GOODHAND GIVES LEAGUE PLANS, WANTS MEMBERS

Taxpayers League Secretary Lists 17 Accomplishments, Asks For Public Support.

That the Taxpayers' league organization in Nebraska is pushing its constructive program through the state legislature and is deserving of the support of every taxpayer is the statement made this week by C. E. Goodhand, secretary of the Taxpayers' League of Valley county, in saying that new members are needed here.

If you taxpayers believe that we are pursuing a proper course to bring about reduction of public expenditures on a live-and-let-live basis, join us," Secretary Goodhand says.

The Taxpayers' league does not believe in destroying the rights of a person who has money to loan, does not believe in hanging the bankers, who have a definite place in the plan, does not believe in repudiation of debts but does believe in a reasonable opportunity to meet them, states the secretary of the local organization.

The Valley county league does not need funds at present but does need new members because of the strength there is in numbers and because all taxpayers should work together in this common cause, says the secretary. He lists the aims and accomplishments of the Taxpayers' league in legislative affairs as follows:

1. The revaluation bill, basis of all major tax reduction, has been passed by the legislature and signed by the governor.
2. Motor vehicle bill passed with a reduction of 60 per cent.
3. House Roll 60, requiring that only freeholders may vote, has been passed by the House and is now in the Senate.
4. House Roll 345, requiring back taxes collected to be used to pay warrants, judgments and bonds outstanding, has been reported favorably and is now on general file.
5. House Roll 180, reducing amount sheriffs may charge for feeding prisoners, has been passed by the House and is now in the Senate.
6. Senate File 52, cutting salaries of state officers, has been passed by both houses and is now in conference.
7. House Roll 510, cutting salaries of county officers, has been passed by the House and is now in the Senate.
8. House Roll 9, for intangible tax law repeal, passed the House as a straight repeal but was amended by Senate to provide a 10 mill levy on bank stock and a 5 mill levy on money, which is a 25 per cent rate on bank stock and 100 per cent rate on money.
9. House Roll 306, eliminating county agents, has passed the House and is now in the Senate.
10. The deficiency judgment bill passed the house and is in the Senate.
11. House Roll 61, provides for salary for watchman and for building repair at state fair grounds but allows no funds to pay the deficit.
12. House Roll 184, deducting personal property tax over 90 days delinquent from salary of public employes and contractual obligations, has been reported favorably and is on general file.
13. Senate File 180, requiring that personal property tax due and delinquent on autos must be paid before license plates are issued, has passed the Senate and is now before the House.
14. Senate File 17, permitting tax payments to be made semi-annually, has passed both houses and is in conference.
15. House Roll 185, which eliminates personal property as basis for bonded indebtedness, has been reported favorably and is on general file.
16. Reduction of high school tuition from \$108 to \$72 has passed the House but no action has been taken yet by Senate.
17. A resolution recommending that the State of Nebraska withdraw from the North Central Association of Secondary Schools and Colleges is a part of the general appropriations bill, reported out unanimously.

In the opinion of Secretary Goodhand, the action taken in the legislature on these seventeen parts of the Tax league program shows that the league is getting results.

"It is out of the question and should not be necessary to solicit each taxpayer to become a member of the league but if the foregoing accomplishments with your approval we will be glad to enroll you as a member," the Valley county secretary says.

Consult With Legislature.
Supt. Millard Bell and Ralph W. Norman, secretary of the board of education, drove to Lincoln Tuesday morning to consult with a legislative committee on bills that affect educational matters. Miss Eleanor Dye, who had been visiting her parents, Mr. and Mrs. Harry Dye, returned with them to Lincoln, where she is employed.

H. D. Stowell Chops Large Trees At Age of Eighty

The H. D. Stowell home in Springdale was the scene of a pleasant gathering Sunday honoring Mr. Stowell's eightieth birthday, which comes on April 6th. Relatives and friends present were Mr. and Mrs. Doane Stowell and family, Mr. and Mrs. Henry Zikmund, Mr. and Mrs. Herman Stowell and family, Mr. and Mrs. Cecil Wolf and Mr. and Mrs. Howard Washburn and son. The day was spent in visiting and singing and in the enjoyment of beautiful meals served from noon and in the evening. A large, beautifully decorated birthday cake graced the center of the table.

Mr. Stowell, who is one of Springdale's pioneers, enjoys remarkably good health considering his age. Each day he does his share of the farm chores and during the past winter chopped down several large trees and worked them up into fire wood.

BOLLEN TO HOLD 'PHONE HEARING' HERE APRIL 18

Chamber of Commerce Hopes To Get Rate Reduction When R. R. Commissioner Comes.

At 9 a. m. on Tuesday, April 18, at the district court room in Ord, Floyd L. Bollen, member of the Nebraska railway commission, will hold a hearing on the Chamber of Commerce's petition for lower telephone rates here. This was the word brought home from Lincoln last Thursday by Bert M. Hardenbrook, who has been acting as attorney for the Ord Chamber of Commerce in the fight for lower rates.

It was originally planned to have the hearing the latter part of this week but later Commissioner Bollen decided to call it for April 18 so as to give the Nebraska Continental and the Chamber of Commerce adequate time in which to prepare evidence.

The fact that the railway commission has fixed \$42,000 as the present value of the Ord telephone exchange, whereas the owners have been claiming \$70,000 as the value, is thought by Mr. Hardenbrook to be an encouraging sign and he is fighting for a reduction after the hearing April 18.

Directors of the Chamber of Commerce will meet soon to lay plans for the hearing and determine what evidence shall be presented to bolster the Ord plea for lower rates.

Legion, Auxiliary To Plant Shrubbery

Officers of the Ord post of the American Legion and of the Ord chapter of the Auxiliary are issuing a call to all members to be present next Monday evening at 8:30 o'clock for a covered dish supper in the Legion hall and to help clean up the grounds and plant shrubbery.

representatives of the Arlington nursery will be present to help plant trees and shrubbery.

Psota Says Brisk Demand For Bulls

Conditions in the livestock business are improving, says R. E. Psota, well known local breeder of Poland China hogs and Polled Hereford cattle. The demand for bulls this spring has been brisk, more so than for several years, says Mr. Psota. He advertises his bulls in the Quiz and sells them at private sale and within the last few weeks has sold yearlings to W. L. Grabowski, James Ruzicka, Joseph Hutinsky and Frank J. Hulinsky of Burwell, H. H. Bredthauer, of Scotia, Frank P. Krikac, of Comstock, Frank McDermott, of North Loup, and John Mach, of Sargent. He could have sold several 2-year-old bulls if he had been able to supply the demand, Mr. Psota says.

Assessors Met Yesterday.

The Quiz is asked to announce that a meeting of the Farm Holiday association will be held in the town hall at Elyria Saturday evening at 8 o'clock. Frank Petaska, Elyria township chairman will preside.

PRESBYTERIAN CHURCH ELECTS NEW OFFICERS

Ord Church Concludes Its Year With Balanced Budget And Membership Increase.

The annual congregational meeting of the Ord Presbyterian church was held last Thursday evening, being preceded by a covered dish supper served in the church basement.

Reports of the various departments of the church were given, revealing another large increase in membership during the second year of Rev. L. M. Rea's pastorate and revealing also that the church's budget is almost balanced.

Elders elected to succeed themselves are James G. Hastings and Guy Burrows and H. T. Frazier was elected to fill the unexpired term of J. N. Allender, who recently moved away from Ord. Deacons elected Thursday include Mrs. C. J. Miller, Edgar Mauer, Dr. H. N. Norris and Will Ollis. Trustees are Mrs. Guy Burrows, Horace Travis and John L. Anderson. Edwin Clements was elected treasurer of the church.

It was decided recently to departmentalize women's aid work of the church and the aid society was divided into three circles, the Aid circle, the Home Arts circle and the Missionary circle. Officers of the Aid circle are Mrs. James Misko, president; Mrs. Arthur Capron, vice president; Mrs. Marion Cushing, secretary; Mrs. George Work, treasurer. The Home Arts circle will be Mrs. Emil Swanda with Mrs. John Andersen as secretary and Mrs. Ed Michalek as treasurer. In the Missionary circle Mrs. Guy Burrows is president; Mrs. H. T. Frazier vice president; Mrs. H. J. Miller secretary and Mrs. E. H. Petty treasurer. Mrs. O. E. Johnson has been chosen chairman of the "ladies auxiliary," the general organization of which the three circles are parts.

Presbyterians are looking forward to another successful year under Rev. Rea's leadership.

\$100 Average Price Of Clement Cattle

The sale of purebred Herefords held last Wednesday on the Clement farm south of town was remarkably successful, says Jos. P. Barta, who clerked the sale, and the average price realized on the whole offering, calves included, was just under \$100 per head. The top animal, a 3-year-old bull, was bought by Henry Blantz of Ansley for \$185. The top cow sold to H. C. Koelliker for \$145.

While the top was not as high as at some former sales the average was much higher and the Clement states that he was greatly pleased with the sale. Probably 25 more bulls could have been sold had they been available, he says.

Only a few of the Herefords were bought by Ord farmers but nearly all were bought by Central Nebraska breeders. An enormous crowd was present.

CUSHING WAGES ABLE FIGHT FOR SENATE FILE 310

House Reports Progress Tuesday On Irrigation Enabling Act, Ord Man Leads Fight.

Senate File No. 310, the act that permits formation of power and irrigation districts and enables them to borrow money from the Reconstruction Finance Corporation, is having a stormy career in the lower house of the Nebraska legislature at Lincoln. Eyes of irrigation enthusiasts throughout the North Loup valley were fixed on Lincoln Tuesday when this bill made a special order of business, came up for a long debate. No action was taken at the Tuesday session but the house "reported progress."

Representative Marion J. Cushing of Ord is leading the fight for passage of S. F. 310 and its principal opponents are Repr. Blinfield of Hall county and Repr. Trennor of Douglas county.

Several weeks ago the bill passed the Nebraska senate by a large majority but its progress in the house has been slow. Debate on the bill Tuesday lasted 5-1-2 hours, in the course of which several amendments were proposed and two were adopted, neither of which hampers the bill seriously.

Bert M. Hardenbrook, president of the North Loup valley project, said yesterday that he is not apprehensive about the bill passing at this session of the legislature. He believes that it will be advanced to third reading in the house this week and will then go to a conference committee. The house and senate which will re-draft the bill. Since Speaker O'Malley, of the house, and Lieutenant Governor Jurgensen, of the senate are both friendly to the bill it is likely that the conference committee will be made up of legislators who are friendly and the final result should be an enabling act that will answer all R. F. C. requirements.

Engineers surveying the North Loup valley are making good progress and should be working in the Ord vicinity by this time next week, it was stated at Burwell yesterday.

Quiz Crazy Quilt Puzzles.
The Quiz is manufacturing the popular jig saw type puzzles. Our puzzles have 180 pieces, are well cut, very high grade pictures are used and we believe we have as good a puzzle as there is on the market for 15 cents. You can buy them at the Ord City Bakery and at Haight's stores, also at the Quiz office. We have added one employe as a result of starting to make these puzzles and we hope the demand will be so great that we can add several more. We are advertising them over the state extensively. If we could give five or six more people work that would be something, wouldn't it? We hope to have our puzzles sold in all the surrounding towns. It interested write for prices and terms.

Zulkoski Is Paroled By Insanity Board

John G. Zulkoski, who last week was committed to the state hospital as a delinquent by the Valley county insanity board, Tuesday was given a parole by the same board. There was no room for him in state institutions at present, the insanity board found, and rather than confine Mr. Zulkoski in the county jail until there is a vacancy in the state hospital the board decided to parole him. The parole will be revoked if Mr. Zulkoski gets into trouble on a liquor charge again, it is stated.

Al Capone's Auto Dangerous As War Tank

A description of the automobile formerly owned by Al Capone, Chicago gangster chief, who is serving a term in Atlanta prison for income tax violation, is printed in the Kimball Observer. The car is being displayed in Los Angeles, Calif., at present by the Crime Sever Pays club of Washington, D. C. and as a death dealing implement would be as dangerous as a war-time tank. Here is the description:

"A 16-cylinder Cadillac with steel plates, bullet proof tires, 1 1/4 inch plate glass windows and windshield, weighs 12,000 pounds, with a speed of 125 miles per hour. It has a regulation police siren, shoots a smoke screen for two blocks, carries a machine gun in the arm rests of the front seat, foot rests grooved out to carry pistols, automatics and ammunition for eight or ten people; room under the front seat for two machine guns, equipped with an electrical device which will, if turned on, daze a person touching the car anywhere; a telephone from front to rear seat. In each of the three windows an O is cut out of the muzzle of a machine gun. To conceal these O's, stickers advertising gasoline are used. The car has a gas tank of 47 gallons capacity and only makes from 3 1/2 to 4 miles per gallon."

ORD GOLF CLUB CUTS MONTHLY DUES TO \$1.50

"Depression Prices" Hit Ancient Scottish Game Too; Gard New Golf President.

The cost of golfing, as everything else, will be lower in Ord this season, it was decided Monday evening at the meeting of the Ord Golf club fixed monthly dues for this year at \$1.50, twenty-five per cent lower than the dues charged last year. Members will again pay dues on a seven months basis, beginning April 1 and ending October 31.

New officers of the golf club elected by directors Monday evening are Dr. George R. Gard, president; D. C. Haight, vice president; and Dr. F. L. Blessing, secretary. Treasurer, M. F. Kosmata was named chairman of the tournament committee, Dave Haight chairman of the membership committee and John P. Misko chairman of the entertainment committee.

It is planned to hold club picnics every other Thursday night, as was done last year, and Chairman Kosmata of the tournament committee has been instructed to arrange at least one tournament each month.

North Loup Elects Five.
A comparatively light vote was cast at the village election in North Loup Tuesday. Two school board members, Willis Taylor and Ford Eyrley, were elected to succeed Arthur Sillman and Frank Johnson. A. L. Willoughby, Arch Moulton, and Paul Madsen were elected members of the town board. Mr. Moulton succeeded himself and the other two succeeding H. A. Weed and J. A. Barber.

Sophs Hold Sway At School Friday

Friday was Sophomore Day at the Ord high school, and all day long sophomores were the kings and queens of the school and nice things happened to them! Their gay orange banner blew in the breeze from the top of the building, just over the entrance to tell the world the news, if the world would only look.

At one o'clock a special convocation arranged mostly by the sophomores opened in the auditorium of the high school. But before the sophomores got into action, Mrs. Gould Flagg and her three children, Lyle, Gould and Priscilla, gave their little homemade and self-played version of a puppet show, by special request. The antics of Punch, the wicked villain who goes unpunished, kept even sophisticated seniors with their eyes fastened right on Punch himself as he continued to alternately strike his wife, child or friend and to sing "I Dreamt I Dwelt in Marble Halls" in a squeaky, uncertain voice. Mrs. Flagg made the costumes, she and the children skillfully enacted the parts.

Following came a burlesque of Mr. Shakespeare himself, done by the sophomores amid roars of laughter, as we all know, talked through a hole in the garden wall the hole represented by a doughnut. A school room scene with childishly dressed sophomores and spinster teacher, and the group singing of "School Days" completed the program, which was greatly enjoyed.

FEW VOTES ARE CAST TUESDAY AT CITY ELECTION

Travis, Sershen, Bartunek Chosen For City Council; Only 237 Ordites Mark Ballots.

Only 237 voters, less than one-fourth of the number who voted in the general election last fall in Ord, marked ballots at the annual city election held Tuesday, which is said by election officials to have been the lightest vote cast at a city election here in many years.

The city election in 1929, when 254 voted, attracted the smallest number of voters in recent years until the election held this week. There were few contests in the election Tuesday and hence the interest of voters was not awakened.

Councilmen chosen at the city election were Frank Travis in the first ward, elected over Joe Bartunek by a vote of 43 to 34; Frank Sershen, in the second ward, who defeated J. G. Hastings 74 to 34 and Anton Bartunek who was unopposed in the third ward but got elected by a vote of 10 to 9; Carl Sorensen on the council, Mr. Sershen succeeds Emil Fatella and Mr. Bartunek will succeed Joe Rohla.

In the election of the school board members there were only two candidates, Ralph W. Norman and Dr. C. J. Miller. Mr. Norman was high man with a total of 191 votes while Dr. Miller got 165 votes. The former succeeds himself on the school board and Miller succeeds Fred Coe.

John L. Andersen, who also is county judge, was elected Ord police magistrate without opposition Tuesday and L. D. Milliken was re-elected to the park board, also without opposition.

Burwell Boy In Hospital.

Cyclone Hits Shed At Gregory Farm

A large cow-shed on the Joe Gregory farm near Taylor, north of Ord was completely destroyed last Wednesday evening by a cyclone, this being the only twister damage reported near here. The cyclone hit about 7 o'clock, during an electrical storm. Heavy rain followed.

The shed was a large one, being built to hold 200 head of live stock. Wood was scattered all over the farm when the shed was picked up by the funnel-shaped cloud.

Henry Stars, who lives west of the Gregory farm, says the cyclone came out of the hills southwest of his place and passed across his farm a quarter mile from his house, leveling two straw stacks but doing no other damage. After destroying the Gregory shed it broke up across the river.

SYNOPSIS

CHAPTER I.—"Tom" Belknap, big timber operator, ordered by his physicians to take a complete rest, plans a three months' trip abroad. Promises of advancement he has made to his son John, just commencing in the business, are broken, for no apparent reason, and the young man is indignant. Paul Gorbil, Belknap's partner, whom John and other business associates of Belknap consider a flathead, is a bone of contention. Father and son part without a complete understanding.

CHAPTER II.—At Shoestring, his train delayed by a wreck, John is ordered to leave at once. He refuses, and, after a flat fight, he and father realize it is a case of mistaken identity. John learns his father is believed to be out to wreck the Richards lumber company. Bewildered and unbelieving, he seeks employment with that company. At the office he finds Gorbil bullying a young girl, and throws him out. Gorbil does not recognize him. The girl is Ellen Richards, owner of the company. A letter he carries gives John's name as John Steele, the Belknap being dropped inadvertently, and John, knowing the feeling against his father, allows Ellen to believe that is his name.

CHAPTER III.—Ellen engages John as her foreman. A series of underhand tricks designed to handicap operations of the Richards company culminates in the deliberate wrecking of a locomotive drawing a snow plow.

CHAPTER IV.—After heroic efforts the locomotive is got back on the rails. John, admiring Ellen's bravery and the conditions, believes he has a sentimental attachment for the girl, which is returned.

CHAPTER V.—The Richards barn and stables burn in a night fire.

John finds and carries out the dead body of a stranger. He realizes the fire was set, but refuses to believe his father could be a party to such an act. Steele and Sheriff Bradshaw arrange to work together on the case.

CHAPTER VI.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER VII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER VIII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER IX.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER X.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XI.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XIII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XIV.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XV.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XVI.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XVII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XVIII.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

CHAPTER XIX.—John is satisfied that Gorbil is the malignant influence at work, sheltered by "Old Tom" Belknap's name and reputation. Gorbil discovers that Steele is John Belknap.

growing light and feeble. "Won't you please go away from me?" one hand crumpling paper with jerky movements. "Won't you let me alone now, with what I've got left? Won't you . . . if you have any decency left in you?"

Shaken, he backed away.

"I'll go," he said. "I'll go. . . But I'll be near. I'll be helping you. I'm . . . in what I am. Time may show it but . . . I'm going . . ."

He turned towards the door quickly, feet unsteady on the floor.

CHAPTER VIII

Bewildered to a point where he felt remorse almost as profound as would have been his lot had he been scheming to ruin Ellen Richards' property, John Belknap, no longer masquerading as John Steele, left the girl's office and made his way to the hotel where he had lived when in town.

He was in a pinch; beaten in his lofty ambition to champion the oppressed; a growing love had been hurled back into his teeth. But he laughed! What the next step would be he hadn't even a guess. He needed time to think that out, but of two things he was certain: Gorbil was not going to drive Ellen's company to the wall and Ellen was not to go on thinking for much longer that his father was behind the trouble which had been made for her. With these ends accomplished, this other, this cold weight about his neck, would be ready for consideration.

He paced the room, pondering, and came to a halt beside the spotted little dressee. Last week's Shoestring Banner lay there and he stared at the smudgy lines, unseeing. An unseeing with his idly roving eyes fell on the heavily typed words:

BELKNAP & GORBIL
He leaned lower and read what was above them:

He remained bent over a long moment and then straightened, tongue in his cheek. . .

"Why not?" he asked himself. He was a man out of a job, a man idly roving eyes fell on the heavily typed words:

break for you, son, but I'm going to string along. . . Huh!" He narrowed his eyes and considered. "It's probably so, what you think about your father. This Gorbil now, has got by up here about a hundred per cent. His men like him; he's got a reputation for the fairest kind of dealing. But, looking back, I can see some smart work."

The New Way of Re-Roofing

The "RED CEDAR METHOD." The new Red Cedar Shingles are laid right over the old roof. Old roof does not show. Cuts down heat losses. Makes upstairs cosy and warm in coldest weather; keeps the house cool in summer. Avoids cost of removing old roof and litter of old shingles. Thousands doing it. Entirely practical. Call or write for descriptive circulars.

He lighted a cigar and crossed his legs. "Your pa, now, 's a good figure to look at and give a bad name. Most rich men are supposed to be without any scruple. Working men'll believe that before they will any good of 'em. 'Course, he's never operated in here before, but I've always heard him spoken of well by the few old-timers I've known who worked for him. By jinks, come to think back, they all like him! It sort of looks like, like our case has a lot of angles!" John was the first to enter Paul Gorbels office after he had seated himself at his desk for another day's work. The man looked up, and if he experienced any reaction other than surprise he covered it well. "O all things!" he exclaimed. "John Belknap! Where'd you come from—rising, and extending his hand." "Don't get up!" John ignored the proffered clasp. "Well, you're about the last person I expected to see walk in here this morning!" John looked at him with close scrutiny as he said: "Yes. That's easy to understand." He thought the man's face changed a trifle and that a flicker of dismay showed in those dark, intelligent eyes. "Didn't figure that you'd expect me."

laborer, good. But I don't know what's open. You might ask McWethy, the mill foreman." "Fair enough, Gorbels! That's the first decent impulse you seem to 've had since I came in. I'll find McWethy. Good morning!" He walked towards the door without so much as another look. When he had gone Paul Gorbels took the desk telephone in his hand and pondered a moment; then called the mill foreman. "McWethy," he said, and his voice had in it no trace of the emotions reflected on his face, "young John Belknap is coming down to ask for a job. He's had a row with the old man, I take it. I think you'd better put him in at the bottom. Start him with the pond crew. Fire somebody if you have to." The girl, Marie, came slipping into the room as he hung up. Her eyes were wide. "My gosh, it worked!" she whispered. "Gorbels! Gorbels! mirthlessly. 'I'll say it worked!" "What's the matter?"—approaching. "Did he guess where the letter came from?" "If he did he neglected to mention it. That's no matter. He's guessed the racket, all right, and he's come here to work in the mill so he can keep his d—d eyes open!" The girl drew a quick breath but did not speak. "That'll raise h—!" he muttered. "Still, it may not be so bad in one way. If I do let up now, won't she think her finding out about his game had something to do with easier going? That might be an advantage. I'll need all the breaks I can get now—glancing at a calendar. "The old man'll be on his way back in a month... Maybe it won't be so bad having the kid here under my thumb. He can't be sure of a thing. All he'll have is his d—d suspicion!" "Don't be too sure. If he ever tumbles to the North Star deal, look out!" His head jolted forward truculently. "What do you know about North Star?" "I haven't been a stenog in lumber offices for five years without learning my way around!"—heatedly. "It's all right if you get away with it. I'd sooner see you twine a rich old fellow than to throw the harpoon into a girl, even if I could scratch her eyes out!" He wiped his forehead irritably. "You know too d—d much."

She flushed beneath her make-up. "I didn't know enough once, it appears! I believed you and kicked my chances in Chicago over to trail up here. What've I got? Promises! More promises! All I get—" "And a fur coat and a car, and enough dresses to stock a store; and—" "Which were only a part of the bargain!" She put a hand on his shoulder and a hard anxiety showed in her wide blue eyes. "Paul! Don't be a goop! Don't try to hog it. Don't try to run a racket on old Tom. I've got a stake in you now. I may fly off the handle now and then and say mean things, but... Paul... I'm crazy about you all the time." Her mouth trembled. "Good girl!" he said absently and kissed her. "Don't fret. I've done pretty well for myself so far. I know about where I'm going, even in the dark!" In calked boots and his heavy clothing John toiled ten hours each day about the hot-pond of the prop-

erty which his father shared with Paul Gorbels. His immediate superior was a Swede, hailed as Ole, whatever his name might be. His job was to help keep logs going from pond to saw floor as rapidly as the mill reduced them to lumber. He lived in the company boarding house, a modern, clean, well-managed establishment. During those first days and nights he was only another man, one of hundreds, and accepted as such; but towards the end of the week his checker opponent—Fote, a lumber inspector—said casually: "You know, Jack, they're saying your name's Belknap." "It is." "Are you old Tom's boy?" John admitted it. "Well, I'll be jiggered!" the other laughed and turned away. As his identity became known it brought some incredulous looks, some good-natured skepticism; and soon thereafter he had a distinct feeling that his standing was not what it had been, that now and

Christian Science. "Are Sin, Disease, and Death Real?" is the subject of the lesson-lesson in all Churches of Christ, Scientist, for Sunday, April 8.

The Golden Text is from Psalms 103: 2, 3: "Bless the Lord, O my soul and forget not all His benefits: who forgiveth all thine iniquities; who healeth all thy diseases."

The following is one of the passages from the Bible used in the lesson-lesson: "Art thou not from everlasting, O Lord my God, mine Holy One? We shall not die... Thou art of purer eyes than to behold evil, and canst not look on iniquity." (Habakkuk 1:12-13.)

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, used in the lesson-sermon reads: "If mankind would relinquish the belief that God makes sin, sickness and death, or makes man capable of suffering on account of the material triad, the foundations of error would be asped and error's destruction ensured; but if we theoretically endow mortals with the creativeness and authority of Deity, how dare we attempt to destroy what God hath made, or even to deny that God made evil and made evil good?" (page 357).

Ord Presbyterian Church. "The Door into the Dark" is the topic for discussion at our Sunday morning worship which begins at 10:45. Bible study at 10:00. Expression club meeting at 7:00.

The two-year mortgage moratorium law passed early this session by the legislature was declared unconstitutional by a district judge at Hebron in a foreclosure case last week.

In 1896 the Populist party was born and demanded an increased circulating medium through free coinage of silver and the issuance of a paper currency to be a full legal tender for all debts and dues public and private, until the volume of money should equal fifty dollars per capita and that the issue and control should be taken out of private hands and restored to the government.

The Republican party then, as now opposed this policy, said it was unwise and dishonest and virtual repudiation. (See how that corresponds with their 1933 platform.) The Democratic party was silent on that issue (as usual) and the Cleveland panic followed.

In 1896 the Populists reaffirmed their former platform and Bryan took a new life blood into the lifeless carcass of the Democrat party by demanding free coinage of 16 to 1 thus coming over to Populist ground and the two parties fused.

Late last week the House concurred in the Senate's action on the bill bringing about revision of the code system. Seven departments were originally proposed in the Governor's bill in place of five which have existed during recent years.

Three Nebraska congressmen, Howard Columbus, Carpenter of St. Paul, Minn., and J. O. Rhea of Iowa, have petitioned the legislature by telegram to enact legislation similar to that recently enacted by congress, legalizing the manufacture and sale of beer.

The Colorado legislature has approved a bill which makes it possible for truckers from neighboring states to operate in Colorado without securing Colorado licenses, if the same courtesy is shown Colorado truckers in other states.

The United States Bureau of agriculture reports that shipments of world wheat have averaged 16 million bushels weekly compared with an average of 8 millions weekly last August and 13 millions during the three months following. It is said the increase in shipments may eliminate the prospect of a larger carry-over than last year.

The bureau of census reports 11,757 marriages performed in Nebraska during 1932 as compared with 11,030 in 1931 or an increase of 6.6 per cent. Divorces in Nebraska decreased 5 per cent during the year with 1,454 as compared with 1,531 in 1931. In 1932, 64 marriages were annulled or nearly twice as many as in 1931.

A recent survey indicates that of the 19,296 banking institutions in country 15,300 are now open for business. In the federal reserve system there are 6,891 institutions and 5,328 of them were doing business at the time of the survey. Of the 12,405 non-member banks of the reserve at least 10,000 are open.

Cronek Submits Plan For Economic Recovery.

Before submitting my plan for a revival of industry I deem it necessary to continue the financial history of our country.

having all the money bought them and locked them up in their vaults thereby producing the greatest contraction the world ever saw and you will remember the collapse following late in 1920 and because of this collapse the Wilson administration was hurled from power and we had a change of faces at the pentagon at Washington, D. C. and a change of postmasters but no change in governmental policy.

History proves we have had the best times and the worst times the country ever saw under a republican administration and tariff and the best and worst times under a democratic rule and tariff.

It also proves that in every case without exception that a decreasing money supply has brought disaster and that an increased supply has brought prosperity, happiness and comfort to all classes but the money lender. This being the case why not issue, say, nine billion dollars in full legal tender at once and distribute to the states according to population. Let the states use it as seems best in permanent improvements putting the unemployed to work at once, good wages thus creating a cash demand for food and all other commodities.

With this cash demand the price level will begin to rise and with the rise in prices the money now hoarded will show its smiling face and demand for it will be insatiable. The population, still in their causing price levels to rise until everyone is employed producing the things they now need but cannot have for lack of money because of unemployment. Why not let Uncle Sam print the money and distribute it to the continental railroads. The U. P. for instance and double track it from ocean to ocean putting millions of men at work getting the road ready to handle the increased business that will naturally follow.

Why not? Oh, you say that would not be sound money that would be dishonest. (Republican platform 1932) If a government bond drawing 4% of the general fund is long as it is a government bond why is not its money 4% better? Why not? But say you, we must have a money of redemption. Say brother if man had not been condemned there would have been no need for a supreme court has decided in more than one instance that "money is not a substance but printed legal decree," the money quality is not in the substance but in the decree.

For example take your so-called best money. Say a \$20 gold piece. It is a legal tender and it is worth \$20 and tenders said gold piece in payment B has to accept same. Now let A lay said gold piece on an anvil and with a hammer deface the imprint of the law and it no longer the best money but is no money at all and compel B to take it in payment for two bits. Now what has become of your value twaddle? It to me seems to be a proposition so plain that "The way faring man the a Democrat or Republican need not exchange is made it has been redeemed whether in services or in merchandise or taxes. I have no doubt but the Quiz would chance redeeming a thousand dollars in this unsound money even our preachers would chance redeeming a few hundred bright shining new "dishonest fifty cent silver dollars." If not why not? But say someone, if we make all money a legal tender the men who own the gold will take it and go to Canada. Well this is a free country is it not and the gold is theirs is it not and they have a right to do with it as they please have they not? We have no strings on them, besides they have my permission to take their gold and go to Canada. Europe or to Hades just which ever they choose and if the Bible be true the latter place will be their final destination but which ever place they go I would forever bar them from ever again setting their foot on America. Why not? If they had gone seventy years ago these United States would now belong to all the people instead of two percent as now. They can take their gold with them but they can't take the United States and we will be the better off without them. Respectfully, J. H. CRONK

LIVE STOCK PRICES AT SOUTH OMAHA

Fat Cattle in Liberal Supply and 10-15c Lower

BREAK OF 10-15c IN HOGS

Lambs Slow Sale and 25c to 40c Lower on Fat and Shearing Grades at \$5.00 to \$5.25. Aged Sheep Rule Weaker.

Union Stock Yards, April 4, 1933—Omaha—The arrival of 10,000 fresh cattle Monday was the signal for a slow and lower market. There was no urgent demand for beef steers from any quarter and prices were 10 to 15c lower all along the line. Cows and heifers met with a fair increase at steady to unevenly lower levels and stockers and feeders continued in good demand and quietly firm.

Quotations on Cattle: Yearlings choice to prime \$6.00 to \$6.50; yearlings, good to choice \$5.25 to \$6.00; yearlings, fair to good \$4.50 to \$5.25; yearlings, common to fair \$3.75 to \$4.50; steers, choice to prime \$5.00 to \$5.75; steers, fair to good \$4.25 to \$5.00; steers, common to fair \$3.25 to \$3.75; fed heifers, good to choice \$4.50 to \$5.25; fed heifers, fair to good \$3.75 to \$4.50; fed heifers, common to fair \$3.25 to \$3.75; fed cows, good to choice \$3.00 to \$3.50; fed cows, fair to good \$2.40 to \$3.00; cutters \$2.00 to \$2.35; canners \$1.75 to \$2.00.

HEAVY RUN OF HOGS LOWER

Opening prices on hogs this week were 10 to 15c lower than Saturday and the movement was sluggish at the decline. Receipts were heavier than they have been for some time, 16,000 head, and bulk of the trading was at the narrow spread of \$3.25 to \$3.45, the latter price being high for the day.

WOMAN LOST 20 POUNDS IN 4 WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and further more I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

AUCTION

at the Weller Sale Pavilion, Ord Saturday, Apr. 8

1 P. M. sharp

150 Head of Cattle

All kinds and all classes. We will have around 75 head of nice lightweight Hereford steer calves. We can use all the cattle we can get for this sale so bring in any you have to sell.

10 Head of Registered Hereford Bulls

7 head of Hereford bull calves 10 to 12 months old. 3 head of aged bulls. These are all registered and are new blood for this territory. 3 Shorthorn bulls.

50 Head of Brood Sows

We will have 50 head of vaccinated bred sows, consisting of Durocs, Hampshires and Poland Chinas. These are extra good.

200 Head of Feeder Pigs

We have the demand for all the pigs we can get, so do not hesitate to bring them in.

20 Head of Horses

We will have a great offering of horses, but as the demand is very good we urge anyone who has horses to sell to be sure and bring them in this week as it is getting late in the season. We can use 75 head for this sale.

Machinery, Etc.

Remember we are running a big double auction. Herman Rice is selling machinery, seed corn, some good early seed oats, furniture, posts, potatoes, or anything you may have. This sale starts promptly at 1 o'clock.

Here is a real auction, a good offering of everything. Be sure and attend this sale.

(Continued from Page 4)

again a man laughed at him, a bit sneeringly.

A distorted report of what he had done went through the town. He had been kicked out by his father; he had been discharged and ordered to come to Kampet where he could be under the watchful eye of Gorbelt. The son of the boss was being disciplined. We boss let it ride he decided. He had more important things to think about than what people thought of him.

Still being this particular sort of a pariah was unpleasant. It was the man Baxter who brought his state home to him most richly. This was the man who, Richards men believed, had been brought in to start trouble and whose rumored coming to Shoestring had set the stage for John's own dramatic entrance into that town.

John had singled the fellow out his first night in the recreation hall. A great, heavy-shouldered, thick-bearded rufian he was, always seated by the fireplace, spitting copiously, boasting to the younger and less stable men.

He passed the fellow in his group one night and heard him mutter: "Takes a lickin' like a yellah dog."

He knew by the turning of heads that the words were about him. He did not like it but gave no indication of having heard. Let that ride. Let everything ride except his sole objective!

It was on Saturday that Nat Bradshaw drove up before the Belknap & Gorbelt office, went casually up the steps and into the manager's office.

"Howdy, Paul!" he said cheerily.

"Oh, hullo, Sheriff!—those eyes changing over so slightly. 'I've a chair. 'What can I do for you?'" Gorbelt cleared his throat sharply.

"Oh, I've got a letter from the wife of one of your boys here"—fumbling in his pocket. "They've had a row and he's hauled out and don't send her money regularly. She wants him arrested, but I don't favor arrestin' any more 'n's necessary. I wonder if you'd have a talk with him."

Gorbelt leaned across the desk to see the letter, perhaps a bit over eagerly, as if in relief.

"Anything I can do, of course. Who is he? Oh... I'll look him up and have a talk with him myself."

For several minutes they discussed the case, Gorbelt obligingly, suave, offering to go to any lengths to help settle the matter.

"Fine of you," Nat started to rise. "Oh, by the way. Seems that this fellow who burnt up the Richards stable's got a brother down below. He had some kind of fraternal insurance that was void if he met death while drunk. They've written in about it, the company. I s'pose they've got a right to the facts."

"Why, that's only right. I don't like to beat a family out of what might be due, though."

"But he was drunk!" looking up keenly.

"So soaked he couldn't or wouldn't work!"

"And you knew it and gave him the air? Just as I told you."

"And that was after supper?"

"No. Just before. I told him to get out first thing in the morning, but I got under his skin, I guess. I didn't see him afterwards."

"That's right. You told me that before. You don't want to write a letter to the insurance company then?"

Gorbelt cleared his throat.

"No, I don't. But if they'll make an investigation, I'll tell them what I know, of course."

"But you didn't see him drinking, did you?"

"See him! Sure! He was just emptying a bottle out by our gasoline cache when I caught him!"

"I see." The sheriff sighed and stretched. As he leaned back, quick alarm rode in Paul Gorbelt's eyes. "Well; get along, I guess. I'll tell this lodge to make their own investigation, then."

So far Bradshaw, whose wits were no match for Paul Gorbelt's agile mind, had made no traveling blunders. He had led his man on a step at a time as John had planned he should do, and had gained one tiny step this afternoon. But he did the wrong thing next. He drove slowly away, not towards Shoestring, but down towards the mill. He stopped his team again and walked across the street and Gorbelt, from his office window watched.

An hour later when McWethy, the mill foreman, came in with his daily report, Gorbelt met him in the hallway.

"What was Bradshaw prowling around the mill for?" he asked.

"Oh, nothing, I guess. He stopped in to chin a minute and went on out."

C. OF C., COUNCIL, CONFER ON PLANS FOR PHONE-FIGHT

Hardenbrook, VanDecar Are Named As Counsel; Will Try To Get Country Rate Cut Too.

Plans for the telephone rate hearing to be held in the district court room here next Tuesday morning at 9 o'clock before Railway Commissioner Floyd L. Bollen were discussed Monday evening by Chamber of Commerce directors and members of the Ord city council at a meeting held in the office of Bert M. Hardenbrook. Every effort will be made to present evidence that will cause the railway commission to order the Nebraska Continental Telephone company to reduce its rates in Ord. Mr. Hardenbrook, who has been in charge of the Chamber of Commerce fight for lower rates, outlined the situation at the beginning of the meeting Monday, explaining that although the valuation of the Ord plant has been lowered from \$64,000 to \$42,000 the railway commission will not order lower rates unless the proper showing is made at the hearing.

The type of evidence that should be submitted to bring about such an order was outlined by Mr. Hardenbrook and by H. B. VanDecar, who will assist in legal phases of the fight. Not only will an attempt be made to have the business telephone rate of \$3.50 per month reduced, but also to secure a reduction in the rates charged company-owned country phone lines. Glen Auble, secretary of the Chamber of Commerce, was instructed to notify secretaries of rural phone lines, asking them to confer with either Mr. Hardenbrook or Mr. VanDecar not later than Saturday of the result. Since the residents of Ord are expected to arrive here Monday evening, it is thought that the rate hearing will take up most of Tuesday.

Beer Bill Will Pass, Says Marion Cushing

That the Nebraska legislature will in all probability pass a bill legalizing beer is the opinion of Repr. Marion J. Cushing, who spent the week-end at home. Mr. Cushing, a dry stalwart, says there is a majority for beer in both the house and senate, though he does not expect beer advocates can muster enough votes to pass a beer bill with the emergency clause. If passed without the emergency clause attached, the beer bill would legalize sale of 3.2 beer ninety days after the bill is signed by Governor Bryan.

The legislature will make more rapid progress now that most of the committee work is out of the way, says Cushing, and he expects adjournment about May 1.

Carson Dairy Cows to Sell

Owing to the tragic and untimely death of her husband recently, Mrs. Glenn Carson has decided to hold a clean-up sale of her dairy cows and farm equipment and is advertising the sale in today's Quiz. This will be one of the finest sale offerings of the season and will be largely attended for this reason and also because friends of the late Mr. Carson will want to do all that is possible to assist his widow.

Nonagenarian Couple Celebrate Birthdays

Mr. and Mrs. Joseph Pacas, probably the oldest married couple in the state of Nebraska, celebrated their birthdays at their home in Garfield county Sunday. Saturday Mrs. Pacas was 94, Sunday her husband was 93. They have been married seventy-two years. Mrs. David Wigent of Ord is their daughter.

Recently Mrs. Pacas was quite ill and because of her advanced age it was feared that she would not recover but she improved in health rapidly and is now up and around the house daily.

Mrs. Wigent will spend part of this week with her parents.

Shows String of Craples

Mr. Hamilton, who manages a resort on Marsh Lake, was in Ord Monday with a string of 109 craples, caught in that lake, which he distributed among Ord friends. The craples weighed from 1 to 1 1/4 pounds each and worked "fish fever" in all the Ord almonds who saw them. Several are planning trips to Marsh and Willow lakes in the near future.

Ord Football Player Promising Husker Candidate

Ord's dream of having a local boy on the University of Nebraska football team may be realized next autumn for Bill Garnick, a freshman at the state uni, is making a strong bid for a regular Cornhusker berth. Bill, who is the son of Mr. and Mrs. Roscoe Garnick, played on the Ord high school team three years and then entered the university where he is a freshman. He was a regular on the freshman team last fall and this spring is a promising candidate for a regular guard position. He played at guard on the victorious White team in a practice game Saturday and distinguished himself by breaking through the block and punting and scoring safely for his side. The White team, which won 22 to 0, had as other members Penney, Masterson, O'Brien, Boswell, Sauer and other stars on the 1932 team.

POPULAR WOMAN DIES SUDDENLY AT NORTH LOUP

Mrs. Frank Johnson Suffered A Heart Attack Saturday, Died Two Days Later.

North Loup, April 12.—(Special)—This community was greatly shocked and grieved Monday evening when it became known that Mrs. Frank Johnson had passed away as the result of a heart attack suffered two days before. She was stricken with the heart ailment Saturday afternoon while walking home from a call upon a neighbor. Mrs. George Johnson, though she was very ill for a time it had been reported that she was well on the way to recovery when the news of her death came. Mrs. Johnson, the wife of a prominent merchant here, was fifty-six years old and had long been active in social and church circles of this village. Besides her husband she is survived by one daughter, Mrs. Thelma Hamilton, of Geneva, three sisters, Mrs. George Parkins, Ord, Miss Sarah Purdum, Chicago, and Mrs. Nell Benson, Sarole, Mont., and two brothers, Jerry Purdum and Dowd Purdum, both of Idaho.

Funeral services were held at the Methodist church here at 2:30 o'clock this afternoon. Rev. W. H. Stephens having charge. A large group of Ord friends join with the village of North Loup in mourning the death of this popular and estimable matron.

Wesleyan Glee Club Sings Here April 20

The Nebraska Wesleyan boys' glee club will present a concert at the Ord high school auditorium next Thursday evening, April 20, under the auspices of the Methodist Aid Society, the Quiz is asked to announce. The glee club, which is directed by Prof. Oscar Bennett, has sung in Ord in previous years and always has pleased local crowds.

This will mark the glee club's twenty-seventh annual tour which will cover twenty-four days and over 2,000 miles. Twenty-three men will visit thirty-four towns on the present tour, which began March 31 and lasts until April 23.

Re-Married In Grand Island

Howard L. Mason and Mrs. Bertha Mason, who had been previously married and divorced, were re-married in Grand Island last Friday by County Judge Paul N. Kirk. Both are Ord people and they will continue to make their home here. They had been divorced for several years.

Farm Bureau League May Be Re-organized

The Valley County Farm Bureau Baseball League may be re-organized this summer, said County Agent C. C. Dale yesterday in announcing that a meeting of those interested will be held in his office at 8 o'clock Saturday evening, April 15. The fate of the league will hinge upon this meeting, he says, so all communities that want to participate in farm league competition this year should be represented. If there is sufficient interest shown to warrant re-organizing it is likely that officers will be elected and a schedule arranged so that play may start by May 1 or shortly afterward.

ORD TEAM WILL PLAY IN LOUP VALLEY LEAGUE

L. J. Auble to Manage Baseball Team in Six-Team Valley Loop This Season.

Ord will not be without a baseball team this summer, it was decided last Thursday evening, when Ord was elected to membership in a six-team Loup Valley League organized at a meeting held in St. Paul, La. J. Auble will manage the Ord team, which will be recruited with last year's Delco-Light team as a nucleus. Other teams in the league are North Loup, Scotia, Greeley, Wolbach and St. Paul.

League officers elected Thursday evening are J. F. Webster, St. Paul, president, J. F. Earnest, North Loup, vice president, and Otto Nelson, St. Paul, secretary-treasurer.

By-laws adopted for the league forbid hiring any player except a pitcher, which will make the league practically a home talent affair and make it possible to hold expenses to a minimum.

A group of Ord fans solicited funds from business men last Saturday, about forty firms agreeing to donate \$1 each per month to the baseball club. It is believed that these donations, with gate receipts, will keep the team in the field.

The first game of the season will be played in Ord April 23 at which time St. Paul comes here, Manager L. J. Auble reports. His team has already begun practicing and he asks all local men with baseball playing ability to try out for the team. There is plenty of baseball talent in Ord, Manager Auble says, and he expects to have a team that will be a formidable contender for the league championship.

North Loup Teachers' Wages Cut to \$60, \$90

Teachers in the North Loup schools will work for very low salaries next year, the board of education has decided. Because of prevailing conditions and the need of balancing the school budget without increasing taxation, the board has cut the salaries of grade teachers to \$60 per month and the salaries of high school teachers to \$90. Superintendent W. E. Bailey will be paid \$1,225 per year.

Wheat Is Worth 25c, Corn 15c, Popcorn 10c In 1933 Assessing

Assessors of Valley county started work last Thursday after a conference at the court house Wednesday afternoon at which time County Assessor E. C. Weller issued instructions for the work and gave out supplies.

A sweeping reduction in values features the 1933 price schedule being used by assessors. Wheat is valued at 25c per bushel for assessment purposes, corn at 15c, oats at 10c, potatoes at 20c, hay at \$2 per ton and popcorn at 10c per hundred. Sweet clover seed is worth \$1 per bushel and cane seed 50c. Barley is worth 15c per bushel, sudan \$1 per cwt. and alfalfa seed \$4.

The price schedule on livestock is now the used in 1927-28, a cattle being valued at \$10, two-year-olds at \$15, three-year-olds at \$20, cows at \$20 to \$25 and dairy cows at \$35, registered bulls at \$35, non-registered bulls at \$20 to \$35, stocker cows at \$20 to \$25 with shrinkage ranging from 2c to 4-1/2c being allowed for fat cattle on feed.

Cows are valued at from \$10 to \$25 depending on age and horns, three-year-olds at from \$30 to \$60. Hogs of all ages are valued at 2c per pound.

Poultry will be assessed at \$3 per dozen, bees at \$2.50 per stand, sheep at market price, and assessors are instructed to use their own judgment in determining the value of goats.

The price schedule being used this year shows a great difference from the one used in 1927-28, a copy of which is preserved in the office of Assessor Weller. Corn, which at that time was valued at 60c, wheat at \$1.00 and everything else in proportion.

Gave Style Show Friday

The style show presented at the Ord Theatre Friday evening by the Chase Toggery attracted a large crowd. Newest spring gowns, coats and hats were modeled by the Madams Will Misko, L. J. Auble and Vernon Anderson and the Misses Zola Baria, Frances Bradt, Alma Holloway, Ella Mae Smith, Roberta and Sybil Chase, Pauline Baria and Patty Thompson. Janssen's orchestra played during the style show.

32,850 Candy Pieces On Robt. Preston's Birthday Cake

North Loup, April 11.—(Special)—Two birthday cakes, one decorated with 32,850 pieces of candy and the other with ninety tiny candles, were served here yesterday at a family reunion honoring the 90th birthday of Robert Preston, pioneer North Loup resident. The candy-topped cake was baked by his daughter, Mrs. Will Schulz, who used a piece of candy to symbolize each day of her father's long and useful life. The other cake was baked by Mrs. Preston's granddaughter, Mrs. Grace Sheldon.

All of Mr. Preston's children, grandchildren and great grandchildren gathered at his home to assist in celebrating his birthday. A pleasant afternoon of visiting was spent and pictures of the group were taken. The two cakes were served as part of a delicious luncheon by two of his granddaughters, Paula and Charlotte Jones.

PERCIVAL BALL PASSES TUESDAY, FUNERAL TODAY

Ord Drayman for 30 Years Dies After Long Illness; Will Be Greatly Mourned.

Percival A. Ball, 65 years old and operator of a gray line in Ord for more than thirty years, passed away at 11:45 p. m. Tuesday after a long illness with heart trouble during the last six months of which he was bed-fast most of the time. Funeral services will be held at 10 o'clock this morning at the Ord cemetery.

Percival, or "Percy" as he was better known to several generations of Ordites, was born in Stillwater, Ind., and came to Nebraska at the age of three with his parents, Calvin and Mary Ball. When about eighteen years old he moved to the Dry Cedar and farmed for a number of years, moving to Ord in 1897. With the exception of three years spent in Kansas, Colorado, and Missouri Mr. Ball called Ord his home ever since that time.

He was married, first to Minnie Hardesty who died many years ago and in 1906 to Mrs. Nan Rusk. One child, Florence, was born to the first union and four children, Willard, Grace, Josephine and William, came to him in the second marriage. All of them live in Ord as does his widow. He also leaves one brother, E. L. Ball, of Saskatchewan, Canada, and several nephews and nieces, all of whom live elsewhere except Ellisworth Ball of Ord, Mrs. Lella Hallock of Lincoln, a niece is here to attend the funeral this afternoon.

Percival Ball was a good husband and father, an industrious worker and a man who merited the name of good citizen in every respect. He will be sincerely mourned by a large number of friends.

Pernicious Anemia Claims Joe Risan

Respected Sand Flats Farmer Dies Monday After Long Illness, Is Laid to Rest Wednesday.

After a long illness with pernicious anemia Joe Risan, 56, a respected farmer of the sand flats near Ord, died at his home at 11:45 a. m. Monday, April 10. During the last five weeks of his illness he had been bed-fast.

Born July 26, 1876 in Bohemia, the deceased came to the United States with his parents, John and Katerina Risan, as an infant and his whole life was spent in Valley county. In 1906 he was married to Miss Frances Novotny and to them one son was born, Ernest, who with the widow survives.

A devout Catholic, Mr. Risan was also a member of the Knights of Columbus. Funeral services were held at 10:00 a. m. yesterday at St. Mary's Catholic church here with Father Lawler in charge and interment was in the Catholic cemetery. Pall bearers were close friends and neighbors, J. M. Novotny, John Zablouil, Frank Adamek, W. A. Moravec, Joe Korbelic and Will Novosad.

Horace Davis Active In Wiener Prosecution

Horace M. Davis, once publisher of the Ord Journal and still a frequent visitor, is now a deputy state fire marshal and is active at Omaha in the prosecution of Harry Weiner, owner of the Millard hotel, who is charged with arson and murder in connection with the burning of that hotel a few weeks ago. Mr. Davis signed the complaint which resulted in Weiner's arrest Friday.

WELFARE BOARD SEEKING GARDEN PLOTS FOR NEEDY

Unemployed Will Be Put To Work Raising Foodstuffs On Ord's Vacant Lots.

A plan to make a garden available to every needy family in Ord this summer, to the end that charity costs may be reduced and families better fed, was outlined last week by the Welfare Board and in accordance with that plan a committee headed by Mrs. Cecil Clark is busy this week soliciting the owners of vacant lots in this city who are willing to give the use of their lots for such a worthy cause.

Ground enough for a good vegetable garden, possibly a patch of potatoes and other root crops, will be available for every family willing to raise a garden. Mrs. Clark said yesterday, an vacant lot owner, are willing to co-operate.

The Welfare Board will furnish garden seeds where necessary and will also arrange to have the gardens plowed, it is stated.

"We see no reason why any unemployed man able to work should not be willing to raise a garden and thereby provide his family with vegetables for their use during the summer and fall," was the statement made yesterday by Rev. L. A. Real, president of the Welfare Board.

Five families have already indicated willingness to raise gardens if lots are provided for them, Mrs. Clark says.

It is possible that arrangements may be made by the Welfare Board to can a large amount of vegetables raised on these and other gardens, to assist in carrying needy families through next winter.

CUSHING INCOME TAX IS KILLED

Lower House Defeats Tax Bill As Proposed By Ord Man Who Is Power in House.

Representative Marion J. Cushing's pet legislation, the net income tax bill, was defeated in the lower house of the Nebraska legislature last Friday by a vote of 48 to 28, after having been considered for several days. So decisive was the vote against it that it is considered unlikely that it will be revived during this session.

The Ord man has worked for four years on the state income tax bill that he proposed at this session and at the beginning of the year it was thought likely that it would pass, as Governor Bryan had declared for a state income tax. Strong opposition from Omaha, Lincoln and other cities defeated the bill, however.

It was killed Friday afternoon when, after a long debate Repr. Cushing moved to advance the bill to third reading. This move was defeated, after which Repr. Bock of David City moved to postpone the bill indefinitely, which motion was adopted by a vote of 48 to 28.

Repr. Cushing and other supporters of the bill advocated that it would relieve property of part of the heavy tax that it now pays and would at the same time bring payment of taxes from city professionals and men, high salaried employees and others who have a good income but own no property. Reprs. Jackson Chase of Omaha and Tremore Cone of Valley, aided by the newspapers of Omaha and Lincoln, opposed the bill on the ground that it was "just another tax."

Enabling Act Passes House, Now Up To State Senate

Word was received in Ord yesterday afternoon that Senate File No. 310, the irrigation enabling act, passed the Nebraska house of representatives just before noon by a vote of 70 to 28. Repr. Marion J. Cushing of Ord, who led the house fight for S. F. 310, made demand for a "call of the house" vote about 10 a. m. yesterday, which means that the Sergeant-at-Arms had to go into committee rooms and see that every member was on the floor to vote. At 11:45, when the bill passed 70 to 25, Repr. Cushing released this call.

By passing the house with such a large majority the bill carries the emergency clause, which means that it goes into effect immediately after being signed by Governor Bryan. Before it goes to the governor it will be returned to the senate by the senate approval of amendments, which is regarded as only a formality. It is expected that the bill will pass the senate today and be signed by Governor Bryan tomorrow.

ENGINEERS NOW BUSY NEAR ORD, WILL FINISH SOON

Black & Veatch Crew Surveying East Side of River; Scotia May Join In Project.

Engineer E. H. Dunmire and his crew of surveyors who are making a preliminary survey of the North Loup valley to determine the feasibility of power and irrigation development are now working in the Ord vicinity. They moved here from Burwell Sunday and are rooming in the Bailey and Milligan homes, also having a large room in the home of Mrs. D. B. Smith for use as an office.

The crew was working on the east side of the river near Elyria yesterday and expect to finish the survey rapidly if the weather holds good.

Mr. Dunmire is very enthusiastic over the possibilities for development of hydro-electric power, though he refuses to estimate the amount that can be produced until after the survey is completed. It is no secret, however, that much more power can be produced than was expected when the project started.

There is a possibility that the Scotia community may become a part of the project and last Friday evening Engineer Dunmire and Bert M. Hardenbrook, president of the North Loup Valley Public Power and Irrigation District, addressed the Scotia Chamber of Commerce, outlining the conditions under which that community may join. There are about 12,000 acres of valley land suitable for irrigation near Scotia and Mr. Hardenbrook advised the Chamber of Commerce there that it would be necessary for them to raise \$1,000 to help pay for the preliminary survey and other preliminary expenses. Engineer Dunmire will confer with Scotia men again today to learn their decision.

The entire project, both for irrigation and power, looks better as the engineers progress and there is every expectation that the Reconstruction Finance Corporation will make the loan necessary to carry out the project.

Many Ordites Rode Wrecked In Kansas

Ordites who read in the daily newspapers last week that the tri-motor plane that crashed near Neodesha, Kas., killing six out of fourteen passengers, may or may not know that this plane visited Ord one summer day in 1929 and that several Ord people rode in it at that time.

ORD CHURCHES ANNOUNCE PLANS FOR EASTER DAY

Two Sacred Cantatas Here Sunday Eve; Public Welcomed To All Easter Services.

The church going public of Ord will be privileged to hear two special musical programs on the evening of Easter Sunday, April 16, when the cantata "The Greatest Love" will be presented at the Methodist church under the direction of Glen Auble and a special program of sacred music will be given at the Presbyterian church by Christian Aid society choir and choir under the direction of Ella Wheeler Bond. Both programs promise to be very fine.

"The Greatest Love," a cantata by the Petrie, will be given by the Methodist choir which has the following personnel: Sopranos—Mrs. C. E. Hackett, Mrs. Mark Tolson, Mrs. Glen Auble, Mrs. Meart Smith, Mrs. Stanley McLain, Mrs. M. W. WHY THE NEWSPAPER?

What and why is a newspaper?

Few people concern themselves about the answer to a query like this. They know that every town has a newspaper and that every town has one, except the tiniest of tiny villages. If their town has a good newspaper they take it as a matter of course; if it has a poor one they lament the fact and remark, "prob'ly 'tain't nothing should be done about it."

They regard the newspaper, rightly, as the town's publicity medium and when John Jones, as commander of the local American Legion, wants the doings of his Legion post publicized he chases over to the newspaper office and asks the editor to furnish the needed publicity, which the editor cheerfully does without recompense. Or perhaps John Jones is presiding elder in the town church and some publicity is required for church activities. Again the newspaper is asked to furnish publicity free of charge, which it does. Or perhaps John Jones is president of his local Chamber of Commerce, which is sponsoring a community campaign. Again he trots over to the newspaper office for the publicity that is always cheerfully given. John Jones might be the superintendent of schools, or manager of the local co-operative creamery, mayor of his town or any one of a dozen other public or quasi-public officials, and in any case his free publicity would be gladly given.

How is it possible for a newspaper to give so much free service, the reader might ask? And that is the point of this editor's paper, always functioning as a public servant only if it gets the necessary revenue to keep it in existence. And it must get this revenue from the sale of subscriptions and advertising.

Let us suppose that John Jones, who is an elder in his church, commander of his Legion post, president of his Chamber of Commerce and mayor of his town, is also owner of a large store. As the office-holding John Jones he is a great seller in his local newspaper, always wanting to take advantage of the community service that it does and always grateful to the editor for his willing co-operation in all moves calculated to benefit the town. But as the store-owning John Jones he changes his personality, kind of a Jekyll and Hyde individual apparently. As the store-owning John Jones he says that advertising space in the newspaper isn't any good and besides it costs too much and so when it comes to paying out money he goes to the city printer and buys hand bills.

Every town has its John Joneses, Ord among them. If Ord expects to have a good newspaper, it will be willing to boost for the town, always willing to co-operate with John Jones with free publicity for every move that is beneficial to the community and its institutions, then our various John Joneses are going to have to turn over a new leaf and patronize the newspaper with advertising and job work. It is up to citizens who want a newspaper in which they can take proper pride to see that their store-owning and bank-swinging and garage-owning John Joneses do that very thing, or the small town newspaper will be a thing of the past.

A newspaper is the only publicity medium the average small town has; it keeps money to keep a newspaper going; that money can come only from the sale of advertising space, subscriptions and job work. Therefore, the newspaper can serve as a town booster and publicity medium only to the extent that it is patronized as an advertising medium and commercial printer.

BEER FOR REVENUE.

The most potent argument that proponents of a beer law for Nebraska can advance is that it would be a producer of revenue. How much revenue would accrue? The state by taxing beer is a matter of opinion but nobody will deny that the amount would be large.

In states where 3.2 per cent beer was legalized last Friday it is estimated that 1,500,000 three-gallon barrels of the beverage were consumed, which means that several hundred thousands of dollars in tax money was realized from the beer drunk in a single day. It is to be expected that consumption of beer will fall off heavily now that the novelty is over but tax revenue will still be large.

Another argument being advanced is that general business in Nebraska will suffer if near-by states permit beer sales and this state stays dry. At Stoney last Saturday merchants report that only a few cars were in town; the big parade of Saturday trading went to Sterling, Colo., where beer was being sold. The novelty of beer being sold openly and legally accounts for much of this, too.

It all comes down to the question of whether Nebraska people want beer or want it to stay on the black list. It is no longer a matter of national policy but something that Nebraska people, through their legislature, must decide for themselves. Congress has said, in effect, that 3.2 beer is non-intoxicating and that it may legally be sold in states that do not specifically prohibit its sale. Missouri, Colorado and Wyoming—all of which touch Nebraska—permit the sale of beer now. Iowa and South Dakota will permit it in the near future. If Nebraska cares to do so it may remain dry, or at least as dry as beer bootlegged in from border states will permit. In any event, legislators at Lincoln will welcome letters from constituents in order that their own votes on this important matter may be determined.

Something DIFFERENT

Says Mrs. Ben Rose of Burwell, "I see they're making rubber dishes back in Ohio. I should think they'd have a great sale for them in California, wouldn't you?"

—OO—
Mrs. Perry Bell, well known in Ord, suffered little harm in the recent earthquakes in California, but she has a beautiful piece of glass and chinaware, the collection the result of a number of years of ardent collecting, was entirely ruined, practically every piece being shattered.

Probably by now Mrs. Bell has decided to make a hobby of stamp collecting hereafter, or of collecting something else highly unbreakable.

—OO—
I have heard several persons inquire as to whether the Jay A.uble family took their big golden harp with them when they left for California? And I really rather wondered if they did, myself.

—OO—
If you think human nature is an open book to you, you should add to your store of knowledge by inspecting a few cross-country travelers.

Enroute from coast to coast by automobile I have seen such things tied to a car as a goat in a crate, mattress and springs atop a Ford; chickens in a crate, and pet dogs riding ditto. Then of course it isn't so terribly rare to notice favorite rocking chairs taken on tour.

—OO—
Any family that takes long trips soon learns how much fun may be had from playing games while touring.

When we were little, my brother and sister and I used to "dibs" everything desirable along the roadside. It was a most possessive game, and we soon owned numberless farms, cows, horses, cars, red barns, etc.

—OO—
When Miss Lena Clements drove with her brother Allan from California to Colorado they played automobile poker the entire trip, alternately getting to choose their poker hands from the license numbers of the cars they passed on their tour. And at the end of the trip, in Boulder, Lena owed Allan just four cents, which would seem to prove something or other!

—OO—
Last summer, going to Minnesota Charlotte Williams introduced and popularized a new traveling game called "Zit". The first one to spy a white horse hollers "Zit!" and takes ten points. For seeing a white goat, the score is twenty points, and for seeing a man with a white beard you win thirty points. The first one to tally a hundred points wins the game, and if you think this doesn't develop eyesight...

—OO—
Gene got so he could see white horses four or five miles off, around on the other side of the hill and everything.

—OO—
Then of course there were always lots of good arguments about whether pale gray horses were dirty white horses or vice versa!

25 Years Ago This Week. In the annual village election North Loup voted dry as usual. Ord was wet but Scotia voted dry by 3 votes, St. Paul by 13 and Elba was wet by 3.

Ord was confirmed in its ownership of beautiful Bussell park when Mr. Bussell gave the city a new deed to the park, without conditions. When he first gave the

park to the city he made the conditions that the gift would be revoked if any horse racing or gambling went on in the park or if admission was charged. City authorities tried their best to live up to these conditions but since baseball games were held there and admission charged and since the city could not keep fans from waging on the games it was feared that Mr. Russell's conditions were being violated technically. His unconditional gift removed this fear.

Frank Gross bet Pat Crow \$10 that Crow could not come within 200 pounds of guessing the weight of a steer in the Gross stock yards. He won the bet when Crow guessed 1,980 pounds and the steer proved to weigh only 1,685.

My Own Column

By H. D. LEGGETT

That was a beautiful gesture, passing a resolution at the Chamber of Commerce meeting at town yesterday afternoon, of recommending that home institutions be patronized. Attorney Ed Vogeltanz introduced the resolution and it was passed unanimously and advertised from Grand Island. Then the county board and I guess the city council also passed. I might say that the county and city are more consistent than many of the Ord merchants, in following the motto of the solution. I noticed, last week, that several of the Ord merchants distributed posters that were printed out of town, some of them out of the state. Merchants, when we talk with boasting declamations against the evils of the buying public sending away for their goods, I personally, don't see why they do for as a rule the merchants of Ord send out town for their printing if they can save a few cents by doing so. So why should they blame the buying public for doing the same thing? I have been severely scored for accepting advertising from Grand Island merchants. One Ord merchant said I couldn't expect business from the home people when I injured their business by accepting out of town advertising.

Quiz Price Going Up

Some time ago when we told you we were willing to take our full share of the depression and that the price of the Quiz would be \$1 until corn was 35c a bushel and other prices advanced reasonably, we meant just that. For many months the Quiz has not paid expenses. No paper like the Quiz can live on a \$1 subscription. Of course we knew that but we couldn't live on 2c hogs and 10c corn. In the meantime most of the Quiz subscribers have paid their subscriptions at the one dollar rate. Corn has advanced till it is now being sold for 30c or more and it promises to be higher soon. Hogs have advanced and are still advancing and other things are going up. So now very shortly we are going to put the price of the Quiz back to \$2 a year. If you have not taken advantage of the one dollar price and want to do so, better do it at once. You can pay one or more years at one dollar a year if you do it now. When the price goes to two dollars no exceptions will be made after that. Another thing, we shall figure that those who ever expect to pay for the paper would do so at the one dollar price and we shall not continue to send it to those who do not figure will pay for it. We want to be fair to all. We don't want to keep anyone from having the one dollar price. We must, however, get back onto a sound footing where we can at least make expenses. So don't kick if you fail to take advantage of this one dollar offer and soon find your paper stopped. You will surely have to pay two dollars, then, to get the paper.

THE COOK'S COL-YUM, YUM!

I think more vegetable gardens will be planted this summer than for several years. I may be wrong, but I think the depression and lowered salaries will tempt many to raise their own garden truck this season.

Rhubarb Dowdy. Beat two eggs, add one and one-half cups sugar, one-half cup each of milk and cream, two cups flour, two teaspoons baking powder. Cut up three cups rhubarb and mix rhubarb in the above batter and bake until well done. Serve with whipped cream or sweet cream and sugar.

—OO—
Mrs. Charlie Huebner. Parsnip Fritters. Pare and slice around so there will be no strings four large parsnips. Boil in water until tender, pour off water, salt to taste. Mash and add a little cream, two beaten eggs and one heaping tablespoon of flour in which is one-fourth teaspoon baking powder. Fry in either butter or lard. This makes about two dozen fritters.

—OO—
Mrs. Bud Bell. Canned Sauerkraut and Pork. Take the back bones and ribs, cut into pieces small enough to be put into fruit jars. Salt and cook the meat for one-half hour and then add the kraut. Cook. When cooked put into jars, using half meat and half kraut in each jar. Put jar rubbers and lids on and screw lids with thumb and a little finger so as not to have them too tight. Process for forty minutes in a water bath, counting from the time the water begins to boil.

—OO—
Mrs. Stanley Bruha, Burwell. Coco Cola Pie. Open one bottle coco cola and pour into a pan. Place on stove and heat. Mix well one and one-half cups sugar, six tablespoons flour, one cup milk, and four egg yolks and pour into the boiling coco cola, beating constantly. Add one tablespoon butter. Beat the four egg whites very stiff and fold them into the cooking mixture.

—OO—
Pour the cooked filling into two baked pie crusts and place in the oven to brown. Mrs. Stephen Trask, 2312 Cherry St., Aberdeen, Wash. Cream on half cup butter well, add one-half cup sugar and two eggs, beat all together. Dissolve one teaspoon soda in one-half cup molasses and add to first mixture.

North Loup News

Miss Sadie Purdum arrived Tuesday evening from Chicago to attend the funeral of her sister, Mrs. Frank Johnson.

The Misses Beulah, Thelma and Cecel Willoughby, Cathryn Chadwick and Margaret Rood acted as models in a style show given Saturday evening by the Breadthaver store in Scotia.

Friends of Mrs. Bert Buten, wishing her to be fully aware of the fact that Monday, April 10, was her natal day began calling almost in the early hours of the morning, bringing greetings and little gifts. The climax of the day's visitation was reached when a group of friends appeared laden with birthday cakes and their dainties. An hour of pleasant fellowship was spent with Mr. and Mrs. Buten, Mr. Stevens and Ed Miller, who is caring for Mr. Buten in his prolonged illness.

Mr. and Mrs. Clyde Barrett were dinner guests Sunday at Barrett's people, the Wm. Worrells.

Miss Mabel Lee returned Monday afternoon from her visit with Grand Island relatives.

Mr. and Mrs. Otto Bartz and Mary Ann were Sunday guests of Mr. and Mrs. Ed Helbig at Burwell. Mrs. Inez Hill and granddaughter Barbara accompanied them spending the day at the Luther Pierce home.

Mr. Chinn has rented the Ed Houtby residence and will establish his home there Saturday. Miss Hattie Houtby who has lived here most of the time since her grandfather's death has secured employment at Sargent, where a sister, Mrs. Mabel Chubbuck resides.

Miss Margaret Rood entertained at a dinner party at her home Sunday evening honoring her 20th birthday which was April 10th. Guests were Ella Mae Serksen, Mills Hill, Marjorie Thelin, Verna Harris, Dale Halverson of Scotia, Mrs. Grace Rood and George Mayo.

Mrs. Betty Manchester was hostess to the NoLo Study club on Tuesday afternoon, April 4. The lesson was on "The Drama", with Esther Babcock in charge. A sketch of Philo Bartz was given by Mrs. Warren, Rachel Crothers by Miss Noremberg and Mrs. Myra Gowan of George Bernard Shaw. The modern play, "Mourning Becomes Electra", by Eugene O'Neale was reviewed by Mrs. Inez Hill and Jessie Babcock read the play, "How He Lied to Her Husband." Mary Frances Manchester, daughter of the hostess rendered a solo and responded to guests present were Mrs. Ellen Manchester, Miss Inez Hutchins and Mrs. W. O. Zangger. An amusing feature of the dainty lunch served were cracker carts containing the salad and drawn by two animal crackers.

Shakespeare's "Hamlet", was the subject of study at the Port-nighly club Wednesday afternoon of last week which convened at the home of Mrs. Paul Jones with her mother, Mrs. Gertrude Carter as hostess. Mrs. Elfrida Vodehal was in charge of the study conducted in the form of a class. Quotations from Shakespeare were given in response to roll call.

Little Charlotte Jones sang two numbers very pleasingly with her sister Paula accompanying on the piano. Mrs. Carter's little granddaughter also assisted with the dainty lunch served.

Mr. and Mrs. Cecil Kennedy drove to Fremont Saturday afternoon to attend the funeral of a cousin of Mrs. Kennedy's. Their four children were cared for at the Earnest Lee home until their parents returned Sunday evening.

Leo Klein son of Mr. and Mrs. Martin Klein of Scotia community met with an accident while in the field discing one day last week. While standing in front of the horses fastening an inside line one horse apparently jumped, knocking the boy down. In the incident which followed Leo had a gash cut in his head necessitating Dr. Royer's care and one horse was cut up so badly it had to be shot. Leo is recovering nicely.

Born Sunday morning April 9 to Mr. and Mrs. Cecil Knapp of this city a daughter, Beverly Lee. She weighed 7-2 lbs. Dr. Royer of Scotia was in attendance. Lola Fuller is the nurse in charge.

Mr. and Mrs. Mason, Paul and Merrill Wellman drove to North Platte Sunday taking the Madson's little granddaughter, Donna Manchester where she was met by her mother, Mrs. Agnes Manchester and Frieda Madson who drove over from Wallace. Donna was a happy little girl when she learned she was to spend the Easter season with her mother and aunt at Wallace.

Miss Gertrude Hemphill is expected today from Lincoln to spend the Easter holidays with her parents and friends. Gertrude is a student in the state university.

A week of union lenten services is being observed at the churches Monday evening Rev. Real of the Presbyterian church at Ord delivered a vital Easter message. Rev. Noremberg of the Mira Valley Evangelical church spoke at the M. E. church Tuesday evening. Mr. Carroll, dean of the college at Central City filled the pulpit at the S. D. B. church on Wednesday evening and tonight Rev. Carter of Loup City will speak at the M. E. church. A fitting close to these pre-Easter messages will be a union communion service held at the S. D. B. church on Friday evening. On Sunday morning a baptismal service will follow the morning sermon at the M. E. church and in the evening the choir will render an Easter cantata, "The Thorn Crowned King."

R. J. Clark Better. Rufe Clark who has been suffering with a case of double pneumonia for the past ten days or more, is slowly improving. He was still running a temperature Monday evening but was generally feeling better and was hoping to be up and about within a few days.

Arcadia Department

By MRS. RAY GOLDEN

"Girl Shy", a comedy in three acts, was presented by the senior class of the Arcadia high school at the Arcadia theatre Friday and Saturday evenings of last week. Both plays were well attended. The actors were well fitted to their parts and their excellent delivery made the play one of the best ever presented by a senior class here. Those taking part were Paul Easterbrook, Robert Jeffrey, Marguerite Rettenmayer, Charles Ponce, Maxine Marvel, Orville Marsh, Blanche Oliver, Ena Mae Woodworth, Dorothy Evans, Audrey Whitman, Dale Sell and Gilbert Stone. The high school orchestra furnished music between acts and a very clever specialty entitled "A Box of Dolls" was presented by eight members of the priming department. Cornet solo was also rendered by Carl Easterbrook.

Frank Vancura who operates a meat market in Arcadia, has been awarded a purple heart from the war department for his services during the world war, a distinction which is awarded to those who were wounded or for exceptional service. Mr. Vancura was wounded on July 18, 1918.

The Borden Produce Co. has opened a cream station in Arcadia in the building formerly occupied by Belle Wall, first door east of the I. O. O. F. hall. Alvin Fees has charge of the station. This makes a total of eight cream stations in the village at the present time. The Harding Creamery Co. having just recently opened a station of which a Mr. Hatch of Kearney has charge.

Rev. A. E. Reudink of La Moure, N. D., had charge of the church services at the Congregational church last Sunday. Rev. Reudink is a graduate of the Moody Bible Institute of Chicago and is an applicant for the pastorate of the local church. He will preach again next Sunday evening. Un-

While 19 states of the nation last week were making preparations for legalizing sale of 3.2 beer, Nebraska's legislature was directing its attention to two vital liquids, pure river water and gasoline. While the wets were urging action on the beer bill already before the House and investigating the possibility of having the legislature resubmit the 18th amendment...

Two similar bills have been referred by committees and are now on the board for action of the Senate. One bill by McCarter is similar to the Cushing measure in the House. Another bill by Senator Banning proposes a 2 percent tax on retail sales throughout the state.

Early last week the House voted to begin its sessions at 9 in the morning and continue until 4:30 in the afternoon. The practice has been to adjourn at 3 in the afternoon.

Two applications were filed last week with the supreme court in cases which may test the constitutionality of the mortgage moratorium law passed by the legislature early this session. The cases are from Cheyenne and Cuming counties. Objections in one case allege that the law impairs the obligation of the contract...

A bill recently passed by the senate making tax exemption for farm gasoline optional with the counties did not roll along so smoothly in the House. The House by scant margin passed an amendment striking the optional clause from the bill. This victory was quickly countered by a proposal exempting city trucks from payment of the tax.

by state officers that more substantial cuts can be made in salaries effective after the expiration of present terms. A proposal in the House to substitute a sifting committee to replace the present steering committee was defeated. Under the sifting committee plan all bills would be released from committees and then the most important measures would be advanced by the sifting committee. Under the present steering committee plan, which will be continued, standing committees are still allowed to function and determine whether bills shall be placed on general file.

Obituary

Funeral services for Oliver Dickey Perkins, 42, Sunflower community farmer who died Thursday evening, were conducted yesterday afternoon from the Federated church in Mitchell in charge of Rev. Lawrence Dry. The Mitchell Masonic lodge conferred rites at the order. Interment was in Fairview cemetery, Scottsbluff.

Oliver Dickey Perkins, son of Samuel L. and Hester Perkins, was born near Farragut, Ia., April 19, 1890, and died March 30, 1933, at the age of 42 years, 11 months and 11 days.

When a small child, the family moved to Ord, Nebr., where he grew to manhood. He attended the Ord high school through his freshman and sophomore years, and in the summer of 1908 went to Tekamah where he spent two years as a clerk in the drug store of his brother-in-law, A. R. Kokes, and where he graduated from high school in May, 1910.

During the spring of 1909, the family left its home at Ord and moved to Mitchell, where the father had taken a homestead, five miles northeast of town, now owned by a son, Henry C. Perkins. In September, 1910, Dick joined his family at Mitchell, and in the energetic way to make a success of a new farming venture, under irrigation.

In 1912, he took a homestead seven miles northeast of Mitchell and January 25, 1914, was married to Bessie E. Kokes of Alliance, Neb. He brought his bride to a newly built bungalow, which was supplied in 1929 by a beautiful, modern home, a monument to his ambition.

Mr. Perkins was held in deep respect by all who knew him, having sterling characteristics which identified him prominently in his community. He was a member of the Federated church of Mitchell and was a constant Christian worker.

He was also a member of the Masonic lodge of Mitchell, having attained the thirty-second degree, and of the Eastern Star order.

He is survived by his widow, Bessie, his foster-daughter, Lela; two sisters, Mrs. A. R. Kokes of Tekamah and Mrs. Bertha Fring of Gregory, S. D.; and seven brothers, John W. Arthur L., Walter H., Henry C., Samuel H., and Hobart L., all of Mitchell and George W. Perkins of Kansas City—Scottsbluff Star-Herald.

"Didn't talk to anybody else?"

"No. Oh, yes. . . He did go over and visit a minute with young Belknap."

Gorbel turned abruptly into his office and stood beside his desk, biting a lip, frowning. The office workers were going out. Then footsteps, and Marie opened the door.

"Going to dance tonight?" she asked.

He whirled on her raging.

"Good lord, Marie, do you think all I've got to do is dance? No! I've got the evening full."

She bridled at his tone.

"Well, you needn't be so rough about it."

"And you needn't nag me day after day!"

"Sa-a-ay!" She closed the door.

"Needn't nag, need I?"—approaching. "I suppose you have got a full evening. Going to take a little drive out? Going to drive over to Shoestring for the evening?"

"I haven't been in Shoestring for a month!"

"You lie!"

"Don't you tell—"

"You lie!" she cried again, cutting her eye. "You were over Wednesday night and tried to see this Richards girl and got a door slammed in your face! Now laugh that off, you big bum!"

"Well, what of it?" he demanded.

"I'll see what of it! I've been here to and double-crossed and strung along about long enough! I'm—voice dropping to curiously controlled level—"I'm about done."

"Any time you're through, then, just say the word!"

She turned and went out, slamming the door.

CHAPTER IX

John Belknap did not go toward the rest of the crew. He turned in the other direction and followed the road to the brightly lighted habitation. The sheriff was there driving his team slowly up and down, waiting.

"Get in," he said grucly, and lifted the ribs to make room beside him.

Settled there beside the hulking [unclear] John listened attentively while the sheriff told him what he had to tell.

"It ain't so much," he said, "but he admitted he was out by their gasoline drum with this fellow. Cases have hung on smaller things than that. When we get the stomach analysis we'll know whether he's lyn' about the man's ben' boozed up or not."

"And what about the old job?" John asked, when he had finished.

"Smooth as silk," Saw Saunders told him. "I saw the fellow. He ain't plink! Says that Gorbel has pulled off a lot of saws and that it ain't any chore at all now, to keep Ellen in logs. It's all sweet as shortcake in the neighborhood!"

"Which makes it look worse for me?" John asked.

"That's what. When she gets the stomach analysis we'll know whether he's lyn' about the man's ben' boozed up or not."

"And what about the old job?" John asked, when he had finished.

"Smooth as silk," Saw Saunders told him. "I saw the fellow. He ain't plink! Says that Gorbel has pulled off a lot of saws and that it ain't any chore at all now, to keep Ellen in logs. It's all sweet as shortcake in the neighborhood!"

(Continued next week.)

When he was arrested on a non-support charge at Norristown Pa., 66-year-old F. S. Orcutt had \$1,400 in cash concealed under a porous plaster on his back.

where there are so many good-looking girls, though, you can't blame a poor boy for the woods if he gets confused, can you?"

She laughed.

"Goodness! I didn't expect you to remember me, though!"

A specimen of a definite city type, he saw; her clothing, her make-up, her bold manner.

"And how long have you been here?" he asked.

"Fourteen months."

"In the office, I suppose?"

"Yes."

The orchestra struck up.

"Well, she said, "I guess I better get back to the girls."

"Oh. . . can't we dance, then?" Her smile flashed. She had achieved.

Since leaving the university he had danced little, but from the first few steps he realized that this stenographer was an exceptional dancer. Light, responsive, supple, graceful, she threaded the swirl of less adroit pupils in silence to me. She turned her face towards him, very close.

"I'm glad you came," she said, and he did not catch the peculiar quality of her tone.

"Fourteen months?"

"I've danced—"

"I don't mean that. Ordinarily I'd have a come-back for you, Mr. Belknap. But I don't feel like wisecracking tonight. I came here hoping I'd see you. I did what I don't usually do, and was a little bold, I guess, but I'm very glad to see you. I've something to tell you. A lot you should know."

"So? That's interesting!"

"It will be, but I can't talk here. . . And we can't go out together. I've got to see you alone."

"You walk past a half hour after I leave and I'll be waiting in the stornhouse. When I see you, and if the street's empty, I'll open the door for you."

After a moment he said: "Fair enough. I'll wait through lagging minutes, heedless of the music and laughter and talk about him, sitting against the wall, heart thumping."

He went out and strolled down the street, swung rapidly along the sidewalk with its high piles of snow on either side, scanning the house fronts.

QUALITY SEEDS

When buying seeds or plants don't demand a cheap price. Many times seeds that are cheapest per pound are the most expensive seed you can buy. We invite you to come in and see our seed before you buy.

Bulk Garden Seed

Our bulk garden seed is all new crop seed and of the highest quality. We have no low germinating old seed that can be sold extremely cheap but you will find our garden seed of the highest quality.

Onion Sets and Plants

Our onion sets are those large solid sets that all grow. We will have five crates of BERMUDAS, SWEET SPANISH and CRYSTAL WHITES for Saturday. Be sure to see them, they come direct from the grower.

Alfalfa and Sweet Clover

We are in the market for both of these seeds, bring in samples for offer.

Chick Starter

Our new Starter at \$1.75 per cwt. is giving the best satisfaction. We are having many repeat orders each week. Be sure and try it.

Easter Lily

Call us on the phone and order your Easter Lily. It will be delivered.

AUCTION

at the Weller Sale Pavilion, Ord
Saturday, Apr. 15

1 P. M. sharp

300 Head of Cattle

We will have 175 head of Hereford calves consigned by the Bushbaum ranch of Holt County. They run half steers and half heifers and are of excellent quality. They are all sired by registered bulls and out of high-grade cows. 75 head of lightweight stocker calves weighing around 300 lbs. 75 head of mixed cattle consisting of warmed up yearlings, cows and heifers. 3 registered Hereford bulls. 3 registered roan Shorthorn bulls.

We will have an excellent lot of cattle for this sale, but as we are advertising this auction extensively we will attract a lot of buyers from away, so our advise to anyone who has any cattle for sale is that you should bring them in for this auction. We can sell all the cattle we can get, so bring them in.

200 Head of Feeder Pigs

We want more hogs for this auction. We have orders for 1,000 head.

20 Head of Brood Sows

Bring in your brood sows—the demand is good. We sold 80 head at last week's sale.

20 Head of Horses

We sold 45 head of horses at last week's sale, two-thirds of them going to outside buyers. We can easily sell 75 head of horses this week. We urge you to bring them in.

Machinery, Etc.

500 bu. Kershall oats and a McCormick-Deering cream separator.

If you have any machinery, furniture, potatoes, seed corn, alfalfa, sweet clover or can seed to sell bring it in, Herman will get you the cash for it. Bring it to the north lot, Herman will do the rest. Please remember this auction starts promptly at 1 o'clock.

SHELL'S NEW DEAL!

now at the price of ordinary gas

TODAY, Super Shell gasoline is again on sale — and it's even better than ever! 283,792,796 gallons of this famous motor fuel have been bought by motorists — every one of whom paid 3¢ per gallon extra for it. NOW, Super Shell gasoline is offered at the regular price. This is Shell's New Deal.

You save 3¢ a Gallon Premium

112,327 of you motorists have told us that you want a gasoline that is economical to buy and to use. A gasoline that gives good mileage... power and pick-up, that starts quickly and has a high anti-knock value.

Super Shell has all of these qualities. In particular, it gives you good mileage.

By a special process, Shell has succeeded in eliminating the waste parts of a gasoline that reduce mileage.

Super Shell gives you only those parts of a gasoline which your engine needs. The parts to give you real mileage and pick-up... The quick-starting parts. The real anti-knock parts. Super Shell has a higher anti-knock rating than any gasoline to which ethyl has not been added.

Change to Super Shell—

Super Shell is colored golden for your protection. Results will prove its economy for you. Stop at your Shell station and try a tankful today.

ALL WASTE PARTS REMOVED

Sluggish Parts—That dilute your oil. Removed by SHELL.

Anti-knock Parts—That prevent your engine from knocking in traffic and on hills. Kept by SHELL.

Power Parts—That give your engine when under way instant pick-up and driving power. Kept by SHELL.

Quick-starting Parts—That start your engine without wasteful "choking." Kept by SHELL.

Gassy Parts—That evaporate before they burn. Removed by SHELL.

Christian Science. The subject of the lesson-sermon in all Churches of Christ, Scientist, for Sunday, April 16, is "Doctrine of Atonement". The Golden Text is from I Timothy 2:5: "There is one God, and one mediator between God and men, the man Christ Jesus."

Methodist Church. Next Sunday is Easter, and all the services of the day will be appropriate for the occasion. Easter flowers, ferns and Easter music, will help to regale the fact that a new year has begun. At the morning service, 11 a. m., there will be a baptismal service for babies and small children. Members will be received by letter and on the profession of faith. Those desiring may have the rite of baptism.

An Easter cantata will be given at 8 o'clock by the senior choir, directed by Mr. Glen Auble with Mrs. Kirby McGrew as pianist. This is a beautiful and difficult piece of music, and a large number of singers are enlisted for the occasion. Epworth and Junior League and Fellowship Circle will be held at 7 o'clock. New members are being enrolled each week in these organizations.

Remember the special Easter offering envelopes if you did not get one. A limited supply will be available at the church next Sunday. Bring the mite boxes at this time also. The Nebraska Wesleyan glee club will give a program in the high school auditorium next Thursday evening, April 20, at 8 p. m. A charge of 10 and 25 cents will be charged for admission. Last week had a total attendance of 583 at all the services of the day. This is the second largest attendance since the first of March, when the Go-To-Church campaign started. Mearl C. Smith, Minister.

VOL. 52 NO. 4

SUGGESTS LAKE MAY BE BUILT IN ORD LOCALITY

Hardenbrook Says Disposal Of Water Used in Power Canal May Be Solved by Reservoir.

The suggestion that a large lake west of Ord may be built in connection with the power and irrigation project now being surveyed in the North Loup valley was made by Bert M. Hardenbrook, president of the North Loup Valley Public Power and Irrigation District, in the course of a short speech before the Ord Rotary club Monday evening. Although he characterized his suggestion as a "hot air" Mr. Hardenbrook said that the problem of disposing of surplus water carried down along the hills in a large canal is bothering Black & Veatch engineers considerably and an artificial lake may be the most economical solution. The plan being considered most favorably by Engineer E. H. Dunmire and his assistants is to divert water from the North Loup river at a point two miles north of Taylor, Mr. Hardenbrook said, and carry it down the valley along the top of the hills in a canal forty feet wide and five feet deep.

Since the flow of the river at Taylor is 400 cubic feet per second a vast volume of water would be brought down in this canal. At Sioux Creek a 70 foot drop would be available and half of this drop would be utilized in production of power, generating 2,000 K. W. H. of electricity or more. The rest of the head would be kept to carry the water on down the valley to a point north of Ord where, a 55 foot drop having been gained, another power plant would be located and another 2,000 K. W. H. or more of electric energy would be generated.

At some seasons of the year this water will then be used for irrigation but at other seasons it can be used for this purpose which makes it necessary to provide some means of disposal. At first engineers considered restoring it to the river when not needed by means of the Dane Creek watershed but a survey soon proved that this was impracticable in that Bussett park and much of the farmland north of Ord would be inundated by the great volume of water.

It has been suggested that a lake in the hills west or southwest of Ord might be formed at reasonable expense and that this lake could be used also as a storage reservoir by means of which some irrigation in upper Mira Valley might be possible. It has also been suggested that the state fish and game department might be willing to share the expense of this artificial lake inasmuch as Valley county has no state park. All discussion is purely in the preliminary stages and nothing may come of it, Mr. Hardenbrook stated, but he suggested that the Rotary club, the Chamber of Commerce, the city council and other civic bodies investigate this angle as a lake would be a decided asset to Ord.

The surveyors are pressing their work forward as rapidly as possible but it probably will be two weeks before the survey is completed, Mr. Hardenbrook said. About three weeks of office work will then be required for the preparation of plans and blue prints. Dr. Clark Mickey, head of the University of Nebraska engineering department, and Roy Cochrane, state engineer, will then have to approve the plans before they are carried to the Reconstruction Finance Corporation in Washington for final approval.

Attorney C. A. Sorenson, of Lincoln, has just returned from a visit to Washington and was again given encouragement by R. F. C. engineers on both Loup valley projects, Mr. Hardenbrook said. A meeting of the executive committee of the local project is to be held in Ord tonight, at which time Scotia business men will report on whether that community wants to join the project or not.

All of the signs are encouraging, both as regards irrigation and power, Mr. Hardenbrook says, and the engineers believe the project to be entirely feasible in every respect.

Interested in Irrigation.
John Capp and Edward Kamen, of Iowa, and John Hewitt, whose home is in Missouri, were in Ord Tuesday inspecting land that will come under the irrigation ditch when the project is completed. With a view to purchasing, they seemed much impressed with the prospects and the low prices at which land can be purchased now.

Notice.
I will not be in my office Friday afternoon or Saturday and will ask patients who want to consult this week end to make an appointment for Friday morning. Dr. F. A. Barta. 4-17

I. C. and Frank Clark and families enjoyed a birthday dinner last Wednesday evening in the home of Mrs. Mabel Anderson. Two members of the family had birthdays, one on the 12th and the other on the 13th.

R. I. Red Hen Lays Huge Easter Egg For Quiz Man

A Rhode Island Red hen on the farm of E. H. Bartholomew, near North Loup, looked at a calendar last Friday and noticed that Easter was only two days away. In observance of the holiday, and also to serve notice that even Rhode Island Red hens know that the depression is over, she laid an Easter egg. And what an egg it was—6 1/2 inches around the small way, 8 1/2 inches the other.

When Mr. Bartholomew saw his hen's Easter contribution he said: "Only Hank Leggett could eat an egg that size for Easter Sunday breakfast," and he brought it to the Quiz office, presenting it to Publisher Leggett as an example of what a Rhode Island Red is capable of doing. Served with a couple of slices of ham it made the Quiz man a big breakfast Sunday.

KOUPAL TO SPEAK AT C. OF C. DINNER IN ORD TUESDAY

Secretary of Nebraska Retailers Ass'n Will Address Business Men Here April 25th.

R. V. Koupal, of Lincoln, newly appointed secretary of the Federation of Nebraska Retailers, will be the principal speaker here Tuesday evening, April 25th, at a dinner of the Chamber of Commerce to be held in the basement of the Catholic church. He will discuss the problems of retailers and the work done by his organization.

Decision to hold another Chamber of Commerce dinner was made by directors last week because of the interest taken in the first dinner held in March. Eighty-nine Ord business men attended that affair and President Harlan T. Frazier expressed the belief that more than one hundred will be present next Tuesday evening.

C. of C. officials felt elated at being able to secure Secretary Koupal as a speaker. For several years editor of the Nebraska Merchant, a McKelvie publication, Mr. Koupal was appointed secretary of the Federation of Nebraska Retailers when the veteran secretary, Curry Watson, resigned a few weeks ago. This will be Secretary Koupal's first job outside of Lincoln, since assuming his new duties. That he is a nephew of Frank Koupal of Ord and visited here several times as a youth will add more interest to his visit at this time. Tickets to the dinner are being sold now, the charge being only 25c each. Wives of members are particularly invited. President Frazier states. A good program in addition to the Koupal address is being arranged but those attending the dinner will be given an opportunity to leave promptly at eight o'clock if they have other social or business engagements that evening.

Arcadia Debaters Lose To Beatrice

Arcadia, April 19. (Special) Robert Jeffrey and Paul Eastbrook, representing the local high school, participated in the state debating tournament held in Lincoln last week. They had won the right to compete in the state debate by winning the district debate at Kearney recently. At Lincoln they met and defeated Benkleman in the first round by a score of 3 to 0 but lost in the second round to Beatrice, 2 to 1. Beatrice won in the finals and as this was the second time in recent years that they have won they get permanent possession of a loving cup. Horace Mott, debate coach of Arcadia high school, accompanied the boys to Lincoln.

Ord Baseball Team Opens At Wolbach

A change in the Loup Valley league schedule sends Manager L. J. Auble's Ord team to Wolbach Sunday to open the season against the strong Wolbach aggregation. Originally, St. Paul was scheduled to open the season in Ord.

About twenty men are working out for positions on the Ord team, Mr. Auble states. For catcher he will depend upon Harry Wolf, who caught for the Delco-Lights in the Farm Bureau league last season. Hurlers will include Matterson, of Burwell, Kukulis, of Elyria, and Allen, whose home is near Wolbach but who will play in an Ord uniform.

Judge Weds Two Couples.

Two young couples were united in marriage Tuesday by Judge John L. Anderson when Miss Mildred Fleming, of Moulton, became the bride of Charles A. Rowell, of Comstock, and Miss Helen Nevry became the wife of Edward J. Skala. Mr. Rowell is a son of C. C. Rowell, who used to live in Ord.

Mr. Skala is a son of Fred Skala and his bride the daughter of Ign. Nevry, all of Valley county.

HASKELL CREEK SCHOOL BEATS JINX, WINS CUP

Runner-up to Barker Twice, Haskell Creek Students Win 1933 Scholastic Meet.

The jinx that for two years had haunted Haskell Creek high school students in their efforts to win the Valley county inter-scholastic meet was off the job last Friday and Haskell Creek came through to score 58 points and win the silver cup offered annually by Miss Clara McClatchey. Five rural high schools took part in the meet this year.

It was Barker high school that Haskell Creek was determined to beat Friday, for the Barker students had won the cup two consecutive years and another win would have given permanent possession of the cup to that school. The meet was close but Haskell Creek out-pointed Barker by a narrow margin and won.

Scholastic events such as ciphering, mental arithmetic and penmanship, etc., were held at the Ord high school auditorium in the morning; athletic events were held at the fair grounds in the afternoon. A picnic participated in at noon by students and patrons was another enjoyable feature of the day.

Mrs. A. W. Cornell conducted the morning events with Mrs. J. A. Kovanda, Mrs. Cecil Molsen, Mrs. G. W. Taylor and Mrs. Charles Mason as judges. Harold Schaffner, George James and Wilson Barker, with a total of 35 1/2 points, was best in the morning scholastic events and at noon led 35 1/2 to 25 but Haskell Creek made a strong showing in the track events to win the meet by a score of 58 to 52 1/2, thereby getting possession of the silver trophy for at least one year. Barker, relinquishing the silver cup, will have to be contented with the banner given to second place winners.

Other rural high schools competing were Valleydale, which finished third, Davis Creek, Joint and Kent school, the latter being from Loup county. Last year eight rural high schools competed but this year Elyria has a very small high school enrollment and Geranium high school has been discontinued, which eliminated two schools, and Hayes Creek did not send representatives. A large crowd witnessed the meet.

Reforestation Army Is Open to Ordites

Jos. P. Barta, secretary of the Valley County Red Cross, Tuesday received a letter from Nebraska Red Cross headquarters stating that a limited quota of young men of this state will be permitted to enlist in the Geranium high school reforestation "army" of 250,000, authorized recently by Congress to help the unemployment situation.

According to present plans the men will be selected on a population basis per county but Mr. Barta was not informed just how many men Valley county will be permitted to enroll. Nebraska's quota is only 2,750.

To secure a job in this federal reforestation work men must be between the ages of 18 and 25 and must be unmarried but have one or more persons dependent upon them. Enlistment is not for any certain period but Mr. Barta accepted will be paid at the rate of \$1 per day and given board, room and clothing.

Anybody interested here should consult Mr. Barta, who may have more complete information by the time this is in print.

Senate Concurs In Irrigation Law

Senate File No. 310, the irrigation enabling act, is now a part of the law of the state of Nebraska. Passed by the house of representatives after several days of debate, the bill then went to the senate which had previously passed it. The senate concurred in house amendments Friday and the bill will be signed by Governor Charles M. Bryan at once. Since it was passed with the emergency clause, the bill became a law as soon as it is signed by the governor.

Power and irrigation districts may now be legally formed and may issue revenue bonds to raise money for building dams, irrigation ditches, high lines, etc. Several power and irrigation projects are being promoted in Nebraska and will be made possible by this bill.

Miss Baldrige Visits.

Miss Chlois C. Baldrige, director of rural education in the state superintendent of schools' office, arrived Tuesday and for a couple of days is inspecting rural high schools of Valley county. She will make a visit to each county annually.

Re-claying Bartlett Road.

Ord people who have visited Bartlett lately report that a crew of men is busy finishing re-claying the road between Bartlett and Ord. The road may be traveled this summer if state gas tax receipts are large enough.

Spinal Meningitis Is Fatal to North Loup Tot; Father Missing

North Loup, April 17. (Special) About 3 o'clock last Thursday afternoon, April 15, the death angel claimed little Barbara Hill, five years old, who had been ill with spinal meningitis only four days. Notified of the tot's critical illness, an uncle rushed to this village from Laurens, Ia., accompanied by a doctor with serum that it was hoped would save her life. The serum was administered immediately but to no avail.

Since the death of her mother, Mrs. Martha Hill, on August 25, 1931, Barbara had been cared for here in the home of her grandmother, Mrs. Inez Hill. Her father, Russell Hill, has been missing for more than a year as has her grandfather, Otto Hill. Barbara is survived by one sister, Inez, who makes her home with an aunt, Mrs. Kate Harmon, in Miller, Neb. Friday morning the body was taken to Laurens, Ia., for burial beside her mother.

Texas Truck Forced To Buy License Here

The driver of a Texas gasoline truck learned Monday that he cannot haul gasoline over the highways of Nebraska without purchasing Nebraska license plates for his truck. Taken into custody here by George Mayo, North Loup, state trade officer, the truck driver paid \$120 to County Treasurer Satterfield for the necessary license plates.

The truck was owned by Foster & Perry, of Amarillo, Tex., but was engaged in hauling gasoline from a Kansas refinery to Ord, Nebraska. It was an international semi-trailer type truck and carried about a six ton load of gasoline.

Doctors To Conventions

Dr. J. D. Coburn and Dr. George H. Parkins were in Grand Island on Monday and Tuesday of this week attending a state convention of ophthalmologists at which an excellent program was given. A noted speaker was Dr. Fougere, president of a post graduate school of ophthalmology at Los Angeles. The Ord eye specialists say that the program was very helpful.

Will Coach At Wayne.

Robert Gibb, formerly a star athlete in North Loup high school and more recently a Wesleyan university football and track hero, has been employed to coach athletics at Wayne high school next year, the World-Herald reports.

Fire At Rev. Real Home

The fire siren blew and the fire department was summoned to the residence of Rev. L. M. Real just before 7 o'clock Friday morning but when firemen arrived they found that the blaze had been extinguished by Mr. Real. A fire had been built in the furnace that morning for the first time in several days and apparently a pipe became overheated and ignited a portion of the basement ceiling. Little damage was done.

Easter Decorations In Christian Church

Jesus' prayer in the garden of Gethsemane and his theory in regard to it was the subject of Rev. Willard McCarthy's sermon on the morning of Easter Sunday. Rev. McCarthy believes that Jesus, as he knelt in the garden and prayed, saw beyond the cross the nations of the world, their sorrows and their triumphs, and to pictorialize this theory Rev. McCarthy, aided by ladies of his church, decorated the pulpit in a beautiful and impressive manner. With the aid of geraniums, house plants and a wealth of artificial flowers, the pulpit became the garden of Gethsemane Sunday. About it was the famous rock wall, made by painting heavy paper to wall the pulpit in the center was a cross and behind it was hung a map of the world while before it was a figure of Jesus kneeling in prayer with his eyes upon and beyond the cross. The figure of Jesus was a charcoal drawing by Rev. C. F. Wantz, of Mira Valley, mounted on heavy cardboard.

Rev. McCarthy always tries to decorate his church for special occasions but surpassed former efforts for Easter Sunday. A pageant by children of the Christian Sunday school was another beautiful feature of the Easter Sunday morning service at this church. In the evening the Christian people co-operated with Presbyterians in a union cantata at the latter church.

Lewin Champ Bass Catcher.

According to the Ericson Journal, Eugene Lewin of Ericson is the champion bass fisherman of that community. On three consecutive days last week he caught his limit of black bass, 15 each day. The fish ranged in weight from 1 to 4 1/2 pounds. Ord fishermen who visited the lake Sunday didn't have such good luck and came back reporting that the bass had stopped striking.

Virginia, Harold and Lloyd Sack were Easter Sunday guests in the country home of Mr. and Mrs. Earl Smith.

Sunday Mrs. Caroline Kay of Loup City came to Ord for a visit with her sister, Mrs. D. B. Smith and their brother, F. O. Williams.

ORD F. F. A. BOYS WIN STATE AG CONTESTS AGAIN

J. A. Kovanda's Students Win 3 Team, Many Individual Trophies at North Platte.

The North Platte experiment station and Chamber of Commerce were again hosts to vocational agriculture boys from fifteen schools last week. Teams from these schools were entered in the nineteenth annual state agricultural contests for the western half of Nebraska. Big Springs, Callaway, Chappell, Gray, Hay Springs, Ord, Orleans, Oshkosh, Stratton, Stapleton, Wilcox, Sidney, Broken Bow, Palsade and Mitchell were the schools participating.

Boys competed in dairy cattle judging, grain judging, dairy products judging, egg grading, wood work, public speaking, Babcock testing, poultry judging and livestock judging.

Ten students represented Ord, and were doubled in the various contests. Harold Koelling, Paul Dana, and Don Jefferies judged dairy cattle. By placing first, these boys gained permanent possession of the Dairy-men's Association Trophy cup. The boys had to defeat teams from fourteen schools to secure this trophy. It has been won by Ord Future Farmers for three years in succession, and now remains their property.

Everett Gross, Darrel Fish and Vernon Collins judged the Crops Judging trophy cup to Ord for the second consecutive year. It must be won once more before it may be kept by the school. Everett Gross won high individual honors in judging crops, and was closely followed by his teammates.

Emanuel Sevensen ranked second in grading and candling eggs. The blue ribbon went to an Oshkosh boy. Exhibits of eggs by Lyle Smith and Vernon Collins won third and fourth ribbons at the egg show.

Paul Dana placed fourth in testing dairy products. A Grand boy won the contest. Edward Urban was rated second in judging poultry. The team trophy went to Sidney.

The Ord livestock judging team ranked next to Callaway. Harold Koelling, Edwin Lenz and Donald Jefferies entered the banquet given by the Chamber of Commerce. They received valuable instructions from the judges, who explained each contest thoroughly. Judges were the same as will have charge of the eastern Nebraska contests next week at Lincoln. These state contests are final, as the national contests have been discontinued.

Cushing Best Man In House-Bollen

"Your representative, Marion Cushing, is the strongest man in the legislature at Lincoln this year," said Railway Commissioner Floyd L. Bollen in addressing the Ord Rotary club Monday evening. "You should be proud that you sent such a good man to Lincoln and should see that he is returned to this or a more important office two years from now." Mr. Bollen is a democrat, Mr. Cushing a republican.

Married at Loup City.

Leonard Parkos, son of Mrs. Anna Parkos, Ord, and Miss Genevieve Butterfield, daughter of Mr. and Mrs. Lorin Butterfield, Garfield county, were married in Loup City, April 8th. The young people are making their home in Ord.

Mrs. E. H. Petty accompanied Miss Clara McClatchey to Omaha today. The latter is attending the state spelling contest. Mrs. Petty is visiting her parents, Mr. and Mrs. R. L. Staple.

House Passes Beer Bill, Ord Man Asks License

Tuesday the much-debated beer bill passed the house of representatives of the Nebraska legislature by a vote of 59 to 34, its majority not being sufficiently large to give it the emergency clause which would have made beer legal immediately after the bill's passage by the senate. If the senate passes the bill, which seems likely, and Governor Bryan signs it, beer may legally be sold in Nebraska about August 1 or a few days before.

Prohibitionists, however, have threatened to invoke the referendum to prevent the bill going into effect until after the election of 1934. To do this they must file petitions containing 5 per cent of those who voted at the last election.

Seventy-eight Nebraskans had applied for licenses to sell beer prior to passage of the bill by the house Tuesday. Among them was John Sharp, proprietor of John's New Cafe in Ord.

TWO LOCAL GIRLS WILL COMPETE IN SPELLING BEE

Lorraine Kusek, Lucille Starr Go To Omaha Today; Won Valley County Spell Title.

Miss Lorraine Kusek, of Ord, and Miss Lucille Starr, of Arcadia, are leaving for Omaha today accompanied by Miss Clara McClatchey, Valley county superintendent of schools. In the city they will compete in two spelling contests, the inter-state bee to be held Friday at the Fontenelle hotel and the World-Herald state bee to be held Saturday morning at the same place. The girls, who won honors in the Valley county bee held a few weeks ago, hope to make creditable records at Omaha.

Both Miss Kusek and Miss Starr will compete in the inter-state contest tomorrow against spelling champions from Iowa, Nebraska and South Dakota counties. Only Miss Starr will enter the World-Herald spelling bee Saturday, which is restricted to oral champions of the counties of Nebraska. Lorraine won the written contest, Lucille the oral, in the Valley county meet.

Cast Is Selected For Senior Play

Miss LaVerne Hans, senior class sponsor and coach of the senior play, "Daddy Long Legs," which is to be given some time in May, announced this week that the play cast has been chosen. Principals will be Eldon Benda, Hallen Pierce, Gerald Kelm, Donald Williamson, Billy Baird, Marjorie Ball, Thelma Palmatier, Helen Holden, Evelyn Smith, Irma Kokes, Viola Mae Flynn, Twila Johnson. Gwendolyn Hughes, Audrey Melia, Margaret Bonne, Wilma Slavicek and Irene Osentowski. The date of the play will be announced later.

Ord One-Act Play Wins 2nd At Cozard

Four Ord high school students, accompanied by Miss LaVerne Hans, went to Cozard last Friday to present their one-act play, "His Father-made Suit," in the district declamatory contest. The group included Leonard Cronk, Hallen Pierce, Miss Marjory Ball and Miss Thelma Palmatier and they won second place, Lexington winning first honors.

Duane Watts, of Scotia, won first place in the humorous readings and will compete in the state contest.

Bollen, Drake at Rotary.

Floyd L. Bollen and Hugh Z. Drake, members of the Nebraska railway commission, and Bert M. Hardenbrook of Ord were guests at the Rotary club's dinner Monday evening and all spoke briefly. Mr. Bollen, whose wife, the former Rae Jennings, was an Ord girl, told about Ord people he has known and also explained the work of the railway commission. Mr. Drake talked along the same line while Mr. Hardenbrook discussed irrigation. It was a very interesting program, much enjoyed by Rotarians.

Sells Percheron at Norden.

Frank Eglehoff, of Norden, Neb., was here the first of the week and bought one of Harry Bresley's fine Percheron horses, having it trucked to his farm today. Mr. Bresley is about the only man in central Nebraska who specializes in raising and gentling thoroughbred Percherons. He has a number of fine horses, gentle as kittens, he says.

Monday Dale, little son of Rev. and Mrs. L. M. Real, burned his hand quite badly in bonfire while playing in the yard at his home. Both hands have to be carried in bandages.

TELEPHONE RATE CONTR'VERSY OFF TIL LATER DATE

Much Evidence At Hearing Tuesday And Time Too Short; Next Hearing In May.

For at least another month there will be no decision as to whether the Ord Chamber of Commerce is trying to force the Nebraska Continental Telephone company to reduce its rates charged at the Ord exchange. So decided Floyd L. Bollen and Hugh Drake, railway commission members, when they adjourned until some time in May the hearing held at the district court room in Ord Tuesday. It had been thought that one day was enough to complete the hearing and the commissioners had arranged to be in North Platte a few weeks ago. Tuesday the Ord hearing was only held under way the adjournment was announced. The next hearing may be held in Ord but more likely will be held in Lincoln.

With Commissioner Bollen presiding, the hearing here got under way about 9:15 o'clock Tuesday morning. Bert M. Hardenbrook and H. B. VanDecar conducted the case for the Chamber of Commerce and the Nebraska Continental was represented by Clarence H. Davis, of Ord, and E. C. Coward, of Chicago.

D. L. Taylor, the railway commission's engineer, was the first witness and testified to having made a physical evaluation of the Ord plant, upon the request of the Chamber of Commerce a few weeks ago. In making this evaluation he was assisted by Ed Hartman, a Nebraska Continental employe, and Orville Nutter, a telephone expert furnished by the Chamber of Commerce.

The Nebraska Continental had, for a long time, been filing with the railway commission a statement showing the physical value of its Ord property to be \$64,000 but Engineer Taylor's evaluation showed this claim to be much too high. He fixed the present value of the exchange at \$45,000 and gave it an efficiency rating of 70 per cent.

Engineer Taylor was cross-questioned by Mr. Hardenbrook and also by Attorney Davis and Coward, the latter two attempting by their questions to cast doubt upon Mr. Taylor's ability as a telephone engineer. He stuck to his statements, however, maintaining that the switchboard here is at least 20 years old and is no longer manufacturing but that other portions of the equipment are also old. Questioned by Mr. Hardenbrook, he would not admit that the exchange is not in good workable condition, stating that in his opinion the equipment is capable of giving reasonable service.

Mr. Taylor's expert testimony consumed most of the morning but just before the noon hour C. J. Mortensen, president of the Nebraska State Bank, was put on the stand as a witness by the Chamber of Commerce.

Through Mr. Mortensen and other witnesses, Attorneys Hardenbrook and VanDecar developed the fact that an emergency exists here because of crop failures in recent years and because of economic conditions in general. Mr. Mortensen said that in his opinion real estate values are down 60 per cent from those of five years ago and crop values are 75 per cent lower than a few years ago. Valley county has had virtual crop failures for two years and partial failures in the two years before that, he said.

Mr. Mortensen also complained about the service given by the telephone company and recommended that telephone rates should be cut to \$5 for residence and \$150 for business phones.

Attorney Davis, questioning Mortensen, sought to make him admit that the crop failure last year was only a partial one. Mortensen scored a point, however, when he stated that Valley county has been classified as a drought area by the federal government, which would not have been done if feed crops had not been a failure.

The next witness was C. A. Hager, who qualified as an expert witness on real estate values and general economic conditions. Mr. Hager has recently made a survey of the rental prices of Ord business property and introduced into the evidence a report along this line. Buildings that rented two years ago for \$5 to \$20 per month are renting now for from \$15 to \$50, a reduction of 50 per cent, he proved.

An adjournment was taken at the noon hour and the hearing resumed at 1 o'clock with Wm. Heuck, manager of the Farmers Grain & Supply company, on the witness stand. Mr. Heuck testified that he managed the local exchange for a time when it was owned by the Farmers Mutual company and that the switchboard is at least 25 years old and that main cables were put in in 1912 and have never been replaced. In wet weather there has always been much difficulty with cross talk, Heuck testified.

Commissioner Bollen took a hand in questioning Heuck about the rates and service. The latter testified.

MR. CUSHING'S RECORD.

"From Rags to Riches, or the Farm Boy's Success." Something like this, something reminiscent of good old Horatio Alger, might well be said in depicting the role played by our representative, Marion Cushing, in the state legislature now in session at Lincoln. Not that Marion is a poor farm boy, nor did he ever go about in rags, nor did he ever flit with riches at the present time, but an Alger title could very aptly describe his position in the present house.

A republican in a legislature that is overwhelmingly democratic, Mr. Cushing was expected to have little to say about the conduct of legislation this year. But it developed that he had a surprising lot to say and he has been saying it, and even more strangely, his colleagues have been listening to him and acting on his advice. He is not in the house.

Last term, and in the term before that, Mr. Cushing as a republican in G. O. P. controlled legislatures, won his spurs. Not by voting blindly with the majority, for he has never followed the majority. Quite on the contrary, he has voted with the minority party but always he voted for what he thought was right. This year his consistency in voting his honest convictions bore fruit and Marion found himself trusted and honored by both republicans and democrats.

The Associated Press, in a dispatch printed in all state dailies Friday, has much to say about Mr. Cushing. "The Ord solon is in the peculiar position of wielding more influence in a democratic legislature than in any other assembly," the dispatch says. "Completely independent, Cushing was at odds with the republican leaders in 1931 more frequently than he was with them. And this session he piloted bills embodying several of the party's democratic campaign pledges such as repeal of the party circle and intangible tax law."

Cushing knows the technique and technicalities of procedure like a farmer knows the lay of his farm, the Associated Press reports. "When an opponent in a debate doesn't know how to get what he wants, Cushing doesn't hesitate to tell how to do it, and then argues against doing it."

Repr. Cushing's leadership in the house fight for S. P. No. 310, the irrigation enabling act, was monumental and for his valiant work in this connection he should be honored by his constituents. This editor doesn't agree with him in his vote against the resubmission bill, but that is not a public office. He should have tried to prevent the question of prohibition repeal being brought to a popular vote, but we honor him for his consistent stand against liquor, which he honestly believes to be wrong.

Our representative is not an office-seeking politician. He consented to make the race for his present job because he honestly believed that he could be of service to Valley and Garfield counties. His confidence in himself has been justified time and time again and will continue to be. Marion Cushing will not be out of politics this session of the legislature ends. He is qualified for more important public positions than he now holds. Republicans and democrats alike may join in supporting Cushing and do because they know that he can be trusted, always, to fight for what he believes to be right, regardless of the effect it may have upon his own political future. Men like Mr. Cushing are needed in public office and two years from now we must see that Marion is drafted to a position of greater responsibility at Lincoln or at Washington.

A WALL AROUND A TOWN. At Lincoln recently a dry cleaning war was raging. An Omaha dry cleaning firm was making a price in Lincoln of 55c for cleaning and pressing a suit, was trucking the clothes to Omaha, doing the work there and trucking them back to Lincoln. Lincoln dry cleaners, who charged 70c for the same work, were irate. They succeeded in getting the Lincoln city council to pass an ordinance that stopped the Omaha firm's activities over night and since the Nebraska supreme court upheld the constitutionality of this ordinance small towns all over the state are given an effective weapon for stopping the ruinous encroachment of city firms, if they care to invoke it.

The ordinance is very simple, providing simply that any dry cleaner may operate in Lincoln providing his plants is inspected and approved monthly by an inspector appointed by the city council. The charge for this inspection is only \$1 and all cleaning plants must submit to it. The joker is that the inspector must charge a mileage fee of 50c per mile whenever the plant to be inspected is located outside of the corporate limits of the city of Lincoln.

Omaha cleaners, confronted with the necessity of paying a monthly expense of about \$75 for the privilege of doing business in Lincoln, naturally withdrew from that city. An ordinance of this kind could be passed by a town like Ord, with-

out doubt, and it could apply to bread and pastry, bottled beverages, ice cream, or anything else. We could build a wall around our town, if we care to do it, and compel people who want to sell us bread or pop or ice cream either to pay a high inspection fee for the privilege or build a factory here, pay taxes here and employ Ord people.

The Quiz is not recommending that Ord pass such an ordinance. We do not favor building a wall around our town, unless the unfair tactics of communities that now sell us a large portion of our bread, pop and ice cream makes it necessary for us to do it as a matter of self-preservation.

Something DIFFERENT

Four counties in this region now have county judges who are quite young, don't you know.

Ben Rose at Burwell, Johnnie Andersen at Ord, etc. Someone said to me recently . . . "why shouldn't we have new officers and young officers in all these positions? Just see what a mess older people got us into, and now we have to get out of it?"

Mebbeso, but I think we would have had just as many troubles, economically speaking, with any other set of office incumbents. Young or old. Don't you?

Many people, sending in recipes, take the occasion to tell me how much they enjoy the Quiz, all of it, not my part. These subscribers are so complimentary I feel rather guilty sometimes to think I haven't answered these letters personally. Often these correspondents include a note about how many years the Quiz has been a weekly visitor at their homes. I wonder just who has taken this paper the longest? I remember Mrs. N. P. Fogt, now of Aurora mentioned their family receiving the Quiz for 35 or 36 years, or shortly after their marriage, and I am sure Mrs. Fogt isn't the longest time subscriber, either.

How long have you taken it? Write in and tell us. Incidentally, if you no longer live here, include a note about yourself for other old friends to read.

Here is what W. W. Haskell has to say about a certain lily pool (a cute little round one with brick sides): "Not to be outdone by President Roosevelt and his \$30,000 swimming pool at the White House, County Clerk Ign. Kilma is building a bathtub in his back yard. He declares, in self defense, that this outdoor tub will not cost \$30,000 nor will it be paid for by popular subscription. But the question that arises in my mind is how will Ign. square himself with his neighbors, who will have to pull their shades down and keep them down till Kilma has donned his bathrobe."

Shubbery was never so cheap, really a bargain, as it is this year. Nurserymen are overstocked because people haven't had the money to buy it, and so prices have dropped. If you are going to beautify your place, please try to do it this year.

And let all your neighbors enjoy the pretty growing things about your home each time they pass, including me.

Kite-flying is in its usual spring-time boom, I notice by the number of youngsters running down avenues.

I wonder if it is as much fun to try to fly a freakish looking kite you've bought as it is to make your own? And enjoy pounding your fingers royally? Roller skating, playing marbles, and even chalking the sidewalks with cartoons and crossing-out games are other popular sports.

Also tennis playing. The court across from the high school is in continual demand by the youngsters for whom it was prepared. The game, much in vogue with them, provides dandy exercise, a wholesome pastime, a lot of fun. In fact they like it so much that some of the ardent more elderly tennis players, such as Mike Kosmata, have to get up quite early to get a chance to use the courts.

Other cities have found using the vacant lots for raising gardens a practical plan for their poorer citizens. By furnishing seed and finding lots these people may use free of charge, large gardens are possible at little expense.

My Own Column

By H. D. LEGGETT

Something that President Roosevelt said a while back was construed to mean that he favored the U. S. getting into the world court. I have failed to see anything more to indicate it and he seems to be strongly opposed to our getting mixed up in any foreign affairs.

I don't believe much in the administration's price fixing plans. If the government will do something to give the farmers and small home owners time so they can hang onto their homes until the present hard times are over and until improved conditions come, I believe that is all that is necessary. I believe it is true that many homes, farm and otherwise, are now held with more against them than they will be worth in many years to come. Farm land for instance is only worth what it will pay a fair rate of return on and there are plenty of Valley county farms that are now mortgaged for more than they are worth. Such farms or homes had better be turned over to the people who hold the mortgage and bought back at a fairer price.

There are a lot of fellows yelling for beer who would better be trying to make arrangements to get hold of enough bread and meat to properly take care of their families. Beer is not a necessary of life. It is a luxury and comparatively few people are in shape at this time, to enjoy all the luxuries they want.

Another thing, if you will keep your mouth shut and your ears and eyes open you will have those who are so strongly insisting on return of beer, never saw the old saloon days. They are too young to have done so and they don't know a thing about conditions when there were licensed saloons. I can well remember when there were three or four saloons in Ord and when a lady was very seldom seen on the north side of the square in Ord where the saloons were grouped. It was no place for a lady in those days and if the saloons return, as I believe they will, the part of town where they are located will be no place for a lady again. This may not sound so good to those who are advocating the return of wine and beer. They will claim the saloons will not be returned, it has been the return of wine and beer is just an entering wedge and that the saloon is sure to come back.

They say 3.2 beer is not intoxicating but we all know better. We all will agree that a man who gets 3.2 beer will make a man silly drunk and we have seen it do so many times. Whenever it is sold in Ord men will get drunk and the men who sell the beer to them will make the claim that the drunkenness was not caused by the beer, spiking the beer. In some cases that will be true too, and that is the way hard liquor will have a better chance to come back and each succeeding legislature will let the bars down a little more until in a few years we will have a saloon boom. As this is written the legislature has not as yet passed the beer bill but it seems certain it will be done.

Some believe the people will vote to keep Nebraska dry if and when they have a referendum on the subject probably will next year. But I am doubtful about that. I believe this state will follow Michigan and go wet. There are too many voters who never saw the evil effects of the saloon and they don't know much about it.

I don't think it would be at all unreasonable for the county board to pass a resolution saying that nothing in the way of such foods as potatoes, fresh garden vegetables and canned vegetables would be furnished to the poor of Ord next winter. There is no Ord family that cannot provide all these things for themselves if they will be thrifty and work and those who have to pay the taxes had not ought to have to feed them.

The passing of S. F. 310 seems to give the idea to outsiders that this valley will go ahead and have power and irrigation development, if the requests for a copy of the Quiz from outside is any indication. One real estate man wrote, saying that he had several parties who would be interested in coming here to look for land as soon as irrigation was assured and wanted to subscribe for the Quiz at once. Another asked about the chance for installing a certain kind of business in Ord. I believe this valley is going to enter upon an era of great improvement and prosperity. I believe that before the summer is over we will hear the ring of hammer and saw in Ord and all up and down the valley and I should not be surprised if business places and residences would be at a premium in the whole valley before snow flies again.

And I have been wondering, in connection with this project, if the survey shows it to be practical and we go ahead, if we can't figure out some method of building a good sized lake in connection with the project, at or near Ord. There is nothing that would give greater pleasure or attract more attention to Ord at this time. Possibly the state might be interested in helping to give this county something along that line. It has done so in many of the surrounding counties. Anyhow this is an idea that is worth thinking about and anyone who has an idea along this line should be heard.

Because of the lack of accommodations for the perpetuation of the centuries-old custom of housing farm animals in the same structure with their owners, Italian farmers have refused to occupy the new homes erected in the earthquake region, near Naples, Italy.

Last Chance Notice!

By H. D. LEGGETT

As we told you last week, we must return to the \$2 price. We want to give everyone who has not taken advantage of the \$1 price, a chance to do so. Most of you have already done this. A day must be set for the return to \$2 and that will be done next week, and after that date, \$2 will be the Quiz price. Don't blame us if you fail to get the Quiz at \$1.

When You and I Were Young, Maggie

25 Years Ago This Week.

Dr. Hemphill bought the Sam Brown property in North Loup and was planning to build a new home. Alvin Blessing and Henry Marks returned from an inspection of the irrigated lands near Holly, Colo. Mr. Marks bought the property, an option on two forty acre tracts and expected to buy one of them as an investment.

George Gjon and Jack O'Leary wrestled at the Ord opera house, Gjon winning in two straight sets. Less than two dozen men attended. Harry Doran, of Burwell, who was attending Kearney Military Academy, was spending a few days in Ord as the guest of Maggie Post.

Ord was becoming the mecca for saloon keepers for the whole valley, as most of the valley except Ord had voted dry. Ernie Milburne was about to move his stock of wet goods from Arcadia to Ord, a St. Paul man was about to move his saloon here, one of the Adams' was opening up on the Main corner and Sam Diamond was circulating his petition, all of these in addition to saloons already established here.

While hauling hay from stack to barn Reinard Fuss was hit on the head by the hay fork and fell striking his head and knocking him unconscious. He was not badly hurt.

Ed Kallal and Will Clark were getting their affairs in shape to leave for Alberta, Canada to make their homes.

20 Years Ago This Week.

An April blizzard drifted the snow two or three feet deep in Ord and stalled the Union Pacific train. Edward, seven year old son of Jake Shoemaker, was run over by a heavy disc and his leg was broken in two places.

Henry Bell sold his popular restaurant to Fred McMinder, getting a good price. Julia Vandriel was elected principal of Ord high school and other teachers elected included Grace Work, Olive McBeth and Grace DeLahunta.

A new Catholic diocese was established in central Nebraska and Father James A. Duffy of Cheyenne, Wyo., was named as bishop. He was making his home in Kearney.

To Cemetery Lot Owners.

Ordinance No. 80, provides for the perpetual care and maintenance of lots in the Ord City Cemetery upon payment of sums as follows: Whole Lots—\$75.00. Half Lots or Less—\$50.00.

This ordinance was created for the purpose of taking care of a demand much in evidence at this time, and insures non-residents and others that lots owned by them will always receive the necessary attention and be kept in good condition.

We earnestly recommend that lot owners place their lots in Perpetual Care and insure that they will never appear neglected or forgotten. For further information communicate with the City Clerk. 4-11 Cemetery Committee Ord City Cemetery.

THE COOK'S COL-YUM, YUM!

By H. D. LEGGETT

Do you use lots of eggs in cooking? You should. They are good for you. They are also good for your community. When you use eggs you help the farmers of this locality, for remember this is a rural community, and Ord a farmer's trading point, and we have no business health except through them. Therefore, it is good for your health in general, both physical and where money is concerned.

French Noodles. Grate very fine three medium sized raw potatoes, add one egg, one-fourth teaspoon baking powder, pinch of salt, flour to stiffen until you can handle the dough. Pinch off pieces the size of small marbles, and between the palms roll them into a thin roll about two inches long. When all are rolled drop into boiling water, cook four minutes. Dip out noodles into a dish, pour some melted butter over them, also two cups browned bread crumbs which have been mixed with sugar.

Mrs. James Weber, Phillips, Wis. **Pineapple Butterscotch Cake.** Cream one-fourth cup butter with one cup sugar, add three well beaten eggs, put in two-thirds cup milk alternately with two cups flour, three teaspoons baking powder and one-half teaspoon salt. Lastly put in one teaspoon vanilla. Grease the pan, then drop some butter in the bottom of the pan, put in one-half inch layer of brown sugar, on which lay the broken pineapple slices. Spread the dough over this and bake fifty minutes. Serve with whipped cream.

Theresa Spotsnaski, Ashton **Lady Baltimore Nut Cake.** Cream together one-half cup butter with two cups sugar until creamy. Add one-half teaspoon vanilla and three-fourths cup sweet milk, mix well. Put in two and one-half cups flour which has been sifted with two teaspoons baking powder. Fold in the stiffly beaten whites of eight eggs. Add one cup chopped walnut meats and bake in a moderate oven.

Mrs. Chris Kirby, Rt. 2. **Sunshine Cake.** Sift one cup cake flour once, measure, add one-half cup sugar, sift four more times. Add one-fourth teaspoon salt to six egg whites and beat with a flat wire whisk. When foamy add one-half teaspoon cream of tartar and continue beating until the whisk leaves a faint line when drawn across the surface of the egg whites. Add carefully, until all is used, four whites of eight eggs. Add one cup ungreased tub pan and bake in a slow oven, 300 degrees F. for 30 minutes, increase the heat slightly and bake 35 minutes more. Remove from oven and invert pan for one hour or until cold.

Bessie Lebecka, Comstock **Mustard** Stir to a paste one tablespoon butter, four tablespoons ground mustard. Add one full cup sugar, two level tablespoons salt, one and one-half cups cream. Cook in a double boiler. Add the yolks of four or five eggs, stirring all the time until it is thick. Take from the stove and beat one cup vinegar (less if it is very strong) into it slowly. This will keep well, and is excellent.

Haskell Creek

Last Friday morning the teachers and pupils of the Haskell Creek school went to Ord to take part in the annual rural high school field meet. In the scholastic events, which were in the morning, our school won second place, the Barker school being some ten points ahead but in the afternoon athletic contest Haskell Creek gained enough points to make them the victors in the events of the whole day, thereby winning the silver cup which is awarded for first place. Last year this school won the banner which is the award for second place. Needless to say the whole community is very proud of their school.

There were fifty-seven in Sunday school Sunday morning. After a picnic dinner there was an Easter program consisting of piano solos by Anna Aagaard, vocal duets by Miss Valborg and James Aagaard and talk by Rev. Real, all of which was very pleasing to the group.

Tuesday evening neighbors and friends helped Will Nelson celebrate his birthday. J. L. Nelson and daughter Lena of Winner S. D. drove down Tuesday to help the former's brother, Will Nelson celebrate his birthday. They remained until Wednesday noon for a visit with other relatives in this vicinity.

Mr. and Mrs. Dave Philbrick and daughter Della of North Loup visited Sunday at Ben Philbrick's and in the C. O. Philbrick home. Mr. and Mrs. John Tiff of Erickson, Mr. and Mrs. Ben Morris and Mr. and Mrs. Ed Michalek and family were Sunday guests at Martin Michalek's.

Mrs. Henry Jorgensen and daughters visited Saturday afternoon with Mrs. Frank Dvorak and Miss Agnes Christensen. Mr. and Mrs. Harold Nelson and son, Mr. and Mrs. Walter Jorgensen and family and Alma Jorgensen were at Will Nelson's Sunday evening. Mr. and Mrs. Wes Miska and children were at C. O. Philbrick's Sunday evening.

Mr. and Mrs. Charles Dana and Lorraine and Junior called at John Nedbalek's Sunday evening. Elsie Nelson spent Wednesday night at Wilmer Nelson's. Lloyd Welnak was a supper guest at Frank Miska's Friday evening.

Mr. and Mrs. Walter Jorgensen called at Mrs. J. Aagaard's Sunday.

Summit Hill News

Rev. McCarthy and W. L. D. Auble called at C. O. Philbrick's Wednesday. Mrs. Raymond Pockock of Ansley spent Friday here.

Mrs. H. C. Stevens and daughters Hazel and Leone visited in the George Fisk home Sunday evening. Mrs. Herman Desel and Mrs. Elmer Stevens visited in the Allan Tappan and Clifford Collins homes Monday afternoon.

Little Elva Arnold has been having infection in her hand but is better. Dr. McGrew has been treating it. Anna and Jaunita Fisk and Mildred McGee visited school district 47 Friday of last week. Mrs. Harry Stevens bought 350 baby chickens from Goff's hatchery Wednesday.

The pupils of Districts 47 and 66 enjoyed an Easter egg hunt and party Friday afternoon. Dean Fuss was one of the contestants at the track meet Friday in Ord. Hazel and Leone Stevens stayed in town over Saturday and took the teachers exams.

Mrs. Elmer Stevens cut her thumb on the right hand while cranking her car Sunday morning. Most of the farmers have finished sowing their small grain and are getting the ground ready for corn.

LOST 40 POUNDS ON DOCTOR'S ADVICE

"I'm a user of Kruschen Salts as a reducing remedy and can say they are fine. Have lost more than 40 lbs. in the past year. Am gradually reducing as my doctor advises." Miss Bertha Waldo, Haman, N. Dak. (Oct. 30, '32).

Once a day take Kruschen Salts—one-half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. Frazier Funeral Home, Ord. tt

It's Time for Picnics, Steak Fries and Wiener Roasts

Now is the time when the call of the outdoors is strongest, when you like to take your own family or a group of friends and journey to some quiet spot in the hills or near the river and enjoy a sociable meal close to nature.

If you are planning a picnic you'll need a ham to boil or a tender roast to slice when it gets cold. Or perhaps you plan a steak fry and need those thick cuts that taste so good when broiled over an open fire. Or a wiener roast.

For all of these events let us help. We've been purveying fine meats for years and can please you.

North Loup News

Funeral services were held at 2 o'clock afternoon at the Bert Butten home for George Stevens, who passed away quietly of pleural pneumonia at six o'clock Monday morning.

George Stevens, son of Frank and Sylvia Stevens was born in Vermont, June 9, 1846. In later years the family of one son and five daughters moved to Kansas, where one sister still lives. In 1902, Mr. Stevens came to Nebraska to make his home with a nephew, Burr Robbins of near Ord, and since July 14, 1929 he has lived in the home of Mr. and Mrs. Bert Butten where he passed away. While in this home where he received excellent care, he became a friend to those who enjoyed conversing with him. A sister in Michigan survives him, also an older sister who lives in Sutton, Nebr., and his youngest sister who for years was a teacher in the Chicago schools is now ill in a hospital there. Services were in charge of Rev. H. S. Warren. Music was furnished by a mixed quartet from the S. D. B. church and interment was at Loup City.

Mrs. V. G. Thomas and daughters Isa Creager and Miss Maud Thomas were hostesses Thursday afternoon. Gardening and flower session of the W. C. T. U. The lesson on Temperance and Missions was read by Mrs. Albert Dillon.

The Helen Shaw Missionary society of the Baptist church met with Mrs. Myra Barber on Thursday afternoon. Gardening and flowers were special features of the day's program. Several new members were present. Mrs. Barber served a dainty luncheon.

"Into the Hearts of Men", a sacred three-act play depicting scenes of the resurrection time was presented at the church on Friday evening. Those having leading parts were Mr. and Mrs. Van Creager, Keith Watts and Martha Miller. Music was furnished by Rev. and Mrs. Hawks in duet, Mr. Kenneth Hawks rendering a solo, and a duet by Rev. and Mrs. Dillon, the entire program being most impressive.

Miss Naomi Yost as director and Donald Fisher as pianist are to be commended for their faithful services to the choir of the M. E. church which rendered the beautiful cantata "The Thorn Crowned King", at the church Sunday evening.

Today is rural school day in this city, as a repetition of last spring's school. The North Loup schools and the community services club are sponsoring an all day scholastic and track meet. Twenty-five schools have been invited to participate.

Field events are being held at the athletic park throughout the afternoon. The evening program is being held at the high school auditorium and will feature a declamatory contest by eighth grade pupils and the presentation of one-act plays by ninth and tenth grade pupils. The service club are providing ribbons, cups and medals for the winners. All parents and patrons are invited to be present.

Monday, April 24: Ladies Aid at Mrs. Pete Rasmussen at 2 p. m. Evening services with a special message for the young people at 6 p. m.

Tuesday, April 25: Evening service at 8 p. m.

The Aagaards have promised special numbers for these meetings. Memory Verse: "I am not ashamed of the gospel of Christ, for it is a power unto salvation for every one that believeth." Rom. 1:16.

Christian Science

The subject of the lesson-sermon for Sunday, April 23, is "Probation After Death."

The Golden Text is from Matt. 23: "He that shall endure to the end, the same shall be saved." A passage from the Bible used in the lesson-sermon is from I Cor. 15:50, 54: "Now this I say brethren, that flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit it. So when this corruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory."

Our sermon subject next Sunday morning will be "Caleb, the Whole Hearted." Union evening service at the Presbyterian church.

We are grateful for the many kind things said about the Easter service. We do hope that it made a picture in the minds of our people that will bring forth fruit.

Keep the Bible school attendance up to and above what it was last Sunday. We are in possession of the mind of the Lord, as the Scripture says." (page 291).

Methodist Church

Next Sunday night we will have another family supper in the basement at 6:30. People are asked to bring sandwiches and a covered dish, also their own plates and knives, forks and spoons. It will be in the nature of a reception to the new members received on Easter Sunday. Dr. Johansen, our district superintendent will be present and will preach at the evening service, which will be held in the regular church auditorium. At this service there will be a roll call by

families of all the members of the church.

The Wesleyan Glee club will give a program in the high school auditorium tonight (Thursday) at 8 o'clock. Prof. Oscar Bennett will be with them. There are 25 men in the club.

Easter Sunday was an eventful day in the Ord Methodist church. The young people of the league had a sunrise prayer meeting followed with a breakfast at the park. A large congregation was present for the Sunday morning service.

The choir sang the Hallelujah Chorus from Handel's Messiah. Three babies or small children were baptized, and 31 new members received in the church. In the evening the choir of 30 voices gave the cantata "The Greatest Love" by Petrie. Another large congregation was present and it was a fitting close of Easter, the greatest day in the church year. A total of 671 people had worshipped in the church during the day.

Three small children were baptized at the morning service. They were: Richard Raymond Rathbun, Luella Edna Hansen, and James David Goff.

The following new members were received into membership, 6 by letter, and 25 by profess of faith, 31 in all: Armona Both, Virginia Clark, Gerald Clark, Mrs. Frank Clark, Evelyn Gross, Everett Gross, J. H. Jirak, Mrs. J. H. Jirak, Gerald Jirak, Mrs. Henry Koelling, M. F. Kosmata, Vernon Laughrey, Mrs. Vernon Laughrey, Patricia McGraw, Lillian McGraw, Mrs. Mary, Mildred Nay, Mrs. Claude Romans, Kate Romans, Josephine Romans, John Rogers, Carson Rogers, Mildred Joy Smith, Evelyn Sharp, Harold Sack, Lloyd Sack, Virginia Sack, Virginia Weekes, Don Tunncliff, Eleanor Wolfe, Viona Wolfe.

The subject of the lesson-sermon for Sunday, April 23, is "Probation After Death."

The Golden Text is from Matt. 23: "He that shall endure to the end, the same shall be saved." A passage from the Bible used in the lesson-sermon is from I Cor. 15:50, 54: "Now this I say brethren, that flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit it. So when this corruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory."

Our sermon subject next Sunday morning will be "Caleb, the Whole Hearted." Union evening service at the Presbyterian church.

We are grateful for the many kind things said about the Easter service. We do hope that it made a picture in the minds of our people that will bring forth fruit.

Keep the Bible school attendance up to and above what it was last Sunday. We are in possession of the mind of the Lord, as the Scripture says." (page 291).

Sign of the Cross

To Be Shown Here

The greatest picture spectacle since The Ten Commandments, to be shown at the Ord Theatre, in the form of Wilson Barrett's exciting love story THE SIGN OF THE CROSS.

Chas. B. DeMille, producer of "The Ten Commandments," has created The Sign of the Cross, only after two years preparation. It is brought to the Ord Theatre at regular admission, having played in most every city in the United States at \$1.65 to \$2 admission. The Sign of the Cross has just completed a sensational run in the Roxy Theatre, Radio City, N. Y.

Contrary to the belief of many people, THE SIGN OF THE CROSS is not based on any one religion. It does not use any one religion as its theme, but rather, it does use that era of Ancient History of the Roman Empire, as a background in the setting for one of the most beautiful, sensational love stories ever written or ever seen on the stage. THE SIGN OF THE CROSS, contrary to the belief of many, is not complimentary to the Jews, Lutherans, Catholics, or any other denomination, nor is it critical of any religion. The title of this film romance is taken from the stage play of the same name.

In order to forcibly tell such a story, such a romance, DeMille, be-

ing a great student of Biblical history, and being recognized as such by authorities, brings out very forcibly all of the paganism, idolatry, and barbarism of the Roman Empire of that day. He uses for detail, the moral free splendor, the roman baths, the pomp and excitement of the Coliseum games, which prevailed in gay Rome at that time. In contrast, to great length, the staunch Christians and their undying faith to be followers of Christ. But, topping all of this detail of history and religion, the mass of settings, superb action, thrill and excitement of the chariot races and the Roman games, there is the most beautiful love story ever filmed.

These, thou and thine are not spoken in the picture, but instead, the modern American language which makes it understandable to every red blooded American.

The burning of Ancient Rome, and the fighting of the Roman Gladiators, scenes of the Roman baths, and the tender close ups of Frederic March and Ellsina Landi will be remembered. Charles Laughton, Claudette Colbert, together with a cast of 4,500 helped to make this picture possible.

THE SIGN OF THE CROSS, the film spectacle of 1933, will be shown at the Ord Theatre, April 23-24-25.

Proclamation

Whereas it is deemed to be the best interests of the City of Ord that a certain week be officially designated as "Clean Up Week" in accordance with custom,

Therefore, I do designate next week, April 23 to 29, as "Clean Up Week" in the City of Ord and do earnestly request that every citizen of this city make every effort to have his or her premises cleaned up and put into the neatest condition possible. Lawns should be raked, unsightly litter cleared up, ashes should be hauled from back yards and alleys, and citizens should try in every way to assist in making Ord more sightly.

Given this 19th day of April, 1933 under my hand and official seal.

Wm. A. Moses, Mayor

Attest: Lucinda Thorne, City Clerk.

State Capitol News

By PARKE F. KEAYS

After a dozen weeks in which the only liquids discussed by the legislature were gasoline, distillate, water and cream the Nebraska legislature plunged deeply into the matter of 3.2 beer and hard liquor itself last week.

On Thursday, however, the House went into action on the beer bill and oratory flowed freely in both west and dry camps for two full days.

An attempt was made to eliminate the enacting clause from the bill which would have killed it then and there.

While the legislators from Douglas county have admittedly had a large interest in the measure since it was introduced early in the session, they were conspicuous by their silence last week.

At the end of last week the House had passed approximately 106 House bills and 30 Senate bills.

The Senate finance committee has been working faithfully with the appropriation measure which was released by the House about two weeks ago.

legislature expected the bill to emerge from the senate committee sometime this week after which it will probably remain in the hands of a joint conference committee for several days.

The Senate finance committee held two interesting hearings last week which dealt entirely with features of the appropriation bill having to do with educational institutions.

The following evening, officials of the University appeared before the committee asking that the figures recommended by the governor be maintained.

One hears frequent reference to adjournment among legislators but the word is used in an abstract manner as yet with no specific date mentioned for the occasion.

When the Senate convened this week it was minus its former secretary, Homer H. Gruenther, who has resigned to become private secretary to Congressman Edward Burke of Omaha.

After toying with the Boelts bill to create a one-house legislature, the Senate finally killed the measure. The original bill proposed to do away with the Senate, creating an assembly of 100 representatives practically the same as the present House.

The senate also passed a bill memorializing congress to require a mixture of alcohol made from corn with gasoline in motor fuels.

An interesting bill passed by the Senate would require all automobiles sold after January 1, 1935 to have safety glass instead of the more common plate glass.

Continuing its action of the previous week relative to gasoline tax matters, the House passed the gasoline tax bill leaving the tax at 4 cents per gallon but dividing the proceeds of the tax on a 50-50 basis between the state and counties.

entire bill with both feet. Previous to being killed, the bill was amended to exempt gasoline used in city trucks as well as farm gasoline.

One-fourth of the state gasoline tax collected in March, or \$115,429, has been distributed to the counties of the state by the state treasurer.

Save With Safety with the Protective Plan

"What method of saving can I use that gives absolute safety and at the same time pays a high return" asks a young man.

The Protective plan of saving money means buying installment stock in this association, paying for it by a small fixed deposit each month and using the income from the stock to assist in paying for it.

Rigidly supervised by state authorities, this association gives the depositor absolute assurance that his savings are safe. The bulk of our investments are in mortgages on small homes, carefully selected and mortgaged conservatively.

TELEPHONE RATE CONTR'VERSY OFF TIL LATER DATE

(Continued from Page 1.)

ated that the free service to North Loup is very poor, that he frequently has to ring for a half hour or more to get through to that village and that in his opinion it would be better for the company to reduce rates in Ord, eliminate the free North Loup service and charge a reasonable toll to those who want to use the North Loup line.

Ellsworth Ball, a member of the county board of supervisors, testified that the county board ordered all phones in the county to be except one taken out as a protest against high rates being charged. There were eight phones and the company was charging \$3.50 per month each, he said. He expressed the opinion that it is a proper rate reduction in the county, that at least, would be replaced as it is very inconvenient not to have phones in the treasurer's and clerk's offices.

Other witnesses were W. A. Bartlett, Alfred Weigardt and W. A. Anderson, who testified along similar lines, and then came a number of rural telephone company officials, including E. S. Coats, Frank Carkoski, John Bremer, J. L. Abernethy, Henry Bann, James Sedlack, Stanley Gross and L. J. Smolik.

Mr. Carkoski testified that his farm line has been cut off because switching charges are too high and

said that at a recent meeting members of the line decided to resume their phone service if rates are cut in half.

Quered, by Attorneys Davis and Coward, who said that the company's operating charges were higher than that, Mr. Carkoski said that last year he got 35 bushels of corn off eighty acres and that his operating charges were higher than that, he said. Until the depression he paid his yearly phone charges with 12 to 13 bushels of corn; now it costs 60 bushels, Carkoski said.

Mr. Bremer, who for years was a director of the Farmers Mutual company, introduced as evidence a statement of the company's 1924 business in which the company shows that it paid 8 per cent to stockholders and set aside a surplus of \$3,500. "You have the same property, just as many subscribers and higher rates now that we did in 1924, why can't you do as good as we did?" he asked, in answer to a statement by Mr. Coward that the Nebraska Continental is making but 2 per cent on its Ord investment.

Commissioner Bollen, whose attitude throughout the hearing was sympathetic to the Ord demand, asked Mr. Bremer what he would do if he was a member of the railway commission and had this question to settle.

"I'd have a physical valuation made, then cut the rates to pay an honest rate of interest on that valuation," Mr. Bremer answered. "If expenses were too high I'd cut the salaries of some of these high-powered men," he said, pointing to W. W. Johnson, of Kearney, district manager of the telephone company, A. B. Clark and C. E. Pierce, of Columbus, other offi-

Weller Auction Co.

cials, who sat in the jury box all day listening to the hearing.

"I'm asking you these questions because you seem to be a very fair minded man," Commissioner Bollen told Mr. Bremer.

Charles Stenecker was the next witness and testified that many people have told him that they will remove their phones if rates are not reduced. Likewise, many who have already stopped their phone service will resume if charges are lower. He recommended rate reduction of one-third.

Then Attorneys Hardenbrook and VanDecar introduced into the record a variety of testimony to the effect that the telephone company has charged too high rates for re-installing phones. Jerry Petka paid \$8.00 for having his phone moved, Mr. Perry paid \$2.00 for having his service re-installed, George Petka failed to pay on the 25th of the month and was charged \$2.50 before his service was turned on, H. J. McBeth was charged \$1.50 for having his phone reconnected, etc.

Then came the telephone company witnesses. J. W. Wopat of Chicago, a telephone engineer, testified that he appraised the Ord exchange on a reproduction—cost basis on March 1, 1929 and that its replacement value is \$91,300 and its depreciated value is \$70,499, thereby being directly at odds with the findings of Mr. Taylor, the commission's engineer. In 1929 he gave the plant an efficiency rating of 78 per cent and it is in even better condition now, he said. Much other technical testimony was given by Mr. Wopat but he was interrupted by the adjournment.

Chamber of Commerce officials are not disheartened by this postponement of their attempt to get lower rates for this community and believe that the adjournment will give them time to line up new evidence and that the commission will eventually order an emergency reduction in rates.

SCOTIA, TAYLOR WANT IRRIGATION PLANS EXTENDED

Petition Committee Friday To Take In Their Communities; Ord Will Be Headquarters.

Meeting in Ord last Friday evening, directors of the North Loup Valley Public Power and Irrigation district and E. H. Dunmore, the engineer in charge of the survey, made plans and transacted business that brings the great power and irrigation project another few steps toward becoming a reality.

That the project may be considerably larger than has been supposed is a possibility as a result of delegations from Taylor and Scotia, at either end of the present proposed project, appearing before the committee and asking that their communities be included.

Three Taylor men, F. E. Replogle, E. L. Bleach and C. R. Newbecker, presented a petition signed by the owners of 9,000 acres of irrigable land between Almeria and Taylor in which it is requested that plans be amended to take water out of the river at a point 16 miles above Taylor and irrigate their acreage.

The Taylor-Almeria group offered to compensate the district for making a new survey and also offered to contribute generously to the fund that was raised a few weeks ago.

President Bert M. Hardenbrook, with the approval of other directors, informed the Taylor delegation that Engineer Dunmore would make an inspection of their proposal and that if it is feasible and in his opinion will enhance the project, the committee will be glad to consider taking in the new acreage.

Engineer Dunmore made this report that in his opinion the project is feasible and should be made a part of the district. More interest is being taken in irrigation north of Taylor than anywhere else in the valley, he says, adding that one hundred people followed him about as he made his inspection Sunday.

To include the Taylor-Almeria acreage it will be necessary to have another diversion dam sixteen miles north of Taylor, with the water being pumped to the river, used for irrigation when necessary and added to the power canal north of Sioux Creek at other times.

Leaps From Hospital Window at Rochester

Despondent because an operation for goitre had not brought the recovery that she had hoped for, Mrs. Vencil Krikac, of Comstock, leaped from a five-story window in a hospital at Rochester, Minn., Sunday and was killed, a coroner's jury establishing the fact that death resulted from suicide.

With her at Rochester were her husband and a daughter, Mrs. Emma Dutton. Mrs. Krikac was the daughter of Mat and Anna Klima and came with her parents to Valley county by ox team in 1882, living on a homestead near Woodman hall for many years. She was sixty-one years old at the time of death and besides her husband leaves four children, Mrs. Rosie Wardrop, Vencil, Jr., and Edward, of Comstock, and Mrs. Emma Gupton, of Oxford; one brother, Mat Klima, Comstock; and three sisters, Mrs. Carl Bouda and Mrs. James Hrdy, Ord, and Mrs. Frank Tvrdek, Comstock.

Since last November Mrs. Krikac had been quite seriously ill and spent several weeks in Excelsior Springs, Mo., going from there to Rochester where doctors advised an operation. She suffered intensely but after the operation it seemed for a time that she was on the road to recovery. The hope proved disappointing, however, as seemingly the disease had progressed too far and she seemed to dread the thought of becoming a burden to her loved ones.

Funeral services were held from the Comstock Community church yesterday by Rev. B. A. Filippi, of Clarkson, assisted by Rev. E. M. Novak, and interment was in the National cemetery.

Dies Month After Wedding. In an Ord hospital Friday occurred the death of Carl Petersen of Sargent, as the result of infection resulting from a ruptured appendix. He had been ill about two weeks. He is survived by his wife of only a month, the former Rosetta Apperson of Sargent. Mr. Petersen had several friends here.

Date of Play Changed. Originally scheduled for tonight, the date of the Knights of Pythias play, "School Daze," has been changed to next Monday, May 1, when it will be presented at the K. of P. hall. The public is invited to see such Orditas as Carl Dale, Bill Bartlett, Herschel McGrew, Luella Johnson and many others as school children and Francis Bradt as schoolman. Don't miss it.

Mrs. Louis Dohnal Passes At Burwell

Mrs. Louis Dohnal, 82, a resident of Valley county from 1879 until 1914, passed away last Wednesday at her home in Burwell and Friday was buried in the Bohemian National cemetery here after services conducted by Rev. B. A. Filippi, of Clarkson.

Born June 9, 1851 in Bohemia, Frances Othal was married on Oct. 20, 1872 to Louis Dohnal and five years later they came to the United States, first living in Texas for a year and then coming to Valley county where they lived during pioneer days.

Mr. Dohnal passed away Dec. 2, 1918. Five children survive, Mrs. Frances Mohr, Burwell, Mrs. Mary Hiavinka, Ord, Mrs. Emma Mottl, Burwell, Mrs. Louis Kokes, Burwell, Louis Dohnal, Burwell. There are also twenty grandchildren and two great grandchildren.

VALLEY COUNTY'S QUOTA IS 18 FOR REFORESTATION

Norman Named Chairman Of Local Committee, Will Interview Applicants April 29.

Valley county's quota of young men to be enlisted in President Roosevelt's reforestation "army" of eighteen, was the word that came Monday to Ralph W. Norman, who has been appointed chairman of the local committee by Wm. H. Smith, Nebraska tax commissioner, who is in charge of the work in Nebraska.

Other members of the local committee are Supervisors Morris Sorenson and Joe Vascek. Young men of this county who are not employed at present, who answer the various requirements and who want to "enlist" for a period of six months are advised to visit the county judge's office in Ord next Saturday, April 29.

To be eligible for a job in the reforestation army, young men must be between the ages of 18 and 25, must be unmarried but with one or more persons partly dependent upon them for support. Those accepted will be paid \$30 per month and given transportation, board, room, clothing and medical attendance but must agree to allot a certain portion of their pay to their dependents.

The reforestation group will work five days each week and every young man who is accepted must stay with the work six months.

The first step in securing a job of this kind is to fill out an application blank in the county judge's office Saturday. The local committee will first pass upon the application, after which the successful applicants must go to Grand Island to take a physical examination. If they pass this examination they will be transported at government expense to states where reforestation work is to be done. At the end of the six month period they will be given free transportation to their homes.

Started by President Roosevelt as a move to help the unemployment situation, the reforestation army has gripped the imaginations of many young men and Mr. Norman anticipates a large number of applicants here Saturday. He will be glad to furnish further information about the army to anyone interested.

Jerry Hlavacek To Quit Meat Business

Jerry Hlavacek, who for the past eleven years has conducted a meat market in Ord, announces in today's Quiz that he is quitting business May 1. He has made no plans for the immediate future but will first enjoy a long rest, he says.

The building now occupied by the Hlavacek market will be occupied by A. S. Koupal's grocery store as soon as the necessary redecorating can be done under the direction of F. J. Stara, who owns the building.

Kovanda to Convention. J. A. Kovanda, president-elect of the Ord Rotary club, was a delegate to the district convention in Sioux City, Ia., last week and Monday evening gave a report of convention activities at the regular Rotary dinner.

Married in Grand Island. In Grand Island Friday occurred the marriage of Miss Jessie Van Wie, adopted daughter of the late Thomas Van Wie, to Homer H. Robbins, a son of Mr. and Mrs. Burr Robbins, who returned to California last week after spending the winter here. Mr. and Mrs. Homer Robbins will make their home on the bride's farm in Springdale.

Sunday evening Mrs. Marlon Cushing and daughter Miss Marlan Grace Cushing returned home after spending a few days with the Cushing and Mr. Marlon Cushing in Lincoln. Robert had been at home for the spring vacation. His sister and mother took him back to his state university work.

ORD TEACHERS GET 20 PER CENT SALARY SLASH

Board Elects for Next Year But Will Give No Contracts; Must Save \$10,000 a Year.

Faced with the necessity of saving \$10,000 or more in the school budget for next year, the board of education last Thursday evening elected teachers for 1933 at a wage scale 20 per cent lower than during the present year and 30 per cent under salaries paid in 1931. Furthermore, the board will give no written contracts so that it will be possible to make still further cuts or even eliminate some departments if such action should become necessary.

The Ord school budget is about \$10,000 "in the red," was the estimate made last week by Secretary Ralph W. Norman. This deficit came about, not because the school system has been living in excess of its means but because such a low percentage of taxes have been paid.

In normal years tax payments will run from 90 to 95 per cent of the total amount assessed but last year payments fell to 85 per cent and so far this year only about 50 per cent have been paid, Mr. Norman says.

To give teachers some protection, at least, the board adopted a resolution that no teacher can be discharged nor can his salary be cut next year unless the board gives him thirty days notice. Grade teachers will be paid a minimum of \$675 per year and a maximum of \$775, depending upon the length of time they have taught here, and high school teachers will be paid a minimum of \$950 and a maximum of \$1050. Teachers classified by the board as "specialists," for instance, the music instructor, principal, agriculture teacher, etc., may be employed at higher salaries.

Teachers elected last week for next year, with the salaries they will draw, are: Elizabeth Shaver, \$2,450; Elva Johnson, \$1,025; Viola Crouch, \$1,000; Mae Baird, \$1,025; Mildred Jacobsen, \$975; Laverne Hans, \$975; Zelma Fruhstor, \$700; Elizabeth Lukesh, \$775; Lois Finley, \$775; Erma Gosard, \$700; Lucy Rowbal, \$775; Inez Swain, \$775; Bernice Campbell, \$775; Adeline Koszmatek, \$775; Daisy Halen, \$775; Bertha Lincoln, \$725; Mrs. Marguerite Stark, \$775; J. A. Kovanda, \$1,700 plus \$100 mileage; C. W. Molzen, \$1,250; W. S. Watkins, \$1,100; D. S. Duncan, \$1,680; Wilbur Cass, \$1,300. These last are the "special" teachers.

Some teachers were not applicants for re-election and some of those re-elected probably will not accept, so the board of education's task of electing teachers for next year has not yet been completed. Those elected last week have ten days to accept or reject the offer, which the board will again meet.

ORD PASTIMERS HOP OFF WITH 7 TO 2 VICTORY

Mgr. Auble's Baseball Team Plays Errorless Game In Open'er; Scotia Here Sunday.

Playing errorless ball and swatting the pellet hard, Manager Bud Auble's Ord baseball team romped home with a 7 to 2 victory in their first start of the Loup Valley league season Sunday. Wolbach was the Ord victim and the game was played on the Wolbach diamond.

This is the first season in several years that Ord has had an entry in organized baseball. The team of central Nebraska and the team assembled by Manager Auble is likely to give St. Paul, Scotia, North Loup, Wolbach and Greeley a tussle for the pennant.

Playing in Ord uniforms against Wolbach Sunday were Dittman, Syl Carkoski, Athey, Lashmet, Warford, Covert, Mattern, Kulklesh, Wolf, Finch, Blessing, Andersen and Beeghly. Most of them played on the Ord Delco-Lights, pennant winners in the Farm Bureau league last season. A mixture of old timers and youngsters, the team is expected to round into form rapidly.

Big guns in the Ord offense Sunday were Covert, Mattern and Kulklesh, each of whom thumped the ball safely twice, one of Mattern's hits going for three sacks. Mattern hurled a nice game for Ord, too, but was able to coast along most of the time because of the sparkling support given him.

Plymouth Rock Hen Gets Busy, Leads 'Big Egg' Race

Rhode Island Red hens slum-py aren't in it when it comes to laying big eggs, says Ed Klancecky of Springdale, and Saturday he produced an egg laid by a White Plymouth Rock in his flock that was much bigger than the egg brought to Publisher Leggett last week by E. H. Bartholomew. The Klancecky egg was almost round and measured nine inches each way. Like the Bartholomew egg, it was double-yolked.

Unless an ostrich wanders into a Valley county hen yard by mistake, the Quiz predicts that the "big egg" race has been won by Mr. Klancecky's White Plymouth Rock. The publisher carries will be gratefully received as the Quiz man is very fond of eggs, big and little.

ORD SHORTHAND TEAM SECOND IN STATE CONTEST

Girls Beaten Only by Wayne At Cozad Saturday; Music Groups Rate High.

Sixty-seven Ord high school students, ten teachers, several drivers and a number of school patrons were out of the city last Friday and Saturday attending the district music contest held in Kearney and the state commercial contest held in Cozad. In both events Ord shorthand team honors.

Only the shorthand team, which is composed of Viola Mae Finn, Twila Erickson and Thelma Taylor, were entered in the state commercial contest from this town but they won second place in the state contest, being beaten only by Wayne. The team had previously won the district championship.

In the music contest at Kearney one Ord individual and six Ord groups competed. Elwin Auble, singing in the boys' low voice division, was given a special award by judges. As the boys' glee club, composed of 24 voices. This is the highest honor that could be bestowed at the district contest, as places are not awarded.

Four Ord groups, the high school orchestra, girls' glee club, mixed quartet and boys' quartet, were rated excellent, the next highest honor possible, and only one Ord organization, the girls' quartet, failed to qualify by being rated as only average. Elwin Auble and the five music groups rated as superior and excellent are eligible to enter the state contest held at Kearney in two weeks. Supt. Millard D. Bell stated yesterday that funds are limited and it is probable that only young Auble and the boys' quartet will be entered in the state contest.

The Ord students and teachers made the trip to Kearney in two buses and eight automobiles, forming quite a caravan. Dean S. Duncan, music instructor, was in general charge of the Ord party. The bus was driven by Walter Lukenbach, commercial teacher, accompanied the girls' shorthand team to Cozad.

ARCADIA, ORD GIRLS PLACE IN SPELLING BEES

Lorraine Kusek Third In Interstate; Lucile Starr Fifth In World-Herald Bee.

Two Valley county girls, Lorraine Kusek of Ord and Lucile Starr of Arcadia, returned Sunday from Omaha where they had won prizes for their home county by placing within the best half dozen spellers entered in two contests, the big Inter-State bee Friday and the World-Herald's Nebraska contest Saturday. Miss Kusek placed third in the oral division of the Inter-State, Miss Starr fifth in the World-Herald's oral bee. Miss Clara McClatchey, county superintendent of schools, accompanied the girls to Omaha.

The girls had won the right to compete at Omaha by previously winning the annual Valley county spelling bee.

One hundred and thirty children from four states were entered in the Inter-State contest, which was won by a Nebraska boy, Richard McGuire, of Wisner. The World-Herald Bee was limited to Nebraska county champions and was won by Miss Mary Kerrigan, 13, of Fremont, who will represent Nebraska in a national contest at Washington, D. C., May 23. Her expenses will be paid by the World-Herald.

County Superintendent McClatchey says that she is very proud of the showing made at Omaha by Valley county entries. A \$5 cash prize was the award given to Miss Starr while Miss Kusek won a silver medal. In the past Valley county entries have failed to place in either contest.

Jensen's Celebrate 50th Anniversary

More than 125 friends gathered at the home of Mr. and Mrs. Carl Jensen in Horace last Thursday evening to help these respected Greenville county residents celebrate the 50th anniversary of their marriage. The Jensen's have lived in and near Horace since 1889, moving there from Danneberg to which town they had come from Denmark a year before. For many years they lived on a farm south of Horace but 14 years ago retired from strenuous work and Dick Karre has rented the farm since. They have four children, M. L. Jensen, of North Loup, Mrs. Christine Jensen, Jacob Jensen and Mrs. Albert Daudt, all of Horace. The celebration Thursday evening was a happy occasion in which a mock wedding was featured.

2 MILLION POUNDS POPCORN STORED HERE; NO MARKET

Pullen Says Farmers Wiser If They Don't Plant Popcorn Now; Market Is Glutted.

That there are 2,000,000 or more pounds of popcorn in storage in the territory around Ord and that there is no market for the grain except to be used as feed, is the statement made yesterday by Val Pullen, who manages the Albert Dickinson company's Ord elevator. The popcorn market all over the world is glutted, he states, and he advises local farmers not to plant popcorn this year.

A recent bulletin from the Bureau of Economics, Department of Agriculture, confirms Mr. Pullen's view of the situation. It says: "Current supplies of popcorn are indicated to be more than ample to take care of the demand this year and next year unless there should be a marked improvement in the demand. Stocks held by packers or by dealers are about normal or somewhat below normal in size but stocks held by growers are indicated to be considerably larger than normal."

"Although production in Iowa and Nebraska has been below normal for two years, this decrease was partly offset by greatly increased production in Kansas and by larger production in states that the past raised little or no popcorn."

"Some of the larger packers reported that the 1932 sales in pounds were about one-third less than in 1931, while sales in 1931 were smaller than 1929 and 1930 sales a mint. They are showing about the same rate of decline from those of a year ago."

"Because of the unsatisfactory demand and ample stocks dealers have been reluctant to bid on the many lots of popcorn offered by the growers. The showing about the same rate of decline from those of a year ago."

"Until demand has caught up with production, growers of popcorn may well proceed cautiously in the planting of this crop, especially if they do not have a local market for their crop. In advance of planting with a reliable dealer at a distant market."

Mr. Pullen states that there has been no market for popcorn since last September and that even then saleable baby rice brought only 60c per hundred. If there were a market now the price for saleable corn would probably not exceed 40c per hundred. Quite a large quantity of popcorn changed hands this winter at 35c per hundred, to be used as livestock feed.

Farmers of this territory, accustomed to planting large acreage to popcorn will do well to plant no other crop or let their ground stand fallow rather than to plant popcorn, says Mr. Pullen. He does not believe any extensive market will open up this fall and that present stocks are more than ample to supply any demand.

"Until the surplus of popcorn now in storage is out of the way the market is going to be very depressed and it is doubtful if any grower will be able to secure a contract at any price at all advantageous," he says.

Stockmen's Secretary In Auto Crash Here

F. R. Broome, of Alliance, Neb., secretary of the Nebraska Stock grower's association, figured in an auto accident near North Loup Sunday evening that caused about \$200 property damage but no serious personal injuries. With Mrs. Broome, he was en route to Valentine and near the Jackson bridge lost control of his car and crashed into a car driven by Ed Wegryn, of Columbus. Mr. Wegryn had brought his wife to Ord for a visit with her parents, Mr. and Mrs. Frank Koupal, and was returning to his home. He saw the Broome car weaving from side to side and stopped his car just before the crash or more serious injuries might have resulted. Both cars were towed to Ord for repairs. Mr. Broome took full responsibility for the accident and paid for damages to the Wegryn car.

WALTER GIBBONS HEAD OF MIDDLE LOUP DISTRICT

Comstock Man Known In Ord Chosen President of Irrigation; Two Arcadia Officers.

Arcadia, April 24.—(Special)—The organization meeting of the Middle Loup Public Power and Irrigation District was held at the Arcadia State Bank in Arcadia Saturday evening, April 22. The eighteen directors of the three sub-districts of Comstock, Arcadia and Loup City comprised the meeting and permanent officers and an executive board were elected from the group.

Walter E. Gibbons of Comstock was elected president, A. B. Outhouse of Loup City, vice-president, H. S. Kinsey of Arcadia, secretary and N. A. Lewin of Arcadia, treasurer. These officers, together with W. F. Dunbar of Comstock, J. E. Bowman of Loup City and John J. Murray of Arcadia form the executive board.

D. E. Wynn Jones of Omaha was appointed supervising engineer and manager of the project. The data of the Saturday meeting forms the basis of a petition which will be submitted to the voters of the district and when 15 per cent of the voters of each precinct in which the project is to be located have signed the petition, the district will be incorporated and permitted by the state department of public works to transact the business for which the district was organized.

The petition together with the preliminary survey which was conducted by the Henningsen Engineering Co., of Omaha and a complete history of the district as well as a complete history of each of the eighteen directors will be submitted to the Reconstruction Finance Corporation at Washington with a view to having them finance the project. The completion of the work should be completed in a very short time now.

The directors of the district include Walter E. Gibbons, J. G. Emory, W. F. Dunbar, E. G. Stone, Gladys Rockhold, Edith L. Haynes of Comstock, A. B. Outhouse, J. E. Bowman, John R. Long, W. Hawk, G. Leifinger and Clark S. Reynolds of Loup City, M. L. Fries, H. S. Kinsey, N. A. Lewin, A. H. Basterbrook, W. A. Armstrong and John J. Murray of Arcadia.

Wed at McElain Home. Sunday morning in the home of Mr. and Mrs. Stanley McElain, Miss Veda Moser, daughter of Mr. and Mrs. Dean Moser, became the bride of John Ashman of Burwell, Rev. H. H. Spracklen reading the marriage lines. Ralph Wyberg and Miss Delma Moser attended the ceremony. A wedding breakfast was served in the home of the bride's parents north of Elyria.

Dies in Tampa, Fla. Mrs. James Shoemaker of Oak Hill, Fla., the former Miss Gretchen Allen who was well known here, passed away April 20 in a hospital at Tampa, Fla., where a few days before she had submitted to major surgery. Her aunt, Mrs. C. J. Mortensen of Ord, was with her when the end came and attended funeral services held in Tampa last Saturday. Mrs. Mortensen will return to Ord in a few days.

Dwight Griswold Will Speak Memorial Day

Dwight Griswold, of Gordon former Nebraska commander of the American Legion and republican candidate for governor at the last election, will deliver the Memorial day address in Ord this year, it is announced by Legion officials this week. Mr. Griswold is a relative of Clarence M. Davis and will be a guest in his home while in Ord.

Go Fishing at Dewey. Arthur Capron and son, Joe, E. L. Vogelitz, George Satterfield and L. D. Milliken spent Sunday fishing at Dewey lake. The perch were biting good and they brought home over 100 of them but crapples were not striking. The road was pretty bad due to the recent rains, the fishermen report.

ORD HAS TOO MANY STORES, SAYS KOUPAL

Retailers Here Had Average Sales Of Only \$26,500 in 1929, Says Retail Secretary.

Ord has too many retail stores, said R. V. Koupal, secretary of the Federation of Nebraska Retailers, in the course of an address before the Chamber of Commerce at a dinner in the Christian church Tuesday evening. There are nine towns of Ord's size in Nebraska and Ord has more stores than any except one, he said.

The total amount of retail business done in Ord in 1929 was \$2,650,000, which divided among 79 retail outlets if census figures are correct and 103 according to the R. G. Dun report. He compared Ord with West Point, a town of the same size, which did a total business of \$2,000,000 in 1929 with only 55 stores. The sales of Ord retailers in that year averaged \$26,500 per store; in West Point the average was about \$38,000.

Mr. Koupal, who was recently appointed to his present position after several years as editor of the Nebraska Merchant, made an intensely interesting talk about retail business conditions throughout the nation.

Quoting census figures compiled by the government in 1930, the last authentic statistics available, he showed how the nation's retail business of 57 billions of dollars is divided among 1.2 million retail stores. He classed as stores all retail dealers, including automobile agencies, filling stations, etc., as well as institutions more commonly thought of as stores.

An eastern writer recently expressed the opinion that all cities in the United States of less than 10,000 population are disappearing and this statement aroused the retail secretary's ire. He proved to his hearers that this statement does not apply to Nebraska for there are only eight towns of more than 10,000 population in this state and only 44 with a population of more than 2,000. More than half of the state's retail business is done by stores in towns smaller than 2,000, he said.

Seventy-five per cent of the business in Ord and other towns of its class comes from farmers, he stated, and he recommended that Ord merchants plan their advertising and sales efforts with this fact in mind.

He touched upon legislative matters with which much of the work has dealt this winter, and recommended that the McCarter sales tax bill be defeated as the Banning bill had passed Ord in 1929. He stated that the 1929 business, would have had to pay a state sales tax of \$41,000, he stated.

Mr. Koupal mentioned the beer bill, now before the senate, and said that he believed that it should be passed with the emergency clause. "Nebraska is going to have beer anyway, in fact we have beer now, and I'd much prefer to see it sold legally with retailers instead of bootleggers getting the profit and Nebraska instead of Iowa and Missouri getting the revenue," he said. He admitted that the beer bill would probably not be passed but that he mentioned it because retailers are interested.

It was one of the finest talks Ord has had in a long time and was heard by about seventy Chamber of Commerce members and guests. President Harlan T. Frazier presided and introduced John P. Misko, who introduced Secretary Koupal. Another speaker was Mr. Rossow, of Broken Bow, who discussed briefly the "business circus" that he hopes to promote in Ord. Several pianocordian numbers were played by Arthur Auble, with pleasure to his hearers.

The delicious dinner was served by ladies of the Christian church and the whole affair compared favorably with the first dinner held last month by the Chamber in the Presbyterian church. Other meetings will follow in future months, President Frazier said yesterday, and it is likely that the next meeting will be devoted to banking.

Bee Keepers Will Meet. Bee keepers of Valley county will meet at the Frank Vodehnal farm Friday, April 28, at 2 p. m., at which time O. S. Bare, entomologist from the state extension service, will give the first lesson in the second year's series of bee management demonstrations. These lessons were started two years ago but were discontinued last summer because all Mr. Bare's time was taken up with grasshopper control work. All bee keepers are urged to attend tomorrow's meeting.

SIMPLIFYING GOVERNMENT.

Three or four years ago Senator George W. Norris, then nearing the end of a six-year term in the senate, announced that he would retire at the end of his term and in his home state, Nebraska, endeavor to set up a model state government. His ideal government would provide for only a one-house legislature and in many other ways was much simplified. It is too bad that enemies of Senator Norris forced him back into national politics and thereby prevented him from coming to Nebraska to see his great prestige and his undoubted ability to an effort of this kind.

In the legislature now in session Representative Boelts proposed a bill that would have abolished the senate and provided for a one-house legislature of 100 members resembling closely the present house. His bill passed the house but the senate killed it, substituting instead a bill by Senator Warner that would have abolished the house and left only a smaller body much resembling the present senate. In other words, the back was passed back and forth and the whole idea came to nothing.

There was recently proposed at Alliance, Nebr., by City Manager Earl Mallery, a nephew of Sheriff George Round of Ord, a plan of state government that would have many advantages. It provides that the state would be governed by a commission of twenty-five men, in session at least ten months out of every twelve. One of them would be elected governor and would have the general management of the state. The commission would operate the state as a board of directors operates a corporation, hiring competent employes without regard to politics.

The present two-house legislature made up of 133 men of various political faiths, meeting every two years, is a very inefficient body in the opinion of this editor. Out of suggestions like that made at Alliance there may evolve a substitute that will be vastly better.

TURN OF THE TIDE.

For a lot of Americans, including a large portion of our own Valley county people, the depression will be over if wheat and other grains will only hold the gains they have been making recently and increase them for a time at the same ratio. And there is every likelihood that they will.

When President Roosevelt last week determined to let the gold parity of our currency go hang and maintain, by inflationary means, our internal price levels, he sounded the death knell of deflationary forces that have so long been in the saddle.

What happened in the commodity markets upon receipt of this news is already history.

Our trouble has been, for the past eighteen months or more, that people had too much faith in money as such, and not enough faith in the things that money will buy. Purchases were confined to necessities and the rest of people's earnings was saved. Money was too high priced.

Now steps have been taken to cheapen the American dollar. As faith in the dollar is lost there will be a rush to translate money into property, which is just what we have been trying to get started since 1930. Various complicated means have been used but before our powers that be would adopt the simple method now being used they had to be forced into it. They were so blinded by the apparent necessity of keeping the American dollar on its throne that they could not see what was happening to internal price levels.

People who have money will do well to invest it now in property or in goods that they need or want. Next week their money will not buy so much and its value will decrease constantly so long as the inflationary forces continue active. There would be cause of alarm were it not for President Roosevelt's pledge of "a sound and adequate currency." With this pledge we may feel sure that inflation will not be continued to destructive lengths but only until we have "reflated" the prices that have been sinking ever since a certain autumn day in 1929.

THE NATIONAL PASTIME.
In Ord the opening of the baseball season is only a few days away and if reports from big league parks are any indication this city is going to see a revival in baseball interest. This year there's something about the depression that causes interest in old fashioned games to be revived; people are also regaining their home town interest and pride, and unless this editor is much mistaken attendance at Loup valley league baseball games played here will make league officials feel that they made no mistake in taking Ord in as a member.

For several years a few boosters have had to bear the burden of baseball support. The public, the majority of it, just wasn't interested. Lots of us have had so much traveling around to do on Sunday afternoons that we haven't had time to drive a half mile and then sit quietly at a ball game.

My Own Column

By H. D. LEGGETT

It won't be long now.

Anyhow, we are off the gold standard, if you know what that means.

But it hasn't changed my position. I have been off the gold standard for a long time.

They all read the Quiz, even the small boys. I got thousands of fish worms last week end, as a result of my little ad in the paper.

I bought the fish worms in wholesale lots. Now if I can feed them up and grow them big, and tough and retail them in small lots at, say 50c a hundred, it will be a good investment.

Henry Stars has had experience in training fish worms. He says a little home brew fixes them so they will go down in the lake and tackle the fish instead of waiting to be bit by the fish.

I believe the financial constipation that has been troubling the banks, will be cured by the gently laxating effect of the new deal.

One can always find Eugene because his dog Buck is waiting outside the door of any place he enters.

Our dollar has been too high priced, that is, too hard for us to get hold of. A cheaper dollar will mean higher prices for hogs, corn, wheat, cream, etc. and if these prices get high enough, farmers can pay off the mortgages.

But, dear Quiz reader, better not monkey with the board of trade. Mostly, those this far away, get the worst of the deal. The boys right on the market get most of the grapes. A "get rich quick" policy don't often work.

In spite of the fact that 2 million Americans have gone back to the farm since 1930, two-thirds of the population of the U. S. still live in the cities. Right now the farm is the surest place to get 3 meals a day, even though the rise to wealth may not be rapid.

How often I hear a man say, "I could have been out of debt and debt free if I had lived during the good times, as I am living now." I wonder how many of us will remember this when so-called good times come again. Nothing will do more to bring good times to all, than for all to pay debts, pay debts and keep striving to pay debts.

It is now time to get right down to business on the garden idea. If you are going to have a real one get busy. Some things should have been planted. Most garden things can be planted any time now. A few things will have to wait a few days yet to be safe from frost. But plans must be made if a real, complete garden is to be had in 1933.

A lot of those who are now knocking Wall Street, would not have felt so unfriendly had they not tried to get rich quick at the expense of this same Wall Street and got the worst of the deal.

I was very sorry, Saturday, to disappoint a lot of kids who brought in fish worms. I advertised

City Clerk Bud Shirley refused to allow the Quiz editor to inspect applications for saloon licenses, on the ground that he was about to leave town and didn't have time to wait to lock the applications up in the city safe. This provoked the Quiz man's ire but he promised to print a list or the applications in his next issue.

Something Different

Mrs. Kelly Ambrose claims the staying-up championship as far as jig-saw puzzles are concerned: all contestants please take notice.

One Saturday midnight recently, after seeing guests depart, Magdalene did not feel at all sleepy. So in place of going to bed she began working an intricate jig-saw, dropping a piece into place now and then as the minutes passed. At last the puzzle was finished, and this persistent puzzler arose from the table, stretched, and looked to see what time it was. All right, guess!

Five a. m. of a Sunday.

Every little once in a while some of Ord's children make us proud.

So a few days ago a Sunday sport page carried a fine story about what a footballer Bill Garnick is developing into. Bill is now attending the University of Nebraska, and is one of the most promising youngsters working out, the Omaha papers declared. And Bill is a graduate of a recent vintage, from Ord high school.

The same Sunday George Rounds' name appeared as he authored a feature story about the Halsey forest reserve. In case you haven't seen it, the young forest is being raised, under tender government supervision, on some barren sandhills west of here a hundred miles or so. To see this thriving evergreen crop, take Highway No. 2 west from Broken Bow. This highway, now perfect, was formerly cursed by everyone who traveled it, under the cognomen of the Potash Highway.

The regular springtime interest in yards, gardens and flowers, is now being evinced locally. Hager and Company have carefully fenced off a couple of tiny plots near their office, planted to some mysterious crop . . . time will detect just what.

At the Hager home, the two pretty evergreens which this family have encouraged for several years with little success are finally missing. One spring one of them would die and be replaced . . . the next year the other would pine away.

Judge Clements is building himself a lily pool. Another sign of spring.

THE COOK'S COL-YUM, YUM!

Country cooks who are lucky enough to have plenty of fine rich sour cream to cook with have a decided advantage over the rest of us, who carefully figure just how much cream we need to "take" and then never have any left over with which to cook!

But cooking with sour cream requires an experienced cook, in most cases. The cream varies so much that the cook must know just how to adapt it for using. It must not be too thick or too thin nor too sweet nor too sour!

Send in your best sour cream recipes, please, and tell us just how to use them. Every cook prizes sour cream recipes; may we have your favorites?

Sour Cream Pie.
Separate two eggs and beat the yolks. To the beaten yolks add one-half cup sugar which has been blended with two tablespoons of flour, and a pinch of salt and cinnamon. Put in the sour cream. One cup chopped raisins, dates or prunes may be used. Cook in a double boiler until thick, then pour into a baked pie shell. Beat

the two egg whites stiff and add two tablespoons of sugar. Spread on the pie and bake until brown. (You may use honey in place of the sugar.)
Helen M. Blaly, Elyria, Graham Crackers.

Combine one cup sour cream, one tablespoon butter, one-half cup sugar, one teaspoon soda and enough graham flour to make a stiff dough. Or make them this way: Mix one-half cup sugar, one-half cup butter or other shortening, one egg, two tablespoons sour milk, one teaspoon soda with enough graham flour to make the dough stiff. Roll thin, cut in squares. Bake in a moderate oven.

Mrs. O. E. Wesenberg, Omaha.
Chocolate Sour Cream Cake.
Beat four egg yolks with one and one-third cups sugar until light. Melt two squares chocolate (or use three level tablespoons cocoa) and add to one cup of sour cream. Sift one teaspoon soda with two and one-half cups flour and add to the beaten yolks slowly. Flavor with one teaspoon of vanilla and fold in three stiffly beaten egg whites. Bake in a loaf.

Mocha Frosting.
Mix one cup powdered sugar, one teaspoon cocoa, one teaspoon coffee, one teaspoon melted butter. Beat well and spread on cake.
Tillie Urban.

Doughnuts.
Carefully combine one cup sour milk with one cup sugar, lard the size of a walnut, one or two eggs, one-half teaspoon soda, one teaspoon baking powder. Flavor with nutmeg. Add just enough flour so it will roll.

Mrs. Seton Hanson.
Hominy.
Put two level tablespoons lye into an iron kettle (do not use any other kind, and stir with a wooden spoon or paddle). Add one pint cold water, and when thoroughly dissolved put in one gallon of boiling water and mix thoroughly. Stir in two quarts of shell corn (we like the yellow best) and boil until the eyes fall out when touched. Remove from the fire, fill kettle with cold water and wash through several waters. Then cover corn again in the kettle and boil from two to three hours. Keep adding water so it will not boil dry. After boiling cover corn with cold water and salt to taste.

As this will not keep well unless the weather is cold it is best not to make too much at one time unless you can keep it. I use the cold pack method and hold it two hours.

ORD PASTIMERS HOP OFF WITH 7 TO 2 VICTORY

(Continued from Page 1)

Next Sunday the Scotia Demons, who were runners-up in the Loup valley league, will play in Ord. Arrangements have been made to play most, if not all, of the games at Bussell park. No name has been selected for the Ord team as yet but Manager Auble is offering a free season ticket to the person who suggests the best name. Baseball fans will want to assist in naming their team and will want to see the boys in their first home start Sunday.

It Won't Be Long Now! "New Deal" On The Way!

The normal price of wheat is 75c, of corn 40c, of hogs \$5, etc. The normal price of a country weekly newspaper like the Quiz is \$2 or \$2.50 a year. Wheat, cattle, hogs, corn all went to two and three times normal prices for several years but this paper did not go up. It stayed normal in price but did add many special features. When the bottom dropped out and everything sold below normal, the Quiz, because it didn't go up with the BOOM, was entitled to stay normal but it chose to come down in sympathy with its customers. Now the turn has come — conditions are improving, most of our subscribers have taken advantage of our low rate. We have done our share to help over the depression. Now we go back to normal.

SATURDAY, MAY 7

SCOTIA, TAYLOR WANT IRRIGATION PLANS EXTENDED

(Continued from Page 1).

A large Scotia group headed by John Maddox, J. B. Fox and E. E. Williams then appeared before the board asking that the ditch be extended to irrigate from eight to twelve thousand acres in their community. They are at work raising a fund of \$500 to pay for a survey of this land and to assist in general expenses and requested until Monday to finish raising the money. They had about \$550 raised then, Mr. Fox said.

President Hardenbrook answered them much as he did the Taylor men, stating that the committee could not consent to take in Scotia if doing so would delay the project but said that if Scotia has the necessary funds raised by Monday evening that the matter will be considered.

The Scotia acreage, too, should be added to the project, Mr. Dummler believes, and it is likely that the committee at its next meeting will approve the addition of both of these communities, which will mean that about 20,000 more acres of irrigable land will be added. This brings the total acreage up to 60,000.

The engineer does not believe that taking in this much new acreage will delay matters very much, as he can get more engineering forces into the valley on a few hours' notice. If the committee acts favorably this week on the Scotia and Taylor requests he will have engineers busy on the new acreage at once, Mr. Dummler promises.

Determination to start immediately to work at forming a legal irrigation district under the terms of the irrigation enabling act known as S. F. 310, which has now been signed by Governor Bryan, was expressed by directors and President Hardenbrook, who instructed to go to Lincoln immediately to confer on this with Attorney C. A. Sorenson.

To form the district the signatures of 15 per cent of the voters in the territory making up the district must first be secured, after which a petition containing these signatures and a detailed description of the project must be filed with the Department of Public Works. The Department, which is headed by Roy Cochrane, will make an investigation and if the project found feasible will approve the petition and the district will then come into legal being.

Eleven directors will administer the affairs of the district to start with, it was decided. Three will be located in Burwell territory, three in Ord territory, three in North Loup territory, one more to be located where the three Burwell members designate and the eleventh to be located wherever the Ord representatives may decide. This number may be increased if Taylor and Scotia are taken in. It is thought that this method of allocating the governing board will give every portion of the district fair and adequate representation.

Upon motion by Harry Doran, seconded by Roy Hudson, Ord was designated as the principle place of business of the district and President Hardenbrook was named to accompany Engineers Dummler and Veatch and Attorney Sorenson on their trip to Washington, where it is hoped to secure a Reconstruction Finance Corporation loan to carry out the project.

The engineer asked the committee to estimate the cost of right-of-way for the various ditches and canals so President Hardenbrook appointed committees to secure this necessary information. Some discussion was held relative to whether machinery or hand labor would be used on the project and a motion was passed directing the engineers to figure on doing the work by the cheapest method possible with the restriction that all local labor must be given work before machinery may be used.

BACK FORTY

School contests of various types are held during the spring months. There is some question as to the value of such competition. Contests are necessarily being curtailed. It is possible for schools to over-indulge in them, but they also have their place. Contests increase pupils' interests in the work they are learning, and encourage them to try harder at their studies. Contests are usually broadening and character building in nature.

A few years ago a farmer in the eastern part of the state objected to his sons' participation in athletic contests. The boy played ball anyway. He developed great strength and endurance for farm work. The astounded father was so pleased with his son's physical development that he became a loyal booster for athletics.

A girl was recently given preference for a secretarial position because she had won a commercial contest. Winners of music con-

tests receive scholarships that enable them to become famous artists. Yesterday's declamatory victors are leaders in business and politics today. And those who stand on the sidelines during competition often stand on the sidelines of life.

Twelve years ago a vocational agriculture student produced a winning dairy calf project near Kansas City. That young man now employs several workers, owns a \$25,000 dairy, and possesses one of the best herds in the middle west.

A local student attended a swine sale. He purchased an animal at half-price from a picked over lot. She was the typical sow of the sale. Boys discover what is desirable in animals when they judge livestock. Crops judges know how to detect adulterants, and buy good seed. Poultry judges learn to cull their home flocks. Judges of eggs and dairy products find out the meaning of quality in foods. An Ord boy was hired by a creamery because of his ability to judge dairy products.

A winning team has an advertising value to a town. It teaches cooperation, and develops interest. "What a monument he builds, who implants in a youth's mind an ambition for a greater goal."

District court is in session in Greeley this week with Judge Horth of Grand Island on the bench. There are ninety-four cases on the docket.

While the sun shone bright in a cloudless sky a heavy snow storm swept over Newark, N. J., recently.

Arcadia Department

By MRS. RAY GOLDEN

At the weekly meeting of the H. Y. association held at the school Wednesday evening of last week the following officers were elected for the coming year: Orvis Hill, president; Max Weddel, vice-president; Eugene Hastings, secretary and Gerald Murray, treasurer. Installation was held at the regular meeting Wednesday evening of this week.

The twenty-fifth annual convention of the thirty-second district of Rebekah lodges was held at the I. O. O. F. hall in Arcadia, Wednesday, April 19th. Over one hundred were present representing lodges from Sargent, Comstock, Arcadia, Loup City, Rockville and Dannebrog. The afternoon session opened at 1:30 and covered the accustomed presentation of officers, address of welcome, roll call, reading of minutes and other matters of business. A school of instruction was conducted by Mrs. Anna Ellfriz of Edgar after which election of officers was held. The following were elected for the coming year: Alma Henderson, Comstock, president; Bessie Sullivan, Rockville, vice president; Maude Myers, Arcadia, warden; Mrs. Breckon, Comstock, secretary; Hazel Amos, Sargent, treasurer; Mrs. Roy Plantz, Loup City, chaplain. At the close of the afternoon session a banquet was served by the ladies of the Congregational church. The evening session opened at 7:30 and consisted of the installing of the new officers, business matters and a number of musical numbers and readings. The retiring president, Carl Johnson formerly of Dannebrog but now of Grand Island was present at the meeting as were also visitors from Cozad, Gothenburg, Grand Island and Kearney. The 1934 convention will be held at Rockville.

Allen Hollingshead was able to return home Sunday from the University hospital in Omaha. He is getting along nicely but will be compelled to return to the hospital later for treatment.

Mr. and Mrs. Lloyd Bulger and

family moved this week to the Cromwell residence in the south part of town.

The state papers of last week contained an account of the illness of Guy Holly of Arcadia who is a patient at the St. Francis hospital in Grand Island. Mr. Holly has been in a serious condition the past month due to severe chills and fever. All efforts to trace the cause have been unsuccessful and physicians are baffled as to the nature of the disease. He was first thought to be suffering from Malta fever and while his case resembles relapsing fever in some respects it has been thought probable that he has some obscure tropical disease from the bite of a germ-bearing rodent or insect. Mr. Holly is positive however that he has never been bitten by a rodent or insect. His condition is regarded as serious.

Miss Mildred Rife, music instructor in the Arcadia school and Carl Easterbrook, tenth grade pupil, attended the district music contest at Kearney Saturday. Carl took part in the contest, playing his cornet and was the only one to rate excellent in his division. This entitles him to take part in the state contest which will be held soon.

Fifteen members of the Girls Athletic association and their sponsor, Miss Elizabeth Haywood attended a high school Loup Valley play day at North Loup Wednesday afternoon.

Mr. and Mrs. Homer Hagemeyer and children of Sterling, Colo. are visiting at the home of Mrs. Pat Braden.

R. R. Bauhard returned Saturday from a two weeks business trip to Missouri.

Mr. and Mrs. D. C. Bennett and son of Sargent spent Sunday evening as guests of Mr. and Mrs. W. D. Bennett. Mrs. A. F. Apperson of Burwell accompanied them and remained until Tuesday.

W. A. Cole of Omaha came last week for a visit with his daughter, Mrs. Dan Bartlett and family.

The Rebekah kensington met Wednesday afternoon with Mrs. H. M. Brandenburg.

Miss Dorothy Kennedy of Aurora came Wednesday to spend the summer with her sister, Mrs. Charley Waite and family.

Mrs. Merna Wardford and children returned from Whittier Calif., Saturday where they had spent six months with the former's parents, Mr. and Mrs. G. W. Thompson and family.

Misses Irene and Agnes Hughes of Wolbach spent last week as guests of Mr. and Mrs. P. E. Doe. Mr. and Mrs. Doe took them to Oconto Sunday where they are visiting with relatives.

The members of the girls high school glee club enjoyed a party at the school building Tuesday evening. The members of the high school faculty were invited guests.

Mrs. Loyce Jeffrey left Saturday for Grand Island where she will be employed in a cafe.

Mrs. Carl Larson underwent an operation for the removal of her tonsils at the Amick hospital in Loup City Saturday.

Mr. and Mrs. W. J. Ramsey and Billy visited relatives in Wolbach Sunday.

Rev. and Mrs. R. O. Gaither and family and Mrs. Cora Gaither spent the first of last week with relatives at Hastings.

The choirs of the Arcadia Methodist and Congregational churches presented the cantata "The King Eternal" at the Methodist church in North Loup Sunday evening. The cantata was given at the Methodist church in Arcadia East-er morning.

Mr. and Mrs. Ziegler of Pleasant Valley were guests of Mrs. Frank Evans Sunday.

The Methodist Ladies Aid society will meet at the church basement Friday afternoon with the second division as hostesses.

A number of the members of the Methodist Foreign Missionary society attended a district convention held at North Platte Tuesday and Wednesday.

Mrs. Aubrey Warren and son of Lincoln spent last week as guests of the former's sister, Mrs. Ewell Finney and family, Rev. and Mrs. Hendrickson of Berwyn drove to Arcadia after their Sunday.

Mr. and Mrs. Joe Thelander, Mrs. M. A. Pearson and Lavina and Oscar Thelander spent Monday with relatives in Grand Island. Oscar Thelander remained for an extended visit.

Mr. and Mrs. Ed Christensen spent Sunday with relatives at North Loup.

Misses Dorothea Hudson and Rosa Minne spent the week-end with friends at Omaha and Lincoln.

Mrs. Emma Romans returned to Fremont Monday after spending the winter with her daughter, Mrs. Alvin Smith and family.

A number of the members of the Up-To-Date club attended a meeting of the Inter-County Federation of Women's clubs at Loup City Thursday.

Mrs. John Marlon fell in the yard at her home last week and injured her limb just above the knee.

The Helping Hand club met last Thursday afternoon with Mrs. Louis Holeman.

Sheriff Rounds of Ord was in Arcadia last Thursday on business.

Mr. and Mrs. J. VanWieren spent the week-end with Judge and Mrs. John Andersen at Ord.

Dwain Russell returned last week from Kearney where he had been attending school.

Mr. and Mrs. Ora Russell and Mr. and Mrs. Clayton Ward entertained the Young Peoples Dancing club at the Bellinger hall Monday evening.

The quilt show which was held at the Congregational church parsonage last Friday by the second division of the Ladies Aid society was a success regardless of the rainy weather. One hundred and fifteen quilts were displayed, all very beautiful designs of hand-made, together with some hand-made rugs and other pieces of needlework. If the weather had been nice there would have been as many more quilts displayed as ladies from the county and surrounding towns would have been able to attend. \$38.80 was taken in of which \$28.50 was cleared for the aid society. The chairman of the second division takes this means of thanking everyone who helped to make the quilt show a success by contributing or by their patronage.

Card of Thanks.
In this manner we wish to express our thanks to all neighbors and friends for their acts of kindness and flowers, and we especially thank the lodge, Slavin Z. C. B. J.

Mr. and Mrs. John Mohr, Mr. and Mrs. Frank Hlavinka, Mr. and Mrs. Charley Mottle, Mr. and Mrs. Vincent Kokes, Mr. and Mrs. Louis A. Dohnal and families.

Busy Bee Reorganization.
On April 20, at the county agent's office, the Busy Bee Cooking club reorganized. This will be their third year's work under the leadership of Mrs. Henry Bann. Ruth Arlene Benn was elected assistant leader. Zola Stara was elected president, Lois Dowhower vice president, Irene Dlugosh, secretary and Ruth Arlene Benn, news reporter.

Ruth Arlene Benn, reporter.

"School Daze"

To be Presented at the KNIGHTS OF PYTHIAS HALL

Monday, May 1st

8 o'clock p. m.

To complete your education you must go to school. Everybody will be given this opportunity on the above date. School starts at 8 o'clock. Don't be tardy.

Imagine Carl Dale taking the part of Reginald Cooper, the school sissy, or Wm. A. Bartlett as the witty school boy, Jim Logan.

Lloyd Benjamin assumes the name of White Rose, the colored school girl, while Fern Parks is just too cute as the tom-boy.

Think of Wayne Norman as the hard boiled character, Steve Clark, and J. W. McGinnis as the foolish school-boy, Tom Brown.

Others in the cast include, Luella Johnson, Vera Andersen, Fern Draper, Opal Kosmata, Agnes Frazier, Evelyn McMindes, Dale Norman, Herschel McGrew, Leroy Frazier, Lynn Beeghly.

Do you know that Frances Bradt is a school Marm? Come see the class she has. Presented by KNIGHTS OF PYTHIAS LODGE, NO. 86

Next Sunday night we will show stereopticon pictures of "Japan, the Flowering Empire." Japan is the most talked of country of the East today and many interesting pictures of this fascinating country will be shown. Dr. Johansen conducted a question box last Sunday night following the supper in the church basement. He preached to a good sized congregation at 8 o'clock in the auditorium. Mrs. Mark Tolson sang "The Holy City," illustrated with pictures and Mr. Orville Sowl rendered a violin solo. Mrs. Glendall Bailey who is visiting in our city sang "How Beautiful Upon the Mountain" at the morning service last week. Mrs. Bailey is the daughter of Dr. John Grant Shick, former pastor of the Ord Methodist church. Mearl C. Smith, Minister. Presbyterian Church. I quite agree that we could worship God in the fields and work. But my observation is that the people who cry for it the most, don't do it. We need the liturgy, the music, the admonition of the minister, the quietness of arranged prayer periods before we really begin to see God. Study and worship with us next Sunday. Bible study, 10:00; worship services 10:45; Young People's E. C., 7:00; Union Evangelistic service 8:00. Come on boys, baseball is the cry. Meet at the fairgrounds, Saturday at 2:00 and again on Monday at 4:15. We will have three teams, a junior team, ages 12 years and down, an intermediate team, age 16 years and down and an adult team for whosoever will. A place for all boys and men from the age of nine years and up. The ladies auxiliary is making excellent head way with a half of one hundred members signed up and more are manifesting their interest in the work. Every lady member and friend of the church ought to join one or more of the circles. The missionary circle will meet next Wednesday at the home of Mrs. Guy Burrows at 2:30 o'clock. Choir practice, 8:00 Wednesday. The church administration course is well attended and time

enough for any new members who wish to meet with the class next Thursday, 8:00. Christian Science. "Everlasting Punishment" is the subject of the lesson-sermon in all Churches of Christ, Scientist, for Sunday, April 30. The Golden Text is from Job 31:3: "Is not destruction to the wicked? and a strange punishment to the workers of iniquity?" A passage from the Bible used in the lesson-sermon is from Ezekiel 18:31-32: "Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God; wherefore turn yourselves, and live ye." A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "We are commonly taught that there is a human soul which sins and is spiritually lost—that soul may be lost, and yet be immortal. If soul could sin, Spirit, Soul, would be flesh instead of Spirit. It is the better of the flesh and of material sense which sins. . . . It is a sense of sin, and not a sinful soul, which is lost. Evil is destroyed by a sense of good." (page 310-311).

State Capitol News

By PARKS F. KEAYS

The senate finance committee devoted the early part of last week to final grooming of the general appropriations bill passed by the House some time ago. In order to give finance committee members an opportunity to devote their full time to the bill without missing out on other activities of the Senate, the Senate adjourned over Tuesday and recessed for two hours on Wednesday. The bill was made the special order for Friday. However, work was not completed on it when they adjourned that day. After a heated debate the senate stood by the finance committee report which was for a reduction from \$50,000 to \$30,000 for the state sheriff's department. The amount recommended for this department by Governor Bryan was \$75,000.

The beer bill, H. R. 555, passed the House by a vote of 58 to 34. It was impossible to secure the necessary 67 votes to enact it under the emergency clause and make it effective as soon as passed by the Senate and the Governor. It is expected that it will be amended somewhat before it passed the Senate.

In contrast to the action on the beer bill, the Governor's bill providing machinery for the people to allow delegates to a convention for re-submission of the 18th amendment in 1935. This bill passed the House Monday by a vote of 77 to 13. This bill was assigned to the constitutional amendments committee of the senate and it was anticipated that it would pass the Senate without any difficulty early this week.

The State Fair was lifted from its grave when a bill appropriating approximately \$45,000 for payment of the fair deficit was reconsidered and passed by the House. The bill was one of two which had previously been killed. It did not secure enough votes to carry the emergency clause but had a sufficient number to appropriate the money regardless of the fact that the amount was not included in the governor's budget.

In addition to passing the state fair appropriation the House Wednesday passed budget salary bill appropriating \$902,400 and the claims and deficiencies bill carrying approximately \$168,000. These items with the general appropriations bill passed about two weeks ago making a total of approximately \$25,000,000 appropriations approved by the House for the coming biennium.

A bill by McGonigle which proposed to tax chain stores under a sliding scale plan under which taxes increase directly as the number of stores in the chain increased was killed by the House last week. Before being killed, however, several amendments were offered which made it effect independent stores associated in cooperative buying groups, fine lumber yards and chain service stores. These amendments contributed to the death of the bill.

A bill, which proposed to prevent the introduction of testimony

in accident cases in court showing a person carried liability insurance, was finally killed by the House after the insurance companies and their attorneys and the so-called "ambulance chasing" attorneys for plaintiffs had each received their panning by various members.

The Senate poked an inquisitive nose into the matter of sales tax last Wednesday. The measure by Hanning which proposes to place a tax of approximately 2 percent on the gross volume of retail business is estimated would produce 10 million dollars in revenue. Some say, however, that there is no accurate way to estimate the amount such a tax would produce. After brief study of the matter it was placed at the bottom of the general file. This is a polite method of keeping it until the end of the session brings it to an easy death. The motto of this has been "tax reduction and no new taxes" - if mottoes mean anything.

The appointment of Henry Behrens of Beemer to the board of control was confirmed by the Senate last week. The Governor's appointment of W. H. Smith for state tax commissioner.

A bill limiting man's working hours to an 8-hour day was killed by the Senate.

The House and Senate have now both passed resolutions asking congress to require the grain alcohol made from corn to be blended with gasoline for motor vehicle fuels.

House rules were amended Wednesday of last week to limit debate on bills to five minutes. The introducer of a bill or person making a motion was allowed 10 minutes under the ruling for opening discussion and 5 minutes for closing.

State tax collections for January, February and March of this year totaled \$872,114 which amount is only \$95,951 less than collections for the same period last year.

The state treasurer has collected \$440,000 state gas tax funds thus far in April. The total amount collected during the month of March was \$467,900.

The state board of control is operating with 10 percent less funds this biennium than previously. At the end of the first 21 months of the biennium the board had a balance of \$122,629 which will carry the board through to July, the end of the biennium.

There are 7,255 school districts, 14,325 school teachers and 23,300 board members. In a recent federal investigation of school administration it was found that there are 127,000 school units or districts, 639,000 teachers and 43,000 board members in the United States.

Nebraska's quota of 2,750 unemployed men for reforestation work will be sent to other states to work as no work is being outlined by the federal government to take place in this state. County committees will be organized to choose the men who will go to federal military forts for two weeks before being sent out to work. An attempt is being made to modify the federal plan in order that some work can be done in this state.

United States exports and imports during the month of March increased 10 millions over the previous month this year, exports amounting to 103 millions and imports 93 millions.

Nebraska ranks second in the list of presidential appointments to national positions. Only one state, New York with 15 appointments, ranks higher. California ties for

second place with Nebraska, each having had four appointments, those for Nebraska being as follows: James H. Hanley, member federal radio commission; Arthur Mullen, U. S. circuit judge (with-drawn); Joseph W. Woodrugh, U. S. circuit judge, and James A. Donahue, U. S. district judge.

A report from Washington says that Col. John H. Maher of Lincoln will be appointed United States minister to either Ireland or Switzerland. It is said Senator Norris is sponsoring Col. Maher for one of these posts. Col. Maher won his title in the Spanish-American war. Highway road work in this state enabled thousands of men to be kept busy all last year. Recent figures show that employment varied from 2,356 in June, the highest month of last year, to 5,531 in September. During each of the last six months of the year more than 3,000 men were employed.

Depositors in failed state banks at Omaha, Butte and McCook were paid \$115,484 in dividends.

Shipments of lambs to market from western Nebraska have been heavier this spring than last year. Last week 117 carloads of lambs were shipped, making a total of 1,435 carloads shipped since January 1. There are 85 thousand head of lambs on feed in the Scottsbluff district at present.

There are about 10 percent more cattle on feed in Nebraska this year than last. However, present operations are still far below normal.

The Elkhorn river bridge near Crowell is the second largest bridge under construction in this state. It has been estimated that 197 tons of structural steel and 4,765 feet of steel piling will be used. The cost will be more than \$50,000.

Stock feeders and farmers from Colorado, Iowa, Illinois, Kansas and Nebraska met in Lincoln last Friday for the twenty-first annual feeders' day.

Ord Council Proceedings.

Ord, Nebraska, April 7, 1933. The Mayor and Council of the City of Ord, Valley county, Nebraska, met in adjourned regular session pursuant to adjournment of March 3rd, 1933, in the City Hall at 7:30 o'clock P. M. Mayor Wm. H. Moses presided. City Clerk Lucinda Thorne recorded the proceedings of this meeting.

The Mayor instructed the Clerk to call the roll. The Clerk called the following councilmen were present: Carl Sorenson, Emil Felfa, Wm. Sack, Joe Rohla, Joe Rowbal, Chester Palmatier.

Whereupon it was moved by Councilman Sorenson seconded by Councilman Rohla that the minutes of the proceedings of March 3rd, 1933, be accepted as read. Motion carried.

The following bank balances of March 31, 1933, were read: Nebraska State Bank \$14,000.00; First National Bank \$14,750.42. The report of C. H. Noll, City Treasurer, for the month of March 1933, was read and by motion ordered placed on file.

DR. RICH says:
Grand Island, Nebr. April 26.
Dr. Joseph Colt Bloodgood, noted national cancer research scientist and a veteran of the staff of Johns Hopkins University of Baltimore, who opened a three day diagnostic clinic in Omaha April 19th, 1933, stated that thousands of lives can be saved in the United States annually by thorough education of the public on early signs of cancerous growths.
Continued irritation is a most significant predisposing cause of cancer of the rectum. Ulcers, Hemorrhoids, Fissure, Fistula, polps, etc., can produce such irritation, as well as bruising of the rectal wall by constipation, especially when this condition is complicated by impaction (packing). Simple rectal growths should have prompt attention.
For more than thirty years the Dr. Rich Rectal Sanitizer at Grand Island has afforded a real and helpful service to people in Nebraska and adjoining states. You are cordially invited to consult me about your rectal trouble. Unnecessary delay and improper treatment might be regretted. Prices are very reasonable now. Terms can be arranged if needed. 1

It's Time for Picnics, Steak Fries and Wiener Roasts
Now is the time when the call of the outdoors is strongest, when you like to take your own family or a group of friends and journey to some quiet spot in the hills or near the river and enjoy a sociable meal close to nature.
If you are planning a picnic you'll need a ham to boil or a tender roast to slice when it gets cold. Or perhaps you plan a steak fry and need those thick cuts that taste so good when broiled over an open fire. Or a wiener roast.
For all of these events let us help. We've been purveying fine meats for years and can please you.

Save With Safety with the Protective Plan
"What method of saving can I use that gives absolute safety and at the same time pays a high return" asks a young man.
From our viewpoint, there is only one answer to this question: "Use the Protective plan."
The Protective plan of saving money means buying installment stock in this association, paying for it by a small fixed deposit each month and using the income from the stock to assist in paying for it.
Rigidly supervised by state authorities, this association gives the depositor absolute assurance that his savings are safe. The bulk of our investments are in mortgages on small homes, carefully selected and mortgaged conservatively.
We will be glad to explain the Protective plan to the prospective investor without obligation.

Engineers to Finish Survey This Week; Scotia, Almeria Are Left Out of Project.

By May 20th, according to present indications, a party consisting of Bert M. Hardenbrook, C. A. Sorenson and R. V. Veitch, Jr., representing the North Loup Public Power and Irrigation District, will leave for Washington, D. C., to appear before the Reconstruction Finance Corporation's advisory council of engineers and formally request a loan to carry out an irrigation and hydro-electric project in the North Loup valley.

Engineer Dunmire's party of surveyors will finish work this week or early next week. It was stated yesterday that after that a couple of weeks work in the Kansas City office of Black & Veitch must be done before the plans are ready for submission. The plans must be approved by Roy Cochran, state engineer, and Prot Clark Mickey, the R. F. C. consulting engineer in Nebraska.

The exact amount of money that will be asked for is not known, pending the drawing of final plans by Black & Veitch, but it will be \$600,000 or more, in all probability.

Messrs. Bureleigh and Brock, two young surveyors from the office of Dr. G. E. Condra's conservation and soil survey division in Lincoln, arrived in Ord Tuesday to make soundings in the river at the sites of various proposed diversion dams to determine how deep foundations will have to go. They did similar work in the Middle Loup valley Monday.

The Scotia and Almeria neighborhoods will not be included in the North Loup valley project. It was definitely decided last week, due to the failure of both communities to raise sufficient money to pay for a preliminary survey. It was decided, however, to furnish irrigation for land in the vicinity of Taylor by pumping from the river, using electricity generated by the power plants as the motive power. About 2,000 acres, which cannot be reached by the ditch will thus be given irrigation.

Frank Valasek Is Trampled By Bull

Last Friday Frank Valasek was bruised all over and suffered some bones injuries when he was trampled by a bull at his farm in Springdale. Luckily, he was quite near a fence when he was first attacked and knocked down by the animal and finally succeeded in climbing over the fence to safety. He had to crawl to the fence again at a time when he watched him so closely and threatened to trample him again whenever he attempted to rise. Dr. Lee May is caring for Mr. Valasek and states that there are apparently no internal injuries.

Long List of Ord Students Honored

Twenty-six Ord high school students are listed on the Honor Roll at the end of the fifth six weeks of the present term. Cushing Car Is Hit By Tornado, Saved From Disaster

Tuesday's edition of the Omaha World-Herald has the following to say about Herbert L. Cushing, former superintendent of the Ord schools and once county superintendent of Valley county:

"H. L. Cushing, director of certification in the state superintendent's office, was driving through Madison county Saturday when a tornado struck. He found his car suddenly hurled across the road and stopped, thinking he had a flat tire, but it was just the heavy wind. When it began to rain he had to stop and soon heard a dull thud. When the storm subsided he found three telephone poles across the road in front of him, one only about 15 yards away."

K. OF P. LODGE PRESENTS PLAY, "SCHOOL DAZE"

Knights and Sisters Take Part in Farce Comedy Monday; Nice Crowd Present.

The farce-comedy, "School Daze," which was written by the man who writes the comical sign-board slogans used as advertising by a prominent refining company, was presented by Knights of Pythias and Pythian Sisters at their hall Monday evening in the presence of a good sized crowd. It was a scream, say people who attended.

Miss Frances Bradt, as Miss Snodgrass, the school teacher, had a prominent part as did Leroy Frazier as Mr. Twiddlemum, a visiting school board member. Among the "children" were Opal Kosmatka, Lucella Johnson, Fern Draper, Agnes Frazier, Evelyn McIndes, Vera Andersen, Fern Parks, Lloyd Benjamin, Mike Kosmatka, Carl Dale, Herschel McGrew, Dale Norman, Wayne Norman, Lynn Beeghly, Wm. A. Bartlett and J. W. McGinnis. Benjamin's "White Rose," the colored child, Lucella Johnson as a tale-telling school girl and Carl Dale as a sissy, were especially good but all of the characters and entitles to praise for their impersonations.

Several specialty numbers were much enjoyed, among them a violin solo played by Orville Sowl, a baritone solo by LeRoy Frazier, a soprano solo by Lucella Johnson and a quartet number by Edgar Mower, F. L. Blessing, LeRoy Frazier and E. H. Petty. Miss Zelma Frushour also gave a reading that was much applauded. Pianists were Mrs. Stanley McLain and Mrs. O. H. Sowl.

School Children To Join In Song-Fest

Hundreds Will Sing From Steps of Court House Next Friday, May 12, in County Chorus.

Hundreds of Valley county school children will sing in unison in Ord next Friday, May 12, announces Miss Clara McClatchey, county superintendent of schools, on the occasion being the annual song festival for rural school children. If weather is good the concert will be given at 2:30 p. m. from the court house steps. Otherwise it will take place at the Ord high school auditorium.

Throughout the year students in rural schools have been learning ten songs recommended by the state superintendent's office and it is these songs that will be sung next Friday.

All of the schools without previous practice together will unite and sing in one great chorus, says Miss McClatchey. She is hoping that 350 or 400 students will take part. Last year, in spite of bad roads and a snowstorm, 200 children sang in the chorus.

'Know Your School Week' Observed Here

Last week was the annual "Know Your School" week in the Ord schools and as usual large numbers of patrons and friends visited the various rooms during the week. Two programs also were given, one at the south school Wednesday evening and another at the north school Thursday evening. Songs, plays, exercises and exhibits of school work featured the grade school program; plays, demonstrations and musical numbers the high school program. Both were well attended and Supt. Millard Bell expresses himself as being very well pleased with the interest taken in the schools by patrons.

Taxpayers League Meeting

A meeting of the taxpayer league will be held at the court room in Ord at 2 p. m. Monday March 8. Jos. Waldmann, President.

VALLEY COUNTY'S REFORESTATION QUOTA IS NAMED

Eighteen Young Men Are Waiting Travel Orders; County Will Save in Relief Funds.

Eighteen young Valley county men, selected Saturday from forty-six applicants for reforestation jobs, this week are awaiting orders to proceed to Fort Crook or some other military port for training before taking up their new work. They are expected to depart shortly, says Ralph Adams, chairman of the committee making the selections. Other members of the committee were Joe Vastek and Morris Sorenson.

To be eligible for jobs in President Roosevelt's reforestation corps young men had to be from 18 to 25 years old, unemployed, unmarried but with dependents and Christian. Norman says that almost all of the forty-six applicants fulfilled all of these qualifications so the task of his committee was a difficult one.

Young men finally selected to make up Valley county's quota of 18 are: Vern Stewart, Harry E. Edwards, Sidney Fuller, N. E. Larkin and Eugene C. Meyers, all of North Loup; John Higgins, and Davis Aubert, Arcadia; Edward Lacin, Frank L. Packham, Albert Adams, Alvin Carlsen, Raymond Richardson, Russell R. Madison, Milton Meyers, Herman Jensen, Lester Manchester and Willard Ball, all of Ord; and Donald Nelson, Elvira.

Before being enrolled in the reforestation army these young men will be given a physical examination and in the event that some of them fail to pass their places will be filled from among the applicants still on file with Chairman Norman's committee. Word from Fort Crook is that about 50 per cent of those taking the examination have failed to pass but Mr. Norman said yesterday that he believed all of Valley county's quota would be able to meet the physical requirements, which are not believed to be very stringent.

Reforestation workers will be paid \$1 per day and will also be given board, room and clothing. When they enroll they do so for a period of six months and are subject to semi-military discipline while in the corps, though their work does not include military training and they will not wear military uniforms.

Each young man given a job agrees to allot \$25 of his pay each month to the reforestation fund which will help counties like Valley greatly in their unemployment relief expenses. Twelve of the eighteen young men selected here come from families that have been reforestation workers.

It is believed that the boys will be taken to Grand Island for enrollment in the reforestation corps and then will be taken to Fort Crook, near Omaha, for training of conditioning and training before being taken to their new work. There is no federal reforestation work scheduled in Nebraska so it is likely that the boys will be taken to some western state.

Instructions issued yesterday by Chairman Norman tells the boys to travel light but to be prepared to be away from home six months. Clothing, blankets and camp equipment will be provided by the government but reforestation workers are advised to take one food suit of clothes to be used on excursions away from camp.

IRL TOLEN SUES 'PHONE COMPANY FOR \$400 WAGES

Was Hired in 1930 to Influence Public Opinion, Was Paid Only \$50, Tolen Claims.

Claiming that about October 1, 1930 he was employed by the Nebraska Continental Telephone company as an "undercover man" in Ord, and that he worked three months in an attempt to influence public opinion to make possible the installation of automatic telephone service at higher rates here, Irl D. Tolen of Lincoln is suing the telephone company for \$400 in a suit filed in Valley county court yesterday. District Manager W. V. Johnson, of Kearney, who employed him, agreed to pay him a fair and reasonable compensation, but to date has paid him only \$50, Mr. Tolen claims. He asks \$400 as the balance due him for three months of work.

It will be remembered that in the fall of 1930 the telephone company was in the midst of a campaign to install automatic 'phones here and went so far as to have circulated a petition in which many Ordites asked the Nebraska Continental to install such service at a large increase in rates. The move was blocked by a counter-petition circulated by business men who felt that the rate demands of the telephone company were too high. It was during this campaign that Mr. Tolen was employed.

In the suit filed yesterday he designates the services he was employed to perform as those of a "solicitor, promoter and general utility man" and says that he was requested and solicited to accept such employment by District Manager Johnson.

In addition to influencing public sentiment to make possible the installation of automatic telephones at higher rates in Ord, Mr. Tolen was also supposed to help effect a consolidation between the Nebraska Continental and the Garfield Mutual exchange at Burwell, which consolidation was vigorously opposed by certain stockholders of the latter concern.

Mr. Tolen, in his petition yesterday, claims that he put forth for three months an organized effort both to effect the Burwell consolidation and also to influence public opinion favorably in Ord.

A fair and reasonable remuneration for his efforts would be \$450, Mr. Tolen believes, whereas he has been paid only \$50 by Manager Johnson. The latter paid him \$25 sometime in 1931 and another \$25 sometime in 1932 and repeatedly promised to pay the balance of the \$450 but has failed to do so, Tolen claims. He asks judgment in the amount of \$400 with interest at the rate of 7 per cent from July 1, 1931 until the present. He is represented in the suit by Attorney H. B. Vandecar.

Mr. Tolen is one of Ord's best known citizens, having served as county treasurer and in other public offices here and also as publisher of the Ord Journal for several years. He was an unsuccessful candidate for city way commissioner in 1932 and at present is deputy secretary of state under Harry R. Swanson.

F. M. Harris Dies Sunday at Wolbach

Frederick Miner Harris, for nine years a farmer in the Ord neighborhood, passed away at 11:15 Sunday, April 28, at his home in Wolbach, death resulting from cerebral hemorrhage after an illness of eight weeks. Born June 26, 1853 in Rock Island, Ill. Mr. Harris was married in Kansas April 7, 1883 to Isabel Eaks and five children were born to them, all of whom survive. They are Mrs. Ruth Flynn, of Blair; L. Dow Harris, Wolbach; and Emil Harris, Sheridan, Wyo.; Miner Harris, Wolbach; and Emma Harris, Western. His widow, two sisters and a brother also survive.

From 1902 until 1911 the Harris family lived on a farm north of Ord and Mr. Harris won many staunch friends who will mourn his death. He had lived in Wolbach since 1923 and funeral services were held there at 9:30 a. m. Tuesday, after which the body was brought to Ord for burial.

School Exhibit In Spring This Year

Because Valley county will not have a fair next fall, rural schools of the county will hold their annual exhibit this spring. County Superintendent McClatchey said yesterday. Miss Sarah McLain has donated the use of her business building on the south side of the square in Ord and the exhibit will be held there. It will open May 20 and be open one week, closing Saturday evening, May 27. All school exhibits usually shown at the fair will be on display.

Mrs. Parkos Enters Freak Egg in Ord Quiz Contest

A freak egg laid by one of her White Orpington hens was entered Tuesday by Mrs. A. F. Parkos in the Quiz "big egg" contest, which was started three weeks ago when E. H. Bartholomew of North Loup, brought a freak egg to the Quiz publisher for his Easter breakfast. Later Ed Klaneck brought in an egg larger than the Bartholomew contribution, so the contest was on in earnest.

The egg brought by Mrs. Parkos Tuesday is a "double egg," that is one complete egg, shell and all, inside of another. The whole egg measures 6 1/2 x 7 1/4 in. It is not as large as two eggs gathered from her flock previous to Mrs. Parkos' egg, but the same hen, she thinks, produced both the large ones, laying them about a week or ten days apart.

The record, 9 x 9 inches, is still held by Ed Klaneck's White Orpington hen. The three Bartholomew B. I. Red hens in second position with an egg 6 1/2 x 8 1/4 inches.

ORD HIGH WINS PLAQUE FOR BEST F. F. A. CHAPTER

Kovanda's Ag Students Are Best in Nebraska, Was Decision at Lincoln Convention.

The Ord high school agricultural department has received the plaque award for having the outstanding F. F. A. chapter in Nebraska during the past year. The presentation was made at Lincoln last Friday at the state convention of the Future Farmers of America.

The custom of awarding a plaque each year to the best chapter began four years ago. Beatrice was the first school to win the trophy. It was won by Newman Grove during the next term.

Last spring the trophy was won by Minden, with Hastings placing second, and Ord third. The three high ranking schools for 1932-33 are Ord first, Albion second and Nehawka third.

There are 75 vocational agricultural departments in Nebraska, and 55 of these have organized F. F. A. chapters which compete for district honors. The state winner is chosen from the first place schools in each of the eight districts. The district winners receive certificates of merit.

Four Ord State Farmers were prominent in the affairs of the 1933 convention. They were Harold Benn, Adrian Tolen, Paul Thompson, J. D. McClellan, Charles Barnhart, Archie Hatfield and David Barnhart also attended as official delegates.

Paul Dana was one of the twenty-two Nebraska boys to receive the highest keys at the convention. The keys were awarded by S. R. McKelvie, who was in turn presented with an honorary key by Charles Barnhart, in behalf of the Nebraska F. F. A. chapter.

The plaques, such as Ord brought home, become the permanent properties of each annual winner. The 1933 plaque consists of a silver cup, a silver key and are mounted the bronze emblem of the F. F. A.—the plow, the owl, the rising sun, and the cross-section of an ear of corn. It is awarded on the basis of a scorecard of the following eight factors:

1. Supervised practice.
2. Cooperative activities.
3. Community service.
4. Leadership.
5. Earnings and savings.
6. Scholarship.
7. Conduct of meetings.
8. Recreation.

Ord Contract Players In Bridge Olympics

Eight Ord contract bridge players, Dr. and Mrs. F. A. Barta, Judge E. P. Clements, Mr. and Mrs. Edwin Clements, C. J. Mortensen, J. D. McClellan, Chris Belsers, drove to St. Paul Monday evening and participated in the Bridge Olympics, a contract bridge event arranged by Ely Culbertson and his associates and taking place simultaneously in all of the principle cities and towns of the world. More than 100,000 bridge players took part in the world-wide event, all playing the same sixteen hands arranged and sent out under seals by the Culbertson studio in New York City.

There were six tables of players in the Olympics at St. Paul, the Ordites say, and a very enjoyable evening was spent. Midway in the play a lunch was enjoyed at the Howard Hotel.

Prizes will be awarded, not on the basis of high score but for precision in bidding and playing the hands, many of which were of the "freak" variety. A careful record was kept of the various bids and of the opening leads and these will be compared with a report of how the hands should have been bid and played, sent out from the Culbertson headquarters. How well or how poorly the Ord players fared will not be known for several days.

Fred Ulrich Plans Private Lake For Fishermen

As soon as he completes his present contract to furnish gravel for the Wolbach-Greeley road, Fred Ulrich of Ord plans to start dredging a private lake on his farm north of town. The lake will be about 400 feet square and about twenty feet deep at its deepest point, Mr. Ulrich says. He will stock it with bullheads, sunfish and bass and when the fish have had time to grow to a suitable size he will permit fishing there.

A portion of the Ulrich farm lies in the river bottom and when the lake is dredged and pumped out it will fill with water from the subterranean flow. This flow will also keep the water purified and Fred believes it may be possible to use a portion of the lake for swimming.

Gravel pumped from the lake bed will be piled up and used for the highway contracts, Mr. Ulrich says.

PANAMA CANAL ZONE DESCRIBED BY CURTIS MAN

Morse Tells Rotarians Canal Is One Government Activity That Makes Profit.

An intensely interesting description of the Panama canal and its functions was given Monday evening before the Ord Rotary club by G. K. Morse, superintendent of schools at Curtis, Neb., who three years ago inspected every school in the Canal Zone on behalf of the United States government. People may object to the government in business, Supt. Morse said, but the Canal Zone is one government activity that is actually a money maker.

The Panama Canal Zone is a strip of land across the Isthmus of Panama and everything in it is owned by the government, the speaker stated. The Zone was acquired from the republic of Panama, which seceded from Colombia, and sold the Zone to the United States when Theodore Roosevelt was president.

The entire Zone is a fortified army post, says Supt. Morse, with 17,000 soldiers stationed there in peace time and 55,000 in war time. It is heavily fortified. The Zone, Curtis man says he does not believe all the navies of the world could capture it.

The canal itself was built by army engineers commanded by Colonel Gato and is a stupendous feat of engineering. There are two huge locks, Gatun Locks, where ships are raised at the east end of the canal and Miraflores Locks, where they are lowered at the west end.

To pass through the canal a ship must pay \$125 per ton when loaded and \$100 per ton when in ballast, which means that liners pay \$20,000 or more to pass through. Supt. Morse says he has seen the British war ship Hood, pass through at a cost of \$70,000 and the United States aircraft carrier Lexington, cross at a cost of \$55,000. Daily tolls often run to \$1,000,000, he says. Although the canal is only about thirty-two miles long it takes eight hours for a ship to pass through.

Supt. Morse's talk was one of the most interesting that Ord Rotarians have heard. It was illustrated with maps of the Canal Zone and diagrams of the Gatun and Miraflores locks and members of the Rotary club gained a new insight into the functions of the Panama canal through hearing Supt. Morse's speech.

Valley County Soil Gets Good Soaking

April, often a dry month in this part of Nebraska, ended with a fine rain that lasted throughout Saturday and soaked the ground to a depth of several inches. At Ord only .35 of an inch of moisture fell, according to the official weather recorder, but in other parts of the county as much as two inches were reported. Total April rainfall was close to 3 inches and May is starting off well as a drizzling rain lasted all day yesterday and bids fair to continue today.

Winter wheat, of which there is very little in this county, was greatly damaged by the dry fall and winter but spring-planted grains are looking good and the ground is now in ideal shape for corn planting. Farmers are waiting only for a day or two of dry weather to continue their operations full speed ahead.

About one and a quarter inches of rain fell Saturday afternoon and night which now puts the ground in fine shape. The subsoil was still quite dry and pastures very slow after being burnt from last summer's drought but since this fine rain we hope all will revive again.

North Loup News

Mrs. V. J. Thomas and daughter, Mrs. Ida Cramer and Maud were at Syracuse Friday morning to be present at the celebration of the eighteenth birthday of Mrs. Mary Cramer, a sister of Mrs. Thomas which was held at the Cramer home there on Monday, May 1, amidst a gathering of relatives and friends.

Mrs. Myra Barber had as a week end guest her friend Miss Lillian Glebe of Blue Hill, news reporter of the Blue Hill Leader. Miss Glebe accompanied Mary Davis who drove up from Edgar. Other North Loup visitors accompanying Miss Davis were the two little granddaughters of Mrs. Eva Kizer, the Earl Hart children, whose home is at Ong, Nebr., and Miss Norenberg who teaches at Harvard. The party returned to their respective homes Sunday p. m.

Mrs. Gertrude Jensen was most delightfully surprised when Monday afternoon her parents, Mr. and Mrs. Bert Harris of Yakima, Wash., drove into their yard having arrived via auto Sunday evening at their son's home in Grand Island after leaving Yakima on Tuesday morning. Mrs. Jensen's last report Mrs. Jensen received from her people they thought they would not be able to make the trip owing to Mr. Harris' rather frail health. They will spend two months visiting among the children and many friends of Greeley Center and community which neighborhood was their home for many years. Tuesday afternoon they drove to their daughter's home, Mrs. Dick Acker and family who reside north of Horace. This is Mr. and Mrs. Harris' first visit home in four years.

Mr. and Mrs. Ed Helbig and Grace Rich were Wednesday evening visitors on the Elvin Barnhart home. They accompanied Mr. Rice of Burwell.

Mrs. Edna Post returned Sunday to her home here after spending the past two months in the home of her son Ray near Cairo. Ray and Miss Ruppel are employed in a home near Cairo accompanied their mother home Sunday, returning Sunday evening.

Frank Johnson returned home Monday evening from a visit with his daughter at Genoa. A new restaurant to be known as the Ideal Coffee Shop will be opened Saturday by Mrs. Lily Jones in the building formerly occupied by the postoffice.

Twin boys were born Wednesday morning to Mr. and Mrs. Arthur Hitchcock.

North Loup ladies who attended the District Federation of Women's clubs held at Loup City Thursday were Madams Ava Johnson, Cora Hemphill and Hurley Wollen of the Wolo club and Myra Barber of the Fertighly who appeared on the afternoon's program with a paper on the unemployment situation. Madams Johnson and Wollen presented the large delegation present in a musical number using both organ and piano.

The monthly Legion Auxiliary supper which was to have been a picnic at the park was postponed Monday evening at the hall instead, owing to the inclement weather. Madams Myra Barber and Cordia Sayre as hostesses seated the thirty-five guests at a prettily decorated table of delicious viands. The centerpiece was a Maypole decorated with tiny May baskets. Following the dinner a series of games were enjoyed.

Madams Nora Kildow and Mary Theln were hostesses at the M. E. Aid Kensington held at the hotel Wednesday afternoon, April 28. Plans were made for a mother and daughter banquet to be sponsored by the Aid at the M. E. church Tuesday evening, May 23.

Mr. and Mrs. N. C. Madsen drove to Hillcrest hospital Sunday afternoon, calling on Mrs. Jess Sautter of Cotesfield, a niece of Mr. Madsen, who is convalescing from a recent operation for gall stones.

Miss Ruth Babcock of this city who is a member of the Kearney orchestra having been in training there for the past several months is to play with this orchestra for

the opera Faust which will be produced by Kearney on May 11 by members of the former Chicago Civic opera company. This will indeed be of interest to friends of Miss Babcock.

Mrs. A. L. Willoughby was hostess Tuesday afternoon, May 2, to the Twentieth Century club, this being the last session of the club's year's work. The lesson was on recreation.

An eight piece orchestra furnished a musical treat to the Methodist congregation Sunday evening together with several vocal numbers both quartettes and solos by members of the League.

Mr. and Mrs. W. D. Bailey moved Saturday into the Florence Smith residence recently vacated by Mr. Chinn.

Miss Helen Madsen has been elected to teach at Rural. Miss Mildred Campbell who was previously elected to teach here resigned to accept a position nearer her home at Clay Center.

Madams Ethel Hamer, Bernice Stewart and Miss Ruby Babcock autoed to Winnie Haper's school east of Burwell Tuesday to be present at Miss Winnie's closing day exercises.

Joe Fisher and son Donald drove to Loup City Friday after Miss Veda Anderson, who spent the week end with her sister, Mrs. Fisher at family home.

Mr. and Mrs. Bill Schudel entertained a party of Ord friends at their home Friday evening.

Mrs. John Schultz was hostess to the Merry Jane club Wednesday afternoon of last week. A social time was enjoyed while the ladies quilted. Delicious refreshments were served. The extension club met Friday with Mrs. Florence Fortis. The lesson "The creation in the home and community", closed the year's work. Election of officers for the new year resulted as follows: Pres., Zola Schudel; v. pres., Laura Christensen; sec-treas., Florence Fortis, and Adelaide Gowen and Laura Christensen, project leaders for the ensuing year.

Misses Frieda and Carla Nelson of Ord were Sunday guests at the Ray Drawbridge home.

AM I RIGHT?

By George Round Jr.

An Ord boy, Paul Dana, is a "state farmer" for 1933-34. He was given the honor last week in Lincoln when the Future Farmers of America held their annual convention. Charles Barnhart, another Ord boy, played a big part in the meeting. He is past president of the organization and presided over the session in a capable fashion. Among the vocational agriculture boys, Charles is known as the "hot stuff."

And to Irma Leggett, Bill Garlick and myself say thanks for the term "children". Evidently there will no farm bureau ball league in Valley County this year. Many of the players on the Auble team this year are graduates of that circuit. "Porky" Misko may be home this summer. Jesse Koranda should have brought his championship dairy cattle judging team to Lincoln last week for the contests. Carl Dale may take a junior crops judging team to Canada this summer for international competition.

Shady groves of trees for wind-break and woodlot purposes may dot the horizon in Valley county twenty years from now in spots where seedlings and transplant trees were planted this year. Valley county farmers planted over 10,000 of the governmental trees ordered through County Agent Dale's office.

Emil Polinsky, prominent Red Cloud farmer, is one who has a real philosophy of farm success. He says the time has come when the man on the farm must do something different than his neighbors if he is to financially hold his own. The statement is true.

He practices what he preaches. He creep-fed 29 calves this past year. When they were marketed in Kansas City, the animals topped the market. He did something just a little different than his neighbors. It paid him well.

Some Valley county farmers probably have done things just a little different than their neighbors this year also. If so, let's hear about them.

Even though Nebraska is not getting any national reforestation work, a project is being completed in Scottsbluff and Morrill counties this week that has given temporary employment to 180 men. Sixty-thousand Scotch pine trees were planted in a soil erosion control demonstration in the enterprise which was engineered by Clayton Watkins, extension forester at the Nebraska college of agriculture.

Gets Marine Discharge
Ray Bryan, of North Loup, who for the past few years has been a corporal in the signal department of the marine corps, arrived in his home town last Saturday accompanied by his wife and two children. His enlistment had expired and rather than re-enlist and be sent to the Guam Islands Mr. Bryan decided to take his honorable discharge and seek civil employment. He is a radio expert and last Christmas, while stationed in San Diego, intercepted several amateur radio broadcasts made by Howard Jones, of the Quiz force.

Tom Hendricks, of Newbern, Tenn., is said to be the owner of a hen that dances every time it hears music.

Union Ridge News

Mr. and Mrs. Billie Worrell drove to Holdrege last Sunday to see Ray Gourley who is very ill. Reuben Nolde, Carl Wolf, Rudolph Plate and Jerry Manchester drove their cattle to section one to pasture this summer.

Ten members of the U. R. club enjoyed a very pleasant afternoon at the home of Mrs. Mildred Horner last Thursday afternoon as the lesson was on "Recreation." This was the last lesson of the year and during the summer the club will meet only once a month. The next meeting will be held at the home of Mrs. Wm. Horner. Mrs. Chris Bachmeyer, who was a guest, is now a new member of the club.

Roy Williams and wife and Velma Leach drove to Central City last Saturday and spent the week end at the home of Velma's parents, Mr. and Mrs. Charlie Leach. Harry Tolen visited at the Will Naeve home last Sunday afternoon.

Mrs. Clyde Barrett and son Bud spent last Sunday at the Worrell home.

Orin Manchester was very sick last week with tonsillitis and Dr. Royer from Scotta was called to relieve him.

The young people of the neighborhood enjoyed hanging May baskets.

The community program will be given at the school house Tuesday night this week.

THE ORD QUIZ

THE IOWA OUTRAGE.

Much as one may be inclined to sympathize with farmers in the financial troubles that they have suffered from the depression, there can be no condoning such outrages as occurred at Lemars, Ia. last week when Judge Bradley, presiding in his district court room, was dragged from the bench by a mob of Farm Holiday members, thrown into a truck and carried into the country where he was beaten and threatened with a knife. All right thinking citizens will commend Governor Herring for declaring martial law and dispatching national guards to the disturbed area.

There was no excuse for the Iowa outrage. Courts and law-makers there, as in Nebraska, had done as much as the constitution permits to mitigate the lot of farmers. Beyond that point they were not empowered to go and no man who calls himself an American should expect them to do more.

Such episodes as the Iowa outrage cannot be tolerated in the United States, for they forecast an utter and absolute breakdown of civil law and eventually a bloody revolution.

Any organization that seeks to accomplish its aims by taking the law into its own hands is a dangerous organization. So long as its efforts are directed toward relieving injustices by arbitration the danger remains only a potential one, but when arbitration fails the spectre of mob law lifts its ghastly head. So it happened in Iowa. So it is likely to happen wherever level-headed leaders of such an organization lose control of their followers.

The Farm Holiday association in Nebraska is only distantly related to Milo Reno's association in Iowa. Its aims are in most instances the same but its methods, so far have been more conservative. Nevertheless, it is potentially dangerous and now that so many of its aims have been accomplished by peaceful means and through the efforts of courts and legislators the need for the association no longer exists.

The association in Valley County has had and still has, the respect of most good citizens. Its policy has been commendable throughout the winter and spring. Now, much as Farm Holiday members here may decry the injustices that are undoubtedly the root of the Iowa disturbance, to retain the respect that their organization now enjoys they should issue an official disclaimer of sympathy with the methods used to correct those injustices.

Farm Holiday members of this community are, scarcely without exception, good citizens of the United States and they want no taint of communism attached to their names. This taint has been placed there by the Iowa outrage and it should be most quickly removed.

There must be no recurrence of such episodes and the processes of civil law must continue to function in a natural, orderly fashion. Now, when Prosperity is coming into sight, is no time to precipitate a struggle between classes and masses.

ITS TIME TO BUY.
The United States is off the gold standard. The merchant, the farmer, the man in the street, may say, "This means nothing to me." But it does. It means everything.

To the merchant the fact that this country is off the gold standard and inflation has started means that it is time to make an aggressive effort to sell. To the farmer it means that his products are worth much more than they were a week ago. In fact it is conservatively estimated that the American farmer is worth today several hundred millions of dollars more than last week at this time. To the man in the street the present situation who fears no one concerned. I think perhaps Ord residents would appreciate their parks more if they had to buy them little by little. Both Bussell park and Anderson Island Park were contributed to Ord you remember. Driving home down Highway No. 2, which follows the Middle Loup River valley for about eighty miles, we enjoyed seeing numbers of wild plum trees in bloom. They looked much like those white mica centerpieces Mrs. Zahoudil made last winter, delicate and dainty.

the form of Andrew Mellon seen distinctly in the background. There can be no success for the republican party that the Reed-Mills-Mellon triumvirate is trying to form. Voters of the United States definitely renounced this type of republicanism when they elected Franklin D. Roosevelt to the presidency last fall by the biggest majority in history.

Immediately after the election November 8th Nebraska's C. A. Sorensen, then retiring as attorney-general, pointed out to influential republicans of the state that the party must be re-organized from within and dominated by different men if it is to succeed four years hence. Mr. Sorensen was right then and what he said is equally true now.

The country wants no more of Andrew Mellon and his henchmen and it is as Mellon henchmen that Reed and Mills are indelibly stamped. A new G. O. P. is needed, a new republican party organized year by year by progressives of the Sorensen type, if the democratic party is to be given any opposition in 1936.

Something DIFFERENT

At Easter time the florist's window in Alliance was of great interest, and a crowd was usually gathered before the window, especially Mamas and Children. Little chickens wobbled about the window and in most alarming colors. There was orange, lavender, green, pink and blue. The hatchery lady, experimenting, had dyed the chickens, and what delight those colored chicks brought to the children who received them for Easter. I am told that the Food Center window in Ord presented a similar sight.

Alliance has an unusually fine gardener at the head of beautification work now. A park which has been only soil and struggling trees for many years, the last summer or two has been improved until it is as beautiful as any bit of park in Denver or even Pasadena. Thick grassy terraces now cover half the area of the park, and the trees are big enough to give fine shade. Clever rock retaining walls made of broken sidewalks here and there give curves and variety to the landscape and one little walk leads down to a tiny sunken garden with evergreen plantings. A very Japanese bridge crosses a low place. Often and unexpectedly there are patches of flowers, attractive ones which have always been considered, "impossible to grow in Alliance."

Many ornamental lights make the walk inviting. A former ordinary bandstand has been pulled down. In its place a sod house museum will be erected within the next few weeks. The second half of the park is now being beautified. Mr. Bowers the gardener having ordered a new driveway, and plenty of grass under the trees. Since trees are very difficult to grow in that country, and must be watered and tended carefully, they are always planted "way too thick. So about half of the trees had to be taken out.

Then to be sure the trees remaining got a good start, Mr. Bowers had the limestone layer, a few feet below the surface, blasted through below each tree, so as to be sure the roots could run deep and straight down, in place of spreading shallowly and giving the tree an infirm clutch.

The park has many other beauties. Of course there has been a playground for years, with all the necessary equipment to please small park goers.

Now Alliance is seriously considering adding two more blocks to the little valley to the present park area.

The funds for beautifying the park and Alliance in general are not large, but a great deal of the work was donated by unemployed young men of the city, without pay of any kind, except the thanks of Mr. Bowers, who declared that this free labor made stretching the city funds easier to do.

My Own Column

By H. D. LEGGETT

The advertising in the Quiz for the month of April, was just half in dollars and cents, what it was a year ago in the same month. Due to the business conditions, Quiz rates have been reduced more than 25 per cent, so the number of inches of advertising has not shrunk so much as the cash value. Still, I feel that Ord merchants could profitably use a little more space than they are using. By reducing the subscription price of the Quiz, I have maintained my list, in fact somewhat increased it, and this was done so advertisers would have the largest possible coverage. The Quiz does actually cover better than ninety per cent of the heads of families in this trade territory. I am sure there is some borrowing, too, so probably almost a hundred per cent of the people in the trade territory read the advertising messages of Ord business men each week. There was a time in the history of Nebraska weekly newspapers, when less than a quarter page ad looked like chicken feed. That is not true now, and if you want as much as the cash value of you much and I assure you, Mr. Ord Business Man, that it will look good to me. There are plenty of business houses in Ord, if all of them would use just a little space, so that the Quiz would look much more like a newspaper than it does now. You know we used to always print 12 pages and most of the time 16 pages. Now it is often a real task to have decent advertising in 3 pages. That not only don't pay expenses of running the paper, but it is a really carrying a considerable impression to visitors and people outside the county, who get or see the paper.

But there are still people who have confidence in this valley. I got a letter a while back with a short time subscription to the Quiz. Last Friday I got a letter from the subscriber, sending a year's subscription and he took time to write a little letter. Among other things, he said he was very much interested in the proposed irrigation in this valley and that as soon as it was assured, he would move his family and business to Ord. He said he liked this country and believed it was destined to develop into a wonderful valley. He did not want permission to print the letter but anyone interested can read it by calling at the office. And I might say that this is not the only man who is watching to see irrigation bring prosperity to this valley again.

In writing to renew his subscription, Walter Parks of Rhome, N. D. says that it has been so wet there, that the farmers are just getting into the fields and that it is still plenty wet.

Don't forget, those of you who have not as yet taken advantage of the \$1 Quiz subscription rate, quitting time Saturday of this week is the last time you can do so. After that it is \$2. We feel that we have taken our loss as long as we can and there are not more than a couple of dozen who have not had advantage of the \$1 rate anyhow. If we don't hear from them there is only one thing we can think and that is that they are not much interested and will not care if the paper is stopped. We don't want to force it onto anyone.

Don't this nice weather make you feel like fixing up the place, planting flowers, etc.? There are going to be lots of people visiting Ord this summer. The better the homes look the better impression we will make and the more people will want to live here. Just try to remember when we have had even a bad storm. Ord and Valley county is a pretty good place in which to live, don't you think?

And now those daily papers again. If you are going to take a daily paper, new or renewal, let me send in your subscription. It don't cost you any more and I make a small commission. You would as soon leave it to me as to have a subscription price in Ord since it don't cost you anything to do so.

Probably that new 3.2 beer wouldn't taste half as good if we didn't think we were violating the law a little when drinking it. I haven't seen any of it yet.

This is the season of greens again. I know that family that put up quarts and quarts of lamb-quarter greens last spring, for use throughout the year and they say they were just as good as the fresh all the time. Nothing is healthier, that is sure, than an occasional mess of nice greens of most any kind and, personally, I like to have the occasions come pretty close together. Dandelions make good greens and are the first in the spring but you can't always be sure, when you see a person gathering them that they are for greens. Some feed them to chickens.

I can't see how the republican members of congress can be so sure that the president's inflation bill is a "threat to confidence" when, apparently, all confidence has been destroyed under republican methods.

I don't believe there is anything that farmers and land owners could do that would pay better in the long run, than to plant, say 10 or 20 acres of their land to trees. If they are to get any grain being raised anyhow. The state or government will, possibly, furnish the trees and what difference it would make in the looks of this country, if there were a piece of growing timber on each quarter of half section. And it would be worth a lot to the next generation, and many future generations.

When You and I Were Young, Maggie

By PARKE F. KEATNS

25 Years Ago This Week. A temporary organization of the Anti-Saloon League was formed in Ord with about thirty members. E. N. Finley was chosen chairman, R. L. Staple vice chairman, J. M. Huston secretary and Walter Johnson treasurer.

Rudolph Sorenson and A. P. Jensen went to York to bring up the new Rambler automobile that the latter had just purchased there.

The famous evangelist, Rev. Sam Small, spoke at the Ord Baptist church on the subject, "His Majesty the Devil." The Quiz commented that his style was crude and somewhat vulgar but effective.

Dr. Shepard bought the Goodhand house which he had been occupying for a long time and was making some improvements.

90 Years Ago This Week. Rudolph Kerchall was kicked in the eye by a frisky young mule but it was thought that his sight would not be lost.

Oliver Ward had just passed his examination and was expecting an appointment to the U. S. naval academy.

C. A. Sharp's big new barn and all its contents were destroyed by fire.

Charles Bals left for a six months stay in Belgium, planning to sail from New York City on May 6th.

THE COOK'S COL-YUM, YUM!

There are several materials which add to the elaborateness of any menu, at a small cost, and provide new and novel flavors to the many dishes to which they may be added. Among such foodstuffs I would mention pineapple, chesnuts, stuffed olives, etc. Of course these things have food value of their own, and enrich anything they garnish.

Do you use such foods often? You should. Such simple touches do much to enliven a menu and to give it a surprise touch. Your family will relish old dishes of which they have tired, when some small change is made, such as grating chesnuts on the top of your baked corn, etc.

State Capitol News

By PARKE F. KEATNS

Members of the legislature last week continued to work away on less important measures with one eye on the tower of war between the House and Senate on the appropriation bill. On Monday the Senate passed the bill with additions of approximately \$800,000 over appropriations recommended by the House. The bill as completed by the Senate appropriated \$10,694,000 to be spent from tax moneys during the next two years. The Senate showed liberality in direct contrast to the cutting and whittling previously done by the House. The appropriations as outlined by the Senate were \$11,000 in excess of the governor's budget which was submitted to guide both houses at the beginning of the session. It is understood that while the Governor does not thoroughly approve of several additions made by the Senate he is in accord with the general attitude of following the budget rather than accepting the cuts made by the House.

The first joint conference committee appointed included Chairman Wells, Fairbury, of the House finance committee and Representative Chase of Omaha and LaVelle of Wallace, chairman of the Senate finance committee and Senators Banning of Union and Warner of Lancaster. Senator Callon voted against the passage of the appropriation bill in the Senate since he did not favor some of the Senate additions. Senator Warner and Banning, however, were understood to be in favor of standing pat for Senate increases. Representative Wells, as spokesman for the house group, favored compromising but not to the extent of accepting \$800,000 in Senate increases. It was the general belief that several conference committee reports would have to be made before the House and Senate would agree. There was little fear, however, that an agreement would not be reached by the end of the week.

A threat of a special session loomed, however, on another measure. The governor's bill for reorganization of the state banking department and placing it more fully under executive control was passed by the Senate a short time ago but was indefinitely postponed by the House committee. Immediately the bill began to boil. Word came from those close to the Governor that if the bill was not given consideration by the House and passed, an extra session would be in order. It is said that bankers quite generally disapprove the bill, alleging that it places the banking department too much in politics. The administration, however, insists on having additional powers over the banking department to better handle receiverships and general banking matters. As a result the bill will be revived by the House for further consideration but by a close enough vote to disclose that it is not overly popular with that group.

The beer bill, which passed the House recently and has since been in the hands of the Senate committee, was placed on file before the Senate early last week. It had undergone some remodeling in the hands of the committee. The most notable addition was the replacement of a health and safety clause which is in effect a safeguard against referendum action threatened by drys if the bill is passed. The bill was tossed about in the Senate last Thursday and further amendments were added. A sliding scale of retail licenses was pinned on making licenses range from \$10 in small towns to \$100 in those above 10,000 population. The bill was advanced to final reading by a vote of 17 to 15 and was passed Friday by a vote of 18 to 13. It is rumored that the bill may be vetoed by the Governor.

The Governor's bill providing for election of delegates to a convention for repeal or maintenance of the federal 18th amendment has passed both houses. The House by a narrow margin vote revived a senate bill to submit state prohibition to a vote of the people in 1934. It will be acted on this week.

Sensors refused to allow radio broadcast of beer bill discussion last Thursday. Before voting against broadcasting several senators endorsed the House for its oratorical circus in broadcasting beer proceedings the previous week.

Dry members of the House made charges against the beer lobby a few days ago and suggested an investigation of the activities of individuals purported by working for the passage of the beer measure. In arguments that followed wets of the House pointed a finger of suspicion at a number of other interests that have maintained a lobby on bills of various natures and suggested that if one lobby was investigated all should be. As a result the House voted for a general investigation of the lobby and a committee of three was appointed by the speaker to conduct the investigation. Two of these were in favor of the investigation while one was not. Since their appointment members of the committee have demanded an appropriation which they say will be necessary before any real work can be done. It has even been suggested that this lobby investigating committee may ask for an appropriation of \$25,000 through the conference committee which is now at work on the appropriation bill. It is pointed out that to conduct such an investigation it will be necessary to call people from various parts of the state and go to a great deal of expense to get to the bottom of all the various interests for and against certain legislation.

In passing a bill recently transferring collection of gasoline tax from the state treasurer's department to the agricultural depart-

ment, sections of the statutes providing for the four-cent gas tax were repealed and not replaced. This oversight was discovered early this week and immediately caused grave concern. The House under direction of Speaker O'Malley, however, recovered a discarded Senate bill and tacked the necessary provisions onto it. This matter will have to be rushed through before the close of the session in order to make the maintenance of the four-cent gas tax entirely legal. Fifty-fifty division of gas funds between state and counties will probably be revised to five-eighths to the state and three-eighths to the counties.

The Senate last week killed the Banning sales tax measure. Similar measures are in operation in a number of states but the Senate was in doubt as to the amount of revenue which could be raised in this manner and how the tax would effect business men in border towns of the state.

The bill repealing the deficiency judgment law was passed by the Senate. This bill was passed early in the session by the House. It has been found that the title of the bill did not include the emergency clause which is embodied in the bill. This oversight makes the bill ineffective for three months and there is some doubt as to whether the bill can become a law at all in its present status.

By special message the Governor introduced a bill last week which would permit the creation of transportation districts in the state to take over the operation of railroad lines which railroad companies are to abandon by permission of the inter-state commission. The specific purpose of this bill is to assist citizens in the northeast part of the state who have been opposing abandonment of a short branch railroad running from South Dakota to Wynot, Nebraska. Truck competition has made operation of the road unprofitable. Under the plan suggested in the Governor's bill a district with provisions for taxation to make up losses would be created to continue operation of the road.

The House adopted a resolution urging the federal government to take action against certain meat packers under the Sherman Antitrust act.

The Senate passed a House bill to bar public employment of a married person whose spouse is already on the public payroll, when either of them receives more than \$2,000 a year. Certain amendments were added by the Senate and the bill was sent to conference.

The House and Senate have agreed on a bill to reduce salaries of state officers. The attorney general believes reductions will not be effective until after present terms have expired. Some legislators, however, are of the opinion that cuts are immediately effective. State officers, it is said, are ready to take legal steps to resist immediate cuts.

The state treasurer reports that \$52,064 has been collected as state gas tax up to and including April 20. This amount is \$101,000 less than for the same period last year. Treasurer Hall states that the bank moratorium in March accounts for the greater part of the decrease as it caused dealers' sales to fall off and less use of cars.

Nebraska spent \$478,509 for highway construction and \$78,298 for highway maintenance in March. Since July 1, 1931 a total of \$15,527,961 has been spent for highway construction and \$5,323,223 for

maintenance. Total expenditures of the state were \$1,245,181 during March which is about \$200,000 less than during the previous month. Total expenditures since June 1931 are \$37,822,256.

Last month's expenditures are classified as follows: Salaries and wages, \$435,417; supplies, \$102,106; office expense, \$63,872; material and parts, \$10,755; equipment, \$10,233; lands and buildings, \$39,831; roads and maintenance, \$55,508; fixed charges, \$15,852; revolving funds, \$11,496.

The United States Department of agriculture reports that there were 375,716 automobiles registered in Nebraska in 1932. This is a decrease of 9.7 percent from 1930 to 1932. Washington was the only state where car registration increased during that period. Registration in Arkansas decreased 24.7 percent which was the greatest shown by any state.

Depositors in failed state bank at Napoleon received \$5,047 in dividends last week.

LETTERS FROM QUIZ READERS

Barber, Ark. R. 2, April 24, 1933
Dear Editor Quiz:
We enjoy the Quiz more than ever since we have moved, so many people that we knew that the "lo" can't move. We always miss Union Ridge news when it is not in.

We are having lots of rain and gardens are surely doing fine. Strawberries are beginning to ripen and what lovely berries, but not so many of them as usual on account of the drought last summer and not being cared for properly.

We had a lovely trip down here after we had packed Kansas City. It was too cold to be enjoyable before as we left the 14th of February. The Ozarks are very pretty in southeast Missouri and the northern part of Arkansas. We want to go up that way sightseeing some time.

We like our new home quite well. Times are hard in Arkansas, like they are in Nebraska; debts are not so large here, but people can live much cheaper. There is a lot shorter feeding season. Grass is as good here now as it is up there in June. Land is quite cheap here. They do not rotate their crops here as we did, but raise the same crops year after year on the same land, but they say it builds up real fast. If more people from the cities were on these cheap places, making their own living, it looks like the Red Cross and welfare boards would be relieved of a great burden.

Yours truly,
Mrs. John T. Nelson

The schedule of the Middle Loup Public Power and Irrigation project is being maintained very satisfactorily. The drilling has been completed and the day is in the hands of the state department who are preparing a report. D. E. Wynn Jones, the consulting engineer and manager has been in Lincoln and Omaha the past week looking after necessary details. C. A. Sorensen, former attorney-general, who has been retained as attorney of the project as well as other projects in the state has been in Washington the past two weeks working toward legislation which will be highly beneficial in securing funds from the Reconstruction Finance Corporation.

The law as it stands at present prohibits the corporation from financing a project where any doubt exists as to the probability of its being self-liquidating. Of the billion and a half dollars which have been available through the Reconstruction Finance Corporation only about thirteen percent has been made use of on account of the present restrictions by the Reconstruction Finance Corporation.

The law is to be considered by the present congress and everything points at this time, to favorable action which will make it possible for the corporation to finance projects which are shown to be needed and which will relieve the present unemployment situation without so much stress upon its being self-liquidating. With the enactment of such law the success of the Middle Loup project, as well as others in the state is practically assured. Mr. Sorensen is bending his every effort toward early consideration of the amendment and in a letter to the officials of the Middle Loup project, as well week he expressed the opinion that his efforts would be rewarded.

100 HEAD OF CATTLE

We have the promise of a nice bunch of whiteface stockers, depending on the weather whether they can get in or not. They are just the stuff to go out onto pasture and make a fine growth this summer. There will be a few milk cows, two or three good bulls, a few calves and possibly two or three imported milk goats.

100 HEAD OF HOGS

We expect to have 75 head of dandy feeder pigs, a few Pol- and China and Duroc bred sows and possibly a couple of sows with litters.

14 HEAD OF HORSES

Some real good work horses, a couple of young matched teams and three or four good colts.

Machinery and Miscellaneous

There will be several pieces of good farm machinery and various kinds of farm seeds. Don't overlook this opportunity.

We can't expect to have the large offerings that we had earlier in the season but there will be plenty of real bargains so attend the sale. If you have something to dispose of, bring it in this week. There will be room for it.

"Chance!" Barter shouted. "Say you got a lot of guts talkin' of givin' me a chance to get out of fightin' you!"

John nodded. "Yes, I have. Enough guts so you don't scare me very much, Baxter. And plenty to tell you what I've come to tell."

Baxter's eyes swept a segment of the circle about them; he swallowed quickly. This was something new in the way of an encounter.

"Tell? What you got to tell me?" he demanded.

"This. Probably you've heard the boys saying that I came pretty near getting mine this evening, out at the mill. A load let go and I had to take to the pond. I'd trusted those stakes, Baxter. They're the best patent stakes made. I didn't think they'd let go.

"My guess seems to 've been pretty good. In the fresh snow behind that car were a man's tracks. He stood for quite a time in the shadow of the trucks; he stooped down there, to see what was going on on the other side of the car. When the thing happened that he'd waited and watched for, he tiptoed to the trips and let 'em go. Then he ran..."

He paused a moment and his eyes for the first time smoldered.

Patriotic Spirit Is Symbolized By Memorial Poppy

"The patriotic spirit of America which enabled the nation to put forth its great World War effort is symbolized in the little red memorial poppy," Mrs. C. W. Clark, president of the Ord unit of the American Legion Auxiliary, declared today as the unit members continued preparations for the observance of Poppy Day here late this month. She expressed belief that the wearing of the poppy in honor of the war dead would help reawaken a strong spirit of patriotism for the nation's peace-time efforts.

"The poppy is the badge of remembrance for those who sacrificed their lives in the country's service," Mrs. Clark said. "It stands for the highest type of patriotism that we can conceive. It recalls the spirit of those days when every American was dedicating his energies and resources to the national cause and when life itself was not too much to give for the country."

"Remembering those days, it is difficult to understand how Americans can be daunted by the country's present difficulties. A people who only fifteen short years ago united with such devotion and energy to meet the greatest emergency that we can conceive, will meet any emergencies of peace. The poppy, that symbol of patriotic sacrifice, should awaken in all our hearts a deeper conception of our own duties to our country today. It inspires us to give in the type of service the men who died among the poppies in France gave in time of war."

Volunteer workers from the American Legion Auxiliary will offer poppies on the streets on Poppy Day, May 27. The poppies have been made by disabled veterans and all contributions received will be used for the Auxiliary's relief and rehabilitation work among the disabled men and their families.

Ord Team Defeated By Scotia, 7 to 5

It was a good ball game after the first inning, that clash between Ord and Scotia at Russell park Sunday, but the six-run lead that Ord spotted their opponents in the first frame was too much for Manager Auble's boys to make up and the final score was 7 to 5, with Scotia leading.

Kuklish, nominated by the Ord pilot for mound duty, was wild and ineffective and in the first inning Scotia ran up a six run lead before Allen was sent to the mound to relieve Kuklish. After that they got but a single run while the Ordites scored five.

North Loup plays in Ord this Sunday and there will be no more ball games lost in the first stanza, the Ord players promise.

Inter-City Rotary Meeting At Ansley

Five Ord Members Attended Last Friday, Clarence M. Davis On List of Speakers.

Five of the members of the Ord Rotary club attended an inter-city meeting of Rotary clubs in this vicinity, held at Ansley last Friday evening. The regular clubs participating were the Ansley, Arroyo, Broken Bow, Grand Island, Loup City and Ord clubs, but there were also Rotarians present from Crete, Kearney, Scotts Bluff, Omaha and Council Bluffs. The total number present was in excess of one hundred, and five local Rotarians were President Orville Sowl, Dr. Geo. R. Gard, Clarence M. Davis, James Misko and Millard Bell. The meeting was held in the Methodist church at Ansley, the regular meeting place of the Ansley club.

The theme for the talks was the various letters of the words "New Deal". Frank Davis of Broken Bow acted as toastmaster, and Clarence M. Davis was the speaker for the Ord club. Among the other speakers were Dr. Howard Stevens of Broken Bow, W. H. Lines of Loup City, Dell Olmsted of Ansley, Dr. Earl Johnson of Grand Island, Cullen Wright of Scotts Bluff, District Governor Ray Myers of Council Bluffs, Hugh Butler of Omaha, and Reuben Clark of Kearney. Dr. Earl Johnson of Grand Island was the principal speaker and he gave a talk that was listened to with the greatest of interest.

A feature of the convention was the fact that there were present in the past, the present and the next district governor of this Rotary district. Reuben Clark of Kearney, was district governor several years ago. Hugh Butler, the president of the Omaha Rotary club this year, was the governor who will be in charge of this district after the international convention in Boston in June, and Ray Myers of Council Bluffs is the present district governor.

Dr. Geo. R. Gard of Ord was in charge of the singing, and led the group present in the singing of the old favorites, as well as the newer song hits. The Ord Rotarians expressed themselves as being highly pleased with the meeting. It is planned to have another inter-city meeting, likely at Broken Bow, within the next few months.

Happy Hour club are meeting this afternoon with Mrs. James Wisda sr.

IRRIGATION PLANS TO WASHINGTON ABOUT MAY 20TH

(Continued from Page 1.)

At Burwell last week the Wranglers club decided to sponsor an educational campaign to acquaint farmers with the advantages of sugar beet production, the campaign to start immediately. A committee consisting of Osce Johnson, O. J. Miller, Guy Lantry, C. A. Norland and Dr. E. J. Smith was appointed to carry on this work. Boss L. D. Pierce brought out the fact that beets raised near Burwell last year had the highest sugar content of any raised in the state, so it is believed that sugar beet production will be a paying proposition there as soon as irrigation is available. A speaker from the state university will discuss this subject at Burwell in the near future.

Former Attorney General Sorenson, who is now in Washington, writes President Hardenbrook that the prospects of securing an R. F. C. loan look very good and he is anxious to have plans ready so that formal application may be made at the earliest possible moment. He is trying to have legislation passed by Congress to make self-liquidating features of the Wagner act more flexible and believes he will accomplish this aim.

Probably by today, President Hardenbrook expects to be informed by engineers exactly where main canals will be located. It is known now that one canal will start four miles above Taylor on the south side of the river and continue along the edge of the hills to Ord, with a small reservoir near Sioux Creek where a power plant will be located. At Ord the water will either be returned to the river and another diversion dam built below town to irrigate the Ord-North Loup acreage or a large reservoir back of Ord to impound the water and lead it around the city. Ord people are favoring this latter plan, because if the former is adopted much ir- riable land south of Ord will be lost. On the north side a diversion dam will be constructed near Beaver creek, north of Burwell, and a ditch will continue down river to a point near Sumter with a power plant to be located near the mouth of Gravel creek, where a 65-foot drop will be gained. There will be no impounding dam in the river itself, engineers having decided that it is possible to produce electric energy more economically by using the water in the main canals. All of these plans are, of course, subject to change by the Black & Veatch office in Kansas City.

From all standpoints the entire project looks more feasible every day and sponsors are counting confidently on the Reconstruction Finance Corporation making a loan to carry it out.

ESTABLISHED APRIL 1882

THE ORD QUIZ, ORD, NEBRASKA, THURSDAY, MAY 11, 1933.

VOL. 52 NO. 7

PLANS COMPLETE FOR ORD'S FIRST BUSINESS CIRCUS

City Will Don Gala Attire Friday Morning; Much Entertainment Planned for Evenings.

With indications good for favorable weather—the one thing that now appears to be needed—the big Business Circus sponsored by sixty-five Ord business firms and arranged under the supervision of F. C. Rossow, of Broken Bow, promises to be a big success. Elaborate preparations have been made by the stores and others taking part, and not in years have so many retailers displayed a public meeting as were present at the circus meeting held last Thursday evening in the city hall, at which time arrangements for the two-day circus were completed.

The Business Circus will be a big affair—that much is sure. Not only are business men of the city cooperating almost 100 per cent to put it over, but professional men also have formed a Business Circus club and are cooperating to make the event successful. Wives of business and professional men, teacher and students in the Ord schools and everybody else in the city likewise will have a part in the circus.

Members of the Business Circus club are Dr. C. McGraw, Dr. H. N. Morris, Dr. Lee C. Nay, Dr. J. W. McGinnis, Dr. A. J. Ferguson, Dr. Walford Johnson, Dr. G. R. Gard, Dr. Frank Osentowski, Dr. F. L. Blessing, Dr. C. Weekes, Dr. C. J. Miller, Dr. Glen Auble, John L. Anderson, Geo. Round, Alfred Welgardt, Geo. Satterfield, Lloyd Rusk, Clyde Baker, Carl Dale, Rollin Ayres, Ign. Rilma, Clara McClatchey, H. VanDusen, Hardenbrook and Misko Protective Savings & Loan Ass'n., Davis & Vogeltanz, E. P. Clements, Jr., Mazie Fox, M. D. Bell, August Petersen, Geo. Allen, Lucinda Thorne, Orville Sowl, Joe Knezacek, Novotny Sisters, Frances Hubbard, Henry Hansen, W. B. Weekes, Pierce & Belers, Sophie McBeth, Hans Larsen, Clayton McGrew, Ord Hotel, W. B. Broch, Ed Holloway, Service Oil Company, George W. Burrows, Ord Steam Laundry, Diner Cafe.

On Tuesday a 10-car booster trip was held, forty-five Ordites visiting Burwell, Taylor, Sargent, Comstock, North Loup and other towns to extol the sights to be seen and the fun to be had in Ord this Friday and Saturday. All of the boosters were comically garbed, had with them a band and other entertainment, and report a very successful trip with much interest shown in the town visited.

Those who furnished cars for the booster trip were Joe Dworkak, Joe Osentowski, Ed Beranek, Ben Janssen, John Sharp, Murray Nelson, Shorly Grabowski, James Petaka and Ed Parkos. M. Biondini is furnishing a Buick, L. A. Auble gasoline for the Parkos car.

The program committee for the circus is headed by Freeman Haught and has as other members Preston Loomis and Bert Boquet. These men, who have been working on plans for the past ten days, say that the Business Circus is going to be the biggest event Ord has ever put on.

Two parades are planned, one to be held at 4 p. m. Friday and the other at the same hour Saturday. At least fifty business firms will have floats in the parade, and there will be three bands, dozens of clowns, a stage coach, Zoma the Wild Man, an eighteen-foot dog, bathing beauties, a Hula dancer, wild animals, zebras and other sights too plentiful to enumerate. The parade will start from the high school building at 4 o'clock each afternoon and parade around the entire business section. Ord stores will close from 3 p. m. until 10:30 p. m. on Friday but will be open all day Saturday.

Nor will the evenings be without their share of merriment for dances are planned for boys and girls. At the Bohemian ball Friday night four clown orchestras will alternate in providing music, with dancers being given a chance to vote on which orchestra is the best and with a cash prize waiting for the best orchestra. Another dance is scheduled for the Opera House the same night and other dances will be provided for Saturday night. A free band concert by the Ord clown band (formerly the Ord Municipal Band) is also on the program each evening.

Ord schools will be dismissed at 3:20 p. m. Friday and city school children will have a chance to mingle with rural children who will be here for the Valley county songfest Friday. Many of the students are planning to don gala attire, as well as their elders.

Another feature of the two days will be the giving away, entirely free of 2,000 free gifts ranging from cups of coffee to pairs of shoes. Coupons entitling the finders to these free gifts will be enclosed in envelopes and the envelopes will be distributed on the streets by clowns all day Friday and Saturday. Everybody will have an equal opportunity to get a free gift.

Ord invites the entire countryside to enjoy Circus days. They are free entirely and absolutely free, and though merchants are offering many merchandise bargains for the benefit of thrifty visitors the days are not primarily bargain days. Rather, they were planned as an evidence of Ord's appreciation of the trade given its merchants in and day out, the year around.

Visit Ord during the Business Circus. You've never seen anything like it and you'll enjoy every minute of your visit.

Livestock Is Killed In Electrical Storm

North Loup, May 9.—(Special)—Three milch cows and two calves, the property of Kent and Sterling, Manchester and Clifton Clark, were killed Saturday night when a bolt of lightning struck the shed in which they were kept and burned the burning shed in a miraculous manner, freeing herself from a station and kicking open a closed door to gain her freedom. From the bodies of the cows and the other animals it was thought that they were electrocuted. The damage was not covered by insurance.

Another milch cow escaped from the burning shed in a miraculous manner, freeing herself from a station and kicking open a closed door to gain her freedom. From the bodies of the cows and the other animals it was thought that they were electrocuted. The damage was not covered by insurance.

Loup City Woman Seeks Heart Balm

At Kearney last week Mrs. Maggie White, of Loup City, filed suit in district court against Miss Hilda Weimers, of Pools, charging alienation of affection, seduction and seeking damages in the amount of \$25,000.

Mrs. White is the wife of Merlyn G. White, former operator of a trucking business here, and her suit against Miss Weimers is an outgrowth of a police court case here in March. Police charged that Mr. White and Miss Weimers were living together in Ord and the former was charged with using a room for immoral purposes and paid a fine of \$50 and costs. Miss Weimers was sent to her home at Pools by county officers.

Married in 1922, Mr. and Mrs. White have not lived together for several years and at the time of his arrest White told Valley county officers that his wife would not live with him but would not consent to a divorce.

Miss Weimers is said to be an orphaned minor who will inherit a considerable amount of property when she becomes of age next fall. Mrs. White has employed a Kearney firm of attorneys to present her alienation of affection case against the Pools young woman.

Myrtle Tully Dead.
According to an obituary item in the Lincoln State Journal, Miss Myrtle Tully passed away there Monday at the age of 32. She leaves four brothers and four sisters. They are: Harlan J., of Didsbury, Alberta, Frank A., of Canada, John J., of Walton, Alaska, Edw. F., of Cody, Wyo., Mrs. L. C. Brown, Mrs. A. B. Pila, Mrs. F. D. Weaver and Miss Cecil Tully all of Lincoln. Funeral services were held in Lincoln yesterday and the body is being brought to Ord for burial today.

Every store will have at least one comical window display and many of the stores will be decorated in comical fashion inside and out. Prizes have been offered for the best costume and most comical store windows by the Business Circus club.

The only out-of-town entertainers who will appear in connection with the circus are the famous Gully-Jumpers, who usually sing and play over Radio KMMJ, Clay Center. They will be here in person and will sing and play at various places around the square on both days.

Nor will the evenings be without their share of merriment for dances are planned for boys and girls. At the Bohemian ball Friday night four clown orchestras will alternate in providing music, with dancers being given a chance to vote on which orchestra is the best and with a cash prize waiting for the best orchestra. Another dance is scheduled for the Opera House the same night and other dances will be provided for Saturday night. A free band concert by the Ord clown band (formerly the Ord Municipal Band) is also on the program each evening.

Ord schools will be dismissed at 3:20 p. m. Friday and city school children will have a chance to mingle with rural children who will be here for the Valley county songfest Friday. Many of the students are planning to don gala attire, as well as their elders.

Another feature of the two days will be the giving away, entirely free of 2,000 free gifts ranging from cups of coffee to pairs of shoes. Coupons entitling the finders to these free gifts will be enclosed in envelopes and the envelopes will be distributed on the streets by clowns all day Friday and Saturday. Everybody will have an equal opportunity to get a free gift.

Ord invites the entire countryside to enjoy Circus days. They are free entirely and absolutely free, and though merchants are offering many merchandise bargains for the benefit of thrifty visitors the days are not primarily bargain days. Rather, they were planned as an evidence of Ord's appreciation of the trade given its merchants in and day out, the year around.

Visit Ord during the Business Circus. You've never seen anything like it and you'll enjoy every minute of your visit.

THREE ARRESTED, PROSECUTED ON BOOZE CHARGES

Keller, Seerley Get Jail Terms, Rodeo Rider Fined in County Court Here Monday.

Arraigned in county court Monday, three violators of Nebraska's stringent liquor laws were penalized in varying degrees, R. C. Keller being punished most severely by a fine of \$100 and costs and jail sentence 30 days. W. Seerley, on a second offense intoxication charge, drew a 30 day jail sentence and Ray Brown, of Burwell, was fined \$15 and costs for intoxication.

Keller and Seerley were arrested Saturday night by city officers after a search of Keller's home had revealed five pints of alcohol. Both were riding in Keller's car when arrested and both were intoxicated, officers claim.

In court yesterday Keller was charged with possession of liquor, on which charge he was fined \$100, and also with driving while intoxicated, for which he was sentenced to thirty days in jail, the first ten days and the last ten days to be at hard labor. As provided by law his driving license was revoked for a period of one year, all registration certificates in his name were ordered canceled and it was ordered that before he can procure another driving license he must give bond for the payment of any damages he may do while driving an automobile.

Mr. Seerley's offense was only intoxication but since this was the second time he had appeared in court here on the same charge this winter Judge Andersen sentenced him to 30 days in jail and ordered that his diet consist only of bread and water on the first two and last two days of his sentence.

The Burwell man fined here Tuesday was arrested in Elyria Saturday evening by Deputy Sheriff Archie Keep. He is a noted rodeo performer and has often won prizes at the Burwell rodeo and other famous shows. Before submitting to arrest Sunday night he gave Deputy Keep quite a battle, the latter says.

Neither Brown nor Keller had paid their fines yesterday and none of the three had paid costs assessed against them so it is likely that the Valley county jail will have three inmates for several weeks to come.

Baseball Game Postponed.
Rain Saturday night forced postponement of the Loup Valley league baseball game between Ord and North Loup, scheduled to be played last Sunday at the fair grounds. League rules require that postponed games be played off during the week following but Manager Jake Earnest of North Loup was unable to assemble his team for a mid-week game. This Sunday Ord plays Greeley at that town.

Elwin Auble Given Honors at Kearney

Elwin Auble, only Ord high school student to journey to the state music contest at Kearney last week-end, won honors in the bass and tenor parts of the quartet and also three other contestants out of the sixteen were given an excellent rating by the judges. No higher honors were accorded, no singers in his division being present.

Elwin received as high honors as were given. The old practice of giving first, second, etc., has been abandoned.

His son, Mr. and Mrs. L. J. Auble of Ord, Elwin was the only entrant in the contest because the high school was short of available funds with which to send other music groups. Elwin paid his own expenses to the contest. He is a student under Dean S. Duncan, public school music instructor, and a special student under James Aagaard.

School Board Organized.
Newly organized for work for the coming year is the school board, with Dr. J. W. McGinnis re-elected secretary of the Ord board. Dr. C. J. Miller is a new member, replacing Fred Coe. Committees appointed include finance, Horace Cravis, Stoltz, Miller, fuel, Stoltz, Norman and Gould; flags, teachers, Norman, Flagg, Travis; buildings and grounds, Miller, Travis, Norman; books and supplies, Flagg, Miller and Stoltz.

A Special Convocation.
Special convocation services will be held at the high school auditorium Friday afternoon at one o'clock, with about 70 musicians playing in one massed band. The public is cordially urged to attend.

Christian Missionary society met Thursday evening with Miss May McCune. Mrs. C. Fuson was co-hostess. There was a good attendance.

The American Legion and Auxiliary met Monday evening in their hall. Plans were made for poppy day. Serving committee members were Madams Roy Severson and Cecil Clark.

3.2 Beer Is Legal In Nebraska After August 9th

At 1 minute after 12 o'clock on August 9, 1933, beer of 3.2 per cent alcoholic content may be sold legally in Nebraska. The beer bill, passed ten days ago by the legislature, became a law at midnight last Saturday without Governor Bryan's signature. The governor had five days in which to sign or veto the beer bill and when he failed to take any action in the five-day period that ended Saturday the bill became a law without his signature.

The beer bill goes into effect ninety days after adjournment of the legislature Tuesday. Another beer bill passed by the legislature Monday permits Nebraska breweries to manufacture beer and sell it immediately outside the state. This bill was passed with the emergency clause, so unless it is vetoed by Governor Bryan several Omaha breweries will be shipping beer to Iowa, Missouri and other points by this time next week.

The Anti-Saloon League, W. C. T. U. and other prohibition organizations threaten to invoke the referendum to stop the sale of 3.2 beer in Nebraska before Jan. 1, 1934. Whether or not this action will be taken will be determined this week.

LEGAL DISTRICT FOR IRRIGATION WILL BE FORMED

Petitions Out Last of This Week, Hardenbrook Says; Survey of Valley Finished.

By the end of this week petitions will be circulated for the first step in the formation of a legal irrigation and power district in the North Loup valley, says Bert M. Hardenbrook, who returned Saturday from Lincoln where he consulted with attorneys. The signatures of 15 per cent of the legal voters in territory affected by the irrigation project will be necessary to form the district. Mr. Hardenbrook says, "The project is being drawn up in the office of Black & Veatch."

The district will be organized under the provisions of Senate File 310, the enabling act passed by the Nebraska legislature a few weeks ago.

Surveyors have finished their work and Engineer E. H. Dunmore, who was in charge of the survey left yesterday for Kansas City where plans and blue prints for the project are being drawn up in the office of Black & Veatch.

Messrs. Brock and Burleigh, who came from Lincoln with equipment for making soundings in the river, finished their work and left Ord Monday. They report having found rock formations in the river bed at or near the sites of proposed diversion dams.

President Hardenbrook reports that Attorney Sorenson, who returned last week from Washington where he consulted with R. F. C. engineers, is still very optimistic about prospects of getting an R. F. C. loan. He is urging haste in making application, however, so engineers are putting forth every effort to get plans into shape immediately.

Will Enter Track Meet.

The track meet to have been held at North Loup Wednesday was again postponed because of bad weather, and will be held next Tuesday, possibly in Ord. Jack Tunnicliff and Richard Smith will represent Ord at the state track meet Saturday, Jack entering the 220 yard dash, 400 yds. and Richard the pole vaulting.

Fire, Then Baby At Beams' Home

Spontaneous combustion in a large assortment of Watkins goods caused considerable excitement Tuesday afternoon in the home of Mr. and Mrs. Will Beams, Arcadia. Gases had formed in the room and the suction or pressure held the door so tightly shut that it had to be forced open. Then fire broke out and the Beams' household goods were carried into the street. However, the property did not burn. The exact amount of damage to the goods cannot be learned.

At 1:10 a. m. Wednesday Mrs. Beams gave birth to a seven pound daughter, Dr. Kirby McGrew of Ord being in attendance. She had become very nervous during the afternoon's excitement but her condition is said to be satisfactory.

Miss Frances Bradt went to Hastings and spent the week with her sister, Miss Ruth Bradt.

Miss Thelma Partridge was hostess Saturday afternoon to the Jolliffe club. Madams Joe Cullin, Edwin Clements and Stanley McLain were guests.

2 CROPS JUDGING TEAMS ENTERED IN WORLD EVENT

World-Wide Contest at Regina, Can., Will See Two Valley County Teams Compete.

Valley county will be heavily represented in the world-wide grain exhibition and judging contest to be held at Regina, Canada, this summer, said County Agent C. C. Dale yesterday, for not only will his 1932 United States championship team be entered but also a second team made up of Wm. Garnick and Harold Benn, Ord, Clifton Heyne, of Wisner. All will compete in crops judging events in which \$6,600 are offered as cash prizes.

Formal entry blanks were mailed to officials at Regina this week, said Mr. Dale, and he is sure that both teams will be permitted to enter.

Crops judging events at Regina are divided into three divisions, one for college teams, one for intermediate teams and one for junior teams. The Garnick-Benn-Heyne team will be entered in the intermediate division and Valley county's national championship team, which is composed of Charles Barnhart, Valerian Clouch and Bud Brickner, will be entered in the junior division.

The boys last named won the Nebraska championship at the state fair last fall and then went on to Chicago to win the national championship at the International Livestock show. At first officials at Regina were not going to allow this team to enter for the reason that no formal elimination contest was held in Nebraska but County Agent Dale secured letters from Dwight Felton, state secretary of agriculture, and Governor C. W. Bryan, urging the Regia show to accept the entry. Regia officials have indicated that they will do so.

County Agent Dale feels that this team has an excellent chance of winning honors in the junior division and if they do win they will probably win at least \$1,000 in cash prizes since the total amount offered as prizes in the junior division is \$3,300.

It is pointed out, however, that the competition in all divisions at Regina will be very stiff. State champion teams from almost every state in the union will be present as will the champions of each Canada province, England, Australia, New Zealand and other countries. It will be a rare experience for the Valley county boys to judge crops in a valley county, whether they win or lose.

The Regia show will be held between July 25 and August 4 but the exact date of the crops judging contest has not yet been announced. Valley county boys who enter will pay their own expenses on the trip, Mr. Dale says. He expects to accompany them as coach and chaperone.

Sargent Matron Dead.

Several weeks ago Mrs. Lydia Seiver Williams, of Sargent, was in Hillcrest for a few days and then returned to her own home, later entering a Broken Bow hospital for a major operation. She passed away on April 23 and was buried in Sargent last Tuesday. She leaves her husband, Clarence Williams, and seven children born to her first marriage with Mr. Seiver, who was killed in 1920 when the Standard Oil truck he was driving upset north of Sargent.

Will Have Quilt, Rug Show.

The Quilting division of the M. E. Aid is planning a quilt and rug display at their church basement next Wednesday, May 17, and everybody wishing to display a quilt or rug is invited to do so. Mrs. Henry Marks and Mrs. Ed Finney are in charge of the show. A cafeteria luncheon will be served in connection with the show.

Wed at Grand Island.

Saturday morning Miss Mary Leona O'Connor, daughter of Mr. and Mrs. Michael Burwell, was married at Grand Island to T. F. Sundermeyer, of Hastings. The bride is a registered nurse who has been on general duty at St. Francis hospital since her graduation there in the nurses' class of 1929. She has a number of friends in Ord.

Occupation Tax Now Due.

Your occupation tax is now due. Please don't wait for an officer to come to collect it. Call at the city office to pay. 6-2t

Mrs. Pat Daily had a birthday last Wednesday and received a postcard shower from her numerous friends. Mrs. Daily is ill and confined to her bed most of the time.

Ord Rotarians Are Guests of Teachers

Members of the Ord Rotary club and school board members were guests of teachers in the Ord schools at a dinner served in the high school auditorium Monday evening.

After a delicious dinner served by Mrs. Orin Slay, a program was given with Miss Zelma Frushour as mistress of ceremonies. The program included short talks by Orville H. Sowl, Ralph Norman, Clarence M. Davis and Millard D. Bell, a few quartet numbers by men teachers, ably assisted by the high school quartet, and two playlets given by the teachers. Group singing was enjoyed with Dean S. Duncan as leader.

The dinner was one of the most enjoyable affairs given in Ord this year.

Farm Land Selling, Says W. A. Posey

Joint Stock Land Banks Sold 11 Farms Last Week; Expects Real Estate Business Improve.

W. A. Posey, of Lincoln, who has charge of the farms for sale in the Fremont and Lincoln Joint Stock Land banks, was a Quiz visitor yesterday and gives quite an optimistic report on land sales. The two banks sold eleven farms last week, Mr. Posey says, and he is looking for improvement in the real estate business. Federal inflationary measures are causing people to put their money into farm property, he says.

Mr. Posey states that his company's farms in Valley county have held up remarkably well and that the percent of foreclosures is not large considering that they have over \$1,500,000 loaned in this county. Farms taken by foreclosure in this vicinity have sold readily, he says.

The banks he represents have sold seven Valley county farms totalling 2,711 acres for a total of \$53,000 in recent months, the Lincoln man says. Four of the seven sales were cash deals and on the entire seven deals only \$14,500 was carried back on mortgages.

A list of the farms is furnished by Mr. Posey as follows: Heibig 160, sold to Joe Velega, Ord; Rathbun 281, sold to Earl Hanson, Ord; Barr 100, sold to J. A. Wilbels, Wolbach; Clemens 70, sold to Joe Rutar, Burwell; Doran ranch, 1,600, sold to V. Hejsek, Ord; Hanson, 80, sold to Chris Thomsen, Ord; Garnick, 130 sold to Anna and Lillian Zedler, Ord.

Ord real estate agents likewise report increased inquiries about farm property. They say that the joint stock land banks will sell almost any of their farms to anyone who will pay up the back interest and fees and assume the mortgage, or will offer a nice discount for cash. Many land sales will be made in the next few months, it is believed.

Leonard To Inspect Federal Borrowers

L. J. Paulsen, regional manager of the federal crop production loan office at Minneapolis, has instructed L. R. Leonard, field inspector for central Nebraska counties, to complete plans immediately for an inspection of the seeding program of all crop production loan borrowers. It is expected that Mr. Leonard will devote almost all his time to this inspection work for the next several weeks.

It is necessary that regulations governing the federal loans be strictly followed, Mr. Leonard says. Borrowers are obligated to reduce acreage of cash crops 80 per cent, besides which they must seed the entire acreage for which loans are obtained or return the over-borrowing either to Mr. Leonard or to the regional office at Minneapolis.

Another Big Egg Arrives.

Another unusually large egg was brought to the Quiz office Saturday, this time by Mrs. Joe Knopik who says that it was laid by a Rhode Island Red hen. Nine inches by eight inches in circumference, it was the second largest egg entered so far in the Quiz competition. Ed Klanock's 9 x 9 inch egg is still the largest.

2.35 Inches Rain in May.

So far in May 2.35 inches of moisture has fallen in Ord, reports Horace Travis, government weather observer. Tuesday night's rain was the heaviest of the month—3.5 inches. More is in prospect today, with clearing skies Friday. The ground is now thoroughly soaked and the greatest need is sunshine and warm weather.

Notice to Scrip Holders.

All people having in their possession any of the Ord scrip must cash it by May 15 or it will be invalid. L. D. Milliken, treasurer.

—Mr. and Mrs. Howard Ward of Council Bluffs, Iowa drove to Ord Tuesday evening to spend a few hours with their mother, Mrs. Mamie Wear and to see their grandmother, Mrs. Frances Mills who is ill.

ORD HI SCHOOL WILL GRADUATE LARGEST CLASS

87 Will Be Given Diplomas May 25; Cushing Will Deliver 1933 Commencement Address.

The largest senior class ever to graduate from the local high school will receive diplomas at Commencement exercises to be held in the high school auditorium Thursday evening, May 25. Eighty-seven names appear on the class roll, of which thirty-nine are boys and forty-eight are girls. Miss Elizabeth Shaver is class sponsor. Some idea may be shown of how the size of Ord graduating classes has increased by comparing the size of present class with those of last year and of ten and twenty years ago. In 1923 a class of seventy-one, twenty-nine boys and forty-two girls received diplomas. In 1925, thirty-nine were graduated, twelve boys and twenty-seven girls. In 1926, there were enrolled in the twelfth grade, twenty-five students.

Herbert L. Cushing, formerly superintendent of schools at Ord, now connected with the state superintendent's office, and at present director of certification for the state of Nebraska, will deliver the commencement address.

Baccalaureate services will take place in the high school auditorium Sunday evening, May 21. Rev. Willard McCarthy will preach the sermon and music will be furnished by the union choir.

Other commencement activities are the junior-senior banquet Wednesday, May 17. The senior class play "Daddy Long Legs" will be presented Friday, May 19. Monday, May 22 will be recognition night, at which time honor letters will be presented, recognition for athletics, scholarship, etc.

Tuesday evening, May 23, will be the senior party and Wednesday evening, May 24 the graduating class will present the usual senior class night program. This will include the valedictory, salutory address, class prophecy, will and history, together with special numbers.

A list of the graduates follows: Eva Adamek, Leota Auble, Clara Augustyn, Marjorie Ball, Wilma Barnard, Evelyn Barta, Opal Bebe, Myrtle Benson, Margaret Bonne, Twila Brickner, Doris Carlsson, Wilma Cochran, Lois Collins, Fern Cowling, Olga Craig, Leona Cuchel, Martha Culp, Marie Desmul, Sylvia Dobrowsky, Viola Mae Flynn, Esther Glaser, Myra Hines, Helen Holden, Gwendolyn Hughes.

Wilhelmina Janssen, Ruth Jones, Irma Kokes, Henrietta Krellec, Mary Melia, Tessamaria Melia, Catherine Ollis, Irene Osentowski, Thelma Palmatier, Helen Parkos, Alice Pawloski, Eva Patnick, Edna Smolik, Evelyn Smith, Leone Stevens, Verna Stowell, Doris Tallow, Alyce Verastrecht, Ray Melia, Evelyn Williamson, Lucille Wozniak, Elma Zilkmund.

George Allen, Elwin Auble, Floyd Augustyn, Billy Baird, Eldon Benda, Clinton Blessing, Walter Brown, Kenneth Clesing, Glen Cochran, Vernon Coleman, Edmond Cronk, Paul Dana, Emil Danek, John Danek, Raymond Desmul, Paul Gregg, Melvin Hackel, Cecil Hansen, Donald Jefferies, Gerald Keim, Merritt King, Harold Koelling, George Kruml, Donald Lashman, Edw. Leuz, Ray Melia, Monte Peterson, Hallen Fyber, Robert Rashaw, Eldon Rybin, James Rybin, Lumeare Sedlacek, Emanuel Seivenker, Lyle Smith, Roland Tedro, Edward Urban, Roland Vodehnal, Donald Williamson, John Wozral.

Sheriff Moran Dies.

Sheriff Frank Moran, 66, of Greeley county, passed away Saturday after a major operation in a hospital at Grand Island. Pneumonia was the cause of death. He had lived in Greeley county for fifty years and had been sheriff there since 1925. Sheriff George Round of Ord went to Spalding Monday to attend funeral services.

League Meeting Cancelled.
A meeting of the Taxpayers League of Valley county was scheduled to be held at the district court room Monday afternoon but was called off when only a handful of members attended. President Waldmann and Secretary Goodhand were present but other officers and members were conspicuous by their absence. Whether an attempt to hold a meeting later will be made has not been announced.

Married at Geranium.

At Geranium Catholic church last week occurred the marriage of two people well known in Ord, Lumeire C. Kilma and Miss Lillian Chalupsky, both of Comstock. They will make their home in that village after a wedding tour of Montana and other western states.

Earnest Coming Home.

Mr. and Mrs. M. D. Earnest, of North Loup, are reported to be on the way home from California. They went there a few weeks ago and Mr. Earnest expected to locate in that state but he writes that business conditions are much worse there than here.

THE ORD QUIZ

Ord, Valley County, Nebraska

H. D. LEGGETT . . . PUBLISHER
E. C. LEGGETT EDITOR

Entered at the Postoffice at Ord, Nebraska, as Second Class Mail Matter Under Act of March 3, 1919.

WE WANT THE RESERVOIR.
Good news for Ord people is contained in a rumored statement by Engineer E. H. Dunmire last week, to the effect that a reservoir in the hills west of Ord is practically a necessity in connection with the irrigation project. Not only because a beautiful fishing, boating and picnicking place will thus come into being do we want it, but also because the existence of a reservoir assures that irrigable land right up to the city limits will be furnished with water.

Two different methods were contemplated by the engineers, one to restore water to the river by means of a ditch just north of Ord and take it out by another diversion dam just south of town; the other to impound the water in a reservoir west of town and during the irrigating season lead water out of this reservoir to irrigate the acres south of Ord. At present the latter method is receiving most favorable consideration.

Either method is quite expensive but the first is much more so than the second and not nearly so satisfactory. In the event that the reservoir is dispensed with, some enormously expensive ditch right-of-way would have to be purchased from land owners south of Ord who would not be given any irrigation. About 3,000 acres of the most fertile and valuable land in the valley would be deprived of irrigation although the ditch would run across this land.

With a reservoir, almost every acre that is irrigable can be given water and right-of-way costs will not be nearly so great. A large lake coming almost to the city limits will be established. This lake can be stocked with game fish, its banks can be made into a beautiful park and Ord will soon become a mecca for sportsmen as well as for increased business.

Yes, Ord wants the reservoir.

PITY THE CAR OWNER.
If any taxpayer be entitled to sympathy, surely it is the man who owns and drives an automobile for he is literally taxed to death. That he continues to pay the various taxes assessed against him is a great tribute to the convenience of the motor-driven vehicle but if taxes on cars and gasoline continue to mount there will come a time where only the wealthy can afford to drive, which surely will be another instance of the game of the goose that lays golden eggs.

When a man purchases an automobile he pays a federal tax, then on his car he pays a personal property tax, then he buys a license which is nothing but another tax, then upon the fuel that he buys he pays a state and federal tax and upon his lubricating oil he pays another federal tax.

Now, to benefit agriculture, it is proposed that refiners be required to blend a certain percentage of alcohol distilled from corn with the gasoline. Even at the present price of corn, it would be profitable to produce a water-free alcohol at a price that will not necessitate a premium price on the blended fuel, experts declare, and as the price of corn mounts this premium will increase also. If a 2 to 4c per gallon premium is added to the price of the spread would surely be much greater when the price of corn gets back to normal.

There is no doubt that such a move would benefit agriculture, but would not increase the price of gasoline out both ways? The farmer is a big user of gasoline, as everybody is nowadays. There is no point in putting money into one pocket and taking it out of another and Repr. Shallenberger's alkyl-gas bill seems to be that kind of a measure.

ADVICE ON ADVERTISING
"When you are in business, do not leave too much to the public imagination. Tell them about it." This is the advice of George Brandels, of Omaha, Nebraska, the most eminently successful merchant. Only fifty-five years old, Mr. Brandels has built up in Omaha one of the nation's great department stores. When a most of all other businesses in his city cut their advertising appropriations he increased his, and as a result has occupied an enviable financial position throughout the depression.

Often times you'll hear a merchant make the remark that there isn't any use spending money for advertising because nobody has any money and couldn't buy anything if they wanted to. Mr. Brandels knows different. He knows there is plenty of money in circulation and that a goodly share of it is going to the store that is able to offer real bargains, honest bargains and is willing to tell the public about them.

THE PENDULUM SWINGS.
The pendulum always swings back. The history of the depression has been that of a pendulum swinging always in the same direction, always downward, but now the first faint signs are evident to show that history is repeating itself and that the pendulum is beginning its swing in the other direction. If it is possible for Americans to learn anything from history, which frequently appears doubtful, we should be in position to reap great benefits from the experience of the past few years. We should be able to realize that, because the pendulum swung so far in its downward stroke, it will swing equally far upward. There is a boom in store for us, a boom beside which that of 1928 and 1929 will seem puny.

It is very questionable whether we want that kind of a boom or not, in fact a steady level of moderate prosperity over a longer period of years could be assured by abstaining from booms and busts. We do not know enough to prevent the great depression even though it was clearly indicated by signs that should have been unmistakable to economists; how then can we be expected to avoid the coming boom period, which will just as surely be followed by another period of stringency?

Perhaps twenty years or so from now our technological knowledge will be sufficiently great so that some system may be worked out to maintain economic conditions at a level avoiding booms and busts and world planning will have to be done and it now appears that nations of the world are becoming willing to do that sort of planning. Just as business competitors are learning that there is no profit for anybody if a cut-throat policy is followed, so the world is learning that no nation can enjoy permanent prosperity unless a large portion of the nations are enjoying it also.

In fact, it looks as though the world has seized upon an idea—that however different in dress, in speech, in appearance the peoples of the various nations may be, they have one thing in common: they must have food, fuel and clothing, or they perish. With that simple premise clearly in mind, our statesmen should be able to formulate some economic system under which all nations may live happily and prosperously.

THE GAME COMMISSION.
How many people who enjoy fishing, hunting and picnicking in and around the various lakes and rivers of Nebraska know of the existence of the Nebraska state game, reforestation and parks commission? All too few, yet this commission has done more to perpetuate outdoor sports in Nebraska than has any other agency.

The commission has seven members with the governor of the state as speaker. In appearance the members of the various nations may be, they have one thing in common: they must have food, fuel and clothing, or they perish. With that simple premise clearly in mind, our statesmen should be able to formulate some economic system under which all nations may live happily and prosperously.

A ten-year program has been adopted by the commission and it has been commended by sportsmen all over the United States. Major objectives in this program, as given by the floor Nebraska are:
Game: Statewide pheasant hunting; rehabilitation of quail; stocking of Hungarian partridge; reserves and feeding grounds for migratory waterfowl; public shooting grounds.

Fish: Fish for every angler; reduce cost and common sense business in fish production; good fishing at state-owned lakes where public can fish free; preservation of lakes.
Recreation: A state-wide system of recreation grounds for pleasure citizens; shade and picnicking facilities at fishing lakes; conservation of Nebraska's outdoors.

Law enforcement: Equality for all; constant war against the spoiler and destroyer of wild life; strict observance of game laws by citizens.

Education: Appreciation of Nebraska's outdoors through education; make the boys and girls of tomorrow lovers of wild creatures and nature's handiwork; cooperation of all citizens to the end that Nebraska shall have suitable recreation and wholesome outdoor facilities; program of forestation throughout Nebraska.

General: Full value to the purchase of hunting and fishing permits; square deal to farmers and sportsmen; stabilization of water in Platte river.
Hampered though it has been by lack of funds, (no tax money are used by the commission, only funds raised from the sale of fishing and hunting licenses) the commission has made a fine start toward carrying out this program. To protect the public against the constantly-growing practice of rich men leasing the land around lakes and streams, the commission has by purchase and lease provided land upon almost every lake and stream in the state so that the public will have access to them. Reserves and resting places for waterfowl have been provided. Fish hatcheries have been built and a re-stocking program is being carried out. In portions of Nebraska that have no natural lakes sand-pits have been flooded and stocked with fish. A system of state parks like that at Victoria Springs in Custer county has been built up. In countless other ways the commission is making Nebraska a better state for the enjoyment of outdoor sports.

Citizens generally should support the commission in its work. There is nothing in the ten-year program to which a true sportsman cannot unhesitatingly subscribe. If the commission is given the moral and financial support that will enable

Wife Talks Advertising

A couple of weeks ago I noticed an article in your paper in which you asked: "What peculiar twisting of the mind is it that causes the good people of this territory to pay the extra expense of going away from home to trade when they can get the same and often better bargains from merchants at Pierce?"

Well, if you will allow me a little space I think I can answer your question in part, at least. First, I consider Pierce my home town—my trading town, when all things are equal, though three other towns are not so very much farther away from my neighborhood. I am well acquainted with nearly every merchant in Pierce and it is to them that I am going to speak plainly, but in the kindest of spirit.

Did it ever occur to you merchants of Pierce, that you might be partly to blame, perhaps all to blame, for this condition? I'll tell you briefly why I think you are.

We women out on the farms are everlastingly looking for bargains. This is especially true in these times of low prices. Every housewife in my neighborhood is doing this. I know because we talk it over. The Call comes to our mail box regularly every Thursday forenoon and after a hasty glance at the neighborhood news we dive into the advertising section. We look for bargains—for Friday and Saturday Specials. It means bread and meat, groceries and such things to us. If we do not find anything in that line, well then its just too bad for the Pierce merchant for that week. For a number of months lately I have noticed that the Pierce merchant is advertising more and more bargain offers. At least we have not seen them very often in The Call, lately, and that is the only county paper taken in this neighborhood so far as I know. There has been considerable comment by the women out here in that regard. Well, they say they know where they CAN get bargains, or think they do, anyway, they go—and they don't stop at Pierce on their way.

Perhaps the merchants of Pierce do not realize that in these times when it is hard to make ends meet we women folk look for bargains. Perhaps they think it does not pay to advertise their goods in these times. If so it seems to me they are standing in their own light instead of inviting trade they are driving it to other towns where the merchants use printers ink continuously and consistently. Times have changed and methods of doing business have also changed. The merchant who does not keep up with modern times is doomed. The "penny-wise, pound foolish" individual is still hanging on the ropes.—Mrs. R. H. in Pierce County Call.

It to carry out its program, boys and girls of the next generation will be able to enjoy outdoor Nebraska as we of the present have been able to.

When You and I Were Young, Maggie
25 Years Ago This Week.
John Long, who had been spending the winter with his parents, left for Colorado Springs where he had been engaged in the contracting business the previous year. With his partner, he planned to go to old Mexico to do similar work.

A prairie fire swept the country from north of Brewster to a point near Burwell, burning up 25 barns, one complete set of buildings, many wagons and several head of stock.

The cellar for the new opera house had been excavated and the building was expected to be finished within ninety days.

Mrs. C. H. Batle was found dead in her bed, death evidently having resulted from a heart attack.

Five alford permits were issued by the Ord city council and four of the five immediately paid the \$1,000 license fee. The fifth was issued to whom a permit had been issued, did not pay the fee and indicated that he had changed his mind about starting a saloon.

A new gravely clock was installed in George Parkins' show window and was attracting much attention.

S. J. W. Brown returned from a trip to Oregon where he invested a considerable amount of money in real property. He said that he might move to that state in a couple of years.

Dr. Haldeman and family returned from a long sojourn on the west coast. They stayed in southern California until after the big United States fleet arrived in those waters.

20 Years Ago This Week.
A cement walk across Bussell park to the cemetery had just been installed under the direction of Park Commissioner A. M. Mutter.

town to trade in, better stores, better and larger stocks of goods, a better newspaper, better churches and better preachers for them to listen to and if we do all those things then the people in this trading area owe it to Ord to pay a reasonable profit for the service they receive. The Quiz is now \$2 a year again and no one can buy it any less, but, because business was bad I cut the price in half for a period of many months and practically every subscriber on the list took advantage of that offer and paid up for a year or more and some of them for five years. Some came two and three times to pay a dollar at a time and I was glad to have them take advantage of the offer. I now expect them to come, when their time expires and just as willingly pay the \$2 which they will do so. And I hope my friend who took a job at me last week will think the matter over and get informed as to just how much the Quiz is really doing, entirely free of charge, for this community. A column in the Quiz is now a low advertising rate, is \$5. I have not measured it up and am not interested in doing so, but I believe we give the churches of this city at least a column for their church notes each week. We do it gladly and would not permit us to do so, but just the same, it is worth money to them and is a great convenience to the church going public. We do the same as far as we are permitted, for the various lodges and other civic organizations. If our friend will just take the time some week to actually measure that class of matter in the Quiz and then multiply the inches by \$2, the number of weeks in a year, he will change his mind about Leggett and will not be guilty, again, of being so unfair.

Dean Moser says it has been several years since we have had as fine a rain as we had the past couple of weeks, a rain that came as nice and did as much good.

If, in the irrigation scheme, it develops that a storage reservoir is needed in the vicinity of Ord, won't it be fine? It would be hard to estimate the value such a reservoir would be to Ord.

I have heard of men getting a black eye from running into a door, from the kick of a mule, from the falling of a shelf or from running into a clothes line, but Orville Sowl was awarded the rubber lemon squeezer the other day when he showed a beautiful shiner and said the baby bunted him with its head.

THE COOK'S COL-YUM, YUM!
How do you fix vegetables at your house? Always the same? Do you always green the onions, put a heavy sauce on peas, beans and carrots? If you only mash or plain hot potatoes, and invariably fix vegetables the same old way, I'm surprised your boarders stay with you.

Do things a little bit different now and then. And if you have some very different ways of serving vegetables won't you please send in the recipes to the Quiz so that neighboring cooks may glean some wisdom with different ways of serving the same old vegetables, too?

Baked Hominy and Tomatoes.
Mix two cups drained hominy (may be chopped fine) with one and one-half cups canned tomatoes, one beaten egg, in a sauce pan melt four tablespoons butter, add one cup bread crumbs until well mixed. Add half the buttered crumbs to the hominy mixture and season with salt and pepper. Place in a greased baking dish, add the remaining buttered crumbs and bake in a moderate oven of 350 degrees for 30 minutes.

The donor's name was not attached to the above recipe.

Butter Cookies.
Cream three-fourths cup butter with one-half cup sugar, add two eggs yolks beaten until thick. Add two tablespoons sweet cream, graded kind of two oranges, two cups flour. Knead until smooth and roll out in a thin sheet. Cut in cookie shapes and sprinkle the tops with finely chopped walnuts.

Mrs. J. P. Miller, Paul, Ida.
(Mr. H. D. Leggett personally recommended these cookies as among the finest he has ever eaten.)

Raisin Pudding.
Put in a large skillet and stir well one cup brown sugar, two cups hot water, two tablespoons butter. Make a dough of one-half cup sugar, one-fourth cup butter, one-half cup milk, one teaspoon baking powder, one cup flour, one cup cooked raisins, pinch of salt and vanilla to taste. Add this to the first mixture, without stirring. Bake thirty minutes.

Sour Cream Cocoa Cake.
Sift together five or six times four tablespoons cocoa, three cups sifted flour, two cups sugar, then add two cups sour cream, two eggs, two level teaspoons soda, two scant teaspoons salt, and vanilla to taste. Bake about forty minutes in a moderate oven. If the batter seems too stiff add a little water or milk. One-half teaspoon cream of tartar added at the very last makes it of fine texture.

Banana Cream Cake.
Sift three and one-half cups pastry flour once, put in three and one-half teaspoons baking powder and sift three more times. Cream well one-half cup butter and one and one-fourth cup sugar, add three well beaten egg yolks and the white of one egg which has been beaten with one-half egg-shell of

water added. Lastly put in the flour mixture and three-fourths cup milk. Bake in two layers, thirty to thirty-five minutes.

Apple Sauce Cake.
Cream one cup sugar with one-half cup butter, add one egg, one teaspoon cinnamon, one teaspoon cloves, one-half teaspoon nutmeg. Add one cup unsweetened apple sauce, with one teaspoon soda. Put in one-half cup raisins and one-half cup walnuts, two cups flour, pinch of salt and mix thoroughly. Bake in a greased pan for one hour. After the cake cools add your favorite icing.

Something DIFFERENT
Aren't you glad to see Rufe Clark on his feet again?
—O—
I found out why my friend Mrs. McGrew no longer writes to me. Her interesting little happenings of Ord's east side for this column. I have been missing her. She doesn't have a telephone any longer!

A most peculiar accident happened recently, though not in Ord. My mother reported to me. A few doors from her lived, a few months ago, two beautiful big St. Bernard dogs.

One day one of the dogs got badly tangled up with an Austin. "No," said my mother, "it didn't hurt the dog any, though I guess it frightened her nearly to death. She stays out of the street since the accident."

But the Austin was quite a wreck!
—O—
A five-year-old friend of mine cried, complaining of an earache. After considerable ministrations and some questioning, his mother ascertained that "it only hurts when I yawn!"

Even children must have dual personalities.
A little fellow, less than three, was a brave soul and never cried if he could help it. One evening his mother heard him jumping up and down on the bed and started in to investigate. Knowing this to be against the rules, Billy jerked out the light and dived for the head of the bed. Doing so, he gave his head a good crack and made it hurt badly for a moment.

When his mother reached the bedroom she heard Billy going on like this, alternately whimpering and cussing: "Boo-hoo-demmit-boo-hoo-hoo-demmit-boo-hoo, etc."

An interesting explanation is made in the Greeley Citizen this week by a brother of W. B. Weekes of Ord, which applies to local members of the family also:
The Why of Odd Spelling.
"Why do you spell your name with what seems to be an extra 'e'?"

That question was put to Sam Weekes Monday.
"My father's ancestors came from England," Weekes answered. There were two families named Weekes in order to make a distinction between the two families, one of them added the extra letter. My father, who was born in Illinois was a descendant of the family that made the addition to the spelling of the name."

Harry James McBeth, junior, occasionally pulls the wrong word out of the bag when he grabs for one. A few days ago he informed his aunt, Miss Lena Clements, that she was "only a tenderloin", when he meant to say "only a tenderfoot".

But that is not half as unusual as his remark after a picnic on the Clements farm near Burwell last fall. He declared after reaching home that he noticed "Uncle Edwin still had his still up there." The whole family rose up and pondered, at last deducing the fact that "Uncle Edwin still had his blind (for duck hunting) up there."

And Shirley Beth Anderson informed her mother a few days ago that she liked that song they sang over the radio so much now. "You know, that one about 'In the alley, yoo-hoo'."

"The Echo in the Valley" is the title she referred to, so she thought, which name do you like best?

BACK FORTY
By J. A. KOVANDA
Dandelions and crab or water-grass are starting to show up on lawns. Both pests may be held in check by spraying with chorate. 4 ounces of sodium chlorate are dissolved in 1 gallon of water, and this amount of solution is sprayed over a square rod of lawn. The chlorate solution does a more satisfactory job of exterminating water grass than it does with dandelions. It hurts young dandelions, but does not kill many of the old tough ones. The spraying does not do any noticeable harm to the blue grass.

Colorado has discovered that ammonium sulphate fertilizer seems to keep down dandelions. This should be good news to Henry Ford and his associates. Ford's commercial ammonium sulphate fertilizer has been generally regarded as the best fertilizer for lawns in this country. In addition to hurting dandelions, it does not mar appearances, or contain weed seed as does barnyard manure. It also gives quicker results, and is easier to apply. Ford fertilizer is crushed and mixed with sand. It is scattered at the rate of 1-4 to 1-3 pound on 100 square feet of ground. Ford stations sell it at reasonable prices.

Dandelions and crab grass are sometimes controlled by letting the grass grow. Most folks are in too great a hurry to mow the lawn in the spring. Blue grass will often take care of crab grass and many other weeds if allowed to grow naturally. When clipped early, it has no chance to gain the strength needed for keeping down weeds later in the summer. It should not be clipped closer than one or one-half inches above the ground.

Crab or water grass appears following overdoes of water to the lawn. A good soaking not often than once a week is recommended instead. If the weeds still appear, it may be just as well to let the lawn dry up until rains come.

Our dandelions grow well here because we have lots of lime in our soil. There are therefore no acids. They were introduced fifty years ago by an old settler who was trying to find something that would cover up the bare, open spaces. He succeeded admirably.

LETTERS FROM QUIZ READERS
A Letter From Frank Kull.
To the Editor of the Quiz:
Write Mr. Rogers says one can't write to the Quiz any more, please, but the next thing is to get anybody to read it. As the hard times are the first and last subject discussed and it is difficult to resist the hard beaten path I will try to keep away from it as much as possible.

Mr. Cummings says he reads my letters in the Quiz if nobody else does. Now George is always ready to hand his friends roses but does not always strip off the thorns. George once remarked he enjoyed the company of children. He said their mind was so full from work and worries. Now there are some oldtimers who will agree with me that work with George has been a hard master and worries a cruel one. Now considering Mr. Cummings' age and the fact he is companionable is like a child, burning at both ends is a pretty well preserved man and here is hoping George will make us a visit . . . that is, however, if he cannot go to visit anybody else.

When we first came to California orange groves were selling at fifty cents a bushel. There were a few hundred acres and about all the republicans could talk about were their millions. Now they either have turned Democrat or entered their names on the roll call for the bread lines. There are a few however standing pat who are still waiting. They were afraid in case of a new administration it would get the right mixture to the booze and that would be bad.

The time has arrived when we must reckon with the tax collector. I have in the past been able to manage my property to have it pay taxes and a few besides but will acknowledge it has got beyond my control.

I have a few facts and figures how costs of government, federal, state and local taxes have steadily risen dating back from 1913. That year taxes were \$2,919,000,000 or 8 1/2% of the peoples income, closing of the late administration of 1932 the taxes had risen to the amount of \$15,090,000,000 or 40 3/5% of the people's income. In 1919 we had a salaried officer 1913 that year taxes were \$2,919,000,000 or 8 1/2% of the peoples income, closing of the late administration of 1932 the taxes had risen to the amount of \$15,090,000,000 or 40 3/5% of the people's income. It is a question in my mind whether it is policy to prohibit the small fellow from competing against big business. That is just what happened to the truck man, the prohibitive license.

These men saved the stock feeders in Valley county thousands of dollars in feed bills and labor, our saving alone would amount to \$75, 120 bushel of apples were trucked out which could find no local buyer. In Scottsbluff county there was an over-production of potatoes, railroad transportation, middle man's profit and commission were prohibitive. The same conditions held true with the fruit in Kansas. The truck men solved the problem by making exchanges, besides finding employment and keeping his family out of the bread line. But he was burning up our roads scattering germs, even a man died in Germany. What are the roads for? They were not wearing them out one-half as fast as the maintenance running up and down every fifteen minutes, stirring up a cloud of dust, grinding up the gravel.

Times must be picking up back here I see our editor is buying fish worms and is selling them at a profit. What gets me how he manages to get one hundred anglers to lay out straight while he counts them at ten cents per hundred.

The missus has just returned from a visit to the neighbors. John the small was apologizing for the shortcomings of his pet rabbit. Says we have to keep him in a box because he makes his toilet on the rug. FRANK KULL.

The "gadget" is a little machine that shows the difference between ordinary cord, used in other tires, and Super-twist cord, used in Goodyears. That difference is in the stretch and come-back—you can see how Super-twist cord stretches and comes back, how the cord in other tires loses its life and elasticity. It takes about 3 minutes to tell the story—but as this customer said—"If every car owner could see that demonstration, there wouldn't be anything used but Goodyear Tires."
