## Hartsuff Board Adopted Bylaws at Meet Monday

### Provision is Made for Large Number of Memberships to Suit All Donors.

The new Fort Hartsuff board developed into a more definite organization Monday when the three members met at the court house and adopted the by laws by which the group will be governed in accordance with the provisions set forth in Senator J. T. Knezacek's bill No. 424, for the acquiring of historic sites.

The bylaws in the main are along much the same lines as any similar organization, with provisions made for any and all conditions that may arise, but two of the articles adopted are of special interest to the general public, and are given herewith.

"Article 5. The trustees shall, from time to time, appoint committees of such kind as they deem proper, which may include one or more board members, to have such powers and duties as the board may legally delegate to them. The life of all committees shall cease at the next annual meeting following their appointment, unless said committee shall be reappointed.

"Article 12. In accordance with law, the board may issue the following classes of types of memberships and foundation certificates which shall be known as the 'Fort Hartsuff Pioneer Memorial' for convenience.

(a) Annual Memberships. To those who shall agree to pay to said board for its general expenses and purposes, an annual amount of \$5.00, payable semi-annually or quarterly. Such membership shall cease upon the failure to make such payments as agreed. A list of these, and other memberships, shall be maintained at all times by the secretary in the office of the board and shall be open to inspection by the public. Publicity of all memberships shall be given through the press, if possible, unless the member otherwise directs.

(b) Associate memberships. To those who shall donate any amount to said board, otherwise than on an annual basis or on the basis of some other type of membership.

(c) Foundation memberships. To those who shall donate an amount of at least \$50.00 to said board, otherwise than on some other type of membership. A metal or other type of the list of such memberships shall eventually be placed in one of the buildings in said fort when and if acquired.

(d) Special foundation memberships. Similar to foundation memberships except that the amount of such donation must be at least

## Junior Class Play 'Howling' Success

A really and truly howling success was the Ord junior play given Tuesday evening, in the opinion of the crowd which packed the high school auditorium even to the top-most bleacher. The hillbilly play with its funny lines and amusing costumes proved to be exactly what the Ord public wanted, and the audience roared with laughter.

Darlene Carlson had the key part of Ma Brannigan, the devoted and doting grandmother, who finally gave in and married Cyrus Scudder, known heretofore as Raymond McGee. But it was quite a while before Grandma decided and meantime the spectators enjoyed Catalpa Tapp, a hillbilly servant portrayed by Maxine Wardrop, and also Catalpa's pa, Bildad Tapp, played by Eldon Smolik. Bildad also wanted to marry Grandma, but she decided against him.

Marie Maresh played the younger granddaughter, Betty Brannigan and Elizabeth Kovanda played the conceited elder granddaughter, Kay Brannigan. Kay came home from a ritzy boarding school affianced to Kingston Campbell, locally called Billy Pafetta. Kingston loved her grandma's money, or thought he did. But he and his would-be aristocratic mother, Mrs. Augusta Campbell, Ord's Marjorie Weaver, cooled off on the marriage when they found out Grandma wasn't rich after all. Jeffrey Scudder, the nephew of Cyrus, was acted by Eldon Stewart; Dick Brannigan, another grandchild, was played by Wilson Chatfield.

The play as a whole was excellent as well as comical, and the young actors did very well. They were delighted to learn they grossed some \$50 or \$60, from which a number of expenses have to be paid.

Miss Wilma Shavlik coached the young actors, and class sponsors are Miss Steele and Mr. Kovanda. The production staff included Deana Kokes as book holder, and for properties, Misses Phyllis Hill, Maxine Sorenson and Irene Kovarik. Decoration and painting was taken care of by Raymond Vogelstanz, Bill Pafetta, Wilson Chatfield and Eldon Stewart.

## Mrs. J. A. Patton Died, Buried in Ord Saturday

Margaret A. Patton, wife of James A. Patton, passed away at the home of her daughter in Lincoln Nov. 25, 1941, at the age of 87 years, 11 months and 6 days. The body was brought to Ord by her daughter, Mrs. Mildred Pollak and husband, and buried beside her husband in the Ord cemetery. Frazier's Mortuary had charge of the burial.

She is survived by two daughters, Mrs. Pollak of Lincoln and Mrs. Mabel Westover of Grand Island; a son, Guy G. Patton of Lincoln; eight grandchildren and two great-grandchildren. One son, Charles, and her husband preceded her in death.

The Pattons came to Ord in the '80s, and took a prominent part in the affairs of the town while living here. Mr. Patton built the first house on the lot where the present Mrs. Vincent Kokes residence is located, which he sold to Judge E. M. Coffin when he left Ord about 1901. He also owned an acreage in west Ord near the present D-X Service station, which he sold to A. M. Muller.

Mr. Patton held the office of clerk of Valley county for two terms, and, after retiring from this position, he was a co-organizer with D. A. Gard in the American Order of Protection. The family belonged to the Ord Methodist church, where she retained her membership at the time of her death. They moved from Ord to Fremont, and from there to Lincoln in 1933.

## Longhorns Go Wild, Beat Taylor 39 to 7

### Loup Co. Lads Score First, but Fade Later; Trip to Lincoln Is Prize.

(Special to the Quiz) Before an immense crowd of fans Coach Wolcott's Longhorns defeated the Taylor Bulldogs 39 to 7 in a wildly played Turkey day game at Burwell in which Taylor started off with a bang only to be smothered in the last half.

Taylor opened the scoring in the first quarter when Krause made a four yard drive for a touchdown. He also made the try for point good on a line buck. In the second quarter Burwell scored when Swanson crashed through from the nine yard line for a touchdown. The try for point was not good.

Late in the second quarter Swanson again cut back through tackle and ran away from Taylor's entire team, sixty yards for a touchdown. The try for point was good. The score at the end of the half was Burwell 13, Taylor 7.

At the start of the third quarter Taylor took to the air but was stopped cold when Buzz Grunke-meyer, Burwell's center, intercepted a pass and carried the ball back to Taylor's thirteen yard line. On the second play Swanson cut back through tackle eight yards for a touchdown. Pulliam bucked the line for the extra point making the score at the end of the third quarter Burwell 20 and Taylor 7.

Burwell's next touchdown came on an off tackle smash good for thirty-five yards with Pulliam carrying the ball over the line. The kick for the extra point was not good. Burwell then kicked off to Taylor who was forced immediately to kick. Sitton, Burwell's tackle, who was substituting for Pulliam, took the kick on the fifty yard line and aided by good blocking ran through the entire Taylor team for a touchdown. The try for point was not good.

By this time Coach Wolcott had started cleaning off the bench and with a team comprised of second and third stringers McGrew intercepted a Taylor pass on the eleven yard line and carried it back for a touchdown. Sloan kicked the extra point. Wolcott then put in his remaining third string and Junior Scott, the official water boy weighing less than one hundred pounds, intercepted a Taylor pass and almost made a touchdown as the game ended. Enthusiastic pep club girls carried the blushing lad off the field on their shoulders.

Taylor made six first downs and Burwell nineteen. Taylor gained 194 yards and Burwell 430. Following the game the members of the squad elected Buzz Grunke-meyer and Eugene Pranssen honorary captains for the year.

Burwell's record for the year consists of nine games won and one lost. The total Longhorn score is 210 points and 62 for their opponents. In the Loup Valley conference of seven schools Burwell's record is six games won and no losses.

In appreciation of the fine work of his squad Coach Wolcott instructed all his players to be at the school house at 7 o'clock Saturday morning to go to Lincoln for the Nebraska-Oklahoma game. The boys went in the school bus which was driven by Don Hughes. At Grand Island they stopped to pick up two of their former team mates, Jack and Max Anderson.

## Ord Merchants to Give \$180 in Prizes During December

### Unique Contest Plan Devised to Boost Shopping; Groceries Worth \$25 1st Prize.

A unique contest in which \$60 in prizes will be given away each Saturday before Christmas has been devised by the retail committee of the Ord Chamber of Commerce, and gets under way Thursday, Dec. 4, with the first award of prizes scheduled for Saturday, Dec. 6.

First prize next Saturday, and each Saturday thereafter, will be \$25 worth of groceries. A different assortment of groceries will be given away each week but the value each time will be \$25.00.

Merchandise certificates good at any of the stores sponsoring the contest will total \$35 each week, divided as follows: Second prize, \$5; third prize, \$3; next 27 prizes, \$1 each.

This is not a lottery or a game of chance but instead is a game of skill and good judgment. It is open to all adults living outside the city limits of Ord.

The \$25 assortment of groceries which will be given as the first prize this week is now on display in the window of Frazier's furniture store. Particulars of the contest may be learned by reading one of the circulars now being distributed by the retail committee, or by visiting any Ord store. Every person who expects to enter the contest should see the photograph of the grocery assortment as reproduced elsewhere in this issue, and should pay a visit to the Frazier store window to observe the display carefully.

Known as the "All Roads Lead to Ord" plan, the Ord merchants hope to attract Christmas shoppers from near and far by this unique contest. It is pointed out by the retail committee that nine good gravelled roads and one paved road connect Ord with nearby communities and make this town ideally located for Christmas shoppers.

More than 100 Ord business firms take part in sponsoring the event

## No Change Planned in No. Loup Mail Route

North Loup—(Special)—Postmaster Frank Johnson last week received word from Congressman C. Lee that the change proposed in mail routes out of this village will not be made.

Upon the retirement of W. A. Cox in January, it had been planned to take about thirty miles off Route 1, in the Davis Creek and Barker districts, and add this to a route out of Loup City, making these patrons get their mail thru the Loup City postoffice. Remainder of the route would have been added to the other North Loup route.

The proposal met with much protest from patrons and from business men and the matter was brought to the attention of Congressman Coffee and others in Washington, with the result that the proposed change has been abandoned.

## Christmas Decorations Again Set Up by City

The past several days Vern Stark, Chet Austin and M. V. Frederick, with occasional assistance from George Allen have been busy putting up the city's Christmas decorations, and they will be ready to light up in a few days.

The lights will follow the same general plan as in former years, but Santa and his reindeer will be conspicuous by their absence. The rigors of several Decembers were too much for the good old Saint, and he lost his head completely, it is said. The tree which was set on the landing in front of the courthouse yesterday was one of the finest specimens ever used there.

## Religious Training School in January

The training school for religious training, under the leadership of Rev. J. A. Adams, is to be opened January 9. Classes to be held one evening a week, at the North Loup school house. The course is to last six weeks. Mrs. Winnie Bartz is registrar. Following is the course which is to be offered:

- 1. My community and the Christian Ideal. Text, "Our Community and the Christian Ideal", by E. W. Shrigley.
- 2. A Brief Survey of the Old Testament. Text, "Highlights of the Old Testament", by E. Porter.
- 3. Teaching Children in the Small Church. Text, "The Small Church at Work for Children", by F. E. Henry.
- 4. Youth at Worship. Text, "Adventures in the Devotional Life", by O. M. Geer.

Paul Gard to Omaha. Paul Gard left this morning for Omaha where he will be under the observation and care of Dr. G. Alexander Young, noted psychiatrist, for an indefinite period.

## Seven Ord Boys Who'll Play No More High School Football

On Thanksgiving day these seven Ord boys finished all the inter-scholastic football they ever will play. Some may go on to colleges and universities and continue gridiron activity as all seven are seniors and will be graduated next spring. Left to right they are: Alex Cochrane, Bob Timmerman, Junior Petska, Ed Rousek, Jerry Fryzek, Gould Flagg and Henry Adams. All were starters in the 1941 Chanticleer line-up and their places will be hard to fill next season.

## Motor to Make Its Final Trip Saturday Eve

### Order Received by Johnson This Morn Removes Train; Star Route Takes Over.

Final trip between Grand Island and Ord for the Union Pacific's motor train, Nos. 535-636, will be made Saturday, Dec. 6, according to an order received this morning by O. E. Johnson, station agent here. The train is being removed in accordance with an order issued by the Nebraska railway commission recently.

The motor will leave Ord at 10:40 a. m. on its final run to Grand Island and will return at 5:15 p. m. on its final run to Ord, according to Mr. Johnson.

Motors now operating between Columbus and Norfolk, Columbus and Albion and St. Paul and Loup City will be discontinued on the same date, the order says.

The Union Pacific's mixed train, No. 83, will continue to carry mail on its Grand Island-Ord run, arriving here at 8:20 a. m. daily, but will leave at 3:40 p. m.

Instead, a star route will be operated by the postoffice department, leaving Grand Island at 1:30 p. m., arriving in Ord at 4:20 p. m., going on to Burwell and back to Ord, leaving with mail at 5:45 p. m., and arriving in Grand Island at 8:00 p. m. This route will go in effect Monday. A Grand Island man was low bidder and has been awarded the contract, says Postmaster Hill.

## Parking Stalls Please Public

About three weeks ago the Ord city council discussed the parking problem in Ord and after careful consideration authorized Councilman Joseph Rohla, who is chairman of the street and alley committee, to test out the 30 degree parking on one side of the square. This was done last week on the west side of the square.

All who tried the new idea were so loud in its praise that the council decided to go ahead with the plan and have all the parking space around the square and one block out in all directions marked in the new way. The work is going ahead rapidly this week and will soon be completed.

Yesterday Mr. Rohla and Syl Furtak were busy at the Milford corner with a guide designed to expedite the work, and a hand-drawn plan designed by Syl which paints the lines rapidly and neatly without the necessity of staking over.

The new spaces are not necessarily wider, but the angle leaves each car in a space of its own, with room to open either door without bumping into neighboring cars, one of the chief causes of complaint with the old style parking.

## Will Attend Music Clinic

Henry L. Deines, music supervisor of the Ord schools, announces the names of those who have been accepted to attend the music clinic in Fremont tomorrow are Jean Carlson for the mixed chorus; Irene Auble, tympant; and Mary Miller, flute. One or two others he wanted to take found it impossible to go, and several names he submitted for consideration could not be used, so these three young ladies will represent Ord. At the conclusion of the Thursday, Friday and Saturday meeting a gala concert will be held, with all young entrants present taking part.

## Objctions Filed in Jas. Cech Will Taxation Statute

### Executor for Estate Claims Eight Points in Which New Law Invalid.

Last week the Quiz gave the story of the first hearing in Valley county under the provisions of LB 156, a law passed by the 1941 legislature and designed to bring more intangible property on the tax rolls, also providing a penalty for failure to report intangibles for taxation. The new law is cited in the James Cech will case.

Yesterday Ign. Klimka, executor of the will of James Cech, deceased, through his attorneys, Munn and Norman, filed his objections to the claim of George Satterfield, county treasurer of Valley county, in behalf of said county and against the Cech estate. A total of eight objections were given, which are, briefly, as follows:

- 1. Bill of LB 156 passed by the 1941 legislature is in conflict with the 5th amendment to the constitution, in that it sets up procedure which deprives a person of property without due process of law.
- 2. Said bill is also in conflict with section 77-701, compiled statutes of Nebraska, 1929, as amended, as it provides a different and higher rate of taxation than said section without modifying same, and imposes a penalty, excessive, unjust and confiscatory.
- 3. It is claimed that the deposit of \$1,500 in the Bank of Burwell is not taxable in Valley county, as it is not within the limits of this county, but in Garfield county instead.
- 4. That postal certificates in the amount of \$2510 as of July 13, the date of Mr. Cech's death, are an indebtedness to the United States and as such are not taxable in Valley county.
- 5. That the certificate of deposit in the Farmers and Merchants Bank of Comstock in the amount of \$2,112.69 is not taxable in Valley county, as it is located in Custer county.
- 6. That a certain note given by a husband and wife, present face value \$509.65, is not worth the face value thereof.
- 7. Under the provisions of LB 156 the county judge is obligated to and did investigate this claim and pass upon the merits thereof before it was filed, and that by joining with the county clerk and county treasurer in investigating and filing said claim, said county judge has determined the merits thereof and cannot now sit as county judge in the case and impartially hear evidence and render a decision thereon. That John L. Anderson, the duly elected county judge of Valley county, should enter an order wherein he is disqualified to hear this claim.
- 8. For further objections, this objector denies each and every allegation in said claim.

He also asks that Judge Anderson enter an order disqualifying himself to hear the claim and that some other qualified person be appointed to hear the same and that, upon the hearing thereof, said claim shall be denied.

For the sake of brevity and clarity the legal phraseology is not followed in full in the above, but it will give an idea of the number and character of the objections. A date for the hearing has not yet been set. The case is creating much interest in the county, and in the state, as many persons, especially holders of postal certificates, are directly interested in the outcome.

## Committee on Treats for Christmas Meets

The treat committee of the Ord Chamber of Commerce held a meeting Monday evening to make plans for Christmas time. The chairman of this committee is Hilding Pearson and the other members are John Haskell, Lawrence Dendinger, Fred Cahill and Kenneth Draper.

Treats will be distributed to the little folks Dec. 23, and it is announced that Santa Claus will make his appearance at that time. All details are not complete at this writing but plans are being made and will probably be announced in next week's Quiz.

## Will Examine Children

The Red Cross of Loup county is arranging a physical examination of all the rural school children in the county, Wednesday, Dec. 10. The Clinic will be held in Taylor and conducted by Dr. McDaniels, M. D., of Sargent, and Dr. Scott, dentist of Sargent, and Dr. Glen Auble, optometrist, of Ord.

## Saints Held Ord to Scoreless Tie Thanksgiving Day

### But Ord's Grid Record is Still Best in Central Nebr.; Fumbled Pass Costly.

Eight victories and one scoreless tie—that is the 1941 record of the Ord Chanticleers.

On Thanksgiving day, with 2,000 people watching, Coach John Marrow's stalwart St. Paul team thwarted Chanticleer hopes of an all-victorious season by holding Coach Tolly's boys at bay all afternoon. The fact that St. Paul could do nothing either against Ord's strong defense added little cheer to a holiday crowd which assembled to see the favored Ord team win by a substantial margin.

Ord's best chance to score came in the opening quarter when the Chanticleers put on a sustained march from their own 35 to the Apostle 4 yard line. Three tries for the goal failed and Ord gave the ball to St. Paul after an attempted forward pass was fumbled behind the end zone. Officials ruled the play an automatic touch-back and the ball went to St. Paul on their own 20-yard line.

In the closing moments of the game St. Paul made its only threat, penetrating to the Ord 5-yard line where the final gun cut short the drive.

With 9 first downs to Ord's 4, the Saints held the edge in offense. Cetak completed a great year in Ord's backfield, gaining every time he was given the ball and also sparking the Chanticleers on defense. The big fullback did a whale of a job of line backing and seemed to figure in two out of every three tackles. Adams, Fryzek and Timmerman looked best in the Ord line.

Pazdera, a fine back, led the St. Paul attack and twice broke away for long runs around end. St. Paul's line was the finest Ord has faced this season and by alert, fast-charging tactics kept Ord's flashy attack muffled throughout most of the game. Ord's passes failed to click except on one occasion in the fourth quarter when on a spread play Flagg passed to Cochrane, who in turn passed downfield to Adams. The play gained much yardage and put Ord in attacking position but officials called it back and inflicted a penalty because ineligible Ord players had progressed downfield farther than the two strides permitted by the rules. Pyne and Nelson were stand-outs in St. Paul's forward wall.

The afternoon was too warm for good football and the players were fagged when the game ended, despite many substitutions.

Actual statistics of the game show that Ord made 4 first downs to St. Paul's ten, but it will also appear that penalties gave St. Paul two of their downs, and cost Ord two more than they got. Four different times the play was within the St. Paul ten yard line, and was only inside the Ord ten yard line once, and that in the final play of the game.

Nearly all the game was played

## New County Agent Named at Burwell

(Special to the Quiz) Willis Thurber, who has been county agent in Boyd county for eight years, was hired Monday to replace Andrew Monson as the county agent in the Burwell district of the farm bureau comprising Garfield, Loup and Wheeler counties. Mr. Thurber comes to Burwell highly recommended. He is a former Smith-Hughes agricultural teacher. The board attempted to secure the services of Ralph Douglas, the agent who resigned last March to return to his farm in Rankin county, but Mr. Douglas was unable to leave his farm work at this time. Mr. Thurber is a married man with two children.

## Elected a Director

At the annual convention of the Iowa-Nebraska Press association held in Omaha last week, E. C. Leggett of the Quiz was elected to the board of directors. C. C. Caswell, of Clarinda, Ia., is president. E. M. Von Seggern, of West Point is vice-president and Ralph Overholzer, of Red Oak, Ia., is treasurer. Other directors include Fred Hill, Hamburg, Ia., James Wilson, Carroll, Ia., and Robert Kennedy of Columbus, Nebr.

## Fire Department to William Misko Home

The Ord fire department was called to the Will Misko home Thanksgiving morning, where hot spot removed from the furnace by Mrs. Misko had ignited a pile of cobs and from there spread to the ceiling joists which were smouldering when firemen arrived. A small quantity of water from the city's pumper truck extinguished the incipient blaze and little damage was done except by smoke, which filled the basement and made it difficult for the firemen to determine extent of the danger.

THE ORD QUIZ

Subscription \$2.00 Per Year Published at Ord, Nebraska

Entered at the Postoffice in Ord, Nebraska, as Second Class Matter under Act of March 3, 1879.

CHANGES OF FORTY YEARS. Recently the writer was a guest in the home of an average family in Ord.

A first glance at the interior would not reveal any radical changes there either. The wall paper in the living room is new, the patterns have made a decided change, but the room looked much the same.

One thing lamentable about Ord in these times is the large percentage of its population who do not own their own homes, some because the indefinite nature of their work will not permit it, and others because the means will not warrant it.

These were no hall screens in those days, but the house had the well remembered green shutters to protect the windows from storm and from stones thrown by boys at play.

Of course there was no radio in this home. They did not begin to come to Ord until 20 years later. It may be that they had one of the early day phonographs, but if they did, it was not to be compared to the later models.

Their garage was a barn, and he owned a fine driving team and surrey, which meant a lot of extra work all the time taking care of the team whether they were used or not, not counting the added expense of feed.

This man of 1901 had a good wooden sidewalk around his place where needed, and some of his neighbors on the way up town had walks, others did not.

him a fortune to pay the ten to fifteen dollars taxes against it each year. The property today is assessed for four times that amount, and it isn't always paid, as recent tax sales being held prove.

Permanent crossings of stone or concrete were just coming into style. There were not too many of them, but the old timer could cross on them without getting into the mud to his shoe tops.

From all angles we must agree that many changes have taken place, and not all of them are for the better.

But the people living in that home are not the same. The father and mother in that home of old have gone to the next world, to the better land, if right living is any guarantee.

But conditions within that home have changed in the past 40 years. Then that house was one of the latest and most modern in Ord. It even had a fireplace, an improvement then to be found in only the most pretentious homes.

These were no hall screens in those days, but the house had the well remembered green shutters to protect the windows from storm and from stones thrown by boys at play.

Firemen Mark Tolen and George Anderson appeared before the council and inquired as to the exact status of the insurance on firemen in the event the fire truck was taken outside the city limits.

The matter of insurance upon the two fire trucks was then brought up. Some discussion ensued whereupon the Finance Committee was instructed to determine the amount, extent and coverage of the insurance carried upon the two trucks.

The matter of parking was then discussed. Several plans were suggested after which the Street Commissioner and Chairman of the Street Committee was instructed to repaint the parking stalls along one side of a block in downtown Ord and await public reaction to the change before proceeding further.

It was announced by City Attorney Davis that the tax sale of 16 properties would take place at the court house on November 25, 1941.

QUIZ FORUM

An Experimental Farm. To the Editor of The Quiz: The writer has been a resident of Valley county for more than sixty years and has always had the interests of Valley county in any project for our interests.

Through the generosity of Mr. Dowhower the state has received a fine tract of land only a few miles from Ord. This land was paid for as it was what is termed school land and now is freely given back to the people of the state.

The idea is suggested that this tract be used as an experiment farm. It is fine land and is ideal for irrigation. Valley county has never had a state institution of any kind although very near the center of the state.

Think of what it would mean to Ord having a school for experiment and training in our county. This matter should be brought before the legislature at its next session and meanwhile acted on by the people of Valley county.

Cetak hit right guard and was stopped by Taylor. Again it was just short of a first down. Flagg lateraled to Stewart, but the ball hit his knee just as he took it, and bounded into the end zone, where Petska, Timmerman and several St. Paul players fought over it until it went out of the end zone, and was ruled as a touchback. It was one of the disputed decisions of the game.

The ball was brought out to the 20, and there was an official time-out to look up the rules. Pasdera went to the 35 yard line on the first play to make it a first and ten, Cochrane stopping him. Petersen went into a stone wall in the line for no gain. St. Paul was penalized 5 yards for too many times out. Maresh broke through and blocked the St. Paul kick, which Nelson recovered on their 5. The ball was then punted out of bounds on the St. Paul 22.

The ball was in Ord's possession on the St. Paul 22. Flagg went around right end for a 2 yard gain, stopped by Graunke. A pass to Adams was complete, but for no gain, Goracke stopping him. Ord was offside on the next play, and took time out. Ord was again offside, and this gave St. Paul a first down on the 40. Adams stopped Petersen for 3 yards at right end.

A pass from center was fumbled, Maresh and James stopping the play, back on the St. Paul 9 yard line.

Petersen completed a pass on the 16, Cochrane stopping him. Rose, Covert and Novosad went into the Ord lineup. The punt went out on the St. Paul 36. Cochrane made 3 before Fairbairn and Graunke got him. Cetak made 2 before Nelson stopped him. Adams stopped Petersen in his tracks with the punt on the Ord 41.

Nielsen made half a yard on a fake play, and Goracke lost to the 46, Cetak getting him. A pass was incomplete and St. Paul punted out on the Ord 29. Cervy went in for Goracke. Flagg made 4 yards, stopped by Nelson and Taylor. Cochrane was stopped by Nelson after picking up a yard. Cetak was hauled down by Pyne and Nelson after making it a first and ten on the Ord 42.

Cetak and Fryzek stopped Petersen, who made 3 yards. Petersen fumbled back to the 37 yard line. Maresh went back in for Wilson. Davis went in for Nelson. Nielsen lost 6 more yards on a smothered passing attempt. Flagg leaned over the side line and took the punt but fell down after a 3 yard return with no one near him on the Ord 38.

Maresh made 5 yards, stopped by Pasdera. A double pass from the spread formation was good to the St. Paul 20, the ball going to Cetak to Flagg to Adams. However the play was called back by the head linesman. It was one of the most controversial plays of the whole game, and caused much dissatisfaction among the spectators. Ord was penalized 5 yards. **BACK FORTY**  
By J. A. Kovanda

One of the first signs of spring is the arrival of the baby chick season. Hatcheries are already taking orders, and a few folks will start feeding little chicks as early as next month. Our local hatcheries are planning for a big year. We have built more chicken feeders for farmers in the tool shop this fall than ever before.

Poultry raising is a good bet here because it is affected less by drought than any other enterprise. At least ninety per cent of Valley county's poultry is raised by the women folk. They sell of one local farm on which the wife made more money on poultry this year than her husband did from three-quarter sections of land.

Baby chicks will cost more. Hatching eggs are costing half again as much as last year. Chick boxes are twice as high. Labor charges are higher. But so are returns.

Poultrymen are cashing in on one of the most unusual situations they have ever seen. Last spring the Secretary of Agriculture set a price of 22 cents for eggs and 15 cents for poultry at Chicago, by buying on the open market. A few weeks ago he pushed prices slightly higher. Our government wants all the eggs and poultry that farmers can produce.

It looks like one of the best seasons for egg production in many years. Egg prices are expected to average somewhat higher next year than in 1941, and feed costs will remain favorable. Chicken and turkey prices are also expected to increase and ought to, because fowls are worth more money than farmers get now.

**Something Different**

One of the odd things is the way people name their dogs. For example, the Aagaard family named two pups of a new litter "Mortimer Snerd."

And what is so odd about it? Well, they named one dog "Mortimer" and the other dog "Snerd!"

And you should see Mortimer flush pheasants. His idea of this job is to jump stiff legged, so he bounces on all fours over the high weeds. For he is a little dog, and it would be hopeless for him to plow through all that high grass.

Now I come to think of it more, I believe Mortimer is a lady, Yes-sir, she is.

And then the Olof Olsson's named their little pet "Sally Rand." Although I never heard of her doing any fan dances.

The most uniquely named dog in Ord is called "Stormy Weather." A week or two ago Rex Jewett was afraid the Weather was changing for the worse, but the big old fellow recovered and seems himself again.

The handsome big Chesapeake the Eugene Leggett family owned so long was really titled "Duke of Buckingham," but all the name he needed seemed to be "Buck," so that is the way he was known in Ord. Speaking of Dukes, I think the fine bird dog the Carl Dale family owned so long had a long,

term by which he was known, and known for many years.

Of course there may be some more fanciful titles buried in this neck of the woods, but when the Ed Whelan family decided on "Patricia, the Titian Belle," for their golden Labrador Paitty, they set a record of some sort.

We know there will always be lots of Laddies, Pals and Chums, and Captains, Majors, etc. One Ord family renames each new dog Boots, as it appears. One family prefers King as a dog handle. Spotty hasn't lost out yet. Nor has Rags or Tags. Goldie and Fluffy and lightweight names like that are popular, usually chosen by the youngfry to fit their little pet.

And then when he grows up, even though he weighs 80 lbs. and can lick every other dog in town, Fluffy travels under the same monicker.

Those without Chinese blood sometimes have a time with the name Chu Chi used hereabouts by the handsome big red Chow owned by the C. J. Mortensens. I have heard him called Fu Fu, Fu Chi, and what not.

Some of the neighbors call him worse than that, and are afraid to set foot on the Mortensen porch. I may quake inside but I order him out of my way in the most bossy fashion you ever saw. Who's afraid of Chu Chi just because he has a lovely big ruff around his neck? I don't believe he has ever harmed a soul.

He does order all the other Ord dogs around, though.

Maybe his name should be King. —Irma.

The only correct answer we got to our puzzle last week came from Ernest Rahlmeyer, who guessed the two ladies to be Mrs. C. W. Noll and Mrs. Johanna Lueck. Orin Kellison thought they might be Mrs. Noll's two daughters, Dessie Needham and Gertrude Trout, except that the dresses were for an earlier generation. He did well to catch the family resemblance, at that. This week we are showing a man whom almost anybody should know, even if the photo is fifty years old. Phone us your guesses.

The word is going the rounds in Ord that Adolf Hitler, or his double is now living in town. A number of people claim to have seen him, and so the reporter ran down the rumor Saturday to find that our "Fuhrer" is a very mild mannered man indeed, none other than Mike Socha. Mike started raising a mustache some time ago, he says, and he got it caught in the wringer when he was doing his washing-pulling out part of one side, so he trimmed the other side short also. Now it sure looks like a Hitler adornment, only the color is slightly off.

George Benn created some excitement Saturday when he came down town driving a standard size car instead of the vest pocket model he usually scoots around in. When asked the whyfore, he said that he did not care to expose the little fellow to the winter weather for fear it might get the croup. He says he has the small car when he runs around alone, a coupe when he takes another fellow, or lady, and a sedan he uses to haul a crowd.

With the bugs and the bees buzzing around, Thursday certainly didn't seem much like Thanksgiving. It was one of the warmest Thanksgiving days in years, and even finer than the president's special of a week before. The fellow who started away from home with an overcoat and over-shoes found himself plenty uncomfortable during the heat of the day. It was so hot at the park that both football teams did all their running plays at a walk by mutual consent. In fact, it was the hottest football game either team had played, it being their only after-noon game.

It's pennies, but not from Heaven which the people of Burwell received the first of the week. The depositors of the Farmers bank received a 5 per cent dividend from the state banking department. The payment brought the total percentage paid of the funds which were in the bank at the time when it closed to 95 per cent. Mr. Fenner, who was receiver for both banks in Burwell, reports that the receivership, which is no longer in his hands, has sufficient property to dispose of which will enable the bank to pay out 100 per cent. The banking department is trying to liquidate the property so as to bring in the most for the depositors. The First State bank has paid out 85 per cent. Mr. Fenner says that he believes that the banking department will pay a dividend to the First State bank depositors soon.

**IT HAPPENED IN ORD.**  
When John L. Ward inadvertently had Joe Cupl, jr., of Prague married last spring, Joe wrote him a letter and promised to send a cigar when he made the "fatal step." Joe made the said step Thursday; and this morning the cigar arrived according to agreement. Thanks and congratulations Joe.

A card arrived in the mail this morning from Mrs. C. G. Trout of Culbertson identifying the old timers last week as her aunt, Mrs. Johanna Marks Lueck of Arcadia, and her mother, Mrs. Carrie Marks Noll, of Mira Valley. She says the picture was taken in Madison, Wis., about 1877 or 1878, and that she appreciated very much seeing it printed in the Quiz.

Another advantage has been discovered in the new style of parking. In the past cars parked in hot weather produced holes in the paving where the tire next to the curb sat. The new parking brings the inner wheel in at a new angle and in a different location, thus avoiding these holes in most cases.

**Puppies Furnish Police Uniforms**  
Because Chief Fred Bosna of Zeeland, Mich., likes animals, the two-man police force gets new uniforms annually. A stray dog given a home by the chief, four years ago, has presented him with a litter of puppies each year—sale of the pups pays for the uniforms.

#### Ord Township Library.

We have several new Christmas books which will interest you readers this year. Especially interesting is Christmas Traditions and Stories to read at Christmas. Come in and choose one or two of them. If you are interested in biographies read Catherine of Aragon, and My Theodosia. Catherine of Aragon is a story of the daughter of Ferdinand and Isabella who became Henry VIII's first wife and whose daughter, Mary, ruled England. It is a history of one of the greatest games of power politics ever played. My Theodosia is the story of the daughter of Aaron Burr.

For stamp collectors we have a new 1942 catalogue of United States postage stamps. The library appreciates the books "American Glass" and "Story of American Furniture" which the Woman's club presented.

Keep Hens, Pullets Apart  
"Old hens rule the roost," say poultry experts; and they also say it is not good poultry husbandry to place the new pullets in the same laying houses with the old birds. The old hens boss the pullets, bully them around and cause them to lay less than they otherwise would. Pullets need a heavier grain ration than the old birds can stand, and this is but another reason for keeping the two groups in separate houses. Following this bit of chicken psychology will mean more profits for the new pullet crop.

## ARCADIA

**Wetly-Hodge.**  
Miss Emma Wetly, daughter of Mrs. M. B. Wetly of Kearney and Mr. Louis Hodge, son of Mrs. Bent Godfrey of Harrisburg, Kas., were united in marriage at 9:00 o'clock November 27 with Dr. Roy M. Spooner of the First Methodist church officiating. They were attended by Miss Theo Power, friend of the bride, and Albert Doberstein, brother-in-law of the groom, both of Kearney.

The bride was attired in a powder blue street dress with black accessories and a corsage of pink roses. The attendant wore a dress of heather-brown with black accessories. The groom wore a blue suit.

Following the ceremony, dinner was served at the home of the bride's mother with thirty guests attending. The table was decorated with pink and white streamers extending from the ceiling to each place. In the center of the table was placed a two tier cake topped with a miniature bride and groom. On either side of the cake were placed two pink tapers. The house was decorated with bouquets of Chrysanthemums, carnations and fern sprays, which were a gift of the bride's uncle, Oliver Terhune, of Scottsbluff.

The couple will be at home after December 1 at the Webbert Apartments in Kearney.

Wilma Owens and Ellwyn Apperson stole the march on their friends and relatives Saturday, November 29, when they motored to Loup City and were married by Rev. M. H. Knobloch, pastor of the Baptist church in Loup City. The ceremony was simple but an impressive single ring ceremony. The bride was attired in a beautiful sky blue dress with caramel accessories.

## Saints Held Ord to Scoreless Tie Thanksgiving Day

(Continued from page 1)

in St. Paul territory when St. Paul was on the offensive. St. Paul had no trouble making first downs in their own territory, but found the going tough in Ord's part of the field except in their final offensive of the game, when a 15 yard penalty shoved Ord back almost to the goal line.

Games are won only in the opponents territory, and Ord spent much more time there than did St. Paul. During the game Ord had a total of 29 plays in the St. Paul half of the field, most of them down near the goal line, and St. Paul had only 14 plays in Ord territory. Ord completed 4 passes out of 6 tries and had one intercepted. The total yardage gained was 15. St. Paul tried 7, completed 2 for 20 yards. The statistics show that, on straight scrimmage, Cochrane carried the ball 6 times for 10 yards, Flagg 14 times for 40 yards, Stewart 5 times for 5 yards, Cetak 7 times for 23 yards and Marsh once for 5 yards.

During the intermission at the half the St. Paul band, directed by Herman Johnson, marched and their six acrobatic drum majorettes performed cartwheels and splits all in time to the music. The Ord band, directed by Henry Deines and led by Miss Doris Klima formed the numbers, 1621, in honor of the first Thanksgiving, and played a Hyman of Thanksgiving. They then formed a picture of the Mayflower, and played "America, the Beautiful."

The opposing coaches were John Marrow for St. Paul, and Bescoe Tolly, head coach and Alex Cochrane, sr., assistant for Ord. Edger Parley, junior high coach, announced the first half of the game, and Arden Clark, here from Hastings, handled the microphone for the last half. The referee, Jerry Grosvenor, Central City, and umpire, Ken Carver, Grand Island, were in the main satisfactory. Dwight Allen, Grand Island, was head linesman.

Ord's victims for the season included Grand Island, Broken Bow, Albion, Burwell, Arcadia, Havenna, Sargent and Loup City. Only team able to score in the Chanticleers was Sargent with 6 points and Ord amassed a total of 202. Despite the tie with St. Paul last week Ord finished as champion of the new 3-Volley conference. The mythical central Nebraska championship is conceded to Ord by sports writers, the Chanticleers having a much better record than Grand Island, Hastings, Kearney and other larger schools.

### Handling Innersprings

In moving innerspring mattresses it is well to remember never to roll or fold them back in any way. An innerspring mattress is composed of hundreds of coil springs and if one is broken or bent, it throws all the others out of line and the mattress soon becomes lumpy and uncomfortable.

as you have quit fishing for an indefinite period, that you may find time to answer some of the above questions?

Now a little about this country. We recently had a little earthquake, no personal injury, but property damage, \$400,000. As earthquakes go this one is a minor one. The damage was mostly to plate glass and brick veneered walls.

Our eight plane factories are turning out 5 to 6 hundred planes per day, the most powerful and swiftest planes, and there is one type that can fly 5 to 6 hundred miles per hour. It carries machine guns and a cannon. The largest airplane in the world is here—cost three and one half million dollars and weighs 80 tons, has room for 150 soldiers.

More than five thousand buildings have been constructed during the past 24 months, and two thousand more are now under construction. The ship-building is launching a monster every 23 days, and later on will largely increase that output. Two hundred thousand people are employed in the plane factories and many thousands in ship building.

The wages paid range from 6 to 8 and 12 dollars per day, mostly between \$6.50 and \$7 per day for common labor, with skilled labor running as high as \$12 per day.

Yours truly,  
M. E. Getter.

Portland, Oregon,  
November 17, 1941.

To the Editor of The Quiz:  
Well sir, the old home town paper gave me food for thought today, some of it kinder sad when I think of George Gowen's typewriter being in the pawn shop all this time and about Ernest Coops losing his pencil and Jason Abernethy breaking his wrist.

Then Irma's column brings back comparisons of these times with yesterday. Irma tells about discussions of food but she don't mention any names and she tells what folks will eat and what they will not eat—I can remember when folks wondered what they could get to eat.

I remember when Art Mensing was so skinny that when there was talk of sending missionaries down into the cannibal country of Missouri, they sent Art, figuring that no cannibal would attempt to eat Art.

Art went down into Missouri and just as Columbus brought back several Indians from Cuba to Spain, Art brought the Abernethy family back with him from Missouri. Art never said yes or no to the cannibal theory about Missourians and he finally got the Abernethy family pretty well civilized and got they so they drove mules to the plow instead of each other and got them to take out their first papers and wear shoes.

Along about this time there came the depression and then the drought and then the grasshopper plague—all of this on top of the Abernethys was quite a blow to central Nebraska.

So Irma was talking about folks standing around and talking about what they liked to eat and it reminded me of how hungry we were for fresh meat and vegetables back in them days.

None of us had had any fresh meat excepting grasshoppers for weeks and weeks and we had had no cured meat excepting some kippered owl and some jerked prairie dog meat and then Ellsworth Ball—we called him "little Ellsworth" in them days—ran down a coyote—a nice fat one.

We barbecued the coyote and the neighbors came from far and near. Jake Earnest came all the way from North Loup, Ed Hackel came over from Mira Valley, Pete Darges came out from Ord, Dan Sautter came from Scotia, Max Wall came over from Arcadia and Eben Moss came from Burwell. . . . This was

besides all the neighbors and relatives and the immediate family.

Of course the coyote was delicious but there was not nearly enough to go around and even after we had barbecued a couple of badgers there was not even one person in the crowd that had had enough fresh meat.

Well, sir, we stood around there picking our teeth with cockle burrs and we got to discussing food, just as Irma's girl friends did and everybody was telling what he liked the best in the way of meat.

Thearon Beehrle told about roasted little pig with an apple in his mouth and Pete Darges said his favorite meat was sausage made half and half with horse and rabbit—one horse and one rabbit—Art Mensing told of the fine wild turkeys he had eaten and Dan Sautter yelled for raw beef.

Everybody present told about what he would like in the way of meat if he could have anything he wanted and we all stood around with tears in our eyes and our mouths watering.

Pretty soon someone noticed Jason standing leaning up against our old barrel churn and his mouth was watering and he was kinder mumbling to himself and there was a fur away look in his eye and he had his hand on his stomach in a kind of a caress.

So finally Ed Hackel walked over to Jason and said, "Look, Jason, everyone here excepting you has told about what his favorite meat was and you are standing there almost crying about the kind of meat you are thinking of—come on, tell us, if you could have any kind of meat delivered to you, cooked the way you wanted it, right this minute, what would you prefer?"

Then tears came to Jason's eyes and his voice shook as he said "Folks, jess let me have a nice well done piece of rump roast often a good fat Presbyterian minister!" he says.

Hoping you are the same,  
Merritt H. Fuson.

Scott Field, Ill.  
Nov. 17, 1941

To the Editor of The Quiz:  
Just received a copy of the Ord Quiz and sure enjoy it. In your "Remember These Persons" column I notice that you have an old picture of a popular Ord family taken about 20 or more years ago. I know these folks, their names are Mr. and Mrs. Joe Absolon and family, now living on the Comstock mail route.

I thought this would be an interesting item, since I am down here in Scott Field, Ill. For your information, I am now attending the U. S. Army Air Corps Radio Communications and Technicians college here at Scott Field. I like it very much although it is a very tough course to undertake. I will be the first Ord man to graduate from this school, some time in the

## Red Cross Quota Increased \$1,500 As Roll Call Ends

Former Quota, 860 Members but War with Japan Brings Sharp Increase Tuesday.

Just as Mrs. C. J. Mortensen, Valley county Red Cross chairman, was receiving from the roll call chairman, Mrs. C. C. Dale, a report showing that the annual drive for members held in November had been successfully completed, Mrs. Mortensen received a message from the national Red Cross increasing Valley county's quota \$1,500.

The attack upon Hawaii and other American possessions by Japan, and the imminence of a long and bitter war was the reason given for this quota increase. Valley county's former quota was 860 members at \$1.00 each.

Plans for raising the increased quota have not been perfected but Mrs. Mortensen urges every Valley county resident who did not join the Red Cross during the November drive to do so now. People who did join are asked to make additional contributions. Plans for raising the additional funds will be made at once, say Red Cross heads.

In the annual roll call which began Armistice Day and lasted through November, a great number of workers assisted and a fine spirit was encountered everywhere.

Ord, with a quota of \$430, secured 400 memberships and an untold amount of lesser contributions. North Loup secured 80 of its quota of 100 members. Arcadia obtained \$178 on a quota of \$175. Elyria secured only 7 members, although its quota was 15. Rural Valley county did famously by its quota of \$140. Miss McClatchey had a fine group of workers and the county was canvassed more (Continued on page 4)

## Navy Enlistments Now for 2, 3, 4 Year Periods

Enlistment in the Navy has become even more attractive for young men, particularly those who may be drafted soon, with announcement by the Navy department that enlistments in all classes of the Naval Reserve except Classes V-5 (Pilot Training) and V-7 (Midshipman Training) are now authorized for periods of 2, 3 and 4 years for men between the ages of 17 and 50.

Men between the ages of 17 and 18 may enlist to serve during the period of minority if they desire, and will be released on their 21st birthday.

However, all men who enlist in the Naval Reserve will be required to agree to serve throughout the war or national emergency if such is found necessary. Any man desiring more information about short-term enlistments may contact the Navy recruiting station at Hastings, or John L. Ward, navy editor of the Quiz.

The chief petty officer in charge of the navy recruiting station at Hastings, announces that, commencing immediately, the facilities of his office will be available to all men wishing to enlist in the navy or naval reserve from 8 a. m. throughout the day and night.

## Leonard Kaiser Home Destroyed by Flames

A sudden fire Monday afternoon totally destroyed the five-room house on the farm recently purchased by George Zabloudf from the Federal Land Bank. The place, occupied by the Leonard Kaiser family, is often called the old Ed Jensen place, and is about 13 miles north of Ord, near the Jason Abernethy farm home. Origin of the fire is unknown but it is believed to have started in the attic which had been unused for years. Neighbors kindly helped remove all the household furnishings, but the house was entirely demolished. It was insured for \$1,100 or about half its value, and was built some 40 years ago by Frank Glover.

## Blessing Unanimous Choice for All-State

Paul Blessing, the Ord young man who just completed his football career at Kearney Normal, was chosen Friday as left end on the all-college team of Nebraska for the third consecutive year. He was a near-unanimous choice for the position, said state papers.

Three other members of the Kearney team, which won the Nebraska college championship, also were chosen for the mythical "all" team by sports writers.

Young Blessing started in Ord high school football before enrolling at Kearney. He probably will land a coaching position when he graduates next spring, unless one of the military services catches him first.

## Santa Claus Will Make Appearance in Ord Dec. 23rd

Pearson Heads Committee in Charge of Treats for All Children That Day.

Arrangements have been completed for Santa Claus' annual visit to Ord with treats for all the children in the territory, said Hilding Pearson, head of the Chamber of Commerce committee in charge of the affair, this morning.

Santa will be in Ord at 3:30 p. m. on Tuesday, Dec. 23, he said, and with the assistance of Chamber members will hand out sacks of candy and nuts to all children from the west steps of the court house.

For many years it has been Ord's custom to invite all the children in the trade territory to an annual Christmas party, and the custom is being continued this year.

All children under high school age are invited to the party, regardless of where they may reside. Santa Claus and his helpers will have plenty of treats for all.

The Chamber of Commerce is continuing until Christmas its "All Roads Lead to Ord" plan of giving away groceries and merchandise prizes, says Fred Cahill of the Chamber's retail committee. The first event was a big success last Saturday.

Postal regulations preclude explanation in this newspaper of the plan of distribution being used by the Ord stores but full details may be learned by a visit to Frazier's furniture store, where this week's grand prize of groceries is now on display. As was done last Saturday, a total of \$60 in prizes will again be given away at 5:00 p. m. Saturday, Dec. 13 and a similar amount on Saturday, Dec. 20. All adults living outside of Ord are eligible for the prizes.

Ord is a real Christmas city this year, with beautiful decorations in place throughout the business district and on many homes. Store windows are beautifully decorated also and feature displays of Christmas merchandise. Stocks of toys and everything for Christmas giving are large and complete in the stores of Ord.

People are buying earlier than usual, merchants say, with articles such as electric washing machines, refrigerators, heaters and heavy goods of all types greatly in demand, probably because everybody realizes that when present stocks are exhausted it will be difficult for merchants to replace them as the war effort strengthens. Since Japan's attack on Hawaii Sunday sales of radios have doubled and trebled, say dealers in this line, and radios promise to be among the most popular of Christmas gifts.

People of the territory are invited to visit Ord, not only on Saturdays when the prizes are given away, but on Tuesday, Dec. 23, when Santa Claus is here, but throughout the Christmas season. A warm welcome awaits all of you in this city.

—Mr. and Mrs. Olof Olsson left this morning early for Omaha, where business will keep him busy a day or two.

## Dr. Sheldon Interested in Fort Hartsuff Plans

While Dr. Glen D. Sheldon in Lincoln Sunday he visited Dr. Addison E. Sheldon, president of the Nebraska State Historical Society, and superintendent of the museum in the state capitol, and told him of Fort Hartsuff.

Dr. Sheldon was very much pleased with the progress made in the development of the project to date, and promised to help in any way he could to further the plans for making it a state park. As one of the foremost archaeologists and authorities on early day Nebraska history, Dr. Sheldon's approval should be far-reaching approval in the development of the Fort Hartsuff project.

## Ord Adopts New Center Parking to Serve Public

100 Stalls Lost by 30 Degree Plan but Center Marks Will Gain Many Back.

When the city administration decided to repave all parking spaces in the business district at a 30 degree angle instead of the 45 degree angle formerly used, officials were resigned to the loss of approximately 100 parking stalls. Even so, the change was made because of the many complaints made by car owners about scratched fenders and inability to get into or out of their automobiles in the 45 degree spaces.

Experimentation last week with center parking on the west side of the square convinced officials that Ord's streets are wide enough to make such parking feasible, in addition to the 30 degree curb spaces, and Monday the work of extending center parking on three sides of the square was begun.

Center parking will be permitted on the west, south and east sides of the square, it has been decided, but not on the north side where No. 11 highway runs. It also may be decided to have center parking on some side streets and temporary 20 degree stalls were painted Tuesday on 16th street, west of the First National bank, to find out what traffic problems such parking would bring.

Motorists are almost unanimous in their approval of Ord's new system of parking cars. With center parking on the square, police have been instructed to enforce the ordinance against motorists parking temporarily in the traffic lanes while they perform errands in stores. Cars must be parked only in the stalls marked off for that purpose if the new system is to be a success.

## Verzal Land Sale Monday.

Three farms owned by the late Charles Verzal, two of them fine irrigated farms, will be sold at auction Monday, Dec. 15, by the referee, John P. Misko, in an effort to settle up the Verzal estate. One piece of land contains a \$3,000 irrigation well and also may be irrigated from the ditch, a second farm has a good set of improvements and may be irrigated from the ditch, and the third piece of property is a section of hilly clay land 4 miles west of Ord.

## Last Passenger Train Removed

After continuous passenger service over the Union Pacific for more than 55 years, the regular passenger train was taken off Saturday and the only service into Ord over this line now will be the mixed train, which comes to Ord in the morning and returns in the afternoon, carrying freight, express, mail and passengers. Ord's other railroad, the Burlington, discontinued its last passenger train some months ago.

The first Union Pacific train into Ord, according to the records in the Quiz, came in Aug. 18, 1886. Plans had been made for a huge celebration when the first train arrived, but the date was postponed so often that the celebration was called off and nothing unusual occurred when the train finally did arrive. The first planned arrival was on July 4.

The arrival of the train, known at first as the Omaha and Republican Valley was a great thing for Ord. Before that time North Loup was the metropolis of Valley county, as it was the end of the railroad. The building into Ord guaranteed Ord's prosperity in the future and at the same time doomed North Loup's chances of becoming a large city.

For several decades after the railroad arrived Ord and the railroad prospered, but the development of the automobile and the coming of good highways cut into the railroad's business. After a time the evening out and morning in passenger train was taken off, leaving only one passenger service per day.

Now the other passenger train is gone, and anybody who wishes to travel by train out of Ord will have to go on the combination train. Old timers remember what the railroad meant to Ord and Valley county, and mark the passing of passenger service with regret, but the day of the branch line passenger service is over.

All the early day trains were run by steam, but some 30 years ago the gasoline motor was developed, and in time they came into general use for the short and light hauls on the branch lines, as they were much more economical than steam. Recently a number of motors were changed to run with a special gas known as butane gas.

Many famous characters made the runs over the railroads into Ord during the past half century but none are better remembered than the famous team-mates of the Union Pacific, John Radloff, conductor, Joe O'Brien, sr., engineer, and Levi Hamilton, brakeman. These men had the run to Ord over a long period of time, and no trainmen were better known or are more kindly remembered.

## Water Pipe Being Laid.

The WPA is busy this week digging the trench on 17th street for the laying of 682 feet of 8 inch water pipe. The pipe was bought some time ago and the work has been waiting for the WPA to get through with earlier projects. The pipe will connect with the main at the American Legion corner and extend south on the east side of the street.

# U. S. Declares War on Japan after Hawaii Bombed from Air

Ord Woman's Relatives on Wake Island, Reported Captured by Japanese Forces

Several Valley County Boys in U. S. Navy at Pearl Harbor, So War Touches Home.

The startling news of Japanese aggression touches Ord closest through the E. L. Vogelitz family. Mrs. Vogelitz has a brother, John Polak, a brother-in-law, Leo Fraley, and a nephew, Gordon Krysan, at Wake Island. Wake Island is the tiny three-and-one-half-square-mile mid-Pacific outpost which was blown up and seized by the Japs Sunday as one of their first acts of war. Wake Island is the midway point for clippers, where ships from the east and the west land to swap mail and passengers. A big airbase is being constructed there by the government, and the three relatives of Mrs. Vogelitz are civilians employed in this work, Mr. Polak being in charge of the waterway building, and having been there a year; Mr. Fraley has a wife and three children in Wahoo, Nebr., and has been there since May. Mr. Krysan, whose home is Calmar, Ia., has been at Wake Island since February. The family have no news of the three except impersonal radio reports.

Ord has a long list of young men serving the navy. Dr. Anthony Kokes who had been home visiting his parents, Frank Kokes since Tuesday, flew by Clipper and plane from Pearl Harbor, Hawaii, where his ship was the relief ship "Dixie," on which he was one of the five officers stationed. He left Monday morning from Grand Island for the west coast. He had expected to be home a couple of weeks.

Ensign James Milliken, Annapolis graduate, has been based at Honolulu for a year and a half, but since Nov. 19 has been in San Diego, where he was sent for special instruction. His parents, Mr. and Mrs. L. D. Milliken, received this news only a few days ago.

Another boy who attended Ord schools is Willard Wilson Ball, who graduated only a couple of weeks ago from the Pensacola air school, and is now flying light bombers at Northport, Va. Wilson was home last about two years ago, when he spent Christmas in Ord with his mother, Mrs. Ball, and brother Lloyd Rusk.

Another youth from Ord has been stationed at Pearl Harbor recently, and that is Jim Larsen's son, Barney Larsen. Milton Meyers, a son of Mrs. Lena Meyers and a brother of Mrs. Alvin Travis, was in Ord in September on a week's furlough from his ship, the cruiser "Pensacola," stationed at Pearl Harbor. Meyers returned there and has since been promoted.

Miss Virginia Davis, clerk of the draft board, compiled the following list of men serving in the navy from this locality, in addition to those mentioned previously: Paul Thomas Carlson of Ord; Delbert Woodbury Chapman of Ord; Edward Stanley Gross of Ord; Glenn Stanley Holman of North Loup; George Irvin Nelson of Elyria.

Also John Walter Paddock of Ord; Earl Dan Watts and Martin Keith Watts both of North Loup; Charles Edwin White and Harry Edward Woodworth, both of Route One, Arcadia; Dewey Eugene Radloff of Ord; Bernard Swanek of Route One, Burwell; Willis Glenn Miller of North Loup; William Janda of Route One, Ord; Vencil Ptacnik of Comstock; Lowell Babcock of North Loup.

Many other Valley county lads are concerned, and the Quiz will try to keep you posted each week as to where they are and what they are doing. If you have an interesting, newly received letter from your boy in the service, your newspaper, The Quiz, will be glad to print it.

## Hogs, Five Other Defense Foods, to Show Big Increase

Valley Co. Farmers Raising 81.9% More Hogs in 1942; Beans, Tomatoes Down.

Valley county farmers will raise food for defense next year on a scale much larger than in 1941, reveal reports given to the AAA committee and compiled this week. Six commodities classed as "defense foods" will show big increases in 1942 while three others "defense foods" which always have been minor crops in Valley county, will be on the decrease.

Hog production will increase most of anything, with 81.9 per cent more swine scheduled to be raised in 1942 than in the present year. Eggs also show a big prospective increase of 39.3%.

An increase of 13.3% in the number of milk cows is forecast, with increased milk production of 18.9%. There will be 16.5% more beef cattle on feed and 8.7% more of Valley county farmers will raise gardens. Only defense foods to drop in production here are soy beans, which will decrease 9.7%, dried beans, 1.6%, and tomatoes for commercial canning purposes, which will drop 41.7%. Tomatoes were raised for canning this year by only two AAA cooperators. One will not plant them at all in 1942, the other will reduce his acreage by about half. Neither soy beans nor dried beans is especially well suited to this locality, which is the reason for decrease in these foods.

Approximately 98 per cent of farmers have signed intentions of cooperating in the 1942 AAA program, says C. E. Veleba, the county chairman.

## Kovanda Chosen Toastmaster for Football Banquet

Tickets Going Fast for the Turkey Dinner by Cosmopolitans Thursday Eve.

J. A. Kovanda, agriculture instructor in Ord high school, will be toastmaster at the annual football banquet to be given Thursday evening at the high school auditorium under auspices of the Cosmopolitan club. The banquet starts at 6:30 p. m.

Ord's championship football team and members of the football squads of all Loup Valley and 3-Valleys conference schools will be honored at this affair.

A turkey dinner will be served by ladies of the Catholic church and it won't be creamed turkey either; roast turkey, with all the fixins', is promised by the menu committee.

Red Roberts, sports editor of the Grand Island Daily Independent, is the newest addition to the imposing list of speakers. Roberts was enthusiastic about the Chanticleers and gave them much publicity throughout the season. In appreciation of his fair treatment, he was invited to be a guest at the Cosmo banquet, and to address the crowd.

H. L. Cushing, president of Kearney Normal, and "Pop" Klein, football coach there, will be principal speakers. Gregg McBride is expected to attend. Paul Blessing, all-state end on the Kearney team, and Ray Huribert, another Ord boy playing on the Kearney squad, will be guests of honor. Allen Zikmund has been invited to come from Lincoln. Special music will precede the dinner and after the program of speaking football movies will be shown.

Attendance of at least 250 is being planned for by the Cosmopolitans. Tickets may be secured from any member of that club.

## Japs Land Troops in Philippines, Guam Under Siege

Air Alarms on Both Coasts Tuesday; Germany, Italy, to Declare War Also.

The United States is at war! Sunday the Japanese attacked Hawaii from the air, sinking American warships in Pearl Harbor and killing an estimated 3,000 or more soldiers and sailors in the naval base and at airfields on the islands. Simultaneously attacks were launched on the Philippines, on Wake Island, Midway Island and Guam, all U. S. possessions, and on Singapore and British Malaya. Japanese troops occupied Thailand and began a drive to cut the Burma road.

A special joint session of Congress heard President Roosevelt ask for a declaration of war against Japan Monday morning and 33 minutes later such a resolution was passed with only one dissenting vote in both houses. Late Monday afternoon the president signed the declaration and the United States was officially at war with Japan.

Since that time developments have come thick and fast and most of the news has been bad. Japan claims possession of Wake and Midway Islands and says Guam is under siege. Japan has landed troops in the Philippines and is driving toward Manila from the north, though the force is 400 miles from the island's capital.

An American battleship, at least one American cruiser, several destroyers, submarines and smaller naval vessels and many merchant ships have been bombed or torpedoed. This morning the British acknowledged loss of a crack battleship, the Prince of Wales, and a battle cruiser, the Repulse, off Singapore, with a loss of 3,000 or more lives. Many air raids have occurred at Singapore.

Soon after America's declaration of war against Japan the British declared war also. The Dutch, East Indies, Australia, Canada, Cuba and many central American countries followed suit in declaring war against the Japs. China, the Free French and South Africa joined forces with America and Great Britain.

Monday night and again Tuesday night Japanese planes, probably from an aircraft carrier, flew over parts of California but no bombs were dropped. Hostile planes also were reported over the Panama Canal Zone. All California cities, the Canal Zone and certain eastern cities were blacked out Monday and Tuesday night and radio stations were ordered off the air lest their beams lead Japanese planes to vital target.

A naval battle between the United States' Pacific fleet and the Japanese fleet is reported to be in progress today off the Philippines. Unofficially, it is reported at noon that the U. S. has sunk three Japanese warships and damaged three more. U. S. losses are unknown.

While Germany and Italy have not yet declared war on this country, President Roosevelt said in an address to the nation last night that these nations must be considered as at war with us the same as Japan. A formal declaration may come at any moment. German planes and pilots are reported fighting with the Japs in the far east.

Congress already has passed bills to permit the navy to retain all enlisted men for the (Continued on page 7)

# Fiftieth Anniversary Observed Wednesday with Open House by Sheriff and Mrs. Round

MR. AND MRS. GEORGE S. ROUND.

Fifty years ago last Wednesday George Round of Arcadia went to Aurora, Neb., where he met his bride to be, Miss Malinda Jackson, and her mother, who came from Ottumwa, Ia., and they were married there, returning to make their home in Arcadia.

Harry Kinsey, then also a young man, was to go with George to act as his best man, but other matters interfered and he was unable to go. Wednesday Harry expected to come to Ord to help the Rounds' celebrate their golden anniversary, but it so happened that he had to stay in the bank, and so he lost out again.

However these two men have seen a lot of each other in the half century that intervened, and they have always been the warmest of friends. A half century of sincere friendship is something to look back upon and only those who are able to do so can really appreciate it.

The Rounds made their home a few years in Arcadia, and then moved to Washington state where they lived a few years, and where their daughter Beulah, Mrs. Roberts, was born, at Tacoma. They then moved to Butte, Mont., where Tamar, Mrs. Carson, was born.

After about seven years in the west they returned to Arcadia to make their home until 1918, when they moved to Ord, which has been their home ever since. Thus, while Valley county has been their home for 43 of 50 years, their children were born in three different states.

George Round came to Valley county at the age of 14 years, and, after staying here for two or three years, he went out west for a short time. Upon his return in 1887 he was chosen as deputy for Arcadia by R. C. Nichols, better known as "Bob," who was elected sheriff in the fall of 1886.

Nichols had seen Round before the first of the year and had made arrangements for him to act as deputy, it being the custom in the early days to have a deputy to look after any emergencies that might arise in the Arcadia territory. So Nichols sent the papers over to Round to have him fill them out, have his bond arranged and return them to him at Ord.

Shortly after the first of the year George came to Ord and was over at the McCord Hotel, located where the Food Center is now. Bob Nichols hurried over to see him and told him that, if he wanted to be deputy sheriff, he wished he would fill out the papers at once or let him know so he could select somebody else.

Round told him that he had filled out the papers some time before and that he had mailed them to the county clerk. Nichols rushed over to the clerk's office, found the papers there as he had been told they would be, and returned in a much better frame of mind.

It is a hard job to get George Round to talk about himself or of his experiences as a law enforcement officer. He says nobody is interested in anything of that sort, but the public in general will agree that he is a bit taken. He doesn't want people to think he is bragging.

However, one interesting story of the early days got away from him in an unguarded moment, and we hope George won't get sore at the writer for telling it. There were no telephones in those days, but one day George got a telegram from Nichols telling him to apprehend and hold some horse thieves who were heading for Arcadia.

George was running a livery barn at the time, and it so happened that men answering the description had come in a short time before, put their horses in the barn, and were up in the hay loft sleeping on some blankets. To be sure they were there, George went up stairs and pretended to be putting some hay down for the horses. He then telegraphed Nichols to come for them.

Frank Glover was deputy sheriff at Ord then, and George is not certain whether Nichols came alone, or whether he brought Glover with him. Any way, they arrived at about two o'clock in the morning. Round again went up into the loft and fiddled around with the hay. Noting that the men were asleep he signaled the men below to come on up, and they captured the thieves without difficulty.

They were brought to Ord, had a hearing here, and then were returned to O'Neill, where they had stolen the horses. Incidents of the kind were quite common in the early days, and the sheriff or deputy who did

not have some such experience occasionally was a lucky man. Round served as deputy for the four years Bob Nichols was sheriff. He did not serve as deputy after that, but was a constable practically all his life in Arcadia. In 1918 he was elected sheriff of Valley county, and has been on the job ever since. If he wants to hold the job a while longer, there is no doubt that he will be elected, as he has been a popular and efficient peace officer.

Not only have Mr. and Mrs. Round been fine citizens and splendid neighbors, but they have raised a fine family of children, all of whom were in Ord Wednesday to help their parents celebrate. They are Mrs. Alice Campbell of Chicago, Mrs. Beulah Roberts and George Round, Jr., of Lincoln, and Mrs. Tamar Carson and Dr. John N. Round of Ord.

Photo of Mr. and Mrs. Round taken soon after their marriage in Aurora fifty years ago.

The Round home was decorated with bouquets of large yellow chrysanthemums, with little yellow button mums, and with yellow roses. A three-tiered white wedding cake ornamented the table, which was covered with a cloth of lace. Pouring coffee were two daughters of the family, Beulah and Alice. Also served with it were little white cakes with yellow trim and ice cream in a golden color, yellow and white mints. About 150 calls paid their respects to the honor couple during the afternoon.

Visitors from out of Ord included Walter Sorenson, Mrs. Jim Cooper, Mr. and Mrs. Don Round, Mr. and Mrs. Hal Cooley, Mrs. Inez Freese, Mr. and Mrs. C. C. Hawthorne, Miss Kate Clausen, Mr. and Mrs. Viger Hansen, all of Arcadia. Also Mr. and Mrs. Jake Barber of North Loup, Mr. and Mrs. A. E. Chas. of Loup City, and Sheriff and Mrs. R. E. Johnson of Burwell.

Mrs. Round wore a crepe gown of rust color, with elbow sleeves, square neck and draped shoulders. The simple lines of the gown were accented by gold bead trimming. A corsage of yellow tea roses was pinned to her shoulder.

Many lovely gifts, many wires and many letters from far and near testified to the esteem in which Valley county's sheriff and his wife are held.

Colored motion pictures which he took at Guam and the Hawaiian Islands were shown at the meeting of the Wranglers' club in the Burwell hotel Monday evening by Cyrus Liberski, who spent six months on these islands in the service of the United States marines. Reels showing deep sea fishing in the placid blue waters surrounding Guam, cock fighting, naval buildings, battle ships and religious processions of the natives were some of scenes displayed. Mr. Liberski says that Guam is a very beautiful place, where they have no change in seasons with a shower falling every day and temperature always being hot. He reports that no cows can stand the climate of the island and the people depend upon goats for milk. Most vegetables will not flourish there but bananas are plentiful. Fish and rice comprise most of the diet of the natives and Americans stationed there eat mostly canned goods. Several views of ships and buildings which are now destroyed were shown. Some of Mr. Liberski's buddies were transferred to Shanghai from Guam and he regretfully remarked that they are now likely captives of the Japanese. Many beautiful views of Hawaii were shown and Mr. Liberski remarked that Honolulu is more modern and up to date than most American cities. He also showed his pictures at the high school Monday afternoon. A

committee of Henry McMullen, Ralph Walker, William Eather-ton and Rex Wagner was appointed by Dr. Cram to arrange for welcoming Santa Claus to Burwell. K. W. Peterson will have charge of the next meeting.

## Women Wanted to Help With War Work Now

The head of Ord's Red Cross organization, Mrs. C. J. Mortensen, urges all women who want to help with war work to telephone the production chairman, Mrs. E. R. Fafetta, at once, listing their names and addresses, or the organization which they represent. There are many types of work needed, among them being knitting, bandage rolling, making gowns. There is sure to be some kind of help almost every one can give, and it will now be vitally needed.

Yarn for sweater and sock knitting for the North Atlantic patrol has been on order for several weeks and is expected to arrive this week. A number of Ord women have been knitting for a year or more, with Mrs. Edward Gnaster in charge of the knitting. Clubs wishing yarn for knitting and individuals wanting to help are asked to enroll at once for this service.

## "Ionic" Is Name of Type Face Used in This Issue of The Quiz for the First Time; New Type Much Easier to Read

Styles change occasionally, in newspaper type faces as well as in people's attire, but usually in type faces there is a sound reason for the change.

This week The Quiz appears for the first time in a brand new type face, purchased recently at cost of over \$350. The new type face is the latest developed by the Mergenthaler Linotype Company and is known as "Ionic."

Ionic, besides being a handsome type, was scientifically designed for legibility. Although it is 8 point, the same size as the Quiz always has been set in, Ionic is much easier on the eyes than the type formerly used. This may be determined by a comparison of the news item below, set at the left in the old type and at the right in Ionic:

New fonts of mats were bought for both of the Quiz linotypes. These make available for use in ads and job printing, in addition to the lightface in which the newspaper is set, the following type faces: Italics—Used both in the newspaper and for fine job printing. Blackface—Used principally in ads and for one-line heads. Small capitals—used often in job printing.

The Quiz tries to keep up-to-date, buying the newest equipment when it can be used advantageously, and purchase of new linotype mats is only one in a series of improvements made or contemplated.

## Ord Cage Squad Busy Practicing for Opener Dec. 16

### Face Experienced Longhorn Team There Tuesday Eve; Tolly Has Problems.

Hard on the heels of the grid-iron season comes opening of the basketball period, with the opening game against the Burwell Longhorns coming Tuesday, Dec. 16, and Coach Roscoe Tolly is holding daily practices in an attempt to solve the many problems that confront him if he is to put a winning team on the court this winter.

Loss of Romans, Furtak, Piskorski and Malolepszy, scoring artists of the 1941 team, hit the Chanticleers hard. All graduated last spring. Lettermen around whom Coach Tolly will attempt to build his 1942 team are Alex Cochran, Henry Adams, Frank Misko and Ora Hurlbert. Several boys who saw considerable service include Don Peterson, Elton Walker and Raymond Vogelanz. There are also some promising boys up from last year's junior high team.

The Longhorns are reported to have a fast, experienced team that is already touted as a prospective conference champion, so the Ord boys will have their hands full next Tuesday evening on the Burwell floor. The Ord team may start the season slowly but should round into shape as the season progresses and the boys gain experience. Whether they win or lose a majority of their games depends on Tolly's success in developing scorers to take the place of those he lost by graduation last spring.

Ord's first home game will come January 2. Although that date is still listed as "open" in the schedule, tentative arrangements have been made to bring the fast Beatrice team to Ord that evening. School officials also announce that Grand Island will play in Ord on Feb. 6. Balance of the schedule follows:

- January 9—Burwell at Ord.
  - January 13—Sargeant there.
  - January 16—Loup City there.
  - January 20—Arcadia at Ord.
  - January 23—Ravenna at Ord.
  - January 27—St. Paul there.
  - January 30—Albion at Ord.
  - Feb. 3—Broken Bow at Ord.
  - Feb. 20—Atkinson at Ord.
  - Feb. 27—Ansley at Ord.
- The Chanticleers also will en-

gage in the 3-Valleys conference tournament, which will be held in Ord on Feb. 11, 12 and 13, and in the district tournament March 4, 5, 6 and 7; also in the state tournament March 11, 12, 13 and 14 if they become eligible by winning in the district event.

**Guardians Meet.**

The local Camp Fire Guardians association met last Monday afternoon with Mrs. A. J. Kokes, secretary. Mrs. A. J. Cochran was elected chairman of the organization. The guardians arranged for the Camp Fire girls' annual caroling service down town before Christmas eve. All the local groups are enrolled in the Civilian Defense effort.

## Western Public Service Co. Sells Out to Consumers

Purchase Price \$6,800,000, Several Near-by Towns Affected by Deal.

The Western Public Service company, which served 43 towns in its western division and 41 towns in its central division including North Loup, Arcadia and several others near to Ord, last week was sold to the Consumers Public Power district, of Columbus. The purchase price was \$6,800,000, and with sale of Western Public there is only one major electric company privately owned in Nebraska, the Nebraska Power company of Omaha.

Guy C. Myers, New York broker, negotiated the deal, as he has many others for the huge Consumers district. His commission may be \$160,000.

Besides North Loup and Arcadia, towns in the central area of Nebraska affected by the deal include Seneca, Theford, Halsey, Dunning, Taylor, Lake Doris, Anselmo, Merna, Broken Bow, Berwyn, Loup City, Comstock, Ashton, Scottia, Greeley, Ericson, Elwood, Holdrege, Atlanta, Edlin, Hendley, Stamford, Orleans, Republican City, Napoleon, Huntley, Bloomfield, Sacramento, Axtell, Keene and Bladen.

—Miss Josephine Pesta, daughter of Mr. and Mrs. Joe Pesta, is attending high school in Columbus, Ga., and living in the home of Captain and Mrs. Joseph Clema of Humbolt, Neb. A letter written by Miss Pesta, about her impressions of Georgia, recently was printed in the Humbolt paper.

## Card of Thanks—

We wish in this way to thank all our relatives, friends and neighbors who so greatly helped us in our bereavement in the death of our son, Raymond. We especially want to thank the pall bearers, those who brought or sent flowers and those who sang, and all who in any way assisted us in any way. Your kindness will never be forgotten.

duration of the war; to remove from the selective service act restrictions against use of selectees outside this hemisphere; and age limits in the selective service act are expected to be changed to take in all men from 18 to 44 years of age. Men between the ages of 28 and 35, many of whom have been dis-

charged from further services, will be called back into service at once. Miss Virginia Davis, draft board clerk here, has not yet received word about new regulations but it becomes apparent that two or three times as many selectees will go from here as heretofore. An army of ten million men will be built up as quickly as possible.

When You and I Were Young Maggie

December 10, 1931. Henry Bredthauer and Fred McAnulty were signing up land in lower Mira Valley for oil. The name of the company was not revealed at the time. Last spring the well became a reality, but no oil was found.

The Quiz was running a Limer-A contest in which the winners of the contest won prizes offered by Ord merchants, and it was proving of much interest to the public.

The Ord high juniors won the inter-class basketball meet, but lost in a contest with the school faculty.

Ord business people were being urged to leave their cars at home during the Christmas season thus leaving valuable parking space for the patrons. The idea would be a good one this year.

Alvin Jensen was the president of the Ord City basketball league succeeding Clyde Baker, and Harry Wolfe was re-elected secretary-treasurer.

A petition signed by 129 citizens of Garfield county was filed with the county clerk of Burwell asking for a grand jury investigation of conditions in the county treasurer's office, following the charge against Frank N. Smith in twenty counts of embezzling \$29,100 of the county and school district funds.

Isaac Taylor, 66, committed suicide at the home of his son, James, just southeast of Ord. A meeting of taxpayers was scheduled for Woodman Hall on Dec. 18, for the purpose of considering the causes of high taxes and remedies to be used in the future. Taxes are still high and always will be.

December 7, 1911. A number of weddings in which Valley county people figured were reported in the Quiz. Anthony S. Koupal and Miss Mary Koupal at the Russell home at 6 a. m., Rev. E. L. Kechley officiating, and took the train for a wedding trip.

From Belle Fourche, S. D., came word of the marriage there of Arthur R. Honnold, formerly of Ord, and Miss Marguerite E. Van Horn.

At the home of Mr. and Mrs. William Horner, 7 miles south of Burwell, occurred the marriage of their oldest daughter, Della, to Carl Weber.

At Grand Island on Thanksgiving day occurred the marriage of Carl Coonrad, formerly of Ord, and Miss Bess Applin.

Miss Elizabeth Dowhower, a former Ordite, was married Sunday, Dec. 3, to William Paton at Sheridan, Wyo.

Great things were in store for Ericson, according to reports. The Burlington railroad officials had visited the town and were interested in a plan for the restoration of Lake Ericson. The lake is still there, but the railroad is gone.

In the first basketball games of the season the Ord high girls won over St. Paul by a score of 22 to 6, but the boys lost their game in an extra period contest by a score of 30 to 27.

Charles Masin was busy with the construction of a soft drink bottling plant at Broken Bow, which he was to run while Joe Stara looked after the plant at Loup City.

A Fuss was having trouble with a leg he had injured several years before, and the doctors were agreed that he would have to have it taken off at the knee. Mr. Fuss is still alive, and he still walks on two legs.

Quite an important business deal was the sale of the Misko ice pond and plant to Dan Turner. Mr. Turner traded in his Garfield county farm, Mr. Misko paying \$8,000 in the deal.

December 6, 1901. George Johnson of North Loup had installed a system of water works in the Arlington Hotel which not only furnished water under pressure to all the rooms, but also was available to a certain extent for fire protection, which was an asset to the village where only pumps were in use at that time.

Telephone men were busy on the first inter-town line north of St. Paul, which was designed to furnish service to all the towns north of that city as far as Greeley.

An Ord merchandise firm (L. D. Bailey and Sons) was distributing posters in Sargent and the Sargent Leader was much worried about it, opining that if Sargent's merchants would advertise in the local paper they would have little to fear from outside competition.

George B. Simpkins, state game warden, picked up E. D. McKinney of Burwell on a charge of shipping quail to Lincoln contrary to law. Yes, we had game wardens 40 years ago, and we had quail and prairie chickens.

C. D. Clark was teaching Springdale school, and among the pupils in good standing were Gerlie, Minnie, Etta and Mollie Hawkins, Leta and Hattie Turner, Emerson and Doane Stowell, Glen Merard, Charles Hawkins and Andrew McLain.

E. W. Gruber was feeling out the sentiment of the people of Ord with respect to the building of a new opera house, the old one having been leased as a pool hall and bowling alley. He planned a building 42x110 feet in size, and the idea met general approval. December 10, 1886. Fayette B. Tiffany of Albion was district judge at the time, and he was in Ord for the Dec-

ember term of court. Judges had plenty to do in those days, and they didn't waste any time. In just three days the judge had disposed of no less than 13 criminal cases and 67 civil cases. There wasn't any monkey business in those days.

The Ord Loan and Trust company, one of the oldest of its kind in Ord, was advertising in the Quiz. The Officers were W. H. Williams, president, J. K. McConnell vice-president, J. L. McDonough, treasurer and D. B. Jenckes, secretary.

Henry M. Stanley, who was on a lecture tour of the United States, received orders to return to England at once to lead a British expedition in equatorial east Africa. He had found Livingston in 1872.

Former Ord people living in California had already started the custom of writing letters to the Quiz, which published one from an N. B. Hanville of the village of Los Angeles. Mr. Hanville thought Ord people doubting felt good over the advent of the road. He handed out the usual propaganda about what a boom the town was having, how fine the weather was (nothing unusual) and that the oranges were just about ready for making cider, etc., etc., and so on.

Victor Danczak's Fine Irrigated FARM AT AUCTION On Tuesday, December 16th Commencing at 1:00 p. m. and described as follows: The farm home of Victor Danczak is located directly East of Ord 3 miles, and is legally known as section 25-19-14 Ord Twp., Valley County, Nebraska. It consists of 186 acres more or less according to the government survey. Bordered on the South and West by the North Loup River and lies in the heart of the irrigation district. The soil on this farm is a black loam, and there is about 133 acres of tillable land, divided as follows: 37 acres of first bottom land, which sub irrigates and is also equipped for irrigation from the Creek, which runs through the pasture and lies tributary to this field. 87 acres of second bottom land, 40 of which has been surveyed. And the balance can also be irrigated if desired. The irrigation take out comes to the corner of this farm and the Irrigation District desires to take it under contract, at any time application is made. 13 acres of alfalfa was reseeded this Spring. 10 acres of native grass which cuts two crops of hay yearly. 35 acres of river bottom and creek pasture, about 3 acres in native timber and lots. The reason for selling the property is, that Mr. Danczak who is a man of over 70 years of age is unable to continue his farming operations as his boys are all leaving the farm. He has been located on this farm for the past 20 years and he tells me that this 37 acres of first river bottom land has never failed to yield from 1,500 to 2,000 bushels of corn through all of these years, and this farm is considered one of the desirable tracts of this territory. It is all fenced and cross fenced and the North side along the railroad track is fenced hog tight. The improvements consist of a two-story 8-room farm house with partial basement, in good condition. A 40x46 barn with haymow, room for 20 ton of loose hay. Steel corn crib for 900 bushels of ear corn. Hog house, chicken house, garage and tool shed. This productive farm will be sold on the following terms: Cash payment on the day of sale of \$2,000.00 as security of contract. Subject to a loan of \$6,100.00 drawing 5% interest, which is due Febr. 1st, 1946. This loan can be retired if desired by purchaser. Balance of purchase price due March 1st, 1942, when warantee deed and merchantable abstract of title will be furnished and possession given. If any different terms are desired, they can be arranged for on day of sale. Complete Disposal of All Personal Property 16 Head of Cattle 6 good milch cows, 2 of which are fresh, balance due to freshen this month 10 head of mixed yearlings, on feed 5 Head of Horses 13 head of feeder shoats Hay, Grain and Machinery 1 stack of barley and oats straw 2 stacks of prairie hay 1 stack of oats and alfalfa A complete line of both horse and tractor drawn machinery 1 Farm-all tractor, in good condition Terms: All sums of \$10.00 and under Cash. **U. S. Maritime Service Offers Special Courses**

Two bulletins from the United States Maritime Service were received by the Ord Quiz Monday, one pertaining to the American Merchant Marine, the other giving the facts about the Resident Radio school maintained by this service at Gallup's Island, Boston, Mass.

The U. S. Maritime Service is a non-military organization and all its enrollees are volunteers. The course of instruction is 6 months, but the applicant must agree to serve one year in the merchant marine at the end of the instruction. Eligibles must be between the ages of 18 and 23 years.

There are no difficult educational requirements for the merchant marine, but two years high school are necessary for enrollment in the radio school. The same age and physical requirements hold for this school. This is more on a competitive basis, and those best fitted for the work will be given first consideration.

Those who enroll in the Merchant Marine will receive \$21 per month and board and clothing, much as in the army, during the schooling period. Those enrolling in the radio school will receive \$36 for the first three months and \$54 for the remaining three months, with those holding an F. C. C. license receiving \$60 throughout the course of instruction.

**Returns from Midwest Wildlife Conference**

The seventh annual Midwest Wildlife conference was held at Des Moines, Ia., Thursday, Friday and Saturday of last week. Attending was Dr. H. Elliott McClure of Ord, who talked Friday afternoon on his favorite subject, the mourning dove.

A total of seven persons attended from Nebraska, among them David Damon of Pawnee City, who gave a talk on the quail, and Levi L. Mohler of Wauneta, who spoke on the prairie chicken. There was a large attendance from all the central states.

Of interest is the fact that the theme of the convention was "War and Conservation." Dr. Ira N. Gabrielson, Washington, D. C., showed how the army and navy had been cooperating in the conservation of wildlife. He told how the army changed a bombing range in Alaska to prevent conflict with the grazing range of a herd of moose, and how the navy moved their bombing range near Galveston to prevent needless destruction of fish there.

Dr. Aldo Leopold, dean of Wildlife, stated that the only way to really conserve wildlife was to establish a new code of ethics on the live and let live basis. He showed how our nation started out with the rail-litter period, when a man shot

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Mary Ann Bartz came up from Lincoln Saturday evening, remaining over till Sunday. Madine Whittnah of York accompanied her.

Mr. and Mrs. A. L. McMindes and Lyle spent the day Sunday in Grand Island. Mr. and Mrs. Harold Jackson of Farwell accompanied them.

Mrs. Fred Bartz was hostess to the Fortnightly club Wednesday afternoon when Mrs. Willis and Mrs. Mills Hill gave an interesting lesson on radio. Guests were Mrs. C. F. Wagner, Mrs. Donald Fisher and Mrs. George Bartz.

Mrs. John Misko and Mrs. Ralph Misko of Ord were guest speakers at the meeting of the Junior Fortnightly club Friday afternoon when they met with Mrs. Clyde Willoughby. The subject of the lesson was national and home defense and Red Cross. Guests were Mrs. W. H. Schudel, Mrs. Stanton Finley and Mrs. A. L. Willoughby.

The WSCS of the Methodist church held their annual bazaar and chicken supper Thursday evening. About one hundred suppers were served. Mrs. C. B. Clark was in charge of the kitchen committee. The auction of the bazaar articles followed the supper, Clifford Goodrich acting as auctioneer. Close to \$100 was cleared from the supper and auction. The ladies of the church have worked toward their bazaar all year and had a nice showing of articles ready. They have recently re-decorated their church basement and entry, and the rooms presented a pleasing appearance.

The December all-church social was held Sunday night in the basement of the Seventh Day Baptist church, supper being served at 7:30. Dr. and Mrs. Hemphill were chairman of the supper committee and Mr. and Mrs. W. T. Hutchins of the program which followed. During the program Mrs. Edward Christensen led group singing, Jeneanne Brennick and Richard Gowen each sang solos, Phyllis and Belya Babcock a duet and Phyllis Christensen gave a Christmas piece. A gift exchange followed the program.

Mr. and Mrs. R. O. Babcock moved Sunday to the Kline farm across the river south of Scotia. Mr. and Mrs. R. W. Hudson, Edward and Barbara, were Sunday dinner guests of Mr. and Mrs. I. J. Thelin.

Ed Post was an Ord visitor between buses Monday. Wednesday afternoon callers at the Ed Knapp home included Mrs. Les Leonard, Mrs. Emanuel Vodehnal, Mrs. Bert Cummings and Mrs. Clyde Baker, all of Ord and Mrs. Ollie Peterson, of Brooks, Minn., all of whom came to make the acquaintance of little Jerrold Sue Scott, who with her mother, Mrs. Mervin Scott is at the Knapp home.

The C. D. Knapp family were Sunday dinner guests of Mr. and Mrs. E. A. Knapp. The red and green lights, centering from a large white star in main street, were put

up last week and North Loup presents a holiday appearance. George Palser, who has been in Iowa picking corn, has returned home. Mrs. Palser's mother, Mrs. Timson of Loup City, who has been with her mother for some time has returned to Loup City.

The Carroll Hoppes family spent the week end in Burwell. Ollie Fenton went to Burwell Monday where he is assisting on the Charles Otto farm.

Mrs. G. L. Hutchins received a letter Sunday from her sister, Dr. Grace Crandall, who is doing medical missionary work in interior China, the first word Mrs. Hutchins has had for some time. Dr. Crandall left from Shanghai some time ago for this other field, believing that the time would come when American citizens would not be safe there and that her work should be carried on among the people in interior China. Her missionary work, which she had done previously, was closed to her because of the situation. Here, she says, there is no sign of war, except a refugee camp about three miles from where she and her adopted Chinese daughter are living. Rev. and Mrs. H. Eugene Davis and Dr. George Thorgate, brother of Mrs. J. A. Barber, were at the latest report still in Shanghai but no word has been received from them for some time and their safety is feared for in the present crisis. Other Seventh Day Baptist missionaries still in Shanghai are Mrs. West and two daughters, Mable and Anna of Milton, Wis., and known to many here, Dr. Thorgate's family, and the Davis children returned to the United States because of the situation some time ago. Dr. Thorgate has been doing medical work among the tubercular people in the city.

Mr. and Mrs. G. E. McDonald of Hampton were week end visitors of Mr. and Mrs. H. L. Gillespie. Sunday dinner guests of Mr. and Mrs. W. H. Vodehnal were Mr. and Mrs. Mills Hill, Mr. and Mrs. Floyd Redlon, Mr. and Mrs. H. L. Gillespie and Mr. and Mrs. G. E. McDonald.

Mr. and Mrs. Orval Willis of Monterey, Calif., arrived Friday and were guests till Saturday of Mr. and Mrs. W. L. Willis. Saturday they went on to Norfolk and Fremont. They will remain in the state till about the first of the year when they plan to return to Los Angeles and Mr. Willis will enter medical college.

Mr. and Mrs. W. O. Zanger went to Larchwood, Ia., Thursday to spend a few days with her parents, Mr. and Mrs. Charles Burris. Mr. Burris is not well. Mr. and Mrs. A. L. Sims looked after things at the farm while they were away, Fern and Grace going out over the week end.

P. M. Honeycutt was injured when a branch of the tree he was cutting fell on him Wednesday of last week. He suffered severe mouth and tongue injuries and some leg injuries.

Lino Fuller cut his foot with the ax while chopping wood one day last week, nearly severing the great toe on his right foot. Dr. Hemphill sewed the toe back on and it seems to be healing satisfactorily.

They accompanied Mr. Escher of Scotia down and returned Sunday afternoon with Mr. Struve from Burwell. Both were well pleased with the clinic and thought they got much good from it.

He leaves his father, mother, two sisters and three brothers. The funeral was held from the Frazier funeral parlors last Friday afternoon. Four little boys, Marvin and Joe Setlik, Frankie Pesek and Leonard Kamarad, schoolmates of the Weverka children, acted as pallbearers.

Mr. and Mrs. Arthur Wheeler are most grateful to their good neighbors who gathered at their home Thursday to help them with their work. Mr. Wheeler has been in poor health for several weeks. Seventeen kind-hearted men husked fifteen acres of corn and hauled Mr. Wheeler's hay and feed into his barn yard where it will be most convenient for him to use. Members of the Domestic Science club should have an easier time choosing and wrapping gifts since the meeting at the home of Mrs. Lewis Moore Wednesday. Mrs. B. W. Wagner, lesson leader, had prepared scrap books, picturing gift suggestions for the whole family. Roll call brought gaily wrapped Christmas gifts, the purpose of which was to give new ideas in color combinations and wrapping styles. One effective, simply done package was covered with red cellophane, tied with a red satin bow which held a green sprig of evergreen. Another, kept in pace with the times, had a blue covering on which were white, striped with red, V for victory, with tiny white stars above it. Another was a little snow man, whose head and body were made from cotton cosmetic tabs. The next meeting, Dec. 17, will be the Christmas party at the home of Mrs. Ralph Walker, with Mrs. Everett Johnson in charge of the lesson. Following a custom adopted several years ago, each member will bring as her roll call a 25c child's gift, to be opened and played with, then given to some organization for distribution to children whose chimneys are a little bit hard for old Santa Claus to squeeze through.

Clark Sherman received a telegram Sunday to report in Washington, D. C., at once where he has been accepted for a civil service job in the war department. Mr. Sherman had been previously notified of his appointment, but he did not expect to be called until after Christmas. It is believed that the declaration of war brought about his earlier call. None of the men in military service who are not at home on furloughs have been called to report back to duty before the expiration of their leaves thus far.

Herman Brockman, a soldier stationed at Camp Robinson in Arkansas, is spending a furlough in Burwell where he is visiting his parents, Mr. and Mrs. Christ Brockman. Mr. and Mrs. F. A. Johnson

One Burwell mother is most anxious for the safety of her boy, who is believed to have been on Wake Island, that tiny dot in the Pacific which the Japanese have captured. Jack Sharp, the son of Mrs. Louis Zalud has spent several months there where he has been employed as a truck spotter for a munitions plant. His work was to drive trucks from the unloading docks to the plant. Wake Island is less than a square mile in size. Jack has written that he did not like living on Wake Island owing to the torrid climate and that he intended to leave. In the last letter received he said he planned to go to Honolulu to have his eyes treated. The next boat bound that way would have been some time between Dec. 1 and 10. Jack is twenty-one years old. He is not in military service. Mrs. Mammie Anderson of Burwell is his grandmother. As they do not know his whereabouts they are unable to communicate with him. The postal authorities have advised them it is impossible to communicate with Wake Island.

### BURWELL

Mr. and Mrs. Arthur Wheeler are most grateful to their good neighbors who gathered at their home Thursday to help them with their work. Mr. Wheeler has been in poor health for several weeks. Seventeen kind-hearted men husked fifteen acres of corn and hauled Mr. Wheeler's hay and feed into his barn yard where it will be most convenient for him to use. The women all brought well-filled lunch baskets and at noon a bounteous dinner was served.

Lieutenant Harry DeLashmatt spent the week end in Lincoln where he attended the Military School at the University of Nebraska Coliseum and the annual pig dinner at Sigma Nu fraternity house.

Members of the Domestic Science club should have an easier time choosing and wrapping gifts since the meeting at the home of Mrs. Lewis Moore Wednesday. Mrs. B. W. Wagner, lesson leader, had prepared scrap books, picturing gift suggestions for the whole family. Roll call brought gaily wrapped Christmas gifts, the purpose of which was to give new ideas in color combinations and wrapping styles. One effective, simply done package was covered with red cellophane, tied with a red satin bow which held a green sprig of evergreen. Another, kept in pace with the times, had a blue covering on which were white, striped with red, V for victory, with tiny white stars above it. Another was a little snow man, whose head and body were made from cotton cosmetic tabs. The next meeting, Dec. 17, will be the Christmas party at the home of Mrs. Ralph Walker, with Mrs. Everett Johnson in charge of the lesson. Following a custom adopted several years ago, each member will bring as her roll call a 25c child's gift, to be opened and played with, then given to some organization for distribution to children whose chimneys are a little bit hard for old Santa Claus to squeeze through.

Clark Sherman received a telegram Sunday to report in Washington, D. C., at once where he has been accepted for a civil service job in the war department. Mr. Sherman had been previously notified of his appointment, but he did not expect to be called until after Christmas. It is believed that the declaration of war brought about his earlier call. None of the men in military service who are not at home on furloughs have been called to report back to duty before the expiration of their leaves thus far.

BACK FORTY

By J. A. Kovanda Breaking ice out of the stock tank is a winter job that does not help farm profits. Water tanks on most farms have little protection against freezing. The question of whether or not it pays to warm the drinking water for livestock comes up, and may be answered by a num- ber of experiments along this line. Cows gave 15 per cent more milk when their water was warmed in Minnesota, which is a more frigid state than ours. Cows gave 5 per cent more milk when their tanks were heated in experiments around Washington, D. C. In Montana, a tank heat- er raised milk production by 20 per cent in one big herd. Steers drinking warm water averaged 8 pounds more gain per head in four weeks than steers that drank ice-cold water in Idaho. Chickens having warm water laid 20 per cent more eggs than where a scale of ice was allowed to form, in another experi- ment. At Ames, Ia., one lot of pigs drank from an automatic water- er equipped with kerosene lamp. They returned 17 per cent more profit than another lot receiving water from open troughs. A practical home made tank heater can be made from a steel barrel. Banking up manure or straw around the tank helps too. Frozen tanks are apt to be damaged by warping, ax cuts or

batterings from livestock. Young animals may be crowded or in- jured around such tanks. Live- stock is valuable now, and merits better than usual care in the way of feeding and watering. IT HAPPENED IN ORD. The picture, "Sergeant York," was shown in the Ord Theater Sunday to Wednesday inclusive, and was one of the best shown there in years. Wednesday morning the announcer over WOW was heard stating that "Sergeant York would open in the Paramount Theater, Omaha, the next Friday." This is not the first time that Ord has been ahead of Omaha. One morning last week Vern Stark and Chet Austin spent some time lining up some stakes and a string along the east side of 17th street in the 300 block. At noon the stakes were all broken down and the job should, probably by kids who should have known better. The men don't know this is being printed, but I'll bet they appreciate it. The city men did a quick job of getting all the Christmas lights in place, and they were turned on for the first time Wednesday evening. It takes the colored lights and the Christmas trees to give the town that yuletide look. Ord puts out more free juice to run its Christmas lights than any town of the size in this territory. Clay Gilroy got a slightly dif- ferent slant out of the Japanese war situation than most of us did. Monday in talking it over, he made the remark that we sold Japan all our scrap iron for a long time, and that now they are sending it back to us.

In writing from Fort Collins, Colo., this week, Tom Rogers comments on the fine letter that M. E. Getter had in last week's Quiz, and says he hopes Mr. Get- ter will continue to write and write often. Our "Letters from Quiz Readers" department is one of the most popular in the paper. Drug Store Sales Drug store sales in the U. S. av- eraged \$11.87 per person in 1939, according to the census.

### Ord High School Now in Junior Red Cross

The Ord high school is enrolling this week in the Junior Red Cross. With Mr. Stoddard as advisor and the Student Council as sponsor, a Junior Red Cross council was formed Monday afternoon consisting of one representative from every class and every organization in the junior-senior high school student body. A membership committee—Beverly Davis, Marie Rohla, Yvonne Whiting and Henry Adams—are conducting the Roll Call, giving out the pins and membership cards to those making voluntary contribution to the school's enrollment. The Council will direct the activities of the groups that will carry on the Junior Red Cross work.

Additional enrollments received since last reported are from following rural schools:

Valleyview School, Mrs. Bernice Banks and 15 pupils.  
Springdale School, Miss Mary Frances Manchester and 21 pupils.  
Pleasant Hill School, Miss Birdene Ingerson and 3 pupils.  
Glendale School, Miss Margaret R. Elliott and 7 pupils.  
Misses Irma Waller and Alberta Russell were the first teachers to bring in service work already completed, some scrap-books and cards for Christmas use and two Good-Will boxes which are due January 1.

The Ord grade school are working on the first assignment in the county for our armed forces—tray and table favors, and posters for the Post Hospital, Fort Robinson, Nebr., for Christmas.

The county junior chairman, Mrs. Ed Kokes, hopes to have all other schools report their enrollments this week in order to close the Roll Call and make reports to headquarters.

### Junior High Teams Wins While Town Team Loses

The opening basketball games of the season were played at Burwell last night. The Ord town team lost to the Burwell town team by a score of 32 to 15, largely through lack of practice and inability to hit the basket in the many opportunities they had.

The Ord junior high boys had a rather easy time defeating the Burwell juniors by a score of 24 to 7. The starting team had Lloyd Hurlbert and Dick Satterfield as forwards, Dick Randolph at center and Richard Long and Robert Severson as guards.

An entirely new team played the entire fourth quarter. They were: Joe Rysavy and Hugh Cahill, forwards, Richard Rich, center and Kirk Lewis and Tommy Tolon, guards. Eldon Keller and Roger Dahlin also saw some action. Coach Edgar Farley has a right to feel proud of the showing the boys made in their opening game. The next game will be Grand Island junior high here Jan. 6.

### Robert Bohy Dies

Robert Bohy, 24, died at the home of his parents, Mr. and Mrs. Louis Bohy, about 3 o'clock Tuesday morning. He was afflicted with a lung cancer and passed away in his sleep. Besides his parents he leaves a widow, the former Isla Ferguson of Taylor and a son, a twin brother, Ray, at home, another brother Carrill, who lives west of Taylor and a married sister, Irma, living in Lincoln. He also leaves two aunts living in this vicinity, Mrs. Marcia Smith and Mrs. John Harlan, and four uncles, Ernest and Ed Bohy of Taylor and Henry and Fred Bohy who live in the Kent community. Another uncle, Dr. Clifton Carter, died this summer. The life was spent in the Kent community. He was a graduate of the Taylor high school. Funeral services have not yet been arranged.

### IT HAPPENED IN ORD.

J. A. Kovanda is the original hard luck guy when it comes to hunting. He was hunting up near the Annis Petersen place and crawled up to the bank of the creek. He saw something in the water and rose up to give it a chance to fly. It was a solitary goose, and when it failed to fly he decided it was a tame goose and turned to walk away. He heard a noise behind him and turned in time to see the goose flying up the river, too far away to shoot, so he lost a fine Canada goose.

Joe Rohla had Syl Furtak painting the parking stripes around the square and was asked why he didn't get Hank Stara to paint. Joe said he tried to get him, but Hank was too busy driving the team so his wife could hulk corn.

A huge airplane passed over Ord at the noon hour yesterday, and many were curious to learn the reason. Some of the more credulous believed the plane had a rising sun tattooed on its under side. It was doubtless a Japanese plane traveling from Tokio (Miss.) to Canton (Minn.). As the final passenger train was about to leave over the Union Pacific Saturday morning, along came President C. J. Mortensen of the Chamber of Commerce and R. E. Teague, president of the Rotary club, and presented the train crew with a box of cigars. Then, for the sake of having a final ride on the motor, they climbed aboard and rode as far as the crossing. Crawford's father was one of the committee to welcome the first train into Ord, and Crawford had the honor of a ride on the last motor train on the line.

And Bert tells one about a prominent Ord business man who at one time was employed in a cafe and in that capacity learned all the rules of etiquette relative to setting the table and how to handle the hardware while demolishing the food. This gentleman was eating one day recently at a local cafe and so far forgot his table manners as to leave his spoon in the coffee, with the result that he got the coffee scattered all about, and took a real rinning from the diners who had been taught in table manners by said gentleman.

Ord Cosmos Hold Annual Football Banquet Thursday

Despite the Adverse Weather Conditions, Affair Was Voted a Success.

The fourth annual Loup Valley football banquet was put on at the high school auditorium Thursday evening under the auspices of the Ord Cosmopolitan club, and was very successful in spite of adverse weather conditions and counter attractions in other towns for the same evening.

The entire group of Catholic ladies and girls assisted in preparing and serving the banquet under the supervision of Mrs. Joe Osentowski and Mrs. Ed Whelan. A check-up shows that a total of 222 meals were served and all present were highly pleased with the quality of the meal.

The menu included roast turkey, dressing, mashed potatoes, giblet gravy, cabbage slaw, cranberry jelly, apple pie with cheese, rolls, coffee, celery and pickles. The tables were lighted with red and blue candles, and the napkins were of assorted red, white and blue in a patriotic motif.

The tables were served by a large group of young ladies under the direction of Mrs. Syl Furtak. The tables were lined up east and west, with the tables for the speakers and special guests at the north side of the room. After the meal and before the program began a large number of the boys were busy having the guests and football players autograph their programs.

J. A. Kovanda was toastmaster and he opened the talks with a witty explanation of how the Cosmopolitans obtained the turkeys for the dinner. He then called upon President Herbert L. Cushing of Kearney State Teachers college, a former Ordite and superintendent of Ord schools. Mr. Cushing told some interesting incidents of the early days (Continued on page 6)

Mrs. John Koupal Laid to Rest Here

Formerly an Ord Resident but Since 1935 Lived in Illinois Where Death Came.

Josefina Klima Koupal was born April 22, 1865, in Bohemia, and passed away from this life December 12, 1941, at Rockford, Ill., at the age of 76 years, 7 months and 20 days. Her body was brought to Ord Monday for brief funeral services and burial in Ord cemetery. The Hastings-Zikmund Mortuary was in charge.

She came with her parents to the United States when a child and grew to womanhood in Chicago, Ill.

In 1891 she was married to John Koupal and they came to Ord in 1895. To this union were born three children, Anthony S. Frank R., and Josephine. The family home was in Ord until the death of Mr. Koupal in 1920. However, Mrs. Koupal continued to reside in Ord until in 1935, when she went to make her home with her daughter, Mrs. Walter Levenick, of Rockford, Ill., where she was living at the time of her passing. The one son, Frank R. also preceded his mother in death in 1919.

Those left to mourn her passing are her immediate family, Anthony Koupal, of Lincoln, her daughter, Josephine Levenick, of Rockford, Ill., two grand-children, Ruth E. Koupal, of New York City, and Rollo Levenick, of Rockford, Ill., as well as one great grandchild. Also a nephew, Steve Koupal, who was taken into the family circle in infancy and reared as a son.

Mrs. Koupal's quiet friendly disposition, her willingness to be of service to those about her endeared her to her relatives and friends alike. It may truly be said of her, "She hath done what she could."

Ord Creamery Ends 15 Years Business, Totals \$2,226,000

Company Made 357,000 Lbs. of Butter During Year, Less Than in 1940.

This year marks the close of the fifteenth year in which the Ord Co-operative creamery has been serving the dairymen of this section, and, during that period of time the business has totaled more than two and a quarter million dollars, it was disclosed by Manager F. W. Coe in his report to the annual meeting, which convened in the K. of C. hall Thursday afternoon at 2 p. m.

In that time the sum of \$184,000 has been paid out in rebates and stock dividends, money that would have been lost to the farmers if the creamery had not been in existence. During the past year 357,000 pounds of butter was made, about 10,000 pounds less than in 1940. The shrinkage is attributed to the fact that many producers sold cows in the fall of 1940 because of lack of feed. The purchase of eggs and poultry was slightly under that of 1940 in both cases.

Now, with a war on, the government is looking to the farmers to feed the soldiers, the civilian population and their allies as well. For this reason there should be good prices and a heavy demand for farm products next year. The butterfat prospects for 1942 are good, as there are more heifers and more cows, as well as more feed than the past year. A number of farmers seeded pastures the past year with gratifying results.

A rebate of 3 1/2 cents per pound of 3 1/2 cents per pound of butterfat was paid. Again C. W. Noll was the high producer, with 3,634 pounds of butterfat for which he received a rebate of \$127.20; second was W. S. Williams, whose sales of 2,453.2 brought him \$85.86; George Watts, who was in second place last year, came in third with 2,409.9, for which his rebate check was \$84.35.

In the business session the terms as director of A. W. Cornell, L. D. Milliken and W. C. H. Noll expired and the stockholders voted to have them serve for another term. The new board has not yet met to organize but will do so soon.

Fire Department Called to Extinguish Two Fires

The Ord firemen were called to the Joe Rysavy blacksmith shop northeast of the square at 3 p. m. Saturday, where fire had started in the loft and had gained considerable headway before it was discovered. The fire was quickly extinguished but had gained such headway that the building, already condemned, is beyond repair. Mr. Rysavy says the damage to his tools and equipment will not be very large.

At 5:40 yesterday the fire department was called to the Bert Needham home on L street in west Ord, where a blaze, doubtless from the chimney, had started on the shingles. The fire was put out with chemicals, and there is no loss to the building.

Defense Board to Make a Campaign on Old Scrap Iron

Cars at Loading Dock in Ord Jan. 5-6, USDA Will Pay \$9 Per Ton Loaded.

Christmas vacation is a good time for all school children to junk old machinery and gather all iron that cannot be used, and the USDA defense board has made plans for a campaign to gather scrap iron during that period, for use in the nation's war efforts.

A car will be at the loading dock in Ord on January 5 and 6 and the price of \$9.00 per ton will be paid for iron, loaded on the car.

Factories are running short of scrap iron and this is a patriotic effort, as well as a chance for people to realize a little extra cash, the USDA points out. Since a ceiling price has been set on scrap, farmers cannot expect much more than \$9.00 on their old machinery in future.

Basketball at North Loup. North Loup (Special)—Two basketball games were played here last evening between the North Loup and Scotia teams. The North Loup second team defeated the Scotia seconds in a 3 minute overtime period by a score of 16 to 15. The Scotia first team ran away with the main event by a score of 22 to 10.

Mrs. Geo. Parkins Heads Workers As New Drive Starts

Need for Funds Is "Real," Says Co. Chairman; Voluntary Gifts Asked at Once.

\$1,500.00 is needed at once from Valley county to help the Red Cross carry its new wartime burden, according to word received Friday by the county chairman, Mrs. C. J. Mortensen, who at once appointed Mrs. George Parkins to head the workers for this money.

The need is urgent, and all who find it possible are urged to give voluntarily. C. B. Gudmundsen is the treasurer of the local Red Cross chapter, and will accept your money at the First National bank. If you prefer, leave money at the Nebraska State bank for the Red Cross quota, but get busy and give before you are asked.

The first man to give was Charles Janda, whose \$5 check was received Saturday morning. Second in line was H. D. Leggett with a \$25 check, and third was Ed Timmerman with \$5.00. A. F. Parkos contributed \$1.00, this morning also. Mrs. Parkins particularly asks that everyone give if possible, and that no one wait to be asked. The need for the money is real.

The Woman's club of Ord voted Tuesday to accept a \$25 quota, and expect to turn it over to the treasurer soon. The Z. C. B. J. lodge went into fast action, and a committee including Madams Joe Rohla, Joe Pecenka, Joe Urbanowski, Frank Benda and John Horn have a card party planned for Monday night, Dec. 22, the money earned to go to the Red Cross. Entre Nous Kensington club has planned a New Year's party, to benefit the same fund.

Ord's quota of Valley county's \$1,500 has been set at three-fifths, or \$900. This seems like a drop in the bucket compared to the \$30,000 raised in Valley county during the World war.

Mrs. Parkins has appointed to assist her in this drive Madams E. L. Kokes and E. C. Leggett for publicity; also Madams L. E. Milliken, Sylvester Furtak, R. E. Teague, E. C. Whelan and Frank Fafeta, and Misses Barbara Lukesh and Daisy Hallen. They met Tuesday evening at the Parkins home to lay plans.

Three counties in the United States have already sent in their quotas, among them Nebraska's Nuckolls county which has already wired \$1,700 to headquarters.

Mayor Cummins has proclaimed as follows: "In view of the increased demands now facing it, the American Red Cross appeals to every man, woman and child to help contribute to the War Fund drive now begun. To show our unity and our strength, let us all have a share in this, and the Valley county quota raised in full will be our answer in this crisis."

Clinton Townsend Dies. Word reached Ord today of the death of Clinton Townsend of Brewster, who formerly lived in Valley county. He and his brother Forrest moved to Brewster twenty years or more ago. He died enroute from Brewster to Grand Island, somewhere between Mason City and Broken Bow, and was being taken to a Grand Island hospital for an emergency operation. The funeral will be at Brewster at 1 p. m. Thursday and burial will be in the Ord cemetery at about 4:15 that afternoon.

Konkolewski Children Overcome by Gas Fumes

The two little children of Mr. and Mrs. Lloyd Konkolewski were overcome by fumes of monoxide gas Saturday evening while their Model T coupe was standing in front of the Ord Auto Sales company's garage. Mr. Konkolewski was transacting business in the garage at the time.

Mrs. Konkolewski was in the auto with them, but at first thought they were getting sleepy. They were taken at once to the Ord hospital, where they soon recovered, and are feeling no ill effects, but it was a narrow escape for the little folks.

Danczak Land Didn't Sell. Victor Danczak sold his personal property at auction Tuesday, preparatory to moving to Lincoln, but his irrigated farm east of Ord was withdrawn from sale when the highest bid made was \$41.50 per acre, by Ray Hauser, of Grand Island. Later Danczak will make another attempt to sell the farm at auction, when he hopes to receive a price more in keeping with the land's real value.

Organize in Ord to Sell Defense Bonds and Stamps

Mortensen Named Chairman for County; Committees Named for Communities.

A most important group meeting was held at the Nebraska State bank Wednesday afternoon at 4:30. C. J. Mortensen presided and explained the purpose of the meeting, which was to promote the sale of U. S. Defense bonds and stamps. Mr. Mortensen was chosen as permanent chairman and he appointed Curt Gudmundsen as secretary.

Present besides these two men were A. E. Haywood, Lloyd Bulger and Harry S. Kinsey of Arcadia, Albert Babcock and M. E. Wellman of North Loup, and Ralph Misko, Alfred L. Hill and John L. Ward. It was decided to select a person from each of the towns as a local chairman to represent each group, and some men were also chosen from Elyria.

On publicity S. B. Warden represents Arcadia, M. G. Williams, North Loup and E. C. Leggett, Ord; on banking, H. S. Kinsey, Arcadia; Albert Babcock, North Loup, Ralph Misko and C. J. Mortensen, Ord; on education, Arnold Tuning, Arcadia, W. W. Wills, North Loup, C. C. Thompson, Ord, and Miss Clara McClatchey for the county at large.

For the churches, E. A. Smith, Methodist, Arcadia; J. A. Adams, Evangelical, North Loup; C. Szumski, Catholic, Elyria and W. Ray Radloff, Presbyterian, Ord. Four denominations are thus represented, but each will represent all denominations in his own community.

Insurance will be represented by Max Wall, Arcadia; Albert Babcock, North Loup, and J. T. Knezacek, Ord. For women's organizations, Mrs. H. D. Weddel, Arcadia, Mrs. Roy Hudson, North Loup, Mrs. E. L. Kokes, Ord. For service and professional, C. K. Bibble, Arcadia, W. J. Hemphill, North Loup, Clarence M. Davis, Ord.

Agriculture and Livestock, Duane Williams, Arcadia, W. O. Zanger, North Loup and M. B. Cummins, Ord. Retailers, Otto Rettmayer, Arcadia, C. D. Knapp, North Loup, J. R. Stoltz, Ord, and Ed Holub, Elyria. Fraternal, L. H. Bulger, Arcadia, C. J. Goodrich, North Loup, R. E. Teague, Ord.

Veterans organizations, Carl Dietrichs, Arcadia, Frank Schudel, North Loup, and James Gilberd, Ord. Valley county has no organized labor, but representing labor in the county will be Claris Bellinger, Arcadia. Speakers selected were H. O. Cooley of Arcadia and George A. Munn of Ord.

This forms the framework of a very efficient organization for the all-important task of selling the public on the importance of buying United States bonds and stamps, but it does not mean that these are the only persons who may participate in the bond buying campaign. The persons named have the privilege of asking others to help, if help is needed.

—The Camp Fire Girls' annual Christmas service will be next Monday evening at 7 p. m. at the court house steps.

John W. Paddock Killed in Action, Says Notice from Navy Department

John W. Paddock, whose death has been reported by the Navy department, becomes Valley county's first hero of World War II.

Ship, Time and Station Not Divulged; Fathers Says We Must Exterminate Japs.

The long arm of Japanese treachery has reached into the center of the nation and taken the life of one of Ord's young men. Yesterday Walter B. Paddock of Ord received a telegram from the Navy department telling him of the death of his son, John Walter Paddock.

The telegram read as follows: Walter B. Paddock, Ord, Nebr.

The Navy Department deeply regrets to inform you that your son, John Walter Paddock, Gunners Mate Third Class, U. S. Navy, was lost in action in the performance of his duty and in the service of his country.

The Department extends to you its sincere sympathy in your great loss. To prevent possible aid to our enemies please do not divulge the name of his ship or station.

If remains are recovered they will be interred temporarily in the locality where death occurred and you will be notified accordingly.

Rear Admiral C. W. Nimitz, Chief of Navigation, Washington, D. C.

John Walter Paddock, son of Walter B. and Daisy Paddock, was 22 years of age last May. All his life except during his service in the navy was spent in North Loup and in Ord, and he attended school in both these places.

He enlisted in the navy three years ago last April for a four year period. He won two promotions during his training period at the Great Lakes Training station, being appointed an Apprentice Petty Officer June 4, 1938.

After his assignment to a ship he attended diligently to his duties and had won two more promotions at the time of his death. His friends here will remember him as a pleasant likeable young man who made friends wherever he went. Mr. and Mrs. Paddock were of course terribly shocked, but they are in a measure resigned to their loss. Ever since the Japanese attack at Pearl Harbor they have been hoping for the best and fearing for the worst.

Last night Mr. Paddock said that his worst regret was not the loss of his son, but the fact that he was taken without a chance to fight for his life. He feels that America must never stop now until there is no chance for a repetition of the base treachery of Dec. 7.

"A nation capable of doing what Japan did does not deserve to exist and should be completely exterminated," Mr. Paddock said.

Two Autos Damaged in Collision Friday Eve

When a car driven by Mrs. Ray Hurlbert and one driven by C. W. Clark collided at the corner of 18 and M streets at 5 p. m. Friday both were considerable damaged. Mrs. Hurlbert was coming from the south and Mr. Clark from the west and they collided in the intersection. The crash threw the Clark car out of control and it hit a tree along the curb on the Bals property lot.

Damage to the Clark car included smashed fenders, radiator, steering gear, light and a tire or two, estimated at about \$200. The Hurlbert car, an older model, also suffered considerable damage, including fenders, lights and a blown out tire, and the damage is figured at about \$75.

## NATIONAL RESOURCES.

In the matter of national resources there is no one nation on the face of the earth that within itself, exclusive of colonies, contains greater or more complete natural resources than does the United States. Those few items that we are unable to mine or grow for ourselves are to be found in the friendly nations of the western hemisphere.

For this we should be truly thankful in the face of the present national crisis. It may take the United States and her allies a long time to defeat Japan, but we know at the outset that she can never defeat us by military force, and she can never starve us into submission by cutting off vital resources.

Together with Canada, we have practically unlimited resources in valuable timber of all kinds. In our mines we have great quantities of iron, nickel, copper, and other vital metals. We have a huge supply of both hard and soft coal, and by far the greater part of all the petroleum in the world.

So much for what is found beneath the surface of the earth. The states of the middle west are known as the breadbasket of the world because of the great crops of wheat and corn raised in this section. This same territory is outstanding for hogs, poultry and dairy products. The plains states furnish enough cattle to feed all the western hemisphere.

In the southern states we have a reservoir of rice, cotton and sugar cane. All of these are produced in quantities greater than necessary for home consumption, and the cane sugar is supplemented by the beet sugar of the states farther north. We could live for centuries without any help from the other continents of the world, just as the old world once lived without the new.

In this nation of ours we have an abundance of well trained, well equipped man power for the carrying on of every known kind of manufacture. No nation on earth can make better goods than are made in the mills of the United States. Under proper regulation these mills could produce enough for our own needs for all time to come.

Our people are the best informed in the world. In America education is not for the select few, but a good education is within the reach of every young person who desires it enough to make a reasonable effort to attain it. Our young people have the ambition and the ability to do practically anything they make up their minds to do. They are not tied down by custom or tradition as in the case in the older countries.

So much for times of peace. We are now at war, but long before the outbreak of hostilities we were learning much about the manufacture of the materials and munitions of war, and we were training our young men in the art of carrying on war. The changing of the age limit from 18 to 40 would add a total of twenty million men to our potential army force.

Now, as to maintenance. Approximately ten million babies are born in our country every year. If half of these should fall to reach maturity it would mean that five million men would come of age every year. If only half of these would be fit for army service, it would still leave a vast army of two and one half million men growing into army service every year.

No, no nation or combination of nations is going to starve the United States to death, or even defeat her. We could build up walls about the continent, if necessary, and could live after the ancient Chinese manner without knowing or caring what was happening in the rest of the world. The United States can never be defeated from without.

But there is a danger, and it is a very grave danger. In a democratic nation it is possible for too many isms to spring up and here is where our danger lies. The supreme court of the state of New Jersey recently decided that communists could not be arrested under our laws unless they made definite and positive threats against our form of government.

No sane man can argue that they are not a distinct evil operating in our midst and under the protection of the very government they seek to destroy. Now, in our time of common peril these internal menaces to the peace of our land should be removed. The United States is large, but it is not large enough to furnish a home for those who would seek to destroy us.

WE ARE MAKING HISTORY. History may be made in a day, an hour, or almost on the instant, but it may take years, generations or centuries to bring home to the people the far reaching effects of what is done in the shorter period. Sunday morning, Dec. 7, Japan made a treacherous and unprovoked attack upon the possession of the United States.

complete or partial destruction of our main fleet at Pearl Harbor. In this she was disappointed, but there is no discounting the fact that the damage was serious.

The first reports announced three thousand casualties, half that many killed, the loss of some ships and damage to others. This is being written six days before it will be read, and by that time the loss will be avenged in part, but the United States navy will not stop until every Japanese war craft is sent to the bottom.

When time discloses all the results of that Sunday attack we will have to concede that Japan actually did us a favor, for it was only by the basest of treachery that she could expect to unite the people of the United States solidly behind the administration. At no time in our history has our nation presented the solid front it presents to the world today.

To listen to the broadcast of the joint session of Congress on Monday, Dec. 8, and to read of the practically unanimous vote for war in record time in the separate sessions that followed should be an inspiration to the people of America and a solemn warning to any nation that would betray the confidence of the greatest nation on earth.

The Japanese did even more for us. No influence within our nation could have produced the hemispherical solidarity achieved by this dastardly attack from without. The United States has the active assistance of half the other nations of the western hemisphere, and the good will of all the rest. This means that the flow of supplies of all kinds from these nations to Japan will cease at once.

We are in for a long war, and a vicious war, a war in which little quarter will be asked, and little given. But unlimited resources are on the side of the democracies, and this will determine the result. Japan has ringed herself with steel, and in the end her people will starve, or capitulate. When that time comes we will realize that the martyrs of Pearl Harbor will not have died in vain.

## COMMANDER OF LEGION POINTS TO PATH AHEAD.

The December copy of the National Legionnaire arrived in Ord Monday and contained, on the front page, a splendid editorial by the national commander of the American Legion, Lynn U. Stamberg. It is so far ahead of many that have been written that we take the liberty of reproducing it here in full.

An embattled America today needs every man and woman of the American Legion. Again we count it a privilege to serve the country we love. Sunday evening your National Commander in Washington pledged the unqualified support of the American Legion to our government.

We pledged that support at Milwaukee in September. We reiterate that pledge on this fateful Dec. 7. We pledged our best efforts for national unity at Milwaukee. The menace which confronts our very existence today makes doubly important a completely loyal and devoted America.

All controversy as to why we were put in our present situation should be forgotten as we follow the lead of our government. Nothing must be allowed to impede the full productive capacities of this nation. Management and labor must and will, I am sure, see eye to eye in this regard. As a people we are on the threshold of an area which will require great sacrifices on the part of each of us.

Our ordinary round of individual daily tasks will be interfered with necessarily in each community. Legionnaires will be glad to put in extra hours doing their share to aid in protecting America. Numerous are the jobs to be done. Not only the Legion but all patriotic citizens will aid in the doing thereof.

Let us look squarely at the true facts. We suffered severe losses in the first surprise attack of this war. We face a powerful enemy, well armed and fearless. We face an enemy who is without fairness, decency, or honor. This may be a long war. We have no illusion that we can be won in a few days or weeks. We recognize that war is won only through tears and blood.

We of the Legion need to tell America that there can be no easy path to victory. It will be part of the task of our older, more experienced men and women to give leadership and wisdom to younger Americans. Let us do it truthfully, calmly, honestly and fearlessly. We are not of such soft stuff that we must have our news softened by censorship. There will be no war of nerves in the United States. There must be no occasion for panic, for indecision, for hysteria.

There must be a great deal of firmness, of courage, of willingness to sacrifice. We are not going to shout Japan into submission. We are going to shoot her there. The die is cast. There can be no turning back. Facing the brutal realities of life, we of America must go forward in our strength, must pay the price, must win the victory whatever the cost in blood and treasure. AMERICA MUST BE DEFENDED!

## My Own Column

By H. D. Leggett

First and foremost, I am interested in the way the Missus is getting along and I am very glad to be able to say that she is very much improved indeed and is gaining strength every day, as evidenced by the fact that she can rest and sleep pretty well; also by the fact that she is getting awful sick of staying on her back in bed. Until the last few days she has seemed, after five weeks of it, to be perfectly satisfied to lay quietly on her back. Her doctor says allow her to sit up a little each day, probably for a longer period each day. All this will be good news to our close friends and relatives, most of whom get the Quiz each week.

I surely don't envy Congressman Rankin of Montana in casting the only vote against the declaration of war as asked for by the president, against Japan.

And if Charles Lindbergh is the man he should be he will offer his services to his country very soon. Personally I don't think very much of him for his doings in recent months, and I used to admire him very much, but if he don't now enlist in the service of his country I shall think lots less of him. I would hate to see him be elected to the senate from Minnesota and I don't believe he could come within gunshot of being elected should he get on the ballot.

No nicer Christmas gift could be bought than a year's subscription (12 months for \$2.00 if ordered now) to the Quiz. You will want your loved ones to keep posted on doings in Valley County; of the whereabouts of our boys in the army and navy, and what they are doing; of casualties, for some of them will have to get hurt and while we shall regret to have to print such news, nevertheless we will have to do so and you will all want us to do so too. So if you have a friend, son, daughter or other relative who is not getting the paper, why not let us put them on the list to get the paper regularly and promptly.

## To Get Defense Stamps.

Defense Savings Stamps will be distributed to employees of Food Centers, Inc. as Christmas gifts. President Truman has announced today. Value of stamps to be distributed will run into a total of several hundred dollars as the program includes employees of Jack and Jill stores, as well as Food Center stores. The amount of Saving Stamps going to each employee will be based on the capacity in which he serves the company.

Ellery Palmatier's Ship in Harbor at Manila. Mr. and Mrs. Charles Palmatier received the following interesting telegram via RCA to the coast and then sent up by wire: Manila, Dec. 11, 10 p. m. To Charles Palmatier, Ord, Nebr. Well and happy. Keep smiling and don't worry. Difficult to contact you. Don't expect letters. Keep em flying. -Ellery Palmatier, SS Grant.

The telegram was received here 9:18 a. m., Friday. According to Mr. Palmatier the SS Grant, on which Ellery is printer, arrived in Manila the day before the Japs started their war, so of course the ship will be tied up there indefinitely. However, it is a source of satisfaction to know where he is, and that for the present he is reasonably safe. This is the first word received in Ord directly from Manila since the opening of hostilities.

Fox Home on Furlough. Clarence J. Fox arrived home from Long Island, N. Y., Tuesday evening of last week on a fifteen day furlough. He had graduated the preceding Friday evening from the U. S. Academy of Aeronautics, and is here on the regular 15 day furlough granted all graduates. He is visiting at the home of his mother, Mrs. Cecile Fox. From here he will report to Shaw Field, S. C., where he will be assigned to an aerial pursuit or bomber squadron. He liked his school work fine, as he was at La Guardia Field and had a chance to look over New York on several occasions. He took the six months course in airplane mechanics.

Mrs. Mortensen Member of Defense Committee. According to appointments made by Governor Dwight Griswold Friday, Mrs. C. J. Mortensen, of Ord, is a member of the regional defense committee of District 6. These districts apparently embrace the same counties as similarly numbered committees in the American Legion districts of the state. Harold Prince of Grand Island is chairman of the sixth district committee, and the other members are Frank J. Davis, Broken Bow, L. B. Fenner, Burwell, J. H. Kemp, Fullerton, Mrs. Horace J. Carey, Kearney and Mrs. Ruby Coggins, Aurora. There are 13 districts in the state.

Also included in the appointment are fire defense advisers for each district. In this district Clyde Campbell of Grand Island is chief, and W. L. Herzing of Kearney is assistant with authority to appoint other assistants in the different counties in time of need.

## The War As It Affects Valley County

and Items About Local People in the Service

### Physical Requirements for Navy Now Lightened

Prior to the state-of-war declaration by Congress on Dec. 8, many applicants for enlistment in the U. S. Navy were rejected because of failure to meet physical requirements. However, now that the nation is at war, the demand for men to man the ships of our fleet has vastly increased. For that reason the Navy has just announced a relaxation of physical standards.

The opportunity is now given to all men in this community who in the past were rejected because of minor physical reasons, to re-apply for enlistment and be re-examined. Applicants with varicose veins will be accepted under the changed standard, the condition to be corrected at the naval training stations to which the recruits are sent.

Hydrocele, another defect that formerly ruled out many applicants, will be corrected, if necessary, after enlistee reaches the training station. Applicants suffering from hernia will be accepted if their I. Q.'s are 75 or better. These recruits will be treated, and will be enrolled for schooling during their periods of convalescence.

Other defects now waived include: seasonable hay fever; correctible nasal deformities which will not interfere with duty; under nourished and under developed applicants, in certain cases; minor surgical defects which can be corrected within a month; applicants who possess 18 natural teeth, with at least two molars in functional occlusion and not more than four incisors missing. Dental treatment will be given at the training stations.

Any applicant who has been rejected for any of the reasons mentioned above is urged to re-apply for enlistment in the Navy or the Naval Reserve immediately. These modified physical standards will apply to all applicants for enlistment in either the Navy or Naval Reserve with the exception of applicants for enlistment in classes for prospective commissioning.

### Change Classification.

The Valley county draft board has received notification to change the classification of all soldiers who had volunteered and who have been discharged since the draft went in to effect, according to the clerk, Miss Virginia Davis. They will be changed from a 4A classification to 1A. In Valley county only one man will be affected by the ruling, but in some counties it will mean quite a change. The idea, of course, is to make experienced men immediately available for service.

### Dale Hollingshead Is Somewhere on Pacific

Mrs. Edgar J. Hollingshead of Scottsbluff received a long distance call one day last week to the effect that their son, Dale Hollingshead, was standing by and ready to ship. He said he might not be able to write for some time and that he wanted his parents to know he was all right.

Young Hollingshead was not permitted to give any details, and probably did not know any. He is a grandson of Mrs. J. H. Hollingshead and the late Judge Hollingshead, and enlisted in the navy about two months ago.

### Severson to Texas.

According to a bulletin recently received from the reception center at Fort Leavenworth, Kas, Richard R. Severson of Ord has been transferred to Camp Barkley, Tex., where he will be assigned to the Medical Replacement Training center. In the same bulletin is the interesting information that Tadashi T. Nagaki, Japanese, Omaha, was sent to Fort Monmouth, N. J., where he will be assigned to the Signal Corps Replacement center.

### Fuson Gives the Blackout

The Black Eye, as it were, the following poem and annotations came through Monday from Merritt Hiram Fuson, located in Portland, Ore. He did not tell us we could print it, and he didn't say we couldn't, so here it is. It is so pertinent to present conditions that we are breaking our rule against poetry this once, and are printing it, with thanks to Pat.

### COURAGE.

By Hiram Merritt. Everyone feels kinder jumpy, Here in Portland, by the sea. Everyone is apprehensive, ... That is — everyone but me. I aint skeered of bombs and blitzkreigs, Japs and Germans can't scare me. But I don't like the bloom'n' blackouts, Eatin' breakfasts, I can't see. Some folks here is skeered of bombshells. But me—I aint afraid of such. I aint feered of wops and cannons. That is—I aint skeered very much. I aint a bit afeered of Germans And I don't fear the yaller horde. I aint afeered to live in Portland But I'd rather live in Ord.

Portland is blacked-out and is considered by military authorities as the most militarily vulnerable city on the coast. Our radio stations are blacked from 7 p. m. to noon. We are blacked out from 12:30 a. m. to 8 a. m., strict curfew. I should rather live in Ord—No foolin'.

### Motorists Are Asked to Surrender Old Plates

Governor Dwight Griswold has issued a statement calling upon all Nebraska motorists to surrender their old plates when they call for the new ones. If this is done by all auto owners in Nebraska it will mean one hundred tons of metal in Nebraska, and a like salvaging throughout the nation would mean 10,000 tons of old metal saved. Garage owners are being asked to save all old plates when putting new plates on cars and to turn these over to county treasurers, who will see to it that the old metal is returned to centrally located concentration points. Nearly two tons of unused plates have already been salvaged in Douglas county alone and returned to the Nebraska Prison Industries who manufacture Nebraska plates.

## Legion Juniors Gather Papers and Magazines

The office of Civilian Defense under the direction of Mayor La Guardia of New York City has outlined a worthy project for individual communities, the conservation of paper. In order to do this the office has asked that all available newspapers, magazines, catalogs and cardboard boxes be sold to the paper mills to be reprocessed into new paper.

The American Legion Junior Auxiliary has offered to assume the responsibility for this project for Ord. Anyone having old newspapers, magazines, catalogs or cardboard boxes requested to call 415 or 311 and facilities will be made available to collect these articles, or if it is convenient for you, bring them to the back door of Russell's Pharmacy.

### Ordered to Honolulu.

Gerald Keim arrived from Fairfield, O., Monday afternoon, and will spend two weeks visiting his parents, Mr. and Mrs. Will Misko. Gerald is an airplane instrument mechanic at the government air depot at Patterson Field, and is to be transferred from there to Honolulu, leaving Dayton, O., Dec. 29. For military reasons the sailing port is not revealed. He drew \$1860 per year at Patterson Field, but will receive \$2700 per year in Hawaii, as it is foreign service. He was given two weeks leave because of the distance he is going and the difficulty of getting back.

### Calvin Dittman Sailor on Bombed Oklahoma

The reported loss of the U. S. S. Oklahoma in the attack on Pearl Harbor is a matter of concern to Mr. and Mrs. Archie Keim and to other relatives of Mr. and Mrs. Bill Dittman, now of Hayward, Calif., but well known in Ord. Calvin Dittman, son of the Dittmans, joined the navy last spring and at last accounts he was assigned to the Oklahoma. Since the bombing at Pearl Harbor no information of his whereabouts has been received in Ord.

Concert Enjoyed Monday

Following the regular business meeting of the P. E. O. Sisterhood at Mrs. C. J. Miller's home Monday evening, the first annual concert was presented by members and guests.

The musicians were introduced by Mrs. A. W. Cornell and the following numbers were given: piano solo, "The Dance," De-Bussey's, by Wilma Cook; vocal solos, "The Last Rose of Summer," and "In the Time of Roses," by Lucile Tolen, accompanied by Mary Miller; piano duets, "Cujus Animam," from Stabat Mater by Rossini, and a "Military March," by Jane Ollis and Lillian Auble; a flute and violin duet, "Titles Serenade" and "Elmer's Tune," by Mary Miller and Irene Auble with Lillian Auble at the piano; vocal duet, "When Irish Eyes are Smiling" and "Soldier Boy," sung by Ida Davis and daughter Beverly with Virginia Davis accompanying; piano solo, Rachmaninoff's "Prelude in G Minor" by Mary Miller. The musical program was closed with Christmas carols by the entire group.

The Miller home was beautifully decorated, and the hostess, Mrs. Miller and Mrs. Ada Munn, served delicious refreshments, which were in keeping with the Christmas season.

Failure at duck hunting but highly successful in taking Canada geese were these three Ord men, Gene Leggett, Walter Douthit and Vernon Andersen, who returned Sunday from a trip to Lisco. The four geese pictured here weighed 35 pounds.

## Nebraska Season on Waterfowl Was Poorest in Years

Ducks Scarce Throughout Fall on Loups and in Western Nebr.; Warm Weather Blamed.

Poor to the end was Nebraska's 60-day open season on waterfowl, which closed at 4:00 p. m. Sunday, Dec. 14, and few were the hunters who succeeded in getting limit kills during the two months. Hunting was especially poor on the Loup rivers and, in fact, throughout central Nebraska.

Deciding to get in some duck hunting before the season closed, if it was possible to find ducks in western Nebraska, three Ord men, Walter Douthit, Vernie Andersen and E. C. Leggett, left late in the afternoon, Dec. 10 with the Joe Novotny farm near Kimball as their destination, though they planned to hunt on the North Platte river if shooting was poor in the Kimball area.

Mr. and Mrs. Novotny, both of whom were born in Valley county, gave them a hearty welcome when they arrived Thursday morning and Mr. Novotny placed the resources of his fine ranch on Lodgepole Creek at their disposal. But the creek was frozen over, he said, and few ducks had been seen since the freeze-up.

A couple of hours' hunting showed that Mr. Novotny was right, and the Ord men decided to go to Scottsbluff directly north of Kimball, intending to drop back down the North Platte valley and hunt near the Garden county reserve.

At Scottsbluff they were welcomed by Ed Michalek, former Ord man who now owns liquor stores at Scottsbluff and Sidney, operating the Scottsbluff store himself and having his father, Martin Michalek, in the Sidney store. The Michaleks have bought a fine home in Scottsbluff and they and their son Dick like that city greatly.

Duck hunting had been good at Scottsbluff the previous day when a snow storm raged, but the warm weather of Thursday made prospects poor. Mr. Michalek told the Ord men. He had a blind and plenty of decoys in the river near that place and took them to it where they spent the afternoon vainly seeking ducks. A trip after the 4:00 shooting close was made to Lake Minatare where countless thousands of ducks could be seen rafted in the middle of the lake. This lake, and two companion lakes, are waterfowl preserves and in calm weather the ducks seek safety there, going out into the fields to feed at night and returning to the lakes before daylight.

On advice of Mr. Michalek, the Ord party decided to give up duck hunting temporarily and instead hunt geese in pits near Lisco, a few rods from the edge of the federal waterfowl preserve that the North Platte river forms throughout Garden county. Many geese had been killed out of these pits during the season, it was stated. He had killed seven himself, Michalek said, and in the 1940 season got thirty geese.

A fine wild goose dinner was

served them that evening at the Michalek home as proof, and early next morning the start for Lisco and the goose pits was made. These pits are really not pits at all but are built out of hay in a hay meadow near the preserve. State law prohibits shooting within 10 rods of the preserve and the pits are just outside the 10 rod limit.

Throughout the day thousands of ducks could be seen flying up and down the river, as well as many flocks of wild geese, and their clamor filled the air at all times. Three times flocks swung close to the Ord men but each time they passed safely out of range and when 4:00 came they were still without geese.

Mr. Michalek had to go back to Scottsbluff to work on Saturday but he kindly left his flock of seventy-five goose decoys with the Ord men, and they remained over night in Lisco to try it again Saturday. Prospect of a cloudy day with possible snow flurries induced them to stay over.

Saturday was cloudy and very cold but without snow. As the morning wore on in the pits it became apparent that many ducks and geese on the preserve the previous day had left for warmer climes during the night, as fewer flocks of both were in evidence. But there were still plenty of geese to satisfy everybody if they would just "work."

At about 10:30 a. m. a flock of four flew up river, headed the artistic "goose talk" of a caller operated by Andersen, and came in over the decoys at a distance of about forty yards. All four fell to their guns and were retrieved, the last goose falling fully 85 yards from the blind. Though the Ord men remained in the blind the rest of the day no more flocks came in, though geese were in the air almost continually.

Andersen, Leggett and Douthit started on their trip home and drove as far as Ogallala, where they tried duck hunting on the South Platte early Sunday morning, and returned to Ord about mid-afternoon. In Ogallala they met on the street Mike and Steve Sowokinos, former Ord men who now work near there. At Kimball they ran into John J. Lukesh another former Ord resident.

Throughout the western part of the state and particularly in Garden county which is often called "duck capital of the west" they were told by experienced hunters that the 1941 season was the poorest in history. Only two or three days of the long season were good hunting days, it was learned. In most cases the warm, sunny weather that prevailed most of the fall was blamed for slow hunting, though some nimrods professed to think ducks are not as plentiful as in previous seasons despite Canadian reports of a big increase.

Anyway, the season is over, the guns are cleaned and stowed away, decoys have been brought in from river blinds and stored in the basement, and all waterfowl hunters can do in connection with their favorite sport is to recall incidents of this and other seasons and to plan for 1942. One of the incidents the Ord men mentioned in this article will long remember is the moment those four big Canadian geese swung in over the decoys.

**Women Just as Cool**  
Contrary to general opinion, women are just as cool in an emergency as men, says one authority. According to this authority, men are perhaps cooler during the first moments of a disaster, but after the first excitement is over, they have proven to be just as cool-headed as men.

### BACK FORTY

By J. A. Kovanda

A new way of preventing cornstalk disease is being tried in some parts of the country. The stalks are broken down and mashed by dragging a heavy crossbar in both directions of the field before turning in cattle. The crossbar is generally fastened beneath a wagon.

In recent years it has been noticed that cornstalk disease rarely occurs among livestock running on machine-picked fields. Breaking, mashing, and exposing the pith of stalks to the air seems to lessen the amount of whatever causes this sickness.

There have been no reports of cornstalk disease around here this fall. However, it is a safe precaution to turn some poorer cattle, preferably young animals into the stalks about ten days ahead of the main herd. Trouble will usually show up among the best cattle first.

Cornstalks alone are poor feed and stalk-fed cattle ought to have access to some alfalfa hay or protein supplement, also salt and lots of drinking water.

After a quarter century of study and observation, the cause of cornstalk disease is still a mystery. It is thought to be connected with molds, of which over 700 different kinds have been found in stalks. No relation has been found between cornstalk disease and the drouths, rainfall, snowfall or temperature. There is no evident difference between upland and bottomland soil, or hybrid and open pollinated corn. It does not help to turn the cattle in corn fields for only a short time.

This ailment may be given credit for scaring many farmers into building silos. Cornstalk disease is often mistaken for hemorrhagic septicemia.

**On All-Opponent Team.**  
Last week the Allion football players voted upon an all-opponent team. As might be expected, they placed most men from the two teams which handed them their worst defeats. Norfolk placed four men, David City placed three, and Aurora, Columbus, Ainsworth and Ord placed one each. To Gould Flagg, Ord's quarterback, went the honor of being selected from the Ord team.

# Ord Cosmos Hold Annual Football Banquet Thursday

(Continued from page 1)

of Ord high, and closed by stating that football was well worth while for the courage, sportsmanship and fair play it developed in the players.

L. F. (Pop) Klein, Kearney coach was next introduced, and he told some interesting stories of his work at Kearney and at his former location as coach in Crete. He mentioned football as the school of hard knocks where the players had to learn to take it, and prophesied that when these boys went to the camps our army would be better because of football. He mentioned the oyster as a sample of economic and social security, while the eagle had to fight his way, but the eagle, and not the oyster, has a national significance in the United States.

Two Ord students of Kearney State Teachers college, Paul Blessing and Raymond Hurlbert, were then called upon in turn and each responded with a very fine talk, although it was apparent that both were bashful before the home town crowd. They expressed their pleasure at being honored by being made special guests at the football banquet.

Mr. Kovanda then called for the different schools and their representation of football players. Coach Roy Houser of Arcadia was present with four players. Coach Willis Wolcott of Burwell also had four players, and two players were present from Comstock, whose coach is Dale Thurman. Invitations had been extended to a large number of schools, but bad weather kept many from attending.

The toastmaster then asked the Ord high football squad to rise, and when they did so they were not only applauded. Coach Roscoe Tolly was asked to say a few words. He told of a disgruntled fan who was crossing the football field after the St. Paul-Ord game. The St. Paul players asked him how he liked it and he came back at them with: "If you don't shut up I'll sic Burwell on you again."

Mr. Kovanda then announced that two Ord players, Bailey Flag and George Cetak, were two of the three central Nebraska players mentioned on the state roll of honor, and that three others, ends Alex Cochran and Henry Adams and center Jerry Fryzek, had received honorable mention. He spoke of the fact that there were very few injuries in the Ord squad, and asked the school doctor, F. A. Barta, to take a bow.

The evening was then turned over to Pop Klein and his pupils, Blessing and Hurlbert, who proceeded to show the motion pictures of the homecoming games at Kearney in 1940 and 1941. The first was with Chadron in the black and white film, and the other was with Sterling, Kas. in colored film. The pictures were exceptionally fine and the crowd was well pleased with them.

## Dresden Pattern

By GOLDIE JONES  
(Associated Newspapers.)  
WNU Service.

"Who is it, Blake?" asked the head of the credit department.

"Says she is from the advertising office," replied Don Blake, assistant to the manager.

"Oh, deliver us!" exclaimed Manager Martin. "These girls from the advertising department give me a pain in the neck—always wanting to stretch their credit to the breaking point. Show her in," he ordered impatiently.

"Mr. Martin?" inquired a pleasant voice.

"Correct," replied the credit manager.

"I am told that an employee's credit is limited to the amount equal to two weeks' salary," said the pleasant voice.

"Ought to be only one week," snapped Martin.

"My name is Inez Harris. I work in the advertising department for \$45 a week and want to charge a bill for \$172."

"Humph!" snapped the man. "Nothing small about your wants, is there?"

"The things are so awfully pretty," impulsively exclaimed the girl.

"They always are," cynically replied the man. "Now, you listen to me, young lady, and take my advice. You are a new one to this store. My experience has been that all young ladies who work in the advertising department see so much beautiful merchandise that they have their heads turned. So you can just go back and tell Mr. Goldman I wouldn't let you charge that far coat you want to get, for I assume it's a coat in the August sale that you want to buy."

The girl smiled and said: "Guess again."

"Fur scarf?" suggested the man.

"Don't get silver-fox ideas just because you have to write advertisements about the darned things."

"I'm trying to furnish my room," said the girl, eagerly. "And there is an oak table and a big easy chair, both with their prices cut in half. Mr. Rafferty won't hold them for me, because he wants to make room for the new stock."

"How much?" curly inquired Mr. Martin.

"One hundred and three dollars for the two pieces," replied the girl.

"Tell Rafferty to send up the bill. I'll O.K. it," said Manager Martin.

"Thanks a lot. How about the rest of the things I want?"

"I've already agreed to let you have more than your credit quota calls for," snapped the manager.

"I know," said the girl, nervously twisting her handkerchief in her fingers. "But I'll never be able to get anything else I like so well—so cheaply."

"Nothing is cheap when you haven't the money to pay for it," growled Mr. Martin.

"Mr. Curtis won't hold sample dishes, even with a deposit," protested the girl.

"Dishes!" almost roared the man. "You want to charge \$69 worth of dishes! I never heard anything like that before."

"They have roses painted on them—little waddy bunches that look just like those I remember seeing when I went to visit my grandmother in Westerly."

"Some of the dishes down in 24 are darned nice looking," boldly commented Don Blake.

"Blake"—grudgingly—"this is Miss Harris from the advertising; Miss Harris, my assistant, Mr. Blake."

"I've run across Miss Harris several times since she came to the Emporium," cheerfully announced Don. "I'm awfully glad at last to know her name."

"Humph!" snorted Martin, who had thought his young assistant immune to heart attacks. And Don Blake had been indifferent to the pleasure-crazy young woman he knew cared nothing about a home save as a parking place for their extra clothes.

"Humph!" repeated Mr. Martin, his dark eyes twinkling. "Suppose you take a run down to section 24 and see if you think Miss Harris has made a sensible selection. I'll leave it to you to O.K. the bill."

"Well," said Don Blake, a few moments later, "they are just the sort of dishes I always thought I'd like to have if I had a home of my own."

"If I O.K. your bill don't you think you owe me an invitation to come up and eat a home-cooked meal off the new dishes?"

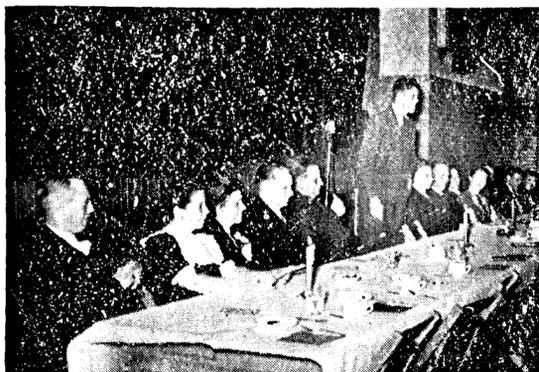

"What kind of pie do you like best?" inquired the girl. "I'll bake it for you next Sunday."

"Sunk," groaned Manager Martin as his usually alert assistant returned dreamily to his desk.

But Don was anticipating a perfect dinner served by a "Dresden" hostess on Dresden china—gold rimmed.

**Chopin's Interlude**  
In July, 1831, when Chopin was in Stuttgart, he received word that Warsaw had fallen. The Russians were in possession of the city. The composer was profoundly moved. To give vent to his emotions he composed "Revolutionary Etude" for the piano.

## Paul Blessing Speaks at Loup Valley Banquet

The above Quiz photo shows an interesting moment at the banquet Thursday evening when the Kearney State Teachers star and former Ord football player, Paul Blessing, addressed the gathering. Left to right at the speaker's table are shown: Mr. and Mrs. Alex Cochran; Mrs. J. A. Kovanda and Mr. Kovanda; President Herbert L. Cushing; of Kearney; Mr. Blessing; Raymond Hurlbert; Coach "Pop" Klein, Kearney. The rest of the group are football players.

## Officials Selected Two Three-Valleys Teams

Officials and coaches from the various schools in the Three-Valleys conference met Wednesday evening at Broken Bow and selected by popular vote the men for positions on the first and second teams.

Selections for the first team were: Taylor, St. Paul and Fogelberg, Broken Bow, ends; Timmerman, Ord, and Franssen, Burwell, tackles; Cecil, St. Paul, and Rains, Broken Bow, guards; Fryzek, Ord, center; Flag, Ord, quarterback; Courtney, St. Paul, and Guzinski, Loup City, halfbacks; Cetak, Ord, and Pulliam, Burwell, tied for fullback.

Those on the second team were: Adams, Ord, and Brown, Loup City, ends; Nelson, St. Paul, and Hinman, Loup City, tackles; Iwanski, Burwell and Barnhart, Sargent, guards; Grunkemeyer, Burwell, center; Prescott, Broken Bow, quarterback; Mason, Sargent, and Swanson, Burwell, halfbacks; Pesek, Ravenna, fullback.

General satisfaction is being expressed with the selections of the two teams, which differ very little from the World-Herald roll of honor. Fryzek, who did not make the state honor roll, was voted ahead of Grunkemeyer, a state second team selection, at center, and Taylor of St. Paul came in ahead of Adams of Ord, but it would be difficult for any group to choose between the relative merits of these men.

The lineup on the two teams shows Ord, the Three-Valleys champs, and Burwell winners of the Loup Valley, tied with 4 1/2 men each; St. Paul, the team that tied Ord, comes next with 4; Broken Bow and Loup City have 3 each; Sargent has 2 and Ravenna has one.

## Klima Again Elected to Head County Clerks

Ign. Klima returned Sunday from Omaha where he had gone the preceding Tuesday to attend the 47th annual convention of the Association of County Officers. These met as a group at some sessions and as separate organizations in cases where their interests were not mutual.

The special meetings included the county clerks and registrars, the county treasurers, the clerks of district court, and the supervisors and commissioners. Supervisors Joe Jablonski and S. V. Hansen of Valley county accompanied Mr. Klima to Omaha, and attended the meetings. Mr. Klima was reelected secretary-treasurer of the county clerks' organization.

A committee of which Mr. Klima is a member, was appointed to collaborate with the state legislative committee for the study of problems arising out of legal technicalities found in laws recently passed as well as to plan for needed laws to come up at the coming session of the unicameral. One of these first, for example, is the new estate tax law.

The several groups with the exception of the supervisors met in the Crystal room of Hotel Rome Thursday forenoon, and heard Ray C. Johnson, state auditor, on ways and means of handling, accounting and protecting public funds. A discussion of tax foreclosure methods was followed by an open discussion and a question box.

The forenoon of the third day was devoted by the clerks and registrars to special registration and preparation to operation of the budget, new election laws, open forum and question box. The same time was used by the county treasurers in discussing county treasurers' problems and the liability of county treasurers in issuing distress warrants. In view of existing war conditions the session was one of the most important in recent years.

**They Tried, But Missed.**  
All the early guesses on the "Remember These Persons" last week got them right, but two guesses coming in Saturday were wrong, although none-the-less interesting. Miss Bessie Psola thought they were Mr. and Mrs. George Round, and Mrs. John Schurtz of Denver guessed they were Mr. and Mrs. Frank Adamak, sr. Mrs. John Williams phoned Monday eve, guessing them correctly.

**Ravioli in America**  
Two pounds of ravioli are manufactured in America every minute of the day.

## Verzal Land Sold by Referee Misko Monday

The land owned by Charles Verzal, deceased, was sold at referee's sale from the west front door of the court house Monday afternoon beginning at 2 p. m. Quite a number of people were present, but only a few were there for the purpose of bidding. However, prices brought were in the main satisfactory, though all sales are subject to court confirmation.

The first farm, consisting of 75 acres, all level, together with the irrigation well but no buildings was bought by Archie Geweke for \$5,325, or slightly more than \$70 per acre. Mr. Geweke owns land near this place and to the southeast, and it should pay him good dividends on his investment.

The second farm, including all the land lying on the east side of the C. B. and Q. right of way, together with the buildings on the farm, was bought by Frank Novak for \$4,025. This was advertised to be 116 acres which would make the price nearly \$35 per acre. Mr. Novak is one of the heirs.

W. J. Campbell was the lucky bidder on farm No. 3, the pasture land four miles west on the Sargent road and one mile north of the highway. This included 120 acres of cultivated land, balance in hay and excellent pasture. The improvements are six room house, barn, chicken house, wash house, combination corn crib and granary, two wells and windmills and a large cistern. The price paid was \$2,260 or about \$3.50 per acre.

## Red Cross News

Junior Red Cross children have been happily making good-will boxes this fall. In each little carton is a toy or game, a hanky, hair ribbon, tooth paste or other small articles. The boxes are sure to be greatly appreciated by the small refugees in Britain, China and South America, where most of the boxes will go.

Rural schools which have already finished and turned in their boxes are those taught by Miss Irma Waller, Miss Albert Russell, Miss Evelyn Ollis and Mrs. Louella Williams.

Ten women are crocheting old-fashioned fascinators for the Red Cross, under the expert direction of Mrs. Edward Gnaster, the handwork chairman. They are officially called ladies' shawls, and are a sort of cap with small attached shoulder cape. Included in the list are Madams James Petska, Jerry Puncocchar, J. C. Van House, Mike Socha, George Hubbard, Forrest Johnson, Emil Fafelta, Edward Gnaster, Henry Deines and Miss Barbara Lukesh. All crocheting yarn is now issued.

Do you know how to make a mustard plaster, another old-fashioned touch?

This is one thing taught Thursday at the McClure home to the Home Nursing Unit One by Teacher Mrs. Bert Boquet.

Have you joined a home nursing or first aid class? The two are not the same. Mrs. Franklin Roosevelt and Mayor La Guardia want every woman in the United States to take such a course. Then she can help her own family, and perhaps other families too. Phone 371 to enroll for home nursing; phone 60 to enroll for first aid.

Sewing chairman for Red Cross work will be Mrs. Horace Travis. Cutting chairman for the garments will be Mrs. Cochran. The material and patterns are ordered but have not yet arrived, but will be distributed soon.

Knitting yard arrived Monday and will be issued, together with the instructions, by Mrs. Gnaster and Mrs. Emil Fafelta beginning today. Are you a knitter? Have you offered to help?

Home Nursing Unit 3 will not be able to start until after the holidays, because the books are slow in coming. Probably there is a great demand for these textbooks now. Call Teacher Irma Kokes and watch the Quiz for information about this group.

**Removing Stains**  
To remove stains that have formed on the inside of a glass flower vase or bowl, rub the stain with a cloth moistened with vinegar.

## Red Cross Members Are Still Coming In

Valley county's Red Cross roll call list has added several names in the past few days, although the roll call officially closed with November. Mrs. C. C. Dale, Valley county roll call chairman, reports \$1 memberships from Mrs. Spencer Waterman, Archie Waterman, Edward Penas, Earl Hansen, Robert Long, Howard Huff, Mrs. Charles Dlugosh, F. D. Weaver, Cash Welniah, Mrs. J. Severns, Midvale Homemakers club.

Also from John Prien, Mrs. Esther Geweke, Mrs. Alfred Hill, Mrs. Anna Socha, Joseph Prince, Mrs. Edith Jones, Frank Mvicka, Nimble Fingers club, Mrs. Fred Martinson, Martin Martinson, Elwood Miska, Steve Jablonski, Walter Dobson of Arcadia. Also from Mrs. George Parkins, Roy Randolph, John Moudry, W. H. Barnard, Mrs. William Misko, Mrs. H. C. Marks, Mrs. Rose Kruml, Asa Anderson, Cletus Ringlein and Edward Dlugosh.

From Arcadia and Comstock, Beulah Leudtke, Ella Urban, Cecil Burt, Mrs. David Nordstrom.

Eight or ten workers still have not turned in their reports, but by next week the last of the list will be printed.

## Postoffice Department Most Capable on Earth

The United States mail service is the most efficient on earth and the Quiz can prove it. The proof is in the form of a letter which arrived in the Ord postoffice and was placed in the Quiz drawer Wednesday evening. That letter was mailed at Watertown, S. D. the preceding Saturday, and was five days on the road. But that is only part of the story.

The letter was addressed to the Quiz Printing Company, Ord, Nebraska. It got by the postmaster at Watertown, but the railway mail clerks knew there was no such postoffice in Nebraska, so they sent it to Norden, Nebr., instead. It may have laid over Sunday some place, but it arrived at Norden Dec. 8, at 8 a. m.

The postmaster there knew it didn't belong at Norden, so he wrote, "Try Gordon" on the letter and sent it on. It arrived at Gordon at 1 p. m., Dec. 9. Now a lot of people at Gordon know about Ord and the Ord Quiz, so the postmaster there scratched out the "Try Gordon" and substituted "Try Ord."

There is no indication as to when it left Gordon, but it arrived in Ord the evening of Dec. 10, and of course was thrown into the Quiz drawer at once. That letter was delivered to three addresses, had to lay over until next mail at each place, and yet got into Ord only two days behind the regular scheduled time.

The probable route from Watertown was south 150 miles to Sioux City, west 125 miles, probably to Ainsworth, north by star route 30 miles to Norden and return, west 140 miles to Gordon, back 250 miles to Fremont and then west 160 miles to Ord, a total distance of nearly 900 miles. The airline distance would be about 300 miles and the regular route about 450 miles.

## Safety Patrol Warns of Winter Driving Dangers

C. J. Sanders, Captain, Nebraska Safety Patrol, has issued a warning about the dangers of winter driving, especially upon highways covered with snow or ice. In view of the fact that tires must be conserved, this warning has a double significance at this time, as careful driving will tend to make tires last longer.

The rules for careful driving include: testing of brakes, have tire chains ready when needed, check windshield wipers and defrosters, be sure lights are good; travel at less than moderate speeds on snow or ice covered streets, and watch out for children with sleds.

Don't follow the car ahead too closely; take icy curves slowly and don't try to pass on hills or curves, it is dangerous and unlawful; for safety's sake in ice or snow, tire chains are indispensable. Pedestrians should remember that motorists cannot stop their cars as quickly on ice and snow and take proper precautions.

Mrs. Kovanda Speaks at Bills of Rights Program

A splendid Bill of Rights program was given at the high school Monday afternoon, Mrs. J. A. Kovanda making a most inspirational talk. She told the youngsters present that many of them narrowly escaped being born in Czechoslovakia or in Germany, and described what their bill of rights might have lacked. She gave a dramatic account of the fight preceding the writing of this most fundamental account of the constitution of our country. The program began with the high school band playing a new patriotic number "Americans All". Mrs. Ralph Misko, Officer of Civilian Defense, spoke on the meaning of the day, telling a little about the liberty bell and other highlights in our country's history. She then introduced Mrs. Kovanda. The conclusion of the stirring program was the "Star Spangled Banner", played by the band, sung by all present. Mrs. Kovanda has been appointed a speaker for the educational committee of the civilian defense program, Mrs. Misko announces. Miss Iris Krebs has been appointed chairman of nutrition, assisted by Miss Arletta Robinson. Immediately after Christmas the nutrition committee will offer some special liberty menus in the Quiz. . . menus that are economical, not difficult to prepare but full of needed health factors.

By L. L. STEVENSON

This and That: Dr. Raymond L. Ditmars, curator of mammals and reptiles at the Bronx zoo, is in Trinidad searching for vampire bats, stingless scorpions and cave crickets. . . If he is successful in his quest, on his return, he will open a dimly lit vampire bat cave at the zoo. . . and of course, he believes folks will go to see it. . . One of this department's West coast scouts reports that Jackie Coogan plans to give up Hollywood as soon as he is released from the army. . . His reported intention is to tour with a band of his own, taking his wife with him of course. . . A well-known fur merchant is said to be sponsoring the "glamorizing" of Broadway Rose. . . The idea is to give her a course of beauty treatments and hair fixings, then equip her with a complete fashionable wardrobe. . . and thus prove that facials, hair-dos and clothes make m'lady.

Around the Town: Nelson Rockefeller glancing over the headlines of late editions as he passes a Rockefeller Center newsstand. . . But not digging into his pocket for three cents. . . At midnight on East Forty-ninth street, four taxi drivers engaged in a game of gin rummy. . . and when Paul Hartman opens the door of a cab, they wave him away. . . He ordered the dock man to shove the boat off. . . "But you'll never be able to row sitting there," declared the man. "You're the wrong way around." . . "That's all right," averred Butterworth's friend, "I'm left handed."

## Signal System Covers Britain

### Remotest Nooks, Corners Of Kingdom Reached by Army Headquarters.

LONDON.—Nerve center of Britain's home defense system is a signals station at army G. H. Q. somewhere in England. From it radiates a secret network that has been perfected since Dunkerque and which extends to every nook and corner of the United Kingdom. By means of it the general staff could get into immediate touch with almost any unit of the home forces, cutting out if need be the normal link with the various commands. A special correspondent of the London Times, who was allowed to visit the station, thus describes it: The underground labyrinth of G. H. Q., with its mysterious galleries, red lights and general air of secrecy, is a little reminiscent of the control rooms of a Maginot fortress. The signals station is clearly one of its most vital parts for the link it must maintain between the operations room and field formations. So many means of communication have been devised that the chances of all being put out of action, I was assured, are remote. Tested in Air Raids. Military communications to some extent use post office circuits from which direct private lines are maintained by army specialists, many of whom were post office technicians of high skill. The usual means of transmitting and receiving messages is by teleprinter. Many of these machines, in direct communication with the commands, are installed in the teleprinter room, where an hourly check is made on a switchboard—more frequently in periods of heavy air raids—to insure that each line is working. Then the station has its own telephone exchange, controlled by women operators from the post office, with more private lines to the commands, the war rooms of the Cabinet, the admiralty and war office, the ministries, and so on. One section of the switchboard, labeled significantly "combined operations panel," is set apart for actual battle, and to this only a limited number of officers of the general staff would have access. Many lines are reserved for the commands of the Royal Air force. Every precaution is taken against the use of the telephone for the transmission of false messages. Wireless in Reserve. Should the telephone system with each of its alternative routes break down entirely, there is a reserve system of wireless transmission. As a general rule all wireless messages from so far back are sent in cipher—only forward formations would use wireless en clair—and some of the most interesting moments of the correspondent's visit were spent in the cipher room, with all its cryptic devices. Here the idea was dispelled that the use of cipher necessarily involves delay, for an almost uncanny electrical machine exists by which messages may be enciphered or deciphered with the speed of an ordinary transmitter. All the operator does is to put in a message en clair and it comes out in cipher ready for dispatch, and the same operation is carried out the other way round. Finally, if all else failed, there is a small army of dispatch riders at G. H. Q. who normally maintain a service of letter delivery; but a good deal would have to happen before it came to that.

Here we have a rather unusual combination, a father as assistant coach and his son as one of the football pupils. He proved a very yapt pupil too.

County Agent Notes

Clarke-McNary Trees. If you are planning to plant trees next spring, the chances are you will be interested in obtaining trees according to provisions of the Clarke-McNary law. First rate seedlings can be obtained at cost as low as 1 cent each.

The County Agent's office has plenty of copies of Extension Circular 1700. This circular includes a list of the varieties available, and tells about proper preparation of the ground, planting directions, windbreak, arrangement, and the plan used in distributing the trees. There is an application blank which is used in obtaining the trees. You can obtain a copy of the circular at the extension office or by writing to Earl Maxwell, Extension Forester, College of Agriculture, Lincoln, Nebr.

Sanitation for Laying Hens. Eggs are more important than ever in plans for food production as the United States fights in the war. Only healthy hens lay eggs, and sanitation is very important in keeping hens healthy, states J. R. Redditt, Extension Poultryman at the Nebraska College of Agriculture. Most harmful and incurable diseases are spread through filth (droppings). Clean out the laying house and put new litter every two or three weeks during the winter. Use clean feeds and clean feeding equipment. Keep fresh, clean water in clean containers. Scrub and scald these containers every week. Always remove promptly any sick or dead birds. Sick birds that have recovered are of doubtful value because of the danger of being disease spreaders. Drain or fill stagnant puddles where chickens might drink.

Proper feeding of complete rations is another factor in keeping egg production up. The "Nebraska Poultry Manual", Extension Circular 1400, takes up management of laying flocks in considerable detail. You can obtain a copy without charge at the County Agent's office in Ord, or upon request to the Agricultural Extension Service in Lincoln.

Mineral for Winter Rations. Here's word about furnishing mineral to livestock during the winter months, from Ed Janike, Assistant Extension Animal Husbandman at the Nebraska College of Agriculture. Nebraska is fortunate in having a fairly generous supply of mineral essential to animal life, Janike says. With the exception of a possible deficiency of phosphorus in some of the north central areas, the soils are quite well supplied.

During the spring and summer months when livestock has plenty of green growing feeds available, we need not worry much about supplementing the mineral requirements, according to Janike. Fall rains have provided quite a lot of late luxuriant pasture and probably a good supply of mineral. However, from now till spring we need to think about adding some mineral sources to the animal diets. Young growing stock needs plenty of minerals to promote good bone and body growth. Breeding stock such as gilts, ewes and cows need plenty of mineral to develop the young they will produce.

Such feeds as green leafy alfalfa hay are high in mineral, and an unlimited supply will generally take care of any animal's needs. However, feeds like cane, Atlas sorgo, Sudan hay and prairie hay are generally low in minerals. These make up the bulk of our winter roughage and should be supplemented with some other source of mineral. Calcium and phosphorus are the two most often needed and they can be supplied in different ways. One of the easiest and least expensive is a mixture containing, by weight, 2 parts finely-ground limestone, 2 parts steamed bone meal, and 1 part salt.

All livestock should have the free access to this mixture in addition salt alone should be available. Animals will do a fairly decent job of balancing their mineral requirements.

LETTERS FROM QUIZ READERS

"Spud" Richardson Writes. To the Editor of the Quiz: As I was sitting here in our happy home I decided to write a line. The camp has a football squad now, we are to play the All-Stars of Arkansas New Year's day in the Rock Bowl at the Little Rock stadium. The stadium will seat 14,000 persons.

When they started football practice there were close to 250 soldiers from all over the camp, from every college, university, all states in the 48. Now they have cut the squad to three teams, 33 players. I was told that close to 20 of these players are from the state of Nebraska.

Five of the players played on the Nebraska University team. Valley county and Greeley county are represented. Henry Stobbe from North Loup, played at Kearney. Myself, I am almost the only player on the squad who just played high school football. The boy from Scottia is a Rother. I think his brother is a good wrestler, if I remember.

The morale of the camp has come up one hundred per cent in the last week. All the boys want a furlough home for Christmas and then they are ready for anything. I must close as I am sleepy and a boy in training needs lots of sleep.

Pvt. Lloyd Richardson, P. S. John, the ends we have will weigh about 225 pounds, tackles will weigh about 240-50, center isn't so big, about 175 to 190. Guards about 195, backfield will average about 195, so we will have weight, if nothing else.

Open Letter to Ellsworth Ball. Dear Ellsworth: I understand you are all fussed and bothered about that write-up in the Quiz about the barbecue at Joint. Don't be like that, it doesn't pay to take Pat too seriously. You know I always did think there were a number of queens in the Fuson family—the knaves mostly got in by marriage and there is always one joker in the deck.

Some time ago I got a letter from an alienist in Portland asking me all about Pat, where, if any, he was educated and how much; if he was truthful, or if he was going crazy. He said lately that Pat had got himself a mortar-board cap and a gown like Prof. Bugge in the comics, and walked up and down the street with a dictionary under his arm, telling people he had been elected to a fellowship at the Nebraska penitentiary.

This alienist fellow wanted to know if he had ever acted that way when I knew him. Now I know that Pat had the same chance to lose his mind that I had to lose the million dollars and for the same reason so I got busy looking up his record and boy, what I did find out! I had always wondered how a fellow could go to Iowa University when he only got to the tenth grade in high school, but learned that he finished his course by request in Kearney—not the school that Bert Cushing runs, but the one on the west outskirts of town. That happened just after he and Orville Phair drank up all the evidence against that sandhill bootlegger, while guests of the county.

Hank Stara tells me that he and Pat used to be together all the time so I presume they were schoolmates at this school. I wrote this alienist fellow and told him of some of the pranks Pat played in his youth and gave my opinion that he wasn't any crazier than he ever had been. Hoping you are the same, J. S. ABERNETHY.

Moss Answers Pat Fuson.

To the Editor of the Quiz: May I assure you that I was thrilled at the account written by Merritt (alias) Pat Fuson, of the banquet I attended down in the sand flats years and years ago. Mr. Editor, there are those of your readers who will doubt the facts stated in that letter. They will say Pat is just hypnotized again as he was on that memorable night long ago. I wish to vouch for the truth of every statement in that account. How well do I remember the look of yearning on the face of our hostess when all the meat was devoured by the hungry horde. How she longed for a good fat daddy potato, garnished with sand lizzards and pull balls, all done to a golden brown over a roaring fire of Hereford lump coal. Poor thing, she was helpless and was obliged to stand and listen to the murmurs of all those present especially Jason Abernethy, for a fat missionary was impossible in those days.

Speaking of Hereford lump coal, Mr. Editor, the grasshoppers, the drouth, Art Mensing, and the Abernethys were not enough for the suffering sand flats people, there was tragedy lurking in the shadows. There was that fine young man who was kicked in the face by an unruly Hereford while attempting to salvage fuel at too early a date.

As I sit here, Mr. Editor, my mind wanders back to all the time I spent in Ord playing on the streets and at the old swimming hole with such fellows as Pat Fuson, Alfie Hill, Ralph Norman, Carl Sorensen, Earl (alias) Stuffy Wise, Spot and Glenn Johnson and, oh yes, Bill Hueck. I remember late one evening of Oct. 31, a group of us lads thought it best to move some of the personal property and some small buildings about the town. We arrived at the home of one uncouth citizen who had had forethought enough to move one of his buildings a few feet ahead and our good friend Pat fell into the basement. Mr. Editor, that was a tragedy.

With all the tragedies, hall-storms, drouths, blizzards, sorrows and joys I experienced in Ord and vicinity, I can truthfully say I never regretted living in Ord, or knowing Pat Fuson. Sincerely yours, EBEN W. MOSS, Burwell, Nebr.

Eligible Ord Lettermen Win Scholarship Trophy

Eligible lettermen of the Ord high school received a few days ago the N club scholarship trophies they won recently. These trophies, a small button with the letter "N", are granted the eligible athletes in the school with the highest average in scholarship above the general average of the school.

Ord has won this honor twice, first for 1936-1937, and for 1940-1941. The average grade of the lettermen for 1940-41 was 84.979, while the average for the entire school was 83.47286. The day of the brawny, burly, brainless chap is past, and a combination of athletics and scholarship will develop the best type of manhood.

Sixteen athletics won the coveted N awards. They are: Lloyd Wilson, Frank Misko, Edward Rousek, Robert James, Harold Christensen, John Mark, Orville Leach, Ould Flagg, Clarence Romans, Orville Stoddard, Charles Zlomke, Jerry Fryzek, Ora Hurlbert, Loyd Hurlbert, Floyd Stewart and Ray Vogeltanz.

A very good game. The bands from both cities were splendid, as was the crowd.

Having a little spare time on Friday morning I started out to see what the businessmen in such a community were like. Everywhere I found them friendly and willing to stop a few minutes and answer an old man's questions, which I hope were not too foolish. I visited several stores and found them up to date and their people courteous and friendly. Being interested in the beauty of Ord's court house I became curious enough to enter it on an exploring expedition and found it a beautiful and well kept building. Here, too, I was met with such friendly greetings that I began to believe that I was not a stranger in a strange land. I was much surprised and pleased to note the many plants in the building which is a distinctive feature of Ord's court house.

At high noon we took our departure from the city of Ord with thanksgiving on our lips that we had journeyed to the city. Our regret was that we had to go so soon as it would have been a great pleasure to have had more time to see all the churches, the hospital and other civic activities. We made a vow that some time in the future we would return to Ord, spend more time and get better acquainted with the "Sleeping Giant" of the west whose child, the city of Ord, shows such great signs of awakening.

## Cetak, Adams, Timmerman and Flagg Given Mention on Nebraska Gridiron Honor Roll

With the assistance of seven hundred football coaches, officials and observers the World-Herald all-state first and second teams and honor roll was selected, and the selections appeared in Sunday's sport section of the World-Herald. As might be expected, class A teams dominated the first team, while class B and even C were represented in the second team.

Ord did not place a man on either first or second team, but two of the teams opposing Ord had representatives on the second state team. This may be disappointing to many who hoped to see an Ord man place high, but the reason is apparent. In a team where all are stars it is difficult to pick out any one man and say he is much better than the rest.

The Ord men who were listed on the honor roll were Henry Adams, end, Bob Timmerman, tackle, Bailey Flagg, quarterback, and George Cetak, fullback. Others listed from this section were Ross Beckwith, Albion, tackle; Jack Pyne, St. Paul, center; Junior Dobesh, Ansley, quarterback; Keith Pulliam, Burwell, halfback; Jack Pesek, Ravenna, fullback. No outstanding guards were listed from this section.

Henry Adams richly deserved the honor, as he has been playing at an end position for several seasons, and has developed into one of the best offensive players in the Ord line, as well as an outstanding player on defense, as opposing players know to their sorrow. He was always well down the field on punts and passes, and completed several passes for points for Ord. He weighs 175 pounds and is a senior.

Bob Timmerman's play at tackle all year was outstanding, and he was a member of the squad four years. Opposing teams soon found that it was a waste of time to direct their plays at Timmerman, who had an uncanny sense of what was coming, and usually prepared for it. One of his favorite tricks was to break through and snear the ball carrier or the would-be passer for a loss. He weighs 195 pounds and is a senior.

Bailey Flagg was chosen by Albion as quarterback on their all-opponent team because it was largely his headwork in that contest that brought victory to Ord. It was his calling of trick plays at the right time and the clever execution of them by Ord that brought about many a long touchdown run. He has played in four years of high school competition. He weighs 150 pounds and is a senior.

The past year George Cetak was known as the powerhouse of the Ord team. Not only was he good on line plunges, but he alternated with Flagg in passing, and his accurate placekicking accounted for many extra points. He was also a power

in backing up the line on defense, and was high point making man for the Ord team. He is fast for a heavy man and got away with some beautiful end runs. Cetak weighs 180 pounds and has one year yet to play.

In a way it seems unfair that the whole Ord team could not be mentioned, since it was one of the best all-around teams that Ord has ever produced. In some games of the past year certain men would be outstanding, and in the next it would be another group, but the four who were mentioned were in there in all the games, and always looked good. Further, they managed to play all through the year without injury.

It may also seem strange to some people that Fogelson, Broken Bow end, and Grunke-meyer, Burwell center, should be placed on the second state team, and that Jack Pesek, for example, should receive honorable mention. The answer is that often a man will look better in defeat than in victory. Grunke-meyer was the outstanding man on a team that lost only to Ord, and he certainly looked great in that one defeat.

Fogelson was outstanding on a fine team all the year, and Broken Bow was the only team in the territory to hand a defeat to Ansley, largely through the efforts of this same Fogelson. Ord defeated Ravenna 58 to 0, and the fullbacks on the two teams received equal honor. Just the same, this Pesek is a worthy son of a great father, and he richly earned the honor he received.

Of interest to Ordites is the fact that Don Prince of Bayard, son of Frank Prince and grand-son of our own Joe Prince, was also on the honor roll. Prince played end on one of the finest teams in the parhandle the past year and was frequently mentioned in newspaper writeups for his fine play in that position. He is a fine pass receiver, and well skilled at stopping plays around his end.

The personnel of the first state team is as follows: Jerry Regelean, Lincoln, and Richard Page, Wymore, ends; Gordon Hall, Lincoln, and Malcolm Watkins, Benson, tackles; Marion Wamsley, Omaha North, and Robert Pucelik, Superior, guards; Don Gilbreath, Omaha Tech, center; Frank Shipman, Fairbury, quarter; Harvey Stroud, North Platte, and James Myers, York, halfbacks, and Fred Lawrence, Alliance, fullback.

The following were chosen on the state second team: Wilbur Craig, York, and Don Fogelson, Broken Bow, ends; Wayne Douglas, Minatare, and Mike DiBlase, Omaha Tech, tackles; Allen Blank, Omaha Central, and Merle Aunspaugh, Gothenburg, guards; Dwight Grunke-meyer, Burwell, center; Eddie Hall, Lincoln, quarter; Russell Eisenhart, Culbertson, and Rex Mercer, Lincoln Northeast, half-

backs; and Stanley Stepanek, Omaha Benson, fullback.

WRITTEN BY MRS. ETHEL HAMER

Ghosts and headless phantoms ran riot Wednesday night in the high school auditorium when the junior class gave their play, "Hobgoblin House," which was a mystery comedy. The stage with new scenery and lighting effect made a realistic setting for the unraveling of the mystery. Joan Barber, as Priscilla Carter had bought Hobgoblin House at a bargain price, knowing that it was supposedly haunted. She took her two nieces Marlon Max-

son and Irene Barnes, here to keep them away from their boy friends, Robert DeNoyer and Ikey Babcock, till they were both twenty-one and came into an inheritance. Accompanying them were Delilah, Esther Smith, and Henry, Lyle Manchester, both colored servants, and Susan, the English housekeeper, splendidly played by Lucine Fisher. On arriving they were met by Darious Kroop, Dale Gilmore, caretaker, and a cripple, who revered

the memory and superstitions of his "dear dead master, God rest his soul." Weird sounds and mysterious happenings with Darious Kroops story of the murder of Nellie Bronson by her insane husband threw everyone into a panic. The mystery was unraveled when the young friends of Marlon and Irene managed to capture Martin Sonnefeldt as an asylum guard, Ralph Peterson, as Jim Bronson and Kroop, who had kidnapped a wealthy Chicago heiress, Dorothy Larkin, and were hiding her in Hobgoblin house. The reward for their capture made each of the boys and Susan \$25,000, the amount stipulated by Miss Priscilla as necessary before the boys could marry her nieces. The audience was alternately in shivers and

laughter during the entire performance, which lasted 2 hours. Perhaps no one actor did better than another but all worked together, showing splendid work on the part of both students and coach, Mrs. Elley. Susan, Delilah and Henry, kept the audience in an uproar with their fear of ghosts but in the end, Susan kept her courage and aided in the capture of the desperados. Between acts Frances Goodrich accompanied by Virginia Kerr, sang two numbers and Patsy Clausen of Scotia tap danced. The junior class had a ticket selling contest, the losing side to entertain the winning. This party will take place later.

—Bud Lashmutt, who moved to California with his family a few months ago and is now living in North Hollywood, writes very interestingly about conditions there since war with Japan started. Bud is employed in the Vega airplane plant and says that Lockheed, Bendix, Adel and many other aircraft factories are located there in the San Fernando valley. The Lashmatts live only 17-10ths miles from Vega where the union air terminal is located, and where ordinarily all transport and private planes in that area are based. Since Sunday he hasn't seen a plane except Hudson bombers, Venturas, P-38s and other military types at this big airport. Last Tuesday night all Hudsons built for Alaska, South America countries, Great Britain, etc., were moved from Lockheed to Vega and those already painted with U. S. insignia, and have been taking off constantly as rapidly as repainting is finished. Sunday was the first black-out at Vega and it was taken calmly and with full support. Tuesday the whole coast from San Pedro to Long Beach was blacked out. In going to work now, all defense workers are stopped within a mile in every direction from their plants, and checked for identification, which is done again when they reach their plants. Bud is working as head of the material requisition department and has been appointed monitor in case of air raid alarms, with instructions what to do. The United States certainly can swing into action when the need for action arises, concludes the former Ord man.

## United States Now At War with Japan, Germany and Italy

### Hitler's Declaration Treated Calmly by U. S.; Pacific Situation Improving.

Editor's Note—From week to week The Quiz will publish a summary of late war news as it appears in the papers or is heard on the radio, for the benefit of those subscribers who do not have access to a daily paper or who do not own a radio.

Declaration of war on the United States by Germany, Italy and some of the puppet governments of Europe was treated calmly Thursday by Congress, which quickly passed short resolutions placing this nation officially at war with the entire Axis. Fact that military operations against Germany and Italy had been in progress for months made these declarations of war only a matter of procedure.

Damage suffered by the Pacific fleet at Pearl Harbor in Japan's treacherous attack Dec. 7 was outlined to the nation Monday following the return of Secretary of War Knox from Honolulu.

Most serious loss was that of the battleship Arizona, he said. An over-age battleship, the Utah used as a target ship, also was destroyed, as well as three new destroyers, the Cassin, Downes and Shaw, and the mine layer, Oglala. The battleship Oklahoma was damaged and capsized but can be salvaged and repaired, though the operations may require months, Knox said. A number of other vessels were damaged, some of which have already been repaired.

He conceded the "United States services were not on the alert" against Japan's surprise attack, and President Roosevelt has already appointed a commission headed by Owen J. Roberts, justice of the Supreme court, to investigate the disaster and fix responsibility.

A total of 9 officers and 2,638 men, principally sailors, were killed in the Pearl Harbor attack. But Japan's objective — to knock out the entire Pacific fleet before war started — was not accomplished, Knox said, and the U. S. navy is fighting back strongly in the Pacific, with the aid of British and Dutch warships and submarines.

So far during the war with Japan two Jap warships, the Haruna and the Kongo, have been sunk, as well as many submarines and transport vessels. Gallant garrisons of marines at Wake and Midway Islands are still holding those U. S. bases against strong Jap forces, say latest dispatches. Apparently Guam is lost to the Japanese, though this has not yet officially been announced and the base may be holding out. Reinforce-

ments are being rushed to these islands, to Hawaii and the Philippines.

Japan is attempting to capture the Philippines, and has landed at several points on Luzon and Mindanao islands which so far have been beaten back by U. S. and native troops. Bombing raids on Manila air fields are continuing and today it is learned Manila is undergoing an "all out" bombing attack.

Most of the Far East war news received is very bad but it must be remembered that the United States and its allies are still on the defensive after Japan's surprise attack. When reinforcements reach the scene, or when the powerful United States fleet catches up with the Japanese fleet, the picture will be different.

Hong Kong, the British naval base in China, is under siege and Singapore is under great pressure, though in no immediate danger. The Japs are reported to have landed troops on British Borneo, another serious threat to Singapore and Manila.

While all this is going on in the actual theater of war, the United States is swinging into action at home. Congress will pass this week a bill to require all men 18 to 65 to register, with 19 to 44 the probable age limits for actual military service. Men 44 and 65 would be available for home defense work under this plan. In future, draft information will be secret, with the names of men called to camps not announced through their home newspapers.

New defense appropriations have been passed, war powers have been voted to the President, weather reports will be curtailed. Black-outs are continuing on the west coast but no bombings have occurred there or in the Canal Zone, where they are feared. The United States is now on a 70 per cent war footing. It will be on a 100 per cent war footing within a few months.

## No. Loup Pastor Discusses Church's War Obligation

Rev. J. A. Adams of the Mira Valley Evangelical church, spoke last Sunday morning on the theme, "The Present Obligation of the Church", stressing some things the church needs to do in the face of our present national and international situations. In order to give his congregation the benefit of a cross section of opinion in North Loup and Scotia, he had asked a number of ministers and laymen to write out three things they feel are the most important duties of the church right now. Numbered in the order of their importance, as seen by them, they are:

1. The church's first duty is to pray that right may triumph. That lasting peace based upon the brotherhood of man, may be established.

2. She must make special effort to raise the spiritual level of our people by preaching and teaching the gospel of Christ.

3. She must be a medium through which help may be given to the destitute, refugees, the orphaned and wounded.

Rev. A. C. Ehret, Seventh Day Baptist:

1. The church must give the world the truth. No organization has it to give.

2. She must build upon love, while other organizations may build upon hate. Hate always hurts the hater. Anger always hurts the angry. Fights result in scars and bruises.

3. The church must offer a message of courage and hope. Must offer the solution of man's problems. She must furnish companionship with Jesus, the Peace of the world.

Rev. M. Shephard, Methodist, Scotia:

1. The church must cultivate the spiritual life. This is of the first importance.

2. She must turn the attention of the people from man to God.

3. In the face of hate and destruction, help man to remember that Jesus forgave his enemies.

Rev. C. F. Wagner, Methodist, North Loup:

1. The church must keep alive the sense of God, and our own inadequacy.

2. She must help our people to keep themselves steady.

3. She must teach the Bible as God's word, and the hope of the world in the light of our present situations.

4. She must not relinquish her position as a prophet of peace and good will.

Frank Johnson, Postmaster, North Loup:

1. The church must be shown as a world wide institution, with no distinction between men.

2. She should be united as to essentials, presenting a solid front.

3. She must keep up with, and support the government in her national and international policies.

Mrs. J. A. Barber, Editor North Loup Loyalist:

1. The church must teach love, not only from the pulpit, but in the lives of those of us in the pews and bear the name Christian.

2. The church must teach and practice unity. This is no time for bickering, as to non-essential dogmas. We are all in this war, and if united, we are

a wonderful people. After all, there is but one God, and one Jesus who died for all of us.

3. She must teach our people service. To bind ourselves to really work. Going without, saving every scrap, utilizing everything. The morale must be kept up.

Albert Babcock, in the Bank of North Loup:

1. The church must keep the spiritual values before our people.

2. She must back the government in her mighty task.

3. She must make good men for this hour.

Mrs. W. J. Hemphill, North Loup:

1. The church must help men to keep their faith in God; His wisdom, His power, His love. To keep their faith in men; their integrity, their loyalty. To keep faith in ourselves, our sincerity, our ability.

2. She must help men in service; to keep up all our church services; to begin now our preparation for reconstruction; to help those who are in need, money, clothing, etc. Also to write letters to boys in service.

3. She must help with her prayer and meditation. "If any of you lack wisdom, let him ask of God", James 1:15. "If my people who are called by name, shall humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sins, and will heal their land". II Chronicles 7:14.

Rev. Mr. Adams said: The church must be the drill ground for the soldiers of the cross. Here they must practice the knee drill. To set apart a day of prayer isn't enough. They should ascend a constant volume of prayer, like the ascending smoke from a wide and consuming forest fire, going up from a hundred million hearts, voiced by a hundred million throats, in one prolonged cry of humility and repentance. It is a day for sackcloth and ashes. The world's sin is great, and the

## Ign. Klima Heads Defense Committee For Valley County

Harold Prince, District Head, Takes Steps to Organize County Defense Units.

Tuesday morning Ign. Klima, county clerk, received a long distance call from Harold Prince of Grand Island, who was recently appointed as defense chairman for the sixth district by Governor Dwight Griswold.

In the conversation Mr. Prince informed Klima that, in accordance with orders from the higher defense organization, he was appointing a chairman of county defense in each of the counties in his district, and that he had chosen Klima as the best man for the job here.

Ign. Klima, Jr.

One of the first duties necessary, Mr. Prince added, was to appoint a committee of three persons to be known as the commodity allotment committee, the duty of which committee would be to have supervision of the distribution of all commodities, the sale of which may be restricted by government order.

Appointment of the committee at once was important, according to Prince because the sale of auto tires and repair had been restricted already, and without an organization in the county there would be no way in which tires could be obtained here.

Acting upon these instructions Mr. Klima appointed Ralph W. Norman as chairman of the commodity allotment committee, and Dr. F. L. Blessing and Vern W. Russell as the other members. It is understood that other committees may be set up under the jurisdiction of this major committee when, and if, they are needed.

Ralph W. Norman.

As was the case during the first World war, the members of this committee will serve without pay. A district meeting is called to be held in the district court room in Grand Island beginning at 10 a. m., Dec. 31, at which time the duties of the committee members will be explained in detail.

## No Information Yet on Brother at Wake

Mrs. E. L. Vogeltanz is still eagerly waiting for any crumb of news from Wake Island, the tiny islet in the Pacific ocean where a U. S. garrison is putting up such a noble fight against the Japanese. Her brother, John Poiak, a brother-in-law, Leo Fraley, and a nephew, Gordon Krysan, are all on Wake Island, or were at last reports.

The Japanese cut the cable line between Wake and the United States even before hostilities broke out, and the short wave radio is used so heavily for government messages that no private messages have yet come through from Wake.

Mrs. Vogeltanz' relatives are not in the army or navy but are civilians engaged in defense work on the island.

## Ord People Back from California Trip, Say Uncle Sam Is Prepared for Jap War

"People here have no idea of the war," says Mrs. L. D. Milliken who returned from a flying trip to California on Monday evening. "It is truly amazing the way the government seems to be ready," is the verdict of the Millikens after visiting with their son James for ten days, and gaining an inside peek at the situation.

"Tourists are leaving California rapidly; hospitals are being evacuated for a two-fold purpose, to remove invalids from the danger zone, and to make way for injured who may soon be brought in for treatment. Many crippled persons are being taken to Salt Lake City and even further east. We passed many Pullman cars moving into Los Angeles that we decided were to be used for removing these people from the hospitals.

"We passed many troop trains, as many as 20 in one night, all of them headed west. One train was from the Pennsylvania lines, showing how far these boys are being brought. We also saw trains loaded with boys we felt certain were going into the service although the boys were not yet in uniform. These were boys from every walk of life, some in darned and patched overalls who had no idea what train travel was like, then again we saw other boys very well dressed.

"The government takes wonderful care of these boys," reported Mrs. Milliken. "The best was none too good for them I was glad to see. They were being sent by Pullman, and ate the best meals the diner served," said this Ord woman, who admitted it seemed only fair to her that the government provide the best for these young men.

The Ord couple did not experience any blackouts, excepting briefly as their train entered Los Angeles and again as it entered San Francisco. San Diego had had five blackouts the week of their arrival however. They found things well and happy at San Diego where he and three other young fellows had an apartment. The four insisted upon preparing a dinner for the Ord visitors, which they cooked themselves, enjoying it hugely. There were 15 in the group who stayed in the same apartment house, who have been taking special instruction, which they

Ensign James Milliken ... he lost a good raincoat when the battleship Arizona was sunk at Pearl Harbor.

finished on Saturday. James' address will be Treasure Island, San Francisco, for the time being.

All train service is set aside for troop trains, say Mr. and Mrs. Milliken. Three crack trains between Los Angeles and San Francisco were thus shelved in one day. The government is busy moving troops, but of course does not issue any information about it. For instance Mrs. Milliken's sister lives near Camp Robertson, Calif., and was able to secure permission for a visit there. The camp was entirely deserted, but new occupants were expected soon. Men are moved with practically no notice; thus James Milliken left Honolulu so abruptly that he lost a good raincoat when the Arizona, his former ship, was sunk. However, no one grieved for the coat.

The morale of the young soldiers the Millikens met was wonderful, they tell Ord friends. Their spirit was good, "in fact I felt much better about it all after seeing them, how they were living, what the government is doing for them, and how carefully they are taken care of," this Ord mother says.

## Machinery Should Be Repaired Early to Help Defense

Certain Farm Labor Shortage Looms, Machines Must Be Ready to Go in Spring.

Faced by a certain shortage of farm labor, farmers of Valley county should make certain their machinery is ready to go early in the spring by having it repaired and put in shape now, according to the AAA committee composed of C. E. Veleba, R. Clare Clement and Emil Kokes.

Parts that will be needed should be ordered now and parts which can be fixed should be repaired while blacksmiths and welders are in their slack season. The sooner manufacturers know what the needs of farmers will be, the more certain they are to make the parts that will be needed.

Production of farm machinery will be cut 20 per cent or more in 1942, but steel will be made available for as many repair parts as will be needed to keep old machinery running.

The AAA committee again calls the attention of all farmers to the drive for old iron and scrap metal not actually needed for repair parts. Gather up your old iron and scrap and bring it to Ord on Jan. 5 and 6, when a reliable buyer will pay \$9.00 per ton as it is loaded on the car.

## Rotarians Enjoy Turkey Dinner, Christmas Talks

After a fine Christmas dinner featuring turkey, prepared and served by Keep's Cafe Monday evening, members of the Ord Rotary club enjoyed a program of brief talks by members. H. T. Frazier, as chairman of the program committee, distributed envelopes, in some of which were slips of paper calling upon the members who received them to talk on the subject, "the finest Christmas I remember." Among members who gave talks were Clarence M. Davis, Ben Clark, Ed P. Beranek, E. S. Murray, E. L. Vogeltanz, E. C. Leggett and J. A. Kovanda.

Mrs. George Parkins appeared before the club on behalf of the Red Cross, and Mr. Vogeltanz told his fellow-members about the Wake Island situation. Despite appeals to Senator Butler, no word has yet been received from the Vogeltanz relatives there, he said.

Sunday Mrs. Kenneth Leach of Ord, learned that her brother Gerald Lee Clayton, of Central City, had been reported by the United States navy department as "missing as a result of enemy action." ## Ord High School Students Present 'Christmas Carol'

Theplans Unite with Music Department to Give Famous Xmas Play by Dickens.

Charles Dickens' immortal story, "A Christmas Carol," was ably presented Thursday evening by the Theplans, dramatic organization of Ord high school, who united with the music department in giving a program that pleased a crowd estimated at nine hundred.

In the cast were Eldon Wachterle and Mary Miller as Bob and Mrs. Cratchett, Kerry Leggett as Tiny Tim, Billie Fafelita as Peter, Roberta Stoddard, Jean Veleba and Clarence Savage as Belinda, Martha and Edward, the other members of the Cratchett family; Raymond Voegtanz as Scrooge and Gould Flagg as his nephew, Bob James as Marley's ghost, and Irene Auble, Beverly Davis and Amelia Aulia as the three Christmas ghosts.

Secondary characters included Avery Noll, James Fafelita, Ted Randolph, Alex Cochrane, Shirley Martin, Ray Gross, Ray Meese, David Maurice, Junior Petska, Betty Timmerman, Orel Koelling, Caroline Auble, Elizabeth Kovanda, Don Auble, Donetta Johnson, Lillian Geneski, Norma Geneski, Bob Marks, Lyle Novosad, Jerry Fryzek, Norma Radloff, Irene Iwanski and Leonard Kokes.

Incidental music was furnished by a brass group and carols were beautifully sung by a chorus of girls and boys, directed by Henry Deines. Miss Wilma Shavlik was in general charge of the production.

## More than 1,000 Sacks of Candy Distributed

Santa Claus made his appearance as scheduled in Ord Tuesday afternoon, and a crowd of almost one thousand children was on hand to greet him. Each one received a sack of candy and nuts; in fact, some children got as many as two or three sacks, as there was plenty for all. Ord business men have a Christmas party of this kind each year, with Chamber of Commerce members helping Santa with the task of distributing treats, and it is hard to say who enjoys the event most, the children or the business men.

## Quiz Printed Early

So that subscribers may get the Quiz before the Christmas holiday, this news paper is being printed early Wednesday morning instead of late Wednesday afternoon as is customary. Ord Elyria and Burwell people, and families living on rural routes in these towns, should have their papers today. Mail carriers do not work on Christmas day so others may not get the paper until Friday.

## Burwell Boy Is Expert Marines Sharpshooter

Alex Chambers.

Mr. and Mrs. Austin Chambers of Burwell have received the above picture of their son, Alex, from his commanding officer, Captain L. J. Dennie, along with a notice that Alex has been awarded two medals, which are seen on his coat. The one on the right was given for his expertness with a bayonet. The one on the left signifies his excellence as a sharpshooter and his ability to hit a target with a revolver. The two bars above the medal testify as to his proficiency in both arts. Alex is stationed at Camp Elliott, near San Diego. He enlisted in the marines in September. His father, a former commander of the Clifford Clark post of the American Legion, fought in the infantry during the first World war. Alex graduated from the Burwell high school with the class of 1936. Alex has volunteered for parachute training.

## Patriotic Rooster Brings \$59 for Red Cross

A red-white-and-blue rooster brought in for the Red Cross fund when he was sold over and over again at the Ord Livestock Market on Saturday. This picture shows Auctioneer Corwin Cummins seeking more bids, which were started by Archie Geweke at \$10.00. The white rooster, painted with show card colors, was used similarly at Burwell and Atkinson and will be used by other Red Cross chapters later.

## Red Cross Now Has \$229 in War Fund, Needs \$661

Start of Drive Encouraging, Mrs. Parkins Says; Voluntary Gifts Sought.

Red Cross war funds in Ord are growing by leaps and bounds as contributions are volunteered by any and all. Tuesday at noon the total was \$229.53, Chairman Mrs. George Parkins reports to the Quiz. One of the finest instances of giving came from Miss Joy Loft and her 24 little students at Brace school, Dist. 17, as they voted to donate their county fair prize money, \$1.50. This school has been stressing Americanism, and when it found an opportunity, was glad to give evidence of its loyalty.

The little girls of the Soangetaha Campfire group provided another fine example for their elders, voting to give \$5. Their young treasurer, Shirley Anderson, was instructed to deliver a check to Mrs. Parkins. All youth organizations are invited to help with the drive and many of them are making plans already.

Bidding at the sale barn was brisk Saturday afternoon when Burwell's beautiful red, white and blue rooster was auctioned off one time after another, only to be given back for resale. First buyer for the handsome bird was Archie Geweke at \$10; next was J. Zebert, \$5, Cash Wehnick, \$5, A. J. Ferguson, \$5, A. K. Jones, \$5, Charles Burdick, \$5, Ralph Burson, \$1, J. Potrzeba, \$1, Glen Bremer, \$1, F. C. Johnson, \$1, John Warford, \$1, Chris Johnson \$1.

J. Dobrovsky continued with a bid of \$1, Joe Fajmon, \$1, Vern Barnard, \$1, Joe Hybl, \$1, F. Marech, \$1, William Domcheski, \$1, William Tuma, \$1, E. Bonnie, \$1. Also E. O. Kull, \$1, F. J. Hackel, \$1, E. B. Stewart, \$1, J. Iwanski, \$1, Glen Burson, \$1, and the Ord Livestock Market, \$5. Contributions, when the hat was passed, included \$1 from Pat Ray and \$1 from H. E. Coleman, 25 from John Pesek, 50 from John C. Kovarik, 25 from Oscar Travis, \$1 from A. D. Bredthauer, \$1 from L. J. Smolik, \$1 from Lowell Jones, \$1 from S. H. Sorenson, \$1 from Henry Jorgensen, 25 from Mr. Armstrong, \$1 from Mrs. Rudolph Koupal who was helping with the drive, \$5 from Louie Zulkoski, \$1 from Anton Uher, 25 from John Zebert, \$1 from A. Traptow. A total of \$7.97 was collected anonymously in the gift boxes as they were passed.

A large number of voluntary contributions also have swelled the Red Cross fund. A. F. Parkos gave \$1, Mrs. Henry Norris, \$1, J. R. Stoltz, \$5, Safeway, \$10, Mrs. C. J. Mortensen, \$10, J. J. Brew, \$5, D. D. O. club collected \$5 and sent it, Koupal and Barstow gave \$25, Mrs. Danel Burke gave \$1, Misses Elizabeth and Barbara Lukes gave \$5, Fred Martinson, \$5 and Chris Thomsen gave \$1. The Cosmopolitan club sent to the war fund \$5 they cleared on their banquet.

No soliciting is being done. If you want to give to the Red Cross war relief fund, take your money to either bank, or call Mrs. George Parkins. The need is urgent: the time to give is now. Do your bit, however small. It will be appreciated.

—Mrs. Anna Goff and Mr. and Mrs. William Goff were in Grand Island Monday and Mrs. Will Schooler of Wood River, came home with them to visit over the holidays. The Walter and Ax-1 Jorgensen families and Miss Mona Jorgensen will also be Christmas dinner guests at the home of Mrs. Anna Goff.

## Winston Churchill Arrives by Plane to Plan Strategy

Came to Capitol Monday with Big Staff; Japs Now Landed at Wake Island.

Big news of the war week is the arrival in the United States Monday of Winston Churchill, prime minister of Great Britain. He came by plane accompanied by Lord Beaverbrook, Sir John Dill and other heads of the British government, and went at once to the White House for talks on war strategy with President Roosevelt and his advisers. In Europe the war news is favorable for the Allies, but in the far east it is not so encouraging.

At noon Tuesday came word by radio that the Japanese had effected a landing on Wake Island, the 3-mile-square islet where a garrison of United States marines had fought off twelve Jap attacks since the war began. Relatives of several Ord people are on Wake Island.

The Japanese also have made landings at several places on the Philippine Islands, strongest being at the Bay of Lingayen on Luzon Island, only 200 miles from Manila where eighty troop transports sought to land a Jap force estimated at 100,000 soldiers. The American and Philippine army under General MacArthur was holding its own at last reports but the Japs were successful in landing considerable mechanical equipment and will be hard to dislodge.

Bombing attacks on the Philippines continue and there have been many casualties, both civilians and soldiers. The British garrison at Hong-Kong was on the brink of being overpowered last night, the Japs claiming to have captured the stronghold through this was not yet admitted by the British. In Malaya the Japs were making progress toward Singapore, having captured the British naval base at Pesang and landed troops which were fighting their way toward Singapore. They were still 300 miles away from the British base and the British were fighting strongly.

Japanese submarines are off the west coast and have sunk or damaged vessels within 2 miles of the coast. German and Italian submarines are reported off the east coast of the United States but there have been no sinkings reported.

The United States is rushing reinforcements to the Philippines, to Hawaii and to other places in the far-east, possibly to Singapore where they will fight alongside the British, but of course information as to what regiments are going and in what manner has not been released by the government.

On the European battlefield Hitler has discharged his ace general, Werner Von Brauchschik, and has taken command of the German army himself as the Russians continue to drive the Nazis back. Russia claims to be winning on all fronts.

In Africa the British forces have the German-Italian mechanized army bottled up between Derna and Bengasi, and unless it is reinforced or succeeds in breaking the British line for a retirement into Tripoli the Nazi force seems doomed.

## 'Help Get a Jap' Reads Sign in Court House

When George Satterfield, county treasurer, and his assistant, Clyde Baser, got ready to sell the 1942 license plates for autos, they decided the recent request from the governor that old license plates be turned in meant just that, so they placed a barrel in the lobby of the office for the reception of old plates.

A sign above the barrel reads: "Help Get a Jap; Leave Your Old Car Plate Here." Since the new numbers were put on sale they have received more plates than they gave out, since a number of motorists brought in plates for a number of years back. Frita Kuehl headed the list to date with an armload of his own and another armload he gathered at his father's old home in west Ord. A. J. Wise also brought in quite a number.

Plates were first sold Dec. 13, and F. J. Cohen, deputy sheriff, was the first purchaser, his number being 47-549. The number of licenses sold up to 4 p. m. yesterday was 283, with an hour to go until closing time. For the same date last year the number sold was 303. The treasurer's office will appreciate having you bring in as many old plates as you can.

—Mr. and Mrs. Nels Hansen and family and Mr. and Mrs. Thearon Nolte drove to Grand Island Sunday afternoon and had a look at the Yuletide decorations there.

## Mrs. Douthit's Brother Safe at Pearl Harbor

Mrs. Walter Douthit this week received a letter from her brother, Clarence Davey, saying that he is safe and well at Pearl Harbor, where he is a non-commissioned officer in the U. S. navy. Mr. Davey, formerly of Greeley, has been in the navy 16 years.

He wrote a long letter saying he was safe and well but the censor smudged out all except two short lines, Mrs. Douthit says.

Mr. Douthit has not yet heard from his brother, who is on Wake Island. He went there only six weeks before the Jap attack as a foreman for the construction firm doing defense work on the island.

## Lodge Dennice, No. 14, Ord, Elects Officers

At a recent meeting at the hall Z. C. B. J., Lodge Dennice No. 14, held their annual election of officers. In view of the fact that the nation is at war, it was deemed unwise to make any changes in personnel at this time, so all the officers were re-elected.

The officers are: Henry Vodehnal, president; Mrs. F. J. L. Benda, vice-president Mrs. Joe Rohla, secretary; F. J. L. Benda, financial secretary; F. J. Dworak, treasurer; Mrs. Rudolph Kerchal, conductor; John Polak, inside guardian; Joe Psota, outside guardian; Rudolph Kerchal, manager of hall.

The board of managers are Mr. Kerchal, Joe Novosad and Joe Rohla. This group is planning a Christmas party for the kid '42 at the hall Sunday evening, Dec. 28.

## Moisture Content of 1941 Corn Not as High As Feared

AAA Committee Has Hundreds of Applications for 72c Loan, Sealers are Busy.

Moisture content of Valley county's 1941 corn crop is not as high as was feared at first, says the AAA committee for this county. On samples so far tested moisture is ranging from 13.3 to 17.8 per cent.

A rush of hundreds of applications is keeping the committee and its sealers busy and another grain sealer, William V. Earnest, of independent township, has been appointed to help. Loan rate on first quality corn is 72c per bushel and on mixed corn is 70c per bushel. Where a tenant is sealing corn he must have consent of storage signed by his landlord or whoever owns the crib. Applications for loans may be made to the county committee either in person or by telephone.

The closing date on barley, rye and wheat loans will be Dec. 31, and all persons who want loans on these grains should make application at once.

## WAR, THEN AND NOW.

Again the people of the United States are at war, but the present war bears very little resemblance to the war in which we were engaged after the declaration of April 6, 1917. The younger generation might think there is little difference, but those who can recall the events leading up to the two wars can find many points of difference.

These differences are of great importance, as it is this difference that is going to mean much to America in the troublesome days that lie ahead. In 1917 we were a unified people largely because it was unhealthy for anybody to think contrary to the opinion of the general public, aroused to fever pitch by the greatest wave of war hysteria ever seen in America.

In 1916 the people of the United States had not seen a war for 18 years, and a comparatively small percentage of our total population was disturbed by the short and snappy Spanish-American war. In fact the regular trend of our national life was hardly disturbed at all.

The dozen or so veterans of that war in Valley county may have talked of the horrors of war but the people did not listen. The veterans of the War of the Rebellion might have counseled caution, but they were looked upon with pity as a bunch of doddering old fellows who had had their chance to fight and who did not want the younger generation to have that chance.

The hysteria for war began in America a year or two before we actually got into the conflict. It was augmented by the stories of wanton cruelty by the armies of Germany, very few of which had any foundation for truth, but which the listeners of America were anxious to believe.

This condition developed because so long as we were neutral those who wanted to talk on the side of Germany had the right to do so, and they did. Later when we got into the war, these same persons were persecuted unmercifully, even when good common sense should have told the people that they were loyal Americans.

Thousands of ordinarily sensible people thought indiscretion was the better part of valor, and they vented their spite on people who at heart were just as patriotic as they, merely because they happened to have a German name. Hate was fanned in the minds of our citizens until in some cases it was dangerous for suspected citizens to appear on the street.

But while the people were being baited on to relish war, practically no preparation was under way. With the exception of the very inadequate experience that the National Guard and other units received on the Mexican border, there had been practically no preparation for war until war was declared. The feeling of our leaders toward war was shown by the 50 dissenting votes in the house, and several in the senate.

Today it is different. For years, in fact, since the start of hostilities, the people of the United States and the United States government showed a determination to remain neutral, and the fact that we remained out of the conflict as long as we

did under the conditions existing is little short of a miracle. Through it all the people were calm.

Realizing what might come, our government put into effect the selective service act. Congress voted aid to Britain and we launched a mighty preparedness program. While we were thus busily engaged putting our own house in order, there came the blow at Pearl Harbor that startled all the world.

The people, the president, the Congress remained calm. We had been attacked. There was no question of what had to be done, and Congress did so in the quickest time and with the greatest unanimity every known. Two days later Hitler and Mussolini declared war upon the United States. The next day Congress declared war upon them.

The greatest compliment that can be paid the American people today is that they are calm. There is a job to be done, a job that will require hard work, sober judgment, clear thinking. No nation ever entered into a conflict in a better frame of mind to win. The enthusiasm of 1917 is missing, but a well-organized, well-disciplined public will accomplish far more than one in the throes of war hysteria.

Information already disclosed shows that Japan has paid three or four fold already for the lives she took at Pearl Harbor. Her hope of a quick victory by surprise failed. It may take months, possibly years, but in the end the battleships of Japan will be sunk and her people brought to their knees. Their leaders now realize this, and would give much to undo what has been done, but it is too late.

The world is at war today, and war will be prosecuted to a successful conclusion on the side of democracy. When that time comes, precautions will be made to the end that the conditions of today can never again be repeated. War will be outlawed in this world for all time to come. If this can be done, we cannot pay too high a price to win this war.

There are a lot of people living in Valley county, as well as elsewhere in Nebraska, who are subject to arrest at any moment. It is possible some of them actually do not know it, and those who do are not considering the situation as serious. Strangely enough, these people have not done anything.

Yes, people can be arrested for what they have not done, as well as for what they have done. The sin of omission of which they are guilty is that they have failed to renew their auto driver's license, and so to all intents and purposes, they have no driver's license at all. You wouldn't think of driving without any license at all, would you?

There are permanent licenses, marriage licenses, for example, which must be revoked by the courts before they are no longer in force. Most licenses, however, are for a stated period of time, such as hunting licenses and dog licenses. You would not try to hunt on a last year's license, and you would not expect an out-of-date license to protect your dog.

In a neighboring town recently, the authorities decided that the public had been given ample time and warning, and that it was time to crack down on those who had not complied with the law. Just what would be your status if the police here should take the same notion, an action which they would be justified in taking at any time.

And further, suppose you should decide to take a trip to some other part of the state, and should become involved in an auto accident enroute. Regardless of where the fault lay in the accident itself, the fact that you were driving with an out-of-date license would count heavily against you in the investigation. If you had not driven without a license you would not have been there, and there would have been no accident.

A state highway patrolman will be in Ord on the afternoon of the third Thursday in every month, holidays excepted, during 1942. The first date will be Jan. 15. The cost of renewing your driver's license is 75c and it is good for a period of two years. You cannot afford to take the chance of being arrested for the sum of 37 1/2c per year. Better get that license renewed at the first opportunity.

## A FEW THINGS TO THINK ABOUT

Written by GEORGE GOVEN

### Laying the Blame.

Merritt Fuson suggested a few weeks ago that my typewriter is in the pawn shop. That is not right and not the reason I have not been writing lately. The reason is that my daughter has gone trekking off to Scotia to school and has taken the typewriter with her. No one can read my hand writing and so if you can't read this, let me know.

A fellow should never try to raise children. (As if any one did.) Besides my daughter running off with my typewriter, I am trying to raise a young soldier and he is forever a source of trouble. Now I think he is a fine boy except that he eternally keeps me broke. He seems to have the notion that every time we go to town he must have a penny to spend, and I'll bet there have been a dozen times, after I gave him that penny, there was not a cent left in my purse. And the worst of it was, his conscience doesn't trouble him at all.

Of course these children are handy too sometimes. When they are gone to school, I find it the most convenient to lay my troubles to them. "Now where in hell did Dick leave that hammer," I'll say. "If he'd just shut that gate," I'll storm when the cows get out. Of course I don't dare make such remarks when they are home, but the worry occurs to me frequently, "How'll I get along when he has to go to war to shoot off some Jap boy that probably don't want to be shot either."

Well, that's that. I have had dozens of people ask me lately what my mother, who is in Long Beach, writes. In that we just received a letter from her today, I'll quote you a few lines.

"We are having exciting times here lately, but nothing of consequence to us. The first one or two black-outs, people did not get windows dark enough and the watch for that district came and told us. One night Nola sat in total darkness all evening. She went about stumbling over cat, chairs and everything else."

"A neighbor told about running into a garbage can and tipping over the contents on the floor. The cat and dog came and got into a fight while eating it. In getting the cat and dog out, this neighbor got covered with garbage himself and could not find the bathroom so stood around dirty for some time. After a half an hour or so he thought he could stand it no longer so turned on the light long enough to find himself. Then the watch came to the door and he got a good calling down."

"They have a watch for each neighborhood and Clifford goes the rounds with his. No one is supposed to be out for unnecessary things. Some say they now will have a chance to become acquainted with their own folks. Some think they would rather not have that intimate knowledge."

"Lots of people are afraid of invasion here and are talking of going to the interior."

"Another letter goes as follows: 'We are sitting waiting, wondering if we have a blackout tonight. None last night until late and we were all in bed and asleep and did not know it. People out things over their windows, if they have the things and if not turn out their lights and stumble around in the dark. The light must be clear out and no crack or ray showing. There has nothing happened yet but after it does people will be terribly afraid. Some are already hysterical but they are much looked down upon and so there is not much of that. As a rule no one acts as if it were much but many are going to the middle west."

"Nola lives out by the Douglas Air Post and that is a tremendous works. Buildings spring up over night—ditches, barracks, deep in ground frozen on top. The wreck burned and the pieces Gerald has are about as large as any that were left."

Money was more plentiful in Ord at the start of the last war than it is now, and none of the old timers will ever forget the big ball and auction of goods donated that was held for the benefit of the Red Cross. A lot of items were auctioned off at some extravagant prices, but the climax was reached when the auctioneer, the well-remembered Ray Burdick, put up a cake for sale. The bids went up and up, and finally it was knocked off to somebody for a huge sum. He then cut the cake into pieces and offered them for sale again. By the time they were through that cake had brought about five thousand dollars, if memory serves rightly, and if the old Quiz of that time don't lie.

Joe Rohla and Syl Furtak have kept right on with their good work in marking off the parking spaces on the pavement, and now they have marked the safety zones so you know where you are at when you cross the street. This does not mean that you are safe, however. It means that if you happen to get killed when in a safety zone, the other fellow will be to blame, maybe. Don't forget to stop, look and listen as you always did before you start across the street, and remember that the fellow who gets both legs broken jaywalking hasn't a "leg to stand on."

## Laying the Blame.

News from Afar.

There are acres of autos, that men have taken out. I cannot describe the immensity of things everywhere and the speed the works are put in. The buildings are quite a space apart, I suppose so they would not be all blown up if one is. There are great underground tunnels and switches from one to another, I suppose.

Buses, besides cars, come three and four at a time and often. They have doubled their number since the declaration of war. Love Grandma."

Remember This Person?

Above is shown a young lady who is much older now than she was when the picture was taken, although she is just as strong for Uncle Sam as ever. Looks as though somebody ought to guess who she is.

We took a rather unfair advantage of Quiz readers last week when we published those four men. They are really four pictures of the same man, who is J. Morton Andersen, now living at Ashton, Ida. Ed Beranek took a try at it just 12 minutes after 5 o'clock Wednesday evening, and guessed they were the Adamek brothers. Forrest Johnson got the same idea Thursday evening.

IT HAPPENED IN ORD. Last Wednesday at about 12:45 p. m. the fire whistle suddenly started to blow, not as a siren but with a steady, continuous toot. Everybody who heard it came out doors and looked to try to figure out what it meant. Vern Stark was at the dinner table. He dropped his knife, scattering the peas upon it all over the floor, and made a beeline for the city hall, arriving there in six seconds and eighteen jumps. He hopped into the city gadabout and rushed to the light plant, where he found and corrected the trouble in short order. The city plant has a record for efficiency, and Vern is one of the reasons for that record. We doff our hats to him.

## Lillian Karty Honored.

The issue of Creighton University's paper, the Creightonian for Dec. 17 was edited by an all-girl staff chosen from the school of journalism. Miss Lillian Karty was given the job of makeup editor. Recently the boys put out an issue of the paper, and after the holidays the winners of the best edition will be announced. Here's betting on the girls.

Private Harold Smith, who prior to his induction into the army several weeks ago lived in Ord, is reported to have completed his basic training at the Cavalry Replacement Training Center at Fort Riley, Kas., and will now take his place in one of the U. S. Army units.

Mr. and Mrs. E. C. James and their daughter, Mrs. Robert Skinner and husband, of Herman, left Saturday by auto for San Diego, Calif., to visit their son and brother, 1st Lieut. Ralph James, of the U. S. Coast Artillery. They also planned to visit another son, Sergeant Ernest James, of the Military Intelligence service, who is located at Camp Ord, in the San Francisco area. Sergeant James is anticipating being sent to the Philippines or some other far eastern post in the near future.

Virgil Cuckler has been accepted as a Radioman, 2nd Class in the U. Holders of amateur radio licenses who could qualify physically and mentally were eligible for this school, and when he completes the course Mr. Cuckler will receive a promotion to Chief Radioman.

Edward A. Jurzenski, who is stationed with the regular army at Camp Grant, Ill., arrived Friday to spend his Christmas holidays at the home of his parents, Mr. and Mrs. Frank Jurzenski, and with his brother-in-law and sister, Mr. and Mrs. Maurice Curran, at Greeley.

Private Roland M. Zulkoski has just arrived at Camp Polk, La., from the army reception center at Fort Leavenworth, Kas. He has been assigned to the 45th Medical Battalion commanded by Lieut. Col. F. T. Chamberlain,

## Nimitz Head of Fleet.

It was announced Thursday morning that Rear Admiral Chester W. Nimitz, U. S. N., had been detached from his present duty as chief of the bureau of navigation and assigned to duty as commander in chief of the U. S. Pacific fleet in place of Admiral Husband E. Kimmel. This is of special interest in Ord because of the fact that the telegram received by W. B. Paddock informing him of the loss of his son was signed by Nimitz.

## County Agent Notes

**Plans for Poultry Feeders.**  
Laying hens must have plenty of feeders if they are to eat plenty of feed and produce more eggs. Poultrymen have a real problem on their hands when they seek to buy feeders, because steel is hard to obtain and retailers of poultry equipment often have no steel feeders in stock.

One answer to the problem is to build feeders out of wood. Plans can be obtained without charge from the Agricultural Extension Service, College of Agriculture, Lincoln, or from the agent's office. Just ask for Circular 1441, "Poultry House Equipment," or Circular 1433, "For Lower Egg Costs".

Often feeders can be built from scrap material which costs little or nothing. Some lumber yards are doing flock owners a good turn by making up kits of parts for feeders, so that all a buyer has to do is assemble each feeder with nails.

J. R. Redditt and J. H. Claybaugh, extension poultrymen at the Nebraska College of Agriculture, advocate four feeders, each four feet long and built so that hens can feed from either side, for each 100 hens.

Application blanks for obtaining Clarke-McNary trees for 1942 planting can be obtained at the extension office. Farmers who are interested in obtaining any of the twenty species of trees that will be available will find a description of each on the application blank. The blank also gives directions for planting and growing trees successfully.

## When Raid Alarm Sounds Oakland Citizens Do This

The following rules for conduct in case of air raid alarm were printed recently in a copy of the Oakland, Calif., Tribune. It will serve to give an idea of what might even happen here in Ord before the war is over.

In conformity with the simplified air-raid warning system for nine Bay counties, changes were made in the local raid-alarm plan today. The modulated (or variable) wall of the Tribune siren for a two-minute period will be the signal for the blackout and to take cover.

In other parts of Westbay there will be short whistle blasts or similar siren soundings for the same length of time. The signal will be given approximately seven minutes before planes are expected overhead, but there may be occasions when much less warning time will be given. "All clear" will be sounded by the blowing of the same sirens or whistles at the same pitch for two minutes. This is what you are instructed to do:

Stay at home. Turn out all house lights. When bombs fall lie down on the floor away from the path of flying glass or other fragments. Normally the basement is a safe place to be. Motorists should pull into the curb, turn out lights, get under cover and lie down. Stay off the streets and crowded places.

If incendiary bombs fall on your home, cover them with dry sand. Keep sand bags in your home. Keep garden hose attached to faucet if possible. Play only a fine spray of water on bombs. A jet or splash will explode them.

Fill your bathtub and all buckets with water under raid conditions in the event water mains are broken. Locate the nearest fire alarm box and use it instead of a telephone.

If there's a gas attack, go to the room in your house with the least number of doors and windows. Paste paper over the windows, stuff cracks in doors and windows with rags. Keep blacked out until the all-clear signal.

## Season's Greetings

To patrons of the Ord Light and Water departments, and to citizens of Ord in general, we wish to say "Merry Christmas" and "Happy New Year."

It has been a pleasure to serve you during 1941, and your cooperation has made it possible for us to perform many public services and make many public improvements, useful and beneficial to visitors and to the public at large.

During the months of September, October and November when we operated our own diesel-equipped plant we found it possible to discount your electric bills 50 per cent instead of the customary 33 1/3 per cent, which resulted in a saving of thousands of dollars to our people. Seasonal reduction in water charges also was made, so trees and shrubbery might be saved. Water district extensions have continued, streets have been re-graveled, work at the athletic field was completed, a new parking system was adopted, many properties were restored to the tax rolls by statutory methods, and other improvements were accomplished successfully.

We pledge ourselves to serve you faithfully and to the best of our ability during 1942, and we ask for a continuance of your cooperation and your confidence.

# Burwell News

Written by Rex Wagner

An over-weight Santa Claus whose conversation strangely resembled that of a fat boy who lives in the community appeared at the Christmas program given by the pupils of Lone Star school Friday night. The entertainment was directed by the teacher, Miss Virginia Lindsay. A full house was in attendance. Mrs. W. L. McMullen and Mrs. Fay Livermore and their daughters were Grand Island visitors Saturday.

The clerks in McMullen's store have been most unfortunate during the Christmas rush. Miss Lulu Walker has been confined to her bed for a week with a seige of the flu. Bill Majors took sick Sunday and was unable to work Monday. Friday, right when the clerks were the busiest, Billy McMullen, Jr., stepped on a nail which has greatly impaired his efficiency.

The four year old son of Mr. and Mrs. Ed Dubas fractured his left leg Saturday. He was brought to Dr. Smith who set the broken bone.

Frank Hansen who is a student at the Hastings College is spending his Christmas vacation with his parents, Mr. and Mrs. Elsie Hansen.

A son, who has been named Stanley Eldon, was born to Mr. and Mrs. Mike E. Hulusky on Thursday. Dr. Smith was in attendance.

A daughter was born to Mr. and Mrs. Eldon Welton Saturday with Dr. Cram in attendance.

The people of Burwell have received their usual Christmas present, free electricity, during the month of December, from

the village board. This is the seventh year which Burwell residents have been so favored. Elsie Hansen, the manager of the municipal utilities says that the patrons used about \$650.00 worth of electricity during the month. The usual bills were sent out marked "paid".

Mrs. Neal Sloan was hostess at the Sewing club Christmas party Thursday afternoon. Each lady brought a gift to put under the tree. The table was beautifully decorated with a brilliant poinsettia centerpiece, snow flecked alternating red and green Christmas tree favors, and poinsettia napkins. The lunch carried out the holiday motif, a sparkling red and green salad, Boston brown bread sandwiches red and green star mints.

The Domestic Science members did not forget others at their Christmas party Wednesday at the home of Mrs. Ralph Walker. They donated five dollars to the Red Cross fund. Then, remembering children, they gave twenty-one nice toys to D. C. McCarthy, FSA supervisor, for distribution to children. Mrs. Everett Johnson, lesson leader, introduced Miss Anna Cameron to review a humorously amusing Burns-Mantle play, "Life With Father." Mrs. Virginia Grunke-meyer, a guest, played "Silent Night," "Little Star of Bethlehem," and "Jingle Bells" while the others sang the carols. The hostess served green and white ice cream with white cakes. Favors were little red tree candles which were very effective when lighted on each tray. The next meeting will be at the home of Mrs. Andy Snyder with her daughter, Mrs. Paul Banks, hostess.

Mr. and Mrs. Orville Marquardt and small son, Duane, left Sunday to spend the holidays with her parents, Mr. and Mrs. Schultz, of Colby, Kas.

## Contouring An Approved Farm Practice

This photo was taken in southern Nebraska on the afternoon of June 8, 1941, following a 6-inch rain the evening before. The conservation of water is the greatest benefit derived from contouring gentle slopes, while the conservation of soil is generally the main objective for contouring.

Farm implements such as grain drills, planters, cultivators, plows and listers leave depressions and ridges in the soil which when on the contour, tend to hold back runoff water and permit it to soak into the ground.

A 7-year experiment recently concluded on a nine per cent slope with 25 inches of rainfall showed a soil loss of only 36 tons per acre by contouring compared with a loss of 195 tons by up-and-down hill listing. Up-and-down hill farming lost nearly six

times as much soil as contouring. Water loss was seven times as great and the average yield of corn was ten bushels less per acre. A 4-year experiment with 17 inches of rainfall showed a 25 per cent yield increase by contouring sorghum on a four per cent slope.

Since one inch of water on one acre weighs 113 tons, fields must be properly surveyed or breaking over may occur which may damage the field. Additional practices such as terracing or strip-cropping are generally necessary where contouring is to be continued.

Fifty-one Nebraska farmers estimated an average saving of ten per cent in power or fuel by contouring in 1940. In addition to these advantages of contouring, there is also less washing away of seed and young plants.

at Pearl Harbor, is safe. Everett is well known in Burwell, being the grandson of the late Mrs. Druzella Hopps. He has been in the navy fourteen years. The teacher was burned on the forehead and Miss Irma Gideon sustained a small burn on her arm. The steam in the lower part of the double boiler became so great that it ejected the upper part of the kettle and threw hot liquid on the students and teacher who were nearby.

Mr. and Mrs. Vernon Stanton were visitors in the Ralph Spierling home Thursday evening. Country people again turned out enmasse Friday to help an unfortunate neighbor, Garland Davenport, who has been sick for several weeks of an infection in his throat following the extraction of a tooth. Twenty-five men appeared at the Davenport home early in the morning to pick corn. ## BACK FORTY

By J. A. Kovanda

Most everybody has seen the town's donkey, or heard him bray. This fine Momett jack owned by Otto Radil has sired as many as 97 mule colts in one season, and will be doing his bit for defense in 1942.

There is an alarming shortage of young horses in the country, and the mule situation is even worse. In order to maintain present mule population, there should be 4 times as many young mules as actually exist. The army still uses lots of mules and is buying more of them up.

A half-million extra horse colts are also needed. It is doubtful if farm implement manufacturers can secure mate-

rial to build enough tractors next year, or provide all the necessary repairs.

More horse-drawn delivery carts are now being put to use in urban centers, due to the ban on new tires, and pressure campaigns to save gasoline and oil. The greatest displacement of horses has occurred in cities. Only one-fourth of all farms in the U. S. have tractors. In Nebraska there are tractors on 53.4 per cent of the farms.

The warring European countries are users of horse power for agriculture. Many of their horses have been slaughtered for food or lost on battlefields. After the war, there will be a demand for American horses in Europe.

Even if the war stops in 1942, re-arming will continue, and the shortage of civilian goods will increase, because this country can never again risk being caught so unprepared.

WRITTEN BY MRS. ETHEL HAMER

Numerous activities marked the Christmas season the past week beginning on Wednesday evening with the PTA meeting when the grade rooms gave Christmas plays. No business meeting was held. The first and second primary rooms gave a two act play, "Christmas in Mexico." Teresa Tolbert and Mervin Meyers with their children, Jeneanne Brennick and Joe Babcock were forced to remain in Mexico over the holidays and the children felt very badly till Barbara Hudson, Russell Kerr, Gladys Clement and Ronald Goodrich, a Mexican family, showed them how Christmas was celebrated in Mexico. Janet Coleman, Idona Vodehnal, DeLores Cox and Beverly Knapp, dressed in Mexican costumes gave a dance and a group of children sang several songs. Realistic Mexican scenery added much to the play. Teachers for these rooms are Agnes Manchester and Beulah Porter. Phyllis Babcock acted as accompanist.

Between this play and the fifth and sixth grade play Roger Johnson led in the singing of carols with Mrs. W. G. Johnson at the piano.

"Santa and Son" was the play presented by the fifth and sixth grades. Myles Nelson and Corrine Meyers as Mr. and Mrs. Santa Claus with Gerald Manchester as their son, Junior, were at their home at the north pole. Santa mystified as to where all his toys were disappearing to and Junior and his playmates the gully parties. Junior wanted his father to be modern and drop checks instead of toys and at last persuaded his parents to try it out. Just as he was about to start a group of children appeared, looking for Santa to protest that they preferred the old way. Santa quickly changed into his red suit but had to wear a false beard because Junior had insisted he shave his real one.

The seventh and eighth grades gave "Christmas Without Patsy".

Grace Sims was Fatsy, who left home just before Christmas, supposedly to visit her aunt and then came back masquerading as the new maid. Her father and mother, Wayne Barber and Donna Manchester and her brothers, Dale Hawkes and Kenton Kerr, as well as her girl friend, Phyllis Babcock and her boy friend, Charles Goodrich, all found how essential to their happiness Patsy was and she revealed her identity. All three plays were well given and showed much extra effort on the part of both teachers and pupils. Marcia Rood is fifth and sixth grade teacher and Hazel Stevens is the seventh and eighth grade teacher.

Friday morning all the grade rooms had their Christmas trees and gift exchange, the home ec class had a taffy pull and a chicken dinner was served in the lunch room at noon. At two in the afternoon school was dismissed for a two week's vacation and all went to the Strand where the girls glee club sang carols before the opening of the show which was free to all the children. Most of the rural districts were also dismissed for the afternoon. The drawing for the prizes was held in front of the Strand. Business houses were busy all afternoon taking care of the crowd. The IGA served coffee and the radio operator from KGFW at Kearney was present and made a man-on-the-street broadcast.

Saturday morning the choir of the Seventh Day Baptist church gave the cantata, "The Christ Child", under the direction of Mrs. Harlan Brennick. Solo parts were taken by Mary Babcock, Ruth Babcock, Roger Johnson, Dell Barber and Marlon Mason. A quartette composed of Mr. and Mrs. Russell Barber, Muriel Hamer and Junior Maxson sang one number. Mrs. W. G. Johnson and Mrs. A. H. Babcock acted as accompanist and Mrs. Roger Johnson as leader. The church was beautifully decorated, the work being done by Mrs. Charles Fuller. About thirty-five voices were in the choir.

Tuesday evening the Seventh Day Baptist sabbath school will give their Christmas program and Wednesday evening the pageant, "The Nativity", will be presented at the Methodist church.

Thursday evening the fire whistle was blown because George Sample had wandered away from home and could not be found. Mr. Sample is not well and does not often leave the house unless it is to go to the post office but about seven o'clock when he did not return his family became alarmed. Searching parties went out in all directions and about ten o'clock he was found near the

highway southeast of town. W. T. Hutchins and Edward Christensen found him. Mr. Sample was not wearing a coat and was badly chilled and exhausted. He had scratched his hands and his clothing was torn from climbing through fences but does not seem to have suffered any ill effects.

Mr. and Mrs. W. H. Elley left Friday for Merriman where they expected to spend the night before going to their homes in Deadwood and Hot Springs, S. D., where they will spend their vacation.

Miss Lulu Baugh went to her home at York Saturday to spend the vacation. Before leaving she moved from the home of Mrs. A. H. Crandall to the Orville Portis home where she will stay after her return.

The John Manchester family received a letter last week from Mrs. I. J. Manchester of Parkdale, Ore., which told of the arrest of a Japanese there who had made plans to poison the water supply of the village. He had a child in school who told that his dad was going to poison the spring and authorities caught him with the poison on him.

Mr. and Mrs. Harry Van Hoesen left Thursday afternoon for Escondido, Calif., where they expect to spend the winter.

Mr. and Mrs. Frank Schudel and Merlyn left Saturday for Santa Ana, Calif. They were driving three new cars which Mr. Schudel has sold in California. They will drive their own car back after a two week's vacation.

Dorothy Brannon, who is attending business college in Lincoln came home Friday for the Christmas vacation.

Roy Larkin who has been working in Kansas has returned home.

George Cook, LaVerne Hutchins, Jeneanne Barber and Harriett Brown, Kearney college students are home for holidays. Beulah and Lila Porter went to Ord Friday where they will spend the vacation with their sister, Mrs. Jack Romans and family.

Otto Bartz is recovering from his accident and is able to be about some.

Merle Davis is assisting in the care of George E. Johnson, who is somewhat improved since he suffered a stroke last week.

Mrs. Nels Jorgensen is assisting in the IGA store while Mrs. Hutchins and Richard are in quarantine. Dean and Dale did not take the scarlet fever and are still with their grandparents, Mr. and Mrs. G. L. Hutchins. Orin Schieder left Saturday for his home at Hallam.

**MERRY**  
**CHRISTMAS**  
and **HAPPY NEW YEAR**

It's been only a few months since we brought Blue Ribbon Beer to Ord ON DRAUGHT but in that brief period it has made many firm friends. To all of you who know and like good beer, Blue Ribbon joins with us in extending Greetings of the Season.

And it is going to be a great Christmas, a real Christmas, a happy Christmas. Most of us are healthy, most of our farmers had pretty good crops and pretty good prices, and even if none of us did enough business to get rich we made enough to keep a-going.

Our country is at war and every one of us is ready to pitch in and do whatever task is assigned to us. We're not down-hearted because we know we're going to win, and every one is ready to make whatever sacrifices are necessary to triumph.

During this happy holiday season let's forget our worries and relax in the pleasures of Christmas. There is no better way to do it than in a foaming glass or stein of this great Blue Ribbon Beer which we have the honor to serve exclusively here.

Our Parlor is a good place for men and women to relax and enjoy themselves. We conduct it that way. Here you'll find Blue Ribbon beer at its best—handled properly from the time it leaves the famous Pabst aging room until we serve it to you. Here also you'll find good food prepared at our lunch counter. You'll find good music, good fellowship and good friends. We hope all of you will come in and see us during the holidays and let us tell you in person what we are trying to tell you here: We wish you all joys, fine health and great prosperity, now and in the months ahead.

'Twas the NIGHT Before CHRISTMAS

HELLO, Santa Claus. We've been waiting for you all year, and we've been very, very good, haven't we, Anne? And we're awfully glad you've come! Did you bring us the things we asked you for? And don't forget to fill our stockings, will you Santa Claus? They're hanging up over there by the fireplace—

Say, Santa Claus, is it true that your reindeer don't have to go very far this Christmas? We heard that you'll only be visiting a few countries this year and that the little boys and girls in Germany and Italy and France and Czechoslovakia and lots of other countries won't get to see you at all. Is that true, Santa Claus? Aren't they going to get any toys or clothes or books or anything? Won't they be waiting for you?

MOTHER said that in most of those countries when children's mothers wanted to fix a Christmas dinner they had to use ration cards at the butcher's and the grocer's, and that even then they just got barely enough to eat. We're going to have roast turkey and lots and lots of other things—

I guess we're pretty lucky, aren't we, Santa Claus? I mean we're lucky that you still come to America and that we have a regular Christmas just like always. I wouldn't care if you didn't bring me anything at all—we-I-I-I, hardly anything—as long as we can still wait for you and know for sure you will come, and we can go to Church on Christmas and have swell dinners and all like that."

Bobby and Anne are lucky. They're lucky to be Americans, lucky to be celebrating an American Christmas in the American way. They're lucky that their parents can shop when and where they please, that there are American newspapers that help them to save money and time on the things they buy, thru Advertising. They're lucky that there is a Christmas in America. They're lucky that there is an America.

The Ord Quiz wants to wish you a truly merry Christmas. We hope that it will be a glad one and that the New Year will bring "Peace On Earth—Good Will To Man!"

Plentiful Supply Of Food Forecast

Few Exceptions Are Found In Outlook for Year.

WASHINGTON.-An agriculture department inventory of the country's food supplies, both on hand and now being grown or processed, indicates that with a few possible exceptions there should be plenty for the next 12 months.

Present stocks of most foodstuffs were said to be larger than they were a year ago and crop conditions were described as favorable for the production of supplies sufficient to last well into 1942.

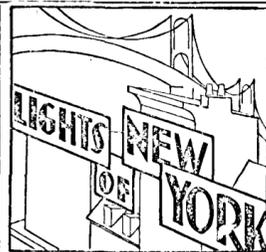

Farm officials were concerned, however, over an adequate supply for the remainder of this year and next year for some foodstuffs for which there is an increased demand both in this country and in Great Britain.

These products include some types of dairy and poultry products, pork and lard, some classes of canned vegetables and some foods of lesser importance brought from distant places.

Special price-supporting programs have been begun by the department to obtain larger production of dairy, poultry and meat products and vegetables.

The department acknowledged that prices of many foods have risen sharply this year, despite the favorable supply outlook. It said the advances could be attributed largely to increased consumer buying resulting from defense re-employment and a larger export demand for many commodities not normally shipped abroad in large quantities.

The price rise has been consistent for all foods, except cereals and bakery products, which are somewhat lower than a year ago.

By L. L. STEVENSON

Service: A newspaper friend, who works from 4 p. m. until midnight, reached his home in a suburban section about 1:30 the other morning. As he intended to leave on a fishing trip in a few hours, he parked his car in front of his house with the gasoline tank almost empty. At five, he arose, assembled his tackle and went outside. The car was gone. So he started for an all-night drugstore to report the theft to the police. Within a block of his residence, he came on his car parked at the curb. Not only was it undamaged, but the gasoline tank had been filled to capacity and on the back seat was a full five-gallon can. Also there was a spare wheel with a brand new tire. Whoever had taken the car had plainly made preparations for a long journey. But what brought about a change in plans my friend has been unable to find out.

Doubles: Here's another motor car story with court records as proof of authenticity: Weary from a long night of band leading, Teddy Powell was speeding home from New Jersey. Out of the shadows, sputtered a motorcycle and a cop edged the maestro over to the curb. "Honest," said Teddy, "I'm driving fast because I am tired and I want to get home. I'm Teddy Powell, band leader."

"Oh, yeah?" responded the officer. "We arrested the real Teddy just an hour ago."

At the station, the truth came out. The trombonist in Powell's band, when stopped for fast driving, had given the name of the leader and had been released immediately. So the real Teddy Powell had to pay a double fine. What happened to the trombonist at rehearsal next day is not a part of the court records.

Mystery: Lillian Hellman, author of several hits including the current "Watch on the Rhine" and "The Little Foxes" of several seasons back, was the guest of honor at a cocktail party following a special preview of the movie version of the latter play. While she was surrounded by admirers raving about both the play and movie, a young research worker for a magazine fought her way forward and was introduced.

"Oh, Miss Hellman!" she gushed. "I've been wanting especially to meet you. There is something I wish to ask you."

"Yes?" inquired the playwright. "How do you manage to smoke through your veil without burning it up?"

Slueth: One of the elevator men in the building that houses District Attorney Thomas E. Dewey's office has high hopes of some day joining the prosecutor's staff. Bred in the most elegant detective story manner he flippantly refers to machine guns as "typewriters" and bombs as "pineapples." When a tall, dark and well-dressed man carried a violin case into his car recently he immediately became suspicious and demanded to know what he had. The stranger obligingly opened the case and revealed a violin. He was Richard Korn, Dewey's former assistant, who gave up a career in law for one in music.

Safety First: The foregoing brings to mind Raymond Scott, band leader and composer of wacky works. He sent a package to his office with the label, "Infernal Machine." A hysterical secretary, glimpsing the label, promptly hurled the bundle out of the window. When Scott showed up he was nettled no end to learn that the manuscript of his latest composition, "Infernal Machine" had been thrown away immediately on its arrival. He has made a resolution now to keep his staff informed of the tags he attaches to his compositions.

End Piece: Having started with a yarn about a car, might as well finish up with one: Never having been there haven't had an opportunity to check, but Edward Trevor reports that in Sao Paulo, Brazil, motorists pay a fee each year to safeguard their autos against thieves and damage while parked. The driver hands over \$1, a small metal tag is attached to the radiator and he is safe for the next 12 months. A special force of police is maintained by the city solely to protect automobiles bearing the tags. (Bell Syndicate-WNU Service.)

1797 Ship Again On 'Piracy' Hunt

Ancient Frigate Becomes Second Flagship for Admiral King.

WASHINGTON.-As a fitting symbol spanning two wars of piracy a century and a half apart, the navy department has given Admiral Ernest J. King, commander-in-chief of the Atlantic fleet, a second flagship, the 144-year-old 30-gun wooden frigate, U. S. S. Constellation.

Admiral King, whose flagship, the cruiser U. S. S. Augusta, heads the far-flung neutrality patrol against Nazi submarines and raiders, will use the Constellation for administrative work when in port.

The four-star flag of Admiral King will fly from the 9,000-ton Augusta when at sea in search of what President Roosevelt has termed the high-seas "piracy" of Nazi Germany.

Flies Admiral's Flag. In port, the flag will fly from the venerable Constellation, one of six 1,200-to-1,000-ton frigates built by congress in 1797 to blast Algerian and Tripolitan pirates preying on American merchantmen in the Mediterranean at the behest of the Dey of Algiers, alias the King of Kings, alias the Perfume of Paradise.

High point of the 10-year service of the Augusta, which mounts nine eight-inch guns and carries four airplanes, came two weeks ago when President Roosevelt and Prime Minister Churchill met aboard Admiral King's flagship for the historic conference on means of halting Nazi tyranny and piracy.

High point of the Constellation's service, also linked with piracy on the seas, came in 1799, when the frigate did much to end French privateering in the West Indies.

Fought in Tripoli War. Meeting the French 30-gun frigate Insurgente off St. Kitts in the Caribbean, the "Yankee race horse" as the Constellation was called, poured broadside after broadside into the French vessel, forcing it to strike colors after casualties of 29 killed, 43 wounded.

The Constellation lost but two men killed and three wounded. The Constellation, in addition to fighting in this short war with France, participated in the war with Tripoli, the War of 1812, cruised for pirates in three oceans, and, in the Civil war, sought Confederate vessels in European waters.

For 70 years the Constellation has been a training and "museum" ship. It is now stationed at Newport, R. I. As an honor to the old sailing vessel, President Roosevelt placed it in full commission a year ago. Command was given to Lieut. John Davis, United States navy, retired, possessor of the Medal of Honor for cutting cables under heavy fire off Cienfuegos, Cuba, during the Spanish-American war.

Sixty-two-year-old Admiral King for six months has been commander in chief of the Atlantic fleet, regarded by naval officers as the "hottest" spot in the service today.

Parish Boasts of Mines And Usual Farm Produce

POINT A LA HACHE, LA.-If your country is above average in the diversity of its agricultural and mineral produce, and if people like orange, wine, notify officials of Plaquemines parish in Louisiana pronto.

Because 100 gallons of the fluid in question might be in the offing, or its equivalent in citrus fruit. The Plaquemines parish police jury has offered a standing wager of the golden liquor that there is not another province, county or parish in the world producing as wide a variety of food, minerals, and other essential commodities.

Briefly, here's what the opponents of Plaquemines have to beat: oranges, sugar cane, rice, vegetables, Easter lilies, fish, oysters, shrimp, muskrat, sulphur, oil salt and probably other things.

Husband Celebrates and Again Loses Freedom

CLEVELAND.-Judge John J. Busher looked down from the bench in police court and asked Arthur Priebe, 46, why he was found in the gutter.

"I was celebrating my twenty-second wedding anniversary," the defendant replied.

"Do you think that's a proper way to celebrate it; getting drunk and rolling in the gutter?" Judge Busher asked. "By the way, where is your wife?"

"We've been separated three years," said Priebe. "Thirty days and costs," said the judge.

**++ Something Different ++**

With the war, we have each found new causes for worry. Every radio news bulletin brings anxiety to more hearts, and war news oppresses us all, even though we have no member of our family in the service of our country.

I don't mean to be Pollyanna, but we do have many causes for thankfulness yet. We do have real reason to celebrate Christmas and to feel a holiday spirit. Many of the things we have taken for granted for so long might well be counted over now like a rosary.

Look in your own family. Your children are well and their cheeks are rosy. They can sleep at nights, they can play happily day times, they have many toys and they will get more. Schools and churches are operating as usual, (but they aren't in some countries).

We have coal, we have sound roofs, we have warm clothing. Our cars work, and we are permitted to use them. We are planning holiday feasts.

Perhaps we will soon be looking back to these days as the time of happiness and peace and plenty, trying to remember what they are like.

There is always someone less fortunate than we. Yet oftentimes these people are much more cheerful and accept life with a far better grace than do we. Look about you and for instance...

Little Ellen Catherine Satterfield has had a childhood marred by much illness. Time after time she has had to miss school. But she kept a sweet temper through it all, she studies hard so that her classmates won't get ahead of her.

And the same goes for Barbara Andersen; she has bravely faced her troubles and now at long last is about to get the best of them. She has eagerly taken part in campfire work, she rides a bicycle happily with the best of them.

Recently I had been thinking often of Harry Dye. I felt sorry for him. His wife died a few months ago, and he is left alone in his little white cottage. But I hear that he is a good housekeeper and takes pride in keeping his house neat... with one hand. And not one grumble from him. A daughter comes in to get his laundry and do it for him. I wonder if I would do as well.

How people fight to build a normal life.

The marvel of all who know him is the young man in Elyria with no hands on either arm. He learned to do almost anything any of us can do. He can make change from his pocket; he can shuffle and deal cards, for instance.

It is amazing how lucky most of us are all the time, and never appreciate it.

It is like our teeth: the only time we think of them is when one of them aches. The good sound teeth do not get much attention.

Or, it is like the news. The people who are behaving themselves don't make news. But an embezzlement, a murder, an accident, or the misbehaving of a nation such as going to war... those items are news.

Not news, perhaps. Not something different, either. But I do wish you, most sincerely wish you—

A Merry, Merry Christmas.—Irma.

**CHRISTMAS, 1941**

John L. Ward

I wonder what Santa Claus thought

When he came here on Christmas night;

O'er all the world battles are fought,

Men dying for home and for right;

And not knowing just what they do,

Men are dying for wickedness, too.

\*\*\*

The forces of might all will fall

But the way we must travel is long;

For God and His Way will prevail,

We will some day hear Victory's song:

On the road of the Future are tears;

We must follow it down through the years.

\*\*\*

But some day the battle will cease,

The test of our might will be o'er;

All races will then be at peace

And nations will war nevermore;

All people will learn to respect

The God whom they now so neglect.

(Dec. 23, 1941)

**Other Nebraskans Are Killed by Japanese**

From the Quiz exchanges last week we learn of the death of a number of other Nebraskans in action recently, presumably at Pearl Harbor, although one, James Kerr, formerly of Ansley, lost his life in action in the Philippines.

Naval Lieut. Stuart F. Lomax of Broken Bow, lost his life in Hawaii Dec. 7. Lieut. Lomax graduated from Annapolis in 1940.

Gerhard N. Holm, son of Rev. N. J. Holm of Hazard, was among those killed at Pearl Harbor Dec. 7.

Henry W. Blankenship was the first Nebraskian to give his life for his country in the war. He had been in the navy 13 years.

Edward M. Durkee, 34, of Bellwood, is listed among those who were lost.

Others reported officially to be lost are Frank Bartek, Jr., of Wahoo, Clarence Frederick Haase of Crete, and Murray Penhollow of Wayne.

It is pleasant to note that many of the papers are mentioning the fact that men known to be at Pearl Harbor Dec. 7 have been heard from, and are alive and well.

**Shake-up in Hawaii**

**Dfenses Is Ordered**

As a result of the Japanese attack on Pearl Harbor and Honolulu and Secretary of the Navy Franklin Knox's trip of investigation, three men were relieved of their commands in an announcement made public last Wednesday evening.

They are: Rear Admiral Husband E. Kimmel, commander of the United States fleet and by special order commander of the Pacific fleet; Lt. General Walter C. Short, commander of the Hawaiian department; Major General Frederick L. Martin, commander of the army air corps at Hawaii.

Replacing these men are: Lt. General Delos C. Emmons, re-

lieving Short in the Hawaiian department; Gen. C. L. Tinker, taking command of the air corps; Rear Admiral Chester W. Nimitz, assigned as commander of the United States Pacific fleet. Later Admiral Ernest King was named commander-in-chief of the whole U. S. navy.

A board headed by Associate Supreme Court Justice Owen J. Roberts has been appointed by President Roosevelt to make an on-the-spot investigation of the Pearl Harbor incident, and they are now on their way to Hawaii to make an investigation and report.

**Neil Petersens Return from Stay at Ogallala**

It got so cold they had to stop work for the winter. Mr. Petersen came there from Shoshone, Ida., where he had been employed for three months, and Mrs. Petersen joined him.

They made their home at Ogallala with Mr. and Mrs. Walter Schau. Mrs. Schau is a sister of Olof Olsson. Mr. and Mrs. Larry Botts and Mr. and Mrs. Vincé Koziol of Ord are also at Ogallala. The Petersens also visited Lucina Burdick Pierson and family at Sutherland, and Mrs. Georgia Burdick Wood and family at Ogallala.

**Now Century Old.**

James Hill, the foremost citizen of our neighboring town of Albion, reached the century mark Tuesday, Dec. 16, and a big celebration was held in honor of the occasion. The Albion high school band played a number of old time selections in his honor. Mr. Hill is one of the few remaining veterans of the Civil war.

**No Fear of Enemy.**

To the Editor of The Quiz:

Our subscription is not out yet, but I am enclosing \$2 to take advantage of your special offer. I look forward to getting the Quiz each Monday morning soon after I get my washing done, then sit down to rest and read the Quiz. The main news we get now is war news. We have had two real blackouts.

When the siren sounds you can see by the enclosed rules published in the Oakland Tribune what we have to do. Oakland is beautifully lighted and it makes a feeling come over one when you see every light go out, one after another, until all is in total darkness, and hear the roar of many planes not knowing if they are our planes or those of the enemy. We are not worrying. We feel everything is well organized and that we will win out very soon.

Christmas

Against the background of Christmas is the ideal of a world at peace. This ideal has nourished the Christmas joy of countless millions since the days when shepherds first tended their flocks on the plains of old Judea.

May you all enjoy a truly Merry Christmas this season!

Give \$5 to Red Cross. The Cosmopolitan club, has made a special donation of \$5 to the Red Cross, this being the profit made on its recent football banquet. In a letter to Mrs. George A. Parkins, drive chairman, Cosmo president Kenneth Draper said that prior to this year the banquet failed to pay expenses, but that by doing their own draying and cutting down on non-essentials, the club this year had a surplus of \$5. Since it is not the club's intention to make a profit on the affair, the surplus was sent to the Red Cross, Draper pointed out.

The Christmas furlough of Kemper Military Academy, at Booneville, Mo., began Dec. 19, and home for the holidays came David Milliken, son of Mr. and Mrs. L. D. Milliken, and Lawrence James, son of Mr. and Mrs. H. C. James.

This is the season for good cheer — fateful though 1941 has been. This is the season for peace in the hearts of men. May peace be yours always, is our wish in appreciation of your good will towards us.

Cetack, Pulliam Named as Backfield Men to Watch

In his column in the World-Herald Thursday Gregg McBride took a final fling at football and named some of the football stars who will be back next year, and whose play will be worth watching.

He included in this list as backs, George Cetack of Ord and Keith Pulliam of Burwell; at end he mentioned Wayne Krause, of Ansley; at tackle he thinks Bill Graumke, of St. Paul, will look good. Gregg sure can pick them.

## Christmas In the Ord Churches

Christmas services at St John's Lutheran church in Mira Valley will begin with a Christmas eve children's service, according to the pastor, Rev. David Kreitzer. There will be a presentation of the "Light of the World" in recitation by the little folks, by questions and answers, and by special essay which will be read.

There will be songs by the children, songs by the choir and children, and songs by the congregation and children. Christmas service will be held beginning at 11 a. m. Christmas Day. Then the young people's Christmas social will be held in the church basement Friday evening at 8.

At the Full Gospel Tabernacle the pageant of Holy Nativity was given, each department of the Sunday school having some part in the presentation, which was acted out, with Mrs. Wilkins acting as narrator.

Special songs were sung by Mrs. Wilkins, Miss Irene Wilkins, Burton, Nebr., and Miss Merna Rowball.

The various parts in the pageant were reverently and carefully portrayed, and the performance was greatly enjoyed by all present. Rev. and Mrs. Wilkins and Mrs. Glen Stroud had charge of the pageant. At the close treats were given to the children.

The cantata "Sing Messiah's Birth" was given at the Ord Christian church Sunday evening by the combined choirs of the Ord and Burwell Christian churches, 23 voices in all. Rev. Clifford Snyder was director, Mrs. David Engle of Burwell was pianist and Miss Clara McClatchey acted as narrator.

This is a 12-part cantata including choir selections, men's and women's choruses, and solos by Miss Marie Rohla and Mrs. Rex Jewett of Ord and David Engle and Miss Joy Hemmett of Burwell. The program opened with a processional from the door, scripture reading by Miss Rohla and a solo, "The Holy City," by Rev. Snyder.

Singers from Burwell included Mr. and Mrs. Lester Thompson and daughter Farrell, Mrs. Donald Anderson, Mrs. P. O. Petersen, Miss Hemmett, Mrs. Stanley Mitchell, Mrs. Raymond Johnson, Mrs. Sanders, Mrs. Tom Shelton, Mr. Engle, I. W. McGrew and Dr. R. W. Wood. Mr. Mitchell and Mrs. Wood also were present from Burwell.

Those participating from Ord were Marie and Thelma Bell, Carol Luddington, Jean Covert, Shirley Wilson, LaVonne Timmerman, Miss Rohla and Mr. and Mrs. Rex Jewett. It was a most enjoyable program. Treats for the little folks were distributed after Sunday school that morning.

evening at the Methodist church under the general supervision of Mrs. J. W. Severns. Main characters were: The mother, Elizabeth Kovanda; two children, Rozene Rogers and Beverly Brock; Santa Claus, Tommy Tolen; Christmas fairy, Beverly Whiting; Miss America, Beverly Davis. There were a total of 80 children in the play, which was most interesting. Treats were distributed for the youngsters. After the program the high school group went caroling. The junior department also went caroling the preceding Tuesday evening, and had a supper at the church afterward.

None of the festivities of the Bethany Lutheran congregation have yet taken place. They will begin with the usual Christmas day service starting at 10 a. m. The children's program will be given at the church Friday evening starting at 7:15. Divine worship will be held as usual Sunday at 11 a. m.

## Rumors AAA May Be Discontinued Branded "False"

Never Was a Time When It Is Needed So Badly, Says the Valley Co. Committee.

(From the AAA Office)  
The first of next week the 603's will be mailed out from the county office. This is the farmer's notice of allotment and yield and if the owner or operator feels that there is an error, they have fifteen days from the date on the notice of allotment on which to appeal their allotment or yield. This time limit will be strictly carried out. All appeals must be written and in the office or post marked not later than January 20, 1942.

The amount of payment possible to earn in soil building allowance will be figured out in dollars and cents as will the agriculture conservation payment. The parity payment will not be figured out as we have not been instructed at what rate the parity will be figured. We have been informed by a representative of the State Committee that in all probability parity will be announced shortly.

There are rumors that the AAA program is about to be discontinued. These are false and never had any foundation as there never was a time when the farmer and the Government needed AAA as badly as they need it now. True, there is no need to curtail production of certain agricultural products. In fact our job at this time is to step up production on several farm products and on other products to see that production is kept within the needs of demand. We feel that in Secretary Claude Wickard and R. M. Evans we have at the head of the Department of Agriculture two farmers who know what the demands of this country will be during the war and what will happen when the war is over and that unless we have the farmers well organized and well informed the farmer will be in for serious trouble after the war. AAA meets this demand as it must be met.

On Wednesday, Dec. 31, 1941, your County Committee, Mr. Charles J. Krikac, first alternate, and Mrs. Inez Burrows, fieldwoman, will go to Kearney for an all day conference of County Committees from two districts, and again on Friday, Jan. 2, 1942 members of your County Committee will go to Kearney to broadcast over station KGFV at 1:15 p. m., central standard time.

We wish to call to the attention of all farmers in Valley County the fact that Secretary of Agriculture Wickard has asked us to step up dairy products 8,000,000,000 pounds. We have expected this since we were forced in the war and we are expecting the other products on which we were asked to step up production to be increased very soon. This will be a direct challenge to every farmer to meet these goals. Better feeding is the best means of meeting these goals.

Don't forget that on January 5 and 6 we will have a scrap iron buyer in Ord who will pay \$9.00 per ton, loading one or more cars depending upon the amount brought into town. Do your part. Gather your scrap iron and bring it in on those days.

## Four Inches of Snow

**Fell Christmas Day**  
Four inches of snow fell on Christmas day in as fine a snowfall as anyone could wish. It contained 51 of an inch of moisture, and most of it stayed where it fell, thus it will be of much benefit to the soil and to winter crops.

In accordance with the government censorship on temperature, wind velocity, etc., the Quiz will not publish any information along those lines. It would be fine as a matter of information to our readers, but our duty to the government comes first.

## Released Army Men Are Requested to Report

Miss Virginia Davis, clerk of the Valley county draft board, has been notified that all men recently released from active duty in the selective service are to report to the office over the Nebraska State bank at once. This applies to all men who were sent under the selective service act and who have since been released for any cause whatsoever. All should report this week, since Miss Davis must fill out and return a report by that time.

**Ed Kennedy Killed.**

## Early Resident Dies at Lebanon, Oregon

According to word received by her nephew, Charles Hunt, Mrs. Leah J. Golden died at her home in Lebanon, Ore., Dec. 10. She was in good health and had ironed that day and died quietly in bed.

The Golden lived for many years in the Cottonwood neighborhood west of Vinton, leaving there about 1905. Her husband, Gideon J. Golden, died in 1913. She is survived by two daughters, Mrs. Orta Stacy, widow of Lester Stacy, of Tillamook, Ore., and Mrs. Annie Long of Lebanon.

## John W. Paddock Writes to Mother

Ord Man Thought Killed Dec. 7 Sends Mother Card Dec. 12. Says: "I Am Well."

The month of December brought great sorrow to Walter B. and Daisy Paddock, had been killed in action. Now it seems that their sorrow may well be turned into gladness.

Yesterday Mrs. Paddock received a card which gave her a right to hope that Johnny is still in the land of the living. It came in the form of a card, bearing the message "I am well" and signed by her son and the date, December 12, 1941 appended in ink.

It was on one of the form postcards issued by the navy, and had a number of usual items printed on it, with instructions for the sender to ink out any statements that do not apply. It also says that if anything is written on it besides the signature and date, the card will be destroyed.

It is addressed to Mrs. Daisy Paddock, Ord, Nebr., including the street address, which is doubtful if anybody but Johnny knew. The postcard says U. S. Navy, but does not give either date or location. The card bears the stamp, "Passed by Naval Censor."

While it is true that Mr. Paddock received word of his son's death Dec. 16, it must be remembered that practically none of the deaths were reported prior to that time, and that they nearly all occurred on Dec. 7. It is therefore reasonable to suppose that the navy department made a mistake, as had been made in a few other cases since the attack.

Be that as it may, we know all Quiz readers rejoice with the Paddocks in the hope that their son is alive and well, and that he may have that chance that Mr. Paddock regretted was denied him, the chance to fight for his life and for his country. Today they must truly feel that the age of miracles is not yet past.

## Blowout Causes Accident

About midnight on Tuesday night of last week while they were returning from Greeley, a tire blew out on the car in which Floyd Hiner, Willard Allison and Weldon LaFanne were riding. The accident happened just as they were approaching a bridge two miles west of Greeley, and the car was thrown into the bridge railing and badly damaged. Hiner and Allison were not injured, but LaFanne suffered a deep gash in his left elbow.

## Will Cox Retires After 22 Years as Rural Carrier

This photo shows Mr. Cox, veteran rural mail carrier, as he sorted mail the day before Christmas, his last day as a carrier. December 24 Will Cox carried his last mail to patrons of route 2 out of North Loup and is retiring. He has served for more than twenty-two years and regulations require that carriers reaching the age of 63 years be retired. Saturday a telegram came to Postmaster Johnson that due to the national emergency Mr. Cox be retained for another year. Mr. and Mrs. Cox had made plans to leave for Texas for Mrs. Cox's health and for a time were undecided what to do but a letter which followed the telegram made it optional for Mr. Cox to serve or not and

## Burwell Lad Dies Friday as Result of Rifle Accident

Noel Rossenbach, 17, Injured Fatally When He Looked Into Barrel of Gun.

The tragic death of Noel Rossenbach, 17, married the Christmas season for the people of Burwell. Noel died at 1:30 Friday morning in Dr. Cram's hospital of an accidentally, self-inflicted wound from a bullet which struck him in the nose and lodged in the base of the brain as an x-ray showed.

With Billy McClung, 14, he was hunting along the river about a half mile east of the Willow Springs bridge. Billy, who was on a bicycle, remained on top of the steep bank while the Rossenbach boy went on foot into the boggy ground below. Billy went on ahead but when he did not see his companion he went back to look for him and found him shot. Noel had a 22 rifle. There were powder burns on his hands which supports the belief that he was looking into the barrel when the gun went off.

Billy went immediately to the Key home. Orville Wilson loaded Noel into a car and hastened to town. Mrs. Key called the doctors. They met Dr. Smith on the way to town. A hurried examination revealed that there was no hope for a recovery. After Dr. Cram returned from a call which he was on at the time of the accident he affirmed Dr. Smith's decision. The accident happened about 4 o'clock Christmas day and even though Noel lived for nine hours he never fully regained consciousness.

Requiem mass was conducted by Father Murray in the Sacred Heart church at 10 o'clock Monday morning. Interment was made in the Burwell cemetery.

Noel was the adopted son of Mr. and Mrs. William Rossenbach. His mother, who lives in California, was sick and unable to attend the funeral. His father lives on a ranch twenty miles north of Burwell. He also leaves a grandfather, John Rossenbach, sr., and an aunt, Miss Elsa Rossenbach both of Burwell, with whom he lived for several years, another uncle, John Rossenbach who lives at Norden and an aunt, Mrs. William Maves, lives near Ainsworth. Last summer he was employed at the farm home of Mr. and Mrs. William McClung. A strong bond of friendship developed between him and the McClungs and their children, whom he was visiting at the time of the fatal accident.

## Jensen New Partner in Diamond Engineering Co.

The Grand Island Independent last night contained a story of Soren K. Jensen being taken into the Diamond Engineering company, by whom he has been employed since March 1, 1940, as an equal partner. The other members of the firm are Fred B. Winter and L. E. Ray.

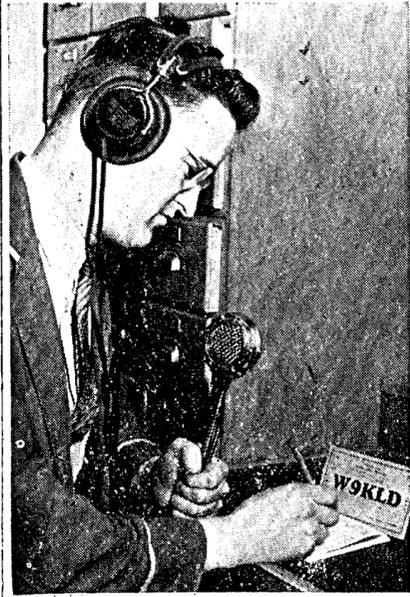

Prior to entering the employ of Diamond Mr. Jensen was a supervising engineer with the Public Works administration and in this capacity was located in Ord for some time. Mrs. Jensen is a daughter of Mr. and Mrs. Archie Bradt of Ord. They live at 2013 West Louise street in Grand Island.

Christmas night, while Mr. and Mrs. Harry Frantz were going to Geneva to visit her people there, they met with an accident a mile west of the Harvard road on highway 6, in which Mrs. Frantz was severely cut in the right eye, near the jugular vein in the neck, and badly bruised all over. Mr. Frantz was not badly hurt, but the car was wrecked beyond repair.

## Mrs. Harry Frantz Hurt in Car Crash

The accident was caused, Mr. Frantz stated, because a main-tainer was coming along the highway, had come to a culvert with posts at the ends, and had turned over to permit the blade to get by the post, thus not leaving enough room for a car to pass. He also stated that the maintainer was not displaying any lights, although it was between 6:30 and 7 in the evening.

## Ord Man Will Be Radio Operator in Naval Reserve

Virgil Cuckler is expecting to report to the navy recruiting station in Omaha to be inducted into the service as a radio operator. He first made application for this work and took his physical examination there Dec. 3. He will not be in officially, however until he reports Jan. 2, and is sworn in. He is enlisting in the U. S. Naval Reserve.

Mr. Cuckler, who is now 26 years of age, first took up amateur radio 12 to 14 years ago, and was granted his first radio license in 1930, call No. W-9-K-L-D, which license is still in effect. He got a first class license in 1933, and in 1938 went to Kansas City and took a class A license, the highest an amateur can have, which gives him privilege of operating phone in any amateur band which is licensed for that type of work.

He operated his amateur set in Broken Bow before coming to Ord four years ago in August with his brother Harold and going into business in the Ord Gamble store. He is dropping out of the store entirely and Harold will operate the business alone. Mrs. Cuckler is going with him. He does not know where he will be located, but has promised that he will let the Quiz know as soon as he finds out. Because of his extended experience, Mr. Cuckler will receive a very good salary right from the start.

## Civil Action Suit Brought as Result of Axthelm Deaths

Administrator Starts Action for \$10,000 in Fatal Auto Accident of July 27.

W. H. C. Noll, as administrator of the estate of Lloyd Axthelm, has brought suit in the district court against Charles Romans and Clarence Romans for the recovery from damages resulting from the auto accident at the Boettger corner in Mira Valley last July 27 in which Mr. and Mrs. Axthelm and their baby were killed.

The principal sum mentioned in the suit is \$10,000, with an added \$250 for funeral expenses and \$175 for the value of the wrecked car. The suit is being brought through Davis and Vogeltanz, attorneys for Mr. Noll.

The accident referred to will be remembered as the one in which the Axthelm coupe, headed east, and the Romans truck, headed south, collided at the intersection near the Boettger place. In the truck were Clarence Romans and Daryl Lint. The latter was very seriously injured, while Clarence suffered minor injuries.

## War Relief Drive by the Red Cross Gains Momentum

Ord's Total Now \$421.53 as Nebr. State Bank Gives \$100 to the Cause.

ENTERPRISE TWP. "OVER THE TOP" IN RED CROSS  
Enterprise township is the first Valley county rural section to complete its drive for the Red Cross war relief fund. This morning Archie Geweke reported contributions of \$108.75 in Enterprise township. The township's quota was only \$90. A complete list of the donors will be printed next week.

To date Ord and vicinity has raised \$421.53 for the Red Cross war relief fund. Mrs. George Parkins reports after consulting the treasurer, Curt Gudmundsen. This is a heartening start, but it is not enough. The need is very great and very urgent. The Red Cross is fighting side by side at every Atlantic and Pacific outpost with our navy. Says Secretary Knox "American fighting ships have been stocked with blood plasma from the veins of Red Cross donors. Our vessels have been stocked with surgical dressings folded by volunteers in Red Cross work rooms. The Red Cross has moved with traditional swiftness in meeting the emergency, yet in the days ahead the navy must look to the Red Cross for far greater service. We must confront the enemy with every resource at our disposal. I consider the Red Cross an essential, integral part of our navy. To you who believe in America, I say give your support to the Red Cross."

## Manila to Fall Before Day Ends, Feared by Gov't

Fears that the city of Manila, capital of the Philippine Islands, may fall to the Japanese forces before today ends, were expressed this morning by General Douglas MacArthur, commander of this nation's army there. The Japs had smashed to within six miles of the city and outnumbered the American defenders by a large margin. The Japs have control of the air and are using land mechanized equipment, the latest news bulletin says.

Manila was declared an open city Saturday but this did not stop the Japs, who launched a terrific air bombardment and blasted much of the city to ruins, doing millions of dollars' worth of property damage and killing hundreds of civilians.

Declaration of the city as "open" was resorted to in hopes of staving off an air attack, but after all defenses were removed the Japs sent over hundreds of bombers in violation of international law.

The United States may have to evacuate the Philippines and join the British in defending Singapore, it is stated. Reinforcements are on the way to the Philippines, it is announced by President Roosevelt, but they probably will not arrive in time to save the Islands. Some 150 U. S. war planes arrived in Manila from Malaya and were aiding the Islands' defenders, it was said this morning.

On other fighting fronts, notably in Malaya, in Russia and in Africa, the Allies are defeating axis armies, so except in the Philippines it may be said that war news is favorable today.

Fifty per cent of this country's national income will be devoted to war efforts in 1942, President Roosevelt divulged yesterday. This would mean expenditure of at least fifty billion dollars of war during the period. At present the country is spending 27 per cent of its income for war, he said.

## Germanic Services Are Discontinued

As an expression of patriotism, members of the Immanuel Evangelical Lutheran church at Atkinson have voted to discontinue services in the German language. Rev. Frank J. Rath, the pastor, is a World War veteran. Services have been conducted in both German and English for many years.

## McCormick Heard From

A letter was received yesterday from Si McCormick, enclosing one dollar and asking that the Quiz be sent him at 1329 Baronne St., New Orleans, La. He says that they like it fine in the deep south and asks that we extend his regards to his friends here, especially John Haskell and John Benson.

Nearly all local organizations have been asked to give or to raise funds, but to any groups unintentionally missed, Mrs. Parkins asks that they make plans at once to share in this work, phoning her at number 221. Many eager contributors did not wait to be asked, but volunteered funds as follows: Mike Potzreba, \$1; E. R. Fafeta, \$1; Anton Welniak, \$2; Auble Brothers, \$25; Mrs. Robert Psota, \$1; George Nay, \$1; Ed G. Munn, \$5; C. J. Andreasen, \$5; Fred Boice, \$1. Add your name to the Quiz list next week, show your patriotism by giving needed funds. The Red Cross is the people's organization. It helps all who are stricken, color of skin and choice of religion make no difference.

The roll call drive finished in November exactly made its quota, reports Mrs. C. C. Dale, chairman, turning in \$860.74. Rural subscribers were \$40 over their quota, she was glad to say. This is the first year rural districts have been systematically organized at roll call time, and they responded splendidly.

One old fellow felt badly because he was missed in the roll call. He was 80-year-old M. W. Davis, former railroad man who lives at Thorne's Cafe, and who declared he had been a member every single year, and wanted to join this year. He brought his \$1 to Mrs. Teague this week, and was duly enrolled as a Red Cross member of the Valley county chapter.

Although the Red Cross conducts a drive for members in November each year, that does not mean that members cannot join at any time during the year. If you wish to join, tell Treasurer Gudmundsen at the First National bank as you hand him your dollar. Or if you wish to give to the war relief fund, give your money to the same person.

Local work of the Red Cross is going forward well, reports Production Chairman Mrs. E. R. Fafeta. The first three sweaters were finished and turned in this week, the knitting being done by Mrs. Jim Petska, Mrs. Archie Bell and Mrs. Emma Hurder. A good deal of yarn is now issued and being knitted as rapidly as possible. As half a million sweaters are needed, there is work for all who are willing to help. If you wish to knit phone Mrs. Ed Gnaster, knitting chairman, or Mrs. Fafeta.

Some of the Campfire girls have volunteered to knit afghan squares to be assembled for Junior Red Cross gifts to hospitals. Several Ord grades are filling goodwill boxes for refugee and evacuate children this week. In to each small box goes a few items such as pencils, crayolas, note pads, soap, marbles, puzzles, etc. Each box bears the name of the donor school and a card addressed to the sender, to simplify acknowledgement. All these boxes will be packed together and shipped to Harbor-side Depot, Jersey City, N. J., to be sent abroad.

CHRISTMAS IN AMERICA.

The Declaration of Independence was adopted in July, 1776. This might be considered the beginning of national unity in America.

There is something tragic about the celebration of Christmas by a people at war, the observance of the birthday of the Prince of Peace in a nation torn by intestine strife.

However, they were soon to find that a free people must fight to maintain that freedom, and in 1812 we again found ourselves at war, and for three years Christmas was celebrated under wartime conditions.

Arising out of the slavery question and the annexation of Texas, the Mexican war was our only war of conquest.

The war of 1898 was undertaken in the cause of humanity, to free the colonies of Spain from the hands of the oppressor.

The Christmas of 1917 was the only one during the first World War which was observed in wartime conditions in that conflict.

Thus our war time Christmases have numbered 5 during the Revolution, 4 during the Civil War, 3 in the War of 1812, 2 during the Mexican war, one during the World War No. 1, one during the World War No. 2, and none for the Spanish-American war.

This is less than ten per cent, and it is doubtful if any nation in the world shows a better record.

"A Japanese government spokesman yesterday was quoted as saying that the United States government 'misunderstood' Japan's 'fundamental policy' and that Secretary Hull was under the misapprehension that Japan was following a policy of force and conquest in establishing a military despotism."

"It's happy we are to know that the United States has been mistaken all these years, and has mistaken Japan's policy of sweetness and love for one of military despotism. We rejoice to know that this conquest of China, the taking over of French Indo-China, and the massing of troops along the Thailand border, as well as the other acts we thought were acts of aggression, are in fact nothing of the kind."

"It is cheering to know that, on the contrary, these soldiers are merely missionaries under arms, seeking to spread throughout Asia the goodness, humility and ever-loving kindness of the Japanese government. Peace, it's wonderful."

In the view of the ideas expressed by the above Japanese diplomat, we might be expected to believe that the wanton attack on Pearl Harbor in time of peace

and while friendly negotiations were going on was just another step in the establishment of friendly relations in the Pacific.

But we don't. We had reasons to suspect Japan before Pearl Harbor, after the attack we have nearly three thousand reasons why Japan should be completely destroyed.

Ten thousand war mad Japanese are not worth as much in our humble opinion as a single one of those noble young Americans who were sent into eternity without a chance to defend themselves, in the most dastardly act in the annals of recorded history.

It may take time, it will take money. But the decent people of the world have a right to live in quiet and security without fear of foes from without or treachery from within.

The answer to Japan's challenge, came, and came quickly. Congress broke all records in voting war against Japan.

The nations of the Americas lined up solidly against her. Recruiting stations were fairly swamped with would-be soldiers, sailors and airmen.

Japan should have been warned by history. The United States has never yet lost a war, and, in the name of a just God, we never will.

We have the greatest resources of all kinds in the world today, we have an abundance of the most intelligent man power known to history.

My Own Column

By H. D. Leggett

My patient, the Missus, is definitely on the mend. This is Monday morning, December 29 and yesterday she sat up for a half hour.

For the first time the daily paper news headlines state that President Roosevelt has sent word to our besieged forces in the Philippines that abundant help was being sent to help them chase the Japs off the island of Luzon, and asking them to hold on.

An Ord banker told me this morning that they had carried U. S. Defense bonds for only a few months and that only a few had been sold until the Japs made their dastardly attack.

No doubt those eligible for military service will be called rapidly very soon. Some seem to believe that at least five will be called where one was called before.

Farmers know the parts that wear out quickly and break and they will of course, not only have their machines all in first class running order come spring, but they will have on hand some extra parts, those that they know are likely to give out, so as to avoid loss of time in the busy season.

We were advised some time ago that it would be practically impossible, very soon, to get new linotype machines, but we were assured that there was at present ample repair parts on hand and we were advised to get them.

But don't hoard on such essentials as flour, sugar, rubber goods. The Sunday papers, talking about auto tires, stated that anyone hoarding them or grabbing greater quantities than were needed might well be regarded as 5th columnists.

The same control that has been put upon rubber goods will soon be extended to many other things and it will be very foolish for anyone to get the idea of buying up more than they reasonably need of anything.

A good resolution for all of us to make tomorrow, is to resolve to buy some amount of some form of defense certificate or stamp each month during 1942.

I wish you all a happy New Year and may 1942 bring all of you a full measure of prosperity.

CONSTIPATED? Spills of constipation often bring aggravating bowel gas, sour stomach, bad breath, coated tongue, headaches, dizziness, listlessness.

One of the most popular Christmas presents in this year of practical presents was door chimes.

Harold Hallen has been busy installing them for several happy customers, and the city has also heard of them. In fact Mr. Allen had a job of this type to do in his own home.

One of the nicest was put in at the Ed Gmaster home, where lovely four-tone chimes now announce the arrival of any one at either door.

Last year Mrs. Keith Lewis spent three days in her kitchen making tiny fruit cakes in containers of candied orange shells. Tied in sparkly Christmas wrappings they gave a greeting of substantial proportions to each friend who received them.

This year Mrs. Edward Kokes took to her kitchen, poured up tall little glasses of delicately colored and flavored orange marmalade for a list of friends. A sweet way to say Merry Christmas.

Mrs. C. A. Anderson also presented friends with Christmas remembrances made in the kitchen this year. Hers were a pair of small glasses of jelly, two kinds, which she thoughtfully prepared last summer in Minnesota. Minnesota is that country of lovely fresh fruits, and also of fish, of which you may have heard the Leggetts speak.

Pioneer Burwellite Dies.
A devoted couple who had lived together fifty-seven years were parted when Mrs. Henry Scafe died in her home Dec. 24 after an illness of many months. Rev. J. Bruce Wylie, formerly pastor of the Methodist church in Burwell, who now lives at Hooper, came to conduct the funeral which was according to Mrs. Scafe's request. Brief services were conducted at the Mitchell funeral home at 1 o'clock Saturday afternoon and at 3 o'clock another service was held in the Methodist church in Chambers. Interment was made in the Chambers cemetery beside the grave of Mr. and Mrs. Scafe's only son. Mrs. Scafe was nearly seventy-seven years old. She was born Mattie E. Shiland in Iroquois county, Ill., Febr. 2, 1865. Oct. 15, 1884 she was married to Mr. Scafe, who survives her, at Kankakee City, Ill. Immediately after their marriage Mr. and Mrs. Scafe moved to Canada where they resided for two years. In 1888 they moved to Cass City, Mich., and in 1889 they moved to Holt county, Neb., where they took up homestead east of Swan Lake which is now the Dr. Carter ranch. Mrs. Scafe belonged to that sturdy race of Nebraska pioneers who built their homes on the raw virgin prairie and who brought the fruits of civilization to the windswept plains. She experienced all the hardships of the early settlers. Wayfarers were always welcomed to her home which in early days was only a one roomed sod house. In 1916 Mr. and Mrs. Scafe sold their ranch and returned to Kankakee, Ill., but they found that the climate did not agree with Mrs. Scafe's health and in 1928 they moved to Burwell where they have since resided. Besides her husband, Mrs. Scafe leaves a daughter, Mrs. Roy Worden of Amelia, seven grandchildren, Mrs. Ellsworth Moser, Mrs. H. B. Johnson, Lyle Worden, all of Burwell; Mrs. Clarence Rothchild of Chambers; Melvin Worden of Burwell and Norma and Betty Worden who still remain with their parents, and four great grandchildren.

Paul Kern, who is a student of the University of Nebraska, was an overnight guest Monday of Attorney and Mrs. Laverly. He also visited other friends in Burwell. Mr. and Mrs. Vere Shafer entertained all of their children at a Christmas dinner in their home. Those present were Harold Shafer and Mrs. John Kalasek and children of Plattsmouth, Mr. and Mrs. Dewey Meyer, Mr. and Mrs. Cecil Butts and family, Mr. and Mrs. William Eatherton and Larry, and Sergeant Wilson Shafer of Fort Mead, S. D., and his bride. Mrs. Leonard Buerhaus and Jake Neumeyer both of Hyannis arrived in Burwell Monday where they are guests in the William L. Johnson home. Terry Lindsay, the son of Mr. and Mrs. Frank Lindsay, has been quite ill of blood poisoning which commenced on a felon on his thumb which was lanced. He and his mother have been staying in the William L. Johnson home in order to be near the doctor. Mr. and Mrs. Anton Zalud and daughters, and Miss Dorothy Piskorski of Ord were Christmas dinner guests in the James Butts home. Mr. and Mrs. C. E. Hizer entertained his parents, Mr. and Mrs. E. G. Hizer and his brother-in-law and sister, Mr. and Mrs. R. E. Leach and family in their ranch home Christmas day. Douglas and Eugene Leach remained for a longer visit with the Hizers while Alice Hizer came to town with the Leaches for a taste of urban life. Miss Betty Manasil returned to Omaha Sunday after spending Christmas in Burwell with her parents, Mr. and Mrs. F. W. Manasil. Ruth Langstrom entertained at a miscellaneous shower in her home Friday night in honor of Mrs. Wilson Shafer. The guests had an enjoyable time playing truth and consequences. A mock wedding was presented with Miss Mildred Hummel acting as the preacher, Miss Alaire Pulliam, the bride, Miss Vivian Frederick, the groom, while Miss Marie Malicky filled the parts of ring bearer, best man and maid of honor. Miss Langstrom served spiced ham sandwiches, cocoa, strawberry angel pudding, chocolate cake. Saturday Sergeant and Mrs. Shafer left for Deadwood, S. D., where they are visiting her parents, Rev. and Mrs. Lynn Kern. Mrs. Mary Ronnaun and William Garska chose to announce their marriage at a Christmas dinner party in the Albert Boli home. They were married in Bartlett Nov. 7. Mrs. Ronnaun is the chief operator of the Garfield Mutual Telephone. The bridegroom, who is the eldest son of Mr. and Mrs. Albert Garska, is a Loup county farmer. While their plans are indefinite, Mr. and Mrs. Garska plan to live in Burwell until the latter part of May. They have known each other since childhood when they both attended the Blake school. The other guests at the dinner were Mr. and Mrs. Albert Garska, Mr. and Mrs. C. L. Petersen, Mary Jean Ronnaun, Mr. and Mrs. Bernard Garska, and Fritz and Eldon Garska. The dinner was in honor of the latter who expects to leave home soon to join the army. Mr. and Mrs. W. F. Herman entertained her four children and their families to a turkey

F. Grunke-meyer and Mr. and Mrs. Maynard Lakin and Billy were Christmas eve dinner guests in the Billie Grunke-meyer home. Saturday evening Mr. and Mrs. Billie Grunke-meyer entertained her grandparents and parents, Mr. and Mrs. W. R. Cochran and Mr. and Mrs. Mark Gyger, all of Ord. The Roe Weber family are returning to the Kent community this spring where they will again occupy the Gibbs farm.

IT HAPPENED IN ORD. A man passed the Quiz office after 9 Tuesday morning going west, with a team of horses pulling his auto. He didn't stop for the stop sign at the corner west, but swung north onto highway 57, apparently headed for a garage. All of which reminds us that we will probably see a lot of horses coming to Ord with their owners before winter is over. A coincidence happened on Christmas day. Miss Myrtle Milligan of Grand Island came to Ord to visit over the holidays and came down with the flu. Mrs. H. H. Clement of North Loup was quite ill with neuritis that same day. Mrs. John L. Ward also got a real case of the flu on Christmas day, so three sisters did not enjoy a very happy Christmas this year. John Dohrn of Grand Island was in Ord last week, and recalled where he was and what he was doing just 59 years before. He said he had a job at that time cutting ice with a pond saw. He got up before daylight, walked 5 miles to and from work, and cut ice steady all day for \$1.50. As he recalls it times were better then than they are now—at least he enjoyed them more. One of the nicest windows during the holidays was the window in the Russell Drug Store, and what made it especially attractive was the large built up picture which formed the background. This was a winter scene and was made with colored paper, cotton and other materials until it almost looked like a real outdoor scene. The picture is the work of Miss Inez Swain and was made partly for the entertainment of her children at school.

Raymond G. Meyers of Broken Bow was an Arcadia visitor on Monday. Mrs. Ray McDonald entertained ten little folks at a surprise party for her daughter, Marlene's fifth birthday, Dec. 16.
