

The North Loup irrigation project is all but a certainty and this region is due for a fuller measure of prosperity than it has ever known.

THE ORD QUIZ

Events are happening thick and fast in the North Loup valley. You want to know what's new without delay so you naturally turn to the Quiz—biggest country weekly in the region.

FIRST FOOTBALL UNDER LIGHTS TO BE PLAYED HERE

New System for Night Football Being Installed at Park; St. Paul in Ord Friday.

Ord's first football game under arc-lights will be played at the new Bussell park field Friday evening when the St. Paul high school team meets Coach Cecil Molzen's Chanticleers in a Loup valley conference game.

George Allen and a crew of men have been busy all week installing the new system that will turn night into day for the benefit of gridsters, kiltballers and other sports devotees of this vicinity.

Last week the Ord park board authorized installation of lighting equipment in the natural amphitheatre at Bussell park and immediately the school board ordered reflectors and other equipment from the Giant Manufacturing company of Council Bluffs, Ia.

Each pole bears two reflectors, each encasing two 1,500-watt bulbs. Thus thirty-two of these mammoth 1,500-watt bulbs will diffuse light over the playing field.

"The field will be as light as during the day-time," Supt. Millard Bell says. "You can see to read a newspaper anywhere on the field," says George Allen, who claims that the Ord lights will be superior to all football lighting systems in Nebraska except those used by Norfolk high school and Creighton University.

Removable stands will be placed on the east side of the field, near the creek, and spectators who prefer to stand may watch games from the west side. Cars will not be permitted to park beside the field, says Bud Shirley, acting up on orders of the park board.

The opening game of night football Friday eve will start at 8:00 and will be a gala affair. The high school band will play throughout the game and the high school pep organizations will put on drills and stunts between halves. St. Paul high school has been invited to take part in these stunts.

A crowd of several hundred is expected to watch this game, as it is not only the opening home game of 1933 for the Chanticleers but also the first game of night football ever played in the North Loup valley. Burwell, Sargent and other towns that are said to be contemplating installation of lighting equipment are sending large delegations, it is reported.

Harry Klingensmith Has Hand Crushed

North Loup, Oct. 4.—(Special)—While grinding snapped corn at his farm south of town Saturday Harry Klingensmith met with a painful accident. He was trying to remove some husks from the machine and his right hand was caught, three fingers being crushed to the knuckles.

Because of the noise of the machinery he could not make himself heard by members of his family and had to release himself by force. Dr. W. J. Hemphill was called immediately and took Klingensmith to Hillcrest hospital at Ord where it is hoped that his hand can be saved.

First Frost Saturday Eve.

The first frost of autumn came Saturday night when the temperature descended to about 39 degrees, reports W. A. Anderson, Tomato and potato vines and other late-growing vegetation apparently were killed by the mild freeze. Other frosts have been reported since Saturday.

—There was a family picnic Sunday in the Ord park in honor of Mr. and Mrs. Floyd Simpkins and the latter's mother, Mrs. Claude Kingston, also from Kearney. Ord people at the picnic were Mr. and Mrs. John Hackett and children, Mr. and Mrs. R. C. Greenfield, Mr. and Mrs. A. C. Wilson and son and Mr. and Mrs. Rollin Dye.

—After a three weeks visit in Kansas and Oklahoma, Mr. and Mrs. W. H. Barnard and daughter, Miss Wilma returned home last Wednesday for the somewhat long trip they stopped in Lincoln for a few days with a couple of the Barnard daughters who are married and live in that city with their families.

—Mrs. John McLain is looking forward to a visit with her daughter, Mrs. Frank Kinmont of Los Angeles, Calif. She was planning on starting for Nebraska about the first of this month and will stop in Omaha with a sister, Mrs. Sidney S. Pechota, who may also come to Ord.

—Mr. and Mrs. Laverne Burrows came home from Rochester, Minn., where the former had been for several weeks recovering from a major operation.

Ord Rotarians Dine at North Loup And Then Inspect Cheese Factory

1,200 Lbs. Cheese Made Daily In No. Loup but Cafe Serves Shipped-in Article.

Ord Rotarians, fifteen strong, visited North Loup Monday evening in lieu of their regular dinner and meeting at Thorne's Cafe. After a delicious dinner at the Jones Cafe in North Loup the group, led by President J. A. Kovanda, paid a visit of inspection to the North Loup cheese factory, which manufactures 1,200 pounds of full cream cheese daily throughout the year.

The dinner was noteworthy, not only because the chicken potpie, mashed potatoes, lima beans and apple pie were delicious but also because with the pie were served generous wedges of cheese. "Is this North Loup cheese?" asked one Rotarian. It was not, but instead was a pasteurized cheese manufactured in Wisconsin or some other eastern state and shipped to Nebraska to come with our own cheese. The fact that it was shipped to North Loup and served to a group there for the purpose of inspecting that village's successful cheese factory was an oddity that Rotarians did not appreciate.

At the cheese factory Manager Hutchins did the honors, conducting Rotarians throughout the institution, explaining the different steps in the manufacture of cheese, answering all questions and wound up by cutting two North Loup cheeses, one of them a week old and the other five months old. This delicious cheese made the pasteurized article served to Rotarians at dinner seem tasteless indeed.

The factory uses about 12,000 pounds of whole milk per day, Manager Hutchins stated, and the milk trucks are kept busy hauling milk in from near-by communities. Farmers are paid a good price for whole milk, and, if they desire, the whey is returned to them to be used as feed for hogs and chickens.

It takes 24 hours to manufacture cheese from whole milk, Manager Hutchins said. The milk is poured into an enormous vat first and is heated to a temperature of 110 degrees, after which rennet acid is added. Enormous paddles stir the mixture and the whey rises to the top and is run off into another vat. Then other queer shaped paddles go to work cutting the curd up into cubes and it goes through various processes including being run through what Hutchins referred to as a "lawn-mower contrivance."

The plant was not in operation Monday evening so Rotarians could get only a general idea of the various processes from Mr. Hutchins' description. Most of the North Loup cheese is sold on contract to Swift & Co., who ship it to Omaha, age it 60 days and sell it as "Brookfield" cheese, their nationally advertised brand. Most of the North Loup cheese sold locally is aged only 30 days as most people prefer the milder taste of cheese aged for this period, Mr. Hutchins said.

The plant is capable of producing a ton of cheese per day but the management's biggest difficulty is disposing of the output, which consequently has been cut down to only about 1,200 pounds per day.

If North Loup and Ord people, including the cafe owner mentioned in the first paragraph, would instead of the North Loup cheese make a shipped-in variety, the only cheese factory in central Nebraska might be able to run at capacity, which would be a decided benefit to producers of whole milk, to stockholders and to the local labor that would be required by the increased output.

Dr. C. W. Weekes Home.

Early last week Dr. C. W. Weekes returned from Chicago, where he had spent several weeks taking postgraduate surgical work and attending the world's fair. He was accompanied to Chicago by his mother, Mrs. W. B. Weekes.

More Hunters Than Ducks As Season Opened October 1st

The 1933 open season on ducks got under way at noon Sunday but reports from Ord sportsmen indicate that, as usual, there were more hunters than ducks on the North Loup river. Balmey weather has been in effect this week, which brought "fair weather" hunters out in even greater numbers than usual and although a few ducks were killed nobody has reported getting the limit, which is only 12 per day this year.

Hunters who went to the sand-hill lakes had better luck and a few limit kills were reported. There are plenty of ducks on the lakes, it is claimed, and colder weather should make river hunting good.

—Kenneth Wilson, who is playing with the Ed Vlasek orchestra, has been in Minnesota and at Omaha the past week. From the latter place they were going to Shenandoah, Iowa.

—Mrs. E. H. Petty says that her sister, Miss Mildred Staple is ill and confined to her bed at her home in Omaha.

'Pussyfoot' Johnson Will Speak in Ord

"Pussyfoot" Johnson, for fifty years an internationally famous crusader for temperance, will speak in Ord October 31, it is announced this week. Johnson is touring Nebraska during October under the auspices of the Anti-Saloon League. Further details about the famous Dr.'s Ord appearance will be available by next week.

Williams' Eye Injured.

While chopping wood Saturday, W. F. Williams of Ord was struck in the eye by a chip and is now under the care of Dr. H. N. Norris, who says that it will be several days before he will know definitely how badly the eye is hurt. The injury is serious but at this time it is thought that Mr. Williams will not lose his sight.

Albert C. Arend Dies In Omaha; Taken Ill Here

Albert C. Arend, public works engineer for Nebraska, died unexpectedly at Clarksons hospital in Omaha Monday morning from complications following a throat infection for which he was treated during his recent visit to Ord and Burwell with the Nebraska public works board. His death was a severe blow to the hopes of North Loup valley people for speedy approval of the power and irrigation project, as it may cause a delay until another engineer is appointed. Arend had indicated that he would approve the local project but had not done so.

After a lifetime spent in electrical engineering work, Mr. Arend was appointed by Secretary of the Interior Ickes in August to survey engineering projects submitted to the Nebraska advisory board of the public works administration. In his official capacity, Mr. Arend surveyed both the proposed North Loup and Middle Loup projects and it was during this work that he was taken ill on September 23. He was treated at Burwell that morning by Dr. E. J. Smith and, his condition becoming worse, was treated by Dr. C. J. Miller in Ord that evening. Returning to Omaha Sunday, he entered Clarksons hospital for a general check-up and was never able to leave the hospital.

His death resulted from an acute infection of the throat, the infection entering his blood stream. Who will succeed Mr. Arend as public works engineer has not been determined. H. A. Standeven and Hobart Core, both of Omaha, are engineers mentioned as likely candidates for Mr. Arend's position.

Two on Kearney Team.

As usual, the village of North Loup is well represented on the football team at Kearney Normal this fall. Captain Darrell Noyes, fullback, is playing his fourth year there and Barney Fuller, tackle, his second year. Kearney Normal plays its first home game against Omaha University October 6.

To Veterans' Hospital.

Wednesday afternoon Alfred Weigardt drove to Lincoln to take his brother, Martin Weigardt, to the Veterans' hospital where he will undergo treatment for a time. Martin has suffered for several years with pernicious anemia and has been treated in Veterans' hospitals at both Denver and Lincoln. Recently his condition has grown more serious because of hemorrhages. His friends will hope for his speedy recovery at the hands of doctors in Lincoln.

Fine Offering At Weller Sale Sat'day

Col. E. C. Weller telephoned from O'Neill yesterday to tell the Quiz that the cattle offering at his sale in Ord Saturday will be the best he has ever sold. There are 800 head of whiteface cattle, mostly one and two year old steers, in this offering and Col. Weller says they are fat and will make money in any Valley county feed lot. The Saturday offering also includes about 200 head of feeder pigs and 35 head of good young work hogs.

—Tuesday morning a few Ord ladies went to the Ord park and enjoyed a picnic breakfast. Those to go were Madams C. Fuson, Anna Nelson, E. C. James, Anthony Thill, Henry Marks, A. L. Fisher, T. C. Perry and Miss Helen Collins.

—Oscar Hackett and Mr. and Mrs. Chester Hackett spent Sunday afternoon in Garfield county where the men were duck hunting. Mrs. Oscar Hackett and son Jay left Sunday for Hemingford, Neb. Jay returned to Ord Tuesday. Mrs. Hackett stayed for a visit with her daughter, Mrs. John Laeger.

—Ray Mella was a Sunday dinner guest in the home of Miss Elma Zikmund. Afternoon guests in the Zikmund home were Miss Willma Dell and Glen Cochran and Dorothy Jobst.

CORN-HOG PLAN BE UNDER WAY BY JANUARY 15

Kovanda Says Corn Farmers To Get \$9 Per Acre, Hog Raisers \$7 Per Hundred Lbs.

By J. A. KOVANDA. The government's corn-hog program is rapidly nearing completion. It will aim at lowering the production of both these products.

Reduction of 15,000,000 or more acres in the 1934 corn crop will probably be secured by renting land at the rate of 30 cents a bushel on the average yield of rented land. The plan would mean a payment of \$9 per acre on 30-bushel corn ground.

Corn contracts will differ from wheat contracts in that rented land may be used for pasture, hay, or green manure crops. It cannot be used for any grain, according to tentative plans.

The proposed corn acreage reduction plan would not go into effect until the total of 15 million acres had been rented. Each state and county would be given its allotment of acres and every farmer would have a chance to rent a portion of his land. If he should not care to rent to the government his neighbors would be permitted to increase their rented acreages to meet the county allotment.

The contracts will probably have to be signed for corn reduction by January 15, 1934. Of the rental, 25 percent will be paid as soon as the contracts are approved, 15 percent on August 1, 1934, and the balance on December 1, 1934.

Hog prices may be advanced to \$8 a hundred at Chicago from Nov. 1, 1933 until June 1, 1934. \$2 of this will be retained as a processing tax. It will be taken out of the farmer's price at the start.

If the Chicago price is \$8, the net price will be \$6 to the farmer. He will get \$1 of his tax back if he signs a contract to reduce swine production. The price to him will then be \$7 on hogs weighing under 220 pounds. The value of heavy hogs will be lower.

The swine tax, a tax on corn used industrially, and a tax on products combining with corn, will pay the cost of the corn-hog program. Heavy purchases by the Federal Relief Administration will also help to sustain the parity price.

The hog price advance is based on the present removal from market by the government of millions of pigs. The proposed hog plan will expire on June 1, 1934, because that is the time the federally purchased pigs would normally have come to market. The parity price cannot be maintained farther into the future until more reductions are in sight. No price lifting effort can ever work without controlled production.

ARCADIA CALLS BOND ELECTION FOR OCTOBER 26

Voters Must Authorize Issuance of \$49,000 Bonds for New School Building.

Arcadia, October 4.—(Special)—The matter of a new school building for this village is developing quite well and a special election has been called for Tuesday, October 26, to decide whether or not the district is to issue \$49,000 in bonds for building purposes. The school board is to appear before the public works advisory board at Fremont tomorrow for a hearing in regard to their application for a loan and federal grant.

People of this village are hoping that the all details will reach a successful conclusion and that some work on the new structure can be done before cold weather sets in.

Work of clearing debris from the site of the former building, which was destroyed by fire, is about completed. Thirty men, all previously unemployed, have been busy the past two weeks cleaning and stacking the brick under the supervision of Arthur Easterbrook. Rubbish and brick dust was hauled away and used to fill in bad places in the streets about town.

—Sunday Mr. and Mrs. Bert Hansen had been married thirty-seven years and entertained several guests in honor of the event, Mr. and Mrs. S. V. Hansen of Arcadia, Mr. and Mrs. Chris Thomson and daughter of Springdale, Mr. and Mrs. Ed Munn, Mrs. Pete Anderson, Mrs. Ed Hansen, Mr. and Mrs. J. J. Beehr, Miss Christina Olsen and Mr. and Mrs. Roy McGee.

—Mrs. Thomas Williams writes her daughter, Mrs. Ign. Kilma from Gretna, Neb. Mrs. Williams is enjoying her stay with another daughter. She has been visiting old friends and may decide to stay for some time. Mrs. Williams spent the summer in Ord.

—Dr. Walford J. Johnson was at Atkinson Tuesday.

Nebr. Public Works Board Approves Both North, Middle Loup Projects; Washington Will Give Final Verdict

MORE CASH MUST BE RAISED FOR WATER PROJECT

Original Funds Exhausted, Cash Needed to Keep Plans from Washington Pigeon-hole.

To assure the North Loup power and irrigation project being approved by federal authorities without delay more funds are needed, says Secretary Jos. P. Barta, and committees are already busy in Ord, Burwell and North Loup soliciting funds from interested businessmen who last spring provided \$3,700 which has been spent in preliminary work on the project.

Of the money originally raised \$2,500 was paid to Black & Veatch for the survey and so confident were these engineers that the project would be approved that they also spent \$3,500 of their own money in making a complete survey instead of the preliminary skeleton survey their contract called for.

The balance of the money raised last spring was spent in traveling expenses, telephone and telegraph bills, stamps, printing petitions, etc., but that the money was well spent is proved by the fact that the North Loup project is now closer to final approval than any other project in Nebraska.

"We must have more money," said President Bert M. Hardenbrook over the telephone to Secretary Barta yesterday. Hardenbrook is in Omaha preparing the report that the Nebraska public works advisory board will make on the North Loup project. The board has approved the project and their report will be carried to Washington by Hardenbrook, Engineer N. T. Veatch, Jr., and Frank W. Murphy, of Wheaton, Minn., public works administrator for the middle-west area. They are confident that authorities in Washington will approve the project and provide \$2,900,000 of federal money to carry it out.

"I do not believe that we can be too optimistic," Hardenbrook said. "I had received word that public works advisory boards of Nebraska, Iowa, South Dakota, North Dakota, Minnesota and Montana, meeting in St. Paul, Minn., Monday, had drafted a list of fourteen projects in the six states and agreed to line up solidly to push all fourteen through at Washington. The North Loup project heads the list, Hardenbrook says. The Middle Loup project is also included among the fourteen."

It is necessary now to raise funds to defray the expenses of Hardenbrook and Veatch on their trip to Washington. This trip is regarded as vital to the speedy approval of the project as, if boosters do not carry the plans to Washington and stay there to push them through the legal, financial and engineering divisions of the public works administration they are likely to be "pigeon-holed" while less worthy projects that have more important backers are approved.

About \$500 is the amount required, Secretary Barta says. Yesterday Val Pullen and Dr. F. A. Barta started soliciting in Ord to obtain as great a portion of this sum as possible, as both Burwell and North Loup were hit harder by bank failures than Ord and it is therefore more difficult for people there to contribute. It is emphasized that this money is merely a loan and will be repaid when the project is approved at Washington. Of course, if the project should be turned down there, which seems almost impossible, the money cannot be repaid.

"We must raise this money before Saturday, when our men plan to leave for Washington," Secretary Barta says. "After going so far successfully we cannot afford to fall down now. The future prosperity of this region depends upon this project and our getting the project depends upon this money being raised. Don't wait for Dr. Barta and Mr. Pullen to call on you. Look them up and tell them that you'll do your share."

Will Hold Irrigation Ball.

Burwell, Oct. 4.—(Special)—The Wranglers club of this city today decided to hold an "Irrigation Ball" Wednesday evening, Oct. 11, to raise money to send representatives of the North Loup power and irrigation district to Washington, D. C. The dance will be held at Johnson's hall starting at 8:30 p. m. and the public, not only of Burwell but of the entire valley, is cordially invited to attend.

—An eight pound daughter was born Friday evening to Mr. and Mrs. Lewis Chlewski. Dr. Leo and Dr. Zeta Nay were in attendance.

Many Ineligible for Government Loans

As with all new legislation, much confusion exists as to who may avail himself of the privileges of the home loan. As a result of this confusion, many, who will eventually find that the loan is not designed for them, are placing themselves in a dangerous position by ceasing to make payments to the present mortgage holder, in the hope and in the belief that they will be able to refund their loan with this governmental agency, says Chas. Smrha, of Grand Island, state manager.

It must be clearly understood that the purpose of these loans is to take care of those who cannot be taken care of by the present mortgage holder, and because of that are in grave danger of being dispossessed of their homes. It is not a question of whether the payments are being made by the borrower, but the question is, is the owner able to make payments, and if he is, then, of course, there is no occasion for transferring his loan to the home owners' loan corporation.

Loan agencies, particularly building and loan associations, are as much interested in preventing the loss of homes to the owners as is the Home Owners' Loan corporation. Where the borrower is unable to meet his payments, they arrange to have these payments reduced to a point where payments can be made. It is only where these agencies are unable to render this service and are not so situated as to be able to extend necessary accommodations that the Home Owners' Loan corporation steps in and refunds the loan for a long period of years and at a low rate of interest.

NRA Compliance Board Organized

An NRA compliance board was organized in Ord last Wednesday evening, Geo. A. Parkins being selected as permanent chairman and O. E. Johnson, Keith Lewis, E. L. Vogelanz, Frank Johnson, Will Zabloudd and Mrs. Lydia Fafetta being other members. L. D. Miliken, "general" of the NRA, presided at the organization meeting but will have no part in the board's future work.

It is the duty of this board to hear complaints relative to Ord NRA members not complying with provisions of the NRA code. Such complaints will be considered and if found to be justified the violator will be warned and given a chance to mend his ways. Continued violation will result in loss of blue eagle insignia, Chairman Parkins says.

Chanticleers Lose Opener to Scotia

Coach Cecil Molzen's Ord high school football team opened its season last Friday with a disastrous 32 to 6 loss to Scotia on the Scotia field. The Chanticleers were outwheeled and outclassed in all departments of the game by the heavy experienced Scotia team but showed promise of developing into a strong eleven before the season ends.

Hill and Farrell, two of the best backs in the Loup valley conference, were the principal ground gainers for Scotia.

Richard Smith, Ord end, and Guy Keep, Ord back, were injured in the game, Smith suffering a broken leg and Keep a broken finger. Young Smith is out for the season but Keep will probably see service against St. Paul tomorrow night.

Ord's team is light this year and is composed almost entirely of new men but the boys have been looking better in practice this week and are counted on to make a good showing against St. Paul and other future conference opponents.

—Perry Bell left Grand Island Saturday flying to his home in Long Beach. His aunt, Mrs. Joe Rowbal received a letter written in Clovis, N. M. He had to land on account of a storm but was to be at home in a short time after writing the letter. Mrs. Bell decided at the last minute to stay with her parents in Wahoo for a while. Her father is not well.

—Mr. and Mrs. Will Gruber are expected home in a few days from California. They have been gone over a month and have had a very pleasant time. Mr. and Mrs. Frank Fafetta sr. had not decided whether or not they would return with the Grubers.

—Mr. and Mrs. Leo Gerharz and Mrs. Frank Zeleski had several dinner guests Sunday, Miss Martha Zeleski of Grand Island, Mr. and Mrs. Lloyd Zeleski and baby, Mr. and Mrs. Joe Puncoschar and sons and Bill Sheehan.

HARDENBROOK & VEATCH WILL GO EAST SATURDAY

Final O. K. Within 10 Days' Hope of Engineers; Work Should Start This Fall.

Jubilant over the fact that the North Loup power and irrigation district, a federal-aid project involving \$2,900,000, was approved Saturday at Fremont by the Nebraska public works advisory board, Bert M. Hardenbrook, president of the district, left Monday for Lincoln and Omaha to confer with public works board members and engineers over plans for carrying the district's application to Washington for final approval.

The state board, which is composed of Dan V. Stevens, J. E. Lawrence and John Latenser, Jr., held an all-day meeting in Fremont Saturday and their verdict of approval was telephoned to Mr. Hardenbrook at about 5:30 p. m. by Chairman Stevens.

At the same time the board approved the Middle Loup project, which will cost about \$1,500,000. Two weeks ago the board inspected both the North Loup and Middle Loup valleys and had hearings in Ord and Arcadia. The attitude of members at these hearings indicated that they regarded the projects with approval but no authoritative statement to this effect could be published until after the board met in executive session. This was done Saturday.

News of the board's approval circulated quickly in towns of the North and Middle Loup valleys and impromptu celebrations were held Saturday evening in almost every town. In Ord the Municipal band paraded around the square, followed by groups of irrigation enthusiasts.

The North Loup project, when built, will irrigate 37,000 acres of land and generate 35,500,000 kilowatt hours of electric energy per year. Its construction will furnish work for 2,000 men for almost two years. The Middle Loup project will irrigate 47,000 acres and generate 14,400,000 kilowatt hours of electricity and its construction will furnish work for 1,200 men for eighteen months.

Only one obstacle now remains in the path of both these projects and that is final approval by the department presided over by Secretary of the Interior Ickes at Washington. As soon as this department okays the projects money will become available and work may be started as soon as right-of-way can be secured and construction contracts let.

Information as to the Middle Loup district's plans is not available this week but before President Hardenbrook of the North Loup district left for Omaha Sunday he said that he would accompany N. T. Veatch, Jr., the engineer, to Washington, D. C., the latter part of this week and that they would remain in the national capital until the North Loup project is finally approved, which they estimated would be about ten days.

In Washington the project must be approved by legal, financial and engineering boards and may have to be reviewed by the federal power commission.

Mr. Hardenbrook had an appointment in Omaha Monday with Mr. Veatch, who was there to assist Albert C. Arend, federal engineer for Nebraska, in preparing a report on engineering phases of the North Loup project. Mr. Arend was confined to the hospital, however, and Monday came news that he was dead, which may hold the project up considerably.

After conferring with Mr. Veatch Mr. Hardenbrook planned to leave for Lincoln to confer with J. E. Lawrence Monday afternoon. Mr. Lawrence was entrusted by the public works board with the task of writing a report on the economic and financial phases of the North Loup project and Hardenbrook was planning to assist with this report.

Mr. Lawrence, who as editor of the Lincoln Star has long been one of Nebraska's staunchest boosters, last Saturday issued an enthusiastic statement praising both the North and Middle Loup projects. He said:

"The board voted approval of these projects in the belief that represent two of the finest programs developed in irrigation. An ample water supply exists in the Loup rivers the year around. These districts, on the edge of the sandhills, have been noted for cattle raising and feeding. Never have they produced a surplus of corn. On the contrary, it has been necessary to ship in hundreds of thousands of bushels of corn annually."

THE ORD QUIZ

My Own Column

By H. D. LEGGETT

Better read carefully, the communication of Mr. Coats on this week's public pulse column on this page. There are a lot of abuses creeping into the caring for those who are worthy of support from the county and those who, though getting it, are not entitled to it. What is everyone's business. It usually, nobody's business. The county board has the right to care for the needy. The cost is mounting with leaps and bounds. Men and women who, a few years ago would have scorned to take help, have become calloused and are now demanding it and in some cases are refusing to do honest work when the work is offered. One man whose name is always on the list of those who get county aid, declined to work for \$1.50 a day. How many of the farmer members of the county board have made that much in their farming operations the past few years? The man I have in mind is a young, able bodied man who could have worked most of the time if he would hustle. Another man who is on the list every month in the year, declined to work recently when work was offered at 15c per hour. He would make more money at that price than the farmer who offered him the work, but he declined to work for "any such wages." I don't know what wages he wanted. I believe he would refuse to work at any price if there was any real work connected with the job. Another man who has been kept by the county for years is said to have been given a nice warm pair of overshoes a year ago this fall and he at once sold them for \$1 cash. (The county paid several times that for them the day before.) Still another when given 50 cents worth of sugar hurried to trade it off for a quarter's worth of cigarettes. I know the county board can't know all these things or help them. I would not have anyone worthy of county help go hungry or suffer, but I have to pay a number of hundred dollars taxes each year and I resent having any of my money given to people who will not work if opportunity offers. I know a man in Ord, with a large family, who has gladly worked for 15 cents an hour all summer, sometimes he only got 10 cents per hour, he has seldom had more than two or three days work in a place, but he has lost few days because he was always on the lookout for a job and willing to do a good day's work. The trouble is, too many of those seeking aid, when they do work, will not do an honest day's work for the money they get. I believe the county board should make it their business to find out just who will work when a chance is given, just who tried by raising a garden during the summer to support themselves, and then make arrangements to take care of the children of any who will not cooperate and let the drones do the best they can. This kind of a policy would soon make better citizens out of those who are now simply leeches on the good people of the community.

I think it is not only silly and foolish to give away the tax money paid in by all who pay taxes. The county and city could find plenty of work to have done and it could be done by those who are able to work and who need help. Even if it is work that it is not imperative to do, it would be better to have it done and pay for it, than to simply run the city hand into the public till and take the tax money out and give it away. This city could be beautified a lot with the labor of those who, now, get the money without so much as a thank-you. And it would be a lot better for the dependent, too. As I said above, a lot of people are getting the idea that it is better to do nothing and live off the labor of others and it is getting to be a great burden for the "others."

I was talking Saturday with a member of the family of a farmer who lives some fifteen miles from Ord and much closer to another town. When he happened to mention that he was milking a dozen and a half cows and bringing his stream to Ord to the creamery, I at once thought of the many reports that cream is higher in surrounding towns and asked him about it. He said that as a rule the price in Ord was a cent or so higher, always as high as in his close town and he added, "Then at Christmas time I get an extra 3 cents per pound that I wouldn't get any place else." He said he had been selling his cream for several years to the Ord creamery and had always been well pleased. In reply to another question he said, "Yes, we do most of our trading in Ord."

And Ord is a mighty good town in which to trade. One of the biggest reasons is the uniformly high price (based on the market) which produce brings here. Another reason is the weekly sales and the consequent market for all kinds of stock. Still another reason is the fine stores here. There are nearly a dozen better stores and stocks, with all lines repre-

sented, in Ord, than can be found in any other town within fifty miles. You have got to go to Grand Island on the south, to Norfolk on the northeast, to Broken Bow on the west (and there is none to the north) to find the equal of stocks of goods in Ord and you can trade cheaper for the same goods in Ord than anywhere else, no question about that.

And when Comstock or Taylor pays more for cream for a day don't start knocking Ord until you make inquiry as to the why of the higher price. A Comstock cream buyer told an Ord man the other day that he was paying more for the cream that he bought than he could ever hope to get for it and at that he only got a little, all because a Broken Bow firm, in a spasmodic effort to build up a business, was coming with a truck right to the edge of Comstock and hauling the cream clear to the Bow and paying above the market for it. No sensible cream producer close to Ord expects or wants Ord cream buyers to pay more for cream than it will bring when made into butter. No Broken Bow firm can long continue to do that. They must either quit or go broke. So must Ord dealers get a profit or break even or go broke. If Ord cream buyers were to pay more for a time than they receive, then go broke, everyone would be injured and the small difference received for a short time would be poor solace for the loss that all would sustain. What makes a good town here is for all, instead of starting to knock without first finding out whether the knock is justified, is to boost.

There is no better time to take up and set out perennial flowers than the fall of the year, when they can be taken up with a spade full of dirt and reset so they will never know they have been moved and in the spring they can go right on growing and blooming in the new location.

Something DIFFERENT

You know, don't you, after reading so many articles and advertisements about it, that vegetables when boiled leave many of their vitamins in the water, and that when you pour the water off a lot of the goodness is poured off too? Well, to get the most for your money you must use this water for something, feed it to your family in some form, so that the family will get their, his and her vitamins!

An Ord lady knew all this, and often offered her family soup made with this vegetable-water as a base. Now these soups, if you have made them yourself, you know are likely to be a little flat. They may be full of vitamins, but they don't taste particularly full of anything!

So on this certain evening, the soup was served. The Ord Papa looked up and said to the Ord Mama, after his first taste, "And what is this soup made from, the water in which you boiled the eggs?"

I appreciated this joke a lot. Both from the standpoint of one who has tried to make such soup; and from the standpoint of one who has tried to eat that soup!

All these years that Clarence Blessing has liked to fish his wife has been rather a scoffer, but one incident of her own prowess in this line made a convert of her too.

About a week ago Mr. Blessing decided it was high time his wife learned to fish, and took her with him on a trip to the river. Posting Mrs. Blessing with suitable bait and pole in one spot, he moved down the waterfront a few hundred feet and set up in business for himself.

Mrs. Blessing had been duly admonished by her husband to stay where she was left, but in a few minutes, she came trotting down toward him. Seeing his wife coming, Mr. Blessing looked at her pole, swishing about wildly, and cried to her to go back and catch her fish.

THE COOK'S COL-YUM, YUM!

The good old autumn stand-bys will soon be found on Valley county dinner tables again. As soon as it frosts you'll begin wishing for pumpkin pie. As soon as the hunting season gets a good start, we will begin to recollect tales of savory dressing that was different, to be used for duck stuffing.

Which of your fall recipes are you proudest of? Please send them in today, the Quiz cookery department needs them badly. You no doubt use the Quiz calendar...this is the way you can show your appreciation for it! Send in a recipe.

Pumpkin Pie.
Combine one large cup plain pumpkin, three-fourths cup dark brown sugar, two well beaten eggs (one egg may be omitted and corn-starch used instead), one teaspoon cinnamon, one-half teaspoon nutmeg, one-fourth teaspoon ginger, one-fourth teaspoon salt. Add one large cup of rich milk, bake in a moderate oven. Serve with whipped cream.

Mrs. H. M. Wyrick
Pork Chops and Spuds.
Shred peeled raw potatoes on the side of a grater intended for cabbage. Combine them with a good white sauce, the usual recipe of two tablespoons cooking fat blended with two tablespoons flour, mixed with two cups milk, salt and pepper added and cooked until thick. Spread them in a greased dripping pan and cover with pork chops. Salt and pepper lightly, put them in a moderate oven and cook until the chops are nice and brown.

Mrs. Lester Shipley.
Date Pie.
Beat two eggs, add three-fourths cup sugar, one-half teaspoon salt, one teaspoon cinnamon, one-fourth teaspoon nutmeg, one-fourth teaspoon allspice, one-fourth teaspoon cloves, one cup sour cream and one tablespoon fine crumbs. Cut one cup dates in pieces. Add to the egg mixture and fill a pastry lined pie pan. Sprinkle with coconut and put into hot oven. After ten minutes reduce heat and bake 25 minutes longer. Coconut may be omitted and pie served with whipped cream.

Ellen Stanton.
Yankee Doodle.
Slice two medium sized onions in a baking dish, cut up one-half pound of cooked beef, add one-half cup tomatoes, well seasoned and a little gravy if you have it. Lastly cover with one-half package of macaroni or spaghetti which has been cooked in salted water until tender and then drained. Dot with butter, cover and bake in a moderate oven one and one-half hours. Let brown the last twenty minutes, with the cover off.

Elsie Noha.
Cranberry and Banana Salad.
On a salad plate arrange crisp leaves of lettuce. In the center place a peeled banana cut in half. Garnish with salad dressing and place cubes of cranberry jelly on each side of the banana.

Mrs. L. J. Auble.
Handy Salad Dressing.
Mix two tablespoons sugar, one teaspoon salt, a dash of pepper, one-half teaspoon mustard, two tablespoons salad oil, one tablespoon Worcestershire sauce. Stir and add one-fourth cup vinegar. This is nice over lettuce salad or over shredded cabbage.

Mrs. Clayton Burke, Cody, Wyo.

When You and I Were Young, Maggie

25 Years Ago This Week.
W. T. Hamilton, farmer of Enterprise, installed a gas engine to pump water for his 240 head of cattle.

W. T. Draper had sold his ice business to Ed Zabloudil. Ord Bohemians were planning to dedicate their new hall with a big program on October 9. Among speakers to be here were Prof. Bohumil Sinek of Iowa State college and Senator Norris Brown of Kearney.

John Wall and A. E. Donnell of Arcadia left for Nashville, Tenn., to attend some purebred stock sales. Mrs. S. S. Brown was in Omaha undergoing surgical treatment. A public sale was advertised to be held at the Money livery barn with Dr. Luddington as sale manager and G. M. Jones as auctioneer. It was planned to hold such sales every two or three weeks during the fall and winter.

New potatoes were worth 40c in Ord, butter 15c, eggs 18c, hens 7 1/2c, springs 9c, hogs \$6.15, oats 31c, corn 59c and wheat 80c.

20 Years Ago This Week.
J. C. Meese returned from showing his prize hogs at fairs in Lincoln, Topeka, Hutchinson and St. Joseph. He won almost \$800 on the trip.

Alvin Blessing purchased the lot just north of the Fackler grocery and announced his intention of erecting a business building in the spring. E. C. James arrived in Ord to become Burlington agent. He took the place of Mr. Kulbom, who accepted work in Omaha.

Forrest Peterson was attending the boys' camp at the state fair grounds and wrote an interesting letter for publication. E. H. Rogers and R. R. Burdick formed a partnership in the auctioneering business. Mr. Burdick had just completed a course at an auctioneers' school.

QUIZ FORUM

Suggests Using Fair Grounds.
To the Editor of The Quiz:
The other day some of the Holiday committee and myself were on the way to North Loup to intervene in a case pertaining to a settlement between a mortgage holder and his debtor so the debtor could get a loan from the federal land bank, and as we went by the fair grounds near Ord we were discussing the tax problem, and how we tax payers were to house and feed the ever increasing dependents and people out of work, when we have all the burdens we can carry as it is. Someone said "Look at those nice fair buildings going to waste, setting there idle while the county is paying rent for homes to keep the dependents in." Someone else said "Look at the ground going to waste that could have raised a lot of garden truck to cut down the feed bill." We settled down to something like this. (I was especially interested because my \$100 is still in the fair property.) That the county pay a small rental for the fair grounds and buildings, fix up temporarily, the best buildings for family occupation and one building for kitchen and dining room, have one re-

sponsible party do the buying in bulk and have one responsible party over the kitchen and dining room, get a good garden in the spring, and as the county owns some good land not so far from the fair grounds, raise a lot of food stuffs on it and work the dependents there. We know there are many good people out of work and they have our sympathy, but we feel they should cooperate with the county board to make this burden as light as possible, for we tax payers can't stand the burden much longer under present circumstances. And if, as is said, there are people who have the habit of living off the county and won't work when work is offered it will improve their health and respect for the tax payer if they have to raise garden truck or go hungry. We believe this plan put into effect will save the county quite a sum of money in the year and if the county board wishes to talk over the plan with the committee we will be glad to cooperate in any way we can. The majority of the farmers of Valley county are Holiday members so our committee represents a large body of tax payers.

Yours truly,
Ernest S. Coats, Vinton Farmer.
Secretary of Valley county Farmers Holiday Ass'n.

People want to buy Buicks and Pontiacs

Do you want to Sell them?

PONTIAC is the fastest-selling Straight Eight in the world today—and the leading car in its entire price class. Buyers all over the United States are turning to Pontiac in numbers that assure a good substantial market in any territory where a capable dealership is established.

Buick is outselling all other eights priced above \$1,000, combined! Buick, for years, has been the most popular car in the medium-price field—it is a car backed by a 29-year reputation for value second to none in the whole automobile field.

We want a good business man to sell and service these two popular cars right here in this city! This is a real opportunity for the right man to establish himself in a pleasant and profitable business with a reasonable amount of capital.

Previous automotive experience is not essential—the man we want may be engaged in any line of business. We ask only that he have a reputation for fair and honest dealing among his friends and neighbors... an ability to sell and organize the sales abilities of others... and a strong desire to build up a live and aggressive Buick-Pontiac dealership. And, naturally, we want a man who has the ability to render the type of service that will help every Buick and Pontiac owner to get the most pleasure, satisfaction and economy out of his car.

If you have reason to believe that you are the man we want, write or wire us at once for complete information. We shall be glad to tell you all about the Buick-Pontiac franchise. Address—

The Key to Paradise

By COSMO HAMILTON

© by McClure Newspaper Syndicate. WNU Service

THE presents had made a brave show in her New York drawing room. After tea she had taken several of her friends to see them, all laid out. It was Enid Cunningham who, drawn immediately to the string of pearls, had read the card and cried out incredulously, "Look, even her husband has remembered her birthday, it seems." Lunch at the Ritz, dinner at Pierre's, a box party at the opera—the event had been celebrated as well as it deserved. But Hobart, who had given his wife that string, had gone out of town to play golf.

This was Lillian's fifth birthday as Mrs. Curtis Hobart. But because of something quite unintentional, perhaps, in the fall of Enid's remark, she found herself looking at life through a window the existence of which came as a great surprise. She was painfully aware of something in it that tugged at the strings of her heart. She found herself saying, "This is not life. I am not living. I am only pretending to live." She heard her so-called husband as he came up to go to his room.

Curtis was still in golf clothes. His face had caught the sun. "Good morning and good night," he said. "Have you had a good time today?" "Wonderful. Come and look at my presents glittering in the light."

He did go, uncomfortably conscious of the fact that he was a trespasser in that room. "Quite a show," he said.

"Something from every one. And even my husband remembered my birthday, it seems. Are you only just back?"

He nodded, smiled and went out. The footsteps died away. "No, this isn't life," she said. "What am I missing? I—who have so much?"

Curtis hesitated next morning outside the door of her bedroom on his way downstairs. This girl whom he had married for love had not married but had been married to him. Her brilliant and scheming mother had brought that deed about.

He felt an urge to go in. That wonderful room was empty, but through the open windows came the rustle of young leaves. Spring had come to town. A well-bound book was open addressed to himself. He picked this up with a greedy hand as his eye caught some writing on the margin of the book. The words, "The Key to Paradise" had been underlined and against them had been written "A child, boy or girl." He drew the letter from the envelope as something touched his heart.

In the garden alive with flowers there stood Lillian. Then she saw a man come out of the kitchen carrying a tray—a man with a smile on his sun-tanned face. His golf clothes smelled of grass and tobacco so that her mind turned back to the previous night and the words outside her door.

"But I wish to be alone," she said.

"You will be alone," he said. "I've sent the servants away. You and I are going to see what the simple life will do."

But this was hopelessly wrong! She wanted to be quiet, to think, and here was the very man whom she didn't want to see. She found

herself in a panic and turned toward the door.

He blocked the way with a quick movement and his face was boyish and grave. "Please don't go," he said. "Let's look life in the face. I will be your servant."

And so they had tea together as though they had really been married those wasted years ago. The light had almost gone and Curtis sprang to his feet. "Good Lord," he said, "there's dinner," and went out with a rush. And she, too, said, "Good Lord," and followed him into the kitchen at the other end of the house.

She had never supposed that anything funny could enter into this. But when she caught sight of Curtis, the finished man of the world, peeling potatoes in his shirt-sleeves with the concentration of one who was engaged on a work of art, her laughter rang through the room.

"Give me that thing," she said, and took the pan and the knife. Peeling potatoes was a woman's job.

She asked two questions when that week had come to an end. "Was the Key to Paradise any nearer to her hand? Was she going back any nearer to the fulfillment of the mission she knew to be life?" She looked at the man whose chivalry had won her respect and whose sympathy, though never spoken, had stirred the love in her heart.

And he caught the look—the look for which he'd been working. The writing that he'd seen on the margin of the little book in her room seemed to be written on the wall.

"I love you, I love you," he said. How good was that smell of grass and tobacco, when she hid her face on his coat.

Petronella

By DREW SHERRARD

© by McClure Newspaper Syndicate, WNU Service

PETRONELLA slipped noiselessly out through the street door. A moment she stood, every sense alert, listening. Voices inside; they had not missed her, escape was possible.

There had been a brief April shower an hour before, and as she hurried across the lawn and through a gap in the hedge, her slim, silky legs were spattered and her velvet-footed shoes soaked through. How she hated wet feet!—all manner of discomfort for that matter—but she hurried on, trusting to an innate sense of direction to guide her out of this strange neighborhood. She had come here in a cab, with Roger Maybury, but that was out of the question now. She must go alone, and by devious ways and unfrequented streets. She could not risk the brilliant streets downtown, conspicuous in her dew-drenched loveliness.

From the first she had known she could never be happy at Mrs. Warley's. Roger, whose mother had befriended Mrs. Warley during her lifetime, and who had himself with characteristic kindness financed her when she set up her select little boarding establishment, had thought it just the place for Petronella. But Mrs. Warley, though the soul of kindness, was incapable of understanding how Petronella felt about the whole thing. She never suspected Petronella had spent her three days at Pleasant Cottage restlessly trying to evolve some plan to get away to Roger. And then, at the last, there had been no plan at all, simply overwhelming impulse. Petronella was going to Roger to stake everything on the attempt to make him see things as she did.

Roger Maybury was perhaps a strange person to have influenced her so. A bachelor, no longer very young, wealthy enough, socially desirable, just what was his attraction for Petronella? Probably she was first drawn to him because of the way he spoke to her, indulgently, whimsically, as if she had been a child. She wasted no time in reasoning why, she had quite simply known that he was her man, that she belonged to him.

One night when she had been out with her young companions she had seen him, and slipping away from them, she had followed him home. He had been kind, but firm. He had not let her in. Instead, he had invented some excuse for going out himself, and then he had taken her back to her friends and left her.

She exulted voicelessly as she pattered along the wet pavement. Strange, sinister purrles, a bedraggled woman holding out a detaching hand; a man, starting up out of shadows; saying words. A clock boomed twelve, and suddenly she felt a little stabbing thrill at its familiar tone.

A policeman came around a corner toward her. She shrank back into the protecting shadow between two houses. A wooden gate marked "Tradesman," yielded to her slight push, and she darted inside to crouch breathlessly till the heavy tread passed by.

She dared not face the street again. She stole around back of the house and crossed back yards till she reached the place she sought. She looked up at the house, dark, solid, respectable, at the third-story window of Roger's room, at ivy on the walls. She put a foot upon its twisted trunk, and in another moment her lithe body was drawing itself up the leafy ladder, up to Roger.

The ledge gained, she looked down and, in the instant of that downward glance, almost lost her hold. She cried out involuntarily. Inside the dimly moonlit room, she saw Roger rise from bed, reach for a bathrobe and come cautiously toward the window.

"Petronella!"

Disregarding his outstretched hand she crept over the sill and jumped lightly down to the floor. He pressed a light switch. She curled up in a cushioned chair and regarded him through half-closed lids.

"Petronella, is this the way to act? Don't you know you are making it d-d difficult for me?"

What were words? She knew better ways than words for working her will with this man. Slipping down she crossed the room with delicate, almost mincing steps. Going up close to him she leaned herself against him, making little soft sounds of happiness and love. He stood it for a minute then caught her up to him, pressing her slender body against his breast. Petronella laid a velvet cheek against the satisfying roughness of his bathrobe, and breathed a little happy sigh.

"Petronella, you win," he said.

"You infernal little black-and-white alley cat, you're mine for keeps! Let this whole club howl their heads off. I'll be eternally blithered if I let any house committee make me send you back to old Warley, and her cat boarding house! I'll resign first!"

Petronella kneaded her claws delicately into his bathrobe and purred like a tea kettle. Somehow she knew that she would sleep that night in the cushioned chair and that in the morning there would be a saucer of cream for her on the floor of Roger's bathroom.

"M-m-m-rah!" said Petronella.

Dwarf and Midget

The public health service says that there is no difference between a dwarf and a midget so far as the human species is concerned. The term dwarf applies to other species besides human beings. The term midget is applied only to human beings. The term dwarf is generally considered a more scientific term than midget.

First Saxophones
Natives of La Mesa Angat, a town in Bulacan province on the island of Luzon, the Philippines, claim the horn invented by Anton Saxe was copied from the bamboo instruments devised by their forefathers. It looks like a saxophone, it's held like a saxophone, it's blown like a saxophone, and though it may not twiddle precisely the same tunes, the La Mesa Angatans will rest their case on the preponderance of the evidence.

LIVE STOCK PRICES AT SOUTH OMAHA

Fed Steers and Yearlings Open the Week Fully Steady

LIGHT HOG RUN—HIGHER

Fat Lambs Slow and Lower — Feeder Lambs in Good Demand and Firm \$5.75 @ 6.35; Aged Sheep Hold Steady.

Union Stock Yards, Omaha, October 3, 1933—Fully two-thirds of Monday's heavy run of cattle 18,000, were western rangers. Cornfed steers were in limited supply and desirable grades sold at steady to strong prices. Best of the heifers were also stronger but the general market on grass cows broke dull and lower. Yearlings and good stock steers held steady while demand was indifferent and prices lower on the general run of feeding steers.

HARDENBROOK & VEATCH GO EAST

(Continued from Page 1.)

"So the question of adding a surplus does not enter in. In the valleys are fine towns and the board feels these projects have such an intimate bearing on the civilization established, there that they deserve approval."

Mr. Lawrence has indicated that the Nebraska public works board would do all within its power to assure final approval of these projects at Washington.

After conferring with Lawrence at Lincoln, Mr. Hardenbrook planned to return to Omaha for further conferences and expected to return home Thursday. On Saturday he and Mr. Veatch hope to leave for Washington, D. C., and will be joined there by Frank Murphy of Wheaton, Minn., regional director of public works projects. Mr. Murphy will assist them in presenting the North Loup district's application for federal money to the amount of \$2,900,000, of which 30 per cent will be an outright grant and the remaining 70 per cent a loan to be amortized over a period of 40 years and bearing interest at the rate of 4 per cent.

It is probable that Engineer H. H. Henningson and some director in the Middle Loup district will go to Washington about the same

time to ask for money to carry out that project.

How long it will be before work can be started on these two projects is problematical. If Washington officials approve them within ten days from next Monday, as Messrs. Veatch and Hardenbrook expect, there is every likelihood that work will get under way within 30 days or even sooner. A temporary plant will be set up in Ord to manufacture tile and other cement products needed in the North Loup project and this work will continue throughout the winter months. Work on the big ditches also may be started immediately although work on the dams will probably have to wait until next spring.

If the final verdict at Washington is favorable, the towns of North Loup, Ord and Burwell are planning to hold the biggest celebrations in their history. The Ord Chamber of Commerce, confident that a favorable verdict will be given, is already planning for the Ord celebration.

The Quiz will make every effort to keep its readers advised upon developments as rapidly as they occur.

APOSTLES BEAT ORD GRIDSTERS IN NIGHT GAME

600 See Chanticleers Take 19 to 0 Thumping in First Battle Under the Arc Lights.

Showing 100 per cent improvement over the previous game but still woefully handicapped by lightness and lack of experience, Coach Cecil Molzen's football pupils took a 19 to 0 thumping from the St. Paul high school Apostles in a game played under the arc lights at Bussell park Friday evening. It was the first game played under Ord's new lighting system and 600 fans paid admission, forming the largest crowd that had attended a football game in Ord in many years. To this figure should be added about 200, the number of people who lined the east creek bank and saw the game without bothering to pay the small admission charge.

The Chanticleers started well and for the first few minutes held the Apostles on even terms while Tunniff, Steinwort and Furtak reeled off a number of nice gains that hinted of a touchdown in the offing. But the Apostles held the ball into really dangerous territory and swept into scoring position when Teddy Furtak, playing safety for Ord, misjudged a punt and St. Paul recovered on the Ord twenty-yard line. A few plays later they had scored a touchdown and converted the extra point, making the score 7 to 0 against Ord. Two other St. Paul marches also ended in touchdowns, making the final score 19 to 0.

The Chanticleers' first scoring drive was halted by a 15-yard penalty and after that the local boys had trouble in getting started and on only one occasion really threatened the Apostle goal line. St. Paul, on the other hand, threatened throughout and the score might easily have been ten or twelve points larger had the breaks favored the Apostle team.

As his starting line-up Coach Molzen nominated Greathouse and Keep as ends, Zulkoski and Wilson tackles, Severson and Nielsen guards, Boquet, center, Steinwort, quarterback, Furtak, fullback, Milliken and Tunniff, halfbacks. Others who saw service included Rowal, Clements and Nichols in the line, Garnick and Marks in the backfield.

Steinwort's work was impressive on both offense and defense and his punting was excellent, considering the fact that the Ord line leaked and he was hurried almost every play. Back Tunniff's speedy footwork accounted for several nice gains. In the line Boquet, Zulkoski, Severson and Keep played well, other linemen showing lack of experience.

Ord's new lighting equipment is excellent—in fact, it is authoritatively stated that only two football fields in Nebraska are as well lighted and both are college fields. Spectators appreciated the novelty of night football and it is confidently predicted that attendance will increase materially because of this innovation.

Alma Holloway And Jean Romans Marry

Sunday at high noon occurred the wedding of Miss Alma Holloway and Jean Romans. Both young people are well known in Ord having lived here all their lives. The ceremony was performed at the home of the bride where all preparations had been made for a very pretty home wedding. Promptly at noon the wedding couple, preceded by Rev. W. McCarthy and accompanied by Glen Holloway and Dorothy Romans as best man and bridesmaid marched to a place in the parlor where under an arch of fall leaves they took their places and the words were spoken making them man and wife. The beautiful ring service was used and after the ceremony and congratulations a wedding dinner was served. The wedding cake was a wonderful angel food creation large enough to make all wonder how it could be baked, but the bride did fine service in cutting it and everyone pronounced it of the finest. The bride wore a gown of black and white tulle crepe and black suede slippers.

The happy couple will immediately go to housekeeping in the Haught house and all their old friends will be glad to still have them with us and to see them in their new home.

Reforestation Corps Takes 5 More Boys From Valley County

David Dobberstein and Axel Jorgensen, Ord, Virgil Gipe and Robert Jeffrey, Arcadia, and Merwin Babcock, North Loup, are the Valley county boys who last week were selected for the federal reforestation corps. Boys now in camp were given the opportunity to sign up for a second six months' period and all but five of them did so. The boys mentioned above were chosen to replace those who did not care to serve a longer time in reforestation work.

BOHEMIAN HALL BUILT 25 YEARS AGO OCTOBER 9

And Z. C. B. J. Lodge Members Have Anniversary Celebration On Tuesday - 650 Attend.

Twenty-five years ago, on Oct. 9, 1908, Denice chapter No. 14, Z. C. B. J. lodge, dedicated its fine new \$25,000 hall in Ord, known then as Bohemian Hall, but better known to generations of Ordites as the Bohemian hall.

Members of the lodge, then about 100 in number, had contributed generously to the building fund and the late Frank Misko was chairman of the building committee. It was designed not only for meetings of the Z. C. B. J. lodge but also for all formal and informal gatherings of Bohemian residents of the Ord community, which purpose it has ideally fulfilled.

On Oct. 9, 1908, the hall having been completed and furnished, a dedicatory celebration was held. This affair began at 1:00 p. m. with a parade about the business district, followed by opening of the hall and an address of welcome by the late Judge Gudmundsen. Frank Misko then turned over the keys of the hall to F. J. Dworak, then president of the lodge, and Mr. Dworak presided at the program, introducing as principal speakers Senator Norris Brown of Kearney and Professor Bohuml Simek of Iowa. Musical numbers, readings, a big supper and a dance filled the rest of that day which is so well remembered by many present members of the lodge.

Tuesday, in celebration of the 25th anniversary, a program, supper and dance were given. Henry Vodehnal, president, gave the address of welcome and then introduced Anton Bartunek, who was secretary when the hall was dedicated and master of finance at present. Mr. Bartunek gave a splendid address, relating items of historical interest and telling about the chapter's growth and progress through the years. It has well over 200 members at present, Mr. Bartunek said.

On the stage, besides the officers, were representatives of Z. C. B. J. lodges at Ravenna, Comstock, National hall and Jungmann hall, who were introduced by Mrs. Frances Mazac, the lodge's present secretary and who had charge of the program Monday. They brought messages of congratulation.

Several musical features were offered by members of Joe Lukesh's Center Star orchestra and at 5 o'clock a big supper was served by women of the lodge. A short program followed, the principal feature being the one-act play, "Daddy-in-law Vohnout's First Time at a Show," which was greatly applauded. Members of the cast were Ernest Vodehnal, Anna Parkos, F. J. L. Benda, Mr. and Mrs. Victor Kerchal, Joe Vaslicek, Georgia Vaslicek and Leonard Ptacnik. The rest of the evening was spent with dancing to music of the Joe Lukesh and Joe Puncocar orchestras.

About 200 people attended the afternoon program and in the evening fully 400 enjoyed the play and the dance that followed. The day was a great success, lodge members feel.

—Dr. and Mrs. C. J. Miller and Mrs. Jos. P. Barta drove to Lincoln Tuesday. Dr. Miller was making a business trip and Mrs. Barta was visiting her daughter, Miss Martha Mae who is attending the state university.

—Monday afternoon Mrs. F. C. Williams and Mrs. Wilford Williams and sons Miss Tolamie Williams drove to the Mrs. Henry Creeme's home near Arcadia and visited Mrs. Creeme, who is a sister of Mrs. F. —Saturday guests in the home of Mrs. M. Flynn were Mr. and Mrs. Les Leonard and baby and Mr. and Mrs. Carl Oliver and daughter. The evening before Mrs. Flynn had for her dinner guest Mr. and Mrs. Ray Knapp of North Loup.

FORECLOSURES TO BE STOPPED, SAYS ANTHONY

and Bank Chief Pledges Gov't Resources in Telegram To Farm Holiday Ass'n.

That in emergencies requiring immediate action to save a farm from foreclosure the government is prepared to have federal land banks give immediate attention and will even intervene to compel mortgagees to suspend action until such attention can be given, is the gist of a telegram received Tuesday by Ernest S. Coats, secretary of the Valley County Farm Holiday association, from E. Anthony, Washington, D. C., assistant to the federal land bank commissioner.

Mr. Anthony's message came in response to a telegram sent him by the Holiday association in which it was stated that 110 mortgaged farms in Valley county alone are being foreclosed or are in litigation at the present time.

"At last we are getting results," commented Mr. Coats upon receipt of the Anthony wire, which said, in full:

"Your telegram of the 7th. In individual cases where there is an emergency requiring immediate action in order to enable farmer to retain his farm, we will, if furnished with facts, have consideration of case for federal land bank and land bank commissioner loans given immediate attention. If necessary will request mortgagee suspend action pending determination of whether loan can be made and settlement affected."

The Farm Holiday association's action committee has been working vainly to stop foreclosures in Valley county and members of this committee are much encouraged at the quick action their message got in Washington.

Mr. Anthony's telegram seems to be a direct intimation that Farm Credit Administrator Henry Morgenthau, Jr. really meant it when he asked this week that all farmers in danger of foreclosure or eviction wire him collect at Washington and that, upon receipt of such a message, he would act to the full extent of his powers to save the situation.

"It looks like the mortgage holder will have to come across so as to let the farmer get a federal loan and save his farm," said Secretary Coats yesterday. Even some of the farms already foreclosed on may be restored to former owners by prompt federal action, he believes. "Anyone wishing to take advantage of this please see me in Ord Saturday and the Holiday association will be glad to help in any way it can," Coats announces.

Will Hold Bee Meeting.
The last of a series of bee-keepers meetings will be held at the F. M. Vodehnal farm in Michigan township on Friday, October 13, at 1:30 p. m. The demonstration to be given by Mr. Bare of the college of agriculture will include preparation for wintering, packing, and fall feeding, and also a check-up on the season's results in the Vodehnal apiary. Everyone who is interested is invited to attend this meeting, and a good turn out of beekeepers is expected.

Ludwig Gorny Buried October 4th In Casket Made By Himself At Age of Eighty - Four

Eureka Township Pioneer Laid To Rest at Burwell; Was a Casket Maker in Youth.

In a casket built by his own hands five years ago when he was 84 years old, Ludwig Gorny, a pioneer of Eureka township, was laid to rest in Burwell last Wednesday. Held at a rather impressive rite held at Sacred Heart Catholic church.

A cabinet and casket maker in Poland when a young man, Mr. Gorny decided five years ago to make his own casket and did an elaborate and beautiful bit of craftsmanship. He also made all of the plans for his own funeral and loving relatives saw that they were carried out to the letter.

Born Feb. 27, 1844 in Poland, Ludwig Gorny was married at the age of 29 to Miss Frances Terski and fourteen children were born to them, seven in Poland and seven in the United States. Four of the children passed away in infancy, one daughter, Sophie, died a nun and died in Omaha in 1916, and one son, Thomas, passed away two years ago. Children left to mourn include James, Sid, Steve, Charlie, Thad, William and Theodore Gorny and Mrs. Freda Trask.

Forty-nine years ago Mr. Gorny came to this country with the intention of seeking a home and a year later homesteaded in Eureka township of Valley county, Nebraska. A short time later he and his wife and children, who had remained in Poland,

Cecil Clark Heads American Legion

Fidelity post No. 38, American Legion, met Monday evening in the Ord hall and elected officers for the coming year. Cecil Clark was chosen commander to succeed John Goddard, H. H. Hohn was chosen vice-commander and Dr. F. L. Blessing adjutant.

The Auxiliary was in session at the same time but did not elect officers. The election will be held at the next meeting.

On Teachers' Program.
Two Ord instructors, Millard D. Bell and Miss Laverne Hans, will appear on the program at the District 4 convention of the Nebraska State Teachers' Association in Grand Island Oct. 25, 26 and 27. Mr. Bell is president of the Athletics Section and also will talk at the Superintendents and Principals Section on "Weathering the Educational Storm." Miss Hans is vice-president of the Declarationary Section. Two thousand teachers are expected to attend this convention.

Jos. J. Kosmata Is Stricken Suddenly

Joseph J. Kosmata, long time and highly respected citizen of Ord, suffered a heart attack Monday evening and passed away a short time later, his sudden seizure and death being a shock to relatives and friends. He had attended the activities at the Bohemian hall that afternoon and had gone home to do his chores, planning to return for the evening program. He was apparently in his usual good health Monday afternoon, although he had suffered from heart trouble for some time.

Funeral services will be held at 1:30 p. m. today in the Bohemian hall. An obituary of Mr. Kosmata will be published next week.

Ralph Manchester Paroled to Farmer

Ralph Manchester, who was sent to the state industrial school at Kearney on June 15 after pleading guilty to minor larceny here, has been paroled to a farmer near Kearney, Sheriff George Round was informed this week. His record at the school was very good, said State Parole Officer Schindler, who was in Ord Tuesday with young Manchester. His wife and their baby, who was born five days after Manchester was sent to the reformatory, have joined him on the farm near Kearney and they are occupying a tenant house and Ralph is busy picking corn.

Two Hurt in Runaway

Mr. and Mrs. Jack VanCleave, of the Woodman Hall neighborhood, are quite badly bruised and Mr. VanCleave has a broken rib and fractured shoulder blade as the result of a runaway Sunday morning. They were picking up potatoes and their team became frightened and ran away when two of the VanCleave children climbed into the wagon. Mrs. VanCleave tried to stop the frightened horses, without success and then her husband grabbed for the reins, only to be tossed aside and kicked by one of the horses. Dr. Walford J. Johnson happened to come along and stopped the team on the Sargent road two miles west of Woodman hall. The VanCleave children were frightened but uninjured. Dr. Henry Norris attended the injuries and says their hurts are not serious.

LOOMIS IS HELD UP, ROBBERS GET ONLY 80c HAUL

Ord Salesman Victimized in Kansas Sunday Eve, Thieves Overlook Cash in Brief Case.

To Preston Loomis' habit of carrying surplus cash in his brief case rather than in his pocket is he indebted for the trifling loss of only 80c instead of a considerably larger sum when he was the victim of highway robbers Sunday evening.

Mr. Loomis, who has for several months been selling piano polish throughout Nebraska and Kansas, was returning from a trip to the latter state Sunday night. As he swung around a sharp corner near the Nebraska line he noticed a car parked beside the road and two men standing beside it.

"Stop!" one of the men shouted. Loomis speeded up his car instead.

A shot rang out and the Loomis car came to a stop with a flat rear tire. The bullet fired by one of the robbers had caused a blow-out.

The two men ran to the Loomis car, ordered the driver to get out and told him to hold up his hands. At least one and possibly both men had revolvers, Preston says. While one of the men held a gun on him the other searched his pockets but found only 80c.

"Is this all the money you've got?" the highwaymen asked. The Ord man told them that it was, after which they asked him what he had in a suitcase in the rear seat. "Just my clothing," Loomis answered. Then they inquired about the contents of a brief case which was also in the rear seat. Preston told them that it contained only contracts, sales literature and other private papers.

Just then another car rounded the corner and the robbers, leaving Loomis standing with his hands in the air, ran to their own car, climbed in and drove off. Preston then changed tires and continued his drive to Ord, well satisfied with the loss of only 80c and a ruined tire. For in the brief case was a considerable sum of money, the proceeds of his polish sales on the trip.

Mr. Loomis has been in Ord this week arranging for the sale of his household goods and plans to move his family to Wichita, Kas., at once. He has established 75 dealers for piano polish in Kansas, he says, and wants to locate closer to this territory. Later he may return to Ord to make his home.

Buick-Pontiac Out For Dealer In Ord

Ord has been chosen as one of the towns in which every effort will be made to have a combined Buick and Pontiac dealership in the expansion program which is being pushed this fall preparatory to the 1934 selling season, according to Bob Clow, field representative of the Buick-Olds-Pontiac Sales company who visited here this week.

Mr. Clow reports that a survey was made of all towns in which Buick and Pontiac has no representation to learn whether the volume of business would warrant such an establishment. Mr. Clow likewise reported that unless a town had sufficient population, industry and wealth to enable a dealer to make money on his investment, no attempt was made to establish a dealer there because the factory only wanted dealers who could make money for themselves. It is likewise desirable to have service facilities at hand for the present owners of Buicks and Pontiacs in Ord and the surrounding territory.

"We are on an up market which should mean opportunities for men of business experience and some capital to participate in the profits that will be made in the automobile industry in the next and following years," said Mr. Clow. "It is not essential that a man should have been in the automobile industry previously to make a success of this business. It is specialized, in a sense, but not any more so than the ordinary business."

"Few people realize that a dealer in no other business receives the help in guiding him that the automobile factories provide. The factories provide a dealer with an estimate of the cost of a building or the rental he should pay for the potential sales in his territory, the number of new cars he should have on hand, how to recondition used cars, the maximum time he should keep any used car, how many salesmen he should have and how to lay out his showroom. Courses are provided for training sales and service managers. These are but a few items of the business management guidance a dealer receives. I know of no other industry that has analyzed retail outlets, market potentialities and provides so many guiding tools as does the automobile industry. These guidances are not theoretical but based upon thousands of examples of dealers, experiences of which records are kept at the factories."

Jay Rogers Fell And Fractured Leg, Then Crawled 3-4ths Mile

Jay Rogers, farmer from north of Ord, is in the Ord Hospital with his right leg fractured in two places, the result of a fall from a hay stack Tuesday last week.

Mr. Rogers was making hay on the sand flats and no help was near by. After his fall he unhitched his team, tied the horses to the hay rack, and then began to crawl on hands and one knee toward the nearest house, which was about three-quarters of a mile away. It took him three hours to crawl this distance and when he got there his hands and left knee were bleeding from cactus and sandburr cuts. The fractured leg was terribly swollen when he was taken to the hospital but the breaks are said to be knitting properly. Rogers will be laid up several weeks.

HANSEN HEADS VALLEY COUNTY WHEAT BOARD

Arcadia Supervisor Is Chairman Of Committee to Fix Allotments, Hear Complaints.

S. V. Hansen, Arcadia farmer and member of the county board of supervisors, last Friday was elected chairman of the Valley county wheat allotment committee, which committee will have general supervision of the wheat reduction program in this county with power to hear complaints, fix allotments and do other work in connection with the program. Other members of the committee are John B. Zulkoski, who was chosen vice-chairman, and E. O. Schudel, who was elected treasurer. C. C. Dale will serve the committee as secretary.

Because of the small number of wheat farmers who signed reduction contracts, Valley county has been restricted into three large districts, one of which will include all of Garfield county.

Arcadia, Yale, Liberty and Vinton townships make up one district and the community committee is composed of S. V. Hansen, chairman, Ed Christensen and Henry Creeme.

North Loup, Davis Creek, Independence and Enterprise townships make up a second district with E. O. Schudel as chairman and J. M. Fisher and John Bremer as members.

Other townships of Valley county make up a third district with John B. Zulkoski as chairman of the community committee and George Watts and J. V. Suchanek as members.

Community committees met Friday in Mr. Dale's office at the court house and elected county officers, names of whom are given above. These officers are this week publishing a list of all farmers who have signed reduction contracts, and the names of all such who live in the Ord district will be found in today's Quiz. The statement published in this connection tells how many acres and how many bushels of wheat each man raised in 1930, 1931, 1932 and 1933.

County Agent Dale says that it is the duty of anybody who finds inaccurate statements in this report to make complaint to the county committee. Complaints will be heard up to October 16, after which definite allotments will be made to each contract signer.

WATER PROJECT FACES ITS FINAL TEST NEXT WEEK

Hardenbrook & Veatch Leave Today For Washington, Hope For Rush Action There.

Clicking eastward over the rails today goes the train bearing Bert M. Hardenbrook and N. T. Veatch, Jr., president and engineer of the North Loup river power and irrigation project, toward Washington, D. C., and final action on the \$2,900,000 improvement in which this section of the state is so vitally interested. When they left Omaha they were hopeful of immediate action at Washington but Mr. Hardenbrook stated that they were prepared to spend three weeks in the national capital if it is necessary.

For the past ten days Messrs. Hardenbrook and Veatch, assisted by the latter's associate, E. H. Dunmire, have been in Omaha polishing up the reports made by the Nebraska public works advisory board so that there may be no hitch after the reports reach federal authorities.

There has been one delay after another at Omaha, all of them unavoidable. First came the death of Albert A. Arend, the public works board's Nebraska engineer. Arend had not approved the North Loup project, although he had promised to do so.

Dan V. Stevens, J. E. Lawrence and John Latenser, jr., members of the board, went into action immediately and within forty-eight hours after Mr. Arend's death had secured authority from Washington for Engineer Dunmire to prepare Arend's report.

Two federal engineers were then dispatched from Washington by airplane and officials of the local project spent two days with them. They made an exhaustive inquiry into engineering details of the North Loup project and ended by approving the project in the highest terms. Because of this inquiry it is thought that the North Loup project will not have to go before the engineering division of the public works board at Washington, which should save many days there.

Legal and financial aspects of the project will be gone into there, however, and it is likely that the federal power commission will also have to conduct an examination. "It would be overly optimistic to expect final action in less than ten days or two weeks after our arrival at Washington," Mr. Hardenbrook told Joseph P. Barta in a telephone conversation yesterday. He is hopeful for approval within this time, however.

Hardenbrook and Veatch will have ample funds with which to work at Washington. Last week Val Pullen and Dr. F. A. Barta, on their rounds of Ord business people, collected over \$400 and Burwell people had contributed over \$100 yesterday morning with expectations of more than this amount after the irrigation ball last night.

The Ord representatives will stay at the Carlton Hotel in Washington. Knowing that every Quiz reader is vitally interested in the progress of the North Loup project, Mr. Hardenbrook has promised to keep this newspaper informed by telegraph and mail of events as they occur.

Have Irrigation Dinner.

North Loup, Oct. 10.—(Special) —The Community club of this village held a dinner at the town hall Monday evening, the meal being served by Brown's cafe. A program dealing with irrigation followed the dinner. Chas. Faudt was toastmaster and short talks were made by Roy Hudson, Charles Sayre and Ed Johnson, the latter having just come here from Chapman to open a meat market. He said that prospective development of the North Loup valley was the factor that brought him to this village and predicted rapid increase in population when work on the big project starts. Thirty-three business men attended the dinner.

Something DIFFERENT

Mr. Hardenbrook works all the time for the promotion of irrigation, and Ordites away from home soon cross his tracks.

One of the first persons I met after coming to Omaha was General Amos Thomas, a prominent lawyer of this city, who had spent part of the morning of that day discussing irrigation with Mr. Hardenbrook...

People in other parts of Nebraska are hearing more about the North Loup valley this year than they have for many a year, and they are beginning to take a real interest in seeing our power and irrigation project go through.

Said Mr. Thomas to my sister, who works on the Bee-News, "You may not think 35,000 acres is many to irrigate, but it is quite a few and will make a vast improvement in the condition of the owners of that land. In addition to helping the farmers, this project and two or three others now planned will open up new parts of Nebraska for a variety of new business."

And this conversation took place at a supper party after the Ak-Sar-Ben ball, Mr. Thomas being so impressed that he would rather talk irrigation for an hour or two than about the ball or anything else.

Which impressed me much.

I have heard other details of irrigation discussed since coming here, too. A couple of times I have been asked about real estate values in our county and others close by which this project will affect.

So many automobiles in Omaha and on the highway seem new. Depression seems far away in such surroundings. And where do all the old cars go? Where are they?

Potatoes in our county are seventy-five cents a bushel and up, some being as much as a dollar, and that with winter not yet arrived. And potatoes raised in our part of the state are not so very nice. Due to unseasonable weather, they are small or knobby and any housewife will tell you her opinion of this kind of potatoes to use in the kitchen.

Many hungry poor people will be unable to afford potatoes later this winter, while western Nebraska farmers have cellars full of them because the price is so low. Something is wrong, and I think it is the transportation factor. When cheap, quick transportation is perfected, markets will stabilize themselves, I believe.

Why should people in one part of Nebraska require Red Cross help while others can't sell their produce?

Then again, it makes me quite angry to learn some of those who require county help all winter will turn down chances to work all summer so as to hold up the prices of labor... or for some other reason.

With an uncanny memory of the recurring dates of big blizzards and other famous events of past years W. A. Anderson still cherishes an intense interest in present events.

Recently he called attention to the fact that the sunrise was "crossing the street", in case anyone wanted to arise a little early to witness this event, which takes place just a few mornings each year.

By crossing the street, Mr. Anderson meant that for just those two or three mornings, a few days a couple of times a year, the sunrise was straight down the street to the east, whatever Ord street you stopped on to see the event.

THE COOK'S COL-YUM, YUM! Fall and winter are nearly here, and we will soon have to cook without fresh fruits and with few vegetables, again. But many rich and delicious winter dishes are possible, nevertheless. Oven dinners, casseroles, meat pies, etc., and game dishes are not to be sneered at, and many of the desserts and sauces made with dried fruits or canned ones are very appetizing.

Please send in your old favorites today. The Quiz cookery editor is entirely out of recipes as this column is printed, and not one remains on hand. Please send in your contribution, which will be gratefully received and printed.

Banana Custard Pie. Beat three eggs slightly, add one-fourth cup sugar, one-half teaspoon salt, one and one-half cups milk. Mash two ripe bananas, put through a sieve and add to custard with one teaspoon lemon juice. Pour into a pastry lined pie tin, sprinkle the top with coconut. Bake ten minutes in a hot oven, then reduce the heat and bake until the pie is firm.

DR. RICH says: Grand Island, Neb., Oct. 12, 1933. Failure to recognize the seriousness and importance of reaction trouble and the physical condition of every person who has such an affliction is a crime against the individual, his family, society and intelligently applied medical science.

There is no excuse for wrong doctoring. There is no excuse for failure to recognize dangerous conditions. There is no excuse for not being careful. Everyone who is sick, no matter what their trouble may be, should demand the very best of attention.

Blend together one cup sugar, two tablespoons flour, two tablespoons cornstarch, one-fourth teaspoon salt. Stir in one and one-half cups hot water and cook until thick. Remove from the fire and add slowly two beaten egg yolks and one teaspoon shortening. Cook one minute longer. Stir in the juice and grated rind of one lemon. Cool and pour into a baked pastry shell. Cover with a meringue and return to a slow oven (300 degrees Fahrenheit) until delicately brown.

Mrs. Clayton Burke, Cody, Wyo. Prune Pudding. Mix in the order given one cup stewed and pitted prunes, three-fourths cup sugar, one cup chopped nuts, one-half cup milk, one teaspoon vanilla, one tablespoon melted butter, one-half cup rolled cracker crumbs, one teaspoon baking powder, and a pinch of salt. Place in a buttered pudding dish. Set in a pan of water and bake for forty-five minutes. Serve with whipped cream.

Mrs. L. J. Auble Apricot Pie. Beat three egg whites until stiff, add one cup sugar gradually, then add two tablespoons lemon juice. Fold in two cups stewed mashed (dried) apricots. Pour into a baked pie crust and place in a slow oven for twenty-five minutes. Serve with whipped cream.

Mrs. L. J. Auble Popcorn Balls. Put three cups of syrup and one tablespoon of butter into a pan and boil down until it hardens when dropped in cold water. Stir in the popped corn and make into balls while hot.

Elsie Noha. Caramels. Cook together one cup sugar, one cup syrup, one cup thin cream, one-fourth cup butter. When it strings when dropped in cold water it is done. Whip until thick and wrap in heavy waxed paper. This candy is very good.

Elsie Noha. Card of Thanks. We desire to express our sincere thanks to the many friends and neighbors for evidences of kindness during the illness of our dear father-in-law and grandfather. Especially do we thank those who sat up with him nights.

Mrs. Martha Gorny and Children. George Owen was in Broken Bow doing some work for Dan Needham. Friday Mrs. Needham and daughter Mrs. Wright were in Ord. Mrs. Owen accompanied them home and stayed with George for a few days.

Mrs. E. H. Petty says she received a letter from her mother, Mrs. R. L. Staple, Omaha. Miss Mildred Staple was still confined to her bed. She is having trouble with her heart.

BACK FORTY

By J. A. KOVANDA

It worries a great many farmers to read about new irrigation projects being opened. There is too much land in farms now. When the federal government increases production with one hand, and with the other, through wheat, cotton and corn-hog programs tries to cut it down, we wonder what they are really after.

Several new power and irrigation projects are being planned in the west. These are mainly to re-charge electric power. As they are carried out, sometime in the distant future, water will be available for irrigation of adjacent land.

President Roosevelt has declared definitely, however, that new power, and irrigation projects will not be permitted to bring about an increase of farm land. When new land is opened for farming by some water diversion program, marginal land equal in productivity to the new area will be withdrawn from production.

If 10,000 new acres are to be farmed as a by-product of a power dam, the president will see that from ten thousand to fifty thousand acres, depending on productive power, will be purchased elsewhere in the country by the government and turned back to forest.

The president is determined to help the farmer cut down production so that agriculture can get a fair price for what it raises. And he is taking care to see that new power and irrigation projects do not interfere with this purpose.

Big Opening Day Crowd. Joe L. Dworak had a most successful opening day in his new Red Front Store Saturday, the store being crowded all day and especially in the evening when four prizes were given away to holders of certain numbers. Prize winners were Mrs. John Jablonski, J. T. Knezacek, Mrs. Stella Adams and Kent Ferris. Lloyd Dattel, a representative of a coffee wholesaler, served free coffee all afternoon and evening.

Irrigation Ball Held. Last night Oct. 11th, was the irrigation ball at Johnson hall, Burwell. The affair was sponsored by the Burwell Wranglers club. It was put on to raise funds for the promotion of the North Loup Valley Irrigation project.

WAR

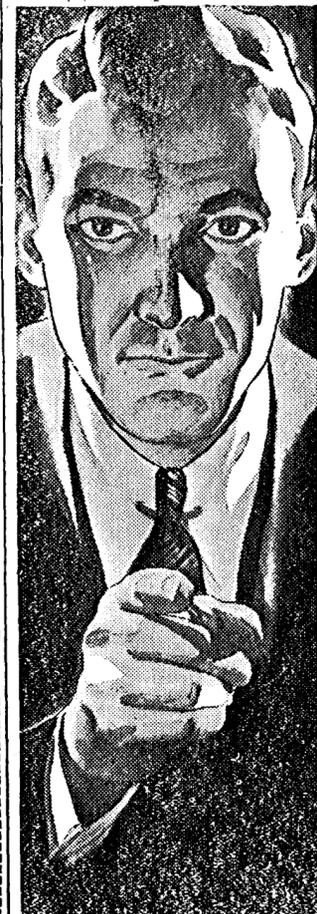

THIS SPACE RESERVED FOR ERNEST S. COATS EACH WEEK. THERE WILL BE MORE ABOUT THE WAR!

It's here good and plenty, not a bloody war but a milk war. One side is the organized dairymen of Ord and vicinity, the other side is the cheapskate who would not join in with us for a living price. He buys cheap cows and milk from common herds and tells us and also the mayor of your beautiful city that he can sell milk for 5 cents because he does not have as good milk as we have. When he says his milk is not up in quality you still buy it at 5 cents. When we as old and experienced dairymen with a herd that is rated as one of the best in Nebraska, know that good, pure milk that will comply with the state law, can't be produced and delivered at your door for 5 cents. Why prejudice your health and that of your family to save 2 cents on a quart of milk?

I have the ordinances of Grand Island, our neighboring city at hand on the sale of milk there, and they would can this 5 cent man and his cheap milk quicker than he would shoot me if he dared to. Our Ord people are just as good and deserve just as good milk as they have in Grand Island. We are giving it to you for 7 cents. This ad is paid for by Ernest S. Coats & Son. We politely request you to patronize the other dairymen of our organization as well as us as we endeavor to give you service, quality and clean, pure milk.

More next week about the war.

BUICK-PONTIAC dealership available for GOOD BUSINESS MAN

THERE is an opportunity right now for some man in this city to establish himself in a permanent and profitable business selling Buick and Pontiac cars... rendering the kind of service that will help Buick and Pontiac owners get the most pleasure, satisfaction and economy out of their cars.

The man we want may, or may not, be in the automotive business now. If he's a good business man... if he enjoys a sound reputation among his friends and neighbors... if he is ambitious, industrious and of the up-and-coming type that can sell, organize and direct the selling abilities of others... we want to hear from him.

On our part, we can give him two great cars to handle... Pontiac, the car that built and shipped more cars during the first five months of 1933 than during all of 1932; and Buick, for many years the sales leader in its price class... a car backed by a 29-year reputation for value second to none in the whole automobile field.

There should be a number of men in this city fully alive to this opportunity. So, if you have reason to believe that you are the man we want, we suggest that you write us at once for complete information. Your letter will be held in strict confidence.

C. W. MELLEN, Zone Manager BUICK-OLDS-PONTIAC SALES CO. Lincoln, Nebr.

Frosty Weather calls for Meat Breakfasts

The season for "toast and coffee" breakfasts is past and these frosty mornings are causing your family to demand heavier morning meals.

How about griddle cakes and sausage for breakfast tomorrow? Our pure pork sausage, freshly made, is delicious and inexpensive.

Or how about a meal of bacon or ham and eggs? We offer our own home-cured bacon and ham at most reasonable prices, or if you prefer we have Swift's, Cudahy's and Dold's bacon and ham.

Have a MEAT BREAKFAST tomorrow, and be sure that the meat comes from this market.

WHEAT PRODUCTION AND ACREAGE STATEMENTS

of Members of the Wheat Production Control Association of Valley County, State of Nebraska.

The following is a statement of the production and planted acreages of wheat in the years 1930-31-32 and planted acreage for 1933 of producers of Enterprise, Michigan, Geranium, Elyria, Eureka, Vinton, Springdale, Ord and Noble Townships who have submitted applications for farm allotments.

This publication is made in compliance with the regulations of the Agricultural Adjustment Administration. It is made so that a check may be made on all statement claims, and so that reports may be made to the county Wheat Production Control Association on any inaccuracies which may appear in the statements.

The allotment for this county has been definitely calculated from official records of the United States Department of Agriculture, and is 43,780 bushels. This is the total allotment for the county.

Therefore, if any farmer receives a greater allotment than his past production warrants, he is thus depriving other farmers in this county of their just share.

Total production figures of those who apply for contracts together with those who do not, must be consistent with the official county production as shown by the records of the United States Department of Agriculture. If the county totals are greater than the official totals, it will be necessary to make a downward adjustment.

Any person may make a confidential report if he finds any statement here which he believes to be inaccurate. Such reports should be made to the community or county Allotment Committee, either in writing or verbally. The reports will be strictly confidential.

A farmer whose statements are said to be inaccurate will need to prove his production figures. Complaints will be heard until Oct. 16.

Farmers have been asked to furnish evidence of production and evidence of sale, such as thresherman certificates, elevator certificates, or other records and receipts. Satisfactory evidence will be required of any farmer whose statement is questioned.

The following statements have been condensed to save space. "A" represents acres planted and "bu." represents bushels harvested. The "3-year average" represents the 3-year average acreage and production of 1930-32. Farmers should refer any questions regarding this publication to their Community Committee or the County Allotment Committee.

Ord Church Notes

United Brethren Church. "And Jesus said unto him, no man having put his hand to the plow and looking back is fit for the kingdom of God."—Luke 9:62. Rally Day and Harvest Festival next Sunday morning. Special program and gospel message. If not attending church services elsewhere you are urged to be present.

Christian Endeavor at 6:30 p. m. Evening worship at 7:30. Theme is "The Gospel of Christ." Prayer meeting Thursday evening at 7:30 o'clock. The Otterbein Guild meets with Margaret Keller on Friday evening at 7:30. Mamie J. Young, Pastor.

Christian Church. Our subjects for next Sunday will be: mornings, "Going Back Where"; evening, "A Certain Rich Man." Mrs. Bart's Bible school class certainly gave us a fine missionary display in their African village last Sunday. May we have a number such during the winter.

The ladies will have a bake sale at Mazac's Saturday. Mid-week Bible study Thursday evening. Bible school 10 a. m. Be there and be on time. Church board meeting following Bible study, Thursday evening. Of course we are all working toward the missionary fair. Time is growing short.

Presbyterian Church Notes. Regular Sabbath school at 10 o'clock followed by preaching service at 10:45. Rev. Warren of North Loup is the pastor. Young people's meeting in the evening at 7 o'clock. The Home Arts circle will meet next Wednesday afternoon.

The men's chorus will meet for practice Wednesday evening. The Philathea class is being entertained this evening at the home of Mrs. C. J. Miller. A good attendance is requested because of the annual election of officers. The members of this class have been busy painting and redecorating the church basement this past week.

Methodist Church. Last Sunday night our Sunday evening services were resumed, the first since the latter part of May. We meet next Sunday at the usual hours morning and evening, and cordially invite the public to worship with us. A public installation of the newly elected officers of the Epworth League was held last Sunday night. The group was presented by Miss Emily Hans, sponsor, and were formally inducted into office with an impressive service. New officers are: President, Arthur Aubrey; first vice president, Kate Roman; second vice president, Mildred Smith; third vice president, Leonard Klima; fourth vice president, Dorothy Jobst; secretary, Dorothy Allen; treasurer, Darrell Noll; pianist, Maxine Haskell; chorister, Sylvia Cornell. Ten new members were added to the roll at the League service as a result of "Rush week."

Hunter; secretary, Mrs. John Haskell; treasurer, Mrs. Sam Marks; study club chairman, Mrs. Wm. Schauer; Kensington chairman, Mrs. Claude Romans; quilting circle chairman, Mrs. H. D. Rogers.

Mrs. Smith and myself wish to express our appreciation for the kind words of welcome extended to us by Mr. Robert Noll in behalf of the church at the reception last Monday night. They were substantiated by a generous supply of groceries, fruits, meats and vegetables which will keep the wolf from the door for some little time. The past year has been a most pleasant one, rich in associations and friendships. We look forward to another pleasant and successful year in the church.

Mearl C. Smith, Minister.

Elvria News. Mrs. T. J. Zulkoski and family and Mr. and Mrs. Edwin Zulkoski attended the wedding of the latter's sister at Loup City on Tuesday of last week.

Mr. and Mrs. Howard Wright of Brainard came up Sunday to visit in the C. E. Wozniak home. Mr. Wright returned Monday morning while Mrs. Wright remained for a longer visit with her parents.

Mr. and Mrs. F. T. Zulkoski and family and Mrs. F. Zulkoski sr., were Sunday dinner guests at the Edmund Osentowski farm home.

Letters From Quiz Readers

Flew In Dust Storm. To the Editor of the Quiz: Just a few lines to let some of my Ord friends know that I landed safely in Long Beach at 6 p. m. Monday. I left Grand Island at noon Saturday, Sept. 30, that nice day, and the dust flew with me as far as Clovis, N. M. I guess everybody remembers that day. There was about a 35 mile wind from the north which helped me make Amarillo, Tex. in 3 1/2 hours. I flew 3,000 feet high and tried to get above the dust but it must have reached to the sky. I could see only straight down and don't know how I would have found Amarillo except that I came to a paved highway and railroad and after following them for 20 minutes, saw the amarillo airport. I landed and took on gas. The wind was so strong it tipped one wing to the ground as we were putting in gas. I took off and flew one hour, made 125 miles, and came out of that dust into a storm. It was so rough that I landed on a farm about 4:30 and it rained and hailed. I stayed all night and until after dinner Sunday. The farmer was J. L. Howard, Ballejboro, Tex. He asked if I knew J. W. Gregory and he said that he did, that he lived about 20 miles from him and bought a hog from him before he died. I left there after dinner Sunday and flew to Roswell in 1 hour, left Roswell and crossed the pass, just having room to go between the clouds and the mountains at 7,500 feet. I landed at El Paso 1 hour and 45 minutes later and stayed there all night, left at 8:30 a. m. and landed in Long Beach at 6 o'clock sharp. I stopped 1 1/2 hours in Glia Bend, Ariz. Had a fine trip from El Paso to Long Beach and just missed another earthquake which came

at 1:10 Monday morning and did some damage in Los Angeles. It took me 15 hours and 15 minutes flying to get home with tail winds all the way.

Yours truly, PERRY BELL

To "Swear Like a Trooper" So popular has this expression become through the centuries that we are likely to accept it as a general allusion to the usually unadorned like speech of soldiers—without wondering whether it might not immortalize the speech of some particular trooper in the world's history. The fact is that the phrase was originally "to swear like a trooper in Flanders," an allusion to the habits acquired by the English troops in Flanders. The simile comes to us from Richardson's "Pamela," which dates 1741.

Adams vs. Jackson In 1828 John Quincy Adams, running for President against Jackson, carried only the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware and Maryland, all of them seaboard states. Jackson carried all the rest. In 1832 Clay carried only Massachusetts, Rhode Island, Connecticut, Delaware, Maryland and his own inland state of Kentucky.

Arcadia Department

By MRS. RAY GOLDEN

Mr. and Mrs. John Lind, farmers residing south of Arcadia, celebrated their golden wedding anniversary last week with anniversary dinners on Sunday and Tuesday. The Sunday dinner was held so that their out-of-town children and their families might attend without interfering with their work. The dinner Tuesday was held for old acquaintances living in St. Paul, and was also attended by their children living in the immediate vicinity. Christine Olsen and John Lind were married at St. Paul, Neb., Oct. 3, 1883. Both are natives of Sweden. They resided at St. Paul and Polk, Neb., moving to Arcadia about twenty years ago. They have eleven children, all of whom are living. They are Mrs. Chas. Johnson, Bremerton, Wash., Clarence Lind and Mrs. Floyd Honstein, Seattle, Wash., Oscar Lind, Roy Idaho, Mrs. Harvey Yockey and Andrew Lind, Grand Island, Mrs. Harry Hallock, Polk, Neb., Mrs. Harold Ledingham, Mitchell, Neb., Mrs. Maynard Carver and Quinton and Leonard Lind, Arcadia. All the children but three were present for the anniversary.

Mrs. M. R. Wall purchased the Schank beauty shop last week, taking possession Wednesday. Miss Gladys Shaheen, beauty operator from Arthur, Neb., is caring for the trade, assisted by Mrs. Wall.

The Arcadia high school football team won from the North Loup team at North Loup last Friday with a score of 45 to 0. They will play Scottia at Arcadia Friday of this week.

Mesdames P. E. Doe, Ray Waterbury, J. H. Marvel and George Zahn were Grand Island visitors last Wednesday.

A number of Arcadia football enthusiasts attended the night football game at Ord last Friday evening.

John Weddel entertained ten of his friends at a wieners roast at the Community park Monday afternoon in honor of his tenth birthday.

The Up-To-Date club held their first meeting of the season at the home of Mrs. N. A. Lewin Tuesday afternoon. Roll call constituted a question box, after which the afternoon was spent at needlework.

Lunch was served by Mesdames Don Rounds, Anton Nelson and Erwin Bossen.

Mrs. Harlow White entertained a number of ladies at a kensington at her home last Friday afternoon.

P. E. Doe, Coach Tuning, Anton Nelson, John Murray, Alvin Hayward, Ross Evans, E. C. Baird and Misses Faye Baird and Elizabeth Hayward were among those from Arcadia who went to Lincoln Saturday to attend the Nebraska-Texas football game.

A group of ladies entertained very delightfully Friday afternoon at the home of Mrs. Betty Sample when Miss Elsie Haines was the honoree at a miscellaneous shower. Assistant hostesses were Mrs. M. E. McClellan and Miss Fannie McClellan. A musical pantomime featuring the life history of the nuptials, Elsie and Eric proved most entertaining. Mrs. Ora Bohrer and daughter Mary being the originators. The first scene enacted was cradle days with Mrs. Ellen Manchester at the piano playing a lullaby while mother rocked the baby. Playtime was next featured with the singing of little folk songs during the children's play hour. Elsie and Eric were next seen with books and dinner baskets wending their way to school to the tune of "School Days." Following came courtship days with Winnie Hamer posing as the maid and Mary Vodehnal the adoring lover. Wedding days with the bride and groom at the altar was staged while "I Love You Truly" was sung again. As they departed for "The Little Gray Home in the West" the entertainers sang "Home Sweet Home," closing with the sunset years, Gene Sample as gray-haired Elsie and Bee Brown her feeble and aged husband tottered in to the strains of "Silver Threads Among the Gold." The room was adorned with autumn foliage and flowers. The affair was most amusing although impressive. The many lovely gifts wrapped in orange and black were then inspected. A dainty luncheon of pumpkin pie with whipped cream, doughnuts and coffee was served. Thirty-two ladies were present.

Will Kildow of Bradshaw was in town on business last week end.

He also called on his old neighbor friends, Mr. and Mrs. Bert Burt.

Owen White was a Palmer visitor last mid-week going down to sell his brooms. Mr. V. Weaver accompanied him. Mrs. F. J. Hughes, Mr. and Mrs. Bill Cox and Owen and Nora White were guests of relatives at Albion Sunday.

Mr. and Mrs. Chas. Cleary are keeping busy greeting old friends of the neighborhood and making drives to surrounding towns visiting relatives and former friends. Saturday night they were guests of the Heibigs at Burwell. Sunday evening Mr. Cleary, with Charles and David Barnhart drove to Sargent to visit Charles' former friend and schoolmate Alva Barnhart. They returned Monday morning. Monday afternoon the Clearys drove to Litchfield to visit a school day friend of Mrs. Cleary's. They expect to return to their California home next Sunday driving a new Studebaker sedan which Charles is purchasing of Frank Schudel.

Mrs. Bill Vodehnal is the newly elected member on the Library Board taking the place left vacant by Mrs. Kildow.

In order that she might receive a constant medical treatment for a time for her eyes, Mrs. Grace Rood has had her daughter Margaret sent to a doctor relative, an optometrist, who with his wife live at Monmouth, Illinois. Dr. A. J. Hughes, Margaret departed Sunday afternoon accompanying Mr. and Mrs. Roy Shoemaker of Scotia who are on a trip to points in Indiana. It is hoped that Margaret will be greatly benefited, though Mrs. Rood states the doctor gives no assurance of real benefit for Margaret's eye ailment.

Under the leadership of Mrs. Stephens The Standard Bearers of the M. E. church held a most impressive installation service Sunday evening. This organization, with the Epworth League gave a fine program following.

Little Merle Jane Jensen was most happy Tuesday evening of last week when returning from school she was first to see and report to her mother the glad news of her brother Ray's return from his three months adventuring in the west. Last July 6, Ray, sixteen-year-old son of Mr. and Mrs. Pete Jensen resolved to do some adventuring so started on a hitch hiking tour of the west. His whereabouts were unknown to his people until a few weeks later when they received his first letter mailed from Seattle, Wash. Ray's objective was his grandparents' home at Yakima, Wash., Mr. and Mrs. Bert Harris who visited their children here in the spring and early summer. With them he spent a delightful two months on their fruit farm, being a valuable aid in manual labor in his grandparents' new home. With them he attended a Nebraska picnic at Seattle. The family here were expecting him home soon, being anxious for him to get back to school. Ray is a senior here this year. He returned home by bus via Pendleton, Ore., traveling through that part of Oregon popularly known through Zane Gray's novel, "Desert of Wheat."

The Woman's Foreign Missionary society of the M. E. church had as guests at their October meeting Thursday afternoon at the home of Mrs. V. J. Thomas, the society's mystery neighbors, so called because of the mysterious manner in which kindly greetings and little gifts have found their way into these friends' homes during the past year. An installation service for the new year's officers of this society was observed in a most impressive manner. Mrs. Millie Thomas was again installed as president; vice president, Ora Bohrer; Rec. sec., Winnie Bartz; asst. sec., Gertrude Lundstedt; corresponding sec., Maude Thomas; stewardship sec., Tilla Barnhart; Standard Bearer, councilor, Mrs. Stephens; Little Light Bearer, councilors, Madams Pearl Bartz and Fred Jackman. Following the mission lesson and distribution of mite boxes the Misses Eula Shinneman and Opal Post in clever Japanese dress with parasols appeared and at the lunch hour these maids served cake and tea. Altogether the occasion was both pleasant and profitable.

Married at the Baptist parsonage at 10 o'clock Sunday morning, Oct. 8, were Mr. Eric Cox, oldest son of Mr. and Mrs. Roy Cox and Miss Elsie Haines, daughter of Mr. and Mrs. George Haines of Davis Creek, Rev. H. S. Warren reading the marriage lines. Attending were the groom's parents and Mrs. Haines, mother of the bride. Following the simple wedding service the young couple left via auto on a brief wedding trip to Lincoln, Omaha and Council Bluffs. They will establish their home here in one of the Frank Robbins cottages in the west part of town. Eric has succeeded his father in the well and aeromotor business here in which work he is being successful. The bride is one of North Loup's pleasing and popular young ladies. For the past several months she has been employed in the Merrill McClellan home. Best wishes are extended by their many friends.

Gift to City of Washington

The park known as Meridian Hill, a gift to the city of Washington, includes about ten acres. The cost was \$470,000. It was bought by the United States government under condemnation proceedings. It appears that there was not sufficient money to purchase the ground and the late Colonel Blount, an old resident of Washington, made up the deficiency.

Chinese Early Paper-Makers

Genuine paper was made by the Chinese from very early times. It was probably brought into Europe during the Twelfth century through the Moors. About 1150 a paper mill was established at Fabriano, in Italy. The manufacture spread to France, Germany and England. In 1600 the first paper mill in America was built by William Rittenhouse at Roxborough, near Philadelphia.

Growing Opium Poppies

The successful cultivation of opium poppies is possible only where there is not an excessive rainfall and where the climate is tropical or subtropical. Also, the industry can be successfully carried on only where labor and land are sufficiently cheap and abundant. The cultivation of poppies for the production of opium is therefore not possible in this country and it would undoubtedly not be allowed even if it were feasible.

Chamber Music

Chamber music is music written to be played in a small room or hall by a small group of instrumentalists and is familiarly applied to solos, quartets and quintets. The first musician who wrote any chamber music of importance was Joseph Haydn, who wrote about 83 string quartet compositions. Next in importance came Mozart and then Beethoven.

ADVISORY BOARD ENTHUSIASTIC ON NO. LOUP PROJECT

Nebraska Officials Will Boost Our Project At Washington, They Promise In Report.

When Bert M. Hardenbrook, president of the North Loup power and irrigation district, left for Washington, D. C., last week he carried with him the report of the Nebraska public works advisory board on the local project and so enthusiastic is this report that the Quiz reprints it in full this week.

Members of this board are Dan V. Stevens, J. E. Lawrence and John Latenser, Jr., and the report printed below is addressed to Colonel Henry M. Waite, deputy administrator of public works and is signed by all three of the board members.

The Nebraska board is ready to "go to bat" for the North Loup project, they promised Mr. Hardenbrook, and will even go to Washington to plead our cause if such action is necessary.

Their report to Colonel Waite follows:

"The North Loup River Public Power and Irrigation District, organized in full compliance with Nebraska Laws, embodied in S. F. 310, proposes to construct irrigation works watering a fertile valley about 40 miles in length, and varying from 6 to 15 miles in width, embracing, in all, 37,860 acres of level bench land, and it further proposes to build hydro-electric power plants capable of generating 32 million kilowatt hours annually. The total cost of such development would be \$2,905,051, of which \$1,789,849 would be spent for labor and \$747,700 for materials. It would put 2,000 men to work for a period of a year and a half.

"The Nebraska Advisory Board in approving this project desires to call attention to the following basic reasons it believes are vitally important in its consideration:

1. The project fits in completely with the program of planned agriculture now being developed by the administration.

2.—It is highly essential to the stabilization and progress of a settled region populated by 23,000 people, either directly or indirectly dependent upon farming for their livelihood. Nine towns and cities have been built in the North Loup Valley. The farm settlements in the valley and the founding of those towns go back more than fifty years, as indicative of the permanent character of the activities existing there. The soil is rich, and in the judgment of Dr. George E. Condra, director of the soil conservation and survey division of the University of Nebraska, unrivaled in its adaptation to irrigation.

Goddard Is Rotary Speaker.
John Goddard, manager of the Brown-Ekberg store here, was the speaker at the Ord Rotary club's Monday evening luncheon and told interestingly about his recent trip to the world's fair and American Legion convention at Chicago. The club will not meet next Monday evening as members are going to Broken Bow October 26 for an inter-city meeting.

Firemen at Convention.
Delegates from Ord to the state volunteer firemen's convention at North Platte, which is being held this week, are Cecil Clark, Mark Tolen, Alvin Jensen, C. B. Gudmundsen, A. J. Shirley and W. E. Lincoln. They left for North Platte Monday.

Church Meeting at Beatrice.
Several Ord delegates will go to Beatrice next week to attend the convention-institute of the Nebraska Council of Christian Education, being held Oct. 23 to 25 in the Centenary Methodist church there. Dr. G. W. Rosenlot of Lincoln is president of the convention. A registration fee of 50c will be charged all delegates and rooms will be provided at a cost of 1c per night.

—Mr. and Mrs. Jerry Hlavacek are planning to move to Chicago about November 1. They came from that city to Ord some years ago and Mr. Hlavacek operated a meat market here until he disposed of it a few months ago.

—Miss Iola Mae Williams was a guest Sunday in the country home of Mr. and Mrs. Charles Clonch. Sunday was Miss Iola Mae's birthday. Her mother baked her a nice birthday cake and the evening was spent pleasantly at home. Her brother Wilford Williams and family were guests.

—Mr. and Mrs. John Nelson had several friends at their country home Sunday afternoon. Those to enjoy the Nelson hospitality were Ole Nelson, Mr. and Mrs. Roy Nelson, Mr. and Mrs. Joe Rowbal, Mr. and Mrs. Paul VanKloek, and Mr. and Mrs. Theron Nolte and their families. All had a very pleasant afternoon and a bountiful dinner.

—Miss Myrtle Milligan and some friends will spend the week end in Ord, guests of Miss Milligan's sister, Mrs. Leonard Parks.

Ord Blanketed By Smoke Sunday Due To Prairie Fire

Ord was blanketed by a dense cloud of smoke Sunday afternoon, giving rise to fears that the town was aflame, but after considerable speculation it was learned that the smoke came from a prairie fire in Greeley county, about fifteen miles northeast of Ord. Crops and pasture on three ranches were burned and the fire raged over an area three miles wide and five miles long.

The fire began about noon on the Ward L. Miller place and later moved onto the Ben Granger and Guy Schoonover farms before it was stopped about 5:30 p. m. by a back-fire. Nobody was hurt and no buildings were damaged.

At the Granger farm about 50 tons of hay in five stacks were destroyed and about 100 tons were burned at the Schoonover farm. Seventy men joined in the fight to stop the fire.

The most peculiar odor to the smoke was noticeable in Ord throughout the afternoon and Associated Press dispatches indicate that the same odor was noticed as far south as Concordia, Kas., and as far north as Watertown, S. D. In Lincoln and Omaha newspapers received many telephone calls from people who noticed this odor. Whether or not it came from the Greeley county fire has not been determined but this seems impossible since the odor was noted at Watertown, S. D., early in the morning and the fire in Greeley county did not start until about noon.

Ant on Volf's Corn Husked By Neighbors

As a neighborly act toward Anton Volf and family, because of Mr. Volf's illness, a large number of neighbors and friends gathered at his farm twelve miles west of Ord Monday and held a husking bee, getting out about 1,200 bushels of corn. In the group were Joe Holoun, Jr., Aldrich Janicek, Albert Volf, Wencil Sedlacek, Albert Parkos, Jr., John Volf, John John, Jr., Frank Hisek, Paul Vohdehal, Frank Volf, Lew Zadina, Anton Radil, Frank Fischer, John Benben, Joe Parkos, Ed Skala, Emil Sedlacek, Casper Zulkoski, Bill Penas, Lew Penas, Ed Marash, Joe Sestak, Emil Zlomke, Will Turek and Bill Moudry. At noon Mrs. Joe Holoun, Jr., Mrs. John Volf, Mrs. Albert Parkos, Mrs. John Benben, Mrs. Aldrich Janicek, Mrs. Joe Parkos, Mrs. Albert Volf, Mrs. Ed Skala and Mrs. John John, Jr., went to the Volf farm and assisted with the husking. To all of these neighborly men, the women Mrs. Volf and daughter Evelyn are very grateful and wish to express their thanks.

Mr. Volf had a very serious operation in Clarkson hospital, Omaha, two weeks ago and it will be at least another week before he will be able to come home.

Walks to Grand Island.

Stealing from her bed at 4:00 a. m. Monday, Joy Loft, 12-year-old daughter of Mr. and Mrs. L. M. Loft, set out to walk to Grand Island to visit an aunt. Some slight trouble at school caused her to take this action. She neglected to tell her parents about the trip so when her absence was discovered Mr. and Mrs. Loft at once notified Sheriff Round. The little girl had been seen walking down the railroad tracks at an early hour Monday so the sheriff, learning about the aunt in Grand Island, notified the city police and about 9 o'clock Monday evening they reported that Joy had arrived in her aunt's home. She had walked to Cotesfield and caught a ride from there to Grand Island. Mr. Loft drove to the island after her Monday evening and she was back a few hours in the sixth grade Wednesday morning, none the worse for her experience.

New Flags Feature Red Cross Drive

The annual drive of the Red Cross for membership which will be conducted as usual this year being given, will be featured in Ord by some new banners. The new flags, ten of which will be displayed about Ord, are now in process of construction and will be rectangles of white with the familiar Red Cross motif on the center of each side of the flag, so that the flags have no right or wrong side.

Miss Clara McClatchey is county chairman again this year, and Joseph E. Barta is again treasurer. Both offices having been held by the incumbents for several years most satisfactorily. Mrs. Keith Lewis is chairman for the Ord Red Cross drive, and at her request the flags are being made by members of Daleth chapter of the Delphian society.

Held Here for Forgery.
Richard Menser, of Kearney, Neb., was arrested by Sheriff George Round Monday upon request of the sheriff at Minden, who wanted Menser for forgery. The Minden sheriff came to Ord after young Menser Monday evening.

Free Style Show.
Everyone is invited to attend the style show Friday night, Oct. 20 at the Ord Theater. Between shows. No additional charge. Chase's Toggery.

'BEAT BURWELL' IS ORD SLOGAN AS GAME NEARS

Rivalry Of Adjoining Towns Towns Will Be Resumed Under Lights of Bussell Field.

Smarting under the sting of three consecutive defeats, Coach Cecil Molzen's Ord high school Chanticleers this week are going through strenuous preparations for their clash with Burwell under the flood lights of Bussell park field Friday evening and the slogan in Ord high school is "Beat Burwell!"

The Ord gridsters will be underdogs for they have lost to Scotia, St. Paul and Broken Bow while Burwell has defeated North Loup, Taylor and Loup City, scoring sixty-two points to a big zero for their opponents.

Ord's latest loss came last Friday evening at the hands of Broken Bow, the score being 12 to 0, but so much improvement was noted in the Chanticleers' play that fans are giving them a slight chance to beat Burwell this week. These teams are natural rivals and their battles are always fought bitterly. In recent years Burwell has had a big edge in football victories while Ord has triumphed more often on the basketball court. History will repeat itself tomorrow night so far as football is concerned, Burwell boosters say, for their 1933 eleven is a fine one, though the weak opponents they have played so far have failed to give an idea of Burwell's true strength.

Coach Molzen will be able to put a stronger team in the field against Burwell than he had against Broken Bow because Steinwort, his backfield ace, has recovered from injuries received in the St. Paul game. In the Broken Bow clash Ord's defensive showing was quite satisfactory but the offense bogged down at crucial moments. With Steinwort assuming a leading role, the Molzen-men are not conceding Burwell a thing.

Several hundred Burwellites are expected to accompany the team to Ord Friday night and the crowd at Bussell park will probably be the largest of the year.

17 Rotarians Dine With Sargent Lions

Seventeen members of the Ord Rotary club drove to Sargent last Thursday evening and had dinner with the Lions club there, the meal being served at Odd Fellows hall. Twenty-two of the Lions were present and the dinner was a very enjoyable affair. The program was provided by the Ord club, short talks being made by Clarence M. Davis and C. C. Dale, two vocal solos being given by Dean S. Duncan and a number of accordion selections by Joe Puncocarter. Sargent Lions will be entertained in Ord at some future date.

News of the Neighborhood

—Tuesday evening Miss Della Higgins entertained her card club of eight members in the home of Mrs. C. J. Miller.

—Howard Huff is expecting his uncle Lee Huff and some of his friends from Omaha to be here during pheasant season.

—Sunday afternoon Rev. W. M. Lemar was pleased when his parents and two sisters of Bayard arrived in Ord for a visit with the Lemar family.

—Mr. and Mrs. Dave Vincent and family of Sargent, Mr. and Mrs. Ign. Krason and family, Mr. and Mrs. Frank Golka and family, and Pete Kaputka were guests at the Joe Sonnenfeld home Sunday. Mrs. Vincent is a sister of Mr. Sonnenfeld.

—Mr. and Mrs. Anthony Thill went to Lincoln Sunday to see the latter's mother, Mrs. Julia Mitchell, who has been ill for some time. From Lincoln Mr. Thill went to Omaha to attend the Odd Fellows convention.

—Mr. and Mrs. Will Treptow entertained a few friends at a 5:30 dinner Sunday evening. Guests were Mr. and Mrs. Emil Barta, Mr. and Mrs. Ed Zikmund, Mr. and Mrs. Emil Zikmund and son, Bobby Haught and Mrs. George Hastings of Arcadia.

—Mrs. Elroy Staley writes that they are living in Gering and not in Ewing as it had been reported. When they left Ord they had planned on going to Scottsbluff, but could not find a suitable house, so located in Gering. Mr. Staley is at work in Scottsbluff as he planned on doing before leaving Ord.

—Degree of Honor lodge was in session Tuesday evening in the Legion hall. Madams Oscar Enger and George Hubbard and others had decorated the hall in Halloween colors. Even the table was pretty in black and yellow and black cats were everywhere. Several games calling for steady games were played. Madams John Mason, Jud Pedro and Ed Wilcox carried off the prizes. Mrs. Oscar Enger and committee served a nice luncheon suitable for the Halloween celebration.

From \$75 to \$175 Per Month Is Jump In McLain's Salary

On Tuesday, October 3, Everett McLain, former Ord boy, was notified of his appointment as acting county engineer of Clay county at a salary of \$75 per month and the next morning began his new duties, thankful to get a job for the winter even at this low salary, conditions being as they are. But he did not hold the job long.

When Everett returned home from work that night he found waiting for him a letter from the United States government and in it was his appointment to an engineering position on the Boulder Dam at a salary of \$175 per month.

Before returning to Nebraska young McLain was employed in federal highway work in Arizona and California, but the jobs being finished, he was laid off and decided to seek other employment instead of remaining idle until Uncle Sam again had need of his services.

But now he is back in Uncle Sam's employ, after a short visit with Ord relatives and friends. He will be employed at Boulder Dam, Colorado, for the next three years, he expects.

VALLEY COUNTY CORN SHUCKING CONTEST OCT. 24

North Loup Community Club Sponsors Event on Pokraka Farm; \$22 In Cash Prizes.

On Tuesday, October 24 on the Ignatius Pokraka farm 1-1/2 miles north of North Loup, the annual Valley county corn shucking contest will be held and any corn husker in the county is eligible to compete. This is the first such event held since 1930, though in former years a contest to determine the county's best shucker was held every fall.

The contest next Tuesday is being sponsored by the Community club of North Loup and prizes aggregating \$22.50 will be offered. The first prize winner will get \$10, the second \$6.50, the third \$4.00 and the fourth \$2.00. In addition to this the Community club will pay expenses of the winner to the state shucking contest at Cozad November 2.

Anyone wishing to enter next Tuesday's contest is requested to register at Knapp's hardware store at North Loup before Saturday night, October 21, either in person or by telephone. No entry fee will be charged.

OPEN SEASON ON PHEASANTS WILL BEGIN OCTOBER 22

Long-tails Scarcer Than In 1932 But Good Sport Expected; Many Hunters Coming.

Beginning at sunrise Sunday, October 22 and continuing for ten days, pheasants may legally be shot in Valley and all surrounding counties and as usual a large crowd of hunters from away will visit Ord to take part in this fascinating sport. The daily bag limit this year is five, of which two may be hens.

The pheasant crop this year is smaller than usual in most sections of the county, due partly to hail and heavy rains when the birds were small, partly to the depredations of crows, and partly to the fact that pheasants have been severely hunted all year by people who don't take the game laws too seriously.

There are plenty of pheasants left, however, and good sport is being expected by local scattergun artists. Corn fields are so tall this year, though, that it will be difficult to flush the birds within range and it is likely that more hunting accidents than usual will be reported. Game Warden Bert Lashmet urges upon all pheasant hunters the necessity of being extra-careful this year, particularly when hunting in corn fields.

The usual number of hunters from Lincoln, Omaha and other places are expected to visit Ord again this fall. Almost every family will have a guest or two from other localities some time during the season and Mrs. Partridge and Bert Boquet, owners of local hotels, report reservations coming in at a high rate.

—Homer Rupert Promoted.
—North Loup, Oct. 18.—(Special)—Homer Rupert, who has for the past two years been in charge of the Nebraska Securities Corporation's farm property near here and in Sherman county, last week received word that he has been appointed general superintendent of all the corporation's farms in Nebraska. He assumed his new duties this week. The Rupert family expect to move to Omaha about January 1.

—Short Term of Court.
Monday was the day set for the opening of Valley county's fall jury term of district court but when Judge E. P. Clements opened court at 9 a. m. it soon developed that there were no cases to be tried so a jury was not empaneled. Most of the morning was devoted to reading the docket, which was made up mostly of foreclosure cases, and Judge Clements issued orders in several cases, after which court was adjourned.

Open Season On Ducks Proves Disappointing

The open season on ducks and geese, which began October 1 and continues until the last of November, has so far proved a disappointment to hunters of this locality. Although advance reports said that ducks were much more plentiful than usual in the sand hills, few of them have been killed on the North Loup river. Colder weather may bring a flight down the latter part of this week, hunters believe.

The first geese of the season were seen Sunday on the river. They were the small Hutchinson geese which are marked exactly like the large Canada geese but are only about the size of the northern mallard. Ed Parkos and John Jelinek massacred a couple on the Cedar Sunday, and a few more were seen on the river near Ord and several were killed in the North Loup vicinity.

—Jacquet Leases Station.
N. R. Jacquet, of Merna, has leased the Megrue service station in Ord and took charge this week. E. E. Megrue, who had planned to move to Ord and operate the station himself, will remain in Scotia. Mr. Jacquet will be assisted by B. C. Boquet, who has managed the station for several months.

—Mrs. Frank Sinkler has infection in her left hand. She was in Ord last Wednesday and Dr. Henry Norris performed a minor operation.

—Mrs. Howard Wright of Brainard and her sisters Mrs. Albin Caroski and Miss Lucille Wozniak were down from Elyria for a few hours Saturday.

—Women's club met Tuesday afternoon with Mrs. Wilbur Cass and Mrs. L. D. Milliken had charge of a lesson on "Century of Progress." Mrs. Milliken was assisted by Madams Mark Tolen and C. A. Hager.

—Mrs. George Kuehnle left yesterday for her home in Nora Springs, Iowa after a visit of several days with her daughter, Mrs. Will Misko and family.

—Ernest Rahlmeyer returned home last week from Grand Island, where he has been receiving medical treatment.

North Loup Townies Lose Grid Game To Grand Island Legion

The North Loup town football team, which is giving fans of the Loup valley region games of college calibre, lost a tough battle Sunday to the Grand Island American Legion eleven, the score being 7 to 0. On the previous Sunday North Loup defeated the Harvard Giants 6 to 0.

The Loupers offense is built around an Ord boy, Archie Mason, who formerly starred on the Kearney Normal eleven. Sunday Mason played three quarters of the game and was an important factor both on offense and defense. Other North Loup players include K. Barber, Fuller, Calvin and Clarence Lee, Brown, Williams, Ernest, Schaffner, Chadwick, Baxter and Manchester.

In the Grand Island line-up appeared Roy Mandery, who once starred on the University of Nebraska team, and several men who have played baseball and basketball in Ord, notably Mehring, Scherffius, Wunderwald and McElroy.

Ord fans are trying to arrange a game between North Loup and some other strong town eleven to be played on the flood-lighted field in Bussell park. If such arrangements can be made the game will be a real treat to local grid fans.

Final Obsequies For Joseph Kosmata Held

At the Bohemian hall in Ord at 1:30 p. m. last Thursday, funeral rites were held for Joseph J. Kosmata, who departed this life on October 10, 1933 at the age of 70 years, 7 months and 29 days. Rev. B. A. Filipi of Clarkson, Neb., conducted the services and pallbearers were Frank Adamek, John Maruska, Frank J. Dwork, Frank Stara, Joseph Bartos and Frank Koupal. Music was furnished by a quartet composed of J. R. Stoltz, P. B. Blasing, H. H. Eddy and E. Mouter, with Mrs. Marlon Cushing at the piano. Interment was in Ord cemetery.

The deceased was born Feb. 9, 1863 at Litoradice, Czechoslovakia and in 1886 came to the United States with his parents and for a year lived in Chicago, moving from here to Spillville, Ia., and thence to Nebraska where he lived at St. Paul for a year. From St. Paul he came to Valley county and until the last eleven years occupied a farm near here. Since then he had lived in Ord as a highly respected retired farmer.

On June 19, 1888 Mr. Kosmata was united in marriage to Frances Hrdy, who departed this life in 1891. One son was born to them but died in infancy. On Feb. 18, 1892 Mr. Kosmata was married to Marie Jarusek and to them six children were born, one son, Joseph, dying in infancy. The other five children, all daughters, survive.

Besides his wife and five daughters, Mary Valasek, Emma Severson, Anna Novotny, Barbara Ptacnik and Helen Vavra, he is mourned by four brothers, Frank, of Central City, Mat. John and Tony, of Ord, by eight grandchildren and by a host of other relatives and friends.

First Play Day Of Year Held In Ord

Ord was hostess to 125 high school girls at the first play day of the year yesterday at the Ord high school. Delegations of fifteen girls and a sponsor came from the towns of North Loup, Sargent, Arcadia, Taylor, Scotia, St. Paul and Burwell. Miss Velma Crouch was sponsor for Ord and Miss Alma Hansen, president of the girls' athletic association extended the official welcome to the visitors, to which an Arcadia visitor responded.

Opening at one p. m., the program contained also two musical selections by the Ord high school girls' glee club, a one-act fantasy called "Pierrot's Mother" given by three girls from the dramatic class of Ord high school, and a tap dance by three young ladies of the Ord group.

Thereafter the afternoon was divided into four play periods, with four games going each period, basketball, kitenball, soccer and relays. Each girl had an opportunity to take part in every game during the course of the afternoon. At the end of the game periods lunch was served by the home economics classes to the guests.

These play days have been held for a couple of times each year for the past several seasons, and serve the purpose of acquainting girls from the various valley towns with one another, and promoting their friendship and co-operation.

—Mr. and Mrs. H. G. Frey and son Ross say that they had a very pleasant time at the world's fair. They were there a little over a week.

—Mr. and Mrs. Nels Jensen and son Frederick spent Sunday in Sargent assisting a brother, Chris Jensen to celebrate his birthday. Chris came to Ord after his brother and family. George Jensen brought Nels and family home.

—Mr. and Mrs. Lloyd Alderman, Mrs. M. Alderman and Miss Doris Alderman of Garfield county were Ord visitors Saturday and guests in the home of Mr. and Mrs. August Peterson.

ORD MERCHANTS ARE VICTIMIZED BY CHECK ARTIST

Produce Checks Stolen at Centre Are Forged and Cashed Here; Sheriff Has Clues.

Forged produce checks to the value of about \$80.00 were cashed by unsuspecting Ord merchants on October 7, it developed here last Saturday when the checks began to come back from the Omaha clearing house, and as a result Sheriff George Round is busy this week following down clues that he hopes will lead to the arrest of a heavy-set stranger who cashed the checks.

Stores victimized in this fashion included Pecinka & Perliniski, Andersen's, the Farmers' store, F. J. L. Benda, Will Misko and probably others.

In each instance the method was the same. The produce checks, which were printed with the name of the Harding Creamery company, were made out to one "J. L. Anderson" and bore the forged signature of L. M. Loft, manager of an Ord cream buying station. Below the signature of Mr. Loft appeared the words "By Mrs. L. M. L." which is the way Mrs. Loft signs checks when she buys cream at her husband's station during his absence.

The checks varied in amount from about \$5 to more than \$9 and in each case the forger made a small purchase and took change for the balance. Cream checks are the universal medium of exchange in Ord on Saturday and merchants who were offered the checks gave them only a cursory inspection and cashed them without question, it develops. In future they will be more careful.

As soon as the forged checks began to come back from the Omaha clearing-house last week end Sheriff George Round got busy. All Harding produce checks are numbered and investigation soon disclosed that the checks forged here were stolen October 6 from a Harding cream station at Centre, in Knox county, Nebraska.

All of the Ord merchants who were victimized agree that the man who cashed the checks was of medium height and would weigh about 215 pounds. He was dressed in overalls. Apparently the same man cashed all of the checks. At the time he was in a shop, where he purchased a cheap traveling bag and a dozen pairs of husking mittens, an employe reports that the forger drove a car, a small coupe, although he does not remember what kind of car it was. The forger had him carry the traveling bag and mittens out of the store and put them into the car but the transaction was so normal in every way that he did not observe the number of the car or even the make, he says.

Sheriff Round has been busy checking up with authorities at Centre and has a number of clues that may lead to arrest of the forger, though he had almost a week's head start before the forgeries became known.

Married by Judge Andersen.

Miss Helen Vanek, of Comstock and Joe Kocourek, of Burwell, were united in marriage last Wednesday by Judge John L. Andersen. The groom is a carpenter and he and his bride will make their home in Garfield county.

George Parkins Honored.

Dr. George A. Parkins, of Ord, has been honored by the American Optometric association by being appointed on the board of governors of the "Research Council of Optometry," which is conducting special work at Johns Hopkins university at Baltimore, Md., under the personal direction of W. G. Beasley, Ph. D., and at the University of Pennsylvania under the personal direction of Robert H. Peckham, Ph. D.

My Own Column

By H. D. LEGGETT

I noticed that my friend, Charley Beushousen of the Sherman County Times, quit abusing his competitor last week long enough to take a few shots at me. If half what he has said about his competitor during the past few weeks is true, I should think the said competitor would want to crawl off and die; likewise if half what the competitor has said about Charley is true, well, if I was Charley I wouldn't try to start a row with anyone else. If those Loup City newspaper men could know just how the people of their community feel about their fighting through the paper they would quit and try to make a newspaper, instead of a dirty, villainous sheet like each has been putting out for some months.

About a dozen people in the vicinity of Ord sent in their subscriptions the past week, to the daily papers and only two or three of them let me have the business. If those who sent direct had given me the business, I would have made a 10 per cent commission, it wouldn't have cost them a cent and would have really saved them a little postage and time of writing. I will appreciate your subscription business for any of the daily papers or for any magazine and guarantee it won't cost you any more in any instance.

What Beushousen jumped on me about last week, was my claim that Ord is the best town within a radius of fifty miles in which to trade and I am not yet convinced that I mistated the facts. Possibly there is no way to prove it. Charley said he got his produce prices on Thursday morning. He showed a cent more on cream and eggs and 2 cents more on heavy poultry than the Ord market report in the Quiz. We got the market on Wednesday. The next morning, or Thursday the produce price in Ord had advanced so it was the same, on Thursday, as Loup City. I am guessing that on Wednesday when the Quiz got its prices the prices in Loup City were the same as quoted in the Quiz. Had the Quiz gotten the prices

Frosty Weather calls for Meat Breakfasts The season for "toast and coffee" breakfasts is past and these frosty mornings are causing your family to demand heavier morning meals. How about griddle cakes and sausage for breakfast tomorrow? Our pure pork sausage, freshly made, is delicious and inexpensive. Or how about a meal of bacon or ham and eggs? We offer our own home-cured bacon and ham at most reasonable prices, or if you prefer we have Swift's, Cudahy's and Dold's bacon and ham. Have a MEAT BREAKFAST tomorrow, and be sure that the meat comes from this market. Pecenka & Perlinski

Thursday the prices would have been the same as shown in Loup City. This is about the prices in the papers of October 7. In the papers of October 14 I fail to find the Loup City market in the Beushousen paper but the other Loup City paper printed the Loup City markets and they are lower than were the Ord markets as printed in the Quiz. And so I feel justified in repeating, that week in and week out it will be found that produce prices in Ord are better than in the surrounding towns.

Mr. Beushousen also took umbrage at something I said about our Saturday sales. He said that on Saturday October 7 their Loup City sale amounted to six thousand dollars. Now Charley that was a fine sale. This is the season of the year when a great many cattle are sold through the auction rings at these community sales. I presume a six thousand dollar sale is a pretty big one for Loup City. On the same day the Ord sale held by Col. Weller at the Ord sale pavilion amounted to just three and a half times the amount the Loup City editor brags about and I presume that is a very fair comparison for the two sales week after week.

Of course it would be hard work to find any Loup City people who would admit that Ord is a better town than Loup City and that is as it should be. I would sure be puffed at any Ordite who would claim Loup City or Burwell or Broken Bow a better town than Ord. I honestly think that Ord has the best stores, the best banks, the best preachers, the best looking women of any town in this neck of the woods. The Ord editors might not be able to stack up for facial beauty with the Loup City editors but if I am not better looking than Dan Webster, or Curt Parsons I am ready to have my face lifted. Yes, and if I don't quit I may get it lifted for some of these editors are mighty touchy about their looks.

A farmer friend, just in the office, wants to know what I think about the N. R. A. I am not going to say, not in print. I just had a letter from President Roosevelt with a card of questions to answer. I had to look up records to answer them and when I got done I found that five employees, now, are getting more money each Saturday night than six were getting in June. And that would be fine if I had been able to increase the price of my product in proportion but I have not increased it a bit. I am going to have to do so though, just as the merchants have all had to increase the prices of their merchandise. Only they will holler when I increase my prices and they get peeved as blazes when I complain about them advancing prices.

Almost everyone who does anything makes mistakes. Most of us, looking back over our transactions of the past ten or twelve years, can see many mistakes that we made. Last week the boys in the back room made a mistake by leaving the name of the Anderson Grocery ad on the back page of the Quiz. Because of a certain well known saying in the ad practically everyone knew who the ad was for and I believe Anderson's had a good business as a result of the ad. Of course I didn't charge them for the ad but I did have a good mind to make the man who made the error pay for it and will do so next time he does it. And the first man (printer) who never makes a mistake, can come in and go to work in the Quiz shop right away.

Are you reading, in the daily papers, the things Senator Norris is saying about the power trust? How I wish we could have Norris for president of these United States.

Yes, and by the way, are you also reading in the daily prints, the number of writers who are indicating that this country is headed for a dictatorship? I believe I would rather see the right man dictator than to see the Hoover-Mills crowd back in power with a congress that they could handle as they have been able to handle some congresses in the recent past.

Mrs. Will Wheatcraft of Davis Creek was in Ord Saturday for a short time. She was calling upon her parents, Mr. and Mrs. Charley Stichter.

Something Different

The Omaha girl to whom quiet, likeable Robert Weller was engaged at the time he so tragically committed suicide in Ord a summer or two ago is rebuilding her life on a new, happy plan.

Mary Woodland is now the owner, operator, and teacher of a nursery school for children which she calls "Humpty Dumpty House". In a modern house in a good district she has built a little paradise for children, where babies of pre-school age receive the careful, most scientific care and attention, enjoying themselves immensely all the while. Several teachers preside.

For a charge of about \$55 a semester per child, Miss Woodland takes these little ones for several hours a day, regulars take their tea, their rest and feeds them properly at the times they need it. For this purpose the house she uses has been completely equipped and re-furnished with child-size things. There is only one chair for a grown-up, and it sits lonesomely behind her desk. All other chairs and tables are tiny things. In one room each child has a little shelf, a little hook, a comb and basin, all the tools for keeping clean. On the floor of one big room, rows of little mats, each one belonging to a small owner, who lays down on it to rest at stipulated periods.

The sixteen little students enjoy themselves immensely in this place where grown-ups feel big and ill at ease. Out in an enclosed backyard are many types of outdoor equipment for them to use. Small slides, gliders, swings are set about with many other pieces of scientific equipment for developing a child's body and personality in just the right way. From the back door of the house the walk leading into the backyard is made into two small narrow cement trails, so that the little tots, marching out two-by-two feel that it belongs only to them.

At lunch time, the children get the food they need. Tots who are undernourished get heartier feedings and more rest periods. Every way to exercise and work of these children is made good for them and fun for them. Opened in September, the little school is doing well for the children and rapidly paying back Miss Woodland for the big sums she spent for specially built equipment and furnishings. And the children are having fun. It isn't pre-school training to them, it is fun at Humpty-Dumpty House.

At Schuyler, where the big flour mill burned recently, I noticed a few canyons, one lined with petunia borders about a foot wide. As late as it is, these flowers still bloomed gayly, reaching out over the curb to welcome all who drove through that place. They were mighty pretty.

Young Stuart Hosman, once of Ord, now manages the coffee shop at the hotel Keen in Omaha and does it competently, too. Rather early American in furnishings, the place serves nice food nicely. Living at this quiet residential hotel is his wife, formerly Wilma Abernethy of Ord, and their two children. The oldest child, a little boy about thirty months or so, comes down to eat with his mother and behaves more sedately than many grown-ups. In fact I believe he is the most mannerly tiny child in a restaurant I have ever seen. His baby brother is a cute feller, too.

When You and I Were Young, Maggie

25 Years Ago This Week. A little daughter of Mr. and Mrs. Porter Long swallowed a bean and it lodged in one lung, causing death three days later. Farmer Botts and Tommy Tibbles were stumping the county in the interests of W. J. Bryan and the populist party. Mrs. Mount and Miss Marie Goodhand drove to O'Neill and registered for the land drawing. They made the trip by auto without trouble.

Professor Ulrich Sorensen was advertised to make a balloon ascension, shoot off fireworks high in the air and reach the ground by making a parachute jump. Horses owned by Tom Williams, Raymond Gass, Bud Auble, Will Hather, Albert McMinder and Irl Tolson won races at the Ord Racing association's meet at the fair grounds. Fred Bell's merry-go-round was another attraction at the race meet.

20 Years Ago This Week. Samuel Warner, Civil war veteran and Ord resident since 1881, went to his reward. A tornado struck Sargent and other towns in Custer county and did a great amount of damage. Although a high wind blew at Ord not much damage was done here. Henry Fales had bought the Thorne lunch counter on the southeast corner of the square.

Miss Bess Mason, who taught school in Mira Valley, was seriously ill and Miss Ethel Travis had taken over her duties temporarily. Charles Weverka was instantly killed when he and the team he was driving fell into a canyon forty feet deep in the west part of Valley county. While returning from Broken Bow, Clate McGrew's car jumped a bridge near Comstock and Mr. McGrew, his wife and Harry Walters were quite badly hurt.

Mrs. Mary Klima has not been well lately and recently had her lower teeth extracted.

ADVISORY BOARD ENTHUSIASTIC ON NO. LOUP PROJECT

(Continued from Page 1).

"Beyond the valley is the range which supports the cattle industry. It also reaches back to the years immediately following colonization of the plains. Here was the end of the trail for the herds brought north from Texas. Here, for over fifty years, hundreds of thousands of cattle have been run out to the grass, to be fattened and finished upon the corn and alfalfa produced in the North Loup Valley.

3.—The cattle industry faces extinction, unless a sufficient quantity of corn can be produced nearby to prepare the herds for market, without the added burden of shipping it in from distant points at an expense of from 6 to 12 cents a bushel. With only one exception in the last ten years has a sufficient amount of corn been raised to support the cattle grown on the adjoining range country, presenting the necessity therefore of shipping in between 500,000 and a million bushels annually. Irrigation of the North Loup Valley would not add to the surplus accumulated through production elsewhere. It would make the Valley self-sustaining in its farming operations.

4.—From the standpoint of social desirability and of economic soundness, the North Loup project presents unusual and appealing phases. The Valley supports solid and substantial farm homes, many of them equipped with the modern conveniences and comforts of life. Its towns are well built and progressive.

"Its agriculture is well diversified. It is not a wheat growing region. It is not interested essentially in hog production. It is first and last a cattle country, with the cropping of the soil built around the necessity of finishing beef. In this Valley, alfalfa is grown in large quantities. The Nebraska Advisory Board was impressed particularly with the possibilities in this direction, inasmuch as the records of the U. S. Bureau of Agriculture over the last ten years reflects an alarming decrease in alfalfa acreage in Nebraska. Alfalfa is a standard ration in the finishing of beef. The situation was of importance in the states of Kansas and Nebraska three years ago as to inspire a special appeal from the Secretary of the Kansas State Board of Agriculture, the Honorable J. H. Mohler, in which farmers were requested to increase alfalfa planting. It is a crop which exhausts the soil of its moisture. Within the next ten years, the withdrawal of land from alfalfa production in this state, land now not irrigated and not irrigable, will aggregate thousands of acres.

Even under present day conditions, where water is available, alfalfa remains a profitable crop in the Valley. On fields planted close to the river, where water is reached at a distance of 3 feet below the surface of the ground, it has been the common experience to cut four crops of alfalfa. One 40 acre field so situated had produced this season 33 stacks, each one representing about 7 tons of alfalfa hay.

"There is no better cattle grazing ground in the United States than the range which adjoins the North Loup Valley. It is capable of supporting thousands of head of cattle, which logically should be fattened on corn and alfalfa produced on the level benches of the valley. There, as elsewhere, rainfall is too uncertain and too whimsical to give assurance of stability of farming operations. The Nebraska Advisory Board is convinced that the future livestock industry of that section of the state depends largely upon producing sufficient corn and alfalfa within the valley to finish for market the cattle raised upon the range.

"On its inspection of the project, the Board had the opportunity to see first hand the results of irrigation. Two farms, one near Ord and the other near Burwell, had been irrigated through the individual efforts of the owners. The two fields watered promised a yield of 50 bushels of corn to the acre, while adjoining them were fields which will not produce more than 10 to 15 bushels to the acre. On these farms, it viewed a diversified program of crops, including alfalfa, sugar beets, beans, peas, and corn.

"Within the entire valley, agriculture has been diversified. It produces no wheat and very little oats. It harvests as the principal crops corn, alfalfa, and wild hay. But it has a large and flourishing seed corn industry. It is the largest grower of popcorn of any region in the United States. It is adapted excellently for sugar beets culture. Its products in no way conflict with the efforts being made now to eliminate farm surpluses in the United States.

"5.—There is the assurance of ample water for irrigation needs. The North Loup River is one of the most constant streams in America. There is very little variation in its flow the year around. Measurements kept throughout the last fifty years reveal that it is not subject either to floods or to greatly decreased flow during the heat of summer. Rising in the Nebraska sandhills and fed by an underground supply of water seeping through the sand, the question of storage is eliminated.

"The topography of the valley is such that the land which it is proposed shall be irrigated will require little grading. So pronounced is the fall of the valley that water may be taken out above Taylor, turned into the canals, and from there, spread upon the soil through the laterals without hoisting or pumping. The entire project involves three canals, one, the

Taylor-Ord canal watering 17,710 acres; the second, the Burwell-Sumter watering 11,000 acres, and the third, the Ord-North Loup canal watering 9,140 acres.

"In conclusion, the Nebraska board believes facts relating to agriculture in the state of great importance. From 1930 to 1933, inclusive, figures compiled by A. E. Anderson, Federal and Crop Statistician, the same figures now being utilized in applying the farm program, show the acreage devoted to wheat in Nebraska dropped from 3,339,000 in 1930 to 2,413,000 in 1933, a reduction of over 1,500,000 acres through voluntary action by Nebraska farmers. The Nebraska wheat acreage in 1933 was 500,000 acres less than in 1931. This is the balanced farming program which is being developed within the state. It places greater emphasis upon other crops than corn and wheat; it has added enormously to the dairy operations; and it has given impetus to livestock feeding.

"There is not in the North Loup project a threat of adding to the surpluses which are causing so much trouble in the nation. "Over 8,000 town and farm homes are affected by this proposal. They represent a well established civilization, a school, churches, and all of the accompaniments of modern life. It is a good region in which to live. It is capable of supporting a much larger population. There is a real need for the blessings of cheap electrical energy, which it is proposed shall be provided by the hydro-electric plants. The Nebraska Board feels very strongly that the North Loup valley presents one of the most attractive irrigation programs which will come before the Public Works Department, and it believes it would be tragic should the pioneer settlers, their sons and their daughters, be denied the opportunity to develop a great natural resource placed upon their doorstep. There are no questions of an interstate character relating to water rights. The North Loup has its source in Nebraska; ends

THE COOK'S COL-YUM, YUM!

The cooking editor is still badly in need of aid, so if you have any intention of sending in any recipes for print, please do so before this column becomes extinct.

Hot dishes, nourishing one-dish meals, new types of baked dinners are again popular with colder weather. Learn to assemble some of these for the days when you are busy washing all morning and have little time to devote to preparing a noon meal, which must nevertheless appear on time, hot and tempting.

Hot Pot. Slice three large potatoes into a

baking dish, add one large sliced onion, one can of whole grain corn, one can tomato soup and a small amount of water. On top of all place sausage balls made of one pound of sausage to which has been added one tablespoon of flour. Bake one-half hour covered, then for another half-hour without a cover.

Mrs. J. W. Severns. Cranberry Conserve. Cut four cups of cranberries in halves and wash to remove as many seeds as possible. Chop one cup of seeded raisins and the pulp of one orange. Cook all together with three cups sugar until thick, and add one cup of broken nuts, and cook five minutes longer, pour in glasses and seal.

Marle Boyce. What do you do with cranberries? Other Quiz readers will be glad to learn. Send it in now. Creamed Vegetable Oyster. Pare salsify and cut into thin slices and boil in slightly salted water until tender. Mix gently with the following: two tablespoons flour, three tablespoons butter, one-third teaspoon salt, pepper to taste, one-half pint rich milk. Melt the butter, add the seasonings and flour, remove from heat and gradually add the milk. When well blended return to heat and cook well. If desired this may be put in a baking dish, covered with buttered crumbs and baked.

Mrs. B. Mulligan, North Loup. Pineapple Krummel. Beat two eggs and add three-fourths cup sugar, then put in one and one-half cups bread crumbs, one cup chopped dates, one cup crushed pineapple, one-half cup nuts, one teaspoon vanilla or lemon extract, one teaspoon baking powder, and one-fourth teaspoon salt. Bake thirty minutes in a moderate oven. Serve with plain or whipped cream.

Mrs. Alfred Weigardt. Marshmallow Pumpkin Pie. Beat together three eggs, one cup sugar, then add one and one-half cups pumpkin, one teaspoon cinnamon, one-fourth teaspoon allspice,

pinch of salt and one cup milk. Pour into a pastry lined tin and sprinkle on top one-half dozen marshmallows cut in small pieces. Bake like any pumpkin pie. Mrs. Alfred Weigardt.

WAR

THIS SPACE RESERVED FOR ERNEST S. COATS EACH WEEK. THERE WILL BE MORE ABOUT THE WAR!

War is destructive, whether it is between nations or individuals. That is the reason why I went out a few weeks ago to organize the dairymen near Ord. When I asked the 50 man, he tells me the only way he would co-operate with us was if we would lower the quality of our milk to his. Well, he might as well have told me where to go to—that is not used in polite language, for we have striven for 20 years to make the best herd in the state and the highest testing herd in our cow testing association. The deputy state veterinarian tests our herd for health each year, the association tester from the University farm visits the herd each month, our milk tests 5 1/2 to 6 per cent butter fat. The state law requires 3 per cent. Our cream tests around 35 per cent. The state law is 18 per cent. We follow the law of Nebraska and the sanitary dairy regulations adopted by the department of agriculture, state of Nebraska, whitewash the barn each year, have concrete barn floors that are washed each day. The milk is aerated and cooled as soon as milked, the cream the same as soon as separated, cows are washed in summer and curried or washed in winter, no manure allowed near barn. No dairymen can live up to these rules and sell milk at 5c. More next week about clean milk.

THE Buick-Olds-Pontiac Sales Company—a subsidiary of General Motors—wants a good business man to establish a Buick-Pontiac dealership in this community. Naturally, we want the best man we can get... a man fully capable of establishing a permanent and profitable sales and service business. He must be a man of sound business judgment... of good reputation among his friends and neighbors... a man who is willing to give liberally of his time and his abilities toward selling Buicks and Pontiacs to new prospects, and helping Buick and Pontiac owners to get the most satisfaction and pleasure out of their cars. If you are the man we want—or if you know of such a man—we should be glad to tell you all about the Buick-Pontiac franchise and explain its many advantages. But we advise you to act quickly. Such an opportunity is not likely to be available for long... Write or wire C. W. MELLE, Zone Manager BUICK-OLDS-PONTIAC SALES CO. Lincoln, Nebr.

Men Past Forty Will Recognize These Symptoms

EXHAUSTION - LOSS OF VITALITY - WEAKNESS - NIGHT RISING - FOOT, BACK AND LEG PAINS ARE A CONSTANT MENACE TO MEN LIKE THIS.

Millions of men past 40 now suffer the symptoms of dangerous gland failure without realizing it. Doctors now say that getting up nights - "bladder weakness" - certain kinds of constipation are among the commonest symptoms of failure of a vital male gland - the prostate.

Men More Than Four Score Years Have Had Success and Satisfaction.

New Drugless Curb for These Signs of Gland Failure

Many men past 40 need no longer dread certain so-called "old-age signs". For a treatment has been devised that combats the ravages of the "old-age" gland.

Whereas severe, dangerous and expensive surgery has hitherto been required, there is now available to you a safe and painless treatment that will make you feel ten years younger within seven days.

Out of the millions of men who are now estimated to be prostate victims, it is amazing how few actually know this gland exists. Yet in fact it is believed that this gland, when it swells up in middle life, is responsible not only for "night rising" - much so-called "bladder trouble" and many cases of "constipation", but also causes many other supposed "old-age" signs and loss of vitality. Pains in the feet, legs, back and head are often traced to this gland. Loss of endurance and vitality frequently result. If unchecked this sick gland may swell to such a size that removal is required to relieve it.

Massage, violet rays and drugs are of NO AVAIL in searching for a cure of this trouble with prostate gland. If you have any of the symptoms shown above - ESPECIALLY IF YOU ARE SUFFERING FROM NIGHT RISING - you should...

Delay . . Is Costly
 A delay in filling your radiator with some kind of Anti-Freeze solution might prove very costly. One thing to remember is that it won't cost any more to fill it one time than to do so at another. Almost any time, now, it might turn cold enough to damage a radiator. Especially in older cars, where the "spring" or "give" to the radiator has been taken out, it doesn't take much to burst the radiator, and then there is expense. We have C. P. A. GLYCERINE, Eveready PRESTONE and ALCOHOL. Let us fill your radiator and make it ready for winter now.

Delay . . Is Costly
 A delay in filling your radiator with some kind of Anti-Freeze solution might prove very costly. One thing to remember is that it won't cost any more to fill it one time than to do so at another. Almost any time, now, it might turn cold enough to damage a radiator. Especially in older cars, where the "spring" or "give" to the radiator has been taken out, it doesn't take much to burst the radiator, and then there is expense. We have C. P. A. GLYCERINE, Eveready PRESTONE and ALCOHOL. Let us fill your radiator and make it ready for winter now.

Old Man WINTER
 is just around the corner and when cold weather comes your car will give you more or less trouble unless it is in good shape. It will pay you to bring it in now and let me check it over, make such repairs as are necessary, and adjust it for cold weather. Then, when it turns suddenly cold, you can laugh at winter. The cost will be very reasonable.

North Loup News

Vern Robbins received a telegram late Saturday night informing him of the death of his step-mother, Mrs. Frank Robbins, who passed away Saturday afternoon at her home in Milton Junction. The message was sent by a brother, residing at Milton, Mr. J. Williams. A year ago in June the deceased went to Milton following her return from the Robbins' winter home in Florida where her husband, Frank Robbins, passed away. For the past several months she had been almost an invalid both mentally and physically. The body was sent to her old home at Lowellville, N. Y., for burial.

North Loup business men in attendance at the state convention of Odd Fellows Grand Lodge are A. L. Willoughby, Chas. Faudt, Clifford Goodrich and Chas. Sayre. They drove to Omaha Monday morning.

A pretty home wedding was solemnized shortly after noon Sunday, Oct. 15, at the Grover Barnhart home in Dist. 42 when their eldest daughter, Wilma was united in marriage with Mr. Ernest Hansen of Lusk, Wyo. With Miss

Mary Frances Manchester at the piano Miss Wilma, accompanied by her father and fiancée with their attendants, Miss Gladys Williams of Arcadia and her brother, Chas. Barnhart marched to the altar adorned with autumn foliage and ferns where Rev. Stephens read the marriage lines and performed the single ring ceremony. The bride wore brown silk with accessories to match. Following congratulations the assembly was seated at a bountifully laden table. Preceding the ceremony Miss Manchester sang to her own accompaniment, "I Love You Truly." Besides the immediate family out of town guests were Mr. and Mrs. C. P. Birk, of Grand Island, grandparents of the bride, Mr. and Mrs. Chas. Cleary of Tustin, Calif., and Mrs. Hansen of Lusk, Wyo., mother of the groom. The young couple accompanied by Mr. Hansen's mother departed Monday morning for Lusk, Wyo., the groom's home since birth and where he has steady employment in a filling station. This is where they will be at home to their friends who wish them happiness and prosperity.

BACK FORTY

By J. A. KOVANDA

A bedlam of gunfire will arouse the pheasants on Sunday morning. Ringnecks will be shot by the thousands. What will be the economic result of such slaughter?

It may be regarded favorably because the bird destroyed is one that eats nine-tenths vegetable matter. Most of this is corn, with oats, barley, wheat and cane following in the order mentioned. The pheasant is a grain eater and is rarely found far away from a cornfield.

Variety will be added to the meat which is served on the table. More than one farm housewife has been able to provide balanced meals during bad times by using home grown pheasant and potatoes.

Recreation will be furnished for men and boys. Without pheasants hunting would be poor here. Nebraska is said to have more game laws and less game than any other state in the union.

There are some objections to killing these attractive birds. The ringnecks' food is also ten percent insects, and six percent weed seed. During June, eight percent of the pheasants' diet is cutworms. In October, three percent is corn ear worms and moths.

The pheasants also eat May beetles, chick beetles, potato beetles, snout beetles, corn beetles, and mill-berries. Weed seeds, many noxious varieties are consumed including smartweed, bindweed, ragweed, sunflower, foxtail, witch grass and sandburrs. Furthermore, the grain crops eaten by ring-neck pheasants consist mostly of waste seeds.

The large crowd of hunters on Sunday will create a danger element. Somebody is going to get shot. Hunting is an expensive sport. The highest priced meat of all is that, if any, secured by the average hunter or fisherman.

But most folks are possessed by a very keen desire to hunt. And it is best to provide them with facilities for doing so, else they may indulge in something worse.

Card of Thanks. We wish to extend our heartfelt thanks to the neighbors and friends who assisted us by their acts and words of sympathy during our recent bereavement. We especially want to thank the members of the Z. C. B. Lodge for their kindness and assistance.

RUPTURE SHIELD EXPERT HERE

H. M. SHELVAN, widely known expert of Chicago, will personally be at the Yancey Hotel, Grand Island, Saturday, Sunday and Monday only, October 21, 22 and 23, from 9 A. M. to 5 P. M.

Mr. Shelvan says: The Zoetie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increases the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shelvan will be glad to demonstrate without charge or fit them if desired. Add. 6742 N. Rockwell St., Chicago.

VOL. 51 NO. 31

EARL LEONARD IS VALLEY CO. HUSKING CHAMP

Mira Valley Man Gets Out 1,214 Lbs. Corn in 80 Minutes; James Bremer Second.

With thirteen shuckers entered and a large crowd present, the Valley county corn husking contest—formerly an annual event but suspended since 1930—was held Tuesday morning on the Ign. Pokraka farm near North Loup under the auspices of the Community club of that village.

Earl Leonard, of Mira Valley, who was runner-up in the 1930 contest, won the championship by husking 1,214.42 pounds of corn, net, in the regulation 80 minute period.

Second place went to James Bremer, of Enterprise, who husked 1,196.44 pounds, third place to Victor Larsen, of Arcadia, with 1,193.45 pounds and fourth place to Walter Huebner, of near Horace, with 1,112.73 pounds. Other huskers entered were George Bremer, Wm. Foth, Oscar Bredthauer, Kenneth Barber, Victor Benben, Thurman Bridges, Leonard Peavy, Joe Chadwick and Les Leonard.

It is unusual for a net total as low as 1,214 pounds to win a county contest but the corn in which the men were working was very dry and they had difficulty in getting the shucks off, hence deductions were heavy. The corn was quite tall, also, and many of the stalks were down. The Pokraka field will yield about 40 bushels to the acre, it is estimated.

For winning first place Mr. Leonard was given a cash prize of \$10 and the North Loup Community club also will pay his expenses to the state contest being held at Cozad November 2.

A cash prize of \$6.50 was paid to James Bremer, the second place winner, and cash prizes of \$4.00 and \$2.00 went to the third and fourth place winners.

After the contest Tuesday Champ Leonard stated that he would practice in tall corn for two days on the W. O. Zangger farm, one of the tallest fields in this locality, and would then go to the state contest prepared to do his best and hoping to bring back honors to Valley county.

Charles Famer, president of the North Loup Community club, was general superintendent of the contest, W. L. Wetzel and F. E. Hurley were judges and A. L. Willoughby had charge of the weighing, which was done on the Nebraska Securities company's farm.

Burwell and Ord Battle To Tie In Annual Grid Clash

Playing a stubborn defensive game and taking advantage of the breaks, Coach Molzen's grid pupils won a moral victory last Friday evening by holding the highly-touted Burwell team to a 6-6 tie under the lights at Bussell Park field. Had the Chanticleers capitalized a couple of scoring opportunities they might easily have won but the tie score is being hailed by fans as an indication that the Ord team is "snapping out of it" and will be ready to go places soon.

Burwell scored first, pushing the ball over in the second quarter after an Ord punt into the wind went out of bounds at the 10-yard line. A drop-kick for the extra point failed.

Both on offense and defense the Ordites played nice football Friday evening and not even a costly fumble by Halfback Tunnickoff, after Ord had carried the ball the length of the field to the Burwell 2-yard line, could balk the team's scoring effort. Burwell recovered and punted from behind their own goal line but the strong north wind nullified the kick's carry and Ord was back knocking on the touchdown door a play or two later. A fake place-kick for the extra point failed but the score was tied 6-6 and there it remained.

In spite of the cold, disagreeable night a crowd of 700 grid enthusiasts saw the game. The Chanticleers enjoy a vacation tomorrow while teachers are attending institute but next Friday face Ravenna on the Ravenna field. The next game in Ord comes November 10 with Ansley facing the Chanticleers under the flood lights.

NOTICE.

Will the property owners please cooperate with the county and not rent houses to people from other counties? Such people may prove undesirable and may be a charity case before spring. Chas. Bals, Just Back from Belgium, Says Europe Anxious For Peace

War Talk Rarely Heard, Says Ord Banker; Dole Is Cause of Hard Times in Belgium.

Mr. and Mrs. Charles Bals might almost be called commuters between Ord and Belgium, in both of which places they feel at home and have many interests. They returned October 5 from their most recent trip abroad, having spent the time since their departure from this country on May 12 in visiting relatives in Belgium, and in brief stops in England, France and Canada. This made the twenty-third crossing for Mr. Bals and the eleventh time across for Mrs. Bals.

But one excitement of this trip home which Mr. Bals never had experienced before was traveling among icebergs. On a Red Star ship called Penland, on which both the trip across and the trip home were made, icebergs were found on the homeward trip at about four in the afternoon and not lost until daylight next morning. As icebergs make the going hazardous, the ship's officers were very busy testing the temperature of the water during this time. By the coldness of the water it is possible for them to tell exactly how far the ship is from a berg.

The ocean part of the trip took ten days each time, but was accomplished for considerably less money in these days than it formerly took. Not long ago the passage was \$147.00 one way, and this trip \$200 covered the fare both ways. The journey to the coast from Ord was made in the Bals car in five days and a half, with Mr. Bals doing all the driving. Once they drove through a tunnel a mile and a half long on the way to Halifax, where traffic was strictly one way, with a drive for cars and one for trucks, and over in Belgium they had to drive through a tunnel almost exactly like it, just finished, which went under the River Schelde. This river, two or three miles wide in places, is very crooked, and the big ships twist and turn as they travel up it the forty miles between the English Channel and the city of Antwerp. From there it was only about an hour's drive to his home at Gend, Mr. Bals told. This city, population about 200,000, is celebrated in a poem familiar to schoolchildren, as is Aix.

Born in Belgium, Mr. Bals has been in this country nearly forty years, but spent eleven years in Butler county before coming to Valley county, where he has been since that time, except for occasional trips to visit relatives in Europe. He now has two brothers and a sister living there, the three Desmuls living near Ord, his nephews, being his only relatives in this country. Mrs. Bals has no living relatives except in Belgium, where two sisters and a brother reside.

Mr. Bals descends from a family that have long owned brick kilns, while his wife's family are all lace makers, owning lace factories which Mr. Bals says are "terribly nice" with all the machinery shrieking busily. In the Bals family, his great-grandfather made bricks, his grandfather made brick, and his father made brick, and Mr. Bals made brick until he was twenty-four years old, when against the wishes of his father, he left the kilns and came here. After a couple of years more, the brick making business was halted in the Bals family, but they still have an interest in several other occupations. Their original farm is still in the family.

Missionary Fair At Ord Christian Church

Next week the Christian church will hold its annual missionary fair. Last year this was one of the big events of Ord and this year it is expected to be much larger than last. More exhibits and an extensive program running through the three days of the fair will be the features. A fine exhibit from Mexico is already here as well as several from the church benevolent institutions. India, China, Japan and the Spanish-American work will have large places. Africa will be shown by splendid models of African villages. A lunch will be served each day to help defray expenses. No admission charge will be made. Everyone in Ord and vicinity should see this exhibit and hear the programs.

FARM HOLIDAY ASS'N TO MEET, DISCUSS STRIKE

Local Group to Make Decision At Ord Meeting November 1; Will Choose Delegates.

Will the Valley County Farmers' Holiday association, 750 members strong, join in withholding farm products from the market under the terms of the "farm strike" called last Saturday by Milo Reno, national president?

This is one of the most important subjects to be discussed and settled at 8 o'clock next Wednesday evening, November 1, at a county-wide meeting being held at the court house in Ord. Opinion is divided on the subject at present. Secretary Ernest S. Coats says:

Personally, he believes that Holiday members should refrain from selling hogs, cattle, grains, etc., for shipment to central markets but should continue to sell such products for consumption in local trading points.

"Whether we live in town or in the country we're all farmers in this agricultural section and should stick together," Coats says. Another bit of business to come up at the meeting Wednesday is election of delegates to the second annual farmers national conference in Chicago November 15.

What action should be taken on the sale of oleomargarine by local merchants will also be discussed.

No Picketing in Garfield.

Burwell, Oct. 24.—(Special)—Meeting at West Side school last night, members of the Farm Holiday association of Midvale precinct decided to withhold farm products from market under the provisions of the "farm strike" now in effect but will not countenance picketing or other unlawful acts. The "strike" must be orderly throughout, they decided.

Seventy members and many of their wives were present. Midvale precinct now has 150 Holiday members. At the meeting last night women were given a chance to join the association and every woman present did so.

S. J. Garrison, Garfield county Holiday chairman, announces that a meeting will be held at the Richardson school house in Rockford tonight, Oct. 26, and at the school house in Erina precinct Friday, Oct. 27. On Saturday, November 4, a county-wide meeting will be held in the court house at Burwell and on Monday, Nov. 6 a meeting of Midvale precinct at the McIntyre school house. All Garfield county farmers are urged to attend one or all of these meetings.

Supt. Bell on Program.

Millard D. Bell, superintendent of Ord schools, will read a paper on "Weathering the Educational Storm" at the superintendents' and principals' section of the District 4 teachers' institute being held in Grand Island today and tomorrow. School is closed today and Friday and all of the Ord teachers are attending institute, most of them at Grand Island but others at Lincoln and Omaha.

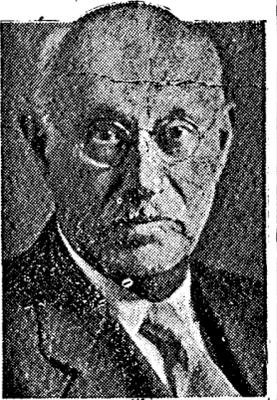

John Latenser, jr., of Omaha, a member of the Nebraska public works advisory board that inspected the North Loup project a few weeks ago, has been appointed Nebraska engineer to succeed Albert C. Arend, who died a few days after inspecting the local project. Mr. Latenser's successor on the public works board has not yet been appointed.

Tuesday morning Edward Parmalee, a grandson of Mr. and Mrs. Ed Munn and his friend Charley Klein, both from Omaha, arrived at the Munn home for a week's visit.

FAMOUS DRY TO MAKE ADDRESS IN ORD OCT. 31

'Pussyfoot' Johnson Main Speaker At Temperance Rally In Ord Christian Church.

William E. (Pussyfoot) Johnson, internationally famous as a crusader for temperance, will speak at a prohibition rally to be held at 2:30 p. m. Tuesday, October 31, in the Ord Christian church. His subject will be "The New Deal in Prohibition" and the address here will be one of fifty which he will deliver in Nebraska between October 21 and November 12. His tour marks the start of a campaign by organized dry forces to prevent repeal of Section 10, Article 15 of the Nebraska state constitution, the legislature having ordered a vote on this section, the prohibition section, to be taken in November, 1934.

"PUSSYFOOT" JOHNSON.

Mr. Johnson is acknowledged to be the greatest authority on the liquor problem in the world today, having compiled most of the material for the seven-volume Encyclopedia of Temperance, standard work on that subject. In gathering material he visited 32 countries and made personal investigations over a period of 30 years. In his address he makes comparison between the old saloon system in America and various systems used in other countries, including "government sale" in the Canadian provinces and "licensed drinkers" in Sweden.

In view of the fact that the Eighteenth Amendment is about to be repealed and that neither the nation nor the states have made preparation to meet the chaotic conditions that will exist, he deals with a subject of vital importance and pressing emergency.

The fact that Johnson is a native Nebraskan and attended the University of Nebraska in the 'eighties along with such famous people as Daniel C. Wing, later comptroller of the currency, Roscoe Pound, head of Harvard Law School, Willa Cather and Dorothy Canfield, novelists, makes his tour of Nebraska all the more interesting.

Mr. Johnson has always been noted as a dry crusader and his career has been a colorful one. Appointed Chief Special Officer by President Theodore Roosevelt, Johnson was told to "stop the illicit sale of liquor to Indians" and to the day of his death Roosevelt called him "the man who knows the facts and gets results."

In Indian Territory a bootlegger boasted that he would kill Johnson if he ever entered his joint. So Johnson walked in carrying an immense broad-axe and, deliberately turning his back to the proprietor, walked around the room rapping the walls. Whenever he heard a tinkle he smashed the partition and broke the bottles. When he had made a complete circuit of the room he came to the bar and split the mahogany surface from end to end and smashed the plate glass cigar case and the immense mirror behind the bar. Then, to the proprietor he said: "I am Chief Special Officer Wm. E. Johnson. You walk down this railroad track 12 miles to Tulsa. Go to the United States Marshal. Ask him to arrest you and hold you in jail until I get back to prosecute you," and the hard-boiled bootlegger did it.

Johnson walked out of the city, drove his team, which he had hid in scrub timber, 22 miles across country and caught a train. At 4 o'clock next morning he was riding another joint 200 miles away. Not knowing how he got 200 miles so quickly, the Indians that day named him "Pussyfoot" and the nickname has stuck to him ever since. And so much did they love Johnson that the Pueblos adopted him and made him a tribune, or elder statesman, of their tribe.

It was while speaking on temperance to a street crowd in London some years ago that Johnson lost an eye when struck by a hoodlum but he refused to bring charges and when the London Times, which had been denouncing him, called him the best sport in England and raised a \$30,000 purse for him he donated the money to a home for war-blinded British soldiers.

The Johnson talk will be an interesting one and all Ordites should hear this internationally famous man at the Christian church next Tuesday afternoon.

Pheasant Crop Short Here But Most Visiting Sportsmen Got Limit Sunday

Two Boys Are Fined.

Max Demund and Charles Urban, arrested by Marshal L. H. Covert at a dance Saturday night, pleaded guilty to charges of intoxication in county court Monday morning and were fined \$15 and costs by Judge John L. Andersen. The boys are "laying it out" in jail.

George Mickelwait Dies In California

George Mickelwait, a pioneer resident of Ord, passed away at 2:00 p. m. October 19 at his home, 3369 Lemon street, Riverside, Calif., the Quiz learns. He had been in ill health ever since he suffered a stroke of paralysis last spring.

Mr. Mickelwait left Ord about 1920 and had made his home in California since. He was about eighty years old at the time of death. Left to mourn are his wife, one daughter, Mrs. Enos Stewart, and two sons, all of them living in California.

QUAIL PRESERVE IN LOUP VALLEYS SEEMS ASSURED

Longnecker Would Raise Money To Purchase 1,000 Eggs, Stock Four Central Counties.

Lloyd W. Longnecker, of Omaha, field man for the Nebraska Prison Welfare Society and quail enthusiast on the side, is in St. Paul this week working for the creation of a quail preserve in four counties which will include Howard, Sherman, Valley and Greeley.

Believing that the Loup valleys will make an ideal place to start such a preserve, Longnecker is working out a plan to raise money for the purchase of 1,000 quail eggs which would be hatched near Dannebrog and one-fourth of the quail released in each of the four counties.

Mr. Longnecker believes that eventually quail will be thick along the rivers and other streams in the four counties if this plan is carried out and after there are sufficient quail to justify it an open season can be arranged and sportsmen will find that quail shooting is much superior to pheasant shooting as a sport.

He has worked out a unique method of raising money to purchase 1,000 quail eggs and told the Quiz by telephone yesterday that he will be in Ord within a few days to explain the plan to local nimrods and enlist their support.

In the Anton Volf story last week the name of Frank Maresh was left out as one who assisted, through error.

King Huff's Home Ransacked.

Tuesday afternoon the farm home of Kingsberry Huff, Vinton farmer, was ransacked by unknown thieves, thought to be pheasant hunters, and several articles of minor value were stolen. Missing property includes a shotgun, pistol, sheepskin coat, two pairs of overalls, and a tin box containing receipts and other papers of no value except to Mr. Huff. The theft occurred between 1:00 and 3:00 in the afternoon, during Mr. Huff's absence.

Rev. Mamie Young, U. B. minister was again in her pulpit Sunday. She had been in Illinois for several days, having gone to that state on business affairs.

Koelling Case Is Dismissed by Court

Settlement was reached last week in the district court case in which Augusta L. Geweke, et al, were suing Mrs. Emma Koelling, widow of the late Henry Koelling, for an accounting of her husband's estate, and the case was dismissed by the court. A motion of dismissal signed by all of the plaintiffs, Mrs. Geweke, Carl Koelling, Herman Koelling, Alvina Lena, Elsie Shoemaker, Anna Cook and Wm. R. Koelling, was filed Friday and was heard promptly by Judge E. P. Clements, who dismissed the case at once. Terms of the settlement made out of court were not made public.

Monday Mrs. Charley Mills of Burwell was visiting her daughter, Mrs. L. W. Rogers.

Jay Rogers' Leg Better.

Jay Rogers, who fractured a leg three weeks ago and had to crawl on hands and knees three-quarters of a mile to seek medical aid, is around on crutches this week, indicating that the fractured bone is knitting satisfactorily. Mr. Rogers was cared for in the Ord Hospital only two days when his daughter, Miss Laveda, had an attack of appendicitis and had to be taken there for an emergency operation. She, too, is recovering.

Long-Tailed Birds Got Wise To Open Season Quickly But Shooting Fairly Good.

Valley county's crop of pheasants this year may have gone three to the acre instead of the customary ten but there were plenty to go around Sunday as the annual ten-day open season got under way with thousands of hunters, native and visitors, out gunning for the elusive long-tails.

The season was supposed to open at 7 a. m. Sunday but with the first faint flickers of dawn at 6:30 the shooting started and from then until dark a continual bombardment could be heard.

Most hunters got their limit Sunday but since then it has been a different story and the man who got more than two or three to show for a morning hunt has had to be expert with the scatter-gun.

More accidents have been reported than usual, due probably to the height of Valley county corn stalks. Several hunters have had shot dug from various portions of their anatomy by doctors in Ord, North Loup and Arcadia but none of the mishaps have resulted seriously.

Game Warden Bert Lashmutt again warns hunters to be exceedingly careful. This is corn picking season and someone is working in almost every field but often cannot be seen by hunters because of the tall corn. Lashmutt believes that every hunter should, before entering a corn field, secure permission from the owner of the farm and thus minimize the possibility of injury to corn pickers and horses.

No arrests have been made thus far, Lashmutt says, but he confiscated a shotgun Sunday from a man who was hunting without a license. When this man saw the game warden approaching he hid his gun and when Lashmutt found it he denied ownership. Since the fine and costs for hunting without a license would not have exceeded five or six dollars and the gun is worth 35 or 40 dollars Lashmutt believes this man was "penny wise and pound foolish." The gun will be sent to Lincoln to be auctioned off with other confiscated guns.

Ord hotels and restaurants did a booming business Saturday night, Sunday and Monday but the rush has tapered off somewhat. A second rush is expected this week end. Almost every Ord family had a pheasant hunting guest or two, also.

Registered at Ord hotels were a number of large parties from Lincoln, Omaha and other parts of these people having come to Ord last fall also.

One group at the Ord Hotel was made up of W. L. Kirkpatrick and son and E. L. Malster, of York, Kirkpatrick being the man who caught the largest muscullunge taken on hook and line in the United States in 1932. Pictures of Mr. Kirkpatrick and his big fish appeared in every sportsmen's magazine in the country last spring and he was given several prizes by manufacturers of fishing tackle.

Lincoln visitors at the hotels, in different parties, included Joe Blair, D. H. McClenahan, Henry Sporer, Dr. and Mrs. F. M. Andrus, Mr. and Mrs. John Daugherty, Harry Sidles, F. C. Radke, E. W. Truman, Wm. Folsom, B. B. Gribble, H. W. Hutson, C. M. Moss, C. B. Robinson, Jack M. Roberts and Arthur Schade.

Several Omaha men were here hunting with George Work and staying at the Ord Hotel, the party including Don Carroll, Chas. Trotter, Bill Mobley, Chas. Semak, Jack Colin, L. O. Schneiderlin.

A number of Presbyterian and United Brethren ministers were included in the large group of pheasant hunters who spent opening day and Monday at the Archie Waterman farm. In the group were Rev. Paul Turner, Dr. Amed Brown, Dr. J. H. Hinkle, Omaha, Rev. Paul Porter, Rev. Beasley, Dr. J. R. Obermiller, C. F. Stauffer, of York, Rev. Alva King, Vincent Moore and John and Herbert Stein, Hastings, Rev. Glen Rice and son Herbert, of Grand Island. Dr. Obermiller is president of York college.

Dr. Elwood Murray Makes Debating Major Activity

In a recent issue of the Denver Clarion appears a picture of Dr. Elwood Murray, of the speech department at Denver university, who formerly was a member of the Ord high school faculty and is a son-in-law of Mr. and Mrs. Joe Prince of Ord.

Murray is one of less than a score of persons in the United States who have received the degree, Doctor of Philosophy in Speech, and his able work has made debating a major campus activity at Denver U., the Clarion says. When he taught in Ord, Dr. Murray's debating teams placed high in state debate competition.

WATER PROJECT PROGRESSING, IS WORD FROM EAST

Hardenbrook Coming Back Sunday From Washington; Engineers Will Stay on Job.

Leaving three members of the Kansas City engineering firm of Black & Veatch in Washington, D. C., to look after the affairs of the North Loup River Public Power and Irrigation District, Bert M. Hardenbrook, president of the district, will return to Ord either Saturday or Sunday, a telegram received yesterday by Jos. P. Barta stated. Mr. Hardenbrook said in the telegram that the project is progressing satisfactorily in its application for a federal loan and grant aggregating \$2,900,000.

Black & Veatch engineers who are remaining in Washington include E. W. Black and N. T. Featch, jr., heads of the firm, and E. H. Dunmore, who has charge of the North Loup valley survey.

Mr. Hardenbrook is returning to Ord at this time because he feels that there is nothing more he can do to speed the district's application.

Progress made so far includes having the application approved as to form by the public works filing department and as to legality by the legal department.

The first step was to have the application approved as to form and placed on file, no small job in itself. Mr. Hardenbrook writes, as the public works department received literally truck loads of applications each day. Hardenbrook was given an assistant and was permitted to find, among several days' accumulation of such applications, the local project's report and put it in the alphabetical file. This advanced the progress of the report several days.

Mr. Hardenbrook wrote early in the week that a hearing before the financial board was scheduled for Wednesday of this week and the North Loup project was expected to go before public works engineers for final review Thursday today. After it is approved by both of these bodies it must go to Secretary of the Interior James H. Hays and may have to go before the federal power commission also.

"There is a lot of red tape about this business, most of it necessary," writes the Ord man. In praise of the public works board, he adds: "But I want to say this: If you have something worth while, if the application is in proper form and if the legal set-up will pass muster, then you can get a hearing and I believe your project will be granted." He implied that the North Loup project is safe on all of these counts and that, in his opinion, final approval is only a matter of time.

With Messrs. Black, Veatch and Dunmore on the ground, Mr. Hardenbrook feels that his presence in Washington is not necessary and is only an added expense for the district to bear, so he is returning to Ord. "We may get the matter closed up within the next week or ten days," he says.

Monday Repr. M. J. Cushing, H. D. Leggett and R. C. Bailey drove on old Route 66, and visited with Senator George W. Norris in regard to the North Loup project and they report that Senator Norris is anxious to see it approved immediately.

Aged Visitors Hurt In Highway Accident

After traveling more than 1,500 miles to visit kinsfolk whom they had not seen in fifty years, W. F. Snodgrass, 68, and W. D. McDuff, 81, of Redondo Beach, Calif., were injured in an auto accident Saturday evening just as they were driving into Ord. They were coming here to visit Mr. Snodgrass' sister and brother-in-law, Mr. and Mrs. W. A. Anderson.

The accident happened on the Fish order street of Ord when Mr. Snodgrass' car, a Packard, upset and pinned its occupants beneath. A group of pheasant hunters from Lincoln rescued them and took Mr. McDuff to the Ord hospital and Mr. Snodgrass to the Anderson home. The former's injuries consisted of severe cuts and bruises about the head and one hand cut while Mr. Snodgrass suffered a near-fracture of the skull that caused loss of memory for several hours. The aged gentlemen had attended the Century of Progress exposition in Chicago and had visited relatives and old friends in Kansas and Iowa. They will be here about a week while their car is being repaired.

Rally Day November 5.

Sunday, November 5 is "rally day" at the Ord Methodist church and 250 is the attendance goal set for that day by church workers. Every member is urged to bring a friend to at least one of the services that day.

Mrs. Mamie Weare is ill and confined to her bed since Tuesday afternoon.

From Saturday until Tuesday Mr. and Mrs. John Zimmer and daughter, Miss Dorothy Zimmer, were visitors at the Barta home.

My Own Column

By H. D. LEGGETT

What I said in this department last week about daily paper subscriptions, must have been read, for I got a nice batch of subscriptions in the past few days.

If the NRA is not working out to your entire satisfaction, always remember that it is a mighty big project, that there are many things to be done before very much in the way of results could be expected.

The NRA is not and should not be a political matter. It happens that the democrats are in full power at this time. The democrats know that if their program falls down they will not be given another chance, but will be unceremoniously kicked out at the next general election. So it is silly not to believe that they will do all in their power to make their program a success.

It is much easier to find fault than it is to offer helpful suggestions. Possibly Governor Bryan and Keith Neville are greatly discouraged with the apparent lack of progress in this state. Both are keen politicians however and perhaps their political standing will not be greatly injured by the course they are taking, with the unthinking rank and file of the people, who are in desperate circumstances and who can hardly hang on, pending the coming of better times.

Sometimes I think the administration heads, mostly eastern people who have never felt the grip of want, do not understand conditions out here and Congressman Howard's suggestion that a bunch of keen newspaper reporters be sent out through this country to get and print the facts, might be a good idea.

The president has fixed the minimum price that I shall pay per hour for a certain class of work. If he can do that, why can't he also say what a farmer shall receive per bushel for his corn. Why can't a price be fixed by presidential proclamation for wheat, oats, rye and corn, hogs and beef cattle?

It has been about a year since I have mailed any subscription statements. I didn't mail them because it seemed like it would be hard for people to pay. Many of our subscribers offer to pay last fall and we were glad to make it easy for you all at that time. Now we are selecting from those who owe us, those whom we believe can pay and statements are being mailed to them and I am asking that when you get a statement, you send us the \$2. We need the money. We tried to be good to you, now you must help us.

In his Sunday night talk to the American people, President Roosevelt said, speaking of the necessity to raise the price which the producer gets for the products of his farm, "We are going to raise the price and if we can't do it one way we will do it another." The president seems to know that before NRA can be the success he wants it to be, that the people must have something with which to purchase the goods that the industrial establishments of this country are producing. It looks to me as though the administration has been trying to accomplish that result without currency inflation. There seems to be an ever growing number of prominent business men who are saying that inflation must come before the desired result is accomplished. All that the great mass of people want is a chance to pay their debts with the same priced dollars that they borrowed. In spite of the fact that they have been ground down for years and now are run more deeply in debt until many of them are broke simply because they have not been able to get cost of production out of their crops, many of them would still come back if, at this late date, they could begin to get something above cost of production for what they raise.

It is planned in Washington, so the daily press states, to raise and fix the price on crude gasoline at \$1.11 per barrel. It is also stated that the retail price will be fixed at a uniform price. Now that would be fine and dandy if at the same time the powers that be at Washington would fix the price that the farmer shall get for wheat at \$1 per bushel, the price of top hogs at \$7.50 and the price of prime beef at \$12.50 per hundred. But I can't understand what reason the administration can find for fixing the price of the oil producers' crude product at ten times what it was a year ago and not at the same time fix the price of all other products at an equally profitable stable price. I don't suppose the oil man was making any money on crude oil at 10 cents a barrel but to raise and fix the price at eleven times that price seems unreasonably high.

home and come to Ord again when groceries are needed next time. What are people like that going to do when the price of gasoline is arbitrarily raised as it will have to be under the new proposed arrangements? It is true that a cut-throat policy is bad for any business but won't it also be bad for the consumer when all competition is eliminated? Why must my business be competitive if the gasoline man is going to be assured a fat profit regardless? December 1st is the date set for doing these things for the oil industry. Don't look to you, Mr. and Mrs. Gasoline User, as though we are drifting toward dictatorship pretty fast? Is that what we want? And don't you agree that if oil prices are going to be fixed where a huge profit is assured to those engaged in the business, your business should also be assured a profit? The oil business, probably more than almost any other, is controlled by a few very wealthy men or companies and they have been doing pretty well in the past as things were.

I have just figured out what the 1934 cook calendar is going to cost us, if we manufacture it this year. We have issued it for three years and dislike to stop but the way business conditions are, it has got us studying. If enough are printed to give one to each Quiz subscriber, the cost of paper and ink alone to say nothing of the labor, will be more than sixty dollars. I think what we will do is make enough of the calendars to take care of those who have their subscription paid up on December 15th and on January 1st we will mail a calendar to each of those and let it go at that for this time.

THE COOK'S COL-YUM, YUM!

Quite a number of faithful readers of this column have responded with recipes to keep it running, but some more are needed, so look over your choice collection and send in a couple today. Holy matrimony will be especially appreciated. It is time to cook squash, pumpkin, and many tables will be featuring game dinners soon, so if you have prize recipes for any of these, please mail them in at once.

How do you cook the game birds? Please describe the dressing you like best for other Quiz cooks.

Chicken and Macaroni.
Cook chicken until tender. Arrange layers in a buttered baking dish, alternating bits of chicken, cooked macaroni and bread crumbs ending with a layer of crumbs. Season with salt, pepper and butter. Pour over this a dressing made of two cups of stock from the chicken, one-half cup cream, and bake forty-five minutes. Flavor this dish with onion if you like it.

Sugar Cure for Pork.
For 500 pounds of meat. Mix one and one-half pounds of brown sugar, one pound or less of black pepper, four ounces of saltpeter and eight quarts of good salt. The medium coarse salt is best for this. Rub well on both sides and rub in extra salt in the bony ends. Let lay two weeks or longer, turning every few days to keep from molding. This is good.

Peanut Butter Cookies.
Cream together two-thirds cup butter and two cups light brown sugar, add two eggs and two-thirds cup peanut butter. Beat until creamy. Add one teaspoon soda, one and one-half teaspoons vanilla, three tablespoons sweet cream and three and one-half cups flour and mix lightly. Drop by teaspoonsful on a greased baking sheet. Bake about twelve minutes in a moderate oven.

Barbecued Spareribs.
Brown four pounds of spareribs without salt or pepper. Make a sauce of one cup water, one-half cup catsup, one-half teaspoon tabasco, two level teaspoons smoked salt, one teaspoon chili powder. Pour over the browned spareribs and finish cooking in the oven.

Glorified Gingerbread.
Mix well with your hands, one cup white or brown sugar, two cups flour, one-half cup shortening, one teaspoon ginger, one teaspoon cinnamon. Save out one-half cup of this mixture to spread on top. Now mix one egg, one cup sour milk, one teaspoon soda with the first ingredients, spread the half-cupful on top the batter and bake in a moderate oven for about forty minutes.

Quick Beef Relish.
Mix one quart of chopped cabbage, one-half cup ground horse-radish, one quart cooked diced beets, one tablespoon salt, one-fourth teaspoon of black pepper, two cups sugar, and cover all with cold vinegar. Seal and set away. It is ready for use immediately.

Steamed Pudding.
Run through a food chopper two cups bread crumbs, mix with one-half cup butter, one-half cup sugar, one-half cup molasses, one egg, one cup sweet milk, one-half teaspoon soda, pinch of salt, one-half teaspoon cloves, one-half teaspoon cinnamon, one-half cup seedless raisins. Steam two hours in a double boiler. Serve with white sauce or whipped cream.

Mr. Grice and Mr. Grisdale.
In Anglo-Saxon times a pig was called a "gris." When people began adopting surnames many keepers of pigs adopted such names as Grice, Grisdale and Grise, from their occupations.

Something Different

Young Robert Klima, popularly called Bobby, is following closely in the footsteps of his father and mother when it comes to hunting, for on Sunday, opening day of the pheasant season this fall, Bobby brought down his first pheasant. Bobby likes the sport very much, and this is just as you would expect.

Everyone knows that Mrs. Klima is a good shot and enjoys hunting immensely, often handing out to the neighbors spare game she has bagged, and Mr. Klima also thinks hunting a pleasant pastime.

Perhaps daughter Doris will learn to like shooting too, and then this family of hunters will be one hundred percent enthusiastic over shooting.

If there is one kind of weather typical of Nebraska I think it is wind. There are more blowy, blustery days in this state, no matter where you live, than any other kind. Many otherwise perfect sunny days are agitated by near-gales.

Wind may be fun for school children. I used to enjoy opening my coat wide and blowing home. It isn't much for a housewife. It will get you up and sifts it into your house where it again to be promptly dusted out open. Or perhaps it takes your washing and tightly binds up the clotheslines with lunch cloths, or drags a clean sheet back and forth over the ground.

If there is one place where it seems senseless to carefully rake up the leaves in the autumn, it is in Nebraska, where next morning you will find all your neighbors' leaves have been blown over into your yard. But for all the above grouching, I prefer Nebraska to any place I've been.

Housekeeping is a monotonous thing, and often strikes me as exceedingly dumb. Over and over the same processes are repeated, it is just like sweeping the ocean off the shore, and about as futile. I can't find much inspiration in dusting new dirt out of the same old corn. Yet, to be a good housekeeper, is supposed to be highly desirable and we have a number of dandies in Ord.

Mrs. Charles Goodhand is much praised by her friends for her thoroughness in this respect. Mrs. Joe Capron works indefatigably (what a good word!) and keeps things speckless. Mrs. Roland Ayres uses the newest and most approved methods, and accomplishes a lot, in a systematic way. Mrs. Ernest Weller is worried something awful if there is an ash from Ernest's cigar she hasn't cleaned up after, and keeps up her house and yard too by constant and methodical cleaning. Mrs. Joseph Barta's friends think she is a wonder, so early each day does she have "everything done up" and in apple-pie order.

I think Mrs. Lester Norton is a very good housekeeper, and she is another who thinks there should be a task for each day and a day for each task. Mrs. Forrest Johnson holds up the honor of Ord house cleaners, with a home beautifully clean.

In the Kosmata family there are many good housekeepers, perhaps they automatically become that when they assume the name. Mrs. Matt Kosmata keeps her home in shining order, and a big yard the same way. Mrs. Tony Kosmata makes things look as though they never had been used yet, and keeps them that way and young Mrs. Mike Kosmata is decidedly no slouch in this matter.

Mrs. Will Misko is very proud of the appearance of her home, and if anything is out of order it isn't her fault. There are many good housekeepers in Ord and Valley county, so very many in fact who serve up immaculate surroundings to their husbands and families that I don't believe they are appreciated enough. I couldn't name them all, but why didn't I get myself into trouble by starting?

In fact I would say that although Nebraska is a very dirty state, with lots of loose soil to plague housewives, Ord is a very clean place, kept that way by a great number of tireless women.

Mrs. R. J. Clark went to Burwell to care for her father, Mr. Gifford, who had blood poisoning from a cut on his hand.

BACK FORTY

By J. A. KOVANDA

Farm buildings are in bad condition. Almost none have been painted since 1921. Foundations are crumbling and caving away. Granaries are leaking. Wind blows through cracks in the siding. Rain seeps into the roofs. Rattlers are beginning to sag. Barns and sheds of this nature are going to afford too little protection from the weather. The temperatures in them will drop too fast.

A severe winter is coming. Blizzards will sweep through the valley. The livestock housed in poor shelters will eat more feed, and the young animals may freeze or be stunted. Milk cows will produce less. Pigs will fight for the warmest place in the pile and be smothered. Horses will get skinner. Chickens will stand on one foot and then the other, and lay fewer eggs.

And all the while there will be excellent warming material, perhaps lying unused, near this misfortune. Cornstalks are plentiful this season. It doesn't cost much to insulate buildings with them. Stakes can be driven around the barn walls, and cornstalks piled in between. Such makeshift contraptions do not look pretty, but they warm the buildings up surprisingly fast. They are very practical in times like the present when no one has the money for anything better.

No livestock needs to suffer from cold this winter. Materials such as coarse hay, straw, composition paper, or even dirt can be used to break the wind and insulate decaying shed walls. Manure is worth more, banked around the watering tanks, than if it is spread on the land. Inedible roughage will save honey and workers when piled around the beehives. The doing of such jobs also warms up a farmer.

AM I RIGHT?

By George Round, Jr.

September proved a "hard" month for dairy cows. Production slipped down considerably below the normal level. Increased silage feeding and decreased grain feeding was noted. But even so those Jerseys of E. S. Coats continue to be among the outstanding herds in Nebraska. They were leaders once again in the Custer Valley dairy herd improvement association.

While the Ak-Sar-Ben livestock show isn't so far away, Valley county 4-H club boys are said to be getting ready for participation. Some, without doubt, will exhibit their beeves. This year Nebraska club members are hoping that Iowans will not be able to take all of the major prizes in the beef show. More than 750 baby beeves will be exhibited in the club division at Omaha this year. What a show!

Valley county farmers are probably deeply concerned over the federal corn-hog plan which will soon go under way. It is expected that the organization work of setting up control associations in each county will follow the same lines as did the wheat work.

Green material seems to be handicapping Coach Mollen in the present football year. Scott's high is going places. Haldie Taylor, sister of Kathryn Taylor who used to teach in Ord, is expected to be U. S. champion. Think of the sort that farrowed 24 pigs immediately after the NRA was into affect. Must have been republican.

Shucking of the 1933 corn crop is well under way in eastern Nebraska. In some areas farmers are reporting "fair to good" yields. The general condition, however, is spotted. In the northeastern section around Norfolk, corn is said to be exceptionally good. In general what few huskers are being hired are getting something like 2

Coffee For Congress

Harry B. Coffee

Harry B. Coffee of Chadron has filed for the Democratic nomination for Congress from the "Big Fifth".

He is President of the Coffee Cattle Company which has extensive ranch holdings in Sioux County and is a director of the Nebraska Stock Growers Association.

Harry B. Coffee was born on a ranch in Sioux County. He attended the public schools of Chadron and graduated from the University of Nebraska. He has served three years on the Executive Committee of the Alumni Association. He is a veteran of the World War.

Coffee asserts: "The Fifth District should be represented by some one directly interested in agriculture who will work constructively with the Administration to raise the prices of agricultural products to the levels of other commodities".

to 3 cents per bushel this year. The demand is said to be slow.

Farm prices went down the old toboggan last month. Harold Hedges in his monthly economic report indicates that the United States index of farm prices showed a decline of 2 points. Prices paid by farmers increased 4 points and the exchange value of farm prices declined from 64 to 60 percent of pre-war levels. With the prospects for improved prices not so bright, the report is all but encouraging. But facts are facts.

Many local people will probably attend the national cornhusking contest in Cuming county this year. There are some 40,000 persons from the cornbelt interested in the

great rural sport, if it may be called that, who will see the champions competing for a world title.

WAR

THIS SPACE RESERVED FOR ERNEST S. COATS' EACH WEEK. THERE WILL BE MORE ABOUT THE WAR!

More About Clean Milk.

The highest dairy authorities say that clean, pure, high-testing milk is the best food known for children or adults. It costs money and a lot of work for dairymen to produce this kind of milk. The Coats Dairy produces the best and when city people buy our kind of milk they pay a lot more for it than we are charging our Ord customers.

For 100 years the Isle of Jersey near England has had no other cattle except Jerseys and they are so scientifically bred that they are perfect machines for the production of rich, pure milk and cream. Our registered Jerseys are pure-blooded, lineal descendants of Jerseys imported from the Jersey Isle, which is one reason why their milk is richer and purer than milk taken from a raw-boned "hat rack" type of cow.

Health officials all agree that milk produced by dirty, out-of-condition cows and bottled with the animal heat in it is the worst of food.

You can buy this kind of milk probably at a lower price than we charge for milk produced under proper conditions by fine, well-fed Jerseys and testing almost twice as high as the State law requires, but is it economy to do it?

Visitors are welcome at our farm but we ask you not to come during milking hours—5 to 6:30 o'clock—as Jersey cows are very nervous and won't give milk as well with visitors in the barns. We welcome your inspection at any other time.

Next week: The value of milk compared to other foods you buy.

North Loup schools closed Wednesday noon for the state teachers convention. The Misses Weber and Yost are attending the Lincoln convention. The others including Supt. L. O. Green, W. D. Bailey, Helen Modd, Miss Nass, Marcia Road, Nellie Parker and Marjorie Thelin are in attendance at Grand Island.

Mr. and Mrs. Ed Scheidt and children of Omaha who are visiting Mrs. Scheidt's mother at Scotia were Tuesday afternoon callers at the D. S. Bohrer home. Mr. Scheidt was formerly superintendent of the Scotia schools. Mrs. Will Beck accompanied them.

The 20th Century club have their lesson on planning Christmas gifts at the home of Merle Sayre Monday afternoon, Oct. 30.

Mr. and Mrs. Gus Eisle celebrated their 26th wedding anniversary by hiking to the river, fishing Friday. A good catch of fish was theirs which they shared with Mr. and Mrs. Buten.

Mrs. Eaton reports they have had a variety of meats the past few days. Besides fish and pheasant they received a can of elk sausage Monday from a cousin in Medford, Ore. Mr. Buten, though gradually growing more frail and less able to sit in his chair, still enjoys visits of friends.

A cordial invitation is extended to all Ord ladies interested in the welfare of women's clubs and to the women of the surrounding towns and communities to attend the annual inter-county federation which is being held this year at the Baptist church in North Loup, Thursday, Nov. 2, with the NoLo and Fortnightly clubs of this city as hostesses. A splendid program has been planned. Business session will begin at 10 a. m. The ladies of this church will serve dinner at the noon hour.

Axel Nelson of Albion was a guest at the home of his niece Mrs. Dorothy Knapp over Sunday. Mrs. Sadie Cox accompanied her daughter, Mrs. Velma Horner to Norfolk Wednesday where the latter is attending teachers convention. On Saturday morning they with Mr. Cox and Mr. Horner, who are employed near Norfolk at this time for the Nebraska Securities company in well and aeromotor work, will motor to Niobrara, in the extreme northeastern corner of Nebraska, which is the birthplace of Mrs. Cox and which place she has never visited since moving away with her parents thirty-seven years ago. Mrs. Cox is quite thrilled over the advent of this little trip and is wondering how nearly her childhood remembrance of the place will fit to the present.

Omaha friends of Mr. and Mrs. Charley Johns who arrived Saturday for a pheasant hunt were Mr. and Mrs. Frank Panabianco and sons Joe and Tony and Mr. Wes Sandelar. They with Mr. and Mrs. Joe Veleva of this vicinity were Sunday dinner guests in this home. John Kriwald drove to St. Francis Hospital Sunday after his brother Earl who has been under treatment there for the past several weeks. Earl is still bedfast and suffers much pain in his limb most of the time. It is expected he will in time regain his health.

Chas. Glouise and son Cecil, with Rev. Weston of the Evangelical church at Archer were overnight guests Monday of the Ernest Lee's, the families enjoying a pheasant feed.

Mr. and Mrs. James Wisda of Lincoln made a short call at the M. D. Earnest home Saturday enroute to Ord.

A beautiful Alladdin coal oil lamp was given away at Knapp's hardware Saturday evening, Bill Gross holding the lucky number. However, the lamp was auctioned off as was the wish of the receiver, Van Creager being the purchaser.

The Tom Hamer family moved Sunday to the Ligo Crandall residence recently vacated by Rev. Hawkes.

Artist and Model

LOU, ascending the bus stairs, clutched the hand-rail as they tore up Fifth avenue. It was 3:00 a. m.

Her pierrette costume was mussed, her disposition was ruined. It had not been fun to watch Jerry get more and more absorbed in Eunice; Eunice, whom he had promised so long not to keep playing around with. Lou smiled grimly, and hated men.

Jostled from side to side she finally made a seat. The bus was deserted save for a middle-aged man sitting towards the rear. The thought of her own beloved father flashed through her mind; and she hated him, too; hated him for having been so correct in his appraisal of Jerry.

"He just isn't made of your sort of stuff, my pretty." That's what her dad had said.

The bus sailed along some ten blocks when Lou looked up, startled.

"I was wondering if you'd pose for me?" It was the man from the rear seat.

"I'm an artist," he explained. "And I find you an unusual type. The way your hair coils around your head, for instance."

Lou turned coldly aside. He took the liberty of seating himself beside her.

"Isn't this quite a late hour for a young lady to be going home alone?" he queried. "Especially when that young lady is beautiful?"

"I'm not necessarily going home," she flung at him, and turned abruptly away to scan the deserted streets.

"Oh, ho!" he laughed. "I'm getting a front row seat on modern youth."

His face was very sober as they streaked under an arc light.

"Still," he continued, "you'll admit it's quite late for a young girl to be out alone. If you were aged and stooped it wouldn't matter. But, my dear child, there are all sorts of men abroad at this hour."

"Apparently."

"What would your mother say?"

"Precisely what my father would."

"Oh, they get along so ideally, do they?"

Lou smiled, but ever so slightly. Really, he was quite sweet.

"And what would your father say?"

"Precisely what you did."

"Then you do have caring parents. If it means anything to you, they're perfectly right."

"I'd like you to know," she glared, "that Jerry won't get the opportunity to do this sort of thing again. For I'm not used to floating around at all hours by myself, and I don't intend to become used to it."

"That's something." He heaved a little sigh.

"Go on," he prompted.

"I'm going on. But only because I don't want you to get the wrong impression."

"One night."

"My eyes got interested in someone else."

The man's sparkling eyes lost their twinkle.

"You shouldn't have such an escort."

"I haven't, have I? Let me continue."

He bowed his head, requesting pardon. His glance, somehow, melted Lou.

"It's all over now," she sobbed. The man looked relieved, vaguely troubled. "Um. You like him?"

"Terribly. Don't I look as though I did?"

"Yes, you look terrible, if that's what you mean!"

Lou dried her eyes immediately. "Oh, I loathe you men!"

"There, there!" He went so far as to pat her hand. "I told you you were lovely looking—I told you you looked terrible. And neither verdict pleased you. Did I say the right thing at the wrong time or the wrong thing at the right time?"

"You asked me to pose," Lou realized, as she studied his bowed head and his whitened knuckles on the head of his cane, that after all Jerry wasn't worth cornering one's thoughts over. "What kind of a picture are you doing?"

The man looked up, radiant at the change in her. He felt unspokenly happy that the blue eyes were no longer misty.

"A gypsy sort of thing," he answered eagerly. "You can let down your braids and wear gold hoop earrings."

"I love gold hoop earrings," she murmured. "Do you let your models keep their accessories?"

"I do this one," He beamed. "You're a crafty young'un!"

"What time and how soon?" she asked.

"Tomorrow. But not until the afternoon. I want your eyes to subside."

"My eyes!" she was scornful. "You don't give a hang about me, do you?"

"More than you'll ever know, my pretty." And they both made a motion to ring for the next bus-stop.

Carefully he helped her down the stairs. She leaned against him comfortably, contentedly. When they alighted she looked up at him with glowing eyes.

"Dad, you're a peach. Don't tell mother, will you? She was never too keen on Jerry, either."

Joan's Glory

By PAT SPENCER

© by McClure Newspaper Syndicate. WNU Service

"NO, I haven't had any practical experience—you see, I just finished college last June." Joan Bryce wasn't making a good impression, she thought. The young man opposite her—Stanley Holmes, assistant to the president—kept his gaze critically upon her as she talked.

In the end she got the job—as secretary to Mr. James Dewey of Dewey, Sons and company, an old established firm of importers.

Elated at her success, Joan left the establishment of Dewey, Sons and company at half past one. She didn't actually need the job. Still, family finances were running low, and Joan felt that the sooner she got to work the better. She'd been skipping long enough.

Joan stopped suddenly. She'd get her hair bobbed.

A sandwich and a cup of coffee—a new pair of gloves—a rough coat and jacket marked down—a jaunty red pull-on to go with them; and enough money put aside to pay for her bob and a generous tip, took most of the money in Joan's purse.

Next morning at a quarter before nine Joan reached her office.

Stanley Holmes was waiting for Joan in his room. Everybody had to pass through it on the way to Mr. Dewey's room. Joan's tiny office opened from Stanley's room, and next to it was another, exactly like it, in which Stanley's secretary worked. Joan hoped she would turn out to be a companionable sort of person. As she took off her hat and coat and hung them on a rack behind the door of her little room, she watched Stanley interestedly. Nice man, she thought. She caught herself wishing she was to work for him.

"Oh!" said Stanley as he saw her. For one brief moment Joan's heart raced. Stanley liked her looks, without her hat and coat. So much that he had exclaimed about her. But, as she caught his gaze she knew that his exclamation had not been one of delighted wonder. It was one of consternation.

"Turn around," he said peremptorily.

Flushed with annoyance, Joan turned around.

"My heavens," said Mr. Stanley Holmes.

Joan stood still, embarrassed and angry. "Well?" she asked at length.

"I'm frightfully sorry, Miss Bryce," he said. And she noticed that his eyes, when they looked directly at you, were gray and very beautiful and full of feeling. "I'm very sorry, but—you won't do."

"I won't do?" Joan was dumfounded. She smoothed her new skirt, wishing it wholeheartedly back on the racks of the department store where she had bought it. "I won't do?"

"No," said Stanley Holmes. "Not at all. But how could I tell?"

Joan sat down, unasked, on one of Stanley's leather-cushioned chairs. "Well," she said, "I think it's awfully odd that you hired me less than 24 hours ago and now, before I've even had a chance to try an dictation, you're telling me I've got to go. Do you mind telling me why?"

Stanley didn't answer for a moment. An angular, efficient-looking woman passed through the room and went into the tiny coop next to Joan's. "Good morning, Mr. Holmes," she said, and Stanley nodded and said, "Good morning, Miss Stout." Then, to Joan he said, "She's the world's best stenographer."

He walked behind Joan, and then returned and faced her. She was conscious of an unpleasantly persistent scrutiny on the part of Stanley.

"That is—" Stanley Holmes again looked into Joan's eyes—"she was, Miss Bryce, perhaps we can arrange things. What did you do to your hair?"

Joan flushed angrily. "Well, I'd like to know what—" she caught the rude words on her lips and said, instead, "I had it bobbed—cut off."

Stanley smiled. "Then it was long yesterday?"

Joan smiled, too. She couldn't help it, when those gray eyes looked so amusedly into hers. "Yes, but I spent some of my first pay envelope having it cut. Isn't it all right?"

"No. That is, it's beautiful. But you see, old man—I mean Mr. Dewey, won't have a short-haired secretary. He's a remnant of another day. Calls them suffragettes and mannish and what-not. He just hasn't kept up with the times. He just thinks a woman's crowning glory is a big wad of hair."

"Then I'm freed, aren't I?"

"No!" Stanley Holmes' tone was decided. "No. Mr. Dewey will swap. He's wanted Miss Stout. She's the world's best and I wouldn't give her up. I hated to break in a newcomer. But I've changed my mind. He can have Miss Stout. She'll do it—a raise. Then I can have—you!"

Tears were in Joan's eyes. "That all right?" asked Stanley, softly.

"Oh, yes. It's awfully nice of you. You see, I want a job a lot."

"But there's one condition," said Stanley. "Don't let your hair grow. Then Dewey can't get you away from me—ever."

THE pungent, sweet odor of frying crullers tantalized Phyllis' nostrils through the half-open door. "So," she said, to the pleasant, efficient looking woman standing there, "if you will just let me leave this sample with you, and promise me to try it, I'll be so glad." She smiled, a sunny, radiant smile as she handed the older woman a little package of cereal. "The children will love it for breakfast and supper—just the thing to give them before those delicious crullers I smell." And she nodded gayly and turned away. But, "Oh!" she exclaimed, and winced with pain as she started down the porch steps.

"Are you hurt?" said Cella Burke. "No—not much." Phyllis sat down on the top step. "Only my instep—it's swollen—see?"

"You poor thing," said Cella sympathetically. "You come right back in the house and rest."

"I'll call a taxi," said Phyllis, "to take me to the hotel—we're staying there—if I may use the telephone."

"You'll do nothing of the kind. You can call your friends at the hotel"—the town boasted only one—"if you want, but you must rest here. It's half past four now. John will be home in an hour, and we'll have supper at six, and he can drive you over afterwards."

"You're awfully good to me, Mrs. John—"

"Oh—Cella Burke."

"My Phyllis Parker. You see, we're doing this part of the state and Hartsville is a good center and not expensive. There are ten of us who go around for this company distributing samples—six girls and three men and our manager, Mr. Sanford Trask. We have a couple of cars and we go off for the day to nearby towns, and then when we've finished this section we move on. I think there's something the matter with my instep, maybe—I dropped a heavy case of samples on it the other day, and it's hurt ever since. But, of course, I can't stop working unless I'm laid up."

Phyllis sensed fatigue in the younger woman's words.

"Now that's all right. You just rest, and have supper—you wouldn't be doing much more tonight. And you'll feel better tomorrow."

At five-thirty John came home, hesitated when he saw the girl asleep on the couch in the lamplight, and tip-toed to the kitchen. There Cella explained to him. She found Phyllis awake when she went to the living room five minutes later, with real tears brimming over. "I can't tell you I'm such a goose," said the girl. "It's so nice being cared for. And by the time Phyllis had dried her eyes and John had been introduced to her, and she learned that he was Cella's brother, not her husband, the knocker sounded. It was Mr. Trask, a pleasant, middle-aged man, all concern at the message that Cella had telephoned the hotel. Far too pleasant, thought Cella, to drive a pretty girl like Phyllis.

"But Miss Burke," he said contritely to Cella, as he shook her hand, "I didn't know Phyllis had hurt her foot. Why didn't you tell me and see a doctor—do something to get it fixed up?"

"Oh, Mr. Trask," protested Phyllis, "it wasn't really anything, only it did hurt a good deal. But this afternoon it seemed to get worse, and then—"

"Never mind," he said. "We'll see a doctor tonight, and then when we go on tomorrow maybe we can leave you here for a rest and pick you up next week when we come through again. Got a hospital here, Miss Burke? Poor Phyllis is having all the bad luck this trip."

Phyllis, in a week's visit, had quite recovered. But during the following month she and Sanford Trask had been at the Burkes' for supper many times. Sanford had found Hartsville a good center for much of their work. And, at the end of the month, anybody with half an eye could have seen which way the wind was blowing. Sanford Trask and the older sister, Phyllis Parker and the younger brother.

Phyllis and John were on the porch, where the first spring warmth made the evening mild and gentle. "Of course, I'll marry you, John," Phyllis was saying. "And," answered John, "if you'd get bored in this small town, I'll do something else—we'll go to a city and live at a hotel." "But, John, I love it here—if Cella won't mind, I want to learn to bake beans and make crullers."

In the living room where wood cracked on the hearth—for in spite of the spring mildness there was a chill in the air—Cella said, "But of course I'll marry you, Sanford, if you want me." And Sanford answered, "If you'd hate traveling with me, Cella, I'll give up that work and settle down here." "Oh, Sanford, I'll love to go about from place to place," answered Cella. "I'd like never to cook another cruller or make another pot of beans—if only John can get along without me."

Pheasant Crop Short This Fall But Most Visiting Sportsmen Got Bag Limit Sunday

(Continued from Page 1).

At the Arnold brothers' farm in Springdale were a number of Omaha hunters who came Saturday evening in a large bus and hunted until Tuesday morning. Many in the group were here last year also. The party included M. B. McNab, Henry Ramsey, Dave Calvert, John Chew, Sam Mills, Roger Gallup, George Lemmon, Bert Carpenter, Bob Henderson and C. C. Norris, all of whom were here last year, and Messrs. Dyke, Clapp, Cole, Moser, Farmer and Johnson. Several of the party are World-Herald executives; others are prominent insurance, business and professional men in Council Bluffs and Omaha. Monday evening they entertained their Springdale hosts and several Ord friends at dinner in the New Cafe and later in the evening were guests at a smoker in the C. J. Mortensen home. They left for Omaha Tuesday with the limit of pheasants.

From Beatrice came several friends of Tom Weeke who stayed at Hotel Ord, their names being D. W. Cook, Hoyt Hawke, W. W. Cook, C. B. Cook, E. C. Austin and C. W. Hackman.

From Tecumseh came J. B. Douglas, Jr., and his father, who were here with Governor Bryan's party last year, and from Fremont came Dale Milliken, a brother of Lyle Milliken of Ord, and two friends, H. A. Irwin and Jerry Sampler. From Friend came W. W. Gordon, O. L. Jewett and I. A. Kesler, friends of George Allen, and from Kansas City, Mo., came Joe Gier, L. D. Moore and B. L. Williams.

Bob Hoff, of Hastings, a nephew of Mrs. Amollia Partridge was here with several friends, Bill Comstock, Bill Sill and Ralph Domine. A Fremont group at Hotel Ord was made up of B. G. Lewis, A. C. Sidner, Earl Lee, John Monnich, Art Christensen and J. Johnston.

Staying at the hotel Monday night and hunting with Bob Noll were F. W. Pruitt and J. M. Prime, of Lincoln.

A Matovsky, of Deal, N. Y., was one of several pheasant hunting guests who spent the week-end in the A. Bartunek home. Mr. Matovsky is a brother of Mrs. Bartunek and they had not met in years. Other guests in the Bartunek home were Mr. and Mrs. Irvin Gillen and Professor and Mrs. Beary, of Lincoln.

Several hunters made their headquarters in the F. C. Williams home, the group including George Hutton Art Grafton, Herman Vester and George Schultz, of Fairbury, and Bert Davis, of Lincoln. Dr. and Mrs. E. E. Clark of Ashland, formerly of Burwell, were guests Monday in the Dr. C. J. Miller home and Dr. Clark was hunting pheasants with Dr. Miller.

Mr. and Mrs. Fritz Kuehl had several hunters for house guests Sunday and Monday. Guy Sundberg and Mr. and Mrs. Carson Kuehl, of Omaha, Fred Dahmke and son Emil, Mr. and Mrs. Claus Dahmke and Grover Nelson, of Millard. The Auble families were entertaining several relatives from out of town, among them being Mrs. Mary Moran and daughter, Mr. and Mrs. Wm. Doran and son and Mr. and Mrs. L. D. Sherman, of Lincoln. All the Auble families and visitors had dinner in the Jay Auble home, there being thirty-two present.

So many hunters were entertained in private homes both in Ord and in the country that it would be an impossibility to give the names of all of them. Most hunters are taking home a full quota of birds but they're working hard to get them this year. The pheasant season ends at sundown October 31 and until then Ord will continue to be the mecca for pheasant-minded hunters from pheasant-less communities.

North Loup News

Mr. and Mrs. Charles Sayre entertained at a pheasant dinner Monday evening. Mr. Sayre's people, the Bert Sayres and Mr. and Mrs. Oakley Sayre and children. Mrs. Elfrida Vodehnal entertained a number of ladies at bridge Monday evening while their husbands attended Community club. Leland Robbins brought several Omaha friends up from Omaha Saturday. They were over night guests of Leland's parents, returning Sunday evening with their quota of pheasants.

The Harold Fishers entertained at pheasant dinner Sunday their brother Rolly and family and Mr. and Mrs. Stewart of York, also Mr. and Mrs. Joe Fisher and Donald.

Sunday visitors in the Ed Post home were Mr. and Mrs. Frank Urweller, Carl Unger and their daughter Ruby Post who drove up from near Cairo, Nebr., returning Sunday evening. Miss Ruby is employed in the Urweller home.

Dewey Wetzel with several Lincoln friends drove up from that city Sunday morning to participate in the hunting sport.

Word came last week to relatives here of the serious illness of Jake Banta of Lyman, Nebr., who is in a hospital in Wheatland, Wyo., suffering with inflammation of the spine and brain. Thursday morning his brother Jim of Riverdale and a sister, Mrs. Elsie Whitting of Sumter, with their cousins Earl Bingham and Mrs. Veda Gowan and Elmer Kirk left via auto for Wheatland, calling on Jake at the hospital. He was conscious and knew them all though totally blind. Doctors give little hope of recovery but fear his affliction will increase rather than improve. Friends here extend sympathy to the family their sad misfortune.

Lois Schoning who submitted to an operation for appendicitis at University hospital, on Tuesday of last week is reported to be recovering.

When Jack had left the women for his refreshments in the kitchen, his aunt spoke. "I do hope Jack was too interested in his reading to hear what I said about the Lintons. You probably know that his parents—my brother Joe and Belle—are having the same trouble. He realizes that things are upset at home and is very sensitive about it."

At dinner that evening, Jack announced to his aunt and uncle that he would like to go home. "Uncle Harry can drop me at the corner of our street and I will surprise mother and father. I'm not feeling so well and I think I'd better go home."

It was just a little after seven the next morning when the telephone rang and the voice that reached Fanny was excited. "It's Belle, Fanny. I—I just couldn't wait to tell you. Jack was sick last night but he's much better this morning, thank goodness. Joe sat up all night holding him and he's giving him his breakfast now. It was so strange and sudden. We called the doctor and he couldn't find anything wrong with Jack, but he tossed from one side of the bed to the other and acted delirious. He kept calling for both of us and he didn't get to sleep until some time after midnight. Neither Joe nor I slept a wink all night but he slept soundly until six this morning. But Fanny, what do you suppose he said, just before he dozed off last night?"

"He said: 'If you love me and want to keep me, if you don't want me to be sick, then you both must stay right here with me—all the time.' Oh, Fanny, to think—"

"And now what?" prompted her sister-in-law amiably. "Joe and I have talked everything over. We talked and talked last night while we sat in Jack's bedroom watching him. And decided for Jack's sake we'd make a strong effort to forget all our differences of opinion. I'm going to have the doctor come again this morning to see Jack."

"I don't think a doctor is necessary, Belle, dear. Don't spoil your new happiness—and Jack's—by calling in an outsider. Just pack up and go on your trip as soon as you can. And remember that Jack needs both of you, more than ever. I'm so glad to hear you've patched up all your troubles."

Over the Bridge Table

"CERTAINLY you have heard that Tom and Betty Linton have decided to forget their matrimonial disputes and carry on together," said Fanny Barton as she was dealing the cards at the Wednesday afternoon bridge club, meeting at her home. "I'm so glad. It would have been really tragic for them to separate with that lovely boy of theirs."

"Yes, I heard that they were reconciled. It happened at Atlantic City last month, didn't it? When Betty sent for Tom when the boy was ill?"

"Let's keep the conversation for over the refreshments, girls," suggested Hilda Bowns.

Fanny Barton followed Hilda's glance toward a boy sitting reading. "Why not run out and play, Jack," suggested his Aunt Fanny. "I'll call you when it's time for refreshments."

"I'd rather read this book, Aunt Fanny. And besides, mother or father might call and I want to be on hand to talk to them."

Later on Hilda Bowns said: "And now for the inside facts about the Lintons, while the refreshments are being served. I'd like to hear all about the case."

"Well," began Fanny Barton, "it certainly looked as though their married life was due for the divorce courts. At first they were ideally happy but then Tom made a lot of money and they stepped out. Later came the crash, and then the trouble started. Betty admits she was as much to blame as her husband. She had taken young Tom to Atlantic City and they had planned divorce action in the fall, and then Tom—the son—took a sudden turn for the worse down there—you know he's always been a delicate boy. Betty was panicky and telephoned Tom. The boy was delirious and tossed around in bed, and called for his father incessantly. Tom went down immediately and they didn't leave the boy's bedside for several days until he began to recuperate. He begged them to take him home and for them to stay there with him. That was the first time that either Tom or Betty realized that Tom Junior knew about their planned separation. It impressed both of them a great deal and they decided to try getting on together for young Tom's sake."

Corra came in with the refreshments and as she passed the boy, absorbed in his reading, she whispered: "Fruit punch, sandwiches and cakes for you, Jack. Shall I bring them in here, or will you eat them on the porch?"

The boy closed his book and smiled up at his aunt's maid: "No, Corra, I think I'll take them in the kitchen. It will save you a lot of trouble."

When Jack had left the women for his refreshments in the kitchen, his aunt spoke. "I do hope Jack was too interested in his reading to hear what I said about the Lintons. You probably know that his parents—my brother Joe and Belle—are having the same trouble. He realizes that things are upset at home and is very sensitive about it."

At dinner that evening, Jack announced to his aunt and uncle that he would like to go home. "Uncle Harry can drop me at the corner of our street and I will surprise mother and father. I'm not feeling so well and I think I'd better go home."

It was just a little after seven the next morning when the telephone rang and the voice that reached Fanny was excited. "It's Belle, Fanny. I—I just couldn't wait to tell you. Jack was sick last night but he's much better this morning, thank goodness. Joe sat up all night holding him and he's giving him his breakfast now. It was so strange and sudden. We called the doctor and he couldn't find anything wrong with Jack, but he tossed from one side of the bed to the other and acted delirious. He kept calling for both of us and he didn't get to sleep until some time after midnight. Neither Joe nor I slept a wink all night but he slept soundly until six this morning. But Fanny, what do you suppose he said, just before he dozed off last night?"

"He said: 'If you love me and want to keep me, if you don't want me to be sick, then you both must stay right here with me—all the time.' Oh, Fanny, to think—"

"And now what?" prompted her sister-in-law amiably. "Joe and I have talked everything over. We talked and talked last night while we sat in Jack's bedroom watching him. And decided for Jack's sake we'd make a strong effort to forget all our differences of opinion. I'm going to have the doctor come again this morning to see Jack."

"I don't think a doctor is necessary, Belle, dear. Don't spoil your new happiness—and Jack's—by calling in an outsider. Just pack up and go on your trip as soon as you can. And remember that Jack needs both of you, more than ever. I'm so glad to hear you've patched up all your troubles."

London-Bound for Love

HELEN HOLMES didn't feel so happy. She had a romantic nature and she longed for a cozy, rose-covered cottage in the suburbs, a flower garden to cultivate, and a tall, broad-shouldered, tanned man to welcome home each night. It so happened that Helen was really what some old maids would call a model young girl.

Day after day she conscientiously typed away in a Wall Street brokerage firm and calmly refused the dinner invitations tendered her by one of the elder men of the office.

She felt pretty bitter about life in general when a friend, Blanche Young, returned from a cruise to Bermuda with an engagement ring in the proper place. And to make it worse Blanche informed every one that the newly discovered merrymen—Eddie Williams—and she were to be married within a month.

Here was what she had dreamed of for so long, enacted in real life—but, to somebody else. But after a few days she grew less bitter about it all and decided that if such things did happen, perhaps her time would come before too long. She knew that she was every bit as attractive as Blanche. And she had some money saved, so why not a cruise to Bermuda or some such place for herself?

Blanche Young's luck at catching a good-looking and sensible man had exerted a great influence over Helen. She realized that Blanche had really taken the right way.

So, one day, when she was feeling exceptionally carefree and jubilant, she asked the office manager for a six weeks' leave of absence for a long cruise. As luck would have it, her request was granted. Immediately she withdrew all her savings—six hundred dollars. For two hundred dollars she secured passage to London on a small but respectable merchant steamer.

The first day at sea was ideal. Helen was so happy and relaxed after years of work in an office that she almost forgot the main reason why she had staked her all on the trip to London and back.

Nevertheless, as she watched the deck tennis and shuffle-board games on the deck, Helen took accurate regard of all the young men present. Of the ones she scrutinized there were only two, she decided that would take the place of all the Lochinvars she had dreamed of. And only one of the eligible males, Helen decided, was the type that would want a home with a pretty wife to prepare his meals. He was a serious looking man of about thirty-five, tanned, well built and genial in appearance. The other man who qualified was busy playing deck tennis. He had all the appearance of a college athlete, intent upon having a swell vacation at his father's expense. But the fact must be told, that he alone of all the men on deck, had seemed to notice Helen and be impressed by her appearance.

Then, all of a sudden, the other man whose appearance Helen had admired, turned to her and said: "Shall we take the winners on for a game of deck tennis?"

"I'd love to!" replied Helen, saying to herself that Lady Luck at last was her good friend.

As the trip progressed Helen and her newly found, tanned, thirty-five-year-old male acquaintance played deck tennis together every day. He was always polite and courteous—yes, even friendly. But that was as far as things went. Nights, instead of being with the older man, she danced and walked on deck with the young, sentimental college youth.

Things went along like that until the night before they docked at London. On that night Helen missed her college student-dancer at the farewell dance. Feeling a little disappointed, she retired to the deck where she sat in a deck chair and admired the stars and the moon.

Suddenly from nowhere came "Hello, Helen!" She lifted her glance from the stars to discover who had approached her. And it was her deck tennis partner—the one man who seemed anxious to find a young woman to share his home.

"Helen," he said, as he dragged her out of the deck chair and over to the rail, "I've been looking for you. It's too late for deck tennis—so I thought we might play a game of love. I want you for my partner always."

"Do you like rose-covered cottages with gardens, and with a wife waiting there nights with a home-cooked meal for you?" whispered Helen, as she edged closer to her friend.

"Darned right I do," was his ready response.

"Well, I guess this game of love is all right, then. But let's make it soon."

"Tomorrow we'll be in London, and that's where I'm stationed for a year or so. You won't mind living in London, will you, Helen, darling?"

"Never—you see, I only purchased a one-way ticket."

Ord Church Notes

Presbyterian Church Notes Sunday school convenes at 10 A. M. Church worship at 10:45 with Rev. Warren in the pulpit. Young People's meeting in the evening at 7 P. M. Missionary Society will meet next Wednesday afternoon. The Ladies Aid Society held their regular meeting yesterday afternoon in the church basement. Mrs. Misko and Mrs. Wilcox served the lunch. Tonight the members of Mrs. Goodhand's class are meeting at the home of Mrs. Guy Burrows for Bible study. All members are urged to be present.

United Brethren Church Notes. "What shall I render unto the Lord for all His benefits toward me?" Next Sunday is Loyalty Day. Let every member of the church and Sunday school express their loyalty to Christ and the church by their presence in the services. On Rally Day and Harvest Festival Day a good program was given by the young people and children of the church. A nice offering of fruit and vegetables was brought for York college. Prayer meeting at the parsonage this evening. Mamie J. Young, Pastor.

Methodist Church. Interest of our church centers around Rally Day which will come the first Sunday in November. Our goal is 250 in the Sunday school. Every class is being organized to attain this goal. Stanley McLain is in charge of organizing the classes. Artistic Rally Day posters have been prepared and placed in every class room. They will be put in stores next week so everyone can see them. A Harvest Home Festival will be held in connection with the Rally Day service, Nov. 5, and donations of vegetables, canned fruit etc., will be brought to the church and later taken either to the Hospital in Lincoln or the Wesleyan University, as the givers may choose. A pep rally will be held next Sunday morning at the close of the Sunday school hour. We want to reach our goal of 250 on Rally Day. A new plan of Sunday evening services will start in November, and announcements will be made next week. Mearl C. Smith, Minister.

Christian Church. Our subjects next Sunday will be: morning, "The Greater Works" and evening, "What Think Ye of Christ?" Next week the missionary fair claims our attention. We ought to lay everything else aside as much as possible and make this a really memorable event. The exhibits will be fine in every way. We now believe that they will be much larger than last year. In addition this year we expect to have some speaker with us each day and we hope to have much music to help out. The Burwell church orchestra will be with us one day and we hope to have others. Make the fair the great event of the year. No mid-week Bible study next week as the fair will claim all our attention. Keep the Bible school in mind. It begins at 10 A. M. We are looking for people from a number of towns to be here for the fair. Let us make them see and believe that our Christian courtesy and brotherliness is the greatest feature not only of the fair but of the church.

The Misses Helen Ignowski, Rose Chilowski and Evelyn Bouma were supper guests at James Wozniak's Friday. Verna and Vesta Twombly called Sunday afternoon at the Emil Zlomke home. Stanley Clochon of South Dakota was a dinner guest at the James Wozniak home, Monday. Miss Mae Zlomke and her uncle Dan Zlomke spent Friday night and Saturday at the Emil Zlomke home. A group of hunters were hunting at Joe Wotasek's Sunday. (School Notes) The 7th and 8th grade Geography class are studying Asia. The Halloween program Friday night was a success judged by attendance, the way it was received, the social hours of play and the lovely lunch and teacher and pupils feel well repaid for their efforts. Pupils did their parts like professionals and the special music by Mr. Reimer Bouma, Mr. Zack Greenwalt, Alfred Hosenk and John Bouma was very much enjoyed. There were probably 100 in attendance and we appreciate their interest. School will be dismissed Wednesday night that the teacher may attend State Institute. She will be accompanied to Grand Island by Misses Fern Cook, Marie Thomas and Elizabeth Twombly. Quarterly tests are being given this week.

Charles Bals, Just Back from Belgium, Says War Talk Rarely Heard In Europe

(Continued from Page 1).

Mr. Bals ardently wishes he had his family home here in Valley county. It has such a beautiful park, lots of ponds, lots of fish, the twenty acres of park and the castle having been built in '64 by some wealthy nobleman without regard to money. The hills in the park, says Mr. Bals, were built there, hauled in by the wheelbarrow. The castle itself has three or four storey walls made of brick above and stone below. During the war, shells dropped through the roof, tearing it off and plunging clear to the basement, but the walls stood. The place was bought by the Bals family just after the war and put in good order again.

Practically all the war-time havoc has been repaired in Belgium, says this Valley county traveller. New buildings, principally of brick because of the rather damp climate, replace those that were ruined. To accomplish all this construction, women and children worked too, scraping brick, cleaning up, etc. He times there are not exactly like ours, Mr. Bals stated, not on the same principle. Installment buying is unheard of there, people live on their own money, on much less than they do here, and are very saving, very peaceful. Crops are worth little, a brother who had potatoes telling Mr. Bals they were worth about 10c per bushel, his wife about 35c per bushel, and his cash 50c per bushel. But high cash rents are the custom, considerable fertilizing must be done, high wages are paid, for which the dole is largely responsible.

Mr. Bals is convinced the dole is a mighty bad thing and devoutly hopes that it will never descend on this country. This dole, he says, often is spent almost entirely by the school teachers. The dole depends on the wages once earned by the man who gets it, but is usually a dollar, sometimes a little more or less. Taxes over in Belgium are so high, there is no end to them. For example, there is a tax on carpenter hire, or for any kind of wage, or on the groceries you buy, in fact on everything. For instance at a property sale amounting to \$100, \$10 tax would be added if it were sold to a laborer, about \$14 added if the new owner wanted it for a saloon, and about \$17 tax added if the property was already owned by someone who was already wealthy enough to own other property. There is a 15c per gallon tax on gasoline, and a 40c per gallon tax on the Bals family departed from Belgium. Belgium is honeycombed with railroads, and cars are not much needed, but just the same the gas pumps of Standard, Sinclair, Texaco, etc., are found over there. But gas stations have not yet arrived, separate ones like they have in the United States. The chief reason for these high taxes Mr. Bals believes to be the dole, and a terrible evil and a mistake he is convinced this dole is.

But though times are bad there, the people do not "holter" as much as we do, as they are used to working for much less, and used to saving, and having to save. Everything is cash, nothing is purchased by installments, and sometimes one family and their descendants will rent a property for 150 years, says the former Belgian in telling about it. Nearly all building there is done in brick, because of the dampness, and the new buildings replacing those ruined in the war are quite modern and good looking. In a trip made abroad in 1920, just after the war, Mr. Bals saw a city once possessing 60,000 souls in which he declares there was not a wall standing as high as two feet high, and not a whole brick to be found. But practically all ruins have now been replaced and cleared away. Belgium is a very peaceful country, with satisfied citizens. Much more is heard of war talk here than over there, says Charles Bals, and he declares that France decidedly does not want a war, nor Belgium either, as of course neither of them wants to become a battleground again. It is other nations which are enthusiastic about it, countries which have nothing to lose and everything to gain. Women's styles are much the same in Belgium as here, and the streets look much the same, with neatly lettered signs on practically every window now found, which state "English spoken here." In cooking, this country comes out pare with European nations, Mr. Bals thinks, as our preparations for a meal are so much more hurried. Over there, they take hours to get a meal and think nothing of it, and the results are truly delicious, says he. But Mr. Bals is sold on the United States and says he knew from the first day he spent in it that he was going to enjoy it, every day of it. "I saw immediately also that there was money to be made here, and made much faster than over there. They don't risk or speculate over there; they make their money much slower." Another thing Mr. Bals greatly prefers are the winters here. "They're too damp and rainy there, not nice at all." Summers in Belgium, however, are lovely, with the unusually high temperature recorded this year of 85 degrees, about which the inhabitants made much fuss, and the coldest day of the Bals' visit last summer registering 65 on the thermometer. So with summer over, he was glad to arrive home October 5, with his wife, having come back exactly the way he went. So now his list of recent trips back to Belgium reads, 1920, 1923, 1926, 1928, 1932, and 1933. Valley county friends are glad to welcome him back to Ord and hope it is for a good long time.

Red Cross Appeals for Members

THE 1933 poster of the American Red Cross, distributed nationwide, is an appeal for an enlarged membership. Resources were never more vitally needed than in this fourth year of economic distress. Memberships, which cost one dollar or more, are used to support the unemployment relief work of chapters and national organization; nationwide disaster relief work; health work in hundreds of communities, with special reference to preserving the health of mothers and children; safety work through teaching first aid and life saving; welfare work through six million school children who are members of the Junior Red Cross; and one of the most important tasks ever to face the Red Cross—keeping up the morale of

veterans of our wars, and handling their problems of compensation payments, arising from changes in governmental regulations. One hundred twenty disasters engaged the financial and personnel forces of the Red Cross during the past year. More than a million dollars was spent in relief of families who lost their all in hurricanes, storms, fires, earthquake and other frightful calamities. President Roosevelt has said: "I can be counted on to foster and aid in every way in my power the great work your organization (The Red Cross) must carry on." Can any citizen of the nation fail to do likewise? Join as a member of your local chapter during the roll call.

THE telephone bell clattered with raucous insistence. Collins hunched up on an elbow, swearing vaguely, and squinted toward the clock. Its luminous face showed 2:10. Another jangle. He stumbled across the room, and picked up the instrument.

The voice in his ear was crisply energetic: "Hello, Collins. This is Barnes, night city editor. Say, we just tuned in on a police call sending a patrol car to investigate a woman screaming, and it's right in your neighborhood. 500 Franklin. How about hopping over there quick? Might be a real story in it."

"All right—all right." Three minutes of fast moving had him dressed and headed out. The fourth building from the corner had 500 in gilt letters across its glass door, with "Berkeley Arms," underneath.

Collins went up the short walk and tried the knob. It didn't turn. He moved across the grass past the building's front corner. From the unlighted side, a fire escape's zig-zag skeleton loomed. Suddenly, from somewhere above, came a woman's brief, low cry.

Swiftly he went forward, stopping beneath the fire escape's lowest platform. A swing, a jerk and he was standing on the iron slats.

With a swift move he went on, up the steps to the third floor platform. Here only curtains screened the window. Beyond it, the gloom was unbroken and no sound reached Collins.

He started for the stairs ahead—and then pulled sharply back. From just within the room, a little spot of orange had glowed and gone again. A man spoke, low and intense:

"Mary, listen to me! I'm sorry I frightened you, dear. I didn't dream you'd be asleep, or I'd have knocked instead of using my key."

A woman's voice, soft and a little breathless, said: "Oh, it's—it's all right now. But this isn't fair of you, Tom. You shouldn't be here. I told you the other night—"

Passionately, the man broke in: "Oh, I know what you told me—that's why I had to come, as soon as I knew that you—that he'd gone to the sanitarium. Mary, you can't do this thing—do you hear me? God, it's not as if I were pleading for something that was mine alone! It's been all that mattered in life for both of us, and everything that can ever count is gone if we don't carry it through as we planned. You know that!"

An instant's silence, in which the cigarette lived again. Then the woman answered, "Tom, it's hard—so terribly hard! I wanted to tell you all I felt and thought about—about us, and why we couldn't go on. Somehow, though, I knew it wouldn't do any good; that I might as well just say it and not try to explain. But now—oh, darling!—her voice was cloudy with tears—"I do love you so!"

A pause. Then she went on, more calmly. "I just know now that I must try to make you understand. Tom, I can't leave Mary, because it would kill her. Oh, it would be different if he were—were normal. But don't you see, he'd believe I did it because of that. I loved him, Tom—I think I did—when we married. How could he ever understand that his accident has nothing to do with the change in my heart? Every minute of his life, every word he's written, in these last five years has been for me. When he's away, for these treatments, all he seems to think of is my happiness. Each time he returns with some plan or surprise to please me. Tom, do you see now why I can't go away from him?"

"Well, I guess there's nothing for me to say, except good-by. I—I think I'd better go at once."

Abrupt movements and the sound of a doorknob turning. A shaft of light fell suddenly across the bed, and Collins saw her.

Then the latch clicked shut and beyond the window was black again. Collins straightened and turned toward the iron stairs.

Home, he lit a cigarette and dropped in a chair by the phone table. Staring ahead at nothing in particular, his face was speculative. At last he tore a sheet from the memo pad beside him, took out a pencil, and scribbled across it:

"Lover Visits Prominent Woman As Writer-Husband Absent. An instant's thought; then, underneath:

"Wife of Martyr French, Well-Known Invalid Novelist, Surprised in Secret Rendezvous."

For a moment he looked critically down at the words, amusement tingling his lips. Then he picked up the phone and spun its dial. When contact came, he said, "Hello—Barnes. . . Collins speaking. Say, what the h— is this—a gag? I've been snooping around that joint for half an hour. There's not a thing stirring."

The answer came with swift contradiction. "Collins, old man, I'm terribly sorry; I handed you a raw deal. Just plain stupid of me not to notice. That address was 500 South Franklin!"
