

PHEASANTS HAVE CASH VALUE NOW, SAYS CO. AGENT

Can Be Made Profitable Crop For Valley County Farmers If They Are Protected.

Beginning this year pheasants will be one of the most profitable crops raised by Valley county farmers if they are given proper protection, says C. C. Dale, county agricultural agent. The wild birds have a cash value as much as chickens and require even less care, Mr. Dale says.

The county agent refers to the Hunters Script Plan as the Nebraska legislature at its last session. Under this plan, farmers may demand and receive 50c each for all pheasants killed on their farms during the annual open season.

Details of how the Hunters Script plan works were received last week by County Clerk Ign. Klima, Jr., from the state game warden.

Under this plan, script books will be sold in Lincoln, Omaha and large cities as well as by all county clerks throughout the state. Hunters starting on a trip probably will purchase their script books before leaving home.

When they reach the county where they plan to hunt they will drive up to a farmer's house and ask permission to hunt on his farm. If permission is granted, the hunters will deposit their script books with the farmer.

On the inside cover of the script book will be the name, description, automobile license number, home address, etc., of its holder, which gives farmers means of identifying the hunters in case stock is killed or damage done.

When the hunters return from the field they will again stop at the farmer's house, show their bag of game and from the coupon books the farmer will detach one coupon for each pheasant killed. These coupons may be cashed at any bank at the rate of 50c each.

The state recommends that farmers have signs posted saying "Welcome Script Hunters," or something similar, if they allow hunting on their farms.

If as many foreign hunters come to Valley county as have in past years, and all farmers insist on receiving script for all pheasants killed, several thousand dollars should accrue to farmers each year, Dale believes. Hunting outside of the legal open season should be discouraged, he says, and farmers should report infractions of the law to the proper officers.

During the open season, farmers can probably extend courtesies to script hunters, showing them where to hunt, etc., for the more birds killed the larger the profit to the farmer.

Funeral services for John Bartunek held. Was One of County's Oldest Residents, Died Last Wednesday, Lived Here Since 1893.

Funeral services for John Bartunek, one of Valley county's oldest residents, were held last Saturday at the Z. B. J. hall in Ord, Rev. Cohn having charge of the rites. Interment was in the Bohemian National cemetery here. Mr. Bartunek was 93 years old when death came last Wednesday, July 29.

Five children survive Mr. Bartunek. They are Josef and Anton Bartunek, Ord; Mrs. Josephine Capek, Ord; Mrs. Anna Prucka, Oberlin, O.; and Mrs. Antoinette Macha, Cleveland, O. His daughters from Ohio visited their father just two weeks before his death, which occurred in the home of his other daughter, Mrs. Capek, where he had been tenderly cared for. Death resulted from the infirmities of old age.

Savidge Carnival Will Appear At Valley Co. Fair

For the first time in several years a carnival company will be an attraction at the Valley county fair. The fair board has made arrangements with the Walter Savidge Amusement company, one of the cleanest carnival companies on the road, to bring their train load of amusements to Ord and appear on the fair grounds from August 31 to September 3.

A large merry-go-round, merry mix-ups, ferris wheel and sea-plane rides carried by the Savidge company. Several shows, including a palace of mystery, a museum, Doc. J. Rice's educational and animal exposition, and the Walter Savidge Players come with the company. The Missouri Giant, who is 80 inches around the waist and weighs 575 pounds, appears daily with the carnival.

VALLEY CO. TEAM WILL PLAY SERIES WITH CUSTER CO.

All-Star Teams Will Be Picked In Each County, 3-Game Series Starts, August 12.

A three-game series with an all-star team from the Custer County Farm Bureau Baseball league will be played by the Valley County Farm Bureau League All-Stars, reports C. C. Dale, Valley county agent. The series starts August 12 at Broken Bow. A second game will be played later at Ord and if a third game is necessary to decide the series it will be played at Comstock.

This is the first year a farm bureau league has been in operation in Custer county. Six teams are playing every Sunday there.

The Valley county all-star team will be selected at once, Agent Dale reports, and one or two practice sessions will be held before the game August 12.

Oil Refinery At Broken Bow

At Broken Bow last week the city council granted to W. F. Grimm, of Neosho, Mo., permission to build an oil refinery within the city limits and Mr. Grimm plans to start work on the refinery at once. It will have a capacity of 150 barrels daily. Cheap crude oil will be shipped in, processed into gasoline, tractor fuel and kerosene, and the resulting products sold locally. A similar refinery is now under construction at Alliance and others will be built at various points in the state, at a cost of about \$10,000 each. The freight rate on crude oil is very much lower than on gasoline so the small refineries can be operated at a good profit, particularly in farming communities where there is a ready sale for tractor fuel.

Harry Stevens Hurt, Dragged Behind Rake

Harry Stevens, who lives in the south part of Valley county, was quite badly hurt Monday in a runaway. He had hitched a team of colts to a rake and started for the field. The colts became frightened and ran away, breaking the tongue and a wheel from the rake. Mr. Stevens was thrown down at the horses' heels and dragged for some distance before he could free himself. Dr. Norris was called at once and found Mr. Stevens suffering with several broken ribs besides numerous bruises.

Bert Boquet Kills "Water Moccasin", Exhibits It In Andersen's Window

A "water moccasin" shot by Bert Boquet, general filling station manager, formed an interesting exhibit last Friday in one of the windows of the Andersen Grocery. With the moccasin was shown the gun with which Bert shot it—an ancient flint-lock, or a gun of about the same vintage. And the "snake" itself, was nothing but an old shoe in a pan of water.

"This is the Snake You've Heard About!" the Kokes Hardware also has a "water moccasin" display this week. The snake in the hardware store's window is made of paper mache.

So far as the Quiz can learn, there is no foundation in fact for the various water moccasin rumors that were so prevalent last week. Nobody at Burwell was bitten, nor was anybody at Scotia. Several people have reported seeing moccasins in the river but probably they were nothing but harmless garter-snakes.

SPEEDING MUST STOP IN ORD, MAYOR ORDERS

City Opens War On Fast Drivers As Complaints Come In; To Take License Numbers.

NOTICE TO SPEED FIENDS. Numerous complaints of speeding on the streets of Ord have been made and notice is hereby given that such speeding will no longer be tolerated. As fast as license numbers can be obtained speeders will be prosecuted. Take heed, for no further warning will be given. 20-11

W. H. Moses, Mayor

Speeding must stop in Ord! This is the order of Mayor Moses, issued today at the request of numerous Ord citizens who have become alarmed for the safety of their children because of the speed mania indulged in by a number of local automobile owners. From now on drivers who exceed a sane speed on the streets of Ord do so at their own risk, the mayor says.

Instructions were issued this week to Marshall L. W. Covert and Night Officer Roy Pardue to take down the license numbers of speeders. Prosecution will follow, the mayor says.

"There are a few Ord people, mostly boys and young men, who drive at a reckless and dangerous speed whenever they get behind the wheel of an automobile," Mayor Moses says. "These people, particularly, must watch their step. We do not want a serious accident to happen here and will do our best to prevent such an accident by prosecuting whenever sufficient evidence of fast or reckless driving is found."

The Ord mayor asks the cooperation of Ord citizens in reducing the speed mania prevalent here. Good citizens will drive carefully and will report those who consistently violate the speed laws, Mayor Moses believes.

SHOWERS FALL BUT CORN IS STILL BURNING

Tropic Weather Continues, Drouth Unbroken; Many Fields Past Help.

Blazing sun and hot winds continue to take their toll from Valley county's parching crops this week, though local thunder showers have brought temporary lapses in the severe heat. Crop reports from various parts of the county show some fields so badly dried as to be past help if moisture does come; others will show a partial crop if rain comes soon while in a few localities corn is hurt very little.

Light showers fell last Friday and Saturday and again on Monday. In many parts of the county, Saturday only .09 inches fell in Ord and Monday but .17 inches fell. Some localities had even less.

Parts of Spring Creek community report an inch Monday and parts of Ord report 1.2 inches, but such rainfall was the exception. Springdale had only a light shower, just a sprinkle fell at Woodman hall, a light shower in Eureka township, and south of Ord, in Mira Valley and Vinton, scarcely enough to settle the dust.

Last Saturday and Sunday were fairly cool, Monday the temperature reached 90, Tuesday it was up to 95, yesterday to 96 and today probably will see 100 temperatures for the seventh time during this torrid summer.

Rudolph Blaha's Son Hurt

A son of Rudolph Blaha, who lives in Noble township, suffered a badly broken arm last week when he fell from the top of a threshing machine. The bone protruded through the flesh of the arm and infection set in, requiring that the arm be lanced. The lad is under the care of Dr. F. A. Barta and is recovering.

Rolland Dye And Fern Wilson Wed

In the United Brethren parsonage at 2 o'clock Sunday afternoon occurred the marriage of Rolland Dye, son of Mr. and Mrs. Harry Dye, and Miss Fern Wilson, daughter of Mr. and Mrs. A. C. Wilson. The ceremony was performed by Rev. H. H. Spracklen. Attendants were Miss Eleanor Dye, sister of the groom, and Kenneth Wilson, brother of the bride.

At 5 p. m. a dinner was served in the home of the bride's parents. Guests were Mrs. John Canning, Grand Island, Miss Eleanor Dye, Lincoln, Mo., and Mrs. Walter Coats and two sons, Arcadia, Mo., and Mrs. Spracklen, Mr. and Mrs. Harry Dye and Mrs. Sarah Dye. The newly-weds are excellent young people who have made their homes in Ord all their lives. Both are graduates of the Ord high school. Mr. Dye was employed at the Burlington depot until a few months ago but now is manager of Haight's west store.

JAILED, FREED, MARRIED, NOW HE GOES TO PEN

Check Writing Proves Downfall Of Newlywed Manka; Sentenced Year in Prison.

First Ralph Manka was held in the Valley county jail for writing non-fund checks. Then he made the checks good, paid a fine of \$5.00 and was released.

A day or two later he was married to Miss Annie Wetzel, of North Loup. Taken into custody for forging a \$5 check on Albert Peterson, young Manka was again held in the Valley county jail.

Now he is on his way to the state reform school at Lincoln, where for the next twelve months he will have no chance to indulge in his check writing habit.

Manka, whose home is Ravenna, but who came here to enter the employ of Valley county in road work at the North Loup bank, when a check he had forged on Albert Peterson several days ago made its appearance. He wrote the check to himself, signed Mr. Peterson's name, and endorsed it with his own name. He then cashed it at the North Loup bank. When the check cleared his arrest followed at once.

When arraigned before Judge E. P. Clements in district court late Monday, Manka made a clean breast of the forgery. He pleaded guilty to the crime and was sentenced, upon which the judge fined him \$25, ordered him to pay costs of the action and imposed a sentence of one year at the state reformatory.

The young man will be taken to Lincoln today by Sheriff George Round.

Offers Prizes In Yard-Garden Contest

C. Dewey Anderson, of Seattle, Wash., a son of Mr. and Mrs. Albert Anderson of Ord and a graduate of the Ord schools, is offering two fine prizes in the Ord yard and garden contest. He offers two complete individual 1 and 2 cup drawings, together with lists of correct plantings, to any two contestants chosen by the local committee. Just what basis the committee will use in awarding these two prizes has not been determined. Mr. Anderson has been employed by a nursery company in Seattle.

Three Apply For Dance Hall Permits

Three applications were received Tuesday by the county board, in regular monthly session, for permits to conduct dance halls in Valley county. The three who applied were Frank Ptoea, the Elyria hall and the Jungman hall. As required by the new dance hall law, the board accepted the applications, ordered that notices be published and set August 24 as a date when anybody who desires to oppose these licenses being granted may appear before the board and state their reasons.

The board also awarded a contract to the Bissell Weather-stripping company, of Beatrice, for additional work on the courthouse roof, the contract figure being \$132.50. This company has been engaged in waterproofing the roof, fire walls, etc., and has completed the work.

Falls From Car, Unhurt

North Loup, August 4.—(Special) Mrs. Allen Simms was very slightly injured last Friday on the highway through the Chalk Hills when the car door against which she was leaning opened and she fell out the car passing over her arm. Only the tip of one thumb was hurt.

Mayo Given State Job

North Loup, August 5.—(Special) George Mayo, of this village, left Saturday for Lincoln to assume his new duties as state motor vehicle inspector. He was appointed to the position by Governor Bryan.

7 MORE RACERS SIGNED UP FOR ORD AUTO RACES

Emory Collins, Winner at Ak Track Sunday, Heads Drivers Signed Up By Clyde Baker.

Seven more speed demons, including the redoubtable Emory Collins, of Calgary, Canada, have signed contracts to compete in auto races at the Valley county fair August 21, September 1, 2 and 3, reports Clyde Baker, superintendent of races, who made a trip to Omaha Sunday and interviewed drivers competing in the Ak-Sar-Ben speed events. Fourteen drivers now are signed up here, the names of the ever-afraid their names to contracts this far in advance of the fair.

Other drivers who signed entry blanks Sunday are Howard "Speed" Adams, Marion, Ia., George Lawhorn, St. Joe, Mo., C. H. Haskell, Lincoln, B. W. McCoy, Omaha, Joe Misco, Omaha, and Norman Wellbright, Austin, Minn.

Collins was the big money winner at Omaha Sunday and he was pressed hard by Haskell, of Lincoln, who has competed here with great success on several occasions. This year Haskell is driving the car Bagley had last year, while Bagley is building a new car powered by a Miller motor. Bert Fieck, Bagley's driver, is now at the Miller factory in California superintending construction of the new car and he should reach Omaha this week.

Fred Dresselhuys, Walt Gartner, James Wood, Rudy Mullinger, L. E. Kerbs, John Bagley and A. L. Spillman are drivers who had signed up here previous to Sunday.

With 14 entered already, Supt. Baker is hoping for the largest and fastest field of drivers that ever competed on the Ord track.

NEW AUTO LAWS, TO BE ENFORCED, OFFICERS WARN

Stop Sign Law, Other Legislation Will Follow, Round Says. tion Must Be Obeyed Or Arrested.

A warning that in future the state automobile laws will be strictly enforced in Valley county is issued this week by Sheriff Geo. Round and County Attorney George A. Munn. The stop sign law, the law that relates to overloading the car and that the running board law are particularly stressed by officers.

Drivers must come to a full stop as they approach a stop sign, no matter where it may be located, warns Sheriff Round. Deputies have been instructed to watch for all violations of this law and arrests and prosecutions will follow whenever an officer observes an infraction of the law.

New Nebraska legislation makes it illegal to have more than three persons in the front or driving seat of any motor vehicle and deputies are watching for infractions of this law, also. Carrying any person on the running board of a car while the car is in motion also is illegal, under the new automobile law.

The penalty for a first offense of any of the above is a fine of not less than \$10 nor more than \$50. County Attorney Munn says. A second offense calls for a fine of not less than \$50 or sixty days in jail or both.

Several drivers in Ord have been cautioned already by deputies for running past stop signs and with the issuance of this warning future infractions will be prosecuted, the officers say.

"Watch your step in driving and obey the law and you will have no trouble," promises Sheriff Round. "Violate the law and you are in for trouble right away," he says.

Emma Skollil Hurt In Auto Accident

Miss Emma Skollil was badly cut about the face and forehead, her sisters Elaine and Violet and a friend, Frank Novotny, of Elba, escaped without injury Sunday when the car in which they were riding went off a thirty foot embankment and overturned. Miss Emma Skollil was driving and the accident happened when the brakes on one of the front wheels locked, throwing the car into the ditch and over the embankment. The car was wrecked. The party was enroute to Elba and passing motorists took them on to that village where medical attention was given and they were able to return to their homes.

Bus Service Curtailed. W. F. Williams, owner of the P. C. T. stage lines, announces curtailment of his bus service effective at once. His early morning bus will remain in Grand Island until evening, reaching Ord about midnight, and the second bus will be removed from the run.

Thresher Burns, But Buildings Are Saved

There was much excitement on the Edward Shoemaker farm in Maiden Valley last Friday when the threshing machine belonging to Amos Christofferson caught fire and was burned. Fire was first noticed in the straw below the feeder but before anything could be done the separator and a hay rack were in flames. Alarm was given on the phone and help arrived at once. They managed to pull the separator away and saved the straw stack but all that would burn about the separator, including the belts, was a total loss. The cause of the fire is unknown. Had the straw stack caught fire the farm buildings would have been in great danger, as they were threshing near the barn.

Succumbs to Heat Friday

Found wandering in a pasture on the Keeffe farm in Lone Star neighborhood last Friday evening, Charles Dobrovsky is thought to have been a victim of heat exhaustion. He had been sick all day that day. A doctor was called and he ordered the heat victim kept in bed for a week.

RED BIRDS BEAT MIRA VALLEY IN ELEVEN INNINGS

Retain League Lead in Best Game of Season; Delcos and Camels Win Games Sunday.

By a score of 5 to 4, in eleven innings, the North Loup Redbirds defeated Mira Valley Sunday and thereby retained the lead in the Valley County Farm Bureau league. With Olean and Arcadia the only serious obstacles remaining in their path, the Red Birds seem assured of the 1931 championship and the Quiz cup.

North Loup scored first Sunday, getting two earned runs in the first on a double by Brenneck and singles by Chadwick and D. Noyes. Mira Valley tallied one in the same frame and North Loup added two more in the fifth. Going into the eighth the Redbirds led, 4 to 1.

Four successive singles in the eighth netted three runs for Mira Valley and the score was tied at 4-4, where it remained until the last of the 11th when Chadwick, on a hit, scored the winning run on Portis' error. Knapp walked, C. Noyes forced Knapp at second, D. Noyes going to third on the play, and with two down Sheldon came to bat and drove a hit through third, bringing in the winning run for the Redbirds.

Sheldon struck out 17, allowed 7 hits and no walks while the Mira Valley hurler, Clement, whiffed six, was nicked for 9 hits and walked one. Two hundred and fifty-five were the game.

In other games Sunday the Ord Delco-Lights beat Eureka, 7 to 5, Joint beat Sumter, 20 to 4, the Ord Camels beat Elyria, 8 to 3, and Arcadia beat Olean 4 to 3 in ten innings.

Next Sunday North Loup meets Olean at Olean. Joint plays at Mira Valley, Eureka plays at Elyria, Sumter plays the Delco-Lights in Ord, and the Ord Camels and Arcadia tangle at Arcadia. Box scores, standings, batting averages, etc., will be found on other pages of the Quiz.

Kamerad Arrested, Gains His Release

Arrested Monday morning by Marshall L. W. Covert when a complaint came in that he was making and purveying booze, Frank Kamerad was released when County Attorney George A. Munn declined to prosecute because the evidence was too flimsy. A small quantity of alleged wine found in Kamerad's house in east Ord proved to be vinegar when it was analyzed. The only other evidence found in his house was part of a bottle of alleged beer. Neighbors of Mr. Kamerad said that he always had conducted himself well and they had not been annoyed by noisy parties at his home, as had previously been reported to officers. "It is not the disposition of this office to persecute anybody," Mr. Munn said in ordering Kamerad's release.

Former Lt. Governor Speaks at M. E. Church

George A. Williams, former lieutenant governor of Nebraska, was a speaker at the Methodist church here Sunday morning, delivering a talk on "Citizenship." Only 40 per cent of the voters exercise their privilege of voting now, Mr. Williams stated, and he made a plea to citizens of the better class to clean up politics by taking an interest in public affairs and voting for proper candidates. The day previous Mr. Williams made two speeches at North Loup.

Band Concert on Tuesday

Next Tuesday evening, instead of Wednesday, the regular weekly band concert of the Ord band will be given. The band is playing at the Burwell rodeo next week, hence their concert is shoved forward 24 hours.

CITY OFFICIALS INVESTIGATING GAS ELSEWHERE

Most Cities Like It, Reports Indicate; Franchise To Be Discussed Friday Eve.

For several weeks Ord officials have been investigating the natural gas proposition to determine whether or not a franchise should be granted the Nebraska Natural Gas company to bring gas here. City Attorney Ralph W. Norman has written many letters to cities that already have gas and finds that most places are enthusiastic about it. Extracts from a few of the letters he has received follow: H. Emerson Koker, City Attorney, Wahoo: The quality of the gas furnished seems to be good and those who are using the same seem quite well satisfied. Cost to stove users per month ranges from about \$1.00 minimum to about \$3.00.

C. E. Beal, Sec'y League of Nebraska Municipalities, Crete: Of all the cities and villages I have been able to get any information from there does not seem to be any that have not been benefitted by allowing the gas franchise. We have gas in Crete and many other cities and all report there has been no reduction in consumption of electric energy.

Thomas J. Dreda, Crete: The city appears to be satisfied with the gas as to price and quality.

C. C. Frazier, City Attorney, Aurora: Our consumers are satisfied with the gas both as to price and quality. The service has been continuous without interruption. At the home I had gas installed in my furnace and the convenience and service has been wonderful while the cost has not exceeded the cost of coal. It seems to me that this development has brought a lot of new money into our state and our respective communities. It has furnished work for the laboring man, right-of-way money to farmers, also has brought a lot of new property into our territory for taxation. Of course it has hurt the coal business but outside of that I do not know of anyone or anything that it has hurt.

M. V. Shaw, City Attorney, David City: People here seem very well pleased with gas and many are using it for cooking. I am using it in my furnace and have since last November. It costs me 87c per day for heating, cooking, laundry stove and automatic water heater. The pressure has always been adequate.

Barlow Nye, City Attorney, Kearney: Citizens very pleased with natural gas. Cooking costs to average small family \$1.50 to \$2.00 month. I am using gas in my furnace. Costs slightly more than coal and results highly satisfactory.

Other letters received by Mr. Norman give reports very similar to those quoted above. Rates in other cities also are similar to those proposed here.

J. W. Demsford, representative of the gas company, will meet with the city council tomorrow evening and it is not unlikely that a franchise ordinance of some sort will be agreed upon. City councilmen will ask that a guarantee of 900 B. T. U. heat content be introduced in the ordinance, together with a guarantee that adequate safety devices be installed. Other minor changes also will be asked. City Attorney Norman says and if the franchise terms are agreed upon the matter probably will be voted on by councilmen.

Ord People Report Elba's \$20,000 Fire

Four Ord young people, Joe Frank and Miss Helen Osewowski and Miss Helen Zulkoski, were passing through Elba at 4 a. m. Monday when they noticed that the business district was in flames. They turned in an alarm and firemen responded but damage of \$20,000 was done before the flames were extinguished. A drug store, pool hall, barber shop and the Elba Hatchery burned. The Ord young people were returning from Grand Island where they had met Miss Osewowski, a student at Creighton, who was returning home for her vacation.

Traveled to Both Coasts

Joe Austin returned to Ord last Thursday after traveling all over the United States with various celebrities and show companies. Since leaving Ord last fall he has been in New York city, Los Angeles, and most places in between, Joe says. Mail didn't catch up with him until he reached Ord, and on July 30 he received two Christmas cards mailed to him last winter. He will remain here until after the Ord fair, Joe says.

Legion Picnic

On next Friday, the 7th day of August, 1931, at 7 o'clock p. m. there will be a picnic at the Busell Park under auspices of the Ord Auxiliary. All Valley County ex-service men and families are invited. Drinks and entertainment furnished, but bring your own cake 20-11

When You and I Were Young, Maggie

Game Warden A. J. Shirley gave notice that he would prosecute anybody shooting prairie chickens before the opening of the season Sept. 1 or who shot quail before the season opened Nov. 1. Mamie Siler announced the opening of her new store on Aug. 18. A gold strike was reported on Gravel Creek and Dr. Taylor, J. F. Colby and Rudolph Sorensen drove up to get samples of the gold bearing sand for analysis. Fred Bell invested in a merry-go-round of the latest pattern. Wheat was selling at 52c and corn at 35c in Ord.

20 Years Ago This Week.
Floyd W. Robbins made his first public appearance in America, after studying music in Germany for three years. His concert at the Bohemian hall was well attended. George Munn returned from Lincoln, where he had completed his second year in law college. Since school closed in the spring he and his mother had been visiting in Canton, O., and it was his first visit to Ord in 11 months. Mrs. Dan Smith and Mrs. Harold Foght were operated on in Omaha, and were recovering.

RECORD CROWD EXPECTED
Reports indicate that Broken Bow is in high spirits over prospects for record crowds at their Rodeo August 18-21. The buildings of additional rodeo pens, installing of additional seating capacity, securing of additional auto parking grounds and equipping larger camping grounds is in progress. The magnitude of the contracts for rodeo stock and entertainment and the big arrangements for a pioneer pageant parade is making the Broken Bow Rodeo a much talked of event over the state.

Fat Men

Mr. W. R. Daniels of Richmond Hill, N. Y. City, writes, "Have finished my second bottle of Kruschen Salts—Results—Removed 3 inches from the waistline—am 25% more active—mind is clear—skin eruptions have disappeared—am 46 years old—feel 20 years younger." To lose fat take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast every morning—an 85 cent bottle lasts 4 weeks—get it at any drug store in America. If not joyfully satisfied after the first bottle—money back.

THE COOK'S COL-YUM, YUM!

Salads are cool and delightful summer dishes that have saved the disposition of more than one hot weather cook, rendered desperate by her inability to think of something that would be relished by her family. Serve lots of salads and please your kiddies and tease your husband's lagging appetite. They look attractive, their coolness recommends them, preparation in most cases is easy. Then too, salads furnish a chance for the use of a little ingenuity and inventiveness on the part of the cook. Nearly any group of leftovers may be worked into successful and delicious salads. Try your skill. . . . don't wait for the cook books to tell you that tomatoes are good in potato salad or that a touch of onion gives orange and lettuce salad an inimitable tang.

Jellied Tomato Salad.
To one can of prepared tomato soup add enough water to make a pint, bring to a boil and dissolve one package of Jello thoroughly in the hot liquid. Season to taste.

Pour into six or eight individual molds, and serve with a ring of cottage cheese surrounding each round, on a bed of lettuce. Add your favorite dressing.

As you can imagine this is a very pretty salad, and one that men will like. It is also a fine recipe to use with game or meat, as it has quite a tang.

Do you make that favorite Bohemian roll, the kolache? There is nothing more delicious, and as it is quite a trick to succeed with them, perhaps you will want to try this recipe:

Kolaches.
Scald one pint of milk. Let cool until it is lukewarm. Dissolve 1 1/2 cakes compressed yeast in 1/4 cup lukewarm water, to which has been added 1 teaspoon sugar. Let rise while milk is cooling. Add dissolved yeast to cooled milk and make a sponge. Let rise until light.

Cream together 1 cup sugar and 1 cup butter. Add 3 egg yolks and 2 whole eggs well beaten, and 2 teaspoons salt. Then add sponge and mix well. Add flour enough to handle well. Let dough rise until light and make into kolaches.

Roll out dough to 1/4 inch in thickness. Cut with biscuit cutter. Make depression in center and fill. Let rise and bake in quick oven.

Fruit Fillings.
Mash stewed prunes. Add sugar and cinnamon. Sprinkle with coconut or chopped nuts. Apples, peaches, apples, or any canned fruit may be used.

Poppy Seed Filling.
Grind poppy seed and boll in just enough water to keep it moist. Then add sugar, cinnamon, maple syrup, raisins and 3 or 4 ginger snaps.

Cottage Cheese Filling.
Combine grated rind of a lemon, 1/4 cup sugar, 1 tablespoon cream, 2 egg yolks and 1 pint of dry cottage cheese.

Minnie Klappal, Comstock.
And here is a cornbread recipe in rhyme. What do you think of that? We shall all have to try it, in honor of the poet or perhaps it was a lady poet.

Corn Bread.
Two cups Indian, one cup wheat, one cup sour milk, one cup sweet. One good egg that will you beat; Half cup molasses, too. Half cup sugar add thereto, With one spoon of butter new; Salt and soda each a spoon. Mix up quickly and make it soon. Then you'll have corn bread complete.

Best of all corn bread you meet; It will make your boys' eyes shine If he is like that boy of mine. If you have a dozen boys To increase your household joys, Double then this rule I should, And you'll have two corn cakes good.

(Not original but one my mother always used.)

Majestic's Amazing New-Day Battery Radio

Is now on display at The Capron Agency. Being intended for use in farm homes this new radio is naturally powered by batteries, but it should not be confused with the battery-operated radios of the past. It bears no resemblance to them, either in appearance or performance. It looks like an electric set, is operated like an electric set and, best of all, performs like an electric set. This new Majestic Super-heterodyne brings to the farm home the kind of radio reception hitherto thought possible only with powerful light-socket powered receivers, BUT IT DOES NOT USE A STORAGE BATTERY, and is free from the weaknesses and limitations of dry battery operation. Come in and hear the finest battery set ever offered the radio public.

Something Different

The new home the Lincolns built last spring, barely getting it done in time to put out a lawn and flowers and shrubs, is now a perfect bower of beauty. They have done more to create a beautiful setting for their cozy little home in one summer than lots of families do in fifty seasons.

Drive by and enjoy your life. And they tell that the inside is just as captivating as the exterior of the place.

I would like to tell you more about Breezy Point Lodge, in Minnesota, but really can't decide where to begin, there is so much to say.

Capt'n Billy Faucett, a hard-shelled ex-military officer who made a fortune in the publication of the magazine "Whiz Bang," came up to Minnesota and decided there was a mint of money waiting for someone who had nerve enough to install a gigantic fashionable summer resort.

Locating on Pelican Lake, one of the largest bodies of water in the state, he made no effort to level off the ground, but rather decreed that stretches of green lawn, cobblestone walls, flower beds, and drives should provide the background. He rather runs to having bright red flowers, window draperies, etc., to set off the rich brown of the many log buildings.

Though the Lodge and the several other large buildings are built of logs, these are peeled and stained dark brown and the construction of the various affairs has been most carefully and expensively done. Don't get the idea that the result is a lumber camp. . . . the effect is very sophisticated and attractive.

A handsome home for himself (Capt'n Billy in person) is one of the features, and there are a number of large convention halls, etc., for this is the scene of several fraternity conventions every summer.

A sandy beach, every new knick-knack to make swimming and diving fun, sailboats, motor boats, surf boards. . . . these are the water features, in addition to fishing, of course. The lake is 12 miles long, and a good way across, too.

Capt'n Billy himself owns an amphibian plane, as well as another one or two. He also owns on this estate huge fox runs, and is quite involved in the fur business.

Back into the big trees and golf course has been mapped out, one of the special attractions. An inviting stretch of lawn is equipped for out-door tea parties. A dandy dance floor in a special pavilion, as well as several other ballrooms, draws crowds of young people.

Some famous collegiate orchestra is usually hired by the summer. "Paying guests" . . . and HOW they pay! . . . do not necessarily have to be housed hotel-like. A pretty drive is equipped with modern cars, and each different car, from the rest, independent with a place for the car, etc. There must be 50 or 100 of them, and one sees maids and servants scurrying here and there among them.

And there is a new resort that is now supposed to have the edge on Breezy Point, though I haven't visited it yet.

Pelican Lake is where so many Lincolns go to summer. . . . Eiche, Wolcott, Chapin, and dozens of other prominent names are found there. Camp Lincoln for boys is located on Round Lake and these lads in their uniform garb are clean and manly looking fellows.

Once in a while a group of them are met on horseback, seen competing in swimming, diving or sailing. It is a pretty sight to see a dozen or twenty sailboats all tittling along at a good rate.

On Sunday mornings, all dressed neatly, standing up in the back of big trucks, each truckload of boys goes to the church services preferred by their families.

Pelican is a couple of miles from the Ord settlement. It is difficult for a Nebraskan to imagine lakes as thickly planted as they are in that country. Often one is on either side of the highway, and you may take your choice of lake view one or lake view number two.

4-H Merry Circle Club.
The Merry Circle Sewing club met at the home of Edythe Philbrick, the leader with all members present.

All the clothes were judged and everything was nicely made. After the meeting a picnic was held in Ray Philbrick's grove. The next meeting will be held at Mable Van Slyke's.

BACK FORTY

By J. A. KOVANDA

Twenty people attended the bee demonstration at the Vodehnal farm. There should have been two hundred. Some of those present were good bee-keepers, and most of the crowd present thought it knew something about apiculture.

After Mr. Bare got through, the majority went home realizing that they knew very little about it. When Mr. Bare removed the first hive lid and shook the bees from a frame, the audience prepared to run. But those Italian bees drifted around as harmlessly as flies.

The hives had to be opened for a number of reasons. The bees might be crowded; the comb might be crooked; the hive might need more ventilation; there might be too much brood; the brood might be diseased; the queen might need her wings clipped; she might not be laying enough brood.

In the latter case, the old queen was destroyed, and a new one installed. A queen that is over two years old is considered to have outlived her usefulness.

After Mr. Bare had demonstrated various ways of installing new queens, the Vodehnal showed how to extract honey, and demonstrated other modern bee equipment. He stated that bees will make twice as much honey if the extracted comb can be placed back for them to re-fill.

There were a few good bee-men in the group. There was H. H. Burk of Burwell, who has 12 colonies and averages a hundred pounds of surplus honey per colony. There was Leininger of Arcadia who has nearly a hundred hives, and gets from 125 to 250 pounds of honey out of each hive annually.

Wilson, who lives at Arcadia was present. Wilson secures from five to six tons of honey annually from 75 stands. Fritz, who lives in the west end of the county, reported that he gets similar yields from 40 hives. Then there is Vodehnal's place, which produces over a hundred pounds per colony. These men have little difficulty in finding a market for all their honey. They are paid prices ranging from 8 to 13 cents a pound for it.

Their equipment costs are comparatively low, and feed is not a big item. None of them devote more than half their time during the summer to the care of their bee colonies.

Our local producers are expecting enormous yields as the hives are fairly loaded with honey already. Since the countrywide crop will be short, they are optimistic about the financial outcomes of their enterprises.

These bee-men have the advantage of being thru with their work when winter comes. There are some apiculturists whose annual income comes from five figures. When the cold weather arrives, these specialists pack their grips and seek pleasanter climates.

Cultivating bees seems similar to cultivating corn. Good bee-men get a hundred pounds from each colony while the average for the country is about twenty pounds. Most of the latter are simply kept, and like uncultivated corn, yield only 20 percent as much as those properly cared for.

AM I RIGHT?

By GEORGE ROUND, JR.

Ord poultrymen are probably finding that it is necessary to give their chickens more water during this warm weather. Usually chickens also do better if they are given some shade. Otherwise they do not lay as well as usual. However, August is usually a low month in production. The standard production for the month is 12 eggs for pullets and 9 eggs for hens.

One Nebraska dairyman knows how to increase his butterfat production. He has named all of his grade Holstein cows after famous movie actresses. Whether this helps to increase butterfat production is not known but his herd made a record production of 321.7 pounds last year.

Identically Bebe Daniels, a Holstein cow, made the most money for the dairyman while Clara Bow gave the smallest amount of butterfat. Billy Dove was the highest butterfat producer for the year.

As a reminder, an application of ammonium sulphate to those drying up laws should help them. Yard and garden contestants should find that the application of the chemical will go a long way toward helping the appearance of the properties.

With most pastures in Valley county dried up, most dairymen are finding it rather important to feed their cattle grain for the balance of the summer. There are dairymen, however, who may have sudan grass or bromegrass as a pasture to take the place of other pastures.

Regardless, cows who are capable of producing butterfat in large quantities need the grain. Right now with wheat as low as it is in most sections, it might pay Valley county dairymen who are holding wheat to feed some of it to the dairy cows. Feeding one-third of the ration wheat will not injure the animals.

Fred Coe, manager of the Ord Co-operative creamery should be congratulated on his success with the plan of buying cream by grade. Though he may have lost a few minor customers, those who consistently patronize the creamery are going to be benefitted. In addition it is highly probable that cream buying by grade will be the only thing in the future.

As in other parts of the industry, the Ord institution has again forged ahead and is being looked up to as an ideal by other co-operative minded people in Nebraska.

Professors in the agricultural college regard the Ord creamery as one of the most outstanding examples of successful co-operation in Nebraska today.

It begins to look like Bill Philbrick of Olean fame really has something to brag about. He seems to be hitting the ball. The Combs hadn't better scout at him for he is hitting rings around all of them. . . . From all appearances the Quiz trophy in the farm bureau league will rest some other place than Ord this winter. . . . Newton W. Gaines of the agricultural college want to come to Ord to address the baseball boys in their annual farm bureau banquet. Not a bad idea.

But still the grasshopper reigns as the biggest publicity hound in the state today. And yet more and more stories are being told upon him. But the gallant old boy seems to be holding up well. People can say he eats paint, fences, poles and cornstalks but when an individual comes along and claims Mr. Grasshopper even eats clothes the baseball boys in their annual farm bureau banquet. Not a bad idea.

Dr. Barta was called to see Wayne King Thursday. He was overcome with the heat but is improved at this writing. Mrs. Nancy Covert and her daughter from Wisconsin who is visiting here were at the farm Monday.

Paul Duemey's spent Sunday at McLain Bros. A nice and much needed rain fell in this neighborhood Monday afternoon. At the King and Haught places an inch fell, at McLain Bros. about 1-2 inch and toward Springdale just a shower, up in Rosevale about 1 1/2 inches fell, we heard.

The Jolly Junior 4-H club met July 29th at the home of Mrs. Sam Brickner, the club leader. This meeting was called for the purpose of exhibiting and judging the towels which were made previously, and to elect officers for the club. All members were present but Amy Cornell of this club was late in organizing the members took problems seven and eight which are to be completed by Friday, August 7, on which date the club will meet with Mrs. Ed Verstraete.

—Dr. and Mrs. Lee Nay and Mr. and Mrs. E. C. Leggett were dinner guests in the Olaf Olsson home Monday evening.

Careless lubrication is costly

Before you start any trip—even a little run of fifty miles—see that you have plenty of oil in the crankcase. Careless lubrication is costly.

If the oil is thin or dirty, drain and refill with the correct grade of thoroughly dewaxed and tar-free new POLARINE.

The new model motors wear out fast unless plenty of clean oil of the correct grade is used. The motor runs at higher speed, has higher compression and smaller clearances between piston and cylinder walls. Oil costs a lot less than repairs and the replacement of worn out parts.

Use new Polarine. No oil gives better lubrication or greater protection against wear. Consult the chart for correct grade—25¢ a quart for all grades.

Ord Church Notes

Christian Science. The subject of the Lesson-Sermon read at all Christian Science churches and societies on Sunday, August 2, was "Love." The special object of this lesson is to show the everlasting, infinite nature of God as Love, which understanding allays fear on the part of those laboring under the delusion that God punishes His children. Instead of turning away from God through fear, the lesson shows that all should turn trustfully to God. One of the citations read from the Bible is as follows: "No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love, dwelleth in God, and God in him." (1 John 4:12,16) One of the citations read from the Scripture is as follows: "Mary Baker Eddy (p.513), is as follows: "God gives the lesser idea of Himself for a link to the greater, and in return, the higher always protects the lower. The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

Shadelite Marquise, Auble's Invention, Fast Gaining Nation-Wide Recognition

"The newest idea for the improvement of store fronts comes from Auble Bros., jewelers, Ord, Nebr., in the shape of a permanent awning or marquise."

So begins an article in the current issue of The A. N. R. J. A. Bulletin, national jewelers publication, showing the recognition that the Shadelite Marquise is getting throughout the country.

"The roof, or ceiling of the awning is made up of a series of metal troughs which overlap in a way to catch the rainfall and carry it away and make a perfect shade, but considerable refracted light and plenty of ventilation is available through the ceiling. No dead air is held under the awning to become overheated on hot days."

"To show how appreciative business men of Ord are of the merits of this awning it is only necessary to view the square on which the Auble store is located. Many of the old style awnings have been discarded for the Shadelite Marquise, which not only gives protection against sun, rain and snow but also adds beauty to the store front."

So continues the story in The A. N. R. J. A. Bulletin. And since this national magazine and the Shadelite Marquise have received inquiries from Rhode Island, Connecticut and Virginia and more are expected. A picture of the Auble store front was reproduced with the article.

The new type marquise is the invention of A. J. Auble, who holds the patent on it and is the president of the Shadelite Marquise company. His brother, Glen Auble, is secretary of the company.

It has been only a few months since the new marquise was installed on the Auble building here and since then similar marquises have been installed on the Misko building here, on Stepp's Market and Grocery, at Wolbach, and on the Osceola Theatre, at Osceola.

Glen Auble returned Tuesday from Schuyler where he sold the marquise to Safarik's drug store, where an elaborate new store front is being installed, and West Point, where he sold a 43-foot marquise to J. Haeffelin & Son hardware. These awnings will be installed within two weeks.

That the Shadelite really does what its name implies is indicated by a report from Mr. Stepp of Wolbach, who says that on a recent hot day the temperature in his store was only 75 as compared with 95 on a similarly hot day previous to having the awning installed.

With business conditions improving and with the Shadelite Marquise gaining recognition daily it is probable that the Hastings factory where the awning is manufactured will be kept busy all through the fall and winter months making new Shadelites for buildings throughout the United States.

Pajamas Appear in the Open

YOU CAN DANCE OR WALK OR PLAY GOLF IN COMFORT SINCE SKIRTS ARE DIVIDING THEIR INTEREST

BY HARRIET

PAJAMAS certainly sway the mode this summer. If you have never worn them, you can't possibly know how comfortable they are. Moreover, they have the ability to add a certain lilt to a psychology that may be run-down. They are zestful, and that's something worth while.

The beach pajamas and the lounging pajamas are now so ubiquitous that there is no doubting their authenticity.

Two other types of the divided skirt, though, appear now as possible heights of fashion by the end of summer. These are the dance pajamas and the divided skirt for golf or tennis, or even for walking and other informal wear.

For dancing, the first pajamas this spring showed such full legs that they looked precisely like skirts and only movement revealed their cut. Now, however, pajamas have come out into the open. New dance pajamas have fairly straight legs, with ruffles around each which emphasize, rather than conceal, the trouser cut.

For youngsters they are cute as can be. But it still remains to be seen whether sophisticated women take to them for the ballroom floor. But if you still have youth in the hollow of your hand, this is a summer to revel in the new mode and you should dance in them to your heart's content.

An especially charming little suit is made of printed durenne net in chartreuse and black design. There are little leaping gazelles in the print which somehow or other are tremendously appropriate for this type of costume. The frock is cut with a fitted bodice, a brigand's sash of the chartreuse tone and long, ruffled trousers, with the ruffles graduated until the lowest ones are quite deep. There is a little bolero jacket with long sleeves topping it, of black sheer durenne, lined with chartreuse so that the whole costume is one of charming beauty.

NEW for the golf links or tennis court is a divided skirt in white jersey which can be cut to mid-calf length or shorter, depending on the needs. There is a polo shirt or

All your steps are in the right direction when you dance in pajamas of printed chartreuse and black durenne, left, with their leaping gazelles and jungle blossoms. The divided skirt in white jersey, right, with its well-pocketed cardigan will help you to go around in much better style, when it comes to golf. It is from Best and Company.

open-mesh for the top of this outfit and onto it you add one of the new well-pocketed cardigan coats of colored jersey, with brass buttons clear up the front to the throat line.

Not only are both of these costumes new and catchy, but they foretell a fashion for fall that everybody may be wearing. It is not too far-fetched to contemplate neat tailored suits with tricky divided skirts that look like one but have the ease of trousers. France is getting these suits out in shantung right this minute, for summer wear. Topped with a frilly little blouse and a cute fitted jacket, there is nothing the least bit mannish or unbecoming in them.

As for the pajamas for the dance floor, fall will show increasing numbers of these. Unless you are tremendously fat and all of 40, it is worth while taking a shot at them. After 40, let your figure be your guide. For certainly they are incongruous on a very stout figure.

Drivers of sixes never want less because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable. CHEVROLET Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled. Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone! Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less! Twenty beautiful models, at prices ranging from \$475 to \$675. All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy C. M. A. C. terms. NEBRASKA'S CONTINUED PROGRESS IS DEPENDENT UPON ITS RAILROADS

Nearly 5,000 Nebraska Homes owned by Union Pacific Employees

THERE is no factor that contributes more to the permanence of a community than home ownership. Two-thirds of the 7,115 Union Pacific families in Nebraska own the homes they occupy, and Union Pacific employees thus add tremendously to the solid foundation upon which Nebraska's progress is built.

Union Pacific employees prosper directly in proportion to the prosperity of the Railroad. If unregulated forms of transportation are allowed to undermine the Railroad's revenues, the railroad personnel is affected, and the progress of the community is retarded.

COUNCIL REFERS NATURAL GAS TO VOTE OF PEOPLE

Special Election Will Be Called If Gas Company Will Pay For It; Gas Delayed One Year.

Before a franchise will be passed permitting the Nebraska Natural Gas company to bring gas to Ord, people of this city must indicate by their votes that they want gas. This was the decision of city councilmen at their meeting last Friday. Councilmen had unanimously to do the matter until the wishes of the people can be learned.

For several months the gas company has been seeking a franchise here but not until Friday night did their representative, J. W. Densford, appear before the council to state their proposition in a formal way.

25-year, non-exclusive franchise is sought by the company, rates starting at \$2.00 for the first 500 cubic feet of gas used monthly and scaling down to 35c per thousand for large quantity users. Rates proposed here are the same as are in effect in Kearney, Minden, Holdrege and other cities and are the same as were accepted at St. Paul, Broken Bow and Ansley.

Mr. Densford readily assented to City Attorney Norman's demand that a guarantee that gas will be available 900 B. T. U. (heat units) per cubic foot be introduced in their franchise here before it would be considered. He also assented to the council's request that safety provisions be incorporated in the franchise, together with other minor changes.

In his talk before the council Mr. Densford said that the Nebraska Natural Gas company, with its parent company, is a two billion dollar concern organized to pipe natural gas from the fields of Amarillo, Tex., to northern states. For several weeks he has been working on a project to pipe gas from the company's present mains near Grand Island to St. Paul, Ord, Loup City, Broken Bow and intermediate towns and villages. All of these cities with the exception of Ord have granted franchises already, he said.

The Grand Island to Ord project, if a franchise could be secured in Ord, would furnish employment to at least 200 local men for a period of several months. Mr. Densford stated that the money would be paid out to farmers to right-of-way across their lands. The enormous sum invested in this portion of Nebraska would be taxable and would result in substantial tax revenues to city, county and state. For these reasons, and also because natural gas is a convenience wanted and needed by Ord people, Mr. Densford said that gas should be welcomed here as elsewhere.

After the pipe line is built employment will still be furnished to a number of men, Mr. Densford said. An inspector is required for each five miles of pipe line between towns and in cities the size of Ord a permanent force of at least five people is maintained. Probably fifty families between Grand Island and Ord will gain a permanent livelihood from natural gas, he stated.

Councilmen listened attentively to Mr. Densford and asked him a number of questions which he answered satisfactorily. Then the gas company representative was accused and after tracing other business, the council again took up the gas matter.

Considerable discussion on the question was held. Each councilman was asked how many people of Ord had come to him and requested that the gas franchise be passed. Less than fifteen had told him they had filed such requests, it was learned. About the same number had asked that the franchise be turned down, councilmen revealed.

Councilman Sack then introduced a motion to defer issuance of a franchise until the wishes of the citizens of Ord are learned at an election. His motion provided that if the gas company will pay the costs of a special election, this election will be called at once; if not, the matter will be brought to a vote at the regular city election next spring. Mr. Sack's motion was seconded by Councilman Frey, after which it was passed unanimously by the council, all members voting.

In his talk before the vote was taken Mr. Densford stated that it was the policy of his company not to pay for special elections, so unless an exception is made in the case of Ord it is probable that the matter will not be voted upon until next spring. Even if a special election should be called this fall it will then be too late for any progress to be made on a pipe line to Ord before winter comes, even if the project should pass here, so it seems certain that until the fall of 1932 at least Ord will go without gas.

The gas company is very anxious to get a franchise here because the entire Grand Island-Ord pipe line depends upon Ord coming in, Mr. Densford made plain in his talk. Chicago headquarters of his company will not approve the project unless Ord comes in, he revealed. He is very much disappointed that the council failed to pass a franchise Friday evening.

Ed K. Harris Dies At Pasadena, Calif.

News reached this community through a telegram received Monday by Vincent Kokes of the passing the day previous of Ed K. Harris, one time a resident and prominent citizen of Ord, at his home in Pasadena, Calif., where he and his family had lived in retirement for several years.

In the early '80s, Mr. Harris came to Ord from Lincoln with his young bride and became cashier of the Ord National bank, which formerly was the Valley County bank and later became the Ord State bank. Mr. Harris' brother, Fred L. Harris, was president and founder of this bank, which was the first in Valley county.

Both of these families moved away from Ord to the west coast, but for many years afterward continued to own property here. Fred died in Yakima, Wash., and Ed lived in Pasadena for several years and to some of his Ord friends who visited him at his beautiful Pasadena home he admitted that the humble home built on their arrival in Ord, was the source of their sweetest memories. This house now is occupied by H. Anderson and family.

The Harris family was prominent in the financial world, one brother being president of the C. B. & Q. railway at one time and another being a member of the New York brokerage firm of Harris & Gates. Many friends of Ed K. Harris will mourn his loss. He was about 72 years old when death came and leaves his wife and two daughters.

Railroad Hearing Held In Loup City

Union Pacific Seeking Permission To Remove Branch Line Trains; Commission To Hear Complaints.

At the district court room in Loup City on August 11 at 10:30 a. m., a hearing will be held before the state railway commission to determine whether or not the Union Pacific railroad should be granted permission to discontinue the operation of trains 511 and 512 between Grand Island and Ord and trains 503 and 504 between St. Paul and Loup City. All parties interested may present evidence either for or against granting of this application.

Train 511 reaches Ord at 10:30 a. m. daily and leaves at 1 p. m. daily. Some months ago the Union Pacific requested permission to withdraw these trains, as well as those on the Loup City branch, because they are very unprofitable. Both trains carry mail and if permission is granted to discontinue the trains mail will be brought to Ord and leave Ord on a mixed freight.

It is probable that the Ord Chamber of Commerce will have representatives at the hearing August 21.

Gets Gravel Contract, L. G. Crowover, of Lincoln, was the successful bidder on the 1.5 miles of gravel that have been ad- vertised for on the Ord-Burwell highway. His bid was \$1,105.05.

Fred Ulrich, the Lyman-Richey company and others submitted bids. The gravel will be applied between the Sack Lumber Company corner in Ord and the new highway along the tracks one mile north of Ord.

Burwell Rodeo S a y s Record Crowd Coming

Another record crowd is attending the annual rodeo at Burwell, according to the claims made by rodeo officials. The grandstand seating space of 14,000 was filled yesterday, it is claimed, and another big crowd is expected today. It is certain that a real show is being put on at Burwell this year. More than 100 cowboys and cowgirls are entered in the various events, more than 160 race horses are competing in the races and the rodeo grounds are jammed with rides and concessions. The Isler Carnival company is exhibiting there and seven air-planes are on the grounds. Not as many Valley county people are attending as have in former years but there are jammed with cars from other parts of Nebraska and other states.

Mayor Moses and members of the council believe, however, that they took the only course open to them under the circumstances. A 25-year franchise is a valuable asset to any company and until people of Ord state by their votes that they wish such a franchise issued councilmen did not feel that they should give it away.

Mayor Moses and a majority of the council seem to feel that when the gas question comes to a vote a majority of Ord people will favor issuing the franchise. But they would like to be sure on this point before doing so.

Opinion of the street Saturday seemed to be about equally divided on this matter. Some citizens commended the council for their action while others condemned them, believing the franchise should have been granted.

Until an election is held and the wishes of the majority definitely determined, the question of natural gas will remain a fertile topic for discussion.

The North Loup Redbirds can tie in the farm bureau league's 1931 campaign.

And if either of their two leading rivals loses a game North Loup still would win the Quiz cup.

The Redbirds owe their present commanding position to their 3 to 3 win over Olean Sunday, while the runners-up, Mira Valley, were losing a close one to Joint, 3 to 2. The 'Birds seem to have the Quiz cup all wrapped up and delivered, even though two games remain to be played.

The North Loup-Olean game was a battle of mighty batters and fine pitching, and neither team had a monopoly though the Redbirds held a distinct edge over their opponents. Sheldon whiffed 12, allowed 7 hits and three runs while Doug Barber struck out 15, yielded 9 hits and 9 runs. Home runs were hit by Schafner, D. Noyes, Brennick, Philbrick and Ken Barber. C. Noyes hit a three-bagger and Abner accounted for a two-bagger. Which was plenty of fire-works for one ball game.

The Joint-Mira Valley game was a hurler's duel between Bill McMinties and Dutch Clement. McMinties held the heavy-hitting Reds to just two stinks, blowing while Clement wasn't much more liberal. In other games Sunday Arcadia beat the Ord Camels 11 to 6, the Ord Delcos beat Sumter 25 to 5 and Eureka plastered Elyria 13 to 6.

Next Sunday the Delco-Lights play at Joint, Mira Valley plays at Eureka, Olean plays the Ord Camels here, Arcadia plays at North Loup and Elyria plays at Sumter. The North Loup-Arcadia game will attract most attention.

Early in September Valley county race fans will see a renewal of the Gerber-Cunningham feud, for both of these intrepid dirt track drivers have entered the Valley county races. Their entries were received yesterday by Supt. Clyde Baker and holds the record money have entered for the \$3,300 in prizes to be distributed at Ord September 1, 2, and 3.

Neither Gerber nor Cunningham are strangers to local race fans. Gerber was last year's track champion and holds the record money of 28,486 for a half-mile on the Ord track. This, incidentally, is also a Nebraska record and is considerably faster than the Iowa state mark. Cunningham formerly drove for John Bagley and will be re-entire fans of the more exciting dirt-eaters who ever raced around the curves on the fair grounds track here.

Other new drivers who have entered since last week's Quiz was issued are V. Jones, Kansas City, Leo Larsen, Omaha, and Verdo McCombs, of Indianopolis. With John Bagley, Sam Hoffman, Emory Collins, Speed-Adams, Walt Gartner and a dozen other nationally known speed demons entered before, Race Supt. Baker feels safe in promising bumper purses to the winners. They try the fastest program that has ever been pulled off in Nebraska.

AURORA TRUCK OWNER NAMED IN FOUR SUITS

Arcadia People, Hurt in Accident July 13, Seek To Recover \$2,500 In Damages.

Four damage suits involving \$2,450 were filed in county court here yesterday by Marthe, Clifford and Ralph Aubert and Belle Koker, all of Arcadia, against Ralph Woods, owner of the Woods Truck Line of Aurora. Hardenbrook & Miko are attorneys for all four and filed the suits.

An accident near Arcadia July 13, when a truck driven by Mr. Woods' son, Kenneth, collided with a Ford sedan driven by Ralph Aubert, is the cause of the suits. The crash was caused by the carelessness of young Woods, the suits allege.

Marthe Aubert seeks damages of \$900 because of severe cuts and bruises, Belle Koker asks the same amount for a crushed hand and badly bruised hip, Clifford Aubert wants \$150 because his arm was injured and his watch and glasses broken, while Ralph Aubert, owner of the car, is seeking \$500 damages.

Got Drunk, Asked Officer For Ride —To Jail House!

Drink if you want to, but if you value your freedom don't ask an officer for a lift—or you'll land in the jail-house! That's probably the advice that Ray Hoden, of Omaha, would give you if you asked for it. And Mr. Hoden knows, because he tried it.

Monday night Deputy Sheriff Archie Keep was returning to Ord from Burwell. As he drove through Elyria at a late hour he was stopped by Hoden, who requested a ride to Ord. Hoden was weaving from side to side of the road as he walked, so Deputy Keep very obligingly gave him a lift. Tuesday morning Mr. Hoden woke up in jail.

In county court that day he pleaded guilty to a charge of intoxication, filed against him by County Attorney Munn and paid a fine of \$25 and costs, the total being \$36.25.

Hoden is one of the men employed in road work on the Burwell-Ord highway.

GERBER AND PAT CUNNINGHAM WILL RENEW RIVALRY

Both Enter County Fair Races, Along With 15 Others; Dark Horse May Defeat Both.

"Two gritty little dirt-eaters, Johnny Gerber of Stanwood and Pat Cunningham of St. Joseph, Mo., driving with a grin and a heavy foot, broke the existing state record for a fifteen mile race on a half mile dirt oval, the state record for a 5-mile race on a similar track and placed one-two in the finals at Frontier Park yesterday, winning from a field of twenty-five starters."

So begins a story in a Des Moines newspaper about the Memorial day races at Cedar Rapids, Ia. Gerber's time in winning the long race 14:38.74, was nearly four seconds faster than the record of 15:18.74 held by Cunningham's mark of 4:47.18 for the five-mile qualifying heat shattered the Iowa mark for that distance. The old record was held by Floyd Bobzien, a former national title holder.

Early in September Valley county race fans will see a renewal of the Gerber-Cunningham feud, for both of these intrepid dirt track drivers have entered the Valley county races. Their entries were received yesterday by Supt. Clyde Baker and holds the record money have entered for the \$3,300 in prizes to be distributed at Ord September 1, 2, and 3.

Temperature Down To 42; Light Rain Fell Last Friday

The longest and most severe heat wave registered in Valley county in recent years came to an end Sunday night when the temperature took a tumble from the 100 mark to around 40 within the space of 24 hours. Snow flurries in the Black Hills combined with the heavy rains in north and east Nebraska are said to be responsible for the drop. Weather continues cool but seems to be warming up again today.

A shower of about one-half inch fell in Ord last Thursday night and Friday morning. About the same amount fell south and east of here but only a shower was reported at Elyria. No rain has fallen in Valley county since and the barometer is very high this week.

Crops, given a respite from the burning heat, seem to be holding their own but corn and pasture land continue badly in need of a heavy rain.

ARNOLD HURT AS CAR LEAPS CURB; DIED YESTERDAY

North Loup Man Hurt Internally Tuesday When Driver- less Car Hits Group.

North Loup, August 11.—(Special)—Both bones in Isaac Arnold's left leg were broken, he was badly injured internally and his face was cut and bruised here this morning when a car owned by Herman Stobbe leaped the curb and struck him down before he had time to escape. A. T. Jones, one of a group of men with Mr. Arnold, escaped with bruises on one arm and others were unhurt.

Mr. Stobbe's car, a heavy Studebaker, was parked east of Hurley & Earnest's store and may have been left in reverse for when Mr. Arnold turned the crank the car started to back up, then turned and crashed into the group of men sitting down Messrs. Arnold and Jones the car ran into a drinking fountain and broke it off.

Dr. C. W. Weekes of Ord and Dr. Royer of Scottia reached the scene of the accident at about the same time and found Mr. Arnold at Hillcrest hospital in Ord. The injured man was bleeding internally and was vomiting blood, both bones in his left leg were broken below the knee and he was deeply cut about the face.

Both his chest and abdomen were injured by the crushing weight of the heavy car. Dr. Weekes said, and though everything possible was done to save his life he passed away shortly after noon Wednesday. The body was taken to the Frazier funeral parlors in Ord. No funeral arrangements have been made.

Mr. Arnold is survived by his wife and five children, Mrs. Ord Twombly, Mrs. Ivan Cook, Clayton, Win and Floyd Arnold, all of whom live in Valley county. Mrs. C. E. McGraw of Ord and Mrs. Susie Barnes of North Loup are sisters of the deceased and he has other brothers and sisters living elsewhere. More complete obituary details will be available by next week.

1931 Tax Levies Show Reduction

State, County, Ord and Arcadia Tax Levies Lower, Schedule Adopted Here Reveals.

A slight reduction in state and county taxes and in two instances in city and village taxes is shown by the schedule submitted to the Valley county board of equalization Monday by its committee on levies. The reductions will relieve, in some degree, every tax-payer in Valley county.

The total state levy this year is 2.04 mills as compared to 2.34 mills levied in 1930. The Valley county levy this year is 3.70 mills as compared to 4.03 mills last year. These reductions will mean a general saving of 68 mills per dollar of taxable property to everybody in the county.

The Ord city levy for 1931 is 5.2 mills, compared to 6.2 mills last year. The North Loup village levy remains the same, 7.5 mills, and both Ord and North Loup bond levies are the same as in 1930.

The Arcadia village levy is fixed at 5.85 mills as compared to 7 mills levied last year, which is the greatest reduction made by any taxing body in the county.

Township levies as voted by various township boards at their annual meetings remain, on the average, about the same as for 1930 and the same applies to the 74 school district levies, which average about the same. The county high school levy, however, is cut from 2 mills last year to 1.60 mills for 1931.

The reduction in the county levy was made in the road fund, bridge fund, fair fund and the interest and bond fund. The state reduction was made both in the general fund and the capital and building fund.

Bennie Barnhart, 9, Injured in Runaway

North Loup, August 12.—(Special)—Bennie Barnhart, 9 years old, was seriously cut about the face Tuesday morning while mowing alfalfa east of the McCune place. He, with his father, Alva Barnhart, and a brother, each with team and mower, were in line in the same field when suddenly Bennie's team became frightened and ran. They struck a post, the tongue of the mower was broken and Bennie was thrown into the wheel where he received his injuries. Dr. Royer was called and the lad was taken to Scottia where twenty stitches were taken. He was brought home the same afternoon. It was feared at first that he might lose the sight of one eye.

—John Kosmata is a patient in Hillcrest recovering from a major operation.

Cecil Molzen Is Guest At Rotary

Three elements enter into the production of a winning team, Mr. Molzen said. Good material, kind of training they receive and the backing they get from school and town are the three important elements, he believes. He pledged his best endeavors to the development of a team that Ord can be proud of.

Rotarians discussed the Union Pacific's application to discontinue the morning motor and President C. C. Dale announced that he would name a committee of three to attend the hearing in Loup City, August 21.

R. J. Stoltz gave an interesting talk on his recent trip to eastern Michigan, where he visited his parents.

QUIZ MAN MAKES TRIP TO DULUTH, WRITES ABOUT IT

Weather Was 100, Again Cold And Rainy In Minnesota; Fish Still Are On Strike.

Nisswa, Minn. Sunday, August 2. It has been real cool today and a strong wind from the west kept us off the lake. We made a rule that we have fish once each day but today being Sunday is an exception. After dinner we took a nice ride, driving up through Jenkins and as far as the village of Pine River. We got home about supper time. After supper we went out and caught 12 nice bluegills for Monday dinner.

Monday, August 3. Still cool today. Being Monday I helped the Missus with the weekly washing. We have to use the old style washer here, the Hager Company not having penetrated this far with their wonderful Maytag. I didn't do any of the actual rubbing but I was kept quite busy pumping water, then emptying into the wood and carrying it in, and being a general handy man. This afternoon Flora and Florence drove around the lake and picked about half a bushel of choke cherries and tomorrow they are going to make jelly. We, the Missus and I, went out this evening and caught seven nice bluegills for tomorrow's dinner. They are not quite enough but we will have to make out.

Tuesday, August 4. I got up at 5:30 this morning and took my rod and box of frogs which caught yesterday, and rowed along the south side of the lake, casting up to the rushes. I landed two nice bass and a 4-pound northern pike. The latter I returned to the water but the bass I dressed to supplement the 7 bluegills. It has been hot today. I don't know how hot but Mr. Gross and others agree that it must have been 100. There was not a breath of air stirring. We all spent considerable time in the lake and it makes one feel fine when it is so hot. Went out just before dark and got enough bluegills in a few moments for dinner tomorrow.

Wednesday, August 5. I got up at six this morning and thought I would try the bass again but only got one, a nice one. I got a nice northern pike and a small one, Simpson. It is delightfully cool today. I judge about 60 and the air looks hazy like it does sometimes in the fall. After breakfast this morning I went back on the lake and thought I would catch a string of fish for a neighbor but nothing doing. The fish were taking their day off too. The whole camp soaked in the lake again today and this afternoon the girls went to Nisswa after supplies. The Missus is baking pies and frying chicken this afternoon and getting things ready for a picnic trip which we are going to take tomorrow. We and the Gross family are going. Some talk that Duluth, about 90 miles due east, will be the objective of the trip. We have never been there yet and want to make the trip. If we go there I will have quite a chapter to write tomorrow night. The cook is calling for firewood split fine so I must go.

Ord Minister Has Third Operation

Rev. L. M. Real, pastor of the Ord Presbyterian church, underwent his third operation Tuesday morning and is recovering nicely, his telegram received this week by Mrs. Real stated. He will be home August 23, the minister said. For several weeks Rev. Real has been in Denver seeking relief from sinus trouble and with three operations completed successfully he now hopes to enjoy the best of health.

—Lloyd Rusk and Chester Travis are enjoying a few days vacation. They left Thursday for Fort Collins and Colorado Springs.

OFFICERS GET 400 PINTS BEER IN SINGLE HAUL

Ralph Rydberg, Enroute To Rodeo, Was Owner; Loses Car, Will Spend 90 Days In Jail.

The largest quantity of beer ever confiscated in a single haul in Valley county was taken early Monday morning by Marshall L. W. Covert and Night Officer Roy Pardue when, acting on a tip from Grand Island, they arrested five men who in their possession more than 400 pints of beer. The party was enroute to the Burwell rodeo, where it was planned to open a bar and dispose of the liquid.

The five, who gave their names as Ralph L. Rydberg, Henry and Guy Moriarty, Henry and W. Mann, of Grand Island, had the beer stored in a trailer and a Ford car. They were driving through Ord about 3 a. m. Monday when the officers stopped them near the Moriarty store.

All of them denied ownership of the beer except Ralph Rydberg, who said that he came to Grand Island recently from Omaha. He was out of work, could not get a job and made the beer planning to sell it in Burwell so as to get money to send to his invalid mother in Omaha.

Convinced that they knew nothing about the beer, County Attorney Munn ordered the release Monday afternoon of Guy Moriarty and the two Mann boys. Moriarty is an uncle and the Manns are cousins of young Rydberg, owner of the booze.

In county court Tuesday Rydberg was arraigned and charged with possession and transportation of intoxicating liquor. His car and trailer were confiscated and County Judge Hollingshead fined him \$100 and sentenced him to serve 60 days in the county jail. He was without money so probably he is a guest of the county for three months or longer.

Rydberg, who is 25 years old, made a clean breast of the affair. His home is in Omaha where he is a painter and day laborer until he lost his job some weeks ago. His wife ran away with another man in March, taking their 6-year-old son with her, he related. His mother is in poor health but is working to support two other children, Rydberg said, so when he lost his job and was unable to find work he decided to take it to Burwell, where he had relatives, and seek employment with the object of helping his mother.

He was in Grand Island for ten days and got only one day's work, he said. Hearing about the beer, he decided to make some beer and take it to Burwell to help relieve the thirst of the crowds. At the home of his uncle, Henry Moriarty, he set a batch of beer in the basement without the knowledge of his uncle and family. He set out a catch net Tuesday morning and bottled it. The day morning, set another batch and bottled it Saturday morning. The bottles he picked up at the city dump and in alleys. At no time did he know what he was doing, Rydberg said.

He borrowed a trailer from another relative and loaded the beer into it and was all ready to start for Burwell when his uncles, Henry and Guy Moriarty, and his cousin, Harry and W. Mann, decided to go along. All of them were out of work, also, and thought they might get odd jobs to do at the rodeo, Rydberg related.

None of the party knew he had the beer along, he said, until they were part way to Ord, when some remark was made how heavy the trailer pulled. He then told them about the beer. "They didn't like it very well but didn't say much," Rydberg related in court. He had amonified his load of intoxicants by spreading a canvas over it and throwing in suit-cases, a camp-stove and other camping articles.

The only other one of the party to be prosecuted here was Henry Moriarty, in whose home the beer was made. He was charged with possession, along with Rydberg, and had indicated that he would plead guilty but when he appeared in court Tuesday afternoon he pleaded not guilty instead. He knew nothing about the beer until Rydberg told him while enroute to Ord, Moriarty said.

Monday a state deputy sheriff, Otto Duschus, was in Ord to look over the five men. An Iowa automobile license plate was found in their car and it was thought that some of the party might be implicated in store or bank robberies but Duschus failed to identify any of them.

The Grand Island Independent Monday stated that Henry and Guy Moriarty had been implicated in liquor troubles in the Third City on previous occasions.

Bus Service Not Curtailed. W. F. Williams calls the Quiz to say that we were in error in our item last week which stated that one of his buses has been taken off. He has decided to keep the service going as before and buses will run at the same time as for the past several months.

Majestic's Amazing New-Day Battery

Is now on display at The Capron Agency. Being intended for use in farm homes, this new radio is, naturally, powered by batteries, but it should not be confused with the battery-operated radios of the past. It bears no resemblance to them, either in appearance or performance. It looks like an electric set, is operated like an electric set and, best of all, performs like an electric set. This new Majestic Super-heterodyne brings to the farm home the kind of radio reception hitherto thought possible only with powerful light-socket powered receivers, BUT IT DOES NOT USE A STORAGE BATTERY, and is free from the weaknesses and limitations of dry battery operation. Come in and hear the finest battery set ever offered the radio public.

TIRE VALUES versus TIRE DEFINITIONS

WE KNOW that car owners are interested in real TIRE VALUES, but are not particularly interested in tire definitions which manufacturers and distributors of special-brand mail-order tires had the National Better Business Bureau adopt that they could use to their advantage in their advertising.

When the National Better Business Bureau realized that the public was being misled—and an attempt was being made to keep the truth about real tire values from car owners, they issued a bulletin July 10th which in substance retracted their sponsorship of tire definitions.

Firestone extra values are the result of great savings in buying—great savings in efficient and economical manufacturing and distributing, plus the patented process of Gum-Dipping—the patented two extra cord plies under the tread—and a more efficient non-skid tread, which makes them safer than any other tire.

We have sections cut from Firestone Gum-Dipped Tires and Special-Brand Mail-Order Tires, and invite you to come in and judge for yourself the extra values we give you—values that you can see and understand instead of "definitions." Then we know you too will buy Firestone Tires as thousands of other car owners have done to the extent that during May, June and July they bought more Firestone Tires than during any like period in history—Drive in today!

Mr. and Mrs. Moul attended the funeral and spent a week in Lushon, returning home Sunday. Mr. Labart was one of the pioneer residents of Fillmore county, homesteading there in 1871. He was acquainted with Buckskin Charlie White and Littlefield, two prominent pioneer characters. Three sons and three daughters survive Mr. Labart.

Ord Church Notes

Christian Science. The subject of the Lesson-Sermon read at all Christian Science churches and societies on Sunday, August 9, was "Spirit." One of the selections read from the Bible is as follows: "God is a Spirit; and they that worship him must worship him in spirit and in truth." (John 4:24) From the promise that there is but one God and God is Spirit, the conclusion is drawn that there can be but one Spirit and that the real universe reflects divine Spirit alone, and therefore is spiritual and not material. Other citations read are intended to show that the belief of spirits dwelling temporarily in physical bodies is erroneous, and is to be overcome by obtaining correct understanding of God, the only Spirit, who is not contained or confined in anything. One of the selections read from "Science and Health with Key to Scriptures" by Mary Baker Eddy (p.288), is as follows: "The suppositional warfare between truth and error is only the mental conflict between the evidence of the spiritual senses, and the testimony of the material senses, and this warfare will settle all questions thru faith in and the understanding of divine Love."

PUBLIC NOTICE

The Chairman and Board of County Supervisors of the County of Valley, in the State of Nebraska, by resolution duly passed and entered in the minutes of their proceedings on the fourth day of August, 1931, in accordance with Article VI, Chapter II of the Constitution of Nebraska for 1929, directed that public notice be given, stating that the County of Valley has outstanding and unpaid bonds in the total principal amount of Sixty-seven Thousand Dollars (\$67,000.00) consisting of:

Refunding Bonds in the principal amount of Sixty-seven Thousand Dollars (\$67,000.00) dated September 1, 1927, due September 1, 1947, optional on any interest payment date, numbered from 24 to 90 of the denomination of \$1,000 each, bearing interest at the rate of four and one-quarter per centum (4 1/4%) per annum, which were authorized by a Resolution of the Board of County Supervisors passed and approved the 23rd day of August, 1927.

That since the issue of said bonds, the rate of interest has so declined in the markets that by taking up and paying off such bonds by an issue of Refunding Bonds of the County, a substantial saving in the amount of yearly interest to be paid by the County to the County; that the County has accumulated no funds for the payment of the principal of said bonds and has no money in any sinking fund which may be applied thereon; that the indebtedness of the County on account of the principal of said bonds is Sixty-seven Thousand Dollars (\$67,000.00) and that the said principal indebtedness is sought to be taken up and paid off by means of Refunding Bonds of the said County in the principal amount of Sixty-seven Thousand Dollars (\$67,000.00) to be dated September 1, 1931, bearing interest at the rate of three and three-quarters per centum (3 3/4%) per annum, payable annually, which the Chairman and Board of County Supervisors of said County propose to issue. The County Board reserves the right to redeem any or all of these bonds on any interest payment date.

Public notice is hereby given that any taxpayer of the County of Valley may file objections to such proposed action with the County Clerk, in his office in the Court House in the City of Ord, on the 21st day of August, 1931, between the hours of 9:00 o'clock A. M. and 5:00 o'clock P. M. or during business hours on any day prior to said date.

Busy Bee Cooking Club

The Busy Bee Cooking club met at the home of Dorothy Pierce. We held our meeting in a pasture near the creek. Each member brought a bread roll and we then scored and tested them. It was planned that we would meet again Monday evening and have a wicker roast near the river. We decided to have an achievement day to close the season's work. After this was done we returned to the house and were served a tasty lunch by the hostess.

Model A's Have Last Meeting.

The Model A's have had their last meeting and are now preparing for Achievement Day and the county fair.

Each club girl will invite her mother to attend the Achievement Day, August 20. We shall exhibit all of our sewing made this year, which consists of either a shoe bag, dress protector or four kinds of darning and patching, a made-over garment, a complete outfit of four pieces and an afternoon dress. The member and by their mothers, sewing will be judged by each club. There will also be a demonstration by two of the girls.

Some of the plans as how to fix our booth at the home fair were also made at the last meeting.

NEW NATIONAL MARK FOR OVAL TRACK POSSIBLE

Fastest Field of Cars Ever West Of Indianapolis Enters Races To Be Held At Fair Here.

Johnny Gerber, 1930 champion at Ord, Belleville, Kas., at Milwauke...

John Bagley, always dangerous on any track. Emory Collins, 1930 Canadian dirt track champion!

Sam Hoffman, winner of the 1930 races at Culver City, Calif. Pat Cunningham, blonde-haired and heavy-footed. Always a reckless and dangerous driver!

Lloyd Fisher who wrestled the Rocky Mountain driving crown from Vic Pelt.

These six and thirty or forty others are potent reasons why the national oval dirt track record may be broken on the track at the Valley county fair grounds week after next.

To date twenty-one drivers have signed to compete here and this number is by far the most ever signed up this far in advance of the fair.

Race Supt. Clyde Baker feels safe in promising 35 racing cars; he will not be surprised if fifty or more compete. There are two reasons why so many nationally famous drivers are entering the races here this year.

The fastest field of drivers ever assembled west of Indianapolis, Ind., will compete in Ord from August 31 to September 3. The present Nebraska record of 26.46, made last year on the Ord track by John Gerber, is almost sure to fall.

This mark also beats the track records at Cedar Rapids, Ia., and Belleville, Kas.

People who like thrills and plenty of them just won't dare to miss the Valley county fair this year. The races are packed with dynamite and fans won't want to miss seeing race history made.

After September 3 the Valley county track will take its place as one of the famous tracks of the United States, where records are established.

F. F. A. Wins Two. Jorgensen's home-run in the last of the ninth with two out and the bases full, won the future farmers a close tilt from Barker.

The final score was 16 to 15. The F. F. A. boys won from the Barker club last week by a score of 5 to 3, in a similar ninth inning rally.

Judges Complete Second Inspection. The judges in the yard and garden contest have made their second tour of all yards and tried to call on each entrant personally.

Owing to the large number of entrants, some names may have been overlooked. If any who are interested have been overlooked they should get in touch immediately with one of the judges.

North Loup Golfers Guests of Ord Club. A dozen or more North Loup golfers and their wives were guests of the Ord club in match play over the Russell park course Tuesday.

In the evening a picnic supper was served and sixty-five sat down to the tables, which were laden with good things to eat.

A few weeks ago Ord players were guests on the North Loup-Scottia course and the affair Tuesday was a return visit. A fine time was enjoyed and some good golf was played.

Gets Hand In Ice Saw. Clarence Beahrle, who is employed at the Ord Artificial Ice plant, suffered a painful injury to the hand Saturday.

He slipped and threw out one hand to steady himself, the hand coming in contact with the ice saw.

Dr. Henry Norris is caring for the hand. Oppose Removing Motor. Irl Tolen and Bert M. Hardenbrook of Ord were Lincoln visitors this week and appeared before Railway Commissioner Hugh Drake to ask for a continuance of the hearing set for August 21 at Loup City.

When the Union Pacific's application to discontinue morning motor service into Ord will be discussed. The date was not changed by Drake but he granted the Ord Chamber of Commerce additional time in which to submit further evidence, before the commission makes a definite decision.

Shoots Par First Time. Dr. F. L. Blessing was a happy golfer Tuesday evening for that afternoon, for the first time, he shot a par 33 on the Ord course.

He's been trying for years to get his score down to par figures and says he'll probably play for years before he gets there again.

The Williams Auction company of Arcadia is resuming weekly auction sales tomorrow. Last fall sales were held on Saturday but this year they have been changed to Friday.

Onnie Patchen Will Fight Drunk Charge

Arrested last Friday night by Marshal L. W. Covert and charged the next day with intoxication, Onnie Patchen of Ord pleaded not guilty and indicated that he would fight the charge to the last ditch.

He has employed Davis & Vogel to defend him and the hearing is being held in county court at 10 a. m. today.

Mr. Patchen was arrested in front of the New Cafe about midnight Friday. He was in an advanced stage of inebriation, Marshall Covert charged, but this Patchen denied when he filed his plea.

In jail Friday night he was examined by Dr. H. N. Norris, for Valley county, and Dr. C. W. Weekes, who was called by Mr. Patchen, so conflicting medical testimony may have a part in the trial this morning.

County Attorney Munn indicated that he might file other charges against Patchen, but the nature of the charges has not been made public.

Since last Saturday Patchen has been at liberty on \$300 property bond signed by himself, Frank Kasal and Hans Andersen.

Circus Men Talk To Ord Rotarians

Dr. Mackey, manager of Schell Bros. circus and Max Delavor, magician with two circuses, were guests of the Ord Rotary club at luncheon Monday.

Dr. Mackey made a fine talk about circus life. Circus attendance is cut about 35 percent everywhere by present conditions but central Nebraska is "sitting on top of the world" in comparison with Idaho, Oregon, South Dakota and most other places, Mackey said.

President Carl Dale appointed a committee consisting of Irl Tolen, Gould Flagg and E. C. Weller to attend the railroad hearing Loup City today.

Henry Moriarty Gaulty, Henry Moriarty, Grand Island man who pleaded not guilty in county court here last week when he was charged with possession of intoxicants, was found guilty when his trial was held last Thursday.

Judge Hollingshead fined him \$100 and costs, which he is "laying out" in jail.

SARGENT MAN WINNER OF ORD GOLF TOURNEY

Cosner Beat Glen Auble In Champ Flight; Garrison Medalist.

Cosner, Sargent Ford dealer, was top man in the Ord Golf club's invitation tournament here Sunday.

After defeating Mike Kosmata and Paul Bartunek, of Wolbach, Cosner beat Glen Auble, 1 up, to win top honors. Auble had previously defeated Crownover, also of Sargent, and Harry McBeth. A Callaway man, Garrison, was medalist in the tourney with a snappy 35, two over par.

The performance of John Koll, who won the first flight, was one of the bright spots of the tournament. John hasn't been playing golf so very long but this summer has been making remarkable progress.

Sunday he qualified in 39 and then proceeded to lead the way by beating Baldwin, the Almsworth crack, in his first round and Hill and Berašek in later rounds.

Second flight honors went to McCormick, of Wolbach, the third flight was won by Henry Fry, of the fourth flight by Carr, of Arcadia, and the fifth by Manchester, of North Loup. Consolation winners were Garrison, Baldwin, Lay, Miller, Waterbury and Boquet.

Forty-six golfers, many of them from out of town, took part in the tournament.

Boy Breaks Arm, Sets Bone Himself

Davis Creek—(Special)—Friday while Dean Sample and some other boys were playing with Leroy Jefferson at the Ed Jefferies home the Shetland pony Dean and Leroy were riding became frightened and ran away.

As he turned in at the gate the boys fell off and both bones in Dean's left arm were broken. Thinking his arm was only dislocated Dean took hold of the arm and gave it a quick jerk.

Later, when he was taken to the doctor it was discovered that he had set the broken bones almost perfectly. The bones are knitting nicely.

Gardners Lease Station. George Gardner and his son, Leon Gardner, of Sargent, have leased the Phillips filling station here and Leon Gardner has taken charge as manager. He and his wife will occupy the George Colli- priest house.

Won 9 Firsts at Burwell. E. S. Coats and son, Wayne, were exhibiting some of their prize jerseys at the rodeo in Burwell last week and won nine blue ribbons against strong competition.

THIEVES ENTER LOLA'S GARAGE COP \$300 TOOLS

Electric Sander Worth \$145 Among Tools Stolen; Furtak Also Burglarized.

Burglars were active again in Ord last Thursday night or Friday morning and Joe Lola was the worst sufferer.

Thieves broke the lock on his garage door, stole an electric floor sanding machine worth \$145 and also three boxes of carpenter tools, loaded them into a car or truck and fled. His loss was more than \$300, Mr. Lola says.

He and his family were at the Burwell fair all day Thursday, Mr. Lola reports, and he believes that during his absence the burglars located the tools and made their plans to steal them that night.

Some time during the night they drove up to the garage, took the tools and fled. Mr. Lola discovered his loss the next morning and reported it to Sheriff Round promptly, but so far the tools have not been located.

The same night somebody broke into Clement Furtak's garage and stole his tools and other gear. He followed the man's tracks in the dirt of the road for several blocks but lost the trail near the Danish church, Mr. Furtak reports. It is thought likely that this theft was committed by the same people who broke into Mr. Lola's garage.

It will be remembered that some months ago Tom Williams lost all of his carpenter tools in similar fashion. Sheriff Round inclines to the belief that the tools are being taken to eastern Nebraska and sold at public sales and that a ring is working similar to the "harness theft ring" broken up with Charles I. Smith's arrest at Genoa last spring.

Valley County Will Pay \$42,395 Taxes To State This Year

The state tax levy for 1931 has been fixed at 2.04 mills on the dollar valuation and on this basis Valley county will pay \$42,395 in taxes this year.

The state tax commission received from Tax Commissioner Wm. H. Smith reports. This compares with \$53,070 paid by Valley county last year.

Of the new state levy 1.93 mills is for general fund purposes and .11 mills for the capitol fund.

Frank Dworak Will Move. When his lease on the Lola building expires Sept. 1, Frank Dworak, jr., will move his Model Grocery into new quarters in the building built on the east of his present location.

A desire for a smaller building, where he can keep a more compact stock, prompts Mr. Dworak to make this move.

Alfred Wegrzyn Was Married At Dunlap

Last Wednesday at Dunlap, Nebr., occurred the marriage of Alfred Wegrzyn, of Ord, to Miss Bina Montague, of that town, the marriage being solemnized at the Catholic church.

The bride was beautiful in a white satin gown trimmed with lace ruffles and a cap shaped well trimmed with orange blossoms. The bridesmaid, Miss Estella Wegrzyn, wore a peach crepe dress trimmed with beads.

The groom and his best man, William Montague, wore dark suits. After the ceremony a delicious dinner was served at the home of the bride's parents and later the newlyweds were guests of honor at a supper and dance.

Those who attended the ceremony from Ord were the groom's parents, Mr. and Mrs. Joe Wegrzyn and children, Estella, Floyd and Pauline, and his brother, Lewis Wegrzyn and wife, Mrs. Joe Wegrzyn's mother, Mrs. Rose Sobieski, of Omaha, also was in attendance.

Last Thursday the newlyweds and also the Ord party left on a trip through the Black Hills, visiting Hot Springs, the Wind Cave, Mount Coolidge, the Needles and Sylvan Lake. Mr. and Mrs. Alfred Wegrzyn went on west from there and are spending a week in Yellowstone park.

Attended Road Banquet. Dr. J. W. McGinnis, Gould Plagg, R. C. Ayres, Marlon Cushing, James Misko and several other Ordites were in St. Paul last week attending a banquet held to celebrate the completion of Highway No. 11. Governor Bryan and Engineer Cochrane were guests and speakers. More than 200 were present.

Barn Burns at Goodenow. Goodenow—(Special)—While the Wm. Harrod family were attending the rodeo last week their barn and all its contents, including several tons of hay, burned to the ground. Many neighbors and the fire company from Burwell came out but the barn could not be saved.

About 100 bushels of oats were saved. It is thought that a transient may have lodged in the hay-mow over night and dropped a cigaret or a match. A new barn will be built at once.

Moccasin Stories From Middle Loup Gain Credence

That there is some foundation for the various moccasin stories being told in central Nebraska was proved last week when Sheriff Schriner, of Theford, issued a warning to people not to bathe in the Middle Loup river because of the presence of deadly cottonmouth moccasins in large numbers.

At Theford recently men working on the highway alongside the Middle Loup river killed three moccasins.

In the Gates vicinity in Custer county a water moccasin was killed last week by Seth Compton, a teacher in the Broken Bow junior high school.

Another was killed several weeks ago at Doris Lake, near Sargent, according to the Custer County Chief.

All of these are well authenticated reports. So far as can be learned, no moccasins have been killed in the North Loup River. Also, nobody has been bitten by a water moccasin in Nebraska, all reports to the contrary.

OFFERED DRINK TO LAW; LANDED IN JAIL, LOST CAR

Rodeo Performer Found Doesn't Pay To Treat Strangers; Given 30 Days Sentence.

"If you're thirsty there's a lot of beer in the back seat. Help yourself."

With these words John Miller, 19, Los Angeles, Calif., greeted Officers Covert and Erdue when they accosted him north of Bussell park last Friday. Evidently he believes in being the perfect host under all circumstances.

"Do you know who we are?" Marshall Covert asked.

"No, I don't, but you're welcome to a drink anyway," said Miller. "We're the law!" Covert said. "I guess it's just my hard luck, then, was Miller's rejoinder. And he was right."

Officers found 14 quarts of beer and several empty bottles in the back seat of Miller's Model A Ford when they searched it. He was taken to jail and in county court Saturday pleaded guilty to driving while intoxicated. Judge J. H. Hollingshead gave him a jail sentence of 30 days and ordered the car confiscated. It will be sold at auction by Sheriff Round.

Young Miller said he was a rodeo performer and borrowed the car from a friend, Harry Williamson, of Ord. Evidently he had been imbibing quite heavily for enroute to Ord to bring a young lady friend to her home the car overturned with slight damages to itself but no injuries to Miller or his companion. He took the young lady to Burwell when he ran afoul of the law.

Make Road Improvement. Woodman Hall—(Special)—The county road gang has completed the work on the road joining the Sargent and Comstock highways south from the Smolik and Wadell man corner. They also changed the sharp corner there across the Pesek and Smolik land, which makes a great improvement. As yet it is very rough and dusty and will be until it rains.

Five Generations Were Represented In This Picture

Until the death of John Bartunek here a few weeks ago five generations of his family were living, as the above picture shows. Mr. Bartunek's bottom row left, was 93 years old when death overtook him. Others in the picture are his daughter, Mrs. Josepha Capek, 61 years old, her daughter, Mrs. Frank Fryzek, 39 years old, her daughter, Mrs. Ralph Burson, 21 years old, and little Harry Eugene Burson, 3 years old. All of them are well known Valley county people.

Two Flocks Raided By Chicken Thieves. Two Valley county flocks were raided by chicken thieves within the past week, according to reports made to Sheriff George Round. James Cook lost about 40 last week while George Kirby lost 150. Mr. Kirby thinks that his chickens were taken last Thursday evening while his family was attending the rodeo at Burwell. He did not discover the loss until Tuesday of this week. Sheriff Round is working on both cases but has made no arrests. Other flock owners are advised to keep a close check on their chickens.

Has Birthday Celebration. North Loup, August 19—(Special)—C. E. McClellan, president of the Valley County Fair Association, was guest of honor at a birthday celebration held in his home last night. About 20 relatives and close friends were present. When asked how old he was Mr. McClellan answered "twenty-two."

ORD HI SCHOOL WILL TACKLE 9 GAME SCHEDULE

New Coach, Cecil Molzen, Hoping For More Success This Year; '26 Last Good Season.

Though Ord high school football teams have lost more games in the past eight years than they have won and records for 1929 and 1930 fail to show a single win, the new coach, Cecil Molzen, is hoping for more success this season. He was in Ord and rented a house last week and September 1 will return to open football practice.

The 1931 schedule has been arranged as follows: Oct. 2—Scottia there. Oct. 9—St. Paul in Ord. Oct. 16—Broken Bow in Ord. Oct. 23—Comstock there. Oct. 26—North Loup at Ord. Nov. 6—Burwell in Ord. Nov. 13—Arcadia there. Nov. 20—Arcadia there. Nov. 26—Loup City in Ord.

In the years from 1923 to 1930, inclusive, Ord teams played 64 games, won 25, lost 32 and tied 7, figures compiled by Ralph W. Norman reveal. The year 1926 was the last winning season, when local teams won 7 games and lost 1.

Kingston Cow High Producer In July

With but four members in the organization, the Valley County Dairy Improvement association ranked sixteenth in state standings for butterfat production in July, according to word reaching the Quiz from the agricultural college.

The local association had an average production of 25.9 pounds of butterfat. Two cows produced over 60 pounds fat while five cows made records between 40 and 50 pounds.

W. D. Kingston of Arcadia had the highest producing cow in the valley county association during July. His registered Holstein produced 64.3 pounds butterfat. E. S. Coats and Son, of Ord had the highest producing herd in the local organization.

Ord City Schools Open September 7

Senior high school students register August 25 to 28. Seniors on Tuesday, Juniors on Wednesday; Sophomores on Thursday; and Freshmen on Friday.

All Junior High students register Friday, September 4. Everyone help out with registering on schedule, if possible. 22-11

Furn Johnston Fined On Pheasant Charge

Because he was arrested by Game Warden Lashmet with three pheasants in his possession last Friday, Furn O. Johnston appeared in county court Saturday and paid fine, costs and damages aggregating \$41.60. The complaint filed by County Attorney Munn charged him with possession of only one pheasant and he pleaded guilty. His fine was \$25, state damages for killing one bird were \$10 and costs were \$6.60.

In his comment on the case Judge J. H. Hollingshead stated that he hated to be highly indignant over the arrest of Mr. Johnston, and had he elected to fight the case he probably would have received financial support from many of his neighbors, who are anxious for a test on whether or not a man can be prosecuted for killing pheasants on his own farm.

From a reliable source the Quiz learns that Mr. Johnston's arrest came about because the game warden received a telephone call stating that a well known Ord man was shooting pheasants south of town. Lashmet was searching for this man when he ran onto Mr. Johnston.

Farmers of the Vinton neighborhood are said to be highly indignant over the arrest of Mr. Johnston, and had he elected to fight the case he probably would have received financial support from many of his neighbors, who are anxious for a test on whether or not a man can be prosecuted for killing pheasants on his own farm.

Two Flocks Raided By Chicken Thieves. Two Valley county flocks were raided by chicken thieves within the past week, according to reports made to Sheriff George Round. James Cook lost about 40 last week while George Kirby lost 150. Mr. Kirby thinks that his chickens were taken last Thursday evening while his family was attending the rodeo at Burwell. He did not discover the loss until Tuesday of this week. Sheriff Round is working on both cases but has made no arrests. Other flock owners are advised to keep a close check on their chickens.

Mrs. Ign. Nevriy Attacked By Bull

Attacked by a bull Tuesday, Mrs. Ign. Nevriy suffered painful bruises, a deep gash on one leg and only escaped a more serious injury because she rolled into a ditch and the bull could not get at her to gore her.

The accident happened at the Nevriy farm home. Mrs. Nevriy was out in the yard looking at some calves when the bull came after her and knocked her down. The animal had never before bothered her though she had been ordered him several times, Mrs. Nevriy says.

She is being cared for by Dr. Henry Norris, who took five stitches in the gash on her knee. She will not suffer any permanent ill effects from her injuries.

Will See Babe Ruth Play. Dr. F. A. Barta and family are leaving today for Omaha where Mrs. Barta, Zola, Evelyn and Dean will spend a few days visiting. Dr. Barta expects to go on to Chicago where he will see Babe Ruth play baseball. They will return to Ord Monday evening.

Dives Into River, Breaks Arm. Eldon Blaha, son of Mr. and Mrs. Joe J. Blaha, broke both bones in his right forearm last Saturday when he dived into the river and hit the sand. Dr. Barta reduced the fracture at the Ord hospital.

If its bargains you are looking for, Petska's is the place. 22-11

Irrigation Outfit Cost \$2,359; Crop Increased By \$700

His complete irrigation outfit cost him \$2,359, Charley Verzal tells the Quiz this week, and though he didn't get water onto his corn until two weeks after it was needed he figures that the water increased his yield on 90 acres by between six and seven hundred dollars, even at present prices. He is very enthusiastic about his well.

The well was installed by J. N. Johnson, of Burwell, and is 100 feet deep. They struck water at 35 feet and he has 65 feet in his well, Mr. Verzal says. With the Farm-all tractor for power, the well pumps between 7 and 8 hundred gallons every minute with a draw-down of only 12 feet. With a larger pump and adequate power Mr. Verzal is convinced that the well would furnish 1,600 gallons a minute.

The well, itself, cost \$1,300, gravel around the casing cost \$115, and his pump cost \$881 plus \$63 freight, Mr. Verzal says. Some farmers would have their own gravel and a cheaper pump could be bought, so such a well could be installed two or three hundred dollars cheaper by some farmers, he believes.

Mr. Verzal is irrigating 90 acres of his own corn and also has put water on 40 acres owned by Ed Zikmund, the water being run some 3/4 miles to reach this land. Some irrigating has been done for other neighbors also.

If crop prices improve, well irrigation will be a wonderfully paying proposition in the North Loup valley, Mr. Verzal believes. Even at present low prices, corn will yield enough more with adequate water to pay for the cost of a well in a few years.

The water being pumped on the Verzal farm is wonderfully pure and cold. If you want a good drink visit the pump while it is running. You are welcome at any time, Charley promises.

REDBIRDS CINCH QUIZ TROPHY BY BEATING ARCADIA

Land on Three Clicker Hurlers For 18 Bingles; Mira Valley, Ord Delcos Also Win.

One of these days there will be a neat little ceremony in which Frank Andersen, manager of the Ord Camels, will turn over the Quiz trophy cup to Charles Hather, president of the Farm Bureau league, and Hather, in turn, will present it to Charles Faudt, Manager of the North Loup Redbirds.

The Redbirds gained possession of the cup for the coming year when they landed on three Arcadia hurlers Sunday and defeated the Clickers 12 to 6. It was the North Loup team's 15th victory in 17 starts this season and they are now mathematically sure of the Farm Bureau league trophy, though they still have one game to play.

In other games Sunday Mira Valley beat Eureka 8 to 6, Elyria beat Sumter 37 to 1, Olean beat the Ord Camels 4 to 1 and the Ord Delcos beat John 7 to 5.

From now on the big scrap will be for second place honors. The Ord Delco-Lights have won 13 games and lost 4, Mira Valley has won 12 and lost 4. This coming Sunday Arcadia plays the Delcos in Ord in a game which either team may win, while Sumter goes to Mira Valley. The race might end in a second place tie.

Farm Bureau League All-Stars Win Game. Playing at North Loup Tuesday, the Valley county Farm Bureau league All-Stars won the second of a 3-game series with the Custer county Farm Bureau league All-Stars by a score of 9 to 2. The week before the local team beat Custer county 15 to 14 so the victory Tuesday gave them the series.

The Farm Bureau All-Stars may enter a team in the Arcadia tournament in September, according to County Agent Carl Dale.

Otto Pecenka of Elyria and Joe Pecenka and family of Ord left last Saturday for Nisswa, Minn., where they will fish for ten days.

NORTH LOUP DEPARTMENT

MRS. FRED BARTZ, Reporter

Mrs. Cam Bellel passed away Saturday evening at the home of her sister, Mrs. John Schults of Riverdale with whom she had been visiting for the past three weeks. Mrs. Bellel has suffered with cancer for many months but her death was unexpected and a great shock to her people. Drs. Weekes of Ord and Royer of Scotia were called but were unable to relieve her and she died at 11 o'clock. The body was taken the same evening to Boushousen's funeral parlors at Lehigh City to await the funeral services which were held at the M. E. church in North Loup Tuesday afternoon.

Friends of the Barnharts will be glad to learn that Benny's wounds received in a mower disaster Tuesday morning of last week are healing fine. Dr. Royer took the stitches out Saturday and it is believed the scars if any will be very light.

Eleanor Fay is the name of the baby girl born to Mr. and Mrs. Gleason Stanton at the Elsie home in North Loup Sunday, Aug. 9.

Miss Mary Bohrer is visiting friends and relatives in Lincoln this week. She went down Friday.

Mr. and Mrs. John Gray and sons Cecil and Francis came Saturday evening from their home at David City to visit Mr. Gray's people, the Chas. Gray family. They returned home Sunday evening except Francis who will remain with his grandparents until school opens.

Rev. and Mrs. Schwabauer report delightful recreation at Estes Park where they camped for about two weeks.

Mr. and Mrs. Ernest Redlon and children, who for the past week have been visiting Mrs. Redlon's mother, Mrs. Currie left Thursday for their home in Denver.

Harry Gillespie, Otto Bartz, Roy Hudson and small son Edward, returned Saturday afternoon from a fishing trip to the lakes in Cherry county. They enjoyed a feast of perch but because of having no ice were unable to bring any home with them.

Richard and Muriel Jane Bartz were guests of Maud Shepard and Mabel Lee at dinner Wednesday, honoring Richard's mother, Mrs. The King's Herald's enjoyed their regular monthly meeting Wednesday afternoon of last week at the home of their leader Miss Thomas.

Mr. and Mrs. Fred Lundstedt of Superior were guests for several days of Mrs. Lundstedt's parents, Mr. and Mrs. D. S. Bohrer. They returned to their home Sunday.

Mr. and Mrs. Lawrence Mitchell with the Misses Lucy and Hannah Mitchell left via auto Thursday morning for a vacation of two weeks in the Black Hills. Enroute they will visit Rev. Mitchell's at Crawford.

Mr. and Mrs. LaVern Peterson and the Henry Rich family were Sunday guests of their people the Helbig's at Burwell.

The young married folks class of the M. E. Sunday school were so successful with their lunch of ice cream and cake served Wednesday evening in the Worrell building it will be repeated the same evening this week.

BACK FORTY

By J. A. KOVANDA

Hog cholera always reaches its height during the fall months. At autumn time the farmer who is wise and careful will have his pigs vaccinated, just as he will have his buildings insured against fire.

The cautious farmer will also see to it that his swine are vaccinated right; that they are immunized by himself, if he knows how, or by a responsible and qualified expert. He will not turn his veterinary job over to any Tom, Dick or Harry who happens to be touring the country "shooting" serum.

Before allowing serum or virus to be used, this farmer will investigate its age according to the bottles, and the place where it was kept. A corner in the cellar is not cold enough to store serum in for any length of time. Partly used bottles should be regarded with suspicion. There are many losses due to "bad" serum.

The careful owner will also note whether the instruments and needles are clean and sterile when being used in his herd. Minimum dosages for pigs of various weights are printed on serum and virus bottles. The owner will take care that these minimum amounts are observed. On the other hand he will not pay for more serum than was actually used in his herd. It is possible to cut the serum dosage down to one-third of the recommended amount and get by with it—sometimes.

The hurry-up call from the negligent owner of sick swine is discouraging to everybody. Serum often does no good in such cases. Vaccination will prevent hog cholera, but it won't cure it. Nothing will cure it, not even peddler's tonics.

Even though vaccinating does help in such an event the cost is three or four times higher than it would have been at weaning time. Pigs at weaning time are easier to handle, and if they die the loss is slight compared with that of larger hogs.

AM I RIGHT?

By GEORGE ROUND, JR.

After seeing members of Carl Dale's Valley county 4-H crop judging team in action at Kearney at a district judging day, it looks like they will be formidable successors of last year.

Bud Brickner seems to be the shining light of the Valley county team. He knows his grains and knows the reasons why one class is inferior to another. Charles Barnhart, Valley county boys have Marks and Harold Garlick are good judges. Only three will be on the team.

D. L. Gross, extension agronomist at the college who conducted the crops contest at Kearney, believes the Valley county boys have a chance to win the state and national crown again this year. They turned in a good performance at Kearney and Gross predicts that the contest between the Lancaster and Valley county teams will be close.

If the Valley county 4-H club boys could again win the state and national championships in crop judging, it would mean another feather in Carl Dale's hat. Given Antonio Kokes, Harold Benn and Billy Garnick as judges, it is doubtful what team could repeat but these boys are ineligible for competition.

Now that some of the corn in Valley county is drying and firing, farmers may find that it is practical to construct a trench silo for storing ensilage over the winter. Just because corn fires and burns is no indication that the total value of the crop is destroyed.

Tests at the agricultural college have proved that ensilage is an economical and efficient feed for wintering cattle. Fodder is not quite as good. Certainly it won't pay farmers to cut the corn and put it in the trench silo for winter feeding if there are any cattle on the place.

The trench silo can be built for less than \$10 outside of the labor. The coming of the trench has meant the downfall of the outside tile silo.

Valley county beekeepers should find a good market for their 1931 honey crop if supply and demand are any evidence of market conditions. Right now most of the 1930 crop has been sold and the price of honey is reputed to be comparatively reasonable.

If Valley county beekeepers, however, have encountered the same trouble as bee men in other sections of the state, the 1931 crop will be considerably under the crop of last year. Early freezes followed by the extreme heat made it impossible for the bees to start producing honey until in July.

Baby beef club members in Valley county as elsewhere probably take a big reduction in the price they receive for their heaves this year. Last year the packers paid a good price for the 4-H club calves but indications are that the price will be much lower this year.

Figures show that Valley county club members received an average price of \$13.25 for their heaves last year. If they get ten cents this year they may be lucky. At this rate some of the club members stand a big chance to lose some money on their animals.

Mr. and Mrs. Joseph Tockek of Loup City were over night guests at J. B. Zulkoski's Wednesday and attended the rodeo.

Olean News
Mr. and Mrs. Adolph Kokes and son Bobby were fishing at Ericson Saturday. They report very good luck. Mrs. Kokes caught several blue gills.
Mrs. Rhynie Christensen has been ill for some time but at this writing is very much improved.
Wilbur Zanger is at Broken Bow this week exhibiting some of his stock on which several prizes were awarded him at the Burwell rodeo.
Russell Madison accompanied by a friend Doyle Scott, returned home from Bushnell Tuesday. They had spent some time working in the harvest fields. They like that locally very much and plan on returning in time to harvest potatoes.

PUBLIC NOTICE
 The Chairman and Board of County Supervisors of the County of Valley, in the State of Nebraska, by resolution duly passed and entered in the minutes of their proceedings on the fourth day of August, 1931, in accordance with Article VI, Chapter II of the Compiled Statutes of Nebraska for 1929, directed that public notice be given, stating that the County of Valley has outstanding and unpaid bonds in the total principal amount of Sixty-seven Thousand Dollars (\$67,000.00) consisting of:
 Refunding Bonds in the principal amount of Sixty-seven Thousand Dollars (\$67,000.00) dated September 1, 1927, due September 1, 1947, optional on any interest payment date, numbered from 24 to 90 of the denomination of \$1,000 each, bearing interest at the rate of four and one-quarter per centum (4 1/4%) per annum, which were authorized by a Resolution of the Board of County Supervisors passed and approved the 23rd day of August, 1927.
 That since the issue of said bonds, the rate of interest has so declined in the markets that by taking up and paying off such bonds by an issue of Refunding Bonds of the County, a substantial saving in the amount of yearly running interest will be made to the County; that the County has accumulated no funds for the payment of the principal of said bonds and has no money in any sinking fund which may be applied thereon; that the indebtedness of the County on account of the principal of said bonds is Sixty-seven

Thousand Dollars (\$67,000.00) and that the said principal indebtedness is sought to be taken up and paid off by means of Refunding Bonds of the said County in the principal amount of Sixty-seven Thousand Dollars (\$67,000.00) to be dated September 1, 1931, bearing interest at the rate of three and three-quarters per centum (3 3/4%) per annum, payable annually, which the Chairman and Board of County Supervisors of said County propose to issue. The County Board reserves the right to redeem any or all of these bonds on any interest payment date.
 Public notice is hereby given that any taxpayer of the County of Valley may file objections to such proposed action with Ign. Klima, Jr., County Clerk, at his office in the Court House in the City of Ord, on the 21st day of August, 1931, between the hours of 9:00 o'clock A. M. and 5:00 o'clock P. M. or during business hours on any day prior to said date.

Journey Thru Thousand Island Part Of Former Ord Girl's Honeymoon Trip

The marriage of Miss Viola Misko, daughter of William Misko, of Ord, to Omar E. Hartman, of Washington, D. C., took place at the Church of the Epiphany in the city of Washington on July 5th.

The honeymooners traveled by airplane from Washington to New York and from there continued their journey by train to Morris-town, New York, where Mr. Hartman's parents reside.

Mrs. Hartman has written a very interesting account of her stay in Morris-town, which, incidentally, is located on the St. Lawrence river, one of the most famous beauty spots in this country, being known as the Switzerland of America.

They were pleasantly surprised by a reception given by Mrs. Geo. Hartman on the evening of their arrival and during the month they spent in Morris-town many parties and wicker roasts were given in their honor by Mr. Hartman's school friends.

Although Mrs. Hartman took many trips through New York, visiting Watertown, Alexandria Bay, Black Lake, Ogdensburg and many other points in New York state, it appears that she enjoyed her visits to Canada more than anything else. They visited Montreal, Brockville, Prescott and many other points in Ontario and Quebec but the account of their excursion by boat to Montreal is of special interest. It is a distance of 125 miles from

Morris-town to Montreal but in this distance there are eight different series of rapids. At one point the St. Lawrence river drops 65 feet in one and one-quarter miles so one can well imagine the terrific speed at which the water is moving. The channel through the rapids is very twisting and narrow and the speed of the water makes it doubly dangerous. Only Indian pilots are used and the knowledge of the channel is jealously kept in the same family, being handed down from father to son. The return trip was made by rail, traveling on one of the crack trains of the Canadian National railroad which makes the 125-mile journey in 120 minutes.

Mr. and Mrs. Hartman also made an excursion through the Thousand Islands, seeing such famous places as Pullman's summer home, Bold's Castle, which was erected at a cost of over two million dollars but has never had an inhabitant for smugglers during the first quarter of the 19th century, Last Channel, a favorite refuge for wreckers and other outlaws during the same time, and many other places of interest.

After what seems to have been an ideal honeymoon Mr. and Mrs. Hartman returned to Washington where they are employed in the Immigration Service.

—After a few days stay here Mr. and Mrs. Kotouc left Monday for their home in Humboldt. Before coming to Ord they had enjoyed a trip into different parts of Minnesota. While here they were guests of Mrs. Kotouc's mother, Mrs. Joe Cernik.

—Mrs. H. J. Sese left Friday for her home in Central City. She has been visiting her sister, Mrs. Paul Wietzki and their parents, Mr. and Mrs. Charley Garbarz.

—Tuesday Wm. Wigent and his son John, of Chicago, arrived in Ord for a visit of ten days with Mr. Wigent's mother, Mrs. David Wigent and numerous other relatives.

—If its bargains you are looking for, Petska's is the place. 22-11

—Leslie Mason has traded his home in Ord to Mrs. H. P. Hansen for the farm in Garfield. She has next Tuesday the Masons will move onto the farm and Mrs. Hansen will move into town. Leslie bought the stock, crops and everything on the farm and the Masons will see how they like farm life.

—Miss Emil Urban is a patient in the Ord hospital. She thought at first she would have to have an operation for appendicitis but she is improving and will be out in a few days. Her little daughter Maurine Ruth is being cared for by Mrs. Urban's mother, Mrs. Hattie Bahr.

—Dr. and Mrs. Lee Nay are entertaining Rev. and Mrs. A. A. Ehlers and two daughters, of Taylor, whom they knew when they lived in West Point.

—New and used furniture at Petska's. 22-11

—John Rogers and family have been enjoying a visit with some cousins, Adis Doly and two sons from Millersburg, O.

—Mr. and Mrs. August Sack and family left Monday for their home in Beatrice after a few days stay with their brother Will Sack and family.

—Tuesday, Mr. and Mrs. Jim Bradt and their daughters of Colome, S. D. arrived in Ord and are visiting several relatives.

—Hans Andersen and sons John and Verdie and their families were entertaining Mr. and Mrs. Roy Sanders, of Jewell, from Friday until Sunday.

—Elmer Moyer of Lincoln has been a guest of his grandsons, Harold and Lloyd Sack in the home of Mr. and Mrs. Will Sack. Mr. Moyer was also visiting his daughter, Mrs. Ewet Smith and family.

Isaac Arnold Was Buried Last Friday

Funeral services for Isaac Arnold, who died last Wednesday from injuries received in an auto accident, were held Friday afternoon in the Frazier funeral parlors here. Interment was in the Ord cemetery.

Mr. Arnold was born in Jubilee township, Peoria county, Illinois, Oct. 25, 1865 and at the time of his death was 65 years, 9 months and 18 days of age. He was united in marriage on Sept. 8, 1887 to Thelie Simmons, of Brimfield, Ill. To this union five children were born, all of whom survive their father. They are Mrs. Ord Twombly, Winfield, Clayton, and Floyd Arnold and Mrs. Ivan Cook and all of them live in Valley county.

Besides his wife and children Mr. Arnold leaves to mourn his loss ten grandchildren, four brothers, Henry, George, William and James, all of Illinois, two sisters, Mrs. Susie Barnes and Mrs. C. E. McGrew, of Valley county, also a host of other relatives and friends.

Since childhood Mr. Arnold was a member of the M. E. church.

LOUP CITY SAYS ORD IS BLOCKING GAS IN 25 CITIES

Company Will Build No Lines
Until Ord Yes Or No, So
Loup Asks Decision Now.

ORD DELAY CONDEMNED BY ST. PAUL PAPER

In an editorial, "Is Ord Holding Up Natural Gas?" the St. Paul Phonograph this week condemns Ord for not making a decision on the gas question at once. After stating the situation, The Phonograph says: "We hope the city council at Ord takes the gas matter in hand and decides it the way of another. It does not make a great deal of difference whether or not they take it, just so they make a decision. It would be very simple for the gas company to run their lines from Grand Island to St. Paul and thence to Loup City and Broken Bow. Later on, when the people of Ord have their eyes opened as to the value of natural gas they will be clamoring for it and maybe they will get it easily and maybe they will not get it in such a hurry. Ordinarily is now knocking at the door of the city of Ord and we believe the men who look after the interests of that hustling city should grasp that opportunity and get natural gas while they can get it good. But regardless of what they do they should act now and decide the matter one way or the other so that the gas company could go ahead and serve the cities who want natural gas."

Cities and towns in central Nebraska will have to wait at least until 1932 before they enjoy the benefits of natural gas. So states a letter received last Friday by the Quiz from J. W. Densford, representative of the Nebraska Natural Gas company. As plans are outlined now Ord is the key-point of the entire system so until a formal decision is made by this city all plans will remain in abeyance. Mr. Densford's letter follows:

"Dear Sir: The Mayor and Council of your city have advised me that they will not pass a franchise except by election, which together with all summer's delay, now passed, has prompted our company to determine not to build the line into this section of the state this year. Several of the towns that have granted us franchises are urging us to go ahead with the line this winter, and I had first thought they might build into some of them anyway, but they have finally decided that they will not go ahead without Ord, so I am finding it necessary to advise these other towns to that effect."

Loup City, one of the towns where a franchise was granted, is particularly anxious that the company start work this fall. Mr. B. VanDecar, president of the Ord Chamber of Commerce, is in receipt of the following communication from C. F. Beushausen, secretary of the Loup City Community club.

August 22, 1931.
Mr. H. B. VanDecar
President Chamber of Commerce
Ord, Nebraska.
My Dear Sir:

The Mayor of Loup City has received a communication from J. W. Densford, representative of the Nebraska Natural Gas Company, that owing to the failure of Ord to give them a franchise, and would not pass on the matter until at the regular election to be held next April that work on the

Convenient Home Equipment Is New Women's Project

Valley county women enrolled in extension clubs this winter are to learn about the secrets of convenient home equipment. County Agent Dale announced today in Ord that Miss Muriel Smith and Miss Woodman of the agricultural college will conduct the project. Plans for the project indicate that the specialists from the college will come to Ord for six monthly meetings for club leaders. They will give the work to the leaders who in turn will take the work back to their individual clubs. Throughout the year convenient home equipment will be stressed in the project. Demonstrations on how to select the equipment along with suggestions by the specialists will feature most of the meetings. The project closes in the spring when the clubs have their achievement day in Ord.

Killed in Truck Accident.
Dallas Lawrence Bird, 13, of Hastings, was injured Monday morning in a truck accident near Aurora and passed away three hours later in an Aurora hospital. He was a son of Mrs. Blain J. Bird, who makes her home in Ord with Mrs. Eliza Demund. Besides his mother Dallas leaves one sister, Doris, and two brothers, Donald and Paul, of Ord. Funeral services were held in Grand Island yesterday.

Mrs. Weekes Will Wed September 5

Mrs. Ella Marie Weekes of Tekamah will be married on Sept. 5 to E. W. Stipp of Denver, Colo., according to word received by the Quiz. Mrs. Weekes, formerly of this city, has many friends here who will be interested to learn this news. Mr. Stipp is a lumberman, now engaged in business in Denver. A major in the regular army, during the World War he was attached to the 89th division. To friends he is known as "Win". The ceremony will be held in the Congregational church at Longmont, in which city a sister of Mrs. Weekes resides, and where the groom formerly made his home. Mrs. Weekes will leave Tekamah tomorrow for the western city. She retains her interest in the theater in Tekamah, but active management will be completely assumed by Mrs. Jennie Wichman, also formerly of Ord.

Overturns Lamp, Burns House And Other Buildings

Since the hot weather set in H. L. York, 81-year-old farmer who lives in the edge of Garfield county has been keeping out on the lawn. Last Wednesday morning he felt the first sprinkle of a rain so decided to move indoors. He carried his mattress into the house, lit a lamp and went back after his springs. As he carried them through the door he overturned the lamp, the house was set afire and burned to the ground along with a chicken house and all of Mr. York's furniture. He had about \$850 insurance.

Though he regrets the loss of his house, Mr. York mourns most over the loss of the policeman's uniform that he wore many years ago when he was a member of a police force in an eastern city. The uniform cost him \$80, he recalls, and it has always been his most prized possession. Dressed in this uniform Mr. York was serving on the police force at the Garfield, Valley and Custer county fairs for many years.

Mr. York was alone when his house burned last Wednesday. His wife, who is in ill health, has been living for several months with a daughter at Lyman, Nebr.

Savidge Carnival To Exhibit Here

The first carnival to visit Ord in several years will open here next Monday when the Walter Savidge company pitches its various tents on the fair grounds for a week's stay. The Savidge company will be one of the features of the fair and auto races.

A host of new novelties, many rides and a dramatic company are among the Savidge offerings. Mr. Savidge announces new people and new vaudeville acts in his dramatic company. The opening night play will be "For Crying Out Loud," an Irish-Jewish comedy along the lines of "Able's Irish Rose." Other new plays will be presented throughout the week.

Among the shows carried by this carnival is the Converse circus side show, a feature last year with the John J. Jones carnival. Strange, curious and unusual people including Clara-Leroy, sister and brother born joined together, are features of this show. Another feature of the carnival is Booth's illusions, a show of magic wonders. Baby Mary, the 400 pound fat girl, also is with the Savidge carnival. A merry-go-round, ferris wheel and kiddie rides are offered by the Savidge company, which is said to be one of the best appearing in Nebraska this season.

Re-Surfacing Highway.
Arcadia, August 26.—(Special)—Eight miles on the Arcadia end of the Arcadia-Ord highway is being re-surfaced this week with gravel shipped from the Platte river pit at Central City. The Abel Construction company, of Lincoln, have the contract. About 35 carloads of gravel are being used.

Emma Skoll Weds Frank Novotney, Jr.

Tuesday afternoon in the home of County Judge J. H. Hollingshead, Miss Emma Skoll, daughter of Mr. and Mrs. Emil Skoll, was united in marriage to Frank Novotney, Jr. of Elba. The couple were attended by six young people, Misses Elsie Skoll, Rose Vodehnal and Alice Naprapek and Messrs. John Vozab, Jr., Frank Naprapek and Charles Vasek.

Soon after the ceremony a dinner was served in the home of the bride's parents. Guests were the groom's relatives, the bride's immediate family and the wedding group. In the evening a big reception was held in the Bohemian hall with about 350 people in attendance. The wedding cake was baked by Miss Rose Vodehnal and was carried to the hall by Miss Viola Skoll and Alvin Vodehnal. Dancing and a social time, with an abundance of good things to eat, featured the reception. Music was furnished by the Lukash orchestra. Mr. and Mrs. Novotney received many nice gifts. They will make their home on a farm a few miles from Elba.

JOHN P. MISKO TAKES BRIDE IN GARDEN WEDDING

Wray, Colo. Girl Becomes Wife
Of Young Ord Attorney;
Nuptial Rites Elaborate.

At one of the prettiest and most unusual weddings held in Ord in years Miss Mae Lee Puderbaugh of Wray, Colo., became the bride of John Perry Misko Sunday evening. Her wife to be was married in a church officiated at the ceremony, which was held in the garden of the Misko home. The ceremony was officiated by Rev. W. Wright of the Methodist church. The bride was escorted by her father, Mr. Puderbaugh, and the groom by his best man, Mr. Misko. The ceremony was a most beautiful affair. The bride wore a gown of white tulle and carried a bouquet of white flowers. The groom wore a tuxedo and carried a sword. The ceremony was held in the garden of the Misko home, which was beautifully decorated with flowers. The bride and groom were surrounded by their friends and family. The ceremony was a most beautiful affair.

Next Monday is entry day for the fair and no program will be given. Programs will be presented on the following three days. Tuesday is school children's day and all children will be admitted without charge.

Duck Season Is Cut To 31 Days

President Hoover signed a proclamation Tuesday reducing the open season on ducks to 31 days throughout the United States and Alaska. Similar action is expected in Canada. Drouth in the principle feeding and breeding areas made this emergency measure necessary, it was stated at Washington.

In the northern part of the country the hunting season on ducks is expected to start October 1 and end October 31. Geese, brant and coot are included in the shortened season.

With only 31 days to hunt, few birds probably will be established on the Loup rivers this year.

Harvey Boyce In Trouble At Burwell

Harvey Boyce, who just finished county jail on bad check charges, is in trouble again, this time at Burwell, according to the Tribune. During the rodeo there he wrote a check for bad checks. Then he went to the Fritz Smith farm and bought several hogs, giving a check for \$100. The check was cashed at the bank and the money was sent to town and sold them, then bought a second hand car with the proceeds and left town. Officers were hopeful of arresting him and bringing him to trial.

Potato Dance Hall License Is Refused

Because twenty-nine people of the Davis Creek community protested against the issuance of a dance hall license to Frank Potso, the county board Tuesday rejected his application. Licenses were granted to three other applicants, the Elyria hall, Jungman hall and National hall.

No demand for country dances, more or less, making a such dances, no police supervision, the degrading influence dancing has upon young people and the rowdyism often prevalent at country dances were the reasons cited in the petition signed by the 29 Davis Creek people.

Mr. Potso tells the Quiz that his dances have always been well conducted and that he will apply again for a license. He expects to submit a petition signed by people of his community who favor dances.

Another Heavy Rain Misses Valley County

Valley county seems to be the real drouth spot this summer for nearly every rain has missed this locality. Last Thursday night a 2-inch rain fell at Ericson and more than an inch at Loup City but only a sprinkle fell in most parts of Valley county. The heavy rain at Ericson extended south as far as the McMindes ranch. So far this month 76 inches of moisture has fallen in Ord. Arcadia reports only 53 this month and other parts of the county vary between the two figures. So far this year Arcadia has had seven inches while in the same period last year 21 inches fell. Ord had 10.53 in 1931 but this is far below normal figures.

Negro Ball Team Wins.
A negro baseball team from a college at Piney Woods, Miss., appeared at Bussell park Tuesday against a pick-up team called the Ord All-Stars, and won easily, 11 to 9. Baker started pitching for Ord but was hit hard, after which Hoden of Elyria took up the burden. It was a fairly good game to watch but only a small crowd attended.

Amos 'n Andy Will Be At Valley County Fair

Amos 'n Andy, the two black-faced favorites, have recently been secured as an added attraction for Valley county fair patrons. This will be their first appearance at a county fair. They are expected to arrive at the fair grounds August 31 and will be in the best of form and high spirits during the following three days, Sept. 1, 2, 3. The fair association is greatly pleased to be able to present Amos 'n Andy, who are a pair of Angus calves owned by Mrs. Eberhart and entered in the Baby Beef contest. At least fifty other baby heaves will be entered in this contest.

Reserved Seats For Fair Go On Sale

Reserved grandstand seats for the Valley county auto races went on sale this week at the Ed F. Beranek drug store. Advance ticket sales so far have been normal, Mr. Beranek reports, and he expects that all of them will be sold. Seats are priced the same as usual.

In spite of the drouth, exhibits at this year's fair will be unusually good. Most of the superintendents report a brisk demand for stalls and pens with nearly all available ones spoken for. School, club and agricultural exhibits will be good, the secretary says.

Next Monday is entry day for the fair and no program will be given. Programs will be presented on the following three days. Tuesday is school children's day and all children will be admitted without charge.

Duck Season Is Cut To 31 Days

President Hoover signed a proclamation Tuesday reducing the open season on ducks to 31 days throughout the United States and Alaska. Similar action is expected in Canada. Drouth in the principle feeding and breeding areas made this emergency measure necessary, it was stated at Washington.

In the northern part of the country the hunting season on ducks is expected to start October 1 and end October 31. Geese, brant and coot are included in the shortened season.

With only 31 days to hunt, few birds probably will be established on the Loup rivers this year.

Harvey Boyce In Trouble At Burwell

Harvey Boyce, who just finished county jail on bad check charges, is in trouble again, this time at Burwell, according to the Tribune. During the rodeo there he wrote a check for bad checks. Then he went to the Fritz Smith farm and bought several hogs, giving a check for \$100. The check was cashed at the bank and the money was sent to town and sold them, then bought a second hand car with the proceeds and left town. Officers were hopeful of arresting him and bringing him to trial.

Potato Dance Hall License Is Refused

Because twenty-nine people of the Davis Creek community protested against the issuance of a dance hall license to Frank Potso, the county board Tuesday rejected his application. Licenses were granted to three other applicants, the Elyria hall, Jungman hall and National hall.

No demand for country dances, more or less, making a such dances, no police supervision, the degrading influence dancing has upon young people and the rowdyism often prevalent at country dances were the reasons cited in the petition signed by the 29 Davis Creek people.

Mr. Potso tells the Quiz that his dances have always been well conducted and that he will apply again for a license. He expects to submit a petition signed by people of his community who favor dances.

RACE INTEREST GETTING RED HOT AS FAIR NEARS

Thirty Have Signed Contracts
To Race Here, Baker Says;
Dixie Drivers Coming In.

TWO MORE ENTRIES.
Superintendent Baker telephone just before the Quiz goes to press to say that two additional entries have been received. They are Murray Earl, of Hutchinson, Kas., and R. D. Hill, of Arkansas City, Kas.

The most brilliant field of drivers that has ever flung dust around Valley county's great speedway will appear at the fair next week, Race Supt. Clyde Baker says today. The race chief is jubilant at new entries and says that with the large number of drivers who always enter at the last minute he is confident that 40 or more dirt eaters will compete here. Thirty had signed up by 4 p. m. Wednesday.

Led by last year's champion, Johnny Gerber, the contingent of drivers will begin to put in an appearance Friday night and Saturday. A few of them are competing at extinction tomorrow but the fastest are coming from far distant tracks, lured to central Nebraska by the \$3,300 pot of gold hung up as prizes at Ord.

"Tell Quiz readers that we're going to have the FASTEST RACES EVER SEEN IN THE MIDDLE WEST!" says Supt. Baker over the telephone as the Quiz goes to press this morning. His office has been a busy place these last few days with the telephone jangling, telegrams arriving, strangers requesting information about the races and a hundred and one other details to attend to.

Not the least of Baker's happiness is caused by the entry this week of Howard Willis, who is coming from far off Portland, Ore., especially to compete here. Willis is the likable chap who raced at Ord in 1927 and since then he has added to his laurels with many victories in the northwest. Another Portland driver is accompanying Willis, A. Sprinco, an Italian.

From far off Dixie come three new drivers, Fred O'Neal, of Asheville, N. C., Phil Cline and Major Cline, of Morrisville, Tenn. All have made racing history in the south, particularly at the Atlanta, Ga., races which Phil Cline won last year.

From far off Deer Trail, Colo., will be here again next week after missing the 1930 races. Vic has a new car which will be driven by Lloyd Axtell, also known here.

Another new entry is C. B. Gregg, of Morrill, Nebr., whose car is driven by Ralph Riddle. Gregg is the only Nebraska outside of Lincoln and Omaha who has entered.

Drivers whose entries have been received previously include John Gerber, Fred Dresselhuys, Walt Gartner, James Wood, Rud Mulsinger, L. E. Kerbs, A. L. Spillman, John Bagley, Sam Hoffman, Emory Collins, Speed Adams, George Lawhorn, C. H. Haskell, B. W. McCoy, Joe Turco, Norman Wilbright, Pat Cunningham, C. Jones, Leo Larsen, Vern McCombs, Lloyd Fisher, John F. O. Varlick, and Johnny Kreiger. Many of the above track names famous wherever dirt track racing is known.

Bagley, the Omaha flying cop, writes to say that he has finished installing a new \$5,000 special made motor in his racing car and that the car is working perfectly. With Berl Ficken at the wheel this last fall job will be a challenge to all the speed demons entered. Bagley wrote that he expected strong competition but he will be surprised to see just how strong the competition is when he gets here.

Beyond a doubt, the 1931 edition of Valley county auto racing will be the fastest ever seen here.

Masonic Lodge At Arcadia Celebrates

Arcadia, August 26.—(Special)—Members of Gauge lodge No. 208 A. F. & A. M. of this village celebrated their fortieth anniversary Monday evening with a banquet given at the Methodist church basement. About 120 were present, including members and their wives from the Ord, Loup City and Arcadia lodges. Methodist church ladies served the dinner and music was furnished by Able Bros. orchestra of Ord. Reuben E. Clark, of Kearney, was the principal speaker and other talks were given by Toastmaster C. C. Hawthorne, L. L. Stevens of Loup City, Clarence M. Davis, of Ord, Mrs. A. A. Farnum, Loup City, George E. Hastings, M. L. Fries and W. D. Bennett of Arcadia. Solos were sung by Max Wall and Mrs. Otto Rettemeyer.

Lillian Jeary Married.

Miss Lillian Jeary, of Seward, for the past two years a teacher in the Ord schools, was married on August 18 to C. C. Thompson, of Elba, who for several years has been superintendent of schools at Arcadia. The ceremony took place at the home of the bride's parents in Seward. Mr. and Mrs. Thompson are now at home in the former F. V. Amick property at Arcadia.

Begin Soil Survey Of Valley County

R. L. Gemmill, of Carroll, Nebr., arrived in Ord this week with a crew of three men to begin making a soil survey of Valley county. The crew will visit each section in the county and list various soil formations found. Later soil maps of the county will be made and will be available for reference. This survey was promised last spring by Dr. G. H. Condra, of the state university. The crew has just completed a survey of Sherman county and expect to be busy in Valley county until about Thanksgiving time. Land owners and renters should extend every courtesy to Mr. Gemmill and his assistants.

Ord Nurse Takes Deadly Poison By Mistake, May Die

At death's door in a Loup City hospital lies Marguerite McCullough, daughter of Mrs. Frank Norman of Ord. Last Thursday night, suffering after a tonsil operation, Miss McCullough went to a pharmacy where she kept a box of pain tablets. It was dark, but she found the box and took two tablets. Later she found that somebody had placed a box of bichloride of mercury tablets on the same shelf and that she had taken the deadly poison by mistake.

Miss McCullough discovered what she had done at once and within twenty minutes doctors had pumped her stomach out and were doing everything possible for her. But bichloride of mercury is a deadly poison and only an antidote for it has been discovered, which must be administered intravenously and works slowly. She is now being treated with this antidote.

Dr. C. W. Weekes, of Ord, visited her Sunday and says she has a chance to recover. Bichloride poisoning works slowly, he says, so for ten days or more it will not be known whether or not the poison will cause her death. She is suffering no pain, Dr. Weekes reports.

Vincent Kokes Is Rotary Speaker

"Grasshoppers and auto races" was the topic of Vincent Kokes' talk to the Ord Rotary club Monday. He told about his recent visit to Colorado and his experience with the ravages that country has suffered from grasshoppers. Not an ear of corn will be raised in all that country, Mr. Kokes believes. People up there are discouraged and in bad shape financially, he says.

In discussing the auto races to be held at the Valley county fair next week Mr. Kokes stated that 28 drivers had entered Monday. The winners of the last five years, L. E. Kerbs, Sam Hoffman, Vic Felt, John Bagley and John Gerber all will compete, he said, and predicted the fastest auto races ever seen in this part of the country.

3 Chicken Theft Suspects Caught

Renzo Duryea, Virgil R. Honeywell and Vernon A. Honeywell, all of the Comstock neighborhood, are in jail here and today charges of chicken theft will be filed against them by County Attorney Munn. They became objects of suspicion last Saturday when they attempted to sell 14 Buff Orpington chickens to Frank Plakorski. The chickens were the property of Charles Hron of near Comstock, and were taken last Friday night. Duryea and Virgil Honeywell were arrested Tuesday by Sheriff Round and Deputy Keep. The sheriff made a trip to Brewster yesterday to place Vernon Honeywell under arrest. If found guilty of chicken theft the three men may be sentenced to from 10 days to one year in county jail or may receive a penitentiary sentence.

UNION PACIFIC WILL START NEW TRAIN SERVICE

Morning Mail Will Reach Ord
At 7:15 Daily; Stock May Be
Loaded In Afternoon.

NEW SCHEDULE APPROVED.
The schedule suggested by the Union Pacific railway at Loup City last Friday and outlined in the story below has been approved by the state railway commission. Their order gives the Union Pacific authority to discontinue the morning motor and Ord and substitute a mid freight arriving in Ord at 7:15 a. m. daily and leaving at 4 p. m. The railroad is authorized to start this service on one day's notice.

It is thought that the new schedule will go into effect Sunday, August 30. If it does, a new rural mail schedule will start Monday, August 31, according to Postmaster Clements. Ord rural routes will leave the postoffice at 8:30 a. m. daily, he says, and all rural patrons will receive their mail before noon.

An entirely new train schedule that should meet with the approval of Ord people and farmers alike was the principle development at a meeting of the Loup City last Friday where the Union Pacific application to discontinue the morning motor was heard before Railway Commissioner Hugh H. Drake. Representatives from Ord attended.

Under the new schedule suggested by General Superintendent E. Williams, of the Union Pacific, the motor now reaching Ord at 10:45 a. m. and leaving Ord at 1 p. m. will be discontinued. A mixed freight train carrying mail, express, passengers and freight will be put on the run. This freight will leave Grand Island at 3:15 a. m. each day, reaching Ord at 7:15 a. m. The train will lay over in Ord until 4 p. m. and reach Grand Island at 8 p. m. to make connections with east and west bound trains.

The present passenger train will remain on the line and will arrive in Ord at 6:50 p. m., leaving at 9 a. m. Ord men who attended the meeting at Loup City were H. B. Van Decar and Bert M. Hardenbrook, who represented the Chamber of Commerce, E. C. Weller and Wm. Houtek, who represented the Rotary club, Edwin Clements, C. J. Mortensen, E. C. Leggett and W. F. Williams. Messrs. VanDecar and Hardenbrook also were authorized to represent the North Loup Commercial club.

Nearly all of these men express themselves as very much pleased with the new schedule, including the daily papers, will reach Ord early each morning instead of near noon, they point out. And the mixed freight remaining in Ord until 3:30 or 4 p. m. will allow stock to be loaded in the afternoon and still reach the Omaha market in time to be sold the following morning.

The Ord delegation had gone to Loup City with the intention of opposing the Union Pacific's application to withdraw the motor but when they heard the new schedule outlined by General Superintendent Williams all objections were withdrawn.

Mr. Williams gave a terse, but detailed, statement of figures in which he said that it cost 40¢ per mile to operate the morning motor and that receipts this summer have been only 15¢ per mile. He said that the Omaha carrier that the road recognizes its responsibility to the public, but that the private car, the truck and the bus are drawing and will continue to draw an enormous amount of revenue from the railroads. The only thing to be done, he asserted, is to meet the situation as wisely as possible. The intention of the railroad, he assured his audience, is to give service adequate to the present volume of business. His proposal in regard to changing the freight schedule followed.

The St. Paul-Loup City and Boelus-Pleasanton motors also were concerned in the hearing, for the Union Pacific had applied for permission to discontinue them as well as the one on the Ord branch. Changes in the freight schedule agreeable to people of those towns also were suggested by Mr. Williams.

Towns represented included Grand Island, St. Paul, Elba, Scotia, North Loup, Ord, Boelus, Dannebrog, and Loup City. Without exception, the delegations from the various towns approved the new schedules proposed by the Union Pacific and withdrew objections that had been filed previously.

Another matter of importance to stock shippers was taken up by C. J. Mortensen, on behalf of the Ord Chamber of Commerce, when he asked that the 200-mile rule, which gives return transportation to single-car stock shippers within 200 miles of Omaha, be extended to include Ord and Loup City, which are 205 miles away. Union Pacific officials assured the Chamber of Commerce that Ord and Loup City will be included in the near future.

T. J. Zulkoski who had been in the Columbus hospital for treatment came home Friday and Sunday some of his children took him back to Columbus where he again entered the hospital for a major operation which was to be performed Wednesday. His wife remained to be with him. His many friends hope that he may recover soon.

Methodist Church

Here is a question for pondering. If you were God and God were you and a nation set a day for prayer, but only one had time to spare for every hundred that didn't care, would you believe they were sincere and bless that nation again next year? If you were God and God were you, Say, what would you do?

NEBRASKA'S CONTINUED PROGRESS IS DEPENDENT UPON ITS RAILROADS

\$1,803,172.85 IN TAXES CONTRIBUTED IN 1930 TO THE PROSPERITY AND PROGRESS OF NEBRASKA

IN ADDITION to this large sum, paid out from its earnings for taxes in Nebraska, the Union Pacific distributes immense sums for salaries and wages: During 1930 alone over 18 million dollars paid to 10,349 Union Pacific employees found its way into circulation through the avenues of Trade and Commerce within the State. Over 43,000 Nebraska people derive their support from Union Pacific.

Nebraska's progress began with the coming of the railroads. Her future growth is dependent upon adequate railroad transportation. The kind of transportation service that Nebraska needs can be provided only if Nebraska people support the railroads.

Redbirds Win Final Game.
The North Loup Redbirds closed their Farm Bureau league schedule Sunday with a 5 to 1 win over the Ord Camels, giving them a record of 16 won and 2 lost during the season. Other games reported to the Quiz found Olean losing to Elyria, 4 to 1, and the Ord Delco-Lights losing to Arcadia 11 to 5. No other reports were received at this office. Lack of space forbids publication of box scores this week but the score sheets are being sent to Secretary Lange so batting averages can be compiled.

Card of Thanks.
We cordially thank everybody for the lovely gifts they gave us. Mr. and Mrs. Frank Novotney, Jr.

An Abstract of Title

must show every deed, mortgage, assignment, release, contract and lien, and any proceedings in the County or District Courts, that in any way affect or relate to the title, or tract of land under examination, beginning with the United States and its patent. Only the essential parts are necessary to be shown, unless there are unusual conditions set forth in the instruments of record. An abstract must also show any judgments or suits pending against any of the owners, and the condition of the taxes. When the several instruments are properly shown on printed forms prepared for that purpose, and are certified to by an abstractor, they become an abstract of title to that particular land, and show just the condition of the owner's title.

The science of knowing just what must be shown on an abstract of title is a difficult and technical one — a job not to be attempted by a layman. It can be done safely only by a specialist. A reliable abstractor is a specialist; he is a professional searcher of the records. To be trustworthy he must be experienced, well trained, and thoroughly learned in the legal technicalities of the title papers and processes which make up the records, and he must have his own private title indices and records, as both are indispensable in the making of a reliable abstract of title. Even the most experienced abstractor cannot safely rely upon the public indices, because they are not adapted for this work, and many, in fact most of the large law companies refuse to accept an abstract compiled from the indices in the County Clerk's office.

A good abstract does not necessarily mean a good title, for often there are defects in the recorded instruments that must be corrected, and to determine just what should be done, the completed abstract should be submitted to a competent attorney for examination and opinion. We cannot advertise "Bargain Days" nor "Special Sales" in the abstract business, because abstracts are only needed when property is being sold or mortgaged, or an estate is being settled and divided. Then the abstract must be accurate and complete, because the safety of thousands of dollars — your dollars — may depend upon the showing of the abstractor.

Our abstracts are made from our own complete set of abstract books — the only set in the County — and they are dependable and accurate, showing all instruments on record since the organization of the County, and arranged in groups covering each section or town block, so that an abstract can be prepared on short notice. These books have been built up by our own work, and we have had over forty years of experience in the making of abstracts. We know they are reliable, and safer than a "curbstone" abstract can be in the parlance of the abstract profession, a "curbstone" abstract is one made from the County's numerical indices as a guide to the records, by a person who has no abstract books. And even an experienced abstractor would not feel safe in using that plan of searching the records in the preparation of an abstract.

For your own safety, insist that your abstract work be done by The Capron Agency, Ord, member of the American Title Association, and of the Nebraska Title Association.

Personal Items About People You Know

—Rev. S. S. Kaldahl, of Wolbach, held Lutheran services in Ord Sunday, returning home Monday.

—Misses Alice Naprapek and Rosa Vebnah gave a reception Saturday afternoon in the home of Mrs. Joe Knezacek, honoring Miss Emma Skoll, who was soon to wed Frank Novotney of Elba. Mrs. Knezacek decorated the large table, which was beautiful with red hearts, ribbon streamers and summer flowers. The bride-to-be and a few of her close friends were seated at this table. Other guests were served from small tables. A mock wedding was on the program and proved to be a very enjoyable affair. The bride was Miss Elsie Skoll, the groom was Mrs. Alice Naprapek and Mrs. Alex. Long was the minister who read the impressive words from a Sears & Roebuck catalog. Miss Skoll received some very nice gifts. There were 35 guests in attendance at the shower.

High School Grid Prospects Are Good

Football prospects look fine for Ord high school this fall, reports Supt. D. D. Bell. Ten or eleven letter men and a number of good reserves will answer the first practice call Sept. 7. New material is plentiful, Mr. Bell reports, and he fully believes that the team will win a majority of the nine games they play.

Outstanding men from last season include: Backs—Chas. Barnhart, Klein, Elwin Aule, Don Lashmett, Marcus Steinwort, Harold Garnick, Dave Barnhart, Strong, Ends—Ev. Lashmett, McGinnis, Benda, Poota. Linemen—Stoltz, Hanson, Rathbun, Gard, Vodehnal, Boquet, Nutter, King, Zulkoski and Augustyn.

Jolly Neighbor Junior 4-H Club. The Jolly Neighbor Junior 4-H club met on Tuesday, August 18, with Lillian Kirby. Three members were absent. We discussed our previous problems and read our next lesson. The next meeting will be held with Katherine Lewis on Thursday, August 27.

Kills Blue Racer. Last Thursday Guy Burrows killed a snake in his neighborhood that greatly resembled a blue racer, which are seldom seen in this country. At least it had the color and swiftness of that snake. When cornered, it snarled and showed fight and struck at the boy several times before he was despatched.

The Texaco filling station on east main street which has been in operation for about two years and has had several different managers was taken over Saturday by Deane and Dick Whitman, two local boys. The Carlson building on the

south side of main street which was formerly occupied by the Stanley cream station is being re-decorated both interior and exterior in preparation for the opening of a cafe by Mrs. E. L. Quinton about September 1. Mrs. Quinton has resided in Ansley for the past several months since Mr. Quinton secured the contract for the star route between Arcadia and Ansley, but will return to Arcadia as will her parents, Mr. and Mrs. A. C. Buttery who have been residing on a farm south of Arcadia, to operate the cafe.

The Arcadia Community club held their regular August meeting at the Methodist church basement Tuesday evening. The Ladies Aid society of the church served a very appetizing dinner at seven o'clock. The short business session followed the dinner.

Traditions of Memphis are those of the first explorers, Hernando De Sota first saw the Mississippi river from the Chickasaw bluffs in 1541 at the point now designated in De Sota Park. With all respect to De Sota, I must confess, however, that I thought of an entirely new character as I viewed the river from this point. To me the lazy muddy current seemed to carry a small rude flat boat with a boy in it. The carefree mischievous, freckled, torn trowsered Huckleberry Finn. My reverie was soon broken however, by a sharp rill of whistle. It meant just one thing. Beat it to the bus or get left. Good-bye Huck, perhaps I can see you again when I have more time. This life is too full of hurry.

Never shall I forget the beautiful camp at Gettysburg, Tennessee, nestled in the heart of the Great Smokies, where we camped for two nights. There was a mountain stream. Blackberries grew in

abundance. We had camp fires and sang songs. It was moonlight. Do I need to describe it any more. I used to think there were no very high peaks in the Appalachians. Now I have a lot of respect for old Mount La Conte. This is how it happened. One evening about nineteen of us decided to climb La Conte in the morning. This challenge created quite a stir in camp. Butch, the manager, tried to discourage us. "It is eight miles of rocky climbing from camp to the top," he said. "And eight miles down again and you'll have to keep the brakes on all the way, too." "Do you still want to go?" This information startled us a little but at five o'clock the next morning we were on our way. It was a chore. The path was narrow, steep and covered with loose rocks. Vines caught on our feet and we stumbled. One by one members of the party dropped off and turned back. At one o'clock twelve of us stood gazing from the top into the blue haze of distant pines on neighboring peaks. Dark clouds hung in the valley below. Within a few minutes we heard a peal of thunder. It was raining down there. A little bird chirped and it surely seemed queer to hear a bird up there above the clouds.

At six o'clock we dragged back into camp. I had ruined my shoes and had a blister on every toe. For the next week or so we walked around like string halt horses and were not with shooting. We were glad however, that we had climbed to the top even though it did cost us a lot of energy.

Well, folks are asking me why I don't quit that writing and go to bed. We have a hard day tomorrow and I guess I had better take their advice. Sincerely, Edna Dowhower.
