Pheasant Season Opens October 29 For 21 Hunt Days

'48 Deer Season Ruled Out By State Game Commission; Other Dates Are Announced.

Lincoln (Special)—A 21-day pheasant season but no deer season was reported following a meeting of the state game commission Saturday.

Although plenty of deer now exist on the ranges, the commissioners decided against an open season, according to Paul Gilbert, commission secretary.

The ranchers, he said, are not too anxious to have sportsmen from eastern Nebraska coming out on the range with their high powered rifles. An open season in Halsey forest something after this year was predicted by Gilbert.

Pheasant shooting will begin Oct. 29 and last to Nov. 18, according to the commission's decision. Daily bag and possession limits are three cocks. Shooting of hens is prohibited.

Hunters will also go into the duck blinds on Oct. 15. The season will continue until Nov. 18. Opinions on an early or late duck hunt were divided at the hearing.

Quail will come into range of the gunners from Nov. 17 to 28, inclusive. Shooting areas will be the same as a year ago. Bag and possession limits are five.

Other seasons: Rabbits—Oct. 29 to Dec. 31. Squirrel—Oct. 29 to Jan. 31. Raccoon—Oct. 1 to Mar. 1. Possum—Oct. 1 to Mar. 1.

Badger, mink, skunk—Nov. 15 to Jan. 15. Muskrat—Dec. 15 to Mar. 1 in northwest and Dec. 15 to Jan. 15 in the rest of state.

The commission also discussed the tentative plans for improving the Charlton state park and Old Fort Kearney. No action was taken.

Dairy Breeders Group to Meet

The Loup Valley Dairy Breeders association will hold their annual meeting on September 9, at 8 p. m. at the Masonic Hall basement in Ord. They are urging all members and others that are interested in the artificial insemination of dairy cattle to be present.

The future operations will depend on the interest that is shown at this meeting. A representative of the Douglas Dairy Breeders association will be present and movies will be shown. Everybody interested should attend.

P-80 Jets to Buzz Airport Dedication At Ord On Sept. 12

Lincoln Air Guard to Bring Super-Sonic Planes, P-51's; Watermelon Feed At Noon.

You'll have to have sharp eyes because your ears won't help you when the P-80 jet planes wheel into Ord at speeds faster than that of sound.

They'll be here, and they'll be gone, and back in a spectacular aerial demonstration at the dedication of the Ord airport on Sept. 12.

Besides the Jets, of which six are expected, a number of P-51's will also be on hand. A light L-5 reconnaissance plane is also expected. In the larger class of plane, it is hoped that Brig. Gen. Badger will take part in flying in with a C-47 transport.

Scores of private planes from all over the state are scheduled to arrive during the forenoon, according to Leslie Nash of the planning committee. At noon, all pilots and passengers will take part in a watermelon feed. Town people are also definitely invited, Nash stressed.

Field To Close. At 1 p. m. the field will be closed to all flying. According to arrangements, the Air Guard pilots of Lincoln will notify Ord by telephone of their departure. The field will be closed immediately.

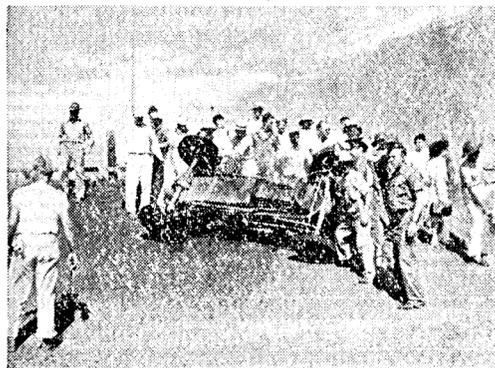

About 18-20 minutes later, the jet planes will arrive from Lincoln. Following their sky-capers, the P-51's will display their squadron maneuvers. The formation of the planes were made by Cork Biemond, an Ord pilot.

Ceremonies dedicating the airport as the Evelyn Sharp field will follow. Work began last week on construction of the memorial at the airport.

Zanger Will Fly. Word has also been received from Lincoln that Gov. Val Peterson will be unable to address the dedication day crowd. A staff member of the state aeronautical department will represent the governor.

After the dedication, Charlie Zanger, a former commercial airline pilot now living east of Ord, will take a light plane aloft for a few cart-wheels over the field. Ground exhibits of the latest in light planes will be on display by various plane companies.

Mrs. John Galka and Frank went to Loup City Friday on business.

Race pit-men gather around one of three cars involved in a wreck in which one driver at the Valley county fair races received three broken ribs in the Tuesday racing. The injured driver, V. Bradley, was reported in good condition.

Ord Cosmos Near Building Going Tenth Birthday

The Cosmopolitan club of Ord will be 10 years old on Sept. 9. Organized on Sept. 9, 1938, officers were installed at the Masonic hall on Sept. 21, following an address by Lovel M. Smith, international vice-president from Saskatchewan, Canada.

Original officers of the club were John F. Misko, president; Dr. F. L. Blessing, vice-president; Hilding Pearson, secretary-treasurer; and Dr. John Roud, Dean Duncan and Harold Taylor, trustees.

Progress in Ord building continued at a rapid clip this week with at least a half dozen structures in various stages of construction.

Walls are halfway up on the new 36 x 58 concrete block shop and garage building for the Valley county highway department which is being erected about two blocks north of the fair grounds. The building will house all the county's road equipment and provide space for a 36 x 50 shop for repair and maintenance work. The new building replaces a wooden structure leased by the county from the Valley county fair association which burned down last winter.

The new Baptist church building on K street is nearing completion, as are the new residences of Floyd Beranek and Mrs. Joyce Olson. Footings are in place for the new implement display room and repair shop of the Valley County Implement Co.

Another new layout will be the bulk storage yards and equipment housing the Valley Propane Gas Co. of Scotia, which is moving to Ord. Their yard, to be built in the Union Pacific "Y" just north of the fairgrounds will have an 18,000 gallon tank, a 12 x 12 building and other small structures.

Considerable remodeling and improving is planned by Gus Schoenstern for his implement firm which is moving this week from the Shadette Marquette building to the former Duaneys Garage building which has been occupied the past year by the Carson Farm Store.

Footings are in place for the garage and workrooms of the Co-operative Oil Company.

Obsolete Telephone Lines Blamed For Rural Interference

Using 40-Year-Old System, Rebuilding With Two Wires Recommended By Peterson.

Interference on the rural telephone system, which has caused growing concern among the farm people, is caused mainly by obsolete telephone lines in the country, L. F. Peterson, local manager, said this week.

"At the present, the farmers are using a grounded system which was installed 40 years ago," said Peterson. To completely remedy the situation, he advised a general rebuilding on modern lines.

Explaining the reason for the difficulties, the manager said that the grounded system operates with only one wire. The ground, he continued, is used to complete the electrical circuit.

New Wire Installed. In the recommended metallic system, two wires are used for each line. This system eliminates cross-talk and interference arising from weather conditions, according to Peterson.

Six lines totaling nearly 60 miles of wire are now being rebuilt on the metallic system south of Ord. New phones are also being installed. Completion of the work is expected in October.

One of the rural families experiencing telephone troubles is that of Willard Connor who lives about four miles southwest of Ord toward Arcadia. Mrs. Connor reports that interference prevents the connection with Central.

"It's quicker to drive to town than try to get central," she declared. "I don't know what we'll do in case of fire or an accident."

Looking to the future, Peterson predicted even more difficulties when the REA is energized in the Ord area. The REA uses the ground system, too, and telephones using the same system in the vicinity of the high lines will probably be inoperative, said Peterson.

Final plans will be laid Sunday for the Eleventh Annual State convention of the Z.C.B.J. and Bohemian societies to be held in Ord on Sept. 11-12. A. J. Adamek, Ord lodge president, announced this week.

Approximately 65 lodges from all over Nebraska will send delegates here and delegates are also expected from South Dakota and Kansas.

A business session will open the first day activities. Initiation ceremonies for new members are included on the tentative program.

The Jungman lodge of Ord will present a three-act play in Bohemian during the Sunday evening program. A special speaker whose name is yet unannounced will address the convention on Sunday afternoon.

More Than 2,000 Race Fans See 27 Speedsters At Ord

Second Day Time Trials Faster, Accident Injury Mars First Day.

In the racing treat of the year at Ord, a crowd of more than 2,000 at the Valley County Fair grounds watched a field of 27 speed men push their zooming big cars Tuesday around the half-mile track.

As the racing day began shaping up at speed trials Wednesday morning, faster times were being recorded than the previous day. Additional racers were also coming in for the second day.

One week marred the Wednesday trials when Francis Oleshire in F6 rolled over after skidding a curve. He was not injured and was out of the wreck before assistance arrived. Slight damage to the car was mainly to the car-turbo intake.

Bales Big Winner. During the Tuesday races, Red Bales in W39 was the big money winner with prizes totaling \$400 from three races. He topped the field in the 20 lap feature event to take \$225 first money. In the second race, Bales won \$50 with second place. His third place in the fourth event won him \$25.

Fastest time trials on Tuesday were recorded by John Gemelli with 26:50, Chick Smith with 26:01, and Hector Honore and Red Bales tied for third with 27:05.

A three-car wreck on the east curve during the third event gave the grandstands an extra thrill in the Tuesday racing. V. L. Bradley in 77W suffered three broken ribs when his racer rolled. But he walked away after being removed from the car. Bradley is from Rock Island, Ill.

Three Cars Wreck. The three damaged cars were running 2-3-4 on the fourth lap when No. 11 in the second position slid sideways in the turn. Cars 77W and R2 struck him a glancing blow, sending 77W up the bank into the fence.

After skillfully avoiding a spin off the top, Bradley was caught as the racer rolled down the bank toward the infield. All three cars involved were badly damaged.

Racing summary: 1. Six fastest cars, 10 laps—Chick Smith B 45, \$70; John Gemelli Gold, \$60; Hector Honore C2, \$50. Time.

2. Three non-winners in event 1 and three next fastest, 10 laps—Clifton Denney B23; Red Bales W39, \$50; Leo Krasik 20, \$10. Time.

3. Three non-winners in event 2 and three next fastest, 10 laps—Bob Johnson R69, \$50; John Joy X2, \$10; Jole Ray R77, \$50. Time.

4. Six fastest cars ready to run, handicap, 8 laps—Harry Lyeer B63, \$50; Hector Honore C2, \$35; Red Bales W39, \$25. Time.

5. Second six fastest cars ready, handicap, 8 laps—Leo Krasik

W20, \$35; John Joy X2, \$25; Bob Johnson R69, \$15. Time.

6. All non-money winners, consolation, 8 laps—Oran Patrick, F6, \$10; Keith Sappo 8, \$35; W. L. Harding H1, \$30; Ben Reitz S Ball, \$25; William East 99, \$20; Harley Smith 17, \$15; Red Ballew F8, 10. Time.

7. Winners in events 1, 2, 3, 6, feature laps—Red Bales 39, \$225; Bob Johnson R69, \$160; Hector Honore C2, \$100; John Gemelli Gold, \$70; Jole Ray R77, \$50; John Joy X2, \$35; Leo Krasik 20, \$25; Keith Sappo Sappo 8, \$15; Oran Patrick F6, \$10.

Time trials Tuesday: C2 Hector Honore, 27:05; 37 Joe Taylor, 30:56; 20 Leo Krasik, 27:20; F6 Oran Patrick, 29:10; 400 Bob Johnson, 28:16; 23 Clifton Denney, 27:05; K1 Bob Kemp, 30:74; 17 Harley Smith, 32:15; F8 Red Ballew, 28:16; 69 Bob Johnson, 27:30; 41 Quentin Cowles, 29:28; X2 John Joy, 27:30; 111 Henry Wheeler, 31:32; R77 Jole Ray 27:96; 3 Merle Brumms, 29:47; B15 Chick Smith, 26:91; 63 Harry Lyeer, 27:17; 39 Red Bales, 27:05; Sappo Keith Sappo, 28:95; Gold John Gemelli, 26:50; H1 W. Seven Ord Boys Take Gilts, Three Elyria Youths Win. NL Girl Catches Piggy.

At the pig scramble Monday evening, 42 boys and three girls entered the arena to try their hand at catching 11 pure bred well dressed gilts.

Janet Markvicka of North Loup was the fastest scambler in the contest for the girls. The boys were divided in two groups and five pigs were turned loose in each division.

Winners were Richard Bonne, Donald Geneski, Harold Fish, Russell Clement, Lynn Nelson, Robert Hanson, and Edwin Pelas—all of Ord; Harry Klimek, Daniel Klimek and John Poprock—all from Elyria.

They will return next year at fair time to show the litter. Expected to become an annual affair, the pig scramble was sponsored by the Ord Chamber of Commerce by donations from 32 public spirited citizens.

Cold War Hits Ord, Valley Youths Open Draft Registration

70 Twenty-five-Year-Olds Are First of 700 Expected. Most Are Married Vets.

The touchy international situation took a little closer turn toward home this week as the vanguard of approximately 700 Valley county youth signed up on the dotted line for Uncle Sam's draft.

Echoes of communistic rumblings in Europe, the spy hunt in the States and governmental preachings in Washington began to crack the close little shell in which the average Valley county lives.

The "cream of the crop" again began to have a meaning other than that used in connection with agriculture. Youth of the country were again facing the long march to a black night at sea.

None Enthusiastic. In the first two days of registering at Ord, 70 men were interviewed. They were the 25-year-olds. Most were veterans. They knew the long march, the black night. None was very enthusiastic about the prospect of going back.

But, even after two or three years since their discharge, the veterans rattled off their serial numbers just like the old days when it was a part of their name.

The date most readily remembered was the date of discharge. When asked the date they entered the service, however, most faltered and had to check the record.

One noticeable change was the large number of vets now married and with families. But the gripes were still the same. Most frequent target of their polished art was the fact that they were registering again.

First To Register. The doubtful honor of being the first to register went to two veterans who entered the draft office on Monday morning together. They were Leonard Dean Jacobs, an ex-navy man from North Loup, and Joseph M. Murphy, a former army man from Ord.

Registration of each man took about 20 minutes. Saddled with this man-sized chore is the clerk of the draft board, Doris Norman.

After the first two days, she issued a plea for help with the registering. Temporary aid was furnished by Mrs. Ralph Norman and Lucy Rowbal, an Ord school teacher who will soon be busy with classes. Ord civic organizations which formerly aided the cause were slow in lending a hand.

Mrs. Rollin Dye and daughters and Mrs. John Lemmon and Jeanie spent Thursday in Grand Island shopping.

First Nighters Return to Stage Show At Fair

Good Turn Outs Reported For Evening Performance, Approval Is Widespread.

First nighter crowds at the evening Valley County Fair show were returning for the second and third performances as the star-billed entertainment received hearty approval from the grandstand.

A "good" attendance at the Tuesday night show was reported by Ernest Honer, fair board president. The first night on Monday was fair, he said.

Fair officials, cheered by cooler weather Wednesday and arrival of larger crowds for the afternoon show, are hopeful that the 1948 fair will be a financial success.

Outstanding of the stage events was Gene Gary who pulled a fast one in his routine of jerking a table cloth out from under dishes piled on a table. He also entertained the spectators with a whip cracking exhibition in which he snapped a dime from the top of a boys head and cut a cigaret in two which was placed in his own ear.

Crowd Amazed. The crowd had high acclaim, too, for Ted Ollis who amazed his watchers by throwing twirling eatons nearly 40 feet into the air. His demonstration of twirling with special lighted batons was well received.

The roller skating Hi-Jinks presented a mysterious act under special lights which darkened the performers' skins and illuminated their clothing in a dazzling display of color with skillful skating.

Dance Crowded. Jugglers were exceptional in their act of filling the air overhead with balls and clubs. Between acts the master of ceremonies entertained the crowd with his kidding and quips.

Pick Wrong. The Chinese tenor gave the grandstands a real singing treat while he was dressed in colorful Chinese and American costume.

A large carnival and many concessionaries appear on the fair midway.

A full dance floor of people at the Tuesday evening dance on the fairgrounds slab enjoyed the music of Harry Collins and his orchestra.

Exhibits were generally good in all departments, the I-H club and school displays attracting the most visitors, as usual. Judging was not completed in time to permit the names of winners.

Congressman A. L. Miller and also his democratic opponent, C. Edgar Leafdale, were introduced to the Tuesday audiences.

LICENSE ISSUED. A marriage license was issued to Harold W. Ohlrich, 21, of Lincoln, and Mary Ann Gregory, 19, of Ord, last week in Valley county court.

Aqua-Fun to Close Ord Swimming Pool

Pool Plug Will Be Pulled After Sunday Exhibition By Ord Swimmers, Divers.

The Aqua-Fun fest at the Ord swimming pool is scheduled for Sunday, Sept. 5, as the closing day demonstration by local swimmers and divers. The public is invited.

Before the plug is pulled on the 1948 swimming season at the Plunge, spectators will be entertained by an hour and a half exhibition which will include novelty races and conic diving besides a demonstration of standard swimming strokes and dives.

During the week Ord swimmers have been perfecting the art of swimming in a long night shirt and how to make a quick change to a relay-mate for one of the feature race novelties.

The Aqua show will include an exhibition of rhythmic swimming by Mrs. Joyce Gray, Red Cross swimming instructor of Ord. Water safety will be demonstrated by Keith Kovanda, pool manager and lifeguard, and Bob Moore, junior lifeguard.

WEDDING LICENSE. Horace A. Williams, 25, of North Loup, and Dorothy M. Vansodall, 18, of Greeley, obtained a marriage license from Valley County Judge Joseph W. Ramackers last week.

Reminders of Approaching School Days Bring Groans From Three of Four High School Students Interviewed by Quiz

Despite the hot, dry, dusty summer weather, the bulk of Ord high school students are still apparently enjoying their vacation.

In an interview with four students, the Quiz reporter found only one of the four ready to get back into the swing of school studies. Most of the students are

Enrollment will be down over the previous years, according to Superintendent C. C. Thompson. He estimated the breakdown in classes as seniors 55, juniors 70, sophomores 65, and freshmen 60.

Jim Misko, 15, will be a junior this fall at Ord high. He attended the all state music conference in Lincoln and spent much of the summer vacationing.

When asked about the opening of school, Jim groaned slightly. He was interviewed while drying off after a swim at the Ord plunge. Apparently the thought of school was somewhat painful. But he was kidding.

David Strong Now Ninety Years Old

Grand Old Springdale Man Observes Anniversary At Home of Daughter.

David E. Strong observed his ninetieth anniversary quietly Saturday at the home of his daughter, Mrs. George Nay, northeast of Ord. However, Mrs. Nay arranged a dinner party for him the preceding Sunday, at which all the relatives were present, and Mr. Strong enjoyed the occasion immensely. For some time he has been quite feeble, but is able to get about with help and his general health is quite good.

Mr. Strong recalls the constitutional convention held in the winter of 1919-20 was the high point in his long and interesting life. He had been elected a member of the Nebraska legislature in 1918, and as a member of the group passed the required law calling for the revision of the Nebraska constitution, some phases of which had become out-moded with the passage of time.

The same group met in the special session for revising the constitution the following December and did not complete their work until some time in April. Mr. Strong recalls that it was a difficult job, and that it had a

serious effect on his health at the time. However, the results of their labor has been praised very highly since that time by able legal lights.

A. J. Weaver was the presiding officer at the constitutional convention, and 25 years later he planned to get those members still living together for a dinner at the Lindell Hotel in Lincoln. The invitations were sent out and plans were made to attend, when word came that Mr. Weaver had died suddenly the day before the dinner was scheduled to be held.

Frank Malicky now of Burwell, but formerly a representative from Gage county had made plans to attend, and to take with him Mr. Strong of Ord and C. Vincent Svoboda of St. Paul, another member. When the word of Mr. Weaver's death came, the group thought the dinner would be called off or postponed, so they did not go, and the dinner was held as planned, leaving them out of it.

It is true that Mr. Strong's health was not too good even then, but Mrs. Nay had made arrangements to go with him, and they would have gone if the misunderstanding had not occurred. Another member of that convention and still a power in the state is G. Petrus Petersen of Kimball. The passage of time has dimmed the picture of Mr. Strong, and he still recalls many faces of the old group, but the names have gotten away from him.

Mr. Strong recalls that in 1922 when he ran for the legislature, J. K. Ward of Arcadia was his opponent. He had never met Mr. Ward until they met in the court house at Ord about a month before the election. Mr. Ward asked him how he thought the campaign was coming, and he said: "I'll stick my nose under the wire just a little bit ahead of you." The vote at the election showed that he was not a true prophet. The vote was close, Ward getting 1518 votes and Strong 1495, a difference of 23 votes. Strong first ran for legislature in 1918, defeating P. E. Pockock by a vote of 1097 to 717. In 1920 he ran against Frank Johnson and won out by a vote of 1814 to 1007.

David Ephraim Strong was born at Rockford, Ill., Aug. 28, 1858. He came to Nebraska, to Hamilton county in 1878, in February. Just a year later he came to Valley county and took a homestead, the southwest quarter of section 2, township 19, range 13, which was his home for many years. Later he took a timber claim on the same section, he thinks in 1881 or 1882.

He was married April 16, 1884 to Florence Della Drake, whose family lived in the same neighborhood. She was a sister of Mrs. D. H. Rathbun. They moved off the homestead in 1894, going to Missouri, where they planned to make their home in the winter, and he came back to Nebraska to work in the harvest fields in 1895, leaving the family in Missouri.

Aug. 7, 1895, he went to bed with typhoid fever, which left him so weak that he was unable to work for two years. His wife came back to take care of him, and they never went back to Missouri. At this time he had forty acres of land adjoining the Rathbun farmstead on the east, and as soon as he was able to do so, he built a house there, and they lived there about forty years.

The Strongs had three children: Marion, the oldest, married Mary Haught, who died in 1921, and about two years ago he married Lois Finley. They lived in Springdale. He had two children by his first marriage, Ella Marie, who married Ellis Carson and they have two children, a son and a daughter, and Margaret, who married Thead Nelson. They have two daughters and a son.

Guy Strong, the second son, married Alice Hather, and passed away a number of years ago, leaving a family of two sons and two daughters. Dale married a lady from Callaway and they had twin daughters and one other daughter. One of the twins was drowned last summer. Elna was married last summer. Leta married Robert Stairs and they have five girls and one boy. Betty married Emil Krikac and they live at Grand Island. They also had an adopted son, Jerry, who lives with his mother in Grand Island.

The Strong's youngest child, Hazel, married George Nay and they live in Springdale. They have two children, Vernon, who married Jean Drake, and Mildred, who married Norwood Reck of Union City, N. J. They are now living at Holland, Mich., where Mr. Reck is studying for the ministry. They have one son.

Mrs. Strong went to her reward June 5, 1938, the same day on which, many, many years before, she had joined the Methodist church. They attended the Springdale church until that church was abandoned, and then transferred their membership to Ord. In Oct. 1937, Mr. and Mrs. Strong moved to the Nay home, because their health was not too good. They returned to their own home in May, 1938, and Mrs. Strong died about two weeks later. Since then Mr. Strong has made his home with the George Nays. His chief ambition for some time has been to live to be ninety years old. Now he is looking forward to more birthdays. May he see many of them.

1,500 Attend Anderson Opening

A crowd of nearly 1,500 visited the opening day show of the Anderson Motor company last Monday and consumed free treats amounting to 1,200 bottles of pop and 1,800 ice cream bars and cones. Three new Chryslers and several new Plymouths were displayed, as well as new Crosley radios and AEC automatic washers.

An eight event performance by professional actors with Lyle DeMoss as master of ceremonies entertained the crowd prior to the opening of the doors to the new building. Special guests were A. B. Heston, regional Chrysler manager from Omaha, and his assistant Mr. McDuffy.

"We had a fine turn out and a big time," said C. A. "Hi" Anderson, motor company owner.

Spray May Reduce Alfalfa Seed Yield

A warning against applying sprays or dusts to blossoming alfalfa was voiced recently by farmers by entomologists at the University of Nebraska.

The chemicals not only kill large numbers of bees and other pollinating insects, but also may cause a marked reduction in the seed crop, according to the specialists.

Prof. O. S. Bare reports that "certain persons" have advised farmers to dust or spray seed alfalfa with chemicals while the plants are blossoming for the control of typhoid and grasshoppers. In one case, he said, a farmer was told the draft from the duster insured pollination. Actually, said Bare, the draft would have no value in pollination because it is necessary for the insect to trip the pollinating mechanism of the blossom.

Sprays or dusts should be applied before blossoming, he advised.

Redistricting of Schools Is Due For Discussion

A public hearing for the purpose of discussing the problem of redistricting Nebraska for school purposes will be held by a subcommittee of the state legislative council in the North Platte district court room on Sept. 4 at 9:30 a. m., according to word received from Lincoln.

The problem is concerned with the proposal to divide the counties of the state into school districts. At present many districts operate no schools.

These closed districts contract with adjoining districts for the education of their children. Many districts which operate schools do so for a small number of children. This causes a high average cost per pupil.

In Valley county last year, the cost per rural pupil was \$178—the highest in the state. During recent years, the size of farms has tended to increase. Population flow has favored the towns and cities. As a result, a total of 10 Valley county schools have closed to date, including the closing of two this fall.

Another purpose of the redistricting is to afford means for a more efficient and better coordinated educational program. These problems will be examined in detail at the North Platte meeting. Persons interested are invited to attend.

Ord Is Link in New Worldwide Air Parcel Post

With the inauguration of nationwide — worldwide air parcel post Sept. 1, the United States can boast of the most modern and expeditious delivery service in the world, according to Postmaster Alfred Hill of Ord.

The new highly specialized airborne service enacted into law by the 80th Congress, will afford patrons of more than 42,000 post offices in America and its possessions unexcelled shipping facilities. Transit time will be reduced to a fraction of that required by other modes of transportation.

Postmaster Hill pointed out that air parcel post packages will receive the same particular consideration shown in routing air mail. In addition, identical door-to-door delivery will be given to air parcel post as is afforded other forms of mail, making the airborne mail service unique in every respect.

District air parcel post stickers, printed in red, white and blue and bearing an identical door-to-door package with the earth's globe underneath, will soon be available without cost at the Ord post office.

With a scheduled plane taking off or landing within the United States in an average of every seven seconds around the clock, and an overseas bound plane leaving our borders every 30 minutes, we stand ready to give our patrons the fastest parcel post service offered anywhere," Postmaster Hill said.

Martin Piskorski Passes Exam to Army Academy

Pfc. Martin Piskorski, 19, of Ord was one of five men at Ft. Warren, Wyo., to pass a recent examination for entrance to the US Military academy at West Point, N. Y.

According to word received by his parents, Mr. and Mrs. Frank Piskorski, he is undecided as to whether he will accept the appointment. Upon acceptance, he would attend the academy for four years, followed by four years active duty.

Possible alternatives are his becoming an instructor at Ft. Warren or transfer to duty at the Kearney air base, his mother said. Piskorski enlisted in the air force engineers last January.

His cousin, Donald Bialek, 18, of Omaha, recently passed a similar examination for appointment to the Annapolis Naval academy.

Rev. Cordry to Leave Sept. 16

Rev. R. T. Cordry of the Ord Presbyterian church will leave for his new pastorate in Oregon, Mo., on Sept. 16, according to an announcement from the church. He will attend the Presbytery in Lexington on Sept. 14 and 15 and leave the following morning for Missouri. He has been minister of the Ord church for six years.

67th Anniversary

Saturday, August 28, marked the 67th anniversary of the marriage of Mr. and Mrs. C. W. Noll. The state of Mr. Noll's health prevented any celebration but they were visited during the week by their son, Prof. W. C. Noll, of York, and also by two grandchildren and their families from St. Louis, Mo., and Big Springs, Nebr.

The other five children live at Ord. They are Mrs. Bert Needham, at whose home the Nolls now are residing, Mrs. C. G. Trout, and Walter, Robert and Clayton Noll, Jr.

During the 91 years of Mr. Noll's life, and the 67 years of their marriage, there has never been a death in his branch of the family, which is quite a remarkable record.

Marie Jones Is Bride

Marie Jones of Denver, Colo., daughter of Mr. and Mrs. B. J. Jones of Ord, and Kenneth Jordan of Beverly, Colo., were united in marriage in the Lutheran church in Sturgis, S. Dak., at 7 o'clock Saturday evening with Rev. E. Melvin Bremer officiating.

The bride given away by S. M. Blair of Sturgis, S. Dak., was dressed in a white satin floor length dress fashioned with a sweet heart neckline and full length sleeves, a full length veil and short train. Her bouquet was of pink roses and sweet peas.

Serving as maid of honor was the bride's sister, Maxine Jones of Denver, dressed in a pink gown and carrying a bouquet of pink and white gladioli. The bridesmaid, Mary Jane Jordan of Boston, Mass., a sister of the groom, also wore a pink gown and carried a bouquet of pink and white gladioli.

During the ceremony Betty Adams sang "Because" and "All yours." Nuptial music was provided by Beverly Blair, who played the wedding march and recessional.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. S. M. Blair, in Sturgis, S. Dak.

The tiered wedding cake, topped by a miniature bride and groom was cut by Maxine Jones. Mrs. Chris Jordan poured and Mary Jordan had charge of the guest book.

The bride is a graduate of the Belvidere, Nebr. high school and the St. Anthony hospital in Denver and is now a registered nurse. The groom is a student at the Denver university.

After a short trip Mr. and Mrs. Jordan will make their home in Denver.

Mrs. Ruhl Buried In Ord Cemetery

Mrs. Martha E. Ruhl of 250 N. Carey, Grand Island passed away at a local hospital in Grand Island Wednesday morning, August 25, after a lingering illness. She was a long time resident of Valley county, having come to the state from Pennsylvania when she was eight years old.

Martha Elvira Spencer was born in Dallas Lu county, Penn., January 18, 1874. She was united in marriage to Omer S. Ruhl July 2, 1892, at North Loup, Nebr. Six children were born to this union, five of whom are surviving. They are Loyal Ruhl of Grand Island, Mrs. August Hardekopf of Grand Island, George C. Ruhl of Portland, Ore., Mrs. M. Roberts of Portland, Ore., and Mrs. Glenn V. Johnson of Lincoln. One infant son preceded her in death. Omer Ruhl passed away August 26, 1928.

Funeral services were held in Grand Island Saturday and the burial was held in the Ord cemetery.

Two Methods of Aiding Crop Price

Farmers may protect the price of their grain crops by two methods this year, Paul Owens, chair of the Valley county AAA, pointed out this week.

Purchase agreements as well as commodity loans are available as a means of price support on 1948 crops of wheat, corn, oats, barley, rye and grain sorghums. Corn under loan must be stored on farms.

Price support rates per bushel on 1948 grains are: wheat \$2.01, oats 66 cents, barley \$1.10, rye \$1.28. Farm prices for corn will be supported at 90 per cent of the parity price as of October 1.

Bratt Is Named Scout Executive In Ord District

Wendell R. Bratt of Kearney, newly appointed field executive of the west central division, Cornhusker council, of the Boy Scouts of America, was introduced to Ord scout leaders last week by Frank Chase, state scout executive.

In his new duties, Bratt will visit Ord scouting activities frequently in an effort to continue an interesting and active scouting program.

The new field executive has a background of six years in scouting the honor of being an eagle scout. He has been a patrol leader, assistant scoutmaster and junior scoutmaster.

During the war, he served in the 102nd division of the Ninth army in Germany. He graduated this year from Nebraska Wesleyan university.

Valley Propane Purchases Ord Propane Company

The Valley Propane Gas Co., of Scotia, which is making preparations to move to Ord, this week announced the purchase of the Ord Propane Gas Co. from Lowell Jones, owner and operator.

The new owner, owned by R. W. Daily and E. Clark, are now erecting their bulk plant on the "Y" north of the fairgrounds. A small spur track has been built by the Union Pacific at the point.

Until their new installation is completed, the new firm will use the former Jones installation for the marketing of gas. As soon as possible, equipment and tanks of the Jones plant will be moved to the new site.

The firm plans to open a retail appliance store in Ord and are now negotiating for a downtown location for their store.

Girl Softballers Dunk Burwell 8-6, Re-Match Friday

Ord's girl softballers staved off a seventh inning Burwell rally Friday evening to take the hotly contested game by an 8 to 6 score. The final seventh inning was played in near darkness.

Playing on the Burwell field, the Ord fans led eight to two at the end of the fifth. Still fighting, the Burwell girls got started for one score in the sixth and came back in the final frame for three more tallies—but still short of victory.

Ord led in the first inning with two runs while Burwell scored once. In the third, Ord brought in three with Burwell scoring with one for their second tally. Ord piled three more on the score sheet in the fifth. By the last inning, darkness had all but hid the ball, but Burwell had the best of the "dark" inning.

Both teams showed improvement over their previous game. Ord especially was stronger by the pitching of Irene Auble. Mrs. Geweke had all but hid the ball, but Burwell had the best of the "dark" inning.

Ord will meet with the Scotia ladies for a softball social next Monday evening at Scotia.

—Mrs. Roland Norman and Donald Wozniak took their parents, Mr. and Mrs. Bill Wozniak to Grand Island Monday Sunday morning where they will take a vacation trip west.

TEN YEARS AGO
This Week We Opened For Business In Ord!

It was just ten years ago we opened the North Side Market — things were pretty tough then and we didn't have much more than a lot of ambition, a fairly good knowledge of meat cutting and curing, and a firm resolve to sell nothing but the highest quality meat we could get.

We've made a bit of progress in the ten years — we have a swell bunch of satisfied customers and patrons, — we've made a lot of friends. The little market has grown to a fine man institution now, ready to serve you with anything in our line you want.

Quality Meats

To celebrate our tenth anniversary, we're quoting a few specials for this week-end. Our prices have always been highly competitive, and as we have often stated, the quality of what we sell is the best obtainable.

Ord's Valley Leaguers Downed 11-3 In Three Hitter With Miller Team

Dahlin Try For Homer Fails. Arcadia Tops League With Overtime Against Mason.

Ord's Loup Valley leaguers lost a 11 to 3 decision to Miller on the home field Sunday as the opposing pitcher, L. Harnage, mixed up his curve and knuckle ball to hold Ord to three hits.

Frank Beran started the scoring after getting to first on a Miller error. Other Ord scores came from Don Patrick and George Fryzek.

Don Dahlin experienced a heart-breaker in the fifth when he hit for a single, went on to second and third and tried to stretch for a homer, as the out fielders scrambled for the free ball. He stumbled after rounding third, regained his footing but fell flat again just four feet short of the plate. By that time the Miller catcher had the ball for the putout.

Third Strike Bounce. A disagreement on a technicality arose during the game when Ord's catcher, Dahlin, picked up a third strike out of the dust and the Miller batter ran to first. Dahlin fired to Jim Finley at first base who neglected to tag the base since the catcher obviously had not fumbled the pitch. After some discussion, Umpire J. J. Campbell ruled the runner safe in reversal of his first decision.

Ord games this week will see Loup City on the local diamond Thursday afternoon. On Sunday, Mason City will be Ord's guest here for the completion game of the regular season.

In the hottest game of Sunday's play, Arcadia took over the league leadership from Mason City by snatching a close 2 to 1 squeeze in a contest that was forced into a 10th inning. Both league giants loaded the bases in the extra inning, but the Valley county nine managed to coax in the winning run.

Mason began their base loading when the first man at bat hit for two bases. After another man went on and one went out, Mason's pitcher and heavy hitter, Kruger, walked to load the sacks. The side retired after a strikeout and a foulout to the first baseman.

In Arcadia's half of the tenth, G. Gregory got on with a hit. B. Gregory reached first on a bunt. Scott went out but advanced the runners to second and third.

A bunt loaded the bases with only one away. In the winning touch, Gogan hit safely to bring in Gregory from third. And the ball game was over with Arcadia riding the top of the league.

Mason's second game of the week was also scratched off as a defeat when Loup City took a make-up of a previous postponement. The win was a snowslide for the Loupers as Bill Novosad pitched his snowballs to ice the game with a 5 to 1 score.

At Broken Bow, the Indians marked up their sixth straight triumph with a 10 to 2 scoring against the Litchfield nine. The Boymen ran the bases for nine runs in the first two innings then crawled the remaining route to the finish line with plenty of room to spare.

The Indians hit for 15 and counted three errors. Litchfield hit eight and erred on seven. W. Cady received the pitching credit for Broken Bow. Slope was on the hill for Litchfield.

LVL Standings		
Arcadia	11	2 875
Mason City	11	3 823
Loup City	11	5 687
Broken Bow	10	5 666
Miller	10	6 625
Ord	8	8 500
Litchfield	4	11 266
Comstock	4	12 250
Berwyn	3	12 187
Anselmy	1	14 067

Perhaps the biggest surprise in the Sunday schedule came from Anselmy which has gone winless all season and finally got started in their last game of the regular season to knock off Comstock in a lopsided 11 to 4 score.

At Berwyn, Loup City scored an easy 11 to 1 victory against the league next to last ranking team. Several postponements are still to be cleaned up before the post-season playoff between the top four teams of the league. Games of the rained out week of June 20 are scheduled for Sunday. They are Mason City at Ord, Miller at Anselmy, Loup City at Arcadia, Litchfield at Berwyn and Comstock at Broken Bow.

Mid-week games see Ord facing Loup City Thursday at Ord. Arcadia also has a game remaining with Anselmy.

Sure-fire participants in the coming playoffs are Arcadia, Mason City and Broken Bow. A possible tie looms between the re-vised Miller team and Loup City. Any tie in team standings will require a playoff before the post season tourney.

After the four top positions are established, the first place team will meet the third team on the latter's field. Second team will play the fourth positioned team on the latter's field. Winners of the two semi-final contests will meet to decide the LVL champs of '48.

Pop Corn Days At North Loup Next Big Event Here

Annual Celebration and Homecoming Will Be Held September 14, 15 and 16.

Ord Gridsters in Light Scrimmage, High Enthusiasm

Line Average 160, Backs 145; Fundamentals Are Stressed. Trick Kicks Sidelines Beran.

With the opening game against Holdrege now two weeks away, Ord High school's gridsters practiced in limited scrimmages during the week. Heavy end of the workouts, however, continued in fundamentals of punting, passing, blocking and running.

An average squad of 25-30 boys have been attending daily practices. Coach Dick Peterson is eagerly awaiting the start of school so the squad will be at full strength. About 36 have checked out suits and enthusiasm is running high.

First injury of the season turned up during the week when Don Beran collapsed under a trick knee. A promising candidate for an end position, Beran threw the knee out during a calisthenic workout. He is sidelined from practice temporarily.

Practice Hurdles. Dick Maloney and Paul Stoddard were doing the punting at the first of the week while the backs fielded the ball for practice runbacks. Those on the receiving end were Dick Tolen, Bob Moore, Allen Blaha and Virgil Witherwax.

Coach Peterson reported that the line would average about 160 pounds when fully conditioned. The backfield is expected to hit around 145, he said.

The Ord team will forsake the T-formation for a single wingback style this season, Peterson says. In the camps of the seasons opponents, football workouts were in full blast.

Opponents Work. At Albion, Coach Bud Dest announced a nine game schedule and greeted 32 hopefuls at practice sessions. Ten of the squad are returning lettermen.

At Lexington, Coach Bill Trupp checked out equipment. Coach Mark Russell expects the senior high squad to double with the opening of school. With stress on conditioning exercises, drills are being held in afternoon only.

Proposal For Ord Hospital Flounders

Plans Stand "Flat-Footed". Other Towns Progress in Plans For New Hospitals.

Plans for a municipal hospital in Ord have continued to flounder these past weeks, all for the lack of a building site. The existing 17-bed hospital now owned by Dr. C. J. Miller.

Civic leaders recommended purchasing the building and equipment and turning it over to a managing group, but no takers have appeared. Dr. Miller has announced his desire to retire from the hospital and has offered it to the community for \$25,000.

Orin Kellison, chairman of the hospital board, reported that the hospital situation was still "standing flat-footed".

Meanwhile, in other towns over the state, hospital plans are apparently progressing. Most of the towns, unlike Ord, are having to build hospitals from the ground up.

At Burwell recently, construction of a new hospital building came closer to realization with the addition to the hospital fund of approximately \$8,200, originally donated by Mr. and Mrs. C. J. Malinster for an auditorium.

At Gordon, the townfolk have advanced to the stage where they are now waiting for their hospital plans to arrive from the architect. New construction will be necessary in Gordon.

At Fullerton, advertisements for bids on the construction, wiring, plumbing and heating of a hospital was announced recently. Contracts are expected to be let early this month. Fullerton is remodeling a local residence into a community hospital.

At Henderson, a large crowd of own people turned out recently to wield shovels, shovels, and even snows and scrapers as a part of the ground breaking ceremonies at the site of the new community hospital.

At Oakland, final plans for the \$200,000 mental hospital are in the hands of the health department. It is expected that bids will be opened by the middle of September. Two local financial drives have netted more than \$113,000 for the Oakland hospital and.

Schoenstein Has New Location

The Schoenstein Implement Co., Case dealers in Ord, are moving this week to their new location a half block north of the postoffice. Gus Schoenstein, owner of the firm, said he would embark on a modernization and improvement program as soon as possible.

North Loup Six Man Squad Is Largest in Years

One of the largest football squads in recent years has reported for practice at North Loup high school. Twenty-two players have checked out equipment for this fall's nine game schedule.

Lettermen returning are Manchester, Goodrich, Meyers, Klingensmith, Hawkes, Kerr, Stillman, Mulligan and Leonard. Dewayne Lytle, ineligible last year, is making an end bid. Two transfers, Dean Walkup of Scotia and Jerold Holmes of Ord, will bolster the lineup.

Others reporting include Ted Lenker, Rich Hawkes, Gale Sinterk, Dale Hutchins, Sam DeNoyers, Sam Jensen, Clarence Brown, Duane Willoughby and Jimmie Ehret. The Challengers open with a strong Pleasanton team, Wednesday night of Popcorn Days.

Funeral Services In North Loup For Mrs. Claud Thomas

Early School Teacher Dies At Age 70; Attended Classes in Dugout School.

Funeral services for Mrs. Claud Thomas, who died Aug. 23, were held last Wednesday in the Methodist church of North Loup with Rev. R. L. Hansberry officiating. She was 70 at the time of her death.

Funeralbearers were Frank Schudel, Homer Sample, August Kriewald, Clifton McClellan and Otto Bartz. Richard Babcock sang the Lord's prayer.

A long-time resident of Nebraska, Mrs. Thomas was born at Waukegan, Ill., on November 4, 1877. She came west with her parents while she still was a small child. They located on a homestead near Columbus and later came to a farm about three miles northeast of North Loup.

She first attended school with her sister, Laura, in a little dugout in the Shepherd school district near their home. The girls graduated from the North Loup high school in 1893. Having prepared for the teaching profession, Mrs. Thomas taught in schools of Iowa and Greeley county, Nebraska.

In 1900 she was married to Claud Thomas. Seven children were born to them. A son and daughter died in infancy.

Surviving besides her husband, are three sons, Lee of Burwell, and Vernon and Carroll of North Loup; two daughters, Mrs. Viola Dutcher of Vancouver, Wash., and Mrs. Marie Williams of Omaha; and ten grandchildren.

Anderson Pitches Ord to 9-7 Win

An Ord baseball team composed mainly of players from Plain Valley northeast of town beat Ericson last week by a score of 9 to 7 in an evening game at Ericson. Bill Anderson of Ord was the winning pitcher. On two occasions he allowed Ericson to load the bases and then pitched three straight strike-outs to retire the side. Venard Collins caught for Ord, and his excellent handling of the Ord pitchers contributed greatly to the win.

Richard Nevrkla, 27, Dies of Meningitis

Funeral Services Thursday With Full Military Honors; Was War Vet. Ord Farmer.

Funeral services for Richard John Nevrkla, who died Sunday evening of spinal meningitis in a local hospital, will be held at 2 p. m. Thursday afternoon at the Methodist church in Ord. Military services will be conducted at the graveside.

Nevrkla became ill last week and entered the hospital Friday afternoon. He went into a coma about six hours later and never recovered, according to Dr. C. W. Weeks.

First suspected of being polio, the disease was positively identified from spinal tests as meningitis of a non-contagious form. Local tests were verified by a Grand Island hospital.

A 27-year-old war veteran, Nevrkla lived all his life in the Ord area. He received his eight years of schooling at the Geranium and Manderson schools in Valley county. Until his death, he farmed east of Ord.

He entered the military service on July 11, 1942, and went overseas in August of 1944. A staff sergeant, Nevrkla was wounded in action the following November. He was discharged on November 3, 1945.

Nevrkla was united in marriage to Dorothy Jorgensen, daughter of Mr. and Mrs. Walter Jorgensen on November 12, 1945. A son, Duane, was born to the union.

Surviving besides his wife and son are his parents, Mr. and Mrs. John Nevrkla and his grandfather, John Kosmata. A sister, Alice, died as an infant.

Imperial Added To Chant Schedule

Imperial high school, a leading contender for southwest Nebraska honors, has been added to the Chanticleer schedule this year with a game scheduled at Imperial on October 1st. This completes the Chant's nine game schedule.

The new opponent was booked on a home and home arrangement and will play here in 1949. Imperial, site of the Chase county high school is a Class B school about the same size of Ord.

Dry Farm Brings Over \$100 Acre

The old John Hoff 240-acre dry land farm 10 miles southwest of Ord was sold recently by Gordon Howard to Henry Vodehnal, consideration being \$23,150, or more than \$100 per acre. The farm has been a good producer and has a good irrigation well.

The Howards who came here from Detroit about a year ago, will hold a clean-up sale Sept. 8 time, probably returning to Detroit later.

TWO GIRLS' GAMES.

Ord's girl softballers will play Burwell on the Ord diamond Friday evening. A contest with Scotia's fems is scheduled for Monday at Scotia.

Alfalfa and Sweet Clover Seed

At the present time alfalfa and sweet clover seed is bringing a very good price. It has been a very good plan in the past to sell this seed at harvest time and not have to take any shrink on it. We will pay top price for the seed, loan you sacks when threshing and send a truck out after the seed. If you have seed to sell let us make you a bid on it.

Super Phosphate

We expect our car of Super Phosphate in right after the first of September and the price will be \$35.00 per ton off the car. We will make you a very good price on this delivered to your farm. There are a couple of truck loads not sold as this is written but you should place your order now to be sure of getting it when you want it. We believe that this will be the only car of Super Phosphate that we will have this fall. We are also booking orders now for Nitrate for winter and spring delivery. Nitrate is extremely scarce and prospects are not any brighter for next year so we feel that you should get your supply now and have it on hand when you want it.

Cattle Feed

Molasses and protein cattle feeds are much lower at the present time and this might be a very good time to lay in a supply for feeding this fall. Let us figure with you when you are ready to buy your protein feeds.

Grains

We have seen about 30c per bu. drop in corn the last ten days and some lower prices in other grains. It is pretty hard to figure just what these grain prices are going to do; wheat is still a very good price but oats and barley are selling very cheap. When you have grain to sell get in touch with us and let us figure a price for your grain right on your farm.

See Nebraska on Parade

State Fair, Sept. 5-10

It's State Fair time again—time when all good Cornhuskers watch with pride as their state goes on parade. Tremendous inspiration comes to everyone in viewing the state's mighty panorama of accomplishments in many fields—agricultural, industrial, educational and others.

Not the least of Nebraska's accomplishments is in the field of brewing industry self-regulation, a program designed to help prevent abuses connected with the handling of beer. Through this program the brewing industry works for ever higher standards in the distribution of its product.

Beer retailers are instructed and encouraged to observe every regulatory statute, particularly those prohibiting sales to minors and intoxicated persons, and sales after hours... the maintenance of clean, neat, sanitary places... and the elimination of any conduct which might be displeasing or irritating to the public.

Ten years of this program has helped build in Nebraska one of the brewing industry's most valued assets—a good name.

tract and we trust the same is satisfactory.

In the event we are unable to arrive at a contract within such period, we will be compelled to take steps to discontinue the present contract between you and the city in accordance with provisions in regard to such termination contained in such contract. Such cancellation of contract is made necessary by increased fuel and operating costs of electric production.

Very truly yours,
CITY OF ORD
by F. L. Blessing,
Mayor.

Councilman Schoenhein offered the following resolution and moved its adoption; the motion was seconded by councilman Carson.

Resolution.
Whereas the city has a contract at the present time with LoupValleys Rural Electric Membership Association and electricity has been negotiated with it for a new contract to merge with and supersede said contract, which has been submitted to said association and tentatively approved by it, subject to approval of the administrator of Rural Electrification Administration, now therefore be it resolved that the mayor and clerk of said city be authorized to sign said contract for said city and attach the seal of said city thereto.

After discussion the motion to adopt said resolution was duly put and the roll call taken which resulted in the following vote:

Aye Councilmen Schoenhein, Carson, Armstrong, McGinnis, Huff, Brown, Nays, None. Absent, None.

The mayor thereupon declared the motion carried and the resolution above set forth duly adopted.

I, Rex Jewett, City Clerk of Ord, Nebraska, do certify that the above is a true and correct copy of the minutes of a meeting of the Ord City Council held August 3, 1948, and that the action shown above is the identical action taken at said meeting.

Signed:
REX JEWETT,
City Clerk of Ord, Nebraska.

A letter from the State Department of Health was then read in which it was set out that the Department of Health wish to be notified of the time of the official acceptance and opening of the Ord Municipal Swimming Pool in order that they might have a representative present to check requirements and specifications. It was moved and seconded that the city be authorized to enter in the contract with Lutz & May engineers for engineering services connected with the installation of new generating equipment and the Ord City Electric Light Plant.

The application of Joe Klancey for a plumbers license was then read. Moved and seconded that the license be granted. Carried.

The Mayor then appointed Joe Klancey to the position of Night Police for the City of Ord, Nebraska. Moved and seconded that the appointment be confirmed. Roll call revealed five yeas and one nay. Schoenhein voting nay. Carried.

It was moved and seconded that the following notice to bidders be inserted in the Ord Quiz:

Notice to Bidders.
Bids will be received up to 4 o'clock p. m., September 7, 1948, at the office of the City Clerk for painting all the exterior of the buildings of the city, except the roofs, located southwest of the cemetery and north of Bussell Park two coats of paint in a workmanlike manner, paint, oil and any other necessary ingredients to be furnished by the city, as follows: (1) Two coats on all of such buildings, and (2) an alternate two coats on all of such buildings except only one coat upon the dwelling house thereon.

Rex Jewett,
City Clerk.

Something Different

Dr. Taylor suggests that while we are being grateful to Veterans for their assistance in securing our swimming pool, we might spare a kind thought to "Uncle Jimmy" Bussell, the man whom we are indebted for our lovely park.

Bussell Park is as beautiful as any small town park I know about; visitors to Ord are even surprised at its beauty. Golfers who try our course are mighty happy about the whole thing.

The archway of trees, the meanderings of the notional Dane Creek, the field of evergreens, the picnic grounds, the play areas, and now the swimming pool... yes, of course we need to give our grateful thanks to that good citizen, Mr. Bussell.

Bicycle rules have been printed and distributed through the courtesy of Will Misko and his son, Dean. This safety measure should help teach our youngsters to be more courteous and to observe bike laws. This is surely a splendid idea.

Bicycle riders must be licensed in a number of localities. Norfolk is one such city in Nebraska. On the back of the license card are printed simple safety rules.

No riding of bicycles on sidewalks.

No hitching to moving vehicles. No riding two or more on a bicycle.

If operated on streets anytime from one-half hour after sunset to one-half hour before sunrise bicycles must have a red light or a red reflector on the rear of said bicycle. It is suggested that a headlight or a green reflector be placed on the front.

Give a hand signal before making a left turn.

Do not enter intersection against a red light.

Come to complete stop before passing stop buttons or signs.

Keep to the right hand side of the street.

WATCH WHERE YOU ARE GOING!

The Norfolk bike rules are reprinted through the courtesy of Mrs. Ivan Robinson. I hope you'll get some benefit from them.

The new dairy bar is really something.

Ord young people... and all of us... are Mi-lighty Lucky, to have such a clean, inviting spot where we can grab a cool snack. The boys and girls will be glad for a new "hang-out."

Another popular new hang-out is the Drive Inn begun last spring by William Nelson and Richard Peterson, now operated by Mr. Nelson. Sunday afternoon I noticed license plates on some of the cars crowding around the drive-in showed that it was being patronized by customers from Custer county, Garfield county and Howard county as well as by our own residents.

Ward's Cookin' Column

What the weather will be and what some people will do are two unpredictable items. For example, about three weeks ago I went to Burwell to take charge of the information office at the Nebraska's Big Rodeo grounds, as has been my custom off and on since 1929. As I figured I knew about what the weather would be, I took along some Hawaiian shirts and two pairs of white pants to wear during the hot days so common about that time in August.

What happened never did happen before, and simply couldn't happen then, but it did. Except for Friday, there was rain every day. The rain came in the form of a storm Tuesday evening, and created plenty of havoc in the carnival, where most of the concessions were open and playing to quite a crowd. The wind was so strong that it blew the rain through the north wall and the north half of the roof of the information office. Luckily my bank was in the only dry spot.

The rain arrived late Wednesday night. About 2 a. m. I woke up to find two inches of water all over the floor. I picked up everything on the floor and stacked it on a table. Next morning I had to drain the water out before the place could be opened for business. As it stayed cool all week, the white pants remained wrapped in paper in the suitcase and I wore the only dark pair I had with me.

When the rain came and spoiled the evening for the carnival Saturday at 9 p. m. I knew there was nothing to stay near the rodeo grounds for a way to get home. Neighbor W. O. Zanger had no objections to hauling home a scrub in the truck along with the pure bred stock he had had on exhibition, so I came with him, expecting to walk the rest of the way home from the Zanger farm. However, he would not permit that and brought me right to my door, a favor thoroughly appreciated.

The white pants came home with me, and they were left wrapped up in the suitcase until last night. Anyway, I got into the parade to Grand Island to attend the Legion convention. She left the pants in when she packed our clothes, thinking the weather would be about right for them, which it was. I wore a dark pair the first day and expected to wear the white ones Tuesday, when the parade was due.

When I got ready to dress I took out one pair and found something dark on them, so I looked at the other pair and found they had dark streaks also. Turning on the light I found that both pairs had patches of black mold. They had got wet at Burwell and I did not know it, so had let them get ruined. So all though the hottest spell of weather this summer, I had to wear a heavy pair of pants.

Anyway, I got into the parade to Grand Island to attend the Legion convention. She left the pants in when she packed our clothes, thinking the weather would be about right for them, which it was. I wore a dark pair the first day and expected to wear the white ones Tuesday, when the parade was due.

I felt plenty old by the time the marching was over with. For the benefit of the hundreds of Legionnaires from Valley county who did not attend and of the meetings, I will say that they missed one of the finest entertainments it has been my pleasure to visit, as well as some of the most profitable business sessions the Legion has ever held. The drum and bugle corps was revived for the first time since the war, with two corps in competition. Hasty lines took first place and the right to go to the National convention at Miami and Kearney was a close second.

This took place at the memorial stadium, and was fine entertainment. There was a cool breeze out there which was very grateful after the hot day. The next evening the barbecue was held in one of the huge buildings out at the air field. We had tasted barbecued beef before, but never anything quite as good as that was. Also there all kinds of beans, pickles, potato chips and pop and beer for those who cared for it. During the meal the Omaha band played a fine assortment of melodies. Seriously, if you want to have a good time, go to any kind of convention held on Grand Island. They go all out to show you a good time.

One of the surprising things about one of the most surprising years of local history is the production of all fruit, grapes, vines, shrubs and plants this season. It started away back in June when the strawberries bore a heavy crop and every gooseberry bush was loaded down with fruit, and it continued right on through the season, with no interruptions. More than in any year on record, plum bushes broken down with their load of fruit, and fifty bushels of grapes on a single vine in some cases. Going back a little, there was also a heavy crop of raspberries, both tart and sweet. It is certainly too bad that so much wild fruit had to go to waste when it could be used to good advantage by people in the cities. It is figured that not more than five percent of the wild fruit is being harvested this year.

This is the week of the Valley county fair, and there will certainly be a fine display of agricultural products. That is one thing the management has not forgotten that it was organized away back 70 years ago as an agricultural fair, and is still being carried on with that idea in mind. Too many counties in their search for entertainment that will draw the crowds, have lost sight of the one idea for which all fairs were designed, agricultural display.

Pat Melia, 12, Is Youngest Known Pony-Borne Correspondent in U. S.

Pat Melia and Toni, the Quiz' pony express news gathering combination, stop a moment along their seven mile weekly tour of eight farm homes in the Melia school district northeast of Ord.

That sound of galloping hoofs beats along the roads in the Melia school district northeast of Ord every Monday morning is probably Pat Melia, the Quiz' 12-year-old correspondent.

Pat is the youngest known pony-borne newspaper correspondent in Nebraska, and maybe the youngest in the United States.

He starts out from home each Monday about 9 a. m. to gather news items from the neighboring farm homes. He visits eight farms along a seven mile route.

Pat's sturdy mount, Toni, is a 16-year-old Shetland who likes to gallop, according to the young rider. "Toni is pretty long-winded," he explains.

Along the route, Pat calls at the homes of James Hrebce, Jr., Darrell Noll, George Zikmund, Lloyd Geweke, Guy Mulligan, Everette Howell, and Bill Treptow. It generally takes about two hours to complete the run because, as Pat puts it, "I usually stop to

The "old grad" and the oil filter

It's "School Days" Again for Standard Oil Dealers

... to give your car better service

When your Standard Oil Dealer returns to his station a graduate from one of our training schools, the feel of different car parts has new meaning for him. He feels the oil filter, for example, and its temperature tells him whether service is needed. With improved know-how he supplies "Personalized Service," which for your car means the individual attention it needs, and for you the personal service you enjoy.

Thousands of Standard Oil Dealers have completed this advanced training; 250 others take the course every two weeks at our 80 schools. When they put into practice what they have learned in school, they receive the Service Specialist award you see in many Standard Oil Dealer stations.

More miles from your gas... IF YOU DO THIS NOW:

Keep your speed moderate and save gas. Shift into high as soon as possible — don't let engine idle unnecessarily — avoid fast starts, sudden traffic light stops. Call on your Standard Oil Dealer — his training helps you save gas. Standard Oil Company.

HEALTHY EYES.
What can we do to protect our eyes? Take care of our general health. When the body is tired the eyes are tired. When there is infection in any part of the body the poison may be carried by the blood to the eyes. When your eyes are strained from overwork or abnormal conditions, your whole body feels tired.

If you are farsighted, your eyes have to focus a lot for nearby objects, and also must focus to see in the distance. Nearsighted eyes easily focus for close work, but have difficulty when looking at a distance.

Glasses can correct either of these situations. A common eye defect is astigmatism which results when the eyeball is not perfectly round. Glasses will correct this situation. If your eyes suffer from near or farsightedness or astigmatism the eye physician can tell you whether or not you need glasses.

For good eye health keep the eyes clean; keep dirty fingers and soiled linen away from the eyes. If something gets in your eye go to a physician or a clinic and have it removed. Avoid unnecessary strain by reading in good position and with good light. The eyes of children and middle-aged persons should be examined even though no signs of trouble are noticed.

The Quiz Calls On A FARM NEIGHBOR Mr. and Mrs. Ernest Johnson

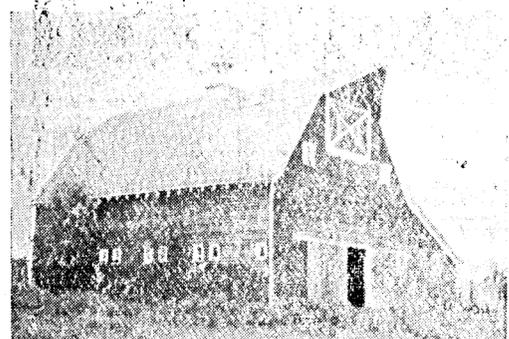

by John L. Ward

The parents of both Mr. and Mrs. Ernest Johnson passed on many years ago, but they spent many years here, the Johnsons in Davis Creek township and the Petersens in Sherman county, and during their lives did much for the betterment of their respective localities. Since this story will include a complete history of the Johnson family from the time they first arrived in Valley county and located on the farm where Ernest and wife now live.

Robert Johnson was born in Oneida county, New York, 111 years ago, and was one of a long line of Johnsons, whose record is traced well back before the American revolution. Robert's mother died when he was two years old, and his father only three years later. The lad was reared by his grandfather in Herkimer county, New York. He went out for himself when 17 years old, and at the age of 22 he came to Lee county, Ia.

The Johnson barn, one of the best in the neighborhood.

selling horses, and traded a team for a farm in Hall county. In 1882 the family came to Valley county and Mr. Johnson bought a relinquishment on the land on which his son Ernest still lives. This is located on the north side of the road on the north of the Davis Creek school. In time he bought 100 acres of land across the south side of the road, and acquired a timber claim adjoining the original farm on the east, and bought a quarter adjoining it on the west.

Today the buildings are on both sides of the road running through the land, with the big barn, the hog house, the tenant house and the residence and other buildings on the north side. Ernest formerly had a tenant living on the place, but more recently he has cut down on the amount of work, rent and big pay and has eight, at that Manchester, and sets by without too much hard work.

Because many of the descendants of Robert Johnson still reside in this territory, a concise but complete list of them is included here. George E. Johnson, the oldest son, died Aug. 4, 1912, and his widow, Eva Reillon Johnson, still lives in North Loup, where they spent their married life, and where Mr. Johnson was engaged in the grain and lumber business over a long period of years. They had three daughters, Dora married R. D. Dunham and they are living in California. They had two adopted children. Ruth married Roy Hudson, and they are conducting the former Johnson lumber business at North Loup. Their company. They had three children. Florence who married Harry H. Harter and lives at Maryville, Tenn. Edward (Bus) who is married and is in the lumber business with his father, and Barbara, who is in North Loup high school. Mary is married to Merlyna Mayo and they live in Lincoln. They have one girl. There are also two sons: Harry, now living in Columbus, Ohio, is married. He also had at several places in the west. Edward is living in the west and is married. Maggie, next child of Robert Johnson, married Perry Vanscoy. They lived near Ravenna, but both are now dead. They leave three living daughters, Goldie Tangeman Klingler of Grand Island and Myrtle Schamfjohna of Grand Island, and Amy Stevens of Los Angeles.

Next came James W. Johnson, who married Frances Huckleberry and lived for a time south of Loup City, later moving to Tekamah, where they now make their home. They had three girls. Allie, who married Bart Welch who is now dead. They had one son. Marie married Glen Robinson and they live at Tekamah. They have a son and two daughters. Ella married Cassius Tanner, a Methodist minister, and they are located in southwest Nebraska. Fannie, the next daughter, married George Sample, who is now deceased. She lives in a part of the house occupied by Mrs. Stella

Kerr in North Loup. Mrs. Kerr is a niece and a daughter of Mr. and Mrs. John Palser. They had four girls and three boys. Lydia married Herman Negley and they live in Denver. They have two boys. Emma, the wife of John Davis, also lives in Denver. They have no children. Bernice is the wife of the former great ball pitcher, Steve Finch. They have one son and live in Escondido, Calif. Grace married Walter Thorngate. They live in North Loup and have two sons and three daughters. Merrill Sample married Pearl Clewman and they live at Big Springs, Nebr. Lester Sample married Gladys Wetzel and they live at Scotia. Milford Sample, who married Virginia Murphy, lives at Greeley.

Walter, the next son, married Cora Bower. They separated and she married George Newbeck. Walter died at North Loup in 1931, and will be remembered as something of a genius along the line of invention and politics, in both of which he took a great interest. Frank Johnson, the North Loup postmaster, familiarly known as Uncle Frank, was next in the family line. He married Grace Purdum, a sister of Mrs. G. A. Parkins of Ord. She passed away leaving one daughter, Thelma, now the wife of Mr. Hamilton and living at Geneva, Nebr. They have a son and a daughter.

Charles E. Johnson, formerly a Davis Creek farmer, but now living at Decatur, Nebr., married Florence Cummins. They have three daughters, Myrna, wife of Reuben Alhey, lives at Tekamah. They have four girls and one boy. Irma married Edwin Seng. They live in Lincoln and have three boys. Eva is single and teaches in Kansas City.

The youngest daughter, Kate Palser, was included in the Johnson story some months ago, and needs no further mention here. Just older than Kate is Ernest, the youngest son and only son still engaged in farming in Valley county. He was born Aug. 18, 1881, in Hall county, and came with the family to Valley county when about 8 months old. They came here from a place known as Reynoldsburg, which has entirely disappeared from the map since then. He got all his schooling in Davis Creek school, No. 36.

He was married to Ida Petersen, daughter of Mr. and Mrs. Detlef Petersen at their home about 7 miles north of Loup City. They lived on the Petersen place 11 years, until both of her parents died. He also had at several places in the west. Edward is living in the west and is married. Maggie, next child of Robert Johnson, married Perry Vanscoy. They lived near Ravenna, but both are now dead. They leave three living daughters, Goldie Tangeman Klingler of Grand Island and Myrtle Schamfjohna of Grand Island, and Amy Stevens of Los Angeles.

He owns the 100 acres on the south side of the road and rents the old home quarter from his brother Frank, who is the present owner. He handles 210 acres of which forty acres is not broke, and is still in native grass. He has alfalfa, but sows millet for hay. He once farmed and raised stock rather extensively, but cut down about three years ago. Before that time he milked a number of cows and sold the milk to the North Loup Cheese company. He has fifteen head of mixed short-horn and hereford cattle on the place and some fine spotted Poland China hogs of which he is proud. He has 54 pigs and 11 old hogs. In the old days he used to raise a hundred or more every year.

Mrs. Johnson has about 100 white Rock chickens, but she plans to sell them and get Leghorns, which she likes better. The grasshoppers were bad on her garden this year, leaving only the potatoes and tomatoes.

North Loup

MRS. ETHEL HAMER Quiz Representative North Loup

Vanosdall - Williams.
Dorothy Vanosdall, daughter of Mr. and Mrs. George Vanosdall of Greeley and Horace Williams, son of Mr. and Mrs. Bert Williams of North Loup, were united in marriage Sunday afternoon at 2:30, August 29, at the Seventh Day Baptist church in North Loup. Rev. A. Clyde Ehret officiated at the single ring ceremony, before an altar banked with baskets of flowers and greenery.

Miss Vivian Vanosdall, sister of the bride was maid of honor and Maxine Copeland was bridesmaid. Lester Williams, brother of the bridegroom, served as best man. Betty Ann Williams, niece of the bridegroom and Gladys Stanger, niece of the bride, were flower girls.

BLUE ROCK SHOOT Sunday, September 5 Afternoon At Elyria

Still Whistling

Petitions placing my name on the ballot this November for County Judge are being circulated, and are being signed generously. Thank you. I got 120 names in North Loup Saturday evening in two hours. You will see me at the Valley County fair. Friends in Arcadia will find a petition at the Ramsey Drug store, and I will visit there soon. I plan to see as many of the electors as possible before election. I am running against a good man, and it will be a tough campaign. Whatever the outcome, I still will be whistling when election is over.

Cordially yours,
John L. Ward.

Usherettes were Phyllis Byerly and Alma Mae Gysden and ushers were George Maxson, Jr. and Lloyd Vanosdall.

Proceeding the ceremony Miss Lorraine Vanosdall, sister of the bride, sang "Always." She was accompanied on the piano by Deleores Keown, who also played the wedding music.

The bride chose for wedding gown, white nylon, which was sent to her by her brother from Japan. It was fashioned with a sweetheart neckline and was floor length. Her fingerings veil fell from halo crown and she carried a mixed bouquet of pink and white.

The maid of honor and bridesmaid wore pastel shaded dresses cut on similar lines, of pink and blue and they carried colonial bouquets. The little flower girls wore flowered white dainty formal.

A reception followed the ceremony in the basement of the church, with Mrs. Henry Williams and Miss Merel Davis in charge. The bridal table was centered with a three tier cake, decorated in pink and green. Seated at the bridal table were the bride party, the parents of both, Mr. and Mrs. Bert Williams, Mr. and Mrs. George Vanosdall, and grandmother of the bride, Mrs. J. C. Anderson, of Greeley and Rev. and Mrs. Ehret.

After a brief wedding trip to Colo., Mr. and Mrs. Williams will be at home in Scotia where they have found an apartment.

Mr. Williams is employed with Erla and George Cox in their well business.

Tetschner - Kearns.
Miss Virginia Tetschner, daughter of Mr. and Mrs. Clara Tetschner of North Loup and Elmer Kearns, son of Mr. and Mrs. Ray Kearns of Ord were united in marriage at Loup City, on Monday afternoon by the Sherman county judge. Attendants were Lella Bartz and LaVerne Veleba.

The bride chose for her wedding a street length dress of turquoise blue, with a full skirt, with a petticoat ruffle all around and a matching lace yoke, with sparkling rhinestone buttons set in gold color metal. She wore a garnet bracelet and matching breast pin which was a gift from her brother in Germany.

Miss Bartz wore a blue dress trimmed in gold beads.

Mr. Kearns is a veteran of World War II and is at present employed at the Hawkes service station.

Mr. and Mrs. Kearns are at home in rooms with the bride's mother.

Loup Schools Open Monday

North Loup schools opened Monday for the fall session, with all last year's teachers in their places. Supt. A. I. Friesen, Principal R. O. Babcock, W. H. Cook, coach, Miss Edith Stephen, commercial and Miss Minnie Jensen make up the high school staff. There are 62 enrolled in high school, 31 boys and 31 girls. The increased number of boys puts the school into class C in athletics, instead of Class D. Mr. Cook and the boys have been out for football practice the past week, getting ready for the "Pop Corn Bowl" game which will be played with Pleasanton Sept. 15. The flood lights have been up of the field and practice will be held in the evening when it is cooler.

High school upper classes have four new students, Eulalia and Bernadine Edwards, Gerald Holmes and Dean Walkup. There are 16 freshmen.

Grade school has a total of 81 students, with Mrs. Mills Hill, Miss Birdine Ingerson and Miss Clara Jensen as teachers. Miss Ingerson's room has been moved from the west side to the unoccupied room on the east, to make it cooler.

The hot lunch program will begin Sept. 20. Price of the lunch for the first month will be 20 cents, with a possibility of a slight raise if that is not enough.

Like Shooting Star, Evelyn Sharp's Career Blazed Brightly; Briefly

Ord's Girl Flyer Was Outstanding Member of Wasps

At One Time Was Youngest Woman Transport Pilot; Trained Hundreds for Army.

Like the shooting stars that blaze brightly across the heavens for but a brief moment, Evelyn Sharp's flying career had just begun when she gave her life to her country driving a P-38 plane for the Army Air Corps.

In the short nine years from 1935 when she first began to fly, she became a holder of "firsts"—the youngest transport flyer on record, the first woman to fly the tricky and dangerous Army A-20, first to fly an A-20 from coast to coast.

Evelyn Genevieve Sharp, daughter of Mr. and Mrs. John Sharp, was born at Milestone, Mont., Oct. 1, 1919. She received much of her schooling in Ord, where she graduated with the class of 1937. Her record in the school is remarkable, according to C. C. Thompson, school superintendent. She took the full academic course and also found time for two years of typing, two years of shorthand and two years of home economics.

She took special interest in athletics and won her girl's athletic letter all four years of high school. In her junior and senior years she majored in music. In her senior year she went in for dramatics and had a role in the Thespian club play and also in the senior play. It should be added that during this time she was also taking an interest in flying, which held a special fascination for her.

Among her achievements both

Pop Corn Day Plans Are About Complete

Included is Dedication of North Loup's New Pop Corn Bowl.

The committee for Pop Corn days has been busy for some time planning for the event, and selecting chairmen for the various sub-committees, without which the event could not be put on. The feature event of the entire show will doubtless be the saddle horse show, which is held Thursday afternoon. The saddle horses will also be an important part of the parade of floats that day.

Crowding the saddle horses in interest will be the dedication of North Loup's new Pop Corn Bowl Wednesday evening. The field is not new, as it has been in use for years, and the lights have been used for two years, but the name is new to the field, and this is the first time a bowl football game has been attempted so early in the season anywhere in the United States.

Dedication Program Complete for Ord Airport Ceremonies

F-80's, P-51's, A-26's, C-47 to Present Aerial Exhibit, Senator and General Speak.

A high-powered jet plane aerial demonstration, a host of state officials as speakers and an impressive ceremony dedicating the airport at Ord was announced on the dedication program this week by Leslie Nash, of the planning committee.

Pilots flying in from all over the state will feast with local pilots and town people on Sept. 12 at a watermelon feed between 11:30 and 1 p. m. At that time the field will be closed for flying to permit overhead demonstration of the jets.

With the P-80 jet fighters there will be P-51 fighters, A-26 bombers, a C-47 transport and a light reconnaissance plane. Planes will be flown by the National Guard Air Squadron pilots from Lincoln. The Ord band will play prior to the parade's arrival.

Welcome by Mayor. Following the flight maneuvers, Mayor F. L. Blessing will give the welcoming address on the speakers' platform near the hangar. Bruce Covey will act as master of ceremonies during the day.

Sen. Kenneth S. Wherry will speak to the audience on his recent trip to Europe. The dedication address will be voiced by James D. Ramsey, state director of the department of aeronautics.

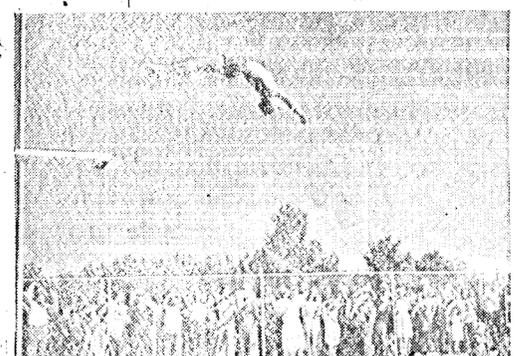

Unveiling of the monument erected in honor of Miss Evelyn Sharp, famous Ord aviatrix for whom the field will be named, will be done by Brig. Gen. Guy N. Henninger, state selective service head. A special tribute to airmen will be delivered by C. Edgar Leafdale, president of the Flying Farmers and democratic candidate for congress.

Monument Placed. After the brief speaking ceremonies are finished, the pyramidical monument will be moved into place on its concrete base. The monument will stand under a wooden archway on which will be hung a P-38 replica. Documents relating to Miss Sharp's flying career will be sealed into the monument.

An aerial exhibition by Charlie Zangger, Ord pilot and former commercial airline flyer, will follow. A demonstration of hedge-clipping will also be given by a crop dusting pilot.

Engineers and graders have been busy all week completing grass waterways at the airport which will facilitate drainage of the runways. Besides the ditch, low spots have been filled and high spots removed.

Biamond Shows Diving Skill

Cork Biamond, with a spectacular back dive, was one of the crowd who thrilled and pleased a large crowd at the water festival held here Sunday.

City Rejects Swimming Pool; "Not Up to Specifications"

City Dads to Crack Down on Speeders; Set Assessments for Sewer District.

The Ord City Council officially refused approval of the city's new swimming pool as not being up to architect's specifications and held up payment of some \$9,000 in claims by John Clausen & Sons, contractors, for the second straight month at their regular meeting Tuesday night.

In a unanimous resolution, city dads told the Grand Island contractor that the pool construction will not be approved until a satisfactory job is done.

In addition to the \$9,000 being held up, the city also has not paid a 10 percent contingent fee amounting to \$3,000. Neither has an architect's fee of \$1,500 been paid.

Representatives of veterans' organizations who sat in with the council on the swimming pool discussion stated that they had conducted an independent investigation of the pool and had persuaded D. B. McOstrich, a licensed engineer, to make an inspection also.

General Poor Workmanship. From a long list of visible defects, John J. Wozab, commander of the Veterans of Foreign Wars, and spokesman for the veteran groups, stated that apparently the pool needed an entire new bottom and new promenade. He pointed out the promenade drains were set in high spots instead of low spots, that scum gutters would not drain, and that general settling of back fill around the pool had cracked and sunk the promenade in several places.

Wozab also called attention to the latrine construction, stating the floors were cracked in several spots. Filters cannot be operated.

D. B. McOstrich told city dads that from an engineer's standpoint the pool represented "general poor workmanship." The specifications as prepared by the architect seem ample and if they were followed, I believe a very good pool should be the result," he said.

To Arrest Speeders. A campaign against speeding and reckless driving within the city was touched off by the council after an outline of a warning campaign instituted by Mayor Blessing some months ago. City dads gave their approval to a suggestion by the mayor that the time for stronger action had come.

"Most of the violators we have are residents of the city," the mayor said. "They're all people who should know better, and with school children crossing the streets several times a day, it's high time we started making arrests."

Councilmen discussed the erection of more warning signs, stop signs and blinker lights. Finally concurred with Hugh Carson's statement that "There's nothing wrong that a few \$25 fines won't cure."

Set Sewer Assessments. Assessments in newly completed Sewer District 7 were set by the council, and October 5 selected as a date for a board of equalization meeting when property owners within the district can protest their liability. Costs as worked out will come to \$2.09 a foot, or \$126.45 for the owner of the standard 62 1/2 foot lot in the district. Total cost of the district was \$1660.

Contract for painting of city owned buildings on the property near the cemetery now occupied by Frank Norman, was issued to James Soben, Fort Hartsuff, who will spray paint the buildings two coats for \$175.

A plumber's license was granted to Charles Kriewald.

Bids on the city lot, just east of the high school, and formerly occupied by the township and city street departments, brought quite a surprise. In face of a tight housing situation, much scheduled building, and a scarcity of well located lots, only one bid was made, \$500, by John Wozab. The bid was rejected, and the council will offer the lot for sale again.

Finced \$33.80 Loses License

Loren Livermore of Burwell pleaded guilty in county court Tuesday to charges of reckless driving, was fined \$25.00 and costs of \$3.80 by county Judge Joe Ramaekers. In addition, his driver's license was suspended for 60 days.

According to patrolman Guy L. Smith, who made the arrest, young Livermore had been driving fast enough that he had passed the local REA truck on the wrong side of the highway just north of the Fairview Station at the Ord city limits Friday. A serious accident was narrowly averted, according to Smith.

Robert Kokes was fined \$10.00 and costs of \$4.00 for driving at a speed greater than was reasonable and prudent under the conditions existing.

Potato Crop Is Being Harvested

Potato harvesting is under way in the North Loup valley, with first activity being confined to the Taylor-Burwell area where yields are said to be the highest on record—up to 600 bushels per acre. Up to Sept. 2 a total of fifty carloads had been shipped out of Burwell.

Among growers who live in Valley county but market their potatoes at Burwell are Leo Nelson, Joe Lech and Smith and Sperling. Only large scale commercial growers near Ord this year are George and Ed Zikmund. Few potatoes were grown commercially around Arcadia this season.

Flood Damage Tales to Be Told At St. Paul Meeting

Hugh Carson Asks for Information to Relay to Corps of Engineers.

Stories of damages resulting from floods and high water conditions in past years will be told the Corps of Engineers of the Army at a meeting to be held in St. Paul on Thursday morning, Sept. 23.

The Valley county story will be told by Hugh Carson, who will appear before the engineers backed with facts assembled from this area. Mr. Carson will draw liberally on newspaper accounts appearing in the Quiz and will have several hundred photographs taken by Ord photographer Ed Swopes most of which have appeared in past issues of the Quiz.

"Right now I need information," Mr. Carson said, "especially reports of specific damage to farmers and land owners resulting from high water and flood conditions. The data will be erosion, washouts, crop damage or building damage, just so it came about as result of high water."

Creek Work Needed. "If we have a strong enough case to present to the Army Engineers there are strong possibilities of getting flood control such tributaries as Dane, Mira, Turtle, Fish, and Gravel creeks. The army engineers are especially concerned with damage in the vicinity of Columbus and Schuyler from the Loup river causing damage in those vicinities originates here, and means to control the floods at the source."

"I want to urge everyone who has experienced damage in the past to make a report to me or get in touch with me at once. It will take time to prepare all the reports in the style the army wants them and we have but a few weeks."

The meeting starts at 8 o'clock at the Legion Hall. Anyone interested may attend.

Plans About Complete For Big ZCBJ Meet

Two Hundred Delegates Will Attend From All Over Nebraska.

According to reports that have been coming in from all parts of Nebraska, the ZCBJ convention scheduled for Sept. 11 and 12 at Ord will be one of the best in years. There will be two hundred delegates attending from the state's 64 lodges, as well as a number of honored guests and visitors.

For the benefit of those who may not know, the initials ZCBJ mean Zopodni Cesko Braterska Jednota, which translated into English is: Western Bohemian Fraternal Association. The meetings will be held in the Bohemian hall. A dance will be held Saturday evening with Dowers' orchestra furnishing the music.

Sunday, Sept. 12, the program will be held in connection with the public initiation of new members for Lodges Demeco, Slavin and Jungman, all of this area. There will be motion pictures, speakers, and several vocal numbers. At 8 p. m. a play will be given by the Jungman group.

Among the noted persons present will be three officers of the grand lodge of Cedar Rapids, Ia. They are: John Rompelt, supreme president, M. L. Hromatka, supreme secretary, and A. F. Schultz, supreme treasurer. From Omaha will come Roman Hruska, supreme vice-president and connected with the city government of Omaha, and Otakar Charvat, editor of the Fraternal Herald.

Serious Charge May Face Seven N. L. Youths

Broke Lock at Spillway, Closed Gate to Raise Water Level for Swim.

Seven youths of the North Loup vicinity, ranging in age from 11 to 18 years, may face serious charges involving fines or jail sentences, or both, because they broke the lock on a check at the lower end of the Mira creek flume and then closed gate and spillway openings in order to raise the water level so they could swim.

The youths were caught in the act last Tuesday afternoon by M. S. Dodd, engineer-manager of the North Loup irrigation district, who took their names and notified Sheriff Bob Hall. The youths came to Ord Monday for questioning by County Attorney Ralph Norman who is making a further investigation before deciding whether to file charges.

Tampering with irrigation property is a serious offense under Nebraska statutes and no less than 12 different charges could be filed against the boys, authorities say.

Locks Broken 3 Times. The incident Tuesday was the third time the same thing has happened this summer, it is stated by Mr. Dodd. In May the lock was broken, gate and spillway openings were closed, and after the party completed its swim they went off and left them that way. Fortunately it was discovered in time to avoid damage.

On Aug. 30 the locks again was broken and again the gate at the spillway was closed and left closed. Not enough water was running at the time to cause damage, although the broken lock was not discovered until the next day. Less than an hour after a new lock had been installed and while Mr. Dodd was still in the neighborhood, a farmer reported boys swimming at the place and when Dodd went to investigate he found the new lock broken.

\$20,000 Damages Possible. Had a full head of water been turned into the canal when check and spillway were closed, or had a heavy rain fallen, the Mira creek spillway and structure could easily have gone out with loss of over \$20,000. More than a thousand acres of crops watered by this canal would have been damaged by the loss of the structure, as the canal would not be put back in service this season.

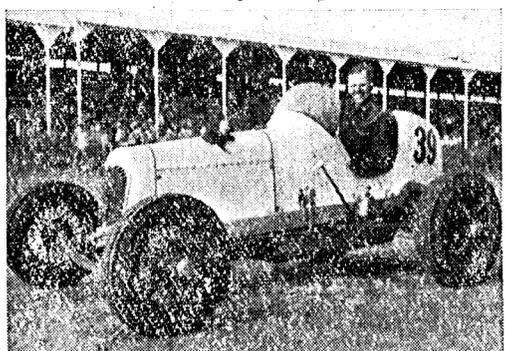

In 1917 the irrigation district had trouble at the same place and similar incidents have taken place elsewhere on the district's canals, though never more than once in the same place, except at this Mira creek spillway.

"In their own interests farmers along the canal should keep a careful watch and report promptly incidents of this kind," says Manager Dodd. The ditch riders cannot watch all danger spots at the same time, he added.

The Quiz has the names of the seven boys who now face charges but withholds them until charges are filed.

Red Bales Big Money Winner

Red Bales, driving No. 39, was the individual big money winner at the Valley county race meet last week. He picked up a first, second and third place on Tuesday, and a first and third Wednesday.

Arrested, Fined for Bad Brakes

Pete A. Kinney, a farmer near Elba, was fined \$1 and costs in Valley county court last week after he pleaded guilty to charges of driving with inadequate brakes.

He was arrested south of Ord while headed toward North Loup. He was arraigned by County Attorney Ralph Norman before Judge Joseph W. Ramaekers. Officer G. L. Smith of the state safety patrol made the arrest.

Two Youths Speed At 85 MPH, Draw Minimum Fine

Patrolman Chases Speeders At 93 M.P.H. in Attempt to Catch Two Racing Cars.

Paced by a safety patrolman at "more than 85 miles an hour," two youths pleaded guilty last week in county court to charges of speeding. They were fined \$10 each.

Charles V. Jensen of Scotia and Robert Duis of Diller were arrested by Patrolman G. L. Smith on the night of Aug. 29. Smith said he had to drive up to about 93 miles per hour trying to catch the two speeding cars.

The speedsters were traveling southeast from Ord toward North Loup. They were not overtaken until they pulled into a filling station at North Loup, the officer said.

Jensen told Judge Joseph W. Ramaekers that he and Duis were not racing. "We had to get to work the next morning," he said.

Minimum Fine. Judge Ramaekers reminded the youths that speeding was the greatest cause of traffic deaths. "Your life is not only at stake but also the lives of others," he said, before imposing the minimum fine.

Louis Wolf of Germanium township was arraigned on charges of failing to display a tail light. After pleading guilty, he was fined \$10 by Judge Ramaekers.

Biggest Crowd in Years Sees Racers in Top Performance

No Serious Accidents, But Crowd Given Thrills; Red Bales Big Money Winner.

When gate receipts for the final day of the Valley county auto races were counted Wednesday, it became apparent that the biggest daily crowd in years had turned out to see the 1943 classics.

With one of the best fields of entries in some time, a series of fast races turned out the crowd each day, with Wednesday's attendance jamming both the grandstand and the new 700 seat bleachers built this year.

No serious accidents marred this year's event, although spectators were furnished plenty of thrills with a three car pile-up Tuesday, and a time-trial skid and upset on Wednesday.

Wednesday afternoon events proceeded smoothly with a group of skilled drivers whom Clyde Baker, race superintendent, termed "the best we have ever had" turning in fast times against rugged competition.

Red Bales, driving W-39 was the individual big money winner for the two day meet with two firsts, a second and two thirds to his credit.

Some good times were turned in although the track record of 23.69 set in 1931 by John B. Gerber of Davenport, Ia., was not broken during the two days. The Ord track is the fastest half-mile banked dirt track in Nebraska.

Winners of the Wednesday events and times are: Event 1, 10 laps, Red Bales, 3:31.97; event 2, Tegmeier, 4:20.55; event 3, 10 laps, Al Fleming, Hector Honoré, John Gemmill, 4:10.92; event 4, 10 laps, Bob Johnson, John Joy, Joie Ray, 4:32.61; event 5, first handicap, 8 laps, Leo Krasek, Al Fleming, Red Bales, 3:31.97; event 6, second handicap, 8 laps, Joie Ray, Russell Grom, John Joy, 3:44.54; event 6, consolation, 8 laps, Bob Kemp, Quentin Cows, Oran Patrick, 3:41.62.

Bible Study Sunday 7:30 p. m.
The delegate who attended the annual conference recently at Broken Bow will give a report during one of the services in the near future.

The Methodist Church
L. V. Hassell, pastor
Next Sunday the sermon subject is: "Each Bearing a Corner." We are beginning the intensive work of fall Sunday school and church program and we must depend upon every member of the church. It is our faith, then, we all fail and Christ and His church will correspondingly fail. Let us all share together, and equally responsible for the success of the church. The church can offer to the community, only that which we collectively bring of our spiritual lives.

Know Your World Parish Rally.
Let us all look forward to this great rally at Ord on September 23. It will be one of 32 great rallies across Nebraska, and of five in Hastings district. Let us be fine hosts and try and all be present to receive and make at home the large attendance of guests and special speakers coming to us from many fields.

St. John's Evangelical Lutheran Church

Bethany Evangelical Lutheran Church
C. Jeppesen, pastor
Sunday school and Bible class at 10 a. m.
Church service at 11 a. m.
The Sunday school invites the children. Bring your children to Jesus. He says: "Suffer the children to come unto Me and hinder them not for to such becometh the Kingdom of God."

September 16, the Ladies' Aid meets at the home of Mrs. Nels Jensen.

Presbyterian Church
R. T. Cordry, pastor
Rev. Ralph Chamberlain of Grand Island will speak and show pictures of Sunday School work of Nebraska Friday evening, Sept. 10th at 7:30 p. m. in our church. Everybody is invited.
There will be the regular services next Sunday.
The ordination of James Ollis will be at the church Wednesday, Sept. 16th at 8 p. m. You are invited to the service.
The Cordrys expect to leave Ord for Oregon, Mo. the morning after the present pastorate terminates on Sept. 10th. They are deeply grateful and encouraged by the various farewell gatherings and the congregational dinner in their behalf, and for the various tokens of affection and for a generous gift in money.
The Cordrys will meet Sept. 15th.

Henry Bredthauer of Scotia Injured

This, Wednesday, morning, Henry Bredthauer, of the Pontiac and Chevrolet garage of Scotia, suffered a severe heart attack in his home. He fell, and in the fall suffered a cut on his forehead and a four-inch gash at the base of his skull. He was taken to Grand Island in the Ashley ambulance and placed in a hospital there.

Besides his garage sales and service, Mr. Bredthauer has large farming interests and is one of the best known figures in the central Nebraska area. He is about sixty years of age.

ANNUAL MEETING.
The Loup Valley Dairy Breeders Association will hold their annual meeting on Sept. 8th, at 8:00 p. m. at the Masonic hall basement in Ord. They are urging all members and the officials that are interested in the artificial insemination of dairy cattle to be present. The future operations will depend on the interest that is shown at this meeting. A representative of the Douglas Dairy Breeders' association will be present and movies will be shown. Everybody interested should attend.

GIRLS TIE, LOSE.
Ord's girl softball team had two games on their list the past week, their opponent being Scotia both times. Friday evening on the Ord diamond the girls played to a 13-13 tie with Irene Auble pitching and Naomi Geweke catching for Ord. Monday, Sept. 6, was the fourth game the local girls played with Scotia. This game was played on the Scotia diamond and was won by Scotia 7 to 8.

—Mr. and Mrs. Stanley Merklin of Broken Bow were guests Monday and Tuesday of their uncle and cousins, A. L. Crouch, Leona and Mary Ellen.

Evelyn Sharp's Career Meteoric

(Continued from front page)

during and immediately after her school years were the fact that she became an expert swimmer. After taking an instructor's Red Cross course she spent two summers teaching large groups of young people to swim. She also liked to skate and ride horseback and was an expert in both of these lines of athletics.

It was during her second year in high school that she became interested in flying, and by the time she was sixteen she had won her private pilot's license. Two years later she became the youngest woman in the United States to earn a transport license. At the age of 20 she earned an instructor's rating and began to teach others to fly. She spent fifteen months engaged in this work at Spearfish, S. D. The records show that 354 young men received their private licenses for the army as the result of her teaching.

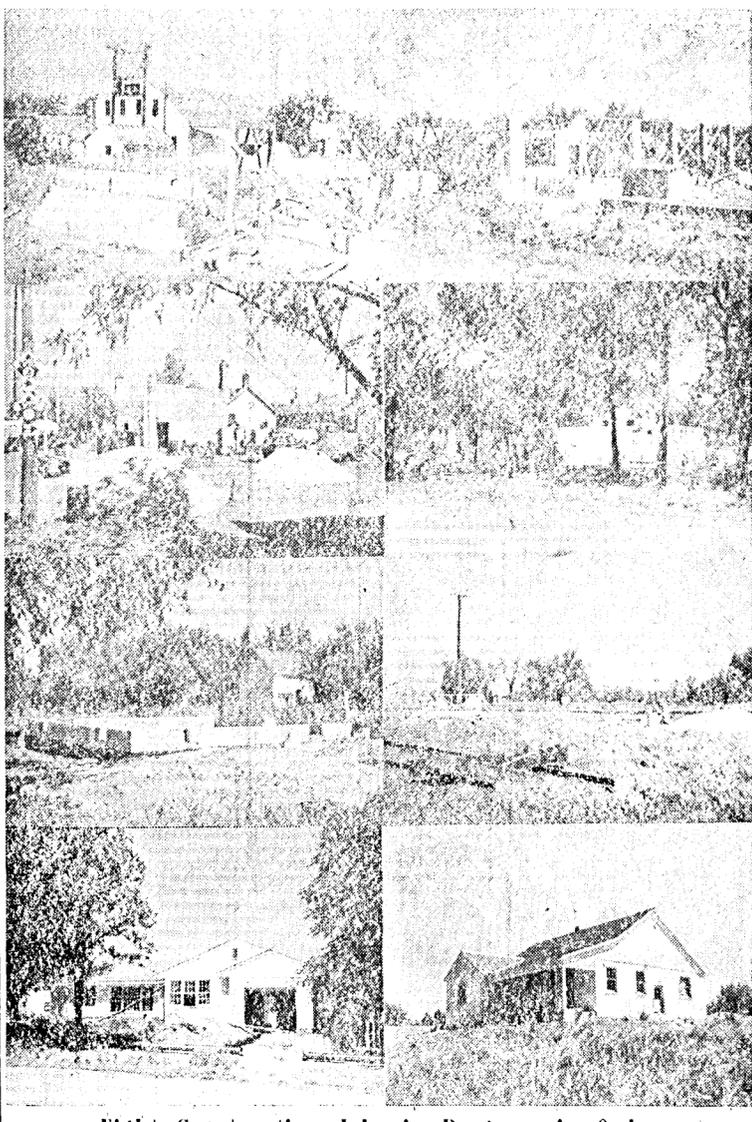

On Oct. 19, 1942 Miss Sharp became one of fifty selected women pilots to enlist in the service at Wilmington, Del., at the request of General Arnold. Feb. 15, 1943, she and four other women pilots were transferred to Long Beach, Calif. From that time on she was kept busy ferrying planes to various places in the United States and Canada wherever war conditions demanded they be sent.

She was the first woman to fly the treacherous A-20, the plane known as the "man in the moon" because of the difficulty of handling it. She was the first to deliver an A-20 from coast to coast, and she delivered twelve of them. She had a total of 4,115 flying hours to her credit and she and her crew had No. 2 priority, second only to the president and his cabinet. She had flown nearly every fast modern type of plane.

She was killed while making a takeoff in a P-38 within one minute from leaving the Middletown airport at Middletown, Pa. When the plane went out of control she held it to an even keel and doubtless would have prevented a crash if she had been higher in the air. No definite cause was found for the crash, which may have been caused by striking an air pocket.

During her barnstorming days Evelyn Sharp carried five thousand passengers safely. She had only three more trips to make to earn her fifth rating, the highest granted women flyers at the time. With these trips completed she would have received her master's degree of the air. The trips necessary to qualify were to deliver one more A-20 and two more B-17s.

Her death took place April 3, 1944, and her funeral, held at the Methodist church in Ord April 9, was one of the largest ever held in Ord. Banks of flowers arrived from admirers all over the country, and official military representatives proved the esteem in which she was held. Her body rests in the cemetery of the town in which she grew to womanhood, where she received her education and where she learned to fly, and now Ord's official flying field is to be named in her honor.

Eight Construction Jobs in Progress in Ord

Every man in Ord who can use a hammer, trowel or wield a shovel seems busy this week, with eight different building jobs in various stages of construction. Photographed by Ed Swopes the jobs are, left to right, top row, the new garage and warehouse for the Valley County Implement Co., the new county highway shops and garage. Second row, new warehouse and garage for the Cooperative Oil Co., the new Baptist church. Third row, residence of Frank Druick, warehouse on tank farm for the Valley Propane Gas Co. Fourth row, the new Floyd Beranek residence and the new Joyce Olsson residence.

Broken Bow People Killed in Kansas

Rev. Walter Zimmerman, Wife and Daughter Die in Crash.

Local people were shocked Saturday when word was received that Rev. Walter Zimmerman, wife and daughter Betty Lou, of Broken Bow, had been killed Friday night in a plane crash at Maryville, Kas. The body of a fourth victim, a woman, had not been identified.

The airport manager, Carl Unger, said that the plane, evidently in distress, had circled the town at about 5 p. m. and that he put out a call for automobiles to light the field. Before this could be done, the pilot brought the plane down short of the field by a few hundred yards. It struck the ground, bounced and turned over, bursting into flames.

Rev. Zimmerman was known to many here, and was owner of the 1440 acre ranch in northeast Valley county known as the Gregg ranch for a number of years. Not long ago the Weekes Agency sold the land for Rev. Zimmerman. He was pastor of the Methodist church at Broken Bow. He came there from Western, Nebr., several years ago.

Pop Corn Days

(Continued from front page)

Thrifts Promised.

The game itself is of special interest, as it brings together two of the outstanding six-man teams of the state in this initial contest. North Loup has one of the finest squads in its history, with practically all of last year's stars returning and a number of new ones added from the lower grades. Piasanton also has a fast, heavy team and the contest should be a thriller.

Other top notch attractions are Texas Mary and the Radio Rangers, back for a return engagement, the broadcast over KPAH, the band concerts by Burwell, Ord, Scotia and North Loup bands, the juvenile parade on Wednesday, the special acrobatic acts on Wednesday, both afternoon and evening, and the crowning of Pop Corn Queen just before the football game that night.

Thursday the Pop Corn Queen will lead the parade of floats, awards will be made for the horse show. Just before the dance the program on the platform will close with the awarding of the pop corn boosters' club prizes. There will be a dance at North Loup Community hall on both Wednesday and Thursday evenings.

E.U.B. Ministers Are Assigned

At their Broken Bow annual state conference, which came to a close Sunday evening, the Evangelical United Brethren group gave the assignments of pastors over the state for the coming year. Reassigned to Ord is Rev. J. L. Arnold, who is a resident of Scotia. J. W. Hartsaw, formerly of Ord, is now at Helvey, and Mamie Young, who held the Ord pastorate before the arrival of Mr. Hartsaw, is assigned to Miller.

Official Notice

After several weeks of courteous warnings to speeders, the mayor and city council of Ord have decided that it is now time for direct action.

Police officers of the city will continue to warn traffic violators on first offenses, but the warning should be considered as an order. There will be no second warnings, except that given by the police judge.

The mayor and council believe that any inconvenience resulting to motorists in a hurry as a result of this policy will be more than offset by the fact that our highways will be safer for little children to cross. And now that school has started, pedestrian traffic is heavier.

Your cooperation in making our streets and highways more safe for other drivers and pedestrians both will be appreciated.

NORTH LOUP

Guests of the G. L. Carters from Friday till Sunday were Mrs. Carter's grandparents, Mr. and Mrs. W. M. Dutcher of Plainview. They had been on a vacation trip to Idaho and were returning home. Mrs. Carroll Hoppes and daughter, Cleo, who had spent a month with the Kenneth Jorgensens, left Sunday for their home in Phoenix, Ariz.

Mr. and Mrs. Nathan Maxson had all their children home over the weekend. Their son, Raymond, who lives at Redondo Beach, Calif., spent last week with his parents; Roy came home from Milford over the week-end; Mr. and Mrs. Emil Molzer and son and Mrs. Clarence Hoffman and daughter came up from Lincoln.

Mrs. Bertha Eische left last week for Montana and Washington where she will spend the winter with her children.

Mr. and Mrs. E. O. Schudel entertained Monday evening in honor of the Harold Schudel family of Corvallis, Oregon. Pictures were shown on the screen by Harold and Maynard Schudel of scenes in Oregon and the Black Hills. Guests included Mr. and Mrs. Otto Graul and daughters, Mr. and Mrs. Albert Peterson and children, Mrs. Fanny Peterson, Mr. and Mrs. Howard Hanke and children, all of Ord; Mrs. Emma Sherback and Marvin Sherback, of Burwell; Miss Huldah Hanke, Alvin Hanke, the Harold and Maynard Schudel and DeLysle Jeffries families, and Mr. and Mrs. Paul Jones. Refreshments of ice cream, cake and coffee were served.

Claud Thomas and his daughter, Mrs. Viola Dutcher, are in Lincoln this week attending the state fair.

The Juvenile Parade for Popcorn Days, is again in charge of the

Legion Auxiliary, with Mrs. Derwin White, chairman of the committee. Entrants are to meet on the east side of the community building at one o'clock Wednesday afternoon. Each division will have two prizes, and each child in the parade will be given an ice cream cone. There will be eleven divisions: Baby buggies, strollers, trikes, doll buggies, coaster wagons, pets, bicycles, comics, family group, advertising and miscellaneous. With that many divisions every child in the community should be in the parade.

Going to Beatrice over the weekend to attend the marriage of Donald Babcock and Doris Overbeck were Mr. and Mrs. Carroll Babcock, Mr. and Mrs. Ike Babcock, Miss Bonnie Babcock, Mrs. Jim Scott and two daughters, Mr. and Mrs. Russell Barber, Mr. and Mrs. Warren Brannon, George Maxson, Jr., and Bernard Keown.

Mr. and Mrs. Richard Green, Sr., and Mr. and Mrs. Richard Green, Jr., all of Miles City, Montana, arrived Monday and are guests of their mother and grandmother, Mrs. Carrie Green.

The Fortnightly Club held their first meeting of the year Wednesday afternoon at the home of Mrs. W. G. Studer. Mrs. Studer and Mrs. W. H. Vodehnal had the lesson which was a film strip on managing the family income. Roll call was "Ways to be Thrifty."

Mr. and Mrs. A. L. Willoughby went to Lincoln Thursday to spend two days at the state fair.

Guests Wednesday and Thursday of the Eldon Sintek family were Mr. and Mrs. Arind Edler and small daughter and Mr. and Mrs. Carl Davis, all of Colo. Ia. They were enroute to Boulder, Colo., for a visit with Mrs. Elders' mother.

North Loup Man Hurt at Scotia

John Jurzenski, who lives on rural route No. 2 out of North Loup, was badly bruised and cut when the car he was driving collided with the car belonging to Minor Nielsen of Elba. The accident occurred Friday. Jurzenski was alone and driving west at the intersection of 11 and 56, just west of Scotia. The Nielsen car was coming south on 11, and they collided in the intersection.

Both cars were overturned and the Nielsen car came to rest in the ditch. With Mr. Nielsen were Mrs. Nielsen and their son, Richard D. Nielsen, who was driving. Mr. and Mrs. Nielsen were also injured and were given treatment at North Loup. Mr. Jurzenski was taken to the Ord hospital, and that evening was taken to the home of his daughter and son-in-law, Mr. and Mrs. Ralph Wiberg, in northwest Ord, where he is recovering. He is 65 years of age.

3 Ord Residences At Public Auction

As we are leaving the state because of our health we will sell at public auction the three good residences described herein. This sale will be held at the Duplex starting at 2:00 p.m. sharp on

FRIDAY, SEPTEMBER 17

No. 1 -- Duplex

This is a two family, or duplex, residence, located at 18th and N streets only 3 blocks from the business district, one block from the grade school and 2 blocks from churches. It is strictly modern throughout.

Each apartment has 4 rooms and bath and there is a washroom in the basement. House has oil burning furnace, is connected to sewer and all assessments are paid. Venetian blinds throughout. Double garage.

Here is an excellent investment property, as house has a good earning capacity. Buyer could occupy one apartment and rent the other, or if buying solely for investment could rent both. House has been repaired and repainted recently and is in A-1 condition throughout so buyer would have no expense for a long time to come.

No. 2 -- Our Home Residence

709 South 18th St.

This residence is 34x42, has living room, kitchen, dinette, 3 bedrooms, cedar closet and bath. Full basement, oil heat, electric hot water heater, heavy oak floors throughout. Really one of the most modern and well built homes in Ord. Venetian blinds throughout. Double garage.

M. B. Cummins, the auctioneer, says after inspecting this home: "I want any prospective buyer for a choice residence to inspect this house, for it will bear the most rigid inspection."

No. 3 -- 5 Rooms and Bath

This house is across the street from our home residence. It has 5 rooms and bath with full basement. Coal furnace, hot water heater and is in good condition.

These are all desirable properties and anyone wishing to inspect them is invited to contact A. K. Jones at his residence or phone 178 for appointment.

Terms of Sale:

25% as security of contract on day of sale. Balance of purchase price on or before Oct. 1, 1948. If desired by purchaser, 50% of the purchase price will be carried back on a first mortgage bearing 4% interest, payable annually. A deed and merchantable abstract of title will be furnished when final payment is made. All taxes due on all these properties are paid in full.

Clara C. Holmes Dies at Age 69

Clara Elve Clement, second child of Mary Elizabeth and Nathaniel George Clement, was born in the pioneer home at Mira Valley, Nebraska, on November 23, 1879—a twenty-seventh birthday present to her mother. At the time of her death, she was approaching her 69th birthday.

She grew to womanhood on the Mira Valley farm where she was born. Her earliest education she received in District 9 school and North Loup—where she completed the three years of high school work in one year. After teaching briefly, she entered Milton College, Milton, Wis., in the fall of 1900. Here she was most interested in the field of science, but upon the death of a favorite professor, she shifted to the English department, later taking up work in German, which language she loyally defended and enthusiastically taught through two world wars. While in college she devoted much time to the study of music, particularly the voice; and her lyric soprano was much in demand in solo or chorus work—at Milton or in Mira Valley. She wrote the class song

for her graduation from college in 1906. She gave of her talents freely, and untold voices found it a treat to sing great choruses under her exacting direction.

On October 11, 1909, she was married in the Mira Valley home to Walter S. Holmes of Milton, Wis., who died in 1937.

She began her teaching career at seventeen in country schools. Following her graduation from college, she taught first in Union High School, Milton Junction, Wis., then in Ord High School in 1925.

In 1911 she resumed teaching in country schools, where she felt that she had better opportunity to carry out her theories and ideals of education. In 1915 she was instrumental in organizing Valley-side Rural High School, where she taught eight years. In 1924 she began teaching in Haskell Creek High School and later she taught at Davis Creek. Following this, for a time, she did private tutoring in the North Loup home to which she had moved with her mother in 1925.

It was in 1937 that she returned to Milton College to succeed her beloved instructor, Frau Anna W. Crandall, as German teacher. In this same year, too, she took over duties as matron of the girls' dormitory,—both of which positions she held until her late illness—Commencement week 1948. The dormitory and its girls

were her home and family. She always spoke of the girls as her "daughters", and surely no mother ever gave more of herself for them.

After her employment at Milton, feeling the need of continuing her studies in German, she matriculated in the University of Nebraska in the summer of 1937. Being forced to enter the university late for several years, it was characteristic that she audited courses—her concern being knowledge—no credit for it. So, after seven summers at the age of 64, she was awarded her master's degree—one of the oldest ever to take such a degree, and, as her professors said, "one of the best." The next two summers she spent in school in Boulder, Colorado, studying purely for the pleasure of it.

Child of a pioneer family, she inherited their courage, vision, determination, humor, and driving purpose. Sheer will caused her complete recovery from a broken hip when she fell on the ice at Milton in the winter of 1938. The following summer,—lame and in pain—she forced herself to walk a number of blocks to the University of Nebraska campus; and she deliberately chose a room on the second floor so that she would be compelled to climb steps. Thus, rigorously, she disciplined her mind and body all of her life. In her last illness, she chose to live in her own home as long as possible to spare others.

Funeral services for Mrs. Clara Holmes were held Wednesday afternoon from the Seventh Day Baptist church with Rev. Ehret bringing the message. The Mira Valley quartet, Harold and Oral Koelling, Reuben and Harry Cook sang "Goin' Home" and "When I Die I Want to Be Buried in the Lord's Prayer." Mrs. Reuben Cook was at the piano. Pall bearers were all former students of Mrs. Holmes and were Duane Armstrong, Melvin Williams, Ross Leonard, Elmer Hornick, Walter Foth and Albert Peterson. Mrs. James Ollis and Mrs. Raymond Pocock looked after the many floral offerings. Hastings and Pearson were the undertakers in charge. Burial was in the family lot in Hillsdale cemetery.

Survivors are one sister, Mrs. Ava Johnson and one brother, Hugh Clement, both of North Loup and a number of nieces and nephews and many friends.

Early Corn Safe from Normal Frost

In the opinion of many Valley county farmers, the early corn crop is safe from a normal frost, but a rain and freezing weather might cause serious loss, even in the best matured fields. Some of the fields are so well advanced that farmers who have run out of corn to feed have been snapping corn and feeding it with good results.

The upland corn is farther advanced this year than in normal years, and the yield will be good, but not as high as was thought a month ago. The hot weather of August took the moisture out of the soil too rapidly with the result that the corn ripened too fast and shortened the potential yield.

Some of the early planted corn under irrigation is well advanced, and a frost coming about the time of the full moon, Sept. 13, would do little damage. In case frost does not hit at that time it is almost certain to come at the time of the autumnal equinox.

The puzzling problem is the second planting of corn where the hail struck in June.

Ord Schools Opened for Registration

Freshmen Number 66, About on a Par With Last Year's 9th Grade.

Monday was enrollment day at Ord high school, and the result in the four grades is about what had been anticipated. The first day's list showed 66 freshmen, 66 sophomores, 71 juniors and 53 seniors.

While these figures may be changed slightly, Mr. Thompson was of the opinion that the number will be substantially as stated above.

The members of the faculty and their duties for the coming school year are: C. C. Thompson, sup't.; F. L. Stoddard, principal and acronautics; Joe Copl, science and driver education; J. A. Kovanda, vocational agriculture; William Nelson, high school music; Richard Peterson, coach and shop; Roland Moore, assistant coach and mathematics.

Irene Auble, English and junior high school music; Grace Heston, home making; Maud Holden, mathematics; Ellen Monfross, English, journalism and Latin; Helen Kokes, commercial; Dorothy Kovanda, English and dramatics; Elizabeth Lukes, junior high English and mathematics; Rosalind Northway, history and normal training; Lucile Tolen, junior high social science; Edwin Jenison, veterans training.

Veteran Grade Staff.
Inez Swain is principal of the grade school and first grade teacher; Irma King, kindergarten and music; Roberta Rathbun, first grade; Jacqueline Hunt, second grade; Lydia Severson, third grade; Lucy Rowbal, fourth grade; Evelyn Jefferies, fifth grade; Lois Strong, sixth grade.

Dorothy Nielsen is school secretary. Tom Williams is high school custodian and Richard Pien is his assistant. Robert Philbrick is grade school custodian.

Four of these teachers, Moore, Heston, Monfross and Rathbun, are new to the Ord schools this year, although they have been teaching elsewhere. Pien and Philbrick are new as custodians.

In continuation of a program started three years ago, floors have been replaced with asphalt tile in the library and three of the high school rooms.

New curtains of blue velour were installed on the stage Tuesday, the red curtains formerly in front being moved further back, and a new blue matching velour cyclorama has been put in the background. In the home economics room there are four new electric sewing machines, which is part of a replacement process which will take from three to five years to complete.

A new 16 MM sound projector has been added, thus making one available for each of the school buildings and making it unnecessary to carry one back and forth as in the past. Two new wood lathes have been added to the shop equipment besides a new jointer and a quantity of small shop tools. The power saw has been moved into a new position which will make it safer.

There are nine new typewriters in the commercial room, the first the school has been able to obtain for some time. Much new equipment has been added in the science laboratories. Venetian blinds have been put on the windows of four high school rooms and three grade school rooms. Many rooms have been repainted and redecorated in both school buildings.

Much New Equipment.
All outside woodwork at the grade school has been given two coats of paint, and the bleachers at Ord athletic field have been repainted. The incinerator has been moved from the street east of the shop to the alley behind the high school, thus improving the appearance of the premises. Part of these improvements are in line with the general plan to keep everything up to date.

Miss Swain, grade school principal, reported Tuesday afternoon that there was a total of 240 pupils under her supervision, which includes the kindergarten and the first six grades. In the kindergarten Miss King has 339 pupils. Miss Swain's first grade has 24, and Mrs. Rathbun has 27 in hers.

In the second grade Miss Hunt has a total of 33, while Miss Severson has 31 in the third grade. The fourth has 30 pupils under Miss

Rowbal, while Mrs. Jefferies has 32 in the fifth. Mrs. Strong completes the list with 24 in the sixth grade.

There will be one session of the kindergarten each day, and in the afternoon, as Miss King will be busy teaching music in the morning. This year the fifth and sixth grades will have gym classes, the boys and girls each having two classes per week under the direction of Mr. Moore. The girls will play soft ball and the boys baseball.

Plans for getting the milk program started again this year, as in the past years, are under way, and Miss Swain considers this as one of the most important parts of the grade school work, as well as the most interesting. The kindergarten work this year will include a reading readiness program, designed with the idea of getting the children ready to begin reading the following year.

In the first grade the two teachers are trying out different books in their grades, with the view of finding which set produces the best result and which appeals most to the pupils. In one set there are many modern colored illustrations, with a few of repeated words which the children will learn to recognize by sight. Everything at the grade school is started on the basis of reading to Miss Swain. There will be a teacher on the playground whenever children are there, but the children will be permitted to decide what games they want to play. This year the children will be allowed to bring in at 8:30 a. m. and 12:45 p. m.

Tuesday Richard Zulkoski, who had his sixth birthday Monday, celebrated by bringing lollypops for his schoolmates. Wednesday was to be Karen Nelson's birthday. Enrollment for the eighth grade was 30, and also 30 in the eighth grade.

Believe Fair Will Pay Out

That the 1948 Valley county fair paid its way financially is the belief of Ed Armstrong, secretary, although official audit of gate receipts and fair expenses has not yet been made.

Not counting the deficit from the 1947 show and the cost of permanent improvements made at the grounds he feels certain the fair paid out, but doesn't know how far receipts went toward paying these charges also.

The 2-day race card, best given here in many years, attracted large enough crowds to be profitable but the evening shows brought a loss, caused chiefly by the skinny crowd at the Monday night show. As people found out what good entertainment was being given evenings the crowds increased, says Armstrong.

Good crowds took part in the dances given on the new concrete slab and Wednesday night more than 400 tickets had been sold when the strong windstorm forced adjournment to the Bohemian hall uptown.

Secretary Armstrong says department superintendents thought exhibits were far superior to those of the previous year, especially in the agricultural building which was nearly filled.

Mrs. Clark Weckbach accompanied by Margaret Boro and Marlene Norman went to Lincoln Sunday where they attended the state fair. Mrs. Weckbach visited her mother, Mrs. Margaret Glave.

Draft Registration Budget Worries Progressing Nicely Township Library

The registration for the draft is progressing about as expected according to Doris Norman, secretary of the draft board, who has her office located in the basement of the Masonic building. As has been mentioned before, single non-veterans and non-fathers will be called first, regardless of age groups.

Two members of the old draft board, Glen Johnson of Ord and W. J. Ramsey of Arcadia, are to be a part of the new draft board, and a third member, not yet named, will complete the board. Miss Norman says that the eligibles are mostly taking the draft idea in good part, but that a few of the veterans do not like it so well, as they feel that they have had enough of that sort of thing already.

Of those born in 1922, nineteen have reported; for 1923, sixty-two; for 1924, 44; for 1925, 46; for 1926, 17; for 1927, 10; for 1928, 3; for 1929, 4; and for 1930, 4. It might be explained that the later groups have not had as much time to register. In rush times Miss Norman has been assisted by Mrs. Loren Good, Mrs. Ralph Norman and Miss Lucy Rowbal.

Mr. and Mrs. Leroy Alleman and Carol Lee were Sunday dinner guests at the Lee Miller home of Loup City. Mrs. Lee Miller accompanied the Alleman's home where she will spend the week visiting.

Tenderize the Corn
A corn kernel cutter to "tenderize" the corn on the cob before consumption has been patented. An arch-shaped handle and plate, fitted with a series of blades, reportedly does the trick. When drawn along an ear of corn it splits the kernels.

Other expenses such as fuel, lights, maintenance have also risen. New arrivals at the library in recent weeks include: Natchez and the Mississippi, by Kane; Pleasant Valley, Bromfield; American Clocks and Clock Makers, Dreppard; The Best of Clarence Day; Day; The Great Rehearsal, VanDoren; The Herdsman, Wilson; Pilgrim's Inn, Goudge; William Allen White's America, Johnson; No Trumpet Before Him, White; Gathering Storm, Churchill; How to Stop Worrying and Start Living, Carnegie.

Fall Meals Demand Quality Meats

That coolness in the air is a hit of the crisp fall weather to come. And that's the kind of weather that builds appetites — creates a demand for more substantial meals.

If you'll make meat an important part of every meal, you'll satisfy those appetites. And if you'll make that meat the top quality home cured and butchered products from the North Side Market, you'll be sure of serving the best possible.

There's no question about it — top quality meat goes farther, stretches budgets. We'd like to serve you.

Ord Livestock Market

announces its offering for the regular weekly sale

Saturday, Sept. 11

Sales starts promptly at 1:30 o'clock.

The market Saturday was not quite as strong but I thought demand was brisker. We have a big sale coming up for this week, with the offering lining up as follows:

275 HEAD OF CATTLE

85 head of whiteface calves
75 head of replacement cattle
110 head of steers, Wt. 600 to 800 lbs.
20 wet and cutter cows
Choice Durham milch cow, just fresh and an outstanding individual
3 good young bulls

HOGS

135 Head Weanling Pigs and Heavy Shoats
8 brood sows and several boars

8 HEAD OF WORK HORSES

In the miscellaneous department we will sell:
Heavy 4 wheel trailer chassis with good tires
Letz grinder
Nearly new McCormick tractor manure spreader.
1947 Dodge truck, run only 18,000 miles, 16 foot bed, 2 ton capacity. Guaranteed to be like new as carburetor governor put on at factory is still on it.

Be sure to attend this auction. All cattle listed are fresh from the ranches and are high quality stock.

Be sure to look over this week's Quiz and see the sale advertisement of A. K. and Alta Jones. Three city residences will be sold at auction on September 17.

Another advertisement lists the large amount of fine dairy cattle, and new tractor machinery owned by Wayne Stewart, who will sell out September 23.

Watch for the big advertisement on the Ben Nelson sale on October 1st. Five farms and two North Loup residences will be sold.

We have also listed the sale of Mrs. Dorothy Novikla for Wednesday, Sept. 23. There will be many auction sales this fall; if you plan to have one better consult us about a date soon.

Hard Luck Eliminates Race Driver

Clifton Denney, driving an Offenhauser special, was given the dubious title of "Hard Luck Racer" at the Valley county meet. Driving what observers believed to be one of the fastest cars on the track, Denney was eliminated from Tuesday competition with a broken axle, from the Wednesday races by a faulty rear-end mechanism. Time trial time was 27.08.

Chanticleers Push for Varsity Spots

Opening Game at Holdrege. Only Six Practices Away; Defense, Passing, Stressed.

With school now under way and a larger football squad turning out for daily workouts, Coach Dick Peterson continued to size up his Chanticleer gridmen this week in search of a starting team.

Only six more practice sessions remain before the opening game at Holdrege, the coach observed. "And we're still weak in backfield strength," he added.

Defensive play was stressed in the week's work. Practices from 4 to 5:45 p. m. since the start of school, Monday also featured many drills for passers and receivers and pass defense.

Friday evening fans will get a chance to see the team in action under the lights, when a practice game is to be played at the athletic field.

Team Scrimmages.
Last Friday, the team scrimmaged in the afternoon practice as a windup of the pre-school workouts. Players showing the most likely possibilities for varsity positions were:

Backfield—Dick Telen, Paul Stoddard, Bob Moore, Ken Collins and Allen Elaba.
Linemen—Gerald Severson and Jim Misko, center; James Adams, Richard Elaba, Dick Maloney, guards; Dan Huff, Jerry McMindes, Frank Adams, Don Beran, tackles; Harold Laussen, Dale Richardson, Dick Nelson, Dick Heuck, Charlie Munn, ends.

Doctor's orders continued to plague the squad strength. Dick Heuck, end, was ordered out of the play temporarily because of illness. Another end, Don Beran, was sidelined last week with a trick knee.

Conference Meets.
A meeting of the Three Loup Valley conference was scheduled for Wednesday (Sept. 8). Ord high faculty men were set to attend the regular meeting to complete plans for the conference year.

Those attending: Superintendent C. C. Thompson, Principal F. L. Stoddard, Coach Peterson, Asst. Coach Roland Moore, Bill Nelson, music director; Joe Cupl, science teacher; and Jesse Kovanda, agriculture and junior high coach.

While Ord High school is in the conference, the athletic teams will be ineligible for league championship awards because Burwell and Ord will not meet this year in competition. The two teams will play teams of other schools as partial conference members.

Arcadia Wallops Loup City, Wins League Crown

Miller Wins Fourth Place for Play-offs as Result of L. C. Defeats.

Arcadia won the Loup Valley league championship Sunday by soundly trouncing Loup City 11 to 0. This defeat, along with the one administered Thursday by Ord, eliminated Loup City from the play-offs and gave the fourth spot to Miller, which won from Ansley by forfeit.

Mason City takes second place in the league while Broken Bow clinched the third spot Sunday by running wild over Comstock, making 23 hits and 24 runs while holding Comstock scoreless. Litchfield forfeited its final game to Betwyn.

Plans for the play-offs are now in the making and will be announced next week. Final standing of league teams follows:

Arcadia	19	2	859
Mason City	15	3	833
Broken Bow	13	5	722
Miller	12	6	687
Loup City	11	7	611
Ord	9	9	500
Berwyn	6	12	333
Comstock	4	14	222
Litchfield	4	14	222
Ansley	1	17	056

Labor Day One of Best

Labor Day, 1948, will go down in history as one of the most pleasant holidays of the entire year, at least in central Nebraska. The day dawned cool, was kept cool by clouds most of the day, and a coat felt comfortable when the wind blew up from the north at night.

Nearly all Ord business places were closed for the day, and many took advantage of the opportunity to visit relatives and friends. Compared with other places, accidents on the highways were comparatively few in this area.

Ord Ends Season With Win, Loss

Ord's entry in the Loup Valley baseball league closed its season with a weird 4 to 17 loss to the top flight Mason City team, but three days previously had the pleasure of beating Loup City 4 to 0 after driving Pitcher Bill Novosad from the mound in the second inning.

Fans couldn't believe they were seeing the same team in action Sunday, after that well played Loup City game.

Behind the steady pitching of Dick Beran, who let the Loupers down with 2 hits and struck out 10, the Ord team played heads-up baseball, getting one runner in the first, 3 more in the second, and holding Loup City scoreless throughout.

Novosad was wild, giving 4 free passes in the short period he worked, but Lee Tesmer who succeeded him was a different story and the Ordites got exactly none while what he had to offer. Had Tesmer started, the game might well have been a 0-0 deadlock into extra innings. Ord got only 4 hits, all off Novosad.

In Sunday's game Mason City combined 14 hits off four Ord pitchers with 11 errors made by the hapless Ord team to win without difficulty.

Don Patrick started for Ord and gave up 2 hits and 2 runs in the 2nd inning. After he had his place in the fourth after which he retired in favor of Dick Beran, who had been playing 2nd base. Beran coasted along well until the 8th when a cluster of hits, hooked up with some weird misplays by his mates, sent him to the showers with a strike which he had in place. He faced no batters and Bill Anderson was called on in the 9th to stop the Mason onrush but 7 runs were scored before Ord could get the side out.

Lefty Krueger, Mason pitcher, allowed Ord 7 widely scattered hits, whiffed 11 and had a good day at bat, getting 3 of his team's 14 hits.

Ord Girls Settle for 13-13 Draw With Scotians

Fighting off a final Scotia rally, Ord's girls softball team failed to rouse up a last-inning scoring spurt last Friday and had to be satisfied with a 13-13 tie.

Ord took the lead in the first inning with three quick scores. Scotia caught on in the third and scored in each of the following innings. Ord's fifth inning was the largest with four runs.

Ord threatened to break the tie in the final canto when Lillian Geneski reached third after stealing from first.

With a big down and the scored tied at unlucky 13, Irene Auble, stellar hitter and pitcher, bounced a high fly to Scotia's rightfielder, Barbara Hatch who caught it for the closing putout.

Two home runs were scored by Ord players. Eleanor Copeland Ireland hit each pitched the pellet for a run around the square.

Pitching for Ord was Auble, catching was Naomi Geweke. For Scotia, Jackie Anderson pitched and Joan Meyers caught.

Score by innings: 3 3 4 5 6 7 T
Scotia 0 0 1 2 2 2 2 13
Ord 3 0 1 0 4 3 2 13

STILL WHISTLING.
My petitions were filled out with four hundred names and placed on file with the county clerk Tuesday. I could have had three times that many names, but the time was growing short. To those who wanted to sign and did not have the opportunity to do so, I express my regrets. You will have your chance in November, and I am much encouraged by the hearty reception I have received everywhere, and especially in Arcadia. My time will be taken up with news writing for some time, but I hope to be able to see many of you before the election rolls around. Until then, I'll still be whistling, when I find the time. Sincerely yours, John L. Ward.

My Own Column

By H. D. Leggett

I must try and write a few lines and tell you of our delightful vacation at Cullen lake. I am sitting on the front porch of the Leggett cottage while I write. We got here two weeks ago tonight and plan on leaving for home at 6 a. m. tomorrow. I have been too busy to write before, though I only went on the lake fishing once. Time was when I wanted to fish almost every waking hour, stopping only to eat and sleep, but now I like my easy chair on the porch where I can watch the lake, see the muskrat that swims back and forth several times every day, watch the loons, a pair of them playing out a few rods in the lake, see the small fish as they continually leap out of the water. There are still plenty of fish in Cullen lakes and always will be. The state occasionally sends the bullheads out and disposes of them, but there are still plenty of them left. And bluegills, rock bass and crappies, well people still get their limits of them in two or three hours. We took Eddie Bartos, Millie and Karen with us and they have fished nearly every day and usually with Oscar L. May and they never failed to bring in the limit for each and Little Karen usually caught as many fish as any of them. If the grown ups are

not going fishing she will take her rod and a pan of worms and sit on the dock and fish, yes, and catch them too. She caught all kinds and put them in Oscars live box and later they had to be dipped out into the lake. We ate fish every day, several times twice and if a few were left we sometimes ate them for supper, fish three times that day. We started the first day by cooking 39. Most of them were eaten up. I cleaned and cooked the fish. Ask Millie or Ed if I know how. I had to keep reducing the number cooked until the last meal of fish I cooked 19 and there were two or three too many. Of course more fish were brought in than we could use but we took them to some of the neighbors, sometimes all dressed and ready to cook. While we were here the Oscar Wallin home burned. It was on the corner just above the camp. The loss was complete but friends and neighbors came to the rescue and before we left a cement floor had been put in the garage and they were preparing to live there until a new house can be built. When we left they were busy preparing the forms for the walls of the new home, twenty neighbors had volunteered to help and no doubt the new home will be ready before winter comes. We had heard about the bear that was making himself at home around the camp and we came up expecting to be bothered by him and were almost afraid to go out after dark for fear of being pounced upon. So far as I can find out Kerry Leggett was the only one to really see him and that was one morning when he got up before daylight to go fishing, but all hands saw the big tracks in the wet sand and he was seen by farmers of the neighborhood. But when we got there they told us that Mr. Bear had departed. Just a couple of nights before we came home however Mr. Augustine was awakened in the night and looked out the window of his cottage to see a large dark object going around the wash house and the tracks indicated that the bear is still a camp visitor. No one didn't catch any large fish. No one fished for them. 2 1/2 lb. bullheads were the largest fish caught in our lake. The kids went with Mrs. Gelow a couple of mornings, getting up at 3:30 to go to Pelican to fish walleyes and they got some weighing 3 and 4 pounds. That is too early for me to turn out to go fishing, though 20 years ago I used to do it. Last evening we had one of those good old fashioned camp picnics like we used to have when the Clements, Simpsons, Gross,

Brickner and other families were there. Those present this time were the Augustines, The Mackowskys who were there from California visiting Oscar Nay, Mr. Nay and our party. We had the picnic in the Nay back yard and used the fine stone fireplace which L. B. Fenner built to roast wieners and keep the coffee hot. Nay has the former Fenner place. The Mackowskys formerly owned a cottage here. We had a delightful trip up when we came and the weather has been perfect all the time since we came. We had a couple of nice rains which came in the night. One day it got up to 92 for a couple of hours in the afternoon but most of the time it was below 80. We have been swimming in the lake nearly every day. I plan to be here next year about the middle of May till bad weather comes in September.

Something Different

This strikes me as the time of year to have a little private New Year of my own. School is beginning, summer is over, vacations have come and gone, fall house cleaning and winter club work are to begin, it is time to paint and refurbish and start over. Dig out the house and start new with it. Dig out any hard feelings I have managed to acquire and put 'em in a box, tie 'em with a ribbon and toss them as far as I can throw. Start over. Have New Year's now! I think that's a dandy idea, and you have my permission to borrow it. We in this vicinity have been fortunate this season in having so many interesting things to witness. We had fine entertainment for the Fourth of July. We had several fine entertainments at the Valley county fair and race meet. Again Sunday afternoon we enjoyed something different, this time something never seen here before. The Aqua Fun Fest. Wasn't it fun to watch the water talent? Many people would include Hi Anderson's big opening day in the list, with its excellent floor show. I would add that we have had a number of baseball games that were worth attending this season. Or we might talk about those women's softball games. Haven't gone to see one of those yet, have you?

Handsome pictures of our beauty spots and points of historical interest; information on many phases of our business life; attractive maps and drawings... reactive first class publicity. Almost sold me on living in Nebraska myself! And about time Nebraska sold herself to the public, with all the other states doing it for years past. Such publicity may mean a lot to us, with the trend to locate small businesses away from cities, the trend toward decentralization, etc.

Reunion

Mr. and Mrs. Fred Stone and daughter, Miss Luella Stone, are entertaining relatives from out of town this week, at a family reunion of the nine brothers and sisters in Mrs. Stone's family. It is many years since they have all been together.

Wednesday evening Mr. and Mrs. Harry Stephenson, R. M. Stephenson and daughter, Miss Edith, Mr. and Mrs. Stone, their son, Clayton Alan and wife, and Miss Stone, were hosts at a picnic dinner in Kendrick park honoring the out of town guests.

The group included Mr. and Mrs. Edward Burky of Milford, Neb., Mr. and Mrs. Ray Pester, Grand Island, Neb., Mr. and Mrs. Ed Hallard of Crosbyton, Tex., Mr. and Mrs. C. B. Stephenson of Yamhill, Ore., and Mr. and Mrs. Clarence Stephenson, Parkdale, Ore. Other out of town relatives were C. B. Stephenson's daughters and their families, Mr. and Mrs. W. W. Jeffers and family of Lodge Grass, Mont., and Mr. and Mrs. Jerry Osgard and son, Barry, of Wyoila, Mont.

Today the visitors are being entertained with a trip to Custer Battlefield in Montana, stopping for lunch with the Osgards at Wyoila.

Mr. and Mrs. Albert Clausen and Bonnie of Ord were Thursday evening callers at the Rasmussen home.

Mrs. J. W. Ramsey left for Lincoln Sunday to visit with Mr. and Mrs. Wm. Ramsey, Jr. and to make the acquaintance of the new granddaughter, Barbara Jean. Before returning she will attend the G. O. P. post-primary convention to be held in Omaha on Tuesday.

Mr. and Mrs. John Weddel arrived Saturday evening and in company with Mr. and Mrs. Hal Weddel left on Tuesday morning for a week's vacation in Colorado.

Miss Mae Baird of Laramie, Wyoming arrived Friday to visit her mother, Mrs. Baird, who will leave for Minneapolis to be the guests of Dr. Joe Baird and family.

Mr. and Mrs. H. S. Kinney and Mrs. Phil Bowman and daughter, went to Grand Island Sunday where Mrs. Bowman and daughter boarded a plane for their home in Chicago. They have been guests of Mrs. Bowman's parents, Mr. and Mrs. Kinney.

Christian Science Services "Substance" is the subject of the Lesson-Sermon which will be read in Christian Science Churches throughout the world on Sunday, September 12, 1948.

The Golden Text is: "We are saved by hope; but hope that is seen is not hope; for what a man seeth, why does he yet hope for? But if we hope for that we see not, then do we with patience wait for it." (Romans 8:24, 25). Other Bible citations include, "There are many devices in a man's heart; nevertheless, the counsel of the Lord, that shall stand" (Prov. 19:21).

DEMONSTRATIONS IN SWIMMING SUCCESS

To create more enthusiasm for swimming and to demonstrate the technique of swimming and water safety, a program of water events was given at the municipal swimming pool Sunday afternoon at 2. The program was under the direction of Mrs. Joyce Grove, Ord swimming instructor, and Keith Kovanda, pool manager and life guard.

First came a demonstration of fundamentals as taught to the three weeks classes. Next came the ten meter free style race for those between the ages of ten and twelve years. The third event was a comedy egg and spoon race, which furnished much amusement. Next followed the 20 meter free style race for 14 to 16 year olds.

Water Safety Stressed. Comedy diving came next followed by a night shirt race. Mrs. Grove then gave a swimming demonstration, and the next event was the 40 meter free style for 14 year olds and older. Water safety and life saving demonstrations were then given by Mrs. Grove and Mr. Kovanda, with Bobby Moore acting as the victim.

Rhythmic swimming to music was then demonstrated by Mrs. Grove. A water fight preceded the final demonstration of fancy diving. The Aqua-Fun show, as it was called, was pronounced a success by the many who witnessed it, and was a fitting close to the late summer's fun in the new city swimming pool.

AGED MEN HURT IN CAR MISHAP

George Lange and Bill Hart, both of Burwell, were seriously injured Saturday evening when the car driven by Mr. Lange hit the rail of the first bridge north of Elyria and was badly damaged. The men had been to Elyria and were returning to Burwell when the accident occurred.

They were taken to Burwell, where Dr. E. J. Smith took care of their injuries. Lange, who is 82 years of age, was the less injured of the two, but he received many bruises and cuts when he was thrown against the wheel. Hart, who is about 88 years old, was thrown into the windshield, and rendered unconscious. He had not recovered consciousness Monday, and Dr. Smith feared there is little hope of his recovery.

A later report from Dr. Smith indicated that Mr. Hart had recovered consciousness and the doctor believed he had a fifty-fifty chance to recover. Considering the age of the men, the way they escaped more serious injury is indeed a miracle.

SURE KEEP YOUR PRESENT OIL BURNER but **INSTALL THIS NEW LENNOX OILFIRE FURNACE**

it is pressure tight
it will save fuel oil
it will deliver more heat
it will last much longer

There are thousands of oil burners that are burning 50% to 100% more fuel than they should simply because they have been installed in old fashioned furnaces designed for burning coal.

The Lennox Oilfire riveted steel furnace is made exclusively for burning oil, but it has been designed so that any standard make of conversion type oil burner except rotary and pot burners, can be installed in it. The enormous area of heating surface and long, downward gas travel make this furnace just as efficient as the finest of oil burning units.

This furnace is a wonderful investment. It will save its cost in a very few years in fuel saving alone.

Cased to suit your requirements
For Gravity installation
Round Cased, for low cost forced air operation
Deluxe Altra-Flo cabinet finished and high glass baked enamel.

Earnings Are Controlled Just As Rates Are Regulated In The Telephone Business

In nearly every state, telephone rates are fixed by regulatory commissions, and a limit is put on the telephone company's earnings. Nowadays the usual return permitted is around 5 1/2 percent, or less. In most cases actual earnings run well below those figures.

Contrary to popular opinion, earnings are not guaranteed. When a regulatory commission fixes a rate schedule it merely hands a telephone company a fishing license—a right to try and earn a fair return on the money invested.

Nowadays, with costs mounting much faster than rates, telephone company earnings are diminishing. How to keep rates at a minimum, with costs up and earnings down, is the \$64 question which is keeping many a telephone manager burning the midnight oil.

We are trying to come up with the answer ourselves.

Nebraska Continental Telephone Company

The Value of the Telephone is greater than the cost.

They will stay with their grandparents while Mrs. Green has her teeth pulled and while she undergoes an operation, perhaps six weeks. Mr. Green is working for a construction company at present, but will soon begin work again for Brown's Beanery, an outfit engaged in the processing of dry beans, of which a large number are grown in the North Platte valley.

—Halsey Schuitz writes to have the address of his Quiz changed from White Post Cabins, South Omaha, to 1342 South 31 St., Omaha, Nebr.

—Will Penas of Lebanon, Ore., is evidently returning to Valley county, as he gives his new address as North Loup, Nebr., Route 2.

—O. M. Wintford has changed his address from Hay Springs to Lyman, Nebr.

—Marlene Norman and Margaret Boro accompanied Mrs. Clark Weckbach to Lincoln Sunday where they stayed to attend the state fair. They returned home Monday.

—Bob Moore came over from Oakland, Ia., Saturday to visit Mrs. Moore and their son Bobby, and to attend the water show Sunday. He returned to Oakland that evening.

—Raymond Biemond went to Lincoln Monday to resume his university studies. He was accompanied by Bill Irwin who spent the summer working on the Quiz staff and will now be employed by radio station KPOR, as a continuity writer.

—Bob Marks and Bill Anderson drove to Lincoln Tuesday, the former to resume his university studies and the latter to enter the university as a freshman student.

—George Krulm has returned to Ord after spending several weeks on the carnival circuit as a wrestler. He says the nights were getting pretty chilly for bare chested platform appearances and the carnival season was nearly at an end anyway. George plans to help his brother Ed on the ranch near Ericson until after Ed's purebred sale, after which his plans are uncertain.

J. R. Cook Dies; Early Resident

In the passing of Joseph R. Cook Thursday evening, one of Mira Valley's prominent citizens of more than 60 years was removed from the scene of his labors. Mr. Cook died at the age of 74 years, 2 months and 12 days, following an illness of five months.

Mr. Cook, oldest son of Mr. and Mrs. J. D. Cook, was born June 20, 1874, near Maynard, Neb. At the age of 9 years he moved with his parents to Valley county and to Mira Valley, which was his home until his marriage to Sophia Shoemaker of Greeley county, Jan. 21, 1896.

They made their home in the Fish Creek community in Greeley county until 1905, when they returned to Valley county and moved on the farm he had bought in Mira Valley, and which is still the Cook home. To them were born four daughters, Esther, Anna, Lillie and Henrietta. Esther, Henrietta and his wife, Sophia, preceded him in death. In 1922 he was united in marriage to Margaret Jockens, and to them was born one daughter, Lois Ruth. Mr. and Mrs. Cook observed their 25th wedding anniversary last year.

A deep Christian experience as a young man expressed itself in Mr. Cook's life in many acts of thoughtfulness for the welfare of neighbors and friends, in the love of home and family and a desire to surround his loved ones with the same love of God which gave strength and purpose to his life. His fervent dedication to God was matched by a genuine concern for the welfare of the church. For many years he served as class leader and always brought to bear on the church and its program the creative force of his devout prayer life.

Funeral services were held from his church, the Evangelical United Brethren church of Mira Valley Sunday morning at 10:30, Rev. Warren Studer in charge. Burial was in the Mira Valley cemetery. The Hastings-Pearson, mortuary had charge of arrangements. Pall bearers were Walter Foth, Merrill Koelling, Walter Hueber, Alfred Burson, Edwin Lenz and Donald Rikli.

Musical selections were given by a quartet composed of Mrs.

School bells are again calling the youth of America back to their classrooms. We are reminded of the magnificent job our American educators are doing in helping to mold the characters and lives of our boys and girls. They are making a priceless contribution in the building of a better state and nation.

In another field, too, education helps make Nebraska a better state. Progressive beer retailers are today more anxious than ever to operate their taverns in such a way that the public interest will be protected. They are aided in this by the day to day educational program and inspection service of the Nebraska Division, U. S. Brewers Foundation. This organization, through a complete program of Self-Regulation, also cooperates with public authorities to eliminate bad operations. This educational program is one which has so proven its worth during 10 years of operation in Nebraska that it has been adopted in a score of other states.

Dismantling University Hall Brings Memory of Hardship At UN Birth

Old and decrepit "U" Hall, the first building ever erected on the University of Nebraska campus, is being torn down this month to make way for a modern engineering building. Rather, what's left of it is being torn down. The two upper stories and bell tower were razed in 1925. Recent generations of students have known only the crumbling, flat-topped, one-story structure standing among the trees of the old campus like the base of a toppled monument in some ancient cemetery. The buildings saw its first student generation in the fall of 1871. A photo in the files of the State Historical society, taken that year, shows it as a gaunt, ugly structure incongruously rising out of the open prairie. It stood at the north end of Lincoln's Eleventh street, dominating the skyline of the raw, new capital city.

THAT STOMACH ACHE MAY BE APPENDICITIS

Appendicitis is an inflammation of the appendix, a small organ usually about the size of the little finger, which is located in the lower right part of the abdomen. In man it is apparently a useless organ, though in cud-chewing animals it plays a helpful role in digestion. The operation to remove an unruptured appendix can now be performed with great skill and safety. Yet appendicitis causes more than 16,000 deaths each year in the United States and Canada.

Building Condemned

Actually, the building was condemned as physically unfit from its very beginning. It had to undergo extensive repairs. The original foundation of soft brown sandstone was replaced with a limestone foundation. In later years, the building was held together by shoring.

Some Difficulty

In his first report to the board of regents in 1872, Chancellor Allen R. Benson stated, "Some difficulty has been experienced in making the roof impervious to rain." The difficulty was a continued experience. Buckets to catch dripping water were standard equipment of the departments using the building this summer.

Another perennial difficulty

was that of heating the building. In the early days, the classrooms and chapel were heated by stoves. This system worked fairly well for the classrooms, but it never was satisfactory for the chapel. Describing the chapel, one historian of the university said: "With its wealth of bleak walls, its stained and perilous ceiling, a more uninspiring room cannot well be imagined."

THAT STOMACH ACHE MAY BE APPENDICITIS

Appendicitis is an inflammation of the appendix, a small organ usually about the size of the little finger, which is located in the lower right part of the abdomen. In man it is apparently a useless organ, though in cud-chewing animals it plays a helpful role in digestion. The operation to remove an unruptured appendix can now be performed with great skill and safety. Yet appendicitis causes more than 16,000 deaths each year in the United States and Canada.

Building Condemned

Actually, the building was condemned as physically unfit from its very beginning. It had to undergo extensive repairs. The original foundation of soft brown sandstone was replaced with a limestone foundation. In later years, the building was held together by shoring.

Some Difficulty

In his first report to the board of regents in 1872, Chancellor Allen R. Benson stated, "Some difficulty has been experienced in making the roof impervious to rain." The difficulty was a continued experience. Buckets to catch dripping water were standard equipment of the departments using the building this summer.

Another perennial difficulty

was that of heating the building. In the early days, the classrooms and chapel were heated by stoves. This system worked fairly well for the classrooms, but it never was satisfactory for the chapel. Describing the chapel, one historian of the university said: "With its wealth of bleak walls, its stained and perilous ceiling, a more uninspiring room cannot well be imagined."

Mr. and Mrs. Otto Bartz and Mr. and Mrs. Ross Carpenter drove to Taylor Sunday where they were dinner guests in the home of Rev. and Mrs. F. H. Stevens. The Carpenters are spending the week at Taylor and with friends at Almeria and Brewster and will return here next week for Pop Corn Days.

Latest word from Lauritz Jensen, husband of Marjory Hamer, who has been using the Ord Auxiliary polo pack at the Veterans hospital, in Lincoln, is that he is slowly, but very slowly, improving. He can move his left leg, his hips, shoulders, and fingers but not his right leg as yet. Longest he has been out of the iron lung is 35 minutes, but they have been able to reduce the pressure in the lung. He was stricken with polo late in July, and has been in the veterans' hospital since. It was through the rehabilitation worker at the Veterans' hospital that the Ord polo pack was obtained for his use.

Guests this week of Mr. and Mrs. Charles Zangger are Mr. and Mrs. Gene Stenesco and small son of Chicago.

Mr. and Mrs. Amos Fowler of Lincoln were guests over the week-end of Mr. and Mrs. Chas. Clark.

Rev. and Mrs. Warren G. Studer went to Lincoln Monday taking Joan Burrows down to the State Fair to enter the 4-H contest. Joan placed first at the Valley county fair last week in a menu contest and was therefore eligible to go to Lincoln. Mrs. Studer has been leader of the Pop Corn Maids club that Joan is a member of the past year.

Leslie Wilson is the new ditch rider on the North Loup canal. Janet Markvicka, young daughter of Mr. and Mrs. Marlin Markvicka who brings home more ribbons than anyone else when she goes to the saddle horse shows, was the only girl winner of a pig in the pig catching contest at the Ord fair last week.

Chas. Barber cut his right arm quite badly Sunday, when the scythe he had been using, and had just sharpened on the grindstone, slipped and struck him on the arm. It required several stitches to close the wound and Mr. Barber lost some blood before Dr. Hemphill arrived.

Dean Redlon arrived Sunday from Denver, Colo., to attend Kearney college.

North Loup graduates attending Kearney college this year include Eilora Jane Cook, Delores Williams, Jackie Burrows, Dale Hawkes, Deane Redlon, Walter Thorgate Jr., and Charles Beebe. Mr. and Mrs. G. E. McDonald of Murdock came up Friday afternoon and with Mr. and Mrs. H. L. Gillespie went to Ericson to spend the labor day week-end.

Mills Hill went to Kearney Sunday where he was to play in the labor day golf tournament. Mrs. Dale Halverson and daughter went with him and were guests of Mrs. Marjorie Thelin Rydberg and her family.

Mr. and Mrs. Bud Hoepfner of Grand Island spent the week-end with Mr. and Mrs. Harold Hoepfner. Mrs. Harold Hoepfner went home with them Monday evening and Tuesday was to submit to a tonsillectomy in Grand Island. Mrs. Hoepfner has been suffering with arthritis for several months and it is hoped the operation may remove the cause of the trouble.

Mr. and Mrs. Mannis Mason of Lincoln were guests of Mrs. Emma Madsen from Wednesday till Friday.

Mrs. Mike Whalen has been spending the past week at Wolbach with her daughter, Mrs. Ben Studley.

Smith - Karre

Miss Shirley Dea Smith, daughter of Mrs. Edwin O. Schudel of North Loup, became the bride of Dr. Dale L. Karre, son of Lewis Karre of Denver, at the Scotia Methodist Church on Sunday, September the fifth at two o'clock in the presence of 135 relatives and friends. They exchanged their vows before Rev. Samuel Mitchell who performed the ceremony, using the double ring service.

Before the ceremony Mrs. M. G. Williams played appropriate music as the guests assembled, and Miss Florence Argold who sang "Until", and Mr. Richard Sautter who sang "Because". The groom was attended by Mr. Charles Jensen. Matron of honor was Mrs. Donald Hutcheson, Ushers were P. J. Hatch, Bernard Klein, William Yost and Willis Selk. Miss Jacqueline Anderson wore a blue taffeta gown had charge of the guest book.

The rest room and altar were beautifully decorated with baskets of pink and white gladioli.

The bride was given in marriage by her stepfather. She wore a white taffeta gown, fashioned with a round yoke and full upper sleeves of misty sheer marquisette, outlined in bead and braid embroidery. The snug bodice fastened with a row of buttons down the back and the long sleeves tapered to bridal points on the wrists. The bouffant skirt was gathered full, swirling into a graceful train. Her heart-shaped tiara held a fingertip veil of imported illusion and lace. The bridal bouquet was of red roses.

Matron of honor wore a sheer brocade gown of blue marquisette, with hoop skirt and carried a colonial bouquet of pink carnations.

The groom wore a business suit in blue pin stripe while his attendant wore a business suit of light brown. Both wore white carnations.

At the close of the service and as the bridal couple knelt at the altar, Mr. Sautter sang "The Lord's Prayer."

A reception was held at the Scotia Recreation Center where refreshments were served by Misses Joan Van Skike, Velma Felt, Evelyn Paige and Marilyn Cook, assisted by Mrs. Evan McBeth, Mrs. Walter Bundy, Mrs. Wm. Waters and Mrs. F. M. Van Skike.

A square three tiered wedding cake decorated in pink and white and topped with a miniature bride and groom served as centerpiece for the bridal table which was decorated in pink and white with lighted tapers and pink and white asters. After guests were seated, Miss Arnold sang "I Love Thee."

Mrs. Howard Anderson, Mrs. Harold Fisher and Mrs. Gladys Peterson served as centerpieces for the beautiful and useful gifts received by the young couple.

Dr. and Mrs. Karre were both graduated from Scotia schools. Mrs. Karre taught in Valley County schools for the past three years. Dr. Karre recently graduated from Division of Veterinary Medicine in Colorado A and M College at Ft. Collins, and is now associated with Drs. McGinnis and Ferguson of Ord.

Dr. and Mrs. Karre left for a short trip immediately after the reception, and on their return will make their home in Ord.

For Short Turns and Quick Stops these Ford Brakes are Tops

If we told you how fast the Ford Tractor can stop and turn, you wouldn't believe us. But when you see a demonstration, you'll agree that the Duo-Servo brakes on the Ford Tractor are the "stopping-est," "turning-est" brakes ever. Here's something else. Both brake pedals are on the right... leaves the left foot for the clutch. Stop straight, or turn, with one-foot braking. It's easy to service these brakes, too... no need to pull the axle. When can we demonstrate? We also have parts and service and Dearborn implements for all Ford Tractors.

No. Loup River Has Seen Its Best Days for Fishing, Believes Archie Bratt

Archie Bratt, both because he is a life-long Loup river fisherman and also because in his capacity as tender at Hardbrook dam he has a better opportunity than anyone to observe fishing conditions, said Tuesday that he thinks the river has seen its best days for fishing.

"We'll never see the good fishing again that we used to have," Mr. Bratt says. One reason for this is that the big dam at Columbus keeps fish from coming upstream, except in periods of flood water or when ice jams develop in the spring. Another is that through-out the summer commercial fishermen are permitted to block the mouth of the Platte, where it empties into the Missouri, with their nets and traps and thus prevent fish from coming upstream. Still another is that too many fishermen take home catfish smaller than the legal length of 12 inches.

Fishing often while he is on duty at the dam, Archie says he doesn't catch as many fish in an entire season now as he used to catch in a single day. He recalls one season, not so many years back, when in one day on hook and line he caught 11 catfish that weighed 41 pounds, for a 4 pound average.

Fishing in the North Loup has become poorer each season for the past six years, Bratt says, though it was waning long before that. He doesn't believe there is one good catfish in the Loup now where there were 100 as short a time as six years ago. He blames the Columbus dam the most for this condition.

member as "Old Bill," and who died a few years ago. It was legal to sell fish when "Old Bill" was actively fishing and Bratt says never a day passed in summer when Mr. Bratt didn't go from house to house with a basket of freshly caught fish, offering them for sale. "Fresh fish, never been let," he would say. His son, the later "Old Bill," also was a great fisherman.

In former years sturgeon were caught commonly in the North Loup river, now not more than one or two are seen in a season. One was caught on the railroad bridge below the dam last summer by a couple who thought it was a baby alligator and feared to take it off the hook. Harry Wolfe caught a 16 pound sturgeon a couple of years ago, which is the last big one caught around here.

Eels also were caught in considerable quantity in the old days, says Mr. Bratt. Eels, which are more like alligator, were not uncommon. So were bass, sunfish, crappies, buffalo and occasionally a trout. They still are, but less occasionally.

But it is the channel catfish that is the staple fish of the North Loup river and that is being most greatly missed by the anglers of Ord and the other towns who depend upon the Loup for their sport. If something could be done to restore catfishing to some of the fish its former glory, the other fish that once were plentiful here would not be missed. The catfish hung on in numbers the longest of any but now it too is disappearing.

But as long as there is a catfish, even a small one, left in the Loup, there'll be a dozen hopeful fishermen trying to catch it. Even Archie Bratt admits that he gets out his fish pole several times a week, even though he knows in advance he won't catch a fish big enough to take home.

County Officials to Meet in Ord

The Central Nebraska county officials' association will meet at the district court room in Ord, Thursday, Sept. 23, according to information furnished by County Clerk Leonard Woods. This meeting includes 20 to 25 counties in central Nebraska, extending from Holt county to the south line of Nebraska.

In former years the meetings were held in the larger cities in the southern part of the area. Under the present arrangement, Ord has been included, and the meeting for the third quarter of the year is held here. The time for the meeting was in August, but Mr. Woods had it postponed until September because of the hot weather.

Members of the organization include all the regular county officers and also the supervisors and commissioners. In fact, the present president of the group is Art Holmberg, Shelton, a Buffalo county commissioner. Fred Shafrith of Hastings, register of deeds from Adams county, is secretary-treasurer.

Speakers for the meeting will be Senator Seaton of Hastings and Roman Hruska, Omaha attorney and chairman of the Douglas county board of supervisors. It is expected that from one hundred to one hundred twenty five will be in attendance at this meeting.

Pays Fine for Careless Driving

Paul Krikac, Ord high school student, paid a fine of \$1 and costs of \$9.20 in police court Monday, pleading guilty to a charge of careless driving. Arrest was made by Chief of Police Ernest Kirby and Sheriff Bob Hall, following complaint by Victor Kerechal. City attorney Clarence Davis recommended leniency in the case upon the boy's promise that it would not happen again.

Winnifred Finley, 75, Died Saturday

Winnifred Eva Williams Finley was born May 27, 1873, at Mendota, Ill., and was at the time of her death 75 years, 3 months and 13 days of age. She was the youngest child of Hathaway and Emily Williams. She died Saturday evening at 8:30 at the Ord hospital.

When a small child she moved with her parents to Valley county. The family home was established on a farm in Springdale. She received her early education in the Springdale school, and at an early age was converted and united with the Methodist church of that community.

On August 21, 1892 she became the wife of Edward N. Finley. To this union was born four daughters: Rena, Elizabeth who passed away in 1907 at the age of 13; Mabel Florence Noll, Mildred Lena Mason and Verna Marie who passed away in 1915 at the age of one and one half years. Upon the death of Verna Marie, the family took Dorothy Jobst Maslanka, then one day old, into their home. She leaves to mourn two daughters, Mabel Noll, Mildred Mason of Ord, Dorothy Maslanka of San Gabriel, Calif., also seven grandchildren, 3 great grandchildren, one sister, Mrs. Nina Parks of Ottawa, Kas., and several nieces and nephews.

Funeral services were held Tuesday 2:00 P. M. at the Methodist church with Rev. L. V. Hassell officiating. A mixed quartet sang three favorite hymns. Pallbearers were Chas. Mason, Archie Mason, Leo Long, Geo. Nay, Cash Rathbun and Wilbur Rogers. Interment in the Ord cemetery. Funeral arrangements were in charge of the Hastings-Pearson Mortuary.

Mason, Archie Mason, Leo Long, Geo. Nay, Cash Rathbun and Wilbur Rogers. Interment in the Ord cemetery. Funeral arrangements were in charge of the Hastings-Pearson Mortuary.

Winnifred Finley, 75, Died Saturday

Winnifred Eva Williams Finley was born May 27, 1873, at Mendota, Ill., and was at the time of her death 75 years, 3 months and 13 days of age. She was the youngest child of Hathaway and Emily Williams. She died Saturday evening at 8:30 at the Ord hospital.

When a small child she moved with her parents to Valley county. The family home was established on a farm in Springdale. She received her early education in the Springdale school, and at an early age was converted and united with the Methodist church of that community.

On August 21, 1892 she became the wife of Edward N. Finley. To this union was born four daughters: Rena, Elizabeth who passed away in 1907 at the age of 13; Mabel Florence Noll, Mildred Lena Mason and Verna Marie who passed away in 1915 at the age of one and one half years. Upon the death of Verna Marie, the family took Dorothy Jobst Maslanka, then one day old, into their home. She leaves to mourn two daughters, Mabel Noll, Mildred Mason of Ord, Dorothy Maslanka of San Gabriel, Calif., also seven grandchildren, 3 great grandchildren, one sister, Mrs. Nina Parks of Ottawa, Kas., and several nieces and nephews.

Catfish leave the Loup rivers for the Missouri in the fall because the Loups freeze almost solid in the winter, except in the swiftest channel holes where fish couldn't live, and also because there is no feed for them here in the winter because the minnows also leave. Right now it is practically impossible to find minnows in the river here. Several who have tried to get bait for an Ericson bass fishing trip found that to be true, he said.

In fact, Bratt laments the 1913 season all around as the worst he has ever seen. Ordinarily, as soon as the ice goes out in the spring, fishermen start catching good strings of carp, redbreast and suckers. Last spring there was no ice jam at Columbus, no flood waters and consequently few fish got past the dam, which was reflected in poor fishing all along the upper river, even for coarse fish.

It does little good to plant fingerling catfish here, in Bratt's opinion. Half of them die and the rest go down the river with the first high water, he believes. Planting legal sized catfish would be helpful if enough of them could be planted.

Walleyed pike fishing in the North Loup river appears to be gone forever, he thinks. Only a few years ago it was possible, in October, to catch the limit of walleye or sand pike below the dam; now one is seldom caught. Water taken from the river for irrigation leaves it shallow and consequently the water gets so hot walleyes can't live in it by the time the water cools off in the fall there is no chance for such fish to pass the Columbus dam, even if they got that far.

Mr. Bratt mentions "Old Bill" Moon as the dean of Ord fishermen, meaning the father of the man whom younger Ordites re-

member as "Old Bill," and who died a few years ago. It was legal to sell fish when "Old Bill" was actively fishing and Bratt says never a day passed in summer when Mr. Bratt didn't go from house to house with a basket of freshly caught fish, offering them for sale. "Fresh fish, never been let," he would say. His son, the later "Old Bill," also was a great fisherman.

In former years sturgeon were caught commonly in the North Loup river, now not more than one or two are seen in a season. One was caught on the railroad bridge below the dam last summer by a couple who thought it was a baby alligator and feared to take it off the hook. Harry Wolfe caught a 16 pound sturgeon a couple of years ago, which is the last big one caught around here.

Eels also were caught in considerable quantity in the old days, says Mr. Bratt. Eels, which are more like alligator, were not uncommon. So were bass, sunfish, crappies, buffalo and occasionally a trout. They still are, but less occasionally.

But it is the channel catfish that is the staple fish of the North Loup river and that is being most greatly missed by the anglers of Ord and the other towns who depend upon the Loup for their sport. If something could be done to restore catfishing to some of the fish its former glory, the other fish that once were plentiful here would not be missed. The catfish hung on in numbers the longest of any but now it too is disappearing.

But as long as there is a catfish, even a small one, left in the Loup, there'll be a dozen hopeful fishermen trying to catch it. Even Archie Bratt admits that he gets out his fish pole several times a week, even though he knows in advance he won't catch a fish big enough to take home.

Three discussion groups will then be formed for round-table discussions on the Veterans Administration and Veterans hospital; Service, Employment and Rehabilitation problems; and Post programs, Activities and Publicity. At 4:15 p. m. the convention committee will give their reports followed by an election of District Officers. The convention session will then close with the retirement of the colors. Evening entertainment as arranged by the St. Paul Post will mark the end of the Legion and Auxiliary convention.

Kovarik Sons Ill With Polio

Mr. and Mrs. Stanley Kovarik, who live north of Ord, were called to Omaha late last Wednesday evening because of the critical condition of their son Stanley, Jr. Stanley graduated from Ord high this year and is in the polo ward at the Douglas Co. hospital in Omaha. They had placed him in an iron lung Wednesday but was removed and much better by the time his parents reached him. Another son Robert, is in the Children's Memorial hospital with the same disease. The Kovarik's reported him doing fine.

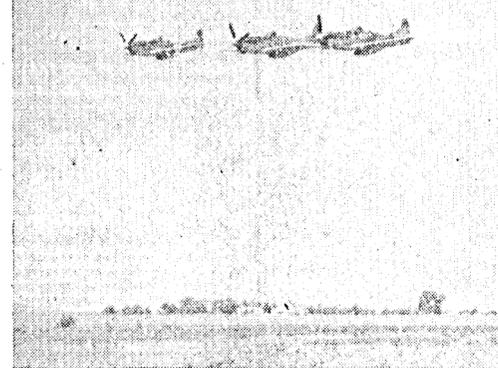

Albert Wolf, sr., and Arvin Dvina drove the Kovarik's to Omaha Wednesday in the Wencil Bruha car and returned to Ord last Thursday. Mr. and Mrs. Kovarik returned home Monday afternoon.

Three P-51 Mustangs flown by members of the Nebraska National Guard thrilled the crowd attending the airport dedication here Sunday with a demonstration of formation flying and aerobatics.

Airport Dedication Draws Crowd of 4,000 Here Sunday

Three Speakers Eulogize Record of Evelyn Sharp; See Planes in Maneuvers.

A crowd estimated at 3700 to 4000 persons, who came in over 1200 cars and 41 airplanes, jammed the parking lots and runways of the Ord Municipal Airport as well as a mile of highway on both sides of the road, for dedication ceremonies Sunday afternoon.

Those present stood with bared heads in a hot September sun as Brigadier General Guy N. Henninger of the Nebraska National Guard officially dedicated the field in honor of Evelyn Sharp, Ord's girl pilot-heroine.

While planes, zoomed overhead, the general unveiled the monument erected to her memory, a large laminated wood biplane, bearing the propeller of a Lockheed P-38 plane, the fast pursuit plane in which she made her flight in April 1941.

Thrilled by Jets.

Before the ceremony, those present saw a thrilling flying demonstration by members of the Nebraska National Guard flying P-51 jet planes, P-51 Mustangs pursuits and B-26 Martin Bombers.

Speakers, headed by United States Senator Kenneth F. Wherry spoke of the glorious record of the girl flyer, and emphasized the importance of aviation to the future of the country. C. Edgar Leafdale of Pottawatomie, president of the Flying Farmers of Nebraska, told how aviation affects small towns.

James D. Ramsey, state director of the department of aeronautics, who had served on the same field with Evelyn Sharp during her World War ferry pilot experiences, told of her flying career.

On the speakers platform during the dedication ceremonies were Evelyn's parents, Mr. and Mrs. John Sharp of California. Bruce Covey, president of the Ord Chamber of Commerce, acted as master of ceremonies during the program, while Dr. P. L. Blessing, mayor of Ord, formally welcomed those present. A blessing for the field was invoked by Father Tom Siudowski.

Senator Kenneth Wherry, in summing up the importance of aviation, transportation and electrification of rural communities eulogized the resistance to communistic infiltration in these communities.

"It is out here that you will find the real core of America," he said. "And out here that people live the American way without fear of the communistic intruders."

"Let's keep it that way," he urged. "Let's resist every effort they make to enter in our government, our organizations, our businesses and our farms."

The senator stated that war clouds were still dark over Europe, but that congress had great faith in the ability of General Clay, American commander in chief in Berlin, to provide for every emergency. "War is no more likely now than it was six months ago," he said, but it could also, through some incident, fabricated or otherwise, break out at any minute.

"We have tried to provide for this by rebuilding our once decimated national defense."

Nebraska One of Three.

Nebraska is one of three national guard units in the United States to have jet planes in its air division. General Henninger told the audience. "The others are in Maine and California, and rank with the Cornhuskers in being the top ranking outfits in the United States," he explained.

The general outlined the importance of airfields like Ord's to the defense and training set-up of the guard, and then spoke at length on the sacrifice Evelyn Sharp had made for her country

Czech State Convention in Ord, Sat., Sun.

Two Hundred Delegates Present From 64 State Lodges.

Sunday was one of the biggest days in Ord history, what with the state convention of the ZCZB being held here Saturday and Sunday and the dedication of Evelyn Sharp field on Sunday. There was no conflict between the two celebrations, as the delegates to the Czech convention attended the airport program in a body Sunday before taking up their convention work in the hall.

According to information furnished by J. L. Benda, state president for the past year, this was the eleventh annual convention held by the organization, and the first held in this part of the state. The first convention was held in 1926, and one has been held every year since then with the exception of two war years, when war restrictions made it difficult to hold meetings of any kind.

Benda Presided.

Mr. Benda was president of the district in which Ord is located, so when Ord was chosen as the site for the 1948 convention, he was made president. In this capacity he presided at the business sessions here and gained favorable comment from all who attended for the dignity he displayed in that office.

The Ord lodge was one of three which united their energies to make the affair a success. The names of these are: Lodge Denice of Ord; Lodge Slavin of National Hall; and Lodge Jungman of Jungman hall. Officers of the Ord lodge are: Anton Adamek, president; Joe Urbanovski, vice-president; Anna Rohla, secretary; and J. T. Knezacek treasurer. President of Jungman is James Rejda, and of Slavin, Ladislav Kvetinsky.

Many Notables Present.

Present and participating in the sessions were: John Rampotel, supreme president, M. L. Hronka, supreme secretary, and A. F. Schultz, all of Cedar Rapids, Ia.; Roman Hruska, supreme vice-president and Otokar Charvat, editor of the Fraternal Herald, both from Omaha. Present also was a distinguished guest, F. J. Breska of Will River, Minn., and Victoria Soucek of Omaha, who participated in the program Sunday.

Prater of the Power Plank was also here from Omaha. Mr. Charvat took his place at the chairman's table at the afternoon session Saturday, which was devoted largely to reports from the various departments of the organization. Most of these were given in the Czech language, but reports of the secretary and treasurer were given in English. In this it was explained in detail the amounts of money collected as payments on insurance and how the fund is invested.

400 Attend Dance.

That evening a large crowd, made up principally of the younger people, met at the hall for the convention ball, and enjoyed dancing to music furnished by the Power Plank. It was estimated that more than four hundred were present at this dance. The afternoon session comprised delegates only, of which about 150 were present.

Following attendance at Evelyn Sharp field ceremonies, the delegates and visitors returned to the hall where the first part of the afternoon program was devoted to the memory of the late Edward Benes, president of Czechoslovakia and an honorary member of the Ord lodge. This program was conducted in English by Roman Hruska, Omaha attorney, and in Czech by Mr. Charvat.

"Going Home" song was sung by a local member, Dorothy Moritz. After the memorial the program continued with a dance put on by the children of Lodge Jungman, and by vocal numbers by the Hrebec sisters, members of Lodge Slavin, and by Victoria Soucek of Omaha. The program concluded by the reading of a poem written by Lydia Knotik from the lodge at Ravenna.

The evening program was taken up by a play put on by members of Lodge Jungman, which was very well acted out, and enthusiastically received by what was perhaps the largest attendance at ZCZB hall in years. Next year's convention will be held either at Verdigris or Niobrara, and the new state president will be chosen from one of those two towns. The membership expressed hearty appreciation of the help given them by the people of Ord.

During the two-day convention the ladies of the three Valley county lodges served meals in the basement of the Masonic hall. There were two regular meals each day, and Sunday breakfast for all who came. It is estimated that at least 500 people were served. This was made necessary because local cafes would have been unable to take care of the added crowds, especially with the airport dedication on Sunday.

WAYNE STEWART SALE

The Wayne Stewart clean-up sale, which will be held Thursday, Sept. 23, is advertised on another page today. He has a big offering and it will be one of the big sales of the fall season.

Dairy Breeders Held Meet Here

A meeting of the dairy breeders association for this area was held Wednesday, Sept. 8, at the Masonic hall in Ord. About forty were present. This was the regular annual meeting and election of directors was held with all the past year's directors reelected. They are: Wilmer Nelson and Glenn Watts of Ord, Harold Thomas of North Loup, Sidney Allison of Scotia and Delivan Kingston of Arcadia.

The board will hold a meeting in the near future to select a chairman and secretary for the coming year. Chairman the past year was Wilmer Nelson, and Emil Babka was secretary-treasurer. Most of the problems of the past year are being straightened out, and the board is looking forward to a most successful year ahead.

Secy. Babka reports that there are now 86 members in the association and that 299 cows were bred artificially during the year. Established organizations, according to Mr. Babka, usually comprise an area of 20 miles radius or less, but it was necessary in organizing here to go farther in order to get enough cows to make the venture pay out.

Welnjak Fined in County Court

Charged With Reckless Driving Monday Evening.

Charged with reckless driving in county court Monday afternoon, Theodore (Ted) Welnjak entered a plea of guilty as charged and was assessed a fine of \$25 and costs of \$5 by Judge Joseph Ramaekers, which he paid and was released. With Leonard Vavra as a passenger, Welnjak was enroute to the Eldon Marsh home to attend a party when the mishap occurred.

He passed two cars on the road near the Marsh home and was too near the third, a Hoesek car, when it slowed down to turn into the Marsh place. Although he managed to avoid hitting the Hoesek car enough to damage it seriously, he lost control of his own car

In The Family

By ONA FREEMAN LATHROP

THE long black limousine with a uniformed chauffeur at the wheel came gliding slowly down the bumpy brick street and rolled to a stop in front of the little white house. No one got out.

From her bedroom Ann Marie heard the soft purr of the motor and peeked out through the living room. Yes, it was Aunt Sarah, with Jennings in front beside the chauffeur. She'd been dreading this moment. She glanced hastily around. Let them come. Everything was orderly. Tommy was playing in the back yard. Their own little car was in the drive. They would know she was home. Then why didn't they come in?

Finally the car moved away silently, luxuriously like a sleek cat that had stalked its prey. Ann Marie heaved a sigh of relief, yet she was angry too. The very nerve! She went about getting dinner in a cold, white fury. So that was her method!

At dinner she told Tom, "Your Aunt Sarah was here today."

"Well, fine! I knew she'd unbend sooner or later and call," he chuckled.

"Oh, she didn't come in. She just drew up her chariot in front and stared aghast at our humble abode. Probably seeing how the 'other half' lives."

"Evidently she still can't stand the idea that you married beneath you. Some day I'll show that grand dame on her pinnacle just how far beneath you you really did marry, if I lose my temper sufficiently," she vowed.

"What'll you do, Mommy?" Tommy wanted to know, his eyes as big as saucers, his mouth stuffed full.

"What's marryin' beneath you?" he demanded. They laughed.

"Oh, Daddy was upstairs and I was in the basement," Ann Marie told him jokingly.

But the thought rankled the next day as Ann Marie went about her work. Had Tom stepped down to her level, or had she come up to his, or was there any difference at all?

And then that afternoon the big limousine drew up to the curb again. This was too much! She would not go out and beg her to come in. Let them sit and stare. Only this time Tommy was playing in the front yard.

"Are you Tommy Parkhurst, little boy?" Aunt Sarah called.

Tommy went right on tinkering with his tricycle. "Sure. Are you Aunt Sarah Parkhurst?"

"Why, yes. How did you know?" Her dignified expression almost cracked into the semblance of a smile under her black bonnet.

"Oh, I've heard my folks talk about you and your big car."

"Well! And what did they say?"

"Oh, nuthin', only Mommy said

Thunder Shower

By NORMA MOSHER

JOAN ROBERTS called me the other day. Rather surprisingly, for I hadn't seen her in years, and after the usual exchanges, "How are you? It's too bad we don't see one another more often," she got down to the point.

"Did you know your cousin Ethel was being married next month?"

"I was aware of the fact," I replied, rather grimly. "I've already been to three of her showers."

"Well, since I'm to be a bridesmaid I simply have to have one, too. I've decided on next Tuesday, and I thought you might like to come."

This was a "miscellaneous" shower, which, as everybody knows, means that you can bring anything from the bookends Aunt Lottie sent you for Christmas to the pillow slips you picked up during the January sales for \$1.98.

Our household, unfortunately, never seems to yield any hidden treasures at the right moment, so I bought a rose bowl at the little gift shop up at the corner.

I didn't get it wrapped until the last minute, as usual, and, as usual, I found that there wasn't a bit of fresh ribbon in the house.

But I still had the pearls to wrap up. Much as I disliked the idea, I had to pass them along to the next bride in the family—although Ethel didn't seem like family to me, because until recently we hadn't seen her in ages. I didn't even know whether she remembered the pearls, but the shower would provide a good opportunity to give them to her. So I did them up the best I could, not forgetting the little card that always went with them.

You know the old routine by now. When the scout posted at the door to watch for the guest of honor called "Here she comes!" the lights were turned out, and there was comparative silence broken only by a few giggles from the teen-agers. Then, as Ethel stood in the doorway, everyone yelled "Surprise!" on went the lights, and she put on a fairly convincing display of amazement.

We all sat around in the usual circle, with Ethel opening the gifts and Joan reading the accompanying cards. Then they were passed on to be duly admired and exclaimed over, and returned via the circle to Ethel. The donor of the seventh gift, by tradition to be the next bride, turned out to be a stoutheaded matron who lived down the street and had three strapping half-grown boys.

IT WAS getting late, and we were hopefully sniffing the fragrance of the coffee brewing in the kitchen when Ethel reached way down for the last package. The white paper and red cord looked rather plain after all the other pretty wrappings and I was sorry that I hadn't taken time to dress it up a little. "This must be something extra," Ethel said, giving away the fact that all present and all presents had been accounted for in her busy little mind.

She gave an embarrassed laugh when she saw the shabby box, anticipating another joke. But when

World's Largest Bank

The Bank of America, started by A. P. Giannini in a building which formerly housed a saloon in San Francisco's Italian district, is today the world's largest banking institution. It has passed by almost a billion dollars its nearest rival. Second is the National City bank, New York; Chase National, third, and Guaranty Trust, fourth. The Bank of America has 500 branches in the state of California and affiliated banks in states adjoining California. The bank employs 13,756 persons, an increase of more than a thousand since the end of the war.

Fatal Night Accidents

The chances that a traffic accident will be fatal are 40 per cent greater after dark than in daylight, according to analysis of 261,304 accidents completed by the Cleveland street and traffic safety lighting bureau's office. The study, which emphasizes the need of adequate light for traffic safety, covers all accidents, both urban and rural, occurring in 14 states during a 12-month period. The number of fatal accidents after dark averages 40.1 per cent greater than daylight despite 21 per cent average fewer total accidents.

"I'd love to come in," Aunt Sarah said.

you never liked it 'cause she was in the basement and Daddy upstairs when they got married and the preacher had to yell. Could you hear him clear out to your house?"

"No, I couldn't," Aunt Sarah answered, a puzzled expression on her face.

"Maybe you were up on your pinnacle that Mommy says you sit on," he went on nonchalantly. "Do you like it up there on your pinnacle? Ain't it lonesome up there all alone?"

Aunt Sarah was wiping off either a tear or a smile, but she called. "Come here, Tommy. You are very much like your Daddy used to be, did you know that? And I loved your Daddy very much."

Aunt Sarah got out of the car and took Tommy in her arms. Then she turned to Ann. "My dear, you don't know how I've longed to come in, but I supposed you wouldn't care to have me. I've had James drive out at night after midnight, but I couldn't get up the courage to stop. If you only knew how lonely I've been for Tom. You see, I used to live in a little white house very much like this before I married Tom's uncle. I wasn't always a Parkhurst, you know. And I know exactly how you feel about being in the family. I'd love to come in."

she opened it, there was only the string of small, well-worn pearls. Not real ones, of course, but well matched and graded. As Joan read the card, a burst of incredulous laughter rose throughout the room.

"A pearl for every year of happiness when you wear these on your wedding day." Why, it isn't even signed."

Ethel's voice was shrill over the buzz of comments in the room. "This must be a joke. As if I would wear those—those pearls with my wedding gown. I think the person who did this should own up. And I have a pretty good idea," turning and looking pointedly at me, "who it is."

I stood up. "Why of course, Ethel, I'll own up," I said quickly. "And I did hope that you might wear them at your wedding. But I can see that it was a mistake on my part, and I'm truly sorry for what I did. But there's one consolation," I couldn't help adding when I saw the look of triumph in her eye. "You'll not get a duplicate of these at another shower. You see, they belonged to our grandmother."

Section Politics in Early Nebraska Democratic-Republican Clash in 1860

by James C. Olson, Supt. State Historical Society

In this political year of 1948, it is interesting to look back to the organization of political parties in Nebraska.

For about five years after the creation of Nebraska territory, there were no formal political party contests. Inasmuch as the Democratic party was in power nationally...

and those south of it. This rivalry was a basic factor in territorial politics.

In August of 1859, though, both Democrats and Republicans held nominating conventions. The Democrats met at Plattsmouth on the 18th and the Republicans at Bellevue on the 24th.

The election of 1860 marks the first real contest in Nebraska between Democrats and Republicans as such.

The election of 1860 marks the first real contest in Nebraska between Democrats and Republicans as such. There was a great deal of confusion in Democratic ranks because there were two Democratic candidates.

Senator Stephen A. Douglas of Illinois, who might be referred to as the Hugh of Nebraska territory, was the regular Democratic candidate.

In the territory of Nebraska the principal contest was between J. Sterling Morton and Samuel G. Daily for the position of delegate to Congress.

Both sides charged fraud. Both probably were right. Daily finally was seated although Morton probably had a plurality of the legally cast and legally counted ballots.

An interesting feature of early territorial politics was the role played by the newspapers. Almost every newspaper in the territory was a pronounced partisan organ.

Indeed, it frequently was difficult to tell if stories in the early papers were reporting the same political meeting.

Hill Shelter Belt At Arcadia Among the Best

Ray Hill, formerly of Arcadia but now cashier of North Loup Valley bank of North Loup, has the honor of owning one of the finest shelter belts to be seen anywhere in Nebraska.

The following year, 1938, the second belt, containing eight acres, was planted to the north and northwest of the farm buildings.

In this the north row is composed of chokecherries and plums and both were loaded with fruit this year.

Some of the present cedars were planted later where other trees failed to make the grade.

In addition to the timber in the shelter belts, there is about twenty acres along Cottonwood creek, which runs through the farm from north to south, and along the Middle Loup on the west.

One of the difficulties Roy Hill finds in farming a place with so much timber on it is the tendency of little trees to start up just anywhere, in the corn fields in particular.

It makes quite a little extra work to keep this new growth down.

Two Ord Men Play On Kearney Team

Two Ord men are upholding local honor on the gridiron for Kearney State Teachers college this football season. One of them, Kenneth Shibata, a guard, is one of the two returning lettermen this year, and is looked on as one of the mainstays of the team. The other, Lyle Novosad, a first year man, is an unknown quantity until he gets his first baptism of fire. However, those who have seen him in action have no doubt he will make good.

Other men from this area who are on the Kearney roster include Bob Foster, Burwell, line; Dale Harding, Arcadia, tackle; Loren Augustine back and Ivan Kaminski line, Loup City; and Duane Coy, back, and Jack Doty, back, Broken Bow.

Ord Bested by Greeley Sunday

The Ord baseball team engaged in a nip and tuck battle with the Irish at Greeley, with Ord leading until the last half of the eighth, when two Greeleyites came in to make the final score 3 to 2. It was a tough loss for the Ord pitcher, Dick Beran, who pitched a fine game and struck out 9 while Matya was whiffing 7 Ordin.

Each team collected 5 hits, and Ord committed two errors to Greeley's one. The batteries: for Greeley, Matya and Costello; for Ord, Beran and Stowell. Greeley plays a return engagement at the Ord athletic field Sunday, and the locals are planning to win this one.

Chanticleers to Meet Fast, Clever Teams

Dick Peterson's Grid Boys Will Have Hands Full in 1948.

Ord football fans have been taking encouragement from the fact that quite a number of letter men, sixteen in fact, are back to bear the brunt of attack and offense for the Chanticleers this year. Further, Coach Dick Peterson has a total of 36 men out for football, which should make him feel like doing a little celebrating. Nobody is under-selling the Ord athletes, but rather, issuing a warning against over confidence with the statement that the Ord players are in for plenty of hard fast football if they wish to land on top of the heap next Thanksgiving Day. Every school is out to win and Ord has the heaviest schedule this year in the school's history.

In this connection, what some of the newspapers are saying about their home teams might be of interest here. Not all this material is available right now, but here-with is appended some of the high spots about some of the best Class B teams in the state, some of the teams Ord must meet and defeat, or else.

At Broken Bow a senior high football squad of 40 men is working out under the direction of Head Coach Mark Russell and his assistant, Virgil Korte. A ray of light for Ord is the fact that only 11 letter men are back. They open against another Ord foe, Lexington, on the Broken Bow field.

Coach Harold Madejewski's Red Raiders of Loup City do not look so formidable this year, but you never can tell. While the story in the Sherman County Times does not say so, it appears that the Raiders will have 14 letter men back this year, possibly more, and about thirty in all in the squad. Ord has learned in the past never to sell the Red Raiders short.

Coach Bill Trupp of the Lexington Minute Men planned to hold his first practice under the lights Tuesday night of this week. While it is not so stated, it is understood that the team has been holding practice in daylight. There are 56 out for practice, but Trupp states that he can't see too much for at least another year. In the squad are nine seniors.

Coach Verle Stucker is promising a heavier team this year for the Ravenna Bluejays. Ord's competitor here for Oct. 29. More than forty boys have checked out football equipment and more are expected. Stucker predicts the line should average about 165 pounds and the back field about 160. In the lineup are Bob and Ed Furtak, sons of Leonard Furtak, who formerly lived in Ord, also Don and Dick O'Neill. Dick played with Ord last year and his brother played with Ravenna.

At the first checkout of suits at Albion, late in August, 32 men reported. Ten of the thirty-two were returning lettermen. Coach Best believes he has a better than average team, and is hoping to make a good showing this year. Ord plays them there on Oct. 8.

Coach Roy Pierce of Curtis has three returned regulars on his squad this year. They are Lewy Gilliland, quarterback; Don Cole, halfback and Earl Hanson, fullback. Other letter men are Les Gadoway, guard, Raymond Kicken and Clayton Rosen, tackles and Kenneth Nelson and Wesley Berry, ends. Listed among the lads who show promise is Don Haight, formerly of Ord. Curtis has a heavy schedule, including, besides Ord, McCook, Cozad, Alliance, Holdrege, Columbus, Goshen, Lexington and North Platte, in that order.

Not too much information is available from Holdrege. Jess L. Keifer is head coach and W. E. Morris is his assistant. There are 39 players on their eligibility list, including two men who played last year against Ord, David Anderson, an end, and Bobby Aten, a guard. Five others were on the first 22 list last year. They are: Elwyn Leaf, a guard Roger Sutton, a back, Donnie Sutton, a back, Wayne Dahlgren, a tackle and Charles Beattie, an end. There were twelve seniors on the Holdrege football squad last year, so the loss of players must have been severe.

Imperial, the town Ord meets Oct. 1, is pretty much of an unknown quality in this area, but the town has a hard schedule, and their team usually comes through with a fair share of wins. F. W. Bell is the new coach there, and he has eleven letter men returned this year. Four of these are backs and the rest are linemen, so it would be possible to put a letterman team in the field. Besides Ord, Imperial plays Lincoln, Cozad, Oshkosh, Trenton, Benkelman, St. Francis, Kan., Chappell, Culbertson, Waumeta and Grant.

ORD GIRLS LOSE 7-6

The Ord girls' softball team met the Scotia girls on the Ord diamond, Monday, September 13, at 6 p. m., only to be defeated with a score of 7 to 6. Irene Auble did the pitching for Ord with Naomi Geweke receiving.

Scotia Opens at Greeley

Twelve lettermen from last year's squad have reported back to Coach Earl J. Graff in his second year as football coach of the Scotia Tigers.

Lettermen are Robert Rasmussen, Roy Cummings, Charles Kassen, Harold Reck, Gerald Reck, Bob Layher all linemen and Bill Hughes, Gene Keown, Claris Lybarger, Darwin Johnson, Wayne Springer and Jack Bussell, all backs.

The Tigers will open their season at Greeley Friday night, but will not play at home until the following Friday when they will meet Fullerton. Scotia's 1948 football schedule:

Sept. 17—at Greeley; Sept. 24—Fullerton; Oct. 1—Comstock; Oct. 8—at St. Paul; Oct. 15—Loup City; Oct. 22—at Stromsburg; Oct. 27—at Arcadia; Nov. 5—Sargent; Nov. 12—at Taylor.

Pitcher Wins Batting Crown

Bill Beasley of Arcadia pitched and batted his club to the 1948 Loup Valley League championship. In addition to winning fifteen games in seventeen starts on the mound, Beasley compiled a .412 batting average to pace the loop in that department for the season.

Chub Harnagel, Miller manager and infielder, took runnerup honors with a .410 mark, followed by Orval Cox, the Mason bantam, who ran up a .377 average.

FIRE AT SCOTIA.

Fire was discovered shortly after ten p. m. Saturday in the coal sheds on the Union Pacific track in Scotia. As the fire was difficult one to handle, a call for help was made and it was understood that the new truck arrived on the job in six minutes. The fire, caused by spontaneous combustion, completely destroyed the sheds and a large quantity of coal. An unpleasant feature was the fact that the fire truck to Scotia, and many others followed later.

CITIZENS BUY BONDS.

Residents of Valley county purchased a total \$19,656.25 of U. S. Savings bonds in the month of August, according to information released by the county chairman, C. J. Mortensen. Of the total amount purchased in the state, 73% were Series "E" bonds, indicating that most of the bonds were being purchased by the small investor. Further figures show that redemption of bonds was only one third of purchases during the month.

Arcadia - Mason Won First Round Playoff Games

Ragged Fielding Was Important Factor in Sunday Games.

(from Custer Co. Chief)

The 1948 Loup Valley League playoff series got underway at Ansley Sunday with afternoon and night session. Mason City tripped Miller 2 to 1 in the afternoon struggle while Arcadia belted Broken Bow 7 to 4 in the days finale under the lights.

In the afternoon game Mason took advantage of poor fielding judgment on the part of the Miller garden patrolmen to nip Miller. The Masonites came from behind in the sixth to knot the scoring away for another run in the seventh on three base error by the Miller rightfielder and a timely single.

Walt Ibsen of Miller and Dale Krueger of Mason City both pitched brilliant ball under a hot afternoon sun. Ibsen gave up just five hits, fanned 13 and walked none while Miller was gathering many ratings except in the second inning when a triple by Sutherland and a timely single off the third baseman's glove by Ibsen produced the only Miller counter.

The night game was for the most part, a replica of the afternoon contest as far as the difference in scoring was concerned. Broken Bow fielding in the early innings was very poor and it enabled the Huskies to build up a lead that could not be overcome.

Arcadia started things off in the first inning, scoring twice before the fire could be extinguished. The Huskies added another run, in the second, two more in the third and single runs in the fourth and fifth to take a commanding 7 to 0 advantage at the half-way mark.

The Indians finally found the range of Beasley, the Arcadia pitching mainstay, in the fifth inning to count twice. Broken Bow kept kicking away for another run in the sixth and one in the seventh, but this is as far as it went.

Paul Dean, Broken Bow's heavy-duty chucker, deserved a better performance than he was credited with. Dean gave up eleven hits all told, but it was erratic support by his teammates that made the big difference. Dean fanned only four and walked none, while Beasley was whiffing 13 and walking two.

Beasley aided his own cause by connecting for three hits in five trips to the plate, while teammates Brown and Bert Gregory were collecting. Dean fanned only four and walked none, while Beasley was whiffing 13 and walking two.

Bob Kleeb was the only Broken Bow player to hit Beasley successfully. The Indian outfielder rapped out a pair of singles in four trips to lead the futile losing attack.

The playoff games continue next Sunday with another afternoon-night twin bill. Losers Miller and Broken Bow tangle in the afternoon attraction at 2:30 with Arcadia and Mason rounding out the activities at 8:15 under the lamps. One team will be eliminated from further playoff competition in the afternoon session.

Hybrid Corn

We can give you a very nice discount on your hybrid corn if you buy Cornhusker and pay cash for it when you place your order. Prices are reduced this year and you will receive the benefit if they are further reduced this selling season if order is placed now. Also our prices on Standard corn is reduced this year. If you have a good field of either Standard or Cornhusker, enter them in the yield contest for our section, and plan now for a special field to be planted of one of these hybrids for entry in the 1949 corn yield test. Ask us about the Special Prizes for the winners.

Alfalfa and Sweet Clover Seed

We are in the market for and all of the Sweet Clover and Alfalfa Seed that you have. The price on these seeds is very good this year and we would like very much to buy your seed at this time so that we can get them properly cleaned, tested and stored away for next spring's trade. If you need Brome and Crested Wheat seed this coming spring we believe that it would pay you to get it this fall as prices have been advancing on these seeds. This is a very good time to sow any of these grass seeds.

Protein Feeds

Protein Feeds have started to advance and it looks as if the lowest price on proteins has been reached. Cotton Cake, Soy Bean and Lincoy are the lowest they have been for several years and it looks as if this would be a good time to buy your next winter's protein feeds. It can be delivered in October or November if desired.

TO OBSERVE FOUNDING.
A celebration honoring the founding of Fort Kearny on the occasion of its one hundredth anniversary will be held Wednesday, Sept. 22, at site 13 miles northwest of Minden. The entire program, which is free, starts at ten a. m. with a band concert. Governor Val Peterson will give the address of welcome at 10:30. Among other speakers of the day will be Congressman Carl T. Curtis of Minden, Dr. Howard Driggs of New York City, James E. Lawrence, Lincoln, Dr. Lyle C. Mantor, Kearney State Teachers college. Dr. Driggs will be introduced by James C. Olson, Supt. of the Nebraska State Historical society. Stamp collectors will be interested in knowing that the Fort Kearny memorial stamp will go on sale at the Minden post office that same day, Sept. 22.

Prosperity Seekers.
The Project Club met with Mrs. Cecil Lurt Wednesday, September 8, with eight members present. Guests were Mrs. Ervin Ball of Washington and Mrs. Roy Allman's mother, Mrs. Miller of Loup City.
The lesson was on the invisible patch and a review. They also decided what lessons they wanted for the coming year. Officers for the coming year were elected.
The door prize was won by Mrs. Thurman Bridges.
The next meeting will be held October 13 with Mrs. Noel Hogue. The lesson will be on color. Later a lunch was served. Reporters: Mrs. James Rasplicka.

Honor Cordons.
About sixty friends of Rev. and Mrs. R. T. Cordry honored them at a picnic at the Ord park Friday evening. The group presented them with a going away gift which was a colonial George Washington bedspread. Mr. and Mrs. Cordry will be leaving September 16 for their new home in Oregon, Mo.

Study Club Meets.
The Mother Cabrini Study club met last Wednesday at the home of Mrs. Frank Kapustka with Mrs. Kapustka also serving as hostess. Roll call was taken and answered with famous Catholics in American history with fifteen members present.
The president Mrs. Syl. Furtak reported that four new Catholic books had been purchased and donated to the public library. A discussion was held about holding a guest night and inviting new members to join the club. It was decided to have their guest night in connection with their December meeting.
After the discussion the meeting was turned over to Mrs. Floyd Peterson who had charge of the lesson. A report was given on the discussion of St. Agnes' days in Sept. dedicated to Our Blessed Mother.
Later a lunch was served by the hostess.

Wife - Manchester.
Marjorie Pfeifer, daughter of Mr. and Mrs. Fred Pfeifer of Spalding, and Dale Manchester, son of Esther Manchester of Ord, were united in marriage at a single ring ceremony at the Elyria Catholic rectory Saturday, Sept. 11, at 3 o'clock with Father Leonard officiating.
The bride wore a light blue taffeta street length dress and carried a bouquet of pink roses. She chose for her attendant her sister, Veronica Pfeifer of Spalding.
The groom's attendant was John Fiskonski.
Guests attending the wedding were Mr. and Mrs. Fred Pfeifer and family of Spalding, Mrs. Esther Manchester and family and Clyde Scott of Ord.
—Mr. and Mrs. Gerald Warford were Sunday dinner guests in the home of Mr. and Mrs. V. A. Andersen.
—Elmer Dalby left for his home in Omaha last Thursday after attending the funeral of his mother, Mrs. Elizabeth Dalby, which was held last Monday in Arcadia.

AROUND THE STATE
By George S. Round,
Extension Editor, Uni. of Nebr.

The county and state fair season is about over in Nebraska—and once again the prize exhibits of pumpkins, baby beaves, chickens and jellies have been judged. Thousands of people have admired the blocky 4-H baby beaves, the eggs, the canned fruits and vegetables—and had a good visit with neighbors and friends.

Most county fairs over the state were highly successful this year. So was the Nebraska State Fair—at least from the agricultural exhibit standpoint. That's all we saw as we spent a week in the 4-H club building again admiring the work done by boys and girls. Familiar names were again in the news—Krieger, Bakkenius, Yuetter, Munn, Wolph, Watson, Eberspacher and so on down the line. Some were representing the second generation of 4-H clubs.

Fairs, it always seemed to me, provide an opportunity for a social get-together. Time to say hello to friends you haven't seen for some time. Time to visit about families and crops and livestock. Fairs always, too, bring back fond memories of our own Valley county fair and the days of baseball games

Clare Clement of Ord, up in the heart of the great North Loup Valley, and other Hereford breeders are looking forward to a national Hereford show at Grand Island soon. Owen Rist, one-time shutout champion on Ed Weir's track team, now farms near Humboldt in southeastern Nebraska. Reports corn down that way very good. Hot weather did not bother it much. That last official estimate of the 1948 Nebraska corn crop did not surprise many folks. They realized that the corn was badly hurt in some areas but in others it is excellent. Much of the drought-damaged corn in the South Platte area went into the silo. Fellows like Harry Holdt in Webster county got at the job early.

Dr. W. V. Lambert, the new Dean of the College of Agriculture at the University of Nebraska, reports on his job October 1. Regarded as one of the nation's top flight research executives, Dr. Lambert is a native Nebraskan. Soft spoken and modest, he will give added impetus to the agricultural research program for all Nebraskans. Dr. Lambert, who was born in southwestern Nebraska, has been in charge of all agricultural research for the U. S. Department of Agriculture—and that's some job.

Meanwhile, Dean W. W. Burr who has given years of service to Nebraska is supposed to leave this week for a temporary post in Germany. There, he will be a visiting agricultural expert for the Military Government of this country. Dean Burr will advise how the agricultural colleges in Germany can be of greater service to farmers.

Good prices for swine together with more plentiful feed supplies and a few other factors are causing increased interest in hogs. For example, the swine open show at the State Fair was the biggest on record with some 1600 head showing. Veteran hogmen said it was a great show. With this added interest in what used to be termed the "mortgage hiker", a lot of hogmen will be interested in the new Swine Research Center at the University of Nebraska. It's a modern research building which will be officially dedicated on September 24. Among the speakers will be Governor Val Peterson, M. L. Baker, Paul Krueger and others.

And this week also see classes at your University of Nebraska get underway. There will be some 10,000 Nebraskans with us this year. Finally, it won't be long until the question—How will the Huskers do this fall?—will be answered. Patsy Clark himself is waiting for that answer along with thousands of football fans on September 25 when the Huskers meet Iowa State at Lincoln. Meantime, see you next week—we hope.

Something Different

Berlin isn't the only place where they have Operations Vittles. We have Operation Vittles at our house three times a day.

Victuals is a queer word. I wonder where it came from. I must look into that. I remember hearing my grandmother use that word when I was a small girl. Another favorite of hers was "fetch". I wonder where fetch came from.

I have an odd theory that the migrations of peoples and families is revealed in family words and phrases like that. My grandmother's grandmother lived in North Carolina. Her father was a drummer boy in the Revolution, finishing the war at the ripe old age of 33. Look at your 13-year-old and think of that.

We feel our 18-year-olds are babes-in-arms, don't we? I'm thinking of the draft. And no pun intended.

That air show and official opening of the field Sunday provided residents of this region with another fine treat. And it provided Ord with fine publicity over the state.

All those visitors from other towns, and those plane visitors from across the state are going home and talk about Ord. Making favorable comments, I trust.

Mrs. Christine Veleba was telling me about her sister, who taught school in Sioux City many years, and got involved in quite a bad automobile accident. The sister has to wear a heavy brace on her back as a result and was also left with a horror of automobiles, but she is crazy about air travel.

So the sister says "Any time there is an air line into Ord I'll come and visit you. But come by car?" Not me!

One of our local grocers, Ellis Carson, steps into his plane and takes off for distant points to pick up needed supplies.

Bringing us food from St. Louis by plane is most unusual, or so it seems to me. But Mr. Carson thinks nothing of it. Quite often his little son Duane accompanies him, or sometimes his wife. They have taken some interesting sight-seeing trips via their plane, too.

Ted Slobazewski gets lots of good from his ability to pilot his own plane. Not only is it handy for himself for business reasons, and handy for members of his family, but he has been able to help sick people with quick trips and able to take several splendid fishing trips and other holidays by means of his plane.

The Biemond family is another air-minded crew. The boys and their father often make business flights, and many a time it has enabled one of the family to some home from school for the week end in a clean quick fashion.

Ord has numbers of young men who came from the last war knowing a good deal about flying. Some of them think they know too much about it, and feel they have had all the luck possible, and they say "No more flying for me." Dear, Bart is one of these. Going on too many high-powered bomber flights over the continent left him with simply NO interest in further flying.

—Irma.

STILL WHISTLING.

Thirty-eight years ago I ran for office in Valley county. I canvassed the whole district and asked everybody to vote for me. Most of them said they would, but when the votes were counted, I ran a good second. I was told, afterward, that I was too young. I hope you people do not get the idea that I am too young now, or too old, either. I learned something then. This campaign, I will ask nobody to vote for me. However, I will appreciate any help you feel like giving me, and I want the job.

Sincerely yours,
JOHN L. WARD

Ward's Cookin' What's Column

Then you may have heard of the old Arabian who had all his teeth pulled by Dr. Blessing and was speaking Gum Arabic ever since. And there is the fellow who likes to be considered a westerner because he lives in Western which is in the eastern part of Nebraska. For that matter, Old Albuquerque is in New Mexico; Old Bridge, Old Tappan and Oldwick are all in New Jersey; Old Forge is in New York; Southport and Southmont are in North Carolina; South Heart is in North Dakota; North is in South Carolina; and Northville is in South Dakota; Kansas has an Arkansas City, but Arkansas has no Kansas City.

Coming back to work on the Quiz again recalls to mind the first time I came to work on the paper, which was the last week in October, 1938, now nearly twelve years ago. At that time the building was much smaller than it is today. In fact, it had been built on at least three times since then. The building of 1938 had the two offices and the hall between, and the three rooms directly behind them. The south end had not been built on at that time, and there was a garage on the back of the space and a driveway on the front.

Since that time the rear addition was built on first, taking the building all the way back to the alley. Then the west addition was built, extending it all the way to the lot line on the west. Next the east side was extended out to the sidewalk, and the space upstairs on the east was filled in to make more rooms. A room behind the east end of the lot to the west to make a store room for paper and other supplies. The upstairs, once used as a residence, is now taken up with various phases of the Quiz industry. And still the Quiz is bursting at the seams!

The county fair season is about over, call it doo-doo, race meet, hay days or what you will, and those who had the job of putting them over can breathe a sigh of relief. On the other hand, the people whose happy lot it was to be entertained are sorry that the season is over, and are looking forward to the fairs of 1949. The county agricultural fair is one of the oldest institutions of the state of Nebraska. In fact, agricultural displays were held in the territory of Nebraska even before the time of statehood. These were to prove to visitors that the state could raise crops.

It should be a cause for regret that, in many localities, the agricultural fair has been shunted aside for some other form of entertainment that will draw bigger crowds and bring in more revenue. It is true that the form of program must be used to draw the crowds, but the importance of the department of agriculture should not be overlooked. In spite of extraneous entertainment, we must not lose sight of the fact that we are still an agricultural state.

Did it ever occur to you that you might be missing something when you pass up one man on the street and speak to another, principally because you happen to know and like him better? The average man has certain people whom he classes as his special friends, and he makes it a point to speak to them every time he meets them, and to spend some time in conversation, if immediate duties are not too pressing. Maybe you thought that the man you didn't know so well would not care to be bothered. Maybe you had the selfish idea that you might not get anything from him that would be of benefit to yourself.

The news man has a different angle than most of the rest in that he gathers his news wherever he may find it. For this reason he does not pass anybody up if he has time to stop, because he might be missing the most interesting news item of the week. Thus, often the best news of all comes from the man who might not appear to have any news at all. The same is true, whether you happen to be gathering news or just gathering ideas. Often the man who has the least to say says the most in the fewest words.

The next time you feel bored with life, do not hunt up some old friend to visit with and get it out of your system. Go down the street and tackle the first fellow you find who looks as forlorn as you happen to feel. Give him a cherry "Hello", and see how he responds to a little kind treatment. He may surprise you by proving to be a treasure house of happiness when you have drawn him out. I note in a contemporary paper that "Arlene Hurt weds Lyle Knott" can't imagine any editor passing up the opportunity to use for a heading, "Knott-Hurt."

Nebraska Takes Pride in Her Labor Record

Nebraska takes its hat off to the accomplishments of its unionized labor groups—and extends congratulations on Labor's eventful State Convention held this week.

And, just as Labor ever works to improve the status of its members... and to regulate its organization in the public interest... just so does the brewing industry, through the Nebraska Division, strive to improve conditions in the industry and to regulate the operation of tavern keepers in the public interest.

From year to year Nebraska tavern owners strive more earnestly and with greater success to keep their operations clean, orderly and law abiding. Sales to minors and persons approaching intoxication are guarded against, and noise and boisterous conduct reduced to a minimum.

The Nebraska Division's program of Self-Regulation, now in the 11th year, is largely responsible for the improved conditions.

GOOD STATE FAIR.

According to reports emanating from the state fair grounds the show this year was one of the best, and the exhibits were on a par with the best of other years. The only thing marring the show was the heavy fall of rain, said to be five inches. Among local men in attendance through the week were R. Clare Clement, who had charge of the beef cattle barn, and Edgar Roe, who assisted him. Henry Stara was a member of the special fair police force.

LIKES ARIZONA.

Rex Wagner called at the Quiz office Friday for a visit with the members of the force, and found that conditions had changed a lot here since he went to Arizona nearly two years ago. He went there as reporter on a Douglas, Ariz. paper, but about a year ago he changed to the Copper News of Ajo, Ariz. According to Rex's own statement, he is editor, reporter, janitor and about everything else on this publication, which is a company owned affair. He says the town is growing very rapidly, although it is a typical mining town, with no farming in the area at all. He left for his work there on Saturday.

41st Annual Pop Corn Celebration
With the Thomas Amusement Co., with their rides, bingo stands and other concessions, arriving in North Loup over the week-end, business houses putting up their annual green and yellow window decorations, exhibits being brought in, and the giant popcorn turning out delicious popcorn, to give away to the crowd, the 41st annual Pop Corn celebration seems off to a good start. In the I. G. A. store window, Mr. Clark has a clever display of pop corn, with the center of yellow corn, formed in the letters, I. G. A., this surrounded by white corn, has a border of red popcorn. The red, a new variety, was raised by Bates Copeland.

In the drug store window, Idona and Wilma Vodehnal have arranged a miniature juvenile parade of their small dolls that is quite clever. Maxine's Beauty Shop has a bowl of popcorn, with a football in it under a goal post, wound with green and yellow. The large Farmers store window has a cleverly arranged drape of green and yellow. The bank, Stine's Hatchery, Penny Saver Cafes, were displaying the popcorn colors Monday evening. Mr. Hoepner was washing the postoffice window, ready for one of his artistic window arrangements. Tuesday morning, the main street was washed, after the surplus dirt had been hauled away, and a place made ready for the carnival company to set up.

School will be dismissed for Wednesday and Thursday, and many country schools will have at least one day.

Highlights of Wednesday's program was the juvenile parade, with Mrs. Derwin White chairman of the committee. In the evening, the queen, who was elected by popular vote, and whose identity was a secret until the crowning, will be crowned. A new queen is chosen each year and this practice has been carried out since 1920.

Exhibits were put up Tuesday, with Mrs. Pearl Mulligan in charge of the ladies exhibits at the community building. Paul Madsen and Joe Veldha popped the corn.

The Popcorn committee held their final meeting Monday evening, under the chairmanship of Ben Nelson, with Dell Barber, co-chairman. The more than forty booster membership prizes, some of them on display in the Schudel building, will be given away Thursday evening.

Radio Texas Mary and Her Rangers will be on hand Thursday and Ray Clark of WOW will be here to conduct a Man on the Street program.

The saddle horse show with Charlie Clark as chairman of the committee, will take place Thursday afternoon and the saddle horses will lead the float parade Thursday.

Seven Home Games For N. L. Football Team This Season

Seven of the nine scheduled football games for the North Loup high school squad this year will be played at home, under the lights. First game will be this Wednesday evening, when the Pop Corn Bowl game will be played with Pleasanton. This game on the first night of the Pop Corn celebration is expected to draw a large crowd.

On Sept. 23, Danneberg will play here; on September 30, Spaulding academy; October 4, the Wood River team will be the foe, also at North Loup. October 8 the North Loup squad will go to Doniphan to play on October 11. Doniphan will come to North Loup for a game and on October 21, the Rising City team will be here. Cedar Rapids will be the opposing team on October 28 and on November 4 North Loup will go to Palmer.

The high school pep club organized this week, electing Beverly Goodrich, president; Juanita Lenker, vice-president; Alice Meyers, secretary-treasurer; and Kathleen Haight, chairman of ways and means. Beverly Goodrich, Twyla Green and Burdette Mulligan were elected cheer leaders. The pep club uniforms were issued this week, and the club will be at the Wednesday night game, in the blue skirts and jerseys, with white bows.

Pokrakas Return From 4200-Mile Trip

Mr. and Mrs. Ign Pokraka and seven year old son, David, returned Thursday from a three weeks vacation trip which covered 4200 miles. They went first to Chicago where they attended a wedding and also a big league baseball game. They visited Niagara Falls and New York City

"Matter" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, September 19, 1943.
The Golden Text is: "Turn ye not unto idols, nor make to yourselves molten gods: I am the Lord your God" (Leviticus 19:4). Other Bible citations include, "Be ware lest any man spoil you through philosophy and vain deceit, after the tradition of men after the rudiments of the world, and not after Christ." (Col 2:8)

LOCAL NEWS

—Mrs. Ed Wilcox went to North Loup with the Jensen sisters Thursday morning and from there went on to Ord and to visit her sister-in-law, Mrs. Arthur Gass.

—Mrs. Cecelia Abelson, mother of Mrs. F. J. L. Benda, is expected to arrive in Ord Sept. 22. She will leave Prague, Czechoslovakia, early Sept. 21 and arrive in Grand Island the evening of Sept. 22, coming all the way by air. This is to be her first trip to America and her first ride in an airplane. If she likes it here, she plans to make her home in America.

—Mr. and Mrs. Warren Lincoln drove to Lincoln early Monday of last week, where they met their daughter Reva, and took in the Nebraska state fair that day. The next day they drove to the Ozarks, where they vacationed until Saturday. Saturday evening on the way home they stopped in Omaha to help Reva move to her new apartment, which is located at 833 North 11st street. She is employed by H. A. Marr, wholesale grocers. She came to Ord with her parents and is visiting here this week.

—House guests this week of Mr. and Mrs. James B. Ollis, sr., are Mr. and Mrs. Will Reese, Mrs. Tibbs, and Mr. and Mrs. Reid, all of Scranton, Pa., who are coming here to attend the ordination ceremony for James Jr., at the Ord Presbyterian church Wednesday evening.

—Mrs. C. E. Severyn of Omaha came Wednesday to visit her father, F. J. Dvorak. Mr. Severyn drove to Ord Saturday and returned home Sunday. Vernon Johnson, who is taking training under the bill of rights at the university, spent the weekend with his mother, Mrs. Hattie Johnson and his grandfather, Mr. Dvorak.

—Mr. and Mrs. O. P. Cronwell of Kimball are expected in Ord over the week end and for the ordination of their grandnephew, James B. Ollis, jr. While here they will visit at the Duane and Edwin Armstrong homes as well as with the James Ollis, sr., family.

—Frank Lage, formerly of Comstock but now of Cheyenne, Wyo., was in Ord Saturday and Sunday to attend the state convention of the Z.C.B.J. Frank still owns his farm near Comstock and was on a deal with Jerry Pliva to sell it for him, although the deal had not been closed when he was in Ord. He has been employed by the Union Pacific at Cheyenne repairing passenger cars for the past 21 years. From here he will go to Omaha to visit a number of friends there. Frank says that he has seen a lot of central Nebraska on this trip and has not seen such corn here since 1921.

—Jim Gray, with the state department of fish and game, was in Ord Saturday noon on his way home to Valentine from the Nebraska State Fair, where he spent the week with the fish exhibit truck. He says he believes that at least 100,000 people saw and enjoyed the fish exhibit during the fair, many of them coming

back a number of times. Gray has been with the department for the past 21 years, mostly with the hatchery at Valentine. There is where they hatch the warm water fish, bass, crappie, blue gills and bull heads being their main varieties. He says they will start planting fish in the lakes and streams about Oct. 1.

—Mr. and Mrs. Don Coats and Karen and Mr. and Mrs. George Lint and Barbara Ann spent Sunday in Grand Island attending a family reunion.

—Art Kroger went to Phillips Sunday. He brought back Mrs. Kroger who had spent a few days visiting her mother, Mrs. Goldie Cogil.

It's the big word that ought to be in every Motorist's car and Vocabulary—
Phillips 66 Premium Motor Oil!

Sure, it takes a special word to describe Phillips 66 Premium—for this is no ordinary kind of motor oil! You get lubrication plus protection with this oil! It's expertly refined from some of the finest crudes—but that isn't all. We then add inhibitors designed to cut down the harmful sludge and engine deposits that so often run up repair bills and cut down power!

Yes, mister—that's a good word to remember for the good of your motor—"Lubri-tection"! Just ask for Phillips 66 Premium Motor Oil next time!

* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

Two Attractive Floats in Pop-Corn Parade

New Record Crowd Attended Pop Corn Days at North Loup

queen, a gala event for the past quarter of a century. Her identity had been kept a secret, and none in the huge crowd had any idea of who she might be until she was announced by the master of ceremonies, Ben Nelson of the Pop Corn committee. She proved to be Delores Williams, daughter of Mr. and Mrs. Ross Williams of the Union Ridge community. Miss Williams was a member of the North Loup high school class of 1918 and is attending Kearney State Teacher's college, after which she expects to become a teacher.

With Alice Meyers at the piano, the procession came from the Community building, mounted the platform and took their appointed places. Attendants to the queen, all former Pop Corn queens, were Mrs. Marvin Ingraham, Mrs. Nels Jorgensen, Mrs. Eldon Sintek, Maxine Copeland, Mrs. Carroll Swenson, Mrs. Joe Krcilek and Mrs. Paul Goodrich. Four little girls, Betty Lou and Janet Thomas, Ardice King and Mary Jean Placke acted as train bearers and crown and scepter bearers.

The queen came to the platform on the arm of the master of ceremonies, Ben Nelson. Maxine Copeland, Queen of 1946, gave the new queen the charge and presented the crown and scepter. Mrs. Doris Thomas read the Ode, and Twila Green, Kathleen Haught and Barbara Hudson sang the queen's song. Immediately after the crowning ceremony the crowd went to the football field to see

Man on the Street

Thursday saw a complete change in bands, with Scotia and Ord bands present to add to the enjoyment of the biggest day of the show. Not only was the entertainment outstanding, but the crowd started coming early and grew to almost unbelievable proportions. Cars were parked in every direction.

Ray Clark, well known announcer from radio station W.O.W. of Omaha, was present and conducted a "Man on the Street" program at 12:45, during which he talked to the pop corn queen, Delores Williams, to Dell Barber, co-chairman of the Pop Corn committee, to Mrs. Jessie T. Babcock, widow of one of the first Pop Corn committeemen, and with Joe Veleba, who for years has helped with the popping of the corn. Mr. Clark asked the question: "How many pounds of corn have been popped in the 47 years of celebration?" and the final answer was 50,000 pounds.

The Thursday Parade

The floats and saddle horse parade was the feature of the afternoon show Thursday. The Fortnightly club had agreed to take charge of this part of the show, and they chose a musical theme for the floats to pattern upon.

In the schools the North Loup high school was given first place and the grade school second. In the rural school division, Olen school took first place, with "Anchors Aweigh," and second place went to Barker, with the theme "Aloha." Mrs. Mary Frances Svoboda teaches Olen and Mrs. Evelyn Willoughby teaches Barker.

In club floats, Nolo club was first, representing "Old Dog Tray" and Fortnightly club second with "Jeanie With the Light Brown Hair." In extension clubs, High Way View club took first with "The Little Dutch Mill," and the "Progressive" club with "The Bicycle Built for Two." Churches, Seventh Day Baptist rated first with "The Little Brown Church" and Methodist second with "Jesus loves the Little Children." Business advertising, the Cheese Factory came first and Eric Cox second.

Saddle Horse Show

The saddle horse show was one of the largest in this area this year. There were 153 persons entered in the contests, from Ravenna, Burwell, Shelton, Litchfield, Spring Creek, Ravenna Trail Riders, Loup Valley, North Loup, and some from Ord, Loup City, Comstock, Arcadia and other places.

Spotted horse class—Claud Wallace, Ravenna; Robert E. Margritz, Ravenna; Charles Roy, Loup City. Gear race—James Buckner, Ravenna; Gaylen Hansen, North Loup; Richard Hiser, Palomino Hops; Ranch Palomino class—Emil Barak, North Loup; Alvin Pearson, Burwell; Mrs. Opal M. Eldridge, Shelton.

Potato race—Ravenna Trail riders; North Loup Saddle club; Ravenna Saddle club. Horse class—O. V. White, Loup City; Lyman Pearson, Burwell; Mattie M. Rima, Shelton. Children's horsemanship—Loren Lewis, Litchfield; June Leach, Spring Creek; Ray Freeman, Burwell. Western Stock horse—Alvin Pearson, Burwell; Robert Margritz, Ravenna; Marvin Pearson, Burwell.

Barrel Race—Clifford Woodman, Shelton; Robert E. Margritz, Ravenna; Don Curtis, Loup City. Pleasure horse, Richard Hiser, Palomino ranch; Dessa Woodman, Shelton; Will Poth, Ord. Egg Race—Women: Janet Mrkivicka, Loup Valley; Doris Rasmussen, Ravenna; June Leach, Spring Creek. Pleasure Horse, English—Violet Obermiller, Loup City; O. V. White, Loup City; Iona Fielding, Ravenna Trail Riders. Pony class—Donnie King, Burwell; Donnie Curtis, Loup City; Laddie Leach, Spring Creek. Ladies Horsemanship—Mrs. Richard Hiser, Palomino ranch; Mattie Rima, Shelton; Doris Rasmussen, Ravenna. Relay race—North Loup, Loup Valley; Palomino horse ranch. Kid's pony class—Ronnie Boyce, North Loup; Paul Plate, North Loup; Joan Sell, Arcadia; Thelma Willy, North Loup. Musical chair—Leah Leach, Spring Creek; Ray Freeman, Burwell; Don Curtis, Loup City. Best horse—Richard Hiser, Palomino ranch, Burwell. Judges, Mr. and Mrs. Crawford, Central City.

Other Entertainment.

A band concert by the Ord band opened the evening's show on the platform. Texas Mary and the Radio Rangers, a feature for the preceding two years, was again a big drawing card this year. They gave two performances, one in the afternoon while the horse show was in progress, and another in the evening. As always, they were received with tumultuous applause.

A special feature on both Wednesday and Thursday was Cyce Odell, who performed from a high ladder to the enjoyment of all who saw her. The Thomas Amusement company, with concessions and rides occupied the main block of the business section and helped entertain the crowds, estimated at 6,000 people on Thursday, perhaps a thousand less on Wednesday.

The Methodist people served meals in the basement of the church all through the fair, and had plenty of customers. The American Legion and Auxiliary ran a stand and served lunches both days. Portis Cafe and Cavanaugh were filled to the limit most of the time.

A writeup of Pop Corn Days would not be complete without mention of the agricultural and domestic arts departments, which are always good. The exhibits in the ladies department were especially good, with a large and interesting exhibit of canned goods taking the place usually reserved for flowers. In the agriculture building there were many items of interest, but the fine display of corn drew a great deal of attention.

How the Other Half is Living

From St. Paul papers we learn that Emily Petersen, who has been residing on the west coast, has purchased the Frost Beverage company from the owner, Tracy T. Frost, and will take possession in thirty days. Mr. Petersen will be recalled as the man who operated the Diner cafe here for several years, and their son, Darold was an Ord Hi student, graduating in 1940.

In the St. Paul papers last week was the announcement of the marriage of Doris Ward, daughter of the Harold Wards of near St. Paul, to Ernest John Kruse of Grand Island. Mrs. Kruse is a relative of John Ward and Mrs. S. W. Roe.

Mr. and Mrs. Oscar Proetz of Union Pier, Mich., had their Plymouth sedan destroyed by fire near Palmer last week. The fire truck arrived too late to save the car. They were on their way to Ord to visit a nephew, John Wozab, who drove to Palmer to get them when informed of the accident.

Joe W. Leedom of Gordon, after 35 years in the newspaper game, interrupted by service during both world wars, has sold his home there and will go to California to live. He suffered a severe heart attack and quit work on advice of his physician. The state can't afford to lose men of the ability of Joe Leedom.

The Blair schools are again being plagued by a rash of hazing, but the authorities clamped down on it at once, and hope they have it stopped. Three were expelled, among them a football player. The situation was given a thorough review, and they were permitted to return to school, under restrictions.

The entire area around Hebron rejoices in the dedication of Thayer county hospital. A dormitory of the old Hebron Junior college was remodeled and a 21-bed hospital is the result. The address at the dedication was given by Justice Robert G. Simmons.

Over at Hartington Elmer Steele reported that he saw two does and two young fawns about six miles northeast of town. The conservation of wild game seems to be bearing results. Deer are a common sight in the sand hill area, but Hartington is much further east.

Several high school students had a narrow escape from serious injury last week when the car Denny Husho was driving overturned when the driver failed to make a turn about 1 1/2 miles north of Taylor on 133. Denny received several minor injuries and the car was badly damaged, but the rest of the boys were uninjured.

Some long lost records of the Loup City schools were found recently in a cupboard in a back room of the Sherman County Times. Most important of all the records found are the complete scholastic records of all students graduating there from 1897 to 1922. Supt. Karl Pecht is especially pleased, as he often had no answer to give for inquiries coming about those years.

Danneberg has gone for six-inning football this year, and this is the first time in history that the school has had a football team. In the past the time usually devoted to football gave the basketball fans more time to practice, and they have always had a fine team. They played their opening game with Cairo Friday evening, and will play later against North Leup.

The Golden Jubilee of the Westcott church was celebrated there with services recently. Rev. Bethel Bengtson was the guest speaker for the occasion. The church was organized in September, 1898, and the idea was first suggested by John Walton. The material was hauled from Arcadia by wagon. E. E. Mickle was head carpenter. The first pastor was Rev. Charles Howard.

ARTISTIC HEN

John P. Caroski possesses a hen of artistic temperament. She is producing eggs with new and unusual designs on them almost every day. The eggs she lays are smaller than usual and look about like a pheasant's egg, and the designs are on the large end in raised lines. One of these looks like a rabbit and another like a monkey, but the prize of the group is one on which appear the letters Bro. J in very neat script. Perhaps this is a message from the unseen world intended for Brother John Caroski.

The last time I worked for the Quiz was well over two years ago...

One change I note with interest is the change in the exchanges, the newspapers which the Quiz receives in exchange...

CATCHES LARGE CATFISH
The Quiz does not know whether it just happened, or whether the fish came along to refute the fish story published in last week's paper, but Mrs. C. C. Dale hooked a seven pound catfish just below Hardenbrook dam about sun down Saturday evening. She was fishing from the railroad bridge and alone at the time, and had quite a battle before she finally landed the big fellow. Mrs. Dale tells also that Mrs. Lyle Norman of Lincoln landed a 6 1/2 pound catfish below the dam about three weeks ago.

P. S. Tuesday noon Cliff Flynn was proudly displaying an 8 lb. cat fish he claims he caught below Hardenbrook dam, just how far below he did not say.

Burwell Girls Will Represent Nebraska at Chicago

Garfield county's 4-H home demonstration team made up of Marilyn Livermore (left in above picture) and Kathleen Livermore, will represent Nebraska at the national 4-H contests at Chicago in December, as a result of winning this event at the state fair in Lincoln recently. The girls also have been invited to give their demonstration, "Better Light, Better Sight, Better Living" as a program feature at a dinner of the Lincoln Rotary club on Sept. 28.

Holdrege Too Hot For Chanticleers; Game Ends 12 to 6

Kickoff Returned by Holdrege For Touchdown Spells Defeat For Ord.

The Chanticleers played a different game against Holdrege this year than they did last, but had to content with exactly the same score, a defeat by 12 to 6. It was a heart breaking defeat, but through the whole game the home team never gave up, fighting with dogged determination until the final whistle blew.

The team appeared a little jittery on the start, which might account for the first play. Ord kicked off to Holdrege, and Hanson, one of the backs, sidestepped, cut back and swivelled his way across the goal line more than thirty yards for the first and deciding score of the game.

With the shadow of defeat hanging over them the Chanticleers went to work to tie the score. Most of the play in the first quarter was in Ord territory. In the second quarter Moore cut loose on an end and play which carried the ball fifty yards to the 30 yard line. On the next play Stoddard bulldozed his way through the line to the 5. The third play took Stoddard through the center to score. Malolepszy failed on the extra point.

From then on until the half the battle was fought on even terms with little advantage for either side. In the third quarter after forcing their way down the field to the ten yard line, the clever Hanson again demonstrated his ability, and agility by swinging to the left and then cutting back sharply to carry over for the second Holdrege touchdown. An Ord fumble paved the way for this score.

Ord came back strong in the fourth quarter and went down the field sixty yards or more on a sustained drive, only to lose the ball on a fumble on the five yard line. With only two minutes to go, Holdrege managed to keep the ball in their possession until the game ended, final score, Holdrege 12, Ord 6.

Coach Proud of Team. In speaking of the game Coach Dick Peterson expressed regret for the loss of this opening game and hope for the future when the breaks may go differently. However, he has only praise for his boys who played their hearts out in a vain effort to salvage a victory in the face of defeat. With the spirit they showed Friday night, the Chanticleers cannot lose many games, according to Mr. Peterson.

The team suffered a serious, but not vital, loss when Alan Blaha sustained a broken elbow in the first half of the game and had to be taken out. He is getting along as well as could be expected, but will miss at least one more game. Only two of the players, Paul Stoddard and Dick Tolen, played through the full game.

The starting lineups: For Holdrege, at center Sutton; guards, Edwin Leas and Bob Aten; tackles, Wayne Dahlgren, Don Lefter; ends, Charles Bratty, Norman Erickson; backs, Bob Hanson, Bob Brown, Roger Sulten, LaGrant Eckstrom. For Ord: Gerald Severston, center; Dick Malolepszy and Richard Blaha, guards; Frank Adamack and Jerry McMundes, tackles; Dale Richardson and Harold Laursen, ends; Dick Tolen, quarterback; Paul Stoddard, fullback; Kenneth Collins, left half; and Alan Blaha and Bob Moore, right half.

Outstanding for Holdrege were Hanson and Eckstrom, the latter being especially strong on defense. Aten stood out in the line. The play of the Ord men was so good that Coach Peterson hesitated to pick out any star players. He put into the field to start, three seniors, seven juniors and one sophomore. Substitute players were James Adamack, Don Beran, Kenneth Clement, Dan Huff, Jim Misko and Dick Nelson.

Intoxicated, Joe Baran Wrecks Jail

Last Wednesday Joseph Baran was found in a state of intoxication and was arrested by Joe Klanecky, night marshal, and Emanuel Patska, deputy sheriff, and lodged in jail. That night he tore out a light partition between two parts of the jail, causing considerable damage.

Defore Judge Joseph Ramaeckers Thursday he was charged by County Attorney Tolpin W. Norman with intoxication, to which he entered a plea of guilty. It further appeared from the record that he had been arrested on a similar charge June 14. In view of the second offense and the damage to the jail, Judge Ramaeckers sentenced him to jail for sixty days, and ordered him to pay the costs.

Many Interested in Valley County Corn Yield Contest

Arcadia Leading in Number of Entrants. Former Winners Are Entered.

C. C. Dale of the county agent's office is giving out the information this week on the corn yield contest in Valley county, which is attracting more interest this year than at any time in the history of the event. No less than eighteen farmers are already entered in the contest, including two who are entered in both dry and irrigated corn yields.

In the dry land contest there are only four entries, those of Raymond Zukoski of Elyria, John L. Koll of Ord, Ed Christensen of Ord, and Wallace Coats of Ord. In the irrigated land division there are fourteen entries. From Arcadia there are seven: Floyd Bosson, Bob Scott, Jack Brown, Donald Murray, A. L. Hodgson, William Hale, and Dewey Hodgson.

Entrants from the Ord area include John Bagland, Leo Sluinek, Ed Christensen, Lumir Sich, Paul Geneski and Bremer Bros. The latter are listed from the Ord area, but their corn is near North Loup. R. E. Barrows is representing North Loup, and Raymond Zukoski, Elyria.

This is a much larger entry list than last year. All winners in the contest last year are entrants this year. Ed Christensen was the high man last year, and Bob Scott of Arcadia was high for the two years before that. Monday was the last day to enter the contest. The contest fields will be checked the latter part of October and the district meeting and corn show will be held in Ord in January.

Sunday afternoon, a family gathering was held in the Matt Parkos home, with Mrs. Mary Francl, and Bess, Mr. and Mrs. Martin Wiegard and Mr. and Mrs. O. C. Proetz as guests. Mrs. Francl and Mrs. Parkos are sisters of Mrs. Proetz.

State Commander Larry Gaughen Visits VFW Post

Vets Plan For Membership Drive; Get Out Votes. On World War II Bonus.

State commander Larry Gaughen of North Bend and his aide, W. F. Eddy of Fremont, were honored guests at the regular meeting of the Ord Veterans of Foreign Wars Monday evening. Gaughen made his inspection of the post here after spending the day in Burwell where, Eddy, and Dr. F. J. Ocentowski of Ord started the reorganization of the post there, which has been inactive for a year.

The VFW chief addressed the local group briefly, outlining the service department of the organization. "Last year the VFW handled 46 percent of all claims in the state," he said, "although it has only 30 percent of the total membership in veterans organizations of the state."

Gaughen also stressed the need for the local post to put on a "get out the vote" drive in the November election when the bonus question for World War II veterans appears on the ballot.

Commander John Wozab of the local post outlined plans for a membership drive for 1949, explaining that the post's quota for the coming year was 158, an increase of 68 over the previous year. At the same time he announced the names of eight new members, to bring total membership in the Ord post to 195. New recruits are James W. Finley, Edward Suchanek, Raymond Svoboda, Milo Rose, Joe Cetak, Lloyd Zinzund, Keith Lewis and Delbert Reckstein, all of Ord.

Plans for a dinner dance to be held in conjunction with the American Legion were discussed, with a tentative date set for the first week in October.

Governor Names Draft Board

According to a release from the governor's office as of Wednesday noon Sept. 15, the following will serve as Valley county's draft officials. The board: William J. Ramsey, Arcadia; Glenn L. Johnson, Ord; and M. B. Cummins, Ord. Appeal agent, Ralph W. Norman, Physician, Dr. Frank A. Barta.

Bert Hansen Had Stroke Thursday

Bert Hansen, who lives in northeast Ord, suffered a stroke Thursday and has been confined to his bed since then. Dr. F. A. Barta reports that he is holding his own. However, he is unable to talk, and is paralyzed on one side. A number of his relatives have arrived, called here by the news of his illness.

Stoddard Scores Ord's First Touchdown

Over the Holdrege goal line for the Chanticleers' first 1948 touchdown goes Paul Stoddard, in the third quarter of the game played on Holdrege sod Friday night. Coming up at the left are Rich Bicha (90) and Dick Tolen (on one leg) while at the right are Bob Moore (70) and Jim Misko (89). Commission Okays Telephone Rate Boost October 1

Local Rates Up \$1.00 For Business, \$1.25 For House Phones; Farm Fees Hiked.

Telephone rates will go up \$1.00 for business and \$1.25 for residence phones on October 1st, as the result of a ruling handed down Monday by the state railway commission.

The commission granted the Nebraska Continental Telephone Company permission to raise rates in 30 Nebraska towns including Ord, Burwell, Greeley, Albion, Columbus and Kearney.

The new rates in Ord will be the same as those in Albion, while Burwell and Greeley will both pay the same.

Town	Phone	Old	New
Bus.	1.35	3.23	4.58
Ord	Res.	2.25	3.50
Burwell	Bus.	1.50	4.13
Burwell	Res.	1.00	2.50

Above rates do not include federal taxes.

Switch Fees Now \$1.15. Switching fees for telephone lines now served by Ord have been increased from fifty cents a month to \$1.15 a month. The company had sought an increase of \$1.25, but this was pared by the commission.

The commission granted the rates sought by the company for the four larger exchanges at Ord, Albion, Columbus and Kearney, but did not allow as much as asked for the smaller exchanges.

Keith Vogt, commission accountant, said "The first instance where the commission had pared the applicant's askings on such a scale."

He said the rates for the larger exchanges were about in line with those of the Northwestern Bell and Lincoln Telephone Companies for like-sized communities. Rates for the smaller towns are somewhat above the level of the other companies.

In Ord, reaction to the new rates was fairly universal. "I know we'd get an increase but I didn't think it would be that much," was the general comment.

Party Lines Available. Announcement was made Wednesday by L. F. Kline, Columbia, general manager of the company that party line service would soon be available in Ord. We need additional equipment to install this but we hope to have everything set by first of the year," he told the Quiz.

Rates set up by the commission for party line service in Ord are \$2.85 per month, sixty-five cents cheaper than private phones. In Burwell the party line rate is \$2.00 a month.

"We're also starting to work as soon as possible on rebuilding an extension of the system," Kline stated. "In Ord we have several blocks of cable extension planned, switchboard improvements, and also the metallizing of some 60 miles of rural line we own."

Employee Get Increase. Employees of the Ord and Burwell exchange will get pay increases from 10 to 20 percent, effective September 1, as a result of the rate increase authorization, Kline said.

L. F. Peterson, local manager, told the Quiz Wednesday that about 10 percent of the rebuilding of rural lines in this area had been completed. About 700 miles of telephone lines owned by mutual companies are to be switched over to the two-wire system.

"Material shortages—especially iron wire—seem to be bothering most of the companies," he said. "There is but a small amount of iron wire available, although quite a bit of steel wire is on hand."

Miller and Mason City Won Sunday

In the second round playoffs held at Ansley Sunday, Miller defeated Broken Bow in the afternoon game, collecting four runs while holding the Bow nines without a score. In the night game, Mason City blasted Arcadia by a score of 7 to 0. This put Mason City into the finals, and Miller and Arcadia will meet next Sunday night to determine the other finalist.

Changes Made in Food Center

From Hastings comes the announcement that Alvin Gross and Dean Gray of Food Centers, Inc., have sold their interests in the Hastings Steel and Building corporation to Wendell Foote, Jr., who is taking charge immediately. At the same time it was announced that the interests of Mr. Foote in Food Centers, Inc., have been purchased by Gross and Gray. Food Centers, Inc., operates 19 markets in the state under the trade name of Jack & Jill Stores. It operates its own fleet of trucks. Mr. Gray is president, Mr. Gross secretary-treasurer, and Mr. Foote vice-president. Activities of the organization will be increased by the addition of super-markets in large towns, but there will be no further change in organization.

Cosmopolitans Plan Birthday Party at Club

Members of the Ord Cosmopolitan Club, their wives and sweethearts will hold a banquet and dinner dance Thursday night, September 23, on the 10th anniversary of the chartering of the club in Ord. About 80 are expected to attend.

Floyd F. Deranek, president, said that a short talk would be made by John P. Misko who served as first president of the local club. Representatives of Cosmopolitan clubs in Grand Island, Kearney, Broken Bow, Lincoln and Omaha are also expected here, including Kenneth Dryden, Kearney, international executive secretary of the club.

Clark Funeral Was Held Here Sunday

Died in Battle of Bulge. Military Funeral Sunday Was Largely Attended.

Funeral services for Gerald (Bud) Clark were held at the Ord Methodist church Sunday afternoon at 2 p. m. and were conducted by the pastor, Rev. L. V. Hassell. The Mira Valley quartet, composed of Harry Poth, Orrel Koelling, Reuben Cook and Harold Koelling, sang three numbers. Mrs. Reuben Cook played the accompaniment. Mrs. O. A. Kellison played professional and recreational.

The pallbearers were Harley Eschliman, Paul Rysavy, Veril Timmerman, Paul Adamick, Bill Goff and Corwin Cummins. Mrs. F. L. Stoddard and Mrs. Jim Covert assisted with the flowers. The American Legion and Veterans of Foreign Wars had charge of the body at the grave.

Gerald (Bud) Clark, son of Mr. and Mrs. Fred Clark of Ord, was born December 10, 1918, and was killed in action in the Battle of the Bulge, December 26, 1944.

He grew to manhood in Ord, attended Ord high school, graduating with the class of 1937. He was the president of the class. He was an all-round athlete, and starred in basketball, football, and track. He was a good student.

He united with the Ord Methodist church in 1932 and was regular in his attendance at the church and Sunday school. After his graduation from high school, he attended a deisel school in Los Angeles, California, graduating at the head of his class in 1941. He immediately began work in the Douglas Aircraft plant, being one of the first 50 men working, which later had 60,000 men in its tremendous war work. He was united in marriage to Miss Arlene L. Elsner, a former employee of the FSA office in Ord, April 19, 1942.

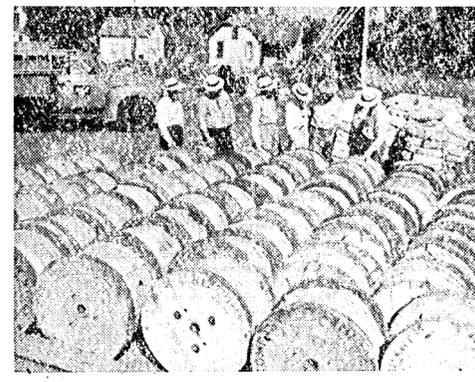

On May 5, 1944, he was inducted into the army of the United States, taking his training at Camp Hood, Tex. He was set over seas arriving in France October 31, and was killed December 26. He leaves to mourn his departure his wife, Mrs. Arlene Clark of Loup City; his father and mother, Mr. and Mrs. Fred Clark of Ord; one sister, Mrs. George Knecht; a brother at home, and a niece, daughter of Mr. and Mrs. George Knecht.

Boy Scout Leaders Meet

Hilding Pearson, Orip Kellison and Rev. L. V. Hassel, committee of the Rotary club appointed to revive interest in scouting in Ord, announced this week that organization of troop committees is now complete.

They are conferring with representatives of Ord's two war veterans' organizations on this and expect to have everything set by the first of the month," Pearson told the Quiz.

Will Bring Light, Power, to Farmers

When the miles and miles of copper wire on these huge coils spin their web over this area, farmers will realize the dream of years, low cost electricity delivered to their farm.

New Record Crowd Attended Pop Corn Days at North Loup

Twelve Hundred Were at Pop Corn Bowl Game. Locals Blank Pleasanton.

One thousand pounds of pop corn were popped to give the 1948 Pop Corn Day crowd, which made 16,000 sacks of popped corn, of the other ingredients, 150 pounds of lard, 30 pounds of butter and 30 pounds of salt were used. This is less pop corn than in former years, but very little corn was wasted. The difference came because the corn used was of the hybrid variety, which pops and tastes better.

Paul Madsen and Joe Velcha had charge of the popping and the sacking and distributing was done by a group of assistants. The popping started Tuesday night, and continued through Wednesday and Thursday until the last sack was given out at ten p. m. Thursday evening. The Burwell band, with their new gray and blue uniforms, played for the first day, with the North Loup band playing a concert just after noon.

The Juvenile Parade. Highlighting the afternoon show Wednesday was the juvenile parade, presented by the Legion Auxiliary, with Mrs. Derwin White as chairman. Deborah Hutchins, the only entrant in that division, took second. Larry Mulligan was first and Linda Williams second in the tri-cyle division. For doll bogies, Patty Ann Leas took first and Marilyn Fransen second. Paul Jess was first with his coaster wagon, and Patty and Linda Hawkes second. Gary Hawkes was first in the pet department, with Rommie Fransen second. The Cecil Severance children were first in family group and the Cloyd Ingerson children second.

In the advertising division the Everett Boyce twins were first as the Campbell Soup twins, and Cherie and Billy Cook took second as football players. Under miscellaneous, Ronnie Goodrich was first and Jean Sintek second. The year the stage was built to face the parade, dressed in their uniforms and carrying placards on which the cub scout oath was printed. Each contestant was given an ice cream cone after the parade.

Next, on the platform just south of the Community building, the Burwell band gave a concert. This year the stage was built to face the west, which proved much more satisfactory to the visitors. Following the band, the North Loup high school girls chorus sang, and Gary Haight sang two numbers. The evening program was opened by another band concert, followed by a solo by Richard Babcock.

Final Date For Registration

The regular dates for registration in the different age groups in selective service ended Saturday night, with the exception of those coming 18 years of age, who are to register within 5 days after their 18th birthday.

It had been estimated that about eight percent, or 700 of Valley county's population would be eligible to register for the draft, but only 424 had registered by the closing date. No doubt the estimate was high, but there probably are many more who have not yet come in for registration.

It is not known what, if any penalty will be due for those who failed to register on time. Doris Norman, registrar, has orders to continue to register all who come in. From now on, however, the hours will be from 1 to 5 p. m. on Monday, Wednesday and Friday.

O. K. of Contract Clears Decks for Electrification

Work of Section "A" Will Start by Oct. 1st. W. P. Hollands States.

The Rural Electrification Administration in Washington, D. C. has approved the "A" section labor contract between the A. B. Reither Construction company of Denver, Colo., and the Loup Valley Rural Electrical Membership association, according to announcement made by W. P. Hollands, coordinator for the organization. Notification of the approval of the contract was received at the REA office in Ord Thursday afternoon of last week.

According to Mr. Hollands, the contract will be notified and given ten days to get his equipment set up. It is expected that construction will begin around Oct. 1. The contractor has ninety days in which to complete the job. The "A" section is the first of four sections at present planned by the Loup Valley cooperative, and will consist of 359 miles of line. Some 630 farm families in Valley, Sherman and Gayfield counties will be served by the line.

Since then Engineer Elmer Petch has notified the contractor in Denver of the approval of his contract, and has told him to contact Owen R. Gibbs of Broken Bow, who is supervising resident engineer, relative to details of getting construction under way and facilitating the contractor. Mr. Hollands is happy about the fact that another carload of copper wire, about 47,000 pounds, arrived in Ord this week, making most all the wire required for the "A" section and eliminating one bottleneck to the construction of the line.

Ord Junior High Showing Up Well

Junior high prospects are looking up at Ord this year, according to Coach J. A. Kovanda and his new assistant, Lyle Manchester. There have been good turnouts for all practices, and competition is keen for places on the starting lineup. At present the boys are running plays off the T formation and from the single wing.

With the first game with Loup City here, Sept. 27, only a few days away, competition is in operation and the aspirants, and changes may be made on the starting assignments before game time. It is also certain that replacements will be available when needed. Other games scheduled are with Broken Bow at Ord Oct. 4, and Ord at Ravenna, Oct. 12. All games called at 7:30.

The Junior high roster: Erland Laursen, Walter Sowers, Leland Crosley, Russell Clement, Leroy Ivanski, Herman Kapustka, Jim Donthit, Larry Loft, Bob Bennett, Luana Wolfe, Gross Jensen, Jack Biela, Leonard Hurlbert, Don Peterson, Jimmy Slobaszowski, Leroy Lytle, Fred Kwiakowski, Lean Achen, Paul Pemas and Clarence Lytle.

Claris Bellinger Says Help is Short

Claris Bellinger of the Nebraska State Employment service reports that the need of help in the state at present is being felt even more than at this time last year. Scotts Bluff county recently sent out an urgent call for five thousand helps in the potato harvest there.

Mr. Bellinger has been able to send quite a number from this territory, especially from Sherman county, but a shortage of help still exists. He urges anyone in this area who is looking for work to contact him or the Ord office at once. Signing up here will facilitate getting to work when the worker arrives where help is needed.

North Loup Man Has Heart Attack

Gus Wetzel resident of the North Loup area for more than half a century, suffered a severe heart attack Monday and was brought to the Ord hospital today, where he is resting as easily as could be hoped. His daughter and husband, Mr. and Mrs. Greely Gebhart of Scotia, brought him to Ord, the Miller ambulance being used, and Mrs. Gebhart is remaining with him. Mrs. Wetzel remained at home as she is not at all well herself.

North Loup

Joyce Grabowski and her girl friend, Geraldine Wait, both of Lincoln, spent the rest of their vacation with Mr. and Mrs. Chas. Grabowski during Pop-Corn Days Saturday afternoon. Leslie Lanz, also of Lincoln arrived in North Loup and stayed at the Grabowski home till Sunday when they all returned to Lincoln.

The Lion's Club of North Loup will meet at the Portis Cafe on Thursday, Sept. 23 at 7:00 P. M. The ladies of the Methodist church under the auspices of the Woman's Society of Christian Service served meals during the Pop-Corn Days to a large number of people. The New Look of the newly decorated kitchen, and the fine appearance of the improved dining room with new drapes and freshly covered dining tables, all contributed to a very enjoyable atmosphere. Mrs. W. O. Zangger, the president of the W.S.C.S. with a fine group of women, did a fine job. It helped greatly to cater to the crowd and was much appreciated by the townspeople and the visitors.

Mr. and Mrs. Wm. O'Brien of Omaha spent a few days visiting with Mr. O'Brien's aunt, Mrs. Charles Grabowski and family. The O'Brien's had just returned from a wedding trip to Montana.

Alvin Tucker has bought a prefabricated house at Hastings and is getting the foundation ready to put the house up. He has bought lots north of A. L. Willoughby and will put it up there.

Mr. and Mrs. Leonard DeNoyer are spending this week in Belleville, Kas., with relatives.

Mr. and Mrs. Beecher Van Horn, Mrs. Alice Van Horn and Mr. and Mrs. Bud Van Horn spent Saturday afternoon at the home of Mr. and Mrs. Jim Johnson.

Mr. and Mrs. Charles Warner of Washita, Iowa wife guests of their daughter, Mrs. Gilbert Meyers and her family from Tuesday till Friday.

Mr. and Mrs. Otto Bartz and Mr. and Mrs. Harry Gillespie went to Erickson Tuesday afternoon. The hot lunch program was started at the schoolhouse this week with Mrs. Bessie Roby and Mrs. Boyd Mulligan again as cooks. New equipment for the kitchen include a deep freeze and an electric mixer.

Mr. and Mrs. John Babcock and family of Cozad were Sunday dinner guests in the Gilbert Babcock home.

Extension club leaders from five extension clubs met Tuesday at the Methodist church to get the lesson for the next two meetings. The lesson on Color in the Home was presented by Miss Katharine Helzer. A covered dish dinner was served at noon.

A seven pound boy, Michael Roy, was born Tuesday to Mr. and Mrs. Edward Hudson at the Clinic Hospital, with Dr. Barta in attendance.

Gravel is being put on the street north from the Methodist church to the railroad track.

Leland Van Horn, son of Mr. and Mrs. Lloyd Van Horn has joined the Army and is stationed at Ft. Knox, Ky.

The Pop-Corn committee met Monday night to pay bills and finish the year's business. Records showed they took in enough to pay the bills incurred. Date for next year's celebration will be the same week in September.

Baby Beef Shipped to Omaha Market

The week following the fair 22 head of baby beefs grown by young farmers of the area, were shipped to and sold on the Omaha market. This has been done on a number of occasions in the past, but it is safe to say that never before in this history of the event have such prices been received by the lads who spent their time in feeding stock to show at the Valley county fair.

The average price received for the entire herd was slightly more than \$30 per hundred. George Lange, son of Henry Lange, received the highest price for his animal, 39c per pound. This steer weighed 1140 pounds and was the heaviest animal offered. He was a white face, with some shorthorn blood. He brought his owner \$414.60.

Several head brought more than \$100 each. Back in 1921, the first sale of this kind was held and the stock offered then brought nine to ten cents per pound. It is noteworthy how the interest has kept up through the years. For example, Martin Fusa was a contestant in that first baby beef contest, and his son Bob was an entrant this year.

The list of young men who had stock in the shipment follows: Frank Fusa, 5 head; Bryan Petersen, 4 head; Kenneth and Russell Clement, 4 head; the following had one animal each: Everett Lech, Kenneth Kirby, George Lange, Wayne Gregory, Donald and Marion Geneski, Robert Fusa, all of Ord, Henry Kasson, Scotia, and Joe Kvetensky, Elyria.

When You and I Were Young

One Year Ago—Ed Swopes became a member of the state photographer board. Bids were being asked for the construction of the river bridge at Ord. By the way, wonder when we will get that bridge?—Bethany Lutheran church was celebrating its fiftieth anniversary. The Ord Chautauque last to Holdrege, 12 to 6. A district meeting of the Eastern Star was held in Ord. The lights had been moved to the new athletic field and the football team was to play its first game there. Mrs. Myra Gowen, formerly of North Loup, died in California.

Ten Years Ago—Governor Roy Cochran promised the Ord-Erickson road would be improved. The Knapp hardware at North Loup was burglarized. Miss Dorothy Eyerly was crowned Pop-Corn queen at North Loup. The Nebraska White Spot ads were being read far and wide. A sorghum meeting was held at the Ted King farm. Atkinson was to face Ord in the season opener. The Loup Valley fair was only about \$1,000 behind, in spite of bad weather. A truck strike in eastern Nebraska caused the Union Pacific freight to be late with the mail. The first frost arrived Sept. 18, the earliest in 20 years, according to Weatherman Davis. Melvin Cornell of the North Loup Loyalist was married to Phyllis Gordon of Friend.

Twenty Years Ago—The Quiz put out a 24 page paper but that was when there were no restrictions on print paper, which was a lot cheaper than now. Mrs. Claude Mathison was writing the North Loup news for the Quiz. Atwater of Grand Island was awarded the contract for the construction of Ord's new Masonic temple. Rev. J. R. Mouser of the Ord United Brethren church was to preach his farewell sermon. The Ord Cooperative creamery shipped a carload of poultry. Coach Rex Reed was having a tough time building a football team, with only four regulars back from the preceding year.

Thirty Years Ago—Bert Harris had bought the restaurant business run for years by Bill Tunum. A fellow by the name of Edwin Ward was running for county judge. Boys fifteen to eighteen years of age were called upon to register in U. S. Boys Working reserve. Plans were being made for the fourth Liberty loan drive. The non-partisan league was strong in Nebraska, and growing stronger. A draft call was issued for seventy young men from Valley county. Another call was being made for Belgian aid. H. D. Leggett was publishing the Quiz at that time, had taken over Jan. 1, 1918.

Forty Years Ago—A fellow by the name of M. P. Kinkaid was a candidate for congress, in fact, had been many times before. The tenth annual tournament of the Ord gun club was being held, with teams present from a number of neighboring towns. Clark Lamberton, Ord's efficient auctioneer, returned from Broken Bow, where he had been running his auto as a taxi, talking people from town to the fair grounds. The Word came from the Methodist hospital in Omaha that George Parkins was recovering from an operation. A large number of Valley county people were going to Tripp county, S. Dak., to file on land there.

Fifty Years Ago—Peter Mortenson was a candidate for state treasurer. Further, he was elected. Little Johnnie Haskell came near losing a finger by coming in contact with a lawn mower. The most colorful debates of the century were being planned between the candidates for congress, Norris Brown, republican, and William Green, populist. One of the most prominent weddings of those days occurred when Musa Margaret Perry became the bride of George Herbert Milford. J. I. Murphy, a professional newspaper man, was in Ord securing material for a write-up of the town. This later appeared in magazine form, and a number of copies are still in existence.

KILLS 10 LB. PORCUPINE. John Sevenker, who lives in southeast Ord, was awakened one night this week by the loud barking of his dog just outside the door. Thinking the dog wanted in, he pulled the door, but the dog ran around the corner of the house. Following, John found a porcupine beside the house, which he killed with a club. The animal weighed 41 pounds. The dog had to be given anesthetic at the veterinary office to have the quills removed. Porcupines are very unusual here, and this is one of the largest reported in years.

Former Resident Died in Dakota

Eda Hackel was born in Phelps county, Kas., and moved to Valley county with her parents at the age of 1 year. The family home was located two miles west of the Midvale school. She remained there until her marriage to O. G. Davenport, which occurred Nov. 14, 1898. They then moved to Atchinson county, Mo. where they made their home.

MRS. DAVENPORT.

In the spring of 1906 they moved to Burleigh county, N. D., and remained in the Stewartdale community until her death, which took place Sept. 13, 1918. She left to mourn, her husband, O. G. Davenport, three sons, Charles W. Davenport, Bismarck, N. Dak., Capt. Harold O. Davenport, in the U. S. service in Germany, and Bernard Davenport, Livonia, N. Dak., one daughter, Pearl Davenport, Fairchance, Pa., and thirteen grandchildren.

She was preceded in death by her father, mother and brothers Charles and William Hackel. She leaves three brothers and three sisters: Ben R. Hackel of Lincoln, Ed and Frank Hackel of Ord, Mrs. Katie Marks and Miss Louise Hackel of Ord and Mrs. Lave Bredthauer of Grand Island. The Davenports would have observed their golden wedding Nov. 14 of this year. The funeral was held from the Bible Presbyterian church of Bismarck of which she was a member, Sept. 16, at 2 p. m. She lived for Christ 55 years and has gone to be with her Lord.

Mrs. Dave Bredthauer and son Herbert drove here from Grand Island Wednesday, picked up Frank Hackel, Louise Hackel and Mrs. Katie Marks and drove to Bismarck to attend the funeral Thursday.

AROUND THE STATE

By George S. Round, Extension Editor, Uni. of Nebr.

This is the season when winter wheat is seeded in Nebraska—and much of it is already in the ground.

Nebraska is an important wheat producing state. Yields in the past few years have been consistently good in the panhandle. Improved varieties developed by land-grant colleges and the U. S. Department of Agriculture have helped to put millions of additional bushels of grain in the bin. Replacing the old Turkey Red wheat of by-gone years on most farms are such varieties as Pawnee, Cheyenne, Nebred, Nebraska 60 and others.

Wheat though is grown differently in the Cornhusker state than in some areas in the state of Washington. We saw some wheat out in Whitman county, Washington, just before cutting time late this summer. There, the cereal is grown on what seemed like mountains. Slopes, if they may be called that, of 30 to 40% were all seeded down. Crawler type tractors are used. Levelling devices are used on the combines to get the harvest in. Yields in that section of the northwest have been excellent but some people out there wonder if the production of wheat on this rough land isn't bringing about a lot of erosion.

Here in Nebraska meantime, you look for an increase in broiler production. Take it from our old friend Jack Redditt. He is now out boosting broiler production. The reason: Thousands of the birds are grown in the east and shipped to Nebraska for processing. Redditt and others think the broilers can be produced here. Five projects are now underway at Ainsworth, Harvard and Grand Island with a total of 100,000 broilers, Jack says.

Card of Thanks

We wish to take this means of thanking our friends and relatives for their acts of kindness during the burial of our loved one. Especially we want to thank the American Legion, Veterans of Foreign Wars and Auxiliary for their part of the services. Ever eat a paw-paw? Well, Extension Forester Earl Maxwell brought one in the other day. The fruit looked like a stubby banana in sorts. The flesh in the fruit contains large flat seeds. Max got the fruit from a paw-paw tree in southeastern Nebraska where the tree is regarded as a native.

Look for some popping good yields of corn in the 10-acre corn yield contest this fall in Nebraska. The old mark of some 113 bushels made in Dawson county last year probably will go by the boards. Farmers in central Nebraska will gather at the North Platte Experimental Substation for their annual fall feeders day on October 1. The state wheat show will be held at McCook early in January of 1949. Helen Ochsner, the Madison county farm girl who has been in Sweden on an International Youth Exchange, returns shortly after October 1. She'll have plenty to tell of her experiences.

The ag engineers at the University of Nebraska have just issued a new bulletin telling how to construct temporary corn cribs. Information of value to farmers faced with storage problems is contained in the publication. Copies can be had from your own county extension agent's office. Jack Johnson, Patsy Clark's line coach here at Nebraska, is a rancher in Utah.

Poultrymen say that with plentiful feed supplies in sight and with chicken production in Ne-

braska down 25 percent this year over last year, it looks like a good season immediately ahead for the farmer with a well managed flock of hens or pullets. The hot dry weather of last week almost reminded us of the days when growing of sorghum crops was popular in Nebraska. Saw Sam T. Shrock of Holdrege the other day who was one of the early-birds in

growing the "camel crops" in the days when rainfall was sparse.

Finally, here at the University of Nebraska everybody expected a slight drop in enrollment this year. Instead, it's a record with something like 10,250 young men and women in classes—many of them in agriculture. See you next week—we hope.

Congratulations...

STILL WHISTLING

A few friends have volunteered the information that they will vote for me. This is gratifying, but after all, we have the secret ballot system, and we should keep it that way. How we vote is our own affair, the same as our political and church affiliations, which should not enter into the discussion, especially for the non-political office of county judge. When the last vote is counted and the result is known, I expect to keep right on calling you all my friends. Vote for me if you will, but please do not tell me how you vote. It is the fair thing to do. Thank you. Sincerely, John L. Ward.

FUNKS G WINS FIRST

In 16 out of 25 counties, in a 10 acre yield contest, sponsored by the University of Nebraska in 1947. Extreme drought through July and August of 1947 proved that Funks G Hybrids have more than equal ability to produce profitable yields under adverse conditions in Nebraska.

Why did FUNKS G win nearly twice as many firsts as all other Hybrids?

- Funks G is consistently good year after year even when going is tough.
- Because of a nation wide research program directed by one of the world's most capable corn breeders who travels a distance exceeding that of around the world to see and direct the technique used in research Field Laboratories.
- Rob-See-Co maintains a highly skilled research staff working under the direction of Dr. J. R. Holbert in each county territory they serve to prove which Funks G Hybrids are best adapted to your local conditions for use year after year.
- Rob-See-Co trains their service men and salesmen under the direction of these highly skilled men so that they too may understand which Hybrids will do best on your farm.

See your local Rob-See-Co Funks G dealer today. He will honestly help you select the Hybrid that will produce the most profits for you year after year.

SHE WON'T STOP by shouting Whoa!

Driving on today's crowded streets and highways doesn't give a man time to say "Jack Robinson" or "Whoa" either — when he has to stop in a hurry. Good brakes are the only thing that count then.

It pays in more ways than one to have your brakes in tip-top shape. The safest plan is to have your brakes inspected every 3 or 4 months. A simple adjustment then may save your brake lining for many thousand more miles.

Come in and have your brakes checked on our fast, automatic Bear Hydraulic Brake Tester. It is accurate and uncovers all brake troubles.

Placing Orders For Coal Is Never "Out-of-Season"

In recent years, we have learned that ordering coal for home heating use is never "out-of-season." Wise householders know it pays to stock up on coal during the early months to be sure of avoiding mid-winter shortages.

Order coal now and let us fill your bins to capacity. Then you'll be sure your home will be warm all winter.

Ord People Attend Soil Erosion Meet Held at St. Paul

(Continued from front page)

He added that land values in the 23,000 acres of the North Loup district have increased about \$100 per acre as the result of irrigation, and in the 12,000 acres of the Middle Loup district about \$75 per acre. In addition the value of crops has increased about \$50 per acre. The cost of flood damage, he said, "deprives us of funds for maintenance and the meeting of our obligations."

Hugh Carson interested. Also present at this meeting was Hugh Carson of Ord, who has been taking an active interest in soil conservation.

Also present at the St. Paul meeting was Hugh Carson of Ord, who for some time has been actively interested in soil conservation, irrigation and flood control, all of which he thinks must be worked out together, as the three projects have so much in common. For example, Mr. Carson argues that it is only good judgment to hold back the waters that cause

the floods and then use this same water later in irrigation. By retaining the flood water with suitable dams, much of the problem of flood control will be solved.

It is also his opinion that the problem should be worked out over the entire area. This area, he says, concerns the welfare of no less than 31 counties out of the central part of Nebraska, or one third of the state. He further believes that there must be a plan of putting together some kind of an organization, comprising the entire area and built somewhat on the lines of the present organization at St. Paul.

The whole idea is now in a formative state, and the organization has been given a year in which to complete the files and get the necessary data in. This will take a lot of work and the cooperation of all persons concerned. He spoke of the islands of silt constantly forming in the North Loup river and made larger by each succeeding flood, spreading over the flood waters and causing greater damage as time goes by. The only answer to this problem, he believes is flood control.

Plight of Dannebrog. Andrus Nielsen of Dannebrog pointed out the sad plight of that town, which lies at the confluence of Oak creek and the Middle Loup river, with a large ravine going into Oak creek in the center of town. One of the floods mentioned by Mr. Nielsen was that of June, 1917, when water ran two to three feet deep through town for two days.

He added that in 1896 Dannebrog was flooded to a depth of five to six feet, and that there have been four floods in the past nine years. "If we had received a heavy rain in 1917 while the water was in our streets, Mr. Nielsen added, "we could have had a disaster in Dannebrog similar to that of Cambridge."

Floods cover half the Dannebrog cemetery, he said, and sometimes

come close to opening the graves. He urged that Oak creek be straightened out west of the city, and also that it be dammed. Sam Martin of Dannebrog emphasized Nielsen's warning and added that "the town was put in the wrong place, but we can't help that now, and must try to remedy the situation."

R. D. Pocock Speaks. Another speaker from this area was R. D. Pocock, who told the damage it does when the floods come. Normally a nearly dry stream, in flood time it carries an almost unbelievable amount of water after heavy rains and spreads out over valuable farm land, covering up and ruining crops, taking good soil away from where it is needed and spreading it out where it is not needed.

Last year, Pocock said, it spread over a dozen farms during the flood, and it normally does this twice per year. Mr. Pocock is fortunate in owning a farm on the higher ground just south of Turtle creek, but he is in position to see the damage this stream inflicts on his neighbors to the north.

Joe Toman, who has lived on the Middle Loup to the east of St. Paul for more than half a century, said that he had lost more than one hundred acres of land due to soil erosion by the river during floods. He said he had labored for years trying to prevent this by the use of riprap, but had finally given it up.

A number of other persons from all over the area added their testimony to that of those already mentioned. Dr. A. L. Miller, representative of the fourth district, was present and took part in questioning the witnesses. He warned that in time soil erosion would bring this country face to face with hunger, and recommended a long range plan of flood control to prevent this disaster.

ager until his health failed and he resigned.

He was an active member of the Congregational Church, also of the I. O. O. F. lodge. He leaves to mourn his passing his wife, Frances, daughter Gladys Zachary of Omaha; Albert of Dayton, Ohio; Eldon of Ypsilanti, Mich.; Stanley and Robert of Burwell; three grandchildren, one sister, Mary Benda of Ord, and a host of other relatives and friends.

He was preceded in death by his father in 1932, his mother in 1936 and his only brother in 1913, all of Ord. Rev. Marston and Rev. Sobotka conducted the services; Miss Mary Wagner accompanied a trio composed of Frank Wagner, L. J. Garrison and Gale Demaree. The pall-bearers were Neil Woods, Walter Lund, W. D. Beat, Robert Olson, Eben Moss, and E. V. Holloway and his remains were laid to rest in the Burwell cemetery.

In the passing of John Penas the Burwell community loses one of its most public spirited citizens. He was always ready to help in any worthy cause, and took an active interest in church, school, lodge or any other worthwhile activity. He was a kind and loving husband, a good father and neighbor, and will be long remembered by those who knew him.

though suffering with high blood pressure for the past three years, she retained her sunny disposition until the end.

Besides a host of friends, she leaves to mourn her loss her husband John, her sons, Duane and John Jr. of Burwell, Lee in the Army at Fort Knox, Ky., Larry at home; her mother, Mrs. Arthur Smith of Burwell, and two sisters, Mrs. George Richards of Clarion, Iowa, and Mrs. Al Weimich of Cotesfield, Nebr. Her father and one sister preceded her in death.

Funeral services were conducted Tuesday afternoon in the Congregational church with Rev. A. J. Hindman in charge. Interment was in the Burwell cemetery.

Mrs. John Buhlke, Burwell, Died Mon.

Margaret Ruth Smith was born to Arthur and Henrietta Smith at Fort Dodge, Iowa, on February 12, 1899.

She died at Burwell on Saturday, September 25 at the age of 49 years, 7 months and 4 days. Margaret was the youngest daughter of Arthur and Henrietta Smith and came to Burwell when she was ten years of age. She attended the Burwell schools and graduated from the Burwell high school with the class of 1917. In young womanhood she joined the Congregational church.

In the fall of 1920 she was united in marriage with John H. Buhlke. To this union were born four sons, all of whom survive their mother.

John and Margaret started their married life at DeVere on a farm known as the Old Store. In 1929 they bought a ranch a mile south of Swan Lake and until March of this year it had been their home.

Just a week before Margaret passed away, they had moved into the Hennick house in Burwell, which they recently purchased.

Margaret was endowed with a fine lovable disposition. She was never too busy to chat with her many friends and many were the times when she would get a meal for anyone who happened to be passing the ranch at meal time, friends or strangers alike. Al-

John W. Penas of Burwell Died Sun.

John William Penas, son of Frank and Frances Penas, was born in Czechoslovakia, October 16, 1878 and passed away in the Burwell Hospital September 21, 1948. With his parents and one brother he came to America in 1898 and they settled in Valley County where he lived until his marriage.

He was united in marriage to Miss Frances Casteck of Schuyler, Nebr., August 7, 1901. To this union five children were born, one daughter and four sons. Although a farmer by occupation he was active in all community and civic activities, The Farmers Union, The Burwell Butter Factory, The Soil Conservation Service, The Farmers Mutual Telephone Co. of which he was president and man-

Methodist Church. L. V. Hassell, pastor. Next Sunday is a great day for Christianity everywhere. A day when world Christendom will witness to the death and suffering of their Lord.

Sunday, October 3, is World-Wide Communion Sunday, when every hour of the day Christians will be humbly partaking of the emblems of their Lord's sacrifice. In this day of world confusion when the forces of Christ are being openly attacked in every nation, can anyone calling him self a Christian, afford not to witness for his Christ.

We are to make our sacrificial offering next Sunday to the starving millions Overseas. Bring a liberal offering with you to the Holy Communion next Sunday.

STILL WHISTLING.

I have reason for whistling. I was born and grew up in Mira Valley, near the center of the best county in the best state in the whole nation. When my war work was over I could have stayed in California, or I could have returned to Hawaii to the same job I had while I was there. I preferred to come back among the old friends, the people I had known all my life. I grew up here, and I expect to die here. Surrounded by old time friends and many new ones also, living in the best place on earth, can you think of any better reasons for whistling? I die here. Surrounded by old time friends and many new ones also, living in the best place on earth, can you think of any better reasons for whistling? I can't.

Yours truly,
John L. Ward.

Every once in a while Bud Shirley sets out to prove that he's our indispensable man. I was admiring the fine hedge that formed the boundary for the football field at Holdrege when Ord played there Friday evening. The hedge is thick and high, oh, it must be ten feet high, I guess. It is attractive, yet it makes a tight fence too. I mentioned how nice it would be if we could have a handsome high barrier like that around our field, and was informed that one was planted some time ago!

But here's where the part about Bud comes in. It seems the nursery supplying the hedge sent a man to set it out. The workman simply dug

his spade down into the ground, parted the sod, tugged in the roots of one plant, then firmly tamped the earth and called the bush planted.

Bud, with his long years of growing experience, took one good look at the planting and snorted. He got his spade and went to work, and next thing the city council knew he had dug up and replanted every bush. But he had done it differently, making a good sized hole, chopping the dirt fine, planting the roots tenderly, then carefully covering and firming the roots so that he felt SURE that hedge would grow.

So, some time when you don't relish the abrupt way Bud has chased your dog or your children off the golf course, etc., etc., remember how he planted that hedge for keeps. Give him credit.

In fact, our lovely park is a LOT of work. And now it will need still more attention, with all the leveling and planting to be done around the new pool. Assuming the pool can be fixed to be satisfactory, which I am sure it can.

When we are traveling, and stop to use the rest rooms in other towns, I sometimes wonder what the rest rooms in Ord are like? Are they clean and neat, and kept fresh and usable? I hope so, but I never think to check and see.

Yet it is true that travelers judge an entire town by a small feature like this. They will return to the town and to the particular filling station where they find things all in good order, soap in the soap container, paper towels in the receptacle where they belong, and generally clean surroundings.

I hereby say unto you, the condition of the rest rooms in the filling stations where they find things more important than you realize.

And this condition, desirable or undesirable, reflects in the business that that town draws unto itself.

Seems like once an Ordite, always you have the homing virus, an interest in Ord doings that never deserts you.

Our residents move away from us, but they can't get us out of their blood.

Friday evening at Holdrege Mr. and Mrs. Freeman Haught and Don slid on to the bench behind us, having driven ninety miles from Curtis to come and see Ord play football against Holdrege.

Arden Clark had come from Grand Island. Jay Stoddard came from Kearney.

Al Blessing got a ride up from Lincoln. Yessir, they must have Ord in their blood.

O. K. of Contract Clears Decks For Electrification

(Continued from Page 1)
Stockpile is just east across the highway from the Union Pacific depot. There are located all the transformers, 616, that will be needed to carry power to the 630 customers to be supplied in the "A" section. Here also is all the special wire needed for construction.

The construction of this wire is of interest, in that it consists of three wires twisted together, two of copper for conductivity and one of steel for tensile strength. After twisting this wire is covered to prevent rusting of the steel wire. There are three sizes of this wire the heaviest being used around the substations, the second size used to carry the current part of the way out and the lightest to complete the lines to the consumers' homes.

An Expensive Item.
There will be a transformer used to reduce the current at each farm home, or, where two are on opposite sides of the road, one may be used for two. These transformers cost approximately \$75 each, or about \$15,000 for this item alone. The current will be 7,200 volts on the line and reduced to the customary 115,220 volts by the transformers. Covered copper wire is to be used for lead-in wire to the farm homes.

In addition to the material on hand for "A" district, most of that for "B" district is on hand and is stored on the Tom Rasmussen lots to the south of his residence. The material here is the same as that for "A", except that the wire is what is called amerductor wire. It is made of three wires the same as the other wire is, but it is not coppered, but galvanized. Two more carloads of amerductor wire should arrive at any time now, and the go ahead will be given for advertising for bids as soon as the material is on hand.

The organization has on hand about 600 pounds, but can be handled quite easily by two men with a bar through the center of the spool. In erecting the line the wire will be reeled out from an especially constructed truck. There are two large piles of poles on the Union Pacific tracks about a block east of the Ord Seed

House, and one not far from where the Burlington depot used to be. In addition, poles are piled at North Loup, Loup City, Rockville and Aradisa, putting them in the nearest place to where they will be used.

For the present there will be two sub stations, one at Loup City and one at Ord. City Manager Allen will build the one in Ord, as the Ord plant is to furnish juice for about 60 percent of the project, the rest being furnished by the plant at Loup City. The Loup City section of Section "A" extends to the north west to Aradisa, and some distance to the north from there. Another branch extends to the north and east, serving that area and some of the farmers to the south of North Loup. The rest will be served from Ord.

Service Line Later.
There is no connection between the two sections, each being entirely independent of the other. It is the hope of Mr. Hollands that at some time in the future a service line may be built between the two towns. Then, in case of failure in one section, it would be possible to service the entire project from either town.

In addition to the material on hand for "A" district, most of that for "B" district is on hand and is stored on the Tom Rasmussen lots to the south of his residence. The material here is the same as that for "A", except that the wire is what is called amerductor wire. It is made of three wires the same as the other wire is, but it is not coppered, but galvanized. Two more carloads of amerductor wire should arrive at any time now, and the go ahead will be given for advertising for bids as soon as the material is on hand.

The organization has on hand about 600 pounds, but can be handled quite easily by two men with a bar through the center of the spool. In erecting the line the wire will be reeled out from an especially constructed truck. There are two large piles of poles on the Union Pacific tracks about a block east of the Ord Seed

going to the northeast, crossing the Cedar river and then to the northwest as far as the Leland Chaffin and Vernon Lowery places. Another branch goes into Garfield county as far as the Elmer Hallock place. Still another part goes over into Greeley county and services the country to the west of Greeley.

Section "D" Coming.
The fourth, or "D" section is being developed rapidly, with 210 signers to date. The plans call for getting all these sections as rapidly as the materials can be obtained and the essential details attended to. In order to get the "D" section under way as rapidly as possible, Mr. Hollands is anxious to contact any who are not already signed up and who would like to get in on rural electrification. Not all farmers are so located that they can be brought into the present set up, but there should be many who can be serviced who are not as yet signed up.

It is probable that there will be a new setup for section "C", and "D" as well. The first two sections are to be advertised under a labor only contract. In this the cooperative buys the material and the contractor furnishes the labor. The new contracts will call for both labor and material. Under this system, the contractor furnishes his own material, with the exception of the transformers, which are bought by the cooperative, and also the conductor. The cooperative buys these and the contractor takes them off the cooperative's hands. The delivery date for two carloads of "C" material is by November, and the

balance should be delivered by the second quarter of 1919.

Since March the cooperative has had a crew of from 6 to 14 men, under the direction of Chet Austin, clearing the trees away from the right of way. As a result, nearly all this work is done, and there will be nothing to hinder the rapid completion of the lines when the contractor arrives on the job. While it is hardly likely as was once hoped, to have the power turned on by Christmas, it is certain that the lights will be burning brightly in the homes of section "A" before spring.

Electric Advisor.
Number 4 of Volume 1 of the paper put out by the Loup Valleys Rural Electric Membership association, known as the Rural Electric Advisor, came off the press a few days ago, and will serve to keep all members informed of the latest developments in the electric field. It contains in addition a list of important happenings from day to day, called "Office Jottings." There are interesting recipes furnished by members, a special article on "Wiring for the Jobs Ahead." Pictures of the officers of the organization, this week a good one of Clifford Goff, the secretary, and a sketch of his farm activities. Finally, there is a list of questions and answers about the local REA coop.

It is a most interesting trip to visit the office at 221 south 16 street and have Mr. Hollands show you the maps which adorn the walls, showing the setup of the four sections of the Cooperative in this area. These look like

a mystic maze at first, but after a few words of explanation the meaning is easily understood. It also impresses one with the extent

of the Loup Valley coop and the large number of farmers who will be included when the system is completed as planned.

SOME FACTS ABOUT CHIROPRACTIC

By Elizabeth Jane Leonard, D.C. P.H. Author of "Scientific Explanation of Chiropactic," graduate of U.C.C. and N.C.C. Licensed in Kansas and Nebraska. Chiropactic, as it is employed today, is a comparatively new science. Therefore it was deemed advisable to publish a series of articles on the subject. The name is from two Greek words, their (hand) and prakticos (practice) hand practice. History does not record when, where or by whom the principles of this science were discovered. Egyptologists affirm that the replacing of displaced vertebrae was practiced by the Egyptians many years before Christ. It is evident also that early Greek physicians employed this method of treatment. It is further commonly known that among the Bohemians spinal adjustment has been used for generations. However, Chiropactic as a distinct method and science of healing was founded by Dr. D. D. Palmer of Davenport, Iowa, in 1895. The name was suggested to him by Rev. Samuel H. Weed. Chiropactic teaches that disturbed nerve function is responsible for most of man's ills, and that spinal adjustment is the greatest single factor in restoring normal function to the nerves and maintaining health. Thus Chiropactic removes the cause of disease without the use of drugs or surgery. Watch For Article Two

Homemaking Dept. News

(By Students Taking Homemaking.) Yes, we hope to have a news column all of our own in the Ord Quiz this year, written by our girls. Please read it and let us know if you like it. **Norma Long Helps.** (by Dorothy Urban) Norma Long, a Junior in Vocational training at the University of Nebraska, has been earning extra University credits by helping our new Homemaking Teacher, Miss Grace Heston. We want to thank Norma and Mrs. Long for the vases and flower holders they let the Homemaking girls use for their flower arranging.

Pineapple Waffles. Here is Lillian Penas' favorite recipe. She says they are so good they simply melt in your mouth! She got the recipe from Mrs. Wm. H. Olds, Lebanon, Ore.

2 1/2 teaspoons baking powder
1/2 teaspoon salt
2 cups flour
1 1/2 cups milk
4 tablespoons shortening
cup crushed pineapple
Sift flour with baking powder and salt. Beat eggs until light. Add with milk to sifted dry ingredients. Melt shortening. Cool before adding. Blend in thoroughly. Pour batter onto hot waffle iron and cook until brown and crisp. After waffles are prepared add 2 tablespoons sugar to flour mixture.

Pineapple Syrup. Strain pineapple and use the juice for syrup. Add sugar and boil until slightly thickened. Pour over waffles while hot.

Fall Styles. (by Jo Ann Peterson) We went on a field trip down town, September 15, to examine the new winter styles and materials. We visited J. C. Penney Co., Brown McDonald Co., Chase's Dress Shop, and Earl's Clothing Store. We are all grateful for the kind hospitality we received from the clerks of all these stores. We were very interested in the new styles and materials as we will begin our sewing unit Monday. The styles have changed very little since last spring. There is a great deal of emphasis on the backs of the garments. Many gowns feature necks and, of course, the new long length. The girls are very proud of their four new electric sewing machines, which are a great improvement over the old ones. Since the beginning of school our class has been rearranging the furniture, hanging curtains and adding smaller articles, such as vases and pictures throughout the three rooms. We have also received new books and magazines which may be checked out regularly by the girls.

There are 70 girls taking homemaking and we're all proud of the improvements being made in the department.

Arranging Flowers. (by Maxine Maslin) Our class consisting of 18 girls has been studying flower arranging. Some of the rules we try to follow are:
1. Rugged flowers should be put into heavy sturdy vases.
2. The vase should not be seen before the flowers.
3. To make flowers make a bouquet look top-heavy.
4. Make the flowers stand 1 1/2 times as high as the vase or if the vase is flat make them 1 1/2 times as high as the width of the vase.
5. Find the right place for your flowers. Flowers used on a dining table should not be too tall and should look nice from all sides.
6. For more attractive bouquets add other accessories.

Tuesday we all went on a field trip to buy some vases for our department. We found many examples of good design in vases right here in Ord! Wednesday we arranged flowers and judged them. The girls that made the most interesting arrangements were Carole Lane, Ellen Jean Poth, Karen Burrows, Maxine Maslin, Marian Severns and Lorraine Sich. —Where would you look to see if someone had found your lost livestock? James B. Ollis, jr. Ordained Minister
Ordination services for James B. Ollis, jr., son of Mr. and Mrs. James B. Ollis of Ord, were held by the Presbytery of Platte at the Old Presbyterian church Wednesday evening, Sept. 15. The service was conducted by Rev. James Harris, vice moderator of the Presbytery of Platte, who is also pastor of the First Presbyterian church of Loup City. Rev. Silas G. Kessler of the First Presbyterian church of Hastings preached the ordination sermon and took for his text, "The Hazardous Life." Also participating in the service were Rev. Wilbur F. Swan of the First Presbyterian church of Minden, Rev. George E. Chapman, state clerk of Presbytery of Platte, of the First Presbyterian church of Gibbon, and Rev. Robert T. Cordry of Ord. Joining in the ceremony of the laying on of hands were two visiting ministers, Rev. George Long of Ord and Rev. Keith DeLan of Wood River. Harry Payne of Hastings college played the music during the service and William Nelson directed the choir in singing the anthem. The newly ordained minister, Mr. Ollis, pronounced the benediction at the close of the service. Immediately after a reception was held in the church parlors to friends and relatives. The Rev. Mr. Ollis will assume ministerial duties at the Presbyterian church of Scranton, Pa. where he spent the past year in student work.

CHURCH NOTES

Methodist Church. L. V. Hassell, pastor. The subject next Sunday is "This One Thing I Know." This is a series on "This One Thing." Let us all remember that we are the church and the church can do only what we as individuals do. If we are loyal, we have a fine, forward going church with spiritual service for the community, if we neglect, the church suffers according to the neglect of its members. May we depend upon every one and have your presence each Sunday at church and Sunday school.

Let us all remember the Know Your Parish Rally at the church Thursday 2:30 and 8:00 o'clock, with banquet at 6:00 o'clock. This is an event, and as host to other churches, we cannot afford to miss. Keep this date open for the church.

DeFrates - Pierce
Saturday evening at the farm home of Mr. and Mrs. J. W. Gregory, occurred the marriage of Arlene Myrtle DeFrates and Mrs. Gregory's brother, Wayne Pierce. Rev. L. V. Hassell of the Ord Methodist church performed the single ring ceremony. The groom's niece, Mary Ann Ohlrich, was bridesmaid, and her husband, Harold Ohlrich acted as best man. The home was appropriately decorated with white chrysanthemums, and the ceremony was performed by candle light. The bride wore floor length organdy, with a finger tip veil, and carried white carnations. The groom was attired in dark gray. Following the ceremony refreshments of ice cream, cake and coffee were served to the immediate relatives. The couple went to western Nebraska for a short trip, and are now at home to their friends in the home that Mrs. Pierce prepared for his bride in Ord.

Housewarming.
Six couples held a housewarming party Thursday evening for Mr. and Mrs. E. R. Apking who moved into their new home at 1915 M street recently. Those present were Mr. and Mrs. V. A. Anderson, Mr. and Mrs. Bruce Covey, Mr. and Mrs. George Anderson, Mr. and Mrs. E. C. Leggett and Mr. and Mrs. C. A. Anderson.

Covered Dish Lunch.

on agricultural subjects. In virtually all of these, farmers are urged to rely on experience and go slow in sinking too much in products that had not been tried and proven in Nebraska's soil.

One of the enthusiasms of Nebraska's pioneer agriculturists was the growing of fruit. J. Sterling Morton once wrote: "If I had the power I would compel every man in the state who had a home of his own, to plant and cultivate fruit trees."

Once they had demonstrated Nebraska's suitability as a fruit producing state, the two societies were anxious to inform the rest of the country of its possibilities. Consequently, in 1871, they entered an exhibit in the show of the American Pomological Society in Richmond, Va. Much to their surprise, they won first premiums for apples and pears.

In 1873, they entered a similar show at Boston, and again Nebraska's apples took the first prize. The pears were awarded a medal, and honorable mention was given the peaches, plums and grapes.

The Horticultural society's committee in charge of the Boston show congratulated Nebraska, upon the second complete and

triumphant national success pomologically. Its report went on to state: "There is now no longer any doubt as to the adaptability of Nebraska as a fruit growing region. At Boston, there were present, the pomological veterans of the nation, all of whom were unreserved in their expression of commendation to the superiority of the essential characteristics in Nebraska fruits."

State fair with its inspiring exhibits of the products of Nebraska's farms and ranches should remind us that this great agricultural economy has not just happened.

It is the result of the work and vision of many far-sighted and industrious Nebraskans. From the very beginning of white settlement out here, there were men who labored long to demonstrate the possibilities of agriculture in the new land.

Ord's Opponents Play First Games

Over the week-end Ord's future opponents on the football field were busy taking the measure of each other, and as is customary, some showed up well and others failed to get anywhere. The results may be of some help in determining the Chanticleers' chances in the weeks to come.

In a game between Lexington, Ord's Friday evening opponent, and Broken Bow, due here Oct. 15, the Warriors had an easy time with the Minutemen after a rather wobbly start, and made the final score read, Broken Bow 26, Lexington 0. The Minutemen were hard hit by graduation and did not hope to get too far this season. The game Friday evening here will form some basis for computing Ord's chances against the Warriors.

Ralph Meston, Virgil Prescott and Bill Pester did most of the ball hugging for Broken Bow, and Pester threw two passes to Dick Wilkerson for nine and 36 yards. The score at the half was 6 to 0, but the Warriors stepped up the action, making 6 points in the third quarter and fourteen in the final period. At present Broken Bow looks like a tough assignment for almost any team, and the toughest on Ord's slate.

Albion Strong. Another Friday night game at Albion brought together the Albion team and the squad from Ravenna, with Albion winning 21 to 6, thus revenging a defeat suffered last year. Ravenna scored on a pass interception in the first quarter, and from then on it was all Albion. Albion plays at Ord Oct. 8, and Ravenna will be seen here Oct. 29.

Loup City has been practicing under the new lights at the Loup City sports park. Friday night they went to Sargent and defeated the team there by a score of 32 to 7. Loup City will entertain the Chanticleers there Oct. 22. The Red Raiders have four experienced men in the back field, John Hegarty, Jr., Irving Thode, Billy John and Karl Focht, Jr. Thode, a 4-year man, is especially dangerous, and so is Hegarty. Sargent does not play Ord.

Imperial, Ord's opponent Oct. 1, went over into Colorado and defeated Hixby, a much larger city, by a score of 14 to 0. Not enough is known about the Colorado team to figure just how strong this victory makes Imperial, but a victory against any team makes the winner a power to reckon with. Besides, Ord has a 225 mile trip to make before playing this game.

North Loup Rated Top Six-Man Team

By virtue of their stunning victory over Pleasanton last week, the Challengers of North Loup were given top rating by Gregg McBride in his first 6-man listing of the season in Tuesday's World-Herald. The lads surprised their coach and themselves by running up a much larger score than they had even hoped for.

McBride has this to say of the North Loup team: "Coach Bill Cook's outfit moved into the top spot by drubbing a veteran Pleasanton club which had hopes of going places this season. The Challengers won, 61 to 0." It may have been the new blue and white uniforms they were wearing, and it may have been the huge crowd cheering the game.

The team stood out, any way you figure it. Mulligan threw two touchdowns passes, Kerr, Hawkes, Goodrich, Mulligan and Holmes stood out with their splendid blocking. Defensively Myers, Stillman, Lytle, Manchester, Leonard, Brown and Goodrich played an almost perfect game. Thursday the Challengers meet Dannebrog at North Loup. The Danes won their first game from Cairo 26 to 6.

CARAVAN HERE MONDAY. The Republican caravan which will tour Nebraska next week will arrive in Ord Monday for an informal 8 a. m. breakfast, after which candidates will speak from the west court house steps, according to Clarence M. Davis, county Republican chairman. Speakers will be Senator Kenneth Wherry and Congressman A. L. Miller, and possibly others. From here the caravan will go to Burwell arriving there for a street meeting at 10 a. m.

LICENSE ISSUED. County Judge Joseph W. Ramackers issued a marriage license to Irma B. Schneider, daughter of Anton Schneider, sr., of Burwell, and Frank C. Misko, son of Mr. and Mrs. Henry Misko, Tuesday of this week.

Greeley Loses to Ord Team Sunday

Playing a good brand of ball behind the steady pitching of Dick Beran, the Ord team won rather easily from the Greeley team on the Ord Athletic field Sunday. Ord touched the two Greeley pitchers, Tommy Smith and Bill Dugan, for 14 hits from which they manufactured 10 runs. Ord committed two errors, while Greeley was guilty of six.

Easily the feature of the game was the pitching of Beran, who held the visitors to five hits and two runs and yielded up only one base on balls, while the opposing pitchers gave two each. Greeley had one double play, while Ord had two. Costello caught the entire game for Greeley, while Rikki and Vail divided the honors for Ord.

MR. CARSON REPORTS.

In order to help promote the Nebraska 10 acre yield contest promoted by the Nebraska College of Agriculture, the J. C. Robinson Seed Co. of Waterloo, Nebraska offered certain prizes as a stimulant to induce farmers to take part in the contest.

Their prize offered in the 1947 contest was a free trip to Bloomington, Illinois to visit Funk Bros. Seed Co. Research and Field Laboratories, for the county winner and the salesman who sold the county winner's corn. The high yield was with a Funk G. Hybrid.

Last week the J. C. Robinson Seed Co. chartered a bus taking 33 winners together with salesmen, in 16 counties out of the 25 in the 1947 contest, and who report many fine corn fields throughout Nebraska, Iowa, and Illinois.

They also report being entertained royally by the Funk Bros. Seed Co. and were shown what a vast amount of work in the Laboratories is required to develop a good Hybrid.

Dr. J. R. Holbert and his staff used a public address system in explaining the technique used in their field laboratories. One of the most interesting experiments being conducted is a field refrigerator in which the stalk and ear shank is insulated and the temperature is held at 37 degrees from shortly after sundown until after sunrise. This will determine the ability of hybrids and inbreds to develop under cold night areas, which are common in the higher altitudes in which corn is grown.

This pleasant and profitable 5-day trip was made without accident and they returned with a vision of the great progress in the nation wide research program.

On the humorous side, one farmer learned the hard way how important time is in all worth while activities. He allowed his curiosity to see the city of Des Moines outweigh the importance of time in bus schedule, resulting in a thirty mile taxi race to catch up with the bus.

All are hopefully looking forward to a similar trip in 1949. (Adv.)

Superphosphate

We still have a number of tons of Superphosphate on hand that we can sell you at \$35.00 per ton. If this Superphosphate is applied to your wheat or rye land at sowing time you will have a much better stand and your grain will mature more evenly next year. Why not try Superphosphate on a number of acres of this grain this fall. Superphosphate applied to alfalfa and grass land will increase the tonnage of hay next year and will also improve the crop of alfalfa seed.

Alfalfa and Sweet Clover Seed

Alfalfa and Sweet Clover seed is bringing a very good price this year and we are in the market for any seed that you have to offer. The Sweet Clover crop is developing to be a lot bigger crop than was first anticipated and the market is down a dollar or more per hundred pounds but it is still bringing a very good price. It would seem to us that Sweet Clover seed will bring you more money now than later. The alfalfa seed crop is also larger than expected out the price has been very good.

Grains

Wheat has been a little higher this week and the cash market has been up a little the past few days. If you have any grain to sell we would like a chance to make you an offer.

Protein Feeds

Protein feeds are a little higher than they were a couple of weeks ago and we believe that this is a very good time to place your order for protein for this winter's use. The demand is greater now than the past Beans and Cotton seed will north and new crop Soy not be ready to process for sometime.

Ord People Attend Soil Erosion Meet Held at St. Paul

Government Engineers Hear Much Testimony Concerning Damage by Flood Waters.

A number of local people attended a meeting held Thursday at St. Paul at which the propositions of flood control and soil conservation were discussed.

Both these meetings had been preceded by at least one at Columbus. The object of these meetings, as brought out by the hearings, was to put before the army engineers as much data as possible on flood damage in the area drained by the Loup rivers and also in the area affected by the flood waters from this area after it has passed further down the stream.

Col. Lewis W. Prentiss, district engineer at Omaha, who presided at the St. Paul meeting, explained that the purpose of the hearings is to determine whether flood conditions in the Platte and Loup valleys justify measures taken up by the federal government.

Col. Prentiss stated that the benefits from any flood control project must at least equal its cost and maintenance, or it will not be undertaken. On the basis of these hearings and others to be held in the future when more data has been collected and made available the corps of engineers will prepare plans of what seem to be the most practicable projects and if they are thought to be feasible, they will be presented to congress.

One of the principal witnesses to appear before the engineers was M. S. Dodd, who is general manager of both the North Loup and Middle Loup irrigation districts. These districts came into being as the result of the drought years of the 1930s, and were completed in 1937 and 1938.

According to figures given by Mr. Dodd, the total damage to the North Loup properties caused by floods in the years 1939, 1940, 1941, 1942, 1943 and 1944 was \$53,400. In the Middle Loup project the flood of 1942 alone caused so much damage to the two diversion dams that it cost \$27,000 to patch them so they could be usable.

To quote Mr. Dodd: "Floods are a constant hazard to continuation of the two projects. It has been estimated that the cost of putting them in good condition would be \$1,007,000, most of which would be required to handle runoff water. The government has spent \$3,100,000 on the two districts and the RFC now holds bonds amounting to \$1,610,000, money somebody must protect."

Ladies Learn Art of Home Painting

With Miss Katherine Helzer, home extension agent, as their instructor, eighteen ladies, two from each of nine extension clubs in Ord territory, were learning the art of using color in the home at a school held at the American Legion hall Friday afternoon.

This is the last of three lessons given each year to representatives of the clubs, who in turn go into their club meetings and pass on the information they have received. There are nineteen clubs in Valley county and the other clubs receive the same lessons at meetings held in Arcadia and North Loup.

They were learning the art of mixing paints, and the proper method of harmonizing colors. Mrs. Loren Good, one of those present, had donated the group some books on color harmony put out by the Glidden paint company which should be of great value, not only in the use of colors, but in the proper arrangement of furniture in the home.

Albion Swamps St. Paul 55 - 0

The Albion high school Cardinals made it two wins when they defeated the St. Paul gridsters Friday night by the top-sided score of 55 to 0. The game was played at St. Paul and the result was according to pre-game predictions. The game afforded Coach Best an opportunity to give his second string lads a good workout and save his regulars for the clash with Neligh Friday night. Albion comes to Ord, Friday night, October 8.

Social Security Official Coming

Stanley D. Allen, Field Representative of the Grand Island Social Security Administration field office, will be at the Court House building in Ord at 11:00 a. m. on Thursday, Oct. 7, 1943. Losses, caused by delayed filing of claims at age 65 or in the case of death, can only be prevented by the prompt filing of claims. Questions in regard to the requirements for an insured status under the Social Security Act should be presented at the time listed above.

Lyle Sintek Hurt in Auto Accident Near Bradshaw Sat.

In Collision While on Way to Capital City to Attend Nebr. - Iowa State Game.

In an accident which occurred at Bradshaw Saturday morning three North Loup people and one Ord girl suffered injuries. Mr. and Mrs. Lyle Sintek, accompanied by Lyle's brother Gale and Dena Wilson of Ord, were on their way to Lincoln to attend the Nebraska-Iowa State game when their car collided with one driven by Donald Karn of Chadwick, Ill. Lyle was cut on the chin and badly bruised. Mrs. Sintek was slightly hurt, Gale was also slightly hurt, and Miss Wilson suffered a cut over one eye. Mr. Karn and a small boy riding with him were not hurt. The Sintek car was badly damaged and the Karn car had extensive damage also, though not as badly as the North Loup car.

The Illinois car was coming from the east and made a left turn in front of the Sintek car, which the driver saw too late to avoid the accident. The injured persons were taken to the hospital at York and given first aid. Jerald Fisher and Dencie Sintek, also in the Sintek car, were uninjured. The White wrecker went down from North Loup and brought back the Sintek car.

Aldrich Janicek, Burwell Farmer, Suicide Saturday

Drove to Farm, Shot himself with Shotgun; Body Found Saturday Evening

The Burwell community was shocked Saturday evening when it was learned that Aldrich Janicek, well known farmer living two miles northeast of town, had taken his own life. He had often threatened to commit suicide, and his wife had kept close watch over him in hopes of preventing what happened.

Mr. and Mrs. Janicek had gone to Burwell Saturday evening, and he disappeared shortly afterward. When Mrs. Janicek failed to find him to contact a doctor, she and her husband had her brother-in-law drive her out to the farm, where they found the car in the yard. They called to town for help and several men responded.

They found his body lying in the yard. He had evidently put the muzzle of a shotgun in his mouth and pulled the trigger. No good reason can be assigned for the act, although it is thought he might have become deranged at the time of committing the act. The authorities found it a definite case of suicide.

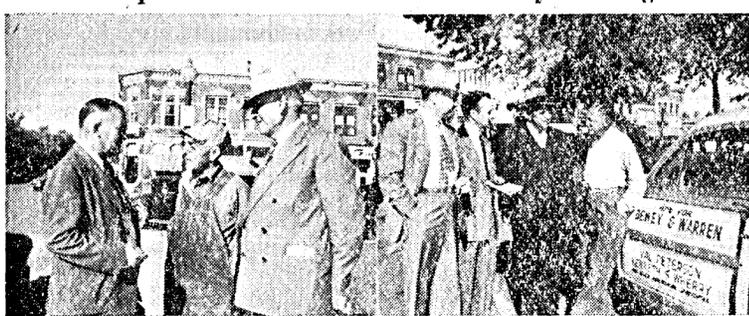

Aldrich Janicek was born March 9, 1885 at Omaha, Nebr. When he was one year old his parents moved west and settled in Custer county, later moving to Loup county. There Aldrich grew to young manhood and entered the service in World War I. After his discharge from the army he started farming for himself on a farm east of Burwell.

April 26, 1921 he was united in marriage to Emma Moravecck. He and his bride continued to live on this farm until his death. He passed away on Sept. 25 at the age of 63 years. He was preceded in death by his parents. His father passed away in June, 1932, and his mother died Aug. 13, 1943, just six weeks ago.

He is survived by his wife, one brother Frank and three sisters, Mrs. Mildred Rubick of Verdun, Nebr., Mrs. Emma Drobny, Chico, Calif., and Mrs. Emma Tuma, Sacramento, Calif. The funeral was held from the Burwell Congregational church Monday at 2 p. m. with the minister, Rev. A. J. Hindman, in charge and burial was made in the Burwell cemetery.

LICENSE ISSUED A marriage license was issued Saturday, Sept. 25 by Judge Joseph W. Ramakers to Louis E. Hurt of Ashton, Nebr., and Adeline Wadas, daughter of Joseph Wadas, and the bans were announced last Sunday in the Ord Catholic church.

Republican Leaders Visit Ord Tuesday Morning

Republican leaders from over the state descended on Ord Tuesday morning for an hour of hand shaking, speech making and conferences with local party leaders. In the first picture, Anthony Thill (center) of Ord, tells Congressman A. L. Miller that he liked his talk. Charles Warner of Waverly, (right) beams in agreement. Second picture, Frank H. Anderson of Scottsbluff, candidate for Attorney General, Robert B. Crosby of North Platte, Lieutenant Governor, Clarence Davis of Ord and Ray Johnson of Lincoln State Auditor, hold a brief conference. Pictures by Mae Eby.

G. O. P. Caravan Visits Tuesday Morning in Ord

Wherry, Miller, Tell of GOP Support of Farm Program; Pledge Reclamation Work.

Pledging continued support to the farm program, and promising full action on reclamation and irrigation plans for Nebraska, Senator Kenneth Wherry and Congressman A. L. Miller, headed a slate of Republican party leaders in Ord Tuesday morning.

The group were on the second day of their statewide tour with the G.O.P. Caravan. After breakfast with Valley county republican leaders, candidates making the trip spoke briefly to a fair sized audience in the courthouse square. Congressman Miller, who has been intensely interested in irrigation projects of the Fourth District held those assembled and the increased value of farm products had more than paid for any costs of irrigation and that the future of the nation depended on the expansion of irrigated areas.

Protected Farm Prices. Wherry traced the progress of the farm stabilization program through the last congress and gave the republican party full credit for holding the senate in session to see that farm price protection measures were passed before adjournment.

Robert B. Crosby, North Platte, lieutenant governor, acted as master of ceremonies and introduced candidates Charles J. Warner for lieutenant governor, Ray C. Johnson, for state auditor; James H. Anderson, for attorney general; Richard H. Larson, for railway commissioner and Harold A. Palmer for railway commissioner, short term.

Party leaders present included Mrs. Edna Basten Donald, Grand Island, national committeewoman, Mrs. Arthur Dowling, Merriman, women's division leader and state vice-chairman; Joseph Wishart, Lincoln, acting state chairman. Clarence Davis, republican committee chairman for Valley county, was in charge of local arrangements.

From here the group left for Bartlett and Burwell and planned to spend Tuesday night in Ainsworth.

REA Construction Starts Monday

A. B. Reither of the Reither Construction company of Denver was in Ord Saturday with another member of his crew. They brought two trucks with them. They stated that actual construction on the REA lines of section "A" would start next Monday. By that time 16 trucks and two diggers will be on the job.

The Ord office has figured out that, in order to complete the job by the deadline, which is Jan. 29, the lines will have to be erected at the rate of 60 miles per week. The contractor will bring his technical help with him, but will be able to employ ten or twelve local laborers.

Mr. Reither plans to be in Ord this week-end to check over materials and make plans for expediting the work as much as possible. While he has until the above specified date to complete the work, he hopes to be able to get the job out of the way in less than the allotted time.

Dinner For Cosmopals Held

Sixty-four attended the annual fall dinner dance given by members of the Cosmopolitan Club for their Cosmopals at the Veteran's club Thursday evening. President Floyd E. Beranek presided at the dinner, after which the evening was spent informally.

Bartlett Rancher Dies in Air Crash in Fog Wednesday

Leonard Grossnicklaus, 33, Crashes Light Plane Six Miles Southwest of O'Neill.

Shortly before 9 a. m. last Wednesday, Leonard Grossnicklaus, Bartlett rancher, hit the earth with his two-passenger Cessna aircraft, killing himself and demolishing the plane. The accident occurred near the Ditchcamp ranch, six miles southwest of O'Neill.

There were no eye witnesses, but several persons heard the crash, which came in a heavy fog. The plane apparently crashed at a steep angle, burying the nose and landing gear. Mr. Grossnicklaus had made arrangements to take his plane to the O'Neill airport for repair before going on a trip to Minnesota.

The young Wheeler county rancher had been flying his own plane for several years according to friends who knew him. He operated a ranch seven miles north and two miles west of Bartlett. He ran into the fog after leaving his field and the fog is blamed for the crash.

Mr. Grossnicklaus had phoned the O'Neill airport earlier that morning that he was bringing the plane in for waxing. There were indications that the plane barely cleared a fence row before crashing. The wreckage was discovered over a large area. He was married and leaves his wife and an adopted daughter, Marlene, three years old.

Hall and Howard Cos. Build Bridge

Members of the Hall and Howard county boards got together Monday and agreed to replace the washed out Middle Loup river bridge near Locusts at a cost not to exceed \$38,000. This bridge was destroyed by the June flood of 1941, and the public has had to get along without it since.

The site of the bridge is on the line between the two counties. Because of the danger of floods the new bridge will be built further down the river and will all be in Howard county, but both counties will share in the expense, since both counties benefit from it. L. R. Rude, Hall county engineer, said the building might be delayed for as much as three years because of the shortage of structural steel.

Stoddard With Colorado Aggies

Fort Collins, Colo.—Switched from guard to a defensive center post, Orville Stoddard of Ord drew praise from Coach Bob Davis of Colorado A. & M. College for his play in the season's opener Sept. 18 in which the Aggies defeated Colorado College 25 to 6.

Stoddard is one of four seniors on the Aggie eleven. He lettered last year as a guard and was considered the most likely man to switch when none of Davis' regular candidates returned to school. The Nebraskan played prep ball at Ord and during the war played with a Navy V-12 team at Minot, S. D. He weighs 197 pounds and is taking Civil Engineering. He is the son of Mr. and Mrs. Fred Stoddard.

First Selective Service Call Will Take 26 Year Olds

Henninger Says All Men That Age Will Be Called and 25 Year Olds, Too.

The first selective service call will take all of Nebraska's eligible 26 year olds and a large percentage of those in the next age bracket.

Brig. Gen. Guy N. Henninger, state selective service director, said Thursday night that the upper age brackets will furnish men for only the first several calls and that "we will work down to the 18 year old base line in a comparatively short time."

The general spoke at a meeting of the Omaha chapter of the Reserve Officers Association. Only in the lower age groups, he said, will there be found any large proportion of men who are non-veterans, single and who will not be deferred for other reasons. There are only 357 such men in the 26 year old group in Nebraska, Henninger said, and "in this group we are bound to find a considerable number who are physically fit."

Because otherwise, they would be World War II veterans. The first call will take approximately 100 men from Nebraska, he said. The one following month, in December, will take about 250.

Mrs. W. Dobson Died Monday

Mrs. Walter Dobson, formerly of Arcadia, but recently living between Ord and Arcadia, passed away Monday evening at the age of 51 years. Funeral services will be held at 2 p. m. Thursday, at the Methodist church in Arcadia. A complete obituary will be published next week.

—Mr. and Mrs. W. P. Hollands were in Lincoln the first three days of this week attending a management conference.

Central Nebraska County Officials Met in Ord Thurs.

One Hundred Registered Representing Fifteen Towns in Central Part of Nebraska.

Officials from fifteen or more counties in central Nebraska met here Thursday afternoon, at a meeting held in the district court room. One hundred and eight persons registered, including not only the regular officials who occupy offices in the court houses, but also many supervisors and commissioners.

The officers of the group, known as the Central Nebraska county officials association, were present at the meeting. They are: Art Holmberg, Gibbon, president, and Fred Shaffroth, Hastings, secretary-treasurer. Senator Seaton of Hastings, one of the speakers, talked on the working of the legislative council.

Roman Hruska, chairman of the Douglas county board of supervisors, gave an interesting talk on the workings of county government and especially the duties and obligations of the county supervisors. Four meetings are held each year, with Ord, Grand Island, Hastings and Kearney, as host towns. The next meeting is to be at Grand Island, Nov. 18.

Weather Hot, Dry, No Killing Frost

The weather the past week, while cooler than the early part of the month; is still above normal for the time of year, and, except for .42 of an inch of moisture last week, there has been no rain for a long time. Ordinarily this would be ideal weather for the time of year, but some farmers are saying that the weather has been too dry for the corn, especially above the ditch, and many fields are not filling out as had been hoped.

Nearly all early corn is well out of the way of the frost, or so nearly matured that a frost at this time would make little difference in the yield. The corn planted after the hailstorm in June is a different story. Every day of grace before frost is helping mature this corn, but at least two weeks will be needed to get it in shape for frost, and freezing weather is due almost any time now.

The official reading as given out by Horace Travis for Tuesday was a low of 37 degrees, which is still well above frost, but that same morning Clayton Noll says he found frost on vegetation along the river near his place north of Ord. However, to count a frost must show its effects, and there was no noticeable results from the frost Tuesday.

Many of the items mentioned were the personal property of Miss Sharp, and were donated for the purpose by her parents, Mr. and Mrs. John Sharp, who felt that this was the fitting place to put them for the future generations might find them useful, if the monument is ever opened.

National Field Dog Trials to Be Held at Hastings Oct. 4

An Event of Interest to All Hunters and Sportsmen in Nebraska Game Bird Area.

According to a message received by the Quiz this week from the Secretary of the Navy, the National Field Dog trials are to be held at the Naval Ammunition depot, Hastings, Oct. 4-5. Many local men have met the commanding officer of the Hastings depot, Chauncey R. Crutcher, captain, U. S. navy. The following is the content of the message received.

Love of sportsmanship and wild life and the competitive spirit of the hunt are in keeping with the best of our family traditions. The Navy is therefore proud to have assisted in the reactivation of the Nebraska Field Trial association.

On behalf of the entire naval establishment, I send sincere greetings to all those participating in the Field Trials to be held at the Naval Ammunition depot, Hastings, Nebraska, and extend best wishes for outstanding success. Chauncey R. Crutcher, Captain, U. S. Navy, commanding officer.

Pool Architect Asks Contractor to Make Repairs

Inspection by McNett Firm Confirms Report Made by Council by Veterans.

A request that Clausen & Sons, contractors, make immediate replacement and repair of defects in the Ord municipal swimming pool was made to the construction firm this week by Frank N. McNett & Company, supervising architect.

In a letter written by A. Don Healey, supervising engineer of the McNett firm, the contractors were asked for "immediate replacement or repairs" for a long list of defects.

Dr. F. L. Blessing, Ord mayor, revealed he had received a copy of Healey's letter Tuesday, together with one from Frank N. McNett, explaining the architect's stand in the matter.

"Never Said Satisfactory" "Representatives of this firm have never in any way indicated that we were ready to accept this construction as satisfactory," the architect wrote.

"Many of the cracks in the concrete assumed to have been caused by the settlement of foundations; such as, in the bathroom structure, are expansion and contraction cracks. Unfortunately, concrete moves with changes of temperature. The contraction cracks are closed during periods of warmer weather."

Will Inspect Constantly "You will note by the attached letter that it is our plan to have an inspector constantly at work during repair and replacement operation," McNett continued. "By this method, we hope to bring this project to a final satisfactory conclusion."

"We are very much aware of the gravity of the situation existent at this project. Further, we believe that the contractor is sincere in his desire to correct all deficiencies of workmanship and material."

Corroborates Vet's Report The list of deficiencies submitted are more or less identical with those submitted to the council three weeks ago by representatives of Ord war veterans groups, who had conducted an independent investigation of the pool for which they are providing nearly half the money.

Listed by the architect are: 1. Bathroom ceiling is separated from structural slab or from bottom. Remove and replace. 2. Diving boards are not level or substantial. 3. Pool floor slab in deep section shows signs of settlement. Remove and replace. 4. Promenade slab at north, east and south side of pool shows signs of settlement due to improper compaction of earth fill. Remove slab, compact fill and replace slab. 5. Repair holes in west promenade slab due to mudballs in concrete surface.

6. Additional ties necessary around top railing of fence. 7. Fill and test filters for leakage. "Please notify this office before backfilling, replacing or testing any of the above items in order that we may be present," Healey's letter continued. "We will design the concrete mix and inspect the work constantly."

Mayor Blessing told the Quiz that the matter would be reviewed before Tuesday night's council meeting.

Zone School Held in Loup City

Wednesday evening a zone school was held at Loup City which was attended by teachers from district 4, comprising 20 counties. This school was held under the auspices of the Nebraska State Educational association and the National Educational association. It was in preparation for the district meetings to be held Oct. 28 and 29 at this year's Hastings. Miller DeLanham of Gibbon is president of the association.

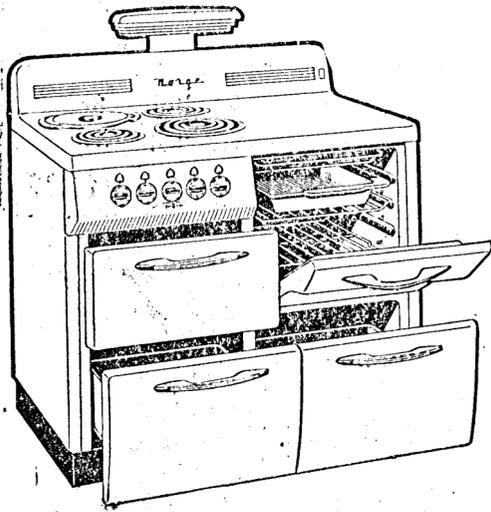

Valley county teachers and superintendents from all three towns were in attendance. From North Loup was A. L. Priesen, who is president of the county association, elected the evening before at Ord. From Arcadia were Mr. Buckbee and Mr. Easterbrook. From Ord, were Supt. Thompson, Teachers, Nelson, Holden, Huff, Susan Northway and King and Clara McClatchey, county superintendent. Representing the rural schools was Mrs. Margaret Tolbert of North Loup.

FIRE CALL MONDAY

A fire call Monday afternoon sent the Ord Volunteer firemen out toward the Bill Hansen place, where a prairie fire was in progress. However, the fire was extinguished before the firemen arrived, and they turned around at the Harold Nelson place and came back to town.

Death Claims Mrs. Otto Graul Mon.

Funeral services were held Wednesday, Sept. 29, at 2 p. m. at the Mira Valley Evangelical United Brethren church for Mrs. Otto Graul, who passed away suddenly at the Ord hospital about 6 a. m. Monday, Sept. 27. Pallbearers were Joe Bonne, Ralph Burson, William Schauer, John L. Koll, Alfred Burson and William Hansen. The Mira Valley quartet sang. Burial was in the Ord cemetery. Esther Marie, daughter of Carl and Anna Hanke, was born Oct. 10, 1908 in Mira Valley, and in that community she spent her entire life. After her graduation from grade school at Valleydale, she remained in the parental home to care for her mother, who was in poor health, until her marriage to Otto Graul, which took place May 27, 1925. Two children were born to them, Ellen Elaine, 11, and Kathleen Esther, 8. On Oct. 10, 1920, she united with the Mira Valley Evangelical church, where she remained a member until her death. Besides her husband and children she leaves three sisters, Mrs. Emma Scherbarth of Burwell, Hilda Hanke and Mrs. Albert Peterson of Ord and two brothers, Alvin and Howard Hanke of Ord. A loving and faithful wife and mother and a friendly, helpful neighbor, Mrs. Graul will be greatly missed and genuinely mourned by her multitude of friends.

Burwell Entry Won At Lexington

A one-day palomino horse show at Lexington Sunday attracted lovers of fine horses from all over Nebraska. Site of the sixth annual Nebraska Palomino horse show, Lexington fairly burst at the seams as horse owners and fans crowded all highways leading to the city. The program began at 10:30 a. m. and continued throughout the day. Highlights of the program included the judging to pick the 1948 Nebraska Palomino queen and select grand and reserve champions in four major classes. The selection of queen was based on appointment and horsemanship, 65 percent and the horse, 35 percent. Mrs. Harriet Labart of Overton was selected from a group of ten contestants for the role of queen. Candidates for the honor were limited to palomino owners or their immediate families and they had to be members of the Nebraska Palomino Exhibitors association. Mrs. Labart was awarded a gold and silver trimmed horse trophy and \$50 in cash. Most of the grand and reserve championships went to central Nebraska exhibitors. Winners included Pat Hiser, Burwell, who won a grand championship with his stock horse stallion, Little Sunflower, and a reserve championship with his stock horse mare, Lady Zipper. The 1948 Palomino show was jointly sponsored by the Lexington Plum Creekers and the Cozad Saddle club. Members of the committee were Miles Hart, Cozad and Alvin Deale, Lexington, co-chairmen, and Clyde H. Taylor, Lexington, who acted as secretary. Mrs. Labart had plenty of com-

Ord Business Women Meet

The Ord Business and Professional Women's Club met Tuesday evening at the East Side Cafe for a guest night program. It was a rush party for new members. Phyllis Klinginsmith and Irma King were the program committee, and Inez Swain and Lydia Severson were the hostesses. Mrs. Carol Mortensen, president, was out of town, so the vice-president, Kate Helzer, had charge of the meeting. The next meeting will be Oct. 12, and the theme will be "Business Womens Week". This will be an open meeting and members of all other civic organizations are especially invited. The meeting will be at the Ord Presbyterian church, with Arabella P. Hanna of Superior as guest speaker. The speaker is a former state president of the Business and Professional Women's clubs and is a candidate for the Nebraska legislature from her own district. The program committee that night will be Miss Clara McClatchey and Mrs. Gladys Allen, and the hostesses, Mrs. Lucille Jensen and Mrs. Arlene Christensen.

DISCOVERY & DEVELOPMENT OF CHIROPRACTIC

Dr. D. D. Palmer, mental therapist and masseur, while treating a patient (a man totally deaf) noticed a peculiar condition in a certain region of the spine. One or more vertebrae were partially displaced, (subluxated). It occurred to Dr. Palmer that the displaced vertebra or vertebrae might be responsible for the patient's deafness. Upon inquiry he learned that the patient had been in a traffic accident seventeen years before and shortly thereafter lost his hearing. The doctor surmised that the displaced vertebra impinged the nerve at the point where it emerged from the spinal column and thus caused the deafness. Acting upon this premise he proceeded to correct the subluxation.

conclusiveness of his theory, that when a vertebra subluxation exists it causes impingement of the spinal nerve and disease, or susceptibility to disease in the particular part or organ supplied by such nerve. And that adjustment of such vertebral subluxations removes the impingement, (pressure) and restores the diseased part or organ to normal function. Dr. Palmer's diligent research revealed the fact that patients suffering from any form of liver disease (for instance) have a subluxation of a certain vertebra in the dorsal region of the spine, known to Chiropractors as "liver place". There are also definite vertebrae involved in diseases of other organs: Heart bronchial tubes, lungs, stomach pancreas, spleen, kidneys-urinary bladder, the pelvic organs and all other organs, glands or tissues. When Chiropractic was systematized and taught by Dr. D. D. Palmer, other schools of therapy refused to investigate its claims. In consequence, what was revolutionary thinking of untold millions along therapeutic lines, developed as a separate and distinct system of healing.

The results of Chiropractic adjustment, often when all other treatment had failed, won increasing public support. Today Chiropractic enjoys world-wide recognition of its merits in the alleviation of disease. Since 1897, when the first student enrolled at Dr. D. D. Palmer's school, up to the present time, the history of Chiropractic has been one of unbroken progress. This can be ascribed to one fact only—that it possesses unusual merit. Founded upon principles that are indisputable, and fulfilling its promises in practice, chiropractic has become invincible and stands today recognized by millions as the most valuable treatment method known to man. Watch for article 3.

Mrs. Stoddard, 86, Dies at Shelby

Mrs. Edith C. Stoddard passed away September 19 at the Shelby hospital, Shelby, Neb., at the age of 86 years, 5 months and 27 days. She was born in Clyde, Ohio, and moved at an early age, with her parents to Steuben county Ind. In her youth she taught several terms of school. In 1882 she was united in marriage to Jay I. Stoddard of Nevada Mills, Ind. In 1884 they moved to Rising City, Neb., where they established their home. For the past twelve years Mrs. Stoddard spent the winter months in Ord at the home of her son, Fred L. She leaves with fondest memories of parental devotion her four sons, Merle of Surprise, Neb., Glenn of Alma, Neb., Martin of Holyoke, Colo., and Fred L. of Ord, fifteen grandchildren and sixteen great grandchildren and many friends.

DeRose of the experimental agriculture engineering department of the college of agriculture at Lincoln.

Death Claims Ord Man Friday

At 11 a. m. Friday death claimed Joseph J. Novosad, who had been a resident of Vawky county since moving here in 1904. He had been in poor health since he suffered a stroke in 1947, but had been able to be up and about his home in Ord, although not able to take an active interest in the farm which he and his son, William, had farmed together for 24 years.

Mr. Novosad moved out to western Nebraska in 1890, and was just getting started in farming when the hard times struck. He lost everything and came to Valley county in 1904 penniless, with four small children and an invalid wife to take care of. Friends here helped him get a start, and by the time he left the farm he had it well improved and everything paid for.

He was a man of high character, and the hundreds of sincere friends he left behind will testify. He had the good of the community at heart and was always helping in any good cause. He never cared for public office, but was a member of the township board of Noble township for a number of years.

Joseph J. Novosad was born in Saunders county near Weston, Neb., Feb. 13, 1847, and died at his home in Ord, Friday, Sept. 24, 1948, being 71 years, 7 months and 11 days of age at the time of his death. He was the son of Joseph and Mary Novosad. In the year 1890 he moved with his parents to Hayes county, Neb. Jan. 16, 1891, he was married to Mary Rozmahel. Four children were born to them, Rose, Emma, Amelia, and William. In 1904 he brought his family to Valley county and located on a farm in the Plain Valley neighborhood, 14 miles northeast of Ord. In the year 1924 he moved to Ord leaving his son William on the farm. He continued to take an active interest in the farm, which father and son handled in partnership, until he suffered a stroke June 22, 1947. He is preceded in death by his wife, who died June 21, 1941, and by his daughter Amelia, who died in 1908. His parents, two sisters and one brother also preceded him in death. He leaves to mourn his going two daughters, Rose, wife of Will Adamek, and Emma, and one son William, also two sisters, Mrs. Mary Ock and Mrs. Josephine Babka, also 15 grandchildren and 23 great-grandchildren. The funeral was held from the Ord Methodist church at 2 p. m. Tuesday, with Rev. B. A. Filipi of Clarkson in charge. The pallbearers were all grandsons; Will and Bud Novosad, Einar and Edward Adamek, Don Dahlin and Vencil Sedlack. A mixed quartet, Mrs. Glen Auble, Mrs. C. M. Davis, Don Auble and Leslie Nash, sang, with Mrs. O. A. Kellison at the organ. Burial was in the family plot at the Ord cemetery. Hastings and Peterson and charge of funeral arrangements.

Lexington Falls 14-6 in Opener of Home Season

Minutemen Make Things Tough For Chanticleers; Imperial on Slate Friday.

Although the final score said 14 to 6, many Ord fans breathed a sigh of relief when the gun banged for the end of the last quarter in the Chanticleers' first home game with Lexington Friday evening.

The Chants clearly dominated the first half of the game, but the fighting Minutemen that took the field after the half were a different team. Time and again they drove deep into Ord territory to lose the ball on fumbles or as a fighting Chant team dug in and held, and the 8 point Ord margin proved too big to handle.

Ord cashed in on a Lexington safety in the first minutes of the game to take the lead 2-0. The visitors received the kickoff but on their first play fumbled on their 27 yard line. Stoddard recovered for Ord, and the Chants drove to the Lexington 4, where the visitors took over. A bad pass from center sent the ball into the end zone for a safety.

Telen returned the kickoff to the Ord 48, where Moore plunged for five yards. Stoddard took the ball on the next play and skipped through the Lexington center 47 yards for a touchdown. The try for kick was blocked.

Lexington returned the kickoff to their own 30 and drove through to the 41, where aggressive line play rucked them back to their 19. Telen took the Minutemen punt back to his own 25, where, with Stoddard, Moore, Collins and Telen alternating, the Chants drove to the Lexington 34 on four straight first downs. Stoddard dropped back and pitched a 31 yard pass to Telen which the little quarterback took in the end zone for Ord's second touchdown. The try for point was wide, leaving the score 14 to 0.

An exchange of downs and a beautiful kick by Lexington put Ord in the hole on their own four yard line. On the first play Stoddard drove through center again for 40 yards to put the ball on the Ord 44. Collins plunged 9 yards on the first play but a clipping penalty put the Chants back on their own 18. A quick kick to the Lexington 38 made Ord fans brighten, but the Minutemen took to the air to make three consecutive first downs to the Ord 25 when the Chants dug in.

Ord took the ball on their own 24 as the half ended.

Moore speared briefly in the second half with a 12 yard sprint and a first down to the Lexington 47, nullified by Stoddard's fumble, recovered by the Minutemen on their own 48.

The visitors started their first march from that point and in a succession of spinners and wide end sweeps drove to the Ord 8 yard line where they scored. The try point was short.

The visitors picked up three more first downs in the second half but fumbled twice deep in Ord territory to lose the ball game.

Starting lineup for Ord included Telen, Moore, Collins and Stoddard, backs; Malolepszy, Adamek, Severson, Richardson, Laursen, Blaha and McMinder, linemen. Telen was game captain. Substitutes included Dwyer, Munn, Alton, Heuck, Alan Blaha, James Adamek, Dan Huff, Don Beran, Dick Nelson, Jim Misko and Kenneth Clement.

Friday, the Chants journey to Imperial to test the strength of Chase county high school. Imperial, one of the better teams, year in and year out, of Southwestern Nebraska, is expected to give the Chants quite a tussle. Next home game will be played here October 8 with Albion.

Eldon Dunbar On Fleet Maneuvers

Eldon H. Dunbar, seaman, USN, son of Mr. and Mrs. Howard Dunbar of 418 South 17th St., Ord, Neb., is serving aboard the general communications ship USS Mount McKinley, which is participating in the amphibious training exercises in Southern California under the command of Rear Admiral B. J. Rodgers, USN, Commander, Amphibious Force, Pacific Fleet.

About 19,000 Navy and Marine Corps personnel, 56 ships and 320 planes are engaged in various phases of the exercises. The exercises include amphibious landings at San Clemente Island and Camp Pendleton near Oceanside, Calif. Landings at San Clemente are supported by the use of live ammunition from gunfire support ships, and planes. About 600 students and faculty members from the Army's Command and General Staff College at Fort Leavenworth, Kans., are on hand to observe techniques of amphibious warfare.

Navy and Marine Corps teamwork, which brought success to amphibious campaigns in World War II, is reproduced and expanded as new men are trained to take the places of veterans no longer in uniform.

Miller Drubs Arcadia in Loup Semi-Finals

Miller drubbed Arcadia 9-0 in the semi-final round of the Loup Valley's League playoff games at Ansley Sunday night, to earn the privilege of meeting Mason City in the championship round next week-end.

Lee Harnagel blasted a triple and his second home run of the playoff series to pace his mates to the non-dance victory. Wal Hansen helped his own cause in the fifth inning by belting a three-run triple into right centerfield.

The win was Miller's second in three playoff starts. Mason City won both of their opening tests to earn its finalist berth.

Ord Closes Season With Wolbach

Playing a fine brand of ball and hitting when hits were needed, the Ord baseball team shut out Wolbach on their home field Sunday, the occasion being the "Gizzmo" days put on by the Wolbach Legion post. A large crowd was in attendance for the celebration, and all were enjoying every moment of the time, especially while the ball game was in progress. The score, Ord 6, Wolbach 0.

Pitching for Ord, Dick Beran turned in one of the best performances of the season, allowing three hits, striking out five batters and allowing two bases on balls. Harry Vail turned in a fine job of catching. Working for Wolbach, Galitz struck out four, allowed 11 hits and gave five passes to first. Catching for him was Jack Allen.

Ord got off to a good start in the first inning by scoring four runs on five straight hits and one walk. From then on Galitz kept the Ord batters well in hand until the ninth, when Christensen belted out a triple with two men on. It was a clean, fast game, and much enjoyed by the large crowd in attendance.

North Loup Down In 6th Position

After giving North Loup first place last week in the six-man ratings, Gregg McBride dropped the Challengers to sixth place this week, in spite of their 51 to 0 win over Danneberg. He gave as the reason that Danneberg is a new and inexperienced team.

What Gregg did not know was that the North Loup-Danneberg game was called at the half. Also, he probably was not aware that Danneberg defeated Cairo in their first game 26 to 6, and that the Cairo lads bounced back last week to defeat Palmer, score not available at the moment. Here is prophesying that the Challengers will climb back up in the ratings before the season ends.

Recording of Ord Competition

In some respects last week was a hectic occasion for the teams Ord has met and will meet in competition on the football field. The results gave color to the old saying that first games are no criterion to go by. In fact, upsets were the fashion, not only among Ord's competitors, but also all over the state.

Chief among the unexpected results was the game in which Ravenna defeated the much touted Broken Bow by a score of 12 to 7. The week before Broken Bow ran all over Lexington 26 to 0, and Ravenna was defeated by Albion 24 to 6. Presented at the Broken Bow Warriors high, but after the above results, the question is, "Just how good is Albion?"

Holdrege loses. Curtis defeated McCook 6 to 0 in their first tilt, and then met their Waterloo at the hands of Cozad 6 to 0. This should rate Cozad far ahead of McCook. Holdrege after defeating Ord 13 to 6, bowed to the Swedes from Gothenburg, 19 to 6, while Ord bounced back to whip Lexington 14 to 6.

Loup City, playing a weak early season schedule, defeated Sargent 22 to 7, and last week smothered Arcadia 48 to 0. Imperial looked good in the first game by downing Holyoke, Colo., 14 to 0, but last week the best they could do was to lose to Oshkosh, 12 to 6. This week the Chanticleers travel to Imperial for their longest trip of the season.

Married Wednesday.
Monday County Judge Joseph W. Ramackers issued a marriage license to Edward Bruha, whose address is Burwell, and Evelyn Nevilly, daughter of Evelyn Nevilly of Arcadia. Wednesday morning at 9 the judge performed the marriage ceremony in the county court room in the court house. Attending the bride were Hattie, Betty and Emily Bruha, and attending the groom were Donald Lewandowski of Ashton, Jerry Nevilly of Arcadia and Eldon Bruha of Burwell. The double ring ceremony was used. A wedding dance was held at the ZCJH hall Wednesday evening. They will make their home on the groom's farm, five miles north of National Hall.

Ord Men Attend G. Island Meet

Clarence M. Davis, E. L. Vogelant and Ralph Norman went to Grand Island Tuesday where they attended the meeting of the Central Nebraska Bar association. The meeting was held at the Riverside Country club. This organization includes the eleventh and twelfth judicial districts. It was decided at the meeting to hold the next session at Ord, and to facilitate arrangements, the Ord men were elected to the offices. Mr. Vogelant was made president, Mr. Norman vice-president and Mr. Davis secretary. In the past these meetings have always been held in the larger cities, and Ord was honored in having the meeting held here.

Junior High Dumps Loup City 26 - 0

Ord Junior HI opened its pigskin season by trouncing Loup City 25 to 0, Monday night on the home field. J. A. Kovanda coaches the boys.

Two touchdowns were scored by Leonard Huiber, fleet-footed half-back. A long pass, carried by Loft, was good for a third touchdown. Leland Crosley carried the ball over for the fourth marker. Crosley, 88 pound quarterback, also made several sensational pass interceptions. Gross Jenison carried the ball over for one extra point.

Outstanding linemen were Paul Penas, Clarence Lytle, Larry Loft, and Erland Laursen. Other players seeing service were Leroy Iwanski, Herman Kapustka, Bob Bennett, Jack Blaha, Jimmy Slozakewski, Russell Clement, Leroy Lytle, and Kwiakowski, and Richard Aldrich. Every boy on the squad got to play.

Broken Bow will play here Monday, Oct. 4, and the Junior Chants will go to Ravenna, Oct. 12. Games are called at 7:30 o'clock.

BLESSING VICE PRESIDENT

Dr. F. L. Blessing was elected Vice President at the district dental meeting held at North Platte Sunday and Monday. Dr. R. M. Gilmore of Kearney is the new president. The secretary is Dr. A. T. Riddle of North Platte. This was the meeting of the northwest district, a component part of the Nebraska Dental society and the American Dental association. Dr. F. J. Osentowski was also in attendance.

North Loup Bests Danneberg, 54-0

Scoring almost at will in the first half, the powerful North Loup six-man team so discouraged the Danneberg lads that they gave up at the end of the half with North Loup ahead 54 to 0. While Danneberg is recognized as a new team in football circles, the boys won their first game last week against Cairo 26 to 6, and North Loup was expecting a much tougher time than they had.

However, there is no discounting the fact that Coach Bill Cook's men are playing almost perfect football and are going to be a hard team to stop. North Loup kicked off to Danneberg. The visitors put the ball in play, 1st yardage on the first attempt, then tried a pass which Leonard gathered in and carried over for the first touchdown before the game had fairly started.

Manchester kicked goal for two points. Leonard then kicked into the end zone and Danneberg scrambled from the fifteen. Failing to gain, they kicked, North Loup kicking over about the Dances 35 yard line. Seconds later Leonard got away for his second touchdown, and Manchester converted for two more points. Shortly after Leonard got his third touchdown, but Manchester's kick was blocked.

Goodrich made the next score, the kick by Manchester being wide. Manchester made the next two touchdowns, failed on the first kick, and Leonard kicked the second for two points. This brought to a close the most lopsided quarter in North Loup football history, with the score 42 to 0.

The second half saw many substitutions, Kerr catching a pass in the end zone for the first score, the kick being no good. Then came some heart breaking work for "Moose" Leonard, who caught a forward pass, carried it across for a touchdown, only to have the play called back and an offside penalty inflicted.

The same play was called and Leonard again carried the ball across the goal line. Again the play was called back and a penalty

inflicted, this time for back field in motion. The play was called a perfect catch, and almost got away for the third time, but he was getting too tired, and was overhauled.

After this play, Danneberg managed to get the ball across the center line on their kick but after five plays, Stillman passed to Kerr for the final marker, the kick being wide. The Danneberg boys gave up, as the half ended. The Dances have a good team, and their plays were clever, but they never had a chance against the speed and power of North Loup. They failed to make a single first down.

The scoring was fairly distributed, with Leonard again high man with 20 points. Manchester had 16 points, Kerr broke into the scoring column with 12, and Goodrich had six. There seems to be some question as to who made one of the touchdowns in the last week's game, Leonard or Goodrich, but if it is credited to Goodrich, the scoring to date is as follows: Leonard, 50; Manchester, 34; Goodrich 30; Kerr, 12.

Alfalfa and Sweet Clover Seed
The Sweet Clover seed market is considerable lower at the present time than it has been for the past couple of months. Alfalfa Seed is weaker but has not dropped very much as yet. We are in the market for both alfalfa and sweet clover seed and will pay you the highest price possible at the time that you sell the seed. We buy it over the cleaner and that way you get all that the seed is worth.

Protein Feeds

The protein market has been quite low of late and we feel that this is a good time to start contracting for your fall needs. We have some contracted at prices that we feel is a good buy and we will pass the same low prices on to you. Let us have your order now.

Grains

Grain prices have changed quite a lot the past week but as this is written they seem to show a little strength. It would seem that anytime that these prices are a little higher than it might be a good time to move what grain you have to sell soon.

Pop Corn

It will only be a few weeks till the pop corn will be ready to crib and we are in the market for some of the corn that is not under contract. If you have Dwarf Hulless that is not contracted, come in and let us know what you have for sale. The pop corn price is mighty attractive when you figure the prices of other grains.

Rev. Herbert James Riley, Methodist missionary recently returned from the Philippine Islands, was the guest speaker at both afternoon and evening rallies. All who heard him were highly pleased with the message he brought and received much benefit from the rally.

Bad Check Artist Wrote on Bank

A young man about 19, dressed in a cowboy outfit, appeared at the Prochaska service station during the St. Paul fair and obtained merchandise and extra cash on a \$20 no-fund check made out on the Nebraska State Bank of Ord. He gave the name of Dean Morgan, and said he lived west of Ord.

The bad check discovery was not made until the check came back from the Ord bank. The man had an injured right hand and wrote with his left hand. He said he had met with trouble on the highway and needed a used tire and tube to get back home. At the present time he has not been located.

Something Different

Housekeeping is changing every day. Not so many years ago Good Housekeeping magazine came along with their pronouncement that to tear up the whole house and carry every rug and curtain and woolen and bit of bedding out to the grass and to the clothes lines was a most inefficient method.

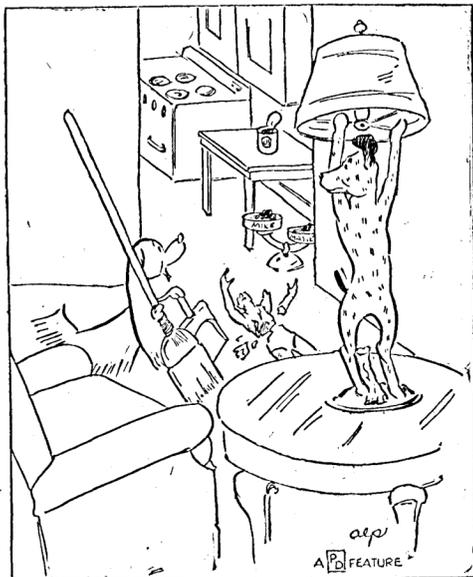

Instead, declares this housekeeper, Libby, clean a room each week, and have all your house in fairly good condition all the time. But consider how different is washing windows. Once it was soap and water, with, maybe, a little kerosene added for sparkle. Then it was ammonia, or some other white powder that made the children want to play Jack Frost at each window as they cleaned it. Now it is a fancy little squitter. And now it is glass wax, something new.

Once the carpets were beaten severely, no matter how docile they had been behaving. Out on the grass or up on the clothesline they went, and some strong-armed boy pounded them 'mid clouds of dust and a rhythmic roar. Now the rugs may be rubbed with a white powder to clean

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes
Flush Out Poisonous Waste
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, kidney stones, loss of sleep and feeling up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or empty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Deane's Pills, a stimulant diuretic, used successfully by millions for over 19 years. Deane's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Deane's Pills.

MIKE & MASIE by Andrew L. Peterson and Tom Farley

"Maybe it will fool them until we think of something better!"

They may be scrubbed with soap by hand. Or they may be jerked off the floors to be shipped somewhere for a professional shampoo. Or if you live in a city the man brings his whirling scrubbing machine to your house and scrubs the rugs right on your own floor!

Your curtains may still be home washed. Or they may go to the cleaner. Perhaps they are rubberized and only want sponging. Or perhaps they're made of spun glass.

New woollens are fixing to repel moths, and to NOT shrink. . . . Everything's different. But I guess Grandma's different too, so maybe it's all right!

I was wrong last week, when I wrote about Arden Clark. I know very well he has a photographic studio in Holdrege, and not in Grand Island. He has been in Holdrege for several years. Dumb, dumb, dumb.

So now we have a pool, after a fashion. And now we have an airport.

What are we going to do about a community hospital, if anything? It seems no church group cares to step in and take charge in such a case, for the religious organizations have been offered more such deals than they could accept. So our committee is stymied. Have you any suggestions worth considering?

And what about the Fort Hart suff agitation? It appears to have died down too. A very few donations were made, then the whole matter was dropped. Should this money be refunded and the project abandoned? Over at Minden this week a similar project was dedicated at the one-time Fort Kearney.

Fort Hartstuff was really built after the need for it had mostly

places, familiarly known as the cedar canyons. There were plenty of cottonwoods in places. For example, I recall being present when W. A. Anderson took a picture at a picnic held on the Big Island east of Elyria and he had two dozen or more people stand on the stump of one huge cottonwood to have their pictures taken. As I now recall it, that stump must have been ten feet across.

Yes, there was timber then, but it was not distributed as it is now. There were trees in the canyons in the hills, trees on the islands in the river, but very little timber on the level land. For that reason the winds of winter had a clear sweep down through the Dakotas, Nebraska, Kansas and Oklahoma. The planting of groves on the level land has put an end to that terror of the pioneer, the blizzard, in fact, I do not now recall a genuine blizzard in this area in fifty years. The nearest approach to it, perhaps, was the Armistice Day storm of 1910, which lacked only the snow to make it a lovely blizzard. It takes three elements to make a big heavy snow, severe cold and high winds.

Speaking of storms reminds me of the story Preacher Tooley used to tell of his ministry in southwest Nebraska in the early days. He started out with his team to find the home of one of his parishioners and got caught in a bad snow storm. He knew the house he was hunting for was up a certain canyon. After driving through blinding snow up this canyon for some time, the team stopped. He got out to see what was wrong and found the horses had walked out on the roof of the neighbor's dugout and had knocked through the stove pipe. Luckily the roof was strong, and he was very welcome when he got the horses down off the roof and the stove pipe set up again.

Remembering the independent spirit of the pioneers, it is hard to understand why so many people are willing to barter away part of that independence for what they consider security. Like Esau, they have sold their birthright for a mess of pottage, and what a mess it sometimes turns out to be! Mrs. Frank Eberhart and her family cops or highway patrol to tell him just how he must drive his auto. There weren't any cops; he didn't have any auto. There weren't any highways. Come to think of it, he didn't even have any roads. Now the top selling car to drive more than fifty miles per hour. Then you were lucky to drive thirty or forty miles per day.

In the Quiz office are two items of equipment without which no present day office could operate, the typewriter and the telephone.

One probably wouldn't get very far without the electric light or the filing cabinet. The intercom system saves a lot of time here every day. In the back room are dozens of machines of which the pioneers never dreamed. But, for every new machine invented, every amount of independence was lost. Machines inevitably make people more dependent on each other and increase the possibility of losing our independence entirely. That is one of the prices we must all pay for progress. The big question confronting America today is how we can continue to progress and still retain our independence.

New inventions make for regimentation, as, for example the thousands employed in the auto industry. They can't be classified as individual units, but have become integral parts of a monster machine.

When Patrick Henry said: "Give me Liberty or Give me Death," he was not making an idle request. In due time he got both. The thing he fought and feared is coming true, but in a far different way than the great Irishman ever dreamed of. In his day everything was elemental. He had to fight for everything, and everything he fought for had to be fought to cross the continent then. Today the same trip takes hours. Then a man might not know who was president until he had been in office a year or more. Now, taking into consideration the difference in time, a man in St. Francisco knows the election results before they know about it in Washington.

A few of the old gang I used to know are still here in Ord, and I get a lot of enjoyment in talking over the old days with them when time and the Quiz schedule permits. There are Jake Hoffman, Hank and Bill Misko, Frank Norman and Archie Bradt, to name a few. Jake got out of school a year ahead of me, and started working for Koppel and Harstow, where you can still find him. We young fellows used to go down there after school and pitch horseshoes or have jumping matches in the alley just back of the main building. Don't think anybody had a cinch to take them one at a time, but Howard was a big fellow, so he began lugging out two at a time. That made Archie disgusted, so he came walking out with three of them piled one on the other in his arms. Howard got the idea to wait back to the one at a time system. Don't think Archie couldn't carry 240 pounds in his arms at once in those days. He did it!—And that's all for now. . . . Ward.

Gas Rendered Harmless
Gas masks were introduced by the Allies in World War I, following first gas attack by the Germans at Ypres, April 22, 1915. A new gas mask chemical has been invented, made from the peroxides of sodium, potassium, magnesium and organic substances which make all known gases completely harmless.

"Unreality" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, October 3, 1948.

The Golden Text is: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light" (Romans 13:12). Other Bible citations include, "Therefore take no thought, saying, What shall we eat? or What shall we drink? or Wherewithal shall we be clothed? But seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you" (Matthew 6:31, 33).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Divine Love always has met and always will meet every human need" (p. 491).

HOMEMAKING DEPT. NEWS

MY KEARNEY DESSERT.
(By Joycelyn Bennett)
Angel Custard Dessert.

2 cups milk
4 eggs
2 t. unflavored gelatin
1/2 cup cold cream
1 small angel cake
1 1/2 cups fruit
(drained crushed pineapple, chopped dates, sweetened fruit)
1/2 cup chopped nut meats

Scald milk. Beat eggs slightly and add to scalded milk. Cook over low heat, stirring constantly, until of custard-like consistency.

Add gelatin softened in cold water. Stir until dissolved. Cool. Then add stiffly beaten egg whites and vanilla. When mixture commences to set add whipped cream.

Grease a shallow baking dish and add small bits of angel cake (use fork to tear pieces from bottom of the cake). Add a layer of the custard, then fruit, another layer of cake, and top with custard. Sprinkle the top with chopped nut meats. Store in refrigerator overnight.

STORY TELLING.
by Beverly Alloway
You know that we have some good freshmen story tellers in Homemaker's (children's stories that is). The best are: Joyce Huebner, Karen Burrows, Beth Edwards, Glennis Eschlihan, Ellen Jean Foth, Roberta John, Lillian Lech, Maxine Masin and Carol Lane. When we have our play-school for small children these girls are going to tell their stories.

I'll tell you a few things they did to make their stories interesting. First they pictured in their minds the activities in the story they were telling, second they had lot of expression, and third, they kept their voices low except in exciting parts—then they raised them a little.

Now you try some of these things on your little brothers, sisters or daughters. See how well you'll be telling stories the rest of your life!

OUR DRESSES.
(by Lois Ackles)
We girls are busy sewing on our dresses. I am making a blue corduroy dress. It consists of a straight skirt and peplum blouse. I just can't wait to wear it!

Betti Lu Anderson is making a very attractive pink wool crepe dress, with flared skirt and bib and tucker top.

Dorothy Hasek is making a brown dress of wool crepe with a daintily flared skirt gathered on each side of the front.

Barbara Ragland's dress is a very beautiful light gray. It is offset by a bright red plaid taffeta which is inserted in the back of the skirt. She is putting red plaid trimming at the neck.

NEW TOYS FOR CHILDREN.
(by Dorothy Blaha)
Parents, are you thinking about what kind of Christmas toy you are going to buy for your children? Here are some tips the 1st year Homemaking girls have for you: The toys should have no sharp or pointed edges, the paint should not come off easily, and they should be durable. They should stimulate the child's imagination and should be usable in a variety of ways. Be sure they are large and simple and easy to keep clean.

We also learned how to tell children's stories. The best story tellers were: Lareda Cronk, Gladys Rice, Louella Christoffersen, Ina Fae Jorgensen and Dorothy Blaha.
