Chanticleers Win 43rd Win Against Loup City Team

Score Almost at Will Against Lighter Opponents; Ord Second Team Stars.

Scoring after four plays when a Loup City fumble was recovered by Hurlbert, the Ord Chanticleers served advance warning early Friday evening that they were out to keep their winning streak intact. The final score, 60 to 0, a part of which was piled up by a rather surprising second string, showed the terrific power of the team Coach Cochran has developed.

Loup City was not given an outside chance to win, and the lads from down south were badly outwitted. But they fought a desperate fight all the way, Whitney breaking through for several nice gains. Defeated on the ground, they later took to the air, and a number of passes clicked. However two of these were intercepted, one by Stoddard, who ran 65 yards with fine interference for a touchdown.

The second interception came at the end of the game, when Hurlbert, Ord center, realized his school ambition and intercepted on the Loup City 35 yard line and carried the ball around left end for a touchdown, only to learn that the clock had stopped officially before the play started and the score did not count. The gun ending the game had failed to work at the proper moment, and some confusion resulted.

What pleased Coaches Cochran and Pearson was the splendid showing made by the second string backfield, Stoddard, Noll, Koll and Hannah, all of whom will furnish plenty of power for the Chanticleers of 1946. These boys received good support from the second string line. In fact the reserves called and executed their plays so fast it was hard to keep up the running account of the game.

One of the largest football crowds in Ord's history saw the game, there being 400 cars on the grounds by count, and an estimated 2,000 people present. Ord won the toss, Captain Dworak choosing to defend the north goal. With Tolen holding, Marks kicked off, the ball going low and being stopped by Moore of the Loup City forward wall on the Loup City 45 yard line. Whitney made a yard, after which a fumble was recovered by Hurlbert on the Loup City 45.

On a quick opening play, Komlnick went all the way to the 17. Dworak plunged through center for 6 yards. Timmerman went through guard for 5 yards, and Tolen skirted left end for the touchdown. In four plays all four Ord backfield men had carried the ball for good gains. A pass, Tolen to Komlnick, made the score, Ord 7, Loup City 0, in just 2 1-2 minutes of play.

Calls from Europe.

A long distance call from Switzerland was received by Mrs. Floyd Wegrzyn from her husband, Sunday, Oct. 28, at 9 o'clock. He was on a ten day furlough and was there sight-seeing. He said he was homesick and had a chance to call, so he did. He is fine and sends best regards to all his relatives and friends. He wishes he was in the good old U. S. A., but has two more months to stay unless the army changes its mind.

Arcadia Truck Was Destroyed by Fire

Arcadia—(Special)—A large International truck owned by the Brown Grain company and driven by Allan Woody was completely destroyed by fire Sunday morning. Woody had driven out to the Ross Evans farm to get a load of loose straw and in some way the straw caught fire. Before he could get to the cab and get the truck started flames had gained such headway that he had to abandon the truck. The fire spread to another stack of sweet clover straw and also burned a stubble field. It was fortunate that this field was triangular in shape and that the fire was stopped by the irrigation ditch and the road. The Brown Grain company suffered the greater loss but Mr. Evans considers his loss at \$100.

Sheriff on Long Trip.

Sheriff Robert G. Hall left Tuesday afternoon for Woodland, Calif., to pick up Lyle Whitford, who is wanted in Valley county on a bad check charge. He took John R. Haskell with him for the trip. Law enforcement officers often have to make long trips, but one of 3,500 miles is rather unusual.

5 School Houses Were Burglarized Wednesday Night

North Loup—(Special)—Taking advantage of the absence of teachers from the village for teachers' conventions, thieves broke into the school house here Wednesday night, pried open two doors and stole money paid by students for hot lunches. The same night school houses at Cottesfield, Elba, St. Paul and Dannebrog also were burglarized, the robbers getting \$25 in the latter place.

Entrance to the school building here was gained by prying open a window, after which the door to Superintendent Elley's office was pried open and a steel locker door broken. Some school activities money also was taken but the exact amount stolen is not known.

Charles Fuller, school janitor, discovered the burglary Thursday morning and notified Marshal Harlan Brennick, who in turn called Sheriff Bob Hall. At first it was thought the burglary was committed by someone familiar with the premises but when robbers in the other school houses became known authorities said all were probably the work of the same gang.

Sheriff Hall and state police are working on the case. An F. B. I. man was here Tuesday trying to get fingerprints.

Five Bands Play During Football Game Thursday

Don Lentz Leads Bands from Five Towns in a Most Colorful Display.

Thursday evening bands from Ravenna, Loup City, Broken Bow, Burwell and Ord assembled on the Ord football field and played a number of selections under the direction of Prof. Don Lentz, director of the University of Nebraska band. This band festival was sponsored by the Three Loups conference for the purpose of stimulating interest in bands and for providing entertainment for the spectators. Each band was allowed six minutes on the field for marching and playing. This part of the program came before the start of the Ord-Loup City game and Prof. Lentz was in the announcer's stand and criticized the work of each band. Viola Puncocchar taking the criticisms down in shorthand. These criticisms were later typed and sent to each of the bands for their instruction and information.

Between the halves of the game all six bands were massed on the field and led in a concert by Prof. Lentz, who is famous throughout the state and wherever the Nebraska band goes for his band, which provides entertainment for the Nebraska football games. He has been in Ord several times in the past, judging music contests and festivals, and is deservedly popular here.

In the marching exhibition, the Loup City band came first, with its 36 members, under the direction of Kenneth L. Johnson. Ten per cent of this band is made up of grade school students, and the band last year lost 15 members through graduation. The Loup City high school owns over \$2000 worth of musical instruments, which are loaned to students to encourage band participation.

Burwell was next on the field with a completely new organization under the direction of O. F. Dean, who is serving his first year as supervisor of music in the Burwell high school. There are 30 members in this band, and they performed very creditably for an entirely new organization. Ravenna came next, and they were at a disadvantage since they arrived too late to participate in the preliminary instruction given out by Prof. Lentz just before the exhibitions started. However they came through in line shape and were roundly applauded. This band of 24 members is under the direction of J. D. Russell, and was handicapped by the loss of many musical instruments in the recent fire which destroyed their high school building.

The next band to march was the Broken Bow band, directed by C. Ward Rounds. There are 15 members in this band and Norma Jean Meyers is the drum major. They have been playing and marching at all their home football games. They put on a very fine exhibition, and were heartily applauded. In fact, all the visiting bands were received with much applause, which they richly deserved. The Ord band, Glen Auble, director, was the last to march, and they put on their usual fine exhibition, with Maxine and Arlene Wolfe as their two drum majors. There was a huge crowd in attendance, and they were very enthusiastic when they combined bands formed the outline of Nebraska, with a large "N" in the center, an idea developed by Prof. Lentz, and used by his University of Nebraska bands.

Another carload of waste paper will be loaded at the Burlington dock in Ord on October 8 and 9, it is stated by R. Clare Clement, county salvage chairman. He is anxious that all accumulations of waste paper in the territory go in this car, as another probably will not be loaded until after the first of the year.

Will Load Paper October 8 and 9

Many individuals and organizations in Ord and nearby towns have been salvaging paper and this is their opportunity to sell it at the high prices still prevailing. See that it gets into the car October 8 or 9, in Ord.

John Prince Dead.

Joseph Prince received a telegram telling of the death of his brother, John, in California, Sunday evening. He suffered two paralytic strokes, the second of which brought death. Mr. Prince grew to manhood here, but of late years had made his home in California. A more extended story of his life will appear next week.

John Polak, Home from 4 Years in Jap Prison Camp, Tells of Wake Isle Attack

John Polak of Wahoo, brother of Mrs. E. L. Vogeltanz, was in Ord this week and told of his experiences during the Japanese attack on Wake Island, and in Japanese prison camps afterward. John was office manager of Contractors, Pacific Naval Air Bases, and they had 1,146 men employed there at the time of the Japanese attack.

These men, of course, were civilians and not supposed to be fighting men, although they had to do what they could during the attacks. There were less than 500 enlisted men there, mostly marines, with a sprinkling of navy personnel. The Pan-American Airways had a base there and employed 20 Americans and 44 Timors, natives from Guam. The first word of Pearl Harbor came on the morning of Dec. 8, which in the longitude of Wake was the same as the 7th in Hawaii. In fact, all dates given in this story will be a day ahead of what they were here because of this difference in longitude. The Pan-American clipper was just taking off for Hawaii when the word was picked up.

The ship circled about for a time and then came back and landed. When they were asked what had happened, they told of the Pearl Harbor attack. The first Japanese attack came at 11:45 that same day when 27 bombers struck the airport, and got 7 of the twelve fighting planes they had on the island. They also bombed the Pan-American hotel. After that they bombed the island every day, and sometimes twice a day.

The Japanese first tried to take the island Dec. 11, but they came in insufficient force and were beaten off with heavy losses. They are still looking for the crazy radio announcer who first told the story about "Send Us More Japs." These same Japs were giving them plenty of trouble when the story came in through the radio. John says it certainly did not sound funny to the defenders under the circumstances.

The Japanese came back in force Dec. 23. Then 64 ships were counted in sight, and there

Ravenna Dangerous, Says Coach Cochran

The Ord Chanticleers will be protecting a record of 43 straight football games without defeat when they go to Ravenna Friday evening to play, and since the Ravenna game looms as the hardest of the season Coach Alex Cochran is sparing no effort in getting his boys into the right physical and mental shape for the contest.

Ravenna is dangerous, Cochran has been telling his boys in practice this week. They have been defeated only by Gibbon and played to a scoreless tie against Broken Bow, which Ord had trouble beating 6 to 0. Ravenna made 14 first downs to Broken Bow's 3, but couldn't push the ball over to score.

The Ravenna lads make no secret of the fact that they are out to beat the Chanticleers and ruin that consecutive victory streak. All Ord players except Manchester will be in shape to play Friday and a good game is assured, win or lose.

Three Are Fined on Traffic Charges

Dale Manchester was picked up Oct. 25 on a charge of driving without a driver's license, made by John P. Misko, county attorney, the arrest being made by Patrolman Guy Smith. The next day he entered a plea of guilty as charged in County Judge John L. Anderson's court and was fined one dollar, which he paid, together with costs of four dollars, and was released.

Elwin Mason was picked up by Patrolman Smith Oct. 17 and on Oct. 26 in Judge Anderson's court entered a plea of guilty to a charge of driving without a driver's license filed by Attorney Misko. He paid a fine of one dollar, costs of four dollars, and was released.

For failure to stop at a stop sign Oct. 26, Cecil McCall was haled into Judge Anderson's court, entered a plea of guilty, paid a fine of one dollar and costs of four dollars and was released. He was picked up by Patrolman Smith and the charge was preferred by Misko.

Junior High Team Loses to Walnut

Ord's junior high school football team played a good game against Walnut junior high of Grand Island on the Ord field Thursday afternoon but lost 21 to 13. Coach Hastings' team was outwitted by the Grand Island boys. Starring for Ord were Vernon Wells, Richard Blaha and Lad Cochrane. The Ord boys will play at least one more such practice game before the season ends.

Mail Vote Favors Airport and Pool, Committee Meets

8 Added to Airport Majority, 6 to Pool Total; Mayor Asks Committee Held.

The Ord city council met in special session Monday evening to receive the report of a canvassing committee composed of City Clerk Rex Jewett, Ralph W. Norman and E. S. Murray, who at 2:00 that afternoon made an official canvass of the votes cast at Ord's special election last week.

This canvass, which included the mail vote, resulted in addition of 8 votes to the majority favoring establishment of an airport, making the official vote on this question 628 for and 108 against. The swimming pool majority gained 6, making its total 561 for and 169 against. No negative votes were cast by mail, Clerk Jewett stated.

This same committee will meet again officially on Nov. 15 and count any more mail votes that may arrive in the meantime, and after doing so will make final certification of the election result to the city council, which will then carry out legal steps toward issuance and sale of bonds for construction of the two projects.

About 20 members of the advisory committees named last week by Mayor M. B. Cummins met with the council Monday night and the mayor expressed his views of the situation, saying that because of the tremendous majorities favoring airport and pool they should be built and put into use at the earliest date possible.

E. L. Vogeltanz told the group he believes the airport can be ready for partial use within 90 days. Construction of a pool will have to wait till spring but Mayor Cummins says he thinks bonds can be sold, bids advertised for and contracts let before the first of the year, which would enable construction to start by March 1, 1946 and assure the pool being in operation by next summer.

Some discussion of site for the pool was had and consensus of opinion seemed to be that it could be located in the park, though a site north of the high school building had some supporters. Mayor Cummins asked that the committee organize and prepare to make recommendations on sites to the council, preferably at the Nov. 15 meeting, at which Architect McNett will be present. He also asked that the committees continue to work in an advisory capacity with the council until all construction and financing details are decided on for both projects.

Many People Attend Showing of New Ford

The new Ford, the first new car of any kind to make its appearance in Ord since the war called forth a large attendance at the Nelson Motor company both Friday and Saturday of last week. The unveiling of the new car was scheduled for Friday, but the real crowd arrived on Saturday. The public was very enthusiastic in its acceptance of the new model Ford.

Friday P. O. Petersen, Mrs. Petersen and Merritt Wright were busy all day explaining the features of the new model and registering all who came in. Saturday Mr. Nelson was also present, and it kept them all busy. The number of persons registering Friday was 649, while more than 1,200 signed up the cards Saturday. Mr. Petersen estimates that the display auto could have been sold a hundred times if it had been for sale.

Divorce Granted by Kroger Last Week

Judge E. G. Kroger was in Ord for a session of district court last week, the usual run of legal matters requiring his attention, most of which were of little interest from the news point of view.

He received a badly lacerated scalp, part of his right ear was cut off, and he was severely bruised.

Christensen had been at the Darr Lee farm and in driving from the yard he failed to see the Beams truck coming from the north. The truck, loaded with barley, struck the car squarely in the center and knocked it into the ditch on the west side of the road.

Mr. Christensen was unconscious when Darr Lee arrived but later was able to get out of his car and into the car of Albin Pierson, who took him to the hospital. The truck was owned by Brown Grain company and was considerably damaged but the driver escaped with minor bruises.

County Chairman Hilding Pearson, of the United War Fund, reports this week that a number of country districts have been heard from to date. Together with those already reported, about half of the rural schools have made their reports. At least one school, No. 68, has reported additional funds since the first report came in.

Mrs. E. A number of schools yet to report are planning entertainments for Halloween, and these will appear in the final report, which cannot be made until next week, as the time ends Wednesday night. CAN'T KEEP GRANDMA IN HER CHAIR
She's as Lively as a Youngster—Now her Backache is better. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

We have some real good 1/4 sections, some real good 1/2 sections, on gravel highway, close to school; and some full sections, all with improvements, some real good. And we can still fix you up with some 40 acre deals, and one fine 120 acre farm with a lot of good improvements. This is all irrigated land, this 120 is, and the 40's are also. One shoe shop ready to use with shoe and harness tools, a good place for a good business. One set of 1 1/4-inch harness to sell.

John Polak, Home from 4 Years in Jap Prison Camp, Tells of Wake Isle Attack

(Continued from page 1)
 harbor three days and then were taken on to Shanghai, China, where they were put into a concentration camp.
 John Polak was put in charge of the camp, and they had their own bakery and galley. However, they never had enough food to cook, and all would have starved to death had it not been for the International Red Cross, which to all intents and purposes meant the American Red Cross. From this source they obtained food, clothing and medicine, and in spite of all this, many died from starvation or lack of proper clothing or medicine.
 The most they had in this camp at one time was 1,500, and down to a low of 990. From time to time civilians were taken out of this camp and sent to Japan. May 9, 1945, this camp was broken up and they were taken in freight cars to Peking. After 30 days they went back north in freight cars, first to Manchuria and then to Korea. Four days later they were shipped across to Japan.
 They traveled three days and two nights across Japan to Tokio, and on the way had an opportunity to see what the bombers were doing to the large cities. "Believe me," said John,

where they had that most unusual of all Japanese, a doctor who was kind to them.
 In closing, Mr. Polak emphasized the statement that all the stories we hear about Japanese atrocities are true. He saw many of them himself, and he talked with men who had been through the worst of it and survived. His group had to work hard, but on the whole were treated better than they were in many of the other camps. He is emphatic also in his opinion that the Japanese question must be settled once and for all.

SOMEWHAT DIFFERENT.

Really different is the fact that a busy beaver held up traffic this fall on the road south from Scotia. That road crosses Wallace Creek at the Burton farm, now owned by Claude L. Honnold of Tuttle, Okla. Some huge cottonwoods grow along the creek, and one of them is near the bridge. A beaver cut off this tree, at least two feet in diameter, and felled it right over the bridge, completely blocking traffic until the patrolman got an ax and cut off the limbs that lay across the bridge. The Ord Volunteer Fire department held a school on fire hazards one night last week, and drove over in front of the Ord Hardware, went in and checked the building over for defects in the wiring, etc. Of course a crowd gathered, and somebody asked what was the matter. One wise guy passed out the information that the hardware was about to start selling shot gun shells. In less time than it takes me to write it, there was a real crowd lined up waiting their turn to buy shells, but there were no shells to sell. I heard a fellow say the other day that this is a young man's world but I can hardly agree. A few days ago a young fellow from Omaha, 87 years old was out shooting pheasants, and he got his limit, while some of the younger fellows did not. About that time Prof. Pfuhl, who isn't a fool, so don't pronounce it that way, was making his rounds giving readings in astrology. He is only 89 years old. Then there are the John Heffelds, married 55 years and still able to dance the square dance. We haven't a carpenter in Ord under 60 years old. Mr. and Mrs. C. B. Clark are married 50 years, but they are as spry as almost anybody in North Loup. And my old pal Jim Holsington can still stick his toe in his mouth just like he did when he was a kid.

Now in regard to Jim, whose full name is Jim Limb Holsington, in case you don't know. The name Limb came from his grandfather's branch of the family, and they were the only family by the name of Limb in the United States, so Jim is rather proud of the name. I never figured that Jim had much college education, but he told me himself the other day that he went through the University of Des Moines, thus proving the utility of having two doors. In regard to universities, I always thought the graduates of the University of Hardnox could hold their own in any company anywhere, and so Jim ought to make it all right. That's all, folks.

Around the Neighborhood.
 From the Burwell Tribune we are reminded of the fact that G. D. (Pop) Price, has been custodian of the Burwell schools for the past 21 years, which is a long time for any man on any job. The students and teachers hope he will be able to handle the job for another score of years. The Tribune is talking up the idea of a community hospital for Burwell, since Dr. Roy S. Cram is back from the armed forces and has stated that he does not care to reopen his hospital.
 The Howard-Sherman farm loan association is paying dividend checks in the amount of 5% to its members, according to the St. Paul papers last week. Howard county passed its quota in the national war fund and was among the first in the state to do so. . . . A week ago Sun-

day game wardens stopped 600 hunters at the bridge south of St. Paul and found 12 who had violated the game laws in some manner. This looks to us like a very small percentage, just 2%, in fact.
 John F. Doyle of Greeley has received national honor for selling more life insurance for his company in September than any agent they had. . . . Fire destroyed the Louis Glaser farm home north of Spalding last week with a complete loss of both building and furniture, upon which there was no insurance. . . . Thomas P. Sullivan, well known Spalding man, died very suddenly last week.

Weather for the Week.

The period from Wednesday noon until Thursday noon was typical fall weather, partly cloudy in the afternoon, above freezing all through the night, with a north wind blowing up at dawn and continuing most of Thursday, temperature rising from 35 to 45 and then gradually dropping during the afternoon, practically clear all thru the day.
 The report for the rest of the week was practically the same, with really warm temperatures being recorded during the middle of the day, and cooler conditions at night. Monday night the temperature fell below the freezing point, and again Tuesday night. The highest reading was Saturday afternoon, when Weatherman Travis reported 70 degrees. The entire month of October was without a trace of moisture.

Our Fighting Men

★ Emil MrkvicKa S2c, was home two days to visit his parents, Mr. and Mrs. Frank MrkvicKa. He left Wednesday morning for San Diego, Calif., where he will be assigned to his ship. He has just completed his 4 months preliminary training.
 ★ Everett Mason is finally out of the armed forces, after a long and steady progress which took him all through the Pacific, and during which time he did not even have a furlough. He came in on the bus Monday, and was certainly glad to see the old home town. He is looking and feeling fine but says he is glad to try home cooking once more. He is the son of Mrs. Bertha Mason.
 ★ Pfc. Raynard C. Loft, who has been in Ord visiting his parents, Mr. and Mrs. L. M. Loft since his arrival Sunday, Oct. 21, is due in Philadelphia for reclassification Nov. 19. Raynard has been in the service 2 years next February, and spent much of that time in the Pacific theater, on Guam and Iwo Jima, he got shot in the leg with mor-

tar fragments, and has been in the hospital much of the time since last February. However he is now fully recovered and ready for another hitch at soldiering.
 ★ Henry Benda, CM2c, was discharged from the navy on Navy day, Oct. 27, so will have good reason to remember the day in the future. He was discharged in St. Louis, and of course came right to Ord, to visit his parents, Mr. and Mrs. F. J. L. Benda. Mrs. Benda and their child are now in Arcadia, but Henry plans to locate in Ord and find a job here.
 ★ T. Corp. Frank Kuklish was returning to his home at Elyria on the bus Tuesday noon. His mother is Mrs. Emil Kuklish. Frank spent 3 1/2 years in the army, 30 months of it in the southwest Pacific theater. He saw action, and plenty of it, on the Admiralties, Leyte, Luzon and finally in Tokio. He landed at Yokohama with the first troops to land there. What he disliked most was the Leyte campaign, in which they had to endure a 42 days rain without a letup. He says that practically all factories in the Tokio area were burned, with a chimney sticking up here, or a safe showing there, about all that was left of some of their best factories.
 ★ Larry Robert Denoyer, S1c, of North Loup, was a member of an amphibious task force which put occupation troops ashore at Wakayama, Japan following the surrender. The troops landed at this harbor for occupation of the inland cities of Kobe and Osaka.

Pop Corn
 The last two weeks have cured this popcorn out in fine shape. We will be taking our contracts full blast next week. The fact that we have such a large acreage may make it necessary for us to limit the amount of corn that can be delivered each day. Get in touch with us whenever you are ready to deliver this popcorn. Just call Jake at the Seed House, phone No. 76. If there is any question about the quality of the popcorn bring in a sample before you start delivery. In addition to our contracts we are in the market for both South American and Dwarf Popcorn. If you have popcorn to sell may we suggest that you patronize an established local dealer; they are the ones that furnish you a regular market and they contribute to best interests of your local community.

Truck for Sale
 We have a 1938 Chevrolet truck for sale at ceiling price for such a truck, and can furnish the buyer with enough popcorn hauling to very nearly pay for the truck during the winter. If interested call at the office. We have the figures on the ceiling price direct from the OPA office. This truck is in working condition and busy all the time.

Linsoy

We have a carload of Cattle Linsoy to arrive in Ord soon. If you are going to buy protein for your cattle this winter get your supply as soon as possible. Order your Linsoy and take it right off the car.

Mixed Feeds

We carry a full line of mixed feeds for Poultry, Hogs and Cattle. You should be giving these producing flocks and herds the best care right now. Put them in shape to produce all winter. Our feeds are top quality and the prices are reasonable.

on the bus Thursday morning
were Vincente Enriquez Ponce
de Leon, David Martinez Gon-
zales, and Rudolfo Gonzales
Martinez. They had been em-
ployed by Charles Meyer in his
beef fields east of Burwell and
were on their way to spend the
winter in Mexico City.
-Mr. and Mrs. Raymond
Cronk and son, Raymond, Jr.,
now aged 4, have moved to Ord
from Lincoln, and are living in
their former location in south
Ord. He has resumed his work
for the Nebraska State bank
Raymond was in the armed
forces for a while, was later
given a medical discharge, and
has been working in Lincoln.
-Archie Keep acted as chaus-
seur for a group of ladies who
went to Grand Island for the
day Wednesday. Those who
went were Mrs. N. J. Holt, Mrs.
Frank Rakosky, Mrs. Noble Ras-
ton, Mrs. Frank Piliowski and
Mrs. Louis Severson.
-Last week John Lewis was
taken to the Oddfellows home
at York, where it was thought
he could be better taken care of
than anywhere else. Having
been a member of the order for
most of his life, he felt that he
would like to go there. Sunday
his brother Charles drove to
York to visit him, and to take
down a small radio for his en-
tertainment. He found John
getting used to his surroundings
and liking it there.
-Mrs. Ed Naprstek left for
her home at Grant, Nebr., Fri-
day. She had been here two
weeks to welcome a new grand-
son at the Frank Naprstek
home. She had with her a little
grandson, Richard McCartney
whose daddy was lost in the
south Pacific, and whom she is
taking care of while his mother
works.
-Mr. and Mrs. F. J. Gregor-
ski, who spent 3 1/2 years in
Portland, Ore., returned last
week and are visiting his par-
ents, Mr. and Mrs. Billy Greger-
owski, and other relatives and
friends. Mr. Gregorski plans to
spend next year in this section
of the state, but may go back to
Oregon later. He says that it is
a poor time to buy there now,
as prices of real estate are high,
and the only way to get a place
to live is to buy a home. When
conditions get back to normal
again he expects to return.
-Mrs. Emma Sherbarth and
daughter, Mrs. Goldie Pichette
and her son, Mickey, came from
Burwell Thursday and went out
to Mira Valley, where they were
a part of the crowd that greeted
Mrs. Sherbarth's youngest bro-
ther, Howard Hanke, and his
new bride and a reception ar-
ranged by another sister, Mrs.
Albert Peterson, at the Mira
Valley Evangelical church.
There were about 80 people
present, and a delightful time
is reported.

7 shutouts.

with his parents, Mr. and Mrs.
Albert Dahlin, for the past three
weeks. He went into the service

John Beran, for a while.
* T. Corp. Ted Furtak came
in on the bus Thursday morn-
ing, out of the army and appar-
ently happy about it. Ted spent

and Okinawa, where he won two
battle stars. He stopped at
Guam and at Salpan on his way
home.

served in New Guinea, Nether-
lands East Indies, and the Phi-
lippines as the pilot of an A-20
with the 5th air force. He has
been awarded the air medal and
the Asiatic-Pacific ribbon with
3 battle stars. Mrs. Lahr went to
California to meet the lieuten-
ant and they drove back togeth-
er and are now in Lincoln
where he plans to work and at-
tend Nebraska University the
second semester.
* Pfc. Robert Sorensen, son
of Mrs. Chris Sorensen of Bur-
well, was a bus passenger Thurs-
day morning, going to Burwell
to spend his furlough at home.
Robert is the youngest of the

four Sorensen boys who have
been in the service. He went in
six months ago, and has just
completed his preliminary
training. While he is not posi-
tive, he thinks he will be sent
to the western part of the coun-
try.
* T. Corp. Edward L. Arnold,
son of Mr. and Mrs. Leslie Ar-
nold of near Arcadia, arrived
home Thursday evening, and
came to Ord Friday to report to
the draft board. Edward spent
22 months in the European
theater of operations with the
parachute troops, and wears a
spearhead for Normandy, an-
other for Holland, and 5 battle

is now entitled to wear on his
right sleeve the golden wreath
denoting membership in a unit

Army for outstanding meritor-

a letter from her husband, Otto
Turek, S 1-c, saying that he
would leave for the states the
day after it was written. He
spent 2 years in the service with
the 28 special construction bat-
talion, with 8 months overseas
in the Hawaiian and Philippine
Islands, and a short time in Ja-
pan. He will receive his dis-
charge as soon as he arrives in
the United States.

* Word received from Chester
Paplernik, Sic, is to the effect
that he has received his dis-
charge from the navy, and plans
to find employment in Los
Angeles for the present, at least
until next spring. Chester was
located at Barber's Point, Island
of Oahu, for a long time, and
also saw service in the Pacific
theater.

T-4 Everett Mason.

The above is a good picture of Everett Mason, son of Mrs. Bertha Mason, who recently returned from nearly 4 years in the armed forces. He has received his discharge. The arm bars indicate the three years he served overseas, a bar for each 6 months. He is wearing a corporal's chevrons, but came home a sergeant, the same as did his father, the late Howard Mason.

who lost their lives, and plenty of property damage all over the island.

Today is the second day after the storm and they are still digging out so do not know for sure how much damage was done. The storm started Tuesday morning and lasted until Wednesday afternoon. In the morning it was sort of hazy or cloudy, then in the forenoon the wind started to blow, along about noon was blowing so hard it was picking up water out of the ocean, which is about a half mile from camp, and it came down just like a heavy rain.

The water was driven so hard that when it hit us in the face it felt like hail, it was almost impossible to walk towards it. The storm kept getting worse in the afternoon and then our tents and buildings in the camp commenced to break up. At first the smaller tents went, then the larger ones. It just picked up our mess hall, which is 80 feet long and 30 feet wide, and lifted it right off the ground, carried it about a block and dropped it into a canyon—nothing left.

It was not long before nothing was left of our camp except our store and the water purification shack which was protected by a pile of lumber, and the quonset huts where the men live. This was around three o'clock in the afternoon. The storm kept on getting worse and the wind stronger. One of the doors on our store is on the side toward the wind, and we could not open it at all, had to use the one on the other side.

We were busy putting on extra braces and putting on boards that were coming loose to save our building, but it tore some holes in the roof and the rain came in and our supplies started to get wet. When we were inside the building just shook when the wind hit it. We were dressed up ready to get out if it looked like the building was going to break up. It was dark outside and we could hardly see fifty feet through the rain, and then the power plant blew down and the lights went out.

There were five of us in the building and so we just sat and waited to see what would happen next. Then about 4:30 I heard a crashing noise and looked out and saw pieces of one of those quonset huts flying past our store. The wind just picked up one of those buildings and rolled it over and broke it

to pieces. When we saw that we decided our building would go and decided to get out and go somewhere, at least out of the way of the lumber and tin that were flying.

Big chunks of tin and planks of lumber 30 feet long were carried in the air like paper. We left the store and started for a rice paddy 2 blocks away, where there was a sort of ditch about five feet deep. We were safe here, but soaked to the skin, and standing in a foot of water. Then we saw an ambulance truck a block away and got inside it, and thus kept out of the storm until it began to subside.

None of the fellows in our camp were killed or hurt, but many in other camps were. In one place a lot of men were holding down a hut with ropes while the doctors were working inside on those injured in the storm. . . . We had to eat cold rations for a couple of days, but at least we are better off than most of the other camps on Okinawa. We are about finished fixing up our camp and it is about liveable again. Love, Hubby.

In a later letter Mr. Parkos speaks of the wind registering machine on the island, which had a reading of 132 miles per hour when it was blown down.

The worst of the storm was estimated at 180 miles per hour. Parkos is the son of Mr. and Mrs. Albert F. Parkos.

To All Car and Truck Owners

A recent change in the law makes it compulsory that a certificate of title must be obtained to all cars, trucks, commercial trailers, semi-trailers and cabin trailers, before a 1946 license plate can be issued.

To avoid a January rush and many disappointments for you, we advise that you do this soon.

The following cars or trucks have no serial numbers: Cadillac, Ford and Davis; all other cars and trucks have a serial number. Be sure that you have that number correct when you make your application for a title. The serial number can be found on a small plate somewhere on the frame or door post of the body.

An early cooperation will be appreciated and will avoid a rush later on.

The fee for securing a certificate of title is 50c.

Establish Pool

(Continued from page 1)

The season and would comply with all state health department requirements, he promised. Both pool and bath houses would be built of concrete, the pool would have both under water and overhead flood lighting, and would contain modern vacuum cleaning machinery to clean the walls and floor of the pool regularly without draining water out.

Mr. McNett will present final sketches at the December council meeting and when they are approved will proceed with blueprints, with the idea that contracts for construction can be let in February and construction can be started not later than April 1 and earlier if frost conditions permit.

Service Letters

Albert Parkos Writes.

The following letter from Albert A. Parkos, S. I.-C, to his wife tells of the terrible storm they went through on the island of Okinawa, in which many service men were killed and injured. The text of the letter follows:

Dearest Stacie and the Girls: I do not suppose you have received any mail for several days and no doubt know the reason why, if they said anything over the radio or in the newspapers about the typhoon we had here again, and what a storm. The one we had three weeks ago was bad, but this one was worse. There were many service men

In Armed Services

★ S. Sgt. James Campbell has been in Ord visiting his mother, Mrs. Minnie Ruth Campbell, brother Erwin, and other relatives and friends. He got out of the armed forces Oct. 25, and arrived here Oct. 27. He had almost four years in the service and is very glad to be out. He has to go back to Chicago Nov. 12, where he will resume the work he had there which was interrupted by the war, working for Diesel Electric in the electro-motive shop. This is a subsidiary of General Motors. His brother John came to Ord Thursday afternoon, and returned Sunday afternoon to Grand Island taking James with him. James came back to Ord Tuesday.

★ T-5 Maynard J. Behrends of Co. H, 13th Infantry, received his honorable discharge from the armed forces Nov. 5, at Fort Leonard Wood, Mo. He has the combat Infantry badge, Carbine Rifle Sharpshooter badge and participated in the battles of the Ardennes, Rhineland and Central Europe. He has the good conduct medal, bronze star medal, world war 2 victory medal, and distinguished unit badge. He received the bronze star medal in a presidential citation, which in brief credits Mr. Behrends with outstanding bravery in recovering the bodies of his comrades from the fields in which they fell, often under enemy fire.

★ Irvin Green, S 1-c, has reported to his wife that he is now on the high seas on his way home from Guam. He has been in the navy since last March, and will be discharged under the new ruling that any sailor having a family of 3 children or more will be eligible for discharge.

★ Mrs. Willard Conner has heard recently from both her brothers, Charles and John, who were in the armed forces. Lt. Charles Dobberstein was in the Philippines for a long time, but is now in Yakalido, Japan, having arrived there in October. He does not like the climate there, as it is too cold. He was below

the equator for a long time, and finds the cold hard to get used to. He expects to get home in January. His wife and baby are living in Omaha until he returns. John Dobberstein received his discharge in August, and is now living in St. Joseph, Mo. He was overseas 3 1/2 years, all of which time he spent in Hawaii and on Christmas Island, 1800 miles south.

★ The public relations office of the army air field, Lincoln, reports that Cpl. Cecil Hansen, son of Mr. and Mrs. C. M. Hansen of Ord, has been discharged from the service Oct. 7, 1943 and served as A. M. and supply technician. He was overseas 18 months with the 576 bomber squadron, 392 bomber group. He has the good conduct medal, the ETO ribbon with 6 battle stars.

★ Mrs. Paul Rysavy has word from her husband, Sgt. Paul Rysavy, to the effect he is on his way home from Hawaii, and that he will be discharged soon. He had been in service 3 years in July, 18 months at Gander, Newfoundland, and 7 months at Hickam Field, Oahu.

★ John Wozab, jr., CY, will have cause to remember Navy day, as that was the day he got his discharge from the navy after more than three years in the service. Chief Yeoman Wozab, saw a lot of country and a lot more water while he was in the service, and he also made the most of his time, as is proven by the advancement he made, but he is very happy to be back home once more. He thinks he will locate once more in Ord.

SOMEWHAT DIFFERENT.
They tell a tale of one of Ord's business men who recently opened up a shop in a new location. He wanted a phone, and when Mr. Petersen showed up to put in the phone, he asked the assistant, who was busy where to put the phone. The assistant, being out of sorts, replied: "I don't care. Put it in the toilet if you want to." When the Boss got back, that was just where he found the telephone. Now the boys keep calling HI up

and asking him how he likes his new telephone booth, and he claims to like it because it gives a certain amount of privacy to his telephone conversations.

The writer sure got into hot water last week with that statement that there are no carpenters in Ord under 60 years old. John Cook hasn't said a word about it yet, but he should, as he lacks quite a few years of being that old. My old friend, Toot Harris, doesn't like the implication that he is growing old, and says he is a mere boy of 54. Mebby so, but how could anybody get to be such a good carpenter in only 54 years. Haven't heard from Andrew Nielsen Charley Hunt, Bill McKay, and some of the other fellows yet, but the statement that most of Ord's carpenters are past 60 years old still goes.

Check and Double-check

Have you ever noticed that whenever two trains pass, freight or passenger, a trainman will signal, with hand or lantern, to the trainman at the rear of the other train?

This is not merely a friendly gesture. Each man makes a careful visual inspection of the other's train while it passes. Then he signals that all is well or that he has spotted some defect.

This is just one phase of a continuous "check and double check" system. All Union Pacific trains are thoroughly inspected before leaving terminal points . . . all station agents check each train as it passes. Even track crews, along the right of way, are alert to spot any sign of trouble.

Thus, Union Pacific trains are checked time and time again as they transport passengers and freight over the Strategic Middle Route, uniting the East with the mid-West and the Pacific coast.

TWO DANGEROUS MEASURES

Congress is still toying with two of the most dangerous measures it has ever been asked to consider, the full employment bill and the selective service act. Both these are dangerous, because in the hands of politicians they may become diverted from their original intent and become tools to be used in keeping one party in power forever.

That was the idea of WPA and nobody wants to see WPA again. But the real motive behind the plan is what we must guard against. It is well known that WPA was used as a means to keep one party in power, and it had its part in doing the job. Suppose ten million men are out of employment and the government provides jobs for them. Are these ten million men going to vote against the party which furnished those jobs.

Technically, no party is to furnish the jobs. But we know what has happened in the past. We know no one party is to be trusted in matters of this kind. In time the American people will become accustomed to having one party in power, and will continue that party in power. Our government is founded on the plural party system. Usually we have had two. When we forsake that principle, our democracy is gone, never to return.

No, we, the people do not want the government in business, but we could do with business in government. What we need is a government founded on solid business principles. We need more men in office who will forget that they are democrats or republicans, and will remember only that they are Americans. We need less government regimentation and more individual enterprise. We need more government of the people, by the people and for the people.

Speaking of regimentation that is the one thing that is vitally wrong with any form of national service act. We cannot take from our young people the right to choose for themselves the kind of life they want to lead without changing their concept of what our government should be. Military service is all right in its place, and for those who choose it of their own free will, but compulsory service is all wrong.

What we must do is to make military service more attractive by getting rid of the Prussian ideas which have been used so long; by paying enough to the recruit so that he will not have to make a sacrifice when he goes into the service; by getting the gold braid boys down off their high pedestal and nearer on the same level with the enlisted men; by shelving that old idea that the officer is always right and the private is always wrong.

In other words, pay the recruit well, treat him like a human being, and he will be glad to sign up by the volunteer system. The American youth can be led by fair methods, but it is all wrong to try to drive him. The reason so many of our officers were killed in this war was because they chose to lead, rather than to drive. The reason we won is because the men appreciated their system of leadership.

As it now stands, it looks like the president will force some kind of full employment bill through Congress, and he is also for some form of compulsory military training. At first President Truman stood on his own feet, and in doing so won the admiration of all Americans. Just what has happened to change his point of view is not clear, but he certainly has changed materially in the past few months, and the change is for the worse.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages. Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income anytime after 20 years' service? There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

John Prince Dies; Is Buried in Los Angeles

John Prince was born at Boro Springs, near Stillville, Ia., in May, 1876. In 1880 he moved to St. Paul, Nebr., with his parents, later to Geranium, and in 1892 to Michigan township on what is known as the John Koker place. Later he quit farming and began working in a butcher shop.

He worked in several shops one of them being in Ravenna, where he met and married Mary Plevka. Then he started his own shop at Elba. Later he sold this out and bought a shop in Madison. He sold this and started in the real estate business. He had several farms in Boone county.

Later he moved to Oregon and after two years moved to Los Angeles, Calif., where he bought lots and sold them again, and finally bought a 40 acre tract just outside Los Angeles, where he lived several years. Japs farmed the land for him on shares, raising mostly garden vegetables.

Later this land was taken in to the city, and he sub-divided

it, naming it Prince's Square, and named some of the streets after himself and wife, having a John Ave., Prince Ave., Mary Ave., and Plevka Ave. He sold the lots, selling a whole business block in one deal. The lots sold rapidly and houses were built, and soon it was a city in itself.

Some houses were started and not finished, and he finished these and sold them all, after which he and his wife traveled extensively. They went east several times and also to Europe. They came to Ord almost every summer to see his old time friends. Last May his wife died. This was a great shock to him, as he lost a counsellor and partner.

He came to Ord to forget and bought a business lot, and planned a business building with two rooms in which he could live in the summer, spending his winters in California. He died Sunday, Oct. 28, and was buried in his own private mausoleum on his own land in California on Oct. 30.

John Prince was a Prince in name and a Prince of good fellows in fact. He believed in the

doctrine of happiness, and always had a smile for all whom he met. He leaves one brother, Joseph Prince of Ord, and two sisters, Mrs. Mary Zablouill of Ord and Mrs. Anna Alfrey of Denver.

Junior Red Cross

Roll Call Now On

The schools of Valley county are enrolling in Junior Red Cross this month. The Roll Call this year is patterned closely after the regular Senior chapter method: there are membership pins and posters awarded to the rooms and the students are invited to handle as much of the canvassing themselves as possible.

Funds contributed over the fifty-cent cost of room membership will again be a gift to the National Children's fund which helps children in needy countries with educational and health supplies. This is a service supported by the Junior and directed in the main by high school Junior members.

The rural schools had Roll Call last month at Teachers' institute. A committee from assigned zones worked with Mrs. Loretta Iwanski of Hillside school who served as general chairman for Mrs. E. L. Kokes, the county Junior chairman Mildred Waldmann of Blue Valley school and Dolores Greenwalt of Turtle Creek school served zone 1; Roberta Cook of Midvale and Winnie McCall of Hayes Creek represented zone 2; Mrs. Golda Palder of Pleasant Valley and Mrs. Gretchen Youngquist of Dunham were from zone 3; Lydia Mathauser of Springdale and Wilma Klancek of Brick enrolled zone 4; Luetta Kuehl of Brace and Marcella Iwanski of Elyria grade school and zone 5; Clara Jensen of Olean and Mrs. Margaret Tolbert of Union Ridge turned in zone 6.

This Roll Call committee enrolled every school in the county but one and hope to make it 100% before the time is up. In the Ord high school the members of the student council will handle the membership drive. Some 1500 Valley county school students had membership in 1945 in the Junior Red Cross, the largest youth organization in the world.

Ign. Klima, jr., Writes.

We are publishing herewith excerpts from a letter written by Ign. Klima, jr., to Mr. and Mrs. Robert Noll:

Dear Ava and Bob: Ever since we came out here, I have been trying to relax and put on a little weight. . . . At present I am improving from a very badly sprained left knee and ankle. Three weeks ago last Sunday I was in church and after the services I walked over to the Olympic hotel, expecting to meet Alvin Lee, but he was not there, so I started to walk leisurely down hill, and having on a new pair of shoes, I caught my left heel in one of the cleats in the walk which tripped me backwards and the result was a badly sprained leg. . . . I am now able to be up on crutches so hope to be out to review the Third fleet, which is docked here now and holding open house. . . . Rebecca has been working as waitress in a somewhat exclusive eating place known as the "Big Tree Inn."

. . . Had a telegram from our son Robert a few days ago, that on Oct. 17 he was discharged and was visiting with his wife and her folks in Texas. After a week or two, they expect to go on up to Ord for a short visit. . . . He comes out a sergeant with presidential unit citation nine battle stars and 92 points. Flew back from Italy via Morocco, Dakar, Brazil, Puerto Rico to Morrison Field, Fla. Extend our sincere greetings to our friends in church and around Ord. Cordially yours, Ign. Klima jr., and Rebecca.

Extension Club News.

The Prosperity Seekers project club members met with Mrs. T. A. Bridges Oct. 24. Mrs. Bridges and Mrs. R. W. Coakley, leaders for this year, made the salad for the demonstration and discussed the dressing that could be used.

As the salad demonstrated was to be used for lunch, Mrs. Bridges, the hostess, had also made two kinds of cookies from the lesson before. This was interesting as it combined two lessons in a home meal. New officers were also elected at this meeting.—Mrs. C. B. Shepperd, news reporter.

Editors Note: The above is a very good example of the way extension news should be written. The Quiz is glad to get it and we want news from all the extension clubs. Please see to it that your news reporters write up the meetings and get the reports in to the Quiz.

Linsoy

We expect a carload of Linsoy in about Nov. 20th. Place your order early as the protein supply is limited. There is every evidence that proteins will be much shorter this year than they have been any time during the war. So it is a very good plan to get your proteins whenever you get a chance to buy proteins.

Hog Supplement

We have a very good line of Hog Supplement. At present we can make you a very attractive price on some 35% Hog Supplement. This is another item that is hard to get and you should keep a good supply on hand.

Beefmakr

We have just received a shipment of Beefmakr. This is a 12% protein feed containing a 45% molasses content. This is a top sweet feed for your cattle in the feed yard. We believe that this is one feed that we will be able to get a good supply all through the winter. Keep a couple of extra tons of this Beefmakr on hand.

Pop Corn

We are taking our popcorn contracts at this time. We will take it just as fast as we can get cars and can store it. It is a good plan to see Jake at the Seed House or call him at 76 so he can be ready to take care of it.

Ord Overwhelms Saints for a New National Record

Visitors Threatened but Once on Recovered Fumble, But Pass Failed.

By winning their game with St. Paul in Ord Friday evening the Ord high football team set up a new national record, it is claimed. This was their 47th game without a defeat, and the longest string without a defeat in the United States, so far as is known, was 44 prior to this breaking the record. This string is being investigated, and will either be proven or refuted in the near future.

In spite of the fact that Coach Cochran used every available man during the game, the Chanticleers ran up the biggest score against St. Paul Friday night on the Ord field that they have made against any team for a number of years. They ran up 48 points against St. Paul in 1937, and St. Paul defeated Ord by 47 to 0, in 1925, both far below the 67 to 0 score of last week end.

The visitors had several good men, notably Ewers, Goracke and Nelson, all backfield men, but the weak line failed to hold most of the time, and the fine play of these men was largely nullified. The visitors failed to make a single first down by the scrimmage route, and only 3 by use of forward passes, but they were in there trying all the time.

Shortly before the end of the first half St. Paul recovered a bad pass from center and after a pass had made it first down on the Ord fifteen, an incomplete pass into the end zone as the half ended put an end to the only St. Paul threat of the game. The rest of the evening they never got past the center of the field on the offensive, and there was very little defense.

Ord received at the south end, Tolen returning 18 yards to the Ord 33. Kominek made 12 and a first down. Tolen made 4 and Kominek made 6 and a first down. Dworak went through left side for 21 yards and first down, and Timmerman went off right tackle for 24 yards and a touchdown. Tolen carried it across for the extra point. Score after 2 1/2 minutes of play, Ord 7, St. Paul 0. Ord had made 67 yards in five tries.

After three plays, Ord recovered a blocked kick on the St. Paul 25. Tolen made 6 yards, Kominek made it first down on the 15. Dworak went through right guard 15 yards for a touch down. Tolen kicked the extra point. After three more St. Paul plays, Tolen returned the punt from the 50 to the St. Paul 41. On the next play Kominek went 41 yards through left guard for a touchdown. Kominek carried the extra point across. Score at quarter, Ord 21, St. Paul 0.

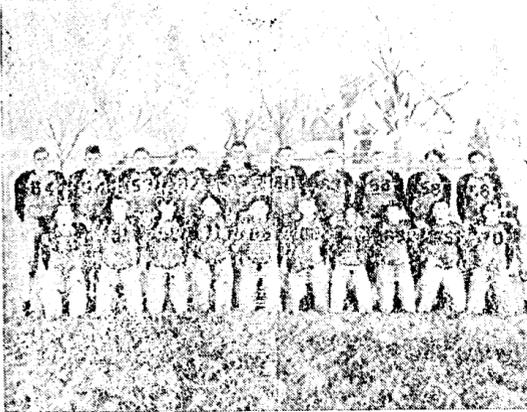

Ord had made 21 points in just nine running plays. Shortly afterwards E. Piskorski recovered a blocked punt on the St. Paul 20. Hannah lost 5 yards, then made 3 and a pass, Tolen to Blessing, was good to the 10. Tolen went around left end for a touchdown, then passed to Noll for the extra point. A blocked kick gave Ord the ball on St. Paul's 10. A pass, Tolen to Kominek, gave another touchdown. Stoddard carried for the extra point. Score at half, Ord 35, St. Paul 0. Tolen returned a punt 12 yards

O. C. Winder, Cowboy.

The above picture was taken of our fellow townsman, O. C. Winder on the occasion of his 73rd birthday. There was another picture in which he was spinning the rope with the dexterity of any young cowboy, but it hid his face. We thought his old friends would like him better in the above pose. Winder has been an Ordite for some 40 years, and in spite of the fact that he suffered a badly broken leg a few years ago, he sits a horse today just like most young men.

Lexington Meets Ord Friday Evening

Home Sold, Svoboda Builds a New One

Charlie Svoboda, Ord blacksmith, is used to meeting emergencies for his customers, so when he met one of his own, he was ready for it. When the house in which the family was living was sold, Charlie had to find a new location, and soon. He consulted Ray Bissell, with the result that he is having a new home built out of the rear of his shop building.

Svoboda moved his shop into the former Milligan garage on north 15th street some time ago and now he is having Bissell and Son rebuild the back part of the building into rooms in which to live. The work is well under way, and Charlie should be ready to move in by the first of next month. As arranged there will be three nice rooms on each side and a large hallway through the center, and it will make a splendid home when completed.

Weather for the Week.

The unusual weather prophesied last week materialized the next morning. Snow began falling about 5:30 a. m. and continued for two or three hours, with an inch in all when it stopped. This came with a northwest wind and a rather low temperature. The sky cleared in the afternoon and Thursday night the temperature dropped to 6 above. It remained quite cool most of Friday, but warmed up somewhat Saturday and Sunday.

Monday morning the skies were overcast and the wind was blowing lightly from the northwest. The wind increased during the day, the skies cleared and the temperature dropped to 15 above by Tuesday morning. Tuesday was fair with rising temperature to about 50 degrees, and increased cloudiness in the afternoon. There was little change during Tuesday night and Wednesday forenoon. Precipitation for week, .10 of an inch.

to the 50. Dworak hit center for 15. Timmerman carried to the 1 yard line. Dworak went over for the touchdown. The kick attempt was blocked. Kominek made 8 yards to the Ord 48. Dworak hit center to the St. Paul 42. Kominek passed to Tolen on the 30. Timmerman made 8 yards. Tolen passed to Blessing for a touchdown. The extra point failed. A punt was blocked on St. Paul 12. Penalties and scrimmage loss took it back to the 30. Dworak made 5 yards. Tolen passed to Blessing for a touchdown. Dworak carried the extra point. Score at end of quarter Ord 54, St. Paul 0.

After several losses and penalties, St. Paul punted from their 12, and Ord took over on the 29. Stoddard made 7 at center. Hannah went around left end to the 15. Hannah made 3 yards. Kominek took it to the 5. Hurlbert, erstwhile center, went around left end for a touchdown and realized his highest ambition in football. Koll kicked the extra point. Hannah intercepted a pass on the St. Paul 39. Hannah made 5 yards. Koll made 7 yards. St. Paul took over, but Hannah intercepted another pass and took it to the St. Paul 25. Koll went around left end to the 11. Stoddard went around right end for a touchdown. A pass for the point was incomplete, and the game ended Ord 67, St. Paul 0. The above summary contains only the high points of the game, and many plays are not included, which will account for any inconsistencies. A complete play by play account calls for more space than is available in this week's Quiz.

Game summary: Ord netted 298 yards from scrimmage, as follows: Kominek 79, Tolen 14, Dworak 69, Timmerman 66, Noll 9, Hannah 22, Stoddard 18, Hurlbert 5, and Koll 13. Ord made 95 yards in 6 completed forward passes. St. Paul made 26 yards from scrimmage, but lost 32, a net loss of 6 yards. However, they passed, with no loss. Scoring: Timmerman 6, Tolen 8, Dworak 13, Kominek 13, Koll 2, Stoddard 7, Blessing 12, Hurlbert 6.

Lexington Team Primed for Ord In Game Friday

Minute Men Have Won 3 and Lost 4, But Are Hoping to Beat Chanticleers.

Riding on top of a string of 45 games without defeat, Ord goes to Lexington Friday night hoping to win from the Minute Men who have lost four games this year, most of them by fairly close scores. However, Coach Alex Cochran and his assistant Hilding Pearson, are not taking any chances, and are hoping to go through the season without a defeat.

While the Lexington record is not impressive it is pointed out that three of the games they lost have been to Class A schools. Their win from Phillipsburg, Kas., the past week by a score of 41 to 6, might be taken to indicate that they are hitting their stride at last. On the other hand, Lexington will be trying for their first win against Ord.

Having scouted Lexington in their game against Holdrege, Coach Cochran gained the impression that they are a team with considerable dormant power. Such a team is dangerous in late season. A spark such as the Phillipsburg game might ignite that power. Ord will be on the short side of the weight chart by considerable poundage. Their line and backs are BIG.

The chief concern this week is an ear infection which has placed Lloyd Lehecka on the inactive list. Whether he will be ready to play in the season's finale depends entirely on a rapid recovery. At this writing his chances are very slim, and he will probably have to be replaced at guard.

Last year Shibata missed the Lexington game with a boil, but Hurlbert, who replaced him, came through with the season's finest display of line play. Possible replacements this year at the guard positions include Ed Piskorski, Jenison and Roesser. Members of this year's team who saw action against Lexington last year include Hurlbert, Lehecka, Stowell and Tolen. For Lexington, all last year's men will be on hand.

The following is the record of Ord versus Lexington. In 1942, the first year, Ord won 6 to 0. In 1943, Ord won 27 to 0. In 1944, Ord won 13 to 0. Lexington has won from Curtis, 7 to 6 from Cozad, 12 to 0 and from Phillipsburg, 41 to 6. They lost to McCook, 12 to 0, to North Platte 13 to 7, to Holdrege 6 to 0, and to Kearney, 13 to 7.

Wozab Appointed Veterans Officer

The veterans' coordinating committee of the American Legion appointed last spring by the Valley county board of supervisors has named John Wozab as veterans' service officer for this county and he will assume his new duties December 1, after taking special schooling at Lincoln.

Recently discharged from the Sea Bees in which he held a chief petty officer's rating, Wozab served both in Europe and in the south Pacific. The new job carries a salary of \$150 per month, paid out of funds appropriated by the county board some months ago in accordance with Nebraska statute.

20-Year Pin Given to Ed F. Beranek

For attending meetings of the Ord Rotary club for a period of twenty years without missing a meeting, Ed F. Beranek was presented with a diamond-set "20 year pin" Monday evening by members of the club. Mr. Beranek's unusual record was completed on Oct. 22. He began attending Rotary meetings on Oct. 24, 1925. In making the presentation, President Fred Cahill commented that it will probably be the only time that a president of the Ord Rotary club will have a chance to present such a pin to a member.

Mr. Beranek plans to continue his perfect attendance record as long as conditions make it possible for him to do so.

Marriage License Issued. County Judge Charles Bossert of Grand Island issued a marriage license last Saturday to Dorothy Jorgensen and Richard Nevkila, both of Ord.

Dairy Feed Payments. According to the ACP office dairy feed payments for the months of July, August and September expire Nov. 30. All applications by Valley county farmers entitled to such payments must be received before that date.

Ord Men Hunted Deer in Wyoming

Joe Osentowski and Bruce Covey of Ord, Arnold Hansen and Cecil Jones of Omaha and J. R. (Casey) Jones of St. Paul, returned Sunday from a week spent in the mountains in the Black Hills National Forest, 45 from a town, on a deer hunt. They met with complete success, Covey and Cecil Jones getting a buck each, and the others getting a doe each. They left Ord Nov. 4, taking camping equipment with them, and camped and did their own cooking during the trip. Covey also shot a porcupine and brought back some of the quills. In the above photo, left to right are: Arnold Hansen, Cecil Jones, Joe Osentowski, Bruce Covey and J. R. (Casey) Jones.

Stove Causes Damage to the H. Worm Home

Sunday of last week Herman Worm got up at his home in northeast Ord in the morning, lit the fire in the gasoline stove and returned to the bedroom. Presently he looked out and noted an unusual brightness in the direction of the kitchen, which he soon found was the stove, which was blazing all over.

It had scorched the wall behind it and set fire to a shelf above, but by carrying the stove into the yard and dousing the shelf with water the fire was stopped without calling the fire department. The damage was confined to the stove, shelf and wall paper, and was covered by insurance.

War Fund Drive Soon to Close

Chairman Hilding Pearson of the United War Fund drive for Valley county is stressing the necessity of closing up the drive, which is already past the time allotted for it. There are 13 rural schools yet to report, and Mr. Pearson insists that these report at once, so that the final report can be made. To date the results financially have been gratifying, but there should be no need for further time in getting these reports in. Seven additional districts have reported this week, which together with some additional amounts reported, makes the grand total to date, \$3,364.78.

Duck Banded at Tulsa.

Two weeks ago while hunting on the river south of Ord, Vern Andersen and Gene Leggett shot a mallard banded by the Federal Biological Survey. The band number was forwarded to the Survey as requested and this week came word that the duck was banded in Tulsa, Okla., on March 9, 1941, by F. S. Davis.

Mrs. Lyle Craig of Clark's vet. was admitted to St. Francis hospital in Grand Island Tuesday for surgery. The Craigs lived in Valley county for many years and are well known here. Mrs. Craig is a sister of the Masons, Lawrence, Leslie and Seth, and has been in very poor health for some time.

Setlik-Vodehnal Wedding Party

Courtesy of Ed Swopes

Miss Bernice Setlik, daughter of Mr. and Mrs. K. Setlik, became the bride of Lumir Vodehnal, son of Mr. and Mrs. V. J. Vodehnal, at a regulum high mass in St. Mary's church at Elyria at 9:30 a. m. Monday, Nov. 5. Fr. Stanley Gorak officiating. The bride wore a floor length dress of white net with a lace bodice and sleeves. Her veil was also white net and was edged with lace. It had a sparkling Queen Anne crown. She carried a bouquet of pink roses and white chrysanthemums. A shower of ferns and ribbons completed her attire. Her attendants, Florence Setlik and Jean Veleba, wore pink and blue net formals and carried colonial bouquets of pink roses complete with a shower of rare buds on each. The groom wore a dark blue suit and his attendants were Rudolph Vodehnal and Adrian Setlik. Flower girl was Mary Ann Dubas, a niece of the bride. She wore a blue net formal and carried a small bouquet of pink roses. Ronnie Vodehnal, a nephew of the groom, was ring bearer. He wore a dark blue suit with a carnation for a boutonniere, and carried the ring on a white satin pillow. The young couple plan to reside on a farm about 16 miles west of Ord.

2 Townships Have Over-Subscribed in Victory Loan

Michigan, Davis Creek First, Arcadia Close; Sales Lag in Ord, North Loup.

Two townships, Michigan and Davis Creek, have already over-subscribed their Victory loan quotas with 132% and 112% respectively, but other Valley county townships are lagging, reports C. J. Mortensen, war finance chairman. Valley county as a whole has "E" bond sales totalling \$42,375 or 40% of its \$105,000 quota, he says.

Especially disappointing is the showing made to date by Ord township which has a quota of \$45,000 or almost half of the county quota, but has sales of only \$13,631.25, or only 31%. Ord township usually leads the county in percentage of sales. North Loup township, usually among the leaders also, is lagging even farther behind than Ord, with only 19% of its quota sold to date.

"We have made a good start on E bonds but it is only a start, and a lot of buying must be done to put Valley county over the top in this eighth and last war loan," says the county chairman.

The first report of sales by townships is submitted as follows:

Township	Quota	Sales	%
Arcadia	13,000	10,725.00	83
Davis Creek	2,000	2,231.25	112
Elyria	4,000	1,481.25	37
Enterprise	8,000	3,393.75	42
Eureka	1,000	112.50	11
Geranium	2,000	525.00	26

In Armed Services

★ Pfc. Raynard Loft, after spending most of his 32 day furlough with his parents, Mr. and Mrs. L. M. Loft, left Tuesday morning for Philadelphia, where he is to report for duty. Raynard is one of the comparatively few Ord men who belong to the U. S. Marine corps.

★ Recently discharged from the army under the adjusted service rating system is Pfc. Everett W. Lukesh, son of Mr. and Mrs. W. A. Lukesh of Ord. He is entitled to wear three battle stars for campaigns in which he participated while in Italy. He also has the European Theater ribbon, combat infantryman badge, American theater ribbon, Good conduct medal and Victory medal. He has been in the army since November, 1942, and his wife, the former Hazel L. Leonard, lives in Ogden, Utah.

★ Pfc. Donald Behrends returned home Thursday on a 30 day furlough with his parents, Mr. and Mrs. Herman Behrends. He went back after his recent furlough to receive his discharge, and immediately signed up for another year. He had been in the European theater of operations, but does not think he will be sent abroad at this time for so short an enlistment. Donald says he felt he could save more money in the army than he could in any job he might land in civilian life. His brother, Sgt. Bernard, who was in the Philippines, is now in Japan, and expects to receive his discharge before long. He also plans to reenlist, as his sergeant's pay, plus overseas pay, plus second enlistment pay, with the added inducement of a 90 day furlough before his duties start, looks mighty good to him.

★ Lyle Manchester, son of Mrs. Esther Manchester, and Richard Marshall, son of Mr. and Mrs. Grant Marshall, have signed up for the navy, and will report for duty Nov. 16, at the navy yard, San Diego, Calif. Lyle signed up for a period of two years, but Richard is in the reserve, so it is not known what his period of enlistment will be. Both young men felt that the opportunity in the navy at the present time was too good to be overlooked.

★ T. Sgt. Corwin Cummins arrived in Ord the past week, having received his discharge from the armed forces. He spent about 3 1/2 years in the service, 25 1/2 months of it being in the Aleutians. Since returning from there he had been stationed at Galveston, Tex. He was a baker while in the service, but does not plan to continue in that line. He will go into the auction firm again with his father, and his wife will live with the M. B. Cummins family until they can locate a place to live.

COLD WEATHER COMING!

CHANGE TO THIS NEW FIGHTING AVIATION OIL WITH Twin Action

* FLOWS FREELY AT ZERO OR BELOW * STANDS UP AT BOILING OR ABOVE

In winter, your car needs an oil that flows freely and lubricates instantly. Equally important, the oil you use must not thin out and breakdown after your motor gets hot.

With Champlin HI-V-I... the new fighting aviation oil... you get this TWIN-ACTION.

For Champlin HI-V-I was developed especially to meet all weather demands of our air forces... to be used wherever they had to fly... in freezing northern outposts... and through the wastelands... and through the stratosphere.

N-Hexane, an extraordinary new solvent, throughly de-waxes Champlin HI-V-I, producing a remarkable new cold pour test rating.

BOYS WILL BE BOYS

We all realize from early youth up that we are granted a large measure of liberty by the constitution. However, as adolescents we do not seem to be able to distinguish the place where liberty leaves off and license begins. The line of demarcation is not clearly defined in our minds. What one person may consider it his right to do may be all wrong in the mind of another.

There is only one safe rule to follow, and that is to be informed as to the requirements of the law. The laws in the main are fair and just, and are made, not for our punishment, but for our benefit. Were it not for these laws we would deprive ourselves, or others would deprive us, of many rights and privileges that we now enjoy.

It is true that we have too many laws and that many of them are couched in such language that it would take a good lawyer to explain their meaning. But, on the other hand, our good common sense should tell us that we have a right to do, and when we are stepping over the bounds and committing a lawless act. We should never do anything we would be afraid to do openly.

Signs are placed along our highways for the benefit of the traveling public and for their safety. Yet only too often we find these signs so defaced and mutilated that their original meaning is nearly lost. Every town has boards placed at the city limits giving the name of the town and the population. Most of these have been mutilated. The population of Ord is not 12,240, as appears on one of these signs.

Maps are placed in our post offices for the enlightenment of those who wish to send air mail. School kids come in and use the government pens and ink to write their names on the maps, to draw silly pictures of each other, and all too frequently carry off the pens. One post office has quit leaving pen and ink in the lobby because of this destructive habit by the juvenile population.

Children do not commit all the acts of destruction by any means. There is the hunter who goes out looking for game and finds a farm posted with neat signs of "No Hunting" or "No Trespassing". He often takes it as a personal affront and gets even with the "stungy old cuss" by shooting his signs full of holes, or even by tearing them down and hiding them, and then going in and shooting all the game he can find.

Then there are the grown men who write obscene verse in every public toilet they enter and waste their artistic talent in drawing obscene pictures. I say men, and by that I mean people who have reached the age when they should know better. Real men do not waste their time in such vulgar employment. How can a man stay on the sidewalk if his mind is in the gutter?

You may have read of what happened to the USS Missouri when the school children were given a day to visit it. The captain stated afterward that thousands of dollars of damage was done by them in the course of the day. Everything not fastened down and weighing less than 50 pounds was carried away for souvenirs. Several fire nozzles, weighing 50 pounds each, were included in the loot.

Kids have a mania for carrying off salt and pepper shakers and silverware from every restaurant they enter, especially if they are in some new town. Personally I knew of one young man who actually had 35 sets of shakers, collected from all over the state when he was married. This man would not steal a penny from anybody, but he considered salt and pepper shakers as legitimate loot.

Then there is the lady, often a leader in some church, who not only has her collection of hotel and pullman towels, but takes pride in showing them to her friends when they call, with such remarks as: "I got this one on our honeymoon at Niagara Falls," or, "I got this one from the Union Pacific on our trip to Los Angeles." The fact that we are souvenir hunters does not lessen the crime in the least.

At the shipyards at Hunter's Point, and elsewhere, tools are issued to the workmen, and are supposed to be returned at close of time. All too often these tools found their way through the gates by various devious means, and once outside, it was impossible to recover them. As a result searches were made at times of cars as they left the yard, and all kinds of tools were

found One man even had taken a small electric motor. The usual excuse was that they could not buy the tools outside. They were getting high wages for light work, but were not satisfied. St. Loup Church Ingathering Monday Eve Results in Extensive Gifts.

Stella Kerr presided and acted as speaker and singer. Gifts presented showed the "God's acre" plan was the varying circumstances of various individuals. One man gave the earnings on one acre of popcorn and another gave receipts from two of corn. One man gave the cream for cream for month, which with the remainder of a half-stricken plot of corn made up a gift.

Several hundred pounds of popcorn was the nature of one gift. Another was a collection of accumulated over a year.

Mr. Hild began his speaking career at the age of 13 years, and since has led large crowds in high assemblies, city auditoriums, and over the radio. A giant rally will be held at the Bohemian hall on Dec. 2.

Boy Accidentally Shot Monday Eve

Donnie Kasper, son of Mr. and Mrs. Ed Kasper, was shot through the nose and right cheek in an accident at the Rex Jewett home Monday evening. Mr. and Mrs. Jewett took him at once to the clinic hospital, where he was examined by Dr. C. W. Weekes, who thinks there will be no very serious consequences.

Rex Jewett was working in his work shop and sent Rex, Jr., 8, out to bring him a 22 caliber rifle from the car. Donnie came along at that time, and he and Junior must have been looking at the rifle and a 16 gauge shotgun which was also in the car. Rex did not hear the shot.

The first he knew of the accident was when Donnie looked in at the shop door and said, "I think I'm shot." Neither of the boys seem to be very clear as to just what happened, but it is believed that Donnie was looking at the shotgun and Rex, Jr., was holding the rifle, which was accidentally discharged.

Donnie, who is about 12 years old, has been playing in hard luck of late. He fell off the garage roof recently, cutting a long gash in his fore arm. While working at the Ord Coop creamery an egg case fell on his head, pushing his face down into another case over which he was stooping, bruising and cutting his face quite severely.

Burwell Farmer Badly Hurt in a Farm Accident

Loren Butterfield Suffers a Broken Leg When Team Runs Away with Rake.

In an accident which occurred at his farm two miles south of Burwell Saturday, Loren Butterfield received a very badly broken leg. The limb was so badly mangled, in fact, that the Burwell doctor to whom he was taken refused to try to set the bone, and Mr. Butterfield was rushed to the Methodist hospital in Omaha for treatment.

The Mitchell Bros. ambulance was used for the trip, the victim being kept quiet with opiates. Reports from the hospital state that Mr. Butterfield is resting as easily as could be hoped, but it is not known here whether the leg can be saved, or how well he will be able to use it if it is saved. Butterfield, who is about 60 years of age, was driving a team hitched to a hay rake at the time he was injured.

One of the earliest farmers in the North Loup valley to realize the value of pump irrigation, Loren Butterfield had a large well bored on his farm years ago, and was getting large returns from his investment for years before the irrigation project came into existence. He has always taken an active interest in any proposition of interest to farmers, and for this reason is well known all up and down the valley.

A. Wiegardt Makes A Good Suggestion

Writing to the editor of the Quiz, A. A. Wiegardt of Oakland, Calif., tells that their son, Kendall, is home after spending the entire war in the Tunisian and Italian theaters of action. He was with headquarters and thus was not required to follow as closely in the theater of action as he would otherwise, but he saw plenty of war, just the same. Wiegardt writes as follows in regard to Ord's swimming pool:

"I see by the Quiz that the swimming pool is now a certainty. I feel that I have a rather personal interest in that matter myself through the active part taken to attempt to secure a pool in previous years. I suppose someone has thought of it, but I have not seen it voiced in the Quiz, the idea of combining the swimming pool with a Memorial for the Veterans of this war."

"In Ord with a little additional architecture the swimming pool could be dedicated as a War Memorial and thereby you could have in reality a living monument to those who gave their lives so that we who live to enjoy the fruits of their victory can continue to live in a country that is free."

"I believe that to the average American 'Freedom' spells just such things as play grounds, swimming pools, libraries and so on. It should, and I am sure it does make a community feel proud that it can offer such advantages to its citizens and neighbors, for after all the accomplishments are the results of the united and combined effort of all."

Union Thanksgiving Service. Thanksgiving Day, Thursday, Nov. 22, there will be a worship service at the Christian church on the corner of 16 and O streets at 10 a. m. Rev. Carl F. McConnell of the Methodist church will deliver the message, "Thanksgiving Day! Feasting or A Spirit of Gratitude?" A solo will be given by Mrs. Leslie Nash, accompanied on the piano by Miss Betty Jean Walker. Assisting Rev. McConnell in the service will be Rev. R. T. Cordry, Rev. Norman Erickson and Rev. A. I. Haun.

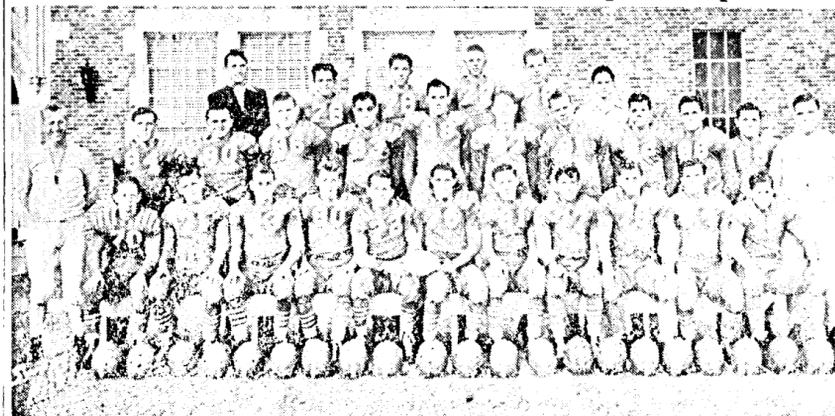

Pasture Burned Over, Ord Firemen Called

Fire of unknown origin was discovered in the Cornell pasture five miles southwest of Ord at about 2 p. m. Thursday. The Ord firemen were called and 14 of them helped extinguish the blaze, which burned over quite a stretch of pasture, but did not get into the cultivated fields.

Due to the rank growth of weeds, country fires are particularly dangerous this year.

We Want to Know. Many Quiz readers will be having guests for Thanksgiving and we simply cannot get all this news without help. If you have guests in your home this week, will you please drop us a card or letter, or call us. Phone 30, and tell us all about it. We want this news all the time, but especially at Thanksgiving and Christmas or any other special occasion.

Change Is Made in Kearney Bus Line

Beginning Monday, Nov. 19, the bus line which ran from Ord to Kearney and return since Sept. 1, was changed, the bus starting from Grand Island at 9 a. m. going by way of Dainebrog to Midway. There it meets the Burwell-Grand Island bus, takes on any passengers going Kearney way, and continues to Farwell, Ashton, Loup City, Rockville, Ravenna, Pleasanton and Kearney, where it arrives at 12:40.

The returning bus leaves at 3 p. m., goes over the same route, makes all connections and reaches Grand Island at 6:40. This provides transportation Kearney way for all who wish to go that route, and eliminates the 28 mile run from Ord to Loup City, which has not paid expenses. James Hahn will continue as driver of this bus line, but has moved to Grand Island from Ord.

Allen Authorized to Inspect Engines

George Allen, city utilities superintendent of Ord, has been authorized to make a trip into Kansas to inspect recent installations of diesel engines in municipal plants, according to Mayor M. B. Cummins. He will be accompanied by a representative of the engineering firm of Mack & Veatch, who are preparing specifications for the electric plant improvements planned for Ord.

As soon as possible it is proposed to install a new 1,000 kilowatt diesel engine at the plant here, cost of which will likely be between \$90,000 and \$109,000, Mayor Cummins says.

Jennie M. Schuyler Buried at Burwell

Jennie Marie McKinney was born in Grundy County, Iowa, Dec. 25, 1869, to E. B. McKinney and his wife, Adeline Mather McKinney. She practically grew to womanhood in the county of her birth, and moved with her parents and other members of her family in her middle teens to Garfield County, Nebr. Although most of her life was spent in Burwell, the town was not yet a reality in 1885 so that the McKinnies were pioneers in the new western community.

Mrs. McKinney was a direct descendant of New England's famous pioneer, Dr. Increase Mather, and true to the Mather educational tradition she turned to improving the schools of the new home. She became county superintendent and her daughters taught in the various districts being organized as settlers moved into the recently opened regions where Indian battles not so long before had been fought. It is a matter of local memory that the youngest daughter, Jennie, starting before the age of 16, taught in three different schools with force and originality. Eventually she decided to continue her own education and went to Omaha for that purpose.

Returning home for vacation, however, her plans changed. On Sept. 6, 1887, she was married to Jeremiah H. Schuyler, son of another family who pioneered in the Eastern states and Garfield County. After her marriage and until her children were grown, her home absorbed her energy and attention. It was often remarked that her capabilities were needed in community affairs. Yet her horizon seemed to be bounded mainly by her home and her flower garden, although she always had time for neighborliness in the best sense of the term.

When her children were grown her mind turned more and more to civic and social affairs. She became a strong superintendent of the Primary Department of the Congregational church of which she was a member. She worked in lodges and was Worthy Matron for a number of years in the Order of the Eastern Star. She was an intellectual. (Continued on page 8)

Red Cross Name Misrepresented

Itinerant Obtains Meals and Lodging for Family at North Loup.

Tuesday evening of last week a man who gave the name of H. E. Sample went into the Ideal Cafe at North Loup, ordered meals for his family, criticized the quality of the meals served, and then, when ready to leave, told her that the Red Cross would pay the bill.

They then went to the John Ward home and asked for rooms for the night. When Mrs. Ward said she did not have room for them, they insisted on staying, and finally did. They criticized the quality of the beds, said the rooms were too cold and made themselves generally disagreeable. When they were ready to leave they said the Red Cross would pay the bill.

They were traveling in a car worth at least a thousand dollars and were wearing better clothes than most people can afford. The man was 38, his wife perhaps 35, the three boys were 14, 8 and 4 years respectively, and the two girls were about 12 and 10. The man signed the register at the Ward home with the name of H. E. Sample, Springfield, Mo.

The car had a Washington state license, and the children told of how they had been traveling through Canada and had decided to get back home in Missouri before the weather got too bad. At the Ward's the man stated that he could not travel farther that night, as a tire had gone to pieces and they had to see about getting a new one. However, he did not come to the OPA office in Ord, and got away on the tires he had.

Tuesday evening, before going to North Loup the man had gone to Mrs. Ed Jenison, Ord Red Cross representative, and tried to get money for his family, telling highly improbable stories about his financial condition, and even assuming a threatening attitude when refused. To get rid of him she sent him to Gus Schoenstein, another member of the Red Cross organization here.

Schoenstein heard his story and told him that the Red Cross could do nothing for them. He was highly indignant about it and left slamming the door after him. So failing to get any help he apparently decided to carry out the Red Cross bluff and got away with it in two cases at least. The matter is under investigation, and the man will be found if it is possible to do so.

It is probable that the family really were from Springfield, as they stated. It is also probable that the man held a job in the shipyards somewhere in Washington, and that they spent their money as fast as they made it, as many did. This would account for the good clothes and the lack of cash. It is also likely that he worked the same scheme other places before coming to Ord.

Ord Chanticleers Drop Final Game to Minute Men

Ord, Outclassed by Heavier, More Experienced Team at Lexington.

After battling on even terms all through the first half of their final game at Lexington Friday, a gallant band of fighting Chanticleers were finally forced to lower their colors to the inspired Minutemen, the final score being 13 to 0. While the score and the number of downs both indicate a clear superiority, Ord never quit fighting, and at the end of the game were making a desperate bid to score.

Receiving the kickoff at the start of the second half, the Lexington team plunged and passed its way 65 yards for a touchdown. The try for the extra point was no good, and the score read, Lexington 6, Ord 0. Lexington's kickoff to Ord was low, striking a linesman and bounding back toward the kicker, where it was recovered by an alert Minuteman. Lexington immediately launched another powerful drive which stalled on the Ord two yard line, Hurlbert making the tackle.

Marks got off a good kick from behind his goal line to midfield and the threat was momentarily stayed off. The break that finally broke the back of the Chanticleers was a Lexington punt which rolled dead on the Ord three yard line. A shallow punt out gave the Lexington club its second chance and they lost no time in making good. The plunge for extra point was good and, with 4 minutes left, they led 13 to 0.

Taking the ball on their 20 after the kickoff, Ord showed its first offensive strength by rushing and passing to the Minutemen's 5 yard line. With time running out at completion of the third down, Cochrane sent in a reserve to stop the clock and give Ord another chance. Ord drew a 5 yard penalty for too many times out. An end sweep by Hannah failed to make the necessary yardage, and the game was over.

Tolen, Kominek, Dworak, Marks, Stowell, Hurlbert and Larsen, all seniors, all played their very best, as did underclassmen, Goff, Petersen, Raemakers, Jenison and Blessing. Lehecka, senior guard, watched the game from the side lines in civies, as an ear infection made it impossible to use this sterling lineman.

The Chanticleers had lost their first game after a series of 45 games without a loss for a national record. Not since a Tooley coached crew lost to Sargent Nov. 15, 1941, had the Scarlet and White dipped their colors to an opponent on the gridiron. A record of 4 years and one day without defeat is something to think about. A large number of these games were with larger schools than Ord—Albion, Central City, Lexington, Broken Bow.

"It had to come some time," said Coach Alex Cochrane, "and it is just as well that we lost to Lexington when they were at their best. At that, we have won three games from them and lost but one." Much credit must be given to Mr. Cochrane and Assistant Coach Hilding Pearson for the splendid work they have done in developing Ord's high school athletes and in building so fine a team through the war years.

At a meeting of the Chanticleer football squad held Monday noon, Tom Tolen and Babe Hurlbert were chosen as honorary co-captains for the season just closed. Tolen quarterbacked the Chanticleers in addition to carrying his share of the offensive and defensive burdens. Hurlbert, a 4 year letter man, developed into one of the most dependable pivot men in Ord history, and will long be remembered for his inspirational type of defensive play.

LOOKING BACKWARD.
The Ord Quiz is now well into its 64th year, and a lot has happened in those years. The paper was established less than a year after the organization of the village of Ord, and has passed through many vicissitudes in the years it has been published, first by W. W. Haskell, and more recently by H. D. Leggett. The changes have come gradually, but if one goes back in the files it is difficult to believe the changes that have occurred.

Many of the early issues are not available, having been lost through the passage of years, but the files for sixty years ago are more or less complete, and a perusal of them gives a rather clear picture of Ord as it was in its infancy. When it was a boy in knee pants, so to speak. It wasn't much of a town to be proud of then, but every other town in this section of the state was in the same condition at that time.

Here are a few items printed at the time, together with a little present day comment: "On and after the first of June (1885) The Ord City bank will be called the First National bank of Ord. There is no trouble disposing of the stock of the concern." The first officers of the bank were J. H. Bell, president; George A. Percival, cashier; H. A. Babcock, vice-president; and P. Mortensen, asst. cashier. This makes the First National bank one of the oldest institutions in Ord.

However, another business can claim sixty years of service to the public. Note this ad in the Quiz of 1885: "F. Misko, dealer in harness, saddles, whips, robes, blankets, collars, curry combs, brushes and everything usually kept in a first class harness store. Shop in little brick, north side square." The little brick became the big brick. The little harness maker is gone, but his son, William, still holds forth in the same location. These two, and the Ord Quiz, are the only businesses still going after 60 years.

Of the men who advertised their business in the Quiz 60 years ago, only one is still living in this territory, and that is August Meyer of Burwell. He and Vogeler were running an elevator in Ord at that time. Until illness compelled him to quit, Mr. Meyer was running an elevator in Burwell, but Mr. Vogeler died a number of years ago.

The following ad in the Quiz should be of interest: "Scotia, Nebr., June 8, 1885. Editor Quiz: The First M. E. church of Scotia will be dedicated on Sunday, June 21, at 11 a. m. Able speakers from abroad will be present. Ministers and people are cordially invited. W. Smith, pastor." Right beside this item is another which tells of a different activity.

"C. B. Coffin, secretary of the Valley County Agricultural society, has canvassed the town for ads for the premium list and has met with good success. There will be a thousand copies printed and hence will be a good advertising medium." There were not so many people in the county then, but the fair was a success because they all boosted for it, and everybody attended.

Butter was 8c a pound, eggs 6c per dozen, potatoes were 40c per bushel, onions were 1c a bushel, beans were 75c a bushel, corn was 40c a bushel, oats 32c a bushel, dressed turkeys 9c a pound, chickens were 6c a pound, hogs were \$2.40 per hundred, cattle were \$3 to \$4 per hundred, and you could buy a good pair of overalls for 35c. There were 2797 horses in

Valley county, value \$81,542; 7244 cattle, value \$56,767; 2060 sheep, value \$1,427; 9549 hogs, value \$13,000. The total personal property for the year was \$320,139.15, and the total value of all property for 1885 was \$826,574.15. There were 28,783 acres of improved land and 170,604 acres of unimproved land in Valley county.

Ole Severson was doing all kinds of fancy and house painting and had his shop over A. O. Cummins' wagon shop; the Ord City Roller Mills were making good flour and their mill across the river, where the Ulrich estate now is. G. W. Milford and company were selling all kinds of clothing at their "Palace of Trade" at "Starvation Prices." And, note this: "Loaded shotgun shells for sale at F. W. Weaver's."

John Mosher was county judge, A. D. Robinson was treasurer, A. H. Schaefer was county clerk, Herb Thurston was sheriff, C. J. Nelson was surveyor, Dr. H. B. Shirley was coroner, J. F. Kates was superintendent, H. A. Chase, I. N. Swan and D. P. Davis were county commissioners. Ord village trustees were James Colby, E. D. Saterlee, W. D. Ogden, Billy McMullen, B. C. White; John G. Sharpe was village clerk, A. S. Marlin was the treasurer and E. M. Coffin was village attorney.

Ord doctors of that time were F. D. Haldeman, F. C. Coon and J. M. Klinker; attorneys were A. M. Robbins, Coffin and Clements, Williams and Jencks and Martz and Moffett; masons were Taylor Adams and Henry Pickard; blacksmiths were Aaron Russ and S. D. Coleman, who was also a veterinarian; Frank Barta and S. K. Jorgensen were tailors; Marsh and Beran sold agricultural implements; and the Ord Quiz did job printing.

SOMEWHAT DIFFERENT.
by John L. Ward.

Did you ever stop to think of the countless animals and birds that are slaughtered every year on our highways beneath the tires of our cars, and what a loss it means when the value is figured up. At one farm between Ord and North Loup at least fifteen chickens have been killed in the road in the past two months, I know, because I kept track. At another there have been two good sized pigs, weighing 60 to 75 pounds, killed in the same period of time. Counting all the chickens killed in those 12 miles, the total loss in chickens and pigs must be about \$25 per month, or \$25 per mile per year. That is a lot of money to lose.

In writing a recent obituary the writer had occasion to look up two towns, Boro Springs and Stillville, in Iowa. They were there once, but are now no more. All of which reminds us of the dozen or more postoffices of the past in Nebraska. The Mira Creek office, where the writer was born; the Yale office where Ewet Smith was born; the Germanium office once run by Chas. Palmatier and wife; the Sedlov office at the Jacob Osentowski farm west of Elyria; the Alta office, named for Alta Jones, in Plain Valley; the Vinton office once a townsite; the Ida office, at what is now Goodenow; the Calamus office, across the corner southeast of Fort Hartsuff. All these flourished at one time, but are now only a memory.

A dog always trots with his body at an angle, never straight ahead. This is because, if he didn't his hind feet would interfere with his front feet and he would fall down. With man it is different. If he does not walk in a straight forward and upright manner, it is because he is inherently crooked. Beware of the man who sidles up to you. He may want to negotiate a loan, interest you in some crooked enterprise, or tell you some questionable story about his neighbor. As the colored boys say, tell him to "Straighten up and fly right."

To fully appreciate what Ord's coaches are doing for us and for the lads who are out for football, one has only to check over the list of players as printed on the programs for the St. Paul game recently. Take off that list the twelve men who will graduate and note what you have left. There is Piskorski at center, Jennison and Goff at guards, Raemaekers and Petersen at tackles, Piskorski, (the other one) and Blessing at ends. For quarterback there is Stoddard,

Timmerman at right half, Koll at left half and Hannah at full-back. Eleven names on the list, and they make a complete team. Then there are a lot of fine lads coming up who will be heard from next year. That is the kind of headwork that makes fine football teams, and we should appreciate our coaches.

This November we have legal holidays on the 12th and on the 22nd. Thus November corresponds with February, which always has legal holidays on those two days of the month. Also last February had the 12th on Monday and the 22nd on Thursday, just as November has. Since Armistice Day comes on Sunday, it is observed legally on Monday. Also under the new rule Thanksgiving comes on the fourth Thursday, making it Nov. 22, instead of Nov. 29. Looking up the records we find that this condition will not occur again until 1951, and not then if somebody happens to change that rule about Thanksgiving.

Wednesday evening at a quarter of five a lady driving a sedan was observed making a U turn at the northwest corner of the square. Now a U turn on any corner of the square is dangerous at that time in the evening, but the north side of the square is also a highway, which makes it much more dangerous, and to cap the climax the lady made the turn in reverse, to the right instead of to the left. But the Lord takes care of children and — other people, and she got turned around all right, without an accident, except to give some other drivers a few really exciting moments. Mailman Bob Hoppes will keep that lady in mind for some time, you bet.

Many Service Men In This Family

It is a good thing there are two front windows in the A. H. Partridge home in Burwell, as no one window would furnish room for all the service stars they could display, if they were so inclined. These good people raised a large family of boys and girls, and the war came along at about the right time to use most of the sons and sons-in-law.

Five of the sons have been in the service. They are: Sgt. Fletcher, who is a mechanic and has been stationed in India most of the war. Marvin, with the navy, is a signal man on a ship. Darrell, in the medical corps, was wounded in the Philippines, and is now on a ship traveling from New York to California.

Sgt. Gordon was badly wounded in the battle of France and is still in the hospital. Keith, the youngest, became 18 last spring and went into the army in March. Russell Partridge, a grandson, went into the army from Kansas over two years ago and was wounded in the Philippines. Russell's father, Floyd, was too old to enlist, but he kept busy pumping gravel for the army all through the war.

Then there are the son-in-laws: Les Beel went into the navy from California, but details concerning him are lacking. Alfred Hoppes, veteran of World War I, went into the service from South Dakota, and has been doing guard duty. Claude Scofield joined the navy last spring, but was released recently under the ruling that married men having three children should be discharged.

Also Mr. Partridge, now well past 70, has been working right along putting in wells and putting up windmills, a job that many younger men would consider too tough.

There is the family record, nine in the armed forces, and one working for the army, and the Quiz believes that there are not many families in the country that can show a better record than that. If you know of a better one, let us know about it.

—Mr. and Mrs. John Campbell of Phillips came to Ord Monday evening to spend a few days, including Thanksgiving, with his mother and brother, Mrs. Minnie Ruth Campbell and son Erwin.
—Mrs. Howard Dunbar and Betty left Wednesday on the morning bus to spend Thanksgiving with a daughter of Mrs. Dunbar, Mrs. William Schultz at Aurora. Another daughter, Maxine, went to Omaha Wednesday to visit her sisters, Cerebella and Tillie.

Our Fighting Men

★ Pfc. Ralph Dubas, who was discharged from the armed forces ten days ago, arrived in Ord Wednesday evening, and has been visiting his parents, Mr. and Mrs. Dubas. Ralph went into the service in July, 1942, and had two years overseas. He received the purple heart, the good conduct ribbon, the ETO ribbon with 4 battle stars.

★ Lloyd A. Eichstedt, 26, aviation radioman, second class, USNR, son of Mrs. A. Eichstedt Ord, Nebr., served in the Pacific with combat aircraft service unit 35, servicing fighter planes. Eichstedt entered the Navy September, 1942, and has one brother also in the navy. His home is in Missouri.

★ Steven J. Polak arrived home Nov. 4, with an honorable discharge. He was met in Grand Island by Mr. and Mrs. Paul Geneski and his wife and daughter. Steve was in the navy CBs for three years. He spent the last nine months on the island of Manacani in the Philippines. While overseas he was promoted to the rank of chief petty officer. He is not certain whether he will remain in Ord as his future plans are uncertain.

★ Walter W. Hoon, ARM 3-c, writes his parents, Mr. and Mrs. Walter Hoon, that he is now located only 30 miles from Honolulu and Pearl Harbor, (probably at Barber's Point) and that he likes it there fine. He will have completed two years in the air force in March. He says they

have stopped the training program for the men, and he does not know what they are planning to do, but they are taking it easy now. He plans to go deep sea fishing, which he says the men find to be great sport.

★ From Pearl Harbor comes word that Otto C. Marech, USMC, son of Mrs. Mary A. Marech of Ord, is on his way home. Marech is one of the 1,580 high-point marine veterans whom the "Magic Carpet" is bringing back to the states aboard the USS Maryland. This ship left Pearl Harbor Nov. 6, and was scheduled to reach San Diego Nov. 12.

★ Pvt. Donald E. Fells, son of John H. Fells of Arcadia, was discharged from Ft. Sill, Okla., separation center, Nov. 12, 1945, and is expected home this week. He enlisted May 16, 1945, at Fort Leavenworth, and has served 6 months, all in the United States.

★ Pfc. Lawrence Mars, son of Jim Mars of Burwell Monday. He had been released the day before at Fort Leavenworth after more than four years in the army, and 39 months in the European theater. He was wearing 5 battle stars. He said that this was the first time he had been in the valley in 11 years, the first 7 of which he had spent in Colorado, and he noted many changes in and around Ord.

★ Calvin Ferris has written his parents, Mr. and Mrs. Arthur Ferris, that he was discharged from the armed forces at Hot Springs, Ark., Nov. 10. He doubtless went to Newton, Ia. where he was formerly employed and where his wife's people live. At the time of his enlistment he was an employee on the Maytag dairy at Newton. They are expected in Ord for a homecoming of the Ferris children at Christmas time.

★ Word has been received at this office from the public relations office, Camp Breckinridge, Ky., of the discharge of Sgt. Harold L. Rice, husband of Grace F. Rice and son of Mr. and Mrs. Herman Rice, all of Ord. Harold was a member of Co. E, 137 Infantry, 35th division, and should arrive home in a few days.

★ Recently discharged from the army is T-4 Frank Cernik, son of Mr. and Mrs. Joe Cernik. He entered the service Jan. 17, 1942 and spent 1 year, 7 months and 27 days overseas. He was an artillery mechanic, minor maintenance, and went through 5 major battles—Normandy, Northern France, Rhineland, Ardennes and Central Europe. He also has a good conduct medal. He was with the 34th tank battalion in the fifth armored division.

★ Lt. (Jg) Gerald Stoddard, Mrs. Stoddard and their little daughter, Donna Jean, arrived Saturday from El Centro, Calif., and will be in Ord until Dec. 12, when Gerald is due back at his post. He spent more than 3 years in the Pacific, mostly aboard ship, but the navy is very chary about giving out specific details. They are visiting Lt. Stoddard's parents, Mr. and Mrs. F. L. Stoddard, and family.

★ Sylvester Wadas, who served with the engineers throughout the war, had many interesting experiences which he relates herewith. He went into the service Feb. 28, 1941, but was 28 years old that fall and was released. He was called into the service again Feb. 24, 1942, and assigned to his old company "C", 6th Engineers battalion. After a few months on Oahu, Hawaii, he was sent to Milne bay, later to Moffin bay, both in New Guinea. He later went to Sansapa, New Guinea, and finally landed at Linyayen gulf, Luzon, Jan. 10, 1945. He says words cannot convey the experiences he went through. It was a tough grind all the way, and it was only with God's help that any of them came back alive. The kind of work he did was carpentering and road construction, and he was also tool room keeper, but they did more fighting the Japs than anything else. He had 112 days of continuous combat service on Luzon, and over 325 days of combat time. He had 27 months overseas, and 53 months of army service. He says the fighting on New Guinea was especially tough. He didn't think much of building roads with a bulldozer while sniper bullets were flying all around him and men in his group getting wounded or killed every little while. He also helped at times in blowing up Japanese pill boxes. He was on Luzon when the war ended, but he felt that it had not really ended for him until he got back home. He got back Nov. 2, and was given his discharge Nov. 8.

VICKS VA-TRO-NOL

the Shape of Things to Come

Here is the cross-section of a new, improved railroad rail.

It looks very much like any other rail. Actually, it has basic advantages, proved by more than three years' testing on thirty miles of Burlington main line.

This is the Torsion-Resisting Rail—created by Burlington engineers. It is important, not only for what it is, but for the particular kind of railroad progress which it typifies. For like so many of the vital railroad improvements which have become realities over the years, this Torsion-Resisting Rail lacks the glamour to bring it into the spotlight of public attention and acclaim.

Railroading is like that. For every improvement you see, there are dozens you never notice. But they're on the job—in the cause of better transportation.

And that's how it is with this new Torsion-Resisting Rail... which the Burlington offers as a significant contribution to better railroading for all America.

***What the Torsion-Resisting Rail Offers:**

1. Narrower head. Less leverage exerted by wheels.
2. Stronger fillets for greater strength.
3. Better weight distribution permits greater height, resulting in substantially increased stiffness of rail. This distributes load more evenly over more ties.
4. Permits improved joint bar design.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matters stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Rationing Ends But Causes No Rush of Buyers

Business in Ord is as Usual Following the Cancelling of Ration Program.

Unlike the rush to buy canned goods which followed the removal of rationing from these commodities, the cancellation of the point system on meats, butter and lard Friday caused very little excitement in Ord.

A number of Ord businessmen were contacted Tuesday to learn their reaction to the cancellation of the red point and stamp system, and most of them expressed a feeling of relief that they were no longer required to collect stamps and points and turn them in to the government.

With most merchants this has been a source of annoyance ever since the stamp system came into being. They all agree that it made for a more equitable distribution of such commodities as were available, but the system nearly doubled the amount of book work their business required and with no additional cash return to balance it.

They likewise agreed that the real reason for little or no excitement at this time was the gradual tapering off system that the government used. From time to time more and more items were taken off the list, and of late the number of points required per pound for meat and butter was lowered, so that most households had plenty of points for their needs.

Another factor which prevented buying in greater quantity is the fact that there is a scarcity of all products which were taken off the point system Friday, and it would be difficult to buy a large supply when there is hardly enough to go around.

Also, people in a farming community feel that there is hardly likely to be an acute scarcity of butter or meat products here.

The idea of announcing the cancelling of red points immediately after Thanksgiving was a stroke of genius, since nearly everybody had bought all rationed commodities they needed for the holiday and for the week end, and so every household was little supplied. A banquet has little appeal to a man with a full stomach, as one dealer put it.

The rationing of food is rapidly nearing the end of the trail as the only item now rationed is sugar. This will doubtless remain on the restricted list until such time as the supply catches up with the demand. With a great demand for sugar abroad, it may be a long time before we can buy it here by the hundred pounds, as we did before the war.

John Campbells Buy Burwell Cafe

Mr. and Mrs. John W. Campbell of Phillips have purchased the Hallock Cafe at Burwell, including fixtures, stock, linen and are all ready to open for business Dec. 20. The owner of the building is redecorating the place completely, and it should be ready for the new proprietors when they return from a short visit to their old home at Eugene, Ore.

The Hallock Cafe, run as a part of Burwell Hotel and Cafe for years, always enjoyed a good patronage, but the difficulty of securing competent help during the war compelled the Hallocks to close the cafe and devote their attention to the hotel part of the establishment. The Campbells will both work in the cafe, and have good assistants hired.

Mr. and Mrs. Campbell are well known here, but lived for a number of years in Oregon. The past two years they lived at Phillips, while both were employed in the Cornhusker ordnance plant. They got around the difficulty of finding a place to live in Burwell by having rooms at the hotel.

Protestant Churches Will Make Survey

The protestant churches of Ord are making plans that, beginning next Sunday afternoon they will send out teams to make a house to house survey of the community. The idea is to get people who have been church members elsewhere to change their membership and become active members of some local church. Twenty-five million people have changed residence in recent years. It is hoped that the public will cooperate in every way possible with the workers to make this survey a success.

—Mr. and Mrs. Archie Rowbal have been in the county for some time, he having closed up his business connections in Chicago. He is planning to locate but has not fully decided where.

Hild Crusade Off to a Fine Start

A good attendance greeted the opening rally Sunday night of the Victory Crusade being staged by the Paul Hild party of Fargo, N. D., visitors coming from Burwell, Taylor, Ainsworth, and North Loup as well as Ord. Preceding the rally at 7:30 special sacred music is played over a loud speaker for the benefit of the outdoor public at the Assembly of God church at the corner of 18th and M streets.

The subjects for the coming night are: Thursday, "Can God Compete with Atomic Power"; Friday, "Startling and World-Shaking Headlines"; Saturday, the big youth night, "Fish University"; Sunday night a rally to be held at the Bohemian hall at 7:45, special musical program and talk on the topic, "The Greatest Victory in all History." A children's rally will be held at 2:30 p. m., Sunday. Free candy for boys and girls, and a downtown parade at 4 p. m.

Wozab Attends School.
John J. Wozab and wife left Tuesday morning for Lincoln, where John will spend the rest of the week attending a special school being held there for county service officers. He will return home Dec. 3, and should be ready to take care of any service man's needs on Dec. 4. He will be located at 1633 M. street.

Pocock Farm Will Be Airport Site

Formal Action but Acquire Land after Dec. 7 Meet, Says City Attorney.

Ord's new airport definitely will be located on the R. D. Pocock farm northwest of Ord.

This was decided on by the Ord city council at its last special meeting, according to City Attorney Clarence M. Davis, but action to acquire the property will not be taken until after a special meeting Friday, Dec. 7, at which time the bonds will be issued and money become available to pay for the land.

If it proves impossible to deal with Mr. Pocock condemnation proceedings will be started in county court, a board of appraisers will be appointed by the judge, and the city will pay for the land whatever amount is fixed by the appraising board, with both Mr. Pocock and the city having the right of appeal to the district court as to the amount only.

Only the Pocock quarter south and west of the highway is needed for airport use, says City Attorney Davis.

The Pocock site is the only one approved by the Nebraska department of aeronautics, and whose official approval is now on file in the office of City Clerk Rex Jewett and has been accepted by the Ord city council.

By January 1 or soon thereafter it is thought that title to the tract can be acquired by the city, and that construction of runways may start as soon thereafter as weather permits.

Sobon's Neighbors Hold Husking Bee

There was plenty doing at the Jim Sobon farm near Elyria Tuesday, when a large crowd of neighbors came in and helped him get out his corn crop. Mrs. Sobon has been in the hospital, and so Jim got behind with his work. Jim says he is not so far behind now. It is surprising how much a group of friends can do for a neighbor in just a few hours.

Those who came with wagons were John Knopik, Syl Bogus, Anton Kapsuska, Carl Kaska, Leon Jablonski, Will Tuma, Steve Dubas, Adrian Kusek, John Lech and Frank Janus. Al P. Radke and Louie Zulkoski came with mechanical picker and elevator. Edward Dubas brought his elevator. Single hands were J. C. Jablonski, John Iwanski, Joe and Charles Lech, Lloyd Kusek, Frank Dubas, Louie Ruzowski, Frank Augustyn, Carl Augustyn and Laverne Jablonski.

All who came brought something with them for the dinner, and a group of ladies also came to prepare and serve the meal. They were Mrs. J. C. Jablonski, Mrs. John Knopik, Mrs. Edward Dubas and Mrs. Will Tuma.

★ Corp. Marvin Wilson arrived in Ord Nov. 20, duly discharged from the armed forces and happy to have the chance to see his parents, Mr. and Mrs. A. C. Wilson. Corp. Wilson was in the armed forces a total of 39 months, and more than three years of the time was spent in Africa. Toward the last he was sent to Casa Blanca, and then to Oran, from which port he started on his way home, a journey that took exactly one month. He arrived in Virginia Nov. 13 and called his mother the next day.

Valley R. E. A. Group Selected Officials Saturday

Articles of Incorporation Adopted for the Rural Electrification.

The directors of the Valley R. E. A. setup met in special session Saturday afternoon at 2 p. m., in the office of County Agent C. C. Dale, for the purpose of forming a permanent organization and adopting articles of incorporation. Present were Will Foth and Chris Belers of Ord, Mrs. W. O. Zangger and E. O. Schudel of North Loup, Al Radke of Elyria, Clifford Goff of Burwell, Ray Lutz of Arcadia, and John P. Misko, attorney for the district.

The articles of incorporation had been drawn up by Mr. Misko and were adopted, after which the following officers were elected: Will Foth, chairman; Chris Belers, vice-chairman; Mrs. Zangger, secretary; and Clifford Goff, treasurer. It was decided at this meeting to start signing up members immediately. The first sign up was to be at the Triple A meeting at Elyria Monday night. The membership campaign will be pushed as rapidly as possible, several sign ups being planned for other AAA meetings.

This rural group is organized as a membership association. Each signer will pay a membership fee of \$5, which can be used for organization work until funds become available from the REA, when funds spent on preliminary work will be refunded to the district. Members will be signed on a \$5 per month minimum, except in cases where the member desires to sign up for a higher minimum.

The board adopted a higher minimum than in some other districts because of the fact that in some other sections that are comparable to Valley county where they signed up for a lower minimum in the first place, it has been necessary to have another sign up at higher rates in order to make the district feasible, and the board wanted to avoid anything of that nature. The minimum of \$5 is less than in districts now being organized in the western part of the state. The name adopted Saturday is "Loup Valleys Rural Electric Membership Association."

Joseph Novak, 62, Dies of a Stroke

Joseph Novak was born Jan. 21, 1883, at Ratibore, Okres Mlyevsko, Czecky. He came to America at the age of 30 years. He came to Valley county, where he lived 32 years. The past two years he had lived in Ord. He died at his home here Nov. 26, 1945, at the age of 62 years, 9 months and 5 days.

He was married to Mary Jarusek, April 10, 1917. To this union were born two children. He is survived by his wife, one daughter, Bessie Hlavinka of Scotia, and by one son, Joe, Jr., who is with the armed forces in Manila at the present time.

Also left to mourn are one sister, and one brother, and five half sisters and one half brother in Europe. His parents and one brother preceded him in death. Funeral services will be held at the Pearson chapel Thursday afternoon at 2 p. m. and interment will be in the Bohemian cemetery at Ord.

Mr. Novak's life was rather remarkable in that he had never been sick a day. The illnesses that are the usual lot of most people never seemed to come to him. He suffered a light stroke Thanksgiving day, and gradually grew worse until the end came.

Tolen, Wooters, Get Honorable Mention

In the World-Herald of last Sunday appeared the all-state selections for football honors, with the bigger schools getting most of the honors, as might be expected. Only two men of the Three Loups conference were given honorable mention. These men were Tommy Tolen of Ord and Wooters of Broken Bow, both backfield men.

Followers of the game will agree that both these men were well entitled to the honor. Tolen showed splendid quarterback in his position as quarterback, as well as carrying his share of the ball lugging chores. He was also known as a fine passer, and could kick or receive in emergency. Wooters was a constant threat to every team opposing Broken Bow.

Air Medal Awarded Posthumously to Sgt. Edwin Dodge

By direction of the president of the United States, the air medal has been awarded posthumously to T. Sgt. Edwin A. Dodge, who lost his life over Italy in February, 1945. The decoration was presented to his widow, Mrs. Jeannette C. Dodge, at her home in Ames, Ia., on Nov. 15, by Lt. I. E. Stauber, of the air corps.

Sergeant Dodge served 33 months as a gunner and radio operator with the 15th air force. The citation was for meritorious achievement in aerial flight while participating in sustained operational activities against the enemy from 15 November 1944 to 18 February 1945.

5 Townships Have Made "E" Quotas but Many Lagging

Not a Single Victory Bond Bought Yet by Liberty Twp., Others Slow.

Five of Valley county's fifteen townships this week appear on the honor roll kept by Victory Bond drive officials, having passed the quotas assigned them in the 8th and final war bond drive. Elyria, with 186% of quota, leads all townships, and next comes Michigan with 131%. Arcadia has 117%, Davis Creek 112% and Vinton 108%.

In contrast to these is the record of Liberty township, whose residents have not purchased a single Victory bond, with Yale township in almost the same position with 5% of quota. Independent township also is lagging with only 8% of its quota made.

To Ord township goes credit for having bought the greatest bond total to date, \$33,262.50, but this is only 74% of the quota assigned to it, and unless sales increase very soon Ord will fall in the Victory bond drive.

The county has a very low "E" bond quota of only \$105,000 for the county, and the slowness with which bonds are being purchased does not compare favorably with the patriotic record made in all previous drives, though according to Chairman C. J. Mortensen the tempo of bond buying has stepped up considerably in the past two weeks.

The Federal Reserve bank report received this morning shows Valley countians have bought \$38,250 worth of bonds since the last report was made, and if this rate of buying continues the county has a good chance to go "over the top" again in sales.

Total "E" bond sales in Valley county up to this morning are \$30,625, or 70.8% of quota. Records of townships not mentioned above are: Enterprise, 7% of quota; Eureka, 19% of quota; Geranium, 35%; Noble, 55%; North Loup, 56%; Springdale, 10%.

Some bond issues go off sale Dec. 8 but all E, F and G bonds bought between now and Dec. 31st will count toward quota, says Chairman Mortensen. He is hopeful that the goal can be reached within the next two weeks and thanks all who have bought bonds thus far, expressing the hope that others will do their share at once and especially in those townships whose records are so poor.

New Plumbing Shop Here.

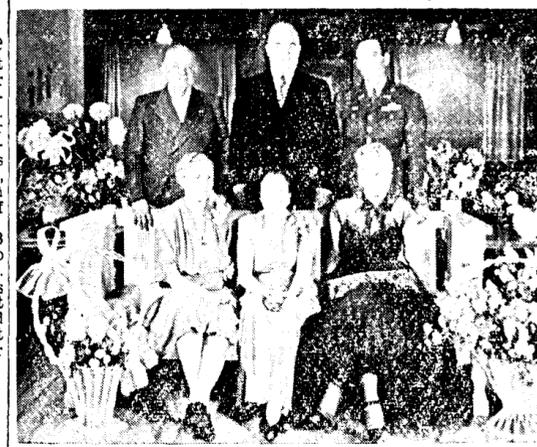

L. D. Rodgers and G. R. Murray this week announce formation of a new firm which will conduct a plumbing, heating and general tinwork business in the Muncy building on the south side of the square. Mr. Rodgers came here from Kearney last April and has been associated with the Ord Hardware until now. Mr. Murray has been employed by a Grand Island firm which has been installing a new heating plant in the Catholic church and rectory, and a similar plant in the new Goodhand building. He and Mrs. Murray, who is a registered nurse, will have an apartment in the A. L. Hill home.

Boys Catch Pheasant.

Ray Timmerman was in the line light Wednesday when he intercepted a pheasant in a continuation of football practice. Running interference for him were Jack Koll, Adrian Kluna, John Raglund, Eidon Foth and Don Shoemaker. They surrounded a cock pheasant which had made a forced landing in a yard a block west of the high school, and Ray intercepted him when he tried to take off. If that pheasant thought he had a chance to get away from an Ord football squad, he certainly was mistaken.

County Farmers Are Recognized In Soil Program

Put Valley County on Map By Outstanding Work in Soil Conservation.

In the World-Herald soil conservation contest just closed four Valley county men were named district winners. Their names are William Sack and Ed Christensen of Ord, E. O. Schudel of North Loup and Ray Lutz of Arcadia. This made Valley county one of the eight county districts so recognized in Nebraska.

Certificates of recognition are to be presented these men and their three farms at a dinner which will be held some time prior to Dec. 18, date and location to be announced later. Kermit Hansen of the World-Herald will be in Ord Saturday to meet with district officials, representatives of civic and farm organizations to make final plans for the dinner.

Mr. Hansen has suggested that Governor Dwight Griswold be invited as the principal speaker for the dinner, but if he is unable to attend another good speaker will be arranged for. The supervisors of the district are Henry Enger, president, Ed Schudel, secretary, Ray Lutz, Anton Welinak and Leo Long.

They are very anxious to have all farmers cooperate within the district, as well as business and professional people of the county. All details, including time and place of the dinner and a full program will be printed next week, if possible. Valley county is one of the newest districts and the youngest in the state to receive this award.

The conservation program was established here in 1942, and the first work was done in August of that year. Most active in the original organization were County Agent C. C. Dale, all the present directors, Clayton Noll, first chairman, E. E. Vodehnal, Archie Geweke, George Clement, C. W. McClellan, J. M. Fisher, Ernest Vodehnal and John White.

In speaking of the Valley county men, the World-Herald has this to say: Valley county district leaders are William Sack and Ed Christensen, Ord; E. O. Schudel, North Loup; and Ray Lutz, Arcadia.

Mr. Sack owns the land that Christensen farms. One hundred and eighty-five acres are irrigated. The rougher land has been permanently seeded to grass. The irrigation system is one of the finest in the state.

Mr. Schudel farms four hundred and eighty acres, he has contoured 180 acres, terraced 79, built 16,525 feet of field diversions, seeded 13 acres to grass for waterways and 24 to permanent pasture. There are two windbreaks and four stock water dams in his pastures.

Mr. Lutz was one of the first to start a conservation program on his farm. He always has been interested in trees and planted them to advantage. Working alone he has hit his erosion problems by contouring about one hundred acres. He has also terraced 30 acres, seeded three to waterways and 15 to permanent grass.

Well since last week's paper we sold two more farms, and it looks now as though we will have two more sold by the time this paper comes out. We want to sell two of the best 320 acre places there are in the entire country, on gravel highway and close to school with a lot of good improvements, best of soil, clay fine level to rolling, easy payments and long time to go. One fine 640, close in, fine improvements, good road, 1 1/2 miles to oil highway, 3 1/2 miles to town, price low and it is very productive. 480 acres right at town, nothing like it in this county, lots of fine improvements, about 45 acres irrigated, or more, electric lights, two houses, feed yards, good fences, not a lot of fixing to do, be sure to see some of these fine places before the price is higher.

AFTER THE STORM

Wednesday morning of last week the wind blew up from the north, all that day and all Thanksgiving day the weather was cold and raw. People who had to be out that day got very little enjoyment out of their work or travel. Even those who remained indoors shivered when a door was opened. Those two days were typically disagreeable autumn days.

Then came Friday, with a gradual change for the better. It was really cold in the morning, but conditions improved during the day and by evening

our Nebraska weather was back to normal for this time of the year. In fact, Friday was a lovely day, all the nicer because of the disagreeable days which had preceded it. It was the calm after the storm.

But the culmination came Saturday, which started out calm and clear, with a rising temperature until well into the afternoon. A large crowd of people came to town, and many remarked about the beauty of the afternoon. In fact, it was worth enduring the disagreeable weather for a few days for the sake of enjoying the warmth and sunshine of Saturday.

The world, our world, was plunged into a disagreeable storm which began on the morning of Dec. 7, 1941. Storm clouds rolled up out of the west. We shivered at the prospect of what was to come. After a time there was Thanksgiving in our hearts as we realized that the forces of right must triumph in the end.

But it was cold for those who had to face the storm. Even we who remained at home shivered every time an open door made us realize the force of that storm. But we thanked God for the boys out there who were going about their duty, with the one thought to ride out the storm, to preserve for themselves and for us the American way of life, the right to a real Thanksgiving.

We have come through that storm, which cost so many their lives. This is Friday, the day of uncertainty, the day of reconstruction. It is better than the storm, but we are looking forward to that tomorrow, that Saturday, which will see an end to the bickering of labor and capital. We are waiting for the dawn of another perfect day, when controversy will cease, when there will be peace and prosperity for all. God grant that we may see that day soon!

THE EGYPTIANS KNEW

When food was plenty and there was an abundance, the ancient Egyptians did not throw away the surplus. They stored the corn in bins and kept it against the day when there would be a shortage. We are told they stored food up for seven years against the seven years of drought they had been warned were on the way.

It is really too bad that some men get so wrapped up in their own ideas of what ought to be done that they fail to take a lesson from people who have been up against the same conditions in days gone by. We are finite. We cannot look into the future and know what is in store for us. We can only judge that future by what has passed.

Yet in the midst of our worst depression, about 1933, we find that the government decided that what was the matter with the country was an over-supply of food, of cotton, of all products of the farm, and that the only way to remedy the situation was to create a shortage of these products. Men in high places conceived the idea of government planned scarcity.

So we had the spectacle of killing pigs, plowing up portions of the crops, plowing up every third row of cotton, the government buying and killing cattle all to create a scarcity and thus give the farmer a bigger price for what he had left to sell. In some areas possibly a part of this program was justified, but certainly not over the entire nation.

What happened with the program was that the Lord took a hand in it, with the result that 1934 was the worst drought year in the memory of people now living, and in addition to the planned scarcity, we not only had a shortage, but in many places an entire lack of important crops without which the farmer was faced with disaster.

However, this crop control idea had taken root, and was kept as a part of government policy. When the North Loup valley obtained irrigation, many people wanted to raise sugar beets, but the valley was allowed only a limited quota, the excuse being that there was not enough processing machinery to handle a larger acreage. We know that if that larger acreage had been allowed, a new factory would have been built.

Then came the war, and sugar was needed for the armed forces and for shipment to our allies. Today we are still facing an acute shortage of sugar in a state where the farmers would gladly raise more beets if given the opportunity. This condition will doubtless continue until another crop of beets is raised and the sugar processed and put on the market.

During the war we were asked to raise Victory gardens, to make every foot of ground produce as much food as possible for victory. If we had been doing that before the war started, and had been storing up the grain against the time of need, as did the Egyptians, then we would have been ready to meet the shortage when it came.

It is too late to do anything about conditions of the present, but there is no excuse for finding ourselves in this same dilemma in the future. Give the American farmer a chance, and he will feed the world. The way the middle western states vote shows how the farmer feels about crop control and dictation from Washington. The past year Nebraska farmers raised the biggest crop of all time. Take off the restrictions and give them a chance, and they will produce plenty every year.

SOMEWHAT DIFFERENT.

by John L. Ward.

Friday noon three old friends met in the Grill. There was Roy Alder, auctioneer of Taylor, "Pete" Ballard, tobacco salesman, and the writer. Last time we three met was in Burwell, perhaps 12 years ago. Alder was a Burwell auctioneer then, Pete was manager of a Food Center store, and I was running a paint business. Roy is the leading auctioneer of the upper Loup valley now, with headquarters in Taylor. Ballard returned recently from an interesting two years spent in the armed forces, and I am back from three years working for the navy. Yes, we three had a lot to talk about.

This Meredith (Pete) Ballard is quite a fellow, by the way. The first time Ord had a chance to see him was when Burwell played Ord at Ord in the early '30s, 1931, I think. Burwell led 7 to 0 at the half. Ord kicked off to Burwell, and Leonard Manasil, quarterback, took the ball and slipped it to Asa Anderson, now of the Ord Quiz. Then, while most of the Ord team chased Manasil, Anderson ran down the opposite side of the field all the way for a touchdown. This "Pete" Ballard went right along with Asa and discouraged the efforts of would-be tacklers. Anderson says he won't set this, but, if he don't, Todd will.

Ted Randolph doesn't know this one was told me by F. C. Williams, but it was. It seems that Ted came home for Thanksgiving, a part of the huge crowd that the P.C.T. stages brought in Wednesday night. The driver gave him a suitcase he thought was his. Later he hunted up Williams and told him that a mistake had been made, as the suitcase he got, while just like his, contained some ladies' clothes, some men's clothes, and some baby's playthings. In due time Williams located the Randolph suitcase at Burwell, where it had been claimed by a married lady. The exchange was made, and everybody was happy.

People really celebrated Thanksgiving this year, and nobody realizes it more than the owner of the P.C.T. stage lines. W. F. Williams started two drivers out with buses that evening from Grand Island with a total of 57 passengers. They had to pick up 6 Kearney passengers at Midway, and there were people standing in both buses all the way to Scotia. They were more scattered out on the return trip and did not present so serious a problem. Yes, people wanted to get home to celebrate this year, and they had good cause for celebrating.

I think sometimes of a certain Ord photographer who held forth in the early days. A girl from the sandhill country came in to have some pictures taken, and she asked the price of the different styles he had to offer. She finally selected a clever photo mount at a price of \$4.50 per dozen. The photographer then started to take different views of her, and she kept suggesting different ways to be photographed until he had taken nine shots. Then she stopped and remarked to the dumfounded picture man: "That's all the ways I can think of and we still need three to make a dozen. Would it hurt to have more than one of the same view?" He patiently explained that they all had to be one view, and she left and did not return, leaving him with a dollar's worth of film and two dollars worth of time wasted.

Reputable Beer Retailers Boost Self-Regulation

The great majority of beer retailers in Nebraska are themselves among the strongest champions of beer industry Self-Regulation. They know their own reputations may suffer because a scattered few sometimes fail to recognize the responsibilities of a beer license.

Reputable beer dealers welcome suggestions from this office for improving conditions in their places. They respond gladly and promptly.

As for the few who fail to cooperate, this Committee makes appropriate representations to legal authorities.

You, the public, can help the beer industry and the enforcement officials to keep beer retailing on a high plane. One way is to restrict your patronage to reputable dealers. And an occasional word of approval to the man who runs an exceptionally clean and orderly place will encourage him to keep up the good work.

How to cook steaks and chops

Certain basic rules should be followed in the cooking of steaks and chops to arrive at full flavor and tenderness. The broiling times listed below will be a quick and easy reference pasted in your scrap book of recipes.

BROILING—DIRECT HEAT

Steaks and chops should be 1 inch thick or thicker for broiling. Place meat 2 to 3 inches from heat. Brown one side of meat then turn, by inserting fork into fat, and brown the other side. About half of broiling time is required for each side, reducing heat to complete cooking after turning and browning. Season meat after broiling or just before serving.

BROILING STEAKS AND CHOPS.

Steak 1½ inches thick:
15 minutes—rare
20 minutes—medium
25 minutes—well-done

Lamb chops 1-inch thick:
12 - 20 minutes

Lamb chops 2 inches thick:
20 - 30 minutes

Pan-Broiling

Slightly grease heavy frying pan and heat to sizzling-hot. Brown meat well, about 1 minute, on both sides then reduce temperature. Turn meat at intervals and continue cooking until done. Pour off fat, as it accumulates. Do not cover pan. Do not add water.

What will the end of meat rationing mean to us and to you?
It will mean, first, an end to the annoyance of coupons and stamps and tokens; to trying to make your stamps cover all your family's needs for a given period; to compli- cated bookkeeping on our part.
Right now, at least, it will not mean more plentiful supplies of meats, but for a long time they have been ade- quate anyway, for the most part. Some cured meats and some shortenings may continue in somewhat short supply for a time but we hope to be able to fill your requirements.
We thank you for your patience during the long period of rationing. It was exasperating but necessary—for us as well as for you. And we hope to see you more often than ever at our market.

P. S. 'A BEAUTIFUL STOCKING.'

While we cannot supply your needs at present for ladies' full-fashioned POSTSCRIPT HOSIERY, we are hoping for a happier New Year! We hope, as 1946 progresses, to find our allotments of these fine hose—constructed of NYLON, or of RAYON if you prefer—increased to the point where all needs of our many good customers can be met.

NOTICE!

Beginning December 3, 1945, JOHN WOZAB will again be in charge of my abstract and insurance business. John has been in the service for over thirty months, and was in both theatres of war. During his absence it has at times been difficult to keep things going and keep the work up, but my plans have all been built to expand business for the time when he would return and again take over. He will be assisted by Betty Puncochar, who has been with me during John's absence, and has developed into a very efficient abstracter and secretary.

Mr. Wozab is a most efficient abstracter, very careful and neat in his work. Jim Sheridan, Secretary of the American Title Association, says John completes the most complete and neatest abstract he has ever seen, and Jim covers every state in the U. S.

We will continue to maintain a \$10,000 SURETY COMPANY BOND for the protection of our clients; and also a \$10,000 INSURANCE POLICY for our protection. Very few abstracters in Nebraska do this, as it costs money. We buy the best grade of material for our abstracts that money can buy, so our abstracts should last forever. WE MAINTAIN THE ONLY ABSTRACT RECORDS IN VALLEY COUNTY. We intend to give you the best workmanship, and prompt and careful service.

John has been away serving his country, while many of us stayed at home in business when business was profitable. Now let's all give these returning veterans a break, and everything being equal, give them our business. They are the next generation of business men. We old bucks must step aside.

Thank you.
