Club Work In County Shows Big Increase

Valley county has exceeded her 1932 club enrollment goal, according to an announcement made today from the agricultural college by L. I. Frisbie, state club leader. County Agent Dale has 277 club members while the county goal was 275.

Dale has his 4-H clubbers enrolled in practically every project offered. Some of the girls are in cooking, sewing, canning or girls room projects while the boys are mostly interested in livestock, crops and poultry.

Club work in Valley county has been steadily increasing in importance and success, Frisbie believes. Through the efforts of County Agent Dale and local leaders, the membership has increased annually and this year's number is near an all-time record for the county. It is expected that the club fair to be held this fall will be one of the major achievements of the county-wide organization.

Roosevelt, Garner Named by Demos

Candidates Nominated on Fourth
Ballot; Smith Unable To Block
Convention.

Franklin D. Roosevelt, governor of New York was chosen democratic candidate for president on the 4th ballot. From the start of the voting he had a large majority of the electors but was about a hundred short of the necessary two-thirds required to nominate him and the opposition, or "Stop Roosevelt" gang led by Al Smith, claimed they had the power to block the convention and prevent his nomination. No doubt it was this attitude that caused the California delegates to leave Garner on the 4th ballot and go for Roosevelt and they were quickly followed by most of the other opposition, so that at the end of the voting the popular New Yorker had more than nine hundred of the eleven hundred and some votes.

Following the nomination of Roosevelt, Speaker Garner was quickly made the nominee for vice president, being the unanimous choice of the convention.

Of course the high light and outstanding event of the earlier part of the convention was the adoption of the straight out repeal plank.

Funeral for Arcadia Woman Held Friday

Mrs. A. M. Schoemaker Laid To
Rest In Arcadia Cemetery; Was
Faithful Worker In M. E. Church.

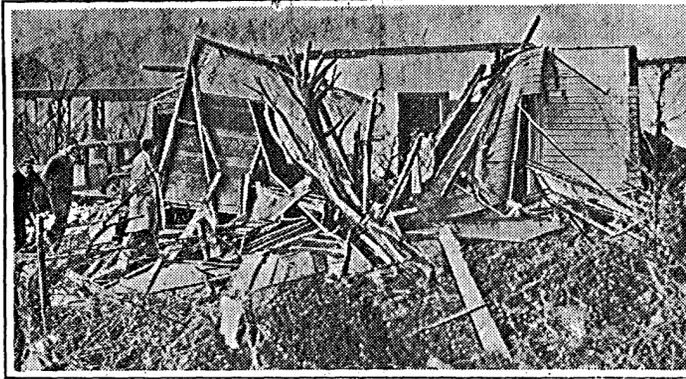

Funeral services for Mrs. A. M. Schoemaker were held at the church Friday afternoon at 2:30, conducted by the pastor, Rev. R. O. Gaither. Interment was made in the Arcadia cemetery.

Edna Mae Corriell was born in Muscatine County, Iowa, May 9, 1880 and passed away at her home in Arcadia June 29, 1932 at the age of 52 years, 1 month and 20 days. She received her early education in the schools of Muscatine and later attended the Wilton Academy at Wilton Junction, Iowa. She taught school in the rural schools of her home neighborhood for a period of nine years. She was united in marriage to Arthur M. Schoemaker Sept. 5, 1906 at Wilton Junction, Iowa, leaving later for Arcadia, Neb. where she spent the remainder of her life, living on a farm until the last three years, when the family moved into Arcadia. To this union one daughter, Dorothea Lucille, was born. Mrs. Schoemaker united with the Spangler Methodist church near her childhood home when a little girl and in 1904 changed her membership to the First Baptist church of Muscatine, Iowa where it still remains.

After coming to Arcadia she became an ardent worker in the Methodist church where for the past twenty years she taught the beginners in the primary department of the Sunday school. She filled a place in the community life of Arcadia which has seldom been surpassed and the memory of that life will remain a living memorial to her in the hearts of all who knew her. She had been failing in health steadily for the past few months but was able to keep up her work and was in her place in her Sunday school class and church work until about nine weeks ago when she was confined to her bed. She leaves her husband, A. N. Schoemaker, one daughter, Dorothea, six sisters, Mrs. Belle Valett and Mrs. Alice Parker of Arcadia, Mrs. B. C. McCloud, Mrs. John McConaghey, Mrs. Mattie Menick, Mrs. C. W. Johnson, all of Muscatine, Iowa, one brother, George E. Corriell of Atalissa, Iowa, and many other relatives. Three sisters and one brother preceded her in death.

—Mr. and Mrs. Bill Schudel of Scotia were dinner guests Sunday in the home of their people, Mr. and Mrs. L. J. Auble.

Scene in Wake of Kansas-Nebraska Cyclone

Scores of persons were homeless as a result of the Fourth of July tornado which struck southeastern Nebraska and northern Kansas, killing at least four persons, injuring approximately 50 others and wrecking more than a hundred buildings.

Tells How Time Is Spent at Cullen Lake Resort; Party on Way Home

Nisswa, Minn., June 30, 1932.

Dear Quiz:

Somehow, with all the time in the day on one's hands, one never seems to find time to write up here, and only a gale that makes it impossible to get out on the lake gives me time today to write my regular weekly letter.

How do you spend your time on Cullen Lake? Someone may ask. Well, taking yesterday for example, we arose (Harry Williams, John Misko and myself) at 4 a. m. and ten minutes later were on the way to Upper Cullen where we intended to fish for the huge crappies that are caught only at daylight on that lake.

We had good luck, too, catching fifteen of the big fellows. It is real sport to land crappies weighing 1-2 to 2 pounds each on a light split bamboo or sword-steel casting rod and we enjoyed ourselves for two hours on the crappie bar, losing about as many of the fish as we landed. They have a very tender mouth and must be played carefully when they take the minnow or they will escape. Shortly after we rowed over to a part of the lake where walleyed pike have been caught and fished there for an hour, without success. Then back to the cottage for a big breakfast of bacon and eggs and pancakes. Then we had our eight pounds of blue-gills, crappies and bass to dress, as John wanted to ship a box of fish to his father, Jim Misko, in Ord, and Mrs. Harry Williams wanted to send some to her parents, Mr. and Mrs. W. E. Haley, in Valentine, Neb. Then the ice was chipped up and the boxes of fish packed, after which the girls started for Brainard to ship them while we prepared and ate a lunch. Then back on the lake again, where we caught a mess of fish for supper and dressed them, then for an hour's nap, followed by supper and back on the lake we went again, this time taking the girls with us and fishing for Middle Cullen crappies until dark. After that we selected minnows for the next day's fishing and then all of us were ready for bed. Lots of fun, but it doesn't leave much time for letter writing.

We are having a glorious time here. Monday evening John and Maele Misko arrived from Ord and are spending a few days with us. They left Ord Friday and drove to Plattsmouth, where they attended the wedding of friends Saturday; then drove up here Sunday afternoon and Monday. We are trying to show them a good time and as both enjoy fishing we believe we are succeeding.

In the Fenner cottage next door are Mr. and Mrs. Chester Hallock and Mr. and Mrs. Em. Anderson of Burwell, who came last week. Chet is a real fisherman and is having fine success. Incidentally he is beginning to believe that Ray Luther, the guide, is infallible in everything pertaining to fish and fishing. The first morning they were here, Chet and Mr. Anderson go. Ray to accompany them to the upper lake where they caught 17 nice crappies. When they came back Mr. Hallock asked Ray how much they would weigh. Ray held up the string, looked them over and said they would weigh 28 pounds. Chet borrowed a scale from us and weighed them and they weighed exactly 28 pounds. Then Chet expressed a desire to catch a bullhead, saying that he didn't think they were as big as the Swan lake bullheads in Nebraska. Ray told him to bait a set hook with a piece of fish, throw it off the dock when he went to bed and the next morning he would have a bullhead. Chet did as he was advised and sure enough, he got the fish, and it was the largest bullhead he ever saw. These and a few other instances make him believe Ray simply can't be wrong on anything in the fishing line. He isn't far off, at that, though the morning when Mr. Hallock went to look at his set hook he found that instead of a bullhead he had caught a huge snapping turtle. Anyway, these

Mrs. Shepard Injured In Auto Accident

Mrs. Dr. Shepard was slightly injured Monday while driving to Loup City, when their car slipped off the road and turned over. The doctor got help and righted the car and took Mrs. Shepard to Loup City where a cut in her head was dressed and she was able to return home with her family and is recovering fine.

Return To Nebraska.

The Thorvald Sorensen family, formerly of the Turtle Creek neighborhood but who have lived in California for several years, have written the Quiz to change their paper to Milburn, Nebraska, from which we judge they have returned to Nebraska to make their home.

ORD WOMAN DIES AFTER ILLNESS OF SEVERAL MONTHS

Mrs. Kate Van Slyke To Reward
Sunday Evening; Funeral
Held Yesterday.

Mrs. Kate VanSlyke, one of the old settlers of Valley county, passed away at her home in Ord Sunday evening, July 3, at 11:30, following an illness of about five months, and thus ends a long and useful life. The immediate cause of her death was heart trouble but she had been in failing health for several years, as was natural in one of her years.

Kate Brox was born in Canada March 15, 1859 and came to the United States with her parents, Mr. and Mrs. Philip Brox. She was married to Edgar R. VanSlyke at Camden, Seward county, Nebraska, March 8, 1877, and they came to Valley county the following year, settling on a farm and a few years later, in 1905 they moved to Ord and this has been the family home since. Her husband passed away Dec. 4, 1919.

Mrs. Van Slyke leaves to mourn her going, five children. They are Henry C. VanSlyke, Jasper N. Van Slyke and Miss Ruby VanSlyke all of Ord, and Mrs. John Schilling and Mrs. Lew Schilling, both of Scotia. One daughter, Mrs. Dave Haught is deceased.

There are also three sisters and two brothers, Mrs. Sarah Raymer of Atkinson, Neb., Mrs. Lizzie Van Slyke of Gresham, Ore., Mrs. Ed Siler of Burke, S. D., Sol Brox of Ord and George Brox of Lodge Pole, Nebraska.

Deceased has long been a faithful member of the Methodist church and her funeral was held from that church at 2:30 p. m. July 6, 1932, Pastor Wright officiating and interment was in the Ord cemetery.

Rev. McCarthy Gives Patriotic Address

The union services were billed to be held at the U. B. church last Sunday evening, but were held at the Christian church because Rev. McCarthy was to deliver a patriotic address.

The church rostrum was decorated with suitable colors in honor of the approaching fourth of July. Auble's orchestra opened the program with several appropriate selections. Between numbers Miss Alma Holloway rendered a patriotic pantomime while the national hymn was sung by Miss Valborg Aagaard behind the scenes.

Rev. Willard McCarthy then delivered a powerful patriotic sermon, wherein he touched upon the vital questions which are now stirring the nation and wished to use patriotic decorations.

News School For Reporters July 23

Arrangements Made To Instruct
Club Reporters, Correspondents,
May Hold Picnic.

The news writing school, mentioned in the Quiz in a recent number has been set for Saturday, July 23 and all club member reporters and all Quiz reporters are urged to attend. Club reporters will confer with County Agent Carl Dale who is assisting in making the arrangements and next week we will be able to tell just where the meeting will be held. It has been suggested that some article of food for a picnic dinner be brought by each reporter and the Quiz will furnish the coffee and ice cream, if a picnic is decided upon. Several Quiz reporters have suggested the picnic idea.

We have not had opportunity to talk with Mr. Dale as yet but will do so and have an announcement next week of the complete program. We hope every Quiz reporter will make an effort to be present. Geo. Round Jr., E. C. Leggett and Mr. Dale will be the instructors and a round table session will be held, so that all reporters can ask questions and have them answered. The Quiz believes such a department on the program might prove the most interesting part.

Pastor Chosen For North Loup Church

North Loup, July 6.—(Special)—Rev. Bessie Franc Brown, who has been pastor of the North Loup Friends church for several years, has resigned and will go to Harlan, Ia. and remain for a time with her parents, her mother being in poor health. Rev. Orval Dillon of Union, Ia., who has been holding a two weeks series of meetings at the church, has accepted the pastorate of the church and will take over the new duties about August 1st. Rev. Dillon is now visiting in Iowa and rumor says when he returns to North Loup he will be accompanied by a bride.

Fire Damages Smith House.

The Mrs. D. B. Smith house in the west part of town, was damaged by fire last Wednesday evening. It was about five o'clock when the alarm sounded and the Quiz was already on the press so mention could not be made of the fire. The house was occupied by the J. N. Allender family, who were moving out that day. The roof caught on fire and considerable damage was done before it was discovered and put out. The firemen responded promptly and soon had the fire under control and the damage, fully covered by insurance, was around four hundred dollars. The damage was to the roof and the papering and other upstairs interior finish.

—Monday morning Eldon Lukes and Julius Vata went to Lincoln. They will both attend the state university next year. Eldon plans on taking a course in civil engineering. Julius will start on a six year law course.

Arcadia Lad Died At Grand Island Hospital

Earl Murray, son of Mr. and Mrs. Tina Murray, who reside west of Arcadia, passed away Saturday evening at 7:30 at the St. Francis hospital in Grand Island. Earl had been ill about a week but seemed to be improving Friday. Saturday he became worse and was taken to Grand Island where he passed away a short time after arriving at the hospital. Death was attributed to peritonitis. He was 12 years, 11 months and 1 day old at the time of his death. He leaves his parents, four brothers James, Paul, Billy and Melvin and two sisters, Mrs. Harlan Crist and Vera, all of Arcadia. Funeral services were held at the Catholic church Tuesday at 9:30 conducted by the priest from Loup City. Burial was made in Lee Park cemetery.

Arcadia Will Present Free Chautauqua

At a committee meeting held Tuesday afternoon of last week plans were made for a free chautauqua to be held at the Arcadia Community Park the evenings of August 17th, 18th and 19th. Excellent programs will be given each evening and entertainment will be provided for the children in the morning, similar to junior chautauqua work.

Three Leading Shows On Ord Theatre List

Manager Jack Hoogenboezem advises that in "The Rich Are Always With Us" Miss Ruth Chatterton appears as the wealthiest member of the wealthy set, happily married until she discovers her husband "cheating" with a heartless debutante, whom he marries after the divorce which sets them free. Then what happens? Attend the picture at the Ord theatre either Sunday, Monday or Tuesday and see for yourself.

Nominated By Democrats

Franklin D. Roosevelt, left, and John N. Garner, right, who were nominated for president and vice president, respectively, at the democratic convention in Chicago last week.

Tomorrow and Saturday "The World of the Flesh" with Miriam Hopkins will be shown. An adventure in an empire upsidedown with revolution.

Amazingly different in plot and as exciting as it is original "The Roadhouse Murder" new RKO Radio picture which will be shown Wednesday and Thursday, July 13 and 14, provides romance mixed with thrilling entertainment of the spine-tingling variety.

My Own Column

By H. D. LEGGETT

It seems to me that the democrats did the only thing they could do if they were real democrats, in nominating Roosevelt, for he clearly had a large majority of the convention delegates and undoubtedly has the support of the western democrats and would be supported by the eastern democrats outside of those controlled by the power trust and the big bankers. It also seems to me that Al. Smith made a big mistake in not being willing to let the majority rule and in not taking his defeat gracefully. To my mind his display of temper proves that he is not big enough a man for the presidency. It looks now as though Al was picked by the power trust and big international bankers as the only man who would be able to stop Roosevelt and he did all he could to merit that judgment, but was unable to deliver the goods. He was not able to do so and in my judgment hurt his chances for future popularity by not taking his defeat gracefully.

While the democrats adopted a plank advocating absolute repeal of the 18th amendment and the republicans straddled on the subject, neither plank means much under the circumstances for it takes a majority vote in two thirds of the states of the union to repeal that amendment and it is going to be a long time before that number of states take that action. Of course it is another step in that direction and the states may get a chance to vote on the subject. I believe they should have that chance. I believe in majority rule and am perfectly willing to have the matter submitted to a vote of the people of the country. Probably the voters would be surprised at the result of that vote.

Of course it is true that a large number of the present voters never saw saloons in operation and if they could have them as they were operated before the 18th amendment was passed, I believe they would not tolerate it. It is probably true that conditions in the big cities are nearly as bad as they were in saloon days but that is not the case in Ord or Nebraska or the western part of the United States. The bigger and more complicated the machine, of any kind, of course the harder it is to keep it running without friction. There are more opportunities for graft in the big city than in the small community. It is easier to cover crooked tracks in the large community and it will always be harder to enforce the law in the city than in the small place.

It looks to me at this time, as though Roosevelt's party would be sure of election in November. It doesn't appear that way to many others however and their guess is no doubt as good as mine. I do believe that right now a large majority of the great common people of this country would be glad to have Hoover for the republican nominee. Before election many things may happen. It is said that one in ten of the people hold public office of some kind. Many of them are federal office holders. Practically every one of the federal office holders, in my judgment, will support the republican ticket. That means a lot of votes. Most of them have one or more close relatives that they can say "My job depends upon the election of Hoover" and the relatives will accommodate by voting the republican ticket. Think what a lot of votes that will mean and it is a bunch that cannot be reached by the democrats in any way. And if the democrats should be successful, in four years more they will be going out with the same kind of a machine to control the election of 1936.

The big thing, in my judgment, is that most of us are either down and out or else we are tottering on the edge of financial collapse and we want a change. Not that a political change would or could do much or any good until worldwide conditions change, but that don't make any difference. A sick man when he thinks he is going to die and his doctor is, apparently, not helping him any changes for another doctor in the hope that a change might help him. It is in that way that we are going to vote for a change this fall.

Now if the seemingly impossible should happen, if prices of all commodities that the people have to sell, such as grains, stock and their products, should go up steadily as has been done recently, conditions might get good enough by fall, so that many would not want a change. It doesn't seem possible that such a

sharp change can happen. I believe that conditions at the present time are improving but it is mighty slow. I believe they will continue to improve but I believe it will continue to be slow. A year from now we may see considerable improvement for the better, regardless of who is elected president and I don't believe it is going to make much difference which party wins.

I have been fortunate lately for two good friends remembered to bring me messes of beet greens. Mrs. Della Chotena and Mr. and Mrs. Perry Timmerman and I sure appreciated them. Now I have lots of greens in my own garden, which was a sort of afterthought this year. At first I thought I would devote all the space to flowers but decided later to have a little garden sass.

There are a dozen or more who will miss their Quiz this week. I am sorry but just have to stop it when it gets too far behind and I have heard nothing from the subscriber. I don't like to do this but the new postage rates are now in effect and it means a 50 per cent raise in postage rates on the Quiz and it is a big item in the year's expense. If you don't think enough of the paper to pay at least a part of what you owe or if you can't do that, to write us saying why and when you will pay, then we must stop it. We hope a lot of you will use the blue postage free envelope this week. It is usually the advertising that newspaper depends upon to keep running and the advertising in June this year was just half what it was in June last year and last year was far under normal. The total business this year is almost cut in the middle as compared with last year. We are not complaining. We also know you are in the same fix but those of you who can, are asked to send in at least a part or your subscription.

THE COOK'S COL-YUM, YUM!

Summertime is here, practically, and with it the days when the cook begrudges the time she has to spend cooking in a hot kitchen. To help the cook get her work done before it gets so hot, nothing is more aid than the ice box deserts, easily and quickly made pies and cakes which require graham cracker crumbs in place of a crust, etc.

Graham Cracker Cake.

1-2 c. butter, 3-4 c. sugar, 2 eggs, 3 tsp. baking powder, 1-3 tsp. salt, 1-2 tsp. cinnamon, 1 c. milk, 3-4 c. rolled and sifted graham cracker crumbs.
Cream the butter. Beat in sugar and slightly beaten egg yolks. Roll the graham crackers (about 28 large ones) until crumbs are fine enough to pass through sieve. Then sift graham crumbs with baking powder, salt and cinnamon. Add cracker mixture to first mixture alternately with milk.
Mildred Hurlbert.

Baking Powder Biscuits.

2 c. flour, 2 heaping tsp. baking powder, 1 tsp. sugar, 1 tsp. salt.
Sift together 3 or 4 times. Work in 1 tsp. lard with a fork. Add enough milk to make a soft dough. Bake in a hot oven.

Mrs. Walter H. Jones, Arcadia.
If you have never fixed the recipe below, you have a real treat in store. I will absolutely guarantee you will like it! How's that?

City Chicken.

1-2 lbs. fresh ham, 1-2 lbs. fresh veal, 2 eggs, beaten, flour, salt, pepper, bread crumbs, 10 skewers.
Cut ham and veal about 1-2 inch thick and in 1-2 inch squares. Place the two meats alternately on skewers until they are 2-3 filled. Flour, roll in beaten eggs, then in bread crumbs, saute (cook in a small amount of fat) until brown. Put in roaster, add 1 c. water. Roast in the oven until tender, which takes about an hour.

A favorite for picnics with us because of the high price of real chickens.
Flavia Twombly Schwartzel.
Mrs. Schwartzel lives in Pennsylvania. If she lived here the price of chickens would be worrying her for another reason: because it is so low.

Cooked Mayonnaisse Dressing.
Beat 4 eggs very light. Mix a level tsp. dry mustard in 1-2 c. sugar, add to the eggs. Also add 1-2 c. vinegar, pinch of salt. Mix all together until thick, and cook, watching constantly.

Thin with sweet cream before using. Very good for potato salad or fruit salad.

Mrs. Charles Huebner, Rt. 2. Chocolate Cake.

1 c. white sugar, 1 tbs. shortening, 1 egg yolk beaten (save the white for icing), 1-4 c. cocoa dissolved in 1-2 c. hot water, 1-2 c. sifted flour, 1 tsp. soda dissolved in 1-2 c. hot water, 1 tsp. vanilla.
This makes a very thin batter and one of the best chocolate cakes you ever tasted.
Miss Bessie Paota.

Something DIFFERENT

The most interesting thing I could tell you about at present is a modernistic building I inspected in St. Paul a few days ago, and since it is entirely different from anything of the sort I had ever seen attempted, I'll try to describe it. However, I want to say right here that to do justice to this building is something far beyond my power of description.

A building of marble, located on a corner from which a view is obtained for many miles in several directions, this place is an exclusive club for women especially, though men may be entertained there as guests. Severely plain on the exterior, the corner of the building does not meet at a right angle, but instead the panels of windows on each floor are so curved as to yield a panorama view, of which I spoke above, and at the same time replace the part which usually would be made of the marble, (the cornerstone and above it).

No ceiling in the interior is very high. The entrance hall is fitted with angular but extremely comfortable seats, upholstered in a heavy ivory colored leather. Even the clock over the secretary's desk is modernistic and made of rose celluloid, or looks like it.

In place of being glaringly angular and painfully unusual, this modernistic stuff is plain, severe, restfully unobtrusive. Though the coloring is often a dull, striking, it is pleasant to the eye. I have seen modernistic rooms occasionally, but never a whole building, and never one so beautifully done. However my praise is not needed for this City Women's club, as it is called, for decorating experts from all over the United States call it the best piece of work in this line in this country.

The elevators are self operating, and are striped lengthwise in a brilliant blue and silver glass and metal effect. If you follow the stairs, they turn at the angle of an octagon, each angle of the wall being painted in a dull finish with a different soft color tone.

The dining room and lounge are carpeted throughout with seamless modernistic carpet of several colors, all of them being dark or dull, however. Modernistic fireplaces were topped by several rectangles of mirror, irregularly placed. Lights were placed behind a number of ornate, for decorating and gave a subdued light. In every room where the natural light entered from two directions, however, the monstrous panel of curved windows at the corner was a chief feature.

In the living room or lounge, all colorings of woods carpets and hangings were in tones of gold, yellow, tan, through the dull brown shades. Davenport were built back to back, a shiny piece of honey colored wood at the top joining them while forming a table. All lamps had heavy straight dull gold bases, completely without ornament. At the windows, the hangings were between a mulberry and brown color, of a very heavy rayon material with a satin finish. Rough splinters of coarse thread often gave variety to this surface.

The most discussed room in the club is the card room, because of its walls. They are a dulled bright yellow, their pattern painted on. This is commonly called the fireless room, because of this pattern of heavy dark lines, but the lines made me think more of the tangle of ropes aloft on an old sailing ship.
Perhaps I haven't described it that way, but this room was most attractive. All those ropes painted on, of course made the corners, windows and every thing about the place appear to be crooked.

In the library, walls were of gold leaf, bookshelves open and flash with the walls. This room bore a sign, "No Smoking" and was the only one which did.

The auditorium was a gorgeous place, with metallic lustered walls of irregular panels of gold and silver. The place is rented to exclusive parties, for lectures, concerts, etc., and is also used as a ball room.

Floors were bare throughout the building, some of marble, some of composition, some of rubber, etc., but all were unusual. Metallic fishes, large size, were inlaid into the lobby outside the dining room, for example, and black marble made part of their background, lighter material the rest of it.

I cannot tell at length about each room, much as I would like you to know about it. Each room was entirely different from every other, and each in its own way.

The powder room was large and colorful, broad pasted bands running horizontally about it, and then astonishingly reappearing to run perpendicularly at the ends of the room and over the ceiling. Yet the effect was glaring, but breath-takingly delightful.

Smaller individual restrooms were fitted comfortably with heavy moire covered mattresses on studio couches, and to each room went shades of just one color. They were lovely, just big enough, just furnished enough, and quietly placed.

Multitudes of other details were beautiful and charming, but how can I tell them? I wish you might go to see them yourself.

QUIZ FORUM

Wet or Dry.

Every American Citizen has a right to declare his attitude in reference to the 18th amendment, he or she has a right to say whether he believes Prohibition is right or wrong; whether it takes away the freedom of the individuals or not. However when one expresses his opinion about the Constitution of U. S. he should at least be informed sufficiently to vote intelligently upon such a vital question as Prohibition. Whether you are a Republican, a member of the Chamber of Commerce or a quiet citizen, we should at least be willing to give careful thought to such a far reaching subject, and consider the effect the "Cursed Stuff" has on the homes; and the morals of our

people. Surely the Ord folks who are shouting for the wets, would not want your sons or your daughters to go down into the slums and live in the underworld, and if you know anything, you know that that is just where the damnable system leads to, if you are truthful, you will admit this. You can see if you will, that those who favor intoxicants are (unconsciously perhaps) the representatives of Greed, Crime and everything that tears down good government and has been the cause of the overthrow of other nations and will overthrow our nation if so called "Good Citizens" don't wake up and realize that "Righteousness exalteth a nation but sin is a reproach to any people." ORD, NEBRASKA

Arcadia Department

By MRS. RAY GOLDEN

The Girl Scouts left bright and early Wednesday morning for Camp Mortenson at Ord where they will spend a ten day outing. Mrs. C. C. Hawthorne, Mrs. L. F. Bly and Miss Alberta Russell accompanied them as chaperons.

Kermit Erickson, local agent for the New York Life Ins. Co., attended a branch office meeting of the company which was held at the Blackstone hotel in Omaha Friday and Saturday, June 24th and 25th. Griffin M. Lovelace, second vice-president of the company and rated as one of the greatest authorities on the salesmanship of life insurance conducted the meetings. Kermit returned by way of Glenwood and Shenandoah, Ia., where he visited with friends until Tuesday.

Those who were members of the Congregational church choir at the time Merwin Swayne was director held a reception at the home of Mr. and Mrs. D. O. Hawley Tuesday evening in honor of Mr. and Mrs. Ora Russell who were married recently.

The Community park has undergone a thorough cleaning the past week. The grass has been mowed, a number of new flowers and shrubs planted and the rustic bridge which spans the small stream west of the park has been oiled. Elmer Dalby has charge of the work.

The members of the Hugo show troupe gave a course luncheon at the Bulger cafe at the close of the show last Friday evening in honor of Mr. and Mrs. Jack Schaaf. The dining tables were adorned with flowers and a large wedding cake formed the centerpiece. Mr. Schaaf left the Hugo company at Burwell week before last, going to St. Louis where he was married last week. He and his bride joined the troupe at Arcadia on Friday.

Mr. and Mrs. L. L. Galtner and children of Kit Carson, Colo., spent the first of the week as guests of the former's brother, Rev. R. O. Galtner and family. While here Mr. Galtner gave an address at the 4th of July celebration which was held at Clement's grove in Mira Valley Monday and Tuesday evening he gave a series of readings at the Methodist church.

Mr. and Mrs. W. T. Hutchins of North Loup visited at the home of their daughter, Mrs. Ed Christensen Saturday.

Mr. and Mrs. Noel Hogue and baby, Mrs. Minnie Rosequist and Edna and Mrs. Len Sutton were Ord visitors Saturday.

A number of the members of the Farmers club and others who desired to attend gathered at the home of Mr. and Mrs. John White Monday to celebrate the Fourth. Everyone took lunch and playing games.

Clifford Allen and family of Greeley spent the Fourth with the former's sister, Mrs. W. E. Williams and family.

Mr. and Mrs. Henry Obering and daughter and Harry Fenster of Oxford spent the 4th with the latter's parents, Mr. and Mrs. L. P. Fenster.

Miss Mildred Christensen is spending the week with her friend, Miss Bernice Rowe of Loup City. Miss Beulah Rowe of Loup City is visiting Miss Margaret Christensen in Arcadia.

The Women's Foreign Missionary Society of the Methodist church met at the home of Mrs. Ray Lutz Wednesday afternoon.

Miss Clara Higgins and son of Council Bluffs, Iowa spent several days last week with Mrs. Higgins' brother, John Brown and family. They left Sunday for Otoe for a visit with relatives there.

Mrs. Albert Wilson, Mrs. Henry Woody and sons Hoyt and Herschel of Newton, Iowa spent several days the past week with Mr. and Mrs. Walter Woody. Mrs. Wilson is a sister of Mr. Woody and Mrs. Woody is his sister-in-law.

Archie Dorsey arrived in Arcadia Sunday from Honolulu, T. H. for a visit with his father, J. L. Dorsey and other relatives. Mr. Dorsey has taught school in Hawaii for a number of years and will return there this fall.

Mrs. Jim Coons went to Lincoln Friday for a few days visit with relatives. She returned to Arcadia Monday.

Mrs. Emma Willard left Sunday for Madrid, Iowa after spending several weeks in Arcadia with her sister, Mrs. James Bellinger.

Professor and Mrs. G. E. Hutches and daughter of Shelton, were guests of Mr. and Mrs. Fred Christensen and family last Friday. Mr. Hutches has been elected principal of the Shelton Academy for the coming year.

Mr. and Mrs. W. V. Toops and family spent the first of the week with relatives at Grand Island.

Misses Irene Downing, LaVonne Bartley and Faye Baird, summer school students at the state university in Lincoln, spent the week end with relatives in Arcadia.

Clayton Ward was able to be brought home from the hospital in Ord last Thursday where he had spent a week as the result of bone injury which he received when he accidentally cut his left limb while cutting weeds with a small hand scythe. The limb was placed in cast which will compel him to walk on crutches for a time.

Mr. and Mrs. Howard Vesceilus left the first of last week to visit relatives in Lincoln after visiting with the latter's parents, Mr. and Mrs. Walter Sorensen and family. They returned to Aurora Friday where they met Miss Ruth Sorensen who accompanied them to their home in St. Louis for a visit.

Miss Frances Cooper entertained a number of her friends and relatives at a one o'clock dinner at the Community Park Sunday in honor of her 13th birthday. The afternoon was spent swimming and playing games.

Carl Dieterichs spent the first of the week fishing near Long Pine, Neb.

Mr. and Mrs. Harry Allen and W. S. Sinclair spent Sunday and Monday at the lakes near Hyannis.

Mr. and Mrs. Fred Kennedy spent the fourth with relatives at Minden.

Ellen Ward left Monday for Lincoln after spending a week with her sister, Mrs. H. D. Weddel and family.

A. E. Haywood, H. S. Kinsey, George E. Hastings and Eugene Hastings spent the 4th at Grand Island.

The Methodist Ladies Aid society will meet at the church basement Friday afternoon with the third division as hostesses.

Earl Pray returned to his home at Gerling Tuesday after spending several days with his brother Jay Pray and family. Mr. and Mrs. Pray and family and their guest Earl Pray attended a family reunion held at the state park at Loup City Sunday.

Doctors J. E. and Carrie Bowman of Loup City were guests of Mr. and Mrs. J. A. Braden last Friday evening.

Mr. and Mrs. Elmer Cockle and daughter Frances of York spent Sunday and Monday as guests of Mr. and Mrs. Knight Dorsey and family. Mr. Cockle is a brother of Mrs. Dorsey.

Miss Marie Gates, who attends summer school at Kearney spent the 4th with her mother, Mrs. John Fells and family.

Mr. and Mrs. Oscar Dalberg, Mrs. Leonard Erickson and Andrew Anderson of Lincoln spent Sunday and Monday as guests of Mr. and Mrs. Chas. Lindell. Mrs. Dalberg and Mrs. Erickson are daughters of Mr. and Mrs. Lindell.

Mr. and Mrs. Ora Russell returned Wednesday of last week from two weeks wedding trip spent with relatives in California.

The Ladies Aid Society of the Congregational church met at the church basement Thursday afternoon of last week. Lunch was furnished by the members.

The regular meeting of the Legion Auxillary was postponed last week on account of the death of Mrs. Schoemaker. The Auxillary will meet Friday, July 15th with Mrs. Erik Erickson.

Miss Ruth Jones returned from Ord Saturday after visiting two weeks at the A. K. Jones home.

Miss Lillian Celik accompanied Mrs. H. S. Kinsey and Miss Mae Baird to Chicago last week for a two weeks visit with her father, N. H. Celik.

General Heroism of Army Nurse Corps Overshadowed Individual Deeds

In the years since the World War much has been written and told of the A. E. F. soldier heroes. But few have been the tales of individual valor in the Army Nurse Corps—that band of women who spurned home comforts to go overseas and minister to their warring menfolk.

For this, perhaps, there is a reason. When asked to name the outstanding World War heroine among her sisters who saw service, Major Julia C. Stimson, superintendent of the Army Nurse Corps, pointed to a picture on the wall of her Washington, D. C., office and said: "There she is . . . and I myself do not know her name."

The picture showed soldiers lying on stretchers with white cloths over their faces. There were many hands in gestures of suffering. Stopping over that sea of men, as unconscious of the fact that she was being photographed as were the poor fellows whose eyes, lungs and brains were seared with poison gas, was a woman.

"There she is in her white apron and cap, working out-of-doors. She is just a nurse," Major Stimson said simply, reverently.

Selection of any one nurse from the rest, then, must be done with remembrance of the willing heroism of them all. Miss Stimson recalled one instance which exemplified their universal courage and spirit of self-sacrifice.

One dark night, learning that over 200 soldiers were lying in agony and without care in an ill-equipped hospital at Beauvais, France, Miss Stimson assembled her band of 20 nurses and asked for eight volunteers for night duty, made perilous by continuous air raids. All 20 stepped forward.

Heroism during the World War won these three members of the Army Nurse Corps the D. S. C. Isabelle Stambaugh, above left, was cited for service during the big German drive of March 21, 1918. Helen G. McClelland, upper right, received the award because she remained at her post of duty during a German night air raid, caring for Beatrice M. MacDonald, wounded. Nurse MacDonald, lower right, won the D. S. C. by remaining on duty during the raid, until she received the wound which cost her an eye.

At the end of the World War, 271 members of the Army Nurse Corps of the 10,066 who served overseas, had laid down their lives. None were killed in action, though three were wounded by enemy fire. More than two-thirds of the casualties resulted from pneumonia and influenza, induced largely by overwork, exhaustion and poor living conditions.

One of the nurses wounded, and likewise one of the three members of the Army Nurse Corps to be awarded the coveted American Distinguished Service Cross, was Miss Beatrice M. MacDonald. Miss MacDonald's citation follows:

"For extraordinary heroism in action while on duty with the surgical team . . . in the British Area, France, Aug. 17, 1917. During a German night air raid, she continued at her post of duty caring for the sick and wounded until seriously wounded by a German bomb, thereby losing one eye.

Another D. S. C. winner was Miss Helen G. McClelland, who during the Aug. 17 night raid remained with Nurse MacDonald and cared for her wounds.

The other nurse to receive the D. S. C. was Miss Isabelle Stambaugh. Her citation:

"While with a surgical team at a British casualty clearing station during the big German drive of March 21, 1918, in front of Amiens, France, she was seriously wounded by shell fire from German aeroplanes."

The curt, formal citations, of course, are stripped of all detail. They do not record the endless, nerve-shattering days spent amidst scenes of horror and agony; nor the terrible nights when, exhausted the nurses lay awake listening to the hum of enemy planes and the earth-rocking crash of bombs.

But that was everyday experience with a war zone nurse.

Swat The Deadly Fly. Most people are agreed that insects are a nuisance, but they are not quite clear as to how they transmit disease and death. Because flies and mosquitoes are such tiny creatures, people have difficulty picturing them as killers. Yet the fly alone has been responsible for more human deaths than all the wars and wild beasts and reptiles combined.

A bit of calculation by the Rex Research Foundation of Chicago shows that in the United States each year deaths from insect-borne diseases exceed those from suicide, homicide, auto and all other accidents put together. Take the matter of infantile diarrhea, for example. Fifty thousand American infants succumb to this malady each summer. This is more than are taken by measles, scarlet fever, whooping cough and diphtheria jointly. It was long thought that heat was the principal factor in these deaths. Today we know that it is not heat but the flies that thrive and multiply in the heat that spread the deadly germs of this disease. Or take typhoid fever, which affects grown-ups as well as children. The annual economic loss from this disease, which is also carried by flies, is \$70,000,000 a year.

Very few of even our most intelligent people conceive the household insect problem in its full seriousness. To be sure, due to improved sanitation and hygiene, conditions today are not as bad as they were, say, 20 years ago. Yet, as the Rex Research Foundation points out:

A single fly can carry 6,000,000 germs.

Thirty distinct diseases traced to flies.

Typhoid, tuberculosis, diarrhea, cholera, summer complaint and infantile paralysis are spread by them.

Two flies can produce in one summer a family totaling 5,600,000,000 flies. (A new generation is born every two weeks.)

Flies are born in filth, grow in filth, feed on filth and bring it to your food in your home, spreading germs.

Total damage to humans and animals caused by flies and other insects is estimated at \$368,000,000 annually.

A hungry fly can eat half its weight of food in a single meal. And while they are partaking of your food, they leave behind disease germs of any of 30 different varieties. And across the flies have walked with their hairy legs and disease-laden bodies has been examined and in its tracks a line of disease microbes found. In a few hours these germs multiplied and formed great clouds in milk these fly germs multiply with lightninglike rapidity.—The Pathfinder.

St. John's Lutheran Church. (Missouri Synod). Eight miles south of Ord. Three children Julia Fuss, Floyd Huebner, and Wilbur Fuss will publicly confess their faith and vow to remain true to the Trilium God until death. Bible class will meet at 7:30 Friday night. William Bahr, Pastor.

Christian Church. Our subject Sunday morning will be "Moses the Undying Fire". In the evening we will be in the union service on the U. B. church lawn. The Women's Missionary society will have had their missionary breakfast by the time this is read and we know it will be a most enjoyable one.

The Ladies Aid will have met and done a lot of good work and had a most delightful lunch also. Remember Bible study tonight. Mr. McCarthy will preach at Litchfield Sunday night and Monday night.

We want to thank everyone for the flowers and help in making the patriotic service such a success.

Methodist Church. The W. F. M. S. meets this week, Thursday with Mrs. Leo Long. Mrs. Emil Zikmund is co-hostess.

The Epworth League hour is Thursday evening at 8. Graded church Sunday morning at 10. The time from 10 to 11:30 is divided into periods of worship and study with a mass meeting the last quarter hour. In addition to the special music by the choir, Virginia Davis and Virginia Sack will sing a duet. The Union service will be on the lawn at the U. B. church at 8 o'clock. No service at Springdale Sunday evening. Look for the announcement of something special for a week from Sunday.

Mud Houses, Serviceable and "Dirt" Cheap, Popular Since War

"MUD" houses, inexpensive and according to their advocates—the equal or superior of wood and brick houses in point of comfort and durability, have attained quite a vogue since the World War. And most of the people who live in them today claim they would not live in any other kind. Three kinds of material are available for making earthen houses: sun-dried brick, poured earth and pipe de terre, or "rammed earth," best recommends itself for widespread use. Poured earth, or "mud concrete," is mushy mud, nothing more nor less, to which chopped straw is sometimes added. The bricks are made in frames, dried for several days in the sun, then used like other building blocks. The poured earth and sun-dried brick methods are practical only in warm climates, however, since they require guaranteed sunny weather for their success. The use of pipe de terre exemplifies the saying that "there's nothing new under the sun." Used in Ancient Babylon, this method was supplanted by others as time went by, to be revived in England in war time during a search for cheaper building materials. Largely responsible for the revival of pipe de terre in building construction were the editorials and articles of J. St. Joe Strachey, editor of the London Spectator. The idea spread to Sweden, then to the United States, where it found enthusiastic proponents. One of its foremost American advocates is Professor Ferdinand N. Menefee of Ann Arbor, Mich., director of research at the University of Michigan. Being one of those unusual people who practice what they preach, the professor lives in a pipe house of his construction—considered, incidentally, one of the most artistic and attractive houses in his neighborhood. SOME of the advantages of pipe de terre, according to its advocates, are: —Dirt from the cellar excavation is usually sufficient for the walls. Thus, a major proportion of the building material is available at the site, free of charge. Earth, sifted and rammed down according to the formula, will sustain from 10 to 30 tons per square foot of wall. Instead of weakening with age, earth walls become more and more rocklike. Earth walls do not crack—many Peruvian rammed earth buildings, for instance, have withstood earthquakes. Pipe de terre buildings will last centuries, if they are built correctly in the first place. A house built in Washington, D. C., more than 150 years ago, is still in use. Rammed earth walls are fireproof, watertight, and, perhaps because of their greater thickness, virtually soundproof; impenetrable to rodents and immune to the ravages of fungi, wood borers and termites, destroyers of wood. Better than any other substance, pipe de terre keeps out the heat in summer and retains it in cold weather. IT remains to be seen whether or not this type of construction will ever be adopted on a wholesale scale in the United States. But its backers claim that public interest in pipe de terre is steadily increasing.

The South Carolina church shown above, of rammed earth construction, was built about 1810 and is still in excellent condition. Below is shown the handsome pipe de terre home of Ferdinand N. Menefee of Ann Arbor, Mich., professor at the University of Michigan, and one of the outstanding advocates of the pipe method.

IN THE WORLD OF SPORTS

At Their Present Rate of Decline, the Bush Leagues Are Doomed to Extinction By 1950 Unless Measures Are Applied Immediately

BY PHILIP MARTIN

IF the Moses who led the children of Israel out of the wilderness were to stage a 1932 comeback, he could get work with the National Association of Professional Baseball Leagues.

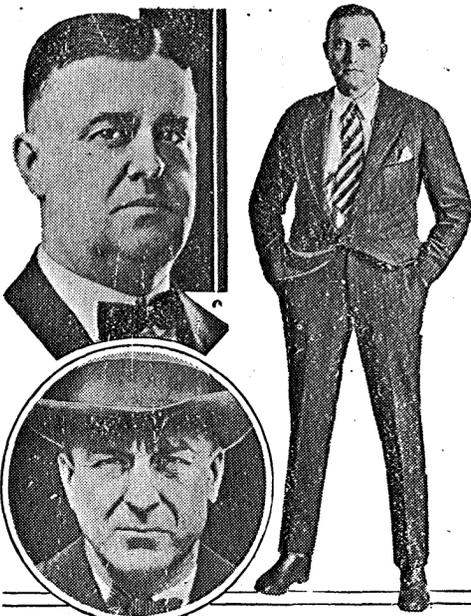

ON Branch Rickey of the National, Billy Evans of the American and Judge W. G. Bramham of the Piedmont leagues has been pushed the task of reviving the minors.

Assisting these men are Warren Giles, Rochester International League club president, J. Alvin Gardner, Texas loop prexy, Joe Carr, former head of Columbus in the American Association, and Ross Harriott, president of the Terre Haute III League team.

The committee's problem concerns the present and future existence of all class B, C and D leagues and the restoration to life of several deceased members.

down in the books as "advertising" money well spent.

Two roads are pointed out to the present committee. Neither is a smooth, straight road. One leads

Upon the shoulders of these men lie the task of saving the declining minor leagues from extinction. They are, above, left, Judge W. G. Bramham, chief executive in the Piedmont League and chairman of the "life-saving" committee; left, below, Branch Rickey, head of the St. Louis Cardinals, and right, Billy Evans, former major league umpire, now general manager of the Cleveland Indians.

to Rickey's chain store system. The other points to a "working agreement" by which major league teams endow certain minors with money and fresh talent, with the privilege of taking back some of the talent at the close of the season.

Opponents of the chain store system see destruction of civic pride in the cities where "system" teams are installed. But proponents of the plan believe it is better to have baseball without civic pride, than to have neither.

RETIREES AFTER SERVING 40 YEARS FOR GOVERNMENT

First Served As Postmaster Of Inland Town In 1888; Will Draw Pension For Life.

Bert Lemaster received his first government appointment as postmaster at a little inland town in the sand hills, by the name of Jordan, April 3, 1888 and resigned the job October 13, 1899. There was a period between that date and January 16, 1916 when he was appointed temporary rural route carrier, when Mr. Lemaster farmed and taught school. He was appointed as regular carrier on the Ord route 3, April 1, 1916 and held the job continuously for sixteen years, being retired under the provisions of the federal retirement act, July 10, 1932. He will continue to draw a pension of about \$1,100 a year for the remainder of his life, as provided by the government retirement act. A certain amount of his salary, about 3 1/2 per cent to be exact, has been deducted by the government all these years and kept in a fund from which these pensions are paid. Mrs. Lemaster has been appointed as temporary carrier on route 3 to act till July 16 when the four Ord routes will be consolidated into three routes.

Petska Chosen Cashier. At a meeting of the directors of the First National bank Tuesday James Petska was elected cashier of the bank in place of Walt Noll, who is no longer connected with the bank.

COME FROM FIVE STATES TO HOLD FAMILY RE-UNION

Patchen Family Get-Together First Time In Over Forty Years; 32 Relatives Here.

Coming from five states relatives gathered at the Hill Patchen home in east Ord Friday to see Mr. Patchen, who has been very ill for the past six months, and to hold a family reunion for the first time in forty-five years.

Among the guests coming from the western states was Mrs. Sarah Cushing, Portland, Ore., oldest sister of Mr. Patchen, who traveled over the same route last week which she traveled years ago in a covered wagon. Mrs. Cushing is eighty-four years old and was the oldest member of the Patchen family, who were early settlers of Nebraska, coming to this state almost sixty years ago.

Sunday the entire family, including Mr. Patchen, his two brothers, Frank Patchen and A. J. Patchen and families of Casper, Wyo., his sister, Mrs. Sarah Cushing and two nieces, Mrs. Mae Jenkins and Mrs. Mae E. McKenzie of Portland, Mrs. Mary Draper, a daughter, Lewistown, Mont., two sons Harry and Onnie and families of Ord, Mrs. Emma Sterling, Casper, Wyo., Mrs. W. M. Graham and son, Omaha, will be at the home of Mr. Patchen, where they all enjoyed a family picnic. Here Mr. Patchen and his aged sister entertained the group with old time songs they had learned when children. Mrs. Mary Draper, of Lewistown, Mont., came here six weeks ago to assist in the care of her father. Mr. Patchen has been engaged in the ice business in Ord for several years and was active until the last fall, when he has been confined to his home.

'High Pressure' Is Coming To Theatre

The Ord Theatre offers two or three outstanding pictures in the next few days. The management has announced that "High Pressure" is starting Sunday. A story of a salesman who does not have to travel. He knows where to get what he wants—HOW!

Friday and Saturday you can step behind the headlines and share the love secrets of a brother Bobby, "It's Tough To Be Famous". See what it means to want Moonlight and Roses—and get only Limestone and Poses. Here's a new kind of comedy with Douglas Fairbanks, Jr. "Impatient Maiden" with Lew Ayres and Mae Clarke is a smashing fine picture from every angle. A story of a young interne, who during his hospital course, meets "Impatient Maiden" and falls in love with her. Then...! Read the Ord Theatre ad on page 8.

The following is a list of the 4-H club reporters in Valley county: Harold Koelling, Ord; Dorothy Nelson, Ord; Gladys Briggs, Arcadia; Ruth Jameson, Arcadia; Gladys Boyce, Ord; Leone Stevens, Ord; Lois Holden, Ericson; Frances Makowski, Loup City; Wilma Davis, Ord; Gladys Peterson, North Loup; Mary Platte, North Loup; Claude Williams, North Loup; Horn, North Loup; Billy Arnold, Arcadia; Everett Bryan, North Loup; Richard Whiting, Burwell; Charles Jeffries, North Loup; Steve Cook, Ericson; Burton Stevens, Ord; Bill Garnick, Ord; Dorothy Fish, North Loup; and Reatha Manchester, North Loup.

The Quiz is now urging every one of these reporters to be present in Ord Saturday, July 23 to take part in the school which will be in charge of County Round Jr. from the University and he will be assisted by County Agent Dale and Editor E. C. Leggett of the Quiz. Mr. Dale says all 4-H club reporters should plan to attend and hopes to see every club represented at the meeting. Reporters are asked to bring sandwiches and fried chicken for picnic dinner. Mr. Leggett has offered to furnish ice cream and coffee.

A copy of this issue is being mailed to each club reporter and the Quiz is urging each and every one of them to see that the Quiz gets the club reports for publication. We will furnish you all with stamped envelopes if you will call and get them.

—Dr. and Mrs. C. J. Miller drove to Lincoln Sunday and were guests of Mr. and Mrs. Charley Cornell for a few days. They will return home today.

—Frank and Miss Bessie Ry-savy of Garfield county were calling upon their sister, Mrs. Irving Merrill Tuesday. From Ord Frank and Miss Bessie went to Grand Island.

Bound To District Court For Forgery

Broken Bow, Neb., July 11. (Special)—Mark Lee of Arcadia, who was arrested by Custer county authorities after a search of eleven months, pleaded guilty to a charge of forgery, filed against him by County Attorney M. Runyon, here in county court on Friday afternoon and was bound over to district court under bond of one thousand dollars by County Judge Ross G. Moore.—G. I. Independent.

Fined For Assault.

Roy Dye was fined five and costs amounting to \$10.55 in county court last Wednesday on complaint of Vern Aldrich. It was during a dispute over a telephone country line that Dye struck Aldrich, knocking him down. Dye paid the fine and costs at once.

6-YEAR OLD GIRL BURNED TO DEATH

Little Betty Jean Lathrop Victim of Terrible Accident; Funeral Held Friday.

Word was received last week by the C. E. Norris family that a little granddaughter at Blair was badly burned, but that everything possible was being done for her and that her recovery was expected. Later a message came saying she was dead and, Mr. and Mrs. Norris and the Dr. Norris family left for Blair at once. The Blair Pilot-Tribune gives the following account of the death of the little girl: "Betty Jean Lathrop, six year old daughter of Mr. and Mrs. Ted Lathrop, Tuesday morning when her mother caught fire, proved fatal, the little girl dying at 10:30 yesterday morning. Little Betty Jean had reached for something over a stove at her home Tuesday morning when her clothing caught fire from the stove. Her body was enveloped in flames and the flames had leaped when she had her mother. Medical aid was summoned and the little lady was apparently on the way to recovery when her condition took a turn for the worse early yesterday.

Betty Jean was born in Blair six years ago and had last month completed her first year of school work in the Blair schools. She was unusually talented in her school work and her cheery disposition won the admiration of her many little friends.

She is survived by her grief stricken parents, a brother Bobby, and one sister, Margaret Ann.

Funeral services were held Friday afternoon at 2 o'clock.

Editor and Wife Enjoying Another Week on Cullen; Rest of Party Home

Cullen Lake, Minn., July 8, 1932. Dear Quiz Readers: I had expected before this week to be back in Ord but when the Big Boss of the Quiz wrote me that business continued light and that he couldn't get away on his vacation until after Aug. 1st, I jumped at the chance to spend an extra week on Cullen lake. Our 1000 stay was made possible by John Misko who, with his wife, had been visiting us here. We accompanied Harry Williams and his wife to Minnesota and they had to be back in a week so only by Mr. Misko's driving us and accompanying Mr. and Mrs. Williams to Ord were we able to stay for a longer vacation.

Fishing continues to be slow, at least in the estimation of we who know how fast Cullen lake fish can bite when they are of a mind to do it. Of course we still catch more fish every day than we can possibly eat but the big ones continue to elude us.

Wall-eyed pike haven't started yet, although we are still hoping. This morning Irma and I got up at 4 o'clock and went up to the Upper Lake to try for pike but had to come back without any. On the way in we stopped and caught a good mess of blue-gills, though, so the trip wasn't entirely wasted.

So far the Northern Pike caught by John Misko Tuesday evening, the night before he left for Ord, is the largest caught in camp this summer. It weighed 8 lbs., not large as northern pike go but a big thrill for John all the same. He really knows how to fish.

The people who were our next door neighbors, Mr. and Mrs. Chet Hallock and baby and Mr. and Mrs. Emil Nelson and daughter, of Burwell, left for home yesterday. They planned to drive to Duluth first and then back to Nebraska through Minneapolis, going by this circuitous route solely to see the sights. I believe they had a good time on Cullen, at least Chet said that his

ORD CAMELS TRIM LEAGUE-LEADING DELCO-LIGHTS, 2-1

Burwell Wins From Mira Valley In 12-inning Pitchers Battle; Arcadia, Elyria Lose.

The Ord Camels, tail-enders in the Farm Bureau League, rose up and slapped down the league-leading Delcos in the feature game, in the Farm Bureau League Sunday by a score of 2 to 1.

Still on the mound for the Camels held the hard-hitting Delcos to four singles, struck out fifteen and did not allow an earned run. The Camels nicked Furtak and Athey for 11 safeties but had considerable trouble in getting men around the bags. P. Andersen's three bagger with one on in the eighth inning brought in the winning run.

The defeat of the Delcos did not put them out of first place as Oak Creek collected 20 hits and 15 runs to win from Arcadia 15 to 5. At Mira Valley, F. Mattern, the Burwell pitcher broke up a tight battle in the twelfth inning when he hit a home run with two men on base, Burwell winning 5 to 2. Mattern struck out 18 while Dutch Clement fanned 17.

In the other game in the league Sunday Olean defeated Elyria 8 to 7.

Benda Store Moving To New Location

Frank J. L. Benda will move his clothing and gents furnishing store from the old location and occupy the room now occupied by Frank Dworak's grocery, as soon as Mr. Dworak vacates and the owner has time to repair and redecorate the room. Mr. Dworak is going to move his stock to a new suburban location, a couple of blocks west of the square which he is preparing as rapidly as possible. Mr. Benda has been in the Theatre building for some time.

Walter H. Smith, who lives at Modest, California, has been suffering for several months with neuritis and tells friends that unless he improves he will have to try a different climate. He says there is very little work to be had, and many idle men and women scramble after the few available jobs.

Marjory Hostetter Married Tuesday

Ceremony Performed at Douglas For Popular Ord Teacher; Will Live in New York City.

Miss Marjory Hostetter, who has been teaching in Ord the last year, was married at her home in Douglas last Tuesday morning to Mr. Clarence G. Noyce, of New York City.

The low hanging branches of a great elm tree made both canopy and background for the bridal party during the ceremony, which was read by the father of the bridegroom, the Rev. G. T. Noyce. The bride's dress was a long pale yellow organdy, and she wore a close fitting silk hat and slippers of French blue. She carried spray of blue delphinium. Her bridesmaid was her sister, Pansy, who wore a green ankle length organdy embroidered in blue, and a large white hat; her bouquet was of white daisies and pink roses.

The best man was Mr. Donald Noyce, a brother of the bridegroom. Preceding the ceremony, Mr. Dwight Allen, of Grace high school, played college days, played a flute solo. Miss Marjory Carter, of Pullerton, played the wedding march. Miss Carter will be remembered as one of the high school faculty at Ord several years ago.

Following the wedding breakfast the couple left for an auto honeymoon trip. They plan to go through Missouri, Kentucky, Tennessee, to Washington D. C., and will end with two weeks at a camp in Canada. The bride's traveling dress was of navy blue angel skin crepe with hat to match.

The couple will be at home at 1040 Anderson Avenue, New York City. Mr. Noyce has been doing social service work in that city for the last five years. Since her return from her three years' teaching in Turkey, last August, the bride had been teaching in Ord. The two years preceding her years abroad, also, she taught in the high school here. Her sister and brother-in-law, Mr. and Mrs. G. B. Flagg, were among the wedding guests, returning to Ord Wednesday.

Murray Rich Injured. Murray Rich of North Loup was slightly injured Tuesday when a dump wagon loaded with dirt fell over on him. He was brought to the Ord Hospital and attended by Dr. Barta. It was expected he would only have to remain in the hospital a couple of days.

Young Man Killed Accidentally Thursday

Mrs. M. A. Pearson, Arcadia, received word of the death of her brother-in-law, Oscar Youngquist of Hector, Minn. Mr. Youngquist was accidentally killed on Thursday, July 7th but details of his death were lacking. Funeral services were held Monday, July 11th. Mr. Youngquist leaves his wife, who was formerly Miss Martha Thelander of Arcadia, four daughters and a baby son. Mrs. Youngquist was confined to a hospital in Minneapolis with a week old son at the time her husband was killed, thus making the tragedy one of extreme sadness.

Hit-and-Run Driver Given 30-Day Term

Judge Clements Defers Sentence 60-Days On Account of Dare's Physical Condition.

Ivan Dare, who was charged with injuring the little Shankwitz girl, June 7, when she ran in front of his car on the north side of the square in Ord, pleaded guilty to a hit-and-run charge in district court before Judge Clements Monday morning. Dare was represented by Attorney Tom Lanigan of Greely and County Attorney George Munn represented the state. Dare admitted that he knew there was a law against running after an auto accident but claimed he didn't see the little girl or know he had injured anyone. He admitted however that he knew he hit someone and said his partner in the car advised him to drive out of town. It will be remembered that he was followed by the Valley county officer, caught at Ericson and returned to Ord. He has been out on bail since a few days after the accident. The feeling at the time was that Dare, who was driving slow, was not to blame for the accident but that he was entitled to severe censure for running away without offering such aid as he could give to his victim. The Judge said that he would impose a fine of 30 days in jail but because of the present physical condition of Dare, he deferred 60 days in pronouncing the sentence. It being represented that the defendant was taking treatment for rheumatism and could not be properly treated while in jail. He will receive a 30-day sentence in the Valley county jail in sixty days.

Ord Rotarians Entertained By Burwell Club

There was a big get-together meeting of Burwell and Ord business men at Burwell Monday evening when the Burwell Wranglers had as their guests, the members of the Ord Rotary club. The Ordites had been invited to bring the program and President Sowl rose on the occasion in fine shape. The Ord string band consisting of Postmaster Edwin Clements, Banker Horace Travis, Doctor F. L. Blessing and Funeral Director Sowl, with Mrs. Sowl as pianist. Several selections were given, evidently with great satisfaction to the Burwell people and consisting of "The Partridge was the singer with the Ord bunch and her beautiful voice added greatly to the pleasure of the evening. She was accompanied on the piano by Mrs. Sowl. Dr. Jedd was Ord's song leader.

Ord Band Concerts Attract Big Crowds

No feature of summer entertainment is of greater importance in Ord, than that of the weekly band concerts and manager Glen Auble is doing his best to make them more interesting each week. Just recently the people were charmed with the beautiful singing of Mrs. Lucile Tolon. Last week James Agaard was the feature of the program and his magnificent voice proved to be a most pleasing feature. The dancing girls, consisting of Evelyn McCall, Joy, Ruth, Dorothy and Mervin Auble and Mary Beranek, were the feature with the band on a recent Wednesday evening. Last night Edwin Auble sang and apparently with the beautiful singing of Mrs. Tolon. Next Wednesday evening the Joe Puncocchar orchestra will play Bohemian music for a 30-minute period about the middle of the band program. And so each Wednesday night some new feature will, if possible, be added to the band music program.

Much Damage Caused By Wind Storm Friday

Last Friday evening about 11 o'clock a hard wind did a lot of damage to trees and some small buildings in Ord and vicinity. The worst damage was to shade trees, many being broken off and ruined and great limbs broken off scores of yards as evidenced by the many dray loads of brush that was hauled away all day Saturday. The cupola on the city water plant was blown off and exhaust pipes broken or twisted off. C. E. Goodhand had a barn blown to pieces on his farm near Ord and many windmills were destroyed or damaged all over this section.

Editor Still Vacationing.

Last week a story said the Quiz editor, E. C. Leggett and wife, would be home at the end of the week. They wrote home to that effect. In the meantime the writer of this item had written them that there was no business and they might as well stay another week or ten days, as they decided to do so and they will now arrive home this week-end. Eugene tells, in a story this week, what a fine time they are having, in spite of the fact that the fish are not biting very well.

Auble Orchestra To North Loup.

The Auble Orchestra will go to North Loup Sunday evening and furnish a musical program at the Methodist church service.

My Own Column

By H. D. LEGGETT

Fellow said the other day, "Leggett, I see that you are going to vote for Roosevelt instead of Hoover." I said, "Well, you know more about it than I do." I don't know yet. I have always voted for a republican ticket on national issues and I will be 61 years old come Sunday. That means I have voted for president nine times. There is plenty of time between now and November to decide who we shall vote for but I am free to admit that I don't believe very strongly in party and I am considerable of a nonpartisan. I will sure vote for the best man if I can find out who he is.

A lot of people are going to vote this year on the wet and dry issue but that, in my judgment, lacks a lot of being the main issue. I believe the people should be more interested in what the prices of grain, eggs, cream and other farm products are going to do. At least a return to a condition where liquor, even beer and light wines, would only provide a better and easier way to spend money and the people don't have it to spend. People who want beer are making it now and they are making it for a small part of what it would cost if they were to buy it. I have tried the old kind that we used to buy over the bar and I have tried the home brew and some of these were good and some were bad. Personally, if there was never another drop made I would be glad of it and would not feel the need of it. Also, if no one used more of it than I have in forty years one small brewery would supply the demand for the entire United States.

Another thing about the liquor question. It is claimed that more is used now than when we had saloons. No one who can remember when we had four saloons in Ord, believes that. There was more beer used in Ord then in one Saturday than is used in Valley county now in two months. I believe the demand for light wines and beer is overestimated and if the matter should or could come to a vote, I should not be surprised to see an entirely different result than many predict. We have all listened, on a cold winter night, when a rabbit was being chased by a dog, it seemed like a dozen coyotes but in reality, one coyote was making all the noise. I believe the ardent wets are making a hell of a lot of noise that is not fully warranted by their numbers and nothing but a vote will determine the real facts. For that reason I am in favor of letting the people vote on the repeal of the 18th amendment. I believe in majority rule and if a majority want to return to the moist conditions that we used to have, I am willing to let them try it. I am not going to drink the stuff in any great extent myself and I am not going to vote for it if I get the chance to vote and I don't believe a majority of the people will do so either.

The following thought on this same subject is expressed by one of the big manufacturing companies of the country on a piece of advertising sent out recently. The company, mentioned manufactures tin milk cans and other milk handling equipment and its president wrote the following:

"From now until election next November, discussion in the political arena in the United States will continue to be shot through with the 'dry' and 'wet' question. Those engaged in the great milk handling industry have had for years tangible evidence of the value of prohibition. Consumption not only of milk, but of all dairy products has increased tremendously during the prohibition period. And out of proportion to the population increase.

"A large share of this increase in consumption is traceable to the change in liquid refreshment habits. The nickel that formerly bought the glass of beer now buys the more nourishing glass of milk. Who of our readers ever heard of a father or son getting in such a state through milk indulgence as to beat up his wife, break up the furniture in the home, or lose his job?"

"Dollars that formerly went to the saloon have in recent years been buying milk, butter and cheese for the family. 'Obviously, a return in part or whole of the misnamed 'good old days' would again result in a part of this country's spending-public using their nickels, dimes and dollars for liquid refreshments which now go to the dairymen, the milk handling plants, the retail and wholesale distributors of milk products."

I got a nice letter the other day from Mrs. J. H. Cronk, Looking Glass, Oregon, and was going to reprint it but have mislaid it and

now, when I want it, cannot find it. It don't matter though. She wrote to send a year's subscription and the meat of what she said was that she would not want to be without this paper because it was a good and the best way in fact to get the news from Valley county. We are glad to have such letters, in these days when we are forced to discontinue so many papers that go to distant parts. We have no choice. If you don't either pay up or write and say you will pay later and want the paper to keep coming, we just have to stop sending it. The cost of sending is getting prohibitive.

So prominent a large business firm as Paxton & Gallagher Co. Omaha are alarmed at the rapidly mounting cost of government, so alarmed in fact that they have secured the information and published a statement which is being mailed out to merchants who do business with them. In this statement comparisons are made between the cost of several governmental departments in 1927 and 1932 and following are the figures. The Department of Agriculture in 1927 spent \$156,300,000.00 while in 1932 it is \$333,500,000.00. An increase of 113 per cent. And so it goes right down the line. Without giving all the figures, but just the per cent of increase this year over 1927, in the Postoffice department the increase of the deficit this year over 1927 is 117 per cent. Department of Treasury department the per cent increase in cost of operation in 106 per cent. In the War department 34 per cent, in the Navy department 13 per cent, for the Shipping Board 220 per cent, Department of Justice 117 per cent, Department of Commerce 77 per cent, other independent offices and commissions 63 per cent, Legislative Establishment 63 per cent, Veterans Bureau, 100 per cent. In just one department, the Interior is there a decrease and that is because there are no public lands to amount to any more. It will be noted that the increase is much smaller in the war and navy departments than anywhere else, the two places where, no doubt, the increase should be greatest.

Commenting on the great increase, Paxton & Gallagher Co. says: "Every business in the United States has been forced to the strictest economy and we note with alarm the enormous increases in governmental expenditures." Of course it is true that the cause of our present high taxes is the ever increasing cost of government. It is also true that present conditions have forced every business firm in the country to decrease the overhead, that is, the cost of operation, and at such a time the government should do the same, but instead, the government doubles and trebles and then some, expenses and adds burdensome taxes to items which we all have to buy often besides, that is, making a tax that while we don't know it when we pay it, we are paying just the same, every time a purchase is made. I have the Paxton & Gallagher Co. circular on file. Space does not permit printing it in full but anyone interested may call at the office and read it all.

Last Saturday I had mailed, statements to ninety Quiz subscribers whose subscriptions expire on July 15th. There is not a one of the 90 but is feeling the pinch of the present depression but just the same none of them want to get along without the home county paper. We are not going to stop your paper if you want it continued. Neither do we want to try to force it onto you if you do not want it. Send us the money if possible. Send half if you can't spare all right now. If you can't do either turn the card over and write us a note and say "keep it coming and we will pay as soon as possible." That will show us you really want the paper. There are quite a few yet who received statements late in June, who have not used the blue return envelope. If we did not need the money so badly we would not mention the matter so much but the fact is, that our income is more than cut in the middle and we cannot anywhere near cut the overhead that way and keep going. So please—well, you know, do the best you can. Send us some if you can't send all.

I believe the big business corporations employ the best brains of the country to make their income tax reports and the U. S. Steel corporation is no exception to that rule, still, I note that the U. S. Steel Co. got a tax rebate from the government, of ninety-six million dollars and some member of congress proposes an investigation into the matter. Dozens of other great corporations, so the papers state, were given rebates. Does any reader of this column believe that the U. S. Steel Corporation made a mistake as large as ninety-six million dollars in paying its tax? Sounds fishy and I believe someone got plenty wealthy granting that rebate. What do you think?

In looking over the literature sent out by the university on wheels not long ago, I was surprised to find one of Ord's first graduates to be one of their head men. No other than Harold Foght sent out in the first graduating class of Ord high school, unless I am greatly mistaken.

This school, you know, was inaugurated within the past few years. You enroll for a course of travel which takes you state by state over our nation, and learn at first hand in place of studying geographies, histories, and many more musty books. In the course of the summer you see every state in the union.

An Ord lady said to me a short while ago a lot of things about sunsets. She declared that every sunrise and sunset was newly beautiful and no two of them alike, and asked me why this miracle of color was not more often watched and commented upon.

In place of some of the more drab things of life, I couldn't tell her.

Among the terms peculiar to this country which you would probably have to have interpreted for your comprehension are the following: Headache stick... used on the heads of fish to put them out of their misery by fisherman used to trout fishing. Night crawlers... in our country, angle worms. Here, they are scarce, and are sold for bait just as much as in the States. High heels... a mythical and fearsome woods creature with which newcomers to Minnesota are often threatened. Summer people... the cottages and people who return to vacation here each year.

Sights here which are not found in Nebraska and sounds too, are found on our lake. Yesterday afternoon Gene and I watched a pair of baby mallards playing busily in the rushes about two boat lengths from where we were uselessly fishing. They were just as fascinating, with their frolicsome ways, as any little kittens or puppies. It is a matter of some experts to find one pair of loons are found on a lake. But the pair of monstrous birds that return to middle Cullen every year to make their wierd cries echo and re-echo either have a variegated family or two litters, or something, and the pair of baby mallards close to our boat for investigation purposes this year than ever before, we are glad to say.

One morning when fishing was slow, six of us Ordites had the rare pleasure of watching six loons dip their heads into the water and pick up a few hundred feet away from our boat. Two older birds were recognized by their more formal, dignified bearing, and four young birds were being taught to rise from the water, to fly, to settle down again, and the port themselves close to our boat in which the loon skids along the surface of the water with only his feet touching, wings spread. We had no chance to become tired of watching their performances, for in ten or fifteen minutes they were gone, tired of us.

The loon is black and white in coloring, striped and spotted in a gaudy fashion, and in size is as large as a goose. The loon is notorious for his off and on depression but has a good variety, five or six at least. All are minors, and are either weird or hideous, according to your interest in nature and the state of your nerves.

Another steady customer of this country is the blue heron, and we have one who sails majestically by here often, since he either lives on this lake or patrols it well, in quest of fish, of course. He is not really blue in color, but more gray. A huge thing, he drops his legs down into the water before landing for all the world the way wheels and underparts of airplanes did a few years ago. And looks extremely awkward doing it, too.

We are minus the Simpson family up here this year, and miss them a lot. Especially Mrs. Simpson's well-directed stream of conversation, and her chuckle. They are absent because of the serious illness of Mr. Simpson, who has not recovered from a pair of operations as he should have. Let us hope they are in their places here before the leaves leave us again.

Another big thing we are minus is the cheerful person and countenance of our friend Mr. Gross. His hearty laugh and his quiet unassuming little wife are both missed mightily.

ation has become general and there has not been a bad outbreak of hog cholera in Valley county for years. I have used them considerable at our farm but I am sure the cost of hog cholera vaccine has been much higher if the farm bureau and county agent had never been here and the saving to the county has been many times greater than the cost of the farm bureau.

Right now the county agent is carrying out an experiment on a bunch of pigs at our farm, that, if it proves all right, will lessen the cost of hog cholera vaccination a lot more. The agent vaccinated 117 pigs for me and I offered 4 out of the bunch for the experiment. Several days have passed and it looks like the new method way work and be a lot cheaper than the old way.

The farm bureau first brought the accredited herd plan to Valley county. Probably it never would have gotten here if we had no farm bureau. The Dairymen's Herd Improvement was organized and put into working order by the county agent several years ago when I was connected with the farm bureau. The winter wheat crop was one of the main farm crops and an epidemic of smut spoiled the wheat for seed. The county agent and myself got busy and we shipped in seed wheat by the car lot at cost to the farmers. That was a good saving and made the farmers a good wheat crop the next year. The county agent and myself have used the agent in many ways the past few years. The best work of all is the 4-H club work for our boys and girls. Several hundred are receiving valuable instructions in stock raising and other farm activities. These boys and girls will be the future farmers of Valley county and the education they are getting will be of immense value to Valley county in the years to come.

On the street and at the tax league meetings the worst objections appear to be the men with large land holdings. They say that their farms have not paid a profit for years and its getting worse all the time. Gentlemen, let me tell you something you should already have found out. You cannot make a profit on your investment with your present plan of farming nor can you get ahead in the world. The worse landlords have seen the light and in a few years you will also. The wise ones are putting stockmen on their farms on a fifty-fifty plan and where they have the right kind of a stockman it is turning out well for both of them and the land is getting better instead of poorer like yours. In a few years when you see the light and go hunting for a real stockman to retrieve your land and income, you will be wanting one of these trained club boys. And if his wife is a club girl you will like that fine. Instead of breaking the farm bureau why don't you come to the annual meeting and find what it is all about. They are always advertised and everyone is welcome. There is no charge to register your kick. Become a member, then if you think the farm bureau costs too much proceed to lower the cost, but why kill the farm bureau. Its officers are progressive farmers of Valley county. They hire or fire the county agent as they see fit. They help him to figure out a program for the coming year and a budget to present to the county board.

Well, I went to the last two meetings of the taxpayers league to present my plan for feeding the people that the county has to take care of. The meeting before the last, I could not get a hearing on my plan, as all of the time was taken up cussing and discussing the county agent. This last meeting I did get to say a few words on the subject but it was not considered long, they soon went back to the county agent question. Now I think the county board did well last winter with their wood chopping stunt

What a grilling new Polarine gets before the grade for any make or model of motor earns specification on the Polarine Chart! The oil chemists test it for harmful ingredients, for behavior at low temperatures and high heats. If it does not "crack" or harden, if it has body enough to protect against friction and won't cause power-wasting "oil drag," if it passes other drastic specifications, it is approved for further test. Next, come experts on automotive design. The location of the oil pump, the size, length and exposure of the oil lines, the type of lubricating system, the operating speed of the motor and its normal heat are considered before they pass the oil along. Finally, engineers conduct laboratory and road service tests to determine motor wear, engine power and mileage, oil consumption and other practical facts. The grade of new Polarine which passes all tests with the highest rating is the grade shown on the Polarine Chart. Use the grade of new Polarine the Chart specifies and your motor will get everything oil can give in efficient and economical lubrication.

Use the grade of new Polarine the Chart specifies and your motor will get everything oil can give in efficient and economical lubrication.

What a grilling new Polarine gets before the grade for any make or model of motor earns specification on the Polarine Chart! The oil chemists test it for harmful ingredients, for behavior at low temperatures and high heats. If it does not "crack" or harden, if it has body enough to protect against friction and won't cause power-wasting "oil drag," if it passes other drastic specifications, it is approved for further test. Next, come experts on automotive design. The location of the oil pump, the size, length and exposure of the oil lines, the type of lubricating system, the operating speed of the motor and its normal heat are considered before they pass the oil along. Finally, engineers conduct laboratory and road service tests to determine motor wear, engine power and mileage, oil consumption and other practical facts. The grade of new Polarine which passes all tests with the highest rating is the grade shown on the Polarine Chart. Use the grade of new Polarine the Chart specifies and your motor will get everything oil can give in efficient and economical lubrication.

ation has become general and there has not been a bad outbreak of hog cholera in Valley county for years. I have used them considerable at our farm but I am sure the cost of hog cholera vaccine has been much higher if the farm bureau and county agent had never been here and the saving to the county has been many times greater than the cost of the farm bureau.

Right now the county agent is carrying out an experiment on a bunch of pigs at our farm, that, if it proves all right, will lessen the cost of hog cholera vaccination a lot more. The agent vaccinated 117 pigs for me and I offered 4 out of the bunch for the experiment. Several days have passed and it looks like the new method way work and be a lot cheaper than the old way.

The farm bureau first brought the accredited herd plan to Valley county. Probably it never would have gotten here if we had no farm bureau. The Dairymen's Herd Improvement was organized and put into working order by the county agent several years ago when I was connected with the farm bureau. The winter wheat crop was one of the main farm crops and an epidemic of smut spoiled the wheat for seed. The county agent and myself got busy and we shipped in seed wheat by the car lot at cost to the farmers. That was a good saving and made the farmers a good wheat crop the next year. The county agent and myself have used the agent in many ways the past few years. The best work of all is the 4-H club work for our boys and girls. Several hundred are receiving valuable instructions in stock raising and other farm activities. These boys and girls will be the future farmers of Valley county and the education they are getting will be of immense value to Valley county in the years to come.

On the street and at the tax league meetings the worst objections appear to be the men with large land holdings. They say that their farms have not paid a profit for years and its getting worse all the time. Gentlemen, let me tell you something you should already have found out. You cannot make a profit on your investment with your present plan of farming nor can you get ahead in the world. The worse landlords have seen the light and in a few years you will also. The wise ones are putting stockmen on their farms on a fifty-fifty plan and where they have the right kind of a stockman it is turning out well for both of them and the land is getting better instead of poorer like yours. In a few years when you see the light and go hunting for a real stockman to retrieve your land and income, you will be wanting one of these trained club boys. And if his wife is a club girl you will like that fine. Instead of breaking the farm bureau why don't you come to the annual meeting and find what it is all about. They are always advertised and everyone is welcome. There is no charge to register your kick. Become a member, then if you think the farm bureau costs too much proceed to lower the cost, but why kill the farm bureau. Its officers are progressive farmers of Valley county. They hire or fire the county agent as they see fit. They help him to figure out a program for the coming year and a budget to present to the county board.

Well, I went to the last two meetings of the taxpayers league to present my plan for feeding the people that the county has to take care of. The meeting before the last, I could not get a hearing on my plan, as all of the time was taken up cussing and discussing the county agent. This last meeting I did get to say a few words on the subject but it was not considered long, they soon went back to the county agent question. Now I think the county board did well last winter with their wood chopping stunt

New York's \$60,000,000 Washington Bridge May Bow To \$75,000,000 San Francisco Bay Project

IF plans for the \$75,000,000 San Francisco Bay bridge reach successful completion, San Francisco will have dealt a heavy blow to New York's pride in the recently completed George Washington bridge over the Hudson.

Formal opening of the Washington bridge to traffic some months ago culminated a dream of three-quarters of a century. In the middle '80's the New Jersey and New York Bridge Company was incorporated for the purpose of erecting a bridge across the Hudson to Fort Lee. Failure to secure New York state's assent to the project resulted in many years' postponement.

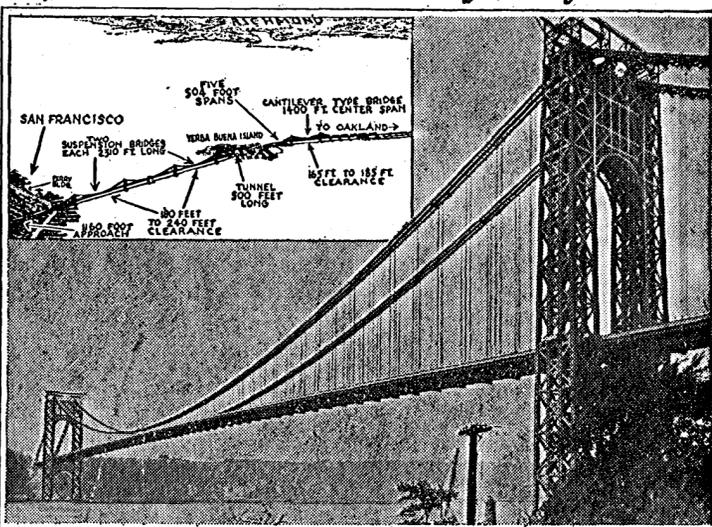

Early this century, however, an Interstate Bridge Commission was set up to consider such a structure. The commission reported favorably but, unaccountably, the whole thing languished until 1925, when joint legislative action authorized the present bridge. In 1927 construction started, and the bridge was completed in four and a half years.

Some idea of the magnitude of the Washington bridge may be gleaned from the following details. Two miles long, including its approaches, the bridge boasts the longest span ever built—a stretch between the two towers of 3500 feet, about two-thirds of a mile. This is nearly twice the length of the longest previous bridge span.

Each of its two towers is 635 feet high—equalling the Washington monument—and their construction required hoisting into position 32 great columns of steel, each weighing from 150,000 to 300,000 pounds.

Four cables, each a yard in diameter and made up of 26,474 separate strands, shoot skyward from their anchorages to the tops of the towers and then fall away gently between them.

The bridge roadway accommodates eight traffic lanes, sufficient to handle 30,000,000 vehicles annually.

A general view of the majestic George Washington Memorial Bridge spanning the Hudson river between upper New York City and New Jersey, is shown above. Inset is the preliminary sketch of the final plan for the \$75,000,000 bridge across San Francisco bay connecting San Francisco and Oakland, Calif.

engineering that defeats the imagination. Building plans contemplate two suspension bridges, each 2310 feet long, connecting San Francisco and Yerba Buena Island. A 500-foot tunnel passing through the island leads to a cantilever type bridge with a 1400-foot center span. This in turn is supplemented by 14 short spans, each 283 feet long, leading to the Key System mole, which goes into Oakland.

Completion of this bridge will provide another feather for the cap of United States engineers and contractors, who have been far in advance of the rest of the world in the design, fabrication and erection of long-span bridges ever since the construction in 1874 of the first long-span structure—the famous Eads railroad and highway bridge crossing the Mississippi river at St. Louis.

Nine of the 10 longest suspension bridge spans in the world are in the United States and the tenth, the 1114-foot Brazilian Florianopolis span, was designed, fabricated and erected by Americans.

AND now, just when New York state is getting accustomed to pride in her great accomplishment, along comes California with its projected San Francisco Bay bridge, connecting San Francisco and Oakland.

Considerably more expensive than the Washington bridge, the California project involves a quality of

BACK FORTY

By J. A. KOVANDA

The corn-hog ratio is frequently mentioned in stock market quotations. Many readers do not know what it means. The corn-hog ratio is the number of bushels of corn required to buy one hundred pounds of live hogs.

The average corn-hog ratio is 11.4. In other words, it takes that many bushels of corn to buy a hundred pounds of hogs. If a hundred pounds of hogs will buy more than 11.4 bushels of corn, it is ordinarily profitable to feed. But if a hundred pounds of hogs will not pay for 11.4 bushels of corn, the farmer is apt to lose money in swine production.

When local corn prices are considered along with present hog prices, they show that the rise in hog prices has only brought the corn-hog ratio back to about the normal 11.4.

But if rainfall comes this month and makes a big corn crop, then the ratio will show up very favorably when compared with fifteen cent corn. Since hogs are normally highest in September, prices should either go higher, or at least remain steady. And since corn prices are determined by the prices of hogs and cattle strength should also be added to the grain markets.

The hog industry is characterized by very definite high and low prices. Thus, the number of hogs profitable this fall they will increase the number of breeding sows. But it will be over a year before the extra pigs are ready for market. Meanwhile hogs may still be scarce and high prices may still be in effect, since the increased supplies will not yet have begun to affect the market. Producers will then be encouraged to expand production still farther, and the cycle will start again.

Year in and year out no other class of livestock has paid the farmer as well as hogs. It is hoped that they will again assume the role of mortgage lifters.

This Man Had Faith Lost 24 Pounds

Last November I weighed 192 lbs. Today, (February 5th, 1932) I am down to 168 lbs. and full of pep all day long—since using Kruschen I have not had to use the laxative that was customary.

What do you think of this—you men who doubt—you stay fat—because you want to think that nature made you that way.

You're all wrong—most fat men were made fat because of their inability to handle a knife and fork in a business like manner.

To reduce safely take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—cut down on fatty meats, potatoes and sweets.

To Organize Story Telling Club. The National Shakespeare Story Telling club, through the assistance of Miss Keo Auble, will shortly form a branch or association here.

The club is educational in purpose and is designed to acquaint every grade school child with the works of the famous bard and in such a way that it will appear like play to them.

The plan consists of story hours for the children when groups will meet and tell Shakespeare Stories in simplified form. Clubs for each grade will be formed.

By MRS. RAY GOLDEN

Slingsby-Too.
Miss Alta Slingsby and Marlon Too were united in marriage Tuesday, July 5th at the Methodist parsonage in St. Paul, Rev. H. S. Weary performing the ceremony. Mrs. Slingsby accompanied them to St. Paul.

The bride is the daughter of Mrs. Alma Slingsby who resides west of Arcadia. She attended the Arcadia high school graduating with the class of 1931.

The groom came to Arcadia about three years ago from his home at Wells, Minn. Since that time he has been employed on farm in this locality. He is working for Emmett Smith at present but plans on locating on a farm next spring.

Mr. and Mrs. Too have many friends in this community and in their neighborhood where they are well known and popular among their acquaintances. We are glad to offer them our congratulations.

Mr. and Mrs. Fred Christensen celebrate their thirtieth anniversary at the home of the former's parents, Mr. and Mrs. R. L. Christensen Sunday. Dinner was served at one thirty after which the afternoon was spent socially. Lunch of sherbet and cake in this community and in their neighborhood where they are well known and popular among their acquaintances. We are glad to offer them our congratulations.

Most of the farmers in this locality are busy cutting their small grain and the grain seems to be of splendid quality and will no doubt render a heavy yield with the exception of wheat which was greatly hindered by the cold spring weather. The corn is growing rapidly due to the favorable weather. Pastures are in excellent condition and gardens are yielding bounteously in potatoes and other vegetables.

A free picture show was given on the street of Arcadia last Saturday evening and attracted a large audience. The picture was put on by the Movie Mac Company of Hastings, Nebr. and the expense was borne by the business houses of Arcadia. A two reel comedy and a five reel feature was given. The picture screen was stretched on side boards on a large truck which was left standing in the center of the street leading south from the flag pole. The show was given to promote good fellowship as well as business and we understand that another show will be given at the same location on next Saturday night. The picture was shown as soon as darkness prevailed which was about nine o'clock.

BIG FISH STILL COY AS EDITOR RETURNS TO ORD

Crappies, Blue Gills, Bit Like
Mad Last Few Days Quiz
Editor Spent on Cullen.

After a month's vacation spent on Cullen Lake, in Minnesota, Mr. and Mrs. E. C. Leggett returned last Saturday to Ord and have resumed their duties on the staff of the Quiz. They report a pleasant week's stay after the other members of their party, Mr. and Mrs. Harry Williams and Mr. and Mrs. John Miron, returned home, and that the big fish they were seeking never did get to striking.

Crappies and blue-gills were biting good the last few days they were on Cullen, Mr. and Mrs. Leggett say. On the last morning in camp they went to Upper Cullen and caught a few crappies that weighed from 1 1/2 to 2 pounds each. Mrs. Ray Luther and daughter, Miss Ethel, assisted with this catch and the fish were shipped to Ord along with fifteen or twenty big blue-gills. Several Ord friends, Leggett's were thus given a taste of Cullen lake fish.

The weather was delightful in Minnesota when they left, Mr. and Mrs. Leggett report. The days were warm but the nights continued to be chilly. Two nice rains fell just before they left Cullen and the moisture was badly needed there as it was a dry winter and a dryer spring and the lake is low this summer.

Crop conditions were good all the way down through Minnesota, South Dakota and Nebraska. Small grains were just being harvested in the northern part of Minnesota. At Yankton and in northeast Nebraska the Ord people drove through a heavy rain Saturday morning and filling station attendants there said that it had been plentiful throughout the summer.

Mr. and Mrs. H. D. Leggett plan to go to Cullen lake for a vacation shortly after August 1. They will be accompanied by Mrs. Leggett's sister, Mrs. Daniel Burke, of Paul, Ida, who will arrive in Ord the last day of July, Leggett and Mrs. E. P. Clements and daughter Lena also plan a trip to Minnesota the latter part of this month. Mr. and Mrs. F. M. Gross, of Albion, former Ord people, are spending a few days on Cullen lake at present.

North Loup Man Buys Ord Grocery

The east side grocery store conducted in Ord for many years by Hans Andersen last week was purchased by Eino Hurley, of North Loup, who took immediate possession and is operating the store. The store had been in the hands of his creditors, several grocery wholesale houses, by Mr. Andersen and it was from them that Mr. Hurley purchased the stock of goods.

Mr. Andersen's plans for the future are indefinite, he says, but he expects to spend the next few weeks collecting grocery accounts that were owed to him. Later he may re-enter the business field in Ord. John Andersen, who has operated a meat business in connection with the grocery, retains ownership of all meat selling equipment and of the present business and has no market in connection with the Hurley store. Vernon Andersen, who assisted his father in the store, has taken a position in Freeman Haught's grocery.

Joseph Jurzinski Dies At Age of 75

The last rites for Joseph Jurzinski, 75, a retired farmer living in Elba to pass several years, were held in Elba Monday morning at 10 o'clock at the St. Joseph Catholic church, with Rev. Father Jarka officiating at the funeral mass.

Mr. Jurzinski passed away Friday morning after a lingering illness. He came to Elba when 22 years of age and has lived in this vicinity ever since. In 1884 he was married to Minnie Dorcinaki, in the Catholic church in the Posen community. Six sons and two daughters were born to this union and all of them, with his aged wife survive him, and was present at the funeral. They are John, of Burwell; Frank and Ed of Greeley; Stanley of Ord, and Anton and Peter of Cotesfield. He is also survived by two daughters, Mrs. Helen Wegryn of Ord, and Mrs. Matilda Zukoski of Elyria; 14 grandchildren and a host of friends. He also leaves one brother in Germany.

For many years Mr. and Mrs. Jurzinski resided on a farm east of Cotesfield.

—Saturday Mr. and Mrs. Chester Palmatier drove to Lincoln and returned Sunday. They were accompanied by their daughters, Misses Delma and Thelma, who had been spending two weeks with their brother Elmer.

—O. B. Mutter of Comstock was an Ord visitor Monday.

Would Oust Hosman From Omaha Position

A petition asking the abolition of the extension department of the Omaha Municipal university and ousting of the department head, Everett M. Hosman, was filed in district court there last week by a group of tax-payers who charge that the department is not needed and is a constant and unnecessary drain upon the tax-payers of Omaha. It is alleged that Mr. Hosman's annual salary of \$6,000 is entirely wasted as "his duties are of little importance". Mr. Hosman is a former Ord school superintendent and more recently has been secretary of the Nebraska teachers association, which position he resigned a few months ago to head the extension department of Municipal university.

GOOD YIELDS OF SMALL GRAIN ARE BEING REPORTED

Emil Zikmund Gets Heavy Yield
Of Oats, Average on Both
Oats and Barley Is Good.

With small grain harvest in full swing this week, good yields of both oats and barley are being reported from widely separated parts of Valley county where threshing rigs are busy.

The yield of oats is averaging between 30 and 40 bushels per acre in most reports but Emil Zikmund, of Springdale, rings the bell with a yield of 77 1/2 bushels per acre on a twelve acre field. This is the heaviest yet reported.

Barley is yielding around thirty bushels near North Loup and Arcadia and this will probably be close to an average over the county. There was very little wheat in the fields that were planted were plowed under, due to poor stand, winter killing and low prices.

The temperature has hovered around the 100 mark every day this week and some fields of corn are beginning to show the need of moisture. Most corn is still unharmed, however, but a good soaking rain is badly needed.

Mattley's Celebrate 20th Anniversary

On July 17, twenty years ago, Miss Winifred Rose Haskell and Heman N. Mattley were married at Ord. About six weeks ago the husband conceived the idea of having an anniversary celebration at Lincoln without bothering Mrs. Mattley about it. To carry out his plans he had to take into his consideration about 10 relatives, including a score of children. In spite of all these loopholes the secret never got to the victim's notice till she was invited to go to the basement restaurant at Rudge & Guezel's last Saturday evening and found 37 of her relatives assembled with covers laid for a good dinner. Relatives of Mr. and Mrs. Mattley were present from Ansley and Ord and David Lindberg, son of Dr. D. O. N. and Cosa Lindberg came from Decatur, Ill. for the occasion. 37 of Ord people, there were Mr. and Mrs. W. W. Haskell and Mr. and Mrs. John Haskell and children. After the dinner the company was cared for at the Mattley home.

Livestock Judging School July 26th

A livestock judging school for pig and calf club members will be held in this county next Tuesday, July 26th.

All livestock club members are asked to assemble at the Clement farm in Mira Valley at 9 a. m. when judging will start. Classes of cattle, hogs, horses and sheep will be judged. Some of the livestock will be assembled at Clement's, and trips will be made to farms nearby to judge some of the other classes.

The noon hour will be spent at Clement's grove, and everyone should bring a picnic lunch. After lunch and a short program there will be a baseball game between the pig club boys and the calf club boys.

Parents and friends of club members are invited to attend. Mr. Walter Tolman of the College of Agriculture, County Agent Dale and the local club leaders will be in charge.

W. C. Hagood Dies Suddenly At Arcadia

W. C. Hagood, 65, respected citizen of Arcadia, passed away suddenly there Tuesday morning, death being attributed to heart failure. He had been in fairly good health, though a year ago he suffered a stroke of paralysis. Funeral services are being held at 2 p. m. today at the home of his daughter, Mrs. Ray Brown.

—Rev. S. S. Kahdahl of Wolbach will hold services Sunday evening in the Danish Lutheran church.

—Tuesday morning Carl Aismus returned home from Omaha. He had been taking treatments in a hospital for a few days.

STATE BOARD IN SESSION TO RULE ON LOWER TAXES

Valley County Represented At
Meet In Lincoln Where 15%
Slash Is Threshed Out.

The most important meeting of the state board of equalization in many years is being held in Lincoln this week, the question that makes it so important being whether or not tax value cuts made by eighty-two of Nebraska's counties will be permitted to stand. Valley county, one of the eighty-two that cut tax values 15 percent, is represented at the meeting by County Assessor E. C. Weller, County Clerk Ign. Klitka, Jr., and Supervisors James, Clochon, and Hansen. They were scheduled to appear before the board yesterday.

Until recently it was held that county boards had no right to cut assessed valuations except at the time legally provided for such regulations, which comes every fourth year. This is not the year for such action but, acting on a written opinion from Attorney General Sorenson, 32 of Nebraska's 93 counties reduced assessed valuations anyway. Now these 32 counties are prepared to defend their action on the ground that under present market conditions property has lost much of its taxable value.

The total cut in assessed valuations of the state as returned by counties is 600 million dollars, according to State Tax Commissioner Smith. What action the state board takes probably will not be known for two or three days, as most counties are sending representatives to Lincoln this week and all will be given a chance to appear before the board to justify their reductions or to protest against such reductions being allowed to stand.

Valley County Cows On Test Average 304.2 Lbs. Butterfat

Lincoln, Neb.—(Special to the Quiz)—Though there were but three members in the Valley county dairy herd improvement association during the past year, butterfat production per cow averaged 304.2 pounds. Fred Murray, W. D. Kingston and E. S. Coats and son were members of the association. The Valley county farm bureau and the extension service sponsors the project.

E. S. Coats and son of Ord had the high purebred herd in the association with an average of 393.3 pounds butterfat per cow. The registered Jerseys produced 6,561 pounds of milk each which tested 5.73 percent butterfat. The grade cows of Arcadia had the high producing grade herd with Fred Murray of Arcadia second. Kingston's purebred and grade Holsteins averaged 257 pounds per cow.

There were 603 cows on test in the association during the year. All three herds maintained purebred sires. It cost the members an average of 13 cents to produce one pound of butterfat and 60 cents to produce 100 pounds of milk. The members were returned \$3.25 for each 100 pounds of milk.

Solved Puzzle, Won Prize.
A \$50 credit check offered as a prize for solving a puzzle by a Lincoln concern was won last week by Miss Helen Houbty, Ord girl, who is attending summer school at Nebraska Wesleyan. Miss Houbty is expected to complete her summer course and return home about August 18.

Leo Dean Wolf Dies At Age of 2

Leo Dean, two year old son of Mr. and Mrs. John Wolf, passed away at St. Francis hospital in Grand Island about midnight last Friday after an illness of seventeen days. The little boy had been taken to the hospital five days before. Funeral services were held at the Ord Catholic church Monday morning. Father Lawler having charge, and interment was in the Catholic cemetery here.

Leo Dean was born near Arcadia, March 18, 1930. Besides his parents he is survived by one sister, Leona.

Precious darling, he has left us, Left us, yes, forevermore, But we hoped to meet our loved one On that bright and happy shore. Lonely the house and sad the hours Since our dear one has gone. But on a brighter home than ours In heaven is now his own.

Card of Thanks.
In this way we wish to express our heartfelt thanks to those who extended sympathy and aid and who sent flowers in memory of our loved one.

Mr. and Mrs. John Wolf and Leona

Rev. Real on Vacation.
Rev. L. M. Real who has been leaving this week on a vacation, planning to spend a couple of weeks in the Black Hills, so there will be no preaching services at the Presbyterian church until further announcement.

NEWS OF THE NEIGHBORHOOD

Grand Island Man Hurt Here.—H. A. Modest, of Grand Island, suffered three cracked ribs when the heavy sedan in which he was riding overturned near Ord last Wednesday evening. Mr. Modest is convalescing at the Koehler hotel, Grand Island. George Heyde, of Grand Island, who was driving the sedan when it turned over was not hurt except for two cuts on one hand.

Waller White Improving.—W. W. Haskell received a letter this week from Dr. George White, of Lewistown, Mo., stating that Walter White of Ord is recovering from the stomach hemorrhage that he suffered last week. The hemorrhage was brought on by the high altitude of Lewistown. Mr. White suffers from high blood pressure and the high altitude was the cause for him. Prompt treatment stopped the hemorrhage and he is much better now.

Margaret Mayo Weds.—In Rockport, Mo., on July 10th Miss Margaret Mayo of North Loup became the bride of Henry Leindecker of Scotta. Margaret is a daughter of Mr. and Mrs. Chas. Mayo and is a sister of Mrs. Otis Hughes, of Ord.

Parents Both Over 90.—Several times recently Mrs. David Wigent of Ord has been in Garfield county to see her parents, Mr. and Mrs. Joseph Pacus. Both of them are over ninety years old, Mr. Pacus being 93 and Mrs. Pacus 92. They have been married more than seventy years, much of that time being spent in Valley county. Both of them enjoy fairly good health in spite of their advanced years.

Prized Saddle Horse Dies.—Dr. C. J. Miller's prized black saddle horse died Sunday noon. The animal had been sick only a few hours and veterinarians believe its death resulted from partly cured sudan grass that the horse had eaten.

Fishing Good at Ericson.—Several Ord parties who spent the weekend at Ericson report that fish were biting good, blue gills especially. Several good bags of bull frogs also were brought in by Ord people. Fishing in the sand hill lakes also is reported as excellent this month.

Dr. Johnson Speaks.—Dr. and Mrs. W. J. Johnson were invited guests Sunday at the picnic of the Cedar Valley Livestock Protective association, held in the Lawless grove near Ericson. They report a splendid time. Dr. Johnson gave a talk on diseases of livestock and members of the association asked many questions, all of which the Ord veterinarian was glad to answer.

ORVILLE H. SOWL INSTALLED HEAD OF ROTARY CLUB

New Officers Take Charge Monday Evening; Visit To Burwell Greatly Enjoyed.

At the weekly dinner of the Ord Rotary club Monday evening at Thorne's cafe, Orville H. Sowl was installed as president and took charge of the meeting. He succeeds Carl Dale, whose term as president expired July 1. Other officers installed by the Rotary club Monday evening were J. A. Kovanda, vice president, Joseph P. Bartha, secretary, and George Parkins, treasurer, the last two succeeding themselves in office. Past-President Dale, Keith Lewis and F. F. Beran, with the new officers, constitute the board of directors.

Members of the Rotary club greatly enjoyed their visit to Burwell last Wednesday evening where they witnessed a kangaroo court of the Burwell club organization formed to boost the big rodeo. Grand Island men put on the kangaroo court and several offending Hat club members were tried and sentenced to various ignominious punishments, which were meted out to the offenders at Burwell Saturday evening. A large crowd is said to have witnessed the Hat club parade that night.

A group of Ord men were slated to go to Burwell last night to act as judges, prosecuting attorneys and witnesses at another kangaroo court put on by the Hat club.

Boys Stock at Wahoo.
A stock of goods at Wahoo was purchased last week by Frank Fafelta, Jr., of Ord, the sale being made subject to confirmation by the court. The stock consists mostly of men's ready-to-wear. Mr. Fafelta and his father went to Wahoo yesterday and will dispose of the clothing there.

Burwell Man Is Fined.
Gus Blundell, owner of a bakery at Burwell, was arrested in Ord last Wednesday evening and the next morning was fined \$25 and costs on a charge of intoxication. Fine and costs were paid.

—John and Betty, children of Mr. and Mrs. L. W. Rogers were spending a week with the M. E. Honeycutt and Mrs. Sadie Skinner homes in Broken Bow. They returned to Ord Friday.

MARION VINCENT BADLY HURT BY KICK OF HORSE

Ord Man Employed on Bresley
Farm Injured Saturday Eve,
Is Now in Hillcrest.

Seriously injured Saturday evening when he was kicked in the stomach by a horse, Marion Vincent is still in Hillcrest hospital undergoing treatment and is expected to recover. For the first few days his life was despaired of but Tuesday his condition was reported much better and since then improvement has been steady.

The accident happened on the Harry Bresley farm northeast of Ord, where Mr. Vincent has been employed for some time. He was milking a cow and a horse standing near-by was annoying the cow so Mr. Vincent stood up and turned to drive it away. Just as he turned the horse kicked out, two heels catching Vincent in the pit of the stomach with terrible force.

Taken to Hillcrest immediately, Mr. Vincent has since been under the care of Dr. C. W. Weekes. He was unconscious for many hours after the accident but Monday he regained consciousness.

Mrs. Vincent has been staying in town with relatives so as to be near her husband, as have also other members of the family. The Vincent family had been preparing to move from the Bresley farm to Charley Burdick's place and were planning to move Monday, their plans being interrupted by the sad accident that happened to the head of the family.

HOG PRICES WILL REMAIN STEADY, PREDICTS EXPERT

Says Unfinished Hogs May Cause
Drop; Butter, Egg Prices
Should Be Better.

Lincoln, Nebraska.—A steady to firm trend in hog prices for Valley county farmers in the next 30 days seems probable unless recent advances attract too many unfinished hogs to the markets, Prof. Harold Hedges of the Nebraska college of agriculture, says in his monthly economic situation report issued from the college Wednesday.

The economic situation report also indicates that the course of wheat prices for the period will be better largely by prospect of spring wheat in the northwest and Canada. Prospects for a large crop of crop for 1932 will work against the usual seasonal strengthening of corn prices from July to August while a firm market for finished steers seems probable for the next 30 days. Butter prices should continue near present levels with the possibility of seasonal firmness developing toward the latter part of the period while some seasonal advance in egg prices should occur.

The July 1 federal estimate for corn was a crop of 2,996 million bushels or 17 percent larger than last year's crop and 14 percent above the 5-year average. The indicated yield is but a little above the ten-year average but the acreage is the second largest ever planted.

European Actress Makes Debut In Paramount Picture

Sari Maritza, the sensational European actress, made her American debut in "Forgotten Commandments," the great Paramount talkie that starts at the Ord Theatre Sunday. Supported by Irving Pichel, Gene Raymond and Marguerite Churchill in a film that is glorified by spectacular episodes from Cecil B. DeMille's epic of silent picture days, "The Ten Commandments," Miss Maritza makes film history in her first picture.

Nor is this the only film show at the Ord Theatre in the space of the coming seven days. For tomorrow and Saturday "Scandal for Sale" with a sensational cast headed by Charles Bickford, Rose Hobart and Pat O'Brien will please film fans. Front page news—do you know how it's born? built up... suppressed? See this picture.

Next Wednesday and Thursday comes "This Is the Night" starring that great comedian Charlie Ruggles, who impersonates a drunk better than a drunk himself. Assisting him is the lovely Lily Damita and the inimitable Roland Young. It is naughty, tunefully romantic and, above all, funny!

Filling Station Sold.
According to the records in the county clerk's office, Bernard Smith this week sold her filling station to Mrs. Anna Bird, the new owner assuming certain stated liabilities against the filling station. The transfer of management had not yet taken place yesterday.

3th Flower Show At Chase's Friday

The sixth flower show of the season will begin Friday noon, July 22 at the Chase Toggery, when the best products of local gardeners will be on display and prize winners will be duly chosen and exhibited. Prizes will be given for two classes of entries. One of these prizes will go to the prettiest bouquet, in the estimation of Miss Eunice Chase. The second award is made for the finest individual flower brought in. Miss Chase again being the judge. Awards in both classes will be worth \$1 or more.

A large number of pretty blooms are expected, as it is now the height of the growing season for many varieties of flowers. Plan to visit the Toggery and see the flower show.

Chester A. Caroski, of Elyria, is attending the eight weeks session in the graduate college. He teaches at Hartington.

About Crops and Roads.
An Ord man, after driving to Lincoln last Saturday by way of Grand Island and Hastings, returning by way of Seward, David City and St. Paul, reports that all along the route small grain is a great crop. Except around Hastings, and some 30 miles east he found corn is making a splendid showing with a good average stand and an excellent color. He found that the distance between Ord and Lincoln is cut at least 12 miles by drives over routes 15 and 16, via Seward and David City, intersecting No. 11 a few miles south of St. Paul and this road is fully as fine as the S. Y. A. from Grand Island to Lincoln.

—Sunday Mr. and Mrs. August Petersen and the latter's brother, Otto Alderman of Lincoln, drove from Ord to Burwell. Mr. Petersen and Mr. Alderman and Lloyd Alderman drove to Gables on a fishing trip. Mrs. Petersen stayed in Burwell with her mother Mrs. M. Alderman.

—Mr. and Mrs. Gerald Cohen and Mrs. Bill Cohen were in Grand Island Monday.

NEWS-WRITING SCHOOL WILL BE HELD SATURDAY

H Club Reporters and Leaders,
All Quiz Correspondents,
Are Urged to Attend.

All reporters and leaders of Valley county H clubs, together with all Quiz correspondents, are cordially invited and urged to attend the news-writing school to be held in Ord this coming Saturday, July 23. George Round, Jr., of the state extension service will be in general charge of the school and he will be assisted by County Agent C. C. Dale and by Editor E. C. Leggett of the Quiz.

The news school will be held in the new Ord high school building and will start at 9:30 a. m. and close at 4 p. m. General instruction in all types of news writing will be given by Mr. Round, with special attention given to writing club news and rural correspondence.

A pleasing feature of the day's program will be the picnic to be held at Russell park during the noon recess. Everybody attending is asked to bring sandwiches and fried chicken for a picnic dinner. Ice cream and coffee will be furnished by the H club.

Instructor Round writes from Lincoln that he is bringing several new games to be played by the group during the picnic hours. Additional information about the program and picnic may be secured either at the Quiz office or from County Agent Dale.

\$5 Prize Offered For Finest Name For Booster Club

As a prize for the most appropriate name suggested for a Popcorn Days Booster club to be organized at North Loup, the commercial club of that village is offering a \$5 cash prize. All names suggested must be submitted to Secretary in the Hur Hutchins by Saturday, July 23.

Popcorn Days will be held on Wednesday and Thursday, Sept. 14 and 15 this year, it was announced this week by Homer Sample, president of the association in charge of the annual celebration.

Mrs. Hather Hurt When Car Upsets

A badly sprained ankle and several severe bruises was the extent of injuries received by Mrs. Will Hather last Wednesday evening when her car left the road and plunged into a deep ditch between the Sol Brox farm home and the Loup river bridge. How she escaped without more serious hurts is a miracle, as the ditch is ten feet deep with almost perpendicular sides. Mrs. Hather says she had turned to glance back at the Brox place when she lost control of the car.

Ord Contractors Win.
Four contractor bridge players from Ord journeyed to St. Paul last Friday evening and conclusively demonstrated their mastery over four St. Paul players when they won by 1,320 points in forty-eight boards of duplicate contract.

The Ord team included Judge E. P. Clements, Dr. F. A. Bartha, J. D. McCall and Edwin Clements. They played Peter Christensen, R. A. Haggart, J. F. Webster and Alvin Matousek.

—Sometime during August Mr. and Mrs. Folke Kardell and Mr. and Mrs. Edmund Geis are expected to arrive in Ord on a visit. Mrs. J. C. Work, who has been spending several weeks in Illinois will also return to Ord. Mrs. Kardell was formerly Miss Catherine Work and Mrs. Geis was Miss Maude Jackman. Both now live in El Centro, Calif.

—Mrs. Hattie Huff and daughter of Greeley were visiting Mrs. W. M. Carlton Sunday.

Mrs. Bernard Smith Files Divorce Suit

Charging her husband, Bernard Smith, with desertion, non-support and general cruelty, Mrs. Loma Smith this week filed suit for divorce in district court here, asking for custody of their children and for alimony. A hearing in the suit is being held this morning. Mr. and Mrs. Smith were married at Franklin in 1919 and have three children, the eldest ten and the youngest five. Mr. Smith charges that her husband deserted her on May 8, 1932 and since that time has contributed nothing whatever toward the support of his family.

—Mr. and Mrs. Thorvald Sorenson returned to Ord Friday from California. They are visiting in the home of Mr. Sorenson's mother, Mrs. A. Weigard, Elyria. Mr. and Mrs. Sorenson are going to live in Brewster. Sunday they were honor guests at a dinner in the home of Mr. and Mrs. Morris Sorenson. Other guests were Mrs. A. Weigard and Miss Dorothy Sorenson and Mr. and Mrs. Alfred Weigard.

THE ORD QUIZ

Ord, Valley County, Nebraska

H. D. LEGGETT . . . PUBLISHER
E. C. LEGGETT . . . EDITOR

Subscription Price \$2.50

Entered at the Postoffice at Ord, Nebraska, as Second Class Mail Matter Under Act of March 3, 1879.

People who want things and are able to buy them are encouraged to "go ahead" by a group of farmers who met at a farm home over in Iowa a short time ago.

The meeting grew out of a discussion among the farmers of the neighborhood, who had taken notice of the fact that many persons are refraining from buying because they fear criticism of their neighbors, relatives, or employers.

After the neighbors had talked it over, they adopted a statement which, in part, reads as follows: "Legislation may help farmers to get better prices but regardless of the help they may get from legislation, we firmly believe that immediate improvement in the price of farm products can be brought about by simple confidence in the future of the farming business and we have faith in the rank and file of the people of this country."

"There is as much or more money in the country now as there was in the boom times of 1923 and 1929. There are hundreds of thousands, perhaps millions of people in the United States who want automobiles, home furnishings, clothing, furniture, business equipment and the like and have the cash with which to buy. They are not buying because they have the idea that if they are doing the popular thing when they use worn out articles instead of buying new ones, they will be criticized by neighbors, relatives, employees, or employer. Or, they fear losing their jobs, or having their incomes reduced. When this condition is corrected business will improve immediately and we will benefit along with people in other industries and businesses.

My Own Column

By H. D. LEGGETT

Here is something that I can't understand. The opponents of the 18th amendment want it repealed, because they say it is not and cannot be enforced. In its place they recommend and demand a law permitting those states that want booze to have it and ask that laws be passed to keep it out of those states, like Nebraska would be, who do not want it. Now remember, they agree that the present law cannot be enforced, yet the nearest country where booze is legally made is many miles away. If this present law cannot keep Canadian booze out, howin hell are they going to keep it out when Kansas, Colorado, South Dakota and Iowa, surrounding us on four sides, and all legal booze states, if they should happen to be such, are making it. Anyone with a lick of sense knows it cannot be kept out then if it can't now. I believe the present law could be much better enforced than it is if the powers that be, really wanted to enforce it.

A north side Ord merchant says that three different men, all young and apparently able to work, struck him for money to get breakfast and each in turn was told of a farmer who wanted help to shock grain. One said that the farmer wouldn't want to pay more than fifty cents a day and board and none were interested in trying to get the job. It is not likely that near all those asking alms, are built that way. Perhaps most of them would work if they could get work. But there were three in a row who preferred to live off business men who for the most part are also working for their board during these times and some for less, for many are not making expenses. I don't like to see anyone go hungry but I am sure if I was hungry I wouldn't quibble about the amount of cash I was to get, above good board such as one would get at most farmer tables in Valley county. Any young man, able and willing to work, would soon get acquainted and one job would lead to another and the first he would know he would have a good job and place for the coming winter where he would be neither hungry nor cold. And any young man who is not willing to go into the country and work for just what he can get, plus board, should be allowed to go hungry.

Senator Fess, of Ohio, in addressing the republican state convention the other day, is quoted as saying that President Hoover is the only man living equipped to handle the issues of the day in America. I think we will all agree that Mr. Hoover is in many ways a great man but I am doubting whether he is the greatest man in the country or not.

Why are there so many unemployed? Here is one reason. A dealer in electric light globes says a machine has been perfected that displaces 500 girls in the making of globes and that is the reason that a 60-watt globe that a few years ago sold for 60c now sells for 10c. But it is hard on the girls that used to have steady jobs making the globes. It means a readjustment in the manner of living of the whole nation. We are in an ultra-machine age and it is going to take the best brains of the country to figure out the future adjustment of many lines of business.

If the sample of spuds that Ernest Woolery brought me the other day is a criterion to go by, the crop this year is going to be great. Ernest said he dug as many as eight big spuds from one hill and those he brought me were all fine, big ones and when they were boiled with their jackets on, the jackets popped open in fine shape and the spuds were mealy and nice.

Well, Eugene is home from Cullen and has to admit that it is going to take some better fisherman than he to get the big ones. It is something when he admits it and I am just the fellow who can go up next month, the poorest fishing month in the whole year and have bigger fish stories to tell than he did. Of course he will say the fish story teller don't stand any chance.

Four people who could not spare \$2 right now, each sent \$1 one day last week to apply on subscription. That is fine and I wish they would do it on more days. Right now half of your subscription helps a lot and I appreciate getting it. I am not ashamed to admit that it is hard work for the Quiz to keep the help paid and they have families and must be paid. If I have to dismiss some of them, they will not be able to get another job at present. That is why your cooperation is asked and urged right now. If you can't send it all, send a part. No matter what you owe, you can all spare a little and I will credit it and mail you a receipt at once so you know you get credit. I will also mail you a cook calendar if you have not had one and ask for it.

When You and I Were Young, Maggie

25 Years Ago This Week.

Otto Murschel and Bud Shirley engaged in a 100-bird clay pigeon shoot for a ten dollar wager but the Quiz failed to state who won the match, though stating that the winner broke 87 birds and the loser only 83. Jim Jewett was thrown beneath the wheels of a harvester when his team was frightened by a thunder clap. He was quite badly hurt. The annual chautauqua in Ord had just ended and was a financial success. High spot on the program was an address by Senator Dolliver, of Iowa.

Mrs. M. Coombs of Ord was appointed an inspector under the new child labor law, the appointments being made by Governor Sheldon.

A heavy wind in the night played a freakish trick at the Fred Albers farm when a 14x60 foot hog house was turned completely around on its foundation. Three shoats and a calf were killed.

20 Years Ago This Week.

Clarence M. Davis graduated from the Lead, S. D., high school and sent the Quiz a copy of the Booster Nugget, high school paper to which he was a contributor. Alpheus Walkup, respected Ord man and Civil War veteran, passed away after an operation in Omaha. Both republicans and democrats held their annual county conventions, A. J. Shirley being elected county chairman by the republicans and Otto Murschel to a similar office by the democrats. Workmen tore the siding off the east side of Milford's store and replaced it with sheet iron. This siding was the last relic in town of the famous hail storm of August 5, 1885, in which storm all the north and east sides of Ord business buildings were badly damaged. The old siding was repaired after the storm and served its purpose until replaced with iron.

Obituary

After five years of suffering from an illness called ascending paralysis, Blanch Hinesch, a resident of this vicinity for more than a third century, passed away at his home near Ord on July 13, 1932, at the age of 60 years. Funeral services were held at the Bohemian hall last Friday with Rev. Philip of Clarkson in charge and interment was made in Ord cemetery.

Mr. Hinesch was born in the United States Febr. 2, 1872 and was married to Mary Vavra at Wahoo, Neb., who passed away June 16, 1908, leaving one son, Edward Hinesch, who died at the age of 21. Two daughters also were left, Mrs. Emma Hosesk and Miss Mary Hinesch, both of the Ord community. In 1910 Mr. Hinesch was married again to Francis Capek, who survives him. He also leaves three brothers and three sisters, Albert Hinesch, Argo, Ill.; Emil Hinesch, Pierce, Neb.; Joseph Hinesch, Grand Island; Mrs. Francis Hahler, North Platte; Mrs. Frank Pospisil, Dwight; and Mrs. Frank Steger, Rising City. All were present at the funeral Friday except Albert Hinesch and Mrs. Francis Hahler.

The deceased was a farmer in this vicinity throughout much of his life time and was a member of the Z. C. B. J. and Woodmen lodges.

The Roy Brush family of Sargent were visiting Sunday with Mr. and Mrs. Harvey Hohn. Carolann Clark of Ord had been in Sargent with the Brush family. She came as far as the Hohn home Sunday.

Something Different

Planting hollyhocks along the highways into Omaha is a real inspiration, don't you think? I wish we could get portulaca, sometimes called moss rose, started in all the Ord gardens, in place of the weeds that now ornament the waysides. It can be done, as witness the south side of the Mat Kosmata property and the gutter paved with bright flowers in front of John Skala's home, next door east of Kosmata's.

But Ord people don't seem to care much whether their places are fixed up or not. They are not interested in being neat and tidy, or there would not be so many messy alleys, and junked vacant lots. And ramshackle buildings left standing to fall over. In most instances, such eyesores are owned by those who can best afford to take steps to clear up such dump grounds and fire traps. Why don't they do it?

The little ice cream wagon goes tinkling by. Many people used to be puzzled at the sound of a bell, seeing no bell on the horse. The secret was a tiny little dog, trotting close by, with a bell hung at his throat.

But now the horse wears a bell also. The little boy and girl in charge make stops to deliver their throat-cooling cream product.

Nay's blonde polke pup is again splinted, his broken leg out of splints and fairly useful, too. His ears are so big that he looks like a young mule frolicking about. Did you notice?

If you are having a tough time of it financially, don't give up yet. There's always hope.

A couple of young fellows in New York city were out of luck in every way, and sat down to plot how to help themselves, and deduced the idea of 25c washable white caps for summer wear for men.

Now those caps are the rage all through the east.

Only a simple idea, but how it took.

And another bit of Pollyannism. Remember all the biggest fortunes got head starts in times exactly like these. The fellow that put the hump in hairpins made his fortune that way.

Can't you put a hump in something?

Chet Hallock of Burwell thought we were terribly heavy eaters, in Minnesota, because we had three meals a day.

But on questioning, it was learned that they had two big meals a day and then "oh, of course, when we get up early to fishing we usually have something with our coffee before we go." And in reply to another query, "well, yes, we do eat a lunch before we go to bed."

Haha. Is that the secret of your Kewpie figure, Mr. Hallock?

Mrs. Hallock is a sister of Mrs. Bud Martin, of our city, mentioned for your information. The Hallocks for a week or two, occupying bors for a week or two, occupying the L. B. Fenner cottage on Cullen Lake.

I reckon you're tired of hearing about Cullen Lake. All right. One hint is enough. I just won't wait for that first one. I'll shut up.

Center Star Orchestra Popular. Manager J. F. Lukesh of the Center Star orchestra says his orchestra is going to Dwight, Neb., July 24th to play for a dance. It is to be a battle dance and Mr. Lukesh does not know what orchestra will oppose them. The Center Star is made up of Albert Kamarad, Anton Kolar, John Bilka, Peter Slossar, Albert Lukesh and J. F. Lukesh, the latter being business manager. Mr. Lukesh says they had a fine dance at National Hall last Sunday. A new floor of oak has been laid in the hall, making it an ideal dance floor. Watch for the dance dates of the Center Star in the Quiz.

Mrs. Pearl Morrison of North Loup, the mother of Jack Morrison, spent last week in the H. M. Davis home in Lincoln. Mrs. Davis was in Omaha.

Dr. and Mrs. L. A. Howes drove to Ord Friday. They were accompanied by her niece, Mrs. James Farling, who was leaving for her home in Chicago.

BACK FORTY

By J. A. KOVANDA

This is a horse and mule year. More animals are at work this season than in anytime during the past seven years. Half of them are ten years of age or older. Surplus and reserve stock are very meager.

It used to be common to see a farm where they kept a dozen horses and worked four of them. The last of the dozen is now in harness. Here is a table on horses in Valley county.

Year	No. of Horses
1925	8,522
1926	8,134
1927	7,800
1928	7,821
1929	7,693
1930	7,481

The next shows the number of horses in Nebraska.

1927	815,000
1928	788,000
1929	772,000
1930	757,000
1931	742,000
1932	742,000

Last is a table of the horse and mule production in the United States for the past five years.

1927	421,467
1928	439,320
1929	443,652
1930	438,019
1931	351,994

All three tables show horses and mules to be steadily decreasing in numbers. The demand is growing especially for light draft and saddle horses. The Belgian drafter is threatening to displace the Percheron.

Three acres of land will carry a horse a year. Here's how. One acre corn, 25 bu., one-half acre oats, 25 bu., one-half acre alfalfa, 1 1/2 tons; one acre of good pasture. This plus the aftermath of meadows, grain fields, and corn stalks will carry a horse in vigorous, strong condition for the entire season.

Yet only a half-million colts are raised annually. A million are needed for replacement purposes. The speculator in horses who guessed wrongly in the past may still see his prediction come true.

THE COOK'S COL-YUM, YUM!

Cookies are joyfully received when hungry youngsters stop their play because of gnawing sensation in the pits of their stomachs, the days of vacation and hard playing. It is practically impossible to keep too many cookies on hand for such emergencies, and another summer event which often robs the cooky jar is the impromptu picnic. Nothing is handier for such a party out-of-doors. Make them in the cool of the morning, and provide for later use.

Oatmeal Rocks. 1 c. sugar. 1/2 c. lard. 1/2 c. butter. 2 eggs. 4 tbs. sour milk. 1/2 tsp. soda. 1 tsp. cinnamon. 1 c. raisins rolled in flour. 1 c. walnuts, chopped. 2 c. flour. 2 c. oatmeal. Pinch of salt. Drop a teaspoonful on a greased pan and bake until light brown.

Maude E. Bryan. Cherry Custard Pie. 3 eggs. 1/2 c. sugar (more for fresh cherries). 1 tsp. salt. 2 c. milk. 2 tsp. cornstarch. 1 c. cherries. Use the egg whites either for meringue or in the pie.

Ladies Aid was supposed to have met Wednesday afternoon with Mrs. Andrew Swanson but was postponed until the following Wednesday as so many were quite busy then. Mrs. George Giarborg and Mrs. Floyd Chaffield will assist Mrs. Swanson at the serving hour.

Orville Huribert had to have two binders to cut his grain as it all ripened at once. Leonard Woods cut for him Saturday.

Mr. and Mrs. Henry Struckman and sons, Rolland and Keith, Mr. and Mrs. Elmer Hallock and daughter, Bonadelle and son Eldwin, Mrs. Orville Huribert and daughter, Mildred and Mr. and Mrs. Geo. Watts and son, Glen, all attended the parade in Burwell Saturday evening given by members of Nebraska's Big Rodeo Hat Club.

Miss Lucille Davis and her brother went to North Loup Sunday afternoon, from there they went to Kearney.

Mrs. Henry Kriz and son Leland of Grant are visiting here with the Kriz and Hosesk families. Henry will come after them and spend a few days with his parents, Mr. and Mrs. Frank Kriz.

Rosevale News

Farmers in this vicinity have been busy the past week or two cutting their small grain and putting up their second crop of alfalfa. Everyone who gets their grain is turning out better than usual.

Miss Bessie Rysavy and her brother Frank motored to Grand Island Tuesday where Miss Rysavy went to consult Dr. Watson. On their return trip they went by way of Arcadia and visited with her brother, Joe and family and at Ord with their sister, Mrs. Irvin Merrill. They returned home Wednesday forenoon.

Jim Samla cut grain for Gerald and Bert Dye last week.

Members of the Epworth League enjoyed a party Wednesday evening at Theodore Nelson's as guests of the Nelson boys.

Mrs. Floyd Chaffield entertained the Joint club in her home Thursday afternoon. At the close of the meeting the hostess served a delightful luncheon, consisting of ice cream and cake.

Mrs. Orville Huribert called on her niece, Mrs. Chester Austin in Ord Tuesday afternoon. Also at the John Pigman home.

Earl Giarborg spent Sunday afternoon visiting with Herman Swanson.

John Chaffield and son, Dale of Ord, have been helping their son and brother Floyd with his work the past week.

Bessie and Frank Rysavy spent the week end in Ord with their sister, Mrs. Irvin Merrill.

Man Lost 26 Pounds Looks 100% Better

Feels Stronger Than Ever

Just to prove to any doubtful man or woman that Kruschen Salts is the SAFE way to reduce—let us take the letter of Mr. F. J. Critz of Cincinnati, Ohio, recently received.

He writes: "I've tried extreme dieting, setting up exercises with very little results—but the results from Kruschen are almost incredible. In 3 months I reduced from 205 to 179 pounds and feel stronger than ever—no more wheezing or gasping for breath—friends say I look 100% better."

Bear in mind, you fat man, that there is danger in too much fat—the safe way to reduce—one-half teaspoonful of Kruschen Salts in a glass of hot water every morning—cut down on fatty meats and sweets—one bottle that lasts 4 weeks costs but a trifle—get it at McLean & Sorensen's or any drug-store in the world.

WATCH OUT! It's good-bye to your gasoline dollars if Engine-Waste and her gang break into the pasture. Shell Gasoline is specially produced to stop this thievery. Old Lady Engine-Waste will never milk away another dollar of yours, once you change to Shell. Because in Shell Gasoline you get a perfectly balanced fuel—made possible only by a remarkable process plus many years of consistent development in refining and blending. Shell cuts down Engine-Waste in all its forms! We all know this Engine-Waste gang: Knocks, slow pick-up, dilution of oil, slow starting, gummy valves. When one of them occurs in your motor it means one thing—your gasoline is not performing as it should. Gasoline is being wasted. Engine-Waste is putting your mileage on the toboggan... shooting your driving costs upward. Why not switch now to Shell, and be rid of this danger for good? Shell costs you not one penny extra. Yet every lot of Shell must prove in engine tests at the refinery that it will cut Engine-Waste in your car. Get a tankful of Shell today. Test it. Then see if you don't agree with the millions who say, "You save with Shell."

Wonder Dog Who Obeys Master's Orders, Unaided by Signs, Puzzles Professors

SEDALIA, Mo.—The uncanny perceptive or intuitive powers of Jim, the "mystery dog of Sedalia," who, unaided by signs, obeys orders spoken or written by his master, seem to be beyond human explanation. Jim, an English setter bird dog, known variously as "the wizard," "King Solomon" and "the wonder dog," has astounded and mystified skeptical university professors throughout the country with his amazing ability. "Jim," commands Sam H. Van Arsdale, his master, "show me the automobile with license number 190-815." Jim dashes to the right car. On a piece of paper, Mr. Van Arsdale writes: "Show me the Buick." Jim runs to the Buick. "If your clothes were dirty, Jim, where would you wash them?" Jim puts both forepaws on a washing machine. These are just a few of thousands of orders Jim has carried out unerringly. As a six-week-old pup, Jim was brought from Louisiana by Van Arsdale, a Central Missouri hotel operator. An avid hunter, Jim's master follows the bird season from one state to another. In order to get a fine bird dog he bought the offspring of the famous Eugene's Ghost. But the pup was a disappointment. He seemed lazy; he never played and showed no interest in learning to hunt. Van Arsdale put him in the care of a trainer. When Jim was six months old his master was disgusted. "I'll give him away," he said. But in the next hunt Jim showed interest. He developed rapidly. "Say, I've got a dog," Van Arsdale said, delightedly. When Jim was seven months old Van Arsdale noticed the first signs of the dog's uncanny perception. If he said, "Let's see if there are any birds in the cornfield," Jim would dash away to the cornfield. If a brush patch were mentioned, away would go Jim toward the patch. "It wasn't long after that until he always knew what I was talking about," Van Arsdale said. HIS master keeps Jim with him constantly while traveling, for company and the entertainment of fellow travelers. Hotels at which

You might pardon Jim, English setter shown above with his master, Sam H. Van Arsdale, Central Missouri hotel operator, for putting on the "dog." The setter can obey orders spoken or written by his master, unaided by any signs from the latter.

Van Arsdale stopped here suspended their paid entertainers because the patrons wanted to watch Jim perform. For a news reel company, Jim exceeded himself to the extent of picking out things asked for in Italian, French, German and Spanish by attending professors. "I had to know the meaning of each question before it was asked," Van Arsdale said. "Then I would say, 'Do what the gentleman tells you.' An odd thing about Jim is that

he despises trick stuff. He will not do any of the usual dog tricks, except one of jumping around like a frog which he acquired himself. "Hundreds of persons have tried to explain Jim," says the dog's master, "and I have agreed with them all, because I don't know the explanation. Some say it's mental telepathy. Maybe it is. It's certain Jim won't budge until I know what he is to do. Some say he moves on a signal from me. That might be, but I don't know what it is."

Albert Perlinki, who plays in the Albert Williams orchestra, is now on a location job in Greeley, Colo.

Bethany Lutheran Church. S. S. Kaldahl. Sunday school at 10 a. m. Danish service at 8 p. m. and English at 8:30 p. m. Ladies aid will be held at the home of Chris Johnson July 25 at 2 p. m. Luther League at the home of Jens Hansen on July 25 at 8 p. m. Methodist Church. Thanks to everybody who helped to make last Sunday a fine success. The results were beyond our expectations. We are planning to have another special day soon when we will invite you to help us celebrate the completion of forty happy years in the Christian ministry. Come next Sunday. The sermon, we feel sure, will be especially helpful. Union Service on U. B. lawn at 8 o'clock. Also another service at Springdale Sunday evening. W. H. WRIGHT

Christian Church. Our morning subject next Sunday will be Spiritual Sleep. In the evening it will be our turn to preach at the union service. For that time we will use an illustrated Tabernacle talk. Here is the finest of opportunities for you to become acquainted with this greatest of types of the church. Mid-week Bible study Thursday evening. Bible school at 10 a. m. every Sunday. Our ball team expects to cross bats with the M. E. team from North Loup Friday. Come out and cheer for the boys. The Arcadia ball team gave us the short end of the score last week. But we do want to say we were never treated more nicely in our lives than at Arcadia and congratulate Gaitner on his gentlemanly bunch.

Presbyterian Church Notes. The Presbyterian Sunday school camp is over. Rev. Real as director worked hard to make it bigger and better than last year and much credit is due Arthur Capron's men's committee. Mrs. Goodhand's class of ladies, Mr. Romans who furnished a truck for hauling equipment, Mr. Olsson for ice and many others. During the first period 15 girls ages 10-14 attended, second period 13 young people ages 15-18, last period 11 boys ages 10-14. Provision was made for almost every type of wholesome activity that appeals to young people—nature study, Bible study, tennis, baseball, horseshoe, boating, swimming, fishing, spook hunts, exploring a haunted house and lots of singing around the camp fire. Last Sunday services were turned over to camp reports, giving out awards in camp studies and swimming, and singing church songs which were favorites at camp.

The Needle Workers. Miss Ellen Inness entertained the Needle Workers Tuesday. Plans were made for their unit which is a sport dress. The guests Miss Martha Kiuna, Mildred Moudry and Marie Boyce. The hostess served home made ice cream and cake. The next meeting will be with Gladys Boyce. Gladys Boyce, News Reporter. Use the Ord's Want Ads for quick and sure results.

Here's Family of Demo Candidate

Although these farm folk are little known outside of Red River county, in Texas, another of their family is of national renown. They are children of Mrs. Sarah Garner, 85, shown at the right. Mrs. Garner is the mother of John N. Garner, speaker of the House of Representatives and vice presidential nominee of the democrat party. The others in the group are his two brothers, Jolly, left, and Jesse, and his sisters, Mrs. Maude Blair, left, and Mrs. John N. Wright.

QUIZ FORUM

To the Ord Quiz:
I would appreciate space in the Forum columns to discuss with Mr. Coats his Farm Bureau arguments. First of all the fact the petitions are being circulated concerning the Farm Bureau and County Agent is not and has not been a question as to the merits of them but rather under these distressing times can we afford this extra taxation and do we get value received for the money spent?

It is a serious matter to those of us who are paying interest as well as taxes on the farm from which our living must come. Should we permit these expenditures to go on it will result in the bankruptcy of many good citizens and thousands of dollars of unpaid taxes. The question really is do the taxpayers want to continue this heavy taxation or shall we stop it before everybody is bankrupt? There are several counties in Nebraska that have already eliminated their County Agent and a number of counties that never had one.

To discuss the merits of the Bureau and County Agent I would say that this can be cared for at a very small expense, as a suggestion along this line the 4th club work I believe could be taken care of by arranging with the Ord School Board to have their Agriculture Teacher carry on this work along with his other duties. As far as I know this has never been suggested to the school board or Mr. Kovanda. However, there is no doubt in my mind as to Mr. Kovanda being capable of handling this work.

When we consider the problems of disease control the County Agent is only supposed to act in the capacity of giving information relative to sanitation, this for two reasons: First—He is not educated in this line, if he were probably he would be practicing Veterinary Medicine and would necessarily have to have a license from the Government as well as from our state. Second—The director of Agriculture at Washington, D. C. has expressed himself to this effect in a letter to State Directors. However, anyone can get this sanitation information free of charge from the agriculture teacher or any veterinarian.

As for carrying out the noble experiment at Mr. Coats farm, why hasn't some of our really scientific men who have spent several years in education and doing this work come out with this wonderful information, or are they waiting for Mr. Coats and Mr. Dale? The County funds received thru taxation should be spent in a way so that all may benefit from them instead of a few who have been favored in one way or another.

VOL. 51 NO. 18

OLDEST BUSINESS BUILDING IN ORD DAMAGED BY FIRE

Milford Building In Flames Friday Night; Dry Goods And Grocery Stock Damaged.

Fire, starting from an unknown cause on a basement stairway Friday evening, did serious damage to the Milford store building, oldest business building in Ord. Extensive damage was done to the stock of dry goods in the building and to the grocery stock in the Food Center store.

The fire was reported about 10:45 p. m. by Miss Alma Holloway, who smelled smoke and saw the flames in the back part of the building as she was on her way home. The fire department got on the job at once and after two hours of hard work got the flames under control. Fire broke out again about 4 a. m. Saturday but firemen were still on the job and soon had it under control again.

What caused the fire remains a mystery. On the stairway where it started was a half barrel of sweeping compound and also some partly empty cans of paint. In this combustible material the flames evidently got their start, spreading from there to the south wall of the building and then along the ceiling and walls throughout the store.

The stock of dry goods in the store was the property of C. W. Leonard, of Kearney, who bought the merchandise from James Milford about two months ago.

The dry goods were insured to the extent of \$100,000, probably approximately their present value. Damage to the dry goods was extensive, more from smoke and water than from fire. Insurance adjusters were working Tuesday but so far as the Quiz knows a settlement has not yet been reached.

Mr. Milford says that the building was adequately insured. Pending settlement with the insurance company, he does not know what he will do about repairing the building.

Damage to the Food Center grocery stock consisted of water-soaked flour and sugar and a few groceries damaged by smoke, these items all being in a warehouse at the rear of the store. Insurance adjusters were on the job in the Food Center the day after the fire and settled the loss promptly and the store never was closed.

The Milford building was erected in the spring of 1882 and is the only fifty-year-old Ord business building still standing and in use. Originally it had wooden siding but in the great hail storm of 1885 the siding was cut to shreds by hail stones and later was replaced with sheet tin siding, which still remains on the building.

Horace M. Davis, deputy state fire marshal, inspected the building Monday and conferred at some length with Fire Chief A. J. Shirley, after which the two reported that the cause of the fire had not been definitely determined. At first it was thought that a short circuit in the electric wiring had started the blaze but this was later found to be improbable because of the place where the flames apparently got their start.

Last people in the store before the fire were Mr. Leonard and his employee, Frank Absalon, who left the premises about 10 o'clock Friday night. There was no indication of fire when they left the store, both say.

Ord Men Present Kangaroo Court For Big Hat Club

Five Ord men visited Burwell last Wednesday evening and officiated at the kangaroo court of Burwell's Big Hat club, 17 recalcitrant members of the club being brought to trial and found guilty. Carl Dale of Ord acted as judge, John P. Misko was prosecuting attorney, J. D. McCall served as defense attorney and Eugene Leggett and Ed Beranek were sworn in as witnesses in various cases. A big crowd attended the trial and seemed to get a lot of enjoyment out of Judge Dale's decisions and Attorney Misko's methods of prosecution. Quiz readers who were in Burwell Saturday evening and saw John Ward directing traffic while dressed as Mahatma Gandhi and Harry Lewandowski washing the postoffice windows with a toothbrush know that the punishment inflicted by Judge Dale was adequate to the occasion.

Puncochar's Will Play. Joe Puncochar and his orchestra will feature the Ord band concert next Wednesday evening, playing several special numbers in the style that has made them favorites with Ord crowds. The band also will drill on the paving at eight o'clock, announces Leader Glen Auble.

Sunday was Anton Guggenmos' birthday and the event was properly celebrated in the Ord park with a big picnic dinner. Besides Mr. and Mrs. Guggenmos and son in those to attend were Walter, Dan and Clarence Guggenmos and their families and Mr. and Mrs. M. Guggenmos and daughter, Lucile.

Mid-Week Shows To Be Discontinued At Ord Theatre

Starting next week, Tuesday, Wednesday and Thursday shows at the Ord Theatre will be discontinued until further notice, the management announces in today's Quiz. The reasons for this action are several. Patience has been light at mid-week shows, for one reason. Also, the season of fairs and other outdoor expositions is coming on, which always lessens interest in the movies. The management hopes to be able to resume a full time schedule this fall.

Two fine pictures come to the Ord Theatre within the next week, "Whistlin' Dan," with Ken Maynard, and "Hotel Continental," with an all-star cast including Peggy Shannon and Theodore Von Eltz.

17 PRESENT AT NEWS WRITING SCHOOL IN ORD

George Round, jr., Leads Session At School Saturday; Picnic At Bussell Park.

At a well attended all day news school held in the Ord high school building last Saturday, seventeen Quiz correspondents and 4-H club reporters were told the principles of news writing by George Round, jr., of the University of Nebraska extension service.

"Write your news and mail it to the newspaper as quickly as possible after it happens," Mr. Round stressed. "Write about the most unusual features of the news, be explicit, don't use time worn words or phrases."

Actual practice in writing news made up much of the day's work, the meeting starting at 9:30 a. m. and lasting until 11:30, then continuing at 1:30 p. m. and continuing until 3 o'clock when a visit to the Ord Quiz office concluded the program.

During the noon hour those attending the school enjoyed a picnic dinner at Bussell park, a plentitude of fried chicken and other good things to eat being provided by the reporters present and ice cream and coffee being provided by the Quiz. The ice cream was made in John Sharp's Ord manufacturing plant and was judged as good as some made ice cream by those who ate it at the picnic. Active games in which all took part preceded the picnic dinner.

At the newspaper office reporters were introduced to the intricacies of the typesetting and printing processes, witnessing an actual news story set on the Model 8 linotype and printed on the automatic Chandler & Price press. Each reporter was given a copy of the story as a souvenir. Quiz correspondents attending the school included Mildred Hurlbert, Dorothy Fish, Billy Garnick, Dorothy Padock, Irene Pierce, Norma Mae Benn, Anna Giarborg, Dorothy Nelson, Alyce Verstraete, Ethel Verstraete, Florence Falser, Mrs. John Williams, Billy Arnold, Winnie Coats Cornell, Dolse Waterman, Opal Christoffersen and Ruth Jameson. County Agent C. C. Dale, his office assistant, Miss Ellen Andersen, and Editor E. C. Leggett of the Quiz assisted with the school, which was sponsored by the county agent's office and the Quiz.

HEAVY RAIN AND SOME HAIL FALLS, HIWAY WASHED

Whole County Got Moisture Last Thursday, Heaviest Fell Near Arcadia.

Rain fall varying from just a sprinkle north of Ord to four inches near Arcadia fell Thursday evening, the moisture being welcomed everywhere but hail that accompanied it doing damage in some localities. A section of the Arcadia highway was washed out near the Sam Holmes farm, where the rain assumed the proportions of a cloud burst. Hail damage was done in the same locality. In Arcadia 2.28 inches of rain fell and in Mira Valley the rain varied between an inch and 1/2-inch.

Oil Station Changes Management. Mrs. Bernard Smith has sold the Smith service station which she has been managing since the departure of her husband some months ago, to Mrs. Bird and the station was turned over to the new owner last Saturday. Joe Osentowski who has been employed by the former management will assist in running the station, as will also, Arthur Du-mond. Watch this paper for an announcement of special opening with a complete new line soon.

JOE BENDA, JR. KILLED MONDAY IN AUTO UPSET

Young Man's Neck Broken As Car Hit Loose Gravel Near Turtle Creek Bridge.

Joe Benda, jr., 18, was killed almost instantly Monday morning when his car hit loose gravel near the Turtle Creek bridge and went over the grade, overturning several times. Young Benda's neck was broken. His companion, Walter Conner, escaped with cuts and bruises.

The tragedy happened about 2 o'clock a. m. Benda and Conner had been attending a dance at Elyria and were on the way home. Evidently they were driving at a high rate of speed with young Benda at the wheel when they hit the loose gravel, which threw the car from the grade. Both young men were thrown clear of the wreck but Mr. Benda hit on his head and his neck was fractured. The Chevrolet car they were driving was wrecked.

Two cars came along almost immediately, one containing Howard Preston and Hugh Ward and the other Wendell Hather and others, the two parties bringing the body of young Benda to Hillcrest hospital where Dr. C. W. Weekes made an examination and determined the cause of death. The body was then taken to the Frazier funeral parlors.

Earlier that night another accident happened in almost the same spot, cars driven by Harry Lewandowski of Burwell and Domon Zulkoski of Elyria colliding. The Zulkoski car side-slipped off the grade and turned over but the driver escaped without serious injury though the car was a complete wreck. Extensive damage also resulted to the Lewandowski car though neither Mr. Lewandowski nor his wife were hurt.

This collision happened about 10:30 p. m. Sunday just as Joe Benda and his companion were going to the dance at Elyria. Young Benda drove on into Elyria and telephoned an account of the accident to Sheriff George Round, who investigated the case. The coincidence that only a few hours later the Benda boy met death within a hundred yards of the same spot.

Funeral services for Joe Benda, jr., were held at 1:30 p. m. yesterday at the Frazier funeral home, A. Filipi of Clarkson having charge. An enormous crowd of sorrowing friends and relatives were present and accompanied the body to its last resting place in the National cemetery.

Advices Poisoning Hoppers On Outside Rows of Corn Fields

Though the grasshopper infestation in Valley county is not so bad, some farmers have reported to County Agent Dale that the insects are entering the cornfields. The recent hot and dry weather has caused the vegetation in the fence rows and similar places to dry up and burn and the hoppers are looking forward for more succulent feed.

In addition, some farmers told Dale that the hoppers especially moved toward the cornfields after the second cutting of alfalfa. Poisoning of the hoppers on the outside rows of the fields now may prevent further damage later, Dale says.

The Farmers Grain & Supply Co. has been handling poison bran meals for some time. Farmers are advised to use this material in an arrangement with the farm bureau. Nearly two tons have been spread. Where the hoppers are thick, Dale says it is probably advisable to poison them.

Won Tennis Tourney At Camp Sheldon

The honor of winning the tennis tournament at Camp Sheldon, Y. M. C. A. camp held each summer on the Blue River near Columbus, goes this year to an Ord boy, Floyd Beranek. Floyd won the championship in a field of 119. Last year he was runner-up in the same tournament.

Floyd was one of the best tennis players on the Ord high school team last spring and won his matches against St. Paul, Arcadia and other towns. He is perfecting his game this summer and by next year should be good enough to bring credit to Ord in the state tennis tournament.

1932 Water Fowl Season Extended To Sixty Days

Men who revel in the sport of hunting water fowl will have twice as long to follow their favorite diversion this fall as they had in 1931, it was revealed last week, when President Hoover announced a 60-day open season on ducks and geese for 1932.

The season will be open in Nebraska from October 1 to November 30, which is highly satisfactory to local sportsmen. Last year the open season was from Oct. 30 to Nov. 19 and since the big flight took place after the closing date little hunting was done here.

Water fowl are much more numerous this year than last, due to more plentiful rain-fall throughout the breeding areas of Canada and the United States. Also, the shortened season last year left more mature birds to go north last spring.

Some changes of bag limits also were made by federal authorities. The daily bag limit of 15 and the total limit in possession, 30, remain the same, but hunters are limited to ten canvasbacks, teal, gadwall and divers daily, while the shooting of ruddy ducks and buffle-heads is strictly prohibited. These varieties suffered more from drought conditions than did other ducks.

Hunters also will be limited to the use of 25 live decoys but since few local hunters use more than six or eight this provision will not be felt here.

MRS. JOE GOLKA DIES, HIGH BLOOD PRESSURE CAUSE

Respected Farm Woman Passed Away Thursday After Brief Illness; Funeral Saturday.

After an illness brought on by high blood pressure, Mrs. Joe Golka, a respected farm woman, of southwest of Elyria, passed away at Hillcrest hospital here last Thursday. Funeral services were held at the Catholic church at 9 a. m. last Saturday, Father Lawler having charge, and interment was in the Catholic cemetery here.

Teckla Grenvald, the daughter of Mr. and Mrs. Mike Grenwald, was born Sept. 18, 1886 in St. Libory, Nebr., where on Feb. 18, 1908, she was married to Joseph Golka. Seven children were born to them, three dying in infancy. Those who survive are Mrs. Valeria Ludington, Eleanor, Elmer and Martha Golka. She also leaves her husband, her father, who now lives in St. Paul one sister, Mrs. Christina Derezonski, of Leavenworth, Kas., and several half-brothers and sisters, Oconto, Nebr., and Hopper, Tex. Mrs. Katie Schlonga, of Atchison, Kas., Mrs. M. Lucida, of Lafayette, Ind., Mrs. Victoria Grarjek, of St. Paul, Nebr., Mrs. Rose Sterbach and John Grenwald, of St. Libory, Phelt Greenwald, of Oconto, Nebr., and Frank Greenwald, of St. Libory.

A year after their marriage in 1908, Mr. and Mrs. Golka moved to Valley county and established a home seven miles west of Ord, which has been the family home ever since. Mrs. Golka was a devout Catholic, a loving wife and mother and was much loved in the community where she had made her home for many years.

Ludington Pinned Under Wagon, Hurt

When he was pinned under an overturned dump wagon on the Comstock highway project last Thursday, Harold Ludington suffered a badly fractured right arm and will be laid up for some time. He was driving the dump wagon down a hill, a wagon load of oats being towed behind the dump wagon. The load of oats exerted pressure on the dump wagon and it tipped over, Ludington being pinned beneath. Other highway employes extricated him and he was brought to Hillcrest hospital where it was discovered that his arm was broken in two places and the bone protruded through the skin. He also was badly bruised over most of his body. He is recovering as well as could possibly be expected, Dr. F. A. Barta reports.

Operated on in Omaha. John Sebesta went to Omaha last week and in University hospital submitted to an operation for hernia. He is recovering from this serious operation in fine shape but is also taking treatments for a small cancer on his lip and will be in Omaha for thirty days or longer.

This morning Priscilla, daughter of Mr. and Mrs. Gould Plag is celebrating her 6th birthday. Several little friends are invited. In order to escape the afternoon heat, the party is held in the morning.

BURWELL GOLFER SMASHES PAR TO TAKE TOURNEY

Harry Lewandowski Shoots Brilliant Golf on Ord Course Sunday; Island Man Medalist.

Par smashing golf over the sun-baked fairways of the Ord municipal golf course Sunday was played by Harry Lewandowski, of Burwell, who won the championship flight of the Ord invitation tournament with the most brilliant exhibition of consistently fine playing seen here in many a season. Against a field of over 60 golfers, the largest number that ever competed in a tourney here, young Lewandowski won the championship when he edged out Glen Auble on the seventh hole of the final round.

Golfers were here from Loup City, Sargent, Callaway, Grand Island, Ainsworth, North Loup, Wolbach, Arcadia, Long Pine, Scotia, Waco, Greeley, and Geneva, as well as a large representation from the Ord club.

E. Moore, of Grand Island, was medalist with a 31 while other members of the championship flight qualified with the following scores: Baldwin, of Ainsworth, 35; Miner, of Long Pine, 35; Lewandowski, of Burwell, 33; Hosh, of Scotia, 35; Warren, of Wolbach, 32; Auble, of Ord, 34; Hamilton, of Geneva, 34.

In championship flight play Moore beat Baldwin, 3 and 1, Lewandowski eliminated Miner on the last green, Warren was 2 up over Hosh and Auble beat Hamilton by the same margin. In the second round Lewandowski was one up over Moore while Auble won from Warren by the same margin. Lewandowski won the finals, 1 up. The consolation flight went to Miner, who beat Hosh 3 and 2.

E. Lewandowski, also of Burwell, beat Clark of North Loup in the second round and Tolon, of Ord, beat Bartunek, of Wolbach in the consolation.

Spot Johnson won the 3rd flight when he beat Davis of North Loup while Smith, of Wolbach beat Albertson of Scotia in the consolation. Swanson was the 4th flight winner, beating Blessing 1 up, while Finch defeated Clark to win the consolation. Fifth flight honors went to Harp, of Long Pine, who beat C. Lewandowski of Burwell, Barnest, of North Loup, took the consolation in the fifth flight by beating Kosmata.

In the eighth flight Weigard beat Misko, 4 and 3 and still another Lewandowski, Leon, of Loup City, won the consolation. Mortensen won the seventh flight and Haught won the consolation.

The medalist, E. Moore of Grand Island, is said by many to be the best player who ever competed in Ord, in spite of the fact that he was eliminated by the champion in the next to the last round. Moore shot consistently below par and turned in several birdies and one bogey during the day.

Sunday's tournament was one of the most successful the Ord Golf club has ever held.

County Agent Asks Women To Enroll In Project Clubs

Valley county women's extension clubs who expect to take the project work for this year should get their enrollment blanks into County Agent Dale's office by August 15. Mr. Dale said today that he expects more clubs to be organized this year than last. Twenty-five clubs took the project work last year. The Valley county women will take the "Live At Home" project this year. The project has been outlined by the agricultural college extension service and will be given to local leaders at training meetings scheduled to be held in Ord and North Loup monthly. Each club will elect two leaders to attend each meeting.

North Loup Organizes Green Hat Club To Boost Popcorn Days

North Loup, July 27.—(Special)—The Green Hat club is the name selected for the Popcorn Days booster organization being formed here and already North Loup men are beginning to don the green headwear. The name was suggested by Mrs. Myrtle Sayre, who won a \$5.00 cash prize offered by the Commercial club thereby. Hats are being painted green at Clement's garage this week, an auto paint-gun being used, and Mrs. Grace Reed will decorate the hats with yellow bands. Great interest in joining the Green Hat club is being shown here.

Rev. Willard McCarthy gave the tabernacle sermon Sunday evening at the Union services held on the U. B. lawn. There was a large attendance.

Believe in Straw Votes? Rotary Is For Hoover

All the republicans in Ord haven't turned democratic yet, if a straw vote taken by the Ord Rotary club Monday evening is indicative of local sentiment as a whole. Eleven Rotarians voted for Herbert Hoover for president while nine preferred Franklin D. Roosevelt. The republican vote for Governor of Nebraska was even heavier, 15 Rotarians casting ballots for Dwight Griswold while only five voted for Brother Charlie Bryan.

Clarence M. Davis was the club speaker Monday evening, telling in an interesting way about the national republican convention in Chicago, to which he was a delegate. Guests at the dinner were Tom Fuson, of New York City, and Dr. F. L. Blessing.

WILBUR D. CASS AND MISS EASLEY WILL BE MARRIED

Ord Hi School Principal Will Wed Language Teacher Aug. 14, Return Here Sept. 1.

At Sutton, Nebr., on August 14 will occur the marriage of Wilbur D. Cass, principal of Ord high school, to Miss Elizabeth Easley, teacher of languages in Ord high school for the past several years. The wedding will be solemnized at the home of the bride's parents, Mr. and Mrs. J. R. Easley.

Miss Easley is a former student of Nebraska Wesleyan university as is also Mr. Cass. At present the Ord high school principal is studying for his master's degree at the University of Nebraska.

After their marriage, Mr. and Mrs. Cass expect to go on a short wedding trip before coming to Ord September 1 to make their home. Miss Easley holds a contract to teach in the Ord schools this coming term but a local custom forbidding married women to teach in the Ord schools probably will force the board to sign another teacher in her place.

Engagement Announced. Miss Jean Nelson, of Hastings, for three years an instructor in Ord high school, will be married in September to Franklin Fehlein of Doniphan. The engagement was announced last week.

Brief Bits of News

Passes 89th Birthday.—Monday was Wm. Wigent's 89th birthday and Mr. Wigent was up town for several hours receiving the congratulations of his many friends. While not as lively and full of pep as he was a few years back, Mr. Wigent is enjoying pretty good health for a man of his age.

New Kind of Fish Bait.—Ed Mauer, proprietor of the Royal Inn and enthusiastic fisherman, was showing friends a new kind of fish bait last week. The new bait is known as "oxillata" and is a small fish resembling a tad-pole except that it has four legs and appears to live quite as well on land as in the water. A number of oxillata were brought up to Mr. Mauer by York county friends who were going to the sandhill lakes to fish. Ed expects to try these new fangled minnows on catfish in the Loup river and on bass at Lake Ericson.

Elected Vice President.—At the Nebraska Rural Letter Carriers association convention held in Central City last week, C. J. Goodrich of North Loup was chosen vice president. It was voted to hold the next summer's convention at North Platte. J. D. McCall attended the convention from Ord.

Ord Crowd Went Fishing.—Six Ord men and one man from Grand Island formed a party that fished with good success at Marsh lake Sunday, catching about 300 fine perch averaging about 1/2-pound in weight. The party included Jerry Patska, J. A. Kovanda, A. B. Capron, George Work, Dr. W. J. Johnson and O. E. Johnson, of Ord, and a brother of the Johnson's from Grand Island.

Davis Named on Committee. Clarence M. Davis, of Ord, Monday was named as a member of the executive committee to have charge of the republican campaign in Nebraska. State Chairman Robert Smith, of Omaha, made the appointment. Mr. Davis will represent the fifth district on the state executive committee, other fifth district members being S. E. Torgeson, of Kimball, and Mrs. J. S. Kroh, of Ogallala.

Delcos, Burwell Win. The Ord Delco-Lights, Farm Bureau league leaders, had little trouble with Oak Creek Sunday and won 18 to 4 behind the steady hurling of Cover and Furtak. Burwell beat Elyria 11 to 4 Sunday, the Arcadia-Ord Camel game was forfeited by the Camels and the Olean-Mira Valley clash had not been reported to Secretary Dale yesterday.

VINCENT KOKES DIES SUDDENLY OF SUN STROKE

Respected Ord Resident For 50 Years Stricken Tuesday At Fair Grounds.

Funeral Friday

Ord Stores Will Close For An Hour Tomorrow Morning To Honor Memory of Mr. Kokes.

Rarely has the community been so shocked as it was Tuesday morning when it became known that Vincent Kokes, for fifty years a respected citizen of Ord, had passed away suddenly from cerebral hemorrhage apparently brought on by over-exertion and sun-stroke. He died at the Valley county fair grounds where he was directing a force of men who were burning weeds from the grounds.

Tuesday morning was unusually hot and only a few minutes before his tragic death Mr. Kokes was warned by his long-time friend and fellow-director on the fair board, Charley Bals, that it was too hot for him to be working in the hot sun.

The fire he was watching showed signs of getting out of control and Mr. Kokes, always a conscientious worker, began to fight the flames. A moment later he was seen to fall to the ground by Mrs. Bals, who was sitting with her husband in a car near by. A medical help was called at once but Mr. Kokes apparently had passed away almost instantly.

The funeral services will be held at the Catholic church at 9 o'clock Friday morning. Father Lawler will have charge of the services and will be assisted by Father Feeney, of Greeley, and Father Murray, of Burwell. Interment will be in St. Mary's cemetery here.

This afternoon from 3 to 5 o'clock the body will lie in state at the Kokes residence so that all who knew and honored him in life may pay their respects to him in death.

According to a proclamation made by Mayor Wm. Moses, all business houses of Ord will close between the hours of nine and ten o'clock Friday morning as a token of the esteem in which the deceased was held by his fellow citizens and to allow all of his friends to attend the funeral services. The Ord band concert was postponed last night out of respect to his memory and because for years the deceased served as manager of the Ord band and always was a financial contributor to it.

In summary of Mr. Kokes' life, obtained partly from diary that he kept and partly from the memory of friends, shows that few residents of Valley county or of Nebraska are more entitled to the love and respect of their fellow men than was the deceased.

Vincent Kokes was born at Bela, near Pacaty, Bohemia, on March 16, 1866. He was the son of Joseph and Anna Kokes. Bela is a small village which had neither school house nor church at the time Vincent was born. His early days were spent much as the childhood of other boys whose parents were busy trying to "keep body and soul together" on account of shortage of money, a condition that prevailed with most of the families of that village.

Vincent began attending public school when he was five years old. He had two older brothers and one older sister already going to school when he started and all of them walked about two miles to school. His father was a farmer and when Vincent was about seven years old he sold his place at Bela and bought a farm at Horni Myslava, about three miles south of Teitsh, Moravia. Again the children had about two miles to walk to school, this time at Kostelni Myslova. This school Vincent attended until he was about ten years old, after which he attended a better school for four years.

Delegation Visits Gov. Bryan, Ask For Ericson Road

Yesterday a large delegation from Ord, Ericson and Comstock visited Governor Bryan at Litchfield to ask that the road between Ericson and Comstock, by way of Ord, be taken over as a state highway. They also asked that the new state highway be graded and gravelled at once. Governor Bryan was in Litchfield to make a speech. Such a delegation has visited the governor on previous occasions and such petitions have been presented to the governor before without success. This time, though, it is believed that success will result for of federal money for highway development provided by the Garner bill is \$5,000,000 and this money will soon be available for highway construction.

Tuesday Clarence Davis made a business trip to Burwell.

WHAT SHALL WE BELIEVE?

The nation will soon be in the heat of a presidential campaign which promises to be even more bitter than was the torrid campaign of 1928. The democrat party will stoop to anything to discredit republicans for it means the donkey's first real chance in twelve years.

In the campaign that is already starting we will be asked to believe many discreditable stories about the candidates of both parties. We will be told by the democrats that President Hoover caused the depression and that only by electing Franklin Roosevelt can the country recover.

A very well informed gentleman, a university economics professor, was a visitor in the Quiz office a few days ago. Though a democrat in politics and no believer in the 18th amendment, this man expects to vote for President Hoover in November.

So far as the Quiz can see it makes little difference which party takes the reins of power next March. Examination of the platforms of the two parties discloses so little difference that the terms "democratic" and "republican" might well be synonymous.

Follow prejudice if you want to in voting for a president but be guided by your reason in filling the lesser offices.

When You and I Were Young, Maggie

25 Years Ago This Week. Will Siler left his auto running while he stepped into Schwand's jewelry store for a moment and the car started off. John Ratliff, who was sitting in the car, tried without success to stop it.

The Quiz revealed that Bud Shirley was the winner in his clay bird shoot with Otto Murschel the week before.

While threshing on the Claus Koll farm, John Dowhower's threshing machine boiler exploded and several men were slightly hurt. They included Hartwig Koll, Mr. Dowhower, John Koll and Jim Mortensen.

20 Years Ago This Week. Pokorney's breeding barn was burned but Albert McMinde and Charley Smith succeeded in getting the horses out before they were burned.

Walter Battle and Elsa Firkins were married by Judge Gudmundsen, Ella Chapman and Merrill Hughes serving as witnesses.

The Quiz editor advocated action to stop women wearing tight skirts, referring to them as "immodest" and "indecent." The fad of wearing these skirts was being carried to such extremes that the skirts threatened to become regular tights.

Francie chickens were said to be plentiful than ever throughout the sand hill regions. The season opened Sept. 1 and lasted until Nov. 30, it was revealed in the Quiz.

My Own Column

By H. D. LEGGETT

If nothing happens more than I know about now, I will be writing this department from Jack Pine Lodge on Cullen Lake, near Niswaga, Minn. There are several what I call good reasons for going up there. First and foremost, I am not needed in the Quiz office.

Then I really have another reason for going fishing. Eugene came home and had to admit that he was unable to catch any walleyes and I am just going to go in August, the poorest month in the year and show him how it is done.

So far I have been able to pay the help in the Quiz office every Saturday night but I have been unable to do so only by practicing the most rigid economy in the management of the business; by cutting off some features that I would have been glad to continue; by reducing the amount of help employed as much as possible; by retaining the salaries of all those remaining on the pay roll and by taking out of the business for myself only about half what would be agreed by anyone a fair salary.

But here is really what I started to say when I started the last paragraph above. How is the government going to bring back better times by borrowing almost countless millions which we have got to pay back and upon which we have got to pay interest. We business men have found that to keep going we must cut expenses, quit borrowing, save on all expenses, yet the government expects to attain the same end by plunging in debt harder than ever.

No, we can't go on demanding more and better roads, more and better schools, more and better everything else and expect to have less taxes. I really believe we could call a halt on the good roads program for a few years, perhaps with profit to all of us and there are a lot of other frills that we are able to have as communities, that could be cut off just as we have to go as individuals, until we have a chance to catch our several breaths.

Will Make Movies For East Indians. A year's contract with the R. K. O. Victor corporation, of Camden, N. J., was accepted last week by Ainslie L. Davis, jr., of Plattville, Colo., who is well known here. The young man is a nephew of Horace M. Davis, former Ord man. Though in his early twenties, young Davis is a capable sound engineer in the making of talking motion pictures.

Low Fare Excursion To Omaha. For the week-end of August 6-7, Union Pacific will sell round trip chair car tickets from Ord to Omaha for only \$4.25. For information about train service, sale dates and return limit, phone or see Union Pacific Agent.

Mr. and Mrs. Oliver Collison, of Campbell, were visiting Ord relatives and friends last week.

Something Different

Kirk Lewis inquired of his parents the other day how come he didn't have a lot of brothers and sisters?

Some fireman had lots of courage at the Millford fire, or so it looked from a distance. Did you see him atop a ladder, chopping in to the flaming building, with the fire rising higher with every blow of his axe?

Everything serves a purpose, apparently. High winds are called Old Lady Nature's pruning knives. And the terrifically hard winds here this summer have done much to clear out dead wood and improve our trees. The only pruning most trees ever get.

Lots of pretty petunias about Ord. Just drive up one street and down another tonight and count the beds and borders of this official flower.

Advertising is the real money maker in the newspaper business and the advertising in all newspapers is now cut about in half. The Quiz has been averaging about half the past six months. If advertising was normal you would not hear a squawk from me about subscriptions until conditions get better.

Mispronunciations are very funny to the informed, but not so amusing when you are occasionally forced into one yourself. It isn't pleasing to find words that you can't pronounce, but who is there to help you enjoy the other fellow's efforts?

Broken Bow Excited. The Rodeo fans at and around Broken Bow are telling some pretty big stories about the coming Rodeo and Fair to be held Aug. 23-25. A month ago it was said that one hundred cowboys would contest in the wild west events. Now it is claimed more than three hundred have written for information and programs. Four hundred head of rodeo stock will be available for the Broken Bow show, and a battery of trick and fancy riders and rodeo clowns have been contracted for.

BACK FORTY

By J. A. KOVANDA

This year is similar in many respects to 1896, the proverbial low price year of the past half century. Like 1896, 1896 was a presidential election year. Various methods to relieve the depression were advocated then, among them farm relief.

History shows that the farmer raised no less corn and no more "hell" than usual; that prices struck bottom near the middle of the year, and that a gradual improvement in conditions set in near the last quarter. The improvement in conditions was slow but steady. It was reflected in a gradual price rise covering several years. Those years stand out as among the most prosperous the nation has ever known.

Will 1932 be the turning point of the present depression, as 1896 was of the depression of the 90's? The similarity between commodity prices on June first, in 1896 and now is shown in the following table of figures.

	1892	1913	1896
Butter	.16	.26	.15
Eggs	.11	.17	.10
Wheat	.57	.92	.58
Corn	.31	.57	.27
Fowls	.11	.13	.06
Hogs	3.20	3.70	3.10
Cattle	5.50	8.25	3.75
Wool	.10	.20	.13
Cotton	6.49	11.13	6.99

Public opinion generally is that the economic situation has hit bottom; that immediate rainfall would improve conditions over last year, locally. As history repeats itself, the best economists believe this depression will correspond in scope to those we have had in the past.

Wanted Account Of Birthday Party Held 50 Years Ago

A few days ago the Quiz received a letter from Mrs. J. Z. Flieger, of Plains, Mont., an old time resident of Mira Valley. Mrs. Flieger wanted a paper of July 11, 1884 which dealt with a party given at her home that she gave at that time in honor of the fortieth birthday of her husband. Referring to the Quiz files of 1884, we found the paper she wanted in just a few minutes.

"According to promise I will endeavor to give you a brief account of a very enjoyable surprise party that took place at the residence of J. Z. Flieger, on what is called Clark's Glenn farm, situated on the south side of Mira valley, a farm beautifully located in valley and hillsides and containing about 1800 acres. I am glad to describe to you the party that took place at that time in honor of the fortieth birthday of her husband. Referring to the Quiz files of 1884, we found the paper she wanted in just a few minutes.

Mr. Hillerest Notes. Born to Mr. and Mrs. E. W. Hudson of North Loup a baby girl. Dr. Weekes was the attending physician. The new arrival has been named Barbara Jane.

Billie Bee Evans, daughter of U. G. Evans, Arcadia, had her tonsils removed at Hillcrest by Dr. C. W. Weekes.

Otto Elisk had his appendix removed at Hillcrest Saturday by Dr. Weekes.

Walter Tvrdik was able to return to his home at Comstock Thursday following an appendectomy by Dr. Weekes.

Edward Kolar, Comstock, had his appendix removed at Hillcrest Tuesday.

THE COOK'S COL-YUM, YUM!

For hot weather, dairy dishes are especially appealing, and there are many, many ways to use dairy products. Perhaps you have not utilized them sufficiently in preparing family meals.

Another fine thing about using milk, cream, cheese and eggs it helps our neighbors, the Valley county farmers, as much as anything we can do just now. That is another important reason for using them plentifully.

Cottage Cheese Salad. 1 pt. cottage cheese. 2 hard-boiled eggs. 1/2 dz. red radishes. 1 small onion. A few lettuce leaves. Use enough milk or cream to moisten. Save one egg to slice for a top garnish. Sprinkle the top with a little paprika.

Winnie Coats Cornell. Strawberry Shortcake. 1/2 c. thick cream. 1/4 c. milk. 2 tbsps. sugar. 3 tbsps. baking powder. 1 1/2 c. flour or enough to make stiff. Pinch of salt.

Mrs. Gerald Dye. Butterscotch Pie. 2 c. milk. 1 c. brown sugar. 2 tbsps. cornstarch. 2 tbsps. flour. 2 egg yolks. 1/2 tsp. salt. 3 tbsps. butter. 1/2 tsp. vanilla.

Greta Brickner. Canned Green Beans. The best way to can string beans is with the flavor all cooked in. To do this, gather, wash and string the beans the same morning. Break them into inch pieces and fill the jars loosely. In the middle of each jar put two slices of bacon and a teaspoon of salt. When the jar is packed, fill it to overflowing with boiling water, as this saves time in processing. Cook in a water bath for 3 hours.

When you open them, add enough raw potatoes for a meal and cook until the potatoes are done. Mrs. Dean Moser, Burwell. Next week we will offer another cook's recommendation on canning green beans. Then you may compare them and see which appeals to you most. It is bean canning time, you know.

Card of Thanks. We wish to take this means of thanking the neighbors and friends for their many kindnesses during the illness and after the death of our wife and mother, for the beautiful flowers and for all the acts of kindness shown us and the words of sympathy extended to us. Joseph Golka and Family.

"Any old oil" ruins motor power

Too heavy oil is bad. Too thin oil is bad. Either will rob you of five cents worth of power and mileage out of every dollar you pay for gasoline. Too heavy oil cuts horse power down because of excessive fluid friction or roll drag. Too light oil fails to hold the hot gases behind the pistons—permits power to blow past the pistons. Thoroughly dewaxed new Polarine holds its protective body at all engine heats—prevents loss of power. It remains fluid at low temperatures—assures protective lubrication every instant the motor runs.

New Polarine is free from harmful impurities—does not form crankcase sludge or hard carbon—is made in correct grades to meet the needs of every type and make of automotive engine. For full power and full protection against wear, use the grade of new Polarine the Chart specifies—25, A QUART FOR EVERY GRADE. At Red Crown Service Stations and Dealers everywhere in Nebraska.

She Reduced 38 lbs. The Safe Way

"I have been taking Kruschen Salts for 4 months and I think they are wonderful. I am 32 years old and 5 ft. 2 in. tall. I was very fat. I weighed 165 lbs. and now I weigh 127 lbs. and feel fine. If I let up taking the Salts one morning I feel lazy and heavy", Mrs. Florence Loftus, Boston.

This is just one of hundreds of letters we get every month—Kruschen not only causes you to lose fat but while you are losing it you gain in health—in vivaciousness—you lose fat where fat is most prominent and at the same time keep stomach, liver, kidneys and bowels functioning naturally.

McLain & Sorensen or any drug store in the world will sell you a jar of Kruschen for a trifling sum—take one-half teaspoonful in a glass of hot water every morning—go light on fatty meats, potatoes and sweets. But for your health's sake demand and get Kruschen Salts—imitations are numerous. It's the little daily dose that does it.

Luella Paddock gave a demonstration on "dressing center" when the club met at the home of Ruby Stuart last Thursday. She explained what should be on top of the dresser and why it should be there. Thelma Paddock gave a demonstration on "Dresser Drawer Convenience" showing how you can separate one thing from another. Elma Stanton gave a demonstration on "Dressing Table" telling how they may be made. Thelma Urban gave a demonstration on "closets" showing the way they may be fixed. Dorothy Fish and Luella Paddock gave a team demonstration on "posture" showing the correct way to stand and sit, also some exercises to improve your standing and sitting position. Dorothy Paddock gave two demonstrations one on "varnish remover" and one on "ink remover". Ruby Stuart gave a demonstration on "The Lighting of a Dressing Table". They also judged the color charts Ruby Stuart receiving first and Dorothy Fish second. Then they judged the pieces of refinished furniture, Dorothy Fish receiving first and Ruby Stuart second. A dainty lunch of ice cream and cake was served at the close of the meeting. Dorothy Fish, News Reporter.

Busy Bee Cooking Club.

At the last meeting Ruth Benn demonstrated the making of cottage cheese, using a plan recipe. However there are many ways of combining cottage cheese to make tasty nourishing salads. The hostess, Mrs. Joe Dlugosh served a refreshing lunch at the close of the meeting. The club will meet at Norma Mae Benn's on July 27. Simple desserts will be prepared as a part of our second lesson. The club members and leader have agreed that "all work and no play" is not a wise rule to follow, so last week they spent two days very enjoyably camping. Helen Bartunek kindly acted as chaperone. On Saturday Irene Pierce and Norma Mae Benn were guests of the Ord Quiz force. Mr. Round's instruction on news reporting will be a great help to reporters. They returned home at four o'clock feeling the day had been very well spent. Norma Mae Benn.

Everything Ready For Burwell's Big Rodeo, Aug. 10-12

Nebraska's Big Rodeo, the big three way fair of Garfield County, is again ready to put on another of their nationally known contests and exhibitions. August 10-11-12 are the dates for their three big days.

In the contest part of the rodeo prizes have been offered that will attract cowboy and cowgirl contestants from all over the U. S. and Canada. The best stock obtainable has been procured for the contestants to use.

The Big Six Horse Team of the Union Stock Yards Co., So. Omaha, will be exhibited each day. This is a wonderful sight for lovers of good horses.

An agricultural and livestock exhibit, including a 4-H club exhibit is held in connection with the rodeo. Lovers of good livestock and farm products will find an exhibit well worth their attention.

Nebraska's Big Rodeo at Burwell, is a Nebraska institution, put on by a small town in the sand hills, that has done a great deal to advertise the state of Nebraska. Each year cars attend this rodeo from every county in the state and from every state in the Union.

Levy Occupation Tax On Bakery Wagons

In Greeley last week the town council levied a tax of \$35 upon bakery wagons from other cities who deliver bread and other bakery products to dealers there. The tax was levied under an occupation tax ordinance.

Albert Klimek left by auto last Wednesday for Savannah, Mo., where he expects to undergo treatment for cancer of the lip. He is expected to be in Savannah for two or three weeks and hopes to return entirely cured.

Harold Nelson Weds. At the Christian church at Irvington, Neb., on July 19, Harold Nelson of Ord was united in marriage to Miss Gertrude Walford, daughter of John Walford of Burwell. Rev. Ralph Tletsard performed the ceremony. Mr. and Mrs. Nelson are now at home on the groom's farm near Ord.

Robbins Studio Is Still Going Strong

Lincoln, as you know, has for many years stood high in the music circles of the nation. Each of the several universities of the city has its musical department and in addition there were several private studios of no small note. Of course, the state university was the dominating force in all of these musical organizations.

A year or so ago the State University decided to take over all the studios of the city, practically notifying them that they must come into the state's musical department, surrendering all their individuality. The state proposed to furnish each of the music instructors a place to teach in the organization subject to the directions of the state university and were required to pay to the university a large percent of their receipts.

All the private studios surrendered except the Robbins Voice and Piano studios. For 16 years Miss Robbins has been conducting her voice studio with success and for the past several years Floyd W. Robbins, pianist, has been associated with her. They felt that they could not give up their individuality and their extensive musical plant and so advised the chancellor.

Recently the Lincoln Chamber of Commerce sent out to all the high school graduates of the state a letter telling of the musical advantages of Lincoln and asking them, if interested in music, to write to either or all of the three chief institutions naming them as the State University, the Nebraska Wesleyan University and the Robbins Music and Piano School.

Booster Crowd Visits. Twenty-five or so cars packed with enthusiastic Ravenna residents visited Ord last Thursday afternoon, the booster crowd's purpose being to advertise Ravenna's annual summer celebration, Ann-E-Var, which will be held this year on August 4 and 5. A band accompanied the crowd and a nice program was given in the court house yard. Probably a goodly number of Ord people will visit Ravenna during the celebration.

Nels Johnson was ill and confined to his bed Friday. He was improved Saturday.

LEGAL NOTICE AS TO MEASURE TO BE VOTED UPON NOVEMBER 8, 1932

PROPOSED BY INITIATIVE PETITION

This measure creates a Nebraska Public Safety Commission, composed of the Governor and the other elective state executive officials, whose duty it shall be through persons selected without reference to political affiliation to: 1. Patrol main highways. 2. Perform present duties of state sheriff and fire marshal. 3. Assist counties and towns in law enforcement. 4. Conduct training school annually for sheriffs and police officers in crime investigation. Cost in property taxes is limited to \$75,000 each biennium; remainder from fees of fire insurance companies and percentage of state's share of gasoline tax, as appropriated by Legislature.

A BILL FOR AN ACT relating to public safety and the maintenance of law and order, and in connection therewith providing for the creation of The Nebraska Public Safety Commission and the establishment of a state highway patrol system, and to repeal sections 81-5501, 81-5503, 84-107 and 84-108, Compiled Statutes of Nebraska to 1929, and to provide penalties for the violation of this Act.

Be It Enacted By the People of the State of Nebraska: Section 1. The Nebraska Public Safety Commission is hereby created. Its members shall consist of the Governor, Attorney General, Superintendent of Public Instruction, State Treasurer, Auditor of Public Accounts, Commissioner of Public Lands and Buildings, and Secretary of State. The Governor shall act as chairman, the Attorney General as vice-chairman, and the Secretary of State as secretary.

Section 2. The Nebraska Public Safety Commission in the manner hereinafter provided shall have the power and it is hereby made its duty: (a) In general, to detect crime, apprehend persons accused of law violation, and maintain law and order throughout the state. (b) Upon request to render special assistance to any state officer, board, commission, or administrative department of the state government, in enforcing any law or regulation with the enforcement of which such officer, board, commission, or administrative department is specially charged.

(c) To render special assistance when necessary to any county or municipality in the investigation of any crime, capture of any accused person, suppression of any riot, or prevention of any threatened disorder. (d) To cause the main highways of the state to be patrolled in order that the laws relating to the speed, lights, brakes, clearance, weight, and dimensions of trucks, automobiles and other vehicles, the licenses of drivers, payment of annual registration fees, driving while intoxicated, payment of gasoline taxes and observance of safety rules and regulations, be enforced. (e) To conduct annually for one or more weeks a training school for the instruction of state, county, and municipal law enforcement officers in methods of crime investigation, the securing and use of finger-prints, the science of ballistics, rules of evidence in criminal cases, emergency relief to injured persons, and in such other subjects as may be deemed beneficial.

Section 3. The Nebraska Public Safety Commission shall appoint a state superintendent of public safety to assist it in discharging its duties under this Act. He shall be chosen by the Commission solely on the basis of administrative qualifications. He shall hold office at the pleasure of the Commission and receive such salary, not to exceed \$7,000.00 per annum, as shall be fixed by the Commission. Before taking office he shall take the statutory oath and file with the Secretary of State a bond, conditioned upon the honest and faithful performance of his duties, in the sum of \$50,000.00, to be approved by the Commission.

Section 4. Subject to the approval of the Commission, the superintendent shall appoint the highway patrolmen, and such clerks, stenographers, experts, and other assistants and employees as may be deemed necessary by the Commission for carrying out the provisions of this Act. Each of such persons appointed by the superintendent, before taking office, shall take the statutory oath and file with the secretary of State a bond, conditioned upon the honest and faithful performance of his duties, in such sum and form as shall be required by the Commission. It is the intent and purpose of this Act that, no patrolman or other employee shall be appointed or discharged for political reasons. Appointment shall be made on the basis of merit only. No person shall be appointed as highway patrolman unless he has satisfactorily passed a physical and mental examination at least equal to the standard provided by the rules and regulations of the United States Army. The superintendent shall not appoint any person unless he has reliable information that such person is of good moral character, is a citizen of the United States, and does not use intoxicating liquor. Subject to the approval of the Commission, the superintendent shall fix the compensation of the patrolmen and employees appointed by him. Neglect of duty, failure to obey a proper and legal order of the superintendent, use of intoxicating liquor, conviction for violation of any law, refusal when able to pay personal debts, cowardice in face of danger, mental infirmity, physical disability, or inability for any other reason to perform the duties assigned, shall be grounds for dismissal by the superintendent. Subject to the approval of the Commission, the superintendent shall make rules and regulations for the discipline and control of the state patrolmen and other employees and assistants. It shall be the duty of the superintendent to distribute the state patrolmen through the various sections of the state where they will be the most efficient in carrying out the purposes of this Act. Except for the purpose of inquiry, the Commission and its members shall deal with the patrolmen and assistants solely through the superintendent who shall be held responsible by the Commission for the carrying out of the provisions of this Act.

Section 5. The State of Nebraska shall furnish each highway patrolman with weapons, emergency and first-aid outfit, a motorcycle or automobile, and all other necessary supplies and equipment, all of which shall remain the property of the State of Nebraska.

Section 6. The Superintendent of Public Safety and those appointed by him under the provisions of this Act, except stenographers and clerks, shall have the same power and authority now given by law to sheriffs and police officers to prevent crime, pursue and apprehend offenders, make arrests, and obtain evidence against persons accused of violation of law. The Superintendent of Public Safety under the supervision of the Nebraska Public Safety Commission shall be ex-officio State Fire Marshal and is hereby charged with performing the duties of the State Fire Marshal and deputy state fire marshals provided by statute. The Superintendent of Public Safety and the highway patrolmen appointed by him shall have the authority and perform the duties heretofore had and performed by the State Sheriff and the deputy state sheriffs. The State Superintendent of Public Safety and the highway patrolmen are authorized to and shall perform the duties heretofore performed by the persons appointed by the Secretary of the Department of Public Works and the Governor of the State of Nebraska for the enforcement of motor vehicle laws. All automobiles, motorcycles, weapons, furniture, equipment, and supplies, belonging to the State of Nebraska but now used by the State Fire Marshal and his deputies, the State Sheriff and his deputies, and the persons appointed to enforce the motor vehicle laws, shall be transferred to the State Superintendent of Public Safety for the carrying out of the provisions of this Act. Sections 81-5501, 81-5503, 84-107, and 84-108, Compiled Statutes of Nebraska for 1929, are hereby repealed, it being the intent and purpose of this Act to consolidate the authority and duties of the State Sheriff, the State Fire Marshal, and those appointed under the Department of Public Works for the enforcement of the motor vehicle laws, under and in the office of the State Superintendent of Public Safety.

Section 7. It shall be the duty of the superintendent to obtain and file for record and report, as far as procurable, all plates, finger prints, photographs, outline pictures, descriptions, information, criminal histories, and measurements of all persons who have been or shall hereafter be convicted of felony or imprisoned for violating any of the military, naval, or criminal laws of the United States of America, and of all well-known and habitual criminals and to cause the same to be properly indexed.

Section 8. It is hereby made the duty of the sheriffs of the several counties and the chiefs of police and marshals of the incorporated cities and villages, respectively, to furnish copies of fingerprints and description of all persons arrested who in the best judgment of such sheriffs, chiefs of police, or village marshals, are persons who may be wanted for serious crimes, or are fugitives from justice, or in whose possession is found stolen property or burglary outfits or other property reasonably believed to be carried for unlawful use. Said sheriffs, chiefs of police, and village marshals, shall also furnish to the State Superintendent of Public Safety upon request reports of lost, stolen, found, or pawned property received in their respective offices.

Section 9. The superintendent shall collect information concerning the number and nature of offenses known to have been committed in this state, of the legal steps taken in connection therewith from the inception of the complaint to the final discharge of the defendant, and such other information as may be useful in the study of crime and the administration of justice; this information to comprise only such crimes, legal steps and data as the superintendent may designate. The information so collected shall include such data as may be required by the United States Department of Justice under its national system of crime reporting. It shall be the duty of every police department, sheriff, marshal, constable, or other police agency; of clerks, justices, or other appropriate officials of criminal courts; of prosecuting, probation and parole officers; of every head of a department, bureau, or institution, state, county, and local, which deals with criminals; or of any other person who, by reason of his office, is qualified to furnish the data required, to render the information requested by the state superintendent. Every person who has custody or charge of public records or documents from which information sought in respect to this Act can be obtained shall grant to any person deputized by the superintendent access thereto for obtaining such information.

Section 10. The Superintendent of Public Safety may call upon any sheriff, chief of police, village marshal, or other peace officer, to assist in carrying out the provisions of this Act in their respective jurisdictions. Any such sheriff, chief of police, village marshal, or other peace officer, so called upon shall render such assistance to the best of his ability.

Section 11. The Nebraska Public Safety Commission is hereby authorized and directed, if possible, to secure from the Federal Radio Commission a license to operate on a short wave length a radio broadcasting station to be used for police purposes only. A short wave length radio receiving set shall be installed on the motorcycle or in the automobile of each highway patrolman. The sheriffs of the several counties and the chiefs of police of all metropolitan cities and cities of the first and second classes, are hereby authorized to purchase and install a similar radio receiving set, the cost and maintenance of which shall be paid by the county or municipality, as the case may be.

Section 12. Any person neglecting or refusing to perform any act on his part to be done or performed in connection with the carrying out of the provisions of this Act, or violating any of the provisions of this Act, or knowingly giving false information to the State Superintendent of Public Safety or to any highway patrolman, or doing any other act with the intention of interfering with the enforcement of the provisions of this Act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$10.00 nor more than \$500.00, or by imprisonment in the county jail for a period not exceeding 30 days, or by both such fine and imprisonment, in the discretion of the court. Conviction under this section shall subject the person convicted, if a public official, to removal from office in the discretion of the court.

Section 13. For the purpose of carrying out the provisions of this Act and to pay all the expenses incident thereto, there shall be appropriated for each biennium out of moneys in the General Fund of the State Treasury raised by general taxation a sum not to exceed \$75,000.00 and all fees collected during each biennium under the provisions of Section 81-5522, Compiled Statutes of Nebraska for 1929, for the support of the State Fire Marshal. Such other amounts of money as in the judgment of the Legislature is needed to maintain the activities provided for in this Act shall be appropriated and paid out of taxes on motor vehicle fuels collected and retained by the state for the purpose of maintenance of state highways. The patrolling of the highways of the state as herein provided is deemed to be a proper part of highway maintenance.

The above proposed measure to be voted upon at the general election November 8, 1932, is published in accordance with section 1910, Chapter 32, Compiled Statutes 1929, State of Nebraska, Frank Marsh, Secretary of State.

Bob Simmons Family Take Overland Route Home When Congress Adjourns

Allowed at last to leave Washington for home, we started west on the National Trail, over a route of beautiful scenery and fascinating history. We travelled first through rolling woodland, dotted with suburban estates and farms. Little old towns were there, almost duplicated. As we travelled farther, the cleared lands became more scarce, the mountains higher. Gradually, we found ourselves constantly climbing up and going down them. Their beauty was wonderful—not high, rocky, grand and magnificent like our western mountains, but soft and gracefully rolling, far to the horizon.

So, on and on, through northwestern Maryland and through the southwestern corner of Pennsylvania, until at last, regretfully, we came down the last mountain into Unlontown, and found ourselves in the coal section. From now on, the rolling, wooded, beautiful scenery was frequently marred by great piles of waste from the mines. And town after town had houses, row on row, exactly alike, grimy, colorless, with a dense cloud of smoke hovering over them. They didn't look good to us who are accustomed to the pure air of Nebraska. But neither did the towns whose names were shut down, look good without the smoke. They reminded us again of the hardships of those people whose entire means of livelihood is gone, to return soon, we hope.

The fascinating history of the road from Cumberland, Maryland, to Farmington, Penn., I have not mentioned. It is a story in itself, and next week I shall try to tell that.

Gramlich Advises Don't Feed Wheat

Lincoln, Nebr.—The average Nebraska farmer will probably feed his corn rather than his wheat this coming year. While the work of the weather man still has a great deal to do in deciding on the 1932 corn crop, Prof. H. J. Gramlich, chairman of the animal husbandry department of the University of Nebraska, believes that corn rather than wheat should be fed.

Many experiments at the state university have shown that it is profitable to feed wheat rather than the usual corn ration whenever the two grains are about the same price. Last year much wheat was fed to livestock due to the heavy wheat crop and the short corn crop. This year conditions will probably be reversed.

The top price during June for wheat in Omaha was 60c pointed to Kearney Friday evening were Mr. and Mrs. Wm. Fuss and daughters, Mr. and Mrs. Ed Cook and Reuben, Mrs. Harry Foth and son and Irma Lenz.

Oscar Hellewege, a student of a St. Louis school, who is spending his vacation in Mira Valley, conducted church services in Scotia Sunday.

Floyd Fisk is working at the George Lange home for a few weeks.

Mr. and Mrs. Arnold Bredthauer and daughters and Oscar Hellewege drove to Scotia Sunday where the latter conducted services.

Professor Gramlich went on to say that since corn is a "soft" grain and wheat is a "hard" grain it has been found that all wheat used in feeding should be ground. It has been further found in experimental work that the best results are secured by feeding the wheat dry. For hog feeding the "self-dryer" has been found to work very satisfactorily.

Experimental work in wheat feeding has been carried on at the state university since 1901, when a doctor E. A. Burnett, then a professor at the Agricultural college, conducted the first experiments. Additional work has progressed to the point where more data on wheat feeding may be found at the state university experimental station than at any other station in the country.

Mr. and Mrs. Ben Rose of Burwell were visiting the latter's parents, Mr. and Mrs. Tom Williams Sunday. They were also dinner guests in the country home of Ben's sister, Mrs. Fritz Kuehl and family.

VINCENT KOKES DIES SUDDENLY OF SUN STROKE

(Continued from Page 1).

At this stage his parents had decided to sell out and go to America, where prospects appeared brighter for the future of this ambitious family. It was decided that Vincent and his older brother, Joseph, who was then in his last year of college work, should remain in Europe while the rest of the family emigrated to the United States. Vincent was to obtain a position in a general merchandise store as clerk and was hired to one Josef Cap of Tetsch to learn the trade and work for his board for four years. His brother Joseph remained at Benno at school.

Mr. Kokes, sr., sold his farm and held sale of personal property and all was in readiness for the family to come to America when the mother was taken fatally ill and died. On the day of the mother's funeral the family parted, the father and six children sailing for the United States and Vincent and his brother staying in Europe. This was in August, 1880. A year later Vincent's father wrote favorable news to him about the new country and sent Vincent a ticket, so that he could join the family in their new home. Vincent had graduated with highest honors from his college at Benno and received a reward from the government, also obtaining immediately a position as teacher, which vocation he followed in Europe until shortly before his death in 1925. Vincent sailed from Hamburg, Germany, on the S. S. Silesia on Nov. 9, 1881 and after a sixteen day voyage over stormy seas he landed in New York City. He was four days on the railroad to St. Paul, Neb., that being the railway terminal, and from there he drove with Joe Kosmata to his father's homestead on the northwest quarter of Section 20, Township 19, Range 15, in Valley county. Two weeks later the bright young Bohemian boy began working in the drug store of H. A. Walker on the west side of the square in Ord. After two years in Mr. Walker's employ, Vincent worked for M. S. Ralls of North Loup for a short time, and on Dec. 10, 1883 began to work for the W. H. C. Chinn and Son drug store in St. Paul. During the next four years he worked in drug stores Grand Island and York and in October, 1887, started a drug store in Ord under the firm name of Schaefer & Kokes. Four years later he became the sole owner.

On September 20, 1892, Mr. Kokes was united in marriage to Miss Lydia L. Ledvina, of Wahoo, Neb., and began forty years of happy married life which terminated only with his tragic death Tuesday. In November, 1893, Vincent was elected county clerk of Valley county and the following year he was held in prison by the fact that he was re-elected to the same office in 1895, 1897 and 1898, quitting the office to accept a position as cashier of the Ord State Bank. This position he held for six years, at the end of which he became president of the bank and served as such until May 1, 1919 when he sold his interest in the bank to a farmer's organization. In 1908 Mr. Kokes became president and a director of the Bank of Scotia, which position he held until his death. He served on the city council and board of education of Ord and at different times was city treasurer for this city. Since his retirement from the bank, Mr. Kokes has been engaged in the real estate and insurance business, officiating with Attorney E. L. Vogelzang until 1928, then with Fred W. Coe and recently with Dr. W. J. Johnson.

The Loup Valley Agricultural Society owes its present existence and the success of its auto races in recent years largely to Mr. Kokes, for in 1925 he instigated the reorganization of the association and has served as secretary and director ever since. He worked with all his heart and soul for the fair association and no man is entitled to more credit for its success than he is.

Mr. Kokes was one of the founders of St. Mary's Catholic church of Ord and was one of the charter members of the Ord Council, Knights of Columbus, serving as the first Grand Knight of that order and holding office for two successive terms. He was also a member of the Ancient Order of United Workmen and of the Z. C. B. J. lodge.

He was a leader in civic affairs and a devout worker for the church of his choice, a fearless fighter for any cause that was just or against any cause that he believed unjust, and an untiring laborer for all moves for the betterment of the community. Modest, self-effacing, always asking that credit be given to his co-workers and always refusing it for himself, Mr. Kokes was one of the highest types of men who ever made his home in this community.

An extensive land owner, he was a strong sympathizer with the problems of the farmer and was always a willing adviser to all who were in trouble. Probably more than any other of his race he helped to bring fine Bohemian families to this community and to all such he was always happy to serve as interpreter, adviser and friend during the years when they were becoming accustomed to strange conditions and a strange country. Intensely patriotic and a lover of the land that he adopted as his own, Mr. Kokes was always ready and anxious to raise his voice in defense of the United States and its institutions.

He leaves to mourn his loss his wife, Lydia L. Kokes, his only son, Edward L. Kokes, cashier of the Bank of Scotia, his foster daughter,

Marie Kokes, four brothers, John, Frank and Charles of Ord and Anton, of Tekamah, and two sisters, Mrs. Frank S. Hokek and Mrs. E. W. Gruber, of Ord; also a host of other relatives and friends. In the passing of Vincent Kokes Ord and Valley county have lost an active, upright, fearless and just citizen, for indeed he was a friend to man and to know him was to love and respect him.

Arcadia News

Joint installation for the Odd Fellow and Rebekah lodges was held at the L. O. O. F. hall Wednesday evening, July 20. Following the installation a play was given by a number of the young people after which lunch was served. H. Strong, deputy grand master and his installing officers from Saratoga, installed the following officers for the Odd Fellows: Noble grand, W. J. Forbes; vice grand, Oscar Brandenburg; warden, W. A. Armstrong; conductor, C. Whitman; chaplain, A. H. Easterbrook; W. C. Nordstrom; right scene supporter, J. W. White; left scene supporter, Claude Landon. Mrs. J. M. Myers, district deputy president and the Arcadia installing officers installed the following officers for the Rebekahs: noble grand, Mrs. Jennie Milburn; vice grand, Mrs. Alvin Smith; R. S. to N. G., Mrs. J. M. Myers; L. S. to N. G., Mrs. Orval Woods; warden, Mrs. Brownie Barger; conductor, Miss Lucile Bossen; chaplain Mrs. Elizabeth Butterfield; inside guardian, Mrs. Ed Anderson; outside guardian, Mrs. W. F. Pickett; R. S. to V. G., Mrs. J. W. Wilcox; L. S. to V. G., Mrs. R. Whitman; musician, Miss Lola Smith.

The annual picnic of the Methodist church was held at the Community park all day Wednesday of last week. A large crowd attended. The K. D. Big and Cal clubs met Thursday evening with Billy and J. C. Ward. Seven members and County Agent C. C. Dale of Ord were present. Following the regular business meeting plans for the fair were made, a fair which will be sponsored by the pig and calf clubs of the county this year. Lunch was served at the close of the meeting. The clubs held an all day meeting at the Clara Clement home near Ord on Tuesday. The members took dinner and the day was spent in judging stock.

Rain measuring 2.28 inches fell in Arcadia last Thursday evening, bringing the total for the year to 11.7 inches. The heavy rain did some damage to the corn crop. A high wind and a trace of hail accompanied the rain, doing considerable damage to trees and lawns. Sheds on the Stevens property were blown down. Joe Schuch and Len Sutton places were overturned and the south wing of the west elevator was moved about 18 inches on the foundation. A large cottonwood tree was uprooted in the William Hill yard. The tree fell against the Hill residence, badly damaging the roof. Several fields of corn north and east of Arcadia were practically ruined by the hail. After mowing the havoc caused by the storm in town one feels fortunate in having escaped with no serious damage. A light rainfall also fell in Arcadia Friday evening.

Harry Smith, Chauncey Smith, Dick Stern, Bill Johnson and Maynard McCleary figured in an automobile accident Sunday evening while enroute to North Loup. The heavy rainfall of last Thursday evening had washed out a bridge on the highway near the ce Holmes farm and when the driver noticed the warning sign he thought that his rate of speed would warrant his stopping in time to avoid the washout so he turned his car west into the driveway entrance to the Holmes farm. Here he encountered deep mud and the car stopped so suddenly that the occupants of the rear seat were thrown forward, injuring Chauncey Smith and Dick Stern. Chauncey had his nose broken and received several cuts about the face. Dick had his shoulder dislocated. The others received only minor bruises. Franklin Holmes brought the occupants of the car to Arcadia where their injuries were attended to.

Bobby Mather, small son of Mr. and Mrs. Claud Mather, had the misfortune to have his right arm broken just above the wrist last Friday morning. Bobby fell from a horse while herding cattle. Lloyd Larson, son of Mrs. Sid Scott, had the misfortune to lose both his grandfathers by death during the period of a week. His mother's father, W. C. Hagood passed away at his home in Council Bluffs, Iowa, July 11th. Fun-

Proclamation

AS a mark of respect to our deceased fellow citizen, Vincent Kokes, and to allow all of his friends to attend the funeral, all business houses of Ord will close from 9 a. m. to 10 a. m. Friday, July 29.

Marie Kokes, four brothers, John, Frank and Charles of Ord and Anton, of Tekamah, and two sisters, Mrs. Frank S. Hokek and Mrs. E. W. Gruber, of Ord; also a host of other relatives and friends. In the passing of Vincent Kokes Ord and Valley county have lost an active, upright, fearless and just citizen, for indeed he was a friend to man and to know him was to love and respect him.

eral services were held at Council Bluffs on July 13th. Mr. Larson was seventy-seven years of age at the time of his death. He leaves a wife, two daughters, one son and four grandchildren. Mr. and Mrs. Larson celebrated their golden wedding last year.

Joe Holmes, who resides seven miles northeast of Arcadia on the Ord highway, has had his residence moved a short distance north of where it originally stood so as to escape the high water which always enveloped the house. His former location whenever a heavy rain fell.

Madames Belle Wall, Roy Clark and George Olsen entertained the Bridge Club at Community Park Thursday evening of last week. The club will meet Thursday, August 4th with Madames C. E. Downing, N. A. Lewin, Claris Bellinger and J. R. Golden as hostesses.

A fire of unknown origin started in the wood pile near the ladies bath house at the park last Thursday evening and would have no doubt destroyed the cook house and dining hall if a number of ladies had not been present to summon help to fight the fire. Whether or not the fire was purposely started is not known but the careless dropping of a match could easily have caused the damage. The destruction of the park buildings would have been a severe loss to the park users and the public is asked to cooperate in trying to prevent another such occurrence.

A number of state papers have printed articles recently telling how the boy and girl scout organizations have been gathering hollyhock seed and scattering it along the roads. The purpose of this is a good idea for our own community? Let's save our surplus hollyhock seed and see that it is put to use in the spring.

Mr. and Mrs. R. O. Gaither and two younger children left last Friday for a visit with relatives at Hastings and Roseland. Mr. and Mrs. Harvey Waterbury and family of Ansley visited with relatives in Ord Sunday. Mrs. Waterbury's mother, Mrs. Mary Stark, who had been visiting relatives here for several days, returned to Ansley with them.

Allice, Lucile and Arthur Bennett of Kearney are visiting Mrs. Bennett's parents, Mr. and Mrs. W. D. Bennett. Mr. and Mrs. Ernest Smith are the parents of a baby girl born Monday morning, July 25th. Mrs. Smith was formerly Miss Charlotte Welty. Mrs. Marlon Crosby and daughter Miss Leota Crosby of Ord were guests of Mr. and Mrs. C. C. Hawborne over the week end. Mr. Crosby drove to Arcadia for them Sunday.

Cream prices should be a little higher from now on and a good volume of good cream will help us increase the profits which we will distribute in December.

Why Take a Chance?

of selling to some cream buyer who may or may not meet our dividend? Farmers have, in the last few years, lost thousands of dollars by selling to Cream Station Operators who promised dividends but didn't deliver.

Why not sell where you share in the dividends that you help make? Wouldn't that be better than getting a rebate from a station operator because we force him to pay you enough money to meet our dividend?

If you are fair minded you will admit, that you get a dividend because this creamery is here and making good—then why not help us keep up our volume for the next four months.

WE ARE GOING TO PAY A DIVIDEND IN DECEMBER

The size of it depends on how much cream we get to make into butter.
