Ogallala Crashes Thru in 4th Quarter to Tie Chanticleers

Chants Let Down after Getting Early Lead; Improvement Noted

For 3 1/2 quarters Friday night the Ord Chanticleers looked like a football team but with only six minutes to go in their tussle with Ogallala they "let down" and Ogallala quickly pushed across two touchdowns to tie the score 13 to 13. That's where it ended, too.

Figures of the game show the Chants' superiority as they led in downs, 12 to 8, and in yardage gained, 286 to 190.

Crosley scored first for Ord in the opening period, after the chantlinemen blocked an Ogallala punt and recovered the ball on the 10 yard line. He also plunged for the extra point successfully.

In the second period an Ogallala fumble was recovered by Ord on the 10 yard line and though Ogallala held for downs and took the ball their punt was dead on the 25 and from there Sowers sprinted around left end to score. An attempted pass for the extra point failed.

Much of Ord's yardage was made on passes with Penas and Laursen the receivers. Nelson was a defensive stand-out for the Chants while Sowers, Wolfe and Crosley looked best on offense.

Ogallala had a fine back in the person of Sherlock who raced 23 yards for their first touchdown, then passed 35 yards to Bassett who was tackled on the 1-yard line, with Sherlock crashing over on the next play.

Both teams played ragged football with fumbles and penalties playing a big part in the final outcome. The breaks definitely favored Ord throughout. Though the Ord team showed improvement over former games the boys will need to progress much faster to win against a single team on their tough schedule.

Mrs. Sperling Hurt, Vehicle Wrecked—Cats Uninjured

It happened in Scotta last Wednesday evening, just at dusk.

A pickup truck driven by Mrs. Ralph Sperling hooked into the gravel pile down the center of the highway under construction and rolled over 2 1/2 times.

Mrs. Sperling was so badly cut and bruised that she has since been confined to bed under medical care. Damage estimated at \$900 was done to the vehicle.

Uninjured were several cats in a sack in the pickup. Mrs. Sperling had taken them to Ord to be vaccinated and aside from being shaken up and having fearful dispositions they were unharmed, though nobody yet has estimated how many of their nine lives were used up in coming through the wreck unharmed.

Jr. Chants Scalp Papposes, 13 to 7

Smith, Hurlbert and Douthit Star for Ord in Tuesday Game.

The victory drought finally ended for Ord's Junior footballers in their annual fracas with the Broken Bow Papposes. They gave the young Bucks a good 13 to 7 thumping on the Indian field on Tuesday night.

Shermie Smith, Junior Chant, scored twice, once early in the game on a thrilling 75 yard gallop, and again during the fourth quarter on a 35 yard end sweep.

Hurlbert went over for both extra points, but one was nullified by a technicality.

In the fourth period, Zoerd tallied for Broken Bow, after the "Bows ace ball carrier, Strucker, had driven to the five.

Strong's excellent generalship and ball handling at quarterback kept the Ord offense clicking. Several other goalward marches were interrupted by the referees, who put Ord in reverse for nearly twice the length of the gridiron. Broken Bow suffered but one five yard penalty.

Larry Hurlbert chalked up a number of long runs, and nearly shook loose on several occasions.

But also among the outstanding players was John Douthit. His blocking was spectacular, his line plunges were effective, and on defense it was "Johnny-on-the-spot."

Next week the Chicks will lay the conference championship on the line when they tangle with Havanna's Junior Jays in Bus-sell Park, Tuesday night at 7:30 p. m.

Gary Valasek was fined for speeding on the city streets, Tuesday, upon complaint of Chief of Police Henry Clemens. The young soul was fined \$5.00 and was made to pay the costs.

County Dads Vote 4-3 to Build New Bridge With Custer

County Line Road Between Comstock, Arcadia Now Assured.

After a two hour hearing, Tuesday, Valley county board of supervisors voted 4-3 to allocate \$12,000 as this county's share of a new bridge over the Middle Loup river on the county line between Comstock and Arcadia.

The new bridge will replace one now in the falling down stage, which has been the subject of much activity on the part of interested citizens for several years.

Promulgators of the new bridge started their work nearly a year ago, and through joint resolutions by the county boards of Custer and Valley counties, succeeded in having the Comstock-Arcadia road designated a secondary federal aid road.

Custer county commissioners, on September 17, voted to earmark funds for construction and initiated a call for bids for a new bridge. The Valley county concurrence Tuesday assured the construction.

Estimated cost of the bridge is \$37,500, and incidental grading at \$10,500 for a total of \$48,000. Federal aid will furnish half the funds, the rest will be shared equally by Valley and Custer counties.

A large delegation of farmers and businessmen from Arcadia and Comstock, along with Custer county supervisor H. C. Schultz and Tal Conrad attended the Valley county board meeting Tuesday to urge adoption of the deal.

When any of the state highway department secondary road system was also present. Ayres was formerly Valley county engineer.

Supervisor Viggo Hansen of Arcadia introduced a resolution calling for earmarking of the \$12,000, and moved adoption of the resolution. The motion was seconded by Ed Truby.

Chairman M. B. Cummings then called for remarks and Supervisor Jack Romans offered a counter proposal, that the funds be used to construct a new 5 1/2 mile road on the east side of the river, along the Burlington right of way. Romans said that this route had long ago been designated as a state highway, but never built, but that if Valley county would build the road, it would be only a question of time until the state took it over.

Supervisor Bud Knapp of Ord agreed with Romans and said that he couldn't favor construction of the new bridge when a similar structure at Sumter between North Loup and Ord had been allowed to be closed.

Custer county commissioner Tal Conrad then explained the Custer county viewpoint, and more than a score of farmers and businessmen from the Comstock-Arcadia area cited reasons why the new bridge should be built. After two hours of discussion a vote on the Hansen resolution was called.

With Hansen, Truby, Cummings and Hite voting yes, and Romans, Knapp and Sevensker opposed.

Chamber Planning Bean Soup Feed

A trade day and free bean soup feed for people of the Ord trading territory is being planned by the retail committee of the Chamber of Commerce for Wednesday, Oct. 17, announces President Richard Rowbal this week.

Bean soup, as rich, tasty and nutritious as it can be made, will be served by Ord business men to their farmer friends from 11 a. m. until 3 p. m. at the Bohemian hall. Crackers and coffee will accompany the soup and everything is free.

Merchants plan a real old-fashioned bargain day in connection with the event, which is designed to complement the free pancake day traditionally held by the trade group each spring.

Chanticleers Go to Albion Friday

Albion, always a rugged opponent for the Chanticleers, will be visited Friday night by the Ord team and since the Boone county team is having one of its better seasons the Chant stock is definitely low with few takers. An upset victory could be recorded if Coach Roland Moore's boys play nails from a depth of four inches, soil conditions being right. Thousands of potential punctures are averted every time he takes his rig over a road, he feels.

The Litchfield man plans to present his proposition to the city council of Ord soon and hopes for a contract to "de-nail" the streets of this city. He's never been turned down yet, if he could get a town board to watch his demonstration. "Everybody loves me, but the man who fixes punctures," he says proudly.

Parcels Post Rates Went Up October 1

A blanket increase on all parcels post rates became effective Monday, Oct. 1, says A. L. Hill, Ord postmaster.

The new rates cover all zones from 1 to 8 and all weights from 1/2 pound to 70 lbs. Increases range from 15% to 30% with an average of about 22%, it is estimated.

The new rate on a 20 lb. package for delivery to Zone 5 (600 to 1,000 miles from Ord) will be \$1.50 instead of the previous \$1.34, as an example.

Eliminating deficit in the handling of parcels post the Post Office Department obtained the increase under a ruling by the Interstate Commerce Commission, after Congress failed to vote the increase wanted.

All other classes of mail matter soon will increase in cost under direct legislation to be before Congress. Included will be first class letters, which will cost 4c instead of 3c; air mail, 8c instead of 6c; postal cards, 2c instead of 1c; 2nd class mail (news-papers) 10c to 50% higher; 3rd class mail (circulars, catalogs, etc.) up to 30% higher. Money orders, special delivery and other post office services also will cost more.

Girl Scouts to Hold First Regular Meeting

Both Brownies and Scouts Organized Under BPW Plan.

On next Monday night after school, the various troops of the newly formed Girl Scouts movement will meet in the first regular session of their organization. The girls, and there are many more than was expected when it was first considered by the sponsors of the movement, the Business & Professional Women's club, are organizing to join the Covered Waggon District.

There was an excellent meeting of the girls and mothers with the six members of the sponsoring committee from the club, held Tuesday in the grade school, following the dismissal of the children. The auditorium was well filled.

Since then nearly every day has seen some meeting or conference called for the adults who are to direct or help carry on the work of the movement, the Brownies and regular Scouts troop will have two or more patrols, in order to keep the number of girls assigned to each team of leaders low enough to permit the most opportunity and time for each girl.

After the general session Thursday, there was a work session for sponsor committee women and for leader prospects, meeting at the home of Mrs. Vern Andersen, who headed the committee from the club. About a dozen volunteer leaders were present.

The B. & P. W. sponsoring committee met with Mrs. Ed Kokes Monday afternoon. Parent-concert forms were given out Tuesday. The troop committee members (mostly mothers) will meet with the leaders of the troops in the grade school building on Thursday afternoon, for program planning work.

The sponsors are agreed that in order that the expense be kept as low as possible there will be no uniforms at this time. It is possible that berets may be purchased.

Two Offenders Fined in Co. Court

Victor Lindstrom was brought before Judge Ball Monday, upon complaint of Harry Clement, charged with intoxication. He was fined \$10.00 and told to pay the costs of \$6.00.

On September 27, Gordon D. Walkup was arrested charged with speeding on the highway, and brought before Judge Ball. He was fined \$15.00 and costs, which he had to pay amounted to \$1.00.

Community Club Formed

On the night of Sept. 27, the Pleasant Valley community gathered at the school house to form a Community club. After an entertaining program, officers were elected with Evelyn Meyer, president; Ray Sybrant, vice president; Bonnie Sybrant, secretary; treasurer. It was decided to meet once a month with the next meeting to be Oct. 25.

An entertainment and serving committee were appointed for the next meeting.

After the meeting everyone enjoyed lunch. There were three visitors, Mrs. Lewis of Taylor, Mrs. Stone, Newport, and Mrs. Krietman, Bassett.

Difficult 1/4 Mile Link Completed in County Road System

Land Owners Gave the Right-of-Way, Private Contractor Did Work

County Supervisor Jack Romans, Road Commissioner Tracy Hamilton and farmers who live along the east side of the river north of Ord are jubilant this week over completion of a difficult 1/4 mile link in the county road which runs along the river from Ord to Elyria.

This link, which starts at the Stewart corner, goes west to the Bresley corner, then north and west to the Augustyn corner, has held up completion of the road for all-weather use for a number of years.

Only fine cooperation of land owners made completion possible now, says Supervisor Romans who was especially concerned because the road extends to the north edge of his district. In the past the trouble has been that if money was spent for right of way, no funds remained for construction.

Last spring Harry Bresley, Adam Augustyn, the Stewart brothers and Dr. Keene Haldeman of Berkeley, Calif., represented here by the Murray Agency and on whose farm Harlan Jorgensen lives, agreed to donate right of way and to take down and replace fences and take their own losses on standing crops destroyed by construction. With this assurance the project was started.

Construction cost totaled only about \$1900 and this ran high because a great many large trees blown down a few years ago by a windstorm had to be bulldozed out, before earth work could start. A Fremont contractor with tractor, bulldozer and scoop did the work on an hourly basis and did a remarkably fine job in the opinion of all concerned. The roadbed is 21 feet wide and is back-sloped so weeds can easily be mowed.

The county's blade maintainer is paving the road for gravel now and will take down and replace the gravel on the road this fall. Since this road to the Stewart corner and north of the Augustyn corner to the Joe Jablonski corner north of Elyria already is gravelled, it will give the east side of the river an all-weather road, something that has long been needed.

Supervisor Romans says much more county road work could be done with limited funds available if land owners elsewhere would show the same cooperation as was given in this case.

About twelve miles of new county road was built this summer throughout the county, says Romans, in addition to routine repairs to existing roads and Schroeder mail route work. About 10,000 yards of gravel has been delivered to the county by contractors and applied on county roads and the county hopes for another 5,000 to 6,000 yet this fall.

Blue Rock Shoot Set for October 14

The second blue rock shoot of the season in Ord will be held on Sunday afternoon, October 14, at the Ord airport. A large crowd attended the first shoot Sunday. The meets are being conducted by the Veterans of Foreign Wars and American Legion.

First National Nets \$60.00 in Pennies

The appeal for pennies, published by the First National bank in Ord, in last week's Quiz, netted the bank about \$60 in pennies, the bank said this week.

Largest individual amount brought in was \$15.00 worth from an Ord lady who had been saving them for about a year. "There were quite a number who brought in four and five dollars worth," Clark Weckbach, bank president, said.

"We hope that people will continue to bring us their accumulated pennies," Weckbach said. "We need them and the mint is unable to fill the demand for banks for them. Ordinarily, our Saturday business alone will use up about \$50.00 worth."

Negro Singer To Make Return Engagement

Wylma Fletcher, a well known Negro soprano of Galesburg, Ill., will be presented by the choir of the Methodist church on Wednesday night, Oct. 10, the program to begin at 8:30. Miss Fletcher, who has been here twice before, the last time about three years ago, will give her program sacred and secular songs and will feature her native spirituals. The last two years she has traveled west, and Ord was not on her schedule. She has had much training and possesses a splendid talent. The concert is open to the public and there will be no charge. A free will offering will be taken.

Art Lange Has Shipped 170 Cars Scrap; Mills Need More

"Steel mills are crying for scrap metal, and the need is greater than ever before," Art Lange, local iron buyer, told the Quiz this week.

"We have shipped 170 cars' out of Ord so far this year, but that's just a part of what we hope to do," Lange said. Scrap shipments from Ord are now being routed to west coast and Colorado steel mills, most of them to Pueblo, Colorado.

Lange has been buying scrap all over central Nebraska, some of it from as far away as South Dakota. "The price is very attractive right now and we hope that local scrap sales will pick up," Lange said.

Two cars of iron being loaded at Ord are pictured above.

Schudels Return from 6,000 Mile Trip with WOW Group; Saw Farms in East

"People all along the way stared at our special train of 12 Pullmans, lounge, dining and baggage cars, especially at the whopping big sign which was stretched along the side of the cars, bearing the words, 'WOW Farm Study Tour,'" said Bill Schudel when asked about his and Mrs. Schudel's recent trip east. Then he added, "But it sure was fun to be met by the bands and the people everywhere we went." And Mrs. Schudel added that the scenery and the food and everything was wonderful and she said, "I'd like to do it all over again, but not so many peas, next time. Everywhere we went we had peas."

Mr. and Mrs. Schudel, who live in the Riverdale district, near North Loup, returned Friday from the sixth tour arranged by Mal Hansen, WOW farm director and tour leader. This tour was a 6,381 mile study of how farming is done on the east coast. The tour was made by 218 people and lasted 16 days, the greater share of the touring group being from Nebraska, Iowa, Kansas and South Dakota, with one from Missouri and one from Alabama.

Everything on the tour was cared for and all went according to schedule. And everywhere the people welcomed the tourists and were most cordial.

The group left Omaha Sept. 14, which was Friday, but the old schedule was followed.

The Catholic group paid \$2,500 in cash into the perpetual maintenance fund and turned all real estate and cemetery equipment over to the city.

City dads also awarded the Ord Civil Air Patrol a lease on the old frame administration building at the airport. The radio equipment purchased by Ord business and civic organizations will be moved into this building, along with other CAP equipment.

The CAP, previously planned to move into one of the large rooms at the new \$12,000 administration building at the airport but balked when they were asked to pay \$12.50 per month rent for use of the building. As with other airport facilities, the new building is under lease and management of airport manager, Ellis Carson, who told the Quiz Wednesday that he thought the CAP should help out with the expense of heating, lighting and insuring the new building. Carson said that his maintenance costs on the new building will run \$500 or more per year and that he should be reimbursed in some manner for this.

The leasing of the small building by the CAP for \$1 per year evidently satisfied all parties, and the CAP will also be allowed use of the lobby of the new building for their meetings and functions.

Hunt Small Boy; at Playmate's Home

When five-year-old Dale Thomson failed to get home on Thursday evening at the usual time after school, his mother, Mrs. Emory Thomson, became worried as he is always prompt, and about six o'clock she had the fire department call. While the hunt was on, the little boy who had been playing with one of his friends, started home. Unaware he had caused a commotion, he simply came home to supper. The whistle blew the "all clear" a half hour later.

St. Paul Votes Down Swim Pool

A proposal to issue \$35,000 in bonds for construction of a municipal swimming pool was voted down in a special election at St. Paul Friday, the vote being 212 to 161.

Pool talk began this summer after four St. Paul children were drowned in a farm pond while swimming.

Main factor in defeating the proposal was the heavy bond load in which St. Paul already is involved. A \$143,000 curb and gutter project is under construction and \$135,000 more bonds must be issued to complete a \$275,000 grade school building now under construction.

Largest Marquee in World Made Here

The largest marquee in the world left Ord Monday for Cleveland, Ohio, where it will be installed on a new shopping center being erected in that city. Made by Shadelite of Ord, the knocked-down sections weighed slightly over 12,000 lbs. The marquee is of aluminum construction throughout and when erected on the swank new Cleveland shopping center will be 900 feet long. Loaded with the shipment in the picture above is 6,000 pounds of fabricated aluminum destined for a Shadelite dealer in Grand Rapids, Michigan.

The group saw the big web press printing this week's issue of the Quiz, saw typesetting machines in operation, and the folding and binding of a magazine being produced by Quiz for a customer in Boston.

Litchfield Man Uses Magnet to Take Nails from City Streets

Adrian K. Mills, of Litchfield, was an Ord visitor last week with his home-built, self-propelled magnetic device that pulls nails and other metal scraps from city streets, country roads and farm yards.

Here he sold 2,400 lbs. of nails taken from the streets of St. Paul, Farwell, Scotta, Ashton and North Loup, and will donate proceeds of the sale to polio funds of these towns.

To build his magnetic nail picker Mills used a 3,200 lb. war-surplus electric magnet, complete with motor and transformer and mounted on a 1 1/2 ton truck. On country roads the rig works at a speed of 15 to 20 miles but must be driven slowly on town streets where special attention must be paid to bicycles. So powerful is

Mrsny-Valasek

Sunday afternoon September 30, Miss Alma Minsky, daughter of Mr. and Mrs. Phillip Minsky, Sr. of North Loup, became the bride of Harold Valasek, son of Mr. and Mrs. William Valasek of North Loup. Rev. Shepherd performed the double ring ceremony at 1:30 o'clock in the Methodist parsonage.

The bride was attired in a white marquisette ballerina length dress, fitted bolero, scrolled with lush cord embroidery, the skirt also accented with scrolled cord embroidery. Her satin and calla lily headdress held in place her French illusion fingertip veil. She carried a bouquet of red roses, wore three strands of pearls, a gift from the bridegroom. She carried out the tradition, something old, something new, something borrowed, something blue and a penny in the shoe.

Mrs. Phillip Minsky, Jr. the former Miss Doris Beranek was matron of honor and wore a light lavender street length dress with a corsage of pink carnations, and black accessories.

Mrs. Gerald Valasek, the bride's attendant, wore a gold gabardine street length dress with a corsage of pink carnations and black accessories.

Gerald Valasek served as best man and Phillip Minsky, Jr. groom's attendant.

Following the ceremony a reception was held at the bride's sister-in-law's, Mrs. Phillip Minsky, Jr. home for the wedding party. After a short wedding trip the couple will make their home in Ord.

Lewandowski - Owens

MaryAnn Lewandowski, daughter of Mr. and Mrs. Anton Lewandowski of Loup City, and Raymond Owens, son of Mr. and Mrs. Paul Owens of Arcadia, were married in a 10:30 o'clock wedding ceremony Saturday morning in the St. Joseph church in Loup City.

The bride's gown was of white slipper satin styled with a net yoke, edged with a lace ruffle. A series of ruffles with lace insets went down the back of the long skirt, which ended with a train. Her colonial bouquet was of red and white roses tied with white ribbon. Her finger tip veil of net was held to her head with a satin braided halo. Here three attendants, one being her sister, Dorette, who was maid of honor; Betty John, a friend, and Norma Owen, sister of the groom, wore formal dresses of yellow, lavender and green with matching accessories and contrasting halos. Their flowers were in contrasting shades and were in the colonial fashion. Both the groom and his best man, Fred Lewandowski, wore dark business suits, while the other male attendant, Don Woody, was in the uniform of the air force. All had boutonnières of white carnations.

The young folks plan to live on a farm near Arcadia, following a brief wedding trip.

McDermott-Bostrom

White gladioli decorated the Offutt Air Base Chapel for the September military wedding of Miss Bernadine B. McDermott and Sgt. Robert J. Bostrom of U.S.A.F. The wedding took place in the chapel at Offutt Field, Omaha.

The Chaplain Major H. W. Rinke performed the double ring ceremony. The bride given in marriage by her father is the daughter of Mr. and Mrs. Frank McDermott of North Loup. The bridegroom is the son of Mr. and Mrs. Gilbert D. Bostrom of Boston, Mass.

The bride wore an elegant gown of white slipper satin, featured a sweetheart neckline embroidered with seed pearls and a tight fitting bodice with tiny covered buttons down the back, long sleeves tapered to a point over the wrists and full skirt ending in a long train. The two tiered veil of white illusion was held by a matching tiara.

The bride carried a colonial bouquet of white carnations tied with white satin ribbon. She wore a pearl necklace, a gift of the groom. The traditional blue garter was also worn to complete something old, new, borrowed, blue and a penny in her shoe for good luck.

Miss Barbara Reh maid of honor wore a gown of powder blue, net over satin and carried yellow carnations.

Cpl. Lyle Krumme served as best man, Sgt. John Kelly and Cpl. Gilbert Wallenberg ushered.

For her daughters wedding Mrs. McDermott wore a royal blue dinner dress with white accessories and Mrs. Bostrom wore a navy blue dinner dress with white accessories. Both mothers wore flesh colored gladioli corsages.

A reception was held at the German American Club where the bride and groom cut the first piece of the beautiful wedding cake, topped with a miniature bride and groom.

Leta Reh Chernise was in charge of the guest book and Gloria Haarmann took care of the gifts. Barbara Craven, Rose Lee Parks and Mrs. Craner were waiters.

The bride is a graduate of St. John's Academy and has been employed in the office of Farmers Union Coop. Insurance Co., Omaha. The groom is a graduate of Boston high and is stationed at Offutt field.

Sgt. and Mrs. Bostrom are at home at 1010 S. 20th St.

RUPTURE SHIELD EXPERT HERE

IL M. SHEVYAN, widely known expert of Chicago, will personally be at the Grand Island, Sunday and Monday, only, Oct. 14 and 15, from 9 A.M. to 4 P.M. Mr. Shevyan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known treatment. No under state or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevyan will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago 15. Large incisional hernia or rupture following surgical operation especially solicited.

County Superintendent Visits Schools

The County Superintendent is spending part of each week visiting the various rural schools throughout the county. Those that have already been called upon are in the extreme south and north-eastern sections. Conditions are found to be excellent in these schools, with perhaps some minor corrections in a few instances. Some added equipment in some schools would be of great advantage both to pupils and teachers. These are being referred to the school boards of the respective districts.

Have Month to Get Licenses

The sale of drivers' licenses still goes on in the office of the county treasurer. On Monday, 2,725 had already been sold, which is more than at this same time last year, 4,000 were sold last year. The time for renewal extends until October 31.

Students to Present Plays October 13

Mrs. J. A. Kovanda, teacher of dramatics in the Ord high school, has announced that Nov. 13 is the date scheduled for presentation of several plays by members of the Thespian Troupe, a school organization. 78 young people will be cast in the three one-act plays and in the two cuttings from three-act plays, with students also acting as assistants in putting the plays before the public.

Farewell Dinner for J. J. Campbells

The board of directors of the Loup Valley Dairy Breeders Association gave a farewell dinner Tuesday evening at the Veterans Club for Mr. and Mrs. J. J. Campbell. Besides the honorees, the following were also present: Glenn Watts, Robert Farmer, Mr. and Mrs. Emil Babka, Mr. and Mrs. Chris Hansen, and Mr. and Mrs. Thead Nelson, all of Ord; Mr. and Mrs. Carroll Thomas of North Loup; Mr. and Mrs. Sidney Allison of Scotia; and Delivan Kingston of Arcadia. Mr. Campbell has served as technician for the organization since it was started in 1947 and Mrs. Campbell has been the secretary-treasurer since 1948. Robert Farmer has replaced Mr. Campbell as technician.

Radio Minister Tells of Travels

A large crowd gathered at the E. U. B. church Thursday evening to hear Rev. R. R. Brown of Omaha, who spoke of his travels in the Far East last year. He told of conditions, as he observed them, in the Philippines, Japan, Korea and India, as a result of Communism, which, if not stopped now, will engulf the whole world.

Husband, Wife, Follow Each Other in Death

Emerson Stowell, who grew up in Valley county and served in World War I, died in his home in Berthoud, Colo. The body was taken to Orient, Ia., for burial on Sept. 27, and just twenty minutes before the service was to begin his wife also died very suddenly. Both were victims of heart trouble and both were apparently quite well when death came.

Mrs. Frank Arnold Dies Suddenly

Funeral services will be held on Friday in Fullerton for Mrs. Frank Arnold, 66, who died suddenly Monday evening. Mrs. Arnold was taken from her home in Fullerton the same day to the St. Francis hospital in Grand Island where she died without regaining consciousness. She is survived by her husband, well known in Nebraska as associated with the Tax Payers League, and one sister, Mrs. Fred Fuller, also of Fullerton.

Several relatives and friends of Mr. Arnold plan to attend the funeral from Ord and North Loup.

Style Show Thursday Eve

Vera's Style Shop will hold a style show Thursday evening at 8 o'clock at the Strand in North Loup, showing a complete line of new fall styles for women, children and men.

Modeling the clothes will be Sylvia and Judy Ingerson, Shirley Brown, Ruby Gydesen, Phyllis Dault, Ursula Gillham, Dolores Cox, JoAnn Burrows, Janet Markovicka, Leona Clement and Illa Roby in the women's department. Children modeling are Deanna Willoughby, Pat Thorngate, Diane Knapp, Joan Cress, Jerry DeNoyer, Linda Kay Klingler, Debbie Hutchins, Donna Jean Johnson and Sandra Hoppen. A variety program is promised with special numbers by Dianna Beck of Scotia, tap dancer, David Pokraka and Jerry Heubner.

Alfalfa and Sweet Clover

With both types of seed scarce in this locality due to a lot of rain the past season, we are offering bookings for spring delivery at an attractive price. Our seed may take your seed out now and save a couple of dollars per cwt.

Cattle Feed

Quick gains make large profits. Now is the time to stock up your feed bin with a high quality feed. 12% protein beefmaker with a guaranteed 45% molasses. We also have the 20% - 30% - 40% Protein beefmaker and a 21% hl molasses feed.

Grains

We have a few carloads of popcorn to shell, starting this week. Soon as the corn is shelled we will be ready to handle your corn and wheat. We also have plenty of good yellow corn on hand for feeding purposes.

Hog Feeds

Pig and sow proteins for fall litters give your fall pigs that boost they need before cold weather sets in. Of course we all know the shoats need a 40% protein before them all times to insure fast gain and early marketing.

Early Chick Orders

Order your chicks now for Jan., Feb. brooding and collect top prices for broilers. It also saves you several dollars per hundred on the baby chicks.

Seed Corn

The old saying "the early bird gets the worm" applies to early seed corn orders. It assures you of the kernel size and number of corn you prefer. You can also save money by paying cash with the order. "A penny earned is another penny to help on income taxes."

Flowers

We have in stock ivies and California foliage plants to give your home that fall touch that everyone loves to have this time of year. Standard mums and pompons make lovely bouquets. Flowers to your friends and loved ones will express the sentiments of your heart far better than words.

Schudels Return from 6,000 Mile Trip with WOW Group; Saw Farms in East

(Continued from page 1)

persition was found to be untrue, since there was nothing all along the way to mar the trip. The first stop was made in Detroit where various Ford plants were visited. Dearborn Village was of special interest to the Schudels, who enjoyed the old store and the old-fashioned things found therein. Niagara Falls was big they said, and almost overpowering. It was a high point of the tour.

It was Quebec and Montreal where the Schudels really saw the way other people farm. In Quebec, especially, 90 percent of the people are French and farming is done just as it was 100 years or more ago. The land is cut into strips, and given to the sons to farm, some being one-half mile long and 20 rods wide. Separating the strips are the hedgerows, remembered by those who were in Normandy. The soil is worn out and farms so small the total income from such a farm is about \$200 to \$300 a year. The government is taking steps to get something more for the farmers to do, to assist their economic condition. The hope is to put in some industries that the people can work in, and consolidate the "farms." There the people do their own spinning and weaving, as in the earlier days of our country. There are no parking meters there, for the simple reason there are no cars, and the people use horses and buggies for travelling.

The group was met by the mayor of Montreal, and everywhere they were made most welcome. At a dinner given to the travelers, even the high-ranking Canadians were most cordial to the travelers.

The trip down the St. Lawrence was made by excursion boat, and was most beautiful. A full moon added to the glamour.

The journey down to Boston, through the Berkshire Hills, was equally beautiful, the trees were just beginning to turn. In Boston, Bill attended a ball game between the Cleveland Indians and the Boston Red Sox, while Mrs. Schudel made a bus trip that took her down the exact route that Paul Revere made his famous ride. All along the way the historical events were relived in seeing the Old North Church, and Concord Bridge, old houses and landmarks.

Mrs. Schudel was impressed with the preservation of the old things, and the reverence in which they were kept. Many homes had exactly the same articles that had been there for the past 100 to 200 years.

Northampton was but a small place, but over 50 cars had been assembled to take the party about. At a maple sugar center, over \$2,000 was spent by the visitors for sugar and syrup to be sent back home.

Deerfield, the scene of the old Indian massacre, was interesting, they said, since about 20 homes and the old church had been re-

built after they had been burned, but were very similar to the early type house prevailing at the time they were destroyed. In this city on the campus of a boys' school, is a large sycamore tree, which it is estimated, was a good-sized tree when Columbus discovered America. Some years ago a hollow spot in the tree caused concern, but now filled in with cement, it is growing well. At one time 20 men could stand within its trunk.

The travelers were interested to see the fields of growing tobacco, and could but estimate the thousands of yards of muslin used to shade the growing plants.

In New York, the Schudels saw "South Pacific" and also spent much time sight-seeing. From the top of the Empire State building, the roar of the traffic far below sounds like thunder, and one is surprised to see the number of taxi cabs, colored to make finding them easier.

Washington D. C. was closely guarded, with soldiers everywhere. However, the party was entertained at Hogate's famous seafood place, and guests were Sen. Butler, Representatives Miller, Curtis, Buffett and Stefan. They were impressed with Secretary of Agriculture Brannan's talk and his straight-forward way of stating his facts.

In Beltsville, they were shown the largest agricultural experiment station in the world. In Pittsburgh, they saw how steel was made, although the factories are guarded. In Youngstown and Akron, they were guests at the Firestone plant, where they saw the Firestone farm, also the manufacture of rubber. In Lucas, they were visitors at the farm of the famous novelist, Louis Bromfield.

The travelers were tired when they reached Chicago, but did some sight-seeing and some shopping in the Windy City, before they left for Omaha, and home again.

The Schudels said the trip was well planned for the comfort and convenience of the travelers, they were appreciative of the many gifts presented them by Omaha firms advertising over WOW. Many lunches and dinners were given them in the places where they visited.

So popular are these trips that at least 67 percent of those who took this journey have gone on other tours, and many have gone on all the tours.

Of special interest to many was the comment made by a New York reporter about the group as they visited that city:

"A group of farmers from Nebraska, Iowa, Kansas and South Dakota came to town today on a self-financed tour arranged by Station WOW of Omaha.

"The men were not so much burned by the sun as familiar with its rising; their hands were tough and if they wore glasses,

the rims were invariably thin silver. The women were full-bodied with simple print dresses and little or no makeup.

"They wore low shoes, and when they came from shopping, they sighed as they sat down, and passed the time of day. Whenever they talked of Grand Central terminal it was merely "the depot."

To which Rep. Stefan made an answer:

Rep. Karl Stefan, (Rep. Nebr.) criticized a New York Times reporter for "sneering and jeering" at 224 members of a midwestern farm group which visited New York.

Stefan said in a House speech that the reporter, whom he did not identify, "is completely lacking in the objectively necessary for work on a paper whose motto is "All the news that's fit to print."

"Stefan charged that the reporter jeered at the clothing in the touring party, and the silver-rimmed spectacles among the 113 men who are studying farm methods."

"It is true that none of them wore royal blue pastel milk coats," Stefan said, or looked through the finder of an RFC-gift camera.

"He could jeer at their calling Grand Central terminal the 'depot'—a reporter who could not be supposed to know the difference between a potato masher and a combine."

"These farmers, Stefan said, are the 'real Americans'."

"The reporter didn't see men and women who kept him and his kind alive," he said.

McGinniss' Back from Eastern Trip

Dr. and Mrs. J. W. McGinniss returned Monday noon from a trip to the eastern part of the country, having been gone since Sept. 2. First they were in Vermillion, on Lake Erie, where Mr. and Mrs. Dusenberry (their daughter Selma) were camping and stopped there briefly, next they went to Harrisburg, Pa., where they visited their son, Lt. Col. Velmer McGinniss and family for several days, then going to New York city where they were with their daughter, Mrs. Beulah Marx and daughter a week. Next to Eaton, Ohio, where Mr. and Mrs. Dusenberry live, and returning to Harrisburg, Pa., for a longer stay with Lt. Col. McGinniss and family. Finally they came to Lincoln, where they were the guests of their son, Dr. and Mrs. Kenneth McGinniss and family. Dr. McGinniss is connected with the Lincoln Clinic.

IT MUSTN'T Happen Here!

CLOSED FOR LACK OF SCRAP

... YET SCRAP INVENTORIES ARE ALARMINGLY LOW. YOU ARE BEING COUNTED ON TO HELP KEEP THE FURNACES WORKING ... TO AID DEFENSE

With our increased steel production, the furnaces are gobbling up an enormous amount of iron and steel scrap.

More—far more—scrap than is at present going into their scrap stockpiles.

Many mills are operating on a hand-to-mouth basis. Some are already threatened with shutdown—for lack of scrap.

The Danger Is Increasing

Will efforts to fill the tremendous demands for steel fail because of lack of scrap?

Steel is made from 50% scrap. We could be severely handicapped—in our aim to keep abreast of both military and civilian requirements—if scrap suppliers can't keep pace with productive capacity.

But they can keep pace... with your help!

Enough Scrap IS Available!

Yes—the only problem is to get the available extra scrap from where it is—to where it's needed.

Where is it?

In your business... in the form of old machines and equipment, tools, implements, dies, jigs, fixtures, outmoded structures, chains, valves, wheels, pulleys—any old iron and steel that's rusting away.

Six Million EXTRA Tons Needed!

By the end of 1952, we'll be producing steel at an annual rate of 20 million tons more than in 1950. That means we will need at least 6 million more tons of scrap than we've ever needed before.

We are shipping iron and other scrap steadily, but we need more. We are paying quite an attractive price for scrap, so here is your opportunity to help yourself, to help us, and help your country.

Why The Difference?

A laborer in defense industry becomes dissatisfied with conditions on a job where he is getting as much as \$300 a month. It is his privilege to be dissatisfied if he so desires. But, because of his dissatisfaction and that of a few others, the union to which he belongs may call a strike demanding higher wages and a closed shop. The federal mediation board may then step in and review the case, see that he gets what he desires, higher wages, better working conditions, a closed shop or any other demands that may be made.

Do not think this does not happen, for it does. The FMB is supposed to be a liaison group between capital and labor. Unfortunately labor holds the whip hand because of the preponderance of votes involved. The politician who openly opposed labor with an election in the offing would be foolhardy in-

deed. The last thing a politician wants to do is to lose his job, which he holds, not for the actual salary involved, but for the chance it gives him to throw his weight around and collect a few extra thousands in gratuities here and there.

The present investigation of the Lithoford Co. of St. Louis is a case in point. This investigation is finding out plenty, and among other things, it is finding that the money handed out in payment for influence by this company was not all given to members of one party by any means. Democratic Chairman William A. Boyle has been the target of these reports to date, but now the name of Republican Chairman Guy Gabrielson is being brought into the middle.

Both have made damaging admissions and at least a party of the members of the committees they head are in favor of dropping them in favor of somebody with a cleaner record. Whether this will be done or not only time will decide. Meanwhile Harry Truman is very emphatic in his defense of Boyle, stating that Mr. Boyle has told him he did not use his influence unfairly and that he has implicit faith in him. A man so high up in the party councils could do no wrong, or could he?

It seems that the national committees are trying to carry water on both shoulders, to be on both sides of the fence at once. The Democratic party has always held that it is on the side of labor, yet its national chairman accepts sizeable gratuities from the corporations. It would be interesting to know what Honest Abe would say and do if he were alive and president of the United States today.

But, while this finagling in high places has been going on, and while labor has been granted practically everything it has demanded, a lot of other men have been in the limelight in a different capacity. A soldier in the army works twice as hard, as all-ex-soldiers will tell you. Suppose he becomes disgusted with conditions at home and decides to have a strike all of his own. For a small offense he gets 30 days in the

guardhouse, for a larger one he may draw a year in life in a federal penitentiary. In war time he may even face a firing squad. Yet young men are required to answer their country's call and spend a number of years in the army. The present draft law makes this mandatory. There is no denying that the soldiers in the armies of the United States are the best paid in the world, and they are probably treated the best. Today there are more opportunities for advancement and for special education than at any time in history. Their condition, mental, moral and physical, is watched with the greatest care.

But what about the young fellow, physically unfit to get into the army, who gets a job in a defense factory at much higher wages than the soldier draws? He is just as necessary to our great problem of defense as the members of the army, the navy, the marines or the air force. In fact, he is more necessary, since without the results of his work the soldier would be without weapons of defense, airplanes to fly, ammunition to shoot. Without the materials of war, no matter how well drilled, he would be absolutely helpless.

If it is a federal offense for a soldier to quit under fire, it should be also a federal offense for a man to quit work in a defense plant, where he is drawing big pay without risk of life or limb. This is one place where strikes are inexcusable. In fact, with the present high standard of wages maintained by the unions and the government, there is no excuse for strikes anywhere. Is it possible that the government of the United States is afraid of organized labor? If so, it is high time that something definite be done about it.

As a rule, it is not the desire of the masses in labor that a strike be called. The ordinary workmen are dominated by their superiors to such an extent that they accept orders to strike rather than take the chance of suffering reprisals. When the leadership decides to call a strike, they do not have time to consult the masses, but they ahead and call it anyway and the men who would prefer to work are compelled to quit. It is true that elections are called in some cases, but it is tough sledding for the man who dares to vote against a strike if he is found out.

What America needs and should have is a nation without strikes. All should work together to accomplish this end, as it is a problem for the whole people to solve. If the matter were put to a vote of all people affected, there would be very few strikes indeed. Such a vote would be no indication of an unfriendly feeling of the public toward organized labor, which has been a part of the nation since it was a nation. It is a matter of the public good that the laboring man, be he farmer, miner, worker in a factory, keeper of a store, owner of an industry, has the right to organize, and the American people have long recognized that right. As a result, there are hundreds of organizations throughout the land, each working primarily for the good of its own group, and in general for the good of the nation. The need of the nation is more human understanding, more willingness of each group to give a little for the good of all.

Speaking in Ord 20 years ago in 1931, Charles H. Mitchell of Huron, S. D., Rotary district governor, predicted that Europe was heading into another war, a war that actually started eight years later. Mr. Mitchell predicted that this would be the bloodiest war in history, and time has proved that he was correct.

He said that the people of Germany and Austria feared Communism more than anything else. He said that they feared the Communists far more than they did Hitler. He said that Belgium was then in the best financial condition of any nation in Europe and that both Germany and Italy were in feverish preparation for a second world war. After all, it is not surprising that Mitchell should be so correct in predicting the war in Europe as he did. As soon as the second world war was over anybody could predict another world war in Europe within 20 years and be fairly certain of being correct. Since the dawn of history wars have been the usual thing somewhere in Europe nearly all the time, and they always will be until the people rule.

Until the people of Europe learn to trust each other, and until they make themselves worthy of being trusted, the seed of war will be lying dormant in the minds of the people, merely waiting the call of some leader to start it growing. Lack of faith or the breaking of faith is the real cause of all wars. What faith can do is shown by the border between the United States and Canada, without a fort for 3,000 miles.

Meanwhile the police action in

Korea goes merrily on with more than 92,000 casualties for the United Nations and the prospect of as many more in the future. Dead from this conflict are buried in Arlington National cemetery without special markings on their headstones, because they "did not die in war." How much longer before we will be permitted to recognize the war in Korea for what it is?

Ward's Cookin' Column

This week finds me with a few odds and ends I have overlooked to be cleaned up, and perhaps next week I can get down to the business of living normally once more. One time I think you might like comes from the Ord Cooperative hospital, where I was honored by sharing a room with the Prince for a period of 12 days. Not only that, the King came in to visit the Prince, and myself, on several occasions. To cap the climax, a gang from the neighboring balling of Central City dropped in one day to visit me, but he also included the Prince in his visit. On would think, what with hobnobbing with royalty that way I would have my head in the clouds. The fact is I have been in a fog for some time now, but royalty had little to do with it. The prince mentioned above was Joe Prince, of course, and the Kings were W. S. of Ord and Charles of Central City.

I lost my notes on the trip I made over the PCT stages, but I do recall one thing that really impressed me at Chadron. I got up early that morning, which happened to be Sunday morning, and found all the stores closed, and to be expected. The only places open were some of the cafes and service stations. I got a really fine breakfast at a much lower price than I expected to pay. Then I went down to the corner and found a service station open and the attendant taking care of as much business as three men usually handle. He had his hands full, but he really knew how to handle his job. He had time for a friendly greeting for everybody, time to wipe their windshields, time to check the water and to give a glance at the tires, and of course to sell gas and oil. I have never seen a man work more efficiently than that man did, nor more courteously, and in a business where courtesy and service are the watchword. I did not get to talk to him, as he was busy all the time. I do not know how much money he was being paid, but I do know that he was worth all he was getting.

Well, the time of vacations is now pretty well over, but the finest month of the entire year, October, is now underway. It is true we sometimes have storms in October, but it is the month of Indian summer, the month when nature puts on her gayest colors in honor of the end of the harvest. Nothing in the world is quite so lovely as the trees are in October, when they put on their dresses of red and gold, when the cottonwoods spread their yellow carpets over the ground and when the bullheads die their best and final biting of the year. All nature has a final fling before the coming of winter, and it is great to be alive in Indian summer.

but there are no friends like the old friends when you are down. Jess, the value of friends increases in proportion to the square of the years you have known them. That is my answer to preferring Nebraska to Hawaii. I was in a hospital in Honolulu, and the four friends who came to see me I had known less than a year each. I hope this answers your problem, Mr. Kovanda.

If I learned anything in Hawaii it was that what makes a man is not the color of his skin, his ancestry, his religious belief or the place where he was born. Also it doesn't make any difference what his name is or even if he ever had a dad or not. It is the man behind the name that counts. I have known men with yellow skin, brown skin, black skin, red skin and a few with white skin. They were a motley lot, and no two of them looked alike, talked alike or acted alike. Some ate with their forks, some ate with their knives, a few preferred spoons and not a few could handle chop sticks with marvelous dexterity. Some wore their shirt tails in, some wore them out, some went without shirts. Some shaved every day, some shaved once a week, some didn't raise enough whiskers to pay to shave at all.

But this group I have been talking about had one thing in common. They were all men, men in the highest sense of the word. They were men to whom you could loan any amount of money without the need of asking security except their promise to pay it back. They were men who would do their share at whatever the job happened to be, and then reach over and give a weaker brother a helping hand. Some were Christians, some were pagans by their own admission, some were Hindus, Brahmins, and at least one was a Mohammedan. Yes, over in Hawaii the only measure of a man is character, and color, race or religion has nothing to do with it.

I would never arrived at this viewpoint if I had not seen the point of view they have in Hawaii. There four of us, a Chinese, a colored man, a Filipino and myself—four men—four races—four colors, worked together for months, all for one and one for all. I could borrow any amount I needed from any of them, and they, in turn, often borrowed from me, and when the time came for me to leave, not one of us had lost a cent on any of our many transactions.

You can imagine how I felt when I read recently that a Korean hero had been denied the right of burial in his home town cemetery because he was an Indian. Some damned fool in some way had made it a part of the regulations of that cemetery that, in order to be buried there a person had to be of the Caucasian race. Thus they were denying the right of burial to a man who had a greater right to be buried there than any Caucasian, for he was of the original race of North America. His people once owned all of this continent, at least all of the United States, and lost nearly all of it because this country had to progress. Even then he thought enough of his country to fight and die for it, to die for a lot of people who never did

carry a gun in the defense of their country.

You know me, and you know that Harry and I do not often see alike. But I do like to give credit where credit is due, and my nat is off to the president of the United States for his prompt decision to offer this Indian hero a burial place in Arlington National cemetery. There they lie, the heroes of our land, row on row. If it were possible for them to voice their opinion they would vote unanimously for the chief executive's decision. Perhaps a few bluebloods might be offended, but the men who fight our country's battles, the men who die that we may live, recognize a hero, whatever the color of his skin.

At the risk of making this tiresome, I want to add another paragraph. We need men, he men, in this nation now as never before. When graft and corruption are being found everywhere, we need men in high places who are not for sale, men who recognize graft for what it is and who will work against it whenever and wherever they find it. Such men are all too few today, but there ought to be enough to bring this nation of ours out of the slime again and into its rightful place in the sun. Purity in politics is the only salvation for America.

Something Different

Funny about food; how certain families make you think of preparing certain goodies for them. They are so closely associated in your mind, that when you hear a visit from the Jones' is imminent, you begin planning to have turkey, while another guest on his way to town sets you to thumbing through the dessert section of your cookbook. You know that sweets are what he goes for.

Or maybe he sends you scurrying to the meat market after that wonderful Bohemian bologna (you do say bologna?) or wieners, or sausage. Some of the best meat in the world is made hereabouts, you know. From coast to coast it is famous, and I know people who would rather have a pound of luscious Ord wieners than to receive a pound of the most wonderful imported candy you can find for them.

I don't believe any ideas about food vary more than those about cooking eggs. Perhaps I should say ideas about eating eggs.

Once, I recall frying breakfast eggs for my brother-in-law, soft on top but with their eyes closed, so to speak. Our family considers these very handsome. He took one look at them and hollered, "What's the idea of feeding me raw eggs?"

It seems he likes them as hard as a ball bat, and not just on the bottom side, either.

oOo

Many a family will not have an onion on the place. My dad belongs to this school of thought. In fact I wouldn't be surprised if he were the chancellor!

Once in awhile he would leave for a fishing trip or several days, and my mother would sneak downtown and buy three or four onions to roast. White and transparent, we thought they were delicious, but woe unto us if my father returned home unexpectedly, for he would fume as he opened the door, and got that giveaway whiff.

oOo

I remember, in one of my more learned years, I think it was the 5th grade, of writing an essay on the evils of making potato soup with onions in it. I got a wonderful grade, too; for it seems the teacher agreed with my father that onions were undesirable, no matter where you found them.

oOo

Indian summer is the pleasant-

est time of the year in this part of Nebraska. The plum thickets, the grapes, all the wonderful summer vegetables, the bright orange pumpkins, so many things to make life pleasant.

oOo

The last of the homegrown tomatoes tastes almost as good as the first. The first of the squash is wonderful, dry and sweet and golden.

oOo

The weather urges to picnics. Those inviting fall days, with a smoky haze hanging over the valley, and once in awhile a crisp nip that sends you back into the house for a sweater.

Too bad we couldn't have had last week this week and this week last week!

Now here is an open letter to Jess Kovanda. Quiz readers may recall how Jess took a fall out of me because I was over in Hawaii in the winter time and got homesick to see snow again. I gave him an answer then, but my arguments may have sounded rather weak. In fact, they were not too convincing, even to myself, and I have often wondered since just why I want to live in the Loup Valley when there are a lot of other places where it might be nice to live. Now, Jess, I think I have the answer. There are no friends like the old friends. In the hospital I kept a list of the 40 people who called on me. Among that 40 there were ten I have known nearly all my life. I have been doing a little figuring, and I estimate that I have known those ten people a grand total of at least 600 years. New friends are fine,

Highway Commission Needed
To the Editor of the Ord Quiz:

It is gratifying to note the ever-increasing demand for a shakeup in Nebraska's highway department. Unwarranted delay in completing repair work that seems to drag on incessantly, and the frequency of accidents on detours is causing much concern in various parts of the state. Narrow bridges and sharp turns on detours are a real hazard. Then, too, there is the serious loss of business to the towns and business establishments which are affected.

There is a constantly growing sentiment for the establishment of a highway commission to replace the present political administration. With the highway department under a commission chosen from all sections of the state, instead of under the centralized control of the present administration, I feel we would have more and better roads.

S. D. B. Church News

The Mid-Continent Association of Seventh Day Baptists will meet with the Denver, Colo., church this week end, beginning with a gospel meeting and communion service Friday night, and ending with a gospel service Sunday night. The theme for the meetings is "Light a Candle." Rev. Francis Saunders, pastor of the North Loup S.D.B. church, will assist Rev. Erlo E. Sutton of Boulder, Colo., in the communion service Friday night, and will preach the Sabbath morning service, his topic being the "Church with the Candle Power." About 16 people plan to attend from here.

Rev. Howard Childerston of Chadron, representative of the American Sunday School Union, will speak at the North Loup S.D.B. church Sabbath morning in the presence of the season, when they will present the work of the union. We are happy to have this man of God with us.

There will be no prayer meeting Friday night due to the absence of many who attend, who will be in Denver.

The Wednesday evening Bible class started a study of the book of Ephesians this week. The second chapter will be the basis for discussion next Wednesday night at 8 at the parsonage.

The Junior Christian Endeavor elected new officers for the year at their meeting Monday afternoon. They are Jerrold Scott, president; Kenneth Williams, vice president; Herbert Saunders, secretary; and Shirley Severance, treasurer. Verma May Williams will be the program chairman this year, and the social committee will consist of King, Dean Williams, and Dennis Cox. Although the oldest member of the group is only eleven years old, they have helped many good causes. Recently they sent five dollars toward flood relief in Kansas, and only last week sent five dollars to Long Island, Ala., where a Junior high school, a missionary school of the S.D.B. denomination, burned to the ground. The group meets every Sunday afternoon at 3:15, and any children who wish to attend are invited. Last week Rev. Ralph Sawyer, missionary of the A.S.U., was guest speaker.

Fathers Wear Sons' Numerals, Proudly Watch Challengers Beat Spalding 49 to 6

The Challengers beat Spalding Academy Thursday night for their third victory of the season, when they ran through around and over Spalding Academy, 49-6. The lone Spalding score came as a result of a sustained drive that the Challengers were unable to stop. Fathers of team members by special invitation, watched the game in a group, proudly displaying the numbers worn by their sons.

Coaching his first year of six man football at North Loup, Coach Donald Jones is showing

great ability in developing a good team, from what before the season started appeared to be just a good average team. North Loup won over Danneberg in the Pop Corn Bowl game two weeks ago by a score of 48-0, and five days later upset a strong contender at Wood River, 28-0.

The Challengers starting lineup includes Gale Sintek, Duane Willoughby, Richard Hawkes, Martin Markvicka, and Darrell Fen-ton, with either Gene Larkin or Dale Thompson filling the other spot. Gale Brown, Kenneth Cook,

Kenneth Ingerson, Roger Leonard, Roland Newman and Jimmy Williams make up the rest of the squad and all of them have seen service so far this year.

Willoughby was forced to retire during the second half of the game Thursday night because of injury but will be back for the next game which will be Wednesday night with West Kearney at North Loup. Last Thursday night's game fathers of the football squad were especially invited guests.

Carson Looses Twin Blasts at Peterson; Wants Special Session

Old Age Assistance Not Sufficient, He Claims; Highway Dep't. Hit.

Senator Hugh Carson of Ord this week loosed twin blasts at Governor Val Peterson, one in regard to old age assistance payments which he claims are far too low in view of the rising cost of living, and the second in regard to the state highway department, which he says should be audited by auditors "from outside the State House."

Carson's statement about old age assistance came in a letter to Gov. Peterson Tuesday, copies of which were furnished to the press. His blast at the highway department was made in a legislative news letter sent to newspapers in his district and printed on another page of today's Quiz.

The Ord man would have Gov. Peterson call a special session of the legislature with the object in view of increasing the maximum old age assistance payment by at least \$10 per month.

"The present level of prices for food and clothing is such that the meager maximum payment we are now making is no longer adequate. These old people are proud and do not want charity but they do want to eat and keep warm. Under the present maximum old age payments there is only one penny from which money to buy fuel can come, and that is from their already inadequate grocery, rent and clothing money."

Senator Carson pointed out that the last session of the legislature voted to increase salaries of almost everyone in state employ while at the same time the proposal to increase old age assistance payments was turned down. "I am proud that I voted to increase the maximum old age payments," he wrote.

Federal employees are getting bigger salary increases, labor and management are agreed that private industry employees need more money to keep up with living costs and most workers have received raises, and thus everyone is going to have more money to cope with except the old people, "and they are more deserving than many federal and state employees."

"Often critical of the state highway department which he claims is inefficient and should be replaced by a commission, Senator Carson in his news letter claims the department is withholding information to which the public is entitled. Irregularities were found to exist in the Liquor Commission and the Health Department when they were investigated and it is quite likely the Highway Department and other state departments harbor similar irregularities, he says."

Up to this time Gov. Peterson has not answered Carson's blasts. He has been urged to be a candidate for Congressman, 3rd district, in a coming special election to replace the late Karl Stefan. To do so Peterson would have to resign as governor, which would elevate Lt. Gov. Charles R. Warner to that position.

Horner Reunion in Fremont

Mr. and Mrs. Ernest Horner and family, accompanied by Stanley Mitchell of Burwell went to Fremont, Sunday where at the Bob Henderson home a reunion of Horner relatives was held. Present were Mr. and Mrs. Don Horner, Carol and Bill, of Red Oak, Ia., and Mr. and Mrs. Alfred Horner, who had been visiting relatives here, in Burwell and Fremont for several weeks, accompanied the Christensens back to Clarinda as she makes her home by them. Mrs. Allen Strong went with the Horners to Fremont, where she spent the day with her parents.

Mr. and Mrs. Tony Schmidt and Mrs. Rudolph Hoesek and Mrs. Jay Stoddard of North Platte were in Grand Island shopping Wednesday.

Collins, Button, Cars Are Wrecks

Autos owned by Venard Collins of Ord and J. Don Button of Ashton are wrecks as the result of accidents late Friday evening. The Swopes photo above was taken after both cars had been towed to the Chevrolet garage in Ord.

Button, new Chevrolet dealer at Ashton and Loup City, had a blow-out on a curve 2 1/2 miles south of Ord on the Ord-Loup City county road about midnight Friday. The car turned over completely, and Button received bad cuts on the face and ear.

The Collins car, driven by his son, Kenneth, tangled with a bridge on the Ord-Sargent road. None of the four occupants of the car, young Collins, Dan Huff, Bob Dworak and Dean Sperling was badly injured.

Portis Home Damaged by Explosion

One wall was blown out and much damage done in the kitchen and dining room about 6:00 Wednesday morning, as shown in this photo by Ed Swopes.

Mrs. L. W. Portis, 80, Unhurt When Blast Wrecked Her Home

Calmly Poured Water on Blazing Curtains Before Going for Help.

North Loup — (Special) — An explosion of propane gas, presumably from an oven burner left partly opened, caused extensive damage about 6:00 this (Wednesday) morning at the home of Mrs. L. W. Portis here.

One wall of the house was blown out by the blast and much damage was done in the kitchen and dining room.

Mrs. Portis, nearly 80 years old, was asleep in an adjoining room and was not hurt. When she ran into the kitchen she found the curtains on fire and extinguished the flames before going to the home of a neighbor for help, her telephone being out of commission by the blast.

It is theorized that gas leaked from the partly opened valve throughout the night and when it became sufficiently concentrated in the small room it was ignited by the pilot light on the stove.

Mrs. Portis, her nerves apparently unaffected by the explosion in her home, efficiently made arrangements to have the sagging wall propped up until carpenters can repair it properly.

Another New County Road Is Completed

Another new county road has been completed and is ready for gravel, Supervisor Bud Knapp of the road committee reported to the Quiz this week. The new road runs from the Knute Peterson corner on the Ord-Erison highway east 2 1/2 miles to intersect with a north-south main route road. Property owners along the road cooperated to the fullest extent in donating right-of-way according to Knapp and Supervisor Ed Sevensen, in whose district the road was built. The road is slated for gravel if weather conditions permit this fall.

Muny Concert Group Launches Campaign for New Members

At Least 3 Concerts During Season Which Opens Oct. 22.

The third annual campaign for new members will be launched by the Loup Valley Municipal Concert association on Monday, Oct. 20.

The local talent committee, composed of Father Thomas Siudowski, Mrs. F. L. Blessing and Mrs. Alen Papernik, has under consideration the selection of the first concert of the season. Tentatively, the date is set for October 22. Two other concerts will definitely be presented during the season, and a fourth will be selected if funds raised during the membership campaign make it possible.

The membership campaign will be directed by George Nesbitt, representative of Municipal Concerts, Inc., Houston, Tex., in cooperation with Mrs. Leslie Nash, local membership chairman.

Campaign headquarters will be established from October 15 to 20 in the office of James B. Ollis of the Loup National Farm Loan association. Mr. Ollis is treasurer of the concert association in Ord.

As in other years, concerts will be presented only to holders of membership cards of the Loup Valley Municipal Concert association, or to their special guests who must live farther than forty miles from Ord. Members should arrange for the bringing of guests in advance of each concert with William Nelson, concert manager.

Memberships are of two classifications, adult and student, at \$8.00 and \$2.50, respectively. Both figures include tax. Renewals of last season's memberships may be obtained in advance of the campaign week, and until its close October 20.

Two Loads Calves to Michigan Buyer

It may not have been the longest cattle haul around here, as feeder cattle and calves from this area are famous over the United States, but it was the longest cattle haul ever made by a Romans Motor Freight truck.

Two Romans trucks, with 125 head of calves, made the trip to a buyer in Ithaca, Mich. this week. Ithaca is 40 miles north of Lansing.

Wheeling the big semi cattle pullmans for Romans were drivers Harold Bennett, Ed Green and Floyd Hiner. They made the trip from Ord to Ithaca in 30 hours.

Released from Navy

Mr. and Mrs. E. A. Jirak arrived on Friday from San Diego, where he had been released from active duty in the navy on Oct. 1. They plan to visit here and Mrs. Jirak's people in Crete for a while and later he will attend the state university in Lincoln.

Two Pay Fines for Reckless Driving

Lester A. Marshall, Ord, was fined \$10.00 and costs of \$4.00 on the charge of reckless driving on Oct. 6. The trial before Judge Ball was Oct. 8.

Harry Kowalski of Loup City was found guilty of reckless driving by Judge Ball and fined \$10.00 and the costs of \$10.50 on Oct. 9, the same day the violation took place.

Cosmos Invite Ord Baseball Team

Members of the Ord Cosmopolitan club will be hosts to Manager Rollie Johnson and his Ord Mustangs at dinner in the Veterans club Thursday night. Jim Gilbert, baseball club president, is a Cosmos member. Gene Leggett, president of the Mid-Nebraska Baseball league, will also be a Cosmos guest at the dinner.

Insanity Board Takes Kron Case Under Advisement

In a hearing before the Valley county insanity board Friday, pleas were taken under advisement for 60 days in the case of Mrs. Grace Kron of North Loup. Mrs. Kron has applied a county quiet jail sentence of 90 days for assault and battery.

Ord Guarantees Enough Bean Soup for Everybody

Ord Welcomes World to Eat Bean Soup Free on Oct. 17th.

"How much bean soup shall we make?" asked the women's church group which has charge of making soup for Ord's big free bean soup day on Wednesday, Oct. 17.

"Enough so everybody who wants bean soup may eat as much as they want," was the answer given by Richard Rowland, president of the Chamber of Commerce which sponsors the event.

That adds up to a lot of bean soup, for thousands are expected to visit Ord next Wednesday to get in on the hundreds of bargains offered in Ord stores, as well as to eat free soup with crackers and coffee.

Soup will be served at the Bohemian hall starting at 1:30 a.m. and continuing until 3:00 p.m. or longer if necessary to accommodate everybody. The church ladies will make the soup and ladle it out but business men will serve their former friends on this special day.

Practically every store in Ord is taking part in was the answer given by special window displays and featuring Bean Soup Day Bargains. You will find their ads scattered throughout today's big issue of the Quiz. Read every page, make a list of the items which interest you and the stores which offer them, then come to Ord prepared to have your dollar go farther than ever before in buying real value.

Chanticleers Face Broken Bow Indians

The Broken Bow Indians, unbeaten this season but held to a 7-7 tie in the mud last Friday by a heavy Minden team, will be opponents of the Ord Chanticleers Friday eve on the Indian field.

One of the best Class B grid teams in Nebraska, the Indians will furnish tough competition for an improving Chant squad.

Reportedly, Broken Bow had 125 boys out for football this season as compared with 37 trying out here. The team has speed, weight and experience, whereas the Chants are light and only two were regulars on last year's team.

The Ord team will take to the field and if Wolfe's tosses it Penas, Laursen and Crosley work as they did against Albion an upset victory is possible. Ord-Broken Bow games are always stoutly contested and this will be no exception.

School Land Lease Sale Goes Quietly

All Leaseholders Renew Property; Two Get Competition.

Sale of leases on seven school land tracts in Valley county produced little excitement in Ord last Friday. All seven of the present leaseholders bid on their own places, although two had competition and paid a sizeable bonus for their land.

Guy Lutz paid the top price for a half section of good pasture, with at least three others in the ring bidding for the tract. Lutz gave a bonus of \$2200 for the West half of Section 16-17-15.

Another half section of pasture, just south of Ord, found Emma Long & Sons paying a \$600 price for the South half of Section 36-19-14. Two other bidders were interested.

Other lease holders found easier going, with three members of the Hulinsky family, Albert, Jr., Mike E. and Edward, bidding a total of \$201 for a full section, 16-20-16.

Bashe Brown paid \$100 for the southeast quarter section of 16-20-15, and Anton Novotny gave \$25 for 160 acres in Section 36-20-16.

Auction of school land leases was held by the board of educational lands and funds, when a ruling of the supreme court decided that present leases would void. In all school lands, leaseholders pay a portion of the appraised value of the land as rent, and bid a cash bonus for the term of their lease.

Suits now pending, throw status of present leases into an uncertainty, as leaseholders in other sections of the state are testing the validity of the lease law.

FWV Meets Monday Eve

The Ord post of the Veterans of Foreign Wars will hold their regular monthly meeting Monday evening, Oct. 15, at the Veterans club.

Federal Farm Agencies Meet Jointly, Formulate General Recommendations

Recently heads of the various federal farm agencies which have offices here met at the Valley County Mobilization board to make recommendations on the proposed Family Farm Policy Review.

Enul Kokes, as acting chairman, called the meeting to order with the following members present: Leslie Nash, Soil Conservation Service; Emil Sedlacek, Production Marketing Administration; James Ollis, Federal Land Bank; Don Krick, Farm Home Administration; Carl Dale, Farm Bureau and Extension Service.

The Rural Electrification Administration, Veterans-on-farm Training, were not represented.

Others present included Frank O'Brien, FMA farmer-fieldman; U. C. Evans, Orville Lueck, Andrew Kusek, Harold Garnick and Alfred Burson, farmers; Katherine Helzer, home extension agent; Mrs. Herb Goff, extension farmer's wife and Mrs. R. F. Mettenbrink, business man's wife.

Mr. O'Brien gave a brief talk on the Family Farm Policy Review. Memorandum 18 was read by Kokes. It was then decided that each agency would review their section of the manual and make recommendations along with a discussion and recommendation by the entire group.

Carl Dale lead the discussion on Cooperative Extension Service and the following recommendations were made by his group: (Continued on page 2)

Chanticleers Look Better, Win 14-13 from Albion Cards

Ord Team Comes from Behind to Score on Sustained Drive.

The improved Ord Chanticleers came through with their first win of the current season by downing the previously undefeated Albion Cardinals last Friday evening, 14-13.

The Chants outplayed the Albion team, but fumbles at crucial moments kept them from scoring the first half. Albion scored in the first quarter when Sullivan scored twenty yards through the middle of the line. Johnson kicked the extra point and Albion was able to weather the rest of the first half and went to intermission with a 7-0 lead.

Ord came out for the second half very determined and soon pushed across the goal for a score. Crosley scored off tackle on a quick hand-off. Duane Wolfe ran for the extra point and the score stood 7-7. Albion seemed to be infuriated with having the count tied and after taking the kickoff marched sixty-four yards on a sustained drive for a touch down. Sullivan again scored on a quarterback sneak from one-half yard out. This was the only sustained drive for Albion during the entire game. Johnson's attempted place-kick for the extra point was blocked by Rodney Nelson, Ord's fiery little guard. The third quarter ended with Albion holding a 13-7 lead.

The fourth quarter was packed with many thrills for the fans. With Ord's next passer, Wolfe, hitting Penas and Laursen for nice gains and with Sowers and Crosley racing for substantial yardage, the Chanticleers found themselves on Albion's five with a first and goal to go. On the first play Crosley circled left end and was hit on the two yard line but fumbled and the loose ball was picked up by Albion's Sullivan who streaked down the sideline with apparently no one to stop him from racking up the Cardinal's third score of the game but out of the jam and confusion on the field Ord's speedy little guard, Rodney Nelson, to haul Sullivan down from behind on the Chanticleer's forty. This proved to be the save of the game as Crosley intercepted a Cardinal attempted pass shortly after this and carried it back to midfield.

After an exchange of punts, the Chants found themselves on their own thirty-five with about six minutes remaining in the game. It was here that they started their drive that brought victory. Crosley circled end for a thirty-three yard gain to Albion's thirty-two. From here the Chants marched downfield and scored with Wolfe plunging over from the two yard line. With the score tied 13-13 and three and one-half minutes left in the game, Ord completed a pass to Crosley for the all important point that provided the margin of victory.

Ord kicked off and ended an Albion threat on the Chant forty when Wolfe intercepted a last minute Cardinal pass. The game ended before Ord could run a play. The final score Ord 14, Albion 13.

Rodney Nelson, Crosley and Wolfe stood out for Ord and Sullivan looked best for the Albion Cardinals.

Shotgun 'Loaded' If Shells in Magazine

Atty. General's Ruling to Affect Habits of Sportsmen.

LINCOLN—D. H. Dittmer and Lloyd C. Bomberger, both of Lincoln, were each fined \$10 and costs for having a loaded shotgun in a vehicle.

According to the latest opinion of the state attorney general, a gun must be completely unloaded of shells to be considered unloaded. Consequently, a gun with shells in either chamber or magazine is considered a loaded gun.

Previously, only a gun with a shell in firing position was considered to be "loaded."

The 1951 Nebraska regulations specifically state that it is unlawful to have or carry any shotgun in or on any vehicle or any public highway unless such shotgun is unloaded.

George Watts Drove Tractor Into Trench Silo

George Watts is making a good recovery from injuries received when he drove his tractor into a trench silo last Monday. The tractor plunged down a 12-foot slope, throwing him across the silo to the opposite wall. His collarbone was put out of joint and he received bruises. The accident occurred in silo filling operations.

Blue Rock Shoot Sunday

Following a successful trap shoot Sept. 30, the American Legion and Veterans of Foreign Wars will stage another shoot Sunday afternoon, Oct. 14, at the Ord airport. Activities are scheduled to start at 1:30 o'clock.

Lawrence Adamek Back from Korea

Arriving at San Diego, Calif., Oct. 12 aboard the aircraft carrier USS Sicily is Lawrence E. Adamek, aviation electronics technician airman, USN, son of Mr. and Mrs. Edward A. Adamek of Ord.

The Sicily has just returned from her second tour of duty in the Korean area. The ship provided air support for the blockade of North Platte coast of Korea and gave direct air support to front line troops.

On her second tour which commenced in early June, her Marine Squadron flew more than 1500 combat sorties making impressive additions to the ship's earlier half year of Korean activity, from July, last year, to January.

Mr. and Mrs. Tony Schmidt and daughter, Mrs. Jay Stoddard, and daughter, Mrs. North Platte were Sunday guests of their parents, Mr. and Mrs. Rudolph Hoesek.

Two More Wrecks on No. 11 Detour But No Personal Injuries Resulted

The No. 11 highway detour near Scotia claimed two more victims last week, a big semi truck driven by Leonard Wells being overturned in the ditch Wednesday night with 28 head of cattle aboard and an Iowa trucker with a load of calves going into the ditch Friday night. No personal injuries resulted from either accident.

To avoid the pile of oiled gravel in the center of the highway, Wells pulled too close to the shoulder of the road and his truck

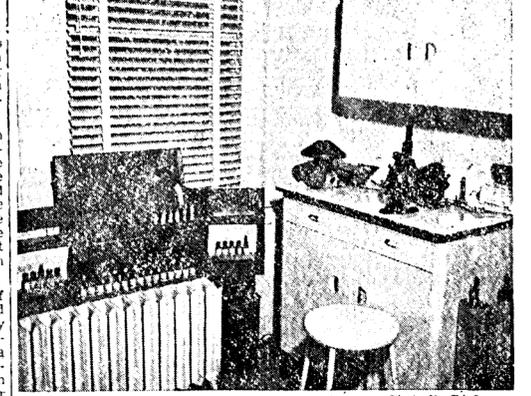

Leonard Wells' semi as it looked overturned in the ditch east of the Scotia bridge last Thursday. The unpopular detour thus caused another wreck, though from this the driver escaped unharmred.

Hospital Laboratory Gets Equipment; Ord Cooperative Gets Other Items

Gradually, additional items of needed equipment and apparatus are being added to the Ord Cooperative Hospital, Frank Perry, R.N., hospital manager, tells the Quiz.

One of the newest items is equipment for cold cut cautery. The cautery machine is used to treat surface lesions, such as warts and moles, for cauterizing in deep surgery, and for preparing specimens for laboratory examination.

Another new device added recently was an electric cast cutter for the removal of plaster casts. A new walker for polio patients or for patients who have had paralytic strokes or injured limbs has already seen much use.

Laboratory diagnosis equipment has been added steadily to such a point where Perry says the hospital now has most of the essential equipment.

Other equipment of the hospital including surgical instruments, etc., is now at an inventory peak whereby the hospital could handle as many as eight surgical cases a day.

"And what's more," Perry said, "we are set up now so we could handle four or five emergency cases during the night and still handle a normal surgical patient load the next day."

Chamber Drive for Hospital Funds Starts

Additional Five or Six Thousand for Equipment Wanted.

A drive to raise an additional five or six thousand dollars for additional hospital equipment was started this week by the Ord Chamber of Commerce.

Sparked by Glen Auble, chamber member, and president of the hospital board of directors, the drive is an attempt to sell present unsold stock in the hospital and also get donations.

"Either stock purchases or donations are highly acceptable," Auble told the Quiz. "We hope to get both from a lot of people."

According to an open letter, published on another page of this issue, the hospital has been operating at a small profit. Profits have been used to purchase needed items of equipment, although the hospital at present still has a small cash reserve. New equipment and furnishings added since the hospital was started has amounted to over \$6000.

A fire escape took \$2,400 of this amount, biggest single purchase. In the short time of its operation the hospital has paid out wages and salaries totaling \$30,202.00.

As of October 1st it had taken care of 1,129 medical or surgical patients and brought 159 babies into the world.

High School Senior in Omaha Hospital

Janis Pocock, who is in this year's senior class of the Ord high school, was taken to the Children's Memorial hospital in Omaha, Monday showing symptoms of polio. There it was found she had a light form of bulbar polio. Doctors believe she will be back soon and that everything is satisfactory. Her mother, Mrs. Raymond Pocock, and Mrs. Howard Huff accompanied her to Omaha and returned Tuesday.

George Watts Drove Tractor Into Trench Silo

George Watts is making a good recovery from injuries received when he drove his tractor into a trench silo last Monday. The tractor plunged down a 12-foot slope, throwing him across the silo to the opposite wall. His collarbone was put out of joint and he received bruises. The accident occurred in silo filling operations.

Blue Rock Shoot Sunday

Following a successful trap shoot Sept. 30, the American Legion and Veterans of Foreign Wars will stage another shoot Sunday afternoon, Oct. 14, at the Ord airport. Activities are scheduled to start at 1:30 o'clock.

Lawrence Adamek Back from Korea

Arriving at San Diego, Calif., Oct. 12 aboard the aircraft carrier USS Sicily is Lawrence E. Adamek, aviation electronics technician airman, USN, son of Mr. and Mrs. Edward A. Adamek of Ord.

The Sicily has just returned from her second tour of duty in the Korean area. The ship provided air support for the blockade of North Platte coast of Korea and gave direct air support to front line troops.

On her second tour which commenced in early June, her Marine Squadron flew more than 1500 combat sorties making impressive additions to the ship's earlier half year of Korean activity, from July, last year, to January.

Mr. and Mrs. Tony Schmidt and daughter, Mrs. Jay Stoddard, and daughter, Mrs. North Platte were Sunday guests of their parents, Mr. and Mrs. Rudolph Hoesek.

Federal Farm Agencies Meet Jointly, Formulate General Recommendations

(Continued from page 1)

In general we agree with recommendations of the Farm Family Policy Review regarding the work of the Cooperative Extension Service.

Regarding recommendation No. three, page 27 which refers to establishing closer working relations between extension and other field operating agencies of the U.S.D.A. we have the following suggestion:

It should be the established policy in every county that the representatives of all U.S.D.A. agencies in the county meet regularly as a group to discuss their common problems and the work and objectives of each agency. The War Boards and Mobilization Committees have met this need during times of emergency, but it is just as essential for better working relationships among all agencies, that they have the same contact with each other at all times.

Leslie Nash reported next. There was a general discussion on the local need for soil testing. The following recommendations were made by the SCS Board:

The following suggestions are respectfully submitted regarding

the activities of the Soil Conservation Service.

1. Increase the educational activities regarding the Basic Physical Objectives of the soil conservation activities by Department Agencies to "The use of each acre of Agricultural Land within its capabilities and the treatment of each acre of Agricultural land in accordance with its needs for protection and improvement."

2. Complete the capability mapping of Valley county as soon as possible so that capability maps will be available to all farm operators.

3. Encourage the testing of soils so that the proper use of fertilizers may be planned. This program to be initiated cooperatively by the County Agent and the Soil Conservation Service.

4. Add to the technical staff of the Soil Conservation Service of Valley county at least one professional employee and at least one sub-professional employee.

James Ollis reviewed the Farm Credit Administration and recommended that the Farm Credit again have a board of five members that would control the Federal Land Bank, as it once was in the past.

Don Krick reviewed the Farmers Home Administration and recommended as follows:

Recommendations for changes in the Farmers Home Administration program which would result in better service to farm families have been made jointly by Advisory Committees in Valley, Garfield and Greeley counties. These recommendations are as follows:

Operating Loans:

Authority should be given to make maximum loans of \$7000 in any one fiscal year and total debt limitation should be raised to \$10,000 and repayment schedule should be lengthened to 10 years. In each loan exceeding \$5000 in any one fiscal year, borrower must have security on the farm with a minimum of a 3 year lease.

It is recommended that some payment be required each fiscal year, rather than delay payment until the end of the second crop year. The amount of payment required would vary depending upon type and size of operations. Along with this, it is recommended that renewal authority be granted to enable accounts to be renewed which would otherwise become delinquent due to circumstances beyond the borrower's control. Each renewal must be investigated by the local supervisor and county committee and written recommendations and justification be made.

WHAT IS THRIFT?

In the broad sense it is handling money wisely.

It is getting the most out of every dollar of the income.

It is the power of making one's dollars bring more dollars after they are earned.

True thrift does not curtail buying power, it increases it.

Nebraska State Bank

We Have Grown By Helping Others Grow

C. J. Mortensen, Pres. Ord, Nebr.

It is recommended that more loan funds be made available to meet the need for this type of loan.

Farm Ownership Loans:

All types of Farm Ownership loans should receive greater emphasis and as many loans made as possible within the limitations of the present program. More loan funds should be made available to veterans to receive 100% loans.

It is recommended that there be at least a 10% down payment in each non-veteran loan and also in all veteran loans where the making of this payment would not cripple the family's operations. Some method should be devised whereby a greater source of lenders could be had for the insured mortgage program.

Katherine Helzer discussed the work being done in the extension club.

Emil Kokes led the discussion on Production & Marketing. The need for storage space on the farm was discussed and a general discussion on storage and storage payments was held. PMA recommendations are as follows:

It was recommended that the PMA Program continue to be administered by elected farmers, county and community committees and that a program be instituted whereby it would induce more farmers to build more grain storage room on individual farms.

Klingensmiths Travel in Ten States

Mr. and Mrs. Harry Klingensmith returned home Tuesday, Oct. 2, after having been gone from home for several weeks, and having traveled in ten different states, also in British Columbia in Canada. Their trip was most enjoyable because they were able to visit and greet many old friends and relatives. In Stuart, Neb., they saw the Marlon Jensen family. In South Dakota, they found the Bragg family in Rapid City and the Russell Kason family in Spearfish. Mrs. Bragg is the former Frances Klingensmith.

In Billings, Mont., they were guests of the Everett Portis family, in Caldwell, Ida., they visited a brother of Mrs. Klingensmith and his family. In Greeley another relative of Mrs. Klingensmith, a sister, was visited. Percy Klingensmith, a nephew, lives in Colorado, but his address is Kimball, Nebr. In Bremerton, Wash., Mrs. Ethel Kason, a daughter, lives with her son, Gerald. Her daughter, Virginia, is with her husband in camp at Baiston, Calif. Jim Kimbrell and Owen Portis were visited in Anacortes, Wash.

Fogelman the travelers saw the Black Hills, Yellowstone, Mt. Ranier and the Yakima Valley, famous not only for beauty as for the fruit it produces. In Washington they were in Seattle, Tacoma and Olympia.

They saw the oyster packing at Poulsbo where 85% of the Pacific North West oysters are canned as well as other fish canneries. Grand Coulee Dam was wonderful. 14 big ships are still "in moth balls" in Puget Sound, some have been repaired and used the last year. Washington State Park was fine as one could go to the beaches and see the boats come and go. The state capitol has been repaired since the earthquake of two years ago.

At Salt Lake City they visited the state house with the pioneer relics. In Fort Orchard, they attended the annual three days of '49 celebration, where all dressed as was done in those days. At Seattle, they saw the mammoth plants where B29s and B50s were being made, and were fascinated by the acres of planes.

There was big excitement in western Nebraska when the oil wells came in. Some they saw were producing oil.

Among the many friends they saw were Mr. and Mrs. Ernest Lee in Marsing Ida.

But with all the many sights and the pleasures of seeing so many friends, Mrs. Klingensmith says it was good to get back home again.

Burton Reunion Held Sunday

Forty-four attended the Burton reunion held Sept. 30 at the Recreation hall in Scotia. All but two of the living children were able to attend. Mrs. Bess Jolles-ten of Ogallala did not arrive until evening and Mrs. Zola Scott of Hastings had been ill and was not able to come. The get-together was planned in honor of Mr. and Mrs. Bill West of San Francisco, Calif., and Mr. and Mrs. Bill Ryan and their children of San Diego, Calif. Mrs. Ryan is the former Doris West, a granddaughter of Mrs. Harriett Burton. Mr. and Mrs. Calvin Roberts and Mr. and Mrs. Bill Roberts and family of Kansas City, Mo., Mrs. Morris Fisher of Omaha, Mr. and Mrs. Robert Woods of Grand Island, and from Scotia were Mr. and Mrs. John Burton, Mr. and Mrs. Jess Bonsall, Mr. and Mrs. Loren Burton, Mr. and Mrs. Leonard Burton and family, Mr. and Mrs. Verlo McCaslin and son, Mr. and Mrs. Dean Bonsall, Mr. and Mrs. Gene Bonsall and Mrs. Harriett Burton, Mr. and Mrs. Donald Hutchins and two daughters and Mr. and Mrs. Irwin Steffan and sons of North Loup. Mrs. Harriett Burton who is 84 was the eldest guest and Susan Lee, 8-week-old daughter of Mr. and Mrs. Donald Hutchins was the youngest.

Mr. and Mrs. Ryan returned to Grand Island Sunday night with Mr. and Mrs. Robert Woods. The ladies are sisters. They have been visiting Mr. Ryan's parents at Sioux City before coming here on Sunday. Mr. and Mrs. Roberts and their son, Bill and family, had arrived Friday and left Sunday for their homes. Mrs. Morris Fisher returned to her home Sunday evening. She had driven up Saturday. Mrs. Jolles-ten will spend a few days here. Mr. and Mrs.

Duck Season to Open October 19

Duck and goose hunting in Nebraska gets underway Friday, Oct. 19. The entire state, except game reserves, sanctuaries, federal or state lands or city ordinances, is open to hunting.

The first shots of the 1951 migratory waterfowl season will be fired at 12 o'clock noon on opening day. After the first day of the season, hunting hours are from one-half hour before sunrise to one hour before sunset.

Daily bag limit on ducks is five, while the possession limit is ten. Both the bag and possession limit may include one wood duck, Mergansers, often called fish ducks, may be taken up to 25 per day. There is no possession limit on mergansers.

Five geese and brants constitute a daily bag and possession limit on geese. Included in such limit can be either two Canada geese (including Hutchin's or cackling geese) or two white-fronted geese, or one of each.

The bag and possession limits on coot (mudhens) are 10 and 10.

Attends Airport Operators Meet

Ellis Carson left Wednesday for Norman, Okla., where he plans to remain until Friday attending a meeting of airport operators. The meeting takes in several states in this section and many interesting matters are discussed and demonstrated. Operators are planning to be present from both the east and west coasts, as well as others who are well known in the field of plane craft and manipulation. This makes the third year that Carson has attended this gathering.

HUGH CARSON, 29th District

According to statements just published the Nebraska Highway Department has some secret and confidential reports that it does not want the public to know about. This same "public" has had suspicions for quite some time that the political maneuvering in the Highway Department would not stand up under close scrutiny. What is there to hide? The tax paying public is entitled to the true and complete story of just what does go on in this most inefficient branch of our State Government. Does the cement trust and the contractors who build the roads have this "confidential" information? Is the Highway Department in such a tight spot that it cannot give the public the truth?

Maybe the time has come when there should be a complete audit of the Highway Department by auditors from outside the State House. The people of Nebraska should insist on an answer.

If information that belongs to the public is withheld by the Highway Department isn't it quite likely that the same condition exists in other departments? The administration had knowledge of irregularities in the Liquor Commission months before the investigation was started. In the last session of the legislature, why was it withheld from the people? Why did the Governor not shake-up the Liquor Commission long before he did?

The inner circle of the Republican party knew what was going on. Could it have been campaign contributions that hushed up the expose? The Republican party belongs to the people and they had better take it back before it is too late.

Mr. and Mrs. Emanuel Vodnals and sons, Gary and Dale, also Mrs. Helen Kokes and daughter, Grace, spent Sunday in Omaha. The Vodnals went to see their son, Dennis, who is in the Children's Memorial hospital, is gaining slowly.

County Council of Extension Clubs Meet

Thirteen extension clubs of the county were represented by their old and new presidents at the regular council meeting of the county clubs, held Wednesday afternoon, gathering in the Legion hall. The program for 1952 was discussed and plans made for the three demonstrations the clubs will have this year and next. The members decided to use the subject of mending as repair work as one of the demonstrations, to be followed by making quick breads and rolls, and also to show easier and more efficient ways of doing home work. Discussions for the club year will center about the opening of blind corners on the highways, the closing of the turtle dove hunting season and the placing of the flag over the court house. These are projects the clubs have listed as goals to which they will work. It was also decided to make a new set of dolls representing "the seven little sisters" of good health. These dolls proved so popular last year that the old ones were worn out and new ones had to be made.

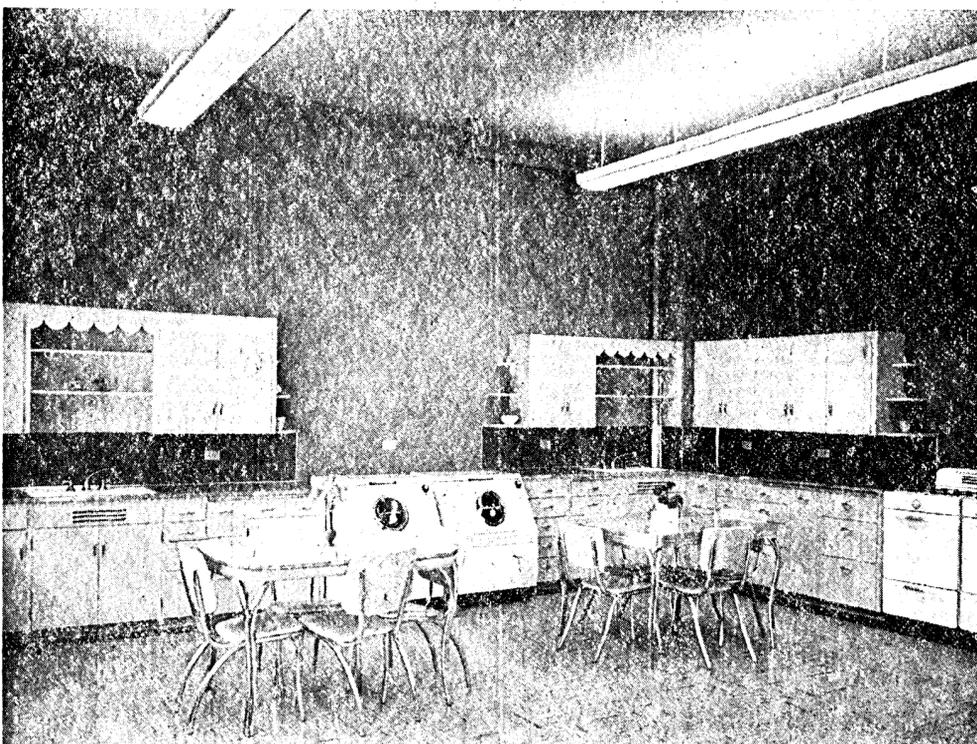

Mrs. Loren Good of the MAO club continues to act as group chairman, since her term carries over two years. New officers elected were, vice president, Mrs. Eldon Sintek, North Loup Progressives, secretary, Mrs. Joe Ulrich, MAO club, treasurer, Mrs. Theron Bridges, Arcadia Prosperity club.

Final plans were made at this meeting for the county Achievement Day, which will be held in the North Loup community hall on Wednesday, Oct. 24.

Ord 'B' Team Wins Easy 40-7 Game

Ord high's "B" team opened its season with an easy 40-7 victory over St. Paul's "B" squad Monday evening on the local field. The light St. Paul team proved no match for the heavier Chiefs who rolled to quick 13-0 lead. During the remainder of the first half, Ord and St. Paul each scored once, making the halftime score Ord 20, St. Paul 7. Scoring touchdowns for Ord in the first half was two by Humbert, junior half-back and one by Peterson, sophomore, quarterback. The second half was almost a repeat performance of the first half, with Ord scoring three times but St. Paul failed to cross the double stripe. Herman Kapustka rapped 40 yards to score the first Chiefs' marker in the second frame. Peterson scored again for Ord, and the final tally was by another sophomore back, Harold Dubas. The final tab was Ord 40, St. Paul 7.

The Ord "B" boys will tangle on the local field next Monday evening, Oct. 15 at 7:00, with the Broken Bow second team, forecast as a tougher "go."

Joke Backfires on Ag College Seniors

Life is not hum-drum at Love Memorial Co-op Hall on the College of Agriculture campus in Lincoln. Several units of six or eight girls rotate the work of cleaning, cooking and hostess duties. Each unit has its own kitchen and dining room.

The senior girls, one evening, decided to take a vacation and locked up two cooks and the pans and silver of all the units. Clarice Fiala writes that as she was leaving at six, the housemother and some of the girls were climbing in at windows in an effort to get their supper on.

Eleven seniors had assembled at a restaurant for a birthday party for Patty Achen. The restaurant furnished birthday cake and all. The girls sent a Western Union telegram to the hall which read, "Having a wonderful time. Wish you were here." When they returned after a show they passed around suckers. However when they unlocked their own rooms, they discovered that flour had been blown under their doors with a vacuum cleaner and that they themselves had work to do.

Jean Ernest Married Sunday

Baskets of yellow and white mums decorated the altar of the North Loup Methodist church for the Sunday afternoon wedding of Miss Jean Ernest and Vernon F. Merriman.

The bride is the daughter of Mr. and Mrs. William Ernest of North Loup and the bridegroom's parents are Mr. and Mrs. Floyd Merriman of Memphis, Neb.

Rev. J. Arthur Miller of the North Loup Methodist church performed the four o'clock ceremony. Given in marriage by her father, the bride wore a gown of white tulle, accented with a fitted bodice, a sheer yoke embroidered with tiny seeds pearls, and a full skirt flowing into a medium length train. Her finger tip veil of imported English illusion, which was edged in imported chantilly lace, fell softly from a satin Mary Queen of Scots bonnet accented and edged in delicate seed pearls. She carried a white Bible centered with an orchid.

The bride's sister, Joan Ernest, was maid of honor and she wore a gown of autumn green satin and lace with matching mitts. Mrs. Darlene DeFoil, sister of the groom, was bridesmaid. She wore a gown of copper satin with matching mitts. Mrs. Darlene DeFoil, sister of the groom was bridesmaid. She wore a gown of copper satin with matching mitts. Their headbands were of white mums and their colonial bouquets were of yellow and white mums.

The candlelighters were Mrs. Delphia Edwards of Ord and Marilyn Holsclaw of Lincoln. They wore gowns of yellow satin. Carol Ann Cummins, cousin of the bride was flower girl and was dressed in a yellow gandy formal, and carried a basket of yellow and white mums.

The bridegroom wore a dark blue pinstriped suit. He was attended by his brother-in-law, Gary DeFoil. Ushers were Bernard Newcomb, cousin of the bride of Sioux City, Ia., and Ernest Hahn of Memphis.

Don Huber of Ord sang "All Hail the Lord's Prayer," and "The Lord's Prayer," and was accompanied by Miss Alice Meyers, who also played the wedding march. The guest book was kept by Clarence Ott of Lincoln.

Following the ceremony, a reception was held in the church parlors. The bride's table was set with a beautiful wedding by Mrs. Don Vogeler. Mrs. Roberta Hoffman of Sioux City, cousin of the bride, poured for the guests. Also assisting with the serving were Mrs. Ed Green, Mrs. Bessie Roby, Mrs. Lyle Rasmussen, Mrs. Robert Hawkes and Miss Phyllis Cummins.

Mrs. Donald Haught and Miss Joyce King had charge of the gifts. For traveling to Denver and Rocky Mountain National park, Mrs. Merriman chose a brown and coffee suit with matching accessories.

Mrs. Merriman is a graduate of North Loup schools, and has been employed at the University of Nebraska the past two years. Her husband is employed at the Nebraska Ag college.

They will be at home after Oct. 23 at 2841 Washington in Lincoln.

Coming from out of town for the wedding were the groom's parents, Mr. and Mrs. Floyd Merriman of Memphis, his grandparents, Mr. and Mrs. Minthorn of Lincoln. They were dinner guests in the William Ernest home at noon Sunday. Mrs. Lon Newcomb, daughter, Roberta and son, Bernard of Sioux City, Ia., were also out of town guests.

Ord Livestock Market

Announces Its Offering for the Regular Weekly Sale
Saturday, October 13

Featuring our offering this coming Saturday will be

1,500 Hereford, Angus and Shorthorn Calves

One draft of the Hereford calves comes from Satterfield breeding. Also from the Satterfield herd will come two outstanding young bulls which will be sold separately.

The Angus and Shorthorn calves are extra good quality and of proper weights.

We will also have big consignments of 2 year old Hereford steers that are thick, low down and carry a lot of fat—money makers for anyone to put into the feed lot.

There will be a big lot of cutter cows, many fat cows and 75 head of young wet Hereford cows. Also 10 head of milk cows.

Featured will be 7 bulls, including a registered Domino aged Hereford bull, 1 aged Angus bull that is a purebred, 3 purebred roan Shorthorn bulls from the Ted Walahoski herd.

150 HEAD OF WEANLING PIGS AND HEAVY FEEDER SHOATS

Also a good lot of bred sows and breeding boars. Anyone wanting hogs, be at this auction by 12:15, at which time we must start selling because of the extra large offering of livestock of all kinds.

No Miscellaneous Will Be Sold Saturday

Note These Coming Sales—
Mat Keefe—Oct. 15; Joe Urbanovsky, Sr.—Oct. 17; T. E. Koger Estate, in Burwell, on Oct. 18; John Kavorik—Oct. 25; Carl and Millard Anderson—Oct. 30.

All of these are big farm clean-up sales. Watch for the big bills and for ads in the paper.

Nursing Home Has Well Stocked Cellar

Mrs. Clyde Kelly, left, and Mr. and Mrs. W. J. Whipple are proudly examining some of the many jars of home-canned fruits and vegetables in the well stocked cellar of the nursing home.

Because of an article in one of the state's newspapers, deploring the conditions found in some of the Nebraska nursing homes, one such in this community was visited Friday morning. This home, called the Whipple Nursing Home, is situated at 1820 L street. The article referred to, told of a home visited where the beds were dirty, the food poor, and the old people were inadequately dressed and shivering with the cold. This condition certainly does not exist in the Whipple Home.

Mr. and Mrs. W. J. Whipple, own the home and are both in their middleages. Mrs. Whipple is the former Susan Dutcher and lived north of Horace. Mr. Whipple lived in Boone county. For some time they lived on a farm 18 miles north of Ord. For years they had the care of both Mr. and Mrs. Whipple's aged parents. Doubtless this was the incentive and the training they needed to care for other old people, and fortunate are those who are in the Whipple care.

In the spring of 1940 they purchased the house on L street, and moved in from their farm home in August. The house was large and well adapted to the plan they had in mind. In cooperation with the county welfare director, they began to open their home to old folks who needed homes.

At the present time, there are 13 people cared for, five ladies and eight men, all old, some unable to care for themselves, and some ready and willing to assist as desired. The home is run in full accordance to state and county laws and is inspected regularly, with good reports. By law there must be 60 square feet of room space per patient with a bath room for every eight or ten persons. In the Whipple house there are four double rooms, and five single rooms, all in compliance with the law, and also two bath rooms. The kitchen has modern conveniences and in the laundry room there is an automatic washer, which is a must since there is washing to do every day.

There is an elaborate fire alarm system, which is required by law. In every room in the house, which includes the basement and the attic there is an alarm. The alarm is operated by electricity, but in case that should fail there are batteries ready for use at all times. There are several outside entrances, with a fire escape from the second story rooms. One patient there is bedridden, and two more would require assistance to be moved, but the Whipples are ready for this emergency should it arise.

Mr. and Mrs. Whipple do the work themselves, with the assistance of Mrs. Clyde Kelly, who is a practical nurse. She and the doctors of the community watch over the health of these charges.

The house was warm and comfortable when visited Friday morning, and outside it was rather snappy and windy. In the living room, the men were sitting near the radio, listening to a musical program, while some were playing dominoes and some were just looking on. Games are provided should any one want to play. In the dining room, sat some of the ladies, their bright and flowered dresses making bright notes in the cheerful room. One lady was doing a bit of fancy work with rose and yellow colored cloth and proudly showed a lot of lace she had crocheted of pink cotton. One was drawing threads in flour sacks to make dish towels.

In the kitchen preparations were being made for their noon meal. One of the inmates was peeling potatoes, and there were a lot of them. There were several nice fish, ready for the frying pan. As typical meals, Mrs. Whipple gives these menus: breakfast, coffee, toast and cereal as desired; dinner at noon, potatoes, meat, gravy, another vegetable, bread, butter and jelly and coffee or milk; for supper, potatoes, gravy, another vegetable, fruit and cookies or cake and a beverage. Sometimes, cheese or eggs are substituted for the meat.

AUCTION

Saturday, Oct. 13
1:30 o'clock

at John Urban residence south of grade school

Cabinet, 2 day beds, cook stove, rocking chairs, heating stove, flower stand, dishes, 2 beds, lawn mower, library table, tools, coal and other articles. Consigned articles include dining room set, 6 chairs, 100 quarts fruit.

H. RICE, Auct.

During the summer quantities of fruit and vegetables are canned or put in the Whipple lockers. Mr. Whipple rents several garden plots about town, and raises a goodly share of the vegetables used. Mrs. Whipple says that this summer she and Mrs. Kelly have canned 770 quarts of fruit and have made 148 pints of jelly and butters. They also have made several quarts of pickles. Whatever is ordered by the doctor in the way of a special diet is given to them. All eat very well, Mrs. Whipple says.

Religious services are held the first Sunday of every month, conducted by the city pastors, with assistance. In each room there is a Gideon Bible. A Catholic priest calls regularly on those of that faith.

All but two are able to come to their meals regularly which they enjoy as one large family. Two patients are given trays.

The house is heated with gas and it is always comfortable for the thin-blooded oldsters. Besides feeding and otherwise caring for their charges, the two ladies also do all of the old people's ironing as well as their mending.

Those who live there are allowed visitors at any time, and are also allowed to go out and visit if desired. Their rooms are warm, and they are permitted to have many of their own keepsakes or treasures with them. The beds were clean and seemed restful, with plenty of warm coverings.

In the summer time, many sit on the big front porch where they can see the world go by. There

Ericson Livestock Market

Ericson, Nebr.

BEAN SOUP DAY SPECIAL.

Our Bean Soup Day Special will be a \$1.00 Feed Scoop with an order of five bags or more of either Hill or Nutrena Laying Mash. We can't guarantee that you can't buy better feed regardless of the price that you pay. Ask us about the Guaranteed Egg Production on Nutrena Laying Granules. With grain prices and protein feeds advancing in price we believe that you would do well if you would lay in a good supply of any feed that you will need in the next few months.

Protein Feeds.

All Proteins and Molasses Feeds have been working higher the past few weeks and with the hard freeze that the entire Corn Belt has had there is every indication that all feeds would work higher for the next few months. We can make you a nice saving in Protein Feeds if you can take six ton loads in the bulk. Come in and ask about this saving on your feed bill. We have Beefmaker in 12%; 20%; 30% and 40% protein feeds. Our 12% protein feed carries 45% Molasses.

Grains.

Grain markets have been strong the last week and we are able to handle a large volume of grain at the elevator. If you have feeding grain; corn, oats or barley, we have a good demand for it and will pay you a good price for the same. Some of the wheat carries quite a little damaged wheat but we do have a good market for any of your grain. Let us make you a bid on your grain when you have any to move to market. We can furnish you with trucks if wanted.

Seed Corn.

Have you booked your Hybrid Seed Corn for next year's delivery? Seed corn that is booked now has preference over late bookings should there be any difficulty with germination this year. Our Cornhusker and Standard Hybrids have been very high producers in our sections of the State. You can make your booking now and get delivery next April or May on any of our Hybrids.

Alfalfa and Sweet Clover Seed.

Markets on both Alfalfa and Sweet Clover Seed are holding just about steady with just a little weakness shown on both of them. Crops are better than have been expected and we have been buying both and have limited amounts for sale now.

Hy-Line Chicks.

This is the time to order your Hy-Line Chicks for next spring delivery. In all of the egg production tests that we have been able to get reports on the production of the Hy-Lines have been in the high brackets. It does not take many extra eggs to more than pay the extra cost of the Hy-Lines and you can expect about four to six dozen more eggs than from standard bred chicks.

Ord Livestock Market

Announces Its Offering for the Regular Weekly Sale

Saturday, October 13

Featuring our offering this coming Saturday will be

1,500 Hereford, Angus and Shorthorn Calves

One draft of the Hereford calves comes from Satterfield breeding. Also from the Satterfield herd will come two outstanding young bulls which will be sold separately.

The Angus and Shorthorn calves are extra good quality and of proper weights.

We will also have big consignments of 2 year old Hereford steers that are thick, low down and carry a lot of fat—money makers for anyone to put into the feed lot.

There will be a big lot of cutter cows, many fat cows and 75 head of young wet Hereford cows. Also 10 head of milk cows.

Featured will be 7 bulls, including a registered Domino aged Hereford bull, 1 aged Angus bull that is a purebred, 3 purebred roan Shorthorn bulls from the Ted Walaoski herd.

150 HEAD OF WEANLING PIGS AND HEAVY FEEDER SHOATS

Also a good lot of bred sows and breeding boars. Anyone wanting hogs, be at this auction by 12:15, at which time we must start selling because of the extra large offering of livestock of all kinds.

No Miscellaneous Will Be Sold Saturday

Note These Coming Sales—

Mat Keefe—Oct. 15; Joe Urbanovsky, Sr.—Oct. 17; T. E. Koger Estate, in Burwell, on Oct. 18; John Kavorik—Oct. 25; Carl and Millard Anderson—Oct. 30.

All of these are big farm clean-up sales. Watch for the big bills and for ads in the paper.

Nursing Home Has Well Stocked Cellar

Mrs. Clyde Kelly, left, and Mr. and Mrs. W. J. Whipple are proudly examining some of the many jars of home-canned fruits and vegetables in the well stocked cellar of the nursing home.

Because of an article in one of the state's newspapers, deploring the conditions found in some of the Nebraska nursing homes, one such in this community was visited Friday morning. This home, called the Whipple Nursing Home, is situated at 1820 L street. The article referred to, told of a home visited where the beds were dirty, the food poor, and the old people were inadequately dressed and shivering with the cold. This condition certainly does not exist in the Whipple Home.

Mr. and Mrs. W. J. Whipple, own the home and are both in their middleages. Mrs. Whipple is the former Susan Dutcher and lived north of Horace. Mr. Whipple lived in Boone county. For some time they lived on a farm 18 miles north of Ord. For years they had the care of both Mr. and Mrs. Whipple's aged parents. Doubtless this was the incentive and the training they needed to care for other old people, and fortunate are those who are in the Whipple care.

In the spring of 1949 they purchased the house on L street and moved in from their farm home in August. The house was large and well adapted to the plan they had in mind. In cooperation with the county welfare director, they began to open their home to old folks who needed homes.

At the present time, there are 13 people cared for, five ladies and eight men, all old, some unable to care for themselves, and some ready and willing to assist as desired. The home is run in full accordance to state and county laws and is inspected regularly, with good reports. By law there must be 60 square feet of room space per patient with a bath room for every eight or ten persons. In the Whipple house there are four double rooms, and five single rooms, all in compliance with the law, and also two bath rooms. The kitchen has modern conveniences and in the laundry room there is an automatic washer, which is a must since there is washing to do every day.

There is an elaborate fire alarm system, which is required by law. In every room in the house, which includes the basement and the attic there is an alarm. The alarm is operated by electricity, but in case that should fail there are batteries ready for use at all times. There are several outside entrances, with a fire escape from the second story rooms. One patient there is bedridden, and two more would require assistance to be moved, but the Whipples are ready for this emergency should it arise.

Mr. and Mrs. Whipple do the work themselves, with the assistance of Mrs. Clyde Kelly, who is a practical nurse. She and the doctors of the community watch over the health of these charges.

The house was warm and comfortable when visited Friday morning, and outside it was rather snappy and windy. In the living room, the men were sitting near the radio, listening to a musical program, while some were playing dominoes and some were just looking on. Games were provided should any one want to play. In the dining room, sat some of the ladies, their bright and flowered dresses making bright notes in the cheerful room. One lady was doing a bit of fancy work with rose and yellow colored cloth and proudly showed a lot of lace she had crocheted of pink cotton. One was drawing threads in flour sacks to make dish towels.

In the kitchen preparations were being made for their noon meal. One of the inmates was peeling potatoes, and there were a lot of them. There were several nice fish, ready for the frying pan. As typical meals, Mrs. Whipple gives these menus: breakfast, coffee, toast and cereal as desired; dinner at noon, potatoes, meat, gravy, another vegetable, bread, butter and jelly and coffee or milk; for supper, potatoes, gravy, another vegetable, fruit and cookies or cake and a beverage. Sometimes, cheese or eggs are substituted for the meat.

AUCTION

Saturday, Oct. 13

1:30 o'clock

at John Urban residence south of grade school

Cabinet, 2 day beds, cook stove, rocking chairs, heating stove, flower stand, dishes, 2 beds, lawn mower, library table, tools, coal and other articles. Consigned articles include dining room set, 6 chairs, 100 quarts fruit.

H. RICE, Auct.

During the summer quantities of fruit and vegetables are canned or put in the Whipple lockers. Mr. Whipple rents several garden plots about town, and raises a goodly share of the vegetables used. Mrs. Whipple says that this summer she and Mrs. Kelly have made 770 quarts of fruit and have made 148 pints of jelly and butters. They also have made several quarts of pickles. Whatever is ordered by the doctor in the way of a special diet is given to them. All eat very well, Mrs. Whipple says.

Religious services are held the first Sunday of every month, conducted by the city pastors, with assistants. In each room there is a Gideon Bible. A Catholic priest calls regularly on those of that faith.

All but two are able to come to their meals regularly which they enjoy as one large family. Two patients are given trays. The house is heated with gas and it is always comfortable for the thin-blooded oldsters. Besides feeding and otherwise caring for their charges, the two ladies also do all of the old people's ironing as well as their mending.

Those who live there are allowed visitors at any time, and are also allowed to go out and visit if desired. Their rooms are warm, and they are permitted to have many of their own keepsakes or treasures with them. The beds were clean and seemed restful, with plenty of warm coverings.

In the summer time, many sit on the big front porch where they can see the world go by. There is a nice backyard with flowers which the ladies enjoy. Most of the time during that season, the men wander up to town where they meet old friends.

Most of the inmates receive assistance, which provides for their board and room, and is paid to the Whipples. This is supplied from federal, state and county funds. Most of the medical care is also paid from relief funds. An average of \$10.00 is left over a month to provide for clothing and other sundries. Two are paying their own way, and one is not old enough to receive old age assistance, and so is provided for by the county.

Since Aug. 27, by vote of the legislature, the maintenance and conditions of the state's nursing homes are under the supervision of the health department. The Whipples feel that they are obeying the laws to the best of their ability.

Mr. and Mrs. Whipple feel that their home is successful, and are planning to make their house larger in the spring. They want to add more room for the benefit of those who are on the waiting list to enter. Their fruit cellar will be one of the first things enlarged, since a visit there Friday showed the shelves filled to capacity with much of the canned stuff kept in boxes along the wall. They want to add more bedrooms and enlarge some of the lower rooms.

All in all, those who live in the Whipple home are happy and are well cared for. Certainly one need not complain of the service received in this place.

—Mrs. Maggie Wetzel went to North Loup Monday for a brief visit with several of her friends there. Later in the week she went to Scotia, where she was an overnight guest of her daughter, Mrs. Greely Gebhardt and family.

—Miss Sophie May of Central City was an overnight visitor in Ord Wednesday. Well known to many about here, since she formerly lived in this community, she enjoyed visiting with the few friends she had time to meet. She made the trip here for business reasons.

—Joe Burson of North Loup was in Ord Friday.

—Mrs. Anna Brown and Al Johnson of Portland, Ore., were guests of Mr. and Mrs. Jay Brown and family, coming Thursday afternoon. Mr. and Mrs. Clifford Brown and daughter, Jackie, brought them from Broken Bow. Mrs. Brown is the mother of Jay Brown and Clifford Brown is his brother. The latter couple made a brief stay here.

—Miss Shirley Stern, whose home is in Merna, and who teaches the kindergarten in the North Loup schools, was in Ord Thursday where she observed the kindergarten teacher and children in the city school.

—Mr. and Mrs. Frank Miska spent last week end in Huron, S. D., where they attended the funeral of Mrs. Miska's cousin, Ralph Schamp. They also visited with their daughter, Vieta, who is employed in the general office of the Northwestern Public Service company at Huron.

—Mr. and Mrs. Donald Naeve and children of Burlington, Wis., Mr. and Mrs. C. W. Porter and Harold Porter were dinner guests Sunday of Mr. and Mrs. Jack Romans.

—Mr. and Mrs. Donald Naeve and sons, who had been the guests of the parents of Mrs. Naeve, Mr. and Mrs. C. W. Porter, left Tuesday for their home in Burlington, Wis.

—Fred Busse of Sacramento, Calif., was a guest for a week in the home of Mr. and Mrs. Archie Geweke. Mr. Busse is an uncle of Archie Geweke.

—Food sale at Beranek's store Saturday starting at 10:30 a. m. Dorcas Circle, Presbyterian church. 28-11c

—Mr. and Mrs. Angus Martz, of Whittier, Calif., were calling on old friends in Ord Monday. They are spending a week at Chambers, with Mrs. Martz' people and came here for the day. Among those whom they hoped to see were Mr. and Mrs. John Chathfield, Clayton and Minnie Gilroy, Mrs. Laura Thorne and Bill Heuck. The Martz family left Ord 23 years ago for California. Leslie Martz now lives in Tucson, Ariz., and Vernon Martz is in Long Beach, Calif., their brother Angus reports.

—Mr. and Mrs. Vern Andersen accompanied Mr. and Mrs. Howard Huff to Central City Sunday and helped them drive two new Oldsmobiles back to Ord. —Mr. and Mrs. Jim Crane, Ed Burke and Ward Pierce were Lincoln and Omaha visitors over the week end. —Home from university studies for the week end were Don Sorenson, Kerry Leggett, Gerald Severson and Lloyd Guggenmos, all of whom returned Sunday night. Many of the Ord students, they reported, accompanied the Nebraska football team to Manhattan, Kas., Saturday.

—Mr. and Mrs. C. J. Mortensen got away on time Saturday for Miami, Fla., where they will attend the national convention of the American Legion and Auxiliary before leaving for South America on a six weeks' vacation trip. Mrs. Mortensen's sister, Mrs. Jessie Beedel, of California, is living in the Mortensen home during their absence.

Your Tavern Keeper Is a Good Neighbor

He has a home and family like you. He enjoys the same hobbies as you—the same vacations, the same entertainment, the same football games.

And, like you, he contributes generously to charities, and takes an active part in the life of your community.

He operates a legal, respected business. He pays large taxes into your community and state.

Like all good businessmen, your tavern keeper is constantly seeking ways to improve his place of business. He is sincere in his cooperation with the brewing industry's educational program aimed at encouraging approved tavern operation. Through this program, he practices the latest and most modern methods of operation.

Yes, your tavern owner is a good neighbor. His cooperation in any civic endeavor should be encouraged.

Hall of Fame

Ord has been a little backward in acknowledging its great men and women, and it is time something was done about it. It is now nearly 80 years since the first pioneers came to the valley. They were all fine people, just as the people living here today are, but their achievements, like Oscar Babcock of North Loup, have had those extra qualities that entitle them to membership in the hall of fame.

It is not the object of this article to select members for that hall of fame, but rather to call attention to the fact that such an idea is very much in place at this time. If we are ever going to have a hall of fame, it is only fitting that we get it started. The usual procedure is to select a few names each year for this honor. Acting on that premise, it would take a long time to get caught up.

In looking over the field at least four names occur at once to all who have lived long enough to know of the people of the early days and their achievements. Elder Oscar Babcock of North Loup should have the honor of heading such a list. He was first on the scene and he and his descendants

have had a great deal of influence in the North Loup valley through the years. At Ord two names stand out far above the rest. They are Peter Mortensen and S. S. Haskell, the father of Ord. Mortensen belonged to the entire valley, and also to the state, which he served as treasurer. Haskell belonged to the town he helped found and build. These names are still perpetuated in Ord, the first by a son, the second by a grandson. Nine people out of ten will agree in putting these two men first.

Among the pioneers further up the valley one name stands out in the early history, that of M. B. Goodnow, who came here as a young man and lived a long and useful life on the farm where the Burlington station of Goodnow once stood. The above four names are suggested to head the list in a hall of fame and they are certainly worthy of consideration.

The question naturally arises as to what form of memorial should be used. In some places a special building is built, planned to accommodate the growing list of members. Some are built with many niches in which a bust of a person is placed with proper ceremony. If such a building were to be built here, it could be placed in Bussell park, and Uncle Jimmy Bussell's name would be added in due time.

However, such a proposition would be rather too expensive for Ord, and it is hardly necessary. We have an ideal location for such a memorial, and that is the hallway of the court house. All that would be needed there would be a brass plate bearing the name of the person and a very short statement of why it was used. The east wall of the hall, facing visitors as they come up the stairs, would be suitable.

Since the pioneers belonged to the county, their names would properly belong in the county building, and the list should take into consideration people from all parts of the county. Arcadia was not given a place in the list mentioned above, not because there have not been great men from that part of the county, but rather because they got started several years after the rest of the county.

A proposition like this must be financed, and there could be no better way than by popular subscription, thus giving all who so desired a chance to have a part in the good work. It might cost

as much as \$500 to start such a proposition, and perhaps, \$100 annually thereafter. Such an amount should not be too difficult to raise.

The persons who have charge of such a project must be selected with care. They must be people without selfish interests, with vision broad enough to view the lives of those suggested for membership from all angles and pressure that might be brought by partisan groups. Such a list on display would proclaim to visitors that we have a pride in the achievements of the great men of Valley county. Such a memorial to add a few names each year will be worth far more than its cost.

Our Native Executive

The chief executive has ordered a ban on news, a tightening control which he claims is essential to the safety of our nation. With the same breath he says he has no desire to suppress free speech, and yet claims newspapers and magazines must be controlled, because 95 per cent of our secrets are published by newspapers and slick magazines.

Now, if we were at war at the present time, such concern for the public safety would be understandable. But, according to the president's own statement, we are not at war in Korea; that is only a "police action." To date there is no censorship of the mails, as there was in World War II. Supposedly we are at peace, so why the order?

Perhaps he is trying to lock the barn door before the horse is stolen. Perhaps he is thinking of the Democratic donkey instead and what damage might result to the cause in 1952 if any more secrets about men in high places are released to the public. In any case, he demands the right to suppress whatever news he desires to suppress.

With a presidential election in the offing, such power could, and would doubtless be used in favor of one political party and to the detriment of the other. It requires a stretch of the imagination to figure out which party would be favored. Such power could be used to cover up facts in Washington that the public has a right to know about.

Claiming that there is no crookedness in high places does not make it so. Claiming that he can see nothing wrong with Democratic National Chairman William M. Boyle, jr., does not mean that there is nothing wrong with him. It simply means that the president is trying to cover up the incident and apply the same whitewash others have received in the past.

To date there has been plenty of evidence to show that Mr. Boyle is not the paragon of virtue that the president would like to paint him. The same goes for a number of others in high places. Gossiping it over cannot hide the ugly fact that there must be fire where there is so much smoke. Censorship would be a convenient method of covering up the fire.

(But all the censorship possible to use cannot hide from the American people the fact that there is plenty of rottenness in the national capital. It is not all confined to one group or to one party, but, regardless of where it is to be found, it should be located and the public has the right to full and complete information on the subject.

The excuse that foreign powers will receive information they should not receive is banal. The fact is that Russia knows more about what goes on in America today than most Americans do. Censorship of the press is not the answer, but proper supervision of the Communists within the United States, who are taking their orders from Russia.

Communists have for their watchword the overthrow of the present system of government in the United States, and the supplanting of it with their own, which is patterned on the government of Russia. This subversive group has its own newspaper, the Daily Worker. Why not try first suppressing the Daily Worker and leaving loyal newspapers alone?

Ward's Cookin' Column

The world is full of tragedies. King George had to go to the hospital and every one of his subjects worried about it. Adolph Menjou had to have his moustache cut off, and he worried everybody about it, apparently thinking that it would be fully as bad as if he had to have a leg or arm cut off. But he went through with it, with the agreement that after the picture is shot he will be given \$10,000 heart balm while he is growing a new moustache. A moustache is really a handicap at times. I recall once when the degree team of the Tribe of Ben Hur at Ord was pulling on the degree work for a number of lady candidates. One of the key persons in the cast was Tirzah, sister of Ben Hur. Tirzah was not present that evening and there was no lady present who could take her place. James B. Nay decided he could slip on the robe and play the part of Tirzah, and he did. You will recall that he had quite a heavy moustache, but that didn't bother him any, as he had somebody tie a hankerchief across his face just under his nose and it passed for some kind of an oriental veil and the ceremony succeeded.

I never will be able to figure out why people do as they do, but some of the things they do are all out of reason. Some months ago the contractors who are rebuilding the highway from North Loup to Elba first started the detour and the highway department put up the signs showing the public how they had to go to get from here to there. In the first place, I cannot figure out why it is necessary to have the entire stretch of road from North Loup to Elba cut off, when the stipulation that the builders build and complete the road from Elba to Cotesfield before closing the road from Cotesfield north, then build Cotesfield to Scotia and finally Scotia to North Loup. As it is every person who makes a trip all the way to Elba from North Loup travels about ten extra miles, when this could be cut to three or four.

Now that I have to take it easy, I just sit around and count. The other evening I sat on the porch and counted the cars going and coming on the marked highway, which runs south from our corner here in North Loup, and at the same time I counted the cars that went east past the corner and down the old highway. One of the first 31 I counted, 14 went over the closed highway and seven followed the marked road. The fact that the new top is practically finished to the first junction, about three fourths of a mile, is no excuse. From there on to Scotia junction the road is a nightmare to be followed at the risk of life and limb. It was not too good before construction began, with the center the best part, but that center was taken up now by a high ridge of building material.

The time saved, if any, is certainly not worth the risk. What a lot of car owners do not seem to know is that their insurance is no good when they are driving on a forbidden road, and the chances of accident on such a road are about twice as great. The mailman and the buses are required to follow the marked road, and there is no good reason why the general public should not follow their example. It seems that there are several reasons why the public acts as it does in this case—or perhaps it would be better to call them excuses—but there is no excuse for failing to follow the marked road.

Excuse No. 1 — I mentioned it above, the fact that the public is required to use three detours at once instead of one at a time.

Excuse No. 2 — During the summer the detours were often so wet as to make them a definite travel hazard.

Excuse No. 3 — People like to "Follow the Leader." They come to the detour and note that a lot of people have been driving around the road block, so they get the idea the road is safe to travel, and away they go, adding their auto tracks to the hundreds that have gone before.

Excuse No. 4 — Detours have been there a long time, too long, and the public is getting plenty tired of them.

Being on the convalescent list has its advantages. For one thing it gives a man a chance to think. Seems like I hear that Anderson or Doc Norris or somebody muttering, "Got to have something to think with." I haven't got much, but I am using it these days, and I thought you might like to know what I "think" up.

I got to thinking about the baseball and football games and the hundreds of other ways we Americans have of blowing off steam, while over in Russia about the only steam anybody has a chance to blow off is to blow on his hands

to warm them in their rigorous winter weather. So I thought I'd write a letter to Joe and tell him about it. For a heading I couldn't use "Comrade" or "Friend" as he is neither to me, but I decided on the address below, as a friend like Joe would be dear at any price:

Dear Joe:
I see from reports coming to America from your estimable paper, Red Star, that you are running your country very efficiently. Note, please, that I did not call it a newspaper. A newspaper is supposed to print all the news. There should be as much news in Russia as in America and here there is always a newsprint shortage because the newspapers require so much paper to print all the news. We are very wasteful here in America. The workers here work a 40-hour week and then get extra pay for any overtime, besides the ruinous wages they draw for regular pay. That still leaves them 16 hours with nothing to do but rest and eat and sleep and have a good time. The result is that they rest too much, sleep too long, eat more than is good for them and waste some of the money having a good time, run autos they own—every worker has one—too much and really throw their money around. The result is that, at the end of the month, after paying all expenses, they have only about four times as much left from their month's wages as you pay your workers. If they had less to spend they would not be so wasteful.

Now Joe, this is all because the people here are not kept under control. They are permitted to do pretty much as they please so long as they please to stay within the law. For example, we have a lot of Communists running around loose who would make excellent workers in a concentration camp, but our laws are so made that we just let them run around and preach the overthrow of the government, and we don't do much about it. Joe, I see that in your country you have put God in his place and told His ministers and priests they can either make God conform with Communism or quit preaching about Him. That seems like a pretty good idea, Joe. If you want to keep on running your country you simply can't. Also, by keeping God in submission you can rule out Hell in the future. With hell popping in Russia all the time you won't need any in the hereafter.

Now, Joe, if you were in America today I know you would be shocked at the way people waste time and money. As this is written, we are heading into the World Series, an affair that comes early in October every year. Thousands go to see the games, and thousands more would if there was room for them. Those who can't tune in their radios and listen to the games, wasting time that could be used in some other way. It is true a worker in America does as much in one hour as one in Russia does in two, but that is no excuse for having a

good time. Worse than that, the players these people watch or listen to on the radio get wages higher than our congressmen. You ought to hear how they waste their strength yelling for their favorite team. If all that wasted energy could be used, instead of having a chicken in every pot as it is today, we could have an atom bomb in every family's back yard.

Joe, I must admit our way is wrong, but you simply can't tell that to people who work only eight hours a day on a full stomach, who own their own homes, have their own bank accounts, raise their own children and go to church. It's church time now, Joe, so goodbye. JWJL.

Something Different

Surely nobody has had as much fun with cardboard boxes as Ted. Any big old carton he can get or borrow becomes building material for him, and with the aid of a heavy butcher knife, some Scotch tape and even adhesive tape sometimes, it acquires all sorts of architectural features. Windows, peepholes, doors, awnings that let up and down as the enemy approaches, electric lights, pillows for reading, crayola signs galore warning you to keep off, all feature his creations.

Originally he made them for a little cat we used to have, but he soon liked them so well he made them for himself. His friends are equally fascinated, crawling in and out happily, long legs and all, considering it a great privilege. No wonder: they charm me too. Fun!

A real treat is any small thoughtfulness you do. It is the thought that counts. Such a treat was a gift of luscious strawberries Sunday afternoon. Big and beautiful, picked by Bess Leggett from her thriving patch. And how wonderfully luscious and good they taste in the fall! Almost as delicious as the first ones in the spring.

Such a treat was a bag of crisp turnips from the Vern Andersens lately. Ever fix them like carrot sticks? For a little town, we have a good many treats, don't you agree?

Musical treats, for instance, like the young negro woman who will sing for us at the Methodist church this Wednesday evening. Musical treats like the fall concert series, now selling tickets for the winter series, . . . you remember what fascinating evenings we had from that series last winter? Treats like bean soup day coming up, nice and different and honey and fun. What is better than good bean soup?

A good soup, a wonderful soup, is the Leggett family's Pennsylvania German potato soup. Talk about rich and tasty! I ought to charge you for the recipe, but I won't. Get a pound of pickled pork, the old-fashioned kind that is hard to find. Slice it, then cut the slices crosswise into slivers about like matches. Fry gently and briefly, pouring off about half the fat which you may use for cooking something else later.

Now put the pork and the rest of the fat into a soup kettle. Dice a couple of big potatoes and a big onion, put water to cover well. Let it simmer three hours or so. Season generously, and not long before meal time, add a little flour and water paste, until the soup is about as thick as heavy cream. Cook another few minutes. And call the family!

(. . . after you have served this meal once, you won't have to holler very loud next time you announce you're fixing it. . . .)

Why is it that anything combining onion in the flavoring is often much better after it stands awhile, and is warmed up? Chili for instance, gains so much in flavor if you make it a day ahead of serving. Or if same is left for a later meal.

It is fun to live near the school ground and watch the children play. It is also fun to watch them doing their calisthenics. For instance I glanced up just here and saw a billowing ocean of legs bicycling in the air.

Mildred Arlene is the name given to the new seven pound five ounce daughter born Sunday, Oct. 7 to Mr. and Mrs. Melvin Williams at the Ord hospital. The Williams have three sons, but this is the first daughter.

Mr. and Mrs. J. L. Williams and family and Mr. and Mrs. Archie Kring of Kearney were Sunday guests of Mr. and Mrs. Henry Williams and the Melvin Williams and Cecil Severance families.

George Tappan of Omaha spent Saturday night and Sunday with his mother, Mrs. Anna Tappan, at the Earl Howell home.

Floyd Hopkins went to the northern part of the United States Wednesday to meet Mrs. Hopkins

who has been visiting in Canada. Mr. and Mrs. Ed Friesen and family are guests in the Floyd Hopkins home.

Mr. and Mrs. Floyd Whiting are guests in the home of his brother, Jesse Whiting. They are just returning from a trip to California. Mr. and Mrs. Whiting have some race horses which they had in Omaha at the Ak-Sar-Ben race track, but which are now on the east coast. Their son, Lyle, who was formerly a jockey, was badly hurt several years ago, and is not able to ride any more, but trains race horses. After a visit in this territory and at Shelton, Mr. and Mrs. Whiting will go east.

Donald Jensen, who submitted to an appendectomy at the Ord hospital Wednesday was able to come home Saturday.

Mr. and Mrs. W. M. Dutcher of Plainview were guests from Friday till Monday in the home of their granddaughter, Mrs. G. L. Carter. They were returning to their home from a trip to Idaho.

Mr. and Mrs. Bob White and daughter spent Saturday night and Sunday at Plainview.

Mr. and Mrs. Austin Cummins and two daughters, who had spent the week with Mr. and Mrs. Walter White and other relatives here, left Monday for their home at Big Springs.

Mr. and Mrs. Martin Dunklau and family and Mr. and Mrs. Derwin White and family were Sunday supper guests of Mr. and Mrs. Dale Stine and Gregory.

Mr. and Mrs. Glen Bremer and family were Sunday supper guests of Mrs. Blanche Leonard.

Mrs. Tschudy, mother of Mrs. Frank Abel and Mrs. Goldfinch of Scotia, is being cared for in the Earl Howell home. Mrs. Tschudy has been bedfast for three years.

The Bud Hoepfner family spent Sunday at Hastings in the Bud Minick home. Mr. and Mrs. Harold Hoepfner rode to Grand Island with them and spent the day with the Merrill Anderson family.

Mr. and Mrs. Lee Mulligan spent Sunday with the Walter Braband family of Grand Island.

Bernadine Edwards came home from Grand Island Saturday night with Mrs. Mira Sorensen and Don. Mrs. Sorensen and Don and Marlene Bresley and Mr. and Mrs. Leonard Edwards were supper guests in the John Edwards home.

Phyllis Klancey of Grand Island is spending this week with her grandparents, Mr. and Mrs. John Edwards.

Mr. and Mrs. Walter Cummins received a telegram Tuesday evening from their granddaughter, Mr. and Mrs. Francis Muller and Julia, of New York City, congratulating them on their golden wedding anniversary. Mrs. Muller is their oldest granddaughter.

Mrs. Lulu Manchester returned to her home in Grand Island on Tuesday after spending ten days with Mr. and Mrs. Jerold Manchester and daughters.

Mr. and Mrs. Arthur Palser and family were Sunday afternoon guests of Mrs. Stella Kerr and Mrs. Kate Palser.

Mr. and Mrs. Lester Sample of Scotia spent Friday evening with Mrs. Fanny Sample.

The North Loup Lions club met Thursday evening at the community hall. New members present were Eldon Sinter, Jerold Manchester, Bob White, Dr. M. Z. Marley and Rev. F. D. Saunders. Guests of George Hastings were Ed Swopes and a representative of the Eastman Kodak Co.

Mr. and Mrs. Herman Nass and his sisters, Minnie, of San Diego, and Martha of Los Angeles, called on Mr. and Mrs. Frank McDermott and Mrs. Ernest Nurlon Friday afternoon. Friday night, Mr. and Mrs. W. B. Virgin and Mr. and Mrs. Herman Nass took his sisters to Grand Island where they took the steamliner to return to their homes.

Mr. and Mrs. Jim Vogeler were Friday evening guests in the Herman Nass home.

Mr. and Mrs. John Kizer of Tacoma, Wash., who have been visiting in Ord, called on friends in North Loup last week, among them being Ronald Cress, Mrs. Ruth Haught, Mrs. Ted Babcock and Mrs. George Eberhart. Mr. Kizer graduated from high school in North Loup with the same class as the people he came to see. It has been a good many years since he had seen them.

Melvin Green of Grand Island was a Sunday afternoon guest of his mother, Mrs. Lelia Green. Ben Namborg is quite ill and under the doctor's care.

Walter Paddock who lives alone in North Loup was found Sunday afternoon by his son, Edward, of Ord, on the floor at his home, where he had had a stroke. He was taken to the Ord hospital.

Dr. and Mrs. Vernon L. Hybl and two children of Ainsworth spent Saturday night with Mr. and Mrs. Paul Jones and Sunday went on to Grand Island for a family dinner at the J. F. Hybl home.

Mr. and Mrs. Will King of Scotia were Sunday afternoon and evening guests of the Victor King family.

Mr. and Mrs. Clifton Clark drove to Loup City Sunday to attend the horse show.

Athletic Club Organized

A new North Loup Athletic club was organized last Friday. A meeting of all lettermen was held and officers were elected as follows:

President, Gale Sinter; vice-president, Gene Larkin; secretary, Dale Thompson, and treasurer, Kay Sawyer.

The objectives of this organization are to encourage good sportsmanship, the promotion of participation in athletics, and the promoting of good will among all involved.

Donald Jones, coach in the North Loup schools initiated the movement which resulted in the forming of the organization. It is hoped that a sound athletic program can be continued and strengthened in the North Loup schools.

Future plans consist of a pleasant trip at the end of the football season, an N. L. carnival in early spring, and a spring picnic to initiate new members.

Challengers Beat West Kearney 16-6

North Loup won in a hard fought six man football game with West Kearney, played at North Loup on Wednesday evening, on a rain soaked field. The rain stopped as the teams were lining up.

Coach Don Jones' Challengers received the kick but fumbled on the first play to give the ball to Kearney. Kearney in turn gave up the ball on downs, this lasting the entire half. North Loup however, was close to the double strings three different times, but either slipping or a determined Kearney line stopped their advance.

Early in the third quarter North Loup took over on a drive that could not be stopped. Headed by Gale Sinter and Rich Hawkes, the ball was advanced across the goal line, with Rich Hawkes carrying. Gale Sinter drew kicked the extra point.

Kearney's lone score came after this drive on a very long run.

Early in the fourth quarter Gale Sinter returned a punt the entire distance but it was called back for clipping. This hurt North Loup chances a great deal, but late in the fourth quarter the Loupers started another drive which did not fade until Rich Hawkes skipped across his own right end for another touchdown. Gale Sinter again converted for the extra point, making it 16-6.

The game ended with North Loup on West Kearney's two yard marker. The entire Kearney machine played hard, but could not cope with the Loupers hard running and fine defensive play.

North Loup's next game is with St. Mary's academy at O'Neill on Thursday, Oct. 11. Next home game will be with Merna Oct. 18.

Mr. and Mrs. Harry VanHousen left early Monday morning for Marshall, Minn., where they will spend an indefinite length of time with Mr. and Mrs. Roland Grov and Bruce.

Seventy-five pounds of light weight clothing was mailed last week to Jamaica for relief for tornado victims. The project was sponsored by the Ladies Missionary society. The postage for the package was shared by the two societies. A remarkable fact about the postage was that the rate to Jamaica was less per pound than it would have been to either coast in the United States. International rate to Jamaica was 14 cents a pound and to coast is 19 cents.

Proceedings of the City Council

Oct. 1, 1951
The Mayor and Council of the City of Ord, Nebraska met in regular session in the City Hall at 8:00 P. M. Mayor Blessing presided and City Clerk, Agnes Dodge recorded the proceedings of the meeting.

ROLL CALL
Roll call revealed the following councilmen present: Schoenstein, Milliken, Pecenka, Gnaster, Huff, Hastings. Absent: None.

ORDER OF BUSINESS
The minutes of the last meeting were read by the Clerk. Moved by Schoenstein and seconded by Huff that the minutes be approved as read. Motion carried.

The Treasurer's report as of Sept. 29th, 1951 was read by the Clerk. Moved by Hastings and seconded by Gnaster that the Treasurer's report be accepted and placed on file. Motion carried.

The Catholic Cemetery Committee's report for transfer of their cemetery to the City was again discussed.

ORDINANCE NO. 153
An Ordinance pertaining to the cemeteries of Ord, Nebraska, to provide for a conveyance of the Catholic cemetery near the City of Ord to said city as an addition to its cemeteries and certain provisions with reference to the same; to designate how the same shall hereafter be referred to; to provide for replanting the same with plants including the first addition thereto; to provide for the prices at which burial spaces therein shall be sold and certain rules and regulations with reference to said additions; to provide for the repeal of all ordinances herein which are in conflict with this ordinance and to provide when this ordinance shall go into full force and effect.

Whereupon, the Mayor announced that the introduction of

Ordinances was in order. Whereupon, it was moved by Councilman Schoenstein and seconded by Councilman Huff that the records and the proceedings relative to the passing of Ordinance No. 153 be preserved and kept in a separate and distinct volume, known as "Ordinance Record, City of Ord, Nebraska," and that said separate and distinct volume be incorporated into and made a part of these pages the same as though it were spread at large herein. Roll call on the motion revealed:

Years: Schoenstein, Milliken, Pecenka, Gnaster, Huff, Hastings. Nays: None. Motion carried.

Ellis Carson, Airport Manager and Leslie Nash, Commander of the Civil Air Patrol, appeared before the Council. Mr. Nash asked that the Civil Air Patrol be given lease on the old office building at the Municipal Airport instead of the northeast room of the administration building as formerly agreed upon. The Air Patrol members offered to remodel, put a foundation under the building and to keep same in good condition if given a lease.

It was decided to give them a lease on the old office building for the fiscal year ending May 1, 1952.

Gus Schoenstein, Chairman of the Finance Committee, made recommendation to the Council regarding the investment of perpetual maintenance funds in Municipal Airport bonds.

It was moved by Pecenka and seconded by Hastings that the City Treasurer be authorized and directed to transfer \$500.00 from the cemetery fund to the perpetual maintenance fund and in turn to purchase with perpetual maintenance funds for investment, three Ord Municipal Airport bonds @ \$1,000.00 each.

Roll call revealed all councilmen voting in favor thereof. Motion carried.

Mayor Blessing read a letter from the Chamber of Commerce, recommending that A. K. Mills of Litchfield be employed to run his magnetized nail picker over city streets.

After considerable discussion, it was decided not to do so at this time.

The Mayor also read a letter to the Council from John A. Donaldson regarding the oil treatment that had been used on some of the city streets.

A report on the City Park, prepared by Irma Leggett, was read by the Mayor.

It was moved by Schoenstein and seconded by Huff that the report be accepted and placed on file. Motion carried.

An application for gas fitters license by Chas Kriewald was presented.

Moved by Schoenstein and seconded by Hastings that a gas fitter's license be granted to Chas. Kriewald, providing a satisfactory bond is furnished by him. Motion carried.

T. J. Bigley Dies at Grand Island

Thomas J. Bigley, 59, of 339 South Plum, Grand Island, Union Pacific engineer, died Thursday night in a Grand Island hospital. He had been failing in health for the last two years and had been critically ill the past two months. Death was attributed to a circulatory ailment.

Funeral services were to be held at 9:30 Monday morning in St. Mary's Cathedral where requiem mass was offered. Burial was in the Catholic cemetery at Scotia. The rosary was recited at 7:30 Sunday evening in the Livingston-Sondermann funeral home.

Born Dec. 7, 1891 at Peoria, Ill., to Mr. and Mrs. John Bigley, he came to a farm near Brayton with his family in 1895. There he grew to manhood.

He and Miss Kathryn McHugh were married at Scotia May 10, 1915. The couple farmed near Scotia until 1928 when they moved to Grand Island. Mr. Bigley entered the service of the Union Pacific and had advanced to the position of engineer when his health failed in 1949.

He was a lifelong member of the Catholic church and was a member of St. Mary's Cathedral parish.

Besides his wife, he is survived by three sons, Lyle, Robert G. and Don, all of Grand Island; three daughters, Mrs. Alfred Smith and Mrs. Howard Tibbs, Grand Island; and Mrs. Donnie Dean, Englewood, Colo.; a brother Joe of Grand Island; a sister, Mrs. John Kinney, Greeley, and 11 grandchildren. He was preceded in death by one son, Jackie, his parents and one brother, Edward.

Mr. and Mrs. John Burton have purchased a six room house belonging to the Eglehoff estate, located seven miles southwest of North Loup. They will move the structure to their farm a mile south of Scotia for their own use. Weekes Real Estate Agency of Ord transacted the deal.

Chas. Goldfish and son Billy and Mrs. Sam Drawbridge drove to Kearney, Sunday to visit Mrs. Goldfish who underwent surgery last Wednesday in the Good Samaritan hospital. Mr. and Mrs. Harold Goldfish went to see her on Saturday.

Mr. and Mrs. Wm. Cain, Mrs. Frank Zulkoski and daughter, Margaret, attended the mission services held at Greeley last week. Father Clark and Father Ireland of Omaha were the main speakers. Mr. and Mrs. Ike Beck of Grand Island were weekend visitors in Scotia with their parents, Mr. and Mrs. Bill Beck.

Mr. and Mrs. Oswald Sorenson of Wolbach spent Saturday evening in Scotia calling on friends. Wm. J. Hughes spent a few days last week with his parents, Mr. and Mrs. Earl Hughes. Bill was enroute to Ft. Monmouth, N. J. where he will attend U. S. Army signal school for the next nine months. Ft. Monmouth is located 28 miles from Newark.

Mr. and Mrs. Herbert Pawleska of Green River, Wyo. are the parents of an eight-pound, four ounce son born Oct. 4. He has been given the name of John Edward. Herbert Pawleska is the son of Mr. and Mrs. Tony Pawleska, who until recently were residents of the North Loup community.

Miss Shirley Sautter who has been ill with rheumatic fever and has been in North Platte taking treatments, has returned to the home of her parents, Mr. and Mrs. Fred Sautter. Shirley is a senior this year but may not be able to return to school until the second semester.

The Brownie scouts met last Thursday at the home of Mrs. Dean Bredthauer. The girls made puppets and enjoyed a lunch prepared by the hostess.

The Fish Creek school board have been taking turns driving the school bus during the absence of the regular driver, Muri Vance. Mr. Vance has been employed in the alfalfa mill at Elm Creek and will return to Scotia soon.

Mary Moody spent the weekend with her father, Dwight Moody. Miss Moody is attending Duchesne college in Omaha. Mr. and Mrs. Robert Moody of Ord spent Friday night at the Moody home. Mary returned to Omaha Sunday night.

Saturday evening visitors at the Floyd Vance home were Mr. and Mrs. Junior Vance, Mr. and Mrs. Delbert Clement and family of Kansas City, Mrs. Carrie Clement and family of Grand Island, Mr. and Mrs. Loien Steffan and Mrs. Muri Vance and Jerry.

Pvt. Willis Sautter accompanied by Dennis Rasmussen of Cotesfield left Sunday morning for Oceanside, Calif., where Dennis will visit his brother, Bob who is in the marines. Bob has been ill and so far his trouble cannot be located. Pvt. Sautter will report for further duty in the air corps.

Nearly 40 ladies of the Lutheran congregation attended a "pink and blue" shower for Mrs. A. H. Wagner Friday afternoon in the basement of the Lutheran church. A miscellaneous program was given and a lunch served by the ladies.

Bill Warren of Omaha spent last week with his mother, Mrs. Robert Warren and his grandmother, Mrs. Seefus.

Bernice Bussell of Hastings spent the weekend with her parents, Mr. and Mrs. Darold Bussell.

Cremeens Leave on Western Trip

Mr. and Mrs. H. M. Cremeen left Friday on an extended western trip on which they plan to be gone several weeks. The only thing, Mrs. Cremeen said as they left, to prevent a lengthy stay was the severe sickness of a sister in Iowa, and they might have to turn back. If they are able to go on they will make stops in Billings, Mont., also Los Angeles and Bakersfield, Calif., and in Seattle and Wilbur, Wash., and possibly other places enroute. In Wilbur, they will visit their son, Virgil, and in Los Angeles, they will also see their daughter, Mrs. R. C. Spradlin. They are going all the way by bus, their route being planned and tickets bought through John La Cornu, who is in charge of the local bus station.

Rally Day at Church of Christ

Following a lovely dinner at the Church of Christ Sunday afternoon, the various classes of the Sunday school presented a program of special music in Rally Day participation. The scripture was read by Miss Maggie King, and Mrs. Williamson, wife of the pastor, gave an object lesson. Mrs. John Cook, as superintendent, presided. Accompanists were Mrs. Leonard Ludington and Donna DeVore.

The music for the ceremony was furnished by Mrs. Pauline Douglas at the Hammond organ. Before the wedding procession, the song "Patricia" was played, followed by "Because" and "Always," sung by Miss Louise Flock. Following the ceremony the bridal party journeyed to Ord to have wedding pictures taken. After returning to Burwell they went to the Burwell hotel where friends and relatives gathered for the reception dinner. Mrs. Louis Bussinger, aunt of the bride, was in charge of the gift table. Pvt. Kenneth Swanson, brother of the groom, had charge of the guest book. The bride was reared on a ranch near Rose. The family moved to Burwell, so Patricia could attend high school. She was graduated in the class of 1931. The groom also lived near Rose, and was graduated from the Rock County high school with the class of 1930. After their honeymoon, Mr. and Mrs. Swanson will live on a ranch south of Bassett.

The altar was decorated with fernery and candelabra, bearing white tapers. There were baskets of fall flowers, bronze mums and white and yellow pom-poms. The bride, given in marriage by her father, wore a gown of traditional white tulle, fashioned with fitted bodice, high net shoulder neckline and short sleeves with elbow matching white mull. Her full skirt was fitted over hoops and the back extended into a fan tail train. The finger tip veil of imported English silk illusion net, was edged with luxuriant two and one half inch French Chantilly-type silk lace, and was held in place by a crown of deep blue marquisette was styled similar to that of the bride's, and was trimmed with matching silk lace. She wore a corsage of red roses.

The groom, attired in a light tan tweed business suit, was attended by Harry Swanson, his brother. Ushers were Pfc. Kenneth Frederick and Pvt. Wayne Sakin, friends of the couple. All wore boutonnières of white carnations. The mothers of the couple as well as the grandmother wore gray outfits with pink and white corsages.

Mr. and Mrs. Bert Hansen Married 55 Years

Wednesday, Oct. 3, marked the 55th anniversary of the marriage of Bert Hansen to Miss Elsie Jensen, the marriage taking place in 1896. The vows were spoken before a Rev. Lcc, the name and denomination of whom Mrs. Hansen could not remember. The ceremony took place in Mrs. Hansen's brother's home, that of Mr. and Mrs. Pete Jensen, in Vinton township. The attendants or witnesses were Mr. and Mrs. Jensen and Mr. Hansen's mother, Mrs. Lars Hansen.

The bride wore a green dress and was given a ring. Mr. and Mrs. Hansen went to farming at once after their marriage and but for seven years spent in Oklahoma, the remainder of their married life has been spent in Valley county. They lived on farms in Vinton, one being the Johnnie Beran place and another being the Fred Albers farm. They also farmed on Davis Creek. A little over four years ago, Mr. Hansen had a stroke and was unable to work longer, so the couple moved to Ord, where they have their home now, located in the eastern part of the community.

They have had twelve children, ten now living and two sons dying while young. The children are scattered now and that was one reason no celebration was held Wednesday, the other being the condition of Mr. Hansen's health. Their children are Mrs. Roy McGee, Long Beach, Calif., Raymond, Malin, S. Dak., Mrs. Clifford Stuben, Omaha, Mrs. Otto Wesenberg, Gretna, Neb., Mrs. Lily Holman, Ord, Mrs. James Bartholomew and Mrs. Wilbur Bartholomew, both of Council Bluffs, Mrs. W. O. Delzer, Martin, S. Dak., Mrs. Maurice Goldenberg, Omaha and LaVerne, Ord. Mrs. Holman lives with her parents, and assists with the housekeeping, but Mrs. Hansen still does all of the cooking. LaVerne lives in a trailer in the yard of his parents home and is farming.

There are 16 grandchildren and six great-grandchildren. Both Mr. and Mrs. Hansen are faithful members of the Lutheran faith and attend their church as they are able.

Mrs. Hansen came to this country from Denmark when she was

but 15 years of age. For many years she worked as a "hired girl" in Omaha, where she did everything in the home where she was employed, washed on a scrub board and cleaned windows, cooked and cleaned all for \$2.00 a week. She met Mr. Hansen through relatives.

Teachers' Dinner

The Valley County Teachers' Assn will convene at Arcadia next Monday for a 6:30 dinner. Don Lynch of the N. S. E. A. will talk on "Social Security." All county instructors are urged to attend.

Baby Shower

Mrs. Paul Falser, Mrs. Onnie Patchen and Mrs. Wayne Stewart were hostesses at a baby shower honoring Mrs. Raymond Hurlbert on Friday afternoon.

The shower was held at the Wayne Stewart home. Guests were Mrs. Cash Welniak, Mrs. Robert Timmerman, Mrs. Joe Cetak, Mrs. Floyd Peterson, Mrs. Ernie Szwanek, Mrs. Max Savage, Mrs. Lloyd Zikmund, Mrs. Art John, Mrs. Adolph Sevensen, Mrs. Albert Daklin, Mrs. Darrell Noll and Mrs. Paul Geneski.

Jolly Neighbors

The Jolly Neighbor extension club met Thursday with Mrs. Chas. Dugosh, where a covered dish luncheon was served. Under the direction of Miss Helzer, home extension agent, eight trays, were etched by the members present. This project by the extension clubs over the county is proving quite interesting. Plain aluminum circles are used and treated with application of stove pipe enamel, used to trace figures selected. The etching is done with a part muriatic acid and water. The edges are crimped with a small crimping machine. Many of the women in the clubs are making beautiful trays with original designs.

Birthdays Party

A group of friends surprised Mrs. Carl Young on her birthday Saturday.

Chas. Williams and Frank Dutcher also celebrated birthdays that day. The evening was spent visiting and playing pinocchie.

Those attending were Mr. and Mrs. Seth Williams and family, Mr. and

President Honored

The ladies of the G. A. R. Circle met at the Legion Hall Saturday for a 1 o'clock luncheon honoring the department president, Mrs. Amy Smith, of Eagle, Neb. After lunch was served a business meeting held, a good talk from Mrs. Smith about circle work, was enjoyed.

Mrs. Edith Hunter of Omaha, Mrs. Fanny Cox and Nora White of North Loup were in Ord last Thursday.

Mrs. Bill Rysavy and son and Mrs. Hilda Tuma were in Cotesfield Sunday where they attended the birthday of the ladies' father, Joe Moravec. All of the members of Mr. and Mrs. Moravec's family were present to give honor to his birthday with the exception of three grandchildren.

Mrs. Chas. Williams, Mr. and Mrs. Chas. Kasson and family, Mr. and Mrs. Frank Dutcher and family, Mr. and Mrs. Paul Wray and sons, Mr. and Mrs. Clarence Bradley and family, Mr. and Mrs. Jens Neilson, Mr. and Mrs. Russell Waterman and Marvin, Miss Dolcie Waterman, Mrs. Arlene Kalakoski and family of Valentine.

All had an enjoyable time. A nice lunch was served at midnight.

HOW ABOUT THE HOSPITAL?

An open letter to the public

We are very pleased to inform you that the hospital is getting along fine and making a small profit.

Mr. Perry is a very capable manager and would like to see the hospital do well financially, give excellent service, and keep on improving. In the beginning we set up a hospital operating checking account and the remainder was placed in an equipment fund. The checking account has grown somewhat but the equipment fund has gradually diminished, as we added necessary improvements since our opening, amounting to over \$6,000.00.

All was very well until we were compelled to put on the fire escape at a cost of about \$2,400.00, and our equipment fund was down to about \$1,400.00. We found it necessary to borrow \$1,000.00 from our operation checking account which we did not like to do because even though the hospital is operating at a small profit, it is not enough to buy added equipment.

The board is of the opinion that we should now go ahead and sell the unsold stock and accept donations of any size to take care of this \$1,000.00 plus enough to get further necessary equipment to reach a first class rating hospital.

To equip the hospital in first class condition would require about \$5,000.00 or \$6,000.00, so Mr. Perry has compiled a list of desired equipment in the order of their importance and we will go just as far down the list as you, the public, will take us.

The Chamber of Commerce is ready and willing to start another drive but how much nicer and easier it would be if we would get a shower of checks and cash. Just make out a check to the Ord Co-operative Hospital Equipment Fund and mail to Secretary Mrs. Alcon Papiornik, Ord, Nebraska, or Mr. Perry, Manager.

If your gift is \$50.00 or more you may have stock if you wish and need only to tell her that you wish stock and someone will call on you.

Since the hospital started about two years ago it has taken care of 1129 patients plus 169 babies and it kind of startles a person to wonder what would have happened to those patients if the Chamber of Commerce had not been able to handle the project successfully.

If you care to consider the business side, it will be interesting to you to know that the hospital has paid \$30,202.00 in salaries and \$9,809.00 for groceries and maintenance since opening about two years ago.

You should be proud of your hospital and realize that maybe you are "your brothers keeper."

Why not respond to this request by mailing a donation or request for stock and maybe the Chamber of Commerce will not have such a big task.

Sincerely yours,
Glen Auble, President of your hospital

Mrs. Warford Travels 42-Mile Mail Route

Not many rural communities can boast of an efficient woman carrier on their mail route. Mrs. Mary Warford of Scotia has this distinction. Her star route starts at Scotia, goes north through the sandhills, winds toward the west then south and back into Scotia. The route covers 42 miles mostly in the hill and sandhill country with very little fair weather road. It is not an uncommon sight to see Mrs. Warford putting chains on her car, when the roads get too bad for ordinary travel.

Her working day begins at 8 o'clock in the morning, sorting and placing all mail and by 9 a.m. she is on the road delivering mail to the 75 patrons on her route. Stopping to pass the time of day, she makes change, sells money orders or stamps, besides passing the town gossip to those who do not have telephone facilities; and is back at the office to check in by 1 p.m. After this she goes home to prepare and eat her lunch.

Mrs. Warford has led a busy and useful life. She was substitute carrier for her husband, the late Clyde Warford for four years prior to 1938 when she signed the star route contract with her husband. Rain or shine, sleet or snow, Mrs. Warford made the run for her husband who was ill much of the time. About a year ago she took over as carrier under her own contract. She has reared 5 children of her own and until recently cared for 3 grandchildren whose parents live in Hawaii. She lives in her own home, tilled most of the 20 acres until she took over her duties as a regular mail carrier. She was able to make her own carpenter repairs and is now busy painting the outside of her house in her spare time. Mrs. Warford likes her work, does not think it is out of the ordinary and plans to continue until retirement.

—Mrs. Ella Weckbach and son, Carl Weckbach went to Ponda, Ia., Wednesday on a combined vacation and business trip. They expect to be gone about a week.

—Tom Williams and George Sargent spent the week end on Rat and Beaver lakes where they caught lots of fish. They returned home Sunday evening.

5 in Row for Omaha as Top Livestock Mart

Omaha this week made it five Mondays in a row as biggest livestock market. But cattle and calves alone outnumbered hogs and sheep. Counting Saturday arrivals, cattle and calves on sale Monday totaled 23,500, and nearly 20,000 were Westerns.

Fat cattle trade last week closed on the downbeat and Monday was unevenly steady to 50c and more off, despite light slaughter supply. OPS regulations throttled the buy of most beef processors down to half-normal. Slaughter steers and yearlings Monday bulked at \$33.50-\$36.50 with better steers to \$38 and \$38.75, quotable top around \$39. Plain short-feds sold down to 28, some under that. Best heifers were some at \$36.

Cows sold about on a par with last week's dull and lower close, canners and cullers \$17-\$21, beef cows to \$28.25. Beef bulls again brought \$29.50; veal calves again \$35.

Stocker and feeder trade was steady to 50c off, least price change generally on top yearlings and calves. Yearling stock steers sold at \$32.50-\$31.00, latter paid for 713-pound Wyoming and equalling the record set a week earlier. Colorado Holsteins weighing 735 brought \$29. Stock heifers ranged from \$31-\$35.50. Yearling feeder steers sold to \$38.25 and some were held above that. Two-year-old feeder steers sold to \$36.25, but more of the 2's ranged from \$33-\$35.50, plain ones down to \$28. Heavy, fleshy 2's weighing 1,200 brought \$34. Wyoming steer calves sold to a record \$17, other steer calves at \$35-\$46.75, heifer calves at \$31-\$39.50, a few Wyoming at \$45. Medium to good stock cows brought \$25-\$26.

Hogs, last week to a six-week high of \$22.50, lost some ground late, and Monday more again. Swine trade Monday at Omaha was 25-75c lower, butchers hard to get, 180-360-pounders \$19.50-\$21.40, a few \$21.50; sows weighing 270-550 \$15.50-\$20.50, a few light sows \$20.75; stags \$14-\$16.

Fat lambs Monday sold 50c higher, at \$30-\$31. But slaughter eve trade was steady to weak, at \$10-\$15. Feeder lambs looked 50c and more under the pace of a week earlier, most sales \$30-\$33.25, latter paid for four loads 79-pound Westerns. Short term to sold mouth breeding ewes bulked at \$17-\$21.50.

Mrs. Kron Paroled

At a hearing before the examining board held Friday afternoon, Mrs. Grace Kron, who figured in an assault and battery case, also on a property destruction charge a few weeks ago, was given a parole of 60 days.

Rain, Rain, Go Away Rain is a handicap for the big circus. This is not only due to the fact that Jupiter Pluvius cuts down on attendance, but also because rain doubles and triples the immense work of setting up this town-sized traveling performance. The canvas of one "big top" weighs 11 tons dry - and three times as much when wet.

Record Number of Waterfowl Hunters Wait Oct. 19 Opening

Report Ducks Plentiful on Sand Hill Lakes; Many Building Blinds.

At noon Friday, Oct. 19, thousands upon thousands of Nebraska sportsmen—oldtimers and freckle-noses alike—will don their hunting gear in pursuit of ducks and geese as the state's 50-day waterfowl season gets underway.

The outlook for waterfowl hunting appears to be encouraging as reports throughout the breeding areas in Nebraska and on north indicate a good proportion in 1951. Blue-winged teal, pintails, mallards, shovellers, gadwalls and canvasbacks have already been observed.

In Valley county, blind building on the North and Middle Loup rivers has occupied the attention of hunters for the past several days. Blinds average three to a mile on the more likely stretches of river; in fact, on the North Loup river between Burwell and North Loup there is scarcely a promising point, sandbar or island that doesn't contain a blind, according to an airplane survey made Sunday.

Majority of the local hunters, however, plan to open the season on the sand hill lakes where reportedly there is a heavy concentration of locally hatched birds as well as many migrants from the Dakotas, where the season opened earlier.

One group which will include Emory Thomsen, Jim Cetak and Walt Douthitt, will go to Fremont to open against geese, reported plentiful there.

Successful success, both in the early and later parts of the season, will hinge greatly upon weather conditions. In the event of abnormal weather hitting the state, the smaller ducks, such as the blue winged teal, would make quick exits from the state.

Shooting hours on opening day will begin at 12 o'clock noon. After opening day, shooting hours will begin one-half hour before sunrise. Closing time, both on opening day and all subsequent days of the hunting season, will be one hour before sunset.

Hunters are permitted a bag and possession limit of 5 to 10 ducks, respectively. The bag limit may include one wood duck as may the possession limit. Mergansers, often referred to as fish ducks, may be taken up to 25 per day.

Both the bag and possession limits may include either two Canada geese (including Hutchins's or cackling geese) or two white-fronted, or one of each.

Bag and possession limit on coot is 10.

Hunters are reminded that their guns must be plugged to a three-shell capacity. A loaded gun, incidentally, is construed to be a gun with shells in either the chamber or the magazine or both. All migratory waterfowl hunters over 16 years of age must purchase a 1951 duck stamp in addition to their regular hunting permit.

Will Siler Killed in Auto Accident

Will Siler, one time Ord resident, was killed last week in an automobile wreck near Hamilton, Mont., according to word received by his nephew, Harold Hoepfner, North Loup, whom he visited about a month ago. He was returning from Canada where he had been visiting a daughter, hit some ice and the car rolled over. Further particulars are lacking but an obituary will be printed as soon as it is available.

Ord Men to Hunt Elk in Colorado

Four Ord men, Melvin Clement, Fred Worm, Delbert Benson and Raymond Hurlbert, left early on Thursday morning for Steamboat Springs, Colo., where they plan to hunt elk for the next week or two. The season opened Monday and the Ord men will hunt until each has killed an elk. Their camp will be established near the Forrest Worm ranch and he will hunt with his Ord friends.

Attend I. O. O. F. and Rebekah Convention

The Nebraska branches of the I. O. O. F. and Rebekahs met in annual session in Grand Island this week from Oct. 15 to 18.

Delegates from the local encampment was Anthony Thill from the I.O.O.F. Ivan Anderson, and from the Rebekahs, Mrs. Ray Falter. Several men and women went down from here Tuesday evening, where the degree of the Purple Hart was given, and when there was also a banquet and dance.

Lt. Jerry Petska at Selfridge Air Base

Second Lieutenant Jerry J. Petska, son of Mrs. Louise Petska of Ord, Nebr., has reported for duty with the 56th Supply Squadron at Selfridge Air Force Base, Mich.

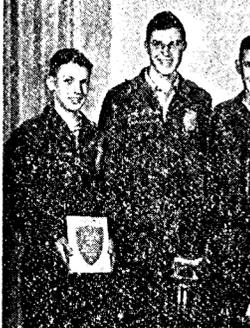

The 27-year-old officer is a 1942 graduate of Ord high school and attended Kearney State Teachers college. Lt. Petska was commissioned in May of 1949.

Credited with 10 months foreign service in the European Theater of Operations from November 1943 to September 1944, he has numerous decorations including the Distinguished Flying Cross, the Air Medal, Good Conduct Medal and others.

The Lieutenant is married to the former Elva L. Fuss of Ord. They have two children, Lee M., age 5 and Lynne R., age one.

At Firemen's Convention

Ray Falter, Mark Tolen, Frank Jobst and Richard Rowbal went to Norfolk Monday to attend the state firemen's convention. They stayed through Wednesday.

Chants Trampled by Indians, 40-14

Ord Scores Twice in 4th Quarter Against Broken Bow Reserves.

The Broken Bow Indians, who "have it" this season, trampled out a 40 to 14 win over the Chanticleers of Ord Friday evening on a cold and wind-swept Broken Bow field. The Chants were helpless until the 4th period when they scored twice against Indian reserves. Wolfe went across with the ball to score one touchdown and passed to Lauren for the other.

Eldon Wooters scored first for the Indians with a 50 yard gallop in the first quarter. Soon after the second period opened Coleman, big Broken Bow fullback, bulled 30 yards through Ord to tally again. In the same quarter, Ord took the ball to the Indians' 5 yard line where they lost it on downs, after which Broken Bow drove 95 yards downfield to score again.

In the second half the Bow scored three times with passes playing a part in each one.

Statistics of the game show that Ord made 12 first downs to 16 for Broken Bow; made 236 yards rushing to 445 for the Indians; made 91 yards on passing to only 38 for the Indians, completing 6 out of 16 attempts.

Sowers and Crosley were the heavy duty boys for the Chants and a reserve was Mrs. Ludwig. Passes, on which Ord looked good, were little used in the first part of the ball game.

The loss to Broken Bow was expected and the score was about what most fans thought it would be, since the Indians are a heavy fast, experienced team with plenty of reserve strength while the Chants, with only two veterans, are a season or two away from the top.

Virgil Severson Dies in Lincoln

Mr. and Mrs. Leonard Ludwig, who were in Lincoln Saturday where they attended funeral services for a cousin of Mrs. Ludwig, Virgil Severson, well known to many Ord people. Mr. Severson had been ill only a week but had not been well since he was released from active service with the armed forces. He worked as a plumber's helper while in Ord. Burial was made in Lincoln, where his mother, Mrs. Maude Klein makes her home.

—Mr. and Mrs. Adrian Kusek and David spent Saturday evening in Grand Island shopping.

Mira Valley, Davis Creek Plans to Be Told

Reclamation Engineer to Speak at Chamber Meeting, October 26.

Paul Harley, area engineer of the Bureau of Reclamation will explain details of the proposed Mira Valley irrigation development and Davis Creek storage basin plans at a regular meeting of the Ord Chamber of Commerce, Friday evening, October 26, at the Masonic Hall.

According to Richard Rowbal, chamber president, the public is cordially invited to attend the meeting.

Harley's talk will be illustrated with large scale maps of the proposed developments along the North Loup river.

A short business meeting of the chamber will precede Mr. Harley's address.

Pfc. Bradley Is Jet Engine Specialist

Pfc. Orlando G. Bradley, son of Mr. and Mrs. Clarence Bradley of Ord, was home recently on furlough. He completed his air force basic training at Sheppard Air Force Base near Wichita Falls, Tex. in February. He then attended aircraft maintenance school at Tulsa, Okla., being selected at that time to attend a jet engine specialist school at Chanute Field, Ill. Having successfully completed this course, he is now stationed at MacDill Air Force Base, Tampa, Fla., as a jet engine specialist for the B-47 bombers.

Grand Island, Ord, to Split Federal Duties

Naturalization and Passport Work Shared by Two Offices.

Removal of the federal district court offices from Grand Island to Omaha has resulted in a split of naturalization and passport work in the 11th judicial district. The jobs will now be divided between county offices in Ord and Grand Island.

In Ord the work will be handled by the county clerk's office and in Grand Island by the clerk of the district court of Hall county. The latter office was abolished in Valley county a year ago.

The change is effective November 1.

The 11th judicial district is comprised of Blaine, Garfield, Grant, Greeley, Hall, Howard, Loup, Thomas, Valley and Wheeler counties.

Ord Alfalfa Mill Closes for Winter After Record Run

Shipped 76 Carloads of Dehydrated Meal; Kovacs Runs 2 Mills.

The Ord alfalfa mill, owned by the Saunders interests and managed by Gene Kovacs, closed for the season last week after a record summer's run which saw 76 carloads of dehydrated meal sacked and shipped, almost 50% over the 1950 run.

Mr. Kovacs is now in California, Calif., and will manage mills there and at Yuma, Ariz., during the winter months, returning to Ord next spring to reopen the Ord mill when the first cutting of alfalfa is ready.

Negro Singer Gives Return Engagement

Under the auspices of the choir of the Methodist church, Miss Wynna Fletcher, well known negro singer gave an appreciated concert in the church Wednesday evening. Her program was made up of several spirituals, as well as other classical and secular selections. On her program were also four songs for which she had written both the words and the music. As before, since this is Miss Fletcher's second appearance here, her benediction was "The Lord's Prayer" which she gave most reverently. Her accompanist, John Martin, who is working on his musical training, played the offertory as an organ selection.

Ord Properties Sold; New Homes Under Construction

Housing Still Tight With Steady Influx of New Citizens.

Sale of four Ord residential properties in the past week, added to a fairly brisk sale of homes and lots in the past month, brought real estate activity in town to a new high.

At the same time construction is under way on at least six new Ord homes, with several others contemplated.

Housing in town continues tight with no homes for rent, a few apartments available, and a slow but steady influx of new citizens. At least five farm couples in the community have booked farm sales and have announced their retirement and moving to Ord to live.

Sales during the past few days, all of them made by the Wozab agency, include the Dudley Hurlbert home in northwest Ord to Mr. and Mrs. L. B. Woods for \$6000. Mr. and Mrs. Frank M. Vodehnal, who are moving here from the farm, have purchased the Russell Waterman house, also in northwest Ord for \$6500.

The Lamine Wigent property in southeast Ord was sold to Mr. and Mrs. D. K. Hulbert for \$5665. And a building lot in northwest Ord, owned by Albert Parkos, was sold to Mrs. L. J. Smolik for \$450.

Six new Ord homes are in various stages of construction with preliminary grading started on another. New homes are going up for Dr. F. L. Blessing, Fred Worm, Dr. H. J. Lynn, John Rogers, Char. Krievand and Paul Bleach. Ray Cronk has started grading on a tract of five lots he recently purchased from John Misko. A new parsonage for the Lutheran Evangelical church will also be built. Remodeling of the Elmer Zlomke home is nearly complete.

Chicks Beat Ravenna, Cop League Title

Fleet Ord Backs Race to 35-0 Victory; G. I. Here Oct. 24.

Ord's ninth graders had little trouble beating Ravenna's young gridiron hopefuls 35-0, Thursday night.

The outwheeled Jays were likewise well footed, so they never had a chance. And the eager Chicks jumped offside so frequently that referee yardage was all that kept the game from being a rout.

Shermie Smith, junior high pony back, continued to gallop, scoring three times during the first half on jaunts of 57, 20, and 50 yards, respectively. Hurlbert, Strong and Alloway made the extra conversions.

Larry Hurlbert added two long touchdown sweeps early in the second stanza. John Douthitt pushed across for two extra points. Then the subs took over.

Looking best for Ravenna were Smaha, Jelinek, Naibert, Long, Barnes and Pesek.

The game had its amusing angles, as when Hurlbert recovered his own punt. On another try, Douthitt lost ground at both ends, so he trotted back and handed the ball to Smith. Then Shermie obliged by racing clear thru the end zone on the same play.

The Chicks will probably have more than their hands full when they tangle with Walnut junior high at Bussell park on Oct. 27. Walnut has drubbed Kearney 37-0, and Barr junior high of Grand Island 41-3. They are said to have the fastest and most powerful junior aggregation ever fielded in Grand Island.

The Walnut Junior high school also beat a like team from Hastings by a score of 34-6.

Achievement Day in North Loup

Achievement Day for the extension clubs in the county will be held on Wednesday, Oct. 24, in the community hall in North Loup. The hour set is two o'clock in the afternoon. During the time together there is to be initiation services for incoming officers, some films and a play to be presented by the members of the Progressive club of North Loup. Refreshments will be served for which each club is to furnish one dozen cookies. The aluminum trays made during this year, also the re-upholstered chairs, made last year, are to be exhibited during the afternoon. Music will also be a part of the program. The entertainment is open to club members only.

Unique Combo, Two Accordians and String Bass, to Be Heard on Muncy Concert Program in Spring

A favorite in Houston, Tex., where it originated, is the Concert Trio which has been selected by the Ord talent committee to give one of the programs on the Municipal Concert series this winter.

Cosmo Dinner for Baseball Players Was Much Enjoyed

Mgr. Johnson Is Witty as M. C.; Good Season in 1952 Predicted.

Only three of Ord's 1951 baseball team were missing Thursday evening when the club was entertained at dinner by Cosmopolitans at the Veterans club, the dinner being followed by a program in the downstairs meeting room.

Dr. F. J. Osentowski, club president, presided but soon turned things over to team manager Roland Johnson, who served capably as master of ceremonies. Speaking briefly were Jim Gilbert, baseball club president, Harold Christensen, secretary, and Gene Leggett, Mid-Nebraska Night league president.

Dr. Osentowski was introduced in humorous manner by Johnson, who managed to work most of the highlights of the 1951 season into his introductions. Players present included Stan Johnson, Bill Novosad, Jack Hill, Ed Novosad, Bill Dugan, Dick Berman, Bob Fritzbick, Rex Dilla.

Secretary Christensen said that checks for \$20 each will be mailed to players soon out of profits from post-season games. The club will have enough money left out of profits from league games to start the 1952 season.

At a brief Cosmo club business meeting preceding the program Ed Gnaater was commended for raising a fund of \$153 for Art Kroeger, former Cosmo member who is now an invalid, by soliciting Ord firms and individuals.

Hospital Fund Drive Starts Slowly, \$242 In

Non-Profit Status Makes Donations Income Deductible.

The drive to raise an additional five or six thousand dollars to improve the Ord hospital, started slowly this week with \$242 contributed from seven donors. Two of the donors were from North Loup.

"All the contributions so far have been voluntary," Frank Perry, R. N., hospital manager said. "We hope that others will follow the lead of the early birds."

According to Dr. Glen Auble, hospital president, the hospital is now officially listed with the State of Nebraska as a non-profit organization.

Contributions made, therefore, will be deductible for income tax purposes.

Donors so far include:

First National Bank	\$ 100
North Side Market	100
John Ward, North Loup	10
W. S. King	10
Ord Bakery	2
Carlson's Market	2
Bernice Cornell, N. L.	10

Mrs. Kron Unhappy, Says Jail Sentence Was Only 40 Days

Mrs. Grace Kron, who is at liberty under bond of \$200 pending a hearing on her appeal from conviction in Valley county court for assault and battery, is very unhappy.

She was sentenced to only 40 days in jail by Judge Ellsworth Ball, not 90 days as reported in last week's Quiz, says Mrs. Kron. Date for the appeal hearing has not yet been fixed but the Quiz, regretting the error, is glad to set the record straight. Should Mrs. Kron lose out on her appeal she will spend only 40, not 90, days in the county jail.

Three Linemen Lose Jobs With Loup Valleys REA

Three linemen, Charles Ackles, Leonard Suminski and Ernie Augustyn, lost their jobs with the Loup Valleys REA last week over a refusal to climb a tower.

The tower in question is a 120 foot pole, with steps, used for the REA's radio communication system. Red lights are kept burning on the tower for aircraft recognition and some of these needed replacement.

Other employees of the REA did the job. The local firm's contract with employees calls for doubletime pay over a 65 foot height.

V. F. W. Gives Boy Scouts U. S. Flag

Post to Launch Educational and Membership Drive.

The Ord troop of the Boy Scouts of America will receive a new American flag from the Veterans of Foreign Wars in the near future.

The VFW post, at its regular meeting Monday evening, voted to buy the Scout troop a new flag when it was learned that their present flag is in a torn and ragged condition and ready for burning.

The post decided to launch a combined membership and educational campaign to acquaint the public with the aims and objects of the veteran's organization. This will be carried out through a series of advertisements in The Ord Quiz, beginning with this issue.

Report was made at the meeting of a successful blue rock shoot last Sunday in the series being sponsored by the VFW and the Legion. The next shoot will be held the first Sunday before Thanksgiving.

The post also voted to purchase a case of 500 packages of cigarettes for distribution to wounded veterans in the Grand Island veteran's hospital.

Erecting 65,000 Feet Snow Fence Hamilton's Crew Starts Big Job

Some of us can remember, way back when, the first time big rolls of what looked to be red laths tied together with wire, were unloaded on the fields, and wondered what these could be and what use could be made of such. And the wonder was greater since the rolls had been placed where the wind sweep seemed to be heaviest, and on the farmers' fields at that. It was ordinary cribbing—that is just what it was—but why should it be placed in such peculiar places, and why should the county or state road crews be doing the work?

And while all the headshaking and questioning was going about the crews proceeded to unroll the cribbing and stretch it along the fields, meanwhile explaining to the questioners that it was snow fencing and had been purchased to keep the highways free from as much snow as possible during the winter months.

That was about 1925. On Oct. 10, 1951, County Engineer Tracy Hamilton, with his road crew, started out again to put up the snow fencing, their regular task at this time of the year. The work will take about a month, according to Mr. Hamilton, since he estimates there are about 65,000 feet to be adjusted and 4,000 poles to be put in the ground.

The fencing or cribbing is placed on the fields as it always has been, rotated according to the crops. The fields—put into

Muncy Concert Group Opens Membership Drive Successfully

First Program Monday to Feature Soprano and Tenor.

The municipal concert season will get under way Monday night, Oct. 22, with the presentation of Angelene Collins, soprano, and Brent Williams, tenor, in a joint recital of many favorite numbers.

They will be assisted at the piano by Allen Rogers, who will also offer a piano group of his own.

Miss Collins is said to possess one of the finest voices of any young singer in the country today. She has been earmarked for an audition at the famed Metropolitan Opera House in New York in the coming year. Last year she won the coveted Walter W. Naumburg Foundation Award which, yearly, is awarded to the outstanding young artist of merit.

The drive for memberships in the local concert group began on Monday morning at the high school. Under the leadership of chairman, Mrs. Leslie Nash, committee are now working to build the membership of the organization even higher than last year. This is the only week during which citizens may secure their memberships, and admission to the concerts is only by this membership card. Single admissions are never sold at the door.

Assisting with the drive this week is George J. Nesbit, field representative from Houston, Tex., national headquarters for the music company which has associations like Ord's in 27 states. Mr. Nesbit has a radio and television background and at one time was an announcer on the American Broadcasting Company's network. He has been speaking before local schools and clubs this week.

Breaking with precedent, the Municipal Concert Association here has selected its talent in advance of the campaign. Besides the Collins-Williams program on Monday night, the group will offer its members next spring an appearance by The Concert Trio, pictured above. This group of two accordians and a string bass is the only ensemble of its kind in the country. It draws heavily on

rolls are becoming rather worn. The cost of the repair work and putting it up is very little, he explains.

The good to the county can not be estimated, he adds. Not only are the highways open in the winter and free from snow, but the farmer's fields produce a greater yield from the fence-assisted accumulation of snow moisture.

There are three different sets of the fences, that belonging to the state, for state highways; that belonging to the county for which Mr. Hamilton is responsible, and those belonging to the various townships. The fences are marked—white for state property, and yellow and orange for the county and township.

Who would have thought 20 years ago that those rolls of cribbing, then a new thing, would still be used in keeping the roads open during the winters that we have learned long ago, to expect and to prepare for?

compositions written for organ and orchestra for its programs. Each of the members is a virtuoso in his own right and each has helped to arrange the many exciting compositions in their repertory. Outstanding among these is a Mendelssohn organ sonata, a Mozart overture, and familiar selections such as "Malagueña" and "Jolly Cavaliero."

The Concert Trio, by way of emphasizing its musical ability, points to the fact that this year the group was the organ soloist with the Houston Symphony Orchestra in a performance of one of the Handel Concertos for organ and orchestra.

The second concert of the season, which will come in mid-winter, has not yet been selected. It will be either a pianist or violinist chosen from the many talented artists available on the Municipal Concert list.

Headquarters for the drive this week, which closes definitely Saturday night, are at Mr. Ollis' office. Mrs. Nash stressed that all interested in joining the association this year secure their memberships before that time either from one of the helpers or by phoning headquarters.

A new feature this year is the introduction of the Punch Plan. All cards will be punched at the door and each card may have as many as three punches for the year. In this way, if a member wishes, three people may attend any one concert on any one card. Or one card may be used for two admissions to one concert and one admission to another.

Ord's Dr. Leonard Has Book-Length Story Accepted by Publisher

Dr. Elizabeth Jane Leonard of Ord and Broken Bow, announces that her book-length story, "Call of the Western Prairies," has been accepted by the Philosophical Library, New York, through its subsidiary, Library Publishers.

Dr. Leonard, whose published work includes plays, poetry, songs and newspaper articles, has worked industriously on this book. It deals with a typical pioneer family and their lives as they made a home in Nebraska during the early days.

The introduction was written by Clyde Filley of the University of Nebraska. In part he says:

"The Call of the Western Prairies" by Elizabeth Jane Leonard, will aid in giving men and women and boys and girls of today a knowledge of life in central Nebraska when the state was new. The story is as true as life itself. Many of the incidents recorded, the building of the sod house, planting 'sod' corn, holding Sunday school and church services in a school house, gathering 'cow chips' for fuel and picking wild fruit, occurred in nearly every pioneer community. The story is so closely related to the historic background that the reader cannot tell where fact ends and fiction begins, or whether or not there is a departure from actual facts, except in the changing of names. I recommend the book as an antidote for the blues and as a safe remedy for the feeling that the ability of the present generation is far greater than that of the Nebraska pioneer. The youth of today should know that chivalry did not end with the passing of knights in armor, and that romance can be found in pioneer community as well as a penthouse in New York. 'Call of the Western Prairies' is different from anything that I have seen in print."

The scene of the story is laid in and near Broken Bow, and many of the characters are early pioneers of Custer, with the names changed.

The Library Publishers is a well established publishing company with an excellent reputation. It is hoped that the forthcoming book will be ready for Christmas sales. It is published on a royalty basis. Of it the publishers say, "Without question a work of merit, exhibiting good style and genuine research. It will make a great book."

Dr. Leonard is a member of the Nebraska Writers Guild, being a former member of the executive board. She is also a member of the American Poetry League, in which she has held office. With these she also belongs to many other organizations.

BUTTONS

Little bright, shiny lapel emblems that took the place of ruptured ducks for men who came home from the war with memories of the hot sands of Tunisia, the bitter cold of Mustang, the blood that was spilled at Anzio, the deadly flak over Berlin, the angry waters of the North Sea, or the hidden mines on the beach of Normandy.

Today they're proud to wear the only fraternal emblem in America that says:

"This chap served overseas in the Armed Forces of his country in time of war! He's been places and seen things!"

If you speak the language of an overseas veteran from personal experience—then you know the men who belong to the Veterans of Foreign Wars. You were comrades in time of war. In the V.F.W. you can still be comrades in time of peace. This explains why more than a million overseas veterans are quick to say—

"THE V.F.W. IS A GOOD OUTFIT!"

Boyce - Foth

Miss Sharon L. Boyce, daughter of Mr. and Mrs. Archie Boyce of Loup City and Eldon H. Foth, son of Mr. and Mrs. Harry Foth of Ord, were united in marriage Sunday evening, October 14, in the Evangelical United Brethren church in Mira Valley. The pastor of the church, Rev. Ezra H. Schell, heard the vows and performed the double ring ceremony. The altar was outlined with baskets of bronze chrysanthemums, also white carnations and huckleberry leaves. Two candelabra held white tapers. The arch which the young couple stood was covered with huckleberry. A white carpet, covered the center aisle, upon which the bridal party entered.

Given in marriage by her father, the bride wore a gown of white slipper satin with an imported Belgium hand made lace yoke inset with a bertha collar effect. The bodice was closed with small satin covered buttons, which extended to the hip line. The sleeves were fitted and ended at points at the wrist. The gown was of the Princess lines, going to a three yard train. Her full length veil of illusion lace fell from a tiara of braided satin. Her ornament was a strand of pearls, the gift of the groom. She carried a cascade bouquet of white roses and white carnations, tied with satin streamers.

Miss Genevieve Boyce, sister of the bride, served as maid of honor. She wore a gown of gold satin and carried a colonial bouquet of white rosebuds and pink carnations. The bridesmaids, Misses Evelyn Koglin and Velma Foth, sister of the groom, wore identical gowns of hunters green satin and carried similar bouquets.

The groom, who wore a navy blue suit, chose Bryan Peterson as his best man. Other attendants were Kenneth Clement, cousin of the groom and Delphie Kwiatkowski, brother-in-law of the bride, who also served as ushers. They wore gray suits. All of the men had boutonnières of white carnations and all wore wine colored ties.

The nuptial music was played by Mrs. Reuben Cook, of Loup City. She also accompanied Darwin Shoemaker of Scotia who sang, "I Love You Truly", "Because" and "The Lord's Prayer". The couple knelt while this was sung.

The mother of the bride wore an aqua dress with black accessories. The mother of the groom wore a brown dress with matching accessories. Their corsages were made of dark pink roses. The grandmothers of the couple, who were present also had corsages of white carnations.

Following the rites, a reception for the couple was held in the church parlors. The four tier bridal cake was cut by Mrs. Leslie Nash. Assisting with the serving were Mary Ann Roe, Marlene Bresley, Marilyn Cook, also Mrs. Delphie Kwiatkowski, sister of the bride. Mrs. Neil Peterson served. The guest book was in charge of Mrs. Robert Moppy. Misses Louella Boyce and Beverly Chipps, cousins of the bride, opened the gifts. Miss Viola Koelling played the piano during the reception.

Following a wedding trip through Colorado, the young folks will be on a farm near that of the groom's parents. For traveling Mrs. Foth wore a brown suit with matching accessories.

Both Mr. and Mrs. Foth have always lived in Mira Valley, and are graduates of the Ord high school. Out of town guests were Mr. and Mrs. Darwin Shoemaker, Lincoln, Mr. and Mrs. Oscar Bredthauer and family of Grand Island; Rev. and Mrs. F. F. Cook Eddyville; John Olson, Broken Bow; Mr. and Mrs. Al Williams, and Annabelle, Lexington, Evelyn Koglin, Omaha; Mrs. Kenneth Clement, cousin of the groom and Delphie Kwiatkowski, brother-in-law of the bride, and many other relatives and friends from North Loup, Scotia, Burwell, and Loup City.

Letters from Quiz Readers

Denver 7, Colo. 1327 Newport, October 13, 1951.

To the Editor of The Ord Quiz:

We enjoy reading letters from Quiz subscribers who had formerly lived in Ord, and as we are among that group now, I thought I would write a little about our family.

I was formerly Mildred Daniels, daughter of the late Mr. and Mrs. A. M. Daniels, who were pioneer settlers of Ord, and who through the years had the furniture and undertaking business there.

I graduated with the Ord High class of 1909, attended the University of Nebraska until 1911, at which time I married Charles C. Davis who was associated with the Brown Pharmacy of Ord. In 1924 we moved to Denver which has been our home ever since.

Last August 28th, Charlie was stricken with a serious heart attack which has confined him to Mercy Hospital until this week. We are so glad to have him home again after 43 days and his doctors say he is slowly improving.

Our son, Charles Allan Davis, who is in the navy and was stationed at Key West, Fla., was called home on emergency leave for 20 days in September. Since then he has graduated from the U. S. Fleet Sonar school at Key West and is now stationed at Newport, R. I., as a sonar technician on the U. S. S. Destroyer Escort Huse.

Our daughter, Rosemary, and family live in Denver. Her husband, Staff Sergeant Roy Logsdon, who has been in the air force since 1940, is now stationed at Lowry Field here in Denver. They have three little children.

We enjoy meeting former Ord friends and are always glad to have them in our home. This week Louie and Mollie Hawkins Knudson of Fort Lupton, Colo., were with us. We occasionally see the Paul Robinsons, the Hagers, and others.

We had planned to visit in Ord over the Labor Day holiday and renew old acquaintances, but of course, Charlie's illness changed our plans. However, we still hope to be in Ord someday.

Sincerely,

(Mrs. Charles C.) Mildred Daniels Davis, 1327 Newport, Denver, Colo.

Maybe we're in a rut. Maybe it's a groove. We'll let you be the judge.

It's just that we have a habit of buying nothing but choice young heaves and porkers, and fattening them to perfection in our own yards before we put them on the block.

We're pretty sure that's one way of insuring that our customers get nothing but the best. And it also helps us keep prices to the same level you would have to pay for ordinary quality meat.

Rev. C. Jeppesen Had Mystery Eyes in Oct. 11 Quiz

Those persons who have been guessing the "Mystery Eyes" in the series of advertisements sponsored by Dr. Glen Auble, optometrist, had poor luck with their guesses this week.

An Hour in the Kindergarten

Between the dark and the daylight, When the night is beginning to lower, Comes a pause in the day's occupations, Which is known as Children's hour.

Yes, children are always fun, but multiplied by 41, makes it a circus. And among Ord's tiny, school-going folk, it's Miss King who is the efficient major domo of a very highly imaginative kindergarten circus, which performs at the Ord school.

There were many houses in varied colorings, a very good tree trunk with bare, sprawling branches—cars, a ship, people and landscapes.

Another period of finger play and rhythm work was followed by recess.

The children are taking autumn very seriously and are working with leaves in their language lessons, talking about the different kinds they are able to find. They have leaf patterns on blue print paper, some being very good specimens. In their rhythm work they pretend they are walking among the leaves and raking them.

It is interesting to note that there is very little mass production in all the work done by the class. Each one is a distinct individual. Miss King is striving to bring out each child's personal traits, rather than conformance to a mass formula.

Seniors 12 years from now at the Ord high school should muster up thusly: Beverly Anderson, Janet Anderson, Joyce Anderson, Sheila Cetak, Paul Kay Cover, Judy Dudik, Aletha Jones, Neatra Littrell, Donna Lea Long, Maxine McCall Janet Meyers, Susan Misko, Shirley Ann Proskott, Patricia Szwanek, Bonnie Jean Turek.

Church Notes

Christian Science Services "Probation After Death" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, Oct. 28, 1951.

The Golden Text is: "The hour is coming, and now is, when the dead shall hear the voice of the Son of God; and they that hear shall live." (John 5:25). Other Bible citations include, "Who shall or who shall stand in his holy place? He that hath clean hands and a pure heart; who hath not lifted up his soul in vanity, nor sworn deceitfully." (Psalms 24:3, 4).

—Rev. and Mrs. Allen Strong went to Fremont Friday, where they assisted Mrs. Strong's parents move their household goods to Genoa. They returned to Ord Saturday.

—Nine members of the Presbyterian church of this community were in Grand Island Sunday afternoon where they attended a meeting regarding the New Life program of the church.

Pfc. Don Peterson, son of Mr. and Mrs. Lloyd Peterson of Scotia, took his basic training at Camp Polk, La., in the 150th Infantry of the 45th division. He left for overseas in April of this year and was flown back to the states, arriving in San Francisco, Oct. 14th. He is spending this weekend with his parents at Scotia. Pfc. Peterson was graduated from the Scotia school in 1946 and entered the armed services in October, 1950.

ed him in death in 1944. His wife passed away on May 24, 1907. In 1929 he was united in marriage to Marie Visek and the couple made their home in Ord until his death on Oct. 13, at the age of 84 years, three months and nine days. Besides his wife and children, he is survived by two sisters; Mrs. Antonia Lukesh of North Loup, and Mrs. James Bazant of Ord; 15 grandchildren, 10 great grandchildren and a host of other relatives and friends. Two sisters preceded him in death, Mrs. Rudolph Kerchal and Mrs. Frank Janicek.

Mr. Penas' entire life was devoted to farming in the vicinity west of Ord. He was a hard and willing worker up until a year ago when he was first stricken with a heart attack. During this past year, he has been taken care of tenderly by his wife and children until last Wednesday, when he was taken to the Ord hospital. He will be well remembered by all his relatives and friends who knew him.

Janis Pocock Improved

Mr. and Mrs. Raymond Pocock were in Omaha Sunday where they visited their daughter, Janis, who is being cared for in the Children's Memorial hospital for polio. They say she is getting along very well and will soon be able to come home with no bad after effects.

Educators Convene at Arcadia

The Valley County Education Assn. heard John Lynch of the state N. S. E. A. office discuss retirement systems Monday night. Arcadia was the host school, and served dinner to a group of about 50 teachers.

Mr. Lynch pointed out the advantages of the Nebraska Teacher Retirement System, and indicated that its abandonment in favor of Social Security would be undesirable.

In the balloting for officers, Beverly Brox was elected president to succeed J. A. Kovanda; Mrs. Evelyn Willoughby replaces F. L. Stoddard as vice-president; Maude Holden follows Elaine Webb as secretary, and Paul Wilmore takes the place of Martin Dunkan as treasurer.

New members chosen for the executive committee include Mrs. Opal Beaver, Donald Jones, Richard Peterson, Garnette Kokes, and Irene Kapustka.

Beverly Brox and Evelyn Willoughby were named official representatives to the state delegate assembly in Lincoln during December.

The group plans to meet at Ord for its next session.

Louis Penas, 84, Dies; Ill a Year

Funeral services were held on Monday at 2:00 p.m. for Mr. Louis Penas, Sr., who died Oct. 13, from the Hastings-Pearson chapel, with the Rev. Keith Shepherd officiating, assisted by Ladislav Kvetensky. Don Auble sang "No Night There," "Beautiful Isle of Somewhere," "Beyond the Sunset," accompanied by Mrs. Orin Kellison. Pallbearers were Vincent Vodehnal, Otto Rahl, John Wozab, James Visek, Chas. Iron, and James Petska, Jr. Interment was in the Ord Bohemian Cemetery.

Louis Penas, Sr., was born on July 4, 1867 in the village of Doube Moravia, a province of Czechoslovakia, to Frances and Joseph Penas. At the age of 20 years, he was drafted into a European army which he served for three years.

Receiving an honorable discharge he came to the United States in February, 1892, and worked for the late Matt Parkos. The following year, Aug. 14, 1893, he was married to Marie Holoun. To this union, five children were born, four of whom survive.

Louis, Jr. of Ord; Mrs. Marie Blaha of Hescon; Mrs. Anna Bazant of Lebanon, Ore.; and Will of Ord. One son, Joseph, preceded

Timmons Overseas

Duane Timmons, son of Lou Timmons and grandson, of Mr. and Mrs. Warren Johnson of Scotia, was graduated from the Scotia Consolidated school with the class of 1948 and joined the Air Corps in December 1950. He has been stationed at the Lackland Air Field near San Antonio, Tex., and recently when he was sent overseas by plane for further duty.

Ran Stop Sign, Paid \$5 Fine

Henry J. Bales was arrested for running through a stop sign on Oct. 12, and appeared before Judge Ball on Monday, Oct. 15, where he was fined \$5.00 and ordered to pay the costs.

Mr. and Mrs. Hackel Have Nice Trip

Mr. and Mrs. E. O. Hackel returned home Sunday from a two-weeks' trip in which they visited several places and saw many relatives. Ben Hackel, who had been their guest, accompanied them to Lincoln where they spent a few days.

From there they went to see Mrs. Marjorie Hays in Palmyra. Later they went to Missouri, where they visited relatives in Savannah and Industrial City, then going to Sedalia where they spent a short time with Dr. and Mrs. Franklin Lawrence. From there they went to see the Ozarks and came home by the way of Kansas City, then going to Osborne, Kas., where they visited a cousin.

ANY NAME IS CHARLES J. MARTIN Murray, Nebraska and I'm a real COOSTER for the HILL HOG FEEDING PROGRAM!

I HAVE used Hill Hog Feeds over the past years with great success. I find Hill Sow and Pig Pellets to be very satisfactory to feed pigs, bred sows, and gilts. I will recommend Hill Sow and Pig Pellets to any hog raiser. Hill Sow and Pig Pellets have proven to be a good feed. I feel I get more for my money when I buy Hill Feeds. THIS PAST SPRING 13 OF MY HILL-FED SOWS FARROWED 142 PIGS

I started feeding Hill Sow and Pig Pellets as soon as the sows were bred and continued to feed Hill Sow and Pig Pellets right on through farrowing and weaning period. Seemed like the sows always had an abundance of milk. Every sow farrowed good strong, healthy pigs. I have learned to rely on Hill Hog Feeds and I know they have made me more money in every way.

Airport News

Tuesday, Oct. 9, Darrel Holmes, commercial pilot from Gates, Nebraska, rented a local plane for a charter flight to Minnesota and return.

Wednesday, Oct. 10, Ellis Carson, airport manager, flew to Lincoln to inquire about a new gear for the airport beacon needed before it can be completed, also checking on approval of a new site for the former office building to be remodeled and used by the Civil Air Patrol. Carson then flew to Norman, Okla., to attend a two-day airport operators' conference. He came home Friday, and with the help of a strong south wind, made the 453 mile trip in three hours and 15 minutes.

A large crowd attended the trap shoot held Sunday at the airport. Plane visitors included Dr. Visely, Lewellen; Mr. and Mrs. Lee McPadden; Loup City; Al Radke, Elyria; Keith Barthel, Amelia; and a doctor and the airport manager from Rushville, Nebr.

Two Valley Countians With Uni. Singers

Cornelius Biemond of Ord and Joseph Babcock of North Loup have been selected for membership in University Singers, top large choral group at the University of Nebraska.

The 120-voice organization is conducted by Dr. Arthur E. Westbrook, director of the school of fine arts. It is widely known for its programs, particularly the traditional Christmas carol concert presented early in the holiday season.

Returns from Canada

Miss Cecil Tully was an incoming passenger on the Thursday afternoon bus, returning to her home here after about six weeks in Canada. She left in September with her brother, John, who was enroute to Alaska. She went to Didsbury, Alberta, Canada, where she looked after business matters. On the way back, she stopped at Sheridan, Wyo., where she was the guest of a friend. She said the most outstanding sight was a canyon in Montana called "The Gateway to the Mountains." In Canada, she said, the prospects were bright for a bumper crop, when adverse weather ended the farmers hopes for full grain bins.

Grain.

This week grain markets have all been pretty strong and all grains but damaged wheat finds a ready sale.

At present we have several thousand bushels of good yellow corn on hand and this good corn should go to some feeder rather than to be shipped to market. If you are in the market for good corn let us quote you a price on this as we need the room for other corn that is coming to our elevator. Have several customers for good oats and barley; and if you have some to move we can pay you a good price for it.

Feeds.

Heavy protein feeds have been advancing in price the past several weeks and we now feel that the crops of beans and cotton indicate that we will not have the usual lower price on proteins that often come when the new crop of cotton seed and soy bean meal start moving.

Right now we have some attractive priced contracts for the next 90 days. If you can use this feed in bulk you can make a nice saving on present contracts. We can furnish this feed in 12%, 20%, 30% and 40% Protein and all of them have a good molasses content.

In stock at all times are a good stock of Dairy Feed, Cattle Feed, Hog Feed and Poultry Feeds, Bran, Shorts, Meat Scraps, Soy Bean Meal and Pellets, Oyster Shell, Limestone, Bone Meal, Block and Sacked Salt, Mineral in both meal and block form, Rabbit Pellets and Dog Cubes. In fact just anything in feeds.

Poultry Equipment.

Some very nice Flock Feeders for your laying hens. Eight and five gallon waterers with heating equipment. Just the thing for plenty of water for your flock in the coldest weather. May we quote you prices.

Hy-Line Chicks.

We will have a Hy-Line Chick and Hill-Fairchild feed meeting on Nov. 1st and we want to invite anyone interested in Hy-Line Chicks and better feeds to this meeting. Write for further notice in the paper and plan to attend this meeting. We believe that it will be very informative. Hy-Lines should be ordered well in advance of the time that you want them delivered. The Hy-Line hen is the best money maker chicken that we know of. Several Hatcheries are trying to imitate them but are falling short.

Tulip Bulbs.

Only a few Holland Tulip Bulbs left. Your tulip bulbs should be planted in the next two weeks. At present we have ten varieties and you can get them mixed or in separate varieties.

Prices are now much lower than at previous sales and the quality is the very best.

The reason we dare make this guarantee is simple. We are sure this new and improved Phillips 66 Heavy Duty Premium Motor Oil will please you. It gives you a new high in Lubri-taction.

WEAR PREVENTION? Yes! It keeps corrosion and friction from harming your engine.

BEARING PROTECTION? Yes! Acids are neutralized—protecting bearing surfaces from pitting.

CLEANING ABILITY? Yes! And a clean engine means more power—less gasoline consumption.

LOW OIL CONSUMPTION? Yes! It resists decomposition—so fewer make-up quarts are needed over thousands of miles of operation.

It's because of important features like these that Phillips 66 Heavy Duty Premium Motor Oil

surpasses manufacturers' specifications for all makes of cars. It's truly a "heavy duty" motor oil—it will do an outstanding job in trucks as well as passenger cars. Try it! We guarantee satisfaction.

Brim - Chalupa
The wedding of Miss Alice Brim, daughter of Frank Brim to Leonard Chalupa, son of Mr. and Mrs. Lewis Chalupa, all of Sargent, was solemnized at 9 o'clock Monday morning at St. Mary's church of Sargent. The vows were exchanged before Rev. Michael Sczazny. The double ring ceremony was used.

The bride was given in marriage by her father. She chose as her wedding dress, one of white satin, styled with a lace bertha and tight bodice, buttoned with tiny white buttons. The neck line formed a V, coming from a small collar. Her skirt was gathered at the waist and fell into an aisle train. Her flowers were red roses. Her finger tip veil of illusion was held to her head with a tiara of seed pearls.

The maid of honor, Lorraine Brim, wore a dress of teal blue satin and lace, the bridesmaids, Emma Hrebec and Marie Hrebec wore dresses of melon and gold satin and lace all styled with a bolero and overskirt of lace. All wore matching head dresses, and carried white and yellow carnations. Richard Chalupa the diminutive ring bearer wore a white linen suit and the tiny flower girl wore a long dress of aqua satin. The rings were carried on a white satin pillow.

The groom was attended by Otto Maresh of Ord as best man, and Erwin Chalupa and Edwin Chalupa and Frank Brim. Ushers were Edward Chalupa and Frank Chalupa. All the men wore dark business suits and had white carnation boutonnières.

Wedding music was played by Mrs. Dolly Coonrad, white solos were sung by Mrs. Harold Eberhart and Mrs. Helen Huss. A wedding dinner was served after the ceremony at the home of Mr. and Mrs. Edwin Chalupa.

Following a short wedding trip for which the bride wore a spice colored suit with beige and green accessories, the couple will make their home on a farm near Sargent.

Both are graduates of the Sargent high school. Mr. Chalupa served several years in the U. S. Navy.

Odd Potato
Mrs. Joe Dworak, the Eleanor of the Eleanor Beauty Shop on main street, has an oddity in her shop which might be used in the "Believe It Or Not" series. This is a potato which is shaped very much like a hippopotamus' big feet, head and all. She had placed a tongue of red tin, a tail of a bit of a flower and match head eyes on the figure to make it more realistic. She got the vegetable in Idaho while she and Mr. Dworak were traveling in the west a short time ago.

Goodbye!

After 23 years with the Farmers Grain & Supply company as elevator helper, store clerk, and North Loup store manager, I have turned in my key and said "goodbye." It was a swell company to work for, too, and I will miss it, its general manager, the stockholders, other employees and the regular patrons.

Thanks, Friends!

I want to thank all of you for weathering through a long auction sale Saturday. It was a long sale but thanks to you buyers, to our helpers and to Cliff Goodrich, the auctioneer, those who stayed until we quit at 3 a.m. will be able to attest that our shelves were clean.

The Best Is Yet to Come

I plan in the near future to open up a new food market. As time goes on I plan to install new fixtures and equipment. My opening stock will be a good stock, every item fresh and new, and priced as low as possible on today's market. The interior of our building is being cleaned and painted in readiness for moving in of this new stock. We believe you will like the new store which we plan for you. Yes, the best is yet to come.

Watch for Our Announcements

Watch this space for announcement of the date of our official opening. And for announcements of special bargains from week to week.

Special Announcement

Our North Loup store is now under new management.

We are proud to announce the promotion of Comfort Cummins to assume the management of our North Loup store. He needs no introduction to our many good patrons, having served in our store and produce department for the past eleven years.

To remain with us will be our excellent, loyal clerks, Stella Kerr and Maxine Scott. The entire organization will do their utmost to serve you efficiently and economically.

One of our first changes to be made will be in the combining of our Ord and North Loup store advertisements. Our prices in our ads will cover both Ord and North Loup stores.

See our advertisement in another part of this paper and as always it will pay you to consistently trade at the Farmer's Store.

We wish to take this opportunity to thank you for the excellent patronage you have given us in the past and hope that in the future we can merit the continuation of your business.

Christian Science Services
"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, October 21, 1951.

The Golden Text is: "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (II Corinthians 5:17). Other Bible citations include: "Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you, and shall be a Father unto you, and ye shall be my sons and daughters." (II Corinthians 6:17, 18).

Eisenhower Buys Old Ramsey Home

Newspaper clippings early in the year, indicated that General and Mrs. Dwight Eisenhower were buying a farm home. The clippings meant more than a new item to one Ord woman, Mrs. Will Ramsey, the former Elizabeth Bingham. The place the general and his wife bought happened to be the place or very near to Mrs. Ramsey's grandfather's home in Gettysburg, Pa. So interested in the article in the paper was Mrs. Ramsey, that she wrote to Mr. and Mrs. Allen S. Redding, who sold the place. When the answer came, Mrs. Ramsey was assured that the farm was one on which members of her family had lived. The farm consists of 186 acres; has a house with two living rooms, six bedrooms, pantry, kitchen, a partly finished attic, besides porches and cellars. The house is over 100 years old and was modernized a few years ago. There is also a barn and four smaller sheds. The farm sold for \$40,000 and it is estimated that it will take \$50,000 to redecorate and repair it to suit the Eisenhower needs.

Mrs. Ramsey left Gettysburg 66 years ago, and has never been back. Gettysburg is about 80 miles from Washington, D. C.

Emigrants Who Crossed Nebraska Had 'Tourist Guides' Same as Today

The emigrants who went across Nebraska in covered wagons a century and more ago read guide books and studied maps just as avidly as the tourists who speed across the state today. Such sources of information, however, were by no means as readily available to the early emigrants as to today's traveller.

The first complete description of the route to California available to the forty-niners was a guide book prepared by Joseph E. Ware, and published in St. Louis early in the year of the great gold rush. Ware's book, "The Emigrant's Guide to California," was not based on personal experience, for the author had not made the journey, but was derived largely from the reports of John C. Fremont, whose explorations did so much to popularize the Platte Valley route to the West.

Ware gave detailed suggestions regarding provisions needed, the best method of organizing a camp, and the best route to follow. Particularly interesting is the medical advice he dispensed. He urged his readers to avoid large quantities of medicines, assuring them that if they kept clean by frequent bathing they would do more to ward off sickness than by taking quantities of pills.

Bathing, though, was not to be undertaken indiscriminately. The author's instructions on this point were as curious as they were explicit.

"The best time for bathing," he wrote, "is about 9 or 10 in the morning; you are then stronger than at any time in the day. Heed not the coldness of the water if it is soft. After leaving the water, instantly commence the most active rubbing with a coarse towel, until a reaction takes place in the skin; dress rapidly, drink a good draught of pure water, and commence a smart walk until perspiration ensues."

Later, Ware went out over the trail he had described, only to meet a tragic end long before reaching California. He was taken sick east of Fort Laramie, and his companions, instead of providing him the protection he needed, barbarously laid him by the roadside, without food or water, to die. He was found by another party who took him to their camp and nursed him. He had suffered so much from exposure, though, that in two days he died.

His guide book lived on after him, however. For a number of years Ware's guide continued to be used by the overland emigrants, and generally was recognized as one of the better ones. Then it became so scarce as to

be listed as one of the 20 rarest books on California, and finally in 1932 it was reprinted by Princeton University Press with a discriminating introduction by John Walton Caughey.

"Job-Rated" TRUCKS
Bigger loads!
Faster trips!
Longer life!
Bigger Loads! Balanced Weight Distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck. Because the engine has been moved forward and front axle back, you carry more without overloading. Right proportion of the load is carried on each axle. And shorter wheelbase means easier handling.
Faster Trips! High-Compression Engine gives you plenty of power. Increased horsepower—in combination with the right transmission and rear axle ratio—means faster trips! Four-ring pistons with chrome-plated top ring and other outstanding values assure performance that saves dimes and dollars on your job.
Longer Life! Husky Chassis Units are one reason why a Dodge "Job-Rated" truck lasts and lasts. You get a rugged frame of hot-rolled, high-carbon steel. Springs are of special alloy steel—extra tough, yet resilient! Axle shafts are shot-peened for added durability. And every chassis unit is "Job-Rated" to fit your job!
What a "Job-Rated" Truck Means to You
A "Job-Rated" truck is engineered at the factory to fit a specific job... provide the best in low-cost transportation, save money, last longer. Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and others—is engineered right to provide the strength and capacity needed. Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle and others—is engineered right to meet a particular operating condition.
Ask any owner! He'll tell you that he hauls bigger loads at lower costs!

Fullerton City Hospital Wants More Money

Has \$38,000 in Deficits; Ord Hospital in Black.

Voters in Fullerton, Nebraska, will go to the polls November 13, to decide on a \$38,000 bond issue to make up the deficit of their municipal hospital.

The deficit is listed as \$11,783 for construction costs, \$11,872 in operating deficit and \$14,338 in unpaid bills for supplies and equipment. Voters of the city had previously voted \$50,000 to construct the hospital, and the new bond issue will bring their investment to \$88,000.

In Ord, last week, a drive was started to raise \$6,000 or more in donations and stock sales to complete the equipment needs of the hospital.

Citizens of Valley county had previously subscribed \$40,000 to build and equip the building, and when the new drive is completed will still have less than \$50,000 invested.

"We have every reason to believe that this is the last time we will have to call for assistance," Frank Perry, R.N., hospital manager said.

"Our hospital had operated at a deficit until July 1 of this year, when we finally reached the point that our deficit could be taken up."

"Since that time we have made a small profit each month and we are now more than a thousand dollars to the good over operating costs."

Perry said that some of the accumulated surplus had been used to purchase urgently needed items of equipment. He listed other needs as follows:

Mechanization of elevator	\$2000
Bed Pan Sterilizer	400
Oxygen Tent	700
Fire Sprinkler System	2000
Rebuild water supply system	2000
Laundry and equipment	2000
Gas Anesthesia machine	700
Total	\$7800

Perry said that purchase of some of the equipment could be deferred for a while but that all of it was essential to the running of a good hospital.

"Some of the needs are urgent," he said, "For example, the fire sprinkler system, a prime recommendation of the state fire marshal."

As the Quiz went to press this week a total of \$252 had been given in the new fund drive.

Reckless Driving Brings \$50 Fine

Dan Huff of Ord paid a fine of \$50 and costs in Garfield county court at Burwell last week on charges of reckless driving. The charges grew out of a Monday night incident when young Huff lost control of his car and crashed a telephone pole on a downtown Burwell street, breaking the pole and damaging his car.

A sentence of 90 days in jail was also given the Ordite by county judge, Eben Moss, and the sentence suspended pending Huff's good behavior. He also was ordered to pay cost of pole replacement.

Carson's Plea for Old Age Help Rebuffed

Special Session Is Turned Down by Governor Peterson.

Senator Hugh Carson's second plea for a special session of the legislature to raise the present ceiling on old age assistance was turned down by Governor Val Peterson this week.

The governor had conducted a confidential poll of members of the legislature and announced that nine senators had been for the session, 29 opposed.

Tuesday, Carson appealed directly to the governor to call the session, with a letter stating that "in your hands is the power."

"As far as I'm concerned that matter is settled," the governor announced. Carson's letter follows:

Dear Governor:

"I have your letter of October 15th in which you state that you realize that our old people are having a difficult time trying to live on old age assistance payments, and am glad to know that you have their interests at heart."

"Regardless of the negative reaction of the members of the Legislature, to a special session, to consider an increase in the maximum old age assistance payments, I sincerely feel that something must be done."

"In your hands is the power to call a special session and the old people of Nebraska and their friends and their families are looking to you for leadership in the matter of squarely meeting this emergency."

"I realize that it takes courage on your part to call a special session but I personally feel confident that you have that courage."

Three Quonsets Sold by PMA

Three of the five 20 x 56 Quonset buildings offered for sale by the Production Marketing Administration in Valley county have been sold at prices under \$1000 each, the PMA reported to the Quiz this week. The buildings had just been newly painted. They had been used for grain storage.

Adopt Baby Son

Mr. and Mrs. J. C. Sander are the parents of a four month old baby son whom they adopted and brought home with them from Omaha Saturday. The little fellow has been named James Morris.

Chants Seek 2nd Conference Win

When they go to Ravenna Friday night to meet that Trans-Nebraska conference team the Ord Chanters will be gunning for their second loop victory of the season. They got their first win Friday by beating Loup City 33 to 13.

Ravenna started the season weakly but has been showing steady improvement, as has Ord, and the teams should be well matched.

Ord Chicks, Champs, Play Walnut Jr. Hi in Ord Today

Here are the Ord Junior Chants who are trying to twist the tails of the Walnut Wildcats this afternoon. Left to right they are (bottom row) Roger Owens, Virgil Falter, Charlie Svoboda, Sherm Smith; (middle row) Larry Hurlbert, Dale Strong, John Douthitt, Jim Kasson; (top row) Ign. Piskorski, Ray Clark, Larry Jorgensen; Dean Flock. Standing is their coach, Bill Dickey, who wasn't hired as an athletic instructor but who has put together the best junior high team Ord has had in many years. "Who couldn't, with a group of boys like these?" modestly says Coach Dickey.

Loup City Stubborn, but Chants Troupe Them, 33 to 13

Ord Wins First Game in Conference Play by Beating Raiders.

The Red Raiders from Loup City were a stubborn crew Friday night but after they got a first-period lead by taking the opening kick-off and driving 70 yards for a touchdown they lost 33 to 13 to an improved Ord team that played better the longer the game went.

A 26 yard pass from Cortner to H. Kaminski accounted for the Raiders' first score and they led 6-0 when the extra point try failed.

Ord tied it up later in the same period by marching 60 yards with Crosley and Sowers gaining around the ends and Wolfe tossing shovel passes over the line to Lauren and Penas. A flip caught by Penas tied the score at 6-6 and Wolfe plunged successfully for the extra point, putting Ord ahead.

In the second quarter the Chants scored again twice, Wolfe passing to LeRoy Adamek for one score and Crosley scattering around end for 10 yards and the other. One conversion was good and the score became 20 to 6.

After the half Loup City came back strongly and worked the ball down field with short drives, Wilson smashing over from 5 yards out for the touchdown and G. Cortner plunging for the extra point.

In the fourth quarter the Chants led the game with two more touchdowns, Gene Crossy plunging for the first and Crosley paddling 12 around end for the second. One extra point attempt was good and the final count became 33 to 13.

Ord gained 293 yards from scrimmage to Loup City's 205 yards and made 16 first downs to 13 for the Red Raiders.

Wilson looked best for Loup City, with Cortner and Sinner also in the limelight, while Crosley and Penas started for Ord.

St. Paul Rejects Curb and Gutter

When more than 80 percent of the resident property owners in a proposed curb, gutter and sanitary sewer district in St. Paul signed remonstrance petitions, the project was rejected by the St. Paul city council.

The work involved an expenditure of \$143,000, of which \$50,000 would have been borne by general taxation. A proposal to build a swimming pool in St. Paul was rejected by voters a few weeks ago.

The Howard county seat now has a bonded indebtedness of about \$2000 per capita.

Waterfowl Opening Pleases Lake Hunters, No Good on River

Ducks were plentiful throughout the sandhills and most hunters got limit kills early each day. If they didn't it was largely their own fault, for the ducks were present in untold thousands.

Walter Anderson and two companions had the unique experience of wading into a small lake to retrieve a downed duck, only to have a big flock sail in and light all around them. The Anderson party, needless to say, came home early with their fifteen ducks.

Many complaints against airplane hunting are being heard. There were a number of planes flying over the hunting grounds, buzzing flocks off deep lakes in hope they would land in more favorable spots, and generally making life miserable for sportsmen who were trying to get ducks by more legitimate methods. Numbers of the offending planes were taken and complaints made to the state aeronautics commission.

The small farm ponds around Ord provided plenty of sport on the opening week end. Many woods were hatched and reared on these ponds and until driven off by heavy gunfire they helped many a hunter fill out a limit.

River hunting over decoys was low throughout the opening week and few are the nimrods who could boast a limit any day. Usually river hunting is good after the sandhill lake hunters go into action and drive the birds south but there is too much water in the hills this year and ducks could always find refuge somewhere.

Not northern ducks were killed, most being locally raised or from the Dakotas. Even Sunday's cold snap failed to send any migrants into this area.

Farm Ponds Also Gave Limit Kills; Northern Ducks Not Here Yet.

To duck hunters who went north into the sandhills for their opening week end sport, the 1951 opening week end in memory as one of the best. The same may be said about boys and men who hunted the innumerable ponds which have filled up behind farm dams throughout this section. But to most of the nimrods who like to shoot their ducks over decoys in blinds on the North and Middle Loup rivers, the opener was one long headache.

Paul Harley to Tell Davis Creek, Mira Valley Plans

Reclamation Engineer to Speak at Chamber Meeting Friday Eve.

Paul Harley, area engineer of the Bureau of Reclamation, will explain details of the proposed Mira Valley irrigation development and Davis Creek storage basin plans at a regular meeting of the Ord Chamber of Commerce Friday evening, October 26, at the Masonic Hall.

The meeting is open to the public, and will start at 7:30 p. m.

Mr. Harley's talk, to be illustrated with maps and pictures of the proposed project, is entitled "How Green Is Our Valley". It will be confined to a discussion of the possibilities of more extensive utilization of the presently irrigated areas and of the potentialities for new development along the North Loup river.

Harley will also discuss some of the other industrial possibilities that can be expected to occur as a result of the more extensive and more stable production under irrigated agriculture.

He will also outline the general status of the more detailed investigations that have been made in the North Loup Valley over the past two years.

800 Served Bean Soup Thursday

Catholic Women Made 100 Gallons of Soup; Good Business Day.

One hundred pounds of beans of the white navy variety were used to make the bean soup fed to Ord visitors and townspeople Wednesday, when the Chamber of Commerce were hosts to all who would partake. The delicious soup was made by a number of ladies from the local Catholic church, headed by Mrs. Ign. Polaska of North Loup, who is chairman of the woman's groups in the church.

With the beans were cooked 25 pounds of ham. The combination of beans and ham made 100 gallons of soup. Served in big bowls, the soup also needed crackers and of these 24 two-pound boxes were used. The ladies also brewed six pounds of coffee, and 15 pints of cream were used for the coffee.

Over 800 people were served during the hours allotted to serving, 11 to 3. All these had all the soup they desired and there were 10 gallons left over. Several big pressure cookers were used to cook the beans.

The women who assisted in the preparation and serving were Mrs. J. L. O'Halloran, Mrs. Floyd Peterson, Mrs. Frank Blaha, Mrs. John Blaha, Mrs. Jim Petaska, Mrs. Joe Osentowski, Mrs. Joe Sedacek, Mrs. J. Neimeyer, Mrs. Ed Hajewich, Mrs. Frank Maush, Mrs. Adolph Kokes, Mrs. Jim Wachtle, Mrs. Ed Janus, Mrs. John Iwanski, Mrs. John Knopik, Mrs. Paul Geneski, Mrs. Anton Kapustka, Mrs. Rice Fish, Mrs. Ralph Norman.

At noon the Ord high school band played for the bean soup diners.

Stores generally report a good business day.

New Blood for the Ord Rotary Club

Three new members (right to left), Mike Yost, Dean Avers and Rev. Keith Shepherd, were given the Rotary charge by J. A. Kovanda and thus became members of Ord's oldest service club.

Another Perfect Year for Ord Rotarian

Ed F. Beranek, Ord Rotarian who hasn't missed a meeting in 26 years of membership, was honored by the Ord club members and their wives and by the district governor of Rotary International, Maynard Crosby, North Platte, at a banquet in the Methodist church basement Monday night. In this photo (left to right) are Clark Weckbach, incoming president of the Ord club, District Governor Crosby and Mr. Beranek. Later Beranek was presented with a plaque by Clarence M. Davis, on behalf of the club.

Other features included the swearing-in by J. A. Kovanda of three new Rotary members. A past-president's pin was presented to Bob Noll, retiring president. All ladies present were given orchid corsages by Mr. and Mrs. Beranek.

Highlight of the evening was the talk by Governor Crosby about his week at Lake Placid, New York last May with 600 other Rotary governors from the United States and 53 foreign countries.

Cronk Chairman of CROP Campaign

Leonard Cronk has consented to act as county chairman of the CROP drive in Valley county. He has called a meeting of county officers and workers from various organizations for Thursday evening.

Receives Scholarship

Marilyn Cook, daughter of Mr. and Mrs. Dan Cook of Mira Valley, has been awarded a Halleck scholarship valued at \$100.00. The award is made on the basis of high scholastic standing. Miss Cook is a Junior at the University of Nebraska and is majoring in Vocational Home Economics.

Gale Sintek Injured in Game

Gale Sintek, popular football player in the North Loup high school six-man team, received torn ligaments in his side at the Wolbach-North Loup game played Tuesday evening in Wolbach. It was first thought that the injury was a broken rib, but X-rays showed otherwise, so the young man was taken to the St. Francis hospital in Grand Island for care. It was hoped that he could be released soon.

Gale is the son of Mr. and Mrs. Ben Sintek, sr.

The score of the game was 38-14 with North Loup holding the large end.

Child Support and Alimony Cases in District Court

In a brief session of district court held Thursday afternoon, Judge E. G. Kroeger ordered Richard O'Connell, now of Omaha, to resume payments of \$20 per month for support of his child. The O'Connells were divorced several years ago, and at that time he was ordered to pay \$60 per month. The payments had not been made for two years, according to County Attorney Ralph Norman. The former Mrs. O'Connell has since remarried and she and the child live in Arcadia.

In the divorce action of Iris Beck and Donald Beck, Beck was ordered to pay temporary support to his wife of \$20 per month pending divorce hearing.

G. I. Sports Heads Red-Faced; Missed Ord Football Date

The Wildcats of Walnut Jr. high school, Grand Island, are playing the Ord Chicks this (Wednesday) afternoon on the Ord field and certain Grand Island school authorities are red-faced. Hereafter they probably will consult their athletic contracts instead of trusting in Grand Island newspaper accounts, which fixed the wrong date.

Walnut Jr. Hi was scheduled to play here Tuesday night against the Ord Junior High team, which is unbeaten to date and holds the championship of the north division of the Trans-Nebraska conference. A big crowd assembled, the Ord team warmed up, but the 7:30 advertised starting time passed and no Grand Island team appeared.

Bulbs Being Dug, Bushes Cut Back, Leaves Burned—Winter Coming!

October means more than gray skies and Halloween, at least it does to Bud Shirley. This is the time of year that the park must be ready for winter and entails much work that all be in readiness. First, there are tons of leaves to be raked up and Mr. Shirley does this himself. He is always afraid of fire and so gathers the leaves away from the buildings and tables and burns them in good burning days. He says that the leaves must be taken from the ditches and the culverts along the highways, since in the days of early spring these help to stop the drainage and soggy highways result.

The plants are cared for, some in one way and some another, some of the rose bushes cut back and some covered. The dead peonies are cut down, and the lily, gladioli and other bulbs are all dug and stored in a good warm place.

Reclamation Bureau's Ideas of Water Development in North Loup Valley

Sites of the proposed Davis Creek and Cushing reservoirs, and newly irrigated portions in Mira Valley and from Scotia south are pictured above in this map of the North Loup and basin area, furnished by the Bureau of Reclamation. The project will be explained at a Chamber of Commerce meeting Friday evening.

Bulbs Being Dug, Bushes Cut Back, Leaves Burned—Winter Coming!

October means more than gray skies and Halloween, at least it does to Bud Shirley. This is the time of year that the park must be ready for winter and entails much work that all be in readiness. First, there are tons of leaves to be raked up and Mr. Shirley does this himself. He is always afraid of fire and so gathers the leaves away from the buildings and tables and burns them in good burning days. He says that the leaves must be taken from the ditches and the culverts along the highways, since in the days of early spring these help to stop the drainage and soggy highways result.

The plants are cared for, some in one way and some another, some of the rose bushes cut back and some covered. The dead peonies are cut down, and the lily, gladioli and other bulbs are all dug and stored in a good warm place.

Reclamation Bureau's Ideas of Water Development in North Loup Valley

Sites of the proposed Davis Creek and Cushing reservoirs, and newly irrigated portions in Mira Valley and from Scotia south are pictured above in this map of the North Loup and basin area, furnished by the Bureau of Reclamation. The project will be explained at a Chamber of Commerce meeting Friday evening.

Paul Harley to Tell Davis Creek, Mira Valley Plans

Reclamation Engineer to Speak at Chamber Meeting Friday Eve.

Paul Harley, area engineer of the Bureau of Reclamation, will explain details of the proposed Mira Valley irrigation development and Davis Creek storage basin plans at a regular meeting of the Ord Chamber of Commerce Friday evening, October 26, at the Masonic Hall.

The meeting is open to the public, and will start at 7:30 p. m.

Mr. Harley's talk, to be illustrated with maps and pictures of the proposed project, is entitled "How Green Is Our Valley". It will be confined to a discussion of the possibilities of more extensive utilization of the presently irrigated areas and of the potentialities for new development along the North Loup river.

Harley will also discuss some of the other industrial possibilities that can be expected to occur as a result of the more extensive and more stable production under irrigated agriculture.

He will also outline the general status of the more detailed investigations that have been made in the North Loup Valley over the past two years.

An Hour With the Fifth Grade

Under the spreading chestnut tree
The village smithy stands.
The smith, a mighty man is he,
With large and sinewy hands,
And strong as iron bands.
We learned that poem when we were in the fifth grade. That might have been the reason the fifth grade was the one selected to visit Thursday. It was indeed hard to realize that school had taken up and that there were 30 children in the one room. But it was so, and the teacher, Mrs. Arthur Jefferies, seemed to think that the quietness was nothing unusual. It was the general thing. The children were lined up in front of the room, stating in writing on the board, their milk preference, chocolate or white. Some did not want any and were sitting in their seats. When the greater number were seated, Mrs. Jefferies started to read. This used to be called opening exercises, and probably is yet. Any way the book was "Valor" and was an interesting story about a sheep dog. While the story was going on it was interesting to note the handwriting on the walls. A frieze of pictured vases made a charming border. These works were done during art period, Mrs. Jefferies said and some were excellent pieces of work. The coloring was blended carefully and in most of them the lines were true. On one side there appeared several geometrical designs, all in nice color and with true lines. On another side there were several masks, relative to the Halloween time. The children had made them as a part of the creative projects that they have. The room is pleasantly located with large south and west win-

John J. Wozab, Abstractor, Had Mystery Eyes

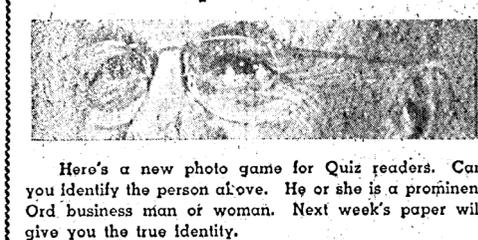

Owner of the Mystery Eyes in last week's Quiz was John J. Wozab, abstractor, real estate broker and Veteran's service officer for Valley county. John is an ex-Seabee, and saw service as a chief petty officer in both England and the western Pacific. He established his business in Ord shortly after hostilities ceased, taking over the former Capvon agency. Active in Veteran's affairs, Wozab is a past commander of the Veterans of Foreign Wars of Ord. As full-time county service officer, he has direct charge of the program work for former servicemen in this county.

Music taught by Miss King, gym work four times a week, when the children have supervised play outdoors, or when the weather is bad, inside, and art work are all extra. The average age of these youngsters is ten years. Many wear glasses and there are some who are left handed. But all are alert and happy in their work and are really a fine bunch of kids.

And these 30 who are already looking with longing eyes to the high school and junior high are: Dennis Absalon, Dickie Albers, Jack Apking, Don Beerline, Steven Bleach, Jill Ann Coleman, Larry Clayton, Gerald Dunlap, Barbara Gillham, Ronnie Hays, Shirley Havinka, Charles Hopkins, Diane LaCornu, Edwin Mason, Marvin Meyers, Arden Negley, Phyllis Newton, Billy Nunn, Maureen O'Halloran, Jerome Osentowski, Janet Rasette, Joan Rajewick, Jean Ringling, Gay Romans, Kathleen Rose, Delmer Stevens, Betsy Studnicka, Karen Kay VanZand, Ray Wojtasak and Karen Yost.

The Eyes Have It!

Here's a new photo game for Quiz readers. Can you identify the person above. He or she is a prominent Ord business man or woman. Next week's paper will give you the true identity.

"Of all knowledge, 85% comes through the eyes... and of all activities 80% is guided by the eyes. 23% of the traffic accidents of last year were attributed to poor vision... and the toll over 30,000 people."

Three Hundred Hear First Concert Of Season Here

Angeline Collins, soprano, and Brent Williams, tenor, with Allen Rogers, pianist, demonstrated to an audience of over three hundred concert goers Tuesday night that familiar music, performed with artistry, is never trite. The occasion was the first concert of the Loup Valley Municipal Concert association's 1951-52 season. Miss Collins' dramatic interpretation of "Un bel di" from Puccini's "Madame Butterfly," prefaced by her equally dramatic explanation of the meaning of the text, brought the audience face to face with the pathetic Japanese heroine, trying to convince herself and her faithful servant that her lover would again return to her. Mr. Williams' "Du bist wie eine Blume," by Schumann, was accorded as careful attention by his hearers as the more familiar selections, despite the German text.

Officers of the Loup Valley Municipal Concert association expressed satisfaction with the substantial growth of the membership over last season. Particularly gratifying was the increase in the student enrollment with almost double last year's total. Conspicuous on the streets of Ord during the evening hours was the chartered bus provided by the association to convey Burwell's thirty-odd student members to the concert.

Plans are not yet complete for the second concert of the season, but will be announced by Father Thomas Studowski and his talent committee well in advance of the concert date.

On October 23, a daughter was born to Mr. and Mrs. Kenneth Ayres, with Dr. Miller in attendance. The baby weighed six pounds and 14 ounces.

When You and I Were Young

Ten Years Ago
Mrs. W. B. Weekes, pioneer resident, died at the age of 77 years, most of which was spent in the Scotia and Ord communities.

Allen Zimmund started as Nebraska defeated Iowa State, 14 to 0. — The U. S. department of agriculture fixed high defense goals in production for Valley county. — The district Legion convention was to meet in Oct. 16. — Work on the much argued Erigson highway was scheduled to start in a short time. — Joe Ciemny, 73, pioneer resident of Plymouth, died in an Ord hospital following a stroke. — Dick Marvel and Roy Eliesick of Arcadia were accepted for service in the navy. — Funeral services were held, at the Methodist church in North Loup for Mrs. Howard Manchester, 37. — Seymour S. Sidner, Fremont, visited the Ord Rotary club as district governor. — Ord won an impressive 12 to 0 victory over Hebron, there. It could be very different this year. — A group of eight North Loup married couples got together for a picture, as they had all been married more than 50 years. All these couples have been blessed by death with the exception of Mr. and Mrs. G. L. Hutchins, who observed their 50th wedding anniversary not long ago.

Twenty Years Ago
Clyde Famborn and Hugh Herndon flew the Pacific ocean from Japan to Washington, Wash., and in so doing became the first aviators to span the Pacific.

The Ord's much heavier football team was held to a scoreless tie on the Scotia gridiron by a peppy, fighting team. — M. G. White and Gall Wright of Loup City brought the first semi-trailer stock truck into this section of the state, and planned to make their headquarters in Ord. — Miss Maude Jackman was married to Edwin Gies of California in a ceremony performed at Yuma, Ariz. — Lawrence Novak was killed when he fell from a tree into which he had climbed to cut off a limb. He was 72 years of age. — A petition asking the Ord city council to grant a gas franchise to the Nebraska Natural Gas Co. was signed by 220 freeholders and presented to the city council for approval. It had been circulated by W. A. Anderson. — J. M. Beeghly, head miller at the Ord Milling Co., had given up his position there and Rudolph Collison was taking his place. — Effective Oct. 15, the Ord post office was to become a branch of the postal savings system. — By defeating Forrest Johnson 3 and 2, Lyle McBeth became the new holder of Ord's golfing title.

Thirty Years Ago
The phonograph was at its zenith, with celebrated stars traveling about the country to prove to the audiences that they could not tell whether they were actually singing or whether it was the Edison phonograph playing records. The demonstration in Ord was given under the auspices of Aulsebrook Bros. who were the local agents. — Ord was to have a new auctioneer in the person of Joe C. Davis, who had been farming west of Ord. He claimed he had three years experience in Kansas, but apparently did not make much of a success of his venture here. — Dr. E. E. Hosman, pastor of the

Ord Methodist church for several years, was assigned to a better charge at Kimball and Rev. James M. Bothwell was assigned to the Ord charge. — A change was made in the ownership of the Ord Gas Co. when Joseph P. Barta and George R. Gard bought out the interests of Mr. Brandt. They announced their plans to improve and modernize the plant throughout. — The Quiz announced that a fine daughter was born to Mr. and Mrs. John Klein and that the force at the Union Pacific depot were treated to a fine box of chocolates as a result. The little miss was born Sept. 27, and was given the name of Mae.

Forty Years Ago
Alva Rockhold was in Burwell in the "barbering business and planned to move his family there in the near future. — Dr. Clason, Charles Hunt, John Lickly and Wesley Masters made a trip to South Dakota to register in the big land drawing there.

Fifty Years Ago
B.P.W. held their regular meeting and dinner Tuesday evening at the M. Richmond home. Dinner was served by the Presbyterian ladies. Hostesses for the evening were Frances Fauble and Vivian Zukoski. Alberta Lynn and Glea Romans were the program committee and Mrs. Lynn introduced Dr. F. L. Blessing who gave a detailed report of fluorating of the city water supply, the advantages, problems and approximate cost. Adding fluorine to the water supply cuts dental decay of those who use the water, especially children. The health committee will go into this further in the future.

Marie Muncey gave a report on International Relations by having two high school girls, Donna St. John and Maryanne Gnaster, relate the functions of the six continents of the U. S. Assembly. This was ably given and was very interesting.

The district meeting will be held in Grand Island, Nov. 4, and the club is planning on a large delegation attending this meeting. A report on the progress of the benefit dance was given by Eunice Jensen. (This dance will be Nov. 19.)

Open House at Home Ec Rooms of Ord High

The Future Homemakers of America, known to most as the FHA girls were hostesses to the entire community in the school house Wednesday evening, when they proudly displayed their newly renovated kitchen, and the most up-to-date equipment. During the hours from 7:30 to 9:30 P.M. about 250 interested ones availed themselves of the opportunity to inspect and observe the working quarters of these girls.

There are five units in the kitchen, each with a different color scheme, a set of cupboards, shelves and sinks. The color schemes are such as will be found in any modern home, and include pastel shades of ivory, green, pink, blue and gray. The working space in each unit is varied as to height from medium high to medium low, gauged to the one who will stand the greater share of the time at that place. The units have cupboards arranged with a series of shelves and storage places, all having the greatest degree of efficiency.

The girls have an automatic washer and drier, and modern gas stoves to assist them in learning homemaking. Each unit has a small dining table and chairs, also place setting for five of different colored dishware.

Each cupboard is equipped with a drier in which the dish clothes and towels are dried.

The sewing room has several sewing machines as well as pressing boards, cutting tables and all the necessities for the girls who are working on one of the projects of sewing required in each year of the course. In one corner is a baby bath and bassinet, as child care is also one of the requirements of the course.

From the sewing room the visitors were taken into a small room fitted as a living room where visitors can be received.

This room opened into Miss Jensen's office, which is also home-like and very pleasant.

The teacher is Miss Eunice Jensen, who graduated from the University of Nebraska. Her home is in St. Edward, and she has been here some time. A goodly part of her time is devoted to personal conferences with the girls, these talks being enjoyed by the students.

Cookies and coffee were served to the visitors at the open house, the cookies being made by the girls who also prepared and served.

There are 36 girls enrolled in the three years of homemaking. The first year class is made up of freshmen and numbers 29. The second year group is made up of sophomores and there are 36 in the class. Seniors take the third year and 21 girls are getting the opportunities offered in the homemaking course.

There are 53 members of the Future Homemakers of America club, which is not required. The girls may belong or not as they choose. The one requirement is that they are taking home economics. This is a national organization and the Ord group belongs to the national federation.

The courses are elective. Miss Jensen has five classes, since the freshmen members as well as those of the sophomore classes are so many it was necessary to divide the groups.

One of the objections offered, says Miss Jensen is that many of the girls do not have the modern things to work with in their homes. She answers by saying that one of the lessons the girls learn is that of adjusting themselves to whatever place they work. Also how to make over kitchens and to learn how to buy with intelligence.

In the program of work for the year, the first group learn: Personal grooming, sewing a simple garment, cooking 3 meals a day, housekeeping and related arts, sewing spring dresses, child care.

The second group take: Home furnishings, food preservation, cooking meals, Christmas gifts, sewing wool skirts and blouses, home care of sick, infant and prenatal care, child care and play school. And the third group take: Consumer buying, home management, food preservation, foreign and quantity cookery, home decorating, sewing - tailoring and draping, marriage and family relations.

The Future Homemakers have a full schedule for their meetings. In these they have good times, as swimming parties, picnics, Valentine and Christmas parties, a rendezvous with the Future Farmers of America, the boys' organization, a seniors farewell and an all school party. They study parliamentary procedure, attend the state and district conventions, entertain their mothers, have workshop talks, and conduct a membership campaign, after which the new members are initiated.

Early Sawmills in State Were Dubious Investment, According to J. S. Morton

When J. Sterling Morton came to Nebraska territory as a young man still in his twenties, his father warned him: "Now the sawmill business is a humbug, let it alone. If there are any fools in Nebraska let them build the saw mills and you sell them the timber if they want it and will pay cash for it. . . . If I had \$10,000 not a dollar should go into a sawmill in Michigan or Nebraska."

The young man, who was to become one of Nebraska's best known citizens, followed his father's advice, but there were enough people willing to gamble on mills to make lumber manufacture the territory's leading industry. The new settlements created a tremendous demand for lumber, and while Nebraska was for the most part treeless, the river valleys of the southeastern section provided a considerable quantity of raw material. The streams provided the necessary power.

The U. S. census of 1860 reported 46 sawmills in Nebraska territory, representing a total investment of \$127,800 and giving employment to 155 men. The annual value of lumber turned out by these mills was \$335,340, more than half of the total value of all territorial manufactures.

In terms of the number of establishments, Nemaha was the leading county, with seven sawmills. Next came Richardson with five. "Douglas, Otoe, Sarpy and Washington followed with four each. The remaining counties had from one to three sawmills each, and it is interesting to note that every county included in the census except Dakota had at least one sawmill. In Cuming, Dodge, Johnston and Patte counties sawmills were the only industries reported.

By 1870, the number of sawmills in Nebraska had increased only to 50. The capital invested, however, represented \$152,000, although the value of the product had fallen to \$278,205. A total of 202 men were employed. The census of 1870 reported the type of power supplied each sawmill, and 30 of Nebraska's were powered by steam-engines, the remainder using water-wheels.

Many of the early sawmills sawed lumber "in the clear." The patron would cut his own logs and haul them to the mill. After they were sawed the mill-owner and the patron would divide the lumber and slabs equally, the former retaining half of the total product as payment for the milling operations.

Young Steeplejack

"Human fly" antics of a Creston youth had varying effects on different members of his family, according to the Howells Journal. One afternoon the four-year-old boy decided to climb to the top of the town's water tower. When he reached the catwalk, 75 feet above the ground, he turned to playmates across the street and shouted, "I'm going to jump."

When You and I Were Young

Ten Years Ago. In addressing a group of businessmen and farmers at Ord, Harold Benn stressed the value of smaller acreages and intensified farming. A group of Ord men went to Seward and brought back with them a boulder located a week before, the same to be used for the Ord monument which now decorates the west approach to the Valley county courthouse.

Twenty Years Ago. Five pioneers were called to the great beyond in a single week. They were Mrs. Emil Fuss, 72; Mrs. Katerina Benda, 74, and John Elliott Drake, all of Ord; Frederick Cameron, 54, and Mrs. James P. Lee, 70, both of Arcadia. Oliver Collier, manager of the Ord Milling Co., had purchased new machinery and planned to modernize the mill throughout. The mill was torn down a few years later.

Thirty Years Ago. John Stahura of Liberty township lost a valuable team when they fell into an abandoned well while he was mowing. The well had been covered with an old harrow and Mr. Stahura did not know it was there. Both horses were lost, but the well, 125 feet deep, was filled up later.

Fifty Years Ago. Herman Mattley, a graduate of Ord high school, class of 1899, had resigned his position with Lininger and Metcalf and was entering the University of Nebraska to continue his education. Mrs. C. L. Frey returned home from a visit to Denver, and her husband went to Grand Island to meet her.

Sixty-five Years Ago. A daughter was born to Mr. and Mrs. William McMullen of Kent. Mr. McMullen was in the mercantile business at Kent in those days. The first frost of fall was in evidence Tuesday morning, Sept. 29. The late frost was of great benefit to the fine corn and vegetable crop.

Emergency Set-Ups. Medical societies in 329 communities have established night and emergency doctor call systems, according to a report by the Board of Trustees of the American Medical Association. A survey made in the summer of 1948 had shown only 60 such plans in operation.

Forty Years Ago. The Ord Methodists let the contract for their new church building on south 16th street, although it was not south 16th then. Soucek and Pesho of College View were the successful bidders, the amount to this firm being \$17,950. The total cost was estimated at \$24,000 and would doubtless be nearer \$100,000 today.

Omaha Again at Top Monday, Cattle Higher

Omaha again Monday—seventh Monday in a row—was world's largest livestock market. A big Western cattle and calf run—some 20,000 head—accounted for more than half of total receipts. Fat and feeder cattle sold strong to 50c up, some feeder steers more than 50c higher. Slaughter steers and yearlings bulked at \$32.50-\$36.50, with better steers to \$39 and \$39.25; top-quality heifers to \$37.25. Plain killer cattle sold down to \$29 but relatively few under \$31. Cows sold steadily, canners cutters \$18-\$20.50, beef to \$28.50. Western grassers included at the \$28.50 mark. Beef bulls sold to \$29 and were quotable to \$29.50; most Western bulls at \$23.50-\$28.50. Veal calves repeated at \$28 to \$35. Yearling stock bulked at \$18-\$35-\$39, with better kinds to \$10 and \$11.50 and plain ones down into the 2's. Feeder steers bulked at \$33-\$34.50, with better kinds to \$35.50, one drove 827-pound Wyoming at \$36.50. Good to choice steer ewes bulked at \$18-\$18.50, with one drove of 453-pound Wyoming at a record \$19. Montana Shorthorn heifer calves were held at around \$50. Steer and heifer calves sold to \$15 and \$16, new highs for mixed; plain heifer calves down to \$33.

Hogs broke 25-50c, bracketing butchers weighing 160-260 at \$17.75-\$19.85, latter a new 1951 low. Sows weighing 270-550 cleared at \$15.50-\$19; stags at \$13-\$16. Fat lambs sold steady to 50c higher, native woolled at \$30-\$50-\$51.50, fed shorn 98-pounders with No. 1 pelts, \$32. Slaughter ewes held at \$9.50-\$15. Western feeder lambs at \$31-\$33 were steady. Market-topping hogs at Omaha Monday included a shipment from Floyd Rowse of Garfield county, 15 head averaging 232 at \$19.85.

In honor of their son, Roger, who is home on leave, Dr. and Mrs. C. J. Miller entertained at a dinner last Saturday night. Guests were Mr. and Mrs. Edwin Jirak and Mary Ann Roe. Dinner guests of Mr. and Mrs. Russell Rose Monday evening were Mr. and Mrs. Lovell Jones and daughters, Dr. and Mrs. Franklyn Lawrence of Sedalia, Mo., Mrs. Alice Hill of St. Joseph, Mo., and Mr. and Mrs. E. O. Hackel.

Mr. and Mrs. Clarence Porter and Wayne of Mason City, Neb., were dinner guests of the Guy Mulligan family Sunday. Mr. and Mrs. Bob Moore and son from Greeley attended the Urbanski sale. Mr. and Mrs. Pete Rasmussen spent Sunday at the Albert Clausen home as it was Eonita's birthday. Agards also called in the afternoon. Mr. and Mrs. Frank Augustyn and girls, Mr. and Mrs. Bolish Kapuska and Agnes Cernik and Oscar Larsen spent Sunday evening at the Guy Mulligan home.

Scotia Vets Class Plans 'Remodeling' of Verl Timmerman 320 Acre Farm

The "remodeling" of the 320 acre Verl Timmerman farm, six miles south of North Loup, to conform with today's soil conservation practices was the project of a class of 24 war veterans in a farm training class taught by Byron Jensen of Scotia. Members of the class, were coached and guided by Leslie Nash of Ord, engineer of the Soil Conservation Service here.

By the time the vets—divided into groups of six with an 80 acre tract to study for each group—had finished their study of the farm and made suggestions, the class idea of what should be done to the farm coincided closely with a master plan prepared by the conservation service, Nash said. The farm now has 228 acres of cultivated land, and under the new plan this will be reduced to 154 acres and the balance put into bromo grass for permanent pasture. A number of terraces will be built, and three dams constructed to control run-off water. Since the farm management will now have a new emphasis on livestock, a shelterbelt will be put in completely around the farmstead to protect livestock feeding areas. Another shelterbelt on the place will be pruned and thinned, every other tree and shrub removed. The new pasture area will receive heavy applications of farm manure and commercial fertilizer if the latter is available. Mr. Timmerman plans to adopt the "remodeling" plan, and hopes to complete the recommended changes over a period of four years.

Public School Dental Survey. Under the auspices of the Valley county council of extension clubs and the assistance of the Valley county dentists, all school children have the opportunity to receive dental examinations free of charge. Students of the rural schools were given forms on which each family selected its choice of dentists, the school is then given a certain day on which to report for these examinations. October 29, 30, 31, and November 1, and 2, are the days set. Information is being sent the various teachers concerning the day which that school reports.

A few minor expenses, such as postage, is being taken care of by the county tuberculosis fund. Last year the county immunization program was conducted through the efforts of the first named group, this year, the dental survey, both of which are of great help in the building of better health for the future citizens of Valley county. "Sandhill Feeders Are Always Leaders"

Friday, Oct. 26th Day Long Awaited by Pheasant Hunters

Supply Plentiful Here But Cover Is Heavy; Sun-up Shooting Legal.

Not since the late 20's and early 30's when the Valley-Greeley-Sherman-Howard area of Nebraska was the best pheasant hunting area in the country and Ord was often called "pheasant capital of the world" has an opening season on the longtails been so eagerly awaited as that of 1951.

Now the time has come and a 31-day open season begins at sun-up on Friday, Oct. 26.

The pheasant population was decimated during 1949 by heavy spring floods and summer hail storms, the ruinous cycle climaxing with the winter of 1948 when countless thousands of mature birds were killed by blizzard conditions. Open winters and friendly summers since have seen the birds make a comeback and now they are said to be almost as numerous as in the 30's.

Probably not as many outside hunters will headquarter here as did a couple of decades ago for most of Nebraska now offers fair pheasant sport and hunters won't have to travel this far to get them, but that condition is all to the good. It will leave all the more birds for the farmers who raised them and for their

town friends who have taken pride in their comeback.

Possession limit this year will be five birds and all must be cocks. Hunters should be extremely careful this season as the birds are late. Some cocks are not fully feathered yet and it is no assurance of the sex of a bird, don't shoot. And if a hen is unavoidably shot, don't pick it up. Let it lay where it falls. Possession of a hen will bring a stiff fine if you are checked by a game warden.

Despite the fact that birds are plentiful, don't expect to see a multitude of them in the early days of the season at least, for cover is very heavy and the birds haven't started to bunch up yet. When colder weather comes the sexes will separate and the birds will tend to travel in flocks. Right now you will find them in pairs or singly and you may find them almost anywhere.

In what section of Valley country will hunting be best? Well, that seems to be the real question. We've asked it of a hundred people who should know something about it and their answers and the reasons they give don't jibe at all. "South of town, where the snow wasn't so heavy in '48," one man will say. "Northeast of town, where they aren't hunted so heavily last year," another will answer. "Out in the hills; all the farm ponds are full this fall and they won't need to be near creeks or rivers at all," says one group. "I like to hunt the irrigation ditches and the corn fields near the one near says."

One thing, there won't be so much road hunting this year for it has now been ruled illegal to have in your car a gun which contains shells, even though none is in the firing chamber. For the first time wardens will stop and search cars which seem to be cruising slowly and suspiciously along the roads and if a loaded gun is found it will be confiscated and a heavy fine will be imposed to boot.

The pheasants are here; good luck and good hunting.

Protein Feeds.

The protein market is very tight and prices have advanced several dollars per ton. From all reports it would seem that we will see much higher prices on all proteins this winter. Feed contractors a few weeks ago now looks to be a very good buy. From the outlook on feeds for the balance of the year we would favor buying a major part of the protein that you will need at once. On molasses feeds the advance is not quite so much and you can buy a feed carrying a large per cent of molasses at a very reasonable price. We are in position to offer you contracts for ninety days delivery on your feeds. And we also have a very nice hog feeding contract to offer you.

Grains.

The grain has been very strong again the past week but a little weak this week. We have several thousand bushels of top quality yellow corn on hand. We feel that feeders should look ahead and get a supply of good dry corn as the new crop will not contain the feeding quality of this good No. 2 corn. Barley and oats continue scarce and we have bin room at present for oats, barley and corn. Let us make you an offer on your grain.

Hy-Line Chicks.

Remember our Hy-Line Chick and Hill-Fairchild meeting Thursday night, Nov. 1st, in the basement of the Masonic hall. We will have Roscoe Hill with us to talk about Hy-Lines and we will have Zane Fairchild to talk about feeds. Also have colored pictures showing the development of Hy-Line Chicks.

See our display ad for more details of this important meeting. Plan now to be our guest on that night. This meeting will be informative as well as a pleasant evening.

Let us book your order now for the Hy-Lines that you will want next spring. Many of you remember the difficulty that we had getting the Hy-Lines for you at just the time that you wanted them.

We will have a nice gift for everyone that orders Hy-Lines the night of our meeting, Nov. 1st.

Pop Corn.

With favorable drying weather this popcorn will soon be dry enough to start storing. We rather feel that most of this corn would be better to be picked a couple of weeks before storing in the large cribs. We will be in the market for a quantity of good quality White popcorn that is not under contract.

Home from Hunting Trip

Mr. and Mrs. Seth Williams and their two children, Charles and Sherry returned Saturday morning, Oct. 30, from a vacation and hunting trip to Denver. The hunting party consisted of Bill Jackson of Golden, Colo., Steve Jackson of Aurora, Colo., Mel West of Denver and Seth Williams of Ord. The men hunted at State Bridge, Colo., in the Piney Creek area. Each man got his deer and also one black bear.

While in Denver Seth and family visited an uncle and aunt of Mrs. Williams, Seth's grandmother, Mrs. Mary Williams and also at the home of Seth's sister, Winona and husband, S/Sgt. and Mrs. Max Leonard. They reported good hunting and a very enjoyable vacation.

Game Biologists to Study Pheasants

Fish and Wildlife Service biologists will be in the field in the vicinity of Ord and the North Loup Valley interviewing hunters throughout the open season on pheasants, it was announced by Robert Burwell, supervisor, Missouri River Basin Studies, U. S. Fish and Wildlife Service. The chief objective of bag-checking is to determine the average yield of pheasants from irrigated and non-irrigated farm lands in the area. The determination of the harvest of pheasants and other wildlife is an important phase of a two-year study which will enable the Service to better evaluate the effects of irrigation on wildlife.

Service biologists assigned to the checking are not game-law enforcement officers, Mr. Burwell emphasized. Hunters, when contacted, need report the required information on their own volition. In addition to the data on the kill of pheasants, information on the cost of economics of hunting also is to be obtained. All hunters visiting certain areas will be contacted either by personal means or by means of questionnaire cards left at the unattended cars of hunters. Sportsmen are urged to fill these forms out and leave them as instructed on the form.

According to Mr. Burwell, the information to be obtained from the hunters will tie in with other facts that the Fish and Wildlife Service has been collecting in this

Ice Follies at Ak-Sar-Ben

The Scotvold twins featured in beautiful production number "A Visit With Santa Claus"

Ice Follies' Greatest Show Coming To Omaha October 31st

"Ice Follies of 1952," the 16th edition of Shipstad's and Johnson's ice extravaganza will appear at Ak-Sar-Ben Coliseum Wednesday, October 31st, through Tuesday, November 6th. Performances will be nightly at 8:30 with matinees Saturday, November 3rd and Sunday, November 4th at 2:15. This will be the third appearance of "Ice Follies" in Omaha and this year's show is bigger and better than ever. "Ice Follies" is truly the "Show of Champions" with an all star cast of champion skaters including Aja Vrazanova, holder of two World Championships; Betty Schajow, Midwest Champion; Marilyn Ruth Take, Canadian Champion; Richard Dwyer, Pacific Coast Champion; and many others. Nebraska, too, has its interest in Ice Follies with the Scotvold twins, formerly of Omaha, and Richard Dwyer whose parents lived in North Platte.

"Ice Follies of 1952" not only has a host of skating stars but is truly a show for every member of the family from the youngest to the oldest. There are many huge and elaborate production numbers including among others: "A Visit with Santa Claus" starring the

S. S. Club Organized by Elizabeth Lukes, Still Going Strong

Once long ago, a devoted teacher in the Ord school, Miss Elizabeth Lukes, organized a group of girls into a club, called the Social Service club. And now after so many years, that no one seems to know how long, the club still flourishes. However, now it is made up of high school girls entirely and Miss Maude Holden is the equally devoted and enthusiastic sponsor. Any high school girl is eligible to join.

From the high school paper, the Oracle, the various projects of the club are outlined. Their chief aim is to serve and that is what they do. There are 25

members of the club and the membership is open to any in the high school. The dues are 50 cents a year or 25 cents a semester.

The club meets the second Monday evening in each month. Refreshments are prepared and served by the food committee and entertainment is also arranged by the proper committee.

Among the many projects that these girls have completed during the last year are inspecting the Red Cross boxes sent in by rural schools to be given to overseas children, assisting in the work of distribution of 1B seats, and collecting toys to be sent to the various children's homes in the state. Last year the girls sent a box of

fruit to the Whipple Home here in Ord.

Not only do they do kindly deeds but they have good times as well with their Christmas gift exchanges, their Valentine exchanges, their heart sisters and club meetings. Every year they give a dinner to the women faculty members.

Miss Holden explained that this organization takes the place of the Y-Teens and the Girls Reserves in many other schools.

But this year the girls are taking on themselves a new project, one that will take much of their time, and much of their interest. 14 of the group have volunteered to act as nurses' aids in the Co-operative hospital in Ord. They make their own uniforms, blue pinfutures and white blouses, and work in shifts of two hours each, after school nights, and all day Saturdays and Sundays. Each girl works two periods a week. They work in pairs, from 4:30 to 6:30 and from 6:30 to 8:30 and on Saturdays their hours are 8-12 and 2 until 3:30. They get no pay nor extra school credits for their work.

The work was started just last Monday and so far there is great enthusiasm shown. They are learning general care of the sick and hospital housekeeping. Among their many duties as outlined by one of the young aides are, serving trays at mealtime, giving rub-downs, preparing the patients for visiting hours, straightening beds, taking temperatures, pulses and respiratory counts, taking drinks to the sick ones, and such other work that the regular nurses do not have time for and relegate to the girls. When they first get to the hospital, they scrub up as do real nurses and change into their uniforms.

The first group accompanied the regular nurse on her rounds and learned just how the work should be done. They in turn help the next group, and a nurse is always assisting if necessary. They are permitted to watch the nurses in their work as much as possible. In time they will take on infant care. They have signed up for one semester, and are permitted to stop at any time, if they grow tired of the work or find it too heavy.

Some of the group have already decided that they will enter the nursing field. One, a senior has already completed her plans, to take training next year. Another, a freshman, has always said that she intended to be a nurse.

When interviewed Thursday, six girls, all freshmen, had already been to the hospital and had taken their two hour shift. These were Joyce Dye, Dawn Covey, Mary Ulrich, LaVera Lange, Phyllis Christensen and Retta Stone. The other freshman of the club is Evelyn Holmes.

There are four seniors, Edna Miska, Bernadine Augustyn, Sophia Capek and Charlotte Svoboda. The other three are sophomores, Charlene Milligan, Karen Neumeier and Sharon Hansen.

The work is being done with the full cooperation and supervision of Mr. Perry, R.N., the head of the hospital. The idea was broached to the girls by him who immediately decided it would be a splendid project, not only for the good it would do them but to the community as well.

Ord Day

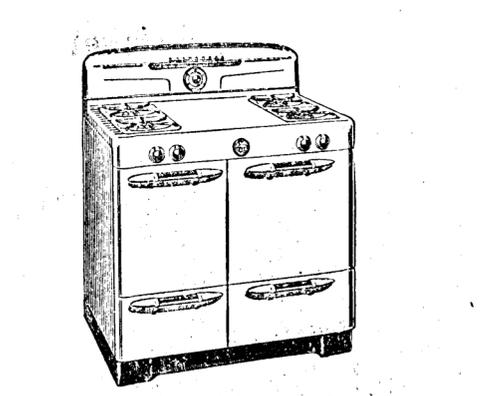

Again Ord Day has passed, and again nobody in Ord gave it the slightest consideration. Not one out of ten even could tell what Ord Day is or why. Yet Ord Day was established some 12 years ago and was duly observed for one year, at least. With the coming of World War II the day was forgotten and seems to be slated for oblivion.

In explanation, Ord Day occurs on Oct. 18, the birth date of General E. O. C. Ord, for whom the town was named. The adoption of that date as Ord Day was urged by Fidelity Post 38 of the American Legion, and was concurred in at the time by the businessmen of Ord. A public meeting was held, talks were made and the day launched in due form.

This is the week that has been designated as Letter Writing Week, and it is one of the many weeks that is truly worthy of consideration. Letter writing as an art has almost disappeared from the American scene and other means of communication have taken its place.

letter writing has gone to pot? In the early days children were taught penmanship in the schools. Perhaps they are today, but the fact is that about nine young people out of ten can hardly write so other people can read what they have written. Also, the hand that uses the typewriter soon forgets the art of writing by hand.

One thing we all should remember, that nothing takes the place of the personal letter, the letter that begins where the last one left off and informs the receiver of all that has happened in the interim. If you are not in the habit of writing such letters, Letter Writing Week presents a golden opportunity to form that habit once more.

You know, if they'd revive the Charleston they'd do anything. Not any crazier than the Big Apple, though, was it?

My dad, who declares he used to get more money for playing his violin all Saturday night for dances than he made all week long as an apprentice printer, told me some interesting things about square dancing, as it was once done.

All this current trend to square dancing began, really, in Colorado Springs a few years ago, you know that, don't you? One enthusiast and his wife taught them to high school youngsters, who loved doing the lively dances with their fanciful calls and music. The next thing you know there were special and pretty clothes for doing the typical western dancing.

It is a real addition to Ord that Mr. and Mrs. Jack Fauble take such delight in square dancing, and in teaching it to others.

It is fascinating to watch the trends in foods and cooking. For instance, in cottage cheese. Many a year ago, when every family had a cow or cows, cottage cheese was an everyday table item.

Who would think it? And do you remember when the cows were taken out to a nearby pasture every morning, and herded home every evening by a herdsman with a long stick? How they straggled and bawled, the cows, I mean. The boy who had such a job considered himself lucky, and made a good financial thing out of it, 'twas considered.

As I see it, there is one remedy and one only, to make the highways safe for travel. My idea may be crazy, but I think every car and truck on the highway should have a governor on it to prevent speeds in excess of 60 miles per hour. That is the legal limit for speed over our highways.

Another remedy for some drivers would be to have a gun set in the dash, pointed directly at the driver, said gun to go off whenever the speed of the auto exceeds the legal limit, 60 in daytime, 50 at night. There would probably be a lot of funerals for the first few weeks, but, after that, the rest of the people would be safe.

Monta Edwards of North Loup is a character who might well have been picked out of the aid frontier days. He looks the part, with his long, curly hair, moustache and goatee. He is not as fierce as he looks, however, and he has many warm friends, especially among the younger fellows who drop into his establishment for an occasional game of pool.

The Johns are giving me the Willies. There are so many Johns, and every time somebody in my immediate vicinity says "John" I am used to answer. In fact, somebody in a cafe out at Scotts bluff said, "Hello, John," and I do recall that the fact that three Johns, Perilinski, Boettger and Ward, were working on the same well job, once caused about 200 feet of pipe to be dropped down into a well we were working on.

man who eats bread in the sweat of his brow usually has a good appetite. I do not believe in a man quitting work at 65 years, or at any other time.

In fact, the idea of setting a certain age for anybody to quit work is poppycock. Out in Grace-land addition to Ord there are several hundred people who quit work before they were 50 years of age. They all lacked 15 years and more of qualifying for retirement. Then know of a number of people who had to quit work because of physical disability long before they had reached 65 years.

What I do believe is that a man should try to change his type of work for something less strenuous at the time when he finds that his physical condition needs that change. Most people find that there is some thing to which he can turn in his declining years, some thing that will keep them employed and bring in an income and at the same time will not require the physical and mental output that their jobs in earlier life required of them.

MRS. ETHEL HAMER Quiz Representative North Loup

A reception for the school faculty and a fellowship supper at the Methodist church Friday evening was well attended. Program for the evening consisted of two much appreciated numbers by the Mira Valley male quartette and colored pictures shown by Mr. and Mrs. W. H. Schudel of their recent trip to Canada and the east coast on the W. O. W. farm tour.

Mr. and Mrs. Bates Copeland arrived home Thursday morning from Goodland, Kas. and Fleming, Colo. where they had gone earlier in the week. At Goodland they attended the funeral of an aunt of Mr. Copeland and at Fleming they were guests in the Lloyd Davis home, but Mr. and Mrs. Davis had gone to Denver, and they found only the daughter, Merna, at home.

Mrs. Pete Zyntek and baby daughter, Sharon Kay, came from the St. Paul hospital Saturday evening and will spend this week with Mrs. Zyntek's parents, Mr. and Mrs. Bates Copeland.

Rev. and Mrs. F. D. Saunders and Danny left Thursday morning for Dodge Center, Minn., where they will assist in a ten day evangelistic campaign, conducted by Rev. Earl Cruzan. Stevie and Herbert Saunders are staying with Mrs. Ava Johnson while their parents are away.

Mr. and Mrs. G. L. Carter, Sr., of Plainview and Mr. and Mrs. Tom Carter of Tulsa, Okla., were Thursday evening guests of the G. L. Carter, Jr. and the Bob White families.

Mr. and Mrs. Harry Klinginsmith and Mr. and Mrs. Max Klinginsmith and Judy and the Don Jensen family attended a Klinginsmith-Kasson gathering at the Scott Community hall Sunday in honor of Charles Kasson, Jr., who is home from the service on furlough.

Mr. and Mrs. Ray Redden and Ethel Vogelger were Wednesday supper guests of Mr. and Mrs. Frank McDermott and family.

Mr. and Mrs. Ray Redden who had spent three weeks with Mrs. Edith Bartz returned Thursday to their home in Omaha.

Cheri Horner of Ord was a guest of her grandparents, Mr. and Mrs. Roy Cox from Friday evening until Saturday morning. The Ernest Horner family were Sunday evening guests of Mr. and Mrs. Cox.

Mrs. Roy Cox accompanied Mr. Cox to the northwest part of the state last week where at Arthur, they saw Mrs. Philip Crouse, the former Lenore Van Horn. This

North Loup Beats Merna High School

North Loup beat Merna high school football team 20-0 Thursday night before a homecoming crowd of approximately 900 people. Fumbles by the Merna ball team helped North Loup's cause in the last stage of the game. Rich Hawkes snagged up a fumble on the first play and scored standing up. A few minutes later the same thing happened. A third time the touchdown was called back.

Early in the fourth quarter Gale Sintek connected with Gene Larkin for a ten yard pass play. Gene ran 40 yards after catching the ball. At half time Sylvia Ingerson was crowned football queen and Carolyn Hamer was her attendant.

This Tuesday North Loup plays Wolbach at Wolbach.

Mrs. Hackel Makes Doughnuts to Pay for New Water System

Mrs. Melvin Hackel has a doughnut project, which she has been carrying on for more than a year in her farm home south of North Loup. She makes the delicious cakes, every morning a week and brings them into town, where the grocery stores and the cafe take the entire number, and she also makes them for special orders. Usually she uses a 50 pound sack of flour every week, sometimes more. Last winter, Mrs. Hackel furnished glazed doughnuts for one of the large bread transports, but she does not do that now. That made it necessary for her and her husband, who helped her, to get up every morning at 2:30 a. m. to have them ready for transport, but now at six o'clock in the morning she gets the doughnuts ready to bring into town when she brings her two small sons to school.

Besides the doughnuts, Mrs. Hackel bakes delicious angel food cakes, from the egg whites, as she usually uses the yolks for the doughnuts. As is usually the case when a woman takes up a project to earn money, Mrs. Hackel has a special use for the money—she hopes to equip her farm with running water. Already she has a shiny new water pump and waste water piped out and soon she hopes to have the fresh water in.

Joiners--Aren't we all

If you're a farmer, you belong to the Grange or the Farmer's Union. Maybe you're a merchant who supports the Chamber of Commerce or one of the service clubs. Or as a skilled craftsman—you probably pay dues to a labor union.

Bankers, doctors, lawyers, carpenters, druggists, machinists—no matter what profession—they all belong to their own societies or associations.

Why? Because—working together—they can get things done for the betterment of all concerned. Nearly all ways, that means for the good of the community at large.

For the same reason, veterans should work together for things that are important to them—not only as veterans—but as taxpayers and citizens.

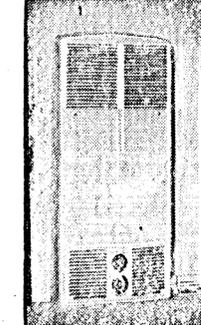

As an overseas veteran, you'll meet men who talk your language in the Veterans of Foreign Wars. And one of these days you will discover for yourself what other overseas vets have known for a long time—**"THE V.F.W. IS A GOOD OUTFIT!"**

—Among those who came from Lincoln Saturday to spend the weekend here were Beverly Whiting, Allen Blaha, Gerald Swanson, and Delores Blaha, who is employed in Omaha, but joined the group in Lincoln.

Nebraska Is A Great Game State

More and more thousands of America's sportsmen think of Nebraska as a top game state. Hundreds of species of fish, game birds, and big-game animals abound in our state.

But this ideal sportsman's state did not just happen. It took the sincere cooperation of farmers, ranchers, businessmen, and sportsmen—with the state game commission—to develop fish and bird hatcheries, big-game reservations, and excellent cover where our wild life could flourish.

In a somewhat similar way, Nebraska's tavernmen have pledged their cooperation with the brewing industry's educational program aimed at encouraging approved tavern operation.

Today, Nebraska's attractive, respectable, orderly taverns are a credit to a great state.

Road Test
a Mercury
for Proof of
Performance!

Take the wheel of a new Mercury and find out what an educated car can do! Ask it all the questions: how it likes hills, what its attitude is about the open road, how it handles stop-and-go. You'll be thrilled with Mercury's answers, for here's the smartest, most alert performer on the road. Top of its class in other subjects, too—like styling, safety, and comfort. Best of all, the famous V-8 "Hi-Power Compression" engine gets "A-plus" in Basic Economy. Why don't you graduate to Mercury? Make that two-way test today!

Be Dollar wise!

Budget Test
a Mercury
for Proof of
Value!

Does it have a down-to-earth first price? Mercury's price tag you can understand—a big dollar's worth for every dollar invested.

Will upkeep stay low? You save money year after year. Mercury's famous stamina keeps repair bills at a rock-bottom low.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercurys continue to keep their value year after year; used car market reports consistently prove it.

Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

Legal Notice

NOTICE AND INSTRUCTIONS TO BIDDERS 1. Sealed proposals for the construction, including furnishing all necessary materials, machinery, labor and equipment, of the Remodel to Existing Headquarters Building, including Utilities, located at Ord, Nebraska (hereinafter called the "Project") to be financed pursuant to a loan contract between The Loup Valleys Rural Electric Membership Association (hereinafter called the "Owner") and the United States of America, acting through the Administrator of the Rural Electrification Administration and designated Nebraska No. 93 Valley will be received by the Owner on or before 7:30 o'clock, P.M. C.S.T. time, November 20, 1951, at his office at Ord, Nebraska, at which time and place the proposals will be publicly opened and read.

2. The Plans and Specifications together with all other necessary forms and documents for bidders must be secured from Frank N. McNett and Company, at Grand Island or Scottsbluff, Nebraska upon payment of ten (\$10.00) dollars, which payment will be refunded to each bona fide bidder within ten (10) days after the bid opening. Additional sets of Plans and Specifications may be obtained upon payment of ten (\$10.00) dollars, which payment will not be subject to refund. The Plans and Specifications may be examined at the office of Architect named above. A copy of the loan contract may also be examined at the office of the Owner.

3. Proposals and all supporting documents required to be attached thereto must be submitted on the forms furnished by the Owner and must be delivered in a sealed envelope, addressed to the Owner. The name and address of the Bidder, its license number, a license is required by the State, and the date and hour of the opening of bids must appear on the envelope in which the proposal is submitted. Proposals must be filled in ink or typewritten. No alterations or interlineations will be permitted, unless made before submission, and initialed and dated. Bidders will be required to comply with all applicable statutes, regulations, etc., including those pertaining to the licensing of contractors and the Public Works Law, Statute (48 Stat. 948) and regulations issued pursuant thereto.

4. Prior to the submission of the Proposal, the Bidder shall make and shall be deemed to have made a careful examination of the site of the Project and the Plans and Specifications, forms of Construction Agreement and Contractor's Bond on file with the Secretary of the Owner and with the Architect, and shall become informed as to the location and nature of the proposed construction, the kind and character of the soil and terrain to be encountered, the kind of facilities required before and during the construction of the Project, general local conditions and all other matters that may affect the cost and the time of completion of the Project.

5. Each Bidder shall include and shall be deemed to have included, in the price quoted in the Proposal, the amount which it is estimated will be payable by the successful Bidder to the Owner on account of taxes imposed by any taxing authority upon the sale, purchase or use of materials, supplies or equipment incorporated in the Project. All taxes of the foregoing description shall be payable by the Bidder which shall be awarded the contract for the construction of the Project.

6. A Bidder who has not already completed similar construction for a REA Borrower, shall file with the Architect the Bidder's Qualifications on forms supplied by the Architect, at least forty-eight (48) hours in advance of the scheduled bid opening.

7. The time of completion of the Project shall be as specified by the Architect in the form of Proposal.

8. Each Proposal must be accompanied by a bid bond or a certified check on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the order of the Owner, in an amount equal to five per cent (5%) of the maximum bid price. If a Proposal is not accepted or if a Proposal is accepted and a satisfactory Contractor's Bond is furnished by the successful Bidder, the bid bond or check will be returned in each instance within a period of thirty (30) days to the Bidder furnishing same; except that each Bidder agrees, provided its Proposal is one of the three low Proposals, that, by filing its Proposal together with such bid bond or check in consideration of the Owner's receiving and considering such Proposal, said Proposal shall be firm and binding upon each such Bidder and such bid bond or check shall be held by the Owner for a period of not exceeding sixty (60) days from the date hereinafter set for the opening of Proposals.

9. The successful Bidder will be required to furnish a Contractor's Bond in the form attached hereto and with the sureties listed by the United States Treasury Department as acceptable sureties, in a penal sum not less than the contract price.

10. Should the successful Bidder fail or refuse to furnish a Contractor's Bond satisfactory to the Owner and the Administrator within ten (10) days after written notification of the award of the Contract by the Owner, the Bidder will be considered to have abandoned the Proposal and the amount of the certified check or other security delivered with the Proposal shall thereupon be due and owing to the Owner as liquidated damages for such failure or refusal and the Owner may thereupon award Contract to any other Bidder. The term "successful Bidder" shall be deemed to include any Bidder whose Proposal is accepted after another Bidder has previously refused or has been unable to furnish a satisfactory Contractor's Bond.

11. The Contract, when executed, shall be deemed to include the entire agreement between the parties thereto, and the Contractor shall not claim any modification thereof resulting from any representation or promise made at any time by any officer, agent or employee of the Owner or by any other person.

12. The Owner reserves the right to waive minor irregularities or minor errors in the Proposal, if it appears to the Owner that such irregularities or errors were made through inadvertence. Any such irregularities or errors so waived shall be corrected on the Proposal prior to its acceptance by the Owner.

13. The Owner reserves the right to reject any or all Proposals.

14. The Owner represents: (a) If the other provisions of the contract documents the Owner shall have undertaken to furnish any materials for the construction of the Project, such materials are on hand at locations which may be determined by inquiry by Bidders from the Architect, or if such materials are not on hand they will be made available by the Owner to the successful Bidder before the time such materials are required for construction.

(b) Title to the property on which the Project is to be constructed has been obtained.

(c) All funds necessary for prompt payment for the construction of the Project will be available.

If the Owner shall fail to comply with any of the undertakings contained in the foregoing representations or if any of such representations shall be incorrect, the Bidder will be entitled to extension of time of completion for a period equal to the delay, if any, caused by the failure of the Owner to comply with such undertaking or by any such incorrect representation; provided the Bidder shall have promptly notified the Owner in writing of its desire to extend the time of completion in accordance with the foregoing, and provided further than such extension, if any, of the time of completion shall be the sole remedy of the Bidder for the Owner's failure to comply with any of the foregoing representations.

Legal Notice

NOTICE AND INSTRUCTIONS TO BIDDERS 1. Sealed proposals for the construction, including furnishing all necessary materials, machinery, labor and equipment, of the Remodel to Existing Headquarters Building, including Utilities, located at Ord, Nebraska (hereinafter called the "Project") to be financed pursuant to a loan contract between The Loup Valleys Rural Electric Membership Association (hereinafter called the "Owner") and the United States of America, acting through the Administrator of the Rural Electrification Administration and designated Nebraska No. 93 Valley will be received by the Owner on or before 7:30 o'clock, P.M. C.S.T. time, November 20, 1951, at his office at Ord, Nebraska, at which time and place the proposals will be publicly opened and read.

2. The Plans and Specifications together with all other necessary forms and documents for bidders must be secured from Frank N. McNett and Company, at Grand Island or Scottsbluff, Nebraska upon payment of ten (\$10.00) dollars, which payment will be refunded to each bona fide bidder within ten (10) days after the bid opening. Additional sets of Plans and Specifications may be obtained upon payment of ten (\$10.00) dollars, which payment will not be subject to refund. The Plans and Specifications may be examined at the office of Architect named above. A copy of the loan contract may also be examined at the office of the Owner.

3. Proposals and all supporting documents required to be attached thereto must be submitted on the forms furnished by the Owner and must be delivered in a sealed envelope, addressed to the Owner. The name and address of the Bidder, its license number, a license is required by the State, and the date and hour of the opening of bids must appear on the envelope in which the proposal is submitted. Proposals must be filled in ink or typewritten. No alterations or interlineations will be permitted, unless made before submission, and initialed and dated. Bidders will be required to comply with all applicable statutes, regulations, etc., including those pertaining to the licensing of contractors and the Public Works Law, Statute (48 Stat. 948) and regulations issued pursuant thereto.

4. Prior to the submission of the Proposal, the Bidder shall make and shall be deemed to have made a careful examination of the site of the Project and the Plans and Specifications, forms of Construction Agreement and Contractor's Bond on file with the Secretary of the Owner and with the Architect, and shall become informed as to the location and nature of the proposed construction, the kind and character of the soil and terrain to be encountered, the kind of facilities required before and during the construction of the Project, general local conditions and all other matters that may affect the cost and the time of completion of the Project.

5. Each Bidder shall include and shall be deemed to have included, in the price quoted in the Proposal, the amount which it is estimated will be payable by the successful Bidder to the Owner on account of taxes imposed by any taxing authority upon the sale, purchase or use of materials, supplies or equipment incorporated in the Project. All taxes of the foregoing description shall be payable by the Bidder which shall be awarded the contract for the construction of the Project.

6. A Bidder who has not already completed similar construction for a REA Borrower, shall file with the Architect the Bidder's Qualifications on forms supplied by the Architect, at least forty-eight (48) hours in advance of the scheduled bid opening.

7. The time of completion of the Project shall be as specified by the Architect in the form of Proposal.

8. Each Proposal must be accompanied by a bid bond or a certified check on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the order of the Owner, in an amount equal to five per cent (5%) of the maximum bid price. If a Proposal is not accepted or if a Proposal is accepted and a satisfactory Contractor's Bond is furnished by the successful Bidder, the bid bond or check will be returned in each instance within a period of thirty (30) days to the Bidder furnishing same; except that each Bidder agrees, provided its Proposal is one of the three low Proposals, that, by filing its Proposal together with such bid bond or check in consideration of the Owner's receiving and considering such Proposal, said Proposal shall be firm and binding upon each such Bidder and such bid bond or check shall be held by the Owner for a period of not exceeding sixty (60) days from the date hereinafter set for the opening of Proposals.

9. The successful Bidder will be required to furnish a Contractor's Bond in the form attached hereto and with the sureties listed by the United States Treasury Department as acceptable sureties, in a penal sum not less than the contract price.

10. Should the successful Bidder fail or refuse to furnish a Contractor's Bond satisfactory to the Owner and the Administrator within ten (10) days after written notification of the award of the Contract by the Owner, the Bidder will be considered to have abandoned the Proposal and the amount of the certified check or other security delivered with the Proposal shall thereupon be due and owing to the Owner as liquidated damages for such failure or refusal and the Owner may thereupon award Contract to any other Bidder. The term "successful Bidder" shall be deemed to include any Bidder whose Proposal is accepted after another Bidder has previously refused or has been unable to furnish a satisfactory Contractor's Bond.

11. The Contract, when executed, shall be deemed to include the entire agreement between the parties thereto, and the Contractor shall not claim any modification thereof resulting from any representation or promise made at any time by any officer, agent or employee of the Owner or by any other person.

12. The Owner reserves the right to waive minor irregularities or minor errors in the Proposal, if it appears to the Owner that such irregularities or errors were made through inadvertence. Any such irregularities or errors so waived shall be corrected on the Proposal prior to its acceptance by the Owner.

13. The Owner reserves the right to reject any or all Proposals.

14. The Owner represents: (a) If the other provisions of the contract documents the Owner shall have undertaken to furnish any materials for the construction of the Project, such materials are on hand at locations which may be determined by inquiry by Bidders from the Architect, or if such materials are not on hand they will be made available by the Owner to the successful Bidder before the time such materials are required for construction.

(b) Title to the property on which the Project is to be constructed has been obtained.

(c) All funds necessary for prompt payment for the construction of the Project will be available.

If the Owner shall fail to comply with any of the undertakings contained in the foregoing representations or if any of such representations shall be incorrect, the Bidder will be entitled to extension of time of completion for a period equal to the delay, if any, caused by the failure of the Owner to comply with such undertaking or by any such incorrect representation; provided the Bidder shall have promptly notified the Owner in writing of its desire to extend the time of completion in accordance with the foregoing, and provided further than such extension, if any, of the time of completion shall be the sole remedy of the Bidder for the Owner's failure to comply with any of the foregoing representations.

Achievement Day at Scotia

The Greeley County Home Extension clubs held their annual "Achievement Day" at the Scotia Recreation Hall, Wed., Oct. 17 at 1:30 p. m. Over 100 members and guests attended. Mrs. Oliver Johnson, county chairman, for the past year served as master of ceremonies for a fine program which included music from each club in the county, a report of the state convention by Mrs. Oliver Johnson and Mrs. Wm. Cain, group singing, and installation of new county officers for the coming year. Mr. and Mrs. Wm. Schudel of North Loup gave a very interesting review of their trip through Canada and the northeastern United States and showed many colorful slides taken on the tour. A fine lunch was served at the close of the meeting. The tables and dining room were beautifully decorated to conform with the season.

Officers Installed

Nancy Karre was installed as president of the F. H. A. group at an impressive candle lighting ceremony in the Scotia school auditorium Thursday night. Other officers installed were first vice-president, Marcia Gebhardt; second vice-president, Ruby Gydeson; secretary, Eleanor Meyer; treasurer, Blanche Cargill; delegate chairman, Iris Wagner; his-torian, Ila Dutcher; publicity chairman, Joyce Halm; song leader, Darlene Johnson; recreation chairman, Shirley Madsen.

Pick-Up Burns

The old model pick-up owned and driven by Mrs. Lydia Bosselman of Cotesfield, caught fire and burned Thursday evening. Mrs. Bosselman and four year old daughter had been driving for 81 year old Mr. Benson (her father) who had been employed as flare lighter on the highway under repair. Mr. Benson had accidentally spilled some oil while filling the flares in the rear of the truck and lighting the flares ready for placement caused the blaze. The Scotia fire department was called but the fire had destroyed the two rear tires, the inside of the cab and the windshield. Mrs. Bosselman stated that she would be unable to replace the truck.

Mr. and Mrs. Henry Hosch, Sr. gave a family dinner Sunday to honor the birthday of Henry Hosch Jr. Pfc. John Augustyn spent the weekend at the home of his parents at Elba and the Frank Zulkowski home. Pfc. Augustyn and Margaret Zulkowski took Mrs. Frank Zulkowski to Kearney Saturday night to see her brother, John Jurzenski.

Soil Conservation District Election

The results of the recent election of board officers for the Cedar River S. C. S. district (Greeley and Wheeler counties) are Emmett Lee, Spalding, 4 year term; Charles Imm, Spalding, 4 year term; Lawrence Bauer, Spalding, 2 year term; Florian Pfeifer, Spalding, 2 year term.

Harvest of Harmony

Over 50 of the Scotia school band participated in the parade at Grand Island Saturday morning. The Scotia band marched second in the parade following the Grand Island band. Miss Gayle Portis, Scotia's entry for Miss Harvest of Harmony preceded the band in an open car. The parade crowd was estimated to exceed 12,000 people and 4,000 watching the competition at Memorial stadium.

Seven schools received the coveted "superior" rating. Scotia school was rated as excellent. Miss Violet Inselman of Columbus was voted as Miss Harvest of Harmony; her attendants were Sharon Beyersdorf of Grand Island and Sue Welch of Kearney. There were 17 entries.

A beautiful Liberty Bell float by Rural School Dist. 6 of Hall county, won top prize in the morning parade. Mrs. Leona O'Brien is teacher of the school. All of the visiting bands were guests of Grand Island for lunch at the Leidekrang building.

Pfc. Don Peterson did not come to Scotia as planned. He is still in Texas and at this time does not know what the immediate future holds for him. Peterson and his parents were sorely disappointed.

Funeral Services Held for George Hoke

Funeral services were held on Sunday afternoon from the Scotia Methodist church for George Hoke, 83, who passed away at his home here Friday afternoon, Oct. 19. Mr. Hoke had been in poor health for some time but until two hours before death came, was pleasant and joking with his daughter, Mrs. Helen Krebs, who had been taking care of him. He had been bedfast for only nine days.

He was active in business and civic affairs until the last few years when most of his time was devoted to his ailing wife, who preceded him in death less than two years ago. He was president of the Scotia Telephone Co. for a number of years, and owned a third interest in the Scotia Grain and Feed Co. for many years. He was also a member of the Fish Creek school board and worked for the betterment of the school. Although Mr. Hoke did not have many years of actual schooling, he was well read and was firm in his political beliefs. His hobby was writing poetry. His masterpiece was dedicated to his wife on their 50th wedding anniversary. This bit of work was read in his obituary in place of the usual verses read. Kind and considerate of his family, he was a lover of young children, all of whom loved him in return. Rev. W. H. Lenz conducted the services at 2:30.

"Sweet Bye and Bye," "Beyond the Sunset" and "We'll Never Say Goodbye in Heaven" were sung by Mrs. Iradel Babcock, Mrs. Harold Goldfish, Jesse and Ray Meyer, accompanied by Mrs. Irvin Herms-meyer, pianist. Pallbearers were nephews of

the deceased, George and Lewis Milne, Grand Island; Ole Hoke, Van Horne, Ia.; Leonard Vlach, Cotesfield and Fred and Ted Meyer of Scotia. Ashley's Mortuary was in charge of the arrangements, with Jim Bryson assisting. Burial was in the Scotia cemetery.

Members of Mrs. Krebs bridge club prepared and served dinner and a lunch to relatives and close friends.

Out of town relatives and friends coming for the funeral

were Mr. and Mrs. Ole Hoke, Van Horne, Ia., Mrs. John Hoke, Garrison, Ia., Floyd Shadle, Minatare, Mr. and Mrs. George Milne, Mr. and Mrs. Lewis Milne and Mrs. Carl Ulrich of Grand Island, Helen Locker, (daughter of the late Ed Locker) and her sister, Mrs. Charles Ralls of Taylor, Mr. and Mrs. Leonard Vlach and Irving Hanzel of Cotesfield, Mr. and Mrs. Kenneth Krebs and Karen and Mr. and Mrs. Norman Krebs of Hastings, Earl Krebs and son, Francis of Crete, JoAnne Meyer of Kearney,

Mr. and Mrs. Raymond Augustyn and Mrs. Ed Nelson, Arcadia, Judge Jesse L. Scott, Ernie Ondracek, Miss Ida Foster and Mrs. Mary Moore of Greeley. George Phillip Hoke, son of George and Sarah Hoke, was born at Garrison, Ia., May 22, 1868 and passed away at his home in Scotia Oct. 19, 1951.

At the age of 13 years he came to Scotia with an elder sister and her family.

On March 8, 1891 he was united in marriage to Martha Meyer. To

this union was born one daughter, Helen. Following their marriage, the Hokes moved to a home in the Fish Creek community, where they resided for 34 years. In 1948 the Hokes moved to their present home in Scotia. He was preceded in death by his parents, his wife, Martha, four sisters and two brothers. He was the last member of a family of seven children. In 1944 the Hokes celebrated their 50th wedding anniversary.

Pvt. Gerald Desmul Killed October 9 in Korean Fighting

Parents Hear Saturday of Son's Death; Was in Front Lines.

Pvt. Gerald George Desmul, 24, son of Mr. and Mrs. Henry Desmul and one of Valley county's finest young farmers, was killed on Oct. 9 while fighting with the U. S. infantry on the front lines in Korea.

His parents received the usual notification from the War department on Saturday, Oct. 26.

Pvt. Desmul was inducted into the army on March 5, 1951 and received basic training in the Engineering Corps at Fort Leonard Wood, Mo. From there he was sent directly to Japan where he received advanced engineering training but in September he was shifted into the Infantry and sent to Korea, where he at once was sent into front line action.

His last letter to his parents said that as his contingent moved into the lines they passed the group they were relieving and who were going out for rest after months of front line duty. "From their looks they sure needed a long rest," he said.

Pvt. Desmul was graduated from Ord high school in 1941 and until his induction was associated with his father in farming.

Interviewed by the Quiz Monday, Mr. Desmul said: "His mother and I wouldn't feel so terribly bad about it if they had given him infantry training, but when they trained him as an engineer and then sent him into the front lines without proper training as an infantryman it doesn't seem right."

Pvt. Desmul is the second Valley county man to meet death in Korean warfare. First was Cpl. Carl Norman, killed early in the fighting and now at rest in the Ord cemetery.

Change in Schedule

Beginning Thursday, Nov. 1, there will be but two busses each way a day instead of three as now. The bus which arrives here from Grand Island at 10:55 a. m., and the one that leaves here for Grand Island at 12:30 will be taken off.

Scrap Drive Planned for Rural Schools

Rural school children of Valley county will participate in a scrap drive beginning at once and continuing through November 15, it was announced today by county superintendent Fred B. Appelget.

The rural schools are cooperating with the Valley county mobilization board in a nationwide drive to send farm scrap to foundries and steel mills.

Scrap will be collected by children and piled on the school grounds. The mobilization board will make arrangements to have the scrap picked up. Funds from sale of the scrap will be given the schools for an activity fund.

Three Candidates for Governor Meet on Sargent Platform

Carson Talks Strongly for Highway Commis., Criticizes Department.

The three republican candidates for governor of Nebraska, Hugh Carson of Ord, Victor Anderson of Lincoln and Robert Crosby of North Platte, appeared on the same speaking platform Monday afternoon, probably the only time this will happen during the campaign.

Scene was at Sargent at a meeting of the Highway 183 Improvement Association with Tal Conroy, president, presiding. Only 17 per cent of Highway 183 in Nebraska has been improved as compared with an 83 per cent over-all average in other states. This highway runs from Canada to Mexico.

Senator Carson, again criticizing the state highway department as wasteful and inefficient, came out strongly for a state highway commission. The state highway engineer should be appointed by this commission and not by the governor, he said.

Anderson said he would have no objection to this system and Crosby declared that if a good commission were formed he would be inclined to favor it. All agreed that a highway commission, acting non-politically, would "take the pressure off the governor's office."

Ord's candidate made a fine impression on the large audience present.

Dairy Breeders in Annual Session

The annual meeting of the Loup Valley Dairy Breeders association was held Tuesday evening at the Masonic Hall. Fifty-five members and visitors were present. Sidney Allison from Scotia, and Glen Watts of Ord were elected as directors from their areas.

Mr. Shultz, extension representative of the Wisconsin Scientific Breeders Institute, talked on "The Importance of Artificial Breeding." He showed pictures on the sires and their daughters.

Conner Car Wrecked

icy roads near Aurora Sunday caused the wreck of a car driven by Orval Conner, of Burwell, with damage estimated at \$500 to the car which was struck by a car driven by John Hirtzel, of Lincoln. Mrs. Conner suffered an injured knee but her husband and three children were only shaken up.

Paul Harley Tells Future Loup Valleys

Reclamation Chief Outlines Plans for Further Development.

Paul Harley, area engineer for the Bureau of Reclamation, with headquarters at Grand Island, outlined plans for the future development of the North Loup Valley in a talk made Friday night before the Ord Chamber of Commerce.

Harley told his audience that valley residents are just starting to make use of the natural resources that are theirs. "On the average, the North Loup river at St. Paul produces about 600,000 acre-feet of water annually enough to service all of the irrigable land in the entire Loup river basin, which we conclude is something over 200,000 acres."

"Here in the reach from Taylor to North Loup, you have placed about 26,000 acres of land under irrigation and have gone a long way into irrigated agriculture. "Your new opportunities, both on the farm and in the urban areas will come first with the adoption of even more intensive agriculture on presently irrigated lands, and second, in the development of new areas.

"We feel that you will gradually reduce the percentage of irrigated lands devoted to corn and will largely eliminate wheat in cropping schemes. In time, we feel you will devote a much larger percentage of the total irrigated area to alfalfa hay and seed, to sugar beets, or irrigated pastures, and to certain specialty crops such as potatoes and of course, popcorn for which you are already known. We are certain that for your pen feeding and general livestock operation will expand."

Harley said that 20,000 acres of sugar beets would support a sugar beet factory, or about 10 percent of the total irrigable acreage in the valleys.

Harley started his audience by citing figures from the Burlington railroad as to just what irrigation has meant to them in the Ord-Burwell area.

In the early thirties—1933 to 1936—the Burlington accepted an average of 13 carloads of crops a year at Ord and Burwell—a total of 31 for the three non-irrigated years.

The figures for 4 spot years of the period 1944-1950, showed an average of 264 carloads forwarded, 9 times that of the earlier period. Harley said that better dryland conditions accounted for some of the increase, but that irrigated crops accounted for 70 percent of total.

The average acre of dry land in the valley before irrigation produced \$12 per acre over the long haul, and now produces \$40 in crop value, using average prices received from 1939 to 1944.

Harley said that major features in the Bureau's plans for development of the North Loup Valley above Cotesfield included a reservoir, three diversion dams and desilting works, two new canals, improvement of three old canals to irrigate 52,100 acres, twice the present acreage in the valley. No hydroelectric plants are contemplated.

Plans call for a new diversion dam at Burwell above or below the present site to replace the present structure. A fully dependable structure at Ord to replace the Hardenbrook dam to service the existing Ord-North Loup canal and the potential Scotia canal.

The Mirdan unit in bureau plans calls for a canal from Burwell to Ord at the west end of the valley, up the Dane Creek Valley and into Mira Valley, and from there into the Davis Creek reservoir.

Also in the planning is a hydroelectric plant, below the Davis Creek reservoir with a 11,000 KWH capacity.

"The answer to attaining these developments lies in the largest part with you men on the farms and in the towns of this valley," Harley said.

"Present world conditions certainly have greatly restricted the ability of our government to carry out as much development at home as we might like, but the Congress has shown its support for the reclamation program over a 50-year period. We can assume, I believe, that when possible, it will further authorize construction funds to permit these developments to proceed where they are feasible and where the local people will back them morally and financially. While we have tried to help in developing the plans, they are your lands and your projects, and your wishes are paramount. This valley is only one-third green and it has opportunities for a much fuller use of its water and land resources for the benefit of you people, measured in terms originally of crops, livestock, and power, but in the end in manufactured goods, service activities, trade and commerce, and those other activities that spell the difference between the run-of-the-mill and a prosperous community."

Holds State Office

Mr. and Mrs. John Wozab were in North Platte last Thursday and Friday, where they attended the state meeting of the National Title Association, this being the 43rd time the association has met. Mr. Wozab was honored by being elected the president of the group which will automatically make him member of the board of directors. He was also made appraiser for this district, which includes Valley, Garfield and Greeley counties, his duties beginning as soon as he got home, for he found a letter awaiting him from Greeley.

Achievement Day Party Nov. 7

Big Annual Event for 4-H Club Members Planned.

The Valley county 4-H Club achievement party will be held on Wednesday evening, Nov. 7th, at the K. C. hall in Ord.

The party is the big annual event for all 4-H members and families. The agricultural committee of the Ord Chamber of Commerce is cooperating with the county extension service in planning the program and they promise a full evening of movies, games and food and other interesting features.

The party had been planned originally for October 31st but it was found that there were too many Halloween activities in the rural schools on that evening.

In addition to local attendance, several prominent state 4-H leaders are expected at the meeting in addition to representatives of 4-H club work from Howard, Greeley, and Wheeler counties.

Kenneth Halm, 23, Killed in Korea

Mr. and Mrs. Louis Halm, of Scotia, received word late Tuesday afternoon of the death of their son, Kenneth L. Halm, 23, while serving with the army in Korea. He had been in the front lines only three days before his death.

Pvt. Halm entered service in March, 1951. In July he spent a 17-day leave at home and then reported at Seattle to go overseas.

Only a few minutes before the death message came, Mrs. Halm had mailed his Christmas package to her son.

Seven Boys Leave for Induction

Seven Valley county boys left Monday morning for induction in the armed forces, if they pass their final physical examination. The boys are: Edwin Vancura, Ord; Leonard Edwards, Ord; Harlan Green and John Ingraham, North Loup; Daniel Lutz, Arcadia; Raymond King, Ord, and Kenneth McCormick, who gives his address as Omaha.

CROP Solicitation Will Start Soon

Leonard Cronk, county chairman of the CROP project, reports progress. Efforts are being made to find township chairmen, and when this is accomplished, the actual work of soliciting will begin. Fred attended the meeting called for Saturday evening because the cards sent out were not received in time.

Middle Loup Projects Get Starting Fund

Over Half Million Allotted Sargent; Farwell Irrigation.

The Sargent unit of the Middle Loup division of the Missouri Basin project was allotted \$257,526 as part of the U.S. Bureau of Reclamation's 213 million dollar construction program for the current fiscal year.

The program is expected to bring irrigation to 507,300 additional acres in 17 western states. Funds for the Sargent unit will be used to advance pre-construction work on the Milburn diversion dam, Sargent canal, laterals and drainage system.

The area engineer's office of the Bureau of Reclamation in Grand Island reported that 17,400 acres will be brought under water at the Lillian end of the Sargent unit through the work to be done in the present fiscal year.

The office emphasized that the money allotted for this year is for carrying on preparations for final plans in the Sargent unit and said that work is in an advanced stage.

The Milburn dam, to be built in the Sargent unit, was one of eight considered by the United States Senate but President Truman ruled against any "new starts" this year.

The allotment for the Farwell unit was \$370,000 and the number of acres to be brought under water in pre-construction activities there this year is 53,000. Work is not in an advanced stage there as at Sargent.

Lied About Age to Buy Beer; Fined in Court

Thomas A. Noonan Nicked \$35.50; Is First Offense.

Because he lied about his age to buy beer in the Edwards Tavern in North Loup, Thomas A. Noonan, young Greeley county boy, was brought before county Judge Ellsworth Ball, Jr., Friday and fined \$25.00 and costs of \$10.50.

Judge Ball imposed the minimum fine as it was the youth's first offense of record in this county.

In another county court hearing last week end, Robert Cross of Arcadia paid a fine of \$5.00 and costs of \$10.50 for shooting a neighbor's dog.

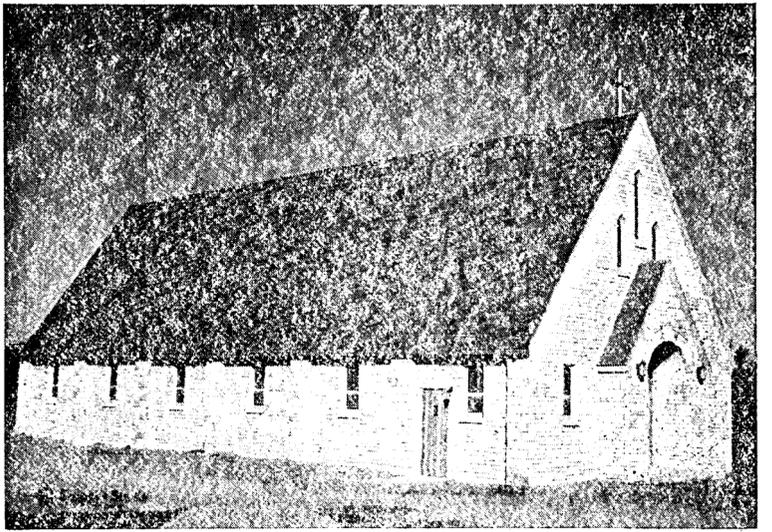

Dan Knutson Dies in Bomber

Mrs. Elliott Clement has learned that a relative of hers, Dan Knutson, a son of Mr. and Mrs. Louise Knutson of Ft. Lupton, Colo., was one of the four men reported missing after the crash of the B-25 bomber in the Missouri river near Kansas City a few days ago. The young man was in the air corps, and the boner was flying from Washington, D. C. His mother was Molly Hawkins, of Ord.

Funeral Saturday for Sgt. Coufal

Word has been received by Mr. and Mrs. Paul Coufal of Scotia that the remains of their son, Sgt. Ralph L. Coufal who lost his life while serving in the armed services in Korea, will arrive in St. Paul on Thursday of this week. Funeral services will be held Saturday at 1 p. m. at the Coufal home south of Scotia and at 1:30 from the Methodist church in Scotia. The St. Paul Legion Post No. 119 of which Sgt. Coufal was a member will be in charge. Burial will be in the Scotia cemetery.

New Lutheran Church to Be Dedicated Sunday

The beautiful new St. John's Lutheran Church in Ord will be dedicated Sunday, Nov. 4th, with appropriate services. The new structure, of perma-stone, has been called the most beautiful church in the North Loup valley. The church, moved here from Mira Valley, is the second of three new churches to be built in Ord this year.

Magnificent Flight of Waterfowl Seen Saturday, Sunday

Few Stopped Off But Bigger Ducks Now Furnishing Sport.

Reminiscent of the tales told by old-timers who related that migrating waterfowl went through Nebraska in such large flights that "they darkened the sun," was the flight of ducks and geese which went through Valley county between 1 and 4 o'clock Saturday afternoon. On a smaller scale the flight continued throughout Sunday.

Saturday was warm and sunny and most hunters were afield after pheasants when they began noticing stray flocks of ducks going south. They were high and had no intention of stopping but as the afternoon wore on the flight became larger and at times one could count a hundred flocks each containing hundreds of birds, in flight at the same time.

The ducks were of the smaller varieties, especially pintails, teal, blue bills, spoonbills, mudhens and the like. Evidently they were going south ahead of the cold front which struck Tuesday afternoon and wanted to reach a warmer climate before alighting to seek food and water.

Shooting was improved on the North Loup river Sunday and Monday, proving that some of the migrants were stopping off. On Tuesday another big flight was observed but these were the big red-legged northern mallards, the kind which most hunters prize. A strong north wind, much colder temperatures and snow in the north caused this later migration.

Quite a lot of geese are going through this week, also, and Wednesday morning Emory Thomsen got a big Canada honker at his river blind north of Ord.

County Assessors Met Here Thursday

County assessors from ten counties in Nebraska, representing the North Central Association of County Assessors, met in Ord Thursday to elect new officers, and discuss problems and methods of tax assessing. Twenty-five were present.

Wilbur Houtchens of Kearney was chosen president of the group, Oscar Niemoth of Grand Island, vice-president and W. D. Johnson of Burwell, secretary-treasurer.

Present to address the group were Phil Johnson, state tax commissioner and George Peterson, assistant state tax commissioner, both of Lincoln.

The group spent considerable time on a discussion and survey of assessed property values as compared with selling prices.

Plane Hunters to Get Disciplinary Action, Says Rae

State aeronautics inspector, C. J. Rae, and state game warden, Art Edmonds, spent most of Tuesday and Wednesday in Ord checking reports and complaints on several Ord hunters who have been hunting ducks by plane.

"There'll be some disciplinary action," Rae said, "but we're mainly concerned with keeping the fools from killing themselves."

Ran a Stop Sign

Wayne Cook, North Loup, was brought before Judge Ball, Wednesday, Oct. 31, for running through a stop sign on Oct. 29. He was fined \$10.00 and assessed the costs of \$1.00.

Dedicatory Pastor

Rev. H. F. Krolm, Doniphan, first vice-president of the southern Nebraska district of the Lutheran Church, Missouri Synod, will give the dedicatory sermon at St. John's Lutheran church Sunday.

Sanders Resigns as Ag Instructor to Join Berkshire Ass'n.

C. W. Sanders, Jr., vocational agriculture instructor in the North Loup schools, has presented his resignation to the school board, effective Nov. 30, and has accepted a position with the American Berkshire Breeders' Ass'n. of Illinois as field man for the association and education promoter for the western half of the United States. He will promote and organize high school breeders' clubs similar to the one in North Loup.

Mr. Sanders will have an office located in Nebraska, the place to be decided on later. Until next summer, the family will continue to live in North Loup.

Tuesday the school board had not taken any action on Sanders' resignation, but it is assumed they will release him from his contract.

Congregation Moves to Ord from Mira Valley

Lutheran Hour Pastor to Speak in Afternoon

St. John's Lutheran church in Ord will be dedicated Sunday with appropriate ceremony, starting with morning worship, and continuing in services in the afternoon and evening.

Rev. H. F. Krolm, Doniphan, Neb., first vice-president of the southern Nebraska district of the Lutheran church, Missouri Synod, will deliver the dedicatory sermon, in services scheduled to start Sunday at 10:30 a. m.

In the afternoon, Rev. Dr. Lawrence Acker, former pastor of the Lutheran Hour radio program and pastor of the First Lutheran church, Omaha, will give the sermon. The service will start at 2:30 p. m.

The evening services, starting at 7:15 p. m., will include an organ recital, and moving pictures of the famous Hollywood Pilgrimage Play—the Story of the Life of Jesus Christ.

The new church building, an attractive Gothic style is finished in perma-stone and faces east on Highway 11 in Ord's new Cityview addition. It has been under construction since early summer.

Seating nearly 600, the new building has an even more beautiful interior than exterior. Pictures of the interior and dedicatory program will be carried in next week's Quiz.

Dedication of the new building signals the move of the congregation from its former site in Mira Valley to Ord. The church building is one of four planned by the congregation. The second, a heating plant, of harmonizing architecture, has also been built. The plant will eventually serve the other two buildings, a parochial school and a parsonage.

P. A. Priesz is pastor of the congregation. George Bremer is chairman of the church board, Henry Lange, secretary and Edgar Lange, treasurer. The board of elders include Bremer, Walter Huss and Henry Ruchy. The congregation is a member of the Missouri Synod.

The Ord Quiz
Ord, Nebraska
Dear Sirs:

I have a news item that I believe would be of interest to our many friends and relatives in and around Ord. It pertains to my brother and I would appreciate your printing the story.

Thank you kindly,
Marion J. Savage

Leonard Savage, son of the late Michael Savage and of Mrs. Monica Savage formerly of Ord and now of Miami, Fla., to play in the Pop Warner Midget Football Santa Claus Bowl.

Leonard, who is 12 years old and in the eighth grade has been playing Midget Football for two years on the Phillips Dept. Store squad.

This year the team captured the Omaha crown by sailing through the season undefeated. Sunday, Oct. 28, they walked away with the Missouri Valley Cup by edging Sioux City 6-0 and then defeating Lincoln 19-6.

The tentative plans now are to send the boys by plane to Florida for the Santa Claus Bowl classic which will be held sometime in December.

Hallowe'en Here-- It's 'Trick or Treat'

By Carolyn Romans

Halloween is here. This is the night of "tricks 'n' treats", pranks, and children racing from door to door gathering their loot into sacks.

At the high school, parties and dances are in the air.
Monday night the eighth grade class had a scavenger hunt.
Tuesday night the Student Council sponsored a Halloween dance. Movies were shown with each number. A turn-out of about ninety people made the dance a gala affair. The gym was decorated in the traditional orange and black and there were jack-o-lanterns and bats on the walls. Practically everyone there was wearing a crazy hat.

A contest was held at the beginning of the evening to see who could dance with the most people and have them sign their name on this person's slip of paper. Katherine Piskorski was the winner. As a prize she received a Halloweek rattle.

During the rest of the dance her rattle could be heard constantly. Just for fun, a number of boys and girls were asked what they intended to do tonight.

A few of them are going out to "Pook's" for a "lacy clothes" party. They ought to have fun.
One group of girls are going on

—Quiz Want Ads get results.

—plenic after play practice. Hmm—sounds interesting.
Be on the lookout for a boy with a wild look in his eye and leading a herd of elephants down main street tonight. Beware!

Among the other boasted pranks there are lying a team of horses to a street lamp up town, upsetting wagons, and wood sheds, dragging them out into the streets for roadblocks; and of course, soaping windows, and writing on the sidewalks.

Don Ballard had better find a good hiding place for his car, you too Mr. Gogan.

Of course, remember this is what kids say they intend to do. There is only one you should really be on the lookout for and that is Dean Achen driving that herd of elephants.
Enjoy yourselves everyone.

Worried About Soft Corn?? MINNESOTA TEST

Ear Corn Reduced 21% in 10 Days No Spoilage or Odor

Mountain Lake, Minnesota
October 8, 1951

The Hesse Company
Sioux City, Iowa
Gentlemen:

My friend, Ned Peterson told me about your Grain Dryer and what it has done for him. I got a bag of it from him and gave it the toughest test possible to see if it would do everything he said.

On September 29, I snapped about forty bushels that had not been frosted, was grass green with all the husks intact, none was picked clean. A layer of Hesse Grain Dryer was scattered over the floor of a tight tank wagon box. The corn was packed in the box, with about twenty to twenty-five pounds of the compound mixed through it. A tin top covered the whole box so there could be no ventilation from the bottom, sides or top.

Ned Peterson and I took a sample of the corn to the Farmers Elevator in Jackson, Minnesota and had a moisture test made. The corn tested 69%.

The corn got a little warmer about the third day, stayed that way for two or three days, then cooled off, and never got warm again. Now after ten days we have opened the box and find no evidence of spoilage, rotting or any odor whatever. I had the same elevator make another test at the end of the trial period and found the moisture was reduced to 41%.

I feel that we made the toughest test possible since the corn was in roasting ear stage, the husks were all on the ears, and there was no ventilation or stirring during the period of the test. I think the compound did a wonderful job. I expect to crib between four and five thousand bushels of corn this season and will use Hesse Grain Dryer in all of it. I have three boys who farm, each of them will use it in their crop. Our season is usually short and we often have trouble with soft corn. I do not hesitate to tell my neighbors about your Dryer.

Yours very truly,
(Signed) Walter Bottin

Breaks Arm in Fall

M. C. K. Koelling, young Valley county farmer, who lives south and west of North Loup, fell Wednesday when some hay he was loading slipped and received a broken arm, with a fractured elbow also. He was treated in the Ord Cooperative hospital and a cast put on his arm, which according to Mrs. Koelling and his doctor, Dr. Markley, is doing as well as can be expected. The accident happened in a hay field north of North Loup and Koelling drove his tractor all the way home alone. He was released from the hospital Thursday.

Other callers to see John were Mr. and Mrs. Ralph Wiberg and Mrs. Lew Wegman of Ord, Mr. and Mrs. Carl Distenseno, Jack Good and Carl Distenseno, Mary Jane Wiberg of Omaha. Mrs. Wiberg and Mrs. Distenseno are daughters of Mr. Jurzenski.

Pfc. Don Peterson arrived in Scotia Saturday morning for a 20 day leave with his parents, Mr. and Mrs. Lloyd Peterson. He will then report to Camp Chaffee in Arkansas where he will receive further assignment. Pfc. Peterson expects to be returned to Japan despite the fact that he was in need of surgery at the time he was sent to the states. He was sent along with a plane load of disabled service men.

Mr. and Mrs. Robert Krempke and daughters of Chicago are visiting at the home of Mrs. Krempke's aunt and uncle, Mr. and Mrs. Dean Seefus.

Mrs. John Seefus Dies at Age of 85

Mrs. John Seefus, 85, passed away at her home in Scotia on Tuesday evening at 8:00 o'clock following an illness that lasted for several years. Her daughter, Mrs. Elsie Warren had patiently cared for her mother during the many months of her illness.

Mrs. Seefus, until the last few years had been an active woman. She pioneered with her parents in Sarpy county and could relate many an Indian tale of the early days. She helped make her home one to be proud of and with her diligence and saving she helped give her family many luxuries of life. Until the late years she cared for her garden, loved the outdoors and grew many beautiful flowers that attracted people as they drove by her home in Scotia. She was loved by her grandchildren and all youngsters who came to her home, never left without a cookie or piece of cake.

Mrs. Seefus and her blind mother knitted 87 pairs of socks, 14 sweaters, countless helmets and scarfs during the first world war in which her son, Phillip, served. She served on many committees during that time of stress.

Funeral services were held Friday afternoon from the Zion Lutheran church in Scotia with the Rev. A. H. Wagner officiating. In musical acknowledgment Mrs. Clarence Sixel, Mrs. Claude Johnson, Mrs. Marion Melberry and Mrs. Bernard Bredthauer, accompanied by Mrs. M. G. Williams sang, "When The Day of Toil is Done," and "All Men Living Are But Mortal."

Pallbearers were Dale Bredthauer of Burwell; Wm. Sommers of Grand Island; Alvin Bredthauer, Wilbur Fuss, Wm. Bredthauer, Jr. and Dean Bredthauer of Scotia. Funeral arrangements were by the Ashley Mortuary and burial was in the Scotia cemetery.

Sophia M. Seefus was one of six children born to Phillip and Barbara Zwickel at Papillion, Nebraska, Nov. 5, 1865, and departed from this earth Oct. 23, 1951. She was baptised and confirmed in the Lutheran church early in life and was a faithful member of this organization.

On Feb. 11, 1886 she was united in marriage to John J. Seefus at Papillion. To this union three children were born, Elsie, Phillip and Dean, all of whom survive their mother.

In 1906 she went with her husband to a farm near Elkhorn where they lived until 1919, when they came to Scotia and have made this their home since that time. Mrs. and Mrs. Seefus celebrated their golden wedding anniversary in 1936. Mr. Seefus passed away Feb. 27, 1944, and since that time, Grandma Seefus has lived alone until the last few years when it became necessary for some one to care for her.

Mrs. Seefus was preceded in death by her parents, her husband, two sisters, Christina and Caroline, three brothers, George, Frank and Ben. She has one sister surviving, Mrs. D. W. Bell of Lincoln, besides her daughter, Mrs. Robt. Warren of Elkhorn, Phillip and Dean Seefus of Scotia, three grandchildren, Mrs. Betty Jean Johns of Long Beach, Calif., Bill Warren of Elkhorn and P. J. Seefus of Scotia, one great grandson, Robert Johns of Long Beach, Calif.

Out of town relatives attending the funeral services were Mrs. D. W. Bell of Lincoln, Mr. and Mrs. Stanley Jackson, Mr. and Mrs. Walter Koehler of Omaha, Mrs. Mary Bredthauer and Mrs. Lena Stobbe of Grand Island, Mr. and Mrs. Robt. Warren and son, Bill of Elkhorn.

80th Birthday
Mrs. Nancy Foreman has spent over 60 years of her life in the Scotia community. A dinner was held Sunday in her honor, at the home of her son, Bert and Mrs. Mallery.

Mrs. Foreman was born in Missouri and came with her parents to Nebraska when she was six months old. She has three children living, Mrs. Eugie Bremer, Bert Mallery of Scotia and Mrs. Ino Shadle of Hemingford, and five grandchildren. She makes her home with her son-in-law and daughter, Mr. and Mrs. Roy Bremner.

Those attending the dinner were Mrs. Earl Conway and two sons of Elba, Mr. and Mrs. Roy Bremner, Bonnie and Harold besides the hosts, Mr. and Mrs. Mallery.

Ed Gnaster Had Mystery Eyes in Quiz

Few people guessed that the Mystery Eyes in last week's Quiz, in the advertising series sponsored by Dr. Glen Auble, optometrist, were those of Ed Gnaster, Chevrolet and Buick dealer in Ord. Although he moved here from St. Paul in the thirties, Mr. Gnaster can be classified as a long-time resident. Active in civic affairs, he has been president of the Cosmopolitan Club, an officer of the Ord chamber of commerce, and is serving on the Ord city council.

Tractors, Farm Equipment Must Have Lights

Patrolman Otto Zapp of the Nebraska Highway Patrol, reminded farmers this week that tractors and farm equipment operating on the public highway after sunset must be equipped with 2 headlights and a red tail light. "Now that cornicking season is here, there has been an inclination to disregard this law," Zapp said. "But it must be enforced, or we'll have more highway accidents that could have been avoided."

Gothenburg Coming Friday; Final Home Game

The Ord Chanticleers will play their final home game of the 1951 football season Friday night when Gothenburg visits Ord. The Swedes, always potent, have had an up-and-down season and appear to be evenly matched with the Chantles so an excellent game should result. Coach Moore's boys will close the season against Columbus there on November 7.

Bike Helps Catch Thug

Seeing an armed holdup man dash from a restaurant, Edward Gardner, a 17-year-old New York high school student, followed him on his bicycle. When the gunman hid under a car, Gardner flashed a passing police patrol with his bike light and the policemen picked up the thug with a loaded revolver in his hat.

Pheasant Opening Was 'Big Business' for Hotel, Cafes and Rooming Houses

Opening week end of the 45-day open season on pheasants proved to be "big business" for the Ord hotel, cafes, rooming houses, filling stations and other Ord service establishments, as hundreds of hunters converged on Ord to take their toll of the valued sporting birds.

A. J. Carroll, hotel manager, filled his rooms early and was putting up cots in the hall to serve the overflow, after first directing transients to all available rooms in private homes that he had listed.

Cafes opened early to serve the horde of hungry hunters but they underestimated the demand, and service at breakfast time was very slow, causing many pilgrims to be late in getting into the fields.

Hunting was uniformly good, although many departed without filling their 5-bird limits. Large groups fared the best, says Vern Andersen, whose filling station was open Sunday and who took pains to inquire of each group as to what luck they were having. Young birds were lying tight and had to be kicked out, while older birds were flushing far ahead of the guns. Groups with good retrieving dogs also fared well. Cover was extremely heavy at the opening but now that pickers are getting into the field to knock down the tall corn it should be easier to get the pheasants up within range and to find them after they are downed.

There are plenty of birds, every one agrees. A surprisingly large number of grouse and prairie chickens were seen all over the county, also, which bodes well for eventually having an open season on these birds.

Congratulatory to Dr. Leonard

Dr. Elizabeth Leonard, whose new book, "Call of the Western Prairies" will soon be read by her friends, has received congratulations on the forthcoming book from Governor Peterson. Inquiries and advance orders are coming in from many sources, a gentleman from New York has asked where he might get this book of pioneer Nebraska. He had lived in Custer and had experienced some hardships of the early settlers.

A letter from the publishers informs the author that the book has been sent to the compositors

and the galley proofs should be ready very soon. The art department is designing an attractive and appropriate jacket for the book.

Ed Michalek Visits

Ed Michalek, former Ord man who now lives in Scottsbluff, came to Ord Friday and hunted pheasants several days. He is training a new black Labrador retriever and wanted to give the dog experience on pheasants, there being no open season in Scotts Bluffs county. Ed says that his wife is well and that their son, Dick, now married and in the air corps, is stationed at Nellis Field, near Las Vegas, Nev.

Congregation Moves to Ord from Mira Valley

Lutheran Hour Pastor to Speak in Afternoon.

(Continued from page 1)

committee included George Bremer, Henry Lange, Walter Fuss, Henry Rachuy, Walter Fuss, Ernest Lange and William Bremer. St. John's Lutheran church was organized in 1889. On December 27 of that year, ten men were present to sign the new constitution. John Bremer, sr.; Ferdinand Vergin; Carl Schmidt; Albert Malotte; Louis Miller; Henry Brienne; Karl Kupke; Ben Schwartz, John Claussen and Andreas Nass. Rev. A. Groerich of the Fish Creek congregation served as supply pastor.

The congregation worshipped in a public school building in early life, but in 1900 acquired a five acre tract of ground and build a parsonage. Two years later a church was built.

In 1925, the church property was moved to its present location in Mira Valley. Shortly after this, under the leadership of Pastor G. Boehnke, the church started missionary work in Burwell, which resulted in the founding of St. John's congregation of Burwell.

The Ladies' Aid of the church was organized in April, 1921. Present membership is 22, and officers are: Mrs. Lorea Hornickie, president; Miss Mary Rachuy, vice-president; Mrs. Eldon Lange, secretary and Mrs. William Bremer, treasurer.

In 1931, a group of the congregation's young people organized a Walther League, which meets weekly. A vocational school, was started in 1933. Sunday school officers include Ervin Sohrweid, Supt.; Mrs. Herbert Bredthauer, Mrs. Ervin Sohrweid, Mrs. Henry Lange, Miss Maxine Fuss and Mrs. Lorea Hornickie. The congregation has 110 members, 83 communicant members and 21 voting members.

Walnut Wildcats Too Much for Chants and Win, 43 to 24

Sherm Smith Runs for 3 Ord Touchdowns; Too Many G. I. Reserves.

Walnut Jr. High of Grand Island was too heavy for the Ord Jr. Chants, both in weight and manpower, and won 43 to 24 over the Ord junior high team Wednesday at the Ord field.

At that, Ord made them earn the victory, scoring first and outplaying the rugged Islanders throughout the first period, which ended 6 to 0. At the half Grand Island led 18 to 6 and at close of the third period were ahead 39 to 18. Shermit Smith led the attack for Ord, scoring three touchdowns while Strong contributed the fourth. Darrell Pinkston, for Grand Island, matched Smith's scoring record with Lee, Smith, Trueblood and Nelson each getting one. Ord made no extra point conversions and Walnut only one, on a line plunge.

It was the final game of the season for the Chicks and also their only loss of the year.

High School Band Has Busy Vacation

The Ord high school band, under the direction of William Nelson, spent Thursday, Oct. 25, and Saturday, Oct. 27, on band tours, while the rest of the Ord students were vacationing during teachers' conference. Thursday was spent in Holdrege where the band participated in a parade given in honor of the United States Marine Band. Saturday was spent in Hastings where the Ord band took part in the "Melody Roundup" which was part of the annual home-coming celebration.

Thursday's highlight was the concert given by the Marine Band. It was held in the Holdrege City Auditorium after the parade.

Saturday morning 28 bands from the Hastings area held a two hour rehearsal of music arranged by David Bennett, outstanding national leader in the field of band music. Mr. Bennett worked directly with the mass band.

The highlight of the day was the mass concert at 7:30 p. m. on the Hastings college football field prior to the Doane-Hastings homecoming grid tilt.

Jonson Lieut.-Colonel

Edwin L. Jonson of Ord, has gone back into the army with rank of lieutenant-colonel and is now stationed at the American military government in Stuttgart, Germany, where he formerly served in a civilian capacity. Lt.-Col. Jonson and family hope to visit in the United States next summer.

Omaha Hunting Party

From Omaha to hunt pheasants over the weekend came Dick Moore, proprietor, Clyde Tryon, Inc., a type-setting firm; Larry Moyer, manager of Miller Cooper Ink Co.; John Novak, executive with Interstate Printing Co.; and Harold Donlan, plant superintendent, Western Printing Co. They stayed at the hotel and hunted with their friends, Gene Leggett and Ed Apking.

3 Ord Students in Uni Production

Three Ord students at University of Nebraska have parts in "Othello," the Shakespeare play being presented by University Players at the downtown Nebraska theater in Lincoln on Wednesday and Thursday of this week. The three are Kenneth Clement, who has a prominent role, Frank Adamek and Dennis Knopik, who have smaller parts.

A number of Ord relatives and friends of the three will go to Lincoln to see the production and even more will attend it in Hastings Friday evening, when the University Players go on tour.

Ravenna Victim of Ord Chants, 13-6

Crosley and Sowers Lead Assault, Penas Best on Defense.

The Ord Chanticleers notched another victory Friday evening by downing a tough Ravenna crew, 13 to 6, in a Trans-Nebraska conference game played on the Ravenna field.

Leland "PeaWee" Crosley put the Chants out in front early in the first quarter when Ord, after taking a weak Ravenna punt, put on a sustained drive which took them to the Ravenna 5, from which point Crosley plunged across for six points. He also drove for the extra point and Ord led, 7 to 0.

In the same period Mike Pesek caught a pass for Ravenna and ran to the Ord 2-foot line, from which point Keaschall plunged for a touchdown, making the score 7 to 6. Ravenna's plunge for the extra point was stopped.

The Chants made their 1-point lead stand up until midway of the third period when they put on another long march. Walt Sowers going across for the score and making it a 13-6 count. A pass for the extra point was grounded.

Ord held Ravenna for the rest of the game but could not score again themselves. Paul Penas' defensive play was outstanding throughout, while Crosley and Sowers led Ord's offense.

While Ord was busy at Ravenna, the Broken Bow Indians beat Loup City decisively 41 to 0 to capture the North division championship in the Trans-Nebraska league for a second straight season. Some time between Nov. 12 and 19 they will play Minden, South division winner. In previous games these teams battled in the mud for a 7 to 7 tie, so the final championship game should be a great battle. Broken Bow lost to Crete last season, and previous year Ord, Northern winner, lost to Superior, so the South division now holds a 2 to 0 edge in games.

Mrs. McGrew Back from Eastern Trip

Mrs. C. C. McGrew returned Sunday from a trip to Cambridge Springs, Pa., where she visited relatives. She says: "Mr. and Mrs. Ord Twombly took time out to see that Mr. and Mrs. Clayton Arnold and daughter, Marlow, Mr. and Mrs. George Simmons of Leavenworth, Ore. and myself were entertained. A few of the trips they took us on were a trip to Niagara Falls, also to see the pleasant hatchery near Cambridge Springs where pens and coops cover acres and acres. I inquired of an attendant just how many birds there were, he said 30,000.

"Another visit of interest was to see Lake Erie, when it was on a rampage. When those great waves would dash against the wall and across the highway it looked just like a Nebraska blizzard.

"A very pleasant evening was spent in the beautiful home of Mr. and Mrs. Dean Twombly, where we were served a genuine banquet and watched television. Another evening was enjoyed in the home of Mr. and Mrs. Joe Swarzel in Meadville, Pa. Mrs. Swarzel is the former Flavia Twombly.

"We were taken one afternoon to the farm home of the Swarzels where they spend many happy hours working and enjoying the scenery.

"Another day we were shown the cabin in the hunting grounds of the beautiful timber where Joe and his pals cook and rest in hunting season. The cabin is equipped with every convenience.

"Mrs. McGrew stopped in Chillicothe, Ill., on the return trip to visit old friends. Also visited a brother, Mrs. James Arnold near Glassford. Several hours were spent in Brimfield, Ill., where she attended school in 1883-81-85. She found four remaining school friends which made her very happy.

Mrs. McGrew was taken to Pennsylvania by Mr. and Mrs. Twombly, where she spent four weeks. Later the same people took her as far back as Chillicothe and then to Glassford, Ill. Mr. and Mrs. Clayton Arnold picked her up last Saturday morning and brought her to Ord.

Nephew Injured in Korean Fighting

Mrs. E. B. Weekes received a letter from her sister, Mrs. K. Hunsen which told of the injury received by Mrs. Weekes' nephew, Gordon Hansen, who is in the service in Korea. The young man's companion who was near to him, was cleaning his gun when it went off. The owner's hand was shot off and the shot went into the Hansen boy's eye and ruined his sight completely. The Hansen home is in Hyannis.

Auto Wrecked, Driver Slightly Injured

How an automobile could roll over three times and be as badly wrecked as this one yet let the driver escape with only a broken thumb and a lacerated ear, puzzles Otto Zapp, state highway patrolman, shown inspecting the car.

Don Miller, son of Mrs. Elsie Miller of Scotia, was the driver and the accident happened at 1:00 p.m. Sunday, at the west edge of Scotia. Miller, driving east into town at a high rate of speed, tried to pass a car that had pulled into the highway from the north and was in the line of traffic. Instead he lost control of the car, it began to slide and then turned over three times, coming to rest on the north edge of the highway, headed west. Don Simpson, a passenger in the car, escaped with only bruises.

Court charges may be filed at Greeley against the driver.

Called Here by Father's Funeral

The children of the late Walter Paddock who were called to North Loup and Ord by his death and funeral last Tuesday were Owen and family, Paxton; Lloyd, Brule; John, S. T. C. U. S. Wisconsin; Clyde, Hugo, Colo.; Mrs. Harold Moran and son, Peoria, Ill.; Edward, who was in Ord at the time of his father's death, and was the one who found him at the time of the stroke from which Mr. Paddock never recovered. One son, Frank, who lives in San Francisco, Calif., was unable to attend as was the only surviving member of Mr. Paddock's family, his brother, Earnest, who lives in Los Angeles, Calif.

School Children at Court House

The students of Dist. No. 2, taught by Miss Beverly Brox, were shown through the courthouse on Wednesday morning, under the direction of County Superintendent Fred Appelget. The children, nine in number, had also visited the dentist, in cooperation with the dental survey being made in the county.

Dental Survey

The rural teachers began bringing members of their schools to the various dentists in Ord, Monday morning. The children were given splendid examinations as to

their teeth with no expense to them. Different groups came in the mornings and in the afternoon. Supt. Appelget is of the opinion that the examinations will be followed up with the proper fillings and extractions. The surveys are being made through the cooperation of the extension clubs.

Moving to New Home

Dr. and Mrs. F. L. Blessing are planning to move next week to their new home on O street, on which the finishing interior work is being done this week. The office rooms in the east wing are not yet completed and it will be several weeks before Dr. Blessing moves from the Masonic building.

Last Day for Licenses

On Wednesday morning, Oct. 31, the last day to renew drivers' licenses, it was found that 3650 licenses had been renewed. It was expected that at least 50 more would be taken out that day, bringing the total up to those issued last year. Hereafter, would be drivers must take examinations to get licenses.

Hy-Line Chicks and Hill Fairchild Feed Meeting

Remember our Hy-Line and Hill Fairchild Meeting Thursday, Nov. 1 at 7:30 p.m., at the Masonic Temple basement. You are invited to attend this informative meeting. We are assured that both Mr. Hill and Mr. Fairchild will be with us and give short talks on Hy-Line Chicks and Livestock feeding. We will have a film that will show the plan of producing Hy-Line Chicks. There will be a number of nice gifts given away at this meeting and there will be doughnuts and coffee for all. We want you to be our guests. This would be a very good time to place your order for your Hy-Lines for next year.

Protein Feeds

We have one of the lightest situations of Proteins that we have had for some time. Most of the proteins are near the ceiling price and not much chance of a lower price for some time. We can book your requirements now for delivery in 60 days and you may be assured of delivery at that time. If you are interested in cattle or hog pellets in bulk at a very nice saving we would be glad to place you a price delivered to your bin. Heavy Molasses Feeds are a very good buy at present prices.

Tulip Bulbs

We have a few Tulip Bulbs left and this is a good time to get them and get them planted. These bulbs are Breeder Bulbs direct from Holland. Also have about half dozen Peonie plants left. This is a good time to plant Peonies.
