Vol. 59 No. 45

## City Buys \$30,000 In Defense Bonds

Anchorage to Ord in Fifteen Hours Is Jefford's Record

Fresh from the sub-zero cold of Anchorage, Alaska, came Pilot Jack Jefford in the Cessna monoplane pictured here, to alight Saturday evening on the Mortensen pasture north of Ord and visit Ord friends for a few hours. Years ago Jefford taught about 20 Ord young people to fly, including Evelyn Sharp. Now he is CAA inspector in Alaska.

### Henry Misko Burned with Hot Butter Friday

While waiting on a customer in his Chat-n-Nibble at about 7:30 Friday evening, Henry Misko, Jr., was seriously burned by hot butter. He had buttered a bag of popcorn for Clarence M. Davis, had set the hot butter container on top of the machine and was stooping over when the container upset.

The butter hit the left side of his face and his left shoulder, arm and hand. Harold Williams, Ray Furtak and Rodney Rathbun were present and they promptly tore off Henry's shirt and administered first aid. Dr. F. A. Barta then arrived and completed the work and took him home, where he will have to remain for some time.

His face was badly burned, but not as seriously as his arm and hand, into which the hot material burned deeply before anything could be done. Dr. Barta believes the bandages will have to be worn for at least six weeks.

### New Chlorinating Equipment Must Be Bought by Ord

Gov't Takes All Chlorine in Flake Form for Army Use; Machine Costs \$1,500.

Because the army and navy departments have exercised their priority to all the flake chlorine produced in the United States, the city of Ord must buy a new chlorinator capable of using liquid chlorine, or see its public water supply become unfit for use within four months.

Ever since Ord's filtering plant was installed to purify river water, a machine using 10 pounds of flake chlorine for each 24 hour period has been used. It cost about \$850 when new.

At present the city water department has on hand enough flake chlorine to last four months and by the end of this period must install another type of equipment to use liquid chlorine. So long as the change must be made anyway, councilmen decided last evening to buy slightly larger equipment at a cost of \$1,500.

The new chlorinator will hold sufficient chlorine to purify the city water for four days without refilling, under normal conditions. Having this larger machine in use will mean that even should great inroads be made on the water supply because of a major fire or other disaster, all the water in reservoirs, mains and filtering tanks would receive enough chlorine to keep it pure and safe for drinking purposes.

The military services prefer chlorine in dry, flake form because it may be transported more easily to field purifying stations all over the world. Flake chlorine is not as pure as liquid chlorine, containing 30% of fibrous matter, so the liquid chlorine really is preferable for use in stationary purifying equipment like that owned by the city.

### Veteran Aviator Likes Far North

Present Job Is Inspecting All CAA Facilities, Pilots, for Federal Gov't.

Jack Jefford, the aviator who once conducted a flying school in Ord and taught Evelyn Sharp to fly, returned to Ord Saturday. He came at the wheel of a Cessna 6-passenger low-wing monoplane powered by two radial engines of 245 horsepower each, a plane with a cruising speed of 215 miles per hour and a top speed of almost 300.

Jefford's starting point was Anchorage, Alaska where he is now aeronautics inspector for the Civil Aeronautics Authority with all of Alaska as his territory and it took him only 15 hours to make the trip to Ord.

He was accompanied as far as North Platte by Mrs. Jefford, who will visit her parents there while Jack goes to Wichita, Kas., to have his plane overhauled and then on to Washington for a conference with CAA authorities. In a week Jack expects to return, visit friends in Hastings and Ord briefly, pick up Mrs. Jefford at North Platte and make the trip back to Anchorage. While in Ord Saturday night he was a house guest of Mr. and Mrs. Elwin Dunlap but he found (Continued on page 4)

### Mrs. J. C. Davis Funeral Held Here

Former Resident of Ord Died in Omaha Hospital Saturday, Funeral Tuesday.

Miss Beulah Ulm, daughter of Mr. and Mrs. L. P. Ulm of Ord was born at Tabor, Ia., Dec. 19, 1896, and died, Saturday, Jan. 31, 1942 in an Omaha hospital. She was united in marriage to Joseph C. Davis, Dec. 3, 1918, in Plattsmouth.

They resided in Ord for a period of time, and thereafter they lived in a number of other Nebraska towns and also three years in Greeley, Colo. Last summer she and the family went to the west coast in hope of benefiting her health. Later they returned to North Platte, where she took sick two months previously to her death.

She is survived by her three children, Raymon, Myron, and Marilyn Grace; her father and mother, Mr. and Mrs. L. P. Ulm, of Ord; two brothers and a sister, Frederick of Aurora, Nebr., Olin of Odell, Nebr., and Mrs. Anna Hanson of Arcadia, and numerous friends.

Funeral services were conducted from the Pearson and Anderson chapel in Ord Tuesday afternoon at 2:30, in charge of I. B. Siebenlist of Kearney, and burial was made in the Ord cemetery. The pall bearers, all from out of town, were W. H. Parker, Oscar Bausch, Carl Bausch, Art Bausch, Hugh Buckner and Herman Brethorst.

### No Earlier Closing Date for Ord Schools

The Ord schools will not close earlier than the May 22nd date originally planned, the board of education decided after a full discussion of the subject Monday evening. Some Nebraska schools have shortened their term as much as three weeks either by holding additional classes each day or by holding classes all day Saturday, or both.

Dr. F. L. Blessing, school board president, points out that the term ending has been advanced one week already by shortening the winter vacation, and that later if it is deemed advisable the term may be shortened another week by elimination of the spring vacation. At present, however, it is planned to continue on the schedule set up last fall, ending the term on May 22.

### Rabbit-Coyote Hunts Planned to Help Red Cross

West Greeley Co. People Plan Hunt Febr. 8; Arcadia Legion Hunt Febr. 15.

To help in raising funds for the Red Cross, two jackrabbit and coyote hunts are being planned in this immediate locality. First hunt will come Sunday, Febr. 8, when the men of Homestead precinct of Greeley county will gather at 2:00.

West line for this hunt will be the road past Amity school house from the George Fenton corner 3 miles north to the northwest corner of the Wagner farm. The north line will be from the southeast corner of the Paine section to the southeast corner of the Spera farm. The south line will be along the south sides of the Fenton, Morrow, Guy Johnson and Spera farms.

Rifles are not permitted and no licenses are required if hunters confine their shooting to jackrabbits and coyotes. To hunt cottontails a state license is required. All coyotes and rabbits will be sold and the total proceeds given to the Red Cross.

The American Legion at Arcadia is sponsoring a similar hunt to take in 16 square miles southwest of Arcadia on Sunday, Febr. 15. All the Legion posts in the territory are being invited to participate. This hunt will start at 2:00 p. m. and there will be a captain for each mile. No one under 16 will be allowed to carry a gun but boys may follow the hunters and pick up game. Hot coffee and doughnuts will be served by the Auxillary and the Red Cross.

### Dr. George Clason Will Speak at Grand Island

When the state convention of the American Legion is held in Grand Island Febr. 23 and 24, one of the principal speakers will be Dr. George Clason, former resident of both Ord and Arcadia, who now is department commander in Missouri.

### 'Food for Freedom' Loan Up to \$500 Now Being Made

FSA Announces Will Finance Almost Anybody Who Cannot Get Bank Credit.

A new type of farm loan and a streamlined Farm Security Administration program for more food production was announced today by Darrell Bauder, Valley county FSA supervisor. "Farm Security has been placed on a war-time footing and from now on every effort will be for the increased production of foodstuffs so vital to winning the war," said Mr. Bauder.

"Our job is going to be to help all our borrower families to produce more food, and also to extend our loans and facilities to many other small farmers who can help, and who have previously not been eligible for our program.

"To do this, we have eliminated a great deal of red tape and have revised our procedure to save all possible time. In addition, we have instituted among other things, a special 'food for freedom' loan up to \$500 for the purpose of helping farmers get started right now on production."

All FSA families in Valley county will be asked to revise their farm plans to include additional food production, Bauder said. He emphasized that Farm Security goals are superimposed on the national goals set for all farmers.

Farm Security will lend, he explained, up to \$500 to farmers now not in the program, and in some instances previously ineligible. This group will include elderly couples, farm laborers, farmers with small units and in some cases people working in town but having rural lands available for crops or livestock. In addition FSA will make calf-hen-sow-garden loans to young people in farm families.

Broadened emphasis will be placed on the co-op loan program Bauder said, with participation loans available for building or expansion of cheese factories, milk and egg drying plants, storage and warehouse facilities for food, and repair of machinery.

Expansion of the FSA medical program for low-income families will be urged, Bauder said, to improve the health of these families and thus insure their ability to carry the heavy war production load.

### Red Cross Quota for Ord Reached

Ord and associated townships have gone over the top on the second Red Cross war fund quota although Valley county as a whole lacks a few hundred dollars of filling the last request for money. A total of \$1,422.12 is credited to Ord and vicinity, and money continues to pour in. Neither North Loup nor Arcadia have touched the top yet, but both of them are donating nobly. Ord's quota was set at \$1,350, to be raised in Ord and adjoining townships. (Continued on page 6)

### 30c Per Year Offer Expires Saturday

On Saturday, Febr. 7 the free baby chicken and defense stamps offer made by the Quiz for the benefit of new subscribers will expire. Under this offer the Quiz will give one dozen baby chicks or \$1.00 worth of defense stamps as a premium for a new subscriber in Valley or any adjoining county. Since the price of the Quiz is \$2.00 per year and going price for baby chicks is 10c each, it may truthfully be said this is an "80c offer." You never have been able to get on the Quiz list so cheaply and probably never will be able to again.

Since this offer was made Jan. 22 a total of eighty-seven new subscribers have been added to the Quiz list in this immediate trade territory. Total circulation is now well over 2,900 and the largest in history.

Ord Committee Busy Loading Waste Paper

Ord's initial drive for salvaging waste paper was a great success, according to the chairman, John R. Haskell. He and a corps of volunteer helpers were busy Friday afternoon, and everybody kept to busy that they had little time to worry about the cold wind blowing from the north. A dozen or more trucks were busy right after dinner gathering up the paper and hauling it to the lots east of the Sinclair station, where it was loaded on the K. W. Peterson truck.

Here a group of men were busy bundling up the cardboard boxes and getting them in shape for transportation so that they would not take up too much room in the truck. Another group were busy in the truck, packing the papers and magazines away in the smallest possible space. The work was all done by 3 p. m., but Mr. Haskell estimated the amount gathered at ten tons, which should be quite a help in the victory program.

Above are shown some of the men who worked on the truck, and some of the paper gathered, which filled the truck clear to the back end when all was loaded. The men shown are, left to right: Wilmer Anderson; Harold (Smiley) Barnes, operator of the truck; Elwin Dunlap; John R. Haskell, chairman of the salvage committee, and J. C. (Pete) Wilson. This was the first of a number of paper salvage campaigns which will be carried on, and the public is asked to get their waste paper bundled and have it ready.

### Firemen's Ball Next Tuesday, Febr. 10th

Next Tuesday, Febr. 10 at the Bohemian hall comes the annual ball of the Ord volunteer fire department. For fifty-four years this has been Ord's big dancing event and 1942 will be no exception.

The committee in charge has employed Joe Lukesh and his KMMJ orchestra, probably the favorite dance band of a majority of those who attend, and this band will play both Bohemian and popular music.

Firemen are busy selling the tickets now at \$1.00 per couple, the department planning to absorb the tax. Since this annual event finances in part the firemen's attendance at state conventions and other activities, the tickets are being generally bought.

### John Boyce Died at Home Saturday

Funeral Held in Ord Monday for Well Known Farmer; Buried at Arcadia.

John Boyce, son of Mr. and Mrs. James Boyce, was born at Shenandoah, Ia., Jan. 3, 1878. He came with his parents as an infant to Cass county, Nebr. He came to Valley county as a young man, and was united in marriage to Miss Maude McClary April 4, 1909, at Arcadia.

He has spent most of his life in Valley county, with the exception of four years he lived in Holt county. During the latter part of his life he lived on a farm west of North Loup, at which place he passed away very suddenly Jan. 31, at the age of 64 years, 28 days.

He leaves to mourn his passing his wife, two daughters, Mrs. Marie Linke and Mrs. Gladys Williams, both of Ord; one son, Everett, of North Loup; one brother, Fred Boyce of North Loup; two sisters, Mrs. Sarah Shirley of Waverly, Kas., and Mrs. Nellie Brown of Dawson Springs, Ky.; two grandsons and one granddaughter. He will be greatly missed by all who knew him.

Funeral services were held on Monday at 2 p. m., with Pearson and Anderson in charge of arrangements, from their chapel, with Rev. M. Marvin Long in charge of the services. A quartet, M. B. Cummins, Robert Noll, Mrs. Mark Tolen and Mrs. Clarence Davis, sang, with Mrs. Noll at the organ. The pall bearers were Hugh Adams of North Loup, Guy Barr of Arcadia, and Lee Footwangler, Will Wiberg, Henry Williams and S. I. Willard, all of Ord. Burial was made in the Arcadia cemetery.

Mrs. Emil Fafeita announces the arrival of 25 lbs. of yarn to be knitted for foreign war relief, to be distributed through Red Cross channels to the needy.

### 3-Valleys Title to Chanticleers by B. Bow Defeat

Ord Closes League Season as Unbeaten Champs; Albion Also Ord Victim.

By defeating Broken Bow 34 to 28 on the Ord floor Tuesday night, the Ord Chanticleers became undefeated champions of the Three-Valleys conference in basketball. Last fall Ord won the 3-Valleys football championship also.

League quintets defeated by Ord during the cage season included St. Paul, Burwell, Loup City, Ravenna, Arcadia and Broken Bow.

During the past week of play on the maples, Ord also chalked up a victory over a favorite non-conference foe, Albion, by a score of 26 to 22.

Ord has three non-conference games ahead; Febr. 6, next Friday, Grand Island, here; Febr. 20, Atkinson, here; and Febr. 27, Ansley, there. The Three-Valleys tournament will be held Wednesday, Thursday and Friday. (Continued on page 6)

### Ruling Will Restrict County Advertising

Lincoln County boards cannot publish their proceedings in more than one paper if such publication will cost the county more than would publication in a single paper, Assistant Attorney General Herbert T. White said today in an opinion. He also ruled that delinquent tax lists must be published entirely in one paper.—Omaha World-Herald.

### Arnold Malotke Gets Tractor Tires

First certificate for purchase of tractor tires issued in Valley county since the tire rationing program went into effect in January went to Arnold Malotke who on Jan. 30 was given permission to buy two tires and two tubes for a farm tractor. William J. Klancey was issued a certificate for two tubes for a tractor also.

Only certificate for modern tires went to Worm Bros., who are permitted to buy two truck tubes as a common carrier.

Tires of obsolete sizes are permitted to Steve Papiernik, Will Penas, Joe Absolon, Elmer V. Christensen, Bolsh Jablonski, Rudolph Hisek, Vaclav Lehecka, Elmer Dlugosh, William Wewerka, James Bazant, John Bonne, Ernest Wigent, Roy Williams and James Lipinski. They are not charged against Valley county's quota.

### Ord City Council Goes "All Out" for National Defense

Decides to Purchase \$30,000 in Defense Bonds Now, and More Later.

At the regular meeting of the Ord city council last evening a plan was put into effect which has been contemplated for some time. It was agreed after discussion to purchase \$30,000 in defense bonds. All members were agreed on the purchase, the only argument being on the amount that should be purchased.

It should be explained here that the \$30,000 represents the maturity value of the bonds, the present purchase price being \$22,500. By this arrangement the city will receive interest on the money instead of paying it out.

### Quiz First Firm to Pledge 10% to Defense Effort

So far as Chairman C. J. Mortensen knows, The Ord Quiz is the first firm in Ord to pledge 10% of the total income of its management and employees to the purchase of defense bonds and stamps. Pledge cards under the voluntary payroll allotment plan were signed last week and the Quiz book-keeper will deduct 10% from every pay-check each Saturday and buy defense bonds or stamps for each employee.

Those who signed pledge cards included the owner, H. D. Leggett, and the following employees: E. C. Leggett, John L. Ward, Miss Lena Craig, Kent Ferris, Asa Anderson, Cletus Ringlein, Mrs. E. C. Leggett, LaVern Duemey, Mrs. LaVern Duemey and Leonard Dugosh. About \$1,350 in bonds annually will thus be bought by the Quiz force each year during the war. Some members of the force plan bond purchase in excess of their pledges.

Officers and employees in the Valley county court house have signed up almost 100% also, Mr. Mortensen says.

The report of City Treasurer James Ollis showed securities and cash on hand in the amount of approximately \$56,000, \$48,000 of this amount being in cash. After purchasing the bonds there will be a balance in cash in all funds of \$23,000.

This purchase, it should be noted, was made from funds accumulated in the city electric department, which is under the direct supervision of George Allen. Following this initial purchase the city expects to continue to purchase more bonds as the city's finances permit.

### Teacher Burned When Furnace Over-Heated

Miss Mildred Waldmann, teacher at Geranium school, was severely burned Friday morning when she attempted to extinguish the fire in the school house furnace, which became over-heated. She was taken to Ord by Leonard Sich for treatment by Dr. J. N. Round. Her injuries consisted of painful burns on her face and right arm.

### Daylight Saving Time Starts February 9th

Next Monday, Febr. 9 is the day when clocks are to be turned forward one hour throughout the nation and daylight saving time will be legally in effect until after the war ends.

Ord people apparently are planning to cooperate not only with the letter but also the spirit of the daylight saving law, and will open their places of business an hour earlier in the morning and close them an hour earlier in the evening, says Fred Cahill, chairman of the retail committee of the Chamber of Commerce. The Ord schools will do likewise, promises Sup't. C. C. Thompson.

Get in step with the rest of the nation and turn your clock up an hour next Monday morning.

## FOOLISHNESS VS. WISDOM.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe." First Corinthians, Chapter 1, Verse 21.

It is not the purpose of this editorial to preach a sermon, but if it were, the above verse would be a splendid text. We people of the United States are wise, so wise that we actually do not know what is good for us. Whatever the government recommends for us to do may seem like foolishness, because we think we are wise.

For this reason it will be well for us to believe, like the people mentioned above. Let us believe in what seems to us to be the "foolishness of preaching," and we will be saved from the barbarians in the west as well as the equally barbarous hordes that beset civilization in the east. Absolute belief means one hundred per cent cooperation, and that is what we must have to win.

In this we have a great advantage of those who oppose us. They obey blindly and from necessity. We obey because we consider it a privilege to do so, because we have absolute faith in our government. Given a fair chance the armies of faith must win over those of force. So we should comply with all government regulations gladly, knowing that in so doing we are doing out bit to win the war.

## Conservation Program.

It may be that some of the things the government is now doing and will do in the future look foolish to us, but the best attitude to take is that nothing the government requires of us is foolish. The men high up in public affairs know what they are doing, and are not asking us to do anything that it is not best for us to do.

For example, the saving and gathering of waste paper may seem silly to people who have never had any use for old newspapers and magazines except to throw them away. One man made the remark that it cost more to transport the old papers than they were worth. Perhaps the cost is high, but if saving of old papers will keep the price of print paper down, it will serve a definite purpose in the campaign for victory.

We will be asked to conserve other materials from time to time. Any time we are asked to save something, remember it is for our own good to save it. The American people are known as the most wasteful on earth. It is high time that we did something to change the impression the rest of the world has concerning us. If all waste materials could be conserved it would mean billions toward winning the war.

## Restriction by Law.

We will be restricted by law from doing many things we have been accustomed to do, and this is one phase of the defense program many people will resent as an infringement on personal liberty. There is no way of knowing now just what these restrictions will be, since only the future can reveal what is necessary to be done.

We already know that we will be restricted in the purchase of auto tires, and in the buying of automobiles. In the main, the public has accepted these prohibitions in good part, but it is manifestly unfair to the automobile dealer who is dependent upon his car and tire business to keep going. It is inevitable, and we must accept it.

We are to be restricted in the amount of sugar we must buy, and we will be faced with the necessity of carrying a rationing card. This is not done as a punishment for any of us, but as an assurance that all the people of the United States may have their fair share. In the future we may be rationed with respect to other commodities.

## Compulsory Saving.

This is an angle in our victory program that will come, in fact, is practically here now. Soon each employee will be asked to put aside a part of his salary each pay day and invest it in defense stamps and bonds. Most of us should save, but we do not. We know it is the sensible thing to do, but month after month goes by, and we fall to start.

The purchase of stamps and bonds is definitely not a donation, but an investment. Every dollar we spend in this way is that much of an investment in our government, and our investment is good so long as the government stands. If the government should fail, we would lose everything we had anyway, so defense bonds are a logical investment.

Since we are literally buying a share in our government we are the more likely to help the government in every way we can, for it is good common sense to protect our investment. Regardless of how it ends, a period of depression is sure to follow the war. That is the history of all wars. By investing our money

now, we will have something to draw on when the depression comes.

## Daylight Saving.

To the average person in Nebraska the meaning of daylight saving is not clear. We are mostly farmers. The farmer gets up early and works late, and will continue to do so regardless of what the clock may say. To him it may prove more of a detriment than a benefit, since he must come to town earlier in the evenings or find the stores closed.

But to the man who has a factory job the situation is different. He may start to work when the clock says it is 8, but when the sun says it is 7. If he works eight hours, and practically all factory workers do, he will get out at 4 when the clock says it is 5. In summer time this is only about the middle of the long afternoon.

In fact, all city dwellers, can spend the rest of the afternoon in that victory garden or in any other work that he desires to do. If he prefers recreation, he will have a longer time to enjoy himself. Twilight baseball or softball can be played and enjoyed by daylight, and the expense of night lighting can thus be saved.

It has long been known that the morning hours are the best time for work, and that more and better work can be accomplished then. The last war proved the value of daylight saving in the cities, and it has been used in the east much of the time since. If it is good there, it is equally good here, and it will help win the war.

## Athletics as Usual.

The war is making serious inroads upon athletics by taking into the service many of the outstanding athletes in our colleges, as well as such sports as tennis, golf, boxing, etc. For this reason some colleges have been advocating the curtailment or even the abandonment of athletics for the duration.

It is encouraging to note that a far greater number are advocating athletics as usual for the duration, which is the only sensible attitude to take. Had it not been for athletics it is probable that many of these eligible young men would not have been physically fit for military service. We know that none of the athletes are worse for the training they received.

If the use of athletics improves men physically, why abandon athletics at a time like this, just because the best athletes are being called into the service. The need of strong, athletic men was never greater than it is today, and this need will continue far into the future, whether in the war itself or in the reconstruction period which will follow.

The outstanding men of our nation have usually been athletes, starting with Washington and coming down through the years, even including the immortal Lincoln and down to the mighty Theodore Roosevelt, advocate of the "Strenuous Life." To be his best mentally, a man must have a strong body. By all means, let us have athletics as usual to offset the serious side of this greatest of all wars.

## BACK FORTY

By J. A. Kovanda

The scarcity of tankage feed won't bother swine raisers much in this locality, because their hogs eat many different kinds of protein supplements.

From two to three porkers are finished here on skimmilk for every one getting tankage. As many are fed alfalfa hay or commercial mixtures. Soybean meal is also quite commonly used. Other pigs consume bran, whey, and jackrabbits. Too many are raised with little protein feed or none at all.

Skimmilk is equal to tankage if the farmer has a half-gallon for each pig daily without pouring water into it. Sour milk seems to be valuable in controlling certain intestinal disturbances of hogs.

Many pigs are fattened on corn and alfalfa hay. The alfalfa leaves contain as much protein as bran, are high in minerals, and supply vitamins needed for health and growth. Alfalfa hay is worth \$25 a ton today as hog feed. There should be a rack full before every herd.

Soybean meal is one of the best tankage substitutes on the market. As it is lacking in minerals, some limestone or bone meal should be fed with it.

Many hog raisers mix their own supplements. Equal parts of cottonseed meal and tankage give a higher feeding value than tankage alone, and for less money. This mixture is hard to beat.

Commercial or ready mixed feeds should be purchased with an eye to their protein content. They are quite satisfactory as long as the manufacturers do not charge excessive prices for them.

## History's Future Course Hinges on U. S. War Aid

Deciding How American Fighting Materials Are to Be Divided on World's Battlefronts Is FDR's Grave Responsibility.

By BAUKHAGE  
National Farm and Home Hour Commentator.

WNU Service, 1343 H Street, N-W, Washington, D. C.

Washington has at last waked up to the solemnity of the task America has before it. Donald Nelson has begun his assignment of sweeping clean the Augean stables of the inefficiency and selfishness which block our defense production. But suddenly there is revealed a new responsibility which rests upon the President's shoulders, as great spiritually as Nelson's is materially.

On every front men are dying and armies and fleets are impotent for want of the sinews which America alone can forge. We can forge them. But how are we to decide how our aid shall be divided white, as yet, there is not enough for all?

That is the problem which the President and his advisors face today.

When Winston Churchill came to America at least one-half of his task was to convince President Roosevelt and the latter's military advisors that the main objective is the defeat of Hitler. That we must not permit the Nazi strategy of forcing Japan into the war to accomplish its aim—namely, to divert American supplies from Europe to the Far East and neglect the battle of the Atlantic for the battle of the Pacific.

## Litvinoff's Purpose Had Same Objective

Soviet Ambassador Litvinoff came to Washington for a similar purpose. He had two powerful weapons, his own persuasiveness and the knowledge that he had something we want—possible Russian aid against Japan. This aid, if not in the form of actual Soviet military assistance, could mean at least permission to use Russian soil—Kamchatka, the nearest Asian land to the Aleutian islands, and perhaps even the Siberian port of Vladivostok—as bases of operation against Japan.

Although neither Roosevelt nor Churchill stated flatly for publication that one of the "public enemies No. 1" should be defeated first as against the others, certain lesser lights rushed into print with interpretations. Secretary Knox was much more specific. He said that "Hitler was the enemy who must be defeated first."

There was immediate and outspoken protest from the Chinese over making the Far East a secondary theater of war. Earnest and equally emphatic protest leaked through behind closed doors—objections by the Australian and Dutch ministers.

The feeling was so evident that there were questions at a White House press and radio conference. The President answered in general terms, said he couldn't reveal military secrets but that if we looked at a map of the world he thought we would find that American aid (supplies or manpower) were "there." I can't describe his tone or the atmosphere but my own inference was that America was deeper in things, or on the way to more active participation in military activity at many points than most laymen guessed.

That same day, Lieutenant-Governor General Van Mook of the Netherlands Indies had left the White House saying that the President had encouraged him, that he felt more optimistic.

The President agreed that this was the impression he had tried to give and added that America was making real progress in strengthening the defense of the United Nations.

## Goebbels Can See Only the Surface

The day that the Japanese propagandists boasted that Singapore's days were numbered and that Maj. Gen. Gordon Bennett, in charge of the Australian forces in Malaya said that the situation was serious, Senator Connally, chairman of the foreign relations committee, called a press conference. Senator Connally had always favored war against Germany. But at this conference he said:

"Great Britain is in the Atlantic and with her navy ought to be able to command that area. We're more vulnerable in the Pacific."

In Berlin, Propaganda Minister Goebbels probably smiled his cyn-

## BRIEFS . . . by Baukhage

More than 8,000,000 acres of land scattered from Alaska to Florida have been made available by the United States department of the interior for national defense activities in the United States.

It has been said that America has become a tired, footless nation. If so, it won't last. With autos rationed few will be tired and then we'll have to use our feet.

ical smile. Truly this looked like the dissension which has been the Nazis' favorite ally.

But Herr Goebbels fortunately can see only the surface. Underneath there is a realistic policy being pursued which is based on certain facts. No one can predict the fortunes of war, but the picture as the persons in responsible position here see it looks something like this:

It is generally believed that the stories of violent dissension between the Nazis and the German High Command are largely party propaganda. In any case there is no evidence of a serious internal breakdown in Germany.

The Nazi invasion of Russia has failed of its two objectives: First, destruction of the Red army as a fighting unit. Second, the capture of large quantities of supplies such as oil and foodstuffs. The German losses have been heavy. Nevertheless, the German military machine is intact, and it still has oil and supplies for at least a year.

On the other hand, although the Russians have made a masterly defense and are conducting a successful counter-offensive, they have regained little more than one-tenth of the ground the Germans captured. There is no evidence that any permanent German winter line has been cracked.

This means that a German offensive is still possible in the spring and since Russia is exhausting her supplies it is doubtful if she will be either willing or able to attack Japan from Siberia.

In the Far East, Singapore has been the hot spot from the time the Japanese established their superior air power in the western Pacific. From then on, Singapore was no longer valuable as a base because its docks were no longer safe from air attack. Military men said from the first, however, that as long as it stood, it had a powerful nuisance value for it immobilized Japanese air, sea and land power and prevented successful invasion of the Netherlands Indies, or at least the key island of Java. Even if it fell, they said, that did not mean that the defense line of the United Nations based on Java would crumble.

As a result of this overall picture, those in charge of getting aid to the United Nations have worked out this division of supplies:

Continue to send to Europe (Britain and Russia) the amount of supplies which she has been receiving.

Send the increased production to the South Pacific.

Reinforcements are now arriving in the Pacific in greater numbers. As the tide of battle changes it will rest with the President and his advisors to make the choice of where and in what volume America's contributions to the defense of democracy shall go. On the wisdom of this choice will depend the future course of history.

## Radio Censorship And News Casting

Sometimes the radio commentator grows very wrath at those who steer the censorship of state. Recently into every broadcasting station which has a news service came a dispatch telling of the crippling of an American ship by a submarine off the coast of North Carolina. It was official. The censor had passed it for publication but NOT for radio.

Immediately, as president of the Radio Correspondents' association, I was stormed by colleagues demanding that I protest at such discrimination. But the decree was logical. If we had broadcast that the crippled ship was putting into port, the submarine could have picked up the message and pursued and perhaps caught its limping prey.

Next morning, when the papers came out with the story the battered ship was safe in harbor. It isn't likely that the submarine commander gets the morning papers.

What irked me as a commentator far more than this incident was my inability to tell you Washington's little secret of how spring came to the capital in January. I couldn't say anything about it at the time, because that might have helped the enemy, too. Now that it can be told, it doesn't seem so interesting. In fact it seems improbable.

This photo by W. A. Anderson

is very interesting, since the teacher, Guy Laverly, now a Burwell attorney, is seen in the door. He says it was the Vinton school, spring of 1891, and that the Cottonwood school to the west had come over for a visit when the picture was taken. Guy Burrows and wife helped name a lot of the youngsters, although he was not at school that day himself.

From left to right, back row, only, they are: Unknown; Henry Hansen, once an Ord storekeeper, now dead; Clytie Daniels; Addie Byington, now wife of Guy Lewis; unknown; Everett Cromwell, Loveland, Colo.; unknown; Raymond Burrows, in front of teacher; Grace Cromwell Stark, mother of Vern Stark, tall girl to right; Viggo Hansen, now Loomis, with hat; Kate Stewart; Mabel Cromwell, later Mrs. Emmett Collins; Rose Potter.

Now the group of four in the middle and on the steps: The boy is Lester Stacy, now dead; middle girl, Anna Hansen, sister of Viggo; next, Fordyce Daniels; the girl in front is unknown; the little fellow to the left is Ed Hansen, Viggo's brother, Ord drayman, now dead; front row, left to right: Carl Hansen, Henry's brother; Edna Rogers, wife of Raymond Burrows; Clare Stacy; unknown; Jack Burrows; Luke Stacy; seated, Willie Mon-

roe, or Jay Rogers; unknown; Iva Rogers; Lucy Monroe; Eva Rogers.

Mr. Laverly's letter follows: Your request for me to examine the enclosed picture and identify the children therein has my consideration. This is a picture taken at the Vinton school house southwest of Ord. I taught this school in the spring of 1890, in the fall and winter of 1890 and in the spring of 1891. I think probably this picture was taken in the spring of 1891.

It is so long ago that I cannot remember, but as I now recall it only a part of these students belong to my school and some teacher, south or west of Vinton, brought her school over one afternoon for a spelling match. As I recall it now, it was either Kate Stewart or Rose Potter that came to visit our school. I am of the opinion that the third girl from the right end of the picture is Kate Stewart. I think that the one in black at the right was Rose Potter but I am not definite about that. The middle one of these three girls was Mabel Cromwell, one of my students and an expert speller, who spelled the entire school down. She afterwards married a Collins and lived across the river east of Ord. The young man with the hat on is Joe Loomis but I would not attempt to definitely identify any of the others.

The families as I recall them at the present time, were the Stacy family, that lived about a mile east of Vinton, John Rogers family, that lived about half a mile east of the school house, the Daniels family, that lived just north of the school house, the Cromwells, who lived southeast of the school house, Burrows, who lived about a mile east and a little north of the schoolhouse, and Joe Loomis, who lived just across the corner from the school house. I know I recognize Mabel Cromwell and I think I recognize Everett Cromwell, Lester Stacy, Edna Rogers, the two Rogers twins, who as I remember were named Iva and Eva, and the Daniels girls, one was named Clytie and I am not sure what the other girl's name was. Also Guy and Raymond Burrows but I would not attempt to pick them out for I am sure that I would get all mixed up. I think Guy Burrows still lives in Ord and if he is, he could probably recognize them better than I can.

I think most of the children at the left of this picture came from the other school but as I said before, I would not attempt to definitely identify any except Mabel Cromwell and Joe Loomis. I do know that it is the Vinton school and the children were a very fine group and I enjoyed my experience there very much. Yours truly, Guy Laverly.

## My Own Column

By H. D. Leggett

The only CAN'T our nation needs now is lubricANT.

It will be a mighty good thing if every school child in the nation can be induced to give ten per cent of their income or allowance each week to the government. It may teach them to realize what a good free government means to the people who live under it.

The other day our genial cop, Nels Hansen, saw a lady drive her car around a corner in Ord at rather rapid speed, so he stepped out in the street and stopped her. "Lady," said he, "Don't you know we have speed laws in this town? When I saw you coming round the corner I said, '45, at least.'" "No," she replied, "I'm only 36. It's this hat that makes me look so old."

I was talking with a well known farmer the other day, about the prospect of many farmers not being able to drive to town because of the lack of tires for their cars, and I was rather surprised at the position he took on the matter. He said this rubber situation was going to be a good thing. Why, said he, we used to come to town once a week with team and wagon, do our trading and spend the balance of the time at home attending to our business. We planned and made a list of our needs for a week and if we forgot some of them we went without till the next trip. Now, said he, we jump in the car and go to town if we need a pound of butter or a quarters worth of nails and some of us go nearly every day. He finished by saying it would be a good thing if we farmers learn to stay as close to

our business as you business men in town have to do.

If Roosevelt and Churchill want someone to take charge of the whole war and direct things as they should be directed I can send him the names of several right here in Ord who think they can fill the bill.

I read in a recent copy of the Clay County Sun, that my old friend Bill Maupin was severing his relations with that paper. He has been its editor since he with Walter Hughes, bought the paper a year or two ago. Now Mr. Hughes is the sole owner. I always read Mr. Maupin's writings with interest and pleasure. He is a forceful writer and a square shooter, too forceful and too square or straight shooting, sometimes, for his own financial good. I suspect he will soon be using his talent for writing in some other field and I shall hunt him up.

I have read over several times, the Quiz story in last week's paper about what the government expects of us in the way of buying defense stamps and bonds. I heard one man say, "It is sure going to be a real hardship for me to spend 10 per cent of my salary each week for defense." Being a good friend, I asked him what he earned and he said "\$20 a week." I knew that while he had a wife, there were no children and I asked him if it would not be a much greater hardship to go into the army at \$21 a month. He admitted that he hadn't thought of it in just that way. There are many young men who have had to give up much better jobs than twenty dollars a week, and don a uniform. I can't see that it is going to be such a terrible hardship for those on salary to spend 10 per cent of it for defense. I really believe it will be a good thing, as it is simply a savings

proposition. They will get it all back with interest. But the soldier who had to quit a good job is donating the difference between what the government pays him and what he was getting with no chance to get it back but with a good chance of getting killed.

Every few days someone comes into the Quiz office to renew their paper, after it has been stopped, and say they didn't know it was out. Such people have been written by me at least twice within 30 days that their paper was about to expire, and the expiration date is printed every week after their name on their address. How come? Why don't they know? Don't they read? Or do they forget? I am unable to figure it out.

I have explained many times that our stopping your paper when the time paid for expires, is not a question of your credit. It is true that there are a few people who would never pay us if we continued sending the paper after it is out. It is also true that those few people won't pay anyone anything that they owe unless they have to do so. But there are very few of that kind of folks. But it is our business policy not to send the paper after it expires. There are no exceptions to that rule. Banker, farmer, merchant, lawyer, it makes no difference. Friend or foe it is all the same. We treat all alike and there is not a single name on the Quiz list of over twenty-eight hundred that is not paid in advance. So please don't get peeved if you don't renew and your paper is stopped.

## Two Pairs of Horns

The Chousinga, a small East Indian antelope about two feet high, is distinguished from all other living ruminants by having two pairs of horns.

Here is a view of the music room which adjoins the home economic laboratory in the North Loup school building, and seen enjoying a hot, appetizing luncheon which costs them only 5c each as part of the 125 teachers and pupils who take advantage of this service.

Beulah Porter, first primary teacher, sells Robert Vogeler and Connie Noyes their week's supply of 5c luncheon tickets, while other first and second grade pupils and teachers look on.

Here are the cooks who prepare hot meals daily. Left to right they are: Mrs. Stella Kerr, Mrs. Roy Lewis, Mrs. Sylvia Brannon and Merna Goodrich.

When others have been served the waitresses eat too. In this group are Velma Howell, Esther Taylor, Matilda Ciochon, Wilma Portis, Fern Sims, Joan Barber, Opal Axthelm, Eula Brown.

No student or teacher leaves his table until all have finished eating; then each carries his own dishes to the kitchen where they are cleaned and stacked. Seen in this picture, left to right, are Agnes Manchester, Marvin Meyers, Gene Larkin, Dean Walkup, Russell Kerr, Dale Hutchins, Clarence Brown, Bobby Sample, Darlene Eberhart, Ruby Carr and Esther Taylor.

### No. Loup Schools Join with WPA to Serve Hot Meals

Experiment Started by Wills Is Successful; 125 Now Enjoy Daily Lunches at 5c.

North Loup—(Special)—Comparatively new here but regarded as highly successful is the hot-lunch-at-noon plan being carried on in the schools of this village through cooperation of the school with WPA.

Superintendent W. W. Wills was largely responsible for getting the project started and now about 125 of the 155 pupils and teachers in the school, from first graders to seniors in high school, enjoy the daily hot lunches. About thirty still go home for their noon-day meals.

Menus are sent out by the WPA training kitchen at Lincoln and furnish balanced meals. Surplus commodities are used and each pupil pays 5c a meal to make up the other supplies necessary to buy. Some produce is brought in, such as milk, potatoes, butter and vegetables, and credit on the meal tickets is given.

Each child may have all he wants to eat. The day these pictures were taken the menu included baked beans with bacon apple, celery and cranberry salad, buttered corn meal muffins, raisin pudding and cocoa. All bread is baked in the school house and is either hot muffins or whole wheat raised bread. Mrs. Roy Lewis bakes the bread, which usually is put on the table already buttered, sometimes made into sandwiches. Each child brought his own dishes when the project started Nov. 6.

Eight tables are set in the music room, which joins the foods laboratory. A teacher acts as hostess at each table. The little folks who come down first say grace before they are served by their teachers. When the high school comes down they sing the doxology, with Virginia Kerr at the piano. Five boys put up and take down the tables and clear the room ready for the next class.

Mrs. Stella Kerr is senior cook and supervisor of the project. Mrs. Lewis and Sylvia Brannon are junior cooks and Merna Goodrich is helper.

So far the project is just about paying out with the 5c charge for each meal, says Supt. Wills. Some equipment such as kettles, pans and kitchen utensils had to be bought and last week a new oven was purchased. Students receive pay for the work they do in addition to receiving lunch. Each student buys a week's supply of tickets each Friday afternoon for the next week and Muriel Hamer, who acts as bookkeeper, takes them up each day.

### LOCAL NEWS

—Enlistments in the navy recently from the Hastings station include John William Lunney, of Ord, as an apprentice seaman.

—Mrs. Zack Greenwalt went to Omaha Thursday to visit for a time with her daughters Magdalen and Dorothy.

—After visiting her parents, Mr. and Mrs. James Wozniak, a couple of days, Miss Maxine Wozniak returned Thursday to her work in Grand Island.

—Mr. and Mrs. C. W. Clark, accompanied by Willa Joyce Achen and Mrs. John L. Ward, went to Hastings for the day Saturday.

—Frank W. Penas, who is suffering from kidney trouble, has been in the Lincoln General hospital more than a week. He underwent an operation Friday, his fourth in all, and is doing as well as could be expected.

—Emil Rutar left on the bus for Omaha Monday morning, where he planned to spend several days visiting.

—Mrs. Helen Feuhrer, who has been in Ord since Friday visiting the Paperniks, returned to her home in Central City Monday morning.

—Miss Inez Eberhart, who teaches in the schools of Madison, spent the week end in Ord with her parents, Mr. and Mrs. Ben Eberhart.

—Miss Bethene Guggenmos came to town to spend the week end as a guest in the Ove Fredrickson home, enjoying it very much.

—Mrs. Ernest Horner and Cherie Lee accompanied her father Roy Cox to McCook on Tuesday, planning to stay until the end of the week with her sister, Mrs. Hubert Vodehnal.

—Jack Jefford was the house guest of the Elwin Dunlap's Saturday night, eating supper and breakfast there, going to Arcadia on Sunday to visit other members of the Dunlap family, all of whom are friends of his.

—Mrs. Olive Peterson left on Saturday for her home at Brooks, Minn., after a good visit with her sister, Mrs. M. B. Cummings and family.

—Mrs. Ed Johnson left early this week for Wray, Colo., planning to be with a sister who has been very ill for the past week or two.

—Mrs. Ray Harding and Mr. and Mrs. Elmer Bredthauer of North Loup went to Grand Island Tuesday of last week to attend the funeral of Adolph Stobbe.

—Henry Benda, who had been spending a week between semesters with his parents, Mr. and Mrs. F. J. L. Benda, returned to his school work at Nebraska University Monday.

—Three Valley county men, Chester Papernik, John Lunney and M. Edith Radloff, passed the second hurdle and were accepted by the naval board in Omaha. They expect to be called any day to active service.

—Willard Cushing, who had been visiting his mother, Mrs. Dagmar Cushing, for the past two weeks, left Friday for Camp Chaffee, Ark., where he will be in the employ of Black and Veach, consulting engineers, who are in charge of the building of this new army camp.

—Mrs. T. S. Rhoey came Wednesday evening of last week from Omaha, where she had been visiting friends for a few days. She will stay in Ord a little longer to visit her daughter, Mrs. John Round and family, before returning to her Oakland, Calif. home.

—Mr. and Mrs. O. E. Johnson were thrilled to learn they became grandparents for the first time on Jan. 31, with the birth of young Donald Wayne to Mr. and Mrs. Wayne Johnson at San Mateo, Calif. Mrs. Johnson was formerly Miss Florence Miller of Lincoln.

—Mr. and Mrs. Hal A. Pierce are making their home in Grand Island now, living at the Koester Apartments. He is managing the state office of the Union Central Life Insurance company since recently receiving his degree from the college of agriculture, University of Nebraska.

—Glen Garner returned last week on Tuesday from Laramie, Wyo., where he had been ranching for nearly ten years. After a short visit with his parents, Mr. and Mrs. Mid Garner, he left Saturday morning for Denver, where he expected to join either the coast artillery or the air corps. He would have preferred the marines, but is slightly past the age limit of 30 years. Another brother, Claude, is in the service at Burbank, Calif., his father informs the Quiz.

For All Your Floral Needs

Blooming Plants, Ivy and Small Plants

CUT FLOWERS and POTTERY FOR ALL OCCASIONS

Please order early if you wish something special in cut flowers and blooming plants for St. Valentine's Day.

Mrs. Will Zablouil, Prop.

—Jack Weaver was a bus passenger to Lincoln Sunday morning.

—Mr. and Mrs. John Albers will return to Ord to make their home with their daughter, Mrs. Lena Meyers, about April 1, says Mrs. Meyers. They have been living in Idaho.

—Mr. and Mrs. Ben Clark left Saturday for Grand Island where they will make their home hereafter. He sold his cafe business in Ord and has invested in a number of music boxes, more often called "juke boxes". They occupied the former Judge Clements home while in Ord.

—A letter received Friday from Mrs. W. I. Hoffman of Pasadena, Calif., tells that Mr. Hoffman's niece, Miss Verna Lickly, recently of Ord, has been there three weeks and has passed all the tests for Lockheed Aircraft corporation and expects to be called for work soon. Dwight Johnson of Burwell is also there and has enlisted in the air service, and expects to be called for duty.

—Mr. and Mrs. Ed Gnaster returned Tuesday from a ten-day trip to Tulsa, Okla., where he went to take allergy tests in hope of relief from severe migraine attacks. He took more than a hundred tests, learning that any form of eggs and any kind of wheat flour poisoned him badly. Saturday the Gnasters went on to St. Louis to visit Dr. and Mrs. J. G. Kruml at Jefferson Barracks over the week end. Mrs. Dan Webster came to Ord a week ago Sunday to stay with the Gnaster daughters, Monica Jean and Mary Ann.

—Mr. and Mrs. Ernest Horner drove to North Loup to eat Sunday dinner with her parents, the Roy Cox family.

—Miss Joy Loft went to Grand Island Sunday morning to spend the day with her sister and husband, Mr. and Mrs. Henry Wit.

—Fred Coe is in Excelsior Springs, Mo., where he has been taking baths and treatments for a couple of weeks. He will be home in the next couple of days.

—Mrs. Stanley Mitchell of Burwell was improved enough Sunday so that her parents, Mr. and Mrs. William Horner, could visit her.

—Warren Allen writes from Lincoln that he went to Friend to visit her brother George and wife for the week end a week ago, celebrating his 19th birthday that Sunday. This past week end he spent in Omaha with his sister, Dorothy, Mr. and Mrs. Edgar Nunn and family, going Tuesday and returning the following Monday, since his exams were completed.

—Mr. and Mrs. George Dworak came Saturday from Bellwood to spend a week with his parents, Mr. and Mrs. F. J. Dworak, sr., all of them going to Burwell Sunday to see their sister and family. Mrs. Johnson. The Dworaks have sold out at Bellwood, and rather expect to locate in Omaha. Their son, George, Jr. will stay in Bellwood until spring, since he will graduate this year. Mr. and Mrs. Joe Dworak came Friday from Omaha, returning home Saturday. The latter family are still making plans to return here in March and go on a farm.

—Monday afternoon Mrs. Forrest Johnson took her sister Norene Hardenbrook to Broken Bow, where the latter is employed.

—Mrs. Cecil Fox has received word from her two sons, Clarence and Marvin, who are in the army. Clarence is an airplane mechanic stationed at Shaw field, Sumter, S. C., and Marvin is in the infantry and stationed at Fort Lewis, Wash. The latter completed his original three-year enlistment Dec. 17, but of course is now in the army for the duration.

—Mr. and Mrs. Ralph Hatfield were Omaha visitors Sunday, driving down to visit with their son, Gerald Hatfield, who is in the army and has been stationed at a field in Illinois but is being transferred to an undisclosed destination. He was able to meet his parents in Omaha for only a short visit before his regiment left the training camp.

—Mr. and Mrs. Stanley Gross were happy to introduce their new son-in-law to Ord friends when Mr. and Mrs. Leonard Clark came from Omaha Saturday evening bringing Mrs. Gross home. Mrs. Clark is the former Evelyn Gross, and the young couple were married about two weeks ago in Omaha, where both of them are employed by the Industrial Chemical Laboratories. Mr. Clark expects to go into the service at once. There were 12 for dinner at the Gross home on Sunday and many more relatives and friends dropped in during the afternoon to greet the happy pair.

## Paul Bartz.

Funeral services for Paul Bartz were held Tuesday afternoon from the Methodist church in North Loup, Rev. C. F. Wagner officiating. A mixed quartette composed of Mrs. H. J. Hoepfner, Mrs. Cloyd Ingerson, Roy Hudson and Deryl White sang. Bearers were neighbors of Mr. Bartz and were Alex Brown, Walter Thorngate, Walter Placke, Gilbert Babcock, Will Schudel, and Julius Schoning. Burial was in the Scotia cemetery. Miller Bros. of Scotia were the undertakers in charge.

Paul Bartz, second son of Fredrick and Augusta Bartz, was born near Berlin, Germany, on December 9, 1875 and passed away at the Clinic hospital in Ord February 1, 1942 after a brief illness. He was 66 years, 2 months and ten days old.

When two years of age he came with his parents and an older brother, Otto, to the United States. The family home was established on a farm near the river east of North Loup and this farm had always been his home. When but a small boy he became a member of the Evangelical church.

The father died in 1924 and the mother in 1932. Mrs. Ida Brown had gone to care for the mother before her passing and remained to make a home for Paul. For several months his health had been failing and last week he was taken to Omaha for medical advice and help but returned home and went at once to the hospital in Ord where he lived only a few days. He was a good neighbor, a good farmer, honest in all his dealings, in fact so honest that unscrupulous people sometimes took advantage of him. He is survived by three brothers, Otto, George and Fred of North Loup and one sister, Mrs. Clara Redden of Omaha.

Mrs. R. W. Hudson entertained two tables of bridge Thursday evening. Mrs. W. H. Schudel won both the prize for high score and the traveling prize.

Twenty eight members of the Townsend club met at the home of Mr. and Mrs. Bates Copeland on Monday night for a business meeting and covered dish supper. The next meeting will be March 2 at the home of Mr. and Mrs. Ed Post.

Herbert Ellis came up from Grand Island Sunday night and stayed over till Monday morning. He went to Omaha Monday to enter the army.

Mr. and Mrs. Bates Copeland and Maxine and Mrs. Merle Worrell were Sunday dinner guests of Mr. and Mrs. William Worrell.

Members of the Methodist WSCS held a bake sale Saturday in the Bartz store.

Miss Lulu Baugh spent the week end in Palmer with a sister. Her mother came up from York for the week end also.

The Guy Mulligan family of Ord spent the evening Sunday with the Ross Portis family.

Mr. and Mrs. Roy Cox spent Monday afternoon in Grand Island.

Mrs. Allen Sims accompanied the George Lints of Ord to Elba Sunday and spent the day with her father.

Week end guests of Mr. and Mrs. Charles John included Mr. and Mrs. Victor Filipi, Mrs. Nick Rohla and Miss Helen Oliva, all of Western, Nebr. Additional Sunday guests were Mr. and Mrs. J. T. Knezacek and Mrs. Mary Radil. The day was spent celebrating Mr. and Mrs. John's 25th wedding anniversary.

Three tables of players spent the evening Monday playing pinochle at the home of Mrs. Allen Sims. Mrs. C. J. Goodrich who was celebrating her birthday was the honored guest and was given a handkerchief shower. Mrs. Goodrich and her family were made happy Sunday with a long distance call from their daughter, Mrs. Dorothy Stanghellini of San Francisco.

Mrs. Jim Scott won high score, Opal Beebe the traveling prize and Mrs. Elma Portis low. Roy Cox left Tuesday for McCook and adjacent territory to spend the week in his work. Mrs. Earnest Horner and daughter of Ord accompanied him and will spend the week with Mrs. Hubert Vodehnal and her family.

Mr. and Mrs. Earnest Horner and daughter of Ord were Sunday dinner guests of Mr. and Mrs. Roy Cox.

At the meeting of the village board held Monday night it was voted to buy one hundred chairs for the community hall. The township board also voted to buy one hundred at a recent meeting.

At the meeting of the school board held Monday night the usual routine business was done. No definite action was taken in regard to daylight saving time.

The Ed Burrows family attended a party Wednesday evening at the John Skala home on Davis Creek.

Marjorie Brown spent the week end at the Frank Psota home.

The Legion Auxiliary are sponsoring a benefit tea for Thursday afternoon, Febr. 12 at the home of Mrs. H. J. Hoepfner with Mrs. William Graff assisting. Mrs. Lillian White of Ord will be a guest speaker.

The Wayne King family and Comfort Cummins were at the Will Earnest home Monday evening

ing for a possum feed. The possum was one Wayne King trapper near Sumter.

Ethel Jeffries returned to Grand Island Sunday after spending the week end at home. Mrs. Lane Good and two children accompanied her to Grand Island and were guests of friends over night. Monday morning they went on to their home at Laramie, Wyo. Martha Miller went to Grand Island Monday morning and accompanied her sister to Laramie where she plans to remain indefinitely.

Mr. and Mrs. Edwin Miller and Martha and Mrs. Lane Good and children were Sunday guests of Mr. and Mrs. Ivan Miller of Arcadia.

Arthur Jeffries went to Hastings Friday morning and from there left for the army. Word received from him the first week said he was at Fort Leavenworth, Kas.

The library board met Monday afternoon for their regular monthly meeting. The following new books were placed on the shelves: Windswept by Mary Ellen Chase; The New Hope, by Lincoln; How Green is My Valley, by Lewellyn; The Key to the Kingdom, by Cronin; That Day Alone, by Pierre Van Passon and Shake Hands with the Dragon, by Carl Glick. There were also a number of new children's books.

Mr. and Mrs. Will Bartz of Burwell, Mrs. Ray Redden of Omaha and Mrs. Ida Brown were dinner guests Tuesday of Mr. and Mrs. Otto Bartz.

Mrs. H. L. Klingensmith spent Monday at the Bryan Portis home.

Mr. and Mrs. Murray Rich and Leland and Mrs. Max Klingensmith went to Grand Island on Tuesday where they expected to have Leland's tonsils removed if he was well enough.

Mr. and Mrs. James Petska of Ord were Friday evening guests of Mr. and Mrs. Ign. Pokraka.

Edward Psota spent from Friday to Sunday at the Leonard Psota home at Ericson. Mrs. Leonard Psota who had spent the week at the Frank Psota home accompanied him home.

Mavis Schudel was a Monday evening guest of Hazel Stevens. Quite a large amount of waste paper was brought in Friday afternoon and taken care of by the salvage committee. Plans are being made for paper and other waste materials to be collected next Friday.

The Albert Babcock family were Monday supper guests in the Erlo Babcock home.

Sunday supper guests of Mr. and Mrs. C. D. Barber were Mr. and Mrs. Elley and Mr. Schuler.

Mr. and Mrs. Glen Barber and Mrs. Claud Barber spent Monday in Grand Island.

The Womans missionary society met Tuesday afternoon at the home of Mrs. Bert Sayre. The Nellie Shaw society met on Wednesday afternoon with Mrs. Roy Cox.

Mr. and Mrs. W. H. Vodehnal entertained their dinner-bridge club Tuesday evening.

The EPW club met Tuesday evening with Laura Bitner. The evening was spent playing pinochle.

Saturday evening postmaster Frank Johnson had sold all the federal automobile stickers he had on hand and later purchasers were having to go some place else or take chances on waiting for a new supply.

## Dr. Rounds Reports.

A boy was born to Mr. and Mrs. Henry Newman of North Loup on Jan. 24.

A girl to Mr. and Mrs. Orville Gregg of Arcadia on Jan. 25th.

A boy to Mr. and Mrs. Ed Kruml of Ericson on Jan. 26th.

A girl to Mr. and Mrs. Walt Douthit of Ord in the hospital Febr. 1st.

A boy to Mr. and Mrs. J. F. Lech of Elyria on Febr. 2nd.

A girl to Mr. and Mrs. Louis Van Cura in the hospital Febr. 3rd.

## Flynn Rites Were Held in Glendale, California

Last rites for Wesley E. Flynn, former Ord man who died Jan. 21 at his home in Long Beach, Calif., were held in Forest Lawn memorial park, in Glendale, Calif., and interment was made there. American Legion post No. 27 conducted the military funeral service.

Wesley was born in Arcadia, Nebr., moving to Ord as a youth and receiving his early education here. He attended Baptist college in Grand Island and later entered the grocery business in Ord in partnership with his twin brother, Leslie Flynn. Answering his country's call, in World War I he served in Co. C, 338th Machine Gun Battalion, 88th division, A. E. F., and was in France 1½ years.

Since March 1, 1925, soon after he moved to the west coast from Ord, he had been a salesman for the Perkins Creamery company at Long Beach. He was 49 years old when death came as a result of cancer of the throat.

Left to mourn are his wife, Reva C. Flynn, his mother, Mrs. M. Flynn, of Ord, his twin brother, Leslie, of Long Beach, three other brothers, Frank and Clifford Flynn, of Ord, and Dick Flynn, of Blair, and three sisters, Mrs. Ed Knapp, of North Loup, Mrs. Hugh Fradenburg, of Ridgefield, Wash., and Mrs. Carl Oliver, of North Loup.

Raymond Augustyn

This is Raymond Augustyn, a son of Mr. and Mrs. Adam Augustyn, who was home recently on a week's furlough. He is stationed at Fort Knox, Ky., and likes it fine, but expects to be moved soon.

## Veteran Aviator Likes Far North

(Continued from page 1)

time to visit briefly with dozens of old friends here.

For the past two years Jefford has been employed by the CAA at a job that is tops in a big stretch of country that is becoming increasingly important to the defense effort of the United States. He checks airplanes, licenses pilots, supervises landing fields and radio stations, and with the help of two assistants generally has charge of CAA flying and ground personnel in the frozen north.

The Cessna plane he flew to Ord is well equipped for the job its pilot fills. It has three radio receivers, a radio transmitter and a directional beam receiver which gives its pilot automatic compass bearings when tuned to a commercial radio station. The big cabin is filled with snow shoes, skis, Alaskan sleeping garments and daytime clothing, as well as the big canvas furnace used by pilots in the far north to warm their motors when forced landings are made. It has been flown 300,000 miles by Jefford in the past year.

Jefford has been with the CAA two years; before that he was with the Mirro Flying Service, of which he was chief pilot. His brother Bill, also well known to Ordites, was with him in Alaska for a while but now is a mechanic with the RAF in London.

One of Jack Jefford's most thrilling exploits involved the rescue of Mrs. Bill Jefford, their 3-months-old daughter, a pilot and mechanic who became lost during a blizzard in Alaska. He flew through the storm until he located wreckage of their plane, flew back to his base and took supplies to the wrecked party, which were dropped by parachute because it was impossible to land a plane safely. He then guided ground parties to the wreck when the storm subsided. His boss, Mr. Mirro, was killed when his plane crashed as he was searching for the same party.

After several years in Alaska he likes it better than any place he ever lived, Jefford says. But it is no place for an economical housewife, with eggs 93c per dozen, beef \$1.25 per pound, rent \$75 monthly and up and all other prices in proportion, he asserts.

The Jeffords family lives in a new house they built recently at Anchorage. They have two daughters, 3 and 6 years old.

## Clinic News.

Mrs. Tom Borovka was a medical patient at the Clinic last week.

Edward Hvesda, of Comstock is a medical patient of Dr. Weekes.

Miss Anna Marie Rupp submitted to major surgery Thursday. She was released from the hospital Tuesday.

A. L. Berney, of Wolbach, submitted to minor surgery Thursday.

Mrs. Melvin Clement is a medical patient of Dr. Weekes.

Mrs. Ella Rasmussen was admitted to the hospital Saturday. Dr. Weekes is her physician.

Paul Bartz was a medical patient of the clinic last week. Dr. Hemphill was his physician.

Mrs. Lester Wagner, of Scotia, was released from the hospital Tuesday.

Harold Portis, of North Loup, submitted to major surgery on Tuesday.

Real Estate Transfers. Note: Revenue stamps are required on real estate transfers at the rate of 55 cents for each 500 dollars consideration or fraction thereof, except when the actual consideration is 100 dollars or less. When transfer is made subject to a mortgage or other encumbrance, revenue stamps are required only for the amount above that of the mortgage.

From the county records January 22 to January 29, 1942. Administrator of the estate of Anna K. Reade, deceased, to Mable E. Potter, NW 1/4 34-18-15; E 1/2 2, SW 1/4 1, NW 1/4 12, 19-13. (\$7.70 revenue). \$6.560.

Women Postmasters. During the last seven years, 77 percent of all postmasters in the United States have been women.

## BURWELL

Lloyd Carricker announced his resignation as manager of the Burwell Butter Factory Tuesday. He and his wife and son plan to move soon to Omaha. How where he will be employed by Ralph Brownell who operates a butter factory there. Mr. Carricker's removal will leave a vacancy on the school board of which he is a member. The directors of the butter factory have announced that they will not select a new manager for several weeks.

Mr. and Mrs. Leonard Johnson drove to Omaha Monday where they are attending the annual convention of the Nebraska Hardware Dealers association. Mr. Johnson is vice-president of the association.

Charles Horner, Mr. and Mrs. Lyle Heitz and Miss Goldie Horner drove to Omaha Friday to bring home LaVern Horner who has been receiving treatments in Dr. Simon's hospital for an abnormal growth at the base of his tongue. LaVern has been unusually sick for several months and his recovery has been slow. They returned home Sunday.

George Dawe and Miss Goldie Dawe look their mother, Mrs. Fred Dawe, to Omaha Monday where her surgeon checked her condition. Mrs. Dawe has been improving in health since her recent operation.

Owing to the war the American farmers must provide food for ten million extra people according to E. B. Catterson of Alnsworth, district extension supervisor, who spoke at the anti-meeting of the Garfield County Farm Bureau in the library basement Tuesday afternoon. Mr. Catterson said the food is being sent to England and other nations who are at war in highly concentrated forms.

He stated that a case of eggs which weighs about fifty pounds is broken, condensed and evaporated until the residue weighs but seven pounds and yet none of the nutrients of the eggs are lost. Milk, too, according to him is likewise condensed. He said that a five pound chicken is prepared by removing the bones, skin and great deal of the moisture until the finished product can be processed in container no larger than a small can of corn and yet all of the food value remains.

Mr. Catterson said that such processing is necessary to economically transport and preserve the food. He declared that much of it will go to the bottom of the ocean when the ships carrying the food are torpedoed by Axis submarines. The food needed in one year to feed the people dependent upon the American farmers for their sustenance would fill a string of box cars reaching from New York City to San Francisco.

The task of the farmers will be especially difficult, Mr. Catterson declared because they must produce more food with less labor and machinery as the defense industries and the army are taking the young men off the farms and all manufacturing plants are busy making tanks, planes and rifles and consequently can make no farm machinery.

Mr. Catterson said that the farmers had a patriotic duty to produce all the feed they could even though it might not be profitable for them to do so. "The boys who lost their lives at Pearl Harbor," he declared, "were not out to make money."

He exhibited motion pictures showing the work of the pasture, forage, livestock program in Nebraska. This program has seven aims which Mr. Catterson enumerated. The maintenance of a proper balance between livestock and forage. The restoration of poor producing farm land to grass. Increase the planting of soil building crops. Produce high yields of roughage. Utilization of forage crops. Build up feed reserves and encourage the keeping of livestock on rented farms. Mr. Catterson quoted the old proverb "A country without livestock is never rich and a country with livestock is never poor."

The boys taking vocational agriculture and their teacher, Mr. Engel were guests at the meeting. Mr. Willis Thurber, the county agent, invited those present to attend the irrigation clinic which will be held in the Burwell school auditorium Febr. 18. Five specialists from the college of agriculture will be present. Mr. Thurber said that special stress would be laid on gardening at this meeting.

Mrs. Lena Meyers Hears from Son in the Navy

Mrs. Lena Meyers received the following letter from her son Milton, who is in the naval service of the United States. For obvious reasons the ship or location cannot be given. "Dearest Mother: Just a few lines to let you know I am well, hoping you are the same. Tell all the rest of the folks 'Hello'. I guess it is pretty cold back there and lots of snow. Like always, Your Loving Son, M. O. Meyers."

Tobacco Markets. The world's largest tobacco markets are in Lexington, Ky., Wilson, N. C., and Danville, Va. In 1938 Lexington was the world's largest tobacco market.

## Grade School Casters Show Wares at High Gym

Once each year the boys from the grade school are given the opportunity to show what they know about the great game of basketball. This year their coach, B. A. Eddy, arranged for the four teams to play a preliminary to the Ord-Albion game at the high school gymnasium Friday evening.

The personnel of the teams is as follows:

Green: Leonard Svoboda, Don Hill (Captain), Ernest Holt, Loyal Hiner, Arden Valasek, Ladie Cochran, Dick Malolepszy, Wayne Zlonke, Raymond Bartusiak.

White: Bill Anderson (Captain) Jay Stoddard, Don Hower, Charles Munn, Ken Adams, James Misko, Irwin Carlson, Gaylen Allen, Billy Whelan.

Black: Don Wozniak (Captain), Ed Piskorski, Keith Christoffersen, Don Haight, Bob Whitford, Frank Vavra, Dan Mason, Monte Dalley, Richard Mason-Ka.

Orange: Bob Sprague (Captain) Doug Dale, Dick Tolen, Henry Delnes, Paul Stoddard, Dale Manchester, Daryl Sorenson, Arden Valasek.

The first game was between the White and Orange, White winning 12 to 10. Captain Anderson made 5 points for his team, Stoddard 4, Munn 2 and Hower 1. Doug Dale pulled the unique stunt of making all the ten points for his team.

In the second game the Black defeated the Green, 11 to 9. For the Black Piskorski and Mason each made four points, Mason-Ka made 2 and Captain Wozniak made 1. For the Green Svoboda made 5 points and Captain Hill made 4.

These teams have been playing the season in a league of their own, and at the present time the White is in the lead the Orange and Black are tied for second place and the Green is at the bottom of the list. The boys may not be as scientific as the older players, but they certainly put up a terrific scrap.

## Loans Available to 4-H Club Members

Boys and girls who wish to join 4-H clubs and help in the Food For Victory campaign will be interested in the loans which have been made available through the Farm Security Administration.

Loans are to be made at a low rate of interest to any 4-H club member who is unable to finance his own project. The limit is \$75.00 per club member.

Boys or girls who are interested in getting a brood sow, dairy heifer, ewes, or poultry for 4-H club project work should take advantage of this loan if they do not have the money to get started.

In many communities in the county there should be a group of youngsters who want to do their part in helping to produce additional food to help our country win the war. Wherever there are boys and girls who would like to do their part they should get in touch with the FSA office or the county agent and get the details as to how they can help to increase the nation's food supply.

At the declamatory contest held Thursday night these six North Loup girls placed first and second in their groups. Those in the front row were first, in the back row, second, and are: Joan Barber, second in dramatics with "Submerged"; Mary Babcock, first with "Afraid in the Dark." Fern Sims first with "At the Shoe Store," and Esther Smith first with "At the Swimming Pool," and Evelyn Jackson second with "Hating War," and Muriel Hamer first with "The Lost Generation," in the oratorical. These first winners go to Scotia Wednesday to compete in the sub-district contest. Judges were Mrs. Mark Tolen of Ord and Mrs. W. G. Zanger and Roger Johnson. Mrs. Elley who coached the readings is also in the picture. Four girls, Mary Babcock, Joan Barber, Frances Goodrich and Lucinne Fisher presented a one act play, "The Mother Who Went Away," the same evening and this will also go to Scotia.

Postmaster Frank Johnson, his clerk, H. J. Hoepfner and carrier C. J. Goodrich are seen putting out the afternoon mail which has just come in by way of star route.

## LOCAL NEWS

## More Facts Given on New Draft Registration

It is estimated that 100,000 Nebraskans will be in the new draft registration which is to take place Saturday, Feb. 14, and Monday, Feb. 16 all over the state, the extra day being ordered by Governor Dwight Griswold. This figure presupposes that there will be more than 500 registering in Valley county, according to an estimate made by William J. Ramsey of Arcadia, chairman of the Valley county board.

The following places have been selected for registration: In Ord, at the draft board office over the Nebraska State Bank; in North Loup, at the North Loup Lumber company's office; at Elyria, in the Elyria post office; at Arcadia, in the pump house. Eligibles from the country should report at the most convenient location.

The registration places will open those days at 7 a. m. and continue open until 9 p. m. Men who are to register are those not now registered who reached their 20th birthdays on or before Dec. 31, 1941, and who have not reached their 45th birthdays by Feb. 16, 1942.

Gallaudet College. Gallaudet college, for the deaf, in Washington, D. C., was established in 1864 and named in honor of Thomas Hopkins Gallaudet, the founder of deaf-mute education in America. It is the only institution in the world devoted to the higher education of the deaf.

—Mrs. Banks, the teacher of Dist. 54 school, gave a theater party for all her pupils honoring Mary Ann and Wayne Gregory before their departure. She served supper in her home to the group.

—Mr. and Mrs. George Hubbard are going to Lexington on Friday to visit their son Maurice and family. They are hoping that they do not run into such a storm as they experienced on a similar trip last winter.

—Carl Sorenson returned Saturday evening from Lincoln, where he had been undergoing treatment at the Veterans hospital. He is feeling considerably better than when he went there two weeks before.

—Mr. and Mrs. George Smith of Grant, Mr. and Mrs. Richard Schwartz and Mrs. Maude Bennett, of Grand Island, were dinner guests of Mrs. Rose Pierson Monday. George is a brother of Mrs. Pierson.

—Miss Lucile and Ernest Ulrich came from Omaha to spend the week end with their parents, Mr. and Mrs. Fred Ulrich. Miss Ulrich is employed at the Glenn S. Martin Nebraska bomber plant.

—Truman Gross drove to Ord Wednesday evening, leaving early next morning to take his sister, Mrs. Charles DeForrest to Grand Island, where she caught a train for Albion. She will visit her parents there a few days before returning to her McCook home. Mr. Gross came from Hastings to spend the week end in Ord and is in hopes he can get a suitable house for his family there and move them by Febr. 15.

# ANNUAL MEETING

OF THE

## Ord Co-Operative Oil Co.

WILL BE HELD AT 2:00 P. M.

## Tuesday, February 10

At The American Legion Hall, Ord, Nebraska

NOTICE—This meeting will be called promptly at 2:00 and all Stockholders and Share Earners are invited and urged to be there at that time. Tire and Fuel Problems Discussed.

Refreshments Served after the Business Session

# ORD CO-OPERATIVE OIL COMPANY

ORD, NEBRASKA

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

The Fortnightly club met on Wednesday afternoon with Mrs. I. J. Theilin. This club has been having a series of lessons on consumer education and this lesson was on textiles, particularly rayons. Mrs. R. H. Knapp and Mrs. R. H. Johnson conducted the lesson, simulating a department store with the clerk and customer bringing out the merits of the different hostery, neckties and materials. They were assisted by Mrs. Roy Stine, Mrs. W. O. Zangger and Ruby McGinley.

Friday afternoon the Junior Fortnightly club met with Mrs. Alvin Sims, Joan Barber, Fern Sims and Evelyn Jackson gave the readings they had presented at the declamatory contest on Thursday night. Each member present wrote a letter to Mrs. Vernon Thomas, a member who is quarantined with scarlet fever. Mrs. Ray Redden came up from her home in Omaha Sunday morning called here by the serious illness and death of her brother, Paul Barz.

Mary Ann Bartz, Roberta Maxson and Dorothy Brannon drove up from Lincoln Saturday afternoon. Roberta remained at home but the other girls returned Sunday evening. Mary Ann is working in Lincoln and Dorothy is attending business college.

Mr. and Mrs. Alvin Tucker spent Thursday in Grand Island, going down to see an aunt of Mrs. Tucker's who is in a Grand Island hospital.

Mr. and Mrs. J. M. Fisher were Sunday dinner guests in the Harold Fisher home.

Rev. A. C. Ehret was a Saturday dinner guest of Mr. and Mrs. J. L. Cruzan with Rev. and Mrs. Earl Cruzan.

Mr. and Mrs. Cecil Severance and Mrs. Henry Williams were Saturday dinner guests of Marcia Root.

The Orville Noyes family have moved into the Frank Johnson house which the A. L. McMinden family recently vacated.

Mr. and Mrs. Elmer Cox and Mrs. Bud Beebe spent Monday afternoon in Grand Island.

Mrs. Jennie Clement, Mrs. R. C. Clement, Mrs. Gates and Mr. and Mrs. W. G. Johnson were Saturday dinner guests of Mr. and Mrs. Roger Johnson.

Sheldon Van Horn took his mother, Mrs. Alice Van Horn, to Lincoln Monday where he expected to put her in an invalids home. Sheldon then went on to Omaha where he will enter an airplane school.

Ben Nelson unloaded another carload of Ford tractors Friday, the second, for the week.

Nettie Clark of Madison and Eva Johnson of Norfolk came home Friday evening. They returned Sunday afternoon.

A large crowd attended the dance at the community hall on Friday night. Lee Barron's orchestra furnished the music and the proceeds were turned over to the infantile paralysis fund.

Mrs. C. B. Clark and Merlyn went to Aurora Friday afternoon to meet Charles Clark who came home to spend the week end.

Rev. J. A. Adams will go to Taylor Wednesday where he will speak at the meeting held in the Taylor Evangelical church in connection with the harvest of Gods Acre crops.

Mrs. Lane Good and two children were Thursday supper guests in the R. H. Knapp home.

Mrs. Don Tolbert, Jimmy and Teresa spent Sunday afternoon with Mr. and Mrs. Ed Post.

The WSCS of the Methodist church will meet Thursday afternoon with Mrs. I. J. Theilin. Mrs. Ralph Misko and Mrs. Holloway of Ord will be guest speakers.

The Ross Portis family were Sunday dinner guests of Mr. and Mrs. L. W. Portis.

Mr. and Mrs. Martin Markivicka are parents of a baby girl born Thursday, Jan. 29. Dr. Cimfal was in attendance.

Mrs. Carl Stude spent Monday with Mr. and Mrs. L. W. Portis.

Wednesday evening guests for ice cream and cake in the Jess Waller home were the Harry Waller family and Mrs. Della Manchester and Howard.

Mrs. Della Manchester and Howard spent Sunday afternoon and evening in the Harry Waller home.

The old barn on the F. B. Robbins place has been torn down the past week and the lumber hauled away. Bert Craft bought it and Ralph Craft tore it down.

Mrs. Clarence Switzer, Mrs. W. J. Hemphill, Mrs. L. W. Portis and Mrs. Fanny Weed spent Friday afternoon in Ord.

Mr. and Mrs. Chas. Mayo of Ord were guests of Mr. and Mrs. Clyde Willoughby from Wednesday till Saturday. Mr. and Mrs. Fred Jackman were also guests for dinner Thursday.

Mr. and Mrs. Clyde Willoughby and Duane and Mr. and Mrs. McBeth of Scotia were Sunday dinner guests of Mr. and Mrs. Ben Simfax.

Mrs. Stanton Finley entertained the Bunco club Wednesday afternoon. Nina Johnson won high score and Eva Coleman low.

A good crowd attended the declamatory contest Thursday evening at the school house. Beside the readings given, four girls, Joan Barber, Frances Goodrich, Mary Babcock and Lucine Fisher presented a one act play, "The Mother Who Went Away," which they will give at the concert in Scotia Wednesday evening. Delores Cox and Burdette Mulligan gave a tap dance between the group of readings.

Mrs. Paul White is confined to her bed with a bad case of heart trouble the past week and a half.

Donna Manchester celebrated her birthday with a party attended by about twenty of her friends Thursday night.

Members of the high school and faculty enjoyed a dance in the music room of the school house. The sophomore class with Mr. Elley as sponsor furnished the lunch and a nickelodeon was used for the music.

The Needle and Thimble club met Thursday afternoon with Mrs. Arthur Smith. Mrs. Chas. Fuller was a guest.

Mr. and Mrs. Chas. Fuller were Thursday supper guests of Mr. and Mrs. George Maxson.

# NATIONAL AFFAIRS

Reviewed by CARTER FIELD

**No Relaxing Bans on Civilian Supplies, Due For More . . . Profits On War Material O. K.**  
(Bell Syndicate—WNU Service.)

WASHINGTON.—Experts on strategic materials simply shake their heads when asked whether they will be able to get their hands on enough steel, copper, lead, zinc, rubber, etc., to provide for the latest stepping-up of national defense needs.

The whole picture is best illustrated by a high official of OPM into whose office the writer walked within half an hour after President Roosevelt finished his outline of planes, tanks, etc., which MUST be made in 1942 and 1943.

"Can we do it?" I asked.

"Why, it's ridiculous," he shouted. "It's not a question of money. But where are we going to get the stuff? It's impossible."

He had pounded his desk in anger at the first word. Then he relaxed into gloom. There was a moment of silence. Then a sheepish grin overspread his face.

"You know," he said, "when the President said we must make 50,000 planes a year I said THAT was absurd—that it couldn't be done. Well, along about July we WILL be making planes at the rate of 50,000 a year."

There was another pause.

"So I guess we will do what he asks, even if it is impossible," he concluded. "Now, what in the world are you bothering me today for?"

**Demands to Be Met!**

The point of all this now is that the President's specifications as to the number of planes, tanks, ships, guns, etc., WILL be met, in all human probability—BUT—don't look for any relaxing of present bans on civilian supply. Things are going to get tougher, not easier, and it would be wise to face that prospect with our eyes open.

Down at the OPM offices the chief complaint is that everybody thinks an exception should be made in HIS case. The company that has spent a fortune convincing customers that coffee is better in vacuum tins; the vegetable and fruit and meat canners, who incidentally have been backed strongly by the department of agriculture.

Worst offender of all is Civilian Defense!

"The idea of a million air-raid wardens being told to get two shovels, and two pails, and every household being told to get two flashlights," snorted one official worried about strategic materials.

"It would be much better to let a lot of houses be burned by incendiary bombs than to use so much metal in taking precaution against raids that we would not have enough fighter planes to drive the bombers away," he said. "Why, these Civilian Defense people have gone crazy."

Then there were the people who thought the tremendous inventories of the big motor companies would mean production of cars until those inventories are cleaned up.

"The best copper mine we are going to discover," said one of the strategic material experts, "is in the inventories of a lot of manufacturers, especially the forehanded boys who saw the trouble coming and stocked up beyond all reason so they would be able to carry on."

"It is perfectly true that some of the materials we want already have been fabricated, and that it will be uneconomic to reclaim them. But war is a mighty uneconomic business, and expense is no object when we are worrying about getting planes and guns."

**OPM Official Tells Plan for War Goods**

The aluminum drive was a case where the public co-operated with totally unexpected enthusiasm. Aluminum poured in! And so did a lot of stuff folks thought was aluminum, but wasn't. This would not have made any difference if the stuff had been cleared through ordinary junk dealers, who would have sorted out the material, packed it in an orderly way for shipping, and delivered it where it was needed.

But there was a passion for eliminating all profit, so the people who know how to handle junk were bypassed, and a terrific waste resulted.

"What we want to do now," said one of the OPM men, worrying about strategic materials, to a little group, "is to get this collection of materials for reclamation on a profit basis. We want somebody to handle it in each community who knows how to handle it, and we are perfectly willing for him to make a profit on it."

"As far as we are concerned we are willing for him not only to make all expenses, but a good profit besides. It is not the cost of strategic materials that is important, this year or next year or maybe the year after—that is getting them.

# Klima Designated Licensing Agent

Will Have Full Charge of the Issuing of Licenses For Buying Explosives.

The department of the interior bureau of mines, has written Ign. Klima, informing him of the fact that he has been designated as licensing agent for Valley county under the federal explosive act passed by congress Dec. 26, 1941.

This act regulates the purchase, sale and use of explosives during the present emergency. Permits will be issued to those having legitimate use for explosives, and a fee of 25c is provided for each permit so issued, as compensation for making out the permit.

The purpose of the act is to prevent explosives from coming into the hands of inexperienced persons or those who may be disloyal or hostile to the United States. The object of the law is to reduce disasters from explosions, either accidental or subversive, to a minimum.

The term, "Explosive," as explained in the act, shall mean gun powders, blasting powders, all forms of high explosives, blasting materials, fuses, detonators, chemical mixtures or compounds containing oxidizing or combustible materials and materials used in making explosives, potash, for example.

Permits must be obtained before explosives may be purchased. Application blanks are not on hand at present, but will arrive soon, and these must be filled out, stating the amount of what material is required, and for what purpose it is to be used. No dealer is to sell any explosive material except to persons bearing permits, and then only the amount and kind specified in the permit.

Persons requiring explosives for blasting stumps, ice, cess pools, and similar purposes will have no trouble in obtaining what they need, as the object of the law is not to restrict the sale of the material, but to prevent it from falling into the hands of ignorant persons or subversive groups.

**Millard D. Bell Writes Book on Nebr. Schools**

The Quiz is in receipt of a copy of a new book published in 1941 by Columbia University, N. Y., and written by Millard D. Bell, Doctor of Education, superintendent of schools, city of Ladue, Mo. The title of the book is "A Plan for the Reorganization of Administrative Units for the Schools of Nebraska."

Practically everybody will remember Dr. Bell, who held the position of superintendent of the Ord schools from 1930 to 1939, being succeeded by the present superintendent, C. O. Thompson. It is indeed a pleasure for the Quiz to give a brief summary of his book and what it proposes to accomplish.

In his introduction the author states that there has been little change in the Nebraska school system since its pioneer origin in 1855. The system met conditions as they were at that time, but fundamental changes in our way of life demand a similar change in our educational system. The purpose of the book is to light the way to a new and better system to meet modern conditions.

The book is limited to an examination of conditions within the state; a study of literature pertaining to administration of schools; the formation of criteria for reorganization in keeping with the findings; and to the making of plans for the reorganization of the Nebraska school system in keeping with the findings above.

Problems of finance are considered as an important phase of education. However, the purpose of the book is concerned primarily with what can be done to improve the administrative structure of the schools in Nebraska and studies of those factors that have direct bearing upon the type of organization best suited to this state.

Space is devoted to a study of school curriculums; to rural enrollment loss in transition from elementary to high schools; the consolidation movement; the teaching staff; supervision; special services; buildings and grounds; in the latter he found a wide range of building standards throughout the state.

His proposed educational program for Nebraska includes: Functions of the public school system; basic assumptions, the guiding principles for determining the administrative unit; guiding principles for determining ultimate attendance units; types of administrative units proposed; stages of development; allocation of functions between administrative and attendance units.

He shows the advantages of the larger unit organization, tells how to secure reorganization, and gives a review of the literature on larger school units. His plans follow many of the ideas already in use in other states, but he looks into the future and goes far beyond the limitations of systems already in use.

**Lamb Contains Fat**  
Lamb contains much fat and something acid, like mint sauce, should be served with it to counteract the effect of the fat.

# LEGAL NOTICES

**Davis & Vogeltanz, Attorneys.**  
In the County Court of Valley County, Nebraska, State of Nebraska, Valley County, ss. James T. Ciemny has filed a petition in this court praying that letters of administration upon the estate issue to Leon Ciemny and John Ciemny. I have appointed Wednesday, February 13, 1942, at 10 o'clock A. M. at my office in the Court House in Ord, Nebraska, as the time and place to hear the same and all persons interested may then and there appear and show cause why said letters should not be granted as prayed. Dated January 23, 1942. John L. Andersen, County Judge, (Seal).  
Jan. 29-31.

**Davis & Vogeltanz, Attorneys.**  
**Notice to Present Claims.**  
In the County Court of Valley County, Nebraska, In the Matter of the Estate of Joseph Bruha, deceased. All persons having claims or demands against said estate are required to file the same in said court on or before May 25th, 1942, or said claims will be forever barred. All claims filed will be heard by the County Court at 10 o'clock A. M. at the County Court Room in Ord, Nebraska on May 26, 1942. Dated February 2, 1942. John L. Andersen, County Judge. (Seal).  
Febr. 5-31

**Men Wear Skirts**  
Three countries in which men sometimes wear skirts are Greece, China and Scotland.

# Blahas Are Honored with Farewell Party

The following item comes from the Ericson Journal: "Last Friday night a number of friends gathered at the John Blaha home for a farewell party and to wish them good luck in their new home, which will be on a farm near Ord. Mr. and Mrs. Blaha received as a parting gift a nice clock.

The evening was spent with cards. Mr. Blaha won high prize and Mrs. Lloyd Kinney low prize in the pinocle games. Mrs. Leo Harris first prize and Mrs. Eugene Schipmann low prize in bridge. At the closing hour a delicious lunch was served."

# Leonard Klima is Winner in Skating Competition

Ign. Klima has received a letter from his brother Leonard of Richmond, Calif. in which he tells of entering the fancy dance skating competition for the championship of California Jan. 25, paired with Miss Edith Musser of Berkeley, they won the championship, two silver cups, four gold cups and one bronze cup. They won over 15 other couples.

Leonard is a graduate of Ord high school, class of 1935, and went from Ord to California to work in the engineering department of the Standard Oil refineries. More recently he has been in the contracting business on his own, specializing in fancy bathroom installations for which there is a great demand among the wealthier people.

**One-Cent Pieces**  
One-cent pieces have been coined since 1793. Indian head pennies were coined from 1859 to 1909. The Lincoln design was adopted in 1909.

YOUR FRIEND AT MEALTIME

FRIDAY AND SATURDAY, FEBRUARY 6 AND 7, 1942

## Why Council Oak!

Thrifty shoppers do not select as their regular source of supply a store that has only "price" to offer. They take an interest in "price", but their purchase must represent "Real Value at the Price". This is why so many thrifty shoppers consistently buy at the "Dependable" Council Oak Stores.

# Farm Loan Group in Ord Wednesday

### Two Hundred Farmers and Wives Here for Annual Meeting and Anniversary.

Farmers and their wives, in number two hundred, from Loup, Garfield and Valley counties, met in Ord yesterday for the dual purpose of holding the annual meeting of their National Farm Loan association groups, and to celebrate the 25th anniversary of that organization.

The meetings were held in the Bohemian hall, with the members from the local office, James B. Ollis, J. H. Jacobson, Mrs. Glen Stroud and Miss Edith Cernik in charge of arrangements. The morning was devoted to the business session, and the afternoon to a most interesting program of instruction, amusement and information.

At the morning session the three groups caucused separately and each chose a director for the three year term. Elected for the Loup Valley (Taylor) was H. C. Bohy; for the Burwell group was Mrs. Nellie Olcott; and for the North Loup Valley (Ord) was Joe Wadas. These officials were all re-elected.

Dinner was served for the 200 guests by the ladies of the Ord Methodist church in the church dining room. The meal included creamed chicken, biscuits, mashed potatoes and gravy, baked beans, cold slaw, pie and coffee, and was greatly enjoyed by all visitors.

The afternoon program opened at 1 p. m. Among those appearing on this program were Sid Thornton, Jr., Federal Land Bank representative, Omaha; Frank Reese, Federal Land Bank fieldman, Valentine; and Robert Vance who showed motion pictures of the Pacific Islands. Special music for the meeting was furnished by the high school and Dr. Glen D. Auble led the group in community singing.

### Sunday Fire at Jensens Causes Alarm, no Damage

The Ord Volunteer Fire department was called to the Russell Jensen home in west Ord Sunday evening at 8:15, where a chimney was burning out and causing many sparks and much smoke.

The boys responded promptly, but there was little to do, and the danger was soon over, and no material damage was done. This was the first fire of 1942 the month of January having passed without an alarm.

### Here Is the Ord High Basketball Squad, Three-Valleys Champions

This photo shows the celebrated Chanticleer basketball squad of 1941-42, the boys who clinched the Three-Valley's title by defeating Broken Bow at Ord Tuesday evening. They are, front row, left to right: Assistant Coach Alex Cochrane, sr., Gould Flagg, jr., Alex Cochrane, jr., Junior Wilson, Henry Adams, Ray Voigtanz, Oro Hurlbert, Head Coach Roscoe Tolly; second row: Loyal Hurlbert, Bob Severson, Ted Randolph, Dick Satterfield, Otto Maresh, Frank Misko; back row: Adrian Jabloniski, Anton Greenwall, Mito Rose, Elton Walker, Darrell Johnson.

## 3-Valleys Title to Chanticleers by B. Bow Defeat

(Continued from page 1)

day of next week in Ord, the dates being Febr. 11, 12, and 13. Albion came to Ord Friday evening in what was to be the seventh game of the season for Ord. Pre-game statistics showed the teams evenly matched and the start bore out these figures. However Ord went into the lead after trailing 3 to 5 at the end of the first quarter, and the boys were never headed after that, although tied twice.

The score at the half was 13 to 9 in Ord's favor, and it stood 18 to 16 for Ord at the end of the third quarter. The final score was Ord 26, Albion 22. It was the most thrilling game played here this season, and the Ord boys deserve commendation, not only for their fine offense, but for their defensive play against a fast team, as well.

It was another night for Ord's running guard, Alex Cochrane, who accounted for 11 of Ord's points. Center Adams made 5, and was closely pressed by Flagg who got 4, two of them by the free throw route, and by Wilson, who picked up 4 points with two field goals. O. Hurlbert and Misko made 1 point each. Others in the game were Voigtanz and L. Hurlbert, who failed to connect, but who played a fine game.

For Albion scoring honors were evenly divided between T. Johnson, who made 4 field goals and two gifts for 10 points, and Garton, who also got 4 field goals but made only 1 free throw. Fritton made 2 points with a field goal, and Roberts made one on a gift, but Brown and Magsman failed to score.

Field goals were even, with 9 each, but Ord's margin of victory came because they managed to sink 8 free throws to Albion's 4. There was the same margin in the number of fouls, Albion being charged with ten fouls while Ord was chalking up six. Higgins of Broken Bow was the evening's referee, and did a satisfactory job.

Tuesday evening the Broken Bow regulars and junior high team came to Ord to play with similar Ord teams in the final games of the season for both teams in the Three-Valleys league. The Ord band was present on the stage and played under the direction of Henry Deines, also Miss Doris Klima, before the games and during the intermissions.

The junior high game came first and was a fast, clean game throughout, fairly even during the first half. In the last half the superior height of the local boys began to tell and the game ended 21 to 9 in favor of Ord. Ted Randolph was high for Ord

with 8 points. Outstanding was the work of Tommy Tolen, both on defense and offense.

The high school game started off with Broken Bow taking the lead momentarily with a field goal, but it was evened up almost immediately. A short time before the quarter ended the score stood 4 and 4, but an Ord spurt brought it to 7 to 4. The score at the half was 17 to 12, but from then on the visitors threatened all the way.

At the end of the third period Ord led by a margin of two points with a 24 to 22 score, but Broken Bow made it 24 all in the first half minute. Ord came back with a field goal, and from then on until the final whistle blew the visitors threatened all the way, with the final score reading, Ord 32, Broken Bow, 28.

Cochrane was high for Ord with 12 points, several of his field goals being especially spectacular, one a perfect shot from the middle of the floor. O. Hurlbert and Adams were also going strong, with 6 and 7 points respectively. Flagg and Wilson scored 4 and 3 points. Voigtanz, Misko and L. Hurlbert each were in the game for a time.

Booth, Broken Bow's aggressive center, rolled up 12 points for his team, and was fine on defense. Gardner, running guard made 9 points, Sickler made 6 and Higgins made 1. Prescott and Steinhagen failed to score. The ability of the Broken Bow boys to cash in on free shots made the game much closer than it would have been otherwise.

### Stenographers Needed for Defense Positions

The United States Civil Service commission is announcing the need of a large number of stenographers for work in Washington, D. C., in national defense work. Salaries start at \$120 per month. Age limits are 18 to 53 years.

Guy LeMasters of the Ord post office has been designated as examiner to have charge of these examinations, which in the past have been given only in the larger cities. Application blanks and further information may be obtained from Mr. LeMasters at the postoffice.

### Dr. McGrew Demonstrates to Orleans Red Cross Class

The following item taken from a recent issue of the Hastings Daily Tribune will be of special interest to the Ord friends of Dr. McGrew:

"A genuine demonstration of medical care accompanied the first lesson given to the Red Cross first aid class at Orleans last week by Dr. K. C. McGrew. During the lesson Dr. McGrew was called to his office to care for Mrs. Herman Malone, who suffered a Pott's fracture of the leg.

Despite intense pain, Mrs. Malone agreed to be taken to the class room, where the nature and treatment of her injury were explained. X-ray pictures of the injury will be shown to the class at the next meeting. Seventy women and twenty-two men were in attendance."

### Burwell, Comstock, Ord People in Omaha Crash

When cars driven by Ellsworth Smith, Chadron, and Carl P. Welniak of Omaha crashed Saturday evening at 24th and Pacific streets in Omaha, a number of people known locally were among the injured.

Passengers of the Smith car were Florence Zulkoski, former Ord girl, and Lulu Wiberg, formerly of Burwell. Miss Zulkoski suffered a lacerated right ear, hand injuries and a sprained back. Miss Wiberg had scalp lacerations and facial bruises.

With Welniak, who formerly lived in the Comstock neighborhood, was Paul Weverka, also of Comstock. Weverka suffered eye injuries and brain concussion. All injured were taken to Nicholas Seinn hospital. The corner where the accident occurred is known as one of the most dangerous intersections in Omaha.

## Red Cross Quota for Ord Reached

(Continued from page 1)

One of the finest contributions of the week came from the two Heuck children, Margaret Jane and Richard, who elected to give 50c each from their Christmas gift money to the Red Cross.

At Olean a card party and picnic resulted in \$7.40 being sent to the Red Cross. Ord Business and Professional Women gave \$12.75 taken in at their benefit and by subscription; Mrs. J. W. Eschliman gave \$1; John Kriewald \$2.50; Junior Matrons turned in \$40.23 made at their big bridge benefit party recently.

Treasurer Gudmundsen reported that Mr. and Mrs. Jerry Petska again contributed groceries for a raffle which made \$7.50 for the Red Cross; Mrs. Rose Pierson gave \$1 to this good cause; Boy Scout Troop No. 194 gave \$2.30; Comstock National Alliance \$5; and Sew club \$5.

Ladies' League of the Presbyterian church raised \$43.05 to turn to this cause; Koupal and Barstow Lumber company for the second time donated \$25; Ida M. Rowell donated \$1 and J. E. Rowell the same amount. Rebekah lodge and Kensington gave \$5; Arthur Mason gave \$1; the Knights of Columbus turned in the grand total of \$51.45. Anthony Thill gave \$5; Assembly of God church gave \$5.

From the sale barn Saturday came news of more money. The Stewart Dairy generously gave a Guernsey calf, which sold for \$7.50 to R. A. Swanson. Leonard Ptanick gave a duck which was sold and returned to be sold again as follows: to Andrew Kapusta \$6c, W. E. Dodge 75c, Corwin Cummings 75c, James Botha 80c, Charles Hopkins 30c and R. L. Long 50c. Three roosters contributed by A. Zulkoski brought \$2.25 from the purse of D. E. Noll; two guineas given by a son of Joe Sedlacek sold for a quarter each to Don Long, all of which totalled \$14.50 to add to Red Cross war funds.

Mrs. Tom Wozniak reports that she is the person who donated a goose last week, to be sold for this fund. No credit was given at the time because the name of the donor was lost from the records.

From national headquarters comes word that with less than half the Red Cross chapters heard from, some 42 million has been raised of the 75 million last requested. This fine record of donations for war relief indicates the fund will swiftly materialize.

Money continues to come in locally, for everyone wants a part in helping our soldiers and sailors, and this is best done thru the Red Cross. If you have not contributed generously, do it today.

### Ord Library Notes.

"Give a man a book he can read." The books which have been donated for the Service Men are very much appreciated. They are all books which men and boys will enjoy. But we need more of them. Haven't you a book to give?

We have received a complete index of the Good Housekeeping magazine for 1941. If you have forgotten what copy a certain article was in, come and look it up in our index.

There will be more new books ready for distribution next week. Among them will be "Dragon Seed" by Pearl Brick. If you enjoyed her other books about China you will want to read this one.

Reports tell us it is time to read again the "Berlin Diary." All comments on the book are very favorable. If you haven't time to read a book, check out an Omnibook and read an abridged book. Many of our best books have been published in this form.

Again, let me remind you to leave your book for a "Buddy." That is one thing each of us can do to make camp life a little more enjoyable.

—Quiz want ads get results.

### Mrs. Purcell Breaks Hip.

Mrs. A. S. Purcell fell in her bedroom at the A. A. Wiegardt home at 2:30 yesterday afternoon, breaking the bone in her right hip near the joint. She was taken at once to the Ord hospital in the Pearson and Anderson ambulance, where an x-ray revealed the break as above stated. This is a very serious accident, as Mrs. Purcell is 84 years old. She is under the care of Dr. C. J. Miller.

### Stanley Rutar Moving to Burwell This Week

Stanley Rutar has completed his plans for the establishment of another Rutar Hatchery, and is moving to Burwell this week, where he will be open for business in the former Farmers Union building Friday. He is setting up special hatching equipment which he purchased for use there.

Mr. Rutar will take care of the Burwell hatchery, and his wife will handle the business in Ord. They expect to have on hand at all times a full line of feeds and other goods usually handled in a first class hatchery. The Quiz takes pleasure in recommending Mr. Rutar to the Burwell public.

### Harold Portis Now in Clinic Hospital

North Loup—(Special)—Harold Portis, son of Mr. and Mrs. Orville Portis, was taken to the Clinic hospital in Ord Tuesday afternoon by Dr. W. J. Hemphill, suffering from a ruptured appendix. Harold is 18 years old and a senior in North Loup high school.

Jim Vogeler left on the bus Wednesday morning for Lincoln, where he will enter the Veterans hospital for observation and treatment.

A change has been made in the declaratory contest mentioned elsewhere in the North Loup news, as taking place in Scotia. As only two schools, North Loup and Scotia, are entered, it will all be held in the evening, and will be a clinic instead of a contest. All contestants will be entered in the Ord contest, which will be held Febr. 20.

### LOCAL NEWS

—Mrs. E. L. Kokes has received word from her brother, Dr. R. A. Hamsa of Scotia, that he has begun his service in the dental corps at Randolph Field, Tex.

—Mrs. Charles Bals and Hector Van Daele were in Grand Island on business Thursday.

—Lyle Norman returned Wednesday morning to Kearney after taking a few days off from his college duties to visit his parents, Mr. and Mrs. Ralph W. Norman.

—Raymond Hansen of Martin, S. D., who had been visiting his parents, Mr. and Mrs. Bert Hansen, left Wednesday morning on the bus for a visit in Omaha with relatives there.

—H. C. Koll, his daughter, Mrs. Edgar Roe and grandson, Richard Prien left Tuesday eve for Omaha in response to a message that Mr. Koll's daughter, Mrs. Albin Nelson, was very low, and the end is expected momentarily. Mrs. Nelson has been in bed now for more than 20 weeks, and for a long time her recovery has been doubtful.

—Mr. and Mrs. Ralph Maslonka left a week ago for Los Angeles to make their home, where he expected to do defense work. She was formerly Ruth Collins and has been employed at Mazze's Beauty shop for several years.

—Miss Sophie McBeth went to Grand Island with her father, M. McBeth Wednesday. They returned that afternoon.

—Mrs. C. J. Mortensen and Mrs. Lillian White went to Lincoln and Crete on Tuesday and Wednesday.

—Olof Olsson was working in Broken Bow and Callaway the first half of this week.

—Ord friends of the J. C. Wisda family read with interest the announcement Sunday in the State Journal, saying that their daughter Dorothy would become the bride of Robert Marvin on February 22 at the First Methodist church in Lincoln. Dorothy was born in Ord; the family is well known here although they have been gone from Ord a number of years. The groom is associated with his father in the publishing of the Beatrice Sun.

—Miss Aldean Swanson was an Ord visitor last week, staying with her cousins, Misses Marlon and Arlene Elsner. Miss Swanson will be married next Sunday afternoon at two o'clock at the Loup City Presbyterian church. Miss Clara McClatchey has been asked to pour tea after the wedding. Others going from Ord include Misses Daisy Hallen, Inez Swain, Lucy Rowba, Delores Redfern, Arletta Robinson. Miss Swanson taught in Ord schools

### CUT FLOWERS.

a couple of years and made many warm admirers while she lived in Ord. She attended Kearney college the first semester of this year.

—County Supt. Clara McClatchey drove to Lincoln Tuesday, taking Mrs. Roy of Loup City, Mrs. Pfrehm of St. Paul, Miss Foster of Greeley, Mrs. Turnbull of Central City with her. All of them attended the state convention of county superintendents, and came home again on Friday.

—The Burnham family, who lived for several months in their trailer on the lot just south of the Frank Norman residence in south Ord, left this week for Omaha, where Mr. Burnham will be employed in the new bomber plant. They first came to Ord last fall when the Peter Klewit company started their work on the Ord-Burwell highway, in which work Mr. Burnham was employed.

—Mrs. L. L. (Chick) Fredrickson of Grand Island received a telegram Tuesday informing her of the serious illness of her father, P. R. Beauchamp, age 77, in a hospital at Pasadena, Calif. He was being kept under an oxygen tent. He had been in excellent health prior to the attack. Mr. Beauchamp was well known in Ord in former years.

—Miss Eunice Chase, publicity director of the B. P. W. club, says the free milk fund for Ord school children has recently been increased by the following donations: Entire Nous Kensington club \$9; Dr. George Parkins a second gift of \$2; M. E. Aid society \$6.35; and a second gift from Mrs. Edith Jones of \$1. Club members are grateful, as

the free-milk fund has been neglected lately.

—Mrs. Nina Thompson came on Sunday from Lincoln and has been enjoying a visit in Ord, returning to her work in Lincoln yesterday. Dr. and Mrs. A. J. Ferguson drove to Grand Island Sunday to meet her as she came to Ord.

Beushausen Writes. The following letter from M. R. Beushausen, publisher of the Sherman County Times, identifies a number of the people shown in the photo in the Quiz of the old time K. of P. banquet, printed Jan. 29, Thanks.

"The Quiz: There are some Loup City men in the K. P. photo you published last week. Starting down in the lower, right-hand corner, reading from the right, are: A. E. Chase, C. F. Beushausen, Albert Johnson, Sam Gallaway (deceased) and Gus Lorentz. Standing behind Mr. Johnson is Geo. Collipriest, Union Pacific agent here at the time, and later at Ord. Thought you might be interested. Sincerely, M. R. Beushausen."

**Kellisons Are Hosts.**  
Dr. and Mrs. J. W. McGinnis were guests of Mr. and Mrs. Orin Kellison for Sunday night supper.

**Mrs. Dworak Hostess.**  
Mrs. F. J. Dworak, sr., entertained Happy Hour club ladies at her home Thursday afternoon of last week at a nice Kensington. Her daughter-in-law, Mrs. George Dworak of Bellwood, was an out-of-town guest and assisted her at the serving hour.

**Mrs. Schmidt Hostess.**  
Ladies Aid of the Christian church met with Mrs. Paul Schmidt Wednesday afternoon at her home, Group Four having charge of the serving when refreshment time came.

**Methodist Dinner.**  
At the Methodist church Wednesday the ladies were more than busy, since they served a fine dinner to some 200 farmers of the Farm Loan association that noon. Later, the Aid society met as usual, Mrs. Evert Smith presiding. Mrs. Hilding Pearson was in charge of the lesson and Mrs. Wilbur Rogers of the entertainment. Mrs. Alex Cochrane served, her committee including Madams R. C. Greenfield, Roscoe Tolly, A. J. Ferris, Asa Anderson, George Knecht and S. W. Roe.

**Delta Deck.**  
Mrs. A. F. Kosmata was hostess for Delta Deck club Tuesday afternoon at her home, guests being Mrs. Joe Osentowski and Mrs. John Ambrose. High score was made by Mrs. Emil Pafaita for this last meeting of the round of members. The loser-winner party will be held in two weeks, plans to be announced later.

**Harold Cuckler Party.**  
The Dinner Bridge club met at seven o'clock Wednesday evening with Mr. and Mrs. Harold Cuckler at their home.

**For the Clarks.**  
For Mr. and Mrs. Ben Clark, the Dinner Bridge club held a farewell party Monday evening of last week at the Syl Furtak home. The honorees were surprised and a fine seven o'clock dinner served to all. The Clarks have gone to Grand Island to make their home.

**At Vogeltanz Home.**  
St. Ann's Study club met Wednesday afternoon with Mrs. E. L. Vogeltanz to pursue their studies. Later nice refreshments were served.

**Sunday Night Supper.**  
At the Eugene Leggett home Sunday evening guests were Dr. and Mrs. C. W. Wilcox and son Billy of Ansley, Mr. and Mrs. C. A. Anderson and Mr. and Mrs. Ralph Misko. The menu was barbecued ribs, green salad, potato chips and cheese cake.

**House Warming.**  
A group of 20 ladies went to the home of Mrs. Lena Meyers Thursday afternoon and had a house warming party. They brought their lunch with them and all enjoyed a fine afternoon.

**At the Duemey Home.**  
Mr. and Mrs. LaVern Duemey were hosts Saturday evening to Mr. and Mrs. George Weller and Mr. and Mrs. Paul Duemey for supper. Later Misses Myrtle and Ruth Aule joined them for an evening of pinocle and at midnight the hostess surprised the party with ice cream and cake to finish a jolly evening.

**D. D. O. at Allen Home.**  
Mrs. George Allen asked D. D. O. ladies to her home Thursday afternoon, also the following guests: Madams Roy Randolph, C. J. Miller, Horace Travis, Albert Jones, George Hubbard. After an afternoon of fancy work and visiting Mrs. Allen served a nice lunch.

**Announce Marriage.**  
The following announcement will be of interest to most Quiz readers, since the contracting parties and their families are well known, especially in the North Loup territory. Mr. and Mrs. Harry Tolen wish to announce the marriage of their daughter, Doris Mae,

to Comfort W. Cummins, son of Mr. and Mrs. Walter Cummins of Scotia. The marriage took place Aug. 3, 1931, at Taylor.

**Sunday Evening Pinocle.**  
At the Vern Russell home Sunday eve guests were Mr. and Mrs. Joe Gregory, who are about to depart for California, also Mr. and Mrs. Alfred Wiegardt. Pinocle was the amusement.

**Royal Kensington.**  
Mrs. Art Kirby was hostess Jan. 22 to the Royal Kensington club and their families at an all-day meeting. A cafeteria dinner was served at noon, after which the delegates, Mrs. Ed Kasper and Mrs. Russell Waterman gave the lesson on "If Illness Comes". They demonstrated the home-made ice bag, methods of making the patient comfortable in bed, and other helpful hints. The next meeting will be with Mrs. S. I. Willard Feb. 12. Names were drawn for a Valentine party at this meeting.

**Married at Pasadena.**  
At 4 p. m., Tuesday, Jan. 27, at the First Congregational church of Pasadena, Calif., the close friends of Mrs. Edith Gram and Dr. Frank Booth, of Altadena, witnessed their marriage. The ceremony was performed by Dr. Lawrence Wilson. The bride was given in marriage by her father, Charles A. Freese, until recently a resident of Burwell.

For her informal wedding the bride chose a wool suit of Venetian blue with dubonnet accessories. Double orchids formed her corsage. Mrs. Russell Gates was her matron of honor. Dr. Charles Booth, brother of the groom, dean of Chaffee Junior college of Ontario, Calif., was best man. These two were the couple's only attendants. Mrs. Gates wore a dusty rose wool suit with a corsage of forget-me-nots with Cecil Bruner roses on her purse.

A reception was held in the parlors of the church immediately after the ceremony. Mrs. Harley Lyon and Mrs. John Weldon, formerly of Ravenna, Nebr., did the pouring assisted by Mrs. Ira Ogdon and four of the bride's sorority sisters. After a brief trip to Palm Springs, Dr. and Mrs. Booth will be at home at 1894 north Grand Oaks avenue, Altadena, Calif.

**Many Parties for Gregorlys.**  
A party of Legionnaires and Auxiliary members at the Legion hall Friday evening climaxed a series of parties which have been held in honor of Mr. and Mrs. Joe Gregory, who are leaving for California. A large number were present for the occasion.

The party opened with the playing of group games with Mrs. Ign. Kilma in charge. Several different games were played and all were much enjoyed. After this pinocle and cribbage were enjoyed for a time. Then James Gilbert, commander, was introduced and presented Mr. and Mrs. Gregory with a traveling case with the wishes of the men and ladies.

Meanwhile the refreshment committee, Glen Johnson, V. W. Russell and Bob Hall, were busy in the kitchen and at the proper time announced that the lunch was ready. This consisted of sandwiches, meat, cheese, cookies, pickles and coffee, all served cafeteria style.

The preceding Sunday, Jan. 25, 53 neighbors met at the Gregory home, bringing well filled lunch baskets, and having a most enjoyable time. Friday evening, Jan. 23, a group drove out from Ord taking oysters with them, and the evening was spent enjoying oyster stew and playing pinocle.

**Mr. and Mrs. Sack Hosts.**  
Friday evening at their home Mr. and Mrs. William Sack were hosts at dinner at seven o'clock, antelope shot by Mr. Sack last fall in Wyoming being the feature attraction. Guests were Dr. and Mrs. C. J. Miller, Dr. and Mrs. G. W. Taylor, Mr. and Mrs. Orin Kellison and Mr. and Mrs. E. S. Murray.

Sunday evening at the Sack home there were 30 guests at a second antelope dinner. After dinner pitch was the diversion, Mrs. Roy Randolph making high score, Mrs. R. E. Teague second high for the women; Olof Olsson won high score for the men, and Dr. F. L. Blessing second high. A very pleasant evening was spent both times.

**Girls Meet.**  
Monday evening 13 girls of the Junior Auxiliary of the American Legion met at the hall, together with their sponsors, Madams Vern Russell and Cecil Clark. Clarence Davis delivered a talk on parliamentary practice which they liked. At their business meeting the girls voted to give \$2.50 to aid infantile paralysis victims and \$5 to the Salvation Army. They also planned an Americanism program to give at the high school on Feb. 12 at 3 p. m. In charge of serving the refreshments were Misses Iryene Iwanski and Gail Hall.

**Mrs. Johnson Has Club.**  
Junior Matron ladies met Friday at Ben's Grill for their Kensington. Covers were arranged at one long table, and guests were Miss Olga Murrah, niece

Ladies' League in Session.  
At their usual monthly session, the Ladies League of the Presbyterian church met Wednesday afternoon in the basement of the building, Mrs. Cahill presiding as president. Mrs. Hill lead the devotions, Mrs. William Ollis talked on "Every One Her Share." Hostesses at the serving hour were Mrs. John Misko, chairman, assisted by Mrs. J. M. Brew, Mrs. Leonard Parks and Mrs. Albert Jones.

**Married at Las Vegas.**  
Miss Winona McMichael, the daughter of Mr. and Mrs. W. W. McMichael of Arcadia, and Vernon Malolepszy of Los Angeles, son of Mr. and Mrs. Stephen Malolepszy of Ord, were united in marriage at the St. Joan of Arc rectory at Las Vegas, Nev., Sunday, Feb. 1. They were attended by friends of Mr. Malolepszy. Winona attended the Arcadia public schools, graduating in 1937. She attended Wesleyan and taught in a rural school near Arcadia, and in the grade school at Rockville and Arcadia. Vernon attended Ord high school and was a member of the graduating class of 1938. He was employed in the Food Center stores of Ord and Arcadia. He went from Arcadia to Los Angeles to work in the market for Safeway stores. The couple left for Los Angeles immediately after the ceremony, where they will make their home.

**Married 25 Years.**  
Mr. and Mrs. Rudolph Kraulik were honored by the Z. C. B. J. at National hall Sunday in honor of their silver wedding anniversary. The occasion was in the nature of a surprise, and was terminated by a big dance Sunday evening. Harvey and Verna Jean Kraulik came from Omaha Saturday to be present for the celebration, and returned to Omaha again Monday morning.

**Red Cross Pinocle.**  
A pinocle party was held Friday evening at the Olean school house, at which the community collected \$7.40 by playing pinocle and by selling pie for lunch. This money will be turned over to the Red Cross. High prizes went to Leonard John and Adolph Kokes, and low prizes to Edith Cernik and Ed Kasper.

**Birthday Surprise.**  
A surprise party was held in the Nels Hansen home Sunday, the occasion being Nels' birthday. In the group were Mr. and Mrs. George Jensen, Mr. and Mrs. Ernest Jensen and their families, and Bennie Jensen, all of North Loup, Mr. and Mrs. Pete Rasmussen and family and Martin Hansen, all of Ord.

**Legion and Auxiliary.**  
Little beyond routine business occupied the attention of the American Legion and the Ladies Auxiliary at their meeting at the hall Tuesday evening. Both organizations, however, plan to cooperate fully with the Red Cross, civilian defense and any other war measures that may come. At the close of the meetings a lunch of sandwiches and coffee was served by the committee. Mrs. C. D. Wardrop, Mrs. James Iwanski, Miss Iris Krebs and Mrs. A. J. Ferguson. Each person present paid a nickel for the lunch and this sum will be used to buy defense stamps. This plan will be followed all the year.

**Home Nursing Unit One meets Thursday evening at eight with Mrs. Syl Furtak at her home, Mrs. Boquet teaching.**

Jollite card players will go to the Lester Norton home at Elyria for their game Monday afternoon.

Woman's club meets Tuesday at the home of Mrs. L. D. Milliken, members please note.

Mrs. Joe Pecenka will be hostess to Happy Hour club next Thursday at her home.

Mrs. Roy Bailey will be hostess to D. D. O. members on Feb. 12, and has asked them to come to Ben's dining room at one o'clock for luncheon, please note.

Entre Nous Kensington club will be entertained at the W. L. Blessing home tomorrow, (Friday) afternoon.

The Pitch club is enjoying the hospitality of Mrs. A. F. Kosmata this afternoon at her Ord home.

Unit No. 3, Red Cross, will meet Thursday evening at the O. E. Johnson home for a home nursing lesson. Miss Irma Kokes is the instructor. This group is starting a new quarter, the subject being, "Care of the Sick."

Postoffice Asks Bids.  
The Ord postoffice is asking for bids for messenger service to bring the mail up from the Union Pacific depot in the morning. The present contract was let when there were a number of mails to be handled, and now there is only one. Bids also are asked for the postoffice laundry, for hauling out the ashes, and for scrubbing, all for the fiscal year, July 1, 1942, to June 30, 1943, inclusive. Blanks and particulars may be obtained from the postmaster.

**Car Stickers, Numbers, Were Popular Saturday**

Two places which had plenty of business Saturday were the Ord postoffice and the county treasurer's office. The fact that the last day of January coincided with a Saturday had much to do with it. Then, too, the day was fine, and a huge crowd was in town.

The postoffice had a total of 400 car stickers for sale at the bargain price of \$2.09 each, but they sold about three hundred Saturday and were sold out at about 3:30 that afternoon. A new supply of stickers arrived Sunday morning, and Postmaster Alfred L. Hill states that there will be enough for all needs from now on.

Saturday culminated a busy week at the county treasurer's office, with Treasurer Satterfield, Deputy Baker and assistant, Mrs. Baker, working hard all day and until late at night. A total of 250 licenses were issued during the day, making the total for the year so far, 2,087. For Jan. 31, 1941, there were 161 sold, and the total at that time was 1,935.

LEGAL NOTICES

NOTICE

Notice is hereby given that at their regular session on the 13th day of January, 1942, the County Board of Supervisors of Valley County, Nebraska, fixed and determined the regular annual estimate for Mothers' Pension Fund for the year 1942, at the sum of \$600.00, in accordance with the provisions of law.

Signed this 26th day of January, 1942.

IGN. KLIMA, JR., County Clerk. Jan. 29-3t.

Davis & Vogeltanz, Attorneys. Notice of Amendment to Articles of Incorporation.

On December 11, 1941, at the annual meeting of ORD CO-OPERATIVE CREAMERY COMPANY, held at Ord, Nebraska, the Articles of Incorporation of said creamery were amended by repealing the original Article 2 of said Articles and by substituting the following in lieu thereof:

ARTICLE 2 The object and purpose of this corporation shall be to own, purchase, sell, convey, mortgage, lease and improve all real estate and personal property which may now or hereafter be owned by ORD CO-OPERATIVE CREAMERY COMPANY of Ord, Nebraska, and shall be a non-profit corporation so organized for the mutual benefit of its shareholders, and the business shall be conducted and carried on in a cooperative manner; its purpose shall be to manufacture, buy, sell of otherwise deal in all kinds of dairy products, also all kinds of farm produce, including eggs, poultry and all other allied products which are raised or produced by or for farmers.

A. W. Cornell, President of ORD CO-OPERATIVE CREAMERY COMPANY. Attest: Clarence M. Davis, Secretary. (SEAL) Jan. 15-4t

NOTICE OF HEARING.

Upon Organization of Proposed Valley County Soil Conservation District.

WHEREAS, on the 9th day of January, 1942, there was duly filed in the office of the State Soil Conservation Committee at Lincoln, Nebraska, a Petition signed by 75 landowners, pursuant to the provisions of the Soil Conservation Districts Law, Article 19, Chapter 2, 1937 Supplement to the Compiled Statutes of Nebraska, Sections 2-1901 to 2-1914 inclusive, requesting the establishment of the Valley County Soil Conservation District; and WHEREAS, the lands sought to be included in said district by said Petition are described as follows:

All of Valley County, Nebraska. NOW THEREFORE, Notice is

County Agent Notes

Soil Conservation Plans.

Complete soil and water conservation plans on individual farms vary with the type and structure of soil, slope or topography, and type of farm, according to Ed Doll, extension conservationist at the Nebraska College of Agriculture. Plans on typical Nebraska farms include these practices:

- 1. A conserving crop rotation that includes grasses and legumes. As the slope of the land increases, the number consecutive years that corn or other row crops will be used in the rotation decreases.
2. Tillage of the soil so as to leave stubble or other vegetative material on or as near the surface as possible.
3. Contour planting and cultivation of all crops where slope is noticeable.
4. Changing square fields over to field on the contour to facilitate farming. Rearranging the farm so as to keep the best land on cultivation and retire eroded slopes.
5. On slopes of considerable length planting alternate strips of close grown crops with row crops.

- 6. Plowing or blading in base of gullies and establishing perennial grasses in all drainageways.
7. Construction of terraces where necessary and practical.
8. Cropping or managing steep or eroded land to get it into shape for future retirement to grasses and legumes.
9. Planting farmstead wind breaks and wood lots on the contour.
10. Diverting runoff water from buildings and farmstead to irrigate trees, orchard, or garden.
11. Making appropriate contour furrows or grades on pasture land.
12. Planning sufficient supplemental feed and pasture to prevent overstocking the permanent pasture.
13. Systematic and efficient use of food or irrigation water that might be available.

These are the kinds of plans which farmers are working out with the help of the soil conservation specialists in the thirty-three organized soil conservation districts, scattered over Nebraska. Valley county farmers are asking for a district in this county. The hearing on the question is to be held in the district court room at Ord on February 11 at 2 p. m. Everyone who is interested should attend the hearing.

Young Folks in 4-H.

Although the age of active 4-H club members is from 10 to 20 years, there is no reason why each boy or girl under 10 years should not join a 4-H club this year and do his or her part in the "food-for-victory-and-freedom" drive.

County Agent C. C. Dale this week urged the younger boys and girls from 8 to 10 years of age to enroll in 4-H clubs in their home communities and become associate members. Those over the 20-year age mark also were urged to enroll in clubs as associate members.

"We certainly want every person to take advantage of 4-H clubs," said County Agent Dale. Although the youngsters from 8 to 10 years will be associate members, they will get the same training and materials and will have most of the privileges and rights of regular 4-H club members.

Associate members are not eligible to compete for state awards but otherwise there is no difference between them and regular 4-H club members between the ages of 10 and 20. They can feed out livestock, grow a garden, make clothes, and learn about many other things, along with their brothers and sisters.

This 4-H club training in the food production and citizenship should prove valuable to all farm and town boys and girls. They are urged to get in touch with the county agent or with their local leaders in their own communities.

trict Court of Valley County, Nebraska, the object and prayer of which is to foreclose a certain mortgage in the amount of \$1,050.17 upon the following described real estate, to-wit:

Lots One, Two and Six, in Block Five of J. A. Green's Addition to North Loup, as located upon the Northeast Quarter of the Northeast Quarter of Section 35, Township 18 North, Range 13 West of the Sixth Principal Meridian, Valley County, Nebraska.

Said mortgage was signed by Harry L. Jefferies and Roxana Jefferies, husband and wife, is dated June 13, 1935, and recorded in Book 60 of the Mortgage Records of Valley County, Nebraska, at Page 225.

Said Plaintiff further prays that you be foreclosed of all right, title, interest and equity of redemption in and to said real estate; that said real estate be sold and that the proceeds of said sale be applied to the payment of Plaintiff's lien and for general equitable relief.

You are required to answer said Petition on or before the 16th day of March, 1942, or the allegations thereof will be taken as true. Home Owners' Loan Corporation, a Corporation, Plaintiff, By Munn & Norman, Its Attorneys. Febr. 5-4t.

Washington, D. C.

UTILITY SENSATIONS

The hard-hitting Truman committee hasn't got around to the matter yet, but some hot sensations are in store when the committee digs into the dollar-a-year-man handling of the power phases of the war production program.

For years one of the hottest issues in Washington has been the power lobby. It has been repeatedly investigated, and several years ago, after fierce legislative battles, the federal power and holding company laws were enacted to curb the lobby. The Truman committee has confidential information that today this lobby is more powerfully entrenched in the capital than ever before.

For months, it has been operating directly inside the government, formulating and running the power policy of the OPM, which was until last week the key war production agency.

The OPM power division is not only manned with utility officials, but they are still on the payrolls of private power companies. In other words, while presumably working for the government, they are actually paid employees of the utilities. After being deluged with complaints that the utility-ruled OPM power division was secretly aiding independent rural power co-ops, the house appropriations committee questioned J. A. Krug, head of the division, on these charges.

Krug defended his staff, but the committee, unconvinced, ordered him to submit a detailed report on his dollar-a-year assistants, including the amount of salaries they are drawing from utility companies while working for the government. Two months have elapsed since Krug promised to produce this important information and so far he has not done so.

All the committee has received was a cagey letter from John Lord O'Brien, former corporation attorney who is OPM general counsel, giving a list of the power division's personnel, but has nothing about their private salaries. However, the little information O'Brien did disclose speaks volumes.

It shows that no less than 18 key officials in Krug's division are dollar-a-year and "WOC" (without compensation) men, who are still on private utility payrolls.

Note: Appropriation committee members estimate that the total pay these men draw from power companies is more than \$250,000 a year. War Production Chief Donald Nelson has privately indicated he will houseclean Krug's unit.

BAD FILMS FOR GOOD NEIGHBORS

Young Nelson Rockefeller, who on the whole has done a good job for Pan-American cultural relations, has bogged down badly on films for our Pan-American neighbors. His Museum of Modern Art, which was supposed to do this, has been laboring for nine months at a cost of \$15,000 per month to the government—and finally has brought forth a mouse.

Rockefeller and Jock Whitney are getting a large dose of criticism about this because they personally are interested in the Museum and have permitted an amateur group to run the show—into the ground.

Without benefit of competitive bidding or any system of checks and balances, amateur after amateur in the Museum has tackled the job of deciding what kind of films should be sent to Latin-America. Here is a cross section of the results so far:

"Better Dresses Fifth Floor," "A Child Went Forth," "The City," and "Power and The Land"—all utterly unsuited and without objective for South America.

Some reasonably good commercial films have been donated, such as "U. S. Steel," "Greyhound Bus," "General Electric Excursions in Science," and "The American Can Company's Silver Millions." Also Hollywood has handed over a group of pictures, such as "Eyes of the Navy," "Soldiers of the Sky," "The Battle," which are the best pictures that have gone to South America.

Meanwhile the amateurs continue to chatter and muddle over uplifting the films for our Good Neighbors—all at the expense of Uncle Sam.

MERRY-GO-ROUND

Navy Secretary Knox has a bust of Theodore Roosevelt on his desk. Bakers in the army quartermaster corps are experimenting with "tomato bread," made by adding tomato juice or canned tomatoes (rich in vitamins) to the baking dough. New York air raid wardens are complaining that every order they receive is countermanded five minutes after it is given.

E. B. Craney, Montana radio man who is a close friend of Senator Wheeler, recently promoted, financed and successfully completed a Red Cross relief drive netting over \$60,000 in 24 hours.

Rep. William S. Hill of Colorado tried to drum up trade for pinto bean growers during his recent visit to Britain. He took with him a large bag of the beans and distributed them among British officials. "I hoped they might include pintos in lend-lease orders," Hill grins, "but the British still prefer their white beans."

Proceedings of the City Council

January 6, 1942.

The Mayor and Council of the city of Ord, Valley county, Nebraska, met in a regular adjourned session in the city hall at 7:30 p. m. Mayor Cummins presided. City Clerk Rex Jewett recorded the proceedings of this meeting.

The mayor directed the clerk to call the roll. The clerk called the roll and the following Councilmen were present: Johnson, Blomond, Prince, Rohli, Krikac, McGinnis. Absent: none.

The minutes of the proceedings of December 2, 1941, were read and by motion ordered placed on file. Motion carried.

The report of city treasurer James B. Ollis, was presented and read and by motion ordered placed on file. Motion carried.

The report of the park board for the past year was read and by motion ordered placed on file. Motion carried.

The application of the Z. C. B. J. lodge for a dance license was presented and read. Moved and seconded that the license be granted. Motion carried.

The application of the Ord fire department for a dance license was presented and read. Moved and seconded that the license be granted. Motion carried.

The matter of insurance for the city light and water plant was then brought up. It was moved and seconded that the Finance Committee with power to act work out a plan for co-insurance of such properties in five equal policies. One policy to fall due each year. Motion carried.

The matter of compensation and public liability was discussed. Moved and seconded that the policy offered by George Cowton, through his representative, E. C. James, be accepted. Motion carried.

Mrs. Raymond McNeff, Mrs. Fred Boardman and Dickie of Fullerton and Mr. and Mrs. Stanley Kocemba and family of Loup City visited Saturday evening with the John Dietz.

The Liberty Aid will meet for an all day meeting, Wednesday, Febr. 11 with Mrs. Dot Crawford, Mr. and Mrs. Paul Leighton were Sunday evening callers at the Henry Creemen home.

Last Friday was Caroline Pierson's 3rd birthday. Guests were Mr. and Mrs. Phillip Minnie, Alma Pierson and Shirley Thelander.

Alberta Russell was an overnight guest of Mildred Chittcock Wednesday.

The Hayes Creek Aid will meet at the Harold Miller home for an all day meeting, Wednesday, Febr. 11.

Mrs. Walter Hoon, Dorothy and Janet spent from Thursday to Sunday at the Fred Russell home.

Installation of officers of the M. B. C. was held Thursday evening at the Gayety Theatre. The speaker was Mr. Brumfield of Grand Island.

Dixie Lee Whitman spent the week end at the Merle Moody home.

Mrs. Earl Hughes and children of Iowa are visiting Ralph Hughes.

Mrs. John Dietz and Leona were Ord visitors Thursday.

The Balsora Gospel team will hold a revival in the Hawthorne building in the near future.

Mr. and Mrs. Lloyd Bulger and Mr. and Mrs. Claris Bellinger entertained Mr. and Mrs. Dwain Williams and Supt. and Mrs. Arnold Tuning Sunday.

Mrs. Deterich and Travis will be hostesses to the Dance club Febr. 6.

A son, Kenneth Eugene, was born to Mr. and Mrs. John Johnson on Dec. 25th, at Santa Barbara, Calif. The mother was formerly Dolly Madsen.

Mrs. Jess Marvel is visiting her son, William and wife at Corvallis, Ore.

Mr. and Mrs. Don Murray entertained Sunday evening Mr. and Mrs. Houser, Mr. and Mrs. Elbert Thomas, Mr. and Mrs. G. F. Dean, Mr. and Mrs. Claude Williams, Mr. and Mrs. Melvin Swanson, Mr. and Mrs. Paul Dean and Mr. and Mrs. Floyd Bossen.

Mr. Rodgers spent the week end in Denver where he took an examination for the Coast Guard.

Mr. and Mrs. Clayton Shepperd and children were guests at the Ben Shepperd home last Sunday.

A shower in honor of Mrs. Leland Evans was given by the Happy Hollow Aid Wednesday at the home of Mrs. Louis Summers.

Dick Milburn enlisted in the naval reserve while in Omaha and expects to be called within 30 days.

Mr. and Mrs. W. F. McDonald of Boelus spent Wednesday at the Mary McDonald home.

Mr. and Mrs. Clifford Stone, Mrs. Ollie Vance and Lovetta Lindell were Ord visitors Saturday.

Mrs. Hazel Cassel spent a few days at the Dick Whitman home this week.

Guests at the Wes Aufrecht home Sunday were Mr. and Mrs. Glen Beaver.

Mr. and Mrs. Joe Johns of Weeping Water spent the week end at the Charles John's home.

The Harold Owens family are moving to the Ernest Esterbrook farm north of town.

Mr. and Mrs. George Burke spent the week end in Omaha visiting the former's father, who lives in Stromsburg, but has been receiving treatment in a hospital in Omaha.

Coach Houser and Mr. Gray were Ord visitors Saturday.

Falkenburg is Ordered to Special Navy Job

Gordon C. Falkenburg, chief petty officer, U. S. Navy, has been ordered to special duty, according to word from Hastings, where he has been in charge of the naval recruiting station. He has been ordered to active duty aboard a submarine, in which work he has 12 years' previous experience.

Falkenburg is well known in Ord, as he was here on a number of occasions during the navy recruiting campaign, and also in charge of the navy cruiser when it was in Ord. He will be succeeded at Hastings by Chief Water Tender H. W. Miller, also well known in Ord.

Boy Scout Card Party

The Boy Scouts of Elyria troop are sponsoring a series of card parties to be held Febr. 8, 15 and 22 in St. Mary's hall. Lunch will be served and prizes given at each party, and in addition a grand prize of \$3.00 in defense stamps will be given to the person having the highest total score at all the parties.

Duncan Bull

Mr. Duncan Bull of Branpton, Ont., Canada, sells Jersey cows.

Rev. Earl Cruzan  
Pastor at Boulder

Friday a jolly group of Ord men got busy on the town's first scavenger hunt, the object being all the waste paper they could find, and it is surprising what a lot of fun it was. The weather was bad, but nobody seemed to care for that. More of these occasions will be held in the future, and here's betting that the gang who attended Friday will all be back with the bells on. Except for Roy Severson and a few other fellows running a foot through a cardboard box and having a time getting loose, there were no serious accidents.

That man R. L. Lincoln, who fixes your flats while you wait, does your welding, etc. etc., knows his metals, and he seems to know which of them the government is going to need the most. He says that Uncle Sam is going to have use for all the ex-service men. He thinks the government will take all the silver out of their hair, all the gold out of their teeth, the heavy metal out of other parts of their anatomy, and junk them.

The Quiz force seems to be in a hurry to go on "War Time", as the president asks us to call it. Last week Leonard set the time clock in the back office, it having run down during the night, and he got it set just an hour ahead. The week before Lena set the clock in the front office, and she got it just an hour early, John has been coming down early to late, probably just to get used to it. But it is different with his clock in the back office, the one with the "Made in Germany" stamped on the face. It must be opposed to speeding up the time, as it loses ten minutes every day.

When it comes to wholehearted enthusiasm, especially at a basketball game, there isn't a young man in Ord who can hold a candle to Irwin Carlson. He has a powerful pair of lungs, and there doesn't seem to be anything wrong with his vocal cords either. If he wasn't built for a football player, Irwin would have a great future as a cheerleader. Such enthusiasm in the grade schools at present will mean great athletics in the future high school.

An Ord lady phoned us Tuesday that she had found a lady's night gown and a pair of man's under pants in her garden, and asked us to try to locate the owners, as they may be needing them, especially if the weather turns cold again. She is ready to return the articles with no explanations required, and no questions asked. Our advice to Quiz readers is to check over your wardrobe and find out if any such articles are missing.

John Haskell and his committee and a lot of volunteers had quite a time of it Friday gathering up the waste paper and loading it into one of the K. W. Peterson trucks for shipment to Omaha. Among the men who were furnishing trucks was Ellisworth Ball. He came over to John and reported that he had found one big cardboard box that was so heavy he couldn't handle it alone, so several of the boys went over to get it. They found the large box, as stated, opened the lid, and found another box inside, perhaps ten pounds weight in all. The reason Ellisworth couldn't lift it was that it was frozen down.

From North Loup comes a story about one of the three Quiz photographers, and it wasn't John Ward or Ilene Duemey. It seems this picture man drove to North Loup to get a picture of some of the young folks eating their hot lunches at the school, and found he had forgotten his flash gun, so he had to drive back to Ord and get it. The poor kids had to keep right on eating all the time he was gone, and it is a wonder some of them didn't make themselves sick. But he got the pictures, which you will see elsewhere in the Quiz.

## Ord Church Notes

Bethany Lutheran.  
Sunday school, 10 a. m.  
Divine worship, 11 a. m.  
Catechetical class, Saturday at 2 p. m.  
Clarence Jensen, pastor.

Our Lady of Perpetual Help Church.  
19th and G Sts.  
Rev. Thomas Siudowski, pastor  
Time of Masses:  
Sundays, 8:00 and 9:30.  
Holy Days, 6:30 and 9:00.  
Week days, 7:30.  
Confessions — Saturdays, 4:00 to 5:00 and 7:30 to 9:00 p. m.  
Instructions for children — Saturdays at 3:00 p. m.

The Church of the Nazarene.  
418 S. 16 St.  
"Let us not be weary in well doing; for in due time we shall rest, if we faint not." Gal. 6:9.  
Sunday school, 10 a. m.  
Preaching, 11 a. m.  
Young People, 7 p. m.  
Evangelistic service, 7:30 p. m.  
Midweek prayer meeting, on Thursday night at 7:30.  
Visitors welcome.  
Clarence Sheffield, pastor.

The Methodist Church.  
M. Marvin Long, pastor.  
Church school, 10 a. m.  
Morning worship, 11 a. m.  
Youth fellowship, 7:30 p. m.  
Parents who might be interested in having their children in a membership training class should see the pastor at once.

The Debt Reducing crusade under the leadership of Bishop Martin is now on. What can we do about it? Let's do something about it.

Last week's Visitation Evangelism showed splendid results. Thanks to all who aided in same.

St. John's Lutheran Church.  
Ladies Aid will meet at the home of Mrs. John Dobberstein on Thursday afternoon.

Sunday school teachers meeting, Thursday evening at 7:30. Service at the usual time, 10:00 on Sunday, Febr. 8. Bible class and Sunday school immediately following the service.

The pastor will also conduct services at Burwell at 2:00 and at Scotia at 7:30, in the absence of Pastor Wagner.

You are welcome at our services.  
David Kreitzer, pastor

United Brethren Churches.  
Minister, P. W. Rupp.

Ord:  
Sunday school, 10 a. m.  
Devotional service, 11:00 a. m., in charge of the young people's Christian Endeavor. Led by Willard Harkness.

Prayer service, Thursday, 7:30. Saturday Children's Christian Endeavor service at 2:00 p. m. Midvale:

Sunday school, 1:30 p. m.  
No preaching service this Sunday as the pastor is away holding revival meetings. Christian Endeavor service next Wednesday at the Wallace Coats home.

Full Gospel Church.  
L. E. Wilkins, pastor.  
Sunday school, 10 a. m.  
Morning worship, 11 a. m.  
Evangelistic service, 7:30 p. m.  
Prayer meeting, Wednesday night at the parsonage at 7:45.  
You will find a welcome at all our services.

First Presbyterian Church.  
W. Ray Radliff, pastor.  
Church service this Sunday as usual.

Both morning and evening services at eleven a. m., and at seven-thirty p. m., respectively. Y. P. society at six-thirty.

You are cordially invited to attend any and all of our services.

## LETTERS FROM QUIZ READERS

An Open Letter to  
Merritt E. Fuson.

Dear Pat:  
I'm surprised at you, I mean I really am. The idea of your writing a letter insulting the dignity of two of our public officials when you know that any person talented enough to write a dignified answer to your "line" would be too smart to live in this country.

Why, if I were honored by being elected to the office of dog-catcher or school director, I would never write you another word and I doubt if I would even notice you unless I saw you loafing around a fire hydrant.

True, Eben Moss wrote you a pretty nifty answer but I hear one of the big bosses of the triple A wrote to him that if he didn't maintain the dignity of his office that they would see to it that he was retired to the corn field. What threat could be "dirtier?" After telling a lot of farmers how to farm, to be sent back to do the job himself. It would be just like making a general in the army do kitchen police work.

You know, Pat, the more I see of the working of the AAA, the more I am convinced that Eben was not the only AAA administrator who was kicked in the

head while picking up Hereford hard coal.

So that lets Eben out and as far as Ellsworth is concerned, you know he is chairman of the board of supervisors and they are a dignified lot. It is reported around town that Charlie Johnson insisted that each supervisor get himself one of those high silk hats like those ambassadors in Washington wear, as a badge of their office and to add dignity to their public appearance. Hank Zikmund, who is a nifty dresser anyway, supported the idea, but insisted that they wait until the snowball season is over. It is little matters like this that some of the supervisors tried to keep secret by publishing them in the Arcadian instead of the Quiz.

They claim that they don't want to publish all the proceedings so as to cut down expenses, but they don't fool your Uncle Dudley. Now you see why Ellsworth can't answer you so if you want any action you will have to jump on John Ward, Art Mensing, Hank Stara or myself, as we have no official dignity to stand in our way.

By the way Hank Stara tells me his wife is writing a book, giving the low down on everyone who ever picked on Hank. Hank would do it himself but he has not learned to write yet.

Do you remember how you told me about having to write Hank's love letters for him when you were both going to that school in Kearney? Now I never picked on Hank but believe me I am being very polite to his wife when I meet her.

Speaking of national affairs it's my belief that if we don't get a Republican administration to straighten out this financial muddle, this country is going to "hell in a handbasket."

Hoping you are the same,  
J. L. ABERNETHY.

## Ord's One Stop-FOOD SERVICE

Here you not only can get the very best of Meat at fairest prices but also practically everything in canned goods, bread and pastry, staple and fancy packaged foods, a nice line of cheese, pickles, condiments and spices.

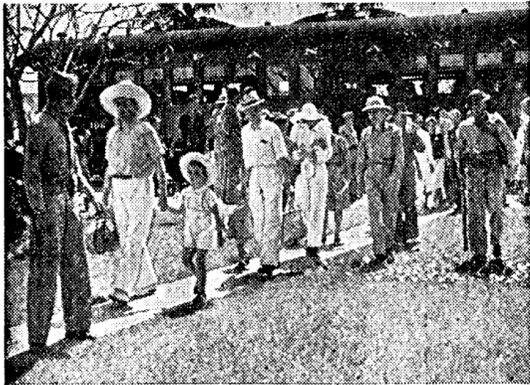

Is it any wonder we call our market Ord's "1-stop food service?"

We will be delighted to serve you and believe you will agree that all the foods we sell equal our fine meat in giving satisfaction.

## Pecenka & Son MEAT MARKET

# Japanese Lose Heavily at Macassar When Dutch and U. S. Forces Unite; Compromise Price Control Passes: Additional Food Rationing Forecast

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
(Released by Western Newspaper Union.)

There was no sightseeing for these Axis evacuees from South America as they went through the Panama Canal Zone to the United States. Part of the group of 111 persons, including seven German and seven Italian diplomats, are pictured debarking from the special train which carried them across the isthmus. Uncle Sam took no chances of any Axis sightseeing, which would have been possible had the passage been made by boat.

## MACASSAR: First Victory

Americans had hailed the Battle of Macassar straits as the first definite American victory over the Japanese, worked out in conjunction with the indomitable Dutch.

The action amounted to the virtual trapping of a large Jap convoy in the straits, probably heading for a frontal assault on Java or Sumatra, and its virtual decimation with heavy losses in men and ships for the Nippon forces.

The fight lasted several days, and a number of Japanese warships were engaged by light American naval vessels including destroyers and submarines, and by considerable forces of airplanes.

One of the earliest ships sent to the bottom in the engagement was a Jap aircraft carrier, and if she was not sunk she was immobilized by a direct torpedo hit, and that meant she was useless as a carrier.

This meant instant air supremacy for the American-Dutch forces, and they went to work without mercy. One vessel after another was destroyed and as others were damaged and the Japs attempted to keep their convoy intact by slowing their pace to that of the slowest vessel, they were hopelessly trapped.

It apparently took more than six days for the Japs to negotiate the less than 800-mile journey through the straits, and the toll was upward of 31 vessels.

The engagement showed several things—that strong air reinforcements had arrived from the United States into the area; that they were being deployed effectively to prevent a further southward Japanese invasion of the East Indies; that American naval units, once at grips with the Japs, could give a good account of themselves; that the early toll of two ships a day could easily be enlarged to a deadly amount of shipping, an amount which the Japanese could not lose and continue their pace in the South Pacific.

**PRICES:  
Bill Passed**

The passage of the compromise price control bill, setting ceilings on 74 commodities, brought to a head a situation which now was in the hands of the government, namely inflation of commodity prices.

From this point on it would be a criminal offense to sell anything above the ceiling price.

The senate vote had been at a higher ratio than the house, 65 to 14. President Roosevelt had been expected to name Leon Henderson to the post of price administrator, set up in the bill.

Henderson had been doing what he could along this line from his OPACS office, and had been placed in the War Production board under Nelson.

All Henderson's previous work, wherever it did not conflict with the ceilings in the bill, immediately was validated, and became the law of the land, just as though congress itself had announced the ceilings.

Maximum penalties were one year in prison and a \$5,000 fine for willful violations of the law.

A fight had been expected against Henderson on the grounds that the former administrator had been close to the President, who himself had been chief critic of the bill.

**U-BOATS:  
Active in Atlantic**

A constant succession of sinkings of American and allied vessels in the north Atlantic, many of them close to the coastline, had revealed that U-boat activity was being pressed to the utmost.

The U. S. navy reports from the eastern ocean had been that their efforts were being redoubled, and that certain successes had been scored. The policy of not announcing U-boat sinkings was being followed, however.

## LUZON: MacArthur's Fight

Though MacArthur's men were admittedly in a desperate position, it had become evident that he was getting at least some reinforcement, as his latest communiqués had told of American "fighter planes," and also of the work of PT boat squadrons in Subic bay and at other points, probably near Corregidor.

But it had not been believed that MacArthur's army had any airplanes left, therefore his report that Curtis P-40 fighters had downed a number of Jap bombers led many to think that they might have been flown in there from a distant base.

How many of the Japanese estimated Luzon army of 300,000 was able to get at MacArthur's men in their tiny front on Bataan peninsula was a problem, as many of them naturally would have to be holding the rear and supply lines against constant harassment of guerrilla bands of Filipinos.

## RATIONING: To Increase

Additional rationing was deemed a certainty, with the placing of sugar on a pound-a-week basis.

In fact, it was known that those who controlled the priorities were frowning even on some of the civilian defense activities.

Among these were the "indiscriminate knitting of sweaters," which was said to have a bearing on a possible shortage of wool.

Another was the selling of commodities in tin cans when they could be otherwise packaged or sold in bulk. Among the list was baking powder, beer, biscuits, candy, confectionery, cereals and flour, chocolate and cocoa, coffee, dog food, petroleum products, spices and condiments and tobacco.

Shipbuilders were being asked to design their ships that they could use steel of the type milled for automobiles—somewhat narrower plates.

Leon Henderson would be in charge of retail rationing, and James S. Knowlson in charge of that which occurred in industrial quarters, it was announced.

**RUSSIANS:  
Find Going Tougher**

As the Russians announced that the "last live German" had been removed from Moscow province, and that the invaders in the Rzhnev area were trapped and doomed, and as they swarmed ever closer to Smolensk, they reported that the Nazi resistance was growing stiffer.

This, the Red high command said, was to be expected, but they drew much cheer from the fact that one victory was following another still, and that the general tactical campaign was shaping up well.

One expert in Red tactics said much credit was being given to a new Russian system of putting fairly heavy artillery into the front line with the infantry.

This, he pointed out, was a bold procedure, but one which the Germans, with nothing heavier than trench mortars in the front line, were finding it difficult to combat.

The Russians have 46 mm. guns and some 76s in the front lines, and though they are not so mobile, they are even being handled by manpower when hors d'oeuvre cannot be found to draw them.

These guns fire at point-blank range, and were given much credit in winning the battle of Mochalsk, a heavily fortified point.

The death toll is terrific in warfare at 40 below zero. Correspondents at the front state that wounded die within 10 or 15 minutes unless kept immediately warm, as their wounds instantly freeze.

The Russians, however, being adept at life under such conditions are reportedly suffering much less than the ill-equipped and prepared Germans.

## 'Over There'

**SOMEWHERE IN IRELAND.**—Maj. Gen. James E. Chaney of the U. S. Air Corps, who has been made commanding general of the U. S. army forces in the British isles, is pictured above. He has a high rating as both a combat pilot and combat observer. His headquarters will be "somewhere on the British isles."

## REINFORCEMENTS: For 10 Areas

The arrival of a considerable force of American troops in northern Ireland had been an exciting bit of news which the press leaped on with avidity, and which brought from the White House the statement that this was but one of six, eight or ten areas to which reinforcements had been sent.

Pressing the President for more information, newsmen succeeded in getting the revelation that help is being rushed with all possible speed into the Pacific war theater.

Nothing was said officially about the identity of the Northern Ireland troops, but the fact that a major general was named commander and that his staff included brigadiers led many to believe it was at least a division.

News dispatches from Ireland, passed by censorship, used the words "from their training ground in Louisiana" and the fact that they had come "from midwestern homes," but this was as close to identification as the war department would permit.

President DeValera criticized the sending, said his government should have been consulted, but though President Roosevelt recalled that DeValera was a "warm personal friend," he expressed no sympathy with his viewpoint.

The soldiers were there, reportedly eager for a "crack at the Nazis," and getting accustomed to British fare, living conditions and surroundings.

The President was positive in stating that aid of the strongest sort was being poured into the Pacific theater of the war, and war department estimates of the total manpower of the Japanese in that area was 1,000,000 men.

**ROMMEL:  
Drive Halted**

The counter-drive by Gen. Erwin Rommel's troops in Libya, which had hurled the British back over considerable ground to a former battleground near Bengasi, had apparently been halted with a terrific blast of air power, causing the Germans huge losses.

As Churchill told the house of commons that the German-Italian casualties had been three times that of the British, his cohorts in North Africa had just finished a devastating blow to the Germans, which many believed had halted them in their tracks.

The advance from Agedabia to near Bengasi had found the Germans forced to halt for a time to organize their supply services, and the British took advantage of this respite to do the same.

But the R.A.F. moved forward to attack the supply lines, and reported the destruction of literally "hundreds of vehicles including tanks" and that they had reduced the German rear to "utter and hopeless confusion."

**MISCELLANY:**

New York: Joseph Lash, friend of Mrs. Roosevelt and one of her proteges, for whom a naval commission had been sought and refused, had been changed from 1-H to 1-A and had not claimed or asked deferment.

Washington: The justice department has ordered the removal of all enemy aliens from vital defense areas throughout the nation.

New York: Discovery of a gigantic plot on the part of the Germans to dispose of diamonds looted in Belgium and Holland in 1940 was made when the government reported a list of indictments against members of several New York corporations. More than \$100,000 worth of diamonds already had been disposed of, it was believed.

London: President Roosevelt has received an ornament as a present from the British government. It is of glass, and is composed of fragments of the stained glass windows of parliament, broken by an air raid.

## When You and I Were Young Maggie

February 4, 1932.

The Ord Co-op Oil company made a profit for the year of \$11,895, it was shown at the annual meeting of the stockholders held at the Ord Theatre with 125 present.

The Ord Theatre observed its first anniversary with a week of unusually fine shows, the headliner of which was Mata Hari, starring Greta Garbo. Most of the members of the supporting cast have sunk into oblivion since then.

The first carload of drought relief, consisting of hay, flour, sacked feeds and grain, was shipped out over the Burlington headed for northeast Nebraska, where drought conditions were serious. The project was sponsored by the Noll Seed company and endorsed by the American Legion.

Harold Benn was announced as the winner of the annual Union Pacific scholarship for his most efficient 4-H club work.

A Griswold for Governor club was formed in Ord with Clarence M. Davis as chairman. It took some time, but Griswold was finally elected.

Mrs. Gust Rose passed away at her home in Ord Jan. 30 as the result of a heart attack. She was 72 years of age.

Fred Coe was re-elected president of the Nebraska co-operative creamery association at the annual meeting in Lincoln.

A. J. Auble had his Shadelite marquise on exhibition at the Nebraska Hardware Dealers convention in Omaha.

The country was in the grip of a real spell of winter and rural carriers and school teachers were having plenty of trouble getting around.

February 3, 1922.

Henry Parker of Taylor backed a load of trash up to the edge of a steep bank 75 feet high, got back too far, and the whole outfit, Henry and all, went to the bottom. One horse was killed, and Henry was unconscious for a long time, but finally recovered.

Will Stanton held a sale of his farm goods, with McMindes, Weller and Cummins as auctioneers and good prices prevailed. Later he moved to North Dakota where he lived until last fall when he moved back to the Ord territory. He plans to farm this year on Haskell Creek.

Mrs. Ora S. Taylor returned from Sabetha, Kas., where she had been called to attend the funeral of her father, who died suddenly following a paralytic stroke.

J. T. Knezacek was laying claim to the title of champion at Darda playing, but that was before he learned to play pinocle. Mr. and Mrs. M. B. Goodenow returned from a visit to relatives in Iowa.

Ord had an up and coming community club, and A. W. Pierce was writing the club notes for the Quiz.

February 1, 1912.

The schools of Ord were to try out the then new idea of teaching home cooking as a part of the curriculum. C. S. Jones was the superintendent, and was responsible for it being introduced. Miss Minnie Hawkins was having a siege of typhoid fever in a hospital in Lincoln.

Mr. and Mrs. Walter Levenik moved their household goods to Burwell, where they were to make their home and where he was to run a harness store.

Both the men's and ladies' basketball teams from St. Paul college came to Ord and played teams from Ord high school. Ord won both games, the girls by a 21 to 20 score, and the boys by 39 to 20. Refreshments were served after the games.

Work on the Ord Methodist church, interrupted by bad weather, was starting again, but slowly, since the days were short and the nights cold.

February 5, 1897.

The Quiz printed a rather long article on Fort Hartsuff by Truman F. Ireland, reprinted from the Burwell Mascot.

Joe Warwick was an Ord blacksmith and had started to work for another Joe, last name not given, in a blacksmith shop located near where the present Ord Auto Sales is.

After leasing the Ord photograph gallery for a time, H. G. Westburg had taken it over again and was announcing the fact in the Quiz.

Perry Wescott of near Arcadia lost his house by fire. The banking around the house caught fire and, as the pump was frozen, he could do nothing but let it burn.

The Quiz was complaining because the school bells were rung ahead of time, but that was before the idea of daylight saving had come into being.

A Ben Hur lodge was organized in Ord with a charter membership of 28. George W. Pratt was chief, M. E. Getter, scribe, Harley Snow, keeper of tribute, Mrs. M. J. Billings, guide, P. L. Plejdrup, captain, Mrs. R. T. Dearing, teacher, and Elliott Drake, keeper of the gate.

The Ord concert band, under the leadership of Rollin W. Bond, was rapidly making a name for itself, and had a well deserved reputation for ability in central Nebraska.

The Quiz published a list of at least two hundred people who had once lived in Ord, but who were at that time living in other parts of the country. Unfortun-

ENGLISH BULLDOG

Most courageous of all dogs, perhaps most courageous of all animals, the English bulldog has been chosen by the British themselves to typify their national character. No other thoroughbred has so much of the do-or-die spirit, has such unending tenacity of purpose, such unyielding determination.

Why do we use this picture to dramatize our

# SURE STARTS?

If ever you could say of any motor fuel that it is full of *mykelding*, bulldog determination to start cold, icy engines... that motor fuel is Phillips 66 Poly Gas!

It is high test, loaded with instant-firing elements, engineered to produce marvelously quick starting. Yet it costs not a penny more.

That's why it's the "hot" gas for cold weather. Try just one tankful and see if you don't feel that difference.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

## Phill-up with Phillips for Instant Starting

ately for history, the address at that time was not given.

February 5, 1892.

E. N. Mitchell had sold his fine residence on west main (M) street to George W. Mickelwait, who was to take possession on March 1. This is the house now owned and occupied by the Ralph Miskos.

The Manderson postoffice, run by H. F. Rhodes, was discontinued, and the mail for that place was being left at the Geranium office, run by Mr. and Mrs. Chas. Palmatier.

It was practically certain that the proposed Duluth and Pueblo railroad (Duluth, Minn., to Pueblo, Colo.) would pass through Ord when it was built. It is still possible, since it was never built.

George W. Mickelwait had sold his feeder cattle to S. L. Perkins, and was planning to move to Ord March 1 to engage in the implement business under the firm name of G. W. Mickelwait and Co.

Joseph Stara of Geranium township was instantly killed when his wagon upset on the way home from town and he was pinned beneath it.

Deputy Sheriff Harris took Mrs. A. Gibson to the hospital at Norfolk after she had been adjudged insane. Old residents of Mira Valley will recall the Gibsons.

And when we all pull together surely we will make those Japs unhappy. America puts things over with a bang when she gets at it, but this isn't going to be any small thing, it is likely to take us years. So the sooner we cinch up our belts and roll up our sleeves and get to fighting the better for us.

Start by registering for civilian defense on Friday.

We learned many things from the last war, to do and not to do, and it wasn't so long ago that we have forgotten all of them. I remember, for instance:

The amount of knitting done by firemen for World war one. I remember seeing the firemen leaning back in their chairs, perched out in front of the Pasadena fire houses. And every fireman knitted furiously. There was great rivalry between the several companies of firemen in

Pasadena. These busy knitters had turned out hundreds of garments, and were they proud of their record?

Now I hear small boys are going to be encouraged to knit, and they are eager to do it, too. Most of the children are showing more real concern about helping win the war than are their elders. They are intensely patriotic, and when they save string or paper they canvass the neighborhood, pester their relatives, ask strangers!

When we are as intent of purpose as these small girls and boys, perhaps we'll win our war.

**Do Your Meals Talk Back**

This is often a symptom of acid indigestion. Sour, gassy stomach and heartburn frequently follow unwise eating and drinking. ADLA Tablets relieve quickly. Get ADLA from your druggist. Ed F. Beranek, Druggist.

# Public Sale

As I am moving away I will hold a clean-up sale on the farm 6 miles southwest of North Loup, known as the Ivan Caneby place, at 1 p. m., on

## Tuesday, Febr. 10

### 10 Head of Horses

- Iron gray horse, 3 years old, wt. 1,250
- Bay horse, 5 years old, wt. 1,500

Dig Through Billiard Ball  
Fermite, or white ants, will hole up a billiard ball.

### 3 Members of Miller Family Celebrate

A triple celebration was held Friday at the home of Mr. and Mrs. Edwin Miller when nearly thirty relatives gathered for a covered dish dinner. The occasion was the 35th wedding anniversary of Mr. and Mrs. Miller and the birthdays of Mr. Miller and their daughter, Mrs. Lane Good of Laramie, Wyo., who with her two children came for the occasion. Mr. and Mrs. Miller were married by the Friends' pastor, Rev. Murray Crosby, with only the pastor's wife and Mr. Miller's mother attending. All but about two years, when they were in Banner county, have been spent here, five years of that time on a farm, the rest in town where Mr. Miller worked as a blacksmith. They have one other daughter, Martha, who is at home and a son, Ivan, who lives in Arcadia. Other out of town people attending Friday were Mr. and Mrs. Chester Houtby and Mrs. Ralph Stevens and two children of Ord.

### BURWELL

C. M. Lantis of Esbon, Kas. spent the week end at the Chaffin ranch. O. S. Chaffin of Grand Island and Leslie Chaffin who is a student at the university of Nebraska also spent the week end in Burwell.

Miss Marguerite Grunkemeyer of Lincoln spent the week end with her mother, Mrs. Allie Grunkemeyer. Mr. and Mrs. Wayne Banks were in Neligh Sunday where they were the guests of friends. He attended a forestry meeting in Norfolk Monday. Saturday he was present at another one in Kearney. Mrs. Banks spent Saturday with friends in Broken Bow.

Mr. and Mrs. Wilmar Nelson and family of Ord were dinner guests Sunday in the Leo Nelson home. Mr. and Mrs. Roscoe Garlick, Bill and Harold of Elyria visited the Nelsons in the afternoon.

Mr. and Mrs. Lyle Myers and family were dinner guests Sunday in the Lee Lindsay home. Mrs. T. B. Lindsay, Mr. and Mrs. Edgar Johnson and daughters and Mr. and Mrs. Vernon Matern and daughter were afternoon guests in the Lindsay home.

A son was born Friday to Mr. and Mrs. Warren G. Hall in the home of Mrs. Hall's parents, Mr. and Mrs. L. D. Pierce. Dr. Cram was in attendance.

K. W. Peterson's new semitrailer was used Monday to haul eighty fat hogs belonging to Lew Rejda, who lives near Sargent, to the Omaha market.

Mr. and Mrs. Harold Johnson, Mrs. W. T. Johnson, Charles and Julia, all of Lincoln were week end visitors in the F. A. Johnson home. Wayne Wood, who attends the University of Nebraska accompanied them. He visited his parents, Dr. and Mrs. R. W. Wood.

Ray and Mrs. Ben Meckel and family of Omaha spent Sunday and Monday with her parents, Mr. and Mrs. C. R. Ilgenfritz.

Mrs. R. L. Walker was hostess to the ladies association of the Congregational church in her home Tuesday afternoon. Mrs. S. J. Garrison had charge of the lesson which was on foreign missions.

Dr. Cram has closed his hospital. Only one patient, Otto Rohde, now remains. He has been critically ill and Saturday a second operation was necessary to remove an obstruction of the bowel. Miss Luella Naab is the only nurse remaining at the hospital. Joe Homolka, who is recovering from a paralytic stroke has been taken to the home of Mrs. Dora Coleman. Dr. Cram plans to go to Omaha soon to offer his services to the army. He does not expect to be called soon.

Mrs. Harry Hughes entertained the Ladies Bridge club in her home Tuesday afternoon. Mrs. Wayne Banks and Mrs. George Baker were substitute guests. Mrs. Banks won the prize given for high score and Mrs. C. W. Hughes was second high.

Miss Elsie Vascek, daughter of Mrs. John Pokorney, was married Jan. 22 at Tacoma, Wash. to Sergeant Arthur Leaming, who is stationed at Fort Lewis. For the present they are living in Tacoma. The bride went to Washington several years ago with her sister, Mrs. James Philipps and has since lived there.

Mrs. M. B. Goodenow, who has been critically ill of a heart attack is slightly improved according to Dr. Smith who is attending her. Her nephew, Royal Goodenow, spent last week with her to help her and his cousin, Miss Maude Goodenow, with their business affairs. His home is at Wall Lake, Ia. Dr. and Mrs. G. L. Mills of Hot Springs, N. M., are expected to arrive soon.

Mrs. Stanley Mitchell, who was taken suddenly and critically ill a week ago Tuesday night, is somewhat improved according to Dr. Cram and Dr. Smith, who have been attending her. Mrs. L. L. Scott is the nurse.

Mrs. W. W. Griffith is critically ill in the home of her daughter, Mrs. Glow Fackler.

E. E. Troxell and F. A. Johnson returned from a visit in California Thursday. Mr. and Mrs. Everett Johnson and Elizabeth, Mrs. F. A. Johnson and Mrs. E. E. Troxell met them at the train. Mrs. Everett Johnson and Elizabeth remained in Grand Island for several days to visit her parents, Mr. and Mrs. Guy New.

Mrs. F. F. Wagner and Miss Helen Wagner entertained the E. O.'s in their home Monday afternoon. Miss Wagner reviewed "The King's Row." Mrs. Bess Moore gave a defense talk.

Elmer, Stanley and Raymond Owen drove from Denver Sunday to visit their mother, Mrs. T. E. Owen. Stanley expects to be inducted into the army soon. They returned to Denver Monday. While the boys were in Burwell Mrs. Elmer Owen visited her parents in Kearney. Their daughter, who has been staying with her maternal grandparents in Kearney accompanied them to Denver.

The Red Cross home nursing classes commenced Monday with a full attendance. Mrs. Cram is teaching two classes both of which meet twice a week, on Mondays and Wednesdays. One group meets at 2 in the afternoon and the other at 7 in the evening. Mrs. Elsie Hansen, who has charge of the project, hopes to start a third class soon with Miss Gladys Miller as the instructor. Plans for conducting classes in the country have been abandoned owing to the equipment necessary for the work.

Country women are being urged to register for the work in town. Dr. Cram commenced his first aid class Tuesday night. It will meet twice a week on Tuesday and Friday evenings. Dr. Smith's class will meet for the first time Thursday evening. His group will meet Monday and Thursday evenings.

Frank Robke left Tuesday afternoon on the bus for Midway City, Calif., after spending several weeks with his son-in-law and daughter, Mr. and Mrs. D. W. Sartin. Monday night thirty friends and neighbors met at the Sartin home where they held a surprise fare-well party for Mr. Robke. Mr. Robke and Mrs. Sartin returned from Chicago Sunday evening where they had gone to attend to business matters.

Mr. and Mrs. Ed Swain of Bartlett were Sunday evening guests in the W. D. Massey home.

Community Chorus  
To Be Organized

Timely and certain to be enjoyed, Ord music lovers were delighted this week to hear that Ord is to have a community chorus organized at once. Henry L. Deines has agreed to train the group which will meet Sunday afternoon at two o'clock at the high school for the first time. Chorus from several churches and part of the high school choir will provide a nucleus, and anyone else wishing to sing is asked to call Mr. Deines, as there may be an opening for several other voices. Soloists will be announced later.

Hilding Pearson, temporary chairman of the group, reports that several of the choruses from "The Messiah" by Handel will be the first offering of the new vocal organization, and will be presented Easter Sunday evening. Mrs. Syl Furtak will accompany at the piano.

Arnold Didn't Lose Leg  
Contrary to the general belief, Benedict Arnold did not lose a leg. He was, however, wounded in the leg during a battle in the War of the Revolution and a memorial to his leg was erected on the battlefield.

### AAA News Notes

With the United States actively engaged in total war we must daily adapt ourselves to meet ever-changing conditions. At the present time the war board states that as much grain as possible should be stored on the farms. This will relieve the transportation and warehouse storage situation. There are a good many steel bins that can now be purchased from various county agricultural conservation associations. These bins can be purchased by farmers and farmers only. They are available in Tekamah, Weeping Water, South Sioux City, Ponca, Elkhorn, Falls City, Pierce and Papillion. The cost will be 7c per bu., on bins assembled and 9c per bu., after they have been taken down. These bins are in good shape and this is a splendid opportunity to get a good steel bin at a greatly reduced price.

Under the Triple A act a fund was set aside for chemical research, its purpose being to find new uses for farm products. The boys working have been on the alert and have perfected experimental work on the making of rubber and alcohol from grain. They have determined that if the proper processing facilities were available the 1941 corn crop of Nebraska would make enough rubber to last the U. S. for one year.

Without a definite effort on the farmers part certain agricultural products are going to fall far short of their goals. Milk is one of these products. There are few more cows in the herds this year and increase in milk must come through increased output per cow. Better feed is the answer. We have the figures on the production of 5 Holstein cows for 1941. The amount of butterfat sold from them brought \$156. The same operator had 100 hens and the eggs sold from them brought less than \$30. Cases like this are in line for a large increase in production. It would be no exaggeration to say that feed of the proper kind and in sufficient quantities could increase the production of this farmer's milk herd and poultry flock at least 1,000 per cent.

We will load a car of scrap iron at the loading dock in Ord on Wednesday, Thursday and Friday, Feb. 11, 12 and 13. We will have a reliable buyer on hand to pay for the iron and supervise the loading. They will pay \$3 per ton for skinned iron, \$9 for general country mixed iron and \$12 per ton for clean cast. We also plan on a load of car in Arcadia if sufficient interest is shown in that community toward getting a load together.

Fortieth Anniversary  
of Philippine Tragedy

This year marks the fortieth anniversary of a tragedy in the Philippine Insurrection which brought about the practical annihilation of the membership of Co. "C", 9th U. S. Infantry. This company was stationed at Fort Hartsuff years before, and the following tribute, written by a former member, is especially appropriate at this time.

The annihilation of Company "C" 9th U. S. Infantry on Sept. 29, in far away Samar is the most deplorable reverse to our arms since Custer's last stand. The sad story of the massacre of the company, known to the old settlers of the North Loup valley as Munson's company, will be read with interest and regret by many who remember them as they were in the early seventies.

They were closely identified with the early settlement of this valley. For years they guarded the pioneer homes. They helped build Fort Hartsuff in 1874 and were the first troops to abandon their old post and remained there until Fort Hartsuff was abandoned in 1881.

The changes of twenty years leaves few familiar names in the long list of dead, but the identity of the company is the same as when it was known as the crack company of the famous old "Fighting Ninth", and the story of their heroic death struggle, the awful hand to hand fight for their arms against more than four times their number reveals the fact that the old spirit still lived which distinguished the same company in the dark ages of the Sioux war in 1876.

At the battle of the Rosebud the writer of these lines stood in the ranks of Company C when death in its most appalling form seemed certain. Surrounded in a body to the great eternal headquarters, where the old company commanders, Munson and Capron, had long years preceded them. Comrades farewell. Sound "Taps," "Lights Out."

George W. McAnulty, Ex-member Co. "C", 9th U. S. Infantry.

In connection with the above letter it might be mentioned that Mr. McAnulty joined Co. "C" at Fort Hartsuff in 1874 and was discharged there in 1879, after five years of service. He lived to be the last man of the company as it was in the '70s, as well as the last man of

### FIELD SEEDS.

We expect a carload of field seeds and Hybrid Seed Corn in the middle of next week. Let us quote you prices on seeds and you can book your requirements for later delivery for a down payment of 15% on seeds and \$1.00 per bu., on Hybrid Corn. As this is written we have about 8 bu. each of Pfs-ers 360 and 366 that we can sell you. We have a good supply of 939, 463 and 613 to sell; but we believe that by planting time all numbers will be scarce. Try a few bushels this year.

### PRAIRIE HAY.

We have three or four truckloads of extra quality that we can deliver to your farm very reasonable.

### FEEDS.

We are prepared to mix any formula for you. Bran, Shorts, Linseed Meal, Soy Bean Meal, Dry Molasses, Nutro-Melk, Limestone, Meat Scrap, Fish Meal, Alfalfa Meal, Oyster Shell, Shell Maker, Molasses Blocks, Salt of every description.

the group of 16 who took part in the battle of Peble Creek.

The restoration of the Fort as a public domain and the restoration of the buildings as a record for future generations was the one thought uppermost in his mind during the closing years of his long and useful life. It was through his influence that the Fort Hartsuff bill was passed, and the present commission established. The members of the commission and others who knew him best are determined that some day George W. McAnulty's dream will become a reality.

Entire Club of 12 Lads  
Join the Navy Together

WASHINGTON.—Twelve youths of 17 to 19 years of age, members of the same club at Covington, Ky., have transferred their club bodily into the navy.

The youths had formed an association known as the Kentucky Dew Drop Inn club. They offered themselves for enlistment at Covington and were enrolled in the navy in the Cincinnati recruiting office. All are at the Great Lakes Naval Training station.

The navy announced the names of the unusual group as follows: James W. Emerson, Jesse E. Lump, Earl W. Geiger, Robert F. Lenhoff, Paul J. Brinkman, Bruce Bush, Robert J. Brennan, Paul Simpson, Arthur F. Whaley, Daniel W. Doone, Arthur L. Plybon and Charles J. Jump.

Large Mushrooms  
A North African variety of mushroom stands two feet high. Some other mushrooms are so large that one of them would be more than a meal for a man.

### BABY CHICKS.

You have till Febr. 10th to get a nice discount for early ordered chicks. You can get them any time during the summer but we must have your order by Febr. 10th.

### BROODER STOVES.

With priorities as they are, we do not expect to get more than half of the brooder stoves wanted this year. We will have a shipment the last of this week and another in about two weeks. So place your order early. We sold five last Saturday and Monday. We guarantee them to please you or we will come and get it, refund the full purchase price. We can use a few real good brooders that are in working condition as trade-ins on new brooders.

### STARTING MASH.

Try our starting mash this year. You can save money and a top grade feed.

### DR. SALISBURY REMEDIES.

We carry a very large stock of Dr. Salisbury remedies and we recommend the use of them. Many times a preventative measure will save a serious loss.

## Ord High Winning Streak Broke by Grand Island High

### Callihan, Lucht Play Superior Basketball, Keep Ahead Throughout the Game.

Grand Island high came to Ord Friday night primed for the kill, and they played the most effective game of the season to win from the Chanticleers by a final score of 37 to 24. Callihan and Lucht were the big shots for the visitors, accounting for 27 points between them.

Others counting in the game were Ewolt, 5 points, Katraugas and Wraga with 2 points each, and Classen with 1 point. Also in the lineup part of the time were Nitzel, Lassen, Evans, Matzen and Schoel. Higgins of Broken Bow acted as referee.

Cochrane was high point man for Ord, with 14. Flagg and O. Hurlbert each had 3 points, Adams 2, and Vogeltanz and Walker 1 point each. Also playing were Misko, Wilson, Maresh and L. Hurlbert.

There is no denying that the whole Grand Island team played superior ball, or that Ord was not hitting the basket as they should, but the game can be summed up in one word, "Callihan." He is not on an outstanding team this year, but he certainly should rate state recognition, according to his play of Friday evening.

The preliminary game between the reserve teams was a thriller throughout. In the last minute with the score 20 to 19 against Ord, Coach Cochrane sent in Darrell Johnson, Ord's smallest player, and he sank a sensational one-hand shot from near the middle of the floor to give Ord the lead and the victory, 21 to 20.

Other scoring for Ord were Peterson 7, B. Johnson 4, Walker 6, and Kovanda 2. Others playing were Satterfield, Jablonski, Greenwalt, Randolph, Severson, Maresh and Rose. Scoring for Grand Island were Sier 5, Huffman 2, Scofield 7, Rice 5, and Prince 1. Also playing, Miner, Niefelt, Gutzow, Simmons, Anderson, Paxton and Carlson.

Ord has a habit of winning close victories in basketball, it seems, but they hit the closest of the season when they managed to eke out a 29 to 28 decision over Ansley on the Ansley floor Tuesday evening. The reserves did not do quite that well, losing a close decision by a score of 19 to 16.

It was nobody's game all the way, and the score was tied at 25 all at the end of the third period. Likewise no one player had a monopoly on points for either team, the scoring being pretty well distributed among the members of the teams. Klein of Kearney refereed the game to the general satisfaction of the crowd.

For Ord, Cochrane made 7 points, Wilson made 6, Misko and Vogeltanz 5 points each, and O. Hurlbert, Adams and Flagg, 2 points each. Walker also played a few minutes. For Ansley Dobesh made 7 points, Crist and Gestwite each made 6, Ferguson made 4, Sokol made 3, Crouse and Gardner each made 1, and Patterson failed to score.

## Arcadia to Hold School Saturdays

Arcadia—(Special)—To release boys from school early this spring, and thereby make them available to help on farms, the high school here will be in session nine Saturdays in February, March and April, the school board decided last week.

Feb. 14, 21 and 28, March 14, 21 and 28, April 11, 18 and 25 are the Saturdays when classes will be held the same hours as on week days. The high school term thus will end nine days earlier in May than originally planned.

## Red Cross Will Meet Tuesday Eve

Red Cross members and officials are asked to take particular note that the annual business meeting of the Valley county chapter will be held on Tuesday evening, Feb. 17 at eight o'clock in the home of Mrs. C. J. Mortensen. Everyone interested is urged to come. There is important business to transact, and officers will be elected for the coming year. Ord members and Arcadia and North Loup officers and members are wanted at this meeting without fail, says President Mrs. C. J. Mortensen.

—Book review, Ord Township Library, February 20th. 46-11c

## Dr. W. J. Hemphill Passes Fortieth Anniversary as a No. Loup Doctor

### Beloved Village Physician Has Brought 3,000 Babies Into World, Lost But 1 Mother.

North Loup—(Special)—On Feb. 11, 1902, Dr. W. J. Hemphill, just graduated from Hahnemann Medical college, in Chicago, arrived in this village. Forty years have passed and except for brief vacation trips and occasional postgraduate work at medical centers elsewhere, he has spent the entire period ministering to the ills of this community.

Dr. Hemphill succeeded another pioneer physician, Dr. F. O. Burdick, who was retiring and three years after his arrival typhoid fever claimed the life of the only other physician here, Dr. Hogan. Although North Loup has had other resident physicians for brief periods since, Dr. Hemphill has been the sole doctor here most of the time.

Dr. W. J. Hemphill.

Almost three thousand children have been brought into the world by Dr. Hemphill in the forty years he has practiced here, though the exact number is not known because no accurate record was kept at the start: In all these births he lost only one mother. If all the children he has delivered, many of them now grown to manhood and womanhood, could be gathered together, the four corners of the globe would have to be searched, and the resulting throng would populate a city many times the size of this village.

Dr. Hemphill has served the community throughout many epidemics, most severe of which was the flu epidemic of 1918. During that period of illness he drove more than eighty miles every twenty-four hours for three months attending the sick, seeing dozens of patients daily both in town and country. He has been heard to say that the flu epidemic and especially those three months took ten years off his life.

## Johnson President of Nebr. Hardware Dealers

Leonard Johnson, manager of the Johnson Hardware company store at Burwell, was elected president of the Nebraska Retail Hardware Dealers association at their annual convention in Omaha last week. He was formerly vice-president.

The Johnson store was founded by Leonard Johnson's father, F. A. Johnson, but Leonard has worked in it ever since his graduation from University of Nebraska and has been manager several years.

## Thursday Fire Ruins Stove at Jack & Jill

A fire alarm at shortly before 2 p. m. Thursday took the Ord volunteer fire department to the Jack & Jill store at the northwest corner of the square (formerly Food Center), where chemicals were used to extinguish a fire in the oil burner stove, located in the store.

The stove had become flooded and the resultant fire practically ruined it. There was a great deal of black smoke, but Carl Kotrc, store manager, says there was no damage to the stock of goods, and none to the walls of the building, although the ceiling is smoked somewhat. The damage is covered by insurance.

## 125 New Families Reading The Quiz

About 125 families who did not formerly subscribe to The Quiz will be regular readers during the coming twelve months, having added their names to the list during the free baby chick campaign.

Most of them are in the North Loup community but others get their mail on rural routes out of Burwell, Ericson, Arcadia and Ord. Addition of these families to the Quiz list brings us nearer our goal—near 100% coverage of Valley county and near-by territory.

The offer of 12 baby chicks free with each new subscription proved so popular that it has been decided to continue this offer a few days longer. For every new subscriber in Valley or adjacent counties we will give either 12 baby chicks or \$1.00 worth of defense stamps. Act now, as this offer lasts only a few days.

## Sunday Snow Storm Brings Five Inches

Heavy, wet snow fell in Ord all day Sunday, blanketing the earth to a depth of 5 1/2 inches, reports Horace Travis, the official weather reporter. Moisture content of the snow was .64 of an inch. There was no wind and the snow lay where it fell.

After several weeks of warm weather, the mercury dipped toward the zero mark Monday night but weather moderated Tuesday and the snow has been melting slowly since. Most of the moisture is going into the ground to help winter wheat and rye crops.

## Nation's Greatest Draft Registration to Start Saturday

### 500 Or More Men 20 to 44 in Years to Register at 4 Places in County.

The greatest draft registration in history, when men between the ages of 20 and 44 register for selective military service, will start at 7 a. m. Saturday, Feb. 14 and continue throughout that day and all day Monday, Feb. 16, ending at 9 p. m. There are five hundred or more men in Valley county eligible to register, estimates William J. Ramsey, chairman of the county draft committee.

The following places have been selected for registration:

In Ord—The draft board office, over Nebraska State bank.

In North Loup—Office of the North Loup Lumber company.

In Arcadia—In the village pump house.

In Elyria—The Elyria post-office, in Holub store.

Volunteer helpers will assist members of the county board and the clerk, Miss Virginia Davis, in handling registrations at these points.

Men who must register are all those who reached their 20th birthdays on or before Dec. 31, 1941 and who have not reached their 45th birthdays by Feb. 16, 1942.

Eligibles who are away from home on Feb. 14 and 16 are instructed to go to any registration station regardless of where they may be and register, listing their home address on the registration card so it may be forwarded to the home board.

If prevented from registering by serious illness, a man should have some member of his family or a friend notify the draft board, and the chairman then will arrange to have the registration handled by a special registrar.

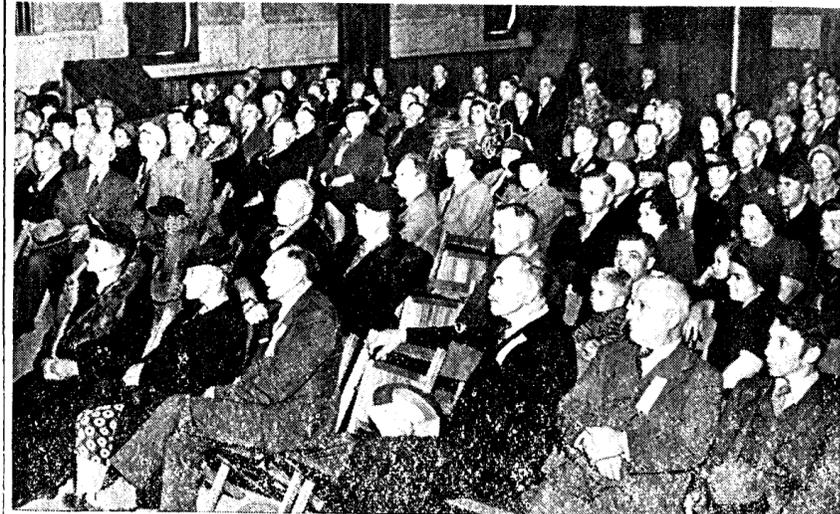

It is estimated Nebraska will have 100,000 registrants in this new registration.

## Complete Honor Roll to Appear Next Week

It appears that several names which should have appeared on the honor roll of Ord high school were not there, not from carelessness on the part of the faculty, but through neglect on the part of the pupils themselves.

Pupils with aggregate grades entitling them to a place on the honor roll are supposed to report the fact, and many have neglected to do so. Names are now being checked, and the names not already published will be listed next week.

## National Farm Loan Association Groups Held Meet in Ord

Members of three National Farm loan association groups held their annual meeting and 25th anniversary celebration in Ord Wednesday. The above photo shows a part of those present from Loup, Garfield and Valley counties, watching movies from China and Japan. W. J. Hather, president of the Valley county group 25 years, appears in center. See movie machine directly beyond him.

## Red Cross Drive for War Relief Funds Continues

### Over-Subscribed in Ord but More Donations Urged So No Spring Drive Needed.

The Red Cross drive for war relief funds is nicely over the top in Ord—total for Ord and vicinity being \$1,551.02 at noon Wednesday—but the drive chairman, Mrs. George Parkins, and the county chairman, Mrs. C. J. Mortensen, urge people to continue donating in the hope that the fund may be sufficiently over-subscribed that a spring campaign for additional funds may not be necessary.

Quota originally assigned to Valley county was \$1,500, which later was raised to \$2,250 by the request of National Chairman Norman Davis that each Red Cross unit over-subscribe its quota one-half.

Of the original quota Ord was to raise \$900, the North Loup community \$300 and the Arcadia community \$300. These original assignments were completed in record order, Arcadia being the first to raise its original \$300. The Arcadia community has to date turned in \$255 to the county chapter, retaining 15% for use in its own community as regulations provided. North Loup also has turned in \$255 and retained 15%.

When the second call for war relief funds came, community quotas were automatically increased, Ord's being \$1,350, Arcadia's \$450 and North Loup's \$450. The Ord community now has a total of \$1,551.02, all of which is in the hands of Treasurer Gudmundsen and has been acknowledged through these columns. The North Loup and Arcadia communities have additional contributions toward their final quotas and also are continuing to solicit funds, hoping to raise enough to avoid necessity of having another drive this spring.

Results of the campaign in Valley county have been splendid in view of the drought and depression years we have gone through recently, believe Mrs. Mortensen and Mrs. Parkins. All money raised for war relief should be turned in to the county Red Cross treasurer as soon as it is collected, except the 15% permitted to be kept by local chapters, they say. The people who donated this money meant for it to help our soldiers and sailors now and it should not be held back, says Mrs. Mortensen.

Donated in the Ord community during the past week are the following amounts: \$50 from women of the M. E. church; \$1 for Methodist juniors; Ralph Hansen, \$1; \$25 from Ord Women's club; \$1 from O. O. S. club; \$3.25 from Dist. 65 school district; \$14.15 from Dist. 55 school district; \$5 from Jolly Home Makers club of Elyria; H. E. Anderson, \$1; Presbyterian Ladies League, \$1 additional.

From the waste paper drive last week John Haskell turned in \$26.50 to the fund.

## 220 Couples Enjoyed Annual Firemen's Ball

A total of 220 couples enjoyed the annual ball of the Ord volunteer fire department held at the Bohemian hall Tuesday night, dancing to music of the Joe Lukesh orchestra. Firemen express themselves as being well pleased with the financial success of the dance and the manager in which it was supported by citizens of the community.

## Infantile Paralysis Drive Nets \$155.64

The drive just completed in Valley county for funds to combat infantile paralysis netted a total of \$155.64, reports M. Biemond, Cecil Wardrop, Mrs. E. L. Kokes and the other committee members active in managing the campaign.

Major share of this total was realized through the coin cards circulated by school children, both city and rural, says Mr. Biemond. The North Loup and Arcadia communities, as well as Ord and some rural areas, contributed generously to the fund. He is grateful to all who assisted.

Half of the net proceeds remain in Valley county to finance treatment of future infantile paralysis sufferers who are unable to finance their own treatment; the other half goes to the National Foundation and will be used principally for research in the cause and cure of the disease.

## Mrs. Mary Holman, Almost 90, Dies Suddenly Monday

### Death Came As She Rocked and Visited with Relatives; Funeral Today.

Mrs. Mary Holman, almost 90 years old and a resident of Valley county most of the time since 1882, died suddenly Monday afternoon at the home of her grandson, Alvin Wells, in this city. She was sitting in a rocking chair, visiting with members of the Wells family when death came.

Mrs. Mary Holman.

About a year ago Mrs. Holman fell, fracturing her hip seriously, but after several months in the Ord hospital she recovered partially and had been able to walk a little around the house. The funeral was held Wednesday afternoon at the Pearson-Anderson chapel, Rev. M. M. Long officiating, and burial was in the Ord cemetery.

Mrs. Holman was born in Ontario, Canada on June 3, 1852 and her marriage to Edward Holman took place there in 1867. They came to Valley county in 1882 and except for four years spent in Oregon, this community has since been Mrs. Holman's home. Her husband died in 1928.

She leaves two sons, William J. of Bakerfield, Calif., and Alfred of McCleary, Wash., as well as 19 grandchildren and numerous great grandchildren. A daughter, Mrs. Ellory Bohannon, died several years ago.

## C. E. Veleba Gets 3 Months in Jail for Torturing Wife

### Beat and Burned Her, Charge Filed Thursday; Bread and Water Diet Ordered.

Charles E. Veleba, for five years chairman of the Valley county AAA committee and more recently owner of a bulk petroleum business in Ord, is in the county jail here serving a three months sentence. The first four days of each month he will receive only bread and water to eat.

Veleba was sentenced to jail last Thursday by Judge John L. Andersen when he pleaded guilty in county court to a charge of assault and battery upon the person of his wife, Mrs. Christina Veleba, filed by John P. Misko, county attorney.

Her face and neck showing evidence of the beating and maltreatment she had received Mrs. Veleba told about it in court Thursday morning while her husband sat in a nearby chair with his hand across his eyes.

Here is the substance of the statement she made:

Veleba ordered her to disrobe then placed a chain about her neck and fastened it to the headboard of a couch. Forcing her to lie down, he tied her hands and feet to the corners of the couch. Then, from about 10 o'clock in the morning until 5:30 in the afternoon, he alternately beat and cursed her, and twice poured alcohol from a bottle upon her skin, setting it afire and causing painful burns.

Her release from this sustained torture came when a neighbor, Mrs. Harvey Hohn, went to the Veleba home about 5:30 to return some salt she had borrowed. Mrs. Hohn also testified in court.

The door of the Veleba house was locked when she got there but she could hear voices inside. Mrs. Hohn said, and she heard Mrs. Veleba cry out, asking her to come in and saying that she was being abused. She continued to pound on the door until Mr. Veleba came to the door and permitted her to enter. Mrs. Veleba was still chained to the bed but the ropes that bound her hands and feet had been removed.

At her insistence, Veleba unlocked the padlock on the chain and released his wife, also permitting her to put on some clothes, said Mrs. Hohn. She then took Mrs. Veleba to the Hohn home about 1 1/2 blocks away. Officers were notified by Mrs. Hohn, and they took Veleba into custody.

Another witness was Dr. F. A. Barta, county physician, who examined Mrs. Veleba and testified.

## Parker Truck Struck Summers Boy Saturday

Arcadia—(Special)—Fred Summers was unconscious for several hours and suffered shock and bruises when he was knocked down by the rack of a stock truck driven by George Parker, about 8 p. m. Saturday west of the railroad tracks in this village. Given first aid in Dr. Taylor's office and later attended by Dr. J. N. Round, the boy is recovering nicely.

Young Summers, with two companions, was walking west on the highway and Mr. Parker was driving home in the same direction. On account of the lights of an approaching car he did not see the boys and his truck struck young Summers but did not run over his body. The boy regained consciousness about 2 o'clock Sunday morning.

## Civilian Registration Held Friday, Saturday

Friday and Saturday were the days designated for citizens to register for civilian defense, and the response from the public was rather disappointing, as only 60 registered at Ord, 34 at North Loup, 26 at Arcadia and 6 at Elyria, only about ten per cent of the number that should be expected.

It is believed that not enough publicity was given to the registration and its purpose. It might be explained that the object of civilian registration is to obtain the names of those who may be counted upon for help in any emergency, and the type of work they prefer, or are best suited for.

The opportunity to register is still open, and cards for the purpose are available in Ord at the county clerk's office, in North Loup at Floyd Redlon's shop, in Arcadia at the library and in Elyria at the Holub store. Patriotic citizens are urged to register at once, as this is important.

## Farm Loan Group In Anniversary Here Wednesday

### Units from Loup, Garfield, Valley Counties Observed Twenty-fifth Jubilee.

A record-breaking crowd of Loup, Garfield and Valley county farm owners turned out Wednesday, Feb. 4 for the 25th anniversary celebration staged by the Loup Valley National Farm Loan association of Taylor, the Burwell association and the North Loup Valley association of Ord, who united to hold their annual meeting in Ord on the above date. Some 200 farmers and their wives took part in the day program, marking a quarter century of service by the co-operative farm loan system. The gathering was held at the Bohemian hall in Ord.

At a meeting Monday the board of directors of the Ord association reelected W. J. Hather president and named Evet A. Smith vice-president. Others on the board are John G. Bremer, M. B. Cummins and Joe Wadas.

In his report James B. Ollis, secretary-treasurer, indicated that since its founding these associations have supplied long-term low-cost credit to about 600 farm families in this community, assisting them to get on land of their own and pay for it out of the farm's normal earnings.

"Farmers today are in much the same situation they were (Continued on page 12)

## Soil Conservation District Planned 75 Farmers There

### Plan Is to Have Entire County in District; Dr. Brokaw Presiding Wednesday.

A meeting was held Wednesday afternoon in the district court room for the purpose of hearing the facts in connection with the proposed formation of a soil conservation district comprising the entire area of Valley county. This meeting is in conformity with the law enacted by the legislature in 1937, by the provisions of which a petition signed by 25 or more landowners in the proposed district may start the proceedings for the formation of said district.

Present from the state soil conservation service were W. H. Brokaw, director of extension and member of the state advisory committee on state conservation; H. E. Eckstrom, secretary for the state conservation committee, and state coordinator for the soil conservation service; and Mr. Eckstrom's secretary, Miss Catherine Quinter.

Also present were two representatives (Continued on page 12)

## Loading Scrap Iron on U. P. Track This Week

The Valley county defense board, in coordination with the Triple-A office, is loading out a car of scrap iron on the Union Pacific tracks this week, on Wednesday, Thursday and Friday. There will be a man in charge at the car. Farmers having scrap iron ready are asked to cooperate with the board by bringing it in on these three days. The iron may be weighed on the Curt Wilson scale if you desire.

## German Admirals Still Hoping for Big Sea Battle . . . Will Morale of Japs Hold? . . .

(Bell Syndicate—WNU Service.)  
WASHINGTON.—Most surprising report from Germany in many months is that the Nazis are feverishly building battleships. Coming at the time when most of the defenders of the big war wagons are downcast as a result of the disasters to big ships from air attack in Pearl Harbor, off Malaya, etc., this puts heart in some of the old admirals who still insist that "when everything else is destroyed, the bulk of the battleship will still be there, and still able to fire some of its guns."

Assuming the report to be correct, and there is no earthly reason to question its honesty, it shows that the German admirals are still hoping for a big sea battle, which, if successful, would mean the crushing of Britain beyond any possibility of relief from any other part of the world.

This hope was very strong in the early part of the war, as pointed out at the time in these dispatches. What the German admirals hoped was to whittle down the British navy to a size which would give the Nazi a reasonable chance for success in the event of a major sea battle.

They have always been sure that they could fight better, and particularly that they could shoot better, than the British. This is based not merely on their conceit as a super-race—for some reason the German naval officer has never had as much of this conviction of racial and class superiority as the German army officer—but on better optical glass. This means, they believe, better aiming.

But the whittling down process did not proceed rapidly enough. The British navy has taken some hard blows, but so has the Nazi fleet.

The spectacular cruise of the Bismarck encouraged the German admirals more than ever, though the loss of the ship postponed Der (Naval) Tag. The fact that she hurt the Prince of Wales seriously enough to delay her speed, and that she sank the Hood without difficulty, and that it took so much trouble for the British to sink her even after they had crippled the Bismarck's own steering gear, proved their every contention.

### Very Bad Trade

Evidently the shooting of the Bismarck in her engagements with the Prince of Wales and the Hood was superb, even admitting that the explosion of the Hood's magazines was a lucky shot. But the Prince of Wales could be and was repaired (only to be sunk by the Japanese later). Whereas the sinking of the Hood at the expense of the Bismarck was a very bad trade for the Germans, the Hood being an old battle cruiser, a type which did not show up well in the First World War.

So the news that there may be a whole fleet of Bismarcks (the Tirpitz is the only one completed) may turn out to be very serious indeed if the war continues long enough. Applied to the Pacific situation it becomes serious in that it will tend to hold all British naval strength possible in Europe. Which would mean that handling the Japanese, as well as keeping the line of communication across the Atlantic, will become a U. S. navy job.

The extraordinary capacity of Germany to produce armament continues the wonder of the ages. Imagine her being able to supply big naval guns for the new ships in addition to supplying her army.

However, German efficiency never takes into consideration certain human factors. The Graf Spee ought to have sunk the three little British ships that attacked her, instead of being smashed into uselessness herself. And maybe the Japanese fleet will not be so important by the time the new German fleet is ready.

### Can Japanese Really Take It?

One thing that nobody is qualified to talk about is Japanese morale. It is something we simply know nothing about. But it is a very interesting object of speculation.

We do know something that has been proved many times, in various ways. We are very much like the British in that we seldom do things efficiently in a war. We make horrible blunders, but we always muddle through.

Now, as we keep fighting the Japanese, perhaps rather ineffectively, but nevertheless annoyingly, will there come a day when the people of that country, or even its rulers, begin to wonder whether all this is worth while? Certainly the economic profit from looting the Dutch Indies will not be satisfactory as long as they are losing ships and cargoes to submarine and airplane and rader attacks.

We are assuming for the moment that there will be no great naval battle in the Far East for a long time. If there is, and we are victorious, that would hasten peace. If we should lose, it would merely delay it, though perhaps for years.

# THE ORD QUIZ

Subscription \$2.00 Per Year  
Published at Ord, Nebraska.

Entered at the Postoffice in Ord, Valley County, Nebraska, as Second Class Matter under Act of March 3, 1919.

Publisher - - - - H. D. Leggett  
Editor-Manager - - - E. C. Leggett

## OUR CONTENTION JUSTIFIED

"County boards cannot publish their proceedings in more than one paper if such publication will cost the county more than would publication in a single paper . . . delinquent tax lists must be published entirely in one paper."

So ruled Assistant Attorney General Herbert T. White last week, according to an item in the Omaha World-Herald. This upholds the contention the Quiz has consistently made in Valley County.

The Nebraska legislature, when it enacted statutes for the publication of board proceedings, delinquent tax lists and other official publications, did not regard them in the nature of "spoils" to be fought over by all the newspapers in a county. Instead, it provided a business-like method for the designation of the medium in which they should be published, and it provided fair compensation for such publication.

Since such may, by statute, be published and paid for in only one newspaper in a county, it was clearly the intent of the legislature that they be published in the medium within each county which could bring them to the attention of the most people.

In Valley county there is no question but that such medium is the Quiz, with its circulation of almost 3,000 as compared with 300 to 400 each for the other two papers in the county.

The Valley county board of supervisors is within its legal rights in publishing only a summary of its proceedings, instead of publishing the proceedings in full. Most taxpayers would prefer that the proceedings be published in full, feeling the slight additional expense to be justified.

After all, it would cost less than \$300 to publish the proceedings in full for the entire year. But there can be no quarrel, on legal grounds, with the board's decision to publish only a summary.

The Quiz has been designated official newspaper of Valley county for 1942 and throughout the year will publish such legal notices as the officers of Valley county are required by statute to publish. Future years will have to take care of themselves but so long as there are business men on the board of supervisors, whatever medium in Valley county reaches the most people will be designated to carry the notices in which the people are interested and for which the people themselves pay.

## WHEN IS A VETERAN?

A headline in the Quiz last week started an interesting line of thought. It read, "Veteran Aviator Likes Far North." You might ask, "What is so unusual about that?" The Americans usually find themselves at home practically anywhere on earth, because they have the faculty of adapting themselves to conditions as they find them.

The fact that he likes the far north is not so interesting as the equally vital fact that he is a "Veteran." That word used with the name of Jack Jeffords, may sound absurd at first, but it is used correctly, and no other word would fit the situation as well. He is a veteran in miles flown, and in years as well.

In the Quiz of Sept. 17, 1936, appears the following: "Jack Jefford, well known Broken Bow pilot who has many students at Ord and spends a part of each week here, competed in the national air races at Los Angeles recently and won three cash prizes. He placed first in one race, and second in two others."

That happened a little more than 5 years ago. We do not know exactly, but it is safe to assume that Jefford has been in the flying game only about 12 years. Also on assumption, it is equally safe to state that he is less than 40 years old. Yet at the age where "Life Begins" Jefford is spoken of as a veteran.

The question rises: "When is a Veteran?" Prize fighters are often spoken of as veterans before they are 30, and very few are able to make much of a showing after they have reached 35. The same is true of all the more strenuous forms of athletics, such as football, basketball, baseball, tennis, swimming, skating etc.

However, there is I. W. Edson, well known minister, who is well past 90. He retired from active duty a number of years ago, but he is still able to preach a fine sermon every day in his splendid "Sermons in Song," published in the Grand Island Independent. He is truly a veteran, and yet he is still very active in his chosen field.

Ord has a number of carpenters, and we believe all of them are past the half century mark and still going strong. Some of them have reached 60, others are 70, possibly some are past the 80 year mark. Two of these veterans, Andrew Purcell and Tom Williams, kept at their work practically until the day of their death.

Thus we learn that the age of a veteran varies with the type of work he is performing. According to what he is doing, a

man may be a veteran at 30 or he may be a veteran at 90. The world has decreed that the limit of a man's usefulness is measured by the extent of his ability to perform the duties of his job in a satisfactory manner.

Measured by this yard stick, no man is counted out so long as he can handle his job. If your job is beginning to handle you, look out. Do something about it if you can. If you cannot, you had better reconcile yourself to the fact that it is time to retire. If you cannot win the plaudits of the crowd, it is certain you do not want their pity.

## THAT AFRICAN CAMPAIGN

The greatest football game of all time is being played in the desert sands of north Africa. It is a professional game, with no restrictions as to the number or nationality of the players. So far the British, assisted by South Africans and Australians have carried the ball for two touchdowns, mostly by line bucks and around the left end.

The Italians own the playing field, and some players, who would be worse than useless if they were not for the Germans they have backing up the line, and carrying the ball most of the time. The two, working together, have made one touchdown, and are now well on their way toward another, using a sort of V formation and plunging right through the center of the line.

Luckily for the Italians, there have been plenty of replacements to date. That first British touchdown cost the Fascists at least 100,000 players, the second cost them and the Nazis about 25,000 more. The estimated British loss to date is about 25,000. That is the story. The loss in man power has been about 5 to 1 in favor of the British.

Never in the history of mankind has there been a series of campaigns like those of Libya. The experts explain it by saying that an army can fight well until it gets too far from its base of supplies, and too near that of the opposition. Thus each side has over-reached itself twice to date, and soon the Nazis will be getting too far away again.

But there is more to this African campaign than that. The Nazis drove the British back into Egypt, apparently without great difficulty, but they could not capture a foot of Egyptian soil. When the British got ready, they fought the type of campaign they had planned, capturing an almost unbelievable number of men and amount of equipment.

When the enemy drove them back, the British losses were small, and when the second British drive came they again exacted a heavy toll from the enemy. Today they are engaged in another retreat, suffering little loss themselves, and making the enemy pay heavily for every mile's advance.

As Britain wisely points out, land over-run and towns taken means little in Libya. What the British are doing is inflicting as much loss as possible on the enemy and conserving their own strength as much as possible. The Nazis will again chase the British out of Libya, but they will be unable to go any farther.

When the British are ready once more, they will start another drive. In the end this wearing down process will swing the balance of power to the side of Britain, and, when that time comes, the day of the Italian in Africa will have come to an end. Libya is the one bright spot for England in the war. It has been the one place where they have been able to fight on their own terms.

## BACK FORTY

By J. A. Kovanda

+++++ Something Different +++++

We were discussing hogs one day, and Donald Sydyk told about a three-year-old sow of theirs that made an unusual record. As a gilt, she farrowed ten pigs, raising them all. Then she broke that record the following March by producing a litter of eighteen. Again she took care of them all, and the pigs grew to maturity without a single death loss.

Getting big litters is important now, perhaps more so than ever before. And farmers should not overlook the fact that the modern type of sow with smaller, shorter, plumper body will not breed as easily or have such large litters as the bigger, more rangy sort.

In order to secure large litters the sow should be gaining in weight at breeding time and getting some green feed if possible. Old sows farrow bigger litters than gilts and have huskier pigs. Cross-breeding is thought to increase the size of litters. Gilts from the largest litters should be marked and kept for breeding purposes.

The boar needs plenty of protein, mineral, green feed, sunshine and exercise. Too often the herd boar is looked upon as a necessary evil, confined in some dark stall and fed in anything but an intelligent manner.

Some breeds of hogs are able to produce larger litters than others, but this ability varies from year to year as types change, so is open to argument. Greater differences exist between individuals of a breed than between breeds. There is no breed which is always best.

If all the farmers in one

neighborhood would raise the same breed of hogs, their neighborhood would become famous as the source of that particular breed. They could also exchange breeding stock to advantage, afford better sires, and ship out car lots of hogs worth more on the market because of being uniform in color and appearance.

## My Own Column

By H. D. Leggett

\*\*\*\*\*

I don't know what Charley Hunt has in mind but he writes in to ask, "Where does a nudist carry his handkerchief?"

A couple of news reporters back in a Pennsylvania city donned uniforms of German sailors and circulated most of the day among the people, even asking a policeman, in a strong German brogue how to find the water front, yet they were not challenged. From that I judge it would not be hard for the enemy to drop parachute troops among us and perhaps get pretty well set.

The enemy nations have to get from their own people and the people of conquered countries every cent possible. So, also, must Uncle Sam do the same, but the method is vastly different. The enemy takes ruthlessly all it can find. Uncle Sam demands that we buy stamps and bonds and we are only making loans. We not only will get our money back but we will get it with interest when the war is over.

How long is the war going to last? Many ask that question every day. Most people in this locality seem to believe it will be only a year or possibly two years. But well known news sources in Washington take a less hopeful view of the matter. No one even there will venture to say how long the war will last. Only a few will predict that 1943 will see the end of it. Less than half of these recently contacted would admit that it might be over in 1944. Mostly they said 2 to 5 years.

It is conceded everywhere that so far we are on the losing end of the stick and that, except for small gains here and there, we shall still be the under dog in six months and perhaps in a year from now. Mostly they think a change will come early in 1943 and that the allies will begin by then to show gains.

These views come to me from one of the best analysts in the country and are as reliable as it is possible to find and I would feel safe in shaping my business plans for the future on these guesses. If I was a farmer I would feel pretty sure that an expansion of my business to the limit for the next three or four years would be safe. If I was a lumber man I would figure that there was not much chance for a building boom during the same time, because it will be impossible to get building material.

Being a printer I already know that it is impossible to get many kinds of paper; that our print paper which we have always been proud of because it was so nice and white, will soon be a sickly gray or yellow tinge in color. We also have strong reason to believe that we will soon be getting very limited amounts of zinc and I should not be surprised if we have to cut out the pictures entirely by next year. I surely hope not.

## NOTICE OF PETITION FOR APPOINTMENT OF ADMINISTRATOR ESTATE OF JOHN ORSAG, DECEASED.

The State of Nebraska to all persons interested in said estate: Take notice that a petition has been filed for the appointment of John P. Misko as administrator of said estate which has been set for hearing on February 23, 1942, at 10 o'clock A. M. at my office in the court house at Ord, Nebraska.

Dated February 6, 1942.  
JOHN L. ANDERSEN,  
County Judge.

This Was Ord's Volunteer Fire Department Some 35 Years Ago

Some 35 years ago, exact date forgotten, the members of the Ord Volunteer Fire department were lined up for some special occasion, possibly a July 4th celebration, and the Mutter Studio took the above picture, a very fine picture indeed. It was taken on the north landing and steps of the old courthouse, doubtless by Miss Ora Mutter, as Orin is seen in the picture.

Nobody today should have any trouble telling who the man in front sitting there behind the mustache is, with the word "Chief" on his bosom. If you don't recognize him, ask Bud

time, wanting to add an hour on our time. We now have less time, and earlier time, so that we will have more time later.

By being minus an hour of time, we add an hour of time. We not only took time by the forelock, we pulled the forelock out entirely. You might say we snatched time baldheaded.

Ho, ho, hum, time to drop it for the time being.

It reminds me of an ancient joke about the ticket agent who tried to sell the Pullman lower berth. Or was it the upper?

Anyway, the lower was higher priced than the upper, he told the prospective buyer. And the upper was lower than the lower. It would save money to buy the lower upper, which was not so high as the lower. And so on infinitum and ad infinitum again.

I never did hear what the man decided. Perhaps he is still undecided.

Franklin decided our time for us, and in a hurry. I am glad he is driving ahead, organizing our country for a war effort that will get results.

If we have to fight a war, let's get it fought. It is a little difficult to adjust our thoughts in the direction of war. We have spent all the time since the last war concentrating on peace, while Germany and Japan trained their soldiers and built their war plants. So they have a 10 to 20 year start on us.

But if we need to fight I guess we can do it. The sooner, the harder, the better we do it, the better for all of us. And no matter what President Roosevelt requests us to do to forward the war, we should do it heartily and with speed.

And also a grin.

Shirley. The members of Hose Company No. 1, in front, left to right, are: Ralph Harris, Archie Bratt, Charles Hunt, Jay Hamilton (deceased), Jake Hoffman, Hank Misko, Will Clark (deceased), and Roy Drake.

First row of the Hook and Ladder company No. 1, (note insignia) left to right: Bert Barnes, Joe Sershen, Walt Bundy, Frank Sershen, Les Mason, Melvin Clark (deceased). Next row: Oliver Cromwell, Ed Adamek, Will Nielsen (deceased), Guy Burrows, and (standing) Howard Stennett. Hose Company No. 2, back row, left to right: Charley (Toothpick) Smith, Orin Mutter, Silas Hubert, Ernest Orcutt, Clay Stroup, Charley Daggett, Roy Bannister, Paul Bartunek, and Horace Crow (deceased).

Fire fighting was different then than it is today. Hose Co. No. 1 was located in the old fire hall south of the present Hower and Harris carpenter shop on 15th street, and Hook and Ladder No. 1, was also located there. Hose Company No. 2 was located in the building on the corner just east of Ord high school. The fire bell was on a tower at the

old fire hall, and fire alarms were also sounded on the old high school bell.

Hose Company No. 1 was organized in 1888, Hose Company No. 2 in 1891 and Hook and Ladder Company No. 1 in 1896. The hose carts were always pulled by hand, and on long runs the firemen were pretty well played out by the time they arrived. It took "he-men" for the fire department in those days. On special occasions they had races of various kinds, sometimes between the two hose companies, sometimes with a hose company from another town.

In the early days most of the buildings were low and a hook and ladder company was not essential, but as the buildings became higher, the need of a means to get into the upper stories became acute and led to the organization of Hook and Ladder No. 1. The ladder truck was heavy and took more and heavier men to pull it (Howard Stennett, for example). Sometimes the equipment was pulled behind a dray. But it was great sport, especially when there was 6 inches of mud in the streets.

# Public Sale

As I have decided to quit farming I will hold a clean-up sale on the DeLashmutt farm 12 miles east of Burwell, 13 miles north of Ord and 13 miles west of Ericson, on

## Monday, Febr. 16

### 10 Head of Horses

- 2 bay geldings, 6 years old, wt. 1,250 each
- Roan gelding, 8 years old, wt. 1,250
- Brown mare, 5 years old, wt. 1,250
- Black mare, 6 years old, wt. 1,300
- Bay mare, 6 years old, wt. 1,300
- Bay mare, 4 years old, wt. 1,250
- Bay gelding, 2 years old
- 2 jack mule colts

### 25 Head of Cattle

- 3 black Whitefaced milk cows, all now giving milk
- Holstein milk cow
- Red milk cow
- Black Whitefaced milk heifer
- 5 Hereford stock cows, good ones
- 2 year-old Hereford heifers
- 2 Hereford bull calves

Several head of other cattle will be brought in for the sale

### Farm Machinery

- McCormick-Deering 6-foot mower
- Hay rack and gears
- John Deere 2-row lister
- 2 riding cultivators
- John Deere go-devil
- Walking cultivator
- John Deere cream separator, size 11
- Disce
- 200 bushels white ear corn
- 25 bushels Spartan barley
- 25 bushels Red cane seed
- Walking cultivator
- Gang plow, 12-inch
- Wagon and box
- Manure spreader
- Lister
- Sweep grinder
- 3-section harrow
- Hog trough
- 3 sets of harness

Many other articles too numerous to mention

BRIEF BITS OF NEWS

Sumter—Wednesday Mr. and Mrs. Willis Plate welcomed the arrival of a 9 pound son that answers to the name of Paul Gene. Dr. Round was the attending physician. Mother and son are both doing fine. They were cared for by Mrs. Herman Rie until Friday evening when she was relieved by Mrs. Harry Clement. Leo Nelson and Mr. and Mrs. Harold Nelson and family left Thursday afternoon and spent the week end visiting relatives and friends at Blair and Omaha, returning home Sunday night, driving all the way home in the snow storm. Anton Uher did the chores.—Mrs. Harold Nelson spent Wednesday night with Mrs. Willis Plate. An aunt, Mrs. A. C. Larsen, called Saturday. Monday evening the Nelson children called to make the acquaintance of their new neighbor.—Mr. and Mrs. L. G. Payzant, Miss Groath and Mr. and Mrs. Harold Nelson attended the funeral rites for Paul Bartz, Tuesday.—Mr. and Mrs. Thead Nelson, jr. spent Sunday at Melvin Hackel's.—Mr. and Mrs. Earl Hansen and family spent Thursday evening at Mel Rathbun's.—Mrs. Helen Pierson spent Sunday afternoon at Edwards.—Steve Gizinski and a brother-in-law drove down from Winner, S. D. with two loads of farming equipment. They spent Wednesday night with his sister, Mrs. Clarence Pierson. Mr. Gizinski is moving on the place now occupied by John Edwards, recently purchased by his mother, Mrs. Frances Karty.—Irene Hansen, in company with Mrs. Fox of Broken Bow and son Hubert drove to Ainsworth Saturday to visit with Mrs. Fox's sister, returning home Sunday evening. After delivering Miss Hansen to her school Monday morning, Mr. Fox returned to Broken Bow.—Mr. and Mrs. John O. Edwards spent Friday afternoon with Mr. and Mrs. Will Zikmund.

and Mrs. Sam Brickner Friday.—Mr. and Mrs. Ed Hackel, Mr. and Mrs. Lowell Jones and Mr. and Mrs. Lloyd Hunt and Harold were dinner guests of Mrs. Will Harrison Sunday. Mr. and Mrs. Russell Rose and daughter of Ord were also guests.—Haskell Creek—Misses Velma Howell of North Loup and Martha Jameson of Ord were guests in the Hugh Starr home Sunday.—Mr. and Mrs. C. H. Beiers called on the L. S. Larsen family Friday evening. Alberta Scott was an overnight guest in the Beiers home Monday night.—Mrs. John Jones visited at Carl Hansen's Tuesday. In the afternoon Mrs. D. P. Philbrick called there.—Wednesday night Mr. and Mrs. Carl Hansen and family and Mr. and Mrs. Jack Van Slyke and family visited in the Ben Philbrick home.—Mr. and Mrs. Alton Philbrick and Mr. and Mrs. Earl Bartholomew and daughters were Sunday dinner guests at Jack Van Slyke's. Sharon Bartholomew was an overnight guest there Friday.—Mr. and Mrs. Chris Johnson and Alice Mae and Mr. and Mrs. Bill Adamek were supper guests in the Albert Clausen home Friday.—The Aagaard family visited at Mrs. Amelia Johnson's Thursday afternoon.—L. B. Woods returned from Bloomfield Tuesday but Mrs. Woods remained for a longer visit.—Friends and neighbors celebrate her birthday Wednesday night.—Miss Anna Mortenson and Mrs. H. Jorgensen called on Miss Mena Jorgensen Saturday afternoon.—Mr. and Mrs. Henry Jorgensen visited Mr. and Mrs. Will Nelson Saturday evening. Monday night the Jorgensen's and Nelson's helped Wilmer Nelson celebrate his birthday.—Sunday Mr. and Mrs. Wilmer Nelson and family and Mr. and Mrs. Axel Jorgensen and family spent the day at Henry Jorgensen's.—The Happy Circle club will meet with Mrs. Will Nelson Feb. 19.

A toy drum given to him at the age of 5 has lead to a life-long hobby for this Arcadia lad, Bill Ramsey, jr., a sophomore in the high school there and a snare drummer with the school band. He is almost entirely self-taught, having learned rhythm by playing unison with bands and orchestras on the radio or phonograph. Billie attended the state clinic at St. Paul in the fall and will attend the music clinic at Broken Bow in March.

as a reward. So everybody is happy. It pays to advertise in the Quiz.

Ord Church Notes

The Sunday evening preaching service is at 7:30. The boys choir will practice each Wednesday night at 6:30. The regular choir at 7:00. Friday, Feb. 20 is World Day of Prayer. It will be held this year at U. B. church at 2:30 p. m. The theme is "I am the Way."

"Thanatopsis" said to have been America's first great poetic work, was written by William Cullen Bryant at the age of 17.

Loudest Noise on Earth The loudest noise ever heard on earth was the volcanic explosion on the island of Krakatao in 1883. It was heard in Bangkok, a mere 1,400 miles away.

IT HAPPENED IN ORD. There was very little confusion in Ord when the time change went into effect Sunday evening. Nature helped by furnishing a cloudy day Monday so people did not notice that the sun was an hour behind time. But one Ord man certainly got up early. He told the family that the alarm clock, at least, must be moved up an hour Sunday night. He went to bed at 9 p. m., moving the clock up to 10 o'clock before he retired. His wife came in from a neighbor's half an hour later, and not noticing the change, moved the clock up another hour. About midnight the kids got home from a party, and they moved the clock up another hour. When he got up at 6 by the clock it was 4, war time, or 3, standard time, and when he got to work it was still two hours before daylight. Bert Boquet tells one of the old days that is well worth re-telling. It shows how preparedness and a concerted plan may win a war for the weaker side in numbers. In the old days the kids often banded together and had clock fights. The Robbins twins, Harold and Horace, were always together and most of the kids were against them. One Saturday 16 kids got their pockets full of clocks and set out to find the Robbins twins. They located them at length on top of the waterworks hill. When they came out alone, but each had a newspaper-carrying sack full of choice clocks and a washbottle lid for a shield, and the two of them chased the 16 off the hill and all the way down town. Bert has never forgotten that lesson, and he is a strong advocate of preparedness today. In 1939 Howe Elliott McClure banded a mourning dove. In 1941 Dr. Fares Cecine shot the dove 39 miles south of Mexico City. He sent the record to Washington, D. C., and they notified McClure. Since then the men have been corresponding. Dr. Cecine sent some photos showing the locale where the bird was shot. He also examined the bird's crop, and others also, and found that they eat rice, wild mustard, sesame, wheat, cowpeas and wild beans. Here they eat more weed seeds than anything else, also a little cane seed and wheat. Dr. Cecine understands Spanish and French. Dr. McClure knows English, Scotch, and a little French. Dr. Cecine writes his letters in French, and Miss Nora Kidder, French teacher in Ord high school, helps McClure translate them. He then writes in English and has Miss Kidder change them into French before they are sent to Mexico. Last August F. C. Doherty found a ten dollar bill on the streets of Ord, and ran an ad in the Quiz to find the owner, leaving it so the owner would have to identify the money before getting it. Mr. Doherty is a shirt salesman and makes this territory every 6 months. Saturday he dropped in and told us that the ad got results. Mrs. Louis Severson had lost the money, and he sent the bill to her. She then sent him back a dollar

LETTERS FROM QUIZ READERS

J. E. Wilmoth Writes. Ed. Note: The following letter was written by a former well known resident of the Vinton neighborhood, who moved to Ord afterward, built the house now owned and occupied by the Will Zabloudil's, and moved to River Falls, Wis., about 30 years ago. We are sure all who knew J. E. Wilmoth will enjoy this letter, which he wrote to Oscar Travis recently.

North Hollywood Jan. 8, 1942 Dear Friend Oscar:

Received your welcome letter and was glad to hear from you, but you will have to put up with a poor answer written with a lead pencil that can't either read or write or spell, and about all I can do is to push it around. I can't write with a pen anymore on account of the nerve in my arm and hand being affected by neuritis a few years back. Some days I can't hold a pencil steady. Well we are glad to know that it has rained on the old valley once more so that you can have a crop if not a full one, and we hope the rains and crops continue.

Well, Oscar, there has been some changes since I first saw Valley county in 1878 at 24 years of age. That was before you were born. I lived in Valley county 30 years and am now in my 88th year, am in good health, never miss a meal, but I am crippled up with two bad knee joints caused by rheumatism, contracted on the old farm, and troubles me now. I can't go without a cane and not much with one, across one block is about all I can do and a slow gait at best, so I stay close in so the traffic don't get me. I often think of the fall that I was taken down and laid up nearly all winter and could not husk my corn. How your father and uncle Frank and 21 others of my good old neighbors slipped into my field and surprised me by bringing in 1,000 bushels before sundown. Those were some of the good old horse and buggy days that some of our moderns scoff at occasionally these days. Those days were a little tough at times.

In the early days in the valley when I had to do our first breaking with old Tigé and Lion, a couple of balky stags, that balked and laid down in the road and came near breaking the tongue out of my wagon. I remember John Evans went with me on that trip to the elm canyons after wood. Went up one day and came back the next. Stayed overnight at Jake Guggenmos'. It snowed and came near a blizzard before we got home. Yes those times were a little slow and a little rough at times.

My first hog marketing was at North Loup, 18 miles across lots, through creeks and mud holes. Sometimes near being stuck in the mud. A long hard trip for old Molly and her mate. A long hard trip and small pay, 2 1/2¢ for the hogs. I have been quite a pioneer in a small way and my wife has shared honors, joys, sorrows and pleasures with me since 1878 when we rode from Ord in a lumber wagon and were married in the then called Railroad hotel, where now stands the Kohler hotel. The old hotel was a small 1 1/2 story shack. We were married by Judge Harrison. I remember it was a cold, windy day and I froze one of my ears. That was 63 years ago. Have had lots of time since then to thaw it out.

We celebrated our 63rd anniversary at home with our kids, Mildred, Ray and Bob. Yes, old Valley county has had tough years for 7 or 8 years, with a terrible drought, we got away from there before the worst came. But the drought and depression struck our markets. We bought with what we got from the old farm and our stock. So we are now where we can't work any more and will have to economize as best we can and try to keep the wolf from the door. But the big bad war wolf is gnawing and snapping at the nation's bowels and has already tasted American blood and is still lapping it up.

Oscar, I am thinking there is times ahead that will make our old horse and buggy days seem like a happy midsummer dream. Some here are concerned about Hitler bombs dropping on us, and they will drop if its possible for Herr Hitler and his black dragon hordé to drop them. But there are other bombs dropping on us that can't be avoided and that's tax bombs. Lets hope they are time bombs and don't all explode at one and the same time. Of course we here on the coast would be in the first line of battle, but all between both coasts would know what war was. There is now 442 aliens in detention camps, 343 Japs, 85 Germans and 13 Italians. There are over 6,000 Japs in all in Los Angeles. Over 1,000,000 soldiers here on the coast now. North Hollywood is almost an armed camp. The population according to the last census was over 40,000, so with all the soldiers and 55,000 at the plane plant 4 miles from us, you may know there is something doing 24 hours every day. The bang of autos and trucks on the ground and roar of planes overhead day and night. Traffic is fierce, almost a battle of death itself. The ambulances screeched 4 times in one evening just in our little neck of the woods.

We have had only one blackout, but it was a little costly as it caught so many out that undertook to get home in the dark. There were 500 cars to be hauled in the next morning and a number killed and others hurt in this vicinity. There is too many people here and the government is asking that all that do not live here and can get away and have no work to do so. And those from other places not to come unless needed as the whole coast is overcrowded. Soldiers are living in tents, school houses and churches. No time for tourists or sightseers. And the army needs all the spare room.

Well the wife and I have been here 4 years and have enjoyed the climate, fruit and flowers, and haven't got any surplus of time on hand in which to live, or cash on hand to move any more and will stay till the bombs begin to fall or Uncle Sam moves us back out of the way. I could shoot a gun from a wheel chair but I could not run after a Jap to get at him and I couldn't retreat on the run, so I would have to stand by.

Well, Bob is at work at a plane factory, and has been for about 3 months. May be called for war any day. Ray has a good little business, but is subject to call of all under 60 for government work wherever needed. Well we have not heard any explosions from bombs yet, although enemy planes and subs have been reported 20 miles out. We heard an explosion one night after the blackout not far south of us that blew up some small plant and killed 5 or 6 men. Have heard no particulars since. We have some cold weather, and a few frosts. Quite a little rain. The government cancelled the tournament of roses and the annual football game at Pasadena that generally brings 1 1/2 million people together and packs the traffic for miles. Wouldn't Hitler and his hounds of hell glory in a pot shot at such a bunch of Americans. Well if he will be patient and wait just a while he will find that would-be crowd scattered out, half of them with a bomb in hand and a sky boat under their feet and the other half with guns. Planes here are thicker than oranges, and the oranges are countless here on the coast.

Well, Oscar, this war is no joke and nothing to joke about. This is not a Roosevelt war or a Churchill war, its the world afire with war this time. The other so-called world war was a bad one but this is more so. We repealed laws to keep us out and we are in it. I did not want war and did not want the boys to go over. I thought it right to oppose in the first world war and I opposed in this one but I bought bonds in the first one and I have an \$18.75 defense bond in this one and did not wait till after the Pearl Harbor murder either. I bought one the first month they were on the market and I hope to have enough left to bury me after paying my taxes and buying my bread, and perhaps I may if I don't live too long. Anyway we will do all we can to help.

On our first visit to the coast, the year I was 70, I went deep sea fishing 15 miles out from the Santa Monica pier. A week or so ago a Jap U boat was sighted about 5 miles further out, so we are told. Well 17 years later I find myself too slow to either fight or fish. That year we ran through a school of Uncle Sam's battleships, 15 of them. I was on one of them, but seldom get out to see any of them these days.

Well, Oscar, I had better bring this to a close or you will not write me any more for writing you such a long, poor letter. So with best wishes to you, your brothers and sisters, Frank and Horace and all and any old friends that may be left in the old valley or town, tell them not to come west without a grin and also tell them we may meet after the war if there is any after the war. There are lots of Japs around these parts but they are rather docile just about now. We don't know what per cent are Americans or what per cent are black dragons, but Uncle Sam has a big bunch corralled in Los Angeles, sorting out and branding. Ever your friend, ED WILMOTH.

Letter from E. S. Coats. Friend Leggett: I don't blame you for being surprised at the story told you by the farmer that you told in your MOC column. That farmer is all wet or worse, nearly drowned or was dropped on his head when he was a kid. Probably he tells his own story or a few others, but not the story of the farmer in general.

The farmer who has been fighting depression and drought for ten years and is still able to finance his own business, is not in his class. He tells you the fire shortage is a good thing, as the farmer will stay at home and tend to his business. A farmer that has to be compelled to stay at home and tend to his business is no farmer. He has mostly disappeared from the land. He should, and let some one farm that does tend to business and also save his car for business and pleasure. He speaks of old days when a farmer went to town once a week and bought his week's supplies; he now goes to town for a pound of butter or a quarter's worth of nails nearly every day. Friend Leggett, take a look at the large boxes of goods in back of the stores purchased by farmers on Saturday afternoons, and you will think the farmer is still

buying his week's supply. The auto is a farm necessity; for example, Mr. Clark was ready to grind feed the other day and right at noon the rocker arm on the tractor broke. We took it off and I jumped into the V-8 and took it to Frank and he welded it while the boys were eating dinner. I made the trip and they were ready to go on with the work, and only one hour lost; and in harvest and threshing this often is done by farmers; and when they are seen I suppose they are judged to be joy riding and neglecting business.

Friend Leggett, the good, substantial farmer thinks as much of his business as your business men do in the city and we don't need any laws passed to keep us at home to attend to it. I believe the farmer should be heard and he should have his share of rubber with other business as a means of producing more food for the armies. Yours truly, ERNEST S. COATS

Diesel-electric Locomotive Diesel electric locomotive is used on the cog railway which ascends Pike's peak. Formerly steam engines were used.

\$100 an Hour Producers in Hollywood are spending \$100 an hour for the movie rights to published books.

Houses With Government Aid More than 20,000 houses were built with government aid in Russia last year.

Undergoes Operation. Mrs. F. C. Williams returned Sunday morning from Omaha, where Mr. Williams is a patient in the University hospital. Last Thursday he underwent an operation on his leg injured in a hunting accident last fall, and it was found that the ends of the broken bone were dead, which was the reason that they had not knitted. The doctors spliced the bone with a piece of ivy bone, fastened in place with screws. They will operate again this week, spiking it in place, and they think he has a 50-50 chance of saving the leg. At that it will take at least six months for the leg to heal.

## Aldean Swanson a Bride

At two o'clock Sunday afternoon Miss Aldean Swanson became the bride of Bruce Isaacson, the ceremony performed at the Presbyterian church in Loup City by the Rev. Thompson. The bride was given in marriage by her father, Oscar Swanson. Miss Swanson was charmingly gowned in a dark blue sheer silk suit with touches of white at the neck. At her shoulder she wore an orchid, and on her brown hair a small rose felt cap with a high flower at the front. Her gloves and other accessories were dark blue. The maid of honor, Miss Rae Swanson, wore a street frock in pale blue, and a pale blue hat made almost like that of the bride. Best man was Dean Marshall. Miss Harriet Galloway sang, and a sister of the bride, Mrs. Harold Henshaw of Ansley, presented organ music as the church filled.

The church was beautifully but simply decorated with huckleberry greens and tall white tapers. Those from Ord who attended were Misses Hallen, Shavlik, Redfern, Robinson, McClatchey and the Misses Arlene and Marion Elmsner. Mr. and Mrs. C. J. Wilson and little daughter were also present. A group of sorority sisters came from Kearney.

Immediately following a reception was held at the house, Miss Clara McClatchey presiding at one end of a long table. An imported Chinese cloth of white covered the table, heavily ornamented with lace insets and embroidery. Crystal candlesticks held tall white candles, and in the center of the table was a big pink and white wedding cake, a tiny bride and groom atop. Little cakes, ice cream, tea and coffee were served.

Mr. and Mrs. Isaacson left at once for a trip to Denver, after which they will be at home in Grand Junction, Colo., where he is connected with the radio station. Mrs. Isaacson taught three years in the Ord schools, making many friends both big and small. All of them will want to wish her much happiness.

## Ed Beran Party

Sunday evening a gay group had a pinocle party at the Ed Beran home. Present were Mr. and Mrs. Ernest Vodehnal, Mr. and Mrs. Will Beran, Mr. and Mrs. George Hastings and Miss Mathouser, the teacher. Mr. Vodehnal was high and Mrs. Beran was low.

## Luncheon Guests

Friday at the home of Mrs. Will Bartlett, lunch time guests were Madams J. C. Work, Horace Travis, James Milford and Mamie Wear.

## Friday Supper Party

At the home of Mr. and Mrs. Will Treptow on Friday evening a fine supper was set for the following guests: Mr. and Mrs. George Hastings and Sharon, Mr. and Mrs. Ed Zikmund, Mr. and Mrs. Emil Zikmund, Mr. and Mrs. Will Misko, Mr. and Mrs. William Zikmund. Afterwards they enjoyed a pinocle game.

## Jolliate Monday

Mrs. C. J. Mortensen was hostess Monday when Jolliate met, since Mrs. Lester Norton was ill. Guests were Madams Keith Lewis, Ed Holub and Frank Fafelita, Jr. Mrs. Holub winning the high score at contract.

## B. P. W. C. Dinner

Tuesday evening at Thorne's the Ord Business and Professional Women's club met for dinner. Misses Inez Swain and Rhoda Neitzel being the hostesses. Miss Virginia Davis and her committee gave the program, discussing "Selective Service".

## Honor Ed Dlugosh

Mr. and Mrs. Kent Ferris entertained Saturday evening in honor of Ed Dlugosh, who left for the west the first of this week. Guests were Mr. and Mrs. LaVern Duemey, Mr. and Mrs. Cleus Ringlein, and Ed and Leonard Dlugosh. The group gave Ed a can of tobacco and a pipe, which they tied up in a bandana handkerchief and attached to a stick, presumably because he was to be "on the bum".

## Married at Pierce

In the Stanton Register for last week appeared the announcement of the marriage at Pierce, Nebr., of Miss Luella E. Glaser, daughter of Mr. and Mrs. Ernest Glaser of Stanton, and DeWitt C. Miller, son of Mr. and Mrs. Clint Miller, also of Stanton. The Glasers were residents of Ord for a number of years, and will be recalled by those who knew them.

The bride is a graduate of Stanton high school, and for the past three years has been employed in the AAA office there. The groom is also a graduate of Stanton high, and is now a salesman. They will make their home at Valley, Nebr.

## Married at Omaha

Mr. and Mrs. Adolph Perina announce the marriage of their daughter, Miss Elsie Perina, to Charles O. Dobberstein, son of Mr. and Mrs. G. F. Dobberstein of Stromberg. The marriage took place at the home of Rev.

Charles Koukal in Omaha, Jan. 16. The young people are making their home in Omaha.

## At Milliken Home

Thursday afternoon members of the Woman's club went to the L. D. Milliken home. Mrs. Mark Tolen named four fine books to own; Pulitzer's prize poem collection from 1922 to 1941, an anthology; "Subtleties of American Humor" by the two Whites; "Reading I Have Liked" by Clifford Fadiman; "So to Speak" by Elizabeth von Hesse. She also mentioned "Land of Silent People" by Robert St. John; "Windswept" by Mary Ellen Chase; "Young Ames" by Walter Edmonds; "Torch of Liberty" a collection of short tales of little-known heroes, appealing for adolescents; "Frenchmen's Creek" by DuMaurier; "Dragonseed" by Pearl Buck, a somewhat happier Chinese story than some of her writing; "Pied Piper" by Nevil Shute, adventures of a kindly old man who tried to take a party of refugee children across Europe to paradise; and "Four Years in Paradise" by Mrs. Martin Johnson, a delightful story of life in a secret and lovely African jungle.

A lively discussion of art Tuesday afternoon came under two heads. Mrs. Roy Randolph prepared a paper which was given by Mrs. Kinkaid on the subject of art in the world today, art in our own households. Mrs. Alex Cochrane presented a second paper, her subject being "Color", its effect on us, its uses and how to use it. There was a good attendance to hear an enjoyable program.

## Honor Visitor

There was a covered dish luncheon Friday at the Clayton Arnold home in honor of Mrs. Bruce Peterson of Meadville, Pa., who was visiting her parents, Mr. and Mrs. W. W. McMichael of Arcadia. Present were Mr. and Mrs. Floyd Arnold and children, Mr. and Mrs. Ivan Cook and children, Mr. and Mrs. C. E. McGrew and Herschel, and Mrs. Tillie Arnold. Mrs. Peterson expects to leave for home Monday.

## Birthday Party

E. T. Krikak had a birthday Sunday, and was the honor guest at a family party. His daughters came from Kearney and his son from Comstock. Present were Mr. and Mrs. Roland Johnson and little Larry Gene and Mrs. Fred Nickerson, and Charles Krikak and his family from Comstock. They stayed for supper and had a happy day together.

## Social Notes

Mr. and Mrs. Dillo Troyer were dinner hosts Sunday noon, guests including Mr. and Mrs. Floyd Peterson and Mr. and Mrs. Jason Lothrop. Mrs. Henry Marks was hostess yesterday afternoon at her home when Adah circle of the Methodist church met.

## Washington, D. C.

### WARY GRAVY-TRAINER

You can write it down that Secretary of Agriculture Claude Wickard is going to be very chary about using that gravy-train veto power the farm lobby voted him in the price control bill. He knows that the White House is still spluttering over his unauthorized endorsement of this lobby scheme at a crucial moment in the senate fight over the legislation. Also, that if he attempts to exercise the power he is liable to be slapped down even harder than when he fronted for the lobby.

Actually, under cover, Wickard has promised in effect to be a good boy. It didn't leak out at the time, but during the secret deliberations of the joint senate-house conference committee on the bill, he wrote the committee a letter repudiating his previous endorsement and saying he didn't want the veto power over farm prices.

Wickard wrote this letter under White House pressure. He knew he was in bad and he tried to square himself. But for the administration, the backdown was too late. The damage had been done, for the amendment was in the bill and the lobby's pals on the joint committee were in a powerful position to stand pat.

In this final bitter fight, two Alabama Democrats and a Michigan Republican were responsible for the retention of the gravy-train provision. They were Sen. John H. Bankhead and Rep. Henry B. Steagall of Alabama, and Rep. Jesse P. Wolcott of Michigan.

As the amendment originated in the senate, under the rules, it was necessary for the house conferees to propose deletion. Steagall, chairman of the house group, publicly makes a great show of being a red hot Administrationite. But behind closed doors of the committee room he adamantly refused to heed Roosevelt's pleas for elimination of the lobby amendment.

Backed by Wolcott, who fought the vital war bill from the start, and with Bankhead running interference in the senate group, Steagall forced the retention of the provision.

Note: The administration's fight was made by Sen. Prentiss Brown, Michigan Democrat, and Sen. John Danaher, Connecticut Republican.

### Another Row

Wickard's fronting for the farm lobby in the price control bill isn't the only row he's had on this score with inner administration leaders.

The papers are full of stories about a big crop expansion program this year to meet the food needs of U. S. war allies. Frequent press releases issue from the busy publicity staff of the agriculture department about grandiose plans.

The real inside is that Wickard didn't get busy on these plans until he was practically ordered to do so by Vice President Henry Wallace as head of the Economic Warfare board.

Wallace sent Wickard two sharp letters demanding prompt action to expand crop production and only then did Wickard bestir himself.

Certain farm elements are against crop expansion, on the ground that scarcity makes for better prices. Working through politically minded Triple A officials, who have a lot of influence with Wickard, the anti-expanders kept him on the fence until Wallace jarred him off.

Note: Secretly, the AAA politicians also had a lot to do with Wickard's endorsement of the price bill. The AAAers are jealous of Price Administrator Leon Henderson's authority, want to elbow their way into the war set-up as big shots.

### F.D.R. AXES LEWIS

The inside reason why John L. Lewis was not named a member of the three-man C.I.O. peace committee was because President Roosevelt personally blocked it.

When he and C.I.O. President Phil Murray discussed the counter plan that scuttled Lewis' blitz scheme, Roosevelt advised that the new A.F.L. and C.I.O. peace committees be limited to three members each. That would avoid turning the joint committee into a "mass meeting," he explained, and also make it easier to keep hostile Lewis out of the picture.

"If you have too large a committee, Phil," the President added with a smile, "you may appoint Lewis."

"I guess you're right, Mr. President," laughed Murray.

Note: Lewis intimates say he would not have accepted appointment to the committee if it had been offered him.

### GENERAL MARSHALL

You weren't seeing things if you saw the news picture of Gen. George C. Marshall, army chief of staff, attired in the uniform of an air corps officer. It was him all right and he had on an air corps uniform. Marshall is not a flier. He is an infantryman. But outside of the air corps, he is the fyingest officer in the army. Whenever possible Marshall always travels by air and is an authority on planes and aerial tactics.

# PERSONAL ITEMS

ABOUT PEOPLE YOU KNOW!

—Mr. and Mrs. Fred Coe arrived home Friday evening from Excelsior Springs, Mo., where he went to benefit his rheumatism.

—Mr. and Mrs. H. B. Van DeCar went to Oshkosh last Wednesday and returned home Friday after pleasant trip.

—Haold Cuckler left Sunday morning for Omaha to attend a convention of managers of Gamble Stores. He returned home Tuesday evening.

—Mrs. Olive Marquardt plans to go to Grand Island and Kearney to spend a couple of weeks with her children, leaving here Friday.

—Mr. and Mrs. George Naughtin of Hastings brought their brother-in-law, Truman Gross home Saturday afternoon. The three of them returned to Hastings Sunday.

—Miss Patricia Frazier is especially busy this week as she is one of the cast of 12 in the old-time drama "Fashion," written by Anna Cora Mowatt. The play will be given at the Little Theater in Hastings three times this week.

—Rev. and Mrs. Earl Cummins and little four-year old son came Monday evening of last week to visit at the Joe Rowbal home a few days. He has been conducting revival meetings for his father at Casper, Wyo., and is not sure where he will locate.

—Mr. and Mrs. Harry Wolfe accompanied Leonard Cronk when he returned to Lincoln Friday with his car, going down to see their daughter Eleanor capped. The ceremony took place Saturday evening; the Wolfes returned home Sunday.

—Tuesday Superintendent C. C. Thompson, Board of Education Secretary Ralph Norman and County Superintendent Clara McClatchey went to Kearney to attend a state convention of school board executives there that day.

—Miss Marie Mathouser of Dist. 18 near Arcadia finished her teaching at that school last week and has gone to Washington, D. C. She received notification she had qualified as a senior typist and was wanted at once.

—Syl Furtak drove to Broken Bow Friday evening, where he officiated as referee in the basketball game the local team had with Arcadia, which they won by a score of 21 to 11. The same evening Taylor won a game at home from Milburn, 41 to 29.

—Dr. and Mrs. John Round and son Denny took her mother, Mrs. T. F. Rhoys to Grand Island Tuesday, where the latter entrained for her home on the west coast. The Round family continued on to Lincoln to visit Mr. and Mr. George Round until Thursday.

—Attending the funeral from Ord Friday of Mrs. Albin Nelson in Omaha were Mr. and Mrs. H. C. Koll, Mr. and Mrs. Louis Jobst, Mrs. Rose Prien and Margaret, Mr. and Mrs. Edgar Roe and Mary Ann, Mrs. Dorothy Chipps, Mr. and Mrs. John Koll, Henrietta Koll and Mr. and Mrs. Kent Ferris.

—Last Thursday Miss Marion Wardrop, daughter of Mr. and Mrs. C. D. Wardrop, played a saxophone solo during the amateur hour given by Kearney students at the radio station on Thursday afternoon. Performers receiving the most postcards attesting their popularity will be heard this week from the same station at 3:30 o'clock.

—Glen Stroud is a new clerk at the J. C. Penney Company store here, taking the place of Hubert Fox, who went to Broken Bow last week and then, accompanied by his father, Sheriff Fox, drove to Omaha and enlisted in the U. S. coast guard. Hubert was greeting Ord friends Monday, enroute to Omaha for service.

—Ansel Clark came Friday from Frederick, Colo., bringing with him a daughter-in-law who has been quite ill and needed a little vacation while her home was being shifted from one house to another. The storm held them in Ord an extra day or two, as they had planned to go home Tuesday. They visited Mrs. Robert Noll, Cecil Clark and his father, Rufus Clark.

—Ed Dlugosh, for several years an employee at the Quiz office, left yesterday by train for Seattle where he hoped to find employment in a ship building plant. His brother, Ernest Dlugosh, has been employed at a lumber camp in that region several years and also planned to work in a ship yard. New Quiz employees include Miss Ida Babcock, of North Loup, apprentice linotype operator, and Harold Goff, who is doing janitor work and learning to be a printer.

—John Kokes is not very well, possibly having suffered a light stroke Monday morning. Although he is about 75, he had been in fairly good health since a first stroke about two years ago. Monday morning when his daughters came to tell him goodbye, they found him helpless, so they postponed their departure for Chicago. Miss Lillian Kokes, who has been a nurse near San Francisco, was to be married in Chicago in the next few days; her sister Miss Evelyn, who has been a nurse in Grand Island received word of an appointment to Mercy Hospital in Chicago, and was to report for duty very soon. Both young women came to Ord early last week for a brief visit.

—Misses Eunice and Wilda Chase spent Sunday at their parents' home in Loup City.

—Miss Emmaline Anderson, of York, is in Ord for an extended visit in the home of Mr. and Mrs. Lawrence Mason.

—Mrs. Jud Tedro was ill last week and away from her work in the Golden Rule store for two days.

—Mrs. Lester Norton is now having the flu, following a similar trouble Mr. Norton had last week.

—Mrs. R. C. Bailey took a fall Sunday evening which bruised her considerably, although it broke no bones. Mrs. Alvin Hill is caring for her sister.

—Mr. and Mrs. Sylvester Shotkoski welcomed their first born Friday evening, a baby daughter. Dr. J. N. Round officiating. Mrs. Shotkoski is the former Stella Zulkoski.

—Mrs. C. J. Mortensen went to Lincoln Wednesday, and with her sister Mrs. White and Mrs. C. J. Miller. The ladies attended a D. A. R. tea on Friday at the Cornhusker, coming home that evening.

—Miss Marion Wardrop came home from Kearney for the week end, getting a ride with Ericson friends. She returned to school Sunday with Mark Gyger, who came from his work at Franklin to spend the week end with his family.

—Madams G. C. Holloway, Evet Smith and R. E. Misko went to North Loup last week to appear on a program for the Ladies Circle of the Methodist church, the first two giving talks and Mrs. Misko a reading. Mrs. I. J. Thelin was hostess.

—Wednesday evening Mrs. Ralph Misko was critic judge at the Scotia speech clinic. Miss Dot Kokes accompanied her and visited friends during the evening, and Mrs. James Misko and Miss Mabel Misko went as far as North Loup, spending several hours at the home of Mrs. Alvin Barnhart.

—Mr. and Mrs. R. E. Teague went to Omaha Friday on hotel business, coming home next day.

—Mrs. Glen Auble and daughter Ruth and Mrs. C. S. Jones drove to Grand Island Friday, meeting Miss Dorothy Auble there. Dorothy spent the week end at home, enjoying a visit with Miss Lillian Kusek, who was a dinner guest at Aubles Saturday evening.

—Miss Lillian Kusek, who had been visiting her mother Mrs. Frank Hron since about New Year's time, left Tuesday noon from Grand Island for her home in Oakland, Calif. They received the happy news Saturday of the birth of a baby girl to Lillian's sister, the former Lorraine Kusek.

—Mrs. Verne Rossow and daughter Norma of Akron, Ia., were week end guests at the home of Dr. and Mrs. C. J. Miller. Mr. Rossow is a nephew of Dr. Miller.

—Elder F. Mottl, one of the Ord boys who have been taking the NYA course in sheet metal work at Kearney, has been home this week visiting his parents. He will leave next Monday for New Haven, Conn., being one of 25 Nebraska NYA boys sent there for an additional three weeks of instruction, after which all will seek work as machinists.

—Ed F. Beranek was confined to his bed much of last week as result of a minor nasal operation, following which he contracted a light case of flu. He managed to report at Rotary club meeting Monday night, thus keeping his 17-year attendance record intact, but spent most of the rest of last week in bed.

—Ensign James Milliken, probably is "somewhere at sea" off the eastern coast of the United States, his parents learn. Recently he flew from San Francisco to the navy yard at Boston, and notified his parents not to write to him for the present, as he probably would be on sea duty and would not receive the letters. Ensign Milliken was detached from his assignment aboard the battleship Arizona in Honolulu for special training at San Diego, Calif., where he was when the Japanese attacked Pearl Harbor in early December.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Mr. and Mrs. L. A. Axthelm and Opal and Mr. and Mrs. Howard Cook drove to North Platte Sunday to attend the funeral of a brother-in-law of Mr. Axthelm, John Leonhardt. They returned Sunday evening, finding traveling very difficult the last part of the way because of the snow storm.

Snow measuring seven inches and containing .53 moisture fell Sunday.

Week end guests in the Cloyd Ingerson home were Mr. and Mrs. Roland Owens and family of Norfolk.

Velma Howell spent the week end at the Hugh Starr home on Haskell Creek.

Mrs. A. H. Brink, of Scranton, Pa., is expected here for a day this week. She is on her way to California to join her son Alvin.

Mrs. Maggie Annas, Erma Waller and Erma Goodrich, with Leonard Manchester as driver went to Fort Riley, Kan., for the week end to see Carol Annas and Arthur Bartz, both of whom

are in army training there. They returned Sunday evening, finding traveling difficult and dangerous because of the snow. They found both Carol and Arthur well. Mrs. Annas returned to Ord on the Monday morning bus.

Word came to the W. T. and G. L. Hutchins families Sunday of the death of Dr. James Cooper, at Richmond, Ind., from pneumonia. Dr. Cooper was the husband of Wanda Davis, a niece of the Hutchins', and was at one time associated with the tubercular hospital in Kearney.

Mr. and Mrs. Paul Robinson of North Platte were week end visitors in North Loup, being the house guests of Mr. and Mrs. W. O. Zanger. Saturday evening Mr. and Mrs. H. L. Gillespie were also dinner guests in the Zanger home.

Mrs. Lena Taylor was in Ord on business Thursday morning. Hazel Stevens was a Wednesday evening guest in the Carl Walkup home, honoring Loren Walkup's birthday.

Everett Honeycutt and son are working in Omaha, being employed by the Swift Packing company. Mr. Honeycutt was home over the week end.

Mr. and Mrs. Leslie Wilson went to Hastings Thursday after Berniece who will again be employed in the Hutchins IGA store.

Mr. and Mrs. G. L. Hutchins went to Omaha Thursday where Mr. Hutchins attended the implement dealers convention. They returned Sunday in the snow storm.

Louise Hamer was home from Broken Bow over the week end. She accompanied C. C. Dale and Barbara to Ord and returned with them Sunday.

Orin Schneider and Ben Nelson accompanied C. C. Dale to Broken Bow Friday to a tractor demonstration meeting.

Mrs. Ed Burrows spoke to the agricultural and home economics classes Thursday and Friday.

Marjory Hamer spent Friday night and Saturday with Mr. and Mrs. Harold Williams. The North Loup high school girls volleyball team went to Scotia where they were defeated by the Scotia girls.

## North Loup's Efficient Postoffice Force

Postmaster Frank Johnson, his clerk, H. J. Hoepfner and carrier C. J. Goodrich are seen putting out the afternoon mail which has just come in by way of star route.

Twenty-one candidates for the office of mail carrier on Route one out of North Loup went to Ord Saturday morning to take examinations. At least twenty will have to be disappointed.

Mr. and Mrs. I. J. Thelin spent Saturday night and Sunday in Kearney with the Reuben Rydbergs. Mrs. Allen Sims and Fern accompanied them and were guests of relatives.

Selma Robinson who has been switchboard operator at the telephone office has resigned and Monday went to work in the Co-operative Credit bank. Muriel Hamer is a new operator at the switchboard.

About thirty-five ladies attended the meeting of the WSCS Thursday afternoon at the home of Mrs. I. J. Thelin. Mrs. W. O. Zanger and Mrs. John Manchester were assistant hostesses. Guest speakers were Mrs. Ralph Misko, Mrs. Halloway and Mrs. Ewet Smith of Ord and Mrs. Shepherd of Scotia. The hostesses served a buffet lunch.

Three declamatory contest winners, Mary Babcock, Esther Smith and Muriel Hamer, with the cast of the play, The Mother Who Went Away, were in Scotia Wednesday evening where they took part in a speech clinic. Mrs. Ralph Misko of Ord acted as critic judge.

Mr. and Mrs. R. W. Hudson and Barbara spent the week end in Lincoln.

## Notes From the VALLEY COUNTY FARM BUREAU

By C. C. Dale

**Preparation for Poultry.** Increasing food production under present-day conditions requires careful preparation. A list sent Extension Agent C. C. Dale by Jack Redditt, extension poultryman at the University of Nebraska College of Agriculture, includes the following items for checking up on poultry equipment:

1. Clean and scrub the brooder house.
2. Repair and set up the brooder stoves.
3. Obtain and store adequate litter for brooding as well as for the laying house.
4. Repair the insulation on walls and roof. Cardboards and paper will help conserve fuel.
5. Repair roofs, chimneys, sun porches, windows, wire platforms, feed troughs, and waterers. Build or buy extras needed.
6. Allow one inch of feeder space per chick at first and two inches after the second week. Use larger feeders as the chicks grow.
7. Plan and prepare a poultry production program which will return \$2.25 for each dollar's worth of feed.

### Checks Delivered Promptly.

J. O. Walker, Valley county field supervisor for the emergency crop and feed loan section, who recently announced the availability of 1942 crop and feed loans in Valley county, is quoted as saying that his regional office at Omaha is giving prompt service on getting the loan funds into the farmers' hands. Loan checks are being delivered in a week or less after the loan applications are received at Omaha.

Loans are being made to purchase feed, seed, fuel and oil, machinery repairs, and to defray other expenses incidental to planting and producing a crop. The loans are available to all eligible farmers who can meet the requirements and give a first lien on the 1942 crops financed or the livestock fed.

It was also pointed out that the Emergency Crop and Feed Loan office is in a position to be of real service to the farmers in this area. The fact that they are getting loan funds into the farmers' hands so promptly, the 4 per cent interest rate, and permission to use a part of the "victory garden" and "farm machinery repair" program should prove very beneficial to farmers in contributing their share to the nation's "all out" effort.

Loan applications for this territory are being taken at County Agent's office.

### Summary of Proceedings of Board of County Supervisors.

Feb. 3, 1942, at 10:00 a. m., regular meeting called to order by Chairman with all supervisors present upon roll call.

Minutes of last meeting were read and approved as read. Bank balances as of Jan. 31, 1942, read as follows: Nebraska State bank, \$50,303.14.

Motion duly carried, fixing and determining rate of pay for horse patrol road dragging at the rate of 50c per mile for the year 1942.

By motion duly carried, \$100.00 appropriated from Unemployment Relief Fund for purchase of Food Stamps for Direct Relief clients, during February.

By motion duly carried, \$75.00 ordered paid to Wm. H. Cronk, for road right of way damages, account of Ord-Ericson road.

All claims on the various funds examined and audited, and all allowed for payment, ordered paid by warrants on proper funds.

Upon motion duly carried, official bond of Ben J. Malz, as road overseer, officially approved by the Board.

Meeting recessed to March 3, 1942, at 10:00 o'clock A. M. IGN. KLIMA, JR., County Clerk.

### "They Call Me 'Doc'"

"When someone complains of indigestion I hand them one of my ADLA Tablets"—wrote Mr. M. of Penn. If "Doc" met you he'd probably hand YOU one! Ask your druggist today for ADLA Tablets and see how quickly they relieve gas and heartburn. Ed. F. Beranek, Druggist.

## Real Estate Transfers.

Note: Revenue stamps are required on real estate transfers at the rate of 55 cents for each 500 dollars consideration or fraction thereof, except when the actual consideration is 100 dollars or less. When transfer is made subject to a mortgage or other encumbrance, revenue stamps are required only for the amount above that of the mortgage.

### C. E. Veleba Gets 3 Months in Jail for Torturing Wife

(Continued from page 1)

fied as to her condition. One of her eyes was blackened, her jaw was terribly bruised, her neck bruised and chafed, there were bruises on her left hip and on her ankles and burns in two places on her body, he told the court. One burn was sufficiently serious to be classified medically as a second degree burn, he stated.

In prefacing her statement on the witness stand, Mrs. Veleba told the court that she did not want her husband punished and that she had not called the officers and did not sign the complaint. She told her story of maltreatment freely, however, and said that during the beating Veleba had made her agree to leave him and not come back. Asked by Judge Andersen if he had anything to say before the sentence was pronounced, Veleba said "Yes, I have."

He then stepped to the witness box and said: "I was crazy jealous mad."

He produced from his wallet a piece of paper which he unfolded and handed to the judge, saying it contained a list of men with whom his wife had been intimate.

"If I'd found this out before I got tied up with the bulk plant this country would never have seen me again," he said. "Now I'm tied up with the plant and can't leave, and I just went crazy, jealous mad."

He was drinking heavily on Tuesday, the day before this happened, and for some time previously, he admitted, and the statement was confirmed by his wife who again asked the court that her husband not be punished. Veleba claims he drank no liquor Wednesday morning but that everything was "hazy" in his memory of what he did that day, after taking his children to school in the morning.

"He's sick," Mrs. Veleba told the judge, "and when people are sick they need medical care, not to be shut up in jail."

She denied the intimacies alleged by her husband but said that he had brooded over his belief in them until he had gone mad. She told county officers Veleba had beaten her at least twice previously.

The case is one of the saddest in Valley county history, as Mr. Veleba has been widely known, especially among the farmers, and for five years held a position of responsibility in the AAA set-up and administered his duties competently. He was one of the most influential county chairmen in the Nebraska AAA and had been prominently mentioned as a future district fieldman for the AAA.

In his remarks before imposing sentence, Judge Andersen said he has known Veleba all his life and had thought him incapable of doing things such as he had admitted doing. "Most

people wouldn't treat a dumb animal as you treated your wife," said the judge. Maximum penalty permitted under the statute is \$100 fine or a jail sentence up to three months, the judge said. As Judge Andersen started to impose sentence, saying: "I sentence you to serve 3 months..." Mrs. Veleba cried sharply "No." The judge continued, "...in the county jail at hard labor, the first four days of each month to be served on a diet of bread and water alone." He also ordered Veleba to pay costs of the action. Mrs. Veleba, weeping, was led from court by her friend, Mrs. Hohn, and her husband was taken to a cell by Deputy Sheriff F. J. Cohen.

### Mrs. White Talks to Wranglers Club

(Special to The Quiz) Mrs. Lillian White entertained the Wranglers at their meeting in the Burwell hotel Monday evening with an account of her escape from Belgium after it had fallen into the hands of the Nazis. Mrs. White's brother-in-law, Crawford Mortensen of Ord, was also a guest of the Wranglers.

Mrs. White, who was in Brussels when the Germans blitzkrieged the country, tried to escape to France with four friends in an automobile. After several days of harrowing experiences they were compelled to return to Brussels as the French frontier was closed to the hordes of Belgian refugees who were fleeing from the hated Germans.

After being in Brussels for seven months the American consul arranged with the Nazis for Mrs. White's passage through occupied France via rail and thru Spain, to Lisbon, Portugal where she boarded a Portuguese steamer for United States.

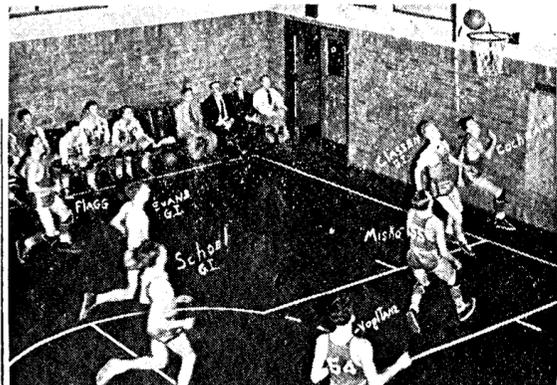

King Leopold is a maligned man, according to Mrs. White, who declared that his surrender was the only course open to the Belgian ruler, whose army was entirely overwhelmed by the stronger German forces and that he gave the British and French armies advance notice of his intended capitulation.

She said that dire panic struck the Belgians when they heard that the Germans were breaking through the Sedan, which was held by the poorest part of the French army even though it was a point which would have to bear the strongest attack. In Mrs. White's opinion nothing which the French forces could have done at this time would have enabled them to repel the Germans who had by far the superior equipment.

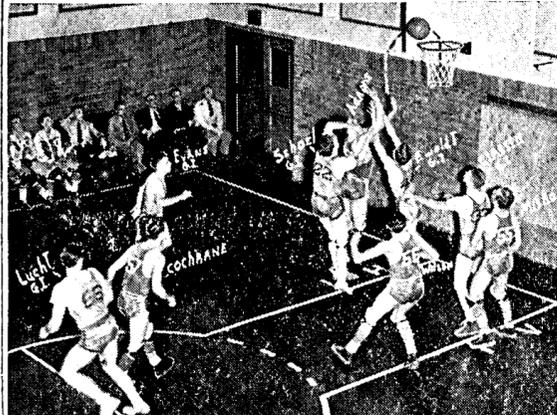

According to her the Nazi soldiers were courteous to the Belgian people but soon after the Nazis took possession of Brussels the food stocks disappeared. She said that a German soldier would buy a huge cake such as would feed a dozen persons and sit down and eat the entire cake himself in a few minutes. The Germans were apparently denied sweets in their own country. They bought cheeses and boxes of candy to send to their folks at home.

Conditions were deplorable when Mrs. White left Belgium and they have grown steadily worse. Lately she related that she received a letter from some friends in Belgium who were delighted because they were invited to the country where they were promised a slice of meat for dinner. "We don't know whether it will be dog or cat," they added.

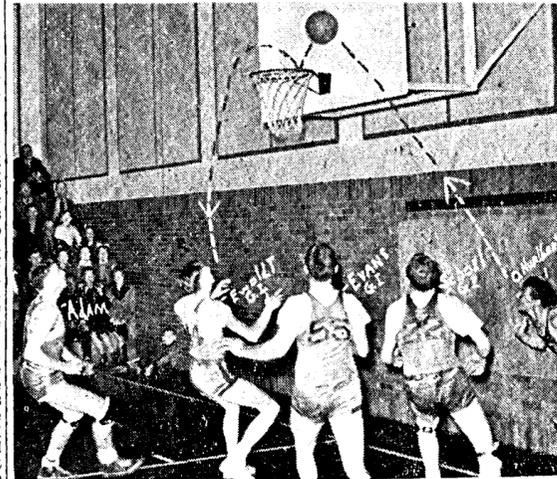

### The Ord-Grand Island Game in Pictures

Alex Cochran, high scorer for Ord throughout the season, is seen here tipping in the basket that made the score 6 to 8, Grand Island leading, in the first quarter of Friday night's game.

Hank Adams came through with this nice under-the-basket shot in the second quarter, giving Ord 10 points to Grand Island's 14 at this stage in the game. Adams was surrounded by Third City players when he shot but the ball swished through the netting.

The close guarding done by the Grand Island boys is demonstrated in this photo, when Ora Hurlbert fired unsuccessfully for the basket, only to see the ball recovered by Ewoldt, one of three Grand Island players in position to receive it under the goal. Adams is there to help, had the ball bounced wide.

### ORD SCHOOL NOTES.

High and junior high students have been excited this week over the popularity contest. A few days ago everyone voted, girls voting a boy, boys voting for a girl, with the result that Mary Miller, Beverly Davis, Darlene Carlson, Doris Kilma and Irene Auble were the most popular girls. The five high ranking boys were Gould Flagg, Henry Adams, George Cetak, Robert James and Alex Cochran. Argument over candidates grew hotter, and today more voting was going on at the high school with each buyer of an annual voting.

Winners of the popularity contests, both girl and boy, will be announced Friday evening at the high school dance, and will be pictured in next week's Quiz. Plans are being pushed at the high school for the district declamatory contest, to be held in Ord on Feb. 20.

At Ansley Tuesday evening the score reveals an unexpectedly close shave, Ord coming home with only 29 to Ansley's 28 points. Ansley's second team walloped the Ord second boys more decisively, 19 to 16.

Grand Island and Ord will meet for two basketball battles tonight at the Ord high school court, both first and second team games being scheduled.

### Wins Scholarship.

Miss Dorothy Anderson, senior in the University of Nebraska, was one of seven sorority members at the University of Nebraska to be awarded \$25 scholarships at the annual Panhellenic scholarship tea Sunday. Miss Anderson is the daughter of Mr. and Mrs. F. E. Anderson, now of Long Beach, Calif., and formerly of Paxton, Nebr., and is also a niece of Miss Gertrude Hawkins of Ord, now visiting in Omaha. Miss Anderson is a member of the Alpha Xi Delta sorority.

### NORTH LOUP NEWS.

The Business and Professional Women's club met Tuesday evening in the Bartz home with Hazel Stevens and Mrs. Elley as hostesses. It was a Valentine party and pinochle was the diversion, high prize going to Lois Redlon and traveling prize to Laura Bitner.

Word came Tuesday of the death at Santa Ana, Calif., of Esther Kettle Williams who was

well known here. Her mother was Mrs. Kate Kettle, who survives Mrs. Williams. She also leaves her husband and two children.

Telephone stockholders at their meeting Tuesday reelected all the directors, R. W. Hudson, Merrill McClellan and Dr. W. J. Hemphill.

### ELYRIA NEWS

The Boy Scouts sponsored a card party held at the St. Mary's club rooms Sunday evening with seven tables of pinochle at play. High score was won by Raymond Zulkoski, second high by Frank T. Zulkoski and low by Dorothy Zulkoski. Refreshments were served at the close of play.

Mr. and Mrs. John Kusek of Columbus returned here Friday after spending a week in Columbus with their daughter and husband there. They were called here on account of the illness of a brother-in-law, Chas. Clochon of Burwell, who is a patient in the Clinic hospital in Ord. The Kuseks are staying in the Clochon home with Mrs. Clochon.

Mr. and Mrs. Archie Cienny and Miss Clarice Kusek of Comstock and Edmund Cienny of Sargent were Sunday evening visitors here with the Leon Cienny family.

Mrs. J. W. Severns was hostess to the members of the Jolly Homemakers club in her home Thursday afternoon. Besides the members present there were four guests, Miss Cecil Tully, Mrs. W. B. Hoyt, Mrs. Burrows and Mrs. Cash Welniak.

Mrs. W. B. Hoyt was a bus passenger to Grand Island Friday morning where she made connections for her return trip to her home in Wilmington, Calif., after spending three weeks here with relatives.

Mr. and Mrs. Al Radke and sons are spending several days in Kentucky visiting relatives. Mr. Radke's father, Adam Radke, of Big Springs, is here in the Radke home during their absence.

Mrs. Ed Darrah returned to Burwell Tuesday after living here with the Cienny families for the past few months.

### Brief Bits of News

Joint—Mrs. Jake Foster spent Tuesday with Mrs. Daniel Pishna. The Frank Meese family called at the Adrian Meese home Sunday afternoon.—Leonard Kizer has a hundred head of John Kokes' cattle at his place to use up his surplus feed.—Floyd Chaffield and his three younger children spent Sunday evening at Bert Dye's.—Mrs. Ray Nelson of Kearney, formerly Galene Flint and Joint school teacher, called on Mrs. Daniel Pishna Saturday morning.—George Zabloull got his new house moved to his farm Saturday, Clement Furtak of Ord doing the work. The new house will add materially to the appearance of the community.—Mr. and Mrs. John Campbell spent Thursday at J. L. Abernethy's where John assisted in husking corn.—Mr. and Mrs. Daniel Pishna accompanied the Mark Bodyfield family to Ralph Hanson's Sunday where they were dinner guests.—The community pinochle party at Joint Friday night was well attended. Mrs. John Kokes and Victor Kerchal winning high prizes. Other winners were Mrs. Gerald Dye, Mrs. Vic Kerchal, Bill Klantek, Jr., and Chas. Kasson. Mr. and Mrs. J. L. Abernethy were sponsors.—Willur Kizer has resigned his position as teacher of a school northeast of Burwell and expects to go to the west coast to engage in defense work.

Round Park—The John Pesek family spent Tuesday night in the Ed Tvrdek home.—The John Mottl family were visitors in the James Tomar home Sunday.—Ed Tvrdek did some grinding for Joe Kamarad last Saturday.—Mrs. Joe Minor and daughter visited in the John Pesek home Monday afternoon.—Ed Zurek trucked some stock to Sargent for Anton Kolar and Frank Pesek last Thursday.—Mrs. John Pesek, sr., visited with Mrs. Frank Tvrdek last Monday afternoon.—James and Lillian Proskocil and James Tomar Jr. were supper guests in the Joe Kamarad home Sunday. The evening was spent in playing pinochle.—Lew Pesek and son Jerry called at the John Pesek home Sunday afternoon.—Joe Urban, sr., spent several days in the home of his daughter, Mrs. Anton Kolar helping butcher and care for the meat.—Mr. and Mrs. Clayton Shepperd and family, Hall Shepperd and family and Mrs. Virginia Marsh and family were Sunday visitors in the Ben Shepperd home.—Joe Kamarad and Joe Urban, sr., helped Anton Kolar butcher a hog Thursday morning.—Mr. and Mrs. Joe Kamarad and family and Grace Shepperd visited at August Bartu's Wednesday night.—Mr. and Mrs. Dan Nedbalek and son Bobby were Sunday visitors at Fred Nemeskals.

Woodman Hall—About 4 inches of snow fell Sunday. We hope it will remain where it fell. Unless we get a wind to pile it up it will do a lot of good.—A daughter was born to Mr. and Mrs. Lew Vancura at the Ord hospital Tuesday, Feb. 3.—Mrs. Jacob John is spending a few days with her daughter, Mrs. Joe Veleba, near North Loup.—Mr. and Mrs. Rudolf John and Muriel and Thomas Waldmann were Sunday visitors at Joe Waldmann's.

A farewell party was given at the National Hall Friday evening for Mr. and Mrs. John Mottl and sons, Mr. and Mrs. Mottl who are lifetime residents of this locality, are moving on a ranch north of Ord. Their son, John, will soon leave for army service and Eldon has accepted a position in a defense factory in Connecticut.—Mrs. Frank Krikac of Ord and daughter, Mrs. Roland Johnson and little son of Kearney spent the day at Charles Krikac's Thursday.—Mr. and Mrs. Paul Waldmann and Mr. and Mrs. Raymond Waldmann were Sunday dinner guests at Forrest Montanye's.—Mr. and Mrs. Adolf Pesek and family attended a funeral of a relative at St. Paul, Friday.—Mr. and Mrs. Charles Krikac and sons spent Sunday at Ord where they helped the former's father Frank Krikac, celebrate his birthday.

The time table of the nation was slipped an hour ahead Monday morning but most of the rural schools will follow the old schedule, being more convenient for the little folks, having a long distance to walk to school.

Davis Creek—Carolyn, 2 year old daughter of Mr. and Mrs. Wm. Valasek, drank a small quantity of kerosene Friday evening and was taken to North Loup where Dr. Hemphill pumped her stomach. She is getting along as well as could be expected.—Mrs. Carol Palser helped Mrs. Lawrence Mitchell take care of meat Friday.—Miss Eleanor Holmes was unable to teach school this week.—Mrs. Charley Johnson is entertaining the W. S. C. S. Wednesday.—Mrs. Alfred Jergenson is home again after several days visit with Mrs. Martha Peterson and family in North Loup.—A group surprised Mr. and Mrs. Ernest Johnson Friday evening. It was their 32nd wedding anniversary. Those present were Mr. and Mrs. Lloyd Peterson and Marjory, Mr. and Mrs. Alonzo Quartz, Mr. and Mrs. Charley Johnson, Mr. and Mrs. Lawrence Mitchell, Mr. and Mrs. Reuben Athey and family. A nice lunch was served after an evening of playing rook.—Mrs. Charley Johnson entertained Mr. and Mrs. Reuben Athey and family to supper Thursday evening in honor of Janice Athey's birthday.—Mr. and Mrs. Clarence Caddy entertained company for

dinner Sunday.—Mr. and Mrs. Everett Williams went to Ralph Ackle's Saturday evening and returned home Sunday evening.—About 10 inches of snow was our portion Sunday and because of that Doryce McGee, Philip and Alma Missus returned to their school work at Ord on Sunday evening.

### Winners in Burwell

Declamatory Contest Burwell—(Special)—The Burwell declamatory contest was held at the high school auditorium last evening, with results as follows: In the dramatics class Miss Arlene Rowse was winner, her subject being "Madam X". Other contestants were Luella Livermore, Luree Marie Hoppes, Ferol Jean Thompson and Lamoyne Johnson.

Miss Joyce Bishop won with "Laugh, Clown, Laugh", in the humorous division, other contestants being Ruth Ann Jorgensen, Evelyn Sperling and Bill Thompson. In the oratorical division Betty June Dodd won with "Battle Cry of Freedom", Helen Howard was also a contestant.

The one-act play was also put on, the following persons being the actors: Ruth Ann Jorgensen, Luella Livermore, June Phillips and Gerald Hall. The contest was attended by a large crowd. Miss Malinda Roof, speech and dramatics teacher of Sargent, acted as judge.

Soangetaha Camp Fire. Soangetaha Camp Fire girls met with their guardian, Mrs. Ed Kokes, last Saturday afternoon. They worked on reports, totaling honors, tests on sections of their First Aid requirements, in order to complete their third rank this spring. They also planned the details of the 1942 Birth-

day honor, "Fortifying the Home," which will bring them interesting studies in nutrition using inexpensive foods.

Later in the afternoon they had a contest on their recent services in Junior Red Cross, in following the economy pledge, and in the Red Cross waste paper salvage campaign to which they gave all their collected paper. The Red team won with 189 points. All members were present, as were the 3 active members of Tawanka. The guardian served supper with everyone having a job to earn it.

The Social Forecast Your meeting may be included—Telephone 30

Mrs. R. C. Bailey will not have D. O. ladies as her guests this week, as she took a bad fall Sunday and is not well enough to play hostess.

Home Nursing Unit one will have examinations this afternoon at the home of Edward Kokes, having finished the course of lessons prescribed by the Red Cross. Mrs. Bert Boquet will give several types of tests.

Next lesson for project leaders will be "Home Storage of Vegetables and Use of Freezing Lockers", by Miss Maude Matthews on Feb. 19.

G. A. R. ladies will meet Saturday afternoon at 2:30 with Mrs. Ivan Botts.

Entre Nous does not meet this Friday. Friday of next week Mrs. Forrest Johnson will be hostess.

Mr. and Mrs. Emil Babka will be hosts to the Happy Dozen group for pinocle on Tuesday Feb. 24 at their home.

Modern Priscilla group will meet Friday for a social time at the home of Mrs. Sylvia Stewart. Madams Jean Whiting and Lloyd Wilson will act as hostesses.

## Remember This Person?

The small towhead shown above is now a well known farmer in the vicinity of Ord, and might still be classed as a towhead, although his hair is not as thick as it once was. Now, let's see who will be the first to report in his name.

## Social and Personal

Farewell For Gross. Saturday evening a group of friends took makings for a fine supper and dropped in at the home of Mr. and Mrs. Truman Gross to give them a farewell party. The Gross family expects to leave Ord and return to Hastings to live within a few days.

Jolly Sisters. Mrs. Henry Geweke was hostess Tuesday afternoon when ten Jolly Sisters convened. This was a good attendance, as the other three are ill and unable to be out. The party was a success.

At Absolon Home. Monday evening at the Stanley Absolon home the Happy Dozen held a jolly meeting and pinocle game. Results of the play were Mrs. Clyde Baker, high for women, Ernest Horner high for men, and low score, Mrs. Emil Babka.

Party at Church. Christian Endeavor group of the Christian church held one of their pleasant semi-monthly parties last evening in the basement of the building, hostesses being Misses Jean Covert and Carol Ludington.

Rebekah Lodge. Tuesday evening Rebekahs met in regular session in their lodge rooms, a good attendance answering roll. Serving committee for the evening was headed by Mrs. Bertha Mason, her assistants being listed as Madams Orin Kellison and I. C. Clark.

Z. C. B. J. Meet. Sunday afternoon 40 or more members braved the storm to attend a regular lodge meeting of the Z. C. B. J. President Henry Vodehnal presiding. At the serving hour Mrs. Hattie Sevenker and her committee, Madams Joe Bartos, Joe Rohla and Joe Knezacek, took charge and proved themselves extra good hostesses.

Birthday Party. Surprising Rev. Clarence Sheffield on his birthday Monday evening were 25 or more members of the Nazarene church. Supper with a fine birthday cake, and ice cream was served at the R. L. Long home.

Ord Pinocle. This group met Tuesday afternoon with Mrs. Guy Masters with all members present except Mrs. William Misko, Mrs. Ray Meila playing in her place. High prize went to Mrs. John L. Ward low to Mrs. Anna Goff and traveling prize to Mrs. Joe Jablonski. The next meeting will be Feb. 24 with Mrs. Misko.

Mutual Benefit Club. The Mira Valley Mutual Benefit club had its lesson on "If Illness Comes" at the Albert Peterson home last Wednesday. This was an all-day meeting and included members with their families. After a bounteous dinner the lesson was given by the leaders, Mrs. R. Clare Clement, and Mrs. George Clement.

St. Ann's Study club meets Wednesday next at Mrs. Mike Socha's home.

Eastern Star met Thursday evening, that being the first Thursday of the month. Mrs. Achen was chairman of the serving committee and Mrs. R. E. Teague and Mrs. Will Misko aided her.

Renewable Blades A safety razor with renewable blades has been invented for cutting corns and calluses.

Large Mushrooms A North African variety of mushroom stands two feet high. Some other mushrooms are so large that one of them would be more than a meal for a man.

Earth's Orbit The eccentricity of the earth's orbit is but .01677 from being a perfect circle.

## LOCAL NEWS

—Bernard Wagner and Arthur J. Meyer of Burwell were in Ord on business Wednesday.

—Mrs. Lloyd Hunt and son Harold of Kearney drove to Ord Saturday and visited relatives until Sunday.

—Because of a bad cold, Mrs. John Wozab was unable to carry on her work at the Capron Agency last week.

—Dr. F. A. Barta, Mrs. Barta and Dean and Miss Geraldine Noll returned to Ord Thursday morning from Omaha.

—Mrs. E. A. Holub of Elyria spent Monday in Ord visiting her daughter and husband, Mr. and Mrs. Wilmer Anderson.

—W. F. Williams came from Grand Island Tuesday with the bus to take the basketball boys to Ansley. He returned to Grand Island after the game.

—Rev. and Mrs. Clifford Snyder and Jolene, and Mrs. Dossia Dalley and Monte were guests for supper Friday evening of Mrs. Emma Hurder.

—Mrs. Adrian Tolen was held in a Denver hospital longer than they expected, but Adrian was given definite word that she would be released on Febr. 15.

—William Heuck drove to Grand Island Sunday to meet his wife and two children, Margaret Jane and Richard, who were returning to Ord after a week's visit in Madison with her people.

—Chet Paplernik left Monday morning for Omaha, where he was called for service in the navy reserve. He passed the examination there some time before and was waiting to be called for active duty.

—Monday evening Mrs. Lillian Granville White spoke to the Wranglers' club of Burwell Wednesday both Mrs. White and her sister, Mrs. C. J. Mortensen, went to Burwell to a luncheon and to talk to ladies of a club there about their European experiences.

—Mr. and Mrs. Carlos Olcott and Mrs. Ellsworth Olcott of Burwell were in Ord Wednesday where Mrs. Ellsworth Olcott was consulting the doctors at Ord hospital. Her health has been poor for some time.

—Thursday at North Loup a number of ladies from Ord attended a benefit for including Madams Keith Lewis, Alpha Hill, Emil and Frank Fafelita and Mrs. Lillian Granville White. The last named was the speaker of the afternoon.

—C. A. Anderson, George Anderson and Alvin Anderson went to Hastings Thursday and drove back two of the new "Black-out" 1942 Plymouths, last cars produced in the factory before car production stopped. They probably will be the last new cars the Anderson Motor company will get until the war ends.

—Wilson Bell, who until recently was commercial instructor in the schools at Fullerton, recently signed up with the navy in Omaha and will receive a rating as seaman, second class, because of scholastic ability. He was in Ord a few days, awaiting his order to report for duty.

—The Frank Svoboda family will move from Ord to Valentine they have decided. Mr. Svoboda left Sunday, and Mrs. Svoboda and their ten year old son will go before long. They have lived in south Ord on the highway for five or six years, where he has done blacksmithing and mechanical work.

—Howard Roe received a letter a few days ago from his brother First Lieut. Claude M. Roe, who said he was enroute to Hamilton Field at San Rafael Calif., north across the bay from San Francisco, where he was to be assigned to ground duty with the air corps. He had no idea at the time just what his work would be. When ordered to active duty he was agricultural instructor in Sherman Institute at Riverside, Calif. His family will remain at Riverside for the present.

—Consulting Dr. George Parkins lately, from out of town have been Ralph and Monica Kaiser from Spalding, Emery Cross and Mrs. Trebilcock from Comstock; Mrs. Craven and Mrs. Hart of Burwell; Clara Lloyd of Scotia; Mrs. Charles Haggerty of Greeley; from Omaha, James McCall, Howard Thompson, Carmen LaMalfa, Mrs. Rothsack and Mrs. W. B. Baker from Council Bluffs. Also J. S. Snavely of Schenectady, N. Y., and Mrs. William Leiminger of Arcadia.

Cracking Coconuts There is an easy way to accomplish anything. That statement can be proven. Take cracking fresh coconuts for an example. That can be a real job or it can be a simple task. Let's skip the job and get down to the simple task. You'll find three eyes in the end of all fresh coconuts. With an ice pick punch a hole in each eye and then drain off the coconut milk. Place the coconut in a pan and heat in the oven for at least 40 minutes at 400 degrees. Remove from the oven and crack with a hammer. The shell slips away from the coconut meat without any trouble.

Cars for Business More than 60 per cent of all passenger car driving in the United States is for business purposes, according to a survey by the United States public roads administration.

## QUIZ FORUM

Fine Letter from E. L. Ball. Neilburg, Sask., Canada

Well Homer, this will be a short and perhaps uninteresting letter, but I do have to send in my subscription for year 1942, beginning Febr. 15th.

Those Back 40 Year notes you weekly print are of much interest to me. There is always "more or less" something or somebody mentioned that I remember all about. And the letters too, are read and are most satisfying, so many names appear. I cannot take space in your paper to mention, but my earliest association with that loyal old settler, W. A. Anderson, is always with me. And Mark Getter, who marched us around the square, preparing a bunch to go in mass on train to a North Loup Republican rally. And it was our own E. P. Clements who was the stirring music leader and it was good too. I still have a picture in mind of the rising response these musical exercises brought out. E. P. in his stride, bore down and carried home in full volume of song and spirit, unforgettable. E. J. Clements, Billy Barstow and the Cornell Brothers, Cass and Charley, were so kind to me, as also was Van Mathews, during the seven months I was with my wife at a Lincoln hospital. What a comfort they were to me. My heart swells from the memory of this. No use, I cannot tell all, I feel so thankful for, and too many, for lack of space.

I am nearly the 81st year of my life, the last living of my father's family of 15 children, 12 sons and 3 daughters. I have in my possession records of past families, including my great, great grandfather's, who was born in Virginia in 1740. The boundary of his land, blazed trees, creeks and a sycamore tree. My grandfather, who was born Dec. 2, 1791, was the first to move out of Virginia, and served from Tennessee under Jackson in the war of 1812. Moving his family, wife and infant son, who was my father, fall of 1815, into Indiana where others of the family direct from Virginia, had settled Indiana became a state that year, but it was years later when I got there, May 14, 1861 a month and 2 days after the Civil War began.

I came into the world when a war was on, and it is quite possible for me to leave while another war is on. We are inland, but for 2 years preparation has increased fast and our neighborhood is being all torn up in some kind of action. Our 24-year-old girl Vinda and 21-year-old Ruth have been on the Pacific coast for several months. So far they have not enlisted in any war pledge, nearer than canning fish those Jap fishermen had caught. After Pearl Harbor the Jap fishermen were pulled out and cordoned, new plans were made under established in new places with safe responsible heads. Our Vinda and Ruth, with 3 other neighbor girls, were a part of a group of 11 girls who embarked on a boat at Vancouver, B. C., a Sunday morning, landing on an island next Monday evening. A boat is supposed to contact this island every ten days. Of course we are anxiously waiting further word.

Ours and neighbor girls are 11th school graders. As far as Canada and the people here are concerned, I feel at home. But I have felt like I was out on a limb now since the U. S. and Canada are at war together. I feel a sense of relief with such leaders as Roosevelt and Churchill. Their lives being spared, success is certain, and too, they have following and backing them a mighty power of a determined to win people, like democracy never had before. And united regardless of politics. It was a master stroke Churchill made in his speech at Washington connecting his U. S. ancestry with that of his own country. I am proud to know his mother was born in the U. S. Without doubt Churchill inherited thru his mother, Jennie Jerome, much of the go-getter spirit of her father, Leonard Jerome, who at one time was much in the news. As I will remember in my early years.

E. L. BALL.

## Gerald Hatfield Now at Tucson, Arizona

Private Gerald Hatfield, son of Mr. and Mrs. Ralph Hatfield, of Ord, is now stationed at Davis Marathon Air Base, Tucson, Ariz., where he is a medical orderly.

## BURWELL

Mrs. B. A. Rose told about the training which a young man in naval air forces receives at the meeting of the Woman's club in the library basement Monday afternoon. Her son, Bob, is a cadet nearing completion of his training as a pilot at the naval airfield at Jacksonville, Fla.

LaVern Horner, 19, the youngest son of Mr. and Mrs. Charles Horner, died at his home east of Burwell Monday night after a painful illness of several months. He suffered from a cancer at the base of the tongue which made it almost impossible for him to swallow. Last week he was brought home from Omaha where he had received treatments. His funeral will be held from the Burwell Christian church Thursday at 2:30 p. m., the pastor, Rev. Clifford Snyder having the services in charge.

Roy Reineke is critically ill of pneumonia at his ranch home on the Cedar. Dr. Smith is attending him.

Betty, the daughter of Mr. and Mrs. Ed Bower broke her arm Saturday. Dr. Smith set the fractured bone.

Mrs. C. R. Igenfritz spent the latter part of the week in Omaha where she was a guest of her daughter, Mrs. Ben Meckel. She returned home Saturday.

Miss Dorothy Jane Duncan has replaced Miss Amelia Mathausser as secretary to County Attorney Manasil. Miss Mathausser will soon be leaving for Washington where she has accepted a civil service appointment. Miss Duncan will not graduate until May. She will attend school in the mornings and do Mr. Manasil's secretarial work in the afternoon.

The Burwell Longhorns upset the dope bucket again when they defeated the Ravenna basketball team 38 to 18 at Burwell Friday evening. Clarence Rohde, Burwell's tall center, made 18 points. Pesek scored 16 points for Ravenna.

A number of Burwellites have been invited to the silver wedding anniversary celebration on Sunday of Rev. and Mrs. J. Bruce Wylie which will be held in Hooper. Owing to the rubber situation it is doubtful if anyone from here will avail themselves of the invitation.

Mrs. John Herrick was an overnight patient in the Ord hospital Saturday following the extraction of her teeth.

Mr. and Mrs. Harry Yocum and Sandra Jane of Brewster, Mrs. Fred Hurlbert and Mrs. Lyle Meyers were visitors in Ord last Thursday.

Mrs. Herman Brockman, nee Crystal Woods, was honored at a miscellaneous shower in the Skoll home this afternoon.

Mrs. Fred Hurlbert was taken by surprise Wednesday afternoon when ten of her neighbors called at her home where they spent the afternoon quilting.

When You and I Were Young Maggie

February 11, 1932. Marlon J. Cushing had filed as a candidate for representative of the 77th district.

Eighty were present at a benefit bridge party in Ord, and \$12 was raised for drought relief.

The Ord Chanticleers were going strong and had defeated Comstock 27 to 8, and Burwell 28 to 9 during the previous week.

A number of North Loup people were in danger in the Chinese-Japanese war, then going on. Who started this thing, anyway?

The Ord Volunteer fire department cleared about \$100 at their annual firemen's ball.

Mrs. Frank Vodehnal, 81, resident of the county for 51 years died at her home in Ord, Febr. 8. Blaha Bros., traded their garage in Ord for the farm owned by Mrs. Tom Zulkoski, just above Fort Hartsuff.

After years of service, W. T. Hamilton resigned as police judge due to ill health, and the council appointed Wilson Bell in his place.

At the annual meeting of the Farmers Store, Charles Sterncker and Carl Koelling were elected directors, succeeding Fred Jackman and D. E. Strong.

The political pot was beginning to boil, and William Ritchie, jr., lambasted Gov. Charles Bryan in a speech made in Ord because of what he had done and hadn't done. 'Twas ever thus.

February 9, 1922. Christian M. Sorensen of Elyria came to Ord and filed his name as a candidate for sheriff on the republican ticket.

Drs. Howes and Gable were having some changes made in their offices to give them more room for their work.

For some reason not mentioned in the item, the Quiz force received a lovely box of home made candy from Valleyside school, No. 10.

A Long Beach resident, former Ordite, wrote of meeting E. S. Bair on the streets of that city.

Judges Scott of Greeley, Gudmundsen of Ord and Fenner of Burwell were to judge the debate between the Ord and Burwell school teams.

After carrying the mail on Route No. 4 for many years, Frank Norman had decided to quit and devote his time to selling monuments for the Desch Monument Works. Guy Burrows was temporary carrier in his place.

Bud Shirley had fixed up an indoor golf course over the Hansen store, and local enthusiasts were enjoying the sport.

Lute Larimer was on the road selling popcorn for Weekes and Baird and was meeting with good success, according to reports.

The plaster from the ceiling above the stairway in the north end of the Valley county court house fell. The hour was early and luckily nobody was under it at the time. The accident was blamed on the backfire of a Ford passing through town.

February 8, 1912. A man named Henry Cooper was passing out the word that the long expected North Loup irrigation and power project was now going through, and that a power plant was to be built on his land. In case this was not done he was threatening to build a large ice house thereon himself.

W. J. Hather had been a sick man for some time, his trouble being sciatica. It takes a lot to get a good man down, and Bill is still with us.

The Royal Neighbors held a big banquet at the Ord Opera

GEO. A. PARKINS O. D. OPTOMETRIST

Only office in the Loup Valley devoted exclusively to the care of your eyes.

Office in the Bailey building over Lee & Kelly Variety.

Phone No. 7

House, with the Modern Woodmen as their guests. Mr. and Mrs. William Timm prepared and served the meal, and Earl Wise's orchestra furnished the music.

Miss Schaper and the second year German class gave a party to the first year German class at the high school, with German costumes predominating. Only German feast served. Miss Haskell (first name not given) won first prize for being able to speak the most German, the prize being a small German silk flag, and Prof. Jones won the booby prize. Sure sounds silly now, doesn't it?

John L. Ward was spoken of as having taken one of the best photos in Ord of the interior of the M. Coombs second hand store. This picture was reproduced in the Quiz 25 years later.

Mrs. Angie Orcutt had moved her millinery business into the Quiz building, into the room now occupied by the South Side Jeweler.

February 12, 1897. H. R. Reithardt had bought a half interest in the Plejdrup meat market, and they were in business under the firm name of Farmers' Meat Market.

Prof. J. F. Nicolson had tendered his resignation as teacher in Ord high school, and Mrs. Baker was advanced to the job, Mrs. H. Bailey taking Mrs. Baker's room. The professor will be recalled as the man who was such an expert with the pen.

Guy G. Clement and Miss Jennie Bee were married at the home of the bride in North Loup Febr. 10. Rev. James Hurley officiating. Other marriages mentioned were Harrison H. McClelland and Grace Clark at Arcadia Jan. 30, by Elder George H. Smith; Archie Potter and Miss Laura Rice of Bean Creek, at Burwell, Febr. 9, by Judge W. L. Jones.

There was some kind of an organization in Ord known as the Home Forum, and 23 new members were accepted at one meeting. No details of it were given in the item.

It was being rumored that a new mercantile company was to be established in Ord under the firm name of McLain and Siler, the members being Sarah McLain and Mamie Siler. They were in business, together and separately, over a long period of years, and both are still living.

A prospectus of the Great Eastern canal comprising about 70 pages was printed and bound in the Quiz print shop. The canal was the property of the Nebraska Central Irrigation Co., and took in land along the Loup in the Columbus territory. H. E. and H. A. Babcock and A. A. Kendall were the chief moving spirits in the enterprise.

February 12, 1892. After an illness of 15 weeks, Charles Beagle died Febr. 9 at the age of 24 years. He was the son of Mr. and Mrs. W. H. Beagle and served as deputy sheriff under his father for a time.

There were 31 legal notices in the Quiz, 13 of them sheriff's sales, and 13 more notices in preparation for sheriff's sales. Apparently it was a time of great prosperity for everybody.

C. B. Coffin, director of the Ord schools, made the statement that no beginner's class could be accommodated in the spring term because of the crowded condition of the rooms.

The Teachers' association met Jan. 30, and the meeting was called to order by S. A. Parks. Supt. J. H. Jennings gave the opening address. On the program were Fred Blessing, Harold Foght, and W. A. Anderson. Leola Glover was secretary.

The Quiz was full of promised benefits to Ord with the coming of the Duluth and Pueblo railroad, which apparently existed only in the minds of the promoters.

Ord had a Building and Loan association, with a balance of nearly \$13,000. J. H. Capron was secretary, and M. Coombs, F. E. Lloyd and M. E. Getter were directors. The president's name was not disclosed.

Henry W. Nelson was selling trees from the Sioux City nursery. Geo. Pinney was selling trees from Evergreen, Wis. H. F. Rhodes was selling Royal Victoria oats. Mortensen and Capron were loaning money to buy them with.

Holding Dutch East Indies Is Vital to United Nations

Crescent of Islands Blocks Jap Aggression By Forming Barrier Between Continents Of Asia and Australia.

By BAUKHAGE National Farm and Home Hour Commentator.

WNU Service, 1313 H Street, N-W, Washington, D. C. By the time these words are printed Singapore may have fallen. Japanese bombers may be raiding Australia and Japanese ships may be in Australian waters. Even so, according to the sober prediction of those in diplomatic and official circles who are able to look at the war map without wishful thinking, the tide may still be turned against the Japanese if one condition remains the same. That condition is that the United Nations continue to hold key territory in that slim crescent of islands, the Netherlands Indies which form a barrier between the continents of Asia and Australia.

There are two reasons why these experts believe this Malaysian barrier may be held in spite of Japanese gains north and south of it. First, as one military man put it, "by rule of thumb Japan has already stretched her supply lines so far from her home bases that they may be expected to snap in vital spots." Second, because of successful delaying actions now going on, time is fighting on the side of the United Nations, time for sufficient reinforcements to arrive, especially from the United States, which will match air superiority away from the Japanese air thus affect the tide of battle.

Japan has so far extended herself, experts agree, that a powerful blow might topple her over backwards. General MacArthur has held a Japanese army of 200,000 men in the Philippines. Huge land, air and sea forces have been drawn into the siege of Singapore. Japanese troops are fighting in Burma, 3,000 miles from the Manchukuoan border. They are spread fan-wise from Sumatra in the west 4,000 miles along the equator to the Solomon islands beyond New Guinea.

United Nations' Barrier It is the barrier the United Nations have established from Sumatra to the Solomon islands, with Java as the key point, upon which Japan may break her curved scimitar of offense.

Japan has already penetrated scattered islands in some places—Borneo, New Guinea, in the Celebes and in the Australian mandated islands in the Bismarck archipelago. But there are many dents in her armor already—more than 31 ships lost in the first few days of the battle in the facassar straits, which lie between Borneo and the Celebes. Many more such losses will be irreparable.

Successful, although scattered attacks by American and Dutch planes and submarines and surface ships are taking their toll. And even though Japanese units may secure some island bases near enough to bomb the Australian coast, and some ships are able to slip through to raid coastal towns, the sword hand will be badly strained. The tough, well-fortified, well-supplied island of Java can deaden her blows. And if enough other bases for allied bombers and subs remain from which the far-flung Nipponese invaders can be harassed, her course westward and southward can be checked.

For the United Nations fighting at the Malaysian barrier it is simply a problem of hanging on. For the United States it is a problem of producing and delivering the goods.

Against us is first our late start in war production; second, the great distance to the front—about six weeks from loading to unloading; and third, lack of ships.

Into High Gear We cannot make up lost time but it is agreed that Donald (Batling) Nelson and his war production board will keep us in high gear now on.

As for the ships, by June we will be producing them at the rate of two a day—cargo ships. As for the precious cargoes, fighting planes—which have to be shipped—they are being turned out in rapidly increasing numbers. The figures are secret. I have it on good authority that it would take only 2,000 more planes to give us superiority in the whole Pacific. But far less than that are needed to establish superiority in the present fighting area since Japan must keep a large air force at home for defense of her own cities.

As for the tanks and men, these

needs are not so pressing, but tanks will soon be rolling to the tune of a thousand a month, and Garand rifles for next year's army of seven million men are being turned out a thousand a day at the Springfield arsenal alone.

Meanwhile, the men on the fighting front say this to America and England: "Hurry. Cut red tape. Take risks. Don't wait until you have had what you think is enough. Send what you have, risk it. We'll risk our lives to use it."

If we are willing and able to answer this message, Japan may be toppled over on her heels. With Singapore in Japanese hands some Japanese elements would be able to filter through the island barricade toward Australia.

The fall of MacArthur will release thousands of Japanese soldiers, the fall of Singapore, thousands more. If the key defense of Java goes, the Japs can then flood south to Australia and perhaps isolate that continent of hardy fighters. The invaders can also swarm westward through the Straits of Malacca, take Rangoon, gateway of the Burma road. They can move submarines into the Persian gulf and the Red sea and threaten the life line to Britain's middle east armies and Russia.

Once China is cut off, Japan will offer her a very favorable peace. Chiang Kai-shek would not accept, but his followers might accept. That would mean thousands more of Japan's effectives could be released, and if Russia's supplies are cut off Hitler could take Moscow while the Japanese troops move on Siberia.

And so we can understand why the United States, fighting to hold their island defenses in the southern Pacific, are praying that in the next few weeks that we will risk what we have to bastion them. Even though it be little it need not be too late.

The Hermit Of Sharktooth Shoals The Hermit of Sharktooth Shoals came to town the other day with the surprising news that instead of being an enemy of man, the man-eating shark is now to be regarded as one of man's best friends, and an especial friend of the farmer's.

The Hermit is a former newspaper associate of mine who has renounced the noise and tumult of cities and now helps conduct a shark fishing establishment at Fort Pierce off the east coast of Florida. Along with most people, I had thought that the commercial use, if any, for sharks was limited to the hides, for belts and shoes. But now I learn from the Hermit that shark liver oil is teeming with vitamins and is in great demand by pharmaceutical houses for those yellow peppills that Americans are consuming in great numbers these days.

But that, it seems, in no way limits the usefulness of the lowly shark. After the hide has been stripped off and the liver extracted, the carcass can be ground up and made into a high potency fertilizer, rich in urea and nitrates. And that's where the shark's value to the farmer comes in.

Last year the Hermit and his sharking colleagues tossed overboard two million pounds of perfectly good carcases, simply because they didn't have the machinery necessary to convert the defunct fish into fertilizer. This year, what with the announced shortage of nitrates and fertilizer, the Hermit feels that it is high time the government took an interest in the matter, and he is now in Washington for that purpose.

The more I hear about the shark profession the more colorful it sounds. The Hermit, for instance, tells me that the sharkery's president and founder is a prominent scientist, Dr. Alexander van Beyer, who has pioneered in the development of vitamin products from shark livers. The doctor has Chinese connections and is a member of the Hip Sing tong which is an aid in the marketing of another by-product, shark fins. The Chinese regard shark fins as a great delicacy.

More than this, I understand that shark meat—by any other name—is an excellent food. Instead of letting the sharks eat us we may turn the tables and eat the sharks! Who knows?

LEGAL NOTICES

NOTICE

Notice is hereby given that at their regular session on the 13th day of January, 1942, the County Board of Supervisors of Valley County, Nebraska, fixed and determined the regular annual estimate for Mothers' Pension Fund for the year 1942, at the sum of \$600.00, in accordance with the provisions of law.

Signed this 26th day of January, 1942.

IGN. KLIMA, JR., County Clerk.

(SEAL) Jan. 29-3t.

Davis & Vogeltanz, Attorneys. Notice to Present Claims.

In the County Court of Valley County, Nebraska, in the Matter of the Estate of Joseph Bruha, deceased. All persons having claims or demands against said estate are required to file the same in said court on or before May 25th, 1942, or said claims will be forever barred. All claims filed will be heard by the County Court at 10 o'clock A. M. at the County Court Room in Ord, Nebraska on May 26, 1942. Dated February 2, 1942. John L. Andersen, County Judge. (Seal). Febr. 5-3t

Davis & Vogeltanz, Attorneys. In the County Court of Valley County, Nebraska, State of Nebraska, Valley County, ss. James T. Ciemny has filed a petition in this court praying that letters of administration upon the estate of Joseph Ciemny, deceased, may issue to Leon Ciemny and John Ciemny. I have appointed Wednesday, February 18, 1942, at 10 o'clock A. M. at my office in the Court House in Ord, Nebraska, as the time and place to hear the same and all persons interested may then and there appear and show cause why said letters should not be granted as prayed. Dated January 23, 1942. John L. Andersen, County Judge. (Seal). Jan. 29-3t.

Munn & Norman, Attorneys. NOTICE OF SUI. TO THE HEIRS, DEVISEES, LEGATEES, PERSONAL REPRESENTATIVES AND ALL OTHER PERSONS INTERESTED IN THE ESTATE OF HARRY L. JEFFERIES, DECEASED, real names unknown. You and each of you will take notice that on the 23rd day of January, 1942, the Home Owner's Loan Corporation, a Corporation, filed its Petition against you and commenced an action in the District Court of Valley County, Nebraska, the object and prayer of which is to foreclose a certain mortgage in the amount of \$1,050.17 upon the following described real estate, to-wit: Lots One, Two and Six, in Block Five of J. A. Green's Addition to North Loup, as located upon the Northeast Quarter of Section 35, Township 18 North, Range 13 West of the Sixth Principal Meridian, Valley County, Nebraska.

You are notified that unless you file your answer to the above petition in the District Court of Valley County, Nebraska, on or before the 16th day of March, 1942, or the allegations thereof will be taken as true.

Home Owners' Loan Corporation, Plaintiff. By Munn & Norman, its Attorneys. Febr. 5-4t.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Thirty-five people have registered for civilian defense in North Loup and registration is still going on. Mrs. Floyd Redon and C. J. Goodrich are in charge and registration is in Redon's barber shop.

H. L. Gillespie and Jim Coleman went to Omaha Thursday after the chairs for the community building which the township and village boards had bought.

Mrs. Elizabeth Harding went to Ord on the Tuesday morning bus.

Mr. and Mrs. H. L. Klinginsmith were Sunday dinner guests in the Max Klinginsmith home. The George Maxson family spent Saturday evening with Rev. A. C. Ehret.

Mrs. Ora Dann of Port Angeles, Wash., is a guest this week of C. W. and Fanny McClellan. Mrs. Dann is visiting her sister, Mrs. Frank Miller of Scotia.

Mr. and Mrs. Harry Johnson of Decatur and Edward Johnson of Denver spent Friday night with Mr. and Mrs. George E. Johnson. Saturday morning they went on to Denver and Mr. and Mrs. Harry Johnson were going to Phoenix, Ariz., where both hoped to receive benefit for their health.

George E. Johnson, who had been some better from his sickness, suffered another stroke Sunday and is not recovering as had been hoped.

The Nolo club met Tuesday afternoon with Mrs. Betty Manchester. Mrs. Manchester had charge of the lesson on hobbies. Several collections of hobbies were on display.

Clyde Hutchins has recently purchased the Otto Hill farm west of North Loup which Edward Christensen has been living on. He made the purchase from the Fremont Joint Stock Land company and gets possession this spring. Mr. Christensen will continue to farm it. Mr. Hutchins, who has been living in Monte Vista, Colo., has moved to Pueblo where he has a job as engineer on a 42 mile square bomber plant.

Mrs. Stella Kerr and family were Sunday afternoon and evening guests of Mr. and Mrs. Alvin Tucker.

Richard Palser spent Monday night with his sister, Mrs. Stella Kerr.

Mrs. Elbert Sell and daughter, Coraly Lee of Arcadia spent Thursday with Mrs. Huldah Goodrich and family.

Mr. and Mrs. Bud Beebe and Mr. and Mrs. Stanton Finley spent Sunday with the Emil Barta family of Ord.

Mrs. W. B. Stine, who has spent some time at the home of her daughter, Mrs. Howard Anderson, of Scotia, has returned home.

Bates Copeland, Rev. A. C. Ehret, Will Vogeler and Clem Meyers, Jr., attended the Greeley county coyote hunt Sunday.

Mrs. Merle Worrell came down from Ord Sunday and finding the roads bad, left her car at the Bates Copeland home and went on to her school at Cotesfield on the bus.

A large group of firemen and ex-firemen met at the Legion hall Monday night for oyster stew, doughnuts and coffee. The stew which was prepared by Merrill Wellman, was of excellent quality. After the supper the evening was spent playing cards.

Mrs. A. L. Willoughby entertained a number of ladies at a covered dish supper Monday evening. Most of the ladies husbands attended the firemen's supper.

Mrs. Ruth Warner of Ericson was a Monday night guest of her sister, Mrs. Fred Bartz. She was distributing sale bills in this territory for her sale which is to be held Feb. 17.

Mr. and Mrs. Fred Bartz were Sunday dinner guests of Mr. and Mrs. George Bartz.

North Loup and Farwell played basketball at North Loup on Monday night, North Loup winning 38-34.

The Mid-Loup basketball tournament is to be held in North Loup Thursday. There are to be two divisions in the tournament, the A division between the first teams of the four competing schools, Scotia, Comstock, Taylor and North Loup and the B division between the second teams of the same schools. Cliff Barnes will act as referee for the B division and John Marrow of St. Paul for the A division. The afternoon games will start at one o'clock and the evening games at eight. Trophies which are on display in the Vodehuln drug store window will be awarded at the close of the evening games to the winners.

Mrs. Amy Taylor left on the Sunday morning bus for Victoria, Ill., where she will remain till warm weather with a cousin.

## CUT FLOWERS.

We telegraph flowers anywhere. We are prepared to take care of any order on very short notice. Call us by phone and get the flowers when you want them.

"It pays to buy from Noll"  
NOLL SEED CO.

The fifth and sixth grade staged a ciphering match Friday afternoon with the seventh grade. The fifth and sixth grades won by five points. These grades are also working on spelling contest words and hope to send a number of contestants to the contest in the spring.

Ida Mae Babcock was home from Ord over the week end, returning Monday to her work.

Mr. and Mrs. Aubrey Davis and children and Mrs. Herman Swanson and daughter were down from Rosevale for the day Saturday. Mrs. Hannah Davis who had spent two weeks visiting here accompanied them home.

North Loup schools and business houses went on daylight saving time Monday morning. For the present the early time seems rather difficult for the school children but when the days are a bit longer it will probably not be noticeable. The clock at the cheese factory was set ahead but because of the difficulty of getting the milk trucks around earlier the old schedule is followed.

Mr. and Mrs. Ben Nelson and boys were Sunday supper guests of Mr. and Mrs. Ign. Pokraka.

William Plate is numbered among those who are ill. He is suffering with pleurisy.

Mr. and Mrs. Ray Drawbridge had most of their family home Sunday when Mr. and Mrs. Edgar Crockett, Mr. and Mrs. Elmer Drawbridge and Mr. and Mrs. Harold Housman, all of Omaha, came up for the day.

Other guests were the Pete, Lester and Nels Jorgensen families and Mr. and Mrs. Sam Drawbridge and daughters. Everett Honeycutt and Earl Petersen accompanied them and returned with them also.

Mrs. William Waddington and son of Cairo, who had spent two weeks with Mr. and Mrs. Ed Post returned home on the Monday morning bus.

A daughter, Millie Anne, was born to Mr. and Mrs. Russell Williams Monday, Feb. 9 at the Claud Thomas home. Dr. Cimfal was in attendance. Merle Davis is caring for the new baby and her mother. Mrs. Williams was formerly Marie Thomas.

The Vernon Thomas family who have been quarantined for scarlet fever were released Sunday and Merle Davis, who had been there returned home.

George Eberhart made a trip to Scottsbluff after a load of potatoes Thursday. Clarence Terry accompanied him.

Marcia Rood and Kathrine Severance were Saturday dinner guests of H. H. Thorngate and Vesta.

The C. D. Knapp family were Sunday supper guests of Mr. and Mrs. E. A. Knapp.

Mrs. Mervin Scott and baby went to the Harold Kepp home near Cotesfield Saturday night to spend the week.

Mrs. Bert Williams spent Saturday evening with Mr. and Mrs. Charles Fuller.

Mrs. Jacob John of Ord is spending the week with her daughter, Mrs. Joe Veleba and family.

Edward Psota was a week end guest of friends at Ericson.

Thursday supper guests in the Frank Psota home were Mr. and Mrs. W. W. Wills, Mr. and Mrs. W. H. Elley, Orin Schneider, Irene Barnes and Audrey Psota.

Mr. and Mrs. Anton Psota spent Monday evening in the Frank Psota home.

The Albert and Erlo Babcock families were Monday supper guests of Mr. and Mrs. A. H. Babcock.

The Highway View club met Thursday afternoon with Mrs. Hillis Coleman. Mrs. Melvir Koelling was honored with a shower.

The '42 community club met Friday evening at the school house. The evening was spent playing pinocle. Mrs. Hillis Coleman and Mrs. Clyde Willoughby were hostesses.

Mr. and Mrs. Orville Portis Gordon and Donna, Wilma, Dale and Everett Portis were Sunday dinner and supper guests of Mr. and Mrs. L. W. Portis.

Mrs. Ross Portis and Shirley are spending the week in St. Paul with Mr. and Mrs. Frank Mulligan.

Everett Portis went to Kearney Sunday, to enter an NYA welding school.

Harold Portis was brought home from the Clinic hospital in Ord Tuesday where he had submitted to an operation for appendicitis last week.

A meeting of the directors of the North Loup Independent Telephone company was held Wednesday afternoon last week for finishing the years board Tuesday afternoon this week a meeting of stockholders was held in the community building to elect three new directors and Tuesday next week the new board will meet to organize.

Ethel Jeffries and Evelyn Kosch were week end guests of Mrs. H. L. Jeffries.

Front Wheel Click  
When a clicking noise is heard in a front wheel it usually indicates a damaged wheel bearing and should be given prompt attention.

Cottonseed Oil  
Cottonseed oil is now used commercially as a substitute for olive oil.

## Dr. W. J. Hemphill Passes Fortieth Anniversary as a No. Loup Doctor

(Continued from page 1)

The typhoid epidemic in which his rival, Dr. Hogan, lost his life in 1905 also was a serious one. This epidemic followed a severe spring flood when Mira Creek overflowed and filled many basements in the north part of town. Dr. Hogan's death occurred in July and later in the summer Dr. Hemphill had at least 25 cases of typhoid to attend, among them the entire family of Rev. M. B. Kelly except Mr. Kelly himself. Weeks of constant care brought the whole number back to health.

A severe smallpox epidemic, with whole families down, scarlet fever, measles, whooping cough, bad cases of pneumonia without number, a few cases of spinal meningitis and infantile paralysis have been among the diseases he has fought and conquered.

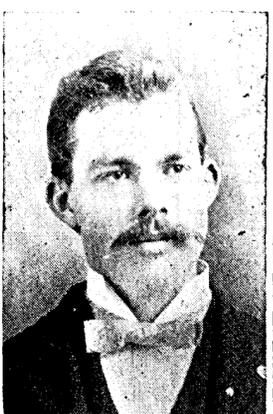

During his early years in Nebraska the doctor drove a team and buggy. The team sometimes ran away and once threw him out of the buggy, injuring him so badly that he kept to his bed

for three days. He was driving to Davis Creek when the accident happened and the team went on to the Matt Brown home where it was recognized and a search for the doctor begun. He was found unconscious and taken home.

Another time Dr. Hemphill had a narrow escape as he was driving to a home north of the Sumner bridge. Before he reached the bridge flood water was up high enough to wet his feet as they rested in the buggy box and just after he crossed the bridge one span went out. He made his call and returned by way of Ord.

In 1907 Dr. Hemphill bought his first automobile, a Holesman high-wheeler with one seat, but still kept the team for emergencies. During the years he has driven nearly every make of car and now drives a Studebaker.

Coldest weather he recalls is 28 below zero, and he has made many a trip that required a scoop shovel to break the trail. In 1913 a trip to Davis Creek was begun at 7 o'clock in the morning and he reached home at 8 in the evening, having been on the

Dr. Hemphill, as he looked when he entered practice in North Loup 40 years ago.

road all that time except one hour spent attending his patient. Born in Potter county, Pa., on July 11, 1873, he was one of a family of eight children. There he worked and attended public school until he was 21 and then, with a working capital of only \$3.50, he entered Milton college in 1893, working to earn his way

and graduating in 1898. In the same year he was married and went to Chicago to seek his medical degree.

In his forty years here Dr. Hemphill not only has ministered to the aches and pains of the community but has served in other ways whenever called. He has been a member of the township, village and school boards and is active in all civic work. At present he is associated with Dr. C. W. Weekes in the Clinic hospital at Ord, where he takes most of his surgical work. Dr. and Mrs. Hemphill have two sons and a daughter, all of whom have followed their father's profession. Drs. Paul and George Hemphill live in Pawhuska, Okla., where they have good practices. For the past two years Dr. Paul has been in the army medical corps stationed at Camp Borkley, Tex., while Dr. George carries on for both of them in Pawhuska. The daughter, Mrs. Gertrude Mitroff, lives in Rochester, N. Y., where she is in medical social work with the city hospital.

May Dr. W. J. Hemphill live to serve his community for many more years.

What is a Fichu?  
A fichu is a scarf draped about a woman's shoulders and tied in a knot at the breast.

DeClan Flynn Fined  
DeClan Flynn, of Sherman county, was fined \$1.00 for operating his car without a driver's license and \$10.00 for passing a stop sign, in county court here last week. His arrest by a highway patrolman came as a result of an accident in which Flynn's car struck a truck driven by Elwood Evans at a highway intersection east of Arcadia.

## Davis & Vogellanz, Attorneys. NOTICE OF HEARING.

Clarence Reed, of Ord, was an Arcadia and Loup City visitor Wednesday.

Mr. and Mrs. Glen Beaver drove to Scottsbluff Saturday to help Seth Carmody move his household goods to the farm vacated by the Beavers. Because of the deep snow the load had to be left at Alliance.

Hostesses to the Congregational Aid Thursday (today) are the Mesdames D. O. Hawley and L. C. Arnold.

Mr. and Mrs. Bryan Owens have moved to the P. W. Round farm vacated by the Leonard Camp family.

Don Murray was an Ord business visitor Saturday.

Mr. and Mrs. LaVerne Duemey were in Arcadia Friday where the former took several pictures of local interest for the Ord Quiz. This is to be a regular procedure every two weeks, on Friday. If anyone has something that would make a good local picture please telephone Mrs. Don Murray.

Gerald Murray has been transferred from Ft. Sill, Okla., to Camp Berkeley, Tex., E. Btry, 160th F. A.

A manual training class will meet every Friday evening at the Congregational church basement. Everyone is welcome, adults and children, and the small fee of five cents an evening will be charged. Alberta Russell will be in charge of the class and members of the Congregational junior choir are especially interested.

Loup City and Arcadia play basketball Friday evening, Feb. 13.

George Forbes and Roy Hill were Broken Bow visitors Saturday.

## Junior Choir Popular Feature at the Congregational Services

Popular at services of the Congregational church of Arcadia is the Junior choir, pictured above. It was organized by Mrs. Albert Strathdee and is directed by Miss Alberta Russell. At the start of services, this choir enters from the back of the church and marches to its place singing "Holy, Holy, Holy." A special number is given at each service and the choir is working on solos and duets. In the picture, left to right, are: Front row—Rev. Taylor, pastor; Winifred Russell, Florence Sell, Jean Hagood, Arlene McCleary, Robert Clark; second row—Mrs. Taylor, Donna McCleary, Elizabeth Hagood, Rae Jean Brown, Mrs. Jim Hagood. Dixie Clark is at the piano. Members of choir but not in picture are Luella Stone and Gene Moody.

Those attending a Rebekah meeting at Sargent last week were Mesdames G. Evans, Vernie Toops, Orville Woods, Jim Meyers, Dietz Woody, Alvin Smith, Bryan Owens and Clyde Spencer.

Mr. and Mrs. Kenneth Hawley were Thursday evening dinner guests at the Glen Hill home.

Last Wednesday night several new members were initiated into the Rebekah lodge. They included Mesdames C. C. Hawthorne, Jess Waddell, Ed Slocum, Orville Sell and Dwight Brundage.

Mrs. G. T. Peterson, sister of Mrs. Jack Wilson, left for her home at Brooks, Minn., last week.

Guests at the Elmer Bridges home last Sunday were Mr. and Mrs. John Minnie of Burwell.

Mr. and Mrs. Raymond McDonald and Mrs. Mary McDonald drove to Boelus last Tuesday where they visited at the W. F. McDonald home.

Mr. and Mrs. Albin Pierson were last Sunday guests at the Carl Larson home.

Mr. and Mrs. Dave Meyers of Aurora visited at the Jim Meyers home last Sunday.

Mr. and Mrs. Martin Lewin are at home at 4102 Touvalin Ave., in Lincoln.

Mrs. Clarence Reed and Douglas of Ord visited at the Don Murray home last Wednesday.

Olis Bellinger drove to Ord Sunday where he joined Harold Cuckler, and together drove to Omaha where they attended a Gamble store convention until Tuesday.

Mrs. Harold Benson, who has been very ill at a hospital in Eldorado, Kas., shows improvement but is not out of danger. Mrs. Benson will be remembered as Gloria Shetler.

Mrs. Inez Lewin, Mrs. Melvin Swanson and Linda Ann and Miss Marie Furst were Loup City business visitors Saturday.

Mr. and Mrs. Don Pilger of Loup City spent the week end in Arcadia.

Mrs. Jennie Milburn was hostess at the Fred Milburn home Wednesday to the Rebekah Kensington.

Neighbors and friends gathered at the Bob Leininger home on Friday evening for a miscellaneous shower for Mr. and Mrs. Leininger. The latter intends to begin housekeeping on the farm vacated by the Orville Gregg family. Mrs. Leininger will be remembered as Ruth Travers.

Mrs. Robert Scott called at the Clayton Shepperd home on Tuesday.

Mr. and Mrs. Jess Waddell and family accompanied by Mr. and Mrs. Marvin Coons and George Greenland, drove to Omaha Sunday where the former will visit until Friday at the Orvis Hill home and Jess will also attend the Farmers Union convention.

A basket, pie and plate supper was held at the Dunham school last Wednesday evening and the proceeds were donated to the Salvation Army.

Garland McCleary of Wausau, Wis., and Mr. and Mrs. Maynard McCleary of Minneapolis, Minn., came Sunday to spend a week with the men's parents, Mr. and Mrs. Esper McCleary, and other relatives. The former plans to enlist in the air corps.

Orville Rogers spent the week end in Lincoln.

Mrs. G. F. Dean entertained at bridge last Tuesday evening.

A patriotic community sing will be sponsored by the Congregational Aid at the Congregational church Thursday, Feb. 19.

Mr. and Mrs. Floyd Armstrong and family left last Wednesday for Hillsboro, Ore., where they plan to find employment.

Normal trainers have been cadeting in the lower grades. Hope Milburn in the 1st and 2nd grade room; Ona Mae Toops in the 2nd and 3rd room and Stanton Jones in the 6th grade room.

The Boy Scouts have three new members, namely, Beryle Gregory, Leland Finey and Junior Waterbury.

Henry Nehls of Kearney spent the week end visiting at the home of his parents, Mr. and Mrs. Chas. Nehls.

Mr. and Mrs. Fred Whitman visited at the Oak Hickman home southeast of Arcadia last Sunday.

Mrs. Emma Marion spent several days at the John Pester home last week.

The Up to Date club met at the home of Mrs. W. J. Ramsey Feb. 3. 18 members were present and answered roll call by giving their favorite painting. An art exhibit from the Hayes Creek school was shown of art appreciation, of which Miss Alberta Russell is teacher. Feb. 17th the club will meet with Mrs. George Travis.

Civilians wishing to enroll for voluntary service in any kind of defense work are urged to register. Mesdames Carl Deiterich and Charis Bellinger are in charge.

Seventeen members and fourteen guests were present at the all day meeting of the American Legion Auxiliary. A letter of appreciation from John Hagood for the birthday card and treats had been received and was read. A wool quilt top made by Mrs. Duryea was tied and finished. Treats will be sent to Alvin Holmes and Charles Kudlac who have February birthdays. Next meeting was Tuesday Feb. 10 at the Harold Weddel home for an all day meeting with non-members as hosts.

A cablegram from San Sargine to Clyde Sawyer from his son, Kelsey, who is with the merchant marines stated he is safe and hopes to come home in April.

Mrs. Lily Bly spent a few days at the Esper McCleary home on Clear Creek.

Mr. and Mrs. Curtis Whited of Boise, Ida, are the parents of a son born Jan. 16. Mother was formerly Edna Bonsall.

A request for another \$150 for the Red Cross has been made.

An invitation was sent by the Community club to Dr. Herman Klima of Tyndall, S. D., to locate at Arcadia. The Community club will meet at 8:00 instead of 7:00 to accommodate the farmers.

Visiting at the Tom Dalby and Bert Ryan homes are Mr. and Mrs. Joe Peterson of Cheyenne, Wyo.

Rev. Carlson of Stromsburg conducted a service at the Balsa church Tuesday evening.

Mr. and Mrs. L. B. Burdge of Omaha are the parents of an 8 lb. 9 oz. son, born Jan. 14. The mother was formerly Betty Rettenmayer. Mr. and Mrs. Otto

Rettenmayer, grandparents of the baby, plan to visit the new baby soon.

Ora Russell went to Aurora last Thursday.

Arthur Easterbrook and Fred Murray each shipped a carload of sheep to Omaha Thursday.

Mrs. W. D. Kingston was injured last Sunday when she fell down a furnace register which had been removed for repairs.

The Arcadia school sponsored a lecture "From Ants to Elephants," Friday evening at the high school auditorium. Mr. Channing Beebe was the lecturer, and illustrated his interesting episode with colored slides. He also had an unusual collection of native ornaments and costumes, implements of warfare and hunting trophies.

Mr. and Mrs. Orville Gregg are the parents of a girl born Jan. 25 at Ord.

Persons wishing to contribute iron, paper or rags for defense, may leave it at the Arcadia lumber yard. Other metal and rubber may be left at Marvel's garage. Rev. E. A. Smith, Jess Marvel, U. G. Evans, Lloyd Bulger, Paul Holmes, Mrs. Harold Weddel, Lyle Lutz and Mrs. Thurman Bridges are on the salvage committee.

## S. W. Roe's Nephew Develops New Corn

Dr. Paul Harvey, eldest son of Mr. and Mrs. Will Harvey, and a nephew of S. W. Roe of Mira Valley, is making a name for himself at the North Carolina state college, where he has been experimenting in the development of hybrid corn suitable for the climate there. He was employed there in March 1939, for that line of work, and he is now meeting with marked success.

He has developed and is ready to distribute to the farmers in limited quantity five hundred hybrid varieties which averaged 15 percent above the average of standard varieties. In some cases the hybrids have yielded as much as 30 percent above the average. Dr. Harvey received his primary schooling in Nebraska, and is a graduate of Iowa State college.

**Ord Boy Honored.**  
Mr. and Mrs. Henry Zikmund and Mr. and Mrs. Rudolph Koupal went to Lincoln Wednesday to see and hear Dick Koupal in the part of Turridu in "Cavaleria Rusticana" that evening. The famous opera was given in costume at the Temple Theater two evenings, two casts alternating in the parts. Many former Ordites were in the audience and were delighted with Dick's voice in the part. His parents and the Zikmunds returned home after the opera.

**Ord Clinic Hospital.**  
Mrs. Ella Rasmussen was dismissed from treatment Monday Gregory Stillman, of Scotia underwent major surgery Friday. He is a patient of Dr. Weekes.

Mrs. Howard Barnes is a medical patient under the care of Dr. Weekes.

Charlie Clochon is in the hospital after major surgery performed Thursday.

Mrs. Elmer Duryea, of Scotia, is a medical patient in the hospital.

Mrs. Clyde Willoughby is being attended by Drs. Weekes and Hemphill in the hospital.

LaVern Ludington injured his knee Saturday and was brought to the hospital for treatment.

**Catches 17th Coyote.**  
Harry Hughes was down from Burwell Monday with his pack of hounds and caught a coyote south of Ord, which is the 17th he has captured this winter. He says the rough country south of Ord east of the Loup City road, holds many coyotes and he has caught several there this season.

## Fraternal Societies Were Life of Early Ord

This is the story of a chapter in the history of the community that many recall with regret because it now is history. It is a brief story of fraternal societies as shown through the columns of the Quiz, and also from personal observation. There have been fraternal organizations in the community since the beginning. Some still exist, some are inactive, some have disappeared from the scene.

We can only explain this condition by saying that it is another case of survival of the fittest. No amount of boosting will help an unworthy cause, and the knocker does not live who can hurt the organization worthy of success. Some fall by the wayside because of lack of interest among the members, others because of lack of ability in the leadership.

In the early eighties there were four fraternal organizations mentioned in the columns of the Quiz. The A. F. and A. M., Ord Lodge No. 103, headed the list at that time. A. D. Robb was worshipful master, and D. J. Martz was secretary. The Masons are still going strong after about 60 years. They met on a Wednesday evening then, and they still do.

Footnote No. 40, G. A. R., was very active then, possibly more so than the American Legion is today. By the very nature of its organization it was doomed whenever its members died. The outstanding men of its community were found in its membership. Joseph Chapman was commander, and W. F. King was adjutant. The G. A. R. is only a memory, but the Ladies of the G. A. R. is still an active organization.

I. O. O. F., Ord Lodge No. 90 was holding regular meetings every Saturday evening. Henry Nelson was noble grand, A. M. Robbins was secretary. They built their own home then, and still own it, but only a few members are left in Ord. The Rebekahs, however, are still an active organization, and hold regular meetings.

The A. O. U. W. (American Order of United Workmen) Valley Lodge, was meeting the second and fourth Mondays of each month, and were a very active organization. S. A. Stoner was M. W. (Master Workman?) and W. L. McMullen was R. (Recorder?). Possibly there may be persons in Ord who still keep up their insurance in this organization, but no meetings have been held for many years.

Of the four fraternal organizations active in Ord then only the Masons remain so. It is different with the churches. There were the Methodists, the Presbyterians, and last of the three, the Baptists. The first two are still the leading churches of the town. Many others have come with the years, but the Baptist organization fell by the wayside.

As time went on, other organizations were formed, the Modern Woodmen being one of these which flourished for a time, and then ceased to exist as an active body. The Knights of Pythias came into being, had a most active and useful life, and then returned to the inactive status. These are but a few of the many that have had a life of usefulness in the community.

Two organizations should be of special interest to the public, if only from the connection they had with local affairs, and the influence they exerted in the community while they were active. These were the American Order of Protection, and the Tribe of Ben Hur.

The former will always be remembered because of the fact that it was organized by a group of local men, and that its most

**Albatrosses Fly Around World**  
Ornithologists and seaplane pilots believe that most albatrosses fly around the world several times during the course of their lives, says Collier's.

**Quiz want ads get results.**

**Grohe's Soft Feeding Nu-Bred and Hybrid Seed Corn**

We have a good supply of high quality Nu-Bred and Hybrid Seed Corn. This seed is grown in Valley county under the direction of the John Grohe Seed Farms of Schaller, Iowa.

Our Nu-Bred corns made a good record for itself last season by being one of the top yielding corns in this territory and the quality was surpassed by none.

Our Hybrid is of the soft feeding, wide kernel type and was grown by Evet Smith of Ord, Nebr.

Every farmer that inspected this field of corn, said it was the finest field of corn they saw last season. It will pay you to place your order for some of this high quality seed while our supply lasts.

For information see or write  
**JOHN O. EDWARDS**  
Field Manager  
Ord, Nebr.

## Beginning Typists at Arcadia Competing Among Themselves

Miss Marie Furst's class of beginning typists learn by competing among themselves, with the improvement made by each recorded on the chart seen in the background, and excellent results have been obtained by this method. In the picture are seen Neta Bellinger, Hope Milburn, Arlis Holmes, Lilas McDonald, Helen Skinner, Doris Easterbrook, Frances Kerchall, Lydia Stunkel, Arlene Collier, Josephine Fells, Doris Nelson, Marion Trefren, Leonard Hrubny, Lydia Saunders and Brice Owens.

# Hitch Hikers

Out-of-town printers that grab business that rightfully belongs to home-concerns are a good deal like hitch hikers. They let somebody else furnish the vehicle and the gasoline and they just ride along.

Communities in which people make their living and enjoy the companionship of neighbors do not just happen. Real citizens gave investments of time, money and hard work to build them. These citizens should have the fruits of their labors. In the case of business people this should be in the form of patronage of the people of the community.

When you consider the idea of giving your printing orders to an out-of-town concern, ask yourself questions like these:

- (1) What has this concern done to help build the community?
- (2) Has this concern or its representatives taken active part in community affairs that benefited me?
- (3) Does it pay taxes here?
- (4) Does it help maintain our schools, churches, roads and other public service in this community?

The answer to these questions will tell you that it is fair and honest to deal with home institutions like your local newspaper. It is a community builder and not a hitch hiker.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

# United Nations Rush Reinforcements To Far East Battle Fronts in Effort To Check Spreading of Jap Attacks; Nazis Again Take Offensive in Africa

EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

Somewhere in the Pacific ocean, this dramatic picture taken of a U. S. navy offensive patrol plane carrier being circled by a navy dive bomber as it begins its anti-submarine duties. Note in the picture that on both the side and underpart of the plane there have been indications of certain parts and insignia which might give information to the enemy. Also on the top rigging of the carrier you will notice further indications for the same reason.

## LUZON: Epic Battle

Hailed as an epic of warfare that would live in all history, the defense of Bataan peninsula and of the fortresses holding the entrance to Manila bay had been diverting large Jap forces needed elsewhere than in the Philippines.

The adding to MacArthur's embattled and smoke-begrimed army of a battalion of bluejackets and marines was welcome news and showed that perhaps not all of the men of Cavite and Olongapo had been withdrawn, but that they had been given a post of honor with the defenders.

Up on the Mariveles mountains they were entrenched, and no matter what strength the Japs hurled against them they were holding firm. On one moonlit night a whole regiment of small boats moved down the coast, using the same tactics that had hurled the British back on Malaya.

The effort was to get in on MacArthur's flank and confuse the defenders, at the same time signalling for an offensive on the central front. But the shore defenders and artillery opened up on the Jap invaders, left scores of them struggling in the water, and the few that made shore were quickly mopped up by the Filipinos.

There was apparently at least one Japanese warship which managed to run through the eight-mile strip of water between the fortresses at the entrance of Manila bay.

One of the United States' intrepid torpedo boat skippers, piloting his tiny craft at close to 80 miles an hour, swept down on her in the moonlight, and launched two torpedoes which struck the ship. She is believed to have been sunk.

The attack was carried out directly into the glare of the warship's searchlights, and under the full power of her guns, but so skillfully did its skipper maneuver that she was not struck, and escaped with all hands to tell the tale.

## WAVELL: And Reinforcements

The statement by General Wavell that "great reinforcements" were to arrive, and calling on the Singapore defenders to "defend the city as Tobruk was defended" was more than a little significant.

Tobruk was the bastion that held out for months despite being surrounded on three sides by Axis forces anxious to wipe it out, and finally was relieved by the allied winter drive.

Wavell's statement to the Singapore army smacked of a situation which might see sufficient reinforcements sent to Malaya to do the same thing, not only to relieve the garrison, but send the Japanese on the run again.

Whether this reinforcement was going to be sent to Singapore itself, or whether a method was to be found of striking at the Japanese rear, which might be lightly held, was not revealed, but either method, it was pointed out, might work.

No British commentators felt that the war in the South Pacific would be lost utterly if Singapore was to fall, but the ability to hold the East Indies would immeasurably be weakened if this was to happen, hence Wavell's strong appeal to the city's defenders to hold out at all costs.

## GERMANS: Not Out Yet

Reading endless stories of Russian successes in battles on the east front, and the continuous hammering back of Rommel's forces in north Africa had brought many over-optimistic souls to feel that the war was over, and that all which remained was some sort of mopping up process.

The turning of the tide in north Africa, and the success of German counterattacks in the Crimea showed that with favorable weather conditions the Nazis were still very much to be reckoned with.

The Crimea was a much warmer battlefield than the 40 below zero northern sectors, where the Russians, undiscouraged by the cold, and more at home in such weather, were able to hurl the Nazis back constantly on a wide front.

But the minute the weather moderated in the Crimea, they found themselves more or less up against a stone wall.

On the British and American forces was falling the brunt of the Japanese blitz, and its successes on Malaya and in the Philippines showed that this was no minor war, but an effort against powerful antagonists.

Therefore events generally pointed to what Washington had assured the people was coming—a long and bloody war, not to be lightly won.

Though, generally speaking, the news was not as unfavorable as it might have been, there was much less to be cheering about than there was to be worrying about, and the seriousness of the situation was apparently keenly appreciated by all those in power, including the President, his cabinet and the congress.

## RUBBER: Keeps Coming

Although tire rationing was apparently here to stay, the rubber situation was relieved somewhat when it was announced that shipments from the East Indies were continuing at almost a normal pace.

A glance at the map showed that considerable areas of the Dutch East Indies were still technically out of the active war zone, and the defeat of the Japanese armada in the Makassar straits halted a Jap threat which might have halted much of the rubber shipping summarily.

Jesse Jones, secretary of commerce and Federal Loan administrator, was author of the statement that rubber shipments continued to be received.

He said enough had come in materially to increase the United States' reserve supply. For instance, since the war started, on December 7, he asserted that 114,000 tons of raw rubber had been received, truly a considerable amount. He said:

"We are unloading some every day, and rubber is being shipped every day from the Dutch East Indies. We will continue to get it as long as we can keep the lanes open, and as long as they can load it. "Some rubber is still coming out of Singapore."

This was even after the city had gone under siege. The Japs had launched an air attack on Sourabaya, which was the only major Javanese port to undergo such a war blow, but it was recalled that it would take more than an air blitz to put a huge port like this out of normal action.

## General Wounded

General Clinton A. Pierce, who has been reported wounded in action in the Philippines. He is the first U. S. general wounded in action in World War No. 2. This picture was taken before the outbreak of the war in the Pacific.

## SINKINGS: Continue Heavy

The U-boat raids on the North Atlantic continued heavy, with a total of 16 ships attacked of which two escaped and 14 went to the bottom, with about an average loss of life.

Since our entrance into the war, two navy tankers had been torpedoed, the first managing to reach Iceland under her own power, but the second one, the Neches, going down with a reported estimated loss of 56 men, with 126 men escaping to fight again.

The location of the Neches' torpedoing was not immediately announced by the navy, but ship losses had been small in the Pacific after Pearl Harbor, more than equalled two to one by Allied sinkings of Jap ships.

There were growing reports of Allied naval strength in the Pacific, showing that increasing numbers of ships were active in those waters, and in one case having carried the attack to the Japanese-held Marshall and Gilbert Islands, generally in the Australia defense zone, with terrific results.

In this action, though no strictly war vessels of Nippon were sunk, the navy reported several auxiliaries were sunk and damaged, which might include tankers, transports, supply ships used for naval purposes.

That our forces lost 11 planes but no ships showed that probably one of our aircraft carriers was in the neighborhood, and that a vessel of this size was being used in a task force offensive action demonstrated that Admiral Nimitz was keen on getting even with Japan for Pearl Harbor.

## RUSSIA: Buying Insurance

The Russians, having fought the Germans back considerably past their announced "winter line" on the northern sectors, might be said to be buying insurance against the Nazis' spring drive.

Some observers, including Senator Tydings, in addresses had warned that the Germans had some 100 divisions of soldiers that they had been holding out of action, just for the spring offensive against Russia.

The Red armies were not, however, believed to be losing anywhere nearly as heavily on the whole front as were the Germans, so this taste of victory, even though temporary, was expected to stand them in good stead when the time comes to hang on after May 1.

Experience of 1940 and 1941 was that the Russian winter would not break until about that time, to any appreciable degree, and at that point the Germans might be expected to launch another all-out attack.

The Red armies were well into Smolensk province, reporting that the Germans, instead of fighting holding actions, were now hastily moving back to better fortified lines, and trying at all costs to save as much material and as many men as possible.

It was considered probable that the Russians would be able, before the coming of spring, to shove the Germans at least back to Smolensk, thus giving the Nazis 200 miles to cover in reaching Moscow again, a distance that the Russians had already fought over twice, once going and once coming, and which they would defend even more stubbornly than the first time.

And they would, it was pointed out, be able this time to get an ever-increasing amount of Allied aid, and not be subject to the same quality of surprise which gave the Germans so much advantage the last time.

The battle-lines now being so well drawn, it would be impossible for the Nazis to gain much momentum.

## INSURANCE: On War Damage

The senate, by passing a bill giving owners of property free insurance up to \$15,000 for war damage, showed that it is willing still further to commit the public credit to eventual victory in the war.

Some senators brought up the point during the debate that if property owners are to be given insurance without paying premiums, why should not the congress also give free insurance to civilians killed as the result of the war.

# Burwell News

Written by Rex Wagner

Keith DeLashmutt, who is a student at the University of Nebraska, came home for the week end. Keith now lives in the Sigma Nu fraternity house. Harold White, the elder son of Mr. and Mrs. E. M. White, is his English instructor.

Mr. and Mrs. Ralph Douglas and Beth Ellen of Franklin spent Wednesday and Thursday in Burwell where they visited their friends. Mr. Douglas sold his livestock and machinery at a public sale Monday. He plans to enlist in the army. From Burwell the Douglas' went to Silver Creek where she visited her mother while he went on to Omaha and Lincoln where he attended to business matters. Mrs. Douglas was honored at a tea in the home of Mrs. Henry McMullen Thursday afternoon. They were overnight guests of the McMullens Wednesday and dinner guests in the F. F. Wagner home Thursday. Beth Ellen has acquired the art of walking since she moved from Burwell.

Mr. and Mrs. Jesse Worley of Bird City, Kas. were called to Burwell last week by the critical illness of her mother, Mrs. W. W. Udell. Mrs. Udell has improved in health and Friday the Worleys returned home. Thursday evening they were dinner guests of Mrs. F. A. Downey.

Miss Mildred Hummell spent Thursday in Grand Island.

The Misses Marie and Amelia Mathauer were informed Thursday that they had passed civilian service examination for the position of senior typists and were asked to report in Washington in two weeks. Marie teaches a rural school in Valley county near Comstock. Amelia is County Attorney Manassil's secretary. Last week Miss Alaire Pulliam was offered a civil service appointment in Washington but she decided to remain at her present job in the county assistance director's office.

Miss Lela Moorman of Clarks spent the week end in Burwell where she was a guest of her sister, Mrs. Eugene Hallock.

Mr. and Mrs. Ed Messenger have received a letter from their son Jack, who is now with the marines at Samoa, a Pacific island southeast of Australia. Jack writes that he is one of the five thousand marines who are now establishing a base on the island. He does not plan to be on the island long as he believes the marines will be replaced by army forces after the base is established. Jack says that since the climate is almost unbearably hot the marines wear only trousers, belts and shoes and that the natives wear scarcely any clothes at all. The natives do not speak English and with the exception of the chief the marines cannot converse with them. Jack was one of the party sent to interview the chief soon after the marines landed. He was led into the chief's hut where he was asked to sit on a white rug which the chief brought out especially for him. The chief gave him a ring which is quite similar to the leg rings used for marking chickens here. Jack has sent the ring to a girl friend.

The letter was mailed in San Francisco, Jack having given it to a friend who was returning to the states. It was not censored. Jack writes that the trip to Samoa required fifteen days. He enlisted in the marines last September.

O. A. Norland left on the morning bus Sunday for St. Louis where he will attend Market Week and purchase spring and fall goods for the Golden Rule store. He plans to be gone about two weeks. During his absence Raymond Hahn is assisting in the Golden Rule store. He and his parents drove to North Platte Sunday to bring the Hahn's personal effects to Burwell where they will make their home.

Mr. and Mrs. Frank Witt and family have moved from town to the farm north of Burwell where the Austin Andersons used to live. Mr. and Mrs. Clarence Powers and family have moved from the Mounger apartments to Burwell where they acquired when they traded their filling station at Bassett to Leo Demaree.

Mr. and Mrs. Leo Demaree and Don visited relatives and friends in Burwell Saturday and attended to business matters. Their son, Carroll, plans to enlist in the army soon.

Mr. and Mrs. Carl Hall and their granddaughter, Nadine, of Madison Square were guests of their son-in-law and daughter, Mr. and Mrs. Frank Kokes in Burwell Monday. They were returning from Grand Island where they had spent Sunday with Nadine's parents who live in Lincoln but who met the Halls in Grand Island so that they might see their daughter.

Considerable moving around has occurred on the north side of the square. Rutar's Hatchery now occupies the Farmers Union building. Lakin and Massey's feed store which formerly occupied this location is now installed in the Hennich building which Mr. Massey has purchased. Mrs. Hennich and her household continued to occupy the upstairs but she has moved her beauty parlor into the little white building north of the bank. Glen

Auble has moved from this building to the rooms over the Council Oak store where he formerly had his office. Charley Schulling will soon move his Skelgas store into the southwest corner of Larietto ballroom which is being prepared for his occupancy. His moving will enable the Loup Valley Cooperative Cannery to use the entire building in which it is located.

Miss Florence Donner has given up her work as a beauty operator to take nurse's training. She is now a student nurse in the hospital at Hoisington, Kas.

The stockholders of the Loup Valley Cooperative Cannery are holding their annual meeting in the court house today. Practically all of the 1941 pack has been sold but a considerable portion of it has not yet been delivered according to Orville Marquardt, the manager. The wholesale companies who have purchased the goods appear to be very well satisfied with the quality and a number of them have submitted bookings for next season. Mr. and Mrs. Marquardt and son returned Saturday after a four day trip to Omaha, Lincoln, Nebraska City and Grand Island where Mr. Marquardt contacted buyers. Fred Mauch went to Omaha on Monday where he has been attending the state convention of the Gamble store managers. He is expected to return home today.

Dale Bredthauer drove to Omaha today where he will spend the remainder of the week attending to business matters.

Carl Shafer of Valore, Mont., was a guest in the Robert Draver home Sunday and Monday.

The condition of Mrs. M. B. Goodenow shows marked improvement, according to Dr. Smith, who has been attending her. Her son-in-law and daughter, Dr. and Mrs. G. I. Mills, are not coming from Hot Springs N. M., at this time.

Mr. and Mrs. Don Hughes were dinner guests Sunday in the home of his parents, Mr. and Mrs. Otis Hughes in Ord.

Mr. and Mrs. Ray Nelson and family of Kearney spent Saturday in Burwell where they were guests in the Vernon Huckfeldt home. They also visited his parents, Mr. and Mrs. Mike Nelson.

Vernon Huckfeldt drove to Omaha Sunday where he spent the following day attending to business matters.

Miss Myrtle Clark took her sister, Mrs. Roy Marth and Gary to Valentine Sunday where they will make their home. Mr. Marth has been in Valentine several weeks where he is employed in a bakery.

A son was born Febr. 3 to Mr. and Mrs. Vernon Stanton in the home of Mrs. Luther Pierce. Dr. Cram was in attendance. The lad has the distinction of being Tom Banks' first grandchild. He also is the first great grandchild of Mrs. Emma Barrett and William Banks.

Albert Bolli drove to Grand Island Thursday where he met his brother-in-law, Eldon Garska, who had come from Paxton to take his physical examination for induction into the army. Eldon returned to Burwell with Mr. Bolli.

Oney Anderson suffered a severe gallstone attack Sunday, which has kept him home from the store for several days.

Mr. and Mrs. J. J. Meyers and Mrs. A. C. Duncan drove to Omaha Saturday. They returned home Sunday.

Mr. and Mrs. George Johnson, jr. and family of Elgin and Mr. and Mrs. H. A. Philipps and family drove to Beardwell Sunday where they were guests in the George Johnson, sr., home.

B. J. Merchant, an aged and prominent citizen of Elgin died Sunday night. He was a brother-in-law to George Johnson, sr., of Beardwell and an uncle to Mrs. H. A. Philipps and Mrs. Guy Anderson of Burwell. Mr. and Mrs. Johnson and Mr. and

## Saturday, February 14

MILDRED KASPER, Manager

Viola Svoboda	Martha Golka
Alice Smith	Ella John
Marie Robbing	Elsie Whiting

Mrs. Phillipps attended Mr. Merchant's funeral which was held in Elgin.

Orlin Shires, Burwell's assistant coach, will be one of the youths who will leave tomorrow to help make up Garfield county's selective service quota. Mr. Shires is teaching his second year in Burwell where he has been a very successful and popular instructor. Monday night the entire student body of the high school held a party in the gymnasium in his honor. Mr. Shires was presented with a gift. Tonight the members of the faculty are having a farewell dinner complimentary to Mr. Shires at the Burwell Hotel.

—Vernon Beran was a Grand Island business visitor for the day Friday.

—Word has been received from Donald Dobberstein by his sister, Mrs. Willard Conner. He is somewhere in Hawaii, and likes the army fine.

—Alvin Jensen was here for a day or two last week visiting his relatives and friends. He is now located at Scottsbluff, but his work as highway patrolman takes him away from the town most of the time.

—Mr. and Mrs. Harold McClary and son of Lincoln, Mrs. Ralph Bennett of Grand Island, Mr. and Mrs. George Smith of Grant, Mr. and Mrs. Richard Schwartz of Grand Island and Mr. and Mrs. Clarence Bolli of Ballagh were here last week to attend the funeral services of John Boyce.

—Mrs. Ed Kruml and infant son returned to their home at Ericson last Wednesday. She had been cared for in the home of Mrs. Elliot Clement. Her mother, Mrs. Fred Stephenson of Omaha, accompanied her to her home for a visit of a couple weeks.

## PERSONALS

—Mrs. Ed Stillman and Mrs. Elmer Duryea of Scotia called on Mrs. Ed Kruml and baby several times while they were in Ord.

—Mrs. J. W. McGinnis went to Omaha with Mr. and Mrs. Kent Ferris Friday to have her eye checked by the doctor.

—Mrs. W. B. Hoyt left on the bus Friday morning for her home at Wilmington, Calif. She had been called to Ord by the death of her mother, Mrs. Joe Clemmy.

—Mrs. Leon Wozniak, and not Mrs. Tom Wozniak as reported by the Red Cross last week, donated the goose sold recently at the sale barn for the Red Cross.

—James and Edward Curran, sons of Mr. and Mrs. Maurice Curran of Greeley, visited their grandparents Mr. and Mrs. Frank Jurzenski last week.

—Oliver P. R. Bell came from Hastings with Truman Gross last week and was here to attend the National Farm Loan meeting Wednesday. He returned to his home in Hastings Thursday.

—Glen Banks was helping at the Jack and Jill last week in the absence of James Wachter, who dislocated his hip about three weeks ago, and was up and around, but not ready to return to work.

—Marvin Wampole came home from the CCC camp at Broken Bow Saturday morning, and was due back Monday morning. However the snow cut down the traffic, and he was unable to find a ride. He headed out of town Monday afternoon, expecting to pick up a ride along the highway.

## HIGHLIGHTS . . . in the week's news

Washington: A Portland, Ore., college president, Dexter Keezer, and a former editorial writer, has been made assistant administrator of the Office of Price Administration, directly under Henderson.

London: It was announced that Darlan, Vichy government head, had agreed to send two shiploads of aid to General Rommel in Libya weekly, putting the supplies ashore at Tunis.

New York: Tommy Manville, asbestos heir, to whom war was a side issue, announced he would take his sixth bride April 9, and would stay married this time. No. 6 would be, he said, Madge Lowe of Toronto, 23. She had been divorced.

Washington: Capital circles were stirred by reports that American aid to Russia had fallen below 50 per cent of the amount promised.

Your Most Economical Food Is Still

# MEAT

Meat prices are higher, true, but so are the prices of other foods and now, as always, meat is your most economical food.

Here at this market we keep meat prices at a minimum by doing our own butchering and processing and, after all, there are no better cattle feeders and hog raisers in the world than the Valley county farmers from whom we buy the hogs and beef animals we butcher.

Eat plenty of meat for health and strength; for economy be sure it comes from this market.

## North Side Market

LARGE SHIPMENT OF NEW

# FURNITURE

JUST PLACED ON OUR FLOOR

This large shipment was purchased last year, at prices much below those quoted at present. For quick sale we will pass the savings on to you. This is an opportunity for our customers to make quite a saving on their spring purchases.

If you are interested in studio couches, you will find more than a dozen different styles and covers to choose from, priced for quick sale, from very good frames and fine covers down to cheap ones.

We have a large showing of bedroom suites from \$29.50 up. We have dining room suites in genuine walnut, very fine. It will pay you to make your selection from suites we have on the floor, as the next shipment will be higher.

We still have some very good bargains in spring-filled mattresses.

Do not delay buying metal beds and springs. They can yet be had at reasonable prices.

If you are interested in furniture it will pay you to see us soon.

## Farm Loan Group In Anniversary Here Wednesday

(Continued from page 1)

When these national farm loan associations and the Federal Land bank were chartered back in 1917, S. D. Thornton, Jr., representing the Federal Land bank of Omaha, told the farm gathering.

"Another armament boom was on then—prices were soaring—some of us lost our head... and our homes."

"This time let us make our improved income count for our permanent security. We can do it on the farm by paying our debts instead of taking on more debts—by building up financial reserves for lean periods—and by carefully guarding against over-expansion. Above all, let us not mortgage the home place to buy another and run the risk of again losing both."

Frank Reece, fieldman for the Federal Land bank, indicated the desire of the bank to be of service in all financial matters to worthy farm borrowers.

The members re-elected to office were H. C. Bohy of Sargent on the Loup Valley N. F. L. A. board, Mrs. Nellie Oleoit of Burwell to the Burwell association board, and Joe Wadas of Ord to the North Loup Valley association board. These directors were each elected to serve 3 year terms.

In honor of W. J. Hather's rounding out 25 years of generous service as president of the No. Loup Valley National Farm Loan association, the other directors presented him with a pen and pencil set as evidence of their esteem for him.

During the course of the day numbers were drawn for various cash door prizes. Dinner at noon was served by the ladies of the Methodist church. Among the entertainment features were musical numbers provided by the Ord high school and an illustrated lecture "A Voyage to the Orient," by Robert Vance, noted traveler and writer of Milford, Nebr.

## Annual Meeting of Co-op Oil Co., Held Here Tuesday

Report Shows Most Successful Year in History; Noll, Hastings Relected.

The annual meeting of the Ord Co-operative Oil company was held at the Legion hall Tuesday afternoon, with a large number of stockholders present. Present also were representatives of the Consumers' Cooperative association of Kansas City, Emmett Saltee, fieldman, and R. Zerbrucken, auditor.

Mr. Zerbrucken audited the books of the company that morning and he gave the report, explaining and illustrating it by the use of figures on a black-board. The report showed the most successful year in the history of the organization.

At the election W. C. H. Noll and James G. Hastings were re-elected as directors. There were 24 new memberships handed out at the meeting, which, with the 396 members, makes a total of 420 paid up memberships to date. In addition 150 more memberships were signed up to earn during the coming year.

## Anna Koll Nelson Buried in Omaha

Death Brought Relief After Long, Serious Illness; Born at Fremont.

Anna Koll Nelson, daughter of Mr. and Mrs. H. C. Koll of Ord, was born at Fremont, January 17, 1893, and passed away at her home in Omaha, Feb. 4, 1942. She moved with her parents to Ord in 1904, and here she made her home until 1929, when she was united in marriage to Albin Nelson of Omaha.

She leaves to mourn her passing, her husband, Albin, 2 children, Ruth Ann and John, her father and mother, Mr. and Mrs. H. C. Koll of Ord, 3 sisters, Mrs. Emil Anderson of Craig, Mrs. Rose Prien and Mrs. Edgar Roe of Ord, and hosts of relatives and friends.

Funeral services were held on Friday at 2 p. m., with Fitch, McEachran and Cole in charge of arrangements, and from their funeral home, with a Christian Science reader in charge of the services. The pall bearers were Emil Anderson and Virgil Prien of Craig, John Koll, Edgar Roe, Richard Prien and Louis Jobst of Ord. Burial was made in Forest Lawn cemetery.

## Tank Trucks Will Be Given Tires

Tank wagons used exclusively to deliver tractor fuel and gasoline for use in farming operations are eligible to receive tire certificates, according to new regulations received by the Valley county committee, announces Chairman Ralph W. Norman. There has been some doubt as to the status of such vehicles, but they are now placed on the preferential list.

Certificates for the purchase of one tire and two tubes for truck used in highway construction were issued to the Valley county highway department by the committee Friday. The Service Oil company was given a certificate for tire and tube for use on a transport.

Certificates for obsolete size tires went to Albert Siegel, Mrs. J. W. Aufrecht, Dorothy Lutz, J. L. Abernethy, Ben Wadas and John Sershen.

Some time ago state papers carried a story saying ministers are entitled to tires for use on their personal cars. The committee has received word from State Administrator McFayden that nothing in the regulations permits the issuance of certificates to ministers as such.

The committee again calls attention to the fact that all certificates issued must be used within 30 days or they become void, and that the dealer selling tires or tubes must return part C of the certificate to the committee within 3 days after the tire or tube is sold.

## Ford Tractor Ferguson System

There is still time for you girls between the ages of 18 and 26 to get your application in for the 1942 Ford Foundation National Youth classes.

In line with the defense program, we plan to have a Ford Tractor Owners Day soon. You owners will be receiving your notices, plan to attend this day as you will have a chance to learn about your tractor as well as have a good time.

During this month while we are receiving a lot of moisture would be a good time to check up on your implements and power needs for 1942. Ford Tractors are available at the present time. Come in this week and see us, won't you?

## Former Ordite in Dilemma; Writes to Klima for Help

A former Ordite, now living in Portland, Ore., unless the Japs have chased him further inland by this time, writes to Ign. Klima, county clerk, asking his assistance, or at least, his advice in the matter of establishing the facts of his birth. The letter follows:

Dear Sir: I find it necessary to ask your assistance in proving that I was born. I am positive that I was born and not hatched out of a coyote's egg set under a prairie dog in a nest lined with tumbleweeds.

I was born on a farm either in Garfield or Valley county in a school district called Joint and a community known as Rose Valley, later called Rosevale. I am not sure which county it was in but Garfield county folks always claimed that it was in Valley county and Valley county folks always claimed it was in Garfield.

I was born on May 10, 1892—the year that Fidge Johnson knocked the two bagger. My father was Oliver Isalah Fuson and my mother Calista Ward Fuson. I recently passed a civil service examination as an architect for the government and need to prove that I was born in order to draw my salary.

If you can assist in proving that I was born in Garfield county, you will win the gratitude of the voters of Valley county, but don't ever run for office in Garfield. Anyway, seriously, I do not have the slightest idea how to go about obtaining a birth certificate and would appreciate your assistance.

In case you haven't guessed it already, we will now admit that the writer is one Merritt Hiram Fuson. Pat is now in need of help, and he finds himself in the same condition as the boy who cried "Wolf! Wolf!" and couldn't get any help when the wolf finally came.

He couldn't get a lot of help from Jason Abernethy, mayor of Joint and valetudinarian of Rosevale, but that gentleman says Pat is a false alarm anyway, and he wouldn't raise a hand to help him, not even if his very life depended upon being born.

The chairman of the Valley county board might help him, but look what Pat has been doing to the dignity of Ellsworth Ball in the past. No right minded person could expect Ball to forget the slings and arrows of outrageous fortune as hurled at him by Merritt Hiram, and help him in this hour of trouble.

The fact is that Pat was born in Garfield county, but his best friend in that county, Eben Moss has something to do with the Triple A and would not permit the story that Pat was born there to get out, lest it ruin the sale value of farm land there.

The Quiz might help him out, but we are not forgetting the things he has said about H. D., E. C., John L., et cetera and so forth. If uncertainty worries a man, then Pat will have quite a few more gray hairs, so far as the Quiz is concerned.

P. S.—If Pat only knew it, being in Uncle Sam's army as an officer in the unpleasantness of 1918, at which time the government accepted his birth date as correct, is the only proof he needs to establish when and where he was born. His discharge or a copy of his service record is ample proof.

## Checker Experts Had Tournament Thursday

The checker players of this territory got together Thursday evening at the firemen's hall for one of their occasional contests. Clay McGrew captained one group and Harry Foth the other. According to one score sheet the games ended in a tie at 64 points each, and the other gave the win to Clay's team 66 to 62.

Playing on one team were McGrew, Ellsworth Ball, H. D. Rogers and Bud Bell. On the other were Foth, Ed Burrows, Clint Petersen and George Clement. McGrew was high man with 20 points and Foth was second with 18.

**Down With the Yankees**  
In the Presidential campaign of 1828, one of the posters used bore the words, "Huza for Gen. Jackson! Down with the Yankees."

**Coal Shortage**  
Sweden's coal and coke shortage has forced many industries to curtail operations.

## Annual Solo Day at High School

Solo day, an annual event at the Ord high school, will be held on Monday, Febr. 23. As usual two well known musicians from the state will be engaged as critics. Mr. Lentz from the State University will again have charge of the instrumental solos and will also have charge of the band clinic. This year the vocal clinic will be in charge of Mr. Fuhr, director of vocal music at Hastings college. Mr. Fuhr, too, has appeared here in the past in this capacity.

The forenoon will take the form of a clinic for both the vocal and instrumental departments. Commencing at 8:00 a. m. Mr. Fuhr will give instruction to the vocal soloists while Mr. Lentz will work with the mixed chorus, while Mr. Lentz will work with the instrumental soloists for the remainder of the forenoon.

In the afternoon the usual solo program will be presented by students of both vocal and instrumental departments. The public is invited to attend this program.

This year the evening program will be given over to the high school mixed chorus. A very fine program of choral music has been prepared by this group and it is hoped that the public will take the opportunity to hear this fine group. It will be remembered that this group sings entirely a capella or without accompaniment.

## Soil Conservation District Planned 75 Farmers There

(Continued from page 1)

representatives of the Union Pacific railroad, Harold Benn, agricultural agent, and Joe W. Jarvis, supervisor of agricultural development for the Union Pacific.

About 50 in all were present when the meeting opened shortly after 2 p. m., and there were 75 at 3 p. m. Among them were H. C. James, manager of the Loup Valley Irrigation districts, F. W. Coe of the Ord Cooperative Creamery, Archie Geweke, head of the water users association, Hutchins Bros., and C. W. McClellan of North Loup, Joe Nekuda of near Sargent, and many others.

Carl C. Dale, county agent, was present, called the meeting to order and introduced Mr. Brokaw. Mr. Brokaw stated that this was a hearing due to the petition filed with the state committee, and that certain formalities were necessary in such a meeting, the first being to prove the validity of the petition. He then called upon Mr. Eckstrom to read the petition and the names of at least 25 signers thereto, which he did. It appeared that the petition was filed Jan. 9, with the names of 75 signers appended. The validity of the petition was definitely determined.

Next came the legal notice, which was read, showing that the meeting was advertised according to law, in three issues of the Ord Quiz. Mr. Brokaw then called upon Mr. Eckstrom to explain the activities of the soil conservation program and also the phases of the law governing the same.

Mr. Eckstrom stated that there are 33 soil conservation districts established in Nebraska and that 30 of them are active at the present time. There are a total of 8,300 farmers cooperating in the projects. The first demonstration projects were started in 1933, and in 1934 districts were established in Boone, Otoe and Douglas counties.

The results showed the value of such practices to farm operators in the control of erosion

### Wayne FEEDS

THE ORD QUIZ, ORD, NEBRASKA THURSDAY, FEBRUARY 19, 1942

Vol. 59 No. 47

## Seismographic Search for Oil Will Start Here

### Big Carter Oil Co. Crew Locates in Ord, Opens a Search for Petroleum.

The Carter Oil company, of Wichita, a subsidiary of the Standard Oil company, this week opened headquarters in Ord preparatory to extensive core drilling and seismographic operations in Valley county. Office space has been leased in the Bailey building above the Penney store and the crew will be here from 2 to 8 months.

In charge of the Carter seismographic crew of ten men is R. L. Dale, as party chief, and C. E. Hill heads a crew of six men from the Casperson Core Drilling company, of Tulsa, who do the core drilling under contract for the Carter Oil company. D. E. Ward is computer with the crew. Method followed is to drill a "slim" hole fifty to one hundred feet deep and then discharge dynamite in the bottom of this hole, creating a miniature earthquake. The seismographic apparatus records the length of time it takes the seismic wave to strike granite and return to the surface, and from these time records it is possible to compute the depth of solid structures such as granite, above which oil bearing strata are found.

The Carter and Casperson crews have for several months had headquarters in Kearney while working in Buffalo and Sherman counties. The work has not been completed in Sherman county but headquarters were transferred to Ord because the crews will have a shorter distance to travel. After core drilling is finished in Sherman county similar work will be done in various parts of Valley county, says Mr. Dale, the party chief. Purpose, of course, is to map sub-surface structures and locate logical points where drilling for oil should be done. This exploratory work is expected to result, later, in considerable oil well drilling being done in this part of central Nebraska.

Four large trucks and two pick-ups are used to transport equipment used in the work. In addition, many of the sixteen men engaged in the work have their own cars and several have also moved their families to Ord, renting most of the furnished apartments available in this city.

## K. of C. to Sponsor Coyote-Rabbit Hunt

A coyote and rabbit hunt in which the public is invited to take part will be held Sunday, Feb. 22 in the Liberty township, southwest of Ord, under auspices of the Knights of Columbus. Proceeds from the sale of game will be given to the Red Cross. Hunters are invited to meet at the A. F. Parkos farm at 12 o'clock noon for assignment to positions on the various lines. There will be trucks and cars there to take all hunters to their places and the hunt will start promptly at 2:00.

Jackrabbits and coyotes may be hunted without a license but cottontails may not be killed except by hunters who have 1942 licenses in their possession. Only shotguns will be allowed.

The Parkos farm is located 11 miles southwest of Ord and Mr. Parkos says both coyotes and jackrabbits are plentiful in that region. A lot of sport is expected Sunday, as well as a sizable donation to the Red Cross thru sale of the game.

## Paper Salvage Drive Saturday

Another drive to salvage waste paper for national defense will be held Saturday, announces John R. Haskell, chairman of the Ord salvage committee. Sponsor of this week's drive is the Presbyterian Women's league, members of which will help the salvage committee in its efforts.

Rural and town people are asked to gather up the unwanted newspapers, magazines, catalogs, boxes and other waste paper around their homes and bring it to the vacant lot east of the Sinclair station where a truck will be parked for loading. Those who wish to bring in their paper before Saturday may leave it in the ironclad building at the rear of the J. T. Knezacek office.

People who have no way to deliver their waste paper to the truck may set it on their front porch before noon Saturday and it will be gathered by Presbyterian League members.

**Hosok Sale Febr. 24.**  
The F. J. Hosok farm sale is billed for next Tuesday, Febr. 24, and will be held on his farm 15 miles southwest of Ord. Mr. Hosok is going to quit farming.

## Potato Prices Higher, 1942 Good Year to Buy Certified Seed at Cost, Get Into Spud Raising

By H. W. BENN, Agricultural Agent, Union Pacific R. R. Company.

This is a good year for North Loup valley farmers to produce sugar beets and potatoes. Older regions which raise these crops in larger acreages will have difficulty in getting all the labor they need, and in the case of potatoes there is a strong indication that the acreage will be reduced, mainly for this reason. Farmers in newly irrigated sections can plant small acreages, harvest with the help of their families, high school boys and other local labor and make a good profit.

Potato prices should be good because of the decreased acreage and increased food consumption. Prices for Nebraska potatoes have gone up considerably since last summer. Winter sales in Chicago have averaged around \$2.35 to \$2.65 per hundred pounds. The earliest areas in Florida, Alabama, Louisiana and other southern states have reduced acreages, and indications are that this trend will carry on into the later states. Growers should realize that seed prices are higher and that there will be a shortage of sacks. However, the prices for the harvested crops will be proportionately higher also. Good certified seed will probably cost \$2.40 to \$2.75 per hundred pounds delivered in Ord but it won't pay to buy cheap, uncertified seed. Yields will be reduced 25 to 50 bushels per acre if this is done. Bob Noll has agreed to concentrate orders for seed so that carlot purchases can be made, but he must know immediately if farmers are interested because the supply of seed is short.

Need for sugar caused the federal government to abandon acreage control of beets. Sugar companies are contracting more acres and are looking for new areas. The North Loup valley is well suited to sugar beet production and here again has the advantage of smaller production and a less serious labor problem. The American Crystal Sugar Co., Grand Island, has contracted some acreage at Olean and North Loup in the past.

## \$10,000 Judgment Granted Monday Against Romans'

### Lloyd Axthelm Estate Wins Suit Against Owners of Truck Which Killed 3.

W. C. H. Noll, administrator of the estate of Lloyd Axthelm, Monday won a judgment of \$10,350 against Charles and Clarence Romans in district court here. Judge William F. Spikes granted the judgment by default when the Romans failed to enter a defense.

The suit was filed as result of the car-truck collision south of Ord last summer in which Lloyd Axthelm, his wife and baby lost their lives. The truck which collided with the Axthelm car was owned by Charles Romans and was driven by Clarence Romans.

A coroner's jury empaneled after the terrible accident brought in a verdict that the collision was "unavoidable."

Damages of \$10,000, funeral expense of \$250 and damages to the Axthelm auto of \$125 were asked in the Noll suit. Judge Spikes scaled value of the car down to \$100 and granted the other damages in full.

Davis & Vogeltanz were attorneys for the Axthelm estate. Their next move probably will be to proceed against the insurance company which handled the Romans insurance, said Mr. Davis yesterday.

**World Day of Prayer.**  
Friday, February 20, is the "world day of prayer" and at 2:30 p. m. that day, at the United Brethren church, the members of all church denominations in Ord will unite in its observance. The public is invited to join this worship service.

## Chamber Will Serve Free Lunch to Farmers Who Attend Irrigation Clinic Febr. 20th

Cooperating with the county agent's office, the Ord Chamber of Commerce will serve a free noon-day lunch to all farmers and their wives who attend the irrigation clinic to be held in Ord on Friday, Febr. 20.

The clinic opens at 10 a. m. war time and will continue until 3:30 or 4:00 p. m. It will be held at the Knights of Columbus hall.

Speakers will include E. A. Olson, irrigation engineer, who will discuss problems of efficient distribution of irrigation water, Walter Fitts, extension irrigationist, on efficient use of wa-

## Adolph Hitler Buys U. S. Defense Bonds

Adolph Hitler has become a buyer of United States defense bonds. The Nazi dictator did it involuntarily, but \$3,500 belonging to one of his subjects this week was invested in the defense effort right here in Valley county. It came about this way:

Ign. Klima, jr., chairman of the Valley county defense committee is executor of an estate being probated here. Under the will, part of the estate was bequeathed to heirs living in Czechoslovakia, which is now under German control. Since money belonging to residents of Axis countries cannot be paid over at this time, Klima invested this share of the estate, amounting to \$3,500, in U. S. defense bonds. When the war is over and Hitler is deposed, the heirs will receive it. Until then the money will help fight Hitler.

Says Klima: "Why not let your dollars help in this fight by buying defense bonds today, even as Hitler has done?"

## Referendum Will Be Called Among Land Owners Here

### Proposition of Making Co. Soil Conservation District Will Be Voted on Soon.

As a result of the hearing held at the district court room in Ord Wednesday afternoon, a referendum will be called for the purpose of finding out the sentiment of the landowners of the county relative to making the whole of Valley county into a soil conservation district. It will be perhaps a month before arrangements are completed.

The meeting of last Wednesday was reported up to the hour of 3 p. m. and details were given in the Quiz last week. After H. E. Engstrom (name misspelled Eckstrom last week) had explained the details of the plan for setting up a soil conservation district, W. H. Brokaw turned the meeting into a round table discussion of the proposition.

Among those who spoke were Clayton Noll, Harvey Hohn, Fred Coe, Emil Vodehnal, Frank Vodehnal, W. T. Hutchins, Archie Geweke, E. O. Schudel, Evet Smith, H. C. James, Anton Welniak, and Peter Clement of the North Loup Loyalist. While each presented a different view point, all were in favor of the district being established.

F. M. Vodehnal said: "We can't make it rain, but we can conserve the moisture that we now have." Mr. Brokaw made it clear that they were not here to sell the farmers on the proposition, but rather to answer questions concerning it and show what it has done in places where it has been tried. He referred to the films on soil conservation that have been shown to the farmers of the Ord territory on several occasions.

Clayton Noll asked if the interest among farmers increased as time went on, or if they gradually slipped away from it. Here Mr. Engstrom showed Pawnee county on his map, showing the original soil conservation district. (Continued on page 11)

## New Clothing Store Planned for Burwell

Burwell—(Special)—S. E. Scott of Omaha will soon open a new clothing store in Burwell, in the building on the west side of the square until now occupied by Ike Jensen.

Mr. Jensen will move his second hand good business into the building north of the Tribune office where John Shelton ran his cream station.

## 426 Valley County Men Registered in 20 to 44 Age Group

### Registration Not As Heavy As Expected; Teague Was 1st Registrant Here.

The machinery set up by the Valley county draft board for the registration for draft of all men not already registered between the ages of 20 to 44 inclusive, functioned perfectly on Saturday and Monday, and the public responded in a most laudable manner, making the work of the board much easier than it might have been otherwise.

For the benefit of the registrants offices were set up in Ord, Elvira, North Loup and Arcadia. These offices were open from 7 a. m. to 9 p. m., war time, on both days, and the work of registering was taken care of by groups of volunteer assistants.

When the call went out for help in this work, the board expected that enough would volunteer to take care of the registration, but they were agreeably surprised to find that far more offered their help than were needed. The board wishes to thank all those who offered their assistance, whether they worked or not.

There were eight assisting Miss Virginia Davis, draft clerk, to handle the work in the Ord office, located in the draft registration office over the Nebraska State Bank. They were: George Allen, Mrs. Clarence M. Davis, Mrs. John L. Ward, Mrs. Hugh Carson, Rev. Clifford Snyder, Mrs. Keith Lewis, Mrs. R. E. Teague and Chester Travis.

At North Loup there were a large number of registers, under the direction of R. W. Hudson. (Continued on page 12)

## South Side Jeweler Buys Watch Timing Device

L. A. Muncy, south side jeweler, received Saturday his new watch testing and timing machine, a little affair about the size of a small radio, which cost him just \$290 delivered.

It is not the size of the machine, but what it does, that makes it worth the price. It is called the Paulsen crystal control recording time micrometer, and tells you what your watch is doing, not only by magnifying the sounds it produces, but also by flashing its movements on a dial. It is a device that must be seen to be appreciated.

## Raise a Garden, Help Win the War, Is Meeting Theme

### Defense Council, War Board, Sponsor Janike's Coming on February 23rd.

Every man, woman and child in Valley county can help in our war effort by taking part in the Nebraska "Victory Home and Garden" program for 1942, say defense officials here.

A meeting has been called by Ign. Klima, jr., chairman of the Valley county defense council, R. Clare Clement, chairman of the Valley county U. S. D. A. war board and C. C. Dale, representing the agricultural extension service, to secure the cooperation of every organization and every individual who may be interested in helping to put this program over.

The meeting will be held in the district court room in Ord, on Monday, Febr. 23 at 2 p. m. war time.

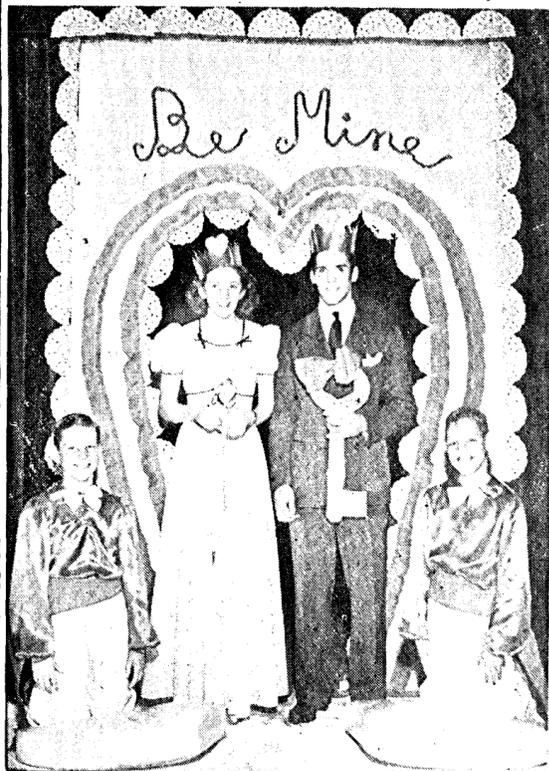

Invitations have been extended by letter to many organizations, in towns and rural sections of the county, but since no one has a complete mailing list of all organizations in the county an invitation is here extended to every interested person or organization to attend or send a representative to the meeting and help plan the program.

The program is designed to increase home food supplies thru production and conservation of vegetables, meat, dairy and poultry products, so that commercial supplies may be released for our armed forces, industrial workers and our allies. In towns of course the greatest emphasis is laid on gardens and home preservation of vegetables and fruit.

It is necessary that every American be well fed and fit if we are to carry on this war to a successful conclusion and the Victory Home and Garden Program can make a great contribution to our country.

E. W. Janike of the agricultural extension service will attend the meeting and discuss the program from the state-wide angle. Everyone who wants to help in this patriotic work is urged to attend.

## A Valentine Comes to Life at School Party

A valentine came to life Friday evening at an Ord high school party when Irene Auble and Gould Flagg stepped through a large heart and thus were revealed as king and queen of the popularity contest conducted last week. Both are seniors.

Miss Auble, editor of the 1942 annual, has been active in music and organizations. She was charming in a long, full-skirted white dotted Swiss dress with a fitted bodice and sash of blue. Mr. Flagg is a football and basketball star.

Silver crowns were placed on the heads of these rulers by Jay and Paul Stoddard, who were garbed alike in red blouses and white trousers.

Presented with the king and queen were the four boys and four girls who were runners-up in the popularity contest, which was carried out in connection with the sale of high school annuals. These included Mary Miller, Beverly Davis, Doris Klima, Darlene Carlson, Henry Adams, George Cetak, Robert James and Alex Cochrane.

## Henry F. Rhodes Dies at Hastings

### Former Arcadia Man Served as Representative 2 Terms; Was 85 Years Old.

Henry F. Rhodes, a pioneer resident of Valley county and for two terms its representative in the state legislature, died Febr. 11, at 7:00 p. m., in Hastings. He was 85 years old. The funeral was held in Hastings and then the body was taken to Forest Lawn cemetery, in Omaha for cremation.

Born in Ithaca, N. Y., on April 16, 1856, Rhodes came to Nebraska in 1877 and served a year in the U. S. cavalry, winning an honorable discharge for illness. Recovering his health, he taught school in and near Omaha several terms and then became deputy county treasurer of Douglas county.

In 1878 the Rhodes family moved to Valley county and remained fifteen years, during which period his fellow-citizens twice chose him their representative at Lincoln. He was one of the best known local political figures of his day and was respected by all.

For the past seven years, until his final illness, Mr. Rhodes lived with his eldest daughter, Mrs. J. G. Cruikshank, of Arcadia. Also left to mourn are four other daughters, Mrs. H. B. Shawe, Gardnersville, Nev., Mrs. L. E. Stafford, Goshen, Ore., Mrs. Mary Mummie, Eugene, Ore., and Mrs. Helen Bennington, of Everett, Wash.

## Red Cross Meets Tuesday, Reelects All Old Officers

### Mrs. Mortensen Is President Again; Reports of Service Chairmen Were Heard.

A good representation of members of the Valley county chapter were present at the home of Mrs. and Mrs. C. J. Mortensen Tuesday evening for the annual meeting. Along with a fine number of Ord people there were delegations from the branches in spite of the cold weather.

Mrs. E. C. Baird, chairman of the Arcadia branch, was accompanied by Mrs. Hazel Weddel, Mrs. Inez Lewin, Lloyd Bulger and A. Haywood; C. W. McClellan, chairman of North Loup branch, was present, accompanied by Albert Babcock.

In the annual election the four officers of the Valley county chapter were given a vote of confidence by unanimous re-election, with the visiting delegations stating that these times demand united effort. They are: Mrs. C. J. Mortensen, chairman; Mrs. E. C. Whelan, vice-chairman; Mrs. Wilmer Anderson, secretary; Curt Gudmundsen, treasurer.

**Atkinson Here Tonight.**  
The Ord-Atkinson game, originally billed for Feb. 20, will be played on the Ord floor tonight, Febr. 19. This is the first game the Ord team has played in more than a week.

## An Opportunity and a Challenge to Business Men of Ord

The greatest shortage in the American economic system is rubber. As a result, drastic changes in the American mode of living will probably be necessary. Most of Europe has gone back to the "horse and buggy days," except there are few horses and no buggies. There the automobile for civilian use is almost nonexistent.

In America the automobile greatly changed our living. It helped make cities bigger and small towns smaller, because people thought nothing of going 50 to 100 miles to shop. As automobile use is restricted the small towns are going to become more important.

What does this mean to you, Mr. Ord Business Man? Doesn't it suggest that the small town is going to have a re-birth as a trading center, and in this change isn't there opportunity with a capital "O"? For these people who have "thought nothing of going 100 miles to shop" are going to think more about the wear and tear on their automobile tires, and more and more about too-rapid use of their rationed gasoline. They are going to think more about doing their shopping nearer home.

But don't think, Mr. Ord Merchant, that people are going to be forced to trade with you because you are located where you are. It isn't going to be as easy as that to get back the trade that has been going away, or even to hold the trade you've had in the past. (Continued on page 6)

## Beryl Woodworth Admits Burglary, Gets Prison Term

### Conscience Hurt Arcadian So He Admits Stealing \$65 from Marvel's Garage.

Because his conscience hurt, Beryl Woodworth, 30, once a resident of Arcadia but for the past fifteen years an inmate of reformatories and prisons much of the time, is behind bars again.

At North Platte last Wednesday Woodworth walked into a police station and admitted that he burglarized Marvel's garage at Arcadia on July 1, 1941, stealing about \$68. The burglary had been a mystery until Woodworth's voluntary confession.

Woodworth hitch-hiked from Colorado, where he had been employed in a tavern, to get the crime off his conscience, he told police. Sheriff George S. Round brought him to Ord Thursday.

In district court here Monday, with Judge William Spikes on the bench, Woodworth pleaded guilty to a breaking and entering charge filed by County Attorney Misko, and was sentenced to serve 3 years in state penitentiary. Officers took him to Lancaster Tuesday.

Since he was 15 years old, Woodworth has served time in the reform school at Kearney, the reformatory at Hutchinson, Kansas, and twice in the state penitentiary at Lancaster. Most of his convictions were on car theft charges.

Sheriff George S. Round recalls that in 1926 he went to Beatrice and brought Woodworth and a companion back to Valley county to answer charges of stealing an Arcadia car. Both were sentenced to the industrial school at Kearney where they remained about 20 months. There Woodworth lost part of one hand in a bread slicing machine.

After his release he stole a car near Kansas City, which resulted in his being sentenced to a term in Kansas reform school. In 1934 he stole a car in Valley county, wrecked it near Ansley and was caught at Broken Bow, being sentenced to 3 years in prison. In 1938 he posed as a hitch-hiker near Broken Bow and when a driver stopped to give him a ride, held the driver up at the point of a gun and drove away with his car. This escapade sent him to prison for 4 years, but he was given time off for good behavior and was released early in 1941.

At Arcadia on July 1 last year he broke into the back of Marvel's garage, crawled through a window into the office and took the cash register from which he stole about \$68 in cash, leaving checks and other papers. It was this theft which he admitted in court here Monday.

He always had feared that somebody recognized him in Arcadia the night he broke into the garage, Woodworth told the officers. No report that he was in town that night had ever been made, says Sheriff Round, and though officers did considerable work on the case at the time they had no clue to the burglar and the case would have remained unsolved had not Woodworth confessed his guilt.

## Most Country Schools Shun New War Time

Although most farmers in Valley county turned their clocks ahead one hour when War Time went into effect Febr. 9, the country schools generally are still operating on the schedule in effect prior to Febr. 9.

Ten o'clock in the morning until 4:30 or 5:00 p. m. are the war time school hours being followed by most schools, says Miss Clara McClatchey, county superintendent.

Some rural school children live so far from schools that it takes them an hour to walk the distance, and it is still dark in the morning at 8:00 war time. When the days lengthen a bit, probably by March 1 or soon afterward, schools will go back to their 9:00 a. m. to 4:00 p. m. hours.

## Arcadia Rabbit Hunt Nets Red Cross \$60

Arcadia—(Special)—The coyote and rabbit hunt held here Sunday under auspices of the American Legion, in which more than two hundred men and boys took part, netted \$60.50, which was donated to the Red Cross.

Four coyotes were shot, and they were sold to a Broken Bow man. Eighty-five blacktail jackrabbits and 74 whitetails also were killed, and these brought 19c and 18c each when sold.

The snow storm made walking difficult but it was fine weather for rabbits and both the Legion and Red Cross are pleased with results of the hunt.

THE ORD QUIZ

Subscription \$2.00 Per Year Published at Ord, Nebraska.

Entered at the Postoffice in Ord, Valley County, Nebraska, as Second Class Matter under Act of March 3, 1919.

Publisher - - - H. D. Leggett Editor-Manager - - E. C. Leggett

CHARITY BEGINS AT HOME

Perhaps it is easier to see the other fellow's shortcomings than to focus your eyes on something closer home.

But about the other fellow. We are told to save that careful conservation will help win the war. We hear it a dozen times a day over the radio.

If we could use the material they furnish, and if the people would read it when it is printed, it would be a different proposition.

We are asked to give our time to the cause of defense, and more will be asked later.

It is a pity that those same legislators could not have realized that pensions for United States senators are entirely out of place at this time, when everybody is being told to sacrifice in every way possible.

Yes, charity should begin at home. If the government expects the average citizen to do his bit for defense, let the men and women in high places set the example.

General Douglas MacArthur draws about \$8,000 per year. Any old senator draws \$2,000 more than that, besides what he may pick up on the side.

Personally we are in favor of pensions for senators, subject to certain conditions. They must work 10 hours per day, 6 days in the week.

That Full, Choked Feeling after eating and drinking usually comes with acid indigestion and heartburn.

Almost everybody knows this fellow. He is Robert Miller, son of Mr. and Mrs. John Miller, now in the U. S. army.

United Nations Are Forced Into Postponing Offensive

Axis Prepared for War Before Fighting Started While U. S. and Allies Must 'Prepare'. As Battles Are Raging.

By BAUKHAGE National Farm and Home Hour Commentator.

WNU Service, 1313 H Street, N-W, Washington, D. C.

It is an open secret that the high commands of the United Nations have agreed to postpone the hope of a general offensive for a year—possibly two.

Circumstances have forced the re-writing of the old military adage which says "The best defense is offense." The axis powers were prepared for war before they started fighting.

Besides preparation, the axis powers—Germany and Italy in Europe and Japan in Asia—have another advantage, geographical position.

Although the total naval power of the United Nations is greater than that of the axis, it is so widely spread that it cannot contact the enemy at any one point where the enemy is not superior.

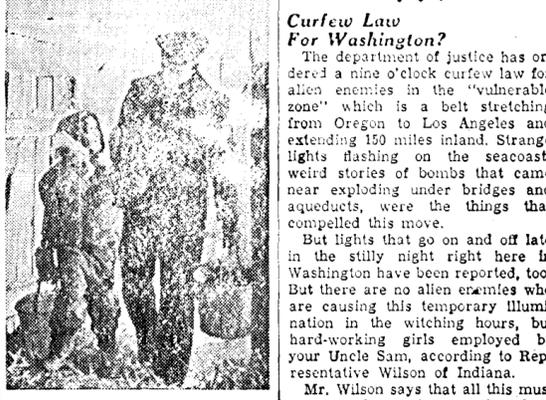

When the United Nations have trained and equipped land forces and have constructed naval air forces superior in quantity to the axis they will have an even greater advantage than mere numbers of effective man power.

Raw Materials Will Count The United Nations can build superior land, air and naval forces because they control more raw materials.

So, military experts say, the task of the United Nations is to remain on the defensive, wasting down as much of the enemy's power as possible while building up their own.

This is not a popular kind of warfare. It is the kind that makes the people rise up and demand new leaders to bring them quick victories.

According to this plan, the defenders of the Philippines, of Singapore, of the Netherlands Indies, must fight as long as they can.

FURLOUGH ON THE FARM—The kid sister gazes wide-eyed at her sailor brother as he spins a yarn of the sea while helping her with the farm chores.—Official U. S. Navy Photograph.

BRIEFS . . . by Baukhage

- 1. The plant-breeding station in Svalof, Sweden, has developed a crossbreed of rye and wheat. 2. The tire shortage means more footwork. The National Council of Motor Truck Owners met recently in Washington to discuss the problem of delivering everything from the morning milk to the evening Sun when there won't be enough rubber to carry the load.

The Old Ord Maple Leaf Club; Photo Taken About 1906

Here is a photo of the old days of long hair, high collars, puffed sleeves, floor length skirts; when the girls could wear cotton stockings, if they wished.

You may be able to name some of them. All were members of the old Maple Leaf club. Left to right, they are: (1) Addie Fuson, Mrs. Fred Hallock; (2) Elva Hayes, Mrs. Arthur Kaiser; (3) Eva Fuson, Mrs. E. H. Ford; (4) Bess Rawles, Mrs. Charles Schwamer (deceased); (5) Carrie Smith, Mrs. Claude Davis; (6) Zona McNutt, Mrs. C. J. Miller; (7) Mary Stover, Mrs. Charles Cornell; (8) Myrtle Staple, Mrs. Everett Petty; (9) Myrnie Auble, Mrs. Lou Schwamer; (10) Hazel Capron, Mrs. Fred Coe; (11) Helen Auble, Mrs. Bert Stowell; (12) Pearl Fuson, Mrs. J. P. Barta.

My Own Column

By H. D. Leggett

Every family must plan to raise as much of its living as possible, garden, chickens, and other fowls, raise and can meats and vegetables in sufficient quantities to make the living.

Tires have been rationed. It is hard to get a tire now but the net is sure to be drawn tighter on tires.

It is the ambition of the Quiz to cover its trade territory, which includes all of Valley county and a slice of the adjoining counties, at least 90 per cent.

Every day it is being brought home to us that the Japs were greatly underestimated. The fall of Singapore no doubt adds years to the length of the war.

It is agreed by the best military authorities in this country that it will be mid-1943 before we will be sufficiently well organized and equipped to take the offensive and really be able to win some of our battles.

Warren Pershing, son of our own General Pershing, supreme commander of our forces in the last war, has enlisted in the service. He requested that the army be not released, and it was some days before the fact leaked out.

There are two answers to this question. First, it is expected that farm surpluses will disappear and a general food shortage may develop within two or three years.

Locally, soybeans are not a new crop, having been grown by a few farmers around here for the past 25 years with varying success.

There are two answers to this question. First, it is expected that farm surpluses will disappear and a general food shortage may develop within two or three years.

First Valley county class to complete the Home Nursing course is pictured here, in their graduation robes and caps. They are: Front row, left to right—Mrs. John Misko, Mrs. Mark Tolén, Mrs. Bert Boquet, instructor; Mrs. J. A. Kovanda, Mrs. Olof Olsson. Back row—Mrs. Syl Furtak, Mrs. E. C. Whelan, Mrs. Alex Cochrane, Mrs. E. L. Kokes, Mrs. H. E. McClure, Mrs. E. C. Leggett, Mrs. C. J. Mortensen, Mrs. C. A. Anderson, Mrs. Wilmer Anderson, Mrs. R. E. Misko, Mrs. Kincaid.

## Ord's First Home Nursing Class Has Completed Course

Class Met 18 Times, Took 2-Hour Lessons; Mrs. Bert Boquet Was Instructor.

With many a laugh and giggle Ord's first home nursing class "graduated" Thursday afternoon, holding long mock-ceremonies at the home of Mrs. Edward Kokes. The affair was not entirely painless however, since Mrs. Bert Boquet, the teacher, dictated 50 true and false questions, and 10 completion questions as a final exam. But after the long examination papers had been signed and collected after traditional schoolroom custom, the fun was on.

Costumes for the graduates looked suspiciously like borrowed white choir robes. On each topknot nestled a tiny white cap made of paper. Professional music of suitable character was chosen and pounded out by Mrs. Syl Furtak as the class stomped to their chairs. While the class listened breathlessly, Mrs. Mark Tolén sang a solo, but no one could guess what it was.

Mrs. J. A. Kovanda made an address to the rows of graduates, pounding the table and shouting and orating, sounding very much like many other commencement orators. Mrs. Ralph Misko took the floor to deliver a hospitalized version of the Gettysburg address. Many a boo and groan interrupted each song and dance.

Diplomas were handed out by Mrs. John Misko from a tastefully ornamented white chamber garnished with pink flowers. Special awards could not help but be made, so they were given to Mrs. Tolén for perfect attendance, Mrs. Olof Olsson for being a perfect nuisance, Madams Leggett and Mortensen for being perfect models, Mrs. R. Misko for another type of perfection. The awards were unusually unusual, causing more commotion among the graduates.

Recessional music sounded a good deal like the processional music, but the class marched out anyway. Games, music, sandwiches, little cakes and coffee filled in the remaining afternoon hours.

The party followed the eighteenth meeting of the group, which has assembled faithfully once a week for a two hour lesson. The home nursing course, given under Red Cross auspices, was no snap, and members of the class have done some real studying. Among the things they have learned are such items as taking temperatures and pulses, giving bed patients baths, making poultices, keeping sick-room charts, symptoms of many ordinary ailments and home treatments to be given at the doctor's order; health measures for homes, for children, for adults; and dozens of precautionary steps, etc.

The fifteen members of the class who graduated apparently have really worked for most of the grades earned in the final exam were in the 90's, Mrs. Boquet reported Friday. This is the first group to finish the course in Valley county, but two other classes are studying in Ord and several other groups are eager to start in nearby towns. Mrs. John Misko is chairman of the home nursing division and supervises their work.

In the event that many doctors and nurses in the United States are called away to do war work, the Red Cross hopes to have each homemaker a graduate of this home nursing course. Thereby she can better care for the health of her family, prevent illness and carry out instructions given by the doctor.

**Fells Fractures Arm.**  
Arcadia—(Special)—While doing chores at his farm southwest of town Saturday evening, John Fells was squeezed between two horses and before he could free himself one of his arms was fractured. A Loup City doctor set the broken bone Sunday.

## Social and Personal

If we don't call you for news, call us, phone 30. The society editor welcomes all social and personal items.

**Surprise Party**  
Emory Peterson's birthday was remembered by his friends Friday and a dandy birthday party arranged. Those who went to the Peterson home were Mr. and Mrs. Joe Knezacek, Mr. and Mrs. Archie Bell, Mr. and Mrs. Ervin Merrill, Mr. and Mrs. J. W. McGinnis, Mrs. Neil Peterson and Will Misko.

**Many Visitors**  
Misses Barbara and Elizabeth Lukes had a number of callers last week, enjoying them very much. Thursday afternoon Mrs. Joe Rohla and Mrs. Hollander and daughter Eileen stopped for tea. Friday afternoon Mrs. Jake Belina of Burwell, Mrs. Charles Urban, and Mrs. Ralph Hatfield were visitors and stayed for tea; that evening Mrs. Noble Ralston and her sister Mrs. Mason and Mr. and Mrs. Roy Severson came. Refreshments were served later. Saturday evening supper guests were the Misses Minnie and Mabel Ptacnik, who spent the evening.

**Royal Kensington Club**  
The R. K. club held an all-day meeting with Mrs. S. I. Willard Feb. 12 with ten members and ten visitors present. Games and visiting were the entertainment and the club surprised Russell Waterman by singing the "happy birthday" song for him. The next meeting will be Feb. 26 with Mrs. Spencer Waterman.

**Bridge Luncheon**  
Mrs. H. Elliot McClure and her mother-in-law, Mrs. Kinkaid, were hostesses to twelve friends at a one o'clock luncheon on Monday. Covers were arranged in the dining room of Ben's grill, and a patriotic theme was carried out in decorating. At contract, high score was made by Mrs. F. A. Barta, second, high prize was given to Mrs. C. A. Anderson.

**At Anderson's**  
A happy family gathered for dinner Sunday at the home of Mr. and Mrs. C. A. Anderson, the occasion being Mrs. H. D. Leggett's first venture outdoors in several months. Present were the Andersons, the Eugene Leggetts, Mr. and Mrs. H. D. Leggett and the sister of the latter, Mrs. Daniel Burke.

**Guest Day**  
Methodist ladies of the Kensington circle held their guest day party at the manse, Wednesday afternoon since the scheduled hostess Mrs. R. C. Bailey, was not yet over her fall of last week. Mrs. Alex Cochrane, chairman of this group, appointed Mrs. Robert Noll to take charge of the program, which carried out a patriotic theme. In charge of the serving were Madams C. C. Thompson, Hildy Pearson, G. G. Holloway and Charles Burdick.

**Presbyterian Circles**  
Of the church circles meeting this week, the ladies of the Presbyterian circles met as follows: Dorcas with Mrs. W. L. Blessing, Ruth with Mrs. Anna Nelson, Esther with Mrs. C. A. Anderson, Bethany with Miss Wilda Chase at Miss Eunice Chase's apartment.

**Mrs. Jones Hostess**  
Mrs. Albert Jones entertained Junior Matrons on Friday at the dining room of Ben's Grill, asking as her guests Madams Ed Holub, Darrel Bauder and Miss Ouida Murrain, niece of Miss Lulu Bailey. Mrs. Frank Fafelta was awarded the door prize.

**At John Misko Home**  
Sunday evening dinner guests at the home of Mr. and Mrs. John Misko were Mr. and Mrs. C. J. Mortensen and the sister of the latter, Mrs. White, also Mr. and Mrs. J. A. Kovanda.

**Birthday Party**  
Sunday evening dinner guests at the home of Mr. and Mrs. John Misko were Mr. and Mrs. C. J. Mortensen and the sister of the latter, Mrs. White, also Mr. and Mrs. J. A. Kovanda.

**Birthday Party**  
Honoring their father, Frank Travis, on the happy occasion of his 81st birthday, the Horace Travis and Elmer Almquist families went to the home of Mrs. Alpha Hill Sunday for a nice covered dish dinner. Mr. Travis' sister, Mrs. Watson, and her son Forrest, were also present.

**Radio Bridge**  
Wednesday evening of last week Dr. and Mrs. F. A. Barta entertained the Radio Bridge club, Mrs. Lillian Granville White being the only guest, substituting for Mrs. Lester Norton, who was ill. Mr. and Mrs. Albert Jones were voted into the club and will attend hereafter. Ed Holub had high score for the evening.

**25th Anniversary**  
Rev. Thomas Siudowski said mass Saturday morning for the 25th wedding anniversary of Mr. and Mrs. Pete Duda, after which they held open house for friends and relatives. They received many gifts, among them a 118 piece set of silverware by their children and a delicious angel food cake baked by Mrs. Emil Fafelta.

**Card Party Thursday**  
Teacher and pupils of Dist. 29 school sponsored a card party for the benefit of the Red Cross Thursday evening at the Woodman hall. High prizes were awarded to Mrs. Charles Krikac and Anton Novotny.

**Aowakiya Camp Fire**  
These girls met Monday night at the home of Mrs. Alex Cochrane with Clarice Benn as hostess and responded to roll call by giving reasons "why I'm glad to be an American." At the business meeting it was decided to hold a covered dish supper the evening of March 2. Books collected by these girls will soon be turned in at the Ord library, to be sent to USO posts. Refreshments were served at the close. Clarice Benn is the group scribe.

**Birthday Surprise**  
Honoring the birthday of Ross Leonard, a surprise party was held at the Leonard home Friday evening, seven couples playing at pinochle. High scores were held by Mrs. George Rybin and John Wozab and Mrs. Wozab won the traveling prize. A lunch was served at midnight.

**56th Anniversary**  
At the Ross Leonard home on Sunday was held a dinner honoring the 56th wedding anniversary of Mr. Leonard's parents, Mr. and Mrs. C. H. Leonard, of Mira Valley. Mr. Leonard is 82 and Mrs. Leonard 79. Only other guests were a brother of Mrs. Leonard, Bud Bell, and a sister-in-law, Mrs. Blanche Leonard.

**Mrs. Belders Honored**  
Mrs. Howard Belders, of Broken Bow, the former Lily Christoffersen of Ord, was the honoree at three showers last week while she was in Ord visiting her parents, Mr. and Mrs. Amos Christoffersen. Wednesday evening ladies of the United Brethren church honored Mrs. Belders at a shower held in the home of Mrs. Ralph Hatfield. Thursday night Mrs. Christoffersen held a shower in honor of her daughter and Thursday night girls of the Otterbein Guild honored her at a surprise party and shower. Mr. and Mrs. Belders were married just before Thanksgiving and are living on a farm in Custer county.

**Olsson Anniversary**  
Sunday evening the 12th wedding anniversary of Mr. and Mrs. Olof Olsson was celebrated at a supper party at their home when a number of friends dropped in, as they do annually. Included were Mr. and Mrs. Edgar Roe and Mary Ann, Mr. and Mrs. H. E. McClure, Mrs. Kinkaid, Mr. and Mrs. Fred Kuehl, Jr., Mr. and Mrs. Alfred Albers and Dorothy, Mr. and Mrs. John Ambrose, Mr. and Mrs. Charles Mason, Miss Wilma Cochrane. They had a jolly evening.

**Chechkamay Camp Fire.**  
This group met this week with Stella Christoffersen, reports the scribe, Joyce Wilson. They are planning to sell candy next Saturday.

**For Mrs. Gross.**  
Mrs. Ralph Misko was at home Friday afternoon honoring Mrs. Truman Gross. A few friends were invited for tea.

**At Leggett's.**  
At the Eugene Leggett home Saturday evening for dinner guests were Mr. and Mrs. E. C. Whelan, Mr. and Mrs. Emil Fafelta and Mr. and Mrs. C. A. Anderson.

**Delta Deck Party.**  
Tuesday afternoon Delta Deck losers were hostesses to winners of that club at the Keth Lewis home. A few days ago losers went individually to call on winners at a most unlikely hour. The ladies so called on were invited to come to the Tuesday party, providing they appear exactly as "caught," cold cream or curlers notwithstanding. This occasioned both groans and hilarity at the party Tuesday, also some most peculiar costumes. Following the luncheon bridge was played, prizes going to Mrs. A. F. Kosmata, high winner; Mrs. Lewis high for the loser.

**At Darges'.**  
Mrs. Bill Darges was hostess to two tables of pinochle players at her home Wednesday afternoon. After a pleasant time playing cards, the hostess served a nice lunch. Defense stamps were the prize offered.

**Evening Group.**  
Wednesday evening Mrs. Forrest Johnson was hostess to the two tables of young women who have enjoyed dinner and bridge together several times this winter. Dinner was served at the dining room of Ben's Grill.

**Andersons Hosts.**  
Mr. and Mrs. Wilmer Anderson asked Mr. and Mrs. C. A. Anderson and Mr. and Mrs. Olof Olsson to be their dinner guests Tuesday evening.

**The Social Forecast**  
Your meeting may be included—Telephone 30

Home Nursing Unit No. 3 will meet at the home of Mrs. O. E. Johnson Thursday evening. Etre Nous Kensington group will go to Mrs. Forrest Johnson's home tomorrow for their usual semi-monthly meeting. Jollite contract players will have their game on Monday afternoon at the Olof Olsson home.

Pitch club meets this afternoon with Mrs. C. J. Mortensen. Mrs. Horace Travis will be hostess to Woman's club members on Tuesday afternoon next. O. O. S. club meets next Thursday afternoon with Mrs. Bert Cummins the hostess. Last week Mrs. John Mason was hostess, all members were present and a dandy covered dish dinner was served.

Study Circle of the Methodist ladies will meet Wednesday afternoon of next week with Mrs. Walker. Mrs. F. L. Stoddard will have So and Sew ladies at her home this afternoon. There will be no other guests.

First Aid class will not meet next Monday evening, says chairman Eunice Chase, but will assemble as usual Monday evening of the next week. Reason for the postponement is the solo night contest at the high school. Mrs. E. C. Whelan will have Delta Deck club at its next meeting.

### Ord Church Notes

**First Presbyterian Church.**  
W. Ray Radliff, pastor. Church services as usual this coming Sunday. The same cordial invitation to all. Go to church somewhere every Sunday.

**Bethany Lutheran.**  
Sunday school, 10 a. m. Divine worship, 11 a. m. Lenten service, Tuesday evening at 8 p. m. A study of the Passion characters will be made. You are all encouraged to be present. Ladies Aid, Thursday at 2 p. m., at Axel Jorgensen's. Catechetical class, Saturday, 2 p. m. Clarence Jensen, pastor

**Full Gospel Church.**  
L. E. Wilkins, pastor. Sunday school, 10 a. m. Morning worship, 11 a. m. Evangelistic service, 7:30 p. m. Wednesday night prayer meeting at the parsonage at 7:45. There will be an all day fellowship meeting at the church on Thursday, Feb. 19. Everyone is invited to all our services.

**The Methodist Church.**  
M. M. Long, pastor. Church school, 10 a. m. Morning worship, 11 a. m. Youth fellowship, 7:30 p. m. March the first marks the middle of this conference year. To balance the church budget at this time is one of our ambitions. If you can aid in this matter please do so. The Youth Fellowship Institute will be held in Ord Feb. 28. The young people should plan

to take part in same. There will be a banquet and program in the evening.

**United Brethren Churches.**  
Pastor, P. W. Rupp.

Ord. Sunday school, 10:00 a. m. Sermon, 11:00 a. m. Evening service, 8:00 p. m. Prayer service, Thursday evening at 8:00 o'clock. Children's Christian Endeavor service, Saturday at 2:00 p. m. The world day of prayer will be observed in a union service at 2:30 p. m., on Friday. There never was a greater need for prayer than right now. Midvale. Sunday school, 2:00 p. m. Preaching service, 3:00 p. m. Christian Endeavor service, Feb. 25 at the Irving King home at 8:30 p. m.

**St. John's Lutheran Church.**  
8 miles south of Ord, Mira Valley Sunday school teachers' meeting and advanced doctrine class meets at 9:00 p. m. Worship in the English language at 11:00. Sunday school and Bible class following the service. Lutheran hour over KFAB at 3:00. Waltham League meeting at 8:00, with special emphasis on the G. A. F. Midweek Lenten service on Wednesday evening at 8:30 p. m. All are heartily and cordially invited to attend any and all of our services. We worship Christ and Him Crucified. David Kreitzer, pastor.

### ++ Something Different ++

As more and more young men go into various branches of service, so Ord gets a bit more warmed weekly. We now have young men in almost every branch of the service, scattered to every point of the compass. This we know, although we are far from knowing the exact location of most of the boys. The Texas boys who made their home with their aunt, Mrs. Olof Olsson, Horace and Frank Johnson, are both in government uniforms, though not the same color or cut. Horace likes being a bombardier, and has mysteriously been sent somewhere or other; Frank likes his training too, and is thought, but not known, to have shipped far west.

The Melia boys are perhaps the most sprinkled over the United States, one in camp in Missouri, one in Arkansas, one in Florida, one in Ohio, and in about as many branches of the service. Some of them especially wanted to be together, but tests of their fitness and inclinations did not give this result. Although the P. J. Melia family moved from Ord a few years ago, Ord claims them and I think they claim Ord too.

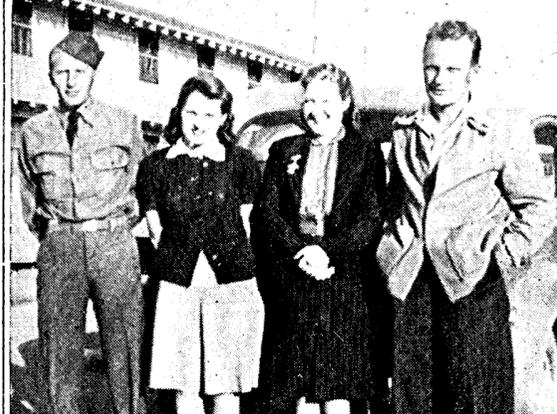

Perhaps they aren't Ord's, but everyone is most interested in hearing more news from the three Wake Island relatives of Mrs. E. L. Vogeltanz, a brother-in-law, a brother and a nephew of hers. After the seige and fall of the tiny islet, it is thought they were removed first to Yokohama and then later to Shanghai to a prison camp. Mrs. Kenneth Leach first received news of the death of her brother at Pearl Harbor, then in a few days she very happily learned the report had been a good deal exaggerated, in Mark Twain's famous phrase.

Mrs. Will Misko now has a son at Honolulu, and though he is not an active combatant, his work is very important. He repairs delicate instruments needed for warfare and keeps them ticking perfectly. And only a couple or well anyway, not many years ago, Gerald Keim was another fresh-faced school-boy running in and out of the Ord high school. Across the street from me another Gerald, Gerald Hatfield, quietly slipped away to be a soldier boy, leaving his job as a clerk in the Golden Rule store. He looks grand in a uniform, as Quiz readers had a chance to observe last week. Away down in Georgia, Dr. and Mrs. McGinnis have a son who is a professional soldier, and these days his job is very important, indeed. He inspects all the meat fed to the thousands of boys in his particular camp, making sure every bit of it is first class material for building brawn. Mrs. Ralph Misko has an only brother on the Pacific...that misnamed ocean...dashing about in a destroyer. So she is one more Ord person who reads war news eagerly.

Ord has dozens of other boys serving the flag now. The Quiz is proud of every one of them. If you have a letter or message from your son, why not send it to the Quiz to be printed, in whole or in part? Others are interested too. —Irma.

**Carkoski to Newfoundland.**  
Steve Carkoski, for many years an employee of the Kokes Hardware and more recently engaged in plumbing work at Ogallala, has signed a contract to go to Newfoundland to work on a United States government project. He will go in about two weeks. His family, who are now in Ord visiting Mrs. Carkoski's parents, Mr. and Mrs. Kruml, expect to stay in Ord while Steve is in Newfoundland.

Ted Furtak and Relatives in California

Remember Ted Furtak? He is now with the 64th engineers (topographic) Fort Ord, Calif. Here he is seen with his sister Florence, now Mrs. Roy Harris of Downey, Calif., Mrs. Ed Furtak, formerly Eva Thompson of Arcadia, and Ed Furtak. The latter lives at Whittier, Calif.

**Missionary Interned**

at Bangkok, Thailand  
Through the International Red Cross, of Geneva, Switzerland, relatives of Dr. P. A. Voth, a missionary for fourteen years at Khon Ken, Thailand, this week received word that he is alive and well. The cablegram read: "Interned, all well, send best wishes."  
Mrs. P. W. Rupp, of Ord, is a sister of Rev. Voth, whose wife and children have been in Glendale, Calif., since last July when they were evacuated from Thailand. The Red Cross cablegram was received by Mrs. Voth, who promptly sent it on to Mrs. Rupp to allay her fears as to her brother's safety.  
Rev. Voth was in charge of a Bible school in Thailand for the Christian Missionary Alliance. His relatives last heard from him on Dec. 7, the day Thailand capitulated to Japan, when a news commentator, who had often been a guest in the Voth home escaped over the border and notified Mrs. Voth that her husband was alive and at his station.

Mrs. Rupp thinks her brother is in an internment camp in Bangkok, along with other missionaries and American business men and despite the cablegram she fears for her brother's welfare, as he suffers with stomach ulcers and she thinks the poor food and lack of medical care in the internment camp may bring a recurrence of the ailment. The hot season in Thailand is less than a month away, she says.  
Rev. Voth last visited the United States on furlough in the winter of 1935-36. Until the war started, he had planned to return home March 1. Now he probably will be interned until the war ends.

**Ord's Basketeers Try for Accuracy in Free Throws**

Here are the nine players who have seen service in Ord's first team basketball games this season practicing for accuracy from the free throw line in preparation for the coming tournament at Ord in which seven schools will compete for district honors in class B. This is the squad which has won ten of their eleven games, bowing only to the fast Grand Island team.

Left to right, with their point total, they are: Frank Misko, 25; Loyal Huribert, none; Otto Mar-esh, none; Ora Hurbert, 50; Ray Vogelanz, 13; Gould Flagg, 30; Henry Adams, 68; Alex Cochrane, 114; Junior Wilson, 23. In considering the above figures it must be borne in mind that part of the boys play largely on the defensive, and do not have as many opportunities to score. Also some of the boys get to play only a part of the time. The leading scorers are nearly full time players.

**Social and Personal**

**Guild Meets.**

A regular meeting of the Wesleyan Guild was held Wednesday evening at the Methodist church, Miss Gertrude Patrick being hostess for the evening. The group painted the tables in the primary room of the church.

**At Petska Home.**

Miss Margaret Petska was hostess Saturday evening to ten young friends, honoring Miss Beatrice Fisher who will be moving to Oregon with her parents the last of this month. Games were played, a nice lunch served and the honor guest received a lovely farewell gift.

**Mrs. Cuckler's.**

At the home of Mrs. Harold Cuckler Wednesday afternoon, the Sunny Circle of the Methodist church met for a pleasant time.

**Dinner Club.**

Monday evening Mr. and Mrs. Wilmer Anderson entertained their Dinner Bridge club at their home. A delightful time was had.

**Lillian Kokes a Bride.**

Monday afternoon in Chicago Miss Lillian Kokes, daughter of Mr. and Mrs. John Kokes, became the bride of Paul Keller, M. D. Lillian graduated here in 1932, from St. Francis' Hospital in Grand Island as a registered nurse, and since then has followed her profession in Kearney, Minneapolis and for the past four years in California. Due to the illness of her father, her sister Evelyn did not attend her. Ord friends will speed a host of good wishes after the

**An Opportunity and a Challenge to Business Men of Ord**

(Continued from page 1)

The city merchants aren't going to surrender their small-town and rural trade without a fight. The Omaha and Lincoln and Grand Island papers are going to bring their advertising messages into this community and they are going to use every method they can—including, perhaps, the development of mail order business—to hold on to that trade.

Montgomery Ward and Sears-Roebuck aren't going to lie down and play dead, either. Right now while a lot of you are bewailing shortages of merchandise and curtailing your local advertising those mail-order houses are flooding your home community with the biggest, most attractive catalogs they've ever issued. And people are going to be inclined to trade more than ever with them, too, unless you do something to counteract their propaganda.

So you, Mr. Ord Business Man, had better be stirring yourself right now before your competitors get the jump on you.

Preaching the doctrine of "trade at home" isn't enough. Urging people to support "home enterprise" isn't enough. You have got to show them why trading at home means money in their pockets. That they can buy as good quality at home at as low prices as elsewhere. That your store will continue to carry all the lines of merchandise any store anywhere can get.

This car, gasoline and tire crisis offers an opportunity for showing them.

What are you going to do about it? And when?

This newspaper covers all of Valley county and generous slices of every adjacent county. It is working constantly to build up its coverage, by every legitimate means. It is printing the best paper possible—running more features, more local pictures, more news—than ever before in history, just to build up that increased coverage that means returns to you. And it is taking these aggressive steps at a time when too many of you are lying down.

Since January 1 this newspaper has been mailing about 300 sample copies per week to different communities within Ord's trade area. This means that about 3,200 copies of The Quiz have been going out every week. Many of the families who get sample copies are translated each week into regular subscribers. We expect to continue this sampling process, building up our coverage far beyond anything seen in this field before.

Every additional subscriber on the Quiz list means an additional prospective customer for you ONLY if your advertising reaches him, and to have it reach him you must insert that advertising message in these columns.

You will always find us ready and willing to work for you as your salesman.

If you haven't merchandise to sell, you can sell service. Every business man has something to sell or he shouldn't be in business. And if you have something to sell it will pay you to tell our great audience of 3,000 and more families about it.

This is your opportunity; this is our challenge to you. Will you help make Ord a better, more prosperous town despite war and its shortages?

**THE ORD QUIZ**

new Dr. and Mrs. Keller, and hope to see more of them.

Mrs. L. D. Milliken will be hostess when P. E. O. society meets next Monday evening at 7:45 o'clock.

**Judge Spikes Confirms Verzal Property Sale**

While holding the regular term of court in Ord Monday, District Judge William F. Spikes confirmed the sale of the remaining items of the Charles Verzal estate. Tract No. 1, as advertised in the Quiz in December, comprising the land west of Highway No. 11, 75 acres with irrigation well, was sold and the sale confirmed some time ago, the purchaser being Archie Geweke.

Farm No. 2, comprising the part of the same farm east of the track and containing the buildings, was sold and confirmed to Mary Pecenka, the amount being \$4,525. Frank Novak was the high bidder at the time of the auction, his bid being \$4,025. This tract was sold subject to a mortgage of \$1,500.

Farm No. 3, the 640 acres of rolling land four miles west and one north on the Sargent road, was bought by Frank Novak for \$2,525. W. J. Campbell had the final bid at the auction of \$2,260. Campbell, Fred Dowhower and Novak figured in the subsequent bidding, with Novak submitting the final bid. Davis and Vogelanz were the attorneys for the heirs, and John P. Misko was the referee.

**IT HAPPENED IN ORD.**

John L. Andersen, besides being county judge, is a good photographer, quite a mechanic, and an ardent hunter. Sometimes he combines these pastimes. Tuesday evening he told of the time when he and Vernie were out on a hunt and ran across a skunk in a washout. John put his gun aside and was teetering on the bank in an effort to get a good picture of the skunk when Brother Vernie

pushed him in. The picture wasn't too good, as the skunk got in the first shot.

Then there is the one about the Tri-S club in old Ord high, which held a food sale at the Pecenka Market Saturday. These young people are to be congratulated on their industry, but the people who made up their bill really should spell that word "Spended" with one more "O" and one less "E." They tell us also that "kolaces" don't have an "H" after the "C." However, we can vouch for the quality of the same, however spelled.

**Brief Bits of News**

Joint—Lester and Leonard Kizer had three truckloads of cattle at the Burwell auction Friday. They report a favorable market.—Victor Kerchal shelled and hauled corn for Daniel Pishna Wednesday.—Mr. and Mrs. Gerald Dye were guests at the Clyde Athey home Sunday evening.—There was no school at Joint Tuesday, due to the illness of the teacher, Miss Bon-nadel Hallock. The last day was made up on Saturday.—Mr. and Mrs. Daniel Pishna were dinner guests at C. A. Dye's Tuesday.—Several from this vicinity attended the literary at Plain Valley Friday evening and report a good program.—Mrs. J. L. Abernethy spent Wednesday afternoon with Mrs. Daniel Pishna.—Leland Kizer bought three horses at the Ericson auction Saturday.—Henry Hiner has been hauling sand to the George Zablouh place the past week for the basement of the new house.—Wilbur Kizer went to Grand Island last Thursday where he had engaged transportation to the west coast where he expected to find employment.

—Doyle Hiner returned this week from Oregon, where he has been employed for the past three months.

**Cream Marketing Plan Suggested by Tire Committee**

Farmers Worrying How to Get Cream to Market as Tires for Cars Wear Out.

Valley county farmers, concerned over how they will get their cream to market if they can't get tires for their cars, have been dumping their worries in the lap of the Valley county tire rationing committee in increasing numbers, reports Ralph W. Norman, chairman of the board.

This will be a great problem when the weather gets warm and cream and eggs should be marketed several times weekly, they point out.

"Obviously this board cannot attempt to solve such problems but we can at least pass on such suggestions as we receive," Norman says.

In one neighborhood of eight families the following plan has been worked out, the board learns. Whenever one of these farmers goes to town he takes a trailer along and gets in touch with his neighbors. If they have anything to take to town or want anything brought from town, the one making the trip with his trailer takes care of all the errands. Much wear and tear on tires is thus saved. The eight farmers thus take turns making the trip.

"We believe this plan could be put into effect in many localities," the board chairman says. Last week the tire rationing board issued a certificate for a common carrier truck tire to Jack Romans and a certificate to Valley county for one tube to be used for road construction. Permits to buy tires of obsolete sizes were given to Roy McGee, Wester L. Jones, Harry Plock, Rudolph John, Ign. Urbanski, Adolph Beranek, Homer T. Jones, Everett Williams, Walter Guggenmos and Peter Duda.

The committee suggests that any farmers who want tractor tires or tubes should get their applications in at once. The committee is now required to send such applications to the state office for approval, which in itself causes some delay. In connection with this, the committee warns that if the tractor wheels have been cut down for rubber proof must be submitted that such wheels were cut down prior to the "freeze order" of Dec. 11, 1941.

**PERSONALS**

—Mrs. Margaret McGregor writes her brother Mark Tolen that she is special nurse on a case at Bryan Memorial hospital in Lincoln at the present time. She likes it and thinks she may decide to stay in that city.

—Mr. and Mrs. R. L. Dale and little daughter Marcia are newcomers who have moved into the upper front apartment of Mrs. Lewis. Mr. Dale is in charge of the Carter Oil company crew sent here to drill test holes and brought several other families to Ord also.

—Mrs. Will Misko was not well for about a week, gall bladder troubling her. She is out of bed now, however, and also felt better when she received a wire from Gerald Keim early Tuesday morning that he had safely reached Honolulu. Gerald thought the climate, the country and the place he had to stay were all of them lovely, and that the government was taking good care of him. He sailed a week ago Sunday.

**Ord Banks to Close**

Monday, February 23

Inasmuch as Sunday, Febr. 22 is Washington's Birthday the day thereafter, Monday, Febr. 23, is to be observed as a legal holiday and the undersigned Ord banks will be closed throughout the day.

Kindly anticipate your financial requirements accordingly.

**First National Bank  
Nebraska State Bank**

**High School Will Offer Solo Day**

Solo day at the high school Monday is going to be a big event. Mr. Deines has arranged for special instruction for vocal and instrumental groups during the morning, beginning at eight o'clock under the direction of Mr. Lentz from the University of Nebraska and Mr. Fuhr of Hastings college.

In the afternoon beginning at one p. m., the following will give vocal solos: Marjorie Mulligan, Marjorie Zuikoski, Beverly Davis, Jean Carlson, Yvonne Whiting, Lillian Geneski, Norma Geneski, Caroline Auble, Irene Auble, Roberta Stoddard, Norma Rad-liff and Lois Hansen, all of whom are sopranos. Three alto voices will be heard, those of Darlene Carlson, Mary Miller and Pricilla Flagg.

Orel Koelling will give a bass selection, and so too will Alex Cochrane, Edward Rousek, Bill Novosad and Eldon Wachtrle. Tenor voices will be Robert Kokes, Eugene Novotny, Gould Flagg.

Instrumental offerings during the afternoon will include numbers by Amelia and Hilda Lola, both violin; Irene Auble, tympani; by Joy Larsen, saxophone; Gordon Sorensen, trombone; Frank Galka, cornet. Other cornet solos will be given by Marilyn Long, Eugene Novotny, Phyllis Hill, Adrian Jablonski and Ray Gross.

Raymond Vogelanz will play a clarinet number, Bill Fafetta one on saxophone, Maxine Ward-rop on the same instrument. Norma Long and Marilyn Ollis will play a baritone duet. Mar-jorie Zuikoski is listed for bass, Orel Koelling for cello, Roberta Stoddard for trombone, and Eldon Wachtrle for French horn.

Beginning at eight p. m. a mixed chorus will sing in the evening, prices to be children 5c, high school students, 15c and adults 25c. Afternoon prices will be high school students 10c and adults the same. Or, an adult may pay 25c and for that fee hear both afternoon and evening programs, which are expected to be especially fine this year. The public is cordially invited and a treat promised those who attend.

Late North Loup Items. Roy and Erlo Cox of North Loup and Ernest Horner of Ord drove to Lincoln Wednesday afternoon to attend the Nebraska Well Drillers convention being held there Thursday.

The directors of the North Loup Telephone company met Tuesday afternoon and elected J. M. Fisher president, Otto Bartz, vice-president, and R. W. Hudson, secretary-treasurer. They adjourned until Friday when they will meet with the party line subscribers to talk over the federal revenue tax law.

Married by Judge. Edward Kriss, son of James Kriss of Comstock, and Miss Evelyn Skoll, daughter of James Skoll, also of Comstock, were married at the county judge's office Monday. Judge Andersen officiating. The couple were attended by Miss Lillian Proskocil and Albin Boro, signatories, and by another Comstock couple whose names were not learned. They will live on a farm near Comstock.

More Snow This Week. Also Low Temperature. Sunday there came a nice snow measuring two inches in depth and having a moisture content of .20 of an inch. Monday evening a small amount of snow fell, bringing .04 of an inch more of moisture.

Monday the weather began to grow colder, resulting in temperatures well below the zero mark for two nights. It was one of the storms common to the arrival of the new moon and it is believed that the weather will moderate in a day or two.

Tecumseh Editor in Hospital. S. W. Thurber, editor of the Tecumseh (Nebr.) Chieftain, who is known in Ord, where he has visited, is recovering from an operation in an Omaha hospital.

Coal Shortage. Sweden's coal and coke shortage has forced many industries to curtail operations.

HIGH SCHOOL NOTES

This week the excitement at the high school is chiefly centered about the district declamatory contest to be held at the Ord auditorium on Friday afternoon and evening. Admission for high school and adult listeners in the afternoon will be 10c; in the evening, admission will be children 10c, high school students 15c and adults 25c. In the afternoon the program begins at one o'clock; in the evening the one-act plays begin at 6:45 p. m. A fine program is expected.

Dr. Leroy T. Laase will act as judge, or Leo Martin will substitute for him if necessary. Both men are from the University of Nebraska at Lincoln. The program is listed as follows:

Interpretive Oratory. Gloria Nelson, Broken Bow; Muriel Hamer, North Loup; Betty June Dodd, Burwell; Marie Rohla, Ord; Kenneth VanSkike, Scotia.

Dramatic. Mary Babcock, North Loup; La Verna Beck, Scotia; Mary Miller, Ord; Irene McKee, Broken Bow; Arlene Rowse, Burwell.

Extemporaneous Speaking. Wauneta Burns, Scotia; Edward Rousek, Ord.

Original Oratory. "The Bread of Democratic Life," Amelia Lola, Ord; "The Red Cross Workers," Isabelle Smith, Scotia.

Humorous. Joyce Bishop, Burwell; Mary Alice Tyson, Broken Bow; Iryne Iwanski, Ord; Betty Lou Gebhardt, Scotia; Esther Smith, North Loup.

One-Act Plays. "The Wonder Hat," Loup City; "Cabbages," Ord; "The House of Box-Tops," Broken Bow; "By Special Request," Scotia; "The Mother Who Went Away," North Loup; "Strange Road," Burwell.

Added to the honor roll are the following names from the eighth grade: Arthur Larsen, Tom Tolén, Monica Jean Gnaster, Delores Hurlbert, Helen Kokes, Ruth Thomsen, Mary Travis. For grade nine, these names go on the honor roll in addition to those given the Quiz a week or two ago: Donald Pet-ska, Dick Satterfield, Robert Severson, Lyle Stewart, Edward Tuma, Edwin Vancura, Patty Achen, Catherine. LeMasters, Marguerite Misko, Barbara Parks and Darlene Whiting.

Honor students of the tenth grade include: Ruth Alquist, Hilda Lola, Bernice Parkos, Elinor Walford, Patricia Kucera, Marjorie Zulkoski. In the eleventh grade, Avery Noll, Raymond Vogelanz, Doris Klima, Deana Kokes, Audrey Koll, Maxine Sorensen and Maxine Wardrop.

Twelfth grade honor students include Thelma Bell, Beverly Davis, Elaine Gross, Iryne Iwanski, Ruth Jorgensen, Mary Kominek, Mary Miller, Fannie Marie Rich, Marie Rohla.

LOCAL NEWS

—40 Bargains—Winter dresses at half price. Chase's. 47-1tc

—Mr. and Mrs. W. S. Waite and Mr. and Mrs. A. E. Chase came from Loup City to Ord Tuesday to help their sister, Miss Jane Sutton, celebrate her birthday.

—Mrs. M. McBeth received word of the death of a sister on Tuesday morning, who died at the age of 93 in St. Mary's hospital in Council Bluffs. The sister had been a nun for many years.

—Orville Stoddard of Kearney accompanied Mark Gyger home to spend the week end, both of them returning to their duties Sunday afternoon. Mr. Gyger is still busy at Franklin, but manages to get home to see his family nearly every week.

—Mr. and Mrs. F. V. Cahill and Hugh are going to move into the former Val Pullen residence, the brick house on the hillside. The occupants, Mr. and Mrs. Truman Gross and children, expect to return to Hastings to make their home as soon as they can locate a suitable house.

—Mrs. Andrew Purcell was taken from the Ord hospital to the A. A. Wiegardt home Wednesday of this week, where Mrs. John L. Ward will assist Mrs. Wiegardt in taking care of her. She is gradually improving, and it is hoped that her broken limb may heal in time.

—Mr. and Mrs. Ed Gnaster and daughters went to St. Paul Sunday to visit with her mother, Mrs. Dan Webster and her sister Catherine. Mrs. Webster and Catherine have taken an apartment and will live in Grand Island for a month or six weeks, as Catherine's work will keep her there for about that long.

—Mrs. Mary Parkins Olson writes her parents, Dr. and Mrs. George Parkins, that she now has a job at the Lockheed factory doing office work, and that they are very nice to her there. She has been taking special work in a Los Angeles Business college to prepare herself for such a job.

—Mr. and Mrs. P. J. Mella of Omaha, were very lonely a recent Sunday, so they decided to hop in their car and go see some of their children who were in service of their country. First the Mella's went from Omaha to Fort Leonard Wood, where Charles was thrilled to see them. They drove on to Camp Robinson, Ark., where Dale is training. Thirdly they went to Pensacola, Fla., where Marvin is stationed. Tuesday they came to Ord to visit Mr. and Mrs. Guy LeMasters and other relatives.

GRADE SCHOOL NOTES

Kindergarten children have been enjoying making a poster-office in their room at school. Kay Elaine Hughes was six years old and brought a treat for her classmates this week. Mrs. Muncy was a visitor. On Friday Gail Benson celebrated his seventh birthday at school.

Thursday morning a Lincoln's birthday convocation was held in the auditorium. All grades united to salute the flag. Kindergarteners gave a song and two rhythm band selections. First grade children sang a Lincoln song, Jerry Austin recited a verse about "Our Flag." Miss Swain's pupils read a Lincoln story; Miss Neltzel's students sang two Lincoln songs. Third grade children also sang a song of Lincoln, so did fourth grade children. Fifth graders read some original poetry and sixth grades sang a song.

There are several cases of chicken pox among the several lower grades. Parents have been asked to watch carefully for any signs of cold or pox and keep such children at home.

Many children are buying defense stamps at school, \$39.60 having been taken in at the grade school to date.

A new pupil in the first grade is Marcia Dale, who transferred from the Kearney schools.

"History." "In history things are told Of kings and queens of old. Of Magellan who proved the world was round:

Of early settlers who plowed the ground; Of Washington so brave and true;

Of the flag of the red, white and blue. Betsy Ross the first flag made On the ground it must never be laid

Abraham Lincoln, an honest man These men never said "can't" always "can".

Next pioneers true and steady To help make the ground rich and ready.

1900 years of inventors Morris invent telegraph to send out letters Telephone men served by Graham Bell

These men served their country well. Edison invented electric light Helped young and old to see at night.

Then came the first world war Woodrow Wilson came to the fore, Calvin Coolidge, a quiet man; Hoover originated the food plan;

Franklin D. Roosevelt helped poor and old And those who were crippled and those who were cold United States entered the second world war

Germany had started sometime before. This war we're sure to win If we all save aluminum and tin

Wonderful work does the Red Cross, And we'll show Germany who can be boss

Of all these men so brave and true I like to study of them. Don't you?

—Written by Barbara Farley in fifth grade English.

Harold Barnes Fined for Speeding in Omaha. According to the Tuesday news, Harold Barnes, of Ord, arrested in Omaha Monday night for speeding on west Dodge street at 60 miles per hour with a loaded truck.

The truck, belonging to the K. W. Peterson Transfer, weighed 34,000 pounds, gross load. Barnes was fined \$25 and costs in County Judge Southard's court.

Michigan Dissents Opposes War Time. The Michigan state legislature took action Friday opposing War Time and in favor of Central Standard Time. The governor has stated that he will veto the measure, and probably has done so by this time.

Just why Michigan should take this action is not clear, especially when it is noted that the state is in the eastern part of the Central time zone and so is not nearly so far ahead of sun time as are Nebraska and other states in this longitude.

Store Founder Dies. E. J. Hested, 70, founder of the Hested Stores company, died suddenly at his home in Fairbury, Sunday after an illness of about a week. Lawrence Dending, manager of the Lee and Kelly store in Ord, left Wednesday to attend the funeral, which is being held in Fairbury today.

Washington, D. C. NEW TAX BATTLE

Biggest fight on Capitol Hill when it comes to writing new taxes is going to be over the sales tax.

The man in the thick of this fight is now relatively obscure, but the public will hear a lot about him shortly.

Despite his background, however, big business will get no comfort from Randolph Paul when it comes to the sales tax.

"If you add four cents on the sales price of any commodity," Paul argues, "and a few more pennies on the price of a whole row of other commodities, labor has an excuse to ask for an increase in wages.

Anti-Sales Tax.

Instead of a sales tax, Paul favors a series of very stiff taxes all along the line.

Paul points out that if you take 72 per cent from the big business executive making \$50,000 a year he merely increases salaries to his associates, spends more money on institutional advertising, and decreases his net income.

The real spending power of the nation is in the lower bracket incomes and Paul contends these will have to bear the big part of the war budget.

Other Paul proposals are: (1) Heavy corporation taxes; (2) stiff excess profits taxes; (3) plugging all loopholes in the tax laws; (4) an excise tax on certain specific luxuries which would not increase the cost of living.

HOW TO SEE HENDERSON

Leon Henderson is guarded by so many secretaries and functionaries that even members of congress have a hard time getting to him.

Finally, a little gray-haired lady found the answer.

Mrs. John McCormack, wife of Alaska's selective service head, attended a woman's club function in Washington, at which Henderson submitted to questioning.

Mrs. McCormack put the Alaskan price problem to Henderson on the floor of the club meeting, and he promptly invited her to call at his office next day for a detailed explanation.

"The people around the office," said Henderson, "will try to keep you out, but pay no attention to them. You just march straight into my office."

Mrs. McCormack followed instructions. She saw Henderson, and came away with a promise of action.

CAPITAL CHAFF

Attorney General Francis Biddle is personally reviewing the recommendations of all Alien Enemy Hearing boards, which pass on charges against alien residents in the U. S.

The Bluefield, W. Va., Chamber of Commerce has taken an unusual step for a chamber of commerce. Advocating the curtailment of non-essential federal spending, the chamber listed a number of pet local projects it was willing to forego for the duration of the war.

L. Earle Davidson, hustling young publisher of the Greenville (Mich.) Daily News, has won praise from treasury officials for his highly successful work in boosting defense bond sales.

Saturday was a fine day following a bad spell of weather, and Jim Tatlow, who was only one of Ord's many feed barn owners, stated that he took care of 70 teams that day.

Returning from Rio by Pan American clipper, Undersecretary of State Sumner Welles relaxed in his first bridge game in seven years.

Arcadia Basketball Squad Completing a Successful Season

Here are Coach Roy Rogers and the members of his Arcadia high school basketball squad, who had a fairly successful season. In the front row are Claude Evans, Donald Hughes, Leland Finney, Bob Owens, Marion Hughes and Allen Bellinger; in the second row are Beryl Gregory, Doyle Marsh, Bill Ramsey, jr., Bob White and Coach Rogers.

When You and I Were Young Maggie

February 18, 1932.

The state railway commission gave a temporary O. K. to the Burlington's plan to continue the daily freight and the morning passenger train, but to discontinue the evening passenger.

The most severe storm of the winter came Feb. 16, with 11 inches of snow and a high wind. County roads were blocked and trains delayed.

H. B. Van Decar, president of the Chamber of Commerce, received word that the express companies had made arrangements to deliver express free anywhere in the city limits of Ord.

Ord high defeated Scotia high 23 to 15, the second team won 13 to 12, and the grade team won 14 to 8.

S. W. Roe was reelected president of the Farmers Grain and Supply company, John Vodehnal vice-president, D. E. Strong secretary and Charles Sterneckner treasurer. Bill Heuck was again appointed general manager. He still is.

James A. Patton, former Ordite, died at Fremont. Mrs. Patton died a few months ago in Lincoln.

Frances Bradt fell on the icy sidewalk, badly fracturing her ankle. Mrs. Dan Needham was hurt when she fell on the icy sidewalk and her husband bumped her with the car.

Mr. and Mrs. Ed Zikmund celebrated their 25th wedding anniversary, Feb. 11, with all the relatives present.

February 16, 1922.

Joe Nekuda and Eben Moss, well known Burwell men, were having the Quiz print a catalog of their sale of pure bred Poland Chinas and Durocs.

David Parker, well known Taylor man, was in the Ord hospital for an operation on an abscess on his neck which threatened to shut off his breathing.

Supt. Herbert L. Cushing was recovering from illness apparently caused by decaying teeth.

Adrian Tolen, small son of Mr. and Mrs. Irl D. Tolen, submitted to an appendectomy.

Farmers in the Ord territory were complaining of the lack of farms to rent, and many feared that they might have to sell their stock and machinery and quit.

Vie Nay was married on Valentine day to Orrin Compton of Flagstaff, Ariz. The ceremony took place in Los Angeles.

John Klein was out driving the new auto fire truck, getting used to operating it so he could handle it in case of a fire.

Those who had ads of their farms sales in the Quiz for the week included: Joseph Zading, Julius Verstraete, M. A. Gilbert, Andrew McMullen of Gibbon, J. A. Bodyfield and sons saw sale, C. R. Hirsch of North Loup, Paul C. Larsen and son of Wolbach, saw sale, Charles Dobry of St. Paul, saw sale, Nekuda, Grunke-meyer and Moss, S. L. Criss of Burwell, saw sale, Davis and Mortensen, saw sale, Ed Jensen reduction sale, Anna Parkos, administratrix sale, Charles Bals clean-up sale, and Lloyd Van Vie clean-up sale. These 14 sales used a total of 436 inches of display space.

February 19, 1892.

Miss Florence Smith (Mrs. Chapman) left for Dunning, Neb., to accept a position in a general store at that place.

John Bryan of Calamus made the suggestion that the four Ord papers unite into one. Now, after 50 years, we find that is what has been done, not only with the papers of that day, but with a number that were started later.

Jorgen Moller and Miss Valborg Foght were married Feb. 17 at the Presbyterian church in Ord and were to live on the Moller farm south of Elyria.

Frank Stewart had sold his farm in Mira Valley to J. J. Turner of Missouri, and went into the well and windmill business later on.

Remember This Person?

The young fellow last week should not have been so hard to guess. We thought maybe Evet Smith might figure out who it was, but, if he did, he didn't call us. To Mrs. Chris Hansen went the honor of being the first person to give us the correct name, which was John Miller. This week we have another young fellow who is well known, and somebody should guess his name without difficulty, as he is in a prominent spot at present. Let us have your guess at once, please.

hall was never built, but they later acquired the present Legion hall.

Mrs. Cynthia Fales was recovering from a stroke of apoplexy, and Mrs. A. Ward had recovered from a six weeks illness.

The Fireman's ball was held at the Wentworth Opera house and was a grand success. Reed's orchestra furnished the music.

Frank Lukesh and Miss Mary Blaha were married at the Ord Catholic church Feb. 12 and left for Lincoln on their honeymoon.

F. J. Dworak was having a lot of trouble with rheumatism, but he is still with us after 30 years.

February 19, 1897.

Donald McLean, promoter for the Sioux city and Western railroad, was very busy, and the proposed line was to extend through the Ord territory, according to reports. Apparently it existed only in the promoter's imagination.

H. H. Parks bought out Charles Parks in the stock business, and Charles was feeding cattle out on the farm.

Ott Taylor came down from Burwell, where he was living at the time. He still does, and still is.

Miss Myra Babcock of North Loup, who was teaching in St. Paul, spent the week end in Ord.

The people served by the Union Pacific branch line from Grand Island were complaining about the quality of the service the road was giving.

A petition was being circulated in Ord asking the legislature to pass the Trans-Mississippi exposition appropriation, in any amount from \$75,000 to \$350,000. Jay Cronk represented this district at the time.

February 19, 1892.

Miss Florence Smith (Mrs. Chapman) left for Dunning, Neb., to accept a position in a general store at that place.

John Bryan of Calamus made the suggestion that the four Ord papers unite into one. Now, after 50 years, we find that is what has been done, not only with the papers of that day, but with a number that were started later.

Jorgen Moller and Miss Valborg Foght were married Feb. 17 at the Presbyterian church in Ord and were to live on the Moller farm south of Elyria.

hanging of C. W. Lockwood at his home near Ericson. He was believed to have been mentally deranged.

Dr. A. O. Faulkner, deputy head counsel of the Modern Woodmen of America, organized a camp of 30 members in Ord the evening of Feb. 15.

The event of the season was a Valentine party given by Misses Jessie Grippen and Doll Williams in the home of Mrs. W. J. Wilson (the house known as the Hoard property, where the W. E. Keslers now live). The Quiz made much of the fact that the party was put on without card playing or dancing.

LEGAL NOTICES

Munn & Norman, Lawyers. NOTICE OF HEARING FOR DETERMINATION OF HEIRSHIP.

In the County Court of Valley County, Nebraska. IN THE MATTER OF THE ESTATE OF MIKE KACZKA, DECEASED.

To all persons interested in said Estate, both creditors and heirs, take notice that Carl Kaczka, son of the Deceased, has filed his Petition in said Court alleging that Mike Kaczka died intestate on or about January 1, 1940, being a resident and inhabitant of Valley County, Nebraska, and owner in fee of the Northeast Quarter of Section 7, Township 19 North, Range 15 West of the Sixth Principal Meridian, Valley County, Nebraska.

Said Petitioner further alleges that Mike Kaczka left as his sole and only heirs at law Leona Knopik, a daughter, Anna Sobon, a daughter, and Carl Kaczka, a son; that the Petitioner is a son and heir at law of the Deceased; that there is no estate or inheritance tax assessable or due upon said estate or inheritances.

Said Petitioner prays, among other things, that the allegations of said Petition be found true and further prays for a determination of the time of the death of said decedent, a determination of the heirs of said Deceased and the degree of kinship and the right of descent of the real property belonging to the Deceased, for a Decree barring all claims and demands against said Estate, that the decedent died intestate more than two years prior to the filing of said Petition; that no application has been made in the State of Nebraska for the appointment of an Administrator and that said Estate has not been administered and no Administrator has been appointed in the State of Nebraska; that there is no inheritance or estate tax assessable or due upon said Estate or inheritances; that the heirs at law of said Deceased as above set forth shall be decreed to have succeeded to the ownership in fee simple of the above described real estate and, for such other and further relief as may be just and equitable.

Said matter has been set for hearing before this Court in the County Court Room in Ord, Nebraska, on the 10 day of March, 1942, at Ten o'clock in the forenoon.

Witness my hand and official seal this 14th day of February, 1942.

JOHN L. ANDERSEN, County Judge of Valley County, Nebraska. Febr. 19-3t.

John Bryan of Calamus made the suggestion that the four Ord papers unite into one. Now, after 50 years, we find that is what has been done, not only with the papers of that day, but with a number that were started later.

Jorgen Moller and Miss Valborg Foght were married Feb. 17 at the Presbyterian church in Ord and were to live on the Moller farm south of Elyria.

Frank Stewart had sold his farm in Mira Valley to J. J. Turner of Missouri, and went into the well and windmill business later on.

An incident well remembered by old timers was the suicide by

In the County Court of Valley County, Nebraska.

NOTICE OF PETITION FOR APPOINTMENT OF ADMINISTRATOR ESTATE OF JOHN ORSAG, DECEASED.

The State of Nebraska to all persons interested in said estate: Take notice that a petition has been filed for the appointment of John P. Misko as administrator of said estate which has been set for hearing on February 28, 1942, at 10 o'clock A. M. at my office in the court house at Ord, Nebraska.

Dated February 6, 1942. JOHN L. ANDERSEN, County Judge. Febr. 12-3t.

Munn & Norman, Attorneys. NOTICE OF SUIT.

TO THE HEIRS, DEVISEES, LEGATEES, PERSONAL REPRESENTATIVES AND ALL OTHER PERSONS INTERESTED IN THE ESTATE OF HARRY L. JEFFERLES, DECEASED, real names unknown:

You and each of you will take notice that on the 23rd day of January, 1942, the Home Owner's Loan Corporation, a Corporation, filed its Petition against you and commenced an action in the District Court of Valley County, Nebraska, the object and prayer of which is to foreclose a certain mortgage in the amount of \$1,050.17 upon the following described real estate, to-wit:

Lots One, Two and Six, in Block Five of J. A. Green's Addition to North Loup, as located upon the Northeast Quarter of Section 35, Township 18 North, Range 13 West of the Sixth Principal Meridian, Valley County, Nebraska.

Said mortgage was signed by Harry L. Jefferles and Roxana Jefferles, husband and wife, is dated June 13, 1935, and recorded in Book 60 of the Mortgage Records of Valley County, Nebraska, at Page 225.

Said Plaintiff further prays that you be foreclosed of all right, title, interest and equity

GEO. A. PARKINS O. D.

# James, Baird and Cooley Know What McArthur's Men Are Up Against in Bataan Peninsula Defense—They Fought the Moros There in 1898

We all know a lot about the battle in the Philippines today, but most Quiz readers do not know a thing about that other war in the same location, the Spanish-American war, or the war that followed, the Philippine Insurrection. Three Valley county men had a share in those conflicts, and they get more out of the news reports from Luzon, because they have been right there.

Shown above are H. O. Cooley, Arcadia, E. C. James, Ord, and E. C. Baird, Arcadia, as they looked when they got together Friday to talk over old times. Co. B, Arcadia men went with Co. H, 1st Nebraska Infantry, from Fullerton, and James went with the 51st Iowa Infantry, Co. G, from Greenfield. They had a part in some of the engagements, but James did not know the other men until they met afterwards at reunions.

Mr. Cooley told the writer the first part of the story of his regiment left which San Francisco aboard the Senator, June 16, 1898. The Senator was an Alaskan freighter, a cattle boat which had been converted into a troop transport by building in bunks. In the same sailing schedule were three more boats of the same type, the China, the Zealandia, and the Colon.

They arrived at Manila July 17, traveling without escort, as none was needed. The Spanish Pacific fleet had been destroyed May 1 by Admiral George E. Dewey and his fleet, and there were no submarines. The cruiser Boston met them two days out at the north end of the island of Luzon and escorted them into Manila harbor. The only railroad in the Islands then was the narrow-gauge Manila to Dagupan railroad, having wood-burning engines.

E. C. James, as he looked wearing the blue uniform issued to the United States soldiers during the Philippine campaign.

The regiment unloaded in a peanut patch on the Cavite road, about half way between Manila and Cavite, and made camp which they named Camp Dewey. They stayed there until Aug. 13, when they went into Manila and took over the city the day of the armistice with Spain. It was no picnic, either, for the Spanish and Filipinos, were still fighting and had to be subdued.

After that they stayed in Manila and had charge of shipping on the water front until late November, at which time they went out to Camp Santa Mesa, about 4 miles out of Manila toward the waterworks, which was two miles farther on, up the Pasig river. They stayed there until Feb. 4, but Mr. Cooley was sent home on a furlough Jan. 16, and that was the end of his experience in the war. He got to Frisco about the middle of February and home some time later.

Baird stayed on, of course, and helped the rest of the boys chase Filipinos through the jungles. He recalls the day when they were on the way to Kinga in hot pursuit of the enemy, when their colonel, Stolzenburg, was killed in action. It was so hot that day that only 12 men of Co B responded to roll call that night. The colonel was killed April 23, 1899.

The regiment took part in a number of battles, and lost many men in battle and from disease. Mr. Baird admits hav-

Valley county's "3 musketeers" of the Filipino uprising. They fought the war together in different regiments. Left to right are H. O. Cooley, E. C. James and E. C. Baird.

ing had many exciting experiences at San Fernando, Malolos, and other places, but he is not much of a talker, he says, and so his story is short. The 1st Nebraska was ordered home and was discharged at Presidio, Calif., late in August, 1899. The Arizona that brought them home was not the battleship, but another converted cattle boat.

Between them Cooley and Baird recalled a number of interesting incidents. One was that when Dewey and his fleet came from Mrs. Bay, China, Emilio Aguinaldo was a passenger on board. The following February he started the Philippine Insurrection, making his capital at Malolos, about 80 miles northwest of Manila.

The first electric sign either man ever saw they saw at Manila, and it read: "Schlitz Follows the Flag". Baird said that the brewing company sent over a bottle for every soldier in the islands. His buddy did not drink, which made it tough for Baird, who was under obligation to drink two bottles.

He also said that the boys saw the sign but wouldn't believe it and went and bought a few bottles to prove it was really so. With beer selling at a dollar a quart and a soldier's pay \$15.00 per month, most of the boys didn't have much money to spend on beer. There was a U. S. paper published in Manila, called the "Stars and Stripes". It was not much of a paper, but all read it, when they could get it.

It was a time of almost all night alarms. Three nights in succession, Cooley recalls, the regiment was called into line ready for any emergency, and stood in line for an hour or two each time, with the rain pouring down on them. During the rainy season it rained all the time, as much as 36 inches in one 24 hour period.

So much for the 1st Nebraska. Now for E. C. James and the 51st Iowa. James volunteered and was assigned to Co G May 4, 1898, the third day after Dewey's victory. The regiment was assembled at the state fair grounds in Des Moines. It was sent to San Francisco in June and went across in August or September, 1898, in the Pennsylvania, a converted cattle boat. James was there all through both wars and was discharged at San Francisco with the regiment, Sept. 2, 1900.

The men were kept on ship until the arrival at Manila and were given the duties of the marines. For two months the ship sailed about among the islands of the Philippine group and took over the Spanish garrisons in the various towns. In many cases this meant sharp fighting and in all cases there was plenty of excitement.

Returning, the men unloaded at Cavite, and from there crossed the causeway and captured and destroyed the town of San Roque. This occurred about New Year's. They had a couple of months campaigning to the south of Cavite and Manila, capturing a number of towns and their garrisons, and then came back to Manila. Among towns in this area were Santa Tomas, San Francisco de Malabon and Caloco.

From Manila they went north, and battles fought there included Caloocan, Quingua, where Stolzenburg was killed, Calumpit, and San Fernando. From San Fernando they went southwest down into the Bataan peninsula, which is figuring so much in the news now as the place where McArthur and his men are making history in their stand against the Japanese.

After they got the natives settled here, they went back to San Fernando, and from there a selected group of fifty men made a trip on up the railroad to Dagupan. When they neared the town the enemy became too strong for them to handle, so the main body, coming later, were assigned to the job of mopping up the opposition.

At Cavite, April 11, 1899, Private E. C. James was made artificer. For those who may know, the artificer's job is to repair the equipment, the guns in particular, when they get out of order. Since they very seldom do get out of order, there wasn't a lot of work to the job. The artificer in those days wore very elaborate chevrons on his arm, and this made him appear more important than he really was. His rank was the same as that of a corporal, and he drew corporal's pay.

Mr. James still has his discharge from the army on the usual form but his warrant as artificer was written out on a

plain piece of paper, there being no forms available at the time. His discharge mentions perhaps two dozen engagements in which he took part, and he also received a Philippine Insurrection service medal.

The regiment visited Japan on the way back, left the Philippines in October and he was discharged Nov. 2, 1899, and got home just in time to vote that year. He managed to gather a large number of souvenirs during his stay in the Islands, and brought a large number of them back with him. The children have taken them to school, and due to the fact that there were a number of them, the souvenirs are somewhat the worse of the wear.

James bought a kodak just before the regiment left America, and took pictures all the time he was away. He still has the kodak, in spite of the fact that a man in Omaha once offered him a hundred dollars for it for the sake of having a souvenir. He had all his negatives for a long time, but finally lost them. He still has an album full of the pictures he took, and they are very interesting to look at.

He still has his old uniform in two shades of blue, and one time about twenty years ago he was persuaded to put it on and wear it to the Decoration Day services. However, when a lot of fellows asked him if he belonged to a band or a fire department, he got disgusted, and has never worn it since. The photo of him shown herewith will give some idea of what this uniform looked like.

He brought back a lot of mementos in a wickerware grip that he bought in the Philippines. And these curios are well worth a person's while to examine. Among them are sandals made of grass, a pair of wooden shoes, a number of knives and forks,

including a knife and fork carved from bone.

He has an earthen brazier, the kind in which the natives burn charcoal for cooking and to keep warm. He has a piece of tanned shark skin; a bolt and burr taken from a Spanish 16 inch gun on Corregidor. He has a book in Spanish that once belonged in the old mission at Santa Tomas. He has a knife he took from a native in a drug store.

He did have a machete that he took from a native. This fellow objected to being searched for weapons, produced the machete from somewhere on his person, and James had the fright of his life. He had no bayonet on his gun, but jammed the muzzle of his gun into the enemy's mid-section, and knocked him out.

Another interesting incident during the campaign occurred when the Iowa boys had just gotten into camp and had their pup-tents set up. A report came that the 1st Nebraska needed help at once, so they left their tents standing and away they went. They never saw their tents again and got along without them the rest of the campaign.

While James forgot to tell the particulars, he has a picture of himself just after he had gotten out of the hospital where he was ill with the fever, and his head was as bald as a billiard ball. All of which goes to show that a lot of things can happen to a fellow in a war besides fighting battles.

Most interesting to these three veterans is the fact that in 1898, the Filipinos fought side by side with the Spaniards against the United States troops, and later fought an insurrection on their own account. Yet today they are fighting side by side with the Americans in McArthur's forces, and are absolutely loyal to the United States.

## ARCADIA

Mr. and Mrs. Elmer Armstrong entertained Sunday evening at pinocle in honor of Mr. and Mrs. Virgil Wallace and Zola Lybarger of Clarkburg, Calif., Mr. and Mrs. Marvin Coons, Mr. and Mrs. Ellsworth Bruner, Mr. and Mrs. Claude Williams, Don and Irving Youngquist, Leonard Lybarger and Mr. and Mrs. Donald Murray. Mrs. Murray won high and Donald Youngquist low.

The Up-to-Date club met at the home of Mrs. Geo. Travis on Tuesday. A book review on "Keys of the Kingdom," was given by Miss Hart.

Mrs. Bill Stoldorf of Geneva came Sunday to visit her daughter, Mrs. James Murray and family for a few days.

Mrs. Roland Leach entertained Tuesday evening in honor of her husband's birthday.

James Hutchins, who has been visiting his sister, Mrs. Anna Sherbeck, returned to Stapleton Friday.

Mr. and Mrs. Eric Erickson, John, Ruth and Gene and Rev. and Mrs. Johnson and Aris were guests at the Kermit Erickson home one evening last week in honor of Mrs. Kermit Erickson's birthday.

Mr. and Mrs. L. G. Arnold entertained Wednesday evening. Mr. and Mrs. Glen Knapp of Loup City and Mr. and Mrs. Geo. Burke.

Mr. and Mrs. John Lind were Loup City business visitors Friday.

Mrs. Geo. Olsen received a letter from the Don Kucheras, who worked here on the irrigation project and they are now located at Milwaukee on an irrigation project. They had just moved from Jamaica, N. Y.

Helen Vanchura left for Washington, D. C., Saturday to accept a civil service appointment.

Mrs. and Mrs. Vernon Dalby of Columbus, O., Mr. and Mrs. Claude Dalby and Mr. and Mrs. Martin Benson and Alfred Benson.

Mrs. Wm. Gregory and Gilbert and Lily Bly visited at Old Yale school Friday afternoon to attend the Valentine party given by Miss Betty Gregory, teacher.

Bill Fagus was the victim of an unfortunate accident last week while shredding at the Dean Whitman farm. His hand caught in the shredder, almost severing the thumb and broke the index finger. He was taken to Dr. Amick at Loup City where medical aid was given.

Emil Budjinski was in Grand Island Thursday in regard to entering the service.

George Burrows recently graduated from aerial mechanics work at Lowry Field, Denver, and is being retained as an instructor. Johnnie Burrows is now a radio and electrical inspector at the Douglas aircraft plant in Santa Monica, Calif. Both formerly lived here.

Rev. Nye and wife of Minneapolis sent word by the McCleary boys that they wished to be remembered to Arcadia friends. Maynard McCleary plays basketball on Rev. Nye's church basketball team.

# PERSONAL ITEMS

ABOUT PEOPLE YOU KNOW!

—Dave Holmes, of Arcadia, visited several days last week with his cousins, Mr. and Mrs. Walter Hoon.

—Mr. and Mrs. Donald Harmon, jr., of Newton, Ia., are parents of a baby boy born Monday, which makes Mr. and Mrs. I. C. Clark, of Ord, great grandparents for the first time.

—Mrs. Frank Kasal has received word from her son, Leonard Cronk, that he moved to Omaha about two weeks ago and is working in the office at the army quartermaster's post.

—Mr. and Mrs. LaMoine Wiggent came Monday from Chicago so that they might register for selective service from this location. His work and their home have been near Chicago. She was recently a bride, known in Ord better as the former Myrna Rowbal.

—James Wachtrle is out of bed and feeling able to work at the Jack and Jill store again. Rheumatism or something similar had him laid up about a week.

—Young Joe Wigent drove up from Omaha Saturday, bringing his sisters and spending the week end here. They returned to their jobs Monday afternoon.

—Miss Evelyn Adamek left Monday for Omaha, where she hopes to get work. She has been employed by Chase's Toggery for a year or so.

—Mr. and Mrs. LaMoine Wiggent came Monday from Chicago so that they might register for selective service from this location. His work and their home have been near Chicago. She was recently a bride, known in Ord better as the former Myrna Rowbal.

Prices for Friday, Feb. 20th and Saturday, Feb. 21st

## A FARM AT YOUR ELBOW

When you step into your Jack & Jill you really have a farm and orchard at your elbow. See the finer, fresher crops of fruits and vegetables in our produce department—the choice of orchard, farm and vineyard. You get all of these because Jack & Jill buyers select 'em and rush 'em to you. That's why we're able to say so enthusiastically: Our fruits and vegetables are HOURS FRESHER. Come! See! and Save!

OPEN WEDNESDAY AND SATURDAY NIGHTS

Twenty-two North Loup children, all students in the first and second grades, enjoyed a valentine party as guests of Lucy Grace Switzer, daughter of Mr. and Mrs. Clarence Switzer, after school Friday. The group are shown around the table, which is decorated with red candles and hearts ready for the valentine lunch. Mrs. Switzer and Miss Beulah Porter, teacher of the children, are at the head of the table ready to serve.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Mrs. Lillian Granville White spoke to an interested group of ladies Thursday afternoon at the home of Mrs. H. J. Hoepfner using as her subject her experiences in Belgium at the time of the surrender of King Leopold. After her talk a short time was spent in discussion, during which time Mrs. White answered questions. Mrs. Hoepfner with Mrs. Will Graf assisting were hostesses for a Legion Auxiliary tea that afternoon. They served a lunch of coffee, sandwiches and cookies. Mrs. Keith Lewis, Mrs. Frank Fafeta and Mrs. Hill of Ord accompanied Mrs. White to North Loup and were guests. Mrs. Frank Schudel, president of the local auxiliary, presided over the meeting.

Mrs. J. A. Barber was called to Alliance Saturday by the serious illness of her sister's husband, C. H. Clapper. Mr. Clapper is agent at the Pine Ridge Indian reservation at Pine Ridge, S. D., and has been ill about two weeks, suffering with blood poisoning. He has had several blood transfusions, blood for which had been given by the Pine Ridge American Legion. He had been taken to a hospital in Alliance shortly after his trouble started and when Mrs. Barber was sent for very little hope was held for recovery. The Clappers have visited here and Mrs. Clapper will be remembered as Marguerite Thorngate. Mr. Barber and Melford Goodrich took Mrs. Barber to Broken Bow where she took the train for Alliance.

Mrs. Clara Redden of Omaha who has spent two weeks here with the Otto, George and Fred Bartz families left Friday evening for her home.

Mr. and Mrs. Chas Otto of Burwell spent all day Wednesday in North Loup.

Mrs. Ross Porter and Shirley came in on the Thursday evening bus. They had spent the week in St. Paul with Mr. and Mrs. Frank Mulligan.

Mr. and Mrs. John Marrow of St. Paul were Thursday evening dinner guests of Mr. and Mrs. W. W. Willis.

Edward Johnson came from Denver Thursday to assist in the care of his father, George E. Johnson.

The Fortnightly club met Wednesday afternoon at the home of Mrs. Floyd Hutchins. The lesson for consumer education was on tinned foods and was led by Mrs. Frank Schudel and Mrs. Harold Fisher. Guests were Mrs. W. T. Hutchins and Mrs. Harlan Brennick.

Mrs. W. J. Hemphill was ill with the flu and confined to her bed most of last week.

Becky Kriewald who is attending St. Paul business college came home on the Friday evening bus.

Mrs. Merle Worrell came up from Cotesfield on the Friday evening bus.

Mrs. H. J. Hoepfner entertained a number of ladies at a covered dish supper Monday. Most of the ladies husbands were attending the community club supper at the Ideal cafe.

Ben Nelson was in Burwell on business Friday afternoon.

Ruth Clement assisted in the Loyalist office the first of the week in the absence of Mrs. J. A. Barber.

Mrs. Mervin Scott and baby returned Saturday night from the Harold Keep home at Cotesfield where they had spent the week.

Mr. and Mrs. R. H. Knapp and children were Sunday supper guests of Mr. and Mrs. Ign Pokraka.

Mr. and Mrs. I. L. Sheldon returned Thursday from Denver where they had spent two weeks with their son Ross and his family.

Rev. Kritzer of Valley Side and Mr. and Mrs. L. A. Axthelm called on Mr. and Mrs. Wm. Plate Sunday afternoon. Mr. Plate is feeling much better than last week.

Albert Babcock, Jr., (Babbie),

arrived home Sunday, his parents meeting him in Grand Island. He is enroute from the Great Lakes naval training camp where he has been since the first of the year to Alameda, Calif., where he expects to have three months schooling for naval aviation radio. He is to report in Alameda February 28. Babbie was one of forty from his company who were selected for the course. He likes his work in the navy very much. Wayne Babcock, son of Mr. and Mrs. Earl Babcock, is also at Alameda in the radio school.

The Albert and Erlo Babcock families were Sunday supper guests of Mr. and Mrs. A. H. Babcock.

Mr. and Mrs. Bert Sayre were Monday dinner guests in the Albert Babcock home.

Mrs. Allen Sims was among those who were sick with the flu last week.

Dorothy Schudel came home from Lincoln on the Thursday evening bus and remained over till Sunday when her folks took her to Grand Island and she returned to her school work at the university by bus.

Rev. Adams went to Lincoln Friday to attend the annual fellowship meeting of Evangelical ministers in the Lincoln district. Accompanying him were Rev. J. L. Arnold of Scotia. Rev. R. W. Garrison of Taylor, and Rev. Allen Strong of Rose. They returned Saturday evening.

The World Day of Prayer will be observed Friday night in the Evangelical church in Mira Valley. Participating with the Evangelical church will be the Methodist church of Davis Creek and the United Brethren church of Midvale.

World Day of Prayer services are to be held in North Loup Friday night in the Methodist church, with all churches of the village participating. Mrs. Grace Nelson will be the leader and Mrs. Louise Brennick will have charge of a union choir.

Mrs. D. S. Bohrer spent the week end with the Victor Cook family. They brought her home Sunday.

Rev. C. F. Wagner went to Hastings to attend an evangelistic meetings of Methodist ministers. He plans to be away all week.

A Founders day program has been arranged for the PTA meeting which is to be held Wednesday night at the school house.

Geraldine Gowen and Helen Dobberstein came over from Scotia on the Tuesday evening bus.

Chas Clark came home from Lincoln Saturday night. Monday morning he went to Grand Island and planned to go on from there to his work.

Friday afternoon, February 20, Ign Pokraka will make a house-to-house canvass for a waste paper. He plans to use his truck and asks that every one who has paper to give for salvage place the bundles where they can be found easily. He and his assistants will pick the paper up and take it to the salvage building.

Mrs. Ruby McGinley has received word that her son, Walter Leighton, was one of eight men chosen from his company through competitive examination to enter the electrical ordnance training school, U. S. Navy, at San Diego. This is the highest type of school conducted by the navy, offering several elective courses. Upon graduation he will automatically receive an officer's rating. Leighton joined the navy recently and he writes that the navy far exceeds his expectations and that he is enjoying his work. He also mentions having visited Art Watts who is now employed by Consolidated Aircraft Corporation at San Diego.

The Charles Fleider family from District 24 moved into the tenant house on the Jim McCall farm last week and will be employed there the coming season.

Mrs. Leora Larkin entertained at a Valentine party at her home Saturday night.

Miss Lulu Baugh went to Kearney Friday to attend a meeting of home economics teachers in this district.

Mrs. Grover Barnhart of Oshkosh and her son Charles of Bellingham, Wash., spent the week end with Mrs. Alta Barnhart. Charles had come from Washington to Oshkosh with friends who were driving to Iowa and had to be back in Oshkosh Monday to return home. This was his first visit here since he left more than five years ago.

Mr. and Mrs. Ign Pokraka were Sunday dinner guests of Mr. and Mrs. Joe Beran of Ord.

Mrs. Ruth Hutchins and boys spent Sunday in Arcadia with Helen Blazey. Mr. and Mrs. Ed Miller accompanied them and were guests of Mr. and Mrs. Ivan Miller.

At a meeting of the stockholders of the North Loup Cooperative Cheese factory held Thursday afternoon in the community building V. W. Robbins and R. H. Knapp were elected to succeed themselves as directors.

Mrs. Will Van Horn, who was taken to an invalid's home in Lincoln recently, suffered a stroke Tuesday and her condition is serious. Sheldon Van Horn, who was in school in Omaha is with his mother.

Mrs. Myra Hutchins spent Sunday afternoon with Mrs. Roy Cox and Mrs. Sabrina Williams.

North Loup and Scotia basketball teams played basketball at North Loup Monday night, North Loup winning 42-28.

Registration for selective service was held Saturday and Monday in the North Loup lumber office. R. W. Hudson, W. T. Hutchins and Mrs. W. W. Willis had charge and were assisted by high school girls, Evelyn Jackson, Frances Goodrich, Dorothy White and Mary Babcock.

All the grade rooms at school enjoyed valentine parties Friday afternoon. In the fifth and sixth grade room defense stamps were given in some cases instead of valentines.

Jim Ingerson, received a message Tuesday morning which told of the death of his sister, Mrs. R. P. McCune, at Costa Mesa, Calif., Monday night. The message was sent by Lloyd McCune of Long Beach and gave no particulars except that death was due to a heart attack. Mr. and Mrs. McCune left here about two years ago and have been running a service station at Costa Mesa. When their daughter, Maxine, visited here last summer she said her mother was unusually well and that the climate seemed to agree with her. Another daughter, Dorothy Gudge, teaches at Whitman, Nebr.

Mrs. Leo Shimek entertained the Bunco club Wednesday afternoon. Mrs. Hillis Coleman won high score and Mrs. Graff low.

Mr. and Mrs. Clyde Willoughby, Mr. and Mrs. Hillis Coleman, Mr. and Mrs. Leland Stillman and children and Mrs. Victor King and daughter were at the home of Mrs. Elmer Duryea in Scotia Sunday, attending a birthday dinner in honor of Gregory Stillman.

Iris Barber arrived home from Battle Creek, Mich., Monday afternoon and plans to remain here indefinitely. She was injured in a car accident some time ago and has not been able to work since.

Mr. and Mrs. Glen Barber spent Monday and Tuesday in Grand Island.

Mr. and Mrs. Hugh Adams were Sunday afternoon guests of Mr. and Mrs. Fred McCowan.

The Rex Clement family, who have been living on the Vogeler farm west of town the past year moved Monday to the Prentice property in the northwest part of town.

Mrs. Joe Veleba was hostess to the Needle and Thimble club Thursday afternoon. Nine members and six visitors were present.

George E. Johnson is much improved this week and is able to sit up in a chair part of the time.

### Possibility Now That Sugar Rationing Will Not Continue Throughout the War . . . Japan Fortified Her Mandates

(Bell Syndicate-WNU Service.)

WASHINGTON. — It is possible, though one must not depend on it, that the sugar rationing will not continue throughout the duration of the war. For a considerable time we will be very short, due to various mistakes, most notable of which was not holding down the Philippine duty free imports to the figure their own people said in 1929 they could not exceed.

This was an unnatural situation. Actually the only reason the Philippines had turned so heavily to sugar was that they had what amounted to a non-competitive market in the United States. They were inside our tariff wall, and therefore did not have to meet the competition of Java, which can produce sugar more cheaply than the Philippines.

Not only that, but they were guaranteed the sale of their sugar in our market by the quota system which our department of agriculture set up, over violent protests from the Louisiana and Florida cane producers, the best producers in 20 states, and the Puerto Ricans and the Cubans.

So now we are faced with the loss of this million tons which under the rationing system, had become virtually a substantial part of our sugar rations. This is more than TWENTY MILLION POUNDS of sugar a year.

### Holding Sugar Production

Curious in this connection is the fact that department of agriculture officials virtually had been at their wits' end to hold down sugar production. Beet culture had spread, from 15 states where it flourished about the time the quota system was inaugurated, to 20 states. So beet acreage was curtailed to an average extent of 17 per cent as late as 1941. Cane acreage was cut 10 per cent. This followed a previous cut of 25 per cent which involved the plowing up of growing cane!

If one studies the situation with hindsight it becomes obvious that the cries of the sugar states politicians ought to have been heeded the moment this country began lend-lease operations, long before it was admitted that we were drifting into the war. For the need for more and more industrial alcohol was evident.

Fortunately most of the cane farmers in Louisiana took a chance last September. They risked their benefit checks from the department of agriculture by planting some 25 per cent more than their quota!

Meanwhile, Cuba is increasing her production also, but no one can predict what may be the result of the war requirements for alcohol. Fortunately, alcohol can be produced from any grain.

### Few White Men Ever On Japanese Mandates

One of the very worst features of the Versailles treaty has been the "mandates." It was under a "mandate" that Japan took over the Marshall and Caroline islands, and many others in the Pacific. It is around those islands that her fleet is supposed to be, say the arm chair strategists. It would seem to be the logical place for it—right on the flank of the normal route from the United States to Australia, which line is south of these islands, and to the Philippines.

It is assumed that Japan, has turned the islands, which extend for considerably more than 1,000 miles east and west, and nearly 800 miles north and south, into a nest of naval and air bases. No white men have been permitted on the islands for more than 15 years!

"You can count on the fingers of one hand the white men who have been on any one of those islands in the years since Japan took them over," a prominent diplomat said.

Which leads us to wonder where the notion of a "mandate" came from and what it is all about.

The notion of a "mandate" originated in the clever minds of some of the negotiators at the Versailles conference. It was a concession to one of the famous Fourteen Points of Woodrow Wilson. The particular point in question grew out of his "Peace Without Victory" slogan, which was so irritating to the Allies, much as it may have appealed to the Germans. In fact, the Germans always have claimed that they laid down their arms in the Armistice on the basis of the Fourteen Points, and then were betrayed.

First the notion was that the territory to be taken from Germany, particularly the colonies (Alsace and Lorraine did not figure because they had been taken from France by Germany in the Franco-Prussian war, 1870) should be administered by the League of Nations. But it was decided to delegate this function to certain individual countries. Then the colonies were divided up very much as they would have been in an old-fashioned conquest, except that Japan was given much more than was warranted.

The Junior Fortnightly club, youngest study club in North Loup, was in the midst of a lesson on "beauty hints" when the Quiz photographer arrived Friday afternoon. Members of the club present are: Front row—Erna Eberhart, Alea Hawkes, Mrs. J. A. Barber, Frances Barnhart, Hannah Sheldon; back row—Lola Stillman, Evelyn Willoughby, Eva Coleman, Opal Beebe, Rosella Ingerson, Marguerite Scott. The club president, Mrs. Claud Barber, as well as several other members, was unable to be present the day this picture was taken. Junior Fortnightly club has been meeting about three years.

### Brief Bits of News

Haskell Creek—Mr. and Mrs. Albert Clausen and daughters were Sunday dinner guests in the Pete Rasmussen home. On Friday night the Clausens attended a farewell party on Mrs. Clausen's folks, Mr. and Mrs. Albert Anderson. Mr. and Mrs. Jack Van Slyke and family visited the Pete Rasmussen family Wednesday night. Mr. and Mrs. Rich Albers and son visited in the Dud Philbrick home Wednesday. Mr. and Mrs. Matt Keefe and family and Mr. and Mrs. Bernard Keefe and family were Sunday dinner guests of the Carl Hansen family. Mr. and Mrs. Frank Miska and family were hosts at an oyster steve Sunday night at the school house for their neighbors and friends who held a husking bee for the Miska's a short time ago.

Mr. and Mrs. Bud Ashman and daughters called on the Chris Belers' Wednesday night. On Thursday afternoon Mr. and Mrs. Fritz Kuehl called there. Callers in the Hugh Starr home Friday were Mr. and Mrs. C. H. Belers in the forenoon and Mr. and Mrs. Jess Freeman in the afternoon. Mr. and Mrs. Archie Ashman and family called on the Bud Ashman family Sunday night. Mr. and Mrs. C. H. Belers called at Henry Jorgensen's Friday night. On Sunday Mr. and Mrs. R. H. Hoppes and family of Burwell visited there.

Olean—Mr. and Mrs. Carl Oliver and Leonard Tolen spent last Thursday in the Philbrick home. Maynard Finley's furnished an oyster supper at the Carl Oliver home Thursday night. Stanton Finley's were guests also. Donnie Kasper accompanied Greta Oliver home from school Friday. Callers in the evening were Mr. and Mrs. Ed Kasper, Mr. and Mrs. Joe Cernik, Mr. and Mrs. John John, Mr. and Mrs. Adolph Kokes, Robert and Carolyn. Sunday callers of Carl Oliver's were Mr. and Mrs. Leslie Leonard and son Donnie and Mr. and Mrs. Harry Tolen and Merlyn. Leonard Tolen and Greta Oliver spent Sunday in the S. A. Waterman home. Mr. and Mrs. Will Beran were Sunday supper guests of Mr. and Mrs. Adolph Kokes. Mr. and Mrs. Leo Klingler and Lois visited with Mr. and Mrs. Clifford Klingler Sunday. Mr. and Mrs. Jimmy Keelan of Denver are visiting in the Cecil Severance home the past few days. They had dinner Sunday with Mr. and Mrs. Clifford Severance and family. Sunday dinner guests of Mr. and Mrs. Harry Clement and Velva were Mr. and Mrs. Oscar Hackett, Elroy Bohannon and Mr. and Mrs. Jim Hansen and family. Phyllis Klingler also visited there that day.

Elm Creek—W. J. Adamek and Emil helped Vencil Sedlacek with butchering Wednesday. Delos and Ed Kearns and W. J. Adamek attended the sale in Burwell Friday. Mr. and Mrs. Adamek Beramek gave a pinocchio party at their home Friday evening. Those attending were Mr. and Mrs. George Houtby and Frances, Mr. and Mrs. Adolph Karre, Mr. and Mrs. John Blaha and children and Mr. and Mrs. W. J. Adamek. Mr. and Mrs. Dick Karre received word from Omaha that a baby girl was born to Mr. and Mrs. Homer Karre. This is their second granddaughter. Mr. and Mrs. Joe Sobotka and Delores were Sunday afternoon visitors at W. J. Adamek's. Mrs. Evelyn Sowinkos returned to the John Kokes home Sunday after staying at W. J. Adamek's all week. Edward Adamek spent Sunday afternoon with Robert Benson.

Manderson—Johnson Bros. visited Saturday evening with Ed and Otto Marech. Elmer Parkos, Elmer Golka, Ed and Otto Marech, Benjie Skala, Martin Knopik and Richard Neverka played cards at the Matt Turek home Sunday evening. Johnson Bros. visited Wednesday evening in the Frank Marech home. The Anton Radil family and John Kosmata visited Thursday evening in the A. F. Parkos home. The A. F. Parkos family visited

A practical demonstration of beauty work featured the club lesson, which was led by Mrs. Hillis Coleman and Mrs. Bud Beebe. These ladies had arranged a facial demonstration and drew numbers to see who would be the "victim." Holder of the "lucky" number was Mrs. Lillian Pokraka, shown here getting the demonstration facial from Ann Millhollin, North Loup's popular beauty operator.

Friday with the Charles Parkos family in Burwell. Mr. Parkos also attended the sale. Leonard Ptacnik's were dinner guests on Saturday in the Lew Smolik home. Alvin and Eldon Marech and Charles Hackett were callers Saturday evening in the Will Moudry home. Anton Radils and John Kosmata visited Saturday evening in the John Benben home. Leonard Ptacnik's were dinner guests Sunday in the John Ptacnik home. In the afternoon they visited in the A. F. Parkos home. The Jas. Sedlacek family visited Sunday afternoon in the Louie Oseka home and were also supper guests. The John Volf family and John Kosmata visited Sunday afternoon in the John Benben home. Mrs. Matt Turek visited Saturday evening in the John Parkos home.

Eureka—A farewell party was given for John Iwanski Sunday evening at their home. Many friends and neighbors enjoyed dancing and playing cards. Will Grabowski, sr., furnished the music. Refreshments were served at midnight. The Iwanski family will move near Elyria next week. Mrs. Philip Osewowski is on the sick list. Larry Pfeifer, Art Bertholf, Ruth Rothe, Loraine and Bernice Zulkoski and Don Milburn, all of Omaha, Mr. and Mrs. Ray Zulkoski and children and Mr. and Mrs. Enus Zulkoski and daughter were Sunday dinner guests at the Zulkoski home. Misses Sylvia and Marcella Iwanski and Marie Zulkoski spent the week end with their parents, returning to Ord Monday morning.

other car of iron. Weather was not as favorable as we had hoped for but we got a good load of iron. We are going to load a car out of Arcadia beginning Feb. 23 and continuing the rest of the week. We believe that farmers should keep good strap iron and angle iron on the farm. But we do want to get all iron that will not be of use in the hands of people who can put it to work as soon as possible. We will also load another car in Ord at a later date.

### North Loup "B" Team Wins Cage Tournament

North Loup — (Special) — In the Upper Mid-Loup basketball tournament held Thursday here, the North Loup "B" team trounced the Comstock "B" team to enter the finals and then beat Scotia Reserves 11 to 9 to win this division of the meet. The game went two extra periods. Taylor won the "A" division Thursday night, winning handily over Scotia, 38 to 19. Previously Taylor had defeated the home town team 26 to 21, in one of the best games of the tournament. Comstock, last year's "A" division champion, was eliminated by Scotia in the first round.

Mulligan, Kerr, D. Babcock, McCall, I. Babcock, A. Manchesaw, McCowan, Wright and Smith saw service for the North Loup "B" team and Mulligan was high scorer of the championship game with 9 points to his credit.

Trophies were awarded the winning teams. Large crowds were present both afternoon and evening. School was dismissed at noon and senior girls, with the help of Mrs. Elley, served lunches all afternoon and evening.

### AAA News Notes

Viola Vergin, an eighth grade student at Spring Creek school last year has been awarded second place in a scrap book contest sponsored by the Valley county committee in connection with a state contest. Miss Helen Warford is teacher in the Spring Creek school.

Viola, daughter of Mr. and Mrs. Elmer Vergin of Springdale township, received \$1.00 in defense savings stamps and a certificate of award. The stamps were provided by the Nebraska State AAA committee and the certificate was signed by state chairman, Abner K. Chestem.

February 28, 1942, will be the closing date on crop insurance on spring wheat. In case you have seeded fall wheat it will be impossible for you to take out crop insurance on your spring wheat. And if you have insurance, your spring wheat is automatically insured.

Your county committee urges all farmers to earn as near 100% of their soil building allowance as they possibly can. Your soil building allowance for 1942 is almost double what it was last year. There is, however, no general payment and unless the farmers earn at least part of the soil building allowance their 1942 check will be materially less than their 1941 check.

The seeding of grasses if conditions are favorable will be a very good practice. We just completed loading an-

### We Are Embarrassed!

In a recent issue the man who writes our advertising had us offer to make bologna and wieners for farmers when they butcher at home and several of them came and asked us to do it. We were greatly embarrassed, for we have never done this kind of work for the trade and the ad writer was in error when he had us solicit business of this kind.

We will do your home butchering and we will take care of your smoking and curing of hams, bacon and sausages, but we do not have the facilities to manufacture wieners and bologna except for our meat market trade.

We are sorry this error was made.

North Side Market  
Joe F. Dworak, Prop.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Navy Reveals Damage to Jap Isles; Senate Again Acts on Price Control; LaGuardia Quits, Landis OCD Head; Normandie Creates Problem for Navy

EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

RAID: On Japs

After two weeks of censorship the Pacific fleet command allowed news men to disclose the amount of damage inflicted by the U. S. navy in their spectacular attack on the Japanese Marshall and Gilbert Islands. These reports indicated that with the loss of only 11 U. S. aircraft, plus a minor bomb hit on one cruiser, and with a small loss of life units of the American fleet accomplished the following: Destroyed four military air bases. Destroyed two military villages. Destroyed two radio stations. Sank at least 16 Jap ships, including a modern cruiser, two submarines and a 17,000-ton liner. Damaged at least eight other Jap ships.

In addition to an undetermined number destroyed on the ground, the Japs lost 33 aircraft, including fighters and bombers. Described as almost perfect timing and executed with speed and daring the raid was the first big answer to the often asked question, "Where is the fleet?"

CONSUMERS: Face Living Costs

It was apparent that the price control bill, which had prevented inflation of certain farm prices, was going to be subject to changes that might bring a big rise in the cost of some items. The senate agriculture committee had unanimously approved a bill

CLAUDE R. WICKARD Making use of surpluses . . .

which sought to prevent Secretary of Agriculture Wickard from using surpluses to keep certain prices down. Passage of this bill had been predicted, and it would prevent Wickard from taking action with surpluses unless the price of wheat, cotton and corn had reached 10 per cent above parity.

It had been the President's plan to hold these prices down to encourage livestock production. The bill sought to prevent this action.

OCD LANDIS: Result of Protest

The resignation of LaGuardia as head of OCD and the succession to the high command of civilian defense of James M. Landis, one-time dean of Harvard law school and former head of the Securities and Exchange commission, had closely followed nationwide criticism of "boondoggling" in the organization. Focal point of the objections to the OCD management had been rather centered on the division headed by Mrs. Eleanor Roosevelt than on LaGuardia's civilian defense activities, but the resignation of the "Little Flower" had long been expected.

LaGuardia was supposed to have plenty to do organizing the defense of New York city, let alone saddling himself with the problems of an entire nation. He announced that he would devote his full time to these problems in the future.

Criticism, as Landis took charge of OCD, continued chiefly leveled at the health, entertainment and social uplift activities of the organization. It had crystallized into the adoption by the house of an amendment specifically forbidding the spending of government funds for "fan-dancing, street shows, theatrical performances or other public entertainment in the program of civilian defense."

MISCELLANY:

Washington: All silk processors were ordered within 48 hours to sell their entire stocks of silk to the government, on penalty of having them commandeered.

Washington: Congress was frankly told that the reason for the short American supply of scrap metal could be traced to extremely heavy shipments to Japan before the declaration of war.

The amendment had been tacked onto a bill passed which provided \$100,000,000 for the purchase of gas-masks, auxiliary fire-fighting equipment and other protective goods to be used in the protection of the population against air raids. The senate had been expected to go along with the house in its effort

JAMES M. LANDIS Succeeding 'The Flower' . . .

to weed the "fan-dancing and furbelows" out of the program. Senator Byrd, Virginia, keynoted this move by demanding that the OCD send his committee a list of all OCD employees getting over \$3,000 a year, outlining their specific duties.

LUZON: 163 Planes

Continued effort by the Japanese to land on Bataan had been turned back by General MacArthur's highly mobile artillery forces in the general's "last ditch" fight to keep the American flag flying over the Philippines.

The anti-aircraft fire of MacArthur's men had continued good, the bag of seven planes in one day comparing favorably with other fronts where the United Nations had many more "ceaseable aircraft" than did the defenders of Luzon. Captured prisoners and other methods of gathering information revealed that five Japanese divisions had been identified as taking part in the battle, which estimated strength actually on the front line at close to 100,000 men.

Other divisions were on the island, keeping communications open, and it had been reported that reinforcements were constantly arriving, thus daily increasing the pressure on the American-Filipino army.

NORMANDIE: \$80,000,000 Job

Whether carelessness, sabotage or the 83,000-ton Normandie, formerly luxury liner and now the naval auxiliary Lafayette, lay on her nose 40 feet of water at her dock in New York, an \$80,000,000 salvage job for the U. S. navy.

Twenty-two men were at work inside of over from peaches when a well-timed fire. Within minutes it was out of control.

SINGAPORE: Water-Pinned

A new tactic of warfare, the "water-pincers" utilized by the Japanese in Malaya, had brought Singapore spreading gloom, and making the defenses a nearly hopeless situation.

General Yamashita, commander in Malaya, had the Golden Kite Rising Sun for the defenders smashing into the island of Singapore, first time in history that the island had been tested in battle.

The long, narrow peninsula of Malaya, had apparently presented no insurmountable problems. Japs had solved these by using all boats, many of them commandeered or captured, well-armed and highly mobile, first down the east coast, then down the west, making landings and infiltrating behind the defenders.

Each time the British were able to make a swift withdrawal, and to salvage their main forces, but each time they were finally driven back across the Johore causeway onto the Singapore island.

Literally scores of "bites" had been taken out of each coastline by this Japanese technique during their advance southward. At the same time the Japs had sent another large force to drive westward from the top of the peninsula in an effort to cut off the Burma road, but, more important, to protect their own rear.

SPY RAIDS: On West Coast

TWO BUDDHIST PRIESTS TAKEN Weren't always praying . . .

More and more Japanese continued to be caught in the nets spread along the West coast by the FBI.

The spy raids were being carried out almost daily by the G-men, who in one raid got 20 alleged spies and saboteurs and a truckload of ammunition and weapons.

Chief concentration of the raids was in Pacific coast counties where there were large military establishments.

At Salinas, Calif., following the questioning of several Japs taken into custody at a large lettuce farm, one of them turned out to be a former chief of police in Tokyo. Another was formerly a high official in the same police force.

A raid on a Buddhist temple in Monterey county yielded three priests. All of them had been in this country only a few months.

In a sporting goods store, about to purchase firearms, a former Japanese bootlegger with a police record was taken into custody.

It was here that a whole truckload of ammunition, rifles, shotguns, etc., was seized, together with the proprietor, a Japanese.

In 45 places searched, the yield was, among other things, 60,845 rounds of ammunition.

TEA: Panic Buying

A new U. S. agency had been formed to handle the tea situation which developed after grocers were apalled to find customers ordering tea in five-pound lots.

The panic in buying followed similar lines to that in sugar, and which had resulted in the setting up of a sugar rationing plan.

As more or less a natural outcome of the news from the tea-growing areas, WPB began to get reports of "five-pound tea buying" from all sections of the country, and it was regarded as essential that rationing be adopted if the buying panic had not been stopped voluntarily.

In the sugar situation, cases of prosecution began to pop up, one chain store manager, trying to make a sales record for himself, having disposed of 31,000 pounds of sugar, allegedly to illicit still operators. He was fined \$500.

DUTCH: Under Pressure

Complaints from the Netherlands East Indies command that too much of the naval force of the United Nations was engaged in "non-combatant work" came as the Dutch faced a pincers movement against Sourabaya and the fear of a frontal attack on Java generally.

It was evident, said the Dutch leaders, that a giant pincers move was being directed at Java when the Japs landed in force on Celebes island, which formed the tip of the right flank of the Javanese defense line.

At the same time Axis sources had reported that the Japanese were demanding the surrender by the Dutch of all the East Indies, together with their oil supplies, in return for which the islands would be technically left as Dutch possessions.

Dutch sources said, however, that no Japanese proposal would be entertained, and they continued their "scorched earth" policy of destroying all oil installations before abandoning any property to the Japs.

Despite the costly losses inflicted on the enemy in Macassar strait last month, the Japs evidently had been able to make successful landings there.

Chief hope at present of the Dutch in captured territory was the report of successful guerrilla action which had really been the answer to the loss by Japan of any real victory in the war with China. One Dutch authority had said: "Nowhere do the Japs feel safe. Our men behind their lines are picking them off, two today, ten tomorrow, and the toll is mounting and steady. This guerrilla war is being fought in an incessant downpour of rain."

CLOSER: Draw Lines of War

Though there was little evidence of a slackening of the general Japanese advance through the island empire of the Southwest Pacific, it seemed that as the days wore on, the main battle lines were drawing closer together.

Arrival in New Zealand of the first units of Admiral Leary's naval forces heralded, according to newsmen who accompanied the fleet, the establishment of a supply line for the United States.

Referendum Will Be Called Among Land Owners Here

(Continued from page 1)

tract, and how the area had been tripped by inclusions, of which there were a total of 29.

One important fact was brought out, and that was that the state has enough engineers to do the surveying required by the farmers up to the present time, and it is hoped this condition may continue. When the work is done by the state, it is done at no expense to the individual farmer.

In the past the CCC boys have helped in many places with terracing and erosion control, also in the building of dams for water conservation, but due to the scarcity of boys from now on, their help in this work will be less available in the future.

Harvey Hohn told of trying out the contour plan on some of his land west of Ord. Two years ago the land averaged 11 bushels of corn per acre, and last year the same land, after it had been contoured, averaged 21 bushels of corn per acre. The contouring was not perfect, but most of it held a two inch rain and kept it from washing the land.

Evel Smith presented a different angle of the erosion question. He said he often watched the creek getting out of its banks and depositing a heavy coat of silt and water that the farmers of upper Haskell creek were letting get away from them. He felt that they and he would both be better off if this water and surplus soil were kept where it belonged.

F. M. Vodehnal then asked W. T. Hutchins to tell what farmers over the state thought of contour farming. Mr. Hutchins as a traveling man covered most of the state over a long period of years, and he made it a point to ask about contour farming and similar methods, he said. He stated that every farmer who had given modern methods of holding the soil and soil moisture a trial was pleased with the results.

C. C. Dale then told of Emil Drusa of Howells, who had tried contouring on his hilly farm since 1935, with the result that he had increased his corn yield every year. In 1940 the corn averaged 35 bushels per acre, while on surrounding farms, without contouring, averaged 9 to 13 bushels per acre. In 1941 Mr. Drusa had corn making 50 bushels per acre.

Will Wiberg asked the probable expense per acre for the surveying, and was told that the state engineers did this for the farmers in a conservation district without charge. All the cost would be materials used and time and labor required in any work the farmer did.

Archie Geweke stated that he did not believe the farmers of Valley county fully understood the soil conservation setup, and that if they did, they would all be for it.

H. C. James spoke a word for irrigation, saying that he thought irrigators had just as much need for soil conservation as did the hill farmers. They would be raising feed for livestock, and it was important to grazing land in the hills for this livestock.

Anton Welnjak spoke a few words in favor of terracing, and also expressed himself as strongly in favor of the entire program. Peter Clement of the North Loup Loyalist spoke from his own observation as to what had been done by the soil conservation program elsewhere, and believed it was equally important here.

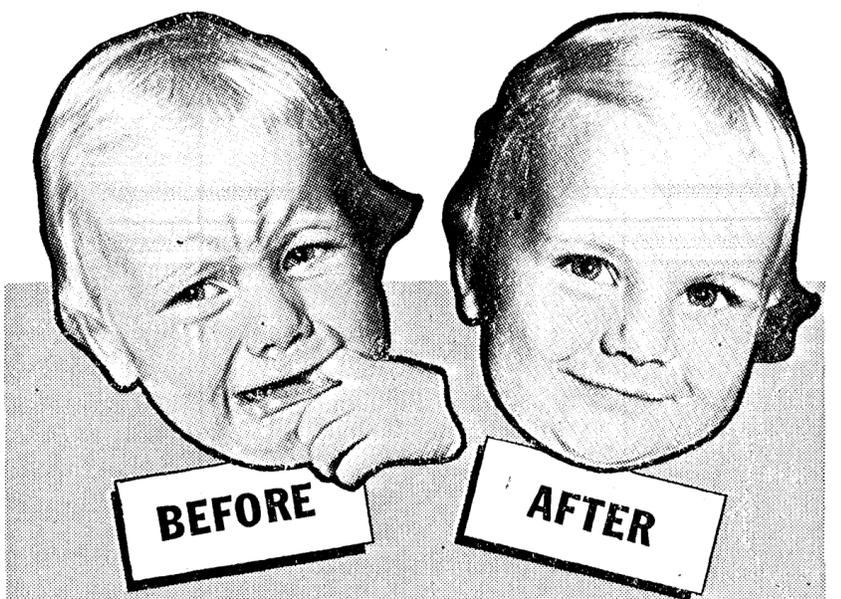

Mr. Dale closed the meeting by asking each one present to act as a committee of one to inform all his neighbors of the details of the soil conservation program. He believed that, if it were properly understood, there would be no trouble in getting the necessary three fourths vote in favor of it.

Mr. Ergstrom then gave some of the details of the referendum. He said a landowner could vote by mail by having his vote notarized. A number of polling places would be set up throughout the county and judges who volunteered to act without pay would have charge of the voting, thus cutting down expense.

Geweke moved that the county agent appoint a committee of 5 to do the preliminary work of informing the public in general of the details of the program. This carried, and Mr. Dale said he would announce the names of this committee later. A vote on whether the referendum should be taken showed all landowners present unanimous in favor of doing so.

The points that should be stressed especially are: that the program is voluntary on the part of the individual farmer. It is absolutely up to him whether he does the work or not. If he decides to do the work, the state is ready to help him in any way possible. If not, he is not under any obligation. The setup is necessary in order to function legally.

The second point is that no tax of any kind can be levied against the land to pay any expense that might be incurred. In this, also, the farmer is a voluntary agent. If he wishes to spend money for anything he may need in carrying out the program, he may do so, and he will be benefited, since the work done is on his own land.

... Daddy used Phillips 66 Poly Gas for

Cold Weather STARTING!

When your motor balks, acts up, refuses to start because of cold weather . . . does the rise in your temperature and temper frighten little children?

Then do something about it, now! Preserve your good-nature, and save your battery, by heading for the Orange and Black 66 Shield, where extra high test Phillips 66 Poly Gas costs not a penny extra.

This greater gasoline starts cold motors faster because it's loaded with

instant-firing elements that snap into action the instant you touch the start button. Click, whirr-r-r, and you're off!

Skeptical? . . . then find out the facts by trying Phillips 66 Poly Gas in your car. We confidently predict that you will feel that difference.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners . . . because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

Phill-up with Phillips for Instant Starting

Private Lumir Sich

This is Private Lumir Sich, son of Mr. and Mrs. James Sich of Eureka township, who is now in the service of the United States.

Emanuel Cadek

Here is a good likeness of P. F. C. Emanuel Cadek, son of Mr. and Mrs. Wencil J. Cadek of Eureka township, and a member of Co. D, first infantry, 6th division, U. S. army. He enlisted June 3, 1941 and is located at Fort Leonard Wood at present, but expects to be transferred to the west coast soon.

Private Ed Kapustka Learning Radio Code

The parents of Private Edmund R. Kapustka, who is stationed at Fort Ord, Calif., received an interesting letter from him this week in which he says he is going to radio school now, learning how to send and receive code. Because of this new work, he doesn't expect to be sent to foreign lands for the present. It is interesting work, he says. His address is 2nd Bn. Headquarters, 104th F. A., Fort Ord, Calif.

LOCAL NEWS

IT HAPPENED IN ORD.

You read last week the story about Pat Fuson and his trouble in getting a birth certificate. In his letter to Klima he spoke of the "year Pidge Johnson knocked the two-bagger". Now, Pidge, also known in society as Edward, is a patient man, and while he appreciates the publicity, he deprecates the inaccuracy of Pat's statement. Three things were wrong with it. First, it wasn't a two-bagger, it was a home-run. Second, the fact that Pat was born May 10, 1892, did not have anything to do with it. Third, Pidge must have been a precocious youngster, as he knocked that home-run several years before he was born.

It is the privilege of the Quiz to help out a friend in any possible way, even if that friend is an enemy like Pat. So, when we heard the story of Pat and his lost birthright, or whatever it was, we got out the Quiz for 1492 (perhaps it was 1892) and tried to find some record of his birth, but that important event was omitted entirely. However the birth of one Kirby C. McGrew away out in Washington state was recorded in due form as having occurred May 7. Those two boys feuded all through their growing years, each claiming to be more important than the other. It is now evident that Doc McGrew had Pat skinned right from the beginning.

2 Couples Married Here. On Febr. 9 Judge John L. Andersen performed a ceremony uniting in marriage Miss Nadine Urban, daughter of Mr. and Mrs. Wm. Urban, of Comstock, to Victor Klupal, son of Mr. and Mrs. Ed Klupal, of Sargent. On Febr. 10 he married Miss Luella Ohmberger to Milan W. Horak, both parties giving their address as Sargent.

Quiz want ads get results.

Miss Clara Duda, of Omaha, is spending a week with her parents, Mr. and Mrs. Pete Duda. Book Review at the library, postponed until Febr. 27. Ord B. & P. W. club. Harold Williams was in Ord a couple of days last week and took care of the bus depot while here. He had been here some time before, but developed an infection in the main finger of his right hand, and went home until it got better.

Mrs. Steve Jablonski and daughter Maxine of Elyria were bus passengers Friday morning going to Omaha, where Maxine will be employed. They also visited in the J. M. Stanley home.

Miss Norma Blaha has resigned her position at the AAA office to attend business college in Omaha. Her father took Norma to Omaha Thursday and spent a few days visiting his eldest daughter, Lydia, who is employed there.

Dr. and Mrs. F. A. Barta hear from their daughters at Napa, Calif., that the recent flood waters there were highly inconvenient. One day Evelyn could not get to her work, and that same day the first floor apartments of the duplex where Mrs. Wiggins lives were threatened seriously.

Victor Hall came Saturday evening to attend a directors' meeting of First National bank officials. Mrs. Hall was teaching a home nursing class that evening and did not come to Ord.

Young Messrs. John and James Misko went to the Clarence Tyrrell farm Saturday to stay overnight as the guests of Miss Irma Tyrrell. When they arrived at the farm the boys were delighted to find a surprise party in progress. The Tyrrells planned to leave today for their new location near Minatare.

Charles Misko of Chicago, who has been ill most of the time since his last visit with his mother in Ord, has been released from the hospital without an operation. Dr. George Misko and his other advisors decided the trouble was a bad stomach ulcer, but that it could be cleared up without surgery.

Mr. and Mrs. E. L. Vogelanz made a flying trip to Omaha and Lincoln Friday, stopping in Wahoo for a brief visit with her parents. No direct word has yet been heard from the three members of the family who were on Wake Island when it was captured by Japanese. It is thought they are now prisoners near Shanghai, China. Senator Butler wrote the family he was endeavoring to get word through the Swiss legation; the Red Cross has also been asked to try to trace these men and report to their anxious relatives. Many people do not know that the Red Cross has a clearing bureau for putting missing persons and their relatives in contact; also that it tries to get packages of food and small comfort kits to prisoners of war wherever they may be located. The prisoner himself must sign for such packages and the signed receipt is delivered to the sender.

## Red Cross Meets Tuesday, Reelects All Old Officers

(Continued from page 1)

With Mrs. Mortensen, county chairman, presiding, reports of the various Red Cross service chairmen were presented or submitted to the secretary. Mrs. Emil Fafeita, production chairman, reported completion of 34 sweaters, six pairs socks, 10 shawls and two mufflers from the 25 lbs. of yarn received so far, and the making and filling of 29 service men's kits, partly through the aid of interested local clubs giving work and articles. All items were according to specifications from headquarters.

Mrs. Mark Tolen reported on the first aid service. One large class in Ord is rapidly coming to completion of its lessons. Another is being organized to start work in the near future, with many names already on the list. Classes in North Loup and Arcadia are in demand and waiting accredited instructors.

Mrs. John Misko reported on the home nursing service, with three units in Ord at work, one class recently completing examinations and with a large class in Arcadia starting this week under instruction of Mrs. Hazel Weddel.

Mrs. Syl Furtak told briefly of the disaster set-up. Mrs. Carl Dale finished roll call reports. Mrs. E. L. Kokes submitted a report of Junior Red Cross roll call, showing 36 elementary school rooms and two high schools (Ord and Arcadia) enrolled, this including 735 grade school children and 429 high school students.

Mrs. Geo. Parkins, chairman of the war relief fund drive, reported a total of \$2,034.52 in the county's contributions so far, with some reports still incomplete. In this \$61.21 was raised or given by Junior Red Cross, school children, Camp Fire girls, Boy Scouts and other such groups. Problems relating to the special drives of the Red Cross were discussed for the benefit of the volunteer organizations in all parts of the county.

All branches of the chapter throughout the meeting expressed appreciation to the large army of volunteer workers in the county and the need for more such as the various services of the Red Cross expand to meet

## Nisswa Commercial Club Goes After 1942 Touris Business

Above is a picture of the Nisswa, Minn., commercial club. Left to right the men are: Jimmy Inklepaugh, Art Warner, John Stensrud, C. H. Berg, Martin Dullum, Roy Leonard, D. E. Ballard, R. E. Richardson. Mr. Dulum is president of the club, John Stensrud is secretary-treasurer, the others are members of the board of directors with the exception of C. H. Berg who is president of the Citizens bank at Brainerd.

The picture shows the group in the act of buying a \$300 defense bond. H. D. Leggett has been a member of the club for many years and it is at his request that this picture appears. There are a good many Quiz readers who know, for instance, Johnnie Stensrud, genial manager of the Standard Lumber company at Nisswa. Johnnie numbers his friends by those who know him. There are also a lot of our readers who know Roy Leonard, one of the Leonard Bros., who own the big garage at Nisswa. And Martin Dullum, owner of the Standard Master filling station at Nisswa will be recognized by a lot of our readers who have visited Nisswa in the past years.

The Nisswa Commercial Club is a hard working organization for the betterment of the part of Minnesota in which they are located. They have long been active in getting the lakes in that vicinity stocked with game fish; they have built a rearing pond, the largest one in the state in fact, and getting spawn from the state, annually hatch millions of game fish to distribute in the lakes around Nisswa. They have been active and instrumental in getting much road improvement in that section and last fall when this writer left were seeing the road graded and improved as far as the Wallin corner just above our camp.

the great needs of our country at war. With the Red Cross having the largest body of volunteer, unpaid workers in the world, the people of Valley county stand ready to do their part.

Only new contributions the Ord chapter has to announce this week are 50c from John Sedlacek, who also contributed a guinea hen sold at the sale barn recently, and \$1.00 from Mrs. Frank T. Bruha.

Mrs. Mortensen has received word that the war relief fund drive will be continued indefinitely, and that there is a vast and growing need for funds. Every individual and organization not yet a contributor should not hesitate another moment, Mrs. Mortensen says.

Francis, Kas., is visiting in the home of her daughter, Mrs. Vernon Thomas.

W. W. Willis was in Ashton Friday and Saturday where he was an official for a basketball tournament.

Mr. and Mrs. Hillis Coleman were Sunday dinner guests in the Orville Portis home.

Mrs. Ed Post was hostess to the WSCS at a work meeting Wednesday afternoon.

Berniece Wilson was a Sunday guest in the Halsey Schultz home.

A close game resulted when Dannebrog met the home team in basketball Tuesday evening, Dannebrog edging out a win 25 to 23.

Mr. and Mrs. I. G. Thelin entertained the dinner bridge club last night. Mrs. R. W. Hudson won high for the ladies and W. O. Zanger for the men.

Mrs. Will Van Horn, 70, died Tuesday night in an invalids' home at Lincoln where she was taken two weeks ago. The body will be brought to North Loup this morning. No funeral arrangements have yet been made.

### NORTH LOUP

The Neighborly club held an all day meeting Wednesday at the home of Mrs. Harold Fisher, with Mrs. Edgar Davis assistant hostess. Roll call was a quotation from Washington. The members exchanged pot holders. Dr. Hemphill was a victim of the flu the first of the week. Many others in the village have been sick, among them Mrs. Martha Babcock. Mrs. Jim Scott is caring for her mother.

Mrs. Ed Manchester spent Tuesday afternoon with Mrs. Della Manchester.

The religious training school which had held classes for the past six weeks, closed Monday evening. Thirty students were enrolled for the course and will be given certificates of advance in the International council of religious education. Six came from the Evangelical and six from the Methodist church in Scotia, eleven from the Methodist church in North Loup and seven from the Seventh Day Baptist. Both teachers and students feel well repaid for the effort put into the work. Rev. J. A. Adams was Dean of the school. Classes were held in the school house.

Mr. and Mrs. Ben Nelson left Tuesday for Lincoln and Omaha on business. They planned to return Thursday.

Seven members of the community club met Monday evening at the Ideal cafe for lunch. Election of officers which was to have been held was postponed till February 25 because of the small attendance. Several matters of interest were discussed.

Mr. and Mrs. Everett Williams and Mr. and Mrs. John Williams were Sunday dinner guests in the Carl Walkup home. Mr. and Mrs. Walkup's fifteenth wedding anniversary and his birthday were celebrated.

Mr. and Mrs. James Keelan of Denver were guests of her brother, Cecil Severance, and his family from Friday to Tuesday. Mrs. Keelan was the former Lucille Severance.

Roberta Maxson was a Saturday dinner guest in the Cecil Severance home.

Marcia Good was a Sunday dinner guest of H. H. and Vesta Thorngate.

Mrs. G. L. Hutchins was hostess to the Womans Missionary society Tuesday afternoon.

The Nellie Shaw society held an all day meeting Wednesday with Mrs. Harlan Brennick.

Mable Lee is papering and cleaning the George Pierce house and Mrs. Susie Sample plans to move into it soon.

The town band met for practice Monday night in the music room of the school house. Eighteen were present and practice for summer concerts was started. Roger Maddox of St. rector.

Mrs. Paul Maddox of St.

### LOCAL NEWS

—Wednesday Dean Barta went to Omaha to take a third course of tests. He wants to get into the air corps if he can.

—Mrs. Perry Bell went directly from Wahoo to her home in Long Beach, Calif., and did not get time to come to Ord for a visit, she writes to say.

—Miss Vera Aldrich is a new beauty operator at Mazie's Beauty shop, coming from Taylor to start work Monday of last week.

—Little Miss Anna Marie Rupp is still at home, recovering from an operation. She will not go back to her third grade studies this week at least, says her father.

### 426 Valley County Men Registered in 20 to 44 Age Group

(Continued from page 1)

a number of them being from North Loup high school. There were Helen Willis, Evelyn Jackson, Esther Smith, Dorothy White, Wesley T. Hutchins, Joan Barber, Frances Goodrich and Mary Babcock. The work was done at the office of the North Loup Lumber company.

At the village pump house in Arcadia four volunteers were busy both days taking care of the registrants as they appeared. Those handling the work there were Ralph L. Gray, Carolyn Dean, Don Youngquist and Marie McMichael. At the Holub store in Elyria, Mr. Holub, Rev. C. J. Szumski and Syl Papiernik handled the work to the satisfaction of all concerned.

The draft board, W. J. Ramsey, Arcadia, chairman, L. D. Milliken, secretary, W. T. McLain, third member, and Miss Virginia Davis, clerk, met Tuesday afternoon and checked over the work, finding that a total of 426 persons had registered in the county, somewhat less than the original estimate of 500.

However, it is known that quite a number from Valley county will register wherever they are and their names will be reported back to the clerk here to be added to the total. To R. E. Teague went the honor of being the first of 265 to register in Ord. Thirty registered in Elyria, 56 in North Loup, and 75 in Arcadia.

### Ford Tractor Ferguson System

We have recently traded for six International Tractors. Among these we have one F20 on rubber at a very attractive price. Used tractors as well as new tractors probably will be hard to get when the working season starts and I am afraid in spite of all the government has done to encourage you farmers of the necessity of getting ready early that several farmers in this locality are going to wake up one bright Spring morning with the sun beating down and the meadow larks singing in their ears with no power to plant their crops. It is our job as implement dealers to encourage you to get the job done now and no matter whether you wish to buy a Ford or some other tractor, you should get the job done now.

### Loup Valley Tractor & Implement Co.

### POP CORN CONTRACTS.

We have several hundred acres of Jap Hulless, Pearl and Super popcorn to put on contract. This makes a good early cash crop. Let us write your contract now.

### FIELD SEEDS.

We are expecting a carload of Seeds in this week; containing Iowa 939 Hybrid Corn, Sudan Grass, Brome Grass, Crested Wheat Grass, Sweet Clover and Alfalfa Seed. We will book any of these seeds for Spring delivery with a down payment of 15%.

### HOG SUPPLEMENT.

We have a shipment of Conkey's Hog Supplement and Beef Maker. Here are two feeds that do a fine job in the feed lot and are very reasonable in price. Buy a few bags or a ton today.

"It pays to buy from Noll"  
**NOLL SEED CO.**

### BABY CHICKS.

If you have not placed your order for Baby Chicks, we believe that it is to your advantage to place your order at once. We find some of the larger hatcheries have most of their entire output for the Spring and early summer booked at this time. We are anxious to serve you with really high quality chicks; many of last year's customers have placed their order for their 1942 chicks with us and tell us that they were well pleased with their chicks last year.

### BROODER STOVES.

We are getting delivery on our Brooder Stoves now; and now the promise of other brooders that we have booked, to be delivered in the next two weeks. We have 1 1000-chick size left and several of the 500-chick size. Come in and see this brooder. It is guaranteed to suit you or we ask you to return it and get the full amount paid refunded. We have sold this brooder for three years with this same guarantee and have never had a brooder come back.

### STARTING MASH.

With higher prices on some of the proteins we have had to raise our price on Starter Mash to \$2.85. You will find this a top grade Starter and it is priced right.

"It pays to buy from Noll"  
**NOLL SEED CO.**

THE ORD QUIZ, ORD, NEBRASKA THURSDAY, FEBRUARY 26, 1942

Vol. 59 No. 48

## 7 Declamatory Contestants Win Superior Ratings

Class A Dist. Contest Was Well Attended Friday; 3 Called 'Outstanding'.

Seven superior ratings were awarded contestants in the Class A district declamatory contest held in Ord last Friday. These awards going to Mary Miller and to the Ord 1-act play cast, to Gloria Nelson, Broken Bow, Bill Line, Loup City, Isabelle Smith and Wauneta Burns, Scotia, and to the Loup City 1-act play cast.

Rated excellent were Marie Rohla, Irene Iwanski and Amelia Lola, Ord; Irene McKee, Broken Bow; Esther Smith, North Loup; Bing Taylor, St. Paul; and the Broken Bow, Scotia and North Loup 1-act play casts. Ratings as "good" or "average" were given other contestants.

Competing in the dramatic division, Mary Miller gave the reading "Illusion" to capture superior honors, while the Ord 1-act play was "Cabbages" and the thespians included Elizabeth Kovanda, Eldon Wachtler, Carolyn Auble, Irene Aube, Alvin Stewart and Gould Flagg.

The other 1-act play adjudged superior was Loup City's "The Wonder Hat," in which characters were played by Lloyd Thornton, Bob Chase, Gwendolyn Conner, Frances Nesmith and Richard Pierce.

Called "outstanding actors and actresses" by the judges were Elizabeth Kovanda, Ord, Richard Pierce, Loup City, and Jane McCleery, Broken Bow. To win excellent rating Marie Rohla, of Ord, gave "Hands" in the interpretive oratory division, Irene Iwanski gave "The Waltz" in the humorous division and Amelia Lola gave "The Bread of Democratic Life" as an original oration. Esther Smith, of North Loup, gave "At the Swimming Pool" in the humorous division, to be adjudged excellent.

Four North Loup girls gave that school's 1-act play, "The Mother Who Went Away," and got an excellent rating. They were Joan Barber, Mary Babcock, Lucienne Fisher and Frances Goodrich.

Schools competing in the contest were Ord, Broken Bow, St. Paul, North Loup, Scotia, Loup City and Burwell. One other declamatory contest was held in District 4, this being at North Platte, and no state contest will be held. This plan was adopted this year to save travel expense. Judge and critic of the meet here was Leo A. Martin, of the University of Nebraska speech department.

## Clement Hereford Sale to Be Held March 12th

For many years G. G. Clement and Sons have held a sale annually to dispose of the surplus stock from their herd of choice Anxiety 4th Herefords, and this year their sale will be held Thursday, March 12, at the sale pavilion in Ord.

Seventy-one head will be sold, including 53 bulls and 18 cows. Several local breeders join with R. C. Clement and George Clement in holding this sale, among them being W. O. Zangger, Ed Hruby, Rudolph Psota, Hagood Bros., H. M. Wyrick, R. E. Noll, H. C. Koelling & Sons, Cecil Severson, George Bell, Jack Britton, A. Nelson, John Horn, G. S. Babcock, Samuel Hesselgeser, and Shafer Bros., all of whom have consigned one or more Herefords to the sale. Catalogs have been issued and copies may be secured by writing to R. C. Clement, sale manager.

## Joint Residents Raise \$31.50 for Red Cross

The Frank Meese and Charles Kasson families were sponsors of a Red Cross benefit pinocle party at Joint school Friday evening. Combined with this was a pie social, also for Red Cross benefit.

The pies sold for \$28.50, and there was a contribution of \$3 making a total of \$31.50 raised for the cause. As this is a joint district, one-half of this amount will be donated in Valley and one-half in Garfield counties.

## Sample Gets 30 Days for No-Fund Check

For writing a no-fund check in the amount of \$3.00 and giving it to the Clement Oil company, Milford Sample was sentenced to serve 30 days at hard labor in the county jail by Judge John L. Andersen Friday. The check was given on the North Loup Credit association, in which Sample had no account. He was convicted previously on a similar charge, was found guilty once of assault and battery and has been in other scrapes in Greeley and Buffalo counties, the record shows.

## Dean Barta Accepted by U. S. Air Corps

Dean Barta, son of Dr. and Mrs. F. A. Barta, returned last Thursday from Omaha where the previous day he passed his final examination, qualifying as a cadet in the United States army air corps. Dean is now waiting orders to report for ground school instruction. While in training for 8 1/2 months he will receive \$105 per month and then, if he qualifies for flying service, will be commissioned a second lieutenant at a salary of \$240 per month.

## Irrigation Clinic Largely Attended

Much Interest Shown in Meet Held at K. C. Hall; Chamber Serves Lunch.

More than one hundred farmers and ladies interested in farming attended both forenoon and afternoon sessions of the irrigation clinic held Friday in Ord, under the auspices of the Valley county farm bureau. It was an ideal day for the occasion, with no wind and a high temperature, and people were present from all parts of the county, thus showing their interest in irrigation, now stimulated by the need of greater production.

Both meetings were held at the Knights of Columbus hall. Speakers for the morning included E. A. Olson, who talked on the subject of water distribution in connection with irrigation, showing the methods used and the advantages and handicaps of each of the several methods in common use. Also present was Harry Weakly of the North Platte experiment station, who talked very interestingly on the two topics, crop rotation and soil fertility, showing how the latter depends much on the former. He told of some of the experiments that have been carried on at North Platte in the past few years, and the results attained.

C. C. Dale acted as chairman and introduced the speakers. At the noon hour all were invited to remain in the hall for lunch furnished by the Ord Chamber of Commerce and served by Haught's Cafe. More than one hundred persons were guests of the chamber for this luncheon. (Continued on page 11)

Wardrop Has Light Stroke. Cecil Wardrop, a clerk in the AAA office here, had been ill with a cold several days but continued at his work. Friday afternoon he suffered a light stroke involving one side of his face, one arm and one leg, and was confined to his bed though reported Monday to be greatly improved.

Arnold Tuning Relected. Arcadia—(Special)—At a meeting of the board of education Monday evening, Arnold Tuning was reelected superintendent of the local schools. This will be his fourteenth year in Arcadia, first as coach and later as superintendent.

## Victory Garden Plan for County Approved Monday

Plans Being Completed for Gardening and Canning Campaign in County.

In response to the announcement of a "victory garden" meeting, about fifty persons gathered in the district courtroom Monday afternoon. Ign. Klimka, the chairman of the Valley county defense council, presided and announced the purpose of the meeting. He first introduced Rev. W. Ray Radloff, who spoke in behalf of the ministers in general and those of Valley county in particular.

His subject was the church's place in the war program, and he showed how the church has a very definite place in time of war, in particular in the building of morale among its people. He stated that if rhythm had a place in maintaining the morale of the young people and required a supervisor with a salary of \$4,600 per year, the church certainly had its place, doing its work and keeping up its own expenses.

As to the question of war and the church's relation to war, he stated that three questions were asked concerning the church and war. The first is: "Is it ever right to use might in defense of right?" He said this would be similar to asking if a man had a right to defend his home with might against intruders, which everyone admits he has the right to do.

The second question is, "is it ever right to take life?" He said that murder is condemned by the scriptures, but that killing when necessary in defense of one's country is not murder. The third question was "does the New Testament teach pacifism?" Rev. Radloff proved by the scriptures that pacifism and religion are not identical terms, by any means. He closed by pledging the wholehearted support of the ministry and the churches in the work that lies before us.

Mr. Klimka then spoke on the subject of civilian registration, saying he was somewhat disappointed in the response in the county. He thought this was due to the lack of understanding of the purpose of registering civilians. He said that there were hundreds who would gladly add their names to the list if they understood it thoroughly, and hoped that these would register at his office as soon as possible to assist the committee in its work.

He said conditions were different in each locality in the state, and for this reason some were doing certain things which had not yet been done in Valley county, because the need had not yet arisen here. For example, air raid warnings at the present time in Nebraska and the entire 7th corps area are absolutely unnecessary, and they will not be used unless and until the necessity arises.

The one victory program that has been stressed here, the salvage program, was started here before it had been ordered by the state committee, and that it was going ahead nicely. He stated that he had received guide prices on scrap metal of all (Continued on page 2)

Rotarians Greet Soldiers at California Fort. To the soldiers at Fort Ord, Monterey, Calif. the members of the Ord Rotary club this week sent greetings, in the form of a plaque as pictured above. It was painted for the Ord club by Syl Furtak and, suitably framed, has been dispatched to California. Fort Ord is the only army post in the United States named after General E. O. C. Ord, and it is only suitable that the only city in the country named after this famous soldier should felicitate the armed forces stationed there.

## Winter Scene—Ice Jam Between Railroad Bridge and Hardenbrook Dam

This picture, taken from the east bank of the river near Hardenbrook Dam early Wednesday morning, shows the ice jam at its source. In the foreground may be seen the big cakes of ice left atop the earthen section of the dam. Between the C. B. & Q. railroad bridge and the dam itself, ice cakes are jumbled together in a solid mass and no running water can be seen, though the channel is flowing beneath the ice mass. Employees of the North Loup district, the railroad and the highway department are watching the jam closely and may start dynamiting it if it becomes worse.

## Soil Conservation Referendum May Be Held March 21

Committee Met Here Saturday, Recommended Date to State Authorities.

The members of the county advisory committee for the organization of a soil conservation district met at the county agent's office Saturday at 2:30 p. m. The appointment of this committee was authorized at the hearing which was held Febr. 11 at the court house.

Members of the committee are C. W. McClellan, North Loup township; L. O. Schudel, Independent; Ray Lutz, Yale; E. E. Vedehnal, Michigan; Anton Welniak, Elyria; Henry Enger, Noble and Archie Geweke, Enterprise. All members were present except Mr. Geweke, who was out of the county.

The committee decided to recommend to the Nebraska Soil Conservation committee that the referendum be held in Valley county on Saturday, March 21, and that five or six polling places be set up, one in each town and one or two in rural districts.

The committee members expressed the belief that soil and moisture conservation is the greatest problem confronting the people of Valley county at the present time, and that the county cannot have real prosperity until and unless a lot of our dry land farms are again made productive through the control of erosion on cultivated fields, the seeding back to grass of fields unsuited to cultivation, and the saving of moisture where it falls.

One good point brought out in the discussion was the fact that some owners of good level farms are indifferent regarding a district because their farms are not badly in need of erosion control work. A member of the committee remarked that if things continued as they have in the past ten years, with hill farms being abandoned, or only partially farmed and improvements standing idle, the owners of good lands will find themselves paying a constantly increasing share of the taxes of the county, because valuations of these idle lands will drop to the vanishing point. The committee believes that now is the time for action on this problem by voting for a soil conservation district in the county in order that technical help can be secured from federal agencies at no additional cost to local land owners.

## Supreme Court Upholds Decision in Tax Case

County Attorney John P. Misko received word Saturday that the Nebraska supreme court has upheld Judge Spikes' decision in the E. C. Weller tax case, which was appealed by Valley county. The Weller farm north-east of town was valued at \$18,400 by the county board of equalization. Weller appealed this valuation to district court, claiming he bought the farm for \$8,500 and that its value for tax purposes should be fixed in accordance with its sale value. Judge Spikes fixed value of the place at \$10,000 and the board of equalization, through County Attorney Misko, appealed the case to the supreme court. This tribunal has now settled the dispute by deciding Spikes' decision was correct according to law.

## Fire Chief Anderson to New Defense Job

Ord lost the services of its efficient fire chief Saturday when George Anderson left for Princeton, Mo., to enter the employ of the Peter Kiewit company on a big defense project. Anderson, who is a fine mechanic, will have charge of keeping certain big machines in repair for the Kiewit company. When the job at Princeton is completed he expects to be transferred to Hibbing, Minn., where his employer has another big defense contract. Two of George's brothers, Ed and Alvin, also are employed by Kiewit at Princeton, Mo. Another Ord man, Harold Porter, is there also, and several Ord men are employed by the big Kiewit company on various projects elsewhere. Assistant Fire Chief Mart Beran will direct the department's fire fighting activities for the present.

## City Caucuses Will Be Held March 4th

Annual caucuses of the Citizens and Good Government parties, preparatory to the annual city election, will be held at the American Legion hall at 7 o'clock Wednesday evening, March 4, the committees for these parties announce. Nominations will be made for the offices of mayor, clerk, treasurer, police judge, three councilmen, two school board members and one park board member.

## Sponsored Rabbit Hunt.

Arcadia—(Special)—A rabbit and coyote hunt sponsored by the Arcadia fire department to raise funds for civilian defense was held Sunday, and despite the inclement weather enough jackrabbits were killed to make a profit of about \$13.

## What Do We Do Now, Ask 426 Men Who Registered

Awaiting Lottery, Men 20 to 44 Puzzled; Draft Board Meets March 9th.

Big question this week for the 426 Valley county men who registered for military service Febr. 14 and 16 is, "what do I do now?" Here are a few of the high spots, which may help answer that question:

Next step after registration, so far as the registrant is concerned, is fixing of his "order number." This will be done through a third national drawing, or lottery, in Washington, which probably will be held on St. Patrick's day, March 17.

In preparation for this drawing, the Valley county draft board composed of William Ramsey, Jr., L. D. Milliken and W. T. McLain, will meet March 9, put your card in a pile with all the others from Valley county. The cards will be shuffled and (Continued on page 12)

## May Redeem Corn at 61c.

Farmers who sealed 1938 and 1939 corn may redeem it at 61c per bushel between Febr. 23 and April 30, announces the AAA office this morning. The AAA also says it will re-seal barley at expiration of the present loan, and therefore it will not be necessary for farmers to liquidate their barley loans at this time.

## Ice Jam Causes Water to Back Up, Flood Low Lands

No Damage at Hardenbrook Dam Tho Spillway Blocked, Water Over Earth Dam.

Snow and slush ice in the river froze solidly Tuesday night and an ice jam resulted at Hardenbrook dam below Ord, the water being backed up several miles and flooding the low land on both sides of the river. Little damage was done.

When he left the dam at 4:40 Tuesday afternoon the channel was flowing normally through the spillway at Hardenbrook dam, says Archie Bradt, but by 6:00 the ice had jammed and blocked the spillway, and water was flowing over the top of the earth dam east of the concrete structures.

By Wednesday morning the water had receded, the jam was partially broken and water was again flowing through the spillway but great blocks of ice atop the earth dam were left as a memento of the jam. Many people went to the river bridge Wednesday morning to see water and ice that covered Anderson Island park and the pastures east of the bridge to a depth of several inches. The west channel of the river which usually carries most of the water apparently was frozen solid and the east channel, normally only a trickle, was running bank full.

The river itself presented a beautiful sight with blocks of ice and snow up-ended throughout the expanse of newly frozen ice as far as the eye could see, and with trees along both shores and on the islands loaded with frost.

The Anderson and Long pastures east of the river were covered with water to a depth of several inches, with a lively current flowing at some points, and the former Brox house north of the bridge was almost surrounded by water. The Pecunia land and other property directly east of Ord was flooded also. Mart Rowbal's home in east Ord was isolated by overflow water yesterday.

## Whelan Transferred to New Territory

Ed C. Whelan, who for several years has represented the Paxton-Gallegher company in this territory and has resided in Ord has received word of his promotion to a larger territory, probably Grand Island, and expects to leave Ord in about three weeks. Ferd Heunecke, who at present represents the Loose-Wiles Biscuit Co. here, will succeed Whelan as Paxton-Gallegher salesman.

Few families have been more popular or more active in the social and community life of Ord than the Whelan family and their friends regret their imminent departure. They are offering their modern home for sale and if it is disposed of the family will move at once, otherwise Mrs. Whelan and the three boys will remain here until the end of the school year, after which their house will be rented.

If Mr. Whelan is assigned to Grand Island, as he now expects, his territory will extend east as far as Seward and north to Osceola and David City.

—Melvin Dunbar from Taylor was a bus passenger Monday going to join the navy.

## Ord and St. Paul Seeded Teams for Class B Tourney

But Upset Probable as Seven Teams Play in Ord Gym Starting March 4th.

Never before have Loup valley basketball teams been so evenly matched and therefore anything is likely to happen in the Class B cage tournament, which will be held March 4, 5 and 6 in the Ord gymnasium under the auspices of the Nebraska High School Athletic association.

The seven teams competing comprise the membership of the 3-Valleys conference, except Arcadia which elected to compete in a Class C tournament instead. Burwell and Ravenna, whose enrollment would permit them to compete in Class C also, elected to compete in the tournament at Ord next week.

Seeded teams here will be Ord and St. Paul, say officials in charge, these teams having the best season's record of any in the valley region. Ord is undefeated in conference play and St. Paul has been beaten by Ord.

Other teams taking part are Burwell, Broken Bow, Sargent, Loup City and Ravenna and of these only Ravenna is definitely weak. Ord has defeated all these teams but except in the Ravenna game there have been 6 points or less difference between Ord and its opponent in every game.

Burwell had lost only to Ord until defeated by Loup City last week, and Loup City, formerly counted as one of the weaker teams, thus began to loom as a tournament threat.

First round games start at 7:00 p. m. Wednesday, March 4 with the St. Paul-Loup City game leading off, followed at 8:15 by the Ravenna-Burwell game and at 9:30 by the Ord-Sargent clash. Broken Bow drew a bye and will meet the winner of the St. Paul-Loup City game at 8:00 Thursday, March 5. The other second round game at 9:15 Thursday will bring together the winners of the Ravenna-Burwell and Ord-Sargent clashes.

Friday night the finals will be played at 9:15, preceded by a preliminary which will bring together winners of two central Nebraska Class C tournaments yet to be played and therefore unknown to tournament officials. The state association will assign the game to be played in Ord, probably about March 2.

Officials for the Class B tournament here will be John Ward, of Taylor, and Kenneth Carver, of Grand Island, referees; Syl Furtak, timer; and Alex Cochrane, scorer.

Adult admission to first and second round games will be 35c; to the finals 50c. Adult season tickets may be bought for only \$1.00.

Winner of this Class B tournament will go to Lincoln the following week to compete for the state title against winners of seven other B classes being played throughout the state. Coach Tolly's Ord team has a fine record, having been defeated only by Grand Island, and local fans are hopeful the Chanticleers will win their way through the district tournament and win the right to represent this district at Lincoln.

## Smilin' Jess Blodget, Magician, Performs Here

A magician who has performed in Ord before and has always pleased local crowds is Smilin' Jess Blodget, who is being seen at 8:15 p. m. Wednesday, Febr. 25 at the K. of C. hall under sponsorship of the Knights of Columbus. Proceeds, after payment of expenses, will be donated to the Red Cross.

Two full-length sound motion pictures, "The Strong Shall Be Free," and "The Marines Have Landed," will be shown in connection with the 1 1/2 hour stage performance of Mr. Blodget. Admission charges are nominal.

## Tin Salvage Station at Beranek Drug Store

A tin salvage station has been established at Beranek's drug store in Ord, and people are requested to drop into a box provided for that purpose all empty collapsible tubes of the type used for toothpaste, shaving cream, ointments, etc., as well as tin foil and other things containing tin. Tin cans are not wanted.

Collapsible tubes are practically pure tin and their salvage will contribute greatly to the war effort. A federal survey shows 5,000 tons of tin tied up at the present time in tubes of this kind, and it is hoped most of it can be salvaged.

Entered at the Postoffice in Ord, Nebraska, as Second Class Matter under Act of March 3, 1919.

A FEW CERTAINTIES.
One of the most disagreeable conditions of the present war is the many uncertainties that attend it.

The same may be said of Africa, where the tides of battle have been surging to and fro for a long, long time. Germany may get the French fleet. Submarines will take a heavy toll of merchant shipping in the Atlantic.

Germany expected to defeat Russia in a month to six weeks. Now after eight months Russia is still going strong, and is gaining momentum from day to day.

NEBRASKA SOLDIERS.
The state and territory of Nebraska has always done its part in furnishing men for the armed forces of the United States.

To the Ladies... A Defense Editorial

Presented as a defense talk neighboring town of Burwell, at a meeting of the Domestic Science club there, the advice given is reprinted as an editorial, with Mrs. Banks' permission.

During the next months and perhaps years to come the lady who sits on the back of her lap and says she can't do this and she can't do that is going to lose her popularity with the majority who will be doing things they too, have never done before.

and some who took part in Indian wars. However, the Indian troubles in Nebraska did not come until after the arrival of the settlers.

Only a small part of the eastern section of Nebraska was inhabited at the start of the Civil war, and Nebraska was not destined to become a state until 1891.

There is little need to dwell upon the exploits of Nebraskans in the World War. No written lines could do them justice, and a complete story of their exploits would fill a library.

Now we are fairly embarked on the greatest war of history, and everywhere we see Nebraska boys flocking to the colors. We deplore the conditions that make it necessary for them to go, but we are proud of the fact that they are willing to go.

CENSORSHIP NECESSARY.
This paper has no quarrel with restrictions imposed upon us by war-time conditions. We believe that no orders are being put out unless they are necessary.

When we see a group of young men leaving the county to take their place in the armed forces, we naturally feel that we should give them a suitable farewell through the columns of the paper.

My Own Column

In all of our advertising and cards mailed out, it has been plainly explained that the defense stamps or chickens were being given as a premium to get new subscribers.

"Tastes change as folks grow up. Little girls like painted dolls, and little boys like soldiers. When they grow up, the girls like soldiers, and boys like painted dolls."

grandchildren of people who lived in this country when there were no weather forecasts of any kind except what the local weather prophet put out.

The tire rationing, auto rationing, sugar rationing, these are unpleasant, but we will have to figure a way to get along. Some of us may have to walk more, but it will be better for us.

Whatever orders are put out by the war censors, this paper expects to accept them and abide by them, since that is the only thing we can do.

Children see and hear a great deal of war talk these days, and it looks now as though they were doomed to continue. They play soldier, play war, shoot Japanese, and ponder the maps as much as the adults of the family.

Another little lady I know does not enjoy her candy bars now. "Mother," she solemnly stated, "every time I eat a candy bar all I can think about is 'there goes half a defense stamp.'"

Cletus Ringlein, linotype operator on the Quiz, suffered loss of the first joint of the little finger on his left hand Thursday, when he slipped and fell into a circular saw with which he was cutting zinc plates.

Something Different

The tire rationing program has brought about some queer situations: old stuff that was thrown out long ago has become newly valuable.

Never was a better example of this than Henry L. Deines had a few days ago. Listen to his story: When he lived in Albion and taught music in the schools, he discarded a worn old tire.

Grandma Parkins (Mrs. George A. to you) was telling me about her son John's little daughter.

Children see and hear a great deal of war talk these days, and it looks now as though they were doomed to continue. They play soldier, play war, shoot Japanese, and ponder the maps as much as the adults of the family.

kind, and expected to receive guide prices soon on paper and rags. He said agriculture had won its spurs as a defense industry, and then turned the meeting over to C. C. Dale.

Mr. Dale stated that it has been repeatedly proven that production wins wars. The county agent's office has been holding meetings in every precinct in the county and stressing this fact.

The plan was to call a meeting in each of the counties of the state and try to have the problem of organization settled before the opening of spring work.

—Mrs. Arthur May of Ericson spent Saturday with her sister, Mrs. Elvin Hower, in Ord.

—Vera Severns who is employed in Omaha was home for the week end visiting her father, J. W. Severns, and Ord friends.

—Mr. and Mrs. LaVerne Duenney and Mrs. Weller were Sunday guests at the McLain brothers, and for supper.

—Hear Mrs. Kovanda review the book "The Drs. Mayo," by Helen Clapesottle, Friday, Febr. 27 at the library. Adm. 15c.

—Mrs. Sigred Karlson, who had been staying with Mrs. Roy Whiting for some time, left for Scotia Wednesday evening, and expected to go to Omaha later.

—Mrs. Ella Sevicik, who had been in Ord visiting her son and wife, Mr. and Mrs. Hugh Carson, returned to her home in Omaha Wednesday evening.

—Ed Oetken, manager of the Ord Co-op Oil company, made the trip to Phillipsburg, Kas., Monday with Forrest Worm on the transport.

—Carol Ressegule planned to leave Tuesday morning from her visit with her parents at Madison for San Diego, Calif., to visit.

—Mr. and Mrs. Robert Molzer of Lincoln were overnight guests of Mr. and Mrs. Henry Deines on Wednesday, leaving Thursday morning.

—Madams L. B. Fenner and Guy Gerber came from Burwell Monday afternoon to have tea with Mrs. Gould Flagg. They are old friends.

—Mrs. Truman Gross and three children, Nelva, Harry and Frances, left Monday for Hastings, their goods going by truck the same day.

—The Soangetaha Camp Fire group met Friday after school for a brief meeting at their guardian's home. The final First Aid test was given. Marilyn Parks is scribe.

—Eluta Camp Fire girls met at Norma Manchester's last week and signed the consumer's pledge to receive their pins. Remainder of the time was spent reading and discussing first aid.

—The Clarence Reed family moved to Grand Island Friday and are now living at 1123 North Eddy street, where they will be glad to welcome Ord friends. Mr. Reed is a timekeeper and clerk employed by WPA.

—Miss Ethel Hower came from Broken Bow to spend the week end at home, going back to her work Sunday afternoon. Miss Nerene Hardenbrook accompanied her.

—Mrs. C. J. Wilson had a very bad cold and spent last week in bed. Her mother, Mrs. S. N. Criss, came from Loup City and spent the week at the Wilson home, Mr. and Mrs. Wilson driving to take her home on Sunday.

—Mr. and Mrs. Don Lentz of Lincoln came Sunday and were house guests of Dr. and Mrs. C. J. Miller. This is the fifth year he has been asked to attend solo day at the high school in Ord as a judge.

—Mrs. Winnie Finley is well settled after her return from the west coast, where she visited at Los Angeles, Alhambra and Pasadena. The Darrell Noll family returned at once to their home, the first house north of the John Rogers residence.

—Misses Ruth and Myrtle Auble had a visitor over the week end, Miss Phyllis Thornton of Neligh, who is employed in the state house at Lincoln. She came by bus Saturday, returning the same way on Tuesday.

—Mrs. Andrew Purcell is being cared for by Mrs. John Ward in the home of her daughter, Mrs. Alfred Wiegardt. Mrs. Purcell is as comfortable as could be expected, although of course she is in a cast and in bed.

—Mrs. Elwin Shipman, son Gerald and daughter Beverly Gay, returned to their home at Inavale Wednesday evening on the bus. They had been in Ord since the preceding Friday morning visiting her parents. Mrs. Shipman underwent a very serious operation a few months ago but is now the picture of health.

—Mr. and Mrs. C. E. Rumsdell, Mr. and Mrs. J. R. Stoltz and Mrs. Harry Bresley drove to Lincoln Sunday to attend the wedding of Miss Dorothy Wisda, to which some 250 guests were bid. The former Miss Wisda made a lovely bride, wearing the traditional white satin robe, report the Ordites who returned home that eve.

—Mrs. Ellsworth Ball's mother, Mrs. Hannah Larsen, has been very ill the past few days. Saturday evening Mr. and Mrs. Harry Peterson and children and Henry Peterson came from Kimball. Mrs. Peterson will assist in caring for her mother-in-law for the next few days. Mrs. Larsen is 81 years old and has not been well for a year.

—Mr. and Mrs. J. C. Van House have been enjoying a visit from their eldest son, Edward. He came last week from Minneapolis, and expects his orders to report to the coast guard service at any time. Don Van House came from Omaha to spend Monday at home, and he will be leaving almost immediately for the navy. A third son in Salt Lake City also expects to go into service soon, although he is now a government employee.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Java Calls for Increased Aid From Australia as Japs Intensify Attack; First War Deaths on American Soil Caused by 'Dud' Torpedo at Aruba

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

JAVA:

Goal of Japs

The fall of Singapore represented the winning of a major victory for the Japanese, but tactically it was considered the moving of the western end of a Jap pincer movement directed not so much at India as at Java.

For the entire capture of the East Indies, and with it the enormous oil production vitally needed by Japan had, perforce, to be regarded as the major objective, with Java at its center.

This had been proved by the events that had followed the triumphal entry of the Malay army into Singapore.

Intensified Japanese attacks had started on Bali and islands to the east of Java, as well as stronger movements to increase the Japanese hold on Sumatra, the invaders fanning out from Palembang, Sumatra's largest city.

Java's population of 40,000,000 had been told "the enemy is at our gates," and to prepare its defense "to the last ditch." At the same time Java called for increased aid from Australia, but it was not immediately apparent what Australia could or would do, embattled as it was in a belated effort to straighten out its own defenses.

Some commentators figured the Japanese occupation of Java, and with it control of all the Dutch East Indies as "a matter of days," while others thought it might be a long battle, and that substantial defense of the remainder of the East Indies was quite possible.

However that might be, Allied ranks would give a good deal to know which way the Nipponese cat was planning to jump if, as and when the East Indies had fallen to the enemy.

Was it going to be an all-out offensive against India or were the Japs, conscious that an eventually winning Allied naval, air and land attack could be launched against them from Australia, to turn their forces toward Cape York?

Movements of U. S. ships and troops seemed to indicate that this country viewed the latter possibility as a probability, and that as a base for our future operations, Australia and New Zealand seemed to offer the best chance for a supply life-line.

ARUBA:

History Made

The first war deaths on American soil occurred at the Dutch island of Aruba shortly after American troops had arrived there to take over its defenses.

Two days after the arrival of these troops had been announced, German submarines attacked the harbor, sank or damaged seven tankers with a loss of 59 seamen, and then shelled the big Standard Oil refinery on shore.

American planes took the air, spotted the subs and reported afterward that they had reason to believe at least one of them was sent to the bottom.

Two days later, after the damage had been checked up and gone over, a dud torpedo, 18 feet long, was found on the harbor sands.

Immediately identified as a German torpedo, four Dutch officers were assigned to the delicate task of taking it apart.

In the midst of their work it exploded, killing them all. They were the first casualties on land in the American hemisphere.

In the meantime the torpedoings in the Atlantic were continuing heavy, including the first sinking of a Brazilian ship in the present war.

This was the liner Buarque, a combination freight and passenger ship, sent to the bottom off the coast of Virginia. The sinking was not immediately announced in Brazil, as it was the annual carnival time, and the government was afraid that serious rioting against Axis nationals might occur. The ship carried 74 in the crew and 11 passengers. Two were lost, 83 saved.

MAC ARTHUR:

Increased Bombardment

Despite a number of strong appeals that General MacArthur be taken out of Luzon for a more important command, Washington had let it be known that no such move was afoot.

While new heroes were being made daily, the Congressional Medal of Honor having been voted to a Filipino mess sergeant, Washington asserted that it was the general's own wish to remain with his faithful troops as long as it was possible to carry on the good fight.

The mess sergeant was Jose Calugas, who received the highest award within the giving power of the government. The citation told how, when an American gun was put out of action, Calugas, not even in that outfit, ran 1,000 yards without orders, entirely beyond his duty, and under heavy enemy fire, to the gun. Arrived there he called for volunteers, and himself organized a gun crew, put the gun back into action again, and continued at his new post as long as the battle continued.

The fall of Singapore had evidently released many Japanese planes for the battle of Luzon.

Washington, quizzed as to why air reinforcements were not being sent to Bataan, stated that "plenty of bombers" would have been sent "if we had any way of getting them there."

RESULTS:

In Marshall Islands

When an assault force of U. S. cruisers, destroyers and aircraft carriers, commanded by Vice Admiral William F. Halsey, attacked Japanese bases in the Gilbert and Marshall Islands they caused substantial losses to the enemy: 38 airplanes, one converted aircraft carrier, one light cruiser, one destroyer, two submarines, two naval auxiliaries and three fleet oil tankers. Damaged "and perhaps destroyed" by U. S. attackers were three submarines, four auxiliary vessels and an old cruiser.

VIERECK:

Contemptuous Spy

As the Viereck trial had opened in Washington, the Nazi agent being tried for withholding information of his activities from the state department, he was painted as a "contemptuous spy" by William Power Maloney, prosecutor.

Maloney said Viereck had used the Congressional Record to propagandize the United States "according to orders from his Teutonic overlords" and stated that many long excerpts in the Record from the speeches of the late Senator Lundeen.

Testimony brought out that typical titles of books published by Flinders Hall in New Jersey (financed

OIL:

Both Sides Lose

The destruction of oil installations in the East Indies, which had been carried out well by the Dutch as each more or less important spot fell to the Japs, had been terrific at Palembang, where the entire countryside was covered with a pall of smoke when the refineries were blown up and wells blasted.

Yet it was a two-edged sword, the Dutch admitting that in about six months, with good fortune, the Japs could manage to repair much of the damage and begin to resupply themselves with oil.

And in the meantime the oil was lost to the Allied fleets, which had been fueling from the Dutch supplies.

And as oil was the principal vital necessity for which the Japs originally had started the war, and as a supply of it would conceivably permit them to continue fighting indefinitely, or at least until a major defeat by the Allied forces, the extent of the disaster in the Indies might be seen.

SYLVESTER VIERECK "Ordered by Teutonic Overlords." by Viereck) were "Lord Lothian Against Lord Lothian," "Seven Periods in Irish History" and "It Happened Again," all allegedly German propaganda.

HIGHLIGHTS . . . in the week's news

London: Britain's revised war cabinet, reduced from nine to seven members, is a partial concession to popular demand. Sir Stafford Cripps, former ambassador to Moscow, was given a high place. He is lord privy seal and Churchill's deputy as leader of the house of commons.

Washington: Secretary Ickes said he was going to try a voluntary curtailment of the use of gasoline.

Honolulu: The U. S. destroyer Shaw, reported destroyed by the Japs at Pearl Harbor, was sufficiently repaired in two months to make the journey to a West Coast shipyard under her own power, and was being reconmissioned there.

Washington: Sale of light airplanes had been restricted by WPB only to the army, navy and a few other specified purchasers.

Resigns From OCD

Mayrlis Chaney, professional dancer, whose appointment to the physical fitness program of the Office of Civilian Defense provoked congressional wrath, as she dictated her resignation to OCD Director James M. Landis. "Because I wish no further altercation which might cause disunity and delay," she wrote, "I wish to step aside if it is your will."

Notes From the VALLEY COUNTY FARM BUREAU

By C. C. Dale

Gardening Circular. Single copies of Extension Circular 1211, "Nebraska Farm Vegetable Gardens" may be obtained at the Valley county agent's office in Ord, it was announced this week by Extension Agent C. C. Dale. The circular is a revised edition of the publication written several years ago by E. H. Hoppert, extension horticulturist at the University of Nebraska college of agriculture.

"Nebraska Farm Vegetable Gardens" goes into considerable detail on general management of gardens, the growing of beans, greens, salad crops, potatoes, and other garden crops, and control of garden insects. A table includes planting intervals in the row, depth of planting, and the amount of each kind of seed required for a row of given length.

This circular will be one of the standard guides in planning and caring for gardens in the Nebraska victory home and garden program during 1942.

Sugar Conservation.

Restrictions on sugar purchases may be inconvenient at first but need not be a kitchen tragedy, it was said today by Maude Matthews, district home demonstration agent. She listed several steps that will help stretch the sugar allowance over a longer period of time.

1. Watch out for sugar wastes such as undissolved sugar in the bottom of tea or coffee cups, oversweetened foods, or failures of any product containing sugar.
2. Cut down on sugar in least

Checker Teams Tie Again.

The farmers and city men again tied in a checker match at the city hall last Thursday night with a score of 48 to 48. This was the second meeting of the two teams this year, both drawing. They will have it out at the city hall next Thursday night. The city men say they are going to put a stop to draws and beat the farmers, but the farmers say no! So there will be some real battling Thursday night.

They will have it out at the city hall next Thursday night. The city men say they are going to put a stop to draws and beat the farmers, but the farmers say no! So there will be some real battling Thursday night.

Anticipated Sugar Shortage.

Anticipated sugar shortage has caused a great deal of concern among the farmers and city men. The shortage is expected to be severe due to the war effort and the need for sugar in various industries. The government is working to conserve sugar and ensure that it is available for the most essential needs.

# Burwell News

Written by Rex Wagner

Gilbert Davenport, who is now teaching in the Bradshaw high school and Leslie Chaffin who is a freshman at the state agricultural college visited friends in Burwell Wednesday.

Dwight Johnson, who enlisted in the signal corps about a month ago, writes home that he has been transferred to a camp near Spokane.

Three thousand trees have been ordered from the state extension forester, Earl Maxwell, for planting in the Erina locality. J. B. Lowry has ordered fifteen hundred red cedars and five hundred yellow pines which he will plant on his ranch. Since 1930 Mr. Lowry has planted 6,800 trees which he has ordered from the extension department. Guy Laverty has ordered a thousand red cedars which he will have planted on his ranch west of Ballagh. He has ordered 6,000 trees since 1932. Trees of most varieties are still available, according to Willis Thurber, Garfield county agent. Farmers desiring trees for spring planting are urged to make applications to him.

Mr. and Mrs. Raymond Hahn and son have moved into one of the houses at the Horward ranch where they will make their home.

Mr. and Mrs. Otis Hughes of Ord were dinner guests Sunday in the Don Hughes home.

John Pokorney went to Omaha Sunday with Mr. Fajmon where he entered the University hos-

pital. He has been in failing health for several months.

Miss Marjorie Messenger submitted to an appendectomy on Wednesday in a hospital at Hamburg, Ia. She has been working in a bank at Sidney, Ia. where she suddenly became afflicted with appendicitis. Miss Lulu Wiberg of Omaha was with her during the operation. According to reports received by her parents she is rapidly regaining her health and will soon be released from the hospital.

Rev. and Mrs. J. Bruce Wylie of Hooper, drove to Burwell Saturday where he delivered the sermon at the funeral of Mrs. Nellie Jones.

Mr. and Mrs. Fred Hallock of Lincoln were called to Burwell by the death of their niece, Mrs. Nellie Jones. They spent the week end visiting relatives.

The Belles of Future were entertained at a birthday party in the Lewis Moore home Saturday afternoon complimentary to Miss Marilyn, their daughter, who celebrated her seventh birthday.

Mr. and Mrs. Ed Fransson and family have moved to a farm near Arcadia where they will make their home.

Mr. and Mrs. Carl Helmkamp and Dale finished moving last week to their new farm home a mile west of the State Reformatory south of Lincoln.

The new clothing store, which S. E. Woods, formerly of Omaha, is establishing in Burwell expects to open its doors for business next week. The building where E. A. Jensen has operated his bargain store for several years has been repaired and remodeled for Mr. Woods' occupancy. Mr. Jensen has moved his store to the building where John Shelton formerly operated his cream station south of the square, which is owned by L. B. Fenner. Mr. Woods has spent all of his life in the mercantile business. After travelling all over the United States and Mexico he selected Burwell as a desirable location for his new store. The irrigation project was one of the factors which influenced him in making his choice. He has no family.

Mr. and Mrs. F. B. Wheeler took her mother, Mrs. Dan Capek to Broken Bow Sunday evening where she caught a train for Lyman, where she makes her home with her son, Guy. She had visited the Wheelers for several months. Mrs. Fay Livermore, who accompanied them stopped at Sargent to visit relatives.

Mr. and Mrs. Ralph Brownell of Broken Bow visited friends in Burwell Sunday.

The members of the New Century club gathered at the home of Mrs. Lloyd Carricker Tuesday afternoon to bid her farewell. The Carrickers plan to move to Broken Bow March 1st where he will be employed in a creamery owned by Ralph Brownell. The club members presented Mrs. Carricker with a going away gift.

Miss Dorothy Paulin drove to Hastings Saturday where she

accompanied her as far as Grand Island from where she went to Lincoln where she was a guest of Miss Marguerite Grunkemeyer.

Miss Lois Sartain was an overnight guest in the Ralph Sperling home Sunday.

Mr. and Mrs. Ralph Sperling took a truck load of fat cattle to Omaha Monday.

Roy Hughes and Patty were Sunday dinner guests in the home of his brother, Emmett, southwest of Ericson.

Mr. and Mrs. Will Nelson of Ord were guests in the Leo Nelson home Friday. LaRue went home with them where she stayed until Sunday evening.

Miss Alaire Pulliam was a dinner guest Sunday in the W. D. Massey home.

A public meeting will be held in the basement of the Congregational church Thursday evening at 8 o'clock when the local Boy Scout troop will be given a charter. Kenneth Richards of Grand Island, a field executive of the Boy Scouts will speak at the meeting. Parents and friends of scouts are urged to be present and Rev. Brown, the local Scoutmaster invites all persons interested in the Boy Scout program to be present.

Bill Garnick of Elyria left on Monday for Des Moines where he was called for military service. Mr. Garnick was released from camp this summer as he was over 28 years old. He volunteered to return after the declaration of war and has waited this long before being called.

Mr. and Mrs. Roy Hughes and Patty visited friends in Ericson Saturday.

A daughter was born to Mr. and Mrs. Allen Maxfield Monday morning in their home with Dr. Cram in attendance.

Miss Dorothy Paulin attended a district meeting of assistance directors at the resident NYA training project for boys in Kearney Thursday. The opportunity for training offered to young men here impressed her most favorably. The school is open to young men between the ages of 18 and 24 years, who are paid \$20 per month while taking their training. Their living expenses costs them about \$9 of this amount. Three courses are open which prepares the boys for defense jobs and the managers of various defense plants are most anxious to get youths who have been trained in such schools. The sheet metal and welding course takes eight weeks, the radio operator's course lasts from four to five months and the machine shop course takes three months. Young men interested in this school are urged to get in touch with Miss Paulin. Miss Paulin also announces that merit examinations for positions in the state and county assistance offices will soon be given. The deadline for applications for these examinations is March 10. Persons interested in these positions should see Miss Paulin.

A A county committee and fieldwomen from twenty counties will meet at Burwell on Tuesday, March 3, where an educational meeting will be held according to an announcement made by the employees in the local AAA office. "The Place of the AAA under Present World Conditions," will be the principal topic discussed.

Dr. and Mrs. E. J. Smith, Junior and Mershon drove to Kansas City Friday where the doctor conferred with selective service officials. He attempted to persuade them that farm boys should be deferred at this time as they are needed to produce food. They returned home on Tuesday.

Miss Betty Horner of Lincoln and five friends from Lincoln were guests in the home of her parents, Mr. and Mrs. Spencer Horner Sunday and Monday. Mr. and Mrs. L. B. Fenner entertained Miss Horner and her guests Sunday evening in their home.

Mrs. R. W. Wood, the retiring president of the P. E. O. will be the guest of honor at a party in the home of Mr. and Mrs. Everett Johnson this evening. Mrs. Johnson and Mrs. Henry McMullen are the hostesses. Both the P. E. O.'s and their husbands have been invited to the affair.

Mrs. M. B. Goodenow suffered another heart attack Sunday evening. She had almost completely recovered Monday.

Dr. Smith drove to Kearney today where he is attending a directors' meeting of the Central Nebraska Beet Growers association in Port Kearney hotel.

Bernard Guggenmos, son of Mr. and Mrs. Dave Guggenmos was taken to Ord last Tuesday night by Dr. Smith where he submitted to an emergency appendectomy in the Ord hospital. Dr. Miller performed the operation.

Mrs. James Anderson is critically ill in the home of her son, Guy Anderson.

Mrs. E. G. Hizer went to Denver Wednesday where she was called by the death of her son's mother-in-law. She is expected home today.

Roy Chaffin will dispose of his property at a public sale at the J. E. Cram farm north of Burwell Monday.

The Henry Wilke sale north of Taylor was postponed Monday owing to the weather. It will be held in two weeks.

Mr. and Mrs. Carroll Walker returned home Tuesday afternoon from their winter vacation which they spent in Arkansas and Corpus Christi, Tex.

Mr. and Mrs. Leo Nelson were guests Sunday evening in the Seward Holloway home.

## From Defense to Offense Is a Tough Job for U. S.

### Enemy Must Be Kept From 'Breaking Through' While United Nations Build Up Overwhelming Superiority.

By BAUKHAGE  
News Analyst and Commentator.

WNU Service, 1343 H Street, N-W, Washington, D. C.

"Mr. President, there has been a good deal of comment lately to the effect that the American people are complacent about the way the war is going. Have you any comment, sir?"

There was quiet in the oval office. The hundred or so men and the three or four women representing newspapers, press associations, radio networks and radio stations were quiet. The President leaned back, put his cigarette with its long holder in his mouth and let his eyes wander upward toward the great seal of the United States on the ceiling of his office in the White House.

It was the day when the startling news that Singapore, the Gibraltar of the East, for the first time had felt the boot of the invader within its bastioned confines. We all realized that any comment the President might make would indirectly reflect the seriousness of the whole Far Eastern situation.

At last he answered, speaking slowly—choosing his words—and clearly, so that the rapidly moving pencils could get each word.

I cannot quote him directly because that is forbidden. He answered that the complacency charge was partly just—but that every day the people were becoming more realistic in their thinking. He said that they had begun to realize that this is a world-encircling war.

### Machinery of Defense Must Be Built Up

And so we were told from the highest source that we had learned already from the military who do not mince words, who do not indulge in wishful thinking—that America must be content to accept reverses, must humbly accept the role of defense on all fronts until we have built the machinery of offense.

It so happened that on the very day on which I heard the President speak these words I visited a tiny room in a cheap apartment house made over into offices. A busy beehive, the lobby was crowded with men with brief cases. I was reminded of the hectic days of 1933 when the Blue Eagle was spreading its wings, when American business was getting its first taste of regulation at the hands of the NRA. Then the emergency had forced even the most individualistic to toss aside the demands of rugged individualism.

Today in the face of another emergency, business was once more facing strict regulation. The men I saw in the lobby of this shabby building were exporters seeking licenses from the Board of Economic Warfare—for not a dollar's worth of goods can leave this country now if the BEW doesn't want it to.

But this is only one small facet of the board. It has a hundred facets. And unlike our armies and our navy today it is waging offensive warfare.

It has launched a great offensive on the economic front.

To look over the board's activities in a single day you might see listed projects to build a railroad in a foreign country, to weigh to the last ounce some strategic material that a foreign country produces, to survey in accurate figures just how much of a certain product may be spared from America's own supply to turn over to another country in return for some valuable commodity or service that we need to further our war effort. Or, again, there might be a project to block the sources from which one of the enemy powers is replenishing its own supply.

Argentina—An Example

For example: The United States needs the co-operation of Argentina, a country upon which the Nazis have lavished every favor possible, upon which they have used to the limit the persuasive power and dire threats of Herr Goebbels. The purpose is to keep a close relationship between the man who pulls the strings in Buenos Aires and the men who direct the destinies of the Reich.

Before war made an omelet of the world's trade, Argentina bought from America 6 per cent of all the steel she imported. Much of the

other 94 per cent came from the Axis. Now virtually all of the supply of this essential material is cut off except what the United States can spare from the terrific demands our shipyards and arsenals are making.

But without steel, Argentina's wheels would cease to run, public utilities would disintegrate, the country would be an easy prey to any subversive influence. And so, with a finely sharpened pencil, the experts in the BEW find some steel, recommend to the War Production board that it be spared for the Argentine.

Another example: We need rubber. There are plenty of rubber trees in South America. We can make some synthetic rubber in our laboratories, but we need natural rubber to mix with it. It takes more than money to get rubber out of those trees deep in the jungles of the Amazon.

And imagination has been used. Imagination to realize that in order to get the labor to harvest the rubber, the half-starved, sickly Indians who provide this labor must be given better food, healthier surroundings, conditions which will make them and others want to work to earn the money. The things which they can buy with the wages they earn must be made available.

And so, hundreds of mosquito chasers are already working to remove the malarial mosquito that makes life hazardous in the rubber jungles. Experts to help start dairy farms to provide vitamin-giving milk to build up the weakened bodies, are being dispatched to South America.

### 'Social' Conditions In Washington

The war has created many serious social conditions in Washington.

But one situation which few have noticed and which threatened for a time a minor revolution, I think I can predict, will shortly be greatly ameliorated. This is the tale (and it's a bushy one).

War required certain building operations on the White House grounds. Among other things—the only one which I can discuss freely because of the censorship—was the construction of a little building which looked like a soft drink stand where the shivering detectives who help the extra police who guard the great iron gate to the presidential grounds, can warm themselves. But there were other more expansive undertakings. This construction considerably hampered the activities of White House visitors. Also White House residents.

One of the oldest retainers on this ancient estate is a trusted friend of mine, head of a rather flighty clan, but himself a very responsible patriarch who has given me many an important story.

He is the Old Gray Squirrel who lives in the Elm.

He, with most of his clan was virtually dispossessed while the construction work I mentioned (or rather I am not allowed to mention) went on. Another old resident who lives or rather pursues his business just outside the White House fence and with whom the Old Gray Squirrel has a very close working arrangement, had to move too. He is Steve. Steve runs a peanut stand. You may see the connection.

Steve moved across Pennsylvania avenue to Lafayette park. The Old Gray Squirrel and his family followed.

Then trouble began. For the Old Gray Squirrel is a snob. He doesn't mix with common squirrels and Lafayette park is full of them. They don't understand White House protocol. They would push up to the head of the line and try to steal peanuts from the donor's hand right out of the Old Gray Squirrel's mouth. This made trouble.

For some days I thought murder would be committed. Mayhem was. In fact, one of the Lafayette crowds has lost his brush, a clean but undignified operation although too close for comfort or beauty.

But fortunately the workmen on the White House lawn have gone now. Soon Steve will take up his ancient post. Already the Old Gray Squirrel is scurrying back and forth across Pennsylvania avenue removing the nuts he had carefully interred in the park to a safer and more exclusive burial place. Revolution has been averted.

### BRIEFS . . . by Baukhage

¶ In 1940 there were 950,000 women describing themselves as experienced workers who, according to the 1940 census, were seeking work. These women will be the nucleus which the labor division of the War Production board expects to call upon to fill the labor shortage expected when we are all tooled up for all-out war production.

¶ There is a new basis of values for the old jalopy that has puffed its last—it cannot be sold at a price higher than it would be worth as scrap at the mill.

¶ There is no shortage of black ink at present. After this year's income taxes are paid I wonder how the red ink supply will be.

## Bring in Your Old Metals!

We will have a truck here to buy your old metals and rags at highest market prices, on

Friday & Saturday, March 6-7

Metals needed by the Defense effort, and which now command good prices, include Aluminum, Brass, Copper, Zinc and many others. Also rags and old mattresses free of leather are wanted.

## Ord Auto Parts

Thomas Rasmussen, Prop.

Ord, Nebraska

### LOCAL NEWS

—Mr. and Mrs. Paul Duemey and Mr. and Mrs. Oney Patchen of Burwell went to Grand Island Sunday to spend the day.

—Professor Hayes M. Fuhr of Hastings college was a dinner guest of Dr. and Mrs. Glen Auble Monday noon while in Ord attending solo day.

—Warren Allen came home from university to spend the week end with his parents, Mr. and Mrs. George Allen, bringing his roommate with him. Mr. Allen met the boys at Grand Island after they reached there by bus.

—Mrs. C. J. Mortensen went to Grand Island Saturday to attend to Auxiliary affairs, planning to return home this morning with her sister, Mrs. Lillian Granville White, after the convention closed. They accompanied Mrs. C. J. Miller and Mary on Saturday.

—Mrs. Keith Lewis went to Grand Island Tuesday to attend the state convention of American Legion and Auxiliary representatives. She is president of the Auxiliary in Ord.

—Ralph Misko was an Omaha business visitor over the week end, going down Saturday and returning Sunday evening.

—Anton Guggenmos, who recently bought the place owned by his brother, the late Mark Guggenmos, in west Ord, moved in from the farm this week. Clarence Connor bought the Guggenmos farm and will occupy it at once.

—Rev. Crist of Kenesaw and his daughter Ileta came Sunday morning to preside at morning and evening services for the Church of the Nazarene, as Rev. Sheffield is spending several days at Holstein having some dental work done.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

In a personal letter from Mrs. Ross Carpenter of Long Beach, Calif., to Mrs. Otto Bartz she thanks Mrs. Bartz for several copies of the Quiz which she had sent. She said Ross was working at a ship yard with a Carl Nelson, formerly of Ord and one day in the conversation about Ord and Valley county Mr. Nelson said, "Do they still publish that Ord Quiz?" And of course Mr. Carpenter told him they did and that there were several copies at his home. "Lord," said Mr. Nelson, "I'd sure like to read one of them once more." So Mr. Carpenter took him the next day, the copies Mrs. Bartz had sent them and Mr. Nelson devoured them from "Cover to Cover".

Mrs. Elley, Muriel Hamer, Mary Babcock and Esther Smith went to Ord Friday afternoon where the girls entered the declamatory contest. Muriel Hamer and Mary Babcock received a good rating in the oratorical and dramatic divisions and Esther Smith an excellent rating in the humorous. In the evening the cast of the play, "The Mother Who Went Away" went up and they received an excellent rating on that also. Mary Babcock, Joan Barber, Lucienne Fisher and Frances Goodrich were the cast. A number of other high school students and some parents also went for the contest.

Supt. Willis was ill Thursday and Friday with the flu and not able to be in school.

Mr. and Mrs. Roy Stine and Mrs. Earl Smith spent Wednesday in Grand Island.

Sunday dinner guests of Mrs. B. B. Buten were Clifton and Fanny McClellan, Mr. and Mrs. Otto Bartz and Mary Ann and Hazel Stevens. The birthdays of Miss McClellan and Mrs. Bartz were celebrated.

Mr. and Mrs. Will Benson of Ord were Friday supper guests of Mrs. B. B. Buten.

Mary Ann Bartz, Donna Dezel and Miss Larson of Lincoln came up Saturday evening for the week end. Donna Dezel returned by bus Sunday evening and Mary Ann, Miss Larson and Mary Lee drove back Monday morning. Mary Lee came up on the Saturday evening bus.

Mr. and Mrs. Merilyn Mayo and Marilyn and Mrs. Grace Mayo of Lincoln spent the week end in North Loup.

Everett Hornick came in on the Saturday evening bus.

Mrs. Otto Bartz and Mrs. Ras-

mus Peterson entertained their pinocle club at the Bartz home Friday afternoon. Mrs. Howard Barnes won the traveling prize and Mrs. Ross Williams the high prize. Guests were Mrs. Barnes, Mable Lee and Mrs. Orville Noyes.

Mr. and Mrs. Dale Halverson came over from Broken Bow Saturday night and spent the time till Sunday afternoon with Mrs. Grace Mayo.

Marcella Nolde accompanied Mr. and Mrs. Frank Bingham up from Omaha for the week end. The Bingham's went on Ord.

The February meeting of the PTA was held Wednesday evening in the music room of the school house. Not as many as usual attended. Mr. Johnson and Mrs. Elley led in community singing and Mrs. T. J. Hamer gave a paper on the founding of PTA. Mrs. George Maxson, chairman of the program committee, conducted an interesting Quiz on timely February short sayings. During the business session, Mrs. Roger Johnson presented the health program which the Fortnightly club are sponsoring for the school children. The program will include inoculation for diptheria, smallpox vaccination and the tuberculosis test at the small price of twenty-five cents for each student. Lunch of coffee and cookies was served by Mrs. Jim Coleman, Mrs. Erlo Cox and Mrs. Clark Roby.

Mr. and Mrs. Paul Jones and Charlotte drove to Pawnee City Saturday afternoon where they were guests of Mr. and Mrs. Harold Schudel till Sunday afternoon. Orin Schnieder accompanied them as far as his home at Hallam and Mavis Schudel went to Lincoln where she spent the time with her sister Dorothy.

Mrs. J. A. Barber who went to Alliance last week to be with her sister, Mrs. C. H. Clapper because of the serious illness of Mr. Clapper, has decided to remain another week. She is in Pine Ridge, S. D., with the Clapper children while Mrs. Clapper stays in Alliance at the hospital with her husband.

Jeanne Barber and Harriet Brown came home from Kearney Friday night, accompanying Gordon Little. They returned Sunday afternoon on the bus. Ruth Patrick of Ericson, who attends Kearney college was their guest while they were home.

## Albert Babcock Manages Successful Co-op Bank

Here is shown Albert Babcock, secretary-treasurer of the North Loup Cooperative Credit association, at work in the bank's office. He has an assistant, Selma Robbins, who didn't want to have her picture taken.

Mr. and Mrs. Oren Carr spent Sunday afternoon with Mr. and Mrs. Alex Brown.

A total of \$404.28 has been raised for Red Cross war relief in this division of the county according to a report issued last week by C. W. McClellan, chairman. The latest list of givers include the following and comes largely from Davis Creek where J. A. Palser was solicitor: Harry Warner, 25, Guy Sample, 10, Philip Mrsny, 50, Bill Butler, 25, Wm Caddy, 50, C. E. Johnson, \$1.00, Fred Boice, 50, Roy McGee and family, \$1.05, Alfred Jorgensen, 15, Genevieve Wilkie, \$1.00, Mr. and Mrs. Lawrence Mitchell, \$1.00, John Palser, \$2.00, John Williams, \$1.00, Carol Palser, \$1.00, Wm Valasek, 50, E. A. Johnson, 50, Anson Frazer, 50, Devillo Crandall, \$2.00, Edgar Davis, \$1.00, Farmers Elevator, \$5.00, Bartz store, \$3.00, M. Edwards, \$1.00, P. E. Clement, \$1.00. The total allotment for Mr. McClellan's territory was \$450. so there remains less than \$50.00 to be raised.

## North Loup Minus a Bank Until 15 Men Formed Co-op

No. Loup State Bank Closed in 1933, Co-op Formed in September, 1934.

North Loup—(Special)—People of this village know what it is to get along without a bank, for they tried it a few months during the deep depression months of 1933 and 1934, but most of the time since 1882 when the Loup Valley bank opened as North Loup's first banking institution the village has been well served in this line. At present its financial needs are ably served by the North Loup Cooperative Credit association.

This association was organized and opened for business Sept. 4, 1934 and the first president was Elmo Hurley. Vice-president was A. C. Hutchins and the secretary-treasurer was Charles Sayre. Other members of the first board of directors were Dr. W. J. Hemphill and R. H. Knapp.

North Loup had been getting along without a bank since the North Loup State bank closed its doors a few months previously, and people here had perforce been doing their banking in Ord, Scotia and other distant points. They were tired of it and the new co-op was welcomed.

Fifteen people signed the original petition for the association and bought shares for its organization. Capital stock was \$2,520.25 with \$490 in shares. At present there are 136 members, each a share holder, and deposits Jan. 1, 1942 were \$13,715.26 with \$2,560 in shares. Loans January 1 totalled \$8,244.73. Biggest year the association has had was 1937 when deposits totalled \$28,000. The association has a state charter and is under the supervision of the state banking department.

Before the association makes a loan it must be approved by a committee appointed by the depositors. Present committee is made up of Ed Lee, R. W. Hudson and Frank Johnson. Mr. Lee was a member of the original loan committee.

President now is R. H. Knapp, vice-president is A. L. Willoughby and the secretary-treasurer, who manages the co-op's affairs, is Albert Babcock. He has an assistant, Selma Robbins, who became bookkeeper a few weeks ago in place of S. C. Hawkes. Mr. Babcock has been secretary-treasurer since March 1933, when he succeeded Charles Sayre when the latter went to California.

Dr. Hemphill and Frank Schudel are on the board of directors now. The supervisory committee is composed of Rev. J. A. Adams, W. H. Vodehnal and W. T. Hutchins.

This village's banking history dates back to 1882 when Lee Love and George W. Post established the Loup Valley bank. In 1883 the firm became Sears Brothers and this bank later closed. In 1900 the Farmers State bank was opened with Guy Dann, A. U. Dann, Samuel McClellan and O. S. Potter, W. E. Gowen and George Johnson as organizers. In 1908 another change was made and the capital stock increased to \$10,000 with George Johnson becoming president and L. E. Pugh cashier.

The North Loup State bank was organized in 1911 by C. O. and M. D. Earnest, and others. In 1928 this bank was merged with the Farmers State bank under the name of the former. During the intervening years Ches Chinn had become president of the Farmers State bank but M. D. Earnest was president and Paul R. Robinson cashier of the bank after the merger, and the North Loup State served until the depression forced the closing of its doors.

From then until the credit association was formed in 1934 the village got along without banking facilities, so business men here know how to appreciate the North Loup Co-op Credit association and it is given fine support by everybody.

—By canvassing the town, hauling old paper all day, and finding a market for it, Presbyterian League workers Saturday made \$56 from the sale of papers and magazines to a Scotia man.

## Ord Library Notes.

From the Land of Silent People by Robert St. John is the greatest personal story of the year. It is an American correspondent's hairbreadth escape from blitzkrieg. But do not read it unless you can face the truth about modern war.

Harpers Magazine asks alternate panels of twenty critics from all over the country to vote every three months on the best novel and best non-fiction book published during those three months. All forty critics were asked to pick the winners of winners for 1941, one in fiction, one in non-fiction. The winner in fiction is "H. M. Pulham, Esq." by J. P. Marquand, in non-fiction "Secret History of American Revolution" by Carl Van Doren. Both of these books have been in our library for several weeks.

At the end of each month a complete list of new books for that month will be posted on the bulletin board in the hall of the library.

The Victory Book Campaign has been very satisfactory. All books that have been turned in have been very well chosen. The books from this section are sent to Kearney and distributed there. Over a hundred books will be sent out this week. The campaign is still open so if you have any books you would like to send to the camps you may leave them at the library.

Remember the Book Review Friday night. Mrs. Kovanda will review "The Doctors Mayo" by Helen Clappesattle. This is a biography of the father and sons who established the Mayo Clinic at Rochester.

# Arcadia News

Written by Mrs. Donald Murray.

Mrs. Roy Jamison, Betty and Maxine came from North Platte Friday evening. The two latter and Martha Jamison, who has been working in Ord, returned to North Platte Sunday and Mrs. Jamison remained for a week's visit and to attend to some business.

Mr. and Mrs. Gerald Russell and children of Mason City spent Sunday at the Dick Whitman home. The ladies are sisters.

Mr. and Mrs. Ray Waterbury and Junior spent Sunday at Berwyn visiting relatives.

D. O. Hawley has been quite ill with a heart attack.

Mr. and Mrs. Glen Beaver, Mrs. Chas. Downing and Miss Ellen Lambert were Loup City visitors Sunday.

The Pinochle club will meet with Mrs. Harry Kinsey Friday. Arthur Aufrecht and Curtis Hughes and Junior were Ord visitors Saturday.

Mr. and Mrs. Claude Dalby planned a surprise birthday party for the former's mother, Mrs. Elizabeth Dalby, Sunday. Mrs. Dalby was 81 years old and invited guests were Mrs. Van Wierin, Mrs. Christine O'Connor, Mrs. Edith Bossen and Rev. and Mrs. Taylor.

Mr. and Mrs. Paul Holmes and family were Sunday guests at the Geo. Burke home.

The Congregational Aid met this week with Mrs. H. C. James and Mrs. Anton Nelson as hostesses.

Mr. and Mrs. George Olson and Alberta, Ruby Ritz and John Olson of Omaha were Sunday guests at the Enos Camp home.

Mrs. C. E. Granger and son Malon of Comstock were Friday visitors at the George Travis home.

Mr. and Mrs. John Mulligan of Ord visited at the Otto Lueck home Thursday evening.

Arthur Easterbrook and Floyd Bossen were in Ord on business Monday.

Those registered between the ages of 20-44 numbered 75 in Arcadia.

Alvin Holmes of Pendleton Field, Pendleton, Ore., is home on a two weeks furlough. He is recuperating from an appendix operation.

Miss Ruby Ritz is teaching in the rural school taught by Miss Mathauser, who resigned to take a civil service position.

Miss Henrietta McDonald and Roy P. Braden were united in marriage at the Methodist parsonage in Broken Bow Monday, Febr. 16, at two o'clock. The ceremony was performed by Rev. Kelly. The couple was attended by Mr. and Mrs. Raymond McDonald, brother and sister-in-law of the bride. Mrs. Braden is the daughter of Mrs. Mary McDonald and attended the Arcadia high school and is now employed at the Rettenmayer store.

Roy is the son of Mr. and Mrs. Charles Braden and is a graduate of the Arcadia high school. He had served 4 years in the U. S. navy, but was called for service last week. Mrs. Braden is Arcadia's first war bride.

The Juniors sponsored a program for the entertainment of the high school and community. They were entertained by George DeMott, one of America's foremost jugglers.

Olga Bellinger spent a few days at Papillon and visited at the Lyle Bellinger home in Omaha.

Forrest Smith spent the week end with his family, returning to North Platte Sunday afternoon.

Mr. and Mrs. Harry Bellinger had as Sunday dinner guests Mrs. Ray Jamison, Martha, Betty and Maxine, Lola Sawyer, Fred Whitman, Mr. and Mrs. Deana Whitman and Beverly, Mrs. Alpa Hyatt and Mrs. Lily Bly.

Lola Sawyer went to North Platte Sunday to visit at the Ray Jamison home.

Al Fagen returned from the University hospital at Omaha Friday.

Mr. and Mrs. Clayton Shepperd attended the wedding dance last Monday evening of Mr. and Mrs. Edward Kriss.

Mr. and Mrs. Don Moody were Broken Bow visitors Saturday.

Mr. and Mrs. Ruth Evans entertained Friday evening Mr. and Mrs. Elmer Armstrong and Mr. and Mrs. Virgil Wallace.

Mr. and Mrs. Jake Greenland prepared dinner and surprised the mother of the former, Mrs. Geo. Greenland, on her birthday, Friday.

Mrs. John Dietz and Leona were Loup City visitors Friday.

Last Tuesday evening the Riverview school held a hard time party and pie social for the benefit of the Red Cross. Due to bad weather, as big a crowd as was anticipated did not turn out. However, the pies netted \$4.48. Miss Helen Cruikshank is teacher.

Miss Mildred Chittcock spent Wednesday night at the Ernest Smith, Jr., home.

Mr. and Mrs. G. F. Dean entertained Friday evening Mrs. Vernon Dalby, Miss Marie Furst, Mr. and Mrs. Ellsworth Bruner, Mr. and Mrs. Melvin Swanson, Don and Irving Youngquist.

Mr. and Mrs. Louis Drake, Mr. and Mrs. Elbert Thomas, Mr. and Mrs. Ray McDonald were Sunday guests at the Lester Bly home.

Mr. and Mrs. Archie Rowbal visited relatives in Arcadia on Sunday.

John Olson came by bus from Omaha Friday to spend the week end with his parents, Mr. and Mrs. Geo. Olson.

Wes Sloggett of Broken Bow was a visitor in Arcadia Friday.

LaVern Duemey of Ord was in Arcadia taking pictures for the Quiz Friday.

Mr. and Mrs. Claris Bellinger accompanied by Supt. and Mrs. Tuning drove to Omaha Saturday afternoon to attend a hockey game. They returned Sunday evening.

Mr. and Mrs. Don Round returned from Los Angeles Friday where they have been visiting several weeks.

Mr. and Mrs. Roy Clark and Mrs. Norman Barnemel drove to Grand Island Saturday where the latter took the bus for her home at Elmwood.

Orville Rogers spent the week end at Syracuse.

Mr. and Mrs. Chas. Nehls and Mr. and Mrs. Clayton Shepperd were Broken Bow visitors Monday.

Relatives and Rebekahs dropped in at the home of Mrs. John Wall Monday to help her celebrate her 85th birthday. Everyone helped prepare lunch and took birthday cards. Mrs. Walter Sorensen baked the birthday cake.

Henry Cremeen spent a week at Canistota, S. D., where he received treatments. He went by bus and stopped off to visit Festus Williams at the University hospital in Omaha.

Don Moody drove to Grand Island Wednesday to attend a Standard Oil agents' meeting.

## 2,095 Days of School Without a Miss Is Fine Record Made by Doris Nelson

Miss Doris Nelson, pictured above, is a senior in Arcadia high school. When she graduates this spring, if nothing happens to mar her record, she will have completed the entire twelve grades without ever having been absent or tardy. Already Miss Nelson has attended 2,095 consecutive days without a blot on her attendance record. She is the daughter of Mr. and Mrs. Ed Nelson and attended Dunham country school before enrolling in Arcadia high school. Hobby of this popular girl is collecting pictures from The Quiz. She has a scrap book full of pictures she has clipped from this.

Elmer Armstrong was an Ord business visitor Thursday.

Mrs. Harry Kinsey will entertain the Bridge club at the hotel next Thursday.

Sunday guests at the George Ritz home were Mr. and Mrs. Fritz Obermiller and Mr. and Mrs. DeClan Flynn.

At a meeting Wednesday of the Home Nursing Unit No. 1, Mrs. Ben Mason, chairman, Mrs. Grace Webb, vice chairman, Mrs. Don Moody, secretary, treasurer and Mrs. Grace Webb and Mrs. Bertha Milburn, a committee in charge of equipment. This group has 18 members.

Unit No. 2 elected Mrs. Dorothea Mae, chairman, Mrs. Jean Williams, vice chairman, Mrs. Alberta Bellinger secretary-treasurer. Mrs. Don Murray was appointed publicity chairman for both groups. This unit has 16 members. As all books had not been received, the leader, Mrs. Harold Weddel lectured and asked questions of the members.

Osteopaths Included, Eligible for Tires

The attorney-general's office Saturday told State Rationing Officer Grant McFayden that he had misinterpreted the office's opinion on whether osteopaths are entitled to new tires under the rationing plan, and McFayden at once rescinded an order withholding tires from them.

The office held that osteopaths under OPA rules come under the category of surgeons and thus should be permitted tires. Chiropractors, included in McFayden's original order, are still excluded from obtaining tires. About 212 osteopaths and 295 chiropractors are affected by the order.

Trucks and trailers usable in transporting petroleum products were also released for sale by McFayden Saturday. He also ruled that trucks, owned by Nebraska dealers and not bearing war production board pool stickers, may be used by the dealers.

Febr. 18 the ban went into effect on the sale of retreaded or recapped tires, and the office of price administration understands that some retreaders and recappers continued to sell tires after the ban went into effect. If so, these people are subject to penalty.

Now at Great Lakes. Two Ord boys who recently joined the Navy, John Lunney and Meredith Radloff, have arrived at the recruiting station at Great Lakes, Mich., for recruiting training says a Navy announcement.

### Brief Bits of News

### Mrs. R. W. Jones Dies at Burwell Febr. 18th (Special to The Quiz)

Nellie May, daughter of Frank and Elizabeth Hallock was born March 7, 1891, at the Hallock farm 12 miles east of Burwell and passed away at her parents' home in Burwell, Febr. 18, 1942, at the age of 50 years, 11 months, 11 days, after an illness of 6 months. She was the oldest of the family of four children. She grew to womanhood at their farm home, attended school near by and united with the Methodist church when she was a child. She always remained a faithful member until death. She was president of the Ladies Aid for 7 years. She was united in marriage on Dec. 5, 1917 to Richard Walter Jones in Ord at the home of her grandparents, Mr. and Mrs. B. F. Hallock. They immediately left for Canon City, Colo., where they made their home until July 29, 1918, when he answered his country's call for service with the colors. He preceded her in death Oct. 27, 1918 at Camp Sheridan, Ala. Since that time she has made her home with her parents. She leaves to mourn her death her parents, Mr. and Mrs. F. G. Hallock; one sister, Mrs. Mabel Weldenhaft, of Manitou Springs, Colo.; two brothers, Elmer of Burwell, Everett of Manitou Springs, Colo. Two nieces, Bon-nadel and Gladys Irene Hallock, two nephews, Gaillard Weinden-halt and Edwain Hallock, many other relatives and a host of friends, for she was a friend to everyone that knew her. Funeral services were conducted at the Methodist church on Saturday morning with interment in the Ord cemetery. The pallbearers were Marion Bonsall, Henry Bonsall, James Rowe, Bud Schuyler, Lyle Myers, Clifford Anderson. Rev. J. Bruce Wylie formerly pastor of the Methodist church, came from Hooper, to deliver the sermon. Rev. P. J. Kirk assisted with the service. Mr. and Mrs. Melvin Struve sang, accompanied on the piano by Miss Dorothy Jane Duncan.

### Storm Hits Nebraska, Not Severe in County

Because of the severe storm which struck the eastern half of Nebraska over the week end, the weather censor authorized the publication of weather conditions at that time, as well as special broadcasts both before and during the storm.

In Valley county the snow was drifted considerably by the wind Monday afternoon and evening and many of the county roads were closed for the time being. These are being opened up rapidly, however, and the snow will not interfere with traffic long.

The Carter Oil company crew, working below Rockville in Sherman county, started for Ord shortly after dinner Monday and had to shovel their way through drifts in places. They did not attempt to work Tuesday, but started out again Wednesday morning.

In Ord the amount of snow which fell Sunday afternoon, night and Monday was 3 inches, with a moisture content of .37 of an inch. The temperature remained near the freezing point during the storm, getting colder after it was over, and dropping to 2 degrees above zero early Wednesday morning.

From North Loup comes the report of 6 inches of snow there, and a minimum temperature of three below Wednesday morning. This would indicate that the state papers report, that the storm was much more severe to the south and east.

Wednesday morning, for the second time in two weeks, the trees in this territory were covered with a beautiful coat of frost, a condition unusual in Nebraska during the past few years and considered indicative of a wet year.

### Reported by Dr. Norris.

Dorothy Rich, daughter of Mr. and Mrs. Henry Rich, fell down one day last week, tore the ligaments in her ankle and suffered a very severe sprain. She is a patient of Dr. Norris.

Lyle Manchester of North Loup has been ill with pneumonia for more than a week. Dr. Norris was called Sunday.

Jim Holsington is suffering from the flu.

Thursday Donnie Beran, son of Frank Beran of northeast of Ord, fell, spraining his left wrist. He is a patient of Dr. Norris.

Dr. Norris was called to North Loup last week to attend Clarence Bresley, who had the flu.

Thursday Rev. and Mrs. R. W. Garrison of Taylor were in Ord consulting Dr. Norris. She is suffering from sinus and ear infection as a result of the flu.

J. A. Bodyfield of near Ericson was a patient of Dr. Norris Thursday, suffering from eye trouble.

### Few Tires Issued.

Only tires chargeable against the Valley county quota for which certificates were issued last Friday by the rationing board were two tires and two tubes, to Worm Bros., for use on an oil transport. Obsolete sizes went to Joseph John, Wilbur Holmes, Gerald Manchester, Walter H. Jones, Robert Hlavinka, A. A. Zulkoski and James Lipinski.

Ord Clinic Hospital. Gregory Stillman, of Scotia, has been released after treatment. Mrs. Bill Toban, of Ericson, is a medical patient of Dr. Weekes. Herbert Bredthauer had a toe lanced because of infection. Rev. Szumski, of Elyria, is a medical patient of Dr. Weekes. Mrs. Jay Pray is recovering from a major operation performed last week. Mrs. Roy Shoemaker of Scotia, underwent major surgery last week. Medical patients of Dr. Weekes, include Robert Dye, Ericson, Mrs. Harry Beck and Mrs. Earl Sautter, Scotia, and Virginia Moon. Miss Theeman, of Anselmo, underwent major surgery Tuesday. Mrs. Edgar Stillman, of Scotia, had a major operation Monday.

### Storm Hits Nebraska, Not Severe in County

Because of the severe storm which struck the eastern half of Nebraska over the week end, the weather censor authorized the publication of weather conditions at that time, as well as special broadcasts both before and during the storm.

In Valley county the snow was drifted considerably by the wind Monday afternoon and evening and many of the county roads were closed for the time being. These are being opened up rapidly, however, and the snow will not interfere with traffic long.

The Carter Oil company crew, working below Rockville in Sherman county, started for Ord shortly after dinner Monday and had to shovel their way through drifts in places. They did not attempt to work Tuesday, but started out again Wednesday morning.

In Ord the amount of snow which fell Sunday afternoon, night and Monday was 3 inches, with a moisture content of .37 of an inch. The temperature remained near the freezing point during the storm, getting colder after it was over, and dropping to 2 degrees above zero early Wednesday morning.

From North Loup comes the report of 6 inches of snow there, and a minimum temperature of three below Wednesday morning. This would indicate that the state papers report, that the storm was much more severe to the south and east.

Wednesday morning, for the second time in two weeks, the trees in this territory were covered with a beautiful coat of frost, a condition unusual in Nebraska during the past few years and considered indicative of a wet year.

**Chrysler and Plymouth Owners!**

# Our Garage Is Open to Give You Service

George Anderson has left to take a Defense job and his repair shop has been closed, but our garage in the building formerly occupied by the Ord Steam Laundry will remain open and we will have competent mechanics always on hand to give you service.

We maintain a large stock of genuine Chrysler and Plymouth parts and we plan to have on hand everything that might be needed to keep in operation every car we have sold in these lines.

There will be no stoppage in the manufacture of Chrysler and Plymouth parts, we have been promised, and while we can't sell you new cars during the war we can and will do everything possible to keep your present car in good mechanical condition.

## Expert Car Greasing

It is more important than ever before to see that your car is kept properly greased and that your oil is changed at regular intervals. We use the Alcmite greasing system and have all factory charts to work by, so when you have us grease your car you know it is done right.

## Card of Thanks

We wish to express our sincere thanks to our friends and neighbors for their kindness during the loss of our dear one, especially to Rev. Wylie for his comforting words, also to Mr. and Mrs. M. H. Struve who sang, and for the many beautiful flowers.

Mr. and Mrs. Frank Mallock and family

# Famous "Invincibles" of Ord Hi's 1900 Class Now Scattered: News of Them

Editorial note: Through the courtesy of Ava Clement Johnson of North Loup, member of the class who originated the idea, the following story of the class of 1901, known as the "Century Class" of Ord high school is made available for Quiz readers. It was sent by the North Loup correspondent, Mrs. Ethel Hamer.

The members of this class were: Ed Anderson, Roy Anderson, Alice Armstrong, Louise Beran (Allen), Claire Boydston (Hrdy), Ava Clement (Johnson), Eric Crow, Julia Foght, Mamie Harris, Irving Homnold, Lillian Johnson (Williamson), Ed Kates, Arthur Mensing, Earl Mickelwait, George Nethery, Charles Patton, Will Patty, Anna Purdum (Parkins), Harold Robbins, Horace Robbins, John Rockhold, Ralph Stacy, William Watt, Nora Winters (Bundy).

The year 1941 marked the 40th anniversary of the graduation of the famous century class, the Invincibles, from the Ord high school and by way of celebration its members have enjoyed a reunion "on paper". While it lacked the thrills of a flesh and blood reunion, still it removed some of the obstacles to such a reunion, namely, time, distance, and money.

Believing that there are those among the Quiz readers who might be interested in gleanings from these letters, the following resume has been prepared. There were originally twenty-four members and some teachers included in this "paper" reunion.

C. L. Anderson who was superintendent during the high school days of this class passed away at his home in Crete thirteen years ago. Mrs. Anderson still makes her home in Crete although at present she is visiting her son Neil in Palos Park, Ill.

The older Anderson boys, Frank and Neil, will be remembered by all who knew the family during the years in Ord. Frank served during the first world war and returned an invalid. After eight years of suffering death came to his release in 1926.

Neil a graduate of Doane college was teacher and coach at Wahoo two years but later took a course in animal husbandry following it with specialized work in the meat packing industry. He is now employed by Willson and company as head of the young stock department with his main office in Chicago. Three daughters and a son were born to the Andersons after leaving Ord. All graduates of Doane but the son, all teachers and a source of great comfort to their mother.

Alta Jones Oleson, beloved of all her pupils, now lives at Selma, California, where she makes a home for her son, and busies herself with adult Sunday school class and various church activities. After the death of her husband she graduated from California state college at Fresno and taught two years. Later she attended the University of California with her son who delighted to top her grades. Her son is a literary turn of mind, a member of community players, a lecturer and writer.

Corra Thompson, a splendid conscientious teacher, passed away during her term of service in the office of the state superintendent of education. H. M. Davis who was also included in the list is in Ord on occasion and needs no word of comment. Of the class proper, Ralph Stacy, Ed Kates, Roy Anderson, Alice Armstrong, Harold Robbins, Charles Patton and Eric Crow have answered the last roll call.

Clare Boydston Hardy was listed as deceased in the Ord high school alumni directory but we found her very much alive. Her home is in Sidney, Neb., where her husband, a former electrical engineer, operates a hotel, apartment, and furniture business. They are the parents of three girls, and one boy and the family makes a substantial contribution to the social life of Sidney.

Louisa Beran Allen's home is in Stanton, Neb., where her husband, Dr. S. C. Allen, is engaged in active practice. They have two children a daughter who is married and lives in Jamesport, N. Y., and a son who is still at home a student in Wayne college. Louisa is very active in club work. Until recently she was state chairman of American citizenship as well as being a delegate to the National Woman's Council for Defense in Washington, D. C.

The name Robbins holds vivid memories for all Ord's older citizens but especially for the Invincibles. Their home was the scene of more class parties than all the other homes combined and what a hearty welcome we always received. The twins were members of the Century class but today only Horace is left. Harold passed away eight years ago. Horace is an insurance adjuster and attorney located in Lincoln. In the pursuit of his duties he travels over a great part of the United States, twenty-five to thirty states each year. He is the father of three daughters, the oldest married and living in Lincoln. Harold, oldest son is a professor in the University of New Mexico and the second a chemist employed by Du Pont. Harold's youngest child, a daughter is still in the University at Lincoln.

## Remember This Person?

The cute little fellow in this column last week was none other than R. Clare Clement, known by everybody as the Hereford expert and head of the Valley county Triple-A. For some reason not a single person hazarded a guess as to who it was. The lad shown above is very well known in his own locality, where he holds an elective position of responsibility. Now let us have your guesses.

Julia Foght Osborne lives in Evanston, Wyoming. She graduated from the Kirksville State Teachers college in Missouri and taught for a number of years. While teaching in Evanston, she met and married a druggist, Thomas Osborne, who passed away last August. He left extensive business interests which are being cared for by the husband of Julia's sister Nora. Julia is another active club woman.

Remember the Watt store where the First National Bank building now stands, and Mr. Watt with his overhanging eyebrows and shaggy mustache? Will was often on duty there too. After graduation, Will began work for the New York Life Insurance company in Omaha and has continued with that company till he was retired in 1941. He has been manager of that company in Nebraska, Minnesota, British Columbia, Yukon Territory and finally Washington. He is now living in Woodmount Beach, halfway between Seattle and Tacoma. He and his good wife have a married daughter, the mother of two fine sons, and a son attending the University of Washington. Will's life is a full and interesting one.

Ed Anderson was also associated with a store, the Fackler Grocery. He only attended Ord high school a little more than a year. After graduation he returned to Iowa where he worked as a teacher a few years, thirty years as accountant and later as a salesman. He has a family of one son and three daughters with three grandchildren for good measure.

Mary Harris, Mamie, to her friends, was finally located at Oswego, Ore. Mamie still prefixes Miss to her name and has been going to school or teaching all these intervening years. Except one year when an auto accident laid her low. She has taught in the Portland schools for thirty years, twenty in one school. She and her sisters live in Oswego and spend their vacations at the beach.

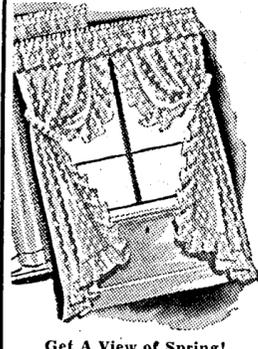

If any of George Nethery's teachers ever imagined he would turn into a preacher, it must have been sometime when he was looking sanctimonious after some of his mischievous pranks. Never the less for the past fifteen years he has written his name Rev. I. G. Nethery, pastor of the Sutton Avenue Presbyterian church, St. Louis, Mo. He had pastored previously in Iowa and Wisconsin, and was for six years engaged in missionary work among the Mormons in Utah. He is the father of two daughters, one married and the mother of a mischievous son, the other a senior in Maryville College, Tenn.

Nora Winters Bundy makes her home in Long Beach, Calif. where she works as a practical nurse. Her husband, Harvey Bundy, who was at one time an Invincible, passed away several years ago. She has three daughters, two of whom are married. Nora is deep in Red Cross Aid courses and is threatening to go out for active duty with the armed forces.

"R. E. Mickelwait, councilman, City of Long View, Washington," reads Earl Mickelwait's letterhead. He has been located in Long View nearly twenty years and has grown up literally and figuratively with the city. He has served on the city council ten years, at present being its president. He works as bookkeeper and accountant. He is not in the best of health. His wife will be remembered as Lydia Schwaner. They have two daughters, both married.

Lillian Johnson Williamson is at Axtell, Kansas where her husband is pastor of a church. They have four sons and one daughter. The two oldest sons and the daughter are located in Oregon. Donald is in the signal corps of the US army, located first at Monmouth, New Jersey and later at Camp Robinson. Robert expects to be in the armed service soon.

Irving Homnold's life has been anything but trite. He left Ord in 1908, going to Colorado, later to Wyoming where was admitted to the bar in 1917. He lived for a time in Louisville, Kentucky, and then became a rover in Louisiana, Kansas, Texas, Montana, New Mexico, finally locating in Escondido, Calif. Here he was associated in business with his brother Arthur. Since Arthur left Escondido seven years ago, Irving has continued his business until recently when he gave it up to become chief clerk of the local selective service board. One of Irving's trips took him to Switzerland but he royally asserted that our own American Rockies are much more beautiful than the Swiss Alps.

One member of the class, Will Patty, we have not been able to locate. The other members of the class are more or less local people. John Rockhold, a substantial citizen and druggist of Comstock. Anna Purdum Parkins wife of Dr. G. A. Parkins, and head of our present Red Cross drive. "Mephisto", the one misgilded lamb, Arthur Mensing, farmer and stockman, and Ava Clement Johnson of North Loup, who always was a talented musician and is still very much in demand.

## Sunday Stormy but 74 Jackrabbits Killed

Sunday was too cold and stormy for many hunters to turn out for the coyote-rabbit hunt held at the A. F. Parkos farm but 45 were there and the hunt proceeded, taking a section at a time. There were not enough hunters to enclose the section and coyotes slipped through but 74 jackrabbits were killed, which were sold at 17 1/2c each and the proceeds, about \$13.00, donated to the Red Cross. The hunt was sponsored by the Knights of Columbus.

—Miss Patricia Frazier was a member of the symphony orchestra which broadcast a program for children from Hastings at 3:15 Wednesday afternoon.

## Hill to Kansas City for Postoffice Meeting

A. L. Hill, the Ord postmaster, was honored last week by being one of three postmasters from Nebraska asked to make a trip to Kansas City to attend a meeting of postmasters from six mid-western states at which Postmaster-General Frank Walker and Mr. Donaldson, 1st assistant postmaster-general, were present. Mr. Hill returned last Wednesday evening.

Postoffice personnel problems were discussed, notably the question of changing the present 40-hour working week to either 44, 45 or 48 hours for the duration of the war.

By inviting leaders among the postmasters to a series of these regional meetings, Postmaster-General Walker is trying to get a cross-section of opinion as to what changes should be made, now that postoffices are handling many extra duties caused by the war, such as sale of defense bonds and stamps, sale of automobile excise tax stamps, registration of aliens and many others.

Postmaster Hill plans to spend part of his time for the next few weeks traveling through central Nebraska to acquaint postmasters with matters discussed at the Kansas City meeting.

—Two nephews, John and Frank Lukes of Kimball, were dinner guests of Misses Barbara and Elizabeth Lukes Saturday. Mrs. Joe Cernik also was a visitor that day.

Proceedings of the City Council

February 3, 1942
The Mayor and Council of the City of Ord, Valley County, Nebraska, met in a regular adjourned session in the City Hall at 7:30 p. m. Mayor Cummins presided. City Clerk Rex Jewett recorded the proceedings of this meeting.

The Mayor directed the Clerk to call the roll. The Clerk called the roll and the following Councilmen were present: McGinnis, Krikac, Rohla, Johnson, Biemond and Pierce.

The minutes of the proceedings of January 6, 1942, were read and by motion ordered placed on file. Motion carried.

The report of James B. Ollis, City Treasurer, was read and by motion ordered placed on file. Motion carried.

The following resolution was presented to, and read by the Clerk: Be it resolved by the Mayor and City Council of the City of Ord, Nebraska, that whereas the two liquor stores are desirous of operating on Central Standard Time, instead of the new Daylight Savings Time, in so far as the hours they are permitted to be open, under the Ordinance of said City, is concerned, and therefore it is resolved that said Liquor Stores be permitted to open and close their places of business at the hours provided by said ordinance of Ord according to regular Central Standard Time instead of Daylight Savings Time, until the further order of the Mayor and City Council.

Moved and seconded that the above resolution be passed as read. Motion carried.

The matter of the City purchasing United States Defense Bonds was then brought up. After some discussion, it was moved and seconded that the City purchase Defense Bonds in the amount of \$22,500.00. Said Bonds having a total maturity value of \$30,000.00. It was further moved and seconded that these bonds be purchased from moneys now on hand in the Electric Fund and be regarded as an investment for that fund. Roll call resulted in yeas: McGinnis, Krikac, Biemond, Pierce, Nays: Rohla and Johnson. Motion carried.

The matter of the Ord Water Department buying further equipment to properly treat water was then discussed. After some discussion it was moved and seconded that the City purchase a chlorinator adequate to properly treat the city water. Motion carried.

Petty Cash Fund, Cash expense 27.13
Petty Cash Fund, Meter deposits refund 20.00

It was moved and seconded that the claims be allowed and that warrants be drawn on their respective funds. Motion carried.

There being no further business to come before the council at this time, it was moved and seconded that the meeting adjourn. Motion carried.

Attest: M. B. Cummins, Mayor. Rex Jewett, City Clerk.

Four of the Local Boys Who Proudly Serve the United States In Its Armed Forces

Harley E. Crouch, Private Harley E. Crouch, son of A. L. Crouch of Ord, is a member of Co. E, 134th Infantry, 35th division, and is stationed at the Presidio, in San Francisco, Calif. He was transferred there recently from San Luis Obispo. After attending a school for cooks and bakers he is now one of the army's cooks.

Gerald Murray, Gerald is the son of Mr. and Mrs. Fred Murray and joined the army Oct. 20, 1941. He was first stationed at Fort Sill, Okla. but recently was transferred to Camp Barkley, Tex., where he is in E Battery, 160th Field Artillery.

Ralph Dalby, Ralph Dalby, private first class is a cook in the 91st Observation Squadron, A. F. C., stationed at Pine Camp, N. Y., at last writing. He enlisted in the army March 6, 1941 and since has been both at Jefferson Barracks, Mo., and at Fort Lewis, Wash. He formerly lived at Arcadia.

Earl C. Kelly, Earl C. Kelly, a son of Mr. and Mrs. Clyde Kelly, of Scotia, is in the Armored Division, stationed at Lowry Field, at Denver. He has been in the service just a year now.

Mrs. Van Horn, 69, Is Laid to Rest

North Loup—(Special)—Funeral services for Mrs. Will Van Horn, 69, were held Friday afternoon from the Seventh Day Baptist church, with Rev. A. C. Ehret in charge. A mixed quartet, composed of Mrs. E. T. Babcock, Mrs. Harlan Brennick, Albert Babcock and Roger Johnson, sang "After" and "Over Yonder," and Roger Johnson sang as a solo, "Goin' Home." Mrs. Glen Johnson and Mrs. A. H. Babcock were at the piano and organ. The many beautiful flowers were in charge of Mr. and Mrs. Roy Lewis. Burial was in Hillside cemetery by the side of her husband.

Little Alice Van Horn was the youngest child and the only daughter of John G. and Mary J. Adams. They lived at Pittsboro, Ind., and there Alice was born May 19, 1872. When she was five years old her parents moved to Verdun, southeastern Nebraska. Except for a few years on a homestead near Dodge City, Kas., they lived in Verdun till Alice was grown. Then they moved to Humbolt, where she met and was married to William S. Van Horn, Febr. 11, 1892.

Six children were born to them: Lloyd Orell, Hazel Viola Ingham, Elwood Burdette, Leland Ray, who died in 1927, Elma May Walkup and William Sheldon.

In a few years they moved to Farnam, by covered wagon, and in 1910 to Valley county, settling on a farm in the Union Ridge district. In 1927 they moved to town and soon after bought the little farm east of the railroad.

In just a few years her health began to fail and for ten years she was not able to do any work and for the past five years had required constant care. Her husband, though in frail health himself, was unremitting in his attentions till his death a year and six months ago, but all the time her youngest son Sheldon had been her constant nurse and companion. February 1 he took her to Lincoln where she could have better care but death came suddenly Febr. 17 and was to her a welcome release.

When quite young she joined the Christian church, the church of her parents, but when she married she joined her husband's church, the Seventh Day Baptist, and with him helped to organize the church at Farnam.

As a young woman she was hard working and ambitious, perhaps too much so, for her strength. She never aspired to public work though a loyal church member, a good friend and neighbor, but her chief concern was as a mother and homemaker. She was grateful for all kindnesses and happy to see friends even though she could not talk to them.

Besides her children she leaves twenty-two grandchildren and five great grandchildren, besides nieces and nephews. Bearers for Mrs. Van Horn were friends

of Sheldon and were Melvin, Vernon and Harold Williams, Cecil Severance, Gilbert Babcock and Edgar Stillman.

ELYRIA NEWS

Chester Dubas, who had been in Chicago, where he was employed, is here visiting his parents for several days, after receiving word he will be called to Washington to fill a civil service position in the near future.

Wm. J. Helleberg returned home last week after spending a few weeks at Crete and Malcolm in the employ of the C. B. & Q.

Miss Burns spent last week end in the Leon Dubas farm home. This week end she went to Greeley to visit home folks.

The Richard Albers family moved to the J. F. Papiernik farm home last week. Mr. Albers will assist Mr. Papiernik farm since Chester Papiernik entered the services of the navy.

Archie Cienny of Comstock spent last Saturday afternoon here with his brother, Leon, the following Wednesday Archie and his wife left for Omaha where he will enter a school to prepare himself for defense work.

Miss Virginia Carkoski of Ord spent the week end here with friends.

A large number of neighbors and friends of the Ignac Krason family honored them with a farewell surprise party at their home last Monday evening. The Krason family moved to a farm southeast of Ord the latter part of the week. The Raymond Osenowski family are moving to the farm vacated by the Krasons.

Frank T. Zukoski left last Monday via bus for Lincoln where he entered the Veterans hospital for treatment.

Mr. and Mrs. Leon Cienny accompanied by Stanley Jurzenski drove to Grand Island Tuesday, where the men attended the livestock sale. They spent the evening at Doniphan in the Ivan Yates home.

Miss Alice Swanek of Ord spent the week end here as a guest of Carol Jean Cienny.

Mr. and Mrs. W. E. Dodge accompanied by Mr. and Mrs. Leon Cienny drove to David City on Sunday morning where they spent the day with the Dean M. Hewitt family and Mrs. A. A. Hayek. Phyllis Dodge of Lincoln, was a week end house guest there so her parents enjoyed a pleasant visit with her. The Hewitts are leaving this week for several weeks in Mexico and Mrs. Hayek will leave next week for Phoenix, Ariz., and the west coast.

Mrs. Emil Kuklish had the misfortune of falling and breaking her left arm near the wrist last Wednesday morning. She was taken to Ord where the fracture was reduced by Dr. Nay.

LETTERS FROM QUIZ READERS

Burwell, Nebraska February 9, 1942
The Ord Quiz
Dear Mr. Editor:

With your permission, I will again set my dignity aside and offer a few words of explanation in regard to a few statements made a few weeks ago by our good friend, Pat Fuson. Pat stated that he was his grandmother's favorite grandson, which statement irked his cousin, Little Elsworth. As far as Elsworth being irked, he was correct but there was never a more fair-minded woman in the world than their old grandma but she was near sighted. As you may guess by looking at Pat today, he was a hideous looking sight, and as he spent his first 15 years creeping about on all fours, his grandmother would naturally be a little puzzled as to just where to spank, consequently our friend Pat missed out on many a spanking. He and Little Elsworth naturally thought that Grandmother was partial which accounts for the trouble between the boys.

Speaking of Pat's creeping about on all fours, this habit of Pat's caused the community a great deal of worry and a good deal of speculation as to just what caused him to do this. Art Mensing said he had no sense of balance and was unable to walk. Our friend Jason, The Author, said he was sure he had no sense of any kind and didn't know him quite well kind. We who knew him quite well kind figured it out. You see Uncle Si was a great lover of animals so he made a small door inside the door to the house which was fastened with two leather hinges at the top which swung back and forth. This door let old Gip and her seven puppies and Tabble and her five kittens come in out of the cold and also go out without bothering Uncle Si. Little Pat crawled in and out of this door with less trouble than to try to unlatch the main door. Then, too, he was not nearly so liable to be climbed by one of Tabbles' kittens when the puppies got too rough with their play.

When Pat was gonna' come fifteen next spring, his grandma was about to give up in despair. She said, "It war' no use to send that 'ere kid to school, crawling on all fours. Folks would just think it war' a 'tarnal monkey grown up to clum' them Roosevelt Shelterbelts." But Uncle Si felt differently, he batted his eyes and spit out a gob of tobacco that made the very earth shake. He hit the table a terrible wallop and said, "That daddgummed kid is a gonna be weaned and start to school, monkey, hyena, mules' uncle or anything else you want to call him. We ain't gonna raise no 'tarnal ignorant imbecile like that Abernathy bunch war' when they come here." Now we all knew when Uncle Si acted like that, he sure meant it. So the women got busy and made those pretty, white pigskin pants with the natural buttons he told you about. Now, you may believe little Pat was proud of them!

Mr. Editor, I want to say right here, some of life's greatest problems are sometimes solved, happily and unexpectedly. So it was with the case of our friend, Pat. When little Pat crept out the door with those new pants on, Uncle Si's six little pigs who had recently lost their mamma, thought they recognized her and started chewing on those natural buttons. The only way Pat could escape with his pants was to stand up and run which he has been doing ever since.

Then there was an essay by Jason on "Dignity" in a later issue of the Quiz. In closing Jason made a remark about a Republican Administration and Hell in a Handbasket. You know, Mr. Editor, I can remember a Republican Administration when you could go to hell when your basket was empty. There were positively no handouts. Oh, wait! I beg your pardon, I guess if you had dignity and a silk hat, you could get some Tea Pot Dome Oil.

Well, if you are not the same, I hope you get that way.

Sincerely yours, E. W. Moss

LEGAL NOTICES
Munn & Norman, Lawyers. NOTICE OF HEARING FOR DETERMINATION OF HEIRSHIP. In the County Court of Valley County, Nebraska. IN THE MATTER OF THE ESTATE OF MIKE KACZKA, DECEASED.

To all persons interested in said Estate, both creditors and heirs, take notice that Carl Kaczka, son of the Deceased, has filed his Petition in said Court alleging that Mike Kaczka died intestate on or about January 1, 1940, being a resident and inhabitant of Valley County, Nebraska, and owner in fee of the Northeast Quarter of Section 7, Township 19 North, Range 15 West of the Sixth Principal Meridian, Valley County, Nebraska.

Said Petitioner further alleges that Mike Kaczka left as his heirs and only heirs at law Leona Knopik, a daughter, Anna Sobon,

a daughter, and Carl Kaczka, a son; that the Petitioner is a son and heir at law of the Deceased; that there is no estate or inheritance tax assessable or due upon said estate or inheritances.

Said Petitioner prays, among other things, that the allegations of said Petition be found true and further prays for a determination of the time of the death of said decedent, a determination of the degree of kinship and the right of descent of the real property belonging to the Deceased for a Decree barring all claims and demands against said Estate, that the decedent died intestate more than two years prior to the filing of said Petition; that no application has been made in the State of Nebraska for the appointment of an Administrator and that said Estate has not been administered and no Administrator has been appointed in the State of Nebraska; that there is no inheritance or estate tax assessable or due upon said Estate or inheritances; that the heirs at law of said Deceased as above set forth shall be decreed to have succeeded to the ownership in fee simple of the above described real estate and, for such other and further relief as may be just and equitable.

Said matter has been set for hearing before this Court in the County Court Room in Ord, Nebraska, on the 10 day of March, 1942, at Ten o'clock in the forenoon.

Witness my hand and official seal this 14th day of February, 1942. JOHN L. ANDERSEN, (SEAL) County Judge of Valley County, Nebraska. Febr. 19-3t.

In the County Court of Valley County, Nebraska. NOTICE OF PETITION FOR APPOINTMENT OF ADMINISTRATOR ESTATE OF JOHN OLSAG, DECEASED.

The State of Nebraska, to all persons interested in said estate: Take notice that a petition has been filed for the appointment of John P. Misko as administrator of said estate which has been set for hearing on February 28, 1942, at 10 o'clock A. M. at my office in the court house at Ord, Nebraska. Dated February 6, 1942. JOHN L. ANDERSEN, (SEAL) County Judge. Febr. 12-3t.

Munn & Norman, Attorneys. NOTICE OF SUIT. TO THE HEIRS, DEVISEES, LEGATEES, PERSONAL REPRESENTATIVES AND ALL OTHER PERSONS INTERESTED IN THE ESTATE OF HARRY L. JEFFERIES, DECEASED, real names unknown:

You and each of you will take notice that on the 23rd day of January, 1942, the Home Owners' Loan Corporation, a Corporation, filed its Petition against you and commenced an action in the District Court of Valley County, Nebraska, the object and prayer of which is to foreclose a certain mortgage in the amount of \$1,050.17 upon the following described real estate, to-wit:

Lots One, Two and Six, in Block Five of J. A. Green's Addition to North Loup, as located upon the Northeast Quarter of the Northeast Quarter of Section 35, Township 18 North, Range 13 West of the Sixth Principal Meridian, Valley County, Nebraska.

Said mortgage was signed by Harry L. Jefferies and Roxana Jefferies, husband and wife, is dated June 13, 1935, and recorded in Book 60 of the Mortgage

Records of Valley County, Nebraska, at Page 225. Said Plaintiff further prays that you be foreclosed of all right, title, interest and equity of redemption in and to said real estate; that said real estate be sold and that the proceeds of said sale be applied to the payment of Plaintiff's lien and for general equitable relief.

You are required to answer said Petition on or before the 16th day of March, 1942, or the allegations thereof will be taken as true.

Home Owners' Loan Corporation, a Corporation, Plaintiff, By Munn & Norman, its Attorneys. Febr. 5-4t. Davis & Vogeltanz, Attorneys. NOTICE OF HEARING. In the County Court of Valley County, Nebraska. The State of Nebraska, ss. In the matter of the estate of Alexander J. Campbell, deceased. Notice is given that the administratrix of said estate has filed a final account and petition for distribution. March 5th, 1942, at ten o'clock A. M., in the County Court Room, in Ord, Nebraska has been fixed as the time and place for hearing the same. All persons interested in said estate, are required to appear at said time and place and show cause, if such exists, why said account should not be allowed and petition granted. Dated February 10, 1942. (SEAL) John L. Andersen, County Judge. Febr. 12-3t.

Munn & Norman, Attorneys. Order For And Notice Of Hearing Of Final Account And Petition For Distribution. In the County Court of Valley County, Nebraska. The State of Nebraska, ) ss. Valley County, ) In the matter of the estate of William H. H. Ramsey, Deceased. On the 17th day of February, 1942, came the Administrator De Bonis Non of said estate and rendered final account as such and filed petition for distribution. It is ordered that the 10th day of March, 1942, at ten o'clock A. M., in the County Court Room, in Ord, Nebraska, be fixed as the time and place for examining and allowing such account and hearing said petition. All persons interested in said estate, are required to appear at the time and place so designated, and show cause, if such exists, why said account should not be allowed and petition granted. It is ordered that notice be given by publication of a copy of this Order three successive weeks prior to said date in The Ord Quiz, a legal weekly newspaper of general circulation in said county. Witness my hand and seal this 17th day of February, 1942. JOHN L. ANDERSEN, (SEAL) County Judge of Valley County, Nebraska. Febr. 19-3t.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Friends of Mr. and Mrs. Paul Crandall of 307 Champlain Ave., Battle Creek, Mich., will be interested in the marriage of their oldest daughter, Wilma, to Merrill R. Van Noly on Saturday afternoon, Febr. 14 in the Seventh Day Baptist church, with Rev. G. R. Hargis officiating. Two hundred-fifty guests were present. Merle Fuller, formerly of North Loup, gave a short organ recital of wedding music preceding the ceremony and following it. A reception for fifty guests was held in the church parlors following the ceremony. Both young people are employed by Battle Creek Foods company and Battle Creek will be their home. Mrs. Van Noly is a grand daughter of Mrs. Genia Crandall and has visited here. Her parents are well known here.

Will Earnest, who has been in the Veterans' Hospital in Lincoln for several weeks arrived home Friday evening on the bus. He is feeling much better than when he went down. Jim Vogeler who is in the hospital also had his tonsils out the day before Mr. Earnest came home and hoped to be able to come home this week.

Mr. and Mrs. Lloyd Johnson were Sunday dinner guests of the Will Earnest family.

Mr. and Mrs. Comfort Cummins are moving into the small house in the east part of town which the George Palser family recently vacated.

The Herman Dezel family have moved to the Vogeler farm where Rex Clement has been living and will work for Vogelers the coming season.

Erma Goodrich accompanied Alice Cronk of Ord to Fort Riley, Kas., for the week end.

Mr. and Mrs. Nick Whalen and Mike Whalen, jr., of Aberdeen, Wash., are guests of the gentlemen's parents, Mr. and Mrs. Mike Whalen. Both are employed in the saw mill at Aberdeen and Mike, jr., expects to enter the service soon so came at this time for a visit with his parents.

Rev. A. C. Ehret was a Sunday supper guest of the George Maxson family.

The Christian Endeavor society of the Seventh Day Baptist church held a social in the church basement Sunday night in honor of Babble Babcock.

Mrs. George Bartz was a Sunday evening guest of Mrs. Elizabeth Harding.

Mrs. Clarence Switzer, Red Cross chairman for North Loup says that the yarn and sewing already ordered are expected to arrive soon but that there will be no more additional issued till after July 1 when estimated needs for the armed forces can be allotted.

Mr. and Mrs. Clarence Switzer and children were Sunday dinner guests of relatives in Grand Island. In the evening they were supper guests of the Lawrence Houstons of St. Paul.

Week end guests of Mr. and Mrs. W. H. Elley were Mr. and Mrs. Charles Alberts of Lead, S. D.

Mr. and Mrs. Ray Barnhart of Omaha were Friday night and Saturday guests of his parents, Mr. and Mrs. A. E. Barnhart.

The senior class of the WSCS met Friday afternoon with Mrs. D. S. Bohrer. The lesson on Christian Roots of Democracy in America was led by the missionary chairman, Mrs. A. E. Barnhart. Mrs. Ernan Barnhart brought the devotionals.

Mrs. Sterling Manchester and Grace were released from quarantine Thursday and are again at their own home. They had spent the past four weeks in the home of Mr. and Mrs. A. H. Jackman, Grace being a victim of scarlet fever. Mr. and Mrs. Jackman, with the assistance of Dorothy Wetzel, kept the work up in the Manchester home and helped Sterling with his milk business.

The Everett Honeycutt family left Tuesday for their new home in Omaha. Mrs. Pete Honeycutt and Leonard Jacobs took them down.

Mrs. Glenn Miller of North Platte was a guest of her mother Mrs. N. C. Madsen from Thursday to Monday.

A meeting of the subscribers of the farm lines on the North Loup telephone exchange was held Friday afternoon in the community building. Because of the new 6% switch exchange tax it had become necessary to make some changes in collections and some lines had to reorganize. A collector for each line was elected and he will send the 6% tax into the internal revenue collector. The board of directors of the telephone company met with the subscribers to explain the changes necessary.

Those from North Loup who were in Ord Monday afternoon to attend the defense meeting included J. A. Barber, H. L. Gillespie, Mrs. F. N. Reddon, H. J. Hoepfner, W. W. Willis, Dr. W. J. Hemphill, Rev. A. C. Ehret and W. O. Zangger.

Mrs. H. J. Hoepfner entertained a number of ladies at a bridge party Tuesday night.

Mr. and Mrs. Reuben Rydberg and son of Kearney were Sunday dinner guests of Mr. and Mrs. I. J. Thelin.

Mr. and Mrs. Carl Unger and baby and Mrs. August Unger, all of Ravenna came over Saturday evening. Mr. Unger and Mrs.

August Unger returned Sunday evening and Mrs. Carl Unger and baby remained for a visit with her parents, Mr. and Mrs. Ed Post.

Mrs. Maggie Annayas, Mrs. Fanny Weed and Mrs. Anna Tappan were Sunday dinner guests of Mr. and Mrs. Ed Post.

Tuesday dinner guests of Mr. and Mrs. Ed Post were Mrs. Delia Manchester and Howard and George McGee.

Mrs. Rasmus Peterson receiving a letter from Maxine McCune written the next day after the death of her mother, Mrs. Rube McCune, in which she said that her father and mother had closed their oil station that night and had been going over the books when Mrs. McCune was stricken with a heart attack. He went for help but when he returned she was dead. No funeral arrangements had been made when the letter was written as they were waiting to hear from Dorothy Gudge but burial was to be at Costa Mesa, Calif.

Mrs. Anna Tappan returned Thursday from Ord where she had spent several weeks in the Merrill Flynn and Emanuel Vodehnal homes.

Sunday dinner guests of Mr. and Mrs. Ed Knapp were Mr. and Mrs. Harold Keep and Madelyn and Mrs. Mary Keep of Cotesfield.

Rev. C. F. Wagner arrived home from Hastings on the Monday evening bus. He had spent the week there, where in company with between seventy and eighty other Methodist ministers he attended a conference school of evangelism forenoon and afternoons called in 24 different communities in the Hastings district and in the evenings held services.

Sunday supper guests of Mr. and Mrs. R. H. Knapp were Mr. and Mrs. E. A. Knapp, Mr. and Mrs. C. D. Knapp and daughters and Mr. and Mrs. Mervin Scott and daughter.

Mr. and Mrs. Mannie Mason of Lincoln were week end guests of her mother, Mrs. N. C. Madsen.

Mr. and Mrs. R. H. Knapp entertained the Whoopee club at their home Thursday evening. High scores were won by Mrs. Clyde Willoughby and Roy Stine. The patriotic theme was used in the lunch and favors.

The union service for the observance of the World Day of Prayer was held Friday evening in the Seventh Day Baptist church with Mrs. Ben Nelson leading the meeting. The subject was "I am the Way". About fifty were present. A union choir furnished music.

A large crowd attended the dance at the community hall Friday night when Lee Barrons orchestra furnished the music. This Friday night Joe Lukesh and his orchestra will play.

Mr. and Mrs. A. L. Willoughby were Sunday dinner guests of Mr. and Mrs. Clyde Willoughby.

Tuesday supper guests in the Clyde Willoughby home were Mr. and Mrs. Edgar Stillman and Gregory and Mrs. Elmer Duryea.

Mr. and Mrs. W. O. Zangger spent Thursday in Grand Island and Hastings.

Mrs. W. O. Zangger was a Friday guest of Mrs. C. Rusmisse of Ord.

Mr. and Mrs. Raymond Baker of Ericson spent Sunday and Monday in the Fred Bartz home.

Mr. and Mrs. W. T. Hutchins entertained at a birthday supper Sunday night honoring the birthdays of Mrs. Floyd Hutchins and Mrs. Harlan Brennick. Guests included the Floyd Hutchins, Harlan Brennick and Edward Christensen families.

Mr. and Mrs. Hayden Jones of Denver are parents of a son Robert Paul, born Wednesday Febr. 18. Jane Hoepfner is in Denver where she is assisting in the Hayden Jones home.

The baby daughter of Mr. and Mrs. James Scott was very ill with the flu several days last week but is improving now.

Mrs. Frances Maxson was ill the first of this week.

Mr. and Mrs. Cecil Van Hoesen were Friday dinner guests in the George Eberhart home.

The Albert and Art Babcock families were guests at a family supper Monday night in the Erlo Babcock home.

Albert Babcock, jr., left Wednesday morning on the bus for Alameda, Calif., where he plans to take up his work in the naval radio air school.

Another wet snow fell Sunday and Monday and temperatures were lower. Much of this snow drifted, making roads bad.

Mrs. A. H. Brink left Thursday for Archer after spending a short time here. A guest in the Earl Howell home Wednesday she was a dinner guest of Mrs. D. S. Bohrer. She planned to leave Tuesday for California where she will remain indefinitely with her son, Alvin. She had stopped over here Tuesday evening of last week, on the trip from Scranton, Pa., to California.

Gallaudet College for the deaf, in Washington, D. C., was established in 1864 and named in honor of Thomas Hopkins Gallaudet, the founder of deaf-mute education in America. It is the only institution in the world devoted to the higher education of the deaf.

## AAA News Notes

Your Triple A is trying to keep in step with the demands of our nation. A year ago they foresaw the need of a garden program. And when the 1942 program was set up there was a payment set up for gardens. In this state this payment amounts to \$125,000.00, and here in Valley county the payment offered on gardens is \$2,412.00. One of the major reasons for this program is the shortage of tin. Raise enough for yourselves in your own garden and release the tin for war uses. Then also commercial gardeners have already contracted to deliver 40% of their garden peas, 30% of all tomatoes and 27% of the asparagus crop to the U. S. government for lease-lend and food for our boys in the service.

On Monday, March 2, an afternoon meeting will be held in Grand Island. At this meeting Harry Schooler and Mrs. Dorothy McMeekin will be the principal speakers. Your county committee plans to attend and we would like to have as many precinct committeemen and farmers and their wives attend as it will be time well spent.

March 3 at 10 a. m. there will be a district meeting at Burwell. Mrs. Raasch, state farmer field-woman, will be at this meeting and it is hoped that Harry Schooler will also attend.

## Ord Church Notes

Bethany Lutheran. Sunday school, 10 a. m. Divine worship, 11 a. m. Lenten service, Tuesdays at 8:30 p. m. Luther League, Friday at 8 p. m., at the Neils Hansen home. Come and let us worship together. Clarence Jensen, pastor.

Our Lady of Perpetual Help Church. 19th and G Sts. Rev. Thomas Siudowski, pastor. Time of Masses: Sundays, 8:00 and 9:30. Holy Days, 6:30 and 9:00. Week days, 7:30. Confessions—Saturdays, 4:00 to 5:00 and 7:30 to 9:00 p. m. Instructions for children—Saturdays at 3:00 p. m.

The Methodist Church. M. M. Long, pastor. Church school, 10 a. m. Morning worship, 11 a. m. Youth Fellowship, 7:30 p. m. The Fellowship Institute begins next Saturday morning at 9:15, and closes with the banquet at 5:30 p. m. The price for the banquet is 40c.

Rev. A. V. Hunter, district superintendent, will occupy the pulpit on next Sunday morning.

Down With the Yankees In the Presidential campaign of 1828, one of the posters used bore the words, "Huza for Gen. Jackson! Down with the Yankees."

Earth's Orbs The eccentricity of the earth's orbit is but .01677 from being a perfect circle.

## PERSONALS

—John L. Ward was ill and confined to bed Saturday, Sunday and part of this week.

—Mrs. Roland Swanson of north of Burwell was a guest at the J. N. Van House home on Saturday.

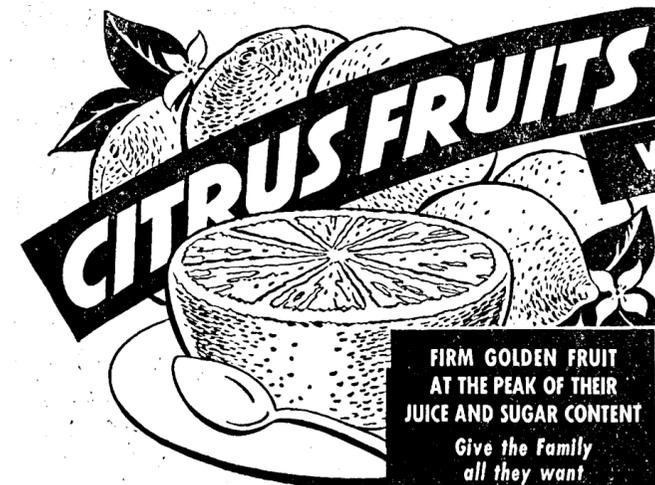

—Mr. and Mrs. Lloyd Rusk are newly settled in the house they purchased recently, the former Hollingshead property west of south school.

—Mr. and Mrs. John Rysavy and children, from Grand Island, visited his mother and the Merrill family Monday evening. He works for the Safeway and has been transferred to Omaha.

—Mrs. John LaCornu, who is here with her parents, Mr. and Mrs. A. L. Bradt, while her husband is on army duty, received a telegram Monday stating that 1st Lieut. LaCornu has been promoted to the rank of captain. He is with his company in California.

—Visitors at the Ben Hackel country home Sunday were Mr. and Mrs. Dave Bredthauer and Mr. and Mrs. Oscar Bredthauer and family, of Grand Island, Mrs. Rose Fuss and family, Mr. and Mrs. Arnold Bredthauer and Mrs. Emil Foth. They helped Mrs. Hackel celebrate her birthday.

—Thesplans of Ord high school have been invited to compete in the annual Midland college poetry and play festival—March 20, the invitation being received by Miss Wilma Shavlik, dramatics director.

# CITRUS FRUITS

## THEY'RE NATURE'S WAY TO HELP GUARD HEALTH

Here's a prescription that's EASY to take

Drink and eat plenty of fresh oranges and grape-fruit. Their juice is especially valuable in helping fortify your system nature's way against winter colds. Juice is the important part of citrus fruit, not pulp and skin. That's why we sell it by weight and not by the dozen. You get your money's worth at Safeway.

Orange juice at least once a day is the recommendation of most children's specialists... it's so necessary in balancing their diet. And how the little fellows go for it.

**FIRM GOLDEN FRUIT AT THE PEAK OF THEIR JUICE AND SUGAR CONTENT**

Give the family all they want

**Orange Juice** Polk's..... No. 2 Can **10c**

**Grapefruit** Glenn Aire, Fancy, Whole Segments..... 2 No. 2 Cans **25c**

**Grapefruit Juice** Town House..... 46-oz. Can **19c**

**★ Oranges**  
Medium and large size, Sunkist seedless, Navel variety. Easy to peel and segment.

**★ Grapefruit**  
Small and medium size, white 'meated.' The heavier the fruit, the more the juice content

**Lemons** Sunkist brand, medium and large sizes. Popular for counter-acting colds.

**★ Cabbage**  
New, solid, compact heads, from Texas. Delightful in cole slaw.

**★ Apples**  
Extra Fancy, Wine-saps, from Washington State. For cooking or eating uses.

**★ Yams**  
U. S. No. 1, Portorican variety, Kiln-dried.

**★ Beans** Great Northern, 3-lb. Bag **22c**  
Large, White.....

**Egg Noodles** Fine or Wide..... 12-oz. Bag **10c**

**Peaches** Libby's, Sliced or Halved..... No. 2 1/2 Can **23c**

**Peaches** Castle Crest, Sliced or Halved..... No. 2 1/2 Can **22c**

**Pears** Libby's, Choice, Bartlett, Halves..... No. 2 1/2 Can **27c**

**Pears** Harper House, Choice, Halves..... No. 2 1/2 Can **24c**

## U. S. A. E. F.'s Free Mail Raises Question Of Abolishing Congressional Frank... Enemy Nations' 'Secret Weapons' a Nightmare...

WASHINGTON. — What with all this talk about saving paper, decreasing non-defense spending, etc., this should be a good time for congress to consider cutting down the almost unlimited use of the franking privilege for mail.

An amusing sidelight on the attitude of individual congressmen toward this question of saving postage is given in the vote to grant soldiers overseas the right to send mail home free. The congressmen really thought they were giving the soldiers something! They were—an estimated average of six cents a week!

This is based on the idea that the average soldier and sailor will not write more than two letters home a week—one to his parents and one to his girl. The average stated is purely an estimate. There are no available figures, but parents of soldiers or sailors to whom the writer has talked say they would be tickled pink if the boys would average one letter a month to them.

However, they all said, it was not to save postage that the boys refrained from writing as often as the old folks would like.

The soldiers and sailors, for the most part, are kept pretty active. They are apt to be tired in their brief hours of relaxation and not inclined to tackle what, to most of them, is a laborious duty.

A point in favor of the newest subsidy to the soldiers, which seems rather sound, is made by a person who is not a congressman. There may be, this gentleman pointed out, difficulty in obtaining stamps at various places to which the soldiers may be assigned. So the fact that the boys do not have to scurry around to obtain stamps might be much more important than saving a maximum of six cents a week.

Apparently the best reason for granting this mail subsidy—if we can assume this difficulty of obtaining stamps in the field to be the best reason—did not occur to ANY member of the house or senate while the bill was under consideration.

For the bill carefully confines this huge grant to enlisted men. It specifically bars the free mail plan to commissioned officers. As the officers with the troops would obviously have the same ease or difficulty in obtaining stamps that the enlisted men would encounter, it would seem that the ONLY purpose of the bill was to increase slightly the pay of the enlisted men.

### Important to Congressmen

One must not blame the congressmen for this, or think of the gift to our soldiers as trivial, as the lawmakers viewed the situation. For to a congressman the franking privilege is not trivial—it is tremendous. If deprived of that privilege the average congressman probably would spend more than a thousand dollars a year in postage. But with free postage for anything he chooses to send (congressmen have sent furniture under the frank) the actual amount of unchecked service he gets from the post office department is of course much higher.

In this time of bundles for congressmen there is no desire to discourage giving, and certainly no desire to reach into congressmen's pockets, but why not put the mail on the same basis as stationery? Congressmen do not get free stationery, unless they are chairmen of committees. They get an allowance every year to buy it.

Why not abolish the frank and give every congressman and official who is supposed to require it, an allowance for that purpose? Boy, would there be a saving of paper in Washington, not to mention the weight taken off letter carriers' feet!

### Why Not Use Some German Inventions?

'Secret weapons' have been a nightmare to the military commanders of every nation at war—not their own secret weapons, of course, but possible secret weapons developed by one of their enemies.

The inventors of America have led the world for many years. Curiously enough Americans invented most of the weapons which are so important in this war. And Britain comes pretty close to being second.

Britain invented the breech-loading gun. She sent to the Confederates two breech-loading cannons of about three-inch size which were used at the battle of Gettysburg.

If the Confederates had been able to use 100 instead of two, the tremendous difference in rapidity of fire, accuracy, and range, might have won the war for Robert E. Lee.

It would seem about time that the United Nations should be able to use successfully some former German invention! That may be a little too much to hope for, but surely it is about time that we used one of our own inventions in one of our own wars.

# BRIEF BITS OF NEWS

Lone Star—Mrs. Dave Guggenmos remained at the Ord hospital Tuesday evening when Bernard underwent an operation for appendicitis. He is recovering fine.—Walter, Bethene, Donald and Leona Guggenmos and Mr. and Mrs. Dave Guggenmos were in the A. Guggenmos home helping them pack their household articles Monday. Frank Hopkins trucked their household goods to Ord where they will make their home. These good people have farmed about 47 years and deserve an easier life. However, we are sorry to see them leave the neighborhood. Cylvan Philbrick and Stanley Patska helped load the truck.—Tom Nedbalek and Fred Zlomke put a tractor motor together for Dave Guggenmos Friday.—Lois Zlomke stayed Monday night in the Matt Keefe home on account of the snow storm. She has been riding with the Keefe girls while Bernard is in the hospital.—Snow started falling early Sunday evening and continued thru the night. Monday the wind plied it in drifts as it continued snowing.—Mr. and Mrs. Archie Hopkins and children called at the Cylvan Philbrick home on Thursday evening.—Bill Harmon's moved Saturday on the place recently vacated by the Joe Urbanovsky family.—Mrs. Gordon Cassidy, teacher at Lone Star, remained in the Tom Nedbalek home Monday night on account of the snow storm.

Davis Creek—Miss Mildred McGee and her friend, A. Neinoh and Howard Liston were Sunday guests at Roy McGee's. Mr. Liston plans to leave soon for Baltimore where he has a government job. The young people returned to Grand Island in the evening.—Mrs. Elizabeth Jorgensen spent last week with her sister in Ord.—Mrs. Grace Palser and Mrs. Edna McGee helped Mrs. John Palser quilt Monday afternoon.—John Williams called on his niece, Miss Evelyn Williams in Loup City Friday.—Mr. and Mrs. John Palser and family enjoyed ice cream at Carol Palser's Sunday evening.—Mr. and Mrs. Everett Williams were dinner guests at John Williams Sunday.—Mrs. Lydia Koelling and Mrs. Lucy Koelling accompanied Mr. and Mrs. Archie Geeweke to LaMar, Ia., Friday where their young people are attending college. They planned to return Sunday.—Mr. and Mrs. Charley Johnson entertained at a birthday dinner for Mrs. Reuben Athey Thursday. In the afternoon Mr. and Mrs. Lawrence Mitchell, Mr. and Mrs. Bill Valasek and Carolyn and Mr. and Mrs. Alonzo Quartz and Mr. and Mrs. Ernest Johnson were in to play pool.

Haskell Creek—Mr. and Mrs. Albert Clausen and Bonnie attended a silver wedding at Fremont Sunday. Charlotte Rasmussen spent the week end with Elaine Clausen.—The Aagaards were Sunday evening visitors at Chris Belers.—Frances Keefe, Mr. and Mrs. Bernard Keefe, Dud Philbrick and Wayne Hansen were Tuesday evening visitors at Carl Hansen's.—Mrs. Charlie Romans and children spent the week end at Mr. and Mrs. Duane Woods.—Ed Keller is staying at Chris Belers.—Archie and Bud Ashman went to Omaha to see their father, Friday evening.—Miss Mena Jorgensen spent the week end at Henry Jorgensen's.—Mr. and Mrs. Will Nelson, Mr. and Mrs. Henry Enger and Mr. and Mrs. Chris Belers visited at Henry Jorgensen's on Thursday evening.—The Happy Circle club will meet at Mrs. Frank Flynn's March 12. On the serving committee is Mrs. Clausen, Mrs. Van Slyke and Mrs. Hansen.—Friends and neighbors had a party at Henry Jorgensen's Saturday evening.—Friends and neighbors had a farewell party at Chris Belers Tuesday night.

Fair View—Friday night "the gang" drove to the Harvey Hohn home and gave Mrs. Hohn a surprise birthday party. Six tables of pinochle furnished the evening's entertainment. Valeria Luddington and Jimmie Turek, Jr. received high score Dorothy Cook and Charley Kokes got low, while Charley Zmrhal carried home the traveling prize. At a late hour a lunch of sandwiches, cake, fruit salad and coffee was served.—Mr. and Mrs. Zabloudil and Wilma Lou spent Friday evening at the John Nevklia home.—Mr. and Mrs. Victor Cook and the Howard Cooks attended a pinochle party at the Sam Brickner home Saturday evening.—Mr. and Mrs. Ivan Cook and family were dinner guests at the Howard Cook home Sunday.

Vinton—Mr. and Mrs. Sam Brickner were hosts at a pinochle party Saturday evening. High score went to F. O. Johnston and low to Mrs. Victor Cook.—Mrs. F. J. Cain and Mrs. Alvin Travis called on Mrs. Stanley Gross Saturday afternoon.—Guests of Mr. and Mrs. Elmer Alquist Sunday were Horace Travis and family, Mr. and Mrs. Alfred Hill and family, Frank Travis and Oscar Travis. They were celebrating Mr. and Mrs. Horace Travis' 15th wedding anniversary.—Mr. and Mrs. L. V. Aldrich and family drove to Taylor Sunday to visit his parents.—The Nile Owls held their meeting with Mr. and Mrs. Louis Jobst Saturday evening. Guests were Mr. and Mrs. Lowell Jones. Mrs. Jones won high score and Mrs. Fred Kuehl low.—Mr. and Mrs. Sam Brickner called at the Elmer Alquist home Wednesday evening.—The Nimble Fingers met with Mr. and Mrs. F. O. Johnston for an all day meeting Thursday. The fine dinner was enjoyed by all and the afternoon spent visiting and playing cards.—Thursday of last week the Jolly Neighbors held an all day meeting with Mr. and Mrs. Ed Hackel. In the afternoon the leaders gave a short lesson and the men played cards. Mr. and Mrs. Frank Hackel and children were guests.—Mrs. Willard Connor went to Omaha on Sunday afternoon with Mr. and Mrs. Frank Bingham. She plans to spend a week visiting in their home.—Mr. and Mrs. Raymond Christensen were guests of Mr. and Mrs. Alfred Abers Sunday evening.—Mr. and Mrs. Emil Kokes and family were dinner guests of Mr. and Mrs. Charles Kokes Sunday.—Mr. and Mrs. Emil Kokes attended a card party at the Olean school house Friday evening.—Mr. and Mrs. Raymond Christensen were the guests of Mr. and Mrs. Henry Zikmund Thursday.

Olean—Mr. and Mrs. Dave Philbrick and Della were at the Carl Oliver's Wednesday. Stanton Finley called there Thursday and S. A. Waterman Friday.—Mrs. Joe Cernik and Edith were Sunday afternoon visitors at the home of Devillo Fish.—Mr. and Mrs. Adolph Kokes and family were dinner guests at Ernest Vodehnal's Sunday. They also stopped in to see C. D. Wardrop who is on the sick list.—Mr. and Mrs. George Jensen had dinner Sunday with the Sam Holmes.—Richard Fish called at the John John home Sunday.—Ed Kasper accompanied a truck to Iowa on Sunday to help move Mr. and Mrs. George Vastek and family back to Ord.—Mr. and Mrs. Harry Clement and Velva were Sunday dinner guests of Mr. and Mrs. John Meese and family. Mr. and Mrs. Clement visited at the Will Cronk home in the afternoon.—A Triple A program and pinochle party was held Friday night at the Olean school house. Other than the people of the district, guests were Mr. and Mrs. Emil Kokes of Ord, Mr. and Mrs. Ed Burrows of North Loup and Mr. and Mrs. Ferguson of Taylor. A quiz contest consisting of Triple A questions was held and winners were Mrs. Joe Cernik and Devillo Fish. Winners in playing pinochle were Mrs. Inez Burrows and Emil Kokes winning low and Luella Williams and Ed Burrows high.

## HOODOOED NORMANDIE

There is not much consolation to be had in connection with the virtual sinking of the S. S. Normandie—except for one thing.

The French had gone to a lot of expense to build the giant vessel so that she could be converted to an airplane carrier in wartime. To this end, special funnels were arranged on the side of the deck, to give space for runways; especially large elevators were installed at each end of the ship; and the top deck consisted of the biggest "sports" deck in the world.

However, U. S. naval engineers decided that despite all the French preparations, the Normandie's upper decks were not strong enough to hold a flock of planes. The French had sacrificed reinforcements below, for the purpose of beauty in the passenger salons.

As a troop ship the Normandie was considered useful, but not nearly so useful proportionately as a medium-sized vessel, such as the Manhattan. Reason: big ships draw so much water that they could not efficiently carry troops to Dakar or West African ports. Small boats would be necessary to take soldiers and cargo ashore.

Also the Normandie was too big to get through the Suez canal.

## SINKING U. S. TANKERS

The navy is being more hush-hush than usual regarding the sinkings of oil tankers off the Atlantic coast. However, here are a few important facts about the situation which are not military secrets.

First fact is encouraging. The tankers sunk were old, small and slow. All of them were 20 years old or over, and the largest, Standard Oil's India Arrow, was 8,327 tons.

On the surface, this would indicate that oil and gasoline losses on the East coast would not be heavy. However, this is not the case. For all of the big, new American tankers have been taken over by the navy. This was under an arrangement whereby the maritime commission had lent the oil companies around \$800,000 per vessel to build fast modern tankers making 19 knots. This is so fast that they can avoid submarines and also keep up with the fleet.

However, these new tankers, built in co-operation with the navy, are now with the fleet.

## Buy Defense Bonds—HEAVY LOSSES

Two other factors indicate the importance of the sinkings on the Atlantic coast. One is an announcement made by the British last week that sinkings for the entire Atlantic, including the East Coast of the United States, had been heavier in January than ever before. The other is the fact that comprehensive rationing of oil and gasoline for the East coast is now a certainty. In other words, oil and tanker losses have been very heavy.

Reason for these losses is easy to understand. It requires no official explanation. As everyone knows, especially the enemy, we had to rush various kinds of shipping to the Pacific to replace the damage done at Pearl Harbor. Also we had a large number of warships busy conveying vessels across the North Atlantic.

Hence we have been caught short-handed on the East coast.

Note: Most people don't realize it, but the oil shortage along the Atlantic could be relieved considerably by a curtailment of tank car rates on gasoline and fuel oil. Last fall the rail rates were reduced on crude oil but not on gasoline or fuel oil.

## POLITICAL-GO-ROUND

Democratic insiders are predicting that Gov. Herbert Lehman of New York will be persuaded to run for a fourth term this year. Lehman has told party chiefs he doesn't want another term, but they urge him to be a candidate again on the ground of wartime duty. . . . Meanwhile, former District Attorney Tom Dewey is busy behind-the-scenes organizing his political fences for another try at the governorship. This will be the springboard for a second shot at the G.O.P. presidential nomination in 1944.

Wisconsin's Gov. Julius Heil will run for a third term this year to get himself in position to take on isolationist Sen. Alex Wiley when he comes up for re-election in 1944. Both are Republicans, but privately no love is lost between them.

Fiorello LaGuardia's ambition always has been to become a U. S. senator after he steps out as mayor of New York city.

## Buy Defense Bonds—MERRY-GO-ROUND

In Trenton, N. J., the giant General Electric company will be tried on charges of monopolistic control of electric light globe patents. It will be one of the most important anti-trust trials in history. If the government wins the case, the effect will have far-reaching consequences on all patent controls.

The treasury department has ordered customs officials to wear black silk neckties with their new uniforms.

# Social and Personal

If we don't call you for news, call us, phone 30. The society editor welcomes all social and personal items.

## Woman's Club.

Mrs. Horace Travis was hostess Tuesday afternoon to the Ord Woman's club, Mrs. Evet Smith presiding at a lively meeting. Mrs. G. W. Taylor in her analysis of events talked about the new spring hats, the colors and trends spring clothes will take. She talked about the several persons in the life of President Roosevelt who keep him informed and help him plan his speeches; lastly, she spoke of the historical interest and value a diary kept this next year might have in years to come.

Mrs. Leo Long gave interesting thoughts on education as it is understood in the United States. She examined the educational trends of today, and lead the round table discussion on the subject. Concluding, Mrs. C. J. Miller spoke on citizenship as it has to do with youth. Effects of school and home on education and citizenship were discussed, and a citizenship questionnaire answered. Mrs. Teague will be the hostess at the next meeting.

Mrs. Andersen at Home. Mrs. Hans Andersen had her son Vernon and his family and her son John and his family home for the day Sunday, enjoying dinner and supper with them.

At Paul Duemys. Saturday evening for supper Mr. and Mrs. Paul Duemey had Mr. and Mrs. John Jelinek of Omaha, also Mr. and Mrs. Oney Patchey of Burwell as their guests.

"Big Family" Party. Mrs. Olof Olsson was hostess Monday afternoon at a novel arrangement of a party about the novel, "Big Family", by Bellamy Partridge. Old photographs lined the walls, an album lay on the center table, dollies hung thickly on the chairs, an old-fashioned groaning dinner table, complete from fried chicken to ice cream greeted Jollite members. Old china and silver pieces were used on the table. There were three guests, Madams Bauder, Dendinger and McClure. Mrs. F. A. Barta came dressed as father, Mrs. Lester Norton as mother, Mrs. Mark Tolen as grandpa, Mrs. C. A. Anderson and Mrs. Wilmer Anderson were the hired girls and waited tables. Mrs. Olsson was Aunt Hattie, Mrs. Bauder was little sister, Mrs. McClure big sister and Mrs. Dendinger baby brother. Mrs. Lillian White was the visiting school teacher. High score at cards was made by Mrs. Tolen, and the afternoon was hilarious fun.

Clyde Baker Dinner. Mr. and Mrs. Nelson Baker and Mrs. and Mrs. Roger Benson and Gail were Sunday dinner guests at the Clyde Baker home, the party being in honor of the birthdays of Mr. Nelson Baker and Gail Benson, both of which occurred lately.

Sunday Dinner. At Mr. and Mrs. Paul Genski's on Sunday, dinner guests were Mr. and Mrs. Elwin Dunlap, Mr. and Mrs. Chester Austin and Mr. and Mrs. Joe Polak.

At Albert Parkos'. Tonight a gay crowd will meet to play pinochle at the home of Mr. and Mrs. Albert Parkos. Included will be Mr. and Mrs. Frank Valasek, Mr. and Mrs. George Hastings, Mr. and Mrs. Elwin Dunlap, Mr. and Mrs. Vern Russell, Mr. and Mrs. Archie Rowbal, Mr. and Mrs. Chester Austin and the host couple.

Honor Emil Skollis. A farewell surprise party honoring Mr. and Mrs. Emil Skollis, who are moving to a farm near North Loup, was held at their home Thursday evening. The women brought basket dinners and the men decks of cards with which all played darda, pitch, and pinochle until a late hour

when the lunch was served. Present were the Joe Urbanovsky, William Skala, James Hrebec, Jr., Frank Mrkevicka, Rudolph Hosek, Alfred Bartunek, Edward Kolar families, Mr. and Mrs. Anton Adamek, Mr. and Mrs. Joe Dworak, Mr. and Mrs. Anton Swoboda and Edward Vodehnal.

Everybusy Club. This afternoon Mrs. A. J. Ferris is hostess at her home to the Everybusy Extension club ladies. Madams Adolph Sevenker and Melvin Clement are project leaders. Mrs. Bob Hughes was voted in as a member again, since they returned to Ord after a few months in California.

Farewell Party. Several friends and relatives of Alvin Holmes planned a farewell party in his honor Friday evening. Alvin left for Oregon Monday morning after a ten-day furlough from the army. He is stationed at the Pendleton Air base.

Tuesday Evening. At the home of Mr. and Mrs. William Sack on Tuesday evening three couples came, sharing a covered dish dinner together as they often do: Dr. and Mrs. C. J. Miller, Mr. and Mrs. Henry L. Delnes and Mr. and Mrs. E. S. Murray. Last week the same eight were at the Miller home.

# The Social Forecast

Your meeting may be included—Telephone 30

Mrs. W. L. Blessing will be hostess this afternoon to Joll Juniors Extension club, the meeting beginning with a covered dish luncheon.

Friday evening Home Nursing Unit Three will meet with Mrs. Curt Gudmundsen at her home. Mrs. Asa Anderson is chairman of this group.

Junior Matrons will go to the party room of the former Ben Grill as the guests of Mrs. Ori Kellison Friday afternoon at three o'clock.

Dinner Bridge club will meet next Tuesday evening with Mrs. and Mrs. Darrell Bauder.

Delta Deck meets next Tuesday with Mrs. Edward Whelan. This is the first meeting of a new round.

Friday afternoon Mrs. Whelan will entertain Entre Nous knitting members.

H. O. A. club will meet with Mrs. George Watson Febr. 27 in the regular lesson.

IT HAPPENED IN ORD. Ign. Klima, Jr., got national wide publicity last week on his purchase of \$3,500 in defense bonds belonging to an Axis sul jet. Henry Pasha wrote from Lafayette, Ind., that he had heard the news item over his major networks, and through Associated Press dispatch it was published in most of the daily newspapers in the country.

Superintendent Huff at family came from Sargent Saturday and were dinner guests the Henry Delnes home at noon

# FIRST NATIONAL BANK

IN ORD

Fifty-nine years of Banking Service to People of the Loup Valleys

Member Federal Deposit Insurance Corporation Member Federal Reserve System

When You and I Were Young Maggie

February 25, 1932.

E. W. Black, who founded the North Loup Loyalist in October of 1889, died at the home of his daughter, Mrs. L. O. Green, at the age of 79 years.

By virtue of a win over Sargent the Ord quint was top favorite to cop the Valley tournament.

A twenty percent dividend was paid by the failed Ord State bank.

Fire of unknown origin destroyed the Austin Smith home in Arcadia.

William C. Boydston mail clerk on the Ord-Grand Island run for a long term of years, died in Omaha at the age of 70 years.

Washington Day was suitably observed in Ord with two fine programs. We were doubtless too busy this year.

The American Legion joined Noll Seed company in the drive to aid the drought region in northeast Nebraska.

It took three snow shovelers to get Dr. F. A. Barta out to the William Klanecky home northeast of Ord, where a daughter arrived Feb. 16.

Joe Lola was announcing the opening of his Square Deal hardware store for Feb. 28.

February 23, 1922.

E. M. Williams, formerly head of the First National bank of Ord, was chosen by the Farmers Union finance corporation of Lincoln to have charge of the loaning of war finance corporation money.

Melvin Bukoutz, artist well known in Ord, died at a hospital in Kearney after a lingering illness.

Sarah Wheeler Bond, mother of Ella Wheeler Bond and sister of Ella Wheeler Wilcox, passed away at her home in Ord at the age of 80 years.

Joseph T. Knezacek filed for county clerk, and George Round filed for sheriff, both on the republican ticket, and both for reelection.

A fire burned a hole in the roof of the Work blacksmith shop, but the fire department soon got it out.

Mr. and Mrs. William Bannister celebrated their golden wedding anniversary at their home in Ord Feb. 18.

The Ord plant of the Ravenna Creamery company was robbed, the amount taken being about \$75.

Plans were being made for the gathering of the Old Settlers association in the Seventh Day Baptist church at North Loup on March 1.

Mrs. A. W. Thockmorton, 79, died at the home of her daughter, Mrs. Murray Cornell, Feb. 20.

February 22, 1912.

Mayor John Carson made the suggestion that it might be well to have an informal vote to get the sentiment of the people with regard to having a new city hall. A city hall was needed, but it was not to arrive until a much later date.

Dr. Emma Robbins, missionary, wrote a very interesting letter from Shanghai, China. If she were there now she might write a much more interesting letter than she did then, but it would not get out of the country.

Balley and Detweiler had purchased the W. B. Keown lot where the old Ord hardware once stood, and were planning to erect the building in which Harlan T. Frazier is now in business. The large warehouse where Joe Rysavy now is was already built.

J. Cass Cornell had rented a house in Lincoln and was planning to move his family there March 1.

Frank Glover was building an addition to his carpenter shop, which, when completed was to be occupied by the marble works (presumably Desch Bros.) Feb. 20 Elliott Clement and Dagnar Mikkleson went to Nysted, Nebr., where they were married at the home of the bride's uncle, Feb. 21.

W. S. Mattley and a bunch of surveyors came in on the Union Pacific and went on to Burwell on the Burlington to commence preliminary work on the power and irrigation project there.

February 26, 1897.

John Rice, who had been in the stock buying business in Ord for some time and had just sold out his business to H. C. E. Marks, left for Council Bluffs, where he planned to again go into business.

Plans were being made at Sargent to form a stock company for the purpose of building a railroad to Loup City to connect with the Union Pacific at that point. However, the idea was later abandoned.

The old band stand having been taken out to the fair grounds to be used as a judges stand there, a subscription was taken to pay for a new band stand at the southwest corner of the square.

Son No. 2 was born to Mr. and Mrs. W. E. Waterman, Friday, Feb. 19. Wonder if this could have been Archie? In the same paper is mentioned a son born to Mr. and Mrs. Alvin Blessing, Saturday, Feb. 13. Possibly destined to be a dentist later on.

February 26, 1892.

There was a shortage of school room. There was already a school in the first ward, on the site of the present grade school building, and a petition was being circulated calling for a bond election to vote \$10,000 in bonds for the erection of two more school buildings, one in the second and one in the third ward.

Judge J. R. Fairbank left for Oklahoma, where he hoped to find a new home for his family.

After a week in Dunning, Miss Florence Smith came back to Ord.

A. J. Firkins and J. R. Williams bought some pure bred Herefords in Iowa and brought them to Ord to improve their herds.

John Bryan had a letter in the Quiz suggesting the idea of uniting all the Ord newspapers, four in number then, and having just one, and a good one. He advanced many reasons in favor of the plan, but Mr. Haskell gave as many for the competitive system. Now after 50 years we have just one paper, and it could be worse.

N. G. Clement, who was carpentering for the government at Fort Robinson, had come home for a few days.

Charles H. Wilson, 45, died at the home of his son, H. G. Burson, Feb. 22, 1892. He was a G. A. R. veteran and died of consumption.

It was rumored that the Farmers and Merchants bank was going out of existence and the business was to be absorbed by the Ord State Bank.

LETTERS FROM QUIZ READERS

West Plains, Mo. February 4, 1942

To the Editor of The Quiz: Enclosed you will find a \$1 bill for which renew the good old home paper. It seems like a number of guests arriving at our home when we read the Quiz every Saturday.

We are having nice weather, like spring, birds of many kinds singing early mornings, makes one think of gardening though I think spring isn't that near yet. On New Years turned cold and lasted almost a week and had two snowfalls within a week, which is rather unusual for this part of the state, though we are having lots of rains too, now.

The city of West Plains will not collect taxes this year, the money is to be all for defense bonds.

Well, as I want to leave space for some other letters to be published, I will close with best regards to the Quiz and its readers, hoping that our dear America wins.

MRS. ALVIN FOTH

—Joe Jirak had the flu last week, but is working again this week.

8 Counties Served by Arcadia Employment Office

Claris A. Bellinger, in charge of the U. S. Employment office at Arcadia, and his secretary, Mrs. Roy Houser... they'll get farmer and farm-hand together, for the benefit of both.

Bellinger Makes Survey of Farm Labor Shortage

Asks Farmers How Much Aid They'll Need, Laborers if They Want Farm Jobs.

Arcadia—(Special)—There'll be no shortage of farm labor in central Nebraska this summer if foresighted efforts can prevent it, says C. A. Bellinger, head of the U. S. employment office at Arcadia, which serves Greeley, Sherman, Valley, Custer, Garfield, Blaine, Wheeler and Loup counties.

At present Bellinger is making a farm survey in connection with farm agencies to find out how much labor will be needed on farms this season, and is making another survey of the active file of persons registered for work in these counties, to determine how many men will be available for farm jobs.

Farm operators are being asked to notify Bellinger as to their labor needs, about when they will materialize, and their facilities for employment of both married and single workers.

When the 2-way survey is completed he will have definite knowledge of how much farm help will be needed in this area and how many men are available to fill this need, Bellinger says.

The U. S. employment service was formerly the Nebraska State Employment service, but was federalized Jan. 1, 1942 for closer cooperation in furthering the war effort. The Arcadia bureau is maintained as part of the Grand Island district, and is located there because Arcadia is the practical center of the area served by Mr. Bellinger.

The office serves as a contact agency for both employers and workers. Any employer who wishes to hire any type of worker may list his needs with the office, and any worker who is or may soon be available for work, may be listed there. Thus the two are brought together with a minimum of confusion.

Mr. Bellinger makes regular trips to towns in his district for the purpose of taking claims for unemployment compensation benefits, as well as regular unemployment service functions. His duties have become increasingly important as shortages of technical workers have developed in defense production, with more workers constantly being recruited for such jobs.

Real Estate Transfers.

From the County Records Febr. 12, to February 19, 1942.

Note: Revenue stamps are required on real estate transfers at the rate of 55 cents for each 500 dollars consideration or fraction thereof, except when the actual consideration is 100 dollars or less. When transfer is made subject to a mortgage or other encumbrance, revenue stamps are required only for the amount above that of the mortgage.

Herbert Bredthauer, et ux., to Arnold Bredthauer, N 1/2 NW 1/4 30, SW 1/4 19-18-13. \$3,428.40. (\$3.85 revenue stamps affixed). Warranty Deed.

Sheriff of Valley county, Nebraska, to Josephine Smith NE 1/4 15-20-16 \$401.66. (\$4.95 revenue stamps affixed). Sheriff's Deed.

Herbert Bredthauer, et ux., to 30-18-13 \$571.60. (\$1.10 revenue affixed). Warranty Deed.

Mary Ulrich to Emil H. Barta Lot 5 Block 1 Hillside, N 1/2 SE 1/4 SE 1/4, Lot 5, 30-19-13; Lot 1, 31-19-13 \$1000. Warranty Deed. Federal Land Bank of Omaha to Lillie Holcomb W 1/2 SW 1/4 SE 1/4 SW 1/4, 20-17-13 \$1500 (\$1.65 revenue stamps affixed) Deed.

Earl L. Holcomb et ux., to Hannah Elizabeth Holcomb W 1/2 SW 1/4, SE 1/4 SW 1/4, 20-17-13; SW 1/4, 11-17-16. \$1.00. Warranty Deed.

Arthur Pierson et ux., to Alma Pierson Division "H" in 26-17-16 \$1000. (\$1.10 revenue affixed) Quit Claim Deed.

Tillie Beran et vir., to Marjorie O. Rusk Part of Lots 7 & 8 Block 42 Ord. \$1.00 Quit Claim Deed.

The Mutual Benefit Life Insurance Company to Melvin F. Koelling and Evelyn V. Koelling

Irrigation Clinic Largely Attended

(Continued from page 1)

Mr. Dale introduced Art Eastbrook of Arcadia as a special speaker on the afternoon program, and he proved that Arcadia still has its share of interesting speakers. Mr. Eastbrook told of his personal experiences with irrigation in the Middle Loup valley, and of some of the things he has learned in his work.

He told of using the lath boxes in irrigating corn. The first year he tried it he said he used one box for each two rows, but that since then he tried the idea of using one for each four rows, running water down between two of the four rows first and then cutting the streams over between the two rows not yet watered.

This plan, he said, makes it possible to irrigate twice as long before moving the boxes, or makes it possible to irrigate twice as many rows with the same number of boxes. He has tried irrigating corn just after it is laid by, and also just about the time it is tasseling, and said the best time is to be determined by the condition of the soil with respect to moisture. He mentioned the fact that hybrid corn does not sucker as much as the common kind.

Mr. Dale then thanked Mr. Eastbrook for his talk, stating that irrigation problems in the North and Middle Loup valleys are practically the same. Referring to the next speaker, Carlton Zink, he said that he had always thought of him as a tractor man, but that it now appeared that he was an expert on gardening as well.

Mr. Zink spoke first briefly on tractors and what he called "preventive maintenance". By this he meant doing repair work on farm machinery before a breakdown made repairs necessary, thus preventing much wasted time in the busy season.

He said there are four things with respect to the tractor that must be clean. The air drawn into the manifold has to be clean; the fuel has to be clean; the water used in the cooling system must be clean, and the oil used for lubrication must be clean. Also important are well fitting valves and an efficient ignition system.

Referring to gardens, he mentioned the fact that the diversion of a large amount of canned goods for use of our armed forces is certain to produce a shortage of canned goods for local consumption. This shortage will have to be overcome by raising and canning more vegetables and fruits at home.

He mentioned specifically dried sweet corn as being one of the finest products of the farm. He spoke of dried apples, something that is very seldom seen now. He also stressed the need of canning meats of various kinds while they are cheaper, against the time when the price will advance.

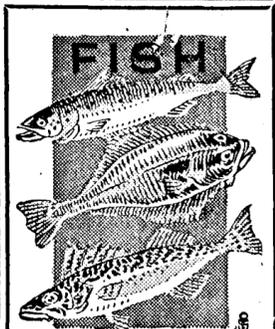

To have these articles from the garden to can, it will be necessary for each family to raise more garden, or, rather, more garden truck. He spoke of the importance of irrigation for the garden, since vegetables are composed largely of water and require more than is usually furnished by rainfall.

He suggested early gardens to take advantage of the spring rains, as gardens need at least an inch of rain per week for proper growth. He also suggested pumping the water into a tank where possible before running in on the garden, as a greater flow could then be obtained. He said a common ten foot stock tank usually is large enough to furnish irrigation water for a strip of ground ten feet wide by 200 feet long.

CONSTIPATED?

Spells of constipation often bring aggravating bowel gas, sour stomach, bad breath, coated tongue, headaches, dizziness, listlessness. ADLERIKA effectively blends 6 carminatives for relief of gas pains and laxatives for gentle but quick bowel action. Get ADLERIKA today!

During Lent, as at all other times, our market is prepared to serve you.

Our selection of fresh and frozen fish will please you on Wednesdays and Fridays. We have fresh oysters at all times and many other foods to make Lenten meals delicious.

North Side Market Joe F. Dworak, Prop.

How Would You Like A BLACKOUT Every Night?

We here in Ord do not, perhaps, appreciate the privileges we enjoy, the comparative safety in which we live, and the freedom in which we spend our days and evenings.

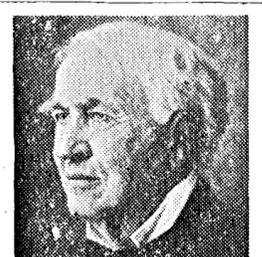

No forced blackouts... no dimmed lights... everywhere is brightness and gayety.

Perhaps the recent test blackouts in the west and east coast cities will help us realize the strain under which we would have to live in these forced circumstances. Use MORE LIGHT... Better Lights mean Stronger Eyes and Better Health.

and remember...

The More Electricity You Use The Less Each Unit Costs.

February is the birth-month of that great American—Thomas A. Edison. On this anniversary of his birth we salute the man who long ago made his contribution to the Coming Victory... Electric Illumination.

City of Ord Light and Water Department

Solving Lenten Menu Problems

You can turn "fast days" into "feast days" with all the tempting Lenten foods available at this market. Fish and sea-foods, dairy specials including Ord's largest assortment of cheeses and cheese foods, eggs and fine canned foods await you here.

Do your Lenten shopping here.

## War Relief Fund Is Still Growing

Money continues to pour into Red Cross coffers for the war relief fund, as the need for the money grows. Mrs. George A. Parkins chairman, announces a total of \$179.21 came into the Valley county treasury in the past week, \$48.25 of it locally. Arcadia was the big donor this week, sending in \$130.96 or 85 per cent of money collected in that locality, keeping the other 15 per cent for local needs. This is a fine showing, and not Arcadia's first effort, either. Other funds taken in included \$1 from Joe Knapp, \$1 from Frank Knapp, \$3.25 from District 65 to add to previous contributions from this neighborhood, and \$38 given by the Cosmopol-

itan club of Ord to add to their earlier donations to the Red Cross. Springdale Kensington club sent in \$5 for war relief. As local people have personal contact with the war, they realize as never before the great work of this great institution, the American Red Cross. Non-sectarian, it will take good care of our service men when and where they need it. And so the money continues to come into Red Cross coffers, for everyone wants to help this splendid organization do its work.

## What Do We Do Now, Ask 426 Men

(Continued from page 1)

then, beginning with the top card, they will be numbered. The first card will be T-1 (T for Third Registration), T-2, and so on. The number placed on your card will be your serial number and it will be posted by the Valley county board so you may find out what it is. The order in which numbers are drawn at Washington next month will determine where your name goes on the registration list kept by the local board. Suppose the first number drawn is No. 41. If your number is T-41, your name will head the list of those in your local board. Suppose the second number is 396. The holder of this number in Valley county will become second on the list here. Suppose the third number is 1,654. Since the Valley county board has no number this high, it will just record that high number and wait until a lower one is drawn to determine its third man. Questionnaires will be sent out to registrants in the order in which their names appear on the list. Classifications will be made after the questionnaires are filled out and sent back to the boards. Men in the third registration will find their questionnaires differ slightly from those used in the two previous registrations. New questions have been added to give selective service a better idea of what kind of work each man does, and his previous experience. This information may prove valuable in locating labor supplies in future. Don't get the idea that selective service is going to "draft" men for jobs. Major Frank B. O'Connell, chief classification officer in Nebraska, assures registrants that "selective service" has no idea of conscripting men for defense jobs.

## PERSONALS

—J. J. Schmidt of Minatare was a bus passenger to North Loup Friday.  
—Miss Ruth Kille was a bus passenger to Grand Island Saturday.  
—Irene Rettig was home with the flu Wednesday at the John Misko home.  
—N. J. Holt is busy this week redecorating the room occupied by the J. C. Penney company. He is being assisted by Mike Socha.  
—Mrs. Asa Anderson and little daughters spent the week in the country with her mother, Mrs. Harvey Hohn.  
—Mrs. Susie Sample has moved to North Loup, where she is living in the George Pierce property.  
—Jungmann lodge, Z. C. B. J., is sponsoring a card party for benefit of the Red Cross on Sunday, March 1 at the hall, and all are invited to attend.  
—The George Vasicek family who have been living in Mansion, Ia., returned to Ord Sunday and will make their home here for the present.  
—Mr. and Mrs. Richard Rowbal write from Parsons, Kas., that they have bought a trailer house and like it very much. Renting was a problem there.  
—Mr. and Mrs. Nate Sinkler and the children left Thursday morning to make their home near Dayton, O., where he has a civil service position.  
—Judson Wilbur, brother of Mrs. H. D. Rogers, who had been visiting her, left for his home in Duluth, Minn., Wednesday morning.  
—Bennie Morris, who is employed on a ranch some 60 miles northeast of Ord, spent a few days visiting here the past week.  
—Mr. and Mrs. Orin Kellison moved last week from the former Frey house to the former home of Judge Clements on the hill. Mr. and Mrs. Kellison went to Archer Sunday to spend the day with her parents.  
—Dr. and Mrs. H. N. Norris and Mr. and Mrs. Guy Burrows drove to Broken Bow Sunday to visit in the Herb Schmidt home, the occasion being a visit there of Mr. and Mrs. Bob Schmidt and Benny of Omaha.  
—Dr. F. A. Barta reports the birth of a baby girl on Feb. 15 to Mr. and Mrs. John Kason who live two miles west of Arcadia. This was the fourth child in the family.  
—Rev. and Mrs. Earl Cummings left Sunday, planning to stop at Maxwell to have their furniture shipped and at Wallace to see his sister. They are moving to Bonesteel, S. D., at once. They returned to Ord Wednesday afternoon, and are visiting the Joe Rowbals.  
—Rev. Thomas Siudowski was called to Chicago Thursday by the critical illness of his mother, and writes that he will be unable to return to Ord at present, as she remains low. For Wednesday and Sunday services at the Catholic church, Rev. Henry Bednarczyk of Grand Island substituted. The latter is stationed at St. Francis' hospital.  
—The John Nelson family of Omaha and the J. E. Gilmore family of Lincoln drove to Ord Saturday evening to visit the ladies' mother, Mrs. W. A. Bartlett. Because of the threatening weather Sunday they left for home in the afternoon and got home without incident, although it rained on them part of the way, from York on.  
—Mr. and Mrs. A. A. Wiegardt, Mr. and Mrs. V. W. Russell, Agn. Klima, Jr., James Gilbert, Harry Wolfe, Mr. and Mrs. C. J. Mortensen, Mrs. Keith Lewis and Mrs. Frank Faifeita made up Ord's contingent to Grand Island Tuesday to attend the winter district meeting of the Legion and Auxiliary.  
—Miss Josie Kriz, who is now nursing in Omaha, but formerly lived in Ord, was called on a new case a few days ago. She was surprised to find her patients were Mr. and Mrs. R. L. Staple, well known here. Both of them are ill, he had a stroke about a month ago and is now able to be put in a wheelchair and is in fair condition. Mrs. Staple is very low, Miss Kriz writes. Both of them have been in very poor health for about 18 months past, but their daughter Mildred stays quite well.  
—C. D. Wardrop was taken very ill Friday at the dinner table. He is improving now, and plans to go to Lincoln to the Veterans' Hospital probably the first of the week. Mrs. Wardrop's father and brother, Venell Krikac, sr., and Venell Krikac, jr., came from Comstock to help her for a day or two. Miss Marlon will come home from Kearney this week end to be with her father. Dr. Round is looking after Mr. Wardrop.  
—Mrs. Charles Bals Monday received a letter postmarked Nov. 15, sent from her home near Ghent, in Belgium. The food problem is the biggest thing in their lives, and no fat or oil whatever are available. Ration cards are treasured carefully; when guests come to visit they bring their meals. A French friend wrote that she would like to come to visit in Belgium for two or three days, but was afraid her ration card might be taken from her at the border. Another sister of Mrs. Bals wrote that she was glad she lived in a small town and had a vegetable and fruit garden, but that almost all her energy and days were taken up with trying to find enough food and enough clothing to suffice; but, she wrote, city dwellers without gardens were much worse off.

—Little Mary Thompson broke out with chicken pox Wednesday morning, but is not seriously ill. She is the only child of Superintendent and Mrs. C. C. Thompson.  
—Mr. and Mrs. Satterfield came from Taylor to see their son George and family Monday evening. George's sister, Mrs. John Ward and Mr. Ward and little Doris Helen came too.  
—Mrs. Art Meyer came Saturday from Burwell to spend the week end with the George Satterfield family. She reports Betty is in Merkle, Tex., with Jessamine, now Mrs. Robert Day. Betty likes the twin babies and the country so much that she has stayed on and on.  
—Mr. and Mrs. Harlan T. Frazier drove to Hastings Sunday to return Pat to her school work stopping in Kearney to see Mrs. Frazier's sister in the hospital there. James Ollis, Ray Hurlbert and Cornelius Biemond rode with them to Kearney.

## Social and Personal

**Card Party Held**  
A Red Cross benefit card party was held at the Elm Creek school Friday, Feb. 20. Seven tables of cards were played. Delos Kerns and Mrs. Kwiatkowski won high score and Carrol Karre and Rosalie Adamek received low score. A total of \$3.25 was received and turned into the Red Cross fund.  
**Farewell Party**  
A surprise party was held at the Wayne Benson home Tuesday Feb. 17. The guests played pinocle. Iris Warford and Will Adamek won high prize and Mrs. Will Adamek and Emil Adamek received low score. The evening was enjoyed by all.  
**Mrs. Will Misko.**  
At the home of Mrs. Will Misko Tuesday the Ord Pinocle club went into action. Mrs. Joe Jablonski making high score, Mrs. Joe Knezacek low score and Mrs. William Bartlett winning the traveling prize. Mrs. Ray Mella played in place of Mrs. John Ward. Mrs. Will Misko will be hostess to the same club in two weeks, as it begins a new round.  
**At Joe Lukes Home.**  
Sunday a happy party gathered together at the home of Joe Lukes. Present were Mr. and Mrs. Matt Kosmata and Miss Ann Kosmata, Mr. and Mrs. Albert Lukes and Eugene, Frank Bilka, sr., and Mr. and Mrs. Lou Bilka, also Misses Elizabeth and Barbara Lukes.  
**At Parks Home.**  
Mr. and Mrs. Leonard Parks and daughters and the Archie Mason family spent a quiet Sunday together at the home of the former.

## Ord Beats Atkinson, but Loses to O'Neill

Friday Atkinson came to Ord for the annual clash between these two teams. Ord took an early lead and was never headed, the final score being 41 to 20. In the preliminary the Ord reserves played the Junior high, the reserves winning by a score of 25 to 10. Tuesday evening O'Neill came to Ord and proved their reputation was no false alarm by winning by a final score of 41 to 24. The score favored O'Neill at the half 14 to 12. Coach Eddy brought his grade teams over for two preliminaries, which proved fully as exciting as the main game.

## IT HAPPENED IN ORD.

Maybe a poem a day keeps the blues away and an apple a day keeps the doctor away, as reported by the World-Herald in a feature article about John L. Ward Sunday, but John got his poems and apples mixed up and had to call a doctor Saturday. The doctor kept him in bed most of the time for three or four days. John claims the excitement incident to having his picture printed in the World-Herald and to winning a wrist watch in a radio jingle contest, didn't have a thing to do with his sickness, but his friends are doubtful. Wednesday morning Van Page came into the Quiz office with a small cardboard box filled with pennies to be used in payment for his subscription to the Quiz. He lives on one of the Bals places southwest of Ord. They wanted to take the Quiz, so about six months ago they began saving the pennies. Every time they came to town they had a few when they got home, and in what seemed like only a little while they had enough to pay for the paper and get a dollar's worth of defense stamps.

## LATE BURWELL NEWS.

Billy McMullen left on the afternoon bus Tuesday for Ke-wanee, Ill., where he will visit the A. W. Tunnick family and look for lucrative employment.  
Mr. and Mrs. Ray Scarborough of Grand Island have moved to Burwell. They are living in the Skans house across the street from the Methodist church. Mr. Scarborough drives the bus to Grand Island.  
Mrs. W. D. Hart suffered a severe heart attack Sunday evening. She is improving.  
B. A. Rose plans to go to Lincoln Saturday to attend the Republican Founders' day celebration. He is now a Republican district chairman of Dist. 10, comprising Boyd, Holt, Wheeler and Garfield counties.

## Large Mushrooms

A North African variety of mushroom stands two feet high. Some other mushrooms are so large that one of them would be more than a meal for a man.

## CUT FLOWERS.

We telegraph flowers anywhere. We are prepared to take care of any order on very short notice. Call us by phone and get the flowers when you want them.  
"It pays to buy from Noll"  
NOLL SEED CO.

## Scotia Defeats No. Loup.

North Loup—(Special)—Tuesday evening three basketball games were played here, the local first and second teams and the town team contending with similar teams from Scotia. All three games were close contests, but Scotia won them all. These were the final games for North Loup this season.

## Married This Morning.

Miss Ellen Neel, a daughter of Alvin Neel, of Elyria, was married to Arthur Sebesta, of Taylor, by Judge John L. Andersen this morning.

## Two of the bulls sold brought \$210 per head.

Jacob Jensen of Scotia bought four of the bulls. The snow storm prevented many buyers living at a distance from attending the sale. The storm also interfered with the delivery

## Each family attending made their contribution to the bounteous dinner.

The Cooks were married thirty-five years ago on Feb. 20. Their home has always been in Mira Valley, their splendid farm residence being located a quarter mile east of the Evangelical church, of which they are honored members. They have two children, a son, Reuben, and Mrs. Harry Foth, both living a few miles from the old home.

## Mrs. Cook belongs to the Koelling family who came to Mira Valley among the earliest settlers and have seen the advance from the dugout and sod house to the fine residences that now dot the valley.

Mr. Cook belongs too, came to the community in the pioneer days, a member of a large family of boys. All of his brothers, except two, are still living in the neighborhood. A pleasing feature of the anniversary Sunday was the presence of Mr. Cook's mother, Mrs. J. D. Cook, now past her eighty-second milestone.

## Mr. Cook belongs to the Koelling family who came to Mira Valley among the earliest settlers and have seen the advance from the dugout and sod house to the fine residences that now dot the valley.

Mr. Cook belongs too, came to the community in the pioneer days, a member of a large family of boys. All of his brothers, except two, are still living in the neighborhood. A pleasing feature of the anniversary Sunday was the presence of Mr. Cook's mother, Mrs. J. D. Cook, now past her eighty-second milestone.

## HYBRID CORN.

Nebraska 463, Iowa 939 and Standard 613, these are all numbers that are suitable for this section of the state and are available in limited quantities. We have three bushels of Pfisters 366 which is suitable for sandy soil.

## POP CORN CONTRACTS.

We are writing contracts for Jap Hulless, Yellow Pearl, Superb and Hybrid Jap. If interested let us write your contract now; there is not a very large acreage available.

## PERMANENT PASTURE.

It is time to plan your sowing of grass seed. Brome and Crested Wheat should be seeded as early as possible. We believe there is a chance to save money by placing your order early on all field seeds this year.

## Satterfield Cattle

Sell at \$102 Average  
Burwell—(Special)—Cattle producers of the Loup valley braved the storm Monday to attend the Satterfield cattle sale at the Burwell livestock market. James Webb, of Grand Island, who was auctioneer, declared that these cattle were one of the best herds he ever had the opportunity to sell.

Most of the cattle remained in the Loup valley area. Two hundred and eight head were sold averaging \$102.07. The 200 cows which were sold averaged \$96.25. Eight bulls averaged \$173.56. Frank Blaha, who a month ago dissolved partnership with his brother, John, by selling all their livestock reaffirmed his faith in the cattle business by buying the top lot sold. He paid \$102 per head for 21 heifers carrying their first calves.

## BROODER STOVES.

It is very difficult to get delivery on Brooder Stoves in many cases, but last year we had good sales on them and we are on a preferred list of dealers so we have been able to get a good quota. We received another shipment this week and have 4 large ones promised this coming week and possibly six for the next week. If you need a brooder stove see us right away.

## BABY CHICKS.

For Friday and Saturday we can get White Rocks, Barred Rocks, Reds, White Leghorns and White Orpingtons. And we have coming next week White Rocks and Austra Whites. You should place your order early this year if you don't want to be disappointed. Leghorns at \$9.50 per hundred and Heavy breeds at \$10.00 per hundred. Discounts on 500 or more.

# ORD LIVESTOCK MARKET

## Saturday, February 28

This sale will start promptly at 1:30

Last Saturday's market was strong on all classes of livestock. We had 20 head of good farm horses and got them all sold except one, without any rejects. For this week it looks like:

**115 HEAD OF CATTLE—All Classes**  
Including 45 head of bucket calves, 35 head of mixed yearlings, several fat cows, several feeder cows, 5 good milk cows and 1 extra good whiteface bull, 2 years old and a guaranteed breeder.

**130 HEAD OF HOGS.**  
Including 40 weaning pigs, 50 head of feeder shoats, several feeder sows and some pure-bred Poland-China brood sows bred to a purebred boar, consigned by Joe Rousek. The Rousek sows are double immuned.

**10 EXTRA GOOD WORK HORSES.**  
Some more of those horses right off local farms, all sound and of the right ages.

**BIG AUCTION OF MACHINERY—STARTS 1:30**  
Included is a regular Farmall tractor with rubber in front, in A-1 shape; a nearly new 75 foot endless belt; a power sweep complete with 1932 Buick engine, in good condition; and from the Cerny estate a 1937 Chevrolet sedan and a 1937 Ford pick-up complete with grain box and stock rack. There will be other machinery items also.
