## 15 Cars Already Signed For Meet Here Sept. 16-19

Valley Co. Fair 2 Weeks Away But Drivers Entering; At Least 30 Expected.

With fifteen racing cars definitely under contract to compete, auto races to be held in connection with the Valley county fair September 16 to 19 promise to be as fast as any held in previous years. Though it is almost two weeks before the races start, more entries are coming by every mail and Racing Superintendent Clyde Baker believes at least thirty cars will be here for time trials on opening day.

Last week Baker and Alfred Welgard drove to Belleville, Kas., where races were being held in connection with the Tri-State fair. There were 37 drivers present and most of them signified their intention of competing at Ord.

Entries so far include:  
Fifteen Have Entered.  
Vic Felt, Deer Trail, Colo., Hisso Special, with Lloyd Axtell as driver.

H. D. Cowan, Atchison, Kas., Frontenac, Emmett Underwood driver.  
Lloyd Fisher, Longmont, Colo., Fisher Special, Cowboy Gilbert driver.

C. E. Johnson, Lincoln, Messer Special, Bill Morris driver.  
Art Mortinson, Denver, Fronty D. O., Al Mortinson driver.

Ralph Morgan, Indianapolis, Miller Special, Red Campbell driver.  
Charles Boye, Omaha, Dreyer Special, Charles Boye, driver.

George Lawhorn, St. Joseph, Lawhorn Special, George Chitwood driver.  
McCombs Coming Back.  
H. H. Hanson, Rhineland, Wis., Hal Special, Vern McCombs driver.

H. H. Bennett, St. Joseph, Frontenac, Ted Parker driver.  
Stark Hickey, Detroit, McDowell Special, Howard Jennings driver.

Martin Lake, Sioux City, Model A. D. O., Bert Ficken driver.  
Rogers & Tersnor, West Franklin, Ill., Hisso Special, John Tersnor driver.

Jack Keys, Otis, Kas., American Gyro, Pat Cunningham driver.  
Al Banks, Hastings, Frontenac, Al Banks driver.

Several of these owners and drivers have appeared here in former years, notably Felt, Axtell, Fisher, Gilbert, Lawhorn, McCombs, Ficken and Cunningham. Both of the latter piloted John Bagley's car in different years and are noted dirt track drivers.

Canton Car Entered.  
Among cars in the above list that are new to Ord two are creating much comment among local racing fans. One, Morgan's car from Indianapolis, piloted by Campbell, has been a stand-out on eastern tracks. The other, owned by Hickey of Detroit, is "Shorty" Canton's old racing car. Canton, one of the ranking drivers in the 500-mile classic at Indianapolis each year, sold the car to Hickey shortly before his death on the speedway.

Race Superintendent Baker has received word from John Bagley, who is now racing in the east, that he will make every effort to get here by Sept. 16. Bagley has never missed a race meet in Ord yet. His present car, piloted by Doc McKenzie, has been winning consistently in New Jersey and Pennsylvania, and is now the leading contender for AAA dirt track honors for the season.

"Don't make any mistake about it, we're going to have a real race meet this year," said Baker yesterday. Drivers at Belleville were enthusiastic over the reopening of races here, he said. The Ord track is regarded as the fastest in the middle west by all followers of the game and the best drivers will surely be here to compete not only because prize money is large but also because there is considerable fame attached to winning at Ord.

Optometrists Will Hear Dr. Parkins  
Optometrists from all over the state of Nebraska will meet in Ord on Sunday and Monday, Sept. 8 and 9, to attend the clinic concerning visual problems of school children, at which time Dr. George A. Parkins, director of the Department of Research, Nebraska Association of Optometrists, will present the results of his research in the Ord schools during the past two years. This research has been concerned with visual problems of children and means of alleviating their difficulties.

Dr. Glen D. Auble, of Ord, also is a member of the advisory board of the research department, as are Millard D. Bell and Wilbur D. Cass, Ord school men, who have assisted Dr. Parkins in his investigations.

—Madams George Walker and Lee Nay went to Grand Island Thursday to spend the day.

## Prospects Bright For Ord Football

With ten lettermen returning to the lineup prospects appear bright for a winning Ord high school football eleven this fall. Coach Brockman issued the first call Monday morning and was greeted with a turnout of forty candidates.

Returning veterans around whom the '35 Chanticleer team will be built include: Marks, Tunncliffe, Haskell, Koelling, Blessing, Jones, Pray, Clark, Rose and Richardson.

Road work, setting-up exercises and other forms of light drill work make up the early practice schedules. The opening game finds Ord playing at Scotia under the lights, Sept. 27.

The schedule:  
Sept. 27—Scotia, there.  
Oct. 5—St. Paul, there.  
Oct. 11—Broken Bow, there.  
Oct. 18—Burwell, here.  
Nov. 1—Ravenna, here.  
Nov. 8—Open.

Nov. 15—Arcadia, there.  
Nov. 22—Sargent, here.  
Nov. 29—Loup City, here.

## Pheasant Season In Valley County; Protests Heard

Game Commission Declares 10-Day Open Period Though Birds Very Scarce.

Although pheasants are said to be so scarce in Valley and surrounding counties this year that hardly enough are present for breeding stock, the Nebraska fish and game commission last week included this area in the ten-day open season that will start October 20 and close October 29. Many protests are being heard against the long-tailed fliers being hunted this fall.

Last summer's disastrous drought reduced the pheasant crop greatly and practically no birds were hatched in this section. Then came the 1934 open season, which still further decreased the survival of old birds. Then, to make conditions even worse, floods in June this year drowned most of the few broods hatched.

Are Scarce Everywhere.  
Other counties in this section that will share with Valley the doubtful honor of having an open season on pheasants are Greeley, Custer, Blaine, Loup, Garfield, Wheeler, Sherman and Howard.

In all the pheasant situation is said to be practically the same in Valley county, although small areas around the Cedar and Calamus rivers contain a fair proportion of pheasants.

The game commission is trying a new policy this year in some counties and that is to have two open seasons. In Scottsbluff, Morrill, Garden, Keith, Lincoln, Knox, Pierce, Antelope, Cedar, Wayne, Dixon, Dakota and Thurston counties it will be legal to shoot pheasants between Oct. 20 to 29.

again from Nov. 17 to 21. A few southeast and northwest Nebraska counties will have no open season whatever.

## Helen Seiffert Is Visiting At Arcadia

Arcadia—(Special)—Mrs. Viola Shepherd of Bridgeport, Neb., sister of George Bryson, and Mrs. Kate Garrison, of Denver, a niece of Mr. Bryson, visited in the Bryson home Sunday. They were enroute to Fremont where Mrs. Shepherd, superintendent of the Morrill county schools, was taking Miss Helen Seiffert to meet her instructor and go on to Massachusetts to enter her second year of schooling.

Little Helen, who is seven years old, is deprived of her hearing, sight and speech but has developed to be a bright child. Her parents being poor and no way of educating her appealed to several prominent movie stars and radio artists and finally one of the leading newspapers started a subscription and soon enough money was raised to educate her. She has several brothers and sisters.

An attractive child with brown hair, she feeds herself with a fork, seldom dropping any food. She has learned to set the table at home and do several things in helping her mother. She has attended school one year and can now say 60 words.

## Wetzel Will Case Is Settled, Widow Gets Half Estate

In county court here last Thursday the William Wetzel will case was settled when an agreement was entered into between Vern W. Robbins, executor, and Bert M. Hardenbrook, guardian ad litem for the widow, Mrs. Abbie Wetzel, that the latter is to receive one-half the estate after expenses of probating it are paid. Gus P. Wetzel, who also had filed objections to the will being admitted to probate, withdrew his suit.

## Funeral Services Held Friday For Accident Victim

Winfield Arnold, Killed Last Week In Threshing Mishap, Buried In Ord Cemetery.

Winfield I. Arnold, eldest son of Isaac and Tillie Arnold, was born at Mt. Pleasant, Ia., on April 17, 1901 and departed this life in Ord, Nebraska on August 28th, 1935, aged 34 years, 4 months and 11 days. His death resulted from injuries sustained by his falling into a grain separator while threshing in Mira Valley.

Win, as he was affectionately known by his friends, moved with his parents when a small boy from Iowa to Valley county, growing to manhood and spending his life on various farms and ranches always as a very dependable hand.

On February 9, 1927, he was united in marriage to Ida M. Lunney of Davis Creek community. Two children came to bless this union, first a little daughter, Elva Marie and then a son, Virgil Eugene.

Was Greatly Respected.  
Honest and upright in his dealings and much sought for when mechanical work was involved, Win Arnold found opportunity to meet many people and win their esteem. But his real joy was in his family and his love for them and their provision was the center of his life.

Misfortune robbed him of his father four years ago the 11th of this month when he was fatally crushed by an auto in North Loup. Now with the suddenness and violence with which fate has again struck the family, the shock and sorrow is doubly hard to bear.

Besides the loving wife and two children, Win is survived by his mother, Mrs. Tillie Arnold of Ord, two sisters, Mrs. Ord Twombly of Arcadia and Mrs. Ivan Cook of Davis Creek and two brothers, Clayton and Floyd of Mira Valley, beside nephews, nieces, and other relatives and an unnumbered host of friends who will miss the quiet but sincere friendship Win displayed.

Funeral services were held Friday at 2:00 P. M. from the Sowl chapel, Rev. Chas. B. Want of Midvale in charge. Music was furnished by a double quartette from Davis Creek church and burial was in the Ord cemetery. Pall bearers were Guy Sample, Archie Jefferies, Emery Zentz, Archie Mason, Jack McCarville, Arthur Kirby.

Acknowledgment Donated.  
The finance committee of the Children's Recreational project wishes to acknowledge with thanks a donation of \$10 from the Odd Fellows lodge.

## Beaux and Belles Of the Future

Other interesting trials on the night's program included that of "Buck" Parkins charged with shaving off his whiskers because of a woman, Joe Jablonski charged with being a resident of Elyria, several members of the Jesse Busse orchestra charged with not being men at all, and Roy Pardue, city nightwatch, charged with not staying awake all night.

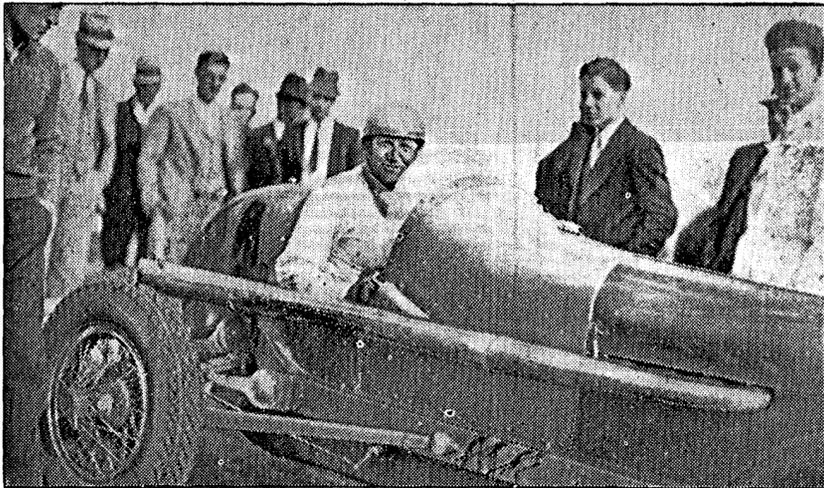

The peak of the evening's fun was reached when Minnie Oppenbottom, alias Tom Springer, was brought before the court disguised as an opera singer from gay Paree. Minnie was charged with standing on the street corner trying to make love to County Sheriff George Round. After a heated argument, in which chief of police Norman took the lady's side, Judge Perlinski pronounced the sentence which said that Minnie would present one of her opera selections before the court. After the selection "El Troubadour" was sung Judge Perlinski gave Minnie the right of making love to any citizen in the city.

Booster Trip Planned.  
Kangaroo court will be held again Friday night. A public address system has been installed. The Whisker club, which was organized solely to boost the Valley county fair and auto races, is planning a mammoth booster trip to be held next Wednesday, Sept. 11, starting at 7:00 a. m. Jerry Petska and Bert Boquet have been named a committee to make arrangements for the trip and anybody interested is asked to see them at once. It is hoped that twenty or thirty cars will make the trip. Music and various forms of entertainment will be provided for citizens of the towns visited. Farmers are particularly invited to go on the trip, say Petska and Boquet.

Pike Begin Striking.  
Walleed pike, the fish which furnish Loup river nimrods so much sport each autumn, have begun striking earlier than usual, probably because of the prematurely cold weather. Several good catches have been reported.

## Steel Helmets, Latest Fashion Note for Race Car Drivers

It took them sixteen years to get wise but racing car pilots finally adopted steel helmets similar to those worn by United States soldiers in the World war. In this picture "Red" Campbell, who pilots the speedy Miller Special owned by Ralph Morgan of Indianapolis, is wearing one of the new crash-proof helmets. First worn by drivers in the Decoration Day classic at Indianapolis in 1934, such helmets have now been generally adopted and probably most of the speed demons who compete in Ord two weeks hence will be wearing them. The helmets extend well down over the neck and protect the base of the wearer's skull.

## Whisker Club Will Have Booster Trip Wedn'day, Sept. 11

Petska, Boquet in Charge Of Arrangements; Opera Star At 2nd Court Session.

The second session of the Ord Whisker club's kangaroo court was held Monday evening before a crowd of 500 people.

John Perlinski served as chief justice for the second court session with Rex Jewett enacting the role of prosecuting attorney. Dale Norman, chief of police and his right hand man, Freeman Haught, were assisted in reading and running down law breakers by a squad of special deputies including "Swede" Carlson, Chester Austin and Ed Parks.

The opening case was that of Bill Helz of the Donald Co., Grand Island, charged with not growing any more whiskers than he has had on his face the past 83 years. After a serious debate between Prosecuting Attorney Jewett and the defendant's attorney, Jack Riley, Judge Perlinski decided that a liberal fine would be suitable punishment for such a grave offense. Fred Gillette of Armour Meat Co., Grand Island, was the second case charged with both resisting arrest and standing on the streets of Ord acting like anything but a gentleman.

Shaved for a Woman.  
Other interesting trials on the night's program included that of "Buck" Parkins charged with shaving off his whiskers because of a woman, Joe Jablonski charged with being a resident of Elyria, several members of the Jesse Busse orchestra charged with not being men at all, and Roy Pardue, city nightwatch, charged with not staying awake all night.

## Kolbaba, Molzer Met In Ord After 20 Years

Twenty years ago in Omaha Prof. August Molzer and Prof. Kolbaba, both violinists and instructors, were close friends but they had lost track of each other and met for the first time in twenty years when Prof. Molzer visited Ord. Prof. Kolbaba has opened a violin studio here.

Prof. Molzer speaks in the highest terms of his friend and says young folks of Ord are fortunate in having an opportunity to study violin under such a splendid musician and teacher.

## Pre-Enrollment In Ord High School Up 10 Per Cent

Record-Breaking Freshman Class Enters, Says Cass; Board Elects New Teacher.

Advance registration figures indicate that the enrollment in Ord high school this year will be about 10 per cent greater than last, it was stated yesterday by Millard Bell, superintendent, and Wilbur D. Cass, principal. When classes convene next Monday about 300 students will be enrolled in 9th, 10th, 11th and 12th grade classes, with junior high enrollment boosted by the north school total well toward the 400 mark.

This year's freshman class will be the largest in many years if not in history, 91 students having already enrolled for the first year's work. So far only 57 have registered as sophomores and 52 as seniors but the junior class will be larger than usual, 70 having registered already, to which should be added 24 who were in high school last year. Out of 294 known registrants in high school 140 are non-resident pupils, Principal Cass states.

Monday evening the board of education met to elect a successor to Walter D. Lukenbach, commercial instructor, who resigned a few days before to accept a better-paid position as head of the same department. The board was fortunate in securing the services of Miss Olivia Hanson, of Lindsay, who has for the past four years been commercial teacher in the Longmont, Colo., schools.

Classes in both junior high, high school and grade school will convene next Monday morning.

## Air Show Put Off Until Next Sunday

Because of adverse weather conditions the Burnham-Miller air circus advertised to be held in the Joe Gregory pasture four miles north of Ord was postponed until next Sunday, Sept. 8, at which time it will be held if the weather permits. At least eight planes will be on the grounds and take part in various events, the management promises.

Only licensed ships and licensed pilots take part in this air circus.

## Theater Won Tourney

The Ord Theater softball team with a 10-1 victory over "Pidge" Johnson's team in the finals easily won the Inter-City softball league in a tournament held last week. Mr. Biemond, sponsor of the team presented each member of the winning team with courtesy tickets to the Ord theater.

—Mr. and Mrs. Charles Sternecker were business visitors to Elba Friday.

## 1935 Rain Total Now 25.89, Highest In Twelve Years

But July-August Drouth Has Cut Corn Crop Greatly; No Frost Yet, Says Travis.

Valley county's moisture total so far in 1935 stands at 25.89 inches, the greatest total registered by this time of year since 1923, says Horace W. Travis, government weather recorder for this vicinity. Heavy rains in late August brought 4.45 inches and early days of September brought .69 inches, pushing the year's total to the highest point in 12 years.

Rainfall records that have stood for many years may be broken if September, October, November and December are normally moist, Travis believes. In 1930, wettest in recent years, the total was 31.10. In 1923 the total was 32.73 and in 1920 was 33.16. This year may end with greater moisture than any of these.

In spite of heavy rainfall, Valley county's corn crop this year is from 50 to 75 percent below normal, proving that it is not total moisture so much as timeliness of rains that make good crops. Drouth in late July and early August, just when corn was in greatest danger, caused the big crop loss this year.

There has been no frost so far, rumor to the contrary, Mr. Travis says. Lowest mark registered on his thermometer is 39 degrees on the night of August 30 and again on September 3. The past ten days have seen temperatures greatly below normal but warmer weather is forecast.

## Tires Cheaper, Farm Prices Up, Says Lakin

"Farm prices have advanced so rapidly in the last two years, as compared to tire prices, that the farmer today in terms of his own commodities can buy a new U. S. Royal at a saving ranging as high as 75 per cent."

This announcement was made today by the L. & L. Tire & Battery Station, U. S. tire dealers. Ross Lakin said that the United States Rubber company has just completed a survey which revealed the advantageous buying position which farmers are now enjoying.

"Why, only two years ago you got 232 pounds of hogs to buy a 4.75 x 19 U. S. Royal, one of our most popular sizes," said Mr. Lakin. "Today only 103.4 pounds are needed. The same thing goes for wheat. Two years ago I would have insisted on 24.4 bushels of wheat for that tire. Now 9.3 bushels will finance the deal."

"The buyer in 1933 needed 206.5 pounds of cattle, now 120.4 pounds; 41 bushels of corn, now 9.7; 642 pounds of milk, now 560; 2,040 pounds of hay, now 1,100."

Practically every farm commodity has increased in price sufficiently to provide a tire bargain for the farmer today, Mr. Lakin said.

## 355th Infantry To Hold Reunion

The 355th Nebraska Infantry will hold their sixteenth annual reunion at Broken Bow on Sunday and Monday, September 8 and 9, the Quiz is informed by Walter Thornton, president, and Harry Weekly, secretary, both of Broken Bow. Several Company I men of this vicinity are planning to attend, it is said. Last year the reunion was held at Norfolk.

## Fined for Fighting

Charged with fighting with Elmer Golka near the sale barn Wednesday night, Richard Fitzgibbon was brought before Judge John L. Andersen Thursday and fined \$5.00 and costs.

## Hardenbrook Goes To Capitol, Will Demand Approval

No. Loup Project Has Excellent Chance Right Now, Says Wire From Congressman Coffee.

In response to a telegram from Congressman Harry Coffee that the North Loup power and irrigation project has an excellent chance for immediate approval by the PWA and that presence of an officer of the district was needed immediately, Bert M. Hardenbrook, district president, left last Friday for Washington, D. C. He was accompanied by Mrs. Hardenbrook and they probably will be in the east for two weeks or longer.

The message from Congressman Coffee stated that he is trying to expedite approval of the North Loup project and stayed in Washington several days after the adjournment of Congress for that purpose.

Restudy Under Way.  
J. D. Ross, head of the PWA power division, began a re-study of the project last week, Coffee said, and a decision is expected shortly. Liberalization of PWA requirements resulted in the approval of the Tri-County project recently and it is believed the North Loup also will be approved.

The administration is determined to get hundreds of projects started this fall so that employment may be furnished to men now on relief during the winter months. Worked at slowness of the PWA, it is claimed that President Roosevelt has taken matters into his own hands and ordered all worthy projects approved without further delay.

Before leaving Mr. Hardenbrook promised to keep people of the North Loup valley informed, through the columns of the Quiz, with progress of negotiations. He was hopeful that an approval would be offered by the end of this week but expected to remain longer if it proves necessary.

At a recent meeting of directors of the North Loup district President Hardenbrook was empowered to accept or reject any offer that may be made by the PWA.

## 108 Stockholders In Fair Association

To show that the Valley county fair is a real community undertaking in which every resident should be interested, Secretary S. W. Roe this week went over the stockholders' record and compiled figures showing that 108 different men living in all parts of the county own stock in the association. Eighty-nine have shares of \$100 each, eleven have shares of \$50 each and eight own shares of \$400 each, making a total of \$12,650 of stock.

For the restoration of the fair, Ord business and professional men have this year paid into the treasury \$1,175 in voluntary contributions. With this money repairs on grandstand and buildings were made and preliminary expenses paid. When the fair opens it will not have a large deficit to overcome, thanks to the assistance of Ord people.

Everything indicates that the Valley county fair Sept. 16 to 19 will be a huge success if weather conditions are favorable.

## Won Their First Game

The Ord Kittenball team, competing in the Cotesfield invitation tournament, Monday evening defeated the Fairmont Creamery team from Grand Island and thereby won their way to the quarter-finals. They were scheduled to play again Tuesday night but the game was postponed because of wet grounds.

## Ord Auction Business Better, Says Weller

The auction sale at the Ord pavilion last Saturday was the best in several months, says Col. E. C. Weller, and he is hopeful that a steady improvement will be noted. Not only were there larger and better consignments of cattle but also more buyers were present than usual, he states. Likelihood that Valley county will have a considerable amount of corn as well as an abundance of roughage feed, coupled with the outlook for money making in feeding cattle, is bound to make the sale business better here, he believes.

The Weller Auction Company's pavilion at Atkinson has been setting new records week after week and last Tuesday, when the pavilion celebrated its third anniversary, did a gross business of \$40,000. About 25 cars of people from this community attended Col. Weller's anniversary party at Atkinson last week.

## Fined for Fighting

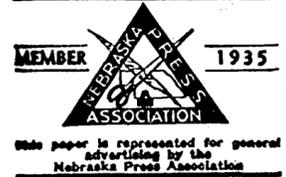

Charged with fighting with Elmer Golka near the sale barn Wednesday night, Richard Fitzgibbon was brought before Judge John L. Andersen Thursday and fined \$5.00 and costs.

## My Own Column

By H. D. Leggett

Dear Quiz:

This is the fifth day it has been so windy that we couldn't get on to the lake and it is hard to kill the time. The Missus makes me do most of the house work and Monday we did the week's washing. My job is to run the Armstrong washing machine and I thought about the Maytag all the time and wished Jim Ollis would drive in with one of their latest and offer to give a demonstration.

Last Saturday it rained all day and since then the wind has been blowing a gale so that no one could get onto the lakes. Clarence Lutter had a party on the most sheltered corner of Gull lake yesterday morning. Early and he told me the waves were running ten feet high and he had to give it up.

The farmers hereabouts are beginning to cut and shock their corn, getting ready for the frost that is likely to come any time. It has felt the last couple of evenings like it might frost before morning. I think they have the best corn crop they have had in a number of years. They also got a good small grain crop so all are in pretty good shape so far as feed is concerned.

There is also a lot of improving in this country. I believe there are a dozen new buildings going up or have been built between here and Brainerd this summer and new ones are being started yet. A good many new farms are being carved out of the timber. They can buy pretty good land for \$5 an acre and a young man will take a dozen acres, build a small house, clear a few acres for a garden and to raise feed for a cow and some chickens, then get as much outside work as he can find and make a living. They don't always have a pocket full of money I judge, but they do have enough to eat and wear and they seem to get along as well as any of us and when they shuffle off they take just as much with them as any of us can hope to take. The whole question is, are they satisfied and happy. If they are they are just as well off as anyone.

A lot of the fellows hereabouts look forward to the annual deer season, when they go to the far northern part of the state, just as we look forward to the coming of June 21 and the opening of the fishing season here and trek up here to have a good time fishing.

The Judge Clements family and Edwin Clements and daughter arrived Sunday and the Mackowsky family drove in from Des Moines to occupy their cottage so the south three cottages in this camp are occupied and it doesn't seem quite as it did when we were down here alone. Judge Clements found a small leak in his motor boat and has been repairing it for a couple of days and tells me that he now has it fixed so it doesn't leak a drop.

Mr. Augustine is setting a pattern of improvement that will keep us all on our toes to keep up with him. Yesterday he had Gaylord Wauss and his span of big black mules down in the lake in front of his cottage, dredging the mud out with a hand scraper. Oscar Wallin was holding and dumping scraper and he is going to have a fine lake front as a result of the work and the forty or fifty loads of sand which Oscar is commissioned to haul in this winter and dump on the ice. When the ice thaws in the spring the sand will settle down and make a fine bathing beach. At least that is the theory, which is said to have worked fine in other lakes where the bottom was not all that was desired.

This is being written Wednesday and our daily paper this morning says that Thursday will be fair with rising temperatures, so we are hoping for better weather for a few days. I hope so for I am expecting Mr. and Mrs. L. T. Hallaway from Harlan, Iowa in a few days and I am planning on getting a lot of work done while they are here. Lew is used to hard work and will want to keep fit while here so I am planning on getting a lot of things done while he is here.

Card of Thanks.  
We take this means of expressing our heartfelt gratitude to all who extended sympathy, kindness and aid during our recent bereavement; also for the beautiful floral offerings.  
Mrs. Win Arnold and children.  
Mr. and Mrs. John Lunney and children.

## CARE OF COUNTY BOARD

By George Gowen

Dear Jake:

Riddle.  
Here is a riddle, all made up out of my own dull mentality. We have been eating a lot of chicken lately and this is it, "Why is eating chicken the direct opposite to story telling?"

Corn-Hog Contract Again.  
For many years I have raised hogs, and raised them at a loss most of the time. When the government doped it out with elaborate calculations that there were too many hogs in the country and that was the reason the price was depressed so badly and in such a dolorous condition, I decided I would buy my feeder pigs in place of raising them, and in place of cutting down production a small per cent, I would help the cause along more and cut my production 100%. That would help offset some of the fellows who would not sign up for the program at all. It goes without saying I am a conscientious cuss.

So last year I did not raise a pig. I bought a few to scavenge behind the cattle. And I found in running around the country that there were many others who had done the same.

Last spring at Scotia I asked in the meeting if it was necessary that I should raise hogs in order that I comply with the regulations to receive the benefits of the corn-hog payments. I was told no. Again at Greeley I asked if it would be necessary for me to raise hogs and I was told no again. So as a result I sold all my hogs, planning again to buy my feeders and thereby help the cause by cutting down production.

Now a few days ago I received a kind letter from the committee at Greeley telling me they have changed their minds about the hog raising business and the brass collars at Washington have decided that drouth is no reason for not raising pigs and that I must raise 25 per cent of my quota or they will not pay me the balance of the benefit payment.

I will concede thanks to these fellows at Greeley for kindly informing me so that I can scamper around and find a few brood sows and raise some pigs so as to draw my money for not raising so many hogs.

If I raise nine pigs they will pay me a little over a hundred dollars, and if I fail to raise them I will not get my money as they promised I should last spring. And they will pay me this for hog reduction. It all goes in circles. I will admit my dumbness. I cannot understand it.

And taat reminds me. I made a contract last spring to buy a cow or a fellow this fall when pasture season is over. I believe I shall tell him he will have to throw in an extra calf or I'll not pay him. It would be all right if I was the government.

Need Not Worry.  
The Nebraska Farmer comes out with an article, along with "Back Forty" telling us farmers we should fill our silos this fall. Fill 'em and let 'em stand for another year. "Wouldn't another drouth catch you short?"

Most of us would not need to worry if another drouth would come along. It would take more than a silo to save our necks.

Aid or Roads.  
Over here in Greeley county, or at least in this Commissioner's district, we have a fine large caterpillar tractor and grader. It does wonderful work, and very economically compared with the old horse method. Tellman, who was the commissioner for many years, tried to go over all the principal roads once every other year. He was a hard thinking old scamp and always had a few thousand dollars cached to repair a wash-out or a bridge. We were always a little proud of our roads over here.

For the last summer the outfit has stood idle. Our supervisor says he has no money to operate it with. Our roads are getting in bad shape from the washing rains. The report around the neighborhood is to the effect that so much money was spent last year that aid that none is left to work the roads with.

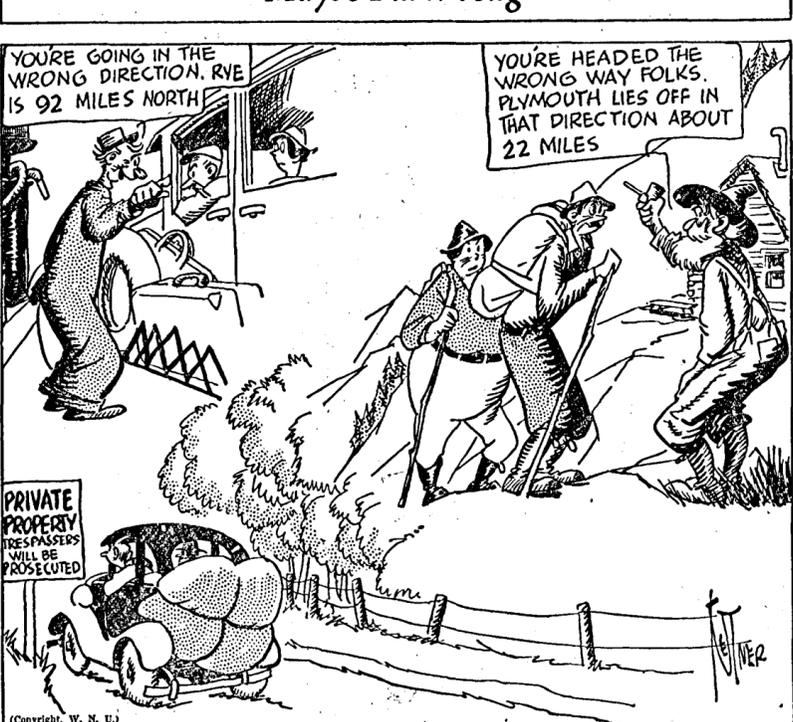

Short Shavers.  
Oh yes, forgot to tell the answer to the riddle, should you not have guessed it. In telling stories the first fellow doesn't have any chance, and in eating chicken the last fellow doesn't have any.

Harlan Brennlek (Mose) on the kittenball team has knocked a home run every game for the last month, and they play two or three times a week.

After the car at Bohrer's had caught fire and it was put out so quickly, even before the fire department had nobly ran to the call of the shrieking whistle, the little boys disgustedly walked off and said "Aw, shucks. That wasn't any fun."

None of us are worrying much about the new income tax. The President will not lose many votes around here on that score.

## THE COOK'S COL-YUM, YUM!

Housewives are busy these days, planning for good meals next winter by putting up pickles, jelly and jam and relish, canning vegetables, etc. If you have any good canning recipes that you would like to have printed in the Quiz please send them in today, as it is already late for them, and they must be used at once.

Dandy Relish.  
Cook thirty chopped tomatoes and fifteen small onions about thirty minutes. Add five tablespoons salt, five chopped green peppers, three chopped red peppers, twenty-five rounded tablespoons of brown sugar, one teaspoon cinnamon, one teaspoon allspice, one teaspoon nutmeg. Cook to the right consistency, add one cup vinegar and cook fifteen minutes longer. Seal while hot.

Mrs. C. E. White, Burwell.  
Savory String Beans.  
Cut string beans in small pieces, cook in plenty of salted water until tender. In a skillet prepare three slices of bacon cut in small pieces, and a medium-sized onion diced. Fry until the onion is slightly browned. Stir in one tablespoon flour until well blended, pour in the beans and the water in which they were cooked. Let come to a boil until thickened. Mabel Lee.

Ice Cream Pie.  
Fill a baked pie crust with one pint of ice cream, and cover with a meringue made from two stiffly beaten egg whites and a little sugar and flavoring. Be careful to cover all of the ice cream well. Just before serving place under the broiler and brown the meringue.

Mrs. G. A. Satterfield.  
Ice Cream.  
Combine one and one-half cups sugar, one pint of cream, one tablespoon vanilla and one tablespoon of gelatin which has been dissolved in a little cold water. Add enough milk to fill a two-quart freezer almost to the top. Freeze this until thick and then put in ice box trays to finish. More cream can be used if desired. We like this recipe because it does not use eggs.

Caramel Cookies with Filling.  
Stir together two cups brown sugar and three-fourths cup lard with three eggs until smooth and light. Then add in one teaspoon soda, one-half teaspoon salt and four cups of flour. No liquid is required. Mix until well blended then turn on a platter and mold in the form of a cylinder. Chill and slice off very thin slices. Spread these with date and walnut filling and cover with another slice of the cookie dough. Bake in a moderate oven.

Filling: Cook until thick one cup chopped dates, one-half cup sugar, one-half cup water, one cup chopped walnuts.

Iva M. Rogers.  
If you have some especially fine recipes you would like to see included in the Quiz calendar when it appears next Christmas time, please send them in now. The calendar has to be assembled in the early fall and printed whenever the Quiz printers have the time free from other duties. We would like to make the 1936 calendar by far the nicest we have ever printed, and will be glad to have you help with your choicest recipes. Thank you.

## When You And I Were Young Maggie

20 Years Ago This Week.  
Frank L. Haught and Miss Ollie Severson were married by Dr. Allan Chamberlain with Miss Lillian Francl and Emil Chotena as attendants.

The school board bought two galvanized iron "slider type" fire escapes for \$475 and fire drill was to be held weekly.

Walter Jorgensen and Miss Mary Plejdrup were married.

Again J. C. Meese practically swept the class at the state fair with his Poland China hogs.

Jim Misko, who was in Rochester, Minn., thought he would have some fun with Charlie Detweiler and Dr. Chamberlain, two of Ord's crack checker players, so he wrote them that records of the insane hospital there showed 80 per cent of the inmates to be checker players. The joke backfired when the Ord men, as well as several others of Misko's checker playing friends, wrote letters to him in care of the loony hospital, at the same time writing the superintendent of that institution, giving him Misko's right address and telling him the joke. The superintendent carried on the joke by forwarding the mail to Misko with a note in which he assumed Misko to be a prospective patient of his hospital. The Ord men had lots of fun with Jim when he returned.

Miss Jessie Ferguson went to Central City and Miss Winnie Hall to Hull, Ia., to begin teaching school.

Delbert, son of Dan Turner, suffered a fractured arm when Jone Level's pony bucked him off.

95 Years Ago This Week.  
The Hopkins lady baseball team played in Ord and was beaten by the locals 11 to 4. In the evening they defeated Ord 3 to 1 in a game of indoor baseball.

Madams Schwaner, Ramel and Russell gave a shower for Pearl Fuson in honor of her approaching marriage to Joe Barta.

Matt Houska was quite badly injured when his team ran away as he was unloading lath for the Orclumber company.

Roy Allen, manager for the Standard Oil Co., in Ord, received a new truck tank wagon, these motorized tanks being tried out as an experiment by the company.

## Something Different

While visiting in Alliance a few days ago friends took me to Crawford, 65 miles away, to see the equestrian show and the Olympic team in action at Fort Robinson. Chief remount station of the United States Army. I can't tell you what a splendid entertainment this was. If you are going to the Nebraska State Fair you will get to see the Olympic team in their superb display of horsemanship, but the rest of the program I saw at Crawford is not one that will be repeated anywhere, they announced.

The finest horses the army could find have been bought and taken to Fort Robinson. Many of them were imported, practically all are blooded horses with pedigrees as long as from here to North Loup. This work was begun several years ago, and the army will eventually have many of the most beautiful and intelligent horses in the world as a result. An exhibit brood mares, foals, stallions, draft horses, riding horses, mules, etc., was fascinating to the big crowd, but not half so much so as what followed.

Into the enormous blue grassed square, lined by enormous elms and hundreds of cars and visitors, rode a dozen or so of the finest women equestriennes and their favorite mounts. These horses were shown at a free walk, a slow canter, a trot, and judges chose the winners. The horses which were the safest all-around horses for a lady to ride, those which showed the best response to command and the best technical form in action.

The afternoon was composed of many such features, but by far the most thrilling were the steeplechases. A dozen or fifteen strange looking barricades were erected in the field. Each was different, and horses and riders had no idea where they would be placed, did not know what they would be like. One would be a mock hedge, tall and bushy, placed beside a large blue canvas representing water. If the horse in jumping the hedge put a foot on the canvas he was locked a certain number of points. The orneriest ugliest barricade was directly before us, a sort of slanting wooden bridge covered with dirt, raised off the ground several feet with a bar at the high end. This was so big the horse had to jump on to the platform before he could hurdle the bar, and many fine horses refused this jump. A penalty was called for such a "refusal", others for disobedience or tipping over the jumps, etc.

The riders were the finest horsemen at Fort Robinson, all officers, and the ten members of the Olympic team. To make a perfect score was nearly impossible, but two of them did it. The winner was the rider who took his horse over all these queer jumps the most perfectly in the shortest space of time, riding at 22 and one-half miles per hour or faster. One jump was painted to look like a row of pine trees, one like the Black Hills. Some were high-barred gates, some stone walls. One was a four-sided pen which furnished two jumps. The jumps were not in order, and the field had to be criss-crossed many times to take them all. If a horse in any way failed, refused a jump, etc., his rider forced him to obey and finish the course of jumps, as a matter of training. There refusals disqualified any horse and rider.

The men of course rode beautifully. The horses it is difficult to describe. Perfect in line in every way, they were all dark colored, but two steel grays, the army much preferring to use dark horses if possible. Each horse was groomed to perfection. "In the army," declared a fellow who

had been there, "when the inspecting officers visit the stables they wear white cotton gloves and run a hand over any part of the horses they fancy. If there is a trace of dust on the glove, the man caring for that horse does kitchen police duty for a week!"  
The horses' coats shown in the sun so brightly I was reminded of steel which has been polished in discs. . . do you know what I mean. Anyway, I wish you could have seen that horse show.  
The Olympic team does not go to Europe to compete until about a year from now.

And I wish you would visit the Black Hills. It is a beautiful country, close to us Nebraskans. It is cold there after September 1, however, like any mountain country. My mother always says the name "Black Hills" has done a great injustice to that part of South Dakota, that they aren't hills, but mountains at least as much as many so-called in the eastern United States.

## BACK FORTY

The Ord high school opens next Monday with a full program of courses and a large enrollment.

Courses of instruction will be given in business training, teacher training, manual arts, music, homemaking, agriculture, dramatics, athletics, and college preparatory. Subjects offered include typing, shorthand, bookkeeping, business law, commercial geography, English, public speaking, Spanish, Latin, algebra, geometry, manual training, farm shop, animal husbandry, crops and soils, home economics, general science, biology, physics, chemistry, history, civics, music, sociology and physical training.

In the extra-curricular division are band, orchestra, glee club, Hi-Y, Girl Reserves, F. F. A., G. A. A., Pep club, Dramatic club, and various other organizations. Competitions are held with other schools in commercial contests, music festivals, agricultural contests, Girls' Play Day, Academic contests, football, basketball, baseball, wrestling, track and tennis. There are also class days, parties, picnics and banquets.

The Ord teachers are specialists in their lines of teaching, and thoroughly experienced. They keep up-to-date by attending summer school, although they are not required to do so.

The Ord school buildings are new modern, safe and sanitary. The high school is absolutely fireproof.

The Ord city schools program has been retained in full, despite reduction in the budget. Depression does not affect the volume of business done by schools. Many graduates come back because they are unemployed and cannot afford to go to college. More parents are recognizing the value of high school training and making every possible sacrifice in order to send their children.

A high school education is as necessary today as was an eighth grade examination twenty years ago. Government statistics show the earning power of the 12th grade graduate is double that of the man who ventures forth armed with only an 8th grade diploma.

C.T. in the Mountains  
Communists Would Weep  
Congress Goes Home  
Lisobolent Twice

McCLOUD, CALIF.  
This is far off in the mountains; telegraph office closed, you feel like an incurable "shut in." But Jack Adams is here, an old-time telegrapher who can make a message go from anywhere to anywhere, and find wires to carry it. He will "dig up" Percy Thomas, another old-time telegrapher in the Universal Service office in San Francisco.

Arthur Brisbane 350 miles down the coast, and this unimportant message will go to many newspapers in many cities, just as though it were news from Ethiopia, or some dear little Hollywood lady's explanation of what caused her to separate from "Jack, but we are, and always shall be, the best of friends."

This is a city that would make a good Communist gnash his teeth, shatter them, hurry to Lenin's tomb, mumble Marxian prayers and bytt his head against the walls of the Kremlin.

First, the whole city belongs to the lumber company. Nobody else owns or can own a house or any other property.

But no worker is idle, rents are low, prices in the company store are lower than in any big city, and for mountain climbing your narrator bought wonderful heavy socks, striped alternately red, white and blue, patriotic enough to make a true Communist mount his soap box and ask the crowd, if any, what the world is coming to.

It is good news that congress has gone home at last, really and truly gone home to stay, heaven praying, until early next spring.

Until the fire is out, and you count the furniture carried out on the lawn, you cannot know just what the fire has done to you. This session of congress seems to have been a pretty good fire. The San Francisco Examiner tells you that congress spent, in its short life, just \$10,250,238,928.00, or spelled out, ten billion two hundred and fifty-six millions two hundred and fifty-eight thousand nine hundred and twenty-eight dollars and six cents. Who do you suppose got the six cents?

Congress disobeyed the President only twice in the session. The senate refused to put this country in the World court. Can you imagine what the World court would do to us now, in connection with this Ethiopian marauding expedition?

Second, congress in both houses, overrode the supposed wish of the President by passing a neutrality resolution, making it mandatory for the President to forbid shipments of ammunition to any nation at war.

Ethiopian rains are ending for this year and Mussolini is ready to go shopping for African land. France and England, now virtuously indignant, have taken almost everything, but the cool, high tablelands of Ethiopia offer good territory for Italians.

To other nations Mussolini says: "Keep your hands off unless you want a war in Europe. Let me do my fighting in Africa. Know when you are well off." He knows that France wants no war; that England, still digesting the anaconda supper of the last war, could not send her young men to war, even if she were foolish enough to want war. The young men would not fight.

You know, now, why Mussolini assembled half a million fighting men, that could not possibly be needed for an Ethiopian foray that airships can attend to. He wanted Europe to know that he was ready for a real war if anybody wanted it.

California's vigilante attack on extreme radicals is thoroughly organized under a central command, with details of hand-picked rifle marksmen, intelligence squads, and strong armed squads.

The American Civil Liberties union will bring suit on behalf of alleged Communists, tarred and feathered, and offers \$1,000 reward for the conviction of any vigilante of felony.

The vigilantes declare their intention to wear no masks or disguise, saying, "We shall pick up our men in broad daylight. The whole country is behind us."

More interesting than anything in the northern part of California, only 50 miles from the Oregon border, is tall, snow-covered Mount Shasta, rising toward the sky more than 14,000 feet.

When you travel be sure to visit that mountain.

1 out of every 5 children needs glasses  
3,000,000 children will return to school this fall, and of this number, more than 6,000,000—or one in every five—has defective vision—vision that can in most cases be corrected by the proper fitting of glasses. If your child is one of these, you probably won't know it without an examination. Headaches, dislike of school, poor marks, squinting and a cross disposition are symptoms, but only by a complete and scientific examination can you be sure that your eyes are at their best. Bring your child in now—before school starts.

### Woodman Hall

Charles Radil spent the week end with his parents in Ord. Miss Frances Swanek helped her sister, Mrs. Jake Walahowski cook for threshers.

The local boys are going to Sargent next Wednesday to pay ball at the Sargent community fair.

The veterinarian was called out to Ed Waldmann's last Saturday to see a sick horse which was suffering with the supposed loco plant poisoning. This is the second case in our neighborhood, each time being fatal.

The last few days has been quite a contrast in weather to the previous period. Some report a light frost but no apparent damage was done, due no doubt, to the moisture and cloudy weather, which is very unusual for the month of August, which is supposed to be the hottest month of the year.

The merry sound of school bells was heard again Monday morning. Miss Minnie Holoun is again our teacher, this being her sixth year in our school, and Miss Mary Horner of Columbus is at District 29, this being her first term in that school.

A fair crowd attended the dance at the National hall Sunday night. Nite-in-gales furnished music.

There were no services at the Geranium church the last two Sundays on account of the muddy roads.

Mr. and Mrs. Thomas Waldmann and son, Miss Edith Ptacnik and Miss Mary Horner were callers at Joe Waldmann's Sunday night.

Miss Edith Ptacnik spent last week visiting at Thomas Waldmann's.

Albin Absolon visited at home over the week end, coming home from his camp duties in Albion.

## Ord Man Remembers Search For Little Hauptman Girl, Who Strayed From Home And Died Near Dunning In 1891

By A. L. Crouch

In writing a pioneer story, the editor has wisely allowed us to go into adjacent counties for material, which I think is right and proper. We, of the Loup Valley, are dependent upon each other to a certain extent. Especially is this so in years of drought. In gathering data for this story, I am indebted to a few people who at one time lived in the upper Loup country.

In November, 1886, the writer left his home near Ulysses, Neb., in a covered wagon, bound for Blaine county. The fourth night found me camped on the bank of a canyon near the Percy Ball home in Ord. Arriving in Brewster three days later, I found that Blaine County had just been organized with Brewster as the County seat. It boasted of two buildings, a two-story structure which served as hotel, general store, and courthouse, and the other an eight by ten hardware. They kept a large supply of hammers and nails, as well as liquid hardware.

Saw Tent Hotel. Twelve miles farther up the river, I came to the ranch which my father had recently purchased. It was situated at the mouth of the Koshopah. With the coming of the spring of 1887, the railroad to Dunning was built. My father, mother, two sisters and two sisters-in-law came to Dunning, and that was the first time I had made the trip to Dunning, which was 13 miles south of the ranch. The town at that time consisted of a box car for a depot. Some enterprising fellow had erected a large tent and for the modest sum of fifty cents, you could spread your blanket, this being the first hotel. With the coming of dozens of other families that spring, the deer and antelope rapidly disappeared.

Ranching consisted mostly of two things: Putting up hay in the summer and feeding it to the cattle in the winter. I dearly loved to ride, and having a good string of ponies, I persuaded father that it was more profitable for us to raise steers, rather than helters, so I started out among the settlers to trade, but this was something of a failure. Girls were scarce in this country. After several trips to the home of a neighbor, Mr. Barnes, I succeeded in trading for three calves, but he told me in plain English that Susie was to graze on the home range for a while.

Little Girls Lost. The blizzard of 1888 has been told and retold so many times, that I will pass it by and go on to the 10th of May, 1891, when the little Hauptman girls of near Theford, became lost in the sandhills while they were on their way home, after visiting with some neighbor children. They strayed from the road to gather wild flowers, and traveled so far that they were unable to find the road. They walked to a high hill but could see nothing, and it was then that the older of the two told her sister to stay there while she went to hunt their mother. Thus, they became separated. Searchers found the younger child on the third day. After being revived, she told rescuers how she

### Scene Re-Enacted in Ord Community

To help in depicting for Quiz readers the scene in 1891 when searchers formed a line eight miles long and found the body of the little Hauptman girl who was lost near Dunning, A. L. Crouch, who took part in the search, asked friends and neighbors to help him re-enact the scene. This picture was taken by H. E. Jones, Quiz photographer, in the hills southwest of Ord. A daughter of Mrs. Roy Adams impersonated the girl who was lost. Near her, holding his horse, stands Mr. Crouch. Others in the picture include Will Fuss, Miss Florence Vergin, Elwin Auble, E. W. Boettger, Charles Zlomke and Buster Jensen.

had obtained a little water by striking the grass with her hand horizontally and then licking her hand.

News traveled slowly in those days, and it was late Saturday night when a rider brought us word that a girl was lost in the hills and that searchers were gathering at Dunning to start the search. Sunday morning three men, all we could muster, rode to Dunning and found the town alive with men, mounted, and ready for the start. Crossing the river to the north bank, we turned upstream a short distance and halted for instructions. We were to ride north, single file, keeping in shouting distance of each other.

Find Girl's Body. Turning to the left, we rode west abreast, every eye and ear alert, that we might not miss anything. We had gone only about five miles when a whoop was passed along the line. This time it came from the north and was the signal that she had been found. It happened that she was found by the third man north of me, and I was the seventh man from the north end of the line, so one can see how nearly we missed her again. Although the line of horsemen was eight miles long, it was not long until we were all gathered around that lifeless form.

I find my pen inadequate to describe the scene. As we gazed upon that still form and thought how she had suffered, both mentally and physically, we were not ashamed of the tears that coursed down our cheeks. Ten years later, Chas. Bals and myself when driving cattle from Theford to Ord, passed that very hill where she was found. And this story would not be complete unless I told of an incident of this trip.

Rained Five Inches. We were 12 miles east of Brewster, rather late in the evening, when we noticed a bad storm coming up. We came to an untenanted group of buildings, got the cattle in the corral and took refuge in an old stable. It rained five inches that night. Chas. was sitting on a manger and he looked so comfortable. I got in a box two feet square and Chas. said he had to spoil that box to get me out.

It was two tired and hungry men that forked their ponies to resume the drive and to hunt for

something to eat. About noon, the big boss was successful. Coming around the house, I saw a smile on his face and I was off my bronco pulling latigo straps.

After that I worked for some mighty fine people around Ord. I thought some day I would thank them for their kindnesses to me, but never have.

Give me my flowers in life time rather they be yellow, pink, or red.

I'd rather have a handful now, Than a truck load when I'm dead.

## OWNERS, ATTENTION!

Is your tractor slow and sluggish and seems to pull no better or with more speed on a full throttle than on half throttle? If you have been using heavy fuel your manifold is no doubt half full of carbon and silica. This we remove by a scientific method. This deposit cannot be reached by scrapers or drills. Bring in your manifold and let us clean it. You will be amazed at the results.

We also make a good scraper for the rear wheels.

## North Loup News

**Acker-Horner**  
Miss Madge Acker, daughter of Mr. and Mrs. Dick Acker of north of Horace, and Donald Horner, son of Mr. and Mrs. Wm. Horner of Union Ridge, were married Thursday morning at Horace. After the ceremony they drove to Belfast and spent the day with an aunt of the bride, going on to Lincoln for the night. Friday they visited another aunt at Wahoo. After spending a few days at the State Fair they drove on to Salina, Kan., for a visit with the groom's older brother, Clarence Horner.

**Chadwick-Anderson.**  
The wedding of Catherine Chadwick and Merrill Anderson took place Sunday morning at 7:30 at the Elna Hurley residence, with only a few members of the immediate family present. Rev. W. H. Stephens performed the ceremony. The bride and groom left at once for Cotesfield where they had breakfast with Mrs. Ethel Tatlow and family, going on from there to Lincoln where they spent a few days at the state fair.

The bride, who is a daughter of Mrs. Clyda Chadwick is a graduate of the North Loup high school and for the past two years has taught in rural schools near here. She has made her home with her sister, Esther Hurley for a number of years and has clerked at various times in most of the North Loup stores and at Shumaker's in Scotia.

The groom is the oldest son of Mrs. Jennie Anderson. He is an accomplished musician and is the present leader of the North Loup band. He has also studied aviation and at one time owned a plane of his own. At the present time he is farming the Anderson home place and this is where the young couple will live. ### Fall Seeding

Fall seeding of lawns is highly recommended. Conditions at this time are ideal. You will be pleased with the results of fall seeding, as it is possible to keep the soil moist until the seed germinates and weeds are not a menace at this season of the year.

Our grass seeds are of the highest quality obtainable. And you will find seeding costs much lower.

May we help you with your lawn problems.

### SPRING FLOWERING BULBS

Place your order now for Tulips, Lilies, Narcissus, Crocus, Hyacinth, etc. Also Peonies.

THE ORD QUIZ, ORD, NEBRASKA, THURSDAY, SEPTEMBER 12, 1935

VOL. 53 NO. 24

## Valley County Fair, Auto Races, On Eve Of Biggest Success

Fine Program Arranged, Great  
Interest Being Shown; New  
Entries In Races.

With opening day of the Valley county fair and auto races only four days away, Secretary S. W. Roe expressed himself yesterday as being completely satisfied with progress of all arrangements and confident that the fair will be successful both financially and from an entertainment standpoint if the weather remains good.

Superintendents of various departments, without exception, reported Monday evening that their plans are proceeding without a hitch and it now seems certain that exhibits will equal or surpass those of former years.

## Joy Riders Asked To Take Spins On Race Track

A request that automobile drivers of Ord and vicinity take their evening joy rides on the race track at the fair grounds was issued yesterday by S. W. Roe, secretary of the fair association. The track needs packing to get it in condition for the races.

Except that it is somewhat soft in places the track is now in better condition than in previous years when fairs were held, says Clyde Baker, race superintendent. Recent rains have aided greatly. When packed down by the tires of joy riders who heed Secretary Roe's plea it will be lightning fast. "Almost like a brick speedway," Baker says.

Eastern Drivers Coming.  
From Johnny Gerber, who is racing on AAA tracks in the east and cannot compete in Ord this year, comes word that he has spread publicity about the Valley county races far and wide and that a number of eastern drivers have signified their intention of coming to Ord. Gerber says: "You'll have so much iron at your meet that you'll have to enlarge the infield to hold all the cars."

In addition to auto racing the day programs will include acts given by the Spies Sisters, a seven-girl song and dance troupe, the Willard Bros., acrobats, Miss Mary Baker, contortionist, music by Auble's band, the North Loup band and the Ord municipal band, balloon ascensions with parachute drops and many other interesting features.

Fine Night Programs.  
Night programs will be presented by the communities of Arcadia, North Loup and Ord but details cannot be given at this time. The Arcadia program, however, will include singing by the Methodist choir, an operetta, "Cynthia's Strategy," duets by Rev. and Mrs. Lawrence E. Nye and a reading by Mildred Easterbrook. The Ord program will include songs by the American Legion male chorus, vocal solos by Mrs. Mark Tolen and other musical features. Details of the North Loup program have not been received. All night programs will be broadcast over a public address system that is being installed this week.

Chris Beters, superintendent of concessions, reports concessionaires going rapidly. He has made arrangements for a dance to be held nightly under canvas cover on the fair grounds, music to be furnished by a well known orchestra.

Big Carnival Engaged.  
The Freds Amusement Company will pull into Ord Sunday and Monday and will have fifty rides, five shows and at least fifteen concessions on the grounds. This is one of the largest and cleanest-managed carnival companies operating in Nebraska and will also furnish several free acts to help amuse crowds.

Garnstand reserved seat tickets will go on sale this week-end at the Ed F. Beranek drug store in Ord. Already several applications for reserved seats have been received. Season tickets also are on sale now and will lead to Ord next Monday, Tuesday, Wednesday and Thursday while the 1935 edition of the Valley county fair is under way.

## Old Students Will Be Hosts At Mixer

The student council of Ord high school will sponsor a reception and mixer Thursday evening at which time new teachers and new students will have an opportunity to meet and "mix" with the old members of Ord high.

Several fun-making events will be staged which will enable every person present to meet each other under strange conditions—such as an auto race in which the drivers drive broom stick models of racing cars around the auditorium as fast as they can go.

Laverne Lakin will act as master of ceremonies, directing the evening's fun.  
The reception is sponsored by the student council with Ruth Koupal, Laverne Lakin and Mr. Watkins planning the evening's entertainment. Charlotte Blessing, Dale Mella and Miss Mae Baird make up the refreshment committee.

## Puncochar, Lewis, Violate Whisker Rules, Are Tried

Several Offenders Given Rough  
Treatment Monday Eve;  
Court Friday Night.

"Order in the court!" shouted Chief Justice McQuillan as the third session of the Ord kangaroo court got under way Monday night before a large crowd.

Frank McQuillan acted as judge for the third court session, his costume being complete with horn-rimmed glasses, long tailed coat and a derby hat. Dale Norman, chief of police for the Whisker club, acted the role of prosecuting attorney and between the twirling of his moustache and pushing his derby hat over his eyes managed to convince Judge McQuillan several times during the evening's program that some of the prisoners were guilty.

Had to Roll Apple.  
Court was opened with the case of Joe Puncochar, charged with being too homely to live. After a heated argument between Judge McQuillan and Attorney Norman as to whether or not a man could be killed for such a serious offense, it was finally decided that Mr. Puncochar would roll an apple from the court house steps at the west side of the city square, which he did under the direction of the Whisker police. The Harlem Bluebirds, traveling dance band, charged with being vagabonds, were the next culprits to be brought before the court. After a few warm selections including "Dinah" and "Sweet Sue," in which Judge McQuillan played the drums, the case was dismissed.

Mr. Carlson, salesman for the Sunshine Biscuit Company, of Grand Island, was tried before the court for being a traveling salesman.  
One of the most interesting cases of the program was that of Johnny Lewis, charged with being a "lady killer." Crawford Mortensen came to the call of the arrested man for an attorney and amidst the many interruptions of Attorney Norman who insisted that Mortensen and Lewis were confederates in the "lady killing" business, gave the court a complete review of the man's "lady killing" tactics the past twenty years.

Treat John Roughly.  
Other cases included on the evening's program were those of Ralph Haas, charged with selling Ford motor cars to the unsuspecting public; Harold Taylor, charged with being a heart breaker; Buck Williams, charged with looking like a sissy; Adrian Klisma, alias Jimmy Hicks, charged with working for Bud Auble; Glen Johnson, charged with indecent exposure in public; Barber Benjamin, charged with being a professional gambler; and Bud Auble charged with pinching babies on the city streets.

Friday night, Sept. 13 will be the next "kangaroo" night in Ord at which time Tom Springer will act as chief justice. On this night a large number of cases will be heard and with the new public address system installed everyone will want to see the court in action for a full evening's fun.

Officers of the Ord Whisker club announce that prizes will be awarded for the best sets of whiskers worn by members on the last day of the fair, September 19. "Let them grow, and get in on these cash prizes," says F. E. McQuillan, president.

## Star Route Carriers Will Convene In Ord

Star route mail carriers of Nebraska will hold a convention at the Knights of Pythias hall Sunday afternoon and about 75 will be present says the president, Mr. Foster, of Loup City. Although there is no star mail route emanating from Ord this city is centrally located and hence the convention is being held here.

## Hope For Gravel On Sargent Road Before Snow Flies

Comstock Sargent Group Visited  
Ord Tuesday, Approved Plan  
For Graveling Route.

The hope that before snow flies gravel surfacing will be applied to the Ord-Sargent road that leads west from the corner of Bussell park was expressed yesterday by H. B. VanDecar, official of the Valley County Good Roads association, as result of a visit to Ord Tuesday of a group of Comstock and Sargent business men interested in completion of an all-weather route linking up the three towns.

State highway officials are said to be ready to designate this road as a state highway and let contracts for gravel immediately but until now designation has been held up by disagreement over what route the permanent highway between the towns of Comstock, Sargent and Ord should follow.

\$85,000 Already Spent.  
The road leading west from Bussell park would seem to be the logical route to choose because, as a county road, Valley county has spent approximately \$85,000 in bringing it up to state grade and erecting bridges and culverts. A small group, however, held out for a new highway that would lead directly west from Ord, argument in favor of such route being that two corners would be eliminated. Such a new road would be enormously expensive and National hall, Woodman hall, churches and schools would be left off a permanent road if this route should be chosen. So many arguments were mustered against it that the opposition now seems to have been routed.

Promise Assistance.  
In the group that visited Ord and conferred with VanDecar Tuesday were Messrs. Mutter and Naab, of Comstock, and Messrs. Abbott and Larsen, of Sargent. All expressed their approval of the present road being designated and promised to use their influence with the Custer county board of supervisors to bring about immediate designation of that end of the highway.  
Valley county supervisors, at their next session, will be asked to seek state designation for this route and since through the efforts of Senator Alvin Blessing last winter the designation number 173 was saved for this road, therefore it is believed that state highway officials will get graveling work started without further delay.

Albert Voracek Dies.  
Funeral services for Albert Voracek, who passed away Sept. 9 in Fargo, N. D., will be held at the Ord Catholic church at 9:00 this morning. In former years Mr. Voracek lived between Ord and Sargent and has numerous relatives living around Sargent and Comstock.

## Refuse Dance Hall License To Sharp

Denial of a dance hall license to John R. Sharp was the most interesting event of the September meeting of the Ord city council, held Friday evening. Mr. Sharp sought a permit to hold dances at his new resort, John's Town Tavern, situated at the southeast corner of the city near the fair grounds. He was anxious to open the place officially on the first day of the fair, Sharp told councilmen. He offered to pay the salaries of two policemen to keep order in the hall, if given a license.

After considerable discussion the councilmen voted unanimously to deny a license to Mr. Sharp. No reason was officially given for this verdict but it is supposed to be because Sharp was once convicted of selling intoxicating liquor, a few months before repeal.

Sharp has spent a large amount of money in building and improving this tavern and it is one of the show spots of the whole Loup valley region. He has leased the restaurant rooms at the east side of the tavern to F. E. McQuillan, who has applied for a license to sell beer. Hearing on this application will be held October 4.

## Suit For \$12,000 Damages Is Filed Against Joe Jirak

Krcilek, Ludington Ask Redress  
For Injuries Sustained In  
Collision July 31st.

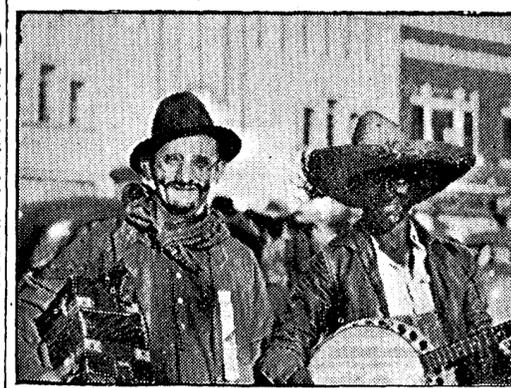

Because of injuries sustained when the motorcycle on which they were riding collided with a car driven by Mrs. Joseph H. Jirak on the corner of 20th and L streets on July 31, Joe Krcilek and Leonard Ludington Monday filed damage suits against Mr. and Mrs. Jirak in district court here. Krcilek seeks \$2,000, Ludington \$10,000. According to their petitions, Mrs. Jirak failed to stop at the stop sign before driving onto L street and then brought her car to a stop practically in the middle of the street, this being the alleged cause of the collision.

Will Deny Charges.  
Although the Jirak answer to these suits has not yet been filed it is understood that it will deny that Mrs. Jirak failed to heed the stop sign and also that she stopped her car in the middle of the street.

Krcilek's injuries consisted of a broken shoulder blade from which he has practically recovered but young Ludington did not fare so well. He was thrown off the motorcycle, struck head first on the pavement and suffered a fractured skull and concussion of the brain which kept him in bed for several weeks. He is still greatly affected by these injuries, he says in his petition.

Both Krcilek and Ludington are represented by Davis & Vogeltanz, attorneys.

## Entertained Crowds on Booster Trip

Joe Punchochar, left, and Jack Janssen, with accordian and banjo, were two of the most popular entertainers on the Whisker club's booster trip yesterday. Here they are, in full regalia, as snapped by H. E. Jones just before the caravan started at 8:00 a. m.

## 50 Grid Players Out For Practice

A squad of over 50 men have been reporting to Coach Brockman for places on the 1935 Ord high school football team. The early work-outs have revealed a number of promising newcomers, including a promising array of freshman material.

The '35 football edition of Ord high will take the field this fall with ten lettermen in the line-up, although Severson and Greathouse, two versatile players of the '34 squad have been lost by graduation.

Coches Brockman and Cowel have been shifting the players around in varied positions in the past two weeks and are quite satisfied with the results of the early workouts. The first Chanticleer contest will take place at Scotia, Sept. 27 under the lights.

## Eye Men Attend Two-Day Clinic Lead By Parkins

Research Conducted in Schools  
Here May Revolutionize  
Educational Methods.

Twenty-nine optometrists, among them some of the best known in Nebraska, gathered in Ord Sunday and Monday for a clinic lead by Dr. George A. Parkins, director of research for the Nebraska Association of Optometrists, in which discoveries made by Dr. Parkins during his two years of research with Ord school students were explained and discussed.

Dr. Parkins, with the assistance of Ord school heads, Millard D. Bell and Wilbur D. Cass, has discovered that fixation difficulty rather than visual deficiency is responsible for the slowness with which many children assimilate knowledge.

To read a line of text the eyes of a normal child will move three to four times, Dr. Parkins explained.

## Final Approval Expected Hourly For North Loup

Hardenbrook, Now in Washing-  
ton, Says Situation Encourag-  
ing; Unwinding 'Red Tape'.

Final and complete approval of the North Loup power and irrigation project may be only a few hours away!

While declining to prophesy just when the exact decision will come, Bert M. Hardenbrook, president of the district, who has been in Washington for the past ten days, writes that the situation looks "very encouraging."

Last Thursday PWA officials announced that they would "approve soon" the North Loup district's amended application for a loan and grant of \$2,160,000 and while news has been scarce since it is known that no setbacks have been encountered.

President Hardenbrook has been very busy at Washington having conferences with PWA and WPA officials and Tuesday had a conference with Harry Hopkins, chief of federal relief work for the past three years.

Only One Power Plant.  
The announcement made Thursday by PWA heads said that the district, under its amended plans, would generate nine million kilowatt hours of electric energy annually and irrigate fifty thousand acres of land. From this meagre data it is assumed that only one power plant will be built, the big one to be located at Sioux Creek west of Burwell.

If the project is approved President Hardenbrook has been promised that \$50,000 will be appropriated for its use immediately, so that engineers may start work at once getting the final plans drawn so construction may begin before cold weather.

Before the project can be said to be finally and definitely approved it will have to be accepted by the PWA, the WPA, the allotment board and be signed by President Roosevelt himself. The exact status of the project at present is not known but it is thought to have passed the PWA and the WPA.

All Money From PWA.  
If approved on lines mentioned in the Associated Press dispatch printed in daily papers last Friday morning, money for the entire project will be furnished by the government, part in the form of a grant and part as a loan. Whether a 30 per cent or 45 per cent grant will be made is not known, nor is interest rate and amortization details.

Val Pullen, president of the Ord Chamber of Commerce, and Ralph W. Norman, chairman of the Valley county democratic central committee, are in daily communication with President Hardenbrook. Although it is possible that the project still may be rejected all information so far received is very encouraging, they admit.

Ord's fire siren will be sounded promptly upon receipt of news that the project has been approved and an impromptu celebration will at once get under way, to be followed later by a celebration sponsored by the Chamber of Commerce in which the whole North Loup valley will be invited to join.

## Ord Girls Guests Of Omaha Police

Two Ord girls, the Misses Gertrude Worm and Della Hurlbert, 20 and 18, were guests of Omaha police Sunday night, according to a story in Omaha papers Tuesday. They had gone to the state fair at Lincoln with a Burwell widower and prevailed upon him to drive them to Omaha on a side trip. There they lost him. After wandering around town for two days their money gave out, they told police, and they ended up in the union depot where police found them asleep. Police gave them the special "guest" room at headquarters in the women's ward and next day helped them to arrange transportation to Ord with a trucker.

## Several Hundred Attend Air Show

Several hundred people attended the air circus given by the Burnham-Miller troupe, of Omaha, on the Jake Beehrle farm west of Ord Sunday afternoon and most of them were pleased with the program. Four cabin planes and one open ship took part in deadstick landings, races, ribbon cutting and aerial acrobatics. A parachute drop from 3,000 feet took place about 5:30. People who witnessed both say this circus compared favorably with the Broken Bow air show held a few weeks ago.

## 25th Anniversary Of Boleszyn Church Observed Thursday

Bishop S. V. Bona, of Grand Island, and ten visiting priests, assisted Father Leonard Ziolkoski Thursday morning in religious services held to commemorate the 25th anniversary of Boleszyn church, which is located west of Elyria in Eureka township. An all-day celebration sponsored by church members followed these services and made the day a memorable one.  
Priests assisting at the rites held Thursday morning were Father Al Szczerkowski and Father Szumski, of Loup City, Father Czapka, of Elba, Father Feeney, of Greeley, Father Marron, of Scotia, Father Carroll, of St. Libory, Father Bellamens, of St. Paul, Father Murray, of Burwell, Father Lawler, of Ord, and Father Thies, of Sargent.  
At the noon hour ladies of Boleszyn church served dinner at St. Mary's hall Elyria, after which a program was given featuring by historical sketches of the church and introduction of surviving original members. Charles Clochon read the sketch in the English language and John Knopik in the Polish language. Surviving members introduced were Alex Iwanski, of Elyria, Frank Osentowski, Gregory Baran and Frank Golka, of Ord.  
Other features in the afternoon included a violin solo by Orville H. Sowl, accompanied at the piano by Mrs. Sowl, and vocal solos in Polish by the Szwaneb boys. Little Miss Roseanne Kochanowski presented a bouquet to Bishop Bona.  
A public dinner was served in the evening and the celebration was concluded with a dance for which music was furnished by the Lukesh orchestra. A crowd of several hundred attended the dinner and dance. Photo by Jensen.

**THE COOK'S COL-YUM, YUM!**

No matter what the time of year this column is flooded with cake and cookie recipes, and practically every cook who sends in a recipe accompanies it with a cake or cookie recipe. So it is easy to see that cakes and cookies must be some special test of skill, and be particularly prized.

The Quiz would like to print your best cake recipe, too. What one are you especially proud of? What good standby do you turn to when company approaches? What cake do you especially like to take to the church bake sales? May we print the recipe, please?

**White Cake.**

Beat one and one-half cups sugar, one-half cup butter, one cup cold water, two and one-half cups cake flour and two teaspoons of baking powder together, and lastly fold in four egg whites which have been stiffly beaten.

**Minute Fudge Icing.**

Put together one-half cup cocoa, six tablespoons butter, three-eighths cup milk, one and one-half cups sugar, one-eighth teaspoon salt. Boil one minute. Remove from fire and beat until creamy enough to spread.

**Feather Cake.**

Combine three-fourths cup cold water and three egg yolks ten minutes with an electric mixer or until it makes a quart. Add one and one-third cups sugar and beat, then one teaspoon vanilla and a pinch of salt. Add one and one-half cups flour and one teaspoon baking powder. Then add beaten egg whites and bake one hour in a slow oven. Bake in an angel food pan. If the eggs are small use four in place of three. This cake is good to use in lining pans for ice box cake. It is easy to make and rather cheap.

**Burnt Sugar Cake.**

Beat one-half cup butter to a cream, stir in gradually one and one-half cups sugar, two egg yolks, one cup cold water, two cups flour then beat five minutes. Add three teaspoons burned sugar, one teaspoon vanilla, one-half cup flour and beat again. Beat two egg whites stiff and add, then put in two teaspoons baking powder. To burn sugar, put one cup granulated sugar in a pan, heat until it is dark brown, then add one cup hot water and boil until about like syrup. Put this syrup in a jar and keep the rest for the next time.

**Brown Sugar Icing.**

Cook together one and one-half cups brown sugar, two-thirds cup cream, piece of butter the size of a walnut. Boil five minutes then beat until it thickens and spread on cake.

**Red Devil's Food Cake.**

Pour one cup boiling water over six tablespoons cocoa and cook until thick. Beat together one-half cup butter, and two cups sugar, when creamed add one cup water, two and one-half cups flour, two level teaspoons soda, two egg yolks. Beat all thoroughly, add cocoa part, fold in the stiffly beaten whites of two eggs. Bake in layers or loaf.

**Peach Fritters.**

Paré three or four peaches and cut in thin slices. Combine one cup flour, two teaspoons sugar, one-fourth teaspoon salt, one-third cup milk, one egg, one teaspoon baking powder. When blended and smooth add peaches. Drop from a spoon into deep hot fat. Brown on all sides and serve with cream or sauce.

**BACK FORTY**

There occasionally comes a fall when corn is slow in ripening, and farmers must go into the cornfields and hand-pick their seed corn before the first killing frost. This seems to be the situation at present.

Most of the corn still has over 50 percent moisture. At the time of ripening ear corn contains approximately 40 to 45 percent moisture and is easily injured. Corn having over 20 percent moisture is likely to be injured by moderate freezing temperatures and entirely killed in case of severe freezing. The longer the exposure to cold, the lower the temperature and the higher the moisture content the greater the injury to germination is likely to be.

Ears selected for seed should be stored in a well ventilated building and hung or laid in such a way that they will dry out quickly. Various kinds of racks or hangers may be used for seed corn, depending on the place in which it is to be stored.

Selecting seed ears from the field in gunny sacks previous to a hard freeze has advantages in addition to assurance of good germination. It is possible to choose ears from strong, sturdy, healthy and sucker-free stalks and to pick ears which grow at the desired height. Low-eared stalks tend to be earlier in maturity than high-eared stalks. The husk covering of the ear can also be observed. Continued selection along these lines may result in hereditary improvement.

**North Loup News**

Several young people celebrated their birthdays Friday evening at the home of Mr. and Mrs. Warren Bailey. Mills Hill, Marjory Thelin, Helen Madsen and Carmen Weber had birthdays a few days apart. It had been planned to go to the chalk hills but was later decided to go to the Bailey home where the picnic supper was served. In addition to the honored guests were Mr. and Mrs. Bailey, Margaret Rood, Ellamae Ser-shen, Mrs. Inez Hill, Thelma Willoughby, James Bell, Paul Madsen, Bernard Henning, Leon Comstock and Melvin Cornell. After the supper was cleared away the guests played cards until a late hour.

The W. O. Zangger family were Sunday guests of the D. R. Sandy's. Jerry Lee and Charles were celebrating their birthday.

Mr. and Mrs. R. J. Comstock of St. Charles, Ill., made a flying trip to North Loup, arriving last Tuesday evening and leaving Saturday afternoon. With them were their son Leon and niece Byrlna Comstock. The Comstocks have so many relatives and friends here that it was impossible to see them all in such a short time. They spent one day calling on relatives at Sargent, Comstock and Loup City.

Thursday night Mr. and Mrs. R. J. Comstock, Leon and Byrlna, were the honored guests at a party given by the Bunch at the Roy Cox home. The Comstocks were overnight guests of Mr. and Mrs. Jim Johnson.

Friday at noon the Comstocks gathered with their Hutchins relatives at the George Hutchins home. Miss Merle Fuller went back to Illinois with Mr. and Mrs. Comstock. She expects to remain there for a long visit.

Mrs. Genevieve Hoepfner underwent an operation at the St. Francis hospital in Grand Island Friday morning.

Mr. and Mrs. W. T. Hutchins have taken the Emma Greene house for the winter. They arrived in North Loup Saturday night and will be here until after popcorn days. Mrs. Hutchins expects to travel with her husband most of the time.

A crowd of young married folks charivariated Mr. and Mrs. Merrill Anderson Sunday night. When they arrived back in North Loup some of the older people joined the crowd and went down to serenade Mr. and Mrs. W. T. Hutchins.

The Valley county exhibit at the state fair received sixth place for general exhibits and seventh for central idea. The exhibit was prepared and displayed by Glen Barber.

The Fortnightly club met with Ardell Bailey last Wednesday with a good attendance and one visitor, Mrs. John Andersen, of Ord. Neva Fisher led the lesson from the Reader's Digest. A variety of subjects were discussed and many interesting points were brought out. During the social hour lunch was served by the hostess. The next meeting will be at Myra Barber's.

Mrs. Clyde Sample of Loup City was over to North Loup Saturday to bid the Comstock's good-bye. She ate dinner with Mrs. Myra Hutchins.

Charlie John is a temperate man, or so his friends have always thought, but when a man tells tales of seeing the road waving to and fro in front of him it makes people suspicious. Since hearing the end of the story, however, we have decided that perhaps he was sober, and just possibly may have had a very narrow escape. As he was driving his milk route last Thursday, just out of Horace, as he approached the first bridge this side of the railroad, he thought he saw the road moving and shaking. He couldn't believe that it was true, but something made him stop his truck. Before he had even time to get out to start an investigation the bridge and all the dirt around it caved in, leaving a complete wreck. It is believed that the heavy rains had undermined the ground work so that the jarring of

traffic shook it loose. At any rate Mr. John is glad he stopped.

Mr. and Mrs. Walt Paddock were married Monday for the second time, having been divorced for a number of years. Rumor has it that they expect to make their home in Ord.

The latest word from Mrs. Hoepfner is that she is getting along fine and will be home soon.

Ruth Sporleder left Tuesday morning. She will visit her aunt, Mrs. Clark at Kearney for about a week, after which she will go on to her home in Albuquerque, N. M. Gertrude Hemphill arrived home Saturday for a month's stay with her parents, Dr. and Mrs. Hemphill. Her parents met her in Grand Island.

Miss Myrtle Penton of Horace is caring for her grandmother, Mrs. Penton.

Mrs. Katie Shaffner went to Omaha, Monday, where she was to meet some relatives and go on to Chicago. She will visit her son and his wife and their small baby.

Donald Van Horn went to Lincoln, Sunday. He will attend the University again this year and had to go down early to start his work in the University Library. Irvin expects to go to school there also, and has been promised work, but as yet he doesn't know what it will be.

Lorna Mae Rodd arrived home from Missouri on the early train Sunday.

Mrs. E. J. Stalder of Cotesfield was a North Loup visitor Tuesday morning.

The Wm. Worrells, the Clyde Barretts and Miss Lela Wolf were Sunday guests of the Darrell Manchesters.

Mrs. Harriet Sylvester, state organizer for the W.C.T.U. was in North Loup Tuesday. In the afternoon she met with the Woman's Missionary society at the home of Mrs. Mary Davis.

Mr. and Mrs. Ray Wahl and their son, Harold and wife and baby of Elmwood, were week-end guests of Mrs. V. J. Thomas and the Claud Thomas family.

**Is Your Child HANDICAPPED?**

Of every ten children classified at school as backward, five are found to have defective vision. Poor grades, a dislike of school, headaches, a cross disposition, all are the direct result of deficiencies of eyesight. An unfortunate thing about defective vision is that it is often impossible to detect without a thorough examination. A fortunate thing is that almost every case can be easily corrected with a proper fitting of glasses. Your child deserves perfect vision. Have his, or her, eyes examined before school starts.

**MEATS**

Meat prices are high right now, higher than they have been in years. Naturally the housewife wants the most for her money when she buys meat and at this market we try to give it to her.

We are holding meat prices down as much as we can. We have slashed our profit margin. We are being more careful in our buying. We are holding down our expense.

If you want the best meat that can be bought for the least money buy here. It will pay you in dollars and cents and in satisfaction.

### How Will Mussolini Fight? Airfields and Live Wires A Teapot Tempest Will Eugenists Explain?

Mussolini fought in the big war as a simple soldier in the trenches, was badly wounded, saw the horrors of war from the bottom.

Arthur Brisbane

Now, in command, he will see war from the top. How will he manage it? Dispatches say he must do something in a "quick drive and make big gains" before the rainy season returns, seven months hence.

Mussolini's driving power and efficiency, that have transformed the fever-breeding Pontine marshes into homes for Italian families, should need no "seven months" to produce results in Abyssinia. The thing to do is to concentrate on the "Conquering Lion of Judah," otherwise the Negus, or "Power of Trinity."

Make it clear that modern war means "the ruler of the country first, the little people afterward," and war will not last long. The "Conquering Lion" has expressed willingness, almost eagerness, to die for his country, but that must not be taken too literally.

Near Burbank, Calif., a plane crashes. Three occupants, two pilots and a stewardess, burn to death, after striking a live wire.

It has been said, "Alcohol and gasoline do not mix well," meaning that men should not drive when drunk.

Air fields and live wires do not mix well either. The Department of Commerce, ruling aviation and exercising admirable rules, might include among the latter a rule against exposed live wires near air fields.

There is an unnecessary fuss about American business men having secured in Abyssinia rights to develop oil and mineral wealth. An American should be able to go shopping at his own risk and on his own responsibility, wherever he chooses, as Englishmen do, without having the State department indulge in "fits."

If one of the great American organizations, Standard Oil, Du Pont or another, undertakes to do business in Ethiopia, it will not ask Uncle Sam to send over any of "our boys" to shed their blood.

Strange sight in a New York court—one boy, nine years old, accused of killing a girl by hitting her on the head with a stone because she denied his assertion that he could eat more peaches than she could. Another little boy of twelve, also killer of a playmate, appeared in the same court.

The nine-year-old boy seemed quite unconcerned, except that he thought his dog, "Lucky," would be lonesome without him.

Prosecuting authorities accuse the nine-year-old boy of murder, but hanging or drawing and quartering for children are part of the past.

Will stirpiculturists and eugenists explain these youthful crime phenomena?

The sad death of the queen of Belgium proves that the open car is the dangerous car. The queen was thrown from the car, struck her head against a tree, and was instantly killed. Had she been in a closed car, she could not have been thrown violently, and probably would have escaped death as did her husband, who was holding the wheel.

The open car is the ideal car to see the country and the sky, but a dangerous car for those who drive too fast.

San Francisco, as old in the minds of Americans as the word "California" itself, is cheerful. The great bridge that will unite San Francisco to Oakland across the bay is progressing rapidly. And the suspension bridge is already stretching its spiderweb cables across the Golden Gate, where the Pacific ocean comes rushing in to the bay.

Thanks to good management and an excellent engineer, Mr. Strauss, this Golden Gate bridge, with its magnificent span of more than 4,000 feet, will be finished on time and for less than the \$35,000,000 guaranteed as maximum price.

England wants no war, with prosperity returning and spoils of the big war not yet digested. But the wing feathers of the peace angel must tremble at sight of British and Italian fleets in the Mediterranean, near the mouth of the Suez canal.

If Britain tries to close that canal to Italy, leaving thousands of Italian soldiers cut off from their base and from food supplies, there will probably be some heavy gunfire.

After visiting several days at York, Austin Prather and family returned Tuesday.

### A Word in Appreciation of Our Recreation Program.

Our recreation classes have been closed for this year but we hope the interest in the things our boys and girls have learned will last for many years to come and possibly provide some of them with a life-time hobby. Too much in the way of appreciation cannot be said for the fine volunteer workers who so ably assisted Coach Brockman.

We know it required real sacrifice on the part of some of them to give their time every day and be there regularly.

From the mothers of the children enrolled in the various classes we learned that the children looked forward to the days when, basket making, clay modeling or swimming, or whatever activity they were most interested in was scheduled for that particular day.

Some of the boys enjoyed the classes in wood work conducted in the early part of the afternoon at the Christian church basement under the supervision of Rev. McCarthy.

We hope that many of our men who have hobbies will be able to give a little time and help pass those interesting and worthwhile occupations on to our boys another summer.

And last but not least, what a splendid thing it has been to have so many vacant lots given us to use and to have them cleaned up for baseball grounds and tennis courts for after all boys and girls enjoy athletics more than anything else, especially when properly supervised, in a place provided for such purposes.

We may also have some future golf champions growing up in Ord thanks to the able coaching of Bud Shirley and some of our young men who taught the boys many of the fine points of the game.

During the hottest part of August the swimming classes were the most popular. Mrs. Misko was instructor for the girls with Beulah McGinnis as her assistant.

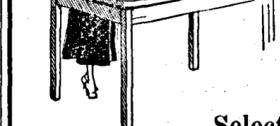

The boys had their "swimming hole" out at Mortensen's farm and many of them who could not swim learned to overcome their fear of water while the older boys learned many new strokes and had a lot of fun doing it.

We wish to thank all those who helped in any way to make this recreation program possible, including those who helped plan and organize it and the Legion for the use of their building and we hope

it will be of lasting benefit to our community and that we may be able to interest many more of our citizens so as to plan a bigger and better program next year.

### Sermon For Young Men.

Last week there appeared before the Court in Sidney, Iowa, a young man from the north end of the county charged with stealing chickens. The lad was, like many others, living beyond his means, found it necessary to increase his income to keep up with the Joneses. Judge John Tinley of Council Bluffs was on the bench and gave this boy a talk, which we feel should be read in every pulpit and by every parent to their children. Comment is unnecessary. Here it is:

"Young man, the county attorney of this county has filed what is known as a true information against you, charging you with the crime of larceny of poultry.

"Larceny, as you no doubt know, means stealing. Stealing is one of the most contemptible crimes recognized in the Iowa Statutes.

"It does not require brains nor manhood to be a thief. It requires simply a contemptible nature and a sneaking disposition. I could go up to the town of Glenwood in your neighboring county, to the state institution, and pick out 150 young men of your own age who have been by law decreed to be incompetent to run at large and must be herded up like so many cattle, and I can take these young men and turn them loose on the community with instructions to go and steal, and they can do just as good a job of stealing as you. And yet, here you, who have been blessed with a strong physique and apparently an unimpaired intellect, go out and resort to tricks that require neither manhood, brains, nor courage.

"Stealing, again, is divided into several forms of devilry, and the one with which you are charged, that of stealing chickens, is the lowest of them all. It is possible you may never have thought of it in its true light, and the contemptibility of the act may never have been impressed on your mind. It has been truly said that on the farm the steer pays the mortgage, the hog pays the rent, but the humble old hen plays a much more important part in the upbuilding of a home and the training of the citizens of a community than either the steer or the hog. When I stop to think of the enormous amount of work and drudgery that must be performed by the dear old farm wife, working day and night, in season and out of season, wet and dry, heat and cold, to care for her flock of chickens, I am inclined to think that on her brow should rest one of the most beautiful and enduring crowns ever placed on the human brow.

"It is through the efforts, almost superhuman, of that farm wife and of the old hen, that the little gingham dress and hair ribbon, coats and gloves and overshoes are provided for little Mary so that she can go to school. It is through these same efforts that little Johnny has his overalls, his cap, his mittens and overalls. And through these same efforts that the books, paper and pencils are provided for both of them, so that they can go on through with an education that in many, many instances would be denied them were they forced to look elsewhere for the funds with which to provide these absolute necessities. God alone knows how many children in America would have been deprived of the benefits of an education were it not for the faithful old hen. And then when I stop to think of a strong, able-bodied young man like you going in the dead of night, when the honest farm wife is enjoying the few short hours of rest that she so richly earned, and depriving her of the fruit of her labors, possibly depriving these young children of the possibility of acquiring an education, simply to get funds for a short round of dissipation, sin and vice, I wonder that Almighty God does not strike you dead while engaged in this nefarious practice. You recently read of those bandits who stole 200 thousand dollars from the Weyerhaeuser estate, and mean and contemptible as you are, you shuddered at the fierceness of their crime. Let me tell you, young man, you and all others engaged in this form of thievery have no right to condemn those thieves. They were gentlemen as compared with the one committed by you. They stole more money than they had any possible use for. You stole from people to whom this little thievery possibly might mean life and the production and training of the better class of American citizens.

"I am telling you these things, not for the purpose of humiliating you, but for the purpose of impressing on your mind a fact that seems to have never occurred to you; the fact of how really contemptible your action is. "And it is the order of this court that you be confined in the county jail of this county for a period of 90 days, that you may have an opportunity to think over the injustice you have done to this particular family, and to any others who you may have wronged in this same manner, and it is the hope of this court that you will go forth at the end of this 90 day period with an entirely different slant on life and of the rights of your fellow men."—Hamburg, Iowa, Reporter.

## CARE OF COUNTY BOARD

By George Gowen

Dear Jake:  
Roads or Aid Again.  
Fearing I had written something that might not be exactly true last week when I said that it was rumored the county commissioners of Greeley county had spent all their money on aid and as a result had nothing left for roads, I looked up our commissioner Reams, for Ed Lee, our township road official. That is the way I do, speak first and worry after. Incidentally while these two important men were talking roads, I piped in and asked a few questions.

I found that the rumor was true. And following is something like Mr. Reams said:  
"We, in Greeley county, decided to match funds for aid with the federal government. We put up twenty-five per cent of the money and they seventy-five per cent. Even that twenty-five per cent took all the road fund. Inasmuch as those folks had to be kept and they worked on the roads, I guess it was all right."

Then Mr. Reams became a little more excited. "But if I could have had that twenty-five per cent of the money, and our 'cat' and grader, I could have accomplished more real road work than they did with the hundred per cent."

"Then on top of that we had last April a dozen or more bridges go out and to repair and replace them alone took all the money that accumulated."

He went on to say that the weakness in the commissioner system is the road overseer. He is elected the same as the commissioner and if he is a poor hand the commissioner has no power to hire and fire.

### Commissioner or Supervisor System

Here in Greeley county we have the commissioner system. After watching both, I have concluded I like the commissioner system best.

We have only three men on the board in the place of seven. Each commissioner has about a third of the county to watch over. Here we are large enough to have for our third of the county a large caterpillar and grader. Should the road become in bad shape in one section, the commissioner can fix it and let the other end wait. He has money enough, by proper planning to repair or build a bridge if necessary. He hires all the road draggers, and all that is left for the road overseer is to fill mud holes and fix culverts. His salary and mileage cannot exceed \$900.00 for the year. We have no township officers except road overseer and assessor.

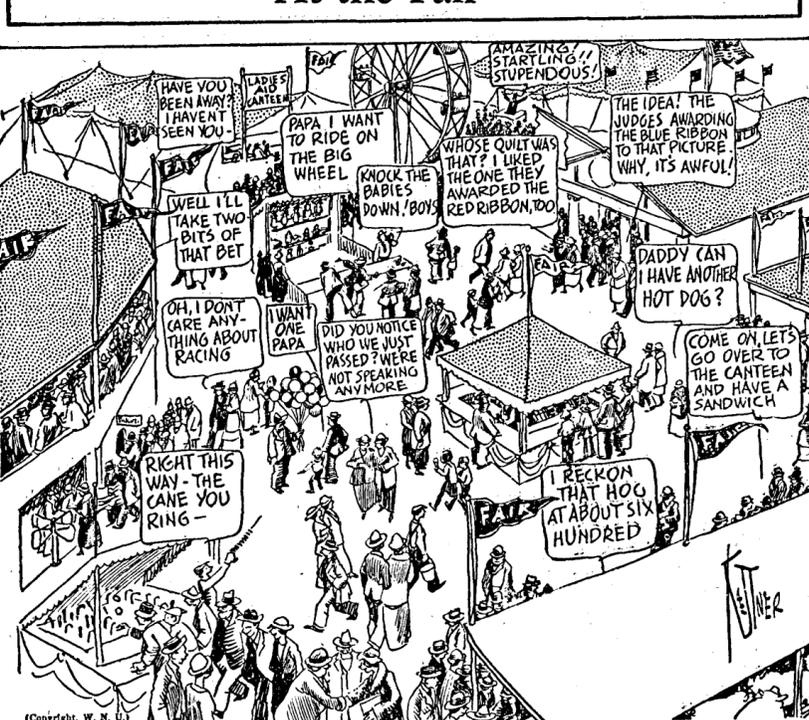

### Horses via Caterpillar.

A few years ago, Mr. Teilmann had his large outfit to work east and north of the North Loup bridge at the same time the North Loup township had their road overseer attempting to grade the road west of the bridge.

Passing one outfit and then the other was like comparing the garden hand cultivator with my tractor and gang. And on top of that the man in N. L. township with his four horses was costing the township a third to a half as much as it cost to run the big outfit.

First the N. L. man had to plow and dig out the plum bush. Then with his toy grader (go to speak) he attempted to push the dirt around. The big outfit never plowed, and they graded through big plum trees as if they weren't. They really moved dirt.

## When You And I Were Young Maggie

20 Years Ago This Week.  
Mrs. Frank Dworak was operated on in a Lincoln hospital and was recovering.

Mrs. Susie Lewis and son John returned from the west coast where they attended the San Francisco and San Diego expositions.

Albert Hajek, who left home in 1894 and had not been heard from since, reappeared suddenly and laid claim to the estate of his father, Wesley, who passed away a few months before.

Stanley Ciochon appeared before Judge Gudmundsen and pleaded guilty to hitting Joe Liberski, justice of the peace at Elyria.

By the expenditure of less than \$150 the Ord Golf club beautified and cleaned up Bussell Park, in which they had been recently given permission to lay out a course.

E. P. Clements was given credit for the changed appearance of the park.

Mr. and Mrs. H. P. Hansen celebrated their silver wedding anniversary.

Mark Tolen, John Keating and Edwin Kull were in Lincoln attending the state fair and serving as ushers in the grandstand.

25 Years Ago This Week.  
Dr. William Oeschger, chancellor of Cotner University, was to dedicate the Ord Christian church which recently had been remodelled and enlarged.

The duck season was to open Sept. 16th and a big flight was reported under way.

John Luke got a letter from Lee Herron of St. Paul, saying he was coming to Ord to attend the fair. Herron was the engineer who ran the saw mill and cut up lumber used in the building of Fort Hartuff.

J. L. Curtis, the expert butter-maker at the Ravenna Creamery, left for his home in Madison, Wis. Anton Cary of Ord was installing a jewelry store at Comstock and planned also to teach music.

Will Moon and his father were reported to have sold their property near the river and planned to move to Eugene, Ore.

It is not better to dole out the money to the poor and then let the road officials hoe their own row.

The Glad Farewell.  
And on the parting these two important officials, discussed the aid situation and (Jake don't dare tell) but they "sort of" thought some of these fellows who are taking aid live better than many that are not, and Ed mentioned one man who had a job but quit and moved to town because he could make more working on the FERA.

## My Own Column

By H. D. Leggett

Dear Quiz:  
This is being written Wednesday afternoon and I am glad to have a crackling wood fire in the heater near me in this big room. The wind is blowing a gale from the west, which is right straight down the lake and it is sure cold. We have had just two good days here in two weeks and I am getting discouraged still, it seems as though the country would have to get some good weather some time this fall.

Judge Clements and his party will leave early tomorrow morning for home and expect to be in Ord before bed time. It is only a little over 600 miles. They are leaving a day or two sooner than they planned because of the bad weather and they think it won't improve in time for them to enjoy any more fishing. The Clements cottage is the first one to the south of us.

The Simpsons are also getting ready to leave and will go either tomorrow or Friday morning. They, too, would stay a day or two longer if the weather was good as their children have to be in school next Monday, last Monday when you read this. When these two families leave we will be alone in camp. The Simpson cottage is the second one to the north of us. The Hallways will arrive Saturday and will be with us for a couple of weeks and then we will be thinking about heading for Ord, especially if this kind of weather continues.

The Reeds are also leaving for their home in Cincinnati, Ohio tomorrow. They have a cottage on what we know as Jones Point about a mile down on the north side of the lake. Mr. Reed is employed as a chemist by some large industrial organization. He has been coming here for a number of years. Jones Point gets its name from an old trapper-missionary who had a shack there many years ago and did missionary work among the Indians. The missionary work was not financially profitable and he had to trap the mink and muskrats and coon which, at that time, were most abundant here. There was no white man closer at that time than several hundred miles, unless it may have been a lone missionary, like himself. His furs were sent out annually by the Indians and such plain supplies as he required were brought back by them.

I understand the Humphreysville and Bowman people who own the former John Keown cottage in this camp, expect to build a large porch next season and otherwise improve their property. They do need more room badly and a nice screened porch would supply that need.

The McDowells, I am told, will also leave this week end for their home in Minneapolis. Mrs. McDowell is a teacher in the schools here and they have to be back for the opening of school the 9th. They will frequently come up for the week end during the fall, as it is only a 150 mile drive. They are on the south side of the lake half a mile or so down below us.

I just heard this morning that the Langins are going to build themselves a swell new home down on the far end of the lake where they have summered for a good many years, using their present cottage to rent. They will build several other tourist cottages, also, and establish quite a resort there. Their acreage is at the thoroughfare between our lake and Lower Cullen.

Stove wood is worth \$6 a cord here, cook stove length and split. I just bought a cord and will use what I need this fall and hope to have some left for next year. It is jackpine and poplar and makes a good, flashy fire when it is dry. Some arid wood would be fine this cool weather but it is not to be had close. Some ten or twelve miles west in what is known as the Stony Brook country there is a lot of hard wood timber.

H. D. Leggett.

## Something Different

Mrs. Leonard Furtak and her neighbor, Mrs. Emory Thomsen cut down a tree a few days ago all by themselves, don't ask me how they did it. I happened to be out doors haunting my young son, and so saw the sizeable tree fall, no man present to officiate.

Said Mrs. Thomsen to Mrs. Furtak, "I s'pose now this will be in Something Different about us cutting down this tree." Which remark Mrs. Furtak relayed to me. And thinking they might be disappointed if the story were omitted, I hereby include it for your inspection.

—Oo—  
The F. A. Barta and Ed Whelan families celebrated their wedding anniversaries together in August. Not married the same year, the

two couples were nevertheless married on the same day. And more odd yet, the two ladies concerned both have September 22 for a birthdate.

—Oo—  
I don't know whether Ign. Klima Jr., and his neighbor, O. E. Johnson planned it together or happened on the idea separately, but the pair of bright lot corners thick with moss roses is a cheering sight. Or perhaps I am doing a great wrong. Maybe the two ladies are responsible for this flowery effect.

—Oo—  
Ord flower shows seem to be over, sad to say. It would be nice to have some sort of flower exhibit again in this community. There are so many here who love flowers, enjoy working with them, and learning about them.

The time to plan a flower show for next year is right now, however. To announce on July 1 that on July 30 Ord will have a flower show is no way to do, it doesn't give one enough time to plan and plant and grow fine exhibits.

Alliance was having a flower show when I was home, and it was a dandy, sponsored by the Garden Club, which meets every Thursday morning to learn more about growing fine flowers, combating pests, enriching soils, etc., usually by means of lectures. Having one flower show a year, it must necessarily be placed late in the summer, as the growing season in that country is considerably shorter than ours, spring arriving about three weeks later and frost hurrying there before it comes here.

It seems as though Ord women should be the ones to go ahead with flower show plans. City beautification is a man's job... advised by lots of women, of course... but it does seem as though Ord women or some group of them, should push flower culture here, and help make more enthusiastic gardeners with the aid of flower exhibits.

Now is the time to save seed, to plan for next year's beauties, to transplant many flowers, to prepare the soil for others.

Couldn't we all cooperate to accomplish something worth while for Ord next year? What shall we do, choose a town flower? What do you say?

—Irma.

# There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

### Eye Men Attend Two-Day Clinic Lead By Parkins

(Continued from page 1)

plains, and his researches in the Ord schools show that many children find it necessary to move and focus their eyes eight to ten times to read the same line of text. Naturally these slow readers assimilate the meaning of the text much more slowly than do fast readers.

Responds to Treatment. A system of treatments and exercises has shown surprisingly rapid improvement of fixation difficulties in practically every case. Dr. Parkins told his fellow optometrists here Sunday and Monday.

The research being carried out here is the first in the world along this line and naturally Dr. Parkins' discoveries are causing nationwide excitement among the optometrists and educators.

To confirm discoveries made here Dr. Parkins has arranged to have Dr. D. A. Worcester, head of the psychology department of the University of Nebraska, visit Ord two days late in September to make tests of a selected group of 100 children. Later Dr. Worcester will return again, after these children have carried out a course of eye exercises prescribed by Dr. Parkins, and again make tests.

Similar "before and after" tests made by Dr. Parkins, Mr. Bell and Mr. Cass have proved 100 per cent efficient.

Lower Cost Schooling. The practical value of discoveries made here can readily be understood by anybody when it is realized that schools must adopt their classes to the speed with which the average child learns. Since it is true that children who learn faster are held back, then, by the children who learn slower, it can be seen that a new method which speeds up the rate of comprehension of these slower-learning children will speed up the whole school system. It will cost much less to educate children when Dr. Parkins' system is put into general use; that is, if the tests to be made by Dr. Worcester confirm findings of the Ord men.

Not only the Nebraska Association of Optometrists but similar associations in Oklahoma, Iowa, South Dakota and other midwestern states are planning to aid financially in the research work being carried out in Ord.

Optometrists who attended the clinic Sunday and Monday included Dr. W. H. Martin, Lincoln, first vice-president of the state association, Dr. O. J. Melvin, Omaha, educational director, Dr. Hannis, York, member of the state board of examiners in optometry, to which Dr. Parkins also belongs, Dr. Ackerman, of Fairbury, Dr. Calhoun, of Pawnee City, Dr. Steiner, of Albion, Dr. H. ### Lyman To Conduct Football Column

Now, for the first time the state of Nebraska is to have the "inside dope" on Nebraska football as seen from the coach's bench. It will be broadcast three times a week throughout the entire season under the sponsorship of the Standard Oil Company of Nebraska. The program will go on the air at 5:45 P. M. over WOW, Omaha and KPOR, Lincoln every Wednesday, Friday and Saturday.

The broadcasts officially started on Wednesday, September 11, giving advance dope on the University of Nebraska team during football practice, which has just started at Lincoln.

Roy "Link" Lyman of Hyannis, former Cornhusker star, for eight years a player with the world-famed Chicago Bears, and now line coach for the University of Nebraska team, will be the chief performer.

Evangelical Church Rally. The Mira Valley Evangelical church will have a rally next Tuesday at which time Miss Wolf, missionary of China, will speak. It will be an all-day meeting, with a covered dish luncheon served at noon. Miss Wolf will speak in the afternoon and evening. The Mira Valley church will have as their guests the congregations from Scotia, Taylor, and North Star. The public is cordially invited to attend.

### Golden Rule Store To Celebrate Its Anniversary Day

Parent Organization Founded 20 Years Ago In Holdrege By E. E. Brown.

Twenty years ago in Holdrege, the dream of a farm boy to operate a system of department stores, began to take realization when E. E. Brown, president of the Brown-McDonald Co., and his associates, opened the first store of the present group under the name of the Golden Rule Store.

Weathering the ills that fall to the lot of infant enterprises, this store grew and prospered. A year later another store was opened in Minden, Nebr. As the years passed and conditions warranted, other stores were opened, the Ord store being opened in 1930. The baby store of the organization was opened in May of this year in Fairbury, making nineteen stores now being operated by this company in Nebraska, Colorado and Kansas.

New Plan of Selling. When the first store was opened in Holdrege, its operating plan for those days was revolutionary in that it was proposed to sell for cash only; to sell on a close margin of profit for quick turnover, and to keep store expenses down to the limit, thus permitting lower prices on merchandise.

Success has crowned a strict adherence to this plan. Celebrating the twentieth anniversary of the founding of the company, all Brown-McDonald stores join in a concerted birthday celebration concretely expressing the appreciation of the firm to its customers for their co-operation, in the tangible form of an Anniversary Sale which begins Thursday, September 12th in the Ord store.

—Rev. and Mrs. S. A. Woodruff and James Ollis went Tuesday afternoon to attend the Presbyterian meeting at St. Edwards.

### Shurtz Funeral Was Largely Attended

Funeral services were held at the Catholic church in Ord on Tuesday, Sept. 3, for John F. Shurtz, who passed away in Denver, Colo., on August 23 after a long illness. Interment was in Ord cemetery.

John Shurtz was born in Shenandoah, Ia., on July 11, 1884 and as a young man came to Ord to work in a bakery. Here he met and was married to Miss Mary Franci, daughter of Mrs. Mary Franci of this city. They left Ord a number of years ago and Mr. Shurtz conducted bakeries in Nelson, Nebr., Lexington, Nebr., and in Denver.

Besides the widow he is mourned by three brothers, Charles W. Shurtz of Omaha, Harry Shurtz of Shenandoah, Ia., and Edwin W. Shurtz of LaPorte, Ind.

Responds to Treatment.  
A system of treatments and exercises has shown surprisingly rapid improvement of fixation difficulties in practically every case. Dr. Parkins told his fellow optometrists here Sunday and Monday.

The research being carried out here is the first in the world along this line and naturally Dr. Parkins' discoveries are causing nationwide excitement among the optometrists and educators.

To confirm discoveries made here Dr. Parkins has arranged to have Dr. D. A. Worcester, head of the psychology department of the University of Nebraska, visit Ord two days late in September to make tests of a selected group of 100 children. Later Dr. Worcester will return again, after these children have carried out a course of eye exercises prescribed by Dr. Parkins, and again make tests.

Similar "before and after" tests made by Dr. Parkins, Mr. Bell and Mr. Cass have proved 100 per cent efficient.

Lower Cost Schooling.  
The practical value of discoveries made here can readily be understood by anybody when it is realized that schools must adopt their classes to the speed with which the average child learns. Since it is true that children who learn faster are held back, then, by the children who learn slower, it can be seen that a new method which speeds up the rate of comprehension of these slower-learning children will speed up the whole school system. It will cost much less to educate children when Dr. Parkins' system is put into general use; that is, if the tests to be made by Dr. Worcester confirm findings of the Ord men.

Not only the Nebraska Association of Optometrists but similar associations in Oklahoma, Iowa, South Dakota and other midwestern states are planning to aid financially in the research work being carried out in Ord.

Optometrists who attended the clinic Sunday and Monday included Dr. W. H. Martin, Lincoln, first vice-president of the state association, Dr. O. J. Melvin, Omaha, educational director, Dr. Hannis, York, member of the state board of examiners' in optometry, to which Dr. Parkins also belongs, Dr. Ackerman, of Fairbury, Dr. Calhoun, of Pawnee City, Dr. Steiner, of Albion, Dr. H. A. Martin, of Scottsbluff, Dr. Merrick, of Auburn, Dr. Masters, of Chadron, Dr. Gillespie, of Wayne, Dr. Jenkins, of Holdrege, Dr. Beer, of Western, Dr. Peterson, of Elgin, Dr. Jenkins, of Gibbon, Dr. Melford, of Alnsworth, Dr. Schwaner, of Scottsbluff, Dr. Hager, of Clay Center, Dr. M. J. Maher, Thomas Maher and Kingsley, of Omaha, Dr. Carlson, of Lincoln, Dr. Rigbert, of Seward, Dr. Albright, of David City, Dr. Davis, of Columbus, Dr. Morrison, of Fairbury, Dr. Bauman, of Alliance, Dr. Scamman, of Beatrice, Dr. Morgan, of Holdrege, and Dr. Hoefle, of Orange City, Ia.

**Lyman To Conduct Football Column**

Now, for the first time the state of Nebraska is to have the "inside dope" on Nebraska football as seen from the coach's bench. It will be broadcast three times a week throughout the entire season under the sponsorship of the Standard Oil Company of Nebraska. The program will go on the air at 5:45 P. M. over WOW, Omaha and KFOR, Lincoln every Wednesday, Friday and Saturday.

The broadcasts officially started on Wednesday, September 11, giving advance dope on the University of Nebraska team during football practice, which has just started at Lincoln.

Roy "Link" Lyman of Hyannis, former Cornhusker star, for eight years a player with the world-famed Chicago Bears, and now line coach for the University of Nebraska team, will be the chief performer.

**Evangelical Church Rally.**  
The Mira Valley Evangelical church will have a rally next Tuesday at which time Miss Wolf, missionary of China, will speak. It will be an all-day meeting, with a covered dish luncheon served at noon. Miss Wolf will speak in the afternoon and evening. The Mira Valley church will have as their guests the congregations from Scotia, Taylor, and North Star. The public is cordially invited to attend.

**FEED Determines EGG PRODUCTION**

A prize pullet with a pedigree "a mile long" and from a family of heavy layers if not properly fed will not produce many more eggs than a scrawny undersized scrub hen.

Feed is the greatest factor (plus of course, reasonable care) in determining egg production.

Noll's Lay Mash is giving results. Our price \$1.75 per cwt. Ask for ton lot prices.

THE ORD QUIZ, ORD, NEBRASKA, THURSDAY, SEPTEMBER 19, 1935.

VOL. 53 NO. 25

8,000 People Attend Fair Tues'dy, Large Crowd Wednesday

22 Drivers Competing in Races, Exhibits Were Better Than Had Been Expected.

Eight thousand people trickled through the turnstiles at the Valley county fair grounds Tuesday, gladdening the hearts of fair officials and proving that central Nebraska was ready and waiting for revival of the big exposition and auto races.

Principal entertainment feature this week, as in former years, is fast auto racing and 22 of the fastest cars that ever assembled in Ord are competing for \$2,400 in prize money.

The banked oval is soft after three years of disuse and races Tuesday were not as fast as those in 1931, last year of auto racing previous to this year. The track also was excessively dusty Tuesday but fair officials had water wagon and rollers at work all night and few complaints were heard on this score yesterday.

Felt Car Fastest.

Lloyd Axtell, driving Vic Felt's fast Hisso Special, Bill Morris, driving a car owned by C. E. Johnson of Lincoln, and Red Campbell, driving Ralph Morgan's car from Indianapolis, dominated the big money events Tuesday and again yesterday. These cars seem to be the class of the field and are fully capable of turning the oval in faster time than has ever been recorded here.

There were no major accidents Tuesday although two drivers had narrow escapes, one losing a wheel while traveling at mile-a-minute speed and the other hitting the wire fence at the west end of the oval. Neither driver was hurt nor were the cars greatly damaged.

Slow Time Tuesday.

Results of Tuesday races: Event No. 1, 5 miles—1st, Bill Morris, Lincoln, time 4 minutes 51.34 seconds; second, Clyde Gilbert, Brighton, Colo.; third, Red Campbell, Indianapolis.

Event No. 2, 5 miles—1st, Lloyd Axtell, ever, time 4 minutes 56 seconds; second, T. West, Dallas, Tex.; third, H. Cox, Omaha.

Event No. 3, 5 miles—1st, George Chitwood, St. Joseph, Mo., time 5 minutes 9 seconds; second, L. Brown, Champaign, Ill.; third, W. Moffat, Dallas, Tex.

Event No. 4, 2 1/2 miles—1st, R. Lake, Burbank, Calif., time, 3 minutes 41.75 seconds; second, Frank Sands, Minneapolis; third, L. E. Goalsby, Fortescue, Mo.

Event No. 5, 3 1/2 miles—1st, Red Campbell, Indianapolis, time 3 minutes 18.61 seconds; second, Tex West, Dallas; third, Lloyd Axtell, Denver.

Event No. 6, 11 miles—1st, Lloyd Axtell, Denver, time 10 minutes 13.49 seconds; second, Bill Morris, Lincoln; third, Red Campbell, Indianapolis; 4th, L. Brown, Champaign, Ill.; 5th, George Chitwood, St. Joseph.

Wednesday Races Faster.

Results of Wednesday's races: Event No. 1, 5 miles—1st, Lloyd Axtell, time 4 minutes 39.36 seconds; 2nd, Bill Morris; 3rd, Clyde Gilbert.

Event No. 2, 5 miles—1st, Fred Moebis, time 4 minutes 45.36 seconds; 2nd, George Chitwood; 3rd, Red Campbell.

Event No. 3, 5 miles—1st, Tex West, time 4 minutes 52 seconds; 2nd, Howard Cox; 3rd, Lewis Brown.

Event No. 4, 3 1/2 miles—1st, Carl Meyers, Doniphan, time 3 minutes 28.77 seconds; 2nd, Bert Ficken, Sioux City; 3rd, Martin Lake, Sioux City.

Event No. 5, 3 1/2 miles—Lloyd Axtell, 1st, time 3 minutes 27.5 seconds; 2nd, Bill Morris; 3rd, Fred Moebis, Detroit.

Added event—1st, Pat Cunningham, Otis, Kas.; 2nd, Frank Sands, Minneapolis; 3rd, Claude Phillips, Sioux City. In this race Cunningham gave the crowd thrill after thrill when, starting in fourth position, he passed the entire field and came through with a win.

Event No. 6, 11 miles—Lloyd Axtell, 1st; Bill Morris, 2nd; Fred Moebis, 3rd; Clyde Gilbert, 4th; L. Brown, 5th. This was the best race of the meet so far, although Axtell dominated the field. Axtell took a big lead early in the race and was never in danger but ding-dong battles for third and fourth positions were fought out by Moebis and Gilbert.

Exhibits surpass expectations of superintendents in practically all departments and are said to be larger and of better quality than those of the Custer, Howard and Garfield county fairs. J. A. Kovanda, who writes the Back Forty department, made a tour of the horse, cattle, swine and sheep barns and in his article on page three mentions some of the foremost exhibitors. A complete list of prize winners in all departments will be published next week.

Good Night Shows. Night crowds are pleasing fair officers and concessionaires alike, the latter reporting large crowds on midway until a late hour both Tuesday and Wednesday evenings. The platform show Tuesday was presented by the Arcadia Methodist choir, Rev. and Mrs. Lawrence E. Nye, soloists, Miss Mildred Easterbrook, reader, and an operetta cast made up of the last two named, H. D. Weddel and Marie Weddel. Aule's Specialty band gave a concert that evening. Last night the program was to be given by the North Loup band and other musicians from that village. Tonight Ord talent will give the program.

Free acts being presented daily are generally conceded to be superior to those of former years, particularly the seven Spies Sisters whose song and dance act is pleasing patrons. The Fredericks carnival, which has several rides, shows and concessions at the east end of midway, also is proving quite an attraction.

Weather has been ideal and it is confidently predicted that the total attendance records for the three days will surpass 1931 when about 20,000 people attended.

Two Hurt When Car Overtakes On Hill During Booster Trip

Virgil "Deacon" McBurney suffered a dislocated shoulder and Carl Norman, a son of Mr. and Mrs. Frank Norman, was badly bruised and skinned up Thursday afternoon when the home-built racing car in which they were riding during the Whisker club's booster trip overturned on a hill between Loup City and Ashton.

Engine of this car had been giving trouble so the car was being towed by Bert Needham's car, to which it was attached with ropes. One of the ropes broke as the caravan was going down a long hill. The racing car rolled over three times and witnesses said it was a miracle McBurney and Norman were not killed.

Mrs. Charlie Anderson (Passe), Arcadia, Sept. 17—(Special)—Word was received of the sudden death of Mrs. Charlie Anderson which shocked Arcadia vicinity. Mrs. Anderson recently underwent a major operation at the St. Francis hospital in Grand Island and passed away Tuesday about noon.

1935 Fair Seen As Financial Success

Season Ticket and Grandstand Advance Sales Heaviest In Years, Says Roe.

Officials of the Loup Valley Agricultural Society, to their great delight, were able to announce yesterday that the fair this year will be a financial success. Season ticket advance sales were the heaviest in history as was sale of reserved seats in the grandstand.

An opening day crowd of almost 8,000 pleased officers greatly. Expense of putting on the fair this year will approximate \$6,500, Secretary Roe says, and Tuesday night he was able to add up advance ticket sales, opening day receipts, concession money, county allotment and pari-mutuel fund to a total of almost \$4,500, leaving about \$2,000 to be financed by Wednesday and Thursday receipts.

President C. W. McClellan and Secretary Roe praise the fine spirit of cooperation shown by superintendents, stockholders, exhibitors and everybody else who helped and is helping with the fair. Difficult conditions were met and overcome only with the cooperation of everybody, these officers say. They wish particularly to thank Ord business men for their financial contributions and help in advertising the fair.

Carl Clements Dead. Ord relatives received a telegram late yesterday stating that Carl Clements passed away at his home near Paonia, Colo., no other information being given. Carl was a son of the late Mrs. Eva Clements of Ord and is a nephew of Judge E. P. Clements and Mrs. H. D. Leggett.

—Mr. and Mrs. Tom Winder arrived in Ord Sunday from Chicago to visit Mr. Winder's parents, Mr. and Mrs. O. C. Winder. Monday morning they left for Idaho where they will visit Mr. Winder's sister for a week, after which they will return to Ord for the duration of the three weeks' vacation. Mr. Winder is employed in Chicago by the American Telephone and Telegraph Company and has charge of seventy teletype installations.

Fighting It Out On Nebraska's Fastest Half-Mile Track

Lloyd Axtell, in Vic Felt's fast Hisso Special, Bill Morris driving the speedy Messer Special owned by C. E. Johnson of Lincoln, Tex West of Dallas, Tex., in his Riley, and Clyde Gilbert of Brighton, Colo., as they jockeyed for position in the first race on yesterday's program. Axtell won the five-mile race in 4 minutes 39.36 seconds, later capturing the fifth race and the 11-mile Nebraska Sweepstakes to bring his money winnings for the first two days upto almost \$600. Twenty-one cars are competing in the Ord auto races that end today.

Crow Dynamiting As WPA Project

Plans are being made by the local WPA office and the county farm bureau to conduct a campaign for the extermination of crows which infest Valley county each winter by dynamiting roosts, a plan which has been very effective in other states.

In order to complete the plan it is necessary to secure the consent of farmers on whose land the roosts are located. In order that definite plans may be drawn it is requested by the cooperating agencies that farmers on whose land crows have established roosts, stop at the county agent's office and talk over the plan, and if willing sign an agreement giving their consent to the destruction of crows at these roosts.

After five years as pastor at Midvale Rev. Wantz has been transferred to the United Brethren church at Marquette. He has been conspicuously successful in his Midvale pastorate and numbers among his friends many people in Ord and North Loup as well as in his own community.

A cartoonist before he became a preacher, Rev. Wantz is an accomplished chalk talk artist and has appeared in programs in almost every community in Valley county. His departure is greatly regretted.

The program Friday evening included congregational singing, a trio selection by the Koelling children, a solo by Reuben Cook and talks by Rev. Nichols and Orin Kellison. A country style supper then was served in the church basement.

Sunday evening Rev. Wantz preached his final sermon to a large audience at Midvale church and this week is moving to Marquette to take over his new pastorate.

Entertain Race Drivers. Racing drivers and owners were guests of the Ord Rotary club Monday evening at dinner, the group including Bill Morris, Red Campbell, C. E. Bert Hardenbrook Expects Decision Today On No. Loup

Project to Go Before Allotment Board At Once; Dope Favors Some Kind of Approval.

From Bert M. Hardenbrook, president of the North Loup power and irrigation district, who has been in Washington for the past two weeks, came a telegram Tuesday stating that the project goes before the WPA allotment board at its first meeting, "probably Wednesday or Thursday." A final decision either approving or rejecting the project will come out of this meeting. Since no further word was received from Hardenbrook yesterday it is thought here that the allotment board meeting is being held today.

PWA officials apparently have approved feasibility of the project and principal item of discussion for the past few days has been whether there is enough relief labor in this area to complete the project within a year.

Scaling Cost Down. While the district's amended application asks for a loan and grant totaling \$2,116,000, it was stated at Washington Monday that "no more projects would be approved for over 2 million and that efforts were being made to scale cost of the North Loup down to bring it within this figure."

So many contradictory reports have come from WPA and PWA officials in the past few days that it has been difficult to learn the exact status of North and Middle Loup projects; however, Mr. Hardenbrook regards the North Loup as being fairly sure of approval in some form.

Concede Project Worthy. To be acceptable projects must show a per man-year cost of \$850 or less. In other words, the cost of materials and all other expense on a project must be not greater than \$850 for each year's labor furnished for a man.

Man-year cost on the North Loup is \$900 or slightly more, President Bert M. Hardenbrook announced at Washington shortly after the new ruling was made public. Efforts will be made, however, to amend the North Loup's application to get man-year costs below the stipulated figure.

Should the allotment board reject this project Mr. and Mrs. Hardenbrook will leave for Ord at once but if it is approved they will stay there several days and Mr. Hardenbrook will do everything possible to expedite starting of construction work.

Women's Training Meeting. The first leaders' training meeting for women's extension clubs will be held at Ord, on Wednesday, September 25, at 10 a. m., according to an announcement from the county agent's office. Each club is requested to send their project leaders and the club president to this first meeting. The place of meeting has not been definitely decided but leaders should report at the county agent's office on the meeting day.

## My Own Column

By H. D. Leggett

Dear Quiz:

I generally put off writing this story until as late in the week as I think I can, and get it published. I know Eugene likes to have it come about Thursday morning and it will be there a little ahead of time this week. It is generally a couple of days late. The reason for the rush this week is that we are going to take a trip up to Duluth and up the North Shore as far as Grand Marais. It is about 225 miles up there. It is 100 miles from our cottage to Duluth. We will be gone a couple of days and hope to have a story about our trip for next week.

The L. T. Hallaway family from Harlan, Iowa, wrote us that they would be with us some time last Saturday afternoon and that we should have fish for supper that day. Now at that time fish were not doing so well as they do now, so the Missus and I got up early Saturday morning and went to the upper lake to be sure to have the fish on hand. It meant getting up at 4 a. m. have breakfast at 4:30 and be on the way at 5 just as it begins to get light. It took us 20 minutes to make the run up there and we were fishing at 5:20. The Hallaways arrived at 6:30, found us gone, assumed that we had gone fishing, as our car was in the garage and our boat was gone. They looked around, found some ham in the ice box, some eggs on the cupboard shelf and got themselves some breakfast. We saw the smoke from the chimney after the morning fog lifted and suspected that they had jumped the gun on us and came home the middle of the forenoon. Yes, we had a nice fish dinner for them instead of supper.

The Judge Clements family went home last week, completely disgusted with the weather here and the day they left it cleared up and turned warm and we have been having as nice fall weather as one could wish ever since. We had had wether nearly all the time before that for three weeks. We have had two or three light frosts here and the woods are beginning to color up beautifully. Before we get away I expect the foliage will be all red and yellow and gold and we would surely hate to miss seeing it. Only those who have been here or who have been raised in a hard timber country can imagine the beauty of the fall foliage and I think the coloring in this north Minnesota country is richer because of the iron deposits in the soil here.

Sunday we had one of the most enjoyable picnics we ever had up here. We took our sandwiches and coffee and other good things to eat and drove south all east around Mission lake, finally getting to Big Bass lake and there we spread our dinner on a blue grass plot in the timber near the lake, later picking up funny shaped and colored stones on the lake shore where the water had receded in recent years.

I wish those Quiz readers who like to fish, could have been with us this afternoon and I guess there would have been quite a crowd on the lake and perhaps not fish enough to go around, because I suspect most of you like to fish. We went down our own lake after dinner to what we call the Keown Bar. The natives call it the Big Bar. We call it the Keown bar because John Keown first showed it to us. We went after bluegills and we surely got them. I never saw them bite faster and while we didn't want or get the limit allowed by the law, it would have been easy to do so. Mr. Hallaway wanted to ship a box of fish home to Harlan, Iowa this evening and we needed about 10 pounds of fish to go with the fish he already had. It took about 18 of the bluegills we got to finish his box and we had thirty left which we gave to Mrs. Ray Luther who wanted bluegills for supper. And that reminds me to say that bluegills are the best fish in the lake, bar none. Some prefer walleyes; some like bass best; one man told me he would rather have pickerel and crappies are the highest priced fish on the market, but the little bluegill is the best and we can always get a mess any time the law will permit us to fish for them. They bit so fast this afternoon that we had to almost bait our hooks down in the boat out of sight to keep from getting our fingers bitten. Mrs. Hallaway bated a long shank hook and said she believed she could

catch a fish by holding it down in the water without having a line on it and screamed when she almost lost a finger in the experiment. Well, I will try to give you a story next week about our trip up the North Shore and through the Superior National Forest.

## Something DIFFERENT

The kangaroo courts attracted big crowds to Ord, and a good time seemed to be had by all. Participants did what they could to give the crowd a show and everyone seemed to enjoy it, with the possible exception of a gentleman or two who were bothered with a little too much dignity to care for taking part in such a spectacle. A good many people commented that Tom Springer made an excellent judge, and he surely looked the part with lanky gray hair stringing down over his head, and spectacles astride the lower half of his nose. He even spoke with a suitable twang and drawl.

I hear there is good reason for the hit Mr. Springer made. Someone told me that Mrs. Springer told them that Mr. Springer for several years enjoyed travelling with a road show, and that he dearly treasured the trunk full of wigs and what-nots left from these excursions.

One fellow had a lot of fun being the kangaroo court victim. He pretended he couldn't talk English and had John Perliniski interpret for him, but the said victim laughed before the jokes were interpreted, so I figured out that he did understand the proceedings. After giving several fictitious names, the very-obviously-a-farmer declared he was a potato salesman. When Judge Springer asked what firm he travelled for, the man answered Sears & Roebuck.

After some thought, the court sentenced this man to sell potatoes from the First National Bank corner Saturday afternoon (last Saturday). Then the old fellow said he didn't have any potatoes in town now, was waiting for a carload. The Judge, somewhat stumped, finally announced that potatoes would be provided for this test of salesmanship.

I believe more school girls are working this year than ever before, probably because drouth and dust and floods have hit our farmers so unmercifully the past few years that many formerly well-to-do farmers are having to get places for their daughters to work out for board and room.

I have had lots of applications, and still know of several mothers looking for places for their girls. Lots of boys are also working out, and doing a good job of it, too. Yes, boys are lots of help. They can wax, scrub, polish, shovel snow, keep the furnace tended, do dishes. Once in a while one is a good cook, too. What more would you want?

One Ord lady informed me several years ago she would never dream of keeping a school girl, stating positively that it was impossible for a girl to do enough work before and after school to pay for her board and room, and if I didn't believe it to take a paper and pencil and figure the cost of board, of room, and then compare with the amount of work it would be possible to hire done for the same sum.

This valley is about worn out waiting for irrigation.

We have all considered it, worried and hoped, many of us prayed for such help. Again and again it has seemed within reach. But a bunch of big-time politicians have to sit around and swap contracts while our envoy's cool their heels for miles of red tape to unwind, and thousands of various oaks to be put on our worthless project. Quite a disgusting mess of swapping bargains, and it has gone on "way too long."

I am glad to contemplate the return of smooth faces for men in Ord, aren't you? Now that we all know they can raise them, they should be satisfied. I thought Jerry Petka looked unique. Swede Carlson looked as though his face was garlanded with festoons of whiskers. Mr. McQuillan looked like General Burnside himself, or would have in another week or two. Ellsworth Ball bemoaned the fact that his whiskers were gray while his hair is dark and said, "I s'pose now a lot of folks are saying 'I always knew the old fool was older than he claimed to be!'" Which remark gave me quite a kick.

The most popular hairy effect was a mustache. All male Ordites who previously did not have one promptly grew one to crawl into the safety zone for Whisker Club members. A. S. Koupal raised a broad one. Keith Lewis trifled with the idea, letting his spread across his face like a Chinese in the movies. Several fellows in Ord had trouble shaving around theirs, or so they said, declaring the razor slipped upon a few more hairs each time. This was Clyde Baker's excuse at Kangaroo court the other evening.

Hans Anderson and Kent Ferris grew little black reference tabs on their chins. The Quiz editor grew the same, in a larger effect. I will be glad to see them disappear, though a few of them proved becoming and I expect a few of these booster mustaches to linger among us.

-Irma.

## CARE OF COUNTY BOARD

By George Gowen

Random Glimpses of Pop Corn Days. My daughter was telling about the Ord boosters. "Oh, they had a band and some tap dancers, and a couple of clowns, and a lot of men around with whiskers trying to boss."

In the tug of war, on the second day, the betting odds shifted suddenly to Arnold Brodthauer's team when it was discovered Gus Vodehal was pulling there. He was equal to any two of the others according to the consensus of opinion. And his side won too.

The float from Fish Creek, representing the Supreme Court acting on the Corn-Hog program, had ten chief justices in the place of nine. Glen Johnson and Hugh Clement went up in the aeroplane with the understanding the pilot give them the works. He performed every stunt he knew.

The songs given by the Ord Glee club were very fine and much appreciated. A little more cooperation like that between the towns in place of Ord calling North Loup hicks and North Loup calling Ord bullies surely would be better. The skit from Mira Valley was fine too, but it would take the whole paper to mention everything.

The speaker for the old age pension plan probably attracted as much interest as anyone, and a large crowd gathered to hear him. One person trekked all the way from Ord to hear it. And then the speaker did not show up. A couple ladies from Scotia attempted to substitute but no one ten feet distant could hear them. The man in North Loup who was running the proposition would not even appear on the platform or introduce the speakers. As a result I had to do it and I won the reputation of being one of their henchmen and of favoring the plan.

In the Baby Parade, I was not only surprised but pleased also at seeing "Dody" Williams on her tricycle, with a boy doll named Dick, and the placard on her back reading, "The Roving Reporter." And when the folks pointed her out to me I didn't know what to say. What would you say? I concluded, if I had been the judge she should have the sweepstakes. She did win first in her division.

The horse pulling contest was not held this year. Dozens of people asked me about it and were disappointed. It left the forenoons with nothing to amuse the crowd. A water fight was billed, but no one could be found who would fight. They didn't care for the cold bath. Outside the floats, the horse pulling contest was the biggest attraction.

In arranging the evening programs, the first night most of the promised numbers failed to appear. Just goes to show a double program should be arranged when they do it for nothing. The absolute irresponsibility of parents for their children on the streets was amusing. The little tots ran free. It was even more interesting to watch this coming generation playing in the gravel at the edge of the pavement. Filling their pop corn sacks with the gravel and dumping it out again. No cars buzzing around to snuff their souls out. Pop Corn Days have always been gala days for my children. That is one day they run on their own hook.

When I was a kid, I had to have money to ride on the Merry-go-round and to take in the many attractions arrayed about. My first love affair, long before my teens, was riding with a flaxen haired lady love on the Merry-go-round. I remember yet how proudly I presented the two tickets, and how swiftly my fifty cent allotment slipped away. I remember asking Dad for another dime. "Just one more ride," I pleaded. "But it only takes a nickel," he said. And I remember seeing him in the

crowd smiling as I whirled around thrilled beyond speech. And I remember too the head ache I had that night from the swing and how I vomited pop corn and peanuts and mother sat up with me a while. But it was worth it and more too. My kids, this year, agreed if I took them a ride on the aeroplane, they would not spend any more. And they didn't.

## THE COOK'S COL-YUM, YUM!

Chocolate cakes seem to be all-time favorites. I believe men like them especially. As they stay moist better than most white cakes, the housewife has an added reason to make them. Country cooks often prefer them, I think, because so many good recipes for chocolate and fudge cakes use sour cream, which white cakes as a rule do not.

Boston Fudge Cake. Beat together two cups brown sugar, one cup butter, two ounces of melted chocolate, two eggs, one-

half cup sour milk, one-half cup water, two and one-half cups flour or two and one-fourth cups cake flour, one teaspoon soda. When smooth and light pour into a greased pan and bake. Mrs. George Satterfield. Sour Cream Devil's Food Cake. Beat one cup sour cream with two cups sugar and two eggs. Put one teaspoon soda and one scant teaspoon baking powder into two cups cake flour. Add two large tablespoons of cocoa, stirring first into one cup hot water. Chopped nuts are good in this too. The batter will seem thin but the cake is very good.

Mrs. George Satterfield. Cream Puffs. Boil together one cup water, one-half cup butter, while boiling add one cup of flour, and stir until smooth, let the mixture cool. Then add three eggs one at a time, stir until smooth after each addition. Drop on a pan and bake twenty-five minutes. When cold cut open puffs and fill with ice cream or any kind of fruit or custard or whipped cream.

Mrs. H. Walkmeyer. Honey Fruit Cumblets. Beat one cup honey with one-fourth cup shortening, and three eggs. Sift together two cups flour, two teaspoons baking powder, a pinch of salt, one-half teaspoon of cinnamon, one-half teaspoon cloves, one-half teaspoon ginger, one-fourth teaspoon nutmeg. Mix with first mixture and add one cup of dates and raisins and one-half cup of nuts, all three having been chopped. Bake in a moderate oven in a large shallow pan. When cool frost and cut in squares or serve with whipped cream. Mrs. H. Walkmeyer.

Celebrates 5th Birthday. Duane Sowl entertained twenty of his small friends at a party Friday honoring his fifth birthday. The children went to the park to play, after which they were served a luncheon.

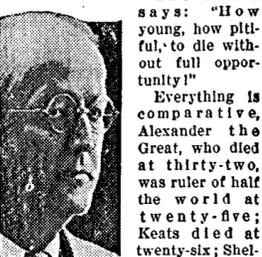

DR. RICH says: It is surprising how long one will continue to suffer with rectal trouble. In my mail the other day were three letters from people who are coming to me for their cure. They have planned to do this for several years, always waiting for a perfectly favorable time. To do that is usually disappointing. The best time is now. Save time, money and suffering. ## THIS WEEK

Huey Long Is Dead Power in Personality A Ship of Horror Bathub Danger Huey Long is dead at forty-two years of age.

The world says: "How young, how pitiful, to die without full opportunity!" Everything is comparative, Alexander the Great, who died at thirty-two, was ruler of half the world at twenty-five; Keats died at twenty-six; Shelley at thirty.

Today, men do not develop as rapidly as in old days, when Napoleon thought of suicide because he had done nothing at an age that found Alexander ruler of the world.

The death of Huey Long, regretted throughout a nation that loathes cowardly assassination, is important not alone because of Senator Long's powerful personality, but also because of its possible effect on the national election of 1936.

Senator Long is gone; his power ceases, as though he had never lived. Others will pick up the reins of power, in New Orleans and Louisiana; another will take his place in the senate. Efforts, futile, will be made to find "another Huey Long."

There is nothing left but the memory of a powerful man, again emphasizing Goethe's definition of "personality," "as the highest good fortune of earth's children." France discourages crime, and really discourages it. The dreaded prison ship, La Martiniere, is on her way to the criminal colony in French Guiana with 773 convicts locked in eight strong iron cages in the hold, with iron bars, cement floors, wooden benches, hammocks, and overhead a cross-cross of pipes that would fill the cages with deadly live steam if mutiny broke out.

No parole board sits in French Guiana. Each man ordered to the ship receives a new suit of clothes, a blanket, an extra pair of wooden shoes. That, with perhaps a few books and packages of chocolate from relatives, constitutes his wealth as, wrists chained, the convicts march, single file, up the gangplank, between rows of bayonets.

They go to prison, to stay in prison. It is a hard system, but being murdered on the American plan is also a hard system.

Within a few days two women, one past sixty, the other seventy years old, have been found dead in their bathtubs, apparently drowned. The slippery surface of a porcelain tub is dangerous for older persons. They should observe the greatest care; a slip, the head striking the edge of the tub, can easily cause unconsciousness, followed by drowning.

Rubber factories should make and extensively advertise rubber mats for the bottom of bathtubs, with a suction arrangement to prevent slipping. While the League of Nations talks peace and arbitration Mussolini recalls his consuls from various places in Ethiopia, reminding you of the clergyman who had a call to a large city. His little daughter said, "Papa is in his library, praying for light, and mamma is upstairs packing."

Mr. Max Baer, of the Jewish race, will fight on September 24 Mr. Joe Louis, of the African negro race, and already \$300,000 worth of tickets have been sold. The price for a good seat is \$25.

Mr. Baer, who gave a pitiful exhibition, not long ago, when he permitted his "heavyweight championship of the world" to wriggle off of the hook, now promises to "chase that boy (Joe Louis) out of the ring in two rounds." Publicly Mr. Joe Louis gives an imitation of "Br'er Rabbit," and says little.

Maneuvers demonstrating French war power, as it stands today, convince European experts that France possesses "the strongest military machine in the world." She possesses, also, men willing to fight, as shown at Verdun and elsewhere.

The government, floating five hundred million dollars more of interest-bearing notes, rejoices because they are snapped up "in a day." Of course they are "snapped up" under prevailing conditions. Men with money are as glad to hide it away in government notes and bonds as men in a cyclone country are glad, temporarily, to hide away in cyclone cellars.

## When You And I Were Young Maggie

20 Years Ago This Week. Herbert L. Cushing and Miss Annie Laurie Watson were united in marriage by Rev. Arthur Tipton, only witnesses being Olive Fuson and Emil Chotena. Mr. Cushing was acting county superintendent during the illness of Mr. Staven and his bride was teaching in Dist. 44.

Crawford Mortensen and his fiancée, Miss Carol White, drove to Omaha to hear one of Billy Sunlay's sermons. From there they returned to Ord and Miss White then went to Lander, Wyo., to join her mother.

After nine years as manager of the Hord elevator in Ord John Reed was moving to California. Miss Pauline Mayo gave a reading of "Pollyanna" at the Methodist church and it was greatly applauded. Catherine Chamberlain was elected president and Janie Hager secretary of the newly-reorganized Laurel club, which was beginning study meetings.

25 Years Ago This Week. The independent telephone company sold its team and bought a motorcycle to use in shooting trouble. Ross Murdoch and Fred Pratt were the drivers. Joe Pecenka caught a 9-pound catfish which he had quite a time landing.

Four Mormon missionaries were in town preaching their gospel and selling tracts. Owing to his heavy labors running the peanut roaster at Bill Timm's during the summer months Jay Lambertson was taking a vacation.

Warren Draper purchased the R. E. Johnson restaurant and took charge at once. Frank Golka purchased the Drobny place occupied by Doc Thompson, consideration being \$50 per acre. Mr. Golka was so pleased he said he wouldn't take a thousand dollars for his bargain.

Welcome to the Valley County FAIR

We hope our customers have all been attending the fair this week and have been enjoying the programs. This week and every week, our market is the best and cheapest place in the Loup Valley region to buy meats. We invite your patronage.

Pecenka & Perlinski MEAT MARKET

BACK FORTY

The Valley County fair has attracted some fine exhibits of live-stock, and among the exhibitors are a number of outside breeders who are helping to make our fair a success.

Of those from afar, perhaps the most outstanding is William Williams and Sons from Clark with their string of Aberdeen Angus cattle. This herd of doddies won \$220 in premium money for their owners at the Nebraska state fair earlier in the month. The amount won represented the sum of 9 first prizes, 12 seconds, 8 thirds and 3 fourths. The Williams herd has also been shown at four county fairs this season.

A fine group of Guernseys is being displayed by Raymond Walter of Riverdale. He has shown and won against some heavy competition at three county fairs this summer. Mr. Walter is an old showman, having exhibited in Montana, Wyoming and Idaho as well as in this state. He is a great booster for the cows that give the golden yellow milk.

Some excellent Poland China hogs have been brought to the fair by A. B. Ash of Broken Bow. His porkers won prizes at several

county fairs. At Ord they will meet stiff competition from the purebred Poland China herd of Carl Wolf.

W. F. Eglehoff of North Loup has the Duroc Jersey hog show all to himself. And his pigs are the broad, stretchy kind that could stand competition.

Dave Guggenmos of Burwell has a nice exhibit of Hampshire hogs, but they will find it hard to win over the Hamps brought in by Clare Clement.

There is also a Hampshire breed of sheep, shown by Joe Marks. These representatives of the golden hoof are the lowset, blocky kind so much in demand by pack-ers.

Two groups of Spotted Poland Chinas belonging to Harold Gar-nick of Elyria and Harold Schudel of North Loup bring on competi-tion between two young future farmers.

Harold is also exhibiting three purebred Ayrshire cows, his nu-cleus for a fine herd of rugged dairy cattle.

Harry Bresley always brings such an outstanding drove of Per-cheron stallions, mares, colts and geldings that they seem to scare away all competition. They are superior representatives of Amer-ica's leading draft horse breed, and would go a long way in any-body's horse show.

Clare Clement's Hereford cattle and W. O. Zangger's Polled Here-fords will show side by side as they have for many years. These two herds are known from coast to coast, and have done much to-ward putting Ord on the map. There are no better Herefords.

In general, the livestock exhibit at the Valley county fair may well be looked upon with pride, for it is larger, better balanced, and of higher quality than those seen by the writer at half a dozen fairs in neighboring counties.

**Methodist Church.**  
Next Sunday services:  
10 a. m. Sunday school. 11 a. m., morning worship. 8 p. m., evening worship. The pastor will speak both morning and evening.  
Our new year begins next Sunday. Having been returned to the Ord church for the fourth year, we start the work again under most favorable conditions. We were able to report the pastor's salary and all other local expenses paid in full. Also, that the church building had been repaired at a cost of \$500.  
We shall be glad to meet the congregation again next Sunday morning. Announcements will be made at that time, of mid-week activities and some other new plans for the coming year.  
Mearl C. Smith, Minister.

**Christian Church.**  
Mr. McCarthy wishes to thank everyone again for the many kind things sent and the thoughtful remembrances given during his sickness. Knowing how friends are doing and so willing to do makes the remainder of the ordeal much easier. The plan now is that as soon as Mr. McCarthy recovers from his severe cold he will have a major operation at the Ord hospital. It is hoped that this will clear up the trouble he has had for a number of years. This will necessitate his being out of the

pulpit for several more weeks. One of the things that will help him as much as anything will be for all to be out each Sunday and keep the work up to standard. Bible school at 10 a. m. All society work as usual.

**Presbyterian Church Notes.**

Aid meets Sept. 25, at the church.  
Prayer service Wednesday, 7:30 P. M.

**Christian Science Services.**  
"Matter" is the subject of the lesson-sermon in all Christian Science churches for Sunday, Sept. 22. The Golden Text is from Joel 2: 1: "Blow ye the trumpet in Zion, and sound an alarm in my holy mountain; let all the inhabitants of the land tremble; for the day of the Lord cometh, for it is nigh at hand."  
A passage from the Bible in the lesson-sermon is from Isaiah 44: 24-25: "Thus saith the Lord, thy redeemer, and he that formed thee from the womb, I am the Lord that maketh all things, that stretcheth forth the heavens alone; that spreadeth abroad the earth by myself."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "In proportion as the belief disappears that life and intelligence are in or of matter, the immortal facts of being are seen, and their only idea or intelligence is in God. Spirit is reached only through the understanding and demonstration of eternal Life and Truth and Love." (page 278).

## North Loup News

Miss Carmen Weber spent the week end with Mr. and Mrs. Ernest Horner at Cotesfield.  
Mr. and Mrs. Geo. Cox of Council Bluffs and Mr. and Mrs. Harvey Hosbrook of Missouri Valley came last Tuesday to visit the Elmer, Roy, and Will Cox families.  
Mr. and Mrs. Hosbrook were also in Cotesfield to see Mrs. Velma Horner. These people returned to their homes Friday.  
Mr. and Mrs. Otto Bartz and Mrs. Elsie went to Ericson fishing Sunday.  
Mrs. Cain and Mrs. Butts of Burwell were in North Loup last Thursday to attend the Pop Corn Day's celebration.

Mrs. A. H. Babcock returned Friday from Kearney where she had been visiting her sister, Mrs. Gertrude Clark for a week.  
Russell Collins, small son of Mr. and Mrs. Art Collins has been suffering from infection in one of his ankles, but is some improved now.  
Ed Post suffered a severe injury while helping to take down some of the Pop Corn Day stands. He was taken at once to the Weekes hospital in Ord where he was operated on. Some improvement is shown but he is still in a serious condition.

Mr. and Mrs. Homer Sample, Jean and Mary Ann Bartz were called on Burwell Sunday where they called on Miss Thelma Bleach.  
Prof. D. Nelson Ingles of Milton, Wis., was in North Loup Wednesday on S. D. B. denominational business. A covered dish supper was held at the church Wednesday evening in his honor.  
Mr. and Mrs. Clifford Goodrich and Mr. and Mrs. Will Cox attended a mail carriers meeting in St. Paul Tuesday afternoon. They enjoyed a picnic supper together in the evening.

Dr. Weekes of Ord brought his mother to North Loup Sunday afternoon to call on Mr. and Mrs. Floyd Reddon.  
Mrs. Homer Larkin of Santa Ana, Calif., arrived in North Loup Friday from Hastings where she has been visiting relatives. She is visiting the McClellans in North Loup and expects to go on to Omaha Thursday to see her mother.

Mrs. Ethel Hamer has received word that her father, S. L. Clement underwent an operation in a hospital in Riverside, Calif., last Thursday. He was getting along quite well at the last report.  
The Pearl and Chas. Sayre's spent Saturday evening with the Art Collins family.

Mr. and Mrs. Clyde Barrett and Mr. and Mrs. Harry Jefferies were Sunday dinner guests of the Jim Sample's.

Mr. and Mrs. Wm. Worrell and Mrs. Clyde Barrett are visiting relatives at Toulon and Virginia, Ill., for two weeks.

Mrs. Myrtle Sayre, Mrs. Ethel Hamer and Winnie were in Ord Tuesday morning.  
Mr. and Mrs. R. O. Babcock, Mrs. Irma Keown, Richard Babcock and Louise Hamer expect to leave Thursday for Milton, Wis., where Richard and Louise will attend college. Orville Babcock will be in Milton over the week end enabling all the children to be together, as Ruby Babcock VanHorn lives there.

Mr. Elmer Franklin of Pipestone, Minn., has been visiting at the home of his sister, Mrs. Chas. White. He was an unexpected guest and had not seen his sister for twelve years. He left Tuesday morning.

Mr. and Mrs. C. W. Black and Mr. Black's niece, Mrs. Hamilton, of Bradford, Ill., came to North Loup for Pop Corn Days. Mrs. Black is a daughter of Mr. J. A. Barber.

J. A. Barber, Mr. and Mrs. C. W. Black and Mrs. Hamilton spent a few days visiting relatives at Craig, Colo., arriving back in North Loup Wednesday.

Mr. and Mrs. Clifford Collins were Sunday supper guests of Mr. and Mrs. Chas. Sayre.

The first P. T. A. meeting of the year was held Tuesday night. Most of the business was dispensed with and the evening was spent in community singing and games in an effort to make the new teachers feel at home, and to welcome again those who taught here last year.

The NoLo club met Tuesday afternoon with Mrs. Mezz Hill. Mrs. Mary R. Davis led the lesson on "Literature". Roll call was current events.

Because many of the members wanted to attend the fair at Ord on Wednesday, the regular meeting day, the fortnightly club met on Monday of this week at the home of Mya Barber. Roll call was a favorite canning recipe. Myrtle Sayre led the lesson, which was taken from the Reader's Digest. Opal Thorp, Gertrude Carter, Mary Tuelin, Winnie Bartz and Ruth Hudson also took part in the discussion. When Mrs. Barber served lunch she announced that each member would find hidden in her napkin a nursery rhyme which she would be required to sing to any tune she chose. This furnished a lot of fun. Three guests, Vesta Thorgate, Margaret Rood and Katherine Babcock were present. Club meets in two weeks with Winnie Bartz.

Mary Ann Bartz spent Sunday with the Homer Sample family.

## North Loup Is On Verge Of Approval, Says Hardenbrook

All PWA and WPA Requirements Met, Money Promised, Is Dist. President's Report.

That the North Loup project has met all PWA and WPA requirements and is on the verge of final approval is the cheerful news brought back from Washington Monday evening by the district president, Bert M. Hardenbrook, who spent the three previous weeks in the capitol city. He is not exactly sure when the approval will come but believes it will be immediately, possibly even before this reaches Quiz readers.

The Ord man reached Washington on Monday evening, Sept. 3, he tells the Quiz, and at once learned that the North Loup's application was at that time in the hands of the PWA engineering department and was being studied by Engineer Frainger.

**Docket Huge Affair.**  
Many amendments have been made to the application and it is quite a huge affair measuring from 12 to 18 inches in height of typewritten paper. On March 12, 1935, an amended application was filed which made provision for 30,000 acres of irrigation and one power plant known as the Sioux power plant, the board of directors guaranteeing to secure signed contracts from the farmers for 30,000 acres of irrigation, and the cities of Ord and Burwell guaranteeing to purchase \$75,000 per year of electricity, \$50,000 of which was to be purchased by Ord and \$25,000 by Burwell.

There has been much correspondence relative to our application during the past few weeks between the office of the Public Works department and members of Congress, Representative Coffey having taken from time to time quite an interest in this project. The trouble seems to have been that the PWA engineers at Washington, D. C., had not discovered and studied the amended application which was filed last spring.

**Project Satisfactory.**  
When Mr. Hardenbrook arrived in Washington, the amended application was studied by Engineers Brauard and Kolner passed upon the details September 5, being satisfied with the engineering details in the amended application. They recommended that it be amended so as to meet the requirements of the WPA (Hopkins' department). This was done, and it was then passed on to the finance department. About noon on September 6, the finance department approved the application upon the condition that the cities of Ord and Burwell would hold elections obligating themselves to purchase the electricity heretofore described.

This constituted a complete approval of the North Loup power and irrigation project in as far as the PWA was concerned.

**Grant of \$962,600.**  
The application as amended makes provision that the PWA will loan us upon our revenue bonds the sum of \$1,164,290, that the WPA will furnish us a grant of \$962,600, the total cost of the project being \$2,126,890. It will be observed that the Public Works department makes the loan and the Works Progress Administration gives us the grant which will not be repaid. The new application makes provision that work will be begun between now and December 15 and all contracts must be let by that time, and furnishes an estimated amount of funds for each month during the twelve months following.

During the twelve months' period, there will be 166 skilled laborers required. Some mistakes have been made in press reports coming out of Washington as to the status of our project as far as meeting the man-hour ratio. On the grant our man-hour ratio is \$600 and on the loan it is \$734, making a total of \$1,334. The Hopkins department requires that the man-hour ratio must be not to exceed \$50, so our project is \$50 under the requirements of the Works Progress Administration.

**Work for 2,000 Men.**  
The estimated total man-hours of labor is 1,866,000, and it is estimated that it will employ the first month 300 men; second month, 1,000 men; third month, 1,600 men; fourth month, 2,000 men; fifth month, 2,000 men; sixth month, 2,000 men; seventh month, 2,000 men; eighth month, 2,000 men; ninth month, 2,000 men; tenth month, 2,000 men; eleventh month, 1,200 men; twelfth month, 956 men. The estimates have been so changed that the work will all be done by hand and team labor, which would mean an estimate of about twelve cents per cubic yard for removing dry dirt with all other items in proportion. It was necessary to make that change in order to meet the requirements of furnishing labor which is required by the Works Progress Administration. Seventy-five per cent or thereabouts of our project will be labor, and about twenty-five per

Mary Ann Dlugosh, left, won second prize at the fair on the afternoon dress which she is wearing and Phyllis Ann Dodge was awarded first prize on the sports-housedress shown in the picture. Both girls are members of the Nifty Sewers club of Elyria, which is directed by Miss Clara Kusek.

## Balsora Church Holds Jubilee On 50th Anniversary

Baptist Church Near Arcadia Was Organized in 1885; 3-Day Celebration.

Arcadia—(Special)—The Balsora Baptist church south of this village held a three-day celebration beginning Friday and ending Sunday to commemorate the 50th anniversary of its founding. C. Haselblad, Carl V. Anderson, of Omaha, J. A. Carlson, of Oakland, H. N. Johnson, of Arthur, the Jones Bros, quartet of Hordville, and others assisted local members in the golden jubilee observance.

Balsora church was organized May 10, 1885 by Rev. Fogelstrom, of Kearney, only six members joining at that time. Later others joined until the church had a membership of 17. A sod church was erected in 1890 and this was replaced by a frame church in 1903, which was destroyed by a tornado the following year. Immediately rebuilding started and on Oct. 30, 1904 the present church was dedicated.

Early-day services were carried on by laymen, among them being J. A. Swanson, A. Malm, John Nordstrom and H. Sandh, the last named being ordained as a Danish Baptist minister at the Turtle Creek church near Ord. He served Balsora pastorate from 1900 to 1904 and was followed by Olaf Jafin, now of Winger, Minn. John A. Roos, deceased H. N. Johnson, of Arthur, and others.

Only surviving charter member of this church is Mrs. Cecilia Malm who is over 90 years old.

## Lloyd Axel Biggest Winner at Races

Winning a total of \$815 in the three days, Lloyd Axel, of Denver, dominated the auto race meet at the fair last week. Axel piloted a car owned by Vic Felt and won the feature races all three days. Next biggest winner was Bill Morris of Lincoln, driving C. E. Johnson's car, his total being \$430. Other winners included Fred Moebis, Detroit, \$155; Red Campbell, Indianapolis, \$150; Bert Fickel, Sioux City, \$110; Lloyd Fisher, Denver, \$110; Tex West, Dallas, \$120; George Chitwood, St. Joseph, \$100; L. Brown, Minneapolis, \$75; Leo Krasek, Chicago, \$65; R. Lake, Dallas, \$50; Carl Meyers, Doniphan, \$55; James Trainor, Minneapolis, \$30; J. O. Vartlek, Lake Andes, S. D., \$20; Howard Cox, St. Joseph, \$35; Frank Sands, Minneapolis, \$35; Faye Gardner, Rock Island, Ill., \$15; Pat Cunningham, Otis, Kas., \$35; Floyd Larson, Kansas City, \$10; and Claude Phillips, Sioux City, \$10.

## Odd Fellow Hall Will Be Rebuilt At Cost of \$3,500

Modern Brick Front, Stucco On Rest of Building, Is Plan; Work Started Monday.

Remodeling operations to cost approximately \$3,500 started Monday at the I. O. O. F. hall on the east side of the square in Ord and work will be pushed to completion before cold weather, announce the trustees, Anthony Thill, C. F. O. Schmidt and A. S. Purcell. A. Bartunek, financial secretary, is supervising the work.

A modern brick and plate glass front will be installed and the rest of the building will be stuccoed, trustees say. Interior of the building will be painted and repaired. A. S. Purcell will be in charge of carpentry work and Mark Guggenmos will superintend the masonry. Only I. O. O. F. members will be given employment. At present eight men are working.

**Hall 55 Years Old.**  
The Odd Fellow hall was built 55 years ago and this is the first time extensive remodeling has been done. Although a few of the joints are beginning to rot away the building is in a remarkably fine state of preservation. When remodeling is completed it will be the finest I. O. O. F. hall in the Loup valley region and will be a real credit to Ord and to the Ord lodge.

Officers of the local lodge are Anthony Thill, noble grand, C. F. O. Schmidt, vice grand, A. Bartunek, financial secretary and John Lewis treasurer.

**Whisker Club Ends Successful Month of Advertising Fair With Blow-Out Friday.**

The Ord Whisker club, that fair-boasting organization that put foliage upon the faces of 200 Valley county men for a period of six weeks, went out of existence officially Friday evening with a meeting at the city hall, followed by a program and refreshments at John's Town Tavern. About 70 attended the final meeting and cast ballots to decide who had the longest and best beards.

Adjudged to have the most luxuriant whiskers was Joe Rohla, who was awarded a prize of \$5.00. Second prize of \$2.50 went to Edgar Roe and third to Johnnie Lewis, whose moustache and flowing sideburns attracted many votes. Given a fourth prize were Jocular Whisker club members voted him "the homeliest man in Valley county" was Louie Fuss.

On the program that followed this business session was the little Polish band that added so greatly to the success of the club's booster trip, also solos, quartets, tap dancing and other entertainment features.

F. E. McQuillen, president; Dr. Lee Nay, secretary, and other officials of the Whisker club wish to thank every one of the over 1,000 members for their loyal support, for purchasing booster ribbons and for assistance in advertising the fair.

## Funeral Services For Laurine Lukesh

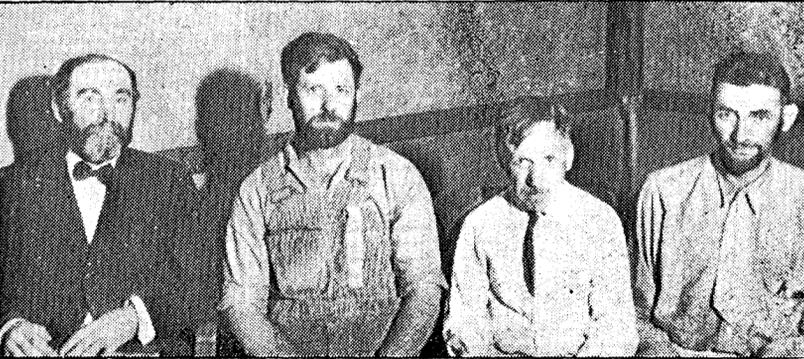

Laurine, daughter of Albert and Eleanor Lukesh, was born in Proletiv, Iowa, April 21, 1907, and died at the Ord Hospital Wednesday afternoon, September 18, 1935, aged 28 years, 4 months, and 28 days. Funeral services were held Friday and interment was in Ord cemetery.

When a small child Laurine came with her parents to Valley county and lived on a farm near Ord. Later they moved to the town of Ord, where she grew up and received her schooling.

Gifted in music, she took extensive training in piano and for a number of years had a class of private pupils.

She leaves her mother and father, one brother, Eugene, and two sisters, Florence and Olga, all of Ord, besides numerous other relatives and friends.

## Had Most Luxuriant Whiskers, Given Prizes

For growing the most luxuriant crop of whiskers between time the Ord Whisker club was organized and closing day of the Valley county fair, Joe Rohla was awarded a prize of \$5.00 Friday night. Second prize went to Edgar Roe, third to Johnnie Lewis and fourth to Louie Fuss. Here they are, left to right, in this picture taken by H. E. Jones.

## McMindes Continues Resettlement Chief

Work of the new Resettlement Administration in the handling of rehabilitation and resettlement problems in Valley county will be cared for under the direction of Lores McMIndes working in close co-operation with County Agent C. C. Dale. It was announced Thursday by Cal A. Ward, regional director of Rural Resettlement for the states of North and South Dakota, Nebraska and Kansas.

Walter M. Pike was named district supervisor for 11 counties in the 5th district, with headquarters at Kearney. With this announcement the procedure for applying for benefits under the Resettlement Administration were outlined by Mr. Ward as follows: First, the applicant for a properly secured loan must be deserving and have the desire, character and ability to repay such loan under a period of from two to five years. Second, the applicant will call on the local representative named above, will present his problems and the local representative will assist him in mapping out a farm budget plan looking to the re-establishment of the applicant on a self-sustaining basis. Third, the plan will be passed upon by the County Advisory Committee and, if approved, will then be submitted to the regional office for final action. In each case the needs of the individual applicant are of first consideration and the budgeted farm management plan will be based on the individual case.

## Henry Simpson, 46, Shoots Daughter, Then Kills Self

Believe Burwell FERA Worker Temporarily Insane When Act Occurred Saturday.

Because his attractive 21-year-old daughter, Naomi, stayed out later than he believed she should Saturday night, Henry Simpson, 46, FERA worker at Burwell, shot her with a shotgun, then blew his own brains out. Simpson died instantly but his daughter is now recovering in Dr. Roy S. Cram's hospital at Burwell.

The attempted murder and suicide occurred about 1:00 Sunday morning. Naomi had a date that evening with a young man her father did not approve of and he had warned her to be in early. When she stepped into the door she found her father waiting for her, shotgun in hand. He pointed the gun at her and shot, the charge striking her right arm and her left hand. Apparently grief-stricken at what he had done, Simpson then shot himself.

Dr. Cram said yesterday that Miss Simpson would recover and that he had hope of saving her right arm. The forearm was terribly mangled and at first it was thought the arm would have to be amputated.

Simpson is survived by his wife and twelve children, of whom eight live at home. The youngest is about 3 years old.

Relatives said Tuesday that the man was temporarily insane when he performed this act. He had not been drinking, they claim.

## Fair Outstanding Financial Success, Reveals S. W. Roe

Receipts Will Exceed \$6,500, Will Be Money Left After All Bills Are Paid.

The Valley county fair held last week was an outstanding financial success, reveals the secretary, Sam W. Roe, and not only will all bills be paid promptly in cash but the fair association expects to have a nice sum of money left to help out on next year's show.

Receipts from tickets and concessions approximate \$5,900, to which will be added donations of about \$1,100 from Ord business men, county allotment, Valley county's pari-mutuel share and about \$150 from the schools.

The last day's crowd was considerably larger than on either of the first two days and early Thursday afternoon fair officials found it possible to announce that premiums would be paid in full. A clause in the premium list had reserved the right to pro-rate premium money if receipts were not sufficient to pay them in full. Most of the bills have already been paid, Roe says, but a few have not yet been presented. The secretary hopes to have drawn up a complete financial statement for directors at their meeting next week.

**Error in Food Center Ad.**  
In the Food Center grocery ad on page 3 this week an error was made when Red Rose oleo was listed at 3 lbs. for 29c. This should have read 2 lbs. for 29c.

## '1st Commandment' Will Be Presented In Ord Auditorium

Business, Professional Women Sponsor Drama to Raise Funds For Library.

The Biblical drama, "The First Commandment," which is being presented at the Ord high school auditorium next Monday and Tuesday evening promises to be an entertainment of unusual merit. The elaborate costuming and the beautiful lighting effects are outstanding. Under the skillful direction of Miss Peggy Cox the business men and women are showing a dramatic ability which they have too modestly concealed in the past.

The Ord Business and Professional Women's club, which is sponsoring the production of "The First Commandment," plan to set aside the net proceeds to be known as the Ord Library Building fund.

**Spectacular Costumes.**  
The play is the dramatization of outstanding passages of the Bible. The elaborate costumes, beautiful music, spectacular lighting effects and brilliant character portrayal give to these familiar historic tales a dramatic appeal seldom seen off the professional stage.

The story begins with the seizure of Joseph, who is played by Elwin Auble, by his jealous brothers, ringleaders of whom are portrayed by John and Ralph Misko. The story continues with Joseph's sale into Egyptian slavery, bartering for which is portrayed by E. L. Vogelanz; Joseph's eventual rise to power in Egypt, his guidance of the Pharaoh's people through years of plenty and years of famine; his reunion with his family; the oppression of his descendants, their exodus from Egypt under Moses' and Aaron's leadership; the incident of the golden calf; the breaking of the Ten Commandments, and concluding with the beautiful scene of the Nativity and the arrival of the shepherds and kings at Bethlehem.

**Duncan Choral Leader.**  
A large chorus, ably conducted by Dean S. Duncan, maintains the spirit of the play and supports its continuity with sacred music appropriate to the progression of the scenes. The continuity of the play is carried by modern-day grandfathers, played by Arthur Capron, while he tells the story to his modern-day family.

High points of the story are the conference of the Pharaoh who had enslaved the Israelites with his wise men, when he refused to permit the departure of that people until the arrival of the news that his first born son was dead in the last and most terrible of plagues and the breaking of the tablets of stone by Moses when he grew angry at the faithlessness of his people during his absence on Mount Sinai, and the incident of the Golden Calf.

**Plays Part of Moses.**  
Clarence Davis will play the part of the famous character, Moses, the ancient deliverer, prophet and law-giver of Israel. The Egyptian Pharaoh of Joseph's time is portrayed by J. A. Kovanda, while the Pharaoh of Moses' time is played by Thomas Springer. Other leading roles are played by Rex Lewis, Alfred Weigelt, E. O. Carlson and E. C. Leggett.

Miss Peggy Cox, director of the production, who represents the American Educational Company, producers, announces that a parade of floats, led by the high school band, depicting various scenes from the production, will be held around the square on Saturday afternoon at 4:00 p. m. Miss Cox would like to announce, too, that there will be a special children's performance Sunday evening at the high school auditorium. The coming of the First Commandment is a community-wide event of educational, moral and artistic worth, and the business and professional women are to be commended on their excellent choice of such worth while entertainment, and the splendid cause for which it is being given.

## Gamble Store Holds Big Pre-Moving Sale

A spectacular pre-moving sale in which everything in the store is offered at special prices is being held this week by the Gamble Store in Ord, which will move soon into the Mortensen building on the west side of the square. The sale starts today, ends Saturday night.

**Rev. J. G. Shick Dies.**  
Rev. John Grant Shick passed away Wednesday, September 18, at the Methodist hospital in Omaha. For several years pastor of the Methodist church in Ord, Rev. Shick has countless Ord friends. Funeral services were held Friday at Blair.

—An 8 1/2 pound son was born Sunday to Mr. and Mrs. Lyle Hunter. He has been named Lyle Eugene. Dr. J. G. Kruml was in attendance. Mrs. Hunter's mother, Mrs. Arthur Smith is caring for her at present.

## CARE OF COUNTY BOARD

By George Gowen  
Random Thoughts At The County Fair.

The last day was the only one honored by my presence. Or was it dishonored? Before leaving North Loup I asked Nostle Jones if those racers really went very fast. "Naw," he answered. "I could take the old truck and outrun any of them. They just creep along." Anyway we spent quite a few minutes in the chicken department. Long have I been a chicken fancier and think I have some of the best White Leghorns in the state. I found the judge differed and gave Mrs. Louie Fuss a few ribbons. I could have delightfully spent the day there but the wife pulled my coat tail and said come. So into the women's department we tramped, there to find Wm. Heckler and a lot of other men. Finally I had to pull the wife's sleeve and say to her "come, come."

Into the horse barn where I joshed with Harry Bresley and asked him if his horses were gentle, and if he drove a tractor. Then seeing Will Fuss and asking him if his mare was broke to ride, and then asking Everett Boettger why he didn't feed once in a while those tiny Belgian colts he had there.

I passed up the hog barn for I concluded the government has taken charge of that. Then back to the races, but finding so many friends along the pike that we were late. A little visit with them all was indispensable.

Rushing to Ed Kokes I said, "How much for a good seat?" Sadly he gazed at the board and shook his head. Then confidentially he whispered to me, "I have a couple tickets in my pocket. I have saved for my special friends. You can have them if you wish."

Now Ed and I have long been boon pals. We attended the good old Uni together in the good old long ago. We were partners of the tide, that is of the exams. We had a cooperative spirit and no favor was ever asked of one another that was not granted. Neither of us ever flunked as I remember. Then there was Ross Brown, who took delight in defaming North Loup, and Louis Bailey and a McMindes kid. What ever happened to them? But I try not to mention my attendance to the Uni very often. That is one experience in my life that failed to click.

And when I was ushered to my seat, on the toes of some kind ladies, I found myself settled among the big wigs and right in front of the wire. Bill Vodehnal (and his wife) sat next to me. I told him of the way I got my good seat and he said Ed was a friend of his, too. I concluded Ed had a lot of friends.

I felt honored that I was in a position so that if the judges failed to catch a nose to nose decision, I could give them the low down. But after the race started, I concluded they needed an adding machine more than a wire. I became mixed up and couldn't tell whether a racer was ahead or behind.

And then I noticed one of the boys selling pop and thinking how much like Will Rogers he looked and catching myself watching him in place of the performance.

At the close of the races, Bill and I and our wives talked the situation over and concluded Nostle was mistaken about going faster with his old truck and also we decided we guessed we wouldn't take up racing this year.

Out on the grounds again seeing Crawford Mortensen and he saying the corn around Ord is going to be a good crop and then meeting Everett Petty and he telling me the corn crop over the county wouldn't make ten bushels an acre.

Then seeing a father and sister, (or wife) escorting to their car a young fellow who could hardly walk, and then meeting Mrs. John Jenkins and her three tiny boys. I asked if she would trade off one of the twins. And right there was the best exhibit I saw that day.

Back to the chicken department and Mrs. Smith telling me I won the prize for the best exhibit in the poultry department. The check was big enough to pay my way to the show and a little to spare. And to think I had just picked those birds out of the trees the night before. Anyone could have done as well.

Mrs. Evt Smith used to be my wife's school teacher. I was going to say on that account my wife helped the cause, until I remembered Mrs. Smith did not do the judging.

## Something DIFFERENT

I think mention of Howard Washburn should not be omitted from this column, for I have heard so many people speak of his distinguished appearance with his neatly trimmed Van Dyke, etc. I am not sure I know the right terms to use in referring to the many kinds of whiskers we have recently witnessed.

I read about a good club the other day. To boost something out in Washington state, all the residents were wearing overalls . . . much less trouble than growing whisker crops.

And still talking about Valley county's fair, Ed Vogelanz says he and his wife have occupied the same pair of seats at the fair grounds every time there was anything to see out there for something like twelve years past. The seats, located high up against the rear wall, are marked out by a row of nails, driven in by Mr. Vogelanz himself to hang the family bonnets on!

Charles Bals surely deserves mention for his wholehearted interest in seeing that exhibits and fair in general are just a bit finer in Valley county than almost anywhere else. He works very hard for days before the races are run. He went on the booster trip, and devoted much time and energy to the fair, when I do not doubt much business of his own waited for his attention.

It seemed most natural to see Albert McMindes starting the races once more. The official starter for years, Mr. McMindes does a cracking good job of it, and meantime enjoys the job immensely. If you don't believe it, watch him next time. And our friend Peanut Jensen, understudying Albert, even has much the same stance, so he will surely make an authoritative and competent race-starter some of these days too.

Buck Parkins, faithfully mounting the top of the bandstand each morning at eight to take time trials, was badly burned by the sun, shirt furnishing small protection to one of his fair skin. Mrs. George A. Parkins informed me his back was one large blister.

I know that our son Kerry missed Olga Vodehnal when she left us for Ansel to become office girl for Dr. Wilcox there. There were lots of things he missed, but one of them I know he hasn't forgotten yet.

Olga used to play some cute little games with him, Bohemian games with wordings, much as we play "This little piggy . . ." etc. Once in a while yet Kerry comes to me and demonstrates the game with his hands, but I can't play it with him, because I never could learn to say the right words.

What astonished me was, though, that the one game seemed to be so much like one which probably came from some other nationality. It was about little mice, one for each finger, and they eventually found the breadbasket (here you tickle the tummy of the little victim).

Perhaps we all learn about the same little games, no matter what particular mothers and fathers we pick out, of whatever nationality.

The Ord band looked most attractive at the fair in their gay red and white uniforms. But did you notice how they had to be laid in the bandstand in rows in order to squeeze in that small place, and then eight or ten of the overflow were seated on the platform.

Maybe they had small bands in earlier days. Anyway, we seem to need a new bowl, or platform or stand for our bands of this era.

Weather for the fair was lovely, the weatherman apparently deciding to cooperate this year. I heard so many say with a sigh late Thursday afternoon: "Well, now it can rain if it wants to, the fair's over."

## When You And I Were Young Maggie

20 Years Ago This Week.  
J. W. Bookwalter, harvest owner of Valley county, land, died at San Remo, Italy, at the age of 77. He owned 10,770 acres of land in this county, principally in Davis Creek township. He acquired most of it from the Burlington railroad 35 years before and held it without making any improvements. The land cost him only 70c an acre and was valued at \$45 at the time of his death.

J. C. Meese and W. L. McNutt returned from showing their hogs at the Nebraska and Kansas state fairs, where they won over 75 ribbons and several hundred dollars in prize money.

Because he was afflicted with tuberculosis, County Superintendent Staven resigned his office. After five years as chief clerk for Bailey and Detweiler Harry Bolin went back to farming in Sheridan county.

Miss Lucille Hager was chosen by Ak-Sar-Ben officials as one of the maids-of-honor at their coronation.

C. S. Jones suggested naming the Ord high school building "Mortensen School" in honor of Peter Mortensen.

25 Years Ago This Week.  
Joe Marks' hard luck was continuing. A few weeks before he lost his barn and most of his contents by fire, which was followed by the loss of his best cow from lightning stroke.

Horses valued at over \$2,000 were killed when a stroke of lightning struck the horse barn during the treeley county fair.

Irli Tolen resigned as manager of the Dierks lumber yard at Ansv and returned to Ord.

## BACK FORTY

More folks would buy watermelons to eat if they knew how to pick out good ones. The only sure way for the consumer to tell what he is getting is to cut a melon open and taste it. Plugging may not yield enough of the rich inner flesh to give a representative sample.

As a rule the biggest melon in sight is usually the best. The smaller the melon the more rind one gets in proportion to the meat. Smaller melons are also apt to have a streak of white heart, or pale red flesh, which is a disappointment to any melon eater.

In the long, dark green watermelons, called "Tom Watsons," best buys are those over 18 pounds, which measure 16 inches and more in length. The closer one gets to 2 feet in length the better the melon. Round types, the "Cuban Queen" and "Dixie Bell," can go down to 16 pounds without danger of inferior quality.

Melon salesmen could probably market more melons if they put up signs advertising their product and giving the cost. Nearly everyone who passes a load of melons wants one, but few folks have nerve enough to inquire about the cost unless they can afford to buy melons at any price, and intend to do so.

Some guarantee of quality should also be given the melon buyer. There is nothing more refreshing than a sugary, crisp watermelon, and nothing more disgusting than a tasteless, insipid one. After a customer gets stung on one of the latter he is likely to avoid watermelon for a long time and warn his friends to do likewise.

## BRISBANE THIS WEEK

Washington Said It Scaring Mussolini  
Ethiopian War Fever Not Even a Nest Egg

One hundred and thirty-nine years ago George Washington made his farewell address. It is mid-"Victorian" to drag in George Washington now, when so many are prepared to write a better Constitution than the one he signed. Nevertheless, some of the old-fashioned may tolerate a reminder that in his farewell address George Washington said:

"It is our true policy to steer clear of permanent alliances with any portion of the foreign world."

Also, with apologies to pacifists and high-spirited young college gentlemen who say they would not fight under any circumstances, you are reminded that George Washington said in 1790:

"To be prepared for war is one of the most effectual means of preserving peace."

If Mussolini can be scared by British gestures, he will be scared, with England sending her great battleships to the Gibraltar harbor. Other battleships and thousands of soldiers are sent to her island of Malta, and, imitating real war, she is putting "submarine booms" in the Gibraltar harbor on the assumption that wicked Mussolini might send submarines to blow up her battleships; and that is exactly what he would do if it came to war.

Mussolini is not alone in his desire for war. On Sunday in the Ethiopian capital, Addis Ababa, according to the Associated Press, "2,000 shrieking Ethiopians," yelling "We want war," gathered before the imperial palace demanding weapons. The Associated Press says: "The scene was so violent that police confiscated motion picture films of it." That was wise, because films might have convinced the outside world that Ethiopians and Italians are much alike "under the skin."

Sewell L. Avery, head of Montgomery Ward & Co., will tell you that the work of the tax gatherers in America is done thoroughly. His company, on its regular business in six months, made \$4,340,703. Taxes on this business amounted to \$4,600,000, or 251,000 more than the concern earned. You might almost call that "discouraging business." When you take the eggs from the nest of the hen that would like to set, you always leave one egg, or at least a door knob, "to go on with."

Dispatches from Tokyo tell of planning political murder wholesale.

The "god-send troops" that have committed occasional murders in highest places are tired of "occasional" murders, and decided to wipe out the Japanese cabinet in an air raid with bombs destroy the financial district of Tokyo, assassinate hundreds of industrial and financial leaders and "re-establish imperial despotism."

The burning of buildings to put the throne and Tokyo in a state of chaos was part of the plan.

Sir Malcolm Campbell, who took his giant English-built automobile to the smooth surface of the Great Salt desert, west of Salt Lake City, and drove the car faster than 300 miles an hour, returns to New York advising motorists to "drive carefully."

Sir Malcolm, who has surpassed every speed record on the surface of the earth, selects the right place for speeding. At home he belongs to English organizations established to promote safety.

Sir James Jeans, British astronomer and physicist, whose "The Mysterious Universe" and other books you should read, has changed his mind about the age of the universe, and, like Professor Einstein, when he changes his mind he tells you.

He thinks the universe is about 10,000,000,000,000 or ten trillions of years old. That is a long time to Sir James Jeans and us, but, for all Jeans or anybody else knows, it may mean less than one hour in the life of some "super-universe."

Hitler, talking to his army about "iron discipline," blames Christianity and the Hohenzollerns for the rise of Communism that "I crushed when I came to power." Whether he crushed it or not remains to be seen.

A sailor from an American ship is locked up in Germany for humming "The Internationale," Communist hymn, and making the hymn worse by saying something unpleasant about Hitler.

Friday evening visitors in the John Andersen home were Mrs. Jack Peyton and Mr. and Mrs. C. A. Anderson. Ernest Lorimer of Glade, Kas., left Ord Monday after visiting for several days with the Nelson Baker and Roger Benson families. Thursday Verl VanWise and his mother, Mrs. Lloyd VanWise drove to Ord from Hastings to attend the fair. Mr. and Mrs. Olof Olsson will move soon to the Hather house, which is at present occupied by the Ed Whelan family. Mr. and Mrs. David Bengston of Wolbach were guests Tuesday in the Ed Whelan home while attending the fair. Mr. and Mrs. A. W. Tunncliff and family were in Burwell Sunday afternoon visiting Mrs. Tunncliff's parents, Mr. and Mrs. W. L. McMullen. Mrs. James Milford returned to Ord Saturday evening by train after spending ten days in Omaha visiting her daughter, Miss Ruth, who is an instructor in an Omaha school. Mr. and Mrs. Chester Austin, accompanied by Miss Laverne Austin, Oscar Austin and Mrs. Bud Martin, drove to Grand Island Saturday to spend the day, returning late Saturday night. Miss Lila Austin, who works in Grand Island, returned with them for a month's vacation. Mr. and Mrs. L. D. Milliken went Tuesday to Omaha where they met their son, James, who was coming from Severna Park, Baltimore, Md. From Omaha they went to Lincoln where James entered the University of Nebraska for his freshman year. Mr. and Mrs. Milliken returned to Ord Thursday evening. F. M. Vodehnal returned from Omaha Tuesday morning with a load of extracted honey, local supply this year being insufficient to supply the demand. Mr. Vodehnal produces annually a goodly crop of honey but it is in such great demand that he is obliged to ship in honey to supplement his own supply. He remarks it, extracts all bits of comb and sells it with the same guarantee as on honey produced by his own bees.

Mrs. H. J. McBeth spends each Saturday in Burwell where she gives piano instruction. Visitors during the fair at the Sam Guggenmos and Ivan Botts homes were Mr. and Mrs. Terrell Maddox and family of Scotia. Mrs. Ralph Hatfield is a patient in Weekes' Sanitarium following a major operation, performed Friday. Mrs. A. C. Waterman stayed in the Hatfield home from Sunday until Tuesday. Mr. and Mrs. Will Stanton returned to their home at St. John, N. D., Sunday after a two weeks' visit in Ord with Mrs. Stanton's sisters, the Madams R. O. Hunter, C. C. Brown and Harry Dye and their families. Mr. and Mrs. Homer Robbins and baby of Los Angeles arrived in Ord Friday evening and are visiting in the R. O. Hunter home and with other friends, while transacting business. Mr. and Mrs. Robbins expect to return to Los Angeles the last of this week. The Ed Whelan family will move the last of the week to the Dr. C. J. Miller house, vacated by Dr. and Mrs. J. G. Kruml. Dr. and Mrs. Kruml will move to the Stanley McLain house, previously occupied by the Leonard Parks family. Coming Sunday to visit their sister, Mrs. Frank Krahulik were Mrs. Mary Sebek of Howells, Neb., and Mrs. Tony Wostoupal from West Point. They were brought to Ord by Mr. Marshall and Miss Sophie Prusha who returned to their home at Howells Sunday evening. Mrs. Sebek and Mrs. Wostoupal will visit for several days in Ord. Friday night C. C. Dale, Dr. F. A. Barta, George Round, Jr., and Lyle McBeth drove to Kearney to attend the first football game of the season between Kearney college and the second team of the University of Nebraska. Kenneth McGinnis, junior university student from Ord, played a guard position. Miss Zola Barta, who is attending Kearney Normal school, returned with them to spend the week end. Mr. and Mrs. Howard Ackerman and family left Sunday morning for their home at Midwest, Wyo. Charles McNamee makes his home at Cheyenne. Friday morning Mr. and Mrs. Thomas A. L. Rorabeck and family departed for their home at Midwest. Also leaving Friday for his Billings, Mont., home, was Raymond McNamee. Paul McNamee returned Thursday to the CCC camp at Franklin, Neb. The several families were in Ord to attend the funeral services of Michael McNamee, held in Ord last Monday. While in Ord they were guests in the Louis Chlewski and Will Zikmund homes.

Fastest Car, Best Driver; They Won \$815

Lloyd Axel, of Denver, driving Vic Felt's Hisso Special, was the champion of races held last week at the Valley county fair. Winning the feature race each day, as well as numerous other events, Axel cleaned up \$815. Here he is in the car that threw dust over everything else in the races. Standing behind the car is Owner Vic Felt, who built the motor that powers this racer. He used one bank of a V-8 Hispano-Suiza airplane motor, which has cylinders so big you could stick your head in 'em. They'll be back in Ord next fall if races are held, Axel and Felt say.

cent will be for material, supplies and supervision.

**May Import Laborers.**  
In order to meet the requirements of the Works Progress administration upon the grant, it is necessary to add in the estimate the sum of \$41,000. It may be that during a portion of the period of construction there will not be the required number of persons upon the relief rolls in the counties allotted to this project, and that being the case it will be necessary to import a sufficient amount of relief labor from adjacent counties, and the additional estimate is made in order to pay the transportation and housing of the relief labor brought in from outside of the district.

It is generally conceded that our project had passed one of the most important hurdles when the Public Works Administration approved it with the one condition attached. However, shortly after the approval some dissension arose between Secretary of Interior Ickes, and the Works Progress administrator, Harry Hopkins. It will be remembered that the Ickes department has been rather slow in the past in getting its projects under way. Mr. Hardenbrook is of the opinion from information furnished him from reliable sources while in Washington, that the Ickes department is in much better shape to facilitate its work in the future upon worthwhile projects. Of course, the WPA, in other words the Hopkins department, was more or less in favor of spending this huge sum of money somewhat upon the old CWA plan. The controversy between these two officials waged for several days, and at last the present called the two officials to his summer home at Hyde Park. The president has been at his summer home at Hyde Park since the adjournment of Congress. At this conference between the president, Secretary Ickes and Hopkins, an adjustment was made in the shape of a compromise.

**Ickes to Have \$300,000,000.**  
Secretary Ickes had in the neighborhood of \$1,000,000,000 of worthwhile projects which he could recommend for immediate approval. The amount that was allotted to him by the settlement was that he was to be given \$200,000,000 for immediate disposition on Public Works projects which would be in the shape of a fifty-five per cent loan. It is further indicated that the Housing program has not been the success as far as putting men to work as it might have been, so \$100,000,000 was taken from that, so that Secretary Ickes will have the handling immediately of \$300,000,000 to be used for a loan of fifty-five per cent upon Public Works projects. Immediately after the settlement had been adjusted, Secretary Ickes began to weed out the projects and allocate them to the different states. There are but two major projects in Nebraska that are seeking loans from the Public Works Administration, they being the Tri-County and the North Loup River Public Power and Irrigation district. # 1935 CORNHUSKER FOOTBALL SQUAD

COACH D. X. BIBLE

Lincoln, Nebraska—The football season is here again and, as usual, the University of Nebraska is facing a stiff schedule of nine games. The card includes all members of the Big Six conference, two teams from the Big Ten, the leading team of the east and a strong eleven from the Pacific coast.

The attractive five-game home schedule brings Minnesota, Chicago, Oklahoma, Kansas and Oregon State to Memorial stadium.

This combination of five major contests has resulted in the largest advance sale of tickets in the history of Nebraska athletics.

All sections of Nebraska are represented on the Cornhusker squad with the addition of several outstanding athletes from neighboring states. Coach Dana X. Bible, starting his seventh season at Nebraska U., has nominated three full teams for the first varsity. The other athletes have been assigned to the B team and will move up to the varsity roster as they develop.

As usual the 150-piece University of Nebraska band will be a colorful feature of all home games. The student cheer section with its cardboard stunts will entertain between halves. A massed band of more than 1,000 musicians will play a brief concert before the Oklahoma game, Oct. 26. The Nov. 9 appearance of the Kansas Jayhawkers will be the main attraction of Homecoming day. The impressive ceremony in honor of the University soldier dead will precede the game.

Members of the varsity squad posed for the camera man on the opening day of practice. The squad:

Lower row—Bernie Scherer, Dallas, S. D.; Henry Bauer, Lincoln; Harold Holmbeck, Beatrice; Student Manager Jack Mohr, Lincoln; Head Coach Dana X. Bible; Assistant Coach W. H. Browne; Assistant Coach Roy Lyman; Trainer E. M. McLean; Equipment Manager Floyd Bottorff; James Heldt, Scottsbluff; Ralph Eldridge, Norfolk; Bob Benson, Fender.

Second Row—Kenneth McGinnis, Ord; Jack Mercer, Lincoln; Lowell English, Lincoln; Wallace DeBrown, Lincoln; Jerry LaNoue, Wisner; Gus Peters, Lexington; Bob Mehring, Grand Island; Jack Dodd, Gothenburg; Allen Turner, Western Springs, Ill.; Lester McDonald, Grand Island; Sam Francis, Oberlin, Kas.

Third row—Pat Glenn, Lincoln; Harris Andrews, Beatrice; Bob Kasal, Omaha; Orval Kljabeck, Hardy, Kas.; Don Flanick, Omaha; Paul Morrison, Lincoln; Asher Brown, Lincoln; John Richardson, Eau Claire, Wis.

Fourth row—John Williams, Lincoln; Fred Griffin, Sutherland; Perry Franks, Sidney, Ia.; William Doherty, Omaha; Theodore Doyle, Curtis; Ronald Douglas, Crete; Paul Amen, Lincoln, John Howell, Omaha; Jack Ellis, Omaha.

Fifth row—Fred Shirey, Latrobe, Pa.; Ladas Hubka, Table Rock; John Cox, Lincoln; Richard Fischer, Valentine; Henry Kosman, Omaha; Lloyd Cardwell, Seward; Elmer Dohrmann, Staplehurst; Art Ball, Fremont; Joe Eyen, Lincoln.

Little Lloyd Vaughn Zeleski of Ord spent a few days of last week at the home of his aunt and uncle, Mr. and Mrs. Wm. Helleberg.

A huge crowd was in the village Sunday attending the bazaar and supper given by St. Mary's callers at Bill McMines' Sunday

Christian Church. We know that our people are all wondering how Mr. McCarthy is getting on. While no definite word can be spoken yet he expects to have his operation the last of this week. It all depends on his getting completely over his cold and not taking more cold.

The ladies aid should meet next week Wednesday.

May all the various societies work as usual and every one remember the dates even if the minister and his notes are absent for a few weeks.

Our people are continuing their more than loyalty during Mr. McCarthy's illness. Many friends from all over the city are asking what they can do to help in his trouble and asking to be told if and when they can be of assistance. This attitude on the part of our church and friends is a big help in these days.

# North Loup News

In a postponed league game played at Burwell last Sunday North Loup won a runaway game by a score that looks like a football score. It seems nearly impossible for the Loupers not to score for when they didn't hit the Burwell players kicked the ball around and allowed the score to come in anyway. During the drawn out ball game Burwell made fourteen errors while North Loup was making none. North Loup got twenty-three hits off Grave's delivery while Sheldon was giving up fifteen to Burwell but they could only convert them into six runs. "Shorty" Cross starred for North Loup at the bat for out of seven appearances at the plate he got a single, two two-base hits and a home run. He made his initial appearance behind the plate in this game and looked good. Batteries: Burwell, W. Graves and F. Partridge; North Loup, Sheldon and Cross.

Mr. and Mrs. Harry Gillespie, Mr. and Mrs. Bill Vodehnal and Idona Ann, Mr. and Mrs. Elmo Hurley and Colleen, were Sunday dinner guests of Mr. and Mrs. Merrill Anderson.

Miss Viola Everett returned to North Loup last Wednesday. She had been to South Bend to help care for an aunt who was ill.

Mr. and Mrs. John Ingraham, who live near Arcadia, gave a reception Saturday night at the Dave Ingraham home for Mr. and Mrs. Allan Jones who were recently married. Mrs. Jones is their daughter.

Mr. and Mrs. Allan Jones stayed Saturday night and spent Sunday with Mrs. Jones' grandparents, Mr. and Mrs. Dave Ingraham.

Margaret Rood went to Lincoln Saturday on the bus.

A reception was held in the parlors of the M. E. church on Monday evening, to welcome back Rev. and Mrs. Stephens to the church.

A well planned program, in charge of Mrs. C. V. Thomas, began with singing led by Miss Gordon, choir director. Special numbers were given by a quartette consisting of Roy Hudson, Marjorie Theil, Everett Catlin and Florence Hudson, and duets by Paula Jones and Florence Hudson. Mrs. D. S. Bohrer gave a poem, after which

a program of games was indulged in. Mr. C. V. Thomas gave the words of welcome in behalf of the church. He said they were to be complimented that the pastor and his wife were returned to them for the fourth year, and expressed the wish that they would have a happy and successful year. A committee of ladies served delicious refreshments at the close.

Mr. and Mrs. Ign. Pokraka were Sunday dinner guests at the Frank Valasek home.

The M. E. Ladies Aid met Wednesday afternoon at the church with Mrs. Mary Clark and Mrs. Jennie Anderson as hostesses.

The P. T. A. meeting at the school house last Tuesday evening was not well attended due to the Ord fair and the Comstock kittenball tournament. However, the thirty-five people who were there had a good time. After a short business meeting Mr. Bailey explained the new grading system, which is being used this year. The rest of the time was spent playing "coodle", a frivolous sort of game, but lots of fun. Mrs. Thorpe, Mrs. George Maxson, George Hutchins and Sterling Manchester won high scores and instead of receiving a prize, for which they had worked so hard, they were asked to sing a quartet number. This they did and it looks as though the P. T. A. have their quartet for the year. Refreshments of punch and wafers were served under the management of Nema Jones.

A pick-up team of kittenball players went to Greeley Sunday afternoon. It was a good game, Greeley winning 7-5.

Helen Madsen was home over the week end from Kearney, where she is attending school this year.

# For People Who THINK

Some months ago we abandoned our slaughter house and began selling only meat from animals slaughtered under United States inspection at the Omaha primary market. All our meat thus is certified by the U. S. government to be from animals free from disease. This stamp is your guarantee of quality.

All the beef we sell is corn-fed, top quality beef. It is tenderer, it tastes better. The same is true of our pork, lamb and mutton.

Best of all, U. S. inspected, corn-fed beef and other meats cost no more. You actually can buy better meat for less money at this market.

We have made dozens of new customers who now buy exclusively at this market. If you are interested in purity, quality and economy we urge you to buy here also.

**Car Hits Fence But Bad Accident Averted;  
A Moment of Fast Action During the Races**

One of the most thrilling moments during the Ord races last week came in the final race Thursday when Charley Boye, driving a car owned by Leo Krasek, of Chicago, skidded into the railing atop the high banked curve at the east end of the track. The tail of his car hit the fence, the car skidded to the inside bank without tipping over, jumped off the ground and continued in the race. In this action photo by George Jensen is shown the end of this thrilling incident.

Ward-Zimmerman.

Sunday September 22, 1935 occurred the marriage of Miss Bernadene Ward, daughter of Mr. and Mrs. Walter Ward and Orvin K. Zimmerman of Anselby, son of Mr. and Mrs. K. Zimmerman. They were married by Rev. Lawrence Nye in the church parsonage. The bride was dressed in a mavy blue dress and the groom wore a suit of brown. The single ring ceremony was used. Their attendants were Misses Irwina, Herbig of St. Paul, who was dressed in a taupe ensemble and Mr. Clarence Eggleston of Anselby.

Immediately after the ceremony the wedding party was entertained at a fine dinner at the home of the bride's parents, Mr. and Mrs. Walter Ward, north of town. Besides the bridal party and attendants, other guests included: Mr. and Mrs. Herbig of St. Paul, Mr. and Mrs. Zimmerman of Anselby, Mrs. Martha Sorensen and Rev. and Mrs. Lawrence Nye.

The bride moved here with her parents about two years ago and has made many friends, and we wish to congratulate the bride and groom.
