Street Radio Show, Bargain Day, Plan Of Ord Merchants

Free Entertainment After-
noon and Evening Satur-
day; Public Is Invited.

On Saturday, Aug. 7 merchants of Ord are staging an unusual event. A free radio show and street broadcast will be conducted in the business district from 1:30 in the afternoon until 10:30 at night, promising to be of interest to everyone in this community. The entertainment is given absolutely free by the merchants. In connection with the big street broadcast and radio show merchants are staging a special bargain day and offering unusual bargains to shoppers.

In the staging of the street broadcast and free radio show, special radio and sound equipment will be used. This radio and sound equipment consists of a powerful amplifier, radio speakers and high velocity microphone. This radio equipment is entirely different from ordinary loud speaker systems, and it gives complete and accurate reproduction of voices and music. All of the entertainers will perform in front of the microphone, the same as if they were performing in a radio broadcasting studio. At the same time the people listening to the entertainment will be able to hear the voices of the entertainers through the radio speakers, the same as if they were listening to their own radios in their own homes.

Beginning at 1:30 and continuing until 8 o'clock, a big street broadcast will be staged. This is a most unusual and novel event. The street broadcast is conducted in exactly the same way that the "Man on the Street" broadcasts are conducted which are broadcast over the national hook-ups. Special radio and sound equipment will be placed in various locations in the business district throughout the afternoon and evening, and special entertainment will be broadcast to the public. In addition, throughout the afternoon and evening, people will be given an opportunity to talk into the microphone and hear their own voices over the radio speakers. Arthur Auble, well known local actor, will act as master of ceremonies.

This is the first time that the local people of the community will have an opportunity to talk through a regular broadcasting microphone, just as if they were in a regular broadcasting studio. Don't fail to attend the street broadcast and get your chance to talk over the mike.

The Ord merchants will give many bargains in connection with the free radio show and street broadcast. Consult the Quiz for special announcements of these bargains.

In the night show, special lighting effects and special costumes to fit every character will be used. This free night show will be given on the square and everyone can be assured of one of the best entertainments in years.

The radio show and street broadcast is being staged under the direction of a professional radio director and the cast includes local people such as Arthur Auble, Don Tunnicliff, Bob Schmidt, Jean Ferguson, Dean Blessing, Charles Keown, Vernon Malopolsky, Dale Mella, Dale Hughes, Harry Zulcoski, Barbara Dale, Bert Boquet, Dick Koupal, Fred Cahill, Dean Barta, Irene Whiting, Cyril Highleyman, Jensen, Martine Blomond, Wilma Krikas, Shirley Shrader, Marjorie Coe, Jerrine Burrows, Ruth Haas, Maxine Haskell, Caroline Auble, Billy and Kathleen Maftox, James Ollis, Marylyn Dale, Elwin Auble, Ralph Misko, Alfred Wiegarde, Mrs. Mark Tolson and Floyd Beranek, in songs, comedy, drama and dances.

Rodeo Band Here Thursday Night

Glen Auble informs the Quiz that the Burwell Community band will pay this section a visit in behalf of the Burwell rodeo next Thursday evening. The plans call for the 50 piece band arriving at Elyria at 6:45 in the evening. They will give a concert there, planning to arrive at North Loup at about 7:30. A concert will be given on the streets there, in accordance with whatever plans the committee there may arrange. At 8:30 the band will be back to Ord, where they will play to the court house porch.

Receive Word On Fire Truck.
Fire Chief Cecil Clark received a telegram early this week from the company building Ord's new fire truck stating that the letter was following which would explain the long delay in making delivery of the machine. The letter had not reached Ord yet by Wednesday noon.

Hopper Poison Available Now

There is still plenty of poisoned bait for grasshopper control available, says C. C. Dale, county agent, and farmers can secure it by calling at the county agent's office. Another carload of material for mixing the poison is expected in the county in a few days and there is plenty on hand to fill the demand until the car arrives. The bran, sawdust and poison are now mixed dry and it is necessary for the farmer to add the water and amyl acetate or molasses, before spreading. It is necessary to do this because if it is mixed wet it will spoil.

The grasshoppers are not doing so much damage at the present time but they are present in large enough numbers to do much damage to fall seedbeds and new seedlings of alfalfa which may be made this fall, and it will pay to treat such fields after the new plants have started their growth.

Heavy Rains Fall, Corn and Alfalfa Benefit Greatly

Windstorm Thursday Causes
Damage; Drouth Area At
No. Loup Gets 1 Inch.

Giving tremendous boosts to Valley county's prospect of a bumper corn crop, two rains have fallen during the past seven days, the first coming Thursday, Aug. 1 and the other Monday evening. Total moisture in Ord has been 1.29 inches but other localities, notably the Arcadia neighborhood, report a total of about 3 inches in the two storms.

The rain last Thursday was accompanied by a high wind from the north which blew dense clouds of dust, followed by a torrent of rain. Many trees were broken down and electrical service in Ord was interrupted for a short time but greatest damage here resulted when two plate glass windows in the F. J. Dworak building, occupied by the Farmers Grain & Supply company store, were blown in. The windows were 7 and 8 feet in width and each was 14 feet high. Mr. Dworak estimates loss at \$500.

A new front will be installed in the building at once, the owner promised officials of the Farmers store after the storm. It will be given a revised edition of his last year's model.

"Red's" Car To Compete.
The car of "Red" Campbell, killed only recently in a crash, has been rebuilt and is now owned by Ralph Morgan of Indianapolis. This car, Chitwood appeared in the Central States Racing Association meet last year. George Chitwood is scheduled to drive on the Ord track about two years ago driving a fast Chevrolet Special X-3.

Many other well-known drivers

will compete in Ord's three day meet. Newcomers to Ord include

Murray Earl of Hutchinson, Kas., car being driven by Waldo Barnett; Fred Goalsby of Forrest City, Mo.; Walt Killinger of Denver, owning a specially designed Ford Kroger.

By next week Baker expects the entry list to take another jump and says that at least 30 or 35 cars will be on hand the opening day of the races. A racing meet is being held in Harlan, Ia., only a week before Ord's meet opens and many of the drivers who compete there are expected to come to Ord.

West of Ord some hail accom-

panied the Thursday evening

storm but did no damage. Hail

also was reported at the Dave

Guggenmos place northeast of Ord. Rainfall in Ord was .96 of an inch but west of town it was 2 1/2 inches. The Dry Cedar

country reported 1 1/2 inches. As

usual the dry area near North

Loup had only a trace of rain and the drouth section along the western edge of Valley county around Sargent got only a light rain.

Sunday a rain passed over the

county but no heavy fall has been

reported in the vicinity of Ord.

There was more rain to the south

near Loup City and Litchfield,

Monday night at about 9:30 rain

in the west part of the county and

around Sargent and Taylor, re-

presents indicate.

So far as the Ord community is

concerned, a good crop of corn is

expected if another rain or two

comes during August. Springfield

needs more moisture but corn

there is not suffering. Probably

the best crop prospects in this

county are in the Arcadia neigh-

borhood.

Smallest yields will come from

the northeast and northwest cor-

ners of the county where farmers

are claiming that rains missed

them to such an extent that not

more than a third of a crop can

be harvested regardless of wea-

ther in August. Pastures every-

where are looking better as re-

sult of this week's rainfall.

Arm Breaking a Habit.

Gerald Hald, of Burwell, 14 years old, broke his left arm for the fourth time Saturday morning when he fell off his bicycle. It seems that he usually is carrying a broken arm at rodeo time, and he made the remark to some friends only a day or two before, "wonder if I'll have a broken arm for this rodeo?" He is a philosopher of this nature and accepts his troubles with a smile, with a hope for better luck next time.

Mrs. A. E. French, of Denver,
spent a few days in Ord last week visiting her sister, Mrs. Amilia Partidge. She left Thursday for her home.

Faster Auto Races Are Promised For The 1937 Program

Axel, Holder of the World's
Record, Is Coming Again;
15 Are Entered Now.

Ord's auto races this year are going to be faster than ever before. This prediction is made by Race Superintendent Clyde Baker as entries begin to pour into his office. Fifteen of the best dirt track drivers in the middlewest have already informed Baker that they expect to be on hand when the races open Aug. 24. At this time last year, not a single driver had so much as inquired about the races.

Speed Demons Galore.

Race fans are going to be given their money's worth this year. One of the favorites, noted for his daredevil driving, who will compete in the Ord races is Lloyd Fisher of Longmont, Colo. Fisher has a brand new racing machine of the modern Dreyer design, recognized by experts as one of the best racing models available on the American market.

Lloyd Axel, "King of the dirt track speedways," and holder of the world's record for the half mile (23.1) is going to bear some watching. This year Axel is driving for Vic Felt of Denver and he has his eye on a new world's mark. The best time ever made on the Ord track was made by this driver, 23.6. Felt's car is not new but simply a revised edition of his last year's model.

"Red's" Car To Compete.

The car of "Red" Campbell, killed only recently in a crash, has been rebuilt and is now owned by Ralph Morgan of Indianapolis. Albert Jones has joined the
staff at the former Peterson hog yards and in future they will buy cattle as well as hogs. H. E. Barnes and Curt Wilson also are em-ployed there.

Alta and Donald Stewart and
Mr. and Mrs. Frank Meese left by auto Saturday morning for Denver to visit Mrs. Charles Dickason and Mrs. Dale Garnick, who is seriously ill.

Eglehoff Pony, 30 Years Old, Given "Mercy Death"

Davis Creek—(Special)—Paul Eglehoff is mourning the loss of his pony which Monday morning was given a "mercy death" by chloroform because it had contracted sleeping sickness. A veterinarian advised the Eglehoffs that the pony probably could not recover from the disease because of its advanced age, 30 years.

Both Glen and Kenneth Eglehoff rode the pony to school for years and when Paul started to school it was carrying the second generation, says Mrs. Eglehoff, so its death was mourned by the whole family.

This was the first time any of Mr. Stoltz' brothers or sisters have visited in Ord and they were much surprised to find the country hilly instead of being flat and desert-like as they had supposed.

Company "I" Picnic To Be In Arcadia

The Fourth Annual Company "I" 134th Infantry Reunion and Picnic will be held in the Community Park of Arcadia, Nebraska, on Sunday, August 29, 1937, instead of Monday the 30th, as was shown in the American Legion Monthly. This was the date selected last year, but in some manner the Monthly got it changed to Monday.

Last year the very fine representation shown above gathered at the Riverside park at Burwell and enjoyed a splendid picnic and get together meeting. It is the desire of C. W. Clark, secretary of the organization that an even larger crowd plan to meet at Arcadia, as the Arcadia boys are planning to make this an occasion never to be forgotten.

Don't forget to take along your family and your picnic lunch, and also your bathing suit, as the river is near by and will be in perfect condition to take a dip. If you should have the name and address of some member that Clark does not have, tell him about it. If you are ever on the roster of Company "I" you are eligible and welcome.

The Cornhuskers, as the Ord baseball team was called, lost two close games, one to the House of David team by a score of 7 to 6, and the other to the Overland Tire team by a score of 5 to 4.

In a statement made at Rapid City, S. D., President Coolidge issued that now famous aphorism, "do not choose to run." The same idea is being attributed to Roosevelt today.

The contract for Ord's new school building was awarded to the C. E. Atwater company of Grand Island. The contract price was \$33,000.00. E. L. Rockwell Omaha was low on the plumbing and Lee M. Nelson of Seward got the wiring contract. The total cost was to be \$150,000.00.

Tickets were being sold rapidly for Ord's 21st Chautauqua, and interest in the program was keen. Entertainers included Laura Townsley McCoy, The Giles Artist Trio, the play "Patsy," Vierra's Hawaiians, and many other attractions.

Col. E. C. Weller announced that entries for the Loup Valley Fair and Races were flooding in. Among those signed were Howard Wills, Willard Prentiss, S. E. Reynolds, Frank Walker, Gus Shrader, R. E. Miller and George Barry.

Jake Matheson had a narrow escape from serious injury when his team ran away while he was hauling lumber. The team got loose and dragged him with the lines until he got himself un-tangled.

Bert M. Hardenbrook was to be the speaker at the Old Settlers picnic of Valley, Custer and Sherman county old settlers at Jenkins Park in Arcadia.

The Ord Rotary club were impressed with the need of a first class hotel in Ord. Eld. Davis, son of Mr. and Mrs. C. A. Davis, was principal speaker, telling of a trip he recently took.

The county board laid over until the next meeting the request that Valley county have an open season on pheasants.

Patrons of the Ord Co-operative creamery were given a 4 cent bonus. The creamery had been in operation 7½ months.

**THE COOK'S
COL-YUM, YUM**

Summer is not always a pleasure to the cook of the household, often it means that in addition to her other work she starts in on a heavy program of canning. And as the various fruits and vegetables ripen she cans, preserves and jars from daylight until dark. Of course this is tough on the lady canner, but it does mean a fine table for the family the year around.

Loup Valley Queen.—Mr. Elm Sorenson of Grand Island came in the first of the week and has resumed his duties as manager of the local Food Center Store. Pete Ballard, who has been here the past few weeks, was called back to Burwell, his home town. Mrs. Sorenson and son of Grand Island will come to Callaway the first of the week. They will move into the Episcopal rectory.

G. I. Independent.—Following a two weeks visit in the city, Mr. and Mrs. A. J. Johnson and their young daughter, Suzanne Lou, are leaving Thursday for their home in Pasadena, Calif., planning to stop off for a few days in Denver enroute to the coast. During their stay here they were guests at the homes of Mrs. Johnson's brother, Ross P. Beauchamp, and her sister, Mrs. L. L. Frederickson, and also visited at David City and St. Paul.

Loup City Leader.—Mr. and Mrs. Lloyd Parks of Atkinson, Mr. and Mrs. Keith Lewis and son Kirk of Ord, Dr. Walker of Omaha and nephew of Creston, Ia., were all guests at the Chase home. Eighteen were seated at the Sunday dinner table.

Sargent Leader.—Mrs. Will Worm and Mrs. Harry Oberkotter who live about a mile or so south of Taylor went to Broken Bow Tuesday to visit a few days at the home of Mrs. Worm's daughter, Mrs. Lowell Spencer. Mr. Spencer works in Beryl Blair's bakery.

Dawson County Pioneer.—Miss Helen McKee of Sidney was here Monday applying for the position as Home Economics Instructor in the Lexington high school. Miss Lillian Brum, who has held that position for several years has asked to be released so that she may attend the university. Note: Miss McKee was home economics instructor at Burwell for a few years.

**American Legion
Photo in Magazine**

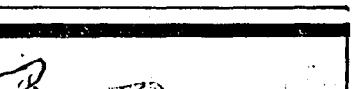

The August copy of the American Legion Magazine, the national publication of the American Legion, contains an article entitled "14 Million Trees." It tells how the American Legion, department of Nebraska set out in 1934 with the slogan, "A Tree For Every Stump" and has been endeavoring since that time to make the slogan good. This year, under the leadership of State Commander Verne Taylor the goal was set at ten million trees. With the reports in from all the posts of the state, it was found that the goal had been exceeded by 40 per cent. The article was illustrated with two photos, one showing Assistant Secretary of Commerce J. Monroe Johnson, himself a Legionnaire, planting a tree at an Arbor Day service held near Lincoln. The other is the same photo that was used in the Quiz, showing a group of Legionnaires planting trees in the Legion plot in the Ord cemetery. The picture is as large as could be used, and so sharp that every member can be recognized. This is the first time Fidelity Post No. 38 has had a picture in the national magazine.

Duck Season Is Earlier.

A 30-day open season on migratory fowl, opening October 9, is in the cards for Nebraska this fall, as result of regulations issued by the interior department and approved by President Roosevelt. Nebraska was moved into the northern zone, making its season earlier than last year. Bag limit on ducks remains the same but 5 geese instead of 4 may be killed daily. Shooting hours are 7 a.m. until 4 p.m. and the 3-shell limit for repeating shotguns is again imposed.

Rose In Smell Only.

Wiet Spittler's latest floral curiosity is a shamrock-green rose. Not even recognizable as a rose, the small green petal-like blossom has an unmistakable rose-like fragrance. The stems are scarcely an inch long while the flower itself is not much larger than a nickel in diameter. Wiet believes that the size will increase with the growth of the bush, which is still only a few inches high. The bush was secured from an out-of-town rose expert who had perfected the propagation.—Sidney Argus-Herald.

Informed of Death.

Mrs. L. A. Reger received word of the death of Haddam, Kas., of her brother-in-law, Claude Dawdy, on Wednesday. Rev. and Mrs. Reger left Saturday for Haddam, where they expected to attend the funeral Sunday. After a few days there they expected to go on to Tecumseh, Okla., to attend a reunion of all the Reger clan at the home of Rev. Reger's mother. He planned to arrange for a supply minister during his absence, announcement of which will doubtless appear in the Midvale church notes. The Sunday School rally planned for the Davis Creek church for last Sunday, has been postponed until August 22.

Saved Her Chickens.

Mrs. Dittbrenner, south of town, saved two bags full of her chickens by rushing to the chicken house when she heard a commotion out there one night last week. The chickens had been caught and put in the sacks ready to carry away. The thief was hidden in the weeds and ran when she called her husband to bring a gun.—Belvidere News.

LANDING FIELD FOR ORD.

A short time ago the mail service established an airmail route between Omaha and Scottsbluff. The planes take the direct air line route and at the present time there is no emergency field between so far as we know. Traveling 450 miles across the state of Nebraska is no unusual feat, insofar as air travel is concerned. Not long since the Soviet flyers traveled much more than ten times that distance without stopping, so across Nebraska should be little more than a practice hop.

Yes, 450 miles is nothing, so long as all goes well. But suppose something goes wrong with the plane, or weather conditions such as last Thursday night arise. If and when they do it would be much better to have an emergency landing field within easy reach than to take a chance on landing in somebody's pasture.

This is where Ord comes in. Printed in today's Quiz is a map of Nebraska, showing the new airmail route, and the location of Ord along that route. Twice during each night a mail plane passes Ord, the route being about three miles south of town. One goes by shortly after midnight, and the other at about 5:30 a.m. A field in the vicinity of Ord might save a crack-up some time.

Ord has the youngest aviatrix in the United States, and has drawn much publicity from this fact. Ord is the best located town near which to locate a landing field. The establishment of a good landing field in the center of the North Loup irrigation project would do much to publicize the town and the surrounding territory.

WHY NOT AN ORD DAY?

General Edward Otho Cresap Ord, the man for whom the town of Ord was named, was born in Cumberland, Md., October 18, 1813. His long and active military life began with his graduation from West Point Military Academy in 1839. He served in the Florida war, on frontier duty and during the Civil war. Later he was in command of various departments, and was retired in 1881 with the rank of major-general. He died in Havana, July 22, 1883.

His name was prominently before the people of the west at the time our city was being named and the use of his name was an inspiration. It is a short name, easy to remember, and one which once learned, is not easily forgotten. No one now living seems to know when the name for the town was decided upon, but history gives us the date of General Ord's birth, which would be a very fitting day to designate and celebrate as Ord Day.

It comes at a splendid time for an autumn festival. It comes in a place as far removed from regular established holidays as it is possible to obtain. If our forefathers thought the name good enough for our town, we would do well to follow out the idea by celebrating the day of his birth and calling it Ord day. The word "Ord" in general use once meant "A Beginning." Let us make it the city of "Good Beginnings."

THEN WHY THE PROHIBITION?

President Roosevelt has given out the statement that the navy spent no extra money in hunting Amelia Earhart and her navigator Fred Noonan. He said the cost of the ships and airplanes went on, no matter what duty was assigned them. The papers tell us that the government at first rejected Jimmie Mattern's application to fly the route of the Soviet flyers in the reverse direction, but that they are now considering the proposition and if they decide that it is of practical value permission will be given. But if it doesn't cost any more to hunt for lost flyers, why prohibit the mifly if they want to take the chance?

ORD-NORTH LOUP HIGHWAY.

One of the most important stretches of road on the entire length of Highway No. 11, and one of the last to be straightened out, is the section between Ord and North Loup. In view of the numerous hazards along the present highway, which include two grade crossings of the Union Pacific railroad and several bad curves around the hills, it would seem that this section should have been one of the first to gain attention. Both railroad crossings are at dangerous angles, as a driver has to look around over his shoulder to determine if train is approaching. A number of accidents and near accidents have occurred on the curves around the bluffs about four miles below Ord.

Talking with H. B. VanDecar, president of the Good Roads association, the writer learned that the Ord-North Loup road is next in line, and thus should have the attention of the state before long. In the meantime, it will do no harm to agitate the matter and thus show the men at Lincoln that this change is desired as soon as possible. The coming of irrigation work has brought this proposition to a head as the bridges are being built, and if the road is put off until the ditch is completed, it will mean additional work for no material gain. Just how the road will run at the Ord end is unknown at present, but the curves will be largely eliminated. At the North Loup end the road will follow along the west side of the railroad and two unnecessary crossings will be eliminated. The new road is coming, and the time to build it is now. Let us talk it up.

LANDING FIELD FOR ORD.

After having the children, some of them, and the grandchildren with us for a month, the last of them left Sunday morning of last week and we were desperately lonely all day. Fortunately we had quite a lot of work to do getting THE BIRCHES (the former Clements' cottage) ready for the Soren Jensen family, who were to arrive that evening. They drove in at 8 o'clock, with six in their party besides Sammie, the baby, and either they are fibbing to me or they are greatly pleased with the location. I think they are having a good time. The party consists of Soren and wife and baby, his mother, Mrs. Jensen of Blair, his sister, his brother John, an attorney of Kearney, and his girl friend, Mrs. Jensen, sr., is postmistress at Blair and has been democratic national committeewoman for Nebraska for a long time. Sunday night was real cool, down around 50, and John came around hunting the woodshed and remarked that it was his first experience having to build a fire to keep warm by in July. The Jensens have not caught any big fish as yet but they tell me they are getting plenty of bluegills and crappies and say they will be well pleased if they can continue to do that. I assured them that I could easily guarantee that they would do that. Since the big rain of nearly three inches last Saturday the bass have not been doing much. Before that anyone could go out and get his limit and a few days of warm weather will make them hit again. This 60 degree weather in the middle of the day is delightful but does not make the best bass fishing.

As I said, we were awful lonesome after the kids left so when we got the guests settled in the other cottage we began to look for something to do to keep busy. Monday we went pincherriying, taking Mrs. Fenner and Esther along. We came home in the evening with pincherries, June berries and blue berries. On the way home we stopped at Big Bass lake where I had arranged with some kids to get me some frogs and the lady at the house there told us that she had heard that there were lots of blueberries over in the Emily and Outing territory. We decided to go blueberrying Tuesday and at 7 o'clock started out, Ray and Esther, the Missus and I. It is about 40 miles to Emily and after spending some time around there we had not found the berries thick enough to warrant staying, so we decided to strike northwest toward Canada. We had taken a lunch with coffee pot and the makings and planned on stopping to make lunch at noon. Before noon it started to rain and at noon we were at Black Duck way up north and went to a cafe for dinner, saying we would eat the sandwiches, etc., at night. We went on north to Little Fork which is only 25 miles from International Falls, and scouted around there for berries, got some 15 quarts when we saw a bad looking storm coming up, and drove into town, thinking to stay the night and pick berries the next day. The storm struck and it was such a terrible rain that we realized that, even if it cleared up, it would be noon of the next day before we could get into the timber to pick berries. We talked around a little and soon found a trucker who was there to

buy the berries from the pickers and we bought a couple of crates of berries from him. Then I found a picker and bought 11 quarts from him at a less price and we had around 60 quarts of the finest blueberries to be had and it was still raining some and about six o'clock. We were about 200 miles from home and we started, eating sandwiches, pickles and hard boiled eggs as we drove along and when we got down to Walker, 50 miles from home we stopped and got coffee and hot dogs and drove on, arriving at the cottage at 11 p.m. It was a very enjoyable trip in spite of the rain and we saw a lot of country that we had never seen before.

When we drove into the yard there set a car with a Wheeler county license on it and we said at once, "The Frank Gross" have come to visit us." We went in and found they had arrived about 5 o'clock, the Fenners had invited them to eat supper and taken them for a boat ride and they had gone to bed. We are having a delightful visit with them and Mr. Gross, who was putting in his time superintending his big ranch for a long time, is catching up on his sleep and rest and enjoying the nice cool weather.

CARE OF COUNTY BOARD
By George Gowen

We Don't Pay the Preacher. When in Ord the other day, the ever occurring question was "What's the matter with you folks down there? Aren't you doing right?" Neither here nor at Scotia will we admit that we are not having right. Few towns can boast of a smaller criminal record than these communities. But on another score we will have to admit we have been lax. That is in paying our bills and paying the preacher. It is true we are not paying the preacher enough. We are like the man committed to jail for not paying his alimony. But while he is in jail he can't earn any money to pay it. That's the only reason we can think of why it rains every

All sorts of predictions are rife as to what is going to happen to these few communities over the state (so the traveling men say) that have again met drought and crop failure. It is not likely that aid or help from the government will come any more when the statisticians are reporting bountiful crops everywhere. Sympathy goes in waves and these few communities could hardly wall loud enough to be heard.

One man said, "There will be a new bunch come in and take our places." Most the fellows here are borrowed beyond prospect of repaying now. They did that last spring, grabbing the last straw in hopes of something this year. We would have been satisfied with any kind of a crop this year. First we hoped for even twenty bushels to the acre. Then a little corn. I heard a man say yesterday, "If it would only rain so we could get some fodder."

A wealthy land owner was talking to me the other day. At least we always thought of him as well to do. He said, "My wife and I can live pretty cheaply. But how am I going to pay my taxes year after year with no crops?"

Yes, a new bunch of fellows will come and take our places. Families have been leaving all year. Three left last week, three more are going next. It may be the best thing for us in the long run, who knows. We should be glad

"UP" ON THE FARM

we have been able to hang on as long as we have.

Pastures.

Ed Hish was back here from Illinois two weeks ago on his vacation and while here bought a truck load of thin horses for a man back there. He said he was turning them in a pasture of blue grass that was this high. He reached down with his hand and measured to his knees.

Even if the grass was half that high it would be some different than our pastures that have mostly grown up to weeds in the last few years and now those weeds are dying. One of the most serious calamities that has happened to this country is the losing of the blue stem in our pastures. The buffalo grass seems to stand it better. Many wonder if the rains, if they ever do come again, will revive the blue stem. As yet there is little evidence of it.

Grain Drills Sell Now.

There were two sales held down here recently—men leaving for better parts. The general opinion was that things sold very cheaply, although it was told that one may was, on the whole, quite well satisfied. For the most part this is a poor time to sell out. Horses are always thin. No one needs machinery unless it is a grain drill.

The sacrifice in holding a sale at this time of year, many think, would be more than a person could earn working from now until next spring. However, there is another point. There will be little feed here and most men have no money left to buy with. The cows and stock would hardly grow and produce enough to pay for the feed, or would they? It is a question.

Biggest Whiner.

There's a happier side of the situation however. At one place of business there has been a frequent discussion and debate over who is the best whiner in the community. There are several prize winners and many in the race. We are all more or less, in the same plight and many are trying to not mention or even think of the drought here. One man said he believed he could get along pretty well if he hadn't planted his corn so close to the front door. The constant looking at it, a dozen times a day, taxes his will power to the limit to keep on sowing.

Another example of the courage displayed were the jokes at Ernest Lee's sale. For example when a new scoop end gate was sold for seven cents, and when throw boards were offered and many pretended they didn't know what they were for.

It is a contest now of who can be the bravest.

Not Original.

Failure's just a resting place On the road to try again Just a slackening of the pace And a pause for sturdy men; Just a temporary halt On the march to wealth and fame Where you can correct your fault And go on and play the game. Failure's not a thing to dread It is just a hint to you Ere you dash too far ahead To be careful what you do. It's the side-track where you wait For the passing fast express Get up steam—the run is straight Out of failure—to Success.

Just a Little More.

One family that left last week was so anxious to go they departed in a truck for the northwest with a three weeks old baby. Or at least that was not far from its age. The predictions were that the baby would never make the trip but no bad news has come yet.

My wife says when we leave, we can't go south where they don't

have heating stoves. The reason is that if we did I would have no place to put my shoes at night.

Something DIFFERENT

Several people noticed in the Quiz when the premium lists for the Valley county fair were printed a quite laughable error. Prizes were offered for the best "caprons."

But Caprons are a little scarce in Ord just now, what with the departure of Arthur and his family for the northwest country, and his mother leaving town a few days ago to visit him.

We all enjoy driving on Ord's not-too-plentiful paving, I am sure. Notice where you drive the next evening you take the car out for the purpose of "cooting off" these unseasonably warm evenings; you will undoubtedly wander up the hill, turning on the paving and also pursue the paving down the highway to the west. We all like to drive on it.

The gravelled highways into Ord and the gravelled streets of Ord would delight drivers if they were oiled. Couldn't this be done?

And Ord housewives would jump up in the air and crack their heels together at the idea of any lessening of dust to swipe off the piano.

A recent, the last I believe, issue of the American Home magazine shows a little picture of the home of Dr. and Mrs. C. J. Miller of Ord. Have you seen it? Of course a larger picture would do better justice to the handsome brick home of the Millers.

—oo—

A fine carnival was held at the O. E. Johnson home Friday afternoon with many neighborhood children enjoying the show. The little Misses Donetta and Carol Johnson were the guiding geniuses aided by other small children and small animals. There was a fortune teller, togged out in beads and much red paint. There was a fishing pond. There was a cool colored drink. There were hamburgers. There was a performing black bear who became tired early in the afternoon and refused to perform any more of his doggy tricks. Prices were usually a penny or two or three.

And the carnival "made" a whole dollar, or a bit over. But the fun they all had in planning and doing amounted to a lot more than that. —oo—

Mr. Edward Farmer, the engineer, had a lot of fun teasing his small daughter lately. Margie is a pretty, plumpish baby of three past. When Farmers moved into the former A. Sutton home which is now converted into apartments Mr. Farmer warned Margie she must not dig holes in the lawn with her little shovel.

That very morning the plumbers came to dig a great hole in which

WASHINGTON LETTER BY SPECIAL CORRESPONDENT

Roosevelt-Lewis Split Believed Improbable in Spite of Rumors

BY SPECIAL CORRESPONDENT

WASHINGTON.—Those who say there is or soon will be an open break between President Roosevelt and John L. Lewis may have a long wait before they can collect their bets. Lewis has let the word get out that leaders of the C. I. O. feel Roosevelt has let them down, and has implied that the President may lose labor support.

The President did not want the C. I. O. to lose the steel strike. He did much quietly to help Lewis. But Roosevelt, much more sensitive to public opinion than Lewis, responded to pressure from other groups upon which he depends for support. The President decided not to go to the limit toward helping the C. I. O. win the strike, and further decided to reprove the Lewis group gently. Privately, the President admitted that reports of dynamiting by strikers made it necessary for him to indicate publicly that he and Lewis were not going along hand in hand.

Personally, Roosevelt has no great liking for Lewis, but e feels Lewis is just the ambitious, aggressive, leader that Labor needs. It is doubtful if Lewis appreciates the fine points of Roosevelt's behind-the-scenes strategy employed to help the C. I. O. Lewis has his own technique which is to growl and complain when the administration fails to be as helpful as Lewis thinks it should be, and to mutter the threat that his political machine will cut loose from the New Deal, possibly form a farmer-labor party.

BUT unless Lewis arrogantly goes too far, the President will not break with Lewis. And Lewis in spite of all his grumblings will not break with the President as long as the books balance as they do now.

The United Mine Workers and affiliates contributed nearly a million dollars to last year's Democratic campaign, and delivered a good many votes. But Lewis realizes Roosevelt's importance in the General Motors victory; that Roosevelt must be thanked for the National Labor Relations Board, and must be looked to for an effective wage-hour bill and a Supreme Court that will be friendly to labor.

to bury the fuel tank for the furnace. By noon the hole was several feet wide and much longer. Mr. Farmer came home to lunch, spied the hole and immediately tackled Margie about digging such a big hole in the lawn.

And now will I hear from the lawyers. Hope I don't get into any law suits soon and need a good lawyer.

American Standards High.

One measure of American wage standards in the amount of goods an hour's work will buy. For example, a baker in this country could buy 2½ times as much coffee with an hour's wages as could a baker in Sweden; more than twice as much bread, and one and one half times as much butter or eggs or beef or potatoes. And Sweden has one of the highest living standards in Europe.—Wheeler Co. Independent.

With the hunger for bread was the thirst for water, and thirst affected these children of Israel as it has affected the thirsty in every age. They murmured against Moses. Why had he brought them out of Egypt, that they and their children and their cattle should suffer and die?

Here in our lesson is the story of the quails and the manna, with the teaching that the Lord will provide for those who hear His word and obey His call. Bread from heaven was this manna, and we are apt to forget, in the intricacies of modern life and in the abundant productivity of our modern world, exploited with all the wonders of agricultural machinery, that all bread comes from heaven.

Man cannot create so much as a loaf without the help of the mystery of nature, and the miracle of the manna is, after all, no more wonderful than the miracle of our daily bread. It is a miracle simply of a somewhat different sort and different emphasis, and possibly it requires a different sort of apprehension and belief.

MOREOVER, the symbolism reaches very deeply into the realities of human responsibility. Manna was given only for the day. It was not some miracle by which everything was provided for man, with no responsibility resting upon himself. If he did not do his part in gathering the manna while it was fresh, there was none left over for the next day, for it became spoiled if they sought to keep it.

The lesson of the story of God's feeding the people in the wilderness and of satisfying their thirst is that all along the journey of life, the goodness of God and the rich provision of His grace are available for man.

Dear Friends: We are very sorry we were unable to be present with you last Sunday to carry out the services as planned. But late Thursday p. m. Mrs. Reger received a telegram that a brother-in-law passed away and the funeral to be Sunday afternoon. So we left Saturday noon for our folks' near Marrowville, Kas. Before we return we plan to go to Oklahoma to a reunion of the Reger's. Most of the special services at Davis Creek planned for last Sunday will be postponed until Sunday, Aug. 22. Please be with us then. May God bless each one!

Tom Springer Elected Legion Commander

The American Legion met at the hall Tuesday evening for the purpose of electing officers for the coming year. After some talk Horace Travis made a motion that a committee be appointed to frame a letter endorsing the Sheppard-Hill bill, taking the profits out of war. This bill has been used as a football by congress for a long time, and the Legion believes that it should come to a showdown. Delegates were to be chosen for the state convention which convenes at Scottsbluff this month. When volunteers were called for, C. J. Mortensen stated that he might be able to go, but no others felt that they could get away. On motion it was left up to the commander and adjutant to select the delegates as soon as the letter authorizing such selection was received. They are anxious to get in touch with any members who desire to attend.

The disposition of the reference library which the Legion won for their outstanding achievements in the 1937 membership campaign was considered, but was left for disposal at a later meeting. At the election of officers for 1938 Tom Springer, present adjutant, was elected commander by the unanimous vote of the members. Four candidates were put in nomination for adjutant, C. B. Wardrop, A. L. Hill, Harry Wolf and Roy Severson. It took four ballots to determine the winner, Severson finally winning out over Hill by a vote of 9 to 6. Hill at once moved to make the selection unanimous, which was done. For vice-commander Bob Hall and Cash Rathbun were nominated, Hall winning in the voting.

Four members were selected on the executive board, Cash Rathbun, Cecil Clark, Ed Vogeltanz and Jim Gilbert being nominated and elected. A committee from the Ladies Auxiliary conferred with the Legion and stated that they had decided to run a lunch counter at the Loup valley fair. They asked the cooperation of the Legion, which was promised. There was a talk on the membership drive, which is to begin at once and continue until every 1937 member is signed up and as many new ones as can be found. The roll call system devised by Alfred Wiegardt will be used. The new commander brought up the question of an Armistice day dance, and the membership was in favor of holding it as usual. At the next regular meeting speeches by the new officers will be in order.

'Strictly Business' Flights Over Atlantic Herald New Day in Commercial Aviation

Blazing a new trail through the airways, a clipper ship, of the type shown in the above picture soaring over mid-town New York, made the first successful "strictly business" flight over the Atlantic recently, by way of Botwood, Newfoundland, and Foynes, Ireland. Pan-American and British Imperial Airways are co-operating in making careful experiments for what is hoped to be a regular trans-Atlantic passenger, mail, and freight service from New York to London. Capt. Harold E. Gray, above, commanded the huge Sikorsky flying boat which made the first flight. Pictured next is a member of the crew making up one of the berths, while below them is a map of the proposed route, and the one which the clipper ship followed.

A GIANT, four-motored Sikorsky flying boat slipped off its runway at Port Washington, L. I., the other day, its engines humming a full-throated song of power. In a few seconds it gained altitude, pointed its nose to the northeast and roared off through the skies for Botwood, Newfoundland.

Lingering briefly at Botwood for refueling and inspection, the ship then headed out over the Atlantic Ocean, and winged its way to Foynes, Ireland. From there it was only a comparatively short hop to Croydon Field, London, and the first "strictly business" flight in the interests of commercial service from America to England had been completed.

Numerous flights have been made from America to different parts of Europe, each one indicating that some day it would be possible for regular commercial service to be established. Now with business and trade ties more closely-knit than ever before, Pan-American Airways is attempting to demonstrate the time has come to take the first steps toward setting up this service.

However, there were obstacles to be overcome before even test flights could be made.

Pan-American is conducting the experiment with British Imper-

ial Airways, which gave rise to a question of international diplomacy.

In order to insure the greatest degree of safety in transporting passengers, mail, and freight, it was necessary to select coastwise points at both terminals as the most vital links in the route. And Great Britain holds sway over both points—Botwood, Newfoundland, and Foynes, Ireland.

Much political red-tape had to be unwound before the two nations could agree on a working agreement, and that, only after British Imperial agreed to accept New York City as the final terminal of the system, instead of Montreal, as the English would have preferred.

Now with business and trade ties more closely-knit than ever before, Pan-American Airways is attempting to demonstrate the time has come to take the first steps toward setting up this service.

So it is with Pan-American's Atlantic service. Once again it

will be a matter of trial and

error and careful observation before hundreds of passengers and thousands of pounds of mail travel back and forth between the world's two largest commercial centers.

In the attempt to prove the value of heavier-than-air machines for trans-Atlantic service, gigantic flying boats quite similar to the China Clipper will be used. Four 740-horsepower motors will provide the power. Cruising speed will be at least 180 miles per hour.

Ample room for thousands of pounds of gasoline and oil will be necessary, but still there will be space for sleeping accommodations for passengers and crew, for the kitchen, for a promenade cabin, radio room, and mail, freight, and baggage.

Although the huge ships later to be used in the actual operation of trans-Atlantic service may not be superior to the great craft which recently made the first successful test flight over the proposed route, Pan-American and British Imperial intend to carry on their careful experiments.

No definite time has been set for the first flight with passengers and freight, but in all probability it won't be made until the two transport companies feel they have everything as letter perfect as they can make it.

For years Pan-American has been planning, experimenting, watching, and waiting for the day when it could actually begin operations. Already its giant clipper ships have spanned the Pacific, but that venture too, was completed successfully only after flight conditions and half a million experimental miles had been flown. Not until months of painstaking preparations had been finished did the China Clipper carry passengers and mail.

Miss Anne Papernik of Elyria was taken to the hospital Sunday morning following an automobile accident which occurred between Burwell and Taylor. The car which she was driving failed to negotiate a corner. Several stitches were taken to close a gash in her leg just above the knee.

Primitive Man Entered Loup Valley Centuries Before Pioneers

Arrow Heads, Stone Axes and Other Works Found Along Loup River Show That The Mound Builders Were Here.

BY RAY COLTON,
Science Writer.

In this article which is the fourth and final of the series dealing with the prehistory of what is today Valley county, the writer closes with a discussion of the artifacts of primitive Nebraska man which have been found in or part of the United States. About 2,000 years ago would be a fair estimate of their approximate arrival in the Loup River Valley. Village sites with accompanying debris and arrow heads appear along the Loup at several points. In the area south of Scotts in adjoining Greeley County, several arrow heads of both cultures have been found. A buffalo skull found in that area contained one of the points embedded in the skull.

Primitive Man Enters The Loup River Valley.

Leaving behind the ancient Nebraska Sea, the vast jungles and other contributing factors of the prehistory of what is today Central Nebraska, we reach that period of the past, when the first cultural forms of mankind were inhabiting the Loup River Valley. On the basis of the arrowheads, stone axes, scrapers, portions of pottery, etc., which have been found along both the Loup and the Middle Loup, it appears that a combination of races, namely: Mound builders and Indians are involved in the early habitation of this part of Nebraska. Archaeologists from the state university

are learning who have studied these artifacts, have been able to determine that two distinct cultural periods are represented. The Mound builders were no doubt the first here, migrating from Asia by way of the Bering Straits to the North American continent, and then southward through Canada and into this part of the United States.

About 2,000 years ago would be a fair estimate of their approximate arrival in the Loup River Valley. Village sites with accompa-

nnying debris and arrow heads appear along the Loup at several points. In the area south of Scotts in adjoining Greeley County, several arrow heads of both cultures have been found. A buffalo skull found in that area contained one of the points embedded in the skull.

Fish points and battle points which have been found in the area north from Ord along the Loup, show a remarkable degree of primitive culture. Obsidian and flint are the predominant materials used in the manufacture of these points.

Stone scrapers of the Mound builder culture show a high degree of workmanship, while those of the Indians are poorly made.

Village Sites In Valley County.

A search along the route of the Loup River from a point north of North Loup to a point north of Ord near Elyria, reveals over a half dozen ancient village sites.

No doubt much of interest lies beneath the soil of these ancient camps. Archaeologists when time permits will attempt to find the secrets which the ancient Nebras-

ka man has buried at these points in Valley county.

In the classification of the arrow heads which have been found in Valley and Greeley county, there is evidence of superior workmanship in those of the Mound builders, and a lack of workmanship in those of the later Indian races. This discrepancy in culture is determined by the

DOC BIXBY ON ORD.

Mrs. Ben Eberhart ran across the poem by Doc Bixby, given below, while looking through some old papers recently, and handed it to me. It is just as appropriate today as when it was written more than 40 years ago. Doc Bixby of the State Journal climbed the golden stairs long ago, but his poems live on.

The other day I went to Ord Where I had heard it said, The boarders could not pay their board And everything was dead.

They've had two years of ruined crops (With Cleveland president), And four of Rhodes and other Pops On devastation bent.

The cattle on a thousand hills Subsist on grass and weed, And, in the valley, roller mills Long since ran short of feed.

But, midst the ruin and the wreck, Some feel as fine as silk: The good old spotted cow named "Speck" Still gives a quart of milk.

Some have a little money left And they are filled with hope, And glad share with those bereft A portion of their "soap".

Out there they need some grain for seed, And need it right away: If giving makes Nebraska bleed, Then let'er bleed, I say.

It better people can be found Than in the town of Ord, I've never seen them walking 'round This mundane sphere aboard.

I never had a better time, Though far too short a one, And never will until I climb The golden stairs—I'm done. A. L. Bixby.

14 Farm Supervisors Busy.

Farm supervisors are now working in Valley county measuring up the acreage of conserving crops which have been planted by the farmers cooperating in the agricultural conservation program.

Fourteen supervisors have been employed by the association and

instructed to have all farms inspected within the next three weeks. The local association hopes to speed up the job of getting the checks out to the cooperating farmers this year, and get them into the hands of the cooperators much earlier than was done last year.

Farm Program For 1938 Being Planned

C. C. Dale, county agent, left Wednesday morning to attend a two day meeting at the Nebraska college of agriculture to consider the outlines of the 1938 agricultural conservation program. At district meetings held in June, one county agent and one farmer were elected from each of the six districts in the state to attend this meeting.

They will have the tentative program presented for their consideration by officials of the U. S. department of agriculture, after which they will sit as a committee to make additional recommendations or to recommend changes in the program for the benefit of Nebraska farmers.

It is expected that the 1938 program will be completely lined up and ready for presentation to farmers by January, 1938.

"Track In Excellent Condition" - Strombon

Following the light rain Monday night the county engineering crew were busy as bees Tuesday morning packing down the already hard surface of the Ord auto race track. County Engineer H. O. Strombon said Tuesday morning that "the track has never been in better condition."

Men have been dragging the track nearly every day for the past three weeks, working especially hard after each shower, the dirt being easier to work when wet. Dragging will continue for another week, after which the men will begin putting calcium chloride on the track and working it in. The track will be sprinkled day and night several days before the fair starts to insure the spectators of dustless races.

News from the State Capitol

BY FRED J. MINDER.

Higher taxes for Nebraska appear inevitable. The grand assessment roll for all tangible property, fixed by the state board of equalization and against which the 1937 tax levies are to be made, show a valuation of \$2,058,195,872 compared with \$2,060,835,163 in 1936, according to reports released by State Tax Commissioner William H. Smith.

The reduction, \$2,839,296 under last year, is approximately one-tenth of one percent. The figures may be subject to slight change upon presentation to the board before the state levy is made August 2.

From figures furnished by the state accountant showing the appropriations made by the last legislature, less the possible cash income, it is evident that the tax levy for state purposes this year will be approximately 2.67 mills, representing \$2.67 for every \$1,000 valuation compared with \$1.76 per \$1,000 valuation last year.

The accountants' office figures the total to be raised this year by state tax at \$6,442,842. The figures are based on legislative appropriations for the biennium amounting to \$12,373,837 to be paid out of the general fund, one-half of which is collectable this year, the other half next year. To this is added the emergency appropriation made by the legislature amounting \$255,923. From the total amount may be deducted \$105,000 estimated income from intangible taxes, about \$900,000 estimated miscellaneous fees and \$100,000 loaned to the state liquor commission two years ago to start operation.

After the deductions are made, the board probably adds three percent to cover possible tax delinquencies, leaving a net sum of about \$5,497,937 to be raised by this year's tax levy. Last year the net was \$3,167,069, due largely to the fact that the general fund inherited \$1,138,000 from the tax on 3.2 beer which after the liquor control board commenced operation and liquor taxes were assigned to relief.

Despite the slight change in the total valuation of all tangible property compared to 1936, there is a marked change in many of the items going to make up the valuation. Most pronounced is the fact that railroads were increased approximately \$11,000,000; automobile values increased \$7,000,000; tractors about \$4,000,000; threshing machinery and combines about \$500,000.

Valuations on cattle decreased nearly \$11,000,000; horses decreased over \$4,000,000 and hogs \$5,000,000 or about one-half.

Noted too is a marked decrease in the value of grain on hand. In corn, there was a decrease of nearly \$5,000,000 over that of 1936. In oats the decrease was about \$1,000,000 while wheat remained about the same, with a very small variation either year.

The tentative valuations for 1937 compared to 1936 on lands was: For 1936 \$1,136,629,834; for 1937, \$1,136,408,362. On town lots: For 1936, \$444,643,649; for 1937, \$443,792,168. On personal property: For 1936, \$479,556,655; for 1937, \$477,995,342.

Keith Neville, ex-governor and former democratic national democratic committeeman, of North

Platte, was named chairman of the "Cochran for President" club inaugurated there, Cochran's home town.

A survey of Nebraska's supreme court indicates that its youngest member, Justice Edward F. Carter, 40, of Gering was the greatest dissenter in the last 273 rulings entered. Carter wrote 35 opinions—more than any other member of the court and dissented from the majority seven times since last September. On the other hand, Chief Justice Charles A. Goss, 73, of Omaha, was the only member to agree consistently with his six colleagues, making no dissents whatever. He ranked second as an opinion writer with a total of 33.

Bids for an estimated \$440,000 worth of highway work in Nebraska will be received by the state engineer August 12. The expenditure will be from \$172,000 federal aid funds; \$200,000 state construction funds; \$8,000 U. S. works program and \$60,000 state maintenance funds.

Governor Cochran let it be known rather definitely that he was opposed to a special session of the Nebraska legislature.

Declared the state executive to some 30 Omaha women and their spokesman Isaac Konecky when he was asked to call the solons together to provide relief funds: "I can see no use in calling the legislature together, unless they want to be called and I can really see no necessity for a special session. Conditions are about the same, or even better for the state as a whole than they were when the legislature met."

The Omahans trekked to Lincoln in trucks and private automobiles.

Konecky told Cochran women and children were starving in Omaha and Douglas county "hasn't a dime" of relief money. The spokesman for the women expressed the idea that the legislature should meet and provide about \$3,000,000 for direct and work relief of which \$1,000,000 should go to Douglas county.

Grasshoppers that remained as probably the only menace to the crops in the state, since abundant moisture has come over most of it, appeared to be having internal troubles. First there was the attack by the fly-maggot and now they are found to be heavily infested with hairworms. The hairworm infestation is not as harmful to the hopper as the fly-maggot, but has its advantages where the farmer is concerned. It slows down the hopper. The worms vary in length from several inches to as many as 15. They are as slender as thread, develop normally in grasshoppers and crickets, particularly the latter, and are found over most of Nebraska.

Valuations on cattle decreased nearly \$11,000,000; horses decreased over \$4,000,000 and hogs \$5,000,000 or about one-half.

Noted too is a marked decrease in the value of grain on hand. In corn, there was a decrease of nearly \$5,000,000 over that of 1936. In oats the decrease was about \$1,000,000 while wheat remained about the same, with a very small variation either year.

Surprise was expressed by Senator George W. Norris at the "70-20" vote by which President Roosevelt's supreme court bill was returned to the senate judiciary committee, and thereby shelved indefinitely. Norris said he believed there was a definite understanding that some judiciary reform measure would be enacted before the close of the present congressional session. Norris is vacationing in Wisconsin, and his health is reported to be much improved.

Back from points east where he inspected floodlighting of big buildings, Leo Swanson, state land commissioner said he soon would call for bids for lighting the Nebraska capitol tower. At present the only light at night shining from the tower is a red blinder between the feet of the sower.

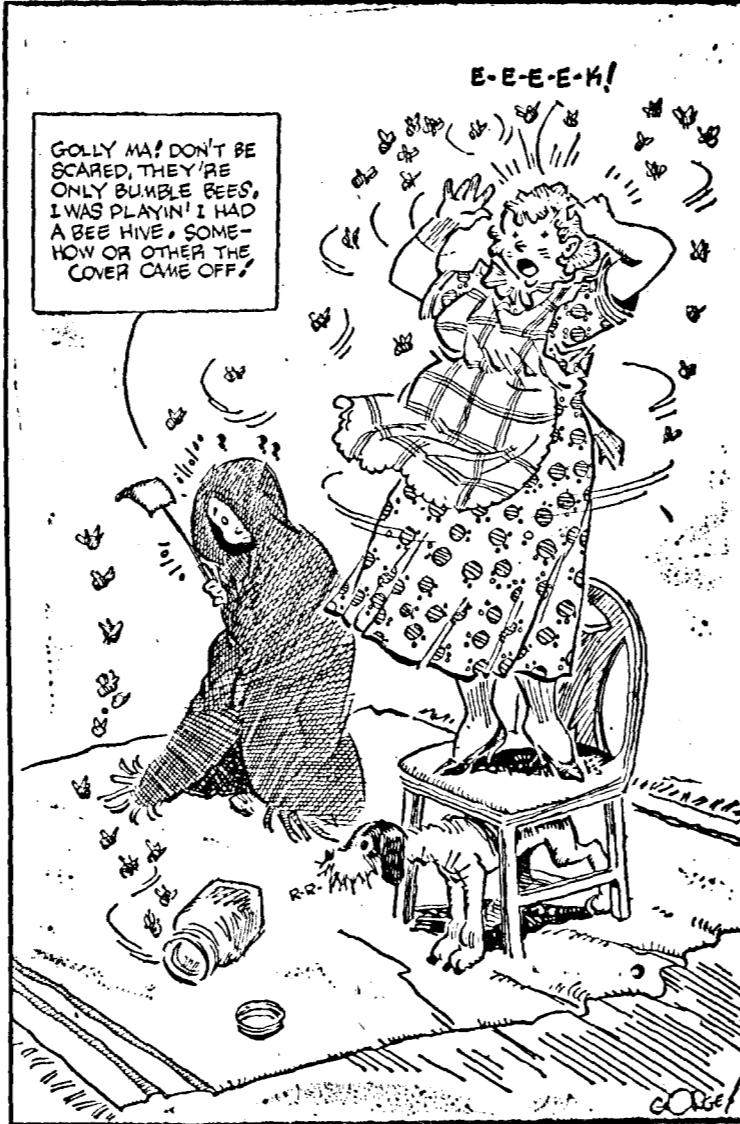

Losses of about \$15,000 to wheat and barley fields because of fire have been reported by Horace Davis, state fire marshal.

For 24 years William Kirby has been at the state penitentiary, steward of the institution. He has resigned, effective August 1, to stay in Lincoln to "do something with less responsibility." Kirby was appointed by former governor Morehead.

Held to trial in district court at Rushville, Frank Marsh of Lincoln former secretary of state; Jules H. Johnson and Roscoe Self, both of Lincoln, were under bond to \$3,000 and returned to jail. The men are charged with defrauding Del DeHavens of Hay Springs in a stock promotion transaction.

Pleading for cooperation in the statewide fight against bindweed infestation, W. H. Brokaw, extension director of the Nebraska agricultural college and chairman of

The Great American Home

the state weed advisory committee wound up a tour of York county with a big meeting at York.

"It is not a job for one farmer or two farmers or a hundred farmers," declared Brokaw. "It's a job for everyone in Nebraska."

Another speaker declared 400,000 Nebraska acres are infested. James Lawrence of Lincoln declared: "The pioneers of this state had no more serious problem to face than you have here."

QUIZ FORUM

Coats Asks Questions.

To the Editor of the Quiz: Here are a few questions I would like to ask of George Gowen, Care of the County Board:

Well, George, you have been writing for a long time care of the county board, but I haven't seen where you mixed in their business yet. George, can you tell me this—why do a lot of people take government money with one hand and cuss the government with the other, so to speak? A lot of people blame the government for the drought—can you tell me who is to blame for the hall storm which knocked me out of a corn crop? Can you tell me why there are so many blank corn stalks this year? Is it because we haven't raised anything but a blank for five years so the corn is getting used to being that way? And George, I haven't raised any hogs for four years so am behind the up-to-date method of raising pigs, so I ask you this one—do people thresh their pigs or raise them as we did when we raised crops B. D. (before the drought).

A fellow from South Dakota radios every day to sell us pig feed that will make the pigs weigh 200 lbs. before threshing time, so do they thresh pigs nowadays? And George, lots of people are asking me about pasteurized milk. They want to know how we get pasteurized milk in the winter time when the pastures are under the snow. And George, don't you think it cruel to heat the milk to kill the germs? Don't you think the germs would taste just as good raw? Maybe I am wrong about it, but I always figured milk from a healthy cow was as pure and healthful as it possibly could be. Of course if the dairyman is so careless as to let a lot of big nasty germs get into his milk then he should pasteurize it, even if it is cruel to the germs.

Well George, come around to the dairy barn and see me at the Ord fair. I will show you the kind of cows that give milk that don't have germs.

Ernest S. Coats.

Find Weird Hopper Near North Loup

Last week's issue of the North Loup Loyalist tells of a weird looking grasshopper found by Stephen Clement on an apricot tree near the Clement home.

The hopper was unusually large; much larger than those of the species so common in this section. It was beautifully colored, being marked by delicate pink and green. On its under side the hopper was white in color and jointed. Long legs and feelers and a wicked looking head completed the strange looking creature.

Mr. Clement stated that the grasshopper was of the type known as the sand hill hopper, this variety having been known to grow as large as sparrows. They will eat anything when hungry. Although a bright looking specimen, this is not a poisonous variety.

Closed From Without.

The first of the week Mr. and Mrs. Gus Asplund closed their bakery here and moved the equipment that belonged to them back to Burwell, from which place they came early in the year 1936 and opened their bakery March 23. We suppose conditions caused by the long depression and several years of drought are the cause of closing the bakery. Had the bakery been able to sell all the bread and baked goods sold in Sargent the result might have been different.—Sargent Leader.

Was It A Stork?

The Palmer Journal contains the following "Correction": Five times in one article last week the Journal misspelled "hybrid" calling it "hybird." We would like our readers to know that in this instance it was not ignorance, but an oversight in the proofing that was the cause of the error. Perhaps the hybird that brings the babies.

Arthur Conuls of Kentucky, who says that he has been working at Casper, Wyo., and that he was on his way home, was picked up down near the depot Monday afternoon in a very intoxicated condition. He was putting on a party there and making quite a disturbance. Hauled into court this morning, he was given a fine of ten dollars and costs of \$8.00 in the lack of which he is laying it out with the two others who were already in. This is the largest number of guests the Ord jail has had for some time.

All the Carlsen children were home last week for the funeral of their father with exception of Paul, who recently went out to California with his uncle, Paul Jones.

Mrs. Paddock reports that her son, who is in the CCC camp near Custer, S. D., has written home for his overcoat, stating that it is so cold there he needs it at times.

Brief Bits of News

Zola Starz returned to her work in Omaha after a month's visit with her parents, Mr. and Mrs. H. A. Starz.

Mrs. B. M. Hardenbrook and Miss Mamie Smith were guests of Mr. and Mrs. Ed Thompson on an auto trip to Ogallala, where they visited their nephews, Anthony and Glenn Thompson and families. While there they inspected the Keystone dam, the break in the siphon at Paxton and the reservoir at Sutherland. They were away from Friday morning until Monday evening.

Mrs. Bill Cowan left for Madison, Wis., Wednesday morning. At St. Paul she picked up Mrs. Gerald Cowan. The ladies took as much of Mrs. Gerald Cowan's household goods as they could haul, leaving room for themselves and their daughters. The Gerald Cowans will live in Madison, Wis., where he has a situation working in a Firestone tire and auto supply store. The Bill Cowans have been established there for some time.

Misses Barbara and Marilyn Parks and Patty and Willa Joyce Achen, addie and abetted by a number of other little friends, put on a high quality carnival Tuesday afternoon in the grove on N street just west of Mrs. Nancy Covert's place. Those who attended were loud in their praise of the way in which the carnival was carried out. The girls made a tidy sum from the venture.

"A universal Christian church," recently declared Dr. Samuel M. Calvert, a New York church leader, "cutting across national lines would force governments to abandon war". By the same sign if all the American church pulpits which, in 1916 and 1917, proclaimed FOR war, will begin at once to speak out against our own country becoming involved in an hostilities excepting in case of attack, just as the American Legion is prescribing, our country will be kept out of war.

Looks Good For "Brock" This Fall

Coach Helmut Brockman, now completing a coaches training course at Northwestern University, is going to have plenty of material to work with this year for his 1937 football squad.

Already the football fever has struck Ord youths, even if it is a hundred in the shade and the football season is well over a month away.

Nearly every night about 30 or 40 boys meet on the street in east Ord for a good old game of "pass and touch." It's only pass and touch now, but wait 'till this fall—there's going to be some football team!

Expert Timer Hired By Fair Association

A vast improvement is going to be noted in Ord's auto races this year. Why?

For the first time in the history of the fair a professional starter and timer will be in complete charge of the races. Each race will be started and timed in an official manner, coming up to all racing regulation specifications.

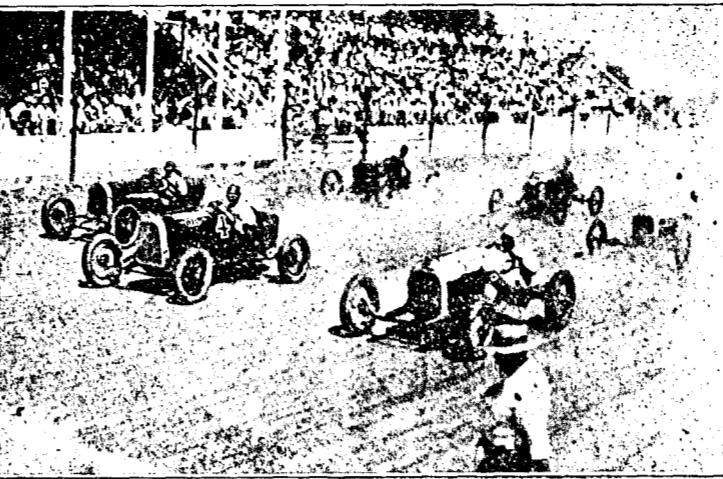

Joe Fahnstock of Lincoln has been secured to fill the capacity of timer for races this year. Fahnstock is one of the best men in the business, being employed as a starter and timer at nearly every racing center in the middlewest. Fahnstock is widely known to racing drivers and receives high praise from them for the way he conducts races.

Timing is to be done by means of a new timer, not electric, but hydraulic. A small oil-filled cable which works on somewhat the same manner as a hydraulic brake will be used to time the races. This is one of the most accurate devices known for timing races and is widely used. Fahnstock owns this outfit and uses it on all his jobs.

With an expert starter in charge, the delay in getting races started which is so bothersome to the spectator is expected to be completely done away with.

Watch Those Speedsters Go This Year!

If it's thrills you want, don't miss Ord's big fair and auto races Aug. 24-27. People in the "know" say that the races are going to be faster than ever this year. The track is in as good a shape at the present as it was last year during the races. Everything is about ready—let's go!

"Big Chief Wahoo"

Well Known Indian, Slated For Races

Joie Chitwood, Kas., Indian Pilots Car of Late Red Campbell.

Clyde Baker, superintendent of racing, announced Wednesday morning that it is almost a certainty that Joie Chitwood, the only American Indian who has reached the heights of fame in the auto racing sport, will compete in the Ord auto races Aug. 24-27.

Chitwood is driving the car of the late Red Campbell now owned by Ralph Morgan of Indianapolis. He is now competing in the east where he is taking everything in sight. From the Greenville Speedway Bulletin, Greenville, Ohio, we take the following clipping:

"Joe Chitwood, 'Chief Wahoo,' is a true gentleman and a genial person. His model of a racing driver was the person who formerly drove the Morgan-Miller, the one Chief is now piloting, the lovable, late champion Red Campbell... Let me tell you readers right here, when that redskin takes the track, he sure attracts plenty of attention with his brilliant driving."

Another clipping from the same paper states that "Joe Chitwood, the St. Joe redskin, drew more attention than all the other stars at Greenville recently."

More news of Chitwood's racing ability was found in the National Auto Racing News, national racing news sheet. The article reads as follows:

"Monongahela, Pa.—Joe (Chief Wahoo) Chitwood, full-blooded Indian from Topeka, Kas., slammed his roaring gold bullet to victory in the feature race of the day here July 15.

Chitwood was driving a Morgan Miller Special designed by Harry Morgan of Indianapolis. This mount was the one in which Red Campbell formerly thrilled the crowds and in which he recently rode to his death. However, this fact had no effect on the lead-footed hell-for-leather go-hellion called Chief Wahoo."

At the present time there is a great deal of rivalry between Chitwood and Saylor—the fellow who took a major share of the money at last year's races. Both are scheduled to appear on the Ord track Aug. 24-27.

Percy Stewart of Lincoln and Mrs. Gerald Ryan of North Platte were visitors at the W. J. Stewart home last Wednesday.

Mr. and Mrs. Anton Bandura and family came Thursday from Minneapolis to visit Mrs. Bandura's mother, Mrs. Frank Zulko, and other relatives. They left Monday for their home.

A reunion of a large number of the Ferguson clan was held at Stolley's park in Grand Island Tuesday. Dr. A. J. Ferguson was too busy to get away, but Mrs. Ferguson and daughter Jane were in attendance.

Frank Sinkler Dies In Field As Result Of A Heart Attack

Davis Creek Farmer in Rifle Accident in May, Wound Contributing Factor.

Frank Sinkler, well known farmer of the Davis Creek section, passed away suddenly from his farm about 3:30 Thursday afternoon as the result of a heart attack. He and Arthur Palser had been working in the field and Mr. Sinkler felt ill. He told the Palser boy to help him get the horses to the barn. He took the horses in and put them away and then went to see what had become of Mr. Sinkler, who had started across the pasture toward the house. He found him where he had fallen dead, apparently a victim of heart trouble.

Sinkler was the victim of an accident that occurred on May 21 when he was planting corn. He carried a 22 rifle with him to shoot crows. In some way the gun fell, being discharged when it hit the ground, the bullet striking him just above the left knee and inflicting a wound from which he was still suffering at the time of his death. While the doctor does not believe the wound was a direct cause of his death, it may have been a contributing factor as his system was full of poison from the wound.

Frank Sinkler, son of Mr. and Mrs. N. R. Sinkler, was born at Ord, Nebr., Nov. 28, 1896, and departed this life at his home on Davis Creek on August 5, 1937 at the age of 40 years, 3 months. He had made his home in Ord and vicinity all his life. He was married to Miss Etta Boyce and to this union one daughter was born, Juanita Sinkler, now of California.

In February, 1929 he was married to Mildred Lickly, daughter of Mr. and Mrs. Charles Lickly now of Atkinson, Nebr. To this union were born four children, Marylin Joyce, 6, Richard Royce, 4, Bernadine Charles, 2, and a baby girl four weeks old. His wife, Mildred Sinkler, and all his children are left to mourn his loss.

He also leaves to mourn his passing four sisters and three brothers: Mrs. Lucy Latkin of Crab Orchard, Nebr.; Mrs. Cecil Clark and Mrs. H. H. Hohn of Ord; Mrs. Lee Nelson of Glidden, Ia.; J. H. Sinkler of Litchfield; and Nate and Bruce Sinkler of Ord. His father, mother and one sister, Mrs. Carroll Miller, preceded him in death.

Frank, as he was known to everyone, was very devoted husband and a fine and thoughtful neighbor, always ready and willing to help in time of need, and never too busy or too tired to go to the assistance of a friend or neighbor. Funeral services were held in Sowl's chapel Sunday afternoon at 2:30, with Rev. Mearl C. Smith of the M. E. church in charge. The music was furnished by his neighbors, the Davis Creek choir. The body was laid to rest in the Ord cemetery.

James S. Kilgore Dies At Age of 73

James S. Kilgore was born in York, Pa., Oct. 31, 1863, and passed away in Ord, Neb., Sunday, Aug. 8, being 73 years, 9 months and 7 days of age at the time of his death. Very little is known of his early life before he came to Valley county in 1898. After coming here he was a dependable worker so long as his health permitted him to engage in hard work. For the past ten years he was unable to do any work except light jobs, and he had been practically helpless for some time. Lately he had been taken care of at the C. A. Carlson home. Funeral services were held Tuesday afternoon from Frazer's chapel, Rev. Mearl C. Smith officiating, and the body was laid to rest in the Ord cemetery. Mr. Kilgore was of a genial disposition and was always cheerful to those with whom he associated. The immediate cause of his death was heart trouble of long standing. His one diversion in his later years was playing the violin, and he took delight in playing for his friends whenever asked to do so.

Mr. Kilgore remained single all his life. Recently he joined the Pentecostal faith. So far as is known he leaves but one relative, a niece by the name of Mrs. Belle Brots of Edgerton, Wyo.

Broken Bow Men Buy Gamble Store

Monday a new firm, the Cutler brothers, of Broken Bow, purchased and immediately took possession of the Gamble agency store in Ord, operated for the past two years by C. D. Wardrop. The Cutlers are young men and both have been employed in Gamble stores, one at Broken Bow and the other at Columbus. They are occupying apartments in the Joe Dvorak home. Mr. Wardrop's plans for the future are uncertain but he will remain in Ord for a time.

Miss Valley Co. Will Be Selected At Fair Grounds

Pretty Girls Will Compete For All-Expense Trip To The State Fair.

Who will be Miss Valley County for 1937?

Wednesday night, Aug. 25, on the Valley county fair grounds, several out-of-town judges will determine which young lady is to bear the title when an official unit show of the second annual Miss Nebraska State-Wide Beauty Pageant will be held under the auspices of the Ord Business and Professional Women's club.

The 1937 finals of the beauty event will be staged at the state fair in Lincoln as last year. The local winner will be awarded a free all-expense trip to Lincoln and will there compete with some 150 Nebraska town and city representatives. If successful in winning the title of Miss Nebraska, 1937, she will receive a free, all-expense, 10-day trip to Atlantic City, N. J. in September next year when she will represent this state in the official pageant of the nation and compete for the title of Miss America, 1938 large awards, free trip to Hollywood and a potential movie contract.

Each of the unit show winners throughout the state will have all expenses paid including round trip transportation, hotel rooms and meals, and will be royally entertained.

The local unit show will be staged in a strictly clean and high-class manner. Girls will wear sports, afternoon or evening attire. Bathing suits are positively prohibited. Out-of-town judges, not acquainted with any of the entrants will select on facial beauty, figure, grace and personal charm. The stage presentation is said to be very beautiful, interesting and exciting. A full evening's entertainment is assured.

Lincoln Musicians Again Visit Sowls

Mr. and Mrs. Orville H. Sowl will have as their house guests for a short time a group of popular Lincoln musicians.

Included in the party are Professor and Mrs. August Molzer and family, Miss Eunice Bingham, the young violinist who has already thrilled several Ord audiences with her brilliant and masterly playing, Miss Margaret Baker, pianist who recently graduated from the University School of Music, and her two sisters, Louise and Constance.

All these people except Louise and Constance Baker have been heard in concerts here and these two strangers to Ord audiences are finished artists on the flute and cello. August Molzer is known to everyone and is professor of violin in the University School of Music. This group of musicians is expected to arrive in Ord on Thursday of this week.

Sunday morning the Molzer party will give a program of sacred music at the Methodist church.

Legion Membership Drive Progressing

The membership drive in the American Legion which was

launched less than a week ago under the leadership of Alfred Wiegardt is progressing by leaps and bounds. Much interest is being shown by the members and it is believed that all members will be signed up for 1938 within the required time. The chain letter system developed by Wiegardt is being used and is really getting results. An unusual feature is that several members have already sent in their dues by mail.

The southwest corner of the county continues to show the best corn prospect. Arcadia got a little rain last Friday, about one-third inch, while west of there in Lee Park almost an inch fell. Corn near Arcadia is damaged very little.

In the southeast corner of the county, and east as far as Columbus, corn will be almost a total loss, it is claimed. In the western part of Valley county and on west drought conditions also prevail. Near Ord some corn will be raised and a fair crop may result if cool weather and rainfall come. Pump irrigators north of Ord started pumping water several days ago and will have a good crop apparently.

Last night a light rain fell at Burwell but Ord got only a few drops. A heavy northwest wind blew several hours and this morning the temperature registered only 64 degrees, Horace Travis reports, which indicates that the extreme hot spell is at an end.

Gerber Now In AAA. Johnny Gerber, the fellow who made such a hit with Ord race fans several years ago, is now in the "big time" racing game in the eastern racing circuit, belonging to the AAA racing association.

Here's What Happened in 1936 When Saylor Hit "Death Curve" Too Fast

That's Saylor bending over the car. This accident happened in the second day's races last year when he attempted to swing into the east corner, "death curve," at too high a speed for his machine. Luckily the car was not damaged to a great extent and he appeared in races the following day.

Eleven Horses Killed By Sleeping Sickness

An epidemic of sleeping sickness is decimating the horse population of Valley county, particularly in the National hall district where 11 horses died recently from the disease. Common at this time of year, the present plague is worse than in any year since 1934. Twenty-five cases are being treated by Drs. McGinnis and Ferguson, Ord veterinarians.

If reported to a veterinarian as soon as the horse becomes ill, it is usually possible to save the animal, says County Agent C. C. Dale. Serum is injected into the blood stream as a method of treatment. Horses, when struck with this disease, run in circles and act as though crazy. Later, as fever develops, the horse becomes weak and falls to the ground where he will die unless given treatment.

Farmers who have horses sick with this disease should shut them in a barn where they cannot run around, as keeping them quiet is a big factor in saving them. Only green feed should be given.

Ben Waterman Passes

The Walter Waterman family received word Tuesday that Ben Waterman passed away at the Bailey Sanitarium early Tuesday. The funeral will be held Thursday morning from Sowl's chapel at 10:30 and the full obituary will be printed next week.

Hugh Clement Draws 60 Days; 2nd Charge

Hugh Clement of North Loup was brought before Judge John L. Andersen Tuesday by Marshal James Coleman of North Loup on a charge of intoxication. From the evidence introduced it appeared that the offense occurred Saturday.

Clement had been drinking beer and went into the beer parlor, where he ran across Milford Sample, whom he threatened with a 32 caliber revolver, saying that he ought to kill him. He also invited Sample out into the alley. Before any damage was done bystanders separated them.

In view of the fact that this was his second offense Clement drew a jail sentence of 60 days, and will be required to pay the costs of the action. The first offense occurred April 17, when he drew a fine of \$25.00 and costs of \$10.64 on a similar charge. The gun was secured and will be sold and the mope turned over to his family.

Police Court.

Judge John L. Andersen called the attention of the Quiz to an oversight in the court notes for last week. In the case of John Urbanovsky it should have been added that the defendant was ordered not to drive his car for a period of 60 days.

Triplet Cucumber

This cucumber grown by Mrs. John Horn would make almost a quart of pickles but other gardeners needn't try to get seed to raise a crop like it for this triplet cucumber is a real freak. Each cucumber perfect in itself, the three grew together to form one enormous vegetable. Triplet cucumbers are said to be very unusual.

No. Loup Chautauqua Clears \$50, Is Success

North Loup—(Special)—The home talent chautauqua given annually by this village closed Wednesday evening. Both programs were well attended and about \$50 was cleared.

Tuesday night a miscellaneous program arranged by Marcia Rood and Mrs. Mills Hill was presented, high points including songs by eight little girls, a skit, "Roll Your Own," by Mrs. Claud Barber and Jean Barber, violin selections by Orville Sowl, accompanied at the piano by Mrs. Sowl, songs by the Auble and Haas girls from Ord, accordion music by Arthur Auble, instrumental music by the Koelling young people, duets by Richard Babcock and Ersel Goodrich, and a whistling solo by Mrs. Edga Davis.

Wednesday night the play, "Let's Get Together," coached by Mrs. W. O. Zanger, was ably given by a cast made up of Charles Zanger, Paula Jones, Harold Schueler, Lynn Van Horn, Harold Portis, Florence Hudson, Esther Zanger, Kathryn Anderson, Everett Manchester and Dorothy Eyre.

Butterys Celebrate 65th Anniversary

At the home of a son in Omaha Sunday, Mr. and Mrs. A. C. Butterys, of Arcadia, celebrated the 65th anniversary of their marriage. Mr. Butterys is 87 years old and his wife is 82. They have five children and eight grandchildren. The Butterys make their home with a daughter, Mrs. May Campbell, at Arcadia, but formerly lived in Omaha where for 25 years Mr. Butterys was employed by the McCord-Brady company. An Omaha newspaper quotes Mrs. Butterys as saying:

"Although we've been married so long we still have to decide who's the boss of the house."

Mira Valley Artists Present Operetta

The Mira Valley community, under the direction of Mrs. Mary Clement Bell presented their operetta, "The Hermit of Hawaii," to a large crowd Thursday evening. The play was presented in full Hawaiian costume, and was one of the most difficult plays ever attempted in the valley. The results left the crowd with nothing but praise for the players, who were Melvin Koelling, George Bell, Miss Viola Koelling, Henry Lange, Harold Koelling, Mrs. Edwin Lenz, Miss Lilo Koelling, George Clement, Ross Leonard, Elmer Horne, Nickel, Wilson Bell, Mrs. Merrill Koelling and Edwin Lenz. The grass skirts worn by the ladies and the leis worn by all players, as well as the back drop of Hawaiian scenery painted by George Clement, greatly heightened the effect of the operetta.

Model Airplane Show.

A model airplane meet will be held on the Mortenson pasture three miles north of town on Sunday, Aug. 15. This combination meet and tournament is open to anybody who desires to enter. All types of models, including gas, will be represented in the tourney. Prizes purchased by the club are to be given to winners of various divisions. The meet will be free to the public and free parking space will be provided.

Ord Epworth League Holds Annual Camp

The annual camp of the Ord Epworth League was held at the Long Pine tourist camp, Thursday, Friday and Saturday, Aug. 5, 6 and 7. The sponsors were Rev. and Mrs. Mearl C. Smith, Mr. and Mrs. Cash Rathbun, Mrs. Henry Zirknuk, Mrs. B. M. Harndenbrook and Chester Hackett. Mrs. Myrtle Griffith acted as camp cook.

Boys in attendance were Edward Gross, Robert Gruber, Gerald Jirak, Robert Klima, Leon Marion, Rodney Rathbun, Lloyd Sack, Gerald Stoddard, Wayne Stewart, Verl Timmerman, Arvin Zentz, Lloyd Zirknuk, Allen Zirknuk and Charles Zanger. The girls were Armona Achen, Loretta Achen, Dorothy Auble, Ruth Auble, Myrtle Auble, Mary Beranek, Lucile Lakin, Opal Miller, Evelyn Shapp, Margie Smith, Virginia Sack, Eleonore Wolf and Viona Wolf. The time was spent largely in swimming, boating, hiking and playing games.

Peter Jurzenski Dies.

Peter Jurzenski of Scotia passed away at the Ord Hospital Monday morning at 10:30 following an attack of appendicitis. He was 32 years of age, married and leaves his wife and two children, 10 and 7 years of age, to mourn his loss. Other relatives include his mother; 5 brothers, John of Burwell, Ed of Greeley, Stanley of Elyria, Frank of Ord, and Anton of Elba; 2 sisters, Mrs. Lew Wegryzn of Ord and Mrs. Frank Zulkoski of Elyria. Preceding him were his father, who died 5 years ago and a child who passed away 2 years ago. Funeral services are being held today from the Catholic church at Elba.

Electric Rates Agreement Seen As Probability

Ord Council to Make Final Decision This Eve; Rate Scales Down to 9 Mills.

BURWELL CONTRACTS BUY JUICE FROM DISTRICT

The village board of Burwell last night passed a resolution authorizing Chairman C. W. Becker and Clerk O. W. Johnson to sign a contract with the North Loup district for the purchase of electric energy on a sliding scale rate starting at 2¢ per kilowatt hour. The contract was signed and endorsed at conclusion of the meeting.

Similar action by the Ord council will assure continuance of work on the irrigation project. Rejection of the contract by Ord, or failure to sign immediately, will result in cessation of work on Sept. 1.

Final decision of Mayor Gould B. Flagg and the city council of Ord in the matter of signing a contract to buy electric energy from the North Loup Public Power and Irrigation District will be made tonight at an adjourned regular meeting in the city hall. Councilmen interviewed by The Quiz appear to favor the proposition, so it is confidently predicted that Ord's governing body will ratify the last and most favorable proposal made by the district and thus permit construction of the irrigation project to continue.

Friday evening councilmen threshed out the question of signing at a meeting that continued until long after midnight, then adjourned to give City Attorney Ralph W. Norman time to study legal phases of the proposed contract and incorporate a few protective clauses suggested by councilmen and others.

The contract under study provides a rate structure based upon 25 kilowatt hours of electric energy for each of Ord's 2,226 inhabitants in the 1930 census, the blocks thus being fixed at 55,650 kilowatt hours each.

For the first 55,650 kilowatt hours used by Ord each month the district proposes to charge 2¢ per kilowatt hour; for the next 55,650 hours the proposed rate is 1½¢; for the next 55,650 kilowatt hours the rate is 1¢; all energy in excess of the first three blocks will be sold to the city at .9¢ per kilowatt hour.

At present Ord is using electricity at the rate of 125,000 kilowatt hours per month or 1,500,000 per year, so it is readily seen that consumption is past the first two blocks and into the third. On the basis of present consumption then, average cost of electricity is expected to be 1.67¢ during the present period. As consumption increases, which it is expected to do rapidly, Ord will buy more energy in the lower priced blocks and average cost therefore will be lower. Estimated cost next year is expected to be 1.47¢, the next year 1.35¢, the next year 1.35¢ and the fifth year only 1.20¢. All these estimates being based, of course, upon increase in population as well as in use of electric energy.

In line with Public Works Administration requirements, the contract will run for 30 years but one clause provides for revision of rates at the end of each five year period. The same clause provides that the rates given above are maximum rates that may be charged during the entire life of the contract; in other words, that rates may never be higher and that any revision made must be downward.

Another clause provides that, when revision of rates is done, such revision shall be made by one engineer selected by the city and one engineer selected by the district, neither to be a resident of the district. If the two so appointed cannot agree, they are to select a third expert to work with them. E. H. Dunnire, engineer-manager of the district, met with the council Friday night and went over the proposed contract with them, clause by clause, answering all questions that arose. Rates provided in this contract are the lowest the district can charge and still

BACK FORTY

By J. A. Kovanda

It takes considerable effort to produce a first prize animal at a county fair. Some of the work of preparation must be done months ahead of the time for showing.

The horns and hoofs should be rasped, scraped, and polished. Iron weights are often kept on the horns of calves to make them curve properly.

Cattle must be washed when competition is keen. They are curried, soaped, scrubbed and rinsed in water to which a little blueing has been added. Herefords and Shorthorns then have their hair lined and curled. The Angus and dairy breeds are combed straight.

All breeds except Galloways have the tail clippings. The switch is braided in three braids to make it fluff out when dry. Dairy cattle are trimmed about the underbelly, thigh and neck. Heads may also be clipped on hornless animals. A mixture of olive oil and alcohol gives the coat a glossy appearance.

The herdsman desires a thin, pliable hide and a sleek coat of hair, he has to keep his cattle blanketed and massaged. It also helps to swing an animal's head toward the judge as he feels of the skin's texture.

A clever showman can defeat more worthy competitors by displaying his livestock to better advantage and concealing their faults. Thus, weak backs may be concealed by turning frequently or tickling the animal's ribs. Ties are often removed by surgical operation.

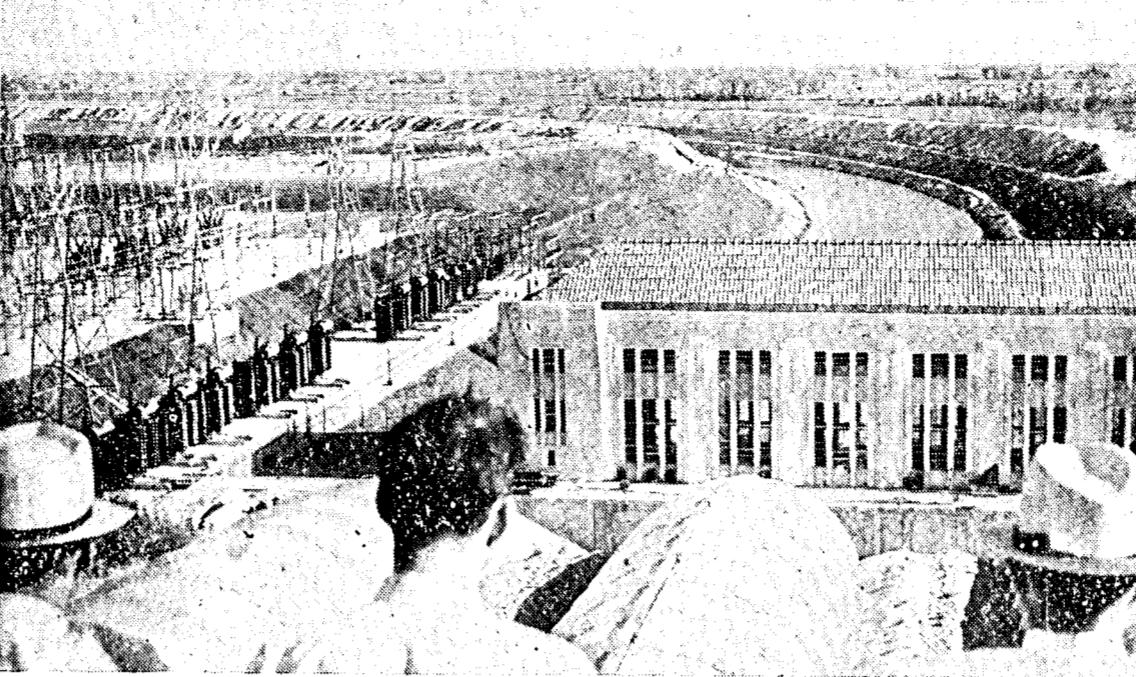

The cattle showman stands about three feet in front and a little to the left of his exhibit. He holds the rope even with and about eighteen inches from the animal's eyes, leading with the right hand, or holding with the left. He may use a stick to properly place the feet if he is showing beef cattle. No show stick is permitted with dairy animals.

The above description summarizes briefly a few practices used in exhibiting cattle. The showing of hogs, sheep, horses, poultry, and other farm products likewise involves specialized techniques and preparations. Fair visitors are often unaware of this part of the educational program.

Ord Men Inspect Project Which May Supply Electricity to Ord

This photo, taken Sunday, shows the progress that has been made on the power plant at Columbus. The gentlemen in the foreground are, left to right: George Allen, Ed Farmer and Harold Hallen. Just below them are seen the three 2 foot penstocks which carry the water from the dam, on top of which they are standing, to the powerhouse shown below, which is about 500 feet away. Only the top story of this building appears in the picture, there being two stories below it. The towers to the left are about 75 feet high. It is a mile to the curve in the ditch, and twenty miles to the hills directly beyond.

Through the courtesy of Ed Farmer, engineer on the irrigation project, John L. Ward, of the Quiz staff, had the privilege of inspecting the Loup river power project at Columbus and Genoa Sunday. Other members of the party were George Allen, city light commissioner, and Harold Hallen, electrician. The party went down over No. 11, cutting across to No. 56 north of North Loup. Crop conditions were no better all the way to Fullerton than they are right around Ord, and in many places, notably around North Loup and Horace, the corn is looking much worse.

At Cedar Rapids the hydro-electric plant of the Central Power company was inspected. The Worthington four cylinder with a capacity of 329 K. W. was in operation, as well as the 300 K. W. hydraulic turbine. Of course all this juice is not consumed at Cedar Rapids, but is fed over the high line to neighboring towns. After dinner at Fullerton the Ord men visited a few minutes with Publisher W. H. Ploof of the Fullerton Journal, and then inspected the hydro-electric plant of the Central Power Co., at Fullerton.

The head gates of the Loup river project are located a few miles below Fullerton. The money expended on this part of the project runs into the millions. A concrete dam is built across the channel of the river, with a low spillway dam connecting with it on the south side, over which flood waters can run without damage to

the large dam. The dam is built in two parts with gates so arranged that the amount of water flowing down the stream or into the ditch can be regulated by one man.

The first two miles of the ditch is a settling basin. It is about 100 yards wide and has a huge pump supported on pontoons by the use of which the settled sand is pumped from the bottom of the basin and dumped into an area of slough land purchased for the purpose. At the present time the upper 1½ miles of this basin is filled with sand, with a thin layer of water over the top. It looks as though it would take the pump 30 days to clear out the accumulated sediment, and perhaps by that time the ditch would be filled up again.

Below the settling basin the ditch is about as wide as a city street. North of Monroe is the first power plant and the only one generating power at the present time. The drop there is 32 feet, and the power is generated by three turbines of 2,750 KVA each, two of which were in operation Sunday. This part of the project is now complete and gave a very good idea of how the large power plant north of Columbus will look when it is finished.

The main plant is located about 5 miles northeast of Columbus, not far from the lower end of a lake of 650 acres made by permitting the water from the ditch to spread out over a basin. A concrete faced dam nearly a mile long bounds the water on the east, permitting it to run south to the

plant. The total drop at this point is 11½ feet. The water is carried from the dam down an incline through three penstocks each 20 feet in diameter to the power house, from which point it drops the remainder of the distance through the turbines.

Everything at this plant is built on a huge scale. It is approximately 300 yards from the dam to the point where the water emerges into the ditch below the plant, and millions of dollars have been spent on this part of the project. The output of the project when completed is beyond comprehension, the three units at Columbus representing 14,000 KVA each. The transmission voltage will be 115,000. The two plants will be inter-connected, and the one at Monroe electrically controlled from the main plant at Columbus.

One of the best fields of corn seen on the trip is located just northeast of Fullerton in the lowland. It is already in full ear, and the owner is certain of a full crop. The first consistently good corn crops begin to appear just east of Genoa, and continue past Columbus. On the way back over Nos. 30 and 16, crops looked good in most places all the way to St Paul, and for a few miles out on No. 11, after which the effects of the hot days and hot winds began to show. Unless rain comes soon the best sections will be damaged by the drought, and much of the corn is already too far gone for rain to be of any benefit.

Grain fair here, wheat 10-30 bu. per acre, oats 30-60, rye 25. Corn looks fair, but needs rain, hoppers eating silks some. Were visiting old friends at Pawnee City, Nebr., and Seneca, Kas., Thursday. Rev.

Dear Friends: We're still with Mrs. Reger's folks in Washington county. Helped the sister, whose husband died, thresh the first part of the week. He died suddenly from a heart attack soon after returning, after helping thresh all day and planned to thresh at his place next day. Life is so uncertain, death is so sure, may we all be ready when our summons comes!

Opposes Power Purchase.

To the Editor of the Quiz:

So we've got to buy the Columbus power, have we? To help with the Columbus power for Ord. Ord has its own plant which gives us good service. Ord is not guilty of absorbing the appropriation for the irrigation ditch so we are keeping our own power and don't plan to buy the ditch twice. To help with the Columbus power.

PERSONALS

Clarence M. Davis and family returned Sunday from a ten days' vacation spent in the mountains near Denver.

Mr. and Mrs. J. C. Hammons, of Bronson, Kas., were visitors in the Gertrude Hawkens home last week, enroute to Bronson after a trip to California. Mrs. Hammons is a sister of Miss Hawkens.

Mrs. John Elderton and little son of Columbus, Ohio, are in Ord visiting her mother, Mrs. Chester Adams and other relatives. They came a week ago Saturday and expect to be here a month.

Arthur Mason, who is a member of Frank Dolezal's dance band, was in Ord with them Monday and took occasion to visit for a short time with his parents, Mr. and Mrs. Lawrence Mason. From here the band made a jump to Table Rock.

Ed Parkos, who has been having a serious time with an attack of neuritis for the past few weeks, is still getting around with the use of a crutch but expects to be able to switch to a cane in a few days. The trouble hit him in the left ankle and at first he was hardly able to get around at all.

Publisher H. D. Leggett writes with pleasure about the visit to Cullen lake of Mr. and Mrs. Paul Whips and family, who once lived in the Elyria neighborhood but moved to northern Minnesota some years ago. Mrs. Whips is a daughter of the Frank Berans. They spent an afternoon with the Leggetts and the R. L. Lincolns and their visit was greatly enjoyed.

Mrs. Charles Sebek of Wilbur Nebr., and son Vernon arrived in Ord Sunday, Aug. 1st, and will remain until Thursday of this week. She is visiting with her parents, Mr. and Mrs. John Sebeker and other relatives.

Stricken with pneumonia last Wednesday, Mrs. Lova Trindle was forced to postpone her entry into the Masonic old people's home at Plattsburgh, which she had planned to enter last week. Though somewhat improved, Mrs. Trindle's condition is said to be still serious.

Mr. and Mrs. Perry Bell left Saturday for their home in Long Beach, accompanied by Mrs. Jack Morrison and son, John Allen. To Denver they also were accompanied by Mrs. Dair Shirley and children, who live in that city and had been visiting relatives in Greeley, Omaha and Ord.

Evelie Bleach, who lived at Ord in 1934, was over from his place a few miles west of Sargent Monday looking after business matters and visiting his son Everett, who has been very much under the weather since about the first of July. He suffered a nervous breakdown about that time accompanied with neuritis, and had to remain in bed for some time. He is now able to be about, but has to be careful.

Carl Asimus, who was left at Hot Springs, S. D., by Dr. Lee Nay and Jerry Petske when they came home from their vacation, recovered sufficiently to be able to go to his home at O'Neill in about a week. After staying there a short time he came to Ord to be under the care of Dr. Nay. He is troubled with blood infection, but the doctor states that he is improving all the time, and should be completely cured in a month or two.

Ted Furtak, son of Mr. and Mrs. Clemens Furtak, returned Monday to his duties in the CCC camp at Pawnee City after a week's furlough at home. Ted has been in the service 31 months and expects to be discharged in October. Most of the Pawnee City camp's work has been at basin and contour farming, brush and earth dams, etc., and he hopes to continue with his work after he gets out of the corps.

Mr. and Mrs. Charles I. Siler and daughter Katherine came up from Hastings Monday on a combined business and pleasure trip. The ladies visited in several Ord homes while Charley called on his tenant, Stanley Rutar and recalled the old days when he occupied the building where the hatchery now is with his garage, selling Reo cars. That was a long time ago, but the proof that he sold the cars is still plainly visible on the cement driveway into the building. Here in the old days Charley made the outline of the REO trademark in the soft cement with brass tacks, and when the cement hardened the tacks were there to stay. The old trademark is there as plain as it was when put there some 25 years ago.

Mr. Siler lives on his place northeast of Hastings five minutes by car from the heart of the city, and he told how he and several hundred other farmers killed the idea of trying to take the water from the Platte river across the watershed into Adams county, the reason being that they had no assurance that the wafer could be used legally even if the ditches were completed. The farmers saw no good reason for cutting up valuable farms with ditches when they had no assurance that the water could be used. In fact, much this same condition now exists in territory further west. He believes a way will in time be worked out whereby the water can be used in the Hastings territory and the surplus returned to the Platte further east, but until that time it would be foolish to build ditches.

100 Years of Photography In Ord

Above are shown three of Ord's early day photographers. Dean of the group, both in years and in date of starting up in business is W. A. Anderson, who first opened a studio in Ord 52 years ago. He ran this studio from 1885 to 1888, when he sold out to H. G. Westberg. He went to California that winter and when he returned in the spring he found he had very little left to sell. However, this did not terminate his work as photographer, as he spent many years traveling about the country doing commercial work. In fact he still has the camera he used for much of his work. H. G. Westberg started up in business in Ord in 1888, and continued in business here until 1906. From here he went to North Loup where he kept at the job most of the time until 1936, when he definitely retired. Much of the time in Ord he operated alone, but for a time he was the senior member of the firm of Westberg and Lind. He also had a studio in Scotia for a time. Fred Bell went into business in Ord officially in 1906, being required to do so by a law that made the use of traveling studios taboo. For ten years prior to that time he had a travelling gallery, consisting of two cars each 8 feet by 18 feet in size which he pulled from town to town with horses. They were set together in the shape of a "T" and made a very good studio. F. J. Bell still has his outfit and takes exceptionally fine pictures. These men represent close to one hundred years of photography between them.

Electric Rates Agreement Seen As Probability

(Continued from page 1)

pay off its debt service on the project, he stated.

He explained what was already known to most of his hearers—that returns from irrigation alone are not sufficient to pay interest and principal on the bonds and that the district must realize \$25,700 profit annually from sale of power to make up the deficit. He also explained that the PWA has given him orders to stop all work on the project on Sept. 1 if electrical energy contracts are not signed by Ord and Burwell before that date, this order being issued because the district has already been advanced its grant money and cannot get its bond money until the bonds are sold, which cannot be done until all legal requirements are met, the last one being assurance that profit from sale of electric energy will augment money realized by sale of water to farmers and thus give buyers of the bonds assurance that they will get their money back.

Only one councilman, Dr. J. W. McGinnis, was absent at the Friday meeting. Councilmen fired many questions at Dunnire but, with possible exception of Mayor Flagg, all seemed to feel that the best interests of the city will be served by signing the contract and thus allowing the project to continue. The meeting was harmonious throughout.

A delegation of 23 Ord business men met with the council to ask that the council secure the best rate possible, then sign the contract. Several of the visitors spoke briefly, urging the council to take quick action. Among the speakers were E. L. Vogelzang, Dr. C. J. Miller, William Sack, F. P. O'Neal, E. C. Leggett, C. J. Mortensen and Orville Sow.

Considerable discussion was held on Ord's present cost of producing electric energy as compared with cost figures in the proposed contract. Without taking into consideration interest on investment and depreciation of equipment, it is now costing the city 1.1c to produce electricity on the switchboard and .7c to distribute it, giving a total of 1.8c. Buying from the district at 1.67c and adding .7c for distribution, it is noted that cost will be 2.37c during the next year, if the council buys energy from the district. However, should consumption of energy increase in future as it has in the past few months another diesel engine will have to be added to the light plant at a cost of \$60,000, interest and depreciation on which will increase costs by from .3c to .6c, bringing costs up to about the same price as the cost if it is bought from the district.

No increase in electric rates will be necessary if power is bought from the district instead of being produced locally says George Allen, light commissioner. Ord will still own its plant and can use it for stand-by service if a break in the high-line occurs. A clause in the contract provides that the district will give to Ord free 1 1/2 times as much energy as the city plant produces when need arises for temporary stand-by service. Further, the contract is automatically cancelled if the irrigation project is not completed or if it is completed and falls into disuse, or if the district is not prepared to furnish electricity to the city by a certain date.

Ever since the Public Works Administration approved the North Loup project in the amount of \$1,665,000 Ord people have known that it would be necessary to buy elec-

Beatty-Hastings.

Summer Hastings, second son of Mr. and Mrs. A. H. Hastings and Miss Evelyn Beatty of Hastings, daughter of Mr. and Mrs. Beatty of Loupian were quietly married on Wednesday, July 28, in Bellevue, Kas.

The bride is employed in a ladies apparel shop in Hastings. Summer was born in Arcadia and attended the first two years of high school here, later graduating with the class of 1932 from the Ashland high school. He attended Hastings college and has since been employed at the Voland Funeral Home in Hastings.

Mr. and Mrs. Hastings were served a banquet in the hotel at Holdrege Wednesday evening and came on to visit his parents Thursday, returning to Hastings Friday where they will make their home.

Sawyer-Walford.

On Saturday, August 7, Mrs. Esther Sawyer became the bride of Lyle Walford of near Ansley at a quiet wedding performed by Rev. Harwood of the Presbyterian church in Loup City.

The bride wore a light blue satin dress with white accessories which she graduated in with the class of 1937. Esther is the fourth daughter of Mr. and Mrs. J. C. Sawyer of Arcadia and has made her home here all her life.

The groom is a son of Mr. and Mrs. William Walford of near Ansley and has been farming with his father since manhood.

Both young people are well and favorably known here and have many friends. They expect to live with his parents for the next few months before going on a farm to themselves in the spring.

Charles Downing left for his home in Scottie Saturday accompanied as far as Billings, Mont., by Miss Ella Downing where they visited Mr. and Mrs. J. R. Sprach. Mrs. Sprach was formerly Lucile Dooley.

Ernest and Arthur Easterbrook and Floyd Bossen left Sunday morning for Denver, where they expect to purchase sheep. They were accompanied by Clyde Hawthorne, Ord's No. 1 gardener, and some tobacco that he is growing in his yard here in Ord. Charley will be glad to show this plant to anyone who has never seen it growing. The other picture shows Leo Nelson and some cotton that he is growing on his place just west of Ord. The cotton is shown in bloom, but will look even more interesting later when the cotton develops. Drive out to the Nelson place and see this cotton. The will be glad to show it to you.

Two unusual crops are shown in the above cuts. While both can be grown here, they are so unusual that most people would not recognize them growing. In the first picture is shown Charley Desch, Ord's No. 1 gardener, and some tobacco that he is growing in his yard here in Ord. Charley will be glad to show this plant to anyone who has never seen it growing. The other picture shows Leo Nelson and some cotton that he is growing on his place just west of Ord. Two demonstrations were given by Ordeana and Elizabeth Kokes. At the close of the meeting a lunch was served. The next meeting will be held at the home of Lillian Karty, Aug. 18, at which time comforts are to be made. Wilma Klanecky, reporter for Vera and Wilma Severns were hostesses to the Elyria Seniors last Wednesday, Aug. 4. Eight members answered the roll to "A good point for a demonstrator." Plans were made for our achievement day which will be Aug. 29. A demonstration on making bread was given by Vera Severns. Cookies were judged by the members. An idea for our booth at the fair was decided upon. Adjournment was taken to meet in two weeks at the Dugosh home. Mrs. James Iwanski was a guest. Refreshments were served at the close of the meeting. Loretta Kusek, reporter.

Comet Is Observed Here.

Thorvald Sorensen has a splendid telescope with a power of 100 diameters and a celestial sky piece, and he treated the writer to a view of Finster's comet Tuesday evening.

The sky was somewhat hazy but the comet showed up very nicely about half way between the stars Epsilon and Zeta in the handle of the big dipper. No tail was visible but the body of the comet appeared very much as the picture printed in the daily papers a week ago showed it.

Mrs. Marie Studlar Dead.

Marie Vincik was born in Bohemia, March 21, 1846 and passed away at her home in Ord, August 7, 1937, being 91 years, 4 months and 16 days of age at the time of her death. She was the daughter of John and Katherine Vincik. She was married to Vinclay Studlar, who preceded her in death in 1902. Funeral services were held from Frazier's chapel Sunday forenoon at 10:00, Rev. Adams of the Mira Valley Evangelical church having charge, and the body was laid to rest in the Ord Bohemian cemetery. Frank Koupal, a half-brother, was her only immediate relative here. A niece, Mrs. Wegryzyn and husband of Columbus were in Ord to attend the funeral, and Mrs. Irl Tolen, another niece, and daughter Ruth came up from Lincoln.

Hamburgers, Large and Small.
And now St. Paul has one for the books. Ray Hamburger took charge of the Aye Meat Market the first of the week and will be a resident of the city in the future. And with his coming here St. Paul has that one to offer Mr. Ripley. The Phonograph is glad to welcome Mr. Hamburger, his wife and two children to St. Paul.

You Tell 'Em, Edd!
The most serious charge to be made in connection with these asinine cigaret ad claims, is that many believe them. Be on your guard against any cigarette claiming to cure croup or whooping cough in your two-year-old. It probably wouldn't do more than give them relief.—Central City Nonpareil.

Oscar H. Smith.

Oscar H. Smith was born in David City, Nebraska, May 24, 1879 and passed away in Burwell on August 5 at the age of 58 years, 2 months and 12 days.

When he was 8 years of age he moved with his parents to Newport where he lived until he was 18 years old. In 1897 his father settled on a homestead 10 miles south of Ord, Nebr., where they lived for several years.

In 1905 he was united in marriage to Donna McBeth and to this union 8 daughters were born, 2 passing away in infancy. Soon after their marriage they moved on a homestead joining the one of his parents and they lived there until 1908 when they moved on a farm near Sunder. About a year later they moved to North Loup where Mr. Smith was employed by the telephone company, later moving to Ord where he had charge of a restaurant until the death of his brother Clarence, who was employed by the Bell Telephone company. Mr. Smith was then called upon to fill this vacancy. In 1918 the family moved to Burwell where he continued working for the same company until about 1928 when he began working for the Garfield Mutual Telephone companies.

His wife passed away on December 18, 1928 and on Sept. 6, 1930 he was united in marriage to Mrs. Walter Janes and they resided on a farm 4½ miles west of Burwell for nearly 6 years. During the past year they lived in the east part of Burwell and at the time of his passing they were living on a farm 5 miles northwest of Burwell.

Mr. Smith became a member of the First Christian church in Burwell on February 19, 1919 and for nearly 18 years served as a deacon in the church. He also served as superintendent of the Bible school and at the time of his death was substitute teacher of the Bible class. His many friends will long remember his kindly disposition and his patience with others in all walks of life. While he was at his work he never became discouraged no matter how long the day or how hard the task. His

Burwell Rodeo Off To A Fine Start

A eleven o'clock today all indications pointed to one of the biggest crowds the Burwell rodeo had had in recent years. A call to the information office at the grounds found Lyman Kern, in charge there, too busy to give out much information on the subject. From him and from other sources the following facts were learned: All concession space was taken early, and because of the unusual demand, additional space was sold, something that has never been done before. In spite of this, many had to be turned away.

Between forty and fifty cowboys are signed up for the show, which is more than there have been for several years. Among them are some of the leading cowboys of the country. The racing stables are filled with horses, and keen competition is promised in this department. The reserved seat sales to date are well above the average, and well ahead of last year, the first year of the free gate.

The Frederick Carnival company, with 25 shows and rides, and numerous concessions, is all located and were open for business Tuesday, as was also the dance pavilion of Bohy Bros. The Miller show horses are on the grounds. This year they have nine white horses, which are attracting a great deal of attention. They have more and better acts this year than ever before.

There seems to be a big crowd for the first day although it is a little early to be definitely certain. In the agricultural department the hogs and cattle are below the standard of former years, while the horses, poultry and general agriculture exhibits are better than usual. The Sioux Indians, 30 of them, are encamped near the northwest gate, and are attracting the usual amount of attention. Secretary F. W. Main anticipated one of the biggest rodeos in recent years.

Charlie Phillips and wife are guests this week of his uncle, Clyde Barrett. Their home is in Toledo, O., where he is employed in the dye laboratory of a textile factory and comes here at this time to attend the Burwell rodeo.

Sleeping Sickness Hits Peak, Number Of Cases Dropping

Farmers Here Have Lost 100
or More Horses; Cattle
Dying from Bloat.

Sleeping sickness among horses hit its peak in the Valley county area Saturday when over 100 cases were filed on the books of McGinnis & Ferguson, Ord veterinarians, while at least that many more cases went unreported. Early this week new cases were still being reported but in much smaller numbers than Friday and Saturday, which caused observers to forecast that the peak has been reached and that the disease will decrease from now on.

Number of horses already dead from the disease cannot be learned but a driver for the Ord Rendering Service states that 150 dead horses are being hauled daily to the Grand Island plant from Valley, Sherman, Howard and Hall counties. Since some farmers bury their horses instead of hauling them hauled away, it seems safe to predict that at least 100 horses have died of the epidemic in Valley county alone.

About 80 per cent of farmers in the Woodman and National hall neighborhoods have lost one or more horses and while cases have been reported from all over the county the epidemic seems to be worst in these neighborhoods.

Over the radio comes word that sleeping sickness is spread over the entire state, Norfolk, Albion and Loup City being mentioned as having an extremely large number of cases.

Veterinarians seem convinced that the disease is the true encephalitis, an inflammation of the brain believed to be spread by biting insects such as mosquitoes and stinging flies. Horses may also contract the disease by eating infested food and having broken places or wounds in the mouth.

Cooler weather and a general rain would have a great effect in stopping the epidemic, say experts. It is always prevalent to some degree during hot weather and seems worst in hot, dry years. The last epidemic of any consequence occurred in 1934 but this summer's epidemic is the worst in history.

Dr. A. J. Ferguson has been making calls night and day to farms where horses are down with sleeping sickness. A partial list of farmers around Ord who have lost horses includes Frank Penas, John Jurzenski, John Long, Anton Hadl, Earl Smith, Seton Hanson, Fern Johnston, Tom Walden, C. Clement, Arnold Bros., Frank Rybin, Andrew Kusek, John Neverka, Lou Zabludil, Charles Mason, Russell Jones, Archie Geweke, Lester Kizer, Joe Skoll, John Burrows, Steve Sowokinos, Ben Maly, Charles Brim, John Boyce, Frank Maresh, Harvey Hohn, Clare Bebe, Wm. Prie, J. B. Jones, F. Vodhnal, Joe Valasek, Jr., Albert Parkos, Joe Eslak, Frank Jobst, W. Cornell, Raymond Baker, Arthur Nass, Les Leonard, Werber Bros., and Rock Garnick.

Another plague troubling farmers right now is the prevalence of bloat among cattle, particularly milk cows, which results from the cows eating red root or pigweed. Many have lost valuable cows from this form of bloat. Albert Anderson, who farms northeast of Ord, lost three milk cows in one day last week from bloat and many others have lost one or two heads.

Edward Puncochar Ill With Sarcoma

Edward Puncochar, son of Jerry Puncochar of Spalding, was taken to the St. Francis hospital at Grand Island last week in a very serious condition. An operation was performed Thursday and a growth removed from his left side. His trouble is sarcoma, Dr. J. G. Krumm believes. The young man recovered rapidly and was able to sit up for a short time in a wheelchair Monday. He was to be permitted to leave the hospital either Tuesday or Wednesday, but has to remain at Grand Island for observation and treatment for some time to come. Edward is well known in Ord.

Big Celebration At Arcadia Soon

Alfred Wiegardt, secretary of the Ord chamber of commerce, is in receipt of a special invitation to the chamber, and through them to the public to attend the big irrigation celebration to be held in Arcadia Sept. 3 and 4. This will be known as the "Middle Loup Irrigation Jubilee" and is backed by every civic organization in Arcadia. S. B. Warden, chairman of committee on bands, extends a special invitation to the Ord band and expresses a hope that that celebrated organization can arrange to be present. Editor Jimmy Lawrence of the Lincoln Star writes that he will be present one of the two days and other prominent men will help out with the program.

Floyd Hudson Sued For \$15,000 Alimony

Mrs. Gladys Hudson, beauty parlor operator in Omaha, has filed suit for divorce from her husband, Floyd Hudson of North Loup, and asks \$15,000 permanent alimony, as well as \$75 monthly alimony pending hearing on the suit and restoration of her maiden name, which was Gladys Stewart. The suit was filed in Douglas county district court.

Hudson, employee in a North Loup lumber yard, is named as owner of a western Nebraska ranch valued at \$25,000 and holds other property to the value of \$20,000, Mrs. Hudson claims. His monthly income was stated at \$150.

Mrs. Hudson, who formerly was the wife of Dr. A. A. Tchauher, was married to Mr. Hudson in 1931 and shortly afterward Dr. Tchauher sued Hudson for \$25,000, alleging alienation of his wife's affections. Later the suit was dismissed after a settlement made privately.

Red Cross Swim Classes Scheduled To Close Aug. 23

Students Take Final Exams
At Kearney or Broken Bow
Pool on August 30.

It was definitely announced this week by Mrs. John Misko that the Red Cross swimming classes will hold their final session of the summer on Monday, Aug. 23, the day before the start of the Ord auto races.

Red Cross officials urge everyone interested in taking a course in life saving to see Miss Evelyn Sharp personally, as this course can be completed in a short time and irregular classes are held.

Miss Sharp has been supervising swimming classes regularly three days of the week for some time now. On days that regular swimming classes do not meet, she conducts a class in life-saving, about 20 students taking this course at the present time.

On the previous evening the village board of Burwell took similar action and thus demands of the Public Works Administration were met.

Thursday Engineer-Manager Dunmore took the signed contracts to Lincoln where they were approved by Major Arthur Wellwood, PWA expeditor for Nebraska, and forwarded to Washington.

Bond money will be available once Major Wellwood assured Dunmore and work on the project thus will continue without interruption.

17 Entries Already For Beauty Pageant

With seventeen entries already assured, members of the Ord Business and Professional Women's club, which is sponsoring the beauty pageant to be held Wednesday, Aug. 25 in connection with the Loup Valley fair, are confident that at least fifty of Valley county's prettiest girls will be competing for the title of Miss Valley County and an all-expense trip to the state fair at Lincoln.

Girls now entered include Eloise Norris, Danelia Weeks, Louise Petska, Shirley Schrader, Barbara Dale, Marie Gross, Evelyn Sharp, Marjorie Coe, Armonia Beth Achen, Mary Beranek, Jean Ferguson, Virginia Clark, Eleanor Wolf, Ruth Auble, Ruth Hays, Evelyn Loft and Evelyn Johnson.

Only street dresses may be worn by contestants in the 1937 pageant, says Mrs. Vernon Andersen, president of the club sponsoring it. Bathing suits are prohibited by state pageant regulations and the Valley county fair board has requested that evening dresses be barred, feeling that all girls will thus have more equal chance to win.

The beauty pageant will comprise the night show at the fair grounds, Aug. 25 and, as was the case in 1936, interest in this event is running high.

2 Berwyn Couples Married Thursday

County Judge John L. Andersen and Rev. Mearl C. Smith were both surprised Thursday, Aug. 12. The judge was surprised when two couples from Berwyn came in to obtain marriage licenses, and the minister was equally surprised when called upon to perform the ceremonies. The parties of the first ceremony were Harold C. Ochsner and Miss Frances Meeker. The second couple were Gordon I. Payne and Lucille F. Caska. All were from Berwyn with the exception of Payne, who gave his home as Mason City. Each couple acted as witnesses at the marriage of the other. Both men are farmers and the newlyweds will make their homes on farms in that section.

Rodney Stoltz is now home from his work at school, having arrived about ten days ago. He will be in Ord until about the middle of September.

Dorothy N. Zikmund, stenographer for Davis and Vogelanz, is taking her vacation this week.

Ord Councilmen Sign Contract To Buy Electricity

Duplicate Action of Burwell
Council, Last Obstacle
to Irrigation Gone.

City councilmen of Ord, at a meeting last Wednesday evening, voted unanimously to sign a contract to purchase electrical energy from the North Loup power and irrigation district, thus removing the last obstacle to continuation of work on the project after Sept. 1. The contract is to be in effect 30 years but rate revision is provided for at the end of each five year period. Maximum rates which may be charged during life of the contract are on a sliding scale basis, starting at 2¢ per kilowatt hour and going down to 9 mills per kilowatt hour.

Energy sold to Ord by the North Loup district will be purchased by it from the Columbus district, profits derived from its re-sale being used to pay off part of the cost of irrigating 30,000 acres of North Loup valley land.

The meeting held here Wednesday was the third held to consider this matter by the Ord council, and the contract signed by councilmen was the most favorable it was possible to secure.

Five councilmen were present, Val Pullen, Frank Johnson, Frank Sershen, Guy Burrows and Joe Rohla, the sixth member, Dr. J. W. McGinnis being out of the city during the entire period of negotiations.

After arguing various phases of the contract several hours and hearing talks by E. H. Dunmore, Ralph W. Norman and others, the matter was put to an informal vote which showed four members voting in favor of signing and the fifth in opposition to signing. When the formal ballot was taken the vote was unanimously in favor of authorizing Mayor Gould B. Flagg and City Clerk Rex Jewett to sign the contract on behalf of the city, which was done at conclusion of the meeting.

On the previous evening the village board of Burwell took similar action and thus demands of the Public Works Administration were met.

Thursday Engineer-Manager Dunmore took the signed contracts to Lincoln where they were approved by Major Arthur Wellwood, PWA expeditor for Nebraska, and forwarded to Washington.

Bond money will be available once Major Wellwood assured Dunmore and work on the project thus will continue without interruption.

Valley Co.'s Oldest Women Breaks Limb

Mrs. Marie Kubica, who makes her home with the Frank Sevener family near the fair grounds, fell in the yard Saturday afternoon, breaking her right limb just above the ankle. Mrs. Sevener had to go to the neighbors for a short time, and the old lady tried to get out around the yard while she was away. Mrs. Kubica fell once before and broke her left limb in much the same manner. In spite of the fact that she was 86 years old at the time, the bone knit and she has been able to get about since then with the aid of two canes. She was born March 25, 1841, so she is now well past her 96th year, making her the oldest woman, and possibly the oldest person, in this section of the country. She still reads her Bohemian paper without the aid of glasses, and likes to smoke her pipe.

Riesland Indicates \$45,000 Artichoke Plant To Be Built

Site in Ord Being Sought
By United Official;
Use Alfalfa Also.

That a \$45,000 factory to dehydrate artichokes and manufacture alfalfa meal may be built in Ord before snow flies provided a suitable site can be secured was indicated yesterday by F. J. Riesland of Wood River, an official of the United Artichoke Company. Accompanied by L. J. Abel, local representative of the company, Riesland inspected several possible sites yesterday.

More than 1,000 acres of Jerusalem artichokes were planted near Ord last spring and this crop, unlike corn, has been hurt little by the drought and hot winds, they claim. Riesland sees Ord as the center of artichoke production in the Loup valley area and believes this is the ideal location for a dehydrating plant.

The only thing his company asks of the community is that a site be furnished, Riesland says. Location of a plant does not depend on sale of stock in the company, he promised.

In late autumn the plant would be in operation dehydrating a heavy tonnage of artichokes and during late spring and early summer months it could be used to dehydrate alfalfa and make it in alfalfa meal, used extensively in all commercial livestock and poultry feeds, is the plan.

Such a plant would furnish considerable employment, would provide a cash market for certain farm crops and would be an asset to the community, is the belief of the Wood River man and Mr. Auble.

Thursday Engineer-Manager Dunmore took the signed contracts to Lincoln where they were approved by Major Arthur Wellwood, PWA expeditor for Nebraska, and forwarded to Washington.

Bond money will be available once Major Wellwood assured Dunmore and work on the project thus will continue without interruption.

17 Entries Already For Beauty Pageant

With seventeen entries already assured, members of the Ord Business and Professional Women's club, which is sponsoring the beauty pageant to be held Wednesday, Aug. 25 in connection with the Loup Valley fair, are confident that at least fifty of Valley county's prettiest girls will be competing for the title of Miss Valley County and an all-expense trip to the state fair at Lincoln.

Girls now entered include Eloise Norris, Danelia Weeks, Louise Petska, Shirley Schrader, Barbara Dale, Marie Gross, Evelyn Sharp, Marjorie Coe, Armonia Beth Achen, Mary Beranek, Jean Ferguson, Virginia Clark, Eleanor Wolf, Ruth Auble, Ruth Hays, Evelyn Loft and Evelyn Johnson.

Only street dresses may be worn by contestants in the 1937 pageant, says Mrs. Vernon Andersen, president of the club sponsoring it. Bathing suits are prohibited by state pageant regulations and the Valley county fair board has requested that evening dresses be barred, feeling that all girls will thus have more equal chance to win.

The beauty pageant will comprise the night show at the fair grounds, Aug. 25 and, as was the case in 1936, interest in this event is running high.

2 Berwyn Couples Married Thursday

County Judge John L. Andersen and Rev. Mearl C. Smith were both surprised Thursday, Aug. 12. The judge was surprised when two couples from Berwyn came in to obtain marriage licenses, and the minister was equally surprised when called upon to perform the ceremonies. The parties of the first ceremony were Harold C. Ochsner and Miss Frances Meeker. The second couple were Gordon I. Payne and Lucille F. Caska. All were from Berwyn with the exception of Payne, who gave his home as Mason City. Each couple acted as witnesses at the marriage of the other. Both men are farmers and the newlyweds will make their homes on farms in that section.

Rodney Stoltz is now home from his work at school, having arrived about ten days ago. He will be in Ord until about the middle of September.

Too Many Racing Cars? Maybe, Says Baker, As Deluged by Entries of Regional Champs

At 9:05 Monday morning, just after the doors opened, three masked men entered the Home State bank of Humboldt, herded bank employees and customers behind a counter, scooped up \$1,257 in currency and silver and made good their escape. While this hold-up was in progress Otto Kotouc and his wife were enroute from Ord to Humboldt, having spent the previous day here visiting Mrs. Kotouc's mother, Mrs. Joseph Cernik. Kotouc is president of the Home State bank and last year headed the Nebraska Bankers association.

Hot, torrid, sizzling—these and a thousand other words are needed to describe just how fiery Ord's auto races, Aug. 25-27 are going to be.

Rival race drivers this year will settle once and for all the question of who is dirt track king of the United States. Regional champions from every district in the nation are going to battle at Ord, Aug. 25-27. Who will emerge as the winner?

Contenders for the title include Everett Saylor, the "Hoosier Schoolmaster," present leader of the Central States racing association in the east; Jack Keys of Dallas, undoubtedly one of the best drivers that can be found and hailed from coast to coast as "speed king of the southwest"; Cheif Wahoo" Chitwood, rival contender of Saylor for the C. S. R. A. crown and named by fans everywhere as the greatest Indian driver of all time; Lloyd Axel, present holder of the world's record for the dirt track half-mile; and Johnny McDowell of Pasadena, Calif., generally conceded to be champion driver on the Pacific coast. Duke Dinsmore is another "hot shot" driver who will give them all a run for their money.

One of the greatest arrays of speed talent ever assembled in this section of the United States will face Professional Starter Fahnestock's flag on Aug. 25. The track is faster than ever before.

A new track record and possibly a new world's record is virtually assured race fans. Regional racing championships and \$3,000 in cash prizes is what drivers will fight for while thrills galore will be the award of cash customers.

At present Speed Superintendent Baker is positive that well over 30 racers will appear as already over 20 have either signed iron-clad contracts or written saying that they will be here Aug. 25. Here are a few of the drivers who have signed up:

R. W. Corey, Rock Island, Ill., with a Riley "Speed" Adams, driver.

C. E. Johnson, Lincoln, Nebr., with a Messer Special. Duke Dinsmore, driver.

Ralph Morgan, Indianapolis, Ind., with a Morgan-Miller Special. George (Cheif Wahoo) Chitwood, driver.

Bill Harding, owner and driver of Harding Special from Doniphan, Nebr.

Vic Felt, Denver, Colo., owning a Hisso Special with Lloyd Axel driving.

Murray Earl, Hutchinson, Kas.; Waldo Barnett, driver of the Fronty Special.

ABOUT PEOPLE YOU KNOW!

Mrs. Ed Whelan is enjoying a visit from her mother, Mrs. A. M. Weppner of Cheyenne at present.

Mr. and Mrs. E. V. Holloway came down from Burwell and were guests in the D. A. Mose home Sunday.

Mr. and Mrs. Don Proudfit spent the week end in Lincoln, bringing Mr. Proudfit's mother, Mrs. W. S. Proudfit, to Ord with them to visit for a few days.

Mr. and Mrs. Emil Urban and family of Prague, Okla., are visiting at the Charles Urban home. They arrived Sunday and will remain two weeks.

Mr. and Mrs. Joe C. Graham left Monday for the Black Hills after visiting since Friday with Mr. and Mrs. John Misko. The Graham's and their children, Barbara and Bobby, live in Wray, Colo.

Mrs. Mary I. Smith came Wednesday from her home in Davenport, Ia., to visit indefinitely at the home of her sister, Mrs. Emil Fafeita. Sunday they were guests of a third sister, Mrs. Henry Enger, at her country home near Ord.

Mr. and Mrs. B. A. Eddy moved Monday into the property of Mrs. Anna Raybin, north of the high school about two blocks. Tuesday morning they left for Superior, their former home, to bring more house furnishings to Ord.

Mr. and Mrs. Keith Wolfe of Bradshaw moved into the former Eddy apartment at the home of Mrs. E. L. Johnson on Monday of this week. Mr. Wolfe will be junior high school coach this year.

Mr. and Mrs. A. W. Kleinbecker of Lincoln came Wednesday afternoon from Lincoln to visit their friends, Mr. and Mrs. Kenneth Jensen, until Sunday. Thursday they enjoyed the Burwell rodeo. Friday Mrs. Jensen entertained a foursome at bridge for her guest and Saturday afternoon Madame Jensen and Kleinbecker were guests at a party given by Mrs. Emil Fafeita for her sister.

Rev. and Mrs. S. A. Woodruff, Jr., and children returned Thursday from their vacation trip to Chicago and other Illinois places where they visited relatives. Mrs. Woodruff and baby were gone two months and Mr. Woodruff about a month. Weather was delightfully cool during their stay in the east, they say. A trip to the Great Smoky Mountains in North Carolina was enjoyed by Mr. Woodruff during his vacation. He will now occupy the Presbyterian pulpit regularly, with all services at the usual time.

Misses Edith and Ruth Calender and Misses Jessie and Anna Stewart from York visited Miss Clara Bell King over the weekend. These ladies are old college friends.

From letters recently received by Mrs. Ray Atkinson from the John Lunney family who went to Arkansas this spring it appears that they have been having plenty of rain there and no hot winds. They raise lots of fruit and vegetables, especially tomatoes, which are a leading crop. They sell for 50¢ per bushel, but when not contracted are hard to sell. Peaches are also fine, but Ralph Atkinson says that he found he could not eat as many as he expected. Melons weighing up to 35 pounds or more are plentiful and cheap. Alice Lunney is employed in a cafe at Gentry, the town where Ralph Atkinson lives. He has a steady job in a produce and fruit store. An 8 pound boy named Kenneth Lavern was born to them Aug. 8. Ralph's oldest girl, Merna had a bad leg infection, but is getting better. It is now harvest time for grapes and Ida and Johnnie are busy picking them. They sell at 50 cents a bushel, but later they will hardly be able to give them away. The family send their best regards to Ord and the community.

Lloyd McGrew came up from Lincoln Sunday and is spending a few days visiting his parents, Mr. and Mrs. C. W. McGrew.

Henry and John Davis, D. L. Holloway and Harold Schreier, were among the Burwell people who were in Ord Monday.

Mr. and Mrs. G. Aubrey Love left Monday for Laurel after a few days' stay with Mrs. Love's mother, Mrs. Margaret Wentworth.

Mrs. Olof Olsson entered the Ord Hospital Tuesday afternoon and this morning was to submit to major surgical treatment by Dr. C. W. Weeks.

Mr. and Mrs. Frank Fafeita, sr., are leaving their home in Los Angeles and will reach Ord early next week for a visit with their sons, Emil and Frank and their families.

Mr. and Mrs. C. M. King, Miss Maggie King, Mrs. W. S. King and Theo. R. King were guests of Mr. and Mrs. Ray Rodman and Mr. and Mrs. Hart Smith of Cheney, Kas., Saturday and Sunday.

George Nightengale, who is subject to occasional heart attacks, had one of them Saturday, which was probably brought on by the extreme heat. He was taken home and is getting along very well at this time.

In a letter to his niece, Mrs. F. C. Williams, Alfred S. Nelson of Reddick, Fla., tells of how he was one of the members of the surveying party that laid out the North Loup irrigation project more than forty years ago. He helped survey the project here, and then helped on the project that was designed to take the waters of the Middle Loup near West Union, bring them down along the north side of the river and carry them over into Mira Valley. This project was actually surveyed, and most of the farmers in the valley agreed to sign their land, when it was found that it could not be done. The waste water would have to be returned to the Middle Loup, which could not be done. Mr. Nelson is past 70 years of age but still does most of the work on his ranch, besides making a large number of sets of false teeth. He will be remembered as a thresherman of the early days by the old timers.

Former Ordites Picnic.

Through the courtesy of John W. Campbell the Quiz is in receipt of the following: "Lowell, (Oregon) Aug. 4.—A picnic dinner was held at Mossy Maple camp for former Nebraskans Sunday. Everyone reported a good time and after a short business meeting decided to hold another Nebraska reunion the first Sunday of September at Noisy Creek camp. John Campbell was elected secretary to help arrange details for the next picnic. It was also decided to get a speaker and have a short program."

According to Mr. Campbell towns represented at the picnic were Ord, Burwell, Halsey, Bedford, Madison, Waverly, Dunning, Mullen, Beatrice, Glenrock, Ewing, and Brock. He is employed by a Mr. Veach, who runs a large poultry farm. He has about 3600 young pullets to put in this fall, which will make a total of 6600 laying birds. Campbell is also writing local news for the two Eugene papers, which he says keeps him out of mischief.

Married At Denver.

Word has been received in Ord that Miss Ella Welch of North Platte, Nebr., and Bud Brickerne of Ord, Neb., were married at Denver, August 7. Mr. Brickerne is employed by the Klewt Construction company at Hugo, Colo. The young couple will make their home at present in Hugo.

Ord's New Fire Truck Given Test Friday

Ord's new fire truck, contracted for some months ago, arrived last Thursday evening and was the cynosure of all eyes for the rest of the day and most of Friday. Friday evening the new outfit was given a test at the southwest corner of the square, and was found to be fully as effective as the makers claimed it would be. A full stream of water could be shot all the way across the court house yard. To prove that it would work from a higher location the outfit was taken up to the Weekes hill, where it was demonstrated that the hospital fire would have been a very different story had the pumper been in use at the time of the fire there.

The truck and equipment was purchased through the General Fire Truck Corporation of Detroit and delivered by their representative, the cost price being \$3,631.53. The outfit is described as a triple combination fire truck with a 500

gallon per minute 2 stage centrifugal fire pump. The equipment is mounted on a 2-ton special Dodge commercial chassis with dual rear wheels and five speed transmission. The equipment includes up to 1200 feet of 2½ inch hose, 300 feet of 1½ inch hose for dual connection, 150 feet of hose for the booster pump. A 100 gallon cold rolled copper tank for the booster pump is also provided. In addition a number of extra nozzles and connections recommended by the firemen were purchased. A further test was made down at the river in which the engine was run under full pressure for a long time without overheating. The outfit weighs about five tons without the extra equipment but in an emergency can attain a speed of fifty miles or more per hour. The purchase of this new fire fighting apparatus should and doubtless will materially affect fire insurance rates in the city.

Davis Creek News

Carpenters from Loup City were at the John Palser place last week repairing the barn damaged by the wind. Men have also been busy at the Henry Geweke place repairing damage done to his barn the same night.

Mrs. Rendell and Mrs. Archie Jeffries called on Mrs. Mildred Shinkler Wednesday. Mrs. Elizabeth Jorgenson was there Thursday and in the evening Mr. and Mrs. Roy Stoltz were there.

Loren and Helen Joyce Walkup went home with their parents from Ord Saturday after spending several days at John Williams'.

Mr. and Mrs. Phillip Mrsny and Alma and Jack McCaville and Edward were at Alfred Jorgenson's Sunday afternoon and evening.

John Palser expects to begin filling silo at Lloyd Needham's Tuesday. The past week has been very hard on the corn. Intense Saturday's and Sunday's wind with a temperature of 100 to 107 have just about finished it. Many will begin cutting at once.

Mr. and Mrs. Chris Larsen and family and Mr. and Mrs. Ernest Johnson picnicked Sunday near Arcadia with other relatives.

Alfred Jorgenson lost a horse last week of old age.

Malvin Axthelm and Oren Larsen returned home Friday evening from Shelton where they had been picking up potatoes. They say the potato harvest is about over there.

Mr. and Mrs. Chas. Johnson and Eva were dinner guests at Bert Cummings' in Ord Sunday.

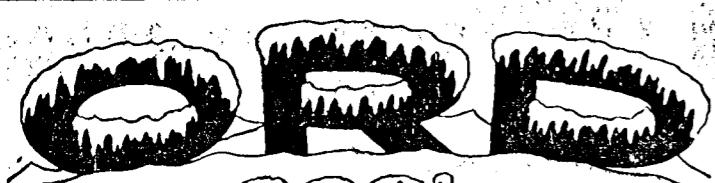

Mr. and Mrs. Reuben Athey and small children were at Clyde Athey's for dinner Sunday. They expected their son Charles and daughter Mildred to come to North Loup with Frank Johnson. He had visited his daughter, Mrs. Hamilton at Geneva and Charles and Mildred met him there. They had visited their aunt, Mrs. Irma Seng at Lincoln.

Old Time Charlerville.

Mr. and Mrs. Lynn Beeghly were charivated in grand style by their many friends Monday evening. The young couple was seated at the home of Mike Kosmatka and placed in a specially equipped Model T Ford. Then the procession started—Ord's old fire truck was brought out for the special occasion; a rag-time band blared away as they headed the parade; firecrackers, held under cover since the 4th, broke forth in deafening profusion. A special pressure tank on the Model T provided a blinding smoke screen at the driver's will. The procession, after going around the square several times, came to an end at Thorne's Cafe where the crowd

LOCAL NEWS

—Guests of Mr. and Mrs. Ed Naprstek Sunday were Mr. and Mrs. Ed Jerls and family of St. Paul. Mrs. Jerls is a sister of Mrs. Naprstek.

—“Bud” Wilson’s orchestra played Saturday night for a dance at Riverton and Sunday drove to Fulerton and played for a dance near there that evening.

—Little Roland Johnson, son of Mr. and Mrs. Leo Johnson, is again at home after spending most of the summer with relatives in Lincoln and Wellfleet.

—A 5 1/2 pound baby girl was born last week to Mr. and Mrs. Louis Zukoski of Elyria, with Dr. H. N. Norris in attendance. Mother and baby are doing nicely.

—Mr. and Mrs. Don Proudfit spent the week end with relatives in Lincoln and returned home with a new DeSoto car which they purchased there.

—Dr. F. A. Barta and daughter Miss Zola, left Sunday morning on a trip to South Dakota and Minnesota where they expected to visit relatives including their daughter and sister, Miss Evelyn Barta, who is staying with an aunt in Minneapolis.

—Mrs. Dave Bolen of Lexington has been visiting her parents, Mr. and Mrs. Ed Naprstek. She returned home Saturday accompanied by her brother, Edward Naprstek.

—At the Burwell rodeo Friday dozens of persons spoke of the Loup valley fair and races and said that they were coming this year. Some talked about concession space and others asked that literature be sent them. The interest in the big show is greater than for years.

—Mrs. John Beran and daughter Alvina of Lubbock, Tex., arrived last Wednesday for a week’s visit with Mrs. Beran’s mother, Mrs. Anna Krahulek and other relatives and friends. From here they will go to Omaha to visit the Anton Beran family before returning to Texas.

—Mr. and Mrs. Soren Jensen and son Sammie, of Sargent, were visiting Sunday in the home of Mrs. Jensen’s parents, Mr. and Mrs. Archie Bradt. The Jensens returned recently from their vacation trip to Minnesota and have many pictures to prove that they had wonderful time and caught many fish.

—Mrs. A. J. Ferris and children including Kent who is taking his annual vacation from duties at the Quiz office, left Thursday for a vacation in the mountains of Colorado. They are expected home today.

—Doc Thompson believes that if rubber tires are good for a car, they should also prove serviceable on a mower. He has equipped his mowing machine with old casings which he slipped over the metal wheels and wired in place. He finds that the machine rides easier and makes much less noise than it did before.

—After spending six weeks visiting relatives and friends in Ord and Burwell, Mr. and Mrs. F. J. Bell left for their home in Long Beach, Calif., Sunday morning. They got a plenty of Nebraska hot weather, but had no complaints to offer, as they were having too good a time to let a mere hundred degrees or more detract from their enjoyment. F. J. presented the Quiz with a number of old time negatives which give glimpses of Ord as it used to be. These will be used in the Quiz from time to time later on.

—Mr. and Mrs. Lynn Beeghly returned to Ord Saturday evening after a week’s wedding trip to Denver, Colorado Springs and other places in Colorado and Wyoming. They also visited at Arapahoe with Mr. Beeghly’s parents, Mr. and Mrs. J. M. Beeghly, where a family reunion was held in their honor, all the Beeghly children being at home together for the first time in several years. Mr. Beeghly and his bride, the former Miss Eleonore Kepp, will make their home with the Thorne’s until Sept. 1, after which they will occupy an apartment in the Mrs. E. L. Johnson home.

Thrilling Action at the Burwell Rodeo

Hub Whiteman, one of the big money winners at last week’s Burwell rodeo, gives the crowd a thrill by riding “Tubby” in this fine action shot taken by the O’Neill Photo Studio, official rodeo photographer. Whiteman was champ bulldogger of the rodeo also. Burwell’s annual show attracted 25,000 people during the three days and was a financial success, officials say.

—Edward Puncochar, son of Mr. and Mrs. Jerry Puncochar of Spalding, last week underwent major surgical treatment in the St. Francis hospital, Grand Island, Dr. Watson removing a growth from his side. It is feared that he may have sarcoma but doctors are not yet sure of this. The Puncochars formerly lived in Ord and before being taken to Grand Island Edward was attended here by Dr. J. G. Krum.

JO'S IN TOAST

MANY critics have reviewed the Spanish theater of war but none have been so enthusiastic as to suggest a revival performance later on.

Contrary to thought in some quarters, soap-box derbies have nothing to do with either the “guess-what-it-is” feminine millinery or a lengthy oration on the village commons.

A Virginia farmer fed his hog some blackberry preserves grown potent with age, and the hog proceeded to get drunk and pass out. Proving, if nothing else, that the porker got himself in a pretty bad jam.

Summer, going into the home stretch, finds as its chief sufferers, those with hay fever, congressmen who want to get away from Washington, and the 23 or more athletes who compose the St. Louis Browns.

News From The Quiz Exchanges

DAILY SENATOR NO MORE.—The Daily Senator, started by Terry Carpenter somewhat less than a year ago at Scottsbluff, ceased publication last week. The mechanical equipment was purchased by the Star-Herald Printing company, of which H. J. Wisner and A. B. Wood are officials. Mr. Carpenter has felt for some time that the venture was a losing one.

DANCE TO HELP RODEO.—The management of the Alliance rodeo, which was sponsored by the American Legion and the Chamber of Commerce, has announced a big dance to help meet the rodeo deficit of \$1,255.00. Residents of the surrounding towns are solicited to participate because it is going to be a big affair. The Alliance territory was unusually hard hit by the drouth this year.

PRIZE FOR BIGGEST HOPPER.—According to the Loup Valley Queen, the Star Theatre of Callaway is conducting a biggest grasshopper contest, trying to find the biggest grasshopper in the state. The person taking the largest grasshopper to the theatre any night this week will be awarded a two weeks’ pass for two persons, and the second largest will receive a one week’s pass for two persons.

IRRIGATION SHOWING RESULTS.—Farmers along the valley are showing much interest in Alfred Lang’s irrigation project. Alfred dug a pit about 30 feet from the river and a string of barrels carrying a portion of the river’s flow to the pit, from which it is pumped to ditches and carried to his fields. At present about 60 acres are being irrigated, part corn and

part alfalfa, and that in corn is a sight for sore eyes. It is estimated that with a bigger unit Alfred could irrigate all the land from his place to the river bridge.—Bartley Inter-Ocean.

MINER WOULD GROAN ALSO.—Last Sunday the writer was in the northwest part of town, looking over some of the beauty spots in that part of the village, and happened to run across Perry Gage. He volunteered to take us to a place which he considers especially scenic. It is a grassy slope and adorned with two apple trees of unusual symmetry. Not only are the trees beautiful, but they are loaded with apples. In poetic mood, we remarked that the soft zephyrs blowing through the branches seemed to make the trees sigh, and almost groan. Whereupon Perry remarked: “Well, Miner, if you were as full of green apples as these trees are, you would sigh, and probably groan, too.”—Palmer Journal.

CASH FOR RADIATOR WATER.—Ernest F. Armstrong and Paul Armstrong returned Monday from an extended trip in which they traveled more than 5,000 miles. On the trip while crossing the desert in Utah, they found themselves in need of water with which to fill the radiator of the car. They reached a house but could find nobody on the premises. They were in the act of filling the radiator when a man arrived and calmly informed them that the water would cost them 85¢, which they paid and proceeded on their way.—Nebraska Co. Herald.

DR. PINCKNEY LEAVING.—Dr. C. E. Pinckney is leaving Ericson and has an announcement in the Ericson Journal to that effect. He will close his office there in the near future and go to Columbia, Mo., to practice. The people of that section view his departure with keen regret, but wish him the best of success in his new location.

Cram Hospital Notes.

Mrs. John Wallace of Valleyview underwent a major operation Aug. 16.

Mrs. Carroll Bohy was brought to the hospital for the treatment of a badly sprained ankle which had been stepped on by a cow.

Born to Mr. and Mrs. Floyd Krause August 16, a son.

Roy Stout of Lincoln suffered a fractured right leg as a result of jumping from a fence at the rodeo grounds to avoid being run down by a steer. He was taken to the hospital where Dr. Cram reduced the fracture and later he was taken to his home in Lincoln.

Robert, son of Mr. and Mrs. Floyd Krause, had his tonsils and adenoids removed Monday, Aug. 16.

Miss Grace Hall and Mrs. H. C. Benton are in the hospital receiving treatment.

Ralph Larson of Marquette left the hospital Sunday after having received treatment for a badly sprained elbow. Mr. Larson is a jockey and the accident occurred during the races at the rodeo on Aug. 11.

Woodman Hall

The strong, hot, south wind with temperature over 100 last Sunday, shattered all hopes of even a few prospective nubbins. Many corn fields turned white and will have to be cut as soon as possible to save the fodder.

Mrs. Frank Kriz and daughter Josie of Ord visited on the farm with Mr. and Mrs. Frank Wegzyn one day last week.

Miss Mildred Waldmann spent several days last week with her sister, Mrs. Jos. Kamarad.

Elmer Parkos was a visitor at Edward Radil's last Saturday.

Miss Edith Ptacnik, who has been laid up with a broken leg for some time has had the cast removed.

Rev. Ignatius Poezach of Milwaukee, Wis., a former classmate of Rev. Thomas Sindowski, the local pastor, said mass at Geranium Sunday morning. Mass at Geranium will be at 8 o'clock.

Frank Wegzyn, Jos. Waldmann, and V. J. Vodehnal drove to the sandhills last Sunday.

Otto Radil was a caller on his farm Sunday afternoon.

Jim Rybin, who has been employed at Los Angeles, Calif., arrived home last week and will spend some time with home folks.

A strange, yet true episode, occurred at the home of the writer's son one day last week. After finding a few nubbins of corn in the field they thought to make the best use of them they would have roasting ears for dinner. After the family was seated at the table, Jackie, the little five year old, after eyeing the strange dish for a moment asked, "Mama, how do we eat those?"

A fishing party consisting of Frank Smolk, Frank Wolf, John Lola and Vencel Brucha enjoyed the sport at the Calamus one day last week.

Misses Margaret and Eleanor Tvrlik left last week for Kearney where they will spend a few days visiting relatives.

The two bridges between the Frank Kriz, Otto Radil and Joe Waldmann places which had been under construction for a couple of weeks are now completed and only a good rain is needed to settle the grade.

The ladies and the young folks study clubs will hold their monthly meeting next Thursday evening at the parish house.

Ord Softball News

In one of the best games of the year, Cotesfield won a close 2 to 1 decision over the Ord softball team on the home diamond Sunday night.

As the score indicates, the game was a tightly played contest, both teams playing "heads up" ball. "Shunkle" was on the mound for the Ordites and did a very commendable job of pitching.

In the preliminary game of the evening Ord's Safeway turned on the heat to come out on top of a narrow 13 to 12 score.

Sunday afternoon the Ord K. C.'s traveled to St. Paul where they slipped in a decisive 7 to 6 victory over the St. Paul K. of C. softball team. Ord's girl softball team had a regular hitting fest Monday night as they outdid the North Loup ladies team by a one point 17 to 16 margin.

Miss Joy Schuyler of Elwood spent Friday and Saturday in Burwell visiting relatives and attending the rodeo.

Ben Waterman Is Laid to Rest Here

Ben Waterman, son of Eli and Annette Waterman, was born in Alcide, Wyoming county, N. Y., May 16, 1868. With his parents he moved to Otoe county, Nebr., in 1875, removing to Valley county in 1883, where the family homesteaded in Vinton township. Sept. 20, 1891 he was married to Miss Minnie Wilcox, who preceded him in death June 7, 1927. Mr. Waterman made a number of trips to California, making it his home at different times. He was a resident of Ord a number of years, but made his more recent home at Fremont, Nebr. There he was married to Mrs. Nettie Hartman, who survives him. He had been in poor health

for a number of years and death brought relief from physical infirmities at the Bailey Sanitarium in Lincoln, Aug. 10, 1937, at the age of 69 years, 2 months and 24 days. He leaves to mourn his passing, his wife, one brother, Walter of Ord, two nieces and six nephews, besides other relatives and friends. Funeral services were held at Sowl's chapel Thursday afternoon at 2:30, Rev. Mamie Young of the Ord United Brethren church in charge. The pallbearers were J. Z. Marks, Warner Virgin, C. J. Mortensen, S. W. Roe, Fred Kuehl, sr., and A. W. Cornell, all old time friends and neighbors. A quartet composed of J. R. Stoltz, Dr. F. L. Blessing, Mrs. E. O. Carlson and Mrs. Mark Tolten sang several numbers. The body was laid to rest in the Ord cemetery. He

was a man of known integrity and friend to all in time of need, and those who knew him in the days when he lived among us, mark his passing with keen regret.

Les Adair Renowned Speedster, "Nibbles"

Les Adair, big time driver in the Central States Racing Association and one of the greatest dirt track drivers in the racing game, is "nibbling" at the luscious \$3000 bait being hung up for the Ord auto races, Aug. 24-27.

An inquiry was received from Adair Monday in which he stated that he wanted all the information he could get on Ord's big auto races and also an entry blank. This will be the first appearance of

Adair on the Ord track, although he has raced in this section of the country several times.

## McDowell, Pacific Coast Ace, Latest To Sign Contract

(Continued from page 1)

Wallis Wood, driver and owner of a Rajo Special from Beatrice, Nebr., Lloyd Fisher, owner; Clyde "Cowboy" Gilbert, driver; Dreyer Special from Longmont, Colo.

Ban Butensch, driver and owner of a Dodge Special from Edgerton, Iowa.

Joey Kent of Dayton, Ohio, owner of a Winfield Special with Johnny McDowell of Pasadena, Calif., driving.

Floyd Dreyer, Indianapolis, with a Dreyer Special, Everett Saylor, driver.

Walt Killinger, Denver, Colo., driver and owner of Kragar Special.

Fred Goalsby, Forrest City, Mo.

Jack Keys, a Riley Special, from Dallas, Tex.

Johnny McDowell of Pasadena, Calif., is one of the latest entries.

McDowell, rated as the best driver on the Pacific coast, will drive the Joey Kent racing machine from Dayton, Ohio.

Jack Keys, another late entry, declares in his letter to Clyde Baker that "there will not be a more beautiful car on your track than mine."

Ban Butensch, also new, is a close friend of Johnny Gerber and his Dodge Special has been a leading car in the Iowa race circuits for the past four years.

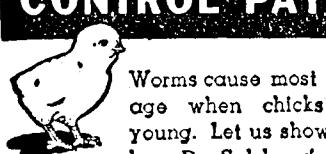

Perhaps never again in Nebraska will a field of drivers as prominent as this one be assembled at one track for three days of torrid auto racing.

Perhaps never again will such breath-taking, hair-raising speed be demonstrated on a dirt track.

If you miss the Ord auto races this year, you'll miss the grandest show of its kind ever staged anywhere.

Anthony Kokes has returned from Santa Monica, Calif., where he has been employed for the past two years. Unlike most people who come back, he is coming to stay. His plans are indefinite as yet, but he expects to work either in Lincoln or Omaha. He is a son of Mr. and Mrs. Frank Kokes.

### Ord Man's Engagement Was Announced Sunday

In the Lincoln newspapers, Mr. and Mrs. Roland W. Cooke, of Lincoln, announced the engagement of their daughter, Miss Tommy Cooke, to Elmer Palmater, of Ord, the marriage to take place in Lincoln on August 31. After their marriage Mr. and Mrs. Palmater will leave for an extended trip through the east and then will reside at Ithaca, N. Y., where Mr. Palmater will be an assistant botany instructor at Cornell University.

For several days Miss Cooke was a guest in the Ord home of Mrs. Chester Palmater and family, leaving Sunday for her home in Lincoln. Mr. Palmater also has been here for a visit with his mother and will remain until a few days before the wedding date.

His fiancee was a junior student in the University of Nebraska last term and before that attended George State, college two years, where she was a member of the varsity debating team. She plans to finish her college work in Ithaca, N. Y., after her marriage.

Mr. Palmater is a well known Ord young man who received his bachelor of science degree from the University of Nebraska in 1935 and has since assisted in the botany and biology departments while completing work for his master's degree. He is a member of the Nebraska Academy of Science, Phi Beta Sigma and Sigma XI honoraries.

### Entertains for Sister.

Honoring her sister, Mrs. Mary L. Smith, of Davenport, Ia., Mrs. Emil Fafeita entertained three tables of bridge players at her home Saturday afternoon. Mrs. Smith is a guest in the Fafeita home. High prize was won by Mrs. Ed Holub.

### Guests of Jolliate Club.

Members of the Jolliate club were entertained at bridge Monday afternoon in the home of Mrs. Keith Lewis and high score was won by Mrs. Olof Olson. Two guests were present, Mrs. Mary L. Smith of Davenport, Ia., and Mrs. Emil Fafeita.

At 8:30 Monday evening at the home of Dr. and Mrs. C. J. Miller, Dr. August Molzer, Mrs. Molzer and the Misses Eunice Bingham, Margaret, Louise, and Constance Baker, all of Lincoln, who are house guests of Mr. and Mrs. Orville Sowl, entertained at a musically for their Ord friends. Members of the Ord Rotary club and their wives were among the guests.

The Molzer party were guests of the Rotary club at dinner earlier that evening and there played several selections also.

### Kokes Family Reunion.

A family reunion was held at the John Kokes home Sunday, it so happening that nearly all the children could get home at that time. Those present were: Mr.

Dorothy Albers was hostess to the Junior Priscilla 4-H club Aug. 12, at Bussell Park. All members were present but one. After a short discussion on our score sheet and on finishing work, we planned for our achievement day, which will be held at the home of Mrs. Kuehl. Our mothers and other guests will be entertained with a short program.—Luettia Kuehl, reporter.

The Dainty Mixers met at Makowski's Aug. 1 at 2:00 o'clock.

The discussion was on the plans for our achievement day program.

Irma Mae Makowski demonstrated the laying of the table.

The meeting was then adjourned and the recreation period was spent in practicing for the achievement day program. This will be held at the Davis Creek school house, Aug. 20.—Florence Mildred Athey, reporter.

The A-B-C Club met with Bethene Guggenmos in the home of her grandparents. The members were present and there were also three visitors. We played games and ate a lunch after the business session. Our next meeting will be at Wilma Ollis' home. Our club had a little theater party one evening last week which was enjoyed by all.—Frances Houtby, reporter.

The Jolly Young Maids 4-H club met Wednesday at the home of Ruth Long. Four members were present. The hat racks were worked on. The next meeting will be held at the home of Leona Mae Hansen Aug. 18. After the business session a lunch was served by Evelyn Hurlbert.

The Happy Hour 4-H club met at the home of Audrey Turner, Friday, August 13. Because some of the members were away on their vacations, no regular lesson was discussed. The leader read an article, "Every Girl American Beauty Product," which told how every girl may have good health and beauty by eating vegetables and drinking milk and pure water. The article explained that this

### Race Advertising Is Being Spread

Members of the fair board are being ably assisted by members of the Ord Booster Club in putting out advertising for the Loup Valley Fair and Races next week. J. E. Muett took it upon himself to bill the city of Hastings and is doing a real job of it. Glen Johnson and B. C. Boquet performed the same service at Grand Island, with the result that everybody there knows all about the races. Chris Beiers and Syl Furkak made two trips last week. Tuesday they hit Spalding, Greeley, through Howard county, Cairo, Dannebrog, Ravenna, Loup City and home. Wednesday they billed Scotia, Cotesfield, Elba, Loup City around the horn by way of Sargent and Taylor and home, billing all towns enroute. E. C. James and A. W. Pierce also made two trips. In the first they went to Broken Bow, Stapleton, and then hit all the towns on No. 30 back to Grand Island. Tuesday they went to O'Neill and billed the towns on the North Western to Long Pine. They were not back at ten o'clock Wednesday. Thursday E. McQuillan and Ed Kokes went around the horn by way of Burwell and Sargent, as far down as Loup City and back home. Today they are going over part of the same route and adding Ashton, Farwell, St. Paul, Greeley, Scotia and North Loup. Kokes took a trip Sunday and Monday to Albion, Schuyler and Columbus and back. E. C. Weller is taking care of Atkinson and adjoining territory.

### Pinochle Club Picnic.

The pinochle club met with difficulties when they tried to celebrate their bi-weekly picnic Tuesday evening. The rain came just the right time to spoil their plans. The Clyde Bakers, not to be outdone, invited the group to their home, where a picnic was enjoyed indoors.

### Chester Carkoski Wed.

The Cedar County News of last week tells of the marriage of Chester A. Carkoski, Hartington high school principal and athletic coach, to Miss Helen Smith of Lincoln, instructor in the Hartington schools for seven years. The bride is a graduate of Nebraska Wesleyan University, a member of Alpha Delta Theta, Purple Argus, and Theta Alpha Phi. She was instructor in English at Hartington for seven years. The groom is a son of Mr. and Mrs. John P. Carkoski of Elkhorn, a graduate of the Ord high school, and of the University of Nebraska in 1928. He coached athletics at Hartington for the past 8 years, and has been principal since 1934. He will continue in the work there, but Mrs. Carkoski has handed in her resignation.

to the Iwanski place and found it was one of the birds. Shirley's brother-in-law, Bill Ogden, drove down from Winnebago, S. D., to the Ord fair two years ago and brought Bud two old birds and two young ones as a present. This was one of the young birds, and was making its way back to its old home in Winner. It was traveling in a direct line for home when it stopped at the Iwanski place. Bud thinks it became exhausted, as it had been kept in close quarters for a long time. He boxed up the bird and is shipping it to Winner. Two other birds of the same kind, Red Cardinals, are at large and Bud wants to hear from them. He says he will go and get them and send them back home if he has to go to the state line.

still, not too windy, just right all the time. In the morning the whole family drove to Pequot more for the ride than anything else, but a few needed supplies were purchased and our letters mailed. We usually have a grist each day. Mrs. Fenner is an early bird and usually drives to town to get the mail before we get our letters written, then we answer them if they need it and drive in to mail the letters. On this trip we got a few minnows for we planned on going to Hubert this afternoon to try for small mouth bass. After returning from town the Judge and I went swimming, with Mr. Fenner as guide we drove over to Pelican to get a bucket of frogs for we didn't know just what sort of diet the Hubert Lake bass preferred and we wanted to please them. We had good old Nebraska style pork and beans for dinner with quite a lot of accessories. After dinner the Judge rested a

Wednesday, August 11: This has been another day as perfect as a Minnesota day could be and that goes, also, for any other country. All day there was enough breeze (not wind) from the northwest, to make it delightful, the sun was shining brightly. We were up betimes, had some of Otto Pecenka's best bacon and cakes and coffee for breakfast, except Lena who is fearful of the effects of too much Minnesota ozone combined with good cooking, on her physical form, so she baked the cakes the while she sipped black java. I told her she would make up, at noon, for the short breakfast. We had planned a trip down to Ak-Sar-Ben, the Vogt show place, sometimes advertised as the Tame Fish farm, on Long lake, with a picnic dinner. The Judge bought short ribs while in Pequot yesterday and instructed the cooks how to prepare them; we had bread and butter sandwiches, hard boiled eggs, pickles, cake and coffee and ice cream. Sounds good, doesn't it? And it was better, even than it sounds. We had left camp on the dot, 10 o'clock, drove up to a picnic table at the edge of the Vogt grounds at 11:30 and it was not much after 12 when we had finished our dinner and were ready

to take in the sight. I am sending Eugene a couple of snapshots of the grounds but don't know whether he will be able to get a picture for the paper from them. They don't seem to me quite clear enough but Duemey sometimes works wonders with pictures. We spent an hour or more looking through the grounds. There are walks everywhere, many flower beds with ornamental stone borders, the flowers were in bloom in great abundance in spite of the many pounding rains we have had in this country. The glads and dahlias were especially fine but there were dozens of other kinds of flowers in bloom too. The Wishing Well, built by one of the Vogts, is a work of art, as are the many vases and the miniature castle surpasses them all. The Vogts, two brothers, retired attorneys of Omaha, do all the work themselves. They are old bachelors and they call their place the Eveless paradise. The older brother does the rock work and the younger takes care of the flowers and he is an artist in arrangement, not only of planting but also in the arrangement of bouquets, a few of which we always see in the cottage, which all visitors are privileged to go through and inspect. I noticed that the Judge was studying the various pieces of rock work and I suspect that, before another year some of them will be reproduced in his own beautiful grounds at Ord. He will not be able to get the results that the Vogts do for the reason that he will be unable to get the many beautiful rocks that they have access to. It was about 3 p.m. when we got home and we had driven 90 miles. We stopped in Brainerd to mail letters and in Nisswa to get a few groceries. We had planned on going to the upper lake for the evening fishing, so as soon as we got home I told the Judge to take a little rest. I loaded the things needed, motor, rods, bait, cushions etc., into the boat, then took a swim and about 4 o'clock we pulled out with the Missus at the motor as engineer and guide, the Judge at the oars (he chose his own job) and I suppose I went principally as ballast. The sun had just dipped behind the jackpines on the west shore of the lake and the sky was still beautiful with gold and pink and purple and a half dozen other colors when we pulled in at the dock on the return trip and we had a delightful four hours. Yes, we had lots of fish, nice big bluegills and big crappies and one 4-lb. bass. The Missus caught the most fish as usual. Lena had installed herself as chef cook in our absence and had tea and toast and other things just about ready. Must have listened to the motor coming down the lake. "No bridge tonight" said the Judge and shortly after nine we were all in bed and most of us, I guess, were snoring the sleep of the just.

Thursday, August 12: This is the end of another as near perfect day as one could wish for. We planned to rest most of the day today so it was after seven o'clock when we got up and it was past eight when the bacon, pancakes and coffee were ready. After breakfast we just loafed around, went after the mail, took a swim and finally got dinner. The Missus was nursing a lame, swollen knee (I told her it was gout) so the balance of the family got dinner. Judge Clements delegated the authority of head chef to himself and announced what we would

have and the part each one would prepare. The menu was baking powder biscuits, bacon with milk gravy, fried fish, jam and jelly and coffee. Oh, yes, and apple sauce. The Judge brought a sack of Nebraska cooking apples and the Missus had made apple sauce in the morning and the head cook said that was her share. Lena was to set the table and wash the dishes after dinner as her share; I was to cook the fish (always my job); Mrs. Clements was to make the biscuits and the Judge was to make the milk gravy. We all had to wait on him so much that we had hard work to attend to our own jobs. I had dressed the fish the evening before, one nice 4-lb. bass and five bluegills, and had them on ice. I rolled them in cracker crumbs ground fine in the food chopper, first dipping the pieces in egg and I got them cooked fine. I claim to be the best fish cooker in this end of Minnesota and no argument needed to prove it. Mrs. Clements is a past master at baking biscuits and she surpassed herself on this occasion and the Judge's gravy was all that could be desired. After dinner we all rested some more after I had helped Lena with the dishes, then the Judge took his women folks over to Pelican lake to visit a while with Mrs. Edna Sill and family while he drove into Brainerd to get something that he was in need of and when they got home it was time to eat again and we hurried through a rather scant evening meal so we could go bass fishing till dark and we got skunked again. All we had was frogs and the bass either wanted minnows or plugs or they were not hungry, but we didn't care, as we wouldn't want fish for a couple of days again. And besides we had plenty in the live box down in the lake. It was around nine o'clock when we put the lights out and plenty cool so we could get a good night's sleep.

Friday, August 13: In spite of this being Friday the 13th, we have had most pleasant day. The Missus served us bacon, muffins and coffee for breakfast, after which the Judge took his women folks to Pequot to get minnows and some needed groceries. Mrs. Fenner accompanied them just for the ride. I assisted with the picnicking and other preliminary work. In preparation for the Sills who were invited for dinner and at 11 o'clock, after taking a dip in the lake, drove over to Pelican after them. We had ham loaf for dinner with, of course, a lot of other things, then read, played chess, visited and later went swimming again. Then, about 4 p.m. the Judge, Mr. Fenner and myself went to the upper lake on a bass fishing expedition, as our live box was empty. We also had a contract to supply Mrs. Esther Luther with a dozen bluegills. We had a most pleasant afternoon's fishing, but as to the bass, they refused frogs, minnows and grubworms and we only managed to get one small bass. We did get the dozen nice bluegills for Esther, then we caught another dozen for ourselves and have most of them in the livebox this morning. I dressed a few with the bass and a bulldog which we also caught, for dinner Saturday. Mrs. Fenner drove the Sills back to their camp, going via Breezy Point, a famous resort on upper Pelican. The Reube Lincolns left late this afternoon for Ord and as we were up on the lake, we didn't see Reube

when he brought me the balance of his fish worms. I want to thank him for them. They will sure come in handy.

Why Shoot the Chows?  
Starling hunting is proving to be quite a sport for the young fellows in the vicinity of Clarinda. Cedric Clary brought in the biggest bunch, Tom Snapp the rest, and report that there are several flocks from which they are shooting them. The state pays 10 cents for every chow or starling, and, strange as it seems, very few bounties have been collected on the crows.—Clarinda Herald-Journal

## Powerful Truck Moves Twenty-Seven Ton Dragline Thirty-Two Miles To Taylor

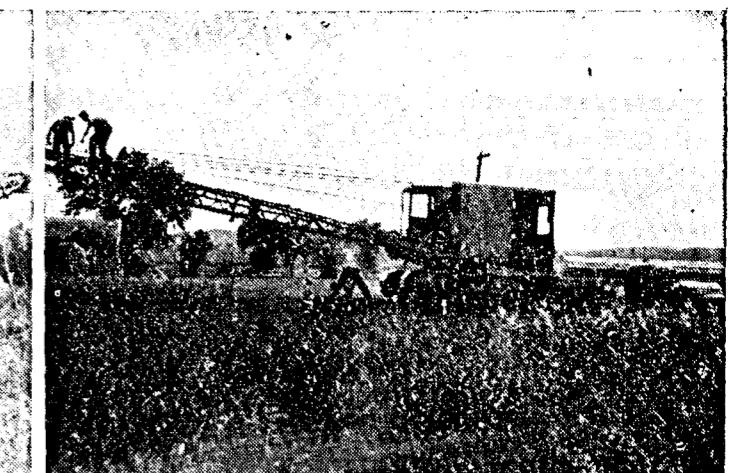

...the dragline digs a pit for the truck to back into ...

...truck now level with ground, dragline prepares to move to the trailer ...

...all loaded, the dragline is securely chained to the trailer with huge steel chains ...

...they're off, just a mere matter of about 30 tons ...

In this series of pictures is shown how a huge truck capable of hauling a capacity load of 40 tons, deals with the trifling matter of hauling a 27 ton dragline for over thirty miles. Its work finished near Ord, the dragline now will work on the irrigation project near Taylor.

This truck has 14 wheels using 10 ply tires, holding a pressure of 65 pounds. Without a severe pull the truck will make 7 to 8 miles per gallon of gas and around 30 miles an hour on a good level highway with a load on.

## "Speed King of the Southwest" Signs Contract to Race in Ord During Fair

You've never seen real dare-devilry on a dirt track until you've seen Jack Keys, of Dallas, Tex., wheel his super-speed model around the banked curves of a half mile oval, say writers who have watched this driven in action. His car shown above, formerly was owned by Lawrence Kerbs, of Otis, Kas., and raced in Ord before curves were banked as they are now. The car never showed to advantage here then because it had too much "zip" for the comparatively flat track. This year it will be a different story, promises Keys, who has been a big money winner in Texas, at Atlanta, Ga., and all through the south and southwest.

### A Whopper About Hoppers.

Up at Marsland, a community between Crawford and Alliance, the grasshoppers are not particular what they eat. While C. E. Hornet was running a binder last week, hoppers ate the lower part of his trouser legs to shreds. They then attacked spade and fork handles, making them rough and uncomfortable to use. Lawrence Trussell, who owned the farm where this occurred, left his bedding out over night and the next morning it was well chewed up by the hoppers.—Howard County Herald.

### Says They Walked.

R. O. Hunter tells one which

was told him by the conductor on

the Union Pacific, who vouches for

its truth. Along the railroad it is

an unusual sight to see a dog

chasing a jackrabbit. Monday the

heat was so intense that the crew

observed one of the usual contests,

which was extraordinary in that

both the rabbit and the dog were

walking. They seemed to have

reached an agreement that it was

too darned hot to run.

### Burson's Corn Fine.

Mr. and Mrs. Thorvald Sorensen

were guests at the John Burson

ranch last Sunday and he reports

that John has a field of corn that

gives promise of making 70 bushels

per acre. This field lies well to

the east side of the ranch. It is

a field of sandy loam over which

black soil from the clay hills to

the west and south has been washed

in years gone by until it is now

covered to a depth of two feet in

places. The hills to the south also

protect the corn from the hot wind.

Further west the crop was not so

good. About a mile east of the

Burson buildings is the section hit

by the heavy fall of about three

weeks ago. Mr. Sorensen states

that the fields there are absolutely

bare as result of the fall, there

being not even enough to feed a

grasshopper.

## Jack Burrows Making Own Trailer House

Everybody who knows them knows that the Burrows brothers are handy with tools, so it will be no surprise to the public to learn that when Jack decided he wanted a trailer he determined to make it himself. Starting in about a month ago, he has been working at the job in his spare time, and to date has the trailer about half completed. Since the above picture was taken he has completely inclosed the structure, and is now putting on the second wall. The body is being made of 2x2s for framework, with half inch bats to go around the curves and three-ply veneer both inside and out to form a double wall. The trailer is 7 feet wide and 14 1/2 feet in length at the bulge, and will be equipped with built-in cupboards, wardrobes, beds, etc., to make it on a par with the best manufactured trailers. While Jack planned to make it for himself he may have to sell it, as two would be purchasers are on

# LOUP VALLEY RACES START TODAY

## Seventy Girls Will Compete in Beauty Pageant This Eve

Arcadia, North Loup and Ord Entrants Vie for Honor of "Miss Valley County".

Mrs. Vernon Andersen, president of the Ord Business and Professional Women's club tells the Quiz that over 70 girls are expected to take part in the beauty pageant to be held at the fair grounds tonight, starting at 8:00.

Instead of "Miss Ord", this year it will be "Miss Valley County" who will be chosen from the long list of entrants by out-of-town judges. North Loup and Arcadia have entered several girls in the pageant, thus making the competition twice as keen as usual.

Sponsored by the Ord B. P. W. C., the winner of the pageant is to be awarded a free, all-expense trip to the official state pageant at Lincoln during the State fair.

The pageant will be conducted somewhat like the 1936 contest with minor changes on several different points of the show. Dale Norman will officiate as master of ceremonies. Contestants include:

Eloise Norris, Danella Weeks, Shirley Schrader, Barbara Dale, Marie Gross, Evelyn Sharp, Armonia Beth Achen, Mary Beranek, Jean Ferguson, Virginia Clark, Eleanor Wolf, Delores Dunlap, Ina Mae Warford, Clarice Warford, Audrey Turner, Ella Johns, Ruth Haas, Evelyn Loft, Dorothy Fish, Irene Ruzovsk, Lois Holden, Lila Guggenheim, Josephine Romans, Angelina Wachtler, Katherine Romans, Jacqueline Meyer, Lucille Ulrich, Marle Viner, Marjorie Coe, Elsie Simmons, Lillian Kusek, Christine Kozael, Dorothy Johnson, Ruth Auble, Lydia Ptacnik, Lydia Nevrly, Harriet Hrdy, Louise Gross, Ruth Long, Louise Petska, Alberta Flynn, Margaret Behrends, Donna Ward, Evelyn Johnson, Mary Ann Bartz, Lillian Nevrly, Wilma Richardson, Dorothy Prier, Ruth Richardson, Audine Moyer, Eva Mulligan, Dorothy Eyerly, Paula Jones, Virginia Fox, Miss Arcadia.

## Final Swimming Meeting August 30

There will be a final meeting of the Red Cross swimming classes next Monday, August 30, at the usual hours. At this time Miss Evelyn Sharp will complete instructions, give the final tests as far as the students can take them in the river, and make recommendations with regard to awards. The committee in charge hopes that arrangements will be completed to take those who can qualify for swimming a certain distance to some regular swimming pool. Miss Sharp will designate Monday those who are eligible for the trip and will announce the details for the excursion. The committee would like to receive offers from interested mothers who would be willing to drive their cars for the occasion. The tentative date set is next Wednesday, Sept. 1. Mrs. John Misko, county Red Cross chairman, is carrying on correspondence with those in charge of the nearest swimming pools and she hopes that the students will be permitted to use the pool for only a nominal charge or perhaps free. Complete details will be announced at the Monday meeting.

## Sept. 20-21 Dates For Popcorn Days

North Loup—(Special)—Most elaborate plans ever made for the Popcorn Days celebration, which comes on Sept. 20 and 21, are now being completed. The program will include a kittenball tournament, balloon ascension and parachute jump, an amateur contest, a tight wire walker and many other attractions. Monday H. L. Gillespie and Charles Sayre went to Kearney and made final arrangements to have the Fredericks carnival company in North Loup on those days. Of course free popcorn will again be served to all comers.

### Grandmother of 56 Dies.

Arcadia—(Special)—Mrs. Oliver Dubry, 97, for many years a resident of Arcadia, passed away in Kearney on August 16. She was the mother of 12 children and is mourned by 56 grandchildren and 101 great grandchildren. Her husband predeceased her in death.

The front of the Kneazek building on 16th St. underwent a coat of paint at the hands of John Wozab, Jr., Tuesday.

## Mrs. Marie Kubica, 96, Reads Without Glasses

Above is shown a very good likeness of Mrs. Marie Kubica, to whom goes the honor of being the oldest person in Valley county. She makes her home with the Frank Sevenier's in southeast Ord. She broke her left limb on August 15 but does not let an accident like that bother her, as she was sitting up when the photographer arrived. As shown above, she still reads her Bohemian paper without glasses, and her favorite pastime is smoking her pipe. She was born March 25, 1841, and is 96 years and 5 months old today.—Quiz photo by Dueymey.

## P. L. Plejdrup, 80, Goes to Reward

Paul Larsen Plejdrup was born in Sonder, Draaby, Denmark, June 17, 1857, and was baptized and confirmed as a child and as a youth respectively, in the Danish Lutheran faith. He emigrated to America in 1889 and settled near Ord, where he spent the remainder of his life. In 1891 he was united in marriage to Anna Marie Nielsen to whom 7 children were born. He passed away Aug. 19, 1937 at the age of 80 years, 2 months and 2 days.

He leaves to mourn his passing his beloved wife and 7 children, Jens Plejdrup of Grand Island, Mrs. Walter Jorgensen of Ord, Mrs. Pete Hollander of Ord, Mrs. Arthur Lange of North Loup, Mrs. Elmer Virgin of Ord, Mrs. Charles Wilson of Norfolk, and Elmer Plejdrup of Minden; also 23 grandchildren and a host of friends. Services were conducted from Sowl's chapel and interment made in the Ord cemetery, with the Rev. Clarence Jensen officiating. He was a man whose sterling qualities endeared him to all who had the honor of his acquaintance.

**Noted Editor Passes.**  
J. P. O'Rury, 62, editor and publisher of the Cedar County News at Hartington, passed away in a Yankton, S. D., hospital Aug. 6. He was widely known in journalistic and political circles. He was state senator from the 10th district from 1933 to 1935. He was president of the Nebraska Memorial association, past president of the Nebraska Press association, officer of the northeast Nebraska chamber of commerce, one of the founders and secretary and treasurer of the Northeast Nebraska press association, secretary of the Tri-state Editorial association, president of the Sunshine highway association, president of the Hartington commercial club, and member of the Hartington school board. He had been editor and publisher of the Cedar County News since 1915. He was essentially a self-educated and self-made man, having obtained the greater part of his education by self study while employed as a boy in factory work. His influence on newspaper work in his section of the state will be felt for years to come.

**Arcadia Boy Winner Trip to Dallas, Tex.**  
Arcadia—(Special)—For selling Bee-News subscriptions, Dick Marvel won a free trip to the exposition at Dallas, Tex., and Friday Mr. and Mrs. Jess Marvel took him to Omaha where he entrained with 400 other boys on a special train for Dallas. He will be gone about a week.

## Open Season On Pheasants Decreed For Entire State

Oct. 17 to 26 Are Dates Of Big Hunting Event; Valley Co. Closed in 1936.

For the first time in history the entire state will be opened for pheasant hunting this fall. The season will run from Oct. 17 to 26, inclusive; shooting hours will be from 6 a. m. to 7 p. m. with a daily bag limit of five birds, two of which may be hens, and a possession limit of five birds.

This will be the first open season in Valley county for two years, the last season being in 1935. Reports say that the birds are quite numerous, especially along the river bottoms.

Frank B. O'Connell, state conservation officer, stated the move will not lead to extermination of the birds because it will serve to spread the hunters over a much larger area, limiting the kill.

Another new department regulation will permit fishermen to keep all sizes of trout, sunfish and perch. Fishermen will be required to throw back all other kinds under legal size.

There will be no open season this year on muskrat trapping, or on cranes, curlew, prairie chicken, grouse, partridge, plover, quail, turkey, antelope, deer, beaver, martin and otter.

## Charles Shepard On Trip to Old Mexico

Charles Shepard, accompanied by three of his fellow members of the medical college at Northwestern University, left Chicago June 25. They crossed the line into Mexico July 1, and returned July 25, thus spending practically a month on Mexican soil. They made their headquarters in Mexico City, and two main trips were made by the men from this center. They made one trip to Acapulco, 250 miles south, and another to Oaxaca, 250 miles southeast. This city is located on the backbone of the continent.

These trips were made half by driving a V-8 and half by train. They found the trains very tiresome to ride in, as the only seats are made of boards. Food is cheap there, the best dinner that can be procured costing 1½ pesos, or about 42¢ in American money.

Farmers are still reporting blight among cattle, although this plague has also slackened its rate since last week. Cause of the blight is being attributed to the eating of red root or pigweed.

**Four New Teachers When Ord Schools Open September 6**

Registration Starts Monday,

School Following Week;  
Big Enrollment Due.

Four teachers new to the Ord school system will report for duty on Saturday, Sept. 4, two days prior to official opening of the schools, announces C. C. Thompson, superintendent. Newcomers include Keith Wolfe, formerly principal and coach at Bradshaw, who succeeds Burdette Cowell, Miss Loretta Murphy, of Omaha, who succeeds Miss Elva Johnson, Miss Esther Schoenleber, who replaces Miss Williams, and Miss June Schneider, of Kearney, who succeeds Miss Edna Elliott. All are thoroughly experienced teachers.

Classes will start at 9 o'clock on Monday, Sept. 6, says Supt. Thompson, and all preliminary operations should be attended to by students before that time. Registration for grades 9 to 12 will be held Aug. 30, 31 and Sept. 1. Grades 7 and 8 will have no pre-school registration but the 7th grade will report to Room 15 and the 8th grade to Room 5 Monday morning, Sept. 6, at 8:45. Non-resident students should bring free tuition certificates when they register.

There will be no pre-school registration for grades kindergarten to 6th, such students being asked to present themselves to their teachers at the south school at 4 a. m. on Sept. 6. Children coming into the Ord schools for the first time should present report cards or other records of work previously done. Children entering the kindergarten must be 5 years old by Dec. 15. Younger children will not be admitted to this department. A near-record enrollment is anticipated, says Mr. Thompson.

**Marijuana Plants Found in Nebraska**

A great deal of excitement prevails in several central Nebraska towns, concerning the finding of patches of the weed marijuana used in the illicit narcotic trade. The hunt for the weed started around Central City and has spread to many points including Kearney and Palmer where patches have been found and destroyed.

Marijuana is a tall, slender weed-like plant, sometimes being called wild hemp. Another variety of the weed is grown in oriental countries and the drug from it goes under the name of hashish. Leaves from the plant, when dry, are crumbled and smoked like tobacco. The drug is powerful, giving the addicts a weird, detached exhilaration.

## Ord Men Aid Evelyn Sharp In Becoming Youngest Transport Pilot, Buy Plane for Her

"Contact" Evelyn gives the propeller of her plane "The Ord" a hefty swing and she's off! Evelyn has been piling up flying hours in her plane so that she may take a government examination for a transport pilot's license by Oct. 1, her birthday. The plane, a new Taylor Cub, is one of the best planes that can be purchased in the low-price field.

## Transport License On 18th Birthday Goal of Ord Miss

Piling Up Flying Hours And Studying for Gov't Exams Keeping Her Busy.

At last Evelyn Sharp's dreams have come true. She now has a brand new airplane of her own with which she can fly anywhere, any time.

Several local business men—their names undisclosed—have been watching Evelyn's progress in flying for two years and recently decided they would do something to aid her in becoming the youngest transport pilot in the nation. They purchased for her a new Taylor Cub airplane at a cost of nearly \$2,000.

Evelyn was sitting on the porch of her home late Tuesday evening when she was summoned to the telephone. It was her instructor, Jack Jeffords of Hastings and he informed her that if she would be in Grand Island by eight o'clock Wednesday morning he would fly her to Omaha where she would receive a new airplane, all her own. Then pandemonium broke loose! No girl was ever wilder with excitement than Evelyn!

Flying the plane home from Omaha Wednesday night, Evelyn and her father ran into a terrific rainstorm but under Evelyn's skill the plane was landed safely and an overnight stop in Aurora was made.

Mr. J. E. Sharp didn't get much sleep that night, his daughter wanted to talk airplanes. At the crack of dawn Evelyn was out of bed and ready to sail for her home in Ord.

Fly, fly, fly—that's all Evelyn plans to do from now until October. Her purpose is to gain sufficient hours to gain her transport pilot's license by October 1, her birthday, which will make her 18 years of age and the minimum age allowed by the government for securing a transport license. Between times when she isn't flying she aims to study on airplane engine construction, meteorology and navigation so that she may pass this part of the examination on Oct. 1.

Since she got her plane last Thursday Evelyn has certainly been piling up the hours. Saturday she made a flight to Hastings where government inspectors gave the plane's new motor a final check-up. It was declared to be in perfect condition.

Soon Evelyn plans to fly to the county seats in Nebraska on a "good will tour" on the part of her

## Fastest Drivers In Race Meet History Vie for \$3000 Cash

Exhibit Good, Crowd Coming For Annual 3-Day Fair Which Opens Today.

With fine exhibits in nearly every department, a big crowd assembling and the fastest field of race drivers that ever visited Ord ready to display their blinding speed in competition for \$3,000 in cash prizes, the Valley county fair—1937 edition—was getting well under way this morning.

Clyde Baker, superintendent of speed, said at 9 o'clock this morning that 15 race drivers had arrived already and that many more are reported on the road so he felt sure 20 to 30 drivers will compete in events this afternoon.

Early arrivals included five of the fastest cars in the dirt track racing game in the United States, Lloyd Axel, of Denver, driving Vic Felt's car, Sam Hoffman, of Sioux City, driving the C. E. Johnson car from Lincoln, George Chitwood, driving the Morgan-Miller owned by Ralph Morgan of Indianapolis, Everett Saylor, driving a Dreyer Special owned by the famous racing car manufacturer, Floyd Dreyer, of Indianapolis, and Johnny McDowell, of Glendale, Calif., driving a Winfield Special owned by Joe Kent, of Dayton, Ohio.

Who in this group will be the driving champ of this year's meet, or whether another of the fifteen to twenty cars present will emerge as the "dark horse" is the question 15,000 race fans will assemble to see decided in the next three days.

Drivers say the Ord meet will be "toughest" in the country this fall because not only are most of the "hot shots" of eastern racing present but also the faster cars from the south and west.

Saylor and Chitwood, biggest money winners in all Central States Racing Association meets this season, are favored to win in the early dope but the chances of McDowell, west coast champion, and Axel, who holds the local track record and was big money winner here last year, cannot be discounted. Another probable winner is the Johnson entry, with the expert, Sam Hoffman at the wheel. The Jack Keys car, from Dallas, Tex., may push to the front also, as may a mystery Iddings Special driven by Morris Musick, which arrived from Dayton, O., this morning and has never appeared here before. As the Quiz goes to press a rumor says Pat Cunningham arrived from Hollywood, Calif., with a new Miller Special.

Secretary S. W. Roe expresses himself as being well pleased with entries in the various departments of exhibits. Livestock exhibits, described elsewhere in this issue, are generally light but Henry Enger, agriculture superintendent says he is surprised at the quality of entries in his department in such a dry season. Although there is a marked shortage of fruits and watermelons which are usually so prevalent, exhibits of canes and grain sorghums are large.

The fine arts exhibit, with Mrs. Edgar Roe as superintendent, is especially large, as are home economics exhibits under Mrs. Willard Cornell and flowers under Mrs. Will Zabloudil. The usual large school exhibit is noted in Miss Clara McClatchey's department.

Numerous stands and other concessions are noted on the grounds, including the dancing tent where Little Don Engstrom's band will play for dancing every night. Absence of a carnival and the rides that accompany it makes the midway look rather deserted, but there isn't enough room on the grounds as now arranged to accommodate a carnival and Chris Deiers, superintendent of concessions, was unable to secure rides independent of a carnival company.

Today is school children's day, all children being admitted free, and so family attendance today should be large. Advance sale of tickets has been very satisfactory.

Today the Ord band is furnishing music in the new bandstand built a week ago, tomorrow the Burwell band will play and Friday the Ord band again will play.

Weather appears to be almost ideal for the start of Valley county's 1937 fair and auto races.

## North Loup News

Dr. W. J. Hemphill took Mrs. Hemphill to Grand Island Monday afternoon where she took the Challenger as far as Chicago, for New York City. She will go at once to Shiloh, N. J., to attend the Seventh Day Baptist general conference and will return later to New York for a visit with Gertrude Hemphill who is in medical social service work of the Presbyterian hospital there. It is expected that Dr. and Mrs. George Hemphill and son of Pawhuska, Okla., will be in New Jersey and New York in September and if he can get away Dr. W. J. Hemphill may go also.

Bernice King came down from Ord on the Sunday morning bus. Carl Wolf and family returned Friday from Eureka, Calif., where they had been to look over a job he had been offered on a dairy farm. Byron Fuller has been elected to teach in the Big Springs, Neb., schools.

Mr. and Mrs. Vernon Williams, Mrs. Bert Williams and Delpha, Chas. Fuller and Merle Davis left Monday morning for Gentry, Ark., for a week's vacation. They took a trailer with empty fruit jars and hope to bring them back full.

Dell Barber's drove to the St. Francis hospital Saturday afternoon to see Lois who is recovering from an appendicitis operation. They found her feeling fine. She will likely be able to come home the last of the week.

Ches Chinn went to St. Paul to secure a carnival company.

## Selling Meat is Our Business Buying Meat is Yours

For almost a half century this market has been in the business of SELLING meat. Naturally we must sell it at a profit in order to continue in business but to please customers with our prices we must make that profit as small as possible and depend on doing a large volume of business.

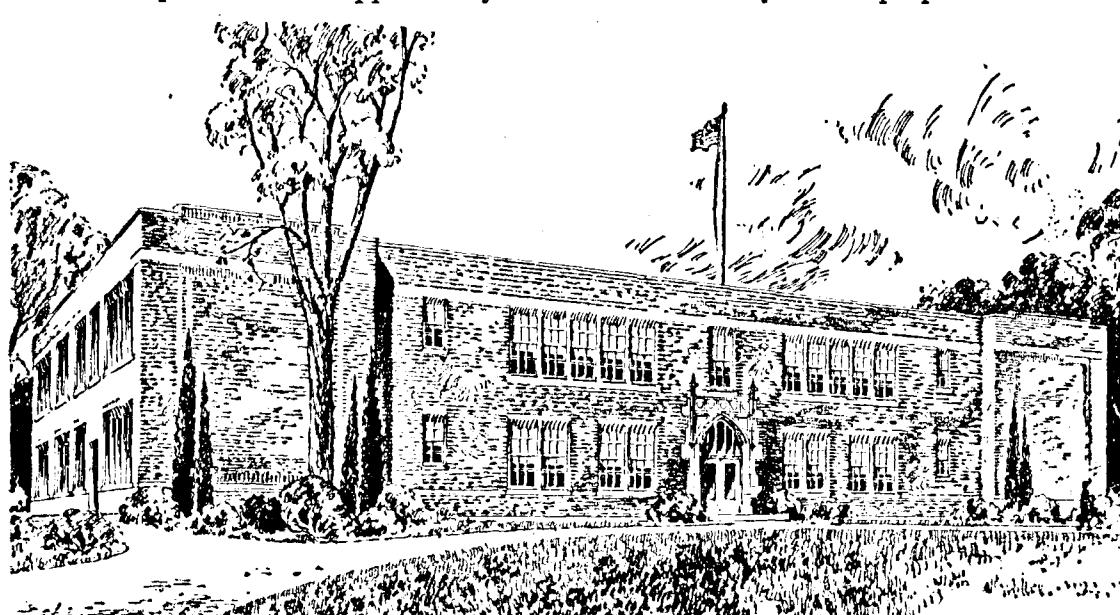

BUYING meat is the business of every housewife and most such in Ord have found they can buy meat to best advantage at our market because of our policy of high quality and low profit.

We sell meat, you buy meat; both of us profit when you come here. We invite you to become a steady customer at this market.

### Striking Sky-Foto Shows Progress on Ord Diversion Dam

This striking air picture shows the rapid progress that is being made on the diversion dam located southeast of Ord. A delay in securing necessary equipment has slowed down work the past few days. Engineers say that the dam can be completed in one month if equipment can be secured immediately.

Arrow 1 shows the piling placed across the river around which the rip-rap dam will be constructed. Arrow 2 gives the location of the gate which will divert water into the settling basin. Arrow 3 shows the setting basin which will remove a large amount of sand and dirt in the water before it goes into the drainage ditches. Arrow 4 points to the concrete canal which brings the water up to the ditch. The water around the canal will soon disappear as this is to be filled in on both sides with dirt.—Quiz photo by Lakin from plane piloted by Evelyn Sharp.

Paula Jones has resigned her position at the Co-operative Credit association and expects to attend the state university. Merle Sayre is helping in her place for the present.

George Baker was the guest of his daughter, Mrs. Fred Bartz, Saturday night and Sunday.

Arlo Bryan's held a sale of their household goods Thursday afternoon and are going soon to California.

The Chas. Meyers family will move to the house vacated by Arlo Bryan's as soon as some necessary repairs are made. Charles Kasson of Ord is to occupy the house where Meyers' now live.

Mrs. Clayton Meyers and Phyllis came up from St. Paul on the Friday morning bus and returned again Monday. They spend the time nearly every week with her folks while Clayton is away at work. Her mother has a splendid garden and they are very busy canning the surplus.

Saturday news came over the radio that Mrs. Davis of North Loup was among the refugees who were leaving Shanghai. No doubt this is Mrs. Eugene Davis. Nothing was said about the other North Loup people located there and relatives are very anxious for news of them. Louie Wong, of Shanghai, who visited here last summer, and Bob Rogers of Milton, Wis., are on their way to China, and were to land the 24th. Mr. Wong has graduated from Milton college and attended Madison university. His father is a merchant dealing in exports and imports between the United States and China. Mr. Rogers has spent

some time in their New York office and was on his way to Shanghai to learn about that branch of the business, and was to take up a position with the firm. More than likely he will not be permitted to land. Louie Wong is a very likeable young man, having made many friends during his stay in this country.

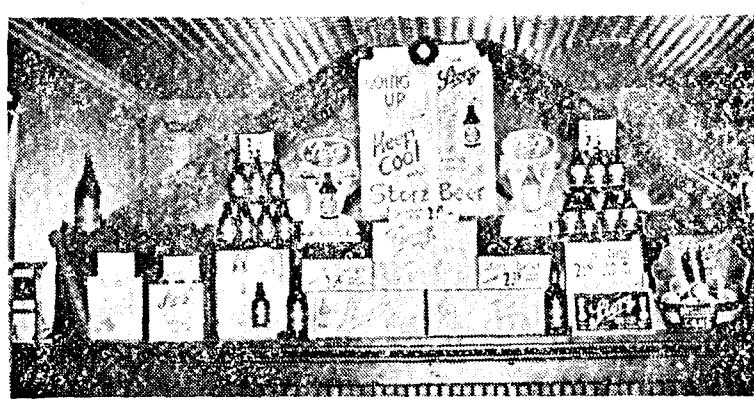

Mr. and Mrs. George E. Johnson were in Grand Island Friday. Marjory May Manchester returned Wednesday from two weeks spent with Dorothy Jean in Omaha.

Mrs. L. A. Rogers of Santa Ana, Calif., expects to leave Friday for her home. She has been the guest of her daughter, Mrs. G. D. Barber, for about three weeks.

Ed Lee brought his horses home from the sand hills Sunday because some of them had sleeping sickness.

### The Quiz Camera Visits Ord Stores

A Weekly Feature — Ed's Parlor.

Storz beer, a Nebraska beer manufactured in Omaha, is featured by Ed's Parlor operated by Ed Michalek on the east side of the square, as this Quiz photo by Dueyem shows. This display of Storz Triumph and Pilsener Club in bottles and cans is Michalek's entry in a contest being sponsored by the Storz Brewing Company and Ed is hopeful that it will win a prize. More Storz beer is sold in Ord, probably, than all other brands combined.

### EURWELL NEWS

Mr. and Mrs. Gilbert Clark and son Robert O'Neill were guests Sunday in the home of Mr. and Mrs. George Baker. Mrs. Clark and son had spent the week visiting friends in Burwell and were joined Sunday by Mr. Clark.

Mrs. John Ward of Ord has been assisting with canning in the Roy Nightingale home for the past 10 days.

Miss Alberta Frederick left Monday noon for Boone, Nebr., where she will spend a week visiting in the home of her grandparents, Mr. and Mrs. N. E. Warner.

Earl Watson, who was given 30 days at hard labor on a recent petty larceny charge, escaped Monday afternoon while doing labor as a trustee. His fingerprints have been sent to the department of justice and when he is picked up he will no doubt be sentenced to the state penitentiary.

Mr. and Mrs. J. A. Herbst and Mr. and Mrs. Garland Davenport drove to Brewster Saturday and were guests in the home of Mr. and Mrs. J. C. Fletcher. They returned home Sunday evening.

Mr. and Mrs. Wm. L. Johnson had as house guests during the rodeo, Mr. and Mrs. Reinhard Sedlitsky, Mrs. Melt Balmer and son Carl and Richard Lockenor all of Lincoln, Nebr., and Mr. and Mrs. Leonard Breahus and daughter Betty of Hyannis.

Mrs. W. P. VanGilder returned to her home in Brunswick Saturday after spending the past six weeks in the home of her daughter, Mrs. George West.

Mr. and Mrs. J. J. Meyer, daughter Mae and son Joe returned home the last of the week from a trip through several points of interest in Colorado. At Greeley they were joined by Miss Mae who had been attending summer school there. From there they went to Estes Park, Denver, Colorado Springs and Pikes Peak. They reported that it rained on them every day but one while they were in the mountains. While visiting

Burwell Hotel Monday evening for their regular meeting. Judge Rose introduced as speaker of the evening Clarence Davis of Ord, who gave a very interesting talk on the Valley county races being held in Ord this week. He told of the records made on the Indianapolis speedway by various drivers who are competing in the races this year. Ed Kokes, chairman of the advertising committee and Sam Roe, secretary were next introduced. Each gave short talks. Glenn Runyan was appointed to have charge of the program for the next meeting.

### Cram Hospital Notes.

The following had tonsils removed this evening, Mrs. Fay Van Houten of Sargent, a son of Mr. and Mrs. Dewey Davis and a son of Mrs. Leona Jones, and Miss Roberta Replinger of Taylor.

Born to Mr. and Mrs. Charles Haller of Ord a son, August 19.

Mrs. Geo. West and baby daughter Georgene were able to leave the hospital and return to their home Friday.

Miss Grace Hall who has been in the hospital the past week taking treatments returned to her home Sunday.

—Mr. and Mrs. Harold Elmquist, who have been here for a visit with their parents, Mr. and Mrs. John Kokes and other relatives, left Thursday for their home in Robbinsdale, Minn. She is the former Rose Kokes.

—Included in a list of 19 eligible federal projects is that of a \$75,000.00 postoffice for Ord. It is not known at this time when the Ord project will be started, as it will have to await its turn in the list. The fact that it is listed as eligible makes a new postoffice certain.

—The weekly market report as printed in the Quiz each week is for the convenience of the public, and is subject to daily market changes. It is to be regretted that last week a mistake or two was made in the printing of it, and local buyers came in for undue criticism in consequence.

—Herman Heinrichs, regular mail clerk on the Aurora-Sargent run, came up on the Palmer-Burwell run Saturday while Mail Clerk Hunt was taking a day off. Heinrichs was located at Burwell for a number of years. He is a member of the well known horse shoe team at Aurora, the five members having the reputation of being about the best in the state.

—The Quiz is in receipt of a letter from Lewis Bower of Mossyrock, Washington. He reports that when they came home from town they found a tent set up in the yard, and a truck parked near it. The house was lighted up and full of people, namely, the Allen Tappan and Herman Desel families. They visited the Vere Leonards at Silver Creek on Sunday, Leonards coming back with them. O. C. Hagemeier and wife came from Centralia, making 21 former Valley county people there for dinner. In the afternoon his father and mother came to join the crowd. In addition the Gerald Dye and Floyd Chatfield families are there, also Dale Philbrick, and all of them have work. The Tappans and Desels went on to Snohomish, Wash. He says they are having plenty of work and are doing very well.

—Mr. and Mrs. F. J. L. Benda and Mr. and Mrs. Joseph Rohla and Mr. and Mrs. Joseph Rohla, Mrs. Anton Stepanek, Anton Adamek and family, Mr. and Mrs. Albert Volt, Joe F. Dworak and wife, Mr. and Mrs. Bill Zikmund and daughter and Frank Adamek, Jr., were Ord members of the Z. C. B. J. lodge who went to Wilber for the celebration there Saturday and Sunday. The occasion was the observance of the 40th anniversary of the founding of the organization, and members were assembled there from all parts of the state. The Bohemian play "Window Into Heaven", was given Saturday by members of the Clarkson Lodge. On Sunday there was a big parade of floats and members of the various Sokol organizations over the state in their uniforms. This took place in the ball park, and seven prizes totaling \$100.00 were awarded the winning floats. The mayor of Wilber and the national president of the Z. C. B. J. delivered addresses. The national president is Frank Barta of Cedar Rapids, Ia. Another speaker of note was the well known Charles Smrha of Lincoln, and completing the program was the editor of the Omaha Bohemian paper, Narodniho Pokroku. The evening was given over to exhibitions by the Sokol athletes and a big dance. Included in the parade were four bands from towns in the vicinity.

—Writing to the Quiz George W. Newbecker asks that his address be changed to Park Hotel 3359, 5th Ave., San Diego, Calif.

—Mrs. Lawrence Kuebler's sister, Selma Abels of Amherst, Nebr., came up to Ord last Monday evening and visited with her sister and brother-in-law at the Lepco store until Friday morning.

—Mrs. Peter Hallen and daughters Daisy and Winnie went to Wes Point last week and visited Mrs. Hallen's brother, Seth Oaks at Columbus, where he will remain for a week. They returned Sunday.

—Mr. and Mrs. J. E. Mouer and daughter LaRue came up Saturday from Hastings, where he reports business good. Mrs. Mouer and LaRue had spent a week at Lushon visiting her parents, Mr. and Mrs. Charles Linder.

—J. W. Johnson, a brother of Mrs. L. M. Loft, and his son Clarence came to Ord Saturday and spent the week end visiting the Loft family. When they left they took the Loft boys, Raynard, Donnie and Larry, back with them to spend a week.

—A card from Ray M. Cook gives his new address as Toledo, Ore. He is now employed by the Pacific Spruce Lumber company, which employs about 800 men. They like the country out there as there are no hot winds and they have to use covers at night.

—Greenberg and Ball, representatives of the VanBoskirk Remington firm of auditors of Lincoln, began the work of auditing the books of Valley county Monday morning, July 16, and will probably complete the task by September 1. They started in the treasurer's office, and were starting in the office of the county clerk Saturday.

—Charles Kingston recently built a couple of bike racks at the suggestion of Mayor Flagg. These are placed, one in front of the Kull building on the west side of the square, and the other on the east side of the square. They are proving a great help in keeping the youngsters from sprawling their bikes all over the sidewalks and making them a hazard to older people.

—Tom Foster, son of W. H. T. Foster, Sioux Falls packing company executive and brother-in-law of Phillip Everett, treasurer of the Western Asphalt paving corporation in Ord, was drowned in Lake Okoboji near Spirit Lake, Ia., Friday while helping to rescue his wife, who had fallen out of the boat. They were crossing the lake when Mrs. Foster fell out of the boat. He at once jumped in and helped keep her from sinking, drowning just before the rescuers arrived.

—James G. Hastings drove out to the Art Craig place on Haskell Creek Thursday evening on a business mission, and was there when the rain storm hit. The rainfall there was the heaviest reported in this section, amounting to 1 3-4 inches. Due to the darkness and the uncertain condition of the roads Mr. Hastings remained over night, but states that he was not at all sorry as he had a fine supper, and an equally fine breakfast, and was given a lovely bed to sleep in. Wonder if he knew it was going to rain?

—Mr. and Mrs. Ivar Botts returned last Wednesday evening from a week's trip to Iowa. They made their trip here and back with W. W. Brown, who was also visiting in that section of the state.

They went first to Griswold,

where they visited Mrs. Botts' brothers, George, James, Larry and

sister, Mrs. G. E. Eshelman.

Another brother, John Lary of Cum-

berland was at the reunion at

Griswold. From there they went

to Grant, Ia., to visit Mrs. Botts'

sister, Mrs. Lucy Ackerman and

a number of nieces and nephews

by the name of Shafer. They vis-

ited Mrs. Bert Otis at Afton, Ia.

An aunt, Mrs. George Mersh of

Anita, was also at the Griswold re-

union. They went to Elliott, Ia.,

to visit Mr. Botts' brothers, Clyde

and Lynne, and a sister, Mrs. W.

C. Rawlings. While there they al-

so had an opportunity to visit the

cities of Atlantic and Red Oak.

It is nine years since Mr. and Mrs.

Botts were last visiting in Iowa.

### To Irrigate or Not to Irrigate?

—Due to the continued dry weather Archie Geweke and Bill Pothe brought their cattle, 300 head, home from pasture near Atkinson Thursday and will feed them out on ensilage.

—R. W. Haas, who left Ord about three weeks ago for Ogden, U., writes that he now has a good position on a salary and commissions selling Chevrolet cars for an Ogden firm. As soon as he is certain that the job is permanent it is probable that the family will move to Ogden.

—The members of St. John's Lutheran church in Mira Valley are completing a four-room bungalow on land just east of the church. This is to be occupied when completed, by Mr. and Mrs. Alfred Bangert, who came to the valley recently from Staplehurst. Mr. Bangert is to be the teacher in the church school, which opens Sept. 6.

—Mrs. R. W. Haas received word from her daughter Mildred, who is located at Los Angeles, that she was leaving there Thursday and planned to arrive in Ogden, U. Friday evening, where she would visit her father and her two aunts, Mrs. Ray Enger and Mrs. Lloyd Manchester and their families until Sunday. Leaving there Monday she hoped to reach Ord Tuesday evening or Wednesday morning. Her sister Lorraine is now in Logansport, Ind., but is expected home some day this week.

—George Brixius, carpenter with the Assenmacher construction company, met with a peculiar accident Thursday morning. On the way to work he sneezed, the force of the sneeze either misplacing a vertebra or causing an acute attack of lumbago. He was entirely incapacitated for work, and left Thursday afternoon for his home at Creston, Nebr., expecting to return for work Monday if able to do so.

—W. W. Brown took a week's vacation last week, getting back to Ord Wednesday evening. He took Mr. and Mrs. Ivan Botts with him to Griswold, Ia., from there he visited at Elliott, Red Oak and a number of other towns in Iowa and northern Missouri. He says the corn in that section is looking fine, and that the farmers told him that the small grain was also good, although grain crops are not extensively raised there.

—A very large flight of cicadas dragon fly and belong to the same passed over Ord Monday evening family, but do not make their appearance until later in the summer. They look much like a larger.

John P. Misko went down to Plattsburgh Friday to look after business matters.

—Word from Guy Keep states that he is located at Idaho Falls, Ida. He is staying with his uncle, Hans Thorne and is employed in a sport shop there. He has plenty to do and likes the country.

—Jud Tediro is carrying around a rather sore hand as a result of being bitten by a small dog belonging to Virgil McBurney. Jud has been in the habit of playing with the dog, but Monday morning the familiarity was resented. Dr. Barta dressed the wound, a rather deep tooth mark in the palm of the right hand, and believes there is no danger of infection.

—Mr. and Mrs. L. A. Muncey and baby returned Friday afternoon from their visit to Colorado. While away they visited relatives at Greeley and Loveland. A brother-in-law at the latter place has a farm under irrigation and had barley that was making 50 bushels per acre, which they considered a rather poor crop. It shows what irrigation can do.

—Mr. and Mrs. Larry Botts are now located at Pilger, Nebr., where his employers, the Diamond Construction company, have a contract for bridges. He has been running the pile driver for this company for several years, and has worked for them a total of eight years.

—The Ord Auto Parts shipped a car of skinned iron, as it is called commercially, Friday afternoon, the shipment going to Sheffield at St. Louis. All their first quality cast iron goes to the John Deere Plow company of Waterloo, Ia. They say that the market in iron is weakening and it is now a good time for the farmers to unload before the price goes lower.

—Delbert Benson, trucker for the Service Oil company, met with an accident on the highway a couple of miles north of North Loup Tuesday evening. He was headed for Omaha with the trailer truck full of cattle, and at the above mentioned point the truck tipped over into the ditch. It is supposed that the load of cattle shifted suddenly, causing the upset. Luckily neither the driver nor the cattle were hurt, and only a small amount of damage was done to the truck. The shipment went on to Omaha that same night in a hired truck.

—Mr. and Mrs. James Ollis and family left Friday morning for a few days visit with relatives at Kimball. They planned to visit the Wilmot Gray, Scott White and O. P. Cromwell families, and expected to see Will Armstrong also. They planned to be back the middle of this week.

—W. L. Ramsey is looking after the business of the Goff Hatchery this week while Mrs. Goff and son William and mother-in-law, Mrs. Schoeney of Wood River are away on a vacation. They were going to Yellowstone Park, south to Denver and Colorado Springs, and expected to return in about two weeks.

—Henry Misko is working under difficulties this week, as he has lumbago, neuritis, or some similar trouble in his back. He is managing to remain at the shop, but says he is not getting much work done.

—Fred Ulrich gets a lot of queer things with his gravel pump, but about the most unusual happened Friday morning, when one of the gravel men found a full grown bullfrog on top of his load of gravel when he got up town. The frog acted dazed, but after being exercised on the pavement for a time, he seemed to be as good as ever.

—Mr. and Mrs. C. E. Rassett and their daughter and husband, Mr. and Mrs. Joseph Carter, left Saturday for Los Angeles, where they will spend some time visiting relatives.

## NOTICE

The last half of the 1936 Real Estate Taxes will be delinquent Sept. 1st, 1937. This tax should be paid by Sept. 15th, 1937 as the law requires that all unpaid taxes be advertised the first week in October and it takes considerable time to prepare the list.

The balance of the 1936 Personal tax was delinquent July 1st, 1937. The law requires that Distress Warrants be issued and delivered to the sheriff for collection after Sept. 1st, each year. These taxes should be paid at once to save the extra expense.

## Albers Finds Strange Lizard After Rain

Following one of our rains last week Alfred Albers found an odd looking spotted lizard in his yard and called the Quiz photographer. The lizard is shown above attracting the interest of the family cat, Jerry. This lizard belongs to the family of salamanders and is unusual here. It escaped after the picture was taken and has not been found since.

## Race Drivers Are Fine Fellows—Off the Track—Then Every Man For Himself

By Laverne Lakin.

These race drivers are a fine bunch of fellows. Some picture them as silent, grim-faced men with no thought of anything but speed.

Perhaps they are this way on the track, but off the track—take last night for example. One by one, as the owners and drivers made their appearance at the garage, dead tired from having probably driven hundreds of miles that day, the entire flock of drivers who had already arrived would pounce on the newcomer as if a long lost brother had been found. Hand shaking, slaps on the back, for a solid five minutes there would be such a loud and hearty exchange of greetings that it sounded like the main act of Barnum and Bailey's circus.

Bernice Naeye has found work in the Santa Fe depot at Topeka, Kas., as waitress in the dining counters.

Ken Hoffman, he's one of the most cordial of the drivers. Clyde Gilbert, called everything from "Carrottop," to "Hippo" by his fellow members, is one of the most all-around popular drivers of the lot. Everett Saylor is also popular among the drivers, he loves nothing better than to talk with his driver friends about anything pertaining to racing. There's not one speck of bitterness among any of the drivers. When they get on the track, however, it's a different story.

On the track, these fellows are different fellows. There's "every man for himself." Every driver on the track is there for one purpose—to win—and although they will do almost anything to make this goal, they always shoot square with their fellow drivers.

## K. of P., K. C.'s, Win In Ord Softball

Play continued in the Inter-City softball league Monday night with the K. P.'s winning a red hot contest with the Livestocks by the narrow margin of 1 to 0.

In the second game of the evening the Safeways poured it on the K. C.'s by the scoopful as they piled up an overwhelming 14 to 4 victory.

Next Sunday afternoon a clash between two K. C. teams is to be a feature attraction. Quite an argument has arisen over whether the first string K. C. softballers can really play softball or not. A second K. C. team say they will prove Sunday afternoon that the K. C. regulars are nothing but a bunch of dubs.

Ord's K. C. team walloped a championship St. Paul ten on the St. Paul field some time ago and the Irksome Apostles have been out for Ord's blood ever since.

They are scheduled to play the Ordites on the Ord field the night of Wednesday, Sept. 1.

## Preparing Ensilage for Winter Feed Is Biggest Activity Of the Season on Local Farms; Here is Leonard's Cutter

Corn, as fodder or ensilage, doubtless will be the foundation of most Valley county livestock rations during the coming fall and winter. Fed with molasses or cottonseed cake, either makes a satisfactory feed. Ensilage is an especially succulent feed.

In these Quiz photos by Duemey, the method of preparing and storing ensilage most commonly used is shown. Les Leonard, with his tractor-powered field ensilage cutter, is shown at work in a drought-damaged corn field on the Lee Furtwanger farm in the upper picture. Going through the field, the cutter chops the corn and grinds it into ensilage, discharging the feed into a wagon, which in this case is driven by Gus Fogt. In the lower photo Mr. Furtwanger is shown, knee deep in ensilage in the trench silo where the feed is being stored.

Through several drought seasons the value of trench silos has been demonstrated and many are being dug this fall by farmers who have not used them previously.

The Les Leonard outfit is busy every day on one farm or another converting corn stalks and nubbins into winter feed. Archie Geweke has a new ensilage cutter also and there are many others at work in this area.

## HONORABLE TOIL.

Whenever you see a man trying to get by in this world without doing his share of the work, you can tell him he is lower than a snake, and be able to prove it. The Bible gives two commandments, among others, that are familiar words in every civilized land. One was given to the serpent, or snake, as follows: "On thy belly thou shalt go and shalt eat dust all the days of thy life". And true to the command of God, snakes have done just that thing ever since. They have never tried to avoid the consequences of that just decree, so far as we are able to learn.

The other command was given specifically to mankind: "By the sweat of thy brow thou shalt eat bread". This means that every man is to hold up his share of the load, as the Bible puts it, "according to his several ability". In this age, and in every other age, men have tried to avoid the edict of God. They have tried by every subterfuge under the sun to avoid soiling their hands with honest toil; to avoid long hot days in stuffy offices; to avoid their share of the responsibility when they chance to be honored among their fellow men.

God does not shower his blessings on the lazy man, the lazy community, the lazy state or the lazy nation. Neither does he look with favor upon that nation whose millions toll that the thousands of the upper crust may flutter away their substance in riotous living as did the mighty Roman empire in its later years. Nations may rise and fall, but He is not interested in nations. His promises are for the individual. He took those who loved Him out of Sodom and Gomorrah before he destroyed those cities.

Men claim that there is no work, but they know better. More work is needed to be done in this drought stricken area than ever before, but the opportunity to work, the compensation for that work, is lacking. In spite of all the government's efforts to replenish the forest supply, the drought and other causes are destroying trees far faster than they are being replaced. Thousands of farms should be terraced and thousands of gullies should be dammed to conserve the slender water supply. We are confronted by dozens of insect pests which should be destroyed. Practically every set of buildings in the county needs painting and a general repair job.

There is more work needing to be done in our nation today than at any time in its history, and there is plenty of money to have the work done. The trouble is that the money is not in the hands of those who need to have the work done. In sections of our nation where the property owners have the money plenty of work is being done. Here most property owners are broke. Give Nebraskans the same opportunity to work for wages that the past generation had, and there will be very few idle men, for no man wants to be lower than a snake.

## POSTOFFICE FOR ORD.

In a list of "eligible" projects given out in an article in the State Journal Thursday, the name of Ord appears linked up with a \$75,000.00 postoffice building. This does not mean that the money is actually appropriated for the new building. The third deficiency bill, recently reported out by the committee, mentions no specific projects. There will not be enough money at this time to take care of all the projects mentioned as eligible in Nebraska, there being a total of 29. The amount of all of these except one in Omaha is to be \$75,000.00 each and with the same exception all are to be post-offices. Now that Ord is on the eligible list it is only a question of time until the new building will be erected. If there is anything that any organization or individual can do to hasten the construction it should be done.

## MAKING THE MOST OF IT.

One man in our nation is no quitter, and has never been a quitter. That man is the farmer. When and if he quits, he ceases to be a farmer. Go out into the country after four lean years and what do you find. The farmers are busy salvaging what is left of what promised a few weeks ago to be one of the best corn crops in years. When the hot winds recently dried his corn he did not like it any more than you would if providence set fire to your home or business building.

But he did not quit. He knew that nothing could be done to prevent it. Instead he got busy at once salvaging what he could out of the wreck of his hopes. A little fodder is better than no crop and fodder shocks are springing up all over the country, silos are being filled, pit silos are being dug by those who do not have the other kind. When winter comes there will still be something to feed the stock, and the cows will replace the investment with cream, milk and butter. A great man once said, "Man is the noblest work of God." He should have used the word "farmer" instead.

## RUMORS OF WARS.

"There shall be wars, and rumors of wars." With open and constant warfare going on in Spain for more than a year, it would not be out of place to call the conflict a war. China and Japan are at it again, and in several places at once. Both sides have agreed that because of the Kellogg pact it cannot be called a war. Yet in the eyes of the world it is war, and may prove to be one of the bloodiest conflicts ever known before it is over. Russia, the enemy of Japan for generations, blames Japan's diplomatic representative for disseminating anti-communistic literature, and will doubtless be drawn into the Sino-Japanese crisis on the side of China. The latest reports are that Portugal has broken off diplomatic relations with Czechoslovakia. Here in America disputes seem to be the order of the day. At no time since the World War has so much unrest been manifest. Three of the present nations concerned, China, Spain and Portugal, had practically nothing to do with that great conflict, and Japan did comparatively little. Whither are we drifting?

## CARE OF COUNTY BOARD

By George Gowen

## Oranges, 40c a Dozen.

Mrs. Otto Bartz has just returned from a visit in California. She says there seems to be activity there and work but they are crowded with a great influx of people from the dust bowl and Nebraska looking for more work. A friend of hers had taken a vacation up in the mountains and saw in one place several hundred families camping under most any kind of shelter and they were mining for gold. Most of these people were from the dust bowl and were making wages.

She says her sister has a small orange grove and has been trying to sell her crop. Different orange buyers have been there and the best offer she has had yet was \$15.00 a ton.

## What Next!

We have come to the point of expecting most anything of our girls. We expect them to drink, smoke, drive cars and take our jobs. All this seems to be part of the ordeal now days. But we hardly expect them to gang up and drive off six miles and steal watermelons such as a bunch of Scotts girls did last week in Gus Wetzel's patch.

It is a great lark to sneak into a man's patch in the dead of night and steal watermelons, breaking the vines, plugging green melons and committing unknown damage. But it is not such a lark to a man like Gus who makes that part of his business, planting, irrigating, and nurturing his garden for livelihood.

A few years ago some boys got into his patch and destroyed his melons and carried off more. Gus found out who the boys were and told them he would give them a day to pay for the melons and then he would call the sheriff. Within an hour the boys were around to his wagon with the money and never since that day until the other night, when the girls took it up, has Gus been troubled.

## Schools.

I sat on the side line and overheard a group of people talk school the other night. It seemed pretty well agreed among them that the state law says the district should furnish the stationery, pencils, etc.

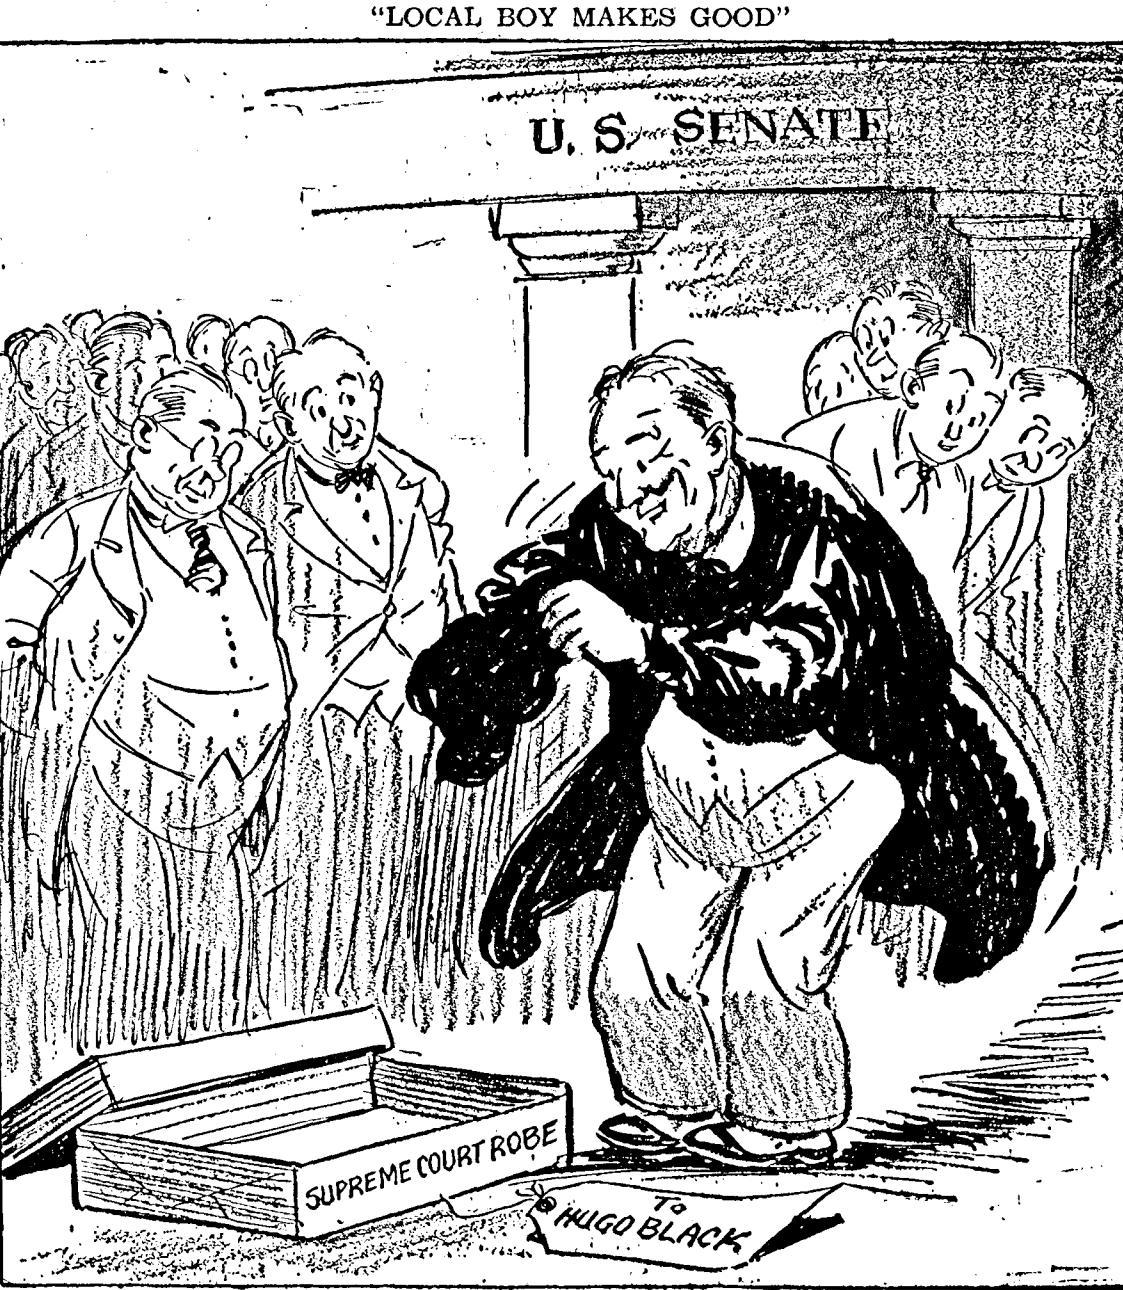

One lady had lived in Beatrice for a few years. There they furnished the stationery. Not knowing this she sent tablets and pencils with her children. The teacher sent the tablets home and said if the lady sent more she would burn them up.

This group agreed that for the district to furnish the stationery was the best plan. Children are very wasteful with their own paper. When it is passed out to them the teacher can regulate the use and teach the children economy. One lady, who was a teacher, thought she could take a class of the smaller children through the year with one tablet if she had the regulation of it.

## Sunsets.

Mrs. Geo. Mayo was telling of her trip to California, to Washington, and other points, mentioning what different sections were good for. In a sense of discouragement someone asked what this country was good for.

No one answered at once and finally someone said this country is good for beautiful sunsets. Of course we cannot eat sunsets, nor wear them, but it is still very true that hardly an evening passes without there being a spec-

## Something DIFFERENT

I don't believe any other group of workers in the United States can take it on the chin and still come up grinning to equal the farmers, and particularly the farmers of Valley county. Every one knows what a bad time these Valley county farmers have had the past few years with little or no crop at all. Still, some way, a lot of them with more endurance and grit have stuck it out and still want to farm Valley county dirt. They are right here hoping for a break next year, after all the tough luck of the past few seasons. Typical was the story told of Andy Wise, who owns several farms, and Charlie King, a good dirt farmer. Said Andy to Charlie: "Why are yo grinnin?" and the other man responded, "Who wouldn't grin at the idea of being able to hush his whole corn crop in one da?" —oo—

Ord trees will surely be grateful for a good big drink, and now they will get it, with the city offering each water-user 7,500 gallons of free drinking water for Ord growing things.

So many big bare branches now mark the beauty of Ord's trees, and a good many of them are dead. Lots of dead trees have been cut out in the last year or two: it is really impossible to estimate just the damage the dry years have done to the trees of this county.

It is too late for a drink to do much good for a host of big trees. And that is too bad, for in Nebraska even trees do not grow with the abandon they show in some parts of the United States.

—oo—  
This country has been denuded greatly the past two years by the host who have moved west. Oregon and Washington are filling up with our removed citizens. California has snagged quite a few also. To read the Quie week after week is to wonder if we have any citizens left in this town, this county.

But a walk down any Ord street is reassuring. Where once I knew most of the faces I met, now I meet more strange faces than familiar ones. So many, many new people have moved into Ord. Some of them won't be here long, but many others may stay.

So it probably equals in the long run. For lots of those who moved so blithely westward will be moving back, too. For some reason Ord and Valley county take a terrific grip when once a citizen is exposed to this country. Twenty years later they still want the home town paper, still want to return to Ord every summer to see "the folks".

For example, Fred Bell of Long Beach. He has been out there twenty years or so, yet longs for home folks. He was very homesick this spring; very happy to return to Ord for a good long visit.

People who live in Ord never get over it, do they?

—oo—  
The race track at the Valley county fair grounds never has looked so hard and smooth and well-kept as it does this year. It appears to be perfect, ready to welcome our big race meet.

I'm not sure it doesn't look too fast. Let's hope for no accidents this year.

—oo—  
And the beauty show. That is sure to please the crowds. We

WASHINGTON LETTER

## Loans to Cotton Farmers Create New Issue for Administration Heads

BY SPECIAL CORRESPONDENT

WASHINGTON.—A petition being circulated in the Senate by Senator Theodore G. Bilbo of Mississippi, is evidence of a new difference of opinion between the administration and southern Democrats in Congress. A similar petition is being circulated in the House.

The Senate petition, which already has the signatures of 21 senators from cotton states, asks that the government loan on cotton this year shall be 10 cents per pound instead of 9 cents, and that subsidy payments shall be made to cotton farmers this year instead of next.

At the insistence of the President, a resolution was passed by the Senate and is now pending in the House which will insure that Congress at its next session will raise the curtain on crop control legislation.

To revive cotton prices in 1933 the administration guaranteed to cotton farmers a loan of 10 cents per pound, and a year later this rate was upped to 12 cents. At 12 cents farmers could get a higher price from the government than they could in the open market and the AAA acquired 5,000,000 bales of cotton. They have disposed of all but 1,300,000 bales of these cotton subsidies.

Loading warehouses with cotton for which the government was paying more than market price, with the effect of turning buyers in the world market away from American cotton to the cheaper product of foreign countries, was a dangerous trend. So in 1935 administration officials decided the rate of loans should return to 10 cents per pound, but the President listened sympathetically to the protests of the cotton growers that they should be assured 12 cents a pound for their cotton, and agreed to pay them the differential between 12 cents and what they could get for their cotton in the market or in the form of government loans.

THEIR point is that the south has learned its lesson from experience with soil conservation, and that payments of subsidies this year will enable the cotton farmer and sharecropper to pay their debts and taxes, and the planter to pay cotton pickers higher wages. This they would appreciably reduce the cost of relief in the south, and locally would help business recovery generally.

It seems doubtful at this point that the President will be persuaded to repose as much confidence in the voluntary co-operation of cotton farmers as their senators have, if they get their reward for curtailing production before they earn it.

And there are several very attractive Valley county girls who are not entered, to the sorrow of the Ord Business and Professional girls, who worked very hard to make the beauty show a success. Particular credit is due the president of the group, Mrs. Vera Andersen. I would say she has worked "like a horse", (a typical mid-western and un-Boston expression . . . as might be expected from a person who had never been to Boston.) —Irma.

## My Own Column

By H. D. Leggett

Nisswa, Minn., August 20, 1937.

Dear Quiz Readers:

I have been having such a good time this week, and have been so busy, that I have not given much thought to preparing a letter to the paper. We left here at 7:30 Tuesday morning for a trip up the North Shore of Lake Superior. Wishing to spend as little time getting meals as possible and to make the trip economical as possible, we prepared a lunch to take with us for noon and we ate it in the pretty city tourist park at Two Harbors, up the shore some thirty miles from Duluth. At Carlton, about thirty miles west of Duluth we drove into Jay Cook State Park and saw some of the beauty places as we drove the ten miles through the park. Following our picnic dinner we drove up on the shore leisurely, stopping when we wished to inspect some beauty spot or place of interest and arrived at Grand Marais about 4:30. I had written Mr. Toftey, the owner of one of the pretty tourist camps there, reserving No. 5 cabin for the night and we found it ready for us. Mrs. Fenner accompanied us on the trip, taking Jimmie Luther along to drive her car, and a part of the time Lena rode in the Fenner car. Mrs. Fenner secured No. 9, a splendid cottage. She has been suffering for several days with rheumatism in one arm and was glad to get into camp where she could rest quietly. In the evening we witnessed quite a thrilling exhibition put on by the U. S. Coast Guard Service men stationed there. They were putting on a drill of rescuing passengers from a boat out at sea in a storm, only there was no storm and no boat in distress, so they shot their life-line over a high pole and rescued a member of their crew who had accidentally climbed the pole to be rescued and came down the stout rope in the breeches buoy. It did not take much imagination to see just how the work of rescue was done. The crew of six or eight men stationed at Grand Marais has a beautiful three-story house which looks more like a big hotel; a boat garage contains two or three fine boats, one of them large enough, it seemed to

Mr. Toftey said he had been trying to get the town to clean out those ponds, fill them with clean water and plant shrubs and trees and flowers around them and I could easily see how a beautiful effect could be had and at not too great an expense. On the way we stopped at Split Rock Lighthouse and went up and through the light house, all most interesting to one who had never seen anything of the kind. An official was up in the top to explain everything. He said that similar lighthouses were planted all along the north shore of the lake, close enough to each other so that sailors would always have the lights from three or four in sight and as all have distinctive signals, those who know them always know from the lights right where they are.

The morning after our arrival

## Intemperance Condemned by God

The International Uniform Sunday School Lesson for Aug. 29.

Text: Leviticus 10:1-2, 8-11; Proverbs 31:4-5; Isaiah 28:18; Romans 14:21.

INTEMPERANCE, a problem of long-standing, is the thought behind today's lesson, and the ancient teachings concerning it are just as much true today as they have ever been. The familiar verse in Proverbs is rendered in the American Standard Revised Version of the Bible: "Wine is a mocker, strong drink a brawler; and whosoever erreth thereby is not wise."

The teachings of the ancient world concerning intemperance are even more strongly enforced in our day because the more potent and dangerous distilled liquors were not known in the ancient world.

There is a discouraging aspect of this problem of intemperance when one realizes for how many generations wise and good teachers have been battling against it, offering counsel concerning the wisdom of leaving the wine cup alone.

All the testimony of experience, past and present, justifies the belief that nobody has ever suffered through total abstinence, while the experience of mankind, reaching its very climax in the life of today, reveals how terrible have been the sufferings and loss because men have turned from sane and safe and healthy habits to indulgence in strong drink.

We have the picture of those who are reeling with wine and staggering with strong drink; of the priest and the prophet alike cursed as they have come under its sway. Is not that true of life? Strong drink has destroyed the strong along with the weak; the high and mighty have been thrown down from their high place by indulging in it.

When will humanity learn from its own experience and from its great and wise teachers?

## MY OWN COLUMN

We went trolling for Lake Trout in Lake Superior, the Judge, Jimmie Luther and myself, with Mr. Putman, member of the fishing firm of Larson & Putman as guide. He took us in a 20-foot launch motored with a big Sea Scout inboard motor. We used between 200 and 300 feet of line with spoon hooks and got some strikes, lost one spoon when a seemingly big one grabbed one of the spoons, but we didn't land a fish. We were well pleased with the trip however, as we often go fishing and don't make a catch, and we had an experience which was new to all of us. We went out at six a.m. and there was just a ripple on the water. We went down the shore eight or ten miles, perhaps more and trolled along slowly at what is called the dropoff, or where the bank in the lake breaks off in about 20 feet of water to I don't know how deep but apparently straight down. The floor of the lake out to the drop off is solid rock and so clear that a dime could be seen on the rock if one had been dropped there in 20 or 25 feet of water. When we came in the waves were rolling four or five feet high but our guide seemed to think it was just a nice sailing breeze so we land lubbers didn't get scared. He would stand up on the back seat and hold one foot on the tiller bar to steer the boat with the boat going up and down like a bucking bronco.

After dinner on Wednesday, which consisted of mashed potatoes, fried lake Superior herring, applesauce, coffee, and cake, we drove up the Gun Flint Trail to see Hungry Jack lake. It is a big, crooked lake in the Superior National Forest and a real beauty spot. We went over great dells and along crooked hog backs, all in dense timber, to get to it and couldn't tell a thing about directions on the trip because of the

Fifteen hundred reserved seats were numbered to be sold at a slightly higher price at the Valley county fair. This was in response to a popular demand for reservations.

Judge and Mrs. H. Gudmundsen returned from a trip abroad, in which they visited relatives in Denmark. It had been about fifty years since the judge had seen his native land.

"Beau Geste" world famous film, was billed to be shown at the Gem Theater. Ronald Colman had the lead, supported by Noah Beery, Alice Joyce, Neil Hamilton, Mary Brian, William Powell, Norman Trevor, Ralph Forbes, and Victor McLaglen. After ten years many of these names mean little to us.

Rube Roberts of Ft. Worth, Tex., won the grand prize at the Burwell rodeo, and first in bulldogging. Ray Brown won first in bronc riding, and Earl Thode the calf roping.

Charles A. Bowers, superintendent of the Ord schools, fell and fractured his right arm while helping install some radiators.

There were entries from nine states in the Valley county auto races. The leading contestants were Lawrence Kerus, 1926 winner, Vic Felt and H. L. Cox.

The District Odd Fellows held a picnic at Bussell Park which was very largely attended. Burwell, Ericson and North Loup, as well as Ord, were represented.

The Ord cornhuskers lost a 7 inning baseball game to the Council Bluffs Athletics by a score of 5 to 2. Lang pitched for Ord.

The county board in regular session voted to declare the last two days of 1927 as an open season on pheasants. In a ballot among the farmers, 546 voted for the open season and only 163 against it.

The Quiz carried an ad of the Union Pacific which stated that Lindbergh would be in Omaha Aug. 30, 1937 and announcing special rates of \$1.21 for the round trip. The regular round trip fare today is \$7.42.

#### 10 Years Ago This Week

Slack coal recently bought and put into the bins at the city light plant caught fire, entailing a severe loss.

A freight and a passenger train met in a head-on collision on the Union Pacific tracks at St. Paul. Engineer Joe Morris of the passenger receiving some broken ribs and a sprained ankle.

John Lech of Elvira bought the C. H. Finley place on Elm Creek. It was a half section, and the price was \$70.00 per acre.

The Quiz drew a comparison between the privately owned Burwell light and water plant, then owned by Ott Taylor, and the publicly owned Ord plant, showing how much better the private plant was. By comparison the private plant looked good at that time, but time has proven that the municipal plant was best for both towns.

North Loup sent about twenty cars to Ord to get the members of Company "I" and take them down to North Loup for a big dinner and program. The dinner was served at the S. D. B. church. At the ball park a battalion parade was staged with Capt. Oscar L. Nay as major and Capt. A. A. Clements as his adjutant. The soldiers then played a team of North Loupers game of baseball, winning easily. It was an event very much enjoyed.

The Strand Theatre at North Loup was advertising D. W. Griffith's "The Birth of a Nation".

Arcadia people were showing the real Red Cross spirit, and for the 30 day period ending Aug. 22, they had contributed approximately \$500.00 to the cause.

The Ord high school had added

Ord fizzled out completely. It seemed that the public felt that too much money would have to be expended in developing the project.

The Populist party of Ord township held a meeting in Ord and elected D. McCall chairman and J. H. Jennings secretary. The county delegates were A. J. Firkens, Emmett Collins, H. S. Howe, A. R. Jensen, J. B. Miller, Jonas VanWie, C. A. Munn, N. E. Raymond, J. E. Hewett, C. E. Cox, Ira Scott, J. L. Claflin, J. H. Jennings, W. A. Anderson, Thomas Rogers, James Scott, Frank Koupal, F. J. Dworak, Frank Misko, Joshua Turner and Hady Strong.

## LOCAL NEWS

Mrs. Molly Partridge went to Stromsburg Saturday to visit her daughter, Mrs. Richard Teague. She returned Sunday.

Mr. and Mrs. Horace Travis and family went down to Lincoln Thursday for visit with her sister, Mrs. Ruth Cushing and family. They returned Monday.

Mr. and Mrs. John W. Ward and daughter Mary Louise stopped in Ord for a short time Friday on their way home to Burwell from a two weeks visit to Mrs. Ward's people, Mr. and Mrs. D. R. Ellis and family, who live on a farm near Council Bluffs. They said that the crops there were the best in many years.

Mr. and Mrs. A. W. Tunnicliff and nieces Ruth Oliver and Marian Hunter returned Saturday evening from their three weeks western trip. They spent a part of the time in Los Angeles, Colorado Springs and Denver, visiting relatives in all three places.

Mr. and Mrs. Joe Osentowski returned early Sunday morning from their trip to the west coast. They were accompanied on the return trip by Misses Dorothy Romans and Claralea VanWie. Miss Romans will remain in Ord and Miss VanWie will spend several weeks with her mother, Mrs. R. O. Hunter, before returning to her work in Los Angeles.

Mr. and Mrs. Archie Waterman returned recently from their Colorado trip. He went to Denver to attend to business matters, but they did most of their visiting at Ft. Collins and Berthoud. Passing through Loveland they saw Walter Finch, who is running a tourist camp there, and reports business good. At Ft. Collins they ran across Howard Washburn, who is working in a Chevrolet garage there and is doing fine. They met Junior Rathbun at Leonard Peavy's and he told them he was going up into the mountains to work on a road until spring.

Mr. and Mrs. Wm. Sack, family and Miss Kirby attended a lumbermen's picnic Friday at Linoma beach near Omaha. This is an annual affair put on by the Chicago Lumber company and their wholesale connections, and it was for all dealers and their friends who wished to come. All kinds of prizes imaginable were offered for dozens of contests of all kinds. It was attended by 1500 people from this section of the country. Foster May was present and gave a very interesting account of the program.

Glen D. Auble, O. D., spent Thursday at the hotel in Arcadia looking after the needs of a number of his customers in that locality. He plans to make a trip to Arcadia at least once a month from now on.

The Beck-Dugan Oil company installed a new National computing pump at their station Friday, Joe Rowbal taking care of the plumbing end of the job. Manager Austin states that this is one of the latest models in pumps.

Will Cronk was in from his farm on the sand flats Saturday and was displaying a couple of very fine ears of white corn which he picked out of his field. He says he will still have a fair crop of corn, although his corn was damaged by the hot winds to some extent. Mr. Cronk knows as much about Nebraska weather and Nebraska crops as anyone in the country, as he has been here about 64 years.

Postmaster and Mrs. Alfred Hill and family and Frank Travis returned Sunday evening from a nine days' trip. They went first through the Black Hills country, then on to Basin, Wyo., where they visited W. W. (Pike) Hill and family, who are getting along fine. On the way back they stopped at Scottsbluff, where they visited the David Freids, who formerly lived at Central City. All enjoyed themselves, especially Mr. Travis, who brought back fine collection of beautiful rocks.

The Quiz is in receipt of a copy of a paper called "\$25 Every Monday Morning", sent by J. B. Nay of Los Angeles, Calif. It seems to be an abridged idea derived from the original Townsend plan, and is to pay every citizen of the state over 50 years of age \$25.00 every Monday morning. In large type on the front page it states: "Why bother about who, why an' where the money is to come from. The big idea is to get \$25 every Monday morning."

**Barr-Stanton.** Miss Hazel Barr, daughter of Mr. and Mrs. Harvey Barr of Arcadia, and Elwood Stanton's son of Mrs. Stanton of North Loup, Nebr., were united in marriage Tuesday, August 17th, at 4:00 o'clock in Snohomish, Wash., by the Methodist minister.

The bride wore a flowered dress, outstanding color being lavender. She graduated from the Arcadia high school with the class of 1934. She left for Washington July 25 and surprised her parents with an air mail message of her marriage. The groom lived in North Loup from childhood and graduated from the high school there. Mr. and Mrs. Stanton are located at Michia, Wash., where they have employment.

Mrs. Fred Stone and daughter Luella left by bus Wednesday morning for a two weeks visit with relatives at Medora, Ill.

Mrs. Percy Doo took the 7:05 o'clock train from Broken Bow Sunday morning for Scottsbluff where she will attend the state convention of the American Legion Auxiliary.

Friends will be pleased to hear that Donald Evans who grew to manhood in Arcadia and graduated from the A. H. S., was recently married to Miss Elsie Norman of Perth Amboy, N. J. Donald is the son of Mrs. Frank Evans and a resident of Arcadia for many years. The ceremony was performed in the St. Peter's Episcopal church at Perth Amboy, Rev. George H. Boyd officiating in the presence of a large gathering of relatives and friends. Mrs. Samuel Wyler, a sister of the bride was matron of honor and the bridesmaids were Lois Evans, the

groom's sister of Linden, N. J., and Miss Myrtle Beatty of Perth Amboy. Gerald Evans of Linden was his brother's attendant. A reception following the church ceremony was enjoyed at the home of the bride's parents for the relatives and immediate friends. Mr. and Mrs. Evans took a wedding trip through the New England states and Canada.

Ray Hill and Stanley Mead were Ord visitors Wednesday. From Ord Mr. Mead left for his home in St. Paul, Nebr. He visited the first of the week with Mr. and Mrs. C. C. Hawthorne and Mr. and Mrs. Ray Hill.

Alvin Lewin returned home from Rochester Tuesday. He had consulted doctors in regard to his health.

Mrs. Anton Nelson submitted to a mastoid operation Saturday morning in Hastings. Her sisters and husband were with her.

The Girls 4-H club enjoyed a slumber party in the Community Park Wednesday night with a midnight lunch and breakfast. Dorothy Blay, their leader and Alberta Russell, a guest, were also present.

The Congregational Sunday school picnic was held in the Community park Friday afternoon, with a basket lunch.

Mr. and Mrs. George Correll of Muscatine, Ia., visited relatives in Arcadia last week while on the way to Salt Lake City to visit their daughter and family. Mr. Correll is an only brother of Mrs. Alice Parker and Mrs. Belle Vallet.

Miss Dorothy Riley of Hastings and Miss Doris Steeves of Lincoln were dinner guests Wednesday of Mr. and Mrs. Walter May.

Mr. and Mrs. Ord Twombly and

family visited Sunday in Arnold with the E. L. Stacy family.

Mr. and Mrs. Clarence Starr and daughter, Miss Lucille were Grand Island visitors Thursday.

Mr. and Mrs. Leo Woodworth were in Loup City Monday.

Forty relatives of Sam Holmes took well filled baskets and Sunday, August 22, at his home, all enjoyed a family reunion and celebrated his 80th birthday. Mr. Holmes came to Nebraska with his parents and lived in Cedar county two years. Four emigrant wagons went to Arkansas, it taking four weeks for the round trip.

In 1890 he homesteaded the farm he now lives on, having farmed it four years previous. He has lived 51 years on the same farm and in Valley county since 1885. His first house was of sod. In 1891 he built a frame house. He was married to Miss Julia Hughes in 1894. To this union eight children were born, all living in Valley county except the eldest son, Frank, who lives in South Dakota, and the second daughter, Mrs. Earl Woody, who lives in Lewiston, Mont. The other children are Mrs. Walter Dobson, Mrs. George Jensen, Allen Holmes, Walter Holmes, Mrs. William Johnson and Golda Holmes. In 1912 Mr. and Mrs. Holmes built their large modern home where they now live. He is very active helping with the chores and milks 4 or 5 cows twice a day. He has never been sick in bed a day, nor had the services of a doctor for 50 years.

Mr. and Mrs. Don Round and son Downing and Mrs. P. W. Round were in Grand Island Sunday to visit P. W. Round who is in the St. Francis hospital where he was operated upon Wednesday morning. Mrs. P. W. Round remained in Grand Island and is with her daughter, Mrs. Hal Cooley of Minneapolis.

Mr. and Mrs. Kenneth Denton spent the week end with his parents, Mr. and Mrs. Charles Denton. Mr. and Mrs. Denton are located in Kearney where he is assistant superintendent at the boys' reformatory.

## Popular Ordites Victims of Charivari

Early last week these popular Ord people, Lynn Beeghly and his bride of a week, the former Miss Eleanor Kepp, were charivaried by friends. Here they are shown seated in the Model T in which they were given a ride through the business district. A few of the band members who serenaded them can be seen in the background—Quiz photo by Dueaney.

family visited Sunday in Arnold with the E. L. Stacy family.

Mr. and Mrs. Clarence Starr and daughter, Miss Lucille were Grand Island visitors Thursday.

Mr. and Mrs. Leo Woodworth were in Loup City Monday.

Forty relatives of Sam Holmes took well filled baskets and Sunday, August 22, at his home, all enjoyed a family reunion and celebrated his 80th birthday. Mr. Holmes came to Nebraska with his parents and lived in Cedar county two years. Four emigrant wagons went to Arkansas, it taking four weeks for the round trip.

In 1890 he homesteaded the farm he now lives on, having farmed it four years previous. He has lived 51 years on the same farm and in Valley county since 1885.

His first house was of sod. In 1891 he built a frame house. He was married to Miss Julia Hughes in 1894. To this union eight children were born, all living in Valley county except the eldest son, Frank, who lives in South Dakota, and the second daughter, Mrs. Earl Woody, who lives in Lewiston, Mont. The other children are Mrs. Walter Dobson, Mrs. George Jensen, Allen Holmes, Walter Holmes, Mrs. William Johnson and Golda Holmes. In 1912 Mr. and Mrs. Holmes built their large modern home where they now live. He is very active helping with the chores and milks 4 or 5 cows twice a day. He has never been sick in bed a day, nor had the services of a doctor for 50 years.

Mr. and Mrs. Don Round and son Downing and Mrs. P. W. Round were in Grand Island Sunday to visit P. W. Round who is in the St. Francis hospital where he was operated upon Wednesday morning. Mrs. P. W. Round remained in Grand Island and is with her daughter, Mrs. Hal Cooley of Minneapolis.

Mr. and Mrs. Kenneth Denton spent the week end with his parents, Mr. and Mrs. Charles Denton. Mr. and Mrs. Denton are located in Kearney where he is assistant superintendent at the boys' reformatory.

—Mr. and Mrs. Clay Myers of Chicago met Mrs. Marle Williams and children in Grand Island Friday, from Red Cloud. They will visit with her parents, Mr. and Mrs. Jim Myers and other relatives.

Mr. and Mrs. William Emagartner of Fontenelle, Ia., arrived in Arcadia Sunday morning with her parents, Mr. and Mrs. Harley McCall who have been visiting in Iowa. Mr. and Mrs. Emagartner returned to Iowa Sunday evening.

Miss LaVonne Bartley who has been attending summer school in Colorado returned home last Tuesday.

Miss Margaret White is visiting Kathryn Mathers in San Francisco, Calif.

--Mr. and Mrs. Al Schrader and family of Bloomfield, Nebr., were here last week for a day with the Chris Schrader family. The men are brothers.

—Among the patients released from St. Francis hospital at Grand Island over the week end were Edward Puncochar, son of Jerry Puncochar of Spalding. He is convalescing from an operation for sarcoma.

—Gall Hiner, 14-year-old son of Mr. and Mrs. Henry Hiner, tells of capturing a 5½ pound carp up on Haskell Creek, or, as the younger generation call it, Smith Creek.

—The Charles Sternecker family went down to Farwell Sunday to attend a birthday dinner at the John Waltman home, it being Mrs. Waltman's birthday. Mrs. Waltman and Mrs. Sternecker are sisters.

—Paul Timmins of Scotia decided to go back to Arizona, and sold his furniture at auction at the community sale in Ord Saturday evening. He was formerly in the mining game out there, and decided to go back and try it again.

—A fine boy was born to Mr. and Mrs. Axel Jurgensen August 5, but the stork was somewhat tardy in making the report to the Quiz office. However we are glad to report that all concerned are doing fine.

—Clarence M. Davis, S. W. Roe and Ed Kokes went up to Burwell Monday evening to meet with the Wranglers club there and tell them all about the Loup Valley Fair and Races this week. They met with a very cordial reception and a promise of hearty cooperation.

—Dick Banks of the Food Centers, Inc., was in Ord last week, being requested to come here and get some of the ideas in window displays which the local manager, Joe Puncochar, has been putting into practice recently. These will be passed on to the stores at Sargent and Loup City.

—The past week has witnessed a phenomenon that even the oldest citizens have never seen before. Every evening recently the air around Ord has been filled with dragon flies, thousands of them, of the most beautiful type imaginable.

As is well known, the dragon fly emerges from the pupa in the quiet ponds and streams late in May or early in June, and except for an occasional insect, is not seen after the first of July. It is thought that the present horde is the result of a second hatching in a single season, and if so is the result of the unreasonable heat of a week ago.

—The Golden Rule is featuring a novel overall contest. The bottom of the leg of a pair of Oshkosh B'Gosh overalls is tied up, an amount of sand put into it, and the pair suspended by the other leg from the ceiling of the west show window of the store. The public is asked to guess the weight of the sand, six pairs of overalls going to the persons who make the closest guesses before next Saturday night. The idea is to show how well the overalls are constructed, and the window is attracting much attention.

—Mr. and Mrs. Leo Johnson took the day off last Wednesday, it being the occasion of their 8th wedding anniversary, and went down to Grand Island to spend the day. Martin Wiegardt looked after the barber shop during Leo's absence. For the present, at least, Martin Wiegardt will help out on Saturdays and during the fair in the Johnson barber shop. Martin is an expert barber, but for some time his health has not permitted him to work at the trade. His friends and former customers will be glad to know that he is again on the job.

—Don Harmon, who has been helping out at the Beuck-Dugan oil station this summer since the forestry work was halted in Valley county due to the drought, has been notified that he will be put back in this work again beginning September 1. He will have supervision of tree planting activities in Holt county, where it is expected that a large amount of work will be done this fall. He quit the station Monday and is making arrangements so that he can be away from home. He does not plan to move his family at present, and believes that his headquarters will be at O'Neill.

—The Kosmatz Implement company report some activity this month in the line of farm machinery. A number of persons were duly surprised when they saw a new McCormick-Deering binder leaving the establishment last week. It was bought by Morris Rendell of Davis Creek, who will use the ten-foot machine to cut his corn fodder, which did not grow tall enough to require a corn binder. Archie Geweke purchased a new McCormick-Deering ensilage harvester, similar to a number of others purchased last year by farmers in the neighborhood. This machine cuts the fodder and cuts it up into ensilage in one operation, all ready to unload into the silo. Thursday the firm sold a used corn binder to Frank J. Shotkoski of northeast of Ord.

—Saturday evening George Jensen and the Arnold brothers of west of Arcadia got away on their western trip. Their objectives were more or less indefinite, but they expected to include Idaho and Washington in their itinerary. They went mainly for the trip, but should they find a good opening they might decide to stay. George is an excellent photographer and opportunities in his line should be easy to find.

—Miss Winnie Hallen, who arrived the latter part of July for a visit with her mother, Mrs. Peter Hallen, brother Harold and sister Daisy, expects to leave for her teaching duties in Douglas, Ariz., in about two weeks. After the close of her school work at Douglas last May, Miss Hallen attended school at Flagstaff, Ariz., where she completed the work necessary to obtain her A. B. degree in education. On the way back to Ord she also visited at Albuquerque, N. M., and at Denver and Colorado Springs.

—Mr. and Mrs. V. L. Mayden returned home after visiting at the E. Rahmeyer home a few days. They report good crops at and around Mitchell and Scottsbluff.

—Genuine Red Cedar Shingles, \$7 1/2c, \$1.06 1/4, \$1.23 3/4 per bundle. New 2x4, 2x6, 1x6, 1x8, 1x12 and Shiplap as low as \$3.50 per hundred square feet. Weller Lumber Co., 22-11.

—Mr. and Mrs. George Evans and two grandchildren passed through Ord Friday evening on their way to their home in Taylor. They had been spending a week visiting at his birthplace, Winter-set, Ia., and reported a most enjoyable trip. Mr. Evans was sheriff of Loup County for many years.

—Frank Jobst and Theron Beehrle left for Oregon Sunday afternoon on a train out of Grand Island. Theron has not seen his sons for some time and took the opportunity to visit them. The men plan to be away fifteen days. Theron promised to send back some real fishing pictures so that we could use one in the Quiz.

—Mrs. Fern Anthony, who had been here visiting her sisters, Mrs. R. O. Hunter, Mrs. Harry Dye and Mrs. Belle Brown, since a week ago Saturday, returned to her home in Lincoln Sunday. Her daughter, Virginia and Milton Luecker of Lincoln came up Saturday and took her back home.

—Mrs. Byron Paxton arrived in Ord Saturday for Oscaloosa, Ia., where she had visited with her sister two weeks. She and her husband began work in the Town Talk Grill this week. They were formerly employed at Norfolk. Mrs. Paxton is a daughter of Palmer Canfield.

—John Jensen and his helper, Anton Capek, were out last week to repair E. Rahmeyer's barn,

which was moved a foot off its foundation by the wind storm of Aug. 2.

—Virginia Clark, daughter of Mr. and Mrs. Fred Clark, is a new employee in the Johnson bakery.

—Mr. and Mrs. Frank Andersen of Lincoln came to Ord Friday evening to spend a week visiting Frank's relatives, the Hans, Verne and John Andersen families, and attend the fair.

—Mr. and Mrs. E. Rahmeyer returned home last week from a camping trip to York. They attended the annual Pentecostal camp meeting. The services were very inspiring and helpful and there was a large attendance

**Saturday Sale**  
at the Sale Ring in Ord  
**AUGUST 28, 1937**  
1:30 O'clock

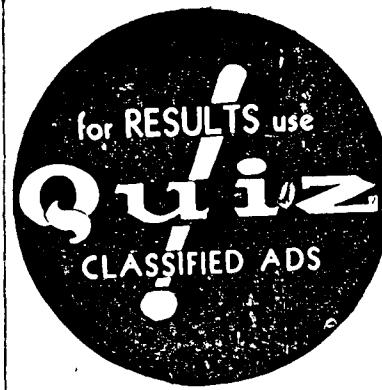

Our usual large run again last Saturday due we think to climatic conditions. This has been the same at all interior markets. It has caused the offerings to sell cheaper on all classes. Pigs that do not weigh 60 to 70 pounds have suffered the most. But the pigs that weigh from 70 to 110 will continue to sell strong. If you have any of that class, bring them in.

We do not expect a large run Saturday.

### BACK FORTY

By J. A. Kovanda

This year's livestock exhibit at the Valley county fair consists mainly of cattle. A survey of the barns on Tuesday afternoon revealed how badly our local farms have been depleted of breeding animals. Those on exhibit, however, are of excellent quality.

The Herefords of G. G. Clement and Sons are perennially good. George Bell is also showing some fine individuals of the white face breed. These few remaining purebred herds will play an important part in re-stocking our county when crops come back.

Our fair has attracted one exhibitor from afar. G. A. Batley

has brought a fine string of Polled Shorthorns from his farm ten miles west of Kearney.

Dave Guggenmos of Burwell has

the hog exhibit all to himself, un-

til he can get more.

Charles Krikac suffered a hem-

orrhage one day last week and is under a doctor's care.

Evelyn and Leonard Kamrad

spent the fore part of the week

with their grandparents, Mr. and

Mrs. Joe Waldmann.

Paul Waldmann spent Sunday

afternoon with Charles Radil.

Mr. and Mrs. Edward Radil were

Ord visitors Sunday afternoon.

V. J. Vodehnal and Frank Wegrzyn called at Joe Waldmann's

Sunday evening.

Frank Smolik and Lou Vancura

attended a cattle sale at Atkinson

one day last week.

Mr. and Mrs. Thomas Waldmann

and daughter Joan were Sunday

afternoon visitors at Joe Waldmann's.

## F-E-E-D SHORTAGE

Regardless of daily paper headlines of the estimates of large crops in Nebraska, Valley county faces a serious shortage of grain and hay crops. For the past four weeks we have advised our customers to lay in a supply of oats, barley, and hay as well as mill feeds. We believe that these feeds have seen the low point for this season and that feeds bought at this time will prove a good investment if you need Hay, Grains, Bran, Shorts or Commercial feeds for hogs, cattle or poultry, let us figure with you on your needs.
