## Supervisors Accept Klima Resignation as County Official

### Will Meet Monday, April 9th to Choose Successor to Long-time Co. Clerk.

Ign. Klima, jr., who has served Valley county for eighteen years as county clerk and ex-officio register of deeds, Monday tendered his resignation to the county board of supervisors and it was accepted. His successor will be named at an adjourned meeting of the board to be held next Monday, April 9.

"Personal and business circumstances and conditions" are the reasons given by Clerk Klima for his resignation, and it is understood that he plans to leave Ord and locate on the west coast. Mr. and Mrs. Klima recently sold their home here to Howard Huff.

Mr. Klima asked to be relieved of his responsibilities by May 1, in his message handed to the board of supervisors.

He was first elected county clerk in 1926, succeeding J. T. Knezacek who retired after serving eight years in the office, and has since been reelected four times, his present term having almost two years to go. Mr. Klima has been an officer in the Nebraska association of county clerks for a number of years. In Ord he has been active in American Legion affairs and in civic affairs generally.

In his letter resigning the office Klima suggested that the board appoint Mrs. Dorothy A. Fauss, one of his present assistants, saying that she is qualified by training and experience to serve until a successor has been elected and qualified.

Mr. Klima is a democrat and since a majority of the present board of supervisors are republicans it is likely that a republican will be appointed to fill out the unexpired term. Several men are under consideration, supervisors say.

## W. F. Ainsworth Dies at Age of 84

William F. Ainsworth, 84, died Saturday at his farm home 4 1/2 miles west of Erickson, and was laid to rest in the Ord cemetery Monday after services at the Pearson chapel with Rev. C. Born in Stevens Point, Wis. on Oct. 17, 1860, his boyhood was spent there and at the age of 18 he went to South Dakota where he worked for two years later moving to Wilber, Neb., and successively to Lincoln University Place and Hawlock. In 1901 he moved to Garfield county and spent the rest of his life on the farm 4 1/2 miles west of Erickson.

Mr. Ainsworth was married to Eva L. Moss on Feb. 13, 1885, and to them six children were born, four of whom survive. They are Albert LeRoy, address unknown; Mrs. Mary Budd, of Grand Island; William, Milwaukie, Wis., and Mrs. Mabel Canfield, at the family home. His wife dying in 1904 he was married the following year to Minnie E. Moss, who preceded him in death on Nov. 26, 1940.

## 3 Inches of Snow, Temperature 20

"It was sure a short summer," was the comment oft-heard in Ord when last week's springlike weather came to a sudden end Sunday evening and temperatures plummeted to points below freezing. Monday afternoon snow began falling, continuing throughout Tuesday. Wednesday morning dawned clear and cold and 3 inches of snow had fallen according to Horace Travis. Moisture content was .36 of an inch.

Lowest temperature was 20 degrees during Tuesday night. The Tuesday morning reading was 22.

While the moisture is welcomed for small grain crops and garden, the extreme cold is bound to cause damage to early fruits. Extent of the damage to fruit will not be known for a day or two. Some shrubbery may be damaged also.

Fair and warmer weather is forecast for the rest of this week.

—Mrs. Carl Sorensen and children went to Grand Island Friday, helping Maxine Sorensen move to a new apartment. Mrs. Inez Edwards returned to Ord with them, staying a few days. Maxine came Saturday evening to spend the week end.

## 4-Star General Commends Nolde

### To Pvt. Virgil Nolde, of North Loup, has come the honor of being commended by a 4-star general even before he reached the battlefield.

On rifle range practice at Camp Hood, Tex., where he is stationed, Pvt. Nolde made eight bullseyes in a row and was startled to hear someone behind him say: "That's the way to get 'em, fellow." Looking around he saluted a general, who asked his name and home address.

Pvt. Nolde didn't know the general's name but on returning to camp found that General Stillwell was on an inspection tour there that day.

## Council Moves to Provide Alleys in Business District

### Committee Named to Contact Property Owners and Get Signed Releases.

The Ord city council decided Monday evening to proceed at once with a campaign to open alleys in the business district of the city as the most effective method of relieving traffic problems, the specific territory being the streets around the square and blocks cornering the square.

Since opening of alleys will benefit everybody and will result in increased value for business property, it is believed the property owners will sign releases permitting the opening of alleys without expense to the city, in most cases. If necessary, condemnation proceedings will be brought, said City Attorney E. L. Vogelanz.

Committee named to visit property owners and secure releases is headed by A. W. Pierce and has as other members F. J. L. Benda and Frank T. Krikac.

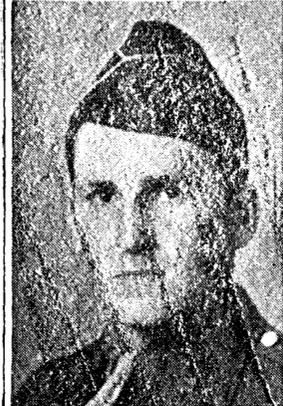

At present only two alleys are open to traffic in the business district, these being the alleys back of buildings on the south and west sides of the square.

Property owners already seen by councilmen favor opening of alleys and are showing a fine spirit of cooperation, it is reported. To date only one owner has seemed hesitant about releasing sufficient of his business lots for alley use and it is believed he can be induced to change his mind, when he realizes the benefits that will result from having the alley opened behind his building, permitting unloading of merchandise from the rear of the building instead of from the street in front.

## Sgt. Zabloudil Is Killed in France

### Parents Got Word Tuesday of Death March 31st but No Details Given.

S. Sgt. Steven Zabloudil was killed in action on March 21, somewhere in France, said a message received by the parents, Mr. and Mrs. John Zabloudil, on Tuesday of this week. A letter giving more details will follow soon, said the message from the war department.

The young man, 28 years old at the time of his death, was drafted Dec. 11, 1943. In November of 1944 he was sent overseas, having been there five months at the time of his death.

Left to mourn are his parents, two sisters and six brothers, as well as many other relatives and friends. He had never married.

In February Steve wrote home that he had been promoted to staff sergeant and that he was a member of Gen. Patch's Seventh Army, then some place in Germany.

—Frank Rysavy and his mother left Wednesday for San Pedro, Calif.

## W. E. Dodge Dies after Getting News Soldier Son Lost

### 49-Year-Old Elyria Farmer Had Heart Attack, Died at His Home Friday.

William E. Dodge, 49, died suddenly at his farm home near Elyria Friday as result of a heart attack which he suffered, relatives said, after getting a telegram from the War department stating that his son, Sgt. Erwin A. Dodge, was missing in action in northern Italy. He was one of the most respected residents of the Elyria community and had been active in civic affairs.

Funeral services were held at the Methodist church in Ord on Monday with Rev. Carl McConnell officiating and burial was in the Ord cemetery. Pallbearers were Ed Holub, Burt Whiting, Lester Norton, Hans Fischer, Otto Pecenka and Carl Dale. The Pearson Mortuary had charge of arrangements.

Born near Elyria on May 2, 1895, Mr. Dodge received his education in the Elyria schools and spent his entire life in that vicinity where he engaged in stock raising and farming on an extensive scale. His marriage to Miss Agnes Hayek took place at Lincoln, Neb., on March 17, 1917, and three children were born to them.

Surviving are his wife, a son, William, jr., at home, a daughter, Phyllis, at school in Lincoln, and presumably his son S. Sgt. Erwin Dodge, who was reported in action after the bombing on which he was a radio operator, when he was shot down over northern Italy, although whether he was killed or is a prisoner is not definitely known. A sister, Mrs. Lottie Hoyt, of Comstock, also survives.

Mr. Dodge attended the First Baptist church in Elyria from its founding until services were discontinued.

He served on the school board for ten years and for many years was a member of the Elyria township board also. He was a director of the Farmers Grain & Coal company of Elyria during its operation. At the time of his death he was serving on the Valley county farm bureau extension committee, on the FSA advisory board and was chairman of the AAA for Elyria township.

A born stockman, Mr. Dodge was ever alert to recognize and point out the good qualities and value of fine livestock, and was always interested in better farming and stock raising practices. A good neighbor, civic leader and a great family man, he will be mourned in his home community and by all who knew him.

## Arthur Insane, is Verdict of Jury

### Ord Tire Man Not Guilty of Murder By Reason of Insanity, at Denver.

Kenneth G. Arthur, operator of a tire recapping shop in Ord, was found "not guilty of murder by reason of insanity," in a case heard in district court at Denver, Colo., last week. Instead of being sent to prison for life or being put to death, Arthur will be confined to the state hospital for the insane at Pueblo, Colo.

The young man, a medically discharged veteran of World War II, operated the tire recapping store in Ord several months while his family remained in Denver. On a visit to his wife and children there he shot and killed his mother-in-law, Mrs. Elizabeth Vertrees, and later shot and killed a soldier stationed at Lowry Field, Pvt. Frank Hammill, who was a roomer in the Vertrees home.

Disarmed by another soldier, Sgt. Wesley Mayhew, young Arthur was charged with the murder of Mrs. Vertrees, to which crime he pleaded innocent by reason of insanity, and the jury so found. A second murder charge arising out of the death of Pvt. Hammill was filed but cannot be prosecuted now that Arthur has been found insane by a jury.

He was scheduled for transfer to the Pueblo hospital Monday but the transfer was postponed until the Denver district attorney could secure affidavits from witnesses to the Hammill shooting.

Arthur was well liked while residing in Ord and seemed to be doing well in a business way. Ord friends do not believe he was mentally deranged during the period of his residence here.

## Donald Babcock, 17, Wins Scholarship

### North Loup—(Special)—Winner of the Carl Raymond Gray scholarship for vocational agriculture students in Valley county for 1944 is Donald Babcock, 17, of this village, it has been announced by William Jeffers, president of the Union Pacific railroad.

Youngest son of Mrs. Martha Babcock, who died two years ago, Donald is a senior in North Loup high school and his completed calf, hog and corn growing projects in his agriculture course. Since the death of his mother he has made his home with his sister, Mrs. Russell Barber, coming to school several miles daily on a bicycle or pony. Besides his school work he is active in athletics. He plans to attend University of Nebraska college of agriculture next year and is grateful for this scholarship.

## Fair Board Votes Unanimously Not to Sell Grounds

### Will not Hold a Fair Until All Restrictions Lifted but Will Retain Grounds.

The Loup Valley Agricultural Society's board of directors, holding a special session Thursday evening to decide whether or not to sell the society's real estate at the outskirts of Ord, voted unanimously to retain ownership of the property, it is announced by R. Clare Clement, president.

Seven of the nine members of the board were present, those voting being Harry Bresley, Hilding Pearson, Henry Enger, M. B. Cummins, Chris Belers, Bob Noll and Mr. Clement. Two members, Dr. J. W. McGinnis and Dave Arnold, were not present but it is believed both favor retention of the property.

No fair will be held in Valley county until all government restrictions are lifted, it was decided, but as soon as this time comes a fair will be planned and held. An early victory over Germany and good progress in the Japanese war might result in restrictions being removed in time to hold a fair next fall but this is not regarded as likely, and the first fair probably will be held in the fall of 1946.

Some of the buildings at the fair grounds may be sold now and proceeds of their sale applied against the \$1,600 mortgage owed by the society. Some of the buildings have not been used in recent years and may never be needed again; others including a portion of the grandstand, need to be rebuilt before they can be used, and it is considered advisable to sell such structures now while used lumber is needed and is bringing good prices, and rebuild if and when need for them arises.

Two hog sheds and the poultry building, as well as the oldest portion of the grandstand, are mentioned as structures most likely to be sold. A committee composed of Henry Enger, Hilding Pearson, C. C. Dale and Clare Clement has this matter in charge with authority to sell and will meet this week.

## New Chief Clerk for Ration Board

Marguerite Wozniak will be chief clerk of the Valley county war price and ration board, replacing Mrs. Keith H. Luedtke who resigned effective March 24. Jean Veleba was eligible for the job of chief clerk because of serving nearly two years in this office, but regulations require that the person filling this job be 21 years or over.

Mary Ann Petska has been employed as the other clerk to complete the office staff.

—Frank Lukesh has been here visiting from Culver City, Calif. He came Tuesday of last week and leaves Thursday of this week.

## Surprise Write-in Vote Beats Pierce for City Council

### 2nd Ward Voters Choose Dr. Blessing; Schoenstein Winner in 3rd Ward.

By a surprise write-in vote, Dr. F. L. Blessing was chosen Ord city councilman in the 2nd ward over A. W. Pierce, present incumbent and the nominee of both parties, at the city election held Tuesday. The vote was 63 to 40.

Surprising also was the defeat of Dr. J. W. McGinnis, veteran 3rd ward councilman and nominee of the Citizens party, by Gus Schoenstein, nominee of the Good Government party and a new-comer to Ord politics. The vote was 58 to 31.

A write-in attempt in the 1st ward failed when Ed Beranek, nominee of both parties, was reelected councilman. He received 29 votes to 22 for E. S. Murray and 3 for John P. Misko, both of whose names were written in by voters.

Fred Cahill and Horace Travels were reelected to the school board and Ed F. Beranek to the park board, without opposition or write-ins.

A total of 108 votes were cast in the second ward despite the wet, stormy day, which was the greatest total cast in any of the wards. Only 92 were cast in the third and 57 in the first. In hot campaign years close to 1,000 votes have been cast in the three Ord wards but the vote Tuesday was surprisingly large for an "off year" in which no contests appeared on the ballot in two of the city's three wards.

Rumor says that the campaign to write in the name of Dr. Blessing was hatched only Monday evening and was consummated by telephone calls on Tuesday but it was surprisingly well organized for a last-minute campaign. Councilman Pierce, supposedly certain of election because of his nomination at both party caucuses, is said to have heard of the write-in plan too late in the day on Tuesday to get his own forces to the polls. Pierce has served one term as second ward councilman.

His outspoken approval of the rendering plant and his activity in regard to truck regulation are said to have earned Councilman Pierce the enmity of sizable groups of Ord voters who failed to organize in time to oppose his nomination at either caucus. The rendering plant question is said also to have been the main factor in the defeat of Councilman McGinnis in the 3rd ward, adjacent to which the plant is located.

## Williams to Run Bus to Kearney

W. F. Williams of Grand Island has been awarded the bus run from Ord to Kearney and back, the state railway commission has notified him. Mrs. Bickel also asked for this franchise at the hearing.

Mr. Williams has 90 days in which to start service, get gasoline, buses and drivers lined up, etc. He plans to send a bus south from Ord each morning to Loup City, and on to Kearney, and have it return to Ord in the evening in time to make connections with the bus to Burwell. The exact time schedule will be announced later.

## Music Night at the High School April 11

Another evening of music will be furnished to the public free of charge by the Ord high school music department next Tuesday, Apr. 10 at eight o'clock announces Director Glen Auble. The program will start at eight o'clock. In addition to the band and glee clubs taking part in the first such program a few weeks ago, there will be solo quartets, small groups and mixed chorus numbers.

The program will consist of the musical numbers to be entered in the coming music contest by Dorothy Auble, high school music teacher and her father, Band Director, Ole Auble.

Friday this week Ord goes to Arcadia to enter a music contest and on Apr. 20 to Kearney if the transportation problem can be solved.

—Mrs. Cecile Ferguson left Tuesday afternoon on the bus for Denver.

4-Star General Commends Nolde

To Pvt. Virgil Nolde, of North Loup, has come the honor of being commended by a 4-star general even before he reached the battlefield.

On rifle range practice at Camp Hood, Tex., where he is stationed, Pvt. Nolde made eight bullseyes in a row and was startled to hear someone behind him say: "That's the way to get 'em, fellow." Looking around he saluted a general, who asked his name and home address.

Pvt. Nolde didn't know the general's name but on returning to camp found that General Stillwell was on an inspection tour there that day.

Council Moves to Provide Alleys in Business District

Committee Named to Contact Property Owners and Get Signed Releases.

The Ord city council decided Monday evening to proceed at once with a campaign to open alleys in the business district of the city as the most effective method of relieving traffic problems, the specific territory being the streets around the square and blocks cornering the square.

Since opening of alleys will benefit everybody and will result in increased value for business property, it is believed the property owners will sign releases permitting the opening of alleys without expense to the city, in most cases. If necessary, condemnation proceedings will be brought, said City Attorney E. L. Vogeltanz.

Committee named to visit property owners and secure releases is headed by A. W. Pierce and has as other members F. J. L. Benda and Frank T. Krikka.

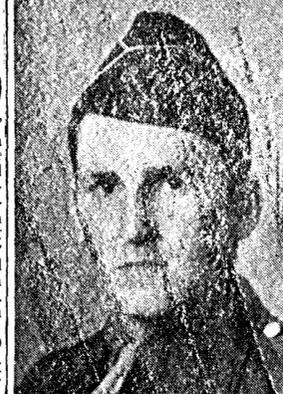

At present only two alleys are open to traffic in the business district, these being the alleys back of buildings on the south and west sides of the square.

Property owners already seen by councilmen favor opening of alleys and are showing a fine spirit of cooperation, it is reported. To date only one owner has seemed hesitant about releasing sufficient of his business lots for alley use and it is believed he can be induced to change his mind, when he realizes the benefits that will result from having the alley opening behind his building, permitting unloading of merchandise from the rear of the building instead of from the street in front.

Parents Got Word Tuesday of Death March 31st but No Details Given.

S. Sgt. Steven Zablouil was killed in action on March 21, somewhere in France, said a message received by the parents, Mr. and Mrs. John Zablouil, on Tuesday of this week. A letter giving more details will follow soon, said the message from the war department.

The young man, 28 years old at the time of his death, was drafted Dec. 11, 1943. In November of 1944 he was sent overseas, having been there five months at the time of his death.

Left to mourn are his parents, two sisters and six brothers, as well as many other relatives and friends. He had never married.

In February Steve wrote home that he had been promoted to staff sergeant and that he was a member of Gen. Patch's Seventh Army, then some place in Germany.

W. E. Dodge Dies after Getting News Soldier Son Lost

40-Year-Old Elyria Farmer Had Heart Attack, Died at His Home Friday.

William E. Dodge, 49, died suddenly at his farm home near Elyria Friday as result of a heart attack which he suffered, relatives said after getting a telegram from the War department stating that his son, Sgt. Erwin A. Dodge was missing in action in northern Italy. He was one of the most respected residents of the Elyria community and had been active in civic affairs.

Funeral services were held at the Methodist church in Ord on Monday. Rev. Carl McConell officiating and burial was in the Ord cemetery. Pallbearers were Ed Holub, Bart Whiting, Lester Norton, Hans Fischer, Otto Pecenka and Carl Dale. The Pearson Mortuary had charge of arrangements.

Born near Elyria on May 2, 1895, Mr. Dodge received his education in the Elyria schools and spent his entire life in that vicinity where he engaged in stock raising and farming on an extensive scale. His marriage to Miss Agnes Hayek took place at Lincoln, Neb., on March 17, 1917, and three children were born to them.

Surviving are his wife, a son, William, Jr., at home, a daughter, Phyllis, at school in Lincoln, and presumably his son S. Sgt. Erwin Dodge, who was reported missing in action after the bomber on which he was a radio operator-gunner was shot down over northern Italy, although whether he was killed or is a prisoner is not definitely known. A sister, Mrs. Lottie Hoyt, of Comstock, also survives.

Mr. Dodge attended the First Baptist church in Elyria from its founding until services were discontinued.

He served on the school board for ten years and for many years was a member of the Elyria township board also. He was a director of the Farmers Grain & Coal company of Elyria during its operation. At the time of his death he was serving on the Valley county farm bureau extension committee, on the FSA advisory board and was chairman of the AAA for Elyria township.

A born stockman, Mr. Dodge was ever alert to recognize and point out the good qualities and value of fine livestock, and was always interested in better farming and stock raising practices. A good neighbor, civic leader and a great family man, he will be mourned in his home community and by all who knew him.

Arthur Insane, is Verdict of Jury

Ord Tire Man Not Guilty of Murder by Reason of Insanity, at Denver.

Kenneth G. Arthur, operator of a tire recapping shop in Ord, was found "not guilty of murder by reason of insanity," in a case heard in district court at Denver, Colo., last week. Instead of being sent to prison for life or being put to death, Arthur will be confined to the state hospital for the insane at Pueblo, Colo.

The young man, a medically discharged veteran of World War II, operated the tire recapping store in Ord several months while his family remained in Denver. On a visit to his wife and children there he shot and killed his mother-in-law, Mrs. Elizabeth Vertrees, and later shot and killed a soldier stationed at Lowry Field, Pvt. Frank Hammill, who was a roomer in the Vertrees home.

Disarmed by another soldier, Sgt. Wesley Mayhew, young Arthur was charged with the murder of Mrs. Vertrees, to which crime he pleaded innocent by reason of insanity, and the jury so found. A second murder charge arising out of the death of Pvt. Hammill was filed but cannot be prosecuted now that Arthur has been found insane by a jury.

He was scheduled for transfer to the Pueblo hospital Monday but the transfer was postponed until the Denver district attorney could secure affidavits from witnesses to the Hammill shooting.

Arthur was well liked while residing in Ord and seemed to be doing well in a business way. Ord friends do not believe he was mentally deranged during the period of his residence here.

Donald Babcock, 17, Wins Scholarship

North Loup—(Special)—Winner of the Carl Raymond Gray scholarship for vocational agriculture students in Valley county for 1944 is Donald Babcock, 17, of this village. It has been announced by William Jeffers, president of the Union Pacific railroad.

Youngest son of Mrs. Martha Babcock, who died two years ago, Donald is a senior in North Loup high school and his completed calf, hog and corn growing projects in his agriculture course. Since the death of his mother he has made his home with his sister, Mrs. Russell Barber, coming to school several miles daily on a bicycle or pony. Besides his school work he is active in athletics. He plans to attend University of Nebraska college of agriculture next year and is grateful for this scholarship.

Fair Board Votes Unanimously Not to Sell Grounds

Will not Hold a Fair Until All Restrictions Lifted but Will Retain Grounds.

The Loup Valley Agricultural Society's board of directors, holding a special session Thursday evening to decide whether or not to sell the society's real estate at the outskirts of Ord, voted unanimously to retain ownership of the property, it is announced by R. Clare Clement, president.

Seven of the nine members of the board were present, those voting being Harry Bresley, Hilding Pearson, Henry Enger, M. B. Cummins, Chris Beiers, Bob Noll and Mr. Clement. Two members, Dr. J. W. McGinnis and Dave Arnold, were not present but it is believed both favor retention of the property.

No fair will be held in Valley county until all government restrictions are lifted, it was decided, but as soon as this time comes a fair will be planned and held. An early victory over Germany and good progress in the Japanese war might result in restrictions being removed in time to hold a fair next fall but this is not regarded as likely, and the first fair probably will be held in the fall of 1946.

Some of the buildings at the fair grounds may be sold now and proceeds of their sale applied against the \$1,600 mortgage owed by the society. Some of the buildings have not been used in recent years and may never be needed again; others including a portion of the grandstand, need to be rebuilt before they can be used, and it is considered advisable to sell such structures now while used lumber is needed and is bringing good prices, and rebuild if and when need for them arises.

Two hog sheds and the poultry building, as well as the oldest portion of the grandstand, are mentioned as structures most likely to be sold. A committee composed of Henry Enger, Hilding Pearson, C. C. Dale and Clare Clement has this matter in charge with authority to sell and will meet this week.

New Chief Clerk for Ration Board

Marguerite Wozniak will be chief clerk of the Valley county war price and ration board, replacing Mrs. Keith H. Luedtke who resigned effective March 24. Jean Veleba was eligible for the job of chief clerk because of serving nearly two years in this office, but regulations require that the person filling this job be 21 years or over.

Mary Ann Petska has been employed as the other clerk to complete the office staff.

Frank Lukesh has been here visiting from Culver City, Calif. He came Tuesday of last week and leaves Thursday of this week.

Surprise Write-in Vote Beats Pierce for City Council

2nd Ward Voters Choose Dr. Blessing; Schoenstein Winner in 3rd Ward.

By a surprise write-in vote, Dr. F. L. Blessing was chosen Ord city councilman in the 2nd ward over A. W. Pierce, present incumbent, and the nominee of both parties, at the city election held Tuesday. The vote was 63 to 40.

Surprising also was the defeat of Dr. J. W. McGinnis, veteran 3rd ward councilman, and nominee of the Citizens party by Gus Schoenstein, nominee of the Good Government party and a new-comer to Ord politics. The vote was 58 to 31.

A write-in attempt in the 1st ward failed when Ed Beranek, nominee of both parties, was reelected councilman. He received 29 votes to 22 for E. S. Murray and 3 for John P. Misko, both of whose names were written in by voters.

Fred Cahill and Horace Travis were reelected to the school board and Ed F. Beranek to the park board, without opposition or write-ins.

A total of 108 votes were cast in the second ward despite the wet, stormy day, which was the greatest total cast in any of the wards. Only 92 were cast in the third and 57 in the first. In hot campaign years close to 1,000 votes have been cast in the three Ord wards but the vote Tuesday was surprisingly large for an "off year" in which no contests appeared on the ballot in two of the city's three wards.

Rumor says that the campaign to write in the name of Dr. Blessing was hatched only Monday evening and was consummated by telephone calls on Tuesday but it was surprisingly well organized for a last-minute campaign. Councilman Pierce, supposedly certain of election because of his nomination at both party caucuses, is said to have heard of the write-in plan too late in the day on Tuesday to get his own forces to the polls. Pierce has served one term as second ward councilman.

His outspoken approval of the rendering plant and his activity in regard to truck regulation are said to have earned Councilman Pierce the enmity of sizable groups of Ord voters who failed to organize in time to oppose his nomination at either caucus. The rendering plant question is said also to have been the main factor in the defeat of Councilman McGinnis in the 3rd ward, adjacent to which the plant is located.

## USE LOW-COST MEAT FOR MOST FLAVORFUL MEALS

Don't try to get along with too little meat—your meals will lack zest and flavor if you do. Nothing takes the place of meat in the daily diet, both for enjoyment of the meals and for the health of those who eat them.

In the cities there may be a meat shortage but it hasn't affected us to any extent on fresh meats, which are strictly home-fattened and home-butched when you buy them at our market. Many cuts of meat remain low in point cost; even the best are not extremely high.

Shop for your meat at our market and enjoy meat at its best.

# Brave little Hearts that will Never Forget!

... have been the lives of young ones in war-torn countries. Children like these - 30 million of them - are hungry, homeless, nearly naked. Deaths from exposure are often as many as deaths from starvation. Tuberculosis and typhus run rampant among them.

Never will their brave hearts forget the horrors of war. Never will their grateful hearts forget your gift of the clothing they so sorely need - clothing which now hangs unused in your closet - or reposes forgotten in your attic.

And remember, these pitiful children of today will be our proud partners of tomorrow in keeping the permanent peace we are all fighting for! Isn't their everlasting friendship worth your spare clothing?

America must help clothe about 125 million men, women, and children in Europe alone. This month, America must collect 150 million pounds of serviceable used clothing to take care of part of their needs.

Some of that clothing *must* be yours - as much as you can spare.

Will you do your share today?

## What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

**Christian Science Services.**  
"Unreality" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, April 8, 1945.  
The Golden Text is: "Judge not according to the appearance but judge righteous judgment." (John 7:24).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost. Let us therefore follow after the things which make for peace, and things wherewith one may edify another." (Romans 14:17,19).

**THE OLD JUDGE SAYS...**

"That's news to me, Judge. From the way some people talk you would think it was at least 50%."

"No, Clem, there's the statement right here in the paper... from authorities who have made an exhaustive study of the subject. Only about 5% of the people who drink occasionally abuse the privilege... 95% drink sensibly."

"No wonder you say it wouldn't be fair to take the privilege away from the other 95%, Judge. I agree with you."

"I can't see it any other way, Clem. No more than I could see taking automobiles away from everybody because a few drive recklessly and have accidents. Or preventing the making or sale of cake or doughnuts because some folks eat too much and get indigestion."

"In the case of spirit beverages, the answer is one of education and better control."

"As a matter of fact, the responsible members of that industry are working constantly toward that end. They don't want folks to abuse the use of their product any more than we do."

Our Fighting Men

Pfc. Clifford Brown and family were in Ord on Sunday visiting their former Ord friends, the Irwin Underberg family, who have been living at Waukegan, Ill., but are here pending Mr. Underberg's army induction. Pfc. Brown, formerly assistant Penney store manager here, is in the Signal corps and is stationed now at the Grand Island air base.

Mrs. Harold Porter has received a letter from her husband, Pfc. Harold Porter, saying that he is feeling much better since leaving the hospital, where he underwent treatment for stomach trouble. In the combat engineers' corps of Gen. Patton's 3rd army, Harold was at the front for 3 months. He is now in Paris working in a shop and doing practically the same thing he did at home before the war. He likes it fine there as they have lights and showers in their barracks and he is doing something he hadn't done for a long time—eating out of dishes.

BACK FORTY

Farmers around here have gotten their barley off to an early start, but some growers in southwestern Nebraska are way ahead of them. The westerners have been planting barley in the fall, using winter varieties. They claim considerable success with this new crop during the past few seasons.

Spring seeded Spartan is still the favorite locally, and very good choice. But Spartan may have to share its future popularity with Ezond barley, which seems to be a higher producer, and less apt to shatter. Ezond barley outyielded Spartan by over nine bushels per acre in the Custer County tests last summer. Ezond is said to be an early, smooth-bearded selection from Trebbi barley.

Many of our oats growers are using Oteo or Brunker, and right now there do not appear to be any better varieties. Brunker has the highest average yield from tests in the central district and does especially well on upland.

Other oats recommended for this area are Trojan, Fulton and Kanota. The agronomists no longer like such oats as Gopher, Kherson, Iogold, Nebr. 21 or Fulghum. These latter varieties are no longer endorsed because they find that the others are apt to give bigger yields. Brunker and Oteo have outyielded the new Cedar oats in this section of the state.

Something Different

Every once in a while some business man makes a mistake and lets a touch of his faith in his fellow man show through the protective shell of hard-headedness he wears when meeting the public.

Such a touch as this: "In addition to his obvious appeal as an entertaining toy, Raggy Doodle like all 'service men' has a task as they say in the Air Force. It is to present modern military aviation and its wartime aspects of blackouts and general safety precautions in such a manner as to remove the more terrifying elements of these subjects from the minds of little children. It is to plant in their hearts faith in our beloved AMERICA—and to teach them to look up at their gallant armed defenders with confidence, with pride and with love."

Wednesday from Lincoln, where she attended the wedding of a sister of Mrs. Rodney Stoltz who was also present. Mrs. Rodney Stoltz and baby will come to Ord soon to visit. Lt. Stoltz is now at Oak Ridge, Tenn., near the famous Norris Dam, having been sent there in October. He reports the winters are very wet.

Pfc. William Zabloudil arrived Friday evening surprising his parents, Mr. and Mrs. John Zabloudil. He has served four years, having been one of the first to be drafted in Valley County. Most of his time was spent overseas, and he has seen Australia, New Guinea, and many other places, coming home from the Philippines, where he was one of the men who helped liberate prisoners from the first of the prison camps on Luzon. His regular job was driving a half-track or gun-truck. Just before starting home he got malaria, but fought off hospitalization because he was so anxious to get back to the States. He has received an honorable discharge and will not be going back.

Pfc. Lavern E. Veleba of North Loup and his buddies are calling the crack 34th infantry regiment the "Lucky" regiment, after the heavy fighting of the past few days. They hit the hotly defended fortress of Corregidor as a forward assault unit, clawing up towering Malinta Hill through intense enemy fire to plant the first American flag to fly there in three years. They held the crest, rocky sun-baked, fly-ridden, through nine days and five major counter-attacks and many lesser ones, short of food, ammunition and water. Twice Japanese burrowed in to set off huge demolition charges in the tunnels trying to blow the Americans and the hill to Kingdom Come. Relieved from the hilltop, Veleba's company then spearheaded the attack down Corregidor's eastern tip. Expert marksmen killed 150 Nips in one day, and 300 in all, but incredibly not an "L" company man was killed in all this fighting, though a few were wounded. "We know we're good," said Veleba, "but I don't think we're that good. I guess maybe Providence had something to do with it."

Mr. and Mrs. Joseph Methé, formerly of North Loup, now living at Kearney, have five sons in the service of their country, they write. M. Sgt. Ernest Methé is in the army since January of 1942 and overseas in England for the past 18 months with an ordnance unit. Sgt. Vincent Methé has been in the army four years and stationed near Fairbanks, Alaska for 23 months, after which he was sent to Ft. Benning, Ga., for infantry training. Last month he was again sent overseas to the western war front. Pfc. Jerome Methé is now in Germany with the Ninth Army, in an amphibian truck company. He has been in the army two years and overseas 16 months. Pfc. Albert Methé went into the army in May, 1943 and has been overseas 16 months, where he is a member of a veteran quartermaster unit. Since leaving the States he has been service in New Caledonia, Fiji and Bougainville. He is entitled to wear a battle star on his Asiatic-Pacific campaign ribbon for participating in the Bougainville campaign last March when the Japs made their attack on the American division, the only combat division with a name instead of a number. It was the 1st army unit to see offensive action in this war when it reinforced the first marine division at Guadalcanal. Louis Methé, S. 2-C, finished boot training at Great Lakes in June and is now somewhere in the south Pacific. Two other sons are expecting to be called within the very near future.

Marjorie Ball writes her parents about the life of a missionary in Africa, telling how her husband shot a big lion that had been bothering the natives a good deal. The natives were overjoyed that the big beast was laid low and danced delightedly, but then amazed their missionary friends by insisting each of them must pull a whisker from the lion because the lion represented the reincarnation of some departed friend.

February and March and even April show more absences from schoolrooms than any other months, don't you guess? No doubt due to the inroads of the springtime afflictions for children. This year is surely no exception, for we have had a rash of scarlet fever, a swelling of mumps and now we're blood-shot with that old-fashioned favorite, "pink eye," which home nursing textbooks snub by completely failing to mention.

## W. Kochanowski Dies at Loup City

Walter Kochanowski passed away Sunday, March 25 at the Loup City hospital after an illness of about two months, being 61 years and one month old at the time of his death. He was born in Leavenworth, Kas., moving with his parents to a Nebraska homestead at the age of five years. He lived in Leavenworth a great portion of his life, until about 15 years ago when he came back to Nebraska.

Mr. Kochanowski was in business in Arcadia for several years and in 1937 he moved his interests to Rockville, where he remained until shortly before he died.

Left to mourn are five brothers and six sisters and many nieces and nephews, as well as other relatives and friends. All were present at his funeral except his oldest sister, Mary Walls who resides in California and was unable to secure traveling accommodations. His parents and one brother, Harry, preceded him in death. The other sisters surviving are Anna Ward, Frances Santore and Agnes Tappan, all of Chicago, and Helen Kwiatkowski and Barbara Kwiatkowski, of Ashton. The brothers left are Frank, Joe and Andy of Leavenworth, Kas., Pete of Burwell and Anton of Ashton.

Rosary was said at Steele's Funeral Home on Tuesday evening, with Rev. Zukoski officiating. Requiem mass was said at St. Francis' Catholic church at Ashton with Rev. A. L. Jarzinski officiating. Interment was made in the family lot in Ashton cemetery.

Friends up and down this valley will be sorry to hear of Mr. Kochanowski's death.

## Big Crowd Expected at Sardi Breakfast

Final plans for the big Breakfast With Sardi party to be given Thursday night of this week at 7:30 o'clock at the high school have been pretty well perfected, announced Mrs. Darrel McOstrich Tuesday. She is general chairman in charge of tickets and arrangements.

Mrs. McOstrich particularly wants to have the public note that all men and women in Uncle Sam's uniforms are to be special guests at the party on Thursday evening, and will be admitted without charge.

John Misko will make the party whiz and holler with his own particular brand of clever cracks, acting the role of "Tom Brennaman," master of ceremonies of the famous Hollywood radio show after which the party is being patterned.

Several orchids, gardenias and other lovely flowers are to be presented to lucky people. Someone will be chosen Valley county "good, good neighbor," who will that be? There are dozens of other prizes to be given, and refreshments for all.

A few tickets will be sold at the door Thursday evening, due to an extra printing. They cost 75c each, and that much fun is guaranteed, as well as a chance to take home a prize or two.

Ord Business and Professional Women are sponsoring the show, the money to be used for the recreation center, the milk fund, or perhaps to refurbish the women's rooms in the lower floor of the court house. A good cause and a good time, with food and fun for all.

## Council Denies Protest Against Rendering Plant

Delegation Complains Odor Unbearable, Asks License Revocation by State.

Another chapter in the Ord third ward's fight against the rendering plant was written on Monday night when a group appeared before the city council to protest that odors from the plant are unbearable now that the plant is in operation, and to ask that the council take steps necessary to bring about revocation of the state license under which Owner Bruce Covey is operating. The protest was denied by councilmen.

In the delegation were Mr. and Mrs. Ray Hurbert, Dr. and Mrs. H. N. Norris, Oscar Hackett and Ben Rose of Burwell, who is the attorney employed by the group. The delegation claimed to represent 210 third ward property owners who in December signed a petition against the plant being located here and who have since carried on a fight against it.

The plant has been in operation only a short time and the group's contention Monday was that it is being operated in an unsanitary manner, that flies are breeding in great numbers on the premises adjacent to east Ord, and that odors arising from the plant are noticeable throughout the ward.

Contention of the city council is that it has no authority over the plant, since it is located outside the city limits and operates under authority of a license issued by the state department of agriculture.

Legal action to bring about revocation of the rendering plant's license is being considered by the petitioning group, the Quiz is informed.

## OCD Groups Prove Mettle In Protective Services

Mr. John Q. Public and his neighbors are turning in more than an ordinary job as members of auxiliary police and fire protection organizations. Assisting regular local police and fire services in times of emergencies, the auxiliaries have seen action fighting fires, floods, explosions and other disasters.

Though organized primarily as air raid protection groups, it soon became evident that the auxiliary groups were valuable for other purposes, particularly when emergencies required more men than were available from regular police and fire forces.

Bearing this out are reports from the protection services division, Office of Civilian Defense, to the International Association of Chiefs of Police, citing "more than ordinary accomplishments" by auxiliary groups of 88 communities in 30 states.

The majority of OCD's citations were for auxiliary assistance during fires and floods. Auxiliary police and firemen, for example, aided regulars in Grand Rapids, Mich., last January in controlling a crowd of 5,000 during a warehouse fire, while Nashua, Mo., auxiliaries aided regular police and firemen in fighting an 18-hour, \$200,000 fire.

## Egg Production Depends Upon Flock Management

When pullets are put in the laying house, much depends on the management provided for the flock. Poor management generally means poor egg production. The causes of poor egg production may generally be traced to failure in six principal points in management. 1. Provide plenty of good, highly absorbent litter. 2. Clean and disinfect the laying house occasionally. 3. Provide proper equipment as to feed hoppers, roost space, water founts, and nests. 4. Allow at least 3 1/2 square feet of floor space per bird for the lighter breeds and 4 square feet for the heavy breeds.

5. Provide proper inlets and outlets for the proper movement of fresh air but avoid drafts. Do not allow the birds to catch cold. 6. Feed a balanced ration in line with production.

The specialists point out that the laying house should have been thoroughly cleaned and disinfected before the pullets were put into it. If this has not already been done, it should be given prompt attention now and all equipment should be scrubbed.

## Contact Lenses

Although contact lenses were suggested by scientists a century ago, not until the development of modern plastic materials did these devices for better seeing achieve popularity, says the Better Vision Institute. During the past decade great progress has been made in the design and fitting of contact lenses, and it is estimated that about 60,000 persons throughout the world now use such lenses for the correction of visual defects. After the war it is expected that the use of contact lenses will expand greatly.

The first contact lenses were made of glass and while satisfactory fittings for many persons could be made, surface irregularities of the cornea often caused much discomfort to the wearers of the devices. A few years ago, however, methods were devised to take moulds of living eyes so as to obtain correct patterns for accurate fitting, and at the same time new plastics were perfected having desirable optical and physical characteristics.

## Plant Protein

As a source of plant protein, cottonseed merits particular attention because of its abundance and nutritive value. Cottonseed meal, the ground residue remaining after removal of the oil from cottonseed, has been long recognized and extensively used by feeders of farm animals as a protein concentrate of high nutritive value.

There is now available a partially defatted, wholesome, and palatable cottonseed flour specially prepared for human use. Large quantities of this flour have been shipped overseas for lend-lease use. Its high protein content of 50 per cent is exceeded by only a few other foods. The digestibility of cottonseed globulin, which represents the greater part of the seed protein is nearly equal to casein of milk. The total protein of cottonseed flour is as digestible as peas and beans, 80 per cent as digestible as meat, and 90 per cent as cereals.

## Meaty Turkeys

Don't sell any turkeys until the breeders have been selected and save only those birds that mature and finish fairly early. The market wants meaty turkeys, therefore, select those birds for breeders that have a keel bone as long as their shank bone. Avoid selecting long-legged, long-necked birds with short keel bones. Breeding toms weighing approximately 20 pounds should have a maximum shank length of 7.7 inches, a minimum keel length of 7.3 inches, and a maximum body depth at the deepest place of 9 inches, in order to get the most meat in proportion to the bone. A female weighing 12 pounds should have a maximum shank length of 6.2 inches, a minimum keel length of 6.0 inches, and a body depth of 7.0 inches.

The War Wives club, the Young Ladies club and the Junior Fortnightly club held a good Friday service in the Seventh Day Baptist church Friday afternoon. Mrs. M. G. Williams of Scotia furnished beautiful music and Mrs. J. A. Barber had charge of devotionals.

Missionary Circle of the Seventh Day Baptist church are sponsoring a fund for an electric organ to be dedicated to Dr. Hemphill and are suggesting that each person that the doctor brought into the world give one dollar. Some funds have already come in, probably the dollar from farthest away coming from Ivan Miller who is with the army in New Guinea. Mrs. Harlan Brennick is chairman of the committee in charge of the fund and would be glad to have anyone send their dollar. It has been found that the organ will be available as soon as the money is raised and Mrs. Brennick is anxious to have it in this month so if you are one of Dr. Hemphill's babies, do your part. Dollars from New Guinea, Australia, the Hawaiians, the Philippines, England, France, Belgium and Germany or where ever you are will help to buy the organ.

Mildred Fuss left on Sunday afternoon to return to her school work at Cross Lutheran school in Omaha after a weeks spring vacation at home. After being closed for three weeks because of the scarlet fever epidemic the North Loup library is again open and from now on will be open four times a week, Monday and Friday afternoons and Wednesday and Saturday evenings.

Other guests for dinner were Mr. and Mrs. John Kriewald, Mable Lee and Mr. and Mrs. Larsen of Ord.

## Farmers Urged to Seal Surplus Corn

The AAA county committee is urging Valley county farmers who have surplus corn on their farms, to put it under seal instead of putting it on an already flooded market and overburdened railroads. It is estimated that there is 151 million bushels of market corn in Nebraska. Unless a great deal of this corn is withheld from the market for the present it is likely to force the price down.

The only floor on corn is the commodity loan which in Valley county is 89c per bushel. The deadline on commodity loans is May 31, 1945. All farmers who possibly can, are urged to put their corn under loan and keep it on the farm.

Mrs. John Round sends word from California that her father is getting better. Her little son Denny is in Ord with his grandmother, Mrs. George Round, and his Aunt, Mrs. Hugh Carson.

'45 Crop Prospects Good, Tho Moisture Is Below Normal

75% of Small Grain Planted, Is Estimate; Fruit is Hurt Little by April Freeze.

Almost reminiscent of 1934 was the dust storm which raged in the Loup valley region Tuesday but farmers, with an estimated 75% of their small grain already planted and other spring work far ahead of schedule, refuse to be pessimistic about crops prospect for the year.

To date 1945 has proved an unusual year, much warmer than the same period of 1944, according to the records kept by Horace Travis. Average high and low temperatures ran about the same for January and February but average high was 56 for March, 1945, as compared with 38 for March, 1944, and average low was 28 compared with 16 last year.

Comparing the two years for moisture, month by month, it is noted that January 1944 brought 1.40 inches compared to .69 this year, February 1944 brought .73 inches compared to .69 in 1945, and March 1944 brought 1.50 inches compared with .89 for March this year.

On April 11, 1944, Travis' records show, a rain totalling 1.64 inches fell, and five inches came in the three weeks following. Farmers are hoping for a repetition of such a rainy season.

Contrary to first opinion, shrubs and fruits were little damaged by last week's severe cold spell, it is apparent, and fruit trees are now in bloom. A heavy frost now would prove damaging, however. Temperature dropped to 38 degrees on Wednesday morning, after a warm, windy Tuesday, but warmer weather is forecast.

Need for Paper Is Greatest of War

Need for salvaged paper is greater now than at any time since the war began, says R. Clare Clement, county salvage chairman, in urging that everybody cooperate to see that the car now being loaded in Ord is filled to the top before it leaves this week end.

Shortage of man-power in the woods and in the mills, in conjunction with the thousands of war-developed uses for paper, are causes of the present stringent shortage, Clement says. Waste paper is manufactured into cartons for shipment of military supplies overseas and when enough waste paper isn't available for this purpose new wood pulp must be used, which is reflected in shortages for vital domestic uses.

Will Offer Prizes.

The American Legion and Auxiliary will again give prizes for Poppy Day posters, it was decided at the meeting Tuesday evening. Mrs. Arthur Jefferies was appointed chairman of the committee in charge, and it was planned to give \$1 for a first prize and 50c as a second prize to the best poster from the third or fourth grade. The same two prizes will also be given for the best work from the fifth or sixth grades, which will be judged separately.

Mrs. Anna Tappan Named 'Good Neighbor' at Sardi Breakfast, Was Presented with Orchids

About 350 people were seated in the Ord high school auditorium Thursday evening to enjoy Ord's own version of "Breakfast with Sardi," with John Misko the happy-making toastmaster keeping the crowd in stitches. Mrs. A. M. Tappan of North Loup was named the Good Neighbor and given a lovely orchid, after being nominated in two entries from far corners of the United States.

Tappan has raised a family of nine, plus a foster child, and she has found time to help care for many sick people and to assist 300 babies into this world, said the letters praising her. Mrs. Tappan also won the orchid given to the oldest lady present, when she admitted to 82 years.

Mrs. Harvey Sowers received a box of long-stemmed red roses, five of her boys having gone into the service of Uncle Sam, of whom one has been killed in action. Ord Ord Business and Professional Women made a total of \$171 to use for charitable purposes at their party in addition to providing an evening's entertainment for a big crowd, announces Mrs. Darrell McOstrich, general chairman for the affair. Alcen Neeley assisted, and Rachael Shaffer was in charge of the kitchen. Junior high girls served the ice cream, cake and coffee.

The toastmaster had some ideas of his own, giving a live chicken to Gus Schoenstein, and later awarding a clever little hat to Mrs. Maxine Nolls. The hat was made of a ring of bologna, used as a base. A fastidious, yet different drape down the back of the hat was dotted of four carrots, striped and fanned with red nail polish. The green of the carrot leaves added that certain touch, making the little chapeau becoming to Mrs. Nolls.

Gust Rose won the pint of whiskey given to the oldest man, his 92 years surpassing all other

Horace W. Travis Named Co. Clerk to Succeed Klima

Popular 1st National Bank Employee Unanimous Selection of Supervisors.

Horace W. Travis, assistant cashier of the First National bank, Monday was named Valley county clerk to fill out the unexpired portion of the term to which Ign. Klima, Jr. was elected—a little less than two years. The appointment was made by the county board of supervisors and was unanimous on the second ballot, with all supervisors including the chairman voting.

On the first ballot, the Quiz understands, six votes were cast for Travis and one for Leonard Woods, after which a motion was made and carried that Mr. Travis be the unanimous choice of the board. Mr. Klima handed his resignation to the county board last week, to take effect May 1, on which date Travis will succeed him, if arrangements for his bond can be completed, enabling him to take the oath of office by that date.

A republican in politics, the new county clerk is a veteran of World War I, a Presbyterian and a member of the Masonic lodge. He is married and has one daughter, who is a junior in Ord high school. Although never active in politics, he has served several terms as a member of the Ord board of education.

Arcadia Election Cost \$1.22 Per Vote

Arcadia—(Special)—It cost this village only \$35.40 to hold a village election last week but with only 29 votes cast the cost figured out at \$1.22 per ballot. Only contest was for the village board, with C. W. Starr receiving 21 votes, Don Moody 14 and W. J. Ramsey 13. There were only two names on the school ballot, A. H. Easterbrook getting 26 votes and C. A. Belinger 24.

Patricia Morrow, 3, Is Fatally Burned

Playing with matches cost the life of Patricia Charlene Morrow, 3, last Friday, the little girl dying early in the morning at Clinic hospital here as the result of terrible burns suffered the previous afternoon. She was the daughter of Mr. and Mrs. John Morrow, of Greeley county.

While her mother did a washing on the back porch the little girl found a glass jar of matches, shut herself in a closet and lit the matches, which resulted in her clothing catching afire. She then ran screaming through two rooms to her mother, who beat out the flames. The little girl was brought to Dr. H. N. Norris, who took her to Clinic hospital, but her burns were too severe to respond to treatment and she passed away early the next morning.

Funeral services were held at 2:30 Sunday afternoon at the Ord home of the child's grandparents, Mr. and Mrs. Patrick Wray. Rev. Grantman, of Horace, officiated and the Frazier Mortuary had charge of arrangements. Interment was in the Ord cemetery.

Bert H. Lashmett Passes Suddenly

Funeral services will be held in Ord Saturday for Bert H. Lashmett, past 60, who died suddenly of a heart attack at the state game farm in Norfolk Monday afternoon. Burial will be made in the cemetery here. Mr. Lashmett had for over 20 years been a deputy state game warden but 3 1/2 years ago was assigned to duty at the game farm because the state of his health did not permit him to engage in arduous field duty any longer.

He was a resident of this city when first appointed game warden and at one time had a dray line here. Six sons and his second wife survive. His first wife and two daughters preceded him in death while the family lived in Ord.

—Dr. C. J. Miller set a broken arm for a son of Walter Klein of Scotia on Monday evening.

The appointment was made by the county board of supervisors and was unanimous on the second ballot, with all supervisors including the chairman voting.

On the first ballot, the Quiz understands, six votes were cast for Travis and one for Leonard Woods, after which a motion was made and carried that Mr. Travis be the unanimous choice of the board. Mr. Klima handed his resignation to the county board last week, to take effect May 1, on which date Travis will succeed him, if arrangements for his bond can be completed, enabling him to take the oath of office by that date.

A republican in politics, the new county clerk is a veteran of World War I, a Presbyterian and a member of the Masonic lodge. He is married and has one daughter, who is a junior in Ord high school. Although never active in politics, he has served several terms as a member of the Ord board of education.

Mr. Travis has been connected with the First National bank since 1920. After graduating from Ord high school he spent three years as bookkeeper in a bank at Bayard, Nebr., then served in the army during the first World War, after which he returned to the Bayard bank for a year as assistant cashier. Employment in the Ord bank followed and Ord has been his home since that time.

An excellent accountant and bookkeeper, and with considerable experience in general office management, Mr. Travis is regarded as a splendid choice for this important position and supervisors are being commended for their acumen in his selection. Present deputies will remain in the office, these being Miss Wilma Cochran and Mrs. Dorothy Fauss.

Two to Hospital After Car Crash at Music Festival

Arcadia Boy, Burwell Girl Suffer Fractures, Other Injuries Friday.

Arcadia—(Special)—The music festival held here Friday was marred by a car accident which sent two young people, Bob Clark of this village and Miss Elaine Carpenter, of Burwell, to a Loup City hospital with fractures and other injuries from which both are now recovering.

Young Clark and Miss Carpenter, accompanied by Ivan Kaminski and Miss Irma Gideon, were riding in the Clark car and while riding south on the road east of the cemetery their car was passed by a car driven by Gene Moody, in which several high school boys were riding. In passing the cars' necked fenders, which caused young Clark to lose control of his car and it overturned.

Occupants of the Moody car went to the rescue but had to fight the Clark car before all its occupants could be extricated. Miss Carpenter was found to have a broken leg and after the fracture was reduced she was taken to her home in Burwell. Young Clark's injuries were more serious, consisting of a broken shoulder, two broken ribs and a head injury which will keep him in the hospital several days more.

The Clark car was badly damaged but was able to leave the scene under its own power.

Fair Board Plans to Sell Nine Buildings

Buildings to be retained will be the cattle barn, horse barn, the main grandstand, and some of the sheds. Other structures will be offered at auction and with demand for used lumber what it is there seems no doubt the buildings will sell readily.

Individual Quota \$324,000 for County in 7th War Loan

Drive Officially to Start on May 14, Close June 30; Meeting Tuesday.

Valley county has been assigned a quota of \$324,000 in sales to individuals during the Seventh War Loan drive May 14 to June 30, it was announced today by C. J. Mortensen, county chairman of the War Finance committee. County quotas were given out at a regional meeting held in Loup City on Tuesday. Ord men attending were M. B. Cummings, James Petska, Jr., L. D. Milliken, Ralph Norman and E. L. Vogeltanz.

This county's "E" bond quota will be \$176,000, as a part of the individual quota. "The individual and 'E' quotas are the largest ever assigned to Valley county," said Chairman Mortensen, but he expressed confidence they will be met.

Attending the Loup City meeting were W. Dale Clark, state war finance chairman, Leon J. Markham, executive manager, John B. Smith, agricultural expert, Leland B. Hall and E. H. Weertz, field deputies. "While the job facing us is difficult, we believe it can be done providing we have the full cooperation of every possible bond buyer in every county," said Clark in outlining steps by which Nebraska's \$65,000,000 individual quota will be met. "The cost of the war is mounting steadily. Our armies need supplies to continue their victories in Europe. The war against Japan is only starting and every bond we buy means bringing closer the day when our armies will have achieved final victory and our loved ones will again be home. We cannot afford to let up for one minute. We must continue to buy war bonds even to the point of personal sacrifice."

All "E", "F" and "G" bonds bought between April 9 and July 7 will count toward county and state quotas, said Mr. Markham, and he urged individuals to buy bonds now. An advance drive started among the larger firms of Nebraska on April 9 under the pay-roll savings plan in an effort to build up a substantial reserve of "E" bond sales prior to the official drive opening on May 14.

John G. Zulkoski Found Dead Under Auto Monday Eve

Highway Dept. Employee Lost Control of Car and Suffered Broken Neck.

Pinned beneath the wreckage of his automobile, which had overturned twice, the body of John G. Zulkoski, 51-year-old county road department employee, was found about 7:30 p. m., Monday by his wife and Tracy Hamilton, county highway engineer, who had become alarmed at his failure to reach home and went to search for him.

Mr. Zulkoski had been taking up snow fence on the Ord-Comstock road near the Custer county line and worked rather late to finish the job. He usually got home from work between 6:00 and 6:30 and when he failed to return Mrs. Zulkoski phoned Hamilton and the two drove west on the Comstock road in Hamilton's car, thinking perhaps Mr. Zulkoski's car had stalled and that he would need a ride home.

On the foot of a rather steep hill near the Notvny farm they found the car, which apparently had overturned twice, tipping over a fence and into a corn field. Mr. Zulkoski's body was beneath the car and he evidently had been dead from 30 to 60 minutes.

The county coroner, John P. Misko, county physician Dr. F. A. Barta, and Deputy Sheriff Vern Andersen were called and made an examination at the scene of the accident, after which Mr. Zulkoski's body was brought to Ord in the Frazier ambulance.

Cause of the accident is unknown and may have resulted from the driver having a sudden heart attack or possibly from mechanical failure of the car. Mr. Zulkoski's neck was broken but whether or not this was the cause of death could not be determined.

He is mourned by his wife and three children, Sgt. Bernie Zulkoski, who is in Germany with Patton's 3rd Army, Sgt. Harry Zulkoski, who is in the South Pacific, and Mrs. Jack Bergland, of Pico, Calif., who is on the way to Ord for the funeral services, which will be held Friday at 9:30 at the Catholic church with Father Gorak in charge. Rosary will be given on Thursday evening at the Frazier chapel.

Ord in Triangular Meet at Hastings

Coach Alex Cochran and his track squad left Wednesday morning for Hastings to engage in a triangular meet against the Grand Island and Hastings schools. Last spring Ord won this meet but Coach Cochran has little hope of repeating, since two of his star performers, Ted Randolph and Tom Tolen, are still on the sick list, though the former may compete in some events at Hastings.

Ord lost its first meet of the season Thursday to Burwell, score being 75 to 38, but the absence of Randolph was the principal factor as events in which he has been a consistent winner were the events in which the Chanticleers failed to place.

Four first places were won by Ord, Dworak taking the shot-put, Stewart the discus, Shibata the 100 yard dash and Krikak the mile run. The latter also placed 2nd in the 800 and 440 events. All marks were very ordinary.

At Hastings Coach Cochran's squad is minus the services of Stewart, who has gone to Kansas City to join the merchant marine. Randolph will compete in his favorite events, pole vault and high jump, but since illness has kept him from practice he is scarcely in shape to break records as he did in 1944. Tolen will not accompany the squad, said Coach Cochran.

—Alfred Bartunek was released from the Ord Hospital Monday, and is now making a satisfactory convalescence reports Dr. C. J. Miller. Alfred has been a very sick man for a number of weeks as his appendix was ruptured, and made the operation more dangerous.

New students this week are Charlene Mason of the sixth grade and Junior Mason of the second grade, the children of Mr. and Mrs. Seth Mason who have moved into the Ord school district, near Ord.

—Dr. F. A. Barta reports a baby girl born to Mr. and Mrs. Max Klingensmith of North Loup at the Ord hospital on Tuesday.

**Step Up Production**  
Advice not to eat between meals doesn't apply to factory workers. Given between-meal snacks from mobile food wagons, workers in numerous war plants have stepped up production notably. The snacks seem especially helpful to those who make a habit of skipping breakfast or settling for a cup of coffee. Snacks are not advisable for overweight persons.

**Felt Handbags**  
Felt is coming to the fore as a material for handbags as well as for hats. Bright colored felts are being made in the usual envelope and pouch styles and also along newer lines, such as drawing or long tubular shaped bags, for which they are especially suitable. Felt by the yard is also on sale in fabrics departments for those who are clever enough at sewing to make up their own handbags.

## The Coal Situation

A critical coal shortage is imminent this year unless you buy your coal early. This means right now while we can get delivery.

The Eastern half of the United States will only receive 80% of the amount of coal for domestic use they normally received. This means if they used 5 tons of coal they will receive 4 tons this season.

Should the coal output and rail delivery slow down more this rationing might affect us right here.

Assure yourself of your coal for this winter by leaving your order with us right now, and we will make delivery on it as soon as we receive shipments of coal.

## 1 long-3 short

Along the Union Pacific main line—between stations—a signal flashes red. The train slackens speed and stops. The engineer grabs the whistle cord... one long and three short blasts. That's a signal to the flagman. It is his duty to give adequate warning to any train following. To do so, he walks a sufficient distance to the rear to insure full protection.

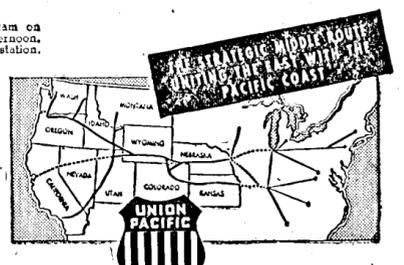

This is one of the many precautionary measures taken by Union Pacific—and other railroads—to protect passengers and freight shipments.

Safe transportation becomes increasingly important in wartime. Trainloads of troops and essential materials are constantly on the move over Union Pacific's Strategic Middle Route uniting the East with the Pacific Coast.

Just as the flagman protects his train, so is it the job of all Americans to provide for future security by buying bonds and saving them. Thus we can help stabilize industry and encourage the American trait of individual enterprise and initiative.

## THE PROGRESSIVE UNION PACIFIC RAILROAD

### News of Our Fighting Men

Pfc. Raymond I. Richardson of Rt. 1, Ord, was one of those making a daring daylight raid on the German command post town of Schaffhausen, Germany with the mission "take prisoners, inflict heavy casualties and damage." Their tanks, howitzers and men completed the raid in an hour, leaving with 13 prisoners. Most of their job is direct support of infantry troops, knocking out weapons with 13,000 shells to date. The big howitzers, with a range of 10,300 yards, have a cruising speed of 23 miles per hour, self-propelled. The 342nd is designated an armored field artillery battalion, and sailed overseas on Oct. 11, 1944. Their first action came Jan. 23 in support of a cavalry reconnaissance group.

TC 1-c John Paddock has been in the navy seven years, and for the fourth time a ship has gone down under him. After Pearl Harbor he was reported killed, but later turned up and in all the service he has seen he has never had a scratch.

## Musical Evening Enjoyed Tuesday

Tuesday evening at the high school Ord parents and friends of music enjoyed hearing Ord's young musicians show what they can do. A well filled auditorium greeted the performers, who were trained by Dorothy Auble, vocal instructor, and Glen Auble band director.

To begin a girls' sextet sang "Cherry Ripe," by Charles E. Horn, whimsical and delightful. Marilyn Ollis pleasantly sang "Hindu Slumber Song," by Harriet Ware, accompanied by Mrs. James Ollis at the piano. A mixed octet presented Deems Taylor's attractive arrangement of "May Day Carol." Edwin Jirak, in the boy's low voice section, sang "Spring Plowing," by Jacques Wolfe, and was well received.

"Three Little Maids," by Marjorie Elliott was gayly sung by a girls' trio which included Carolyn Auble, Marjorie Mulligan and Patty Griffith, and much enjoyed. The madrigal "The Holly and the Ivy," by R. Boughton, was also appreciated by the audience. Carolyn Auble who has a pleasing soprano, sang "Piper of Love," by Molly Carew, with her mother the pianist.

Marjorie Mulligan, who has one of the best voices to develop in Ord in several years, beautifully sang "Sin Tu Amor," by Sandoval, with Audrey Koll her accompanist.

"Carry Me 'Lon," by Stephen Foster and "Tis the Evening's Holy Hour," by Beethoven, were given by a mixed chorus, and pleased everyone. The audience also particularly liked "Rocked in the Cradle of the Deep," which Melvin Mulligan played on his sousaphone, his sister accompanying. Marilyn Ollis was accompanist for most of the numbers.

A brass sextet played Guentzel's "La Fiesta," making it appealing and jolly. The Ord high school band was presented in three numbers, concluding the program. The selections heard were "March of the Steel Men," by Belsterling, the overture "Trojan Prince," by Holmes, and "King Cotton," a John Philip Sousa march. Glen Auble announced that all the above numbers will be entered at Kearney at the music contest April 20 and 21, providing the transportation can be arranged by those owning cars.

Monday all the above program excepting the solos by Marilyn, Edwin and Carolyn, were given by Ord at the music festival at Arcadia with the instrumental and vocal teachers

### Wed in Washington

Mr. and Mrs. Evet Smith of Ord announce the marriage of their elder daughter, Mildred, to Jeddie Campbell of Leaks-ville Miss. at a ceremony performed at seven p.m. Febr. 17th at Mt. Vernon Place Methodist Church chapel, Washington, D. C., in the presence of sixty friends. Dr. John W. Rustin officiated. White Gladoli and candelabra decorated the chancel.

Alice D. Jones sang "Because" and "I Love You Truly," accompanied by Dean Shure to the strains of "Lohengrin's Bridal March," the bride entered on the arm of Col. A. D. Hopping. She wore a white gown, princess style, with sweetheart neckline and a long train. Her veil of illusion was held by orange blossoms. She carried a white bouquet of roses, gardenias, and sweetpeas.

Mrs. Joseph A. Wainright, of Bridgeport, Conn. was matron of honor for her sister. She wore a floor-length gown of aqua taffeta made with tight bodice, full skirt, and a bustle. Her colonial bouquet was of tallman roses and lavender sweetpeas. Her aqua shoulder length veil fell from three tallman rosebuds. William Rowe of Washington, D. C. was best man.

A wedding dinner was served in a small dining room of the Mayflower Hotel. For travelling the bride chose a gabardine suit of French blue trimmed with red. Her accessories were black. After a short stay in Philadelphia, Pa. Mr. and Mrs. Campbell returned to an apartment at 1707 Columbia Rd, Washington, D. C.

The bride graduated from Ord High School in 1935. After serving as stenographer in B. M. Hardenbrook's law office for a year, she attended business college at Chillicothe, Mo. FOOD CENTER'S INC., HASTINGS, NEBRASKA

Was founded sixteen years ago by Mr. Dean Gray, his mother Gertrude Gray and others. Mr. Dean Gray was elected president of the company at the first directors meeting and has retained this position throughout the many years following in which the Food Center organization progressed one year over another.

By the end of the first two years operation 10 stores were installed with an annual volume of \$387,321.77. Today Food Center's Inc. have 25 retail food and feed stores operating under the Food Center and Jack and Jill names, including a fleet of trucks and their own warehouse. The annual volume of the present Food Center organization amounts to millions of dollars.

The many, many years of continuous growth through drought and depression can be attributed to Food Centers established policies of fair dealing and the handling of popular high quality foods at the lowest prices possible. Food Centers have many, many loyal employees that have been with this organization since its inception that have also contributed to its progress by furnishing ideas, hard work and the promotion of good will to our many fine customers. When the war came along 118 of Food Centers employees were called into the armed forces and we might say that when the war is won—many of these 118 veterans will return to help Food Centers progress to a larger and finer organization that will continue to sell better foods at lower prices. ### THE OLD JUDGE SAYS...

"When this war is all over, Judge, there will be some mighty interesting books written about it. Expect we'll learn a lot of things we didn't know before."

"Yes, Fred, when the record is finally written we'll realize what a gigantic operation this war really was and how important to final victory many factors really were."

"Take, for example, just one industry. Few people realize the importance of the great work done by the beverage distillers during the war. A high government official

called it 'an almost unparalleled example of the overnight conversion of an entire industry from peace to war.' He also said not so many months ago, while speaking about synthetic rubber, 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry. That's the type of thing I have in mind... the way great American industries at home cooperated to help our brave fighting men abroad.'"

"I see what you mean, Judge... a complete history of American teamwork."

+++++ Something Different +++++

Some modest Quiz subscribers send me this poem, a better poem than I can write. See how you like it.

Who Wants to Plant a Garden? Who wants to plant a garden? It's the same old thing each year;

As soon as the spuds are up, The potato bugs are here. Who wants to plant a garden? And spend time with a hoe;

And dust for this and spray for that. If you expect anything to grow. Who wants to plant a garden? It is more fun to play golf;

Instead of pulling weeds at home, Whenever you have a day off. Who wants to plant a garden? And have drouth or hail descend;

I would rather buy fresh vegetables. And have something in the end. Who wants to plant a garden? "I do," says the lady next door;

### Card of Thanks

I wish to thank all my friends & neighbors for the cards, letters and gifts and the many thoughtful acts and kindly deeds shown me while I have been confined to my home with the flu.

Mrs. Ida Bowman

"Because I feel closer to God and nature, And I am sure it will help win the war."

Who wants to plant a garden? Why not 'Who wants to dig a foxhole?'"

So that we may keep on living Here at home and without fear of our soul.

Who wants to raise a garden? We should be thankful we have the chance; Instead of being away from our loved ones,

And in some 'foxhole' in France. OO I think the young lady who wrote that should send us her name. She did very well and she had an idea to put over. Somehow I feel a woman wrote it. And I feel she was youngish. No the writer didn't sign her name.

OO The excuse used to be the gals 'didn't have anything to wear.' Now then you wait, Mr. it's because "I don't have my face on." And after looking at some of the calsonine jobs, the alibi seems sound.

The worst though, are these "scared" eyebrows, tied down in mid-face and flying up at both ends.

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, head-aches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Kidneys may need help the same as bowels; so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

### Achievement Day Held

Eight clubs with an average membership of fourteen participated in achievement day held Tuesday afternoon at the North Loup community building. One hundred twenty were present to enjoy the program and the tea which followed.

Mrs. Carroll Thomas, group chairman, presided. The program opened with community singing led by Mrs. W. H. Elley, Betty Jean and Gloria Graf gave a clever musical reading, "Hunting for a Man", and they were dressed in costume. Presidents of the clubs then gave reports of the years work and the home economics club of the high school gave a style show,

presenting their spring sewing unit which they have just completed.

Miss Mary Eilen Brown, of the state extension department gave an inspirational talk on the work of extension clubs in the state from 1917 to 1945. In 1917 the work was barely started and in 1927 there were 326 clubs with a total membership of 5,000 while this year there were 1,200 clubs and a membership of more than 17,000.

Following Miss Browns talk a playette, "Making Every Motion Count" was given by Addie Gowen, Ivy Williams, Vesta Lange and Darlene Goodrich. A leadership recognition service was presented by Miss

Mable Duremus, state agent. Mrs. Ray Melia of Ord as county chairman and Mrs. Carroll Thomas were honored in this candle lighting service. Also honored were project leaders and presidents of the past year and those for next year.

Tea was served the entire group, with Mrs. Ruth Hutchins in charge of the arrangements and Mrs. Ray Melia and Mrs. Ed Burrows pouring.

Exhibits of the years work had been nicely arranged. Many articles made from the lessons, including slip covers, pillow tops, curtains, drapes, garments made from feed sacks, toys and Christmas decorations were in the exhibit. The Busy Bee club had arranged a display of "ironing the easy way", with all kinds of irons, from a twenty pound old fashioned iron to a modern light weight automatic one and a large well padded board and a shirt "properly" ironed.

There was also an exhibit of articles sent from the service men who are overseas that had been arranged by Mrs. Eldon Sintek. Mr. Switzer had displayed a nice lot of frozen food containers with information on the use of lockers.

Max and Harry Klinginsmith were both injured Monday when their tractor which they had started proved to have been left in gear and ran into them. Max was injured more than his father, his knee being the most seriously injured. Someone had moved the tractor after they left it Saturday night and had left it in gear without their knowledge.

Mr. and Mrs. Max Klinginsmith are parents of a baby daughter, born Tuesday afternoon at Millers hospital in Ord with Dr. Barta in attendance.

The Bryan Portis family spent Sunday with Mr. and Mrs. H. L. Klinginsmith.

Mrs. Anna Tappan was guest of honor at a dinner held Tuesday at the home of Mr. and Mrs. C. B. Clark with sixteen guests present. The gathering celebrated Mrs. Tappans eighty second birthday. Mrs. Roxy Jeffries came up from Grand Island on the morning bus to be present.

Vesta Lange entertained the Needle and Thimble club and their families at a party Friday evening.

Mrs. Ora Bohrer returned Tuesday evening from Hastings where she had spent two weeks helping care for Mrs. Edwin Arnold's mother. During the time she was there the Fred Lunsted family of Salina, Kas., spent a day and a night there on their way to Guide Rock.

### Social and Personal

**Rikil-Geweke Wedding**  
Naomi Rikil, daughter of Mr. and Mrs. Leo Rikil of Murdock became the bride of Lloyd A. Geweke, son of Mr. and Mrs. Archie Geweke at an Easter ceremony on Apr. 1, performed at 7:30 p. m. at the Evangelical church in Murdock. Rev. Quentin Lansman of Naperville, Ill., brother-in-law of the groom, officiated before an altar banked with snap dragons and ferns. The bride was given in marriage by her father, and her little nephew Dick Rikil carried the two rings on a white satin pillow.

Marcus Rikil, cousin of the bride, played pre-nuptial music and Vernon Rikil of Lincoln, brother of the bride, sang "O Promise Me" and the two young men sang "At Dawning", accompanied by Oneatta Nichols of Dawson Nebr. After the ceremony Vernon sang "The Lord's Prayer." Faith Reike of Murdock and Caroline Foth of Ord lighted the altar candelabra. They were gowned in sheer light blue.

The bride's gown was fashioned fitted bodice of folded satin with sweetheart neckline, with full skirt and train. Her three tiered veil of net fell from a satin Juliet cap. She wore pearls at her neck and ears, the gift of the groom, and carried a small white Bible with orchid and streamers. Her attendants were Hazel Reuter of Lincoln, who wore lavender, Mrs. Quentin Lansman the sister of the groom who wore peach net and Miss Stockware who wore aqua, who carried colonial bouquets of sweet peas. Donald Rikil, youngest brother of the bride, was groomsmen, and Eldon Foth and Dick Peterson were ushers, assisted by Alfred Rikil.

The bride's mother wore black with white accessories, while the mother of the groom was gowned in a sheer blue with white accessories. Both wore corsages of sweet peas and carnations. Relatives and friends from Ord, Lincoln, Plattsmouth and the home community numbering about 300 witnessed the service. A two-course supper was served to 125 guests, in charge of Mrs. Arthur Ward, Mrs. Lond and Mrs. Thimigan assisting. Eight classmates of the bride served, and LaVerne Kupke had charge of the guest book, Mrs. Harry Foth and Mrs. Vernon Rikil the gift table.

Mrs. Geweke was reared in the Murdock community and graduated from high school there. Mr. Geweke is a graduate of the Ord high school and attended LeMars college, and at present is engaged in farming near Ord, where he has a home furnished for his bride, and where they will begin their married life with the best wishes of many friends.

### Our Fighting Men

From their son, Captain Leonard Desmul, who is with the 69th division, 1st Army, somewhere in Germany, Mr. and Mrs. Henry Desmul have received as souvenirs a Nazi armband-scarlet in color with a black swastika on a white field—and also a nazi swastika stick pin, seemingly made of sterling silver. In the envelope were two unused German stamps bearing the face of Hitler. Captain Desmul wrote that he has a fine German sword which he hopes to bring home when he returns. The 1st Army is the closest to Berlin of any U. S. army, according to latest news dispatches.

Another letter from the war department to Mr. and Mrs. Arthur Capron of Seattle give them more news about their son Joe, saying that he and his crew reached their destination, somewhere near Tokyo, and dropped their bombs, and had returned 80 miles on the homeward journey toward their base. At that time on Jan. 3 Joe's plane radioed a companion plane that they were OK, but since that time nothing has been heard from him. But the Caprons are not despairing, and firmly believe they will get good news of their son before long, even though he is listed as missing in action.

Rumor reaching Ord is that Junior Wickman, young druggist of Tekamah, Nebr., was killed recently in Pacific action. He was the only son of Mrs. Jennie Wickman. The family formerly lived in Ord.

Mrs. Nell Petersen received word this week that Donald has been promoted to pharmacist's mate third class at the Mare Island navy hospital in Calif. Cpl. Dorothy Duda left Tuesday on the bus to return to her air transport command duties at Wright Field, Dayton, O. She has been visiting her parents Mr. and Mrs. Pete Duda and other relatives here. Capt. Arthur Auble, newly promoted to that rank, has been spending several days in Ord with his parents, Mr. and Mrs. Glen Auble. He and his wife and little 14-months old son, Howard Glen, will leave Friday to return to Ft. Devens, Mass. He expects to be reassigned at once. 2nd Lt. Loretta Mae Achen came Saturday to visit her mother, Mrs. E. L. Achen, and other members of the family. She returns Friday to Fitzsimons hospital at Denver, and expects her going-out call for overseas duty very soon. Sunday Mr. and Mrs. Harry Forbes

and Robert of Alma and Jess Achen of Republican City came to Ord to visit with Loretta again before she departs.

Mr. and Mrs. Lloyd Zikmund are the parents of a baby boy, their first child. Lloyd is in the navy and his wife was formerly a WAVE. Lloyd is a son of Mr. and Mrs. Emil Zikmund.

Capron Coe writes Mr. and Mrs. Fred Coe that he is one of eight crews put in special air sea rescue work, some six weeks ago. They have only been given their planes very recently, however. The Ord youth is greatly impressed with the efficient way in which fliers who have to come down on "the Channel" are taken care of and writes his parents that they are saving a great many lives, even more than the British crews saved. He likes it much better than bombing and killing. Fighting men

From the American Infantry division in the Philippines comes word of the recent exploits of Pfc. Glenn L. McCartney, who recently bagged his fourth and fifth Nips, says a press release. Scoring first in northern Solomon jungles his latest victories were achieved while two rifle squads were patrolling inshore waters of Philippines and encountered 25 Japs in a small armada of island craft. After an exchange of grenade and rifle fire, the Japanese were killed. McCartney is now serving as a Brownie Automatic rifleman with a veteran infantry outfit. His wife, the former Verice Naprstek, graduated here in 1937, and with her two-year-old son Richard is now living in Lexington. Before entering service McCartney worked in Valley county in 1937 and 38. He was employed as a bus driver with the Interstate Transit Lines.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

### Achievement Day Held

Eight clubs with an average membership of fourteen participated in achievement day held Tuesday afternoon at the North Loup community building. One hundred twenty were present to enjoy the program and the tea which followed.

Mrs. Carroll Thomas, group chairman, presided. The program opened with community singing led by Mrs. W. H. Elley, Betty Jean and Gloria Graf gave a clever musical reading, "Hunting for a Man", and they were dressed in costume. Presidents of the clubs then gave reports of the years work and the home economics club of the high school gave a style show,

presenting their spring sewing unit which they have just completed.

Miss Mary Eilen Brown, of the state extension department gave an inspirational talk on the work of extension clubs in the state from 1917 to 1945. In 1917 the work was barely started and in 1927 there were 326 clubs with a total membership of 5,000 while this year there were 1,200 clubs and a membership of more than 17,000.

Following Miss Browns talk a playette, "Making Every Motion Count" was given by Addie Gowen, Ivy Williams, Vesta Lange and Darlene Goodrich.

A leadership recognition service was presented by Miss

## Ord Livestock Market

announces its offering for the regular weekly sale

### Saturday, April 14

Sale Starts at 1:15 P. M.

The offering last Saturday was larger than we had advertised but the market was not quite as high, it seemed. Buyers were eager for cattle but thought they have been a little strong lately, and a slightly lower market was reflected. For this week it looks like—

150 HEAD OF CATTLE.

The offering will include small calves, mixed yearlings, 20 head of yearlings that have had a lot of corn and weigh 600 to 700 lbs., several fat cows, about 40 head of light replacement cattle, 3 good yearling bulls including a 15-month old purebred Hereford, and several good milk cows including a Guernsey heifer, just fresh, that is going to make a wonderful milk cow. An all-around good offering of cattle.

120 Head of WEANLING PIGS & FEEDER SHOATS  
Also several sows with pigs at side.

12 HEAD OF GOOD FARM HORSES

These include one extra good black team, 5 and 6 years old, and other matched teams.

In the miscellaneous department we will sell a white enamel Round Oak range, a heating stove, 2 lineoleums, 10x12 wool rug, Ohio 2-row lister horse or tractor hitch, in A-1 shape, and a John Deere 3-bottom tractor plow, like new.

Don't overlook the Charlie King Residence Property Sale on Friday, April 13, and the Ign. Klima, Jr., Furniture Auction on April 20, both listed elsewhere in this issue. Also the sale of 9 buildings on the Valley County Fair Grounds, on Tuesday, April 24. Watch next week's paper for complete description of these buildings.

Our sale starts promptly at 1:30 every Saturday. When you have anything to sell think of this market.

## Burwell Favored at 3-Loups Meet Coming April 24

### Randolph High Scorer, Ord Low in Triangular Meet Held at Hastings.

Burwell is favored to win the Three-Loups conference track and field meet which will be held in Ord next Tuesday, April 24, inasmuch as the Longhorns have a well-rounded team and have been victorious in meets entered so far this season. Ord, defending their conference championship won in 1944, will have little chance to repeat.

Though Ted Randolph scored 20 points to win individual high point honors at the triangular meet held last week in Hastings, the Ord squad made only 34 1/2 points and was low, Hastings winning the meet with 56 points and Grand Island making 49 1/2 for second.

Randolph took the 50 yard high hurdles with a time of 8.4, the low hurdles in 11.9, high jumped 5 feet 9 1/2 inches and pole vaulted 9 feet 5 inches to place first in all four events. Ord's only other first was made by George Dworak, who tossed the shot 40 feet 10 3/4 inches.

Vancura scored 4th in shot-put, Shibata 4th in 100 yard dash and tied for 2nd in the 220. Dworak placed 3rd in discus throw and Krikac placed 3rd in the mile to give Ord its other points at Hastings.

Given favorable weather for the meet here Tuesday, some new records are likely for several fine performers are competing, the group including Randolph and Dworak, of Ord, Haines, Sloan, Banks, Gilbert and Mrsny, of Burwell, Chalupa and Powers, of Sargent, and Cox of Broken Bow, any of whom are likely to set new marks in their favorite events.

### Junior Red Cross.

## 36,000 Lbs. of Paper in Monday Carload

He was tying a cow to the manger, the animal gave a lunge and Mr. Vogeler's hand was caught in the rope and painfully hurt, necessitating the amputation.

## Lashmetts Boys, 10 Years Leaders in Ord High School Athletics, Are Visiting Here

Lashmett boys visiting here. Return to Ord this week of all six sons of the late Bert H. Lashmett to attend their father's funeral — the first time all had been together since the family's departure from this city — recalled to sports fans the fact that for ten years the name Lashmett was a mighty one in Loup Valley athletics.

Starting in 1923, when the oldest of the boys, Bud Lashmett, made his appearance in an Ord high school uniform, and continuing until 1933 when Don Lashmett graduated, no Ord team, whether football, basketball or track, made its appearance on a field without having one or more Lashmetts on its roster.

There was Bud, who graduated in 1926 and who now lives in North Hollywood, Calif.; Brother, who graduated in 1927 and whose present home is Pasadena; Ervie, who completed high school in 1929 and who lives now in Los Angeles; Everett, a 1931 graduate, whose home also is Pasadena; and Don, who completed high school here in 1933 and who lives in Portland, Ore.

A sixth Lashmett brother, Pfc. Gallen Lashmett, also was graduated from Ord high school in 1944 but did not take part in athletics. He recently completed training at Camp Hood, Tex., and is enroute to a port of embarkation.

Though the four Lashmett brothers who live in California often see each other the whole family had not been together since they first left Ord, and though the reason for their coming at this time was a sad one they are nevertheless enjoying their time together and their visit with old Ord friends.

## Intensive Drive for Used Clothing Starts Thursday

### 150 Million Pounds Needed for Refugees of Europe, Must Ship April 25.

Valley county's share of the United National Clothing Collection gets under way today, under sponsorship of the Ord Rotary club and with Rev. C. F. McConnell as chairman, and an intensive one-week drive is planned.

In the war-torn countries of Europe are 125,000,000 refugees, 25 million of them children, who are in desperate need of clothing. The only way to supply them is for Americans to look through their clothes closets and attics, get out all serviceable used clothing they can spare, and take it to central collection depots for packing and shipment overseas.

A plea for full cooperation is voiced by the local chairman, Mr. McConnell. No solicitors will go out and citizens are asked to contribute used clothing voluntarily and do it at once.

Clothing should be taken on Thursday, Friday or Saturday of this week, preferably, to the place established as a collection depot in Ord, which is the American Legion hall.

There it will be packed, under supervision of a committee composed of John P. Misko, John L. Andersen, Miss Clara McClatchey and Mrs. A. J. Aulsebrook, and will be shipped from Ord on April 25. More workers are needed to help with packing and anybody willing to help is asked to telephone Mr. McConnell at the Methodist parsonage. Stores are asked to save cartons to pack the clothing in, and to notify Mr. McConnell that they are doing so.

Clothing wanted includes infants' garments of all types but especially knitted goods; men's and boys' overcoats, topcoats, suits, coats, jackets, shirts, work clothing including overalls, trousers, sweaters, underwear, robes, pajamas, knitted gloves; women's and girls' garments such as coats, jackets, sweaters, skirts, scarves, shawls, dresses, underwear, aprons, jumpers, smocks, robes, nightwear, knit gloves; serviceable heavy duty caps and knitted headgear such as stocking caps; bedding such as blankets, afghans, sheets, pillow cases, quilts; serviceable shoes of any size but no novelty open toes etc. usable remnants and piece goods one yard or more in length but not rags or badly damaged dirtied or worn-out materials.

In this county the drive is late in starting but success is hoped for. Committee members make it plain that no appeal will be made other than this article and that the drive will fail unless people read and immediately heed.

The drive is being conducted on a nation-wide scale with Henry Kaiser as national chairman. In Nebraska the state chairman is Walter F. Coad, of Omaha.

The very lives of multitudes of refugees depend on the filling of their desperate need for clothing and since the demands of America's armed forces and civilian needs are so great that only a small amount of new clothing can be spared for overseas relief, it is up to the American people to go to their closets and attics and dig out useful but no longer needed garments and donate them to this important and worthy cause.

Do it now — don't delay a day for time is short and the need is great.

"But mama, I haven't got a thing to wear!"

(What about the millions in war-torn lands who are actually nearly naked? Bring your spare clothes, shoes and bedding to the nearest depot of the United National Clothing Collection for overseas war relief.)

## Injunction Sought Against J. H. Marvel

J. H. Marvel, of the Marvel Motor Co., Arcadia, is one of three Nebraska fuel oil dealers against whom the OPA has filed actions in federal court at Grand Island, seeking to restrain them from violating provisions of the fuel oil regulations.

The complaint alleges that "the failure of these defendants to comply with the ration order has seriously impeded and interfered with the effective enforcement of said 'act' and unless they are enjoined and restrained 'will continue to impede and interfere with the war effort.'"

They are also ordered to prepare and file with the OPA a report relative to fuel oil storage which was due Sept. 31, 1944.

## 10 Inches of Snow Monday in Worst Storm of Season

### Blizzard Preceded by 2-day Drizzle; Roads Blocked Wire Service Cut Off.

Closest thing to an old-fashioned blizzard that central Nebraska has seen in the 1945 winter and spring came Monday when 10 inches of snow, fanned by a strong north wind, blocked highways, broke down telegraph and telephone service and tied up business actively generally.

The storm began Friday evening with a drizzle which continued intermittently throughout Saturday and Sunday, changing to snow toward Monday morning.

When Ord people peered out of their windows Monday morning they saw roads covered with several inches of wet snow which grew deeper by the minute, and saw trees and shrubbery weighted down with a white blanket that broke off many branches before melting started later in the day.

Total moisture between Friday night and cessation of the storm Monday afternoon was 2.06 inches, reports Horace W. Travis, and the moisture was welcomed by farmers as it assured grains and legumes of a wonderful start.

Monday night, however, the temperature dropped to a chilly 25 degrees with resultant damage to fruit trees which had budded and blossomed during last week's warm weather. Damage to early gardens was done also, though extent of this damage cannot yet be assessed in full. Ice one-eighth of an inch thick froze by Tuesday morning.

The snow of Monday didn't remain on the ground long, for much of it was melted off by evening and melting started again by mid-morning Tuesday, after the night's cold spell, so only occasional patches of white could be seen at noon today.

Schools were dismissed at noon Monday, as teachers had faced small classes at the morning session and the storm seemed to be increasing at the noon hour, though it died down early in the afternoon.

Few automobiles were seen on the streets Monday morning and wreckers did a rushing business towing stalled cars.

Bob Hoppes, driver of the star mail route from Grand Island to Burwell, slid into the ditch north of Cotfield in the morning and as a result the morning mail reached Ord in mid-afternoon. Two tractors were required to get the Hoppes truck back on the highway.

Ord's municipal electric plant gave continuous service, with only minor interruptions on one power line, throughout the storm, which was in contrast to other towns in this vicinity who depend on the highline for service and who were without electricity throughout Monday.

Telegraph lines went out of commission early and service wasn't restored until late Tuesday afternoon. Local telephone lines functioned throughout but long distance lines and rural lines were down.

Rural mail carriers didn't venture out Monday and covered only part of their routes on Tuesday. Country roads will be in poor shape for several days but gravel roads are open.

The belated blizzard was one of the worst April storms this region has ever experienced.

## Officially Listed as Killed in Action

Now officially listed as "killed in action" in the European theater is 2nd Lieut. Richard Severson, of Ord, whose widow, Mrs. Yvonne Severson, resides in Lincoln. The bomber in which Lt. Severson was a bombardier was shot down over Roumania over a year ago and for months it was hoped that he might have survived and be a prisoner. After being listed by the War department for a year as "missing in action," Lt. Severson now is listed as "killed in action," and the War department apparently has no hope left that he is alive.

### On Federal Jury.

## So the city folks have done it! Well, WATCH OUR SPEED!

**W**ORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month!

Now we're called on. And will the women on the farms and in the towns and small cities break that record?

Don't worry—just watch our speed!

**HOW TO DO IT:** Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies, for every drop counts. Keep solid pieces of fat, as meat trimmings and table scraps, in a bowl.

Melt down once a week when your oven's going, add the liquid fat to the salvage can.

Take the can to your butcher as soon as it's full. He will give you two red points and up to four cents for every pound. If you have any difficulty, call your County Agent or Home Demonstration Agent. This message is approved by WFA and OPA, and paid for by Industry.

"Yes, it really is, Tom. There are only certain things we can do. Such as...write them cheerful letters often. Send them favorite gifts from time to time. Work harder than ever to provide them with everything they need to finish their job quickly. Buy more and more War Bonds... especially during the current drive... to pay for the ammunition and fighting equipment they must have."

"All that still seems kind of small compared with what they're doing for us, Judge."

"True, but it's about all we older folks back home can do, Tom. Except one more thing. And that is to be sure our fighting men come home to the same kind of country they left behind. The kind of country their letters tell us they want. Nothing changed that they don't want changed while they're away and unable to express their wishes."

### News of Our Fighting Men

Capt. Fred Cahill began his six-months course of civil administration studies at Harvard University on Monday of this week, reports his father, Fred Cahill, sr. The captain studied post graduate work at Yale a year or two and is not sure how he and Harvard will get along together.

Mrs. Leona Jones of Burwell has received official word that her son Carlyle died of wounds received in the Iwo Jima invasion on Febr. 25. He would have been 19 years old on Febr. 25. He attended Burwell high school and participated in football and track activities, entering the marine corps, on June 6, 1944, this being his choice of the armed forces. Carlyle took boot training in California and came home on a furlough last August, greatly enjoying the visit with his mother, younger brother Clyde and other relatives and friends. At the time of his death the Burwell lad was with the Fourth Marine Division. He will be greatly missed by all those who knew him.

Charles Keown is now in Florida, after a year in the south Pacific where he won three invasion stars and now is called ARM 1-c. He is married and they have twin babies three months old, a boy and girl named Linda and Lee. Says Harry Patchen "Charles so enjoys reading about the boys and girls he went to school with in Ord that I thought perhaps they too would like to hear of

his whereabouts. We are still in the chicken business (in Mt. Vernon, Wash.) and working hard. We've had an unusual amount of rain this year and I expect every day to see that our 4,000 six weeks old pullets have sprouted web feet."

From an Eighth Air Force Bomber station in England comes word of the promotion of Lloyd F. Bazant, son of Mr. and Mrs. A. G. Bazant of 76 W. Maple St., Lebanon, Ore., from sergeant to staff sergeant. He is tall gunner of a B-17 in the 92nd Bombardment group, oldest group in the Eighth Air Force. He attended Lebanon high school and worked at a sawmill before entering service in September, 1943. He is a grandson of Louis Penas, sr. In March Lloyd was awarded the Air Medal and sent it with souvenirs to his parents. The citation with his medal told of his courage and skill in sustained bomber operations over Germany and occupied countries. Among the souvenirs are a pair of wooden shoes with scenes painted on the toes, Belgian handkerchieves and a part of a parachute. They came in a box in which his parents had sent him wool socks. Bazant arrived in England in December. He writes that the women's land army does most of the work in English fields. A large part of last year's wheat crop, he wrote, is being threshed by methods long out of date in this country.

Lawrence Sidle, MM2-c, came 10 days ago to spend some time with his parents, Mr. and Mrs. Albert Sidle of Ericson. Saturday Mr. and Mrs. Sidle met the evening bus, as their daughter Marcella came from Hastings, where she works, to see her brother. Lawrence has three years' fighting in the Pacific to his credit.

Coxswain Harold Dunbar arrived home Saturday morning on leave from the Alameda receiving station until April 28th. He is in the coast guard. He is the son of Mr. and Mrs. Howard Dunbar.

Lt. James Milliken of the navy phoned his parents Thursday evening to say he was on land once more, docking this time at Norfolk, Va. He usually "reports" home when he comes in, to say all is well. Fighting men

Pfc. Howard Dale Gilmore writes his mother, Mrs. Margar-

et Gilmore, sending clippings from the "Stars and Stripes", telling how two of them took nine bewildered German prisoners, who finally "got the idea when we knocked the weapons out of their hands." One of two others they captured was a shiny officer all in new braid and uniform like a movie star, whose gun had never been fired yet. Dale also says "The first time I shot at a human I nearly got him, I was 'trigger happy' and he was in the wrong place. I put a bullet on the inside of his thigh, through his pants leg without hurting him, lucky for him. Goes to show how poor a shot I am. I am living in greater comfort now than you do, writing by electric light on a fine wood desk. It has a glass-ware case and some of the finest glasses and bowls that can be made. The table is the same and covered with a beautiful lace cloth, with a rose bowl in the center. I can take a bath or shower whenever I please. My bed is similar to the desk and table. The mattress is new, I sleep between sheets that look like ours but feel like blankets, with a feather bed or a thick red comforter over me. It's a soft life. I would be glad to hear from anyone."

Lt. Frank Dean Barta, son of Dr. and Mrs. F. A. Barta, has been sent to the Grand Island army air base for reassignment to an important air position. He was recently discharged from the convalescent hospital at St. Petersburg, Fla., after operational fatigue. A veteran pilot of 34 missions by a B-17, he wears the DFC, and the Air Medal with five clusters. Saturday Dean came home for the week end, leaving Tuesday morning on the bus for Grand Island.

Cpl. Joseph Trojan, jr., husband of Mrs. Joseph Trojan of Loma, Neb., recently arrived in the European theater of war and was given a brief orientation course to help him adjust himself to life in a combat zone. He will soon be transferred to his permanent station from which America's fighting planes cover the advance into Germany. Before going into service young Trojan was a bartender employed by Joseph Pevonka of Omaha.

Gerald Deane Sample, aviation radioman first class in the navy son of Merrill George Sample of Big Springs, has been presented the medal by President Roosevelt. He was born in Loup City, Neb. The citation accompanying the award reads: "For meritorious achievement in aerial flight as first radioman of a Catalina Amphibian during the first night photo-reconnaissance bombing mission by Aleutian-based planes to the northern Kurile Islands on Dec. 20, 1943. With full knowledge of the hazards involved due to extremely adverse weather, the limited range of the aircraft and the probability of heavy Japanese opposition, Sample volunteered for this pioneer mission over enemy home islands. His outstanding skill and loyal devotion to the accomplishment of a mission pointing toward future offensive operations against the Japanese were in keeping with the highest traditions of the United States Naval Service."

Promotion of Gerald S. Goff to technical sergeant has been announced at the Camp Roberts, Calif., infantry training center.

### THAT MAN WHO JUST PASSED BY

by Merril Hiram Fuson

I loved that man that just passed by  
I loved his rugged style.  
I loved the way he bore his yoke,  
And bore it with a smile.

I loved the way he moved ahead  
And glanced not to the rear.  
I loved the way he laughed at Hate,  
The way he challenged Fear.

I loved the way he blocked a pass,  
The way he threw a punch.  
I loved the way he shook the dice,  
The way he played his hunch.

I loved the way he gripped his bat  
As he stepped up to the plate.  
I loved the way he bounced right back  
From each cruel blow by Fate.

Today—He heard the final call  
And took his final bow.  
Then stepped into the shadows—  
—He belongs to the ages now.

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. ### News of Our Fighting Men

Capt. Fred Cahill began his six-months course of civil administration studies at Harvard University on Monday of this week, reports his father, Fred Cahill, sr. The captain studied post graduate work at Yale a year or two and is not sure how he and Harvard will get along together.

Mrs. Leona Jones of Burwell has received official word that her son Carlyle died of wounds received in the Iwo Jima invasion on Feb. 25. He would have been 19 years old on Feb. 25. He attended Burwell high school and participated in football and track activities, entering the marine corps, on June 6, 1944, this being his choice of the armed forces. Carlyle took boot training in California and came home on a furlough last August, greatly enjoying the visit with his mother, younger brother Clyde and other relatives and friends. At the time of his death the Burwell lad was with the Fourth Marine Division. He will be greatly missed by all those who knew him.

Charles Keown is now in Florida, after a year in the south Pacific where he won three invasion stars and now is called ARM 1-c. He is married and they have twin babies three months old, a boy and girl named Linda and Lee. Says Harry Patchen "Charles so enjoys reading about the boys and girls he went to school with in Ord that I thought perhaps they too would like to hear of

his whereabouts. We are still in the chicken business (in Mt. Vernon, Wash.) and working hard. We've had an unusual amount of rain this year and I expect every day to see that our 4,000 six weeks old pullets have sprouted web feet."

From an Eighth Air Force Bomber station in England comes word of the promotion of Lloyd F. Bazant, son of Mr. and Mrs. A. G. Bazant of 76 W. Maple St., Lebanon, Ore., from sergeant to staff sergeant. He is tall gunner of a B-17 in the 92nd Bombardment group, oldest group in the Eighth Air Force. He attended Lebanon high school and worked at a sawmill before entering service in September, 1943. He is a grandson of Louis Penas, sr. In March Lloyd was awarded the Air Medal and sent it with souvenirs to his parents. The citation with his medal told of his courage, coolness and skill in sustained bomber operations over Germany and occupied countries. Among the souvenirs are a pair of wooden shoes with scenes painted on the toes, Belgian handkerchieves and a part of a parachute. They came in a box in which his parents had sent him wool socks. Bazant arrived in England in December. He writes that the women's land army does most of the work in English fields. A large part of last year's wheat crop, he wrote, is being threshed by methods long out of date in this country.

Lawrence Sidle, MM2-c, came 10 days ago to spend some time with his parents, Mr. and Mrs. Albert Sidle of Ericson. Saturday Mr. and Mrs. Sidle met the evening bus, as their daughter Marcella came from Hastings, where she works, to see her brother. Lawrence has three years' fighting in the Pacific to his credit.

Coxswain Harold Dunbar arrived home Saturday morning on leave from the Alameda receiving station until April 28th. He is in the coast guard. He is the son of Mr. and Mrs. Howard Dunbar.

Lt. James Milliken of the navy phoned his parents Thursday evening to say he was on land once more, docking this time at Norfolk, Va. He usually "reports" home when he comes in, to say all is well. Fighting men

### THAT MAN WHO JUST PASSED BY

by Merrit Hiram Fuson

I loved that man that just passed by  
I loved his rugged style.  
I loved the way he bore his yoke,  
And bore it with a smile.

I loved the way he moved ahead  
And glanced not to the rear.  
I loved the way he laughed at Hate,  
The way he challenged Fear.

I loved the way he blocked a pass,  
The way he threw a punch.  
I loved the way he shook the dice,  
The way he played his hunch.

I loved the way he gripped his bat  
As he stepped up to the plate.  
I loved the way he bounced right back  
From each cruel blow by Fate.

Today—He heard the final call  
And took his final bow.  
Then stepped into the shadows—  
—He belongs to the ages now.

et Gilmore, sending clippings from the "Stars and Stripes", telling how two of them took nine bewildered German prisoners, who finally "got the idea when we knocked the weapons out of their hands." One of two others they captured was a shiny officer all in new braid and uniform like a movie star, whose gun had never been fired yet. Dale also says "The first time I shot at a human I nearly got him, I was 'trigger happy' and he was in the wrong place. I put a bullet on the inside of his thigh, through his pants leg without hurting him, lucky for him. Goes to show how poor a shot I am. I am living in greater comfort now than you do, writing by electric light on a fine wood desk. It has a glass-ware case and some of the finest glasses and bowls that can be made. The table is the same and covered with a beautiful lace cloth, with a rose bowl in the center. I can take a bath or shower whenever I please. My bed is similar to the desk and table. The mattress is new, I sleep between sheets that look like ours but feel like blankets, with a feather bed or a thick red comforter over me. It's a soft life. I would be glad to hear from anyone."

Lt. Frank Dean Barta, son of Dr. and Mrs. F. A. Barta, has been sent to the Grand Island army air base for reassignment to an important army position. He was recently discharged from the convalescent hospital at St. Petersburg, Fla., after operational fatigue. A veteran pilot of 34 missions by a B-17, he wears the DFC, and the Air Medal with five clusters. Saturday Dean came home for the week end, leaving Tuesday morning on the bus for Grand Island.

Cpl. Joseph Trojan, jr., husband of Mrs. Joseph Trojan of Loma, Nebr., recently arrived in the European theater of war and was given a brief orientation course to help him adjust himself to life in a combat zone. He will soon be transferred to his permanent station, from which America's fighting planes cover the advance into Germany. Before going into service young Trojan was a bartender employed by Joseph Pevonka of Omaha.

Gerald Deane Sample, aviation radman first class in the navy, son of Merrill George Sample of Big Springs, has been presented the air medal by President Roosevelt. He was born in Loup City, Nebr. The citation accompanying the award reads: "For meritorious achievement in aerial flight as first radman of a Catalina Amphibian during the first night photo-reconnaissance bombing mission by Aleutian-based planes to the northern Kurile Islands on Dec. 20, 1943. With full knowledge of the hazards involved due to extremely adverse weather, the limited range of the aircraft and the probability of heavy Japanese opposition, Sample volunteered for this pioneer mission over enemy home islands. His outstanding skill and loyal devotion to the accomplishment of a mission pointing toward future offensive operations against the Japanese were in keeping with the highest traditions of the United States Naval Service."

Promotion of Gerald S. Goff to technical sergeant has been announced at the Camp Roberts, Calif., infantry training center.

Don Behrends sends word home that he will soon be going across, and has been given his APO number. The youngest son of Mr. and Mrs. Herman Behrends, he has been stationed at Ft. George Meade, Md., recently.

## Something Different

The Quiz would like very much to pay tribute to Valley County's men, as they return to the local picture. We would like to print a bit about their travels and exploits, their personal contribution to the war.

But we find it rather hard to do this. Government regulations forbid the orderly giving out of such information from any one office. For example, the selective service office has no file concerning returned veterans.

A good many of these young fellows have already seen a good portion of the war, and have come home with their

medical discharges and their medals, and have slipped into our lives without any special notice from the public.

When they leave we don't do much for them, a few family dinners or parties, a gathering of friends at the station.

It does seem that when they come home they merit at least a few minutes of our attention. The Quiz would like to call each man individually to the favorable notice of the public as he comes home.

Have you any good ideas on the subject?

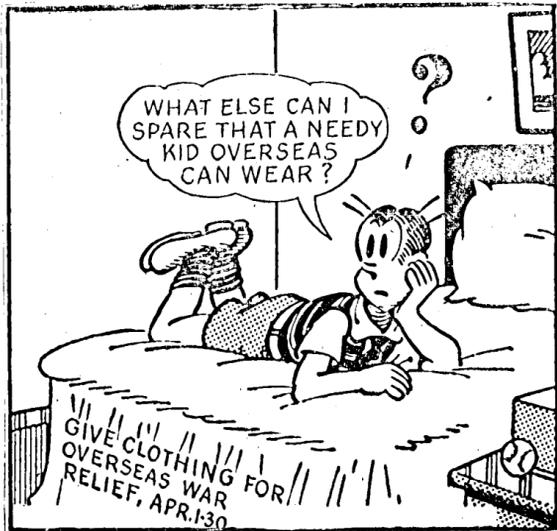

OOO  
Fred Coe has had string and cord saved at the Creamery for years. When a good cause comes along he helps by giving this cord to be used for Junior Red Cross shipments to orphanages and army hospitals, or perhaps to Camp Fire girls and Scouts to use in tying waste paper.

OOO  
And what ever looked so queer as grass long enough to mow sticking up through the snow?

This Alice In Wonderland touch met our eyes on Tuesday. Now get out your smelling salts and read this:

"The birds keep flittering. The squirrels keep skittering. And trying to make a pome. I just keep sitting."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I and my Father are one. If I do not the works of my Father, believe me not. Christian Science Services. "Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in Christian Science Churches throughout the world on Sunday, April 22, 1945.

The Golden Text is: "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (II. Cor. 5:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I and my Father are one. If I do not the works of my Father, believe me not. But if I do, though ye believe not me, believe the works: that ye may know, and believe, that the Father is in me, and I in him" (John 10:30, 37, 38).

Three milk cows of Wilmer Nelson's are doing more than their share in boosting the butter supply. In March, they produced over 135 pounds of surplus butterfat for the Co-operative Creamery, in addition to what daily foods were eaten at home.

Wilmer has only these three dairy cows on his acreage north of Ord—one Jersey, one Guernsey and one Holstein. But they are good ones, and yield more profit than some farmers have gotten from thirty scrubs.

There is money in selling butterfat at 49 cents per pound. In addition, the creamery pays about a 5 cent dividend. On top of this comes the federal subsidy, which amounts to 10 cents a pound and might go higher.

Thus butterfat is actually bringing around 64 cents a pound, and the three Nelson cows are returning nearly ninety dollars per month for their keep. And we must not overlook the fact that their manure is of value in raising crop yields.

The Nelson cows are fed no fancy feeds, but thrive on a ration of alfalfa hay, soybean meal and ground ear corn. They are milked twice daily.

Dairy cows such as these are almost a necessity on the high priced land of today. They will produce more human food in return for the feed eaten than any other livestock and also a steadier income.

Don't overlook the Ign. Klima, jr., furniture sale at the vacant building on east side of square Friday, April 20. In addition to items listed there will be a lawnmower and a bookcase. The clothing has been brought in by all who wished to participate in the drive. Tuesday the committee, John Misko, John L. Andersen, Clara McClatchey and Mrs. A. J. Auble, with many volunteer assistants, packed and tied the garments which will be shipped to Kansas City.

All belong to the "Keep Well Club."

The 4-H sponsors plan to have a judging and demonstration day sometime in June and want to have some exhibits.

Travis Declines Co. Clerk Office, L. Woods Named

Supervisors Meet Specially Monday; Travis Decides to Stay with Bank.

Leonard Woods, retired farmer now living in Ord, was designated Valley county clerk Monday by supervisors at a special meeting called to fill the vacancy after Horace W. Travis, who had been appointed previously decided not to qualify for the office.

The newly appointed clerk, Mr. Woods, was born near Schuyler and was graduated from Schuyler high school, teaching school 3 years in the same community before coming to Valley county, where he operated a farm northeast of Ord.

He was a candidate for the office of county judge at the last election but was defeated by Judge John L. Anderson. He is a member of the Masonic lodge and of the Methodist church.

Only other applicant for the clerk's job considered by supervisors Monday was Cash Rathbun, the Quiz understands.

Mr. Woods will be sworn in as county clerk on May 1, if his bond is issued and approved by that date.

North Loup Boy Killed in Europe

Pfc. H. Dale Gilmore, son of Mrs. Margaret Gilmore of North Loup, died of wounds April 12, somewhere in Germany, according to word that came Saturday evening. Only recently he wrote his mother that he was living in a luxurious home, with more conveniences than one could imagine, but she knew he was in the 33rd battalion in the Ninth army and in the thick of the fighting. No particulars of his death have come as yet.

He was born October 2, 1924, to Mr. and Mrs. Jess Gilmore, at North Loup. All his life had been spent there until he entered the service. Dale graduated from high school in '43, and that fall enlisted in the army. He spent several months at Camp Haan, Calif., and late in '44 was sent to Camp Howze, Tex., for further training.

He was home for a furlough in September and in January of this year was sent overseas.

Surviving are his mother, Mrs. Margaret Gilmore, and a sister, Ila, both of North Loup; a half sister, Mrs. Jessie Wiseman, of Kearney and two half brothers, Paul of New Plymouth, Ida, and Gene of Omaha.

Dale is the second North Loup young man to lose his life in the European area. Richard Jeffries, who was killed in July of last year, was the first.

Dr. Blessing and Schoenstein Given New Posts.

The city council held a re-organization meeting, April 24, at which there was a general discussion of city improvements. There was also the reappointment of appointive employees with the exception of city hall janitor and day police. Mayor M. B. Cummins said he did not desire to make any changes.

He said Sam Marks has made a good and conscientious official. Jis Mortensen was appointed to take Mr. Mark's place.

There was also an installation of newly elected councilmen. Dr. F. L. Blessing was installed for the second ward and Gus Schoenstein for the third ward.

A request by James McCall for lowering a street near his residence was turned over to the streets and alleys committee. The opening of alleys was also discussed.

Other business attended to was the reelection of committees.

Jr. Red Cross Plans Overseas Shipment

As the school year approaches its close, the Junior Red Cross schools are turning in some production of all kinds of things requested by military or Red Cross authorities for hospitals and recreation rooms at camps and naval bases.

Under the direction of Miss Rachel Shaffer, the Ord High School home economics department has turned in its quota of sewed items. The 8th grade classes made 15 cushion covers and 41 card table covers of new materials in suitable colors. These are ready for shipping instructions to some hospital center for recreation room uses.

The 10th grade girls made up 23 pairs of bedroom slippers for Red Cross hospital patients. This is one item in very great demand for the patients need them during convalescence. In fact, special requests have been sent out to all Junior Red Cross chapters to increase their quotas as war casualties increase.

The slippers are made on an exacting pattern furnished by headquarters. The material is clean salvage from the students' homes, and often the slippers permit washing for use by another patient.

Miss Margaret Reed of the North Loup high school home ec. department sent up 50 wash cloths of new material and one completed afghan made of 216 wool squares blanket-stitched or crocheted together. One of her classes also made up some 60 cross-word puzzles which are much appreciated by hospitalized men who have to pass their time alone.

The quota for Easter went forward early in March to the Mayo General Hospital at Galesburg, Ill. There were over 400 items and were prepared by 10 grade rooms; the Ord grade building rooms shared the quota with Mrs. Beaver's room at Arcadia grade school and with rural districts 14 (Miss Clara Jensen) 73 (Miss Mildred Waldmann) 23 (Miss Audrey Koll) and 39 (Mrs. Golda Paider). These schools are now passing around a letter of acknowledgment from the Mayo hospital.

The G. S. S. club girls at Ord High and their sponsor, Miss Lukes, turned in 30 booklets of newspaper daily comics for Red Cross patients. Each booklet contains one comic subject covering a period of approximately 2 months' adventures. These are great favorites with service men. The girls mounted the strips and neatly bound the booklets in interesting colors.

There is a large quota of Mother's Day cards being prepared by Valley county juniors. These go to service men's hospital reading rooms and are used by the men for mailing before that holiday. Miss Jessie Blakeslee and her Arcadia normal training girls made 50 and the schools of Misses Minnie and Clara Jensen also made 50. Other quotas are requested by the county chairman as rapidly as possible.

The entire county is cooperating in making up a Christmas overseas unit of some 2600 items which will be used by our service men at some foreign base at Christmas time. The units need considerable margin of time to reach destination, so juniors work on these needs to finish by June 1 for that reason.

After the Pledge of Allegiance the girls formed a "wishing ring" for the future of the world and the hopes and good wishes for the United Nations. Each one made individual pledges of what they would do to be better citizens and good friends of the world being planned at San Francisco.

Mothers of the 54 Camp Fire and Blue Bird girls were guests.

Named Defense Chairman. James B. Ollis has been appointed by Governor Dwight Griswold to serve as chairman of civilian defense in Valley county, succeeding Ign. Klima, jr., who resigned the position.

Ord C. of C. Busy with V-E Plans

With the inner defenses of Germany crumbling, Ord's plans for V-E day are now being stressed, in readiness for suitable observance of the occasion.

The chamber of commerce has announced that if the news comes before 11 a. m., the program will be held at 2 p. m., in the high school auditorium, but if the news comes after 11 a. m., the program will be held at 8 p. m., at the high school.

If the word of Germany's defeat comes on a week day, all business houses will remain open for an hour, then close for the remainder of the day. All amusement and licensed places will be closed for 24 hours.

The chamber of commerce committee, consisting of Ralph Norman, Hilding Pearson, M. B. Cummins, Bill Darges and Ign. Klima, jr., have arranged the following program:

Music by Ord band. Silent prayer. Invocation by Rev. Siudowski. Singing of the National Anthem.

Remarks by a veteran of World War I. Vocal solo—Dorothy Auble. Remarks by a veteran of World War II.

Vocal duet—Mrs. L. C. Nash and Mrs. W. O. Daifron. Address—Ralph Norman. Pledge of Allegiance. Expression of thanks—M. B. Cummins.

Singing of "America." Benediction by Rev. Cordry. "According to the plans of the committee, V-E day should be a day of thanksgiving and of prayer on the part of the people," states Mayor Cummins.

On this day we should give thanks to Our Creator for the assistance in bringing the war to this end and we should ask his continued guidance in reaching our final goal—the victory of the four freedoms."

In observance of V-E day, the schools of Ord are planning a short program for convocation. Principal F. L. Stoddard outlined the program as follows:

Music by pep band. Silent tribute. Assembly singing, led by Dorothy Auble.

Special music. The school will then continue to cooperate with the community plans.

Camp Fire Girls to Hold Grand Council

Along with thousands of Camp Fire girls over the United States local groups of Camp Fire and Blue Birds held a grand council fire this afternoon at the grade school auditorium. Camp Fire girls of America are taking note of the World Security Conference now opening at San Francisco.

"World Friendship" was the theme of the council fire in honor of the 39 nations who start work on building a union of nations for secure peace.

To the processional played by Charlene Severns the girls came into the auditorium, two by two, carrying lighted candles and singing "God Bless America." They took their places with Mrs. E. L. Kokes at one end and Mrs. Martin, Miss Donaldson, Miss Fouts and Miss Penas at the other side of the ring.

The auditorium was decorated with maps of nations and war theaters and the stage background had numerous lighted candles. The triangle of hope and the eight candles for the Camp Fire law were placed at the foot of a large globe of the world which was the center of the council ring.

As each Camp Fire member listed the countries from which her ancestors came, she placed her lighted candle into a holder within the V of logs in the circle. The candles for the eight points of the law were lighted by the presidents and vice-presidents of the four groups: Esther Greathouse and Rosellen Vogeltanz of Eluta, Mariou Arnold and Joan Blessing of Cheskehamay, Donna St. John and Sandra Norman of Okhig, Mary Thompson and Margret Jean Mumpsey of Chleka-de.

After the Pledge of Allegiance the girls formed a "wishing ring" for the future of the world and the hopes and good wishes for the United Nations. Each one made individual pledges of what they would do to be better citizens and good friends of the world being planned at San Francisco.

Mothers of the 54 Camp Fire and Blue Bird girls were guests.

Named Defense Chairman. James B. Ollis has been appointed by Governor Dwight Griswold to serve as chairman of civilian defense in Valley county, succeeding Ign. Klima, jr., who resigned the position.

THE OLD JUDGE SAYS...

"Judge, remember that place up in the mountains where we went trout fishing last year?"

"I sure do, George. We had a great time up there, didn't we?"

"I'll never forget it. But this will interest you, Judge. I heard just yesterday that the revenue men raided a big still right near there. Guess that's where all that high-priced moonshine we heard about has been coming from."

"Wouldn't be a bit surprised. I saw in the paper the other day where the Government has raided thousands of such stills during the past year."

"Sounds sort of reminiscent, doesn't it, Judge?"

"Exactly and it's not hard to figure out. As soon as the distillers stopped making whiskey and devoted their entire facilities to the production of industrial alcohol for the Government... the racketeers muscled in again."

"I hate to think of how that might have spread, Judge, if the Government hadn't found it possible, without interfering with our war effort in any way, to permit a short resumption of legal whiskey production recently."

### THIS WEEK'S STAFF.

City Editor: Lillian Geneski  
Advertising Manager: Harold Goff  
Rewrite Staff: Dot Kokes and Norma Long  
Reporters: Journalism Class of Ord High School

Rarely if ever does one find a newspaper editor with both the generosity and nerve to let a group of high school journalists step in and turn out an issue of his paper. Mr. Leggett seems to have both traits. He has given his time and efforts to get the new staff started on the right track and at the same time stood ready to shoulder the burden of responsibility should the new journalists run amuck in the course of their duties and thus lower the standards of

his paper. We have done our best, however, to do things right to maintain the Quiz standards and to express some of our ideas with regard to local affairs.

One thing that Ord youngsters have wanted and campaigned for is a swimming pool. Since we now have the opportunity to speak for the young people of the town we want to again bring this affair to the attention of the adults with the idea of securing such a structure in Ord sometime following the return to normal living. The following poem, an original by an Ord high school student, clearly expresses the feelings of local youth on this subject.

What old Ord needs is a swimming pool.  
Built right beneath this very school.  
With it, this place would again be alive,  
We could have a class to swim and dive,  
And a swimming pool would be lots of fun,  
Fewer kids would be on the bum.  
With me as the life-guard, there is nothing to fear,  
There were only forty deaths last year.  
But when the unfortunate kids fell in,  
We always notified their kin.  
So, let's keep a swimming pool in mind,  
And soon enough people will think it's fine.  
A swimming pool is our goal,  
Instead of the river swimming hole.

## THAT'S JUST WHAT WAR BONDS ARE FOR!

**EVERYBODY'S PLANNING.** Recent farm surveys show that a majority of the people who own their own farms are ready, the minute war ends, to build and repair barns and buildings and make many other improvements. Tenants, too, are on the lookout for farms of their own to build on in the post-war period. This is going to take many millions of dollars. Wise farmers have been saving the money for these purposes. Many of them have saved it in War Bonds—and many more are on their way.

**HOW TO GET READY.** You probably have many places on the farm to put money when materials and machinery and equipment are again available—if you have the money! So why not start right now? Step up your savings by buying War Bonds—the best and safest way to invest for future needs.

**WHEN THE BOYS COME HOME.** Your youngster in service is doing a man's job now—and he expects to do a man's job when he gets home again. But he won't be happy with run-down buildings and inefficient equipment. So that's another good reason for stepping up your purchase of War Bonds. You're backing him up in his fight to preserve our country, and at the same time preparing for the kind of home he wants to come back to.

**YOU NEVER GET LESS THAN YOU LEND!** And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. BUY WAR BONDS!

**FACTS ABOUT WAR BONDS (Series E)**

You LEND Uncle Sam:	Upon Maturity you get back
\$18.75	\$25.00
37.50	50.00
75.00	100.00
375.00	500.00
750.00	1000.00

You can buy War Bonds from your bank, postoffice, retail mail carrier or Production Credit Association.

Randolph was high individual scorer, making 20 points. Kelly followed with 18.  
A limitation on each contestant to only four events held Ord scorers down, as much as did the absence of Shibata.

Twenty-two members were enrolled for this course. Most of these students were housewives or rural teachers who wish to earn undergraduate college credit or renew their teaching certificates.

Four Contracts Will Be Let To Construct Pool

Council Will Consider Bids April 29; Airport to be Improved

Prospects for a swimming pool in Ord took on a rosier glow at the City Council meeting Tuesday when Frank McNett of Grand Island, the architect in charge of the project, submitted a plan whereby the pool can be built for slightly more than the \$25,000 which the voters have allowed for this purpose.

The plan calls for letting four separate contracts for constructing the pool which will enable local concerns to bid, as none of the local constructors are equipped to handle the entire job. Separate contracts will be let for the excavation, the cement work, plumbing and electrical wiring. The bids will be considered at the council meeting April 29.

A delegation of fifteen from The Valley Filers were present with a request for improvements at the airfield. The council authorized the drilling of a well to supply the planes with water and other improvements were favorably considered. Walter Koizien, manager of the Elgin Airport, was present with an offer to rent hangar space for four planes which he owns.

Mr. Koizien is a qualified flight instructor, as well as a certified aircraft and engine mechanic. He stated that at the present time he is giving flying lessons to four men in Ord and that the educational provisions of the G. I. bill of rights makes it possible for a number of young men to receive flying lessons at no expense to themselves.

Representatives of the Loup Valleys Rural Electric Membership Association were present with the request that the council give them a bid for current at the Ord switchboard. In order to get approval for the project the local R.E.A. district must submit offers from three different companies who can supply them with current.

Local Corporation Buys Alfalfa Mill

E. S. Murray President of New Concern; McOstrich Is General Manager

The Saunders Alfalfa Mill was taken over April 1, by the O-N-L Mills, Inc., a newly organized local concern, which has purchased the mill, with no stoppage of operations. The letters "O-N-L" stand for Ord-North Loup.

The officers of the new corporation are E. S. Murray, president, D. B. McOstrich, secretary-treasurer, and E. L. Vogeltanz, acting attorney. Mr. McOstrich is also the general manager and is in charge of the mill's operations. He has resigned his position with the soil conservation service and is devoting his entire time to the management of the mill.

Mr. McOstrich first came to Ord as an engineer for Black and Veatch at the time the North Loup Public Power and Irrigation project was constructed. He did a considerable part of the engineering work of the project. He was employed by the same firm for about eight years and worked on a number of other large jobs.

He returned to Ord in September, 1944 to take charge of the soil conservation service in Valley county and remained there until April 1. Mr. Murray announces that the new organization will continue to process both green and sun cured alfalfa.

Pride O' Plains Butter Wins 2nd Place in Contest

Ord Creamery Men Attend State Meeting Held in Omaha Last Week

Ord's Pride O' Plains butter won second place in the contest held in connection with the twentieth annual meeting of Nebraska Cooperative Creameries, Inc., in the Castle hotel in Omaha March 26 and 27. Credit for this achievement, Emil Babka, the superintendent, says, goes to Adolph Sevenker, head buttermaker in the Ord creamery.

Mr. Sevenker has been with this organization since 1911 but this was his first try in the butter contest. Due to the shortage and rationing there were no contests held since 1942. In previous years the judges' decisions were largely on scores while this year several other points such as composition, sediment test, mold count, and keeping qualities were taken into consideration, making it an efficiency as well as a quality contest.

There were twenty-six entries and many of the creameries competing have routes whereby they gather cream twice weekly. Ord's butter has been kept in the spotlight for many years by E. O. Carlson, buttermaker here for over seventeen years who brought home several prizes.

In 1939, Emil Babka, then assistant buttermaker, took second place in the contest. This year first honors in the contest went to the Plainview creamery.

Those attending the meeting from the Ord creamery were P. E. Pocock, president, Emil Babka, manager, and Adolph Sevenker, buttermaker. Dale N. Stewart, manager of the Madison creamery, is president of the state organization. Fred W. Coe, formerly manager of the Ord creamery, held this position for several years and did much for the association and the butter industry according to members of the organization.

Mr. Babka reports that "quality" was the word most stressed in addresses of the speakers at the meeting. They advocated better quality in eggs and poultry as well as in cream and butter. The leaders of the industry agreed that with more help available more will be expected in the way of greater efficiency and sanitation in handling food products.

The operators were warned that state inspectors are very active as well as those from the federal government. They are aiming to check the way in which food is handled from the producer to the consumer. The checks will be very thorough and the operators will be cooperative but violators will have to be dealt with as a result of evidences of unwholesome and unsanitary conditions which the inspectors will submit.

At the banquet held in connection with the annual meeting the prominent people present included Governor Griswold, Henry Obbink, Rufus Howard, James Lawrence, Professors Downs and Davis from the college of agriculture, Lloyd Marti, mayor of Lincoln and Dr. Christensen from the college of agriculture of the University of Minnesota. Senator Butler spoke at a luncheon Wednesday.

The North Loup River Bridge IS Completed

To George Hastings goes the distinction of being the first person to drive across the new bridge. Mr. Hastings and his car are seen in the above picture. He completed the crossing at 12:15 p. m., Central Standard Time, Tuesday. Mr. Hastings was enroute to Ericson on business.

After a period of six weeks the people living north of the river are very happy to be able to get to Ord without having to drive to Elyria or Sumter first.

Pretty, Blue-Eyed English War Bride with Little Daughter Arrives in Ord

Cpl. Clingman Meets Wife in Lincoln; They Will Live With Wallins

Ord's first overseas war bride, a pretty, blue-eyed blonde from Fenlands, Cambridgeshire, England, with a daughter, who is a replica of her mother, reached their new home Saturday. They are the wife and daughter of Cpl. John W. Clingman, who met them in Lincoln. Corporal Clingman has resided in the army for a year and is soon to go overseas again but Mrs. Clingman and their daughter, Wendy Anne, plan to make their home in Ord with Mr. and Mrs. Peter Wallin.

Mrs. Wallin is the corporal's sister. They will spend part of their time with another sister, Mrs. Ralph Franzen and Mr. Franzen who live at Cotesfield. Corporal Wallin will report to an army base April 11 to await shipment abroad.

He last saw his wife and daughter in October, shortly before he was returned to the states. Mrs. Clingman and Wendy Anne came over on the U.S.S. Washington. The corporal lacked seven weeks spending three years overseas, here he was assigned to the 2nd Bomb Group. When he met his young lady who was to become his wife, he was stationed at Auhinberry, where Mrs. Clingman was a waitress in a hotel. They were married March 13, 1944. In June of '45 the corporal left England and went to France but he was successful in getting a leave to England before he returned to the states.

In her brief stay Mrs. Clingman has found Ord to be "rather nice". America impresses her as a land of abundance. She had almost forgotten how a beef steak tastes. The amount of meat which a person may buy in Ord for twenty-four cents is equivalent to a week's meat ration in England. All foods and clothing are still severely rationed there.

Mrs. Clingman says that an Englishman's weekly food allowance is limited to two ounces of butter, one ounce of lard, four ounces of margarine and "an egg every fortnight" (which in American means every two weeks). The daily milk ration is one-eighth of a pint, which would be less than a pint a week. All their bread is dark.

The English are given twenty clothing coupons every six months. Mrs. Clingman reports that a pair of shoes takes seven coupons and a coat eighteen coupons.

She comes from the rural part of England. Cambridgeshire is on the east coast. Her native land is swampy, some of it being below sea level. Her parents are deceased but she leaves brothers and sisters, and grandparents in England.

Corporal Clingman's relatives have long awaited the arrival of their new sister-in-law and niece. Mr. and Mrs. Wilbur Anderson and family of Ainsworth drove to Ord Saturday to meet them. Mrs. Anderson is the Corporal's sister. The Andersons, too, were guests in the Wallin home.

Sunday the Clingmans, Andersons, and Wallins all drove to Cotesfield where they were dinner guests in the Ralph Franzen home.

Dinner guests in the Verne Anderson home Sunday were Dr. R. L. Beeghly of Kimball, S. D., Mrs. Hans Andersen and Judge and Mrs. John Andersen.

New provisions of the "G. I. Bill of Rights" which became effective March 28 have served to eliminate much of the red tape and confusion in the matter of G. I. Loans.

Several appraisal features have been taken out—it is now up to the lending agency—not a government agency to decide on a loan.

## See Us Today

And let us explain the new features of this bill to you. If you are a G. I. and in need of a loan we can promise you quick service.

## Best Wearing Work Shoe of Pre-War Days

You old-timers will remember this sturdy, rugged work shoe with the strong steel arch which gave day-long support and comfort to hard-working feet. We sold thousands and thousands of pairs before the war. Now we have it again to add value to your shoe budget dollars. Our only regret is, that we are not going to have enough to supply everyone right away. Leather is still scarce, and allotments still limited. However, the situation is improving right along and we will eventually have an ample stock to take care of all your needs.

Jones has cooked in a sanitarium in Spokane. She is the sister of Mrs. E. B. Weekes.

The Joneses have five children, Ada Mae who is twenty, Shirley, 15, and a high school sophomore, Joan, 13, and a freshman, Janet, a twelve year old seventh grader, and Billy who is ten and in the fifth grade.

Mr. and Mrs. Keep have operated the Thorne cafe since 1928 when Mrs. Thorne retired from the business because of her advancing years. In 1909 Mr. and Mrs. Thorne first opened their cafe in the building across from the Ord hotel which is now being remodeled by Elliott Clement.

Their place was called the "Farmers' Home" and the meals were served family style. Mrs. Thorne prepared large dishes and huge platters of food which were placed on the tables where farmers, traveling men, regular customers, and others who were fortunate enough to be in Ord at meal time congregated eager to consume the result of Mrs. Thorne's culinary skill.

Owing to Mr. Thorne's poor health they left the cafe in 1915 and moved to a farm near Ord. Mr. Thorne was a victim of the flu epidemic which swept the country following World War I and died Nov. 15, 1918.

Faced with the problem of earning a living for herself and four children, and after a serious consideration of her skills and talents, Mrs. Thorne decided to move back to Ord and reopen the restaurant which she did in 1919. The building where Schoenstein's radio service shop is now housed was her first location.

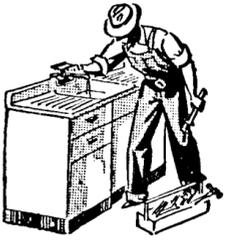

From the beginning the venture was a family affair. Her son, Hans, and her three daughters assisted her. Many people in Ord can recall when her youngest daughter, now Mrs. C. E. Gilroy and busy rearing a family of her own, waited on customers when she was scarcely tall enough for her head to show up over the top of the counter.

Mrs. Keep and Mrs. Frieda Philbrick, who now lives in Bremerton, Wash., assisted their mother in repairing and serving the food. Those were the years when the out house was being built and he first paving was being laid. The business was good for the workers were generous with their patronage. In 1922 the cafe was moved to where the Safeway store now stands. At that time Brad brothers had a confectionery in the front of the building while the cafe occupied the rear. In 1926 Mrs. Thorne bought the building where the cafe now is located and moved in. The following year her daughter, Mrs. Keep,

took charge and replaced Mrs. Thorne at the cook stove. The art of properly preparing food is a family trait. Not only are the three daughters adept in the profession but Mrs. Thorne's son, Hans, too, was a cook on the railroad for years. He now operates a hardware store in Twin Falls, Idaho.

The art has been passed on even to the third generation. Mrs. Keep's son, Guy, is a mess sergeant in the army and is now feeding hungry, homesick soldiers stationed in Calcutta, India. One may well wonder why the army did not make a mechanic or a stenographer out of him!

The Keeps have rented a house in Ord where they will make their home and rest for awhile.

Have You Seen Beer Licensee Violations?

Is there a beer licensee in your community who carelessly or willfully violates the provisions of the Nebraska liquor control law?

If so, now is your time to act because hearings are being called on applications for new licenses for the year beginning May 1. For the good of your community, it is your duty to protest against any retailer whose past record will not bear inspection.

The Nebraska brewing industry constantly is active with a program of self-regulation. A field man regularly checks taverns throughout the state, and wherever improper operations are found the tavern owner is warned. Failure to make correction results in the case being given to legal authorities for whatever action they may deem necessary.

These efforts are fruitful, but they will be even more so if all citizens will remember—the public, not the beer industry, selects the licensee.

Dear friends, it has been 32 years since I opened the doors of my business establishment in Ord. The years have been kind to me, I have prospered, and now it is time I took a rest. There is one main thing I want to say—it is you—the good people of Valley county—who have been responsible for any success I have made. And from the bottom of my heart I wish to thank you all. I can recommend my successor most heartily, and I trust that you will give them the same spirit of friendliness and cooperation that you have always given me.

#### THANK YOU, FRIENDS!

I want to thank all my friends who took part in the campaign which resulted in my re-election as mayor Tuesday. This result was a great surprise to me as I had refused to allow my name to be submitted at either caucus and had announced publicly that I did not wish to continue as mayor. The same thing holds true now—I would rather the result of the election had been different—but since so many of you have drafted me to serve I feel it is my responsibility to do so.

It will be impossible for me to see all those who wrote in my name to thank them personally but I want to assure all of you that I will do my best to reward your confidence by the quality of service my administration will give in the coming two years. Our policy will remain the same as in the past and every citizen of Ord may be assured of fair treatment by all city departments at all times.

Thank you, friends, one and all.

M. B. Cummins

#### THANKS TO THE VOTERS

I did not seek the nomination for Mayor and it was with considerable reluctance, and only after considerable urging by many, that I consented to permit my name to stay on the ticket. I can truly say, that I made no effort to be elected and did not ask any persons for their support. Nevertheless, I desire to express my most sincere appreciation to those who were instrumental in nominating me and to those who voted for me, for their confidence in me.

To Mayor Cummins, I extend my whole-hearted congratulations and best wishes. To all of you, I desire to say, that I shall continue to do all in my limited way to help make Ord a better city.

Sincerely,

E. L. VOGELTANZ

Sunday was a big day for Mr. and Mrs. Ernest Lange who were made very happy when more than a hundred relatives, neighbors and friends arrived at their home with well-filled lunch baskets to help them celebrate their twenty-fifth wedding anniversary. Their eldest son, Eldon is now in the army and stationed at Fort McClellan in Alabama. Vesta and David live near North Loup. Wilma, Geraldine and Carol live with their parents.

At noon a bountiful dinner was served and in the afternoon Mrs. Lange cut an immense three-tiered wedding cake which was served with ice cream. The Langes were presented with many beautiful and useful gifts.

### Roman Buys Worms' Trucking Business

Jack Roman purchased the trucks and equipment of Worm Brothers in a deal completed Monday. Mr. Roman leased the Worm Brothers' office north of the square and their authority to operate their oil transports. They have six at present, the management of which keeps them well occupied.

Most of the men employed by Worm Brothers in the operation of their freight lines will continue to work for Mr. Roman. Worm Brothers were in the freight business for three years. They bought the trucking business of K. W. Peterson. They first started carrying oil in 1937.

Mr. Roman started his trucking business in Ord in 1931. The purchase of the Worm Brothers' equipment now gives him a total of nine trucks, which make trips daily between Ord and Omaha and Grand Island.

### More Assurance Necessary For Housing Project

All Wanting Homes Urged  
To See Architect Now in  
Ord, at Once

All people interested in buying a newly built home in Ord are urged to make an appointment with Mr. Daxon, of the Kimball, Steele, Sandham and Daxon, architects and engineers of Kearney, who will be in Ord Thursday and Friday to confer with persons who need homes. Mr. Daxon can be seen during the day or evening at the Ord hotel. He will have plans and sketches of the proposed homes and will be able to answer any questions about the proposed project.

If the project is to be developed, Mr. Bissell, the local contractor, must know at once if there are twenty people who would buy homes if they should be built. To date he has received no such assurance. At the meeting held Thursday night nine parties signified their interest in owning a new home. Civilians as well as ex-service men are urged to see Mr. Daxon if they want a house. Immediate action is imperative as Mr. Bissell points out that every day of delay allows a truck load of badly needed material to be diverted somewhere else.

At least twenty homes must be built in the project to make it feasible from an engineer's point

### Hron Becomes a Farmer After 32 Years In Clothing Business; Sells His Store

FRANK HRON

After thirty-two years in the clothing business in Ord Frank Hron is retiring to the farm two miles from Ord which he purchased two years ago. He has sold his business to his brother-in-law, Edwin Jennison, who was released from the army Feb. 22. Like many of Valley county's good citizens, Mr. Hron was born in Czechoslovakia. He learned the tailoring trade in Europe before he came to America. After being in business in Ord ten years, Mr. Hron was so successful that he decided to erect his present store building.

EDWIN JENISON

After struggling with OPA regulations, shortages of merchandise, and help Mr. Hron believes he will enjoy the comparatively quiet life of a farmer.

Mr. Jennison is no stranger to the people of Ord. He has given five years of his life to army, and is now on terminal leave. He served as a lieutenant colonel with the Tenth army on Okinawa. Mrs. Jennison and their three sons have made their home in Ord for the last year and a half. Prior to enlisting in the army Mr. Jennison lived in Omaha. He was reared in South Dakota.

Yes Sir! It's time to drain the old, worn-out, sluggish oil from your crankcase and fill with fresh bright Mobiloil. Give your car another lease on life with a complete grease job.

FIRST FLOOR PLAN

SECOND FLOOR PLAN

of view, Mr. Bissell explained. The grading, leveling, installation of sewers and water would be too expensive if only one or two houses were built on the tract.

The first step in the construction, according to Mr. Bissell would be to grade the lots, pipe in the water and install the sewer, excavate the basements and then the black dirt, which in the meantime would be piled up at the side would be put back on to the lots and the lawns would be seeded.

One story houses about 30 by 32 feet are contemplated. They will have five rooms, kitchen, living room, dinette, two bedrooms and a bath. Mr. Bissell explained that possibly some larger homes would be built if there is a demand for them. The houses will cost approximately \$8,000 with those on the corner lots being possibly higher.

Forty lots will be developed in the project. There will be three streets running north and south and three east and west. The lots are 62 feet wide and 117 feet long.

The houses will fully meet all the requirements of the Federal Housing Administration and can be financed. They will be in-

cluded. The houses will have full basements which will practically be fireproof in construction. To eliminate using timbers which are often poorly cured and often result in a sagged floor when they shrink, precast concrete beams will be used for the stringers.

The houses will have a triple flooring. First a concrete one will be laid, wooden joists will be placed on top of this, making a dead air space, and a rough floor will be put down on top of which an oak floor will be laid. The rooms will have eight and one half foot ceilings and the windows venetian blinds.

Large furnaces which can later be equipped with stokers or oil burners will be installed in the basements. Originally they will have to hand-fire with coal but they can be equipped with fans.

Mr. Bissell explained that the reason for holding meetings was to find out just what kind of houses people want. Many of those present Thursday expressed a preference for a third bedroom. None of those present were interested in a house with an upstairs. One party showed interest in a house with a utility room rather than a basement.

**KILL WEEDS with WEEDICIDE!**  
The newest thing out in weed killers—you've read about it—we have it!  
Kills wild morning glories, plantains, Japanese honeysuckle, poison oak, poison ivy, dandelions, Canada thistle and many other weed pests. These weed pests are not only controlled, but utterly destroyed—clear down to the tips of the roots.  
Will not harm wild hay, blue grass or pasture (only broad leaf plants respond to kills) and kills even the most deep rooted perennials.  
Just spray it on—a dollar's worth will take care of the average lawn—an acre for five dollars or less.  
Let us tell you more!

MANY NEVER SUSPECT CAUSE OF BACKACHES  
This Old Treatment Often Brings Happy Relief  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.  
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, waking up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Dean's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Dean's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Dean's Pills.

## for Arcadia and Community

WE CLOSE OUR STORE ALL AFTERNOON

**Thursday, April 4th**

Our I. G. A. wholesale suppliers have eliminated all their traveling salesmen, also most all their office force. We mail order all our goods and pay spot cash upon arrival. We buy our goods at carload factory prices, plus a very small handling charge. We believe this to be the ultimate in low wholesale and factory costs. We have and will continue to run our business on a self service basis, which is accepted the world over as the lowest overhead expense a retailer can operate.

That is the reason we are closing all afternoon, Thursday, April 4th—We have hired a big crew to mark all our prices down to blend with our new wholesale costs. Hundreds and hundreds of items will be reduced 5 to 30%. Seems silly, doesn't it? Especially when the whole country is talking inflation.

Shop with us two weeks and see how much you Save. Shop at home, don't lose gas and money, too. A 10c charge on all town deliveries, our low profits do not permit free delivery. We claim to have the biggest self-service Super Market of any town this size in Nebraska.

# YES...

there's a FORD in your future!

The Ford Motor Company wants you to own a new Ford, but production is on an allotment basis and lack of certain parts and materials will continue to curtail production for some time. We hope to have more Ford units for delivery the latter part of this month.

## Now, as to price . . .

With limited output, naturally the cost of operation of a mass production plant such as Ford Motor Co., or any other large manufacturer, is higher, and such cost must be reflected in the price of the finished product.

You can rest assured that such increased cost of the New Ford will not be one penny higher than necessary.

## In the meantime . . .

Be patient with us. As production returns to normal we hope to make deliveries of New Fords as rapidly as possible. Keep your present car in good condition—take care of it—and do your best to maintain a high trade-in value. Our complete mechanical facilities are at your disposal.

### D.D.T.

We have made arrangements to handle 50% wettable DDT dust concentrate in any quantity you need.

This is the form of DDT recommended for general farm use by the Nebraska College of Agriculture. Mixed with water it makes by far the most effective fly spray ever developed.

Experiments by the United States Dept. of Agriculture and State Experiment Stations, prove that when barns and sheds are sprayed thoroughly on the inside, the DDT residue left will kill all flies resting on the surface for a period of from two to three months. Cattle sprayed with this form of DDT will be protected against flies, from ten days to three weeks. All authorities agree that DDT in an oil solution is dangerous to use on livestock.

For general farm use buy only the 50% wettable DDT concentrate, and avoid danger and unsatisfactory results. Tests prove that you can increase summer milk production by as much as 30% by controlling flies with DDT.

### Popcorn Contracts

We are still writing Pop Corn Contracts and can take care of contracts for Dwarf Hulless, South American Hybrid and South American. Let us tell you about these contracts. Pop Corn growing has been a very profitable part of farming in this section for many years; and we believe that it will pay you to grow a small acreage of popcorn for a good early cash crop.

### Pop Corn Wanted

We are in the market for any immature popcorn and we will take it either shelled or in the ear. Let us know what you have for sale.

### Hybrid Seed Corn

Our Hybrid Seed Corn is all here now and we would be glad to have you call for your seed as early as possible. Many kernel sizes were hard to get this year and the earlier you call for your corn the better choice of sizes you will have.

### Alfalfa and Sweet Clover

This Spring we have had the largest stock of alfalfa and sweet clover seed that we have ever carried; and now it looks as if we would be out of some of these varieties soon. If you have not booked your alfalfa & sweet clover seed we would suggest that you do it very soon. It is very important that we continue to sow these legume crops if we are going to keep up the fertility of our soil.

### Ammonium Nitrate

We have said very little about the Ammonium Nitrate that we will have in May. However we will have Ammonium Nitrate 32 1/2% at a price as low as is being asked for a much lower grade of this good fertilizer. Ammonium Nitrate is really hard to get this year and your order should be placed early. Use Nitrate fertilizer on your corn and if you plan to harvest Brome Grass seed be sure to give a good Nitrate dressing as it will increase your crop to a very great extent. It also helps the hay crop of your Brome. We believe that there will be a much heavier call for Nitrate this summer than can be supplied.

### Baby Chicks

This week we are entirely out of started chicks but we will have some baby chicks available for April 10, 13, 20 and 27. Place your order now for some of these good chicks. We have a large stock of Starting Mash and can take care of your needs. We firmly believe that there will be a great shortage of eggs and poultry in the next six months as many sections are unable to get enough feed to grow a normal number of chicks. Our section with the feed available should grow all chicks that can be taken care of.

### D. D. T.

We carry a large stock of D. D. T. in all forms and can take care of your needs in anything in the way of D. D. T. We also have large supplies of Weed Killer. Past use has proven that some of these new chemicals are doing a very good job. Let us supply you.

### Flour

A stock of 25 lb. and 50 lb. bags of both Peerless & Mother's Best Flour on hand. This new flour is proving very satisfactory.

### Cattle Proteins

We have a few tons of cattle protein on hand, also have a good supply of 40% Hog Supplement in both meal and pellet form. We will have another car of Cattle and Hog Supplement in a couple of weeks. Place your order now for what you will need later.

## Firemen's Truck Fund Now \$1090; Want \$4910 More

### Donations For New Equipment Will Eliminate Need For Tax Levy

"Donations for the new rural fire fighting truck and equipment to be purchased by the Ord Volunteer Fire Department topped the thousand dollar mark this week, with \$1090 reported. Firemen estimate that \$6000 will be needed to purchase the special purpose truck and rural fire fighting equipment they have in mind.

"We are simply responding to demand," Vern Andersen, fire chief stated. "There has been a lot of agitation for the formation of a rural fire district here, and that means additional tax levy and the usual red tape.

"But if the farmers of this area give us the equipment we need, the city of Ord will underwrite all upkeep and maintenance costs, and no tax levy need be made. Service will be as good or better than under the rural fire district setup.

"Donations can be left with any member of the fire department, the banks, and at several business houses in town. Receipts will be issued," Mr. Andersen said.

## Ord Plans For Baseball Team

### Douthit & Rathbun Named Managers; First Tryout Called For Sunday

Walter Douthit and Cash Rathbun were elected manager and co-manager of Ord's baseball team at the meeting held in the City Hall Thursday evening. Those present also voted to join the Loup Valley league. Mr. Douthit has called a meeting of all prospective players at the ball park Sunday afternoon at 2 o'clock if the weather is favorable.

Mr. Douthit is especially anxious to have the younger players turn out, even though they may have had little experience with baseball. He will arrange practice periods to suit the convenience of the players.

At the meeting Thursday evening Jim Petska was elected secretary-treasurer of the Ord ball club. A committee consisting of Corwin Cummins, Dick Teague, Bud Auble, John Haskell, and Jim Gilbert was elected to solicit funds to buy equipment for the team. Syl Furtak acted as chairman of the meeting and Corwin Cummins as secretary.

## Levi Hamilton, 86, Dies in Colorado

Levi James Hamilton, who for many years was brakeman on the Union Pacific run between Ord and Grand Island, died in La Junta, Colo., March 17. Mr. Hamilton was eighty-six years old. He had made his home in La Junta with his son, Jay, since the death of his wife in Ord, March 28, 1932.

Mr. Hamilton was born in Clay county, Ind., July 31, 1859. His wife married Ida M. Whitbeck in Grand Island. He retired from the railroad thirty years ago. Mr. Hamilton was a member of the Brotherhood of Railway trainmen for fifty-four years.

He leaves his son, six grand-children and ten great grand-children. Two sons preceded him in death. Interment was at La Junta.

## 8th Graders Take Exams Saturday

Saturday will be a red letter day for the eighth graders attending rural schools throughout Nebraska, who will go to towns and other designated places to take the state examinations which will determine if the students are ready to enroll in high school. In Valley county, examinations will be given in Ord, North Loup, Arcadia and Elyria.

In each town the grade school buildings will be places where the tests will be given. In Ord County Superintendent Clara McClatchey will have charge of the examinations, in North Loup Miss Alice Johnson will give the exams, in Arcadia, Mrs. Bugbee and Mrs. Finney will be in charge and in Elyria, Miss Marcella Iwanski.

Miss McClatchey explains that the tests will be a bit different this year as standardized tests will be given in arithmetic for the first time. If the new tests are successful they will likely be used in all the other subjects, Miss McClatchey says, which would make it easier for those who grade the papers and would likely be preferred by the students.

## 6 County Offices Lack Candidates; Deadline Friday

### No Opposition Appears For Incumbents; Expected To Ask Relection

With two days left to file, six Valley county offices to be filled in the fall election were without candidates, however the incumbents are expected to pay the five dollars required to place their names on the ballot before the deadline Friday. The offices for which no filings have been made are county superintendent, surveyor, assessor, and supervisors in districts 1, 3, and 7.

John P. Misko, county attorney filed for reelection on the Republican ticket April 3. Sheriff Robert R. Hall filed on the Democratic ticket April 8. April 9 brought two filings those of the Clerk of District Court Clyde Baker and County Treasurer George Satterfield, both Republican. County Clerk Leonard Woods filed on the Republican ticket Wednesday.

Owing to the rain no more filings were expected Wednesday. The only office for which any competition has developed is that of supervisor for North Loup and Springdale precincts. The incumbent, J. A. Barber, who is advanced in years, has stated that he will not be a candidate for reelection.

Clem Meyers Jr. has filed of the Democratic slate for this office and Clifton W. McClellan of the Republican. Supervisors are also to be chosen in the fall election for District 1, comprising Noble Elyria and Eureka precincts which are now represented by J. Tablonski, District 3, which consists of Michigan precinct and the first ward of Ord with Evet Smith being the present supervisor and District 7, comprising Arcadia Liberty and Yale precincts of which S. V. Hansen is the present supervisor.

Miss Clara McClatchey in whom the voters of Valley county have shown their faith and confidence by electing her four times to the office of county superintendent had not filed for reelection Wednesday morning. Other incumbents who had not filed are Jason Abernethy, assessor and Emanuel Petska, surveyor.

## Child Welfare Film to Be Shown in Ord

The film "A Square Deal for Every Child" will be shown Sunday, Monday and Tuesday at the Ord theater. This picture is being sponsored by the local auxiliary of the American Legion. It portrays phases of child welfare and training for parenthood. The film is a short lasting about 15 minutes. It will accompany the regular advertised features showing on these dates.

## Grand Island Hiway Will Be Improved

The State Highway department announced April 1 that the contract for surfacing 10.6 miles of Highway 11 between St. Paul and Piba had been let to George K. Werner of Clay Center and Nichols Construction Co. of Geneva for \$104,456.12. The contract calls for gravel armor coat and a bituminous mat.

Abel Construction Co. of Lincoln got the contract for grading 7.1 miles of highway between Friscon and Greeley. The Gerhold Co. of Columbus was authorized to build the culverts on this section for \$3,209.25.

Between Ravenna and Grand Island a contract to grade, gravel, armor coat and surface with a bituminous mat 14.4 miles of highway was let to Leo and Johnson, Inc. of Sioux City for \$222,936.75.

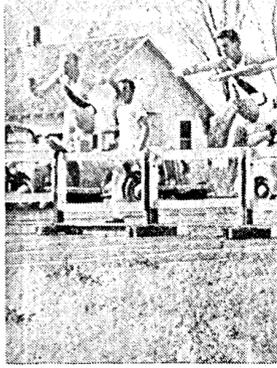

## Jerry Fryzek to Join Cardinals

Jerry Fryzek will go to Houston, Texas about the 6th of May where he will join the training camp of the St. Louis Cardinals. Jerry has been in Ord two weeks following his discharge from the army. He served eighteen months with an ordnance outfit stationed in India. During his army career he gained distinction by pitching two shut out games for the baseball team of his outfit.

Jerry drove a truck over the Burma road from India to China during his stay abroad and flew back over the hump. He found dirt, heat and unsanitary living conditions to be prevalent in the parts of India and China which he visited. Enroute home his ship docked at Singapore and Manila, which afforded him the opportunity of seeing these cities. He crossed the Pacific twice. When he went to India his ship stopped in Melbourne, Australia for several days. Jerry was offered a tryout with the Cardinals before he went to the army but was unable to avail himself of the opportunity. However, the scouts from the St. Louis ball club were on hand with an interesting offer as soon as Uncle Sam relinquished his claim to Jerry's services.

## Chanticleers Get Ready for Burwell

It was by the toe rather than by the nose that Tom Tolen won the low hurdles in the meet with Grand Island last Friday. The photo shows Tom, second from the left, making the final hurdle a split second before either of the two Islanders. Tom ran the hurdles in 12.2 seconds. A top notch contest is expected with Burwell. Neither team has tasted of victory yet. Broken Bow downed Burwell 77 1/2 points to 59 1/2 points in the meet held at Burwell last Thursday.

Ord dropped its first track meet of the season to Grand Island Friday afternoon by a score of 42 1/2 points to 89 1/2 for the Islanders. Tolen made a brilliant showing for Ord, winning the low hurdles, the 880 yard dash, and placing fourth in the high jump to gather in 11 points for his school.

Peterson won first place in the mile for Ord, his time being 5:14.4. Guggenmos came in third in the same race. Don Edwards, who cleared the bamboo, at 9 feet 4 1/2 inches won first place in the pole vault. Hannah tied for fourth place in the same contest. Ord won no more first places in the meet.

Stoddard placed second in the high jump and Dahlin third in the same contest, this being Ord's only second placement in the meet. The Chanticleers, however, won numerous third and fourth places, and with more training and development some of the athletes should be able to place higher up in the points before the end of the season.

Dworak heaved the shot 41 feet and 4 1/2 inches to win third place for Ord. The Islander who had the best record made 43 feet and 11 inches. Stoddard came in third in the high hurdles while Hannah placed fourth. Timmerman came in fourth in the 100 yard dash.

Thursday (today) the Burwell Longhorns are coming to Ord to test their ability on the track and field against the Chanticleers. More practice and training is expected to have a decided improvement on the Ord squad members. Allen Zikmund, who was engaged by the Board of Education, has been assisting coach Cochran in shaping up the team for his alma mater.

## Valley Fliers Promote Field Improvements

### Club Plans To Develop Ord Airport So Pilots May Be Trained Here

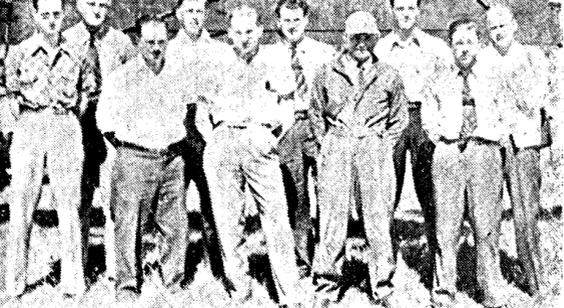

Since its inception two weeks ago the promoters of the Valley Fliers have been surprised at the amount of interest which the people of Ord and those in surrounding communities have shown in flying. The club's new membership list includes Chet Travis, Dean Misko, Jerry Petska Jr., Henry Benda, Verne Andersen, Ellis Carlson, Vere Carson, Al Baker, Al Radke, Lyle Witherwax, Carl Weckbach, James Petska Jr., Roland Norman, Joe Borden, George Allen and Ed Apking.

With the favorable news from the City of Ord's advisory board and from City Attorney Clarence Davis that the new field location has been approved and designated by the civil aeronautics administration, City Engineer George Allen and several club members have completed staking out the runways and temporary grading and filling in of ditches, necessary to make the new field available to the flying public.

The state airport leveling equipment is expected to be here within the next three or four weeks to complete the grading and leveling prior to seeding the airport runways which will not be a major undertaking as the state engineers report that Ord's field is one of the best natural airfields in Nebraska. The state also will furnish the airport marking equipment, according to the engineers.

The club met at the airfield last Sunday afternoon for a brief informal discussion and a group photograph. The members were introduced to Walter Koizen, manager of the airport at Elgin at this meeting. Mr. Koizen is the owner of four planes, the holder of a commercial pilot's rating and a certified aircraft and engine mechanic as well as a (Continued on page 6)

## County Lacks \$300 of Red Cross Quota

Valley county is about three hundred dollars short of its Red Cross goal, Jay Auble, the local war fund chairman announces. Valley county's quota is \$3110.00. Mr. Auble reports several communities have not checked in the funds which they have collected. He is very anxious to have a report from all solicitors as he desires to make his report and close the drive. Persons who have not already contributed and who have not been solicited may leave their donations at Auble's jewelry store and solicitors are urged to complete their work and turn in their money and reports to Mr. Auble.

Mrs. Opal Burrows, the county assistance director, has been appointed the Red Cross home service chairman, replacing Mrs. Lucille Jennison, who resigned after serving a year. Mrs. Burrows may be contacted in her office on the first floor of the court house. ## Man Is Accused By Red Cross Of Ten-Year Fraud

### Family Got Free Board And Lodging In North Loup Last November 16

A man named Hobart E. Sample, his wife and five children ate supper last Nov. 16 at the Ideal Cafe in North Loup and later stayed overnight in the John L. Ward home. In both cases the man stated that the Red Cross would pay the bill, and they left town while Mrs. Ward was phoning to find out if the local Red Cross knew anything about them.

Said Hobart E. Sample, wife and five children were picked up by the authorities in Cortez, Colo., March 28, and ate said to have bilked the Red Cross out of \$20,000 in the past ten years by fraudulent representations. Sample was arrested when he applied for \$75 from the Cortez Red Cross chapter, representing himself as a needy World War I veteran.

The authorities said Sample had been traveling across the country in an automobile and trailer with his wife and five children between the ages of 2 and 13. He allegedly received \$10 from the Mancos, Colo., Red Cross before arriving at Cortez. In fact, he had been doing just that thing all over the United States for the past ten years.

The chairman of the Red Cross chapter at Cortez became suspicious and telegraphed national headquarters, and was told to hold Sample as a long sought suspect who had traveled throughout the country since 1936 receiving funds from the organization in amounts totaling about \$20,000.

Information in regard to the man was sent to Mr. Ward by W. C. Pickett of Alamosa, Colo., former Ord rural carrier, who saw the story in the Denver Post and realized that the description fitted the family concerned in the North Loup episode.

## Farmers Will Get Subsidy Payments

Farmers are asked to bring their cream check stubs for January, February and March to A. A. office and have them figured for subsidy payments. All figured of milk and butterfat production must be submitted to the AAA office in Ord by May 31.

## County Asked To Save Food To Aid Starving Europe

### 100 Bushels Wheat and 500 Lbs. Fat Each Week Is Local Quota

To make more food available for the starving people of Europe the housewives of Valley county are asked to conserve food for the next six months which will result in saving 100 bushels of wheat and 500 pounds of fats each week. As part of the national campaign to get sustenance to the hungry population abroad Americans are asked to use 40 percent less bread and wheat products and 20 percent less fats.

The goal of 100 bushels of wheat and 500 pounds of fat for Valley county was determined by the local U. S. D. A. war board members who have estimated that the goal can be achieved if every one will eat one slice of bread less per meal and if every household will save a tablespoon of fat per day.

The president's famine emergency committee, which Herbert Hoover heads, has figured out if every American will save two slices of bread daily that 20 million starving people can be fed. The same group declares that a teaspoon of fat saved by every American will result in the conservation of at least a million pounds daily.

**Save Bread**  
The American housewife is urgently asked to conserve bread. It is estimated that at least one slice of every loaf is wasted. County Agent Dale suggests that potatoes be substituted for bread. He points out that America has a very large supply of potatoes, which have all the food elements of bread as well as some additional vitamins.

Potatoes cannot be sent overseas because of their bulk and the spoilage which results in long shipments. Miss Dodge, Valley county extension supervisor suggests that oatmeal be used to replace some of the wheat cereals as oats are plentiful as well as very nourishing.

Miss Dodge urges housewives to use all the bread they buy or bake. Stale bread may be made into toast, and puddings and used as crumbs in the preparation of other foods. She suggests that women cook no more food than their families will eat at one meal and that if any is left that it be saved and served at the next meal.

**Eat Fruits**  
To save flour she suggests one crust pies and she recommends the use of fruits for desserts to replace cakes, cookies and pies. Citrus fruits are plentiful at present as well as healthful.

Sheriff Bob Hall took young Kusek to Kearney to begin his term immediately.

The young man was paroled to the Rev. Mike Kusek, the boy's father testified that Donald had taken his car several times after he had expressly forbidden him to do so, and that he had driven it long distances. # North Loup Loyalist

MRS. ETHEL HAMER, News and Business Representative.

Betty Lou, two and a half year old daughter of Mr. and Mrs. Carl Thomas, with the family dog, left home Tuesday of last week and when found, more than two hours after she was missed, was three miles away from home, walking along placidly on the road to Greeley. The Thomas family live in the hills in the Riverdale neighborhood and when Betty Lou wakened from her nap, wanted out side to play so her mother put her wraps on and let her out. A short time later Mrs. Thomas looked out the window and she was gone. After searching all around the place with no result, she spread the alarm and the whole Riverdale neighborhood got out to look. The country around the farm is hilly and full of many canyons and creeks making it difficult to find anyone. Mr. Thomas and his brother, Vernon, saddled ponies and went to the pasture. But surveys were working on the road three miles from the farm on the road to Greeley and found the child. They took her back along the road as far as the Claude Thomas house where they met Mrs. John Kriewald and Mrs. Ad-

die Gowen who took little Betty Lou home, entirely unaware of the excitement she had caused. When they reached the Thomas home, Mrs. Thomas was out in the pasture looking for her little daughter and some one had to go find her.

M. E. Getter, 98, G. A. R. Vet Lives In California

Organized Foote Post No. 40 At Ord, Was Commander For Eight Years

Comparatively few Ord people of today will remember much about the old men in the blue uniforms with the bright brass buttons, the members of the Grand Army of the Republic, who were such a common sight on the streets of Ord 30 to 40 years ago. Only a few will remember that they had an organization, known as Foote Post No. 40, and that they held meetings in what is now the American Legion hall.

The last resident member of the Post passed to his reward more than ten years ago and the post surrendered its charter, and the property was sold to the Legion, which had been holding meetings there by special permission for a long time before they took over the building. To state that a member of that original post of the G.A.R. was still living, might sound fantastic, but such is the case.

M. E. GETTER

His name is Marcus E. Getter, and he has been living for many years in Tujunga, Calif. Through the courtesy of Dr. George R. Gard, who carried on the necessary correspondence, the Quiz is able to present this week a picture of Mr. Getter as he appeared about 1890, at which time he had been a resident of Ord for about twelve years. At that time he was about 42 years of age, and a man of considerable importance in the community.

In his later years Mr. Getter dictated a story of his life, which in many places reads more like a Wild West novel than a story of real life. This is especially true of his experiences during the Civil War. By lying about four years as to his age, and by stuffing hay in his shoes to make himself taller, he got into the army. We regret that space does not permit printing his whole story. The part which concerns Ord reads as follows:

At the age of 23 in 1871 I was married to Ida May Chesbrough, a girl several years younger than myself. To this union were born three children, Hattie, Leroy and Alice. In 1877 my wife and children and myself migrated with quite a cavalcade of others from Minnesota to the state of Nebraska. I located in the then very small village of Ord.

Being the county seat, we, of course, had great hopes for its future growth and prosperity. I purchased ten acres on the townsite. This was in the year 1878. I remained a citizen of Ord until 1898, twenty years. During all those pioneer years I enjoyed the friendship of many fine people. I think I am justified in saying that I was quite active in the upbuilding and prosperity of the Loup valley, and especially the city of Ord.

I served the people of the valley in a great many activities and in quite a few official positions. Nearly always by appointment, never solicited by myself—constable, justice of the peace, city marshal, street commissioner, assessor, soldier's relief commissioner, post commander of Foote Post No. 40, G.A.R., for eight years, member of the board of directors of the Methodist church, collected the preacher's salary and also that of the presiding elder.

I represented Valley county in every convention during the twenty years, in state conventions, congressional, senatorial, judicial, representative and county and in legislative session of 1886, received the appointment as clerk of the redistricting committee. Two years later I was elected postmaster of the senate, and in later years and successive sessions of the legislature I held clerkship appointments for seventeen years.

I was a constant attendant and attaché of the senate and served as aide de camp on the staff of General John D. Palmer, commander in chief of the grand army of the United States. During all these years of political activity I had the pleasure of materially assisting various good men to office, and some who did not prove so good, to official positions.

Among those whom I feel justified in mentioning are: Herman Babcock state auditor; Judge Herman Westover, sergeant at arms of the state senate; Peter Mortensen, state treasurer (who, by the way, was a noble man); O. C. Harrison, supreme

court, Benjamin Johnson, sheriff of Valley county; Ad. Robinson county treasurer and defaulter—for which I have deep regret; this led to the election of Abraham Trout as treasurer, which resulted in his ruin.

He was, however, a mighty good man; A. M. Robbins, state senator; R. J. Love, state senator; Charles McNish, district attorney and later judge; Arthur Schaefer, county clerk, and James R. Falrbang, county judge. Well, I guess that is enough to be guilty of. Most of these men made good and they, like those who did not do so well, have nearly all passed on to their reward, whatever that may be.

In 1895, in cooperation with Ernie Babcock, we constructed the Bruno Tschuk canal (irrigation) and I personally constructed the Ord water works. And, by the way, when we were excavating the reservoir on the hill southwest of Ord, we exhumed the bones of twenty-three Indians. At the end of twenty-one years in Valley county in 1898, I moved to the city of Lincoln, Nebr., accepting the appointment as state manager of the Ben Hur lodge.

He later took charge of the ill-fated American Order of Protection, which soon went to the wall. He moved from Lincoln to Mitchell, Nebr., at the time the irrigation canal was about to be constructed there. He went into the land business, buying and selling, and also contracted and constructed one hundred and twenty miles of irrigation canals. He was appointed mayor of Mitchell and cleaned up the city.

From there he went to Oregon, fruit garden and farmed extensively. In 1915 he organized a big transportation company in Long Beach, Calif. and after selling out there he and his second wife located in Tujunga, where they own six houses, four of which are rented. Mr. Getter writes that, if he lives until July 29, he will be 98 years old.

M. E. Getter organized Foote Post No. 40, G.A.R. in Ord, was its commander for eight years. He is now commander of Post 181 at Long Beach, Calif. There are only three members of the post living, and Getter is the only man able to attend meetings. He rides in an automobile 40 miles to attend. And that, in brief, is the story of the sole remaining member of Foote Post No. 40.

LETTERS FROM QUIZ READERS

West Plains, Mo.

Dear Mr. Leggett: Enclosed you will find a money order for a year's subscription, as we still are enjoying the Quiz, always look forward for each new issue, also like the engravings in the paper.

We've had plenty rain all winter and we have been having such beautiful weather for the past month, that everyone could work in the fields and make early gardens, some of the farmers' potatoes and sweet corn in gardens is up already and lots of early garden stuff; spring is about a month ahead of schedule and of course our fruit is in danger for we may have several freezes yet, but hope not, as the orchards are

in their full bloom, pears, plums, apricots, strawberries and peaches have been in bloom for two weeks, now apples are commencing to burst out their lovely pink blossoms. We hope that the fruit grows turns out good and wish that some of our friends and relatives may be able to come and enjoy a "peach feast" with us next fall. Flowers, and trees such as sassafras, dogwood and red-bud in the woodlands have a delicate fragrance. Grass is like a soft carpet of green and makes one want to go picnicking.

West Plains is progressing along, with a new dairy plant, large shoe factory under way and several business places. The R. E. A. is coming along nicely and many homes are built in spite of the lumber shortage; although the people that get the lumber at country saw-mills do not have so much difficulty obtaining lumber. Some food and clothing items are short also, but we hope that every state can raise some wheat to help out the flour situation which is to come in the near future.

We send our best regards to all and extend sincere wishes and congratulations to the recent newly-weds, some of them being our old friends and schoolmates. We remain readers of the Quiz.

To All VETERANS and FARMERS . . .

It is now possible for farms to be approved for "On-the-Job" Training to veterans. During the training, a veteran may be paid a monthly subsistence allowance, but in no case will the total amount paid a veteran exceed the average present wage of a qualified, experienced worker. The amount of subsistence is determined by Veterans Administration. The training program must be conducted by an employer or manager who is experienced and qualified.

In order to qualify, the employer farmer must meet four minimum requirements. Application blanks for approval of farms are available through the office of the county extension agent. Three copies of the completed application should be mailed by the county extension agent to the Department of Public Instruction, State Capitol, Lincoln 9, Nebraska.

In order for the veteran to qualify, he should bring his certificate of discharge to the county service officer who will advise and assist him in filling out V. A. Form 1950. This form will then be mailed to Veterans Administration, Lincoln, Nebraska.

Farmer Employers: See your county extension agent.

Veteran Employees: See this office.

### BUY THAT FIRE TRUCK

For a number of years now the Ord Volunteer Fire department has been responding to all fire calls, whether they were in Ord or out in the country. The men have considered it their duty to respond in many cases where a strict interpretation of the rules would have permitted them to remain at home and attend their own affairs.

In cases of accidents of many kinds they have made long trips and have worked for hours under the most trying conditions in the hope of saving a life. A few years ago they carried on a campaign for a resuscitator, raised the necessary funds, bought the outfit, and stand ready to use it at any time or place.

These men receive no pay for their work, unless the honor of being exempted from paying poll tax can be considered pay. When the fire whistle blows, they rush for the fire house at breakneck speed, and no volunteer organization in the country has a record better than theirs. On many occasions they have to go in their best clothes, and many a suit has been ruined in the call of duty.

The Ord firemen have made a great many trips out into the country to help as much as possible in case of rural fires. They have been doing this free of charge, and have been handicapped by the fact that their city equipment is not especially adapted to fighting fires in the country. They have known this for a long time, and are now asking for more efficient equipment.

The drive to raise six thousand dollars for this purpose is off to a fine start, but much hard work is ahead for the solicitors unless every farmer in the Ord territory does all that he can to help. Why not make it as easy for these hard working men as you can. You can find them easier than they can find you. Make your donation, call it an investment, as large as you possibly can, and then bring the money in and present it in person.

### ORD'S AIR FIELD

When the people of Ord voted so generously in favor of a municipal airfield, they merely furnished the money to buy the land on which the field is to be laid out. As in many other instances of the kind, it takes something more than funds to put over a new and untried idea. The nation once invited prohibition, but lack of enforcement nullified the will of the people.

The people bought the land for an airfield, but lack of interest could nullify their will. It is true that the state of Nebraska will make the necessary improvements to make the field usable for airplanes coming to and leaving Ord. But a well improved airfield would be useless unless local people took a personal interest in using the field.

For that reason the banding together of nine Ord men last week has special significance. The Valley Flyers are to be congratulated on their initiative. They will form the nucleus about which the utility of the flying field will be built in the future. In time Ord will have, not nine men, but ninety men who are vitally interested in flying.

Flight is the coming method of transportation, and Ord is becoming air-minded. Compared with all other methods of transportation, flying requires the least expenditure to initiate it. Harking back to the days of the railroads, the builders of the country in pioneer days, we find that the cost of having a railroad built into a new territory was almost beyond belief.

Knowing that they could demand and get, almost any amount to build into a locality, the promoters extorted all that the country could or would bear. It is well known that the federal government gave the railroads every alternate section of land to a distance of ten miles on either side of the track as an inducement to have them build into any locality in Nebraska.

But they demanded more. The records show that Valley county paid the Union Pacific a large amount to build from North Loup to Ord. When they had but built to the edge of town, they then demanded, and got, two thousand dollars more to build into town. Compared with this, the amount Ord has to pay for a place in the nation's airways is small indeed.

### SOMEWHAT DIFFERENT.

by John L. Ward.  
Last week saw the finish of the career of one of the best known and best liked men of the old school. His obit appeared in the Quiz, and it was correct, I believe but there was one thing left out,

which I should have liked to have seen included. Bill Cronk was a man of many talents, and not the least of them was his ability to express himself in strong and melodious homespun verse. He recited some of his poems at the old settlers picnics, and those who heard him will agree that he had great talent along that line.

Mr. Cronk once told me that it was one of the sorrows of his life that he did not have the opportunity to obtain higher schooling, as he believed that it would have helped him to express himself in verse. Personally, I think he needed little help. He had great talent in verse, and could tell a whole story in rhyme as easily as the average man can express himself in prose. And he did not need to resort to profanity to gain force in his verses. He had a special talent for selecting the most forceful words, and using them.

Looking at the Quiz from a distance gives a fellow a somewhat different point of view. When I was on the job every day, I know just about what was in the paper each week, even before it was printed. Now there is an element of surprise when the paper comes. Last week a number of important items were entirely new to me, and that makes the home paper much more interesting. It is not a surprise to me to find that the boys are getting along fine without me. They tried to make me think I was essential, but I knew better.

That man Rex is no slouch when it comes to getting the news, and he has a style all his own when he writes it. I hope everybody will forget me as quickly as they can and give that man from Burwell the hearty support his high class news ability deserves. I know

from experience that the appreciation of your friends is half the battle in the news game. True, it is his job, but the newsman's job is different. Remember, he is writing every word every week for you personally. He is working for the more than three thousand Quiz readers, and, believe me, that is some job.

All the bouquets should not go to the men, so here is one for Mrs. Laura Thorne, who has lent her name to Thorne's Cafe for these many years. She and Mr. Thorne first opened for business on the east side of the square in the room where Schoenstein has his radio shop, I believe. Mrs. Thorne first opened for business occasionally more than thirty years ago for oyster stews, and how that man Thorne could make them. He was artistic by nature, and an oyster stew was the epitome of his art.

Mr. Thorne was called away many years ago, but Mrs. Thorne carried on, eventually turning the business over to her daughter and husband. The Keeps did not like to change the name, and at present are running the oldest cafe in Ord under the same management.

ment. However, the time has come for a change, and in a short time now Thorne's Cafe will be only a memory. Yes, Mrs. Thorne you are entitled to one of the nicest bouquets for your long years of service to the people of Ord. May you live to enjoy many more happy birthdays.

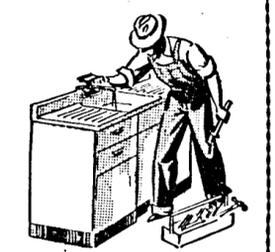

Hans Andreason has not been in Ord as long as some people, and his quiet ways have kept many people from becoming acquainted with him. Also, the lack of sugar has made it almost impossible to bake the pastries for which he is justly famous. On a number of occasions I asked Spot when they would be able to put out more of Andreason's cookies. Now it seems that, if I wish to sample the quality of his wares, I will have to move to Beatrice. Like many other Ord men, Hans had a job, and he did it well. May success go with him.

★ Cpl. Bill Fafaita is now in a replacement depot near Munich in Germany where he is awaiting an assignment. He writes his parents that he is quite well satisfied with his surroundings and conditions. He went overseas in February.

## Valley Fliers Promote Field Improvements

(Continued from front page)

qualified flight instructor. He kept busy the entire afternoon giving lessons to students from Ord and surrounding towns, and rides to others who merely desired to fly.

**Meeting Sunday**  
Last Tuesday evening a delegation of fifteen members was present at the city council meeting to represent the Valley Fliers and with the cooperation of Mayor Cummings and the council members arrangements were made for some improvements at the new airfield. The council authorized drilling of a well and also a re-aerated commission for funds to finance the completion of the runways.

The Valley Fliers expect some new demonstrator planes this week or next at the new airfield since several persons have expressed interest in owning their own planes, especially some of the ranchers in this area. Because there are no state, federal, or city funds available for a hangar and other much needed facilities, several of the business men and organizations in Ord have suggested that the Valley Fliers should accept donations for a fund which will be used to erect a suitable fireproof hangar, 40 by 60 feet, to house and service the planes to be based on Ord's field.

The club members as well as many other citizens of Ord have volunteered their time to help build the projected hangar if suitable material can be obtained.

**Help Offered**  
Interest in flying is especially great, members of the Valley Fliers, explain, since under the new government setup of the GI bill of rights, more details of which will soon be made available, a discharged serviceman with 90 days or more time in the service is eligible to apply for flying training costing \$500.00 for every year he has spent in the service provided the airport has government C.A.A. approval, which Ord's field now has, hangar facilities for six planes, lights, sanitary facilities. A certified aircraft and engine mechanic and qualified flight instructors will be required to be available before the program may be started.

The Valley Fliers are hoping that in the very near future steps can be taken to finance the hangar project, which they feel will be of considerable benefit to Ord and the surrounding communities in getting off to a good start in aviation. The hangar and other facilities which are proposed will be made available to everyone desiring to use them.

## Musicians to Go to Hastings for State Contest

The high school auditorium was filled Monday night with people who availed themselves of the opportunity to hear the selections which the Ord High School will present at the state music contest which will be held in Hastings Friday and Saturday.

Ralph Norman voiced the appreciation of the audience for the program and called the attention of those present to the need of new uniforms for the band members. Mr. Norman pointed out that the present uniforms were purchased over ten years ago and even though they had been kept carefully pressed and cleaned that their days of usefulness were fast approaching an end. He stated that several thousand dollars would be required to pay for the uniforms. A collection taken at the close of his remarks netted about \$50.00.

Two busses have been chartered to take the students to Hastings. The busses will leave Saturday morning filled with members of the band, chorus and glee clubs. Thirty-one students with Dr. Glen Auble and Miss Dorothy Auble, who have coached the students in the preparation of numbers which they will present, will go to Hastings Friday. These students will enter in solo numbers and other contests which employ only a small number of musicians.

A large steer has been especially prepared and cooked to feed the people who will come to congratulate Mr. and Mrs. Haney and wish them many more years of continued happiness. Mr. Haney has lived on this ranch for 60 years, while his wife was reared on an adjoining one. He has sold this ranch and the barbecue will serve as a farewell occasion as well as a golden wedding celebration. The Haney's have five daughters and two sons, all of whom will be present with their families.

## County Asked To Save Food To Aid Starving Europe

(Continued from front page)

Hoover's famine prevention committee states that fats and oils are desperately needed for food to maintain a minimum level of health and to manufacture soap to fight diseases now rampant throughout Europe and Asia. Miss Dodge suggests that housewives make further use of bacon drippings and other greases which result from frying and roasting meats. Used fats and greases may be sold at the butcher shops and grocery stores, no matter how black they may be for four cents per pound.

Everyone is urged to plant a garden, concentrating on vegetables which can be canned or preserved for winter. Because of the feed shortage farmers and their wives are asked to raise fewer chickens and turkeys. The time spent on the chickens may be diverted to raising and canning food.

### Crops Failed

To conserve, grain farmers are asked to market their hogs and cattle at lighter weights than formerly. The department of agriculture reports that food production in Europe is 20 percent below the pre war level. The wheat crop in Argentina is only two-thirds of normal due to droughts. Droughts have also sharply reduced crops in South Africa and French North Africa where the wheat crop is only half of normal.

The rice crop in the far East is one-fourth less than normal. In Japan food production is only three-fourths of prewar amounts. Production of food is also reduced in Australia, India, China, Manchuria, Formosa and in many parts of South America.

The famine prevention committee believes that 100 million people will starve in Europe this year unless America comes to their rescue. Several million more will die from starvation in India while in China thousands die by the roadside every day.

Planning to Leave Nebraska? Then Read This Before Packing Your Trunk

If you've decided to leave Nebraska for a distant land of perpetual sunshine, where the air is always balmy, crops are always good and prices always high—better wait a minute before packing a suitcase.

Prof. H. C. Filley, University of Nebraska rural economist, says the grass always looks a little greener on the other side of the fence, especially when Nebraskans recall the low wheat prices of 1932, the grasshoppers of 1935, the wet spring of 1944, the bitter cold of January mornings or the drought and dust of the thirties.

There are plenty of good things right here at home, and Prof. Filley has the facts to prove them:

Cattle production in Nebraska is greater than the combined total of two "famous" cattle states—Colorado and Montana; and market experts say the Sand Hills area produces some of the finest cattle sent to any market.

Nebraska produces more pounds of pork yearly than is produced annually in all the 11 states west of Nebraska and more than twice as much as is produced by the nine North Atlantic states. These hogs would supply every family in the United States with a pork roast, ten million families with a large ham, and every man, woman and child with three pork chops.

While Nebraska is not known as a dairy state her creameries churn twice as much butter as is produced in the six New England states, New York, New Jersey and Delaware.

Nebraska annually produces enough beet sugar to supply the demand for the entire United States for one week.

Enough honey is produced in Nebraska annually to give everyone in the U. S. a generous helping for breakfast on Christmas morning; or enough to give every Nebraskan five and a half pounds a year.

As many lambs are fattened yearly in Nebraska as are fattened in the five east north central states of Ohio, Indiana, Illinois, Wisconsin and Michigan.

Although Nebraska farmers consider poultry production as a sideline, more chickens are produced in the state each year than in New England and about as many as in the three Pacific coast states. Egg production is greater than the combined total from all the New England States.

Nebraska farmers in 1944 produced more corn than was produced in the ten states that lie south of Pennsylvania, West Virginia and Kentucky, and east of the Mississippi river.

Nebraska perennially ranks second in winter wheat production and fourth in production of all wheat.

Nebraska is the nation's fifth biggest producer of oats, and fifth in the production of hay.

Nebraska is bigger in square miles than all six of the New England states, New Jersey, Delaware and half of Maryland combined; and Cherry county contains more square miles than Connecticut and Rhode Island. Or, putting it another way England and Wales are only about three-fourths the size of Nebraska.

Nebraska certified seed potatoes are used extensively in all southern states and our table stock potatoes are widely consumed in the midwest.

Movie Contest Open to 4-H Club Members

Four-H club leaders and members in Valley county have an opportunity to gain nation-wide recognition by participating in the national 4-H movie contest.

Any adult or junior local leader actively engaged in leading a 4-H club, and club members enrolled this year, are eligible to participate in the contest.

The 4-H leader who submits the best story idea and the 4-H boy and girl chosen to play the leading roles in the movie will receive an all-expense trip to the 4-H club congress in Chicago. Nine runners-up in each division—leaders, boys and girls will receive U. S. savings bonds.

The winning story written by a local club leader will be used in the production of the new 4-H movie and his or her name and address will appear in the film. The story may be based on fact or fancy, or a combination of the two, and should not exceed 500 words.

No experience is needed by either boys or girls who wish to try for a leading role in the movie, although some amateur play, speaking or demonstration practice may be helpful.

All entries must be postmarked not later than April 15, and should be mailed to National 4-H Club News, 59 East VanBuren Street, Chicago 5, Ill.

The new 4-H movie will be sponsored by the Sears-Roebuck Foundation. It will be produced in cooperation with the U. S. department of agriculture, the state extension services and national 4-H club news.

Army Air Forces Recruiters Here

A recruiting party for the Army air forces will be in Ord Wednesday and Thursday of this week with one of their newest pieces of equipment, a mobile machine shop. The unit will be on display near the courthouse.

Under new rulings, enlistments of former air force technicians will now be accepted with a return to former rank or grade in a permanent status.

Tractor Fuel Isn't for Brooder Stoves

A warning against using tractor fuel in brooder stoves has been issued by the state fire marshal, who reports that this has been the reason for more than a dozen fires which have already been reported to him this season. He also warns for poultry raisers to make certain that all parts of the burners on their brooder stoves are clean so that the oil will not overflow and start a fire.

A. A. A. News Dairy feed payments for the months of Jan., Feb. and March are now being paid at the A. A. A. office.

Extension News Strawberry leaf spot is one of the few diseases attacking strawberries but it is becoming widespread, and many gardeners have reported the loss of an entire crop because of this disease.

It may be identified by small brown spots on the leaves which later become holes in the leaf, and normally appears soon after the blooming period. Many of the leaves drop off and weaken the plant so that few berries are borne.

Control is relatively simple and consists of two applications of Bordeaux mixture as a spray. The first spraying should be done as soon as the plants have started their new growth in the spring and the second just before blooming time.

It is important to spray before the leaf spot becomes noticeable because the spraying does not cure the affected plants but only prevents the spread of the disease.

For control of the worms which sometimes attack strawberries, use a rotenone dust as soon as the worms are noticed. Rotenone is not poisonous to humans and can be used without danger after fruit is set.

### Shortage of Sweets Increases Demand for Popcorn; Hybrid Varieties Improve Quality

#### Several Thousand Acres of New Strain to be Grown in Valley County

A survey of the popcorn contractors reveals that a considerable acreage of the new hybrid popcorn will be planted in Valley county this year. Robert Noll has contracted with farmers who will plant 200 acres of the new K4 hybrid variety. He obtained this seed from college of agriculture of the University of Nebraska at a cost of \$1200.

Like all the other popcorn dealers in Valley county he reports the acreage he contracted is not as large as formerly but that there are still two months left which farmers can still sign up. In 1944 he shipped a carload of popcorn to Denver and sold it to Fox Intermountain Amusement corporation which tested a volume expansion of thirty five times its original volume. A part of this car load was grown from hybrid seed.

J. S. Manchester of North Loup expects to receive enough hybrid seed to plant 1000 acres of popcorn. This will be only a small amount of the acreage which he has contracted as most of it will be planted with open pollinated seed owing to the great scarcity of hybrid seed. He, too, finds the farmers less anxious to contract popcorn acreages this year.

A two column picture of Noll's elevator and popcorn cribs appears in March issue of Traf Fact, a publication of the Union Pacific railroad devoted to agricultural development. The following article relative to the popcorn industry is printed in the same issue:

Popcorn production has increased enormously in recent years to meet a steadily mounting demand. The increasing consumption is partially explained by the shortage of sweets, but also in the picture is the public's growing realization that popcorn by installing stands, and many special popcorn shops have been established and are doing a rushing business.

Farmers have found that popcorn can be grown as easily as field corn. Usually a contract for a definite acreage and price per pound is signed prior to planting. During recent years the ceiling price has been \$3.68 per hundred pounds of ear corn or \$3.75 per hundred pounds of shelled processed corn. Some contractors ship the ear corn direct to a central plant for shelling whereas others shell the corn before shipment.

Hybrid popcorn has opened new possibilities in yields and quality. For example—in 1944 the average yield in six tests in Kansas was 2,330 pounds per acre for the hybrid K4, whereas the Supergold yielded 1,380 and South America 992. The latter two are open pollinated varieties. K4 has a high popping expansion (ratio of volume when popped to volume of corn before popping), the flavor is excellent, and the quantity of hulls is low.

Under good growing and maturing conditions K4 popcorn may expand 30 to 32 times compared to 20 to 27 for open-pollinated varieties. Hybrid seed production has not kept pace with the demand. There will be a considerable acreage planted with hybrid seed in 1946, but growers who have not already purchased seed will probably find that none is now available. Production will be expanded considerably in 1946 and hybrid seed will become increasingly more abundant.

### Water Boards Provide Example of Forestry

Some of the best examples of forest management in this country are to be found on areas under the control of the water boards. The public is willing to spend money freely for the protection of its drinking water and more and more water boards are employing foresters as regular members of their staffs.

All of the arguments for forests in relation to water apply to these areas. These water commissioners have the best opportunity of all of our public agencies to really show what can be done through forest management. They are not hampered by lack of funds and they can carry out experiments that would be difficult on other publicly owned forests. Some of our water boards in New England have had forest working plans for more than a quarter of a century and in a few places they are now cutting sawlogs from the plantations made when the lands were first acquired.

It is common practice for the water board to supply the Welfare department with fuelwood each year through improvement cuttings. The needs of the city for lumber and fence posts and other products are also being met. Thus profits from the forest products reduce the cost of water to the citizens and lower the tax bill. There are certain cities, such as Seattle, Wash., and Springfield, Mass., where the watersheds are located on high land and the water is utilized for power before it is turned into the mains.

### State Tax Collections Show Wartime Increase

Collections from state excise taxes on motor fuel, general sales, alcoholic beverages and tobacco were 12.1 per cent higher in 1944 than in 1940. On a state-by-state basis, 1944 receipts from the four major excises were higher in 31 states than 1940 receipts, while in 17 states collections from these taxes declined.

Largest percentage increases over the five-year period occurred in Washington, 93.3 per cent, and Oklahoma, 48.4 per cent, whereas the sharpest decreases were noted in Vermont, -23 per cent; New Hampshire, -20.6 per cent; and New York, -16.4 per cent.

Greatest absolute amounts from the major excise taxes in 1944 were collected by California, \$209,000,000; Illinois, \$153,100,000; Ohio, \$146,000,000; and Michigan, \$129,500,000. Collections by these four states amounted to one-third of the excise tax collections of all 48 states.

## Some One Wants Every Office in Ord Court House

### Only 2 Places on Ballots Where Voters Will Be Asked to Choose

Unless some write-in candidates develop the voters of Valley county will not need to ponder long over their selection of county officers in the primary election June 11. No more filings may now be made and there are only two places on the ballot where the voters will be called upon to make a choice, county assessor on the Republican ticket and supervisor for District 1 on the Democratic slate. However some one filed for every county office to be filled.

Wednesday J. L. Abernethy filed for county assessor on the Republican ticket and the day following John H. Lee filed for the same office on the same ticket. Mr. Abernethy was elected county assessor in 1942 and is completing his first term. On the Democratic ticket Joe J. Jablonski and John B. Zulcoski both of Elyria have filed for supervisor of District 1. Mr. Jablonski now holds this position.

April 12 brought the filing of Ralph Norman for county attorney on the Democratic side. Mr. Norman is a well known Ord attorney who is deputy county attorney at present. John P. Misko, who is completing his second term as county attorney has also filed for reelection on the Republican ticket.

In District 5 Clem Meyers Jr. and Clifford W. McClellan both of North Loup have filed for supervisor, Meyers on the Democratic ticket and McClellan on the Republican. J. A. Barber, who has represented this district for many years, declined to seek reelection.

All other incumbent county officers have filed with no opposition developing for any of them. Miss Clara McClatchery, filed for county superintendent April 11. Emmanuel Petska, county surveyor, paid the five dollars necessary, for his name to appear on the Democratic ballot April 12. S. V. Hansen of Arcadia filed on the Republican ticket for supervisor of District 7, Thursday. Evert Smith filed for supervisor of District 3 April 10 on the Republican side.

The other officers who had filed previously for reelection are Sheriff Robert G. Hall, Democrat; Clerk of District Court Clyde L. Baker, Republican; County Treasurer George Satterfield, Republican; County Clerk Leonard Woods, Republican.

John P. Misko, Clarence Davis, Leonard Woods, William Zablou dil, and Evert Smith all of Ord and S. V. Hansen of Arcadia have filed as delegates to the Republican county convention. Each precinct or ward may send at least two delegates to this convention. The county political convention is scheduled for July 11. No one evidently, cares too much about going to the Democratic county convention, since no filings for this privilege were made.

John Ulrich and A. W. Prince have filed to the Democratic state convention. John P. Misko and Clarence Davis of Ord, John Ward of North Loup and S. V. Hansen and Arthelia Ramsey both of Arcadia have filed for delegates to the Republican state convention.

## Many Farmers Attend North Loup Meeting

Free lunch was served at noon. Ford tractor owners were present from a radius of fifty miles and all territories were well represented. Those present expressed their appreciation for the program and dealer cooperation.

## North Loup Board Cuts Out Teacher

A special school board meeting held at North Loup Monday evening elected Richard Babcock as principal and music instructor for the coming year. Mr. Babcock is a North Loup young man, the son of R. O. Babcock. He is a graduate of the Scotia schools and of Milton college, Milton, Wis. For the past four years he has been in the U. S. naval Reserve, serving in both the European and Pacific war zones. The North Loup school board also have elected Miss Minnie Jensen of Ord as math instructor. The board has decided to combine the grade rooms making three rooms instead of four. Miss Clara Jensen of Ord will teach the sixth, seventh and eighth grades. Miss Birdine Ingerson, present third and fourth grade teacher, will have the third, fourth and fifth grades and Mrs. Ella Mae Hill the first and second grades. The board feels the small enrollment in the grades can be taken care of in this way and the change will be an economy measure.

## Firemen Garner \$674 More For Rural Fire Truck

### Pass 1/4 Mark Of Goal; Donations Still Needed Says Chief

Donations to the Valley County rural fire truck fund reached the total of \$1764.03 this week when \$674.03 was received from farmers and business firms of Ord. "We're one-fourth of the way to our goal now," Vern Andersen, fire chief, told the Quiz. "We need \$6000 to buy the kind of a truck that will do the job here and we need donations badly."

"Any member of the fire department will accept a contribution, and will issue an authorized receipt," Andersen stated. In addition, a number of business houses in town, including both banks, the agricultural offices and most of the filling stations will accept donations for the fund.

"A number of other towns in the state have already purchased rural fire trucks but with a different method. Schuyler, for example, recently spent \$8000 for new equipment, but in that area a rural fire district has been formed and a tax levy will be made annually. We're trying to stay away from the red tape as far as possible."

## Last Rites Held For Mike Novotny

### Pioneer, Who Helped Build Geranium Church; Layed To Rest Tuesday

The thinning ranks of the early day settlers of Valley county lost one of their oldest members when Mike Novotny died in his home in the northwest part of Ord Sunday. Mr. Novotny was 91 years old. He played a leading role in developing Valley county and helped build the Geranium church. Mr. Novotny hauled part of the lumber of which the church was made, from St. Paul. He took an active part in the enterprises which would help his community progress and was known as a fine, substantial citizen, being respected by all who knew him.

Funeral services were conducted in Our Lady of Perpetual Help church Tuesday morning by Father Michael Szezycki. Father Thomas Sika, Szezycki's father-in-law, the rosary was recited for Mr. Novotny in his home Monday evening. Interment was in the Ord Catholic cemetery with Emil Zadina, Marvin Rybin, Rudolph Kokes, John and William Novotny and Frank Kokes Jr. serving as pall bearers. Hastings and Zikmund were in charge of the arrangements.

Mr. Novotny was born in the village of Precise, Czechoslovakia Feb. 5, 1855 and lived to attain the age of 91 years, 2 months and 9 days. When he was thirteen he came to America with his parents who settled at Protivin, Iowa where he worked on a farm.

When he was twenty years of age he married Miss Elizabeth Lukes of Iowa. Nine children were born to this union, three of whom died in infancy. In 1881 Mr. and Mrs. Novotny came to Valley county and settled on a farm eleven miles west of Ord. Mrs. Novotny died Oct. 7, 1890. Four years later Mr. Novotny married Miss Josephine Horak. This union was blessed with two children. After many years of hard labor and having established a wide reputation as successful farmers, Mr. and Mrs. Novotny retired and moved to Ord in 1918 where they resided until his death.

He leaves his widow and seven children, who are: Mrs. Frank Kokes of Ord, Mrs. Anna Parkos of Kimball, Frank Novotny of Dix, Mrs. James Rybin of Elyria, John Novotny of Dix, Anton Novotny of Elyria, and Mrs. James Petska of Ord. Another son, Joseph, died a year ago at Kimball. Mr. Novotny is also survived by a sister, Mrs. Frank Kalishek of Protivin, Ia., and seventeen grandchildren. He was a member of the Woodman lodge.

## Ord and Burwell Split Honors in Track Meet Here

### Chanticleers Lead Senior Division 83 to 54 but Longhorn Juniors Win

The Burwell-Ord track and field meet in Ord last Thursday ended with both schools happy. Ord took the senior contest by 83 points to Burwell's 54. Burwell was the winner of the junior division getting 87 points to Ord's 39. The Chanticleers were jubilant that they were able to get more points away from Burwell than Broken Bow did the week previous, when Burwell made 59 and one-fourth points to 77 and three-fourths for Broken Bow. The fans from Burwell were very proud of the showing made by the junior Longhorns. The Burwell youngsters show indications that they will garner many victories in the next few years.

Doug Anderson of Burwell with 11 and one-fourth counters to his credit was high point man in the senior division, edging out Foster of Burwell by a quarter of a point. Foster won only one first place, in the four hurdles, but made points in the other events. Edwards, with nine points, was the high man for Ord. Burwell's relay team, consisting of Doug Anderson, Bob Anderson, Simpson and Mills, outdistanced the Ord sprinters. The time was 1 minute and 42 seconds.

Foster First  
Foster of Burwell ran the high hurdles in 9.3 seconds. Stoddard came in second in this race, Burwell's Bob Anderson was third and Hannah came in fourth for Ord. Dworak heaved the shot 41 feet and 2 inches to win first place in the event for Ord. Marks and Piskorski, both of Ord, placed second and third in this contest respectively while Foster stood fourth.

Bob Anderson ran the 100 yard dash in 10.7 seconds taking first place for Burwell. Ord got all the other points in this event with Raemakers, Lehecka, and Timmerman finishing in the order named. Flint of Burwell cleared the bamboo at 5 feet and 1 1/4 inches to place first in the high jump. Dahlin and Stoddard of Ord and Foster of Burwell tied for second, third and fourth places.

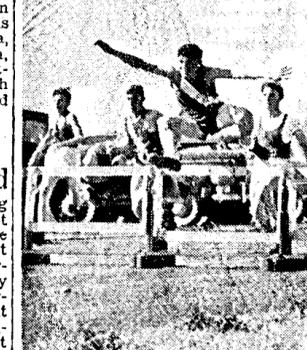

Ord Takes Mile  
Ord had things pretty much its own way in the mile. Dexter, Burwell's star distance man who was not up to par physically Thursday, finished third. Peterson, who won the race for Ord, was clocked at 5 minutes and 15.7 seconds. Guggenmos came in second and Vavra fourth. The Chanticleers also had an easy time with the discus. Stewart and Sorensen hurled the plate 107 feet and one inch tying for first and second places. Dworak placed third and Foster of Burwell made fourth.

Dodd, the manager of both the North and Middle Loup irrigation districts announces, that water would be flowing in all the canals. Shortly after noon Monday the water reached the spillway into Mira creek on the McClellan place about a mile west of North Loup where the extra water raised the creek nearly a foot at that point, but the high tide of the water did not reach the North Loup river again until Tuesday morning.

### News About Our Neighbors

#### GREELEY GETS A DENTIST

Dr. William Guilfoyle of Omaha announced Wednesday that he will open a dental office in Greeley some time next month. Dr. Guilfoyle has rented the E. P. Curran building, now occupied by the Travelers Insurance company.

#### CALLAWAY VOTES FOR HOSPITAL & AUDITORIUM

Callaway will have both a new hospital and a memorial addition to the school building providing gymnasium and auditorium facilities as the result of last week's bond elections. First reports stated that the school building measure had failed to carry by sufficient amount, but a recheck of school laws showed that only a majority was necessary.

Callaway voters approved the \$35,000 memorial auditorium bond issue by a vote of 140 to 113. The community hospital measure carried by a vote of 172 to 72.

#### BROKEN BOW AIRPORT IMPROVED

The grading and leveling work at the Broken Bow airport was completed early last week by workmen of the Anderson contracting firm. The airport is now officially open to serve airplane traffic.

Manager Bob Heilig is being kept quite busy with his ground school classes and flight instruction with several students. He is also doing a business of short airplane rides.

Heilig stated that he is not ready at this time to offer charter

plane service. This phase of service will be developed in the near future.

The hangar has been considerably improved with concrete floors and a neat comfortable aircraft repair shop has been partitioned and lined with wallboard in a section of the hangar. Paul Doughty will work with Heilig in conducting the repair service shop. Several planes have already been booked for overhauling and repair at the airport shop here in the next few weeks. It is the only repair shop in a large area of Nebraska.

City Councilman Gerald A. Thurman, who is chairman of the airport committee, stated that the work of seeding runways to sod grass and seeding the other areas to grain and alfalfa will start soon.

#### PONY SOLD BY POUND BRINGS \$192

A midget Shetland pony weighing only 160 pounds sold the highest of nearly 200 head at the special horse sale held at the local sale barn Monday.

The Shetland was auctioned off by the pound, the first time in the memory of any person present that a horse was sold by that method. Earl Smith, buyer from Weedsport, N. Y., bid \$1.20 per pound. The horse weighed 160 pounds and brought \$192. The little fellow was so small that Smith loaded it in the back seat of his car and expected to take him back to New York that way. This type of Shetland is considered rare, and was consigned to the Ravenna sale from Sargent.

#### RAVENNA HAS 2 AIRPLANES

Two Ravenna fliers have purchased a new Piper Cub airplane, bringing the local plane population to a total of two. Dr. Ehlers and Frank Majer recently purchased a plane on a partnership basis. They expect to use the ship for both business and pleasure.

Ellsworth Duncan was the first plane purchaser here. He also owns a cub.

The planes are housed at the new city landing field north of town where hangars are being built.

#### 11 LB. CATFISH CAUGHT AT RAVENNA

E. F. Kozel, an old campaigner with a fishing pole, came up with the season's record catch last Friday evening when he yanked a 11-pound catfish out of the South Loup. Emil says it is the biggest catfish he ever caught in all the years he has been at it. The only trouble was he had to shed his shoes, socks and pants to go into the river to insure the lunger not getting away, and the Loup at this season of the year is not exactly a hot spring.

Taylor voters decided to eliminate the sale of liquor in their town, the number bringing out a record number of voters.

According to the Audubon Society and the United States Fish and Wildlife Service, there are fewer than 100 whooping cranes left in the world. At least 58 of these were observed in Nebraska this spring by Nebraska Game Forestation and Parks Commission workers. A flock of 25 was observed near Shelton and between 58 and 62 were seen near Columbus.

In grave danger of extinction, the whooping crane is protected by federal and state law. These birds are usually seen among sandhill cranes. They are similar in size but are white with black wing tips. Anyone seeing any of these rare birds is requested to notify the Nebraska Game Forestation and Parks Commission.

## Nebraska State Bank

Ord Nebr.

# HISTORY REPEATS ITSELF

After World War I millions of dollars were taken out of Nebraska by slickers and schemers and crooks who sold doubtful or worthless stocks and bonds in exchange for Government bonds.

The same thing is starting again. The slickers are at it right now. You must be watchful and on your guard.

The bonds which you bought during World War II cost you money. They cost you hard work. They are the result of your denying yourself. They are the best investment in the world. HOLD ON TO THEM!

If someone wants to talk you out of your bonds, don't be misled. Talk to someone who knows about investments. Probably your banker is best qualified. If he doesn't know, he can find out and will be glad to investigate for you. Remember your banker is your friend.

Remember: If it's worth an investment, it's worth an investigation!

**ELEVATOR BURNS AT FARWELL**  
Fire of an undetermined origin, completely destroyed the Collision Elevator at Farwell, early last Wednesday morning. The loss is estimated at \$10,000 and is only partially covered by insurance. Norman Collison is the owner and manager and the loss means considerable to him.  
The blaze was discovered by the night watchman, Vince Horky, about two o'clock in the morning. A call was made to the St. Paul Fire Department, who answered it promptly to assist in fighting the blaze and saving adjacent property. The fire had made such headway nothing could stop the destruction of the building, but the west elevator and the coal bins were saved.  
Consumed by the blaze were 4,000 bushels of grain besides a stock of feeds, office equipment, scales and a newly installed feed grinder.  
It was Farwell's biggest fire loss.

**How to make your Easter table attractive**  
Whether your Easter celebration includes only the immediate family or whether you make the day one for entertaining, the occasion calls for table decorations. Here's an idea that may be used for almost any Easter party and for every age group, too.  
**EASTER BONNET CENTERPIECE**  
The main attraction of our centerpiece is a hatbox. It may be either round or square, small or large, and it doesn't have to be a fancy one. Ours is covered with gay striped gift paper, but the same effect is obtained by covering the hatbox in plain pastel colored paper and pasting on contrasting stripes. Vegetable glue makes a neater job of this, for it doesn't come through the paper.) Plain or figured shelf paper, wallpaper or crepe paper may also be used. Use real ribbon of harmonizing or contrasting color or crepe paper to tie up the box and form the bow. Line the box with pastel-colored tissue paper; tilt the lid and let sprays of spring blossoms or flowers, pussy willows or green leaves hang out over the side.  
Place one or two toy bunnies (or you could use a pottery bunny, chicken or duck, or a covered hen dish) by the hatbox. Arrange flowers or decorated Easter eggs and leaves around the hatbox to complete the centerpiece.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster— Now her Backache is better  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give speedy relief and will help the 16 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# Attend Church Services Easter Sunday

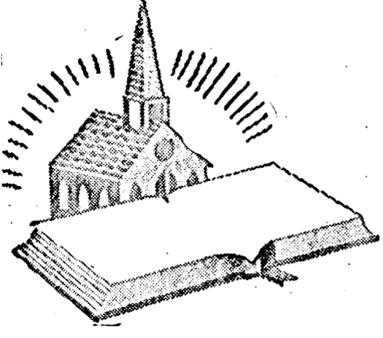

THIS MESSAGE BROUGHT YOU BY **The First National Bank**

No day on the Christian calendar is more joyous, more devotional than Easter Sunday. For it was on this day, one thousand, nine hundred and thirteen years ago that our Lord, Jesus Christ, ascended to the Throne of God and thus, there came to pass the miracle of Resurrection. It is a day in which men and women, the world over, rejoice in the glory of God's way . . . happy and serene that peace once more embraces this earth . . . that His guidance is ever with us. By worshipping in your Church on Easter morn, you will receive solace and renewed faith as the intonations of the sermon, the glorious voices of the choir bring an Easter awakening to your heart.

fourth honors. Several inches were ruled of of Mark's best jump because his hand touched the ground back of his heel marks. The 220 yard dash was Ord's race. Raemakers, who was clocked at 25.2 seconds came in first. Timmerman was second and Conner of Burwell third. Goff of Ord was fourth. Ord also took the 880 yard race, Partridge who finished third being the only Longhorn to win any points. Edwards, whose time was 2 minutes and 21 seconds, which was 3 1/2 seconds more than Tolen's time in the Grand Island meet, won first. Peterson was second and Guggenmos fourth.

**Junior Meet**  
In the junior meet Wally Messenger of Burwell was high point man with 22 1/2 counters. Leach of Burwell was second high with 19 1/4 points while Junior Anderson, who gathered in 18 and three-fourths counters for the Longhorns, placed third. Helmkamp of Burwell tied for fourth place. Tucker, Burwell's miniature sprinter, won the 880 yard race after being badly outdistanced by Tolen of Ord, who finished second, until the last lap. His time was 2 minutes, 25.4 seconds. Hallock of Burwell finished third and Malolepszy of Ord was fourth. Messenger heaved the shot 36 feet 8 and three-fourths inches to win first for Burwell who took all the points in this event with the exception of second place which Haught got for Ord. Goff and Glos finished third and fourth respectively.

**Ord Takes 440**  
Ord did much better in the 440 yard race winning both first and second places. Wells was clocked at 61.8 seconds, being closely followed by Blaha. Glos finished third for Burwell and Clark fourth. Messenger cleared 4 feet and 10 inches to win the high jump for Burwell. Cochrane of Ord and Junior Anderson tied for second and third places while Wagner of Burwell placed fourth.

**Junior Anderson also won first** in the 150 yard dash, his time being 13.5 seconds. Ord won the other points in this event with Cochrane, Wells and Haught finishing in the order named. Burwell's team, comprising Demaree, Junior Anderson, Leach and Messenger won the relay, their time being 52.2 seconds.

**Many Andersons**  
The Burwell teams are largely composed of Andersons which makes it a bit difficult for those keeping the scores of the various events. Burwell had four Andersons competing Thursday who won a total of 39 1/2 points. All the Andersons are related. Bob Anderson, who won the 100 yard dash in the senior division and Junior Anderson, who won first in three events in the junior division, are brothers. Pease Anderson who placed fourth in the senior pole vault is their cousin. Douglas Anderson, the high point man in the senior division, is a third cousin to the three others, his father being a first cousin to the fathers of the other three Andersons.

### John Peters Dies at Burwell Today

John Peters, who for many years lived on a farm in the Kent community, dropped dead at his home in Burwell Wednesday morning. Mr. Peters had been in poor health for a number of years and is presumed to have died of a heart attack. He retired from the farm about three years ago and moved to Burwell. He leaves a widow, and two sons, Britton and Gordon both of whom live on farms in the Kent community and a daughter, Mrs. Hildreth Lyons of Lincoln. Mrs. Robert Draver of Burwell is Mr. Peters' sister. A brother lives at Sheridan, Wyo. and numerous relatives at Weeping Water.

### Leo Long Invents New Chicken Feed

Leo Long, who for many years lived on a Valley county farm but resides in Ord, has developed a new feed for chickens. Last week his neighbor, Frank Koupal, who was going to be out of town a few days, asked Mr. Long to take care of his chickens. Mr. Long was only too glad to do so. He carefully filled the pens with water and also filled the hoppers with feed.  
When Mr. Koupal returned he asked Mr. Long just what he fed his own chickens. Mr. Long replied that he gave them ground corn and barley. Mr. Koupal asked "Then why did you feed my chickens saw dust?" There was a sack of saw dust in the building where Mr. Koupal keeps his chicken feed and as Mr. Long fed them early in the morning he did not notice that what he thought was laying mash was saw dust.

### New Trees Planted on Courthouse Lawn

Dave Haught is conducting a reforestation project on the courthouse lawn. Holes have been dug and filled with water to condition them for the trees which are to be set out. The ground proved to be exceedingly dry. Linden trees and spruce are the varieties which have been selected. The trees were purchased from a Nebraska nursery. Several of the arboreal old timers on the lawn are showing the effects of their struggles with drouths and Nebraska winds and new replacements will not come amiss.

### Judith Andersen, Who Is One Year Old, Can Whistle

Mr. and Mrs. Verne Andersen entertained at a dinner in their home Sunday to honor their daughter, Judith Ellen, who was one year old on that date. This little girl is unusual in that she can whistle and has been able to do so since she was ten months old.  
A recent issue of the World Herald contained an item about a little boy in Milwaukee who whistled when he was six months old. The article stated that most boys could not whistle until they are four and that most girls never learn.

Judith Ellen is a bit temperamental about the times when she will exhibit her talent and usually when her folks are the most anxious to show dubious persons the ability of their daughter, she declines to perform.  
The little lady received many presents Sunday. Those who were present were Mr. and Mrs. D. C. Haught, Mr. and Mrs. F. B. Haught, and family, Mrs. Hans Andersen, Mr. and Mrs. John Andersen and Barbara, Mr. and Mrs. Lyle Hansen, Mr. and Mrs. Earl Hansen, Mr. and Mrs. Hubert Fox. The affair was especially enjoyable in that Robert Haught, who has just been discharged from the army upon his return from Korea was present, having arrived in Ord Friday evening.

**My Own Column**  
 By H. D. Leggett

The Quiz has been so crowded in recent weeks that I have refrained from writing this column. Sometimes when I do write it the maker leaves it out and if he can't he has to leave some other letter stuff out and then John and Mrs. Hamer and Mrs. Hamsey and others who write the letter stuff, complain because their stuff is left out. And I am always looking for an excuse to get out of work anyhow so it is not too hard just to skip writing. And my hands and arms are so sore that it is really hard work to write sometimes.

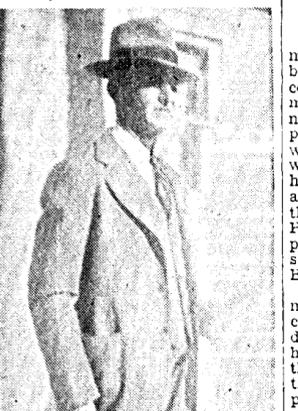

John Haskell started telling me about his rheumatism the other day and said that sometimes he found it hard work to write up insurance applications. I listened attentively and sympathized with him when he told how he was having his wife make the garden and take care of the pigeons, but when I finally got a chance to break in and started telling him about my rheumatism, he lost interest right away and said he had to go see a man. I wonder why he thinks I listened to him for half an hour if he wasn't going to return the compliment.

One of the biggest fakes ever perpetrated is the age old saying that all men (and women too) are created equal.

In reading proof the other day on a circular being printed in the back room, advertising women's clothing, I noticed such expressions as "delicately rounded shoulders" and "wasp-like waists." And I thought that the delicate young ladies that the dresses being advertised would fit, would probably be horrified if offered a plate of fried onions for dinner. And then I remembered that, no doubt thirty or forty years hence most of them will be a couple of feet of beam and will relish boiled beef and cabbage and will not be looking for a No. 14 dress.

My friend Ben G. Russell and I both came to Ord, Nebraska from Michigan but he came because his parents were moving here. His father was a Baptist minister and was well known and popular in the earlier days of Ord. But I am going to let Ben tell about the trip and subsequent moves in his own language: "Below is a picture of the chap who left South Michigan, St. Joe county, to be explicit in June of 1884. He was then 10 years old. After riding on the train nearly one week we reached North Loup. From there on we rode the stage to Ord. Dad and Mom rode in the stage along

with the rest and I rode on the driver's seat with the driver. Guess who he was? None other than Clark Lambertson, then a young man. In the fall I started to school in a building across from the Hans Sorensen hardware store and my teacher was none other than Etta Rogers, who later became Mrs. E. J. Clements."

"A few years later a good looking guy arrived in Ord from Allegan, Michigan. He was a swell guy and always had a smile. You know him. Well later on, say the fall of 1906 the same guy who I rode with on the stage, cried my sale. That was when I moved to Shenandoah, Iowa, and went into business with Henry Field."

That is about what Ben wrote me the other day and the snapshot above shows him as he looks now at the age of 72 years. He is still well and hearty, holds a position with a greenhouse or florist outfit at Aurora, a Denver, Colorado suburb, where he works nine hours a day. He says it takes a pretty good man to do his job too. He says he has always held to the idea that it was better to wear out than to rust out so he is staying right on the job with the plants and flowers he has always loved so well. Ben says he always enjoys the articles written by John Ward, he gives me thunder for not writing this column, he wants to be remembered to Ernest Coats

and his other good Valley county friends, all of whom, I am sure, will be glad to see and hear from him now and in person later whenever he finds time to come and visit us and the scenes of his younger days.

**SOMEWHAT DIFFERENT.**  
 by John L. Ward.

ONE HOSS SHAY: A lot of men know Bob Hoppes, the reliable star route mail carrier who comes up from Grand Island every morning and goes back every night. In fact, he furnished transportation for the writer when I was working on the Quiz the past winter. Bob makes it a point of honor to be on the job every day, and to be at each post office at the time called for in his schedule. Promptness is his motto, and people along the route could almost set their clocks by the time of Bob's arrival.

But one day not long ago the motor in Bob's faithful truck decided it was time to quit, and it did quit. Like the deacon's one hoss shay, it came to the end of the road. The mechanics decided that the motor was beyond repair, and ordered a new one. It was a long time before another motor was located, what with OPA restrictions, and that was a tough time for Bob. He did his best with a borrowed truck, but he was always late. Now he has his own truck back again, and Hoppes is right back on schedule.

When the Sample hardware burned in North Loup several years ago it meant a big loss for the owners, but for the sparrows it was a gain. The heat broke the thin inside walls of the face brick in the back end of the building, and as soon as the embers had cooled the sparrows found they had apartment houses made to order. They have been using them ever since, but F. J. Schudel is rebuilding now, and the birds will have to find headquarters somewhere else. Which proves that the home-finding problem is tough these days, even for the birds.

From Stanley May I learned that only about half of the Valley county boys who went to war are back home now. Stanley checked the names on the service men's board and found that we still have plenty of boys away from home, most of them in foreign fields. Didn't somebody, once upon a time, promise the mothers of America that their sons would not be called upon to fight on foreign soil? When the Japs came in at the Pearl Harbor door, all promises went out of the window. It now looks as though the boys would keep going into the army, whether they wish to or not, for a long time to come.

Some time ago I told of finding a knife which I had lost last fall on Wallace Creek south of Scotia. Last week we went fishing there again. At noon we gathered up our paraphernalia in the car and went up to the bridge west of Scotia. When we got home that night the large tackle box, full of tackle, was missing. We drove back to the Honold place on Wallace Creek, where we had loaded our gear, and there was the box, sitting in the edge of the road in plain sight. It had been there five hours and at least fifty autos had driven past in that time, and nobody had bothered it.

That is the beauty of living in God's country, just another name for Nebraska, if you please. Here we do not lock our doors. Where we lived at Hunter's Point, Calif., we had to keep the doors locked all the time, and even then every once in a while somebody would try to get in. War work attracted some of the best, as well as some of the worst people from all parts of the United States. Your next door neighbor might be one of God's noblemen, but you had no way of knowing it and no time to become better acquainted. And you couldn't trust appearances. Fine appearing people were often the worst crooks.

Then they had the white and the black all mixed up, in the good old navy way. We could look down the hill almost any evening and see two negroes living in the second row of houses below us engaged in a fist fight. In fact they are such good fighters that I believe they ought to join the army and fight somebody else and leave each other alone. Then there was the sailor who came home unexpectedly one night, lost his temper upon finding a stranger in bed with his wife, killed the stranger and wounded his wife. In the year we lived there, six people were killed within half a mile of where we lived, and a number of others should have been.

In North Loup everybody knows Uncle Frank Johnson, the postmaster. Frank is one of these obliging men who is ever ready to take a car load of school kids to a ball game or a party. They know he is always available, and affectionately call him Uncle Frank. Frank took a group of the kids to an April Fool party, where all kinds of foolishness goes on. When they got back, Frank parked in front of the Ideal Cafe and went in for a lunch. When he came out, he found that the same kids had decorated his car with gay colored ribbons, giving it a typical "Just Married" appearance. The story got around and Frank was busy several days denying that he had any matrimonial intentions.

# Now...no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only  $\frac{8}{10,000}$  of the entire U. S. wheat crop was used in 1915:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1916.

### OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1915 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

### LESS BEER AND ALE

Altogether, the brewing industry is using 30%

less materials than in 1915. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us individually can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

## State Record For High Jump Broken At Ord Track Meet

### Sargent Boy Makes Sport's History by Clearing 6 feet 2 3/4 inches

The state record for high jumping was broken at the Ord Invitational meet last Wednesday by Dick Powers of Sargent who cleared 6 feet, 2 and three-fourths inches. The previous state record of 6 feet 2 and one-eighth inches was made by Harold McAferly of Gothenburg in 1940.

L. P. "Pop" Klein freshman coach of the University of Nebraska, who came to Ord for the meet declared that the Sargent youth is a natural jumper and capable of clearing six feet and a half. Powers is a senior.

He also won the broad jump, leaping 20 feet, 5 1/2 inches to break the record of the Ord Invitational meets of 19 feet 5 inches made by Randolph.

Of the seventeen schools entered Lexington topped the list in points. Ansley landed in second place. Broken Bow third, and Sargent fourth. The number of points won by each team is as follows:

Lexington	30 1/2
Ansley	22 1/2
Broken Bow	20 1/2
Sargent	18 1/2
Ord	17
Spalding	15
Atkinson	13 1/4
Ravenna	13
Burwell	12
Merna	11
Anselmo	7 1/2
North Loup	9 3/4
Loup City	1
Scotia	4
Arcadia	0
Mulvan	0
Dunning	0

The record of 43 feet 11 inches, which Pessel of Ravenna made with the shot, was shattered Wednesday afternoon when Neilson of Spalding heaved the weight 44 feet and 8 inches. The high hurdle record was another casualty of the day, when Warren Kelley of Atkinson ran them in 16 seconds flat. Kelley clipped a tenth of a second off the time he made at the state meet in Lincoln, last May, running against a heavy wind. The Ord invitational record was the same time and was made by Randolph.

Ord took its one first at the meet when Peterson ran the mile in 5 minutes, 7.1 seconds. Guggenmos finished second. Dvorak, who put the shot 43 feet 3 and five-eighths inches, placed second for Ord in this event.

## Valley County Now Has 365 in Service

### 351 Have Been Discharged; 14 Killed in Action; 1,782 Registered

At the present time 356 men, who are citizens of Valley county are serving in the different branches of the armed forces, according to the records of the selective service board. Miss Jean Veleba, the clerk, reports that 742 men were inducted into the services from Valley county and of this number 351 have been discharged.

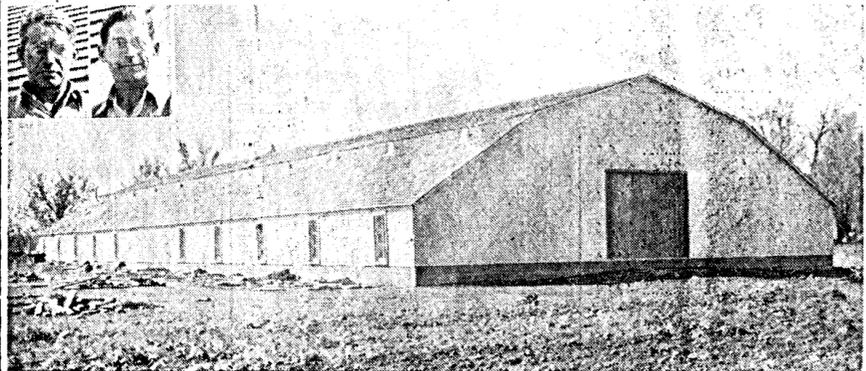

Records which are incomplete at the present time show that fourteen Valley county men were killed in action or died of wounds received in action on the various fronts. The billboard on the court house lawn contains 26 gold stars, indicating that that number of soldiers, sailors and marines lost their lives during the war.

## Ord Couple Building New Home

The house that Mr. and Mrs. Chuck Baylor expect to occupy in the third ward is rapidly approaching the sheathing stage. The couple hope for completion by early summer. Mr. Baylor is proprietor of the New Cafe, and a veteran.

## Fried Chicken Production Line Starts at North Loup in This New Home for 10,000 Cockerels and Biddies

Travelers over the Ord-Grand Island highway have been interested for some time in the new building being erected in the west part of North Loup. The building belongs to Roy Stine, North Loup trucker, and it will house baby chicks furnished by the Fairmont creamery company.

The company not only furnishes the baby chicks, but agrees to buy them when they reach the frier stage, weighing up to three pounds. The building was erected by the Stine brothers, Roy and Leslie, at their own expense, and will furnish room for ten thousand baby chicks. Five thousand white Plymouth Rocks arrived Monday, and five thousand more will come next Monday.

Roy will continue to handle his truck line, and Leslie, who arrived March first from Corona del Mar, Calif., will have direct charge of the chicks. Leslie's family remained in California, but will come to North Loup as soon as school is out. Roy owns about four acres in west North Loup, all under irrigation, and they will raise much of the green forage for the chickens shown above.

The building, is 135 feet long by forty feet wide, with concrete foundation and floor. There will be forty foot pens on each side in which the chicks will get plenty of sun and fresh air. The photo insets are the Stine Brothers, Leslie on the left and Roy on the right.

## Hail Falls Over Scattered Areas in County Sunday

### Windows Broken, Small Pigs Killed But Only Light Showers Reported

Scattered areas in Valley county were visited by a hail storm Sunday evening, the locality of greatest damage being in an area about ten to fifteen miles southwest of Ord. At the William Moudry farm the hail fell shortly after 6 o'clock, some of the stones being as large as eggs.

The windows on the south side of the barn and chicken houses were broken out and screens over the windows on the south side of the house were ruined but the windows were saved. The falling hail stones killed a young pig belonging to Moudrys.

At the John Nevrlka farm in the same locality the hail broke out two windows in the house, one on the south side and the other on the west side as well as some barn and chicken house windows. The hail killed a pig at the Nevrlka farm. At the John Nevrlka Jr. farm nearby two pigs were killed.

At the Frank Kavarik farm about ten miles west of Ord, the hail practically ruined a brooder house. The windows which were all on the south side were broken out and the composition roof was pounded to pieces.

More hail was reported north of Ord in the Joint community. Louie Blaha who lives fifteen miles north of Ord on the Ericson highway says that heavy hail fell at his place but that it did no damage as it was accompanied by no wind.

Scattered showers visited the county. At Ord, Horace Travis reports that .17 of an inch of rain fell. A very light shower fell at Elyria while Burwell got no rain at all. More rain was reported southeast of Ord.

Wednesday Jim Fetka and Carl Weckbach drove to Lexington where they attended the fifth district bankers' convention. Ord banks are included in the fifth district, but the convention at Norfolk was more convenient for part of them to attend. The men have promised Dorothy that she may go to the state convention.

An army recruiting team from Hastings will be in Ord every Wednesday afternoon to interview and answer questions of men interested in the new peace time regular army. They will have an office in the Ord post office. The team consists of two sergeants who drive a jeep.

## Housing Project Dies; Chamber Tries Other Plans

### Will Stress Aid for Individual Building; Have Houses To Move

Ord's contemplated housing project which would have constructed twenty homes in a new addition in the western part of the city has died from lack of demand.

Ray Bissell, contractor who had handled the development, told the Quiz today that he has given up his real estate options temporarily for the new addition, and has started to turn loose certain items of material he had been holding for the construction.

"I guess there just isn't the demand for housing that everyone thinks," he told the Quiz. "At least, not for the type of houses I intended to build."

"To keep this group within the \$5,000 class, it was necessary that we follow a fairly uniform plan. But of the five orders I received, every one was an individual design and would have run far more in cost than our estimate. I can build those kind of houses, but not for \$4,500 or \$5,000."

"However, our architects, Steele, Kimball, Sandham and Daxon, are going ahead and drawing plans and specifications for five homes which we may build here. These are individual models, and, of course, are not in the \$4,000 or \$5,000 class which we originally planned.

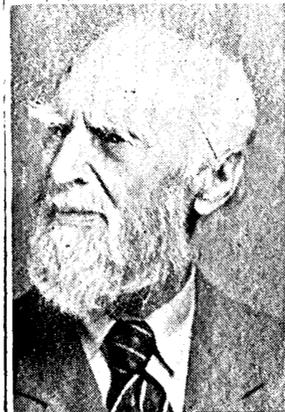

"If our estimates are satisfactory and we obtain FHA approval, we are ready to start work at once.

In the meantime the Ord chamber of Commerce housing committee, headed by John R. Haskell has gone ahead with its program of bringing buyer and seller together for the movement of abandoned farm houses to Ord.

Mr. Haskell told the Quiz that since the committee had been functioning that ten houses had been sold to buyers who will move or are moving them to Ord.

"The bulk of these will be moved as soon as A. C. Ogle of Loup City returns to Ord with his moving equipment," Mr. Haskell stated. Mr. Ogle had performed the greater share of moving operations which brought a dozen homes into Ord during the winter months.

Competing with the work of photographers from Nebraska, Kansas, Oklahoma, Texas, Michigan and Indiana, in the contest held at Wichita in connection with the Kansas Photographers association convention, Ed Swopes, Ord's photographer won the gold seal and blue ribbon award with a character portrait. The judges who rated the more than 600 exhibits entered in the contest commented upon the excellent lighting and facial detail which are shown in the photograph which Mr. Swopes entered.

Prof. A. C. O. Pfuhl

An engraving made from the photograph which won the award is shown here. The subject is Prof. Alexis Constantine Car Pfuhl, who comes to Ord nearly every summer to visit the Aubl families and other acquaintances whom he has made here.

Professor Pfuhl is 89 years old. He was educated in Berlin and has taught in universities both in America and Europe. At present he is practically retired and is living in Omaha. The professor specialized in the studies of astrology and astronomy. A year and a half ago he predicted that a new island would appear in the Pacific. He also foretold the death of President Roosevelt and the outcome of the British parliamentary election which removed Churchill from power.

The professor is the founder of the sciences of astro-geography and astro-phrenology and published two books about these subjects in 1911. Mr. and Mrs. Swopes received an Easter greeting from him Saturday.

## Hangar Proposed For Ord Airport; \$1,050 Collected

### Valley Filers Meet Good Response in Drive for Improvement Fund

A hangar for the Ord municipal airport is proving to be a project in which the business men of Ord are much interested. The subject of building a hangar was presented at the meeting of the Chamber of Commerce Thursday night by Herb Cline, president of the Valley Filers and Cork Biemond and the members voted to give \$250 toward building a hangar, which will be necessary in order for Ord to have a school where men can learn to fly under the G. I. bill of rights.

To date \$1,050.00 has been donated by the business men of Ord for the purpose of constructing the hangar. The Valley Filers estimate that about \$3,000.00 will be needed. The Nebraska State Bank, The First National Bank, Auble Brothers, M. Biemond, Dr. C. J. Miller, M. B. Cummins, Farmers Grain and Supply Co., and Ed Beranek have each given \$100.00.

### To Buy Quonset

Cork Biemond, Roland Norman, Herb Cline, Bill Steen and Ed Swopes have been soliciting funds. The flying enthusiasts expect to buy a quonset hangar at Omaha from the army or navy, which are now declared surplus goods and to erect it on the air field. Many of these hangars were used overseas and several Ord men are familiar with their construction. Roland Norman, who was with the Seabees, has helped erect and knock down a number of them. The Valley Filers intend to do the construction work themselves.

These hangars are 40 by 80 feet and will house about six planes. The hangar will become the property of the City of Ord and the plane owners who use it will pay rent to the city. A hangar is considered very necessary as wind and hail greatly damage planes left unprotected.

### 13 Students

Walter Koizmen, who comes from Elgin, has twelve students who take flying lessons in Ord at present. He owns four planes which he would house in Ord if facilities were available. Mr. Koizmen is a qualified instructor, and he favorably impressed the possibilities of developing aviation at Ord. A hangar and a place to service planes is necessary to get the approval of the Ord airfield as a place where ex-service men can receive training at government expense under the G. I. bill of rights. Many veterans in Ord are interested in receiving this training.

## C. of C. Wants Postal Service Twice Each Day

### Resolution Passed Asking For Outgoing Mail In Morning

A resolution asking the railroad mail service department for two outgoing mails daily from Ord was passed at the meeting of the Ord Chamber of Commerce Thursday evening. The business men are anxious to have mail leave Ord in the morning and have brought into Ord in the afternoon. At present Ord receives mail in the morning only and the only time mail leaves is late in the afternoon. Ord had the service which the Chamber of Commerce requests before the war and many of the business men are anxious to see the service restored.

The subject of making the Har-denbrook dam open to the public was discussed and a committee of Jay Auble, Harry Wolfe, and John Andersen was appointed by Chairman Vogelzanz to meet with the directors of the North Loup Valley Power and Irrigation district to determine if it would be possible to open the dam to the public as several of the members said that they considered it one of Ord's main points of interest, which they liked to show to out of town guests. Visitors have not been allowed near the dam since the war started. The dams at Burwell and Taylor are now open to the public.

The matter of securing natural gas for Ord was discussed and Secretary Andersen was instructed to write a letter to the Nebraska Gas Co. at Minden to determine if the company would consider building a main to include Ord. Several present pointed out that many companies are extending their mains at present to bring natural gas from Texas and Oklahoma to towns in Nebraska.

Some present expressed concern over the remaining spans of the North Loup river bridge and the matter of having them inspected to determine their capacity and safety was referred to the road committee. The road committee was also asked to see what could be done about improving the highway to Ericson.

The subject of sidewalk improvements was discussed and referred to the committee on civic improvements. Several present expressed the opinion that Ord should have uniform regulations for sidewalks and that now while many are in need of repair or rebuilding is the time to start such a policy. The matter of determining the elevation of new sidewalks and of those which must be rebuilt so that they would conform with the elevation of paving, when and if it should be laid, was discussed.

Several present objected to the appearance of the lot which the city owns east of the high school and the subject was referred to the civic improvements committee of which Mayor Cummins is chairman. Graders, maintainers and other equipment and material owned by the city occupy the lot in a manner which is not pleasing to the eyes of some of the people living in the neighborhood. Mayor Cummins agreed to call the attention of the city council to the matter.

## Baseball Practice To Be Held Tuesday & Thursday Nights

As Sunday was Easter the turnout at baseball practice in the Ord ball park was rather small. Walt Douthit has announced that the time for practicing will be changed from Sunday afternoon to Tuesday and Thursday evenings. All men and boys interested in baseball are urged to turn out, especially the younger players. Mr. Douthit and Cash Rathbun, the co-manager both believe that Ord has many young players who could be developed into an outstanding team. Practice will commence at 6:30 o'clock.

Dick Teague, president of the Loup Valley league has announced that Arcadia has dropped out of the league, which now consists of six teams.
