatal frame, Broken Bow had been leading by a 2-1 margin. Both of their early runs were presentations by Athey, who made two errors in the very first inning after Gardner and Bubak were safe on Athey bobbles. Young hit for two bases to give the Tribe a nice lead.

The first Ord run was made in the third inning when Athey singled, stole second and scored on a two-base blow by Hank Armatis. The Ord pitcher almost scored on Heuck's single but a fast throw from right field nipped him at the scoring station.

After Ord took the lead in the eighth the Indians tried valiantly to even the count and did succeed in sending one run across when Young got his fourth hit of the day and scored on a three-ply hit by Ehlers. Two were out when Ehlers got his blow and Armatis struck out Kriz, a pinch hitter to end the Indian threat.

The game was fast and three double plays helped make it interesting for spectators. Two of the double killings were completed by Broken Bow and one by Ord.

Athey with three hits out of four times at bat, and Armatis with two two-baggers, starred with the willow for Ord. Ernie Hill also got two safe blows but both of his hits were scratchy. Mark Young, Broken Bow third baseman, enjoyed a perfect day with the bat. He collected two doubles and two singles in four attempts. Ehlers got two three-baggers.

Hank Armatis pitched a nice game for Ord though the strong wind interfered with his curve balls. As usual he finished stronger than he started. Armatis allowed eight hits, gave one base on balls and struck out nine. Ehlers, York state league pitcher who hurled for Broken Bow, yielded up ten hits to the Mustangs.

Legion Kid Nine Will Enter District Tourney At Farwell

In meeting the Lester Harter Legion post ball team at Aurora Sunday, Round's Junior Spuds, Ord Legion club, is tackling one of the strongest Legion kid teams in the state. Last year the Aurora team Aurora will be the strongest team the Round's team has faced this year.

Klein or Paddock will be on the mound for Ord with Clochon behind the bat. The Ord win boosted them in the league standings, they having been beaten but once this season.

Scoring six runs in the first inning to get an early lead, the Ord Camels defeated Turtle Creek at the fairgrounds Sunday 13 to 0. It was the fourth loss of the season for Turtle Creek in the Farm Bureau league. The Ord win boosted them in the league standings, they having been beaten but once this season.

The winning Ord team pounded four Turtle Creek hurlers for thirteen hits. Bill Burrows, former Mustang outfielder, collected three hits in four times at bat.

My Own Column

By H. D. Leggett

Dear Quiz:

Is terrible the way we have to work up here. Seems like there is something to do all the time. I have lost my appetite since coming here. In fact I have lost it three times a day but seem to regain it.

Yesterday we had a hard rain with quite a high storm and a high wind that lashed the lake into foam and the waves ran four feet high and it turned so cool that we were glad to have a fire in the heating stove after supper.

We expected Mr. and Mrs. F. M. Gross today but when we got up this a.m., saw their car in their yard. They drove in about 2 a.m. having left Omaha yesterday morning. They were accompanied by Chas. Cox of the Inter State Live Stock Com. Co., his wife and daughter. The Cox family has one of the Simpson cottages and this is their first trip up here. The Gross' expect their son Truman, wife and baby tomorrow.

The weather today is delightfully cool with a little too much wind, though a number of boats are on the lake. The missus and I are going out later to try for bass with frogs. We are not going to take worms or minnows as we don't care for crappies or bluegills. We have a plenty on hand. We would like to get some nice bass to send home, though the bluegills and crappies are better eating.

L. B. Fenner, just over the fence north of us, had a brick chimney built on his cottage yesterday. He is also having it painted. He brought the paint last year when he was here and says he hopes the job will be completed next year when he comes up.

Mr. Cox, mentioned in another item, has but one leg and walks with a crutch. He is more active than most of us who have two legs. I understand he had his leg bitten off but don't know what. It might have been one of the bears down on the Omaha stock exchange. Mr. Cox appears to be a mighty fine fellow. I presume a good many Quiz readers know him.

I have never seen as much interest taken by the lot owners here, in cleaning up their lots as there is this year and all seem to be making

ing plans for further beautifying next year. The trees on the Ord tract are making a splendid growth and those who have the leaves raked off in the spring have nice grass and some have flowers planted. The soil and climate is conductive to brilliant flowers.

Old man Ray Luther the guide is a busy man these days. He is the official guide of the camp and other of his titles are official motor repair man, official camp inspector etc. Yesterday he had a party down on Gull lake after walleyes but it stormed and they didn't need an extra boat to bring home the fish. When not busy guiding Luther helps those in camp whenever he is needed, cleaning up the grounds, getting wood, selling minnows, painting boats. He is a jack of all trades and can do most anything.

We don't seem to care quite as much about fishing as we used to. We can get all we want easily but we spend more time in the swing than in former years and less in the lake. We are having a most delightful vacation.

This Woman In 4 Weeks Lost 19 Pounds of Fat

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.

Gentlemen: I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts.

I started taking them every morning as directed as I was very much overweight and wanted to reduce.

I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present,

which has just been four weeks, I weigh 239 lbs. And I must say, I feel better in every way, besides looking much better. Kruschen Salts had a decided effect upon the quantity of food I took and stimulated my desire to greater activity.

I have recommended Kruschen Salts to many of my friends, in fact, have number of them taking Kruschen Salts.

May all large people, both men and women, who want to reduce in a fair way, give Kruschen Salts a fair trial. I am sure it will convince any one.

A bottle of Kruschen Salts that last four weeks costs but 85¢ at McLain-Sorensen Drug Co. or any drugstore in America.

SHE SUFFERED BEYOND WORDS

MRS. ELEANOR MELTON

"A bad case of measles left my system full of poisons and terribly rheumatic. I had all my teeth extracted but the pains continued to develop and nobody will ever know the suffering I went through for 4 years. A torpid liver, indigestion and constipation added to my troubles until I started Sargent. This medicine practically ended every other ailment in my body. And only 8 bottles have given me this marvelous improvement!"

"Sargent Pills worked all the poisons out of my system—my liver is reconditioned—and my bowels are regulated perfectly," Mrs. Eleanor Melton, 1442 N. 18th st., Omaha.

Relief From Curse Of Constipation

A Battle Creek physician says

"Constipation is responsible for more misery than any other cause."

But immediate relief has been

found. A tablet called Sargent

Ostler has been discovered.

This tablet attracts water from the

THE VALUE OF SOUND DESIGN

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

The good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

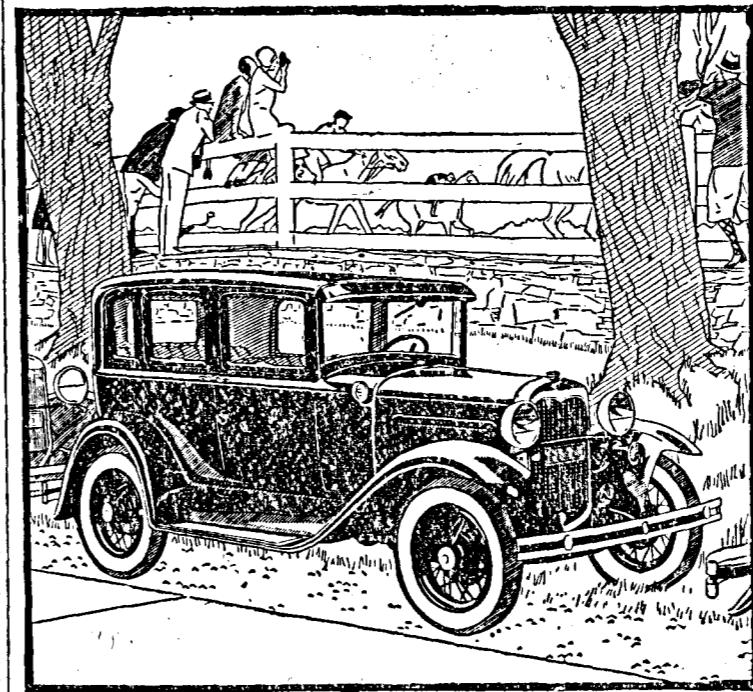

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.

width. The strips are cut into convenient lengths and used for making cheese boxes, egg cases and light packing cases. The product of the factory is sold almost exclusively to creameries and egg shippers in that section of the state.

The factory employs from ten to twenty men, depending on the season. Gross sales of \$3000 per month were recently reported by the sales manager. The factory is not yet concerned about a shortage of suitable wood for their output. There is sufficient amount of cottonwood timber in that locality

to engage the capacity effort of the factory for many years.

The cottonwood is a native of the prairie. With the approach of cultivation, it has diminished until some sections of the state have completely lost this pioneer friend of animal and mankind.

The total wealth of Nebraska is \$5,320,000,000, or an average of over \$4,000 per capita.

Nebraska has no bonded indebtedness.

Cottonwoods Being Used Commercially

Any pioneer citizen who planted a cottonwood grove and twenty-five years later proceeded to saw up the lumber and build a house or barn out of it, knows something about the resistance of that wood to square and level. But that does not dismiss the cottonwood from commercial importance.

At Lexington it is being proved that baskets and boxes and cases can be profitably made from the wood of the cottonwood. In fact, that method of production has become an industrial enterprise of note there.

In that section the prevailing

timber of any size is cottonwood

and since cottonwood only is used at this factory nature and industry

have made a mutually satisfactory

partnership. After the trees are

bought a portable saw mill belonging

to the factory is sent out. The

trees are felled and cut into logs

of suitable length for trucking to

the factory. From the trucks the

logs are transferred to the sawing

room of the factory. There they

are fed into a revolving machine

whose huge knife cuts a continuous

strip of veneer of uniform

thickness. This strip is then dried and packed in boxes for shipment to various parts of the country.

NORTH LOUP DEPARTMENT

MRS. CLAUDE RATHBUN, Editor.

A most interesting and instructive address was given on Sunday morning at the Methodist church by the Rev. J. D. Forsyth of Denver, Colorado, under the auspices of the Ten Million Prohibition Club. This organization is trying to promote law enforcement especially with regard to the Volstead act and the eighteenth Amendment.

Mr. and Mrs. Otto Hill and Mr. and Mrs. Rude Inbody left Saturday morning for a fishing trip to Rat and Beaver Lakes. They expected to return on Tuesday of this week.

Owing to an unavoidable delay in the arrival of some of the equipment for the completion of the new Strand theater, the opening dates were changed to July 2 and 3. The installation engineer arrived Thursday, spending the remainder of the week in putting the last of the machinery in place. The Best Tone De Luxe Sound System which is being installed is the best in sound equipment, and sound proof panels on the side walls will insure perfect acoustic properties. The Minus sound screen is already in place, and is the same as those now in use in the Orpheum, Paramount and World theaters in Omaha.

North Loup Chautauqua dates have been announced for August 18, 19, 20, and 21.

A ten pound son was born on Saturday, June 23 to Mr. and Mrs. Rex Larkin. There are three older sisters to welcome the new brother. Dr. C. E. Pinckney of Scotia was in attendance.

The Jesse Myers family living west of 42 were Sunday guests of Mr. and Mrs. Oscar Chubbuck in Riverville. The Bill Hish and Jim Banta families were guests of the Chubbucks in the evening.

The home of Miss Maud Shepard was the scene of a very pretty wedding at high noon on Sunday, June 29, when Miss Maud Van Skike of Kearney became the wife of W. B. Boucher of the same city. With the use of the ring service, the ceremony was performed by Rev. G. A. Schwabauer, pastor of the North Loup Methodist church in the presence of relatives of the two families.

Following the ceremony a two course dinner was served to the twenty-four guests in attendance.

The bride is the daughter of Charles Van Skike of Scotia, and is a cousin of Miss Shepard, and has visited here on a number of occasions. She attended Kearney Normal and taught school for the past five years, the last two being spent in Culverison, where she was an instructor in mathematics in the high school. The groom, Mr. Boucher, was graduated this spring from the University of Nebraska, where he specialized in geology. He expects in the fall to enter the employ of a large oil concern, but will this summer be in a drug store at Kearney. The out of town guests left Sunday afternoon for their homes. They were Mrs. Carl Van Skike and three daughters of Greeley, Francis Van Skike and son of Scotia, Charles Van Skike of Scotia, Mrs. Fred Van Skike of

Kearney, and Mrs. Boucher, and son Fred and daughter Doris of Kearney.

Edwin Miller received a message from California Sunday night saying that his nephew, Earl Miller had been killed early that morning in a motorcycle accident at San Diego, California. Particulars of the accident have not yet been received. Earl was the eldest child and only son of Mr. and Mrs. John Miller, who lived until about four years ago on the place adjoining Annel Frazer on the north. John Miller is a brother of Edwin and Loule Miller, and of Mrs. Jim Sample and Mrs. Harry Jeffries, all of North Loup. The home of the John Miller family is at Escondido, California.

Mr. and Mrs. Russell Hill and little daughters arrived Saturday from their home in Chicago for a visit of two weeks with the former's parents, Mr. and Mrs. Otto Hill. Russell has an important position with the Style Dress Company of Chicago, and is having his annual vacation. Ruth May, daughter of Mr. and Mrs. Chas. Mayo, who lives in Chicago, came with them to visit her parents and other relatives.

Mrs. W. V. Brown is entertaining her brother G. N. Bonestell who arrived Saturday from Springfield, Missouri, for an indefinite stay.

Miss Adele Van Horn returned Monday to Chapman where she is spending the summer with the Ross Beauchamp family. She spent the week end in North Loup and attended the Teen Age conference.

Mrs. W. B. Stine was over from Scotia and spent the week end at home. She is caring for her little granddaughter, while the child's mother is working in one of the Scotia stores.

The ladies of the Legion Auxiliary are planning an ice cream social to be given in the near future, altho the exact date has not yet been set.

Mesdames Paul Robinson, Elmo Hurley, M. D. Ernest and Harry Gillespie were hostesses at a daisy cook party Friday afternoon at the Robinson home. The "daisy" idea was carried out by the lavish bouquets of the flowers, and in the nut cups and tally cards.

There were seven tables of players, high score going to Mrs. Sam Shineman.

Mrs. Irvin Sheldon went Saturday to the home of her daughter Mrs. Ben Nelson south of town to spend a few days.

Ben Nelson, a brother of Frank Nelson, accompanied by his sister, Mrs. Schelt and her husband, all of Platte Center, spent the week end with the Ben Nelson family and other relatives south of North Loup.

Mr. and Mrs. Ernest Redlon and children who are here from Minneapolis, were supper guests Wednesday evening of Mr. and Mrs. L. Sheldon and the Ben Nelson's at the Sheldon home.

At the meeting of the Senior Missionary society of the Seventh Day Baptist church on Tuesday, officers were elected as follows:

President, Mrs. Mary Davis; vice-president, Mrs. A. H. Babcock; secretary, Jennie Bee; treasurer,

Mrs. Alpha Crandall; chorister, Mrs. W. J. Hemphill; Committee chairmen: Program, Mary Clement; Social, Maud Johnson; Work, Grace Hutchins; Election in the Nellie Shaw Missionary Society, resulted as follows: president, Mrs. Erlie Babcock; vice-president, Mary Davis; secretary, Carrie Rood; treasurer, Mrs. Rolla Babcock; chorister, Mrs. Roy Cox, Committee chairmen to be announced later.

Gertrude Bohrer went up to Ord Saturday evening for a short visit with friends.

Mr. and Mrs. Ernest Redlon and two children left early Friday morning for their home at St. Paul, Minn., after a visit of two weeks with relatives and friends in and around North Loup.

Mrs. Mattie Luke was a guest Saturday of Mrs. A. H. Babcock. Mrs. Luke's home is in Ord, but she spends part of the time at the Soldiers' Home at Grand Island.

Several friends of Mrs. Albert Brown of Riverdale surprised her on Monday evening of this week in honor of her birthday. Rock was the diversion of the evening. Those present were the Oren Carrs, the Halversons from Scotia, John Jenkins of Riverdale, and Beulah Brown who is employed at Scotia, was able to be home for the evening.

A miscellaneous shower for Viola Thomas Dutcher, a recent bride, formerly of Riverdale was held Thursday evening at the Dutcher home near Greeley. Several families from Riverdale were in attendance. They were the George Owens, George Bakers, Claud Thomas, Albert Browns, and Arthur Rux.

Mr. and Mrs. Elmo Hurley entertained the members of the bridge club at their home Thursday evening. This was the last time the members will play bridge together until fall, and it closed the series of games in which the men have been playing against the ladies, resulting with men as winners.

The ladies plan to entertain the men at a picnic in the near future.

This is a happy week for members of the Hurley family. All the sisters are living here in North Loup, and one of the brothers, Ed Hurley, with his wife and daughter from Battle Creek, Michigan, George Hurley of Eugene Ore, and Vernon Hurley of Darlington, Wis.

Definite word has not yet been received from Frank Hurley of Clovis, N.M. Lon Hurley of Long Beach, Calif., has written that it will be impossible for him to be here. Other relatives who are in town for the reunion are Mr. and Mrs. Horace Crandall and daughter of Curtis, Nebr., Alonzo Davis of Battle Creek, Mich., Mrs. Dena Lewis of Plainfield, N. J., Reid Davis of Philadelphia, Pa., and Mrs. Leto Geist of Kearney. On

Tuesday the cousins and uncles and aunts are all together for a good time at the Hemphill home.

Another get-together is planned for tomorrow at the Seventh Day Baptist church. The latter part of the week will find the guests leaving for their various homes.

Mrs. Clara Redden of Omaha who has been the guest of her mother, Mrs. Fred Bartz, Sr., in Riverdale, is spending the week in town with the Fred Bartz and Otto Bartz families.

Mrs. Chris Backmeyer entertained several friends at rock at her home on Monday afternoon, in honor of her birthday. The guests were Mrs. James Cook and daughter Helen, Mrs. Victor Cook, Mrs. C. B. Clark and daughter, Nettie, Mrs. A. H. Crandall, Mrs. Will Cox, Mrs. B. Manchester, Mrs. J. W. Kildow and Nora White.

Rev. G. A. Schwabauer and the Misses Opal Post and Eula Shiner returned Sunday from Gothengburg where they had been for several days in attendance at the Kearney District Epworth League Institute.

Rev. L. Shabot conducted a class in the institute, with eighteen members. The delegates report a very interesting and profitable program. Some of the outstanding speakers during the week were Dr. Harry Hess of Kearney, Rev. Parks of Framingham, Maine, and Dr. Lydia Schaum, a medical missionary for many years in China.

Mrs. Otto Bartz expects to meet her sister Elizabeth Cleary in Grand Island Thursday evening, who will return to North Loup with her for a visit of a week. Miss Cleary formerly lived in North Loup and has many friends here who will be glad to see her again. Her home is in Santa Ana, Calif.

Why pay for
"MILEAGE"
if you have to
walk part of it

Does your gas tank go dry before you've gone the miles you thought a filling would carry you? Is mileage just a promise in the gasoline you use? Switch to Phillips 66 and watch your gasoline gauge linger at the top of the scale while your mileage gauge reels off mile after mile. Phillips 66 combines mileage with flashy getaway, snappy pickup and smooth, lusty power because it's the gasoline of controlled volatility. Each gallon is scientifically fitted to the season and the climate. Drive up, with confidence, to the pump marked "Phillips 66". Ask for a tankful of motoring satisfaction. And get it!

Send In Recipes For Summer Dishes

Hot weather is really with us. Summer has come and already appetites are lackadaisical. This is the hardest time in the year to fix meals that appeal to your family. These are days when they just don't care for their old favorites, when all the old standbys are passed up with a bored glance.

Let us, then, help one another. Have you found a recipe for a cool and delightful summer dish that makes your family forget the temperature? You probably have one or two such, and so if we all exchange everybody will be happy.

To your desks, women! With paper and pen we will conquer Ole Man Heat. Come on, let's subdue him! Send in a choice recipe for next week's column. Do it now!

Here, appropriately, we have a recipe for:

Sunshine Cake.

1½ cups of sugar, 1½ cup of water, 6 eggs, ¼ teaspoon of salt, 1 cup of cake flour, ¾ teaspoon cream of tartar, 1 teaspoon of any flavoring. Boil sugar and water together until the syrup threads from the time of a fork. Pour slowly in fine stream over stiffly beaten whites, beat until cool. Then add the six well beaten egg yolks. Sift the flour once, measure, add cream of tartar and salt, sift again three times. Fold very carefully into the egg mixture. Add extract, bake in ungreased angel food cake pan for 40 to 50 minutes in a moderately slow oven. Invert to cool. Ice with any desired icing or with the following:

Seven Minute Icing

1 egg white, unbeaten, 7-8 cup of granulated sugar, 3 tablespoons of hot water.

Place all ingredients in top of double boiler. Cook over boiling water and beat with Dover beater for seven minutes. Spread on top and on sides of cake.

Mrs. Dave Philbrick.

And here we have a hot weather dessert.

Maple Blisque

Yolks of 4 eggs, 1 cup maple syrup, Nearly 1 quart of cream. Beat the eggs lightly then stir into syrup, put on the stove to thicken, and when cool beat the cream lightly and add to the other mixture. Freeze three hours in a mold and it will cut like a cake.

Mrs. E. Rahmeyer.

And then here is a nice recipe for oatmeal macaroons, which you'll admit would make a nice ending for summer meal.

Oatmeal Macaroons.

4 cups oatmeal, 2 cups brown sugar, 1 cup melted butter, 2 eggs, 1 cup cocoanut, 2 cups flour, 1 tea-spoon soda, ½ teaspoon baking powder, pinch of salt.

Drop yolks of eggs into melted butter and sugar, beating well, and then add the cocoanut and salt. Dissolve the soda in hot water, next adding oatmeal and flour with the baking powder. Add whites of eggs well beaten. Drop by spoonfuls on a well greased pan. Bake 12 to 15 minutes in a slow oven.

Just the Thing for That Summer Trip Is a Silk Ensemble of Printed Frock

BY HARRIET

THE clothes you take with you on a trip are almost as important as the ticket that takes you.

The first choice for travel tags should be a costume of some kind that will go through several days of travel or several countries for that matter and emerge looking trim and pretty.

Silk costumes are hot weather choices. And you must consider several things about them. Shall they be prints or shall they be monotypes with light touches?

The silk ensemble of printed frock and light weight coat of a plaid color that goes with the frock is one of the most satisfactory of all costumes.

You can wear the ensemble intact and feel like a queen. You can purchase a second frock with color of the coat a couple of shades lighter but of a plain tone, and you have a second outfit. You can even have a skirt of the coat's silk and several sleeveless chiffon blouses to lighten it up. Thus you are ready for even a dressy occasion.

SUCH a perfect traveling outfit is a Lelong ensemble which uses his favorite vanilla colors. The dress is made of printed foulard, a sprinkled white floral design and stripes against the vanilla background.

It is a practical frock, with a split bolero waist, a skirt with side over-skirts and a scarf collar that is neatly tailored. It is extremely satisfactory because there is no white to wash.

The coat is of vanilla colored flat crepe, trimmed with dyed fox to match and the hat is a little packaway straw turban. In the coat's color.

A second practical choice for hot weather travel, especially good for train wear, is a black flat crepe, with removable cape.

There are white touches on it,

to be sure, but they snap on and unsnap off and with several pairs along, you are fixed. The little white pique collar is attached to

An excellent costume for travel is the ensemble, left, with a dress made of printed foulard. The light weight coat is trimmed with beige fox. Also recommended for train wear is the black flat crepe, right, with removable cape.

The cape so it need not have quite the same wear and tear as if it were on the frock. The frock has a finished practical neck of the look, with a little flat bow for a decorative touch.

The cuffs snap around the wrists, above a little turned back cuff of the black silk, which keeps them from getting soiled quickly.

All of the edges of this flat crepe frock, from Drécoll Beer's collection, are finished in the fine saw-tooth edging so popular in France this year. It is a little touch that gives a sheer lace look to black. And it is quite a bit prettier than a plain finished hard edge.

A third choice for travel might be one of the new wool crepes in the transparent voile quality. This wool is cool. A plain navy blue frock with a bit of colorful embroidery and a short jacket of the same, would be practical, neat and chic.

Arcadia News

By MRS. RAY GOLDEN

"The Transgressor."

"The Transgressor," a five reel motion picture, sponsored by the Anti-Saloon League of Nebraska was given at the Methodist church Tuesday evening of last week.

Community Club Meets.

The regular meeting of the Arcadia Community Club was held at the Methodist church basement on Tuesday evening, June 24. The Ladies Aid society of the church served the members of the club a friend chicken supper. A short business session followed the dinner. The next meeting of the club will be held at the same place July 22.

Judah Hotel Sold.

The Judah Hotel, the building and all the hotel equipment was sold at auction Monday afternoon and was bought by J. R. Golden for a consideration of \$3,550. Mr. Golden has not decided what arrangements he will make in regard to the property.

Work On New Church To Begin.

Some of the preliminary work on the new Methodist church building is being done this week. Owing to a few changes, made necessary that the entire structure should be a uniform style of brick, workmen are engaged in preparing for this change. The contractor has been on the ground, checking over the steel and getting everything in readiness for his force of workmen that will be on the job in full force Monday, July 7. A dark faced type of brick has been selected for the structure. This is a splendid quality and of unusual attractiveness in design, with a slight variation of color. The brick for the lower part of the building, or below the belt line, will be of the same design except of a darker color.

Those who are versed in the building trades, are well agreed that this combination of brick selection, topped off with a rich green shingle roof, will make a pleasing and artistic building in appearance. The contractor feels confident that there should be nothing to prevent the job being completed by November 1st.

It may be of interest to know that Mr. Almqvist, the contractor from Central City, is not an entire stranger to Arcadia, having erected the splendid residence of M. L. Fries some few years ago.

The building committee drove to Grand Island Tuesday July 1st where bids for the heating plant were opened at the office of the architect, Mr. Bowell. Several different firms have had heating experts here during the past week working out plans on which to base their bids for the installation of heating equipment. A hot air system will be the method of heating the building. At this writing, it is undecided whether it shall be a gravity plant or a fan system. The board has been giving much thought and serious deliberation to this problem as there is nothing more important than an efficient heating plant and one of economic operation.

Legion Auxiliary Meets.

The American Legion Auxiliary met Thursday with Mrs. Wm. Gregory Jr., Mrs. C. C. Weddel, Mrs. Cash Routh and Mrs. Ed Anderson were guests. The afternoon was spent quilting and a two course lunch was served at the close of the afternoon.

Busy Ants Sewing Club.

The Busy Ants Sewing club held its second meeting at the home of Mrs. Martin Benson last Wednesday, June 25th. Fate seemed to be against us this time for over half of the members were unable to attend on account of bad roads. However five members were present: Audrey Turner, Opal Williams and Doris Creemee, LaVonne Williams and Elaine Bonsall. Instruction books on making the holders were received. The next meeting will be held July 9th at the home of Erma Evans.

BACK TO HEALTH GIVES CREDIT TO NEW KONJOLA

Cedar Rapids Lady Was Ill For Years—Had Remarkable Experience With New Konjola

MRS. ANDREW CAPERONIS

"For several years I suffered dreadfully from stomach and bowel troubles," said Mrs. Andrew Caperonis, 1007 South Third street, West Cedar Rapids. "I had little or no appetite and what I forced myself to eat caused pain and misery. I was restless and unable to sleep. Constipation caused my system to be filled with poisons and I was miserable all the time. I tried a good many medicines but none of them gave me more than temporary relief."

"A friend praised Konjola so highly that I gave this medicine a trial. Almost immediately my food began to digest better and my bowel action became more natural. I could feel myself gaining strength. Today, after taking four bottles, I feel better than I have for years. Our home will never be without Konjola and I wish others to know what this medicine 'did' for me."

Konjola is that kind of a medicine, quick and thorough. It is at its best in stubborn cases and even infants can take it. From six to eight bottles are recommended as a complete treatment.

Konjola is sold in Ord, Nebraska at the McLain and Sorenson drug store, and by all the best druggists in all towns throughout this entire section.

Hannah Anderson Thomas Writes Letter To Be Read At Reunion of Old Settlers

Ashton, Idaho, June 10, 1930
Old Settlers Reunion
County, Nebraska

Greetings to you all from one who is one of you, but lives lives in a far distant state. Although I am absent my heart is with you. I can live over once again the good old pioneer days of long ago.

When I look back over the past it seems as if it is so far back that it is almost unbelievable. What have we shown for the past? Most of us have nice farms, lovely homes and nice families of sturdy boys and girls who have made their parents and Valley County, and yes Nebraska proud that they are of the good old pioneer stock.

I too am proud that I am a native of the good old corn state. I have kept in touch with my home town thru "The dear old Quiz".

It's one of the best county papers in the state in the union. I have been west since 1897 and have pointed a number of states as my home; but in my estimation none can come up to Nebraska. In her laws and good roads she is there too. Her hogs, cattle, hams and bacon, because they are corn fed, they stand supreme in the market world.

Many a time in far Portland, Oregon I have bought corn meal made at the Ord mills, it made me proud to think as Uncle Peter Mortensen was one of the founders of the "Ord Mills".

Dane Creek was named after the five Danes, Peter Mortensen, Geo. Miller, Jeppe Smith, Chris Frey and my father Nels Andersen.

They camped as near as I can remember just above the old Water's place, it is now in the extreme lower end of the "City Park".

A few Danes had moved into their dugout on the Peter Mortenson place. A ragged and a likeable fellow followed them from across the North Loup River; that man was uncle Nels Goodenow. I can just guess he was glad to see friendly faces. He went after Aunt Minnie and family and he brought a small pig for the Danes; they had a cow and of course had more milk than they knew what to do with, the little pig came in handy. Uncle Peter fed it so much milk that it up and died.

W. D. Long came the same time as the Danes; only settled on a piece of land across the North Loup river; as he lived on the other side and the only way to get to his farm was either to ford or row. I never heard much of Mr. Long as he was a quiet man, in other words he kept very quiet and sawed wood; it brought fruit in later years. His work can be seen at the County Court House, he also was an expert penman.

The Danes first stopped at North Loup and my father located on a homestead on the bank of the Badger Creek for about three weeks, he built his first dugout there in Valley County. He then relinquished his rights back to the government as that part of the country didn't like that part of the country. Doc Badger later owned the homestead.

My father, Nels Andersen, Peter Mortensen, Geo. Miller, Jeppe Smith then located on section 8, my brother Peter Andersen now owns the place. My father plowed six furrows around the section, as straight as a line could be made, some of the furrows are still in the pasture. Chris Frey's farm joined the Jeppe Smith, Falle Moller and the Harvey Potter farms.

While the other Danes went to Grand Island for their outfitts, they were gone five days, father was left to take care of camp and cow.

One evening, being all alone in that lonesomeness, he saw something move in the weeds along the creek, taking his trusty six shooter in his right hand and brushing the weeds back with his left. "It was a skunk", in his excitement the gun went off accidentally and he was shot between the thumb and forefinger, he carried the scar to his grave.

Dr. McKinney located on a farm near what is now Elyria, Neb. The canyon is known by the name of McKinney canyon this happened a little after the Danes and Mel Goodenow located on their homesteads. One funny incident I must mention as I have often heard them talk about it. Most all the pioneers first owned oxen, and of course Dr. McKinney owned a pair of speedy ones. One day father and mother were looking across the prairie towards Ord, and saw a tiny speck, then it became a horse.

No Home and Stop The Hogs. Oh, the time worn glad refrain! Big Business made the slogan for the farmers who complain. And who never get together In fair or stormy weather But stay out in the rain.

Time is wasted idly growling, Let Big Business do the howling! Learn how to co-operate Help yourselves! Control your fate United we stand but divided we fall 'Twas true in all ages, let's answer the call.

So when you've done their bidding And fed the squealing sow, Attend ta Farmer's Union Local Get next the why and how. God helps the men who help themselves And help their neighbors too. So join the Farmers Union Men Let's do what men can do!

For Country Service Call ED HOLLOWAY

Fort Hartsuff upon the Calamus and the townsite was named Ord in his honor. A. M. Robbins came to Ord in 1874, he was a son-in-law of S. S. Haskell who built and operated the first hotel, a store and post office in connection with his hotel. City Hotel it was named, later Dies run it an called it Dies house, then the Transit House. I don't know if it is still in use or what became of it. Aunt Jennie Mortensen (Williams) came about the time S. S. Haskell came, the rest of the early Perry's came in the late '70's. Dr. Perry came about the Haskell hotel was built. Mrs. Selvers Overton is also another absent one of the old pioneers; also her parents, the Bancrofts and Mr. Hobson, they all lived across the river near Long's. Mr. Hobson built the first blacksmith shop. Herb Thurston also built a blacksmith shop; he later became sheriff. The Thurston family have all passed to the great beyond. When the settlers started to come they came in bunches, among them were the Dies, Charley Bowers, Likes, Abe Rowan, Sam Warner and George Young. Then came B. C. White who ran a store. Dr. Klinker, A. J. Smith, Fred Witte and his brother, Fred Witte married Miss Allen one of my first teachers, whenever I think of her I always have a warm feeling around my heart. They and Mandie Shepard's parents were all pioneers of or near North Loup and also George McAnulty of Scotia.

I came pretty near forgetting one important pioneer, Wolfgang Frederick, father of Mrs. M. Flynn. Happy Jack bought my mother's relinquishment on her homestead for a buckskin shirt and breeches, the canyon is called Happy Jack's Canyon, the homestead is now owned by August Meyers, and farmed by John Lech. There are many incidents of my childhood days, one in particular was my fear of the Indians. I could tell an Indian as far as I could see him by his walk. The old swimming hole and the watermelon patch on our place. There were the G. A. R. bean smokers with hats, toads and black coffee in tin cans, and how decoration in those days was a rare occasion. The political rallies and the Populist Party. One day at school when I was quite a small girl, two little girls got into a scuffle and pulled hair, their fathers' were running on opposite parties.

Rev. Hilton was one of the pioneer ministers of the Methodist church, there were two children Cassius and Daisy, Cassius I shall never forget, he picked on Jack, a nickname for brother Morten, I had to

watch him close as he wanted to find out if Jack's head was wooden, Dais was a dear sweet girl and quite a singer.

We went to school in an old brick basement belonging to Frank Hewitt. The house had blown off, the basement roof was off and when it rained we were nearly flooded, the old roof rattled all the time when the wind blew. In that school were Daisy Westover, the Hewitt children, Stella, Maude and brother who later died. The James, Jesse and Tilden; Jesse tried to live up to the name. Tilden was an auburn haired and blue eyed boy, I thought he was

pretty nice. One day Ray Thursford, a fine family, and stuck their hands down the chimney and blackened their faces and chased us girls. Before time for school to take up for the afternoon, the boys attempted to wash their faces. When Miss Allen came back from lunch she saw a sight, it was laughable to see the expressions on their blackened faces. Hot water, soap and towels were sent for and old fashioned washing bee was staged. None of the boys and girls ever tried that stunt again.

The Association has earned and divided among its fifteen hundred stockholders over \$45,500.00 during the last twelve months.

Paying:

Five percent on the Full Paid Certificates Six and one-half percent on the Installment Certificates

Assets Increased Nearly \$56,000.00 During The Year

Our first mortgage loans of \$692,700.00 are made on 475 separate pieces of improved property, or an average of about 1,400.00. The appraised valuation of the property securing the loans is \$1,508,000.00 or nearly 2½ times the amount loaned. We only paid 3 per cent on the installment stock for the last six months, instead of the usual 3½ percent, as we thought it advisable to increase the Reserve Fund with the difference. Our earnings have been as good as usual even though we found it necessary to invest a larger amount in high grade low interest bonds. We have always been able to take care of applications for withdrawals on demand.

The most dashing caballero in all Spain . . . love was his passion . . . and then he met a senorita who would not fall for his wiles . . . his golden songs of love touched her . . . and then he risked his very life to win her heart! The greatest romantic figure of the Talking Screen here gives his finest performance to the people, to whom the champion belongs!

The utterance was made at a meeting to determine the status of Max Schmeling after he had won the heavyweight title from Jack Sharkey on a foul. Muldoon had asked the commission not to accept the German as the people's choice because he was "a champion unworthy of the name."

Now this request strikes me as being as absurd as his opinion expressed a few months ago that Johnny Rasko was too small for Victorio Campolo.

Far from looking on the dark side of things, I am enumerating here some improvements

IN THE WORLD OF SPORTS

IF A HEAVYWEIGHT WINS BY A KNOCKOUT THESE DAYS, THAT'S NEWS—WHICH SUGGESTS THE FIGHT GAME NEEDS A GOOD BOOK ON RING ETIQUET

BY PHILIP MARTIN

TO one who can rescue this country's fight game from the low position in which a series of foul blows has placed it, happiness and peace everlasting are waiting in fistic Valhalla.

Fouls have ruined four recent heavyweight fights. The engagements have been important ones, allegedly, and sanctioned by boxing commissions with the hope of determining a heavyweight champion of the world. But the various commissions, in spite of their austere manners and demands, have let this foul business get clear out of hand.

I am prompted to ask this question: What good are fight commissions doing? Or, what good in particular is the New York Boxing Commission, the group that would rule the fight game?

Its chairman, William Muldoon, declared recently:

"The commission acts for the people, to whom the champion belongs."

The utterance was made at a meeting to determine the status of Max Schmeling after he had won the heavyweight title from Jack Sharkey on a foul. Muldoon had asked the commission not to accept the German as the people's choice because he was "a champion unworthy of the name."

Now this request strikes me as being as absurd as his opinion expressed a few months ago that Johnny Rasko was too small for Victorio Campolo.

Far from looking on the dark

Primo Carnera . . . latest victim of the foul epidemic.

But this rule apparently was overlooked in the recent championship brawl. At the suggestion of the fighters, this clause was written into the contracts:

"No matter what happens in the course of the engagement, the boxers will be paid the full amount of their purses."

Acting for the people, indeed!

wrought by the commission:

"A rule that contestants wear different colored trunks."

"Adoption of gray as standard attire for referees."

"Approval of a rubber mouth piece for the protection of the fighter's mouth."

"Banning of the water bucket from the corner."

"Censoring of the language of the seconds."

"Banning of the towel as a signal of surrender."

Such are the commission's achievements. Further, after the Phil Scott-Otto von Porat fight which ended in a foul, the New Yorkers drew up another law, ruling that in the event of a foul, the contestants should be paid only for the number of rounds they fought. Such a ruling would have given Schmeling and Sharkey just 415th's of their purses, as the fight ended in a foul at the conclusion of the fourth round.

But this rule apparently was overlooked in the recent championship brawl. At the suggestion of the fighters, this clause was written into the contracts:

"No matter what happens in the course of the engagement, the boxers will be paid the full amount of their purses."

Acting for the people, indeed!

H. GUDMUNDSEN, VETERAN JUDGE TO HIS REWARD

Passes Sunday Eve After Illness
Of More Than Year; Masons
Assist With Funeral.

After being in failing health for over a year, for the last ten months of which he was bedfast, H. Gudmundsen, for twenty-one years judge of Valley county, passed away at his home in Ord Sunday evening, July 6. Funeral services were held at the Methodist church Tuesday afternoon, Rev. Harry Hansen of Seward having charge. The Masonic lodge, of which he was a member, had charge of services at the grave in Ord cemetery. Banks and several of the business houses closed so that employees could do him honor.

Hjalmar Gudmundsen was a native of Denmark though he came of Icelandic ancestry. He was born May 27, 1859, in Nysted, Denmark, where the days of his youth were spent. At the age of 18 he sailed for America, landing at Quebec and living there for a year before coming to the United States.

When he was nineteen years old, Mr. Gudmundsen enlisted in the U. S. Cavalry and served with them for five years. At the end of this time he was appointed superintendent of the Shoshone Indian training school in Wyoming, which position he held until President Cleveland's first administration.

His first visit to Nebraska came when he took a company of Shoshone Indians to the government school at Geneva and he liked Nebraska so well that he decided to make this state his home.

In 1887 Mr. Gudmundsen was married to Miss Katie B. Jensen of Shoshone, Wyo., who passed away in 1902. To this union nine children were born, eight of whom survive.

On June 18, 1908 Mr. Gudmundsen was married to Kristine Jensen Sondegaard, whose devotion and care for him during his last illness was most marked.

It was in 1888 that Mr. Gudmundsen first came to Valley county and his public service began almost from the day he came here. He was deputy county clerk under several administrations and served as both assessor and treasurer of his township. Continuously for nearly twenty-one years he held office as judge of Valley county.

When the Spanish-American war broke out in 1898 Mr. Gudmundsen was captain of Company B and marched his company to the front. However, he did not see foreign service.

Mr. Gudmundsen was reared in the Lutheran faith but after coming to this country he joined the Episcopal church.

Besides his widow he is survived by five daughters, Mary I. Smith, Laura Prall, Mable Gillespie, Gladys Enger and Harrilett Fafeta, and by three sons, Arthur, Elmer and Curtis Gudmundsen.

Dies Suddenly With Acute Indigestion

Harris Satterfield, 28 of Taylor, a brother of George Satterfield of Ord, passed away suddenly last Sunday night with an attack of acute indigestion. He had not been feeling well for a few days but his condition was not considered serious.

Funeral services were held Tuesday afternoon at the home of his parents, Mr. and Mrs. Frank Satterfield, in Taylor, and interment was in the cemetery at Sargent.

Mr. Satterfield had been married twice, his first wife passing away three years ago. Last October he was wed to Miss Marion Cole, of Sargent. Besides his parents and his wife he is survived by three brothers, Stanley and Everett of Taylor and George or Ord, by two sisters, Carrie and Doris Satterfield, both of Taylor, and by his 90-year-old grandmother who is a patient in Hillcrest hospital here.

New Texaco Station Open

The new Texaco filling station on the corner across from the Ford garage opened this week with Floyd McLain in charge. He is assisted by Dean Warden. A Texaco construction engineer was in town Monday and gave the station official approval.

Will Go to Camp Sheldon

Four Ord boys are planning to attend Camp Sheldon this summer and will be taken there today by Lyle Milliken. They include James Milliken, Willard Connor, Norval Loft and Marvin Fox.

Loses Valuable Horse

While filling a deep wash-out on the road between Eureka and Burwell last Saturday, Frank Danczek lost a valuable horse. Four of his horses fell into the hole, the one that went in first having its neck broken.

Heat Wave Strikes Valley County, No Relief In Sight

Valley county people have been suffering for the past week with the hottest weather of the summer. The heat wave struck last Thursday and high temperatures since have ranged between 98 and 101, with Monday the hottest day officially on record. No prostrations from the heat have been reported.

James Has Accident

Mr. and Mrs. E. C. James are considerably bruised up as the result of an auto accident one day recently. Some broken ribs for Mr. James and a wrenched back for Mrs. James was the most serious part of the accident though their car was considerably damaged.

HOG SHOW TO BE BIGGER, BETTER CLEMENT STATES

New Hog Sheds Provide More Space, Better Sanitary Conditions, Says Superintendent.

The hog show at the Valley county fair this year will be bigger and better than last year," says Clare Clement, superintendent of this department. Already applications for half of the available pens have been received, he states. New hog sheds were built this summer and there are 120 pens available which should provide space for 400 hogs.

The new hog sheds on the fair grounds will not be floored until next year, says superintendent Clement, but when they are entirely completed the hog department will be the most complete and most sanitary in this part of Nebraska.

Valley county's hog show always is real one. Last year nearly 400 hogs were exhibited and premiums, exclusive of club prizes, totalled nearly \$800. "Some of the best showmen in Nebraska, men with national reputations, exhibited at our fair last fall and will be with us again this year,"

"In the desolate hovels of the drunkard, into the sordid dens of vice and crime, into wife haunts of midnight horror, our soldiers have carried the gospel of Jesus Christ," Envoy Dykstra said.

The American Legion post here is assisting in the Salvation Army drive and good success is reported.

Ralph Dustin Passes At Kearney Hospital

Ralph C. Dustin, 40, passed away July 1 in a hospital at Kearney after an illness of several months with tuberculosis. He is survived by his widow, who was formerly Miss Winifred Gates, of Ord, and by three children, Kathryn, Richard and Barbara, the oldest of whom is ten years old. Funeral services for the deceased were held at Auburn July 3.

Mr. Dustin was not well known in Ord though he had many friends and acquaintances in this country.

It is 1918 that he was married to Miss Gates of this city, who received her education in the Ord schools and has a host of friends here. They lived in Nemaha county for a time, where Mr. Dustin was in the fruit business, then moved to Tecumseh and later to Omaha.

Deceased was a Mason and the Brownville Lodge had charge of the funeral services.

Small Grain Harvest Starts in Few Days

The 1930 corn crop thus far is irregular over Valley county and not very uniform, it appears. No estimates as to yield have been made at this time. Late planting and forced replanting put the present corn crop behind former years.

Farmers in some sections of Valley county are finishing laying their corn by this week. Other farmers in the same vicinities are going over their corn for the first time early this week. One farmer in Maiden Valley has one piece laid by and another field adjoining gone over once, replanting causing the late cultivation.

Across the river from Ord there

have been farmers who finished corn planting just last week. Those replanting late planted with an early-producing type, eighty days in most cases. The ground was not in condition in some instances to plant corn before.

Practically all the precincts in the county have received sufficient rainfall so that the corn will stand much warm weather, it is thought. The subsoil contains much moisture and will withstand more drought and warm weather than last year, it is believed by most farmers.

Most communities in the county received a little rain Saturday night.

Harvesting of the small grains is not a week or ten days away in Valley county. The harvest season is counted to the end and southward a week ahead of the Valley county harvest and farmers in those counties started cutting early this week. No estimates as to yield per acre have been advanced here.

—Miss Norma Dittman, of the Blue Creek neighborhood underwent an operation for appendicitis Monday at the Ord hospital.

—Mr. and Mrs. Dow Harris and son Max, who have been visiting in the country home of Mr. and Mrs. R. P. Flynn, left Saturday for their home in Nampa, Idaho. Enroute they will see the Black Hills and Yellowstone park and also visit the Ralph Harris family in Sheridan, Wyo.

—George Milligan Wed.

George Milligan, a son of Mr. and Mrs. Ed Milligan of Ord, was married in Long Beach, Calif., on June 29 to Miss May Palmer.

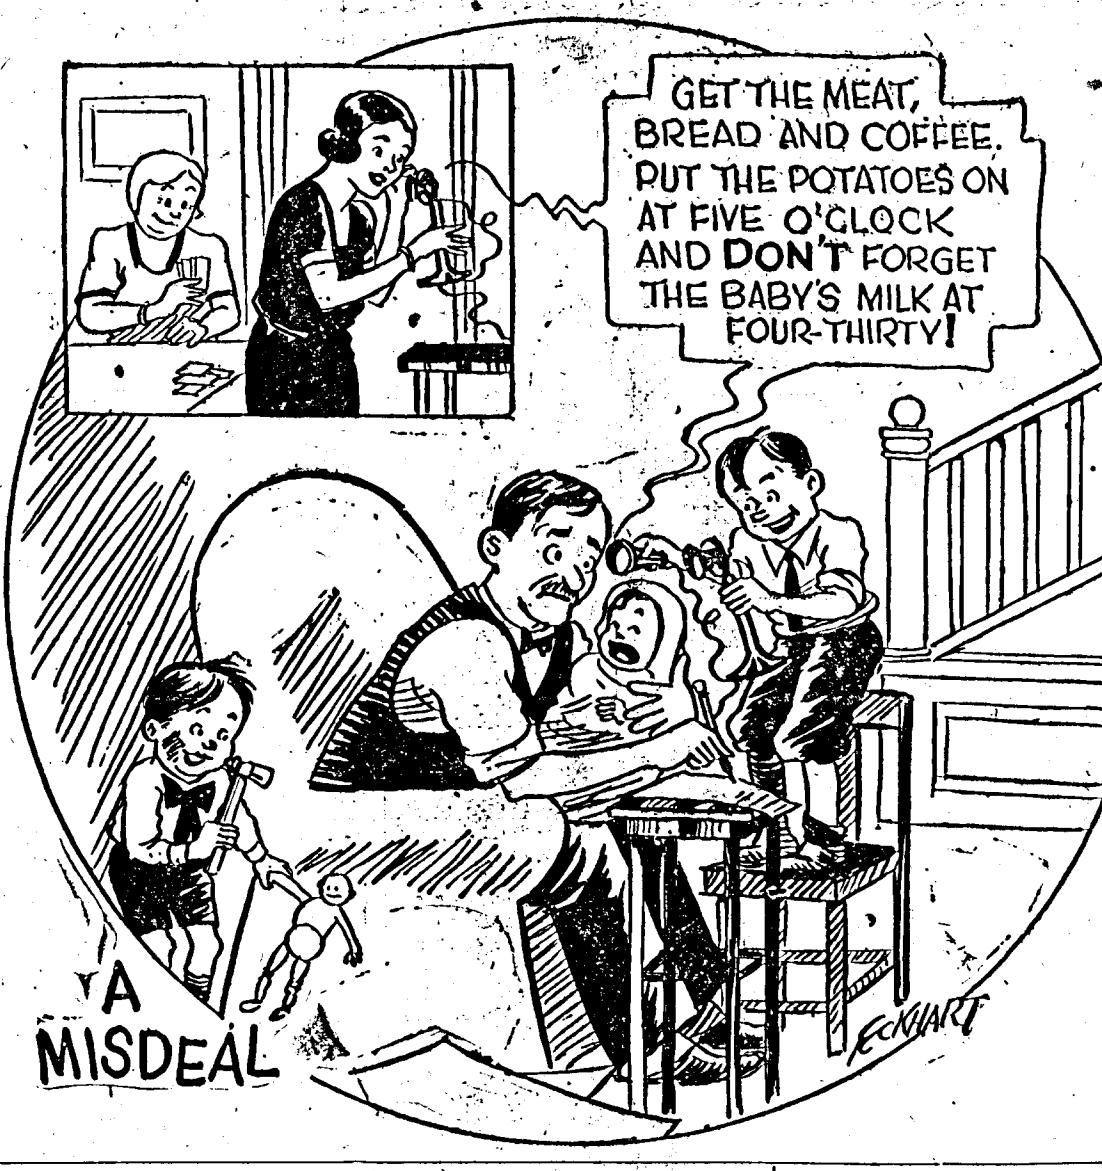

George is proprietor of a store in Long Beach and will continue to make his home there.

—Shunkwiler Leases Shop.

Lawrence Shunkwiler has leased the Weigard barber shop and will continue operating it. He had employed Hugh McMeniman, of Spalding, to assist him. Mrs. Weigard plans to leave for Denver as soon as she can find somebody to drive her car through for her and she will spend the summer there so as to be near her husband, who is in a veterans' hospital.

—Bee Meeting at Sargent.

A meeting of bee-raisers will be held at the H. I. Perrin apiary in Sargent on July 29, the Quiz is informed. O. S. Bare, state extension entomologist, will be there to give demonstrations in requeening, extracting and preparing honey for market. All interested in bee culture are urged to be present.

Green Bug Makes Appearance Here, Attacks Grains

The green bug, an insect harmful to small grains, has made its appearance in Valley county recently, according to County Agent Dale. Dale was called to several Valley county fields where the bug was found. It is the first time the county agent has found the bug in this county. It is believed to be the first time it has attacked small grains here.

The so-called green bug is really a plant louse, Dale avers. It is sometimes called an aphid. The bug has been very destructive in the south-western part of the United States in past years. It has been reported in western Nebraska this year, injuring the oats and barley in Perkins county.

There is no known practical method of control. The bug works up the stalk and sucks out the root sap, causing the plant to die. It is not believed that the green bug will live here in large numbers to be dangerous in other years. No preventative methods are known, according to Dale.

GANGSTER FROM EAST CAUGHT IN ARCADIA FRIDAY

Marshall Captures Man Who Tried To Kill in Illinois; May Get Big Reward.

Arcadia, July 7.—(Special)—A member of a bootleg gang, wanted in Stanton, Ill., for attempted murder, was arrested here last Friday. When Marshall Thompson took into custody a man who had been applying for work on the new Methodist church building here. He gave the name of Willoughby and was taken to Central City Friday evening by officers from that city who had been authorized to arrest him.

Marshall Thompson was put on Willoughby's trail by Kenneth Guye, who had been informed that Central City officers were searching for a young brick-layer wanted for attempted murder in Illinois. The man had been employed in Central City before coming to Arcadia.

Learning that Willoughby was rooming at the Jerome Woody home, Thompson went there Friday accompanied by Mr. Guye. The suspect was sitting on the porch and under pretense of visiting with Mr. Woody, the marshall looked the man over closely to see if he might be carrying a concealed weapon. Unaccustomed to coping with dangerous criminals, Marshall Thompson confesses that he was "a little weak in the knees" when he took the man into custody. Willoughby made no resistance and was soon lodged in the village jail.

It is said that Willoughby was a member of an Illinois bootleg gang and had attempted to murder a woman of the gang. After committing the crime he fled, supposing her dead. She rallied but is reported to be still in a dangerous condition.

The description of the man arrested here tallies exactly with that of the man wanted in Illinois, even to certain peculiar tattoo-marks on his wrist.

There is said to be a substantial reward offered for his arrest and Marshall Thompson probably will get a share of it if the suspect proves to be the criminal.

July 4th Passed Quietly In Ord

One of the quietest July 4ths on record was passed this year by Ord people. Picnics in Bussell park and at the river furnished entertainment for many people and a large crowd attended the ball games in the afternoon. At Clement's Grove in Mira Valley a celebration was held and many people attended. Two ball games were played, the Mira Valley Reserves winning from Davis Creek in the morning and the Mira Valley farm bureau league team winning from Olean in the afternoon. An address by Sam Roe, races, a tug of war and other entertainments made this an enjoyable celebration.

Many Ord people enjoyed the day at Ericson, a few went to Broken Bow and others to Jenner's Park, Loup City, and other near-by places.

Babcock Candidate For State Auditor

E. C. Babcock of Lincoln, the son of a pioneer Ord resident, was in town this week renewing old friendships and doing a little campaigning. Mr. Babcock is a republican candidate for the position of state auditor of public accounts.

It was in the fall of 1885 that the Babcock family left Ord, Mr. Babcock, sr., having been elected to the state office to which his son now aspires.

The young Babcock is a certified public accountant and three years ago assisted in auditing the records of Valley county.

CHARLOTTE HALEY AND HARRY WILLIAMS WED

Harry Williams quietly surprised his friends in Valentine Tuesday morning at 9:30 taking as his bride Miss Charlotte Haley, youngest daughter of Mr. and Mrs. William Haley of that place. The bride wore green chiffon and lace of a soft shade, and carried a huge bouquet of Ophelia roses and baby's breath. Her maid of honor, who was her sister, Miss Martha Haley, wore a gown of orchid chiffon and held a similar bouquet.

Following the ceremony, a wedding breakfast was served at the Haley home to a number of friends and relatives. Decorations were of orchid and pink, with the bridal cake centering the table. Shortly after the breakfast, Mr. and Mrs. Williams and about 20 pounds of rice left by motor for Ord. From Ord they will leave today for Nisswa, Minn., where they will spend a few weeks, in company with Mr. and Mrs. Eugene Leggett.

After September first Mr. and Mrs. Williams will be at home in Debeque, Colo., where he is superintendent of school.

The many Ord friends of Harry

wish him every happiness.

The 4th in Arcadia

The 4th of July was observed very quietly in Arcadia. The ball game between Arcadia and Ansley and the celebration at Jenkins park were the main drawing cards.

Girl Scouts to Sell Tags.

The Girl Scouts will sell tags Saturday afternoon and evening for the purpose of raising money for the up-keep of the Community park. A number of improvements have been added to the park this year making it an ideal place for both young and old. Money is needed in order to retain these improvements and to provide for further work and it is for this purpose that the Girl Scouts have willingly accepted the task of selling tags. Any amount you can donate will be greatly appreciated by them.

Flying Needles Club.

The "Flying Needles" club are

having trouble making laundry bags.

The instructions didn't come

on account of an error made by the

secretary but the members were

all willing to try making them any-

way, after the dimensions that were

given by the leader. Many diffi-

culties were encountered and not

many laundry bags were finished

by club day.

A club was held at the home of

Margaret Christensen on Thursday

instead of Tuesday, our regular day,

on account of the instructions de-

lay.

After a lesson discussion several

demonstrations were given by

members, on how to cut a bias,

making button holes, etc. Demo-

nstrations were then assigned by the

leader for next meeting which will

be held Tuesday afternoon at the

home of Ferna and Velma Holmes.

ORD CHAMBER OF COMMERCE URGES COMMUNITY CO-OPERATION

The strength of the Chamber of Commerce of Ord lies in the cooperation of the people of the city of Ord and of the people of Valley County.

It is the aim of the Chamber of Commerce of Ord to foster and encourage community enterprises that will make the most people happy. The Chamber of Commerce will not tolerate individual or selfish interests, but will act upon propositions in favor of the majority.

With the support of the community the Chamber of Commerce is now able to give assurance of the completion of No. 11 highway in 1930 or early 1931. The road committee of the Chamber of Commerce has exerted every effort to accomplish the completion of this road.

If an individual, or a group of individuals, has a proposition that should be of interest to the community, will submit his proposition to the Chamber of Commerce, he will find that the Chamber of Commerce will call a community meeting, where everyone is welcome, to discuss the proposition and learn the desire of the majority. Action will be taken accordingly.

In the obtaining of roads community co-operation is very essential. We urge those interested in roads to co-operate with the Chamber of Commerce and take advantage of our offer to do all we can to get roads. Remember that the road committee of the Chamber of Commerce will put forth every effort to abide by the wishes of the majority. The solid support of the entire community will lend great influence and power to the Chamber of Commerce road committee, while a divided community weakens the power of the Chamber of Commerce.

My Own Column

Dear Quiz:

This is the evening of July 3. It is real cool, enough so that a good fire in the sheetiron stove feels very good.

After dinner today Judge Clements invited me to go fishing with him and in two hours we had to quit because we both had the limit of bluegills and crappies.

At 4 o'clock p. m. we all drove into Nisswa to meet Mr. and Mrs. Fred Hughes, cousins of Mr. and Mrs. Clements, from Adrian, Mich. They had wired in the morning from a point in Wisconsin, 300 miles away, that they would meet us at Nisswa at 5 o'clock and they were right on the dot. They may have had to stop outside of town and wait an hour or so but if they did they kept still about it. We all had supper at the Clements' cottage and while I didn't know the Hughes people I have listened with interest as they have made up lost time through years of separation, talking over old childhood days and recalling family incidents of later years.

There was a near tragedy in camp Monday evening when someone, probably an Indian, tried to abduct Ruth Baird. Of course all we know about the affair is what we guess, for Ruth was too excited to know much about it. It was just after dark that Ruth went out to the Clements' car, covered up with a big canvas, to get some article that had been left in the car. She raised the canvas at one side, opened the door and reached in. Then we all heard a scream. I had gone to bed but the Mrs. took our lantern and hastened to the rescue and Mrs. Fenner did likewise with her flashlight. Ruth when she could calm herself enough to talk, said she reached into the car and got hold of someone's hand. That is all she could tell. The women could find no one in the car and if there was an Indian in the car, bent on getting himself a white squaw, he made his escape into the woods during the excitement. It may have been Ruth's imagination, or she may have been hoping to get hold of a friendly hand and just let out that scream of disappointment.

We had a dandy rain this morning, the first for several days and it makes all vegetation look better already.

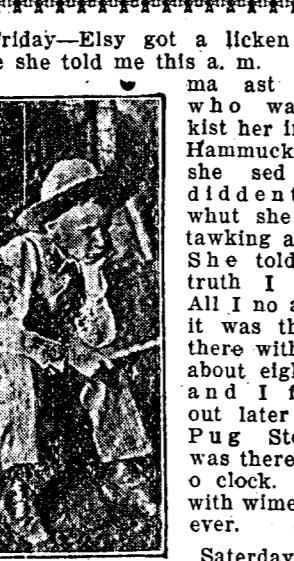

There is to be a big camp picnic tomorrow. Everyone in camp is in on it. We are to have lots of sandwiches, cake and ice cream, with, I suppose, lots of other eats. I have also heard some evidence of small fire works, so think there is a supply in camp.

I mentioned it being cold this evening. It is cool enough all day so one needs a coat. We did have a couple of hot days when we first came but that is the extent of our hot weather here. As a rule June is the hot month here and there will be very little hot weather here if this is a normal season, from now on.

"IT WAS KONJOLA THAT MADE NEW MAN OF ME!"

Resident of Lincoln For Twenty Years, Tells of Fine Experience With New Medicine.

MR. DAN BISHOP

"I certainly can recommend Konjola highly to all who suffer from the ailments I had," said Dan Bishop, 932 P. Street Lincoln. "It was Konjola that made a new man of me. I had stomach trouble for years and gas caused me intense pain. I suffered so badly from rheumatism that I could scarcely raise my arms. Konjola soon ended the indigestion and rheumatic pains. Now at 59 I am feeling better than I have in years. I have an excellent appetite and can eat anything I wish. Many of the things I now eat I could not eat at all before taking Konjola."

It is the same glad story wherever this great medicine is given a real test. Konjola is not a "cure-all"; there is no such thing, but when given a real test over a period of from four to eight weeks, this great medicine has made a record that often challenges belief.

Konjola is sold in Ord, Nebraska at McLain and Sorensen drug store and by all the best druggists in all towns throughout this entire section.

Valley County One Of Three That Have News Writing Clubs

Valley county is among the three counties in Nebraska having a new kind of a 4-H club made up entirely of news reporters. Jefferson and Lancaster counties are the others having similar clubs. It is thought that no other state has similar clubs. The local club was formed a few weeks ago.

The new club is serving as an experiment and if successful, they will be recommended strongly for 1931, according to word received from the state club office at the agricultural college, Lincoln.

The Valley county club elected officers when the club was formed and these officers hold positions similar to newspapermen on the city dailies. It is planned to put out a club paper every two weeks from the county agent's office. News notes and notices of meetings will be found in the paper.

Wayne Coats heads the Valley county news writers club while Jeannette Williams, North Loup, is vice-president; Axel Jorgenson, secretary; and Bud Van Horn, North Loup, reporter. George Round, Jr., is the local leader.

Valley County Ahead Of Member Quota

Valley county is among the counties in the state equaling or exceeding their club enrollment goal for this year, according to County Agent Dale. The local goal was set at 200 members and enrollment reported June 25 totalled 227. More members have joined 4-H clubs since, Dale avers.

Club enrollment over the state is larger than ever before. Nearly fifteen thousand members were enrolled at the last check-up. Last year there were fourteen thousand members in Nebraska. Most members this year come from agent counties.

County Agent Dale is urging Valley county club members to keep their work up-to-date and that all clubs finish up one hundred percent. Finishing up is half of the work, Dale avers.

AM I RIGHT?

By Geo. Round, jr.

From all parts of the country can be heard further complaints about the damage done by pheasants to the present corn crop. Those complaining are not from one district but from all townships. Many of the farmers fear the local board of supervisors will be against an open season this year but hope the board will do as the people wish.

Seeing is believing, declares John Hornickel of Mira Valley. Mr. Hornickel told friends at the 4th of July celebration at Glenwood that he had seen a field of corn which was siling out. Naturally most of them thought John was kidding them. After being shown the field of corn which was planted on May 25, John proved that his corn is quite well.

Whether another open season this year would decrease the number of pheasants to any considerable extent remains to be seen.

The open season during the past two years has failed to do the number of pheasants in the county.

Cool Dishes Whet Lagging Appetites
More summer weather means more light, yet wholesome and satisfying meals to get. Weather that calls for salads, ice cream made ice cream, the fluffiest of desserts, and the freshest vegetables to be had.

Have you found a few simple but delicious dishes that just seem to fill the bill for an appetizing supper on a boiling hot day? Some things that invite your guests, and not make them groan at the sight of too much heavy food?

If so, won't you please share those secrets with other Quiz readers? Remember there are hundreds of women in this county who must get meals three times a day. Let's help one another. Send in a few recipes now!

White Loaf Cake

1/2 cup butter, 1 1/4 cups sugar, 4 egg whites, 2 cups flour, 3/4 cup milk, 2 level teaspoons Calumet baking powder, 1/4 teaspoon almond extract.

Sift the flour once and measure. Add baking powder and sift 5 or 6 times. Sift sugar and measure. Cream sugar and butter together, then add milk and flour alternately, only a little at a time. Put in the flavoring, and then fold in the beaten egg whites. Bake in an ungreased angel food pan 40 to 60 minutes.

Here's a cool sounding dessert. Is it what you need to make the next meal complete?

Milk Sherbet

Juice of four lemons, strained, 1 cup of milk, 1 cup of cream into the freezer and add the lemon and freeze.

Mrs. E. Rahmeyer.
And here is a pumpkin pie recipe. That is quite an out of season dish, perhaps that would appeal to your family the next rainy day.

Pumpkin Pie

Equal parts stewed pumpkin and rich milk. To one quart of mixture add 3 eggs, 1 cup of sugar, allspice and salt, cinnamon and a little ginger.

NEW CIRCULAR GIVES HINTS FOR CANNING

The hot pack method of canning, a combination of the open kettle and cold pack canning methods, is now recommended to Nebraska housewives through extension circular #97, available at the agricultural college and at County Agent Dale's office. Everything from the preparation of the jars to the storage of the finished product is discussed in the circular. It takes up in detail the handling of practically all the common fruits and vegetables.

Canning season optimism prevails throughout most of the circular but one paragraph deals with what to do if the products spoil. They should be burned, not fed to farm animals or buried, the circular states.

Newest Styles Eliminate Task Of Laundering Lingerie Effects

BY HARRIET

MANY of the season's smartest dresses are made quite without benefit of lingerie touches.

After all, white effects do have to come off for washing often than even a delicate pastel shaded garment. And the fact that most of the lingerie touches do have to come off for laundering makes them almost a luxury from the point of view of the business girl and busy woman pressed for time.

There is none of the softness lost in shedding lingerie touches in the new styles. All of the dresses merely use their own material to fashion collars, cuffs, ruffles, bows and decorative what-nots of all kinds. The feminine flattering effect is there. The trouble of detaching for laundering is gone. What more can women ask?

One of the new neck treatments uses a shirt collar for the back of the neck, and then when it gets to the front, it notches itself rather jauntily and spreads out into a circular plastron, a ruffled jabot of a pointed front bib-collar.

A little egg-colored wash silk uses this tricky collar to give itself smartness as well as utility. It is a rich, heavy wash silk, like a man's silk shirt, and so it falls nicely, with considerable dignity.

The skirt joins the waist at a normal line, has a slit inside belt to hold it in place and a stitched, tailored outside belt with a novel buckle. It buttons clear down the front, with big egg-shell colored buttons below the waistline and much smaller ones above.

FOR afternoon, floral chiffons are using the same self-trim idea. A simple but absolutely charming little blue and white print, a light blue and white big flower on a darker blue background, has scarf sleeves and a little turn-down collar and bow tie for its ornamental touches.

The dress is a fitted one, with the circular skirt joining the body of the dress with pointed bands piped in the bright blue. The little collar, typical shirt collar, and a sports blouse might take, has a rather low V where the bow tie. It's a novel idea for an afternoon dress.

The long sleeves have a little cart swinging from each wrist,

Smart as well as practical is the egg-colored wash silk, at the left. It has a novel turned down collar and double jabot effect. Excellent for afternoon wear is the floral chiffon, right, trimmed with the frock's material. Notice the effectiveness of the scarf swinging from each wrist.

quite as a handkerchief, or wispy make for herself. It has a natural grace and a dressmaker softness that hand-sewing is quite apt to catch.

Cotton Materials Stage Comeback by Using Latest Fabric Styling in Designs

BY HARRIET

IT is smart to wear cotton frocks this summer.

Take one look at them and it is easy to understand why. So chic and attractive are the new wide-awake pique suits, the gingham sports frocks, the shirting outfit and the dainty, dotted Swiss, voile and printed calico dresses that every woman will want some of them.

Perhaps the noticeable thing about the comeback cotton materials are staging is their readiness to utilize all the latest fabric styling in their designs. Prints are as attractive and delicately flattering as silks, colors are as vivid, clear and lovely as are delicately pastel the finest chifrons.

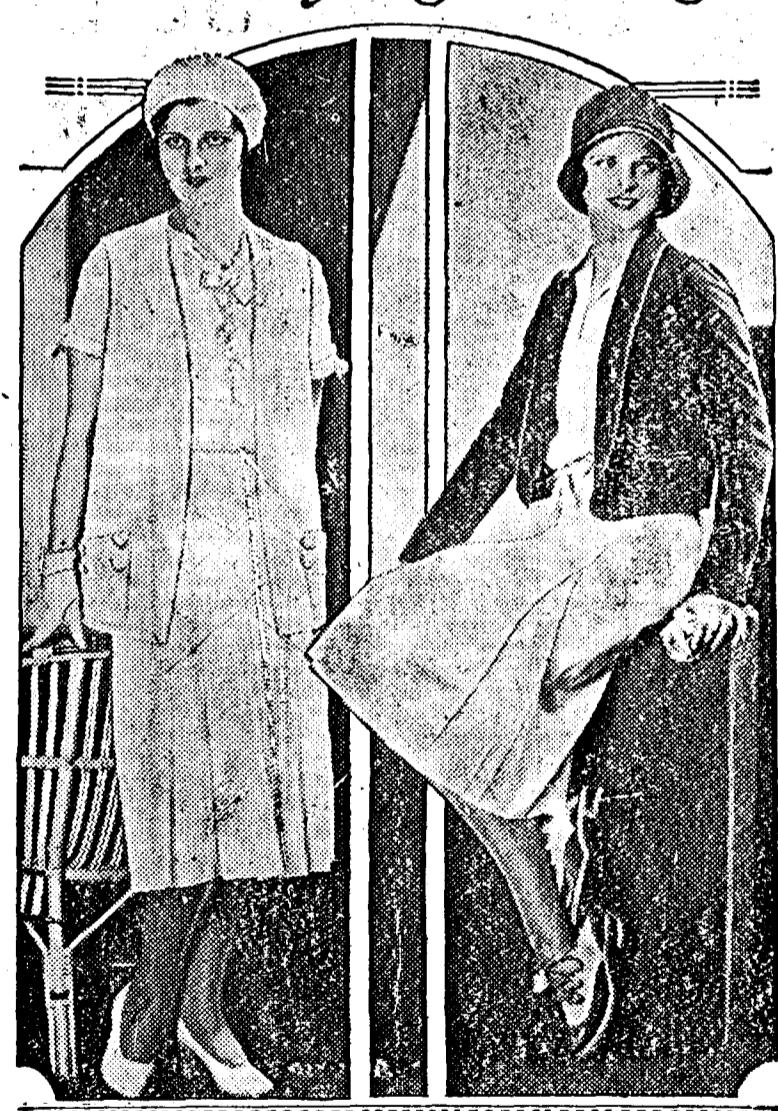

The care with which these new cotton fashionables are made insure their chic. Tailored lines, or fine hand-made blouses and soft dressmaker outfit are all done in the best style manner.

There are many kinds of cotton or linen suits that women will find useful and enchantingly lovely this summer. The peplum suit has its following in pique, the fitted tailored suit has its representatives and the little bolero is not left behind.

LATEST is the sleeveless cardigan gan suit that takes its little short sleeved blouse to complete it. A sports ensemble of this type is made of delicate pink cotton pique with a dotted Swiss blouse of white pink dots. The skirt of the suit has a pleated lower part below an elaborately cut yoke of bandings stitched for tailored effect.

Big pearl buttons are on each side of the pockets and there is a stitched banding around the edges of the sleeveless cardigan. The blouse has a fuzzy little front of tucks, lace and a bow at the neck. The sleeves have turned back cuffs with lace and tucks and bows. A pique beret tops it.

An illustration of the tailored suit for business wear comes in pastel colored cotton pique, with the skirt wrap around, with pleats on the left side for fullness. There is a little tuck-in frock. One of a lovely medium illar.

Latest in the new summer cottons is the sleeveless cardigan suit, left, of pink pastel cotton pique. Also new is the velvetine bolero jacket and stitched hat, right, to top summer frocks.

batiste waist, with a ruffled collar and double jabot down the front which buttons shut with pearl buttons. This too has its own little modified beret of the same pique as the suit.

Quite different and very new is the velvetine bolero jacket and stitched hat to top summer frocks.

green is made with flared back revers which give it a jaunty and tailored look. It has a little pocket in which a hankie may be inserted for more color.

This jacket is especially good over a jacquard madras in a very faint green made with pleated skirt, no sleeves and a shirt collar.

So and Sew are holding their regular meeting today in the home of Mrs. George Work.

At the last meeting of the auxiliary, Madams C. J. Mortensen, Emil Fafeita and Lester Pavek and Miss Minnie Gilroy served the lunch to auxiliary and legion members. At this meeting of the auxiliary delegates were elected for the state convention which opens August 25th in North Platte. Those to go from Ord will be Madams C. J. Mortensen, Kirby McGrew, Warren Lincoln, Cecil Clark and Steve Beran. It is unfortunate that the meeting is at the same time as Valley county fair as the Ord ladies would prefer to stay at home.

A Barrel of Vanilla Extract

We have obtained a barrel of Pure Vanilla Extract Special from Parke, Davis & Company, the world's largest makers of pharmaceutical and biological products. This extract has a delightful "bouquet" and a delicious flavor. It is made from a blend of properly cured vanilla beans, and is not an imitation.

FLAVOR DOES NOT BOIL OUT OR FREEZE OUT

A world-famous chef in one of Chicago's leading hotels uses Parke-Davis Vanilla Extract Special in preparing a certain pudding which requires long boiling—about 4 hours. He says that Parke-Davis Vanilla Extract Special is the only product that imparts a satisfactory flavor. He also declares that the flavor of Parke-Davis Vanilla Extract Special does not boil out or freeze out. That's why he uses this extract exclusively.

By ordering a barrel of Vanilla Extract Special direct from Parke, Davis & Company, we can sell it to you in bulk at a big reduction in price.

Devout Bible Student, This Kansan Also Makes Hobby of Horse Racing

WILLIAM JEWELL COLLEGE, a Baptist institution at Liberty, Mo., was given the alternative recently of accepting a \$10,000 gift on a single condition, or of refusing it.

The condition was that the college adhere to the fundamentalist version in its instruction of Biblical history. That is to say, no scientific theory should be allowed to replace the Biblical stories of the creation and of the miracles.

If the faculty were surprised at this proposal they had a greater one in store for them. It was that the donor, J. B. Reynolds of Kansas City, a faithful church member and devout student of the Bible, is not only a leader in the horse racing world but a sportsman famed for his wagers on the race track.

His Business Side

It is interesting, therefore, to study this man whose incongruous interests have made him a unique personality in his community.

Perhaps it is because he has finely balanced the conservatism of the Bible student with the liberalism of the sportsman that he has become a business leader in Kansas City.

And certainly, in a commercial way, he has climbed. The small concern he took over 20 years ago has built up to 100 times its original size. He has made it pay annual dividends of 24 percent for years. He has raised the market price of the stock to 13 times its par value and has made a fortune not only for himself in this activity but also for his associates.

But as for his proclivities on the race track, let this episode suffice:

At a recent racing meet at the Kansas State Fair at Topeka, one of Reynolds' horses was defeated by one owned by a close friend. "I'll beat you next summer."

J. B. Reynolds, above, with his mother's Bible . . . a sportsman and a scholar. Reynolds told his friend, "If it costs me \$10,000," money's worth when I defeated my friend."

That winter Reynolds by chance saw a horse win a race on the ice near Milwaukee. He inquired of its owner for how much he would sell it. When the price was named at \$10,000 Reynolds, without hesitation, purchased it.

Lost but Got Money's Worth

The following summer Reynolds ran his \$10,000 beauty against the entry of his friend at the Topeka races. The horse won, but here's the rub; the purse was for only \$1000.

After the race Reynolds was introduced to the crowd of race fans as the man who had spent \$10,000 to win but \$1000.

Replied Reynolds: "I got my gift.

This Message Is Pointed Right To You!

Are you passing up the opportunity that could be yours? Are you continuing year after year to live in an old-fashioned, inconvenient, rented house when a modern home could be yours? If you are, then this message is pointed right to you.

Any honest man who has a regular salary or source of income can own his own home as easily as paying rent. That's an astounding statement but we're prepared to prove it right up to the hilt.

If you have any ambition at all, don't pass this message up. Investigate. We'll be glad to supply all details without obligation.

Cut-Away View of the John Deere Farm Engine

No Dirt Can Get In ...and It Oils Itself

No dirt can get to the working parts of a John Deere Engine. The dust-proof case enclosing the mechanism furnishes absolute protection. The illustration above—a cross-sectional view of John Deere Engine—clearly shows this.

Within the dirt-proof housing every vital part is automatically bathed in a spray of clean oil as the engine works. Thus—with working parts dirt-free and thoroughly lubricated—this engine is assured longer life and smoother operation.

This engine will do the hard routine jobs and pay you for the privilege in hours it saves you for more productive work.

Let us show you how easy it is to get at the working parts of the John Deere, yet how effectively these parts are protected to give you years of money-making service.

GRANDMA CALLED BY DEATH BUT FINISHES THE TRIP

Member of Tourist Party Found Dead in Car When She Reached Glenwood Tuesdays.

Postmaster Edwin P. Clements received a marked copy of the Glenwood, Iowa Opabin-Tribune Monday containing the following story which is both interesting and unusual. So far the Quiz has not been able to get track of the people mentioned and thinks they must belong near some of the surrounding towns. We shall be glad to hear further regarding the matter before next week. The story follows:

"We are tourists just passing through here and a lady in our party has fainted," said a slow spoken phlegmatic young man as he walked into the office of Dr. Plimpton in this city about 3:30 o'clock Tuesday afternoon. "Where is she?" inquired the doctor as he reached for his emergency kit. "Out in the car," replied the unconcerned tourist.

Stepping outside and failing to see the car the doctor inquired, "Where is your car?" "Oh I parked up here around the corner," the stranger replied. The doctor hastened the block's distance arriving at the car which the young man indicated as theirs. He found a woman of some sixty years propped up in the corner of the back seat of the sedan, but instead of having fainted she had died. Upon questioning the other members of the party which consisted of an elderly man, presumably the husband of the dead woman, and a younger woman, presumably the wife of the young man and a child who was presumably theirs, he found that they had been traveling through the east and were enroute to their home near Ord, Nebraska. They said that the dead woman had apparently been all right when they had stopped at Emerson and she had got out of the car there and walked around some but collapsed soon after leaving there. The doctor said in his opinion the woman had been dead at least 30 minutes and though her traveling companions expressed regret they did not seem greatly concerned and he felt that they realized she was dead when they stopped.

When he suggested that he would call an undertaker the young man who had so calmly summoned him said, "Well, as long as we are this near home she might as well ride on in with us." The doctor protested and the young fellow in his slow easy going way said, "Well is there any law to prevent us from going on with her?" And when told that the doctor did not know of any such law, unless it be the law of common decency, he replied, "Well she has ridden this far, I guess she might as well finish the journey with us," and they drove away.

The death car made one other stop in Glenwood. This was at the Deep Rock oil station where they purchased gas of Geo Wolfe, station attendant on duty and calmly asked him if he would send the following message by wire, giving him a dollar to pay for the message and his trouble. The messages they left read as follows: "Mrs. Graves:

Grandma died on way, please notify home and Mrs. August Nelson. Bringing her home. (Signed) Oto."

In as much as they forgot to put the name of the town to which the message was to be sent, an omission which Mr. Wolfe did not notice until they left, he naturally was unable to comply with their wishes and the message was never sent. Mr. Wolfe saw "Grandma" sitting back placidly in the corner of the big sedan as it pulled away from the station on the last lap of this her last journey. Dr. Plimpton reports that they told him their names, but that it was a foreign sounding name and as he did not write it down he was unable to recall what it was. He also said that they were driving a good car and seemed to be people of some means so that financial embarrassment could hardly be said to be the cause of such strange actions, and mystery still hovers around and shadows the identity of the death car rider and her practical companions.—Glenwood (Ia.) Opabin-Tribune.

Mrs. Hattie Turner and two daughters, of Lincoln, were visiting in Burwell and in the Ralph Haas home in Ord. They went to the Wm. Horner place near North Loup Sunday. Mrs. Horner had been visiting in Burwell and Ord, she accompanied them.

Mr. and Mrs. Murl Clason and children left for their home in Lincoln Tuesday after a visit with Mr. Clason's people, Mr. and Mrs. W. H. Barnard.

—Mrs. Joe Kokes is enjoying a visit with a sister, Mrs. Agnes Vobarni of Chicago. Monday evening Mrs. Kokes gave a bridge party for her sister. There were three tables of players.

Five County Officers Are Complimented

Five Valley county officers have been highly complimented in the judgment of the Quiz, because no one has been ill against them. They are Miss McClatchey on the non-political ticket, present county superintendent, Ign. Klima Jr. on the democratic ticket, present county clerk, and George Satterfield present county treasurer, "Bill" Ayres, surveyor and E. C. Weller, County Assessor, all on the republican ticket.

All have been exceptionally popular and efficient county officials and it is entirely proper that they all be returned to their present positions for a second term without opposition. Joe Vasicek is running for a second term as county commissioner in his district on the republican ticket without opposition and Jake Barber of North Loup is a republican candidate without opposition for county commissioner in the North Loup-Springsdale district, to succeed Vernie Robbins who has held the position for several terms.

LOCAL TESTING ASSOCIATION 2ND IN STATE

Kingston Cow 4th in State; E. S. Coats & Son Had High Herd in County.

The Valley County Dairy Herd Improvement Association ranked second among the twenty-one cow testing organizations in Nebraska for butterfat production average during the month of June, according to the monthly report from the state dairy office at Lincoln. It is believed to be the first time the local association has ranked second since its organization a year ago.

The Valley County organization averaged 31.7 pounds butterfat per cow to rank so high in the state. The state leader, Johnson-Oloo, had an average of 32.5 pounds per cow. There were thirty-nine cows in the local association producing from forty to fifty pounds of fat. Four cows produced better than sixty pounds.

W. D. Kingston of Arcadia had the highest butterfat producing cow in the local association. She produced 80.9 pounds for June. The Kingston cow ranked fourth in the state. The leader produced 88.0 pounds. Ernest S. Coats and Son had the high herd in this county and ranked ninth in the state for June.

Average production in Nebraska fell off during June over the previous month, according to the monthly dairy report. The average of all cows tested for June was 29.5 pounds while during May it was 31.5 pounds. Fall freshening and hot dry weather are given as possible factors in the decreased production per cow for June over May. The average for June of this year, however, was above that of June of last year, indicating better cows are being milked.

The report shows that a large decrease in sales of unprofitable cows took place in June. Only thirty-five were sent to the block. Low beef prices is given as a possible reason for the decreased sale. The state dairy office believes the "boarders" should not be sold at so low a price. Grain cheap and it doesn't take long to put on some flesh when they are dry, the report reads.

Find Many Barberry Plants in County

Over five thousand common barberry seedlings have been found west of Ord in one plot, according to Ted Hile who has charge of the federal barberry eradication survey being conducted in Valley county. Hile declares the barberry in the field had done considerable damage to nearby wheat and rye fields.

In finding the big plot of barberry seedlings, the men working on the survey found that wheat and rye were badly infected. Some areas of the rye were found to be sixty percent infected, thus making only forty percent crop. The nearby wheat fields were hurt also.

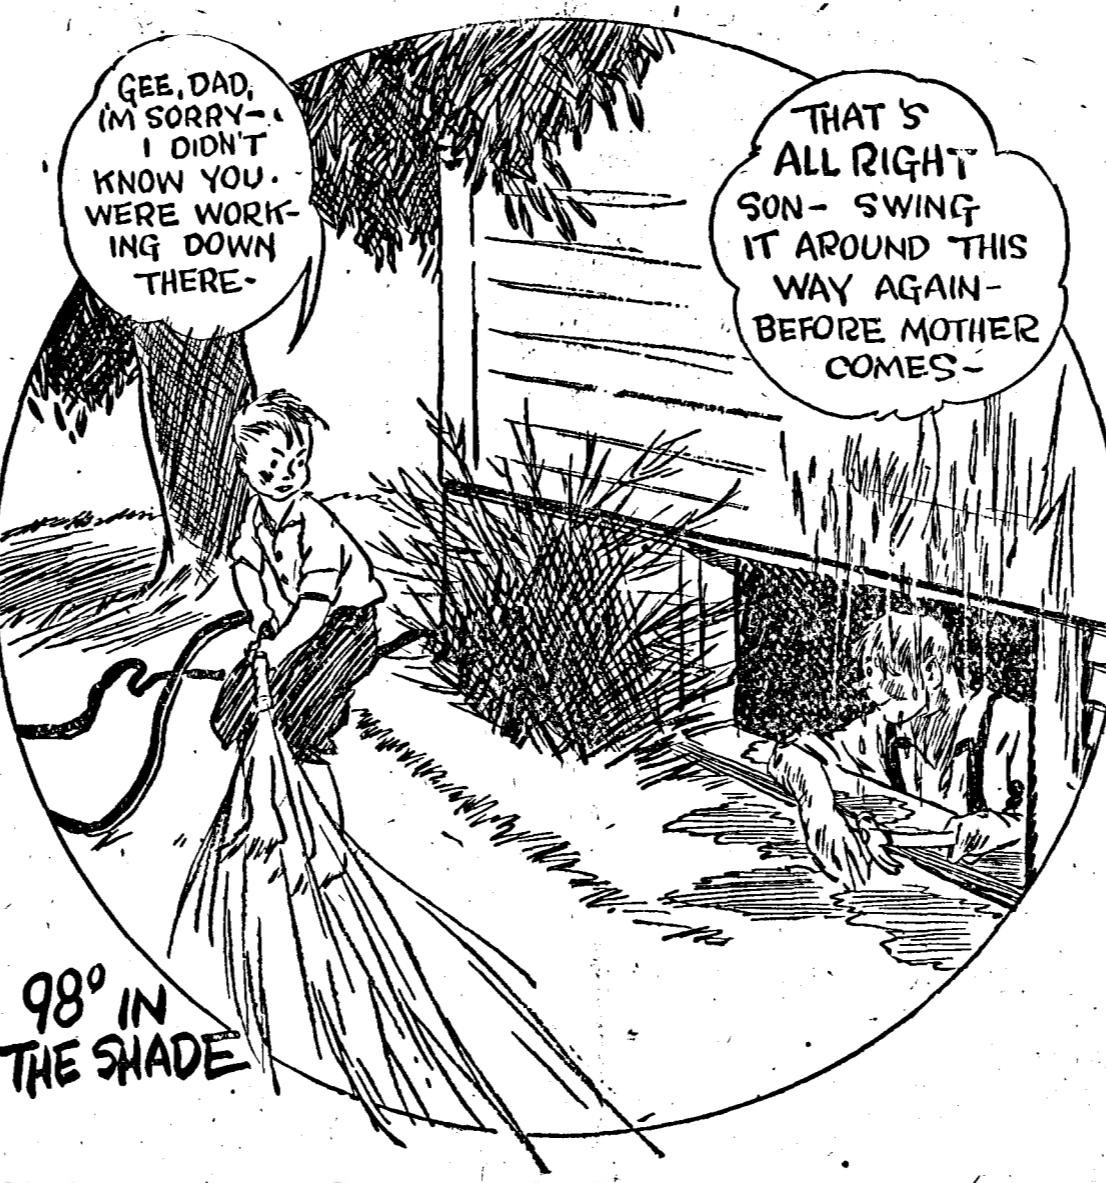

Hile declares that rye in this country when affected with rust indicates that common barberry bushes are nearby since not enough rye is grown south to carry the rust to this country.

A plant of barberry has been put on display in the Crosby hardware window.

The barberry surveyors may be found at County Agent Dale's office.

Saturday Mr. and Mrs. John Haskell and children of Broken Bow drove to Ord for a visit with Mr. and Mrs. R. C. Greenfield. Mr. Haskell returned Monday, his family are staying for a longer visit.

—Mr. and Mrs. Pete Peterson of Burwell welcomed a baby boy Tuesday. Mrs. Peterson was formerly Dorothy Hoyt. She is a niece of Ill Treptow.

City Water Is Good
So far this year the city water has been good. Of course it is warm. That cannot be helped so long as it is taken from the river, but to date this summer there has been none of the dirty, mossy smell and taste that was so disgusting last year.

Ord Music Director Moving To Minnesota

Many friends of Prof. Hemming Hautala will be sorry indeed to learn that last night's concert is the last he will direct in Ord, at least for the present and that he is leaving this week for his former home at Hibbing, Minnesota. Dur-

HEMMING HAUTALA
ing the last two years under his direction Ord has made great strides in a musical way. The high school band directed by him has won repeatedly in fast company and the Ord band has been recognized as one of the best in the state. However, Mrs. Hautala has not been satisfied at Ord and has wanted to return to Hibbing where they spent eight years and the opportunity presenting itself at this time, and they still own several properties there, they deemed it best to return. There are several concerts to be played this summer yet and Glen Auble will direct the remaining numbers because Glen Auble who will direct the band for the present will return from his vacation in time for the Wednesday night concert. Mr. Auble with his family, is visiting relatives and friends in western Nebraska and spending a few days in the park resorts of Colorado.

Andrew Fuller of Arkansas City, Kansas, is expected to be among the starters at the races in Ord. Fuller, who most race followers thought had been killed in an auto accident after leaving Ord ten years ago, is still alive. He was official of the local fair last fall that he would be unable to be present as he was racing in Oklahoma at the time.

The Kansas man was a popular racer here two years ago and was among the money winners. Valley county people will remember him as the racer who yodeled for the crowd over the "milk" on several days.

Yours truly,
John B. Gerber

Please send me entry blanks for your races in August and any other races around there.

Am planning on my circuit now and would like to make your races as have heard that you put on some good ones.

Yours truly,
John B. Gerber

The blanks are to be back to him before the races start. Last year here were fifteen cars at the Valley county races. Over thirty are expected this year. Prizes totaling over \$3000.00 are offered.

One of the leading racers at Cedar Rapids, John B. Gerber of Stanwood, Iowa, is expected to enter the Valley county races at Ord. He has never competed here before but has sent word to Superintendent Baker that he would like to race here this year. Gerber races at Cedar Rapids each year.

Valley county race fans will be pleased to learn that John Bagley, Omaha racer will be here for the races again this year. Bagley told Baker recently that he would be on hand for the opening race here.

Bagley has always been a big money winner at the local fair and he should provide plenty of competition for the fast field of racers this year.

Hather & Blessing Sell Oil Station

A deal was closed Wednesday by which the Independent Oil Company of Tulsa, Oklahoma, became the owners of the Checkbook Filling Station owned by W. J. Hather and Blessing Brothers in Ord. Possession will be given August 1st. Mr. Steele, Nebraska manager of the company in Nebraska, was in Ord and made the deal and except for the fact that Dr. Haderman has to sign the transfer of the contract or lease on the ground where the station is located, immediate possession would have been given. Mr. Haderman may be the local manager of the station for the new owners. Haderman and Blessing built the station and have conducted it for the past three years.

Mr. and Mrs. Fred L. Hughes finished their visit in Ord and left his mounting for their home at Adrian, Michigan. They are cousins of Judge Clements and Mrs. H. D. Leggett. Until a couple of years ago when the Judge Clements family paid them a brief visit while on an eastern trip, the two families had not met in many years.

County Official Without Opposition

There is to be no opposition in the primary to Miss Clara McClatchey for the office of County Superintendent, which she has so satisfactorily filled the past few years. Nellie, in the likely event, will be made to write in the name of a second candidate at the primary to make competition in the fall. So officially has Miss McClatchey performed her official duties that we believe ninety per cent at least of the people of Valley county wish to see her continued in the office.

Hardenbrook Would Take "Jazz" Out of the Attorney-General's Office.

(From Omaha World-Herald)

BERT M. HARDENBROOK

A quiet-voiced farmer who studied law and became, for 10 terms county attorney of Valley county, and who is now in middle life, was in Omaha Wednesday in his campaign for the republican nomination for attorney general, in opposition to Attorney General C. A. Sorenson.

He is Bert M. Hardenbrook of Ord, and his platform, he said is "to take the jazz out of the attorney-general's office and replace it with common sense in the enforcement of the state's laws."

By "jazz" Mr. Hardenbrook means the seeking of headlines by sensationalism in raids, over the heads of local enforcement officers. If he is made attorney general, he said, there would be an end to "reform" by such methods. He would seek to make the state law-abiding by co-operation with sheriffs and county attorneys and local officials, not by setting up in rivalry with them.

"I believe," said Mr. Hardenbrook, "that I speak for the farmers of the state and the people of the small towns when I say that it is the duty of every state officer to devote himself to trying to better distressing conditions surrounding the farms and farming communities. The power of the attorney general's office is such in Nebraska that it should be devoted to helping the farmer and laborer meet unfair economic conditions."

He declares that rye in this country when affected with rust indicates that common barberry bushes are nearby since not enough rye is grown south to carry the rust to this country.

A plant of barberry has been put on display in the Crosby hardware window.

The barberry surveyors may be found at County Agent Dale's office.

Saturday Mr. and Mrs. John Haskell and children of Broken Bow drove to Ord for a visit with Mr. and Mrs. R. C. Greenfield. Mr. Haskell returned Monday, his family are staying for a longer visit.

—Mr. and Mrs. Joe Kokes is enjoying a visit with a sister, Mrs. Agnes Vobarni of Chicago. Monday evening Mrs. Kokes gave a bridge party for her sister. She is a niece of Ill Treptow.

Dale P. Stough Flies

Dale P. Stough, formerly a district court reporter in this district, has filed as a candidate for the position of supreme court justice.

He is a democrat in politics. Since April, when the first petitions for his nomination were filed, he has been going quietly about the state, talking with people and telling his views, and trying to learn their ideas of government.

He believes that most of them want a man in Lincoln who will not be a self-seeking advertiser, but a hard working law enforcement officer. He says his reception throughout the state has been friendly and encouraging.

His Contract Labor.

"In Omaha I know that many of the laboring men have been dis-

placed by floaters and aliens, and

am told that the contract system

is a power in the injunction that the attorney general can use. The Ord attorney general is such in Nebraska that it should be devoted to helping the farmer and laborer meet unfair economic conditions.

DIRTY POLITICS

This is written there seems to be no way to keep the name of George W. Norris, Broken Bow groceryman, off the primary ballot, yet some way must be found to designate the two candidates by the same name. The Custer County Chief handles the incident as a news story and makes it plain that the filling of the Broken Bow man was made plenty early so it will have to be accepted.

Of course it is dirty politics. Nobody thinks a grocery clerk without previous experience would voluntarily seek such a position. No one believes he would resign from a good position, if he had such a position, to get into a political campaign where manifestly, he stood no chance of winning and where there would have to be considerable expense. Everyone believes that the Broken Bow Mr. Norris is being financed by some one or some organization for the purpose of defeating Senator Norris in the primary election and it is dirty politics.

The Quiz does not believe that Senator Norris would be greatly injured. Of course some way will have to be found to designate the two men, one Senator Norris of McCook and the other George W. Norris of Broken Bow and we believe the people of Nebraska are smart enough to go right down the line and vote for Senator Norris if he is their choice and for one of the other candidates if they do not favor Senator Norris.

The Broken Bow Norris will not get enough to make any difference in the result. We believe that such unfair tactics have already made many votes for Senator Norris. As a rule American people like to see fairness in a fight of any kind and many resent this apparent attempt to defeat a man who has served the people of this state for many years and who has been right most of the time.

It is true that Senator Norris made a lot of enemies two years ago by supporting Governor Smith for president but that don't make Senator Norris a wet. He has always been dry as the record shows and without a doubt he will continue to be dry and as the time approaches for the casting of the ballots in the primary many who have honestly felt that they could not support him, will change their minds and say so and many others who felt the same will quietly vote for George W. Norris of McCook for U. S. Senator and say nothing, knowing in their hearts that they are voting for a good man who has always been honest and himself and who has never been afraid to tell where he stood.

WHY NOT TOLEN?

This is a good question for Valley county voters to ask themselves and if they analyze the situation they will find no good reason for not supporting the Ord man for the office he seeks, that of railway commissioner. Of course in the primary only those who call for a democrat ballot can vote for Mr. Tolen but we believe he will be the choice of his party for the job he seeks and in the fall Valley county people will have a chance to vote for a home man for this important position. It will be just a little unusual, too, to have two candidates for state office on the ballot in the fall, for we believe Mr. Hardenbrook is going to be nominated for attorney general and that Valley county people, generally will be pleased to support both candidates, though on opposite tickets.

There is no more important office in the state than railway commissioner and Mr. Tolen has made it plain in his statements in the public press, that he understands the present situation and that he does not feel that the great common people are getting a square deal at the hands of the commission. He says if he is nominated and elected he will do the things that will make for more fairness to the masses, which he now thinks have been getting the worst of the deal.

A railway commissioner should have a head for figures and a mind trained along analytical lines. Mr. Tolen is that man. He delights in studying into technical situations.

NO GRANDSTANDER.

Judge Hardenbrook of Ord, has filed for the republican nomination for attorney general. His qualifications are admitted. He failed of the nomination several years ago. Judge Hardenbrook is not a "grandstander" nor a self-advertiser, and he would lend dignity of a high order to the important post of attorney general—Bill Maupin in Hastings Democrat.

and has the ability to arrive at level headed conclusions, and we believe, the spunk to take a stand for the thing he sees as right and to successfully defend his position.

My Own Column

By H. D. Leggett

I am writing this on Friday morning. We left the cottage on Culver Lake, Nisswa, Minnesota at 4:30 a. m. Wednesday morning and arrived in Ord at 11:30 the same evening, driving the 626 miles with brief stops to get coffee and a bite to eat and a 2-hour enforced stop at Yankton to have a tire repaired. I did all the driving and consider quite a record. I am ready to admit that it is too much of a strain for one driver to hold the wheel for that distance, driving most of the time at 45 to 55 miles per hour. I may do it again but the way I feel now I do not expect to do so.

We sure had a delightful vacation. The hottest it got while we were at Culver was 80 and that for only a couple of days and the people who live there thought it was awful hot. I didn't have a thermometer but I don't think it got hotter, most of the time than 50 or 60 and we never had a night when we used less than a sheet and spread for cover and most of the time another blanket was acceptable. A good deal of the time a fire in the heater in the morning was necessary if one would be comfortable.

Almost everyone asks me if we caught any big fish. No. A 3-pound bass was the biggest I caught and took in. Possibly some of the pickerel that were caught and thrown back weighed more but we had no use for them. Of course we would have been glad to connect with a large northern pike but were not fortunate enough to do so. No doubt we could have done so by going to other lakes but we were there this year more to rest than to work hard to catch even big fish. We could go out half a dozen boat lengths from the end of our dock at home and get a mess of bluegills any time and we were satisfied with that for the most of the time. Anyhow they are the best eating fish in the lake.

It is a fact that bass were not striking artificial baits while we were there. One could catch them by still fishing (finger fishing them) with a frog but as we prefer to eat bluegills and don't get much thrill catching bass except on artificial baits at the end of a long cast where the fish really has better than an even chance to get away, we didn't catch many bass. But we did have a fine time and lots of fun.

There are a good many Quiz readers who know Charley Cox of Omaha, head of the Interstate Live Stock Commission Co. He with his wife and daughter had a cottage in our camp for a couple of weeks. On the day they arrived Mr. and Mrs. Cox went out to catch a mess of bluegills. They planned to go to town the following morning and get their fishing licenses and never dreamed of violating the law but they had caught something like 20 or 25 nice fish when a boat came drifting along and the single occupant asked them what luck they were having. Mr. Cox assured the nice looking man that they had already caught a nice string of fish and were having a fine time. The man then asked to see their license and explained that he was a game warden. Charley, hoping to square himself, said the license had been left on shore and referred to F. M. Gross of Albion, Neb., also well known in Ord, as his host and who he said would vouch for him. This should have been enough to satisfy any game warden but this one said it was probably all right but asked where Gross could be found. He pointed out working with his boat at the dock on shore and the warden rowed that way. Pretty soon the Cox folks saw him coming back and Charley turned loose all the fine fish they had caught. The warden came up and said that Mr. Gross had no license for Mr. Cox and that he would have to come to Brainerd. They went to shore and the warden said he would give them a couple of hours to get ready and then be back. He walked away. Other members of the camp were called in consultation. None of them were hard to find but Mr. Cox didn't think of that at the time for he was really considerably excited. He wondered what the fine would be and someone suggested that Judge Fenner of Burwell was down at his cottage and that they call him and get his advice on what was best to do. Fenner came, heard Cox tell his story and some of the things he said about that warden will be omitted for various reasons. Mr. Fenner advised him to go to Brainerd and pay his fine and Cox finally decided that was the best thing to do but he insisted that none of us say a word about it as he didn't want the South Omaha boys to hear about it. Fen-

ner went home and in five minutes reappeared with his old overalls, hunting coat and slouch hat and then Cox recognized him as the game warden and also realized that a peach of a practical joke had been played on him, one of the kind he had so much enjoyed playing on others for years. Cox had a case of pop or something with him and took all hands over to his cottage and I am told that they all drowned their troubles. Later Gross, Simpson and Ray Luther raid the live boxes and got and dressed a nice mess of fish for the Cox family and they had a great fish dinner. Cox said it would cost him a hundred dollars to square himself with the bunch back home if they ever found out about the joke and I surely hope they will not hear about it.

For a stretch of fifty miles north of Yankton, S. D. it is pretty dry and corn was rolling Wednesday when we came down. It was 110 there that afternoon. There is a splendid prospect for crops all the way, corn way up around Brainerd being practically as tall as it is in Valley county, only of course they don't raise much corn there and while it may look like forty or fifty bushels now, the chances are that it will not get ripe but will be cut for the silo about September 1st. I think Valley county corn so far as I have seen it, is as good as any I saw. Northeast Nebraska has a splendid corn prospect. Dakota has oats that beats anything I saw in Nebraska and southeast Minnesota oats and wheat is immense.

Blue Grass Strippers

Nebraska Industry

Up in Holt county where the soil is admirably adapted to the raising of blue grass and the waters of the Elkhorn and tributary streams shed their blessing on the smiling soil, a new craft has been created—the blue grass strippers.

To this company additions are being made annually as the fame of Holt county blue grass spreads and the new markets are developed for the seed.

Seed from Holt county blue grass is already widely recognized throughout the United States by reason of its superior quality and its propagating surely. Seed companies that handle blue grass seed in large commercial amounts are very anxious to harvest the seed at just the right time. The seed crop develops rapidly and it must be gathered at just the proper time with rapid fire methods.

There are four companies at O'Neill with a large battery of machines who were in organized formation on June 16th to gather one of the best crops that section has raised. A good season with plenty of moisture and ideal growing conditions has resulted in the maturity of a seed crop of unusual size and quality.

But the blue grass strippers, skilled as they are, do not by any means, gather all the blue grass seed.

Millions of seeds, freed by nature, are caught by winds and carried miles away to be deposited in fields, pastures and on roadsides.

Travelers through Nebraska enjoy the roadside crops of blue grass which give a thrifty look to the landscape and choke out the weeds. Nebraska will never try to rob Kentucky of its age-long state name. It will always be predominantly the Cornhusker state. But blue grass seed bearing a Nebraska label has entrance to the exclusive markets of the country.

LOCAL NEWS

—Mr. and Mrs. George Nightingale were in Burwell Friday visiting their son Roy Nightingale and family. Roy's daughter Gladys accompanied her grandparents to Ord and has been spending this week here.

Many unique features will make up the program, among which is planned an old time buffalo barbecue that will offer the convention attendees a rare diversion over anything they may have previously taken in. A young buffalo has been secured and will be roasted in true outdoor style at Buffalo Bill's Scout's Rest ranch near North Platte.

Everything will be on the up and up" for the legion visitors, according to the convention entertainment committee. A highly

recognized company has been engaged and will be at the municipal

North Platte airport in readiness

three days during the state session to take legionnaires on short flights.

This will offer them an opportunity to see the host city from the air and to get an infinite view of the great Platte Valley.

Free dances and shows will appear on the corral as well as various contests that will include

the drum corps competition, the winning corps to be awarded a prize of \$500. It is hoped that every drum corps in the state will be represented. The best band

will be given a prize of \$150.

A sideline to the regular run of

Oldsmobile owners who drive regularly in the mountains say that Oldsmobile is a born hill-climber.

That it does its work so easily and quietly. That very little gear-shifting is required. That its running temperature is little affected by the hardest grades. That its power is more than ample for every requirement.

Such a recommendation is of real importance—whether you ever drive through the mountains or not.

For it means just so much reserve power—so much added dependability for everyday travel. You will appreciate this when you drive Oldsmobile.

Pigs Coming Fine.

"Pigs Coming Fine" was the answer of all the R. K. D. Little Pig Club boys as they arrived Glen Jameson's last Friday afternoon. Each member has had his pigs vaccinated for cholera and it is estimated that all the pigs will average over one hundred pounds each. These pigs are no earlier than March 1st.

Plans are being made for the fairs. Badges and caps have been ordered for each member and also a 4-H flag for the club. It was decided that each member should build a small type hog house to display above the pen of his pigs, so watch for our club at the fair. On the Saturday night before the Ord fair it is planned that the club will drive their float through town.

The following slogan was adopted by the R. K. D. Little Pig Club: Righteousness, Kindness, Development.

We had hoped to select our judging teams, but on account of the county agent's failure to be with us the last two meetings, we have given up all hope of having a judging team this year.

After the meeting Mrs. Jameson served a luncheon of ice cream and cake. The last meeting will be held the first Friday in August with Billy Arnold.

Glenn Jameson, News Reporter.

News of Criminal.

The following item taken from the Central City Republican concerns the suspect arrested in Arcadia July 4th by Marshall Thompson. "Nightwatchman Lester Snodgrass of this city received a message July 4th from officers at Centralia, Ill., to take in custody a man named Willoughby wanted on the charge of attempted murder. It was stated that Willoughby had wired from this point to that city for his tools, he being a bricklayer. Thus was the clue attained.

Officer Snodgrass got in touch with Oscar Almquist, contractor, and learned that he had hired Willoughby to assist in the construction of the Methodist church at Arcadia. He had worked for Mr. Almquist sixteen years ago.

Lester left at Arcadia where he found his man and placed him under arrest. A tattoo mark on the arm and a missing tooth eliminated all question of doubt as to the party in demand.

Willoughby was brought to this city and placed in the county jail awaiting the arrival of the sheriff and deputy from Centralia on Monday. It was said that he was engaged in a drunken brawl and resentful of the fact that he had parted with one tooth without consent, he sought his conqueror.

Believing him to be in a hotel, Willoughby secured two revolvers and proceeded to shoot out the windows in the hotel. Fortunately, no one was hit.

The visiting officers not only took Willoughby with them, but proceeded to Kansas to secure two other prisoners for the return trip to Illinois."

Band Gives Concert.

The members of the Arcadia band gave a fine concert on the platform of the Baird filling station last Saturday evening. A large crowd was on hand to enjoy the music and we are sure that every number was much appreciated. We hope that the young musicians will continue their outdoor programs throughout the summer for we are in need of just such entertainment.

Display Overalls.

A huge display of Lee overalls are being displayed this week in front of the Bellinger general store. The overalls were made by the H. D. Lee Co. and hung on a limb of the large tree in front of the store; they reach almost to the sidewalk. The main object in displaying the overalls is to give everyone the opportunity to guess the number of yards of thread used in their making. The contest closes Saturday evening and the three guessing the nearest to the correct amount will each be awarded a pair of overalls. If you haven't made a guess, now is your chance. It costs nothing and you may be one of the winners.

Loup City to Have Rodeo.

Posters are out announcing a rodeo and celebration to be held at Lour City July 17, 18 and 19. Shows, rides, concessions, free acts and dances are all on the list of attractions. This is a new event for Lour City and they are expecting a large attendance.

Fourth Quarterly Conference.

Rev. Dr. Hess of Kearney, District Superintendent, conducted services at the Methodist church Monday evening after which the fourth quarterly conference was held. Reports of the years work were given at this time.

Install Electric Fan.

A new 57 inch electric fan has been installed in the basement of the Methodist church. The fan was installed last week by F. J. Schank and will add much to the comfort of the room during hot weather.

Flying Needles Club Meets.

The "Flying Needles Sewing Club" met Tuesday, July 8th at the home of Fern and Velma Holmes. The business meeting was held and then the laundry bags were judged by picking out the good and bad points.

An associate member's club was organized and Fern Holmes was chosen leader. The club members have each decided to make a club dress to wear to the meetings.

They will be white trimmed with green. The colors representing the 4-H club.

Breaks Arm.

Melvin Freese had his left arm broken at the wrist Saturday evening when the car he was driving tipped over as he turned a corner pinning him underneath. Dr. Hill reduced the fracture and it is healing nicely.

Society Buys Building.

The Christian Science Society of Arcadia has purchased the residence property of Geo. E. Hastings, located just north of the Keystone lumber yard and are remodeling the residence for church purposes. The partitions have been removed from the interior and the ceiling raised. When completed the structure will present a very neat appearance.

Society Notes.

Mrs. P. W. Rounds and Mrs. Don Rounds entertained a large number of friends at an afternoon party at the home of the former last Friday. The afternoon was spent playing bridge after which the guests were taken to the Methodist dining room where a delightful two course lunch was served. Mrs. F. V. Amick won the prize for holding the highest score in bridge and Miss Ruby Charlton won the prize for the second highest. Guest prizes were given to Miss Ruby Charlton of Pasadena, Calif., Mrs. Charles B. Anderson of Tampa, Florida, Mrs. Howard Vescelius of Kokuk, Ia., and Mrs. J. E. Hyden of Owensesmouth, Calif. A free for all prize awarded to the person drawing the highest card was won by Mrs. George Olson. Garden flowers were used at bouquets in the rooms of the Rounds home and cooling breezes from electric fans added much to the enjoyment of the afternoon.

Ole Buck Would Quit.

Ole Buck tendered his resignation as field manager of the Nebraska State Press Association, at the meeting held in Omaha recently, but the board of managers refused to accept the resignation.

Ole has accepted the position of editor of the United States Publisher, a well known and prominent trade paper for newspaper people and the editorial offices of the paper are being moved to Lincoln, Nebraska so that he can better handle the work in connection with his present job.

The attention of the whole country has been directed to the Nebraska Press Association under the management of Mr. Buck and it is recognized as one of the foremost organizations of its kind in the country.

He has continued his work the past few years at a great financial sacrifice, because he loved the work and the great majority of Nebraska publishers.

Probably the time is close when someone will have to be trained to take over his job pretty soon.

White, Most Popular of Summer Colors, Lends Itself to a Variety of Fashions

BY HARRIET

DELIGHTFUL colors to the contrary notwithstanding, when torrid days come there is nothing like white to make a woman look and feel cool.

This summer white lends itself so graciously to all the diversity of modes that any type of woman can find her own special choice of costume in white.

Let us consider two very different uses for white frocks. Illustrating with frocks recently worn by society women. Suppose a woman, noted for her chic, is to attend an afternoon event, such as the race meet and then a garden tea. She wants white. But she wants a very dressy type of costume, one that makes her feel bit "party-fed."

A white crepe georgette is just the thing, made not with lace or any touches of contrasting color, but with an accordion pleated effect which is often more flattering than lace.

An effective dress of this type has an accordion pleated skirt, the upper part of the dress having a wide accordion pleated bertha that takes the place of cape sleeves over the sleeveless arms, and then ripples down the diagonal closing to fasten on the side under a stitched belt of the georgette.

There is a pleated ruffle, like a plenum at hipline which takes a little upward curve for grace right in front. And to top this very dressy little outfit, there is a white novelty Swiss braid hat, with the rather formal narrow crown pleated to match.

Proper accessories for such a costume might be pearls, a brooch, a bracelet or white jade, made into a necklace and bracelet and pin.

QUIETLY different is a tailored flat crepe white frock, made with two wide pleats running horizontal around the bodice part of the frock. In keeping with this modernistic cut is a fitted square bertha collar, with the neckline cut in a clean, square line and the shoulders.

—A third type of white outfit that is ever useful is the white cardigan

Here are three types of white costume recommended for summer wear: the dressy white georgette frock, left, with an accordion pleated effect; the modernistic sports frock of white flat crepe, center, and the white linen cardigan suit, right, with white linen bag and shoes to match.

suit, made of linen. The dress should be short sleeved, or sleeveless, with some kind of a feminine neckline, perhaps bow ties or frill, and the coat cut straight but uncrusted with its own fabric to enrich its appearance. With this a stitched linen hat, a white panama, or a white felt is appropriate. Purse, shoes and any scarf you might wear should be of white linen to capitalize the "season's" preference for linen and cotton.

—Tuesday evening Mrs. Matt Kosmata, returned home after several days stay in Rochester, Minn.

—Mr. and Mrs. Frank Miska and children were visiting Sunday with the Omer Keezer family near Ericson. The men went fishing and brought home some nice ones for supper.

—Mrs. L. P. Bowman and Elizabeth Campbell of Council Bluffs were in Ord and Garfield county for a short stay, leaving for home Tuesday.

—Mr. and Mrs. Joe Rowbal and children visited Sunday in Grand Island with the C. M. Bany and Mrs. Rose Hughes families. They say Harry Hughes is getting along nicely from injuries received in an airplane accident. He is going to fly again in fact has been up a couple of times since his accident.

—Tuesday Mrs. W. W. Hemmett and granddaughter, Eloise Hemmett, the home of the latter is in Ogallala, came from Burwell and are visiting in the Will Tropetow home.

—Roy Worden and family have moved into the A. Tippin house on N. Street. Dan Headman and family will occupy the McBeth house on M. Street vacated by Mr. and Mrs. Worden.

—Friday Mr. and Mrs. Dan C. Bartlett of Arcadia, welcomed a new son. He weighed 7½ pounds and has been named Daniel Cole. Cole was the mother's maiden name. The Bartletts have one other child, a sweet little girl. Mrs. Will Bartlett stayed with mother and baby from Friday until Sunday when Mr. Bartlett went away.

NORTH LOUP DEPARTMENT

MRS. CLAUDE RATHBUN, Editor.

A little more than forty dollars was cleared at the chicken supper held on Tuesday evening at the Methodist church by the members of the Epworth League and Aid society for their pledge toward the support of Nebraska Wesleyan University.

A morning party honoring Miss Elizabeth Cleary of Santa Ana, California, was given Wednesday by Miss Maud Shepard. Rummy furnished the entertainment, with three tables of players. The guests were the Misses Elizabeth Cleary, Bessie Eberhart, Nettie Clark, Katharine Chadwick, Lois and Vesta Kildow, Marjorie Thelin, Helen Madson, Lida Rich, Mabel Lee and Mary Ann Bartz.

The July meeting of the Women's Foreign Missionary society of the Methodist church was held on Tuesday afternoon at the home of Mrs. Amy Taylor. Members of the Scilla auxiliary, nineteen in number, were guests of the local organization, thirteen of whom were in attendance. Miss Maud Shepard led the devotions, with "Spiritual Mountain Climbing" as her theme. The program was in charge of Miss Maud Shepard, and she conducted a quiz on the extension work of the society, and also one on last year's work of the Topeka branch, of which the North Loup organization is a member.

The fact was brought out that the receipts during the past year for the women's and children's work amounted to \$257,650. The children contributed over \$10,000 of this amount, and are supporting eleven missionaries. Mrs. C. V. Thomas gave a reading on "Stewardship" as part of the program, and two duets were sung by Mrs. Fred Bartz and Mrs. G. A. Schwabauer. Mrs. D. S. Bohrer conducted the Mystery Box questions according to the old game of Cross Questions. Refreshments closed the afternoon.

Mr. and Mrs. Otto Bartz and Mary Ann motored to Grand Island Thursday, taking Elizabeth Cleary that far, where she was to meet friends and continue her eastern trip. Miss Cleary is Mrs. Bartz's sister. Her home is at Santa Ana, Calif., and she had been in North Loup for almost a week.

Newly elected officers of the Seventh Day Baptist Sabbath School are as follows: Supt. Dell Barber; Assistant Superintendent, Roy Cox; Secretary, Winnie Hamer; Assistant Secretary, Margaret Sayre; Treasurer, Vernon Williams; Planist, Mrs. Harlon Brennick; Chorister, Ralph Sayre; Superintendent of Home Department, Cora Hurley; Superintendent of Graded Department, Jessie T. Babcock; Superintendent of the Cradle Roll, Ethel Eyerly.

Mr. and Mrs. D. S. Bohrer entertained guests Tuesday at the M. E. church supper. They were Mrs. Anna Krebs of Scilla, and her daughter, Mrs. Gladys Thompson from South Dakota.

Mr. and Mrs. Charles White have been having a good time entertaining relatives. Mrs. White's son, Stanley Fox and family are here from Milton, Wisconsin, another son, Howard Fox, and a niece, Mrs. Nelson, from Marshalltown Ia., and Hazel White of Two Harbors, Michigan, arrived on Wednesday.

Miss Mary Davis, who has taught Home Economics for several years in the North Loup high school, will be a member of the Edgar high school faculty the coming year, at an increase in salary.

Mrs. Louis Eberhart and daughter Bessie went to Grand Island Thursday to meet Erma Draks of Steele City, who is a sorority friend of Bessie. The latter gave a party Saturday night in honor of her friend. The guests were the Misses Helen Madson, Katharine Chadwick, Lois Kildow, Marjorie Thelin and Nettie Clark. On Sunday the Eberharts took their guest back as far as Lorreta.

Little Lucille Stillman of Grand Island is visiting relatives for a few days.

Miss Mary Bohrer, daughter of Mr. and Mrs. D. S. Bohrer, who is a graduate nurse, living in Lincoln has written her people that she is returning today to Lincoln after a visit of two weeks at Lake Okoboji.

She spent her vacation there in company with two other nurses from Lincoln.

Mr. M. J. Arnold of Lincoln came Saturday for a short visit with her relatives, Mr. and Mrs. D. S. Bohrer. They took off as far as Elba Sunday, on her way back home. She had been enjoying a vacation of two weeks. Mrs. Arnold is secretary of the Lincoln Y. W. C. A.

The Standard Bearers, a girls' missionary organization of the Methodist church enjoyed a July Jamboree in the church basement Friday, from eleven until two. Lunch was served cafeteria style.

The lesson period was given over to a review followed by a business meeting. It was decided to serve home made ice cream and wafers Saturday night in the room next to Shinemann's barber shop, the proceeds to go toward the work of the organization. The girls enjoyed some jolly games together. Hostesses were Arletta Ingram and Lois Kildow.

Mrs. Freida Noyes, who went to Kansas City last week because of

the serious injury sustained by her granddaughter in an automobile accident, writes that they think now that the girl has a good chance for recovery. She is Vivian Noyes, aged sixteen, a daughter of Ray Noyes, eldest son of Mrs. Freida Noyes.

When crossing the street she was struck by a car, suffering a fractured skull and arm, as well as other injuries.

The July meeting of the Women's Christian Temperance Union took the form of a picnic, which was held Thursday at the home of Mayor and Mrs. J. A. Barber. The lesson for the day was on the sale of narcotics, with Miss Maud Thomas as leader. She also had charge of the devotional. There were talks by Mrs. Ed Post and Mrs. Newlin, acting pastor of the Friends church. Mrs. V. J. Thomas read the resolution pact made at the last state meeting of the organization. Rev. H. S. Warren spoke on the subject of easily broken laws. There was a business meeting with a report from the committee which had been appointed to interview the various candidates in the county who have filed for office, with regard to their standing on the wet and dry issue. A picnic supper was enjoyed following the program.

Mr. and Mrs. Leo Turner have been entertaining several relatives of Mr. Turner, who arrived Tuesday. They were Mr. Turner's mother, Mrs. Hattie Turner of Lincoln, and his two sisters, Mrs. Ray Towle of Milford, and Mrs. Earl Kramer of Scribner, and their children. All the guests left Sunday except Mrs. Kramer, who is leaving on Tuesday of this week.

FAST ANSLEY TEAM TAMES ORD MUSTANGS

Ord Unable To Solve Offerings of Wunderwald; Army Wild; But Effective in Pinches.

Manager Charley Arnold's Ord Mustangs suffered their second consecutive loss Sunday when Ansley defeated them 3 to 1 on the Ord field. The game was listless and witnessed by but a small crowd. The Ord loss lowered their standings in the Loup Valley league.

Ansley scored their first run in the fifth inning when Wunderwald walked with one down and Turpen hit for two bases to score the Ansley pitcher. Knapp flied out to Burke and Browné was out to Johnson to Athey to retire the side.

Ord came back in the sixth inning to tie the score on a walk and an error. Ansley put the game on ice in the first of the seventh when they scored two more runs. One walk and two hits by Turpen and Knapp accounted for the two winning runs for Ansley.

Ord lost a good chance to score in the ninth inning by bounthead base running. Johnson was out on a fly ball. Covert singled and went to third on Athey's single. Athey attempted to steal second and was caught. Burke struck out to end the game.

The Ord lineup was strengthened somewhat Sunday with the addition of Bodie at second base. Bodie, who hails from Omaha, fielded well but appeared to be weak at the bat, failing to get a hit in four trips to the plate. Ernie Hill, Ord hitting ace, was held hitless by Wunderwald, Ansley thrower.

Army Armatis pitched fairly good ball for the losing Ord club, allowing but six hits and striking out nine men. His teammates failed to hit when his mates ran connecting for but five hits during the game.

Stronger Scotia Team To Meet Ord Sunday

The newly bolstered Scotia baseball team will tangle with the Ord Mustangs at Russell park next Sunday. Scotia has been playing in and losing the early season but a fan who has seen them in action in the last few games say they have a coming ball club. Now comes word that several new faces will be seen in their lineup Sunday when they take the field against Manager Arnold's team. Among them will be Russell Sauter, R. Williams, university of Nebraska star catcher, and Bergin, state league pitcher. Against this lineup the Mustangs will be in for a busy afternoon.

Ord is still in the race for the league title, being only two games behind the leaders and are confident that they can stay in the race. It is possible that Andy Jensen will again be in the Ord lineup Sunday and in case he is Bodie will probably get the catching assignment.

Junior Legion Team Loses To Grand Island

Despite the fact that Don Paddock, Ord hurler, struck out nineteen men and allowed but six hits, the Round's Junior Spuds, Ord Legion nine, were defeated 16 to 9 by Grand Island last Wednesday. The game was played as the first round of the eighth district Legion tournament. The Ord loss eliminated them from further play.

Paddock pitched wonderful ball for Ord and deserved an easy victory over Grand Island. His teammates erred consistently and only by his brilliant pitching did he manage to pull out of bad holes. Paddock hit safely three times.

The Ord club hit two Grand Island pitchers for sixteen hits but failed to cash in on runs when bone head baseball and poor base running developed. The Ord club ran the bases poorly as the score indicates.

Outside of Paddock's masterful pitching, Clochon's catching for Ord was the only prominent work done by Ord men.

Big Bill Tilden May Be Bent But Not Broken And His Comeback At Wimbledon Shows He Would Add Balance To Davis Cup Team

BY PHILIP MARTIN

PROMINENTLY displayed

A headline in newspapers of a few days ago was: "Tilden Regains Wimbledon Crown."

The fact that William Tilden III of Philadelphia won another championship is not of such great importance. The fact that Big Bill won another tennis title at the ripe old sports age of 37 years, after most tennis experts had consigned him to the scrap heap, is worthy of more than casual note.

The singles championship of all England is not entirely new to Big Bill. He first won the honor in 1920 and repeated his triumph in 1921. Back in those days, however, there was hardly a tennis crown of any import that did not fit the brow of the lanky Philadelphian. He was king of them all then. Since that time, though the ravages of old age have taken something from Big Bill in the way of wind and leg power, leg stamina and speed of foot. One by one he has been stripped of his laurels, first, by the brilliant Frenchman, LaCoste and Cochet, and then by his own countrymen, Lott, Allison and Doege.

I'M wondering if Tilden would have won the Wimbledon crown this year had it not been for the inspired play of Wilmer Allison prior to his match with Big Bill. The Texan met and defeated Henri Cochet, the defending champion, on one of his few days. Cochet went down to Allison in straight sets. Then Tilden came along to knock off his American friend the same way.

Harry Williams Is Victim of Gross Joke

Harry Williams about made up his mind last Friday that it was his unlucky day and looked up a calendar to see if it was the 13th as well as Friday. He had left Ord with Eugene Leggett, their wives accompanying them, Thursday morning, for Cullen lake they got to St. Cloud some time Thursday evening and Friday morning Harry discovered that he had lost his pocket book. They got to the lake shortly before noon and sending the wives to town to get supplies, licensees, minnows, etc., the boys went fishing and Harry was arrested for fishing without a license. He wrote the Quiz saying that he had good notion to jump in the lake, swim to shore and beat it. It soon developed that he was merely the victim of a practical joke so far as the arrest was concerned, engineered by Frank Gross and others in camp as a sort of initiation for the newly wed and Harry says they all had a lot of fun over it after he found that he was not facing a heavy fine or jail sentence. Charley Cox of Omaha is going to be sorry he was not there to help play the joke.

Crop Conditions Good In Valley County

Valley county farmers are now amid their busiest season of the year—the grain harvest is in full swing and most farmers are finishing up laying by corn. In some stations the second cutting of alfalfa demands attention. Crops as a whole compare favorably with normal years, it is thought.

In the Hayes Creek district, south of Ord and east of Arcadia, wheat is expected to yield above normal bushels per acre. Some fields will probably make as high as thirty bushels with other fields making lower yields. Oats are expected to yield about thirty-five bushel to the acre in that district while barley is going to be cut over that of last year, it is estimated before harvesting.

In practically every township in the county, farmers will be getting well along with small grain harvest this week. In some sections, however, the grains are irregular and much is not ready to cut. Wheat is so low in some cases that the binders have to be set the lowest possible to cut the grain.

Although corn needs rain, it is not believed that it is suffering in Valley county yet. The growth, however, has been slowed up by recent hot weather. Corn does not look good in some communities and north of Ord it is reported to have started firing. If no rain falls within the next two weeks, the late variety will probably be the best.

In some vicinities farmers are finishing laying their corn by this week. The ground has become packed by the recent hot weather, and in many cases cultivating is nearly impossible. Many farmers are not cultivating as deep as usual because of the hardness of the ground.

The corn crop as a whole compares favorably with normal years, it is believed. The late rains caused many farmers to plant late corn but the corn has grown to where it looks as good as in recent years.

John Emerson Cramer

John Emerson Cramer was born at Fairfield, Ohio November 27, 1847 and departed this life at the home of his son Ray near Presho, S. D. July 12, 1930, being 82 years 7 months and 15 days of age. He was married to Miss Myra Swift at Titusville, Pa. December 17, 1875 and they came to Ord, Nebraska in 1882, this being their home except for 16 years since. They spent ten years in Kansas and he has lived 6 years in South Dakota. Mrs. Cramer passed away in 1919.

Five children, four sons and one daughter are left to mourn the goings of Mr. Cramer. They are James E. Cramer of Newbrook,

The remains were brought from Dakota Monday and a short burial service held at the Ord cemetery where interment was made, Rev. McCarthy of the Ord Christian church having charge of the services.

Someone Got Even
L. B. Johnson, popular state auditor was greatly embarrassed two years ago when Fred L. Johnson filed for the same office and came near beating him. Fred was a candidate again this year and some induced Fred Johnson of Greeley county to file for the same office, which might have had the same effect of splitting the Fred Johnson vote in the primary. It is now said that the Greeley county Fred Johnson has been induced to withdraw from the race. It was clearly a case of too much Johnson, at least in the eyes of the Fred Johnson who was making his second race this year against the popular state officer L. B. Johnson. We don't know whether it was more dirty politics or not but suspect that it was.

Wilbur Zanger cut rye and barley for Clifford Goff Friday and barley for Cecil Oliver Saturday.

Harold Fish spent Saturday night and Sunday with Lester Peterson, Dorothy Fish spending Sunday at Peterson's.

Mary Fish stayed in Ord Saturday with her grandmother, Mrs. John Fish.

Mr. and Mrs. Devilla Fish, Richard and Mildred were dinner guests of Mrs. Fish's mother, Mrs. Kasson of North Loup, last Sunday.

Crops in Valley county appear to be as far along as those in adjoining counties and those further west, although it is to be expected that corn should be further along than in the western counties. Corn is not suffering a great deal as yet for the want of rain but needs it.

Western Nebraska counties received good showers last week end to make all crops look better. In Box Butte county last week, they received about three-quarters inches of rain on Friday and Saturday. Corn in that section, where it is grown, did not appear to need the rain. Small grain was suffering little.

As reported in state papers, some western Nebraska farmers are planning to cut and stack their grain this year, instead of using the combine as in the past few years. Whether the majority of the big wheat growers will make this practice remain to be seen.

Ted Hile, superintendent of the barberry eradication surveyors in this county, believes they have a real job ahead of them in surveying the entire county for the common barberry bush and seedlings. One plot west of Ord is the biggest found as yet in the county. Hile believes the nearby wheat and rye fields have been hurt considerably by the rust from the bushes and seedlings.

With the passing of the many so-called old-fashioned practices, it appears that the old county fair is doomed. County fair associations over the state are either changing their type of fair or quitting altogether.

Broken Bow in Custer County has found that the old style fair does not pay. This year they are changing to a rodeo. Whether the rodeo will be a paying proposition as a county fair there remains to be seen. It has paid out at Burwell but it may prove to be a different thing at Broken Bow.

Burwell got into the rodeo business at the right time. Directors of the Valley county fair sensed the failure of the local association unless the type of fair was changed.

They started putting on auto races and since have had wonderful crowds. Burwell has put on a real rodeo and made their county fair a paying proposition.

Valley and Garfield counties were pioneers in their respective fields and to them belong the spoils. Other fairs will try to put on similar fairs but they will find plenty of competition in the two pioneers.

People today demand something new, different, and thrilling. Valley county and Burwell have given them what they want and the people are patronizing their fairs as a result.

Charley Arnold, Ord baseball have the diplomacy of Alexander Legge, chairman of the Farm Board, but no one has asked him to quit as yet. In that respect, he claims he is different from Legge. Yes quite different, Charley.

Nebraska Farmers May Store Grain

By the provision of an act passed by the special session of the legislature last January, Nebraska farmers will be permitted to store their own grain on their own premises and borrow money on their holdings up to about 75 per cent of the market value of the grain.

The details of the storage plan are being worked out by H. J. McLaughlin, State Secretary of Agriculture. The plans allow any farmer to store his grain in his own buildings, under certain rules governing storage. An agent of the State Department of Agriculture will inspect and measure the grain and seal the bins in which it is stored. A certificate will be issued to the owner which he may use as a collateral for a loan. Through an arrangement with the federal loan officials liberal loans will be made on such storage grain.

It is believed that the new warehouse law will work to benefit the growers of wheat. They will not be compelled to dump it on a low market but may hold it in their own bins on their own farms without the expense of renting storage space. If the grain is stored on the farms it will not be hurled off to glut the market as in previous years. This new storage act will, it is confidently believed, act as a remedy for many grain marketing ills, more particularly the one which occurs in the form of a declining market when the great avalanche of wheat strikes the terminal markets in the height of the threshing season.

With his grain stored on his farm and under his personal control, the farmer is in much better position to protect himself. When the market does not suit him he can hold his grain without expense. He will have more than he ever had before to say how his product shall be marketed.

GENERAL PRICE CONDITIONS ON UPWARD TREND

Hedges Says Business Conditions Promise To Pick Up After Summer Slack.

Progress of new crops of corn and wheat will largely determine the trend of prices for these products for Valley county farmers in the next thirty days, Harold Hedges of the agricultural college says in his July Nebraska economic situation report. Valley county farmers may expect some recovery in hog prices, firmer cattle and butter prices, steady to higher egg prices and lower poultry prices, he believes.

Nebraska will produce 66 million bushels of wheat, the country as a whole 507 million bushels or about a normal crop, the report states. Canada's prospects for a spring wheat crop total 401 million bushels compared with 277 million last year. Considering present conditions and carryover, the amount of wheat in the U. S. and Canada this year would be about 100 million bushels larger than last year.

Larger crops of oats and barley plus a good carryover of old corn will tend to hold corn prices near present levels even though dry weather continues, the report states. More barley is grown in Valley county than before, it is thought.

The seasonal trend for hogs is an upward price, the supply is not burdensome, the spring pig crop is estimated at six percent lower than a year ago, all of which should mean a recovery in hog prices in spite of the general business decline. It is probably true, locally, that there is a smaller spring pig crop than in normal years.

Fat cattle prices may move up and down as market receipts vary but the tendency should be toward firm prices during the coming month. Receipts during the past two months indicate that feeders have sent in their cattle regardless of condition.

Flies, hot weather, and dry pastures will tend to reduce butterfat production and steady the butter market. Storage stocks of butter are still large. No unusual rise in price levels can be expected.

Egg prices may come up with the drop in production although the number of eggs in storage July 1 was exceptionally large. Poultry prices will continue downward according to seasonal trends and because of the surplus in storage.

Retail prices of food products have been slow in coming down to correspond to present farm price levels. The sooner such adjustments are made, the sooner the consumer demand will pick up, Hedges stated. Business conditions promise to pick up after the summer slack season or at least by the latter part of 1930, economists believe.

Coats Herd Bull Sold To University

U. Nebraska Scotchman, Jersey herd bull in the E. S. Coats and Son herd, has been sold to the University of Nebraska to head the state farm herd, according to an announcement made today by Ernest Coats. The bull goes back into the herd from where he was purchased four years ago by Coats.

Prof. H. P. Davis and Herman Rohlsmeier, prominent dairymen in eastern Nebraska, visited the Coats farm last week and closed the deal whereby the Scotchman is to go back into the University of Nebraska herd. Davis, who is the head of the dairy department at the college of agriculture, bought the bull after seeing his helpers and looking over their records of production.

The Jersey Home Farm took a young bull from the Nebraska herd in exchange for U. Nebraska Scotchman. He will be added to Wayne Coats' show herd. Young Coats expects to show ten Jerseys at fairs this fall.

Rev. Moorman has been suffering for several days with intestinal flu and has required the services of a physician. He was not able to conduct Sunday services last Sunday but is said to be improving.

Stock Must be Reduced
Because of my illness my stock must be reduced and I want to ask my friends and customers to look over my stock and select such goods as they need at this time. Everything is being priced at cost and some things below what it has cost on the shelves and there are many real bargains. I have a large stock of hose, underwear, baby things, fancy and useful dishes and you will really be surprised when you come and see how ridiculously cheap many things are being sold.

Ord-Arcadia Road Definitely Located

State Engineer Cochran has written County Clerk Ign. Klima that the Ord-Arcadia road has finally been approved to go west from the Ferris corner to the Chas. Bals corner then south past the Brace school house and on the balance of the way on the road as at present traveled and that it will be completed as speedily as possible.

However, there has been so much trouble over this road that the Quiz is not going to be surprised if something is yet done to upset the dope bucket and cause the making of the road to be deferred until some other year.

Highway 11 Changed; Eliminates One Turn

A change has been made this week on No. 11 and it now goes on north from the Ford garage a block to the Guy Burrows corner and then straight west out of town. This eliminates one turn on the highway in getting through town.

Find More Barberry Plants

Three more barberry bushes were found in Valley county during the past week, Ted Hile, barberry eradication crew superintendent, told the Quiz late today. Hile declared that the bushes were escapes from the bushes and seedlings found on the James Petska place last week. The eradication campaign takes the four government men to all corners of the county.

Two of the bushes were found on Victor Clemmy's place in a canyon. The other was located on A. Novotny's farm. All are about one and a half miles from the original bushes. Barberries on both locations were rusted, it is reported, and a field of rye nearby was heavily infected with stem rust.

A display of the common barberry is to be seen at Crosby's hardware in Ord.

Ord Teachers Wed.

The following items clipped from the State Journal tell of the marriage of two former Ord teachers:

July 28 Miss Clara Morris, daughter of Dr. and Mrs. Frank S. Morris of McCool Junction, and Claude S. Anderson of Denver, son of Mr. and Mrs. R. L. Anderson of Volney, Va., at the home of the bride's parents.

July 29 Miss Corrine Mackprang, daughter of Mrs. J. S. Mackprang, and Orville T. Carlton, of Galesburg, Ill., son of Mr. and Mrs. C. Carrington of Lincoln City, at the home of Mr. and Mrs. H. S. Weatherbee in Omaha, 2:30 o'clock.

O. P. Bailey

The spirit of O. P. Bailey took its immortal flight from its tene-ment in Ord, July 11, 1930. Interment was in the Ord Cemetery, July 13, under the auspices of the order of the Knights of Pythias after religious services at the residence conducted by the Reverend McCarthy of the Christ-ian church of this city.

O. P. Bailey was born in Utah, California, January 20, 1874. He had resided in Ord since 1886 and for twenty-three years together with his father, L. M. Bailey, deceased, and his brother Clarence, the largest department store in the Loup Valley. During this time many friendships were made which will live always in the memory of those who are still left. After disposing of the store Mr. Bailey was largely interested in the telephone business in Ord and was active in Banking, being a stockholder and a Director in the First National of Ord. His quiet and unassuming manner endeared him to those who knew him best. He was public spirited giving always of his efforts and means to make Ord a better place in which to live.

For thirty years Mr. Bailey was a member of the order of the Knights of Pythias, which order he truly stood for the best in mankind. He was a member of the First Christian church of Long Beach, California.

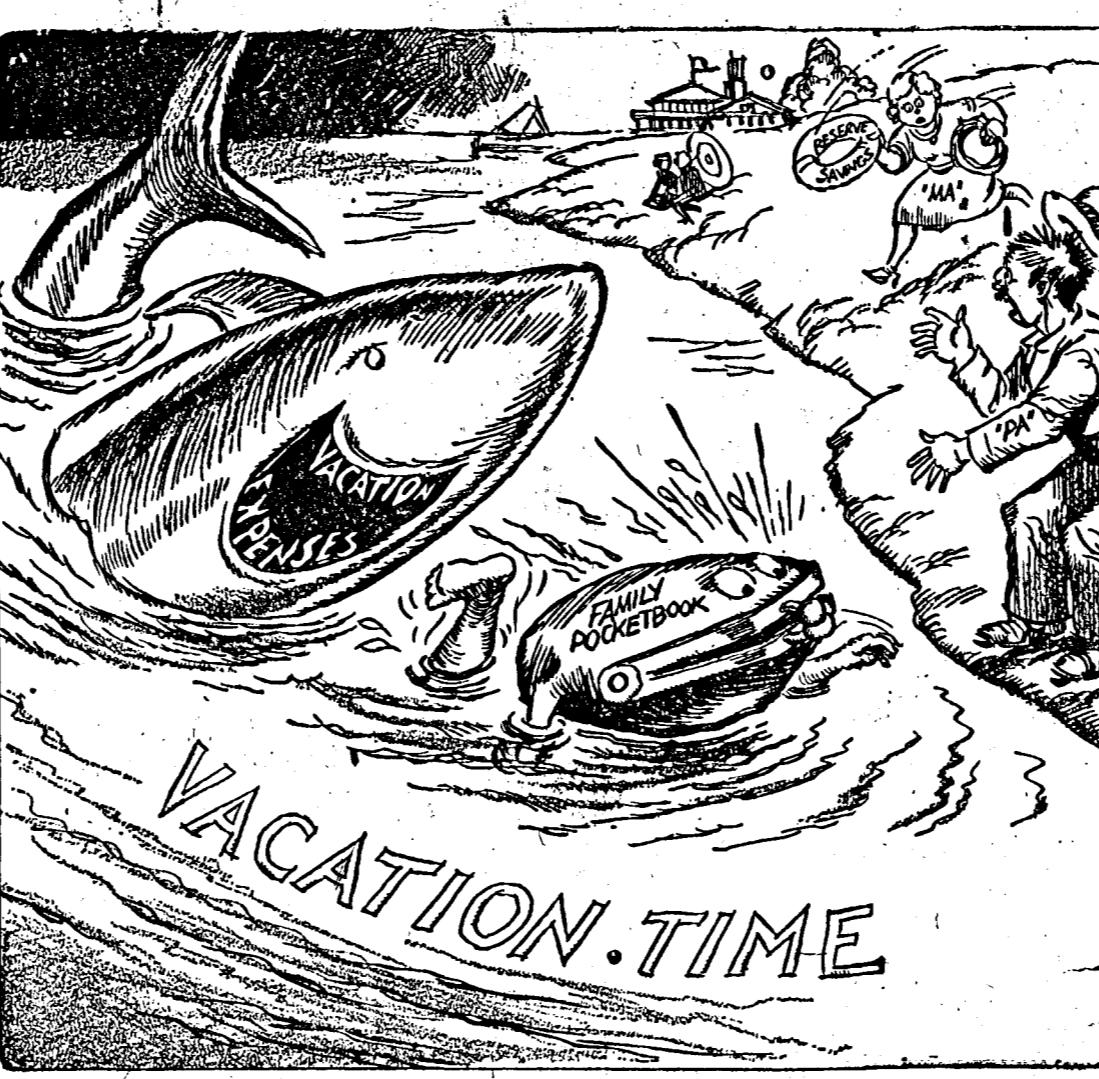

The floral offerings were profuse and beautiful attesting the esteem in which deceased was held by the many sorrowing friends who gathered to pay the last tribute of love to the memory of one whose going away they mourned.

The surviving relatives are Lulu M. Bailey of Ord, Mrs. Laura Murrah of Temple, Texas, Clarence Bailey of Long Beach, California, E. B. Bailey of Holland, Texas, seven nephews and three nieces.

Electon Ballots Being Prepared This Week

County Clerk Ign. Klima brought the copy to the Quiz Tuesday afternoon for the primary election ballots and the work of preparing them will be going forward this week end, though they will not be printed till after the first of August. The work of setting and getting everything approved is the big job.

Dr. Roy Cram of Burwell was

Without Opposition

Court Attorney George Munn is another county officer who is going to succeed him self without opposition probably. George is recognized as an efficient official and no better man could be found for the place. He is running on the democrat ticket but really politics should cut no figure in county politics anyhow. Where there is a contest voters should vote for the best man. Ign. Klima says he included the name of Mr. Munn in a list of candidates furnished to the Quiz two weeks ago but it failed to be printed. The copy was destroyed and we are conceding that Ign. is right and that it is our mistake, though we are at a loss to see how it happened.

Norris Financing Not Explained

So far no one has been found who knows a thing about the financing of Groceryman Norris of Broken Bow. Norris himself got to Lincoln after Senator Nye had completed his hearing in Lincoln and explained that he had not been hiding out. He also said he went in to win on his own merits and not at the behest of anyone else. He said he might file as an independent candidate. He said that he could have been located at any time had inquiry been made of his attorney, Mr. Johnson of Broken Bow. The funny thing about that though, is that Mr. Johnson, when questioned, denied knowing anything about Norris. Many were called and questioned but none of them knew a thing. Men who talked freely before hand about what would be done this year to Senator Norris, said when questioned by the committee, that they didn't mean a thing by what they said. It is a funny situation and a lot of those guys would no doubt make successful fishermen. The size of the matter is that they now realize that they are in a mess and they are getting out the best way they can. Of course no one believes adaword they say when they deny knowing about the Broken Bow Norris deal. Of course they know, some of them.

In Kansas Buying Goods

It is dry in Kansas and merchants are going broke and Vernon Robbins and Alvin Blessing are down there this week buying more goods for their Ord store. William Baird who is in charge of the Ord store while the proprietors are away, says that they wired him of large shipments which are on the way.

Replastering Sowl Rooms

Bad plastering in the Masonic building in the rooms occupied by Mr. Sowl has resulted in considerable damage to his stock and this week the place is being replastered. Wm. Carlton doing the work.

It is fifteen years since Mr. Kennedy began commercially producing honey at St. Edwards.

Elmer Kennedy, at St. Edwards, is reputed to be Nebraska's greatest honey producer. Really Mr. Kennedy is only the wise caretaker and manager of a great colony of busy assistants who are tirelessly at work all summer transforming the nectar of flowers into the concentrated food, honey.

It is fifteen years since Mr. Kennedy began commercially producing honey at St. Edwards. Now he has 300 colonies of bees split up into seven or eight yards scattered throughout the Beaver valley.

Accidents In Nebraska Show Large Increase

People are becoming more careless. The Nebraska Press Association, cooperating with the state, keeps a record of all accidents reported with the cause and the period for the two weeks ending Saturday July 4th, shows a 45 per cent increase in accidents over the same period last year. There were 474 accidents in Nebraska for the 2-week period, with 14 deaths. 210 of the accidents were auto accidents. The total number of persons injured was 520. Of this 520 injured, 29 of them were permanently disabled. Think what it means if 29 cripples are made each 2-week period during the year? Some of the more numerous causes of auto accidents are collision, skidding on loose gravel, losing control of the car, striking pedes-trians and reckless driving.

Mr. Kennedy has proved that Nebraska is a good honey state. The increasing acreages of alfalfa, clover and blooming crops that yield honey finds its way into the export trade. The United States is a large exporter of honey, 11,805,000 pounds being exported during the year ending June 30, 1921. As many as 75 carloads of honey have been shipped to Germany in a year's time.

He Is Conservative

The Quiz doesn't know just what the people of Nebraska want in the way of an attorney general. The primary, soon to be held, will make that clear. The Quiz knows however, that Bert M. Hardenbrook is a conservative, quiet business lawyer. He is a good lawyer too. He has had enough experience to know how to go about handling the legal business of the state and his training and environment has been such that he has the interest of the great majority of people at heart. He is not a fourfurther and does not and will not if elected, play to the grand stand. He will not be found always setting up straw men and knocking them down to get into the limelight. Valley county at least should give Mr. Hardenbrook a very large vote at the primary August 12th.

WE LIKE TED METCALFE

There is a whole bunch of candidates for Lieutenant governor on the republican ticket but the writer likes Ted Metcalfe the best of any of them and is going to support him for the office he seeks. He is a son of Dick Metcalfe, now mayor of Omaha. Mayor Metcalfe is a democrat but Ted is a republican and a live wire businessman. We hope to see him win the nomination for Lieutenant governor. We don't want to try to influence anyone who has another favorite among the bunch of candidates for no doubt they are all good fellows but we can say that if you have not made a decision you won't make a mistake by voting for Ted Metcalfe when you get to the office of Lieutenant governor on the republican ballot.

Contest Nearly Ended

The contest which has been interesting the kiddies and some old enough to be just kids at the McLain-Sorenson drug store, will end Saturday evening this week. If you have a favorite whom you want to help win a prize, now will be your last chance to do so.

Small purchases get big votes for the kids. Be sure to ask for your tickets and vote them for your favorite.

Mrs. W. L. McNutt who left last week and to drive to her old home, Charleston, Illinois, writes that she had a fine trip and was en-joying her vacation. She was accompanied by her son Jack.

Burwell Rodeo To Be Held Earlier This Year

The Burwell Rodeo comes a little earlier this year, the dates being August 12 to 15 inclusive. Members of the management were in Ord Tuesday putting up advertising and visiting business men. 1000 additional seats have been added in the grand stand and other improvements to buildings and grounds have been made and the program arranged for this year is faster and better than ever before. Jack Bristol told the Quiz Tuesday that there would be something of interest doing every minute of the time. We want Quiz readers to watch for the large announcements which will appear in this paper next week and the week after, when as much as possible will be told about the attractions. Already people are arriving in Burwell to remain over the big show. Hundreds come from many states and spend their vacation there, some camping and some boarding with people of the town.

Return Gems, or Jail; Girl Gives Up Jewels

"Given three hours to determine whether she wanted to give up a diamond ring and two earrings or go to jail, Ida B. Bartunek this afternoon gave up the jewelry.

Remember the Band Concert

Remember the weekly band concert will be held at the usual place on Friday evening this week. Some of you forgot that it was put off till you got down town last evening and then you looked foolish and went home again vowing that you would come again Friday evening anyhow.

Norene Hardenbrook Reported Seriously Ill

A phone message Tuesday evening from Bert M. Hardenbrook summoned Mr. and Mrs. Forrest Johnson to Lincoln. Mr. Hardenbrook said that the Drs. gave him no encouragement for the recovery of Miss Norene.

Got A Nice Rain

Ord got about a quarter of an inch of rain during Sunday night but it amounted to a half inch at the Ferris place a couple of miles south and to an inch or more at the Sam Roe farm and generally over Mirs Valley. It was a fine rain for the south half of the country and as this written there are indications of more rain.

Driving through the country Sunday the writer had to admit that he never saw a better crop prospect. If thickness of shocks of grain in the fields is anything to judge by, we have a good small grain crop and corn prospects are wonderful. It has been pretty hot and some slight damage may have been done. Farmers say there is plenty of subsoil moisture however and that with more moderate weather and a reasonable amount of rain the next few weeks, we should have a bumper corn crop. There is an old saying that we don't usually get a good small grain crop and a good corn crop the same year but that rule may be abrogated this season.

Threshing was to start Monday morning in several neighborhoods but the rain may have delayed the start. We expect to have several threshing reports before Thursday morning, so as to give some idea of what the yield of grain is going to be.

feature of the agricultural hall exhibit at the Valley County Fair will be a berry educational show. It is planned to show, with the consent of the fair board, an exhibit such as is shown at the Nebraska State Fair.

The exhibit will probably emphasize the importance of ridding the country of the common berry. Two men will be with the exhibit to help explain it to Valley County Fair patrons.

Burkholz is a native plant, much to the surprise of many local people. The plant was originally sold by nursery companies for decorative purposes and it was not until about 1919 that they stopped distributing the plant. Now it is found growing wild as well as about some farmyards.

John Prien, a Quiz reader, doesn't see a very rosy outlook for butterfat prices until quite a few months have passed by. John recently told me that he would hate to forecast the butterfat price next fall. It would be like trying to find a rose in a cactus bush.

In traveling over Valley county, it appears as though the Hampshire hogs are gaining in popularity each year for more farmers are raising them here each year. The increased number can be observed in most localities.

Some years ago, farmers in this county who professed to be Hampshire men were laughed at. They were thought to be foolish as the Hamp was looked upon as a poor hog. In recent years, changes have been made and the Hampshire are gaining in popularity in Valley county as elsewhere.

Some local Hampshire men even go so far as to declare that among their breed there is never sickness. Perhaps the Hamps are a thrifty breed but, nevertheless, disease has been found among them.

With the decreased spring crop of pigs over the country, it seems as though farmers in this county have fallen in line and produced fewer spring pigs this year than usual. Some farmers who previously raised but a few pigs are now practically out of the business while many of the big hog raisers have cut down their spring crop this year.

All members of the Davis Creek pig club were present at the regular meeting held at Donald and Lloyd Axthelm's July 8. Lessons on feeding of purebred pigs were discussed. Clarence Jeffries, club president, had charge of the business meeting.

It was decided at the meeting that the boys would feed pig chow. In buying a thousand pounds from a dealer in North Loup, they would purchase it cheaper. The next meeting place has not been decided upon.

Relief From Curse Of Constipation

A Battle Creek physician says "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderly has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or even increasing the dose.

NOT SURPRISING

There is no question but that the power trust is fighting George W. Norris and it is not surprising that they are for he has fought the power trust in and out of season for so many years. George W. Norris could have been a rich man now had he been dishonest enough to do what many others have done but his worst enemy will not say he has ever been hushed with money from any source and finally the power trust has decided to break him at any cost. I was told in both Omaha and Lincoln months ago that a way would be found to unseat him this year and I was also told that his enemies would not hesitate to spend a hundred thousand dollars or more in Nebraska this year to defeat him. When George W. Norris, Broken Bow grocer, sent in his filing for the office of railway commissioner and paid his \$10 filing fee, a way was seen to defeat Senator Norris and in two or three hours a flying machine from Lincoln alighted at Broken Bow, it is said and Grocery Clerk Norris was sought. His filing for U. S. Senator followed at once. He also disappeared. When it was announced that he was left on the ticket Senator Norris would file as an independent, the comeback was that the Broken Bow Norris would, in that case also be filed as an independent. Friends of Senator Norris claim that a power trust attorney in Lincoln carries the necessary papers to withdraw the Broken Bow Norris at will or use him in any way desired. If this is true and he was elected of course the power trust would be able to use him the same way after he got to Washington. If he would sell out to the power trust to defeat Senator Norris he would, after election, sell out to the liquor interests to defeat prohibition. A man who will lend himself to such a proposition would always be an unsafe man in any position. He would not have the respect of any man even if he had the experience and the ability to be a United States senator, and any loyal Nebraska voter can support such a man or countenance and defend his being in the race he is in a mystery to me. It is not only the privilege, it is the duty of every Nebraska voter to oppose Senator Norris if he or she believes he is not the man for the place but the opposition should be honest. Dishonesty and trickery will not win in the end. It might and may defeat Senator Norris and being an old man he might never be able to come back but it will be a stain on the state and a stench in the nostrils of every honest voter in the state if it is done.

WASTING STATE MONEY

The writer is told that a paved road is being built out of St. Paul toward Grand Island, along the Union Pacific railroad on an entirely new right of way. There is now a good gravel road between the two cities. No doubt the time may come when a paved road down there will be both desirable and economical but that time is, in the judgment of the Quiz, not till this end of the road is out of the mud and gravelled. It costs a lot of money to pave roads, in fact it is expensive to make gravelled roads, but people up and down this valley, have had to drive through mud for a good many years since there was a gravelled road between St. Paul and Grand Island and it doesn't seem fair or right to build a paved road there now and let us drive through mud. Well known and prominent business men of St. Paul are quoted as saying it is an outrage that a paved road south from that city is not needed and that it would be far better to first get this end of the road out of the mud.

TIMES ARE HARD

At least almost everyone says times are hard. Perhaps if we didn't talk hard times so much people would think they are. Lord, Alc. Legge and Secretary Wylie are quoted as saying at Hastings recently that the present business condition has not been equalized since the well remembered panic of 1873 and I guess they said it for several who heard them speak say so. That seemed to me an unwise statement for such prominent government men to make unless the facts bear them out and many good business men seem to think the facts do not do so.

Take my own case. Times are hard for me because advertising has been very light all the year. Many people have not paid their subscriptions and have had to be dropped from the list. Many people who have job work done have stood me off and all these things have made it impossible for me to pay debts as I would like to do. Farmers have many of them lost lots of money on their feeding operations. They are all getting fifty per cent less for their eggs and cream than they got a year ago and the present prospects for grain prices make them so blue that they don't feel like buying and if they have a little money saved they feel that it is wise to keep it, even if debts are not paid. Merchants are failing in business, quitting business while they still have an equity rather than continue in the face of present conditions. Few merchants are trying to expand

their business. They are just hanging on.

But why should we be facing such a condition. Land, the base of all prosperity can be bought cheaper today than for many years. Good Valley county improved farms can be bought from \$35. to \$125. per acre which is in marked contrast to the \$150. to \$250. prices which prevailed a few years ago. We all know that as a rule a profit cannot be earned on \$200. or \$300. per acre land. A profit can be made on \$50. land however, even at present prices. We talk about getting back to normal, meaning the prices that prevailed a few years ago but we are all wet for normal is the other way and we are getting there, have been headed that way for some time and probably we are about there. I believe the high prices during and shortly following the war were the unusual conditions and not the present. Present conditions are more nearly what we may expect in the future unless some unusual thing happens to cause an unusual rise in prices again. Merchandise of all kinds is getting cheaper. Good clothing can be bought for about half what it cost a few years ago. Meats and cereals for consumption are coming down. Automobiles are being sold for hundreds of dollars less each and tires were never so good or so cheap as now. The banks are full of money and it will not be kept long without being put to work. Confidence is lacking right now but once confidence is restored I believe we can all make more money than we have made since the war days and those were unhealthy conditions which we don't want to see again, ever. Lets quit talkin' hard times and go to buying some of the farm bargains that are offered and then lets get some of the former farmers who were forced through circumstances to leave the farm, back onto the job of raising pigs and chickens and cream and eggs. At best a farmer in town can only hope to make a bare living. He is sure to be able to raise that on the farm and there is a chance of doing better over a series of years, provided we have learned the lessons which the experience of the past few years should have taught.

July 15, 1930

Dear Mr. Leggett:

Enclosed find \$2.50 check to pay one year's subscription to the greatest family need on earth. I believe this is the correct present price of the Quiz?

Thanks very much for this cool-weather.

And may your shadow never grow thinner.

P.S. Glad you got those fish, for that's brain food. We all need 'em.

I have been very careful not to make any claim of catching a lot of fish during my vacation. I have said repeatedly that a 3 pound bass was the largest fish I caught. But when I heard Stanley McLain, Bill Sack, Emil Fafita and some of the others tell their stories I feel like a piker or a politician and think it is a mistake to try to be conservative and tell the truth or a little less.

"What's Wrong With Nebraska" has been asked and the Nebraska manufacturer gives the following answer: "Nothing wrong with Nebraska except that entirely too many of us get up in the morning at the alarm of a Connecticut clock, button a pair of Chezou trousers to Ohio suspenders, put on a pair of shoes made in Massachusetts, wash in a Pittsburgh bath, using Cincinnati soap and a cotton towel made in New Hampshire, sit down to a Grand Rapids table, eat pancakes made from Minneapolis flour, spread with Vermont maple syrup and Kansas City bacon fried on a St. Louis stove, buy fruit put up in California, seasoned with Rhode Island spices and sweetened with Colorado sugar, put on a hat made in Philadelphia, hitch a "Detroit mule" fed on Texas gasoline to an

SENATOR GEORGE W. NORRIS
TO RUN AS REPUBLICAN

GEORGE W. NORRIS

Nebraska Supreme Court Justice Goss decided last Friday that the Broken Bow grocery clerk Norris could not be on the republican primary ballot. An appeal was taken to the U. S. courts but it is not believed by politicians that any change will be made. Judge Goss held that the filing of Norris did not reach the office of Secretary Marsh soon enough, thus the ruling of Marsh was reversed as was also previous custom which has always been that a candidate could get on the ballot if his filing was mailed in time. Hereafter candidates will see to it that their filings are in the office of the proper officer before the time limit is up.

The filing of Senator Norris had been for a period of 60 days and had been

the Broken Bow Norris been interested in filing any length of time he could have been on file in time. Senator Norris denied the statement of C. A. Sorenson that he would run independent and said he would make his race as a republican. Norris and Stebbins are the two leading candidates.

Oho plow and work like hell all day long on a Nebraska farm covered with New England mortgages, send our money to Ohio for auto tires, wondering why Nebraska taxes are about \$2.75 per acre while the farmers of Ohio pay \$1.00 tax and drive on paved roads and at night we crawl under a New Jersey blanket to be kept awake by a damn dog, the only home product on the place—wondering all the while why ready money and prosperity are not more abundant in this wonderful state of ours."

Ord business people might add to this, "And buy all printing of the home office."

Thanks very much for this cool-weather.

And may your shadow never grow thinner.

Very truly yours,

R. L. Staple

I believe it is a mistake to worry and talk about the hot weather. It makes us feel just that much more. Hot weather is needed to make a corn crop but sometimes we think the weather man has overdone it a little. We will get along with the heat better though if we go about our work and eating and sleeping in a sane manner and quit thinking and talking about the heat. We all eat too much all the time and especially in hot weather.

To the Voters of Valley County, Nebr.:

As the Clerk of the District Court of Valley County, I have tried to conduct the duties of the office in an efficient manner and on an economical basis. If nominated and elected I will endeavor to continue to do so.

During my term of office, I have tried to keep the records in such a manner that they will be easily accessible to the patrons of the office, so that the best possible service may be rendered to the citizens of this County.

I have met and talked with as many of the voters in the County as I could, but on account of the duties of the office, it makes it impossible for me to meet everyone. For that reason I take this means of meeting you in an indirect way.

If you are satisfied with my services, I will appreciate your vote on August 12th.

Our Motto: Progress With Economy

"WE" Join With

Firestone

To Bring You GREATER VALUES at LOWER PRICES

PRICES are low on many good tires, but there is only one "best". The Firestone Company, Firestone Dealers and Service Stores join in reducing distribution costs.

It was not enough for Firestone to originate and apply economies in tire building. Firestone now originates and further applies economies to distribution which reduce our cost and enable us to increase our volume at small profits . . . We invite you to come in and see the new Firestone Line at these low prices. We not only have tires in all popular sizes, but we have the cross sections so that you may examine the inside construction of the tire, and actually see the advantages of Firestone over other makes. You will be convinced that no such values have ever been offered you before.

LEADERSHIP

Firestone brought out for automobile use:

—The first straight-side tire.

—The first rubber non-skid tread.

PERFORMANCE

Firestone Gum-Dipped Tires;

—hold all world's records on road and track for safety, mileage, speed and endurance.

—for eleven consecutive years have won the 500 mile Indianapolis Endurance Race,

—were on winning cars in Pike's Peak race,

—where a slip meant death.

—ran 71,351 miles on a Detroit taxicab, before the first tire was replaced.

—were on the C. M. C. truck carrying a two-ton load that hung up the Coast-to-Coast endurance record.

—for 10 years have been sold on a mileage basis to taxicab and bus lines in greater volume than any other tires, and now equip the world's largest taxicab fleet and the world's longest bus line.

Arcadia News

By MRS. RAY GOLDEN

Hav. Auto Accident.
Mr. and Mrs. Warren Sinclair and Mrs. Harry Allen had a narrow escape from serious injuries Monday afternoon of last week when their car turned over as they were returning from Lincoln where they had gone early Monday morning to take Mrs. Georgeanna Cook of Dwight, Ill., who had been their guest since Friday. Mrs. Cook spent the past two years in California with the hope of benefiting her health and stopped here for a short visit with her aunt, Mrs. Warren Sinclair and other relatives before going to Lincoln to visit.

When the Sinclair family was about a half mile south of Seward on their return trip, a car coming from the opposite direction at a high rate of speed met them on a curve of the road and taking the larger portion of the highway to round the curve, forced Mr. Sinclair to turn into loose gravel where the car skidded, blew out a tire and turned over on its top. Occupants of a car from Lincoln were the first to reach the scene of the accident and they took the Sinclair party to Seward where their wounds were attended to. Mrs. Allen and Mr. Sinclair escaped with only a few bruises. Mrs. Sinclair had her right arm badly torn from the wrist and the elbow by broken glass and fifteen stitches were required to close the wound. Word was sent to Mr. Allen at Arcadia who left at once in company with Cecil Weddel for the scene of the accident. Mr. and Mrs. Sinclair and Mrs. Allen were all able to continue their journey home and the damaged car was also brought to Arcadia. The front fender of the car was damaged, one window broken and the top torn but not beyond repair.

The occupants all feel very thankful that they escaped so fortunately.

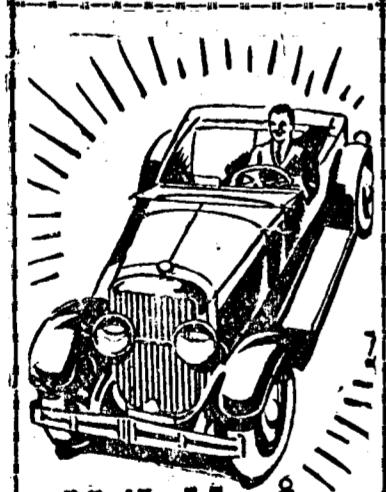

Ella Bockholdt Married

Friends in Arcadia have received news of the marriage of Miss Ella Bockholdt of Plymouth, Nebr., to Rev. Erwin E. Bode of Madeline Island, Wis. The wedding was performed Thursday evening, July 17th at 7 o'clock at the Evangelical church in Plymouth. Rev. G. Bode, father of the groom performing the double ring ceremony. The church was beautifully decorated with white lattice work, green palms and flowers. Miss Adele Bode, sister of the groom, played Mendelssohn's wedding march on the pipe organ and Miss Helen Bode and Mrs. Ruth Hill of Loup city, also sisters of the groom, furnished vocal numbers before the ceremony. Miss Esther Bockholdt, sister of the bride and Paul Bode, brother of the groom served as attendants. Following the wedding ceremony the bridal party and guests were entertained at a reception at the home of the bride's parents where musical numbers and a wedding dinner were enjoyed. The members of the Bode family are talented musicians and a special feature of the evening was the singing and playing of a love song, remembered from his youth, by the father of the groom, Rev. G. Bode.

The bride was beautiful in a gown of white chiffon, and a bridal veil held in place by a wreath of orange blossoms added beauty to the costume. The bridesmaids was very attractive in a gown of yellow chiffon. The groom and his attendant wore dark suits.

The bride is the daughter of Mr. and Mrs. Ed. Bockholdt of Plymouth. She is a graduate of the Plymouth high school and attended the State University for a period of two years. The past two years she served as normal training instructor in the Arcadia high school where she proved very capable in her profession.

The groom is the son of Rev. and Mrs. G. Bode of Plymouth, Nebr. He is a graduate of the Plymouth high school and of the Webster

Miniature Golf Course

Anton Nelson had a miniature golf course constructed on the lot east of his dwelling house. The course is a source of great interest and is attracting large crowds of amusement seekers. The equipment is painted in bright orange and black and is very attractive in appearance. There is the twang of competitive skill to miniature golf that appeals to all lovers of the out-doors. Convenient in location and with ample lighting effect for evening entertainment, it affords all the satisfaction of a cool recreation.

Overall Contest Closed

The Lee overall contest which was featured at the Bellinger store

last week closed Saturday evening. The three persons guessing the nearest to the correct number of yards used in making the huge pair of overalls which were on display were each awarded a pair of lee overalls.

866 yards was the correct answer. Asa Hodgson came first with a guess of 865 yards, Charles Piat second, guessing 860 yards and Thurman Bridges third with a guess of 876 yards. The contest aroused a great amount of interest and was the subject of much discussion.

R. D. K. Litter Club Picnic

The R. D. K. Litter club has arranged for an all day picnic at the Community park next Sunday. The members of all Arcadia 4-H clubs are invited to bring their dinners and attend.

Improve School Yard

Arcadia has hopes of an attractive public school yard in the near future. Dirt has been filled in across the front portion of the yard and an abundance of blue grass sown. The land at the rear of the building will be used as a play ground to which the school children will be restricted. As parents, let us encourage our children to respect the beauty of the school lawn and explain to them the benefit to be derived from their co-operation.

Community Club to Meet

The Arcadia Community Club will hold their July meeting at the Methodist church basement next Tuesday evening at seven o'clock.

An invitation to join the club is extended at this time, it being the beginning of the third quarter of the year and affords the opportunity to receive full benefit of the dues.

There are many of men in the community that owe it to themselves as well as to the community to become a member of the club. It is not operated for profit and no doubt exists as to the possibilities of such an organization especially when it is supported by a majority of the business men and others who take an active interest in community welfare.

Won't you give your name to the secretary, Mr. Haywood before next Tuesday evening, so we can plan on this year, at least.

First Car of New Wheat

The first car if 1930 wheat was shipped out of Arcadia last Saturday morning by R. R. Clark to the Omaha market.

The wheat was raised by Joe Tyma and Don Moody and graded No. 1 hard, testing 60 and 61 pounds to the bushel.

This was just one week earlier than the first car moved last year.

Mrs. Laura Farrell

Funeral services for Mrs. Laura Farrell were held at the Liberty church south-west of Arcadia Sunday afternoon at 5 O'Clock, conducted by the pastor of the Christian church of Ansley. Burial was in the Liberty cemetery.

Mrs. Farrell passed away Friday morning July 18th at the age of seventy-six years. She made her home with her son Lavert in Dry Valley and had been ill for about five weeks. Her husband preceded her in death about thirty years ago.

Six children are left to mourn, Mrs. Mae Graham of Broken Bow, Mrs. Sadie Marsh and Mrs. Alfred Jones of Ansley, Burt of Central City, Ervie of Ansley and Lavert of Dry Valley. One daughter passed away six years ago.

Roads Improved

Considerable work has been done on the roads in and near Arcadia in the past month. The low places in a number of the town streets have been filled in with dirt in order to prevent the standing of water. The road west from the river bridge has been graded and with a good dragging after a rain should be in fine shape. The road gang is now working on the road north of town which was also badly in need of improvement.

John Shrove

John Shrove was born on Oct. 12, 1844 in a small town in Pennsylvania and passed away at the home of his daughter, Mrs. Wm. Jung July 17 1930 at the age of 85 years 9 months and 5 days. In 1867 he was united in marriage to Julian Yohn. Nine children were born to this union, Henry of Seattle, Wm. Jerry of Loup City, Nebr., Orville of Sioux City, Iowa, Anna Wilson of Aurora, Nebr., Lizzie Snodgrass of Geneseo, Ills., Sarah Chiss of Bon Accord, Alta, Canada, Luella Jung of Arcadia, Nebr., Walter of Sioux City, Iowa and a daughter who passed away in infancy. His wife predeceased him in death, passing away on March 28, 1908. At 19 years of age he united with the Evangelical church later transferring his letter to the United Brethren church at Aurora, Nebr. Since the war he has made his home with his daughters, Mrs. Anna Wilson of Aurora and Mrs. Wm. Jung of Arcadia.

Funeral services were held at the home of his daughter, Mrs. Wm. Jung south of Arcadia Friday July 18th, Rev. Gathier conducting the services. The body was taken to Springfield, Nebr. Saturday for burial. His beloved family with twenty eight grand children and thirty two great grandchildren will honor his memory and mourn his going.

Never Too Late

We have postponed commenting on the work which was done to the interior of the Sorenson bar-bar shop recently as Mr. Sorenson has been considering additional improvement and we thought we would comment on them when all were completed. However we just can't refrain any longer in giving a description of the attractive shop.

The interior has been entirely redecorated and the wood work and fixtures painted in the pleasing colors of ivory and green. The wall mirrors have been remodelled and wall lights placed at convenient places. Two new latest model barber chairs have been installed. We think it is a mighty nifty job.

They Came, Sawed, Conquered'

There's no royal road to success but Edward, left, and Myron Higgins took a cross-cut to win fame as the world's log-sawing champs at the official contest held recently at Cataldo, Idaho. By defeating the entrant from Tasmania the Higgins brought this unique title to the United States for the first time. And they had to slash off an 18-inch log in less than 11 seconds to do it!

4-H Club Meetings

The Willing Workers Sewing club met at the Library July 19th. Helen Starr hemstitched a flat felt seam, Eva Williams demonstrated hemstitching, Helen Starr and Eva Williams took first place in the judging contest.

California Judge Faces Solomon's Task in Deciding Motherhood of Baby Girl

TWO women who had never seen each other before, met in a courtroom at San Francisco recently to fight for the custody of an eight-weeks' old baby girl, of whom each claimed to be the mother.

One of them, Mrs. Bertha Higdon, sat defiantly with the infant bundled in her arms, declaring it was born to her in a San Francisco hospital. The other, Mrs. Ruth Smith, said that Mrs. Higdon kidnaped her child.

This was the situation which confronted Judge George J. Steiger, who faced a problem not unlike that of Solomon. He disposed of the case with this laconic statement: "Mother love is supreme." Then he ordered that the baby be taken from Mrs. Higdon and returned to Mrs. Smith, its rightful mother.

To Carry Fight Higher

The decision created a scene. After cheers subsided Mrs. Higdon cried, "Please, judge, don't make me give her up." Led from the courtroom, the defeated woman vowed she would carry the fight to the supreme court.

This is how the strange case developed.

Mrs. Smith said she gave birth to the baby, Leta Joyce, eight months ago, and, fearing she wouldn't know how to take care of it, gave it away. A few weeks later she repented and demanded that Mrs. Higdon, who adopted the child, return it to her.

This Mrs. Higdon refused to do, declaring that the child was her own and that she had no intention of turning it over to a strange woman. Mrs. Smith, therefore, had a kidnapping warrant issued to bring Mrs. Higdon from her home in Bloomington, Calif., to San Francisco, to face the charge of abduction.

When the two women met at

court for the first time, Mrs. Higdon, babe in arms, indignantly cried: "Take me out of here. This is my child and there's no reason why I should be subjected to this humility."

Birth Record Turns Tide
She stoutly defended her maternity until one irrefutable fact was produced. A birth certificate showed that Mrs. Smith was the mother. Then Mrs. Higdon confessed her hoax, but strangely, refused to yield possession of the child. Her attitude, in effect, was: "Let Mrs. Smith prove she can take back the baby after once she has given it away."

In her confession, Mrs. Higdon revealed that her sister, Miss Gladys Hatfield, received the Smith baby and gave it to her.

Scotia Drops Eleventh Game of The Season To Ord Mustangs, 5-2

The Scotia Demons dropped their eleventh game in as many starts in the Loup Valley ball league Sunday when Manager Charley Arnold's Ord Mustangs defeated them 5 to 2 on the Bussell park field. Ord kept in the race for the leadership of the league by defeating Scotia for the third time this season.

"Army" Armati, Ord hurler, was in great form, letting Scotia down with five hits and striking out eleven batters. Selk connect for two of the five Demon hits. "Hook" Duryea, who opposed Armati, threw a nice game, allowing but seven hits. Scotia erred four times behind Duryea.

Both clubs counted one run in the initial inning. Bodie, Ord lead-off hitter, connected for two bases and scored Ord's first run when Selk muffed Burke's grounder. A hit by Selk, a sacrifice by Beres, an error, and a fielder's choice scored Scotia's first run in the initial inning.

The "Deacons" club scored runs in the third, fourth, fifth, and sixth innings to count a win over the lowly Scotia nine. An error by Johnson, Ord third baseman, allowed Scotia to score their second run in the sixth inning.

In the absence of Bill Heuck, Bodie caught for the local club and performed well. He scored two runs and hit safely once. Ed Furtak played second when Bodie went behind the bat. Joe Krejci and Johnson both connected for two hits apiece from Duryea's defense.

Scotia was strengthened behind the bat in the Ord game with the addition of "Boo" Williams, University of Nebraska. He caught a good game but went hitless at the bat in three trips to the plate.

Ord Camels Stage

Late Rally, Win

Scoring a late rally, the Ord Camels kept in a tie for the farm bureau league leadership Sunday when they defeated Elyria 10 to 6 at Elyria.

The Andersons managed club shovelled across four runs and put the game on ice.

Bill Dodge pitched good ball for the losing Elyria nine and deserved a victory. Up until the closing inning he worked well allowing few hits and maintaining good control. When the Camels got to him, they hit the ball hard and hits and errors won for the Ord club.

The Back Forty

By J. A. KOVANDA

There is something wrong with the poultry business. Folks who keep cost of production records may find their books beginning like this:

Expenditures—

Each baby chick.....12c

5 lb. mash at 4c per lb.....20c

Total32c

Receipts—

Each 2lb. broiler at 13c per lb.....26c

Gross profit or loss.....6c

Those not keeping records are arriving at the above conclusion mentally. Without considering the other numerous items of expense such as labor, housing cost, interest and mortality loss, it is evident that no profitability exists in the above; it represents the normal schedule for many chick flocks.

Can the cost of birds be lowered? Apparently, not much. The hatchery rate of 12 cents per chick is quite fair, and allows only a small margin of profit per unit. Nor can chicks be hatched much cheaper at home when the producer is fully aware of all expense items.

Can feed costs be reduced? The cost of feed can and is being lowered, principally by producing and mixing at home. When good commercial mashas can be purchased for less than 3 cents a pound, or where only a few chickens are raised, such products may be used to advantage. Already several hatcheries that once thought it clever to charge 4 or 5 cents a pound, now handle poultry feed on a cost basis because they realize that they cannot prosper unless the people who buy their chicks prosper. But in most cases the ready-mixed feed is still so expensive that home mixing is the only profitable way out.

Earl Smith, who has one of the best flocks in Valley county, raises his white Leghorn chicks

not on scientifically odorized mixtures of feed, the equal of which can be made at home.

Spring Creek News

Mr. and Mrs. Charlie Beehrie and children of Ord visited Saturday night and Sunday in the Albert Haught home. Albert and Charlie went to Fussyville Sunday afternoon and played ball on the Riverdale team with Fussyville.

Mr. and Mrs. Walter Cummins, Paul, Comfort and Dorothy from Davis Creek spent Sunday at Wayne King's. Paul stayed to help Wayne cultivate corn for a few days.

Little Walter Haught went home with his grandmother Cummings Sunday to spend part of the week.

Mr. and Mrs. Albert Haught called at the Mell Rathbun home at North Loup Friday evening.

Mrs. Park Cook was able to return to her home Friday evening from the Ord hospital.

This week will finish up the grain cutting in this neighborhood. The second crop of alfalfa is ready to cut. Several have started putting up the alfalfa this week.

Mrs. Pete Anderson entertained her son Carl, his father Pete Anderson and his grandfather Lawrence Anderson. Those who enjoyed the birthday dinner were Mr. and Mrs. Lawrence Anderson, Otto Munson, wife and daughter from North Loup and Mrs. Lucy Hoon.

Mr. and Mrs. Ralph Haas from Ord were supper guests at the home of Mr. and Mrs. Wm. Horner last Sunday night.

Agnes Anderson spent a few days at the Dobson home near Arcadia last week.

Elsie Worrell and "Shorty" Manchester expect to begin threshing in this neighborhood this week.

Mrs. Ethel Hamer and children from North Loup and Jim Clement from Washington, D. C. were supper guests at the Roy Cruzan home last Monday night.

Mrs. Paul Deumey was at McLean Bros. Monday and took little Patsy Griffith back to Ord with her to spend a few days.

Mr. and Mrs. Everett Stichler were at Loup City Sunday.

Albert Haught, McLain Bros., Wayne King and Arthur Smith finished laying by corn this week.

Mr. John John, Ella and Leonard visited at John Hrebec Sunday evening.

Reggie McLain, Mrs. Viola Griffith with Mr. and Mrs. Paul Deumey drove to Ashland Saturday night and visited with Mr. and Mrs. George McLain until Sunday night.

Mr. John John, Ella and Leonard visited at John Hrebec Sunday evening.

Two boys working for 40 cents an hour and shoveling the ingredients over four times, are able to make this mash at a cost of 9 cents per hundred pounds for the mixing. This does the job thoroughly, though it is not absolutely necessary for each bit of cornmeal to lie exactly cheek to cheek with each particle of bran.

Since feed constitutes two-thirds of the total expense of poultry production, here lies the big opportunity for saving. It takes 5 pounds of feed to make a two pound broiler, 25 pounds to grow a pullet, and 80 pounds to feed a hen for one year. At least, half the feed should be mash.

This may teach how to produce more at a time of overproduction, but there has never yet been an overproduction of information. On the other hand, relatively less is being expended for scientific investigation today than was spent twenty years ago. Nowadays salesmen get more pay than scientists. Salesmen may justifiably deduct forty per cent commission on such products of highly skilled manufacture as pianos or radios; but

the cost of feed can and is being lowered, principally by producing and mixing at home.

Albert Haught, McLain Bros., Wayne King and Arthur Smith finished laying by corn this week.

Mr. John John, Ella and Leonard visited at John Hrebec Sunday evening.

Two boys working for 40 cents an hour and shoveling the ingredients over four times, are able to make this mash at a cost of 9 cents per hundred pounds for the mixing. This does the job thoroughly, though it is not absolutely necessary for each bit of cornmeal to lie exactly cheek to cheek with each particle of bran.

Since feed constitutes two-thirds of the total expense of poultry production, here lies the big opportunity for saving. It takes 5 pounds of feed to make a two pound broiler, 25 pounds to grow a pullet, and 80 pounds to feed a hen for one year. At least, half the feed should be mash.

This may teach how to produce more at a time of overproduction, but there has never yet been an overproduction of information. On the other hand, relatively less is being expended for scientific investigation today than was spent twenty years ago. Nowadays salesmen get more pay than scientists. Salesmen may justifiably deduct forty per cent commission on such products of highly skilled manufacture as pianos or radios; but

the cost of feed can and is being lowered, principally by producing and mixing at home.

When good commercial mashas can be purchased for less than 3 cents a pound, or

NEW ELECTION BOARD MEMBERS ARE APPOINTED

Court Clerk Is Busy Sending Notices to Appointees; Were Named By Chairmen.

Maude Jackman, clerk of the district court, is busy this week sending out notices of appointment to members of the election boards for the primary election August 12. Appointments made total 147. Those appointed now will hold office until the primary election in 1932.

Names for members of each board are submitted to the clerk by Alvin Blessing and Ralph W. Norman, chairmen of the republican and democrat county central committees. From these names, Miss Jackman appoints the board members. She has nothing to do with the selection other than the right not to appoint anyone whom she has reason to believe should not be appointed.

But despite this the clerk has plenty of work to do notifying each person selected of his or her appointment, getting out the usual instructions and tending to the other details. This work will be completed this week.

Names of members appointed in the various precincts follow:

Eureka
Judges—Thomas Walakoski, Thomas F. Corry, Ben Ulm; clerks—John Klat, Paul Swanek.

Elkhorn
Receiving board: Judges—Joseph Smolik, Wesley Miskal, J. D. Albers; clerks—Charles Wozniak, C. A. Sharp. Counting board: Judges—Hans Fischer, Jr., R. P. Flynn; clerks—E. A. Holub, Paul Whipple, Noble.

Receiving board: Judges—W. F. Adamek, Jr., Rudolph Kerchall, J. W. Gates; clerks—Paul Hughes, Arthur Mensing. Counting board: Judges—Anton J. Adamek, A. L. Lindhartson; clerks—Will Dittman, Jack Van Slyke.

Emil Kokes Is Hurt When Cars Collide

Emil Kokes, well known Ord young man, was badly injured and his car was totally wrecked in an auto accident between Loup City and St. Paul Tuesday night about 10 o'clock. In company with two Loup City men, Cy Whitehead and Bob Hildebrand, young Kokes was enroute to St. Paul. About fifteen miles from Loup City a car bearing a California license plate collided with them. Both cars were traveling at high speed and both overturned, the Kokes car rolling over three times. Nobody in the California car was hurt but Emil Kokes and both of his friends sustained injuries. Emil was badly cut and bruised and it was thought that he had a broken collarbone. Whitehead was unconscious for several hours and Hildebrand, most badly hurt of the three, had a crushed arm and a fractured skull. All of them will recover, it is said.

Oil Station Repainted.
The Hather and Blessing oil station is being repainted this week with the colors of the independent Oil Company which takes possession tomorrow. Their colors are red, white and blue. Mr. Phillips of Burwell is said to be the new manager. Mr. Hather, retiring to take a much needed rest and a little later in the fall he and his wife plan on taking a western trip.

Hottest In Fifty Years.
W. A. Anderson reports that the thermometer registered just a shade below 111 at 3 p. m. Sunday at his place and says that is the hottest there is any record of in Ord since he has lived here, which is more than 50 years. It began to cool off an hour or so later and the temperature cooled off ten degrees or more in an hour.

Fred Cohen Hit Bees.

When coming to Ord the other day from the West, Fred Cohen hit a swarm of bees. He had a broken windshield, there being a hole six or eight inches across in his windshield and scores of the bees went through the hole and Fred says he was covered with them. He stopped as soon as possible and got out of the car and brushed them off and didn't get a single sting. Hundreds of the bees were killed where they hit the windshield. Fred says he was driving 60 miles an hour at the time and says the bees that hit him seemed to be stunned, and that, he thinks, is the reason he was not stung.

A Flock Kicked by Horse.
Sunday Wm. Flock of the Rose Valley neighborhood was kicked in the chest by a horse. He was brought to Hillcrest hospital that evening and is now reported to be recovering.

—Mrs. N. Myers and Mrs. Art Borden and the latter's son of Burwell were visiting Mrs. C. E. McGrew Friday.

Elmer Skov Killed In Auto Accident

Elmer Skov, University of Nebraska Journalism student who worked on the staff of the Quiz for two weeks last spring, was killed Sunday night near Ashland when the car he was driving collided with a truck. Skov had been taking summer school work at Lincoln and in company with another student, Neil Gomon, drove to Omaha for the weekend. They were returning to Lincoln when the fatal crash occurred.

At the time of the accident Gomon, owner of the car, was dozing in the seat. He advanced the belief that Skov had also temporarily fallen asleep. Skov was tossed from the car and his body pinned beneath as it tumbled over. Gomon was pinned under the wheel but was able to release himself and he and the truck driver extricated Skov and rushed him to the office of Dr. Packer in Ashland, where he died in a few minutes.

Skov's home was in Riverdale, north of Kearney. He had been a student at the university for two years and would have graduated upon completion of the summer term. He was prominent in journalism and in athletics at the university. Last summer he served as physical director at Camp Sheldon, near Columbus. He was a relative of Mrs. Mike Revolinski and Mrs. George Anderson of Ord and made many friends while working here last spring.

JOE MARION BRINGS REVUE TO ORD FAIR

Famed Musical Comedy Man And 20 Beauties Appear at Valley County Show.

One of the biggest features of the Valley county fair this year, according to Secretary Kokes, will be the Joe Marion Revue, which has been engaged to appear every afternoon and evening in front of the grandstand. The Marion company numbers thirty and includes a chorus of twenty beautiful girls. Singing and dancing numbers are featured.

Ever since the Lewis revue played at the fair here several years ago the board has been anxious to secure another such show but not until this year has it been possible to do so. In closing a contract with Mr. Marion, the Valley county fair board is confident that a popular attraction has been secured.

The Marion Revue has appeared at theaters in larger cities throughout the middle west and also has played at state fairs and at several of the larger county fairs. Two years ago the Marion players were featured at the Nebraska state fair.

The company will present a different program every afternoon and evening, Secretary Kokes says. Special scenery and lighting effects are carried by the company and will be erected on the platform in front of the central grand stand.

The public address system in use at Ord this year will be more efficient than formerly, Mr. Kokes announces. In past years only one microphone has been used—this year five will be installed, one for the announcer and four for the talent.

In addition to the Marion players several other free acts have been engaged to appear at the Valley county show this year and with auto races as the feature the entire program should be attractive.

Chester Nay Dies In Auto Accident

Chester Nay, 27, a son of Mr. and Mrs. Jim Nay of Los Angeles, Calif., was killed last Wednesday in an automobile accident near that city. He was in a car with his cousin, Dallas Dye, and another young man and their car was struck by a large auto coming from a side road. The Nay car overturned and Chester was pinned beneath it. He died in a hospital a few hours later.

Chester was the youngest of the Nay children. He is survived by his wife, a four-year-old son, his parents, four sisters and two brothers. All of them were in attendance at the funeral.

Until about ten years ago the Nay family lived in Ord and Chester attended the Ord schools. He was a grandson of Mrs. Alice Vincent and a nephew of Mrs. Will Hather and Mrs. Marion Vincent, all of whom live in Ord.

HOWARD COUNTY OPENS THE FAIR SEASON AUG. 7TH

Will Be First County Fair In State This Year; Program Better Than Ever.

The Howard county fair will be on next week, commencing on Thursday, August 7th and continuing until Sunday night, August 10th. It will be the first county fair held in the state this season. This fair has always promoted the exhibit and educational features and today it has the undisputed leadership in the largest and best exhibits in the state, outside of the state fair. Thousands of people from all parts of central Nebraska flock to this fair each year to see its wonderful exhibits and educational features, which alone are worth going miles to see.

The Howard county fair has balanced its exhibits and educational features with a wonderful line of entertainment, in which there is something doing all the time and an entirely different program every day and every night. Many of the highest priced attractions in the state will be seen at this fair for the first time in this part of the country. The Lachman-Carson shows, a twenty-five car outfit, will be on the grounds with its shows and rides all week. There will be a gorgeous display of fireworks on Friday night only. The Howard county fair is noted for its magnificent fireworks. There will be a grand parade on Saturday, and Sunday will be closed with a wonderful program with divine services by Rev. C. A. Kirchner of Detroit, Mich., a special concert by the Third City Municipal band, ten outstanding attractions, and closes with a chorus of three hundred girls in the evening.

A synopsis of events is found in a display ad elsewhere in this issue. Look it up and plan to attend at least one day. This fair is deserving of your support.

JIM MCCALL WILL ATTEND RURAL CARRIERS MEET

One of Seven Delegates Chosen To Represent State At Meeting in Detroit.

James McCall, popular carrier on Ord rural mail route No. 2, was honored last week when rural carriers of Nebraska, holding their state convention at Hastings, elected him as one of seven delegates to represent Nebraska at the national convention to be held in Detroit, Mich., August 19, 20, 21 and 22. All of his expenses will be paid.

About four hundred carriers and their wives were present at the state convention in Hastings and report an enjoyable time. Mrs. McCall accompanied her husband to the meeting.

Mrs. Lowell Spencer Dies at Broken Bow

At her home in Broken Bow Saturday Mrs. Lowell Spencer, formerly Miss Margaret Worm of Valley county, passed away after an illness of three weeks with measles which followed childbirth. She leaves her husband and a three-week-old son. Funeral services will be held in Broken Bow Monday.

Mrs. Spencer was a daughter of Mr. and Mrs. Will Worm of this county. She was married last fall to Mr. Spencer and before her marriage taught school near Broken Bow for some time.

Besides her husband, her infant son and her parents, she is survived by three sisters, Ida, Marie and Irene Worm, and by four brothers, Forrest, Fred, Guy and Clifford, also numerous other relatives and many friends.

JURY ABSOLVES INNESS OF BLAME FOR FATALITIES

Lack of Warning Signs Cause Of Wreck In Which Two Were Killed, Says Jury.

Charles E. Inness, Valley county farmer, was not to blame for the auto wreck near Central City last Wednesday in which two people, Mrs. Edith Spence and Axel Nelson were killed and others were injured. This was the decision of a coroner's jury that investigated the wreck Thursday. Blame for the accident was placed on the state highway department for not providing warning signs.

The wreck occurred when cars driven by Mr. Inness and by James Spence, Newman Grove, collided on an intersection. Mrs. Spence, 33, and Axel Nelson, 65, were killed, while Mr. Spence and their eight-year-old daughter were unharmed. In the Inness car Miss Ellen Inness sustained a broken collar bone while Mr. Inness received back and hip injuries that were not serious. Their new car was total wreck.

At the inquest held Thursday the jury criticized both drivers for speeding but found no basis for a felony charge.

The Inness family were enroute to Shelby when the accident occurred. Mrs. Inness and children returned to Ord Wednesday evening but Mr. Inness remained until Friday.

Forty-four Prizes Awarded Tuesday By Ord Druggists

The McLain-Sorenson Drug company's Junior Business Builder contest closed Monday and forty-four boys and girls were awarded prizes. First prize, a bicycle, was won by Harold Chotena. Second prize, a wagon, went to Bill Tuncliffe. Jacqueline Meyer won a wrist watch as third prize. Charlotte Blessing won a string of pearls for fourth and Arden Clark won a wrist watch for fifth. Thirty-nine other prizes were given to children who worked during the contest.

Beranek Drug Store At Sargent Robbed

Sometimes Sunday night a robber broke into the Beranek drug store at Sargent and opened the safe, taking the entire stock of narcotics, valued at about \$100, and also about \$900 in cash. The thief made his entrance through a rear window. Nothing else in the store was taken.

Custer county authorities have been working on the case this week. Numerous finger prints were found on the safe but no clue to the identity of the thief was found. Sargent people express the opinion that a dope addict or peddler was responsible for the theft but others incline to the opinion that some local person was the culprit and took the narcotics to lead the officials astray.

Since the death of Joseph Beranek in an auto accident a few weeks ago the store has been conducted by his son, Edward, who is just recovering from injuries received in the same accident.

BOARD ELECTS EDGAR MAN TO HEAD SCHOOLS

Millard C Bell succeeds Bowers As Superintendent; Was At Edgar Four Years.

Millard C. Bell, of Edgar, was elected superintendent of the Ord schools at a special meeting of the board of education Monday evening. He succeeds Charles A. Bowers, who asked release from his contract so that he might accept the superintendency at Holdrege. Mr. Bell made personal application for the position and was elected by the board from a large number of applicants.

The new school head has held the superintendency at Edgar, Neb., for the past four years and previous to that held similar positions at Rockford and Bradshaw. He is a graduate of Peru Normal and is taking work for his Master's degree at the University of Nebraska this summer.

Both Mr. and Mrs. Bell were in Ord Monday and the new superintendent tells the Quiz that he will move to Ord within a week or ten days.

Seek Invalidate Will Suit was begun in Howard county Monday in which Mrs. Lilian Mashed, St. Paul, and Mrs. Ida Berg, Grand Island, are seeking to invalidate the will of Dr. O. Groth, who left the bulk of his estate to the Donavan sisters, who kept house for him. Mrs. Mashed was an adopted daughter and Mrs. Berg his own daughter. Each was cut off with \$100 in the doctor's will.

Mr. Bowers came to Ord four years ago from Exeter. During his tenure here the new high school building has been constructed, Smith-Hughes vocational agriculture added to the curriculum, the school enrollment has been increased and the standing of Ord's school system has been bettered in many ways.

The 1930 census credits Holdrege with 3,300 people, more than a thousand greater than Ord's population, and the school population of that city also is considerably larger. Physical facilities at Holdrege consist of a new senior high school building, one new ward building and a second ward building. There are twenty-eight teachers in the school system.

The Bowers family will move to Holdrege this week if suitable housing arrangements can be made.

The Ord board of education has already taken steps to secure a man for the local superintendency and it is hoped that the position will be filled in a short time so preparations for the coming school term can be continued without interruption.

Fusion Gets New Position. Merrit Fusion, former Ord man, has been appointed field engineer by the Northwest Brick and Tile association and will have his headquarters at Portland, Ore., the Quiz is informed. For the past two years "Pat" has been associated with the Atomite corporation in Portland. In commenting on his appointment a Portland newspaper says: "Fusion has been adviser on projects throughout the country. He also has had extensive experience in the northwest construction field and in addition has been associated with architectural offices in this city."

Clothing Store Expanding. Workmen have been busy this week remodeling and painting the inside of the building formerly occupied by the Kohl Mortuary and the Blessing-Robbins clothing store will occupy it at once, also retaining the building next door where they are now located. Frank Glover had charge of the remodeling and Norman Holt is doing the painting.

—Art Daily and family left last Wednesday for their home in Canada after a few days stay in Ord with Mr. Daily's mother. They were going home by way of Wyoming.

VALLEY COUNTY FAIR BACK TO A. A. A. RACING

Auto Race Body Makes Offer That Assures Fastest Program In State; Board Accepts

Back to the A. A. A. fold after a year's absence, auto racer at the Valley county fair August 25 to 28 will offer patrons of the dirt track more dazzling, blinding speed than has ever been seen here. More cars and better, faster cars will be entered this year than in the past. This is assured, fair officials announced yesterday.

It was on a guarantee from the American Automobile association to back the Valley county meet to the limit that fair board directors decided at a special meeting Tuesday evening to again join the association. Two years ago the local fair held membership in this body and though the races were faster the number of cars entered was not as large as desired so outlaw racing was resumed. Now the A. A. A. not only guarantees more drivers and faster drivers than have ever been entered here, but also promises to send personal representatives to assist local officials in conducting the races.

Roy Bradbury, an official of the A. A. A. and C. E. Olney, millionaire Houston, Tex., auto race enthusiast, were Ord visitors Tuesday and submitted the association's proposal to fair directors, who were hastily called together by Secretary Vincent Kokes.

To get the fast Valley county track under A. A. A. auspices Bradbury and Olney pledged the association's word that the states of the big race meet at Overland Park in Denver would be changed so as not to conflict with the Valley county dates, and that drivers who ordinarily enter at Overland Park would be diverted to Ord. With this kind of a pledge the Valley county race heads lost no time in joining the association.

Among race drivers who will be entered in the Ord meet as the result of this action are Vic Felt, the Rocky Mountain champion who has a new 16-valve racing car, Andrew Fuller, the wealthy Indian driver, Cannibal Baker, of national fame whose car is driven this year by Sandy Green, of Los Angeles, Slim Harper and several others.

Mr. Olney, who makes auto racing his hobby and owns several cars of his own, promised immediate entries

THIS HAPPY MAN IS ENTHUSIASTIC ABOUT KONJOLA

Two Years Suffering From Kidney and Stomach Troubles Ended Quickly By New And Modern Remedy

MR. ERNEST BRILEY

You want a medicine that does the work quickly, completely, and naturally—Konjola is that medicine. Thousands have put this new medicine to the test, and know that it accomplishes amazing results in record time. Read what Mr. Ernest Briley, Dunlap, Iowa, near Sioux City, says about Konjola:

"I suffered for four years with stomach and kidney trouble. I experienced terrible pains across my back, and gas bloating caused frequent nauseating headaches. All the medicines I had tried brought only temporary relief. Finally I turned to Konjola, and after nine bottles, I feel like a new man. My health has returned, and all trace of my former ailments is gone. I recommend Konjola to any who are suffering as I did, for I know that it is a medicine that does its work well."

Seven million bottles of Konjola have been used in two years—that alone is proof of its power. Take a treatment of this master medicine; see for yourself why Konjola is the "medicine with more than a million friends."

Konjola is sold in Ord, Nebraska at The McLain Drug Store, and by all the best druggists in all towns throughout this entire section.

at the home of the latter, at a "multiplication tea," a newly adopted plan of entertaining for the benefit of the Woman's Missionary society of the Seventh Day Baptist church. In the beginning the president of the society entertained five ladies at tea these five in turn entertaining five others, who in turn entertain others. At each gathering refreshments to be served consist only of two different articles of food besides a drink, with a charge of fifteen cents. The money will be used for the benefit of the missionary society. The guests entertained by Mrs. Clement and Mrs. Johnson were Mesdames Barber, Cruzan, Robbins, Hurley, Vanhorn, Biele, Bee, Thorngate, White, Rood and Sayre.

Mr. and Mrs. Beecher Vanhorn left Sunday for a motor trip west. They expected to stop for a few days in Denver, from there going to Heber and Delta, Utah, where Mr. Vanhorn has three sisters. They expect to be away for three or four weeks. The Vanhorn children are staying with their grandparents, Mr. and Mrs. H. H. Thorngate.

Mr. and Mrs. Fred Barts and Mrs. Barts' father, George Baker of Riverville went to Grand Island Monday evening to see Axel Bogseth, of Ericson, Mr. Baker's son-in-law, who is in the St. Francis hospital, in a serious condition. Mr. Bogseth farms near Ericson, and on Saturday afternoon was trimming branches out of a tree near his windmill which interfered with the turning of the wheel. In reaching for a branch, he lost his balance and fell to the ground, breaking his right arm in two places, with the bone protruding through the flesh. The bones were set by a doctor as soon as possible, but infection set in and he was taken to the Grand Island hospital, where the arm was amputated at the shoulder on Sunday afternoon. It was reported on Tuesday that his condition was a little improved. Mrs. Bogseth was formerly Ellen Baker, and lived with her parents in Riverdale.

North Loup friends of T. C. Grimes will be interested to know that he has filed for the nomination for county superintendent of Custer county. Mr. Grimes was the superintendent of the North Loup schools for five years, and has many friends here who will wish him well. Since leaving North Loup two years ago, he has been superintendent of the Ericson schools. Prior to 1922, Mr. Grimes served several years as county superintendent of Custer county, having been succeeded by Miss Mary Geeseman.

Mr. and Mrs. Harry Gillespie returned Friday from Murdock, where they had been called the preceding Sunday by the sudden death of Mrs. Gillespie's father, V. W. Robbins and Alvin Bless.

Probably no candidate this year will have the more hearty support and good wishes than Will Dick Wood, republican candidate for railway commissioner. Richard F. Wood is the husband of Naomi Buck. I believe you have all read the things I have said about her when she was secretary of the Nebraska State Press Association and during the years she has been assistant to her father, Ole Buck. Ole Buck has abused me so much that I wouldn't vote for him or dog catcher but I am going to vote for his son-in-law, Dick Wood for railway commissioner. Dick is a good kid and he is not a kid, either. He is a real good lawyer, head of the Omaha firm of Wood, Fogarty, Melle and Kennedy. He served in the Nebraska legislature in the 1925 session and he is recognized as a good speaker, a level headed business man and a good attorney. He has the backing of a lot of the best men in the state for the position he seeks and I am sure he would be a valuable member if he is chosen. If you readers of this department who vote the republican ticket in the primary feel like joining me in voting for Dick Wood I am sure he will appreciate it and you will not be sorry.

Judging from the way both Eugene and Harry Williams talked to me when they got home Friday, I have got something to take back. They seem to feel that I cast some reflections on them as fishermen in this department last week. About the time what I said was being read a box of walleyed pike came from them, ranging in weight from 4½ to 8 pounds and they caught the limit couple of days before coming home. They try to tell me that I told them they didn't need to bother to send any fish home as I was sick of them. Of course I never told them any such nonsense as that for I never get sick of fish or fishing. The size of it is, they probably were not doing so well until just before they started home, when the fish took pity on them and started biting and they thought it was a chance to put something over on me. If I get time to go up to Cullen in September I will show them what a real fisherman can do.

Ole Buck has a great reputation as a coffee drinker. He always drinks three or four cups at a meal and this hot weather, when a cup of hot coffee don't cool off very fast, some different method has to be found to get it down. Marlon Cushing was in Lincoln a while ago and says Ole had four or five saucers brought with his cup of coffee and poured it out in them, having a whole row of saucers around his plate and in that way was able to handle it with great eclat, whatever that is. Marlon says he never heard anyone drink coffee with more apparent enjoyment than Ole does.

I have often talked in this department about the pernicious habit of signing petitions. It is a favorite expression that a petition could be gotten to hang the most popular man in town and I guess it is true. It seems to me that people hate to say no when a petition is presented and take the course of least resistance and sign it and get rid of the fellow carrying it. There are a lot of Ord businessmen who are going to be a little shy of signing petitions for a while now, though.

When Fred Hughes came up to Cullen this year he didn't bring any fishing tackle along. So when he went fishing with Judge Clements, the Judge furnished the tackle. After they had been fishing a while Fred said "Ed, what did that little painted bobber cost?" "Why a quarter, I guess" replied the judge. "Well, I owe you two bits," replied Fred, "for it sunk and hasn't come up yet."

"Oh My God this is my unlucky week," said Harry Williams, while out fishing the first day he reached Cullen and heard a stranger ask Frank Gross to see his license. Harry had got married, lost his pocket book and now he was fishing without a license and the game warden was only three or four rods away and checking up on all the fishermen. Harry is a smooth talker however and after he got to shore he picked the moss off the anchor of the game warden's boat and helped him fix his motor and tried the best he could to get himself out of the scrape he thought he was in. Of course he had a good laugh later when he found it was all a hoax put on for the entertainment of the camp at his expense.

"Don't you think the singer has a wide repertoire?" said Governor Weaver to Irl Tolson the other evening after they had listened to a concert! "Yes" replied Irl, "but it wouldn't show so much if she would wear a different kind of a dress."

Jim Misko says a true Scotchman is one who, when invited to the home of a friend to have a drink, eats salted peanuts on the way.

The Ordites who have the nicest flowers next year will have to get busy and set out bulbs the next three months. Some of the finest flowers grow from bulbs set during September. Other bulbs have to be planted as late as October.

THE POOR MAN'S FRIEND When you hear a man knock Senator Norris stop a moment, before swallowing what he says whole and analyze his statement, keeping in mind his connections and his possible reasons for saying what he does. Perhaps he is a hardboiled stand patter, a so called school and if so that might explain his attitude. Who is it, mostly, fighting Norris? If you look into it you will find all big business against him. All the railroad highrups are against him; all the power people are against him; most of the banks are against him; the trusts are all against him; but always the farmers have mostly been for him. It is a favorite statement of the man against Norris to say he has never done anything. He has always made a hard fight for the things he thought were right and he has many, many times kept the grasping politicians and interested factions from doing what they wanted to do. Keeping the greedy interests from grabbing everything in sight is doing a lot. The fact is that Senator George W. Norris is a big man, not only in Nebraska but in Washington and in the whole nation. We could print columns of comment showing the highest praise for Senator Norris from the pens of the most prominent writers in the country, many of them in the east but space will not permit. We are going to copy just one such article. It is from "The Window Seat", a weekly literary and political review printed in Washington by former congressman W. D. Jamison of Iowa and it has more than a million weekly readers. The article is as follows:

The newspaper boys, the Washington correspondents who sit in the Senate gallery and watch the wheels go round—they are the ones who know how to value the services of members. These boys may not print all they think, but they have decided views just the same.

Probably there are some 200 in the Senate press gallery. They are republicans, democrats, independents. They are conservatives and radicals and progressives. They are Protestants and Catholics and Jews. They are dry and they are wets. But most of all they are just newspaper men who know a lot of what's going on.

My guess is that if you would take a poll of these 200 newspaper men as to the five most valuable men in the Senate, in 75 percent of the cases the name of George W. Norris would be included in the five, and in at least one-third of the cases his name would top the list. I also guess that nearly every one of the 200 would frankly say there is not now and has not been for a good many years a more highly respected name in the Senate.

HOLDRIDGE IS FORTUNATE The Quiz was sorry last Thursday to learn that Chas. A. Bowers, for four years superintendent of schools in Ord, had resigned here to accept a better and more highly paid position at Holdrege. We are sorry to see Mr. Bowers go, not only because he has been such a tremendous asset to the Ord schools and to civic affairs but also because our own relations with him have been so pleasant.

Holdrege is fortunate in securing a man like Charley Bowers to head its school system. People of that city will find him not only thoroughly efficient as a school superintendent but they will find him taking a keen personal interest in the city and its well-being.

than that of Norris of Nebraska. If you send a man to Washington, and after 27 years of public service he can be declared intelligent, absolutely sincere, absolutely honest, and absolutely fearless, by such a jury of scrutinizing men who know, you have chosen a wonderful public servant. Every newspaper man will tell you Norris is all of this, and more.

Senator Norris has shown throughout his service one dominant thought, one zealous attitude—tremendous love for the poor man, and a tremendous zeal in the interest of the common people. It would be little short of crime if the selfish interests whose greed is grabbing he has so often blocked, should be able to organize this nomination away from him on August 12.

A few years ago a number of men in Washington who hold Senator Norris in high regard arranged a dinner for him as honor guest. They realized that the path of service Senator Norris had chosen throughout his career was the path that did not lead to petty graft, or to fat jobs, or to patronage, or to dinners at the White House, or to nice trips on Presidential yachts, or to fine dinner's and entertainments. They knew that he had chosen the way that meant suffering, constant suffering, but suffering in the interest of the common people. So they decided they would honor him in their own humble way.

At that dinner that night hundreds of men who made sacrifices of one kind or another to get there. There you found dozens of newspaper men, paying their way, and taking their time to honor George W. Norris. I doubt if there is another man in Washington tonight for whom so sincere and so spontaneous a testimonial could be arranged.

That it could be done for him speaks more for him than anything I can write here. I cannot conceive that the people of Nebraska will permit the "gang" who are after Senator Norris to defeat him on August 12. We are watching that outcome with keen interest, and with confidence.

HOLDREGE IS FORTUNATE

The Quiz was sorry last Thursday to learn that Chas. A. Bowers, for four years superintendent of schools in Ord, had resigned here to accept a better and more highly paid position at Holdrege. Always affable, always capable, always willing to spend unlimited time and effort in helping with anything that will promote the progress of the community in which he lives, Mr. Bowers will fit into Holdrege and make new friends there as he has made them in Ord.

We are sorry to lose Charley but congratulate him upon his promotion.

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improve-

ment in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

A better way of making axle shafts saved thirty-six million dollars in four years.

A new method of cutting crankcases reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public—so that the benefits of reliable, economical transportation may be placed within the means of every one.

FORD MOTOR COMPANY

NEW Polarine

THE MODERN MOTOR OIL

needs changing less frequently

Selected crude oils and an improved process of refining give new Polarine—freedom from wax and tar—less than half the carbon of old process oils—unexcelled resistance to the thickening effect of cold and the thinning effect of heat—exceptional durability.

This modern motor oil consumes slowly—resists dilution—contains no unstable ingredients to form crankcase sludge that clogs oil lines.

With new Polarine you lubricate your motor safely and economically. You don't need to change oil so frequently because it holds its body better and stays clean longer.

Premium in quality, the new Polarine is sold at no advance in price. Consult the new Polarine Chart for correct grade—25c a quart.

Nebraska's Big RODEO AND FAIR AT BURWELL AUGUST 12, 13, 14, 15

Each successive year the Garfield County Frontier Fair association has endeavored to put on a better show. 1930 is no exception. In past years the trick riding and roping have been contracted exhibitions. This year they are strictly competitive. The best steers that money can buy will be on the ground. The toughest broncos in the country will be there. New grandstands have been built to take care of the crowd so you will be sure of getting a seat. We submit with pride these special features:

Six Horse Team of Union Stock Yards, Omaha, exhibition each day.

MALLEE HARDING, juvenile trick and fancy rider.

BUCK LUCAS with Roman Standing Jump team, jumping over an auto each day.

RED RANDOLPH, clown with his trick mule, Miss Miami.

SOUTHEAST NEBRASKA CONCERT BAND.

BOB CALEN, trick roper and singer.

FOX HASTINGS, lady bull-dogger.

MORRIS BROTHERS, clowns with two trick mules.

JOHN A. STRYKER, professional rodeo announcer.

LACHMAN-CARSON CARNIVAL CO. with a trainload of rides and shows.

SIOUX INDIANS, an Indian village on the grounds.

Miss McEachran Goes To Reward

Dies at Home of Niece, Mrs. J. K. Rashaw, At Age of 68; Had Been Ill Four Months.

Miss Cathryn McEachran, 68, for thirty years a resident of Ord, passed away at 6 a. m. last Saturday at the home of her niece, Mrs. J. K. Rashaw, where she had made her home for four years. She had been ill about four months with cancer and other complications. Funeral services were held Monday at 2:30 p. m. from the Ord Christian church, Rev. W. McCarthy having charge, and interment was in Ord cemetery.

Deceased was the daughter of Angus and Margaret McEachran and was born in Illinois May 5, 1862. Her girlhood was spent in Illinois but at the age of fourteen she came to Lincoln, Nebr., with her parents. About thirty years ago she came to Ord and made her home with her brother, Dan McEachran, on his home in Vinton township. In 1909, with her sister, Miss Elizabeth McEachran, she moved into Ord and they set up a little home which they occupied until about four years ago. Since that time she made her home with her niece, Mrs. Rashaw and family.

Fifteen years ago she united with the Ord Christian church and was a faithful member until her death.

About four months ago Miss McEachran was taken ill with what seemed to be flu. Various complications set in and she had failed steadily since.

She is survived by three brothers John, of New Jersey, Hugh, of Mission, S. D., and Charles, of Hamill, S. D. also sixteen nephews and nieces, other more distant relatives and a host of friends. Two sisters and a brother preceded her in death.

Miss McEachran was a quiet, lovable little woman who went among her friends quietly and with a ready smile and helpful cheerfulness. She will be missed by all who knew her.

LEGAL NOTICE

PROPOSED BY INITIATIVE PETITION

This Act relates to cities and villages and public electric light and power districts which own or operate electric light and power plants, distribution systems and transmission lines. It authorizes the extension of such lines and systems for the purpose of serving farmers and others living outside such cities and villages and also authorizes the owners of such plants to provide means for financing same.

A BILL

FOR AN ACT relating to Cities and Villages, and public electric light and power districts, which own or operate electric light and power plants, distribution systems and/or transmission lines; to authorize the extension of such lines and systems for the purpose of serving farmers and others living outside such cities and villages, and to provide means of financing the same.

Be It Enacted By The People Of The State Of Nebraska:

Section 1. Any city, village, or public electric light and power district, within the state, which may own or operate any electric light and power plant, distribution system, and/or transmission lines may extend the same beyond its boundaries, and for that purpose is hereby authorized and empowered to construct, purchase, lease, or otherwise acquire, and to maintain, improve, extend, and operate electric light and power plants, distribution systems, and transmission lines, outside of the boundaries of such city, village or public electric light and power district, for such distance and over such territory within this state as may be deemed expedient. In connection therewith any such city, village, or public electric light and power district may enter into contracts to furnish and sell electrical energy to any person, firm, association, corporation, municipality or public electric light and power district. No such construction, purchase, lease, acquisition, improvement, or extension of any such plant, distribution system and/or transmission lines without such boundaries, however, shall be made, except upon the approval of the majority of the qualified electors of such municipality or district voting upon such proposition at an election called for that purpose.

Section 2. For the purpose of selling or purchasing electrical energy for lighting, heating or power purposes, any city, village, or public electric light and power district may by contract connect and interconnect its electrical light and power plant, distribution system and/or transmission lines with the electric light and power plant, distribution system and/or transmission lines of any other city, village, or public electric light and power district, whenever authorized by a majority of the qualified electors of each such municipality or district voting upon such proposition at elections called for that purpose.

Section 3. Such construction, purchase, lease, acquisition, improvement or extension may be paid for by the issuance of bonds or the levy of taxes as otherwise by law provided, or in lieu of any other lawful methods or means of providing for the payment of indebtedness; any city, village, or public electric light and power district within this state, shall have the power and authority, by and through its governing body or board of directors, whenever authorized by a majority of the qualified electors voting upon such proposition, at an election called for that purpose, to provide for the payment of the cost or expense of purchasing, constructing, extending, improving, or otherwise acquiring, any property necessary or useful in the operation of any electric light and power plant, distribution system, and/or transmission lines, by pledging, assigning, or otherwise hypothecating, the net earnings or profits of such electric light and power plant, city, or village, derived, or to be derived, from the operation of such electric light and power plant, distribution system, and/or transmission lines, and to that end, to enter into such contracts and to issue such warrants or debentures as may be proper to carry out the provisions of this section.

(a) The location and detailed description, including source and methods of generation, of all the property involved in the sale, lease or transfer.

(b) The dates of the construction, purchase, or other acquisition, by such municipality, or public electric light and power district, of such power plant, distribution system, and/or transmission lines, including all replacements, extensions, repairs and betterments, together with a detailed statement of the actual cost.

(c) A detailed description of such parts of the utility to be sold as between the time of acquisition thereof and the time of the sale under consideration shall have become obsolete, or shall have been sold, transferred, lost, destroyed, abandoned, or otherwise disposed of by such municipality or public electric light and power district, and the cost of such part of the utility including extensions or additions thereto.

(d) A complete schedule of the rates and charges made or levied by such municipality or public electric light and power district for electric current, and a full and complete statement showing the financial condition and the receipts and disbursements of such municipality or public power district in the operation of the utility during the preceding three-year period, and a statement of the bonded indebtedness, if any, of such municipality or public power district in connection with its ownership or operation of the utility, including the amount of all bonds issued and paid.

Such statement and report shall be certified and sworn to as correct by the presiding officer of the governing body of such municipality or public electric light and power district, as the case may be, and shall also have thereto attached the certificate and oath of the presiding officer, or other duly authorized executive officer, of the purchaser, under the seal of the purchaser, if a corporation, that the purchaser of said utility has examined said statement and report, has investigated the facts therein set forth, believes said statement and report to be true and correct, and that the proposed purchase of said utility has been made with reference to and in reliance upon the facts, situation, and circumstances, set forth in said statement and report. The filing of said instruments and said statement and report, certified as herein required, is hereby made a condition precedent to the validity of any such sale, lease, or transfer.

PROPOSED BY INITIATIVE PETITION

This law (1) gives cities and towns owning electric light and power plants, the right, provided cost is paid out of net earnings, to extend their lines beyond their borders to serve farmers and others, and (2) the right to pay for power plants, etc., by pledging future earnings instead of by taxation, and (3) provides that no publicly-owned plant may be sold except upon approval of sixty percent of voters and filing of statement of original cost, etc., with Department of Public Works, and limits amount of money which may be spent in campaign for sale of plant.

A BILL

FOR AN ACT relating to cities, villages, and public electric light and power districts engaged in the generation, transmission, distribution, purchase and/or sale of electrical energy for lighting, heating and power purposes; to provide for the extension, by any city, village, or public electric light and power district of its electric light and power plants, transmission lines and service outside of the boundaries of such municipality or district; to provide for interconnection of electric light and power plants, lines, systems and service by and between cities, villages and public electric light and power districts in this state; to authorize the pledging or hypothecating of the net earnings and profits of publicly-owned electric light and power plants, lines or systems, to pay for property necessary or useful in the operation of such plants, lines or systems; to make certain requirements and restrictions concerning the sale or alienation by cities, villages and public electric light and power districts of electric light and power plants, lines and systems to private persons, firms and corporations; to define certain crimes in connection with such sale or alienation and fixing the penalties therefor; and to make applicable to cities, villages and public electric light and power districts, the general provisions of law concerning private electric light and power companies as to eminent domain, right-of-way and physical construction and maintenance of electric light and power plants, lines and systems.

Be It Enacted By The People Of The State Of Nebraska:

Section 1. Any city, village, or public electric light and power district within the state, which may own or operate, or hereafter acquire, or establish, any electric light and power plant, distribution system, and/or transmission lines, may, at the time of, or at any time after such acquisition or establishment, extend the same beyond its boundaries, and for that purpose is hereby authorized and empowered to construct, purchase, lease, or otherwise acquire, and to maintain, improve, extend, and operate electric light and power plants, distribution systems and transmission lines, outside of the boundaries of such city, village, or public electric light and power district, for such distance and over such territory within this state as may be deemed expedient. In the exercise of the powers granted by this section any such city, village, or public electric light and power district may enter into contracts to furnish and sell electrical energy to any person, firm, association, corporation, municipality, or public electric light and power district. No such construction, purchase, lease, acquisition, improvement, or extension of any such additional plant, distribution system and/or transmission lines, however, shall be paid for except out of the net earnings and profits of one or more or all of the electric light and power plants, distribution systems and transmission lines, of such city, village, or public electric light and power district. The provisions of this act shall be deemed cumulative and the authority herein granted to cities, villages and public electric light and power districts, shall not be limited or made inoperative by any existing statute.

Section 2. For the purpose of selling or purchasing electrical energy for lighting, heating or power purposes, any city, village, or public electric light and power district in this state is hereby authorized to enter into agreements to connect and interconnect its electric light and power plant, distribution system and/or transmission lines with the electric light and power plant, distribution system and/or transmission lines of any one or more other cities, villages, or public electric light and power districts in this state, upon such terms and conditions as may be agreed upon between the contracting cities, villages and public power districts.

Section 3. In lieu of the issuance of bonds or the levy of taxes as otherwise by law provided, and in lieu of any other lawful methods or means of providing for the payment of indebtedness, any city, village, or public electric light and power district within this state shall have the power and authority, by and through its governing body or board of directors, to provide for or to secure the payment of the cost or expenses of purchasing, constructing, or otherwise acquiring, extending and improving, any real or personal property necessary or useful in the operation of any electric light and power plant, distribution system, and/or transmission lines, by pledging, assigning, or otherwise hypothecating, the net earnings or profits of such electric light and power district, city, or village, derived, or to be derived, from the operation of such electric light and power plant, distribution system, and/or transmission lines, and to that end, to enter into such contracts and to issue such warrants or debentures as may be proper to carry out the provisions of this section.

Section 4. No sale, lease or transfer of any electric light or power plant, distribution system, and/or transmission lines, by any city, village, or public electric light and power district to any private person, firm, association, or corporation, shall be valid unless such sale, lease, or transfer shall be authorized by a vote of not less than sixty per cent of the qualified electors of such city, village, or public electric light and power district voting on such proposition at a regularly called election, and unless four months' notice of said election to, vote on such proposed sale, lease, or transfer shall have been given by the governing authorities of such municipality or public electric light and power district, as the case may be, by publication once every two weeks in one or more newspapers of general circulation in such municipality or public electric light and power district.

Section 5. In order to consummate and complete the sale, lease, or transfer, of any electric light and power plant, distribution system, and/or transmission lines by any city, village, or public electric light and power district of this state, to any private person, firm, association, or corporation, there shall be filed in the office of the Department of Public Works of this state, prior to any delivery or change of possession, control or management under such sale, lease, or transfer, true and exact duplicate signed copies of all agreements, conveyances, contracts, franchises, deeds, leases, bills of sale, and other instruments under which such sale, lease, or transfer is to be made. Said instruments shall be certified to under the oath of the executive or presiding officers of the seller and purchaser, respectively, as such true and exact duplicates. At the same time, and accompanying said documents and instruments of sale and transfer, there shall be filed with said Department of Public Works a statement and report, in form and detail to be approved by said Department and the Attorney General, clearly setting forth the following facts and data, to-wit:

(a) The location and detailed description, including source and methods of generation, of all the property involved in the sale, lease or transfer.

(b) The dates of the construction, purchase, or other acquisition, by such municipality, or public electric light and power district, of such power plant, distribution system, and/or transmission lines, including all replacements, extensions, repairs and betterments, together with a detailed statement of the actual cost.

(c) A detailed description of such parts of the utility to be sold as between the time of acquisition thereof and the time of the sale under consideration shall have become obsolete, or shall have been sold, transferred, lost, destroyed, abandoned, or otherwise disposed of by such municipality or public electric light and power district, and the cost of such part of the utility including extensions or additions thereto.

(d) A complete schedule of the rates and charges made or levied by such municipality or public electric light and power district for electric current, and a full and complete statement showing the financial condition and the receipts and disbursements of such municipality or public power district in the operation of the utility during the preceding three-year period, and a statement of the bonded indebtedness, if any, of such municipality or public power district in connection with its ownership or operation of the utility, including the amount of all bonds issued and paid.

Such statement and report shall be certified and sworn to as correct by the presiding officer of the governing body of such municipality or public electric light and power district, as the case may be, and shall also have thereto attached the certificate and oath of the presiding officer, or other duly authorized executive officer, of the purchaser, under the seal of the purchaser, if a corporation, that the purchaser of said utility has examined said statement and report, has investigated the facts therein set forth, believes said statement and report to be true and correct, and that the proposed purchase of said utility has been made with reference to and in reliance upon the facts, situation, and circumstances, set forth in said statement and report. The filing of said instruments and said statement and report, certified as herein required, is hereby made a condition precedent to the validity of any such sale, lease, or transfer.

Section 6. Whoever shall make, utter or subscribe to any statement and report, or certificate, required under the provisions of the last preceding section, knowing or having reason to believe that any such statement and report, or certificate, is false, shall be guilty of a felony and upon conviction thereof, shall be fined not more than Five Thousand Dollars or shall be imprisoned in the state penitentiary not more than one year. Any instrument, statement and report, or certificate filed with the Department of Public Works as provided for in this Act, or certified copies thereof, shall be competent evidence in any hearing or proceeding involving the valuation of the electric light and power plant, distribution system, or transmission lines, covered by said statement and report and certificate, for rate making purposes, taxation, or in any other matter in which the facts and statements in such instrument, statement and report, or certificate, may be involved or drawn in question, and the purchaser thereof and his, or its successor, or assigns, shall be forever estopped to deny the facts set forth in such instrument, statement and report, or certificate.

Section 7. No private person, firm, association or corporation proposing to purchase, lease, or otherwise acquire any electric light and power plant, distribution system, or transmission lines, from any city, village, or public electric light and power district of this state, nor any one on behalf or for the benefit of such proposed purchaser, may, in order to promote or bring about such sale, lease, or transfer, pay out, contribute, or expend, directly or indirectly, money or other valuable thing in excess of three thousand dollars nor, in any event, in excess of a sum, in number of dollars, greater than the number of the qualified voters in such municipality, or public electric light and power district, based on the total vote cast for governor at the last general election. Any person, firm, or corporation, violating any provision of this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding ten thousand dollars or shall be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or shall be liable to both such fine and imprisonment, in the discretion of the court. Any violation of this section shall nullify and render wholly void any such proposed purchase, lease or acquisition; provided, however, any action to set aside and render invalid any such sale, lease, transfer or acquisition, under the provisions of this section, shall be brought in the district court of the county in which such municipality or public electric light and power district, or a portion thereof, is located, by one or more electors of such municipality or public electric light and power district, or by such municipality or district itself, or by the State of Nebraska, within ninety days after the holding of the election at which the question voted on shall have been submitted.

Section 8. Within ten days after any election upon the proposition of the sale, lease or transfer of any electric light or power plant, distribution system, and/or transmission lines, as provided by Section 4 of this Act, the person, firm, association, or corporation, proposing to make or secure such purchase, lease, or transfer shall file with the Secretary of State a sworn statement, in form and detail to be approved by the Attorney General, showing all expenditures made and all obligations incurred by such proposed purchaser, directly or indirectly, in connection with or pertaining to such proposed sale, lease, or transfer and in connection with or pertaining to such election. Any person, firm, association, or corporation who shall fail or refuse to file such statement or who shall subscribe to such statement, knowing the same to be false, shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding ten thousand dollars or shall be imprisoned, if a person or persons, for not more than one year in the state penitentiary, or shall be liable to both such fine and imprisonment in the discretion of the court.

Section 9. All provisions of law now applicable to electric light and power corporations as regards the exercise of the power of eminent domain, the use and occupation of the public highways and the manner or method of construction and physical operation of plants, as may be agreed upon between the contracting cities, villages and public power districts.

Section 10. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 11. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 12. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 13. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 14. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 15. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 16. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 17. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 18. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 19. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 20. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 21. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 22. Any person, firm or corporation violating this section shall be guilty of a felony and upon conviction thereof shall be fined in a sum not exceeding Ten Thousand Dollars or be imprisoned, if a person or persons, for not more than one year in the penitentiary of the state, or both such fine and imprisonment in the discretion of the court.

Section 23. NORTH LOUP DEPARTMENT

MRS. CLAUDE RATHBUN, Editor.

Mr. and Mrs. Ben Nelson left Sunday morning for Rochester, Minn. where Mrs. Nelson expects to go through the Mayo Brothers' clinic. She has not been at all well for several months, and it is hoped that by this method the cause of her ill health can be found. Her mother, Mrs. I. L. Sheldon is caring for the Nelson's infant son.

Mr. and Mrs. Floyd Redlon and Mr. and Mrs. Ernest Redlon and children gave their North Loup relatives a pleasant surprise when they unexpectedly arrived in North Loup on Monday morning of this week from their home in Minneapolis, Minn. They are all former North Loup people. Ernest has been in the employ of the Armour Packing Company at Minneapolis for some time, and has just been transferred to the plant at Denver. In company with Mr. and Mrs. Floyd Redlon he left Tuesday morning for Denver to take up his new duties, and where Floyd will seek a location for the practice of his profession of barbering. Mrs. Redlon and children will visit for a while in North Loup.

The Andy Townsend, Clark Robys and Irvin Weeds enjoyed a picnic dinner together Sunday at the Ord Park.

Mr. and Mrs. Chas. Thrasher and Mrs. Sarah Wheatcraft were dinner guests Sunday of Mr. and Mrs. Hubert Weed.

Mrs. Maggie Annyas returned Sunday from the country home of Will Wheatcraft where she had spent several days.

Owen and Nora White accompanied Mr. and Mrs. Will Cox Sunday to Albion for a short visit with relatives.

Mr. and Mrs. Roy Hudson and Mrs. I. J. Thelin took Miss Marjorie Thelin as far as Grand Island early Friday morning, where the latter took a seven o'clock train for Lander, Wyo., where she will visit friends for two weeks.

Miss Maud Shepard, Mabel Lee and Mrs. J. W. Kildow spent Thursday in Grand Island as guests of Mrs. Florence Smith.

Miss Lois Finley who is attending summer school in Grand Island, spent the weekend end with her parents, Mr. and Mrs. Chas. Finley.

C. B. Clark and son Merlin left Friday for a visit to Rapid City, S. D., from which place they expect to go to Casper, Wyo. to see the former's son, Clifton Clark and Irving Clark, a brother of C. B. Clark. They will return to North Loup the latter part of this week. At Rapid City they will spend a short time with Charlie Clark and another North Loup man, Howard Sheldon, who is running a root beer stand there.

Mr. and Mrs. A. D. Moulton, and daughters Virginia and Marilyn are planning to leave on Wednesday of next week on an extended motor trip, returning about September 1. They go directly to Nortonville, Kan. for a visit with friends, then to Joplin, Mo., where Mrs. Moulton has an uncle who is a physician. Gentry, Ark. will be their next stop, going on from there to Sayre, Okla., where Mr. Moulton's people live. Roy Lewis will be in charge of the harness shop during Mr. Moulton's absence.

The Vero Leonards, the Geo Eberhart family, and Mrs. Louise Eberhart and daughter Bessie enjoyed a picnic Sunday at the river with Mr. and Mrs. John Kriewald of Riverdale.

Misses Marjorie Thelin and Lois

Kildow were hostesses at a bridge party at the home of the latter on Tuesday afternoon. There were three tables of players. The guests were the Misses Kate Hill, Bess Eberhart, Nettie Clark, Margaret Petty, Katharine Chadwick, Eva Johnson, Eunice Rood, Margaret Rood, Gertrude Bohren and Helen Madsen.

Mr. and Mrs. Arthur Stillman, son Merlin and daughter Ada and Iva left Thursday for what promises to be a delightful motor trip to Oceanside, Calif. where they will visit Arthur's brothers Ed and Ben, and also a married son, Almond. They expect to be back about the time school begins.

The interior of the Shineman barber shop has been undergoing some changes recently. John Manchester has just completed the building of a booth at the back of the shop which will be used for beauty parlor work. Mr. Shineman has installed a new permanent waving machine of the latest type, and an expert operator will be here for a few days this week. Margaret Mayo will be the regular operator.

Mrs. J. A. Barber has received a number of compliments on the birthday table, which was a feature of the July birthday tea at the Seventh Day Baptist church Tuesday evening. An appropriate color scheme of red, white and blue was used. The affair netted the Christian Endeavor society about \$22.

Mr. and Mrs. Laverne Peterson returned Thursday from a pleasant vacation trip spent with relatives in Chicago, and at various points in Minnesota.

Mrs. A. T. Jones left Friday for Denver for a visit of several weeks with her daughter, Mrs. Mildred Davis. She accompanied Mr. and Mrs. Paul Robinson who were going to Evergreen, Colo.

Chauncey Hager, well known and accomplished musician from Ord, has been playing cornet with the North Loup band for the last few concerts. Paul Robinson leader of the North Loup organization left recently for Colorado on his annual vacation, and young Hager will act as conductor while he is away.

North Loup's three rural carriers, Mark McCall, Cliff Goodrich and Will Cox returned from Hastings Tuesday evening where they had been in attendance at the convention of state rural carriers. Mr. Goodrich received the honor of being chosen as one of the seven state delegates to attend the National Convention to be held in Detroit August 19-22, with all expenses paid.

The North Loup band will play at the Rodeo Pep meeting at Burwell on the evening of Saturday, August 2. The North Loup organization has also been asked to play at the Howard county fair on their biggest day, Saturday, August 9.

People of the neighboring counties are evidently lovers of good music. On Wednesday afternoon, members of the Junior Philathaea Sunday school class of the Methodist church, met at the home of their teacher, Miss Maud Shepard, for a party in honor of two of their members who were June brides.

The honored guests were Murle Eiselle Stanton and Viola Thomas Dutcher. Rumsey furnished the diversion of the afternoon, with four tables of players. The guests of honor were presented with glass kitchen sets in contrasting colors, as gifts from the class.

MILDNESS, YES—BUT SOMETHING MORE.
Chesterfield offers richness, aroma, satisfying flavor.

BETTER TASTE—that's the answer; and that's what smokers get in Chesterfield in full measure—the flavor and aroma of mellow tobaccos, exactly blended and cross-blended. Better taste, and milder too!

MARION J. CUSHING

Candidate for Republican Nomination and re-election to Nebraska Legislature. Resident of Valley County for forty years.

Elected Representative in 1928 with no campaign effort of any kind, except by friends. Served in the 45th Session of 1929 and the Special Session of 1930. Much of the important work of the Legislature is done by committees of from five to eleven members. The Chairmanship of a committee is seldom given to a member serving his or her first term, I was the only member of the 45th Session selected as Chairman of a House Standing Committee.

Secured 42 miles of newly designated State Highway roads System consisting of a road connecting the Arcadia road with North Loup and a road from the State Highway west of Ericson through Ord to Comstock.

If the voters of this District see fit to reelect me at the coming election I am in line for more important committee appointments and can be of much greater service to my District than I was as an inexperienced member. I am now personally acquainted with State Officials, heads of the various State Departments and members of both House and Senate which will be of great assistance to me in the next Session of the Nebraska Legislature if your vote should select me to serve this District again.

Regardless of the outcome of the present election, I wish to thank the voters of Valley and Garfield Counties for the good vote given me in the 1928 election. It has been an honor and a privilege to serve this District the past two years.

Your support in the Primary Election, August 12th will be appreciated.

MARION J. CUSHING

James Morrison, who has been in Grand Island most of the time since school closed, is back in North Loup for a while at least, and is assisting at the Loyalty office.

The O. R. Hill family are planning to leave Sunday for a vacation of a week or so at Evergreen, Colo.

Mrs. Carrie Mix of Cairo, was a guest of the Dave Ingrahams from Monday until Wednesday, when she went to Ralph Sperlings for a visit until Friday. Mrs. Mix is enroute to California.

Mr. and Mrs. John Davis left on Monday morning of this week for Boulder, Colo., where the former will run a threshing machine for Paul Hummel. Mrs. Davis will take charge of the cook shack which will be moved from place to place during the threshing season.

Mr. and Mrs. Will Smith were up from Grand Island Sunday looking after business matters.

—One 85 Cent Bottle of Kruschen Salts Did It

“A Battle Creek physician says ‘Constipation is responsible for more misery than any other cause.’ But immediate relief has been found. A tablet called Rexall Orlon has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.”

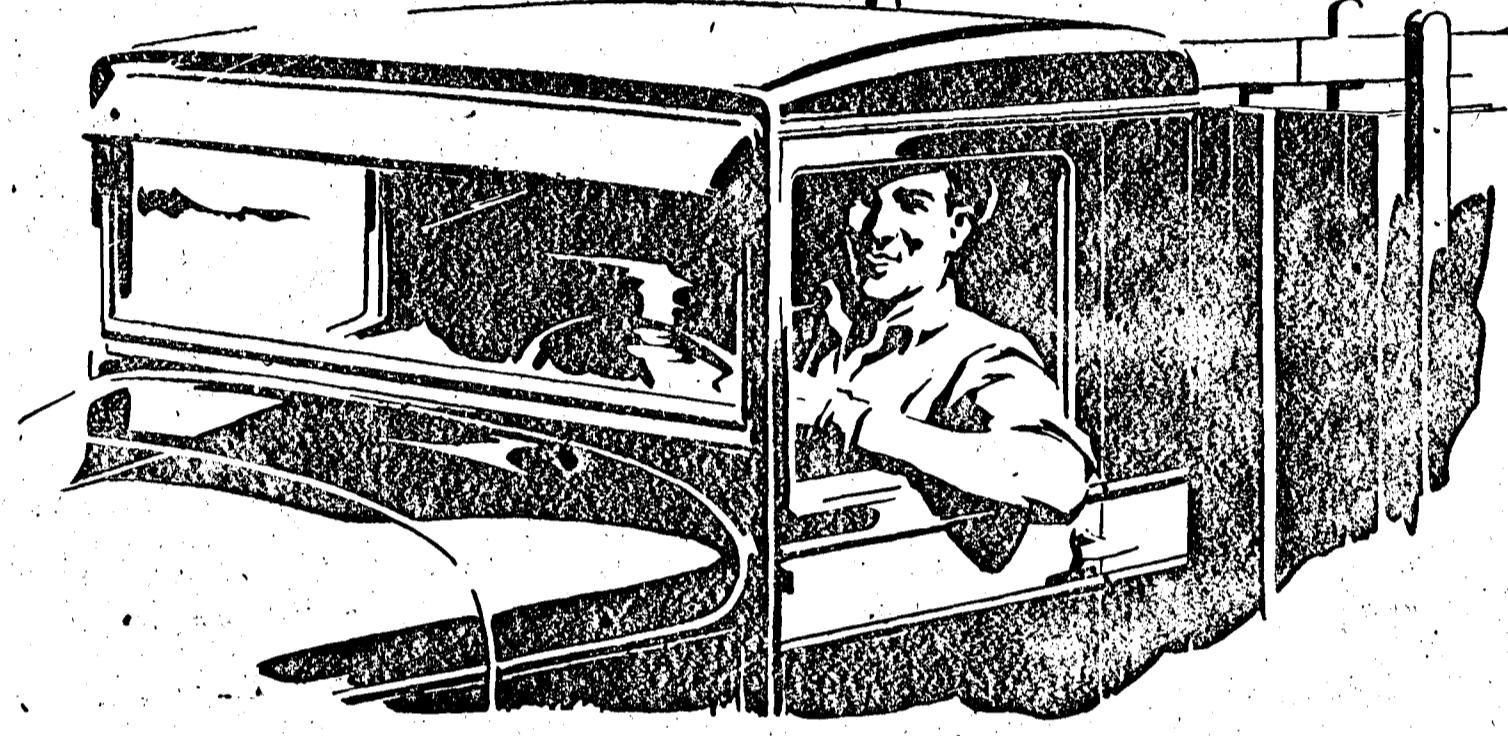

“I am starting on my second bottle of Kruschen Salts and am real pleased with results. I take it for reducing and so far have lost 14 pounds and I think it is doing wonders for me. I do not feel so tired evenings when I get home from work.”

“A generous bottle of Kruschen Salts that lasts 4 weeks costs 85 cents at the McLain and Sorenson drug store or any drugstore in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut down on starches and walk a little each day.”

Before the bottle is empty grows spry. Millions know this—plus fat is leaving you—Indolence you ought to know it. Kruschen Salts is the ideal treatment for changes to activity—you'll feel constipation, indigestion, head—
younger—eyes will brighten—step aches, nervousness and acidity.

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity!

These basic facts should be borne in mind by everyone considering the purchase of an inexpensive haulage unit—because capacity,

speed, ruggedness and operating economy are the big points to consider in these days when business men are watching transportation costs.

Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them carefully. Then use them as a basis of comparison—to prove quality—to prove modern design—to prove OUTSTANDING VALUE!

Collins family took dinner with Arthur Collins'. They spent the afternoon and took supper with Mr. and Mrs. R. H. Peterson and family. Wednesday evening, Chas. Collins back to Loup City where she spent the night with Emil Beushausen. Thursday morning, Will Bellie came and they went to Ashton, Nebr. to get Mrs. Will Bellie, who having consumption, in the spring was taken to her parents in Ashton. They took her and the children back to the mountains to live now.

Mrs. Chas. Brennick returned Thursday from her visit in the western part of the state. She visited the James Vincent family at Chappell and the Harry and Floyd Thrasher families at Big Springs, also Mr. and Mrs. Walt Thorngate at Big Springs. She says she had a fine time.

Grandma Mattison passed her 98th birthday in usual health on July 12. She is the mother of Mrs. H. H. Thorngate and makes her home with them. She has been living with them now for nearly nine years and she has not been able to walk since two years before she came here. She has not been away from the place for over five years.

Mr. and Mrs. H. H. Thorngate drove to Hastings Tuesday and brought Miss Vesta Thorngate home from there where she had been visiting friends.

Vesta Peterson took two firsts and Maxine McCune one, last Friday when the Junior Neighbly club met and judged the sofa pillows, color charts and room drawings. The meeting was at the home of Thelma Weed and all but two members, Arlene Kirk and Blanche Booth, were present. The hostesses, Thelma Weed and Gladys Peterson served lunch of

DIDN'T EXPECT SUCH BENEFITS

R. M. ELLYSON

"I had my share of suffering with rheumatic pains for years. They'd strike me in nearly every part of my body and sometimes my fingers would get so sore and stiff I couldn't close my hands. My stomach was out of order and nearly everything I ate gave me indigestion. Since I started Sargan I haven't the slightest trace of a rheumatic pain and I use my hands as well as I ever did in my life. I eat with a hearty appetite and never have the slightest trouble with my stomach. I never expected to have such fine health again."

"Sargan Pills are a real liver stimulant and corrected my constipation without the least discomfort." — R. M. ELLYSON, 4626 Huntingdon St., Lincoln.

It Pays To Hold Your Grain

One year with another it pays to hold your grain, rather than sell at threshing time. Some time during the year grain usually brings a better price than it does at harvest time. An increase of 10 cents a bushel will pay for the Husky Giant corrugated galvanized grain bin which we sell, the first year and from then on you will have free storage. With a good steel grain bin you save waste and insurance.

The Husky Giant Grain Saver Steel Bin

is built like a battle ship. It is thoroughly ventilated, is fire proof, vermin proof and burglar proof. It is built by the largest makers of steel farm buildings in the country and is guaranteed to do all and more than we claim for it. ALL WE ASK is that you come in and let us tell you about it and show you how it is made.

**SO EASY
TO HANDLE**

Oldsmobile is so easy to handle—both in traffic and on the highway—that it's hard to realize when you're driving, just what a big, comfortable, roomy car this is. In the first place, all controls are exceptionally convenient and easy to reach. Steering may be done with the fingertips. Clutch and brakes respond instantly. Gear-shifting is smooth and silent. And a touch on the accelerator means immediate action, whatever your speed at the moment. These things, combined with the comfort and convenience features of Oldsmobile's Fisher bodies, give driving comfort of the finest sort. Come in and see this car. Drive it yourself. You will find it a real pleasure.
