## Friends Harvest Ptacnik's Crop

As the illness of Mrs. Joseph Ptacnik in the Lutheran Hospital at Grand Island has taken the family from home much of the time, harvesting of grain on the farm was delayed.

Last week neighbors and relatives proved their real friendship by volunteering to help with the harvest. Those to participate included Frank Ptacnik, Albert F. Lukesh, Alvin Moudry, Matt Kosmata, Emil Vodehnal, John Petska, Joe Petska, William Petska, Mr. and Mrs. William Ptacnik, Jr., William Ptacnik, Jr., Albert Lukesh, Elmer Lukesh, William Lukesh and Elmer Parkos. Minnie, Elizabeth and Barbara Lukes, Mrs. Matt Kosmata, Adeline, Elva Lukesh and Thelma Moudry have also found many other ways to aid the stricken family.

## Will Give Cantata in Ord Sept. 30th

The Ord community choir is practicing the cantata, "The Miscreant," to be given Sept. 30 in the high school auditorium. Mrs. Leslie Nash, who is directing the choir, hopes to have a membership of 70. "Misereere" was written by Johann Hases for performance by children at an orphan hospital in Italy, where the composer directed the choir. The cantata is based upon Psalm 51 and will be accompanied by Mrs. James Ollis. Three a capella anthems have been selected for presentation also. They are: "We Praise Thee, O God," by Leland B. Sateren, "Laudamus te," by Carl F. Mueller, and "Jesus, Redeemtor Omnium," by Wayne Horworth.

—Harlan T. Frazier, who took Clarence Switzer to Rochester, Minn., on July 20th, underwent surgery there himself on Tuesday morning, he telephoned the Frazier family.

—Mr. and Mrs. W. E. Kessler have had their grandchildren, Harold and Vina Jean Collins of Grand Island visiting them a few days this week.

—Mrs. E. A. Turner and Sandra left Monday for Grand Island after visiting a few days with Mrs. Wayne Turner.

## Delicate Laboratory Tests Made Daily to Regulate Protein Content of Alfalfa Meal

A year or so ago, an alfalfa mill began to operate a couple of miles east of Ord, installed and owned by Saunders Mills. The gray building beside the highway to North Loup is a mystery to most Valley county residents but they do know that alfalfa is delivered at one door and meal and bales pile out another door handy to the railroad cars.

Even more mysterious are the delicate examinations performed in the Saunders laboratories in Ord, located over the Brown McDonald store. Here Mrs. J.A. Kovanda has presided over the complicated series of operations for the past 11 months, to her own surprise as much as that of everyone else. "For I wasn't sure I had or could acquire any skills but those of the housewife: this is all new to me," she exclaims in wonderment.

Samples are taken of every carload shipped from the Ord Saunders Mill. The two kinds of meal, dehydrated and sun-cured, are tested by Mrs. Kovanda.

When the sample arrives at the laboratory, Mrs. Kovanda mixes it thoroughly and weighs out as much as she needs for the tests: 1.401 grams for the protein test and 1 gram for the fiber test. The balance scale, which is in the center of the room, is very accurate and kept under a glass guard to prevent any pressure changes. To test a sample for protein, Mrs. Kovanda places it in a glass flask with metallic salts and then adds acids. A big metal digestion chamber outside the window is the next step and the mixture stays there 1 1/2 hours. After it is cooled the mixture has water, zinc, and lye added to it and is placed at one end of a big glass distillation unit, which is a complex network of spiral-shaped tubes and shafts. At the other end of the distiller is a red indicator in a flask. This indicator turns yellow when the protein is condensed into the flask. The amount of alkali needed to turn the mixture reddish-orange determines the percent of protein in the meal.

The fiber test is even more complicated. After the meal is weighed, acid is added and the mixture is boiled. After

filtering, the residue is washed until all the acid is removed. The next step is a wood alcohol bath, followed by carbon tetrachloride (which dissolves the fats) and more wood alcohol. After a water rinse comes alkali which releases the proteins. Following the removal of the alkali with water, and another wood alcohol bath, Mrs. Kovanda scrapes this off with a knife and places the fiber on a container in a drying rack maintained at 145 degrees F.

The ash is a follow-up of the fiber test. When the fiber is dried, it is put into a little square furnace that seems more fit for a doll house than a chemistry laboratory. After five minutes in the furnace, the ash is measured by weight. By means of these processes, the content of the meal is determined, then stamped on each sack label. To check her accuracy, the main office at Toledo, O., sends out a sample periodically for her to test and report. This report must agree with the recorded results at the office. Big buyers often run their own tests on the meal, and these also are a check on Mrs. Kovanda's figures.

Summer is the rush time for manufacture of meal from dehydrated fresh, green alfalfa. This may call for all the way from one to three of these tests a day. And Mrs. Kovanda is a laboratory technician for Tekamah as well as the Ord plant operated by Saunders Mills.

In the fall they will be making meal of Valley county's sun-cured alfalfa. The wonderfully fine food that is in alfalfa is added to feeds for poultry and livestock in strict proportion to its protein content and charged for in accordance with the amount of protein it contains. This is why the tests run by Mrs. Kovanda must be accurate; feeders want to know what they are buying and to get what they pay for. And from the fertile green alfalfa fields of our region this protein-rich food is shipped all over the world, to help hens and cattle make better eggs, more tender steaks.

S-h-sh! Some of this precious alfalfa meal is even added to baby foods and invalid diet items.

## Long Range Plan to Improve Ord Urged by Speaker

Swim Pool, New Sidewalks, Sewer System Mentioned by Mrs. Weckbach.

Like many another town, Ord would profit greatly by setting up a definite program of improvements to be followed over the course of the next five or ten years, stated Mrs. Ella Weckbach Monday evening in a thoughtful talk to Rotarians and Rotary Anns. The plans should be formulated soon by a committee of civic-minded citizens, and pursued year by year, suggested Mrs. Weckbach.

Ord and the beautiful North Loup valley have many possibilities to the eye of a community planner, said the speaker. Bussell Park could be used a great deal more than it is, and Mrs. Weckbach thought that building a swimming pool out there would automatically double the amount of use given the park. "More young people would use the park. More children would play on the fine play grounds, and many more golfers would use the sporty blue-grass course, of which Ord is so proud."

Improvements overdue in Ord include a new sewer system, better sidewalks and more of them. New industries should be encouraged to consider Valley county as a location, a most important step stated the Ord woman.

Giving up the fair was viewed as a real loss to the whole region served by Ord, and Mrs. Weckbach was in hopes this lack could be overcome before long.

"But first we need to make a long-term plan to follow, a well-thought-out schedule of improvements for Ord to be followed year by year so that no great financial stress is placed on the community in any one year," she said.

Mrs. Weckbach, a practical business woman who operated a Crete bank for 17 years after the death of her husband, proved to her audience that she had given local conditions sincere thought. Her ideas were well presented and favorably considered by the audience of 50 who enjoyed hearing her, after enjoying a picnic together.

## Prince to Build Office Structure

Last week a deal was closed by which John Prince, of Los Angeles, bought from Mr. and Mrs. M. Biemond a lot in the business district, located just off 16th and M streets and in back of the building occupied by the Ord Grill. As soon as materials are available he will build a modern office building on the lot, he states.

Mr. Prince has been here for three weeks visiting his brother, Joseph Prince, but left Tuesday to return to Los Angeles. Born near Ord, he left here 35 years ago and acquired wealth in the real estate business on the coast. Later he plans to return to Ord to make his home.

## Captain Jacobsen to Speak Tuesday

The American Legion offers the people of Ord and vicinity a treat for the evening of Tuesday, Aug. 7 at the Legion Hall, when Capt. Ole Jacobsen of Gardner General Hospital at Chicago will be the chief speaker.

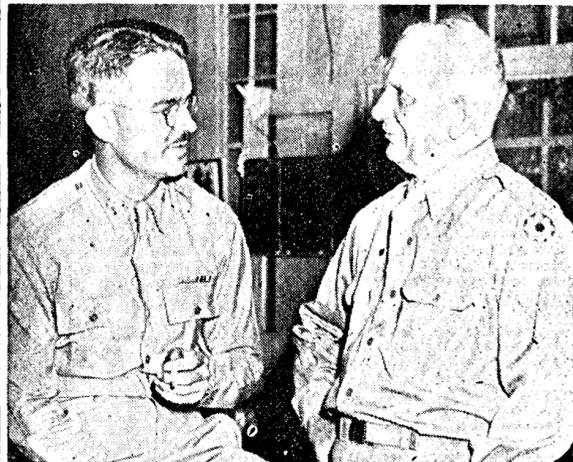

Capt. Jacobsen, who holds a Ph. D. and was an instructor in the field of psychiatry at the University of Michigan until he was needed in the army, is helping returned veterans with his knowledge. He will tell people of this community about the work of separating men from the army, a job that is important just now.

Clark Weckbach, commander of the post, wants the families of all service men to learn of the talk, and to know that it is free to the general public. Capt. Jacobsen is the husband of the former Marie Wentworth, and she, with their young daughter Joan, will also come to Ord and spend two weeks with her mother, Mrs. John Wentworth, and her sister, Mrs. Vern Stark.

—Mr. and Mrs. Emanuel H. Vodehnal of York announce the arrival of their first born on July 27th. The young man has been named Gary Allen, and is the second grandchild of Mr. and Mrs. Emil Vodehnal of this county.

—Wilma Ball came home from Burwell yesterday to spend a day with her family.

## Colonel Kruml Now in Texas Hospital

One of the first persons Lt. Col. Joseph G. Kruml saw at his new station at William Beaumont General hospital was his former high school and college teacher, coming face to face with Lt. Ennis J. Zizka in the mess hall of the hospital. The two had not seen each other for 20 years, when Father Zizka was instructing languages and sociology at St. Procopius college in Lisle, Ill. He was a student there from 1918 until 1925, and also played in the college orchestra with Father Zizka. Col. Kruml is on general surgery duty at the Texas hospital, following 14 months in England at a station hospital. Before that he was chief of surgery at the Jefferson Baracks hospital. A graduate of Creighton Medical school, Col. Kruml practiced medicine in Ord several years, entering the army as a lieutenant four years ago. Mrs. Kruml and their four children make their home in Council Bluffs while he is away. Col. Kruml is the son of Mrs. Rose Kruml of Ord, his father having died while he was overseas.

## Hundreds Present at Fort Hartsuff on Visitors' Day

Guests Included Director of State Museum; Auble and Rose Present Owners.

All roads led to Ft. Hartsuff Sunday, where the owners, Glen D. Auble of Ord and Ben A. Rose of Burwell were holding an open house for the public. Earl Dent, tenant, was kept from assisting by a fine field of rye just east of the buildings, which was dead ripe and had to be combined.

Guests arrived from early in the day until nearly dark and a count that evening showed several hundred names in the visitors' book. These people took the opportunity to examine the buildings which they found in a good state of preservation. Ten buildings in the group can still be restored. Many visitors brought picnic dinners which they ate in the shade of the grove of trees in front of the officers' quarters. All were highly pleased with the reception accorded them and also with the fine condition of the grounds which showed the result of much labor and planning.

The buildings which elicited most interest were the hospital, the storage and ammunition building, the barracks, the mess hall and kitchen and the post office. The officers' quarters, one of the finest buildings in the group, is occupied by the Dent family and so was not open for public inspection.

During the afternoon Ray Finlayson of Burwell exhibited his performing horse Tony to an appreciative group of spectators. Mr. Finlayson understands training horses and has certainly done a fine job with this horse. He will doubtless be showing him in rodeos before long.

Distinguished guests were Mr. and Mrs. J.L. Sellers, the former superintendent of the Nebraska State Historical Society; A.T. Hill, director of the Nebraska State Museum and Paul Mortensen of Cotesfield, well known student of Nebraska Archaeology. George R. Mann, Lincoln attorney, was present. Mr. Mann taught the Fort school in 1905 and 1906 and made his home in the officer's quarters building.

Early settlers present included Maude Goodenow, Meda Draver, Don Smith, W.E. Abbey and E. B. Weekes whose father at one time carried mail to Ft. Hartsuff.

From a distance were Bette Vogeltanz of Washington, D.C., and Ray Vogeltanz of Brook Field, Tex., and Duane Smith of Santa Ana, Calif. Also represented were Ord, Elyria, Burwell, Grand Island, Cotesfield, Scotia, Ravenna, Ansley and Comstock. Ord, and Burwell Boy Scouts were present to act as guides and did fine work.

—Lyle Whitford and Richard Baker left Monday for San Francisco where they will visit their friend, Merchant Marine Eldon Keller who is in the hospital there.

## Andrew Nielsen Hurt in Crossing Smash-Up

Andrew Nielsen, elderly Ord carpenter, suffered shock, bruises and head injuries Friday afternoon when his Model T Ford was struck and almost demolished by a Columbus brewery truck at the intersection of 19th and N streets in Ord. The truck was driven by John Elder.

According to John Cook, who witnessed the crash, Mr. Nielsen ran past the stop sign without halting and then when he saw the truck approaching lost his head and braked his car to a standstill in the middle of the paving, making it impossible for the truck to avoid hitting his car. He was attended by Dr. F.A. Barta and his injuries were not serious.

Sheriff Bob Hall made an investigation and held the trucker blameless and he was allowed to proceed. His truck was not damaged.

## Pearson Appointed War Fund Chairman

Hilding O. Pearson of Ord has been appointed Valley county war fund chairman by Thomas C. Woods, state chairman, according to a report just released at Lincoln by Walter F. Roberts, executive director of the United War Fund of Nebraska, Inc.

The appointment of Mr. Pearson was recommended by H. P. Zieg of Grand Island, district chairman. He replaces Dr. F.L. Blessing of Ord who recently resigned.

Valley county citizens contributed \$8,646.83 in the two previous national war fund campaigns. The money contributed in the annual united war fund campaign becomes a part of a great national pool for the support of USO, USO-camp shows, war prisoners aid united seamen's service, and for the support of war victims in China, the Philippine Islands, Greece, Poland, Holland, Czechoslovakia, Norway and other allied nations. The 1945 campaign will be held during the month of October.

## New Officers for Red Cross Chapter

At the annual meeting of Valley county Red Cross members on Tuesday evening Edwin Armstrong was elected chairman for the coming year. Ross D. Allen was chosen vice chairman. Clark Weckbach was re-elected treasurer and Mrs. Clara Kinrade will again be secretary.

Mrs. Sarie Stowell was present to aid in making plans for the coming year. Reports of the various department chairmen were submitted.

## Ord Farmer Injured

Frank Drudick suffered painful injuries to his face Saturday when a belt tightener on the combine he was operating flew off and struck him on the nose and mouth. He was attended by Dr. C. J. Miller.

Raymond Vogeltanz Drowned. As the Quiz goes to press Wednesday afternoon word comes from Ericson to the effect that Raymond Vogeltanz was drowned while swimming there. He is a son of Mr. and Mrs. E. L. Vogeltanz. Ord firemen left at 4:00 p. m. with the inhalator for Ericson but so much time had elapsed there was little hope held.

## 2-Million Bushel Small Grain Crop Is 1945 Prospect

About 20,000 Acres in Wheat, 50,000 in Other Grains, Report AAA Office.

A two million bushel crop of small grain for Valley county for 1945 is the prospect seen this week, as sufficient returns from combining and threshing seem to indicate a general average of 30 bushels per acre for wheat, barley and rye, with oats certain to exceed this average figure.

Valley county has approximately 70,000 acres seeded to small grains this year, it was estimated Tuesday by Charles Krikac, chairman of the county AAA committee. If the 30-bushel average prevails a total yield of 2,100,000 bushels is likely.

Approximately 20,000 acres are in wheat, 5,000 acres more than in 1944, the AAA office says. Grain men report wheat yields running from 22 bushels up to as high as 50 and think a county-wide average of 30 bushels to be a fairly safe estimate.

The county has approximately 50,000 acres in other small grains compared to 45,000 in 1944. Barley is yielding at a 30 to 40 bushel rate, rye is doing about the same, and it is thought oats will make 45 to 60 bushels on the average.

"The greatest small grain crop in Valley county's history," said Emil Kokes, another member of the county AAA committee. Kokes himself is completing this week, combining several hundred acres of wheat which will average around 30 bushels to the acre.

Grain men say wheat raised in 1936 was the highest quality Valley county ever raised but admit that the 1945 crop far exceeds 1936 for heaviness of the yield.

Wheat continues to pour in at a rapid rate at both the Farmers and Noll elevators in Ord, said Manager Fred Clark and Bob Noll Tuesday. Combined wheat is now augmented by wheat coming from threshing machines, 15 of which are believed to be operating now in the Ord territory.

Monday the Noll company bought wheat from Pete Kosmicki, threshed by the W. E. Grossnicklaus outfit in the Davis Creek territory, and said the wheat tested 61 1/2 and was averaging over 30 bushels to the acre in a 40 acre field.

Otto Leuck, from the Arcadia territory, was hauling combined wheat to the Farmers elevator Tuesday. A 20-acre summer fallowed field on his farm has already yielded over 600 bushels and isn't nearly all cut, yet, Mr. Leuck said. The field will make 40 to 45 bushels per acre, he estimated.

Also trucking threshed wheat to the Farmers elevator Tuesday was Rudolph Krahulik, who is getting around 30 bushels to the acre of good quality grain.

Barley is of unusually good quality this year, testing 48 to 51 1/2, and yields are exceeding the earlier estimates, running 30 to 40 bushels per acre where 20 to 30 bushel yields had been expected. Barley got off to a poor start this year and stood badly but will make a better-than-average crop anyway. Among farmers selling barley in Ord this week are Henry Desmul, Lowell Jones, Elmer Hallcock, Frank Drudick, Joe Skoill, Raymond Hurlbert.

Rye also is making a good crop, on the basis of early sales. From the Mrs. Sprague farm the Burson brothers are hauling in rye that tests 56 to 56 1/2 and is making a 30 bushel average. Rye from the Ft. Hartsuff ranch also is coming to market. No oats are reported harvested as yet but acreage of this crop is large and a heavy yield will be harvested.

About 25 carloads of grain has gone to terminal markets from Ord to date, some being 1,500 and some 2,000 bushel cars, but hundreds of carloads will move out before the harvest ends. Valley county wheat is still attracting a top price of \$1.44 and celloping price is being paid for other grains, also.

**SPECIAL EXAMINATION**  
On Friday, August 10, at the County Superintendent's office at 9 o'clock there will be a special examination for Temporary Teachers' Certificates. All teachers who need this examination should get an application blank from the County Superintendent's office and have it properly filled out and signed by members of the school board in the district in which she expects to teach. For further information see your County Superintendent.

## Truckers, Welder, Service Station, to Change Locations

Swoboda Move to Be First in Series Involving Worm and Clement Businesses.

Three Ord businesses will exchange locations the latter part of this week, as result of property sales made recently.

The Charlie Swoboda welding shop will move to the old Milligan garage building on North 15th street, bought recently by Mr. Swoboda from Mrs. Olof Olsson.

The offices of Worm Bros. Motor Freight will move to the old Work building now occupied by Swoboda, this building having been bought from Mrs. Horace Travis by Forrest and Fred Worm. A cement floor will be laid, large double doors installed and an office room fitted up in one corner. Later Worm Bros. hope to build a modern truck garage at this location.

The Clement service station and truckers' headquarters will hereafter be located in the service station building east of Hotel Ord, which Worm Bros. have been using for an office. Milton Clement bought this location from V. W. Robbins, of North Loup, and has been busy installing underground tank storage and gas pumps. Some concrete work is in progress there now and Clement brothers have other changes in mind to make the location more convenient for access to trucks.

## Two Violators Fined.

Mrs. C. A. Anderson was arrested July 19 by Patrolman Smith for failing to stop long enough at a stop sign. She appeared in police court July 27 and was fined \$1 and costs amounting to \$3.75. Robert Rice appeared in police court July 27 after being arrested the day before on a speeding charge. He was fined \$10 and \$2.75 costs.

## Good News For Canners.

The ration board announces that people who were allotted only five pounds of canning sugar will have coupons for another five pounds mailed to them as soon as July reports are mailed.

## Seeing the World!

Florence Anderson.

Miss Anderson, daughter of Mr. and Mrs. Albert Anderson, is one Ord young woman who has seen plenty of the world since leaving the city of her birth. As a civilian employee of the U. S. Army she was stationed at San Francisco and later at Washington, D. C.; with the Office of War Information she worked in London and later in Paris; now with the Army again she is at Frankfurt, Germany, and recently enjoyed an air trip to Denmark. (See her letter on page 3.)

## Romans Hurt in Restaurant Fight

Jack Romans was seriously injured Saturday evening in Loup City when he attempted to play peacemaker and stop a fight. Somehow in the scuffle his head struck on something solid and Jack suffered a skull injury which rendered him unconscious until Monday.

He is a son-in-law of Mr. and Mrs. C. W. Porter who reported him improving somewhat Tuesday. Mr. and Mrs. Romans moved to Loup City about two years ago to make their home.

—Mrs. J. W. Wilson of Arcadia came Monday to be a guest at the home of Mayor and Mrs. M. B. Cummins until Wednesday.

—Mr. and Mrs. George Allen will have a family reunion within the next few days, as all their children will be home at once.

# North Loup Loyalist

MRS. ETHEL HAMER, News and Business Representative.

Mrs. Laverne Noyes was hostess to the War Wives club on Friday afternoon when Mrs. Mervin Scott led the lesson on cooking.

The Young Ladies club and the War Wives club held a picnic supper Tuesday evening at the home of Mrs. J. A. Barber.

Members of Mrs. A. C. Ehret's Sabbath school class met at the home of Mr. and Mrs. J. A. Barber Monday for a picnic supper.

Darrell Barber, who has served more than two years with the navy where he was an aviation machinist's mate first class, has received a medical discharge and arrived home last week.

Before coming home he spent three weeks at Battle Creek, Mich., with his sister, Mrs. Rodrick Moulton and her family.

Maxine Copeland came home from Grand Island on the Saturday night bus and returned Monday afternoon. Monday Maxine was a dinner guest of Lois Barber.

Mrs. Earl Lincoln was calling on friends in North Loup on Thursday evening. She has a beautiful robe made of fine furs which her twin brother, Loise Springer, sent her from Germany. Loise has been in France and Germany for some time.

Mrs. Melvin Cornell of Ravenna was a Tuesday guest of Mrs. R. H. Knapp and attended the W. S. C. S. at the Methodist church Wednesday afternoon.

Sgt. Ervin Bartz arrived home on the Wednesday morning bus for a twenty-one day furlough. He arrived in Europe just before V-E day, not in time to get in on any fighting. He is to report at Camp Chaffee, Ark., and after additional training expects to go to the Pacific.

Mr. and Mrs. Lloyd Zelewski and son of Grand Island were Saturday night and Sunday dinner guests in the Alex Brown home. Other guests for Sunday dinner were Mr. and Mrs. Arthur Ferris and Richard Helleberg of Ord.

Mr. and Mrs. Chas. Meyers, Mrs. Dale Stine and the G. D. Knapp family enjoyed a picnic supper Thursday evening at the Ronald Cress home helping celebrate Ronald's birthday.

Sunday guests of Mr. and Mrs. Bud Beebe and Charles were Mrs. Beebe's sisters, Mrs. Walter Voss of Omaha and Mrs. Tony Grabowski and Mr. Grabowski of North Platte. Mrs. Voss remained for a longer visit.

Mrs. Ruth Hutchins and Richard, Dean and Dale spent Sunday in Hastings with Mr. and Mrs. Merrill Anderson and boys. Little Bobbie Anderson returned home with them and is spending the week with his grandparents.

W. O. Gillespie, Mrs. Hannah McDonald, Mr. and Mrs. Bryan McDonald and sons, Merle and Gene, all of Murdock spent the weekend with Mr. and Mrs. H. L. Gillespie. Most of the time was spent at Ericson at the Gillespie cabin.

Don Tolbert returned to his work in Grand Island on the Monday morning bus.

Sgt. Roy Maxson left for Santa Ana, Calif., on the Monday morning bus where he is to report for reassignment after spending thirty days travel time enroute here. He is back from thirty-six months in the African and Italian campaigns as a member of the fifteenth aircorps.

Menzo Fuller has bought the Sidney Bellinger house, formerly known as the John Sheldon house.

Katherine and Shirley Severance are spending this week at the home of their grandparents, Mr. and Mrs. Henry Williams.

Byron Fuller was released from the Clinic hospital in Ord Friday and is at the home of his sister, Lola Fuller.

Lola Fuller moved Monday to the Friends parsonage which the Kelsey Hinshaw family vacated when they left for Portland, Ore., Friday evening.

Mr. and Mrs. Mills Hill left by bus Tuesday for Portland, Ore., where they will spend a short time with Mr. and Mrs. Dwight Hill and accompany them back to Omaha by way of California. In California they will see Mrs. Inez Hill. They plan to be gone about three weeks.

Sunday dinner guests of Mr. and Mrs. Bates Copeland, to help celebrate Mr. Copeland's birthday were Mr. and Mrs. Joe Copeland, Mr. and Mrs. Boyd Mulligan, Mr. and Mrs. Chas. Cress and J. H. Eyerly. Other guests in the afternoon were Mr. and Mrs. Bert Needham and Mrs. Merle Worrell and Billy.

Mrs. Harold Schudel and little son who have been at Langley Field, Va., with Lt. Schudel are expected here this week, having left Virginia Tuesday. Lt. Schudel, with the aircorps, is being sent to California and from there expects to go overseas.

Mrs. Amy Taylor left Tuesday morning for Fairbury and from there she will go to Crosbyton, Texas.

Mr. and Mrs. Allen Sims and Mrs. Harold Swanson and Denney spent Sunday near Wolbach at the Carl Neilsen home.

George Eberhart is running the Fred Bartz threshing machine, began Monday at the Frank Schudel farm east of North Loup. Paul Lee is helping him.

Mr. and Mrs. Clayton Meyers and daughter, Phyllis, came from their home in Grand Island Sunday and are spending most of this week here, as he is having a week's vacation from his work at the Q. O. plant.

Sunday the C. D. Knapp and Ronald Cress families were also guests of Mr. and Mrs. Chas. Meyers and Mrs. Dale Stine.

Mr. and Mrs. Orville Portis entertained at a family dinner Sunday in honor of Mrs. Pearl Sample and two sons and Mrs. Vivian Dronberger of Big Springs. Guests included Mr. and Mrs. Homer Sample, Mr. and Mrs. Hillis Coleman, Mr. and Mrs. Jim Coleman and two daughters and Mr. and Mrs. L. W. Portis.

Roscoe A. Watson, brother of Mrs. Alta Barnhart, was trampled to death by a bull in the pasture on his farm, four miles southwest of Center, Colo., on July 12, according to word that came to Mrs. Barnhart last week. Mr. Watson had gone to the pasture after the cows when the animal attacked him. No one saw he accident and it is not known how the animal overcame him, as he was unconscious when found, badly mauled by the bull. When he did not return to the house as soon as she thought he should, Mrs. Watson went out to find him. She located him lying in the pasture but was unable to reach him because of the maddened animal. She immediately summoned help and neighbor men came, fought off the enraged animal and recovered the body. A doctor was summoned but he passed away before the doctor arrived.

Roscoe A. Watson, son of Charles and Emily Watson, was born March 24, 1886, at North Loup where he spent his boyhood. For a number of years he was engaged in the harness and shoe repair business here and was also in a shoe shop in Ord for a number of years. On August 8, 1923 he was married to Miss Lena Gaden, and in the fall of that year they moved to the San Luis Valley in Colorado, where he has been engaged in farming since. Funeral services were held Tuesday afternoon at the Four Square Gospel church at Center, conducted by Rev. E. J. Dickman. Left to mourn his passing are his wife, two brothers, Will of Lincoln and Charles of Eugene, Oregon and one sister, Mrs. Alta Barnhart of North Loup.

Pvt. Elmer Kearnes, who had been home from Texas for a short furlough with his parents, Mr. and Mrs. Ray Kearnes, left last week to report at Ft. Riley for infantry replacement.

Mr. and Mrs. Otto Bartz and Hazel Stevens returned Thursday from Ericson where they had spent several days at the Bartz cabin. Mrs. Berta Barber and son Russell were their overnight guests Wednesday. Miss Stevens returned to Fullerton Sunday and from there went back to her work as a cadet nurse at University hospital in Omaha.

Mrs. Cora Hepp of Scotia came over on the Thursday morning bus and was a guest of Mrs. Alta Barnhart. She had dinner with Mrs. Carrie Green.

Mrs. Carrie Green and Mrs. Sylvia Brannon were Sunday dinner guests of Mrs. Jessie Babcock. Mrs. Greene's 82nd and Mrs. Babcock's 80th birthdays were celebrated.

Nickie Smith came home from Grand Island on the Thursday evening bus. He had spent several days there with his mother, Mrs. Ruth Smith who is working at the Q. O. plant. Mrs. Smith was home over the week end and spent the time at the home of her parents, Mr. and Mrs. Hugh Clement.

Mrs. Berta Barber has bought the Clifford Goodrich house and after papering and painting the interior, plans to move into it before she goes to Lincoln where she will again be cook at the Alpha Xi Delta sorority house.

Mrs. Agnes Manchester and Mrs. Floyd Hutchins were home from their work at the Q. O. plant in Grand Island over the week end. Mr. Hutch- at the Q. O. plant in Grand Island took them back Sunday evening.

Carolyn Hamer returned from Taylor on the Friday afternoon bus.

Connie Eberhart was in Ord between buses Friday.

Guy, Jr. and Kenton Kerr have returned from a month spent in the harvest fields of Kansas.

Mrs. John Sprate, formerly Fern Rich, who had been a guest of her parents, Mr. and Mrs. Murray Rich, left for her home in Los Angeles on the Saturday morning bus. Her husband is in the service and has spent two years in Italy. News of his return to the states hastened her return.

Mrs. Murray Rich and Wayne accompanied Mrs. John Sprate to Grand Island Saturday morning, returning on the evening bus.

## Army "Zebra" Joins U. P.

The Union Pacific won't get horsepower from this Army "Zebra" but it will get manpower, needed now in moving war traffic westward. The "Zebra," M/Sgt. Francis X. Falvey, York, Pa., gets his nickname from army slang for soldiers with many stripes. One of 4,000 soldiers being furloughed to assist the railroads, Sgt. Falvey will work as a switchman at Laramie, Wyo. In addition to six master sergeant's stripes, he wears six World War I

overseas chevrons, five overseas marks for World War II. On his blouse he also wears nine "hash marks" and a fourragere. On his right arm he wears the Wreath of Merit. His decorations include the Silver Star, Good Conduct

medal, Southwest Pacific ribbon with one star, American Defense ribbon, Army of Occupation ribbon, Victory Medal with five stars, Mexican Border ribbon, Mexican Campaign ribbon. He is shown checking in at Omaha.

Sgt. John Hamer, who had thirty days at home following two years in England with the 95th bombardment group of the 8th air corps, left Grand Island early Monday morning to return to Ft. Leavenworth for reassignment. T.J. Hamer and Mrs. R. F. Hedges took him to Grand Island.

Guy Jr. and Kenton Kerr left Tuesday morning for South Dakota to work in the harvest fields.

Mrs. Lulu Wilson who had been visiting at the home of Mrs. Lizzie Knapp went to Ord on the Monday morning bus and from there went to her home in Arcadia.

Mrs. Maxine Scott and Jerrold spent Thursday and Thursday night in the Harold Keep home near Cotesfield.

Mrs. Lucille Fitz and daughter of Grand Island are guests in the George Eberhart home.

Mrs. Keith Watts and little son of Ord are spending this week with Mr. and Mrs. Earl Smith.

Mrs. Don Tolbert is going to Ord each day this week taking the special extension course in Geography which is being given for Valley county teachers.

Pvt. Grover Jorgensen left on Tuesday for Ft. Riley, Kas., after a short furlough at home.

Mr. and Mrs. W. T. Hutchins left Tuesday for an indefinite stay in Denver and Ft. Collins, Colo. They went by train from Grand Island.

Dr. and Mrs. Hemphill plan to leave Thursday for Boulder, Colo., taking Mr. Krudop's sister, Mrs. Harris, whose health is very poor to the mountains. It is hoped she will receive some help for her asthma and sinus trouble there. The Hemphills will stay several weeks.

Lois Klinger came down from her home near Burwell Saturday and was a week end guest in the George Eberhart home. Monday her folks, Mr. and Mrs. Lee Klinger came after her.

The Harold Williams family and Mrs. Harold Portis and two sons were Sunday supper guests in the Tom Hamer home.

The Lee Mulligan family moved Tuesday to their new home, the Eberhart house.

Miss Emma Rasset left Thursday morning for her home in Scottsbluff after spending two weeks with relatives here and at Ord.

Mrs. Wayne King is helping with the cream and egg buying at the Farmers store while Mills Hill is on his vacation. Mrs. King is also helping some at the cheese factory and is staying at the Comfort Cummins home.

Word from Mrs. Switzer at Rochester with Mr. Switzer is that Clarence is getting much medical attention and is possibly a little better.

above described real estate, to quiet and confirm the title of said real estate in the plaintiff, and general equitable relief. The court has ordered service by publication. Said defendants are required to answer said petition on or before September 10, 1945. Roy Cochran, Plaintiff, by Davis & Vogeltanz, his attorneys. (August 2, 1945, 4 times)

Munn & Norman, Attorneys. NOTICE OF HEARING TO DETERMINE HEIRSHIP.

In the Matter of the Estate of John Clochon, Deceased. To all persons interested in said Estate, both creditors and heirs, take notice that Charles Clochon has filed a Petition in the County Court of Valley County, Nebraska, alleging that John Clochon died intestate on May 18, 1935, a resident of said County and the owner of: Lots numbered Eighteen and Nineteen of the Subdivision of the Northeast Quarter of Section Twenty-six in Township Twenty, North of Range Fifteen, West of the Sixth Principal Meridian, Elyria, Valley County, Nebraska, according to the recorded plat thereof. Said Petition alleges that John Clochon left as his sole and only heirs at law Charles Clochon a son and John L. Clochon a son.

Said Petition prays among other things that the allegations of said Petition be found true; for a determination of the time of the death of the Decedent, a determination of his heirs, the degree of kinship, and the right of descent of the real property belonging to the Decedent; for a Decree barring claims against said Estate, a finding that Decedent died intestate more than two years prior to the filing of said Petition; that no application has been made in the State of Nebraska for the appointment of an administrator, and that said Estate has not been administered in the State of Nebraska; that the heirs at law of the Decedent, as above set forth, be decreed to have succeeded to the ownership of the above described real estate, and for such other relief as may be just and equitable. Said Petition has been set for hearing before this Court in the office of the County Judge of Valley County, Nebraska, on the 6th day of August, 1945, at ten o'clock in the forenoon. Witness my hand and official seal this 18th day of July, 1945.

JOHN L. ANDERSEN, County Judge of Valley County, Nebraska. July 19-3t.

# Farmers or Investors Attention!

Congress or war time rules may enact a law or regulation which may eliminate the tenant, small farm operator, investor or service man from buying a farm who cannot pay at least 35 percent of the purchase price in cash. This would in some cases make it impossible for some small operators, investors or service man to own their own farm as is now possible. I have a large number of farms in Greeley county that are good operating units. The buildings on a number of these farms have been completely repaired and painted, with fences and cross fences in good repair, with good wells and water systems. The farm land has been well cultivated, with good crop rotations and good grass in the pastures. These farms can be purchased with a small down payment, and the balance carried back for a term of not to exceed 20 years with low interest and small principal payments annually. I am sure that you will find these terms much easier and better than paying rent. Why not let today's income buy tomorrow's security. Plan now your future as well as that of America's. Buy a good farm home now and make use of our attractive Post War Buying Plan while it is still possible by this method: 1. Down Payments-Conveniently Arranged. 2. Annual Payments - Easy to Manage. 3. Interest Rates-Attractive. 4. Contract - Long Term. 5. Terms - Comparable to Rent.

### Florence Anderson Enjoys Trip to Denmark, Says Food Abundant, People Well Dressed

hagen about one. What a change that was from the parts of Europe I had already seen. The people all look so happy and healthy—far more so than the other countries.

"And the food—there you have something. They have, or seem to have, an abundance of everything and only bread and butter are rationed. There was of course an abundance of dairy products, lots of ice cream, big luscious strawberries and all the fresh milk one wanted. For those of us who have had nothing but powdered milk and ice cream only on rare occasions it was like a dream. It didn't seem at all like a wartime city that had been occupied for so many years. However its beauty is marred a bit by hideous air-raid shelters that come out of the ground like huge concrete mole hills which the Germans constructed.

"There are few places of entertainment left as the Germans in retaliation for sabotage would bomb a restaurant or a dining or dance hall so that now they only have about two left. A little Danish girl told me that 66 in all had been bombed but she was thrilled about the war being finished and being able to listen to English music again—that seemed to be the nicest feature of her life at present.

"I saw Tivoli Gardens—sort of a cross between an amusement park and a concert hall. It contains one very large, superb restaurant, and many little side shows which are open all the time. There are several

outdoor theaters and we saw some very fine dancing and heard an excellent concert. Other outdoor theaters also had trapeze acts, children's shows and bands and orchestras. There is a nine o'clock curfew to conserve fuel and electricity so it seems most of the populace takes a turn in Tivoli about dinner time, and around the public square (Raadhues Pladts) for street shows which include everything from swordswallowers to speeches.

"I had little actual time for sightseeing but made a special effort to see the King's palace and to take a boat trip up to Lanilinie to see the Mermaid statue—it is lovely, of nice shiny bronze sitting in a little cove, and looks out on a lovely park from the water. The Harbor all the way is attractive, bordered on one side by a well kept park with a lovely church in the center of it. There were many, many ships of every size lined up, waiting I guess to resume business.

"The shops of Copenhagen were a pleasure to any woman after the empty ones of London and Paris. I bought only a couple of souvenirs because the main product is beautiful porcelain and that weighs up to a heavy package in a short time. So with flying both ways and limitations on luggage I could only pick up a couple of items. But I've definitely put that on my list as a country which I want to visit several years hence when conditions are more normal because just the beauty and cleanliness of the place would make for a pleasant vacation.

"From Copenhagen I flew back to a place in Germany near Hanover in a C-47, then in a British Anson to Brussels and back here in a C-47. Despite my lack of enthusiasm for flying I enjoyed every minute of the trip. It rained most of the five days and the flying was pretty rough at times, particularly in the Anson which is a British six-seater plane used for reconnaissance purposes. But I suffered no discomfort whatever except for falling in a mud puddle on the airfield and getting myself a little mused up, and having a jeep throw mud on my face, covering one eye. My only casualty was a ruined pair of hose.

"We're still enjoying our 'country home' and South Dakota is due to join our household again in a few days. She's been at the American Legation in Switzerland since April and it will be good to have her back in the fold. We're having a few little parties and it is like a small town, people go by and drop in for a chat. Tonight we had a party honoring two birthdays and an engagement. Our food is the best I've eaten since being overseas. By the time you receive this I will have been away from the States one year.

"I sent you a picture book of Copenhagen I thought you might enjoy and I'll appreciate it if you pass this letter and the little book around to all the kids at home, since most of the family are back there together. And of course I'll expect to get a lot of mail in a week or so." Florence is a sister of George and Hi Anderson, also of Mrs. Albert Clausen.

## MEATS FOR THE THRESHING TIME MEALS

This is threshing season and it is also hot weather when getting big meals is no pleasure to the busy farm housewife. Therefore we're glad to report that our stock of cold, cooked, ready-to-serve meats is large, as we always try to have it at this time of year. You will find a good selection of such meats at our market.

Let us help you plan the meals you'll serve to threshers. Perhaps we can make suggestions that will result in point savings to you, as well as in economical and tasty menus.

Well, Excelsior Springs got too hot for me and I returned last Friday and am back at my desk in the Quiz office, where it is also hot enough to suit most anyone unless they are too particular.

We had a nice trip down there three weeks ago and the first few days were cool and very delightful. I was never there in the summer before and was not prepared for the above a hundred degree weather that struck us. It is harder to breathe down there than in Nebraska.

I began the day down there with a glass of hot saline water at 6 a. m. following it with

a glass of the same cold. That was usually followed about 7..... after which I had some breakfast, and a little after eight went to the bath house where I soaked in a big tub of hot water, then drank a few glasses of another kind of water and was put in hot packs where I sure did sweat. After 20 minutes of that they put me on a high table, soaked me all over, rubbed me with salt until I thought there would be no more skin left, then to the showers, and then the cooling room where I laid until one of the masseurs was ready for me. I was privileged to rest as long as I wished. The complete bath each day took about 2 hours. When it got up over a hundred which caused me to sweat terribly all the time, and with the sweating caused in the bath and packs, my Doctor thought it best that I discontinue taking them while it was so hot and advised that I come home. But I did get a lot of benefit from the trip and am hopeful that my lameness will gradually disappear.

We visited the Joe. Waldmanns a couple of times while there. They are at the Mitchell clinic and Mr. Waldmann is improving and no doubt will soon be coming home.

When we left the springs we drove over to Paola, Kansas for a couple of days visit with the parents of the Missus. Many readers around Burwell will remember the C. H. Bloss family, though they left there 30 years ago and have lived on their farm near Paola since. That is a rugged country, lots of waste land and lots of timber with some real good land. There is lots of oil land there and wells within a mile of Mr. Bloss have been operating for 25 years. He is convinced that he has lots of oil and though now 86 years old, is looking forward to the end of the war, when he hopes to get the oil men interested in his place. They get their oil under a thousand feet down there.

I had forgotten that years were being added to others as well as myself and was thinking of Ben Russell as a young, black haired man. But I had a letter from him the other day and he says he is 72 and still working. He says himself and his brother Bert are all that are left of the E. A. Russell family. Well, Ben, I can hardly believe what you say but I know I am now past 74 and I am still working and if I have my way about it I am going to die with my boots on. Ben works in a greenhouse. I remember years ago when he went over to Council Bluffs and worked for a seed company. He says he don't know many people here any more but I dare say if he would come back here for a few days people would be very glad to see him.

The plumbers, the plasterers, the carpenters, the painters are busy trying to finish our house so we can get moved before winter sets in and while things seem to move awful slow, I guess they are going pretty good after all, considering shortage of material and the weather. Andrew Neilson got reckless and tried to stop a big beer truck with his little car the other night, though the report that he wanted to stop the truck to get a drink I am sure is not true. But we do miss his help on the job and hope he will be back real soon to help put the finishing touches on.

I am still undecided whether to buy a Jersey cow or a goat. I know we are going to have some chickens and rabbits and a good garden next year if the season is favorable and the Missus keeps her health so she can take care of it.

Well, here is hoping that the weather cools off before next week. With the start it has I think the corn could get along with a little cooler weather for a few days.

Another person who enjoyed making trinkets was Eugene Lukes, who died suddenly last week.

Eugene made the tinliest violins, ornamental yet perfect miniature pieces, measuring two inches long or less when finished. He used myrtle wood for them (saved for him by Rex Jewett when his brother-in-law made gunstocks).

Two hot, tired businessmen drove into Ord on a recent evening, sticky and longing for a cool swim. One of the visitors put his head out the car window to ask a small boy a question: "Which way to the swimming pool, Sonny?"

"Heck, we haven't got a swimming pool in Ord," answered the little urchin, sadly.

Little Miss Mary Thompson takes advantage of the pool at Seward each summer, visiting her grandparents and taking swimming lessons.

This year Mary finished the intermediate course of training at the Seward pool.

Mary enters the fourth grade this fall. She is the daughter of Superintendent and Mrs. C. C. Thompson.

I recently said, in a discouraged tone of voice, "Well, I just don't know if we'll ever get a swimming pool here or not!"

"Yes we will, and I can tell you when," answered the woman to whom I was speaking. My eyes popped open. "Tell me, then," I urged.

"We'll get a swimming pool all right. We'll get one after the child of some prominent family is drowned in that river, and not before. There'll be indignation and strong feeling about it, and then we'll get our pool."

Johnny Rogers, private first class in the infantry wrote a letter July 20th to his parents, Mr. and Mrs. L. W. Rogers, explaining many details of his life as a gunner. He begins enthusiastically: "Gee, did I ever hit the jack pot today, I got nine letters from you folks and six from Carmie (Carmelita, his wife who is living at Burton, Calif.) all in a bunch. Yes folks I got a battle star for the Okinawa campaign, also the combat badge and Pfc. all within a week of each other. I guess I got so interested in something else I was writing at the time that they slipped my mind.

"In one of your recent letters you asked me how many men made up a machine gun squad. I thought I mentioned. There are five men in a machine gun squad. Here are their jobs in line of importance. The number one man is the squad leader, and holds a buck sergeant's rating and leads the squad. He always advances first to pick out a good location for the machine gun. All the men are lying flat on the ground during this time with five or ten yards between each man to avoid losing all the squad in case a mortar shell or any enemy fire should hit among the group. When the squad leader finds a spot to set the gun he calls to the first gunner. The first gunner carries the tripod for the gun, running up as fast as his legs will carry him and hitting the dirt beside the tripod leader placing the tripod in position at the same time.

"When the tripod is in place the assistant or second gunner as he is called runs up with the machine gun itself and places it on the tripod and hits the dirt beside the first gunner. Then the ammunition bearer runs up and sits down two cases of ammunition. He doesn't hit the dirt but turns and runs back to his original position and hits the dirt.

"Last but far from least comes the second ammunition bearer with two cases but he doesn't bring it up to the gunner until they have used up the first two cases. Each case of ammunition holds 250 rounds. The first gunner does the firing and the second gunner feeds the clip to the gun and keeps it straight.

"When I first landed at Okinawa I was put in the squad as first ammo bearer. When we moved up to the front lines I was made second gunner and now I am first gunner. Does that give you a better idea of what each man's job is and what mine is?"

"You ask me what I weigh and sincerely folks I haven't seen a pair of scales since I left Washington I could come as close to guessing what a load of coconuts weigh. I know I lost considerable weight but you see I sacrificed weight for speed! No, seriously folks, I have no idea of what I weigh, but I will get back to 155 or 160 pounds before I leave the Philippines, for we have lots to eat here, plenty of exercise and lots of sleep. That's what I need now and with a couple months of this I will probably be as fat and sassy as ever. I feel good and with all the mail coming my way how could I help but be in the best of spirits?"

"The country here is beautiful but lots of rain and mud. It reminds me more of the Hawaiian Islands than any of the other islands. The palm trees are thick as fleas and much more beautiful than palm trees in the States. Saipan and Okinawa had such scrubby looking little trees and I didn't particularly care for either of them.

"From the sound of your letters Elmer must be getting hard to handle. Wait til I mail my Jap saber home, I can picture you now chasing Elmer around those walnut trees waving the saber at him and yelling 'ban-zai'.

"Yes, mom, I could really go for a piece of apple pie and a steaming cup of coffee for an afternoon lunch. Yes, it gets pretty miserable in the field, sleeping in a foxhole and wearing the same clothes day and night. You don't have a chance to take off your combat boots. You would be surprised how much a fellow learns to appreciate little things like mail and showers after a few days or weeks of that.

"You ask if it was hard for me to shoot my first Jap. No, it was not. I admit I wasn't so enthused about the idea of shooting anyone but when I saw some American soldiers step on a Jap land mine and some other dirty work I no longer had a feeling of guilt as I pulled that trigger, but, rather, grim satisfaction.

"I hesitate to describe these things, as so many people in the states get the idea that this war will make killers out of us but I assure you folks it has not affected me in that way at all. Although I want to kill them til they have paid in full I will be one of the happiest kids in the world when I can lay down my rifle and return home. I am willing to bet you that fifty dollars that the Japs have their bellies full and are crying for peace by Christmas of 1945.

In dormant pruning of black and purple raspberries, leave all large canes, cutting fruiting laterals or branches to 8 to 12 buds, or 6 to 8 inches in length. Purple raspberries may be left longer, as they grow more vigorously. Laterals on black and purple raspberries may be cut severely without serious reduction in yield. Short pruning reduces the number of berries, but increases berry size, shortens the picking season, add reduces the effects of drought.

**Mineral Sources**

Vegetables that are good sources of calcium, phosphorus and iron are the legumes and the green leaves—such as beet and dandelion greens and chard, mustard and spinach. Cauliflower supplies both calcium and phosphorus; cabbage, carrots, celery, and snapbeans are rich in calcium; corn, potatoes and pumpkin furnish good amounts of phosphorus. Include these vegetables in your diet for mineral content, but see to it that preparation and cooking methods are such that the maximum amount of mineral is retained.

Distinctive colors of paint are used on projectiles fired by the respective gun crews of war craft in target practice. Smears of paint on the edges of the holes made in the target indicate which crew did the shooting.

**School Lunches Will Continue**

Continuation of the community school lunch program in Nebraska through the 1945-46 school year has been assured. Congressional action included \$50,000,000 for this purpose in the U. S. department of agriculture appropriations. Charley B. Clark, North Platte, program assistant of the U. S. department of agriculture's Office of Supply, said today.

Nebraska schools will participate in the community sponsored program on about the same basis as last year and Nebraska school lunch sponsors can continue their last year's contracts with the federal agency about as before. "Cooperation between federal, state and school officials and patrons has improved the health of a great many children during the last school year", Clark said.

"We want as many children as possible to enjoy the improved nutrition, health and scholastic gains made possible

by the community school lunch program, and expect to spread our allotted funds accordingly", Clark added. Local school lunch sponsors and civic groups can help insure continued high nutritional standards for school children by organizing to can local surpluses of fresh fruits and vegetables in season for use during the school year. He indicated that his office would cooperate in making available surpluses of food purchased by the government under agricultural support price programs.

### Recital Tuesday

Tuesday evening Mrs. Leslie Nash and Mrs. Wayne Daffron presented a group of their students in a recital at 8:30 at the Presbyterian church. Six soloists were featured, with Marilyn Ollis as an assisting soloist and a trio consisting of Mrs. Wayne Daffron, Betty Jean Walker and Marjorie Mulligan.

Mary Ann Gregory, soprano, began the program with an Italian song, "Dearest Believe," a French song, "A Resolve" and "Crying Water." "In Our Happy Village," "Hunting the Hare" and "On the Shore" by Neldinger, one of the outstanding outdoor composers, were sung by Eldon Foth, bass. Marilyn Ollis played two piano solos, "Minuet" by Baccarini and "Crescendo" by Lason. Mezzo-soprano Marjorie Mulligan sang "Che fara senga Euridice," from Orfeo, "Sleep, Dear Love," and "Spring Song of the Robin Woman" from Shnews by Cadman, composer of Indian music.

Carolyn Aule, soprano, sang "Passepedil," "A Thought Like Music" and "La Girometta." A Czechoslovak folk song, "Waters Ripple and Flow," and "The Galway Piper" were sung by the trio. Don Aule, baritone, sang "It was a Lover and His Lass," "Myself When Young" from "In a Persian Garden" and "Spandhriff." "La belle table est mise" (Beneath the Verdant Arbor), "Open Thy Blue Eyes," and "Spanish Song" were sung by another mezzo-soprano, Dorothy Penas to conclude the program.

The accompanists were Mrs. Robert Noll, Mrs. Glen Aule and Mrs. Sylvester Furtak. Mrs. Glen Aule was the chairman of the committee of mothers which served refreshments after the program.

### Wed At Dannebrog

Tuesday evening, July 24, at 8 o'clock at the Dannebrog Baptist church in the presence of one hundred and fifty guests, forty of whom were from Arcadia, Miss Arlis Johnson, daughter of Rev. and Mrs. Fred E. Johnson, recently of Arcadia, became the bride of Bernard Travaille, of Oakland, Nebr. The double ring ceremony was performed by the bride's father before the altar which was decorated with candelabra, ferns, palms and baskets of flowers. Maid-of-honor was Miss Helen Oleen, of Milaca, Minn., cousin of the bride. Bridesmaids were Miss Marjory Ostrom, of St. Paul, Minn., and Miss Luella Stone, of Sheridan, Wyo. The flower girls were Vivian Pierson and Patricia Jean Erickson, of Arcadia. Edward Swanson, Sloux City, Iowa, attended the groom as best man, and Alan Travaille, brother of the groom, and Harold Gustafson, of Oakland, Nebr. were ushers. Following the wedding a reception was held in the beautifully decorated church parlors, with Mrs. George Oleen, Milaca, Minn.,

serving as hostess. The waitresses were the Misses Lulu and Alta Landon, of Arcadia, and Miss Lois Johnson, Milaca. Miss Laverne Johnson, Milaca, was in charge of the guest book. The bride is a graduate of the Arcadia high school and attended Bethel Junior College of St. Paul, Minn. The groom attended Northwestern Bible School in Minneapolis, Minn., and is a graduate of Morning-side College, Sloux City, Iowa. After a wedding trip, Mr. and Mrs. Travaille will be at home August 6 at 210 Fried Street, Oakland, Nebr., where Mr. Travaille is acting as pastor of the Baptist church.

### Announce Engagement

Mr. and Mrs. Clifford Flynn announce the engagement and approaching marriage of their eldest daughter Viola May, who will become the bride of Dr. Frank J. Butler of San Francisco on August 11th. Viola May graduated from Ord High and from the University of Nebraska and has for some time been employed at the Security First National Bank of Los Angeles where she holds the position of escrow officer. After graduating from University, the bride-to-be was employed in the administrative offices of the University and also as secretary of Brig. Gen. Guy Henninger at the State House. Dr. Butler is associated with the Abbott Laboratories clinical research department. He received his education at Northwestern University and the University of Texas and also has taken work at several other schools. Because of travel conditions and of Mrs. Flynn's poor health the Ord people will not attempt to go to the coast for the wedding, but the young people promise to visit Ord soon.

### Birthday Party

Mrs. Darrell McOstrich invited 30 small friends to attend a birthday party for her daughter Carol Ann on Thursday afternoon, when that little miss was six years old. Showing comic movies and taking pictures of the children, plus party refreshments, made the party a success.

### Manns Entertain

Mr. and Mrs. George R. Mann entertained for eight at dinner at the New Cafe Saturday evening. Later hours were spent at the C. J. Mortensen home where Manns were weekend guests, returning Sunday to Lincoln.

### Kosmata Guests

## Our Fighting Men

★Sgt. Hans Hansen is home for a 30-day furlough with Mr. and Mrs. Jim Hansen, after 10 months service in Europe. He is with the infantry, and wears several decorations on his blouse. From here he reports to Ft. Leavenworth, and thinks he then may be sent to Kentucky.

★Pvt. Grover D. Jorgensen has been home on furlough, leaving Tuesday to report at Ft. Riley, Kans. He is the son of Mr. and Mrs. Pete Jorgensen of Rt. 1, North Loup. Finishing his training as an infantry replacement at Camp Fannin, Tex., he was awarded the expert infantryman badge for proficiency in weapons, tactics, physical condition and leadership. The badge also authorizes \$5 additional pay per month to enlisted men.

★Mrs. Christine Ve'eba and Jean were wearing ear-to-ear smiles this week, for their son and brother Elmo Dean Ve'eba is home on a surprise 30-day furlough, flying from Manila to Omaha and reaching Ord Sunday evening. Going into the navy two and one-half years ago Dean has really seen the world, having been in several trips to England he was sent to the Pacific, where he has taken part in five major engagements and is to be given his fifth battle star. He has been on the USS Trenton until recently, and then on the USS Varuna. He is "firing man for catapult planes", and helped with invasions at Mindanao and many other islands, but Dean declines to reveal any details of his experiences. He is 21 years old.

★Mr. and Mrs. Roscoe Garnick of Elyria are enjoying a family reunion with their four children for the first time in eight years. S - Sgt. Harold Garnick is home on leave after spending nearly 30 months with the Ninth Air Force in the European theater. He has received five battle stars and a presidential citation during his combat experience. Sgt. Garnick is spending a 30-day delay enroute, at the end of which time he will report back to Leavenworth, Kansas for re-assignment. He brought with him many fine gifts and tales of exciting incidents. Capt. William G. Garnick and his wife have arrived in Valley county from Atlanta, Ga., where he has been stationed at the Atlanta Army Service Forces Depot with the quartermaster corps for the past 18 months, following a serious injury received during paratroop maneuvers in Tennessee. Capt. Garnick has a 15-day leave so that he might spend some time with his brother Harold, whom he hadn't seen since the spring of 1942. Mrs. Seton Hanson, the former Gwen Garnick came to Elyria from Jamaica, Ia., where she, her husband and her four children live on a farm.

★Cpl. Earl Mohr left Thursday after thirty days furlough following action in Europe. Cpl. Mohr, who was to report at Fort Leavenworth after his furlough, is the son of Mr. and Mrs. Henry Mohr of Ericson.

★Wounded in the left arm during the fighting in the mountains of northern Luzon on May 17, Pfc. Edward Hlavinka, 22, was presented the Purple Heart award by Col. Robert M. Hardaway, commanding officer of Bushnell General Hospital at Brigham City, Utah. Within a month after he was wounded by a Jap

sniper hidden in a mountain valley, Pfc. Hlavinka arrived in the United States. Pfc. Hlavinka, whose parents are Mr. and Mrs. Frank Hlavinka, is married to the former Geraldine Miller of Scotia.

★Cpl. Harwood L. Rice is a member of the 35th Infantry Division which, as the President's old outfit, greeted President Truman when he drove from the cruiser Augusta at Antwerp to the Brussels airfield on the first leg of his journey to the Big Three Conference.

★Machinist's Mate 1-c Steve Carkoski has been assigned his APO, presumably to go with his ship-repair unit into the combat zone. He has been stationed at Little Creek, Va.

★Lt. Col. Jos. G. Kruml has been given a permanent assignment at Beaumont General Hospital at El Paso, Tex., since reporting after his ten-week furlough following his return from England. Mrs. Kruml and the children will continue to live in Council Bluffs, Ia.

He saw service in Austria, France and Germany and after his furlough will report to the west coast for a new assignment, probably the Pacific.

Leaving by bus Tuesday morning were Mrs. Elmer Golka and niece Marilyn Benson. They were to spend a few days in Lincoln at the home of Mrs. Golka's parents Mr. and Mrs. J.H. Elliott.

Delavon John was a guest Friday and Saturday at the Dave Nordstrom home. Leona Anderson of Comstock, a niece of Mr. and Mrs. Nordstrom spent from Sunday until Thursday at the Nordstrom home.

2-C Petty Officer Joe Weddel of Alathe, Kansas visited his wife and baby at Weeping Water where Mrs. Weddel and baby have been with her parents, Mr. and Mrs. Homer Jameson. The baby has been with its parents, while Mrs. Weddel has been in the hospital a month, with rheumatic fever. P.O. Weddel came to Grand Island Thursday and accompanied Mrs. Robert Weddel and children of Arcadia, where they visited a few days at the O. C. Weddel home.

Edna Kaminski visited her grandmother Mrs. Harry Goe, in Ashton Friday and Saturday. Mrs. Bugby's mother and sister, Mrs. F. D. Axtell and Mrs. Leo Hughes returned Wednesday to their home in airbury. Mrs. Bugby's health

## SOCIAL NEWS

**Wedding Told**  
A quiet ceremony at Smith Center, Kans., on July 25th made Mrs. Viola Barta Anderson the bride of Stanton Finley. Mr. and Mrs. Emil Barta witnessed the wedding of his sister which was performed at the Presbyterian church by the minister. The bride wore a becoming frock of powder blue, accompanied by white accessories. Mrs. Finley will be here about three weeks, returning then to Alhambra, Calif., where she has been secretary to the board of education for a number of years. Mr. Finley plans to hold a farm sale soon, and will then go to California to make his home.

**Covey's Hosts**  
Mr. and Mrs. Bruce Covey were hosts at dinner Saturday evening at the New Cafe, returning to the Covey home for ice cream and cake to celebrate birthdays of Mrs. Covey, Roy Randolph and C. A. Anderson which are this week.

**For Mrs. Parkos**  
Eight members of the Happy Hour Club met Thursday with Mrs. Anna Parkos to honor her 75th birthday. This club is one of Ord's oldest, meeting for 32 years. Mrs. John Wozab, of California, and Mrs. E. Harbert, of Scottsbluff, daughters of Mrs. Parkos, served a special birthday cake to the ladies.

## Our Fighting Men

★Sgt. Hans Hansen is home for a 30-day furlough with Mr. and Mrs. Jim Hansen, after 10 months service in Europe. He is with the infantry, and wears several decorations on his blouse. From here he reports to Ft. Leavenworth, and thinks he then may be sent to Kentucky.

★Pvt. Grover D. Jorgensen has been home on furlough, leaving Tuesday to report at Ft. Riley, Kans. He is the son of Mr. and Mrs. Pete Jorgensen of Rt. 1, North Loup. Finishing his training as an infantry replacement at Camp Fannin, Tex., he was awarded the expert infantryman badge for proficiency in weapons tactics, physical condition and leadership. The badge also authorizes \$5 additional pay per month to enlisted men.

★Mrs. Christine Ve'eba and Jean were wearing ear-to-ear smiles this week, for their son and brother F.Mic Dean Ve'eba is home on a surprise 30-day furlough, flying from Manila to Omaha and reaching Ord Sunday evening. Going into the navy two and one-half years ago Dean has really seen the world, having been in several trips to England, he was sent to the Pacific, where he has taken part in five major engagements and is to be given his fifth battle star. He has been on the USS Trenton until recently, and then on the USS Varuna. He is "firing man for catapult planes", and helped with invasions at Mindanao and many other islands, but Dean declines to reveal any details of his experiences. He is 21 years old.

★Mr. and Mrs. Koscoe Garnick of Elyria are enjoying a family reunion with their four children for the first time in eight years. S - Sgt. Harold Garnick is home on leave after spending nearly 30 months with the Ninth Air Force in the European theater. He has received five battle stars and a presidential citation during his combat experience. Sgt. Garnick is spending a 30-day delay enroute, at the end of which time he will report back to Leavenworth, Kansas for re-assignment. He brought with him many fine gifts and tales of exciting incidents. Capt. William G. Garnick and his wife have arrived in Valley county from Atlanta, Ga., where he has been stationed at the Atlanta Army Service Forces Depot with the quartermaster corps for the past 18 months, following a serious injury received during paratroop maneuvers in Tennessee. Capt. Garnick has a 15-day leave so that he might spend some time with his brother Harold, whom he hadn't seen since the spring of 1942. Mrs. Seton Hanson, the former Gwen Garnick came to Elyria from Jamaica, Ia., where she, her husband and her four children live on a farm.

★Cpl. Earl Mohr left Thursday after thirty days furlough following action in Europe. Cpl. Mohr, who was to report at Fort Leavenworth after his furlough, is the son of Mr. and Mrs. Henry Mohr of Ericson.

★Wounded in the left arm during the fighting in the mountains of northern Luzon on May 17, Pfc. Edward Hlavinka, 22, was presented the Purple Heart award by Col. Robert M. Hardaway, commanding officer of Bushnell General Hospital at Brigham City, Utah. Within a month after he was wounded by a Japanese sniper hidden in a mountain valley, Pfc. Hlavinka arrived in the United States. Pfc. Hlavinka, whose parents are Mr. and Mrs. Frank Hlavinka, is married to the former Geraldine Miller of Scotia.

★Cpl. Harwood L. Rice is a member of the 35th Infantry Division which, as the President's old outfit, greeted President Truman when he drove from the cruiser Augusta at Antwerp to the Brussels airfield on the first leg of his journey to the Big Three Conference.

★Machinist's Mate 1-c Steve Caroski has been assigned his APO, presumably to go with his ship-repair unit into the combat zone. He has been stationed at Little Creek, Va.

★Lt. Col. Jos. G. Kruml has been given a permanent assignment at Beaumont General Hospital at El Paso, Tex., since reporting after his ten-week furlough following his return from England. Mrs. Kruml and the children will continue to live in Council Bluffs, Ia.

#### PERSONALS

Mr. and Mrs. E. L. Vogelanz are delighted to have all their family home together again. Bette is employed as executive secretary of Inter-American Affairs in Washington, D.C., a very responsible position. She arrived Sunday July 22, and so did her brother Raymond, who is stationed at Brook Field, Tex. He has a 20-

day furlough, and must report back the ninth of August, so Bette will leave that day. Raymond finds a pleasant change in playing with the band, as they often go to nearby USO's, other fields, etc. to play. Both Bette and Raymond have been widely entertained while they were home.

Mrs. L. D. Milliken and her sister, Mrs. J. A. Raitt are visiting in Omaha this week. The ladies left Tuesday morning.

### Proceedings of the City Council

July 3, 1945  
The Mayor and Council of the City of Ord, Nebraska, met in adjourned regular session in the City Hall at 8:00 o'clock P.M. Mayor Cummins presided. City Clerk Rex Jewett, recorded the proceedings of this meeting.

Roll call revealed the following Councilmen present: F. L. Blessing, Frank Krikac, Joe Rohla, Frank Benda, Gus Schoenstern and Ed. Beranek. Absent none.

The report of James B. Ollis City Treasurer was read, and by motion ordered placed on file.

The minutes of the proceedings of June 4, 1945 were read, and ordered amended in that the portion relating to employing Vern Stark as Chief Engineer at the City Electric & Water Plant, be changed to "General Utility Man", rather than Chief Engineer. With the change made as ordered, the minutes were approved.

The audit report of Van Boskirk & Remington on the City Books was then presented and read. Moved and seconded that the audit be accepted and placed on file. Carried.

It was moved and seconded that the City Mayor and Clerk be directed and authorized to sign a contract with Ernest Ulrich to the end of purchasing some gravel from said Ernest Ulrich, for use on the City streets. Carried.

The application of Ed Anderson for a Plumbers license was presented and read. Moved and seconded that the license be granted. Carried.

The application of Ray Bissell for a building permit for an addition to the Co-Op Creamery was then brought up. Moved and seconded that plans be approved and the permit granted. Carried.

Whereupon it was announced that the introduction of Ordinances was now in order. Whereupon it was moved and seconded that the actions of the Council in passing and approving Ordinance No. 125, be preserved and kept in a separate and distinct volume, known as "Ordinance Record, City of Ord, Nebraska," and that the said separate and distinct record be preserved and incorporated in these pages the same as though it were spread at large herein. The Clerk called the roll, and the following was the vote on this motion: Yeas: Rohla, Krikac, Beranek, Benda, Blessing and Schoenstern. Nays none. Motion carried.

It was moved and seconded that the City Attorney be instructed to gather data relative to condemnation proceedings for properties around the square with reference to obtaining right of ways for alleys for such properties and blocks adjacent to the square. Carried.

#### Ord Hospital Notes.

Dannie and Jimmie Wagner, sons of Bernard Wagner of Burwell, underwent minor surgery this week.

Frank Drudik is in the hospital now recovering from a combine accident.

Mrs. Walter C. Jorgensen and W. O. Zangger underwent minor surgery and Cathrine Clausen, of Arcadia, is a medical patient now.

### Our Fighting Men

★Aaron Marlon Coplen of North Loup has been promoted to the rank of Staff sergeant at the field artillery school at Ft. Sill, Okla., where he is stationed with the 519th rocket battalion.

★Sgt. Vernon Beran left on Monday for Alexandria, La., after spending seven days furlough with his parents, the Frank Berans.

★Pfc. and Mrs. Edward Pawleska went to Lincoln Wednesday, staying until Sunday with Mrs. Ray Smith, her sister. He left there for Camp Livingston, La., and she went to Greeley to be with a sister, Mrs. Bill Happ and family for a time.

★Mr. and Mrs. John Neverkla entertained at supper Tuesday evening at the home of Mrs. J. Kosmata, Dorothy Jorgensen, Mr. and Mrs. James Nevrlka, Mr. and Mrs. Frank Kokes, Mr. and Mrs. Walter Jorgensen, Mrs. William Goff, Mrs. Vencil Ptaenik and their families. Mr. and Mrs. John John, Sgt. Emil John and fiancée Edith Cernik, Lumir John and his fiancée Ruby Layher and Mrs. Paul Rysavy.

★Both sons of Mr. and Mrs. Joe Rowbal are home on furlough at present, coming because of the poor health of their father. Pvt. Bill Rowbal arrived Monday noon from Ft. Lewis, Wash., where he instructs soldiers in the mysteries of learning to do plumbing. Sgt. Richard Rowbal arrived a week ago from Camp Fannin, Tex., and will report back there Aug. 8th. Wednesday evening at the home of a sister, Mrs. LaMoine Wilent a family picnic was held, with another sister, Mrs. Earl Cummins of Bonesteel, S. D., arriving with her family that day also.

★Sgt. Joe Cetak is home for 30 days, after eight months in Europe. With the famous First Army in the Timberwolf division he spent 90 days in the front lines and the squad of which he was leader never lost a man, a fine record. Joe is enjoying a visit with his people, and hates to think of reporting to San Luis Obispo, Calif., soon.

★Patricia McGrew of Orleans is happy to have her fiancée home for a 70-day furlough. First reported missing in action, he was later found to be a German prisoner. Mrs. C. S. Jones is also at the Kirby McGrew home at present.

#### Card of Thanks

I wish to thank the doctors and nurses for the wonderful care during my stay at the Clinic Hospital and thank all my friends for the beautiful flowers, cards and gifts received.

Mrs. John P. Harvey

#### Card of Thanks

In this manner we wish to express our thanks to all those who so kindly assisted in harvesting the grain last week. To all who in any way have helped us. We also wish to thank those who visited Mrs. Ptaenik in the hospital and those who remembered her with cheerful letters and cards. These kind deeds are greatly appreciated and shall always be remembered.

Mr. and Mrs. Joseph Ptaenik and family.

#### Mother's Best Flour

We have Mother's Best Flour in print bags at \$2.05 per bag. Also Peerless flour at \$2.05 per bag. This flour is made from old wheat. Come in and get as many bags as you need; it won't be very long till we get flour made from new wheat.

#### Binder Twine

Best quality International made Binder Twine at \$6.25 per bag. This is good twine and you will like it. A very limited supply at this price.

#### Corn

We need quite a lot of corn to keep our mixing plant going full capacity. If you have corn let us make a bid on it. We much prefer to buy good quality corn. We can use either white or yellow and can use it shelled or on the ear. We have trucks available for hauling it.

We are in the market for other grains. Oats, Barley, Wheat and Rye. We believe that our prices are right at the top of the market and remember we do have the trucks available for the hauling. Ask us for bids.

#### Protein Feeds

We believe that Protein feeds will be the hardest to get that they have been in the past four years. We have several cars of Linsay bought for fall delivery. You may place your order now for these feeds and take them off the cars in Oct., Nov., or Dec., when delivery is made.

#### Poultry Feeds

Large supplies of ingredients make it possible for us to keep a very good supply of Poultry Feeds on hand at all times. We are able to make our feeds according to the formulas at all times. We do not change our formulas and use whatever is most convenient. Every lot is just like the previous one.

#### Cobs

We have a supply of about 25 tons of good cobs on hand. You can make a saving on your fuel bill if you will buy a few tons of these good cobs at this time. Ask for price on these cobs either delivered to your place or we will price them to you and you haul them.

#### NOLL SEED CO.

It pays to buy from Noll.

Executor of said estate and rendered final account as such and filed petition for distribution. It is ordered that August 13th, 1945, at ten o'clock A. #### PERSONALS

—Mr. and Mrs. E. L. Vogelanz are delighted to have all their family home together again. Bette is employed as executive secretary of Inter-American Affairs in Washington, D.C., a very responsible position. She arrived Sunday July 22, and so did her brother Raymond, who is stationed at the Brook Field, Tex. He has a 20-day furlough, and must report back the ninth of August, so Bette will leave that day. Raymond finds a pleasant change in playing with the band, as they often go to nearby USO's, other fields, etc. to play. Both Bette and Raymond have been widely entertained while they were home.

Mrs. L. D. Milliken and her sister, Mrs. J. A. Raitt are visiting in Omaha this week. The ladies left Tuesday morning.

### Proceedings of the City Council

July 3, 1945  
The Mayor and Council of the City of Ord, Nebraska, met in adjourned regular session in the City Hall at 8:00 o'clock P.M. Mayor Cummins presided. City Clerk Rex Jewett, recorded the proceedings of this meeting.

Roll call revealed the following Councilmen present: F. L. Blessing, Frank Krikac, Joe Rohla, Frank Benda, Gus Schoenstein and Ed. Beranek. Absent none.

The report of James B. Ollis City Treasurer was read, and by motion ordered placed on file.

The minutes of the proceedings of June 4, 1945 were read, and ordered amended in that the portion relating to employing Vern Stark as Chief Engineer at the City Electric & Water Plant, be changed to "General Utility Man", rather than Chief Engineer. With the change made as ordered, the minutes were approved.

The audit report of Van Boskirk & Remington on the City Books was then presented and read. Moved and seconded that the audit be accepted and placed on file. Carried.

It was moved and seconded that the City Mayor and Clerk be directed and authorized to sign a contract with Ernest Ulrich to the end of purchasing some gravel from said Ernest Ulrich, for use on the City streets. Carried.

The application of Ed Anderson for a Plumbers license was presented and read. Moved and seconded that the license be granted. Carried.

The application of Ray Bissell for a building permit for an addition to the Co-Op Creamery was then brought up. Moved and seconded that plans be approved and the permit granted. Carried.

Whereupon it was announced that the introduction of Ordinances was now in order. Whereupon it was moved and seconded that the actions of the Council in passing and approving Ordinance No. 125, be preserved and kept in a separate and distinct volume, known as "Ordinance Record, City of Ord, Nebraska," and that the said separate and distinct record be preserved and incorporated in these pages the same as though it were spread at large herein. The Clerk called the roll, and the following was the vote on this motion: Yeas: Rohla, Krikac, Beranek, Benda, Blessing and Schoenstein. Nays none. Motion carried.

It was moved and seconded that the City Attorney be instructed to gather data relative to condemnation proceedings for properties around the square with reference to obtaining right of ways for alleys for such properties and

## Ord Council Calls Special Election on Swimming Pool Question by 4-1 Vote

Almost 600 Voters Petition Council for Immediate Vote on Issue.

### Cahill Presented Petitions Tuesday

By a vote of 4 to 1, the Ord city council decided Tuesday evening to submit the question of issuing bonds for construction of a swimming pool to a vote of the people at a special election to be held during October. Exact date for the election will be set at the September meeting, at which time City Attorney Clarence M. Davis was instructed to have ready for passage an ordinance calling the election and detailing the issue to be voted on.

This action of the council came soon after presentation by Fred V. Cahill, president of the Ord Rotary club, of petitions containing the names of almost 600 Ord voters asking that such an election be called at once. Text of the petition follows:

We, the undersigned qualified voters of the City of Ord, Valley County, Nebr., do hereby respectfully petition the Mayor and City Council of Ord, Nebr., to call a special election at as early a date as possible for the purpose of allowing legally qualified voters of this city to vote on the question of authorizing issuance of bonds in an amount not to exceed \$25,000 to raise funds for construction of a swimming pool within the city limits of Ord; said pool to be equipped with filtering machinery and conform to rules and regulations of the Nebraska Department of Health.

In filing the petition Mr. Cahill stated that the signatures represented a majority of Ord people entitled to vote at the present time; that sentiment for a swimming pool is very strong among them; and that the improvement is needed if Ord is to maintain its place among Nebraska cities.

Mayor M. B. Cummins and councilmen checked over the petitions carefully, finding only a few duplications of signatures, and Mayor Cummins announced that in his judgment the petitions represented a majority of Ord voters, since the largest number of ballots ever cast at an election here was slightly over 1,000 and the usual vote is considerably lighter.

Appearing before the council in behalf of the petition were C. C. Thompson, John P. Misko, Edward Gnaster and E. C. Leggett. Invited to speak, Mr. Thompson suggested that a special election this fall is necessary so that, if the issue is approved by voters, the winter months may be used in preparing bond history, letting, contracts and securing priorities to the end that construction may start in the early spring and the pool be in use during the summer of 1946. "We think Ord people want a pool and if we are going to have one we should have it for use next summer," he said.

Mayor Cummins stated that Councilman Frank Krikac was out of the city, and that Mr. Krikac had asked that a vote on the matter not be taken during his absence, as he wished a chance to vote on it. The mayor further said that this was a matter for the council to decide, however, and that a majority of the council could settle the matter immediately if they so desired, without waiting for Councilman Krikac's return. He further asked that, if a vote was taken, it be by written ballot.

Mr. Thompson then pointed out that a quorum was present; that councilmen might be absent at later meetings also, and that the vote should not be deferred for this reason.

Councilman Gus Schoenstein then made a motion that a special election be held to decide the matter during the month of October. It was seconded by Councilman F. L. Blessing and on secret ballot four councilmen voted for the motion and one against, Mayor Cummins declaring the motion carried. The city attorney was then instructed to take the necessary steps to legalize the election prior to the Sept. 4 meeting, at which time date for the election will be set.

Proponents of a swimming pool for Ord got into action only last Thursday, after news of the tragedy at Ericson in which one of Ord's finest young men lost his life in a swimming

accident, was known. C. C. Thompson, as chairman of a swimming pool committee for the Rotary club, spearheaded the move to get petitions properly drawn and printed and Mrs. E. C. Leggett, who has advocated pool construction publicly for years, was put in charge of the drive for signatures, which began Saturday.

Boy Scouts, Camp Fire girls and other youth groups, along with 15 or 20 interested men and women, did the work of circulating petitions and found people avid to sign them. In a fairly comprehensive canvass of the city fewer than 40 voters expressed opposition to the pool project, canvassers reported. A list of these people and the objections they voiced was kept and when he presented the petitions to the council Tuesday night, Mr. Cahill presented the opposing list as well, in order that the council might know exactly what elements oppose a pool for this city. Most of the city's largest taxpayers signed the petitions, it was shown, and majority of opposition came from people with such statements as "I swim in the river and the kids can swim there now" though a few people were shown to oppose the project because they feared it might increase their taxes.

At the council meeting Tuesday night City Engineer George Allen stated that plans for a pool prepared in 1936 when the project was under discussion are still available and that it might not be necessary to employ an architect to draw them. Cost of pool building at that time would have been \$16,000, of which \$6,000 was to be paid by the city and the rest by WPA. Although cost will be higher now, and WPA is no longer available to share the cost, pool proponents believe an adequate and properly equipped pool can be built for \$25,000 or less.

Mayor Cummins stated Tuesday that, while he does not oppose a pool and thinks one is needed, he believes sewer construction and improvements at the city plant should be considered as more important right now. Both the city attorney and city engineer stated that building of a pool would have no adverse effect on these projects and that all could be carried on simultaneously, if thought desirable. No opinions on the project were expressed by councilmen, other than their official action in calling a special election.

Pool enthusiasts promise an active campaign to convince Ord people of the value of a pool to the city and to prove to them that it can be self-supporting. They are hopeful that the proper legal steps may be taken speedily so that the vote may be held early in October.

### Airplane Bugged Down.

Wednesday noon, a young Army Air Force flight officer flew here in a private plane which he borrowed, to visit at the Emil Mathausser home. With a short pass from the Lincoln Air Base, he landed in the pasture of the Leo Long farm, rented by A.C. Larsen. When he attempted to take off Thursday morning, he found that the pasture was slightly boggy and, after a hazardous try which resulted in broken wheels, wing props, and other damage to the plane, he went back to his Lincoln base by bus. Saturday night, a crew dragged the plane into the farmyard and made necessary repairs. The plane finally managed a take-off Sunday afternoon, after being taxied down the road to the grain field at the Jim Sedlacek farm.

### Duck Season Will Open October 13th

Announcement that Nebraska's duck season will open on October 13 and continue through December 31 was made Sunday by the federal and state wildlife commissions, giving waterfowl hunters a two-day longer season than they enjoyed last fall.

Nebraska has not fixed dates for its pheasant season yet but it is broadly hinted they will coincide with the duck season and extend throughout. No live decoys will be permitted this year, it is announced, and daily bag limit was cut to 10 of any species. The possession limit is fixed at 20 ducks.

Paul Gilbert, secretary of the Nebraska Wildlife Commission, is quoted, as saying more shells will be available to hunters this fall, and that efforts are being made to provide four boxes of shells for each license.

Lavonne Stone is visiting her grandmother, Mrs. Ollie Vance, in North Loup until Saturday.

**Baker on Vacation.** There may be a shortage of baked goods in Ord for the next two weeks as result of the shutdown of the Ord City Bakery's baking department while the baker, Hans Andreason, takes a much needed vacation in the Black Hills region. Outside bakeries have agreed to increase deliveries to Ord during the period but since the Ord bakery is the main source of supply for this city a shortage is likely.

### Horse's Kick Fatal to Harold Neeman

Harold Dean Neeman, 6-year-old son of Mr. and Mrs. Carl Neeman who live on a farm northeast of Ord, died Friday at the Clinic hospital as result of injuries suffered the previous evening when he was kicked by a horse.

Funeral rites were held Sunday afternoon at the Frazier chapel, followed by services and burial the next day at Cairo, Nebr., from which locality the Neeman family came to Ord.

The little boy is mourned by his parents, four sisters, Doris, Charlotte, Delores and Shirley, and by grandparents and other relatives.

### Sabotage Feared at Irrigation Canal

3,500 Acres Is Endangered Near North Loup; Sheriff Hall on Guard.

Someone is sabotaging the Ord-North Loup irrigation canal, putting in boards and checking the water, seriously endangering 3,500 acres of fertile land near North Loup, declares M. S. Dodd, engineer for the North Loup Public Power and Irrigation district.

Checking this water causes the flume one mile north of this canal check to overflow. If this flume washes out it cannot be replaced this year, and 3,500 acres would be endangered.

The canal-check was tinkered with on Saturday, August 4 and again on Tuesday, August 7. Wednesday Sheriff Bob Hall was in North Loup and vicinity investigating this destruction of public property, which occurred just west of District School No. 42.

Farmers affected will lose a great deal of money unless Sheriff Hall can locate the criminal and put an immediate stop to the destruction, which would mean the difference in an irrigated and a non-irrigated crop, so them, as well as the price of new control equipment.

### 269 Days at Front Is Cordry's Record

Two hundred and sixty-nine days in the front lines without relief is the record of Lt. David Cordry, son of Rev. and Mrs. R. T. Cordry, who is in Ord on furlough. Lt. Cordry landed in France two days after D-Day and fought with the American army across France, Belgium, Germany and into Czechoslovakia to the Elbe river where a junction with the Russian army was made. He commanded a medical unit attached to an infantry regiment and had 12 amputations and 54 litter-bearers under his direction.

Monday evening Lt. Cordry told Rotarians about his experiences in an interesting manner and answered questions frankly. He has been in the army four years and received training in the United States, Ireland and Wales before the invasion. He has far more than the number of points requisite for discharge and hopes to be out of the army soon.

**Draft Group Leaves.** Leaving Tuesday afternoon for Fort Leavenworth, Kas., for pre-induction physical examinations were a group including Fred Summers, Leroy Holmes, Weldon Ingraham, Norbert Zulkoski, Edward Samla, Teddy Trefern, reports Betty Jean Walker, clerk of the selective service office.

**River Fishing Better.** Several good catches of catfish have been reported recently in the North Loup river, largest being reported by Glenn Johnson, who caught 8½ and 6½ pounders, as well as several smaller fish. Good catfish catches have been made recently at Pibel lake and in the Cedar river, also.

**Goodhand Building Progresses.** Progress is being made on the new store building being erected by Charles Goodhand on the south side of M street in the business district. Roofing work is being done now.

**Lieut. Gerald Jones Is Plane Engineer.** Lt. Gerald Jones, a son of Mr. and Mrs. Homer Jones was interviewed by Bill Billotte, World-Herald reporter who is now on Saipan. Gerald is squadron engineer, "one of those who is long on hard work and short on glory." He also has eight missions to his credit. Before entering the Air Force he had three years of mechanical engineering at the University of Nebraska.

"Though he has a two-year-old son Richard, he intends to return to his studies under the GI bill. He makes a trip over Japan about once a month 'so I'll not forget what my boys are up against.'"

"He figures how much fuel each plane will need, the maximum number of bombs the plane can carry on any designated mission, the total weight the plane can carry and still take off, and many other highly technical problems."

### Bumper Corn Crop Assured If General Rain Soon, Is Belief

110,000 Acres Planted to Corn in Valley County; Crop Is Making Rare Progress.

Valley county will raise a bumper corn crop to add to its miraculous harvest of small grain if a good general rain falls soon, is the belief of C. C. Dale, county agricultural agent. Throughout the county corn has made rare progress and has almost overcome the late start it got this season, he says.

There are 110,000 acres planted to corn in this county, an increase of 10,000 acres over last year, says the AAA office.

Corn everywhere needs moisture but is not suffering to any extent yet, Dale believes. There have been no hot winds or intense heat to hurt it but the cool weather of the past few days, along with lack of moisture, has tended to decelerate the rate of progress it made in the hot weather previous.

Given a general rain now, and normally warm weather for 2 or 3 weeks afterward, he believes the crop would be safe providing frost does not come unusually early.

An average 20-bushel yield would produce over 2 million bushels of corn in this county and if the right kind of weather is forthcoming a much higher average yield is probable. If such should be the case Valley county in 1945 will break all records for grain production.

When a drizzling rain began to fall at mid-morning Wednesday it was hoped by farmers that the moisture needed by corn is on the way.

**Our Fighting Men**

Pfc. Frank Farmer writes his wife, Quiz linotypist, that he is now in the occupational army in Germany and likely will remain overseas another year. His work is mostly road-guarding, checking papers, searching for SS men, their Battery picked up 350 of these crack German troops in one afternoon. He says the soldiers are to walk into homes without knocking, when conducting these searches, and reports his embarrassment at finding one woman pulling on a slip! He has sent Czech, French, and German money home as souvenirs. Frank thinks the farming methods antique, telling how the Germans use only hand rakes, how the women carry the hay over the river in boats and transport it to the river in wheelbarrows. Their Battery is stationed in a city with a population of around ten thousand, near the Danube river.

Marine Sergeant and Mrs. Verl Timmerman came Friday from Corpus Christi, Tex., where Sgt. Timmerman is to report in two weeks. Mrs. Timmerman, who was formerly Myrtle Auble, will accompany him back to his station.

Corp. Glen Garner and his brother, Jack Garner, are home on emergency furlough, called by the illness of their father, Mid Garner. An aunt and uncle from Rockport, Ill., are also expected.

Sgt. Harold E. Garnick left Tuesday for Fort Leavenworth after 30 days furlough following overseas service.

Em. I. C. Dean Veleba is home for 30 days after seeing 25 months action in the south Pacific. At the end of his furlough, he is to report to Omaha.

T-Sgt. Jerry Petska, on flying status from the Grand Island Air Base, went to Calif. Saturday morning and came back Sunday evening. Monday he and his wife came to Valley county to visit their people 24 hours.

Sgt. James Petska phoned Mrs. Jerry Petska that he and his wife have a three-day pass, enroute to the west coast, and will arrive in Ord Wednesday to visit. He stopped in Grand Island first, to visit his father who works there. Sgt. Petska has been overseas 20 months but is about to go over again.

Pvt. Bernard Guggenmos of Ord has been graduated from the non-commissioned officers' school at Camp Wolters, Tex., an infantry replacement training center. He completed a four week course in training methods, which will enable him to teach the most modern military tactics to infantry trainees there. Non-commissioned officers are chosen for this specialized training on the basis of demonstrated aptitudes. Many who take this course have served overseas as combat infantrymen.

**Hold Grain from Market, Is Plea**

With practically all elevator space filled, Ord grain buyers are pleading with farmers to store grain on their own farms until release of grain cars makes it possible again to ship grain to terminal markets. "If you don't have bin space use sheds, stalls or any place you can put it to get it under cover," advises Fred Clark, manager of the Farmers elevator in Ord, which has eight carloads of grain in storage. The embargo on most shipments make it impossible to ship this grain, even if cars were available, and this embargo may be extended to rye and barley also, unless the car shortage eases.

Irene Johnson arrived home Thursday from Chickasaw, Okla., after accompanying her sister there, and helping Capt. and Mrs. F. J. Osentowski get settled in a nice duplex apartment at Borden General Hospital for the present. Wednesday morning came word that he is a patient in the hospital his second attack of malaria since reaching the states.

Jerry Petska, his daughter Mrs. Darrell McOstrich and son-in-law Ted Slobazewski went to Omaha on business Wednesday.

### Sen. Butler Coming to Valley Co. Monday

Nebraska's senior United States Senator Hugh Butler will visit Ord and North Loup early Monday afternoon, August 13, his Nebraska office at Lincoln revealed today. The stop-over will be one leg of an observational trip through the central portion of the state.

Anyone having specific problems or information to be discussed with the Senator is requested to keep the date of the visit in mind. He would like to meet and talk with as many people as possible.

Focal points during Senator Butler's stop-over in Ord will be the Ord Quiz, the post office and the county court house, while in North Loup the Senator will visit the post office.

**Bus Times Change.** A change of bus schedules became effective August 1st. The evening bus now leaves Grand Island at 4:40 instead of 5:45 and will arrive in Ord at 7:15. On Sunday evening, the bus will leave Grand Island at 8:35 instead of 8:55 and will arrive at 11:00.

**Salvaged Paper to Go August 27**

Another carload of salvaged waste paper will be shipped from the Burlington dock in Ord on Monday, August 27, promises R. Clare Clement, county salvage chairman, and he urges everybody to redouble their salvage efforts during the time intervening, to make certain that the car will be filled. About half a carload is ready in the Ord salvage depot, he says, but ten tons more will be needed and this quantity is not now in sight.

Paper is still the most vitally needed war material and many container manufacturers are able to operate only part time because of waste paper shortage. Civilian shortages in paper, napkins, cleaning tissue, toilet paper, freezing containers, etc., trace directly to the waste paper shortage, since wood pulp normally used to make such items must be allocated to container mills to make certain of enough containers for shipment of war materials to the Pacific.

"We strike a blow for liberty every time we save a bundle or sack of waste paper," comments Chairman Clement in asking people to use the next three weeks for intensive salvage of this important material of war.

**Council Tables Airport Petition**

The Ord city council voted Tuesday evening to table for the present petitions filed early in the summer asking that a special election be called to vote on issuing bonds for an airport to be built near Ord with municipal funds. A written vote was taken, four councilmen voting to table the matter and one voting against tabling. Councilmen in discussing the matter previous to voting, made it plain that the petitions may be reconsidered at any subsequent meeting by a majority vote.

**Russia Declares War on Japan**

At mid-afternoon Wednesday came the news by radio that Russia has declared war against Japan and is now actively engaged in battle against that enemy of the United Nations. This news is scarcely less sensational than announcement of the atomic bomb perfected by the U. S., the first of which was dropped on Hiroshima on Sunday, destroying 4.7 square miles of that naval base of 318,000 population, and killing at least 100,000 Japanese. More atomic bomb raids will take place unless Japan surrenders.

The Jap cabinet was again called into extraordinary session Wednesday and a quick end to the war against Japan is being predicted in government circles both here and abroad.

Mr. and Mrs. Roy Severson are leaving Thursday for Scottsbluff to spend some time with Dr. Eldon Benda and his family. They will travel as far as Broken Bow with Mr. and Mrs. Mark Tolen.

Mrs. Ruth Pishna and Loretta were week end guests at the home of Mrs. Frank Farmer. Mrs. Pishna came from Burwell to move her household goods from the Chatfield apartment, where she has been living.

### Military Funeral for Ray Vogeltanz, Killed in Accident

Ord Air Cadet Snapped Neck in Ericson Dam Diving Accident Wednesday.

At home on furlough, A. C. Raymond E. Vogeltanz, 19, son of Mr. and Mrs. E. L. Vogeltanz, met his death while swimming at Lake Ericson on August 1st.

Wednesday morning Raymond an expert swimmer, went to Ericson to assist in chaperoning the annual altar boy picnic. As they were preparing to leave in the afternoon Raymond took a last dive and hit a concrete pillar under the water. Upon recovering the body a half hour later, examination proved he had broken his neck and died almost instantly.

Military funeral services were held at 9 o'clock August 4th at Our Lady of Perpetual Help church in Ord, Nebr. A Solemn Requiem Mass was celebrated by Rev. Thomas Siodowski with Rev. Michael Szczeny of Sargent as deacon and Rev. Stanley Gorak of Elyria as sub-deacon and Chaplain Francis Spadaro of the Kearney Army air base in the sanctuary. The pallbearers were all active servicemen or veterans of World War II. They were Dean Barla, Keith Kovanda, Dean Veleba, Sylvester Furtak, William Novosad, Jr. and Edward Finley. Flower girls were Phyllis Hill, Maxine Sorensen, Betty Puncchar, Darlene Puncchar, Virginia Wozniak and Hilda Lola. The American Legion attended in a body and they together with the chaplain conducted the services at the Catholic cemetery.

Raymond was born in Ord, October 24, 1925 and attended the Ord grade and high school, graduating in 1943. While in school he was an outstanding student, excelling in athletics, dramatics and music. In 1942 Raymond was a representative to Boys State at Lincoln. President of his senior class, he was also winner of the Haskell-Media award. After graduation he enlisted in the Army air corps. Awaiting call to active duty he attended Regis college in Denver, Colo., during the summer of 1943 and a semester at Creighton university, Omaha the following fall. At Creighton, Raymond won high scholastic honors. On January 26, 1944, he entered active service, taking his basic training at Jefferson Barracks, Mo. His present assignment was Brooks Field, Texas.

A devout Catholic, Raymond first served as an altar boy and later a member of the choir.

The Pearson Mortuary had charge of all funeral arrangements.

His friendly disposition and happy philosophy of life will be missed by all who knew him. Besides his many friends he leaves to mourn his parents, Mr. and Mrs. E. L. Vogeltanz, and sisters, Betty and Roseleen.

**City Graveling to Cost Nearly \$2,000**

The city's street graveling program is progressing rapidly, with gravel already applied on most of the principal streets. Mayor M. B. Cummins said Tuesday that cost will be almost \$2,000 as compared to the estimated \$1,200 to \$1,500 cost, without taking into consideration gravel stockpiled for repair use later. One inch of gravel is being applied to main streets and ½ inch to feeder streets.

**Parking Signs Painted.**

Painter Syl Furtak has been busy this week lettering large signs saying "No Center Parking in This Block" on the pavement on L street between 16th and 17th streets, and on 16th street between L and K streets. Hereafter center parking will be permitted in the business district except in these two blocks, where traffic congestion is too heavy to permit center parking.

**Improvements Authorized.**

Fire Chief Vern Andersen appeared before the city council Tuesday evening to request that some minor improvements to the city fire truck be authorized, to make it more suitable for use in fighting country fires. Cost would be nominal, it was shown and the repairs were authorized by unanimous vote.

**K. of C. Will Meet.**

Knights of Columbus will hold a special meeting at their hall at 8:30 Thursday evening to discuss important business. Refreshments will be served.

# North Loup Loyalist

MRS. ETHEL HAMER, News and Business Representative.

Master Sergeant and Mrs. Ed Johnson arrived here Thursday for two weeks with Sgt. Johnson's parents, Mr. and Mrs. Glen Johnson. Sgt. Johnson who has spent nearly two years in England with the 8th air force, has a thirty day leave before he reports at Ft. Leavenworth and then goes to Sioux Falls, S. Dak. He was with the 482nd bombardment group, where he was crew chief on a Liberator, which dropped supplies to the underground in France, Holland, Belgium and Norway. Sometimes the plane landed but more often the supplies were dropped by parachute. Planes were painted black and flew only at night and encountered a great deal of enemy flak and planes. Since V-E day Sgt. Johnson has made five trips to Oslo and he accompanied a group of officers on a goodwill trip to the small countries. His ship was the first to land in Norway after V-E day and he says the joy of the Norwegians is indescribable, that a month after the surrender of Germany, the people of Norway were still parading and celebrating. Since V-E day Sgt. Johnson has been on a cargo plane which took supplies to many points in Europe. He has more than a hundred points and hopes to be released from service in the near future but as crew chief is classed as essential and Uncle Sam may tell him he can't be spared. Mrs. Johnson has been living in Northville, Kansas, where she has built a small house, digging the basement and the water ditches herself and doing much of the other work. They spent the first ten days of Sgt. Johnson's leave there. Sunday Herbert Johnson came from Omaha for the day and Mrs. Maud Johnson and Alice and Mr. and Mrs. Jim Johnson also spent the day with the Glen Johnsons.

Pvt. Maynard Desel came from Camp Maxie, Tex., Thursday. He remained in Grand Island with his family, the Herman Desels till Saturday when all came to North Loup to spend the week. Pvt. Desel reports at Ft. Riley, Kansas.

Pvt. Kenneth Day came Friday from Camp Maxie, Tex., for a fifteen day furlough with his wife the former Leo Larkin and his parents.

Mr. and Mrs. Fred Lundsted and family of Salina, Kans., arrived Sunday night for a weeks vacation with Mrs. Lundsted's mother, Mrs. Ora Bohrer.

Better have some insurance on that car. It will not cost much, might save you a lot, besides some trouble. Friday is the deadline. It might pay you to have some hall insurance on that good corn. Can fix you up with a good farm at low cost, low rate of interest, small down payment, long time to pay. Come in and let's talk it over.

Christmas Tree to U. S.

The distinction of having introduced the Christmas tree to America was given to a Wooster, Ohio, resident, August Ingard by name. The story here hinges about a homesick immigrant tailor, who had come to this country during his journeyman's travels in the summer of 1847, because apparently he could not resist the lure of the famed America and the ocean-going vessels which he had seen in Hamburg. Then, too, an older brother had established a good business in Wooster. In the family circle of his brother Fred, with the prospects of a dismal Christmas for the first time away from his own father, mother and two sisters, August decided to bring to his newly adopted land all the hominess he had loved so much in Wetzlar, Hessa. To his young nephew and niece he would show how Christmas was celebrated in the old country. In earlier hikes into the hilly neighborhood he had spied a suitable spruce and as he tells: "I walked up Apple creek, taking the north side to where Spruce dam now is (about the place where the present distillery stands). When I got to where the trees were I found the water so high I could not get across. So I walked along until I found a tree fallen from bank to bank and crossed on that. I cut a tree and carried it to the fallen log. But to get across this time I had to tie the tree to my neck and crawl on hands and feet. People looked at me with considerable curiosity when I walked through town with my tree." Adept with scissors, Ingard cut his own paper adornments and a local tinsmith fashioned a shiny star for the top.

**Immigrant Introduced**

Mr. and Mrs. John Williams spent Sunday with the Carl Walkup family near Scotia.

Mr. and Mrs. Merrill Anderson and son Jimmie flew over from Hastings Monday morning. Mrs. Anderson and children will remain here while Merrill makes a trip to Minnesota. He left for the trip before noon.

Everett Manchester is working in the Service Oil Station for two weeks while Everett Howell takes his vacation.

Mr. and Mrs. Floyd Redlon and H.L. Gillespie spent Sunday at Ewing with the Lyle Abney family. Velma Abney came home with them to spend the week.

Mr. and Mrs. Otto Bartz, Mrs. H. L. Gillespie, Selma Robbins, Mrs. Gus Eisle and Ralph Craft spent the week end at Ericson.

Mr. and Mrs. Forrest Hill were happy to have her parents, Mr. and Mrs. E.E. Tracy of Loup City and her brother, Lt. Burton E. Tracy as their guests Sunday. Lt. Tracy has been in the Southwest Pacific since 1944. He wears the oak leaf cluster, air medal and theater ribbons. He has thirty days at home before he reports at Santa Ana, Calif.

Mrs. Arthur Bartz returned to Arcadia after spending two weeks with her mother, Mrs. Earl Smith, and her sister, Mrs. Wayne Sheldon.

Carl Walkup of Scotia and Elwood Van Horn of St. Paul spent Monday afternoon with the Lloyd Van Horns.

Mrs. Switzer writes from Rochester, Minn., that Clarence has had his second operation and is doing as well as could be expected. She hoped that when Mr. Frazier was well enough to come home Clarence might be also.

Twelve young people are camping on the river, near the old Otto Brawn place in the Riverdale district this week. The camp is sponsored by the Seventh Day Baptist church and Rev. Harley Sutton, of Denver, educational director of the Seventh Day denomination is assisting in the classes held each day. Rev. and Mrs. Ehret and Marcia Rood are also teaching and Mrs. Bertha Barber is cook. Menzo Fuller has helped with the making of camp and with the swimming classes. The group went to the river Sunday afternoon, Vernon Williams, Aubrey Davis, Chas. Fuller, Erlo Cox and C. D. Knapp taking them out. Erlo Cox put down a well that an adequate supply of water would be available. Included in the personnel of the camp are Beverly Knapp, Beverly Goodrich, Dolores Cox, Ila Roby, Eulala Davis, Donna Babcock, Evelyn and Carolyn Hamer, Jeneane Brennick, Bonnie Babcock, Russell Clement, Theron Barber and Mervyn Peterson.

Thomas Perry and Mrs. Mary Manning, both of Greeley, were married at the Seventh Day parsonage Saturday afternoon by Rev. A. C. Ehret. They were accompanied by Mr. and Mrs. R. E. Austin, also of Greeley.

Miss Mary Davis arrived home Thursday from a trip to Massachusetts, Michigan and Wisconsin. She plans to remain at her home here till time for the opening of school at Doniphan, where she will teach again this year.

Mrs. Floyd Hutchins is enjoying a week's vacation this week from her work at the Q. O. plant in Grand Island.

Mrs. R. F. Hedges, who had spent five weeks with her parents, Mr. and Mrs. T. J. Hamer, left on the Sunday morning bus to return to Denver. Enroute she will spend a week at the home of her husband's parents, Mr. and Mrs. Herbert Hedges at Indianola. Her husband, Lt. Hedges, expects to complete his operational training for carrier plane pilot at Melbourne, Fla., soon.

Grace Sims returned Wednesday from a three weeks' vacation at Lake Orin, Mich.

Pvt. and Mrs. Deryl White and small son arrived Wednesday from Boulder, Colo., and were guests of his father, Paul White till Sunday. Deryl has completed his infantry training at Camp Maxie, Tex., and had a twelve day furlough enroute to Ft. Ord, Calif., for duty in the Pacific. Mrs. White and baby have been in Boulder with her parents.

Ted Babcock was in the Clinic hospital from Thursday till Saturday suffering from infection. Saturday he was well enough to be brought home.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of your blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sensations show they are something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

**Camp Fire Notes.**

Camping is here and the different groups of Camp Fire girls are getting ready to "hit the trail" for a little outdoor cooking and exploring.

Cheschamay girls are the first to go. Sunday they set out for Ericson accompanied by their guardian, Mrs. Armona Beth Martin, also Mrs. Howard Huff and Sylvia Iwanski, their former guardian, as assistants. They will study nature, camp craft, and swimming.

Okiki girls are studying outdoor cooking that would meet rationing problems. Cooking in teams of two they will have some surprises when the outdoor table is set.

The girls have elected new officers for a six-month term: Karen Burrows, president; Marion Severns, vice-president; Berniece Walker, scribe; Doris Dodd, treasurer; and Dixie Stone, secretary.

Elufa girls are also planning to camp at Ericson. Bette Lu Andersen, the president, is getting the committees to work.

**Carrots Offer Much As Wholesome Food**

Carrots offer much in appetizing color, fine flavor and nutritive value. To make the most of vitamins, minerals and flavor, home economists offer the following cooking suggestions.

If carrots are peeled, peel thin, or scrape no more than skin deep. Young tender carrots may not need to be peeled. Just enough water to prevent sticking to the pan is all that young tender carrots need. Older ones need enough water to cover. Have the water boiling before putting in the carrots. Cover the kettle to speed the cooking, save fuel, and conserve vitamins.

Cook only until tender. Young carrots cook in 15 to 20 minutes, older ones in 20 to 25 minutes. Slicing or dicing shortens the cooking but may mean greater loss of vitamin C.

Variety in seasoning helps prevent monotony, if carrots are served frequently. A little lemon juice over the top, chopped parsley, or tender onion sprouts, or chopped onion heated in a little fat, are favorite seasonings for this vegetable. Left-over drippings from cooking meat are good for pouring over carrots.

**Waste Fuel**

The great bulk of the tonnage of Pres-to-logs (compressed wood waste) being made and sold is used for house heating and for cooking. They will perform satisfactorily for heating in most furnaces or heaters built for use with solid fuels, although to get the best efficiency the volume of air must be considerably less than that needed for burning coal. For cooking, Pres-to-logs are without a doubt a highly efficient solid fuel. Many restaurants would not consider using anything else. Several of the railroads use them extensively for dining-car range fuel, including the Union Pacific, Southern Pacific, Milwaukee, Northern Pacific, Rock Island and Chicago and North Western. The last two pay a considerable sum in freight charges to connecting lines in order to use this material, as there are no plants operating anywhere near their rails.

**German Wood Bullets**

Wooden bullets, which the Germans are said to have used at Chesham when hard pressed for ammunition, and which they presumably might use again, are practically invisible in X-ray pictures of the wounds they make, Dr. Norman P. Henderson reports in the British Medical Journal. The wooden bullets, said to be effective up to about 100 yards, break on solid structures such as bone, and the scattered fragments are not likely to be located by X-rays.

**Good News Awaits Nebraska Motorists**

Here's a tip for motorists! The most economical and practical way to protect your right to drive under the new financial responsibility law, effective August 19, is thru liability insurance. And speaking of insurance—State Farm Mutual of Bloomington, Illinois—world's largest automobile insurance company—has saved policy-holders more than \$50,000,000 in insurance cost. Let me tell you how and why today. It's good news you'll want to hear.

**Automatic Checking Gains**

The parcel-locker checking service is now handling over 37 million parcels annually, an increase of 600 per cent over 1931, when engineering practices were first applied to the business. A far cry from the original automatic lockers installed in 1909, today's carefully designed and located units are providing maximum service in over 2,000 locations despite wartime steel restrictions making new equipment impossible since 1941.

ARCADIA

Mrs. Lester Eugene Zook and little son, Eugene returned Saturday from Norfolk, Va., accompanied by her sister, Miss Helen Vanchura, U.S.C.N.C. of Alexandria Va. Helen will spend a four weeks vacation with her parents, Mr. and Mrs. Frank Vanchura, and on her return will be a Senior Cadet nurse at the Alexandria Hospital, where she is taking her training. Cadet nurse Marjorie Ramsey returned Wednesday to her work at the Methodist Hospital in Omaha, after having a three weeks vacation from her duties. The Arcadia Firemen were guests of the Loup City Firemen Monday evening to their annual fried chicken picnic, held at the Loup City park. Mrs. Robert Kumpf and children returned to Arcadia this week, after spending a month in Lexington with friends. Arthur Aufrecht made a business trip to Omaha Sunday, returning the first of the week. Mr. and Mrs. Ray Hill of Loup City spent the week end in Arcadia at the home of her mother, Mrs. Chas. John. Mr. and Mrs. Rudolph Mettenbrink and sons moved from Hastings to Arcadia this week, where Mr. Mettenbrink will be the manager of the Brown Grain Company. They moved in the house purchased from Glen Beaver in the south part of town. Vernon T. Ferris, Jr., husband of Pauline Holmes formerly of Arcadia, has just received an appointment with the Treasury Department. His duties in the Internal Revenue Service will start in Butte, Mont. Lately he has been doing accounting work for the Jardine Mining Company, Jardine, Mont., which is located near Yellowstone Park. Mr. and Mrs. Ferris were local visitors in February of this year shortly after Mr. Ferris had been honorably released from the naval service. Mr. and Mrs. Ferris expect to make their home in Butte in the near future. Little Claris Miller, son of Mr. and Mrs. Harold Miller fell and broke his arm, Wednesday and was taken to the Loup City Hospital where the fracture was reduced.

MORE MEAT FOR THE PEOPLE OF THE U.S.

We congratulate the farmers of Valley county upon the wonderful crop of wheat, barley, oats and rye they have grown this year, and for the excellent corn crop in prospect. A bountiful crop of flour and feed grains means more meat and other foods for the people of the United States and of the world.

**Lumir John Marries**  
 Ruby Layher, daughter of Mr. and Mrs. Henry Layher of Scottia, became the bride of Lumir John, the son of Mr. and Mrs. John John, jr. of Ord, at St. Paul, Nebr. on Wednesday morning, August first. Rev. Primrose performed the single ring ceremony at 11 o'clock. Attendants were Mrs. John John, mother of the groom, and Henry Layher, father of the bride. The bride wore a white chiffon blouse and white sharkskin skirt with blue accessories. A wedding supper was served at the home of the bride's sister, Mrs. Mildred Bundy of Scottia. The young couple will make their home with the groom's parents until spring.

**Cernik-John Nuptials**  
 Mr. and Mrs. Joe Cernik of Ord announce the marriage of their daughter Edith to Sgt. Emil John, the son of Mr. and Mrs. John John. The double ring ceremony was performed by Rev. William Hubbard in Grand Island on Thursday evening, August second. Attendants were Esther Taylor of North Loup and Eldon Cernik of Ord. The bride wore a navy blue crepe dress, with white lace yoke and white accessories. Her bridesmaid wore a navy blue frock with blue and white accessories. The groom was in his army uniform and his best man wore brown. The bride graduated from Ord High in 1940 and for three years has been employed by the National Farm Loan association in Ord. The groom entered the army in April of 1942 and recently returned from overseas. He was wounded in France shortly after D-day. He reports to O'Reilly General hospital in Springfield, Mo., after a 60-day furlough. His bride will accompany him to Springfield. A dinner was given in their honor at the home of the bride's parents Sunday, only immediate relatives attending.

**Estimating Straw in Stack**  
 Straw in a stack may be estimated in tons by the following method: Multiply length by width at the base by one-fourth the distance over the stack, all dimensions expressed in feet. The overstack measurement is found by throwing a rope over the stack. Divide the result of multiplication by 600 if the stack is well settled, or by 650 to 700 if the stack is new or not well settled.

**Hoe First Tool of Garden**  
 The hoe is supposed to be the first implement for hand cultivation. Tradition hints that primitive man must have first used a shell to dig into the sandy loam on the seashore or lake front. Then a handle of wood was attached to a shell, by a homemade leather thong, or a vine. As the ages came and went, the hoe changed in keeping with the artisan's skill. From beaten metals of soft texture to wrought iron, the steel and the modern hoe of the war and victory garden eras developed.

**Egg Size Important**  
 Egg size is important in the matter of hatchability. No one wants to breed from birds that take six months to come up to normal egg size and weight. But it is found that pullets that begin to lay 23-ounce eggs may soon arrive at sizes that weigh 27 ounces or more to the dozen. With the smaller breeds of chickens, this would be too large for good hatching. As with most such problems, it's best to run a medium course in selection.

**Lack of Chewing Fatal**  
 Failure to chew food thoroughly is a major cause of digestive troubles, especially among the elderly. Consequences of a lifetime of hasty eating are likely to come home to roost in the late fifties and sixties. The partial loss of teeth, or ill-fitting plates, may be responsible for sketchy mastication. Getting the teeth put into proper shape to do their vital share in the digestive process is true economy; it means savings in health, in time, and in money which would be spent later in doctor bills.

**Aerosol Bomb for Pests**  
 The aerosol bomb is a new development of department of agriculture scientists for use in the application of insecticides. It is a small steel dispenser which releases the insecticides under pressure so that they become a fine fog or mist. More than 14 million of these "bombs" were distributed in combat areas in 1943 and 1944 to help protect the armed forces against mosquitoes. They are not yet available to civilians. After the war they may help in ridding homes and buildings of mosquitoes and flies.

**Can YOU Afford an Accident?**

**Chinese Odd Customs**  
 In all Chinese drinking games, the loser instead of the winner drinks. A wolf is the emblem of cupid and rapacity—just as on Broadway, Chinese shake their own hands when greeting each other.

**Clean Houses for Pullets**  
 Pullets going in to the laying house should find thoroughly clean quarters waiting for them. Cleaning the laying house should outrank some other farm tasks and also that cleaning several weeks in advance of housing the pullets is desirable.

**Atrocities in the Forest**  
 The weasel is the most blood-thirsty killer of all our North American animals. His favorite pastime is to run amuck on a killing spree. He does not have to be hungry to kill. He never thinks of storing food, for there is nothing provident in his nature.

**King Ruled Three Years**  
 From 1532 to 1535 Munster was dominated by the Anabaptists, rejectors of infant baptism. John of Leiden, leader of the sect, made it part of his short-lived kingdom of Zion, naming himself as sovereign. Difficulties between citizens and martial bishops kept Munster in turmoil. Opposition to church rule of public affairs eventually cost the city almost all of its liberties. Citizens got control of local administration in 1603 when the domain of the bishopric was transferred to civil use.

**Metal That Never Tires**  
 As a substitute for war-scarce tin, beryllium with copper and with other metals forms hard, extremely strong alloys for tools and dies. Because it gives off no sparks, it makes good safety tools and surfaces for workers in factories handling explosives. Outstanding is beryllium's use in aircraft instruments. A combination of 2 per cent beryllium and 98 per cent copper in precision springs has the virtue of not weakening, no matter how often the springs may be stretched. Hence beryllium's reputation as "the metal that never tires."

**Reading in the Dark**  
 Theater programs that may be read in the dark are a possibility in postwar days; either the paper or the ink will contain phosphorescent pigments.

**Short Life of Auto Makes**  
 More than 1,300 different makes of automobiles have come upon the scene in the course of the years only to pass on to oblivion. Of these only 29 are today included in the used car price lists. Eleven out of these 29 are numbered among the discontinued makes, leaving only 18 living names of automobiles today.

**Label Wires Kill Trees**  
 Countless young trees are killed each year by label wires. As the young tree grows the wire tightens and girdles it. This is particularly true where iron wire is used. Where young fruit trees were set out this fall and no attention was paid to the label wires, it will pay you to go over them now and see that the wires are not too tight. The proper way to handle the label is to tie the wire loosely on one of the branches, and not on the trunk.

**A Real Step Forward in Irrigation**

Plastic irrigation siphon tubes are a real step forward in irrigation; pay for themselves in time and labor saved. Require no digging, will not clog because end is under water. Specially extruded Tenite plastic with weather, water and sun-resisting properties built in. Transparent to enable you to see air locks.

So light, you can carry a whole armload without difficulty. So tough, even the roughest abuse will not break them. They are much superior to lathe boxes because they require no digging and because they will not clog. Flow of water is greater through plastic tubes because of smooth surface. Much lighter in weight than rubber or metal.

Specially developed for irrigation purposes through cooperation of University of Nebraska, Agricultural Division. Each tube is 4 ft. long, bent to exact curvature for most efficient operation.

- 1 Light weight.
- 2 Will not clog.
- 3 Transparent.
- 4 Weather and water resistant.
- 5 No digging or cutting of bank.
- 6 Prevents soil erosion.
- 7 Strong and tough.
- 8 Superior to lathe boxes.

# NORTH LOUP

WRITTEN BY MRS. ETHEL HAMER

Kenneth H. Eaglehoff, Chief Specialist Classification officer of the coast guard, and Mrs. Eaglehoff, arrived Saturday for a twenty day furlough with his parents, Mr. and Mrs. Will Eaglehoff. He is stationed at Norfolk, Va., and before coming here had spent a few days with his brother, Glen, at Clarinda, Ia., and a few days in Minnesota.

Lt. Laverne Hutchins has been made safety patrol officer at Luke Field, Phoenix, Ariz., and much of his work is in the control tower. He had been instructing cadets at Luke Field and with his wife is living at Glendale, Ariz., near the field.

Mr. and Mrs. P. C. Hurley and Mr. and Mrs. Dwain Hurley and two daughters, of Riverside,

Calif., spent Tuesday night in North Loup. P. C. Hurley is president of the Seventh Day Baptist conference and Dwain Hurley is moving to Plainfield, N. J., to be editor of the Sabbath Recorder.

Pvt. Floyd Wilson arrived from Camp Robinson, Ark., on Thursday for a twelve day furlough. He will go from here to Camp Maxie, Tex., for further training.

Mr. and Mrs. Lawrence Pokraka and family of Ohio were week end guests in the Ben Sinek home.

Mrs. Lee Mulligan and Burdette went to Grand Island on the Tuesday afternoon bus to spend the week with Mrs. Eva Lewton and Sharon.

Sunday evening guests of Mr.

and Mrs. Lee Mulligan were Mrs. Lena Stobbe of Rawlins, Wyo., Mr. and Mrs. Herman Stobbe, Mrs. Wm. Plate, and Mr. and Mrs. Rudolph Plate.

Mrs. Clyde Copeland, who has spent the past six months at Camp Pierce, Fla., with her husband, who is in the service and located there, returned Monday. Her little daughter had been with the Joe Copelands and her small son with Mrs. Hugh Clement.

A picnic dinner, honoring Pvt. Floyd Wilson, was held on Sunday in the park at Scotia with relatives and friends from North Loup and Scotia attending.

Cpl. George Rich left Wednesday of last week for Fort Lewis, Wash., where he will again enter the hospital. He had spent two months at home after several months illness in the Pacific from jaundice and malaria.

Pvt. Leland Rich, who is training at Camp Hood, Tex., has joined the paratroopers and will have several weeks more training before he gets a furlough to come home. He has been in the service since in May.

**Setting Fabric Dye**  
Once a fabric is dyed, nothing can be done to set the color. The common household practice of soaking the fabric in a solution of salt or vinegar is useless.

**Indians Had Model Law**  
To curb visiting relatives who overstayed their welcome, the Pawnee Indian tribe of Fort Bidwell had this law: "Visits from relatives or friends shall be permitted, but shall be limited to 14 days at one time, and shall not exceed 30 days in any one calendar year."

**Check Cabbage Worms**  
Cabbage worms and cabbage loopers must be checked immediately. Up until the cabbage heads are four inches through, use paris green, calcium arsenate, and cryolite. As your cabbage gets to eating size, change to a rotenone-bearing dust. Collards, brussels sprouts, cauliflower, broccoli, and kale should be protected with the same dusts and sprays.

**Broodiness in Turkeys**  
Broodiness is far more prevalent among turkeys than in chickens; this is probably due to the fact that not as much trap-nesting has been done with turkeys as with chickens in an effort to breed away from this undesirable characteristic.

**Origin of Pennsylvania**  
Pennsylvania was not named after William Penn, its original Quaker proprietor. Penn wanted to call the state Sylvania, which means the land of woods and forests, but King Charles II of England insisted on honoring Penn's father, Admiral William Penn, in the naming of the new colony. And so the colony was designated Pennsylvania.

**Fox Benefits Farmer**  
Although the farmer and the fox are such inveterate enemies, they manage to benefit each other in a great many ways, always quite unintentionally. The fox destroys numberless field mice and woodchucks for the farmer and in return the farmer supplies him with poultry and builds convenient bridges over streams and wet places which the fox crosses oftener than the farmer, for he is as sensitive as a cat about getting his feet wet.

**Australians Live in Towns**  
Despite its rural character, Australia has about two-thirds of its people living in towns. Sydney and Melbourne alone hold a third of the nation's population. Coal from the state of New South Wales, and gold, silver, lead, copper and tin from scattered mines, have, especially in recent years, created the industries largely responsible for the growth of big cities.

**Reversible Pitch**  
Reversible pitch propellers that can stop our heaviest bombers in one-half their normal landing roll and can slow a single-engine fighter down to 250 miles per hour in a vertical dive are emerging from the experimental stage. A propeller in reverse pitch does not change the direction of its rotation. Instead the angle of the propeller blades is reversed, thus throwing the air blasts forward.

**Long Life Iron Rails**  
Iron rails laid down in 1832 about 20 miles from Trenton, N. J., are still in fair condition, although no longer used.

**Chemicals Kill Weeds**  
Weed-killing chemicals should be investigated if you have a very small patch of bindweed, Canada thistle or some other noxious weed. If a large field is infested, better plan some kind of clean cultivation or smother crop method. Chemicals are high-priced and scarce.

# Farmers or Investors Attention!

Congress or war time rules may enact a law or regulation which may eliminate the tenant, small farm operator, investor or service man from buying a farm who cannot pay at least 35 percent of the purchase price in cash. This would in some cases make it impossible for some small operators, investors or service man to own their own farm as is now possible. I have a large number of farms in Greeley county that are good operating units. The buildings on a number of these farms have been completely repaired and painted, with fences and cross fences in good repair, with good wells and water systems. The farm land has been well cultivated, with good crop rotations and good grass in the pastures. These farms can be purchased with a small down payment, and the balance carried back for a term of not to exceed 20 years with low interest and small principal payments annually. I am sure that you will find these terms much easier and better than paying rent. Why not let today's income buy tomorrow's security. Plan now your future as well as that of America's. Buy a good farm home now and make use of our attractive Post War Buying Plan while it is still possible by this method: 1. Down Payments—Conveniently Arranged. 2. Annual Payments—Easy to Manage. 3. Interest Rates—Attractive. 4. Contract—Long Term. 5. Terms—Comparable to Rent.

## Ocean-Locked, Costa Rica Is a Tropical Fairyland

With its territory lifted up into the clouds by the cordillera which crosses it from northwest to southeast, Costa Rica is—with the exception of its hot and humid coastline—a tropical country with a temperate climate. Locked in between two oceans, like a beautiful gem that both the Pacific and the Atlantic would claim, its luxuriant highlands are the habitat of jaguars and rabbits, orchids and strawberries.

In a territory roughly the size of West Virginia it has a variety of climates according to altitude, but most of its land lies on high plateaus where reigns eternal spring. Along the coasts are the usual palm-fringed bays, inlets and rivers typical of the tropics, while in the interior, high up on the mountains, may be found scenery rivaling that of Switzerland and the Rocky mountains on a smaller scale. These ranges are often covered to the top with grass and by a network of streams and rivulets cascading gracefully down the slopes into fertile valleys whose exceptionally rich soil is produced by volcanic ash deposited over the centuries by the Costa Rican volcanoes, the great majority of which are extinct today. Thus, to a most favorable location in the heart of the Americas, Costa Rica adds a rich soil well irrigated by rivers and streams, an ideal climate healthy and pleasant with alternate rainy and dry seasons and a wealth of natural products among which are small but productive gold mines.

## States Cut Travel Mileage Thru Reduction Programs

State governments saved 430,254,000 miles of official travel in 1944 through operation of mileage reduction programs in comparison with official state mileage figures for 1941, the last prewar year. Translated into equipment, the 430,254,000 untraveled miles represent a saving of 28,683,000 gallons of gasoline, 78,228 tires, 7,171 new passenger vehicles—all needed by the armed forces.

And at a basic cost of 5 cents a mile, the untraveled miles represent a money saving of \$21,512,742 of state money, the council of state governments reports on the basis of information from the office of price administration.

A mileage total of 813,661,000 was reported by 48 states for 1944, which is a reduction of 34.6 per cent from the 1,243,916,000 miles reported for 1941. Complete figures for 1944 should add another 12,000,000 miles to the total saving, achieved through car pooling, central dispatching and share-a-ride practices.

## Vitamins for Canning

Tablets of vitamin C (ascorbic acid) may be used to hold color and flavor in home-canned peaches, pears and plums, according to scientists of the Massachusetts Experiment station. They explain that this substance acts against oxygen, so prevents the unpleasant darkening and change of flavor in fruit at the top of the jar where it comes in contact with air. Use of the tablets is simple. They are put into the jar before it is filled with fruit. The cost is less than two cents per pint jar at present prices of tablets in local drug stores. In commercial canning much of this oxidation trouble is prevented by vacuum packing and deaerating fruit. In home canning it is impossible to put up fruit without air in the jar, so an antioxidant is needed. For this purpose the Massachusetts scientists found three related acids—ascorbic acid (vitamin C), isoascorbic acid and glucoascorbic acid—all entirely successful in preventing surface darkening and off-flavors in canned peaches, pears and plums, and helpful in canned apple sauce.

At present only ascorbic acid is on the market in convenient tablet form, but after the war the others, which are less expensive, may be available.

## Wireless Telegraphy

The exact date of the discovery or invention of wireless telegraphy is not accurately known. Many scientists discovered it theoretically before Marconi made it practical. Some scientific authorities claim that it was originated by Professor Dolbear of Massachusetts. Wireless telegraphy has been so perfected that it is now one of the ordinary means of communication throughout the world. Unscientifically speaking, wireless telegraphy consists of discharging powerful electrical currents into the atmosphere, their vibrations being taken up by the natural electricity in the air, and received by wires placed at an elevation. Practically all sea-going steamers are equipped with wireless telegraphy.

## Versatile Rayons

Rayons which are either soluble or insoluble in water are being manufactured from alginate acid extracted from seaweed, according to a British publication. It is reported that unusual effects may be obtained by using the soluble type. Cotton and other yarns of very low twist can be made by using a holding thread of alginate rayon, which can later be dissolved away. Woven and lace fabrics can be produced with cotton and alginate rayon threads. A patented material of unusual design remains after the alginate rayon threads have been dissolved away.

## Ocean-Locked, Costa Rica Is a Tropical Fairyland

With its territory lifted up into the clouds by the cordillera which crosses it from northwest to southeast, Costa Rica is—with the exception of its hot and humid coastline—a tropical country with a temperate climate. Locked in between two oceans, like a beautiful gem that both the Pacific and the Atlantic would claim, its luxuriant highlands are the habitat of jaguars and rabbits, orchids and strawberries.

In a territory roughly the size of West Virginia it has a variety of climates according to altitude, but most of its land lies on high plateaus where reigns eternal spring. Along the coasts are the usual palm-fringed bays, inlets and rivers typical of the tropics, while in the interior, high up on the mountains, may be found scenery rivaling that of Switzerland and the Rocky mountains on a smaller scale. These ranges are often covered to the top with grass and by a network of streams and rivulets cascading gracefully down the slopes into fertile valleys whose exceptionally rich soil is produced by volcanic ash deposited over the centuries by the Costa Rican volcanoes, the great majority of which are extinct today.

Thus, to a most favorable location in the heart of the Americas, Costa Rica adds a rich soil well irrigated by rivers and streams, an ideal climate healthy and pleasant with alternate rainy and dry seasons and a wealth of natural products among which are small but productive gold mines.

State governments saved 430,254,000 miles of official travel in 1944 through operation of mileage reduction programs in comparison with official state mileage figures for 1941, the last prewar year.

Translated into equipment, the 430,254,000 untraveled miles represent a saving of 28,683,000 gallons of gasoline, 78,228 tires, 7,171 new passenger vehicles—all needed by the armed forces.

And at a basic cost of 5 cents a mile, the untraveled miles represent a money saving of \$21,512,742 of state money, the council of state governments reports on the basis of information from the office of price administration.

A mileage total of 813,661,000 was reported by 46 states for 1944, which is a reduction of 34.6 per cent from the 1,243,916,000 miles reported for 1941. Complete figures for 1944 should add another 12,000,000 miles to the total saving, achieved through car pooling, central dispatching and share-a-ride practices.

Tables of vitamin C (ascorbic acid) may be used to hold color and flavor in home-canned peaches, pears and plums, according to scientists of the Massachusetts Experiment station. They explain that this substance acts against oxygen, so prevents the unpleasant darkening and change of flavor in fruit at the top of the jar where it comes in contact with air. Use of the tablets is simple. They are put into the jar before it is filled with fruit. The cost is less than two cents per pint jar at present prices of tablets in local drug stores. In commercial canning much of this oxidation trouble is prevented by vacuum packing and deaerating fruit. In home canning it is impossible to put up fruit without air in the jar, so an antioxidant is needed. For this purpose the Massachusetts scientists found three related acids—ascorbic acid (vitamin C), isoascorbic acid and glucoascorbic acid—all entirely successful in preventing surface darkening and off-flavors in canned peaches, pears and plums, and helpful in canned apple sauce. At present only ascorbic acid is on the market in convenient tablet form, but after the war the others, which are less expensive, may be available.

Wireless Telegraphy The exact date of the discovery or invention of wireless telegraphy is not accurately known. Many scientists discovered it theoretically before Marconi made it practical. Some scientific authorities claim that it was originated by Professor Dolbear of Massachusetts. Wireless telegraphy has been so perfected that it is now one of the ordinary means of communication throughout the world. Unscientifically speaking, wireless telegraphy consists of discharging powerful electrical currents into the atmosphere, their vibrations being taken up by the natural electricity in the air, and received by wires placed at an elevation. Practically all sea-going steamers are equipped with wireless telegraphy.

Versatile Rayons Rayons which are either soluble or insoluble in water are being manufactured from alginate acid extracted from seaweed, according to a British publication. It is reported that unusual effects may be obtained by using the soluble type. Cotton and other yarns of very low twist can be made by using a holding thread of alginate rayon, which can later be dissolved away. Woven and lace fabrics can be produced with cotton and alginate rayon threads. A patented material of unusual design remains after the alginate rayon threads have been dissolved away.

## Our Fighting Men

★ Pfc. and Mrs. Bill Novosad came Thursday to spend some time with relatives. Bill is to report August 15 at Fort Riley, Kas., where his brother, Pfc. Lyle Novosad is stationed. The boys' parents, the Will Novosads enjoyed having both of the boys home Sunday, since Lyle had a week end pass.

Army Calls for Rail Workers

"We've got to lick the transportation problem and get our men into the Pacific at once so we can end the war sooner," Major General C. H. Danielson tells Reporter Ray Olson and his radio audience.

Railroads Need 100,000 Men To Handle Troops, War Materiel

Omaha, Neb., Aug. 6—Major General C. H. Danielson, commanding officer of the Seventh Service Command, U. S. Army Service Forces, took to the airwaves August 5, to help the nation's railroads recruit 100,000 additional workers, 60,000 of them for the western roads.

"We're in the process now of moving some 3 1/2 million troops from the European theatre of operations to the Asiatic-Pacific theatres, along with the weapons and war materiel they'll need to win the victory," the general told his radio audience on "Your America," the Mutual program of the Union Pacific railroad.

"The result is that we have placed upon America's railroads the greatest burden they have ever had in all their history," he continued.

Interviewed by Reporter Ray Olson, Gen. Danielson estimated that redeployment will require more than 20 million separate man-trips in the next few months over and above essential trips of civilians. Every soldier brought home from Europe, given a furlough and sent to a re-assignment center averages seven train trips before he leaves for the Pacific, the general explained.

"For troop movements and furloughs, the Army is now using more than half the Pullman cars and a third of the coaches in the country — and we haven't begun to reach the peak of redeployment," he warned.

—Wayne Gregory, the son of Mr. and Mrs. Joe Gregory, has had one of his school chums, Franklin McDonald, from Omaha visiting for three weeks. Tuesday Franklin returned to Omaha.

—Mrs. George Valasek, after spending some time at the home of her parents, Mr. and Mrs. Anton Capek, recovering from her recent illness, has returned to her farm home. Her sister, Sohia accompanied her to help with the summer work.

—Mr. and Mrs. George Smith of Scotia are the parents of a seven pound son born at the Clinic hospital Monday, whom they have named Roger Wayne. Dr. and Mrs. H. N. Norris were in attendance.

—Mr. and Mrs. Ted Slobazewski and son and Mr. and Mrs. Darrel McOstrich and children were took part in a farewell party given by relatives of Mr. and Mrs. James Bartunek, who are leaving to make their home at Bremerton, Wash.

—Mrs. Frances Semon and daughter, of Tacoma, Wash., came last week for a few days' visit with Mrs. Semon's sister, Mrs. Julia Wozniak. They had been at Pensacola, Fla., where a son and brother was graduating from the naval air school. Tuesday the Semons and also Mrs. Wozniak left for Denver, where another sister is very ill.

—Ed Lukes, of Portland, Ore., came to Ord last Wednesday to visit relatives and attend to business and left for his home Tuesday. He stopped off at Grand Island to visit his aunt, Mrs. Joe Placnik, who has been at the Lutheran hospital already five weeks. Misses Minnie and Barbara Lukes, her sisters, have been at Grand Island now about two weeks, helping take care of her as the nurse shortage compelled them to release the day nurse.

Make Paperhangers' Paste Paperhangers' paste is made from a cheap grade of rye or wheat flour, mixed thoroughly with cold water to a thin dough. Stir in a tablespoonful of powdered alum to each quart of flour, then pour in boiling water, stirring till the paste is cooked.

Textile Finishes Remain Textile chemists are creating new fibers and new finishes to go on old fibers. Formerly the starches, clays, soaps and metallic compounds used for surface finishes in muslins, percales, organdies, damasks and cretonnes and also the crispness produced by oils and gums in chintz disappeared after a few washings; but the coming new finishes for these fabrics will remain almost indefinitely.

Bonneville Dam Project Bonneville dam controls the water of the Columbia river for generation of power and improvement of navigation facilities. The highest single-lift lock in the world permits ocean-going vessels to travel upstream as far as The Dalles, Ore., 187 miles from the Pacific ocean. The army engineers, who constructed and operate Bonneville dam, also made provisions to perpetuate the Columbia river's famous salmon runs. Scientifically designed fish ladders provide easy passage over the dam to spawning grounds on the upper river and its tributaries.

Sun Needed by Herbs When grown indoors in window box or in flower pots, herbs do best in a south window where they get plenty of sunlight.

Producing Family Food Throughout the world it takes two families to produce enough food for themselves and an additional family. In the United States one farm family produces enough food and other products for itself and four other families.

How to Iron Cottons When ironing cotton materials be careful not to have the iron too hot. Though a scorch may not show, an iron too hot can damage the fibers. If your iron has a heat control, watch it carefully. If not, test the heat of the iron by running over a test cloth, placed near by.

Artificial Insemination Big scale artificial insemination, through cooperative groups, was first inaugurated in the United States under the direction of the New Jersey experiment station, with a predominance of registered Holstein-Friesian bulls being used.

Tomb of Unknown Soldier The tomb of the Unknown Soldier overlooks the peaceful Potomac river at Arlington, Va. It is a national shrine, honoring all the heroic dead of the United States of America.

Salt Checks Fires Common salt is still a favorite remedy for checking chimney fires. It is thrown on the fire in stove or furnace to smother the chimney blaze. Less soot will gather in pipes and chimney if dry fuel is used and fires are not checked too closely at night.

Treating Fence Posts Nondurable fence posts, such as the lower grades of green pine, can be made relatively durable simply by soaking the basal end in a wooden trough or half a barrel containing a solution of chromated zinc chloride. Steeping the entire post in a tank or soaking both basal and top ends in the solution has also given good protection against termites, fungi, and the destructive organisms that normally attack untreated wood.

The course is given by a University of Nebraska instructor, under the auspices of the county superintendent, Clara McClatchey.

## Ord Livestock Market

announces its offering for the regular weekly sale

### Saturday, Aug. 11

Sale starts promptly at 1:30.

We had a good offering Saturday and the demand was strong for everything with possible exception of the Jersey cows, which we didn't think sold as high as they should for dairy cattle of this quality. For this Saturday it looks like—

#### 135 HEAD OF CATTLE.

This will include small calves, several 700 lb. steers and heifers, several fat cows, feeder cows, heavy bulls and 2 breeding bulls.

#### 125 HEAD OF WEANLING PIGS AND FEEDER SHOATS

Also several sows, 4 choice Duroc boars of breeding age, double immured.

#### 4 GOOD WORK HORSES AND 2 GOOD SADDLE HORSES.

Don't forget the LeRoy Frazier furniture sale advertised elsewhere in this issue, and be on hand next Tuesday, Aug. 14.

### Syria and Lebanon Are Crossroads of Humanity

For thousands of years changing tides of humanity have rolled across the deserts and mountains of Syria and Lebanon, set out in ships from their shores. Syrian Damascus, "the port of the desert," is believed to be the world's oldest inhabited city. It is still the largest settlement of either Syria or Lebanon, with a population of around 200,000.

Phoenicians, Egyptians, Hittites, Assyrians, Persians, Greeks, Romans, and Turks—among others—have left their mark on the land and people. On dusty plains, Roman columns stand like skeletons of the past. Ruined Crusaders' castles and ancient monasteries cling to the sides of rocky mountains. From the flat-topped roofs of the cities rise the mosques and minarets of Islam.

For centuries before the First World War the territory which now forms the republics of Syria and Lebanon belonged to the Turkish empire. In the postwar alignments, the League of Nations placed these areas under mandate to France, which had maintained religious, educational and commercial ties there from the time of the Crusades.

### British Parliament Model For Democratic System

For more than six centuries, the supreme legislative body of the British empire has been the Parliament, consisting of the king, the lords and the commons. Oldest such body in continuous service, it has been roughly the pattern for the governing bodies of other nations, including the United States.

Responsibility within Parliament for making and administering laws has shifted gradually from the king and the lords to the house of commons. The shift was strongly advanced by the Reform Bill of 1832, and was climaxed by an Act of 1911, the effect of which is that most bills can become law if strongly supported by the house of commons even if strongly opposed by the house of lords.

Members of the house of commons, numbering over 600, are elected to represent county and borough districts based on population (about 80,000 per district), as are members of the U. S. house of representatives. A few are also elected by university groups, consisting of men and women who have earned degrees.

### Protective Coating

Dip-coating is a new method for covering frozen foods which avoids many of the disadvantages of the wrappers in use today. Instead of wrapping, frozen food is dipped in a "molten thermoplastic material"—that is, a liquid which becomes solid on contact with the cold frozen food and leaves a film covering over it. This covering has no folds, cracks or seams to allow air to reach the food or moisture to escape. The material used for coating must be odorless, chemically stable, nontoxic, insoluble in water, firm but flexible at low temperatures, and easy to apply and remove. Blocks and packages of frozen foods, dip-coated in the laboratory, held their quality and food value for long periods stored at reasonably constant low temperature. The film coating reduced oxidation, loss of moisture, and "freezer burn." When the frozen food had thawed slightly, the covering proved easy to strip off. Dip-coating may be especially useful for packaging cuts of frozen meat and poultry because the coating automatically adapts itself to the shape of the food, so leaves very little air confined in the package.

### First Painter

Use of protective and decorative coatings is one of the very oldest practices of the human race. Perhaps Noah was the first painter, for he "pitched his ark within and without" to protect it against the promised flood. The Greeks, too, applied a preservative to their ships so that "neither the sea, nor the wind, nor the sun could destroy the wood thus protected." The earliest existing proofs of the use of paint are the colored drawings of bison found on the smooth walls of the caves at Las Eyzles in southern Europe. The age of these drawings which were skillfully done in tones of brown, red and black, evidently with earth pigments, never were touched by sunlight and are believed to be no less than 20,000 years old and possibly 10 times that age. Commonly, they are credited to the Cro-Magnon period of man's development. Probably the next earliest paintings still in existence are those in the ancient Egyptian tombs, which, for thousands of years, also were preserved in darkness.

### Hookworm Saps Strength

While much progress has been made against hookworm in rural areas, it still continues to be a serious menace to the health of people whose homes are not equipped with sanitary sewage disposal facilities. For many years, it has been known that a person suffering from hookworm does not have the energy, strength, or general ability that would be his if he were well. At any time, it robs one of vigor and strength and makes one more susceptible to other diseases. It is a serious economic factor, for a person who is suffering from it is not as able to make a livelihood or to progress as he would if he were well.

## Something Different

Fishing is really good this year along the North Loup river and also at other nearby water spots. Theron Beehrle continues to snag a lot of them. Harry Wolfe often provides the family meat by bringing home the fish.

Sunday Aileen Neely, her fiance Syl Papernik, and Mr. and Mrs. Art Jeffries went to Brown Lake, on the property of an uncle of Miss Neely's and caught blue gills, bullheads and catfish. They also got some nice red sunburn on the lake south of Atkinson.

Theron Beehrle brought us several catfish a few days ago, and they were luscious eating indeed.

Vernie Andersen said he never got so many good arguments for a swimming pool as he did Monday!

He secured the answers when he gave off-answers to youngsters who came into his filling station to get him to sign petitions for the pool. Vernie would heckle each unsuspecting innocent with careless responses such as "Oh, you can swim in the river!" And how they told him then!

Probably hollyhocks growing thick along street sides and alleyways are a liability and must be cut down, but have you noticed the charming pictures they made in Ord this year?

Hardly a street or a block or a corner where the tall spires of bright flowers have not grown. The seeds evidently wash along the gutters and lodge there to grow the following year. And this cool summer must have been what they like, for the hollyhocks are prettier than ever before.

Another thing that is thicker this season, and must thrive on a wet summer, is chiggers! Never have I heard so much discussion of chiggers in Nebraska as this summer.

Some quaint efforts to concoct eatables have developed out of war-shortages, the sugar shortage particularly. The recipes using candy bars for baking cookies were scrumptious, a real success. . . . assuming you can locate the kind of candy specified.

Many of the recipes substituting honey are a tasty treat too. I have used the World-Herald recipe for chocolate cake several times with good results, with honey furnishing a share of the sweetening.

Recently cake recipes using packaged puddings have appeared in advertisements. Mrs. Orin Kellison made a fine chocolate cake Tuesday after this fashion. Then she frosted it with a corn syrup icing, also good, white and beautiful.

Last year I canned big plums with a corn syrup for sugar. I didn't like the flavor much, nor the color.

What are parents of small boys supposed to do for underwear for the lads? I can't figure out.

It does seem as if underwear for children is a necessity, war or no war.  
If you have any answers for a boy taking size 12 to 14 please phone me, number 245. For I have a boy who is OUT and I do mean OUT!  
—Irma.

### Shade Needed for Hogs

Hogs can't sweat, so fat ones will die in hot weather if they can't get shade and moisture. A cement wall under a roof is good. Some farmers have sprinkler systems for hog houses with cement floors.

**Quick Freezing Tenderizes**  
Quick freezing makes meat tender. It is believed that the formation of ice crystals within the fibers of the meat, which result in splitting the fibers, bring about the "tenderizing."

**Bigger and Better Popcorn**  
Research by scientists of the USDA and the Kansas and Purdue universities has resulted in new popcorn hybrids which pop to almost twice the size of most popcorn and are also more tender and delicate. The yield per acre is also greater than former strains.

**Hogs Enjoy Eating Hay**  
Hogs particularly like bright alfalfa or clover hay, and feeders have found good protein value in such feed. Brood sows make use of legumes twice a week to advantage. Young pigs jump around with delight when they get a ration of this kind.

**Toxicity of Insecticides**  
Experience has shown that it is not possible to predict the toxicity of a compound to any insect on the basis of tests made against another insect. Progress in developing new insecticides would proceed much more rapidly if the initial testing could always be carried out on the specific insect to be controlled.

**Human Eyes the Best**  
Human eyes are more versatile and flexible than the eyes of animals and birds, says the Better Vision Institute. Human eyes have both near and far vision, whereas other creatures have a limited range of visual proficiency. The sharp eyes of an eagle, for example, are not designed to read a book.

**Chinese Three Syllables**  
Chinese is limited to words of one to three syllables. The 400 vocables constitute the only one-syllable words. Other words are formed by joining vocables with a hyphen. Thus, the words meaning "east" and "west" joined by a hyphen mean "thing."

**Use Mothproofing Liquid**  
Watch the danger spots for moths. They tuck away in corners, under radiators and heavy furniture, on stair risers and near baseboards. It's important to generously spray these areas twice a year with a mothproofing liquid. To combat moths keep rugs thoroughly clean and exposed to light and air.

**Continuous Dehydration**  
A package of dehydrated placed in a can with dehydrated vegetables and held there under seal will continue to remove moisture from the dried vegetables during storage and transportation.

**A Land of Contrasts**  
Our nearest Latin American neighbor, Mexico, is a land of contrasts—jungles, mountains and plateaus. Mining is the principal industry of a nation one-fourth the size of the U. S. Petroleum, agriculture and stock raising are also important.

**Removing Iron Rust**  
If lemon juice is squeezed over spots of rust in iron water pails and dippers and allowed to stand several hours the rust can be removed. If one application fails to do the job, repeat.

**Advertising in the Sky**  
Skywriting is done at approximately 15,000 feet, or about three miles above the earth. The entire message is not written at the same altitude, but each letter is executed at least 50 feet above the preceding one.

**Dry Yeast for Meat**  
Dry yeast prepared from cellulose has been on trial for several months in Swedish restaurants as a meat substitute, according to a report in the foreign press. The yeast is also for sale in the form of bouillon extract.

**Save Wear on Vacuum**  
To save some of the expense of repairs to vacuum cleaners, pick strings, pins, hair pins, tacks and other stray bits of metal or cloth from rugs and floors before running the vacuum.

**Save Poinsettias**  
Poinsettias can be saved over and brought into bloom again. All that is necessary is to cut off the top shoots to about six inches and store the plant in a cool place in the basement or fruit room where the temperature ranges from 40 to 60 degrees.

**Washington Borrowed Money**  
One of the richest men in the country, George Washington had to borrow 600 pounds for his journey to New York to assume the office of President.

**World's Largest Hatchery**  
According to the records of the USDA, the largest hatchery in the United States is at Vineland, N. J., where 1,500,000 eggs can be hatched at one time.

**Certified Seed Crop**  
The largest producers of certified seed potatoes are North Dakota, Minnesota and Maine. These states grow about 70 per cent of the certified seed crop.

**Grains**  
As this is written there is an embargo on any wheat shipments to Omaha and most of the country elevators are filled to the limit. It is quite uncertain when grain will move freely to the large markets. It is to be hoped that the situation will ease off in a very short time; however if you have bins we believe it would be wise to bin your grain till this emergency is passed.

**Poultry Feeds**  
A very large supply of all kinds of poultry feeds on hand all the time. Get the habit of buying our good poultry feeds. They are top grade and you will like them, and you will always find a very good supply on hand.

**Alfalfa and Sweet Clover Seed**  
We will be in the market for any alfalfa or sweet clover seed that you have to offer and will pay the highest possible price. There are some new restrictions on buying alfalfa and sweet clover seed this year and we believe that you should acquaint yourself with these new rulings before you offer your seed to anyone.

**NOLL SEED CO.**  
It pays to buy from Noll.

## TO THE FARMER WHO IS A BUSINESSMAN

A good businessman keeps a watchful eye on the money market. When money is "cheap"—which means interest rates are low—he knows this is the time to refinance his high interest debts on a long-time basis, if he can.

Money is "cheap" for you NOW. The Federal Land Bank gives you the lowest interest rates ever offered the American farmer—only 4%. Think of it! If you refinance your debts with a Land Bank loan NOW, you will never pay more than 4% a year for the 34½ years the loan runs — no matter how high the price of money may go meanwhile.

No man knows how long money will be as 'cheap' as it is today.

Come and see us now!

## H. C. Van Daele Dies Suddenly of a Heart Attack

Was Doing Chores Monday when Stricken, Funeral Was Held Thursday.

Hector C. Van Daele, 66, one of the Ord community's most substantial and respected farmers, died suddenly at his home on the old Bals ranch southwest of town at 7:15 Monday morning as result of a heart attack. He was in the elevator doing the morning chores when stricken. Mrs. Van Daele, who was nearby, heard her husband gasp "Oh!" and saw him slump to the ground, but by the time she reached him he had died. He had complained of poor health for some time and had laid plans for retirement from farming in the near future for this reason.

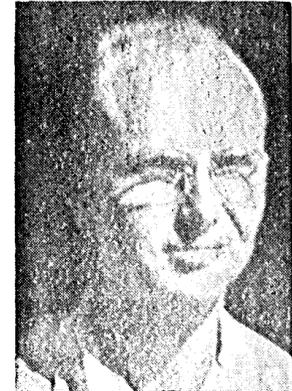

Mr. Van Daele had long operated the Bals ranch and looked after the other farming operations of Mrs. Charles Bals.

He was born in Belgium on June 15, 1879 and came to America when a young man, settling in Valley county and living here until his death. He was married in 1920 to Elodie E. Desmul and there are no children. Left to mourn, besides Mrs. Van Daele, are three sisters and one brother who live in Belgium and other more distant relatives. A host of friends made during his long period of residence here mourn his untimely departure also.

Funeral services were held at 9:30 Thursday morning at the Catholic church with Rev. Thomas Siudowski officiating. Rosary was Wednesday evening at 8:30 at the Hastings-Zikmund chapel. At the funeral pallbearers were James Vasicek, Jens Hansen, James Pelska, Joseph Suchanek, Joseph Klat and John Koll. Mrs. James Wachter and Mrs. Stanley Absalon had charge of the flowers. Burial was in the family lot in the Ord city cemetery.

## Carl Kotre Now a Master Sergeant

Somewhere in the Southwest Pacific—Carl V. Kotre, serving with the 15th Anti-aircraft Artillery Group, and Alvin Dvorak, infantryman, St. Paul, met recently on a tiny island in the South Pacific. The two servicemen, one an anti-aircraft artillery sergeant major, the other an infantry sergeant, spent a pleasurable day in conversation over a steaming pot of real American coffee. Their last meeting occurred more than two years ago when they both had furloughs at home.

Master Sergeant Kotre, veteran of three campaigns, New Guinea, Bismarck Archipelago, and Southern Philippines, has been overseas more than twenty months. He was recently given the Good Conduct medal.

May, 1942, saw the beginning of the army career of Sergeant Kotre upon his enlistment at Fort Crook, Omaha. After a short period of service at Fort Leavenworth, Kas., he attended Enlisted Specialist's School, of which he is a graduate, at Camp Callan, Calif. From there he was assigned to the 15th AAA Group.

Sergeant Kotre is well known in merchandising circles in this area, having formerly managed the Food Center store, Ord.

He is a graduate of St. Paul high school and is an honorary life member of the Volunteer Fireman's Association of the State of Nebraska.

Mrs. Kotre and two baby sons are residing in St. Paul. He is the son of Mr. and Mrs. Louis Kotre, also of St. Paul. Sergeant Kotre has a brother, Frank, serving in the European theatre.

Guests at the Horace Travis home are Mrs. Ruth Cushing, Mrs. Robert Aiken, and little John Alkin, all of Lincoln. Mrs. Francis Keating and Margaret, of Loveland, Colo., are also expected.

## North Loup Church Out of Debt—Mortgages Burned at a Special Service Sunday Evening

North Loup—(Special)—Two mortgages totaling \$2,285.54 were burned Sunday night at a special candle light service held in the Seventh Day Baptist church here following the regular August all church social. One hundred fourteen candles were lighted, each one representing a dollar which has been raised by voluntary offerings since January of this year. Mrs. Ehret had charge of the program which consisted of special music and appropriate numbers. Of much interest were letters from Rev. and Mrs. Geo. B. Shaw, pastor of the church at the time it was built in 1928 at a cost of \$3,500. Matches used to light the papers were sent by Rev. Shaw.

Arthur Stillman, moderator of the church, lighted the matches which burned the papers, making the church entirely free from debt for the first time since 1915. A large crowd was present for the service which was interesting and impressive.

Interesting in the reports given was the fact that the first money given towards the building of the new church, came from children, Myrtle Resigue, and Dr. George Hemphill. Many of those who labored with their hands have gone to their reward, among them Deacon N. W. Babcock, E. W. Black, S. L. Clement and W. G. Rood, but the church stands as a monument to the loyal Seventh Day Baptists who came to the valley in 1873, to make this the home of their families and their church.

## War's End Won't End Necessity of Paper Salvage

Scarcity to Continue Many Months after V-J Day; Car Goes Aug. 27th.

V-J day won't mean the end of necessity for saving waste paper, in the opinion of R. Clare Clement, Valley county salvage chairman. Unlike scrap iron, tin cans, etc., there will be urgent demand for all the waste paper that can be collected for many months to come and Valley county people, along with other Americans, will be asked to continue their salvage efforts.

Despite war's end, there will be millions of soldiers and sailors remaining in the Pacific area for months to come, and occupation armies numbering hundreds of thousands will remain both in Europe and Japan, possibly for years. To these forces supplies must be shipped regularly, which will mean a continuing need for paperboard containers.

At the same time, civilian supplies of such things as cleaning tissues, toilet paper, napkins, paper plates, etc., are at the lowest mark in history, and must be built up.

The carload of paper to be shipped from Ord Monday, Aug. 27, will be followed by many more. Save your paper and be sure it gets to the car, asks Mr. Clement.

## V-J Day Celebration Sober Affair in Marked Contrast to 1918 Armistice Day

The celebration of V-J Day in Ord was in marked contrast to the celebration of Armistice day, which occurred in the late afternoon and evening of November 11, 1918, now nearly twenty-seven years ago. As in both cases in this war, a false alarm was sounded a day early, and a small celebration had started before the report was killed.

However, the second report, which reached Ord late in the afternoon, was official, and the first thing in the minds of every one was to celebrate. There was no age limit, and every person between the ages of nine and ninety took some part in the gayety.

At the time Ord had an organization known as the Home Guards, and they all turned out in uniform and paraded around the square. Business houses closed at once, some even forgetting to lock the doors until later. The band was out mostly without uniforms, and dispensed music until they had worn themselves out.

There were no paved streets then, but the ground near the southwest corner of the square was dry and firmly packed and soon a public dance was started there in which all joined. First they danced to the music of the band, but later an orchestra was made up, the members making up in power what they may have lacked in harmony.

## Farmers to Have Prosperous Role in Post-War Era

Sen. Butler Believes Farm Crops to Continue Making Rubber and Plastics.

The American farmer is going to have a big role in the post-war era, Nebraska's senator United States Senator Hugh Butler related in an interview during his visit here. In answer to the question, what legislation do you believe necessary for the farmer, the senator stressed protection of his markets with sufficient tax on imports like rubber and fats so that he can continue producing for our own wants and requirements. "We should grow our own rubber tires, and our own fats, instead of depending on imports 10,000 miles away. We must look to our own security as a nation at the same time we are being a good neighbor."

Agriculture, Senator Butler stressed, is the basic strength of this nation, and "any nation with a weak or insufficient agriculture is in a dangerous situation indeed."

For a number of years, the American farmer will be kept pretty busy feeding the world, the handsome, healthy national lawmaker believed. "But tractor farming has been introduced to many nations of the world where before they used the ox team and even the shape-stick for the plow. In time, many of our customers will be partially or fully self-supporting as to farm products. Then, we in the United States must make use of our grain crops to make synthetic, rubber from industrial grain alcohol and better fuel by using a mix of industrial alcohol as has been developed in the war."

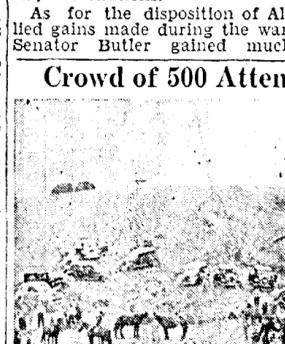

"A thousand and one other uses for the products of the soil will help to make us a prosperous agricultural people." Senator Butler has been doing much to aid the work of the American farmer. As a member of six major senatorial committees, Senator Butler has gained the reputation of being one of the hardest-yet "heard-of"—working men in the senate. The Nebraskan has mapped out two major accomplishments, on which he already has made much progress, including "electric service to every farm home" and "irrigation to every irrigable acre—and there are nearly a million of them in Nebraska."

As far as easing of shortages such as are confronting the American homemaker today, the Senator stresses, "Critical shortages will be a disturbing factor for a year or more. However, much is now being done to avert as much such trouble as possible."

For the nation's post-war foreign policy, Senator Butler believes in a policy of helping themselves instead of treating them as paupers forever. "We now have on our hands a WORLD-WIDE WPA to handle. My question is, can the United States taxpayer stand it? I want to be a good neighbor, but I don't want to give our own substance away to the point where we ourselves are one of the weak and struggling nations, for who then would save us?" "Let's be generous, but let's also be wise and careful," he cautions.

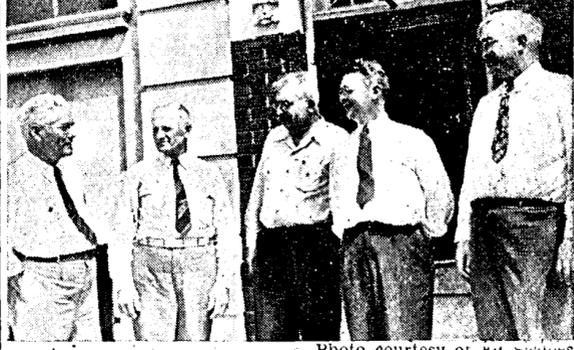

As for the disposition of Allied gains made during the war, Senator Butler gained much

## Crowd of 500 Attends Dearmont's Rodeo

When five hundred rodeo-hungry fans will drive many miles over sandhills and through canyons to an isolated ranch such as the G. L. Dearmont place southwest of Burwell, it is sure that Burwell's big rodeo has a great post-war prospect. That's what happened Sunday when Mr. Dearmont and neighbors gave a free rodeo. Young men and girls of the neighborhood were the only competitors and most of the program consisted of cow riding but the large crowd of rodeo enthusiasts present got much enjoyment out of it anyway. A portion of the crowd is shown in the Swopes picture above.

## Senator Butler Given Hearty Welcome in Ord

U. S. Senator Hugh Butler, who is spending the congressional recess by driving over Nebraska and visiting his constituents to find out what they are thinking as regards present problems, was given a hearty welcome when he visited Ord Monday. In the above group are, left to right, Senator Butler, County Clerk Leonard Woods, E. L. Vogelant, Clark Weckbach and C. J. Mortensen. The senator could be here only a short time but exchanged views on legislation with several people who were waiting at the post-office to see him, and also called on republican leaders.

## General Rain Still Needed for Corn Crop

A general rain still is needed to assure a corn crop in this area. The drizzle which started last Wednesday and continued much of the day and night brought only .12 of an inch of moisture, not enough to do appreciable good, it is stated by Horace W. Travis, official weather reporter here. The Arcadia locality fared better, getting .70 of an inch Wednesday and Thursday.

Ord got .18 of an inch early this morning and the rain was heavier to the northeast.

Threshing continues and the yield of all grains is living up to expectations, with 30 bushels or more to the acre the rule rather than the exception.

Corn is not being damaged to any extent by the continued dry weather because mild temperatures have prevailed but it is not making the progress hoped for. A 1 1/2 or 2 inch rain all over the county right now would give Valley a tremendous corn crop.

## OPA District Office Moved to Omaha

The ration board announces that the district office will now be at Omaha, instead of North Platte. This combination of two districts means that all reports and forms will be sent to Omaha. It is believed that this will take longer.

The second division of canning sugar is being mailed soon, and fuel coupons will be mailed as soon as they are received.

Clarence Davis left Saturday for Lead, S.D., where he will visit his mother, Mrs. Amanda Davis, for a few days. Mrs. Davis is over 80 years old and has been in poor health lately.

senatorial attention with his recent speech from the floor of senate. "I'm for retaining all of the islands so dearly won to thoroughly police the Pacific," the robust lawmaker asserts. The Senator expressed his regrets at not being able to personally meet and talk with everyone in the community. However, "I hope the people of this community remember that I am serving them to the best of my ability. Anytime I can be of service to any individual please contact my Nebraska office in the Terminal Building, Lincoln, or my Washington office as soon as I return."

## Fewer and Larger Farms in Garfield Co., Census Shows

The number of farms in the county of Garfield, as shown by the preliminary count of returns of the 1945 census of agriculture was 417, as compared with 490 in 1940 and 499 in 1935. This was announced today by Richard Sidwell, supervisor for the 1945 farm census in the Fourth Nebraska Census District with headquarters at Kearney.

The total land in farms in Garfield county according to the preliminary 1945 census count, was 363,087 acres as compared with 363,308 acres in 1940, and 337,845 acres in 1935. Average size of farms shown in the preliminary 1945 census count for Garfield county was 871 acres as compared with 741 acres in 1940, and 677 acres in 1935.

Forrest Johnson Hurt. While moving a large hog-head in the bake shop Monday Forrest Johnson wrenched his back severely and has since been in bed and under a doctor's care. Extensive repair and decorating work is being done at the bakery, both front and rear, during the absence of Baker Andreasen, who is on vacation.

School Situation Better. Thursday noon Miss Clara McClatchey, county superintendent, reported that the teacher situation in Valley county was much improved over last week when twenty more teachers were needed. If conditions continue to improve she expects that every school in the county will be ready to open on time.

In County Court. August 16th a complaint was filed against Earl Muncy charging him with assault and battery upon two girls, Dawn Covey and Carol Lee Jones. He appeared in court and the case was continued to Aug. 20, at ten a. m. His appearance bond was set at \$500.

## Hundreds Attend V-J Celebration in Ord Wednesday

Hirohito, Hitler Hanged in Effigy; Cheering Through at Program, Pavement Dance.

The welcome news that Japan had surrendered and that peace had again come to a war-weary world was announced at 8:00 Tuesday evening by President Truman and the announcement was the signal for a spontaneous celebration in Ord, as throughout the nation.

Within a few moments after the momentous news came, the city fire siren was screaming, church bells were ringing and the horns of a hundred automobiles were honking—telling the glad news in such strident tones that nobody could mistake the occasion.

Later the two city fire trucks led a parade through the business district and throughout the evening jubilation continued but not until Wednesday was Ord's official V-J day celebration held. By proclamation of Mayor M. B. Cummins, all Ord business places closed Wednesday and a program was held in the court house square in the evening.

There was band music with Lt. Dean Barta conducting in the absence of Dr. Glen Aulsebrook. Over the public address system Mayor Cummins and Ralph W. Norman, president of the Chamber of Commerce, welcomed a crowd of one thousand or more which filled the court house lawn and surrounding streets. Father Tom Siudowski gave the invocation and Rev. K. T. Cordry the benediction. There was group singing led by Dr. George Gard. And several soldiers and sailors home on furlough when peace came spoke fervently, telling home people how much they and their buddies welcomed the joyful news.

Later the fire department hung and burned in effigy Hitler and Hirohito and still later a pavement dance was held on the west side of the square, which was enjoyed by an overflowing crowd of dancers.

Spirits were high but it was an orderly crowd, filled with feelings of thankfulness at the end of 44 months of war and the knowledge that loved ones soon will be home.

Federal employees were given a two day vacation Wednesday and Thursday by presidential order, and consequently the postoffice was closed and mail carriers did not travel their routes.

Ending of the war is going to bring many changes to the home front, and quickly. Early Wednesday morning OPA announced lifting of gasoline rationing and also all rationing of canned goods and fuel oil. For the present controls will have to stay on tires, shoes, sugar, meats and fats, it was announced. End of tire rationing within 30 days and of shoe rationing not later than the first of the year is prophesied, however.

Seven million men will be discharged from the armed forces within the next 12 months, though a big army and navy will have to be kept to police Germany and Japan.

General Douglas MacArthur has been named to sign the surrender pact with Japan on behalf of the allies and also to take charge of Japan as military governor. Formal signing of the pact will occur Friday, it is expected.

## Pvt. I. B. Babcock Wins Purple Heart

U.S. Naval Hospital, San Diego, Calif.—Marine Private Iradell B. Babcock, 19, recently received the Purple Heart Medal for wounds suffered in action against the Japs on Iwo Jima. An infantryman attached to the Fourth Marine Division, Babcock was hit in the left arm by mortar shrapnel. The young Leatherneck lived in North Loup, Nebraska, prior to his enlistment in the Marines.

RUPTURE SHIELD EXPERT HERE

H. M. Shevnan, widely known expert of Chicago, will personally be at the Yancey Hotel, Grand Island, Tuesday only, August 21, from 9 A. M. to 4 P. M. Mr. Shevnan says: The Zoetie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days of the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevnan will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago. Large incisional hernia or rupture following surgical operation especially collected.

# . . . Lest We Forget . . .

In our joy and exuberation over the defeat of Japan let us not forget the price that Valley county and the United States paid for that victory, and for the victory over our Nazi enemy that preceded it. To the 24 Valley county boys who made the supreme sacrifice that we might enjoy victory and freedom, and to all the other Valley county young men and women who suffered wounds, hardships and privations, our thanks are due. ## Uncle Sam Pins Orchids On Local Women For Saving Used Fats!

Things have really been happening to fat-salvage-collection figures since town and farm women got busy on the job! Latest official government records show that their fat savings have left the excellent record of city women way behind.

But it isn't a drop too much. This year, we face a shortage of 1 billion, 500 million pounds of fats in domestic supplies. Tons more of war and home-front supplies made from fats are needed! Farm folks get more meat these days than most city people—so it's up to them to save the fats. Skim stews, soups, gravies. Scrape pans. Melt down meat trimmings. It all helps you fill the fat-salvage can, and you get up to 4¢ and 2¢ points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WFA and OPA. Paid for by Industry.

Abe Hagey accompanied Jess Wadell to Omaha Saturday and from there left for Savannah Mo., to receive medical aid.

Mrs. Christina O'Connor and daughter Alice, accompanied by Mrs. C. C. Hawthorne and Mrs. A. J. Meyer, spent Friday in Grand Island.

This community was shocked when it was learned that Mrs. William H. Gregory had passed away at the Clinic hospital in Ord early Sunday morning. Mrs. Gregory's health had been poor for the past few years, and Saturday morning she was taken to the hospital, where it was thought that blood transfusions might prolong her life, but they proved to be of no avail.

# FARMERS

These facts about  
**WHITE CORN** may mean  
**EXTRA MONEY** for YOU!

1. Because of unfavorable weather conditions every bushel of corn—and especially WHITE CORN—may be precious by October 1946. Order your white seed corn early to get wider selection of varieties.
2. WHITE CORN is an ideal crop to combat farm labor shortage because it can be left in the field until there's time to husk it.
3. In fact, it is good practice to take a moisture test of your corn before picking. If it tests too high let your corn remain in the field longer. Many farmers follow this practice and get better cribbing, higher quality, EXTRA PROFITS!
4. Because of PREMIUM PRICES WHITE CORN brings—you should make EXTRA DOLLARS in 1946 if you plant WHITE CORN next spring.
5. See your local seed corn dealer NOW. Don't wait—place your order at once for next spring delivery.

## MORE MEAT FOR THE PEOPLE OF THE U.S.

We congratulate the farmers of Valley county upon the wonderful crop of wheat, barley, oats and rye they have grown this year, and for the excellent corn crop in prospect. A bountiful crop of flour and feed grains means more meat and other foods for the people of the United States and of the world.

Threshing season is in full swing. Let our market help with your menu problems.

My Own Column By H. D. Leggett

Spain is making dire threats because, after being on the side of Germany during the war, all is not forgiven, and she is not called into the big-four conferences. Poor little Spain! This country can pick her up and spank her when the Japs are settled, and never miss the time it takes to do it.

As we wait the fore part of this week, for the Japs to decide what they want to do, someone suggests that another atom bomb or two might hurry them in making a decision. And if it wasn't for the chance of killing a fine white horse I might be a good plan to drop one in the vicinity of the imperial palace in Tokio.

If you think it is fun to be on a diet, just try it for a while. It might bother some people less than it does me, but all my life I have been able to eat all I wanted of everything I wanted, and now to be limited to a few things, which I never liked anyhow, well, what I feel like saying might not pass the censor of this column.

But it might be worse. Hard boiled eggs and tomatoes are good and I like them, or I did. But one can get sick of even ice cream if fed it three times a day. But really there are a lot of things that I can have, most meats, some vegetables, a few fruits, soy bean bread, uh. But no pie, cake, ice cream, strawberry short cake. And those are things I like. I like pancakes too, or did when I could have plenty of honey or syrup, but they don't go so good without those things.

But the really big joke is what ails me. It is either rheumatism, arthritis, neuralgia, or something akin, but no one knows what causes it, so of course don't know what to do to cure it. I am assured however that it is nothing serious and that some of these days it will leave as suddenly as it came and that I will be left wondering whether I really had it, so says one eminent M.D. No Doc. I will always remember that I had it but I will be glad to get rid of it and the sooner the better.

In the meantime I am told to work as little as possible, rest all I can, keep off my feet, because, they tell me, something

Happy Hour Club Meets Thursday afternoon, the Happy Hour Club met at the home of Mrs. E. W. Gruber. After a social hour, refreshments were served by the hostess. Mrs. Ed Zikmund was a special guest.

For Young People The Methodist Youth Fellowship sponsors, Mrs. Leo Long, Mrs. Mark Tolen, and John Haskell, treated about 30 young people to a picnic-style supper Sunday evening. Recreation was provided afterward.

For Gordon Sorenson Mrs. Carl Sorenson surprised her son, Gordon, on his 17th birthday Thursday by having 11 boys as guests at dinner and a movie.

Camp Fire Girls Stage Outing Tired, but happy, nine Cheskamay Camp Fire Girls rode back from their three-day camp at Ericson Wednesday afternoon. They had set out Sunday afternoon with their three leaders Armona Beth Martin, Mrs. Howard Huff, and

that has been coming on for several years while I was working long hours, is not going to leave in a minute. Now if my Doc would get wise to himself and order me to go up to Cullen lake for a few weeks there would be some sense to it. If he happens to read this, perhaps he will do just that.

Alfred Aagaard asked me if I could tell him a good definition for an old maid. Sure! An old maid is a woman who has made some man very happy by not marrying him.

And people are so thoughtless. Last week three Quiz subscribers, all of whose subscriptions expired August 15, wrote in letters to have their address changed. That makes me cut a new stencil. Then in a few days more they will pay up and I will have to do it all over again. Why inell, when people whose time is out and they are writing to have the address changed don't they include a check and save me a little time.

There are going to be quite a lot of unhappy people when this week's paper is not received by them. They were notified that their time would be out June 15, then they are notified again after that date, and now their name is off the list. And next week there are a lot of July 15 expirations who are going to miss their paper too. Uncle Sam says we must not keep on sending them after the time is out. We try to be fair and more, but we are busy the same as you folks and, knowing as you do that you will forget it when you come to town, why not mail a check in while you think of it. Look at the date on your paper now and do the right thing to keep it coming.

Social and Personal

So and Sew Meets So and Sew met Thursday with Mrs. Clarence Davis. Mrs. J.A. Raitt and Mrs. Bernice Brady were special guests. Sunday evening, the club held a picnic at the park for their families.

Mr. Davis Hostess Mrs. Clarence Davis was hostess at a Bridge party Monday afternoon. Out-of-town guests were Mrs. J.A. Raitt of Omaha, Mrs. Ruth Cushing of Lincoln, and Mrs. Kitty Kardell of Los Angeles, Calif.

Honors Birthday Mrs. Ivan Davis surprised her husband on his birthday Wednesday by arranging a dinner in his honor. After the dinner, the party attended the show.

4-H Club News The third meeting of the Valley View Stitches was held at Carol Benn's home. Three members were absent. At the meeting, they discussed making different stitches and the parts of a sewing machine. The lesson was to complete a pin cushion and a needle case. The next lesson is making a kitchen towel and the meeting will be at Rita and Patsy Wozniak's home. —Carol Benn, news reporter.

For Young People The Methodist Youth Fellowship sponsors, Mrs. Leo Long, Mrs. Mark Tolen, and John Haskell, treated about 30 young people to a picnic-style supper Sunday evening. Recreation was provided afterward.

For Gordon Sorenson Mrs. Carl Sorenson surprised her son, Gordon, on his 17th birthday Thursday by having 11 boys as guests at dinner and a movie.

Camp Fire Girls Stage Outing Tired, but happy, nine Cheskamay Camp Fire Girls rode back from their three-day camp at Ericson Wednesday afternoon. They had set out Sunday afternoon with their three leaders Armona Beth Martin, Mrs. Howard Huff, and

Sylvia Iwanski, their bedding rolls, a well-planned program, and much enthusiasm. The girls were Charlene and Joan Blessing, Rogene Rogers, Margaret Jane Heuck, Patricia Ball, Jean Huff, Marlene Norman, Marjorie Arnold, and Barbara Nay. After days packed with swimming, making smoke prints, stencilling, learning semaphore alphabet, and cooking outdoors, they were very much refreshed. In fact, they had many unusual meals planned including such items as bread baked on a stick, beans baked in a hole, and potatoes baked in clay.

Mrs. Bill Heuck and Mrs. Huff drove the girls to camp and Rev. McConnell brought the girls back from this annual excursion.

Entertains Friends Miss Nadine Noll entertained several guests Monday evening. Those present were, Hilda Lola, Adelaide Meese, Berniece Parkos, Betty Ann Puncoclar and Oneta Holmes of Arcadia, who is a guest in the Noll home.

## News of Our Fighting Men

★ Friday morning LaVerne Pelska drove Pvt. Cecil Lockhart, Pvt. Richard Petska and Pvt. George Hruza to Ft. Riley, Kans., after they had spent 14 days with their home folks. They finished their training as infantry replacements at Camp Maxey, Tex.

★ Sgt. Russell Johnson is home from twenty seven months of service in Africa, Italy, Sicily and France. Twenty four of those months he was with a grave identification group, whose job was to remove all personal effects from bodies of the dead and prepare them for burial. All these personal effects, and identification papers were placed in a small bag, properly marked and sent to Kansas City where they were later sent to nearest relatives of the deceased. Work of this kind was very nerve trying and three months before coming home Sgt. Johnson transferred to the infantry. In Africa he was with the Seventh army, in Italy with the fifth, and the 45th division. In France he was again with the seventh army. He earned five battle stars and had 96 points so was discharged when he reached Ft. Leavenworth. For weeks he had been waiting for transportation home and finally got a boat which took thirteen days for the trip. Landing in New York he was sent to Leavenworth. His wife, the former Myrtle Taylor, and three year old son Lyle, met him in Grand Island Wednesday and they spent three days there getting acquainted again, before coming to North Loup. They are undecided as to just what they will do but expect to go to Portland, Ore., soon, as Russell has been a victim of malaria and spent many weeks in the hospital. Doctors advised him to go to one of the northwestern states to regain his health. Sunday the family spent the day at his parents home, the Warren Johnsons, near Scotia.

★ Mr. and Mrs. Henry Benn were happy to have Capt. and Mrs. Dean Clawson and little Larry as guests the past week. Mrs. Clawson is the former Ruth Benn and she and her little son made their home at Benn's while her husband was over seas. He spent thirty-three months across a year in India and the balance in China, returning to the states in February. He is stationed at present at Camp Bowie, at Brownwood, Tex. where he is Staff officer at Regional Hospital. Capt. Clawson says Camp Bowie is a very busy place these days with the hospital full of returned wounded soldiers, a camp for soldiers enroute for Pacific duty and a German prison camp. He tells some very interesting happenings about his work here and when in China. The Clawsons left Thursday for Grand Island and Lincoln, where they will visit a brother and the parents of Capt. Clawson and also with Norma and Clarice Benn, sisters of Mrs. Clawson. Mr. and Mrs. Robert Clawson had planned a family reunion. They hope to have three of their sons and family but the fourth son will be unable to come since he is still a patient in a hospital in the Philippines. Sgt. Clawson was a prisoner of the Japs and as the result of cruel treatment and lack of food must build up to regain his eye sight and weight. Capt. Jack Clawson has recently returned from Cuba and hopes to have a furlough before going to the Pacific. The brothers have always missed each other on furloughs and this will be the first time they have been together for nearly seven years. Carol Benn accompanied Clawsons to Lincoln for a longer visit with them and to visit her sisters Norma and Clarice.

★ Ensign Orville Stoddard called his mother by long distance Tuesday morning from San Francisco. He has had contact with his brother Gerald and reports that he is safe and sound.  
★ Cpl. Donald L. Milburn, son of Mr. and Mrs. M. E. Milburn of Arcadia, was one of the group of men to lay the first communication lines on Mount Purro during the 38th Division's campaign on Luzon. The line was from the command post of the 163rd Field Artillery Battalion of the 38th Division to the forward observers. During the operation the men had to carry a 90-pound pack, which consisted of a two-day meal of "C" rations, bed rolls, and other items that would be needed. The only drinking water was the rain which they caught in steel helmets and water from the mucky streams which they purified with halazone tablets. From Mount Schmidt, they continued on their trek to Mt. Purro, which was another four miles. In most cases, C-47's had to drop the large reels of wire. The ascent up Mt. Purro was made over a narrow, tangled, steep trail with the men pulling themselves up using vines, trees and whatever else they could grab. Overseas more than a year, Cpl. Milburn served in Hawaii and New Guinea before arriving in the Philippines and is entitled to wear the good conduct medal, Asiatic Pacific and Philippine Liberation ribbons and three campaign stars.  
★ George Allen, jr. who has served with the Seabees in the south Pacific for the past 20 months, arrived here this week on leave, which he is spending with his wife, who makes her home at Loup City, and with his parents in Ord. George spent 6 months on Espiritu Santo, a small island in the New Hebrides group, and 14 months at Pearl Harbor. He is attached to a parts depot at which over 150,000 parts are carried in stock, the depot being the largest in the world.

## NORTH LOUP

People in North Loup took the news of victory Tuesday evening with great joy. Whistles blew, bells rang, horns blew and anything that would make a noise was put to use. With a population of 657, North Loup has nearly one hundred fifty of her boys in one branch or another of the service and with, so far, only two gold stars in the service flag, has much to celebrate. A program of prayer and thanksgiving has been arranged by the War Wives club for Wednesday evening at the Seventh Day Baptist church. All business houses were closed Wednesday afternoon.  
The past week has been an exciting one for the John L. Ward family. Mrs. Ward moved into their new home Thursday evening Mr. Ward finishing his work and arriving Saturday evening. Mrs. Ward's sister, Miss Myrtle Milligan of Grand Island arrived Saturday, and the two ladies celebrated their birthdays together Sunday. Guests were Mr. and Mrs. Elymer Cox, Mrs. H.H. Clement, Joan, Stephen and Mickey. Monday evening was Mrs. Ward's birthday and a group of Ord ladies surprised her for a pinochle party and lunch. Present were Mrs. Glen Johnson, Mrs. W.E. Lincoln, Mrs. Bob Hall, Mrs. C.W. Clark, Mrs. Leonard Luddington and Miss Dolse Waterman Tuesday. Mrs. Ward completed the purchase of their home, and Wednesday came their thirty sixth wedding anniversary, which they spent quietly at home.  
Rev. and Mrs. A.C. Ehret left Wednesday morning to spend two weeks in the Yellowstone National Park, hoping Mrs. Ehret may find relief from her hay fever which has been quite bad recently.  
H.H. Thorngate and Vesta arrived home from Loma Linda, Calif., on the Tuesday evening bus. Mr. Thorngate went out last winter to stay with Beecher VanHorn and daughter, Lida, for a time and Vesta went after the close of school.  
Sylvia and Judith Ingerson came home from Lincoln on the Tuesday evening bus. They had spent ten days there with the Rolian Owen family.  
Next Sunday will be Parents day at the Methodist church with parents welcome to the services, beginning at ten o'clock and lasting through the church hour. This service is to acquaint the parents with the work their children are doing in the church school.  
Mr. and Mrs. V.W. Robbins went to Omaha Tuesday afternoon to be there when the cattle Mr. Robbins shipped were sold.  
Sgt. Darrell Noyes spent part of this week here with his mother, Mrs. Freda Noyes, and other relatives. He is enroute from Kentucky, to Camp Beale, Calif., Tuesday evening. Sgt.

## Grains

As this is written there is an embargo on any wheat shipments to Omaha and most of the country elevators are filled to the limit. It is quite uncertain when grain will move freely to the large markets. It is to be hoped that the situation will ease off in a very short time; however if you have bins we believe it would be wise to bin your grain till this emergency is passed.

## Poultry Feeds

A very large supply of all kinds of poultry feeds on hand all the time. Get the habit of buying our good poultry feeds. They are top grade and you will like them, and you will always find a very good supply on hand.

## Alfalfa and Sweet Clover Seed

We will be in the market for any alfalfa or sweet clover seed that you have to offer and will pay the highest possible price. There are some new restrictions on buying alfalfa and sweet clover seed this year and we believe that you should acquaint yourself with these new rulings before you offer your seed to anyone.

## Monday, Sept. 3 Opening Date For Ord Schools

### 3 Changes in Teaching Personnel; to Register Preceding Week.

As has been usual for a number of years, the Ord public schools will open the first Monday in September, which is Monday, Sept. 3. Classes will meet at half hour periods during the afternoon for the assignment of pupils and for the checking of books. In the afternoon there will be no classes, but the principal and teachers will work out any changes necessary. Registration will take place the preceding week as has been announced in the columns of the Ord Quiz. Monday, August 27, is the registration for pupils in the 11th and 12th grades; Tuesday, August 28, is the day assigned for the 9th and 10th grades; and the 8th grades will be expected to register Aug. 29. Regular classes will start Tuesday, Sept. 4.

The kindergarten will include all children who will have completed the age of five years by Sept. 15, and any whose fifth birthdays come after that time will have to wait until next year. The kindergarten will be the same as it did last year, with the students attending in the afternoon only. Miss King, kindergarten teacher, will devote the forenoon to singing music in the grade room.

The following is the list of principal kindergartners, as given by the school census: Kenneth Lee Anderson, Robert Armstrong, Kenneth Lee Austin, Bert Bleach, Gerene Brown, Clara Carkoski, Deanna Frank Clark, Jr., Karen Hille Farmer, Ronald Hans, J. Higgins, Charlie Horner, and Ann Houser.

Teachers are asked to report on Saturday, Sept. 1, at 10:00 a.m. the grade teachers meet at the south school, and the senior high school teachers at the high school library. The principal of each building is in charge of these meetings.

Football practice starts the first of Sept. 22, under the direction of head coach, Alexander, Sr. The janitors, Messrs. Williams and Charles, of the high school and Mr. Jensen at the grade school, have been busy all summer cleaning, painting, varnishing and repairing the work and furniture.

Extensive repairs to the school, with an entire set of new floors; also new venetian blinds for the two high schools on the south. This is in line with the general policy of keeping all the regular shades and venetian blinds as fast as replacement is deemed necessary.

Thompson feels that the schools are indeed fortunate in that only three replacements have been necessary in the past year.

Meet in Texas. The Ord young men, Joseph Osolson and Adrain R. Setlik, at Camp Fannin, Tex., are both taking basic training, and had above picture taken. They will be in the Ord and enjoy it much. Absolon left for Texas last week and will be back in two weeks of maneuvers August 10 to 15. Setlik is the son of Mr. and Mrs. Joe Absolon, and Setlik is the son of Mr. and Mrs. Kjetsetlik.

## Verna Mae Gregory Passes at Arcadia

Verna Mae, youngest daughter of George and Elizabeth Butterfield, was born August 28, 1901, and departed this life on August 12, 1945, at the age of 43 years, 11 months and 15 days.

On August 11, 1920 she was united in marriage with William H. Gregory. On the day before her life ended here on earth, she and her husband observed their silver wedding anniversary. As a child, Mrs. Gregory, became a member of the Methodist church. Her life was deeply religious and she always gave of her best in whatever service she could render in behalf of her church.

She was a member of the American Legion Auxiliary and as long as her health permitted, was prominent in all activities. She was a wonderful mother, companion and friend to all, and anyone in need found her presence and hands comforting.

Besides her husband, she is survived by her children, Mrs. Leland Bauhard and Gilbert of Arcadia, Boyd and Beryle of the U. S. navy, Mrs. Arnon Paben and Paul, also of Arcadia. Her mother, one brother Lester Bly of Arcadia, three sisters, Mrs. Nora Gilbert and Mrs. Cora Garner of Grand Junction, Colo., and Mrs. Ruth Gilbert of Denver, Colo., and three grandchildren; also many friends and neighbors who will greatly miss her.

Funeral services were held in the Methodist church in Arcadia Wednesday afternoon at 2 o'clock, in charge of her pastor, the Rev. C. A. Busby. She was laid to rest in the family plot in the Arcadia cemetery. All arrangements were in care of the Hastings Mortuary of Arcadia. Music by Mrs. C. C. Weddel and Lowell Finney, accompanist, Mrs. Lowell Finney. The pallbearers were Clarence Starr, C. C. Weddel, Lyle Lutz, Ray Lutz, Lloyd Bulger and Max Wall.

## Fixtures Are Changed in 1st National Bank

Last week carpenters Toot Harris and John Snawerdt were busy tearing out and relocating the fixtures in the First National bank. This is being done with the view of accommodating the building to machine book-keeping, which was adopted some time ago, and which calls for a new arrangement of the interior.

The bank examiners arrived at the same time the carpenters did, but found the bank in good financial condition and were gone before the carpenters had finished. President Clark Weckbach and the other officers of the bank are to be congratulated on the improved appearance of the building.

## Oddfellows Initiate, Picnic Coming Soon

Last evening at the hall the Oddfellows held initiation ceremonies for a class of candidates. After the ritualistic work a lunch was served. The local lodge is looking forward to Sunday, Sept. 2, when they will be hosts to all the Oddfellow lodges in this section at a basket picnic in Bussell park. Lodges attending this picnic will include Arcadia, North Loup, Burwell and Ericson, as well as Ord.

## A. H. Hansen Barn Burns

The barn on the A. H. Hansen farm, north of Ord, in Garfield county, was found to be on fire late Wednesday afternoon of last week. It was too late to do anything about the fire, but two horses in the barn were saved. The building was a total loss, together with several loads of hay, some sets of harness and saddles. The building was partially covered with insurance in the amount of \$750. The origin of the fire is unknown.

## Cars Collide Thursday

Cars operated by Frank Golka and Martin Piskorski collided at the intersection of 15th and L streets Thursday. Neither driver was injured and the damage to the cars was covered by insurance. The Golka auto was coming from the north and when the owner tried to stop for the stop sign his brakes failed to stop the car in time.

## Ft. Hartsuff Recommended

Recently Dr. Glen Auble was in Lincoln, and while there had a consultation with both the president and the secretary of the state game, forestation and parks commission relative to Fort Hartsuff. Both men spoke highly of the possibilities of the fort for a state park. They also suggested that Fort Hartsuff is of great enough historic value to be of interest to the federal government.

Charlene Munn came home last week end before going back to Hastings college Sept. 10 to register for her sophomore year there. This summer, she was employed by the president of this college.

## Visitors Rewarded with 7½ Pounder

Photo by Ed Swopes. Last week while Edgar Nunns, of Omaha, and George Allen, Jr., were visiting here, their patience at fishing was rewarded with this 7½ pound channel catfish caught near Olean. Several smaller fish also were caught by them. Little Billy Nunns is shown with the fish in this photo.

## Cruzans Married 60 Years Monday

Have Lived in County for 52 Years; Have Five Grandsons in Armed Forces.

Mr. and Mrs. John L. Cruzan celebrated their sixtieth wedding anniversary Monday with open house in the afternoon. A large number of their friends called to congratulate them and wish them many more anniversaries. Many beautiful flowers and nice gifts were presented to them. A family dinner preceded the afternoon. Married in Polk county, Mr. and Mrs. Cruzan have spent most of their sixty years together in Nebraska. They lived in Colorado for three years and moved to Valley county in 1893 living on a farm northwest of North Loup and later on a farm in Mira Valley. In 1903 they bought their present home in North Loup and moved there. Mr. Cruzan followed his trade of carpenter till his age prevented much hard work. Now he does a good deal of cabinet work. They always raise a fine garden and their yard is always a thing of beauty. Members of the Seventh Day Baptist church, Mr. Cruzan has been one of its deacons for many years and both faithful to their church. Mr. Cruzan is 87 and Mrs. Cruzan 80 years of age and both are well preserved and in fair health for their years. They have two sons, Ira of Muskogee, Mich., Roy of Bridgeton, N. J., and two daughters, Mrs. Nema Allen of Monmouth, Ill., and Mrs. Edith Larkin of Culver, Ore. They also have fifteen grandchildren and eight great grandchildren. Five of their grandsons are in the service of their country.

## George Allen Burned by Defective Switch

City Manager George Allen was the victim of a rather unusual accident Friday morning while working on the wiring at the Saundee mills. A defective switch in the 440 volt circuit literally blew up in his face while he was inspecting it, causing serious burns.

He was taken to the Clinic Hospital at once, where it was found that the burns on his left hand were quite severe, while those on his face and right hand were superficial. Since then Mr. Allen has been going around looking somewhat like a mummy in his numerous bandages.

## Tax Collectors Auditing Returns

Four deputy tax collectors, Edward P. Curran of Greeley, Frank J. Sazama of St. Paul, and Chauncey Porter and Frank Copley of O'Neill are in Ord this week auditing and verifying income tax returns. They are located in the district court room. This is being done by these men and others in every county in the state.

## Bud Takes a Holiday

Bud Shirley is the oldest employee of the city of Ord in years of service as well as actual age. In his younger days Bud liked to take a few days off and take a trip over to the Cedar for a try at the funny tribe. Since he has been taking care of Bussell park his duties took so much of his time that he has not had a fishing trip in years.

However, he has been making plans for a long time, and so a few days ago he finally got off on his long deferred two-day outing. Report has it that he did everything a good fisherman is supposed to do, but long in actively must have made him forget his skill, for he spent the entire two days and didn't get a single fish, so we understand.

## In County Court

Earl Muncy appeared in court August 20, charged with assault and battery upon two girls, Carol Lee Jones and Dawn Covey, and was found guilty. His sentence was 45 days. Delbert Benson was arrested August 17 for failing to report an accident which occurred when he hit a car owned by Mr. Schmider of South Dakota with one of the Worm transports which he was driving. The car was parked in front of Mrs. Winnie Finley's, near the corner of 18th and L streets, on the highway. Benson appeared in police court August 20 and was fined \$25 and \$7 costs.

## Paper Drive Off

Since last week the fire chief has informed Chairman R. Clark Clement of the Valley county paper drive that the building where the paper was stored can no longer be used for storage, and until another place is found there will be no drive.

## Teddy Leggett Is Seriously Injured

Word was received here Tuesday from Cullen lake of a serious injury suffered by Teddy Leggett, second son of Mr. and Mrs. E. C. Leggett. The Leggett family left last Thursday for a vacation trip to the lake and were hardly located when the accident occurred.

According to the information received, the three boys, Kerry and Teddy Leggett and Tommy Anderson, were playing in the L. B. Fenner yard. There is a stone arch in the yard, and Teddy was standing under it with one arm around a pillar when the entire arch collapsed on him, literally burying him under several hundred pounds of rock.

He suffered broken ribs, a crushed chest, a basic fracture of the skull and is a mass of bruises. One ear bled profusely, and it is feared his hearing is affected. The doctors say that he will remain in a critical condition for two weeks. If he improves by that time he can then be moved to the cottage, but it will be at least two months before he can be brought home.

## V-J Day Changes Rules for Draft

Since the announcement of V-J Day, many questions have been asked about the change in duties of the selective service and the difference V-J Day had on drafting Valley county men and boys. Betty Jean Walker, clerk of the draft board, announced Monday that the selective service has made these plans effective immediately:

Valley county men over 25 years of age, even though they needn't file deferment papers any longer, and though there will be no action taken to draft them, will have to keep in touch with the draft board.

Boys from 18 to 25 years of age are asked to file deferment papers as they have in the past, if they expect to be deferred. No reduction has been made thus far in the Valley county quotas, announces the Nebraska headquarters.

## Old Age Pensions Will Be Increased

Neil C. Vandemoer, state assistance director, stated last week that revision of budgets of old age assistance clients, which will be completed within the next ninety days will add approximately a million dollars per year to the amount that recipients will receive, providing these increases are approved by the board of control.

## Floyd Melvin Bower Dies in Washington

From Mossy Rock, Wash., this week comes news of the passing there Aug. 10 of Floyd Melvin Bower, better known as Mel, who spent the greater part of his life in Valley county, most of it in the Davis Creek community.

Floyd Melvin Bower was born Feb. 28, 1878, son of William Allen and Mary E. Bower, at Fairfax, Mo., and passed away at his home in Mossy Rock, Wash., Aug. 10, 1945, aged 67 years, 5 months and 10 days. In 1892 he moved with his parents to Ord, Nebr., finally locating in the Davis Creek neighborhood, near North Loup. There he met and later married Alice Van Kirk. He made his home in the same neighborhood and helped build and maintain the United Brethren church there, where he was a faithful member for many years. He also did much in building up neighborhood society. He was always ready to help in sickness and sorrow when it came to others. In 1936 he moved to Mossy Rock, where his son had established a home. There he remained until his death. He leaves to mourn his passing, his wife, Alice; one son, Lewis; a grandson, Wayne; a granddaughter, Eleanor; three brothers, Lloyd of Pierson, Ia., Charles of Atwood, Colo., Ray E. of Ashland, Nebr.; two sisters, Mrs. Ollie Finch of Ozark, Mo., Mrs. Ethel Hagemeier of Rogersville, Mo., many other relatives and a host of friends.

## Severe Hail Storm Hit North Loup on Thursday Evening

Severe Damage to Crops At Scotia, Cotesfield and Near Farwell.

North Loup, Aug. 18.—(Special)—The worst storm of years hit North Loup Thursday evening, doing unestimated damage to corn and other farm crops and nearly ruining gardens in town. Parts of the same storm also hit Scotia, Cotesfield, Farwell and other sections, doing severe damage in all places.

At North Loup 23 windows were broken at the school building, several on the east side of the Babcock store building and the Babcock and White garage. Many trees were blown down. The storm struck at about 6:30 p.m. and lasted nearly 30 minutes, but only 65 of an inch of rain fell. Some hailstones as large as goose eggs and jagged and irregular in shape fell accompanied by a terrific wind.

The storm started at the Bud Knapp place near Olean and extended south for miles, following the course of the North Loup river. Hardest hit north of North Loup were the Jim Johnson farm and the J.D. McColl farm, where the corn is a 50% loss. Gus Wetzel's truck garden east of town was entirely ruined and this will mean a shortage of fresh vegetables for the entire community. His tomatoes were just beginning to ripen.

A large hay barn in the Vern Robbins feed yards was blown down. West of North Loup only a short distance damage was slight, and in Mira Valley not enough rain fell to halt threshing. The PCT evening bus was in Scotia when the storm struck and remained until the hail ceased. Bread shipped on top of the bus because there had been no delivery Thursday was soaked and mostly ruined.

Across the river damage was also severe. At the Mrs. Addie Gowen farm eleven half grown turkeys were killed. Damage was even greater at Scotia where the storm developed its full fury. As much damage to corn resulted from the high wind as from the hail, many of the fields being flattened to the ground.

## Active Duty Men Now Eligible for Legion Members

For some time it has been known that men having service in World war two and having received a discharge are eligible for membership in the American Legion. It may come to many as a surprise, however, to know that with the cessation of hostilities all men on active duty with the armed forces immediately became eligible for membership.

This is the gist of a letter sent out by department headquarters of the American Legion, in which National Commander Edward N. Scheiberling is quoted as saying: "Attention is called to the provisions of the national charter, wherein persons remaining in the armed forces after cessation of hostilities become eligible for membership in the Legion, prior to discharge or separation from the service."

Thus when Japan surrendered she automatically made nearly twelve million service men eligible for membership. It is not necessary to contact the service man, or woman, to have them join the Legion, as they can become members by having parents or other relatives or guardians pay the membership fee in their local post.

Legionnaires of Fidelity Post No. 38 Ord, are taking an active interest in this provision of the Legion charter, and are forming plans for a huge membership campaign. Any Legionnaire will be glad to give you information on this subject, but the local adjutant, Herman Behrends, is the man who takes your money and issues the membership cards.

Mr. Behrends has set up his headquarters in the Charles Emig building occupied by the Army Goods store and will be located there for the remainder of August at least. He reports the new members are signing up every day and that the post should reach a new high in membership early this year.

Irrigation Meeting. Judge Clifford H. Stone, of Denver, Colo., will address a group in St. Paul August 28 on the possibilities of the Loup river basin. The meeting will be at the Legion hall at 8 p.m., and the public is invited to attend.

## Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

WHOA! Now get ahold of yourself and stay on the ground, for the bottom isn't going to drop out from under you just because the war is over. You will notice that the sun comes up just the same as it did before and you may be surprised to find that land prices have gone up sharply before you know it. Let us show you some land that is still cheap, with low interest rates and long time to pay. We have several real bargains.

## FOR CAR PERFORMANCE

# At its Best!

change to **CHAMPLIN**  
**HI-V-I MOTOR OIL**

For best performance, your car needs a HIGH VISCOSITY INDEX oil. For only a HIGH VISCOSITY INDEX oil is thin enough to penetrate in between close-fitting, moving parts, yet TOUGH enough to stand up and not break down under terrific temperatures, high speeds and pressures.

Champlin HI-V-I, as the name implies, is a HIGH VISCOSITY INDEX oil. Refined by an entirely new and different dual solvent process... from 100% Paraffin Base Mid-Continent Crude... the finest obtainable... it's a real fighting aviation oil. It provides motors on the ground, the positive lubrication essential in the sky.

And Champlin HI-V-I is so clear, so pure, so free from carbon, tar, and gum, it washes away sludge and other power-robbing formations. This helps prevent stuck valves and pistons... reduces blow-by... restores compression. Naturally, oil consumption definitely is reduced.

So for car performance at its best, make sure the next oil you buy is a HIGH VISCOSITY INDEX oil. Specify Champlin HI-V-I. Now available from friendly Champlin service stations and dealers.

—Mr. and Mrs. Lyle McBeth and son Jack, of Seminole, Okla., arrived in Ord Friday for a visit with Mr. McBeth's parents, Mr. and Mrs. M. McBeth. Lyle was discharged from the armed forces July 31, having served with an engineers construction battalion since January, 1943. During that time he was 16 months overseas, nearly three months of which he spent on Okinawa, where he found it plenty hot in more ways than one. He will report back to Seminole before Oct. 1, at which time he takes back his rural carrier job there, which is being handled by a substitute while he is away.

**CANNING METHODS**

**Boiling Water Bath**—For canning fruits and tomatoes.

**Hot Pack**—Prepared fruit is covered with boiling syrup or water and cooked slightly before packing in jars for processing.

Recommended because more adequate sterilization is possible; jar space is economized because fruit can be more tightly packed due to preshrinking; thus fruit floating is minimized.

**Cold Pack**—Prepared fruit is packed into hot sterilized jars, covered with boiling syrup or water, and processed.

Less efficient, because adequate sterilization is more difficult, fruit floats because as it cooks it rises to top of jar.

**Processing**—Filled jars, with lids adjusted, are submerged in hot water in a deep kettle fitted with a rack. Water covers jars by at least one inch. Count processing time when water begins to boil.

**Pressure Cooker**—(Be sure to have pressure gauge checked for accuracy.) This is the only safe method of canning meat, fish, poultry and all vegetables other than tomatoes. Other methods give inadequate sterilization of these foodstuffs; food poisoning and botulism may develop. To be completely safe, boil home-canned corn and greens 20 minutes, all other vegetables, except tomatoes, meats, poultry and fish 10 minutes in an open kettle before testing or serving. Reboil leftovers same length of time before using. Such boiling will destroy botulism poisoning if it should be present.

ARCADIA

Mr. and Mrs. A. E. Chase of Loup City are celebrating their golden wedding anniversary on Sunday, Aug. 26. They would like their friends to call between the hours of 3 and 7 without further invitation.

Frost - Newman.

Mr. and Mrs. J. G. Frost of Arcadia announce the marriage of their daughter, Eileen, to Sgt. John Newman. The ceremony was performed on July 7 by Rev. Schwabauer at the Methodist parsonage at Sidney.

The bride wore a street length two-piece crepe dress of beige and red. She wore a corsage of gardenias and tallsmann roses. The bride is the youngest daughter of Mr. and Mrs. J. G. Frost. She attended elementary school in Stuart, but graduated from the Loup City high school

with the class of 1939. Following graduation she was employed at Emmett, Ida., and later at Chicago. For the past two years she has attended Union college in Lincoln. She was employed at Sidney this summer and was staying at the Schwabauer home.

The groom is the son of Mr. and Mrs. H. E. Newman of Stuart. He is a graduate of the Newport high school and Chadron State Teacher's College. He taught two years on the Pine Ridge reservation before enlisting in the army air corps in May, 1941. He received his military training at Lowry Field and spent 30 months overseas in the China, Burma, India theatre. Upon his return to the States he was stationed at Lowry Field where he is now stationed.

Sgt. and Mrs. Newman are making their home in Denver.

Mr. and Mrs. J. G. Frost received word from their son, Pfc. Lynn Frost, saying he is stationed in Panama.

Victor Olson and son, Wayne, and Mrs. Elmer Olson of Monte Vista, Colo., and Hazel Bouma, of Kimball, came Monday evening for a visit with the ladies' parents, Mr. and Mrs. Namen Bouma, and other relatives.

T. Sgt. Nile H. Frost left Sunday morning for Del Rio, Tex., after spending his furlough with his parents, Mr. and Mrs. J. G. Frost. He was accompanied as far as Camp Wolters, Tex., by Leslie Landon, who will visit his son, Pvt. Donald Landon.

Francis Kerchal, daughter of Raymond Kerchal, was united in marriage to S. Sgt. Gene Haddix of Loup City last Thurs-

day. Sgt. Haddix entered the army in Oct., 1941, and spent 40 months in the South Pacific. He took part in all major campaigns from Guadalcanal to the Philippines and has now been discharged.

Mr. and Mrs. C. C. Weddel drove to North Platte Sunday for a short visit with their son, Max and family, and to see the new grandson, who has been named James Roy.

Mrs. Marie Dillin, assembly vice-president of the Rebekah lodge, came from North Platte to conduct a special school of instruction Monday evening.

Our Fighting Men

M-Sgt. and Mrs. Clarence Fox, Jr., recently have been visiting their parents, Mr. and Mrs. Arnold Bredthauer and Mr. and Mrs. C. E. Morris of Grand Island. Sgt. Fox arrived in the states July 4 after 19 months overseas duty in England. He was a squadron inspector of the flying fortresses, or B-17's. During his 30 day furlough they and Mrs. Gerald Helie, formerly Mary Fox, accompanied Mrs. Leonard Wells of Cotesfield to San Miguel, Calif., where her husband is stationed. Later they went to Tacoma, Wash., to visit his sister, Mrs. John Mrky and family. They also got to see their brother, Marvin Fox, who just returned home. He is now honorably discharged after seven years service, three years overseas duty. Mr. and Mrs. Marvin Fox accompanied them back home to visit their parents and a sister and her husband, Mr. and Mrs. Tim Morrison of Des Moines, Ia., for the first time in seven years. M-Sgt. Clarence Fox reports back to Ft. Leavenworth, Kan., and then goes to Tampa, Fla., for reassignment.

Pfc. Lavern E. Zlomke will not soon forget the action he went through at Crallsheim, Germany during the closing days of the European war. With a slim section of his battalion of the Tiger division, he went through sniper and other small arms fire, left the highway to avoid air attacks, in order to reach Crallsheim, where combat command "A" was cut off by a strong German force. Upon arrival the medics selected the local theater as a treatment station and took care of all the injured men for more than 36 hours in the midst of heavy shell and mortar fire. Later a convoy of ambulances evacuated every wounded man from the Crallsheim theater of operations without a single loss. Pfc. Zlomke is the husband of Mrs. Alice M. Zlomke of Ord.

Sgt. Emil John, son of Mrs. Mary John of Ord, was recently awarded a combat infantry badge at O'Reilly general hospital, where he is a patient. This badge is awarded to members of the armed forces of the United States for satisfactory performance of duty in ground combat against the enemy.

Sgt. and Mrs. Verl Timmerman of Corpus Christi, Tex., were in Ord for a two weeks furlough. Verl was given this furlough to help his father, Ed Timmerman, out on the farm in the rush season. His wife, the former Myrtle Auble, spent most of her stay with her parents, Mr. and Mrs. L. J. Auble.

Lt. and Mrs. Boyd W. Rose announce the birth of a son, Kenneth Allen, Aug. 15, wt. 8 lbs., 11 oz. Mrs. Rose is with her parents at 7 Giralda Walk, Long Beach, Calif. Boyd is in the Pacific. He has been in the vicinity of Okinawa since May. He received his promotion to lieutenant the first of August.

Mr. and Mrs. R. N. Rose hear from their son, Milo regularly since the winning of Iwo Jima. He has been in a rest camp somewhere in the Hawaiian Islands. He has been attending driving school and has been promoted to private first class. He thinks he will get to come home for Christmas, now that the Japs have surrendered, and his parents hope it will be even sooner.

Pvt. Richard Rathbun arrived home August 10 from Camp McClellan, Ala. When he reports back August 25, he will go to Camp Rucher, Ala.

Pfc. George Knecht is in the Hawaiian Islands, on the Island of Oahu, reports his wife.

Friday, Mrs. Raymond Kerchal and Mr. and Mrs. Rudolph Hosek took Pfc. Raymond Kerchal as far as Grand Island where he took the train for Kearns, Utah, an overseas replacement center. After being stationed at Midland, Tex., as an air corps instructor, Pfc. Kerchal spent his 15-day leave in Ord and Arcadia. Mrs. Kerchal, who was formerly Lydia Hosek, and son Dennis Ray, are staying at the home of her parents.

Pvt. Dorothy Albers sent word of her arrival back to her station in Washington, D. C., where she is working in the army intelligence. Mr. and Mrs. Alfred Albers took her to Grand

Island last Wednesday evening to catch her train. During her furlough, she and her mother went to visit Mrs. Albers' mother, Mrs. Antonia Novak, living at Central City.

Baker 1-c Jason Lathrop is home on leave, visiting his wife and family. He disembarked recently at San Francisco after having seen service in the navy in Hawaii, the Philippines, and elsewhere for over two years. He reports to Omaha after the first of Sept.

S 2-c Allen Maxfield, Jr., is home on leave from New York City and is visiting his parents, the Allen Maxfields, of Burwell.

Clinic Hospital Notes.

Medical patients at the hospital are Mrs. F. H. Stevens, of Taylor, Mrs. Archie Snow, Brewster, Mrs. Joe Ptacnik, Elyria, and Ed Barrett, Ord.

Patients who have undergone surgery in the hospital are Loretta Taylor, Burwell, Adele Parkins, visiting from

In Honor of Birthday
A picnic Thursday evening was held at the park in honor of Mrs. C. W. Weekes' birthday. Those present were Dr. and Mrs. C. W. Weekes, Dr. and Mrs. George Parkins, Mrs. Lyle Smith and children, Mr. and Mrs. Sam Smith, Donald, Kathryn, and Leona Guggenmos, and Norma Blaha.

Family Reunion
Some of the children of Mr. and Mrs. J. D. Albers gathered for a reunion at the home of

Mrs. Lena Meyers a week ago. Besides the families of Richard Albers, Loyal Meyers, and Alvin Travis of this community, there were present from out-of-town Oscar Albers of St. Helen's Ore., Pvt. Dorothy Albers, of Wash., D. C. and Cadet Nurse Muriel Grote of Bruning, Nebr.

Pvt. Albin Dobrovsky, son of V. J. Dobrovsky, and Lucille Brand, daughter of Mr. and Mrs. Walter Brand of Hastings, were married Thursday evening by Judge John L. Andersen, at the home of the groom. At the double-ring ceremony, the bride wore a full-length dress of white lace and carried a rose and gardenia bouquet and a handkerchief of her grandmothers.

The bridesmaid, Regina Dobrovsky, sister of the groom, wore an aqua gown with a corsage of pink roses. The best man was Joseph Dobrovsky.

At the ceremony, Mrs. Robert Willhite, who was the pianist, played a wedding march and "I Love You Truly." Adolph Urbanovsky played several selections on his piano accordion.

A three-tier wedding cake with a bride and a soldier groom decorated the table of the tea which followed the service.

The groom graduated from Ord High in 1935, and has been in the armed forces since Dec. 1943, attached to the 7th army. The bride graduated from a Grand Island high school in 1939 and from Mary Lanning Memorial Hospital school of nursing in 1943. After graduation, she worked at Oxford General Hospital at Oxford, Nebr., and the Hastings State Hospital at Ingleside, Nebr.

Out-of-town guests at the wedding were Mr. and Mrs. Walter Brand of Hastings, Neb., Mrs. Sylvia Willhite of Craig

Colo., Mrs. Bertha Attermilles of Grand Island, Raymond Foral of Wyo., Miss Chalupa of Sargent, and Mrs. Glen Barnard of Bellingham, Wash. The couple plans to live in Ord when the groom is discharged from the army.

PERSONALS

Duane Wolfe is visiting this week with his uncle, Carl Wolfe, in North Loup.

Mr. and Mrs. Richard Prien are the proud parents of an 8 1/4 pound baby girl who arrived August 17 at the Ord Hospital, Dr. C. J. Miller in charge. She has been named Peggy Louise, being named for her mother as well as for grandmother Houtby.

Mr. and Mrs. Frank Fafetta, Jr., Mrs. E. W. Gruber, and Mr. and Mrs. Frank Fafetta Sr., spent Sunday in St. Paul visiting a sister of the elder Mr. Fafetta. Frank continued on to Grand Island to his work there, and the rest returned to Ord that evening.

Lola Greahouse, Betty Cain and Donna Simpson, all of Burwell, were visitors in Ord between buses Tuesday.

Mrs. Bud Martin was at the bus depot Tuesday evening to meet a cousin, Leonard Chittenden of Tecumseh, who was coming for a few days visit.

Word received by his son, LeRoy, states that Harlan T. Frazier is improving steadily at Rochester, Minn. He was able to leave the hospital several days ago, and is resting in bed at his hotel.

Mrs. Ed Roesler was called to Grand Island last week to attend the funeral of a sister, Mrs. Henry Gudenrath. She returned to Ord Tuesday evening.

G. M. 3-c Otho Ferris arrived in Ord from San Diego Tuesday noon and will visit his parents, Mr. and Mrs. Arthur Ferris and brother, Kent Ferris and family until Friday, when he will go to Lincoln and from there to Chicago for reassignment to the shore patrol.

Saturday Mrs. F. J. L. Benda received a cablegram from her people in Czechoslovakia, informing her that they were

well. This is the first word she had received from them since the German occupation in 1939, and the news was most welcome. The cable was sent Friday and arrived within 24 hours. She wanted to reply, but no cablegrams are being accepted at present for transmission to Czechoslovakia.

Loreen Rose and Betty Ann Hasek returned from Denver Monday evening, where they had spent ten days seeing places of interest and visiting Loreen's sister, Mrs. Oscar Hansen and family. Mr. and Mrs. Ronald Rose drove to Grand Island to meet them. The girls report a very pleasant time.

ALL-RISK INSURANCE FOR YOUR WHEAT CROP!

The New Federal Crop Insurance Protects The Business Of Farming Against Unavoidable Hazards

It Insures Your Wheat Crop Against Damage From . . .

Drought Winterkill Hail Floods Wind Lightning Insects Wildlife Fires Plant Diseases Other Natural Causes

DUE TO THE HIGH PRICES OF WHEAT EVERY FARMER SHOULD PROTECT HIMSELF WITH INSURANCE.

There is still time to buy this All-Risk Protection on your 1946 wheat crop. Anytime before you plant or before Sept. 1.

SEE THE COUNTY AAA OFFICE OR AN AUTHORIZED AGENT

FOR MANY YEARS, just about every kind of business except farming has been able to insure itself against loss or damage from uncontrollable causes . . . against the unexpected disaster of fire, storm, or other quirks of fortune. Even the farmer's crop could be insured in transit, in storage and in processing . . . AFTER it left the farm.

Now, through Federal Crop Insurance, farmers can protect their wheat crop from damage by unavoidable natural hazards. It is sound planning for farmers, like other businessmen, to protect their investment. Federal crop insurance gives this protection . . . from planting to harvest.

Crop insurance is good business for both the farmer and the community. Anything that protects the investment of the farmer . . . assuring him a return from his year's work . . . protects the business and welfare of the community. Agriculture is the backbone of a prosperous community and a sound country.

WE HOPE YOU NEVER HAVE TO COLLECT. No one who carries insurance hopes to collect on it. Likewise Federal crop insurance is not a profit-making proposition—for either the farmer or the Government. But all-risk crop insurance is protection against complete loss of your investment, against worry, against uncertainty, against wrecking of your plans.

Jr. Red Cross News.

Over four thousand items were shipped out by the county Junior chapter the past twelve months, either to headquarters at St. Louis, or upon receiving instructions from there, sent direct to points of need.

All but three of the country schools of the county were enrolled in Junior Red Cross last year. These along with members of all the county's town schools have cooperated in various ways with Mrs. E.L. Kokes, county chairman, to fill as much of the quota expected as possible.

The county membership of 1474 combines the 460 high school students with over a thousand grade room pupils to help add up the 18 1/2 million members of the largest youth organization in the world.
The service may be the production of holiday articles for hospitalized soldiers, flannel washcloths for field hospital use, wooden games of exacting size for recreation rooms.

As the opening of school approaches, there is a new quota of "service requests" to the Valley County Junior Red Cross from area headquarters. These will be shared by rural and town schools.

5 Good Country Tricks for Saving More Used Fats

THIS year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our worst fat shortage since the war began.

- 1. FRIED SALT PORK—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
2. DEEP FAT FRYING—use the fat over and over; but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
3. ROASTS AND CHOPS—save all trimmings (scraps from plates, too). Keep them in a small bowl; once a week melt them down.
4. SAUSAGES—they're better if you parboil them first. Skim the fat off the cooking water—scrape the fat from the frying pan.
5. CHICKEN SOUP—chill it before you use it. Scoop off the hardened grease (soup tastes better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and up to 4¢ for every pound of used fat you turn in.

SMITH-HUGHES AGRICULTURE AND HOME ECONOMICS

Just recently the college has made arrangements with the University of Nebraska whereby those who plan to prepare in Smith-Hughes Agriculture and Smith-Hughes Home Economics may take their first two years of work in Kearney.

Freshman Orientation Program Begins September 3
Professor Harold E. Cerny, who developed the well-known Kearney Symphony, is returning to the college. His specialty is the strings. Voice, piano and pipe-organ instruction is available.

A College Education Is A Preparation for THE LIVING PRESENT

The Nebraska State Teachers College at Kearney offers to the youth of this area an excellent opportunity to prepare for living in a complex social order. Library and Laboratory facilities are exceptional. While courses are planned to prepare teachers for the schools of Nebraska, courses in pre-law, pre-engineering, pre-medic, pre-dental, pre-nursing and many other fields are available.

More Power Needed
More power, by one-third, is required to pull a mower with a dull sickle and poor guards than to pull a well-adjusted mower that has a sharp sickle. The University of Wisconsin found that the draft of a 5-foot mower in good condition was 455 to 478 pounds. With a dull sickle and bad guards, the draft was 531 to 718 pounds.

## Monday, Sept. 3 Is Opening Date For Ord Schools

(Continued from page 1)

the teaching personnel of last year. Replacing Mrs. McClure is Mrs. Iris Clark of Scotia, who formerly taught home economics in Ord for three years, but spent last year on the west coast.

Miss Maude Holden of Grand Island replaces Margaret Morton in mathematics. She comes to Ord from Tecumseh, Neb. She received her masters degree this year at the University of Nebraska summer school.

A list of educational films for both junior and senior high school and for the grade schools has been worked out, and these will average about eight films for all schools a week. These continue throughout the entire school year and include animal and plant stories as well as an occasional cartoon in the grades.

In the high school department the films include subjects of special interest to agricultural students, to manual training groups, to the home economics classes, to the athletics department, as well as teaching history, geography, astronomy. Visual teaching has long been recognized as most effective and interesting to the student.

The following is the list of teachers in high school and junior high: C. C. Thompson, school superintendent; F. L. Stoddard, high school principal; Alex. Cochran, manual training and athletics; J. A. Kovanda, vocational agriculture; Dorothy Auble, English, vocal music; Marjorie Fouts, science; Frances Hornick, English, Latin, Journalism; Helen Kopecky, commercial; Elizabeth Lukes, Jr. high mathematics, English; Mrs. Iris Clark, social science; Maude Holden, mathematics; Rosalind Northway, Normal training; Rachel Shaffer, Vocational home economics; Glen Auble, band.

In the grade school Miss Inez Swain is principal and second grade teacher; Irene Anderson, third; DeJoris Donelson, first; Mrs. Evelyn Jeffries, fifth; Irma King, kindergarten; Lucy Rowbal, fourth and Mrs. Lois Strong, sixth.

## In Armed Services

★ The following letter from Sgt. George L. Burrows explains itself: To the editor and staff of the Ord Quiz and to my acquaintances of its circulation: I wish to request you to discontinue sending your fine little paper to me as I am now in a redeployment center and can receive no mail. After nearly 27 months over here with a combat fighter group, which has received 7 major battle combat stars and three presidential citations; shot down between 750 and 800 enemy aircraft; and for 60 days after D-day carried nearly half of all bombs carried by the Eighth Air Force Command which at that time consisted of 15 groups. I am on the way home. "What a feeling!" From the news it looks like it will be over very shortly in the Pacific and the men over there can look forward to getting back also. I realize the problems that will arise from too fast demobilization, but I also know the feelings of the men away from home and I hope they may all be back home soon. I am hoping to be in the states within 30 days. I suppose quite a few of the men are already back and plenty glad to be there. I can't tell you how much I enjoyed receiving your paper these last two years, even though some were three or four months old when I got them, and some I never did get. I think the "News from our Fighting Men" was what I enjoyed most. But please quit sending it now, as it will only be unnecessary on our already congested mail lines. Hoping to see you soon.

Sgt. George L. Burrows

## LOCAL NEWS

—Ed Boyer, Sargent plasterer, is in Ord working on Ellis Carson's new home at present, and staying at the Henry Creemen home. Mr. Boyer, who is nearly 78 years old, came out of retirement during the war and has been plastering all through this territory to help out the war effort.

—Mary Sutton, of Arcadia, has been visiting Inez Swain and Lucy Rowbal for some time this summer and returned to her home last week. Miss Sutton teaches in the Arcadia city schools.

—In the list of the 500 lucky Nebraskans whose names were drawn for the deer hunt in the Halsey forest Dec. 1-21 inclusive were L. J. Auble, Dr. C. J. Miller, James Aagaard, V. A. Andersen, Emil Kokes, Chester Austin, J. A. Kovanda, Ed Gnaster, Thorvald Aagaard, D. E. Troyer, Donald Patrick, John J. Kokes, Guy Burrows, and Floyd H. Harris. Also selected were W. H. Schudel of North Loup, K. W. Peterson of Sargent, and a former Ord boy, Oliver Collison, now of Campbell.

—A. W. Pierce went to the Black Hills the latter part of last week for a few days vacation. The trip ended rather abruptly when he became seriously ill with liver trouble. He was brought back to Ord in the Hastings ambulance early Monday, and is feeling somewhat better as this is written, although he is still in bed.

—Mrs. Arthur Pearson and children, of Arcadia, visited at the Mel Rathbun home the last part of the week as her brother, Pvt. Richard Rathbun, is home on furlough.

—Mr. and Mrs. Charles Hackel are the parents of an eight pound baby boy. He arrived at 2:30 a.m. Sunday at the Ord Hospital. The little fellow was named James Russell.

—Mrs. Charlie Sebek and Elaine, of Wilbur, left for their home today after spending a week visiting her parents, Mr. and Mrs. John Seveker.

—Loreen Rose and Betty Ann Hosek have been visiting in Denver the past week and a half. They have been staying with Loreen's sister, Mrs. Oscar Hansen and her family.

which they were directed by Wilma Klanecky and Dot Kokes who accompanied them as sponsors.

Mrs. Ed Gnaster and Mrs. George Walker made the drive Thursday morning to take the girls to Ericson. Late Saturday afternoon, they returned to join in a picnic supper there and bring the girls home.

In adding up the experiences and benefits, the sponsors reported merits in Okihl to the following: honors, Karen Burrows; Disposition, Marianne Gaster; humor, Bernice Walker, industry, Dixie Stone. Members of Eluta who deserved special mention were Betty Lu Anderson for exercises; Lavone Stoe for first aid; Shirley Nelson for records; and Vivian Zulkoski for wood gathering.

The local council of guardians hopes that next year all the Camp Fire groups may plan a camp festival together. The training obtained in cooperative outdoor living and simple food and comforts is very valuable to the girls, and camping is a pleasant way to get such training.

## Visits After 35 Years.

Mrs. Bertha Hurlbert Weaver, daughter of Mr. and Mrs. E. Hurlbert who lived in the Rosevale neighborhood some forty years ago, drove down from South Dakota Monday and visited in Burwell, at Rosevale, and in Ord Monday evening and Tuesday. She lives near Witten, but states that her crops were hailed out this year.

Enroute to Omaha she decided to revisit the old neighborhood after 35 years absence. The only old friends she knew were Elmer Hallock and Thead and Ona Nelson at Rosevale, the Hallocks and Heitz families in Burwell. She hardly recalled anybody in Ord except Mrs. W. W. Haskell. She asked the address of some of the old timers who had moved to California, as she may move out there.

She asked especially about the Ord Business college, which flourished for a few years more than 40 years ago, but most people had forgotten its existence. Mrs. Weaver was a student there, and the training she received enabled her to earn a good living many years afterward, she says. She recalled that Lawrence R. Bright was the last president of the college.

## Pawnee Wheat

We have arranged for some Certified Pawnee Wheat. If you are interested in some of this new Seed Wheat let us have your order. The Pawnee Wheat is a new variety and it has been a very satisfactory wheat wherever it has been tried out. The seed that we have arranged for is all Certified.

## Sweet Clover Seed

We are in the market for any Sweet Clover Seed that you have to offer and we will pay the highest cash price for this seed. We are in position to furnish bags to use when threshing this clover seed and will send a truck out for the seed when threshed, if 50 bu. or more.

## Alfalfa Seed

There will be a big demand for your alfalfa seed this year. Save all the acreage that you think will make seed. The price is high, there is a good payment for harvesting and another payment per lb. for all clean seed that you sell to processors.

## Feeds

We carry a very complete line of Poultry, Hog and Cattle Feed, and can take care of most any order that you need. We believe that it would be to your advantage to place your order soon for Protein Feeds. We have several carloads of Linsoc coming in during Oct., Nov., and Dec. There is a possibility that Soy Bean Meal and Pellets will be very scarce this year. You can buy Linsoc now and take delivery when the car arrives this fall.

Football At Ord Promises To Be Fast This Year

Cochrane Has Fine Lineup; Several Regular Men are Out With Injuries.

In spite of the fact that several good men are out of the lineup with injuries, Coach Alex Cochrane and assistant Coach Hiding Pearson, believe that the Ord high school football team will be equal to the usual high standard this year.

Football practice started the evening of August 22, with a good attendance. The following players have checked out equipment: Tom Tolen, Bob Parks, Roger Miller, Jay Stoddard, Roger Dahlin, Leonard Avra, Lloyd "Babe" Hurlbert, Merritt Jenison, Willard Stowell, Jay Timmerman, Joe Lola, Lloyd Lehecka, Arthur Larsen, Paul Laursen, Byron Petersen, Ayle Manchester;

The following have also checked out equipment but have not yet reported for practice: George Dworak, who has had a touch of blood poisoning, and Johnny Hannah, who has a bad case of ivy poisoning. Hugh Cahill, regular quarter back of last year's team, is unable to play, due to a back injury. He will go to Omaha Thursday for a re-check by his doctor.

Martin Piskorski, reserve end last year and expected to play a regular this year, is in the hospital recovering from an appendectomy and will be lost for the season. Donald Anderson, speedy reserve lineman of last year, added another headache for the coaches by undergoing a nasal operation this month and eliminating himself from the grid picture.

This is how the football picture looks at present; Two regulars back, both linemen, Stowell and Lehecka. Hurlbert had considerable playing time in his credit last year and is rightly regarded as best for the center position; Tolen and Manchester, both injured early in the season last year. Tolen covering sufficiently to letter. Tolen will, without a doubt, assume the quarterback responsibilities if Cahill is unable to play. Otherwise, he will shift to a halfback spot; Manchester will make a strong bid for a halfback position. Dworak isn't reported as yet, but he is slated for the fullback spot. A knee injury Dworak picked off to a slow start last fall, but now with this trouble gone the big fellow should be tough on opponents to handle.

Johnny Hannah, a newcomer from Michigan, has had playing experience and, as soon as he is rid of the poison ivy he will make a strong bid for a place on the team. Joe Kominance and Bob Marks, reserves last year, have speeded up and have added considerable weight. They will hear more from them as the season progresses.

Gordon Sorensen and Leonard Roessler, both seniors without previous experience, should make a strong fight for line positions. Roessler has sealed down from 295 to 205, and with sufficient knowledge of the game, he may prove a surprise. Wayne Goff and Byron Peterson, a pair of fighting reserve ends last year, serve notice that they will be right in there this year.

Practice so far has been very normal and of the light variety. Heavy work is scheduled to start next week, with the opening of school. Practice hours have been from 7 p.m. to 8:45 p.m., with plenty of material on hand, and much interest shown. Below is the schedule for 1945: Sept. 21, O'Neill, here. Sept. 28, Central City, here. Oct. 5, Burwell, here. Oct. 12, Albion, there. Oct. 19, Broken Bow, there. Oct. 26, Loup City, here. Nov. 2, Ravenna, there. Nov. 9, St. Paul, here. Nov. 16, Lexington, there. This means five home games and four away from home, and the schedule ends eight days before Thanksgiving, in accordance with the policy of recent years of getting through before a cold weather usual to late November. The schedule is tough, but the Ord squad will give their best, which should be enough.

No. Loup Man Helped to Build Burma Road

Arthur Bartz, discharged last week after more than four years of service with the 24th ordnance division, spent more than two years of that time in India helping build the Burma road. He made a trip from Ledo, India, to Kummung, China, a distance of 1100 miles with a caravan of trucks, driving a truck load of gas, when progress was slow and dangerous, driving most of the way in low gear. They crossed the Salween River George by suspension bridge with only one truck daring to get on the bridge at a time. It took sixteen days for the eleven hundred miles and after they arrived at Kummung, they left their truck loads of gas and flew back to Ledo in 2 1/2 hours. He thinks the terrific heat, 120-130 degrees all the time, with no breeze was hardest to bear. Last Christmas he had two weeks vacation which he spent in Calcutta where one part of the city is modern and people live in luxury while the other part poverty, want, and privation abound. When the 24th ordnance division went to India they went by boat, the trip took 44 days, with a ten day stop over in New Zealand. Returning early this month, Arthur, with twenty four other members of his company came by plane, and were only seventy hours on the way. They left their company on July 29 but did not get away from Ledo till August 6. They stopped off first at Cirochi, India, then flew to Tripoli, over Palestine and to Cairo, Egypt, then to Basablanca. Here they changed from a C24 to a C54, came to the Azores and on to Miami a distance of 11,000 miles in 70 hours. From Miami, he was sent to Ft. Leavenworth where he received his discharge nine days after he started home. From the time he left his camp in the east in 1942 till he got home again he had traveled around the world. He is undecided just what he will do but is glad to be back in civilian clothes once more. John Anderson of Ord also is a member of the 24th and Arthur thinks his time will come soon. He had a chance to come not long ago a chance which he had to "cut for" with another fellow and John lost.

Cars Collide Monday Eve. Bess Francel and Mrs. Mary Schurtz, her sister, were badly shaken up and Mrs. Schurtz suffered a cut on her forehead Monday evening when the car driven by W. E. Kessler, in which they were riding, was hit broadside by another car. Driving into town from the cemetery, the car was hit on the road up the hill east of Bussell Park.

4 Schools Lack Teachers. Clara McClatchey reported that four country schools have no reported yet, and are, therefore, without teachers. Four of five country schools have already started school, and all the rest will follow up next Monday. There was a shortage of four teachers one year ago.

Supplies were handed out at the annual teachers' meeting last Friday. At that time, C. H. Rhodes also explained the teacher retirement plan, Mrs. E. L. Kokes spoke of the Junior Red Cross, and Hilding Pearson talked about the USO and the fund campaign in October.

Charlie Lost His Fish. Charlie Hunt likes fish, but is no fisherman, so Leonard Ludington gave him a nice fish, which he cleaned just back of the Thorne Cafe. When he had finished he left the fish outside and called the ladies out to see what he had. When they came out the cafe cat was walking off with the fish, so her four kittens had a fine feed, and Charlie is feeling sorry for himself.

More Paper Can Be Used. R. Clare Clement, chairman of the paper drive, states that he had enough paper for a car load and about 3,000 pounds left over. He expects to ship another carload by mid-October. There is no place to store the paper at present but a new place will be found in a few days.

Visitor Breaks Arm. Harold, 8 year old son of Mr. and Mrs. George Cook, fell out of a swing Tuesday at the Midvale school and broke his left arm in two places, in the wrist and just above it. He was brought to the Clinic hospital where Dr. Weekes reduced the fractures, and he was taken out of the hospital yesterday. The Cook family is visiting here from Alden, Ia.

Janda Car Punctures Ord Opera House; Driver Unhurt

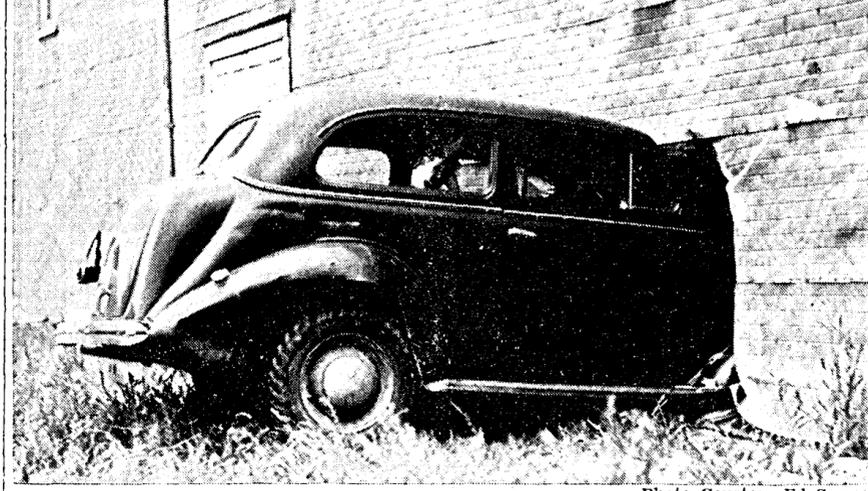

Photo Courtesy Ed Swopes

At one a. m. Sunday morning Charles Janda, who lives north of Ord in the Sand Flats, started for home. Instead of proceeding to the intersection of 15th and N streets, as he apparently intended, he turned to the left near the rear end of the Ord opera house, hit the building head-on and drove into the side of the structure until the top stopped his forward progress.

Had he gone any farther the car would have fallen into the pit beneath the stage of the theater, with much more serious damage to the car and injury to the owner, who, as it was, escaped without a scratch. Damage to the car included a broken windshield and crumpling of the front end of the top.

Janda was arrested by Sheriff Robert G. Hall, assisted by Night Watch Herman Rice, and Monday morning in Judge John L. Andersen's court he was charged with driving a car while under the influence of liquor. He entered a plea of guilty and was fined \$50 which he paid together with costs of \$9. He was also forbidden to drive a car again for a period of 90 days.

Death Comes to Arcadia Woman Early Saturday

Jessica Bright Rettemmeyer, one of Arcadia's oldest and best-loved pioneers, passed on quietly Saturday morning, August 25, at her home in Arcadia. Christian Science services, conducted by Mrs. Charles Perry, of Grand Island, were held at her home at 10 o'clock Monday morning. Lowell Finney, a companion by Mrs. Finney, sang two solos. All business places in Arcadia were closed during the services.

Jessica Bright Rettemmeyer, was born in Chicago, Illinois, June 26, 1868. When in her teens the family moved to Dolan, South Dakota. In January 1887, while on a visit to Arcadia, she met and married Charles O. Rettemmeyer. To this union two children were born - Otto Rettemmeyer and Mrs. Gladys Wall, both of Arcadia.

She leaves to mourn her departure Mr. and Mrs. Max Wall and son Benjamin, Bertha Rettemmeyer, Mr. and Mrs. Otto Rettemmeyer, Mr. and Mrs. Dale Park, of Omaha, Mary Jane Rettemmeyer, of Omaha, Mr. and Mrs. L. R. Burdge and son Bobby, of Omaha and Mr. and Mrs. Henry Benda and Janice Louise, of Arcadia.

Funeral services were held at the home of Mrs. Jessica Rettemmeyer from out of town were, Mr. and Mrs. Dale Park, Mr. and Mrs. Dick Burdge, and Miss Mary Jane Rettemmeyer all of Omaha. Friends from out of town who attended were Mr. and Mrs. Jas. McGregor, Mrs. Allshire and Mrs. Taylor, from Sargent; Mr. and Mrs. E. A. Hayes, from Comstock; Mr. W. R. Waite, Mrs. Evangeline Carter and Miss Byrdie Lofholm, from Loup City; Mrs. Kathleen Brown, Mr. and Mrs. Charles Perry, Mrs. H. C. James and Mrs. M. Avedovitch from Grand Island.

District Court Sept. 17. According to information furnished by the clerk of the district court office, the fall term of district court will convene Sept. 17, with Judge E. G. Kroeger on the bench. A number of routine matters will come up for consideration at that time.

In County Court. Wednesday morning Ernest Parkos was arrested and charged with offering for sale impure cream. He entered a plea of guilty and was fined \$10, which he paid, together with \$9.20 costs.

Lillian Rutar was in Ord from Tuesday until Sunday visiting her parents, Mr. and Mrs. Stanley Rutar and Blanche. She had finished her work in the purchasing department at the Grand Island ordnance plant, and now has a permanent location with the Overland Bank in Grand Island.

Mrs. Glen Johnson again has charge of the womens exhibits and with her committee is busy with plans. This exhibit as usual will be in the community building. A fancy work department, rugs, quilts, canning, flowers, an art exhibit, an antique show, a service mens window and an Indian relic show are among the things being planned. A 4-H exhibit and a school exhibit will probably be in the Frazier building.

Picnic Thursday. The planning committee appointed by the Community Council for Christian Education announces a picnic of all the Protestant church schools for Thursday, Aug. 30, at Bussell Park, at 6:30 p.m. Each family is asked to bring fried chicken, sandwiches and a covered dish; their own sugar for the drinks, and their own dishes ice cream, coffee and iced tea will be furnished. There will be games for the youngsters and a community sing. The parents of all children who attend Sunday school are invited to attend.

Ord Woman Suffers Stroke. Tuesday Mrs. W. H. Harrison, who was at the home of her daughter and husband, Mr. and Mrs. E. O. Hackel, suffered a stroke, and it is feared she has little chance of recovery. Another daughter, Mrs. Lloyd Hunt was visiting here at the time, so all the children were near their mother.

Hooks Big Fish. Saturday John Manchester came through town showing a couple of catfish he had caught during the preceding night, one of which weighed 8 1/4 pounds and the other 5 1/2 pounds. This seems to disprove the argument that there are no big fellows in the North Loup river this season.

O. D. T. Permits Opening of New Kearney Bus Line

End of Gas Rationing Cause; Wanted by Cities Served Along the Line.

The ending of the war and the immediate lifting of gas rationing brought one benefit to central Nebraska. The Burwell-Kearney bus line, projected by W. F. Williams some time ago, will become a reality when the first bus leaves Ord Saturday morning at 8:45 a.m. This line will fill a long felt need, not only here, but at all towns along the line. The schedule is so arranged that bus connections are made both morning and afternoon, with the P.O.T. stages at Loup City and with main line buses both at Ravenna and at Kearney.

This line was planned by Williams some time ago, and last winter the Ord Rotary club and Chambers of Commerce in other towns along the route threw their influence behind the plan. However, because of the war and gas rationing, the O.D.T. would not give its permission for the establishment of any new bus lines at that time. Advantages claimed for the new line are: direct connection from Burwell and Ord with Loup City, Rockville, Ravenna, Pleasanton and Kearney; a shortening of the distance to the Burlington main line at Ravenna; and a shortening to the Union Pacific main line and all points west of Kearney; also of course, more direct connections from the opposite direction.

C. A. Daniels, who has been handling the morning bus from Grand Island, will be the driver of the new Burwell-Kearney line, and will live in Ord. The family is to move into the Austin house now occupied by Mrs. Sylvia Stewart. Passengers will come to Ord on the Burwell-Grand Island bus and transfer to the Kearney bus. Daniels run from Grand Island will be taken over by Ray Scarborough of Grand Island. Ray Wiberg will continue on the morning run from Burwell to Grand Island. The new run will fill a long felt need in central Nebraska and will no doubt enjoy a liberal patronage.

Former Resident Passes. Elmer Eugene Martin, eldest son of George and Orpha Martin, was born Oct. 11, 1868, at Rossville, Ia., and passed away at his home in Arnold Aug. 13, 1945, at the age of 76 years, 10 months and 2 days. When a small boy he moved with his parents to Lansing, Ia., where he lived until about 16 years of age. At that time he moved to David City Nebr.

Dec. 29, 1897, he was united in marriage to Belle Martin. To this union were born three children, Floyd Eugene, Edna Grace and ViEva Mable. They made their home at David City until 1903, when he moved with his family to Ord, Nebr. In 1917 he moved to a farm south of Arnold, and in 1929 moved to Arnold.

Nearly three years ago he suffered a stroke and since then had not been able to carry on his usual activities. He was bedfast since March 28, 1945. While living at David City he was a member of the fire department a number of years. In 1899 he became a member of the Royal Neighbors and remained a faithful member until his death.

At an early age he became a member of the Christian church and retained his faith until his death. He is survived by his wife, Belle Martin, of Arnold, one son, Floyd, of Arnold, two daughters, Mrs. Howard Ditson of Maxwell, Nebr., and Mrs. Albert Christensen of Las Vegas, Nev., one granddaughter, Doris Jean Ditson of Maxwell. Also seven grandsons, Floyd, Donald and Laverne Ditson of Maxwell, Glen Lee Martin of Arnold, Francis Christensen of Las Vegas, Norman Christensen of the U.S. Navy, San Diego, Clarence Martin, serving somewhere with the armed forces in France. Also surviving are one sister, Mrs. Clyde Liekhter of David City, Nebr., and one brother, Julius, of Denver, Colo., and a host of other relatives and friends.

Work Progressing On Quiz Addition. Last week plumber Ed Anderson completed his work on the new Quiz addition, and last week end John Mason and his crew put in the concrete floor. # North Loup Loyalist

MRS. ETHEL HAMER, News and Business Representative.

### Bee - Looiboro.

Esther C. Bee, daughter of Mrs. Jennie Bee of North Loup, became the bride of Ralph R. Looiboro, of New Auburn, Wis., at a double ring ceremony in the home of the bride at 2:00 P.M. Wednesday, August 22. Rev. C. B. Looiboro, of New Auburn, Wis., uncle of the bride, officiated. Preceding the ceremony, Mrs. R. L. Hayden sang "At Dawning", accompanied by Mrs. George Bell. The ceremony was performed before a bank of flowers, with two lighted candles separated by an open bible in the background. The bride wore a floor length white net dress, over a taffeta slip, with a finger tip veil and white accessories. She carried a bouquet of roses and ferns and wore a string of pearls, the gift of the groom. The groom was dressed in a dark blue pin-striped suit. About forty guests, relatives and a few close friends, were present. Following the ceremony, Mr. and Mrs. Looiboro cut the three-tier wedding cake that was topped with a miniature bride and groom. Lunch was served to the guests at small tables set on the lawn of the home. Serving were Mrs. R. C. Clement, Mrs. George Clement, Mrs. Grace Mayo and Kathleen Clement. The bride grew up in North Loup, graduating from high school in 1930. She attended Kearney college and has taught in high schools in the state for a number of years, the last two years at Fullerton. ## City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us.

Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 3¢ a pound. If you have any difficulty, call your Home Demonstration or County Agent.

Approved by WFA and OPA. Paid for by Industry.

## SAFeway LABOR DAY VALUES

**How to labor less on Labor Day**

Every woman has her own formula for saving steps—we just want to list these few reminders:

**Plan ahead**—If you plan a menu around foods which are versatile or store well (roast, meat loaf, baked beans, spaghetti, potato or jellied salads; frozen or refrigerator-type desserts) there will be a minimum of preparation during the weekend.

**Shop ahead**—A refrigerator well stocked with frozen vegetables, fresh fruits and salad vegetable materials furnishes a ready supply which may be quickly made into items for the many meals of the weekend.

# Arcadia Department

W. J. RAMSEY, Bus. Manager Mrs. W. J. RAMSEY, Reporter

Mr. and Mrs. J. H. Marvel at Sunday in Loup City, at home of their daughter, Don Pilger, celebrating the birthday of their grand-son Johnny Pilger.

Sgt. Louis Drake left Friday for a camp in Kentucky spending a thirty-day furlough with his wife. For present, Mrs. Drake will remain in Arcadia.

Armeda Baller and Florine were bus passengers to Grand Island Wednesday morning returning the same evening.

Maxine Miller, who had been visiting in Grand Island, returned home Wednesday evening.

Mrs. L. F. Bly and grand-daughter, Marlene McDonald, attended the circus in Loup City Saturday afternoon.

Among those who attended the Custer County Fair last week were Mr. and Mrs. Ray

Waterbury and Mr. and Mrs. J. H. Marvel.

The American Legion Auxiliary met Tuesday afternoon at the home of Mrs. Abe Duryea. Work was done on a quilt which will be sold, and the regular business meeting was held, after which Mrs. Duryea served lunch.

Pfc. Lynn Frost is now stationed in Panama, according to information received by his parents, Mr. and Mrs. J. G. Frost.

Mrs. S. V. Hansen returned to Arcadia Thursday from Omaha, where she had spent the past three weeks with her daughter, Mrs. Wayne Saunders and family.

Mrs. G. F. Dean and Mrs. John Marrow drove to Omaha Wednesday. They returned Thursday, accompanied by Mrs. W. J. Ramsey, who is recovering from a recent operation.

The hostesses for the Congregational Aid which met Thursday afternoon were Mrs. Leona Rounds and Mrs. Mary Brown.

Dr. F. H. Christ, who has been doing tuberculosis testing in Pawnee county at Table Rock, Neb., spent the week end in Arcadia. He returned to Table Rock Sunday.

Dwain Williams has bought the John White residence which is now occupied by the Glen Beerlines. Mr. and Mrs. Williams, who have been residing in Chappell, Nebraska, for the past year, are moving back to Arcadia, and Mr. Williams will again conduct sales in the Arcadia sales barn.

Mr. and Mrs. H. D. Weddel drove to Grand Island Saturday afternoon to meet their niece, Miss Margaret Ward, arriving from Rochester, N. Y., where she has been an instructor in a girls camp. Tuesday Miss Ward left for her home in San Diego, Calif. They also met Mrs. Nell Taylor of McCook, Neb., who will spend a few days visiting at the home of her sister, Mrs. Weddel.

We offer no apology for the lack of news on the Arcadia page last week as the usual amount was sent to Ord but from the looks of the paper it was probably crowded out by the unusual amount of advertising that was carried. Maybe we will have better luck this week. (The copy arrived too late. Ed.)

Mrs. John Hawthorne, whose husband, Lt. Hawthorne, is stationed at Pearl Harbor, arrived from New York City Thursday evening for a visit with Mr. and Mrs. C. C. Hawthorne.

Frank Vanchura and son Frankie arrived Wednesday night from Martin, S. Dak., where they have been farming this summer. Mr. Vanchura returned on Friday but Frankie remained to attend school.

At the Worship Service at the Methodist Church, Sunday, Aug. 19, a silk flag for the pulpit was presented and dedicated by the Youth Fellowship to the men and women of the church, in the armed forces. S-Sgt. Delvan Kingston received the flag in behalf of the service personnel.

Mr. and Mrs. C. A. Bellinger entertained Pvt. Ralph Gray at dinner Friday evening. Pvt. Gray will be remembered as a former music and English instructor in the Arcadia High School. He was with both Patton's Third Army and First Army and saw much of Germany, France and Austria. He is at home at Page, Neb., on a 30-day furlough.

Mr. and Mrs. Frankie Olson and Harold Sinner of Emerson, Iowa, were renewing acquaintances in Loup City and Arcadia, Friday and Saturday.

C. C. Weddel drove to Valentine, Neb., Saturday night after closing hours. He visited the Sam McKelvie ranch and returned Sunday with his son Bill, who has been employed on the ranch during the haying season. Bill will enter Wesleyan College in a few weeks.

There were several happy families in Arcadia Saturday as Mrs. Vernon Malolepszy received word that her husband would be in Grand Island that day. He had been with the army in Italy. Mrs. Malolepszy left for Grand Island by bus to greet him. The same day Mrs. Walter Apperson received a wire from her husband that he had landed in New York and would be home in a few days. Johnnie was spreading the good news about town and looking forward to meeting his dad whom he has never seen. Mrs. Leona Round also received a wire from her son Downing that he had landed on the west coast and would be home soon. Downing has been in the army since Feb. 1941 and has seen much action in the Pacific.

Miss Helen Vanchura, USNCN returned Saturday, to her duties in an Alexandria, Va., Hospital, Miss Vanchura has a year before completing her training.

Mr. and Mrs. E. C. Baird entertained at dinner Friday evening for Mr. and Mrs. H. O. Cooley, Mrs. Mae Osborne and Mrs. Leona Round.

Sgt. Kenneth L. Dorsey, husband of Mrs. Kenneth L. Dorsey of Arcadia, is a patient at Camp Carson Convalescent Hospital, Colorado Springs, Colo., after serving 22 months overseas in the European Theater of operations. Sgt. Dorsey was with the 9th AAF and saw action in the Ardennes, Normandy, Northern France, Central Germany, Rhineland, and the Battle of Bulge. He is the wearer of two Unit Citations. Sgt. Dorsey has a brother, Sgt. Keith L. Dorsey serving in the U. S. Army. Before entering the service, Sgt. Dorsey was employed by the Marvel Motor Co. of Arcadia.

Mrs. Robert Owens had her tonsils removed by Dr. Amick at the Loup City Hospital last Thursday.

Mr. and Mrs. Otto Lueck and Mrs. Thurman Bridges attended the funeral of Clarence Wing, in Litchfield, Monday afternoon. Mr. Wing was a resident of Farragut, Iowa, and at one time lived near Arcadia.

Week end guests at the Glen Beerline home were Mrs. Beerline's brother George and family of Papillion.

Mr. and Mrs. Percy Doe were in Ord Sunday attending the eight o'clock dinner and meeting at the home of Mr. and Mrs. C. J. Mortensen.

Mrs. Martha Taylor and Mrs. C. C. Weddel went to Grand Island Sunday and brought back Mrs. Robert Weddel and children, Larry and Judy, who will visit at the C. C. Weddel home for a week.

The Methodist Sunday School picnic which was held at the community park, Sunday was very well attended and enjoyed by all.

Mr. and Mrs. Jim Hagood who are living in Cheyenne, Wyo., inform us that their sons, Robert, MM 2-c, with the Seabees and S-Sgt. Donald in the Air Corps had the good fortune to meet in Okinawa recently. They also state that their daughter Jeanne had her appendix and tonsils removed at a local hospital and is recovering nicely.

Last Tuesday evening as Donald and Dickie Bossen were catching pigeons in their barn, they noticed one with leg bands. Upon its capture it was found to have a capsule attached to one leg with a notice inside to notify the U. S. Army Signal Corps at McCook, Neb. How the bird happened to stop in its flight is not known but there had been a rain falling all day and it may have caused the bird to take refuge.

Leaving Friday will be Miss Lucille Starr, who will return to her teaching position in the Elmcrest, High School, after having spent the summer with her parents, Mr. and Mrs. C. W. Starr.

When the new Burwell-Kearney bus line opens Sept. 1st, the bus patrons of this community will be offered a direct route to Kearney and towns in between, which will include, Rockville, Ravenna and Pleasanton. The Arcadia bus will connect with the Burwell-Kearney bus at Loup City and will arrive in Kearney at 11:40 a.m. On the return trip the bus will leave Kearney at 4:40 p.m. and will connect at Loup City with the Grand Island-Taylor bus to arrive in Arcadia at 7:15 p.m. This new service will enable a person to arrive in Kearney several hours earlier and at less cost.

Bob Richardson left for Plattsmouth, Tuesday morning on the bus. He will return the last of the week by car and will bring his sister, Barbara, who has been in Plattsmouth all summer.

Winifred Russell returned last week from a three-week visit at the home of her brother, Dwain in Shelton. While there she helped in the detasseling of hybrid corn.

Mrs. Walter Apperson entertained her 4-H Club girls at her home last Tuesday afternoon. Henning Pierson was a bus passenger for Lincoln Friday. He will visit his sister Alma who is in a Lincoln Hospital as the result of a car accident the week before.

Mr. and Mrs. Orvis Hill and family of Omaha were visiting at the home of his grandmother Mrs. C. M. Johns last week. Orvis was scheduled to report to the army Monday but due to a change in draft rules he will not have to go.

Mr. and Mrs. Ray Holcomb drove to Kansas City Monday to get their daughter, Shirley who had been visiting relatives most of the summer. Claris Moody returned with them for a few days visit with relatives and friends.

Mr. and Mrs. Elsworth Bruner and little daughter of Cheyenne arrived Friday for a short visit at the Otto Lueck home. When they return home they will take their two sons, Gene and Donald, who have been spending the summer with their grandparents.

Arcadia was visited by a fine rain last Tuesday which totaled .85 inches. Coming at this time it practically insures enough moisture to make the corn. All that is needed now is a late frost an dthis part of the state will be blessed with a bountiful corn crop.

Warrant Officer and Mrs. Norman A. Rasmussen, the former Miss Sara Jane Evans, of Los Angeles, California, visit-

ed a few days at the home of the former's parents, Mr. and Mrs. Alfred Rasmussen. Warrant Officer Rasmussen has served in the Pacific as a Chief Radio and Radar Technician aboard the Carriers "Wasp" and "Intrepid", and was enroute to the Great Lakes Naval Training Station for reassignment. His arrival in Arcadia with his bride was a complete and happy surprise to his parents, as they believed he was still on duty at sea.

Mr. and Mrs. Kenneth Hawley have moved back to Arcadia from Grand Island, where Mrs. Hawley has been employed in the Ordnance plant.

The War Wives Club met Tuesday evening with Mrs. Henry Benda, with Mrs. Wilma White co-hostess. Prizes were won by Mrs. Winona Malolepszy, Mrs. Peggy Riddle and Mrs. Marjorie Elliott.

Mrs. Louise Parker, whose sister-in-law, Mrs. John Steckley, made a short visit here last week, returned to Kendallville, Indiana, last Thursday with Mrs. Steckley.

Mrs. Georgia Finecy's 4-H Club - "The Busy Bakers" - and Mrs. John Welty's 4-H Club "Happy Home Makers" held their Achievement Day demonstrations and program Friday afternoon in the Methodist church basement. Attractive booths showed canned goods, luncheon sets, bread, and other baked items. A table was set demonstrating correct table service, and another clever demonstration showed how to furnish a girl's room. The members presented playlets, fun skits, gave their yells, and served lunch. It was very interesting and instructive.

A total of sixteen cars of potatoes have been shipped out of Arcadia to date. Ten were from the Marvel-Leininger field, and six from the Bossen field.

The Arcadia High School and grade facilities for the 1945-1946 term are as follows: Virgil Bugbee, Superintendent; Mrs. McBride, Principal; Jessie Blakeslee, Normal Training; Miss Gruber, Commercial; Mrs.

Helen Easterbrook, English; Mrs. Georgia Finecy, Music; Mary Sutton, Seventh and Eighth grades; Mrs. Opal Beaver Fifth and Sixth grades; Alice O'Connor, Third and Fourth grades; Rosa Minne Kindergarten, first and second. The only change in teachers this year is the principal. Mrs. McBride, who comes from Elmwood, Nebraska, takes the place of R. L. Scott, former principal who resigned. School begins Monday September 3, with registration Friday, August 31 and Saturday September 1.

**For Behrends Brothers**  
Mrs. H. Behrends had a family birthday dinner Thursday in honor of her son, Cpl. Maynard Behrends, and also for Pvt. Donald Behrends, whose birthday occurred last month. Maynard is now 23 and Donald is 19. Guests were Mr. and Mrs. Dave Dobberstine and son Gary, and Mrs. Irvin Green and family.

**LAND STILL MOVING**  
Last week we sold two farms, good sized deals, and a two house town property deal, so it looks as though some people are still level headed after all. Land is about the only thing that cannot blow away or burn, still have some real good deals. One rather rough farm 3 miles from town with good improvements, a real good house, on good road, for \$3,000, with a down payment of \$750, and a long time to pay and the interest first year 3%. Try and beat that if you can.

**Keefe-McKinney**  
Word comes to the Quiz of the marriage at Cheyenne, Wyo., of Rose Ellen Keefe, daughter of Mr. and Mrs. Matt Keefe of Burwell, to William L. McKinney, son of Mr. and Mrs. J. J. McKinney of Cheyenne, the ceremony being performed by Rev. William Delaney. Lillian Keefe, sister of the bride, was maid of honor, and Peggy McKinney sister of the groom, was bridesmaid. Pat Simon served as best man and the ushers were Fred Henry, John McInerney and Quinn Smith, all of Cheyenne. They are spending their honeymoon in Den-

ver. The bride is a graduate of Burwell schools, class of 1942, and has been employed by the federal housing in Cheyenne for three years. The groom is employed by the Boyd Wholesale Company. Present at the wedding were Mr. and Mrs. Matt Keefe, Mr. and Mrs. Francis Keefe and son, Dennis, Mrs. Morris Keefe and Miss Karlene Keefe of Ft. Collins.

They will want to take once more their places in the life of the community. They fought for the basic principles granted us by the Constitution—the right to life, liberty and the pursuit of happiness. Some cannot come home. Let us show our appreciation of their sacrifice by granting to those who will come the one thing they expect of us, the opportunity to earn an honest living.

Eugene is at Brainerd, Minnesota and we are having a lot of fun running the business. I don't know just who is boss. John Ward is pinch-hitting for Eugene and John has had lots of experience in newspapering. Dot Kokes appears to be an able assistant and I hope we are going to have lots of news.

When I asked John if I had better try to write this department he said they might need something for filler so I thought I would scribble a few lines.

Mrs. Laura Anderson says George is always hungry and when he drove up the middle of the forenoon and honked for her to come to dinner, she had to go out and explain to him that it wasn't even 11 o'clock yet. He had looked at the clock and misread the figures for 12 o'clock and just thought he was hungry. But George is very sensitive so don't josh him too much.

The news reports say some of the Jap generals are talking about not surrendering and that they might start a revolt. I guess a few atomic bombs might make them change their minds. It won't take McArthur and his dough-boys long to straighten the little brown warts out.

Now that a lot of regulations are off we can look back and realize that we didn't fare so badly after all.

Yes, we send in renewals for the Omaha World Herald and the Lincoln State Journal. We make a small commission and it don't cost you a cent, in fact saves you a little postage at least.

But please look on your paper and if it is about to expire, bring or send in your renewal.

# Ord Livestock Market

announces its offering for the regular weekly sale

## Saturday, Sept. 1

Sale starts promptly at 1:30.

We will have an exceptionally good offering of about 250 head of cattle for our Saturday sale which will consist of 50 head of purebred and high grade Angus. These Angus cattle are the original Emerson Daily herd now owned by Jimmie Hejsek of Ericson and I think they are as good as anything that has ever sold in this auction. If you want good cattle plan to be at our Saturday sale, Sept. 1. Listen for the KMMJ broadcast following the 11 o'clock market. They consist of—

- 25 cows with 10 calves by their side
- 1 registered bull, an outstanding individual
- Balance coming two year old steers and heifers
- 50 head of whiteface heifers, wt. 650 to 700 lbs.
- 25 head of red and roan heifers, wt. 575 to 650 lbs.
- 30 head of brockle faced heifers, wt. about 600 lbs.
- 12 head of Angus heifers, wt. from 600 to 700 lbs.

The above heifers are all open

- 23 head of whiteface and red and roan steers, wt. 800 to 850 lbs.
- 15 head of steers and heifers, extra good quality, wt. about 700 lbs.
- 10 cows with large calves by their sides
- 15 head of fat cows
- 1 purebred Hereford bull, 3 years old, one of the good bulls of the county
- 2 extra good yearling whiteface bulls

These cattle are all fresh from the ranches of this territory and I think they are an outstanding offer.

- 135 head of feeder shoats from 70 to 105 lbs.
- 6 brood sows, heavy with pig
- 1 choice spotted boar

One four-wheel trailer with box, prewar tires in extra good condition.

Please remember the Ed Franssen farm sale on Monday, Sept. 3; Mary Peterson residence property in east Ord, Sept. 11; and the Vencl Ulrich heirs real estate sale on Sept. 15th.

## Our Fighting Men

★ T-Sgt. and Mrs. Closs Blake who have been visiting in Burwell for ten days, left Thursday for a hospital in Cambridge, O., where, Sgt. Blake was hospitalized after returning to the states from the European theater July 19. On their way back they were to stop at Louisville, Ky., as Mrs. Blake received a wire that her sister had been taken to a hospital there.

★ Cpl. Maynard Behrends returned recently from Europe, and is spending a 30 day furlough visiting his parents, Mr. and Mrs. H. Behrends. The younger son Donald, who had also been in Germany arrived home before his brother, and so they are both visiting here now. The brothers did not meet in Europe, and Maynard did not even know that his brother was being sent across.

★ Lt. and Mrs. A. H. Zikmund and daughter Sue Allene arrived in Ord Wednesday for a visit with his parents, Mr. and Mrs. Henry Zikmund. They left for New York Sunday, where Lt. Zikmund will take some special training, after which he is to be sent to the Pacific theater of operations.

★ T-4 Glen A. Hoon arrived in Ord Friday from New York city to spend a furlough with his parents, Mr. and Mrs. Walter Hoon. Glen had been in the European theater of operations, and this is his first visit home in two years.

★ Pfc. Raymond Shotkoski left for San Francisco after spending a 21-day furlough with his mother, Mrs. Frank J. Shotkoski, and family. Pvt. Shotkoski is permanently stationed at Ft. Mason, where he is in the transport service.

★ S-Sgt. Bill Malolepszy has been sent from Truxax Field, Madison, Wis., to Sqdn. A, Altus, Okla., according to word received by the Quiz.

★ In writing to have his Quiz sent to him at Dibble General Hospital, Melno Park, Calif., Lt. Iver F. McCall states that he had been sent to two temporary posts before being sent there and was therefore unable to send a permanent address.

★ Sgt. Albin Absalon writes his sister, Mrs. Joe Fajmon, of seeing President Truman, who inspected the Ord boy's company. Another thrill of which Sgt. Absalon wrote was seeing General "Ike" Eisenhower and his staff. He described the famous general as "always-smiling."

★ Pfc. Leslie Hayek surprised his parents on V-J Day by arriving home on a 30-day furlough from Camp Carson, Colo., where he will report back on Sept. 12. Pfc. Hayek is a member of the medical corps and has seen considerable action in the European theater of war.

★ Vincent Fryzek left Saturday for Dallas, Tex., after having spent nine days at home. His chief regret was having to take five days traveling each way, which used ten days of the original 19 granted him.

★ B. M. 1-c Leon Larsen and his bride left for Hastings Saturday on the afternoon bus, after spending a 15 day leave from his duties at the ammunition depot with his parents, Mr. and Mrs. Jim Larsen and with other relatives and friends. Mr. Larsen was married Aug. 12 to Miss Janet Carlson of Los Angeles, the ceremony being performed at the Lutheran church in Grand Island. He is permanently located in Hastings, and has one year yet to serve of his six year enlistment. He likes the work, however, and may continue there for another enlistment period.

★ 2nd Lt. Warren Allen arrived in Ord Tuesday noon of last week and spent a week visiting his parents, Mr. and Mrs. George Allen, sr. He also spent a part of his leave time in Omaha. He left Tuesday morning for his new assignment at Ft. Knox, Ky.

★ Cy. John Wozab writes his wife that he is on the Island of Okinawa and doesn't expect to be home for at least six months more. He also mentioned an interview he had while still in Rhode Island in March. A group of station force men were interviewed for a navy position open in Washington. D. C. John was one of three who qualified and was asked to accept the vacancy, but, after looking into the matter he declined, due to housing problems.

★ Pfc. Harvey Petersen, who is spending his furlough visiting his mother and sisters in Burwell, passed through Ord Monday on his way for a short visit in Grand Island.

★ Pfc. Robert McCall and his sister Dorothy, went to North Loup Sunday to attend a family dinner held in the soldier's honor.

★ CM 1-c Lloyd Parks called his wife, Roberta, from the west coast Sunday to say that he is in the states and will be discharged immediately. Lloyd has long been overseas, having seen 29 months action in the south Pacific.

★ Sgt. Paul Danberry, a grandson of Mrs. Mary Franci, is expected home from Italy soon. Sgt. Danberry has been overseas 28 months, and has five battle stars to his credit.

★ Cpl. and Mrs. William Turek and daughter, Carol Ann, of Crete, Nebr., have been visiting at the home of his parents, Mr. and Mrs. Jim Turek, Sr. Cpl. Turek has just returned from three years' service in the European theater, and is giving considerable time to visiting his brothers and sisters whom he has not seen for some time. He hopes for a discharge after returning from his furlough.

★ Lt. Edna G. Brechbill of the Army Nurse Corps, arrived Friday at the home of her parents, Mr. and Mrs. S. W. Brechbill, after two years service in India. She has a 30-day leave, after which she will report to Miami, Fla. Lt. Brechbill flew from India to New York City, thus completing a trip around the world. She was met in Grand Island by her sister, Mrs. George Johnson.

★ Cpl. Lumir E. Hvezda, with the 57 fighter sqdn. and who has spent 16 months overseas in the European theater, arrived in Ord Saturday. He will spend a 30-day furlough with his wife and parents at home, after which he reports to Fort Leavenworth, Kan., for reassignment.

★ GM 2-c Don Guggenmos left Tuesday for Great Lakes Naval Training Station after spending 12 days with friends and relatives.

★ Sgt. and Mrs. M. E. Christopherson left for Salt Lake City, where Mrs. Christopherson lives while her husband is in the armed forces. They have been visiting in the Anton Svoboda home and with other relatives. She is the former Viola Svoboda.

★ MOMM 3-c Al L. Yell, of Chicago, spent a few hours Friday at the home of Mr. and Mrs. Edwin Micek. Al has been in service 28 months on a destroyer escort on duty in the Atlantic. He is a brother of Mrs. Micek and is dividing up a 30-day furlough between Columbus and Silver Creek, Nebr., and Chicago.

★ S 1-c Donald C. Marquard, USNR, now of Grand Island, but formerly of Ord and a cook for the navy, believes that "keeping things on the range and your feet under you while cooking is difficult." He is with PT 126 of the 7th fleet, and often finds his galley flooded in heavy weather. Donald's family lives in Grand Island, where he formerly ran two sandwich shops, and his mother Mrs. Olive Marquard, lives in Ord.

## Pawnee Wheat

We have arranged for some Certified Pawnee Wheat. If you are interested in some of this new Seed Wheat let us have your order. The Pawnee Wheat is a new variety and it has been a very satisfactory wheat wherever it has been tried out. The seed that we have arranged for is all Certified.

## Sweet Clover Seed

We are in the market for any Sweet Clover Seed that you have to offer and we will pay the highest cash price for this seed. We are in position to furnish bags to use when threshing this clover seed and will send a truck out for the seed when threshed, if 50 bu. or more.

## Alfalfa Seed

There will be a big demand for your alfalfa seed this year. Save all the acreage that you think will make seed. The price is high, there is a good payment for harvesting and another payment per lb., for all clean seed that you sell to processors.

## Feeds

We carry a very complete line of Poultry, Hog and Cattle Feed, and can take care of most any order that you need. We believe that it would be to your advantage to place your order soon for Protein Feeds. We have several carloads of Linsoy coming in during Oct., Nov., and Dec. There is a possibility that Soy Bean Meal and Pellets will be very scarce this year. You can buy Linsoy now and take delivery when the car arrives this fall.

It pays to buy from NOLL. NOLL SEED CO.

## Funks G Hybrid

Your first thought when you think of corn

Produces top yields, perfect field performance, cannot be beat for feeding or market. Husks clean, resists drouth, insects and disease. Matures early and dries rapidly. See your neighbor's field. You, too, will be a Funk's G user.
